The appropriations in this section are subject to the following conditions and limitations:

(1) Within amounts appropriated in this section, the department shall provide to the department of health, where available, the following data for all nutrition assistance programs funded by the United States department of agriculture and administered by the department. The department must provide the report for the preceding federal fiscal year by February 1, 2024, and February 1, 2025. The report must provide:

(a) The number of people in Washington who are eligible for the program;

(b) The number of people in Washington who participated in the program;

(c) The average annual participation rate in the program;

(d) Participation rates by geographic distribution; and

(e) The annual federal funding of the program in Washington.

(2) \$5,000 of the general fund—state appropriation for fiscal year 2024, \$22,000 of the general fund—state appropriation for fiscal year 2025, and \$14,000 of the general fund—federal appropriation are provided solely for the implementation of an agreement reached between the governor and the Washington federation of state employees for the language access providers under the provisions of chapter 41.56 RCW for the 2023-2025 fiscal biennium as provided in section 907 of this act.

(3) \$85,000 of the general fund—state appropriation for fiscal year 2024 and \$85,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to support the joint legislative and executive committee on behavioral health established in section 133 of this act.

(4) \$115,000 of the general fund—state appropriation for fiscal year 2024, \$111,000 of the general fund—state appropriation for fiscal year 2025, and \$64,000 of the general fund—federal appropriation are provided solely for implementation of Second Substitute House Bill No. 1745 (diversity in clinical trials).

(5) \$100,000 of the general fund—state appropriation for fiscal year 2024, \$96,000 of the general fund—state appropriation for fiscal year 2025, and \$149,000 of the general fund—federal appropriation are provided solely for implementation of Senate Bill No. 5497 (medicaid expenditures).

(6) \$231,000 of the general fund—state appropriation for fiscal year 2024 and \$65,000 of the general fund—federal appropriation are provided solely for implementation of Substitute Senate Bill No. 5304 (language access/testing).

(7)(a) \$4,876,000 of the general fund—state appropriation for fiscal year 2025 and \$2,961,000 of the general fund—federal appropriation are provided solely for the system for integrated leave, attendance, and scheduling (SILAS) project and is subject to the conditions, limitations, and review requirements of section 701 of this act. Funding is provided solely for continued project expansion at the:

(i) Yakima Valley school;

(ii) Maple Lane campus;

(iii) Brockmann campus;

(iv) Rainier school; and

(v) Fircrest school.

(b) By July 1, 2024, the department must submit a report to the appropriate committees of the legislature to include, at least, the implementation schedule and budget plans by facility deployment for each of the facilities listed in (a) of this subsection.

(c) By June 30, 2025, the department must submit a report to the appropriate committees of the legislature to include, but not be limited to, how funding was spent compared to the spending plan and the actual roll out by facility compared to the implementation schedule for each facility that the SILAS solution was planned and/or implemented at in the prior 12 calendar months.

(8) \$100,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the research and data analysis division of the department to analyze historical trends of admissions for felony civil conversion cases based on behavioral health administrative service organization regions. The research and data analysis division must create a report that provides information on the monthly averages for admission by region and any information about trends or cycles, and shall make a recommendation about how best to predict and model future admissions for this population by region. The report must be submitted to the governor, office of financial management, and appropriate committees of the legislature no later than November 1, 2024.

(9) \$2,000,000 of the climate commitment account—state appropriation is provided solely for the department to pilot a statewide network of community assemblies fully centered on overburdened communities as defined in RCW 70A.02.010. The department must select topics for community assemblies that fall within its authority or must consult and coordinate with the agency who has authority on the proposed topic before selection. These assemblies will elevate community expertise and solutions to budget and policy makers on sustainable investments to create a more climate resilient Washington. If Initiative Measure No.

2117 is approved in the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection.

(10) \$20,000 of the general fund—state appropriation for fiscal year 2024 and \$70,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the research and data analysis division of the department to conduct a study of the costs to expand apple health categorically needy coverage for SSI-related individuals who meet the criteria in WAC 182-512-0050. The study shall provide the cost of expanding medicaid services to individuals at the following percentages of the federal poverty level: 75 percent, 80 percent, 85 percent, 90 percent, 95 percent, and 100 percent. The study should also provide the cost of eliminating the state asset limits at each of these income increments. The study must be submitted to the appropriate committees of the legislature by December 1, 2024.

(11)(a) \$250,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department to complete a gap analysis of the existing housing and health care system and provide a report to the legislature detailing its findings. This report shall include, but not be limited to, a review of existing models related to individuals experiencing:

(i) Housing instability who have significant medical and/or behavioral health needs, including the inability to stay in or return to their current housing;

(ii) Homelessness and/or a significant history of being unhoused, including permanent supportive housing residents; and

(iii) Significant health-related social needs that are not severe enough to qualify for placement in existing facilities, but are too significant to be met in a shelter or permanent supportive housing.

(b) The gap analysis shall also include a review of:

(i) Hospitals with patients that have resolved the acute hospital-level needs of the patient, but cannot discharge patients to the community because there is no appropriate lower level of care available; and

(ii) Permanent supportive housing and shelter providers with residents whose medical needs exceed the location's ability to provide care.

(c) The department shall provide recommendations to fill the gaps identified in (a) and (b) of this subsection, which may include creation of complex care locations and enhanced behavioral health supports until an individual qualifies for either a higher or lower level of care.

(d) This report must be submitted to the appropriate committees of the legislature by December 1, 2024.

Sec. 1209. 2024 c 376 s 209 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—PAYMENTS TO OTHER AGENCIES PROGRAM

General Fund—State Appropriation (FY 2024).....	\$66,435,000
General Fund—State Appropriation (FY 2025)	(\$85,489,000)
	<u>\$82,847,000</u>
General Fund—Federal Appropriation	(\$62,969,000)
	<u>\$62,706,000</u>
TOTAL APPROPRIATION.....	(\$214,893,000)
	<u>\$211,988,000</u>

The appropriations in this section are subject to the following conditions and limitations: Within the amounts appropriated in this section, the department must extend master property insurance to all buildings owned by the department valued over \$250,000 and to all locations leased by the department with contents valued over \$250,000.

Sec. 1210. 2024 c 376 s 210 (uncodified) is amended to read as follows:

FOR THE STATE HEALTH CARE AUTHORITY

(1)(a) During the 2023-2025 fiscal biennium, the health care authority shall provide support and data as required by the office of the state actuary in providing the legislature with health care actuarial analysis, including providing any information in the possession of the health care authority or available to the health care authority through contracts with providers, plans, insurers, consultants, or any other entities contracting with the health care authority.

(b) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the health care authority are subject to technical oversight by the office of the chief information officer.

(2) The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority, the health benefit exchange, the department of social and health services, the department of health, the department of corrections, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that projects are planned for in a manner that ensures the efficient use of state resources, supports the adoption of a cohesive technology and data architecture, and maximizes federal financial participation. The work of the coalition and any project identified as a coalition project is subject to the conditions, limitations, and review provided in section 701 of this act.

(b) The health care authority must submit a report on November 1, 2023, and annually thereafter, to the fiscal committees of the legislature. The report must include, at a minimum:

(i) A list of active coalition projects as of July 1st of the fiscal year. This must include all current and ongoing coalition projects, which coalition agencies are involved in these projects, and the funding being expended on each project, including in-kind funding. For each project, the report must include which federal requirements each coalition project is working to satisfy, and when each project is anticipated to satisfy those requirements; and

(ii) A list of coalition projects that are planned in the current and following fiscal year. This must include which coalition agencies are involved in these projects, including the anticipated in-kind funding by agency, and if a budget request will be

2025 REGULAR SESSION

submitted for funding. This must reflect all funding required by fiscal year and by fund source and include the budget outlook period.

(4) The appropriations to the health care authority in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, ~~((2024))~~ 2025, unless prohibited by this act, the authority may transfer general fund—state appropriations for fiscal year ~~((2024))~~ 2025 among programs after approval by the director of the office of financial management. To the extent that appropriations in this section are insufficient to fund actual expenditures in excess of caseload forecast and utilization assumptions, the authority may transfer general fund—state appropriations for fiscal year ~~((2024))~~ 2025 that are provided solely for a specified purpose. The authority may not transfer funds, and the director of the office of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification must include a narrative explanation and justification of changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications and transfers.

				<u>\$26,748,454,000</u>
The appropriations in this section are subject to the following				

conditions and limitations:

(1) The authority shall submit an application to the centers for medicare and medicaid services to renew the 1115 demonstration waiver for an additional five years as described in subsections (2), (3), and (4) of this section. The authority may not accept or expend any federal funds received under an 1115 demonstration waiver except as described in this section unless the legislature has appropriated the federal funding. To ensure compliance with legislative requirements and terms and conditions of the waiver, the authority shall implement the renewal of the 1115 demonstration waiver and reporting requirements with oversight from the office of financial management. The legislature finds that appropriate management of the renewal of the 1115 demonstration waiver as set forth in subsections (2), (3), and (4) of this section requires sound, consistent, timely, and transparent oversight and analytic review in addition to lack of redundancy with other established measures. The patient must be considered first and foremost in the implementation and execution of the demonstration waiver. To accomplish these goals, the authority shall develop consistent performance measures that focus on population health and health outcomes. The authority shall limit the number of projects that accountable communities of health may participate in under initiative 1 to a maximum of six and shall seek to develop common performance measures when possible. The joint select committee on health care oversight will evaluate the measures chosen: (a) For effectiveness and appropriateness; and (b) to provide patients and health care providers with significant input into the implementation of the demonstration waiver to promote improved population health and patient health outcomes. In cooperation with the department of social and health services, the authority shall consult with and provide notification of work on applications for federal waivers, including details on waiver duration, financial implications, and potential future impacts on the state budget to the joint select committee on health care oversight prior to submitting these waivers for federal approval. Prior to final approval or acceptance of funds by the authority, the authority shall submit the special terms and conditions as submitted to the centers for medicare and medicaid services and the anticipated budget for the duration of the renewed waiver to the governor, the joint select committee on health care, and the fiscal committees of the legislature. By federal standard any programs created or funded by this waiver do not create an entitlement. The demonstration period for the waiver as described in subsections (2), (3), and (4) of this section begins July 1, 2023.

(2)(a) ~~((342,398,000))~~ \$394,249,000 of the general fund—federal appropriation and ~~((213,592,000))~~ \$195,181,000 of the general fund—local appropriation are provided solely for accountable communities of health described in initiative 1 of the 1115 demonstration waiver and this is the maximum amount that may be expended for this purpose. In renewing this initiative, the authority shall consider local input regarding community needs and shall limit total local projects to no more than six. To provide transparency to the appropriate fiscal committees of the legislature, the authority shall provide fiscal staff of the legislature query ability into any database of the fiscal intermediary that authority staff would be authorized to access. The authority shall not supplement the amounts provided in this subsection with any general fund—state moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section. The director shall report to the fiscal committees of the legislature all expenditures under this subsection and provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(b) ~~((467,787,000))~~ \$420,677,000 of the general fund—

federal appropriation and (~~(\$191,068,000))~~ \$171,826,000 of the general fund—private/local appropriation are provided solely for the medicaid quality improvement program and this is the maximum amount that may be expended for this purpose. Medicaid quality improvement program payments do not count against the 1115 demonstration waiver spending limits and are excluded from the waiver's budget neutrality calculation. The authority may provide medicaid quality improvement program payments to apple health managed care organizations and their partnering providers as they meet designated milestones. Partnering providers and apple health managed care organizations must work together to achieve medicaid quality improvement program goals according to the performance period timelines and reporting deadlines as set forth by the authority. The authority may only use the medicaid quality improvement program to support initiatives 1, 2, and 3 as described in the 1115 demonstration waiver and may not pursue its use for other purposes. Any programs created or funded by the medicaid quality improvement program do not constitute an entitlement for clients or providers. The authority shall not supplement the amounts provided in this subsection with any general fund—state, general fund—federal, or general fund—local moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section. The director shall report to the joint select committee on health care oversight not less than quarterly on financial and health outcomes. The director shall report to the fiscal committees of the legislature all expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(c) In collaboration with the accountable communities of health, the authority will submit a report to the governor and the joint select committee on health care oversight describing how each of the accountable community of health's work aligns with the community needs assessment no later than December 1, 2023.

(d) Performance measures and payments for accountable communities of health shall reflect accountability measures that demonstrate progress toward transparent, measurable, and meaningful goals that have an impact on improved population health and improved health outcomes, including a path to financial sustainability. While these goals may have variation to account for unique community demographics, measures should be standardized when possible.

(3) (~~(\$87,665,000))~~ \$63,677,000 of the general fund—federal appropriation and (~~(\$87,666,000))~~ \$63,684,000 of the general fund—local appropriation are provided solely for long-term support services as described in initiative 2 of the 1115 demonstration waiver as well as administrative expenses for initiative 3 and this is the maximum amount that may be expended for this purpose. The authority shall contract with and provide funding to the department of social and health services to administer initiative 2. The director in cooperation with the secretary of the department of social and health services shall report to the office of financial management all of the expenditures of this section and shall provide such fiscal data in the time, manner, and form requested. The authority shall not supplement the amounts provided in this subsection with any general fund—state moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section.

(4)(a) (~~(\$46,450,000))~~ \$61,782,000 of the general fund—federal appropriation and (~~(\$21,432,000))~~ \$28,451,000 of the general fund—local appropriation are provided solely for supported housing and employment services described in initiative 3a and 3b of the 1115 demonstration waiver and this is the maximum amount that may be expended for this purpose.

Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the department or its third-party administrator. The authority and the department, in consultation with the medical assistance expenditure forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not supplement the amounts provided in this subsection with any general fund—state moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section. The director shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(b) (~~(\$28,156,000))~~ \$32,309,000 of the general fund—federal appropriation and (~~(\$22,067,000))~~ \$23,969,000 of the general fund—local appropriation are provided solely for additional housing supports described in the 1115 demonstration waiver and this is the maximum amount that may be expended for this purpose. The authority shall not supplement the amounts provided in this subsection with any general fund—state moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section. The director shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(c) The director shall report to the joint select committee on health care oversight no less than quarterly on utilization and caseload statistics for both supportive housing and employment services and its progress toward increasing uptake and availability for these services.

(5) \$1,432,000 of the general fund—state appropriation for fiscal year 2024 and (~~(\$3,008,000))~~ \$250,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for supported employment services and \$1,478,000 of the general fund—state appropriation for fiscal year 2024 and (~~(\$3,162,000))~~ \$750,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for supported housing services, similar to the services described in initiatives 3a and 3b of the 1115 demonstration waiver to individuals who are ineligible for medicaid. Under these initiatives, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the authority or its third-party administrator. Before authorizing services, eligibility for initiative 3a or 3b of the 1115 demonstration waiver must first be determined.

(6) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(7) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(8) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(9) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(10) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(11) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(12) \$4,261,000 of the general fund—state appropriation for fiscal year 2024, \$4,261,000 of the general fund—state appropriation for fiscal year 2025, and \$8,522,000 of the general fund—federal appropriation are provided solely for low-income disproportionate share hospital payments.

(13) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(14) \$7,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(15) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2023-2025 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2023, and by November 1, 2024, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and

legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2024 and fiscal year 2025, hospitals in the program shall be paid and shall retain 100 percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and 100 percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. For the purpose of determining the amount of any state grant under this subsection, payments will include the federal portion of medicaid program supplemental payments received by the hospitals. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2023-2025 biennial operating appropriations act and in effect on July 1, 2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2019-2021 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within 11 months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested.

(16) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide ongoing support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(17) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

(18) The authority shall submit reports to the governor and the legislature by September 15, 2023, and no later than September 15, 2024, that delineate the number of individuals in medicaid managed care, by carrier, age, gender, and eligibility category,

receiving preventative services and vaccinations. The reports should include baseline and benchmark information from the previous two fiscal years and should be inclusive of, but not limited to, services recommended under the United States preventative services task force, advisory committee on immunization practices, early and periodic screening, diagnostic, and treatment (EPSDT) guidelines, and other relevant preventative and vaccination medicaid guidelines and requirements.

(19) Managed care contracts must incorporate accountability measures that monitor patient health and improved health outcomes, and shall include an expectation that each patient receive a wellness examination that documents the baseline health status and allows for monitoring of health improvements and outcome measures.

(20) Sufficient amounts are appropriated in this section for the authority to provide an adult dental benefit.

(21) The health care authority shall coordinate with the department of social and health services to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(22) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The health care authority shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for medical assistance benefits.

(23) \$90,000 of the general fund—state appropriation for fiscal year 2024, \$90,000 of the general fund—state appropriation for fiscal year 2025, and \$180,000 of the general fund—federal appropriation are provided solely to continue operation by a nonprofit organization of a toll-free hotline that assists families to learn about and enroll in the apple health for kids program.

(24) Within the amounts appropriated in this section, the authority shall reimburse for primary care services provided by naturopathic physicians.

(25) Within the amounts appropriated in this section, the authority shall continue to provide coverage for pregnant teens that qualify under existing pregnancy medical programs, but whose eligibility for pregnancy related services would otherwise end due to the application of the new modified adjusted gross income eligibility standard.

(26) Sufficient amounts are appropriated in this section to remove the mental health visit limit and to provide the shingles vaccine and screening, brief intervention, and referral to treatment benefits that are available in the medicaid alternative benefit plan in the classic medicaid benefit plan.

(27) The authority shall use revenue appropriated from the dedicated cannabis account for contracts with community health centers under RCW 69.50.540 in lieu of general fund—state payments to community health centers for services provided to medical assistance clients, and it is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

(28) Beginning no later than July 1, 2018, for any service eligible under the medicaid state plan for encounter payments, managed care organizations at the request of a rural health clinic shall pay the full published encounter rate directly to the clinic. At no time will a managed care organization be at risk for or have any right to the supplemental portion of the claim. Payments will be reconciled on at least an annual basis between the managed care organization and the authority, with final review and approval by the authority.

(29) Sufficient amounts are appropriated in this section for the authority to provide a medicaid equivalent adult dental benefit to

clients enrolled in the medical care service program.

(30) During the 2023-2025 fiscal biennium, sufficient amounts are provided in this section for the authority to provide services identical to those services covered by the Washington state family planning waiver program as of August 2018 to individuals who:

(a) Are 19 years of age;

(b) Are at or below 260 percent of the federal poverty level as established in WAC 182-505-0100;

(c) Are not covered by other public or private insurance; and

(d) Need family planning services and are not currently covered by or eligible for another medical assistance program for family planning.

(31)(a) The authority shall ensure that appropriate resources are dedicated to implementing the recommendations of the centers for medicare and medicaid services center for program integrity as provided to the authority in the January 2019 Washington focused program integrity review final report. Additionally, the authority shall:

(i) Work to ensure the efficient operations of the managed care plans, including but not limited to, a deconflicting process for audits with and among the managed care plans and the medicaid fraud division at the attorney general's office, to ensure the authority staff perform central audits of cases that appear across multiple managed care plans, versus the audits performed by the individual managed care plans or the fraud division;

(ii) Remain accountable for operating in an effective and efficient manner, including performing program integrity activities that ensure high value in the medical assistance program in general and in medicaid managed care specifically;

(iii) Work with its contracted actuary and the medical assistance expenditure forecast work group to develop methods and metrics related to managed care program integrity activity that shall be incorporated into annual rate setting; and

(iv) Work with the medical assistance expenditure forecast work group to ensure the results of program integrity activity are incorporated into the rate setting process in a transparent, timely, measurable, quantifiable manner.

(b) \$50,000 of the general fund—state appropriation for fiscal year 2024, \$50,000 of the general fund—state appropriation for fiscal year 2025, and \$100,000 of the general fund—federal appropriation are provided solely for the authority to consider, as part of its program integrity activities, whether it is providing economical, efficient, and quality prescription drug services through its administrative services model and the quantifiable cost and benefit of this service delivery method. The authority must establish an annual reporting requirement for all covered entities participating in the 340B drug pricing program that receive medicaid funds under this section; and the authority shall provide at an aggregate level, broken down by covered entities defined by 42 U.S.C. §256b(a)(4)(A)-(O), the following minimum information to the governor and fiscal committees of the legislature no later than October 15, 2023:

(i) The cost and benefits of providing these prescription drug benefits through a carved-out fee-for-service benefit, both total cost and net of rebates;

(ii) The cost and benefits of providing these prescription drug benefits through a carved-in managed care benefit, both total cost and net of rebates;

(iii) The cost and benefits of providing these prescription drug benefits through the administrative services model, both total and net of rebates;

(iv) The community benefit attributable to 340B providers as a result of the administrative services or carved-in model as compared to each other and as compared to the carved-out model; and

(v) The federal financial participation provided to the state

2025 REGULAR SESSION

under each of these models.

(c) The authority shall submit a report to the governor and appropriate committees of the legislature by October 1, 2023, that includes, but is not limited to:

(i) Specific, quantified actions that have been taken, to date, related to the recommendations of the centers for medicare and medicaid services center for program integrity as provided to the authority in the January 2019 Washington focused program integrity review final report;

(ii) Specific, quantified information regarding the work done with its contracted actuary and the medical assistance expenditure forecast expenditure work group to develop methods and metrics related to managed care program integrity activity that shall be incorporated into annual rate setting;

(iii) Specific, quantified information regarding the work done with the medical assistance expenditure forecast work group to ensure the results of program integrity activity are incorporated into the rate setting process in a transparent, timely, measurable, quantifiable manner;

(iv) Accounting by fiscal year, medicaid eligibility group, and service beginning with state fiscal year 2020 to include all program integrity recoveries attributable to the authority, including how these recoveries are categorized, to which year they are reported, how these recoveries are applied against legislative savings requirements, and what recoveries are attributable to the office of the attorney general's medicaid fraud control division and how these recoveries are considered when reporting program integrity activity and determining managed care rates; and

(v) Information detailing when the agency acquired a new fraud and abuse detection system and to what extent this system is being utilized.

(32)(a) The authority shall not enter into any future value-based arrangements with federally qualified health centers or rural health clinics prior to receiving approval from the office of financial management and the appropriate committees of the legislature.

(b) The authority shall not modify the reconciliation process with federally qualified health centers or rural health clinics without notification to and the opportunity to comment from the office of financial management.

(c) The authority shall require all managed care organizations to provide information to the authority to account for all payments to rural health clinics and federally qualified health centers to include how payments are made, including any additional payments and whether there is a sub-capitation arrangement or value-based purchasing arrangement.

(d) Beginning with fiscal year 2021 and for each subsequent year thereafter, the authority shall reconcile on an annual basis with rural health clinics and federally qualified health centers.

(e) Beginning with fiscal year 2021 and for each subsequent year thereafter, the authority shall properly accrue for any anticipated reconciliations with rural health clinics and federally qualified health centers during the fiscal year close process following generally accepted accounting practices.

(33) Within the amounts appropriated in this section, the authority is to include allergen control bed and pillow covers as part of the durable medical equipment benefit for children with an asthma diagnosis enrolled in medical assistance programs.

(34) \$23,000 of the general fund—state appropriation for fiscal year 2024, \$324,000 of the general fund—state appropriation for fiscal year 2025, and \$469,000 of the general fund—federal appropriation are provided solely for the reimbursement of services provided by doulas for apple health clients consistent with utilization and uptake assumptions anticipated by the

authority in its report to the legislature on December 1, 2020. The centers for medicare and medicaid services must approve a state plan amendment to reimburse for doula services prior to the implementation of this policy.

(35) Sufficient funds are provided in this section for the authority to extend continuous eligibility for apple health to children ages zero to six with income at or below 215 percent of the federal poverty level. The centers for medicare and medicaid services must approve the 1115 medicaid waiver prior to the implementation of this policy.

(36) Sufficient funds are provided to continue reimbursing dental health aid therapists for services performed in tribal facilities for medicaid clients. The authority must leverage any federal funding that may become available as a result of appeal decisions from the centers for medicare and medicaid services or the United States court of appeals for the ninth circuit.

(37) Within the amounts appropriated in this section, the authority shall implement the requirements of RCW 74.09.830 (postpartum health care) and the American rescue plan act of 2021, P.L. 117-2, in extending health care coverage during the postpartum period. The authority shall make every effort to expedite and complete eligibility determinations for individuals who are likely eligible to receive health care coverage under Title XIX or Title XXI of the federal social security act to ensure the state is receiving maximum federal match. This includes, but is not limited to, working with managed care organizations to provide continuous outreach in various modalities until the individual's eligibility determination is completed. Beginning June 1, 2022, the authority must submit quarterly reports to the caseload forecast work group on the number of individuals who are likely eligible to receive health care coverage under Title XIX or Title XXI of the federal social security act but are waiting for the authority to complete eligibility determination, the number of individuals who were likely eligible but are now receiving health care coverage with the maximum federal match under Title XIX or Title XXI of the federal social security act, and outreach activities including the work with managed care organizations.

(38) \$500,000 of the general fund—state appropriation for fiscal year 2024 and \$500,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the perinatal support warm line to provide peer support, resources, and referrals to new and expectant parents and people in the emotional transition to parenthood experiencing, or at risk of, postpartum depression or other mental health issues.

(39) Sufficient funding is provided to remove the asset test from the medicare savings program review process.

(40) Sufficient funding is provided to eliminate the mid-certification review process for the aged, blind, or disabled and housing and essential needs referral programs.

~~(41) (\$403,000 of the general fund—state appropriation for fiscal year 2025 and \$1,185,000 of the general fund—federal appropriation are provided solely for an adult acupuncture benefit beginning January 1, 2025.~~

~~(42) \$581,000 of the general fund—state appropriation for fiscal year 2025 and \$1,706,000 of the general fund—federal appropriation are provided solely for an adult chiropractic benefit beginning January 1, 2025.~~

~~(43))~~(a) \$4,109,000 of the general fund—state appropriation for fiscal year 2024 and \$4,204,000 of the general fund—state appropriation for fiscal year 2025, and \$1,214,000 of the general fund—federal appropriation are provided solely for the authority to continue the grant program for reimbursement for services to patients up to age 18 provided by community health workers in primary care clinics whose patients are significantly comprised of pediatric patients enrolled in medical assistance under chapter

74.09 RCW until June 30, 2025. Community health workers may receive merit increases within this funding. Community health workers funded under this subsection may provide outreach, informal counseling, and social supports for health-related social needs. Within the amounts provided in this subsection, the authority will provide a final report by June 30, 2025. The report shall include, but not be limited to:

- (i) The quantitative impacts of the grant program;
- (ii) How many community health workers are participating in the grant program;
- (iii) How many clinics these community health workers represent;
- (iv) How many clients are being served;
- (v) Evaluation of any measurable health outcomes identified in the planning period prior to January 2023; and
- (vi) The number of children who received community health worker services between June 1, 2023, and June 30, 2024. For the children who received community health worker services within this period, the authority must compare the following data to children of the same ages and languages receiving coverage through apple health: Well-child visits; mental health services when a need is identified; and emergency department utilization.

(b) To the extent that funds are appropriated, the authority must establish a community health worker benefit under the medical assistance program, as codified at Title XIX of the federal social security act, the state children's health insurance program, as codified at Title XXI of the federal social security act, and any other federal funding sources that are now available or may become available, pursuant to approval from the center for medicare and medicaid services.

((44)) (42) \$1,635,000 of the general fund—state appropriation for fiscal year 2024, \$1,024,000 of the general fund—state appropriation for fiscal year 2025, and \$1,765,000 of the general fund—federal appropriation are provided solely for a technology solution for an authoritative client identifier, or master person index, for state programs within the health and human services coalition to uniformly identify clients across multiple service delivery systems. The coalition will clearly identify all state programs impacted by and all fund sources used in development and implementation of this project. This subsection is subject to the conditions, limitations, and review requirements of section 701 of this act.

((45)) (43)(a) Sufficient amounts are appropriated in this section for the authority to provide coverage for all federal food and drug administration-approved HIV antiviral drugs without prior authorization. This coverage must be provided to apple health clients enrolled in both fee-for-service and managed care programs.

(b) Beginning July 1, 2023, upon initiation or renewal of a contract with the authority to administer a medicaid managed care plan, a managed care health care system shall provide coverage without prior authorization for all federal food and drug administration-approved HIV antiviral drugs.

(c) By December 1, 2023, and December 1, 2024, the authority must submit to the fiscal committees of the legislature the projected and actual expenditures and percentage of medicaid clients who switch to a new drug class without prior authorization as described in (a) and (b) of this subsection.

((46)) (44) The authority shall consider evidence-based recommendations from the Oregon health evidence review commission when making coverage decisions for the treatment of pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections and pediatric acute-onset neuropsychiatric syndrome.

((47)) (45) \$2,120,000 of the general fund—state appropriation for fiscal year 2024, \$2,120,000 of the general

fund—state appropriation for fiscal year 2025, and \$9,012,000 of the general fund—federal appropriation are provided solely to increase advanced life support code A0426 by 64 percent, basic life support base rates for nonemergency ambulance transports code A0428 by 80 percent, and mileage for both nonemergency and emergency ambulance transportation code A0425 by 35 percent, beginning July 1, 2023.

((48)) (46) \$2,047,000 of the general fund—state appropriation for fiscal year 2024, \$3,390,000 of the general fund—state appropriation for fiscal year 2025, and \$5,135,000 of the general fund—federal appropriation are provided solely to increase reimbursement rates by 20 percent for applied behavior analysis codes 0362T and 0373T for individuals with complex behavioral health care needs; and by 15 percent for all other applied behavior analysis codes with the exception of Q3014, beginning January 1, 2024.

((49)) (47) \$280,000 of the general fund—state appropriation for fiscal year 2024 and \$1,992,000 of the general fund—federal appropriation are provided solely for modular replacement costs of the ProviderOne pharmacy point of sale system and are subject to the conditions, limitations, and review provided in section 701 of this act.

((50)) (48) \$709,000 of the general fund—state appropriation for fiscal year 2024, \$1,410,000 of the general fund—state appropriation for fiscal year 2025, and \$4,075,000 of the general fund—federal appropriation are provided solely to maintain and increase access for behavioral health services through increased provider rates. The rate increases are effective January 1, 2024, and must be applied to the following codes for children and adults enrolled in the medicaid program: 90785, 90791, 90832, 90833, 90834, 90836, 90837, 90838, 90845, 90846, 90847, 90849, 90853, 96156, 96158, 96159, 96164, 96165, 96167, 96168, 96170, 96171, H0004, H0023, H0036, and H2015. The authority may use a substitute code in the event that any of the codes identified in this subsection are discontinued and replaced with an updated code covering the same service. Within the amounts provided in this subsection the authority must:

(a) Implement this rate increase in accordance with the process established in RCW 71.24.885 (medicaid rate increases);

(b) Raise the state fee-for-service rates for these codes by up to 7 percent, except that the state medicaid rate may not exceed the published medicare rate or an equivalent relative value unit rate if a published medicare rate is not available;

(c) Require in contracts with managed care organizations that, beginning January 2024, managed care organizations pay no lower than the fee-for-service rate for these codes, and adjust managed care capitation rates accordingly; and

(d) Not duplicate rate increases provided in subsection ((51)) (49) of this section.

((51)) (49) \$1,055,000 of the general fund—state appropriation for fiscal year 2025 and \$2,046,000 of the general fund—federal appropriation are provided solely to maintain and increase access for primary care services for medicaid-enrolled patients through increased provider rates beginning January 1, 2025. Within the amounts provided in this subsection the authority must:

(a) Increase the medical assistance rates for adult primary care services that are reimbursed solely at the existing medical assistance rates on a fee-for-service basis, as well as through managed care plans, by at least 2 percent above medical assistance rates in effect on January 1, 2023;

(b) Increase the medical assistance rates for pediatric primary care services that are reimbursed solely at the existing medical assistance rates on a fee-for-service basis, as well as through managed care plans, by at least 2 percent above medical assistance rates in effect on January 1, 2023;

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

(c) Increase the medical assistance rates for pediatric critical care, neonatal critical care, and neonatal intensive care services that are reimbursed solely at the existing medical assistance rates on a fee-for-service basis, as well as through managed care plans, by at least 2 percent above medical assistance rates in effect on January 1, 2023;

(d) Apply reimbursement rates required under this subsection to payment codes in a manner consistent with the temporary increase in medicaid reimbursement rates under federal rules and guidance in effect on January 1, 2014, implementing the patient protection and affordable care act, except that the authority may not require provider attestations;

(e) Pursue state plan amendments to require medicaid managed care organizations to increase rates under this subsection through adoption of a uniform percentage increase for network providers pursuant to 42 C.F.R. Sec. 438.6(c)(1)(iii)(B), as existing on January 1, 2023; and

(f) Not duplicate rate increases provided in subsection ~~((50))~~ (48) of this section.

~~((52))~~ (50) The authority shall seek a waiver from the federal department of health and human services necessary to implement the requirements of RCW 74.09.670 (medical assistance benefits—incarcerated or committed persons—suspension). Additionally, the authority shall implement its waiver application for prerelease services up to 90 days; and provide the governor and fiscal committees of the legislature estimates of costs for implementation or maintenance of effort requirements of this expansion prior to entering into agreement with the centers for medicare and medicaid services.

(a) \$124,000 of the general fund—state appropriation for fiscal year 2025, \$60,925,000 of the general fund—federal appropriation, and \$60,785,000 of the general fund—private/local appropriation are provided solely for prerelease services including, but not limited to, case management, clinical consultations, medication assisted therapy, community health worker services, 30-day supply of medications, durable medical equipment, medications, laboratory services, and radiology services.

(b) The authority shall coordinate with the department of corrections for prison reentry implementation pursuant to the waiver terms. The authority will coordinate with tribes, other state agencies, and jail administrations as necessary to achieve the terms of the 1115 medicaid transformation waiver. The authority shall use its statutory reentry advisory work group and subgroups as necessary to coordinate with partners to achieve these goals.

~~((53))~~ (51) Within the amounts appropriated in this section the authority in collaboration with UW Medicine shall explore funding options for clinical training programs including, but not limited to, family medical practice, psychiatric residencies, advanced registered nurse practitioners, and other primary care providers. Options should include, but not be limited to, shifting direct medicaid graduate medical education payments or indirect medicaid graduate medical education payments, or both, from rates to a standalone program. The authority in collaboration with UW Medicine shall submit a report outlining its findings to the office of financial management and the fiscal committees of the legislature no later than December 1, 2023.

~~((54))~~ (52) \$143,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for implementation of Second Substitute Senate Bill No. 5263 (psilocybin).

~~((55))~~ (53) \$100,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for implementation of Second Substitute Senate Bill No. 5532 (small rural hospital payment).

~~((56))~~ (54) \$56,000 of the general fund—state appropriation

for fiscal year 2024, \$111,000 of the general fund—state appropriation for fiscal year 2025, and \$166,000 of the general fund—federal appropriation are provided solely for the authority to increase pediatric palliative care rates to the equivalent medicare rates paid for hospice care in effect October 1, 2022, beginning January 1, 2024.

~~((57))~~ (55) \$598,000 of the general fund—state appropriation for fiscal year 2024 and \$591,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for work required of the authority as specified in RCW 41.05.840 (universal health care commission). Of the amounts provided in this subsection:

~~((58))~~ (a) \$216,000 of the general fund—state appropriation for fiscal year 2024 and \$216,000 of the general fund—state appropriation for fiscal year 2025 are for staff dedicated to contract procurement, meeting coordination, legislative reporting, federal application requirements, and administrative support;

~~((59))~~ (b) \$132,000 of the general fund—state appropriation for fiscal year 2024 and \$125,000 of the general fund—state appropriation for fiscal year 2025 are for additional staff dedicated to the work of the finance technical advisory committee; and

~~((60))~~ (c) \$250,000 of the general fund—state appropriation for fiscal year 2024 and \$250,000 of the general fund—state appropriation for fiscal year 2025 are for consultant services, dedicated actuarial support, and economic modeling.

~~((61))~~ (56) \$2,395,000 of the general fund—state appropriation for fiscal year 2024, \$2,395,000 of the general fund—state appropriation for fiscal year 2025, and \$10,178,000 of the general fund—federal appropriation are provided solely to increase air ambulance-fixed wing code A0430 by 189 percent, air ambulance-rotary wing code A0431 by 265 percent, fixed wing air mileage code A0435 by 57 percent, and rotary wing air mileage code A0436 by 68 percent, beginning July 1, 2023.

~~((62))~~ (57) \$37,000 of the general fund—state appropriation for fiscal year 2024, \$73,000 of the general fund—state appropriation for fiscal year 2025, and \$218,000 of the general fund—federal appropriation are provided solely for the authority to increase the allowable number of periodontal treatments to up to four per 12 month period for apple health eligible adults, ages 21 and over, with a current diagnosis of diabetes, beginning January 1, 2024.

~~((63))~~ (58)(a) \$8,000,000 of the general fund—state appropriation for fiscal year 2024 and \$3,960,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for one-time bridge grants to hospitals or birth centers in financial distress or at risk of limiting access to labor and delivery services due to a low-volume of deliveries at the hospital.

(b) To qualify for these grants, a hospital or birth center must:

(i) Be located in Washington and not be part of a system of three or more hospitals;

(ii) Serve individuals enrolled in state and federal medical assistance programs;

(iii) Continue to maintain a medicaid population at similar utilization levels as the most current complete calendar year data;

(iv) Be necessary for an adequate provider network for the medicaid program;

(v) Demonstrate a plan for long-term financial sustainability; and

(vi) Meet one of the following criteria:

(A) Lack adequate cash-on-hand to remain financially solvent;

(B) Have experienced financial losses during the most current complete calendar year data;

(C) Be at risk of bankruptcy;

 - (ii) Had fewer than 150 acute care licensed beds in fiscal year 2011;
 - (iii) Has a level III adult trauma service designation from the department of health as of January 1, 2014; and
 - (iv) Is owned and operated by the state or a political subdivision.
- (e) Of the amounts provided in this subsection for fiscal year 2025, \$1,000,000 must be distributed to birth centers that meet the qualification in (b)(vi)(D) of this subsection. Facilities receiving funding under this subsection (58)(e) shall provide the authority with a documented plan for how the funds will be invested in labor and delivery services and an accounting at the end of the fiscal year for how the funds were expended.
- (f) Of the amounts provided in this subsection for fiscal year 2025, \$1,600,000 must be distributed in grant amounts not to exceed \$200,000 per hospital to a hospital that:
 - (i) Has had fewer than 200 births funded by medicaid in the hospital's labor and delivery unit in the previous calendar year according to health care authority records; and
 - (ii) Is located in a municipality with a population of less than 50,000.
- ~~((61))~~ (59)(a) Sufficient funds are provided in this section for an outpatient directed payment program.
- (b) The authority shall:
 - (i) Maintain the program to support the state's access and other quality of care goals and to not increase general fund—state expenditures;
 - (ii) Seek approval from the centers for medicare and medicaid services to expand the medicaid outpatient directed payment program for hospital outpatient services provided to medicaid program managed care recipients by UW Medicine hospitals and, at their option, UW Medicine affiliated hospitals;
 - (iii) Direct managed care organizations to make payments to eligible providers at levels required to ensure enrollees have timely access to critical high-quality care as allowed under 42 C.F.R. 438.6(c); and
 - (iv) Increase medicaid payments for hospital outpatient services provided by UW Medicine hospitals and, at their option, UW Medicine affiliated hospitals to the average payment received from commercial payers.
- (c) Any incremental costs incurred by the authority in the development, implementation, and maintenance of this program shall be the responsibility of the participating hospitals.
- (d) Participating hospitals shall retain the full amount of payments provided under this program.
- ~~((62))~~ (60)(a) No more than \$200,661,000 of the general fund—federal appropriation and no more than \$91,430,000 of the general fund—local appropriation may be expended for an inpatient directed payment program.
- (b) The authority shall:
 - (i) Design the program to support the state's access and other quality of care goals and to not increase general fund—state expenditures;
 - (ii) Seek approval from the centers for medicare and medicaid

services to create a medicaid inpatient directed payment program for hospital inpatient services provided to medicaid program managed care recipients by UW Medicine hospitals and, at their option, UW Medicine affiliated hospitals;

(iii) Upon approval, direct managed care organizations to make payments to eligible providers at levels required to ensure enrollees have timely access to critical high-quality care as allowed under 42 C.F.R. 438.6(c); and

(iv) Increase medicaid payments for hospital inpatient services provided by UW Medicine and, at their option, UW Medicine affiliated hospitals to the average payment received from commercial payers.

(c) Any incremental costs incurred by the authority in the development, implementation, and maintenance of this program shall be the responsibility of the participating hospitals.

(d) Participating hospitals shall retain the full amount of payments provided under this program.

(e) Participating hospitals will provide the local funds to fund the required nonfederal contribution.

(f) This program shall be effective as soon as administratively possible.

~~((63))~~ (61) Within the amounts appropriated in this section, the authority shall maintain and increase access for family planning services for patients seeking services through department of health sexual and reproductive health program family planning providers based on the rates in effect as of July 1, 2022.

~~((64))~~ (62)(a) \$5,063,000 of the general fund—state appropriation for fiscal year 2024, \$17,227,000 of the general fund—state appropriation for fiscal year 2025, and \$259,000 of the general fund—federal appropriation are provided solely for the authority to implement a pilot program for difficult to discharge individuals as described in section 133(11) of this act.

(b) The authority shall work in collaboration with the contractor and task force identified in section 133(11) of this act to carry out the goals and objectives of the pilot program, including but not limited to:

(i) Providing enhanced care management and wraparound services that shall be provided by or delegated by managed care pilot participants, based on services currently provided by the Harborview medical center program;

(ii) Providing incentive payments to participating post acute care providers;

(iii) Developing home and community services assessment timeliness requirements for pilot participants in cooperation with the department of social and health services; and

(iv) Providing reimbursement for administrative support through Harborview medical center for the duration of the pilot project, including training and education to support pilot participants.

(c) Of the amounts provided in this subsection, \$44,000 of the general fund—state appropriation for fiscal year 2024, \$42,000 of the general fund—state appropriation for fiscal year 2025, and \$259,000 of the general fund—federal appropriation are provided solely for the authority to provide staff support to the difficult to discharge task force described in section 133(11) of this act, including any associated ad hoc subgroups.

~~((65))~~ (63)(a) Within the amounts ~~((appropriated in this section))~~ provided in this subsection the authority, in consultation with the health and human services enterprise coalition, community-based organizations, health plans, accountable communities of health, and safety net providers, shall determine the cost and implementation impacts of a statewide community information exchange (CIE). A CIE platform must serve as a tool for addressing the social determinants of health, defined as nonclinical community and social factors such as housing, food

security, transportation, financial strain, and interpersonal safety, that affect health, functioning, and quality-of-life outcomes.

(b) Prior to issuing a request for proposals or beginning this project, the authority must work with stakeholders in (a) of this subsection to determine which platforms already exist within the Washington public and private health care system to determine interoperability needs and fiscal impacts to both the state and impacted providers and organizations that will be using a single statewide community information exchange platform.

(c) The authority shall provide the office of financial management and fiscal committees of the legislature a proposal to leverage medicaid enterprise financing or other federal funds prior to beginning this project and shall not expend funds under a 1115 waiver or any other waiver without legislative authorization.

(d) ~~(((\$4,817,000))~~ \$298,000 of the general fund—federal appropriation and ~~(((\$4,817,000))~~ \$298,000 of the general fund—private/local appropriation are provided solely for the authority to implement the community information exchange program. The technology solution chosen by the health care authority should be capable of interoperating with other state funded systems in Washington and should be able to electronically refer individuals to services using a closed-loop referral process. Funding for the community information exchange program is subject to the conditions, limitations, and review requirements of section 701 of this act.

~~(((\$66))~~ (64) \$252,000 of the general fund—state appropriation for fiscal year 2024 and \$252,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for staff dedicated to data review, analysis, and management, and policy analysis in support of the health care cost transparency board as described in chapter 70.390 RCW.

~~(((\$67))~~ (65) \$76,000 of the general fund—state appropriation for fiscal year 2024, \$76,000 of the general fund—state appropriation for fiscal year 2025, \$152,000 of the general fund—federal appropriation, and \$606,000 of the telebehavioral health access account—state appropriation are provided solely for additional staff support for the mental health referral service for children and teens.

~~(((\$68))~~ (66) \$1,608,000 of the general fund—state appropriation for fiscal year 2024, \$2,015,000 of the general fund—state appropriation for fiscal year 2025, and \$3,681,000 of the general fund—federal appropriation are provided solely for a rate increase for the health homes program for fee-for-service enrollees, beginning July 1, 2023.

~~(((\$69))~~ (67) \$295,000 of the general fund—state appropriation for fiscal year 2024, \$307,000 of the general fund—state appropriation for fiscal year 2025, and \$123,000 of the general fund—federal appropriation are provided solely for the first approach skills training program through the partnership access line.

~~(((\$70))~~ (68)(a) \$362,000 of the general fund—state appropriation for fiscal year 2024, \$482,000 of the general fund—state appropriation for fiscal year 2025, and \$895,000 of the general fund—federal appropriation are provided solely for implementation of Engrossed Second Substitute House Bill No. 1357 (prior authorization) and the center for medicare and medicaid services' interoperability and prior authorization final rule (CMS-0057-F).

(b) The authority, in collaboration with managed care organizations, must provide a report to the office of financial management and the fiscal committees of the legislature no later than December 1, 2023, outlining any challenges experienced by carriers in hiring sufficient numbers and types of staff to comply with the prior authorization response times required by Engrossed Second Substitute House Bill No. 1357 (prior authorization).

~~(((\$71))~~ (69) \$9,369,000 of the general fund—state appropriation for fiscal year 2025 and \$22,611,000 of the general fund—federal appropriation are provided solely for an increase in medicaid reimbursement rates for professional services, beginning July 1, 2024, as follows:

(a) Service categories including diagnostics, intense outpatient, opioid treatment programs, emergency room, inpatient and outpatient surgery, inpatient visits, low-level behavioral health, office administered drugs, and other physician services are increased up to 50 percent of medicare rates.

(b) Service categories including office and home visits and consults are increased up to 65 percent of medicare rates.

(c) Service categories including maternity services are increased up to 100 percent of medicare rates.

~~(((\$72) \$11,624,000))~~ (70) \$2,476,000 of the statewide 988 behavioral health crisis response line account—state appropriation and ~~(((\$1,151,000))~~ \$2,419,000 of the general fund—federal appropriation are provided solely for the planning phase of the 988 technology platform implementation project as described in RCW 71.24.890 (5) and (6). These amounts are subject to the conditions, limitations, and review requirements provided in section 701 of this act and any requirements as established in Senate Bill No. 6308 (extending timelines for implementation of the 988 system). The authority must actively collaborate with consolidated technology services and the department of health so that the statewide 988 technology solutions will be coordinated and interoperable.

~~(((\$73))~~ (71) \$969,000 of the general fund—state appropriation for fiscal year 2024, \$1,938,000 of the general fund—state appropriation for fiscal year 2025, and \$3,024,000 of the general fund—federal appropriation are provided solely for the authority, beginning January 1, 2024, to increase the children's dental rate for procedure code D1120 by at least 40 percent above the medical assistance fee-for-service rate in effect on January 1, 2023.

~~(((\$74))~~ (72) \$300,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for a grant to the nonprofit foundation managing the Washington patient safety coalition to support the communication and resolution programs certification program to improve outcomes for patients by providing in-depth feedback to health care organizations.

~~(((\$75))~~ (73) \$250,000 of the general fund—state appropriation for fiscal year 2024 and \$250,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to continue a public-private partnership with a state-based oral health foundation to connect medicaid patients to dental services and reduce barriers to accessing care. The authority shall submit a progress report to the appropriate committees of the legislature by June 30, 2024.

~~(((\$76))~~ (74) \$103,000 of the general fund—state appropriation for fiscal year 2024, \$205,000 of the general fund—state appropriation for fiscal year 2025, and \$442,000 of the general fund—federal appropriation are provided solely to increase birth center facility fee reimbursement to \$2,500 and home birth kit reimbursement to \$500 for providers approved by the authority within the planned home births and births in birth centers program.

~~(((\$77))~~ (75) \$90,000 of the general fund—state appropriation for fiscal year 2024, \$45,000 of the general fund—state appropriation for fiscal year 2025, and \$133,000 of the general fund—federal appropriation are provided solely for implementation of Substitute House Bill No. 1435 (home care safety net assess.).

~~(((\$78))~~ (76) \$194,000 of the general fund—state appropriation for fiscal year 2024, ~~(((\$1,724,000))~~ \$120,000 of the general

fund—state appropriation for fiscal year 2025 and ~~((\$1,918,000))~~ \$314,000 of the general fund—federal appropriation are provided solely for the authority in coordination with the department of social and health services to develop and implement a Katie Beckett 1115 demonstration waiver. The authority shall limit enrollment to 1,000 clients during the waiver period. Based upon the experience developed during the waiver period, the authority shall make recommendations to the legislature for a future tax equity and fiscal responsibility act state plan option.

~~((77))~~ (77) \$1,089,000 of the general fund—state appropriation for fiscal year 2024, \$2,231,000 of the general fund—state appropriation for fiscal year 2025, and \$2,657,000 of the general fund—federal appropriation are provided solely for kidney dialysis services for medicaid-enrolled patients through increased reimbursement rates beginning January 1, 2024. Within the amounts provided in this subsection, the authority must increase the medical assistance rates for revenue code 0821 billed with procedure code 90999 and revenue codes 0831, 0841, and 0851, when reimbursed on a fee-for-service basis or through managed care plans, by at least 30 percent above the fee-for-service composite rates in effect on January 1, 2023.

~~((80))~~ (78) \$1,360,000 of the general fund—state appropriation for fiscal year 2024 and \$3,252,000 of the general fund—federal appropriation are provided solely to increase the rates paid to rural hospitals that meet the criteria in (a) through (d) of this subsection. Payments for state and federal medical assistance programs for services provided by such a hospital, regardless of the beneficiary's managed care enrollment status, must be increased to 150 percent of the hospital's fee-for-service rates. The authority must discontinue this rate increase after June 30, 2024, and return to the payment levels and methodology for these hospitals that were in place as of January 1, 2018. Hospitals participating in the certified public expenditures program may not receive increased reimbursement for inpatient services. Hospitals qualifying for this rate increase must:

(a) Be certified by the centers for medicare and medicaid services as sole community hospitals as of January 1, 2014;

(b) Have had less than 150 acute care licensed beds in fiscal year 2011;

(c) Have a level III adult trauma service designation from the department of health as of January 1, 2014; and

(d) Be owned and operated by the state or a political subdivision.

~~((81))~~ (79) \$55,000 of the general fund—state appropriation for fiscal year 2024 and \$110,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to contract with a medicaid managed care organization for continuous coverage beginning January 1, 2024, for individuals under age 26 that were enrolled in the unaccompanied refugee minor program as authorized by the office of refugee and immigrant assistance. There are no residency, social security number, or citizenship requirements to receive the continuous coverage as described in this subsection.

~~((82))~~ (80)(a) \$221,000 of the general fund—state appropriation for fiscal year 2024 and ~~((\$71,037,000))~~ \$64,622,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority, beginning July 1, 2024, to implement a program with coverage comparable to the amount, duration, and scope of care provided in the categorically needy medicaid program for adult individuals who:

(i) Have an immigration status making them ineligible for federal medicaid or federal subsidies through the health benefit exchange;

(ii) Are age 19 and older, including over age 65, and have countable income of up to 138 percent of the federal poverty level; and

(iii) Are not eligible for another full scope federally funded medical assistance program, including any expansion of medicaid coverage for deferred action for childhood arrivals recipients.

(b) Within the amounts provided in this subsection, the authority shall use the same eligibility, enrollment, redetermination and renewal, and appeals procedures as categorically needy medicaid, except where flexibility is necessary to maintain privacy or minimize burden to applicants or enrollees.

(c) The authority in collaboration with the health benefit exchange, the department of social and health services, and community organizations must develop and implement an outreach and education campaign.

(d) The authority must provide the following information to the governor's office and appropriate committees of the legislature by February 1st and November 1st of each year:

(i) Actual and forecasted expenditures;

(ii) Actual and forecasted data from the caseload forecast council; and

(iii) The availability and impact of any federal program or proposed rule that expands access to health care for the population described in this subsection, such as the expansion of medicaid coverage for deferred action for childhood arrivals recipients.

(e) The amount provided in this subsection is the maximum amount allowable for the purposes of this program.

~~((83))~~ (81)(a) \$604,000 of the general fund—state appropriation for fiscal year 2024, \$2,528,000 of the general fund—state appropriation for fiscal year 2025, and \$3,132,000 of the general fund—federal appropriation are provided solely for the authority to increase the eligibility threshold for the qualified medicare beneficiary program to up to 110 percent of the federal poverty level.

(b) The authority shall seek to maximize the availability of the qualified individual program through the centers for medicare and medicaid services.

(c) The authority may adopt any rules necessary to administer this subsection. Nothing in this subsection limits the authority's existing rule-making authority related to medicare savings programs.

~~((84))~~ (82) \$361,000 of the general fund—state appropriation for fiscal year 2024, \$766,000 of the general fund—state appropriation for fiscal year 2025, and \$2,093,000 of the general fund—federal appropriation are provided solely for the costs of, and pursuant to the conditions prescribed for, implementing the rate increase directed in section 215(44) for children for whom base funding for community behavioral health services is provided within this section.

~~((85))~~ (83)(a) \$1,301,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the health care cost transparency board and the implementation of Second Engrossed Substitute House Bill No. 1508 (health care cost board).

(b) Of the amounts provided in this subsection, \$100,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the health care cost transparency board, in conjunction with the health care authority, to study:

(i) Regulatory approaches to encouraging compliance with the health care cost growth benchmark established under chapter 70.390 RCW; and

(ii) Best practices from other states regarding the infrastructure of state health care cost growth programs, including the scope, financing, staffing, and agency structure of such programs.

(c) The board may conduct all or part of the study through the authority, by contract with a private entity, or by arrangement with another state agency conducting related work.

(d) The study, as well as any recommendations for changes to

the health care cost transparency board arising from the study, must be submitted by the board as part of the annual report required under RCW 70.390.070, no later than December 1, 2024.

~~((86))~~ (84) The authority must enter into an interagency agreement with consolidated technology services for the federal funding authority for the electronic health records statewide solution given the authority is the single state agency responsible for reporting to the federal government on the application for and use of the federal funding.

~~((87))~~ (85) Within the amounts appropriated in this section, the authority shall make administrative and system changes in anticipation of receiving federal authority to provide continuous eligibility for children ages zero to six covered through the apple health children's health insurance program. The centers for medicare and medicaid services must approve the section 1115 medicaid waiver prior to the implementation of this policy.

~~((88))~~ (86)(a) No more than \$42,809,000 of the general fund—federal appropriation and no more than \$13,314,000 of the general fund—local appropriation may be expended for a medicaid managed care multidisciplinary graduate medical education direct payment program.

(b) Participating hospitals are:

(i) University of Washington medical center, a state-owned and operated teaching hospital; and

(ii) Harborview medical center, a state-operated teaching hospital.

(c) The authority shall:

(i) Design the program to support the state's access and other quality of care goals and to not increase general fund—state expenditures;

(ii) Seek approval from the centers for medicare and medicaid services to create a medicaid managed care direct payment program for hospital multidisciplinary graduate medical education program for state-owned and state-operated teaching hospitals;

(iii) Reimburse participating hospitals for the medicaid managed care program's share of the unfunded costs incurred in providing graduate medical education training; and

(iv) Make payments directly to participating hospitals.

(d) Participating hospitals shall continue to be paid for inpatient and outpatient services provided to fee-for-service clients according to fee-for-service policies and rates, including payments under the certified public expenditure program.

(e) Payments shall be additional and separate from any graduate medical education funding included in managed care capitation payments.

(f) The authority shall calculate the medicaid managed care graduate medical education direct payments using cost and utilization data from the participating hospital's most recently filed medicare cost report to identify the participating hospital's total graduate medical education cost.

(g) Total allowable graduate medical education costs shall be calculated using medicare methodologies and must:

(i) Exclude medicare full-time equivalent and per resident amount limits;

(ii) Include indirect medical education costs related to both outpatient and inpatient services; and

(iii) Include other reimbursable training costs incurred by participating hospitals.

(h) The authority shall:

(i) Use ProviderOne as the primary source for fee-for-service and managed care claims and encounter data;

(ii) Calculate the medicaid managed care program's share of the total allowable graduate medical education cost as the participating hospital's total allowable graduate medical

education cost, as derived from the medicare cost report, times the total managed care charges divided by total medicaid fee-for-service charges plus managed care charges, as derived from ProviderOne data;

(iii) Reduce the medicaid managed care graduate medical education direct payments by the fee-for-service equivalent graduate medical education payment included in managed care organization payments by applying the fee-for-service APR-DRG and EAPG conversion factors and rate adjustments applicable to the same year as the medicare cost report used to calculate allowable graduate medical education costs; and

(iv) Calculate the medicaid managed care graduate medical education direct payments as graduate medical education allowable cost less fee-for-service equivalent graduate medical education payment for managed care services.

(i) Medicaid managed care graduate medical education direct payments must be calculated prior to the beginning of the payment year.

(j) Medicaid managed care graduate medical education direct payments must be made quarterly.

(k) Any incremental costs incurred by the authority in the development, implementation, and maintenance of this program shall be the responsibility of the participating hospitals up to an amount not to exceed \$150,000 per year.

(l) Participating hospitals shall retain the full amount of payments provided under this program.

(m) Payments received by hospitals and nonhospital participants in this program shall be in addition to all other payments received and shall not be used to supplant payments received through other programs.

(n) Participating hospitals shall provide the local funds to fund the required nonfederal contribution through intergovernmental transfer.

(o) The authority shall amend its current interagency agreement for funding and administration of similar programs to include the medicaid managed care graduate medical education direct payment program.

(p) This program shall be effective as soon as administratively possible.

~~((89))~~ (87)(a) \$69,957,000 of the general fund—state appropriation for fiscal year 2024, \$111,234,000 of the general fund—state appropriation for fiscal year 2025, and \$290,634,000 of the general fund—federal appropriation are provided solely for apple health managed care medical assistance. The authority must not change its risk sharing requirements without first providing notice to the governor and fiscal committees of the legislature detailing anticipated and potential fiscal impacts, unless required by the centers for medicare and medicaid services.

(b) The authority must conduct annual retrospective rate acuity analyses to ensure that managed care rates have been set using practicable acuity assumptions. Adjustments must be made as appropriate.

(c) For managed care plan year 2024 only, the authority must conduct a midyear acuity review to ensure that managed care rates for plan year 2024 were set using appropriate acuity assumptions and make any adjustments as appropriate reflective of the unique challenges of eligibility redeterminations and posteligibility review after the end of the public health emergency.

(d) The authority must provide information about any potential changes to rates or acuity assumptions to the medicaid expenditure forecast work group at the same time or before providing this information to managed care organizations.

(e) The authority may update managed care contracts as practicable.

(f) The authority must review national best practices for risk

sharing to determine if its contracting methods should be updated. If the authority, in consultation with its contracted actuary, determines it is appropriate to update any risk sharing agreements with managed care organizations, it must share its findings with the governor and fiscal committees of the legislature detailing anticipated and potential fiscal impacts prior to implementing these changes.

~~((90))~~ (88)(a) \$100,000 of the general fund—state appropriation for fiscal year 2025 and \$100,000 of the general fund—federal appropriation are provided solely for the authority to contract with an external organization for participatory and equity-focused engagement with doulas and doula partners across the state of Washington. This organization must work in collaboration with community partners who advance equitable access to improve perinatal outcomes and care through holistic services for multiracial communities.

(b) The external organization will be responsible for:

(i) Creating a design and implementation plan for a statewide doula hub and referral system; and

(ii) Drafting a report, in partnership with the authority, summarizing the design and implementation plan, outlining ongoing funding required to support the doula workforce and clients accessing doula services through apple health, and providing any recommendations for both the doula hub and referral system.

(c) The report will include, but not be limited to, prioritized recommendations on how to:

(i) Provide statewide professional and workforce development support for birth doulas;

(ii) Increase statewide access to doula services for apple health birthing people;

(iii) Assist doulas with department of health credentialing requirements;

(iv) Assist doulas with the medicaid provider enrollment process, including, but not limited to, support with:

(A) Provider enrollment with the authority;

(B) Contracting with medicaid managed care organizations;

(C) Provider billing and claims submission processes;

(D) Provider payment requirements; and

(E) Eligibility support within ProviderOne; and

(v) Establish communications with birthing people, families, birth workers, and healthcare providers who are seeking to connect with state-certified and medicaid-enrolled birth doulas through a statewide directory or referral system.

(d) The report required in (c) of this subsection is due to the governor and appropriate committees of the legislature no later than June 30, 2025.

~~((91) \$2,548,000)~~ (89) \$1,208,000 of the general fund—state appropriation for fiscal year 2025 and ~~((2,964,000))~~ \$821,000 of the general fund—federal appropriation are provided solely for implementation of Second Engrossed Second Substitute Senate Bill No. 5580 (maternal health outcomes). ~~((If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse.))~~

~~((92))~~ (90)(a) \$7,000,000 of the family medicine workforce development account—state appropriation and \$12,834,000 of the general fund—federal appropriation are provided solely for the authority, in collaboration with the family medicine residency network and UW medicine, to establish a medicaid direct payment program to supplement family medicine provider graduate medical education funding in Washington state.

(b) The medicaid family medicine graduate medical education direct payment program shall:

(i) Support graduate medical education training;

(ii) Improve access to quality healthcare services;

(iii) Improve the state's ability to ensure that medicaid graduate

medical education funding supports the state's workforce development goals; and

(iv) Focus on improving underserved populations' and regions' access to health care.

(c) The medicaid family medicine graduate medical education direct payment program participants shall include teaching sites that pay resident full-time equivalent costs that are eligible for federal financial participation.

(d) The authority must seek any necessary state plan amendments or waivers from the centers for medicare and medicaid services that are necessary to implement this program and receive federal financial participation at the earliest possible date, but no later than January 1, 2025.

(e) Any incremental costs incurred by the authority in the development, implementation, and maintenance of this program shall be the responsibility of the medicaid family medicine graduate medical education direct payment program up to an amount not to exceed \$100,000 per year.

(f) The family medicine family education advisory board created in RCW 70.112.080 will have administrative oversight, including the amount and methodologies used to distribute funds deposited within the family medicine workforce development account, subject to the conditions described in this subsection ~~((92))~~ (90).

(g) Of the amounts provided in this section, \$150,000 of the family medicine workforce development account—state appropriation is provided for consultant assistance, including program design and a payment model to estimate the effect of family medicine family education advisory board allocation decisions on all family medicine residency network participants.

(h) Annual allocations from the family medicine workforce development account—state appropriation will be determined by the family medicine family education advisory board.

(i) Participants in the medicaid family medicine graduate medical education direct payment program shall retain the full amount of payments provided under this program.

(j) Payments received by participants in the medicaid family medicine graduate medical education direct payment program shall be in addition to all other payments received and shall not be used to supplant payments received through other programs.

~~((93))~~ (91)(a) \$481,000 of the general fund—state appropriation for fiscal year 2025 and \$489,000 of the general fund—federal appropriation are provided solely for the authority to conduct internal assessment of indirect costs and staff attrition trends to inform administrative needs. The assessment shall include, but not be limited to:

(i) Reconciliation of full time equivalent positions as provided by the legislature for fiscal year 2024, agency financial reporting system allotments, and vacancies as of June 30, 2024;

(ii) A comparison of current needs in relation to current vacancies;

(iii) An analysis of costs and benefits of reallocating positions, as appropriate, to meet immediate staffing needs, especially if positions have remained historically, or long-term vacant; and

(iv) A detailed description of assumptions related to indirect costs used in budget requests to the office of financial management.

(b) The authority shall report its findings to the governor and fiscal committees of the legislature no later than December 31, 2024.

~~((94))~~ (92)(a) \$1,615,000 of the general fund—state appropriation for fiscal year 2025 and \$3,911,000 of the general fund—federal appropriation are provided solely for the authority to increase inpatient per diem rates for inpatient prospective payment system hospitals providing services under the substance using pregnant people program beginning July 1, 2024. Hospitals

2025 REGULAR SESSION

participating in the certified public expenditures program or the sole community hospital program may not receive increased reimbursement under this subsection.

(b) Within the amounts appropriated in this section, the authority will review the rates for the substance using pregnant person program to determine if rebasing is appropriate and what rates would be required to sustain the program at current utilization levels.

(c) If the authority determines that rates require rebasing for this program, the authority will submit a request to the legislature through its normal budget process.

~~((95))~~ (93) \$314,000 of the long-term services and supports trust account—state appropriation is provided solely for implementation of Substitute House Bill No. 2467 (LTSS trust access). ~~((If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.))~~

~~((96))~~ (94) The authority and department of social and health services must collaborate in the identification and evaluation of strategies to obtain federal matching funding opportunities, specifically focusing on innovative medicaid framework adjustments and the consideration of necessary state plan amendments for the treatment facility described in section 203(1)(nn) of this act.

~~((97))~~ (95) \$2,854,000 of the general fund—state appropriation for fiscal year 2025 and \$4,208,000 of the general fund—federal appropriation are provided solely for the authority to increase the nonemergency medical transportation broker administrative rate to ensure access to health care services for medicaid patients.

~~((98))~~ (96)(a) \$266,000 of the general fund—state appropriation for fiscal year 2025 and \$348,000 of the general fund—federal appropriation are provided solely for rate increases, effective January 1, 2025, for private duty nursing, home health, and the medically intensive children's group home program services.

(b) The authority must adopt a payment model that incorporates the following adjustments:

(i) A 7.5 percent rate increase for home health and the medically intensive children's group home program services; and

(ii) Private duty nursing services shall be \$67.89 per hour by a registered nurse and ~~((55.70))~~ \$55.79 per hour by a licensed practical nurse.

~~((99))~~ (97) \$50,000 of the general fund—state appropriation for fiscal year 2025 and \$450,000 of the general fund—federal appropriation are provided solely for the authority to contract for the development of an application programming interface or software to streamline eligibility and provider payments for the foundational community supports program. In developing the software design, the authority must consult with current and prospective foundational community supports providers. A report on the status of implementation and an end-user satisfaction survey shall be submitted to the office of financial management and appropriate committees of the legislature by December 1, 2024.

~~((100))~~ (98) \$300,000 of the general fund—state appropriation for fiscal year 2024 and \$400,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the Bree collaborative to support collaborative learning and targeted technical assistance for quality improvement initiatives.

~~((101))~~ (99) \$500,000 of the general fund—state appropriation for fiscal year 2025 and \$500,000 of the general fund—federal appropriation are provided solely for the authority to contract with access to baby and child dentistry local programs for the purpose of maintaining and expanding capacity for local program coordinators.

~~((102))~~ (100) \$91,000 of the general fund—state appropriation for fiscal year 2025 and \$91,000 of the general fund—federal appropriation are provided solely to increase funding for the existing contract with the University of Washington to support primary care providers that are designated as an autism spectrum disorder (ASD) center of excellence.

~~((103))~~ (101) \$1,750,000 of the general fund—state appropriation for fiscal year 2025 and \$3,250,000 of the general fund—federal appropriation are provided solely for the authority to:

The state match is appropriated to the department of health, see section 1220(130) of this act, and the authority must use the same program index as the department of health and the appropriation index assigned to the authority for this proviso when allotting and recording expenditures. This federal funding must be reflected in the department of health's technology budget, which will show both the federal funding from the authority and the state funding from the department of health.

Sec. 1212. 2024 c 376 s 212 (uncodified) is amended to read as follows:

**FOR THE STATE HEALTH CARE AUTHORITY—
PUBLIC EMPLOYEES' BENEFITS BOARD AND
EMPLOYEE BENEFITS PROGRAM**

State Health Care Authority Administrative Account—

State Appropriation ~~((544,982,000))~~
\$45,334,000

TOTAL APPROPRIATION ~~((544,982,000))~~
\$45,334,000

The appropriation in this section is subject to the following conditions and limitations:

(1) Any savings from reduced claims costs must be reserved for funding employee benefits during future fiscal biennia and may not be used for administrative expenses. The health care authority shall deposit any moneys received on behalf of the uniform medical plan resulting from rebates on prescription drugs, audits of hospitals, subrogation payments, or any other moneys received as a result of prior uniform medical plan claims payments, in the public employees' and retirees' insurance account to be used for insurance benefits.

(2) Any changes to benefits must be approved by the public

employees' benefits board. The board shall not make any changes to benefits without considering a comprehensive analysis of the cost of those changes, and shall not increase benefits unless offsetting cost reductions from other benefit revisions are sufficient to fund the changes. The board shall not make any change in retiree eligibility criteria that reestablishes eligibility for enrollment in retiree benefits.

(3) Except as may be provided in a health care bargaining agreement pursuant to RCW 41.80.020, to provide benefits within the level of funding provided in part IX of this bill, the public employees' benefits board shall require: Employee premium copayments, increases increase in point-of-service cost sharing, the implementation of managed competition, or make other changes to benefits consistent with RCW 41.05.065.

(4) The board shall collect a surcharge payment of not less than \$25 dollars per month from members who use tobacco products, and a surcharge payment of not less than \$50 per month from members who cover a spouse or domestic partner where the spouse or domestic partner has chosen not to enroll in another employer-based group health insurance that has benefits and premiums with an actuarial value of not less than 95 percent of the actuarial value of the public employees' benefits board plan with the largest enrollment. The surcharge payments shall be collected in addition to the member premium payment.

(5) \$78,000 of the health care authority administrative account—state appropriation is provided solely for administrative costs associated with extending retiree coverage under Substitute House Bill No. 1804 (PEBB/subdivision retirees).

(6) \$500,000 of the state health care authority administrative account—state appropriation is provided solely for consultation with retirees, including conducting listening sessions and facilitating public forums to gather feedback about retiree needs. By December 1, 2023, the authority must report to the legislature with its findings, including an analysis of government self-insured plans with benefits that are equal to or richer, and with more affordable premiums, than uniform medical plan classic medicare. The legislature intends that the results of stakeholder engagements will be used to inform future health care plan selections.

(7) During the 2023-2025 fiscal biennium, the health care authority, in consultation with the office of financial management, shall review consolidating the administrative sections of the operating budget for the public employees' and school employees' benefits boards. Any change in budget structure must not result in changes to board or benefit policies. A budget structure change developed under this subsection may be included in the 2024 supplemental or the 2025-2027 biennial governor's budget submittal without being subject to the legislative evaluation and accountability program committee approval under RCW 43.88.030(7).

(8)(a) \$100,000 of the health care authority administrative account—state appropriation is provided solely for a study on consolidating the public employees' benefits board (PEBB) and school employees' benefits board (SEBB) programs. By December 1, 2024, the authority must report to the legislature the necessary statutory and program changes required to achieve consolidation of:

- (i) The public employees' benefits board and school employees' benefits board into a single governing board;
 - (ii) The current risks pools described in RCW 41.05.022 (2) and (3);
 - (iii) The existing eligibility provisions of the PEBB and SEBB programs; and
 - (iv) Benefit offerings into more aligned plans.
- (b) In considering statutory and program changes, the authority must consider:

(i) Ways to engage with impacted participants to understand their priorities related to consolidation;

(ii) Options that maintain benefit eligibility for current participants;

(iii) Options for ensuring equity among participants in a consolidated program; and

(iv) Data and findings from previous reports related to consolidating PEBB and SEBB plans.

(9) By December 1, 2024, the authority shall submit a report to the legislature describing options, and a recommendation, for possible future coverage in the uniform medical plan for food and drug administration approved glucagon-like peptide 1 agonists for the treatment of obesity and weight loss.

Sec. 1213. 2024 c 376 s 213 (uncodified) is amended to read as follows:

**FOR THE STATE HEALTH CARE AUTHORITY—
SCHOOL EMPLOYEES' BENEFITS BOARD**

School Employees' Insurance Administrative Account—
State Appropriation ((~~\$33,739,000~~))
\$33,981,000
TOTAL APPROPRIATION ((~~\$33,739,000~~))
\$33,981,000

The appropriation in this section is subject to the following conditions and limitations:

(1) \$324,000 of the school employees' insurance administrative account—state appropriation is provided solely for implementation of Substitute Senate Bill No. 5275 (SEBB benefit access).

(2) By December 1, 2024, the authority shall submit a report to the legislature describing options, and a recommendation, for possible future coverage in the uniform medical plan for food and drug administration approved glucagon-like peptide 1 agonists for the treatment of obesity and weight loss.

Sec. 1214. 2024 c 376 s 214 (uncodified) is amended to read as follows:

**FOR THE STATE HEALTH CARE AUTHORITY—
HEALTH BENEFIT EXCHANGE**

General Fund—State Appropriation (FY 2024) \$9,671,000
General Fund—State Appropriation (FY 2025) ((~~\$7,156,000~~))
\$7,616,000
General Fund—Federal Appropriation..... ((~~\$67,396,000~~))
\$69,055,000
Education Legacy Trust Account—State Appropriation \$350,000
Health Benefit Exchange Account—State Appropriation ((~~\$83,528,000~~))
\$81,409,000

State Health Care Affordability Account—State
Appropriation \$125,000,000
TOTAL APPROPRIATION \$293,101,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The receipt and use of medicaid funds provided to the health benefit exchange from the health care authority are subject to compliance with state and federal regulations and policies governing the Washington apple health programs, including timely and proper application, eligibility, and enrollment procedures.

(2)(a) By July 15th, October 15th, and January 15th of each year, the authority shall make a payment of 30 percent of the general fund—state appropriation, 30 percent of the health benefit exchange account—state appropriation, and 30 percent of the health care affordability account—state appropriation to the exchange. By April 15th of each year, the authority shall make a payment of 10 percent of the general fund—state appropriation, 10 percent of the health benefit exchange account—state

appropriation, and 10 percent of the health care affordability account—state appropriation to the exchange.

(b) The exchange shall monitor actual to projected revenues and make necessary adjustments in expenditures or carrier assessments to ensure expenditures do not exceed actual revenues.

(c) Payments made from general fund—state appropriation and health benefit exchange account—state appropriation shall be available for expenditure for no longer than the period of the appropriation from which it was made. When the actual cost of materials and services have been fully determined, and in no event later than the lapsing of the appropriation, any unexpended balance of the payment shall be returned to the authority for credit to the fund or account from which it was made, and under no condition shall expenditures exceed actual revenue.

(3) \$1,939,000 of the health benefit exchange account—state appropriation and \$6,189,000 of the general fund—federal appropriation are provided solely for the modernizing healthplanfinder project. These amounts are subject to the conditions, limitations, and review provided in section 701 of this act.

(4)(a) \$115,000,000 of the state health care affordability account—state appropriation is provided solely for the exchange to administer a premium assistance program, beginning for plan year 2023, as established in RCW 43.71.110. An individual is eligible for the premium assistance provided if the individual: (i) Has income up to 250 percent of the federal poverty level; and (ii) meets other eligibility criteria as established in RCW 43.71.110(4)(a).

(b) \$260,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for a study, in consultation with the health care authority and office of the insurance commissioner, of how the exchange's current section 1332 waiver could be amended to generate federal pass-through funding to support the affordability programs established in RCW 43.71.110. The actuarial study must focus on methods that could be most readily leveraged in Washington, considering those being used in other public option programs. Study findings must be reported to the appropriate committees of the legislature by December 1, 2023.

(5) \$10,000,000 of the state health care affordability account—state appropriation is provided solely to provide premium assistance for customers ineligible for federal premium tax credits who meet the eligibility criteria established in subsection (4)(a) of this section, and is contingent upon continued approval of the applicable waiver described in RCW 43.71.120.

(6) \$102,000 of the general fund—state appropriation for fiscal year 2024, \$865,000 of the general fund—federal appropriation, and \$123,000 of the health benefit exchange account—state appropriation are provided solely for a technology solution for an authoritative client identifier, or master person index, in Healthplanfinder to support the health and human services coalition in uniformly identifying clients across multiple state service delivery systems. These amounts are subject to the conditions, limitations, and review requirements of section 701 of this act.

(7) \$200,000 of the general fund—state appropriation for fiscal year 2024 and \$200,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the exchange, in collaboration with the department of social and health services and the home training network as described in RCW 70.128.305, to provide educational resources and trainings to help connect owners and employees of adult family homes to health care coverage.

(8) \$299,000 of the general fund—state appropriation for fiscal year 2024, \$299,000 of the general fund—state appropriation for

fiscal year 2025, and \$202,000 of the general fund—federal appropriation are provided solely for pass-through funding in the annual amount of \$100,000 for each lead navigator organization in the four regions with the highest concentration of citizens of the compact of free association (COFA) to:

(a) Support a staff position within the COFA community to provide enrollment assistance to the COFA community beyond the scope of the current COFA program; and

(b) Support COFA community-led outreach and enrollment activities.

(9)(a) \$300,000 of the health benefit exchange account—state appropriation is provided solely for staff and consultants to complete a study of options and recommendations for the state to ensure continuous health care coverage through qualified health plans for medicaid beneficiaries losing medicaid coverage through Washington Healthplanfinder. In coordination with the health care authority and department of social and health services, the study must include, but not be limited to:

(i) An analysis of transitional solutions used in other states to continue coverage for individuals losing medicaid eligibility;

(ii) In coordination with the department of social and health services' research and data analysis division, an analysis of monthly enrollment rates for persons who are determined no longer eligible for medicaid, including demographic and employment information, and those who enroll in qualified health plans, including demographic and employment information; and

(iii) A feasibility analysis of auto-enrolling clients that lose medicaid eligibility and are eligible for a no-premium qualified health plan through Washington Healthplanfinder.

(b) The study must be submitted to the office of financial management and appropriate committees of the legislature by December 31, 2024.

Sec. 1215. 2024 c 376 s 215 (uncodified) is amended to read as follows:

	<u>\$18,786,000</u>
TOTAL APPROPRIATION	(\$5,564,254,000)
	<u>\$5,516,081,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) For the purposes of this section, "behavioral health entities" means managed care organizations and behavioral health administrative services organizations that reimburse providers for

behavioral health services.

(2) Within the amounts appropriated in this section, funding is provided for implementation of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. In addition to amounts provided solely for implementation of the settlement agreement, class members must have access to supports and services funded throughout this section for which they meet eligibility and medical necessity requirements. The authority must include language in contracts that requires regional behavioral health entities to develop and implement plans for improving access to timely and appropriate treatment for individuals with behavioral health needs and current or prior criminal justice involvement who are eligible for services under these contracts.

(3)(a) \$43,429,000 of the general fund—state appropriation for fiscal year 2024, (~~(\$48,634,000)~~ \$45,404,000) of the general fund—state appropriation for fiscal year 2025, and \$15,538,000 of the general fund—federal appropriation are provided solely to continue the phase-in of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. The authority, in collaboration with the department of social and health services and the criminal justice training commission, must implement the provisions of the settlement agreement pursuant to the timeline and implementation plan provided for under the settlement agreement. This includes implementing provisions related to competency evaluations, competency restoration, crisis diversion and supports, education and training, and workforce development. Within these amounts, sufficient funding is provided to implement Engrossed Second Substitute Senate Bill No. 5440 (competency evaluations).

(b) Of the amounts provided in this subsection, \$5,108,000 of the general fund—state appropriation for fiscal year 2024 and \$6,341,000 of the general fund—state appropriation for fiscal year 2025 are provided for implementation of Engrossed Second Substitute Senate Bill No. 5440 (competency evaluations). Of these amounts, \$186,000 of the general fund—state appropriation for fiscal year 2024 and \$186,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to increase compensation for staff in outpatient competency restoration programs pursuant to Engrossed Second Substitute Senate Bill No. 5440 (competency evaluations).

(c) By December 1, 2024, the authority must provide notification to the office of financial management and the appropriate committees of the legislature of the estimated opening date and operating costs for the Trueblood phase three crisis stabilization center.

(4) \$8,000,000 of the general fund—state appropriation for fiscal year 2024 and \$8,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to continue diversion grant programs funded through contempt fines pursuant to *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. The authority must consult with the plaintiffs and court monitor to determine, within the amounts provided, which of the programs will continue to receive funding through this appropriation. The programs shall use this funding to provide assessments, mental health treatment, substance use disorder treatment, case management, employment, and other social services. By December 1, 2023, the authority, in consultation with the plaintiffs and the court monitor, must submit a report to the office of financial management and the appropriate fiscal committees of the legislature which includes: Identification

of the programs that receive funding through this subsection; a narrative description of each program model; the number of individuals being served by each program on a monthly basis; metrics or outcomes reported as part of the contracts; and recommendations related to further support of these programs in the 2023-2025 fiscal biennium.

(5) \$12,359,000 of the general fund—state appropriation for fiscal year 2024, \$24,187,000 of the general fund—state appropriation for fiscal year 2025, and \$28,598,000 of the general fund—federal appropriation are provided solely for the authority and behavioral health entities to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to behavioral health entities with PACT teams, the authority shall consider the differences between behavioral health entities in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The authority may allow behavioral health entities which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under subsection (7) of this section. The authority and behavioral health entities shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section. Of the amounts provided in this subsection:

(a) \$4,628,000 of the general fund—state appropriation for fiscal year 2025 and \$920,000 of the general fund—federal appropriation are provided solely for two new programs for assertive community treatment teams.

(b) \$6,032,000 of the general fund—state appropriation for fiscal year 2025 and \$2,907,000 of the general fund—federal appropriation are provided solely for current assertive community treatment teams contingent upon a plan submitted to and approved by the authority to increase and maintain average monthly caseloads to no less than 80 percent of the maximum capacity for full and half teams as established in the WA-PACT program standards.

(c) \$669,000 of the general fund—state appropriation for fiscal year 2025 and \$994,000 of the general fund—federal appropriation are provided solely for a rate increase for existing programs for assertive community treatment teams. The rate increase must be implemented to provide the same percentage increase to all providers and the authority must employ mechanisms such as directed payment or other options allowable under federal medicaid law to assure funding provided through managed care organizations must be used to increase rates for their contracted assertive community treatment team providers.

(d) \$399,000 of the general fund—state appropriation for fiscal year 2025 and \$333,000 of the general fund—federal appropriation are provided solely for administrative costs related to assertive community treatment teams including contracted training, technical assistance, and assessment services.

(e) \$100,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the authority to contract for an assessment on the access of young adults to assertive community treatment team services. The study must include identification of: (i) The number and percentage of young adults receiving services through assertive community treatment teams; (ii) barriers and strategies for increasing access to assertive community treatment team services for young adults; and (iii) identification of evidence-based alternative models for providing high intensity wraparound services that may be more appropriate for some young adult populations. The authority must submit a report to the office of financial management and the appropriate committees of the legislature summarizing the findings and

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

recommendations of the study by December 1, 2024.

(6) \$1,668,000 of the general fund—state appropriation for fiscal year 2025 and \$3,280,000 of the general fund—federal appropriation are provided solely for the authority to maintain a pilot project to incorporate peer bridging staff into behavioral health regional teams that provide transitional services to individuals returning to their communities.

(7) \$144,519,000 of the general fund—state appropriation for fiscal year 2024 and \$139,238,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of behavioral health entity spending must be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. These amounts must be distributed to behavioral health entities as follows:

(a) \$108,803,000 of the general fund—state appropriation for fiscal year 2024 and \$124,713,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to contract with behavioral health administrative service organizations for behavioral health treatment services not covered under the medicaid program. Within these amounts, behavioral health administrative service organizations must provide a 15 percent rate increase to providers receiving state funds for nonmedicaid services under this section effective January 1, 2024.

(b) \$35,716,000 of the general fund—state appropriation for fiscal year 2024 and \$14,525,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to contract with medicaid managed care organizations for wraparound services to medicaid enrolled individuals that are not covered under the medicaid program. Within the amounts provided in this subsection:

(i) Medicaid managed care organizations must provide a 15 percent rate increase to providers receiving state funding for nonmedicaid services under this section effective January 1, 2024.

(ii) Pursuant to RCW 41.56.029, during fiscal year 2024, the authority may work with the office of financial management to negotiate a tiered rate structure for behavioral health personal care services for adult family home providers serving medicaid enrollees. An agreement reached with the adult family home council must be submitted to the director of financial management by October 1, 2023, and certified as financially feasible in order to be considered for funding during the 2024 legislative session. Upon completion of bargaining, the authority shall coordinate with the department of social and health services to develop and submit to the centers for medicare and medicaid services an application to provide a 1915(i) state plan home and community-based services benefit. The application shall be developed to allow for the delivery of wraparound supportive behavioral health services for individuals with mental illnesses who also have a personal care need. The 1915(i) state plan shall be developed to standardize coverage and administration, improve the current benefit design, and clarify roles in administration of the behavioral health personal care services benefit.

(8) The authority is authorized to continue to contract directly, rather than through contracts with behavioral health entities for children's long-term inpatient facility services.

(9) \$1,204,000 of the general fund—state appropriation for fiscal year 2024 and ~~(\$1,204,000)~~ \$1,529,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to reimburse Pierce and Spokane counties for the cost of

conducting 180-day commitment hearings at the state psychiatric hospitals.

(10) Behavioral health entities may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, behavioral health entities may use a portion of the state funds allocated in accordance with subsection (7) of this section to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(11) \$2,291,000 of the general fund—state appropriation for fiscal year 2024 and \$2,291,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement. The authority must collect information from the behavioral health entities on their plan for using these funds, the numbers of individuals served, and the types of services provided.

(12) Within the amounts appropriated in this section, funding is provided for the authority to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in *T.R. v. Dreyfus and Porter*.

(13)(a) The authority must establish minimum and maximum funding levels for all reserves allowed under behavioral health administrative service organization contracts and include contract language that clearly states the requirements and limitations. The reserve levels must be informed by the types of risk carried by behavioral health administrative service organizations for mandatory services and also consider reasonable levels of operating reserves. The authority must monitor and ensure that behavioral health administrative service organization reserves do not exceed maximum levels. The authority must monitor revenue and expenditure reports and must require a behavioral health administrative service organization to submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The authority must review and approve such plans and monitor to ensure compliance. If the authority determines that a behavioral health administrative service organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the authority must reduce payments to the entity in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the authority determines that the entity has come into substantial compliance with an approved excess reserve corrective action plan. The authority must submit to the office of financial management and the appropriate committees of the legislature, each December of the biennium, the minimum and maximum reserve levels established in contract for each of the behavioral health administrative service organizations for the prior fiscal year and the actual reserve levels reported at the end of the fiscal year.

(b) In contracts effective during fiscal year 2025, the authority must allow the north sound behavioral health administrative services organization to pilot reserve funding flexibility by allowing the north sound behavioral health administrative services organization to utilize, for other purposes, 30 percent of funding received prior to that contract period currently in reserves and that was received pursuant to a specific legislative proviso.

Funding repurposed under this subsection must be used to support the duties of the administrative services organization under RCW 71.24.045 through programs serving individuals with severe and persistent behavioral health conditions and behavioral health services that promote stability and recovery within their regional service area. Expenditures pursuant to this pilot program may include, but are not limited to, crisis wraparound services, jail transition and diversion services, court costs, and coresponder programs. The authority, in partnership with the north sound behavioral health administrative services organization, must provide a report to the appropriate committees of the legislature by December 31, 2024, describing the impacts of this pilot program to the regional crisis continuum of care. The report must also include information on which specific legislative provisos north sound behavioral health administrative services organization repurposed funding from under this subsection and for what purpose those funds were used.

(14) During the 2023-2025 fiscal biennium, any amounts provided in this section that are used for case management services for pregnant and parenting women must be contracted directly between the authority and pregnant and parenting women case management providers.

(15) \$3,500,000 of the general fund—federal appropriation is provided solely for the continued funding of existing county drug and alcohol use prevention programs.

(16) Within the amounts appropriated in this section, the authority may contract with the University of Washington and community-based providers for the provision of the parent-child assistance program or other specialized chemical dependency case management providers for pregnant, postpartum, and parenting women. For all contractors: (a) Service and other outcome data must be provided to the authority by request; and (b) indirect charges for administering the program must not exceed 10 percent of the total contract amount.

(17) Within the amounts provided in this section, behavioral health entities must provide outpatient chemical dependency treatment for offenders enrolled in the medicaid program who are supervised by the department of corrections pursuant to a term of community supervision. Contracts with behavioral health entities must require that behavioral health entities include in their provider network specialized expertise in the provision of manualized, evidence-based chemical dependency treatment services for offenders. The department of corrections and the authority must develop a memorandum of understanding for department of corrections offenders on active supervision who are medicaid eligible and meet medical necessity for outpatient substance use disorder treatment. The agreement will ensure that treatment services provided are coordinated, do not result in duplication of services, and maintain access and quality of care for the individuals being served. The authority must provide all necessary data, access, and reports to the department of corrections for all department of corrections offenders that receive medicaid paid services.

(18) The criminal justice treatment account—state appropriation is provided solely for treatment and treatment support services for offenders with a substance use disorder pursuant to RCW 71.24.580. The authority must offer counties the option to administer their share of the distributions provided for under RCW 71.24.580(5)(a). If a county is not interested in administering the funds, the authority shall contract with behavioral health entities to administer these funds consistent with the plans approved by local panels pursuant to RCW 71.24.580(5)(b). Funding from the criminal justice treatment account may be used to provide treatment and support services through the conclusion of an individual's treatment plan to individuals participating in a drug court program as of February

24, 2021, if that individual wishes to continue treatment following dismissal of charges they were facing under RCW 69.50.4013(1). Such participation is voluntary and contingent upon substantial compliance with drug court program requirements. The authority must provide a report to the office of financial management and the appropriate committees of the legislature that identifies the distribution of criminal justice treatment account funds by September 30, 2023.

(19)(a) \$11,426,000 of the general fund—state appropriation for fiscal year 2024, \$15,651,000 of the general fund—state appropriation for fiscal year 2025, and \$21,554,000 of the general fund—federal appropriation are provided solely for crisis triage facilities, crisis relief centers, or crisis stabilization units. Services in these facilities may include crisis stabilization and intervention, individual counseling, peer support, medication management, education, and referral assistance. The authority shall monitor each center's effectiveness at lowering the rate of state psychiatric hospital admissions.

(b) Within these amounts, the health care authority shall convene representatives from medicaid managed care organizations, behavioral health administrative organizations, private insurance carriers, self-insured organizations, crisis providers, and the office of the insurance commissioner to assess gaps in the current funding model for crisis and co-response services and recommend options for addressing these gaps including, but not limited to, an alternative funding model for crisis and co-response services. The assessment must consider available data to determine to what extent the costs of crisis and co-response services for clients of private insurance carriers, medicaid managed care organizations, and individuals enrolled in medicaid fee-for-service are being subsidized through state funded behavioral health administrative services organization contracts. The analysis shall examine crisis and co-response services provided by mobile crisis teams and co-response teams as well as facility-based services such as crisis triage and crisis stabilization units. In the development of an alternative funding model, the authority and office of the insurance commissioner must explore mechanisms that: (i) Determine the annual cost of operating crisis and co-response services and collect a proportional share of the program cost from each health insurance carrier; (ii) differentiate between crisis and co-response services eligible for medicaid funding from other nonmedicaid eligible activities; and (iii) simplify administrative complexity of billing for service providers such as the use of a third party administrator. The authority must submit a preliminary report to the office of financial management and the appropriate committees of the legislature by December 1, 2023, and a final report by December 1, 2024. Up to \$300,000 of the general fund—state appropriation for fiscal year 2024, and \$450,000 of the general fund—state appropriation for fiscal year 2025 may be used for the assessment and reporting activities required under this subsection.

(c) Sufficient funding is provided in this subsection to implement Second Substitute Senate Bill No. 5120 (crisis relief centers).

(20) \$9,795,000 of the general fund—state appropriation for fiscal year 2024, \$10,015,000 of the general fund—state appropriation for fiscal year 2025, and \$15,025,000 of the general fund—federal appropriation are provided solely for the operation of secure withdrawal management and stabilization facilities. The authority may not use any of these amounts for services in facilities that are subject to federal funding restrictions that apply to institutions for mental diseases, unless they have received a waiver that allows for full federal participation in these facilities. Within these amounts, funding is provided to increase the fee for service rate for these facilities up to \$650 per day. The authority must require in contracts with behavioral health entities that they

2025 REGULAR SESSION

pay no lower than the fee for service rate. The authority must coordinate with regional behavioral health entities to identify and implement purchasing strategies or regulatory changes that increase access to services for individuals with complex behavioral health needs at secure withdrawal management and stabilization facilities.

(21) \$1,401,000 of the general fund—state appropriation for fiscal year 2024, \$1,401,000 of the general fund—state appropriation for fiscal year 2025, and \$3,210,000 of the general fund—federal appropriation are provided solely for the implementation of intensive behavioral health treatment facilities within the community behavioral health service system pursuant to chapter 324, Laws of 2019 (2SHB 1394).

(22)(a) \$12,878,000 of the dedicated cannabis account—state appropriation for fiscal year 2024 and \$12,878,000 of the dedicated cannabis account—state appropriation for fiscal year 2025 are provided solely for:

(i) A memorandum of understanding with the department of children, youth, and families to provide substance abuse treatment programs;

(ii) A contract with the Washington state institute for public policy to conduct a cost-benefit evaluation of the implementations of chapter 3, Laws of 2013 (Initiative Measure No. 502);

(iii) Designing and administering the Washington state healthy youth survey and the Washington state young adult behavioral health survey;

(iv) Maintaining increased services to pregnant and parenting women provided through the parent child assistance program;

(v) Maintaining increased prevention and treatment service provided by tribes and federally recognized American Indian organization to children and youth;

(vi) Maintaining increased residential treatment services for children and youth;

(vii) Training and technical assistance for the implementation of evidence-based, research based, and promising programs which prevent or reduce substance use disorder;

(viii) Expenditures into the home visiting services account; and

(ix) Grants to community-based programs that provide prevention services or activities to youth.

(b) The authority must allocate the amounts provided in (a) of this subsection amongst the specific activities proportionate to the fiscal year 2021 allocation.

(23)(a) \$1,125,000 of the general fund—state appropriation for fiscal year 2024 and \$1,125,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for Spokane behavioral health entities to implement services to reduce utilization and the census at eastern state hospital. Such services must include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the 16-bed evaluation and treatment facility.

(b) At least annually, the Spokane county behavioral health entities shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(24) \$1,850,000 of the general fund—state appropriation for fiscal year 2024, \$1,850,000 of the general fund—state

appropriation for fiscal year 2025, and \$13,312,000 of the general fund—federal appropriation are provided solely for substance use disorder peer support services included in behavioral health capitation rates in accordance with section 213(5)(ss), chapter 299, Laws of 2018. The authority shall require managed care organizations to provide access to peer support services for individuals with substance use disorders transitioning from emergency departments, inpatient facilities, or receiving treatment as part of hub and spoke networks.

(25) \$1,423,000 of the general fund—state appropriation for fiscal year 2024, \$1,423,000 of the general fund—state appropriation for fiscal year 2025, and \$5,908,000 of the general fund—federal appropriation are provided solely for the authority to continue to implement discharge wraparound services for individuals with complex behavioral health conditions transitioning or being diverted from admission to psychiatric inpatient programs. The authority must coordinate with the department of social and health services in establishing the standards for these programs.

(26) \$500,000 of the general fund—state appropriation for fiscal year 2024, \$500,000 of the general fund—state appropriation for fiscal year 2025, and \$1,000,000 of the general fund—federal appropriation are provided solely for the authority to maintain a memorandum of understanding with the criminal justice training commission to provide funding for community grants pursuant to RCW 36.28A.450.

(27) \$350,000 of the general fund—federal appropriation and \$300,000 of the opioid abatement settlement account—state appropriation are provided solely to contract with a nationally recognized recovery residence organization and to provide technical assistance to operators of recovery residences seeking certification in accordance with chapter 264, Laws of 2019 (2SHB 1528).

(28) \$3,396,000 of the general fund—state appropriation for fiscal year 2024, \$3,396,000 of the general fund—state appropriation for fiscal year 2025, and \$16,200,000 of the general fund—federal appropriation are provided solely for support of and to continue to increase clubhouse programs across the state. The authority shall work with the centers for medicare and medicaid services to review opportunities to include clubhouse services as an optional "in lieu of" service in managed care organization contracts in order to maximize federal participation.

(29) \$708,000 of the general fund—state appropriation for fiscal year 2024, \$708,000 of the general fund—state appropriation for fiscal year 2025, and \$1,598,000 of the general fund—federal appropriation are provided solely for implementing mental health peer respite centers and a pilot project to implement a mental health drop-in center in accordance with chapter 324, Laws of 2019 (2SHB 1394).

(30) \$800,000 of the general fund—state appropriation for fiscal year 2024, \$800,000 of the general fund—state appropriation for fiscal year 2025, and \$1,452,000 of the general fund—federal appropriation are provided solely for the authority to implement strategies related to suicide prevention and treatment.

(31) \$446,000 of the general fund—state appropriation for fiscal year 2024, \$446,000 of the general fund—state appropriation for fiscal year 2025, and \$178,000 of the general fund—federal appropriation are provided solely for the University of Washington's evidence-based practice institute which supports the identification, evaluation, and implementation of evidence-based or promising practices. The institute must work with the authority to develop a plan to seek private, federal, or other grant funding in order to reduce the need for state general funds. The authority must collect information from the institute

on the use of these funds and submit a report to the office of financial management and the appropriate fiscal committees of the legislature by December 1st of each year of the biennium.

(32) As an element of contractual network adequacy requirements and reporting, the authority shall direct managed care organizations to make all reasonable efforts to develop or maintain contracts with provider networks that leverage local, federal, or philanthropic funding to enhance effectiveness of medicaid-funded integrated care services. These networks must promote medicaid clients' access to a system of services that addresses additional social support services and social determinants of health as defined in RCW 43.20.025 in a manner that is integrated with the delivery of behavioral health and medical treatment services.

(33) \$9,000,000 of the criminal justice treatment account—state appropriation is provided solely for the authority to maintain funding for new therapeutic courts created or expanded during fiscal year 2021, or to maintain the fiscal year 2021 expansion of services being provided to an already existing therapeutic court that engages in evidence-based practices, to include medication assisted treatment in jail settings pursuant to RCW 71.24.580. Funding provided under this subsection shall not supplant existing funds utilized for this purpose.

(34) In establishing, re-basing, enhancing, or otherwise updating medicaid rates for behavioral health services, the authority and contracted actuaries shall use a transparent process that provides an opportunity for medicaid managed care organizations, behavioral health administrative service organizations, and behavioral health provider agencies, and their representatives, to review and provide data and feedback on proposed rate changes within their region or regions of service operation. The authority and contracted actuaries shall transparently incorporate the information gained from this process and make adjustments allowable under federal law when appropriate.

(35) The authority shall seek input from representatives of the managed care organizations (MCOs), licensed community behavioral health agencies, and behavioral health administrative service organizations to develop specific metrics related to behavioral health outcomes under integrated managed care. These metrics must include, but are not limited to: (a) Revenues and expenditures for community behavioral health programs, including medicaid and nonmedicaid funding; (b) access to services, service denials, and utilization by state plan modality; (c) claims denials and record of timely payment to providers; (d) client demographics; and (e) social and recovery measures and managed care organization performance measures. The authority must work with managed care organizations and behavioral health administrative service organizations to integrate these metrics into an annual reporting structure designed to evaluate the performance of the behavioral health system in the state over time. The authority must submit a report to the office of financial management and the appropriate committees of the legislature, before December 30th of each year during the fiscal biennium, that details the implemented metrics and relevant performance outcomes for the prior calendar year.

(36) \$4,061,000 of the general fund—state appropriation for fiscal year 2024, \$3,773,000 of the general fund—state appropriation for fiscal year 2025, and \$6,419,000 of the general fund—federal appropriation are provided solely for the authority to maintain pilot programs for intensive outpatient services and partial hospitalization services for certain children and adolescents and, pursuant to chapter 94, Laws of 2022 (2SSB 5736), add coverage for these services into the state medicaid program beginning January 1, 2024.

(a) The authority must establish minimum standards, eligibility

criteria, authorization and utilization review processes, and payment methodologies for the programs in contract.

(b) Eligibility for the pilot sites is limited pursuant to the following:

(i) Children and adolescents discharged from an inpatient hospital treatment program who require the level of services offered by the pilot programs in lieu of continued inpatient treatment;

(ii) Children and adolescents who require the level of services offered by the pilot programs in order to avoid inpatient hospitalization; and

(iii) Services may not be offered if there are less costly alternative community-based services that can effectively meet the needs of an individual referred to the program.

(c) Eligibility for services through the state medicaid program shall be consistent with criteria approved by the centers for medicare and medicaid services pursuant to implementation of chapter 94, Laws of 2022 (2SSB 5736).

(d) The authority must collect data on the program sites and work with the actuaries responsible for establishing managed care rates for medicaid enrollees to develop and submit an annual report to the office of financial management and the appropriate committees of the legislature each December of the fiscal biennium that includes the following information:

(i) A narrative description of the services provided at each program site and identification of any specific gaps the sites were able to fill in the current continuum of care;

(ii) Clinical outcomes and estimated reductions in psychiatric inpatient costs associated with each of the program sites;

(iii) Recommendations for whether the pilot models should be expanded statewide, whether modifications should be made to the models to better address gaps in the continuum identified through the pilot sites, whether the models could be expanded to community behavioral health providers, and whether statewide implementation should be achieved through a state plan amendment or some other mechanism for leveraging federal medicaid match;

(iv) Actuarial projections on the statewide need for services related to the pilot sites and estimated costs of adding each of the services to the medicaid behavioral health benefit for children and adolescents and adults; and

(v) Annual costs and any quantifiable cost offsets associated with the program sites.

(37) \$25,587,000 of the general fund—federal appropriation (ARPA) and \$9,828,000 of the general fund—federal appropriation are provided solely to promote the recovery of individuals with substance use disorders through expansion of substance use disorder services. The authority shall implement this funding to promote integrated, whole-person care to individuals with opioid use disorders, stimulant use disorders, and other substance use disorders. The authority shall use this funding to support evidence-based and promising practices as follows:

(a) \$8,500,000 of the amounts provided in this subsection is provided solely for treatment services to low-income individuals with substance use disorders who are not eligible for services under the medicaid program and for treatment services that are not covered under the medicaid program. A minimum of \$7,500,000 of this amount must be contracted through behavioral health administrative services organizations. The amounts in this subsection may be used for services including, but not limited to, outpatient treatment, residential treatment, mobile opioid use disorder treatment programs, law enforcement assisted diversion programs, contingency management interventions, modified assertive community treatment, trauma informed care, crisis respite, and for reimbursement of one-time start-up operating costs for opening new beds in withdrawal management treatment

2025 REGULAR SESSION

programs.

(b) \$2,015,000 of the amounts provided in this subsection is provided solely for outreach programs that link individuals with substance use disorders to treatment options to include medication for opioid use disorder. The authority must contract for these services with programs that use interdisciplinary teams, which include peer specialists, to engage and facilitate linkage to treatment for individuals in community settings such as homeless encampments, shelters, emergency rooms, harm reduction programs, churches, community service offices, food banks, libraries, legal offices, and other settings where individuals with substance use disorders may be engaged. The services must be coordinated with emergency housing assistance and other services administered by the authority to promote access to a full continuum of treatment and recovery support options.

(c) \$7,500,000 of the amounts provided in this subsection is provided solely for substance use disorder recovery support services not covered by the medicaid program including, but not limited to, emergency housing, recovery housing vouchers, supported employment, skills training, peer support, peer drop-in centers, and other community supports.

(d) \$3,550,000 of the amounts provided in this subsection is provided solely for efforts to support the recovery of American Indians and Alaska natives with substance use disorders. This funding may be used for grants to urban Indian organizations, tribal opioid prevention media campaigns, and support for government to government communication, planning, and implementation of opioid use disorder related projects.

(e) \$5,000,000 of the amounts provided in this subsection is provided solely for the authority, in coordination with the department of health, to expand the distribution of naloxone through the department's overdose education and naloxone distribution program. Funding must be prioritized to fill naloxone access gaps in community behavioral health and other community settings, including providing naloxone for agency staff in organizations such as syringe service programs, housing providers, and street outreach programs, and for law enforcement and emergency responders.

(f) \$7,100,000 of the amounts provided in this subsection is provided solely for community services grants that support the implementation and evaluation of substance use disorder prevention services.

(g) Up to \$1,750,000 of the amounts provided in this subsection may be used for the authority's administrative costs associated with services funded in this subsection.

(38) \$3,109,000 of the general fund—state appropriation for fiscal year 2024 and \$3,109,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for short-term rental subsidies for individuals with mental health or substance use disorders. This funding may be used for individuals enrolled in the foundational community support program while waiting for a longer term resource for rental support or for individuals transitioning from behavioral health treatment facilities or local jails. Individuals who would otherwise be eligible for the foundational community support program but are not eligible because of their citizenship status may also be served. Each December of the fiscal biennium, the authority must submit a report identifying the expenditures and number of individuals receiving short-term rental supports through the agency budget during the prior fiscal year broken out by region, treatment need, and the demographics of those served, including but not limited to age, country of origin within racial/ethnic categories, gender, and immigration status.

(39) \$25,332,000 of the general fund—federal appropriation (ARPA) is provided solely to promote the recovery of individuals

with mental health disorders through expansion of mental health services. The authority shall implement this funding to promote integrated, whole-person care through evidence based and promising practices as follows:

(a) \$8,153,000 of the amounts provided in this subsection is provided solely for treatment services to low-income individuals with mental health disorders who are not eligible for services under the medicaid program and for treatment services that are not covered under the medicaid program. A minimum of \$7,000,000 of this amount must be contracted through behavioral health administrative services organizations. The amounts in this subsection may be used for services including, but not limited to, outpatient treatment, residential treatment, law enforcement assisted diversion programs, modified assertive community treatment, and trauma informed care.

(b) \$8,200,000 of the amounts provided in this subsection is provided solely for mental health recovery support services not covered by the medicaid program including, but not limited to, supportive housing, emergency housing vouchers, supported employment, skills training, peer support, peer drop-in centers, and other community supports.

(c) \$2,553,000 of the amounts provided in this subsection is provided solely for efforts to support the recovery of American Indians and Alaska natives with mental health disorders.

(d) \$1,300,000 of the amounts provided in this subsection is provided solely to enhance crisis services and may be used for crisis respite care.

(e) \$2,600,000 of the amounts provided in this subsection is provided solely for the expansion of first episode psychosis programs.

(f) Up to \$1,279,000 of the amounts provided in this subsection may be used for the authority's administrative costs associated with services funded in this subsection.

(40) The authority must pursue opportunities for shifting state costs to the state's unused allocation of federal institutions for mental disease disproportionate share hospital funding.

(41) \$500,000 of the general fund—federal appropriation is provided solely to establish an emotional support network program for individuals employed as peer specialists. The authority must contract for these services which shall include, but not be limited to, facilitating support groups for peer specialists, support for the recovery journeys of the peer specialists themselves, and targeted support for the secondary trauma inherent in peer work.

(42) \$1,500,000 of the general fund—federal appropriation is provided solely for the authority to contract on a one-time basis with the University of Washington behavioral health institute to continue and enhance its efforts related to training and workforce development. This funding may be used for the following activities:

(a) Making substance use disorder training content accessible to all community behavioral health providers;

(b) Refining and implementing a substance use disorder provider needs assessment to advance best practice implementation for treatment in inpatient and outpatient settings;

(c) Disseminating innovative best practices through training and technical assistance;

(d) Developing and launching a telebehavioral health training series, providing webinars and packaging the training content so that it is accessible to all community behavioral health providers;

(e) Planning for advanced telebehavioral health training and support to providers;

(f) Convening a race, equity, and social justice in behavioral health conference annually;

(g) Developing training and technical assistance opportunities

for an annual series that translates lessons learned in behavioral health equity into actionable and sustainable change at the provider, organizational, and system levels;

(h) Developing recommendations for reducing health disparities and training the workforce in culturally and linguistically relevant practices to achieve improved outcomes;

(i) Increasing the number of community substance use providers that are trained in best practice assessment and treatment models;

(j) Convening a telebehavioral health summit of leading experts regarding long-term provider telebehavioral health training and workforce needs;

(k) Creating a behavioral health workforce strategy plan that identifies gaps that are not being addressed and suggests system improvements to address those gaps;

(l) Working with community partners and key stakeholders to identify best practice strategies to evaluate and measure equity and health disparities within the behavioral health system and make recommendations regarding potential metrics to help advance system change; and

(m) Developing metrics and evaluating telebehavioral health training needs and the impact of telebehavioral health training on provider knowledge and treatment protocols.

(43) \$1,250,000 of the general fund—state appropriation for fiscal year 2024 and \$1,250,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to contract with the King county behavioral health administrative services organization to maintain children's crisis outreach response system services that were previously funded through the department of children, youth, and families. The authority, in consultation with the behavioral health administrative services organization, medicaid managed care organizations, and the actuaries responsible for developing medicaid managed care rates, must work to maximize federal funding provided for the children's crisis outreach response system program.

(44) \$31,891,000 of the general fund—state appropriation for fiscal year 2024, \$63,395,000 of the general fund—state appropriation for fiscal year 2025, and \$172,425,000 of the general fund—federal appropriation are provided solely to implement a 15 percent increase to medicaid reimbursement for community behavioral health providers contracted through managed care organizations to be effective January 1, 2024. The authority must employ mechanisms such as directed payment or other options allowable under federal medicaid law to assure the funding is used by the managed care organizations for a 15 percent provider rate increase as intended and verify this pursuant to the process established in chapter 285, Laws of 2020 (EHB 2584). The rate increase shall be implemented to all behavioral health nonhospital inpatient, residential, and outpatient providers contracted through the medicaid managed care organizations. Psychiatric hospitals and other providers receiving rate increases under other subsections of this section must be excluded from the rate increase directed in this subsection.

(45) ~~(\$532,000 of the general fund—state appropriation for fiscal year 2024, \$2,935,000)~~ \$8,843,000 of the general fund—state appropriation for fiscal year 2025, and ~~(\$3,467,000)~~ \$21,499,000 of the general fund—federal appropriation are provided solely ~~((to increase the number of beds and rates))~~ for the community children's long-term inpatient program ~~((providers. The number of beds is increased on a phased basis to 72 beds by the end of fiscal year 2024)).~~ The bed day rates are increased from \$1,030 per day to \$1,121 per day effective July 1, 2023.

(46) \$505,000 of the general fund—state appropriation for fiscal year 2024, \$1,011,000 of the general fund—state

appropriation for fiscal year 2025, and \$1,095,000 of the general fund—federal appropriation are provided solely to increase rates for parent child assistance program providers by 15 percent effective January 1, 2024.

(47) \$300,000 of the general fund—federal appropriation is provided solely for training of behavioral health consumer advocates. The authority must enter into a memorandum of understanding with the department of commerce to provide support for training of behavioral health consumer advocates pursuant to chapter 202, Laws of 2021 (E2SHB 1086).

(48) \$250,000 of the general fund—state appropriation for fiscal year 2024 and \$250,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to contract with a statewide mental health nonprofit organization that provides free community and school-based mental health education and support programs for consumers and families. The contractor must use this funding to provide access to programs tailored to peers living with mental illness as well as family members of people with mental illness and the community at large. Services provided by the contracted program shall include education, support, and assistance to reduce isolation and help consumers and families understand the services available in their communities.

(49) \$15,474,000 of the general fund—state appropriation for fiscal year 2024, \$17,125,000 of the general fund—state appropriation for fiscal year 2025, and \$14,562,000 of the general fund—federal appropriation are provided solely for maintaining the expansion of local behavioral health mobile crisis response team capacity and ensuring each region has at least one adult and one children and youth mobile crisis team that is able to respond to calls coming into the 988 crisis hotline.

(a) In prioritizing this funding, the health care authority shall assure that there are a minimum of six new children and youth mobile crisis teams in comparison to the number of teams at the end of fiscal year 2021 and that there is one children and youth mobile crisis team in each region.

(b) In implementing funding for adult and youth mobile crisis response teams, the authority must establish standards in contracts with managed care organizations and behavioral health administrative services organizations for the services provided by these teams.

(c) Of these amounts, \$3,000,000 of the general fund—state appropriation for fiscal year 2024, \$3,000,000 of the general fund—state appropriation for fiscal year 2025, and \$2,024,000 of the general fund—federal appropriation are provided solely to maintain increased capacity for mobile crisis services in King county that was funded in fiscal year 2023. These amounts must supplement and not supplant funding to the county previously allocated by the authority under this subsection.

(d) Of the amounts provided in this subsection, \$1,651,000 of the general fund—state appropriation for fiscal year 2025 and \$250,000 of the general fund—federal appropriation are provided solely for adding or increasing stabilization services provided through existing children and youth mobile crisis teams.

(50) \$45,094,000 of the general fund—state appropriation for fiscal year 2024, ~~(\$71,107,000)~~ \$45,736,000 of the general fund—state appropriation for fiscal year 2025, and ~~(\$69,409,000)~~ \$69,690,000 of the general fund—federal appropriation are provided solely for the authority to contract with community hospitals or freestanding evaluation and treatment centers to provide long-term inpatient care beds as defined in RCW 71.24.025. Within these amounts, the authority must meet the requirements for reimbursing counties for the judicial services for patients being served in these settings in accordance with RCW 71.05.730. The authority must coordinate with the department of social and health services in developing

the contract requirements, selecting contractors, and establishing processes for identifying patients that will be admitted to these facilities. Of the amounts in this subsection, sufficient amounts are provided in fiscal year 2024 and fiscal year 2025 for the authority to reimburse community hospitals and nonhospital residential treatment centers serving clients in long-term inpatient care beds as defined in RCW 71.24.025 as follows:

(a) For a hospital licensed under chapter 70.41 RCW that requires a hospital specific medicaid inpatient psychiatric per diem payment rate for long-term civil commitment patients because the hospital has completed a medicare cost report, the authority shall analyze the most recent medicare cost report of the hospital after a minimum of 200 medicaid inpatient psychiatric days. The authority shall establish the inpatient psychiatric per diem payment rate for long-term civil commitment patients for the hospital at 100 percent of the allowable cost of care, based on the most recent medicare cost report of the hospital.

(b) For a hospital licensed under chapter 70.41 RCW that has not completed a medicare cost report with more than 200 medicaid inpatient psychiatric days, the authority shall establish the medicaid inpatient psychiatric per diem payment rate for long-term civil commitment patients for the hospital at the higher of the hospital's current medicaid inpatient psychiatric rate; or the annually updated statewide average of the medicaid inpatient psychiatric per diem payment rate of all acute care hospitals licensed under chapter 70.41 RCW providing long-term civil commitment services.

(c) For a hospital licensed under chapter 71.12 RCW and currently providing long-term civil commitment services, the authority shall establish the medicaid inpatient psychiatric per diem payment rate at \$940 for fiscal year 2024 and \$1,250 for fiscal year 2025 plus adjustments that may be needed to capture costs associated with long-term psychiatric patients that are not allowable on the medicare cost report or reimbursed separately. The hospital may provide the authority with supplemental data to be considered and used to make appropriate adjustments to the medicaid inpatient psychiatric per diem payment rate of the hospital. Adjustment of costs may include:

(i) Costs associated with professional services and fees not accounted for in the hospital's medicare cost report or reimbursed separately;

(ii) Costs associated with the hospital providing the long-term psychiatric patient access to involuntary treatment court services that are not reimbursed separately; and

(iii) Other costs associated with caring for long-term psychiatric patients that are not reimbursed separately.

(d) For a hospital licensed under chapter 71.12 RCW that requires an initial medicaid inpatient psychiatric per diem payment rate for long-term civil commitment services because it has not yet completed a medicare cost report, the authority shall establish the medicaid inpatient psychiatric per diem payment rate at the higher of:

(i) The hospital's current medicaid inpatient psychiatric rate; or

(ii) The annually updated statewide average of the medicaid long-term inpatient psychiatric per diem payment rate of all freestanding psychiatric hospitals licensed under chapter 71.12 RCW providing long-term civil commitment services.

(e) For nonhospital residential treatment centers certified to provide long-term inpatient care beds as defined in RCW 71.24.025, the authority shall establish the medicaid psychiatric per diem payment rate at the fiscal year 2023 level for fiscal year 2024 and \$1,250 per bed for fiscal year 2025.

(f) Beginning in fiscal year 2024, the authority shall pay a rate enhancement for patients committed pursuant to the dismissal of criminal charges and a civil evaluation ordered under RCW

10.77.086 or 10.77.088. The enhancement shall be available to all hospital and nonhospital facilities providing services under this subsection except those whose rates are set at 100 percent of their most recent medicare cost report. The rate enhancement shall not exceed the tiered rate enhancements established under the 1915(i) state plan.

(g) Beginning in fiscal year 2025, the authority may pay a rate enhancement of \$500 per day for individuals with complex medical needs, challenging behaviors often diagnosed with co-occurring intellectual or developmental disability, traumatic brain injury, dementia, or significant medical issues requiring personal care. The rate enhancement shall be available to providers contracting directly with the authority.

(h) Provider payments for vacant bed days shall not exceed six percent of their annual contracted bed days.

(i) The authority, in coordination with the department of social and health services, the office of the governor, the office of financial management, and representatives from medicaid managed care organizations, behavioral health administrative service organizations, and community providers, must update its plan to continue the expansion of civil community long-term inpatient capacity. The plan shall identify gaps and barriers in the current array of community long-term inpatient beds in serving higher need individuals including those committed to a state hospital pursuant to the dismissal of criminal charges and a civil evaluation ordered under RCW 10.77.086 or 10.77.088. The plan shall identify strategies to overcome these barriers including, but not limited to, potential rate enhancements for high needs clients. The authority must submit its updated implementation plan to the office of financial management and the appropriate fiscal committees of the legislature by December 1, 2023, and submit a status update on the implementation plan by October 15, 2024.

(51)(a) \$200,000 of the general fund—state appropriation for fiscal year 2024 and \$400,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a one-time grant to Island county to maintain support for a pilot program to improve behavioral health outcomes for young people in rural communities. In administering the pilot program, Island county shall coordinate with school districts, community groups, and health care providers to increase access to behavioral health programs for children and youth aged birth to 24 years of age. The grant funds shall be used to coordinate and expand behavioral health services. The grant funding must not be used to supplant funding from existing programs. No more than 10 percent of the funds may be used for administrative costs incurred by Island county in administering the program. Services that may be provided with the grant funding include, but are not limited to:

(i) Support for children and youth with significant behavioral health needs to address learning loss caused by COVID-19 and remote learning;

(ii) School based behavioral health education, assessment, and brief treatment;

(iii) Screening and referral of children and youth to long-term treatment services;

(iv) Behavioral health supports provided by community agencies serving youth year-round;

(v) Expansion of mental health first aid, a program designed to prepare adults who regularly interact with youth for how to help people in both crisis and noncrisis mental health situations;

(vi) Peer support services; and

(vii) Compensation for the incurred costs of clinical supervisors and internships.

(b) The authority, in coordination with Island county, must submit to the office of financial management and the appropriate committees of the legislature, a report summarizing how the

funding was used and providing the number of children and youth served by the pilot during fiscal year 2024 by December 1, 2024.

(52) \$315,000 of the general fund—state appropriation for fiscal year 2024, \$494,000 of the general fund—state appropriation for fiscal year 2025, and \$809,000 of the general fund—federal appropriation are provided solely for the authority to contract with the University of Washington's project extension for community health outcomes (ECHO) and the systemic, therapeutic, assessment, resources, and treatment (START) programs for specialized training and consultation for physicians and professionals to support:

(a) Children with developmental disabilities and behavioral health needs;

(b) Applied behavior analysis provider training, education, and consultation; and

(c) The screening and diagnosis of autism spectrum disorder.

(53) \$2,262,000 of the general fund—federal appropriation and \$2,262,000 of the general fund—local appropriation are provided solely for supported housing and employment services described in initiative 3a and 3b of the 1115 demonstration waiver and this is the maximum amount that may be expended for this purpose. Within these amounts, funding is provided for the authority to support community discharge efforts for patients at the state hospitals. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the authority or its providers or third party administrator. The department and the authority in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund—state expenditures above appropriated levels for this specific purpose. The secretary in collaboration with the director of the authority shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The secretary in cooperation with the director shall also report to the fiscal committees of the legislature the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(54) \$130,000 of the general fund—federal appropriation is provided solely for the authority to participate in efforts to ensure behavioral health agencies are compensated for their role as teaching clinics for students seeking professional education in behavioral health disciplines and for new graduates working toward licensure.

(55) \$250,000 of the general fund—state appropriation for fiscal year 2024, \$934,000 of the general fund—state appropriation for fiscal year 2025, and \$1,447,000 of the general fund—federal appropriation are provided solely for increasing case management services to pregnant and parenting women provided through the parent child assistance program and for increasing the number of residential treatment beds available for pregnant and parenting women.

(56) Within the amounts provided in this section, sufficient funding is provided for the authority to maintain and increase the capabilities of a tool to track medication assisted treatment provider capacity.

(57) \$2,000,000 of the general fund—federal appropriation is provided solely for grants to law enforcement and other first responders to include a mental health professional on the team of personnel responding to emergencies.

(58) ~~(\$855,000 of the general fund—state appropriation for fiscal year 2025 and \$1,149,000 of the general fund—federal appropriation are provided solely for the authority to contract for long-term involuntary treatment services in a 16-bed residential~~

~~treatment facility being developed by the Tulalip tribe in Stanwood.~~

~~(59))~~ \$956,000 of the general fund—state appropriation for fiscal year 2024 and \$956,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for wraparound with intensive services for youth ineligible for medicaid as outlined in the settlement agreement under *AGC v. Washington State Health Care Authority*, Thurston county superior court no. 21-2-00479-34.

~~((60))~~ (59) \$14,637,000 of the general fund—state appropriation for fiscal year 2024 and ~~(\$14,637,000))~~ \$16,004,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for claims for services rendered to medicaid eligible clients admitted to institutions of mental disease that were determined to be unallowable for federal reimbursement due to medicaid's institutions for mental disease exclusion rules.

~~((61))~~ (60) \$6,010,000 of the general fund—state appropriation for fiscal year 2024, \$6,010,000 of the general fund—state appropriation for fiscal year 2025, and \$1,980,000 of the general fund—federal appropriation are provided solely for the authority, in coordination with the department of health, to deploy an opioid awareness campaign and to contract with syringe service programs and other service settings assisting people with substance use disorders to: Prevent and respond to overdoses; provide other harm reduction services and supplies, including but not limited to distributing naloxone; fentanyl testing and other drug testing supplies; and for expanding contingency management services. The authority is encouraged to use these funds to leverage federal funding for this purpose to expand buying power when possible. The authority should prioritize funds for naloxone in coordination with the department of health, to expand the distribution of naloxone through the department's overdose education and naloxone distribution program. Funding must be prioritized to fill naloxone access gaps in community behavioral health and other community settings, including providing naloxone for agency staff in organizations such as syringe service programs, housing providers, and street outreach programs. Of the amounts provided in this subsection, \$1,000,000 of the general fund—state appropriation for fiscal year 2024 and \$1,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to deploy an opioid awareness campaign targeted at youth to increase the awareness of the dangers of fentanyl.

~~((62))~~ (61) \$4,763,000 of the general fund—state appropriation for fiscal year 2024, \$4,763,000 of the general fund—state appropriation for fiscal year 2025, and \$25,754,000 of the general fund—federal appropriation are provided solely to maintain a rate increase authorized for opioid treatment providers on January 1, 2023.

~~((63))~~ (62) \$2,387,000 of the general fund—state appropriation for fiscal year 2024 and \$2,387,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to support individuals enrolled in the foundational community supports initiative who are transitioning from benefits under RCW 74.04.805 due to increased income or other changes in eligibility. The authority, department of social and health services, and department of commerce shall collaborate on this effort.

~~((64))~~ (63) \$2,249,000 of the general fund—state appropriation for fiscal year 2024 and \$2,249,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to contract with programs to provide medical respite care for individuals with behavioral health needs. The programs must serve individuals with complex medical issues, who may also have significant behavioral health needs who do not require hospitalization but are unable to provide adequate

self-care for their medical conditions. The programs must prioritize services to individuals with complex medical and behavioral health issues who are homeless or who were recently discharged from a hospital setting. The services must meet quality standards and best practices developed by the national health care for the homeless council and may include, but are not limited to, medical oversight and health education; care transitions; and discharge planning to and from primary care, inpatient hospital, emergency rooms, and supportive housing. In selecting the contractors, the authority must prioritize projects that demonstrate the active involvement of an established medical provider that is able to leverage federal medicaid funding in the provision of these services. The authority must work with the medicaid managed care organizations to encourage their participation and assist the plans and the contractor in identifying mechanisms for appropriate use of medicaid reimbursement in this setting.

~~((65))~~ (64) \$988,000 of the general fund—state appropriation for fiscal year 2024, \$988,000 of the general fund—state appropriation for fiscal year 2025, and \$618,000 of the general fund—federal appropriation are provided solely for the authority to contract for three regional behavioral health mobile crisis response teams focused on supported housing to prevent individuals with behavioral health conditions at high risk of losing housing from becoming homeless, identify and prioritize serving the most vulnerable people experiencing homelessness, and increase alternative housing options to include short-term alternatives which may temporarily deescalate situations where there is high risk of a household from becoming homeless.

~~((66))~~ (65) \$5,623,000 of the general fund—state appropriation for fiscal year 2024, \$5,623,000 of the general fund—state appropriation for fiscal year 2025, and \$3,748,000 of the general fund—federal appropriation are provided solely to maintain and expand access to no barrier, and low-barrier programs using a housing first model designed to assist and stabilize housing supports for adults with behavioral health conditions. Housing supports and services shall be made available with no requirement for treatment for their behavioral health condition and must be individualized to the needs of the individual. The authority and department of commerce shall collaborate on this effort and must submit a status report to the office of financial management and the appropriate committees of the legislature by December 31, 2023.

~~((67))~~ (66) \$675,000 of the general fund—state appropriation for fiscal year 2024 and \$675,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a rental voucher and bridge program and to implement strategies to reduce instances where an individual leaves a state operated behavioral or private behavioral health facility directly into homelessness. The authority must prioritize this funding for individuals being discharged from state operated behavioral health facilities.

~~((68))~~ (67) \$361,000 of the general fund—state appropriation for fiscal year 2024, \$361,000 of the general fund—state appropriation for fiscal year 2025, and \$482,000 of the general fund—federal appropriation are provided solely for the authority, in collaboration with the department of social and health services research and data analysis division, to implement community behavioral health service data into the existing executive management information system. Of these amounts, \$288,000 of the general fund—state appropriation for fiscal year 2024, \$288,000 of the general fund—state appropriation for fiscal year 2025, and \$384,000 of the general fund—federal appropriation are provided solely for the authority to reimburse the research and data analysis division for staff costs associated with this project. The data elements shall be incorporated into the monthly

executive management information system reports on a phased-in basis, allowing for elements which are readily available to be incorporated in the initial phase, and elements which require further definition and data collection changes to be incorporated in a later phase. The authority must collaborate with the research and data analysis division to ensure data elements are clearly defined and must include requirements in medicaid managed care organization and behavioral health administrative services organization contracts to provide the data in a consistent and timely manner for inclusion into the system. The community behavioral health executive management system information data elements must include, but are not limited to: Psychiatric inpatient bed days; evaluation and treatment center bed days; long-term involuntary community psychiatric inpatient bed days; children's long-term inpatient bed days; substance use disorder inpatient, residential, withdrawal evaluation and management, and secure withdrawal evaluation and management bed days; crisis triage and stabilization services bed days; mental health residential bed days; mental health and substance use disorder outpatient treatment services; opioid substitution and medication assisted treatment services; program of assertive treatment team services; wraparound with intensive services; mobile outreach crisis services; recovery navigator team services; foundational community supports housing and employment services; projects for assistance in transition from homelessness services; housing and recovery through peer services; other housing services administered by the authority; mental health and substance use disorder peer services; designated crisis responder investigations and outcomes; involuntary commitment hearings and outcomes; pregnant and parenting women case management services; and single bed certifications and no available bed reports. Wherever possible and practical, the data must include historical monthly counts and shall be broken out to distinguish services to medicaid and nonmedicaid individuals and children and adults. The authority and the research and data analysis division must consult with the office of financial management and staff from the fiscal committees of the legislature on the development and implementation of the community behavioral health data elements.

~~((69))~~ (68) \$2,587,000 of the general fund—state appropriation for fiscal year 2024 and \$2,587,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to support efforts by counties and cities to implement local response teams. Of these amounts:

(a) \$2,000,000 of the general fund—state appropriation for fiscal year 2024 and \$2,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to provide a grant to the association of Washington cities to assist cities with the costs of implementing alternative response teams. This funding must be used to reimburse cities for documented costs associated with creating co-responder teams within different alternative diversion models including law enforcement assisted diversion programs, community assistance referral and education programs, and as part of mobile crisis teams. Cities are encouraged to partner with each other to create a regional response model. In awarding these funds, the association must prioritize applicants with demonstrated capacity for facility-based crisis triage and stabilization services. The association and authority must collect and report information regarding the number of facility-based crisis stabilization and triage beds available in the locations receiving funding through this subsection and submit a report to the office of financial management and the appropriate committees of the legislature with this information by December 1, 2023.

(b) \$587,000 of the general fund—state appropriation for fiscal

year 2024 and \$587,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to support the Whatcom county alternative response team.

~~((74))~~ (69) \$500,000 of the general fund—state appropriation for fiscal year 2024 and \$500,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to contract with the University of Washington addictions, drug, and alcohol institute. This funding must be used for advanced, evidence-based training for law enforcement to improve interactions with individuals who use drugs. The training must be developed so it can be adapted and used statewide to decrease stigmatizing beliefs among law enforcement through positive contact with people who use drugs and improve officer well-being and effectiveness by providing skills and techniques to address the drug overdose epidemic. The institute must develop and refine this training, leveraging prior work, and in partnership with a steering committee that includes people with lived or living experience of substance use disorder and criminal legal involvement, researchers, clinicians, law enforcement officers, and others. The training must complement, but not duplicate, existing curricula already provided by the criminal justice training commission. The institute must pilot the advanced training in a subset of regional law enforcement agencies and evaluate its acceptability and feasibility through participant interviews and pretraining and posttraining ratings of stigmatizing beliefs. The institute must incorporate feedback from the pilot training sessions into a final training program that it must make available to law enforcement agencies across the state.

~~((74))~~ (70) \$400,000 of the general fund—state appropriation for fiscal year 2024 ~~(and)~~, \$600,000 of the general fund—state appropriation for fiscal year 2025, and \$350,000 of the general fund—federal appropriation are provided solely for the authority to continue development and implementation of the certified community behavioral health clinic model for comprehensive behavioral health services. Funding must be used to secure actuarial expertise, conduct research into national data and other state models, including obtaining resources and expertise from the national council for mental well-being certified community behavioral health clinic success center; and engage stakeholders, including representatives of licensed community behavioral health agencies and medicaid managed care organizations, in the process. The authority must provide a report to the office of financial management and the appropriate committees of the legislature with findings, recommendations, and cost estimates by December 31, 2024. The study must build on the preliminary report submitted to the legislature in December 2022 and include:

(a) Overviews of options and considerations for implementing the certified community behavioral health clinic model within Washington state, including participation as a certified community behavioral health clinic demonstration state or for independent statewide implementation;

(b) An analysis of the impact of expanding the certified community behavioral health clinic model on the state's behavioral health systems;

(c) Relevant federal regulations and options to implement the certified community behavioral health clinic model under those regulations;

(d) Options for implementing a prospective payment system methodology;

(e) An analysis of the benefits and potential challenges for integrating the certified community behavioral health clinic reimbursement model within an integrated care environment;

(f) Actuarial analysis on the costs for implementing the certified community behavioral health clinic model, including opportunities for leveraging federal funding; and

(g) Recommendations to the legislature on a pathway for

statewide implementation including a plan for implementation no later than fiscal year 2027 that must include the following:

(i) Implementation of the certified community behavioral health clinic model with clinics that adhere to the program standards under the federal substance abuse and mental health services administration demonstration program established under section 223 of the federal protecting access to medicare act of 2014 (42 U.S.C. Sec. 1396a note), as amended by the bipartisan safer communities act (P.L. 117-159);

(ii) Incorporation in the planned funding model of at least one of the prospective payment system methodologies approved by the centers for medicare and medicaid services;

(iii) The plan may allow for the certified community behavioral health clinic funding model to be implemented either by applying for and joining the federal demonstration program referenced in (g)(i) of this subsection, applying to the centers for medicare and medicaid services for a medicaid state plan waiver or amendment, or both;

(iv) Continued consultation with the national council for mental wellbeing's certified community behavioral health clinic success center for technical assistance and meaningful opportunities for community behavioral health agencies to participate and offer feedback throughout the implementation process; and

(v) Inclusion of services to children, youth, and families through the certified community behavioral health clinic funding model through providers that serve individuals of all ages as well as specialty providers that serve children, youth, and families.

~~((72)) \$1,135,000 of the general fund—state appropriation for fiscal year 2025 and \$568,000 of the general fund—federal appropriation are provided solely to develop and operate a 16-bed substance use disorder inpatient facility in Grays Harbor county that specializes in treating pregnant and parenting women using a family preservation model. The authority must contract for these services through behavioral health entities in a manner that allows leveraging of federal medicaid funds to pay for a portion of the costs. The authority must consult with the department of children, youth, and families in the implementation of this funding. The facility must allow families to reside together while a parent is receiving treatment. Of these amounts, \$568,000 may be used for documented startup costs including the recruitment, hiring, and training of staff. If the authority is able to identify a provider that can begin developing these services before July 2024, it must notify the office of financial management and the appropriate committees of the legislature and submit a request for funding in the fiscal year 2024 supplemental operating budget.~~

(73)) (71) \$160,000 of the general fund—state appropriation for fiscal year 2024 is provided on a one-time basis solely for the authority to continue a grant to the city of Snoqualmie to pilot behavioral health emergency response and coordination services through a regional behavioral health coordinator. The regional behavioral health coordinator shall be a licensed mental health or substance use disorder professional who works directly with and accompanies law enforcement officers and fire and rescue first responders to help respond to crises involving persons with behavioral health needs. The coordinator shall plan, implement, and coordinate services related to crisis response and social service needs with the city of Snoqualmie, the city of North Bend, the Snoqualmie police and fire departments, and the eastside fire and rescue agency serving North Bend, and local community services, school districts, hospitals, and crisis response systems provided by King county for the region. The coordinator shall support the social services needs identified through police and fire response in the lower Snoqualmie valley and serve as a liaison between law enforcement, first responders, and persons accessing or requesting emergency services with social service needs. The

authority shall collect information on the pilot project and, in coordination with the city of Snoqualmie, must submit a report to the office of financial management and the appropriate committees of the legislature by December 31, 2023, summarizing the services provided through the grant funds and identifying recommendations on how to implement effective, integrated, coordinated behavioral health emergency response and community care services. The authority must also provide the report to the criminal justice training commission, the Washington association of sheriffs and police chiefs, and the Washington fire commissioners association.

~~((74))~~ (72) \$250,000 of the general fund—state appropriation for fiscal year 2024 and \$250,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to contract for services with a statewide recovery community organization. The authority must award this funding to an organization that: (a) Has experience building the capacity of the recovery community to advance substance use recovery and mental health wellness by catalyzing public understanding and shaping public policy; (b) is led and governed by representatives of local communities of recovery; (c) centers the voices of people with lived experience who are touched by addiction and mental health challenges, and harnesses the power of story to drive change in the mental health and addiction treatment systems; and (d) provides free community education, skills trainings, events, and a conference in order to increase the understanding of issues around behavioral health and recovery. Services provided by the contracted program must include education, support, and assistance to increase connection of the recovery community, recovery capital, and knowledge about recovery and mental health resources. In conducting this work, the contractor must engage diverse individuals in recovery, impacted families, and providers from all regions of the state and leverage the assistance of affiliated groups and organizations. The organization must also prioritize diversity, equity, and justice in their work to eradicate health disparities of marginalized communities.

~~((75))~~ (73) \$400,000 of the general fund—state appropriation for fiscal year 2024 and \$400,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to continue and expand a contract with a Seattle based nonprofit organization with experience matching voluntary specialty care providers with patients in need of care to provide pro bono counseling and behavioral health services to uninsured and underinsured individuals with incomes below 300 percent of the federal poverty level. The authority may require the contractor to seek, document, and report to the authority on efforts to leverage local, federal, or philanthropic funding to provide sustained operational support for the program.

~~((76))~~ (74) \$3,437,000 of the general fund—state appropriation for fiscal year 2024, \$4,772,000 of the general fund—state appropriation for fiscal year 2025, and \$1,705,000 of the general fund—federal appropriation are provided solely for the authority to contract for youth inpatient navigator services in seven regions of the state. The services must be provided through clinical response teams that receive referrals for children and youth inpatient services and manage a process to coordinate placements and alternative community treatment plans. Of these amounts for each fiscal year, \$445,000 of the general fund—state appropriation and \$79,000 of the general fund—federal appropriation are provided solely to contract for services through an existing program located in Pierce county.

~~((77))~~ (75) \$7,601,000 of the general fund—state appropriation for fiscal year 2024, \$7,601,000 of the general fund—state appropriation for fiscal year 2025, and \$2,820,000 of

the general fund—federal appropriation are provided solely for assisted outpatient treatment and other costs associated with implementation of chapter 210, Laws of 2022 (SHB 1773). Of the amount provided in this subsection, \$1,000 is for implementation of Engrossed Senate Bill No. 5130 (assisted outpatient treatment).

~~((78))~~ (76) \$1,664,000 of the general fund—state appropriation for fiscal year 2024 and \$2,883,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to continue to support the children and youth behavioral health work group to consider and develop longer term strategies and recommendations regarding the delivery of behavioral health services for children, transitioning youth, and their caregivers pursuant to chapter 76, Laws of 2022 (2SHB 1890).

~~((79))~~ (77) Sufficient funding is provided for the authority to extend continuous eligibility for apple health to children ages zero to six with income at or below 215 percent of the federal poverty level. The centers for medicare and medicaid services must approve the 1115 medicaid waiver prior to the implementation of this policy.

~~((80))~~ (78) \$500,000 of the general fund—state appropriation for fiscal year 2024 and \$500,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for contingency management resources in accordance with chapter 311, Laws of 2021 (ESB 5476).

~~((81))~~ (79) \$100,000 of the general fund—state appropriation for fiscal year 2024 and \$100,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to continue a contract for services funded in section 215(127), chapter 297, Laws of 2022 (ESSB 5693) to provide information and support related to safe housing and support services for youth exiting inpatient mental health and/or substance use disorder facilities to stakeholders, inpatient treatment facilities, young people, and other community providers that serve unaccompanied youth and young adults.

~~((82))~~ (80) \$2,616,000 of the general fund—state appropriation for fiscal year 2024, \$3,322,000 of the general fund—state appropriation for fiscal year 2025, \$2,145,000 of the general fund—federal appropriation, and \$2,624,000 of the opioid abatement settlement account—state appropriation are provided solely for the authority to contract with opioid treatment providers to operate mobile methadone units to address treatment gaps statewide. Within the amounts provided, the authority must provide service support subsidies to all mobile methadone units including those that began operations prior to fiscal year 2024. The authority must work with the actuaries responsible for setting medicaid managed care rates to explore options for creating a specific rate for mobile medication units that reflects the unique costs of these programs. The authority must provide a report to the office of financial management and the appropriate committees of the legislature which summarizes the analysis and identifies the options and related costs by December 1, 2024.

~~((83))~~ (81) \$216,000 of the general fund—state appropriation for fiscal year 2024, \$427,000 of the general fund—state appropriation for fiscal year 2025, and \$1,454,000 of the general fund—federal appropriation are provided solely for the authority to increase fee for service rates for mental health and substance use disorder treatment by 22 percent. This rate increase shall be effective January 1, 2024. This rate increase does not apply to per diem costs for long-term civil commitment inpatient services or for services for which rate increases were provided under other subsections of this section. Services affected by the psychiatric rebase in subsection ~~((84))~~ (82) of this section are excluded from this rate increase. The authority must include the proportional costs of increasing fee-for-service rates for mental health and substance use disorder treatment paid on behalf of tribal members

not electing enrollment in managed care plans in any agency request decision package it submits during the fiscal biennium for increasing provider rates in the managed care behavioral health program.

~~((84))~~ (82) Sufficient amounts are provided in this section for the authority to rebase community hospital psychiatric inpatient rates effective January 1, 2024. Rebasing adjustments shall be based on adjusted calendar year 2020 medicare cost reports.

~~((85))~~ (83)(a) \$5,778,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the authority, beginning July 1, 2024, to implement a program with coverage comparable to the amount, duration, and scope of care provided in the categorically needy medicaid program for adult individuals who:

(i) Have an immigration status making them ineligible for federal medicaid or federal subsidies through the health benefit exchange;

(ii) Are age 19 and older, including over age 65, and have countable income of up to 138 percent of the federal poverty level; and

(iii) Are not eligible for another full scope federally funded medical assistance program, including any expansion of medicaid coverage for deferred action for childhood arrivals recipients.

(b) Within the amount provided in this subsection, the authority shall use the same eligibility, enrollment, redetermination and renewal, and appeals procedures as categorically needy medicaid, except where flexibility is necessary to maintain privacy or minimize burden to applicants or enrollees.

(c) The authority in collaboration with the health benefit exchange, the department of social and health services, and community organizations must develop and implement an outreach and education campaign.

(d) The authority must provide the following information to the governor's office and appropriate committees of the legislature by February 1st and November 1st of each year:

(i) Actual and forecasted expenditures;

(ii) Actual and forecasted data from the caseload forecast council; and

(iii) The availability and impact of any federal program or proposed rule that expands access to health care for the population described in this subsection, such as the expansion of medicaid coverage for deferred action for childhood arrivals recipients.

(e) The amount provided in this subsection is the maximum amount that may be expended for the purposes of this program.

~~((86))~~ (84)(a) \$2,317,000 of the general fund—state appropriation for fiscal year 2024 and \$4,433,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a targeted grant program to three behavioral health administrative services organizations to transition persons who are either being diverted from criminal prosecution to behavioral health treatment services or are in need of housing upon discharge from crisis stabilization services. The authority must provide an opportunity for all of the behavioral health administrative service organizations to submit plans for consideration.

(b) Grant criteria must include, but are not limited to:

(i) A commitment to matching individuals with temporary lodging or permanent housing, including supportive housing services and supports, that is reasonably likely to fit their actual needs and situation, is noncongregate whenever possible, and takes into consideration individuals' immediate and long-term needs and abilities to achieve and maintain housing stability; and

(ii) A commitment to transition individuals who are initially matched to temporary lodging into a permanent housing placement, including appropriate supportive housing supports and services, within six months except under unusual circumstances.

(c) When awarding grants, the authority must prioritize applicants that:

(i) Provide matching resources;

(ii) Focus on ensuring an expeditious path to sustainable permanent housing solutions; and

(iii) Demonstrate an understanding of working with individuals who experience homelessness or have interactions with the criminal legal system to understand their optimal housing type and level of ongoing services.

~~((87))~~ (85)(a) \$2,266,000 of the general fund—state appropriation for fiscal year 2024, \$14,151,000 of the general fund—state appropriation for fiscal year 2025, and \$19,269,000 of the general fund—federal appropriation are provided solely for services to medicaid and state funded clients in behavioral health residential treatment facilities that are scheduled to open during the 2023-2025 fiscal biennium.

(b) Within the amounts provided in this subsection, \$125,000 of the general fund—state appropriation for fiscal year 2024 and \$125,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to reimburse the department of social and health services for staffing costs related to tracking behavioral health community capacity through the community behavioral health executive management information system and providing annual reports on the implementation of new behavioral health community capacity.

(c) The department of commerce, the department of health, and the authority must cooperate with the department of social and health services in collecting and providing the data necessary to incorporate tracking of behavioral health beds into the behavioral health executive management information system and to prepare the required reports. The agencies must work to ensure they are using consistent definitions in classifying behavioral health bed types for the purpose of reporting capacity and utilization.

(d) The authority and the department of social and health services must begin tracking behavioral health bed utilization for medicaid and state funded clients by type of bed in the executive management information system by October 1, 2023. The department of commerce shall identify to the department of social and health services all providers that have received funding through their capital grant program since the 2013-2015 fiscal biennium. The department of social and health services must incorporate tracking of services by provider including an element to identify providers that have received funding through the capital budget so that reports can be provided related to the average daily client counts for medicaid and state funded clients being served by provider and by facility type.

(e) By November 1, 2023, the department of social and health services, in coordination with the department of commerce, the department of health, and the authority, must submit an annual report to the office of financial management and the appropriate committees of the legislature. The first annual report must provide information on the facilities that received funding through the department of commerce's behavioral health community capacity grant funding since the 2013-2015 fiscal biennium and the utilization across all behavioral health facilities for medicaid and state funded clients. The report must provide the following information for each facility that has received funding through the capital budget: (i) The amount received by the state and the total project cost; (ii) the facility address; (iii) the number of new beds or additional bed capacity by the service type being provided; and (iv) the utilization of the additional beds by medicaid or state funded clients by service type.

(f) By November 1, 2024, the department of social and health services must submit the second annual report to the office of financial management and the appropriate committees of the legislature. The second annual report must update the bed

~~((89))~~ (87) \$500,000 of the general fund—state appropriation for fiscal year 2024, \$500,000 of the general fund—state appropriation for fiscal year 2025, and \$1,000,000 of the general fund—federal appropriation are provided solely to support the provision of behavioral health co-responder services on nonlaw enforcement emergency medical response teams.

~~((90))~~ (88) \$250,000 of the general fund—state appropriation for fiscal year 2024 and \$250,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to contract on a one-time basis with the King county behavioral health administrative services organization to expand medication for opioid use disorder treatment services in King county.

~~((91))~~ (89) \$250,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for the authority to contract on a one-time basis with the behavioral health administrative services organization serving Kitsap county for crisis triage services in the county that are not being reimbursed through the medicaid program.

~~((92))~~ (90) \$1,100,000 of the general fund—state appropriation for fiscal year 2024 and \$1,100,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to contract on a one-time basis with the behavioral health administrative services organization serving Snohomish county for start-up costs in a new 32-bed community recovery center in Lynnwood that will provide crisis services to medicaid and other low income residents.

~~((93))~~ (91) \$313,000 of the general fund—federal appropriation is provided solely to support a media campaign for Native Americans related to the prevention of substance abuse and suicide.

~~((94))~~ (92) \$250,000 of the general fund—state appropriation for fiscal year 2024 and \$250,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to contract with up to two behavioral health agencies that are interested in offering or expanding wraparound with intensive services for children and youth. The funds may be used to support costs associated with recruitment, training, technical assistance, or other appropriate costs required to develop the capacity to offer these specialized services.

~~((95))~~ (93) \$22,000,000 of the general fund—state appropriation for fiscal year 2024 and \$24,500,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to contract with behavioral health administrative service organizations to implement the statewide recovery navigator program established in chapter 311, Laws of 2021 (ESB 5476) and for related technical assistance to support this implementation. This includes funding for recovery navigator teams to provide community-based outreach and case management services based on the law enforcement assisted diversion model and for technical assistance support from the law enforcement assisted diversion national support bureau. The authority and technical assistance contractor must encourage recovery navigator programs to provide educational information and outreach regarding recovery navigator program services to local retailers that have high levels of retail theft. Of the amounts provided in this subsection:

(a) \$2,000,000 of the general fund—state appropriation for fiscal year 2024 and \$2,000,000 of the general fund—state appropriation for fiscal year 2025 must be allocated to maintain recovery navigator services in King, Pierce, and Snohomish counties. These amounts must be in addition to the proportion of the allocation of the remaining funds in this subsection the regional behavioral health administrative services organizations serving those counties were allocated pursuant to section 22(1), chapter 311, Laws of 2021.

(b) \$2,500,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for expanding recovery navigator program services in regions where fiscal year 2025 projected expenditures will exceed revenues provided under this subsection. In allocating these amounts, the authority must prioritize regions where the combined fiscal year 2025 recovery navigator program allocations and recovery navigator program reserve balances are inadequate to cover estimated fiscal year 2025 expenditures.

~~((96))~~ (94) \$3,114,000 of the general fund—state appropriation for fiscal year 2024, \$3,114,000 of the general fund—state appropriation for fiscal year 2025, and \$5,402,000 of the general fund—federal appropriation are provided solely for the authority to implement clubhouse services in every region of the state.

~~((97))~~ (95) \$7,500,000 of the general fund—state appropriation for fiscal year 2024 and \$7,500,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to implement homeless outreach stabilization teams pursuant to chapter 311, Laws of 2021 (ESB 5476).

~~((98))~~ (96) \$2,500,000 of the general fund—state appropriation for fiscal year 2024, \$2,500,000 of the general fund—state appropriation for fiscal year 2025, \$81,000 of the general fund—federal appropriation, and ~~(((\$12,280,000))~~ \$9,280,000 of the opioid abatement settlement account—state appropriation are provided solely for the authority to expand efforts to provide opioid use disorder and alcohol use disorder medication in city, county, regional, and tribal jails.

~~((99))~~ (97) \$1,400,000 of the general fund—state appropriation for fiscal year 2024 and \$1,400,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for behavioral health administrative service organizations to develop regional recovery navigator program plans pursuant to chapter 311, Laws of 2021 (ESB 5476), and to establish positions focusing on regional planning to improve access to and quality of regional behavioral health services with a focus on integrated care.

~~((100))~~ (98) \$75,000 of the general fund—state appropriation for fiscal year 2024 and \$75,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to contract with an organization with expertise in supporting efforts to increase access to and improve quality in recovery housing and recovery residences. This funding shall be used to increase recovery housing availability through partnership with private landlords, increase accreditation of recovery residences statewide, operate a grievance process for resolving challenges with recovery residences, and conduct a recovery capital outcomes assessment for individuals living in recovery residences.

behavioral health treatment. This funding is provided on a one-time basis and must be used consistent with the approved plan and contract for reopening costs, treatment, and services. The facility must submit a fiscal year 2025 assessment and future needs report to the authority that describes implementation strategies that ensure the programs plan to build the capacity to serve over 60 percent medicaid eligible clients for co-occurring substance use and mental health disorders and sexual exploitation behavioral health treatment, in line with funding solutions as they are developed.

(b) \$1,000,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the authority to contract for behavioral health stabilization and support services for homeless youth in Spokane. The selected contractor must currently provide permanent supportive housing and services in Spokane and operate a low barrier homeless shelter for youth under the age of 18 and young adults aged 18 to 24.

~~((113))~~ ~~(\$18,868,000))~~ ((111)) \$18,303,000 of the opioid abatement settlement account—state appropriation is provided solely for prevention, treatment, and recovery support services to address and remediate the opioid epidemic. Of these amounts:

(a) ~~((2,500,000))~~ \$2,139,000 is provided solely for the authority to provide or contract for opioid prevention, outreach, treatment, or recovery support services that are not reimbursable under the state medicaid plan.

(b) \$500,000 is provided solely for Spanish language opioid prevention services.

(c) \$2,000,000 is provided solely to maintain prevention services that address underage drinking, cannabis and tobacco prevention, and opioid, prescription, and other drug misuse among individuals between the ages of 12 and 25.

~~((1,830,000))~~ \$1,626,000 is provided solely for programs to prevent inappropriate opioid prescribing.

(e) \$538,000 is provided solely for technical support to improve access to medications for opioid use disorder in jails.

(f) \$2,000,000 of the opioid abatement settlement account—state appropriation is provided solely for the authority, in coordination with the department of health, to develop and implement a health promotion and education campaign, with a focus on synthetic drug supplies, including fentanyl, and accurate harm reduction messaging for communities, law enforcement, emergency responders, and others.

(g) \$3,500,000 of the opioid abatement settlement account—state appropriation is provided solely for the authority to provide support funds to new and established clubhouses throughout the state.

(h) \$6,000,000 of the opioid abatement settlement account—state appropriation is provided solely for the authority to provide grants for the operational costs of new staffed recovery residences which serve individuals with substance use disorders who require more support than a level 1 recovery residence.

(i) Of the amounts provided in this subsection, the authority may use up to 10 percent for staffing and administrative expenses.

(j) In contracting for programs and services under this subsection, the authority must consider data and implement strategies that prioritize culturally relevant services to community members with the least access to behavioral health services.

~~((114))~~ ((112)) \$5,000,000 of the opioid abatement settlement account—state appropriation is provided solely for the authority to maintain funding for ongoing grants to law enforcement assisted diversion programs outside of King county under RCW ~~((71.24.590))~~ 71.24.589.

~~((115))~~ ((113)) \$5,500,000 of the opioid abatement settlement account—state appropriation is provided on a one-time basis solely for the authority to implement a pilot program to reimburse

a licensed pediatric transitional care facility in Spokane county to provide neonatal abstinence syndrome services to infants who have prenatal substance exposure. The pilot program must study and evaluate the efficacy, outcomes, and impact of providing these services to avoid more costly medical interventions. Within these amounts, \$190,000 is provided solely for the authority to contract with Washington State University to conduct research analyzing the prevalence of neonatal abstinence syndrome and infant and maternal health outcomes associated with neonatal transitional nurseries in Washington. The university must submit a report articulating findings to the appropriate committees of the legislature by December 1, 2024. The report must identify to what extent the federal medicaid program allows for reimbursement of these services and identify the barriers in leveraging federal medicaid funding for these services in Washington's state medicaid plan.

~~((116))~~ ((114)) \$15,447,000 of the opioid abatement settlement account—state appropriation is provided solely for the authority to pass through to tribes and urban Indian health programs for opioid and overdose response activities. The funding must be used for prevention, outreach, treatment, recovery support services, and other strategies to address and mitigate the effects of the misuse and abuse of opioid related products. The authority must provide the tribes and urban Indian health programs the latitude to use the funding as they see fit to benefit their communities, provided the activities are allowable under the terms of the opioid settlement agreements.

~~((120))~~ ((118)) \$375,000 of the general fund—state appropriation for fiscal year 2024 and \$375,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a grant to the city of Arlington in partnership with the north county regional fire authority for a mobile integrated health pilot project. The project shall provide mobile integrated health services for residents who cannot navigate resources through typical methods through brief therapeutic intervention, biopsychosocial assessment and referral, and community care coordination.

~~((121))~~ ((119)) \$1,000 of the general fund—state appropriation for fiscal year 2024 is for implementation of Engrossed Second Substitute Senate Bill No. 5536 (controlled substances).

~~((122))~~ ((120)) \$300,000 of the opioid abatement settlement account—state appropriation is provided for support of a statewide safe supply work group. The purpose of the work group is to evaluate potential models for safe supply services and make recommendations on inclusion of a safe supply framework in the Washington state substance use recovery services plan to provide a regulated, tested supply of controlled substances to individuals at risk of drug overdose. The work group membership shall be

reflective of the community of individuals living with substance use disorder, including persons who are black, indigenous, and persons of color, persons with co-occurring substance use disorders and mental health conditions, as well as persons who represent the unique needs of rural communities.

(a) The work group membership shall consist of, but is not limited to, members appointed by the governor representing the following:

- (i) At least one adult in recovery from substance use disorder;
- (ii) At least one youth in recovery from substance use disorder;
- (iii) One expert from the addictions, drug, and alcohol institute at the University of Washington;
- (iv) One outreach services provider;
- (v) One substance use disorder treatment provider;
- (vi) One peer recovery services provider;
- (vii) One recovery housing provider;
- (viii) One expert in serving persons with co-occurring substance use disorders and mental health conditions;
- (ix) One expert in antiracism and equity in health care delivery systems;
- (x) One employee who provides substance use disorder treatment or services as a member of a labor union representing workers in the behavioral health field;
- (xi) One representative of the association of Washington healthcare plans;
- (xii) One representative of sheriffs and police chiefs;
- (xiii) One representative of a federally recognized tribe; and
- (xiv) One representative of local government.

(b) The work group's evaluation shall include, but is not limited to, the following:

- (i) Examining the concept of "safe supply," defined as a legal and regulated supply of mind or body altering substances that traditionally only have been accessible through illicit markets;
- (ii) Examining whether there is evidence that a proposed "safe supply" would have an impact on fatal or nonfatal overdose, drug diversion, or associated health and community impacts;
- (iii) Examining whether there is evidence that a proposed "safe supply" would be accompanied by increased risks to individuals, the community, or other entities or jurisdictions;
- (iv) Examining historical evidence regarding the overprescribing of opioids; and
- (v) Examining whether there is evidence that a proposed "safe supply" would be accompanied by any other benefits or consequences.

(c) Staffing for the work group shall be provided by the authority.

(d) The work group shall provide a preliminary report and recommendations to the governor and the appropriate committees of the legislature by December 1, 2023, and shall provide a final report by December 1, 2024.

~~((123))~~ (121) \$1,450,000 of the general fund—state appropriation for fiscal year 2025 and \$26,000 of the general fund—federal appropriation are provided solely for implementing a postinpatient housing program designed for young adults in accordance with the provisions of Second Substitute House Bill No. 1929 (postinpatient housing). Contracts with postinpatient housing providers are exempt from the competitive procurement requirements in chapter 39.26 RCW.

~~((124))~~ (122) Within existing resources, the authority shall collaborate with the department of social and health services to develop a new program for individuals admitted to a state hospital for purposes of civil commitment under RCW 10.77.086. The program must prioritize the use of assisted outpatient treatment resources for eligible individuals and draw upon existing programs, including the program of assertive community treatment and the governor's opportunity for supportive housing

program to provide wraparound services for individuals who may be ready to quickly return to the community following an admission.

~~((125))~~ (123) \$1,675,000 of the opioid abatement settlement account—state appropriation and \$175,000 of the general fund—federal appropriation are provided solely for the authority to contract for the support of an opioid recovery and care access center in Seattle. The contractor must be an established Seattle based behavioral health provider that has developed a partnership for the project and has leveraged additional operations and research funding from other sources. The contract is exempt from the competitive procurement requirements in chapter 39.26 RCW.

~~((126))~~ (124) \$3,000,000 of the opioid abatement settlement account—state appropriation is provided solely for the authority to increase access to long-acting injectable buprenorphine products.

(a) The authority must use these funds to:

(i) On a one-time basis, provide long-acting injectable buprenorphine products to small providers that are not financially affiliated with a hospital; and

(ii) Cover the cost and administration of the drug for uninsured individuals that do not qualify for other state or federal health insurance programs.

(b) The authority shall study alternative models that will ease access to long-acting injectable buprenorphine products and report recommendations to the office of financial management and the appropriate committees of the legislature by October 15, 2024.

~~((127))~~ (125) \$400,000 of the general fund—state appropriation for fiscal year 2025 is provided on a one-time basis solely for the authority to enhance clinical best practices in addiction medicine across the medical field in Washington state. The authority must contract these amounts with a Washington state chapter of a national organization that provides a physician-led professional community for those who prevent, treat, and promote remission and recovery from the disease of addiction and whose comprehensive set of guidelines for determining placement, continued stay, and transfer or discharge of enrollees with substance use disorders and co-occurring disorders have been incorporated into medicaid managed care contracts. Priority for the activities established must be given to prescribers from a variety of settings including emergency rooms, primary care, and community behavioral health settings. The activities may include other licensed professionals as resources allow. At a minimum, the following activities must be supported: (a) An addiction medicine summit; (b) intermittent lunch and learn webinars that are partially presentation based and partially discussion based; and (c) establishment and operation of a mechanism for case consultation. Whenever feasible and appropriate, the activities should incorporate content specific to managing chronic pain patients.

~~((128))~~ \$561,000 of the general fund—state appropriation for fiscal year 2025 and \$184,000 of the general fund—federal appropriation are provided solely for the authority to contract for a pilot program offering digital behavioral health services to school aged youth. The authority must issue a request for interest or a request for proposals and evaluate all qualified responses before selecting a contractor. The authority must track data related to use and outcomes of the pilot project and submit a report to the office of financial management and the appropriate committees of the legislature that includes a summary of the services provided, outcomes, and recommendations related to continuation or expansion of the pilot program. The data elements and outcomes that must be tracked and reported include, but are not limited to:

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

~~(a) The number of youth provided access to the digital service through the pilot program;~~

~~(b) The number of pilot participants using the digital service;~~

~~(c) The total and average number of hours pilot participants used the digital service;~~

~~(d) Regional and demographic data on those provided access to and those using the pilot program services;~~

~~(e) The number of participants and hours of direct counseling services provided through the pilot program;~~

~~(f) The number of participant referrals to crisis services occurring through the pilot program; and~~

~~(g) User satisfaction with the pilot program services.~~

~~((129))~~ (126) \$5,000,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for bridge funding grants to community behavioral health agencies participating in federal certified community behavioral health clinic expansion grant programs to sustain their continued level of operations following expiration of federal grant funding during the planning process for adoption of the certified community behavioral health clinic model statewide.

~~((130))~~ (127) \$100,000 of the general fund—state appropriation for fiscal year 2024 and ~~(\$3,502,000)~~ \$465,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to contract for community behavioral health services to be provided at the Olympic heritage behavioral health facility pursuant to the following requirements:

(a) The authority must conduct a survey of provider interest to determine service options for operating up to 40 beds at the Olympic heritage behavioral health facility, with a target opening date of April 1, 2025.

(b) The primary focus must be addressing the needs of adults with a history or likelihood of criminal legal involvement to reduce the number of people with behavioral health or other diagnoses accessing treatment through the criminal legal system.

(c) The survey must seek information from providers, including tribal governments, interested in offering one or more, but not limited to, the following types of services:

(i) Short-term or step down residential behavioral health care, particularly for individuals who may have received treatment or services through crisis stabilization or a 23-hour crisis facility;

(ii) Residential, transitional, or supportive services that would divert individuals from the criminal legal system or emergency departments;

(iii) Substance use or co-occurring treatment, including inpatient or outpatient programming as well as programs designed for the treatment of opioid use disorder; and

(iv) Supportive and residential services for individuals in outpatient competency restoration, subject to assisted outpatient treatment orders, or released on personal recognizance while awaiting competency services.

(d) The authority must provide a summary of the survey results to the office of financial management and the appropriate committees of the legislature.

(e) Based upon a review of the survey results and in consultation with the department of social and health services, the authority must develop and submit a recommendation for approval to the office of financial management for issuing a request for proposals for specific beds to be contracted at the Olympic heritage behavioral health facility.

(f) No later than August 1, 2024, and pursuant to approval from the office of financial management, the authority must release a request for proposals for contracted services at the Olympic heritage behavioral health facility that requires applicants to provide the following information:

(i) A timeline and cost proposal for the operations of selected

services;

(ii) An explanation of how the proposal would reduce the number of individuals with behavioral health needs entering the criminal legal system; and

(iii) Additional information as identified by the authority including relevant information identified in the survey of interest.

(g) Of the amounts provided in this subsection, \$100,000 of the general fund—state appropriation for fiscal year 2024 and \$150,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the authority to implement the survey under (a) of this subsection and the request for proposals under (f) of this subsection.

~~((131))~~ (128) \$200,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the authority to provide a one-time grant to the city of Maple Valley to support a project for a community resource coordinator position for the city of Maple Valley, Tahoma school district, and the greater Maple Valley area. This amount must be used to develop programs, projects, and training that specifically address behavioral health awareness and education and facilitate access to school-based and community behavioral health resources.

~~((132))~~ \$1,000,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for establishing grants to crisis services providers to establish and expand 23-hour crisis relief center capacity in accordance with the provisions of section 33, chapter 1, Laws of 2023 sp. sess. (2E2SSB-5536).

~~((133))~~ (129) \$500,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for a one-time grant to a nonprofit organization to provide services to medicaid clients and uninsured clients in a crisis stabilization and secure withdrawal management center located in Island county.

~~((134))~~ (130) \$200,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the authority to develop and issue a request for information to identify digital technologies that can be used for supporting youth and young adult behavioral health prevention, intervention, treatment, and recovery support services. In developing the request for information, the authority must convene a panel of experts in adolescent and young adult behavioral health prevention and treatment, suicide prevention and treatment, and digital behavioral health technologies. The panel must be used to evaluate responses to the request for information and make recommendations for technologies to pursue in future agency budget requests. The authority must submit a report to the children and youth behavioral health work group established pursuant to RCW 74.09.4951, the office of financial management, and the appropriate committees of the legislature, by June 30, 2025, identifying the technologies being recommended for implementation and the associated costs for piloting and/or statewide implementation.

~~((135))~~ \$3,000,000 (131) \$2,198,000 of the opioid abatement settlement account—state appropriation is provided solely for establishing three additional health engagement hub pilot program sites in accordance with the provisions of chapter 1, Laws of 2023 sp. sess. (2E2SSB 5536). Prior to initiating another request for interest process, the authority must consider acceptable proposed projects from the request for interest survey initiated by the authority and the department of health in October 2023. In selecting proposals, the authority should consider geographic distribution across the state, and prioritize proposals that demonstrate an ability to serve communities disproportionately impacted by overdose, health issues, and other harms related to drugs, including American Indian/Alaska Native communities, Black/African American communities, Latino/Hispanic communities, Asian American and Native

Hawaiian/Pacific Islander communities, people experiencing homelessness, and communities impacted by the criminal-legal system. When determining the contracts for direct services, priority may be given to BIPOC-led organizations, including Tribes.

~~((136))~~ (132) \$1,500,000 of the opioid abatement settlement account—state appropriation is provided solely for the authority to establish high-intensity community-based teams serving people with opioid use disorder. The funding must be used to significantly increase administration of long-acting injectable buprenorphine to people at highest risk for overdose. The authority must prioritize funding to augment existing field-based teams funded with federal state opioid response grants, such as opioid treatment network, low-barrier buprenorphine, or street medicine teams to enhance low-barrier services in areas with high rates of overdose. Funding must be used to engage people with opioid use disorder in nontraditional settings such as supportive housing, shelters, and encampments to provide low-barrier, immediate, and continual care for people with opioid use disorders to initiate and maintain buprenorphine, with preferential focus on long-acting injectable buprenorphine. The authority must submit a report to the office of financial management and the appropriate committees of the legislature summarizing the implementation of this funding and identifying barriers which impact treatment access for people at high risk for overdose including, but not limited to: (a) State and federal regulations; (b) managed care provider network adequacy; (c) contracting practices between managed care organizations and behavioral health providers, including delegation arrangements with provider networks; (d) reimbursement models and rate adequacy; (e) training and technical assistance needs; and (f) other factors identified by the authority. The report must include recommendations for reducing barriers to medication for opioid use disorder, including long-acting injectable buprenorphine.

~~((137))~~ (133) \$328,000 of the general fund—state appropriation for fiscal year 2025 and \$328,000 of the general fund—federal appropriation are provided solely for the authority to ~~((contract with the University of Washington addictions, drug, and alcohol institute for implementing))~~ implement Second Substitute House Bill No. 2320 (high THC cannabis products). If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse.

~~((138))~~ (134) \$893,000 of the general fund—state appropriation for fiscal year 2025 and \$722,000 of the general fund—federal appropriation are provided solely for implementation of Second Substitute House Bill No. 1877 (behavioral health/tribes). If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse.

~~((139))~~ (135) \$900,000 of the general fund—state appropriation for fiscal year 2025 is provided solely to reimburse either King county or other legal services organizations, or both, for the cost of conducting ((180-day)) involuntary treatment act commitment hearings at ((state-operated)) facilities operating within King county. These amounts must be prioritized for the cost of conducting 180-day commitment hearings at state-operated facilities including facilities operated by the department of social and health services and the University of Washington center for behavioral health and learning. Any remaining amounts may be used to reimburse either King county or other legal services organizations for the cost of other involuntary treatment act commitment hearings provided in other facilities within King county.

~~((140))~~ (136) \$250,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the authority to contract with an entity that operates as a recovery resource center in north Kitsap county. This funding is provided

on a one-time basis and must be used by the contracting entity to expand service hours, provide recovery café services, and promote peer support and vocational, educational, and drug and alcohol-free social opportunities for the local recovery community.

~~((141))~~ (137) \$250,000 of the general fund—state appropriation for fiscal year 2024 and \$750,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a grant to a Seattle based opioid use disorder treatment provider in Seattle that experienced a severe flooding event in a clinic in January 2024. This funding is provided on a one-time basis and must be used to allow the clinic to continue to provide services by providing support for the increased per client costs resulting from temporarily delivering services to a smaller volume of clients while services are being re-established at the clinic and by supporting efforts to provide transitional services for clients in other settings while the facility is being restored.

~~((142))~~ (138) \$900,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the authority to purchase dispensing machines for distribution of naloxone, fentanyl test strips, and other public health supplies. In selecting a contractor for these machines, the authority must not provide any preference for machines that have the capacity to provide telehealth services.

~~((143))~~ ~~\$2,000,000~~ (139) \$500,000 of the opioid abatement settlement account—state appropriation is provided solely for the authority to implement a rapid methadone induction pilot program. The pilot program must provide rapid methadone induction services to clients in hospitals electing to provide these services on an inpatient basis. Of these amounts, \$250,000 is provided solely for the authority to contract for technical assistance to the hospitals participating in the pilot. The authority must contract the amounts provided for technical assistance to a Washington state chapter of a national organization that provides a physician-led professional community for those who prevent, treat, and promote remission and recovery from the disease of addiction and whose comprehensive set of guidelines for determining placement, continued stay, and transfer or discharge of enrollees with substance use disorders and co-occurring disorders have been incorporated into Washington state medicaid managed care contracts. The authority must develop procedures for incorporating this service through the apple health program including development of an amendment to the state medicaid plan or waiver if required. The authority must submit a preliminary report to the office of financial management and the appropriate committees of the legislature by June 30, 2025, which provides the status of the pilot project, identifies the mechanism that will be required to implement these services statewide through the apple health program, and provides estimates regarding the cost to implement the program statewide.

~~((144))~~ (140) \$3,700,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the authority to contract for five street medicine teams that rapidly assess and address the acute and chronic physical and behavioral health needs of homeless people. The teams must offer integrated, team-based medical, mental health, substance use, and infectious disease treatment and prevention, and navigation and case management services. One of the teams must provide services to people in Seattle and one of the teams must provide services to people in Spokane. The authority must submit a report to the office of financial management and the appropriate committees of the legislature on the implementation of this program with recommendations for maximizing leveraging of federal medicaid match and further expansion of the street medicine model by June 30, 2025. Of the amounts provided in this subsection:

(a) \$1,000,000 is provided solely for a grant to King county;

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(b) \$1,000,000 is provided solely for a grant to the city of Spokane;

(c) \$1,000,000 is provided solely for a grant to the city of Tacoma;

(d) \$500,000 is provided solely for a grant to the city of Everett; and

(e) \$200,000 is provided solely for a grant to Kitsap county.

~~((145))~~ (141)(a) \$480,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for a Washington state tribal opioid and fentanyl response task force with members as provided in this subsection:

(i) The president of the senate shall appoint one member from each of the two largest caucuses of the senate;

(ii) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives;

(iii) Each federally recognized Indian tribe in Washington state may appoint one member through tribal resolution;

(iv) The attorney general shall appoint one representative from the office of the attorney general;

(v) The superintendent of public instruction shall appoint one representative from the office of the superintendent of public instruction; and

(vi) The governor shall appoint the following members:

(A) A member of the Seattle Indian health board;

(B) A member of the NATIVE project;

(C) One member of the executive leadership team from each of the following state agencies: The health care authority; the department of children, youth, and families; the department of commerce; the department of corrections; the department of health; the department of social and health services; the governor's office of Indian affairs; and the Washington state patrol;

(D) Two indigenous members that have lived experience related to opioids or fentanyl; and

(E) Two representatives of local governments.

(b) Where feasible, the task force may invite and consult with representatives of:

(i) The federal bureau of investigation;

(ii) The offices of the United States attorneys;

(iii) Federally recognized tribes in a state adjacent to Washington state;

(iv) Tribal organizations with specific expertise including but not limited to tribal sovereignty, jurisdiction, cultural practices, and data; and

(v) Any experts or professionals having expertise in the topics of prevention, treatment, harm reduction, and recovery support related to opioids or fentanyl in federal, tribal, and/or state jurisdiction.

(c)(i) The legislative members must convene the initial meeting of the task force no later than August 1, 2024. Thereafter, the task force shall meet at least quarterly.

(ii) The task force must be cochaired by one legislative member and four tribal leader members selected by members of the task force at the first meeting.

(iii) The task force shall convene one summit in fiscal year 2025 with the state agencies identified in (a)(vi) of this subsection, federally recognized Indian tribes in Washington state, federally recognized tribes located in a state adjacent to Washington state, urban Indian organizations, and tribal organizations.

(d)(i) Of the amounts provided in this subsection, \$295,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the authority to contract with the American Indian health commission, as defined in RCW 43.71B.010, to

provide support for the Washington state tribal opioid and fentanyl response task force, committees, and work groups and to organize the annual summit, and oversee the development of the task force reports. The American Indian health commission may, when deemed necessary by the task force, retain consultants to provide data analysis, research, recommendations, and other services to the task force for the purposes provided in (e) of this subsection. The amounts within this subsection (d)(i) shall be used for the costs of meetings, the annual summit, American Indian health commission staff support, consultants as deemed necessary, and for stipends pursuant to (d)(v) of this subsection.

(ii) Of the amounts provided in this subsection, \$100,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the authority to contract with tribes and urban Indian health organizations to provide stipends for participation and attendance at task force and committee meetings.

(iii) Of the amounts provided in this subsection, \$85,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the authority to support the Washington state tribal opioid and fentanyl response task force.

(iv) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Except as provided under (d)(v) of this subsection, any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(v) Subject to the provisions of RCW 43.03.220, eligible task force members may be provided a stipend in an amount not to exceed \$200 and other expenses for each day during which the member attends an official meeting of the task force.

(e)(i) The task force shall review the laws and policies relating to opioid and fentanyl use, illicit sale of opioids and fentanyl, jurisdictional authority, tribal exclusionary authority, and any related impacts affecting American Indian and Alaska Native people. The task force shall develop recommendations including legislative and executive policy changes and budget initiatives for the purpose of addressing priority areas identified at the first annual Washington state tribal opioid and fentanyl summit in May of 2023 in the overarching topic areas of justice; prevention, treatment, and recovery; housing and homelessness; and community and family as well as additional topic areas included in subsequent summits.

(ii) The task force may create subgroups and work with existing state or tribal work groups to develop recommendations to the task force on each of the topics listed in (e)(i) of this subsection.

(iii) The task force, with the assistance of the American Indian health commission and the authority, must submit a status report including any initial findings, recommendations, and progress updates to the governor and the appropriate committees of the legislature by June 30, 2025. The report shall include but is not limited to recommendations related to proposed new statutes or amendment of current statutes, proposed executive branch action items or regulatory changes, and proposed funding and budget requests. To the extent possible, the report may include fiscal analysis related to the cost of implementing specific recommendations.

~~((146))~~ (142)(a) \$250,000 of the general fund—state appropriation for fiscal year 2025 and \$250,000 of the general fund—federal appropriation are provided solely for the authority to continue work on the behavioral health comparison rate project, including:

(i) Developing phase 3 comparison rates for all major medicaid managed care behavioral health services not addressed in phase 1

or phase 2 of the behavioral health comparison rates project or through other work streams; and

(ii) Preparing to implement a minimum fee schedule for behavioral health services, including developing solutions to resolve any current data and systems limitations.

(b) By December 31, 2024, the authority must provide a preliminary report to the office of financial management and appropriate committees of the legislature that:

(i) Estimates the cost and other impacts to fee for service and managed care programs of establishing a minimum fee schedule effective January 1, 2026, based on the comparison rates developed as part of phase 1 and phase 2 of the behavioral health comparison rates project;

(ii) Identifies any data or other limitations that need to be resolved, and plans for addressing those limitations including funding needs if any, to implement the minimum fee schedule by January 1, 2026;

(iii) Provides additional analysis of variation between the comparison rates and current payment levels at a service and regional level;

(iv) Describes how the authority plans to propose to the legislature implementation of the phase 1 and phase 2 minimum fee schedule by January 1, 2026, to better match medicaid payments to the cost of care; and

(v) Outlines options to periodically update the behavioral health fee schedules.

(c) By October 1, 2025, the authority must provide a final report to the office of financial management and appropriate committees of the legislature that:

(i) Summarizes the new comparison rates developed as part of phase 3;

(ii) Updates comparison rates developed in phase 1 and phase 2 for new salary and wage information based on most current bureau of labor statistics data;

(iii) Estimates the cost and other impacts to fee for service and managed care of incorporating additional behavioral health services developed as part of phase 3 of the behavioral health comparison rates project into a minimum fee schedule effective January 1, 2027;

(iv) Identifies planned actions and funding needs if any to resolve any remaining limitations to implement the phase 3 minimum fee schedule by January 1, 2027;

(v) Provides additional analysis of variation between the comparison rates developed as part of phase 3 and current payment levels at a service and regional level; and

(vi) Describes how the authority plans to propose to the legislature implementation of the phase 3 minimum fee schedule by January 1, 2027, to better match medicaid payments to the cost of care.

(d) It is the intent of the legislature to continue funding the study in the 2025-2027 fiscal biennium, with a final report due by October 1, 2025.

~~((147))~~ (143) \$750,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the authority to provide support to behavioral health agencies interested in establishing occupational therapy services for behavioral health clients. This funding must be used for establishing and integrating occupational therapy into behavioral health agency programs and operations. Funding may be used for occupational therapist and occupational therapy assistant services, recruitment, training, technical assistance, fieldwork opportunities, and for other approved activities targeted to increase access to occupational therapy services within behavioral health agency settings. The authority must submit a preliminary report to the legislature on the number of patients receiving occupational therapy through this initiative, the

programs in which services were provided, and the number and type of fieldwork students trained in each participating behavioral health agency program by June 30, 2025.

~~((148))~~ (144)(a) ~~(((\$39,101,000))~~ \$58,966,000 of the general fund—state appropriation for fiscal year 2025 and ~~(((\$33,435,000))~~ \$48,595,000 of the general fund—federal appropriation are provided solely for the authority to implement supportive supervision and oversight services pursuant to a 1915(i) state plan amendment that is assumed to be effective on July 1, 2024. This reflects a change in purchasing structure and a transition of clients from behavioral health personal care services to the new services established under the 1915(i) state plan amendment. For medicaid clients enrolled in managed care, the authority must contract for these services through managed care organizations utilizing an actuarially sound rate structure as established by the authority and approved by the centers for medicare and medicaid services. The authority may not implement a skills development and restoration benefit until funding is provided for that specific purpose.

(b) Of the amounts provided in this subsection, ~~(((\$24,661,000))~~ \$33,893,000 of the general fund—state appropriation for fiscal year 2025 and ~~(((\$26,931,000))~~ \$37,013,000 of the general fund—federal appropriation are for implementing supportive supervision and oversight services in adult family home settings in accordance with and contingent upon execution of the collective bargaining agreement negotiated between the state and the adult family homes and referenced in part IX of this act.

(c) Of the amounts provided in this subsection, ~~(((\$5,611,000))~~ \$10,262,000 of the general fund—state appropriation for fiscal year 2025 and ~~(((\$6,128,000))~~ \$11,207,000 of the general fund—federal appropriation are for implementing supportive supervision and oversight services in assisted living or enhanced services facility settings.

(d) Of the amounts provided in this subsection, ~~(((\$8,453,000))~~ \$14,435,000 is for managed care organizations to provide reimbursement for the state share of exceptional behavioral health personal care services for individuals who have not transitioned into the new 1915(i) state plan services.

(e) Of the amounts provided in this subsection, \$376,000 of the general fund—state appropriation for fiscal year ~~((2024))~~ 2025 and \$376,000 of the general fund—federal appropriation is for administrative costs associated with implementation of the new 1915(i) state plan.

(f) ~~((In the event that either the 1915(i) state plan amendment is not approved by the center for medicaid and medicare services or the collective bargaining agreement negotiated between the state and the adult family homes as referenced in part IX of this act is not executed in fiscal year 2025, then from the amounts provided in (a) of this subsection, up to \$23,850,000 of the general fund—state appropriation for fiscal year 2025 may be used for the authority to continue the reimbursement structure for behavioral health personal care services in place during fiscal year 2024.~~

~~((g))~~ Within the amounts provided in this subsection, the authority must assure that managed care organizations reimburse the department of social and health services aging and long term support administration for the general fund—state cost of exceptional behavioral health personal care services for medicaid enrolled individuals who require these services because of a psychiatric disability.

~~((149))~~ (145) \$200,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the authority to contract with a nonprofit organization to provide education on innovative care for individuals with mental illnesses. The contracting organization must:

(a) Have experience holding mental health focused summits

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

that bring together provider, advocacy communities, and other stakeholders; and in distributing mental health first aid manuals and online resources for mental health curricula;

(b) Have a mission to (i) create an environment through education to eliminate stigma around mental illness; (ii) help to boost effectiveness of current treatment pathways through proactive care coordination and management; (iii) aid efforts in psychiatric research and innovations; and (iv) identify and elevate systems of excellence; and

(c) Use this funding to support initiatives related to the distribution of mental health curricula and training manuals, and innovation in the identification and treatment of individuals with mental illnesses.

~~((150))~~ (146) \$282,000 of the general fund—state appropriation for fiscal year 2025 and \$253,000 of the general fund—federal appropriation are provided solely for implementation of Engrossed Second Substitute Senate Bill No. 6251 (behavioral crisis coord.). If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse.

~~((151))~~ (147) \$611,000 of the general fund—state appropriation for fiscal year 2025 and \$462,000 of the general fund—federal appropriation are provided solely for implementation of Second Substitute Senate Bill No. 6228 (substance use treatment). If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse.

~~((152))~~ (148) \$248,000 of the general fund—state appropriation for fiscal year 2025 and \$213,000 of the general fund—federal appropriation are provided solely for implementation of Second Substitute Senate Bill No. 5660 (mental health adv directives). If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse.

(9) \$30,000 of the general fund—state appropriation for fiscal year 2024 and \$30,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for additional grants to local jurisdictions to investigate instances where a purchase or transfer of a firearm was attempted by an individual who is prohibited from owning or possessing a firearm.

(10) \$2,500,000 of the general fund—state appropriation for fiscal year 2024 and \$2,500,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the criminal justice training commission to provide grant funding to local law enforcement agencies to support law enforcement wellness programs. Of the amount provided in this subsection:

(a) \$1,500,000 of the general fund—state appropriation for fiscal year 2024 and \$1,500,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the commission to provide grants to local law enforcement and corrections agencies for the purpose of establishing officer wellness programs. Grants provided under this subsection may be used for, but not limited to building resilience, injury prevention, peer support programs, physical fitness, proper nutrition, stress management, suicide prevention, and physical or behavioral health services. The commission must consult with a representative from the Washington association of sheriffs and police chiefs and a representative of the Washington state fraternal order of police and the Washington council of police and sheriffs in the development of the grant program.

(b) \$1,000,000 of the general fund—state appropriation for fiscal year 2024 and \$1,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the Washington association of sheriffs and police chiefs to establish and coordinate an online or mobile-based application for any Washington law enforcement officer; 911 operator or dispatcher; and any other current or retired employee of a Washington law enforcement agency, and their families, to anonymously access on-demand wellness techniques, suicide prevention, resilience, physical fitness, nutrition, and other behavioral health and wellness supports.

(11) \$290,000 of the general fund—state appropriation for fiscal year 2024 and \$290,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for academy training for limited authority Washington peace officers employed by the Washington state gambling commission, Washington state liquor and cannabis board, Washington state parks and recreation commission, department of natural resources, and the office of the insurance commissioner.

(a) Up to 30 officers must be admitted to attend the basic law enforcement academy and up to 30 officers must be admitted to attend basic law enforcement equivalency academy.

(b) Allocation of the training slots amongst the agencies must be based on the earliest application date to the commission. Training does not need to commence within six months of employment.

(c) The state agencies must reimburse the commission for the actual cost of training.

(12) \$6,987,000 of the general fund—state appropriation for fiscal year 2024 and ~~(((\$4,968,000))~~ \$4,212,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to establish and provide basic law enforcement academy classes at three new regional training academies, one in Pasco, one in

Snohomish county, and one in Clark county. Funding in this subsection is sufficient for 75 percent of the costs of providing six classes (~~((per year beginning))~~) in fiscal year 2024 and 100 percent of the costs of providing five classes in fiscal year 2025. The criminal justice training commission must schedule its funded classes to minimize wait times throughout each fiscal year and meet statutory wait time requirements. The criminal justice training commission must track and report the average wait time for students at the beginning of each class and provide the findings in an annual report to the legislature due in December of each year. The ~~((six))~~ classes ~~((per year))~~ in this subsection are in addition to the classes in subsection (2) of this section.

(13) \$120,000 of the general fund—state appropriation for fiscal year 2024 and \$30,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the criminal justice training commission to develop plans for increasing training capacity. The planning process should include engagement with limited law enforcement agencies, tribal law enforcement representatives, and local law enforcement agencies and representatives. The criminal justice training commission will provide recommendations to the governor and the appropriate committees of the legislature in a preliminary report due November 15, 2023, and in a final report due September 30, 2024. The reports should include the following:

(a) Identifying the demand for additional basic law enforcement academy courses to support law enforcement agencies and develop a proposal to meet any identified training needs, including basic law enforcement academy and advanced training needs;

(b) A plan for how to provide basic law enforcement academy training to limited law enforcement officers and tribal law enforcement officers, including providing additional capacity for training classes. The plan should also consider alternatives for distribution of the costs of the training course; and

(c) A plan for providing at least two basic law enforcement training academy classes per year to candidates who are not yet employed with a law enforcement agency. The plan should, at a minimum, include the following:

(i) A recruitment strategy that emphasizes recruitment of diverse candidates from different geographic areas of the state; diverse race, ethnicity, gender, and sexual orientation; and candidates with diverse backgrounds and experiences including nontraditional educational programs or work experience;

(ii) Pathways from training to employment with a law enforcement agency; and

(iii) Plans to address capacity for and delivery of training.

(14) \$1,000,000 of the general fund—state appropriation for fiscal year 2024 and \$1,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the criminal justice training commission to provide accreditation incentive awards.

(a) The commission may provide an accreditation incentive award totaling up to \$50,000 to each law enforcement agency that receives an accreditation during the fiscal biennium from a national or state accrediting entity recognized by the commission. The commission must divide award amounts provided pursuant to this section equally among qualifying law enforcement agencies. A law enforcement agency may not receive more than one accreditation incentive award per fiscal biennium. Funds received by a law enforcement agency pursuant to this subsection must be made available to the law enforcement agency to which they are awarded and may not supplant or replace existing funding received by the law enforcement agency.

(b) The commission must submit a report to the legislature by June 30th of each fiscal year during the biennium that lists each law enforcement agency that received an accreditation incentive

The report shall include analysis of patient data, describing the characteristics of patients who are maintained on chronic opioids and their clinical needs, and a preliminary evaluation of potential interventions to improve care and reduce harms in this population.

(11) \$1,363,000 of the medical aid account—state appropriation is provided solely to improve access to medical and vocational providers of the workers' compensation program by expanding the use of navigators to recruit and assist providers in underserved communities and by ensuring access to high quality and reliable interpreter services.

(12) \$3,000,000 of the workforce education investment account—state appropriation, \$1,870,000 of the accident account—state appropriation, and \$330,000 of the medical aid account—state appropriation are provided solely for the department, in coordination with the Washington state apprenticeship council, to administer grants to continue the growth of behavioral health apprenticeship programs. Grants may be awarded for provider implementation costs, apprentice tuition and stipend costs, curriculum development, and program

administration. Grant awardees must use a minimum of one-half of amounts provided to compensate behavioral health providers for employer implementation costs including mentor wage differentials, related instruction wages, and administrative costs. In awarding this funding, special preference must be given to entities with experience in implementation of behavioral health sector apprenticeships and labor-management partnerships. By June 30, 2024, and June 30, 2025, grantees must report to the department on the number of individuals that were recruited and upskilled in the preceding fiscal year. The department may use up to five percent of the amount provided in this subsection for administration of these grants.

(13) \$1,000,000 of the workforce education investment account—state appropriation is provided solely for the department, in coordination with the Washington state apprenticeship training council, to administer grants to address the behavioral health workforce shortage through behavioral health preapprenticeship and behavioral health entry level training, including nursing assistant certified programs. Grants may cover program costs including, but not limited to, provider implementation costs, apprentice tuition and stipend costs, curriculum development, and program administration. In awarding this funding, special preference must be given to entities with experience in implementation of behavioral health sector apprenticeships and labor-management partnerships. By June 30, 2024, and June 30, 2025, grantees must report to the department on the number of individuals that were recruited and upskilled in the preceding fiscal year. The department may use up to five percent of the amount provided in this subsection for administration of these grants.

(14)(a) \$300,000 of the workforce education investment account—state appropriation is provided solely for certified construction trade preapprenticeship programs that use a nationally approved multicraft curriculum and emphasize construction math, tool use, job safety, equipment, life skills, and financial literacy. The preapprenticeship programs should focus on disadvantaged, nontraditional, and underrepresented populations, and on populations reentering the community from incarceration and homelessness. Funding provided in this subsection may be used to:

(i) Provide incentives for participation in preapprenticeship programs, such as covering program costs, providing stipends to preapprentices, or covering the costs of construction tools; or

(ii) Address barriers for participation in preapprenticeship programs, such as covering costs of child care or transportation, or facilitating interviews for apprenticeship programs.

(b) The department may use up to five percent of the amount provided in (a) of this subsection for administration of these grants.

(15)(a) \$400,000 of the workforce education investment account—state appropriation is provided solely for grants to nonprofit organizations to:

(i) Expand meatcutter registered apprenticeship and preapprenticeship programs to new locations; or

(ii) Develop a new fishmonger registered apprenticeship program.

(b) Grants awarded under this subsection may be used for:

(i) Equipment upgrades or new equipment purchases for training purposes;

(ii) New training space and lab locations to support the expansion and establishment of apprenticeship and preapprenticeship training in new locations;

(iii) Curriculum development, including the creation of elearning content, and instructor training for apprenticeship and preapprenticeship instructors;

(iv) Tuition assistance for apprentices in registered

apprenticeship programs accredited by a community or technical college;

(v) Stipends for preapprentices; and

(vi) Apprenticeship and preapprenticeship coordination and administration services.

(c) An entity is eligible to receive a grant under this subsection if it is a nonprofit organization that administers or directly provides apprenticeship and preapprenticeship training opportunities, overseen by a committee with at least one labor union and one employer representative or with an active program with participation of both labor union and employer partners, for retail meatcutters and/or fishmongers.

(d) The department may use up to five percent of the amount provided in this subsection for administration of these grants.

(16) \$12,000,000 of the workforce education investment account—state appropriation is provided solely for the department to distribute funding to multiemployer nonprofit programs providing apprenticeship education and job training for general journey level (01) electricians to increase funding for related supplemental instruction costs. Funding shall be allocated to programs by formula based on delivered related supplemental instruction hours for active apprentices under chapter 49.04 RCW and operating in compliance for administrative procedures. If a program is partnered with a Washington community or technical college to deliver the related supplemental instruction, the program may apply for up to a 25 percent increase in allocated funding based on the level of contracted support provided by the college. The department may use up to five percent of the amount provided in this subsection for administration of these grants.

(17) \$873,000 of the accident account—state appropriation and \$883,000 of the medical aid account—state appropriation are provided solely for the creation of the center for work equity research. The center will study and systematically address employer and employment factors that place historically marginalized workers at increased risk for work-related injuries and illnesses and social and economic hardship.

(18) \$2,908,000 of the public works administration account—state appropriation is provided solely for system improvements to the prevailing wage program information technology system. This project is subject to the conditions, limitations, and review provided in section 701 of this act.

(19) \$205,000 of the general fund—state appropriation for fiscal year 2024 and \$205,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to continue conducting a four-year retention study of state registered apprentices as provided in chapter 156, Laws of 2022 (apprenticeship programs). The study shall include the collection of data from all apprentices three months into their apprenticeship to understand challenges and barriers they face towards program participation. The aggregate data by trade must be displayed on a publicly available dashboard. Study data must be provided with apprenticeship coordinators to implement an early response to connect apprentices with needed supports. The department shall submit an annual report to the governor and appropriate legislative committees on June 30, 2024 and June 30, 2025.

(20) \$3,500,000 of the workforce education investment account—state appropriation is provided solely to administer a grant program intended to provide wraparound support services to mitigate barriers to beginning or participating in apprenticeship programs as described in chapter 156, Laws of 2022. Up to five percent of the total funding provided in this subsection may be used to cover administrative expenses.

(21) \$1,798,000 of the accident account—state appropriation and \$960,000 of the medical aid account—state appropriation are provided solely to expand access to worker rights and safety information for workers with limited English proficiency (LEP)

Sec. 1219. 2024 c 376 s 221 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF VETERANS AFFAIRS

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(1) The appropriations in this section are subject to the following conditions and limitations:

(a) The department of veterans affairs shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys that are unrelated to the coronavirus response and not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys that are unrelated to the coronavirus response, those moneys must be spent for services authorized in this act or in any other legislation that provides appropriation authority, and an equal amount of appropriated state moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(b) Each year, there is fluctuation in the revenue collected to support the operation of the state veteran homes. When the department has foreknowledge that revenue will decrease, such as from a loss of census or from the elimination of a program, the legislature expects the department to make reasonable efforts to reduce expenditures in a commensurate manner and to demonstrate that it has made such efforts. In response to any request by the department for general fund—state appropriation to backfill a loss of revenue, the legislature shall consider the department's efforts in reducing its expenditures in light of known or anticipated decreases to revenues.

The appropriations in this section are subject to the following conditions and limitations:

(1) The department of health shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department of health and the state board of health shall not implement any new or amended rules pertaining to primary and secondary school facilities until the rules and a final cost estimate have been presented to the legislature, and the legislature has formally funded implementation of the rules through the omnibus appropriations act or by statute. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal

funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation that provides appropriation authority, and an equal amount of appropriated state moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(2) During the 2023-2025 fiscal biennium, each person subject to RCW 43.70.110(3)(c) is required to pay only one surcharge of up to \$25 annually for the purposes of RCW 43.70.112, regardless of how many professional licenses the person holds.

(3) In accordance with RCW 43.70.110 and 71.24.037, the department is authorized to adopt license and certification fees in fiscal years 2024 and 2025 to support the costs of the regulatory program. The department's fee schedule shall have differential rates for providers with proof of accreditation from organizations that the department has determined to have substantially equivalent standards to those of the department, including but not limited to the joint commission on accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, and the council on accreditation. To reflect the reduced costs associated with regulation of accredited programs, the department's fees for organizations with such proof of accreditation must reflect the lower costs of licensing for these programs than for other organizations which are not accredited.

(4) Within the amounts appropriated in this section, and in accordance with RCW 70.41.100, the department shall set fees to include the full costs of the performance of inspections pursuant to RCW 70.41.080.

(5) In accordance with RCW 43.70.110 and 71.24.037, the department is authorized to adopt fees for the review and approval of mental health and substance use disorder treatment programs in fiscal years 2024 and 2025 as necessary to support the costs of the regulatory program. The department's fee schedule must have differential rates for providers with proof of accreditation from organizations that the department has determined to have substantially equivalent standards to those of the department, including but not limited to the joint commission on accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, and the council on accreditation. To reflect the reduced costs associated with regulation of accredited programs, the department's fees for organizations with such proof of accreditation must reflect the lower cost of licensing for these programs than for other organizations which are not accredited.

(6) The health care authority, the health benefit exchange, the department of social and health services, the department of health, the department of corrections, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that projects are planned for in a manner that ensures the efficient use of state resources, supports the adoption of a cohesive technology and data architecture, and maximizes federal financial participation. The work of the coalition and any project identified as a coalition project is subject to the conditions,

~~((146))~~ (145) \$400,000 of the opioid abatement settlement account—state appropriation is provided solely for the department to provide increased support for emergency medical services and fire departments in their opioid overdose prevention efforts, including naloxone leave-behind programs, overdose response communications, and staffing costs for community-based paramedics serving as navigators for education, resource, and follow-up supports.

~~((147))~~ (146) \$56,000 of the general fund—state appropriation for fiscal year 2024 and \$1,107,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for additional staffing and contracted services for the health disparities council.

~~((148))~~ (147) \$400,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for a grant to

a community organization located in King county that specializes in building a health care workforce equipped to meet the needs of Black, people of color, indigenous, LGBTQIA+ and other marginalized communities and addressing identified gaps through recruitment and training initiatives and research. This funding will support the development and execution of recruitment strategies, human resources systems, and administrative systems that address health care workforce gaps of primary care and mental health providers.

~~((149))~~ (148) \$83,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the development of an in-home services road map to help individuals assess their in-home services needs and locate providers to serve those needs in their communities. The department must work in consultation with appropriate stakeholders, including but not limited to the department of social and health services. The department must complete the document and make hard copies available for distribution no later than June 30, 2025.

~~((150))~~ (149)(a) \$300,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department to collaborate with the department of commerce to assess the need for and feasibility of a statewide low-income assistance program for water utility customers. The study must include, but is not limited to:

(i) A summary of existing local, state, and federal low-income assistance;

(ii) A review of low-income populations' water utility service cost burden; and

(iii) Recommendations for the design of a statewide drinking water and wastewater utility assistance program, which must include:

(A) Ongoing data collection on water-related assistance need of households;

(B) Intake coordination and data sharing across statewide programs serving low-income households;

(C) Program eligibility;

(D) Multilingual services;

(E) Outreach and community engagement;

(F) Program administration;

(G) Funding; and

(H) Reporting.

(b) Before commencing the study, the department of health and the department of commerce must convene a stakeholder group to advise the agencies throughout the study. The stakeholder group must include representatives from the governor's office, low-income advocates, wastewater system operators, drinking water system operators, and other interested parties.

(c) By June 30, 2025, the department must submit the study to the appropriate committees of the legislature.

~~((151))~~ (150) \$2,000,000 of the opioid abatement settlement account—state appropriation is provided solely for the department to administer grants to local health jurisdictions for opioid and fentanyl awareness, prevention, and education campaigns.

~~((152))~~ (151)(a) \$750,000 of the opioid abatement settlement account—state appropriation is provided solely for the department to contract with the Tacoma-Pierce county health department to develop a comprehensive model toolkit that includes prevention, education, awareness, and policy strategies to address local opioid and fentanyl crisis response needs.

(b) The elements of the toolkit must:

(i) Be based upon evidence-based research;

(ii) Include community or participatory approaches and policy, systems, and environment strategies; and

(iii) Be in alignment with the state opioid response plan.

~~((153) \$400,000))~~ (152) \$341,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department to support local health jurisdictions, community-based organizations, and tribes in opioid-related harm reduction, care linkage, and prevention work.

~~((154))~~ (153)(a) \$745,000 of the opioid abatement settlement account—state appropriation is provided solely for the purchase of naloxone and fentanyl test strips, for distribution to high schools and public institutions of higher education.

(b) Of the amount provided in this subsection, \$345,000 of the opioid abatement settlement account—state appropriation is provided solely for the department for the purchase and distribution of naloxone administered by nasal inhalation for barrier-free and cost-free distribution to high school students. The department shall utilize and expand, as necessary, its existing bulk purchasing and distribution arrangements with educational service districts, which shall distribute further to high schools.

(i) The department shall enter into agreements with educational service districts and school districts to prioritize distribution to high school juniors and seniors.

(ii) The naloxone must be made available to students via health offices or vending or other machines, to promote confidence that a student may bring naloxone home, to provide anonymity for access, and to prevent any tracking of which students obtain naloxone.

(iii) Information on how naloxone is administered and how to recognize an opioid overdose must be made available to all students.

(iv) The department may prioritize distribution to districts and schools with a higher prevalence of opioid use and overdoses, based on data, including the healthy youth survey.

(c) Of the amount provided in this subsection, \$400,000 of the opioid abatement settlement account—state appropriation is provided solely for the department for the purchase of naloxone administered by nasal inhalation and fentanyl test strips for barrier-free and cost-free distribution to students at public institutions of higher education, with the goal of distributing naloxone kits to five percent of enrolled students.

~~((155))~~ (154) \$133,000 of the opioid abatement settlement account—state appropriation is provided solely for the department to maintain a supply of naloxone in public libraries for emergency response. This funding may be used:

- (a) To supply naloxone directly to libraries; or
- (b) As pass-through grants to libraries, for:
 - (i) The development of partnerships with local public health agencies or other governmental entities;
 - (ii) Purchases, delivery, and replacements of naloxone supply;
 - (iii) Training employees; or
 - (iv) Other activities and items that would ensure the availability of naloxone in the library.

~~((156) \$154,000))~~ (155) \$86,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for staffing to support a new office of tribal policy at the department.

~~((157) \$4,000,000))~~ (156) \$1,105,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department for enhanced opioid and fentanyl data dashboards and data systems, to provide a centralized place for local data gathering efforts to be collected, analyzed, and used in larger collaborative efforts. The data dashboards and systems must support use by state, local, public, and private partners in making strategic decisions on program implementation, emergency response, and regional coordination. Examples of data that may be better collected and used include public naloxone access, naloxone use data, mapping for overdoses, and related public health trends. The data dashboards and systems may include a data collection, evaluation, and usage plan for the state opioid and

overdose response plan.

~~((158) \$1,500,000))~~ (157) \$1,450,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department to stabilize and expand community-based harm reduction programs that provide evidence-based interventions, care navigation, and services, such as prevention of bloodborne infections, increasing naloxone access, and connecting people to resources and services.

~~((159))~~ (158)(a) \$750,000 of the general fund—state appropriation for fiscal year 2025 is provided solely to review and update the rules for school environmental health and safety. The state board of health and the department shall conduct the review in collaboration with a multi-disciplinary technical advisory committee. The proposed new rules shall establish the minimum statewide health and safety standards for schools. The state board of health shall consider the size of school districts, regional cost differences, the age of the schools, the feasibility of implementing the proposed rules by section or subject area, and any other variables that may affect the implementation of the rules. In developing proposed rules, the state board of health shall:

(i) Convene and consult with an advisory committee consisting of, at minimum, representatives from:

- (A) The office of the superintendent of public instruction;
- (B) Small and large school districts;
- (C) The Washington association of school administrators;
- (D) The Washington state school directors' association;
- (E) The Washington association of maintenance and operations administrators; and
- (F) The Washington association of school business officials;

(ii) After the development of the draft rules, the state board of health shall meet at least one time with the advisory committee and provide the opportunity for the advisory committee to comment on the draft rules;

(iii) Collaborate with the office of the superintendent of public instruction and develop a fiscal analysis regarding proposed rules that considers the size of school districts, regional cost differences, the age of the schools, range of costs for implementing the proposed rules by section or subject area, and any other variables that may affect costs as identified by the advisory committee; and

(iv) Assist the department in completing environmental justice assessments on any proposed rules.

(b) The office of the superintendent of public instruction, the department, the state board of health, the advisory committee, and local health jurisdictions shall work collaboratively to develop and provide a report to the office of the governor and appropriate committees of the legislature by June 30, 2025, detailing prioritized sections or subject areas of the proposed rules that will provide the greatest health and safety benefits for students, the order in which they should be implemented, and any additional recommendations for implementation.

~~((160))~~ (159) \$100,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department as pass-through funding for an organization in Pierce county with expertise in dispute resolution to convene a work group on oral health equity. The work group:

(a) Must include representatives from community-based organizations, dental providers, medical providers, federally qualified health centers, tribal dental clinics, oral health foundations, and public health and water systems;

(b) Shall review the findings from the department's oral health equity assessment, identify the communities in Washington experiencing the greatest oral health disparities, identify communities that should be prioritized for outreach and community water fluoridation efforts, and develop recommendations for how to partner with communities to address

Sec. 1221. 2024 c 376 s 223 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF CORRECTIONS

(1)(a) The health care authority, the health benefit exchange, the department of social and health services, the department of health, the department of corrections, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multiorganization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient

use of state resources and maximizes federal financial participation. The work of the coalition and any project identified as a coalition project is subject to the conditions, limitations, and review provided in section 701 of this act.

(b) The appropriations to the department of corrections in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, ~~((2024))~~ 2025, after approval by the director of financial management and unless specifically prohibited by this act, the department may transfer general fund—state appropriations for fiscal year ~~((2024))~~ 2025 between programs. The department may not transfer funds, and the director of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any deviations from appropriation levels. The written notification must include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(c) Within existing resources, and based on the budget structure changes in policy transfers included in the 2025-2027 fiscal biennium omnibus operating appropriations act, chapter . . . , Laws of 2025 (Engrossed Substitute Senate Bill No. 5167), the department of corrections must:

(i) Provide a narrative description of change to include how this change will affect the availability and understanding of budget and accounting information for policy makers and the public;

(ii) Provide a crosswalk that displays details within the affected programs in the existing structure compared to the proposed structure;

(iii) Provide a comparison of the current structure to the proposed structure that must compare the current total estimated biennial expenditures and FTEs for all programs, before and after the proposed changes; and

(iv) Complete and submit a 10-year restructure of historical data.

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The department may contract for local jail beds statewide to the extent that it is at no net cost to the department. The department shall calculate and report the average cost per offender per day, inclusive of all services, on an annual basis for a facility that is representative of average medium or lower offender costs. The department shall not pay a rate greater than \$85 per day per offender excluding the costs of department of corrections provided services, including evidence-based substance abuse programming, dedicated department of corrections classification staff on-site for individualized case management, transportation of offenders to and from department of corrections facilities, and gender responsive training for jail staff. The capacity provided at local correctional facilities must be for offenders whom the department of corrections defines as close medium or lower security offenders. Programming provided for offenders held in local jurisdictions is included in the rate, and details regarding the type and amount of programming, and any conditions regarding transferring offenders must be negotiated with the department as part of any contract. Local jurisdictions must provide health care to offenders that meets standards set by the department. The local jail must provide all medical care including unexpected emergent care. The department must utilize a screening process to ensure that offenders with existing extraordinary medical/mental health needs are not transferred to local jail facilities. If extraordinary medical conditions develop for an inmate while at a jail facility, the jail may transfer the offender back to the department, subject to terms of the negotiated agreement. Health care costs incurred prior to transfer are the responsibility of the jail.

(b) \$671,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for the department to maintain the facility, property, and assets at the institution formerly known as the maple lane school in Rochester.

Sec. 1224. 2024 c 376 s 226 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF CHILDREN, YOUTH, AND FAMILIES—GENERAL

(1)(a) The appropriations to the department of children, youth, and families in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of children, youth, and families shall initially be allotted as required by this act. The department shall seek approval from the office of financial management prior to transferring moneys between sections of this act except as expressly provided in this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that

purpose. However, after May 1, ((2024)) 2025, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year ((2024)) 2025 among programs after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ((2024)) 2025 caseload forecasts and utilization assumptions in the foster care, adoption support, child protective services, working connections child care, and juvenile rehabilitation programs, the department may transfer appropriations that are provided solely for a specified purpose.

(2) The health care authority, the health benefit exchange, the department of social and health services, the department of health, the department of corrections, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that projects are planned for in a manner that ensures the efficient use of state resources, supports the adoption of a cohesive technology and data architecture, and maximizes federal financial participation.

(3) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department are subject to technical oversight by the office of the chief information officer.

Strategies may include, but are not limited to, increasing mileage reimbursement for providers, offering transportation-only contract options, and mechanisms to reduce the level of parent-child supervision when doing so is in the best interest of the child. The department shall report to the office of financial management and the relevant fiscal and policy committees of the legislature regarding these strategies by September 1, 2023. The report shall include the number and percentage of parents requiring supervised visitation and the number and percentage of parents with unsupervised visitation, prior to reunification.

(33) \$499,000 of the general fund—state appropriation for fiscal year 2024, \$499,000 of the general fund—state appropriation for fiscal year 2025, and \$310,000 of the general fund—federal appropriation are provided solely for implementation of Second Substitute House Bill No. 1204 (family connections program), which will support the family connections program in areas of the state in which the program is already established. To operate the program, the department must contract with a community-based organization that has experience working with the foster care population and administering the family connections program.

(34) \$2,020,000 of the general fund—state appropriation for fiscal year 2024, \$1,894,000 of the general fund—state appropriation for fiscal year 2025, and \$1,247,000 of the general fund—federal appropriation are provided solely to increase the basic foster care maintenance rate for all age groups and the supervised independent living subsidy for youth in extended foster care each by \$50 per youth per month effective July 1, 2023.

(35) \$30,000 of the general fund—state appropriation for fiscal year 2024 and \$300,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to contract with a Bellevue-based nonprofit organization to support the continuation of its home visiting services for children ages three through five years old who are in the child welfare system. The nonprofit organization must provide educational and therapeutic services for children with developmental delays, disabilities, and behavioral needs.

(36) \$375,000 of the general fund—state appropriation for fiscal year 2024 and \$375,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a contract with a Washington state mentoring organization to provide oversight and training for a pilot program that mentors foster youth. The goal of the program is to improve outcomes for youth in foster care by surrounding them with ongoing support from a caring adult mentor. Under the program, mentors provide a positive role model and develop a trusted relationship that helps the young person build self-confidence, explore career opportunities, access their own resourcefulness, and work to realize their fullest potential. The organization shall serve as the program administrator to provide grants to nonprofit organizations based in Washington state that meet department approved criteria specific to mentoring foster youth. Eligible grantees must have programs that currently provide mentoring services within the state and can provide mentors who provide one-to-one services to foster youth, or a maximum ratio of one mentor to three youth.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(37) \$1,100,000 of the general fund—state appropriation for fiscal year 2024 and \$1,400,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a grant to a nonprofit organization in Spokane that has experience administering a family-centered drug treatment and housing program for families experiencing substance use disorder. The amount provided in this subsection is intended to support the existing program while the department works to develop a sustainable model of the program and expand to new regions of the state.

(38) \$150,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for the department to lead the development of a sustainable operating funding model for programs using the rising strong model that provides comprehensive, family-centered drug treatment and housing services to keep families together while receiving treatment and support. The department shall work in coordination with the health care authority, the department of commerce, other local agencies, and stakeholders on development of the model. The department shall submit the sustainable operating model to the appropriate committees of the legislature by July 1, 2024.

(39) \$107,000 of the general fund—state appropriation for fiscal year 2024, \$102,000 of the general fund—state appropriation for fiscal year 2025, and \$50,000 of the general fund—federal appropriation are provided solely for implementation of Second Substitute House Bill No. 1580 (children in crisis).

(41) \$1,484,000 of the general fund—state appropriation for fiscal year 2025 is provided solely to fund a memorandum of understanding to be negotiated between the Washington federation of state employees and the department of children, youth, and families, which provides for group A assignment pay for reference 77B for SSS2s in-training on a one-time basis beginning July 1, 2024.

(42)(a) \$3,153,000 of the opioid abatement settlement account—state appropriation and \$337,000 of the general fund—federal appropriation are provided solely for implementation of Engrossed Second Substitute Senate Bill No. 6109 (children and families). If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse.

(b) Of the amounts provided in (a) of this subsection:

(i) \$1,515,000 of the opioid abatement settlement account—state appropriation is provided solely for a pilot program to include third-party safety plan participants and public health nurses in child protective services safety planning.

(ii) \$574,000 of the opioid abatement settlement account—state appropriation and \$301,000 of the general fund—federal appropriation are provided solely for at least one legal liaison position in each region to work with both the department and the office of the attorney general for the purpose of assisting with the preparation of child abuse and neglect court cases.

(iii) \$972,000 of the opioid abatement settlement account—state appropriation ~~((is))~~ and \$300,000 of the general fund—private/local appropriation are provided solely for two pilot programs to implement an evidence-based, comprehensive, intensive, in-home parenting services support model to serve children and families from birth to age 18 who are involved in the child welfare, children's mental health, or juvenile justice systems.

(43) \$1,350,000 of the opioid abatement settlement account—state appropriation is provided solely for the department to establish a pilot for public health nurses, including contracts for up to eight public health nurses distributed by case count across the regions to support caseworkers in engaging and communicating with families about the risks of fentanyl and child health and safety practices.

(44) The department shall collaborate with the department of social and health services to identify, place, and assist in the voluntary transition of adolescents aged 13 and older who have complex developmental, intellectual disabilities, or autism spectrum disorder, alongside potential mental health or substance use diagnoses, into a leased facility for specialized residential treatment at Lake Burien operated by the department of social and health. The partnership is dedicated to transitioning individuals to community-based settings in a seamless and voluntary manner that emphasizes care in less restrictive community-based environments.

(45) \$694,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department to contract for two receiving centers as established in RCW 7.68.380, that serve youth who are, or are at risk of being, commercially or sexually exploited. One receiving center shall be located on the west side of the state, and one receiving center shall be located on the east side of the state.

(46) \$100,000 of the general fund—state appropriation for fiscal year 2025 is provided solely to support families attending the annual caregivers conference in 2024. The conference must provide an opportunity for kinship families, foster parents, prelicensed foster parents, and adoptive families to gather for education, support, and family building experiences.

(47) \$18,000 of the general fund—state appropriation for fiscal year 2024 ~~((~~\$86,000 of the general fund—state appropriation for fiscal year 2025,~~))~~ and ~~((~~\$64,000~~))~~ \$11,000 of the general fund—federal appropriation are provided solely for implementation of Substitute House Bill No. 1970 (DCYF-caregiver communication). Sec. 1226. 2024 c 376 s 228 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF CHILDREN, YOUTH, AND FAMILIES—JUVENILE REHABILITATION PROGRAM

General Fund—State Appropriation (FY 2024) ..\$152,459,000

General	Fund—State	Appropriation (FY 2025)
.....		(\$154,077,000))
		<u>\$170,831,000</u>
General Fund—Federal Appropriation		\$694,000
General Fund—Private/Local Appropriation.....		\$205,000
Washington Auto Theft Prevention Authority Account—		
State Appropriation.....		\$196,000
TOTAL APPROPRIATION.....		(\$307,631,000))
		<u>\$324,385,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,841,000 of the general fund—state appropriation for fiscal year 2024 and \$2,841,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for grants to county juvenile courts for effective, community-based programs that are culturally relevant, research-informed, and focused on supporting positive youth development, not just reducing recidivism. Additional funding for this purpose is provided through an interagency agreement with the health care authority. County juvenile courts shall apply to the department of children, youth, and families for funding for program-specific participation and the department shall provide grants to the courts consistent with the per-participant treatment costs identified by the institute. The block grant oversight committee, in consultation with the Washington state institute for public policy, shall identify effective, community-based programs that are culturally relevant, research-informed, and focused on supporting positive youth development to receive funding.

(2) \$1,537,000 of the general fund—state appropriation for fiscal year 2024 and \$1,537,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for expansion of the juvenile justice treatments and therapies in department of children, youth, and families programs identified by the Washington state institute for public policy in its report: "Inventory of Evidence-based, Research-based, and Promising Practices for Prevention and Intervention Services for Children and Juveniles in the Child Welfare, Juvenile Justice, and Mental Health Systems." The department may concentrate delivery of these treatments and therapies at a limited number of programs to deliver the treatments in a cost-effective manner.

(3)(a) \$6,698,000 of the general fund—state appropriation for fiscal year 2024 and \$6,698,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to implement evidence- and research-based programs through community juvenile accountability grants, administration of the grants, and evaluations of programs funded by the grants. In addition to funding provided in this subsection, funding to implement alcohol and substance abuse treatment programs for locally committed offenders is provided through an interagency agreement with the health care authority.

(b) The department of children, youth, and families shall administer a block grant to county juvenile courts for the purpose of serving youth as defined in RCW 13.40.510(4)(a) in the county juvenile justice system. Funds dedicated to the block grant include: Consolidated juvenile service funds, community juvenile accountability act grants, chemical dependency/mental health disposition alternative, and suspended disposition alternative. The department of children, youth, and families shall follow the following formula and must prioritize evidence-based programs and disposition alternatives and take into account juvenile courts program-eligible youth in conjunction with the number of youth served in each approved evidence-based program or disposition alternative: (i) Thirty-seven and one-half percent for the at-risk population of youth ten to seventeen years old; (ii) fifteen percent for the assessment of low, moderate, and high-risk youth; (iii) twenty-five percent for evidence-based program participation;

(iv) seventeen and one-half percent for minority populations; (v) three percent for the chemical dependency and mental health disposition alternative; and (vi) two percent for the suspended dispositional alternatives. Funding for the special sex offender disposition alternative shall not be included in the block grant, but allocated on the average daily population in juvenile courts. Funding for the evidence-based expansion grants shall be excluded from the block grant formula. Funds may be used for promising practices when approved by the department of children, youth, and families and juvenile courts, through the community juvenile accountability act committee, based on the criteria established in consultation with Washington state institute for public policy and the juvenile courts.

(c) The department of children, youth, and families and the juvenile courts shall establish a block grant funding formula oversight committee with equal representation from the department of children, youth, and families and the juvenile courts. The purpose of this committee is to assess the ongoing implementation of the block grant funding formula, utilizing data-driven decision making and the most current available information. The committee will be co-chaired by the department of children, youth, and families and the juvenile courts, who will also have the ability to change members of the committee as needed to achieve its purpose. The committee may make changes to the formula categories in (b) of this subsection if it determines the changes will increase statewide service delivery or effectiveness of evidence-based program or disposition alternative resulting in increased cost/benefit savings to the state, including long-term cost/benefit savings. The committee must also consider these outcomes in determining when evidence-based expansion or special sex offender disposition alternative funds should be included in the block grant or left separate.

(d) The juvenile courts and administrative office of the courts must collect and distribute information and provide access to the data systems to the department of children, youth, and families and the Washington state institute for public policy related to program and outcome data. The department of children, youth, and families and the juvenile courts must work collaboratively to develop program outcomes that reinforce the greatest cost/benefit to the state in the implementation of evidence-based practices and disposition alternatives.

(4) \$645,000 of the general fund—state appropriation for fiscal year 2024 and ~~(\$645,000))~~ \$808,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for funding of the teamchild project.

(5) \$500,000 of the general fund—state appropriation for fiscal year 2024 and \$500,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a grant program focused on criminal street gang prevention and intervention. The department of children, youth, and families may award grants under this subsection. The department of children, youth, and families shall give priority to applicants who have demonstrated the greatest problems with criminal street gangs. Applicants composed of, at a minimum, one or more local governmental entities and one or more nonprofit, nongovernmental organizations that have a documented history of creating and administering effective criminal street gang prevention and intervention programs may apply for funding under this subsection. Each entity receiving funds must report to the department of children, youth, and families on the number and types of youth served, the services provided, and the impact of those services on the youth and the community.

(6) The juvenile rehabilitation institutions may use funding appropriated in this subsection to purchase goods, supplies, and services through hospital group purchasing organizations when it is cost-effective to do so.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(7) \$50,000 of the general fund—state appropriation for fiscal year 2024 and \$50,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for grants to county juvenile courts to establish alternative detention facilities similar to the proctor house model in Jefferson county, Washington, that will provide less restrictive confinement alternatives to youth in their local communities. County juvenile courts shall apply to the department of children, youth, and families for funding and each entity receiving funds must report to the department on the number and types of youth serviced, the services provided, and the impact of those services on the youth and the community.

(i) \$23,647,000 of the general fund—state appropriation for fiscal year 2024 and \$26,412,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a slot rate increase of 18 percent for full day slots, a 9 percent increase for extended day slots, and a 7 percent increase for part day slots, beginning July 1, 2023.

(ii) \$8,271,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for a rate increase of 5 percent for full day slots and 9 percent for extended day slots, beginning July 1, 2024.

(iii) \$9,862,000 of the general fund—state appropriation for fiscal year 2024 and \$9,862,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to convert 1,000 part day slots to full day slots, and to increase full day slots by 500, beginning in fiscal year 2024.

(iv) \$9,862,000 of the general fund—state appropriation for fiscal year 2025 is provided solely to convert 1,000 part day slots to full day slots and to increase full day slots by 500, beginning in fiscal year 2025.

(c) Of the amounts provided in (a) of this subsection, \$2,509,000 of the general fund—state appropriation for fiscal year 2024 and \$3,278,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to increase complex needs grant funds for the early childhood education and assistance program.

(d) The department of children, youth, and families must develop a methodology to identify, at the school district level, the geographic locations of where early childhood education and assistance program slots are needed to meet the entitlement specified in RCW 43.216.556. This methodology must be linked to the caseload forecast produced by the caseload forecast council and must include estimates of the number of slots needed at each school district and the corresponding facility needs required to meet the entitlement in accordance with RCW 43.216.556. This methodology must be included as part of the budget submittal documentation required by RCW 43.88.030.

(2) The department is the lead agency for and recipient of the

federal child care and development fund grant. Amounts within this grant shall be used to fund child care licensing, quality initiatives, agency administration, and other costs associated with child care subsidies.

(3) The department of children, youth, and families shall work in collaboration with the department of social and health services to determine the appropriate amount of state expenditures for the working connections child care program to claim towards the state's maintenance of effort for the temporary assistance for needy families program. The departments will also collaborate to track the average monthly child care subsidy caseload and expenditures by fund type, including child care development fund, general fund—state appropriation, and temporary assistance for needy families for the purpose of estimating the annual temporary assistance for needy families reimbursement from the department of social and health services to the department of children, youth, and families. Effective December 1, 2023, and annually thereafter, the department of children, youth, and families must report to the governor and the appropriate fiscal and policy committees of the legislature the total state contribution for the working connections child care program claimed the previous fiscal year towards the state's maintenance of effort for the temporary assistance for needy families program and the total temporary assistance for needy families reimbursement from the department of social and health services for the previous fiscal year.

(4)(a) \$145,852,000 of the general fund—state appropriation for fiscal year 2024, ~~(\$208,181,000)~~ \$218,527,000 of the general fund—state appropriation for fiscal year 2025, \$56,400,000 of the general fund—federal appropriation, and \$99,100,000 of the general fund—federal appropriation (ARPA) are provided solely for enhancements to the working connections child care program.

(b) Of the amounts provided in (a) of this subsection:

(i) \$47,637,000 of the general fund—state appropriation for fiscal year 2024, \$87,556,000 of the general fund—state appropriation for fiscal year 2025, \$36,249,000 of the general fund—federal appropriation, and \$33,085,000 of the general fund—federal appropriation (ARPA) are provided solely to increase subsidy base rates to the 85th percentile of market based on the 2021 market rate survey for child care centers.

(ii) \$98,215,000 of the general fund—state appropriation for fiscal year 2024, ~~(\$120,625,000)~~ \$130,971,000 of the general fund—state appropriation for fiscal year 2025, \$20,151,000 of the general fund—federal appropriation, and \$18,415,000 of the general fund—federal appropriation (ARPA) are provided solely to implement the 2023-2025 collective bargaining agreement covering family child care providers as provided in section 907 of this act. Of the amounts provided in this subsection:

(A) \$8,263,000 of the general fund—state appropriation for fiscal year 2024 and \$9,793,000 of the general fund—state appropriation for fiscal year 2025 are for an 85 cent per hour per child rate increase for family, friends, and neighbor providers (FFNs) beginning July 1, 2023, and a 15 cent per hour per child rate increase beginning July 1, 2024.

(B) \$26,515,000 of the general fund—state appropriation for fiscal year 2024, \$48,615,000 of the general fund—state appropriation for fiscal year 2025, \$20,151,000 of the general fund—federal appropriation, and \$18,415,000 of the general fund—federal appropriation (ARPA) are provided to increase subsidy base rates to the 85th percentile of market based on the 2021 market rate survey.

(C) \$370,000 of the general fund—state appropriation for fiscal year 2024 and \$370,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to pay the background check application and fingerprint processing fees.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(D) \$63,067,000 of the general fund—state appropriation for fiscal year 2024 and ~~(((\$61,847,000))~~ \$72,193,000 of the general fund—state appropriation for fiscal year 2025 are for a cost of care rate enhancement.

(c) Funding in this subsection must be expended with internal controls that provide child-level detail for all transactions, beginning July 1, 2024.

(d) On July 1, 2023, and July 1, 2024, the department, in collaboration with the department of social and health services, must report to the governor and the appropriate fiscal and policy committees of the legislature on the status of overpayments in the working connections child care program. The report must include the following information for the previous fiscal year:

- (i) A summary of the number of overpayments that occurred;
- (ii) The reason for each overpayment;
- (iii) The total cost of overpayments;
- (iv) A comparison to overpayments that occurred in the past two preceding fiscal years; and

(v) Any planned modifications to internal processes that will take place in the coming fiscal year to further reduce the occurrence of overpayments.

(e) Within available amounts, the department in consultation with the office of financial management shall report enrollments and active caseload for the working connections child care program to the governor and the legislative fiscal committees and the legislative-executive WorkFirst poverty reduction oversight task force on an agreed upon schedule. The report shall also identify the number of cases participating in both temporary assistance for needy families and working connections child care. The department must also report on the number of children served through contracted slots.

(5) \$2,362,000 of the general fund—state appropriation for fiscal year 2024, \$2,362,000 of the general fund—state appropriation for fiscal year 2025, and \$772,000 of the general fund—federal appropriation are provided solely to increase the nonstandard hours bonus to:

- (a) \$135 per child per month, beginning July 1, 2023; and
- (b) \$150 per child per month, beginning July 1, 2024.

(6) ~~(((\$22,764,000))~~ \$15,623,000 of the workforce education investment account—state appropriation is provided solely for the working connections child care program under RCW 43.216.135.

(7) \$353,402,000 of the general fund—federal appropriation is reimbursed by the department of social and health services to the department of children, youth, and families for qualifying expenditures of the working connections child care program under RCW 43.216.135.

(8) \$1,560,000 of the general fund—state appropriation for fiscal year 2024~~((, \$1,560,000 of the general fund—state appropriation for fiscal year 2025,))~~ and \$6,701,000 of the general fund—federal appropriation are provided solely for the seasonal child care program.

(9) \$871,000 of the general fund—state appropriation for fiscal year 2024 and \$871,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department of children, youth, and families to contract with a countywide nonprofit organization with early childhood expertise in Pierce county for a project to prevent child abuse and neglect using nationally recognized models.

(a) The nonprofit organization must continue to implement a countywide resource and referral linkage system for families of children who are prenatal through age five.

(b) The nonprofit organization must offer a voluntary brief newborn home visiting program. The program must meet the diverse needs of Pierce county residents and, therefore, it must be

flexible, culturally appropriate, and culturally responsive. The department, in collaboration with the nonprofit organization, must examine the feasibility of leveraging federal and other fund sources, including federal Title IV-E and medicaid funds, for home visiting provided through the pilot. The department must report its findings to the governor and appropriate legislative committees by September 1, 2023.

(10) \$3,577,000 of the general fund—state appropriation for fiscal year 2024, ~~(((\$3,587,000))~~ \$3,444,000 of the general fund—state appropriation for fiscal year 2025, and ~~(((\$9,588,000))~~ \$9,303,000 of the education legacy trust account—state appropriation are provided solely for the early childhood intervention prevention services (ECLIPSE) program. The department shall contract for ECLIPSE services to provide therapeutic child care and other specialized treatment services to abused, neglected, at-risk, and/or drug-affected children. The department shall pursue opportunities to leverage other funding to continue and expand ECLIPSE services. Priority for services shall be given to children referred from the department.

(11) The department shall place a ten percent administrative overhead cap on any contract entered into with the University of Washington. In a bi-annual report to the governor and the legislature, the department shall report the total amount of funds spent on the quality rating and improvements system and the total amount of funds spent on degree incentives, scholarships, and tuition reimbursements.

(12) \$1,728,000 of the general fund—state appropriation for fiscal year 2024 and \$1,728,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for reducing barriers for low-income providers to participate in the early achievers program.

(13) \$300,000 of the general fund—state appropriation for fiscal year 2024 and \$300,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a contract with a nonprofit entity experienced in the provision of promoting early literacy for children through pediatric office visits.

(14) \$4,000,000 of the education legacy trust account—state appropriation is provided solely for early intervention assessment and services.

(15) The department shall work with state and local law enforcement, federally recognized tribal governments, and tribal law enforcement to develop a process for expediting fingerprinting and data collection necessary to conduct background checks for tribal early learning and child care providers.

(16) \$100,000 of the general fund—state appropriation for fiscal year 2024 and \$100,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for continued implementation of chapter 202, Laws of 2017 (children's mental health).

(17) Within existing resources, the department shall continue implementation of chapter 409, Laws of 2019 (early learning access).

(18) \$515,000 of the general fund—state appropriation for fiscal year 2024 and \$515,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a statewide family resource and referral linkage system, with coordinated access point of resource navigators who will connect families with children prenatal through age five with services, programs, and community resources through a facilitated referral and linkage process.

(19)(a) \$114,000 of the general fund—state appropriation for fiscal year 2024, ~~(((\$173,000))~~ \$86,000 of the general fund—state appropriation for fiscal year 2025, \$6,000 of the general fund—

federal appropriation, and \$31,000 of the general fund—federal appropriation (ARPA) are provided solely for the department to complete its pilot project to determine the feasibility of a child care license category for multi-site programs operating under one owner or one entity and to complete one year of transition activities. The department shall adopt rules to implement the pilot project and may waive or adapt licensing requirements when necessary to allow for the operation of a new license category. Pilot participants must include, at least:

- (i) One governmental agency;
- (ii) One nonprofit organization; and
- (iii) One for-profit private business.

(b) New or existing license child care providers may participate in the pilot. When selecting and approving pilot project locations, the department shall aim to select a mix of rural, urban, and suburban locations. By July 1, 2024, the department shall submit to the governor and relevant committees of the legislature a plan for permanent implementation of this license category, including any necessary changes to law.

~~((20) ~~(\$3,020,000 of the home visiting account state appropriation and \$6,540,000 of the home visiting account—federal appropriation are provided solely for the home visiting program. Of the amounts in this subsection:~~~~

~~((a) ~~\$2,020,000~~) \$1,770,000 of the home visiting account—state appropriation and \$6,540,000 of the home visiting account—federal appropriation are provided solely for a funding increase, including to increase funding for contracts to support wage and cost increases and create more equity in contracting among the home visiting workforce.~~

~~((b) ~~\$1,000,000 of the home visiting account state appropriation is provided solely for the expansion of visiting services.~~~~

(21) Within the amounts provided in this section, funding is provided for the department to make permanent the two language access coordinators with specialties in Spanish and Somali as funded in chapter 334, Laws of 2021.

(22)(a) The department must provide to the education research and data center, housed at the office of financial management, data on all state-funded early childhood programs. These programs include the early support for infants and toddlers, early childhood education and assistance program (ECEAP), and the working connections and seasonal subsidized childcare programs including license-exempt facilities or family, friend, and neighbor care. The data provided by the department to the education research data center must include information on children who participate in these programs, including their name and date of birth, and dates the child received services at a particular facility.

(b) ECEAP early learning professionals must enter any new qualifications into the department's professional development registry starting in the 2015-16 school year, and every school year thereafter. By October 2017, and every October thereafter, the department must provide updated ECEAP early learning professional data to the education research data center.

(c) The department must request federally funded head start programs to voluntarily provide data to the department and the education research data center that is equivalent to what is being provided for state-funded programs.

(d) The education research and data center must provide an updated report on early childhood program participation and K-12 outcomes to the house of representatives appropriations committee and the senate ways and means committee using available data every March for the previous school year.

(e) The department, in consultation with the department of social and health services, must withhold payment for services to early childhood programs that do not report on the name, date of birth, and the dates a child received services at a particular

facility.

(23) \$260,000 of the general fund—state appropriation for fiscal year 2024 and \$260,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to continue implementation of an infant and early childhood mental health consultation initiative to support tribal child care and early learning programs. Funding may be used to provide culturally congruent infant and early childhood mental health supports for tribal child care, the tribal early childhood education and assistance program, and tribal head start providers. The department must consult with federally recognized tribes which may include round tables through the Indian policy early learning committee.

(24) \$860,000 of the general fund—state appropriation for fiscal year 2024 and \$860,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for continued expansion and support of family, friend, or neighbor caregivers with a focus on the provision of play and learn groups. The amounts provided in this subsection may be used for the department to:

(a) Fund consistent staffing across the state's six geographic regions to support the needs of family, friend, or neighbor caregivers;

(b) Contract with a statewide child care resource and referral program to sustain and expand the number of facilitated play groups to meet the needs of communities statewide;

(c) Support existing infrastructure for organizations that have developed the three existing play and learn program models so they have capacity to provide training, technical assistance, evaluation, data collection, and other support needed for implementation; and

(d) Provide direct implementation support to community-based organizations that offer play and learn groups.

(25) \$2,750,000 of the general fund—state appropriation for fiscal year 2024 and \$4,750,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for tribal early learning grants to be distributed to providers with tribal children enrolled in early childhood education and assistance program, early ECEAP, childcare, head start, early head start and home visiting programs. Grants will be administered by the department of children, youth and families office of tribal relations and may be awarded for purposes including but not limited to culturally appropriate mental health supports for addressing historical trauma, incorporating indigenous foods, culturally-responsive books and materials, staff professional development, curriculum adaptations and supplements, tribal language education, elders and storytelling in classrooms, traditional music and arts instruction, and transportation to facilitate tribal child participation in early childhood education. Of the amounts in this subsection, the department may use \$143,000 in fiscal year 2024 and up to \$136,000 in fiscal year 2025 to cover associated administrative expenses.

(26) \$7,698,000 of the general fund—state appropriation for fiscal year 2024 and \$7,698,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to increase complex needs grant funds for child care providers.

(18) \$43,000 of the general fund—state appropriation for fiscal year 2024, \$78,000 of the general fund—state appropriation for fiscal year 2025, and \$18,000 of the general fund—federal appropriation are provided solely to implement Engrossed Substitute Senate Bill No. 5124 (nonrelative kin placement).

(19) \$2,627,000 of the general fund—state appropriation for fiscal year 2024 and (~~(\$2,628,000)~~) \$2,161,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Substitute Senate Bill No. 5256 (child welfare housing).

(20) \$33,000 of the general fund—state appropriation for fiscal year 2024, \$58,000 of the general fund—state appropriation for fiscal year 2025, and \$14,000 of the general fund—federal appropriation are provided solely for implementation of Senate Bill No. 5683 (foster care/Indian children).

(21) \$300,000 of the general fund—state appropriation for fiscal year 2024 and \$300,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the partnership council for juvenile justice to consider and provide recommendations regarding juvenile justice policy projects and for one additional staff for ongoing policy and program analysis. The partnership council is authorized to consult with experts to study and gather research on best practices regarding juvenile justice, and to consult with relevant stakeholders regarding its potential recommendations. Relevant stakeholders may include but are not limited to the superior court judges association; Washington association of juvenile court administrators; Washington association of county clerks; the association of Washington counties; community-based organizations with expertise in legal financial obligation reform, community compensation funds, supporting victims and survivors of crime, or supporting youth who have been convicted or adjudicated of criminal offenses; law enforcement, prosecutors; public defenders; incarcerated and formerly incarcerated youth and young adults; the administrative office of the courts; the crime victims compensation program; and the office of crime victims advocacy.

(a) The council shall:

(i) By October 31, 2024, report to the governor and appropriate committees of the legislature recommendations for establishing a state-funded community compensation program to address out of pocket expenses for those who have been harmed by juvenile criminal offenses. Recommendations shall consider restorative

principles and best practices and shall be developed in consultation with those who have been adjudicated and charged restitution and those who have been owed restitution. The council shall provide recommendations for program implementation including, but not limited to, structure and placement within state government; scope and scale of funding including eligibility criteria; retroactivity; documentation requirements; and coordination with the existing crime victims compensation fund. The council shall provide estimates of startup costs and ongoing operational costs, including administration and direct compensation to victims.

(ii) By October 31, 2024, report to the governor and appropriate committees of the legislature recommendations regarding retention, dissemination, confidentiality, sealing, consequences, and general treatment of juvenile court records. In making recommendations, the council shall take into consideration developments in brain science regarding decision-making amongst youth; the impact the juvenile court records can have on future individual well-being; principles of racial equity; and impacts that the recommendations could have on recidivism.

(iii) By June 30, 2025, report to the governor and appropriate committees of the legislature recommendations regarding implementation of juvenile court jurisdiction expansion to encompass persons 18, 19, and 20 years old. Recommendations shall include an implementation plan for the expansion, including necessary funding, essential personnel and programmatic resources, measures necessary to avoid a negative impact on the state's child protection response, and specific milestones related to operations and policy. The implementation plan shall also include a timeline for structural and systemic changes within the juvenile justice system for the juvenile rehabilitation division; the department of children, youth, and families; the department of corrections; and the juvenile court pursuant to chapter 13.04 RCW. The implementation plan shall also include an operations and business plan that defines benchmarks including possible changes to resource allocations; a review of the estimated costs avoided by local and state governments with the reduction of recidivism and an analysis of cost savings reinvestment options; and estimated new costs incurred to provide juvenile justice services to persons 18, 19, and 20 years old.

(22) \$150,000 of the general fund—state appropriation for fiscal year 2024 and \$150,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to contract with a statewide nonprofit with demonstrated capability of partnering with agencies and community organizations to develop public-facing regionalized data dashboards and reports to measure change in equitable early learning access as a result of programs and grants administered by the department. The nonprofit must provide the data in a consumer-friendly format and include updates on program supply and demand for subsidized child care and preschool programs. The data must be disaggregated by program and facility type, geography, family demographics, copayments, and outcomes of grants and rate enhancements disaggregated by staff role, program and facility type, and geography.

(23) \$1,206,000 of the general fund—state appropriation for fiscal year 2024, \$1,554,000 of the general fund—state appropriation for fiscal year 2025, and \$1,416,000 of the general fund—private/local appropriation are provided solely for the department to contract with one or more community organizations with expertise in the LifeSet case management model to serve youth and adults currently being served in or exiting the foster care, juvenile justice, and mental health systems to successfully transition to adulthood.

(24) \$750,000 of the general fund—state appropriation for fiscal year 2024 and \$750,000 of the general fund—state

appropriation for fiscal year 2025 are provided solely for the department to increase rates for independent living service providers.

(25) \$700,000 of the general fund—state appropriation for fiscal year 2024 and \$700,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for funding of the teamchild project.

(26) \$150,000 of the general fund—state appropriation for fiscal year 2024 and \$150,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to contract with an entity for three separate studies. The department must submit the studies to the governor and the legislature by June 30, 2025. The studies must analyze:

(a) The feasibility of implementing a universal child allowance, universal child care, and universal baby boxes;

(b) The feasibility of a social wealth fund for Washington state; and

(c) The current cash and cash-equivalent benefits currently available for Washington state residents who are nonworkers.

(27) \$125,000 of the general fund—state appropriation for fiscal year 2024 and \$125,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to contract with an all-male, African American organization to mentor youth ages 12 through 19 in south King county.

(28) \$37,000 of the general fund—state appropriation for fiscal year 2024, \$37,000 of the general fund—state appropriation for fiscal year 2025, and \$74,000 of the general fund—federal appropriation are provided solely for implementation of Engrossed Second Substitute House Bill No. 1188 (child welfare services/DD).

(29) \$18,000 of the general fund—state appropriation for fiscal year 2024, \$18,000 of the general fund—state appropriation for fiscal year 2025, and \$8,000 of the general fund—federal appropriation are provided solely for implementation of Second Substitute House Bill No. 1580 (children in crisis).

(30)(a) \$118,000 of the general fund—state appropriation for fiscal year 2024 and \$41,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to report on a plan to discontinue the practice of using any benefits, payments, funds, or accrual paid to or on behalf of a child or youth to reimburse itself for cost of care by the earliest date feasible. The report must include an implementation plan to conserve funds for the future needs of the child in a manner in which the funds will not count against eligibility for federal or state means tested programs. The report must include a strategy for developing the financial literacy and capability of youth and young adults exiting foster care and juvenile rehabilitation. The department will develop the report in consultation with stakeholders, including but not limited to:

(i) Individuals with disabilities and organizations representing the interests of or serving individuals with disabilities;

(ii) Youth in foster care and juvenile rehabilitation and their parents;

(iii) The social security administration; and

(iv) Other relevant state agencies.

(b) The department must provide periodic status updates and must submit the final report no later than October 1, 2024. The department must convene the first meeting of the work group no later than September 1, 2023.

(31) \$938,000 of the general fund—state appropriation for fiscal year 2024, \$961,000 of the general fund—state appropriation for fiscal year 2025, and \$172,000 of the general fund—federal appropriation are provided solely for:

(a) Compliance with the settlement agreement reached in *Ta'afulisia et al. v. Washington State Department of Children,*

The appropriations in this section are subject to the following conditions and limitations:

(1) \$455,000 of the general fund—state appropriation for fiscal year 2024 and \$455,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to grant to the northwest straits commission to provide funding, technical assistance, and/or coordination support equally to the seven Puget Sound marine resources committees.

(2) \$170,000 of the oil spill prevention account—state appropriation is provided solely for a contract with the University of Washington's sea grant program to continue an educational program targeted to small spills from commercial fishing vessels, ferries, cruise ships, ports, and marinas.

(3) \$102,000 of the general fund—state appropriation for fiscal year 2024 and \$102,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Executive Order No. 12-07, Washington's response to ocean acidification.

(4) \$24,000,000 of the model toxics control operating account—state appropriation is provided solely for the department to provide grants to local governments for the purpose of supporting local solid waste and financial assistance programs.

(5) \$150,000 of the aquatic lands enhancement account—state appropriation is provided solely for implementation of the state marine management plan and ongoing costs of the Washington coastal marine advisory council to serve as a forum and provide recommendations on coastal management issues.

(6) \$2,000,000 of the model toxics control operating account—state appropriation is provided solely for the department to convene a stakeholder group, including representatives from overburdened communities, to assist with developing a water quality implementation plan for polychlorinated biphenyls and to address other emerging contaminants in the Spokane river. The department must also consult with the Spokane tribe of Indians and other interested tribes when developing and implementing actions to address water quality in the Spokane river.

(7) \$4,002,000 of the natural climate solutions account—state appropriation is provided solely to address flood prevention in the Nooksack basin and Sumas prairie. Of this amount:

(a) \$2,000,000 is provided solely to expand and sustain Whatcom county's floodplain integrated planning (FLIP) team planning process, including supporting communication, community participation, coordination, technical studies and analysis, and development of local solutions.

(b) \$900,000 is provided solely for the department to support transboundary coordination, including facilitation and technical support to develop and evaluate alternatives for managing transboundary flooding in Whatcom county and British Columbia.

(c) \$1,102,000 is provided solely to support dedicated local and department capacity for floodplain planning and technical support. Of the amount in this subsection (c), \$738,000 is solely

for a grant to Whatcom county. The remaining amount is for the department to provide ongoing staff technical assistance and support to flood prevention efforts in this area.

(8) ~~(\$21,504,000)~~ \$18,504,000 of the climate investment account—state appropriation is provided solely for capacity grants to federally recognized tribes for: (a) Consultation on spending decisions on grants in accordance with RCW 70A.65.305; (b) consultation on clean energy siting projects; (c) activities supporting climate resilience and adaptation; (d) developing tribal clean energy projects; (e) applying for state or federal grant funding; and (f) other related work. In order to meet the requirements of RCW 70A.65.230(1)(b), tribal applicants are encouraged to include a tribal resolution supporting their request with their grant application. If Initiative Measure No. 2117 is approved in the 2024 general election, upon the effective date of the measure, \$5,032,000 of the funds from this subsection shall lapse.

(9) \$1,363,000 of the general fund—state appropriation for fiscal year 2024 and \$1,375,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for preparation and filing of adjudications of state water rights in water resource inventory area 1 (Nooksack).

(10) \$573,000 of the general fund—state appropriation for fiscal year 2024 and ~~(\$963,000)~~ \$343,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for preparation and filing of adjudications of state water rights in lake Roosevelt and its immediate tributaries.

(11) \$2,479,000 of the climate investment account—state appropriation is provided solely for addressing air quality in overburdened communities highly impacted by air pollution under RCW 70A.65.020.

(12) \$177,000 of the general fund—state appropriation for fiscal year 2024 and \$177,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to validate a proposed standardized channel migration zone mapping methodology, develop a statewide channel migration zone mapping implementation plan, and provide technical assistance to local and tribal governments looking to use the new standard.

(13)(a) \$640,000 of the climate investment account—state appropriation is provided solely for the department, in consultation with the office of financial management and the environmental justice council, to develop and implement a process to track, summarize, and report on state agency expenditures from climate commitment act accounts that provide direct and meaningful benefits to vulnerable populations within the boundaries of overburdened communities as described in RCW 70A.65.030 and 70A.65.230, and expenditures that are formally supported by a resolution of an Indian tribe as described in RCW 70A.65.230. The department must incorporate the process under this subsection into existing efforts to track climate commitment act expenditures under RCW 70A.65.300. The department must incorporate the Washington state proequity antiracism (PEAR) plan and playbook and executive order 22-04 into the work of this subsection as appropriate.

(b) The information that agencies provide to the department, and that the department tracks and reports on under this subsection, must include, at a minimum:

(i) The amount of each expenditure that provides direct and meaningful benefits to vulnerable populations within the boundaries of overburdened communities;

(ii) An explanation of how the expenditure provides such benefits;

(iii) The methods by which overburdened communities and vulnerable populations were identified by the agency and an explanation of the outcomes of those identification processes, including the geographic location impacted by the expenditure

2025 REGULAR SESSION

where relevant, and the geographic boundaries of overburdened communities identified by the agency;

(iv) The amount of each expenditure used for programs, activities, or projects formally supported by a resolution of an Indian tribe; and

(v) For expenditures that do not meet, or it is unclear whether they meet, (b)(i) or (iv) of this subsection, an explanation of why.

(c) The department, in consultation with the environmental justice council and the office of financial management, and in coordination with reporting under RCW 70A.65.300, must report to the appropriate committees of the legislature by September 30, 2024, on the following:

(i) A summary of the information provided by agencies through the process in this subsection; and

(ii) Any recommendations for improvements to the process under this subsection or potential amendments to RCW 70A.65.030, 70A.65.230, or 70A.02.080, or other statutes relevant to this subsection. In making recommendations, the department must consider any statutory changes necessary to ensure consistent tracking of the uses of climate commitment account funds, including standardization or coordination of the process for identifying the overburdened communities used for purposes of tracking expenditures and the methods for determining whether an expenditure contributes a direct and meaningful benefit to a vulnerable population or overburdened community.

(d) "Climate commitment act accounts" means the carbon emissions reduction account created in RCW 70A.65.240, the climate commitment account created in RCW 70A.65.260, the natural climate solutions account created in RCW 70A.65.270, the climate investment account created in RCW 70A.65.250, the air quality and health disparities improvement account created in RCW 70A.65.280, the climate transit programs account created in RCW 46.68.500, and the climate active transportation account created in RCW 46.68.490.

(14) \$238,000 of the model toxics control operating account—state appropriation is provided solely for technical assistance and compliance assurance associated with the ban of certain hydrofluorocarbon-related products.

(15) \$2,500,000 of the model toxics control operating account—state appropriation is provided solely for the department to conduct a statewide compost emissions study, which will provide essential data needed to improve the quality of air permitting decisions, improve compost facility operations, and support state goals to reduce organic waste in landfills reducing climate change impacts.

(16) \$2,256,000 of the model toxics control operating account—state appropriation is provided solely for the department to provide technical assistance to landowners and local governments to promote voluntary compliance, implement best management practices, and support implementation of water quality clean-up plans in shellfish growing areas, agricultural areas, forestlands, and other types of land uses, including technical assistance focused on protection and restoration of critical riparian management areas important for salmon recovery.

(17) \$2,702,000 of the model toxics control operating account—state appropriation is provided solely for the department to develop a 6PPD action plan and complete a safer alternatives assessment of the 6PPD compound used in tires, including obtaining any data necessary to complete the alternatives assessment. The action plan should identify, characterize, and evaluate uses and releases of 6PPD and related chemicals, and recommend actions to protect human health and the environment. The department shall provide a progress report

on the action plan and alternatives assessment to the governor's office, the office of financial management, and the appropriate committees of the legislature by December 31, 2024. The department may provide funding from this subsection to the University of Washington and Washington State University for the purposes of this subsection.

(18) \$5,195,000 of the model toxics control operating account—state appropriation is provided solely to establish a program to monitor 6PPD compounds in water and sediment, identify effective best management practices to treat 6PPD in stormwater runoff, produce guidance on how and when to use best management practices for toxicity reduction to protect salmon and other aquatic life, and incorporate the guidance into stormwater management manuals. The department may provide funding from this subsection to the University of Washington and Washington State University for the purposes of this subsection.

(19) \$2,296,000 of the natural climate solutions account—state appropriation is provided solely for implementation of Senate Bill No. 5104 (marine shoreline habitat).

(20)(a) \$500,000 of the model toxics control operating account—state appropriation is provided solely for the department to carry out the following activities to inform the development of legislative proposals to increase recycling, reuse, and source reduction rates, which must include consideration of how to design and implement a producer responsibility model for consumer packaging, including paper, plastic, metal, and glass, and paper products:

(i) Conduct a recycling, reuse, and source reduction targets study; and

(ii) Carry out a community input process on the state's recycling system.

(b) The department must contract with an impartial third-party consultant with relevant technical expertise and capabilities in facilitation and gathering public input, including from overburdened communities, to carry out the activities specified in (a) of this subsection. In order to ensure that the state is receiving a variety of expert perspectives on the topic of packaging management, the contractor should include in their team individuals and/or subcontractors with a wide range of expertise and experience. The third party consultant must submit a report to the appropriate committees of the house of representatives and the senate by December 1, 2023.

(c) The recycling, reuse, and source reduction targets study must:

(i) Document recycling rates, reuse rates, and the reduction of single-use plastics for consumer packaging and paper products that have been adopted in other jurisdictions, measure methods used, and the basis or justification for recommended target rates selected;

(ii) Recommend highest achievable performance rates, including an overall recycling rate, a separate specific minimum reuse rate, a recycling rate for each material category, and a source reduction rate to be achieved solely by eliminating plastic components, that could be achieved under up to four different scenarios, including a producer responsibility program and other policies; and

(iii) Make recommendations that consider the commercial viability and technological feasibility of achieving rates based on current rates achieved in the state, rates achieved based on real world performance data, and other data, with performance rates designed to be achieved statewide by 2032.

(d) For purposes of this subsection, "eliminate" or "elimination," with respect to source reduction, means the removal of a plastic component from a covered material without replacing that component with a nonplastic component.

(e) The community input process on the state's recycling system must include:

(i) In-person and virtual workshops and community meetings held at locations in urban and rural areas and in ways that are accessible to stakeholders across the state, including overburdened communities;

(ii) Public opinion surveys that are representative of Washington residents across the state, including overburdened communities and urban and rural areas; and

(iii) A focus on eliciting an improved understanding of public values and opinions related to the state's recycling system, the current public experience with respect to the state's recycling systems, and ways the public believes that their recycling experience and system outcomes could be improved.

(21)(a) \$250,000 of the general fund—state appropriation for fiscal year 2024 (~~and \$250,000 of the general fund—state appropriation for fiscal year 2025 are~~) is provided solely for the department, in consultation with other agencies as necessary, to conduct an analysis of water use for irrigation under the potential scenario of lower Snake river dam removal. Analysis must include continued water use during drawdown and thereafter from the river postremoval. The analysis must include the following:

(i) A plan identifying potential mitigation needs and interim approaches for delivery of water for irrigation pursuant to existing water rights for those using pumps, wells, or both, from Ice Harbor reservoir during a possible transition from the current reservoir-based irrigation to irrigation from the river;

(ii) Identification of cost-effective options for continued irrigation at current amounts and with existing water rights from the lower Snake river at the area of the current Ice Harbor pool; and

(iii) Cost estimates for any necessary irrigation system upgrades required to continue irrigation from the lower Snake river.

(b) The department may, as necessary and appropriate, consult for this analysis with irrigators and tribal governments.

(c) The department shall provide a status update to the environment and energy committees of the legislature and the office of the governor by December 31, 2024.

(22) \$3,914,000 of the natural climate solutions account—state appropriation is provided solely for activities related to coastal hazards, including expanding the coastal monitoring and analysis program, establishing a coastal hazard organizational resilience team, and establishing a coastal hazards grant program to help local communities design projects and apply for funding opportunities. At least 25 percent of the funding in this subsection must be used for the benefit of tribes.

(23) \$340,000 of the model toxics control operating account—state appropriation is provided solely for implementation of Engrossed Substitute House Bill No. 1033 (compostable product usage).

(24) \$1,124,000 of the model toxics control operating account—state appropriation is provided solely for implementation of Substitute House Bill No. 1047 (cosmetic product chemicals).

(25) \$139,000 of the model toxics control operating account—state appropriation is provided solely for implementation of Substitute House Bill No. 1085 (plastic pollution).

(26) \$6,000,000 of the emergency drought response account—state appropriation and \$2,000,000 of the state drought preparedness account—state appropriation are provided solely for implementation of Substitute House Bill No. 1138 (drought preparedness).

(27) \$1,123,000 of the natural climate solutions account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1170 (climate response

strategy).

(28) \$43,000 of the underground storage tank account—state appropriation is provided solely for implementation of Engrossed Substitute House Bill No. 1175 (petroleum storage tanks).

(29) \$1,174,000 of the climate commitment account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1181 (climate change/planning).

(30) \$13,248,000 of the climate commitment account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1216 (clean energy siting).

(31) \$140,000 of the model toxics control operating account—state appropriation is provided solely for implementation of Second Substitute House Bill No. 1578 (wildland fire safety).

(32) Expenditures on upgrading or developing the turboplan system, Washington fuel reporting system, and EAGL system are subject to the conditions, limitations, and review requirements of section 701 of this act.

(33) \$1,263,000 of the clean fuels program account—state appropriation is provided solely for implementation of Engrossed Substitute Senate Bill No. 5447 (alternative jet fuel).

(34) \$370,000 of the climate commitment account—state appropriation is provided solely as a grant to the Puget Sound clean air agency to identify emission reduction projects and to help community-based organizations, local governments, and ports in overburdened communities author grant applications and provide support for grant reporting for entities that receive grants. The department must prioritize projects located in overburdened communities so that those communities can reap the public health benefits from the climate commitment act, inflation reduction act, and other new funding opportunities.

(35) \$1,220,000 of the model toxics control operating account—state appropriation is provided solely for implementation of Engrossed Second Substitute Senate Bill No. 5144 (batteries/environment).

(36) \$77,000 of the model toxics control operating account—state appropriation is provided solely for implementation of Senate Bill No. 5369 (polychlorinated biphenyls).

(37) \$330,000 of the model toxics control operating account—state appropriation is provided solely for the department to provide a grant to Clark county for the purpose of developing and implementing a lake management plan to restore and maintain the health of Vancouver lake, a category 5 303(d) status impaired body of water. The department must work with the county to include involvement by property owners around the lake and within the watersheds that drain to the lake, the department of natural resources, other state agencies and local governments with proprietary or regulatory jurisdiction, tribes, and nonprofit organizations advocating for the health of the lake. The plan should incorporate work already completed by the county and other entities involved in development of the lake management strategy.

(38) \$276,000 of the model toxics control operating account—state appropriation is provided solely for a grant to San Juan county for the enhancement of ongoing oil spill response preparedness staff hiring, spill response equipment acquisition, and spill response training and operational expenses.

(39) \$1,460,000 of the natural climate solutions account—state appropriation is provided solely for the department to provide grants to the following organizations in the amounts specified for the purpose of coordinating, monitoring, restoring, and conducting research for Puget Sound kelp conservation and recovery:

(a) \$300,000 to the Squaxin Island Tribe;

(b) \$200,000 to the Samish Indian Nation;

(c) \$144,000 to the Lower Elwha Klallam Tribe;

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

- (d) \$200,000 to the Northwest straits commission;
- (e) \$366,000 to the Puget Sound restoration fund to subcontract with sound data systems and Vashon nature center; and
- (f) \$250,000 to the reef check foundation.

(40) \$150,000 of the general fund—state appropriation for fiscal year 2024 and \$150,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department's engagement with the federal government, Indian tribes, water users, and local governments on a process that could result in a federal Indian water rights settlement through the Nooksack adjudication. The department shall produce a monthly report during the claims filing period to monitor the progress of claims filed by water users. The department shall provide a report to the appropriate standing committees of the legislature regarding the status of the adjudication and any potential settlement structure by June 30, 2024, and by June 30, 2025.

(41) \$150,000 of the general fund—state appropriation for fiscal year 2024 and \$150,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a grant to Whatcom county to provide technical assistance that must be made available to all water users in WRIA 1 in filing adjudication claims under RCW 90.03.140. This assistance must be administered by Whatcom county and no portion of this funding may be used to contest the claims of any other claimant in the adjudication.

(42) \$330,000 of the general fund—state appropriation for fiscal year 2024 and \$370,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a grant to Whatcom county acting as fiscal agent for the WRIA 1 watershed management board, in support of collaborative water supply planning in WRIA 1. Funding may be used to collect or analyze technical information, to develop and assess the feasibility of water supply solutions in WRIA 1, and for facilitation and mediation among parties including, but not limited to, the department, Whatcom county, the public utility district, the city of Bellingham, Lummi Nation, and the Nooksack Tribe. Specific funding allocations, including purpose and amount, will be determined by the WRIA 1 watershed management board. Funding under this subsection will be available only after the filing of the Nooksack adjudication, and no funding provided for the Nooksack adjudication will be used to support the activities funded by this subsection. It is anticipated that these activities will run in parallel with the Nooksack adjudication.

(43) \$200,000 of the model toxics control operating account—state appropriation is provided solely for the department to contract with a consultant to develop a report that conducts a full emissions life cycle assessment for solid waste processed at the Spokane Waste to Energy Facility (WTEF) compared to solid waste processed at three other landfills within the region that waste may be sent to if the WTEF were to cease operations. The report must be submitted to the appropriate committees of the legislature by December 31, 2023.

(44) \$1,416,000 of the climate investment account—state appropriation is provided solely for additional staff and resources to implement the climate commitment act. If Initiative Measure No. 2117 is approved in the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection.

(45) \$896,000 of the model toxics control operating account—state appropriation is provided solely for Washington conservation corps (WCC) cost-share requirements for qualifying organizations, as identified through a competitive application process that prioritizes communities that have not previously received WCC support, are in areas with a high cumulative

impact on the department of health's environmental health disparities map, are identified by the office of financial management as distressed, and/or have a high percentile of people of color or low-income.

(46) \$3,307,000 of the natural climate solutions account—state appropriation is provided solely to update surface water maps across the state, develop geospatial integration tools, and support the use, accuracy, and adoption of the state's hydrography dataset. If Initiative Measure No. 2117 is approved in the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection.

(47) \$410,000 of the model toxics control operating account—state appropriation is provided solely to implement the recommendations from the agency's June 2023 report on Puget Sound nutrient credit trading, including conducting a market feasibility analysis and developing a stakeholder outreach plan, a tribal engagement plan, and trading resource materials.

(48) \$338,000 of the climate commitment account—state appropriation is provided solely for the department to increase planning, engagement, and evaluation tools for effective ocean management and offshore wind energy development. The department must engage with tribes in carrying out this subsection. If Initiative Measure No. 2117 is approved in the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection.

(49) \$2,000,000 of the model toxics control operating account—state appropriation is provided solely for the department to meet the increased demand for administrative orders authorized under chapter 90.48 RCW (the water pollution control act) for projects impacting state waters.

(50) Upon request, the department must provide technical assistance to representatives of emissions-intensive trade-exposed industries, as defined in RCW 70A.65.110, on the replacement of existing industrial facilities with facilities under the same North American industry classification system code with lower greenhouse gas emissions. The department must provide such assistance until November 1, 2024.

(51)(a) \$300,000 of the climate commitment account—state appropriation is provided solely for the department, in consultation with the department of commerce, to contract with a third-party entity to conduct a study of the extent to which carbon dioxide removal is needed to meet Washington's emissions reduction targets defined in RCW 70A.45.020. The study must include recommendations on policies to grow Washington's carbon dioxide removal capacity, including compliance market development and government procurement policies. The department must provide an interim progress report to the appropriate committees of the legislature by November 30, 2024. The department must provide a final report by June 30, 2025, that includes:

- (i) A summary of feedback from relevant stakeholders;
- (ii) An analysis of economic and climate opportunities for Washington;
- (iii) Ways in which carbon dioxide removal might integrate with existing compliance programs;
- (iv) Strategies to support industry sectors in integrating carbon dioxide removal and maximizing federal funding;
- (v) Recommendations for monitoring, reporting, and verification standards to ensure carbon dioxide removal technologies may be compared; and
- (vi) Consideration of carbon dioxide removal accounting mechanisms that account for varying durability of different approaches.

(b) If Initiative Measure No. 2117 is approved in the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection.

(52) \$375,000 of the model toxics control operating account—state appropriation is provided solely to:

(a) Identify additional priority consumer products containing PFAS for potential regulatory action; and

(b) Issue orders to manufacturers under RCW 70A.350.040 and 70A.350.030 to obtain ingredient information, including for chemical ingredients used to replace priority chemicals.

(53) \$200,000 of the flood control assistance account—state appropriation is provided solely for a grant to the Spirit Lake-Toutle/Cowlitz river collaborative for flood risk reduction, ecosystem recovery, scientific research, and other activities related to sediment management and flooding in the Spirit Lake-Toutle/Cowlitz river system.

(54) \$501,000 of the model toxics control operating account—private/local appropriation is provided solely for cleanup costs at the Stillwater holdings Chevron site in Walla Walla.

(55) \$300,000 of the model toxics control operating account—state appropriation is provided solely for an analysis of the contribution of waste tires, as defined in RCW 70A.205.440, to 6PPD-q pollution. The department may contract with a third party for the study. A final study report is due to the appropriate committees of the legislature by June 30, 2025, in accordance with RCW 43.01.036. The study must include:

(a) A review of the disposal, repurposing, reuse, recycling, handling, and management of waste tires in the state;

(b) A review of the markets for waste tires, including state policies and programs that impact these markets;

(c) A description of the sectoral and geographic origins and destinations of waste tires; and

(d) Alternatives to using tire derived rubber in waste tire markets.

(56)(a) \$250,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department to contract with a statewide association of local public health officials to conduct an analysis of:

(i) Current wastewater treatment capacity to treat and dispose of septage in Washington; and

(ii) Future wastewater treatment infrastructure needs to accommodate development growth using on-site septage systems.

(b) The department must report to the appropriate committees of the legislature by June 30, 2025, with the results of the analysis.

(57)(a) \$206,000 of the natural climate solutions account—state appropriation is provided solely to initiate the development of a statewide web map tool to integrate the department's water resources management databases. Data elements to integrate include water rights records and geospatial information, mitigation and water banks, and metering data. The web map must provide the public with an interactive online mapping system focused on water resource data that enables users to access, visualize, and use improved water data.

(b) The department must consult with local and tribal governments to identify the most useful data elements and analytics to incorporate into an enhanced water resource management tool and must use this information to prioritize future tool enhancements.

(c) The department must provide a status update on the data integration project to the appropriate committees of the legislature and to the office of financial management by June 30, 2025, including work completed to date, recommendations for priority tool enhancements to support decision-making, planned work for fiscal year 2026, and future budget needs required to complete the development of an enhanced water resource management tool and

maintain it on an ongoing basis.

(d) Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, this subsection is null and void upon the effective date of the measure.

(58) \$145,000 of the air pollution control account—state appropriation is provided solely for implementation of Substitute Senate Bill No. 6121 (ag. and forestry biomass). If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.

(59) \$1,787,000 of the climate investment account—state appropriation is provided solely for implementation of Engrossed Second Substitute Senate Bill No. 6058 (carbon market linkage). If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, the amount provided in this subsection shall lapse upon the effective date of the measure.

(60) \$1,645,000 of the climate commitment account—state appropriation is provided solely for implementation of food waste management grant programs as provided in Engrossed Second Substitute House Bill No. 2301 (waste material management). If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, the amount provided in this subsection shall lapse upon the effective date of the measure.

(61) \$1,335,000 of the model toxics control operating account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 2301 (waste material management). If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.

(62) \$44,000 of the climate commitment account—state appropriation is provided solely for implementation of Substitute House Bill No. 1924 (fusion technology policies). If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, the amount provided in this subsection shall lapse upon the effective date of the measure.

(63) \$2,000,000 of the climate investment account—state appropriation is provided solely to communicate with the public in multiple languages on the use and benefits of climate commitment act funding, as well as the ways in which communities can access climate commitment act grant funding. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, this subsection is null and void upon the effective date of the measure.

(64) (~~(\$400,000))~~ \$300,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department to develop a groundwater modeling guidance publication.

(a) The publication must provide consistency in the department's evaluation of groundwater models submitted for water right permitting actions and ensure continued transparency to water right applicants in the department's permitting processes. The core purpose of the publication is to establish best practices for groundwater modeling. The publication will:

(i) Define criteria for evaluating model suitability for proposed projects;

(ii) Identify the department's approach to evaluating model error and uncertainty;

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(iii) Identify circumstances where model outputs are insufficient for permit decision making; and

(iv) Address the appropriateness of refining a regional groundwater model in water right permitting decisions.

(b) The department must convene a technical advisory committee of licensed hydrogeologists, including hydrogeologists employed or designated by tribes, or professional engineers with experience in groundwater modeling to review the workplan and provide comments on the guidance. The publication must be peer reviewed by the United States geological survey or other state or national hydrogeologic professional organization.

(c) The department must invite any federally recognized Indian tribes that may be potentially affected by the publication to participate in the technical advisory committee and engage in consultation with any federally recognized Indian tribe as requested.

(d) The department must provide an update to the appropriate committees of the legislature and to the office of financial management by June 30, 2025. The department must indicate the estimated time to complete the publication, including draft guidance, recommended further research, and key implementation steps in the update.

(65) \$650,000 of the climate commitment account—state appropriation is provided solely for a feasibility and engineering study for the city of Spokane's waste to energy plant carbon emissions reductions project. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, this subsection is null and void upon the effective date of the measure.

(66) \$200,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the implementation of the Spanaway lake cyanobacteria plan and the aquatic plant management plan, including testing, sample collection, and monitoring for tracking water quality and determining treatment options.

(67) \$6,000,000 of the climate commitment account—state appropriation is provided solely for the department, in collaboration with the University of Washington department of environmental and occupational health sciences, to provide air quality mitigation equipment to residential, recreational, or educational facilities in south King county that will measurably improve air quality including, but not limited to, the provision of high particulate air purifiers designed to mitigate or eliminate ultrafine particles or other aviation-related air pollution. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, this subsection is null and void upon the effective date of the measure.

(68) \$37,000 of the model toxics control operating account—state appropriation is provided solely for implementation of Substitute Senate Bill No. 5649 (floodproofing improvements). If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.

(69) \$76,000 of the model toxics control operating account—state appropriation is provided solely for implementation of Substitute Senate Bill No. 5812 (electric vehicle fires). If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.

~~((74))~~ (70) \$1,070,000 of the climate commitment account—state appropriation is provided solely for implementation of Engrossed Substitute Senate Bill No. 6039 (geothermal energy resources). If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse. Funds provided in this

subsection may not be expended or obligated prior to January 1, 2025. If Initiative Measure No. 2117 is approved in the general election, the amount provided in this subsection shall lapse upon the effective date of the measure.

Sec. 1302. 2024 c 376 s 303 (uncodified) is amended to read as follows:

2025 REGULAR SESSION

implementation plan to the governor's office and the office of financial management no later than October 31, 2024.

(5) \$1,714,000 of the general fund—state appropriation for fiscal year 2024 and (~~(\$1,714,000)~~) \$1,557,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for operational and administrative support of lead entities and salmon recovery regions.

(6) \$200,000 of the climate investment account—state appropriation is provided solely for the agency to complete the required community engagement plan as outlined in RCW 70A.65.030, the climate commitment act.

(7) \$1,464,000 of the general fund—federal appropriation and \$50,000 of the aquatic lands enhancement account—state appropriation are provided solely to support removal efforts for flowering rush in the Columbia river basin and Whatcom county.

(8) \$398,000 of the natural climate solutions account—state appropriation is provided solely to establish a riparian coordinator position within the governor's salmon recovery office to work with state agencies to improve project coordination, develop common metrics across programs, and consolidate data platforms.

(9) \$3,500,000 of the general fund—state appropriation for fiscal year 2024 and \$298,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a grant to a nonprofit organization with a mission for salmon and steelhead restoration to install near-term solutions to prevent steelhead mortality at the Hood canal bridge.

(10) The office must report to and coordinate with the department of ecology to track expenditures from climate commitment act accounts, as defined and described in RCW 70A.65.300 and section 302(13) of this act.

(11) \$250,000 of the general fund—state appropriation for fiscal year 2024 and \$250,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the connections and snow to sea programs, which provide youth outdoor learning experiences in the Blaine, Mount Baker, and Nooksack Valley school districts.

(12) \$2,500,000 of the general fund—state appropriation for fiscal year 2024 and \$2,500,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for grants to local parks to address any maintenance backlog of existing facilities, trails, and capital improvements. The funds should be dispersed on a needs-based set of criteria and on a one-time basis. Grants are limited to \$100,000 per organization. Allowable uses of grant funding include, but are not limited to, maintenance, repair, or replacement of trails, restroom facilities, picnic sites, playgrounds, signage, and kiosks, as well as necessary Americans with disabilities act upgrades delayed due to the pandemic. Local parks agencies may partner with nonprofit organizations in deploying this maintenance and Americans with disabilities act funding.

(13) \$150,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for updating the economic analysis of outdoor recreation in Washington state and adding an analysis of the impacts of the outdoor recreation economy in underserved communities.

(14) \$250,000 of the general fund—state appropriation for fiscal year 2024 and (~~(\$350,000)~~) \$580,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to match federal funds to identify the offsets to the loss of recreation opportunities associated with the potential draw down of reservoirs on the lower Snake river.

(15) \$125,000 of the general fund—state appropriation for fiscal year 2024 and \$125,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for

motorized and nonmotorized boater education and outreach on Lake Union, with a specific goal of preventing boat and airplane conflicts on the lake during peak recreation season, given the provisions of the United States coast guard navigation rules that seaplanes must in general keep well clear of other vessels. The office may grant funding to local or federal government agencies or nonprofit organizations. The office must publish a publicly available summary report by June 30, 2025, on funding recipients, uses of the funding, and the successes and failures of programs funded. Funding provided in this subsection may not be used to preclude or restrict public use of Lake Union, including recreational, commercial, or tribal use of waters of the state.

Sec. 1305. 2024 c 376 s 306 (uncodified) is amended to read as follows:

TOTAL APPROPRIATION	((\$76,648,000))
	<u>\$76,276,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$250,000 of the climate investment account—state appropriation is provided solely for the agency to complete the

required community engagement plan as outlined in RCW 70A.65.030, the climate commitment act.

(2) \$500,000 of the general fund—state appropriation for fiscal year 2024 and \$4,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to increase technical assistance and operational capacity of conservation districts.

(3) \$3,000,000 of the natural climate solutions account—state appropriation is provided solely to support the outreach, identification, and implementation of salmon riparian habitat restoration projects.

(4) \$5,000,000 of the natural climate solutions account—state appropriation is provided solely to the commission to work with conservation districts to address unhealthy forests and build greater community resiliency to wildfire.

(5) \$500,000 of the general fund—state appropriation for fiscal year 2024 and \$500,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to connect scientists, practitioners, and researchers and coordinate efforts to monitor and quantify benefits of best management practices on agricultural lands, and better understand values and motivations of landowners to implement voluntary incentive programs.

(6) \$300,000 of the general fund—state appropriation for fiscal year 2024 and \$300,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to support the continued development of the disaster assistance program established in RCW 89.08.645, to provide short-term financial support for farmers and ranchers during disasters. Funding must be prioritized for farmers and ranchers who are the most economically vulnerable.

(7) \$1,420,000 of the public works assistance account—state appropriation is provided solely to support monitoring and reporting efforts necessary to evaluate the implementation and effectiveness of voluntary stewardship program work plans.

(8) \$8,533,000 of the public works assistance account—state appropriation is provided solely for implementation of the voluntary stewardship program. This amount may not be used to fund agency indirect and administrative expenses.

(9) \$5,100,000 of the climate commitment account—state appropriation is provided solely for grants through the sustainable farms and fields program for organic agricultural waste and greenhouse gas emissions reduction through climate-smart livestock management. Of the amounts provided in this subsection:

(a) The commission may grant up to \$3,000,000 for technical and financial assistance to increase implementation of climate-smart livestock management, alternative manure management, and other best management practices to reduce greenhouse gas emissions and increase carbon sequestration.

(b) The commission may grant up to \$2,000,000 for research on, or demonstration of, projects with greenhouse gas reduction benefits.

(c) When funding for specific technologies, including anaerobic digesters, the commission must enter into appropriate agreements to support the state's interest in advancing innovation solution to decarbonize while ensuring compliance with Article VIII, section 5 and Article XII, section 9 of the state Constitution.

(d) The commission must submit a report summarizing the grants awarded and the likely annual greenhouse gas emission reductions achieved as a result to the appropriate committees of the legislature by December 1, 2024.

(10) \$23,000 of the natural climate solutions account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1170 (climate response strategy).

(11) (~~(\$379,000)~~) \$7,000 of the public works assistance

account—state appropriation is provided solely for implementation of Substitute Senate Bill No. 5353 (voluntary stewardship program).

(12) The commission must report to and coordinate with the department of ecology to track expenditures from climate commitment act accounts, as defined and described in RCW 70A.65.300 and section 302(13) of this act.

(13) \$150,000 of the general fund—state appropriation for fiscal year 2024 and \$150,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a grant to the King county conservation district to reduce the impacts of artificial lighting on or near the water on the behavior of salmon and other aquatic life in Lake Sammamish and Lake Washington. The grant funding may be used for:

(a) Research, including quantifying light intensities and conducting field studies of fish behavior;

(b) Community education, engagement, and technical assistance; and

(c) Development of model lighting ordinances.

(14) \$2,000,000 of the natural climate solutions account—state appropriation is provided solely to develop and implement an educational communication plan to the general public and landowners in urban, suburban, rural, agricultural, and forested areas regarding the importance of riparian buffers and the actions they can take to protect and enhance these critical areas.

(15) \$200,000 of the climate commitment account—state appropriation is provided solely for the commission to conduct an evaluation of the current contribution that organic and climate smart agriculture makes toward Washington's climate response goals, what potential there is for increasing this contribution, and how additional investments will help realize this potential, while supporting resiliency. The commission must include the departments of agriculture and ecology and other relevant state agencies, Washington state university, conservation districts, tribal governments, nongovernmental organizations, and other relevant stakeholders who will participate in the evaluation. The commission must submit a report of its findings and recommendation to the appropriate committees of the legislature by May 1, 2025.

(16) \$10,000,000 of the natural climate solutions account—state appropriation is provided solely for the commission to provide grants to local government and private landowners for fire wise projects to reduce forest fuel loading in areas deemed a high hazard for potential wildfire.

(17) \$200,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for staffing to support administrative operations of the commission. The commission will adopt an administrative rate policy for funding indirect support costs for future programmatic operating budget requests.

(18) \$500,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for post wildfire recovery actions in central Klickitat conservation district and eastern Klickitat conservation district to provide technical assistance and conduct fire recovery activities such as seeding, weed control, dozer line repair, forest health, and shrub steppe restoration, on areas that are necessary for public resource protection.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,777,000 of the general fund—state appropriation for fiscal year 2024 and \$1,777,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to grant to the northwest Indian fisheries commission for hatchery operations that are prioritized to increase prey abundance for southern resident orcas, including \$200,000 per fiscal year for tagging and marking costs, and the remainder to grant to tribes in the following amounts per fiscal year: \$150,000 for the Quinault Indian Nation, \$199,000 for the Tulalip Tribes, \$268,000 for the Quileute Tribe, \$186,000 for the Puyallup Tribe, \$122,000 for the Port Gamble S'Klallam Tribe, \$25,000 for the Muckleshoot Indian Tribe, \$207,000 for the Squaxin Island Tribe, \$142,000 for the Skokomish Indian Tribe, and \$278,000 for the Lummi Nation.

(2) \$330,000 of the general fund—state appropriation for fiscal year 2024 and \$330,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to provide to the Yakama Nation for hatchery operations that are

prioritized to increase prey abundance for southern resident orcas.

(3) \$175,000 of the general fund—state appropriation for fiscal year 2024 and \$175,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to grant to public utility districts for additional hatchery production that is prioritized to increase prey abundance for southern resident orcas.

(4) \$217,000 of the general fund—state appropriation for fiscal year 2024 and \$467,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to pay for emergency fire suppression costs. These amounts may not be used to fund agency indirect and administrative expenses.

(5) \$400,000 of the general fund—state appropriation for fiscal year 2024 and \$400,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a state match to support the Puget Sound nearshore partnership between the department and the United States army corps of engineers.

(6)(a) \$6,082,000 of the general fund—state appropriation for fiscal year 2024 and \$6,082,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to implement eradication and control measures on European green crabs through coordination and grants with partner organizations. The department must provide quarterly progress reports on the success and challenges of the measures to the appropriate committees of the legislature.

(b) The department must develop a comprehensive long-term plan for Washington's response to European green crab. The plan must identify where permanent trapping efforts should occur, where efficiencies over current operations may be achieved, which agencies, tribes, or organizations require ongoing funding to support the state's eradication and control measures, and the potential for federal funding for control efforts, and include a recommended funding level to implement the plan in the 2025-2027 fiscal biennium. The plan shall be submitted to the governor and legislature by October 1, 2024.

(7) \$403,000 of the general fund—state appropriation for fiscal year 2024 and \$377,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to develop conflict mitigation strategies for wolf recovery and staff resources in northeast Washington for response to wolf-livestock conflicts. The department shall not hire contract range riders in northeast Washington unless there is a gap in coverage from entities funded through the northeast Washington wolf-livestock management grant program as provided in RCW 16.76.020. No contract riders shall be deployed in areas already sufficiently covered by other riders. The department must focus on facilitating coordination with other entities providing conflict deterrence, including range riding, and technical assistance to livestock producers in order to minimize wolf-livestock issues in the Kettle Range and other areas of northeast Washington with existing or emerging chronic conflict. The department is discouraged from the use of firearms from helicopters for removing wolves.

(8) \$852,000 of the general fund—state appropriation for fiscal year 2024 and ~~(\$852,000))~~ \$639,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to provide additional capacity to the attorney general's office to prosecute environmental crimes. The department must provide an annual report by December 1st of each year, to the appropriate committees of the legislature, on the progress made in prosecuting environmental crimes.

(9) \$753,000 of the general fund—state appropriation for fiscal year 2024 and \$753,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for expanded management of pinniped populations on the lower Columbia river and its tributaries with the goal of increasing chinook salmon abundance and prey availability for southern resident orcas.

(10) \$470,000 of the general fund—state appropriation for fiscal year 2024 and \$470,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to expand efforts to survey the diets of seals and sea lions in the Salish sea and identify nonlethal management actions to deter them from preying on salmon and steelhead.

(11) \$518,000 of the general fund—state appropriation for fiscal year 2024 and \$519,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to continue to provide policy and scientific support to the department of ecology regarding surface and groundwater management issues as part of implementing chapter 90.94 RCW streamflow restoration.

(12) \$4,096,000 of the model toxics control operating account—state appropriation is provided solely to analyze salmon contaminants of emerging concern (CEC), including substances such as 6PPD-quinone and polychlorinated biphenyls (PCB) in already collected tissue samples. This research will accelerate recovery and protection by identifying the location and sources of CEC exposure.

(13) \$130,000 of the general fund—state appropriation for fiscal year 2024 and \$130,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for an external facilitator to seek solutions through a collaborative process using the department's wolf advisory group.

(14) \$194,000 of the general fund—state appropriation for fiscal year 2024 and \$194,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to update and maintain rule making related to chapter 77.57 RCW, fishways, flow, and screening.

(15) \$822,000 of the general fund—state appropriation for fiscal year 2024 and \$822,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to monitor recreational steelhead spawning and harvest in freshwater streams and rivers in Puget Sound.

(16) \$2,714,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for additional law enforcement officers for marine and freshwater fisheries compliance and a patrol vessel dedicated to coastal operations.

(17) \$509,000 of the general fund—state appropriation for fiscal year 2024 and \$305,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to monitor recreational shellfish harvests, monitor intertidal and crustacean fisheries, address emerging environmental issues, maintain a new data management infrastructure, and develop a disease and pest management program to protect shellfish fisheries in the Puget Sound.

(18) \$360,000 of the general fund—state appropriation for fiscal year 2024 and \$224,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to complete and maintain a statewide prioritization of fish passage barriers in collaboration with regional salmon recovery organizations.

(19) \$997,000 of the general fund—state appropriation for fiscal year 2024 and \$997,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to continue the assessment of riparian ecosystems. The assessment must include identifying common statewide definitions of terms for riparian usage, recommendations to improve data sharing, and identifying any gaps in vegetated cover relative to a science-based standard for a fully functioning riparian ecosystem and comparing the status and gaps to water temperature impairments, known fish passage barriers, and status of salmonid stocks.

(20) \$419,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for the Lummi Nation to make infrastructure updates at the Skookum hatchery.

(21) \$285,000 of the general fund—state appropriation for fiscal year 2024 and \$285,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to manage electronic tracked crab fishery gear to avoid whale entanglements during their migration as the agency develops a conservation plan to submit for an endangered species act incidental take permit.

(22) \$480,000 of the general fund—state appropriation for fiscal year 2024 and \$435,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to equip officers with body worn cameras to advance public safety.

(23) \$158,000 of the general fund—state appropriation for fiscal year 2024 and \$163,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Engrossed Substitute Senate Bill No. 5371 (orca vessel protection).

(24) \$3,000,000 of the salmon recovery account—state appropriation is provided solely for pass-through to tribes of the upper Columbia river to support reintroduction of Chinook salmon above Grand Coulee and Chief Joseph dams.

(25) \$741,000 of the general fund—state appropriation for fiscal year 2024 and \$741,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for operation and maintenance capacity and technical assistance for state fish passage facilities.

(26) \$948,000 of the general fund—state appropriation for fiscal year 2024 and \$948,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to continue operations of the Toutle and Skamania hatcheries.

(27) \$283,000 of the general fund—state appropriation for fiscal year 2024 and \$283,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to create a statewide data management system with the department of natural resources and the state parks and recreation commission to make informed management decisions that meet conservation goals for public lands. The agencies will also collaborate with tribal governments to ensure cultural resources and cultural practices are considered and incorporated into management plans.

(28) \$385,000 of the general fund—state appropriation for fiscal year 2024 and \$385,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to increase wildlife conflict specialists to address crop damage, dangerous wildlife interactions, and conflict preventative education and outreach.

(29) \$430,000 of the general fund—state appropriation for fiscal year 2024, \$430,000 of the general fund—state appropriation for fiscal year 2025, and \$3,564,000 of the natural climate solutions account—state appropriation are provided solely to increase capacity in three aspects of the department's mission most vulnerable to climate change including species recovery planning, providing technical assistance, permitting, and planning support, and managing agency lands and infrastructure.

(30) \$1,752,000 of the climate commitment account—state appropriation is provided solely for the first phase of the department's sustainability plan, including advancing energy efficiency and renewable energy projects, creating a commute trip reduction program, and supporting foundational research and capacity-building.

(31) \$4,000,000 of the forest resiliency account—state appropriation and \$2,000,000 of the natural climate solutions account—state appropriation are provided solely to reduce severe wildfire risk and increase forest resiliency through fuels reduction, thinning, fuel break creation, and prescribed burning on agency lands. The amounts provided in this subsection may not be used to fund agency indirect and administrative expenses. If Initiative Measure No. 2117 is approved in the 2024 general election, upon the effective date of the measure, funds from the

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

consolidated climate account may not be used for the purposes in this subsection.

(32)(a) \$7,905,000 of the general fund—state appropriation for fiscal year 2024 and \$15,095,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the protection, recovery, and restoration of biodiversity, the recovery of threatened and endangered species, and a review of the department of fish and wildlife. Examples include habitat protection and restoration, technical assistance for growth management act planning, fish passage improvements, conservation education, scientific research for species and ecosystem protection, and similar activities. Funding in this subsection may include pass-throughs to public, nonprofit, academic, or tribal entities for the purposes of this subsection.

(b) Of the amounts provided in this subsection, \$205,000 of the general fund—state appropriation for fiscal year 2024 and \$95,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a grant to the Ruckelshaus center for a review of the department of fish and wildlife, as referenced in (a) of this subsection. The review must focus on the department's efforts to fulfill its obligations as the trustee of state fish and wildlife on behalf of all current and future Washingtonians, to meet the mixed goals of the mandate set forth in RCW 77.04.012, and to respond to the equity principles articulated in RCW 43.06D.020. The review must explore the following areas and recommend changes as appropriate:

- (i) The department's ability to meet threats created by climate change and biodiversity loss;
 - (ii) An alignment of mandate with the department's responsibility as a public trustee;
 - (iii) The department's governance structure;
 - (iv) The department's funding model; and
 - (v) Accountability and transparency in department decision making at both the commission and management levels.
- (c) Within this scope, the Ruckelshaus center must also examine the following areas and provide recommendations as appropriate:
- (i) Fish and wildlife commission structure, composition, duties, and compensation;
 - (ii) Influence on the department by special interest groups;
 - (iii) The process by which the department uses science and social values in its decision making;
 - (iv) Outreach and involvement of Washington citizens who have historically been excluded from fish and wildlife decisions, including nonconsumptive users and marginalized communities;
 - (v) The department's adherence to state laws, including the state environmental policy act and the public records act; and
 - (vi) Any other related issues that arise during the review.
- (d) Based on the results of the review, the Ruckelshaus center must provide options for making changes to the department's mandate and governance structure as deemed necessary to improve the department's ability to function as a trustee for state fish and wildlife.

(e) The Ruckelshaus center must submit a report to the appropriate committees of the legislature by December 1, 2024.

(33) \$101,000 of the general fund—state appropriation for fiscal year 2024 and \$24,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a contract with a nonprofit organization that operates a zoological garden in King county and that has developed an educators' toolkit for nature play programming for youth in communities historically excluded from nature experiences to provide inclusive nature-based programming statewide to children from racially, ethnically, and culturally diverse backgrounds.

(34) \$310,000 of the general fund—state appropriation for

fiscal year 2024 and \$160,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to perform the following tasks related to net ecological gain:

(a) Of the amount provided in this subsection, \$160,000 in fiscal year 2024 and \$160,000 in fiscal year 2025 are provided solely for the department to facilitate a work group focused on developing a net ecological gain implementation framework.

(i) Participation in the work group is as follows:

(A) The work group must include representatives from the department, the department of commerce, the department of ecology, and the department of transportation; and

(B) The work group may include representatives from, and consultation with, as appropriate, other state agencies, federally recognized Indian tribes, local governments, and other relevant stakeholders.

(ii) The work group is responsible for accomplishing the following tasks:

(A) Define net ecological gain criteria;

(B) Create monitoring and assessment criteria related to net ecological gain;

(C) Develop an assessment model to evaluate and quantify contributions to overall net ecological gain;

(D) Consider the geographic scale at which net ecological gain criteria may be effectively applied;

(E) Provide budget and policy recommendations for net ecological gain to the legislature and to the office of financial management;

(F) Identify existing state-administered or state-funded programs and projects that:

(I) Already contribute to net ecological gain;

(II) Can or should give funding priority to funding applicants that commit to incorporating net ecological gain principles; and

(III) Programs and projects that can or should have a net ecological gain requirement in the future; and

(G) Generate interim recommendations for a project to serve as a net ecological gain proof of concept within a county that chooses to adopt a net ecological gain standard.

(iii) The department may contract with an independent entity to facilitate the work group, including the tasks identified in (b) of this subsection.

(iv) The work group must submit an interim and final report of its work, including any budget and policy recommendations, to the office of financial management and the appropriate committees of the legislature no later than June 30, 2024, and June 30, 2025.

(b) Of the amount provided in this subsection, \$150,000 in fiscal year 2024 is provided solely for the department to contract with an independent entity to perform the following tasks:

(i) Review existing grant programs; and

(ii) Make recommendations on the potential addition of net ecological gain into grant prioritization criteria.

(35)(a) \$700,000 of the general fund—state appropriation for fiscal year 2024 and \$700,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to initiate a demonstration project to contribute to rebuilding of salmon runs in the Lake Washington basin through suppression of predatory fish species. The project shall include:

(i) Removal of nonnative species and northern pike minnow using trap, nets, or other means;

(ii) Assessment of the benefits of reduced predator abundance on juvenile salmon survival; and

(iii) Assessment of the recreational fishing rules that were implemented in 2020 in the Lake Washington basin.

(b) An interim report on the demonstration project must be

provided to the appropriate committees of the legislature by December 1, 2024.

(36) \$270,000 of the general fund—state appropriation for fiscal year 2024 and ~~(\$57,000)~~ \$177,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Substitute House Bill No. 1085 (plastic pollution).

(37) \$184,000 of the natural climate solutions account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1170 (climate response strategy).

(38) \$1,026,000 of the climate commitment account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1181 (climate change/planning).

(39) \$620,000 of the climate commitment account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1216 (clean energy siting).

(40) The department must report to and coordinate with the department of ecology to track expenditures from climate commitment act accounts, as defined and described in RCW 70A.65.300 and section 302(13) of this act.

(41) \$100,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for the department to enter into individual damage prevention contract agreements for the use of hiring range riders for proactive wolf-livestock conflict deterrence outside of the service area of the northeast Washington wolf-livestock management grant program as provided in RCW 16.76.020.

(42) \$175,000 of the general fund—state appropriation for fiscal year 2024 and ~~(\$175,000)~~ \$198,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a conflict resolution process mediated by the federal mediation and conciliation service. This funding must be used by the department to facilitate meetings between Skagit tribes, drainage and irrigation districts, and state and federal resource agencies and support the technical work necessary to resolve conflict. Invited parties must include the national marine fisheries service, Washington state department of agriculture, Washington state department of fish and wildlife, Swinomish Indian tribal community, Upper Skagit Indian Tribe, Sauk-Suiattle Indian Tribe, and Skagit drainage and irrigation districts consortium LLC. A report documenting meeting notes, points of resolution, and recommendations must be provided to the legislature no later than June 30, 2025.

(43) \$500,000 of the general fund—state appropriation for fiscal year 2024 and \$500,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to evaluate the abundance and distribution of white and green sturgeon on the Washington coast and Puget Sound tributaries and to evaluate genetic relatedness with Columbia and Fraser river sturgeon populations. The funding is also provided to increase monitoring of the abundance and distribution of eulachon to use the information as a baseline for sturgeon and eulachon management plans.

(44) \$235,000 of the general fund—state appropriation for fiscal year 2024 and \$409,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to the department of fish and wildlife to proactively survey for wildlife disease risks and provide action plans and management for healthy wildlife in Washington.

(45) \$325,000 of the general fund—state appropriation for fiscal year 2024 is provided solely for a contract with a nonprofit organization that operates a zoological garden in King county for the purpose of an outreach campaign on pollinator health issues. The pollinator outreach campaign is intended to further the

mission of the department's pollinator conservation efforts and the department of agriculture's pollinator health task force goals.

(46) Within amounts provided in this section, but not to exceed \$20,000, the department must prioritize derelict and abandoned crab pot removal in north Hood Canal.

(47) \$1,175,000 of the general fund—state appropriation for fiscal year 2024 and \$1,175,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to continue to restore shrubsteppe habitat and associated wildlife on public lands as well as private lands by landowners who are willing to participate. The restoration effort must be coordinated with other natural resource agencies and interested stakeholders.

(48) \$5,000,000 of the general fund—state appropriation for fiscal year 2024 and \$5,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to continue to address the maintenance backlog associated with providing recreation on lands managed by the department. Allowable uses include, but are not limited to, maintenance, repair, or replacement of trails, toilet facilities, roads, parking lots, campgrounds, picnic sites, water access areas, signs, kiosks, and gates. The department is encouraged to partner with nonprofit organizations in the maintenance of public lands.

(49) \$250,000 of the general fund—state appropriation for fiscal year 2024 and \$250,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to increase the work of regional fisheries enhancement groups.

(50) \$250,000 of the general fund—state appropriation for fiscal year 2024 and \$250,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for grants to commercial fishers to modify fishing gear in order to facilitate participation in the emerging commercial fishery in the lower Columbia river, and to fund staffing and supplies needed to monitor the emerging commercial fishery on the lower Columbia river. The purpose of the grants to modify fishing gear is to support the state's efforts to develop fishing tools that allow for increased harvest of hatchery fish while minimizing impacts to salmonid species listed as threatened or endangered under the federal endangered species act. The department must provide a report of goods and services purchased with grant funds to the appropriate committees of the legislature by June 30, 2025.

(51) \$1,657,000 of the general fund—state appropriation for fiscal year 2024 ~~(is)~~ and \$1,440,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for habitat recovery and restoration work on agency owned and managed lands damaged from wildfires.

(52) \$443,000 of the general fund—state appropriation for fiscal year 2024, \$6,313,000 of the general fund—state appropriation for fiscal year 2025, \$86,000 of the limited fish and wildlife account—state appropriation, and \$196,000 of the fish, wildlife, and conservation account—state appropriation are provided solely for additional safety capacity in each region, development of a technology solution for training requirements, increased support to remote employees, and a third-party review of the agency safety program.

(53) \$403,000 of the general fund—state appropriation for fiscal year 2025 and \$42,000 of the general fund—private/local appropriation are provided solely for two new positions to support statewide fish health through veterinary services and maintenance support for the fish marking trailer fleet.

(54) \$224,000 of the general fund—state appropriation for fiscal year 2025 is provided solely to conduct up to four community bear hazard assessments in communities with historical high levels of human-bear conflict. The department must submit a report to the appropriate committees of the

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

legislature with initial funding recommendations to prioritize and implement the bear hazard assessments by December 31, 2024.

(55) \$1,810,000 of the general fund—state appropriation for fiscal year 2025 and \$1,810,000 of the general fund—~~((federal)) private/local~~ appropriation are provided solely for monitoring and response efforts for invasive quagga mussels, which were discovered on the Snake river in Idaho in July 2023. Possible activities include coordination with tribal, federal, regional, state, and local entities, watercraft inspections and decontamination, equipment and training, monitoring of potential residential and commercial pathways, and public outreach. Matching federal funds are anticipated from a United States army corps of engineers invasive mussel cost-share program.

(56) \$100,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for a grant to an organization based in Friday harbor that is focused on orcas and proposes to fill knowledge gaps through conservation research, arm policymakers with the latest available science, and engage the public with accessible information to:

(a) Use scent detection dogs to noninvasively collect fecal material to monitor and track the health of southern resident killer whales, including reproductive health, nutrition, and impacts from pollutants; and

(b) Coordinate with the department on relevant research, as appropriate.

(57) \$100,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for elk management in the Skagit valley in cooperation with affected tribes and landowners. Authorized expenditures include, but are not limited to, mitigation of the impacts of elk on agricultural crop production through elk fencing and related equipment, replacement seed and fertilizer to offset losses caused by elk, and elk deterrent equipment.

(58) \$222,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for implementation of Substitute House Bill No. 2293 (avian predation/salmon). If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.

(59) \$801,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department to rebuild an Autofish marking system.

(60) \$184,000 of the general fund—state appropriation for fiscal year 2024 and \$650,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Second Substitute Senate Bill No. 5784 (deer & elk crop damage). Of the amounts provided in this subsection, \$50,000 in fiscal year 2025 is provided for a grant to the Yakama nation for participation in an elk collaring pilot project. If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse.

(61) Within the amounts appropriated in this section, the department shall identify opportunities and spend available fund balance in the limited fish and wildlife account—state appropriation that do not diminish the department's ability to meet statutorily required obligations for the ensuing fiscal biennia.

Sec. 1308. 2024 c 376 s 309 (uncodified) is amended to read as follows:

	<u>\$958,507,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,857,000 of the general fund—state appropriation for fiscal year 2024 and \$1,857,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to carry out the forest practices adaptive management program pursuant to RCW 76.09.370 and the May 24, 2012, settlement agreement entered into by the department and the department of ecology. Scientific research must be carried out according to the master project schedule and work plan of cooperative monitoring, evaluation, and research priorities adopted by the forest practices board.

(2) \$1,000,000 of the general fund—state appropriation for fiscal year 2024 and \$1,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the small forest landowner office, in order to restore staffing capacity reduced during the great recession and to support small forest landowners, including assistance related to forest and fish act regulations.

(3) \$1,583,000 of the general fund—state appropriation for fiscal year 2024 and \$1,515,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for deposit into the agricultural college trust management account and are provided solely to manage approximately 70,700 acres of Washington State University's agricultural college trust lands.

(4) \$88,617,000 of the general fund—state appropriation for fiscal year 2024, ~~(\$60,883,000)~~ \$104,982,000 of the general fund—state appropriation for fiscal year 2025, and \$16,050,000 of the disaster response account—state appropriation are provided solely for emergency response, including fire suppression. The department shall provide a monthly report to the office of financial management and the appropriate fiscal and policy committees of the legislature with an update of fire suppression costs incurred and the number and type of wildfires suppressed.

(5) \$5,647,000 of the general fund—state appropriation for fiscal year 2024, \$8,470,000 of the general fund—state appropriation for fiscal year 2025, and \$330,000 of the disaster response account—state appropriation are provided solely for indirect and administrative expenses related to fire suppression.

(6) \$5,500,000 of the forest and fish support account—state appropriation is provided solely for outcome-based performance

contracts with tribes to participate in the implementation of the forest practices program. Contracts awarded may only contain indirect costs set at or below the rate in the contracting tribe's indirect cost agreement with the federal government. Of the amount provided in this subsection, \$500,000 is contingent upon receipts under RCW 82.04.261 exceeding \$8,000,000 per biennium. If receipts under RCW 82.04.261 are more than \$8,000,000 but less than \$8,500,000 for the biennium, an amount equivalent to the difference between actual receipts and \$8,500,000 shall lapse.

(7) Consistent with the recommendations of the *Wildfire Suppression Funding and Costs (18-02)* report of the joint legislative audit and review committee, the department shall submit a report to the governor and legislature by December 1, 2023, and December 1, 2024, describing the previous fire season. At a minimum, the report shall provide information for each wildfire in the state, including its location, impact by type of land ownership, the extent it involved timber or range lands, cause, size, costs, and cost-share with federal agencies and nonstate partners. The report must also be posted on the agency's website.

(8) \$4,206,000 of the aquatic land enhancement account—state appropriation is provided solely for the removal of creosote pilings and debris from the marine environment and to continue monitoring zooplankton and eelgrass beds on state-owned aquatic lands managed by the department. Actions will address recommendations to recover the southern resident orca population and to monitor ocean acidification as well as help implement the Puget Sound action agenda.

(9) \$279,000 of the general fund—state appropriation for fiscal year 2024 and \$286,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for compensation to the trust beneficiaries and department for lost revenue from leases to amateur radio operators who use space on the department managed radio towers for their equipment. The department is authorized to lease sites at the rate of up to \$100 per year, per site, per lessee. The legislature makes this appropriation to fulfill the remaining costs of the leases at market rate per RCW 79.13.510.

(10) \$2,500,000 of the general fund—state appropriation for fiscal year 2024 and \$3,280,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to collect and refresh statewide lidar data.

(11) \$1,200,000 of the resource management cost account—state appropriation is provided solely for the agency to pursue opportunities to provide workforce housing on state trust lands.

(12)(a) \$1,500,000 of the natural climate solutions account—state appropriation is provided solely for the department, in close collaboration with the department of ecology, to convene a group composed of a balanced representation of experts and stakeholders to conduct a state ecosystem services inventory and develop a state lands ecosystem services asset plan. The plan must outline how state lands under the department's jurisdiction can be monetized, including ecosystem services credits, and utilized to reduce the overall greenhouse emissions, or increase greenhouse gas sequestration and storage, in the state, including both public and private emissions.

(b) In developing the plan, the department must:

(i) Conduct a resource and asset inventory to identify all state-owned or controlled lands under its jurisdiction that could be eligible or utilized in ecosystem services credits, including carbon offset markets;

(ii) Explore opportunities for the department to utilize its inventoried proprietary assets in offering ecosystem services credits, including carbon offset credits, both under the regulatory offset programs, such as the one established under RCW 70A.65.170, and existing or future voluntary, private ecosystem service markets, including carbon offset programs;

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(iii) Develop a marginal cost abatement model to inform highest and best use of state assets in ecosystem services markets, including carbon markets;

(iv) Conduct a needs assessment in relation to marketing state-owned carbon assets on state lands under the department's jurisdiction to third party developers, including a proposed implementation plan and recommendations for plan execution;

(v) Identify any known or suspected policy or regulatory limitations to the formation and full execution of the ecosystem services inventory and asset plan identified above;

(vi) Create an implementation plan for a virtual dashboard where public and private sector participants in regulatory or voluntary carbon markets can locate the inventory created under this subsection, understand the marginal cost abatement model, and locate any requests for proposals from state asset-involved carbon projects on lands under the department's jurisdiction; and

(vii) Make recommendations for the creation of an ecosystems services equity and innovation account that includes:

(A) New modes of ecosystem services; and

(B) Identification of new or different beneficiaries of carbon investments that increase the participation of historically marginalized groups in ecosystem service opportunities.

(c) The department must report its progress and findings under this subsection to the legislature no later than December 31, 2024.

(13) \$3,166,000 of the natural climate solutions account—state appropriation is provided solely for silvicultural treatments on forested trust lands in western Washington to support maintenance of healthy, resilient forests as a critical component of climate adaptation and mitigation efforts.

(14) \$2,185,000 of the general fund—state appropriation for fiscal year 2024 and \$1,705,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for increased law enforcement capacity on agency managed lands, to develop a statewide recreation plan, and to jointly create a statewide data management system with the Washington department of fish and wildlife and the state parks and recreation commission to make informed management decisions that meet conservation goals for public lands. The agencies will also collaborate with tribal governments to ensure cultural resources and cultural practices are considered and incorporated into management plans.

(15) \$2,066,000 of the natural climate solutions account—state appropriation is provided solely for the agency to develop a comprehensive strategy to tackle barriers to reforestation, including through expanding seed collection, increasing the capacity of the state's public nursery, and addressing workforce needs.

(16) \$2,864,000 of the natural climate solutions account—state appropriation is provided solely for the agency to implement aspects of their watershed resilience action plan for the Snohomish watershed, including activities to support kelp and eelgrass stewardship, a large woody debris program, aquatic restoration grants, and culvert removal.

(17) \$5,991,000 of the natural climate solutions account—state appropriation is provided solely for investment in urban forestry to support reduction of negative environmental conditions such as heat, flooding, and pollution and helping communities become greener, cleaner, healthier, and more resilient.

(18) \$7,791,000 of the climate commitment account—state appropriation is provided solely for the agency to analyze current infrastructure and build a plan for the department to achieve its greenhouse gas emission reduction targets.

(19) \$2,365,000 of the climate commitment account—state appropriation is provided solely for the department to make investments in education and training to bolster a statewide

natural resources workforce to support the health and resilience of Washington's forests. Of this amount, \$800,000 is provided solely to provide wildland fire management training to tribal communities and members.

(20) \$3,356,000 of the natural climate solutions account—state appropriation is provided solely to increase the agency's capacity to provide active management of department of natural resources natural areas.

(21) \$1,500,000 of the general fund—state appropriation for fiscal year 2024, \$1,500,000 of the general fund—state appropriation for fiscal year 2025, and \$1,817,000 of the aquatic lands enhancement account—state appropriation are provided solely for full-time and seasonal crews from the Washington conservation corps and other corps programs to conduct work benefiting the management of state managed lands, including aquatic reserves management, natural areas restoration and conservation, trail work, and forest resiliency activities as well as other recreation and habitat projects with agency partners.

(22)(a) \$475,000 of the general fund—state appropriation for fiscal year 2024, \$253,000 of the general fund—state appropriation for fiscal year 2025, and \$62,000 of the model toxics control operating account—state appropriation are provided solely for a geoduck task force. Of the amounts provided in this subsection, \$411,000 of the general fund—state appropriation for fiscal year 2024 and \$208,000 of the general fund—state appropriation for fiscal year 2025 are for the department's costs for the task force, and the remaining amounts are for the department to provide to the department of ecology, the department of fish and wildlife, and the Puget Sound partnership for their projected costs for the task force.

(b) The task force must investigate opportunities to reduce negative impacts to tribal treaty and state geoduck harvest and promote long-term opportunities to expand or sustain geoduck harvest. The task force must provide a report to the commissioner of public lands and the legislature, in compliance with RCW 43.01.036, by December 1, 2024, that includes analysis and recommendations related to the following elements:

(i) The feasibility of intervention to enhance the wildstock of geoduck, including reseeded projects;

(ii) Factors that are preventing areas from being classified for commercial harvest of wildstock geoduck or factors that are leading to existing wildstock geoduck commercial tract classification downgrade, and recommendations to sustainably and cost-effectively increase the number and area of harvestable tracts, including:

(A) Consideration of opportunities and recommendations presented in previous studies and reports;

(B) An inventory of wastewater treatment plant and surface water runoff point sources impacting state and tribal geoduck harvesting opportunities within the classified commercial shellfish growing areas in Puget Sound;

(C) A ranking of outfalls and point sources identified in (b)(ii)(B) of this subsection prioritized for future correction to mitigate downgraded classification of areas with commercial geoduck harvest opportunity;

(D) An inventory of wildstock geoduck tracts that are most impacted by poor water quality or other factors impacting classification;

(E) Consideration of the role of sediment load and urban runoff, and pathways to mitigate these impacts; and

(F) Recommendations for future actions to improve the harvest quantity of wildstock geoduck and to prioritize areas that can attain improved classification most readily, while considering the influence of outfalls ranked pursuant to (b)(ii)(C) of this subsection.

(c) The commissioner of public lands must invite the following representatives to participate in the task force:

- (i) A representative of the department of natural resources, who shall serve as the chair of the task force;
- (ii) Representatives of tribes with treaty or reserved rights to geoduck harvest in Washington state;
- (iii) A representative of the department of ecology;
- (iv) A representative of the department of health;
- (v) A representative of the department of fish and wildlife;
- (vi) A representative of the Puget Sound partnership; and
- (vii) A representative of the academic community.

(d) The commissioner of public lands must appoint each representative. The commissioner may invite and appoint other individuals to the task force, not to exceed the number of seats of tribal entities.

(e) Members of the task force may be reimbursed for travel expenses as authorized in RCW 43.03.050 and 43.03.060.

(23) \$636,000 of the general fund—state appropriation for fiscal year 2024 and \$353,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Second Substitute House Bill No. 1032 (wildfires/electric utilities).

(24) \$65,000 of the general fund—state appropriation for fiscal year 2024 and \$55,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Substitute House Bill No. 1085 (plastic pollution).

(25) \$350,000 of the natural climate solutions account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1170 (climate response strategy).

(26) \$250,000 of the climate commitment account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1181 (climate change/planning).

(27) \$164,000 of the climate commitment account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1216 (clean energy siting).

(28) \$591,000 of the general fund—state appropriation for fiscal year 2024 and \$552,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Substitute Senate Bill No. 5433 (derelict aquatic structures).

(29) \$431,000 of the general fund—state appropriation for fiscal year 2024 and \$331,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Engrossed Substitute House Bill No. 1498 (aviation assurance funding).

(30) \$2,500,000 of the general fund—state appropriation for fiscal year 2024 and \$2,822,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Second Substitute House Bill No. 1578 (wildland fire safety). Of the amounts provided in this subsection, \$322,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the agency to operate the post-fire debris flow program.

(31) The department must report to and coordinate with the department of ecology to track expenditures from climate commitment act accounts, as defined and described in RCW 70A.65.300 and section 302(13) of this act.

(32) \$1,000,000 of the model toxics control operating account—state appropriation is provided solely for tire removal projects in Puget Sound, with specific priority to remove tire reefs.

(33) \$321,000 of the general fund—state appropriation for fiscal year 2024 and \$427,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for

implementation of Senate Bill No. 5390 (forestlands/safeharbor).

(34) \$70,000 of the general fund—state appropriation for fiscal year 2024 and \$30,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to advance research and cooperation with governmental agencies of Finland and Finnish organizations to implement sustainable forestry practices. The department must report to the appropriate committees of the legislature by June 30, 2024, on the use of the funds and the research conducted and cooperation accomplished, and make recommendations for further opportunities for collaboration.

(35) \$278,000 of the natural climate solutions account—state appropriation is provided solely for the department to perform coordination and monitoring related to Puget Sound kelp conservation and recovery.

(36) \$312,000 of the general fund—state appropriation for fiscal year 2024 and \$313,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to coordinate with the Olympic natural resources center to study emerging ecosystem threats such as Swiss needlecast disease, fully implement the T3 watershed experiments on state trust lands, continue field trials for long-term ecosystem productivity, and engage stakeholders through learning-based collaboration. The department may expend up to \$30,000 in one fiscal year to conduct Swiss needlecast surveys.

(37) \$300,000 of the general fund—state appropriation for fiscal year 2024 and \$300,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to continue the work specified in section 3291, chapter 413, Laws of 2019 to assess public school seismic safety for school buildings not yet assessed, focused on highest risk areas of the state as a priority.

(38) \$10,000,000 of the natural climate solutions account—state appropriation is provided solely for the department to prepare commercial thinning timber sales for the purposes of restoring spotted owl and riparian habitat as specified in the 1997 state lands habitat conservation plan, facilitating access to more timber volume than is possible under normal operating funding and increasing carbon sequestration. Thinning operations in designated spotted owl management areas must be conducted in stands that do not yet meet spotted owl habitat conditions. Thinning in riparian areas must comply with department procedures for restoring riparian habitat under the 1997 state lands habitat conservation plan.

(39) \$5,000,000 of the general fund—state appropriation for fiscal year 2024 and \$5,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to continue to address the maintenance backlog associated with providing recreation on lands managed by the department. Allowable uses include, but are not limited to, maintenance, repair, or replacement of trails, toilet facilities, roads, parking lots, campgrounds, picnic sites, water access areas, signs, kiosks, and gates. The department is encouraged to partner with nonprofit organizations in the maintenance of public lands.

(40) \$175,000 of the general fund—state appropriation for fiscal year 2024 and \$175,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to implement a pilot project to evaluate the costs and benefits of marketing and selling specialty forest products including cedar salvage, alder, and other hardwood products. The pilot project must include: Identifying suitable areas for hardwood or cedar sales within the administrative areas of the Olympic and Pacific Cascade regions, preparing and conducting sales, and evaluating the costs and benefits from conducting the sales.

(a) The pilot project must include an evaluation that:

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(i) Determines if revenues from the sales are sufficient to cover the costs of preparing and conducting the sales;

(ii) Identifies and evaluates factors impacting the sales, including regulatory constraints, staffing levels, or other limitations;

(iii) Compares the specialty sales to other timber sales that combine the sale of cedar and hardwoods with other species;

(iv) Evaluates the bidder pool for the pilot sales and other factors that impact the costs and revenues received from the sales; and

(v) Evaluates the current and future prices and market trends for cedar salvage and hardwood species.

(b) The department must work with affected stakeholders and report to the appropriate committees of the legislature with the results of the pilot project and make recommendations for any changes to statute by June 30, 2025.

(41) \$857,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the department to implement eradication and control measures on European green crabs on state-owned aquatic lands and adjacent lands as appropriate. The department must report to and coordinate with the department of fish and wildlife to support the department of fish and wildlife's quarterly progress reports to the legislature.

(42) ~~(\$847,000)~~ \$719,000 of the general fund—state appropriation for fiscal year 2025 and \$473,000 of the model toxics control operating account—state appropriation are provided solely for the department to develop an authorized target shooting range as an alternative to dispersed shooting, lead a stakeholder-driven process to identify potential additional locations for target shooting ranges, and address lead pollution in known dispersed shooting sites.

(43) \$524,000 of the resource management cost account—state appropriation is provided solely for the agency to supplement the cost of the contract with the department of fish and wildlife for biological geoduck survey work. Within existing appropriations, the department must develop a proposal with the department of fish and wildlife for the equitable and sustainable ongoing funding of this work.

(44) \$593,000 of the natural climate solutions account—state appropriation is provided solely for the department to conduct remote sensing, stressor studies, and imagery and survey work of kelp forests and eelgrass meadows pursuant to RCW 79.135.440 and manage the native kelp forest and eelgrass meadow health and conservation plan. If Initiative Measure No. 2117 is approved in the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection.

(45) \$10,000,000 of the natural climate solutions account—state appropriation is provided solely for forest treatments in areas where they have the greatest potential to prevent wildfires and protect air quality. If Initiative Measure No. 2117 is approved in the 2024 general election, upon the effective date of the measure, funds from the consolidated climate account may not be used for the purposes in this subsection.

(46) \$83,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for implementation of Substitute Senate Bill No. 5667 (forestry riparian easements). If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.

(47) \$862,000 of the climate commitment account—state appropriation is provided solely for implementation of Engrossed Substitute Senate Bill No. 6039 (geothermal energy resources). If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse. Funds provided in this subsection may not be expended or obligated prior to January 1, 2025. If Initiative

Measure No. 2117 is approved in the general election, the amount provided in this subsection shall lapse upon the effective date of the measure.

(48) \$307,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for implementation of Engrossed Senate Bill No. 6120 (wildland urban interface). If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.

(49) \$300,000 of the model toxics control operating account—state appropriation is provided solely for a grant for the removal of tires containing 6PPD from docks serving floatplanes in salmon-bearing waterways. Funds may be used to reduce the cost of conversion to alternative products that are free of 6PPD.

Appropriation\$36,875,000

TOTAL APPROPRIATION(~~\$252,940,000~~)
\$265,258,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$18,000,000 of the general fund—state appropriation for fiscal year 2024 and \$17,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to continue the we feed Washington program, a state alternative to the United States department of agriculture farmers to families food box program, and provide resources for hunger relief organizations.

(2) \$4,000,000 of the general fund—state appropriation for fiscal year 2024 and (~~\$4,000,000~~) \$3,658,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for local food system infrastructure and market access grants.

(3) \$4,992,000 of the general fund—state appropriation for fiscal year 2024 and (~~\$3,655,000~~) \$4,105,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementing a *Popillia japonica* monitoring and eradication program in central Washington.

(4) \$5,000,000 of the general fund—state appropriation for fiscal year 2024, \$20,000,000 of the general fund—state appropriation for fiscal year 2025, and \$15,000,000 of the coronavirus state fiscal recovery fund—federal appropriation are provided solely for implementing the emergency food assistance program as defined in RCW 43.23.290.

(5) \$246,000 of the general fund—state appropriation for fiscal

year 2024, (~~(\$246,000))~~ \$401,000 of the general fund—state appropriation for fiscal year 2025, and (~~(\$1,550,000))~~ \$1,889,000 of the general fund—federal appropriation are provided solely for implementing a Vespa mandarinia eradication program.

(6) \$1,600,000 of the northeast Washington wolf-livestock management nonappropriated account—state appropriation is provided solely for the department to conduct the following:

(a) Offer grants for the northeast Washington wolf-livestock management program as provided in RCW 16.76.020, in the amount of \$1,400,000 for the biennium.

(i) Funds from the grant program must be used only for the deployment of nonlethal deterrence, specifically with the goal to reduce the likelihood of cattle being injured or killed by wolves by deploying proactive, preventative methods that have a high probability of producing effective results. Grant proposals will be assessed partially on this intent. Grantees who use funds for range riders or herd monitoring must deploy this tool in a manner so that targeted areas with cattle are visited daily or near daily. Grantees must collaborate with other grantees of the program and other entities providing prevention efforts resulting in coordinated wolf-livestock conflict deterrence efforts, both temporally and spatially, therefore providing well timed and placed preventative coverage on the landscape. Additionally, range riders must document their activities with GPS track logs and provide written description of their efforts to the department of fish and wildlife on a monthly basis. The department shall incorporate the requirements of this subsection into contract language with the grantees.

(ii) In order to provide continuity of services to meet the long-term intent of the program, no less than \$1,100,000 of the funding allocated in this subsection (a) shall be awarded to entities who have proven ability to meet program intent as described in (a)(i) of this subsection and who have been awarded funds through this grant program or pass-through funds from the northeast Washington wolf-livestock management nonappropriated account in the past. The remaining \$300,000 may be awarded to new applicants whose applications meet program intent and all of other requirements of the program. If no applications from new entities are deemed qualified, the unused funds shall be awarded in equal amounts to successful grantees. The department retains the final decision making authority over disbursement of funds. Annual reports from grantees will be assessed for how well grant objectives were met and used to decide whether future grant funds will be awarded to past grantees.

(b) Within the amounts provided in this subsection, the department must provide \$100,000 each fiscal year to the sheriff's offices of Ferry and Stevens counties for providing a local wildlife specialist to aid the department of fish and wildlife in the management of wolves in northeast Washington.

(7) \$1,000,000 of the coronavirus state fiscal recovery fund—federal appropriation is provided solely for grants and technical assistance to producers and processors for meat and poultry processing.

(8) \$842,000 of the general fund—state appropriation for fiscal year 2024 and \$822,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of chapter 135, Laws of 2022, which requires the department to establish cannabis testing lab quality standards by rule.

(9) \$3,038,000 of the climate commitment account—state appropriation is provided solely to implement organic materials legislation passed in the 2022 legislative session.

(10) \$200,000 of the general fund—state appropriation for fiscal year 2024 and \$200,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to contract with Washington State University's IMPACT Center to conduct an analysis of the threats, barriers, and challenges facing the

state's agricultural producers.

(11) \$581,000 of the climate commitment account—state appropriation is provided solely to implement a science-based, voluntary software program called saving tomorrow's agricultural resources (STAR) which provide producers tools to track soil health improvements and the ability to generate market-based incentives.

(12) (~~(\$1,492,000))~~ \$1,392,000 of the model toxics control operating account—state appropriation is provided solely to increase capacity and support work to reduce nitrate pollution in groundwater from irrigated agriculture in the lower Yakima valley.

(13) \$502,000 of the general fund—state appropriation for fiscal year 2024, (~~(\$88,000))~~ \$514,000 of the general fund—state appropriation for fiscal year 2025, and (~~(\$1,053,000))~~ \$1,434,000 of the general fund—federal appropriation are provided solely to match federal funding for eradication treatments and follow-up monitoring of invasive moths.

(14) \$120,000 of the general fund—state appropriation for fiscal year 2024 and \$120,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to continue the early detection program for the spotted lanternfly and the associated invasive *Ailanthus altissima*, known colloquially as tree-of-heaven, survey and control programs.

(15) \$90,000 of the general fund—state appropriation for fiscal year 2024 and \$90,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to implement changes that advance equity for underrepresented farmers and ranchers in the department's programs and services. In carrying out this duty, the department may focus on implementation of:

(a) Proequity and inclusion strategies within the activities and services of the regional markets program;

(b) Recommendations from the department's 2022 report to the legislature on equity for underrepresented farmers and ranchers; and

(c) Community-generated suggestions resulting from stakeholder engagement activities. In carrying out this duty, the department may engage with underrepresented farmers and ranchers to advise and provide guidance as the department works to implement changes to improve equity and inclusion in the department's services and programs, and where possible in the agricultural industry more broadly.

(16) \$261,000 of the natural climate solutions account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1170 (climate response strategy).

(17) \$200,000 of the climate commitment account—state appropriation is provided solely for implementation of Engrossed Second Substitute House Bill No. 1216 (clean energy siting).

(18) \$116,000 of the general fund—state appropriation for fiscal year 2024 and \$110,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Substitute House Bill No. 1500 (cottage food sales cap).

(19) The department must report to and coordinate with the department of ecology to track expenditures from climate commitment act accounts, as defined and described in RCW 70A.65.300 and section 302(13) of this act.

(20) \$100,000 of the general fund—state appropriation for fiscal year 2024 and \$100,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a grant to a community-based organization in Whatcom county for the food and farm finder program, which connects local food producers with retail and wholesale consumers throughout the state.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(21) \$10,600,000 of the coronavirus state fiscal recovery fund—federal appropriation is provided solely for local food system infrastructure and market access grants, the emergency food assistance program, and a state farmers to families food box program. The total expenditures from the coronavirus state fiscal recovery fund—federal for these purposes in fiscal year 2023 and fiscal year 2024 may not exceed the total amounts provided in section 311(1), (3), and (7), chapter 334, Laws of 2021, from the coronavirus state fiscal recovery fund—federal for these purposes.

(22) \$47,000 of the general fund—state appropriation for fiscal year 2024 and \$47,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Second Substitute Senate Bill No. 5263 (psilocybin).

(23) \$200,000 of the general fund—state appropriation for fiscal year 2024 and \$200,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the department to provide a grant to a food bank in Pierce county for the continued provision of food bank services to low-income individuals, including costs related to the potential relocation of the food bank.

(24) \$128,000 of the general fund—state appropriation for fiscal year 2024 and \$127,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for a grant to the Tri-Cities food bank for operations including food storage.

(25) \$170,000 of the general fund—state appropriation for fiscal year 2024 and \$170,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to continue a shellfish coordinator position.

(26) \$635,000 of the general fund—state appropriation for fiscal year 2024 and \$635,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for compliance-based laboratory analysis of pesticides in cannabis.

(27) \$220,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the agency to partner with the department of commerce to conduct a study to better understand the opportunities and challenges of using hemp as a building material.

(28) \$112,000 of the general fund—state appropriation for fiscal year 2024 and \$683,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the agency to partner with organizations to promote diversity and develop agricultural leadership and educational opportunities.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

28A.180.120.

(4) \$150,000 of the general fund—state appropriation for fiscal year 2024 and \$150,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the implementation of chapter 295, Laws of 2019 (educator workforce supply).

(5) \$12,335,000 of the general fund—state appropriation for fiscal year 2024 and (~~(\$17,535,000)~~) \$12,662,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of chapter 237, Laws of 2017 (paraeducators). Of the amounts provided in this subsection: \$11,550,000 of the general fund—state appropriation for fiscal year 2024 and (~~(\$16,873,000)~~) \$12,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for grants to districts to provide two days of training per school year in the paraeducator certificate program to all paraeducators. Funds in this subsection are provided solely for reimbursement to school districts that provide paraeducators with two days of training in the paraeducator certificate program in each of the 2022-23 and 2023-24 school years. Funding provided in this subsection is sufficient for new paraeducators to receive four days of training in the paraeducator certificate program during their first year. School districts receiving grants under this subsection must prioritize funding toward compensation for paraeducators who complete the required hours of instruction per school year.

(6) \$85,000 of the general fund—state appropriation for fiscal year 2024 and \$28,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the board to review national certification opportunities for educational staff associates through the relevant national associations for their profession and through the national board for professional teaching standards. The board must compare the standards and processes for achieving these certifications, including an analysis of how educational staff associate positions' national certification aligns with school roles and the professional expertise of school-based education staff associates. The board must submit the comparison report to the education committees of the legislature by October 1, 2024.

(7) \$147,000 of the general fund—state appropriation for fiscal year 2024 and \$158,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Second Substitute House Bill No. 1009 (military spouse employment).

(8) \$35,000 of the general fund—state appropriation for fiscal year 2024 and \$71,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the professional educator standards board and the paraeducator board to collaborate with the office of the superintendent of public instruction to align bilingual education and English language learner endorsement standards and to determine language assessment requirements for multilingual teachers and paraeducators as required in Third Substitute House Bill No. 1228 (dual & tribal language edu.). If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse.

(9) \$877,000 of the general fund—state appropriation for fiscal year 2024 and \$135,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the professional educator standards board, in coordination with the office of the superintendent of public instruction, to develop a teacher residency program through Western Washington University focused on special education instruction beginning in the 2024-25 school year.

(10) \$33,000 of the general fund—state appropriation for fiscal year 2024 and \$155,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the professional educator standards board to convene two separate groups to

review implementation of new and existing standards in teacher preparation programs and to perform preparation program gap analyses.

(a) By October 1, 2024, the board shall convene a group of educators, including principals and teachers, to identify what preparation programs must be providing candidates to prepare them for the modern classroom.

(i) Prior to the convening of the group, the board, in collaboration with the office of the superintendent of public instruction and the state board of education, shall develop a list of major changes to the educational system in statute and rule during the last 10 years that might require pedagogical changes in preparation programs. The group of educators shall review the list in order to identify what programs must be providing candidates.

(ii) The group of educators must include a wide variety of representatives from different subject matter areas including, but not limited to, any shortage areas, different grade levels, rural and urban school districts, large and small school districts, schools participating in the mastery-based learning collaborative, schools implementing inclusionary practices to support students with disabilities, and educators of color.

(iii) By June 1, 2025, the board shall compile a summary of the findings from the group of educators. Members of the legislature may review this summary upon request.

(b) By December 1, 2024, the board shall develop a process to facilitate an ongoing and collaborative process to help educator preparation programs in Washington state respond to the continuously changing needs of the modern classroom; provide a feedback loop between school staff and programs; and promote continuity, consistency, and coherence across the educator preparation system regarding implementing new and existing standards. This process must at a minimum meet the following requirements:

(i) Convening of a group representing the educator preparation programs to review the list developed in (a)(i) of this subsection and, when completed, the summary compiled under (a)(iii) of this subsection;

(ii) Requiring each preparation program to perform a gap analysis of their programs. The board shall determine the components of this gap analysis;

(iii) Submission of a plan of improvement and action plan, as needed, to address the areas identified in the gap analysis;

(iv) A plan for compliance monitoring including recommendations related to potential consequences for programs not making sufficient progress; and

(v) A timeline that requires educator preparation programs to complete the process at least once every three years and aligns the process with other review processes.

(c) In creating the process, the board shall begin with a process for teacher preparation programs offered at institutions of higher education and develop a phase-in plan for how to eventually include alternative route teacher certification programs and principal preparation programs.

(11) \$26,000 of the general fund—state appropriation for fiscal year 2024 and \$387,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Second Engrossed Substitute House Bill No. 1377 (continuing education/K-12).

(12) \$23,000 of the general fund—state appropriation for fiscal year 2024 and \$23,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Engrossed Fourth Substitute House Bill No. 1239 (educator ethics & complaints). If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse.

Sec. 1503. 2024 c 376 s 504 (uncodified) is amended to read

as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR GENERAL APPORTIONMENT

General Fund—State Appropriation (FY 2024)	\$9,784,078,000
General Fund—State Appropriation (FY 2025)	(\$9,813,885,000)
	<u>\$9,812,324,000</u>
Education Legacy Trust Account—State Appropriation	\$1,773,730,000
TOTAL APPROPRIATION	<u>(\$21,371,693,000)</u>
	<u>\$21,370,132,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(b) For the 2023-24 and 2024-25 school years, the superintendent shall allocate general apportionment funding to school districts as provided in the funding formulas and salary allocations in sections 504 and 505 of this act, excluding (c) of this subsection.

(c) From July 1, 2023, to August 31, 2023, the superintendent shall allocate general apportionment funding to school districts programs as provided in sections 504 and 505, chapter 297, Laws of 2022, as amended.

(d) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the fourth day of school in September and on the first school day of each month October through June, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. Any school district concluding its basic education program in May must report the enrollment of the last school day held in May in lieu of a June enrollment.

(e)(i) Funding provided in part V of this act is sufficient to provide each full-time equivalent student with the minimum hours of instruction required under RCW 28A.150.220.

(ii) The office of the superintendent of public instruction shall align the agency rules defining a full-time equivalent student with the increase in the minimum instructional hours under RCW 28A.150.220, as amended by the legislature in 2014.

(f) The superintendent shall adopt rules requiring school districts to report full-time equivalent student enrollment as provided in RCW 28A.655.210.

(g) For the 2023-24 and 2024-25 school years, school districts must report to the office of the superintendent of public instruction the monthly actual average district-wide class size across each grade level of kindergarten, first grade, second grade, and third grade classes. The superintendent of public instruction shall report this information to the education and fiscal committees of the house of representatives and the senate by September 30th of each year.

(2) CERTIFICATED INSTRUCTIONAL STAFF ALLOCATIONS

Allocations for certificated instructional staff salaries for the 2023-24 and 2024-25 school years are determined using formula-generated staff units calculated pursuant to this subsection.

(a) Certificated instructional staff units, as defined in RCW 28A.150.410, shall be allocated to reflect the minimum class size allocations, requirements, and school prototypes assumptions as provided in RCW 28A.150.260. The superintendent shall make allocations to school districts based on the district's annual average full-time equivalent student enrollment in each grade.

(b) Additional certificated instructional staff units provided in

this subsection (2) that exceed the minimum requirements in RCW 28A.150.260 are enhancements outside the program of basic education, except as otherwise provided in this section.

(c)(i) The superintendent shall base allocations for each level of prototypical school, including those at which more than fifty percent of the students were eligible for free and reduced-price meals in the prior school year, on the following regular education average class size of full-time equivalent students per teacher, except as provided in (c)(ii) of this subsection:

General
education
class size:

Grade	RCW 28A.150.260	2023-24 School Year	2024-25 School Year
Grade K		17.00	17.00
Grade 1		17.00	17.00
Grade 2		17.00	17.00
Grade 3		17.00	17.00
Grade 4		27.00	27.00
Grades 5-6		27.00	27.00
Grades 7-8		28.53	28.53
Grades 9-12		28.74	28.74

The superintendent shall base allocations for: Laboratory science average class size as provided in RCW 28A.150.260; career and technical education (CTE) class size of 23.0; and skill center program class size of 19. Certificated instructional staff units provided for skills centers that exceed the minimum requirements of RCW 28A.150.260 achieve class size reductions under RCW 28A.400.007 and are part of the state's program of basic education.

(ii) Pursuant to RCW 28A.150.260(4)(a), the assumed teacher planning period, expressed as a percentage of a teacher work day, is 13.42 percent in grades K-6, and 16.67 percent in grades 7-12; and

(iii) Advanced placement and international baccalaureate courses are funded at the same class size assumptions as general education schools in the same grade; and

(d)(i) Funding for teacher librarians, school nurses, social workers, school psychologists, and guidance counselors is allocated based on the school prototypes as provided in RCW 28A.150.260, as amended by chapter 109, Laws of 2022, and is considered certificated instructional staff.

(ii) For qualifying high-poverty schools in the 2023-24 school year, at which more than 50 percent of the students were eligible for free and reduced-price meals in the prior school year, in addition to the allocation under (d)(i) of this subsection, the superintendent shall allocate additional funding for guidance counselors for each level of prototypical school as follows:

	Elementary	Middle	High
Guidance counselors	0.166	0.166	0.157

(iii) Students in approved career and technical education and skill center programs generate certificated instructional staff units to provide for the services of teacher librarians, school nurses, social workers, school psychologists, and guidance counselors at the following combined rate per 1000 student full-time equivalent enrollment:

2023-24 School Year	2024-25 School Year
------------------------	------------------------

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

Career and Technical Education	3.65	3.91
Skill Center	3.98	4.25

(3) ADMINISTRATIVE STAFF ALLOCATIONS

(a) Allocations for school building-level certificated administrative staff salaries for the 2023-24 and 2024-25 school years for general education students are determined using the formula generated staff units calculated pursuant to this subsection. The superintendent shall make allocations to school districts based on the district's annual average full-time equivalent enrollment in each grade. The following prototypical school values shall determine the allocation for principals, assistant principals, and other certificated building level administrators:

Prototypical School Building:	
Elementary School	1.253
Middle School	1.353
High School	1.880

(b) Students in approved career and technical education and skill center programs generate certificated school building-level administrator staff units at per student rates that are a multiple of the general education rate in (a) of this subsection by the following factors:

Career and Technical Education students	1.025
Skill Center students	1.198

(4) CLASSIFIED STAFF ALLOCATIONS

Allocations for classified staff units providing school building-level and district-wide support services for the 2023-24 and 2024-25 school years are determined using the formula-generated staff units provided in RCW 28A.150.260 and pursuant to this subsection, and adjusted based on each district's annual average full-time equivalent student enrollment in each grade.

(5) CENTRAL OFFICE ALLOCATIONS

In addition to classified and administrative staff units allocated in subsections (3) and (4) of this section, classified and administrative staff units are provided for the 2023-24 and 2024-25 school years for the central office administrative costs of operating a school district, at the following rates:

(a) The total central office staff units provided in this subsection (5) are calculated by first multiplying the total number of eligible certificated instructional, certificated administrative, and classified staff units providing school-based or district-wide support services, as identified in RCW 28A.150.260(6)(b) and the increased allocations provided pursuant to subsections (2) and (4) of this section, by 5.3 percent.

(b) Of the central office staff units calculated in (a) of this subsection, 74.53 percent are allocated as classified staff units, as generated in subsection (4) of this section, and 25.48 percent shall be allocated as administrative staff units, as generated in subsection (3) of this section.

(c) Staff units generated as enhancements outside the program of basic education to the minimum requirements of RCW 28A.150.260, and staff units generated by skill center and career-technical students, are excluded from the total central office staff units calculation in (a) of this subsection.

(d) For students in approved career-technical and skill center programs, central office classified units are allocated at the same staff unit per student rate as those generated for general education students of the same grade in this subsection (5), and central office administrative staff units are allocated at staff unit per student rates that exceed the general education rate established for students in the same grade in this subsection (5) by 12.25 percent

in the 2023-24 school year and ((~~12.42~~)) 12.44 percent in the 2024-25 school year for career and technical education students, and 17.58 percent in the 2023-24 school year and ((~~17.75~~)) 17.77 percent in the 2024-25 school year for skill center students.

(6) FRINGE BENEFIT ALLOCATIONS

Fringe benefit allocations shall be calculated at a rate of 17.97 percent in the 2023-24 school year and 18.15 percent in the 2024-25 school year for certificated salary allocations provided under subsections (2), (3), and (5) of this section, and a rate of 22.06 percent in the 2023-24 school year and 21.66 percent in the 2024-25 school year for classified salary allocations provided under subsections (4) and (5) of this section.

(7) INSURANCE BENEFIT ALLOCATIONS

Insurance benefit allocations shall be calculated at the rates specified in section 506 of this act, based on the number of benefit units determined as follows: Except for nonrepresented employees of educational service districts, the number of calculated benefit units determined below. Calculated benefit units are staff units multiplied by the benefit allocation factors established in the collective bargaining agreement referenced in section 909 of this act. These factors are intended to adjust allocations so that, for the purpose of distributing insurance benefits, full-time equivalent employees may be calculated on the basis of 630 hours of work per year, with no individual employee counted as more than one full-time equivalent. The number of benefit units is determined as follows:

(a) The number of certificated staff units determined in subsections (2), (3), and (5) of this section multiplied by 1.02; and

(b) The number of classified staff units determined in subsections (4) and (5) of this section multiplied by 1.43.

(8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

Funding is allocated per annual average full-time equivalent student for the materials, supplies, and operating costs (MSOC) incurred by school districts, consistent with the requirements of RCW 28A.150.260.

(a)(i) MSOC funding for general education students are allocated at the following per student rates:

MSOC RATES/STUDENT FTE

MSOC Component	2023-24 School Year	2024-25 School Year
Technology	\$178.98	\$182.37
Utilities and Insurance	\$430.26	\$438.43
Curriculum and Textbooks	\$164.48	\$167.61

Security and Central Office	\$146.37	\$149.15
TOTAL	\$1,504.44	\$1,533.02
MSOC/STUDENT FTE		

(ii) For the 2023-24 school year and 2024-25 school year, as

part of the budget development, hearing, and review process required by chapter 28A.505 RCW, each school district must disclose: (A) The amount of state funding to be received by the district under (a) and (d) of this subsection (8); (B) the amount the district proposes to spend for materials, supplies, and operating costs; (C) the difference between these two amounts; and (D) if (a)(ii)(A) of this subsection (8) exceeds (a)(ii)(B) of this subsection (8), any proposed use of this difference and how this use will improve student achievement.

(b) Students in approved skill center programs generate per student FTE MSOC allocations of \$1,724.62 for the 2023-24 school year and \$1,757.39 for the 2024-25 school year.

(c) Students in approved exploratory and preparatory career and technical education programs generate per student FTE MSOC allocations of \$1,724.62 for the 2023-24 school year and \$1,757.39 for the 2024-25 school year.

(d) Students in grades 9-12 generate per student FTE MSOC allocations in addition to the allocations provided in (a) through (c) of this subsection at the following rate:

MSOC Component	2023-24 School Year	2024-25 School Year
Technology	\$44.04	\$44.88
Curriculum and Textbooks	\$48.06	\$48.97
Other Supplies	\$94.07	\$95.86

Instructional Professional Development for Certified and Classified Staff	\$8.01	\$8.16
TOTAL GRADE 9-12 BASIC EDUCATION MSOC/STUDENT FTE	\$200.23	\$204.03

(9) SUBSTITUTE TEACHER ALLOCATIONS

For the 2023-24 and 2024-25 school years, funding for substitute costs for classroom teachers is based on four (4) funded substitute days per classroom teacher unit generated under subsection (2) of this section, at a daily substitute rate of \$151.86.

(10) ALTERNATIVE LEARNING EXPERIENCE PROGRAM FUNDING

(a) Amounts provided in this section from July 1, 2023, to August 31, 2023, are adjusted to reflect provisions of chapter 297, Laws of 2022, as amended (allocation of funding for students enrolled in alternative learning experiences).

(b) The superintendent of public instruction shall require all districts receiving general apportionment funding for alternative learning experience (ALE) programs as defined in WAC 392-121-182 to provide separate financial accounting of expenditures for the ALE programs offered in district or with a provider, including but not limited to private companies and multidistrict cooperatives, as well as accurate, monthly headcount and FTE enrollment claimed for basic education, including separate counts of resident and nonresident students.

(11) DROPOUT REENGAGEMENT PROGRAM

The superintendent shall adopt rules to require students claimed for general apportionment funding based on enrollment in dropout reengagement programs authorized under RCW 28A.175.100 through 28A.175.115 to meet requirements for at least weekly minimum instructional contact, academic counseling, career counseling, or case management contact. Districts must also provide separate financial accounting of expenditures for the programs offered by the district or under contract with a provider, as well as accurate monthly headcount

and full-time equivalent enrollment claimed for basic education, including separate enrollment counts of resident and nonresident students.

(12) ALL DAY KINDERGARTEN PROGRAMS

\$670,803,000 of the general fund—state appropriation for fiscal year 2024 and \$869,125,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to fund all day kindergarten programs in all schools in the 2023-24 school year and 2024-25 school year, pursuant to RCW 28A.150.220 and 28A.150.315. Beginning in the 2023-24 school year, funding for students admitted early to kindergarten under exceptions to the uniform entry qualifications under RCW 28A.225.160 must be limited to children deemed to be likely to be "successful in kindergarten."

(13) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND NECESSARY PLANTS

For small school districts and remote and necessary school plants within any district which have been judged to be remote and necessary by the superintendent of public instruction, additional staff units are provided to ensure a minimum level of staffing support. Additional administrative and certificated instructional staff units provided to districts in this subsection shall be reduced by the general education staff units, excluding career and technical education and skills center enhancement units, otherwise provided in subsections (2) through (5) of this section on a per district basis.

(a) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the superintendent of public instruction and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:

(i) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled;

(b) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the superintendent of public instruction:

(i) For enrollment of up to sixty annual average full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(c) For districts operating no more than two high schools with enrollments of less than three hundred average annual full-time equivalent students, for enrollment in grades 9-12 in each such school, other than alternative schools, except as noted in this subsection:

(i) For remote and necessary schools enrolling students in any grades 9-12 but no more than twenty-five average annual full-time equivalent students in grades K-12, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full-time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full-time equivalent students;

(iii) Districts receiving staff units under this subsection shall add students enrolled in a district alternative high school and any grades nine through twelve alternative learning experience programs with the small high school enrollment for calculations under this subsection;

(d) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit;

(e) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit;

(f)(i) For enrollments generating certificated staff unit allocations under (a) through (e) of this subsection, one classified staff unit for each 2.94 certificated staff units allocated under such subsections;

(ii) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit; and

(g) School districts receiving additional staff units to support small student enrollments and remote and necessary plants under this subsection (13) shall generate additional MSOC allocations consistent with the nonemployee related costs (NERC) allocation formula in place for the 2010-11 school year as provided section 502, chapter 37, Laws of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually for inflation.

(14) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(15) The superintendent may distribute funding for the following programs outside the basic education formula during fiscal years 2024 and 2025 as follows:

(a) \$650,000 of the general fund—state appropriation for fiscal year 2024 and \$650,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW.

(b) \$436,000 of the general fund—state appropriation for fiscal year 2024 and \$436,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed \$500 per full-time equivalent student enrolled in those programs.

(c) \$375,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for the office of the superintendent

of public instruction to subsidize the cost of health care-based industry recognized credentials required for employment for students enrolled in health care courses in skill centers and comprehensive high school programs.

(16) Funding in this section is sufficient to fund a maximum of 1.6 FTE enrollment for skills center students pursuant to chapter 463, Laws of 2007.

(17) Funding in this section is sufficient to fund a maximum of 1.2 FTE enrollment for career launch students pursuant to RCW 28A.700.130. Expenditures for this purpose must come first from the appropriations provided in section 501(5) of this act; funding for career launch enrollment exceeding those appropriations is provided in this section. The office of the superintendent of public instruction shall provide a summary report to the office of the governor and the appropriate committees of the legislature by January 1, 2024. The report must include the total FTE enrollment for career launch students, the FTE enrollment for career launch students that exceeded the appropriations provided in section 501(5) of this act, and the amount expended from this section for those students.

(18)(a) Students participating in running start programs may be funded up to a combined maximum enrollment of 1.4 FTE including school district and institution of higher education enrollment consistent with the running start course requirements provided in chapter 202, Laws of 2015 (dual credit education opportunities). In calculating the combined 1.4 FTE, the office of the superintendent of public instruction:

(i) Must adopt rules to fund the participating student's enrollment in running start courses provided by the institution of higher education during the summer academic term; and

(ii) May average the participating student's September through June enrollment to account for differences in the start and end dates for courses provided by the high school and the institution of higher education.

(iii) In consultation with the state board for community and technical colleges, the participating institutions of higher education, the student achievement council, and the education data center, must annually track and report to the fiscal committees of the legislature on the combined FTE experience of students participating in the running start program, including course load analyses at both the high school and community and technical college system.

(b) \$1,000 of the general fund—state appropriation for fiscal year 2024 is provided for implementation of Second Substitute House Bill No. 1316 (dual credit program access).

(19) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (13) of this section, the following apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (13) of this section shall be reduced in increments of twenty percent per year.

(20)(a) Indirect cost charges by a school district to approved career and technical education middle and secondary programs shall not exceed the lesser of five percent or the cap established in federal law of the combined basic education and career and technical education program enhancement allocations of state funds. Middle and secondary career and technical education programs are considered separate programs for funding and

financial reporting purposes under this section.

(b) Career and technical education program full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported career and technical education program enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support.

(21) Funding in this section is sufficient to provide full general apportionment payments to school districts eligible for federal forest revenues as provided in RCW 28A.520.020. For the 2023-2025 biennium, general apportionment payments are not reduced for school districts receiving federal forest revenues.

(22) \$15,898,000 of the general fund—state appropriation for fiscal year 2024 and \$20,781,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Engrossed Substitute House Bill No. 2494 (school operating costs). If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse.

(23) \$25,165,000 of the general fund—state appropriation for fiscal year 2024 and \$32,355,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to implement Second Substitute Senate Bill No. 5882 (prototypical school staffing). If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse.

Sec. 1504. 2024 c 376 s 506 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

General Fund—State Appropriation (FY 2024) ..	\$391,520,000
General Fund—State Appropriation (FY 2025)	
.....	(\$88,496,000)
	<u>\$893,654,000</u>
TOTAL APPROPRIATION	(\$1,280,016,000)
	<u>\$1,285,174,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) The salary increases provided in this section are 3.7 percent for the 2023-24 school year, and 3.7 percent for the 2024-25 school year, the annual inflationary adjustments pursuant to RCW 28A.400.205.

(2)(a) In addition to salary allocations, the appropriations in this section include funding for professional learning as defined in RCW 28A.415.430, 28A.415.432, and 28A.415.434. Funding for this purpose is calculated as the equivalent of three days of salary and benefits for each of the funded full-time equivalent certificated instructional staff units. Nothing in this section entitles an individual certificated instructional staff to any particular number of professional learning days.

(b) Of the funding provided for professional learning in this section, the equivalent of one day of salary and benefits for each of the funded full-time equivalent certificated instructional staff units in the 2023-24 school year must be used to train school district staff on cultural competency, diversity, equity, or inclusion, as required in chapter 197, Laws of 2021.

(3)(a) The appropriations in this section include associated incremental fringe benefit allocations at 17.33 percent for the 2023-24 school year and 17.51 percent for the 2024-25 school year for certificated instructional and certificated administrative staff and 18.56 percent for the 2023-24 school year and 18.16 percent for the 2024-25 school year for classified staff.

(b) The appropriations in this section include the increased or decreased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in part V of this act. Changes for general apportionment (basic education) are based

on the salary allocations and methodology in sections 504 and 505 of this act. Changes for special education result from changes in each district's basic education allocation per student. Changes for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 504 and 505 of this act. Changes for pupil transportation are determined by the superintendent of public instruction pursuant to RCW 28A.160.192, and impact compensation factors in sections 504, 505, and 506 of this act.

(c) The appropriations in this section include no salary adjustments for substitute teachers.

(4) The appropriations in this section are sufficient to fund the collective bargaining agreement referenced in part 9 of this act and reflect the incremental change in cost of allocating rates as follows: For the 2023-24 school year, \$1,100 per month and for the 2024-25 school year, \$1,178 per month.

(5) The rates specified in this section are subject to revision each year by the legislature.

(6) \$46,426,000 of the general fund—state appropriation for fiscal year 2024 (~~and \$211,538,000 of the general fund—state appropriation for fiscal year 2025 are~~) is provided solely for implementation of chapter 50, Laws of 2023.

(7) \$5,155,000 of the general fund—state appropriation for fiscal year 2024 (~~and \$12,076,000 of the general fund—state appropriation for fiscal year 2025 are~~) is provided solely for implementation of Engrossed Substitute House Bill No. 1436 (special education funding).

(8) (~~\$1,286,000 of the general fund—state appropriation for fiscal year 2025 is provided solely for implementation of Substitute House Bill No. 2180 (special education cap). If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.~~

~~(9))~~ \$1,264,000 of the general fund—state appropriation for fiscal year 2024 (~~and \$2,949,000 of the general fund—state appropriation for fiscal year 2025 are~~) is provided solely to implement Second Substitute Senate Bill No. 5882 (prototypical school staffing). If the bill is not enacted by June 30, 2024, the amounts provided in this subsection shall lapse.

~~((40))~~ (9) \$670,000 of the general fund—state appropriation for fiscal year 2024 (~~and \$1,556,000 of the general fund—state appropriation for fiscal year 2025 are~~) is provided solely to account for the office of the superintendent of public instruction allocation of transportation funding to school districts.

Sec. 1505. 2024 c 376 s 507 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR PUPIL TRANSPORTATION

General Fund—State Appropriation (FY 2024) ..	\$803,792,000
General Fund—State Appropriation (FY 2025)	
.....	(\$810,077,000)
	<u>\$829,270,000</u>
TOTAL APPROPRIATION	(\$1,613,869,000)
	<u>\$1,633,062,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2)(a) For the 2023-24 and 2024-25 school years, the superintendent shall allocate funding to school district programs for the transportation of eligible students as provided in RCW 28A.160.192. Funding in this section constitutes full implementation of RCW 28A.160.192, which enhancement is within the program of basic education. Students are considered eligible only if meeting the definitions provided in RCW

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

28A.160.160.

(b) From July 1, 2023, to August 31, 2023, the superintendent shall allocate funding to school districts programs for the transportation of students as provided in section 507, chapter 297, Laws of 2022, as amended.

(3) Within amounts appropriated in this section, up to \$10,000,000 of the general fund—state appropriation for fiscal year 2024 and up to \$10,000,000 of the general fund—state appropriation for fiscal year 2025 are for a transportation alternate funding grant program based on the alternate funding process established in RCW 28A.160.191. The superintendent of public instruction must include a review of school district efficiency rating, key performance indicators and local school district characteristics such as unique geographic constraints in the grant award process.

(4) A maximum of \$939,000 of the general fund—state appropriation for fiscal year 2024 and a maximum of \$939,000 of the general fund—state appropriation for fiscal year 2025 may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.

(5) Subject to available funds under this section, school districts may provide student transportation for summer skills center programs.

(6) The office of the superintendent of public instruction shall provide reimbursement funding to a school district for school bus purchases only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on similar bus categories to those used to establish the list pursuant to RCW 28A.160.195.

(7) The superintendent of public instruction shall base depreciation payments for school district buses on the presales tax five-year average of lowest bids in the appropriate category of bus. In the final year on the depreciation schedule, the depreciation payment shall be based on the lowest bid in the appropriate bus category for that school year.

(8) The office of the superintendent of public instruction shall annually disburse payments for bus depreciation in August.

(9)(a) \$13,000,000 of the general fund—state appropriation for fiscal year 2024 and \$13,000,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the superintendent to provide transportation safety net funding to school districts with a convincingly demonstrated need for additional transportation funding for special passengers. Transportation safety net awards shall only be provided when a school district's allowable transportation expenditures attributable to serving special passengers exceeds the amount allocated under subsection (2)(a) of this section and any excess transportation costs reimbursed by federal, state, tribal, or local child welfare agencies. A transportation safety net award may not exceed a school district's excess expenditures directly attributable to serving special passengers in the pupil transportation program.

(b) To be eligible for additional transportation safety net award funding, the school district must report, in accordance with statewide accounting guidance, the amount of the excess costs and the specific activities or services provided to special passengers that created the excess costs. The office of the superintendent of public instruction must request from school districts an application for transportation safety net funding. The office must submit to the office of financial management, and to the education and fiscal committees of the legislature, the total

demonstrated need and awards by school district.

(c) Transportation safety net awards allocated under this subsection are not part of the state's program of basic education.

(10) \$425,000 of the of the general fund—state appropriation for fiscal year 2025 is provided solely for supplemental transportation allocations for pupil transportation services contractor benefits as described in Engrossed Substitute House Bill No. 1248 (pupil transportation). If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.

~~((42))~~ (11) \$32,177,000 of the general fund—state appropriation for fiscal year 2024 and \$41,519,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to account for the office of the superintendent of public instruction allocation of transportation funding to school districts.

Sec. 1506. 2024 c 376 s 508 (uncodified) is amended to read as follows:

The appropriations in this section are subject to the following conditions and limitations:

(1) \$11,548,000 of the general fund—state appropriation for fiscal year 2024 and \$11,548,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for state matching money for federal child nutrition programs, and may support the meals for kids program through the following allowable uses:

(a) Elimination of breakfast copays for eligible public school students and lunch copays for eligible public school students in grades pre-kindergarten through twelfth grades who are eligible for reduced-price lunch as required in chapter 74, Laws of 2021 (reduced-price lunch copays);

(b) Assistance to school districts and authorized public and private nonprofit organizations for supporting summer food service programs, and initiating new summer food service programs in low-income areas;

(c) Reimbursements to school districts for school breakfasts served to students eligible for free and reduced-price lunch, pursuant to chapter 287, Laws of 2005; and

(d) Assistance to school districts in initiating and expanding school breakfast programs.

(2) The office of the superintendent of public instruction shall report annually to the fiscal committees of the legislature on annual expenditures in subsection (1)(a) through (c) of this section.

(3) The superintendent of public instruction shall provide the department of health with the following data, where available, for all nutrition assistance programs that are funded by the United States department of agriculture and administered by the office of the superintendent of public instruction. The superintendent must provide the report for the preceding federal fiscal year by February 1, 2024, and February 1, 2025. The report must provide:

(a) The number of people in Washington who are eligible for the program;

(b) The number of people in Washington who participated in the program;

(c) The average annual participation rate in the program;

(d) Participation rates by geographic distribution; and

(e) The annual federal funding of the program in Washington.

(4)(a) \$44,167,000 of the general fund—state appropriation for fiscal year 2024, (~~(\$74,667,000)~~) \$83,617,000 of the general fund—state appropriation for fiscal year 2025, and \$28,500,000 of the general fund—federal appropriation (CRRSA) are provided solely for reimbursements to school districts for schools and groups of schools required to participate in the federal community eligibility program under section 1, chapter 7, Laws of 2022 (schools/comm. eligibility) for meals not reimbursed at the federal free meal rate.

(b) \$119,000 of the general fund—state appropriation for fiscal year 2024 and \$119,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of chapter 271, Laws of 2018 (school meal payment) to increase the number of schools participating in the federal community eligibility program and to support breakfast after the bell programs authorized by the legislature that have adopted the community eligibility provision, and for staff at the office of the superintendent of public instruction to implement section 1, chapter 7, Laws of 2022 (schools/comm. eligibility).

(5) \$6,000,000 of the general fund—federal appropriation (CRRSA/GEER) and (~~(\$16,023,000)~~) \$24,634,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Engrossed Second Substitute House Bill No. 1238 (free school meals).

Sec. 1507. 2024 c 376 s 509 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR SPECIAL EDUCATION PROGRAMS

General Fund—State Appropriation (FY 2024)	\$1,811,444,000
General Fund—State Appropriation (FY 2025)	((\$1,925,849,000))
	<u>\$1,992,731,000</u>
General Fund—Federal Appropriation	((\$664,372,000))
	<u>\$692,218,000</u>
Education Legacy Trust Account—State Appropriation	\$54,694,000
TOTAL APPROPRIATION	((\$4,456,359,000))
	<u>\$4,551,087,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 504 and 506 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(b) Funding provided within this section is sufficient for districts to provide school principals and lead special education teachers annual professional development on the best-practices for special education instruction and strategies for implementation. Districts shall annually provide a summary of professional development activities to the office of the superintendent of public instruction.

(2)(a) The superintendent of public instruction shall ensure that:

- (i) Special education students are basic education students first;
- (ii) As a class, special education students are entitled to the full basic education allocation; and
- (iii) Special education students are basic education students for

the entire school day.

(b)(i) The superintendent of public instruction shall continue to implement the full cost method of excess cost accounting, as designed by the committee and recommended by the superintendent, pursuant to section 501(1)(k), chapter 372, Laws of 2006, except as provided in (b)(ii) of this subsection.

(ii) The superintendent of public instruction shall implement any changes to excess cost accounting methods required under Engrossed Substitute House Bill No. 1436 (special education funding).

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4)(a) For the 2023-24 and 2024-25 school years, the superintendent shall allocate funding to school district programs for special education students as provided in RCW 28A.150.390, except that the calculation of the base allocation also includes allocations provided under section 504 (2) and (4) of this act and RCW 28A.150.415, which enhancement is within the program of basic education.

(b) From July 1, 2023, to August 31, 2023, the superintendent shall allocate funding to school district programs for special education students as provided in section 509, chapter 297, Laws of 2022, as amended.

(5) The following applies throughout this section: The definitions for enrollment and enrollment percent are as specified in RCW 28A.150.390(3). Each district's general fund—state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 15 percent in the 2023-24 school year, and the lesser of the district's actual enrollment percent or 16 percent in the 2024-25 school year.

(6) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with RCW 28A.150.390(3) (c) and (d), and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(7) \$151,047,000 of the general fund—state appropriation for fiscal year 2024, (~~(\$151,047,000)~~) \$205,498,000 of the general fund—state appropriation for fiscal year 2025, and \$29,574,000 of the general fund—federal appropriation are provided solely for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (4) of this section. If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in this subsection (7) in any fiscal year, the superintendent shall expend all available federal discretionary funds necessary to meet this need. At the conclusion of each school year, the superintendent shall recover safety net funds that were distributed prospectively but for which districts were not subsequently eligible.

(a) For the 2023-24 and 2024-25 school years, safety net funds shall be awarded by the state safety net oversight committee as provided in section 109(1) chapter 548, Laws of 2009 (education).

(b) The office of the superintendent of public instruction shall make award determinations for state safety net funding in August of each school year, except that the superintendent of public instruction shall make award determinations for state safety net funding in July of each school year for the Washington state school for the blind and for the center for childhood deafness and hearing loss. Determinations on school district eligibility for state safety net awards shall be based on analysis of actual expenditure data from the current school year.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(8) A maximum of \$1,250,000 may be expended from the general fund—state appropriations to fund teachers and aides at Seattle children's hospital. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(9) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(10) A school district may carry over from one year to the next year up to 10 percent of the general fund—state funds allocated under this program; however, carryover funds shall be expended in the special education program.

(11) \$87,000 of the general fund—state appropriation for fiscal year 2024, \$87,000 of the general fund—state appropriation for fiscal year 2025, and \$214,000 of the general fund—federal appropriation are provided solely for a special education family liaison position within the office of the superintendent of public instruction.

(12)(a) \$13,538,000 of the general fund—federal appropriation (ARPA) is provided solely for allocations from federal funding as authorized in section 2014, the American rescue plan act of 2021, P.L. 117-2.

(b) \$1,777,000 of the general fund—federal appropriation (ARPA) is provided solely for providing preschool services to qualifying special education students under section 619 of the federal individuals with disabilities education act, pursuant to section 2002, the American rescue plan act of 2021, P.L. 117-2.

(13) \$153,091,000 of the general fund—state appropriation for fiscal year 2024 and \$199,246,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for implementation of Engrossed Substitute House Bill No. 1436 (special education funding).

(14) \$18,235,000 of the general fund—state appropriation for fiscal year 2025 is provided solely to increase the special education enrollment funding cap as required in Substitute House Bill No. 2180 (special education cap). If the bill is not enacted by June 30, 2024, the amount provided in this subsection shall lapse.

	<u>\$18,228,000</u>
TOTAL APPROPRIATION.....(((\$32,902,000))	
	<u>\$34,376,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund—state fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2) State funding provided under this section is based on salaries and other expenditures for a 220-day school year. The superintendent of public instruction shall monitor school district expenditure plans for institutional education programs to ensure that districts plan for a full-time summer program.

(3) State funding for each institutional education program shall be based on the institution's annual average full-time equivalent student enrollment. Staffing ratios for each category of institution shall remain the same as those funded in the 1995-97 biennium.

(4) The funded staffing ratios for education programs for juveniles age 18 or less in department of corrections facilities shall be the same as those provided in the 1997-99 biennium.

(5) \$701,000 of the general fund—state appropriation for fiscal year 2024 and \$701,000 of the general fund—state appropriation for fiscal year 2025 are provided solely to maintain at least one certificated instructional staff and related support services at an institution whenever the K-12 enrollment is not sufficient to

support one full-time equivalent certificated instructional staff to furnish the educational program. The following types of institutions are included: Residential programs under the department of social and health services for developmentally disabled juveniles, programs for juveniles under the department of corrections, programs for juveniles under the juvenile rehabilitation administration, and programs for juveniles operated by city and county jails.

(6) Within the amounts provided in this section, funding is provided to increase the capacity of institutional education programs to differentiate instruction to meet students' unique educational needs, including students with individualized educational plans. Those needs may include but are not limited to one-on-one instruction, enhanced access to counseling for social emotional needs of the student, and services to identify the proper level of instruction at the time of student entry into the facility. Allocations of amounts for this purpose in a school year must be based on 45 percent of full-time enrollment in institutional education receiving a differentiated instruction amount per pupil equal to the total statewide allocation generated by the distribution formula under RCW 28A.150.260 (4)(a), (5), (6), and (8) and the allocation under RCW 28A.150.415, per the statewide full-time equivalent enrollment in common schools.

Sec. 1516. 2024 c 376 s 519 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

(1) Amounts distributed to districts by the superintendent through part V of this act are for allocation purposes only, unless specified by part V of this act, and do not entitle a particular district, district employee, or student to a specific service, beyond what has been expressly provided in statute. Part V of this act restates the requirements of various sections of Title 28A RCW. If any conflict exists, the provisions of Title 28A RCW control unless this act explicitly states that it is providing an enhancement. Any amounts provided in part V of this act in excess of the amounts required by Title 28A RCW provided in statute, are not within the program of basic education unless clearly stated by this act.

(2) When adopting new or revised rules or policies relating to the administration of allocations in part V of this act that result in fiscal impact, the office of the superintendent of public instruction shall seek legislative approval through the budget request process.

(3) Appropriations made in this act to the office of the superintendent of public instruction shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act, except as provided in subsections (6) and (7) of this section.

(4) Appropriations in sections 504 and 506 of this act for insurance benefits under chapter 41.05 RCW are provided solely for the superintendent to allocate to districts for employee health benefits as provided in section 909 of this act. The superintendent may not allocate, and districts may not expend, these amounts for any other purpose beyond those authorized in section 909 of this act.

(5) As required by RCW 28A.710.110, the office of the superintendent of public instruction shall transmit the charter school authorizer oversight fee for the charter school commission to the charter school oversight account.

(6) By January 15, 2024, the office of the superintendent of public instruction must identify funding in this Part V from the elementary and secondary school emergency relief III account—federal appropriation from funds attributable to subsection 2001(f), the American rescue plan act of 2021, P.L. 117-2 and general fund—federal appropriation (CRRSA/GEER) that are provided solely for the purposes defined in sections 507, 522, and 523 of this act and are at risk of being unobligated or unspent by federal deadlines, as of January 15, 2024. Funding identified at risk under this subsection must be reported to the fiscal committees of the legislature and expended as allocations to

school districts in the same proportion as received under part A of title I of the elementary and secondary education act of 1965 in the most recent fiscal year.

(7) The appropriations to the office of the superintendent of public instruction in this act shall be expended for the programs and amounts specified in this act. However, after May 1, 2024, unless specifically prohibited by this act and after approval by the director of financial management, the superintendent of public instruction may transfer state general fund appropriations for fiscal year 2024 among the following programs to meet the apportionment schedule for a specified formula in another of these programs: General apportionment; employee compensation adjustments; pupil transportation; special education programs; institutional education programs; transitional bilingual programs; highly capable programs; and learning assistance programs.

(8) The appropriations to the office of the superintendent of public instruction in this act shall be expended for the programs and amounts specified in this act. However, after May 1, 2025, unless specifically prohibited by this act and after approval by the director of financial management, the superintendent of public instruction may transfer state general fund appropriations for fiscal year 2025 among the following programs to meet the apportionment schedule for a specified formula in another of these programs: General apportionment; employee compensation adjustments; pupil transportation; special education programs; institutional education programs; transitional bilingual programs; highly capable programs; and learning assistance programs.

(9) The director of financial management shall notify the appropriate legislative fiscal committees in writing prior to approving any allotment modifications or transfers under this section.

Sec. 1517. 2024 c 376 s 520 (uncodified) is amended to read as follows:

\$89,876,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$4,361,000 of the general fund—state appropriation for fiscal year 2024 and (~~(\$4,470,000)~~) \$4,496,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the implementation of the college affordability program as set forth in RCW 28B.15.066.

(2) Funding provided in this section is sufficient for The Evergreen State College to continue operations of the Longhouse Center and the Northwest Indian applied research institute.

(3) Within amounts appropriated in this section, the college is encouraged to increase the number of tenure-track positions created and hired.

(4) \$3,715,000 of the general fund—state appropriation for fiscal year 2024 and \$3,640,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for the Washington state institute for public policy to initiate, sponsor, conduct, and publish research that is directly useful to policymakers and manage reviews and evaluations of technical

and scientific topics as they relate to major long-term issues facing the state. Within the amounts provided in this subsection (4):

(a) \$1,665,000 of the amounts in fiscal year 2024 and \$1,685,000 of the amounts in fiscal year 2025 are provided for administration and core operations.

(b) \$1,069,000 of the amounts in fiscal year 2024 and \$709,000 of the amounts in fiscal year 2025 are provided solely for ongoing and continuing studies on the Washington state institute for public policy's work plan.

(c) \$142,000 of the amounts in fiscal year 2024 and \$140,000 of the amounts in fiscal year 2025 are provided solely for the Washington state institute for public policy to update its adult corrections inventory of evidence-based, research-based, and promising programs and expand the inventory to include new programs that were not included in the last published Washington state institute for public policy inventory in 2018. This update must focus on programs for incarcerated individuals in prison facilities to include family and relationships programs, learning and working programs, and therapeutic and support programs. The institute should prioritize the addition of programs currently offered by the Washington state department of corrections. Of this amount:

(i) No later than June 30, 2024, the institute shall publish a preliminary report identifying the list of programs currently offered in Washington state department of corrections prison facilities and the list of new programs to be analyzed for inclusion on the updated adult corrections inventory. The preliminary report must include an indication of whether the Washington state department of corrections programs have ever been evaluated for their effect on recidivism; and

(ii) No later than December 31, 2024, the institute shall publish a final report with the updated adult corrections inventory classifying programs as evidence-based, research-based, or promising programs. The report shall include a list of programs currently offered in Washington state department of corrections prison facilities and a determination of their likely effectiveness in reducing recidivism based on the results of the adult corrections inventory.

(d)(i) \$154,000 of the amount for fiscal year 2025 is provided solely for the institute to examine the costs associated with conservation district elections under current law, and the projected costs and benefits for shifting conservation district election to be held on general election ballots under Title 29A RCW. The examination must include, to the extent that the data allows:

(A) An analysis of the amount of money that each conservation district spends on holding elections for supervisors under current law, and a description of the funding sources that each conservation district utilizes to fund its elections;

(B) Information about voter turnout in each conservation district supervisor election in at least the past six years and up to the past 20 years, if the conservation district has such data, as well as a calculation of the total cost per ballot cast that each conservation district spent in those elections;

(C) A projection of the costs that would be expected to be incurred by each county and each conservation district for its supervisor elections if the district were to hold its supervisor elections on general election ballots under the processes and procedures in Title 29A RCW, including:

(I) Switching all supervisor positions to elected positions; and

(II) Changing term lengths to four years, with terms staggered such that elections are held every two years, to align with the elections for other local government officials;

(D) A projection of the costs that would be expected to be incurred by each county and each conservation district for its

(ii) A complete itemized list of: (A) All items in (e)(i) of this subsection; (B) the cost of each item and service purchased by the department or negotiated with a vendor in (e)(i) of this subsection; (C) the resale or purchased price charged to incarcerated individuals and their family members for the same items in (e)(i) of this subsection; (D) the revenue or profit retained or reinvested by the department for each individual item in (e)(i) of this subsection; (E) the cost of items and services listed in (e)(i) of this subsection compared to comparable items and services that are not provided through correctional industries; and (F) an assessment of the prices charged for the items and services listed in (e)(i) of this subsection as compared to comparable items and services provided by other companies and vendors that do not service prisons;

(iii) A complete list of all items including, but not limited to, clothing and personal hygiene items, that are distributed monthly free of charge: (A) To all incarcerated individuals irrespective of their financial status; and (B) solely to indigent inmates as defined in RCW 72.09.015 provided the individual remains in indigent

status during his or her period of incarceration;

(iv) The average annual debt incurred by an individual while incarcerated. This includes debt solely recorded and posted by the department for debt incurred between the individual's first day of confinement within the department of corrections through the individual's day of release from incarceration from prison;

(v) The average debt owed by incarcerated individuals to the department for items and services under (e)(i) of this subsection upon release from confinement;

(vi) The average amount paid by incarcerated individuals to the department for items and services under (e)(i) of this subsection during their period of confinement;

(vii) A list of the: (A) Required deductions from wages and gratuities earned pursuant to RCW 72.09.100 through 72.09.111; (B) required deductions from the funds received, by the department on behalf of an incarcerated person from outside sources, in addition to an incarcerated individual's wages or gratuities pursuant to RCW 72.09.480; and (C) wages and gratuities earned by an incarcerated individual and any funds received, by the department on behalf of an incarcerated person, from outside sources for specific items listed in (e)(i) of this subsection that are exempt from statutory deductions;

(viii) The average amount of funds remaining in an incarcerated individual's savings account at the time of his or her release from confinement; and

(ix) A review and evaluation of the fines, fees, and commission generated from any of the items and services listed in (e)(i) of this subsection that are used in the department's budget.

The institute must provide a final report to the governor and the appropriate committees of the legislature by June 30, 2025.

(f)(i) \$76,000 of the amount for fiscal year 2024 and \$128,000 of the amount for fiscal year 2025 are provided solely for the institute to study the contracting practices for goods and services, and manufactured products, made or offered by correctional industries to state agencies and various political subdivisions within the state. A cost benefit analysis must be included in the report which must:

(A) Determine the costs of all contracts utilizing the labor of incarcerated individuals providing services or the manufacture of goods for state entities and other political subdivisions;

(B) Compare the cost savings to the state of Washington that is projected when those goods and services are procured from or produced by corrections industries and not private businesses engaged in a competitive bidding process with the state and its various political subdivisions;

(C) Provide a detailed break out of total number of labor positions that are offered to incarcerated individuals, ranked from least skilled to most skilled and the rate per hour of the gratuities the individuals are given monthly for this labor, including the amount if the gratuity given to incarcerated individuals was the federal or state mandated minimum wage;

(D) Provide a detailed listing of all commissary items purchased by and offered for sale to individuals incarcerated within the facilities operated by the department of corrections. This listing of individual items must also include the wholesale price from outside vendors that correction industries pays for each line item offered to incarcerated individuals, and the price charged to the incarcerated individual for those items; and

(E) Provide a comprehensive list of all positions offered by corrections industries that provide substantive training and labor ready skills for individuals to assume positions in the workforce outside of incarceration; and to the extent the data allows, provide the number of individuals who have positions upon release that were obtained with skills obtained through work at correctional industries.

(ii) The institute must submit a report to the appropriate committees of the legislature by June 30, 2025, in compliance with RCW 43.01.036.

(g)(i) \$260,000 of the amounts in fiscal year 2024 and \$98,000 of the amounts in fiscal year 2025 are provided solely for the Washington state institute for public policy to conduct a study of the Washington jail system and county juvenile justice facilities.

(ii) The institute's report shall include, to the extent possible, consideration of the following:

PART XIX MISCELLANEOUS

Sec. 1901. 2023 sp.s. c 1 s 35 (uncodified) is amended to read as follows:

The appropriations in this section are provided to the office of public defense and are subject to the following conditions and limitations:

The following sums, or so much thereof as may be necessary, are each appropriated: \$3,000,000 from the state general fund for the fiscal year ending June 30, 2024; and ~~(((\$6,000,000))~~ \$5,000,000 from the state general fund for the fiscal year ending June 30, 2025. The amounts in this section are provided solely for the purpose of RCW 2.70.200.

Sec. 1902. 2024 c 328 s 204 (uncodified) is amended to read as follows:

(1) The department of children, youth, and families shall provide funding and support for two pilot programs to implement an evidence-based, comprehensive, intensive, in-home parenting services support model to serve children and families from birth to age 18 who are involved in child welfare, children's mental health, or juvenile justice systems.

(2) The pilot programs established in this section are intended to prevent or limit out-of-home placement through trauma-informed support to the child, caregivers, and families with three in-person, in-home sessions per week and provide on-call crisis support 24 hours a day, seven days a week.

(3) One pilot program established in this section will serve families west of the crest of the Cascade mountain range and one pilot program established in this section will serve families east of the crest of the Cascade mountain range. Each pilot program will build upon existing programs to avoid duplication of existing services available to children and families at risk of entering the child welfare system.

(4) This section expires ~~((July 1, 2026))~~ June 30, 2025.

Sec. 1903. RCW 34.12.130 and 1982 c 189 s 9 are each amended to read as follows:

The administrative hearings revolving fund is hereby created in the state treasury for the purpose of centralized funding, accounting, and distribution of the actual costs of the services provided to agencies of the state government by the office of administrative hearings. During the 2023-2025 fiscal biennium, the legislature may direct the state treasurer to transfer money in the administrative hearings revolving fund to the state general fund.

Sec. 1904. RCW 38.40.200 and 2005 c 252 s 1 are each amended to read as follows:

The military department capital account is created in the state treasury. All receipts from the sale of state-owned military department property must be deposited into the account. Money in the account may be spent only after appropriation. Expenditures from the account may be used only for military

department capital projects. During the 2023-2025 fiscal biennium, the legislature may direct the state treasurer to transfer money in the military department capital account to the state general fund.

Sec. 1905. RCW 38.40.210 and 2005 c 252 s 2 are each amended to read as follows:

The military department rental and lease account is created in the state treasury. All receipts from the rental or lease of state-owned military department property must be deposited into the account. Money in the account may be spent only after appropriation. Expenditures from the account may be used only for operating and maintenance costs of military property. During the 2023-2025 fiscal biennium, the legislature may direct the state treasurer to transfer money in the military department rental and lease account to the state general fund.

Sec. 1906. RCW 38.40.220 and 2008 c 44 s 1 are each amended to read as follows:

The military department active state service account is created in the state treasury. Moneys may be placed in the account from legislative appropriations and transfers, federal appropriations, or any other lawful source. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for claims and expenses for the organized militia called into active state service to perform duties under RCW 38.08.040 that are not paid under RCW 38.24.010 from nonappropriated funds, including but not limited to claims and expenses arising from anticipated planning, training, exercises, and other administrative duties that are not of an emergency nature. During the 2023-2025 fiscal biennium, the legislature may direct the state treasurer to transfer money in the military department active state service account to the state general fund.

Sec. 1907. RCW 43.07.130 and 2015 c 176 s 8102 are each amended to read as follows:

There is created within the state treasury a revolving fund, to be known as the "secretary of state's revolving fund," which must be used by the office of the secretary of state to defray the costs of providing registration and information services authorized by law by the office of the secretary of state, and any other cost of carrying out the functions of the secretary of state under Title 11, 18, 19, 23, 23B, 24, 25, 26, 30A, 30B, 42, 43, or 64 RCW.

The secretary of state is authorized to charge a fee for publications in an amount which will compensate for the costs of printing, reprinting, and distributing such printed matter. Fees recovered by the secretary of state under RCW 43.07.120(2), 19.09.305, 19.09.315, 19.09.440, 23.95.260(1) (a)(ii) and (iii) and (d), or 46.64.040, and such other moneys as are expressly designated for deposit in the secretary of state's revolving fund must be placed in the secretary of state's revolving fund.

During the ~~((2005-2007))~~ 2023-2025 fiscal biennium, the legislature may direct the treasurer to transfer money from the secretary of state's revolving fund to the state general fund ~~((such amounts as reflect the excess fund balance of the fund))~~.

Sec. 1908. RCW 43.330.365 and 2023 c 435 s 8 are each amended to read as follows:

The electric vehicle incentive account is created in the state treasury. Revenues to the account shall consist of appropriations and transfers by the legislature and all other moneys directed for deposit into the account. Moneys in the account may only be spent after appropriation. Expenditures from the account may be used for programs and incentives that promote the purchase or conversion to alternative fuel vehicles to further state climate goals under RCW 70A.45.020 and environmental justice goals under 70A.02 RCW, including but not limited to:

(1) Income-qualified grant programs to retire vehicles and replace them with alternative fuel vehicles;

(2) Programs to provide grants for the installation of electric vehicle infrastructure to support electric vehicle adoption; and

(3) Programs to conduct research and public outreach regarding adoption of alternative fuel vehicles.

During the 2023-2025 fiscal biennium, the legislature may direct the state treasurer to transfer money in the electric vehicle incentive account to the state general fund.

Sec. 1909. RCW 46.66.080 and 2023 c 388 s 3 are each amended to read as follows:

(1) The Washington auto theft prevention authority account is created in the state treasury, subject to appropriation. Revenues consist of deposits to the account under RCW 48.14.020(1)(b) and all receipts from gifts, grants, bequests, devises, or other funds from public and private sources to support the activities of the auto theft prevention authority must be deposited into the account. Expenditures from the account may be used only for activities relating to motor vehicle theft, including education, prevention, law enforcement, investigation, prosecution, and confinement.

(2) The authority shall allocate moneys appropriated from the account to public agencies for the purpose of establishing, maintaining, and supporting programs that are designed to prevent motor vehicle theft, including:

(a) Financial support to prosecution agencies to increase the effectiveness of motor vehicle theft prosecution;

(b) Financial support to a unit of local government or a team consisting of units of local governments to increase the effectiveness of motor vehicle theft enforcement;

(c) Financial support for the procurement of equipment and technologies for use by law enforcement agencies for the purpose of enforcing motor vehicle theft laws; and

(d) Financial support for programs that are designed to educate and assist the public in the prevention of motor vehicle theft.

(3) The costs of administration shall not exceed 10 percent of the moneys in the account in any one year so that the greatest possible portion of the moneys available to the authority is expended on combating motor vehicle theft.

(4) Prior to awarding any moneys from the Washington auto theft prevention authority account for motor vehicle theft enforcement, the auto theft prevention authority must verify that the financial award includes sufficient funding to cover proposed activities.

(5) Moneys expended from the Washington auto theft prevention authority account under subsection (2) of this section shall be used to supplement, not supplant, other moneys that are available for motor vehicle theft prevention.

(6) Grants provided under subsection (2) of this section constitute reimbursement for purposes of RCW 43.135.060(1).

(7) During the 2023-2025 fiscal biennium, the legislature may direct the state treasurer to transfer money in the Washington auto theft prevention authority account to the state general fund.

Sec. 1910. RCW 51.44.170 and 2011 c 5 s 917 are each amended to read as follows:

The industrial insurance premium refund account is created in the custody of the state treasurer. All industrial insurance refunds earned by state agencies or institutions of higher education under the state fund retrospective rating program shall be deposited into the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures from the account. Only the executive head of the agency or institution of higher education, or designee, may authorize expenditures from the account. No agency or institution of higher education may make an expenditure from the account for an amount greater than the refund earned by the agency. If the agency or institution of higher education has staff dedicated to workers' compensation claims management, expenditures from

the account must be used to pay for that staff, but additional expenditure from the account may be used for any program within an agency or institution of higher education that promotes or provides incentives for employee workplace safety and health and early, appropriate return-to-work for injured employees. During the 2009-2011 fiscal biennium, the legislature may transfer from the industrial insurance premium refund account to the state general fund such amounts as reflect the excess fund balance of the account. During the 2023-2025 fiscal biennium, the legislature may direct the state treasurer to transfer money in the industrial insurance premium refund account to the state general fund.

Sec. 1911. RCW 53.20.090 and 2024 c 194 s 6 are each amended to read as follows:

(1) The port district equity fund is created in the custody of the state treasurer. Moneys to the account may consist of appropriations by the legislature, contributions from county and local governments and port districts, and private contributions. Expenditures from the account may only be used to make grants to port districts under RCW 43.330.610. Only the director of the department of commerce or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) The department of commerce shall provide management services for the port district equity fund. The department shall establish procedures for fund management. The department shall develop the grant criteria, monitor the grant program, and select grant recipients.

(3) The department of commerce shall prepare and publish an annual report on its website detailing grants made under this section, the uses to which the grants have been put, and the benefits that have been realized.

(4) During the 2023-2025 fiscal biennium, the legislature may direct the state treasurer to transfer money in the port district equity fund to the state general fund.

Sec. 1912. RCW 72.09.780 and 2023 c 195 s 2 are each amended to read as follows:

(1) The department is authorized to acquire, receive, possess, sell, resell, deliver, dispense, distribute, and engage in any activity constituting the practice of pharmacy or wholesale distribution with respect to abortion medications.

(2) The department may exercise the authority granted in this section for the benefit of any person, whether or not the person is in the custody or under the supervision of the department.

(3) The department shall exercise the authority granted in this section in accordance with any applicable law including, but not limited to, any applicable licensing requirements, except that the department is exempt from obtaining a wholesaler's license for any actions taken pursuant to chapter 195, Laws of 2023 as provided in RCW 18.64.046.

(4)(a) The department shall establish and operate a program to deliver, dispense, and distribute abortion medications described in this section. In circumstances in which the department is selling, delivering, or distributing abortion medications to a health care provider or health care entity, it may only sell, distribute, or deliver abortion medications to health care providers and health care entities that will only use the medications for the purposes of providing abortion care or medical management of early pregnancy loss.

(b) ~~(Any)~~ Except as provided in (c) of this subsection, any abortion medications sold, resold, delivered, dispensed, or distributed whether individually or wholesale shall be conducted at cost not to exceed list price, plus a fee of \$5 per dose to offset the cost of secure storage and delivery of medication. Revenues generated pursuant to chapter 195, Laws of 2023 shall be

deposited to the general fund.

(c) During the 2025 fiscal year, any abortion medications sold, resold, delivered, dispensed, or distributed whether individually or wholesale shall be conducted at cost not to exceed list price.

(5) Nothing in this section shall diminish any existing authority of the department.

(6) For the purposes of this section, the following definitions apply:

(a) "Abortion medications" means substances used in the course of medical treatment intended to induce the termination of a pregnancy including, but not limited to, mifepristone.

(b) "Deliver" has the same meaning as in RCW 18.64.011.

(c) "Dispense" has the same meaning as in RCW 18.64.011.

(d) "Distribute" has the same meaning as in RCW 18.64.011.

(e) "Health care entity" means a hospital, clinic, pharmacy, office, or similar setting where a health care provider provides health care to patients.

(f) "Health care provider" has the same meaning as in RCW 70.02.010.

(g) "Person" has the same meaning as in RCW 18.64.011.

(h) "Practice of pharmacy" has the same meaning as in RCW 18.64.011.

(i) "Wholesale distribution" has the same meaning as in WAC 246-945-001.

Sec. 1913. RCW 80.01.080 and 2017 3rd sp.s. c 25 s 11 are each amended to read as follows:

There is created in the state treasury a public service revolving fund. Regulatory fees payable by all types of public service companies shall be deposited to the credit of the public service revolving fund. Except for expenses payable out of the pipeline safety account, all expense of operation of the Washington utilities and transportation commission shall be payable out of the public service revolving fund. During the 2023-2025 fiscal biennium, the legislature may direct the state treasurer to transfer money in the public service revolving fund to the state general fund.

NEW SECTION. Sec. 1914. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 1915. Except for section 940 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

SECOND READING

SENATE BILL NO. 5797, by Senators Frame, Dhingra, Alvarado, Bateman, Hasegawa, Lovelett, Nobles, Pedersen, Ramos, Riccelli, Stanford, Trudeau, Valdez, Wellman, and Wilson, C.

Enacting a tax on stocks, bonds, and other financial intangible assets for the benefit of public schools.

The measure was read the second time.

MOTIONS

On motion of Senator Frame, Substitute Senate Bill No. 5797 was not substituted for Senate Bill No. 5797 and the substitute bill was not adopted.

Senator Frame moved that the following striking floor amendment no. 0503 by Senator Frame be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. INTENT. (1) The legislature finds that it is the state's paramount duty to amply provide every child in the state with an education, including children who qualify for special education services, creating the opportunity for each child to succeed in school and achieve success in life. The

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

legislature further recognizes that not only our Constitution, but our conscience, call on us to ensure that all Washington children are prepared for a successful future through access to a high quality public education. Historical education reform efforts have been ongoing since 2009 with an emphasis on creating a fully funded system that is student-focused, supports all students, and fosters diversity, equity, and a welcoming classroom in every school. The legislature recognizes we are not done. The legislature acknowledges the most important priority and challenge we still face is fully funding all of our basic education obligations, including the costs associated with serving the needs of students with disabilities and the growing daily operating costs of districts. Meeting this challenge is paramount. The legislature also finds that cuts to essential services, including health care and other programs that protect the safety and well-being of the public, as well as social services protecting our most vulnerable residents, often impact programs that provide holistic services for children and their families and ultimately undermine our students' ability to arrive at the classroom ready to learn. It is the legislature's intent to meet our constitutional obligation and follow through on the promises we have made to Washington's 1,100,000 school children by raising new progressive revenue for our public schools, ensuring our students have the resources and tools necessary for success.

(2) Thus, the legislature intends to diversify our state's revenue sources to include taxing certain financial intangible assets that have historically been fully exempted from the tax code; assets that are often the key drivers of wealth inequality in our state. The legislature intends to levy a wealth tax of \$5 on every \$1,000 of the true and fair value of certain financial intangible assets, such as stocks and bonds, while exempting retirement savings, college savings, and ownership interests in private companies and partnerships. Additionally, to continue to make progress toward the state having a fair and balanced tax system that works for all residents, the legislature intends to exempt up to \$50,000,000 in true and fair value of taxable financial intangible assets. Revenues generated from this tax will be dedicated to the education legacy trust account for the support of public schools, early learning, child care, and higher education.

(3) Furthermore, the legislature finds that more progress is needed for the state to have a fair and balanced tax system that can provide sustainable, ample funding for public schools and other essential public programs and services. Washington's tax system remains the second most regressive in the nation as it asks those with the least to pay the most as a percentage of their income. Low-income Washingtonians pay at least three times more in state and local taxes as a percentage of their income than the state's highest-income households. By exempting up to \$50,000,000 in true and fair value of taxable financial intangible assets, this tax is estimated to impact just 4,300 Washingtonians, taking a significant step toward reducing the disproportionate reliance on low and middle-income households to fund public schools as we strive to meet our state's paramount duty and honor our commitment to our kids.

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Artificial person" means a corporation; limited liability company; limited liability partnership; limited partnership; joint venture, or any other kind of partnership; association; business trust or any other trust; estate; or any other organization.

(2) "Cash and cash equivalents" means currency and short-term, highly liquid investments that are readily convertible to known amounts of cash. "Cash and cash equivalents" includes money on hand, certificates of deposit, checking account

deposits, savings account deposits, money market funds, cryptocurrency, and similar assets.

(3) "Day" means a calendar day or any portion of a calendar day.

(4) "Department" means the department of revenue.

(5) "Domicile" means:

(a) The same as in RCW 72.36.035, for purposes of a natural person; and

(b) For purposes of an artificial person:

(i) For a business, the principal place from which the business is directed or managed; and

(ii) For artificial persons other than businesses, the place where the entity was organized.

(6) "Financial intangible assets" means cash and cash equivalents; financial investments such as annuities, bonds, treasury bills, mutual funds, exchange traded funds, publicly traded stocks, publicly traded options, futures contracts, commodities contracts, put and call options, certificates of interest in gold and other precious metals or gems, and other similar investments; units of ownership in a subchapter K entity; units of ownership and stock in a subchapter S entity; and other similar intangible assets.

(7) "Intangible assets" means both financial intangible assets and nonfinancial intangible assets.

(8) "Nonfinancial intangible assets" means all intangible property other than financial intangible assets, such as trademarks, trade names, brand names, patents, copyrights, trade secrets, licenses, permits, core deposits of financial institutions, noncompete agreements, customer lists, patient lists, favorable contracts, favorable financing agreements, reputation, exceptional management, prestige, good name, integrity of a business, private nongovernmental personal service contracts, and private nongovernmental athletic or sports franchises or agreements.

(9) "Person" means any natural person or artificial person.

(10) "Subchapter K entity" means a partnership, including a limited partnership, limited liability partnership, limited liability limited partnership, limited liability company, joint venture, or any other entity subject to subchapter K of the internal revenue code, 26 U.S.C. Secs. 701 through 761, including a single member limited liability company.

(11) "Subchapter S entity" means any entity subject to the internal revenue code, 26 U.S.C. Secs. 1361 through 1379.

(12) "Tax year" means the calendar year immediately preceding the year in which the tax under this chapter is due and payable to the department.

(13) "Taxable worldwide intangible assets" means a person's worldwide intangible assets, excluding the true and fair value of any intangible property exempt from the tax imposed under this chapter.

(14) "True and fair value" means the fair market value and is the amount of money that a willing buyer would pay to a willing seller for property in an arms-length transaction if both parties were fully informed about all advantages and disadvantages of the property and neither party is acting under a compulsion to enter into the transaction.

(15) "Washington resident" or "resident" means any artificial person or natural person who is domiciled in this state at any time during the tax year.

(16)(a) "Worldwide intangible assets" means the true and fair value of all intangible assets, or portion thereof, owned or controlled by a resident.

(b) For purposes of this subsection:

(i) "Control" means a person possesses, directly or indirectly, alone or with one or more close associates, more than 50 percent

of the power to sell or otherwise dispose of intangible assets. However, a person is not considered to possess control over assets if their power to sell or dispose is limited to engaging in such transactions on behalf of the owner and the person has a fiduciary relationship duty to the owner with respect to such assets.

(ii) "Close associates" means natural persons who are in close association with another natural person by reason of a family, marital, personal, or business relationship.

(iii) "Own" includes both legal and beneficial ownership.

NEW SECTION. Sec. 3. TAX IMPOSED. (1) Beginning January 1, 2026, for taxes due in 2027, an intangible assets tax is imposed on each Washington resident. The tax equals \$5 per \$1,000 of the true and fair value of a resident's taxable worldwide intangible assets.

(2) Except as provided in subsection (3) of this section, the tax imposed under this section applies to the true and fair value of a resident's taxable worldwide intangible assets as of December 31st of the tax year.

(3) In the case of any individual who dies during a tax year and who is not married or in a state registered domestic partnership on the date of such individual's death:

(a) The tax imposed under this section applies to the true and fair value of the individual's taxable worldwide intangible assets as of the date of the individual's death; and

(b) The amount of the tax otherwise due under this section must be reduced by an amount determined by:

(i) Dividing the amount of tax otherwise due for the entire tax year by the total number of days in the tax year; and

(ii) Multiplying the amount determined in (b)(i) of this subsection (3) by the number of days remaining in the tax year after the date of the individual's death.

(4) The tax imposed in this section does not apply to a resident based on that person's status as a trustee of a trust, unless that person is also a beneficiary of the trust or holds a general power of appointment over the assets of the trust.

(5)(a) If an individual is treated as the owner of any portion of a trust that qualifies as a grantor trust for federal income tax purposes, that individual must be treated as the owner of that property for purposes of the tax imposed in this section to the extent such property includes intangible assets.

(b) A grantor of a trust that does not qualify as a grantor trust for federal income tax purposes must nevertheless be treated as the owner of the intangible assets of the trust for purposes of the tax imposed in this section if the grantor's transfer of assets to the trust is treated as an incomplete gift under Title 26 U.S.C. Sec. 2511 of the internal revenue code and its accompanying regulations.

(6) Intangible assets transferred after the effective date of this section by a resident to an individual who is a member of the family of the resident and has not attained the age of 18 must be treated as property of the resident for any calendar year before the year in which such individual attains the age of 18. For purposes of this subsection, "member of the family" has the same meaning as in RCW 83.100.046.

(7) All moneys collected from the intangible assets tax must be deposited into the education legacy trust account created in RCW 83.100.230.

NEW SECTION. Sec. 4. WHEN TAXES AND TAX RETURNS ARE DUE. (1)(a) Except as otherwise provided in this section or RCW 82.32.080, each resident owing tax under this chapter must file, on forms prescribed by the department, a return with the department on or before April 15th each year reporting the true and fair value of that person's taxable worldwide intangible assets for the immediate preceding calendar year, and such other information the department determines necessary to administer the tax imposed under this chapter.

(b)(i) Except as provided in (b)(ii) of this subsection (1), returns and all supporting documents must be filed electronically using the department's online tax filing service or other method of electronic reporting as the department may authorize.

(ii) The department may waive the electronic filing requirement in this subsection for good cause as provided in RCW 82.32.080.

(2)(a) Except as otherwise provided in this subsection (2), spouses and state registered domestic partners must jointly file returns required under this section.

(b)(i) A spouse or state registered domestic partner may petition the department, on a form and in a format as required by the department, for permission to file a separate return. The department must grant the petition only if it finds that good cause exists for allowing the petitioner to file a separate return.

(ii) For purposes of this subsection (2)(b), "good cause" means:

(A) The petitioner reasonably believes that the nonpetitioning spouse or state registered domestic partner will not cooperate in the filing of a complete and accurate joint return; or

(B) Any other circumstance that, in the department's judgment, renders the filing of a joint return manifestly unreasonable.

(3) Each resident required to file a return under this section must, without assessment, notice, or demand, pay any tax due under this chapter to the department on or before the due date of the return, regardless of any filing extension granted by the department. The tax must be paid by electronic funds transfer as defined in RCW 82.32.085 or by other forms of electronic payment as may be authorized by the department. The department may waive the electronic payment requirement for good cause as provided in RCW 82.32.080. If any tax due under this chapter is not paid by the due date, interest and penalties as provided in chapter 82.32 RCW apply to the deficiency.

(4)(a) If any return due under subsection (1) of this section is not filed with the department by the due date or any extension granted by the department, the department must assess a penalty in the amount of five percent of the tax due for the tax year covered by the return for each month or portion of a month that the return remains unfiled. The total penalty assessed under this subsection may not exceed 25 percent of the tax due for the tax year covered by the delinquent return. The penalty under this subsection is in addition to any penalties assessed for the late payment of any tax due on the return.

(b) The department must waive the penalty imposed under this subsection if:

(i) The department is persuaded that the person's failure to file the return by the due date was due to circumstances beyond the person's control; or

(ii) The person has not been delinquent in filing any return due under this section during the preceding five calendar years.

NEW SECTION. Sec. 5. ADMINISTRATIVE PROVISIONS. (1) Except as otherwise provided by law and to the extent not inconsistent with the provisions of this chapter, chapter 82.32 RCW applies to the administration of taxes imposed under this chapter.

(2) The department may adopt any rules it considers useful in administering the tax under this chapter.

(3) The department may not make an assessment or correction of an assessment for additional taxes, penalties, or interest due more than four years after the year in which a return is filed under section 4 of this act except as provided in RCW 82.32.050(4).

NEW SECTION. Sec. 6. EXEMPTIONS. Exemptions from the tax imposed under section 3 of this act are provided for:

(1) Up to \$50,000,000 of a taxpayer's financial intangible assets not exempt under subsections (2) through (13) of this section. A taxpayer may only exempt an asset, under this subsection (1), in its entirety from the tax imposed under this chapter. The

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

department must disallow the exemption under this subsection (1) of any asset if such exemption would result in a taxpayer exempting any combination of more than \$50,000,000 of assets from the tax imposed under this chapter for the tax year. A Washington resident claiming an exemption under this subsection (1) must identify each asset, along with the asset's true and fair value as of December 31st of the tax year, for which they are claiming the exemption in a form and manner prescribed by the department. For purposes of this exemption, both spouses or state registered domestic partners are considered to be one taxpayer. If the department authorizes the filing of separate returns for a tax year, each spouse or state registered domestic partner may exempt up to \$25,000,000 of their financial intangible assets under this subsection (1) for that tax year;

- (2) Cash and cash equivalents;
- (3) Any of the following financial investments:
 - (a) Annuities;
 - (b) Publicly traded options;
 - (c) Futures contracts;
 - (d) Commodities contracts;
 - (e) Put and call options;
 - (f) Certificates of interest in gold and other precious metals or gems; and
 - (g) Other similar investments except publicly traded stocks, publicly traded bonds, mutual funds, or exchange traded funds;
- (4) Units of ownership in a subchapter K entity;
- (5) Units of ownership and stock in a subchapter S entity;
- (6) Any financial intangible assets held under a retirement savings account under Title 26 U.S.C. Sec. 401(k) of the internal revenue code, a tax-sheltered annuity or custodial account described in Title 26 U.S.C. Sec. 403(b) of the internal revenue code, a deferred compensation plan under Title 26 U.S.C. Sec. 457(b) of the internal revenue code, an individual retirement account or individual retirement annuity described in Title 26 U.S.C. Sec. 408 of the internal revenue code, a Roth individual retirement account described in Title 26 U.S.C. Sec. 408A of the internal revenue code, an employee defined contribution program, an employee defined benefit plan, or a similar retirement savings vehicle, whether foreign or domestic, that penalizes withdrawals until the legal or beneficial owner reaches a certain age;
- (7) Nonfinancial intangible assets;
- (8) Worldwide intangible assets of artificial persons. However, the exemption provided in this subsection (8) does not affect the computation of the true and fair value of a natural person's worldwide intangible assets;
- (9) Any obligations or evidences of debt of the United States and obligations of United States government agencies and corporations established by acts of the congress of the United States to the extent required by federal law to be exempt from taxation by the states;
- (10) Any obligations or evidences of debt of the state of Washington and its agencies, instrumentalities, political subdivisions, and municipal corporations, which include municipal bonds;
- (11) Any stock of the federal reserve bank, the government national mortgage association, the federal national mortgage association, and other corporations and associations established by acts of the congress of the United States;
- (12) Any property subject to ad valorem taxation under RCW 84.36.005; and
- (13) Any financial intangible assets held under a tuition savings account or prepaid tuition plan, as defined under Title 26 U.S.C. Sec. 529 of the internal revenue code, a Coverdell education savings account, also known as an education individual

retirement account, under Title 26 U.S.C. Sec. 530 of the internal revenue code, or a similar vehicle providing federal tax savings to pay a legal or beneficial owner's qualified education expenses.

NEW SECTION. Sec. 7. EXEMPTION ON ASSETS WHERE SIMILAR TAX HAS BEEN PAID TO ANOTHER STATE. (1) Financial intangible assets subject to a similar tax legally imposed on the property and paid by the taxpayer to another state for the same tax year are exempt from taxation.

(2) The exemption under this section is not available if the taxpayer was domiciled in Washington state for a greater amount of time than in the other state during the tax year.

(3) For purposes of this section, a similar tax does not include an estate tax, inheritance tax, gift tax, net income tax, business activity tax including a gross earnings tax or gross receipts tax, activity tax, or other tax similar to the aforementioned taxes. A tax on the value of intangible property may be considered to be a similar intangible assets tax even though taxpayers are allowed a deduction for their liabilities in computing the tax.

(4) For purposes of this section, "state" has the same meaning as in RCW 82.04.462.

NEW SECTION. Sec. 8. INNOCENT SPOUSE RELIEF.

(1) An individual who is required to jointly file a return under this chapter may petition the department for relief from joint and several liability for an assessment of taxes due under this chapter, including penalties and interest. Relief under this section is available only to the extent that the individual establishes by clear, cogent, and convincing evidence that he or she is entitled to relief under this section. The petition must be made on a form and in a format prescribed by the department.

(2) An individual is entitled to relief from joint and several liability under this section only if he or she establishes that all of the following criteria have been met:

- (a) The individual jointly filed a return under this chapter for a taxable year;
 - (b) There is an understatement of tax due on the jointly filed return that is attributable to erroneous reporting of assets by the nonpetitioning current or former spouse or state registered domestic partner;
 - (c) The individual seeking relief establishes that he or she did not know, and had no reason to know, that there was such an understatement; and
 - (d) Taking into account all the facts and circumstances, it is manifestly inequitable to hold the individual seeking relief liable for the deficiency in tax for such taxable year attributable to such understatement.
- (3) Any determination under this section must be made without regard to community property laws.
- (4) If an individual seeking relief under this section establishes that he or she did not know, and had no reason to know, the extent of such understatement, then such individual must be relieved of liability for tax not properly paid, including penalties and interest, for such taxable year to the extent that such liability is attributable to the portion of such understatement of which such individual did not know and had no reason to know.

(5) An individual seeking relief under this section has the burden of proof with respect to establishing the portion of any deficiency allocable to such individual and the portion solely allocable to the individual's current or former spouse or state registered domestic partner.

(6)(a) Notwithstanding any other provision of this section, an individual seeking relief under this section may not seek relief for taxes on intangible assets derived from disqualified assets. For the purposes of this subsection, "disqualified asset" means any asset or right to an asset transferred between spouses or state registered domestic partners required to jointly file a return under this

chapter if the principal purpose of the transfer was the avoidance of tax.

(b) Except as provided in (c) of this subsection (6), any transfer of assets between two spouses or state registered domestic partners, required to jointly file a return under this chapter, that is made within 12 months prior to December 31st of the tax year for which an individual is seeking relief under this section is presumed to be made with the principle purpose of avoidance of tax.

(c) The presumption under (b) of this subsection (6) does not apply to any transfer pursuant to a decree of divorce, dissolution of a domestic partnership, separate maintenance action, or a written instrument incident to such action, or to any transfer that an individual establishes did not have tax avoidance as its principal purpose.

(7) If relief is granted under this section, any asset giving rise to a deficiency on a jointly filed return shall be allocated to the individuals filing the return in the same manner as it would have been allocated if the individuals had filed separate returns for the taxable year. No relief granted under this section may reduce the combined tax liability of individuals required to jointly file a return under this chapter in any given tax year.

(8) Any relief granted under this section may not result in an increase in the exemption amount under section 6(1) of this act. Nothing in this section shall be construed to permit individuals required to jointly file a return under this chapter to claim a combined exemption under section 6(1) of this act exceeding the limit established in section 6(1) of this act.

(9) An individual seeking relief under this section must file a petition with the department no later than two years after the date of the department's notification of the deficiency that is the subject of the petition.

(10) The department may by rule provide a method or methods for allocating assets between individuals required to jointly file returns under this chapter in cases where one of the individuals is granted relief under this section. The department may also by rule provide substantiation requirements for an individual to establish his or her eligibility for relief under this section.

(11) An individual seeking relief under this section may petition the department for a review of a denial of such relief pursuant to RCW 82.32.160.

Sec. 9. RCW 82.32.160 and 2007 c 111 s 110 are each amended to read as follows:

(1) Any person having been issued a notice of additional taxes, delinquent taxes, interest, or penalties assessed by the department, may within ~~((thirty))~~ 30 days after the issuance of the original notice of the amount thereof or within the period covered by any extension of the due date thereof granted by the department petition the department in writing for a correction of the amount of the assessment, and a conference for examination and review of the assessment. The petition shall set forth the reasons why the correction should be granted and the amount of the tax, interest, or penalties, which the petitioner believes to be due. The department shall promptly consider the petition and may grant or deny it. If denied, the petitioner shall be notified by mail, or electronically as provided in RCW 82.32.135, thereof forthwith. If a conference is granted, the department shall fix the time and place therefor and notify the petitioner thereof by mail or electronically as provided in RCW 82.32.135. After the conference the department may make such determination as may appear to it to be just and lawful and shall mail a copy of its determination to the petitioner, or provide a copy of its determination electronically as provided in RCW 82.32.135. If no such petition is filed within the ~~((thirty))~~ 30-day period the assessment covered by the notice shall become final.

(2) The procedures provided for herein shall apply also to a

notice denying, in whole or in part, an application for a pollution control tax exemption and credit certificate, with such modifications to such procedures established by departmental rules and regulations as may be necessary to accommodate a claim for exemption or credit.

(3) The procedures provided in subsection (1) of this section, as modified in this subsection (3), also apply to a notice denying, in whole or in part, a petition for relief from joint and several liability under section 8 of this act. A petition under this subsection (3) is due within 30 days after the date the department issued its denial of relief under section 8 of this act. The petition must set forth the reasons why the department should grant the petitioner's request for relief from joint and several liability. The petition must also set forth the portion of any deficiency allocable to the petitioner and the portion solely allocable to the petitioner's current or former spouse or state registered domestic partner.

NEW SECTION. Sec. 10. SUBSTANTIAL INTANGIBLE ASSETS TAX VALUATION UNDERSTATEMENT PENALTY IMPOSED. (1) Except as otherwise provided in this section, if any portion of an underpayment of tax due under this chapter is due to a substantial intangible assets tax valuation understatement, there must be added to the tax an amount equal to:

(a) In the case of any substantial intangible assets tax valuation understatement that is a gross intangible assets tax valuation misstatement, 50 percent of the portion of the underpayment due to the valuation understatement; or

(b) In all other cases, 30 percent of the portion of the underpayment due to the valuation understatement.

(2) The penalty imposed under subsection (1) of this section does not apply unless the portion of the underpayment attributable to substantial intangible assets tax valuation understatements for the calendar year exceeds \$5,000.

(3) The penalty imposed in this section is in addition to any other applicable penalties imposed under this chapter or chapter 82.32 RCW on the same tax due, except for the penalty imposed in RCW 82.32.090(7).

(4) For purposes of this section, the following definitions apply:

(a) "Gross intangible assets tax valuation misstatement" means the true and fair value of any intangible assets reported on a return required by this chapter is 40 percent or less of the amount determined to be the correct amount of such true and fair value.

(b) "Substantial intangible assets tax valuation understatement" means the true and fair value of any intangible assets reported on a return required by this chapter is 65 percent or less of the amount determined to be the correct amount of such true and fair value.

NEW SECTION. Sec. 11. RULE OF CONSTRUCTION. The legislature intends that any provision of this chapter that is found to be ambiguous by a court of competent jurisdiction or administrative agency be construed in favor of application of the tax, notwithstanding any contrary common law rule of statutory construction.

NEW SECTION. Sec. 12. TITLE 84 RCW INAPPLICABLE TO INTANGIBLE ASSETS TAX. Title 84 RCW does not apply to this chapter.

Sec. 13. RCW 43.135.034 and 2023 c 102 s 30 are each amended to read as follows:

(1) For the purposes of this chapter, "raises taxes" means any action or combination of actions by the state legislature that increases state tax revenue deposited in any fund, budget, or account, regardless of whether the revenues are deposited into the general fund.

(2) ~~((The state or any political))~~ Political subdivisions of the state may not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

Sec. 14. RCW 82.32.655 and 2010 1st sp.s. c 23 s 201 are each amended to read as follows:

(1) It is the legislature's intent to require all taxpayers to pay their fair share of taxes. To accomplish this purpose, it is the legislature's intent to stop transactions or arrangements that are designed to unfairly avoid taxes.

(2) The department must disregard, for tax purposes, the tax avoidance transactions or arrangements that are described in subsection (3) of this section. The department must deny the tax benefit that would otherwise result from the tax avoidance transaction or arrangement. In determining whether the department must disregard a transaction or arrangement described under subsection (3) of this section, the department may consider:

(a) Whether an arrangement or transaction changes in a meaningful way, apart from its tax effects, the economic positions of the participants in the arrangement when considered as a whole;

(b) Whether substantial nontax reasons exist for entering into an arrangement or transaction;

(c) Whether an arrangement or transaction is a reasonable means of accomplishing a substantial nontax purpose;

(d) An entities' relative contributions to the work that generates income;

(e) The location where work is performed; and

(f) Other relevant factors.

(3) This section applies only to the following transactions or arrangements:

(a) Arrangements that are, in form, a joint venture or similar arrangement between a construction contractor and the owner or developer of a construction project but that are, in substance, substantially guaranteed payments for the purchase of construction services characterized by a failure of the parties' agreement to provide for the contractor to share substantial profits and bear significant risk of loss in the venture;

(b) Arrangements through which a taxpayer attempts to avoid tax under chapter 82.04 RCW by disguising income received, or otherwise avoiding tax on income, from a person that is not affiliated with the taxpayer from business activities that would be taxable in Washington by moving that income to another entity that would not be taxable in Washington; ~~(and)~~

(c) Arrangements through which a taxpayer attempts to avoid tax under chapter 82.08 or 82.12 RCW by engaging in a transaction to disguise its purchase or use of tangible personal property by vesting legal title or other ownership interest in another entity over which the taxpayer exercises control in such a manner as to effectively retain control of the tangible personal property; and

(d) Arrangements through which a taxpayer attempts to avoid tax under chapter 84A.--- RCW (the new chapter created in section 17 of this act) through intentional deception, such as by concealing assets or evidence of the location of the taxpayer's domicile in this state, by transferring assets prior to December 31st when the taxpayer effectively retained control of the assets, or by effectively converting taxable assets into nontaxable assets prior to December 31st when the taxpayer engages in a substantially offsetting transaction. This subsection (3)(d) does not apply to substantial intangible assets tax valuation understatements subject to the penalty in section 10 of this act.

(4) In determining whether a transaction or arrangement comes within the scope of subsection (3) of this section, the department is not required to prove a taxpayer's subjective intent in engaging in the transaction or arrangement.

(5) The department must adopt rules to assist in determining whether a transaction or arrangement is within the scope of subsection (3) of this section. The adoption of a rule as required

under this subsection is not a condition precedent for the department's exercise of the authority provided in this section. Any rules adopted under this section must include examples of transactions that the department will disregard for tax purposes.

(6) This section does not affect the department's authority to apply any other remedies available under statutory or common law.

(7) For purposes of this section, "affiliated" means under common control. "Control" means the possession, directly or indirectly, of more than ~~((fifty))~~ 50 percent of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise.

NEW SECTION. **Sec. 15.** EXEMPTION FROM CERTAIN LAWS APPLICABLE TO NEW TAX PREFERENCES. RCW 82.32.805 and 82.32.808 do not apply to this act.

NEW SECTION. **Sec. 16.** SEVERABILITY CLAUSE. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 17.** CODIFICATION DIRECTION. Sections 1 through 8 and 10 through 12 of this act constitute a new chapter in a new title to be codified as Title 84A RCW.

NEW SECTION. **Sec. 18.** SHORT TITLE. This act may be known and cited as the "financial intangible assets wealth tax act."

NEW SECTION. **Sec. 19.** This act is necessary for the support of the state government and its existing public institutions."

On page 1, line 1 of the title, after "to" strike the remainder of the title and insert "enacting a wealth tax on stocks, bonds, and other financial intangible assets for the benefit of public schools; amending RCW 82.32.160, 43.135.034, and 82.32.655; adding a new Title to the Revised Code of Washington to be codified as Title 84A RCW; creating new sections; and prescribing penalties."

Senator Frame spoke in favor of adoption of the striking amendment.

The President declared the question before the Senate to be the adoption of striking floor amendment no. 0503 by Senator Frame to Senate Bill No. 5797.

The motion by Senator Frame carried and striking floor amendment no. 0503 was adopted by voice vote.

MOTION

On motion of Senator Frame, the rules were suspended, Engrossed Senate Bill No. 5797 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senators Frame, Wellman, Bateman, Salomon, Alvarado and Lovelett spoke in favor of passage of the bill.

REMARKS BY THE PRESIDENT

President Heck: "Senator Lovelett, just to respectfully remind you that your rules require that your remarks be addressed through the presiding officer, not to one another. Please proceed."

Senators Lovelett and Conway spoke in favor of passage of the bill.

REMARKS BY THE PRESIDENT

President Heck: "Again, they're your rules. And there is a rationale for directing remarks through the presiding officer whomever it is. It tends to dilute the sense of amplified adversarialness and keeps things more neutral. Merits, demerits, through the presiding officer, please. And I apologize for interrupting. Senator Conway."

Senators Conway, Saldaña, Shewmake and Wilson, C. spoke in favor of passage of the bill.

The President declared the question before the Senate to be the final passage of Engrossed Senate Bill No. 5797.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 5797 and the bill passed the Senate by the following vote: Yeas, 26; Nays, 21; Absent, 0; Excused, 1.

Voting yea: Senators Alvarado, Bateman, Chapman, Cleveland, Conway, Cortes, Dhingra, Frame, Hasegawa, Kauffman, Lovelett, Lovick, Nobles, Orwall, Pedersen, Riccelli, Robinson, Saldaña, Solomon, Shewmake, Slatter, Stanford, Trudeau, Valdez, Wellman and Wilson, C.

Voting nay: Senators Boehnke, Braun, Christian, Dozier, Fortunato, Goehner, Hansen, Harris, Holy, King, Krishnadasan, Liias, MacEwen, McCune, Muzzall, Schoesler, Short, Torres, Wagoner, Warnick and Wilson, J.

Excused: Senator Gildon

ENGROSSED SENATE BILL NO. 5797, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SIGNED BY THE PRESIDENT

Pursuant to Article 2, Section 32 of the State Constitution and Senate Rule 1(5), the President announced the signing of and thereupon did sign in open session:

ENGROSSED SUBSTITUTE SENATE BILL NO. 5167.

MOTION

On motion of Senator Riccelli, the Senate reverted to the fourth order of business.

MESSAGE FROM THE HOUSE

REPORT OF THE CONFERENCE COMMITTEE

Engrossed Substitute Senate Bill No. 5161
April 26, 2025

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Substitute Senate Bill No. 5161, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"2025-2027 FISCAL BIENNIUM

NEW SECTION. Sec. 1. (1) This budget reflects the valuable contributions of Senator Bill Ramos, who served as a member of the Transportation Budget Cabinet in both the Senate and the House of Representatives during his tenure in the legislature. Senator Ramos committed his life to public service and the improvement of the state of Washington and its transportation system. The legislature dedicates this transportation budget in loving memory of our friend and colleague Senator Bill Ramos (1956-2025).

(2) The transportation budget of the state is hereby adopted and, subject to the provisions set forth, the several amounts specified, or as much thereof as may be necessary to accomplish the purposes designated, are hereby appropriated from the several accounts and funds named to the designated state agencies and offices for employee compensation and other expenses, for capital projects, and for other specified purposes, including the payment of any final judgments arising out of such activities, for the period ending June 30, 2027.

(3) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this act.

(a) "Fiscal year 2026" or "FY 2026" means the fiscal year ending June 30, 2026.

(b) "Fiscal year 2027" or "FY 2027" means the fiscal year ending June 30, 2027.

(c) "FTE" means full-time equivalent.

(d) "Lapse" or "revert" means the amount shall return to an unappropriated status.

NEW SECTION. Sec. 107. FOR THE OFFICE OF MINORITY AND WOMEN'S BUSINESS ENTERPRISES

Move Ahead WA Flexible Account—State Appropriation \$3,020,000

The appropriation in this section is subject to the following conditions and limitations:

(1) The entire move ahead WA flexible account—state appropriation in this section is provided solely for increasing the number of certified women and minority-owned contractors in the transportation sector statewide, with priority given to areas outside of the Puget Sound area and supporting these contractors to successfully compete and earn more transportation contracting opportunities. This purpose must be accomplished through various programs including, but not limited to: (a) Outreach to women and minority-owned business communities and individuals; (b) technical assistance, mentorship, and consultation as needed in areas such as financing, accounting, contracting, procurement, and resolution of disputes and grievances; (c) language access programs for those with limited English proficiency; (d) developing a truck rotation program to allow smaller minority and women-owned trucking companies to pool their resources and compete with larger scale trucking operations; and (e) other programs that aim to increase the number of women and minority contractors that are successful in obtaining contracts in the transportation sector directly with state agencies such as the department, with local jurisdictions, or as subcontractors for prime contractors. The office may revise program standards, as needed, with legislative consultation.

(2) The office of minority and women's business enterprises and the department of transportation's office of equity and civil rights must develop two new business-size thresholds within the office's certification program. The two new thresholds must include emerging small businesses and rising small businesses with gross receipts of no more than (a) \$3,000,000 and (b) \$10,000,000. This work must evaluate all state-funded contracts over \$50,000,000 for emerging small business goals, rising small business goals, small business goals, or any combination thereof. The office of equity and civil rights and the office of minority and women's business enterprises must submit a report to the office of financial management and the transportation committees of the legislature by November 1, 2025, on this work and any recommendations on next steps.

Appropriation..... \$2,000,000
TOTAL APPROPRIATION..... \$13,770,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$4,920,000 of the carbon emissions reduction account—state appropriation is reappropriated and provided solely for a tribal electric boat grant program. Federally recognized tribes, tribal enterprises, and tribal members are eligible to apply for grant funds for the purchase of or conversion to electric motors and engines for fishing vessels.

(2) \$6,850,000 of the aeronautics account—state appropriation is provided solely for a Cascadia sustainable aviation fuel institute or accelerator to advance sustainable aviation fuel ecosystem

build out, develop regional partnerships, and promote market adoption of sustainable aviation fuel within Washington state and the entire Cascadia region.

(3) \$2,000,000 of the multimodal transportation account—state appropriation is provided solely to Snohomish county for preconstruction and site readiness activities related to the sustainable aviation fuel research and development center at Paine Field.

(4)(a) The interagency electric vehicle coordinating council created under RCW 43.392.030, through its industry electric vehicle advisory committee or another appropriate ad hoc committee, must address electric vehicle charger infrastructure property crime. For purposes of this subsection, the committee may include the following additional members:

(i) One representative of the Washington state attorney general's office;

(ii) One representative of a law enforcement agency or association whereby electric vehicle charger property crime is impacting the agency's or association's jurisdiction specializing in theft prevention or property crimes;

(iii) One representative of a recycled materials association or trade organization operating in the state of Washington with experience in nonferrous metals recycling;

(iv) Two representatives from the electric vehicle services equipment industry whereby both level 2 and level 3 charging providers are included;

(v) One representative from a local governmental agency or association representing a city whereby electric vehicle charger property crime is impacting the agency's or association's community;

(vi) One representative from a power utility whereby electric vehicle charger property crime is impacting the utility's service territory;

(vii) One representative from a county whereby electric vehicle charger property crime is impacting the county;

(viii) Two representatives of a neighborhood or community advocacy group from communities heavily impacted by metal theft or illegal recycling activities;

(ix) One representative with technical expertise in the electric vehicle charging industry;

(x) One representative of the workforce performing electric vehicle charger installations;

(xi) One representative of electric vehicle charging station site hosts;

(xii) One representative of electric vehicle drivers; and

(xiii) Any other representative deemed necessary by the council, including representatives from organizations or industries with technical expertise or representing communities with lived experience.

(b) Based on the advice of the committee, the interagency electric vehicle coordinating council shall:

(i) Provide guidance and recommendations on actions to reduce instances of electric vehicle charger property crime in the state of Washington;

(ii) Be available to respond to Washington legislator questions or requests related to electric vehicle charger property crime;

(iii) Submit its findings, recommendations, and activities as part of the interagency electric vehicle coordinating council's annual report to the appropriate committees of the legislature.

(c) The interagency electric vehicle coordinating council shall ensure the committee meets and reports at council meetings regularly.

(d) Proprietary information identified by private sector entities and provided to any member agency of the interagency electric vehicle coordinating council to inform the implementation of this

subsection is exempt from disclosure under chapter 42.56 RCW.

(5) The department shall provide information related to emission reductions resulting from fuel conversion activities funded with appropriations from the carbon emissions reduction account to the joint transportation committee in accordance with section 814, chapter . . . , Laws of 2025 (Engrossed Substitute Senate Bill No. 5801) (transportation resources).

(6) The department of commerce is required to convene a work group that includes representatives from cities, counties, ports, fire protection districts, regional fire protection service authorities, public hospital districts, library districts, the office of the state treasurer, the Washington economic development association, county assessors, and other impacted stakeholders to develop a common understanding of tax increment financing and make recommendations to the legislature on improvements and reforms to tax increment financing. In performing its duties, the work group may invite the participation of third-party professionals, such as bond counsel, economists, and project finance experts. A report, with any findings and recommendations, shall be made to the appropriate committees of the legislature by December 15, 2025.

NEW SECTION. Sec. 109. FOR THE BOARD OF PILOTAGE COMMISSIONERS

Carbon Emissions Reduction Account—State

Appropriation..... \$12,000,000

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) \$12,000,000 of the carbon emissions reduction account—state appropriation is provided solely for zero emission electric vehicle supply equipment infrastructure at facilities to accommodate charging station installations. The electric vehicle charging equipment must be coordinated with the state efficiency and environmental performance program. The department must prioritize locations based on state efficiency and environmental performance location priorities and where zero emission fleet vehicles are located or are scheduled to be purchased.

(b) The department shall report when and where the equipment was installed and the state agencies and facilities that benefit from the installation of the charging station to the fiscal committees of the legislature by January 2, 2027, with an interim report due January 2, 2026. The department shall collaborate with the interagency electric vehicle coordinating council to implement this section and must work to meet benchmarks established in chapter 182, Laws of 2022 (transportation resources).

(2) The department, with the assistance of designated staff in the Washington state department of transportation, must register for the clean fuels credit program and track revenue generation pursuant to chapter 70A.535 RCW for investments funded in an omnibus transportation appropriations act.

(3) The department must provide a report to the transportation committees of the legislature that estimates current biennial and future carbon reduction impacts resulting from zero-emission electric vehicles and supply equipment infrastructure funded in this section by June 30, 2027.

(4) The department shall provide information related to emission reductions resulting from fuel conversion activities funded with appropriations from the carbon emissions reduction account to the joint transportation committee in accordance with section 814, chapter . . . , Laws of 2025 (Engrossed Substitute Senate Bill No. 5801) (transportation resources).

NEW SECTION. Sec. 112. FOR THE DEPARTMENT OF ECOLOGY

Model Toxics Control Capital Account—State

Appropriation\$15,715,000

Carbon Emissions Reduction Account—State

Appropriation\$39,840,000

TOTAL APPROPRIATION\$55,555,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$15,715,000 of the model toxics control capital account—state appropriation and \$38,340,000 of the carbon emissions reduction account—state appropriation are provided solely for the department to provide grants to transition from diesel school buses and other student transport vehicles to zero emission vehicles and for the necessary fueling infrastructure needed for zero emission student transportation. The department must prioritize school districts serving tribes and vulnerable populations in overburdened communities as defined under RCW 70A.02.010. Up to five percent of the appropriation in this section may be used for technical assistance and grant administration.

(2) \$1,500,000 of the carbon emissions reduction account—state appropriation is provided solely for the department to provide one or more nonproject environmental impact statements for alternative jet fuel production pathways, including blending and distribution infrastructure.

(3) The department shall provide information related to emission reductions resulting from fuel conversion activities funded with appropriations from the carbon emissions reduction account to the joint transportation committee in accordance with section 814, chapter . . . , Laws of 2025 (Engrossed Substitute Senate Bill No. 5801) (transportation resources).

NEW SECTION. Sec. 113. FOR THE OFFICE OF THE GOVERNOR

State Patrol Highway Account—State Appropriation \$718,000

The appropriation in this section is subject to the following conditions and limitations: The entire state patrol highway account—state appropriation is provided solely to the state office of equity to contract with an independent consultant to conduct the studies, evaluations, and reporting functions required in RCW 43.06D.060(2), and for the office to conduct the work specified in RCW 43.06D.060 (1) and (3).

NEW SECTION. Sec. 114. FOR THE EVERGREEN STATE COLLEGE

Aeronautics Account—State Appropriation..... \$94,000

Highway Safety Account—State Appropriation \$108,000

TOTAL APPROPRIATION \$202,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The entire aeronautics account—state appropriation is provided solely for the Washington state institute for public policy to:

(a) Conduct an independent assessment of the passenger and air cargo forecasts cited in the Puget Sound regional council regional aviation baseline study, including an evaluation of the underlying data, assumptions, methodologies, and calculation of the level of uncertainty around the forecast;

(b) Conduct a comprehensive literature review to identify effective national and international strategies to reduce demand for air travel, including diverting such demand to other modes and whether such diversion avoids net environmental impacts to overburdened communities and vulnerable populations;

(c) Conduct a review of existing operational and technological enhancements to address environmental impacts from commercial aviation activities, including, but not limited to, climate friendly routing of aircraft, innovations intended to address the climate change effects of noncarbon dioxide

Appropriation..... \$624,000

Motor Vehicle Account—State Appropriation \$3,379,000

Multimodal Transportation Account—State

Appropriation..... \$350,000

TOTAL APPROPRIATION..... \$4,353,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$75,000 of the motor vehicle account—state appropriation is for the joint transportation committee, in collaboration with the facilities program within the department of transportation, to evaluate the cost and benefits associated with having the facilities program take on full responsibility for planning and support of some or all of the facilities currently operated by the Washington state ferries. The joint transportation committee must provide a

preliminary assessment, including any recommendations, by December 1, 2025. The joint transportation committee must prepare a final report, including any recommendations, by October 1, 2026.

(2) \$390,000 of the motor vehicle account—state appropriation is for the joint transportation committee, from amounts set aside out of statewide fuel taxes distributed to cities according to RCW 46.68.110(2), for the following activities:

(a) \$250,000 is to contract with the association of Washington cities for the contracting for a facilitator for the process of updating the memorandum of understanding reached by the association of Washington cities and the Washington state department of transportation in 2013 for the construction, operations, and maintenance responsibilities for city streets as part of state highways. With the help of the facilitator, a work group must be convened to collaborate on updating the agreement and developing recommendations for maintaining the agreement. Work group participants must consist of six members representing cities, appointed by the association of Washington cities, and six members of the Washington state department of transportation. The final work of the facilitated process must be completed by June 2027.

(b) \$140,000 is for the joint transportation committee to contract for an update to the 2019 assessment of city transportation funding needs to assess the current state of city transportation funding, identify emerging issues, and recommend funding sources to meet current and future needs. The association of Washington cities and the Washington department of transportation shall provide technical support to the study. The joint transportation committee must issue a report of its findings and recommendations to the transportation committees of the legislature by September 2026.

(3) \$75,000 of the motor vehicle account—state appropriation is for the joint transportation committee to continue the alternative project delivery methods and innovative practices study under section 204(9), chapter 310, Laws of 2024. The next phase of the study must provide additional consultation on collaborative procurement and contracting approaches that may be used by the Washington state department of transportation in public works contracting to increase contract competition and support containing costs and project delivery schedule. A supplemental report on findings and recommendations, including any changes in current practice and statutory requirements, is due to the transportation committees of the legislature by December 1, 2025.

(4) \$274,000 of the carbon emissions reduction account—state appropriation is reappropriated for the joint transportation committee for a study of the impacts of implementing California's emissions standards for ocean-going vessels at berth in Titles 13 and 17 of the California Code of Regulations in Washington. The joint transportation committee must report to the transportation committees of the legislature by December 31, 2025.

(5) \$250,000 of the motor vehicle account—state appropriation is for the joint transportation committee to contract with the Freight Policy Transportation Institute of Washington State University to serve as the independent review team to work in coordination with the Washington state department of transportation's analysis, funded in section 217(5) of this act, of highway, road, and freight rail transportation needs, options, and impacts from shifting the movement of freight and goods that currently move by barge through the lower Snake river dams to highways, other roads, and rail.

(a) The department shall include the independent review team in all phases of the analysis to enable the team to develop an independent assessment of the analysis, assumptions, stakeholder engagement, and cost and impact estimates. Summary findings

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

from the independent assessment must be provided to the department, the governor's office, and the transportation committees of the legislature on a quarterly basis, with an end of biennium report due to the governor and the transportation committees of the legislature by December 31, 2026.

(b) The independent review team must conduct an independent stakeholder engagement effort. The river transportation work group must be formed to provide data and guidance to the independent review team for the independent stakeholder engagement effort. The river transportation work group must be made up of stakeholders, including farming and agricultural production, fishing industry, tug and barge operators, shippers and receivers, public ports, railroad operators, cruise lines, the federal highway administration, and the army corps of engineers. Consultations with federally recognized tribes must also occur in coordination with the Washington state department of transportation.

(c) The independent review team shall make regular presentations to the joint transportation committee and, by request, to the transportation committees of the legislature.

(6) \$200,000 of the motor vehicle account—state appropriation is for the joint transportation committee to conduct a study and make recommendations on alternative new methods for local governments to fund sidewalk improvements, including but not limited to establishing a sidewalk utility. The study must review revenue options utilized in other states and make evaluations based on fairness, stability, adequacy, regressivity, simplicity, and the effect on economic vitality. The joint transportation committee must submit a preliminary report of findings and recommendations to the transportation committees of the legislature by December 15, 2025. A final report is due to the office of the governor and the transportation committees of the legislature by June 30, 2026.

(7) \$250,000 of the carbon emissions reduction account—state appropriation is for the joint transportation committee to review and evaluate administrative, performance, and delivery efficiencies for alternative fuel and zero emission vehicle and vessel and infrastructure programs and other transportation electrification programs funded under the climate commitment act. As part of its review, the committee must analyze previously and currently funded programs under the omnibus operating, capital, and transportation appropriations acts. By October 1, 2026, the committee must provide to the transportation committees of the legislature a report on evaluation findings and recommendations on improvements to program delivery, including the consolidation of any programs, and as to which agency or agencies are appropriate and optimal to administer such climate commitment act funded programs.

(8)(a) \$100,000 of the multimodal transportation account—state appropriation is for the joint transportation committee to continue its contract with a national expert on developing inclusive, mixed-income, mixed-use transit-oriented housing to complete a review of transit-oriented development conditions in cities in King, Pierce, Spokane, Clark, and Snohomish counties as described under section 204(13), chapter 310, Laws of 2024.

(b) The review must also analyze transit-oriented development housing supply and affordability strategies within chapter . . . (Engrossed Substitute House Bill No. 1491), Laws of 2025, and include any recommendations on how such legislation may be most effectively implemented by local governments. The contracted party shall provide its review to the appropriate committees of the legislature by December 15, 2025.

(9) \$100,000 of the carbon emissions reduction account—state appropriation is for the joint transportation committee to oversee the development of tools and methodologies to assist in program

delivery evaluation for fuel conversion activity programs that receive appropriations from the carbon emissions reduction account. Program delivery evaluation must include carbon emissions reduction estimates by program and by unit of time, program cost per unit of emission reduction, quantified benefits to vulnerable populations and overburdened communities by program cost, any additional appropriate qualitative and quantitative metrics, and actionable recommendations for improvements in program delivery. A report is due to the transportation committees of the legislature by October 1, 2025.

NEW SECTION. Sec. 205. FOR THE TRANSPORTATION COMMISSION

Motor Vehicle Account—State Appropriation.....	\$2,105,000
Interstate 405 and State Route Number 167 Express	
Toll Lanes Account—State Appropriation.....	\$150,000
State Route Number 520 Corridor Account—State	
Appropriation	\$488,000
Tacoma Narrows Toll Bridge Account—State	
Appropriation	\$178,000
Alaskan Way Viaduct Replacement Project Account—	
State Appropriation	\$368,000
TOTAL APPROPRIATION	\$3,289,000

The appropriations in this section are subject to the following conditions and limitations:

(1) To generate savings and efficiencies, the commission shall conduct its meetings either in Olympia or virtually.

(2) Within the parameters established under RCW 47.56.880, the commission shall review toll revenue performance on the Interstate 405 and state route number 167 corridor and adjust Interstate 405 tolls as appropriate to increase toll revenue to provide sufficient funds for payments of future debt pursuant to RCW 47.10.896 and to support improvements to the corridor. The commission shall consider adjusting maximum toll rates, minimum toll rates, day-of-week rates and time-of-day rates, and restricting direct access ramps to transit and HOV vehicles only, or any combination thereof, in setting tolls to increase toll revenue. The commission is encouraged to make any adjustments to toll rates in coordination with the planned expansion of express toll lanes between the cities of Renton and Bellevue.

(3) The commission must evaluate and consider temporary toll rate adjustments for the state route number 99 tunnel to support management of increased demand leading up to and during the 2026 World Cup.

(4)(a) \$200,000 of the state route number 520 corridor account—state appropriation and \$200,000 of the Alaskan Way viaduct replacement project account—state appropriation are provided solely for the commission, in coordination with the department of transportation, to conduct a pilot or pilots of advanced tolling technology provided by the private sector. The purpose of this pilot or pilots will be to assess the viability and accuracy of advanced technologies that may reduce the implementation and long-term costs of the toll system or enable more flexible operations. The commission shall retain a separate independent third-party vendor or vendors who can provide expert oversight, guidance, and advisement on the work, including: The pilot design; the evaluation plan; data analysis; and reporting on findings.

(b) A final report of findings is due to the transportation committees of the legislature by July 1, 2026. The report must, at a minimum: Outline the technology tested; provide a comparison of system performance, operations, costs, and revenue collection efficiencies between the test system or test systems and the roadway toll system in use today; assess the requirements for achieving compatibility with the existing back-office system; provide a summary of how lessons learned from the pilot or pilots

were incorporated into the planned procurement of new roadside toll systems; and provide recommendations on next steps.

(5) The commission shall partner with the department of transportation to design and implement a toll relief program based upon income qualification. Implementation must start with facilities where tolling begins in fiscal year 2026 or later. The commission shall work with the department of transportation to assess potential impacts of extending the toll relief program based upon income qualification to existing tolled facilities that opened prior to fiscal year 2026. The assessment, at a minimum, must determine potential impacts to meeting current financial and legal requirements in place for each facility. The commission, in partnership with the department of transportation, shall provide annual updates on the program to the transportation committees of the legislature.

(6) The commission shall provide regular updates on the status of ongoing coordination with the state of Oregon regarding toll rates and exemptions. Prior to finalizing tolling proposals, the commission shall advise on the status of any bistate agreements to the joint transportation committee beginning in September 2025 and quarterly thereafter until any agreements are finalized.

I-405 and SR 167 Express Toll Lanes Account—State

Appropriation..... \$2,894,000

TOTAL APPROPRIATION..... \$755,799,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$580,000 of the state patrol highway account—state appropriation is provided solely for the operation of and administrative support to the license investigation unit to enforce vehicle registration laws in southwestern Washington. The Washington state patrol, in consultation with the department of revenue, shall maintain a running estimate of the additional

vehicle registration fees, sales and use taxes, and local vehicle fees remitted to the state pursuant to activity conducted by the license investigation unit. Beginning October 1, 2025, and semiannually thereafter, the Washington state patrol shall submit a report detailing the additional revenue amounts generated since July 1, 2023, to the director of the office of financial management and the transportation committees of the legislature. At the end of the fiscal quarter in which it is estimated that more than \$625,000 in state sales and use taxes have been remitted to the state since July 1, 2023, the Washington state patrol shall notify the state treasurer and the state treasurer shall transfer funds pursuant to section 406 of this act.

(2)(a) \$250,000 of the state patrol highway account—state appropriation is provided solely for the activities of a vehicle registration pilot program in the Puget Sound region. The pilot program must emphasize compliance with annual vehicle registration requirements. By February 15, 2026, the Washington state patrol must provide a status report on pilot program implementation.

(b) The Washington state patrol must provide information on the funding needed and a preliminary plan for statewide implementation of activities related to ensuring compliance with annual vehicle registration in the report under (a) of this subsection.

(3) Washington state patrol officers engaged in off-duty uniformed employment providing traffic control services to the department of transportation or other state agencies may use state patrol vehicles for the purpose of that employment, subject to guidelines adopted by the chief of the Washington state patrol. The Washington state patrol must be reimbursed for the use of the vehicle at the prevailing state employee rate for mileage and hours of usage, subject to guidelines developed by the chief of the Washington state patrol.

(4)(a) By December 1st of each year during the 2025-2027 fiscal biennium, the Washington state patrol must report to the transportation committees of the legislature on the status of recruitment and retention activities as follows:

(i) A summary of recruitment and retention strategies;

(ii) The number of transportation funded staff vacancies by major category;

(iii) The number of applicants for each of the positions by these categories;

(iv) The composition of workforce;

(v) Other relevant outcome measures with comparative information with recent comparable months in prior years; and

(vi) Activities related to the implementation of the agency's workforce diversity plan, including short-term and long-term, specific comprehensive outreach, and recruitment strategies to increase populations underrepresented within both commissioned and noncommissioned employee groups.

(b) During the 2025-2027 fiscal biennium, the office of financial management, with assistance of the Washington state patrol, must conduct two surveys regarding the competitiveness with law enforcement agencies within the boundaries of the state of Washington pursuant to RCW 43.43.380, with the first survey being informational regarding the change since the last survey was conducted and the second survey used as part of the collective bargaining process. Prior to the 2026 legislative session, the office of financial management, with assistance of the Washington state patrol, must also provide comparison information regarding recruitment bonus amounts currently being offered by local law enforcement agencies in the state.

(5)(a) \$8,504,000 of the state patrol highway account—state appropriation is provided solely for the land mobile radio system replacement, upgrade, and other related activities.

(b) Beginning January 1, 2026, the Washington state patrol

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

must report semiannually to the office of the chief information officer on the progress related to the projects and activities associated with the land mobile radio system, including the governance structure, outcomes achieved in the prior six-month time period, and how the activities are being managed holistically as recommended by the office of the chief information officer. At the time of submittal to the office of the chief information officer, the report must be transmitted to the office of financial management and the transportation committees of the legislature.

(6)(a) \$2,610,000 of the state patrol highway account—state appropriation is provided solely for enhancing the state patrol's diversity, equity, and inclusion program, a community engagement program to improve relationships with historically underrepresented communities and to recruit and retain a diverse workforce, and contracting with an external psychologist to perform exams. The state patrol must work with the state office of equity and meet all reporting requirements and responsibilities pursuant to RCW 43.06D.060. Funds provided for the community engagement program must ensure engagement with communities throughout the state.

(b) The state patrol may revise program standards, as needed, with legislative consultation.

(7)(a) \$7,552,000 of the state patrol highway account—state appropriation is provided solely for costs associated with the work zone speed safety camera pilot program with the amounts for specific activities as follows:

(i) \$2,353,000 for the Washington state patrol's oversight, administrative, overtime, and other costs associated with the processing of work zone speed violations;

(ii) \$3,990,000 for interagency reimbursements to the office of administrative hearings for adjudication related expenses associated with work zone speed violations; and

(iii) \$1,209,000 for interagency reimbursements to the office of attorney general for legal guidance and adjudication related expenses associated with work zone speed violations.

(b) By December 1st of each year during the 2025-2027 fiscal biennium, the Washington state patrol, in conjunction with the other agencies involved in the work zone speed safety camera pilot program, must report on the number of deployments and locations, workload, violations issued, detailed expenses incurred by each agency in the pilot program, and efficiency measures each agency is taking in operating the pilot program in the most cost-effective manner possible.

(8) \$1,668,000 of the state patrol highway account—state appropriation is provided solely for three accelerated training programs for lateral hires. It is the intent of the legislature that the three accelerated training programs for lateral hires offered in the 2025-2027 fiscal biennium achieve at least 30 qualified graduates based on the Washington state patrol aggressively recruiting, advertising bonus policies, and taking other steps to achieve this outcome.

(9) By December 1, 2026, the Washington state patrol must provide a report to the governor and appropriate committees of the legislature on the status of *McClain v. Washington State Patrol* and an update on legal expenses associated with the case.

(10) \$7,572,000 of the state patrol highway account—state appropriation is provided solely for one additional trooper basic training class with troopers graduating in the 2025-2027 fiscal biennium and funding to initiate an additional trooper basic training class with troopers graduating in the 2027-2029 fiscal biennium.

(11) Within existing resources, the Washington state patrol must offer a minimum of 14 emergency vehicle operator courses per year at its Shelton driving track exclusively for basic law enforcement academies offered by the criminal justice training

commission.

(12) It is the intent of the legislature to address any demographic disparities that might exist regarding traffic stops initiated by troopers, including traffic stops of indigenous motorists. Therefore, within the amounts provided in this section, the Washington state patrol must provide a report to the joint transportation committee by October 1, 2025, detailing the demographic breakout of traffic stops for each of the most recent three calendar years for which data is available. The report must include counts and per capita rates for each demographic group on: (a) Traffic stops; (b) verbal warnings; (c) written warnings; (d) citation issuance; (e) arrests; and (f) searches. The joint transportation committee must hold a work session on the traffic stop report by December 15, 2025. If deemed warranted, the joint transportation committee shall make recommendations to the office of financial management and the transportation committees of the legislature on future funding adjustments or other actions necessary to address any demographic disparities identified in the report.

(13) \$800,000 of the highway safety account—state appropriation is provided solely for increased chain enforcement on Interstate 90 in the area around Snoqualmie Pass. The legislature intends that the Washington state patrol, pursuant to RCW 46.37.005, require commercial vehicles to carry chains statewide during winter months and, in coordination with the department of transportation, develop a process for monitoring compliance at weigh stations.

(14) \$3,500,000 of the state patrol highway account—state appropriation is provided solely to address emergent issues that may arise due to the high level of commissioned and noncommissioned vacancies. Potential uses of the funding include the following: Employee leave buyouts, increased contracting to maintain adequate service levels, unanticipated facility and equipment needs, increased overtime, travel, and other related costs.

(15) \$3,000,000 of the state patrol highway account—state appropriation is provided solely for hiring additional staff and purchasing equipment for the toxicology laboratory to reduce the DUI processing backlog, with the expectation that processing times will be reduced. Beginning December 1, 2025, and semiannually thereafter, the state patrol must report on the activities undertaken and planned with the funding provided in this subsection and current DUI processing times compared to those as of June 2025.

(16) \$4,500,000 of the state patrol highway account—state appropriation is provided solely for updates and improvements to the agency's wide area and local area network.

(17) \$5,000,000 of the state patrol highway account—state appropriation is provided solely to enhance the vehicle replacement cycle for higher mileage vehicles in the agency's fleet.

(18)(a) \$3,644,000 of the state patrol highway account—state appropriation is provided solely for administrative costs, advertising, outreach, and bonus payments associated with developing and implementing a state trooper expedited recruitment incentive program for the purpose of recruiting and filling vacant trooper positions in the 2025-2027 fiscal biennium. The legislature is committed to continuing the state trooper expedited recruitment incentive program until the vacancy levels are significantly reduced from current levels. The recruitment, advertising, and outreach associated with this program must continue efforts to create a more diverse workforce and must also provide an accelerated pathway for joining the state patrol for high quality individuals who have previously been employed as a general authority peace officer.

(b) The state trooper expedited recruitment incentive program must include:

(i) Thorough hiring procedures to ensure that only the highest quality candidates are selected as cadets and as lateral hires, including extensive review of past law enforcement employment history through extensive reference checks, Brady list identification, and any other issues that may impact the performance, credibility, and integrity of the individual;

(ii) An accelerated training program for lateral hires from other agencies that recognizes the knowledge and experience of candidates previously employed in law enforcement; and

(iii) A sign-on bonus for each trooper hired through the expedited recruitment incentive program as follows:

(A) \$5,000 for each cadet after completion of the Washington state patrol academy;

(B) \$5,000 for each successful graduating cadet after completion of a one-year probation period;

(C) \$8,000 for each lateral hire after completion of the accelerated training program for lateral hires;

(D) \$6,000 for each lateral hire after completion of a one-year probation period; and

(E) \$6,000 for each lateral hire after completion of two years of service.

(c) The expenditures on the state trooper expedited recruitment incentive program are contingent upon execution of an appropriate memorandum of understanding between the governor or the governor's designee and the exclusive bargaining representative, consistent with the terms of this section.

(d) For the purposes of this subsection:

(i) "Cadet" means a person employed for the express purpose of receiving the on-the-job training required for attendance at the Washington state patrol academy and for becoming a commissioned trooper.

(ii) "Lateral hire" means an eligible employee previously employed as a general authority peace officer.

(19) \$2,178,000 of the state patrol highway account—state appropriation is provided solely to continue the bonus policy for commissioned staff who reach 26 or more years of service in the Washington state retirement system pursuant to chapter 237, Laws of 2024.

(20) \$600,000 of the state patrol highway account—state appropriation is provided solely for staffing and security equipment for Washington state patrol to staff the international border crossing and provide support for the department of homeland security, during the months of June and July 2026 for the purposes of the World Cup, to facilitate border crossings and screening against human trafficking, narcotics trafficking, unlawful crossings, and other unlawful activity.

TOTAL APPROPRIATION.....\$446,583,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,100,000 of the highway safety account—state appropriation and \$1,100,000 of the move ahead WA flexible account—state appropriation are provided solely for the department to provide an interagency transfer to the department of children, youth, and families for the purpose of providing driver's license support. In addition to support services required under RCW 74.13.338(2), support services may include reimbursement of:

(a) The cost for a youth in foster care of any eligible age to complete a driver training education course, as outlined in chapter 46.82 or 28A.220 RCW;

(b) The costs incurred by foster youth in foster care for a motor vehicle insurance policy;

(c) The costs of roadside assistance, motor vehicle insurance deductibles, motor vehicle registration fees, towing services, vehicle maintenance, comprehensive motor vehicle insurance, and gas cards; and

(d) Any other costs related to obtaining a driver's license and driving legally and safely.

(2)(a) \$2,200,000 of the highway safety account—state appropriation is provided solely for organizations providing driver's license assistance and support services.

(b) By December 1st of each year during the 2025-2027 fiscal biennium, the department must submit information on the contracted providers, including: The annual budget of the contracted providers in the preceding year; information regarding private and other governmental support for the activities of the providers; and a description of the number of people served, services delivered, and outcome measures.

(3) Within existing resources, the department must continue to issue nonemergency medical transportation vehicle decals under the high occupancy vehicle lane access pilot program in accordance with sections 217(2) and 208(20), chapter 310, Laws of 2024.

(4)(a) \$3,109,000 of the abandoned recreational vehicle disposal account—state appropriation is provided solely for providing reimbursements in accordance with the department's abandoned recreational vehicle disposal reimbursement program. It is the intent of the legislature that the department prioritize this funding for allowable and approved reimbursements and not to build a reserve of funds within the account. During the 2025-2027 fiscal biennium, the department must report any amounts recovered to the office of financial management and appropriate committees of the legislature on a quarterly basis.

(b) Within the amounts appropriated under this subsection, the department, after consulting with abandoned recreational vehicle disposal reimbursement program participants, must assess current practices and reimbursement rates associated with the fiscal

2025 REGULAR SESSION

sustainability of the program. By December 1, 2025, the department must submit a financial plan demonstrating sustainability for a minimum of two subsequent fiscal biennia at current or proposed fee rates.

(5)(a) Within existing resources, the department, in collaboration with the Washington traffic safety commission, must evaluate and develop a proposal, including any statutory recommendations, to require a safe driving course for drivers who are repeat offenders of civil traffic violations but before a safe driving course would be required for driver's license reinstatement under RCW 46.20.2892.

(b) The department must submit the proposal to the transportation committees of the legislature by December 15, 2026.

(6) The department shall report on a quarterly basis on licensing service office operations, associated workload, and information with comparative information with recent comparable months in prior years. The report must include detailed statewide and by licensing service office information on staffing levels, average monthly wait times, the number of enhanced drivers' licenses and enhanced identicards issued and renewed, and the number of primary drivers' licenses and identicards issued and renewed. By November 1, 2025, the department must update a report with recommendations on the future of licensing service office operations based on the recent implementation of efficiency measures designed to reduce the time for licensing transactions and wait times, and the implementation of statutory and policy changes.

(7) \$6,000 of the motorcycle safety education account—state appropriation, \$1,000 of the limited fish and wildlife account—state appropriation, \$406,000 of the highway safety account—state appropriation, \$137,000 of the motor vehicle account—state appropriation, \$5,000 of the ignition interlock device revolving account—state appropriation, and \$6,000 of the department of licensing services account—state appropriation are provided solely for the department of licensing for additional finance and budget staff. By December 1, 2025, the department shall submit a report to the governor and appropriate committees of the legislature on the specific steps the department has taken to address the findings of the State Auditor's Office FY2022 Accountability Audit Report No. 1032793.

(8) \$50,000 of the motor vehicle account—state appropriation is provided solely for the department to conduct a study on the feasibility of implementing and administering a per mile fee program. The study must identify the staffing and resources needed to implement and administer the program, including possible technical investments, leveraging existing technology platforms. The legislature intends to require a final report that includes potential third-party costs and options to the governor and the transportation committees of the legislature by December 31, 2025.

(9)(a) \$300,000 of the highway safety account—state appropriation is provided solely for the department to enter into an interagency agreement with the commission on Asian Pacific American affairs to contract with one or more private nonprofit organizations with appropriate expertise and experience to provide REAL ID compliance support to residents of the state who are compact of free association citizens, comprised of citizens of the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau, by providing the following assistance using a culturally and linguistically appropriate approach:

(i) Communication and community outreach activities to inform compact of free association citizens of federally acceptable identification options that will be required and for

which they are eligible for the purposes of domestic air travel once the REAL ID Act policy takes effect;

(ii) Case management assistance through the use of community navigators who can provide assistance in the process to obtain federally acceptable identification documents that will be required for the purposes of domestic air travel when the REAL ID Act policy is in effect, including in obtaining any documentation necessary for the application process; and

(iii) For those who meet the requirements of (b) of this subsection, financial assistance to obtain federally acceptable identification documents that will be required for the purposes of domestic air travel when the REAL ID Act policy is in effect, including financial assistance to obtain a foreign passport.

(b) To qualify for assistance under (a)(ii) of this subsection (9), a compact of free association citizen who resides in the state of Washington must be:

(i) A recipient of, or eligible for, public assistance under Title 74 RCW; or

(ii) A participant in, or eligible for, the Washington women, infants, and children program.

(10) \$173,000 of the motor vehicle account—state appropriation is provided solely for implementation of chapter . . . (Substitute Senate Bill No. 5127), Laws of 2025 (improving collector vehicle regulations). If chapter . . . (Substitute Senate Bill No. 5127), Laws of 2025 is not enacted by June 30, 2025, the amount provided in this subsection lapses.

(11) \$19,000 of the motor vehicle account—state appropriation is provided solely for implementation of chapter . . . (Senate Bill No. 5234), Laws of 2025 (snowmobile fees). If chapter . . . (Senate Bill No. 5234), Laws of 2025 is not enacted by June 30, 2025, the amount provided in this subsection lapses.

(12) \$44,000 of the motor vehicle account—state appropriation is provided solely for implementation of chapter . . . (Substitute Senate Bill No. 5410), Laws of 2025 (veteran parking privileges) or chapter . . . (Substitute House Bill No. 1371), Laws of 2025 (veteran parking privileges). If neither chapter . . . (Substitute Senate Bill No. 5410), Laws of 2025 or chapter . . . (Substitute House Bill No. 1371), Laws of 2025 are enacted by June 30, 2025, the amount provided in this subsection lapses.

(13) \$4,971,000 of the motor vehicle account—state appropriation is provided solely for implementation of chapter . . . (Substitute Senate Bill No. 5444), Laws of 2025 (special license plates). If chapter . . . (Substitute Senate Bill No. 5444), Laws of 2025 is not enacted by June 30, 2025, the amount provided in this subsection lapses.

(14) \$36,000 of the motor vehicle account—state appropriation is provided solely for implementation of chapter . . . (Senate Bill No. 5462), Laws of 2025 (vehicle inspection backlog). If chapter . . . (Senate Bill No. 5462), Laws of 2025 is not enacted by June 30, 2025, the amount provided in this subsection lapses.

(15) \$64,000 of the highway safety account—state appropriation is provided solely for implementation of chapter . . . (Engrossed Senate Bill No. 5689), Laws of 2025 (blood type information). If chapter . . . (Engrossed Senate Bill No. 5689), Laws of 2025 is not enacted by June 30, 2025, the amount provided in this subsection lapses.

(16) \$150,000 of the motor vehicle account—state appropriation is provided solely for the department to send periodic notifications to vehicle owners with significantly expired vehicle registrations to increase compliance with annual vehicle registration requirements. Notifications must contain information about vehicle registration requirements and possible penalties associated with operating a vehicle with an expired registration.

(17) \$726,000 of the highway safety account—state appropriation is provided solely for implementation of chapter . . .

. (Engrossed Substitute Senate Bill No. 5801), Laws of 2025 (transportation resources). If chapter . . . (Engrossed Substitute Senate Bill No. 5801), Laws of 2025 is not enacted by June 30, 2025, the amount provided in this subsection lapses. Of this amount:

(a) \$256,000 is provided solely for the implementation of new revenues; and

(b) \$470,000 is provided solely for the department to implement a program to compensate registered tow truck operators for private property impounds.

(18) \$50,000 of the highway safety account—state appropriation is provided solely for the department to translate the driver licensing examination manual and knowledge test into Dari, Farsi, and Somali.

(19) \$7,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter . . . , Laws of 2025 (Engrossed Substitute House Bill No. 1113) (misdemeanor dismissal). If chapter . . . , Laws of 2025 (Engrossed Substitute House Bill No. 1113) is not enacted by June 30, 2025, the amount provided in this subsection lapses.

(20) \$106,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter . . . , Laws of 2025 (House Bill No. 1244) (driver training alternative). If chapter . . . , Laws of 2025 (House Bill No. 1244) is not enacted by June 30, 2025, the amount provided in this subsection lapses.

(21) \$1,081,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter . . . , Laws of 2025 (Engrossed Substitute House Bill No. 1596) (speeding). If chapter . . . , Laws of 2025 (Engrossed Substitute House Bill No. 1596) is not enacted by June 30, 2025, the amount provided in this subsection lapses.

(22) \$100,000 of the highway safety account—state appropriation is provided solely for the development of an implementation plan for digital driver's license capability on mobile phones, including needed legislation for introduction in the 2026 legislative session. It is the legislative intent to provide \$3,870,000 in funding, adjusted as appropriate, for the 2027-2029 fiscal biennium to implement the digital driver's license by configuring the necessary interfaces with native wallet systems.

(23) \$2,000,000 of the highway safety account—state appropriation is provided solely to continue the DOL2Go program, bringing driver licensing and identicard services to underrepresented and rural communities.

(24) \$464,000 of the highway safety account—state appropriation is provided solely for the department's costs to provide an interagency transfer to the Washington center for deaf and hard of hearing youth to continue efforts to make driver training education more accessible for deaf and hard of hearing youth in the state.

(25) \$300,000 of the highway safety account—state appropriation is provided solely for additional actions in accordance with the recently completed evaluation of ways to implement an older and medically at-risk driver program.

(26) \$10,460,000 of the driver education safety improvement account—state appropriation is provided solely for the implementation of chapter . . . , Laws of 2025 (Engrossed Substitute House Bill No. 1878) (young driver safety). If chapter . . . , Laws of 2025 (Engrossed Substitute House Bill No. 1878) is not enacted by June 30, 2025, the amount provided in this subsection lapses.

(27) \$22,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter . . . , Laws of 2025 (Engrossed Substitute House Bill No. 1332) (transportation network companies). If chapter . . . , Laws of 2025 (Engrossed Substitute House Bill No. 1332) is not enacted by June 30, 2025,

the amount provided in this subsection lapses.

The office may release the funds only when it determines that all other funds designated for operations and maintenance purposes have been exhausted.

(2) As long as the facility is tolled, the department must provide annual reports to the transportation committees of the legislature on the Interstate 405 express toll lane project performance measures listed in RCW 47.56.880(4). These reports must include:

(a) Information on the travel times and travel time reliability (at a minimum, average and 90th percentile travel times) maintained during peak and nonpeak periods in the express toll lanes and general purpose lanes for both the entire corridor and commonly made trips in the corridor including, but not limited to, northbound from Bellevue to Rose Hill, state route number 520 at NE 148th to Interstate 405 at state route number 522, Bellevue to Bothell (both NE 8th to state route number 522 and NE 8th to state route number 527), and a trip internal to the corridor (such as NE 85th to NE 160th) and similar southbound trips; and

(b) Underlying congestion measurements, that is, speeds, that are being used to generate the summary graphs provided, to be made available in a digital file format.

(3) The department shall make detailed annual reports to the transportation committees of the legislature and the public on the department's website in a manner consistent with past practices as specified in section 209(5), chapter 186, Laws of 2022.

(4) As part of the department's 2027-2029 biennial budget request, the department shall update the cost allocation recommendations that assign appropriate costs to each of the toll funds for services provided by relevant Washington state department of transportation programs, the Washington state patrol, and the transportation commission. The recommendations shall be based on updated traffic and toll transaction patterns and other relevant factors.

(5) \$150,000 of the state route number 520 corridor account—state appropriation, \$150,000 of the Tacoma Narrows toll bridge account—state appropriation, \$150,000 of the Alaskan Way viaduct replacement project account—state appropriation, and \$150,000 of the Interstate 405 and state route number 167 express

toll lanes account—state appropriation are provided solely for the development of a strategic, long-range tolling feasibility assessment that indicates the operational viability and revenue potential for possible future tolled facilities in the state. At a minimum, the department, working in partnership with the transportation commission, shall: Identify candidate projects for modeling analysis utilizing a screening tool that seeks to maximize systemwide performance; determine tolling feasibility and potential gross and net toll revenue for each identified project; consider various approaches to tolling operations and their associated costs; and identify the potential impacts of tolling to surrounding roadways. The strategic tolling feasibility assessment must be submitted to the transportation committees of the legislature by October 1, 2026.

(6) As part of its 2026 supplemental budget submittal, the department must submit recommendations to further reduce mailing and other customer correspondence costs over the long-term, including implementation cost estimates.

(7) The legislature intends that tolling commence as soon as possible on the I-405 express toll lanes Renton to Bellevue corridor. The legislature intends to provide additional funding for operations and maintenance expenditures on the corridor if such funding is necessary due to earlier than expected tolling commencement.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,000,000 of the motor vehicle account—state appropriation is provided solely for tenant improvements and other costs associated with administrative space efficiency actions taken throughout the agency. The department must continue to aggressively pursue office and administrative space efficiency as detailed in recent reports identifying opportunities for savings and cost avoidance, including:

(a) Reducing costs, such as leases, facility maintenance, and utilities, from agency consolidations;

(b) Implementing colocations with other state, local, and other public agencies to reduce costs and improve cost-efficiency while meeting utilization standards; and

(c) Evaluating specific additional opportunities for space efficiency, consolidations, and colocation opportunities associated with the Bellingham engineering field office, the Corson Avenue regional headquarters campus, the Dayton

Avenue northwest regional headquarters, and the transportation building in Olympia.

(2) By January 1st of each year during the 2025-2027 fiscal biennium, the department must provide a progress report on implementing the actions under subsection (1) of this section in the most recent calendar year and any planned actions in the subsequent two-year period in these efforts.

NEW SECTION. Sec. 212. FOR THE DEPARTMENT OF TRANSPORTATION—TRANSPORTATION EQUIPMENT FUND—PROGRAM E

Move Ahead WA Account—State Appropriation..\$20,000,000

The appropriation in this section is subject to the following conditions and limitations: The entire move ahead WA account—state appropriation is provided solely for the department's costs related to replacing obsolete transportation equipment and replacing fuel sites. Beginning December 1, 2025, and annually thereafter, the department must provide a report to the office of financial management and the transportation committees of the legislature detailing the current progress on replacing obsolete equipment, progress towards reaching a level purchasing state, and the status of a fuel site replacement prioritization plan. The report must also include:

(1) A list of department-owned and managed fuel sites prioritized by urgency of replacement;

(2) A status report on the installation and use of fuel site infrastructure that can support zero emission vehicles; and

(3) A description of action steps taken in the use of nonappropriated transportation equipment fund resources to maximize the replacement of obsolete equipment and reduce the growing fund balance, including specific modifications to equipment purchasing behavior to increase deployment in the field.

 Aeronautics Account—Federal Appropriation..... \$2,597,000
 Aeronautics Account—Private/Local Appropriation .. \$60,000
 TOTAL APPROPRIATION\$16,055,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall submit a report to the transportation committees of the legislature by October 1, 2026, identifying a selection of sustainable aviation projects for funding by the legislature. In considering projects to recommend to fund, the department shall only consider projects that advance the state of sustainable aviation technology and lead to future innovation. Innovative sustainable aviation projects may include, but are not limited to, pilot projects demonstrating the use of:

(a) Mobile battery charging technology;

(b) Hydrogen electrolyzers and storage;

(c) Electric ground equipment; and

(d) Hanger charging technology.

(2) \$500,000 of the aeronautics account—state appropriation is provided solely for Snohomish county to conduct a study to plan for and identify on-site or off-site improvements necessary to implement capacity expansion at Paine Field to meet future regional commercial passenger demand.

(3) \$300,000 of the aeronautics account—state appropriation is provided solely for the Port of Bremerton to conduct the second phase of a feasibility study on the possibility of offering commercial service at the Bremerton National Airport. The department may not require a match for this project.

(4) \$750,000 of the aeronautics account—state appropriation is provided solely for the city of Yakima for an overflow parking lot at the Yakima Air Terminal. The department may not require a

match for this project.

(5) \$1,774,000 of the aeronautics account—state appropriation is provided solely for the commercial aviation work group created in chapter 463, Laws of 2023, specifically for the following activities:

(a) The state commercial aviation work group shall comprehensively evaluate the long-range commercial aviation needs of Washington within the broader context of state transportation needs and the specific needs of western Washington taking into consideration airport capacity in adjacent states and provinces. The work group shall review existing data and conduct research to determine Washington's long-range commercial aviation facility needs while considering alternatives to additional airport capacity.

(b)(i) Except as provided in subsection (c) of this section, the work group shall investigate the expansion of existing aviation facilities and possible siting locations for new greenfield aviation facilities, with the expected outcome to be a report that compares the strengths and weaknesses of each site considered. In this investigation, the work group shall consider both new sites and those previously identified in previous aviation planning documents. The work group must consider all impacts that, whether by the expansion of a current facility or the location of a new greenfield site, the creation of a new primary commercial aviation facility may have, including impacts on:

(A) Community members and quality of life;

(B) The environment, including the impacts of a facility on water quality and the ability of the state to meet the greenhouse gas emissions limits established in RCW 70A.45.020;

(C) County master plans and other local planning and zoning, including development regulations and comprehensive plans adopted under chapter 36.70A RCW; and

(D) Current airspace operations.

(ii) The work group shall:

(A) Perform outreach to and make efforts to collaborate with:

(I) Applicable federal agencies including the federal aviation administration, the United States environmental protection agency, the United States department of defense, and the United States department of energy;

(II) Indian tribes, as defined in RCW 43.376.010, through outreach and collaboration by the work group under this subsection does not constitute or substitute for formal government-to-government consultation under the 1989 State-Tribal Relations/Centennial Accord and chapter 43.376 RCW;

(III) The environmental community;

(IV) Local communities;

(V) Economic development agencies;

(VI) Other states and provinces as appropriate;

(B) Identify potential site infrastructure shortfalls and make recommendations as to how they could be most suitably addressed, including the feasibility of the specific transportation infrastructure required to move people to the potential site. This process includes the delivery of an adequate supply of aircraft fuel and supporting infrastructure along with facilities needed to transition to the use of sustainable aviation fuels;

(C) Consider the cost of construction of a facility and supporting infrastructure;

(D) In cooperation with the federal aviation administration, analyze:

(I) Airspace requirements and airspace restrictions of potential sites;

(II) Any possible terrain and man-made obstacles that could possibly create a hazard to aircraft;

(III) Local weather patterns and microclimates to determine if they will create issues for the operation of large aircraft; and

(E) Carry out other duties as assigned by the legislature.

(c) The work group shall not consider:

(i) Expansion opportunities for a port or county run airport located in a county with a population of 2,000,000 or more; or

(ii) The expansion of an existing airport or the siting of a new airport that would be incompatible with the operations of a military installation.

(d) In addition, the work group shall provide information to the transportation committees of the legislature on the future of aviation growth in the state, including potential commercial aviation, general aviation, and air cargo demands, with consideration of new technologies, alternative transportation modes, and the airport of the future.

(e) Nothing in this subsection shall be construed to endorse, limit, or otherwise alter existing or future plans for capital development and capacity enhancement at existing commercial airports in Washington.

(6) \$2,100,000 of the aeronautics account—state appropriation is provided solely for the move ahead WA aviation grants. The department shall prioritize projects eligible for federal funding.

The appropriations in this section are subject to the following conditions and limitations:

(1) During the 2025-2027 fiscal biennium, if the department takes possession of the property situated in the city of Edmonds for which a purchase agreement was executed between Unocal and the department in 2005 (Tax Parcel Number 262703-2-003-0009), and if the department confirms that the property is still no longer needed for transportation purposes, the department shall provide the city of Edmonds with the first right of purchase at fair market value in accordance with RCW 47.12.063(3) for the city's intended use of the property to rehabilitate near-shore habitat for salmon and related species.

(2)(a) \$572,000 of the move ahead WA flexible account—state appropriation is provided solely to track and maximize clean fuels credits and revenue generated by state agencies pursuant to chapter 70A.535 RCW.

(b) The LEAP Transportation Document 2025-2 ALL PROJECTS as developed April 26, 2025, anticipates fulfillment of the requirements under chapter 70A.535 RCW of generating credits and revenue for transportation investments funded in an omnibus transportation appropriations act, including the move ahead WA transportation package. The omnibus transportation appropriations act anticipates credits for ferry electrification for new hybrid electric vessels, active transportation, transit programs and projects, alternative fuel infrastructure, connecting communities, and multimodal investments.

(c) Pursuant to the reporting requirements of RCW 70A.535.050(5), the department must present a detailed projection of the credit revenues generated and achieved directly as a result of the funding and activities in this subsection.

(3) \$350,000 of the multimodal transportation account—state appropriation is reappropriated and provided solely for the department to explore alternative uses of the state's highway rights-of-way consistent with section 214(7), chapter 310, Laws of 2024.

(4) The department may not execute a state highway route transfer under RCW 36.75.090 and 47.24.010 without approval

from the receiving city or county from July 1, 2025, until June 30, 2026. The department may continue discussions with local jurisdictions regarding state highway route transfers to local jurisdictions that may occur after consideration of the final report and recommendations of the Washington State Route Jurisdiction Study expected by December 2025.

(5) The legislature must be consulted before any decisions on parcel numbers 7666206955 and 7666206950 for more than temporary use and before entering into any negotiations, or signing any contracts or lease for development, lease, or sale of those properties.

(6) \$250,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter . . . , Laws of 2025 (Substitute House Bill No. 1774) (lease of unused highway land). If chapter . . . , Laws of 2025 (Substitute House Bill No. 1774) is not enacted by June 30, 2025, the amount provided in this subsection lapses.

(7) \$285,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter . . . , Laws of 2025 (Engrossed Substitute House Bill No. 1902) (streamlining of permitting for transportation projects work group). If chapter . . . , Laws of 2025 (Engrossed Substitute House Bill No. 1902) is not enacted by June 30, 2025, the amount provided in this subsection lapses.

Motor Vehicle Account—State Appropriation	\$1,647,000
Multimodal Transportation Account—State Appropriation.....	\$200,000
Multimodal Transportation Account—Federal Appropriation.....	\$51,526,000
Carbon Emissions Reduction Account—State Appropriation.....	\$167,962,000
TOTAL APPROPRIATION.....	\$221,335,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$25,000,000 of the carbon emissions reduction account—state appropriation is provided solely for the clean alternative fuel vehicle charging and refueling infrastructure program described in RCW 47.04.350.

(2) \$125,851,000 of the carbon emissions reduction account—state appropriation is provided solely for a point-of-sale voucher incentive program, inclusive of costs for program administration and staffing, to encourage the faster adoption of zero-emission medium and heavy-duty vehicles to further state climate goals under RCW 70A.45.020 and state equity goals under chapter 70A.02 RCW. The voucher incentive program must be administered by a third-party administrator that has experience administering voucher incentive programs, with oversight conducted by the department.

(a) The voucher program is required to be designed based on the recommendations of the Joint Transportation Committee report *Washington State Infrastructure and Incentive Program Design for MHD ZEVs*, and to include:

- (i) Simplified zero-emission vehicle eligibility requirements;
- (ii) Vehicle and infrastructure incentives aligned with programs in other jurisdictions, where appropriate, to streamline user planning;
- (iii) Financial enhancements for select populations based on equity considerations, including for vehicles in disadvantaged communities and vehicles to be purchased by small, minority-owned businesses, with consideration for support of the secondary vehicle market;

(iv) A centralized user and manufacturer portal for information,

application, and assistance;

(v) A fleet assistance and qualification program to assist in zero-emission vehicle and infrastructure planning, to be administered by the Washington State University extension energy program in coordination with the department and the voucher program's third-party administrator; and

(vi) A voucher preapproval process to evaluate participant eligibility, readiness for fleet deployment, and infrastructure preparedness.

(b) The following battery electric and hydrogen fuel cell electric vehicle categories and associated charging, as well as refueling infrastructure for these categories, are eligible for the voucher program, subject to additional qualification criteria to be determined by the department and the voucher program third-party administrator:

(i) On-road vehicles from class 2b, heavy work pickups and vans, through class 8, heavy tractor-trailer units and refuse trucks; and

(ii) Cargo handling and off-road equipment.

(c) School buses and transit vehicles eligible for state grant programs for the purchase of zero-emission vehicles are not eligible for vouchers under this program, but are eligible for fleet assistance provided in association with the voucher program, which must include assistance in determining state and federal grant eligibility for these vehicles.

(d) The voucher amounts selected by the department and voucher program third-party administrator must further the policy goals of the program cited in this subsection by offsetting investments required for medium and heavy-duty vehicle and equipment owners to transition to zero-emission vehicles and equipment. The department and voucher program third-party administrator must condition vehicle and infrastructure voucher funding to ensure these program policy goals are furthered through the voucher funding provided.

(e) Consistent with voucher program design, the department is required to distribute funds to the voucher program third-party administrator sufficiently in advance of final requirements for voucher distribution being met to facilitate the voucher's timely distribution by the third-party administrator to sellers of zero-emission vehicles and infrastructure.

(3)(a) \$14,986,000 of the carbon emissions reduction account—state appropriation is provided solely for grants, or to serve as a state match for secured federal funds, to finance hydrogen refueling infrastructure and fueling stations for medium and heavy-duty vehicles and up to two years of hydrogen fueling station operational costs along corridors designated as hydrogen corridors by the state or near or on transit agency, port, or public utility district property, or finance hydrogen fuel cell transportation infrastructure projects. The department, in consultation with the interagency electric vehicle coordinating council, should pursue any federal funding available through the charging and fueling infrastructure discretionary grant program and any other sources under the federal infrastructure investment and jobs act (P.L. 29 117-58), and other public or private funding sources as necessary, to bring hydrogen fueling stations into commercial operation.

(b) \$2,500,000 of the amount provided in (a) of this subsection is provided solely to Community Transit for a hydrogen fuel cell demonstration project.

(c) \$200,000 of the amount provided in (a) of this subsection is provided solely for hydrogen fuel cell demonstration projects that provide long term power equipment and fuel for traffic signals at critical intersections during emergencies involving power disruptions or shutoffs.

(4) \$400,000 of the carbon emissions reduction account—state

appropriation is reappropriated and provided solely for the cities of Bellevue and Redmond to each purchase an electric fire engine.

(5) \$1,725,000 of the carbon emissions reduction account—state appropriation is reappropriated and provided solely for a Tacoma Public Utilities medium-duty zero-emission utility service vehicle pilot project that includes charging infrastructure and mobile battery units.

(6) \$890,000 of the motor vehicle account—state appropriation is provided solely for implementation of chapter . . . , Laws of 2025 (Engrossed Substitute Senate Bill No. 5801) (transportation resources). If chapter . . . , Laws of 2025 (Engrossed Substitute Senate Bill No. 5801) is not enacted by June 30, 2025, the amount provided in this subsection lapses.

(7) \$8,342,000 of the multimodal transportation account—federal appropriation is provided solely for the electric vehicle charger reliability and accessibility accelerator program for projects to support the repair or replacement of existing broken or nonoperational publicly accessible chargers.

(8) \$3,164,000 of the multimodal transportation account—federal appropriation is provided solely for funding for the west coast charging and fueling corridor project for two medium and heavy-duty vehicle electric vehicle charging station sites and one site with a hydrogen refueling station along the I-5 corridor.

(9) The department shall notify the transportation committees of the legislature if approval of federal funding for department activities under the national electric vehicle infrastructure formula program, the electric vehicle charger reliability and accessibility accelerator program, or the west coast charging and fueling corridor project is permanently revoked.

TOTAL APPROPRIATION.....	\$655,954,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$5,000,000 of the motor vehicle account—state appropriation is provided solely for a contingency pool for snow and ice removal. The department must notify the office of financial management and the transportation committees of the legislature when they have spent the base budget for snow and ice removal and will begin using the contingency pool funding.

(2) \$25,000,000 of the motor vehicle account—state appropriation is provided solely for repair and replacement of traffic barriers including, but not limited to, low-speed concrete barriers, beam guardrails, steel-backed timber guardrails, and other systems necessary to fabricate, construct, and install traffic barriers to improve safety on state highway infrastructures.

(3) \$11,500,000 of the motor vehicle account—state appropriation is provided solely for lane striping using the most reflective paint available to maximize the visibility of lane striping, especially at night.

(4)(a) \$5,000,000 of the motor vehicle account—state

appropriation is provided solely for the department to address the risks to safety and public health associated with homeless encampments on department owned rights-of-way. The department must coordinate and work with local government officials and social service organizations who provide services and direct people to housing alternatives that are not in highway rights-of-way to help prevent future encampments from forming on highway rights-of-way and may reimburse the organizations doing this outreach assistance who transition people into treatment or housing or for debris clean up on highway rights-of-way. Of the amounts provided in this subsection, a minimum of \$2,000,000 must be used to deliver more frequent removal of litter on the highway rights-of-way that is generated by unsheltered people and may be used to hire crews specializing in collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist to the traveling public and department employees. The department may use these funds to either reimburse local law enforcement costs or the Washington state patrol if they are providing enhanced safety to department staff during debris cleanup or during efforts to prevent future encampments from forming on highway rights-of-way.

(b) Beginning November 1, 2025, and semiannually thereafter, the Washington state patrol and the department of transportation must jointly submit a report to the governor and the transportation committees of the legislature on the status of these efforts, including:

(i) A summary of the activities related to addressing encampments, including information on arrangements with local governments or other entities related to these activities;

(ii) A description of the planned activities in the ensuing two quarters to further address the emergency hazards and risks along state highway rights-of-way; and

(iii) Recommendations for executive branch or legislative action to achieve the desired outcome of reduced emergency hazards and risks along state highway rights-of-way.

(5) \$1,000,000 of the motor vehicle account—state appropriation is provided solely for a partnership program between the department and the city of Spokane, to be administered in conjunction with subsection (4) of this section. The program must address the safety and public health problems created by homeless encampments on the department's property along state highways within the city limits. Of the amounts provided in this subsection, \$555,000 is for dedicated department maintenance staff and associated clean-up costs. The department and the city of Spokane shall enter into a reimbursable agreement to cover up to \$445,000 of the city's expenses for clean-up crews and landfill costs.

(6) \$1,025,000 of the motor vehicle account—state appropriation is provided solely for the department to implement safety improvements and debris clean up on department-owned rights-of-way in the city of Seattle at levels above that being implemented as of January 1, 2019, to be administered in conjunction with subsection (2) of this section. The department must maintain a crew dedicated solely to collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist to the traveling public, department employees, or people encamped upon department-owned rights-of-way. The department may request assistance from the Washington state patrol as necessary in order for both agencies to provide enhanced safety-related activities regarding the emergency hazards along state highway rights-of-way in the Seattle area.

(7) \$1,015,000 of the motor vehicle account—state appropriation is provided solely for a partnership program between the department and the city of Tacoma, to be

administered in conjunction with subsection (4) of this section. The program must address the safety and public health problems created by homeless encampments on the department's property along state highways within the city limits. Of the amounts provided in this subsection, \$570,000 is for dedicated department maintenance staff and associated clean-up costs. The department and the city of Tacoma shall enter into a reimbursable agreement to cover up to \$445,000 of the city's expenses for clean-up crews and landfill costs.

(8) \$3,675,000 of the move ahead WA account—state appropriation is provided solely for initial and ongoing implementation costs of the department's Snoqualmie winter operations study recommendations, which include installation of large regulatory signs, installation of a remote avalanche control system, developing chain enforcement processes in coordination with the Washington state patrol, improving cost recovery from violators, and securing an on-call class C towing company.

(9) \$2,000,000 of the Alaskan Way viaduct replacement project account—state appropriation is provided solely for maintenance activities in the vicinity of the state route number 99 deep bore tunnel. Appropriations in this subsection assume additional revenue from a temporary toll rate adjustment on the state route number 99 tunnel leading up to and during the 2026 World Cup.

(10)(a) \$1,200,000 of the motor vehicle account—state appropriation is provided solely for the department to contract with the city of Fife to address the risks to safety and public health associated with homeless encampments on department-owned rights-of-way along the SR 167/SR 509 Puget Sound Gateway project corridor in and adjacent to the city limits.

(b) The city must coordinate and work with the department and local governments and social service organizations who provide services and direct people to housing alternatives that are not in highway rights-of-way to help prevent future encampments from forming on highway rights-of-way. State funds may be used to reimburse the organizations doing this outreach assistance who transition people into treatment or housing that is not on the rights-of-way or for debris clean up on highway rights-of-way.

(c) The department may hire crews specializing in collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist to the traveling public and department employees.

(d) Funds may also be used to reimburse local law enforcement costs or the Washington state patrol if they are participating as part of a state or local government agreement to provide enhanced safety related activities along state highway rights-of-way.

(e) It is the intent of the legislature that the city and collaborating partners should place particular emphasis on utilizing available funds for addressing large scale and multiple homeless encampments that impact public safety and health. Funding for initiatives associated with such encampments may include targeted assistance to local governments and social service organizations, directing moneys toward not only initial efforts to clear encampments, clean up debris and restore sightlines, but to ongoing work, monitoring, and maintenance of efforts to place individuals in housing, treatment, and services, and to better ensure individuals experiencing homelessness receive needed assistance while sites remain safe and secure for the traveling public.

(11) \$180,000 of the motor vehicle account—state appropriation is provided solely for graffiti mitigation operations using spray drone technology.

TOTAL APPROPRIATION	\$116,556,000

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) During the 2025-2027 fiscal biennium, the department shall continue a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

(b) The department shall expand the high occupancy vehicle lane access pilot program to vehicles that deliver or collect blood, tissue, or blood components for a blood-collecting or distributing establishment regulated under chapter 70.335 RCW. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, blood-collecting or distributing establishment vehicles that are clearly and identifiably marked as such on all sides of the vehicle are considered emergency vehicles and must be authorized to use the reserved portion of the highway.

(c) The department shall expand the high occupancy vehicle lane access pilot program to for hire nonemergency medical transportation vehicles, when in use for medical purposes, as described in section 208(20), chapter 472, Laws of 2023. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, nonemergency medical transportation vehicles that meet the requirements identified in section 208(20), chapter 472, Laws of 2023 must be authorized to use the reserved portion of the highway.

(d) The department shall expand the high occupancy vehicle lane access pilot program to private, for hire vehicles regulated under chapter 81.72 RCW that have been specially manufactured, designed, or modified for the transportation of a person who has a mobility disability and uses a wheelchair or other assistive

device. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, wheelchair-accessible taxicabs that are clearly and identifiably marked as such on all sides of the vehicle are considered public transportation vehicles and must be authorized to use the reserved portion of the highway.

(e) Nothing in this subsection is intended to exempt these vehicles from paying tolls when they do not meet the occupancy requirements established by the department for express toll lanes.

(2) The appropriations in this section assume implementation of additional cost recovery mechanisms to recoup at least \$100,000 in credit card and other financial transaction costs related to the collection of fees imposed under RCW 46.17.400, 46.44.090, and 46.44.0941 for driver and vehicle fee transactions beginning January 1, 2023. The department may recover transaction fees incurred through credit card transactions.

(3) \$10,621,000 of the highway safety account—state appropriation is provided solely for implementation of chapter 17, Laws of 2023 (speed safety cameras). Pursuant to the reporting requirements of RCW 46.63.200(10), the department, in collaboration with the Washington state patrol and the Washington traffic safety commission, must report to the transportation committees of the legislature by July 1, 2027, on the data and efficacy of speed safety camera system use in state highway work zones. A preliminary report on the pilot activities is due to the transportation committees of the legislature by December 1, 2025, and must include, but is not limited to: (a) The number of deployments and locations of the speed safety cameras, (b) staffing workload, (c) number of violations issued, (d) detailed expenses incurred by each agency in the pilot, and (e) efficiency measures each agency has taken in operating the pilot program in the most cost-effective manner possible.

(4) \$1,279,000 of the move ahead WA account—state appropriation is provided solely for maintenance and operations of the virtual coordination center. The department is encouraged to apply for federal grant funds for the virtual coordination center and may use state funds as a match. By December 1, 2026, the department shall report to the transportation committees of the legislature: (a) Recommendations to expand the center's operations, including specific additional jurisdictions and corridors across the state; and (b) amounts received and dates of receipt of any new cash and in-kind matches from virtual coordination center partners including, but not limited to, the city of Seattle, King county, other state and local jurisdictions, and private sector partners.

(5) \$1,900,000 of the motor vehicle account—state appropriation is reappropriated and provided solely for the department, in coordination with the independent review team of the joint transportation committee, to conduct an analysis of highway, road, and freight rail transportation needs, options, and impacts from shifting the movement of freight and goods that currently move by barge through the lower Snake river dams to highways, other roads, and rail, consistent with section 217(9), chapter 310, Laws of 2024. The department shall provide status updates on a quarterly basis in coordination with the joint transportation committee. The department must submit a final report to the governor and the transportation committees of the legislature by December 31, 2026.

(6) \$4,000,000 of the move ahead WA account—state appropriation is provided solely for transportation operations activities to help keep people and goods moving during the 2026 World Cup. These activities include, but are not limited to, transportation management center operations and upgrades, additional incident response team coverage, trail crossing improvements, and updated guide signage/wayfinding.

(7) \$5,000,000 of the multimodal transportation account—state

appropriation is provided solely for the department to address emergent issues related to safety for pedestrians and bicyclists. Funds may only be spent after approval from the office of financial management. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all emergent issues addressed in the prior fiscal biennium.

(8) The department is encouraged to erect wayfinding signs along northbound and southbound Interstate 5 identifying routes to Paine Field airport.

(9) \$6,000,000 of the motor vehicle account—state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. The department must identify low-cost enhancement projects that could substantially fulfill safety improvements before proceeding on full project scope designs and engineering. Low-cost enhancements may include, but are not limited to, new signage, rumble strips, speed bumps, flashing crosswalk lights, lowering speed limits, lane narrowing via traffic calming, and other safety improvements. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects completed in the prior fiscal biennium.

(10) The department shall promote safety messages encouraging drivers to slow down and move over and pay attention when emergency lights are flashing on the side of the road and other suitable safety messages on electronic message boards the department operates across the state. The messages must be promoted through June 30, 2027. The department may coordinate such messaging with any statewide public awareness campaigns being developed by the department of licensing or the Washington state traffic safety commission, or both.

(11) \$1,050,000 of the move ahead WA account—state appropriation is provided solely for Washington's share of efforts to mitigate collision risk at the Lewis and Clark and Astoria-Megler bridges, including a vessel collision risk assessment, installation of an air gap sensor, and expansion of the virtual coordination center.

diversity in the transportation construction workforce through:

(i) The preapprenticeship support services (PASS) and career opportunity maritime preapprenticeship support services (COMPASS) programs, which aim to increase diversity in the highway construction and maritime workforces and prepare individuals interested in entering the highway construction and maritime workforces. In addition to the services allowed under RCW 47.01.435, the PASS and COMPASS programs may provide housing assistance for youth aging out of the foster care and juvenile rehabilitation systems to support their participation in a transportation-related preapprenticeship program and support services to obtain necessary maritime documents and coast guard certification; and

(ii) Assisting minority and women-owned businesses to perform work in the highway construction industry.

(b) The department shall report every even-numbered year to the transportation committees of the legislature on efforts to increase diversity in the transportation construction workforce.

(c) The office of equity and civil rights may revise program standards, as needed, with legislative consultation.

(2) \$1,512,000 of the motor vehicle account—state appropriation and \$488,000 of the Puget Sound ferry operations account—state appropriation are provided solely for monitoring, assistance, engagement, reporting, and other activities consistent with section 218(2), chapter 310, Laws of 2024.

(3) \$3,650,000 of the move ahead WA account—state appropriation is provided solely for activities to help keep people and goods moving during the 2026 World Cup. These activities include, but are not limited to, digital advertising for traveler information, Title VI compliance and language access, and Americans with disabilities act compliance and training.

(4) The department's office of equity and civil rights and the office of minority and women's business enterprises must develop two new business-size thresholds within the office's certification program. The two new thresholds must include emerging small businesses and rising small businesses with gross receipts of no more than (a) \$3,000,000 and (b) \$10,000,000. This work must include evaluation of all state-funded contracts over \$50,000,000 for emerging small business goals, rising small business goals, small business goals, or any combination thereof. The office of equity and civil rights and the office of minority and women's business enterprises must submit a report to the office of financial management and the transportation committees of the legislature by November 1, 2025, on this work and any recommendations on next steps.

(5) Within amounts provided in this section, a maximum of \$75,000 is for the department's office of equity and civil rights to contract with Western Washington University to analyze the economic benefit of utilizing small businesses on department projects to the Washington state economy.

(6) For department small works roster projects under RCW 39.04.151, the department may only allow firms certified as public works small business enterprises, under RCW 39.19.030, to bid on the project contract, unless the department determines there would be insufficient bidders for a particular project. The department shall report on the effectiveness of this policy to the transportation committees of the legislature by December 1, 2026.

(7) \$6,791,000 of the multimodal transportation account—state appropriation is provided solely for the department to complete the transportation reporting and accounting information system to the current cloud version of the software.

Multimodal Transportation Account—Private/Local Appropriation	\$100,000
State Route Number 520 Corridor Account—State Appropriation	\$657,000
TOTAL APPROPRIATION	\$96,007,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,557,000 of the motor vehicle account—state appropriation is provided solely for the department to upgrade the department's linear referencing system (LRS) and highway performance monitoring system (HPMS).

(2) \$5,400,000 of the move ahead WA account—state appropriation and the entire move ahead WA flexible account—state appropriation are provided solely for Interstate 5 planning. The work under this subsection must include, but is not limited to, the following:

(a) Continued development of an Interstate 5 master plan;

(b) Advancing seismic vulnerability analyses;

(c) An interim report on the progress of the Interstate 5 master plan to the transportation committees of the legislature and the office of financial management by June 30, 2026; and

(d) An assessment of Interstate 5 on-ramps in the core area of the interstate system from the Pierce county line in Federal Way to state route number 531/Smokey Point boulevard in Arlington to evaluate installing new meters or revising high occupancy vehicle bypasses at existing meters and prioritize locations for ramp meter installations or high occupancy vehicle bypass conversions.

(3) \$140,000 of the multimodal transportation account—state appropriation is reappropriated and provided solely for the city of Seattle's office of planning and community development to continue to support an equitable development initiative to reconnect the South Park neighborhood, currently divided by state route number 99, consistent with section 219(4), chapter 310, Laws of 2024. The city must provide a final report that includes recommendations by June 30, 2027.

(4) Consistent with RCW 47.04.280(1)(d), when the department submits the attainment report required under RCW 47.04.285, it shall visually display statewide annual hours of travel delay by displaying data within each major corridor, to the extent practicable.

(5) \$1,500,000 of the Interstate 405 and State Route Number 167 express toll lanes account—state appropriation is provided solely for the department to develop an implementation plan for state route number 167 that builds on the SR 167 master plan completed in June 2023. The SR 167 implementation plan must include, but is not limited to, high-level engineering and cost estimating work necessary to update the I-405/SR 167 corridor funding and phasing report that needs to be completed to advance priority project components developed in the SR 167 master plan. The SR 167 implementation plan with recommendations is due to the transportation committees of the legislature by December 1, 2026.

(6) \$4,620,000 of the motor vehicle account—federal appropriation is provided solely for work on the road usage charge research project overseen by the Washington state transportation commission using amounts of the federal grant award.

(7) The department shall continue to coordinate planning work focused on the transportation system in western Washington across modes with the goal of maximizing system performance toward the policy goals in RCW 47.04.280 in the most cost-effective manner. This coordination must include, but is not limited to: The Interstate 5 highway corridor, existing rail infrastructure and future high-speed rail alignment, and commercial aviation capacity. The department must report on the status of these planning efforts including, but not limited to, a long-term strategy for addressing resilience of the transportation system in western Washington through consideration of changing demand, modal integration, and preservation needs. The coordinated work must include an analysis of different alternatives to promote system resilience, including performance and cost of each scenario. The report is due to the joint transportation committee by November 1, 2025.

(8) \$1,500,000 of the move ahead WA account—state appropriation is provided solely for the department to develop a corridor vision and implementation plan that identifies improvement options to address safety and multimodal mobility needs on the state route number 164 corridor from Dogwood Street East in Auburn to High Point Street in Enumclaw. The department must submit a report to the office of financial management and the transportation committees of the legislature with recommended safety and multimodal infrastructure improvements by June 30, 2027.

(9) \$657,000 of the state route number 520 corridor account—state appropriation is provided solely for the department to contract with the University of Washington department of mechanical engineering, to further study measures to reduce noise impacts from the state route number 520 bridge expansion joints. The field testing shall be scheduled during existing construction, maintenance, or other scheduled closures to minimize impacts. The testing must also ensure safety of the traveling public. The study shall examine the types and durability of the materials used to provide noise mitigation and the costs associated with the differing types of materials. A draft report must be submitted to the transportation committees of the legislature and the governor by March 1, 2026. A final report must be submitted to the transportation committees of the legislature and the governor by December 31, 2026.

The appropriations in this section are subject to the following conditions and limitations:

(1) Consistent with existing protocol and practices, for any negotiations that could result in a settlement of a claim against the state for the department that exceeds \$5,000,000, the department, in conjunction with the attorney general and the department of enterprise services, shall notify the director of the office of financial management and the transportation committees of the legislature.

(2) On August 1, 2025, and semiannually thereafter, the department, in conjunction with the attorney general and the department of enterprise services, shall provide a report with judgments and settlements dealing with the Washington state ferry system to the director of the office of financial management and the transportation committees of the legislature. The report must include information on: (a) The number of claims and settlements by type; (b) the average claim and settlement by type; (c) defense costs associated with those claims and settlements; and (d) information on the impacts of moving legal costs associated with the Washington state ferry system into the statewide self-insurance pool.

(3) On August 1, 2025, and semiannually thereafter, the department, in conjunction with the attorney general and the department of enterprise services, shall provide a report with judgments and settlements dealing with the nonferry operations of the department to the director of the office of financial management and the transportation committees of the legislature. The report must include information on: (a) The number of claims and settlements by type; (b) the average claim and settlement by type; and (c) defense costs associated with those claims and settlements.

(4) When the department identifies significant legal issues that have potential transportation budget implications, the department must initiate a briefing for appropriate legislative members or staff through the office of the attorney general and its legislative briefing protocol.

transportation during the 2025-2027 fiscal biennium.

(b) \$425,000 of the carbon emissions reduction account—state appropriation is provided solely for the reappropriation of amounts provided for this purpose in the 2023-2025 fiscal biennium.

(2) The department shall not require more than a 10 percent match from nonprofit transportation providers for state grants.

(3) \$1,124,000 of the multimodal transportation account—state appropriation is provided solely for the department to provide a statewide vanpool benefit for all state employees. For department employees working in remote job sites, such as mountain passes, the department must ensure employees are able to access job sites via a subsidized vanpool or provide a modal alternative for the "last mile" to ensure employees can access the job site without additional charge.

(4) \$500,000 of the carbon emissions reduction account—state appropriation is provided solely for an interagency transfer to the Washington State University extension energy program to administer a technical assistance and education program for public agencies on the use of alternative fuel vehicles. The Washington State University extension energy program shall prepare a report regarding the utilization of the program and submit this report to the transportation committees of the legislature by November 15, 2025.

(5) \$32,223,000 of the rural mobility grant program account—state appropriation is provided solely for grants to aid small cities in rural areas as prescribed in RCW 47.66.100. Fuel type may not be a factor in the grant selection process. For grant awards not yet under contract, as a condition of rural mobility transportation grants provided pursuant to this subsection, public transportation agencies may not delay, divert, supplant, or suspend the collection of approved local sales and use taxes for the purpose of public transportation during the 2025-2027 fiscal biennium.

(6) \$3,300,000 of the carbon emissions reduction account—state appropriation, \$5,700,000 of the multimodal transportation account—state appropriation, and \$784,000 of the state vehicle parking account—state appropriation are provided solely for CTR grants and activities. Fuel type may not be a factor in the grant selection process. For grant awards not yet under contract, as a condition of CTR grants provided pursuant to this subsection, public transportation agencies may not delay, divert, supplant, or suspend the collection of approved local sales and use taxes for the purpose of public transportation during the 2025-2027 fiscal biennium.

(7) \$188,900,000 of the carbon emissions reduction account—state appropriation is provided solely for transit support grants. The department must confirm zero-fare policies are in effect at transit agencies to be eligible for biennial distributions. For grant awards not yet under contract, as a condition of transit support grants provided pursuant to this subsection, public transportation agencies may not delay, divert, supplant, or suspend the collection of approved local sales and use taxes for the purpose of public transportation during the 2025-2027 fiscal biennium.

(8) \$3,400,000 of the carbon emissions reduction account—state appropriation is reappropriated and provided solely for the pilot program established under RCW 47.04.355 to provide clean alternative fuel vehicle use opportunities to underserved communities and low to moderate-income members of the workforce not readily served by transit or located in transportation corridors with emissions that exceed federal or state emissions standards.

(9) \$900,000 of the carbon emissions reduction account—state appropriation is provided solely for the department to implement certain recommendations from the 2023 frequent transit service study. The department shall define levels and types of demand-

response service and measure access to these services within Washington for the purpose of gaining a fuller picture of transit access. The department must collect ongoing transportation data and develop systems to allow for analysis of disparities in access to existing fixed route transit. The data collection should prioritize collecting information on accessibility and inclusion of people with disabilities, vulnerable populations in overburdened communities, and other underserved communities. The department shall submit a report on data collection efforts to the transportation committees of the legislature and the office of financial management by June 30, 2026.

(10) \$9,000,000 of the multimodal transportation account—state appropriation is provided solely for grants to transit agencies for enhanced services between June 1, 2026, and July 30, 2026.

(a) Enhanced services consist of:

(i) Increased frequency on regular routes, creating temporary shuttle services, enhancing on-demand services, increasing frequency of water taxi services, and supporting incentives to encourage transit use; and

(ii) Enhancing customer experience by temporarily increasing operations, cleanliness, rider communications, wayfinding, and safety and security.

(b) Of the amounts provided in this subsection, the department must distribute:

(i) Forty percent to King County metro;

(ii) Twenty percent to public transportation benefit areas and regional transit authorities operating in the four counties making up the largest regional transportation planning organization in the state, distributed proportionally based on agency service hours; and

(iii) Twenty percent to other public transit agencies operating in cities named by a World Cup organizing committee to host fan zones, excluding agencies already included in (b)(ii) of this subsection, distributed proportionally based on agency service hours.

(c) Agencies must submit their planned expenditures to the department and the Washington state transit association for review by December 1, 2025. If any agency does not submit a plan to enhance services consistent with (a) of this subsection, the department must redistribute funding to other transit agencies using the distribution in (b) of this subsection.

(11) \$10,000,000 of the multimodal transportation account—state appropriation is provided solely for King county metro as part of a federal funds exchange pilot. Amounts provided in this subsection must be held in unallotted status until notification has been received by the department's public transportation division from Washington state ferries that the conditions outlined in section 222(13) of this act have been met. The pilot must be conducted in coordination with the Puget Sound regional council, who has programming authority for the federal funds to be exchanged. By January 15, 2026, King county metro must report to the office of financial management and the transportation committees of the legislature a summary of projects funded or planned to be funded, and recommendations for continuation of the federal funds exchange pilot through the 2025-2027 fiscal biennium, including additional amounts eligible to be exchanged.

(12) \$350,000 of the multimodal transportation account—state appropriation is provided solely for Pierce county to support public transportation services on the Key Peninsula.

(13) \$950,000 of the multimodal transportation account—state appropriation is provided solely for RiverCities Transit to operate weekday transit service from Longview to Vancouver.

(14) \$5,000,000 of the multimodal transportation account—state appropriation is provided solely for intercity bus expansion in preparation for the 2026 World Cup. The department must

report to the transportation committees of the legislature and the office of financial management annually on each January 15th with expansion status and performance updates.

NEW SECTION. Sec. 222. FOR THE DEPARTMENT OF TRANSPORTATION—MARINE—PROGRAM X

Puget Sound Ferry Operations Account—State	
Appropriation.....	\$643,803,000
Puget Sound Ferry Operations Account—Federal	
Appropriation.....	\$126,642,000
Puget Sound Ferry Operations Account—Private/Local	
Appropriation.....	\$121,000
TOTAL APPROPRIATION.....	\$770,566,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The office of financial management budget instructions require agencies to recast enacted budgets into activities. The Washington state ferries shall include a greater level of detail in its 2025-2027 supplemental and 2027-2029 omnibus transportation appropriations act requests, as determined jointly by the office of financial management, the Washington state ferries, and the transportation committees of the legislature. This level of detail must include the administrative functions in the operating as well as capital programs. The data in the tables in the report must be supplied in a digital file format.

(2)(a) \$74,374,000 of the Puget Sound ferry operations account—federal appropriation and \$45,523,000 of the Puget Sound ferry operations account—state appropriation are provided solely for auto ferry vessel operating fuel in the 2025-2027 fiscal biennium. The amount provided in this subsection represents the fuel budget for the purposes of calculating any ferry fare fuel surcharge.

(b) The Washington state ferries must develop a renewable diesel demonstration project for a representative group of diesel vessels. By September 15, 2026, Washington state ferries must submit findings and recommendations to the office of financial management and the transportation committees of legislature that includes, but is not limited to, performance results of the demonstration project, recommendations for renewable diesel usage across the fleet, and possible procurement options for renewable diesel.

(3) During negotiations of the 2027-2029 collective bargaining agreements, (a) the department must identify provisions that create barriers for, or contribute to creating a disparate impact on, newly hired ferry employees, including those who are women, people of color, veterans, and other employees belonging to communities that have historically been underrepresented in the workforce; (b) and the department must create a forum for direct discussion between the governor, labor leadership, the office of financial management and the Washington state ferries to collaboratively identify and resolve compensation and staffing issues, with the goal of service improvements for ferry riders. By January 1, 2027, the department must report to the transportation committees of the legislature on progress in incorporating the finding and recommendations from the December 2022 joint transportation committee study on the Washington state ferries' workforce.

(4) \$50,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the department to conduct an actuarial evaluation to determine the amount of funds needed in reserve to provide an acceptable amount of self-insurance coverage as compared to the commercial insurance option for the ferry system. The evaluation must also include an analysis of the short and long-term costs and benefits of self-insurance. By December 15, 2026, the department shall report evaluation results to the transportation committees of the legislature.

(5) Within existing resources, the department must deploy a

pilot program for offering customers wifi on vessels and in terminals. By January 1, 2026, the department must report on the viability of the program to the transportation committees of the legislature, including implementation recommendations and cost estimates. The department must prioritize routes or terminals with wifi coverage issues and consider fee-for-service options.

(6) \$500,000 of the Puget Sound ferry operations account—state appropriation is provided solely for operating costs related to moving vessels for emergency capital repairs. Funds may only be spent after approval by the office of financial management.

(7) \$11,962,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the Washington state ferries workforce development activities.

(8) \$6,950,000 of the Puget Sound ferry operations account—state appropriation is provided solely for overtime and familiarization expenses incurred by engine, deck, and terminal staff. The department must provide updated staffing cost estimates for fiscal years 2026 and 2027 with its annual budget submittal and updated estimates by January 1, 2026.

(9) \$2,548,000 of the Puget Sound ferry operations account—state appropriation is provided solely for security services at Colman Dock.

(10) \$600,000 of the Puget Sound ferry operations account—state appropriation is provided solely for traffic control at ferry terminals at Seattle, Fauntleroy, Kingston, Edmonds, Mukilteo, and Bainbridge Island, during peak ferry travel times, with a particular focus on Sundays and holiday weekends. If local law enforcement entities are available, the Washington state ferries may contract with local agencies for traffic control services.

(11) By December 31st of each year, as part of the annual ferries division performance report, the department must report on the status of efforts to increase the staff available for maintaining the customary level of ferry service, including staff for deck, engine, and terminals. The report must include data for a 12-month period up to the most recent data available, by staff group, showing the number of employees at the beginning of the 12-month period, the number of new employees hired, and the number of employees separating from service, and the number of employees at the end of the 12-month period. The department report on additional performance measures must include:

(a) Numbers of trip cancellations due to crew availability or vessel mechanical issues;

(b) Current average monthly level of service compared to the average monthly full-service schedules in effect in 2019; and

(c) Retention rates of employees who have completed on the job workforce development programs and overall employee retention rates.

(12) \$75,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the department to contract with the Evans School of Public Policy at the University of Washington to conduct a study and develop recommendations to design a modernized and more inclusive Washington state ferries' customer advisory process. The study must prioritize ease of customer feedback, inclusion of groups that have been historically underrepresented in customer feedback and engagement processes, and capturing input from passengers using the system for varying purposes. The study must also look at customer engagement models developed by other comparable ferry systems, both domestic and international, for best practices. A report with findings and recommendations is due to the office of financial management and the transportation committees of the legislature by December 15, 2026.

(13) \$12,000,000 of the Puget Sound ferry operations account—federal appropriation is provided solely for a federal fund exchange pilot with King county metro. The pilot must be conducted in coordination with the Puget Sound regional council,

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

who has programming authority for the federal funds to be exchanged. Washington state ferries must work with the Puget Sound regional council to identify eligible projects for the exchanged federal funds and amend the statewide transportation improvement program (STIP). Upon approval of the amended plan and confirmation of distribution of federal funds from the Puget Sound regional council, Washington state ferries must notify the department's public transportation division for release of state funds to King county metro in section 221(11) of this act. By January 15, 2026, Washington state ferries must report to the office of financial management and transportation committees of the legislature recommendations for expanding the exchange in current and future biennia.

(14) The department must work to increase its outreach and recruitment of populations underrepresented in maritime careers and continue working to expand apprenticeship and internship programs, with an emphasis on programs that are shown to improve recruitment for positions with the state ferry system.

(15) \$2,600,000 of the Puget Sound ferry operations account—state appropriation is provided solely for winter service enhancements in the San Juan Islands. By December 1, 2026, the department must report to the transportation committees of the legislature and the office of financial management impacts of the service increase including, but not limited to, ridership impacts, service reliability, and whether service changes have induced permanent relocation of workforce serving San Juan Island routes.

(16) \$855,000 of the Puget Sound ferry operations account—state appropriation is provided solely for a workforce development pilot at the Seattle maritime academy for the 2025-2027 fiscal biennium. Amounts provided in this subsection must be utilized for programs that are a benefit to the Washington state ferries or the prospective workforce pipeline of the Washington state ferries. Funding may not be expended until Washington state ferries certifies to the office of financial management that a memorandum of agreement with Seattle central community college has been executed.

(a) The memorandum of agreement with Seattle central community college must address:

(i) Prioritized use of training and other facilities and implementation of joint training opportunities for Washington state ferries' employees and trainees;

(ii) Development of a joint recruitment plan with Seattle central community college aimed at increasing enrollment of women and people of color, with specific strategies to recruit existing community and technical college students, maritime skills center students, high school students from maritime programs, including maritime skills center students, foster care graduates, and former juvenile rehabilitation and adult incarcerated individuals; and

(iii) Consultation between the parties on the development of the training program, recruitment plan and operational plan, with an emphasis on increasing enrollment of women and people of color.

(b) Washington state ferries must submit the joint training and recruitment plan to the appropriate policy and fiscal committees of the legislature and the office of financial management by December 1, 2025. The Washington state ferries must submit findings of program effectiveness and recommendations for continuation of the pilot, to the appropriate committees of the legislature and the office of financial management by December 1, 2025.

(17) \$375,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the implementation of chapter . . . , Laws of 2025 (Substitute House Bill No. 1264) (ferry system salaries). If chapter . . . , Laws of 2025 (Substitute House Bill No. 1264) is not enacted by June 30, 2025, the amount

provided in this subsection lapses.

(18) \$19,700,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the department to increase deck and engine positions across the system, prioritizing positions that will mitigate crew related cancellations and reduce overtime expenditures. The department must consider data related to staffing cancellations, as well as current and forecasted staffing levels of deck and engine positions, and mitigation for job classes with the highest overtime costs when adding positions. Funds provided in this subsection are eligible to be used for all deck or engine job classes. The department must include an update on the number of positions hired by job class as part of the annual performance report.

Move Ahead WA Account—State Appropriation.. \$9,333,000
TOTAL APPROPRIATION\$310,845,000

The appropriation in this section is subject to the following conditions and limitations: It is the intent of the legislature to provide a \$21,028,000 increase in funding starting in the 2027-2029 fiscal biennium for additional complete streets program grant awards to cities and counties for planning, design, and infrastructure related to making roadways accessible for driving, walking, cycling, transit, and aesthetic qualities.

NEW SECTION. Sec. 304. FOR THE DEPARTMENT OF TRANSPORTATION—FACILITIES—PROGRAM D—(DEPARTMENT OF TRANSPORTATION-ONLY PROJECTS)—CAPITAL

Motor Vehicle Account—State Appropriation.....\$20,158,000
Move Ahead WA Account—State Appropriation..\$21,487,000
TOTAL APPROPRIATION\$41,645,000

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) \$9,487,000 of the move ahead WA account—state appropriation is provided solely for the department to improve its ability to keep facility assets in a state of good repair. In using the funds appropriated in this subsection, the department, with periodic reporting to the joint transportation committee, must continue to develop and implement a prioritization of facility capital preservation needs and repair projects. The legislature intends these to be reasonable, forward-thinking investments that consider potential future space efficiency measures and

consolidations, including those assessed as having high commercial value and potential returns to state transportation funds associated with the sale of the property. Prioritization must be based on, but not limited to, the following criteria: (i) Employee safety and facility security; (ii) state and federal regulatory and statutory requirements and compliance issues, including clean buildings requirements; (iii) quality of work issues; (iv) facility condition assessment evaluations and scoring; (v) asset preservation; and (vi) amount of operational support provided by the facility to the achievement of the department's performance measures and outcomes, including facility utilization based on field operations work supported at the location. "Field operations" includes maintenance, transportation operations, materials testing, and construction.

(b) In using the funds appropriated in this subsection, the department must utilize the prioritization of facility capital preservation needs and repair projects used in developing the 2025-2027 fiscal biennium agency budget submittal.

(c) By September 1, 2025, and September 1, 2026, the department must provide a report based on the prioritization of facility preservation needs and repair projects developed pursuant to (a) of this subsection to the office of financial management and the transportation committees of the legislature. The report must include: (i) A by-facility ranking based on the criteria implemented; (ii) detailed information on the actions taken in the previous year to address the identified issues and deficiencies; and (iii) the plan, by facility, to address issues and deficiencies for the remainder of the 2025-2027 fiscal biennium and the 2027-2029 fiscal biennium.

(2) Within existing resources, in consultation with the office of financial management, the department must continue to use the criteria developed for the preservation and improvement minor works list during the 2025-2027 fiscal biennium.

(3) Within existing resources, in consultation with the office of financial management, the department must continue to use criteria for providing building-related capital requests in a comparable format, adjusted where appropriate, to provisions already in use in the omnibus capital appropriations act for building projects, including the C-100 capital request form and other detail requirements for omnibus capital appropriations act building submissions.

(4) \$3,000,000 of the move ahead WA account—state appropriation is provided solely for the department to conduct master planning on highest and best use of the Corson Avenue regional headquarters property, including options to reduce space and footprint on the property, examining the commercial value of the property if converted to other use or sale of a portion of the property, and reviewing alternative financing methods to fund improvements.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation, the entire move ahead WA account—federal appropriation, the entire move ahead WA account—state appropriation, and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document 2025-1 as developed April 26, 2025, Program - Highway Improvements Program (I). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 of this act.

(2) Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor vehicle account—federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document 2025-2 ALL PROJECTS as developed April 26, 2025, Program - Highway Improvements Program (I). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, or the federal funds redistribution process must then be applied to highway and bridge preservation activities.

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer appropriation authority between programs I and P, except for appropriation authority that is otherwise restricted in this act, as follows:

(a) Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised.

(b) The director of the office of financial management must first provide written authorization for such transfer to the department and the transportation committees of the legislature.

(c) The department shall submit a report on appropriation authority transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(4) The connecting Washington account—state appropriation includes up to \$1,422,447,000 in proceeds from the sale of bonds authorized in RCW 47.10.889.

(5) The special category C account—state appropriation includes up to \$101,986,000 in proceeds from the sale of bonds

authorized in RCW 47.10.812.

(6) The Puget Sound gateway facility account—state appropriation includes up to \$88,200,000 in proceeds from the sale of bonds authorized in RCW 47.10.896.

(7) The motor vehicle account—state appropriation includes up to \$30,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.843.

(8) The Interstate 405 and State Route Number 167 express toll lanes account—state appropriation includes up to \$375,311,000 in proceeds from the sale of bonds authorized in RCW 47.10.896.

(9) The move ahead WA account—state appropriation includes up to \$879,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(10) The move ahead WA account—state appropriation includes up to \$164,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.889.

(11) The move ahead WA account—state appropriation includes up to \$212,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.861.

(12) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(13) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70A.205.700, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

(14)(a) \$54,334,000 of the coronavirus state fiscal recovery fund—federal appropriation, \$118,178,000 of the motor vehicle account—federal appropriation, \$796,352,000 of the move ahead WA account—state appropriation, \$112,263,000 of the connecting Washington account—state appropriation, \$2,698,000 of the motor vehicle account—private/local appropriation, and \$8,621,000 of the motor vehicle account—state appropriation are provided solely for the Fish Passage Barrier Removal project (OB14001) with the intent of fully complying with the federal *U.S. v. Washington* court injunction by 2030.

(b) Appropriations within this subsection may be used to jointly leverage state and local funds for match requirements in applying for competitive federal aid grants provided in the infrastructure investment and jobs act for removals of fish passage barriers under the national culvert removal, replacement, and restoration program. State funds used for the purpose described in this subsection must not compromise full compliance with the court injunction by 2030.

(c) The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach by replacing both state and local culverts guided by the principle of providing the greatest fish habitat gain at the earliest time. The department shall deliver high habitat value fish passage barrier corrections that it has identified, guided by the following factors: Opportunity to bundle projects, tribal priorities, ability to leverage investments by others, presence of other barriers, project readiness, culvert conditions, other transportation projects in the area, and transportation impacts. The department and Brian Abbott fish barrier removal board must provide updates on the implementation of the statewide culvert remediation plan to the

legislature by November 1, 2025, and June 1, 2026.

(d) The department must keep track of, for each barrier removed: (i) The location; (ii) the amount of fish habitat gain; and (iii) the amount spent to comply with the injunction.

(e) During the 2025-2027 fiscal biennium, the department shall semi-annually provide reports of the amounts of federal funding received for this project to the governor and transportation committees of the legislature.

(15)(a) \$368,461,000 of the move ahead WA account—federal appropriation, \$127,504,000 of the move ahead WA account—private/local appropriation, and \$84,223,000 of the move ahead WA account—state appropriation are provided solely for the I-5 Columbia river bridge project (L4000054). The legislature finds that the replacement of the I-5 Columbia river bridge is a project of national significance and is critical for the movement of freight. One span is now more than a century old, at risk for collapse in the event of a major earthquake, and no longer satisfies the needs of commerce and travel. Replacing the aging interstate bridge with a modern, seismically resilient, multimodal structure that provides improved mobility for people, goods, and services is a high priority. Therefore, the legislature intends to support the replacement of the I-5 Columbia river bridge with an investment of \$1,000,000,000.

(b) The department shall provide regular updates on the status of ongoing coordination with the state of Oregon on any bistate agreements regarding sharing of revenues, use of revenues, and fiscal responsibilities of each state. Prior to finalizing any such agreement, the department shall provide a draft of the agreement to the transportation committees of the legislature for review and input. Additionally, the department shall continue to advise quarterly on the status of any bistate agreements to the joint transportation committee until any agreements are finalized.

(16)(a) \$37,322,000 of the move ahead WA account—state appropriation is provided solely for the SR 3 Freight Corridor (T30400R) project. The legislature intends to provide a total of \$78,910,000 for this project, including an increase of \$12,000,000 in future biennia to safeguard against inflation and supply/labor interruptions and ensure that:

(i) The northern terminus remains at Lake Flora Road and the southern terminus at the intersection of state route number 3 and state route number 302; and

(ii) Multimodal safety improvements at the southern terminus remain in the project to provide connections to North Mason school district and provide safe routes to schools.

(b) With respect to right-of-way acquisition and the construction of the SR 3 Freight Corridor project (T30400R), tribal consultation with the Suquamish tribe must begin at the earliest stage of planning, including, without limitation, on all funding decisions and funding programs, to provide a government-to-government mechanism for the tribe to evaluate, identify, and expressly notify governmental entities of any potential impacts to tribal cultural resources, archaeological sites, sacred sites, fisheries, or other rights and interests in tribal lands and lands within which the tribe possesses rights reserved or protected by federal treaty, statute, or executive order. The consultation is independent of, and in addition to, any public participation process required under state law, or by a state agency, including the requirements of Executive Order 21-02 related to archaeological and cultural resources, and regardless of whether the agency receives a request for consultation from the Suquamish tribe. Regularly scheduled tribal consultation meetings with the Suquamish tribe shall continue throughout the duration of any funding or program decisions and proposed project approval.

(17) \$8,500,000 of the move ahead WA account—state appropriation and \$5,000,000 of the move ahead WA account—

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

federal appropriation are provided solely for the SR 3/Gorst Area - Widening project (L4000017).

(a) Of the amounts provided in this subsection, \$7,500,000 is for low-cost enhancements that complement the long-term improvement alternatives identified through planning work on the corridor.

(b) Tribal consultation with the Suquamish tribe must begin at the earliest stage of planning, including, without limitation, all funding decisions and funding programs, to provide a government-to-government mechanism for the tribe to evaluate, identify, and expressly notify governmental entities of any potential impacts to tribal cultural resources, archaeological sites, sacred sites, fisheries, or other rights and interests in tribal lands and lands within which the tribe possesses rights reserved or protected by federal treaty, statute, or executive order. The consultation is independent of, and in addition to, any public participation process required under state law, or by a state agency, including the requirements of Executive Order 21-02 related to archaeological and cultural resources, and regardless of whether the agency receives a request for consultation from the Suquamish tribe. Regularly scheduled tribal consultation meetings with the Suquamish tribe must continue throughout the duration of any funding program and proposed project approval.

(18) \$23,000,000 of the move ahead WA account—state appropriation, \$10,000,000 of the move ahead WA account—private/local appropriation, and \$6,387,000 of the connecting Washington account—state appropriation are provided solely for the US-12/Walla Walla Corridor Improvements project (T20900R). The legislature recognizes the importance of this project and intends to provide additional matching funds if additional competitive federal funding is awarded for the final remaining four-lane section between Wallula and Nine Mile Hill and the Port of Walla Walla provides right-of-way at no cost to the state for this project. The department, in consultation with local governments in the vicinity, must pursue any federal funding available.

(19) \$12,571,000 of the move ahead WA account—state appropriation and \$2,429,000 of the special category C account—state appropriation are provided solely for the SR 18 Widening - Issaquah/Hobart Rd to Raging River - Phase I project (L1000199). The legislature recognizes the importance of this project and the cost uncertainties associated with this project, and is committed to its completion. The legislature intends to monitor the project's budget and schedule and make adjustments as appropriate.

(20) \$136,984,000 of the connecting Washington account—state appropriation, \$1,527,000 of the multimodal transportation account—state appropriation, \$28,103,000 of the motor vehicle account—private/local appropriation, \$324,483,000 of the move ahead WA account—federal appropriation, \$110,723,000 of the move ahead WA account—state appropriation, \$88,200,000 of the Puget Sound gateway facility account—state appropriation, and \$212,157,000 of the motor vehicle account—federal appropriation are provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall continue to collaborate with the affected stakeholders as it implements the corridor construction and implementation plan for state route number 167 and state route number 509. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and

investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(c) The entire multimodal transportation account—state appropriation in this subsection is for:

(i) The design phase of the Puyallup to Tacoma multiuse trail along the state route number 167 right-of-way acquired for the project to connect a network of new and existing trails from Mount Rainier to Point Defiance Park; and

(ii) Segment 2 of the state route number 167 completion project shared-use path to provide connections to the interchange of state route number 167 at 54th to the intersection of state route number 509 and Taylor Way in Tacoma.

(21) \$15,988,000 of the connecting Washington account—state appropriation is provided solely for the SR 224/Red Mountain Vicinity Improvement project (L1000291). The department shall provide funding to the city of West Richland to complete the project within the project scope identified by the legislature and within the total amount provided by the legislature. The department shall not amend the project's scope of work to add pavement preservation on state route number 224 from the West Richland city limits to Antinori Road.

(22) \$100,000,000 of the special category C account—state appropriation, \$272,820,000 of the connecting Washington account—state appropriation, and \$71,000 of the motor vehicle account—private/local appropriation are provided solely for the US 395 North Spokane Corridor project (M00800R). Of the amounts provided in this subsection, \$300,000 is for an environmental justice assessment to determine if traffic noise abatement will reduce environmental harm to the East Central Neighborhood as a result of this project.

(23) \$578,139,000 of the connecting Washington account—state appropriation, \$1,100,000 of the state route number 520 corridor account—state appropriation, and \$7,278,000 of the motor vehicle account—private/local appropriation are provided solely for the SR 520 Seattle Corridor Improvements - West End project (M00400R) and are subject to the following conditions and limitations:

(a) Upon completion of the Montlake Phase of the West End project, the department shall sell or transfer that portion of the property not necessary for transportation purposes, and shall initiate a process to convey or transfer such portion of the surplus property to a subsequent owner.

(b) Of the amounts provided in this subsection, \$1,100,000 of the state route number 520 corridor account—state appropriation is provided solely for noise mitigation activities.

(24) \$10,416,000 of the move ahead WA account—state appropriation, \$5,229,000 of the connecting Washington account—state appropriation, and \$1,548,000 of the motor vehicle account—state appropriation are provided solely for the SR 522/Paradise Lk Rd Interchange & Widening on SR 522 (Design/Engineering) project (NPARADI), specifically for design of, preliminary engineering, and right-of-way acquisition for the interchange and widening as a single project. The department must consider reserving portions of state route number 522, including designated lanes or ramps, for the exclusive or preferential use of public transportation vehicles, privately owned buses, motorcycles, private motor vehicles carrying not less than a specified number of passengers, or private transportation provider vehicles pursuant to RCW 47.52.025.

(25) \$24,000 of the motor vehicle account—state appropriation and \$304,000 of the motor vehicle account—federal appropriation are provided solely for the SR 900 Safety Improvements project (L2021118). The department must: (a) Work in collaboration with King county and the Skyway coalition

to align community assets, transportation infrastructure needs, and initial design for safety improvements along state route number 900; and (b) work with the Skyway coalition to lead community planning engagement and active transportation activities.

(26) \$17,500,000 of the motor vehicle account—federal appropriation is provided solely for a federal fund exchange pilot program. The pilot program must allow exchanges of federal surface transportation block grant population funding and state funds at an exchange rate of 95 cents in state funds per \$1.00 in federal funds. The projects receiving the exchanged federal funds must adhere to all federal requirements, including the applicable disadvantaged business enterprise goals. The entirety of the appropriation in this subsection must be held in unallotted status until surface transportation block grant population funding has been offered to the state, and the department determines that a federalized project or projects funded in this section is eligible to spend the surface transportation block grant population funding. \$16,625,000 from existing state appropriations identified elsewhere within this section are available to be used as part of the exchange. Upon determination that a project or projects funded in this section is eligible to spend the offered surface transportation block grant population funding, state funds appropriated in this section for the eligible state project or projects in an amount equal to 100 percent of the offered surface transportation block grant population funding must be placed in unallotted status. The legislature intends to evaluate utilization and efficacy of this program, and if underutilized, the program is intended to not continue into future biennia.

(27) \$5,030,000 of the multimodal transportation account—state appropriation and \$1,842,000 of the multimodal transportation account—federal appropriation are provided solely for the department to develop and implement a technology-based truck parking availability system along the Interstate 5 corridor in partnership with Oregon state and California state to maximize utilization of existing truck parking capacity and deliver real-time parking availability information to truck drivers (L1000375). The department may use a portion of the appropriation in this subsection for grant proposal development and as state match funding for technology-based truck parking availability system federal grant applications. The department must update the transportation committees of the legislature on agency activities and their status by December 1, 2026.

(28) \$57,593,000 of the motor vehicle account—state appropriation is provided solely for the payment of deferred sales and use taxes on activities related to the state route number 16 corridor improvements project pursuant to RCW 47.46.060. It is the intent of the legislature that any nontoll accounts used to pay the deferred sales and use taxes will be reimbursed by toll revenues no later than December 31, 2032, which reflects prior legislative intent regarding the use of toll revenues for this purpose.

(29) \$159,480,000 of the motor vehicle account—state appropriation is provided solely for the payment of deferred sales and use taxes on the state route number 520 bridge replacement and HOV project pursuant to RCW 47.01.412. It is the intent of the legislature that any nontoll accounts used to pay the deferred sales and use taxes will be reimbursed by toll revenues no later than December 31, 2050, which reflects prior legislative intent regarding the use of toll revenues for this purpose.

(30) \$1,000,000 of the multimodal transportation account—state appropriation is provided solely for matching funds for the department to apply to the federal highway administration's wildlife crossings pilot program for wildlife crossing underpasses on U.S. 97 between Tonasket and Riverside (L1000373).

(31) The legislature intends to evaluate the state's approach to

estimating capital project costs and risks, and to explore pooling risk. The department must present to the joint transportation committee on its cost estimating policies and considerations for creating a project risk pool before the 2026 legislative session.

Tacoma Narrows Toll Bridge Account—State Appropriation	\$1,871,000
Alaskan Way Viaduct Replacement Project Account—State Appropriation	\$5,376,000
Interstate 405 and State Route Number 167 Express Toll Lanes Account—State Appropriation	\$9,648,000
Transportation Partnership Account—State Appropriation	\$10,000,000
TOTAL APPROPRIATION	\$903,386,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor vehicle account—federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document 2025-2 ALL PROJECTS as developed April 26, 2025, Program - Highway Preservation Program (P). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, or the federal funds redistribution process must then be applied to highway and bridge preservation activities.

(2) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer appropriation authority between programs I and P, except for appropriation authority that is otherwise restricted in this act, as follows:

(a) Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised.

(b) The director of the office of financial management must first provide written authorization for such transfer to the department and the transportation committees of the legislature.

(c) The department shall submit a report on appropriation authority transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(3) \$6,000,000 of the motor vehicle account—state appropriation is provided solely for extraordinary costs incurred from litigation awards, settlements, or dispute mitigation activities not eligible for funding from the self-insurance fund (L2000290). The amount provided in this subsection must be held in unallotted status until the department submits a request to the office of financial management that includes documentation detailing litigation-related expenses. The office of financial management may release the funds only when it determines that all other funds designated for litigation awards, settlements, and dispute mitigation activities have been exhausted.

(4) Within the connecting Washington account—state appropriation, the department may transfer funds from Highway

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

System Preservation (L1100071) to other preservation projects listed in the LEAP transportation document identified in subsection (1) of this section, if it is determined necessary for completion of these high priority preservation projects. The department's next budget submittal after using this subsection must appropriately reflect the transfer.

(5) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70A.205.700, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

(6) The appropriations in this section include funding for starting planning, engineering, and construction of the Elwha River bridge replacement. To the greatest extent practicable, the department shall maintain public access on the existing route.

(7) \$17,500,000 of the motor vehicle account—federal appropriation is provided solely for a federal fund exchange pilot program. The pilot program must allow exchanges of federal surface transportation block grant population funding and state funds at an exchange rate of 95 cents in state funds per \$1.00 in federal funds. The projects receiving the exchanged federal funds must adhere to all federal requirements, including the applicable disadvantaged business enterprise goals. The entirety of the appropriation in this subsection must be held in unallotted status until surface transportation block grant population funding has been offered to the state and the department determines that a federalized project or projects funded in this section is eligible to spend the surface transportation block grant population funding. \$16,625,000 from existing state appropriations identified elsewhere within this section are available to be used as part of the exchange. Upon determination that a project or projects funded in this section is eligible to spend the offered surface transportation block grant population funding, state funds appropriated in this section for the eligible state project or projects in an amount equal to 100 percent of the offered surface transportation block grant population funding must be placed in unallotted status. The legislature intends to evaluate utilization and efficacy of this program, and if underutilized, the program is intended to not continue into future biennia.

(8) The appropriations in this section include funding for the following projects:

- (a) SR 525 Bridge Replacement - Mukilteo;
- (b) SR 4/Abernathy Creek Br - Replace Bridge;
- (c) SR 155/Omak Bridge Rehabilitation;
- (d) SR 243 Pavement Preservation and Shoulder Rebuild; and
- (e) SR 104/Port Angeles Graving Dock Settlement and Remediation.

(9) As part of its 2026 supplemental budget submittal, the department must provide a map of preservation projects that it expects to fund over the following six fiscal years based on the funding levels shown in this act and based on the funding levels requested in its 2026 supplemental budget submittal.

(10) The department may not proceed with construction of the US 195/Colfax North Fork Palouse River - Replace Bridges project during the 2025-2027 fiscal biennium. The legislature intends for the project to be delayed until the 2029-2031 fiscal biennium.

NEW SECTION. Sec. 307. FOR THE DEPARTMENT OF TRANSPORTATION—TRANSPORTATION OPERATIONS—PROGRAM Q—CAPITAL

2025 REGULAR SESSION

Motor Vehicle Account—State Appropriation..... \$5,845,000
 Motor Vehicle Account—Federal Appropriation... \$8,374,000
 Motor Vehicle Account—Private/Local Appropriation \$635,000
 TOTAL APPROPRIATION\$14,854,000

The appropriations in this section are subject to the following conditions and limitations: \$5,621,000 of the motor vehicle account—state appropriation, \$6,500,000 of the motor vehicle account—federal appropriation, and \$635,000 of the motor vehicle account—private/local appropriation are provided solely for Programmatic Investment for Traffic Operations Capital projects (000005Q). By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all traffic operations capital project investments completed in the prior fiscal biennium.

NEW SECTION. Sec. 308. FOR THE DEPARTMENT OF TRANSPORTATION—PROGRAM V—CAPITAL

Carbon Emissions Reduction Account—State Appropriation\$183,467,000
 Multimodal Transportation Account—State Appropriation\$19,511,000
 Regional Mobility Grant Program Account—State Appropriation\$135,229,000
 TOTAL APPROPRIATION\$338,207,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by project and amount in LEAP Transportation Document 2025-2 ALL PROJECTS as developed April 26, 2025, Program - Public Transportation Program (V).

(2)(a) \$135,229,000 of the regional mobility grant program account—state appropriation is provided solely for regional mobility grant projects. Of the amounts provided in this subsection, \$58,447,000 is for the reappropriation of amounts provided for this purpose in the 2023-2025 fiscal biennium. The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds must be used only to fund projects identified in the LEAP transportation document referenced in this section. The department shall provide annual status reports on December 15, 2025, and December 15, 2026, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. A grantee may not receive more than 25 percent of the amount appropriated in this subsection unless all other funding is awarded. Additionally, when allocating funding for the 2027-2029 fiscal biennium, no more than 30 percent of the total grant program may directly benefit or support one grantee unless all other funding is awarded.

(b) To be eligible to receive a grant under (a) of this subsection during the 2027-2029 fiscal biennium, a transit agency must establish a process for private transportation providers to apply for the use of park and ride facilities.

(c) For purposes of this subsection:

(i) "Private transportation provider" means an auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport

utility vehicles as defined under department of licensing rules; a private nonprofit transportation provider regulated under chapter 81.66 RCW; or a private employer transportation service provider; and

(ii) "Private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

(d) During the 2025-2027 fiscal biennium, the department shall consider applications submitted by regional transportation planning organizations and metropolitan planning organizations for the regional mobility grant program funding in the 2027-2029 fiscal biennium.

(e) If savings are realized from the underspending or cancellation of projects appropriated in this section, the department may advance any project or projects listed in the "2025-2027 Regional Mobility Grant Program Prioritized Project" list. The funding of any project or projects chosen to be advanced is subject to approval by the office of financial management and the transportation committees of the legislature.

(3) \$11,636,000 of the carbon emissions reduction account—state appropriation is provided solely for move ahead WA tribal transit grant projects. Of the amounts provided in this subsection, \$1,635,000 is for the reappropriation of amounts provided for this purpose in the 2023-2025 fiscal biennium. \$100,000 of the amount provided in this subsection may be used for program administration and staffing. Grants to federally recognized tribes may be for any transit purpose, including planning, operating costs, maintenance, and capital costs. By December 15, 2026, the department must submit a prioritized list to the office of financial management and the transportation committees of the legislature of new projects totaling no more than \$5,762,000.

(4) \$6,291,000 of the carbon emissions reduction account—state appropriation is reappropriated and provided solely for additional bus and bus facility projects. Of the amounts provided in this subsection, \$1,891,000 is for Twin Transit for zero-emission vehicle acquisition (BU232505) and \$4,400,000 is for C-TRAN for Highway 99 BRT hydrogen fuel cell buses (BU232507).

(5) \$11,890,000 of the carbon emissions reduction account—state appropriation is reappropriated and provided solely for the following projects:

(a) Base Refurbish & Expansion for Growth/Columbia County Public Transportation (L4000182);

(b) Kitsap Transit: Design & Shore Power (G2000115);

(c) Pierce Transit - Meridian (L2021197); and

(d) King County Metro South Annex Base - Electrification Elements (L4000174).

(6) \$6,673,000 of the multimodal transportation account—state appropriation is provided solely for a public transit ride share grant program. For grant awards not yet under contract, as a condition of public transit ride share grants provided pursuant to this subsection, public transportation agencies may not delay, divert, supplant, or suspend the collection of approved local sales and use taxes for the purpose of public transportation during the 2025-2027 fiscal biennium. Of the amounts provided in this subsection, \$1,673,000 of the multimodal transportation account—state appropriation is for the reappropriation of amounts provided for a public transit ride share grant program in the 2023-2025 fiscal biennium.

(7) \$11,189,000 of the multimodal transportation account—state appropriation is provided solely for connecting Washington transit projects. Of the amounts provided in this subsection, \$3,407,000 is for the reappropriation of amounts provided for this purpose in the 2023-2025 fiscal biennium. Entities identified to receive funding in the LEAP document referenced in this section receive the amounts specified in the time frame specified in that

LEAP document. If an entity has already completed a project in the LEAP document referenced in this section before the time frame identified, the entity may substitute another transit project or projects that cost a similar or lesser amount.

(8) \$1,649,000 of the multimodal transportation account—state appropriation and \$50,799,000 of the carbon emissions reduction account—state appropriation are provided solely for green transportation capital projects identified in LEAP Transportation Document 2025-2 ALL PROJECTS as developed April 26, 2025, Program - Public Transportation Program (V). Of the amounts provided in this subsection, the entire multimodal transportation account—state amount and \$18,536,000 of the carbon emissions reduction account—state amount are for the reappropriation of amounts provided for this purpose in the 2023-2025 fiscal biennium. Of the amount of carbon emissions reduction account—state funds appropriated in this subsection, \$938,000 may be used for program administration and staffing. For grant awards not yet under contract, as a condition of green transportation capital grants provided pursuant to this subsection, public transportation agencies may not delay, divert, supplant, or suspend the collection of approved local sales and use taxes for the purpose of public transportation during the 2025-2027 fiscal biennium.

(9) For grant awards not yet under contract, as a condition of bus and bus facility grants identified in LEAP Transportation Document 2025-2 ALL PROJECTS as developed April 26, 2025, Program - Public Transportation Program (V), public transportation agencies may not delay, divert, supplant, or suspend the collection of approved local sales and use taxes for the purpose of public transportation during the 2025-2027 fiscal biennium.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed in LEAP Transportation Document 2025-2 ALL PROJECTS as developed April 26, 2025, Program - Washington State Ferries Capital Program (W).

(2) \$5,000,000 of the Puget Sound capital construction account—state appropriation is provided solely for emergency capital repair costs (999910K). Funds may only be spent after approval by the office of financial management.

(3) For the 2025-2027 fiscal biennium, the marine division shall provide to the office of financial management and the legislative transportation committees the following reports on ferry capital projects:

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(a) On a semiannual basis, the report must include a status update on projects with funding provided in this section including, but not limited to, the following:

- (i) Anticipated cost increases and cost savings;
- (ii) Anticipated cash flow and schedule changes; and
- (iii) Explanations for the changes.

(b) On an annual basis, the report must include a status update on vessel and terminal preservation and improvement plans including, but not limited to, the following: (i) What work has been done; (ii) how have schedules shifted; and (iii) associated changes in funding among projects, accompanied by explanations for the changes.

(c) On an annual basis, the report must include an update on the implementation of the maintenance management system with recommendations for using the system to improve the efficiency of project reporting under this subsection.

(4) The legislature intends to reassess funding for Bainbridge Island and Kingston terminal electrification projects based on progression of the electrification program and future recommendations of the department.

(5) The appropriations in this section include savings assumed under section 719 of this act. By October 15, 2026, Washington state ferries must report to the transportation committees of the legislature and the office of financial management any estimated savings, efficiencies realized, and recommendations for further improvements.

(6) \$6,000,000 of the Puget Sound capital construction account—state appropriation is provided solely for modernization of the ticketing and reservation system (990052C). The department must prioritize integration of ORCA payment, Good to Go! payment, and mobile payment platforms into the new system at the earliest possible phase.

(7) The legislature intends to consider alternative forms of financing including, but not limited to, certificates of participation (lease-purchase) and leasing for the purpose of securing up to five hybrid electric vessels for the Washington state ferry system.

Multimodal Transportation Account—State Appropriation.....	\$79,468,000
Multimodal Transportation Account—Federal Appropriation.....	\$113,163,000
TOTAL APPROPRIATION.....	\$311,877,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by project and amount in LEAP Transportation Document 2025-2 ALL PROJECTS as developed April 26, 2025, Program - Rail Program (Y).

(2) \$1,500,000 of the transportation infrastructure account—state appropriation is provided solely for new low-interest loans approved by the department through the freight rail investment

bank (FRIB) program identified in the LEAP transportation document referenced in subsection (1) of this section.

(3) \$6,899,000 of the multimodal transportation account—state appropriation is provided solely for new statewide emergent freight rail assistance projects identified in the LEAP transportation document referenced in subsection (1) of this section.

(4)(a) \$7,500,000 of the carbon emissions reduction account—state appropriation and \$25,076,000 of the multimodal transportation account—federal appropriation are provided solely to support the department's continued work on a service development plan for a new ultra high-speed ground transportation corridor under the federal corridor identification and development program (L2021074). The department may not move forward with programmatic environmental review unless authorized to do so by the legislature.

(b) The department must coordinate with the chairs and ranking members of the transportation committees of the legislature to provide periodic updates and check-in points on progress made over the course of the biennium, with updates available no less frequently than semiannually, and must include written status updates to be provided with sufficient time for review prior to any update meetings held. An annual report on ultra high-speed ground transportation corridor identification and development program efforts must be provided to the transportation committees of the legislature and the office of financial management by December 1, 2025 and December 1, 2026.

(5) \$3,600,000 of the multimodal transportation account—state appropriation is provided solely for the Cascades corridor delivery program for advancing the Cascades corridor (R00003A), including through planning and project development activities conducted as part of the federal corridor identification and development program. The department must continue to pursue funding opportunities for the Cascades corridor through the corridor identification and development program and the federal-state partnership programs at the federal rail administration. The department must notify the office of the governor and the transportation committees of the legislature of funding opportunities from the programs and any corresponding state match needs.

(6) \$18,731,000 of the move ahead WA flexible account—state appropriation, \$54,785,000 of the multimodal transportation account—federal appropriation, and \$326,000 of the motor vehicle account—local appropriation are provided solely for rehabilitation of the Palouse River and Coulee City Railroad (L4000079).

(7) \$5,000,000 of the carbon emissions reduction account—state appropriation is provided solely to fund the replacement of two Tacoma rail diesel-electric switcher locomotives with zero emission battery-electric switcher locomotives and to install on-site charging equipment at a Tacoma rail facility (L1000327). Local funds sufficient to fully fund this project must be contributed to the project, and any agreements required for the project must be secured.

(8) \$26,200,000 of the carbon emissions reduction account—state appropriation is provided solely for port electrification competitive grants (L2021182). All public ports are eligible to receive funds under this subsection. A port seeking to use funds under this subsection to install shore power must adopt a policy that requires vessels that dock at the port facility to use shore power if such vessel is capable of using such power and when such power is available at the port facility.

(9) \$1,000,000 of the carbon emissions reduction account—state appropriation is provided solely for port electrification at the port of Bremerton (L1000337), which may include the purchase

and installation of zero emission port shore power systems and other zero emission infrastructure, equipment, and technology.

(10) \$1,855,000 of the carbon emissions reduction account—state appropriation is provided solely for port electrification at the port of Anacortes (L1000338), which may include the purchase and installation of zero emission port shore power systems and other zero emission infrastructure, equipment, and technology.

(11) \$24,800,000 of the carbon emissions reduction account—state appropriation is provided solely to fund a zero emission shore power infrastructure demonstration project at Northwest seaport alliance facilities (L1000325). Local funds sufficient to fully fund this project must be contributed to the project, and any agreements required for the project must be secured.

(12) \$5,277,000 of the carbon emissions reduction account—state appropriation is provided solely to fund a zero emission drayage truck demonstration project (L1000324) at Northwest seaport alliance facilities.

(b) \$16,933,000 of the motor vehicle account—federal appropriation, \$53,139,000 of the carbon emissions reduction account—state appropriation, and \$13,321,000 of the multimodal transportation account—state appropriation are provided solely for safe routes to school projects (L2000189 and L1000334). Of the amount of carbon emissions reduction account funds appropriated in this subsection, up to one percent may be used for program administration and staffing.

(c) For future rounds of grant selection, the department must reevaluate the criteria to increase geographic diversity of jurisdictions consistent with the requirements of the healthy environment for all (HEAL) act.

(3) \$35,528,000 of the motor vehicle account—federal appropriation is provided solely for acceleration of local preservation projects that ensure the reliable movement of freight on the national highway freight system (G2000100). The department will select projects as part of its update of the state freight plan, in consultation with the freight mobility strategic investment board and other stakeholders.

(4) The department shall submit a report to the transportation committees of the legislature by December 1, 2025, and December 1, 2026, on the status of projects funded as part of the pedestrian safety/safe routes to school grant program and the Sandy Williams connecting communities grant program.

(5) \$27,200,000 of the carbon emissions reduction account—state appropriation is provided solely for the statewide school-based bicycle education grant program (L1000309). The department may partner with a statewide nonprofit to deliver programs. Of the amounts appropriated in this subsection, up to one percent may be used for program support.

(6) \$22,000,000 of the motor vehicle account—state appropriation is provided solely for a federal fund exchange pilot program. The pilot program will allow exchanges of federal surface transportation block grant population funding and state funds at an exchange rate of 95 cents in state funds per \$1.00 in federal funds. The entirety of the appropriation in this subsection must be held in unallotted status until: Surface transportation block grant population funding has been offered to the state, the department determines that a federalized project or projects funded in section 305 or 306 of this act, is eligible to spend the surface transportation block grant population funding, and state funds appropriated in section 305 or 306 of this act, for the eligible state project or projects in an amount equal to 100 percent of the offered surface transportation block grant population funding have been placed in unallotted status. A report on the effectiveness of the exchange program, the total estimated cost of program administration, and recommendations for continuing the pilot program is due to the governor and transportation committees of the legislature by December 1, 2026. The department may issue additional calls for projects with any remaining funds provided in this subsection. The legislature intends to evaluate utilization and efficacy of this program, and if underutilized, the program is intended not to continue into future biennia.

(7) \$33,200,000 of the carbon emissions reduction account—state appropriation is provided solely for the Sandy Williams connecting communities pilot program (L1000308) to deliver projects to reconnect communities that have been bifurcated by state highways. Priority must be given to historically marginalized or overburdened communities. The department may consult with the Cooper Jones active transportation safety council to identify geographic locations where there are high incidences of serious injuries and fatalities of active transportation users among vulnerable populations. Of the amounts appropriated in this subsection, up to one percent may be used for program support.

(8) \$500,000 of the multimodal transportation account—state appropriation is provided solely for the department to award grants to local jurisdictions to implement network-wide traffic conflict screening programs using video analytics in controlled intersections with a disproportionate number of traffic violations and injuries to active transportation users (L2021149). Grants must be awarded proportionally across the state and include controlled intersections in both urban and rural environments and

2025 REGULAR SESSION

along state highways and county roads. Grant recipients must report back to the department all traffic violation and active transportation facility data acquired during the grant period and provide the department with appropriate next steps for the state and the local jurisdiction to improve traffic safety for active transportation users in such intersections. The department must report such findings and recommendations to the transportation committees of the legislature by December 1, 2026.

(9)(a) \$7,000,000 of the carbon emissions reduction account—state appropriation is provided solely for the department to continue providing rebates to qualifying persons who purchase e-bikes and qualifying equipment and services from a qualifying retailer in accordance with rebate program qualification, application, retailer, and reimbursement requirements under section 310(16)(a), chapter 472, Laws of 2023. Of this amount, \$4,000,000 is for rebate amounts as described under (a)(i) of this subsection and \$3,000,000 is for rebate amounts as described under (a)(ii) of this subsection.

(i) For persons who are at least 16 years of age and reside in households with incomes at or below 80 percent of the county area median income, the amount of the rebate is up to \$1,200 on the sale of an e-bike and any qualifying equipment and services.

(ii) For all other persons who are at least 16 years of age, the amount of the rebate is up to \$300 on the sale of an e-bike and any qualifying equipment and services.

(b) \$3,568,000 of the carbon emissions reduction account—state appropriation is provided solely for the department to continue its e-bike lending library and ownership grant program in accordance with program requirements under section 310(16)(b), chapter 472, Laws of 2023.

(c) The department may not collect more than five percent of appropriated amounts to administer the programs under (a) and (b) of this subsection.

(10) \$19,335,000 of the freight mobility investment account—state appropriation and \$24,952,000 of the freight mobility multimodal account—state appropriation are provided solely for freight mobility strategic investment board projects listed in the LEAP transportation document referenced in subsection (1) of this section.

(11) \$170,000 of the multimodal transportation account—state appropriation is provided solely for the Seattle office of planning and community development to finish updating the 2020 I-5 Lid Feasibility Study (L2021140).

(12) The legislature intends to fund the Ballard and Magnolia Bridge project (L4000123), as described in section 911(18), chapter 472, Laws of 2023.

(13) \$5,100,000 of the move ahead WA flexible account—state appropriation is provided solely for development of an applied sustainable aviation evaluation center (L2021135). Snohomish county, in partnership with Washington State University, shall plan and establish facilities to evaluate, qualify or certify, and research technologies that can minimize the impact of aviation on human health and the environment. Funds may be used for, but are not limited to, planning, construction, and land acquisition for sustainable aviation fuel (SAF) qualification testing (ASTM D4054), research on the impact of SAF on the environment and human health, and SAF storage for the purpose of advancing sustainable aviation. At a minimum, three sustainable aviation platforms must be considered:

- (a) Sustainable aviation fuel;
- (b) Hydrogen; and
- (c) Battery electric energy storage mechanisms.

(14) \$5,000,000 of the multimodal transportation account—state appropriation is provided solely for the department to assist local jurisdictions in addressing emergent issues related to safety

for pedestrians and bicyclists (LXXXXPBF). Funds may only be spent after approval from the office of financial management. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all emergent issues addressed in the prior fiscal biennium. Reporting may be done in conjunction with the transportation operations division.

(15) \$45,000,000 of the move ahead WA account—state appropriation is provided solely for the Confluence Parkway Infra Match project (L2021180). The legislature intends that in the 2027-2029 fiscal biennium, \$35,000,000 of the move ahead WA account—state account funds will be provided for the project only if federal project funding for Phase 2 of the Confluence Parkway project is secured.

(16) \$40,000,000 of the move ahead WA account—state appropriation is provided solely for Columbia River Bridge Replacement/Hood River to White Salmon (L4000046). The legislature intends that in the 2027-2029 fiscal biennium and future biennia, \$30,000,000 of the move ahead WA account—state account funds will be provided for the project only if federal project funding and a match from the state of Oregon are secured for construction.

NEW SECTION. Sec. 312. ANNUAL REPORTING REQUIREMENTS FOR CAPITAL PROGRAM

As part of its annual budget submittal, the department of transportation shall provide an update to the report provided to the legislature in the prior fiscal year in a manner consistent with past practices as specified in section 312, chapter 333, Laws of 2021.

NEW SECTION. Sec. 313. QUARTERLY REPORTING REQUIREMENTS FOR CAPITAL PROGRAM

On a quarterly basis, the department of transportation shall provide to the office of financial management and the legislative transportation committees a report for all capital projects in a manner consistent with past practices as specified in section 313, chapter 186, Laws of 2022.

NEW SECTION. Sec. 314. NOTIFICATION REQUIREMENTS FOR PAUSES AND CANCELLATIONS

(1) The department of transportation shall notify the transportation committees of the legislature when it intends to pause for a significant length of time or not proceed with operating items or capital projects included as budget provisos or on project lists. When feasible, this notification shall be provided prior to the pause or cancellation and at least seven days in advance of any public announcement related to such a pause or cancellation.

(2) At the time of notification, the department shall provide an explanation for the reason or reasons for the pause or cancellation for each operating budget item and capital project. The explanation shall include specific reasons for each pause or cancellation, in addition to a statement of the broad rationale for the pause or cancellation.

(3) When feasible, the department shall make best efforts to keep the transportation committees of the legislature informed of an evaluation process underway for selecting operating budget items and capital projects to be paused or canceled, providing updates as its selection efforts proceed.

(4) When exigent circumstances prevent prior notice of a pause or cancellation from being provided to the transportation committees of the legislature, the department shall provide the information required under this section to the transportation committees of the legislature as soon as is practicable.

NEW SECTION. Sec. 315. FOR THE WASHINGTON STATE DEPARTMENT OF TRANSPORTATION—FUNDS MANAGEMENT

As part of the department's 2026 supplemental and 2027-2029 biennial budget requests, the department shall also report on:

- (1) The federal grant programs it has applied for; and
- (2) The federal competitive grant programs it could have applied for but did not and the reason or reasons it did not apply.

COMPENSATION

NEW SECTION. **Sec. 501. COLLECTIVE BARGAINING AGREEMENTS NOT IMPAIRED**

Nothing in this act prohibits the expenditure of any funds by an agency or institution of the state for benefits guaranteed by any collective bargaining agreement in effect on the effective date of this section.

NEW SECTION. **Sec. 502. COLLECTIVE BARGAINING AGREEMENTS**

(1) In accordance with chapters 41.80, 41.56, and 47.64 RCW, agreements have been reached between the governor and employee organizations representing state employee bargaining units for the 2025-2027 fiscal biennium and funding is provided in this act for agreement with the following organizations:

- (a) Washington federation of state employees, general government;
- (b) Professional and technical engineers, local 17;
- (c) The coalition of unions;
- (d) Washington state patrol troopers association;
- (e) Washington state patrol lieutenants and captains association;
- (f) Office and professional employees international union local 8;
- (g) Ferry agents, supervisors, and project administrators association;
- (h) Service employees international union local 6;
- (i) Pacific Northwest regional council of carpenters;
- (j) Puget Sound metal trades council;
- (k) Marine engineers' beneficial association unlicensed engine room employees;
- (l) Marine engineers' beneficial association licensed engineer officers;

- (m) Marine engineers' beneficial association port engineers;
- (n) Masters, mates, and pilots - mates;
- (o) Masters, mates, and pilots - masters;
- (p) Masters, mates, and pilots – watch center supervisors; and
- (q) Inlandboatmen's union of the Pacific;

(2) Expenditures for agreements in this section may also be funded from nonappropriated accounts. If positions are funded with lidded grants or dedicated fund sources with insufficient revenue, additional funding from other sources is not provided.

NEW SECTION. Sec. 503. COMPENSATION—INSURANCE BENEFITS

(1)(a) An agreement was reached for the 2025-2027 fiscal biennium between the governor and the health care coalition under the provisions of chapter 41.80 RCW. Appropriations in this act for state agencies are sufficient to implement the provisions of the 2025-2027 collective bargaining agreement.

(b) Appropriations for state agencies in this act are sufficient for represented employees outside the coalition and for nonrepresented state employee health benefits.

(2) The appropriations for state agencies in this act for benefits provided by the public employees' benefits board are subject to conditions and limitations as provided in the omnibus operating appropriations act.

NEW SECTION. Sec. 504. GENERAL WAGE INCREASES

Appropriations for state agency employee compensation in this act are sufficient to provide general wage increases to state agency employees and employees of institutions of higher education, who are not represented or who bargain under statutory authority other than chapter 41.80 or 47.64 RCW or RCW 41.56.473 or 41.56.475, as described in the omnibus operating appropriations act.

NEW SECTION. Sec. 505. COMPENSATION—PENSION CONTRIBUTIONS

Appropriations in this act for state agencies are adjusted to reflect pension contribution rates adopted by the pension funding council and the law enforcement officers' and firefighters' retirement system plan 2 board and as otherwise provided in the omnibus operating appropriations act.

IMPLEMENTING PROVISIONS

NEW SECTION. Sec. 601. MANAGEMENT OF TRANSPORTATION FUNDS WHEN THE LEGISLATURE IS NOT IN SESSION

(1) The 2005 transportation partnership projects or improvements, 2015 connecting Washington projects or improvements, and move ahead WA projects or improvements are listed in the LEAP Transportation Document 2025-1 as developed April 26, 2025, which consists of a list of specific projects by fund source and amount over multiple biennia. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a six-year plan. The department of transportation is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account, connecting Washington account, and move ahead WA account projects on the LEAP transportation document referenced in this subsection. For the 2023-2025 and 2025-2027 project appropriations, unless otherwise provided in this act, the director of the office of financial management may provide written authorization for a transfer of appropriation authority between projects funded with transportation partnership account appropriations, connecting Washington account appropriations, or move ahead WA account appropriations to manage project spending and efficiently deliver all projects in the respective

program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed in the current fiscal biennium;

(d) Transfers may not occur for projects not identified on the applicable project list;

(e) Transfers to a project may not occur if that project is a programmatic funding item described in broad general terms on the applicable project list without referencing a specific state route number;

(f) Transfers may not be made while the legislature is in session;

(g) Transfers to a project may not be made with funds designated as attributable to practical design savings as described in RCW 47.01.480;

(h) The total amount of transfers under this section may not exceed \$100,000,000;

(i) Except as otherwise provided in (k) of this subsection, transfers made to a single project may not cumulatively total more than \$50,000,000 per fiscal biennium, and may not total more than the amount identified for a project within the six-year plan;

(j) Each transfer between projects may only occur if the director of the office of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature; and

(k) Transfers between projects may be made by the department of transportation without the formal written approval provided under this subsection (1), provided that the transfer amount to a single project does not exceed \$250,000 or 10 percent of the total project per fiscal biennium, whichever is less. These transfers must be reported quarterly to the director of the office of financial management and the chairs of the house of representatives and senate transportation committees.

(2) The department of transportation must submit quarterly all transfers authorized under this section in the transportation executive information system. The office of financial management must maintain a legislative baseline project list identified in the LEAP transportation documents referenced in this act, and update that project list with all authorized transfers under this section, including any effects to the total project budgets and schedules beyond the current fiscal biennium.

(3) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the chairs and ranking members of the transportation committees of the legislature.

(4) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner and address any concerns raised by the chairs and ranking members of the transportation committees.

(5) No fewer than 10 days after the receipt of a project transfer request, the director of the office of financial management must provide written notification to the department of any decision regarding project transfers, with copies submitted to the transportation committees of the legislature.

(6) The department must submit annually as part of its budget submittal a report detailing all transfers made pursuant to this section, including any effects to the total project budgets and schedules beyond the current fiscal biennium.

NEW SECTION. Sec. 602. BOND REIMBURSEMENT

To the extent that any appropriation authorizes expenditures of

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

state funds from the motor vehicle account, special category C account, Tacoma Narrows toll bridge account, transportation 2003 account (nickel account), transportation partnership account, transportation improvement account, Puget Sound capital construction account, multimodal transportation account, state route number 520 corridor account, connecting Washington account, or other transportation capital project account in the state treasury for a state transportation program that is specified to be funded with proceeds from the sale of bonds authorized in chapter 47.10 RCW, the legislature declares that any such expenditures made before the issue date of the applicable transportation bonds for that state transportation program are intended to be reimbursed from proceeds of those transportation bonds in a maximum amount equal to the amount of such appropriation.

NEW SECTION. Sec. 603. BELATED CLAIMS

The agencies and institutions of the state may expend moneys appropriated in this act, upon approval of the office of financial management, for the payment of supplies and services furnished to the agency or institution in prior fiscal biennia.

NEW SECTION. Sec. 604. REAPPROPRIATIONS REPORTING

(1) As part of its 2026 supplemental budget submittal, the department of transportation shall provide a report to the legislature and the office of financial management that:

(a) Identifies, by capital project, the amount of state funding that has been reappropriated from the 2023-2025 fiscal biennium into the 2025-2027 fiscal biennium; and

(b) Identifies, for each project, the amount of cost savings or increases in funding that have been identified as compared to the 2023 enacted omnibus transportation appropriations act.

(2) As part of the agency request for capital programs, the department shall load reappropriations separately from funds that were assumed to be required for the 2025-2027 fiscal biennium into budgeting systems.

NEW SECTION. Sec. 605. WEBSITE REPORTING REQUIREMENTS

The department of transportation shall post on its website every report that is due from the department to the legislature during the 2025-2027 fiscal biennium on one web page in a manner consistent with past practices as specified in section 605, chapter 333, Laws of 2021.

NEW SECTION. Sec. 606. TRANSIT, BICYCLE, AND PEDESTRIAN ELEMENTS REPORTING

By November 15th of each year, the department of transportation must report on amounts expended to benefit transit, bicycle, or pedestrian elements within all connecting Washington projects in programs I, P, and Z identified in LEAP Transportation Document 2025-2 ALL PROJECTS as developed April 26, 2025, in a manner consistent with past practices as specified in section 602, chapter 186, Laws of 2022.

NEW SECTION. Sec. 607. PROJECT SCOPE CHANGES

(1) During the 2025-2027 fiscal biennium, while the legislature is not in session, the director of the office of financial management may approve project scope change requests to connecting Washington projects and move ahead WA projects in the highway improvements program, provided that the requests meet the criteria outlined in RCW 47.01.480 if a connecting Washington project, and are subject to the limitations in this section.

(2) At the time the department of transportation submits a request for a project scope change under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(3) Before approval, the office of financial management shall

work with legislative staff of the house of representatives and senate transportation committees to review the requested project scope changes.

(4) No fewer than 10 days after the receipt of a scope change request, the director of the office of financial management must provide written notification to the department of any decision regarding project scope changes, with copies submitted to the transportation committees of the legislature.

(5) As part of its annual budget submittal, the department of transportation must report on all approved scope change requests from the prior year, including a comparison of the scope before and after the requested change.

NEW SECTION. Sec. 608. TOLL CREDITS

(1) The department of transportation, and any local partner on a project that may receive state funds, must indicate on any application for federal grants for eligible transportation projects, if and when possible, that toll credits may be used to fulfill state and local match requirements for any federal grant award amount.

(2) The department of transportation may provide up to \$5,000,000 in toll credits to Kitsap transit for its role in delivering capital projects related to Kitsap transit public transportation services including, but not limited to, ferry service. The number of toll credits provided must be equal to, but no more than, the number sufficient to meet federal match requirements for grant funding for passenger-only ferry service, but must not exceed the amount authorized in this section.

NEW SECTION. Sec. 609. LOCAL PARTNER COOPERATIVE AGREEMENTS

(1) If a transportation project, where the Washington state department of transportation is the lead and the project is scheduled to be delivered or completed in the 2025-2027 fiscal biennium as shown on the LEAP Transportation Document 2025-2 ALL PROJECTS as developed April 26, 2025, is in jeopardy of being delayed because the department is unable to deliver or complete the project within the 2025-2027 fiscal biennium and other local jurisdictions are able to deliver or complete the work, the department must coordinate with the appropriate local jurisdictions to determine if a potential local partner is ready, willing, and able to execute delivery and completion of the project within the 2025-2027 fiscal biennium.

(2) The department must compile a list of projects under this section, including the timing under which the local partner agency can deliver or complete the projects within the 2025-2027 and 2027-2029 fiscal biennia. The department must submit the compiled list of projects to the governor and the transportation committees of the legislature by November 1, 2025.

MISCELLANEOUS 2025-2027 FISCAL BIENNIUM

NEW SECTION. Sec. 701. INFORMATION TECHNOLOGY OVERSIGHT

The following transportation projects are subject to the conditions, limitations, and review provided in section 701 (2) through (12), chapter . . . , Laws of 2025 (Substitute Senate Bill No. 5167) (omnibus operating appropriations act): For the department of transportation: Washington state ferries dispatch system replacement and Washington state ferries ticketing and reservations modernization.

Sec. 702. RCW 36.79.020 and 1997 c 81 s 2 are each amended to read as follows:

There is created in the motor vehicle fund the rural arterial trust account. All moneys deposited in the motor vehicle fund to be credited to the rural arterial trust account shall be expended for (1) the construction and improvement of county rural arterials and collectors, (2) the construction of replacement bridges funded by the federal bridge replacement program on access roads in rural

areas, and (3) those expenses of the board associated with the administration of the rural arterial program. During the 2025-2027 fiscal biennium, the rural arterial trust account may also be used for staffing-related expenses of the board, contracting costs, and grants associated with bridge ratings.

Sec. 703. RCW 46.09.540 and 2021 c 333 s 720 are each amended to read as follows:

(1) The multiuse roadway safety account is created in the motor vehicle fund. All receipts from vehicle license fees under RCW 46.17.350(1)(r) must be deposited into the account. Moneys in the account may be spent only after appropriation. ~~((Expenditures))~~ Except as provided in (e) of this subsection and subsection (3) of this section, expenditures from the account may be used only for grants administered by the department of transportation to: (a) Counties to perform safety engineering analysis of mixed vehicle use on any road within a county; (b) local governments to provide funding to erect signs providing notice to the motoring public that (i) wheeled all-terrain vehicles are present or (ii) wheeled all-terrain vehicles may be crossing; (c) the state patrol or local law enforcement for purposes of defraying the costs of enforcement of chapter 23, Laws of 2013 2nd sp. sess.; (d) law enforcement to investigate accidents involving wheeled all-terrain vehicles; and (e) during the ~~((2021-2023))~~ 2025-2027 biennium grants may be made to counties and cities to (i) enhance or maintain any segment of a road within the ~~((county))~~ jurisdiction in which the segment has been designated as part of a travel or tourism route for use by wheeled all-terrain vehicles; and (ii) purchase, print, develop, or use educational brochures or mapping technology that aids in the safety and direction of users of wheeled all-terrain vehicle routes.

(2) The department of transportation must prioritize grant awards in the following priority order:

(a) For the purpose of marking highway crossings with signs warning motorists that wheeled all-terrain vehicles may be crossing when an ORV recreation facility parking lot is on the other side of a public roadway from the actual ORV recreation facility; and

(b) For the purpose of marking intersections with signs where a wheeled all-terrain vehicle may cross a public road to advise motorists of the upcoming intersection. Such signs must conform to the manual on uniform traffic control devices.

(3)(a) During the 2025-2027 fiscal biennium, expenditures from the account may be used for interagency transfers to the departments of natural resources and fish and wildlife, during the second year of the fiscal biennium, with respect to roads that are managed by the agencies and which are open for use by wheeled all-terrain vehicles, for the purposes of:

(i) Mitigating impacts to road surfaces caused by wheeled all-terrain vehicles on public roadways authorized for wheeled all-terrain vehicle travel;

(ii) Erecting signage to identify the designation of public roadways as either open or closed to wheeled all-terrain vehicles, depending on whether the roadway has been authorized for wheeled all-terrain vehicle travel; or

(iii) Purchasing, printing, developing, or using educational brochures or mapping technology that aids in the safety and direction of users of wheeled all-terrain vehicle routes.

(b) The department of transportation must limit the interagency transfers to the departments of natural resources and fish and wildlife under this subsection (3) such that a minimum of \$80,000 is available to be allocated for grants to eligible local governments during the biennium.

(c) Prior to an interagency transfer to either the department of natural resources or the department of fish and wildlife under this subsection (3), the county or counties in which the proposed project will take place must first submit a letter of support to the implementing department and to the department of transportation.

Sec. 704. RCW 46.20.745 and 2023 c 472 s 704 are each amended to read as follows:

(1) The ignition interlock device revolving account program is created within the department to assist in covering the monetary costs of installing, removing, and leasing an ignition interlock device, and applicable licensing, for indigent persons who are required under RCW 46.20.385, 46.20.720, and 46.61.5055 to install an ignition interlock device in all vehicles owned or operated by the person. For purposes of this subsection, "indigent" has the same meaning as in RCW 10.101.010, as determined by the department. During the ~~((2021-2023 and))~~ 2023-2025 and 2025-2027 fiscal biennia, the ignition interlock device revolving account program also includes ignition interlock enforcement work conducted by the Washington state patrol.

(2) A pilot program is created within the ignition interlock device revolving account program for the purpose of monitoring compliance by persons required to use ignition interlock devices and by ignition interlock companies and vendors.

(3) The department, the state patrol, and the Washington traffic safety commission shall coordinate to establish a compliance pilot program that will target at least one county from eastern Washington and one county from western Washington, as determined by the department, state patrol, and Washington traffic safety commission.

(4) At a minimum, the compliance pilot program shall:

(a) Review the number of ignition interlock devices that are required to be installed in the targeted county and the number of ignition interlock devices actually installed;

(b) Work to identify those persons who are not complying with ignition interlock requirements or are repeatedly violating ignition interlock requirements; and

(c) Identify ways to track compliance and reduce noncompliance.

(5) As part of monitoring compliance, the Washington traffic safety commission shall also track recidivism for violations of RCW 46.61.502 and 46.61.504 by persons required to have an ignition interlock driver's license under RCW 46.20.385 and 46.20.720.

Sec. 705. RCW 46.68.063 and 2023 c 472 s 706 are each amended to read as follows:

The department of licensing technology improvement and data management account is created in the highway safety account. All receipts from fees collected under RCW 46.12.630(5) must be deposited into the account. Expenditures from the account may be used only for investments in technology and data management at the department. During the ~~((2021-2023 and))~~ 2023-2025 and 2025-2027 fiscal biennia, the account may also be used for responding to public records requests. Moneys in the account may be spent only after appropriation.

Sec. 706. RCW 46.68.090 and 2015 3rd sp.s. c 44 s 105 are each amended to read as follows:

(1) All moneys that have accrued or may accrue to the motor vehicle fund from the fuel tax must be first expended for purposes enumerated in (a) and (b) of this subsection. The remaining net tax amount must be distributed monthly by the state treasurer in accordance with subsections (2) through (8) of this section.

(a) For payment of refunds of fuel tax that has been paid and is refundable as provided by law;

(b) For payment of amounts to be expended pursuant to appropriations for the administrative expenses of the offices of state treasurer, state auditor, and the department of licensing of the state of Washington in the administration of the fuel tax, which sums must be distributed monthly.

(2) All of the remaining net tax amount collected under RCW 82.38.030(1) must be distributed as set forth in (a) through (j) of this subsection.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(a) For distribution to the motor vehicle fund an amount equal to 44.387 percent to be expended for highway purposes of the state as defined in RCW 46.68.130;

(b)(i) For distribution to the special category C account, hereby created in the motor vehicle fund, an amount equal to 3.2609 percent to be expended for special category C projects. Special category C projects are category C projects that, due to high cost only, will require bond financing to complete construction.

(ii) The following criteria, listed in order of priority, must be used in determining which special category C projects have the highest priority:

- (A) Accident experience;
- (B) Fatal accident experience;
- (C) Capacity to move people and goods safely and at reasonable speeds without undue congestion; and
- (D) Continuity of development of the highway transportation network.

(iii) Moneys deposited in the special category C account in the motor vehicle fund may be used for payment of debt service on bonds the proceeds of which are used to finance special category C projects under this subsection (2)(b);

(c) For distribution to the Puget Sound ferry operations account in the motor vehicle fund an amount equal to 2.3283 percent;

(d) For distribution to the Puget Sound capital construction account in the motor vehicle fund an amount equal to 2.3726 percent;

(e) For distribution to the transportation improvement account in the motor vehicle fund an amount equal to 7.5597 percent;

(f) For distribution to the transportation improvement account in the motor vehicle fund an amount equal to 5.6739 percent and expended in accordance with RCW 47.26.086;

(g) For distribution to the cities and towns from the motor vehicle fund an amount equal to 10.6961 percent in accordance with RCW 46.68.110;

(h) For distribution to the counties from the motor vehicle fund an amount equal to 19.2287 percent: (i) Out of which there must be distributed from time to time, as directed by the department of transportation, those sums as may be necessary to carry out the provisions of RCW 47.56.725; and (ii) less any amounts appropriated to the county road administration board to implement the provisions of RCW 47.56.725(4), with the balance of such county share to be distributed monthly as the same accrues for distribution in accordance with RCW 46.68.120;

(i) For distribution to the county arterial preservation account, hereby created in the motor vehicle fund an amount equal to 1.9565 percent. These funds must be distributed by the county road administration board to counties in proportions corresponding to the number of paved arterial lane miles in the unincorporated area of each county and must be used for improvements to sustain the structural, safety, and operational integrity of county arterials. The county road administration board must adopt reasonable rules and develop policies to implement this program and to assure that a pavement management system is used. During the 2025-2027 fiscal biennium, the county arterial preservation account may also be used for staffing-related expenses of the board, contracting costs, and grants associated with bridge ratings;

(j) For distribution to the rural arterial trust account in the motor vehicle fund an amount equal to 2.5363 percent and expended in accordance with RCW 36.79.020.

(3) The remaining net tax amount collected under RCW 82.38.030(2) must be distributed to the transportation 2003 account (nickel account).

(4) The remaining net tax amount collected under RCW 82.38.030(3) must be distributed as follows:

(a) 8.3333 percent must be distributed to the incorporated cities and towns of the state in accordance with RCW 46.68.110;

(b) 8.3333 percent must be distributed to counties of the state in accordance with RCW 46.68.120; and

(c) The remainder must be distributed to the transportation partnership account created in RCW 46.68.290.

(5) The remaining net tax amount collected under RCW 82.38.030(4) must be distributed as follows:

(a) 8.3333 percent must be distributed to the incorporated cities and towns of the state in accordance with RCW 46.68.110;

(b) 8.3333 percent must be distributed to counties of the state in accordance with RCW 46.68.120; and

(c) The remainder must be distributed to the transportation partnership account created in RCW 46.68.290.

(6) The remaining net tax amount collected under RCW 82.38.030 (5) and (6) must be distributed to the transportation partnership account created in RCW 46.68.290.

(7) The remaining net tax amount collected under RCW 82.38.030 (7) and (8) must be distributed to the connecting Washington account created in RCW 46.68.395.

(8) Nothing in this section or in RCW 46.68.130 may be construed so as to violate any terms or conditions contained in any highway construction bond issues now or hereafter authorized by statute and whose payment is by such statute pledged to be paid from any excise taxes on fuel.

Sec. 707. RCW 46.68.280 and 2019 c 416 s 706 are each amended to read as follows:

(1) The transportation 2003 account (nickel account) is hereby created in the motor vehicle fund. Money in the account may be spent only after appropriation. Expenditures from the account must be used only for projects or improvements identified as transportation 2003 projects or improvements in the omnibus transportation budget and to pay the principal and interest on the bonds authorized for transportation 2003 projects or improvements. Upon completion of the projects or improvements identified as transportation 2003 projects or improvements, moneys deposited in this account must only be used to pay the principal and interest on the bonds authorized for transportation 2003 projects or improvements, and any funds in the account in excess of the amount necessary to make the principal and interest payments may be used for maintenance on the completed projects or improvements.

~~(2) ((During the 2015-2017 fiscal biennium, the legislature may transfer from the transportation 2003 account (nickel account) to the connecting Washington account such amounts as reflect the excess fund balance of the transportation 2003 account (nickel account)).~~

~~(3) During the 2017-2019 and the 2019-2021 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the transportation 2003 account (nickel account) to the connecting Washington account, the Puget Sound capital construction account, and the Tacoma Narrows toll bridge account.)) During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the transportation 2003 account (nickel account) to the move ahead WA account.~~

~~((4)) (3) The "nickel account" means the transportation 2003 account.~~

Sec. 708. RCW 46.68.290 and 2023 c 472 s 707 are each amended to read as follows:

(1) The transportation partnership account is hereby created in the motor vehicle account. All distributions to the account from RCW 46.68.090 must be deposited into the account. Money in the account may be spent only after appropriation. Expenditures from the account must be used only for projects or improvements

identified as 2005 transportation partnership projects or improvements in the omnibus transportation appropriations act, including any principal and interest on bonds authorized for the projects or improvements.

(2) The legislature finds that:

(a) Citizens demand and deserve accountability of transportation-related programs and expenditures. Transportation-related programs must continuously improve in quality, efficiency, and effectiveness in order to increase public trust;

(b) Transportation-related agencies that receive tax dollars must continuously improve the way they operate and deliver services so citizens receive maximum value for their tax dollars; and

(c) Fair, independent, comprehensive performance audits of transportation-related agencies overseen by the elected state auditor are essential to improving the efficiency, economy, and effectiveness of the state's transportation system.

(3) For purposes of chapter 314, Laws of 2005:

(a) "Performance audit" means an objective and systematic assessment of a state agency or agencies or any of their programs, functions, or activities by the state auditor or designee in order to help improve agency efficiency, effectiveness, and accountability. Performance audits include economy and efficiency audits and program audits.

(b) "Transportation-related agency" means any state agency, board, or commission that receives funding primarily for transportation-related purposes. At a minimum, the department of transportation, the transportation improvement board or its successor entity, the county road administration board or its successor entity, and the traffic safety commission are considered transportation-related agencies. The Washington state patrol and the department of licensing shall not be considered transportation-related agencies under chapter 314, Laws of 2005.

(4) Within the authorities and duties under chapter 43.09 RCW, the state auditor shall establish criteria and protocols for performance audits. Transportation-related agencies shall be audited using criteria that include generally accepted government auditing standards as well as legislative mandates and performance objectives established by state agencies. Mandates include, but are not limited to, agency strategies, timelines, program objectives, and mission and goals as required in RCW 43.88.090.

(5) Within the authorities and duties under chapter 43.09 RCW, the state auditor may conduct performance audits for transportation-related agencies. The state auditor shall contract with private firms to conduct the performance audits.

(6) The audits may include:

(a) Identification of programs and services that can be eliminated, reduced, consolidated, or enhanced;

(b) Identification of funding sources to the transportation-related agency, to programs, and to services that can be eliminated, reduced, consolidated, or enhanced;

(c) Analysis of gaps and overlaps in programs and services and recommendations for improving, dropping, blending, or separating functions to correct gaps or overlaps;

(d) Analysis and recommendations for pooling information technology systems used within the transportation-related agency, and evaluation of information processing and telecommunications policy, organization, and management;

(e) Analysis of the roles and functions of the transportation-related agency, its programs, and its services and their compliance with statutory authority and recommendations for eliminating or changing those roles and functions and ensuring compliance with statutory authority;

(f) Recommendations for eliminating or changing statutes,

rules, and policy directives as may be necessary to ensure that the transportation-related agency carry out reasonably and properly those functions vested in the agency by statute;

(g) Verification of the reliability and validity of transportation-related agency performance data, self-assessments, and performance measurement systems as required under RCW 43.88.090;

(h) Identification of potential cost savings in the transportation-related agency, its programs, and its services;

(i) Identification and recognition of best practices;

(j) Evaluation of planning, budgeting, and program evaluation policies and practices;

(k) Evaluation of personnel systems operation and management;

(l) Evaluation of purchasing operations and management policies and practices;

(m) Evaluation of organizational structure and staffing levels, particularly in terms of the ratio of managers and supervisors to nonmanagement personnel; and

(n) Evaluation of transportation-related project costs, including but not limited to environmental mitigation, competitive bidding practices, permitting processes, and capital project management.

(7) Within the authorities and duties under chapter 43.09 RCW, the state auditor must provide the preliminary performance audit reports to the audited state agency for comment. The auditor also may seek input on the preliminary report from other appropriate officials. Comments must be received within 30 days after receipt of the preliminary performance audit report unless a different time period is approved by the state auditor. The final performance audit report shall include the objectives, scope, and methodology; the audit results, including findings and recommendations; the agency's response and conclusions; and identification of best practices.

(8) The state auditor shall provide final performance audit reports to the citizens of Washington, the governor, the joint legislative audit and review committee, the appropriate legislative committees, and other appropriate officials. Final performance audit reports shall be posted on the internet.

(9) The audited transportation-related agency is responsible for follow-up and corrective action on all performance audit findings and recommendations. The audited agency's plan for addressing each audit finding and recommendation shall be included in the final audit report. The plan shall provide the name of the contact person responsible for each action, the action planned, and the anticipated completion date. If the audited agency does not agree with the audit findings and recommendations or believes action is not required, then the action plan shall include an explanation and specific reasons.

The office of financial management shall require periodic progress reports from the audited agency until all resolution has occurred. The office of financial management is responsible for achieving audit resolution. The office of financial management shall annually report by December 31st the status of performance audit resolution to the appropriate legislative committees and the state auditor. The legislature shall consider the performance audit results in connection with the state budget process.

The auditor may request status reports on specific audits or findings.

(10) For the period from July 1, 2005, until June 30, 2007, the amount of \$4,000,000 is appropriated from the transportation partnership account to the state auditors office for the purposes of subsections (2) through (9) of this section.

(11) During the ((2021-2023 and)) 2023-2025 and 2025-2027 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the transportation partnership account to the motor vehicle account, the move ahead WA

account, and the Tacoma Narrows toll bridge account.

Sec. 709. RCW 46.68.300 and 2024 c 310 s 603 are each amended to read as follows:

The freight mobility investment account is hereby created in the state treasury. Money in the account may be spent only after appropriation. Expenditures from the account may be used only for freight mobility projects that have been recommended by the freight mobility strategic investment board in RCW 47.06A.020 and may include any principal and interest on bonds authorized for the projects or improvements. During the ~~((2021-2023 and))~~ 2023-2025 and 2025-2027 fiscal biennia, the expenditures from the account may also be used for the administrative expenses of the freight mobility strategic investment board.

Sec. 710. RCW 46.68.320 and 2024 c 310 s 604 are each amended to read as follows:

(1) The regional mobility grant program account is hereby created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the grants provided under RCW 47.66.030.

(2) Beginning with September 2007, by the last day of September, December, March, and June of each year, the state treasurer shall transfer from the multimodal transportation account to the regional mobility grant program account \$5,000,000.

(3) Beginning with September 2015, by the last day of September, December, March, and June of each year, the state treasurer shall transfer from the multimodal transportation account to the regional mobility grant program account \$6,250,000.

(4) During the 2023-2025 and 2025-2027 fiscal ~~((biennium))~~ biennia, the legislature may direct the state treasurer to make transfers of moneys from the regional mobility grant program account to the multimodal transportation account.

Sec. 711. RCW 46.68.370 and 2023 c 472 s 709 are each amended to read as follows:

The license plate technology account is created in the state treasury. All receipts collected under RCW 46.17.015 must be deposited into this account. Expenditures from this account must support current and future license plate technology and systems integration upgrades for both the department and correctional industries. Moneys in the account may be spent only after appropriation. Additionally, the moneys in this account may be used to reimburse the motor vehicle ~~((account [fund]))~~ fund for any appropriation made to implement the digital license plate system. During the 2011-2013 and 2013-2015 fiscal biennia, the legislature may transfer from the license plate technology account to the highway safety fund such amounts as reflect the excess fund balance of the license plate technology account. During the ~~((2021-2023 and))~~ 2023-2025 and 2025-2027 fiscal biennia, the account may also be used for the maintenance of recently modernized information technology systems for vehicle registrations.

Sec. 712. RCW 46.68.395 and 2023 c 472 s 710 are each amended to read as follows:

(1) The connecting Washington account is created in the motor vehicle account. Moneys in the account may be spent only after appropriation. Expenditures from the account must be used only for projects or improvements identified as connecting Washington projects or improvements in a transportation appropriations act, including any principal and interest on bonds authorized for the projects or improvements.

(2) Moneys in the connecting Washington account may not be expended on the state route number 99 Alaskan Way viaduct replacement project.

(3) During the 2023-2025 and 2025-2027 fiscal ~~((biennium))~~

biennia, the legislature may direct the state treasurer to make transfers of moneys in the connecting Washington account to the move ahead WA account.

Sec. 713. RCW 46.68.510 and 2024 c 310 s 605 are each amended to read as follows:

The move ahead WA account is created in the motor vehicle fund. Moneys in the account may be spent only after appropriation. Expenditures from the account must be used only for projects or improvements identified as move ahead WA projects or improvements in an omnibus transportation appropriations act, including any principal and interest on bonds authorized for the projects or improvements. During the 2023-2025 and 2025-2027 fiscal ~~((biennium))~~ biennia, the legislature may direct the state treasurer to make transfers of moneys from the move ahead WA account to the motor vehicle fund, the Puget Sound ferry operations account, the Puget Sound capital construction account, the transportation 2003 account (nickel account), and the transportation partnership account.

Sec. 714. RCW 47.56.876 and 2023 c 472 s 713 are each amended to read as follows:

(1) A special account to be known as the state route number 520 civil penalties account is created in the state treasury. All state route number 520 bridge replacement and HOV program civil penalties generated from the nonpayment of tolls on the state route number 520 corridor must be deposited into the account, as provided under RCW 47.56.870(4)(b)(vii). Moneys in the account may be spent only after appropriation. Expenditures from the account must be used to fund legal obligations associated with bonds and loans associated with the construction and operation of state route number 520 under circumstances where the toll revenue collections at the time are not sufficient to fully cover such legal obligations, and then may be used to fund any project within the state route number 520 bridge replacement and HOV program, including mitigation. The legislature may direct the state treasurer to make transfers of moneys in the state route number 520 civil penalties account to the state route number 520 corridor account. During the ~~((2021-2023 and))~~ 2023-2025 and 2025-2027 fiscal biennia, the legislature may direct the state treasurer to transfer moneys in the state route number 520 civil penalties account to the motor vehicle ~~((account [fund]))~~ fund.

(2) For purposes of this section, "legal obligations associated with bonds and loans" includes, but is not limited to, debt service and all other activities necessary to comply with financial covenants associated with state route number 520, costs associated with the civil penalties program, and operation and maintenance costs.

Sec. 715. RCW 47.60.315 and 2023 c 472 s 714 are each amended to read as follows:

(1) The commission shall adopt fares and pricing policies by rule, under chapter 34.05 RCW, according to the following schedule:

(a) Each year the department shall provide the commission a report of its review of fares and pricing policies, with recommendations for the revision of fares and pricing policies for the ensuing year;

(b) By September 1st of each year, beginning in 2008, the commission shall adopt by rule fares and pricing policies for the ensuing year.

(2) The commission may adopt by rule fares that are effective for more or less than one year for the purposes of transitioning to the fare schedule in subsection (1) of this section.

(3) The commission may increase ferry fares included in the schedule of charges adopted under this section by a percentage that exceeds the fiscal growth factor.

(4) The chief executive officer of the ferry system may

authorize the use of promotional, discounted, and special event fares to the general public and commercial enterprises for the purpose of maximizing capacity use and the revenues collected by the ferry system. The department shall report to the commission a summary of the promotional, discounted, and special event fares offered during each fiscal year and the financial results from these activities.

(5) Fare revenues and other revenues deposited in the Puget Sound ferry operations account created in RCW 47.60.530 may not be used to support the Puget Sound capital construction account created in RCW 47.60.505, unless the support for capital is separately identified in the fare or except as provided in ~~((section 715, chapter 333, Laws of 2021 during the 2021-2023 biennium and))~~ section 716, chapter 472, Laws of 2023 during the 2023-2025 fiscal biennium and section 716, chapter . . . , Laws of 2025 (this act) during the 2025-2027 fiscal biennium.

(6) The commission may not raise fares until the fare rules contain pricing policies developed under RCW 47.60.290, or September 1, 2009, whichever is later.

(7) The commission shall impose a vessel replacement surcharge of 25 cents on every one-way and round-trip ferry fare sold, including multiride and monthly pass fares. This surcharge must be clearly indicated to ferry passengers and drivers and, if possible, on the fare media itself.

(8) Except as provided in subsection (10) of this section, beginning May 1, 2020, the commission shall impose an additional vessel replacement surcharge in an amount sufficient to fund 25 year debt service on one 144-auto hybrid vessel taking into account funds provided in chapter 417, Laws of 2019 or chapter . . . (SSB 5419), Laws of 2019. The department of transportation shall provide to the commission vessel and debt service cost estimates. Information on vessels constructed or purchased with revenue from the surcharges must be publicly posted including, but not limited to, the commission website.

(9) The vessel replacement surcharges imposed in this section may only be used for the construction or purchase of ferry vessels and to pay the principal and interest on bonds authorized for the construction or purchase of new ferry vessels.

(10) The commission shall not impose the additional vessel replacement surcharge in subsection (8) of this section if doing so would increase fares by more than 10 percent.

(11) For the 2023-2025 and 2025-2027 fiscal ~~((biennium))~~ biennia, any ferry fuel surcharge imposed by the commission may not go into effect until after the ensuing regular legislative session. If a fuel surcharge is imposed as provided under this subsection, the commission must reevaluate the need for the surcharge on at least a quarterly basis to determine if the surcharge is still needed to cover increased fuel costs, and revoke the surcharge if the determination is that the surcharge is no longer needed for this purpose.

Sec. 716. RCW 47.60.530 and 2023 c 472 s 716 are each amended to read as follows:

(1) The Puget Sound ferry operations account is created in the motor vehicle account.

(2) The following funds must be deposited into the account:

(a) All moneys directed by law;

(b) All revenues generated from ferry fares; and

(c) All revenues generated from commercial advertising, concessions, parking, and leases as allowed under RCW 47.60.140.

(3) Moneys in the account may be spent only after appropriation.

(4) Expenditures from the account may be used only for the maintenance, administration, and operation of the Washington state ferry system.

(5) During the ~~((2021-2023 and))~~ 2023-2025 and 2025-2027

fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the Puget Sound ferry operations account to the Puget Sound capital construction account.

Sec. 717. RCW 47.66.120 and 2024 c 104 s 1 are each amended to read as follows:

(1)(a) The department's public transportation division shall establish a green transportation capital grant program. The purpose of the grant program is to aid any transit authority in funding cost-effective capital projects to reduce the carbon intensity of the Washington transportation system, examples of which include: Electrification of vehicle fleets, including battery and fuel cell electric vehicles; modification or replacement of capital facilities in order to facilitate fleet electrification and/or hydrogen refueling; necessary upgrades to electrical transmission and distribution systems; and construction of charging and fueling stations. The department's public transportation division shall identify projects and shall submit a prioritized list of all projects requesting funding to the legislature by December 1st of each even-numbered year.

(b) The department's public transportation division shall select projects based on a competitive process that considers the following criteria:

(i) The cost-effectiveness of the reductions in carbon emissions provided by the project; and

(ii) The benefit provided to transitioning the entire state to a transportation system with lower carbon intensity.

(c) During the 2023-2025 and 2025-2027 fiscal ~~((biennium))~~ biennia, the department must incorporate principles into the grant selection process with the goal of increasing the distribution of funding to communities based on addressing environmental harms and providing environmental benefits for overburdened communities, as defined in RCW 70A.02.010, and vulnerable populations.

(2) The department's public transportation division must establish an advisory committee to assist in identifying projects under subsection (1) of this section. The advisory committee must include representatives from the department of ecology, the department of commerce, the utilities and transportation commission, and at least one transit authority.

(3) In order to receive green transportation capital grant program funding for a project, a transit authority must provide matching funding at the level deemed appropriate by the department.

(4) The department's public transportation division must report annually to the transportation committees of the legislature on the status of any grant projects funded by the program created under this section.

(5) For purposes of this section, "transit authority" means a city transit system under RCW 35.58.2721 or chapter 35.95A RCW, a county public transportation authority under chapter 36.57 RCW, a metropolitan municipal corporation transit system under chapter 36.56 RCW, a public transportation benefit area under chapter 36.57A RCW, an unincorporated transportation benefit area under RCW 36.57.100, a regional transit authority under chapter 81.112 RCW, or any special purpose district formed to operate a public transportation system.

(6) During the 2021-2023 fiscal biennium, the department may provide up to 20 percent of the total green transportation capital grant program funding for zero emissions capital transition planning projects. During the 2023-2025 fiscal biennium, the department may provide up to 10 percent of the total green transportation capital grant program funding for zero emissions capital transition planning projects. During the 2025-2027 fiscal biennium, the department may provide up to five percent of the total green transportation capital grant program funding for zero emissions capital transition planning projects.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

Sec. 718. RCW 82.44.200 and 2023 c 472 s 718 are each amended to read as follows:

The electric vehicle account is created in the transportation infrastructure account. Proceeds from the principal and interest payments made on loans from the account must be deposited into the account. Expenditures from the account may be used only for the purposes specified in RCW 47.04.350, 82.08.9999, and 82.12.9999, and the support of other transportation electrification and alternative fuel related purposes, including RCW 47.01.520. Moneys in the account may be spent only after appropriation. During the ~~((2021-2023 and))~~ 2023-2025 and 2025-2027 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the electric vehicle account to the move ahead WA flexible account, the move ahead WA account, and multimodal transportation account.

Sec. 719. RCW 47.28.030 and 2015 c 282 s 1 are each amended to read as follows:

(1)(a) A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right-of-way purposes may be repaired or renovated pending the use of such right-of-way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof are less than ~~((fifty thousand dollars))~~ \$50,000 and effective July 1, 2005, ~~((sixty thousand dollars))~~ \$60,000.

(b) When delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than ~~((eighty thousand dollars))~~ \$80,000 and effective July 1, 2005, ~~((one hundred thousand dollars))~~ \$100,000.

(c) When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor.

(d) To enable a larger number of small businesses and veteran, minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed ~~((eighty thousand dollars))~~ \$80,000 and effective July 1, 2005, ~~((one hundred thousand dollars))~~ \$100,000.

(2) The rules adopted under this section:

(a) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

(b) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, material suppliers, mechanics, and subcontractors from the previous partial payment; and

(c) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

(3) The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women's business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules adopted by the office of minority and women's

business enterprises under chapter 39.19 RCW.

(4)(a) Work for less than ~~((one hundred thousand dollars))~~ \$100,000 may be performed on ferry vessels and terminals by state forces. During the 2025-2027 fiscal biennium, work for less than \$400,000 may be performed on ferry vessels and terminals by state forces.

(b) When the estimated cost of work to be performed on ferry vessels and terminals is between ~~((one hundred thousand dollars))~~ \$100,000 and ~~((two hundred thousand dollars))~~ \$200,000, or between \$400,000 and \$500,000 during the 2025-2027 fiscal biennium, the department shall contact, by mail or ~~((electronic mail))~~ email, contractors that appear on the department's small works roster as created pursuant to procedures in chapter 39.04 RCW to do specific work the contractors are qualified to do to determine if any contractor is interested and capable of doing the work. If there is a response of interest within ~~((seventy-two))~~ 72 hours, the small works roster procedures commence. If no qualified contractors respond with interest and availability to do the work, the department may use its regular contracting procedures. If the secretary determines that the work to be completed is an emergency, procedures governing emergencies apply.

(c) The department shall hire a disinterested, third party to conduct an independent analysis to identify methods of reducing out-of-service times for vessel maintenance, preservation, and improvement projects. The analysis must include options that consider consolidating work while vessels are at shipyards by having state forces perform services traditionally performed at Eagle Harbor at the shipyard and decreasing the allowable time at shipyards. The analysis must also compare the out-of-service vessel times of performing services by state forces versus contracting out those services which in turn must be used to form a recommendation as to what the threshold of work performed on ferry vessels and terminals by state forces should be. This analysis must be presented to the transportation committees of the senate and house of representatives by December 1, 2010.

(d) The department shall develop a proposed ferry vessel maintenance, preservation, and improvement program and present it to the transportation committees of the senate and house of representatives by December 1, 2010. The proposed program must:

(i) Improve the basis for budgeting vessel maintenance, preservation, and improvement costs and for projecting those costs into a ~~((sixteen year))~~ 16-year financial plan;

(ii) Limit the amount of planned out-of-service time to the greatest extent possible, including options associated with department staff as well as commercial shipyards; and

(iii) Be based on the service plan in the capital plan, recognizing that vessel preservation and improvement needs may vary by route.

(e) In developing the proposed ferry vessel maintenance, preservation, and improvement program, the department shall consider the following, related to reducing vessel out-of-service time:

(i) The costs compared to benefits of Eagle Harbor repair and maintenance facility operations options to include staffing costs and benefits in terms of reduced out-of-service time;

(ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;

(iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;

(iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;

(v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;

(vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;

(vii) Coordination with required United States coast guard dry dockings;

(viii) A method for comparing how proposed projects relate to the service requirements of the route on which the vessel normally operates; and

(ix) A method for evaluating the ongoing maintenance and preservation costs associated with proposed improvement projects.

Sec. 720. RCW 88.16.061 and 2018 c 107 s 13 are each amended to read as follows:

The pilotage account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the purposes of the board of pilotage commissioners as prescribed under this chapter and by the utilities and transportation commission for purposes related to pilotage tariff rate setting. The account is subject to allotment procedures under chapter 43.88 RCW. During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the pilotage account to the multimodal transportation account.

Sec. 721. RCW 47.66.070 and 2000 2nd sp.s. c 4 s 2 are each amended to read as follows:

The multimodal transportation account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for transportation purposes. During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the multimodal transportation account to the general fund.

Sec. 722. RCW 14.40.020 and 2024 c 310 s 601 are each amended to read as follows:

The state commercial aviation work group shall submit a progress report to the governor and the transportation committees of the legislature by December 1, ~~((2024))~~ 2025, December 1, 2026, and annually every July 1st thereafter. The first report of the work group shall include a list of areas that will not have further review as the areas are in conflict with the operations of a military installation. The 2025 report must also identify unsuitable geographies due to either environmental impacts or impacts to overburdened communities. Additionally, during the 2025-2027 biennium, the work group must:

(1) Work to understand what studies currently exist on state transportation needs and capacities and identify any gaps of information; and

(2) Conduct meaningful community engagement with overburdened and vulnerable populations with a focus on the environmental justice impact of aviation on communities.

Sec. 723. RCW 46.20.--- and 2025 c ... (ESHB 1878) s 20 are each amended to read as follows:

(1) The driver education safety improvement account is created in the state treasury. The portion of the driver's application fee prescribed under RCW 46.68.041(4)(a), the portion of the driver's instruction permit application fee prescribed under RCW 46.68.041(4)(b), and the portion of the license service fee prescribed under RCW 46.17.025 must be deposited in the account. The account may also receive a portion of the revenue from traffic infraction fines as described under RCW 46.63.200(9). Moneys in the account may be spent only after appropriation. Expenditures from the account may only be used for expanding and improving driver's education programs and activities including, but not limited to, the online work zone and

first responder safety course under section 2(3), chapter . . . (ESHB 1878), Laws of 2025, the driver training school instructor education opportunities program established in section 10, chapter . . . (ESHB 1878), Laws of 2025, the driver training education course voucher program established in section 11, chapter . . . (ESHB 1878), Laws of 2025, and the tribal partnership program established in section 13, chapter . . . (ESHB 1878), Laws of 2025.

(2) During the 2025-2027 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the driver education safety improvement account to the highway safety fund.

NEW SECTION. Sec. 724. Appropriations in this act from the natural climate solutions account, carbon emissions reduction account, climate transit programs account, and climate active transportation account are subject to the requirements of RCW 70A.65.030.

NEW SECTION. Sec. 725. DEVELOPMENT OF CLIMATE COMMITMENT ACT EVALUATION TOOLS

The department of transportation shall cooperate and provide assistance, as requested, in the joint transportation committee's development of program delivery evaluation tools and methodologies provided under section 204 of this act for programs, projects, and other activities related to emission reductions resulting from fuel conversion activities that receive funding from the carbon emissions reduction account.

2023-2025 FISCAL BIENNIUM GENERAL GOVERNMENT AGENCIES—OPERATING

Sec. 801. 2024 c 310 s 103 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

Carbon Emissions Reduction Account—State

Appropriation ~~(((\$5,000,000))~~
\$80,000

Electric Vehicle Account—State Appropriation \$220,000

TOTAL APPROPRIATION ~~(((\$5,220,000))~~
\$300,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$220,000 of the electric vehicle account—state appropriation is provided solely to the department to commission an independent study, based on the findings of the transportation electrification strategy authorized under RCW 43.392.040, of costs of installation, maintenance, and operation of electrical distribution infrastructure on the utility's side of the meter to commercial customers installing electric vehicle supply equipment. The department shall gather data from at least five electric utilities serving retail customers in the state for purposes of completing the study. The department shall submit a report of study findings and an explanation of how those findings will support implementation of the transportation electrification strategy authorized under RCW 43.392.040 to the governor and appropriate legislative committees by November 1, 2024.

(2) ~~((Beginning January 1, 2025, \$5,000,000))~~ \$80,000 of the carbon emissions reduction account—state appropriation is provided solely for a tribal electric boat grant program. Federally recognized tribes, tribal enterprises, and tribal members are eligible to apply for grant funds for the purchase of or conversion to electric motors and engines for fishing vessels.

Sec. 802. 2024 c 310 s 105 (uncodified) is amended to read as follows:

FOR THE UNIVERSITY OF WASHINGTON

Motor Vehicle Account—State Appropriation..... \$1,000,000

Multimodal Transportation Account—State

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

Appropriation.....(~~(\$5,000,000)~~)
\$2,700,000
 TOTAL APPROPRIATION.....(~~(\$6,000,000)~~)
\$3,700,000

The appropriations in this section are subject to the following conditions and limitations:

(1) (~~(\$5,000,000)~~) \$2,700,000 of the multimodal transportation account—state appropriation is provided solely for the University of Washington's sidewalk inventory and accessibility mapping project to develop a public dataset under an open license and develop the tools needed to publish that data according to an open data specification. The project must include, but is not limited to, utilization of existing data sources, imagery, detailed surveys, and manually collected, detailed data for city streets, county rural and urban local access roads and collectors/arterials, state roads of all types, and roads owned by other entities. The project may draw on partially developed sidewalk data for all state facilities. To the extent practicable, the final product must be suitable for use by the department of transportation, local and regional agencies, tribal governments, and the general public. For the 2023-2025 fiscal biennium, the project will produce a base active transportation data layer for all counties, with priority given to counties with high proportions of overburdened communities. A project status report is due to the transportation committees of the legislature on December 1st of each year until the work is completed. The legislature intends that in the 2025-2027 fiscal biennium, \$5,000,000 of multimodal transportation account funds be provided to complete a second phase of work on the active transportation data.

(2)(a) \$1,000,000 of the motor vehicle account—state appropriation is provided solely for the Washington state transportation center to fund:

- (i) Intern programs with the department of transportation;
- (ii) A road scholars short-term training program; and
- (iii) Professional master's degree fellowships between the department of transportation and the University of Washington within a program in civil and environmental engineering.

(b) Of the amounts provided in this subsection, \$81,000 is provided solely for the center to consult with the board of registration for professional engineers and land surveyors to conduct a statewide survey and analysis assessing workforce shortages of civil engineers, civil engineering technicians, land surveyors, land surveyor technicians, and related disciplines. The center shall create a recommended action plan, with input from the legislative transportation committees, to address engineering workforce shortages and to meet the increased demand for services. The analysis and recommended action plan must include, for civil engineers, civil engineering technicians, land surveyors, land surveyor technicians, and related disciplines, at a minimum:

- (i) Opportunities to create diverse and equitable engineering workforce;
- (ii) Workforce data and gaps;
- (iii) Current education pathways and licensure processes;
- (iv) Current programs focused on workforce development and position skill-up opportunities;
- (v) Strategies to retain workforce within the state;
- (vi) Outreach opportunities and interinstitutional partnerships with middle schools, high schools, postsecondary institutions, and postgraduate programs; and
- (vii) Recommendations for additional scholarships, internship and apprenticeship opportunities, undergraduate and graduate fellowship opportunities, and industry partnership opportunities.

(c) The center shall provide a preliminary plan with proposed actions, budgets, and outcomes to the transportation committees

of the legislature by November 2024. The center shall provide a final action plan report with relevant recommendations to the transportation committees of the legislature by December 31, 2024.

Sec. 803. 2024 c 310 s 106 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF ENTERPRISE SERVICES

Carbon Emissions Reduction Account—State

Appropriation (~~(\$18,000,000)~~)
\$6,000,000

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) ~~\$6,000,000 of the carbon emissions reduction account—state appropriation (and beginning January 1, 2025, \$12,000,000 of the carbon emissions reduction account state appropriation, are)~~ is provided solely for zero emission electric vehicle supply equipment infrastructure at facilities to accommodate charging station installations. The electric vehicle charging equipment must be coordinated with the state efficiency and environmental performance program. The department must prioritize locations based on state efficiency and environmental performance location priorities and where zero emission fleet vehicles are located or are scheduled to be purchased.

(b) The department must report when and where the equipment was installed and the state agencies and facilities that benefit from the installation of the charging station to the fiscal committees of the legislature by June 30, 2025, with an interim report due January 2, 2024. The department shall collaborate with the interagency electric vehicle coordinating council to implement this section and must work to meet benchmarks established in chapter 182, Laws of 2022 (transportation resources).

(2) In carrying out this section, the department shall cooperate and provide assistance, as requested, in the joint transportation committee's development of program delivery evaluation tools and methodologies provided under section 204, chapter 472, Laws of 2023 for programs that receive funding from the carbon emissions reduction account.

(3) The department, with the assistance of designated staff in the Washington state department of transportation, must register for the clean fuels credit program and start tracking revenue generation pursuant to chapter 70A.535 RCW for investments funded in an omnibus transportation appropriations act.

(4) The department must provide a report to the transportation committees of the legislature that estimates current biennial and future carbon reduction impacts resulting from zero-emission electric vehicles and supply equipment infrastructure funded in this section by June 30, 2025.

Sec. 804. 2024 c 310 s 110 (uncodified) is amended to read as follows:

FOR THE EVERGREEN STATE COLLEGE

Aeronautics Account—State Appropriation..... (~~(\$188,000)~~)
\$94,000

The appropriation in this section is subject to the following conditions and limitations: (~~(\$188,000)~~) \$94,000 of the aeronautics account—state appropriation is provided solely for the Washington state institute for public policy to:

(1) Conduct an independent assessment of the passenger and air cargo forecasts cited in the Puget Sound regional council regional aviation baseline study, including an evaluation of the underlying data, assumptions, methodologies, and calculation of the level of uncertainty around the forecast;

(2) Conduct a comprehensive literature review to identify effective national and international strategies to reduce demand for air travel, including diverting such demand to other modes and

whether such diversion avoids net environmental impacts to overburdened communities and vulnerable populations;

(3) Conduct a review of existing operational and technological enhancements to address environmental impacts from commercial aviation activities, including, but not limited to, climate friendly routing of aircraft, innovations intended to address the climate change effects of noncarbon dioxide emissions from aviation activities, simulation models applied to congested airports, and online tools to track, analyze, and improve carbon footprints related to aviation activities. The review should identify the feasibility of enhancements to be deployed in the state of Washington; and

(4) Provide a report to the office of the governor and the transportation committees of the legislature by December 31, 2025.

TRANSPORTATION AGENCIES—OPERATING

Sec. 901. 2024 c 310 s 201 (uncodified) is amended to read as follows:

FOR THE WASHINGTON TRAFFIC SAFETY COMMISSION

Highway Safety Account—State Appropriation.....	\$7,842,000
Highway Safety Account—Federal Appropriation	(\$35,745,000))
	<u>\$39,745,000</u>
Highway Safety Account—Private/Local Appropriation	\$60,000
Cooper Jones Active Transportation Safety Account—	
State Appropriation.....	\$836,000
School Zone Safety Account—State Appropriation ..	\$850,000
TOTAL APPROPRIATION.....	(\$45,333,000))
	<u>\$49,333,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Within existing resources, the commission must examine national safety reports and recommendations on alcohol and drug impaired driving and report to the transportation committees of the legislature, by December 15, 2023, any recommendations for legislative or policy changes to improve traffic safety in Washington state.

(2)(a) \$235,500 of the Cooper Jones active transportation safety account—state appropriation is provided solely for the commission to conduct research pertaining to the issue of street lighting and safety, including a public input component and learning from counties, cities, the state, and other impacted entities. Research may include the following:

(i) Interviewing additional local and regional roads departments, water-sewer districts, and other utility services to gather a holistic data set or further input on which authority assumes primary responsibility for street illumination in various underserved areas throughout the state;

(ii) Systematically soliciting information from communities with poor street illumination and lighting to gather input as to whether this is an issue the community would like to see improved;

(iii) Conferring with regional and state-level police, fire, and emergency medical services to assess and document potential delays in emergency response times due to poor street illumination;

(iv) Further assessing the impact of using LED lights in roadway and pedestrian scale lighting in reducing carbon emissions and light pollution throughout the United States; and

(v) Subject to more in-depth findings, convening a meeting with appropriate state, regional, and local stakeholders and community partners.

(b) The commission must report research results and provide any recommendations for legislative or policy action to the transportation committees of the legislature by January 1, 2025.

(3) Within existing resources, the commission, through the Cooper Jones active transportation safety council, must prioritize the review of pedestrian, bicyclist, or nonmotorist fatality and serious injury review when the victim is a member of a federally recognized tribe. Consistent with RCW 43.59.156(5), the commission may recommend any policy or legislative changes to improve traffic safety for tribes through such review.

(4) Within existing resources, the commission must review and report to the transportation committees of the legislature, by December 15, 2023, on strategies and technologies used in other states to prevent and respond to wrong-way driving crashes.

(5)(a) The Washington traffic safety commission shall coordinate with each city that implements a pilot program as authorized in RCW 46.63.170(6) to provide the transportation committees of the legislature with the following information by June 30, 2025:

(i) The number of warnings and infractions issued to first-time violators under the pilot program;

(ii) The number of warnings and infractions issued to the registered owners of vehicles that are not registered with an address located in the city conducting the pilot program; and

(iii) The frequency with which warnings and infractions are issued on weekdays versus weekend days.

(b) If chapter 307, Laws of 2024 is enacted by June 30, 2024, the requirement in this subsection lapses.

(6) \$50,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 471, Laws of 2023 (negligent driving). If chapter 471, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(7) The Washington traffic safety commission may oversee a pilot program in up to three cities implementing the use of automated vehicle noise enforcement cameras in zones that have been designated by ordinance as "Stay Out of Areas of Racing."

(a) Any programs authorized by the commission must be authorized by December 31, 2024.

(b) If a city has established an authorized automated vehicle noise enforcement camera pilot program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based upon the value of the equipment and services provided or rendered in support of the system.

(c) Any city administering a pilot program overseen by the traffic safety commission shall use the following guidelines to administer the program:

(i) Automated vehicle noise enforcement camera may record photographs or audio of the vehicle and vehicle license plate only while a violation is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(ii) The law enforcement agency of the city or county government shall install two signs facing opposite directions within 200 feet, or otherwise consistent with the uniform manual on traffic control devices, where the automated vehicle noise enforcement camera is used that state "Street Racing Noise Pilot Program in Progress";

(iii) Cities testing the use of automated vehicle noise enforcement cameras must post information on the city website and notify local media outlets indicating the zones in which the automated vehicle noise enforcement cameras will be used;

(iv) A city may only issue a warning notice with no penalty for a violation detected by automated vehicle noise enforcement cameras in a Stay Out of Areas of Racing zone. Warning notices must be mailed to the registered owner of a vehicle within 14 days of the detected violation;

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(v) A violation detected through the use of automated vehicle noise enforcement cameras is not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120;

(vi) Notwithstanding any other provision of law, all photographs, videos, microphotographs, audio recordings, or electronic images prepared under this subsection (7) are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding. No photograph, microphotograph, audio recording, or electronic image may be used for any purpose other than the issuance of warnings for violations under this section or retained longer than necessary to issue a warning notice as required under this subsection (7); and

(vii) By June 30, 2025, the participating cities shall provide a report to the commission and appropriate committees of the legislature regarding the use, public acceptance, outcomes, warnings issued, data retention and use, and other relevant issues regarding automated vehicle noise enforcement cameras demonstrated by the pilot projects.

(8) \$200,000 of the Cooper Jones active transportation safety account—state appropriation is provided solely for the commission, in consultation with the Cooper Jones active transportation safety council, to research and develop a pilot program for the use of light meters by law enforcement to measure lighting levels at locations where a serious injury or fatality involving a vehicle has occurred. However, the funds must be held in unallotted status until the commission submits a spending plan for the pilot program to the transportation committees of the legislature and the office of the governor.

(9) \$300,000 of the highway safety account—state appropriation is provided solely for the commission to purchase telematics data from a qualified vendor that provides anonymized information on vehicle speeds and driver behaviors, such as hard braking, on a statewide basis and in selected geographical areas based upon demographic characteristics and crash history. The commission must provide an annual report summarizing findings from the telematics data to the transportation committees of the legislature beginning by June 30, 2025, and until June 30, 2027.

(10) \$750,000 of the highway safety account—state appropriation is provided solely for a pilot program for dedicated probation or compliance officers at the local level to improve compliance with ignition interlock device installation requirements associated with impaired driving offenses. The commission must select locations based on an assessment of ignition interlock device compliance rates, and the willingness and ability to have staff dedicated to this activity. ~~((By June 30, 2025, the commission must provide to the transportation committees of the legislature a status report on the specific locations selected and any outcome information.))~~

(11) \$1,000,000 of the highway safety account—state appropriation is provided solely to implement a multifaceted approach to supplement existing funding targeted at impaired driving and other enforcement. The areas of emphasis expected to be funded include additional high visibility enforcement and indigenous knowledge-informed tribal traffic safety support. Funding is also provided for the commission to administer and provide oversight of these activities. The commission must provide a preliminary report to the transportation committees of the legislature on these funded activities and any outcome information by December 1, 2025, with a final report due by December 1, 2026.

Sec. 902. 2024 c 310 s 202 (uncodified) is amended to read as follows:

FOR THE COUNTY ROAD ADMINISTRATION BOARD

Rural Arterial Trust Account—State Appropriation \$1,615,000
Motor Vehicle Account—State Appropriation.. ~~(((\$3,524,000))~~

County Arterial Preservation Account—State
Appropriation \$1,839,000
TOTAL APPROPRIATION ~~(((\$6,978,000))~~
\$6,856,000

The appropriations in this section are subject to the following conditions and limitations: Within appropriated funds, the county road administration board may opt in as provided under RCW 70A.02.030 to assume all of the substantive and procedural requirements of covered agencies under chapter 70A.02 RCW. The board shall include in its 2023 and 2024 annual reports to the legislature a progress report on opting into the healthy environment for all act and a status report on diversity, equity, and inclusion within the board's jurisdiction. The county road administration board may revise program standards, as needed, with legislative consultation.

Sec. 903. 2024 c 310 s 204 (uncodified) is amended to read as follows:

FOR THE JOINT TRANSPORTATION COMMITTEE

Carbon Emissions Reduction Account—State
Appropriation ~~(((\$3,477,000))~~
\$1,207,000

Multimodal Transportation Account—State
Appropriation ~~(((\$552,000))~~
\$480,000

\$5,028,000

~~((Puget Sound Ferry Operations Account—State
Appropriation \$100,000))~~
TOTAL APPROPRIATION ~~(((\$9,229,000))~~
\$6,715,000

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) \$300,000 of the motor vehicle account—state appropriation is for the joint transportation committee, from amounts set aside out of statewide fuel taxes distributed to cities according to RCW 46.68.110(2), to convene a study of a statewide retail delivery fee on orders of taxable retail items delivered by motor vehicles within the state. The study must:

(i) Determine the annual revenue generation potential of a range of fee amounts;

(ii) Examine options for revenue distributions to state and local governments based upon total deliveries, lane miles, or other factors;

(iii) Estimate total implementation costs, including start-up and ongoing administrative costs; and

(iv) Evaluate the potential impacts to consumers, including consideration of low-income households and vulnerable populations and potential impacts to businesses.

(b) The study should document and evaluate similar programs adopted in other states. The joint transportation committee must submit a report on the study to the transportation committees of the legislature by June 30, 2024.

(2)(a) \$400,000 of the motor vehicle account—state appropriation is for the joint transportation committee, in collaboration with the department of transportation, to convene a work group to study and recommend a new statutory framework for the department's public-private partnership program. The committee may contract with a third-party consultant for work group support and drafting the new statutory framework.

(b)(i) The work group must consist of, but is not limited to, the following members:

(A) The secretary of transportation or their designee;

(B) Joint transportation committee executive committee members or their designees;

(C) The state treasurer or the state treasurer's designee;

(D) A representative of a national nonprofit organization specializing in public-private partnership program development;

(E) A representative of the construction trades; and

(F) A representative from an organization representing general contractors.

(ii) The work group must also consult with the Washington state transportation commission and the department of commerce.

(c)(i) The work group must review the 2012 joint transportation committee's "Evaluation of Public-Private Partnerships" study, consisting of an evaluation of the recommendations for replacing chapter 47.29 RCW and development of a process for implementing public-private partnerships that serve the defined public interest, including, but not limited to:

(A) Protecting the state's ability to retain public ownership of assets constructed or managed under a public-private partnership contract;

(B) Allowing for the most transparency during the negotiation of terms of a public-private partnership agreement; and

(C) Addressing the state's ability to oversee the private entity's management of the asset.

(ii)(A) The work group must identify any barriers to the implementation of funding models that best protect the public interest, including statutory and constitutional barriers.

(B) The work group may also evaluate public-private partnership opportunities for required fish passage and culvert work on state highways, for the construction of, replacement of, or commercial retail options within Washington state ferries' terminals, and for other projects as determined by the work group.

(iii) The work group must update the 2012 recommendations and devise an implementation plan for the state.

(d) The work group must submit a preliminary report, including any recommendations or draft legislation, to the office of the governor and the transportation committees of the legislature by December 15, 2023. The work group must submit a final report with draft legislation to the office of the governor and the transportation committees of the legislature by July 1, 2024.

(3) \$300,000 of the motor vehicle account—state appropriation is for the joint transportation committee, from amounts set aside out of statewide fuel taxes distributed to cities according to RCW 46.68.110(2), to contract with the municipal research and services center to convene a department of transportation-local government partnership work group to create a procedure in which the department of transportation can partner with a local jurisdiction to perform preservation and maintenance and construct projects on state highways.

(a) The work group must consist of, but is not limited to, the following members:

(i) One representative from a city with a population of more than 5,000 and fewer than 50,000;

(ii) One representative from a city with a population of more than 50,000;

(iii) One representative from a county with a population of more than 100,000 and fewer than 400,000;

(iv) One representative from a county with a population of more than 400,000;

(v) At least one representative of a public port;

(vi) A representative from the county road administration board;

(vii) A representative of the transportation improvement board;

(viii) At least one representative from the department of transportation's local programs division;

(ix) At least two representatives from the department of transportation with expertise in procurement and legal services;

and

(x) At least one member from the house of representatives transportation committee and at least one member from the senate transportation committee.

(b) Of the members described in (a) of this subsection, at least one of the city representatives and one of the county representatives must have public works contracting experience, and at least one of the city representatives and one of the county representatives must have public works project management experience.

(c) The work group must make recommendations of how the department of transportation could better work in partnership with local jurisdictions to ensure that roadway construction projects can be performed when funds are made available in the omnibus transportation appropriations act even if the department of transportation does not have the capacity to be the project manager on a project and a local jurisdiction is ready, willing, and able to implement the project within the time frames envisioned in the omnibus transportation appropriations act. In developing its recommendations, the work group must consider, at a minimum:

(i) Differing roadway and construction standards between state and local agencies;

(ii) Revenue, reimbursement, and financial agreements between state and local agencies;

(iii) Differing procurement processes between state and local agencies;

(iv) Liability; and

(v) Other issues as determined by the work group.

(d) The work group must submit a preliminary report, including any recommendations, to the office of the governor and the transportation committees of the legislature by December 15, 2023. The work group must submit a final report to the office of the governor and the transportation committees of the legislature by July 1, 2024.

(4)(a) (~~(\$2,000,000)~~) \$404,000 of the carbon emissions reduction account—state appropriation is for the joint transportation committee to oversee:

(i) The design of an infrastructure and incentive strategy to drive the purchase and use of zero emission medium and heavy duty vehicles, as well as cargo handling and off-road equipment, in the state including, but not limited to, programs for tractor trucks, box trucks, drayage trucks, refuse trucks, step and panel vans, heavy and medium-duty buses, school buses, on and off-road terminal tractors, transport refrigeration units, forklifts, container handling equipment, airport cargo loaders, and railcar movers; and

(ii) A review of the passenger vehicle tax incentive in current law and evaluation of its utility, to include possible modification of the criteria for eligibility and tax incentive amount maximums, as applicable.

(b) Design development must include recommendations for encouraging vehicle conversions for smaller commercial vehicle fleets and owner-operators of commercial vehicles, as well as tools for facilitating carbon emission reductions to benefit vulnerable populations and overburdened communities. Infrastructure and incentive programs recommended may include, but are not limited to, grant, rebate, tax incentive, and financing assistance programs.

(c) Consultation with legislative members identified by the chair and ranking members of the transportation committees of the legislature throughout design of the infrastructure and incentive strategy is required. A report is due to the transportation committees of the legislature by January 2, 2024.

(5) (~~(\$125,000)~~) \$53,000 of the motor vehicle account—state appropriation and (~~(\$125,000)~~) \$53,000 of the multimodal transportation account—state appropriation are for the joint

2025 REGULAR SESSION

transportation committee to evaluate potential options and make recommendations for a statewide household travel survey and additional analytical capacity regarding transportation research.

(a) The recommendation on the statewide household travel survey must be based on how well a statewide survey investment would: Address policy questions related to household travel; address gaps between separate regional and local transportation models; and create a dataset to allow both for analysis and response to policymakers' questions relating to household travel and for transportation modeling and development. In evaluating potential survey options, the committee shall consider opportunities for the state to partner and expand on developed established household travel surveys, including surveys conducted at both the Puget Sound regional council and the federal highway administration. In its recommendation, the committee shall outline the process required for a statewide survey, including the costs and timing of each option.

(b) The committee shall recommend an agency or agencies to perform ongoing analysis of a statewide household travel survey and other transportation research. The committee shall consider the ability of an agency or agencies to meet shorter timeline policy needs, as well as longer timeline research projects. The recommendation must include the timing and costs associated with the development of such analytical capacity.

(6) (~~(\$1,000,000)~~) \$600,000 of the carbon emissions reduction account—state appropriation is for the joint transportation committee to oversee the development of tools and methodologies to assist in program delivery evaluation for programs that receive appropriations from the carbon emissions reduction account. Program delivery evaluation must include carbon emissions reduction estimates by program and by unit of time, program cost per unit of emission reduction, quantified benefits to vulnerable populations and overburdened communities by program cost, any additional appropriate qualitative and quantitative metrics, and actionable recommendations for improvements in program delivery. A report is due to the transportation committees of the legislature by October 1, 2024.

(7) \$500,000 of the motor vehicle account—state appropriation is for the joint transportation committee to engage an independent review team to work in coordination with the Washington state department of transportation's analysis, funded in section 217(10), chapter 472, Laws of 2023, of highway, road, and freight rail transportation needs, options, and impacts from shifting the movement of freight and goods that currently move by barge through the lower Snake river dams to highways, other roads, and rail.

(a) The department shall include the independent review team in all phases of the analysis to enable the team to develop an independent assessment of the analysis, assumptions, stakeholder engagement, and cost and impact estimates. Summary findings from the independent assessment must be provided to the department, the governor's office, and the transportation committees of the legislature on a quarterly basis, with an end of biennium report due to the governor and the transportation committees of the legislature by June 30, 2025. The end of biennium report must include a detailed summary of stakeholder views expressed during the independent review process and an analysis of how these views can be addressed in the overall findings of the analysis.

(b) The independent review team must conduct an independent stakeholder engagement effort. The river transportation work group must be formed to provide data and guidance to the independent review team for the independent stakeholder engagement effort. The river transportation work group must be

made up of stakeholders, including farming and agricultural production, fishing industry, tug and barge operators, shippers and receivers, public ports, railroad operators, cruise lines, the federal highway administration, and the army corps of engineers. Consultations with federally recognized tribes must also occur in coordination with the Washington state department of transportation.

(c) The independent review team shall make regular presentations to the joint transportation committee and, by request, to the transportation committees of the legislature.

(8) The joint transportation committee shall also convene a work group that includes, but is not limited to, the executive committee of the joint transportation committee, the office of financial management, the Washington state department of transportation, and the Washington state treasurer's office to develop recommendations, by October 15, 2023, to meet the challenge of identifying an achievable delivery schedule for completing transportation projects across the state.

(9)(a) \$450,000 of the motor vehicle account—state appropriation is for the joint transportation committee to conduct a study and make recommendations on alternative project delivery methods that may be used by the Washington state department of transportation in public works contracting. The study must review use of design-build, design-bid-build, progressive design build, general contractor/construction manager, public-private partnerships, and other contracting methods, including the alliance contracting procedure, and how choice of project delivery method impacts cost, contract competition, and project delivery schedule.

(b) The study must also evaluate other innovative project delivery practices utilized around the country and Washington state-specific possibilities such as: (i) Increased use of the advanced environmental mitigation revolving account and advance right-of-way revolving fund as cost containment strategies; and (ii) benefits and costs associated with the bundling of bridge, culvert, or other groups of projects into single procurement packages.

(c) The study must specifically examine contracting methods, alternative bundling concepts, and other options to manage costs as the Washington state department of transportation continues to make progress on meeting the requirements of the federal *U.S. v. Washington* court injunction.

(d) The study must include recommendations on any changes to current practices and statutory requirements.

(e) In developing project delivery method recommendations, the joint transportation committee must engage with industry stakeholders including, but not limited to, engineering, contracting, environmental, and women and minority-owned business communities.

(f) A preliminary report is due to the office of the governor and the transportation committees of the legislature by December 15, 2024. A final report is due to the office of the governor and the transportation committees of the legislature by June 30, 2025.

(10)(a) \$375,000 of the motor vehicle account—state appropriation is for the joint transportation committee to contract with the municipal research and services center to convene a project delivery streamlining work group to review streamlining options and recommend practices that support expedited project delivery.

(b) The work group must consist of, but is not limited to, the following members:

(i) One representative from a city with a population of more than 5,000 and fewer than 50,000;

(ii) One representative from a city with a population of more than 50,000;

(iii) One representative from a county with a population of more than 100,000 and fewer than 400,000;

(iv) One representative from a county with a population of more than 400,000;

(v) At least one representative of a transit agency serving a rural county;

(vi) At least one representative of a transit agency serving an urban county;

(vii) At least one representative of a regional transit authority;

(viii) At least one representative of a public port;

(ix) A representative from the county road administration board;

(x) A representative of the transportation improvement board;

(xi) A representative of the freight mobility strategic investment board;

(xii) At least one representative from the department of transportation's local programs division with experience in federal funding oversight; and

(xiii) At least two representatives from the department of transportation with expertise in procurement and the multiagency permit program.

(c) Of the members described in (b) of this subsection, at least one of the city representatives and one of the county representatives must have public works contracting experience, and at least one of the city representatives and one of the county representatives must have public works project management experience.

(d) The work group must review options for project streamlining to expedite project delivery that include, but are not limited to: Preapplication communication; partnership agreements; contracting processes; fund sources; mitigation; land use; rights-of-way; permitting; and shared technology; and must identify opportunities for pilot projects to test some of these recommendations.

(e) The work group must submit a preliminary report to the office of the governor and the transportation committees of the legislature by December 15, 2024. The work group must submit a final report to the office of the governor and the transportation committees of the legislature by June 30, 2025.

(11) ~~(((\$100,000 of the Puget Sound ferry operations account—state appropriation is for the joint transportation committee to convene a work group in advance of the 75th anniversary of the Washington state ferries on June 1, 2026, to review Washington state ferry funding requirements and options to increase dedicated funding sources for the ferry system. The executive committee of the joint transportation committee may appoint relevant stakeholders as part of the work group. A preliminary report must be submitted to the governor and transportation committees of the legislature by December 15, 2024, and the legislature intends that a final report will be submitted to the governor and transportation committees of the legislature by June 1, 2026.~~

The study must include estimates of greenhouse gas emissions reductions, criteria air pollutant reductions, potential labor impacts, potential impacts on shipping costs and port competitiveness, and shore power infrastructure needs and costs. The joint transportation committee must, at a minimum, coordinate with the department of ecology, department of transportation, representatives from Washington ports, shippers, utilities, and the trucking industry, impacted labor unions, and environmental organizations. The joint transportation committee must report to the transportation committees of the

legislature by June 30, 2025.

~~((43))~~ (12)(a) \$250,000 of the multimodal transportation account—state appropriation is for the joint transportation committee to contract with a national expert on developing inclusive, mixed-income, mixed-use transit-oriented housing to complete a review of transit-oriented development conditions in cities in King, Pierce, Spokane, Clark, and Snohomish counties that (i) have populations of more than 12,500; and (ii) have at least one major transit stop, as defined in RCW 36.70A.030. The contracted party must have demonstrated expertise in understanding the impact of housing development on racially diverse communities, as well as expertise in, and existing peer-reviewed research on, developing housing near transit that is inclusive of low-income, workforce, and market rate housing.

(b) The review must look at any comprehensive plans, housing-focused local tax and fee programs, and development regulations required to be adopted on or before December 31, 2024. The review must include examples of local and national best practices for developing affordable housing and workforce housing near transit, and allow for comparison on a city-by-city basis. The review must also include a report with recommendations for state-level policy to expand housing and mixed-use transit-oriented development in Washington state, in a manner that minimizes displacement of existing communities and ensures housing near transit remains affordable to low-income Washingtonians. ~~((The contracted party shall provide its review to the appropriate committees of the legislature by June 30, 2025.))~~

The appropriations in this section are subject to the following conditions and limitations:

(1) \$580,000 of the state patrol highway account—state appropriation is provided solely for the operation of and administrative support to the license investigation unit to enforce vehicle registration laws in southwestern Washington. The Washington state patrol, in consultation with the department of revenue, shall maintain a running estimate of the additional vehicle registration fees, sales and use taxes, and local vehicle fees remitted to the state pursuant to activity conducted by the license investigation unit. Beginning October 1, 2023, and semiannually thereafter, the Washington state patrol shall submit a report detailing the additional revenue amounts generated since

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

July 1, 2023, to the director of the office of financial management and the transportation committees of the legislature. At the end of the fiscal quarter in which it is estimated that more than \$625,000 in state sales and use taxes have been remitted to the state since July 1, 2023, the Washington state patrol shall notify the state treasurer and the state treasurer shall transfer funds pursuant to section 406, chapter 472, Laws of 2023.

(2) Washington state patrol officers engaged in off-duty uniformed employment providing traffic control services to the department of transportation or other state agencies may use state patrol vehicles for the purpose of that employment, subject to guidelines adopted by the chief of the Washington state patrol. The Washington state patrol must be reimbursed for the use of the vehicle at the prevailing state employee rate for mileage and hours of usage, subject to guidelines developed by the chief of the Washington state patrol.

(3)(a) By December 1st of each year during the 2023-2025 fiscal biennium, the Washington state patrol must report to the transportation committees of the legislature on the status of recruitment and retention activities as follows:

- (i) A summary of recruitment and retention strategies;
- (ii) The number of transportation funded staff vacancies by major category;
- (iii) The number of applicants for each of the positions by these categories;
- (iv) The composition of workforce;
- (v) Other relevant outcome measures with comparative information with recent comparable months in prior years; and
- (vi) Activities related to the implementation of the agency's workforce diversity plan, including short-term and long-term, specific comprehensive outreach, and recruitment strategies to increase populations underrepresented within both commissioned and noncommissioned employee groups.

(b) During the 2023-2025 fiscal biennium, the office of financial management, with assistance of the Washington state patrol, must conduct two surveys regarding the competitiveness with law enforcement agencies within the boundaries of the state of Washington pursuant to RCW 43.43.380, with the first survey being informational regarding the change since the last survey was conducted and the second survey used as part of the collective bargaining process. Prior to the 2024 legislative session, the office of financial management, with assistance of the Washington state patrol, must also provide comparison information regarding recruitment bonus amounts currently being offered by local law enforcement agencies in the state.

(4)(a) \$6,575,000 of the state patrol highway account—state appropriation is provided solely for the land mobile radio system replacement, upgrade, and other related activities.

(b) Beginning January 1, 2024, the Washington state patrol must report semiannually to the office of the chief information officer on the progress related to the projects and activities associated with the land mobile radio system, including the governance structure, outcomes achieved in the prior six-month time period, and how the activities are being managed holistically as recommended by the office of the chief information officer. At the time of submittal to the office of the chief information officer, the report must be transmitted to the office of financial management and the transportation committees of the legislature.

(5)(a) \$2,688,000 of the state patrol highway account—state appropriation is provided solely for enhancing the state patrol's diversity, equity, and inclusion program, a community engagement program to improve relationships with historically underrepresented communities and to recruit and retain a diverse workforce, and contracting with an external psychologist to perform exams. The state patrol will work with the governor's

office of equity and meet all reporting requirements and responsibilities pursuant to RCW 43.06D.060. Funds provided for the community engagement program must ensure engagement with communities throughout the state.

(b) The state patrol may revise program standards, as needed, with legislative consultation.

(6)(a) \$10,000 of the state patrol highway account—state appropriation is provided solely for the Washington state patrol to administer a pilot program that implements a yellow alert system notifying the public when a hit-and-run accident resulting in a fatality or substantial bodily harm has occurred and been reported to the state patrol or other local law enforcement entity. The Washington state patrol must post on traffic message boards or share on public communication systems any identifying information acquired including, but not limited to, a complete or partial license plate number or a description of the vehicle. Each alert must be posted or shared as such for at least 24 hours.

(b) The Washington state patrol must report the following to the transportation committees of the legislature annually until June 30, 2025:

- (i) The number of yellow alerts received;
- (ii) The number of arrests made from accidents reported on the yellow alert system;
- (iii) The number of hit-and-run accidents resulting in a fatality or substantial bodily harm statewide;
- (iv) The number of arrests made from accidents described under (b)(iii) of this subsection; and
- (v) The number of hit-and-run accidents reported statewide.

(c) The Washington state patrol must also report on the efficacy of the program and recommend in its final report if the pilot program should continue or be enacted on a permanent basis and implemented statewide, based on the results of the report.

(7)(a) (~~(\$2,243,000)~~) \$2,918,000 of the state patrol highway account—state appropriation is provided solely for administrative costs, advertising, outreach, and bonus payments associated with developing and implementing a state trooper expedited recruitment incentive program for the purpose of recruiting and filling vacant trooper positions in the 2023-2025 fiscal biennium. The legislature is committed to continuing the state trooper expedited recruitment incentive program until the vacancy levels are significantly reduced from current levels. The recruitment, advertising, and outreach associated with this program must continue efforts to create a more diverse workforce and must also provide an accelerated pathway for joining the state patrol for high quality individuals who have previously been employed as a general authority peace officer.

(b) The state trooper expedited recruitment incentive program established by the Washington state patrol must include:

- (i) Thorough hiring procedures to ensure that only the highest quality candidates are selected as cadets and as lateral hires, including extensive review of past law enforcement employment history through extensive reference checks, Brady list identification, and any other issues that may impact the performance, credibility, and integrity of the individual.
- (ii) An accelerated training program for lateral hires from other agencies that recognizes the knowledge and experience of candidates previously employed in law enforcement; and
- (iii) A sign-on bonus for each trooper hired through the expedited recruitment incentive program as follows:

(A) \$5,000 for each cadet after completion of the Washington state patrol academy;

(B) \$5,000 for each successful graduating cadet after completion of a one-year probation period;

(C) \$8,000 for each lateral hire after completion of the accelerated training program for lateral hires;

(D) \$6,000 for each lateral hire after completion of a one-year probation period; and

(E) \$6,000 for each lateral hire after completion of two years of service.

(c) The expenditure on the state trooper expedited recruitment incentive program is contingent upon execution of an appropriate memorandum of understanding between the governor or the governor's designee and the exclusive bargaining representative, consistent with the terms of this section. Expenditures and eligibility for the state trooper expedited recruitment incentive program established in this section are subject to the availability of amounts appropriated for this specific purpose.

(d) For the purposes of this subsection:

(i) "Cadet" means a person employed for the express purpose of receiving the on-the-job training required for attendance at the Washington state patrol academy and for becoming a commissioned trooper.

(ii) "Lateral hire" means an eligible employee previously employed as a general authority peace officer.

(8) (~~(\$3,896,000)~~) \$3,033,000 of the state patrol highway account—state appropriation is provided solely for implementation of chapter 17, Laws of 2023 (speed safety cameras). If chapter 17, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(9) \$500,000 of the state patrol highway account—state appropriation is provided solely for bonuses and other recruitment and retention-related compensation adjustments for communication officers and other noncommissioned staff of the Washington state patrol who are covered by a collective bargaining agreement. Funding in this subsection must first be used for targeted adjustments for communication officers. Remaining amounts may be used for compensation adjustments for other noncommissioned staff. Funding provided in this subsection is contingent upon the governor or the governor's designee reaching an appropriate memorandum of understanding with the exclusive bargaining representative. Agreements reached for compensation adjustments under this section may not exceed the amounts provided. If any agreement or combination of agreements exceed the amount provided in this subsection, all the agreements are subject to the requirements of RCW 41.80.010(3).

(10) (~~(\$3,226,000)~~) \$1,690,000 of the state patrol highway account—state appropriation is provided solely for (~~(two)~~) accelerated training programs for lateral hires. It is the intent of the legislature that the (~~(second)~~) accelerated training (~~(program)~~) programs for lateral hires offered in fiscal year 2025 achieves at least 40 qualified graduates based on the Washington state patrol aggressively recruiting, advertising bonus policies, and taking other steps to achieve this outcome.

(11) \$98,000 of the state patrol highway account—state appropriation is provided solely for the implementation of chapter 26, Laws of 2023 (nonconviction data). If chapter 26, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(12) \$76,000 of the state patrol highway account—state appropriation is provided solely for the implementation of chapter 471, Laws of 2023 (negligent driving). If chapter 471, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(13) \$107,000 of the state patrol highway account—state appropriation is provided solely for the implementation of chapter 462, Laws of 2023 (domestic violence). If chapter 462, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(14) By December 1, 2024, the Washington state patrol must provide a report to the governor and appropriate committees of the legislature on the status of *McClain v. Washington State*

Patrol and an update on legal expenses associated with the case.

(15) \$32,000 of the state patrol highway account—state appropriation is provided solely for the implementation of chapter 283, Laws of 2023 (illegal racing). If chapter 283, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(16) (~~(\$5,905,000)~~) \$9,563,000 of the state patrol highway account—state appropriation is provided solely for a third arming and third trooper basic training class, the initiation of a fourth arming and fourth trooper basic training class, and other additional academy costs. The third cadet class is expected to graduate in June 2025, and the fourth cadet class is expected to graduate in January 2026.

(17) (~~(\$2,381,000)~~) \$1,758,000 of the state patrol highway account—state appropriation is provided solely for the Washington state patrol to implement the provisions of the settlement agreement under *Washington State Patrol Troopers Association v. Washington State Patrol*, Public Employment Relations Commission Case No. 134557-U-21.

(18) \$2,307,000 of the state patrol highway account—state appropriation is provided solely for the migration of the agency's active directory into the state enterprise active directory.

(19) \$250,000 of the state patrol highway account—state appropriation is provided solely to expand the activities of the license investigation unit to King county on a pilot basis beyond the unit's current activities in southwestern Washington. By February 15, 2025, the Washington state patrol must provide a status report on the pilot implementation.

(20) (~~(\$2,222,000)~~) \$2,640,000 of the state patrol highway account—state appropriation is provided solely for the first planned replacement of an aging Cessna aircraft, including infrared cameras, and \$100,000 of the state patrol highway account—state appropriation is provided solely for the downpayment and related costs of the second planned replacement of another aging Cessna aircraft. It is the intent of the legislature to fund the second planned Cessna replacement without financing the acquisition as soon as the aircraft can be received in the 2025-2027 fiscal biennium, and therefore, the Washington state patrol may take the necessary steps to ensure delivery of the aircraft as soon as possible in the 2025-2027 fiscal biennium.

(21) \$300,000 of the state patrol highway account—state appropriation is provided solely for individual gun safes for troopers and other staff to allow the safe storage of firearms used in the performance of their duties.

(22) \$35,000 of the state patrol highway account—state appropriation is provided solely for implementation of chapter 207, Laws of 2024 (tribal warrants). If chapter 207, Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

(23) \$250,000 of the ignition interlock device revolving account—state appropriation is provided solely to improve compliance with ignition interlock device requirements associated with impaired driving offenses. By June 30, 2025, the Washington state patrol must provide a report detailing the staff hired, the activities undertaken, and outcome information associated with improving ignition interlock device compliance rates.

(24) \$691,000 of the state patrol highway account—state appropriation is provided solely for the implementation of chapter 237, Laws of 2024 (state patrol longevity bonus). If chapter 237, Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

(25) \$46,000 of the state patrol highway account—state appropriation is provided solely for the implementation of chapter 301, Laws of 2024 (catalytic converters). If chapter 301, Laws of

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,100,000 of the highway safety account—state appropriation and \$1,100,000 of the move ahead WA flexible account—state appropriation are provided solely for the department to provide an interagency transfer to the department of children, youth, and families for the purpose of providing driver's license support. In addition to support services required under RCW 74.13.338(2), support services may include reimbursement of:

(a) The cost for a youth in foster care of any eligible age to complete a driver training education course, as outlined in chapter 46.82 or 28A.220 RCW;

(b) The costs incurred by foster youth in foster care for a motor

vehicle insurance policy;

(c) The costs of roadside assistance, motor vehicle insurance deductibles, motor vehicle registration fees, towing services, car maintenance, comprehensive car insurance, and gas cards; and

(d) Any other costs related to obtaining a driver's license and driving legally and safely.

(2) \$150,000 of the highway safety account—state appropriation is provided solely for the department to conduct a study on the feasibility of implementing a mobile application for driver licensing. The department must submit a report of the study findings and any recommendations to the governor and the transportation committees of the legislature by December 1, 2024. The study must:

(a) Review the adoption actions in other states, including successes and lessons learned;

(b) Examine existing technical infrastructure and potential changes needed to maximize interoperability, utility, and privacy protection;

(c) Identify the technical investments and other costs associated with issuing digital drivers' licenses through a mobile application;

(d) Identify how the technology may impact and can be used by external stakeholders, such as law enforcement;

(e) Recommend any process changes required to implement the program successfully and ensure customer satisfaction; and

(f) Recommend any statutory changes required to allow for the usage of digital drivers' licenses, including recognition of interstate travelers.

(3)(a) \$350,000 of the highway safety account—state appropriation is provided solely for the department, in consultation with the Washington traffic safety commission, the department of health, the elder law section of the Washington state bar association, organizations representing older drivers, and driver rehabilitation specialists, to develop a comprehensive plan aimed at improving older driver safety. The department must submit a report on the comprehensive plan to the governor and the transportation committees of the legislature by December 1, 2024. The plan must include, but is not limited to:

(i) A comprehensive review of department policies surrounding older drivers and medically at-risk drivers, including:

(A) The medical assessment review process; and

(B) The counter assessment process in licensing service offices;

(ii) A feasibility analysis of the department establishing a medical advisory board to advise on general policy for at-risk drivers, driving privileges for individual medically at-risk drivers, and an appeals process for drivers whose privileges are revoked or restricted due to medical conditions;

(iii) A recommended assessment tool to determine a driver's potential risk to themselves or others when operating a motor vehicle so the department may make informed decisions on appropriate courses of action within the older driver program; and

(iv) Detailed information on how each component of the plan improves the safety associated with older drivers, while preserving the maximum level of older driver independence and privacy;

(b) The department may also use funds provided in this subsection to implement improvements to older driver traffic safety within existing authority.

(4) \$5,499,000 of the motor vehicle account—state appropriation is provided solely for the department to upgrade and improve its prorate and fuel tax system, and is subject to the conditions, limitations, and review requirements of section 701, chapter 472, Laws of 2023. In each phase of the project, the department must ensure and document the increase in business

capabilities and customer service outcomes, the improvements in fuel tax collection related information designed to resolve historical discrepancies in reporting information, and how the implementation plan mitigates risks associated with the proposed timeline and results in the sustainability of systems and platforms for the future. Before initiating the implementation phase of the project, the department must report to the office of the chief information officer on how the project meets its FAST act modernization roadmap, and vendor management and resource plans.

(5) \$16,000 of the motorcycle safety education account—state appropriation, \$2,000 of the limited fish and wildlife account—state appropriation, \$947,000 of the highway safety account—state appropriation, \$308,000 of the motor vehicle account—state appropriation, \$14,000 of the ignition interlock device revolving account—state appropriation, and \$14,000 of the department of licensing services account—state appropriation are provided solely for the department to redesign and improve its online services and website, and are subject to the conditions, limitations, and review requirements in section 701, chapter 472, Laws of 2023.

(6) The department shall report on a quarterly basis on licensing service office operations, associated workload, and information with comparative information with recent comparable months in prior years. The report must include detailed statewide and by licensing service office information on staffing levels, average monthly wait times, the number of enhanced drivers' licenses and enhanced identicards issued and renewed, and the number of primary drivers' licenses and identicards issued and renewed. By November 1, 2024, the department must prepare a report with recommendations on the future of licensing service office operations based on the recent implementation of efficiency measures designed to reduce the time for licensing transactions and wait times, and the implementation of statutory and policy changes made during the pandemic.

(7) For the 2023-2025 fiscal biennium, the department shall charge \$1,336,000 for the administration and collection of a motor vehicle excise tax on behalf of a regional transit authority, as authorized under RCW 82.44.135. The amount in this subsection must be deducted before distributing any revenues to a regional transit authority.

(8) \$742,000 of the motor vehicle account—state appropriation is provided solely for the increased costs associated with improvements desired to resolve delays in the production of license plates, including converting all subagents to the standard ordering process as recommended in the December 2022 plate inventory report, and to provide updated annual reports detailing changes in license plate production, inventory, and other practices taken to guard against plate production delays. The reports must be submitted to the governor and the transportation committees of the legislature by December 1, 2023, and December 1, 2024.

(9) \$243,000 of the highway safety account—state appropriation is provided solely for the department to continue to provide written materials on, place signage in licensing service offices regarding, and include into new driver training curricula, the requirements of RCW 46.61.212, the slow down and move over law.

(10) (~~(\$3,082,000))~~ \$4,591,000 of the abandoned recreational vehicle disposal account—state appropriation is provided solely for providing reimbursements in accordance with the department's abandoned recreational vehicle disposal reimbursement program. It is the intent of the legislature that the department prioritize this funding for allowable and approved reimbursements and not to build a reserve of funds within the account. During the 2023-2025 fiscal biennium, the department

must report any amounts recovered to the office of financial management and appropriate committees of the legislature on a quarterly basis.

(11) \$1,077,000 of the highway safety account—federal appropriation is provided solely for implementation of chapter 35, Laws of 2023 (CDL drug and alcohol clearinghouse). If chapter 35, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(12) \$116,000 of the highway safety account—state appropriation is provided solely for implementation of chapter 57, Laws of 2023 (streamlining CDL issuance). If chapter 57, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(13) \$845,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 445, Laws of 2023 (improving young driver safety). If chapter 445, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(14) \$180,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter 440, Laws of 2023 (open motor vehicle safety recalls). If chapter 440, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(15) \$497,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 466, Laws of 2023 (updating processes related to voter registration). If chapter 466, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(16) \$29,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 118, Laws of 2023 (driver's abstract changes). If chapter 118, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(17) \$47,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 453, Laws of 2023 (competency evaluations). If chapter 453, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(18) \$23,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 283, Laws of 2023 (illegal racing). If chapter 283, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(19) \$155,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 316, Laws of 2023 (jury diversity). If chapter 316, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(20)(a) \$36,000 of the motor vehicle account—state appropriation is provided solely for the issuance of nonemergency medical transportation vehicle decals to implement the high occupancy vehicle lane access pilot program established in section 217(2), chapter 472, Laws of 2023. A for hire nonemergency medical transportation vehicle is a vehicle that is a "for hire vehicle" under RCW 46.04.190 that provides nonemergency medical transportation, including for life-sustaining transportation purposes, to meet the medical transportation needs of individuals traveling to medical practices and clinics, cancer centers, dialysis facilities, hospitals, and other care providers.

(b) As part of this pilot program, the owner of a for hire nonemergency medical transportation vehicle may apply to the department, county auditor or other agent, or subagent appointed by the director, for a high occupancy vehicle exempt decal for a for hire nonemergency medical transportation vehicle. The high occupancy vehicle exempt decal allows the for hire

2025 REGULAR SESSION

nonemergency medical transportation vehicle to use a high occupancy vehicle lane as specified in RCW 46.61.165 and 47.52.025 during the 2023-2025 fiscal biennium.

(c) For the exemption in this subsection to apply to a for hire nonemergency medical transportation vehicle, the decal:

(i) Must be displayed on the vehicle so that it is clearly visible from outside the vehicle;

(ii) Must identify that the vehicle is exempt from the high occupancy vehicle requirements; and

(iii) Must be visible from the rear of the vehicle.

(d) The owner of a for hire nonemergency medical transportation vehicle or the owner's representative must apply for a high occupancy vehicle exempt decal on a form provided or approved by the department. The application must include:

(i) The name and address of the person who is the owner of the vehicle;

(ii) A full description of the vehicle, including its make, model, year, and the vehicle identification number;

(iii) The purpose for which the vehicle is principally used;

(iv) An attestation signed by the vehicle's owner or the owner's representative that the vehicle's owner has a minimum of one contract or service agreement to provide for hire transportation services for medical purposes with one or more of the following entities: A health insurance company; a hospital, clinic, dialysis center, or other medical institution; a day care center, retirement home, or group home; a federal, state, or local agency or jurisdiction; or a broker who negotiates these services on behalf of one or more of these entities; and

(v) Other information as required by the department upon application.

(e) The department, county auditor or other agent, or subagent appointed by the director shall collect the fee required under (f) of this subsection when issuing or renewing a high occupancy vehicle exempt decal.

(f) The department, county auditor or other agent, or subagent must collect a \$5 fee when issuing or renewing a decal under this subsection, in addition to any other fees and taxes required by law.

(g) A high occupancy vehicle exempt decal expires June 30, 2025, and must be marked to indicate its expiration date. The decal may be renewed if the pilot program is continued past the date of a decal's expiration. The status as an exempt vehicle continues until the high occupancy vehicle exempt decal is suspended or revoked for misuse, the vehicle is no longer used as a for hire nonemergency medical transportation vehicle, or the pilot program established in section 217(2), chapter 472, Laws of 2023 is terminated.

(h) The department may adopt rules to implement this subsection.

(21)(a) \$265,000 of the highway safety account—state appropriation is provided solely for the department to provide an interagency transfer to the Washington center for deaf and hard of hearing youth, in consultation with the department and the office of the superintendent of public instruction, to fund the cost of interpreters for driver training education for deaf and hard of hearing youth to enable them to access driver training education at the same cost as their peers, and to pilot a sustainable driver training education program to determine how best to meet the driver training education needs of deaf and hard of hearing youth in the state in the future. The pilot must include:

(i) Determination of an appropriate number of instructors and an appropriate method of certification for instructors who are fluent in American Sign Language (ASL);

(ii) Determination of how best to provide driver training education statewide to deaf and hard of hearing novice drivers;

(iii) Development of a program to offer the required curriculum

under RCW 28A.220.035 to deaf and hard of hearing novice drivers; and

(iv) Capped course instruction costs for deaf and hard of hearing students at the average rate of their hearing peers.

(b) The department shall submit a report to the transportation committees of the legislature developed by the Washington center for deaf and hard of hearing youth by March 1, 2024, that provides recommendations for a permanent program to make driver education equitably accessible for deaf and hard of hearing students.

(22) \$350,000 of the highway safety account—state appropriation is provided solely for the department to improve the process for commercial driver's license (CDL) holders to submit medical certification documents and update self-certification status to the department. The department shall:

(a) Update license express to improve the process and make it more user friendly;

(b) Add options for the driver to renew or replace the driver's CDL credentials as part of the medical or self-certification process;

(c) Add a customer verification step confirming the requested changes and clearly stating how this change will impact the driver's CDL; and

(d) Add improved messaging throughout the process.

In addition, the department shall make available on the driving record abstract a complete medical certificate downgrade history, and provide a one-time mailing to all current CDL holders explaining the process to update their medical certificate documents and self-certification.

(23) \$1,962,000 of the highway safety account—state appropriation is provided solely for the establishment of a pilot mobile licensing unit to provide licensing and identicaid services. By December 1, 2024, the department must submit a report to the governor and the transportation committees of the legislature detailing the locations served, the number and type of documents issued, and other outcome measures associated with the mobile licensing unit. The report must include consideration of the facility needs of licensing service offices in the context of flexible mobile licensing services.

(24) \$2,750,000 of the highway safety account—state appropriation is provided solely for organizations providing driver's license assistance and support services. Of this amount:

(a) \$2,000,000 of the highway safety account—state appropriation is provided solely for driver's license assistance and support services in King county with an existing provider that is already providing these services to low-income immigrant and refugee women; and

(b) \$750,000 of the highway safety account—state appropriation is provided solely for additional contracts in fiscal year 2025 with organizations providing driver's license assistance and other related support services in other parts of the state.

(c) By December 1st of each year, the department must submit information on the contracted providers, including: The annual budget of the contracted providers in the preceding year; information regarding private and other governmental support for the activities of the providers; and a description of the number of people served, services delivered, and outcome measures. In developing its 2025-2027 biennial budget submittal, the department, after consulting with the existing organization in King county and organizations receiving funds with the fiscal year 2025 expansion, must develop a statewide delivery plan that maximizes the number of people served, promotes efficiency in service delivery, and recognizes different models based on needs in particular areas of the state.

(25) \$8,000 of the motorcycle safety education account—state

appropriation is provided solely for the implementation of chapter 137, Laws of 2023 (motorcycle safety board). If chapter 137, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(26) \$29,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter 431, Laws of 2023 (transportation resources). If chapter 431, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(27) \$282,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 471, Laws of 2023 (negligent driving). If chapter 471, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(28) \$4,464,000 of the highway safety account—state appropriation is provided solely for costs associated with relocating licensing service offices during the 2023-2025 fiscal biennium. This includes \$2,790,000 provided for relocations in the 2023-2025 omnibus transportation appropriations act. By June 30th of each year, the department must submit a status report on licensing service offices planned for relocation during the 2023-2025 fiscal biennium.

(29) \$1,395,000 of the motor vehicle account—state appropriation is provided solely for implementation of chapter 1, Laws of 2024 (enhancing prorate and fuel tax collections). If chapter 1, Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

(30) (~~(\$100,000)~~) \$65,000 of the highway safety account—state appropriation is provided solely for implementation of chapter 162, Laws of 2024 (improving access to department of licensing issued documents). If chapter 162, Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

(31) \$150,000 of the motor vehicle account—state appropriation is provided solely for the department to conduct a study on the feasibility of implementing a process for the electronic submittal of title and registration documents for motor vehicles, within the current vehicle licensing model. The department must submit a report of the study findings and any recommendations to the governor and the transportation committees of the legislature by September 1, 2025. The study must: (a) Review the current processes in Washington and other states, including how such processes addressed fraud prevention and document security; (b) examine existing technical infrastructure and potential changes needed to allow for completion and submittal of lien and titling documents by financial institutions and vehicle dealers to subagents, county auditors, and the department of licensing, while maximizing interoperability, utility, data security, and customer privacy; (c) identify the technical investments and other costs associated with the submission of electronic documents by financial institutions and vehicle dealers to subagents, county auditors, and the department of licensing; (d) recommend any statutory changes required to allow for the submission of electronic documentation to subagents, county auditors, and the department of licensing; and (e) examine the impact of these technology changes on external stakeholders including, but not limited to, subagents, county auditors, financial institutions, vehicle dealers, and insurance companies.

(32) \$6,000 of the motorcycle safety education account—state appropriation, \$1,000 of the limited fish and wildlife account—state appropriation, \$406,000 of the highway safety account—state appropriation, \$137,000 of the motor vehicle account—state appropriation, \$5,000 of the ignition interlock device revolving account—state appropriation, and \$6,000 of the department of licensing services account—state appropriation are provided

solely for the department of licensing for additional finance and budget staff. By December 1, 2024, the department shall submit a report to the governor and appropriate committees of the legislature on the specific steps the department has taken to address the findings of the State Auditor's Office FY2022 Accountability Audit Report No. 1032793.

(33) \$225,000 of the highway safety account—state appropriation is provided solely for the department, for incorporation into its comprehensive implementation plan required under chapter 445, Laws of 2023 (improving young driver safety), to expand driver training education requirements for driver's license purposes to persons age 18 through 24 to include: (a) An assessment of opportunities to close availability and accessibility gaps in rural and underserved areas, as specified in section 612 of this act; and (b) an analysis of the potential inclusion of a mandatory driver's education refresher course requirement consisting of in-person or virtual classroom-based instruction on risk management and hazard protections one year after licensure, as specified in section 612 of this act.

(34) \$38,000 of the motor vehicle account—state appropriation is provided solely for implementation of chapter 308, Laws of 2024 (speed safety cameras). If chapter 308, Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

(35) \$34,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter 146, Laws of 2024 (definition of veteran). If chapter 146, Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

(36) \$159,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 306, Laws of 2024 (impaired driving). If chapter 306, Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

(37) \$300,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 315, Laws of 2024 (state custody/ID cards). If chapter 315, Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

(38) \$50,000 of the motor vehicle account—state appropriation is provided solely for the department to conduct a study on the feasibility of implementing and administering a per mile fee program. The study must identify the staffing and resources needed to implement and administer the program, including possible technical investments, leveraging existing technology platforms. A preliminary report of the study findings relating to internal costs to administer the program is due to the governor and transportation committees of the legislature by December 31, 2024. The legislature intends to require a final report that includes potential third-party costs and options to the governor and the transportation committees of the legislature by December 31, 2025.

(39) \$2,100,000 of the highway safety account—state appropriation is provided solely for the department to increase public awareness of REAL ID. Of the amounts appropriated in this subsection, \$1,000,000 is for the department to directly contract with a communications group with experience spreading awareness about REAL ID to community-based organizations and ethnic media outlets.

(40)(a) \$10,000 of the highway safety account—state appropriation is provided solely for the department to enter into an interagency agreement with the commission on Asian Pacific American Affairs to contract with one or more private nonprofit organizations with appropriate expertise and experience to provide REAL ID compliance support to residents of the state who are compact of free association citizens, comprised of

citizens of the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau, by providing the following assistance using a culturally and linguistically appropriate approach:

(i) Communication and community outreach activities to inform compact of free association citizens of federally acceptable identification options that will be required and for which they are eligible for the purposes of domestic air travel once the REAL ID Act policy takes effect;

(ii) Case management assistance through the use of community navigators who can provide assistance in the process to obtain federally acceptable identification documents that will be required for the purposes of domestic air travel when the REAL ID Act policy is in effect, including in obtaining any documentation necessary for the application process; and

(iii) For those who meet the requirements of (b) of this subsection, financial assistance to obtain federally acceptable identification documents that will be required for the purposes of domestic air travel when the REAL ID Act policy is in effect, including financial assistance to obtain a foreign passport.

(b) To qualify for assistance under (a)(ii) of this subsection (40), a compact of free association citizen who resides in the state of Washington must be:

(i) A recipient of, or eligible for, public assistance under Title 74 RCW; or

(ii) A participant in, or eligible for, the Washington women, infants, and children program.

TOTAL APPROPRIATION.....	(\$153,839,000)) \$144,905,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,300,000 of the Tacoma Narrows toll bridge account—state appropriation and \$12,820,000 of the state route number 520 corridor account—state appropriation are provided solely for the purposes of addressing unforeseen operations and maintenance costs on the Tacoma Narrows bridge and the state route number 520 bridge, respectively. The office of financial management shall place the amounts provided in this subsection, which represent a portion of the required minimum fund balance under the policy of the state treasurer, in unallotted status. The office may release the funds only when it determines that all other funds designated for operations and maintenance purposes have been exhausted.

(2) As long as the facility is tolled, the department must provide annual reports to the transportation committees of the legislature

on the Interstate 405 express toll lane project performance measures listed in RCW 47.56.880(4). These reports must include:

(a) Information on the travel times and travel time reliability (at a minimum, average and 90th percentile travel times) maintained during peak and nonpeak periods in the express toll lanes and general purpose lanes for both the entire corridor and commonly made trips in the corridor including, but not limited to, northbound from Bellevue to Rose Hill, state route number 520 at NE 148th to Interstate 405 at state route number 522, Bellevue to Bothell (both NE 8th to state route number 522 and NE 8th to state route number 527), and a trip internal to the corridor (such as NE 85th to NE 160th) and similar southbound trips; and

(b) Underlying congestion measurements, that is, speeds, that are being used to generate the summary graphs provided, to be made available in a digital file format.

(3) \$535,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation, \$1,245,000 of the state route number 520 corridor account—state appropriation, \$535,000 of the Tacoma Narrows toll bridge account—state appropriation, and \$702,000 of the Alaskan Way viaduct replacement project account—state appropriation are provided solely for the reappropriation of unspent funds on the new tolling back office system from the 2021-2023 fiscal biennium.

(4) The department shall make detailed annual reports to the transportation committees of the legislature and the public on the department's website in a manner consistent with past practices as specified in section 209(5), chapter 186, Laws of 2022.

(5) As part of the department's 2025-2027 biennial budget request, the department shall update the cost allocation recommendations that assign appropriate costs to each of the toll funds for services provided by relevant Washington state department of transportation programs, the Washington state patrol, and the transportation commission. The recommendations shall be based on updated traffic and toll transaction patterns and other relevant factors.

(6) Up to \$16,648,000 of the amounts provided for operations and maintenance expenses on the state route number 520 facility from the state route number 520 corridor account during the 2023-2025 fiscal biennium in this act are derived from the receipt of federal American rescue plan act of 2021 funds and not toll revenues.

(7) \$500,000 of the state route number 520 corridor account—state appropriation is provided solely for the department to begin a traffic and revenue study of tolling on the state route number 520 corridor. The department, in consultation with the transportation commission, shall initiate planning work regarding updated tolling on the state route number 520 corridor.

(8) ~~(\$19,248,000))~~ **\$10,188,000** of the state route number 520 corridor account—state appropriation is provided solely for the costs of insurance for the state route number 520 floating bridge.

(9) \$75,000 of the state route number 520 corridor account—state appropriation is provided solely for the department to (a) conduct an actuarial analysis of the short and long-term costs and benefits, including risk mitigation of self-insurance as compared to the commercial insurance option for the state route number 520 floating bridge, as allowed under the terms of the state route number 520 master bond resolution, and (b) develop a plan to implement a self-insurance program for the state route number 520 floating bridge. By December 15, 2024, the department shall report to the governor and the transportation committees of the legislature on the results of the actuarial analysis and the self-insurance program. It is the intent of the legislature to implement a self-insurance program for the state route number 520 floating bridge by July 1, 2025.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$500,000 of the move ahead WA account—state appropriation is provided solely for the department to conduct a detailed space study and develop an implementation plan that builds off the findings and recommendations of the department's "Telework Impact Study" completed in September 2022. Such efforts must also incorporate office space use reduction requirements for the department in this act as well as current and planned telework levels. The detailed space study and development of the implementation plan must be conducted in consultation with the office of financial management and the department of enterprise services, and must focus on office and administrative space efficiency, providing specific recommendations, cost estimates, and cost savings. While focused on office and administrative space, the department is encouraged to review other types of facilities where efficiencies can be achieved. The final study report must include:

(a) The development of low, medium, and high scenarios based on reducing space use, with the high space reduction scenario being based on a minimum of a 30 percent reduction by 2030;

(b) Detailed information on any increased capital and other implementation costs under each scenario;

(c) Detailed information on reduced costs, such as leases, facility maintenance, and utilities, under each scenario;

(d) An analysis of opportunities to collocate with other state, local, and other public agencies to reduce costs and improve cost-efficiency while meeting utilization standards; and

(e) An assessment of the commercial value and return to the state transportation funds associated with the sale of the property from consolidation and other space efficiency measures.

(2)(a) The department must submit the implementation plan

and final report from the detailed space study to the office of financial management and the transportation committees of the legislature by October 1, 2024.

(b) Conducting the detailed space study under subsection (1) of this section must not prevent or delay the department from meeting other space use and related requirements, or where warranted by current information or opportunities.

(c) In addition to the reporting requirement under subsection (1) of this section, the department must provide information to the office of financial management in its comparative analysis of office space, leases, and relocation costs required by the omnibus operating appropriations act.

The appropriations in this section are subject to the following conditions and limitations:

(1) The entire move ahead WA account—state appropriation is provided solely for the department's costs related to replacing obsolete transportation equipment and replacing fuel sites. Beginning December 1, 2024, and annually thereafter, the department must provide a report to the office of financial management and the transportation committees of the legislature detailing the current progress on replacing obsolete equipment, progress towards reaching a level purchasing state, and the status of a fuel site replacement prioritization plan. The report must also include:

(a) A list of department owned and managed fuel sites prioritized by urgency of replacement;

(b) A discussion of department practices that would create a sustained revenue source for capital repair and replacement of fuel sites; and

(c) A discussion of to what extent the fuel site infrastructure can support zero emissions vehicles.

(2)(a) \$100,000 of the multimodal transportation account—state appropriation is provided solely for the department to administer a pilot program to install and test intelligent speed monitoring technology in a portion of the department's fleet of vehicles while using global positioning system technology and other mapping tools to monitor vehicle location and corresponding speed limits on traveled roadways.

(b) The pilot program must begin by January 1, 2024, for a 12-month period. By June 30, 2025, the department must report to the transportation committees of the legislature the results of the pilot program and provide any legislative or policy recommendations, including information on the potential impact of lawsuits related to vehicle operations.

(1) (~~(\$2,000,000))~~ \$1,900,000 of the aeronautics account—state appropriation is provided solely for the move ahead WA aviation grants. The department shall prioritize projects eligible for federal funding.

(2) (~~(\$1,476,000))~~ \$1,376,000 of the aeronautics account—state appropriation is provided solely for sustainable aviation grants recommended by the department under the sustainable aviation grants program. The department shall submit a report to the transportation committees of the legislature by October 1, 2024, identifying a selection of sustainable aviation projects for funding by the legislature. In considering projects to recommend to fund, the department shall only consider projects that advance the state of sustainable aviation technology and lead to future innovation. Innovative sustainable aviation projects may include, but are not limited to, pilot projects demonstrating the use of:

- (a) Mobile battery charging technology;
- (b) Hydrogen electrolyzers and storage;
- (c) Electric ground equipment; and
- (d) Hanger charging technology.

(3) \$300,000 of the aeronautics account—state appropriation is provided solely for the department to develop a statewide advanced air mobility aircraft plan to develop and integrate advanced air mobility aircraft into current modal systems. The department shall submit a report by June 1, 2025, to the office of financial management and the transportation committees of the legislature including, but not limited to:

(a) Near, medium, and long-term recommendations for land use planning for advanced and urban air mobility vertiports and vertistops;

(b) An inventory of infrastructure needs to support a statewide vertiport network and a recommended program to deploy funds to local governments to share costs;

(c) Proposed state governance structures and regulatory mechanisms to adequately complement federal aviation administration oversight;

(d) Recommended policies to foster vertiport and vertistop infrastructure development that ensure open public access, efficiency in land use siting, and equitable distribution across the state; and

(e) In consultation with local jurisdictions, planning organizations, and other modal managers, recommendations on advanced air mobility aircraft integration into statewide transportation plans.

(4) \$1,931,000 of the aeronautics account—state appropriation is provided solely for the implementation of chapter 463, Laws of 2023 (commercial aviation services). Funding is provided for the activities of the work group and for support of the work group by the department. The activities of the work group include the issuance of the initial progress report, required in section 4, chapter 463, Laws of 2023, which requires the listing of areas that will not have further review as the areas are in conflict with the operations of a military installation. The report must also identify unsuitable geographies due to either environmental impacts or impacts to overburdened communities. Additionally, within the funding provided, the work group must:

(a) Work to understand what studies currently exist on state transportation needs and capacities and identify any gaps of information; and

(b) Conduct meaningful community engagement with overburdened and vulnerable populations with a focus on the environmental justice impact of aviation on communities.

(5) \$300,000 of the aeronautics account—state appropriation is provided solely for the Port of Bremerton to conduct a study on the feasibility of offering commercial service at the Port of Bremerton airport. Pursuant to RCW 47.68.090(2)(c), the

department may not require a match for this project.

(6) \$2,575,000 of the aeronautics account—state appropriation is provided solely for the Pullman-Moscow regional airport. Pursuant to RCW 47.68.090(2)(c), the department may not require a match for this project.

..... \$572,000

TOTAL APPROPRIATION (~~(\$67,584,000))~~
\$65,609,000

The appropriations in this section are subject to the following conditions and limitations:

(1) During the 2023-2025 fiscal biennium, if the department takes possession of the property situated in the city of Edmonds for which a purchase agreement was executed between Unocal and the department in 2005 (Tax Parcel Number 262703-2-003-0009), and if the department confirms that the property is still no longer needed for transportation purposes, the department shall provide the city of Edmonds with the first right of purchase at fair market value in accordance with RCW 47.12.063(3) for the city's intended use of the property to rehabilitate near-shore habitat for salmon and related species.

(2) \$469,000 of the motor vehicle account—state appropriation is reappropriated and provided solely for the implementation of chapter 217, Laws of 2021 (noxious weeds).

(3) The department shall determine the fair market value of the northern parcel of site 14 on the Puget Sound Gateway Program SR 509 Completion Project Surplus Property list, located immediately south of S. 216th Street and adjacent to the Barnes Creek Nature Trail in Des Moines, to be submitted to the transportation committees of the legislature by December 15, 2023, for an evaluation of possible next steps for use of the property that is in the public interest.

(4)(a) \$572,000 of the move ahead WA flexible account—state appropriation is provided solely to track and maximize clean fuels credits and revenue generated by state agencies pursuant to chapter 70A.535 RCW.

(b) The LEAP Transportation Document (~~(2024-2))~~ 2025-2 ALL PROJECTS as developed (~~(March 6, 2024))~~ April 26, 2025, anticipates fulfillment of the requirements under chapter 70A.535 RCW of generating credits and revenue for transportation investments funded in an omnibus transportation appropriations act, including the move ahead WA transportation package. The omnibus transportation appropriations act anticipates credits for ferry electrification for new hybrid electric vessels, active transportation, transit programs and projects, alternative fuel infrastructure, connecting communities, and multimodal investments.

(c) Pursuant to the reporting requirements of RCW 70A.535.050(5), the department must present a detailed projection of the credit revenues generated and achieved directly as a result of the funding and activities in this subsection.

(5) \$93,000 of the multimodal transportation account—state appropriation is provided solely for the implementation of chapter 169, Laws of 2023 (climate resilience strategy).

~~((7))~~ (6)(a) ~~(((\$500,000))~~ \$150,000 of the multimodal transportation account—state appropriation is provided solely for the department to explore alternative uses of the state's highway rights-of-way to address pressing public needs relating to climate change, equitable communications, renewable energy generation, electrical transmission and distribution projects, broadband projects, vegetation management, inductive charging in travel lanes, alternative fueling facilities, and other appropriate uses. In exploring alternative uses of the state's highway rights-of-way, the department shall:

(i) Review the utility accommodation policy and make recommendations to update the policy to include clean energy and connectivity projects under 23 C.F.R. Part 645. At a minimum, the recommendations for updated clean energy and connectivity projects must include renewable energy and electrical transmission and distribution;

(ii) Review and update the department's integrated roadside vegetation management plans to maximize carbon sequestration and develop habitat and forage for native pollinators, Monarch butterflies, and honeybees through plantings of native noninvasive flowering plants and grasses on the state highways rights-of-way and at safety rest areas;

(iii) Assess the state highways rights-of-way land areas most suitable for solar development by considering slope, elevation, vegetative cover, and solar radiation; and

(iv) Identify existing highway rights-of-way suitable as designated energy corridors for electric transmission and distribution and other energy infrastructure.

(b) In carrying out the requirements in (a) of this subsection, the department may consult with an organization that uses an advanced rights-of-way solar mapping tool that uses ArcGIS Pro software for faster and more precise analysis of rights-of-way solar using the state's full spatial rights-of-way data sets.

(c) The department must report its findings, recommendations, and status of its updates to the transportation committees of the legislature by January 15, 2025.

~~((8))~~ (7) To assist the department as it continues to make progress on meeting the requirements of the federal *U.S. v. Washington* court injunction and to address estimated programmatic cost increases, within the funding provided in this section, the department shall analyze contracting methods, alternative bundling concepts, and other options to manage costs. The department shall provide a report outlining recommendations to the governor and transportation committees of the legislature by December 15, 2024.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$3,746,000 of the electric vehicle account—state appropriation(~~(-)~~) and \$30,000,000 of the carbon emissions reduction account—state appropriation(~~(-)~~ and beginning January

1, 2025, \$15,000,000 of the carbon emissions reduction account—state appropriation) are provided solely for the clean alternative fuel vehicle charging and refueling infrastructure program in ~~((chapter 287, Laws of 2019 (advancing green transportation adoption)))~~ RCW 47.04.350.

(2) \$1,000,000 of the electric vehicle account—state appropriation and \$500,000 of the multimodal transportation account—state appropriation are provided solely for a colocated DC fast charging and hydrogen fueling station near the Wenatchee or East Wenatchee area near a state route or near or on a publicly owned facility to service passenger, light-duty and heavy-duty vehicles. The hydrogen fueling station must include a DC fast charging station colocated at the hydrogen fueling station site. Funds may be used for one or more fuel cell electric vehicles that would utilize the fueling stations. The department must contract with a public utility district that produces hydrogen in the area to own and/or manage and provide technical assistance for the design, planning, permitting, construction, maintenance and operation of the hydrogen fueling station. The department and public utility district are encouraged to collaborate with and seek contributions from additional public and private partners for the fueling station.

(3) The public-private partnerships program must continue to explore retail partnerships at state-owned park and ride facilities, as authorized in RCW 47.04.295.

(4) \$1,200,000 of the multimodal transportation account—state appropriation(~~(-)~~) and \$2,000,000 of the carbon emissions reduction account—state appropriation(~~(-)~~ and beginning January 1, 2025, \$3,400,000 of the carbon emissions reduction account—state appropriation;) are provided solely for the pilot program established under ~~((chapter 287, Laws of 2019 (advancing green transportation adoption)))~~ RCW 47.04.355 to provide clean alternative fuel vehicle use opportunities to underserved communities and low to moderate income members of the workforce not readily served by transit or located in transportation corridors with emissions that exceed federal or state emissions standards. Consistent with the geographical diversity element described in RCW 47.04.355(4), the legislature strongly encourages the department to consider implementing the pilot in both urban and rural communities if possible, to obtain valuable information on the needs of underserved communities located in different geographical locations in Washington.

(5) ~~(((\$120,000,000))~~ \$7,849,000 of the carbon emissions reduction account—state appropriation(~~(-)~~ and beginning January 1, 2025, \$10,000,000 of the carbon emissions reduction account—state appropriation, are) is provided solely for implementation of zero-emission medium and heavy-duty vehicle and equipment infrastructure and incentive programs and for the replacement of school buses powered by fossil fuels with zero-emission school buses, including the purchase and installation of zero-emission school bus refueling infrastructure.

(a) Of this amount, ~~(((\$20,000,000))~~ \$660,000 is for the department to administer an early action grant program to provide expedited funding for the replacement of school buses powered by fossil fuels with zero-emission school buses, including the purchase and installation of zero-emission school bus refueling infrastructure. The department must contract with the department of ecology to implement the early action grant program.

(b)(i) The remaining ~~(((\$110,000,000))~~ \$4,149,000, inclusive of costs for program administration and staffing, is for a point-of-sale voucher incentive program to encourage the faster adoption of zero-emission medium and heavy-duty vehicles to further state climate goals under RCW 70A.45.020 and state equity goals under chapter 70A.02 RCW. The voucher incentive program must be administered by a third-party administrator that has experience administering voucher incentive programs, with oversight

conducted by the department.

(ii) The voucher program is required to be designed based on the recommendations of the Joint Transportation Committee report *Washington State Infrastructure and Incentive Program Design for MHD ZEVs*, and to include:

- (A) Simplified zero-emission vehicle eligibility requirements;
- (B) Vehicle and infrastructure incentives aligned with programs in other jurisdictions, where appropriate, to streamline user planning;
- (C) Financial enhancements for select populations based on equity considerations, including for vehicles in disadvantaged communities and vehicles to be purchased by small, minority-owned businesses, with consideration for support of the secondary vehicle market;
- (D) A centralized user and manufacturer portal for information, application, and assistance;
- (E) A fleet assistance and qualification program to assist in zero-emission vehicle and infrastructure planning, to be administered by the Washington State University extension energy program in coordination with the department and the voucher program's third-party administrator; and
- (F) A voucher preapproval process to evaluate participant eligibility, readiness for fleet deployment, and infrastructure preparedness.

(iii) The following battery electric and hydrogen fuel cell electric vehicle categories and associated charging, as well as refueling infrastructure for these categories, are eligible for the voucher program, subject to additional qualification criteria to be determined by the department and the voucher program third-party administrator:

(A) On-road vehicles from class 2b, heavy work pickups and vans, through class 8, heavy tractor-trailer units and refuse trucks; and

(B) Cargo handling and off-road equipment.

(iv) School buses and transit vehicles eligible for state grant programs for the purchase of zero-emission vehicles are not eligible for vouchers under this program, but are eligible for fleet assistance provided in association with the voucher program, which must include assistance in determining state and federal grant eligibility for these vehicles.

(v) The voucher amounts selected by the department and voucher program third-party administrator must further the policy goals of the program cited in (b)(i) of this subsection by offsetting investments required for medium and heavy-duty vehicle and equipment owners to transition to zero-emission vehicles and equipment. The department and voucher program third-party administrator must condition vehicle and infrastructure voucher funding to ensure these program policy goals are furthered through the voucher funding provided.

(vi) Consistent with voucher program design, the department is required to distribute funds to the voucher program third-party administrator sufficiently in advance of final requirements for voucher distribution being met to facilitate the voucher's timely distribution by the third-party administrator to sellers of zero-emission vehicles and infrastructure.

(6) \$2,100,000 of the carbon emissions reduction account—state appropriation is provided solely to fund electric vehicle charging infrastructure for the electric charging megasite project at Mount Vernon library commons.

(7) \$2,500,000 of the multimodal transportation account—state appropriation is provided solely for the department to coordinate with cities, counties, ports, and private entities to develop actionable recommendations for state assistance in the development of specific candidate truck parking sites to be developed with amenities, identified by location. The department

shall identify private land parcels for potential development of sites, which may include, but should not be limited to, a feasibility analysis of sites adjacent to Interstate 90 near North Bend for a 400 to 600 space truck parking site. The public benefit of each potential truck parking site must be included in this assessment. The department shall consider opportunities for the state to provide assistance in the development of truck parking sites, including possible opportunities to provide assistance in land acquisition and evaluating land use requirements. The department must update the transportation committees of the legislature on agency activities and their status by December 1, 2023, and to provide a final report to the transportation committees of the legislature by December 1, 2024.

(8) (~~Beginning January 1, 2025, \$10,000,000~~) \$14,000 of the carbon emissions reduction account—state appropriation is provided solely for grants, and to serve as a state match for secured federal funds, to finance hydrogen refueling infrastructure for medium and heavy-duty vehicles (~~(with a focus on locations in disadvantaged and overburdened communities, where possible)~~). The department, in consultation with the interagency electric vehicle coordinating council, should pursue any federal funding available through the charging and fueling infrastructure discretionary grant program and any other sources under the federal infrastructure investment and jobs act (P.L. 29 117-58).

(9) (~~Beginning January 1, 2025, \$800,000~~) \$400,000 of the carbon emissions reduction account—state appropriation is provided solely for the cities of Bellevue and Redmond to each purchase an electric fire engine.

(10) ~~Beginning January 1, 2025, \$1,725,000 of the carbon emissions reduction account—state appropriation is provided solely for a Tacoma Public Utilities medium-duty zero-emission utility service vehicle pilot project that includes charging infrastructure and mobile battery units.~~

TOTAL APPROPRIATION	(\$621,402,000))
	<u>\$633,099,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$5,000,000 of the motor vehicle account—state appropriation is provided solely for a contingency pool for snow and ice removal. The department must notify the office of financial management and the transportation committees of the legislature when they have spent the base budget for snow and ice removal and will begin using the contingency pool funding.

(2)(a) \$115,000 of the state route number 520 corridor account—state appropriation is provided solely for the department to enter into a dispute resolution process with local

jurisdictions to produce interagency agreements to address the ongoing facility and landscape maintenance of the three state route number 520 eastside lids and surrounding areas at the Evergreen Point Road, 84th Avenue NE, and 92nd Avenue NE.

(b) The agreements pursuant to (a) of this subsection must be executed by June 30, 2024.

(3)(a) \$9,000,000 of the motor vehicle account—state appropriation is provided solely for the department to address the risks to safety and public health associated with homeless encampments on department owned rights-of-way. The department must coordinate and work with local government officials and social service organizations who provide services and direct people to housing alternatives that are not in highway rights-of-way to help prevent future encampments from forming on highway rights-of-way and may reimburse the organizations doing this outreach assistance who transition people into treatment or housing or for debris clean up on highway rights-of-way. A minimum of \$2,000,000 of this appropriation must be used to deliver more frequent removal of litter on the highway rights-of-way that is generated by unsheltered people and may be used to hire crews specializing in collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist to the traveling public and department employees. The department may use these funds to either reimburse local law enforcement costs or the Washington state patrol if they are providing enhanced safety to department staff during debris cleanup or during efforts to prevent future encampments from forming on highway rights-of-way.

(b) Beginning November 1, 2023, and semiannually thereafter, the Washington state patrol and the department of transportation must jointly submit a report to the governor and the transportation committees of the legislature on the status of these efforts, including:

(i) A summary of the activities related to addressing encampments, including information on arrangements with local governments or other entities related to these activities;

(ii) A description of the planned activities in the ensuing two quarters to further address the emergency hazards and risks along state highway rights-of-way; and

(iii) Recommendations for executive branch or legislative action to achieve the desired outcome of reduced emergency hazards and risks along state highway rights-of-way.

(4) \$1,000,000 of the motor vehicle account—state appropriation is provided solely for a partnership program between the department and the city of Spokane, to be administered in conjunction with subsection (3) of this section. The program must address the safety and public health problems created by homeless encampments on the department's property along state highways within the city limits. \$555,000 of the motor vehicle account—state appropriation is for dedicated department maintenance staff and associated clean-up costs. The department and the city of Spokane shall enter into a reimbursable agreement to cover up to \$445,000 of the city's expenses for clean-up crews and landfill costs.

(5) \$1,025,000 of the motor vehicle account—state appropriation is provided solely for the department to implement safety improvements and debris clean up on department-owned rights-of-way in the city of Seattle at levels above that being implemented as of January 1, 2019, to be administered in conjunction with subsection (3) of this section. The department must maintain a crew dedicated solely to collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist to the traveling public, department employees, or people encamped upon department-owned rights-of-way. The department may request assistance from the Washington state patrol as necessary

in order for both agencies to provide enhanced safety-related activities regarding the emergency hazards along state highway rights-of-way in the Seattle area.

(6) \$1,015,000 of the motor vehicle account—state appropriation is provided solely for a partnership program between the department and the city of Tacoma, to be administered in conjunction with subsection (3) of this section. The program must address the safety and public health problems created by homeless encampments on the department's property along state highways within the city limits. \$570,000 of the motor vehicle account—state appropriation is for dedicated department maintenance staff and associated clean-up costs. The department and the city of Tacoma shall enter into a reimbursable agreement to cover up to \$445,000 of the city's expenses for clean-up crews and landfill costs.

(7) (~~(\$1,500,000)~~) \$1,300,000 of the motor vehicle account—state appropriation is provided solely for the department to contract with the city of Fife to address the risks to safety and public health associated with homeless encampments on department-owned rights-of-way along the SR 167/SR 509 Puget Sound Gateway project corridor in and adjacent to the city limits pursuant to section 216(10), chapter 186, Laws of 2022. However, the amount provided in this subsection must be placed in unallotted status and may not be spent prior to November 1, 2023. If, after November 1, 2023, the department, in consultation with the office of financial management, determines that the department fully spent the \$2,000,000 appropriated in section 216(10), chapter 186, Laws of 2022, within the 2021-2023 fiscal biennium for this purpose, the amount provided in this subsection must remain in unallotted status and unspent. If the department did not fully spend the \$2,000,000 within the 2021-2023 fiscal biennium, the department may only spend from the appropriation in this subsection an amount not in excess of the amount unspent from the \$2,000,000 within the 2021-2023 fiscal biennium, with any remaining amount to remain in unallotted status and unspent. In no event may the department spend more than \$2,000,000 within the 2021-2023 and 2023-2025 fiscal biennia for this purpose.

(8) To the greatest extent practicable, the department shall schedule mowing along state highways to occur after litter pickup has been performed in the area to be mowed. This subsection is not intended to prevent mowing or other similar maintenance activities from being undertaken in the event litter pickup has not been performed.

drivers to slow down and move over and pay attention when emergency lights are flashing on the side of the road and other suitable safety messages on electronic message boards the department operates across the state. The messages must be promoted through June 30, 2025. The department may coordinate such messaging with any statewide public awareness campaigns being developed by the department of licensing or the Washington state traffic safety commission, or both.

(5) \$5,000,000 of the multimodal transportation account—state appropriation is provided solely for the department to address emergent issues related to safety for pedestrians and bicyclists. Funds may only be spent after approval from the office of financial management. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all emergent issues addressed in the prior fiscal biennium.

(6) ~~(\$3,529,000)~~ \$2,897,000 of the highway safety account—state appropriation is provided solely for implementation of chapter 17, Laws of 2023 (speed safety cameras).

(7) \$1,279,000 of the move ahead WA account—state appropriation is provided solely for maintenance and operations of the virtual coordination center. The department is encouraged to apply for federal grant funds for the virtual coordination center and may use state funds as a match. By December 1, 2023, the department shall report to the transportation committees of the legislature: (a) Recommendations to expand the center's operations, including specific additional jurisdictions and corridors across the state; and (b) amounts received and dates of receipt of any new cash and in-kind matches from virtual coordination center partners including, but not limited to, the city of Seattle, King county, other state and local jurisdictions, and private sector partners.

(8) \$100,000 of the motor vehicle account—state appropriation is provided solely for the department to prepare and submit a report to the transportation committees of the legislature by December 1, 2024, with a prioritized list of recommendations for improving safety and mobility on Interstate 90 between North Bend and Cle Elum during winter weather events, including estimated costs. The recommendations must include, but are not limited to, options to improve compliance with traction tire and chain requirements and reduce snow-related closures.

(9)(a) (~~(\$5,000,000)~~) \$3,100,000 of the motor vehicle account—state appropriation is provided solely for the department, in coordination with the independent review team of the joint transportation committee, to conduct an analysis of highway, road, and freight rail transportation needs, options, and impacts from shifting the movement of freight and goods that currently move by barge through the lower Snake river dams to highways, other roads, and rail. The study should generate volume estimates and evaluate scenarios for changes in infrastructure and operations that would be necessary to address those additional volumes. The assessment must include quantitative analysis based on available data in terms of both financial and carbon emission costs; and qualitative input gathered from tribal governments, local governments, freight interests, and other key stakeholders, including impacts on disadvantaged/underserved communities. The analysis must include a robust public engagement process to solicit feedback from interested stakeholders including but not limited to: Residents and officials in affected cities and counties; stakeholders involved in railroad, agriculture, fishing, trucking, shipping and other related industries; appropriate Native American tribes; representatives of advocacy and community organizations; and transportation, public works, and economic development organizations in the affected areas, federal highway administration and army corps of engineers. The analysis must be

administration and army corps of engineers. The analysis must be

(4) The department shall promote safety messages encouraging

informed by the work of the joint transportation committee's independent review team, and must include the following:

- (i) Existing volumes and traffic patterns;
- (ii) Potential changes in volumes and traffic patterns immediately following the loss of freight movement by barge and over the following 20 years, including the carbon emissions impact of this mode shift;
- (iii) Identification of whether regional geography, land availability, and state and federal regulatory processes would allow for rail and road expansions and increased capacity;
- (iv) Identification of potential infrastructure and operational improvements to existing highways, other roads, and rail, including additional access to facilities, needed to accommodate the higher freight volumes and impacts and potential opportunities to mitigate impacts on shipping rates;
- (v) Identification of rail line development options, including impacts and potential opportunities to mitigate impacts on grain storage and handling facilities at regional unit train yards and port export facilities;
- (vi) An assessment of costs associated with mitigating potential slope failure and stabilization necessitated by the drawdown of the river. An assessment of impacts and potential opportunities to mitigate impacts on adjacent roads, bridges, railroads, and utility corridors shall be included;
- (vii) Both financial and carbon cost estimates for development and implementation of identified needs and options, including planning, design, and construction;
- (viii) Analysis of the impacts and potential opportunities to mitigate impacts of these infrastructure changes on environmental justice and disadvantaged/underserved communities during construction, as well as from future operations;
- (ix) Analysis of safety impacts and potential opportunities to mitigate impacts for a shift from barge transportation to rail or truck, including increases in rural community traffic and consistency with the Washington State Strategic Highway Safety Plan: Target Zero;
- (x) Impacts and potential opportunities to mitigate impacts on highly affected commodities, including agriculture, petroleum, project cargo, and wind energy components;
- (xi) Analysis of the impacts and potential opportunities to mitigate impacts that reduced competition resulting from removing barging of agricultural products on the Snake river would have on Washington's agricultural industry along with impacts modal shifts would have on the entire supply chain, including export facilities and ports on the Lower Columbia River; and
- (xii) Determination of the feasibility that additional east-west freight rail capacity can be achieved, particularly through Columbia River Gorge, and the alternative routes that exist in the event that adding more infrastructure on these routes is not feasible.

(b) The department shall provide status updates on a quarterly basis in coordination with the joint transportation committee. The legislature intends to require a final report to the governor and the transportation committees of the legislature by December 31, 2026.

(10) \$2,000,000 of the highway safety account—state appropriation is provided solely for the department, in consultation with the Washington traffic safety commission, to evaluate and identify geographical locations in both urban and rural highway settings to install and implement wrong-way driving prevention strategies. Such prevention strategies may include improved signage and pavement markings as recommended by the traffic safety commission's report on wrong-way driving, "Strategies and Technologies to Prevent and Respond to Wrong-Way Driving Crashes." The department must

report to the legislature any crash data or wrong-way violations that occur at the selected locations by June 30, 2025.

(11) \$1,000,000 of the motor vehicle account—state appropriation is provided solely for the department to develop an automated highway speed safety camera pilot program to test two to three automated traffic safety cameras on state highways. The goals of the automated highway speed safety camera pilot program are to test speed camera technology, determine the impact on speeding behavior in areas of testing, and compile public response to the use of traffic safety cameras on highways.

(a) The department must work with the Washington state patrol and the traffic safety commission to develop the pilot program to include, but not be limited to, the following program elements:

- (i) Selection of technology;
- (ii) Placement of cameras in high speed, collision, or fatality locations;
- (iii) Establishment of public notification and warning signs prior to entering into an area with a speed safety camera;
- (iv) Outreach and public engagement about the program and site selection process; and
- (v) Development and implementation of a process to collect and report relevant pilot program data, including rates of speed prior to, during, and after the use of pilot program cameras, and public response to pilot program cameras.

(b) Automated traffic safety cameras may only take pictures of the vehicle and the vehicle license plates.

(c) Ticketing of violators using vehicle speed information captured by automated traffic safety cameras authorized under the pilot program is prohibited during the pilot program.

(d) As part of the pilot program, the department may inform registered vehicle owners of a vehicle's rate of speed exceeding the posted speed limit and the amount of the fine the law would have allowed to be imposed by providing notification by mail.

(e) The department is required to provide a program progress report to the governor and transportation committees of the legislature by ((September 30, 2024)) June 30, 2025, to include a summary of public input on the use of safety cameras, including objections, evaluation of technologies used, and changes in speeding behavior.

(f) Photographs, microphotographs, electronic images, and other personally identifying data captured and collected for the purposes of the pilot program are for the exclusive use of the Washington state patrol and department of transportation in carrying out the pilot program, are not open to the public, and may not be used in court in a pending action or proceeding.

(12) \$1,000,000 of the motor vehicle account—state appropriation is provided solely for implementation of chapter 111, Laws of 2024 (graffiti abatement and reduction pilot). If chapter 111, Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

	<u>\$83,791,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$750,000 of the multimodal transportation account—state appropriation is provided solely for the department to partner with the department of commerce and regional transportation planning organizations in implementing vehicle miles traveled targets and supporting actions. As part of target setting, important factors that must be considered include land use patterns, safety, and vulnerable populations. The department shall provide an interim report by June 30, 2024, and a final report by June 30, 2025.

(2) \$150,000 of the motor vehicle account—state appropriation is provided solely for the department to continue implementation of a performance-based project evaluation model. The department must issue a report by September 1, 2024.

(3)(a) \$180,000 of the multimodal transportation account—state appropriation is provided solely for Thurston regional planning council (TRPC) to conduct a study examining options for multimodal high capacity transportation (HCT) to serve travelers on the Interstate 5 corridor between central Thurston county (Olympia area) and Pierce county.

(b) The study will include an assessment of travelsheds and ridership potential and identify and provide an evaluation of options to enhance connectivity and accessibility for the greater south Puget Sound region with an emphasis on linking to planned or existing commuter or regional light rail. The study must account for previous and ongoing efforts by transit agencies and the department. The study will emphasize collaboration with a diverse community of interests, including but not limited to transit, business, public agencies, tribes, and providers and users of transportation who because of age, income, or ability may face barriers and challenges.

(c) The study is due to the governor and transportation committees of the legislature by September 1, 2024.

(4) ~~(((\$700,000))~~ \$560,000 of the multimodal transportation account—state appropriation is provided solely for the city of Seattle's office of planning and community development to support an equitable development initiative to reconnect the South Park neighborhood, currently divided by state route

number 99.

(a) The support work must include:

(i) A public engagement and visioning process led by a neighborhood-based, community organization; and

(ii) A feasibility study of decommissioning state route number 99 in the South Park neighborhood to include, but not be limited to, traffic studies, environmental impact analysis, and development of alternatives, including the transfer of the land to a neighborhood-led community land trust.

(b) The support work must be conducted in coordination and partnership with neighborhood residents, neighborhood industrial and commercial representatives, the state department of transportation, and other entities and neighborhoods potentially impacted by changes to the operation of state route number 99.

(c) The city must provide ~~((a report on the plan that includes recommendations))~~ an interim report on progress to date to the Seattle city council, state department of transportation, and the transportation committees of the legislature by June 30, 2025.

(5) ~~(((\$2,557,000)) \$1,000,000~~ of the motor vehicle account—state appropriation is provided solely for the department to upgrade the department's linear referencing system (LRS) and highway performance monitoring system (HPMS)~~((, and is subject to the conditions, limitations, and review requirements in section 701, chapter 472, Laws of 2023))~~.

(6) \$306,000 of the multimodal transportation account—state appropriation is provided solely for the department to appoint or designate a liaison to serve as a point of contact and resource for the department, local governments, and project proponents regarding land use decisions and processing development permit applications. The liaison must, as a priority, facilitate and expedite any department decisions required for project approval.

(7) \$742,000 of the motor vehicle account—federal appropriation is provided solely for remaining work on the "Forward Drive" road usage charge research project overseen by the transportation commission using the remaining amounts of the federal grant award. The remaining work of this project includes:

(a) Analysis of road usage charge simulation and participant surveys;

(b) Follow up on road usage charge experiences related to payment installments, mileage exemptions, and vehicle-based mileage reporting;

(c) Completion of technology research; and

(d) Development of the final "Forward Drive" research program report.

(8)(a) \$11,922,000 of the move ahead WA flexible account—state appropriation is provided solely for an Interstate 5 planning and environmental linkage study and a statewide Interstate 5 master plan, building upon existing work under way in the corridor. It is the intent of the legislature to provide a total of \$40,000,000 for this work by 2029.

(b) The work under (a) of this subsection must include, but is not limited to, the following:

(i) Seismic resiliency planning to refine the level of effort and develop informed cost estimates for the seismic vulnerability analysis;

(ii) HOV lane system-wide performance planning and initial steps to launch a pilot project that progresses innovative and emerging technologies;

(iii) Interstate 5 corridor planning work, including development of a framework, coordination of corridor needs, development of core evaluation criteria and a prioritization process, and identification of early action priority projects that address safety or resiliency, or both, along the corridor; and

(iv) A report to the transportation committees of the legislature by December 1, 2024, with recommendations for future phases and a detailed funding request for work planned through 2029.

(c) Of the amounts provided in this subsection, \$300,000 is provided solely for the department to conduct a Seattle Interstate 5 ramp reconfiguration study. The study must be conducted in coordination and partnership with the city of Seattle's department of transportation, informed by the input of Interstate 5 lid stakeholders, and coordinated with work under (a) and (b) of this subsection. The department must provide a study report, including recommendations, to the city of Seattle's department of transportation and the transportation committees of the legislature by December 1, 2024. The study must include an analysis of:

(i) Options and opportunities to reconfigure, relocate, or remove Interstate 5 ramps within and between Chinatown-International District and the University District for the purpose of improving through-traffic operations, enhancing multimodal transportation safety, and enabling more efficient air rights development;

(ii) Potential mitigation needs and cost estimates of ramp changes and demolitions;

(iii) Benefits of ramp changes and demolitions to pedestrian and bicycle travel, transit operations, and future lid design;

(iv) Ramps for the mainline, collector-distributor lanes and express lanes including, at a minimum, ramps connecting to and from James Street, Cherry Street, 6th Avenue, Madison Street, Seneca Street, Spring Street, University Street, Union Street, Olive Way, Yale Avenue, NE 45th Street, and NE 50th Street;

(v) Removal of the existing ramps at Seneca Street, Spring Street, and University Street; and

(vi) Removal and consolidation options of the existing NE 45th Street and NE 50th Street ramps.

(d) The department shall work with the emergency management division of the military department to identify strategic transportation corridors, opportunities to improve resilience and reinforce the corridors against natural disasters, and opportunities to secure federal funding for investments in the resilience of the transportation network. The department shall provide a report to the transportation committees of the legislature by December 1, 2023, on:

(i) Strategic transportation corridors and opportunities to improve their resilience;

(ii) Federal funding opportunities the state should pursue; and

(iii) Recommendations for actions to maximize federal funding for the state of Washington.

(9) The department shall continue to coordinate planning work focused on the transportation system in western Washington across modes with the goal of maximizing system performance toward the policy goals in RCW 47.04.280 in the most cost-effective manner. This coordination must include, but is not limited to: The Interstate 5 highway corridor, existing rail infrastructure and future high-speed rail alignment, and commercial aviation capacity. The department must report to the joint transportation committee through existing reporting mechanisms on the status of these planning efforts including, but not limited to, a long-term strategy for addressing resilience of the transportation system in western Washington through consideration of changing demand, modal integration, and preservation needs. The coordinated work must include an analysis of different alternatives to promote system resilience, including performance and cost of each scenario.

(10) \$3,000,000 of the carbon emissions reduction account—state appropriation is provided solely for the department, in coordination with the department's HEAL act team and environmental services office, to develop and implement a community outreach, education, and technical assistance program for overburdened communities and their community partners in order to develop community-centered carbon reduction strategies to make meaningful impacts in a community, and to provide

2025 REGULAR SESSION

assistance in gaining access to available funding to implement these strategies, where applicable. The department may provide appropriate compensation to members of overburdened communities who provide solicited community participation and input needed by the department to implement and administer the program established in this subsection. By June 1, 2024, and by June 1, 2025, the department must submit a report to the transportation committees of the legislature and to the governor that provides an update on the department's community outreach, education, and technical assistance program development and implementation efforts.

(11) \$200,000 of the motor vehicle account—state appropriation is provided solely for planning and intersection improvements along state route number 904 and improvements to the local network that would feed intersections with state route number 904. This work must include, but is not limited to, the Medical Lake/Four Lakes Road/West 3rd Ave intersection and feeding local network. The department must collaborate with Spokane county and the city of Cheney on this work and other improvement ideas along the corridor.

(12) Beginning January 1, 2025, \$1,000,000 of the carbon emissions reduction account—state appropriation is provided solely for the department to contract with a world cup organizing committee based in Seattle to undertake low carbon transportation planning efforts that will help prepare for the increase in visitors due to the 2026 FIFA world cup soccer matches in Seattle and other venues in the state. The planning, to be developed in coordination with the department and local mobility agencies, must identify critical infrastructure and operational improvements that will support active transportation and reliability of transit, making it easier for the public to choose options other than single-occupancy vehicles. A progress report including best practices for future events must be delivered to the department, office of the governor, and transportation committees of the legislature by June 30, 2025.

The appropriations in this section are subject to the following conditions and limitations:

(1) Consistent with existing protocol and practices, for any

negotiated settlement of a claim against the state for the department that exceeds \$5,000,000, the department, in conjunction with the attorney general and the department of enterprise services, shall notify the director of the office of financial management and the transportation committees of the legislature.

(2) On August 1, 2023, and semiannually thereafter, the department, in conjunction with the attorney general and the department of enterprise services, shall provide a report with judgments and settlements dealing with the Washington state ferry system to the director of the office of financial management and the transportation committees of the legislature. The report must include information on: (a) The number of claims and settlements by type; (b) the average claim and settlement by type; (c) defense costs associated with those claims and settlements; and (d) information on the impacts of moving legal costs associated with the Washington state ferry system into the statewide self-insurance pool.

(3) On August 1, 2023, and semiannually thereafter, the department, in conjunction with the attorney general and the department of enterprise services, shall provide a report with judgments and settlements dealing with the nonferry operations of the department to the director of the office of financial management and the transportation committees of the legislature. The report must include information on: (a) The number of claims and settlements by type; (b) the average claim and settlement by type; and (c) defense costs associated with those claims and settlements.

(4) When the department identifies significant legal issues that have potential transportation budget implications, the department must initiate a briefing for appropriate legislative members or staff through the office of the attorney general and its legislative briefing protocol.

TOTAL APPROPRIATION	(\$725,795,000)) <u>\$600,535,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$64,906,000 of the multimodal transportation account—state appropriation and ~~(\$78,325,000))~~ \$77,900,000 of the climate transit programs account—state appropriation are provided solely for a grant program for special needs

transportation provided by transit agencies and nonprofit providers of transportation. Of this amount:

(a) \$14,420,000 of the multimodal transportation account—state appropriation and ~~(((\$17,963,000))~~ \$17,713,000 of the climate transit programs account—state appropriation are provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers must be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided.

(b) \$48,278,000 of the multimodal transportation account—state appropriation and ~~(((\$60,137,000))~~ \$59,962,000 of the climate transit programs account—state appropriation are provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must, to the greatest extent practicable, have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies must be prorated based on the amount expended for demand response service and route deviated service in calendar year 2021 as reported in the "2021 Summary of Public Transportation" published by the department of transportation. No transit agency may receive more than 30 percent of these distributions. Fuel type may not be a factor in the grant selection process.

(c) \$2,208,000 of the multimodal transportation account—state appropriation and \$225,000 of the climate transit programs account—state appropriation are provided solely for the reappropriation of amounts provided for this purpose in the 2021-2023 fiscal biennium.

(2) \$33,077,000 of the rural mobility grant program account—state appropriation is provided solely for grants to aid small cities in rural areas as prescribed in RCW 47.66.100. Fuel type may not be a factor in the grant selection process.

(3) ~~(((\$11,598,000))~~ \$9,925,000 of the multimodal transportation account—state appropriation is provided solely for a public transit rideshare grant program for: (a) Public transit agencies to add or replace rideshare vehicles; and (b) incentives and outreach to increase rideshare use. The grant program for public transit agencies may cover capital costs only, and costs for operating vanpools at public transit agencies are not eligible for funding under this grant program. Awards from the grant program must not be used to supplant transit funds currently funding ride share programs, or to hire additional employees. Fuel type may not be a factor in the grant selection process. Of the amounts provided in this subsection, \$1,308,000 is for the reappropriation of amounts provided for this purpose in the 2021-2023 fiscal biennium.

(4) \$48,597,000 of the regional mobility grant program account—state appropriation is reappropriated and provided solely for the regional mobility grant projects identified in LEAP Transportation Document ~~((2024-2))~~ 2025-2 ALL PROJECTS as developed ~~((March 6, 2024))~~ April 26, 2025, Program - Public Transportation Program (V).

(5)(a) ~~(((\$71,581,000))~~ \$13,133,000 of the regional mobility grant program account—state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document ~~((2024-2))~~ 2025-2 ALL PROJECTS as developed ~~((March 6, 2024))~~ April 26, 2025, Program - Public Transportation Program (V). The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall

promptly close out grants when projects have been completed, and any remaining funds must be used only to fund projects identified in the LEAP transportation document referenced in this subsection. The department shall provide annual status reports on December 15, 2023, and December 15, 2024, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. A grantee may not receive more than 25 percent of the amount appropriated in this subsection unless all other funding is awarded. Additionally, when allocating funding for the 2023-2025 fiscal biennium, no more than 30 percent of the total grant program may directly benefit or support one grantee unless all other funding is awarded. Fuel type may not be a factor in the grant selection process.

(b) In order to be eligible to receive a grant under (a) of this subsection during the 2023-2025 fiscal biennium, a transit agency must establish a process for private transportation providers to apply for the use of park and ride facilities. For purposes of this subsection, (i) "private transportation provider" means: An auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; a private nonprofit transportation provider regulated under chapter 81.66 RCW; or a private employer transportation service provider; and (ii) "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

(c) ~~(((\$1,500,000))~~ \$749,000 of the amount appropriated in this subsection is provided solely for a contingency fund to assist current regional mobility grantees with cost escalations and overages. The department shall create a system for grantees to request funds, and set a cap of contingency funds per grantee to ensure an equitable distribution among requesters.

(d) During the 2023-2025 fiscal biennium, the department shall consider applications submitted by regional transportation planning organizations and metropolitan planning organizations for the regional mobility grant program funding in the 2025-2027 fiscal biennium.

(6) \$6,195,000 of the multimodal transportation account—state appropriation, \$3,300,000 of the climate transit programs account—state appropriation, and \$784,000 of the state vehicle parking account—state appropriation are provided solely for CTR grants and activities. Fuel type may not be a factor in the grant selection process. Of this amount, \$495,000 of the multimodal transportation account—state appropriation is reappropriated and provided solely for continuation of previously approved projects under the first mile/last mile connections grant program.

(7) ~~(((\$16,319,000))~~ \$12,911,000 of the multimodal transportation account—state appropriation is provided solely for connecting Washington transit projects identified in LEAP Transportation Document ~~((2024-2))~~ 2025-2 ALL PROJECTS as developed ~~((March 6, 2024))~~ April 26, 2025. It is the intent of the legislature that entities identified to receive funding in the LEAP transportation document referenced in this subsection receive the amounts specified in the time frame specified in that LEAP document. If an entity has already completed a project in the LEAP transportation document referenced in this subsection before the time frame identified, the entity may substitute another transit project or projects that cost a similar or lesser amount.

(8) The department shall not require more than a 10 percent match from nonprofit transportation providers for state grants.

(9) ~~(((\$12,000,000))~~ \$12,203,000 of the multimodal transportation account—state appropriation and ~~(((\$39,400,000))~~

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

~~\$28,905,000~~ of the climate transit programs account—state appropriation are provided solely for the green transportation capital projects identified in LEAP Transportation Document ((2024-2)) 2025-2 ALL PROJECTS as developed ((~~March 6, 2024~~)) April 26, 2025, Program - Public Transportation Program (V). Of the amount of climate transit program account funds appropriated in this subsection, up to one percent may be used for program administration and staffing.

(10) ~~(((\$5,950,000))~~ \$3,864,000 of the multimodal transportation account—state appropriation and ~~(((\$1,249,000))~~ \$144,000 of the climate transit programs account—state appropriation are reappropriated and provided solely for the green transportation capital grant projects identified in LEAP Transportation Document ((2024-2)) 2025-2 ALL PROJECTS as developed ((~~March 6, 2024~~)) April 26, 2025, Program - Public Transportation Program (V).

~~((11) ((Beginning January 1, 2025, \$7,442,000 of the carbon emissions reduction account—state appropriation is provided solely for additional green transportation capital projects identified in LEAP Transportation Document 2024-2 ALL PROJECTS as developed March 6, 2024. Of the amounts provided in this subsection, \$1,000,000 is for the Jefferson Transit—Electric Bus Replacement project (GT23250A), \$1,023,000 is for the Pacific Transit—Electrification of the Paratransit Fleet project (GT23250C), \$3,795,000 is for the C-TRAN Hydrogen Fueling Station Infrastructure project (GT23250D), and \$1,623,000 is for the Island Transit—Fleet Expansion project (GT23250E)).~~

~~((12) (\$10,267,000))~~ \$8,632,000 of the climate transit programs account—state appropriation is provided solely for tribal transit grants. Up to one percent of the amount provided in this subsection may be used for program administration and staffing.

(a) The department must establish a tribal transit competitive grant program. Grants to federally recognized tribes may be for any transit purpose, including planning, operating costs, maintenance, and capital costs. The department shall report to the transportation committees of the legislature and the office of financial management with a list of projects recommended for funding by September 1, 2024, along with recommendations on how to remove barriers for tribes to access grant funds, including removal of grant match requirements, and recommendations for how the department can provide technical assistance.

(b) Within the amount provided in this subsection, ~~(((\$10,167,000))~~ \$8,532,000 is provided solely for move ahead Washington tribal transit grant projects as listed in LEAP Transportation Document ((2024-2)) 2025-2 ALL PROJECTS as developed ((~~March 6, 2024~~)) April 26, 2025. Of this amount, \$529,000 is for the Sauk-Suiattle Commuter project (L1000318).

~~((13))~~ (12) \$188,930,000 of the climate transit programs account—state appropriation is provided solely for transit support grants for public transit agencies that have adopted a zero-fare policy for youth 18 years of age and under by October 1, 2022. The department must confirm zero-fare policies are in effect at transit agencies to be eligible for biennial distributions.

~~((14) (\$38,000,000))~~ (13) \$35,723,000 of the climate transit programs account—state appropriation is provided solely for the bus and bus facility grant program for replacement, rehabilitation, and purchase of transit rolling stock, or construction, modification, or rehabilitation of transit facilities.

~~((15) Beginning January 1, 2025, \$7,758,000 of the carbon emissions reduction account—state appropriation is provided solely for additional bus and bus facility projects. Of the amounts provided in this subsection, \$1,467,000 is for Kitsap Transit for inductive charging units for transit centers, \$1,891,000 is for Twin Transit for zero-emission vehicle acquisition, \$4,400,000 is~~

~~for C-TRAN for highway 99 BRT hydrogen fuel cell buses.~~

~~((16))~~ (14) \$2,000,000 of the climate transit programs account—state appropriation is provided solely for newly selected transit coordination grants. The department shall prioritize grant proposals that promote the formation of joint partnerships between transit agencies or merge service delivery across entities.

~~((17) (\$46,587,000))~~ (15) \$31,544,000 of the climate transit programs account—state appropriation is provided solely for move ahead Washington transit projects as listed in LEAP Transportation Document ((2024-2)) 2025-2 ALL PROJECTS as developed ((~~March 6, 2024~~)) April 26, 2025, Move Ahead WA - Transit Projects.

(a) For projects funded as part of this subsection, if the department expects to have substantial reappropriations for the 2023-2025 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that is unable to be used within the 2023-2025 fiscal biennium to advance one or more of the projects listed, prioritizing projects first by tier then by project readiness.

(b) In instances when projects listed in the LEAP transportation document referenced in this subsection (15) are no longer viable or have been completed, the department may recommend in its next budget submittal alternative project proposals from the local jurisdictions if the project is similar in type and scope and consistent with limitations on certain funds provided. In the event that the listed project has been completed, the local jurisdictions may, rather than submitting an alternative project, be reimbursed in the year in which it was scheduled for documented costs incurred implementing the listed project, not in excess of the amount awarded from the funding program.

(c) At least 10 business days before advancing or swapping a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2023-2025 fiscal biennium.

~~((18))~~ (16) \$702,000 of the multimodal transportation account—state appropriation is provided solely for the department to provide a statewide vanpool benefit for all state employees. For department employees working in remote job sites, such as mountain passes, the department must ensure employees are able to access job sites via a subsidized vanpool or provide a modal alternative for the "last mile" to ensure employees can access the job site without additional charge.

~~((19))~~ (17) \$200,000 of the multimodal transportation account—state appropriation is provided solely for the department to update the 2019 feasibility study to add a fifth travel Washington intercity bus line in the Yakima Valley. The department must provide a summary report of the updated feasibility and cost estimates to the transportation committees of the legislature by December 1, 2024.

~~((20))~~ (18) \$555,000 of the multimodal transportation account—state appropriation and \$500,000 of the carbon emissions reduction account—state appropriation are provided solely for an interagency transfer to the Washington State University extension energy program to administer a technical assistance and education program for public agencies on the use of alternative fuel vehicles. The Washington State University extension energy program shall prepare a report regarding the utilization of the program and submit this report to the transportation committees of the legislature by November 15, 2023.

~~((21))~~ (19)(a) \$500,000 of the multimodal transportation account—state appropriation is provided solely for King county

metro to develop a pilot program to place teams, including human services personnel, along routes that are enduring significant public safety issues and various disruptive behavior in south King county. The team would be available to deescalate disruptions, provide immediate access to transit resources, and refer customers to community resources to break cycles of inappropriate behavior. The teams must consist of individuals trained in deescalation and outreach. Team functions and duties should be cocreated with community stakeholders.

(b) King county metro must provide a report to the transportation committees of the legislature by June 30, 2024, regarding the effectiveness of the program, any suggestions for improving its efficacy, and any modifications that might be necessary for other transit providers to institute similar programs.

(c) King county metro must provide at least a 50 percent match to develop the pilot program funded under this subsection.

((22)) (20) \$500,000 of the multimodal transportation account—state appropriation is provided solely for planning to move Grays Harbor transit operation and administration facilities from the current location.

((23)) (21) As part of the department's 2025-2027 biennial budget request, the department must submit budget materials for the public transportation division separated into operating and capital budgeted programs.

((24) Beginning January 1, 2025, \$2,000,000)) (22) \$290,000 of the carbon emissions reduction account—state appropriation is provided solely for new transit coordination grants, prioritizing projects that coordinate transit service to and from Washington state ferry terminals. Program eligibility must be expanded to include proposals from transit agencies in counties with populations fewer than 700,000 that coordinate service to and from Washington state ferry terminals.

~~((25) Beginning January 1, 2025, \$900,000 of the carbon emissions reduction account—state appropriation is provided solely for the department to implement certain recommendations from the 2023 frequent transit service study. The department shall define levels and types of demand response service and measure access to these services within Washington for the purpose of gaining a fuller picture of transit access. The department must collect ongoing transportation data and develop systems to allow for analysis of disparities in access to existing fixed route transit. The data collection should prioritize collecting information on accessibility and inclusion of people with disabilities, vulnerable populations in overburdened communities, and other underserved communities. The department shall submit a report on data collection efforts to the transportation committees of the legislature and the office of financial management by June 30, 2025.~~

~~((26) Beginning January 1, 2025, \$11,800,000 of the carbon emissions reduction account—state appropriation is provided solely for the following projects identified in LEAP Transportation Document 2024-2 ALL PROJECTS as developed March 6, 2024:~~

~~(a) Base Refurbish & Expansion for Growth/Columbia County Public Transportation (L4000182);~~

~~(b) Kitsap Transit: Design & Shore Power (G2000115);~~

~~(c) Pierce Transit Meridian (L2021197); and~~

~~(d) King County Metro South Annex Base—Electrification Elements (L4000174).~~

((27)) (23) \$100,000 of the multimodal transportation account—state appropriation is provided solely for King county metro to implement a pilot program to provide funds to nonprofit organizations to offer rideshare vouchers to persons who are low-income and people with disabilities who rely on paratransit to get to and from work or medical appointments. King county metro must work with a group who provides dialysis services in King

county and with a group who provides employment services and supports to adults with disabilities in the four most populous counties in Washington. The department must submit a report to the office of financial management and the transportation committees of the legislature by June 1, 2025. The report must incorporate feedback from participants to the extent possible and evaluate the effectiveness of the program as an alternative to current public transportation programs.

Sec. 919. 2024 c 310 s 222 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION—MARINE—PROGRAM X

Puget Sound Ferry Operations Account—State

Appropriation ((~~\$571,594,000~~))
\$541,178,000

Puget Sound Ferry Operations Account—Federal

Appropriation ((~~\$198,650,000~~))
\$197,187,000

Puget Sound Ferry Operations Account—Private/Local

Appropriation \$121,000
TOTAL APPROPRIATION ((~~\$770,365,000~~))
\$738,486,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The office of financial management budget instructions require agencies to recast enacted budgets into activities. The Washington state ferries shall include a greater level of detail in its 2023-2025 supplemental and 2025-2027 omnibus transportation appropriations act requests, as determined jointly by the office of financial management, the Washington state ferries, and the transportation committees of the legislature. This level of detail must include the administrative functions in the operating as well as capital programs. The data in the tables in the report must be supplied in a digital file format.

(2) ((~~\$97,060,000~~)) \$75,020,000 of the Puget Sound ferry operations account—federal appropriation and ((~~\$51,450,000~~)) \$29,385,000 of the Puget Sound ferry operations account—state appropriation are provided solely for auto ferry vessel operating fuel in the 2023-2025 fiscal biennium, which reflect cost savings from a reduced biodiesel fuel requirement and, therefore, is contingent upon the enactment of section 703, chapter 472, Laws of 2023. The amount provided in this subsection represents the fuel budget for the purposes of calculating any ferry fare fuel surcharge. The department shall review future use of alternative fuels and dual fuel configurations, including hydrogen.

(3) \$500,000 of the Puget Sound ferry operations account—state appropriation is provided solely for operating costs related to moving vessels for emergency capital repairs. Funds may only be spent after approval by the office of financial management.

(4) The department must work to increase its outreach and recruitment of populations underrepresented in maritime careers and continue working to expand apprenticeship and internship programs, with an emphasis on programs that are shown to improve recruitment for positions with the state ferry system.

(5) \$175,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the department to continue a study of passenger demographics. The study may be included as part of a larger origin and destination study. The department shall report study results to the transportation committees of the legislature by December 1, 2023. Following completion of the study, the department must compare study results to the composition of groups outlined in RCW 47.60.310, both by overall representation of ferry riders and by route. A summary is due to the office of the governor and transportation committees of the legislature by December 1, 2024.

(6) The department shall continue to oversee a consultant study

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

to identify and recommend cost-effective strategies to maximize walk-on passenger ridership of the Anacortes – San Juan ferry routes. The study is due to the transportation committees of the legislature by December 1, 2023. By December 1, 2024, any feasible near to medium term solutions identified from the study must be reported to the office of the governor and transportation committees of the legislature and include cost estimates for implementation.

(7) (~~(\$16,973,000)~~) \$8,873,000 of the Puget Sound ferry operations account—state appropriation is provided solely for Washington state ferries to:

(a) Provide scholarships, coursework fees, and stipends for candidates to become licensed deck officers (mates);

(b) Improve the process for unlicensed candidates who have achieved able-bodied sailor (AB) status to earn their mate's license;

(c) Annually hire, orient, train, and develop entry level engine room staff at the wiper classification with the intention of successfully promoting to oiler classification;

(d) Create an operations project management office;

(e) Increase human resources capacity to expand recruitment efforts including to communities currently underrepresented within the Washington state ferries, and add a workforce ombuds; and

(f) Hire additional dispatch staff, or any other staff mandatory for system operations.

(8) \$169,000 of the Puget Sound ferry operations account—state appropriation is provided solely for hiring an additional service planner.

(9)(a) During negotiations of the 2025-2027 collective bargaining agreements, the department must conduct a review and analysis of the collective bargaining agreements governing state ferry employees, to identify provisions that create barriers for, or contribute to creating a disparate impact on, newly hired ferry employees, including those who are women, people of color, veterans, and other employees belonging to communities that have historically been underrepresented in the workforce. The review and analysis must incorporate, to the extent practicable, the findings and recommendations from the December 2022 joint transportation committee study on Washington state ferries' workforce, and must also include, but not be limited to, provisions regarding seniority, work assignments, and work shifts. The review and analysis must also include consultation with the governor's office of labor relations, the governor's office of equity, and the attorney general's office.

(b) For future negotiations or modifications of the collective bargaining agreements, it is the intent of the legislature that the collective bargaining representatives for the state and ferry employee organizations may consider the findings of the review and analysis required in (a) of this subsection and negotiate in a manner to remove identified barriers and address identified impacts so as not to perpetuate negative impacts.

(10) \$1,504,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the implementation of chapter 188, Laws of 2023 (state ferry workforce development issues). If chapter 188, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(11) \$5,000,000 of the Puget Sound ferry operations account—state appropriation is provided solely for support of the Kitsap transit passenger ferry to supplement service on the Seattle-Bremerton route.

(12) \$100,000 of the Puget Sound ferry operations account—state appropriation is provided solely to assess temporary service restoration options for the Sidney, British Columbia route until Washington state ferries can resume its service. Washington state

ferries must provide service options and recommendations to the office of financial management and the transportation committees of the legislature by December 15, 2023.

(13) \$2,549,000 of the Puget Sound ferry operations account—state appropriation is provided solely for security services at Colman Dock.

(14) \$13,856,000 of the Puget Sound ferry operations account—state appropriation is provided solely for overtime and familiarization expenses incurred by engine, deck, and terminal staff. The department must provide updated staffing cost estimates for fiscal years 2024 and 2025 with its annual budget submittal and updated estimates by January 1, 2024.

(15) \$1,064,000 of the Puget Sound ferry operations account—state appropriation is provided solely for traffic control at ferry terminals at Seattle, Fauntleroy, Kingston, Edmonds, Mukilteo, and Bainbridge Island, during peak ferry travel times, with a particular focus on Sundays and holiday weekends.

(16) \$93,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the Washington state ferries to secure housing for workforce training sessions and to pay in advance for the costs of transportation worker identification credentials, merchant mariner credentials, and medical examinations for incoming ferry system employees and trainees.

(17) \$10,417,000 of the Puget Sound ferry operations account—state appropriation is provided solely for vessel maintenance initiatives to:

(a) Add a second shift at the Eagle Harbor maintenance facility;

(b) Establish maintenance management project controls to maximize vessel maintenance work at the Eagle Harbor facility;

(c) Expand the existing Washington state ferries Eagle Harbor apprenticeship program from two to eight apprentices; and

(d) Maintain assets in a state of good repair by investing in enterprise asset management operating capacity.

(18)(a) \$855,000 of the Puget Sound ferry operations account—state appropriation is provided solely for Washington state ferries to provide to Seattle Central Community College for a pilot with the Seattle Maritime Academy for the 2023-2025 fiscal biennium. Funding may not be expended until Washington state ferries certifies to the office of financial management that a memorandum of agreement with Seattle Central Community College has been executed, and the office of financial management determines that funds provided in this subsection are utilized for programs that are a benefit to the Washington state ferries or the prospective workforce pipeline of the Washington state ferries. The memorandum of agreement with Seattle Central Community College must address:

(i) Prioritized use of training and other facilities and implementation of joint training opportunities for Washington state ferries' employees and trainees;

(ii) Development of a joint recruitment plan with Seattle Central Community College aimed at increasing enrollment of women and people of color, with specific strategies to recruit existing community and technical college students, maritime skills center students, high school students from maritime programs, including maritime skills center students, foster care graduates, and former juvenile rehabilitation and adult incarcerated individuals; and

(iii) Consultation between the parties on the development of the training program, recruitment plan and operational plan, with an emphasis on increasing enrollment of women and people of color.

(b) The joint training and recruitment plan must be submitted to the appropriate policy and fiscal committees of the legislature by December 1, 2023. The Washington state ferries must submit findings of program effectiveness and recommendations for

continuation of the pilot, to the appropriate committees of the legislature by December 1, 2024.

(19) \$420,000 of the Puget Sound ferry operations account appropriation—state is provided solely for a contract with an organization with experience evaluating and developing recommendations for the Washington state ferries' workforce to provide expertise on short-term strategies including, but not limited to, addressing recruitment, retention, diversity, training needs, leadership development, and succession planning. The consultant shall provide additional assistance as deemed necessary by the Washington state ferries to implement recommendations from the joint transportation committee 2022 workforce study. Periodic updates must be given to the joint transportation committee and the governor.

(20) By December 31st of each year, as part of the annual ferries division performance report, the department must report on the status of efforts to increase the staff available for maintaining the customary level of ferry service, including staff for deck, engine, and terminals. The report must include data for a 12-month period up to the most recent data available, by staff group, showing the number of employees at the beginning of the 12-month period, the number of new employees hired, the number of employees separating from service, and the number of employees at the end of the 12-month period. The department report on additional performance measures must include:

(a) Numbers of trip cancellations due to crew availability or vessel mechanical issues;

(b) Current level of service compared to the full-service schedules in effect in 2019; and

(c) Retention rates of employees who have completed on the job workforce development programs and overall employee retention rates.

(21) ~~(\$10,000,000)~~ \$5,000,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the department to increase deck and engine positions across the system, prioritizing positions that will mitigate crew related cancellations and reduce overtime expenditures. The department must include an update on the number of positions hired by job class as part of the annual performance report. The legislature intends to provide \$16,000,000 on an ongoing basis to support additional crew efforts.

(22) \$500,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the department to evaluate options for the state to return to providing state passenger-only ferry service to support existing ferry service routes.

(a) The study must focus on the routes recommended for further study by the 2020 study of passenger-only ferry service by the Puget Sound regional council as well as San Juan county interisland passenger-only ferry service. The department must contract with a third-party entity with experience in passenger-only ferry service.

(b) The evaluation must study options for the state to return to providing state passenger-only ferry service to support existing ferry service routes. The study must include estimated ridership, operating costs including labor, vessel procurement options with prioritization given to clean fueled ferries such as electric ferries, funding options including state subsidies of passenger-only ferry districts, and schedule and timing to implement passenger-only ferry options in evaluated routes.

(c) A progress report is due to the governor and transportation committees of the legislature by October 30, 2024. A final report is due to the governor and transportation committees of the legislature by June 1, 2025.

(23) \$100,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the department to

reimburse walk-on customers for emergency expenses incurred as a result of a cancellation of the last sailing of the day. In consideration for receiving the reimbursement, an applicant must sign a release of claims drafted by the department. The department shall create a process for reimbursement and set a per diem limit for reimbursement per individual.

(24) \$3,170,000 of the Puget Sound ferry operations account—state appropriation is provided solely for temporary expanded weekday midday King county water taxi service support to and from Vashon Island.

\$86,621,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall continue to pursue restoring Amtrak Cascades service to pre-COVID service levels, and to the service levels committed to through the department's obligation of funding from the federal American recovery and reinvestment act. A status report must be provided to the transportation committees of the legislature and the office of financial management by September 1, 2023.

(2)(a) \$2,250,000 of the multimodal transportation account—state appropriation is provided solely for the continued coordination, engagement, and planning for a new ultra high-speed ground transportation corridor with participation from Washington state, Oregon state, and British Columbia, and is a reappropriation of funds appropriated in the 2021-2023 fiscal biennium. For purposes of this subsection, "ultra high-speed" means a maximum testing speed of at least 250 miles per hour. These efforts are to support and advance activities and must abide by the memorandum of understanding signed by the governors of Washington and Oregon states, and the premier of the province of British Columbia in November 2021. The department shall establish a policy committee with participation from Washington state, Oregon state, and British Columbia, including representation from the two largest caucuses of each chamber of the Washington state legislature, and coordinate the activities of the policy committee to include:

(i) Developing an organizational framework that facilitates input in decision-making from all parties;

(ii) Developing a public engagement approach with a focus on equity, inclusion, and meaningful engagement with communities, businesses, federal, state, provincial, and local governments including indigenous communities;

(iii) Developing and leading a collaborative approach to prepare and apply for potential future federal, state, and provincial funding opportunities, including development of strategies for incorporating private sector participation and private sector contributions to funding, including through the possible use of public-private partnerships;

(iv) Beginning work on scenario analysis addressing advanced transportation technologies, land use and growth assumptions, and an agreed to and defined corridor vision statement; and

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

(v) Developing a recommendation on the structure and membership of a formal coordinating entity that will be responsible for advancing the project through the project initiation stage to project development and recommended next steps for establishment of the coordinating entity. Project development processes must include consideration of negative and positive impacts on communities of color, low-income households, indigenous peoples, and other disadvantaged communities.

(b) By June 30, 2024, the department shall provide to the governor and the transportation committees of the legislature a high-level status update that includes, but is not limited to, the status of the items included in (a)(i) through (v) of this subsection.

(c) By June 30, 2025, the department shall provide to the governor and the transportation committees of the legislature a report detailing the work conducted by the policy committee and recommendations for establishing a coordinating entity. The report must also include an assessment of current activities and results relating to stakeholder engagement, planning, and any federal funding application. As applicable, the assessment should also be sent to the executive and legislative branches of government in Oregon state and appropriate government bodies in the province of British Columbia.

(3) Consistent with the ongoing planning and service improvement for the intercity passenger rail program, \$335,000 of the multimodal transportation account—federal appropriation is provided solely for the Cascades service development plan, to be used to analyze current and future market conditions and to develop a structured assessment of service options and goals based on anticipated demand and the results of the state and federally required 2019 state rail plan, including identifying implementation alternatives to meet the future service goals for the Amtrak Cascades route. The work must be consistent with federal railroad administration guidance and direction on developing service development plans, and must be completed by June 30, 2024.

(4) The department shall continue to provide high quality intercity passenger rail service, align planning efforts for continued growth and on-time performance improvements consistent with federally recognized corridor development programs, and implement improvements consistent with planning efforts through leveraging federal funding opportunities. New passenger rail equipment is essential to service enhancements. The department shall make every effort to coordinate with service partners to prepare for the arrival of new trainsets and implementation of service enhancements. A status report must be provided to the transportation committees of the legislature and the office of financial management by December 1, 2024.

(5) \$500,000 of the multimodal transportation account—federal appropriation is provided solely for the Cascades corridor planning as part of the corridor identification and development program, in coordination with the Oregon state department of transportation. The department must continue to pursue funding opportunities for the Cascades corridor through the corridor identification and development program and the federal-state partnership programs at the federal rail administration. The department must notify the office of the governor and the transportation committees of the legislature of funding opportunities from the programs and any corresponding state match needs.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$500,000 of the motor vehicle account—state appropriation is provided solely for development, administration, program management, and evaluation of the federal fund exchange pilot program.

(2) \$1,063,000 of the motor vehicle account—state appropriation is provided solely for the department, from amounts set aside out of statewide fuel taxes distributed to counties according to RCW 46.68.120(3), to contract with the Washington state association of counties to:

(a) Contract with the department of fish and wildlife to identify, inventory, and prioritize county-owned fish passage barriers;

(b) Continue streamlining and updating the county road administration board's data dashboard, to provide a more detailed, more transparent, and user-friendly platform for data management, reporting, and research by the public and other interested parties;

(c) Commission a study to develop guidance for county public works departments conducting environmental justice assessments in their communities and recommend best practices for community engagement plans to address environmental health disparities for identified overburdened communities;

(d) Contract for a study to identify best practices within public works for the recruitment and retention of employees, including: Recommendations for improving outreach and recruitment to underrepresented populations, methods to partner with local community colleges and universities, methods to expand apprenticeship and internship programs, strategies to increase training and development opportunities, and recommendations for career advancement programs and better work-life balance outcomes;

(e) Update the 2020 county transportation revenue study; and

(f) By December 15, 2024, report to the office of financial management and the appropriate committees of the legislature the deliverables from and the amounts expended on the purposes enumerated in this subsection.

~~((4))~~ (3)(a) \$200,000 of the multimodal transportation account—state appropriation is provided solely for the department to develop the preliminary phase of an action plan for the establishment of cycle highways in locations that connect population centers and support mode shift.

(b) The action plan may complement and incorporate existing resources, including the state trails database maintained by the recreation and conservation office, local and regional plans, and the state active transportation plan.

(c) The action plan may also include, but is not limited to:

(i) Recommended design; geometric and operational criteria and typologies appropriate to urban, suburban, and rural settings; settings that include shared use; and incremental approaches to achieve desired facility types;

(ii) A model or methodology to project potential demand and carrying capacity based on facility quality, level of traffic stress, location, directness, land use, and other key attributes;

(iii) Examination of the feasibility of developing high-capacity infrastructure for bicycle and micromobility device use within a variety of contexts and recommendations for pilot projects;

(iv) Identification of key gaps in regional networks, including planned and aspirational routes and locations within three miles of high-capacity transit or existing shared-use paths and trails suitable for transportation;

(v) Identification of legal, regulatory, financial, collaboration, and practical barriers to development and community acceptance and support of such facilities; and

(vi) Recommended strategies to consider and address issues to avoid unintended consequences such as displacement, and to ensure equity in long-term development of such facilities.

(d) The department must provide a report with its initial findings, and recommendations for next steps, to the transportation committees of the legislature by June 30, 2025.

~~((§))~~ (4) \$750,000 of the multimodal transportation account—state appropriation is provided solely for a grant program to support local initiatives that expand or establish civilian intervention programs for nonmoving violations, focusing on nonpunitive interventions such as helmet voucher programs, fee offset programs, fix-it tickets, and repair vouchers that provide solutions for vehicle equipment failures for low-income road users.

(a) Grants must be awarded to local jurisdictions based on locally developed proposals to establish or expand existing programs, including programs with community led organizations. Eligible jurisdictions under the grant program include cities, counties, tribal government entities, tribal organizations, law enforcement agencies, or nonprofit organizations.

(b) The department shall report on its website by December 1st of each year on the recipients, locations, and types of projects funded under this subsection.

~~((§))~~ (5) \$146,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter 428, Laws of 2023 (Wahkiakum ferry). If chapter 428, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((§))~~ (6)(a) \$50,000 of the multimodal transportation account—state appropriation is provided solely for the department to examine the feasibility of creating a new budget program for the active transportation division, including, but not limited to, examining:

(i) Estimated cost, new staffing needs, and time frame to establish the program;

(ii) A proposed budget structure, and whether both operating and capital components should be established; and

(iii) Identification of staff, capital projects, and other resources that would need to be transferred from other existing programs.

(b) By December 1, 2024, the department shall report examination findings and recommendations to the office of financial management and the transportation committees of the legislature.

~~((§))~~ (7) \$275,000 of the carbon emissions reduction account—state appropriation is provided solely to support Pierce, Skagit, Whatcom, and Wahkiakum county ferries with youth zero-fare policies.

~~((§))~~ (8) \$500,000 of the multimodal transportation account—state appropriation is provided solely for the city of Seattle department of transportation to create a digital conflict area awareness management program to provide machine-readable information for transportation operators, such as autonomous vehicle fleet operators, to be aware of conflict areas,

such as emergency response zones, work zones, schools, pick up and drop off locations, and other areas where vulnerable road users may be present.

(a) Program work must include:

(i) The city of Seattle engaging with first responders and transportation management officials and other relevant stakeholders, to determine program implementation needs and processes; and

(ii) A feasibility study of implementing the program's mobility and curb data specifications to include, but not be limited to, necessary partners, data platforms, ability to integrate real-time 911 dispatch, emergency vehicles, work zones, and other areas to reduce conflicts for transportation operators of autonomous vehicle fleets on public roads and in the right-of-way.

(b) Program work must also be conducted in coordination and partnership with city of Seattle departments, the nonprofit steward of the program's mobility and curb data specifications, the Washington state department of transportation, and other entities potentially impacted by the implementation of the program.

(c) As feasible, the city of Seattle shall prepare an implementation pilot of the program to make a standardized data feed available publicly for transportation operator use.

~~((d) The city of Seattle must provide a report on any findings and recommendations of the program and any implementation needs and process mapping for use by other jurisdictions to the Washington state department of transportation and the transportation committees of the legislature by June 30, 2025.~~

~~((§))~~ (9) \$150,000 of the motor vehicle account—state appropriation is provided solely for the department to fund one full-time equivalent liaison position within the local program multiagency permit program. Within the amounts provided in this subsection, the department shall work to enhance its multiagency permit program capabilities, with an emphasis on multiagency agreements that streamline, prioritize, and expedite project-level and programmatic permits and approvals. The department shall review current multiagency permit program practices and provide a report with recommendations on the enhancement of the program to the transportation committees of the legislature by December 1, 2024.

Multimodal Transportation Account—State	
Appropriation.....	\$1,200,000
TOTAL APPROPRIATION.....	(((\$43,024,000))
	<u>\$28,563,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$4,025,000 of the motor vehicle account—state appropriation is provided solely for payments of a financing contract issued pursuant to chapter 39.94 RCW for the department facility located at 15700 Dayton Ave N in Shoreline. All payments from the department of ecology pursuant to the agreement with the department to pay a share of the financing contract for this facility must be deposited into the motor vehicle account.

(2)(a) \$10,011,000 of the move ahead WA account—state appropriation is provided solely for the department to improve its ability to keep facility assets in a state of good repair. In using the funds appropriated in this subsection, the department, with periodic reporting to the joint transportation committee, must develop and implement a prioritization of facility capital preservation needs and repair projects. The legislature intends these to be reasonable, forward-thinking investments that consider potential future space efficiency measures and consolidations, including those assessed as having high commercial value and potential returns to state transportation funds associated with the sale of the property. Prioritization must be based on, but not limited to, the following criteria: (i) Employee safety and facility security; (ii) state and federal regulatory and statutory requirements and compliance issues, including clean buildings requirements; (iii) quality of work issues; (iv) facility condition assessment evaluations and scoring; (v) asset preservation; and (vi) amount of operational support provided by the facility to the achievement of the department's performance measures and outcomes, including facility utilization based on field operations work supported at the location. "Field operations" include maintenance, transportation operations, materials testing, and construction.

(b) By October 15, 2024, covering the first 15 months of the 2023-2025 fiscal biennium, the department must provide a report based on the prioritization of facility preservation needs and repair projects developed pursuant to (a) of this subsection to the office of financial management and the transportation committees of the legislature. The report must include: (i) A by facility ranking based on the criteria implemented; (ii) detailed information on the actions taken in the previous period to address the identified issues and deficiencies; and (iii) the plan, by facility, to address issues and deficiencies for the remainder of the 2023-2025 fiscal biennium and the 2025-2027 fiscal biennium.

(c) The by facility ranking developed under (b) of this subsection must be the basis of an agency budget submittal for the 2025-2027 fiscal biennium.

(3)(a) \$1,200,000 of the multimodal transportation account—state appropriation is provided solely for the department to evaluate safety rest areas along Interstate 5 and Interstate 90 for potential truck parking expansion opportunities. The department shall also evaluate commercial vehicle inspection locations, in coordination with the Washington state patrol, for potential truck parking expansion opportunities.

(b) These evaluations must include assessments of opportunities to provide additional truck parking through rest stop and inspection location reconfiguration, expansion, and conversion, as well as evaluation of potential improvements to restroom facilities at weigh stations with truck parking. The department shall consider opportunities to expand rest stop footprints onto additional department-owned property, as well as opportunities to acquire property for rest stop expansion. Opportunities to convert a rest stop to a commercial vehicle-only rest stop must be considered if property is available to develop a new light-duty vehicle rest stop within a reasonable distance. The department shall include an evaluation of a potential truck parking site at John Hill Rest Area along the Interstate 90 corridor

identified in the joint transportation committee's "Truck Parking Action Plan." Evaluations must include cost estimates for reconfiguration, expansion, and conversion, as well as other recommendations for the development of these sites.

(c) The department should consult with the federal highway administration, the Washington state patrol, the Washington trucking association, the freight mobility strategic investment board, and local communities.

(d) The department must update the transportation committees of the legislature on agency activities and their status by December 1, 2023, and to provide a final report to the transportation committees of the legislature by December 1, 2024.

(4) ~~(\$15,457,000))~~ \$1,000,000 of the motor vehicle account—state appropriation is provided solely for making improvements to the department facility located at 11018 NE 51st Cir in Vancouver to meet the Washington state clean buildings performance standard.

(5)(a) ~~\$4,100,000 of the ((move-ahead-WA))~~ motor vehicle account—state appropriation is provided solely for preliminary engineering and design associated with the demolition and replacement of the department's vehicle repair and parts building at 6431 Corson Avenue South in Seattle. The department must include any requested construction costs of the facility as a separate project as part of its agency budget submittal for the 2025-2027 fiscal biennium utilizing form C-100 for capital projects. The design information must also include detailed information on square footage, components of the facility, and cost comparisons with similar maintenance facilities.

(b) By September 1, 2024, the office of financial management, in consultation with the department, must develop criteria for preservation and improvement minor works lists for the department's facilities program. The criteria must incorporate, adjusted where appropriate, provisions already in use in the omnibus capital budget act for minor works, including: (i) The dollar limitation for each project to be included in the list; (ii) the types of projects appropriate to be included in the list; (iii) the project length limitation appropriate to be included in the list; and (iv) a recommended initial allotment, revision request approval, and revision notification process associated with the list. The criteria must be the basis of the preservation and improvement minor works list included in the agency budget submittal beginning with the 2025-2027 fiscal biennium.

(c) By September 1, 2024, the office of financial management, in consultation with the department, must also develop criteria for providing building related capital requests in a comparable format, adjusted where appropriate, to provisions already in use in the omnibus capital appropriations act for building projects, including the C-100 capital request form and other detail requirements for omnibus capital appropriations act building submissions.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation, the entire move ahead WA account—federal appropriation, the entire move ahead WA account—state appropriation, and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ~~((2024-4))~~ 2025-1 as developed ~~((March 6, 2024))~~ April 26, 2025, Program - Highway Improvements Program (I). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 ~~((chapter 472, Laws of 2023))~~ of this act.

(2) Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor vehicle account—federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

~~((2024-2))~~ 2025-2 ALL PROJECTS as developed ~~((March 6, 2024))~~ April 26, 2025, Program - Highway Improvements Program (I). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, or the federal funds redistribution process must then be applied to highway and bridge preservation activities.

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer appropriation authority between programs I and P, except for appropriation authority that is otherwise restricted in this act, as follows:

(a) Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised.

(b) The director of the office of financial management must first provide written authorization for such transfer to the department and the transportation committees of the legislature.

(c) The department shall submit a report on appropriation authority transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(4) The connecting Washington account—state appropriation includes up to \$1,332,926,000 in proceeds from the sale of bonds authorized in RCW 47.10.889.

(5) The special category C account—state appropriation includes up to \$111,106,000 in proceeds from the sale of bonds authorized in RCW 47.10.812.

(6) The transportation partnership account—state appropriation includes up to ~~(((\$46,899,000))~~ \$8,860,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

~~(7) ((The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an appropriation modification, reductions in the amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:~~

~~(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this fiscal biennium;~~

~~(b) Appropriation modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2023-2025 fiscal biennium in LEAP Transportation Document 2024 2 ALL PROJECTS as developed March 6, 2024;~~

~~(c) Appropriation modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Connecting Washington account—state, and move ahead WA account—state; and~~

~~(d) The office of financial management must provide notice of appropriation modifications authorized under this subsection within 10 working days to the transportation committees of the legislature. By December 1, 2023, and December 1, 2024, the department must submit a report to the transportation committees of the legislature regarding the actions taken to date under this subsection.~~

~~(8))~~ The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

~~((9))~~ (8) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70A.205.700, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

~~((40))~~ (9) By June 30, 2025, to the extent practicable, the department shall decommission the facilities for the Lacey project engineering office and the Tumwater project engineering office at the end of their lease terms and consolidate the Lacey project engineering office and the Tumwater project engineering office into the department's Olympic regional headquarters.

~~((44))~~ (10) The legislature intends that any savings realized on the following projects will not be attributable to the application of practical design, retired risk, or unused contingency funding for the purposes of RCW 47.01.480:

(a) I-5/Marvin Road/SR 510 Interchange (L1100110); and

(b) I-82/EB WB On and Off Ramps (L2000123).

~~((42))~~ (11)(a) ~~(((\$337,114,000))~~ \$282,810,000 of the coronavirus state fiscal recovery fund—federal appropriation, ~~(((\$110,439,000))~~ \$31,405,000 of the motor vehicle account—federal appropriation, ~~(((\$576,827,000))~~ \$525,187,000 of the move ahead WA account—state appropriation, \$191,807,000 of the connecting Washington account—state appropriation, and ~~(((\$8,329,000))~~ \$217,000 of the motor vehicle account—state appropriation are provided solely for the Fish Passage Barrier Removal project (OBI4001) with the intent of fully complying with the federal *U.S. v. Washington* court injunction by 2030.

(b) The fish passage barrier removal program, in consultation with the office of innovative partnerships, shall explore opportunities to employ innovative delivery methods to ensure compliance with the court injunction including, but not limited to, public-private partnerships and batched contracts. It is the intent of the legislature that appropriations for this purpose may be used to jointly leverage state and local funds for match requirements in applying for competitive federal aid grants provided in the infrastructure investment and jobs act for removals of fish passage barriers under the national culvert removal, replacement, and restoration program. State funds used for the purpose described in this subsection must not compromise full compliance with the court injunction by 2030.

(c) The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach by replacing both state and local culverts guided by the principle of providing the greatest fish habitat gain at the earliest time. The department shall deliver high habitat value fish passage barrier corrections that it has identified, guided by the following factors: Opportunity to bundle projects, tribal priorities, ability to leverage investments by others, presence of other barriers, project readiness, culvert conditions, other transportation projects in the area, and transportation impacts. The department and Brian Abbott fish barrier removal board must provide updates on the implementation of the statewide culvert remediation plan to the legislature by November 1, 2023, and June 1, 2024.

(d) The department must keep track of, for each barrier removed: (i) The location; (ii) the amount of fish habitat gain; and (iii) the amount spent to comply with the injunction.

(e) During the 2023-2025 fiscal biennium, the department shall provide reports of the amounts of federal funding received for this project to the governor and transportation committees of the

legislature by November 1, 2023, and semiannually thereafter.

~~((43))~~ ~~((12))~~ ~~((15,000,000))~~ \$4,437,000 of the model toxics control stormwater account—state appropriation is provided solely for the Stormwater Retrofits and Improvements project (L4000040). It is the intent of the legislature, over the 16-year move ahead WA investment program, to provide \$500,000,000 for this program.

~~(b) ((Of the amounts provided in this subsection, \$6,000,000 is provided solely for the Urban Stormwater Partnership— I-5 Ship Canal Bridge Pilot (Seattle) project.~~

~~((e))~~ The funding provided for stormwater retrofits and improvements must enhance stormwater runoff treatment from existing roads and infrastructure with an emphasis on green infrastructure retrofits. Projects must be prioritized based on benefits to salmon recovery and ecosystem health, reducing toxic pollution, addressing health disparities, and cost-effectiveness. The department of transportation must submit progress reports on its efforts to reduce the toxicity of stormwater runoff from existing infrastructure, recommendations for addressing barriers to innovative solutions, and anticipated demand for funding each fiscal biennium.

~~((44))~~ ~~((13))~~ ~~((25,067,000))~~ \$12,011,000 of the connecting Washington account—state appropriation is provided solely for the SR 3 Freight Corridor (T30400R) project. The legislature intends to provide a total of \$78,910,000 for this project, including an increase of \$12,000,000 in future biennia to safeguard against inflation and supply/labor interruptions and ensure that:

(i) The northern terminus remains at Lake Flora Road and the southern terminus at the intersection of SR 3/SR 302; and

(ii) Multimodal safety improvements at the southern terminus remain in the project to provide connections to North Mason school district and provide safe routes to schools.

(b) With respect to right-of-way acquisition and the construction of the SR 3 Freight Corridor project (T30400R), tribal consultation with the Suquamish tribe shall begin at the earliest stage of planning, including without limitation on all funding decisions and funding programs, to provide a government-to-government mechanism for the tribe to evaluate, identify, and expressly notify governmental entities of any potential impacts to tribal cultural resources, archaeological sites, sacred sites, fisheries, or other rights and interests in tribal lands and lands within which the tribe possesses rights reserved or protected by federal treaty, statute, or executive order. The consultation is independent of, and in addition to, any public participation process required under state law, or by a state agency, including the requirements of Executive Order 21-02 related to archaeological and cultural resources, and regardless of whether the agency receives a request for consultation from the Suquamish tribe. Regularly scheduled tribal consultation meetings with the Suquamish tribe shall continue throughout the duration of any funding or program decisions and proposed project approval.

~~((15))~~ ~~(\$6,000,000)~~ (14) \$384,000 of the move ahead WA account—state appropriation and ~~((10,000,000))~~ \$3,342,000 of the move ahead WA account—federal appropriation are provided solely for the SR 3/Gorst Area - Widening project (L4000017). Tribal consultation with the Suquamish tribe must begin at the earliest stage of planning, including, without limitation, all funding decisions and funding programs, to provide a government-to-government mechanism for the tribe to evaluate, identify, and expressly notify governmental entities of any potential impacts to tribal cultural resources, archaeological sites, sacred sites, fisheries, or other rights and interests in tribal lands and lands within which the tribe possesses rights reserved or protected by federal treaty, statute, or executive order. The

consultation is independent of, and in addition to, any public participation process required under state law, or by a state agency, including the requirements of Executive Order 21-02 related to archaeological and cultural resources, and regardless of whether the agency receives a request for consultation from the Suquamish tribe. Regularly scheduled tribal consultation meetings with the Suquamish tribe must continue throughout the duration of any funding program and proposed project approval.

~~((46))~~ ~~((15))~~ (a) \$94,500,000 of the move ahead WA account—federal appropriation, \$137,500,000 of the move ahead WA account—private/local appropriation, and \$43,000,000 of the move ahead WA account—state appropriation are provided solely for the I-5 Columbia river bridge project (L4000054). The legislature finds that the replacement of the I-5 Columbia river bridge is a project of national significance and is critical for the movement of freight. One span is now 105 years old, at risk for collapse in the event of a major earthquake, and no longer satisfies the needs of commerce and travel. Replacing the aging interstate bridge with a modern, seismically resilient, multimodal structure that provides improved mobility for people, goods, and services is a high priority. Therefore, the legislature intends to support the replacement of the I-5 Columbia river bridge with an investment of \$1,000,000,000 over the 16-year move ahead WA investment program.

(b) The legislature recognizes the importance of the I-5/Mill Plain Boulevard project (L2000099) and intends to provide funding for reconstruction of the existing interchange in coordination with construction of the Interstate 5 bridge over the Columbia river.

(c) The department shall provide regular updates on the status of ongoing coordination with the state of Oregon on any interstate agreements regarding sharing of revenues, use of revenues, and fiscal responsibilities of each state. Prior to finalizing any such agreement, the department shall provide a draft of the agreement to the transportation committees of the legislature for review and input. Additionally, the department shall advise on the status of any interstate agreements to the joint transportation committee beginning in September 2023 and quarterly thereafter until any agreements are finalized.

~~((47))~~ ~~The legislature recognizes the importance of the US-12/Walla Walla Corridor Improvements project (T20900R) and intends to advance funding to provide matching funds if competitive federal funding is awarded for the final remaining four lane section between Wallula and Nine Mile Hill. The department, in consultation with local governments in the vicinity, must pursue any federal funding available.~~

~~((18))~~ ~~(\$2,642,000)~~ (16) \$94,000 of the move ahead WA account—state appropriation is provided solely for the US 101/Simdars Bypass project (L4000013).

~~((49))~~ ~~(\$338,512,000)~~ (17) \$343,674,000 of the connecting Washington account—state appropriation, ~~((3,109,000))~~ \$1,582,000 of the multimodal transportation account—state appropriation, ~~((27,201,000))~~ \$26,735,000 of the motor vehicle account—private/local appropriation, ~~((178,543,000))~~ \$174,712,000 of the move ahead WA account—federal appropriation, ~~((36,370,000))~~ \$10,001,000 of the move ahead WA account—state appropriation, and ~~((211,131,000))~~ \$161,680,000 of the motor vehicle account—federal appropriation are provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall continue to collaborate with the affected stakeholders as it implements the

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

corridor construction and implementation plan for state route number 167 and state route number 509. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(c) The entire multimodal transportation account—state appropriation in this subsection is for:

(i) The design phase of the Puyallup to Tacoma multiuse trail along the state route number 167 right-of-way acquired for the project to connect a network of new and existing trails from Mount Rainier to Point Defiance Park; and

(ii) Segment 2 of the state route number 167 completion project shared-use path to provide connections to the interchange of state route number 167 at 54th to the intersection of state route number 509 and Taylor Way in Tacoma.

~~((20))~~ (18) \$2,213,000 of the motor vehicle account—state appropriation and \$14,012,000 of the connecting Washington account—state appropriation are provided solely for the SR 224/Red Mountain Vicinity Improvement project (L1000291). The department shall provide funding to the city of West Richland to complete the project within the project scope identified by the legislature and within the total amount provided by the legislature. The department shall not amend the project's scope of work to add pavement preservation on state route number 224 from the West Richland city limits to Antinori Road.

~~((21) \$409,667,000))~~ (19) \$363,020,000 of the connecting Washington account—state appropriation, ~~((500,000 of the state route number 520 corridor account—state appropriation,))~~ \$10,000,000 of the state route number 520 civil penalties account—state appropriation, \$52,000,000 of the JUDY transportation future funding program account—state appropriation, and \$5,592,000 of the motor vehicle account—private/local appropriation are provided solely for the SR 520 Seattle Corridor Improvements - West End project (M00400R) and are subject to the following conditions and limitations:

(a) The department shall immediately proceed with awarding the bid for the Portage Bay Bridge and Roanoke Lid project to the team that submitted the proposal with the apparent best value in September 2023. Consistent with negotiated timelines, the legislature expects the award to be made by March 15, 2024, and assumes that the department shall expedite executing the contract with the awarded team. Once the contract is executed for this project, the department shall seek consequential cost reduction opportunities through value engineering and prioritizing functionality and usability of the Portage Bay Bridge and Roanoke Lid. The department shall report on the status of the project and cost reduction efforts to the transportation committees of the legislature by December 15, 2024.

(b) Upon completion of the Montlake Phase of the West End project, the department shall sell or transfer that portion of the property not necessary for transportation purposes, and shall initiate a process to convey or transfer such portion of the surplus property to a subsequent owner.

~~(c) ((Of the amounts provided in this subsection, \$500,000 of the state route number 520 corridor account—state appropriation is provided solely for noise mitigation activities. It is the intent of the legislature to provide an additional \$600,000 for noise mitigation activities.~~

~~(d))~~ Pursuant to chapter 281, Laws of 2024, the department shall apply for a sales tax deferral for construction work on the SR 520 Seattle Corridor Improvements - West End project (M00400R).

~~((22) \$450,000))~~ (20) \$391,000 of the motor vehicle

account—state appropriation ~~((is))~~ and \$5,562,000 of the motor vehicle account—federal appropriation are provided solely for the SR 900 Safety Improvements project (L2021118). The department must: (a) Work in collaboration with King county and the Skyway coalition to align community assets, transportation infrastructure needs, and initial design for safety improvements along state route number 900; and (b) work with the Skyway coalition to lead community planning engagement and active transportation activities.

~~((23))~~ (21) \$7,500,000 of the motor vehicle account—federal appropriation is provided solely for a federal fund exchange pilot program. The pilot program must allow exchanges of federal surface transportation block grant population funding and state funds at an exchange rate of 95 cents in state funds per \$1.00 in federal funds. The projects receiving the exchanged federal funds must adhere to all federal requirements, including the applicable disadvantaged business enterprise goals. The entirety of the appropriation in this subsection must be held in unallotted status until surface transportation block grant population funding has been offered to the state, and the department determines that a federalized project or projects funded in this section is eligible to spend the surface transportation block grant population funding. \$7,125,000 from existing state appropriations identified elsewhere within this section are available to be used as part of the exchange. Upon determination that a project or projects funded in this section is eligible to spend the offered surface transportation block grant population funding, state funds appropriated in this section for the eligible state project or projects in an amount equal to 100 percent of the offered surface transportation block grant population funding must be placed in unallotted status. The legislature intends to evaluate the utility and efficacy of the pilot program in the 2025 legislative session while reappropriating any remaining funds into the 2025-2027 fiscal biennium. Therefore, the department may issue additional calls for projects with any remaining funds provided in this subsection.

~~((24) \$9,593,000))~~ (22) \$9,195,000 of the motor vehicle account—state appropriation ~~((552,000 of the connecting Washington account—state appropriation,))~~ and ~~((209,000))~~ \$584,000 of the move ahead WA account—state appropriation are provided solely for the SR 522/Paradise Lk Rd Interchange & Widening on SR 522 (Design/Engineering) project (NPARADI), specifically for design of, preliminary engineering, and right-of-way acquisition for the interchange and widening as a single project. The department must consider reserving portions of state route number 522, including designated lanes or ramps, for the exclusive or preferential use of public transportation vehicles, privately owned buses, motorcycles, private motor vehicles carrying not less than a specified number of passengers, or private transportation provider vehicles pursuant to RCW 47.52.025.

~~((25))~~ (23) Prior to initiating new advertisements or requests for qualifications for the following projects: SR 9/Marsh Road to 2nd Street Vicinity (N00900R), SR 526 Corridor Improvements (N52600R), US 395 North Spokane Corridor (M00800R), and SR 18 - Widening - Issaquah/Hobart Rd to Raging River - Phase 1 (L1000199), the capital projects advisory review board shall review the planned procurement methods for these projects. The board shall provide recommendations on procurement methods to the office of financial management, the department, and the transportation committees of the legislature for project L1000199 by July 1, 2024, and projects N52600R, N00900R, and M00800R by December 1, 2024. After the board provides recommendations, the department may initiate new advertisements and requests for qualifications, incorporating the recommendations as appropriate.

The department shall structure the advertisements, requests for

qualifications, and requests for proposals, for projects referenced in this subsection, in a manner that provides a high degree of certainty that bids come in as expected according to engineer estimates made through the cost estimate valuation process. The department may request bid offers with alternatives for components of a larger project so that the department may present to the legislature modified options for projects to minimize project delays and stay within appropriated funding resources. If alternatives provided are at or below the engineer estimates, the department may proceed with the project award.

~~((If bid proposals exceed engineer estimates by more than five percent or \$10,000,000, the department shall report this information to the transportation committees of the legislature within two weeks of receiving the bid proposals, and pause award and contract execution.~~

~~((26)))~~ (24) \$750,000 of the motor vehicle account—state appropriation is provided solely for the Grady Way Overpass at Rainier Avenue South I-405 BRT Access study (L1000333).

~~((27) \$1,804,000))~~ (25) \$270,000 of the connecting Washington account—state appropriation is provided solely for the SR 164 East Auburn Access project (L1000120). The department must work with the Muckleshoot tribe to deliver the project.

~~((28)))~~ (26) \$250,000 of the motor vehicle account—state appropriation is provided solely for preliminary engineering of the SR 14/Camas Slough Bridge project (L1000352). Funds may be used for predesign environmental assessment work, community engagement, design, and project cost estimation.

~~((29) \$1,000,000 of the multimodal transportation account—state appropriation is provided solely for matching funds for the department to apply to the federal highway administration's wildlife crossings pilot program, in the 2024 grant application cycle, for wildlife crossing underpasses on U.S. 97 between Tonasket and Riverside.~~

The department may use a portion of the appropriation in this subsection for grant proposal development and as state match funding for technology-based truck parking availability system federal grant applications. The department must update the transportation committees of the legislature on agency activities and their status by December 1, 2023, and provide a final report to the transportation committees of the legislature by December 1, 2024.

~~((31)))~~ (28) \$1,000,000 of the multimodal transportation account—state appropriation is provided solely for the design on the I-5 Fort Lewis weigh station and SR 906 Phase 3 truck parking improvements (L1000377).

~~((32)))~~ (29) The legislature intends to provide \$4,950,000 in the 2025-2027 fiscal biennium for additional truck parking improvements ~~((L1000376)))~~. As part of the department's 2025-2027 budget submittal, the department and the freight mobility strategic investment board, after consulting with appropriate entities, must provide a list of specific truck parking solutions within the amounts provided in this subsection ~~((32)))~~. The list may also include additional funding recommendations beyond this amount for more immediate expansion of truck parking capacity, as well as for long-term expansion of truck parking capacity.

Sec. 1005. 2024 c 310 s 305 (uncodified) is amended to read

its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised.

(b) The director of the office of financial management must first provide written authorization for such transfer to the department and the transportation committees of the legislature.

(c) The department shall submit a report on appropriation authority transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(4) ~~((The transportation partnership account state appropriation includes up to \$3,280,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.~~

~~((5) \$22,000,000))~~ \$9,500,000 of the motor vehicle account—state appropriation is provided solely for extraordinary costs incurred from litigation awards, settlements, or dispute mitigation activities not eligible for funding from the self-insurance fund (L2000290). The amount provided in this subsection must be held in unallotted status until the department submits a request to the office of financial management that includes documentation detailing litigation-related expenses. The office of financial management may release the funds only when it determines that all other funds designated for litigation awards, settlements, and dispute mitigation activities have been exhausted.

~~((6))~~ (5) Within the connecting Washington account—state appropriation, the department may transfer funds from Highway System Preservation (L1100071) to other preservation projects listed in the LEAP transportation document identified in subsection (1) of this section, if it is determined necessary for completion of these high priority preservation projects. The department's next budget submittal after using this subsection must appropriately reflect the transfer.

~~((7))~~ (6) By June 30, 2025, to the extent practicable, the department shall decommission the facilities for the Lacey project engineering office and the Tumwater project engineering office at the end of their lease terms and consolidate the Lacey project engineering office and the Tumwater project engineering office into the department's Olympic regional headquarters.

~~((8))~~ (7) The appropriations in this section include funding for starting planning, engineering, and construction of the Elwha River bridge replacement. To the greatest extent practicable, the department shall maintain public access on the existing route.

~~((9))~~ (8) \$7,500,000 of the motor vehicle account—federal appropriation is provided solely for a federal fund exchange pilot program. The pilot program must allow exchanges of federal surface transportation block grant population funding and state funds at an exchange rate of 95 cents in state funds per \$1.00 in federal funds. The projects receiving the exchanged federal funds must adhere to all federal requirements, including the applicable disadvantaged business enterprise goals. The entirety of the appropriation in this subsection must be held in unallotted status until surface transportation block grant population funding has been offered to the state and the department determines that a federalized project or projects funded in this section is eligible to spend the surface transportation block grant population funding. \$7,125,000 from existing state appropriations identified elsewhere within this section are available to be used as part of the exchange. Upon determination that a project or projects funded in this section is eligible to spend the offered surface transportation block grant population funding, state funds appropriated in this section for the eligible state project or projects in an amount equal to 100 percent of the offered surface transportation block grant population funding must be placed in unallotted status. The legislature intends to evaluate the utility and efficacy of the pilot program in the 2025 legislative session while reappropriating any remaining funds into the 2025-2027 fiscal

biennium. Therefore, the department may issue additional calls for projects with any remaining funds provided in this subsection.

~~((10) \$21,000 of motor vehicle account—state appropriation is provided solely for the implementation of chapter 54, Laws of 2023 (bridge jumping signs) (G2000114).~~

~~((11) \$4,319,000 of the move ahead Washington account—state appropriation is provided solely for SR 525 Bridge Replacement—Mukilteo (L2021084). Of the amounts in this subsection, \$155,000 must be transferred to the city of Mukilteo for purposes of community planning and business engagement.))~~ (9) The appropriations in this section include funding for the following projects:

(a) SR 241/Mabton Bridge;

(b) SR 112 Preservation and Maintenance;

(c) SR 155/Omak Bridge Rehabilitation;

(d) SR 4/Abernathy Creek Bridge - Replace Bridge;

(e) SR 525 Bridge Replacement - Mukilteo;

(f) Land Mobile Radio (LMR) Upgrade;

(g) SR 104/Port Angeles Graving Dock Settlement and Remediation; and

(h) Bridge Jumping Signs.

consistent with limitations of certain funds provided. In the event that the listed project has been completed the local jurisdictions may, rather than submitting an alternative project, instead be reimbursed in the year in which it was scheduled for documented costs incurred implementing the listed project, not in excess of the amount awarded from the funding program.

(ii) At least 10 business days before advancing or swapping a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2023-2025 fiscal biennium.

(b) Of the amounts provided in this subsection, ~~(((\$25,493,000))~~ \$3,551,000 of the move ahead WA account—state appropriation is provided solely for three roundabouts to be constructed on state route number 507 in partnership with local authorities (L1000330). The roundabout at Vail is with Thurston county, the roundabout at Bald Hills is with the city of Yelm, and the roundabout at state route number 702 is with Pierce county. The department is to work cooperatively with each local jurisdiction to construct these facilities within department rights-of-way. The department must provide all project predesign and design information developed to date to the local jurisdictions and have a project implementation agreement in place with each local jurisdiction within 180 calendar days of the effective date of this act. The implementation agreement may provide full control for the local authority to construct the project. Once the roundabouts are completed, the operations and maintenance of the roundabouts are the responsibility of the department. Of the amounts provided in this subsection, ~~(((\$7,000,000))~~ \$1,205,000 is for the roundabout at Vail road and state route number 507.

(c) Of the amounts provided in this subsection, \$15,000,000 of the move ahead Washington account—state appropriation is provided solely for the Columbia River Bridge Replacement/Hood River to White Salmon project (L4000046). The office of financial management shall place the amounts in this subsection in unallotted status. As funds are appropriated by the Oregon legislature, the office of financial management may release amounts provided in this subsection to match Oregon appropriations.

(8) ~~(((\$39,185,000))~~ \$21,885,000 of the climate active transportation account—state appropriation, ~~(((\$11,600,000))~~ \$500,000 of the multimodal transportation account—state appropriation, \$1,550,000 of the carbon emissions reduction account—state appropriation, and ~~(((\$3,000,000))~~ \$500,000 of the move ahead WA flexible account—state appropriation are provided solely for move ahead WA pedestrian and bike projects listed in LEAP Transportation Document ~~((2024-2))~~ 2025-2 ALL PROJECTS as developed ~~((March 6, 2024))~~ April 26, 2025, Program - Local Programs Program (Z). For projects funded in this subsection, if the department expects to have substantial reappropriations for the 2023-2025 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that is unable to be used in the 2023-2025 fiscal biennium to advance one or more of the projects listed in LEAP Transportation Document ~~((2024-2))~~ 2025-2 ALL PROJECTS as developed ~~((March 6, 2024))~~ April 26, 2025, Program - Local Programs Program (Z), prioritizing projects first by tier then by project readiness.

(a) In instances when projects listed in the LEAP transportation document referenced in this subsection (8) of this section are no longer viable or have been completed, the department may recommend in its next budget submittal alternative project proposals from the local jurisdictions if the project is similar in type and scope and consistent with limitations of certain funds

provided. In the event that the listed project has been completed the local jurisdictions may, rather than submitting an alternative project, instead be reimbursed in the year in which it was scheduled for documented costs incurred implementing the listed project, not in excess of the amount awarded from the funding program.

(b) At least 10 business days before advancing or swapping a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2023-2025 fiscal biennium.

(9) \$16,800,000 of the climate active transportation account—state appropriation is provided solely for the statewide school-based bicycle education grant program (L1000309). The department may partner with a statewide nonprofit to deliver programs.

(10) ~~(((\$25,000,000))~~ \$16,800,000 of the climate active transportation account—state appropriation is provided solely for the Sandy Williams connecting communities pilot program (L1000308) to deliver projects to reconnect communities that have been bifurcated by state highways. Priority must be given to historically marginalized or overburdened communities. The department may consult with the Cooper Jones active transportation safety council to identify geographic locations where there are high incidences of serious injuries and fatalities of active transportation users among vulnerable populations.

(11) ~~(((\$14,000,000))~~ \$1,000,000 of the carbon emissions reduction account—state appropriation ~~((and beginning January 1, 2025, \$10,000,000 of the carbon emissions reduction account—state appropriation, are))~~ is provided solely for the Guemes Ferry Boat Replacement project (L4000124).

(12) ~~(((\$6,500,000))~~ \$1,400,000 of the move ahead WA flexible account—state appropriation is provided solely for development of an applied sustainable aviation evaluation center (L2021135). Snohomish county, in partnership with Washington State University, shall plan and establish facilities to evaluate, qualify or certify, and research technologies that can minimize the impact of aviation on human health and the environment. Funds may be used for, but are not limited to, planning, construction, and land acquisition for sustainable aviation fuel (SAF) qualification testing (ASTM D4054), research on the impact of SAF on the environment and human health, and SAF storage for the purpose of advancing sustainable aviation. At a minimum, three sustainable aviation platforms must be considered:

- (a) Sustainable aviation fuel (SAF);
- (b) Hydrogen; and
- (c) Battery electric energy storage mechanisms.

(13) The legislature intends to fund the Ballard and Magnolia Bridge project (L4000123), as described in section 911(18) ~~((and (19)))~~, chapter 472, Laws of 2023.

(14) ~~(((\$200,000))~~ \$30,000 of the multimodal transportation account—state appropriation is provided solely for the Seattle office of planning and community development to update and add to the 2020 I-5 Lid Feasibility Study with additional test cases with ramp changes and removals in downtown Seattle and alternative assumptions with regards to parking, expansion of Freeway Park, affordable housing, and commercial real estate (L2021140). The Seattle office of planning and community development shall conduct ongoing community engagement with underrepresented constituencies to support the technical work of this study and raise public awareness of opportunities of I-5 lids. Focus should be given to low-income households living and working in the I-5 lid study areas in central Seattle.

(15) ~~(((\$1,000,000))~~ \$500,000 of the multimodal transportation

account—state appropriation is provided solely for the department to award grants to local jurisdictions to implement network-wide traffic conflict screening programs using video analytics in controlled intersections with a disproportionate number of traffic violations and injuries to active transportation users (L2021149). Grants must be awarded proportionally across the state and include controlled intersections in both urban and rural environments and along state highways and county roads. Grant recipients must report back to the department all traffic violation and active transportation facility data acquired during the grant period and provide the department with appropriate next steps for the state and the local jurisdiction to improve traffic safety for active transportation users in such intersections. The department must report such findings and recommendations to the transportation committees of the legislature by December 1, 2024.

(16)(a)(i) \$5,000,000 of the carbon emissions reduction account—state appropriation is provided solely for the department to establish a program for providing rebates to qualifying persons who purchase e-bikes and qualifying equipment and services from a qualifying retailer. Of this amount, \$3,000,000 is for rebate amounts as described under (a)(iii)(A) of this subsection, and \$2,000,000 is for rebate amounts as described under (a)(iii)(B) of this subsection.

(ii) To qualify for and use the rebate under this subsection, a person must be a resident of Washington state and purchase an e-bike and qualifying equipment and services, if any, from a qualifying retailer in this state. Qualifying equipment and services must be purchased as part of the same transaction as the e-bike.

(iii)(A) For persons who are at least 16 years of age and reside in households with incomes at or below 80 percent of the county area median income, the amount of the rebate is up to \$1,200 on the sale of an e-bike and any qualifying equipment and services.

(B) For all other persons who are at least 16 years of age, the amount of the rebate is up to \$300 on the sale of an e-bike and any qualifying equipment and services.

(C) No more than one rebate may be awarded per household.

(iv)(A) The department must establish application procedures for e-bike retailers to participate in the rebate program, and application and award procedures for applicants to participate in the program. If an applicant qualifies for a rebate amount and there is sufficient funds to award the applicant with the appropriate rebate amount, the department must provide the qualifying individual the rebate amount in a format that can be redeemed at the time of purchase at a qualifying retailer.

(B) An applicant must provide contact information, including a physical address, email address, and phone number, and demographic information, including the applicant's age, gender, race, and ethnicity, to the department on a form provided by the department at the time of applying for the rebate. The department may share or provide access to such information with the University of Washington to provide the University of Washington an opportunity to ask program applicants and recipients to fill out a survey collecting information only to the extent to inform its report described under (d) of this subsection.

(v) A qualifying retailer must register with the department before participating in the rebate program. A qualifying retailer must:

(A) Verify the identity of the qualifying individual at the time of purchase; and

(B) Calculate and apply the rebate at the time of purchase.

(vi) The department must reimburse a qualifying retailer that accepts a rebate from a qualifying individual no later than 30 days after the rebate is redeemed.

(vii) For purposes of this subsection (16)(a):

(A) "E-bike" means an electric assisted bicycle as defined in RCW 46.04.169, but does not include mountain bikes.

(B) "Qualifying equipment and services" means a bicycle helmet, safety vest, bicycle light, or bicycle lock, and any maintenance or other services agreed upon by the qualifying retailer and qualifying individual at the time of purchase.

(C) "Qualifying retailer" means a retail business establishment with one or more physical retail locations in this state that provides on-site e-bike sales, service, and repair and has registered with the department to participate in the rebate program established under this subsection.

(b) For fiscal year 2025, ~~(((\$2,000,000))~~ \$432,000 of the carbon emissions reduction account—state appropriation is provided solely for the department to establish an e-bike lending library and ownership grant program. The department may accept grant applications from other state entities, local governments, and tribes that administer or plan to administer an e-bike lending library or ownership program for their employees for commute trip reduction purposes. The department may also accept grant applications from nonprofit organizations or tribal governments that serve persons who are low-income or reside in overburdened communities and that administer or plan to administer an e-bike lending library or ownership program for qualifying persons. Grant recipients must report program information and participation data to the University of Washington to inform its report described under (d) of this subsection.

(c) It is the intent of the legislature that funding provided in (a) and (b) of this subsection continue to be appropriated in the 2025-2027 and 2027-2029 fiscal biennia.

(d) Of the amounts provided in this subsection (16), \$90,000 is for the department to contract with the University of Washington's sustainable transportation lab to publish a general policy brief that provides innovative e-bike rebate and lending library or ownership grant program models and recommendations, a report on survey results based on data and demographic information collected under the e-bike rebate program established in (a) of this subsection, and a report on program information and data collected under the e-bike lending library and ownership grant program established in (b) of this subsection. An initial brief and report must be submitted to the transportation committees of the legislature by July 1, 2024, with the final policy brief and report due to the transportation committees of the legislature by ~~((July 1, 2025))~~ December 1, 2025.

(e) The department may not collect more than five percent of appropriated amounts to administer the programs under (a) and (b) of this subsection.

(17) ~~(((\$21,847,000))~~ \$16,460,000 of the freight mobility investment account—state appropriation and ~~(((\$27,216,000))~~ \$17,704,000 of the freight mobility multimodal account—state appropriation are provided solely for freight mobility strategic investment board projects listed in the LEAP transportation document referenced in subsection (1) of this section.

(18) ~~(((\$4,150,000))~~ \$1,660,000 of the motor vehicle account—state appropriation is provided solely for matching funds for federal funds to reconstruct Grant county and Adams county bridges as part of the Odessa groundwater replacement program (L1000322).

(19) ~~(((\$9,240,000))~~ \$9,100,000 of the connecting Washington account—state appropriation is provided solely for the Aberdeen US 12 Highway-Rail Separation project (L1000331).

(20) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an appropriation modification, reductions in the amounts that are provided solely

for a particular purpose within this section subject to the following conditions and limitations:

(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this fiscal biennium;

(b) Appropriation modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2023-2025 fiscal biennium in LEAP Transportation Document ((2024-2)) 2025-2 ALL PROJECTS as developed ((March 6, 2024)) April 26, 2025;

(c) Appropriation modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Connecting Washington account—state, and move ahead WA account—state; and

(d) The office of financial management must provide notice of appropriation modifications authorized under this subsection within 10 working days to the transportation committees of the legislature. By December 1, 2023, and December 1, 2024, the department must submit a report to the transportation committees of the legislature regarding the actions taken to date under this subsection.

(21) ((~~\$5,000,000~~)) \$2,000,000 of the multimodal transportation account—state appropriation is provided solely for the department to assist local jurisdictions in addressing emergent issues related to safety for pedestrians and bicyclists (LXXXPBPF). Funds may only be spent after approval from the office of financial management. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all emergent issues addressed in the prior fiscal biennium. Reporting may be done in conjunction with the transportation operations division.

(22) ((~~Beginning January 1, 2025, \$22,944,000~~)) \$6,150,000 of the carbon emissions reduction account—state appropriation is provided solely for the following projects identified in LEAP Transportation Document ((2024-2)) 2025-2 ALL PROJECTS as developed ((March 6, 2024)) April 26, 2025:

MISCELLANEOUS 2023-2025 FISCAL BIENNIUM

NEW SECTION. Sec. 1201. A new section is added to
 2024 c 310 (uncodified) to read as follows:

The appropriations to the department of transportation in
 chapter 472, Laws of 2023, chapter 310, Laws of 2024, and this
 act must be expended for the programs and in the amounts
 specified in chapter 472, Laws of 2023, chapter 310, Laws of
 2024, and this act. However, after May 1, 2025, unless
 specifically prohibited, the department may transfer state
 appropriations for the 2023-2025 fiscal biennium among
 operating programs after approval by the director of the office of
 financial management. However, the department shall not
 transfer state moneys that are provided solely for a specific
 purpose. The department shall not transfer funds, and the director
 of the office of financial management shall not approve the
 transfer, unless the transfer is consistent with the objective of

conserving, to the maximum extent possible, the expenditure of
 state funds and not federal funds. The director of the office of
 financial management shall notify the appropriate transportation
 committees of the legislature before approving any allotment
 modifications or transfers under this section.

NEW SECTION. Sec. 1202. The following acts or parts of
 acts are each repealed:

- (1) 2023 c 472 s 601 (uncodified);
- (2) 2024 c 310 s 108 (uncodified); and
- (3) 2024 c 310 s 501 (uncodified).

Sec. 1203. 2024 c 310 s 502 (uncodified) is amended to read
 as follows:

TRANSIT, BICYCLE, AND PEDESTRIAN ELEMENTS REPORTING

By November 15th of each year, the department of
 transportation must report on amounts expended to benefit transit,
 bicycle, or pedestrian elements within all connecting Washington
 projects in programs I, P, and Z identified in LEAP
 Transportation Document ~~((2024-2))~~ 2025-2 ALL PROJECTS as
 developed ~~((March 6, 2024))~~ April 26, 2025, in a manner
 consistent with past practices as specified in section 602, chapter
 186, Laws of 2022.

Sec. 1204. 2024 c 310 s 503 (uncodified) is amended to read
 as follows:

LOCAL PARTNER COOPERATIVE AGREEMENTS

(1) If a transportation project, where the Washington state
 department of transportation is the lead and the project is
 scheduled to be delivered or completed in the 2023-2025 fiscal
 biennium as shown on the LEAP Transportation Document
~~((2024-2))~~ 2025-2 ALL PROJECTS as developed ~~((March 6,
 2024))~~ April 26, 2025, is in jeopardy of being delayed because the
 department is unable to deliver or complete the project within the
 2023-2025 fiscal biennium and other local jurisdictions are able
 to deliver or complete the work, the department must coordinate
 with the appropriate local jurisdictions to determine if a potential
 local partner is ready, willing, and able to execute delivery and
 completion of the project within the 2023-2025 fiscal biennium.

(2) The department must compile a list of projects under this
 section, including the timing under which the local partner agency
 can deliver or complete the projects within the 2023-2025 and
 2025-2027 fiscal biennia. The department must submit the
 compiled list of projects to the governor and the transportation
 committees of the legislature by November 1, 2023.

MESSAGE FROM THE HOUSE

April 27, 2025

MR. PRESIDENT:

The Speaker has signed:

ENGROSSED SUBSTITUTE SENATE BILL NO. 5167,
and the same are herewith transmitted.

MELISSA PALMER, Deputy Chief Clerk

MESSAGE FROM THE HOUSE

April 27, 2025

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5194 with the following amendment(s): 5194-S AMH THAR H2390.1

Strike everything after the enacting clause and insert the following:

**"PART I
2023-2025 AND 2025-2027 BIENNIAL BOND
AUTHORIZATION**

NEW SECTION. Sec. 101. For the purpose of providing funds to finance the projects described and authorized by the legislature in the omnibus capital and operating appropriations acts for the 2023-2025 and 2025-2027 fiscal biennia and future

biennia, and all costs incidental thereto, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of \$4,686,979,000, or as much thereof as may be required, to finance these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

NEW SECTION. Sec. 102. (1) The proceeds from the sale of bonds authorized in section 101 of this act shall be deposited in the state building construction account created by RCW 43.83.020. The proceeds shall be transferred as follows:

(a) \$4,123,420,000 to remain in the state building construction account created by RCW 43.83.020;

(b) \$563,559,000 to the state taxable building construction account. All receipts from taxable bonds issued are to be deposited into the account. If the state treasurer, on behalf of the state finance committee, deems it necessary or advantageous to issue more than the amount specified in this subsection (1)(b) as taxable bonds in order to comply with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds or in order to reduce the total financing costs for bonds issued, the proceeds of such additional taxable bonds shall be transferred to the state taxable building construction account or any other taxable bond accounts in lieu of any transfer otherwise provided by this section. If the state treasurer, on behalf of the state finance committee, determines that a portion of the amount specified in this subsection (1)(b) as taxable bonds may be issued as nontaxable bonds in compliance with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds, then such bond proceeds shall be transferred to the state building construction account or any other nontaxable bond accounts in lieu of the transfer to the state taxable building construction account otherwise provided by this subsection (1)(b). The state treasurer, on behalf of the state finance committee, shall submit written notice to the director of the office of financial management if it is determined that any such additional transfer to the state taxable building construction account or any other taxable bond accounts is necessary or that a transfer from the state taxable building construction account to the state building construction account or any other nontaxable bond accounts may be made. Moneys in the account may be spent only after appropriation.

(2)(a) The state treasurer shall transfer bond proceeds deposited in the state building construction account into the outdoor recreation account created by RCW 79A.25.060, the habitat conservation account created by RCW 79A.15.020, the farm and forest account created by RCW 79A.15.130, and the Ruth LeCocq Kagi early learning facilities development account created by RCW 43.31.569, at various times and in various amounts necessary to support authorized expenditures from those accounts.

(b) The state treasurer shall transfer bond proceeds deposited in the state taxable building construction account into the Ruth LeCocq Kagi early learning facilities revolving account created by RCW 43.31.569 at various times and in various amounts necessary to support authorized expenditures from that account.

(3) These proceeds shall be used exclusively for the purposes specified in section 101 of this act and for the payment of expenses incurred in the issuance and sale of the bonds issued for the purposes of section 101 of this act, and shall be administered by the office of financial management subject to legislative appropriation.

NEW SECTION. Sec. 103. (1) The debt-limit general fund

bond retirement account shall be used for the payment of the principal of and interest on the bonds authorized in section 101 of this act.

(2) The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing 12 months to meet the bond retirement and interest requirements on the bonds authorized in section 101 of this act.

(3) On each date on which any interest or principal and interest payment is due on bonds issued for the purposes of section 102 (1) and (2) of this act the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the debt-limit general fund bond retirement account an amount equal to the amount certified by the state finance committee to be due on the payment date.

NEW SECTION. Sec. 104. (1) Bonds issued under section 101 of this act shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

(2) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

NEW SECTION. Sec. 105. The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized in section 101 of this act, and sections 102 and 103 of this act shall not be deemed to provide an exclusive method for the payment.

PART II MISCELLANEOUS

NEW SECTION. Sec. 201. Sections 101 through 105 of this act are each added to chapter 43.100A RCW.

NEW SECTION. Sec. 202. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 203. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Correct the title.

and the same are herewith transmitted.

MOTION

Senator Trudeau moved that the Senate concur in the House amendment(s) to Substitute Senate Bill No. 5194.

Senator Trudeau spoke in favor of the motion.

The President declared the question before the Senate to be the motion by Senator Trudeau that the Senate concur in the House amendment(s) to Substitute Senate Bill No. 5194.

The motion by Senator Trudeau carried and the Senate concurred in the House amendment(s) to Substitute Senate Bill No. 5194 by voice vote.

The President declared the question before the Senate to be the final passage of Substitute Senate Bill No. 5194, as amended by the House.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 5194, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 47; Nays, 0; Absent, 0; Excused, 1.

Voting yea: Senators Alvarado, Bateman, Boehnke, Braun, Chapman, Christian, Cleveland, Conway, Cortes, Dhingra, Dozier, Fortunato, Frame, Goehner, Hansen, Harris, Hasegawa, Holy, Kauffman, King, Krishnadasan, Liias, Lovelett, Lovick, MacEwen, McCune, Muzzall, Nobles, Orwall, Pedersen, Riccelli, Robinson, Saldaña, Salomon, Schoesler, Shewmake, Short, Slatter, Stanford, Torres, Trudeau, Valdez, Wagoner, Warnick, Wellman, Wilson, C. and Wilson, J.

Excused: Senator Gildon

SUBSTITUTE SENATE BILL NO. 5194, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE HOUSE

April 27, 2025

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5195 with the following amendment(s): 5195-S AMH THAR H2391.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2027, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2026" or "FY 2026" means the period beginning July 1, 2025, and ending June 30, 2026.

(b) "Fiscal year 2027" or "FY 2027" means the period beginning July 1, 2026, and ending June 30, 2027.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2027-2029 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2025, from the 2023-2025 biennial

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

appropriations for each project.

TOTAL	\$29,500,000

NEW SECTION. Sec. 1003. FOR THE DEPARTMENT OF COMMERCE

2025-27 Early Learning Facilities - Eligible Organizations (40000656)

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) \$51,000,000 of the Ruth LeCocq Kagi early learning facilities development account—state appropriation in this section is provided solely for the early learning facility grant and loan program, subject to the provisions of RCW 43.31.565 through 43.31.583, and 43.84.092, to provide state assistance for designing, constructing, purchasing, expanding, or modernizing public or private early learning education facilities for eligible organizations. Up to 3.5 percent of the funding in this subsection (1) may be used by the department of children, youth, and families to provide technical assistance to early learning providers interested in applying for the early learning facility grant or loan program.

(b) The department is encouraged to leverage private and public match funds when feasible and may not require match funds for applicants experiencing financial hardship. The department may not consider the level of project match funds as a competitive criterion when selecting or recommending projects for funding.

(c) Grants may include awards for construction, renovation, or facility purchase projects that will increase early childhood education and assistance program capacity by supporting conversion of slots from part day programs to full day programs or extended day programs, or conversion of full day programs to extended day programs, as defined in RCW 43.216.010.

(2) \$9,000,000 of the Ruth LeCocq Kagi early learning facilities development account—state appropriation in this section is provided solely for minor renovation grants.

(3) \$6,000,000 of the Ruth LeCocq Kagi early learning facilities revolving account—state appropriation and \$3,000,000 of the Ruth LeCocq Kagi early learning facilities development account—state appropriation in this section are provided solely for the Washington early learning loan fund. Of the funds provided in this subsection (3), \$3,000,000 of the Ruth LeCocq Kagi early learning facilities development account—state appropriation is provided solely for emergency grants pursuant to chapter 21 (House Bill No. 1314), Laws of 2025. Up to four percent of the funding in this subsection (3) may be used by the contractor to provide technical assistance to early learning providers. The department may not use any portion of the appropriation in this subsection (3) for administrative expenses of the department.

(4) The department of children, youth, and families must develop methodology to identify, at the school district boundary level, the geographic locations of where early childhood education and assistance program slots are needed to meet the entitlement specified in RCW 43.216.556. This methodology must be linked to the caseload forecast produced by the caseload forecast council and must include estimates of the number of slots needed at each school district. This methodology must inform any early learning facilities needs assessment conducted by the department and the department of children, youth, and families. This methodology must be included as part of the budget submittal documentation required by RCW 43.88.030.

(5) When prioritizing areas with the highest unmet need for early childhood education and assistance program slots, the committee of early learning experts convened by the department pursuant to RCW 43.31.581 must first consider those areas at risk of not meeting the entitlement specified in RCW 43.216.556.

(6) The department must track the number of slots being renovated separately from the number of slots being constructed and, within these categories, must track the number of slots separately by program for the working connections child care program and the early childhood education and assistance program.

(7) When prioritizing applications for projects pursuant to RCW 43.31.581, the department must award priority points to applications from a rural county or from extreme child care deserts as defined by the department of children, youth, and families.

(8) For early learning facilities collocated with affordable or supportive housing developments, the department may remit state funding on a reimbursement basis for 100 percent of eligible project costs, regardless of the project's match amount, once the nonstate share of project costs have been either expended or firmly committed in an amount sufficient to complete the entire project or a distinct phase of the project that is useable to the public as an early learning facility.

(9) \$18,128,000 of the Ruth LeCocq Kagi early learning facilities development account—state appropriation in this section is provided solely for the following list of early learning facility projects:

Batey Square Early Learning.....	\$88,000
Cora Whitley Family Center	\$485,000
Hemlock Commons at Play Frontier	\$1,036,000
Little Wings Early Learning.....	\$3,550,000
New Tomorrow's Hope Child Development Center.....	\$3,050,000
Port Angeles YMCA Early Learning	\$2,050,000
Redmond Childcare Expansion	\$769,000
Ritzville Childcare Facility	\$2,050,000

Willard Early Learning Center.....\$5,050,000

(10) The department may use up to four percent of amounts appropriated in subsections (1) and (2) of this section for administrative expenses. The department may use up to four percent of amounts appropriated in subsection (9) of this section or \$50,000 per project, whichever is less, for administrative expenses.

(11) The appropriations in this section are subject to the provisions of section 8018 of this act.

Appropriation:

Ruth LeCocq Kagi Early Learning Facilities
Development Account—State \$81,128,000
Ruth LeCocq Kagi Early Learning Facilities
Revolving Account—State \$6,000,000
Subtotal Appropriation \$87,128,000
Prior Biennia (Expenditures) \$0
Future Biennia (Projected Costs) \$348,512,000
TOTAL \$435,640,000

NEW SECTION. Sec. 1004. FOR THE DEPARTMENT OF COMMERCE

2025-27 Regional Approaches Program (40000657)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the department to provide planning, technical assistance, and predevelopment grants to local governments and federally recognized tribal governments for projects that would directly benefit overburdened communities, as defined by RCW 70A.02.010, that have been historically underserved by capital grant programs.

(2) In awarding grants under this section, the department shall prioritize applications that advance community housing, energy, and infrastructure needs. In ranking and sizing grants, the department may consider the financial capacity of the applicant and of the community that the grant would benefit.

(3) The department must provide a report to the appropriate committees of the legislature and the governor by October 1, 2026. The report must include:

(a) A list and description of the projects approved for funding, including state funding and total project cost;

(b) A status report of projects that received funding; and

(c) A description of the solicitation and evaluation process, including, but not limited to, applications received, the total amount of funding requested, and issues encountered.

(4) The department may use up to four percent of the appropriation in this section to administer the program, including, but not limited to, providing technical assistance, managing contracts, providing community outreach and engagement, reporting, and planning and implementation assistance.

(5) The appropriation in this section is subject to the provisions of section 8018 of this act.

Appropriation:

State Building Construction Account—State..... \$2,000,000
Prior Biennia (Expenditures) \$0
Future Biennia (Projected Costs) \$8,000,000
TOTAL \$10,000,000

NEW SECTION. Sec. 1005. FOR THE DEPARTMENT OF COMMERCE

2025-27 CERB Capital Construction (40000658)

The appropriations in this section are subject to the following conditions and limitations:

(2) The department must establish a competitive process to solicit proposals for and prioritize projects whose primary objective is to assist libraries operated by governmental units, as defined in RCW 27.12.010, in acquiring, constructing, repairing, or rehabilitating facilities.

(3) The department must establish a committee to develop the grant program criteria established under subsection (2) of this section and review proposals. The committee must be composed of five members as provided in this subsection. The committee must include: (a) A representative from the department of commerce; (b) a representative from the department of archaeology and historic preservation; (c) the state librarian; (d) a representative from a library district; and (e) a representative from a municipal library.

(4) The department must conduct a statewide solicitation of project applications. The department must evaluate and rank applications in consultation with the committee established in subsection (3) of this section, using objective criteria. The ranking of projects must prioritize library district facilities listed on a local, state, or federal register of historic places and those located in distressed or rural counties. The evaluation and ranking process must also include an examination of existing assets that applicants

propose to apply to projects. Grant assistance under this section may not exceed 50 percent of the total cost of the project. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

(5) The department must submit a prioritized list of recommended projects to the governor and the legislature by October 1, 2026, for inclusion in the department of commerce's 2027-2029 biennial capital budget request. The list must include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. Individual grants may not exceed \$2,000,000. The total amount of recommended state funding for the projects on a biennial project list may not exceed \$10,000,000.

(6) In contracts for grants authorized under this section, the department must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee must repay to the state building construction account—state the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued on the date most close in time to the date of authorization of the grant. Any repayments received pursuant to this subsection must be spent before any other amounts in the building construction account—state.

(7) The department must assist grant recipients under this section to apply for applicable competitive federal grant funding and, upon receipt of any such funding, an equal amount of the state building construction account—state appropriation must be placed in unallotted status.

(8) The appropriation in this section is subject to the provisions of section 8018 of this act.

2025-27 Clean Energy Community Grants (40000665)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) The appropriation in this section is provided solely for the department to administer grants to nonprofit organizations, local governments, federally recognized tribal governments and tribal entities, state agencies, housing authorities, ports, transit agencies, and research organizations for planning, design, and implementation of capital projects and clean energy technologies that reduce greenhouse gas emissions in vulnerable, overburdened, and tribal communities identified by the department. The department must prioritize grants providing meaningful benefits to vulnerable populations in overburdened communities, as defined in RCW 70A.02.010.

(b) Eligible uses of grant funds include, but are not limited to, planning for sustainable communities and predesign work, energy efficiency improvements, renewable energy generation, increasing the supply of affordable, energy efficient housing, developing resilient and sustainable infrastructure systems, zero-emission, active mobility, and micromobility transportation infrastructure, education and engagement, and workforce development.

(2) Up to three percent of the appropriation in this section is for the department to administer the grant program. Administration includes, but is not limited to, identifying eligible communities, providing technical assistance, managing contracts, reporting, and providing planning and implementation assistance.

Appropriation:

Climate Commitment Account—State \$10,000,000
 Prior Biennia (Expenditures) \$0

NEW SECTION. Sec. 1012. FOR THE DEPARTMENT OF COMMERCE

2025-27 High Efficiency Electric Appliance Rebates (HEAR) Program (40000666)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) \$25,000,000 of the appropriation is provided solely for the department to administer grants to eligible third-party administrators for heat pump and other high-efficiency electric equipment rebates, with a focus on low and moderate-income households, renters, nonprofit organizations, and small businesses. State incentives and rebates for installation of high-efficiency electric equipment, including electrical panel upgrades, provide a benefit to the public consistent with the state's energy strategy and climate mandates by reducing greenhouse gas emissions from the built environment. The department shall administer the grant program in a manner that seeks to maximize greenhouse gas emissions reductions.

(b) \$5,000,000 of the appropriation is provided solely for the department to administer grants to eligible third-party administrators for heat pumps for adult family homes.

(2) The department shall implement a statewide high-efficiency electric equipment program consistent with the following:

(a) Aid the transition of residential and commercial buildings away from fossil fuels by providing education and outreach resources for the installation of high-efficiency electric heat pumps and other high-efficiency electric equipment;

(b) Provide grants, coordination, and technical assistance to eligible third-party administrators to promote the adoption of

high-efficiency electric heat pump equipment for space and water heating; and

(c) Develop strategies to ensure that the program serves low-income households, vulnerable populations, and overburdened communities, including dedicating at least 40 percent of the program funding for this purpose. For the purposes of this subsection (2)(c), "overburdened communities" has the same meaning as in RCW 70A.65.010 and "vulnerable populations" has the same meaning as in RCW 70A.02.010.

(3) For the purposes of this section, "eligible third-party administrators" include, but are not limited to, nonprofits, utilities, housing providers, community action agencies, and community-based organizations.

Appropriation:

Climate Commitment Account—State \$30,000,000
 Prior Biennia (Expenditures) \$0
 Future Biennia (Projected Costs) \$120,000,000
 TOTAL \$150,000,000

NEW SECTION. Sec. 1013. FOR THE DEPARTMENT OF COMMERCE

2025-27 Behavioral Health Facilities (40000667)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the department to issue grants to community hospitals or other community providers to expand and establish new and preserve existing capacity for behavioral health services in communities. The department must consult an advisory group consisting of representatives from the department of social and health services, the health care authority, one representative from a managed care organization, one representative from an accountable care organization, and one representative from the association of county human services. The amounts provided in this section may be used for construction and equipment costs associated with establishment or preservation of the facilities. The department may approve funding for the acquisition of a facility if the project will result in increased behavioral health capacity. Amounts provided in this section may not be used for operating costs associated with the treatment of patients using these services.

(2) The department must establish criteria for the issuance of the grants, which must include:

(a) Evidence that the application was developed in collaboration with one or more regional behavioral health entities that administer the purchasing of services;

(b) Evidence that the applicant has assessed and would meet gaps in the geographical availability and service needs of behavioral health services in their region;

(c) Evidence that the applicant is able to meet applicable licensing and certification requirements in the facility that will be used to provide services;

(d) A commitment by applicants to serve persons who are publicly funded and persons detained for involuntary commitment, as applicable by facility type, under chapter 71.05 RCW;

(e) A commitment by the applicant to maintain and operate the beds or facility for a time period commensurate to the state investment, but for at least a 10-year period;

(f) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(g) A detailed estimate of the costs associated with opening the beds;

(h) A financial plan demonstrating the applicant's ability to maintain and operate the facility; and

(i) The applicant's commitment to work with local courts and prosecutors as applicable to ensure that prosecutors and courts in

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

the area served by the hospital or facility will be available to conduct involuntary commitment hearings and proceedings under chapter 71.05 RCW.

(3) In awarding funding for projects in subsection (5) of this section, the department, in consultation with the advisory group established in subsection (1) of this section, must strive for geographic distribution and to allocate funding based on population and service needs of an area. The department must consider current services available, anticipated services available based on projects underway, and the service delivery needs of an area.

(4) The department must prioritize projects that increase capacity in unserved and underserved areas of the state.

(5) \$70,000,000 of the state building construction account—state appropriation in this section is provided solely for competitive community behavioral health grants to address regional needs and noncompetitive closure prevention grants. Closure prevention grants must be awarded on a first-come, first-served basis. For competitive regional needs grants, priority must be given to: Youth and adult bed capacity with consideration given to gaps identified in the 2024 behavioral health capital grant facility funding report; and facilities that serve specialized populations, including, but not limited to, services for individuals with traumatic brain injury, dementia, and cooccurring complex needs of youth. Additional categories of facilities may be funded based on identified needs of a region. Eligible facilities include, but are not limited to:

(a) Crisis relief centers and stabilization facilities that offer access to mental health and substance use care for no more than 23 hours and 59 minutes per patient, at a time, and are not subject to federal funding restrictions that apply to institutions of mental diseases;

(b) Mental health peer respite centers that are not subject to federal funding restrictions that apply to institutions of mental diseases. No more than one mental health peer respite center should be funded in each of the 10 regions;

(c) Grants to community providers to increase long-term intensive inpatient psychiatric treatment services and capacity for children and minor youth including, but not limited to, services for substance use disorder treatment, sexual assault and traumatic stress, anxiety, or depression, and interventions for children exhibiting aggressive or depressive behaviors in facilities that are not subject to federal funding restrictions;

(d) Grants to community hospitals, freestanding evaluation and treatment providers, or freestanding psychiatric hospitals to develop capacity for beds to serve individuals on 90-day or 180-day civil commitments as an alternative to treatment in the state hospitals. In awarding this funding, the department must coordinate with the department of social and health services, the health care authority, and the department of health and must only select facilities that meet the following conditions:

(i) The funding must be used to increase capacity related to serving individuals who will be transitioned from or diverted from the state hospitals;

(ii) The facility is not subject to federal funding restrictions that apply to institutions of mental diseases;

(iii) The provider has submitted a proposal for operating the facility to the health care authority;

(iv) The provider has demonstrated to the department of health and the health care authority that it is able to meet the applicable licensing and certification requirements for the facility that will be used to provide services; and

(v) The health care authority has confirmed that it intends to contract with the facility for operating costs within funds provided in the operating budget for these purposes;

(e) Enhanced adult residential care facilities for long-term dementia placements discharged or diverted from the state psychiatric hospitals and are not subject to federal funding restrictions that apply to institutions of mental diseases;

(f) Facilities that provide substance use disorder intervention, assessment, and treatment services with secure withdrawal management and stabilization treatment beds that are not subject to federal funding restrictions that apply to institutions of mental diseases; and

(g) Facilities where behavioral health supportive services, such as harm reduction and physical health services, are offered within the same facility as behavioral health services and that are not subject to federal funding restrictions that apply to institutions of mental diseases.

(6) \$10,000,000 of the state building construction account—state appropriation in this section is provided solely for one crisis stabilization facility in the King county region consistent with the settlement agreement in *A.B., by and through Trueblood, et al., v. DSHS, et al.*, No. 15-35462, that is not subject to federal funding restrictions that apply to institutions of mental disease. In awarding this funding, the department must coordinate with the health care authority and the King county behavioral health administrative service organization and must only select a facility that has been selected by King county's crisis care centers initiative as the crisis care center for the south King county region.

(7) \$49,847,000 of the appropriation in this section is provided solely for the following list of projects:

Broadway - Compass Health	\$5,050,000
Cascade Community Health	\$541,000
Healing Lodge of the Seven Nations	\$5,050,000
ICHHS Ron Chew Center	\$3,050,000
Ituhs Stabilization Facility	\$927,000
Poulsbo SUD Clinic	\$18,480,000
Skagit County Crisis Stabilization	\$549,000
Sound Crisis Stabilization Facility	\$3,050,000
Spokane Stabilization Center	\$3,050,000
Trouves Health Care Behavioral Health Facility	\$5,050,000
Yakama Detox Center	\$5,050,000

(9) During the 2025-2027 fiscal biennium, where the department has awarded a grant for the operation of a crisis diversion or stabilization facility located in Pierce county that is not subject to federal funding restrictions that apply to institutions of mental diseases, the department may amend the contract associated with the grant in order to authorize the facility to be used for any community development block grant national objective.

(10) The department shall notify all applicants that they may be required to have a construction review performed by the department of health.

(11) To accommodate the emergent need for behavioral health services, the department and the department of health, in collaboration with the health care authority and the department of social and health services, must establish a concurrent and expedited process to assist grant applicants in meeting any applicable regulatory requirements necessary to operate inpatient psychiatric beds, freestanding evaluation and treatment facilities, enhanced services facilities, triage facilities, crisis stabilization facilities, or secure detoxification/secure withdrawal management and stabilization facilities.

(12) In contracts for grants authorized under this section, the department must include provisions that require that the grantee or successor hold the capital improvements for at least a 10-year period. The provisions must require the facility to be used for behavioral health services, but may allow the facility to change ownership or facility type during the commitment period. The

department shall monitor the activities of recipients of grants under this program to determine compliance with the terms and conditions set forth in its contract.

(13) The department must provide a progress report to the appropriate committees of the legislature by November 1, 2026. The report must include:

(a) The total number of applications and amount of funding requested;

(b) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, bed capacity, and anticipated completion date;

(c) A statewide map of new capacity since 2018, including projected bed capacity and opening dates;

(d) A status report of projects that received funding in prior funding rounds, including details about the project completion and the date the facility began providing services; and

(e) Recommendations for statutory language that would codify the grant program on an ongoing basis including:

(i) Evaluation and prioritization criteria;

(ii) Monitoring and compliance requirements;

(iii) Preconstruction and technical assistance services; and

(iv) Data needed to determine the service needs by area of the state.

(14) The department must coordinate with the health care authority to submit capital budget requests to fund behavioral health community capacity grants for the 2027-2029 biennial budget by the due date established by the office of financial management. Associated state budget operating costs must also be identified and requested.

(15) The appropriation in this section is subject to the provisions of section 8018 of this act.

2025-27 Energy Retrofits for Public Buildings Grants (40000670)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$10,000,000 of the climate commitment account—state appropriation and \$1,000,000 of the state building construction account—state appropriation in this section is provided solely for grants to local governments, public higher education institutions, school districts, tribal governments, and state agencies for facility improvements and related projects that result in energy and operational cost savings.

(a) At least 20 percent of each competitive grant round is designated for awards to eligible projects in small cities or towns

with a population of 5,000 or fewer residents.

(b) In each competitive round, a higher energy savings to investment ratio must result in a higher project ranking. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(c) The department must determine a minimum match ratio to maximize the leverage of nonstate funds.

(2) \$5,000,000 of the state building construction account—state appropriation in this section is provided solely for energy efficiency and environmental performance improvements to minor works, stand-alone, and emergency projects at facilities owned by state agencies that repair or replace existing building systems and reduce greenhouse gas emissions from state operations, including, but not limited to, HVAC, lighting, insulation, windows, and other mechanical systems. Eligibility for this funding is dependent on an analysis using the office of financial management's life-cycle cost tool that compares project design alternatives for initial and long-term cost-effectiveness. Assuming a reasonable return on investment, the department shall provide grants in the amount required to improve the project's energy efficiency compared to the original project request.

(3) The department shall develop metrics that indicate the performance of energy efficiency efforts.

(4) If a grant is provided in subsection (1) or (2) of this section to purchase heating devices or systems, the agency must, whenever possible and most cost effective, select devices and systems that do not use fossil fuels.

(5) Grants provided in subsections (1) and (2) of this section to state agencies are exempt from the match requirements in this section.

(6) \$4,000,000 of the state building construction account—state appropriation in this section is provided solely for the Seattle Central College EcoDistrict project.

(7) The state building construction account—state appropriation in this section is subject to the provisions of section 8018 of this act.

NEW SECTION. Sec. 1017. FOR THE DEPARTMENT OF COMMERCE

2025-27 Weatherization Plus Health Grants (40000671)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$5,000,000 of the state building construction account—state appropriation in this section is provided solely for grants for the Washington State University energy extension community energy efficiency program (CEEP) to support homeowners, tenants, and small business owners in making sound energy efficiency investments by providing consumer education and marketing, workforce support through training and lead generation, and direct consumer incentives for upgrades to existing homes and small commercial buildings. This is the maximum amount the department may expend for this purpose.

(2) The department must, to the extent practicable, implement the recommendations in the weatherization plus health 2022 report.

(3) If funding from these appropriations is used to purchase heating devices or systems, the agency shall, whenever possible and most cost effective, select devices and systems that do not use fossil fuels.

(4) The department must:

(a) Recruit community energy efficiency program sponsors that are community-based organizations located in geographic areas of the state that have not received funding for low-income weatherization programs, targeting hard-to-reach market segments;

(b) Leverage funding from community energy efficiency program sponsors in an amount greater than or equal to the amount provided by the state through the weatherization program;

(c) Ensure that community energy efficiency program utility sponsors work with nonprofit community-based organizations to deliver community energy efficiency program services; and

(d) Identify community energy efficiency program sponsors that support the conversion of space and water heating from fossil fuels to electricity, as part of a set of energy efficiency investments.

(5) The state building construction account—state appropriation in this section is subject to the provisions of section 8018 of this act.

Appropriation:

State Building Construction Account—State.....	\$10,000,000
Climate Commitment Account—State	\$25,000,000
Subtotal Appropriation	\$35,000,000
Prior Biennia (Expenditures)	\$0
Future Biennia (Projected Costs)	\$140,000,000
TOTAL	\$175,000,000

NEW SECTION. Sec. 1018. FOR THE DEPARTMENT OF COMMERCE

2025-27 Public Works Board (40000672)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$10,000,000 of the state building construction account—state appropriation, \$90,000,000 of the state taxable building construction account—state appropriation, and \$265,000,000 of the public works assistance account—state appropriation in this section are provided solely for the public works board to award new or reimburse previously authorized grants and loans to local governments for infrastructure projects in accordance with chapter 43.155 RCW. When reimbursing projects that are awarded funding by the board under this appropriation authority, the department and the board must first spend funding available from the state taxable building construction account—state appropriation and the state building construction account—state appropriation in this section. When the state building construction account—state and state taxable building construction account—state appropriations provided in this section are fully spent, the department and the board may then award and reimburse projects using up to \$265,000,000 from the public works assistance account—state appropriation, but only to the extent that there is a sufficient balance in the public works assistance account—state to support additional project awards and reimbursements.

(2) The state building construction account—state appropriation and the state taxable building construction account—state appropriation in this section are subject to the provisions of section 8018 of this act.

Appropriation:

State Building Construction Account—State.....	\$10,000,000
State Taxable Building Construction Account—State	\$90,000,000
Public Works Assistance Account—State	\$265,000,000
Subtotal Appropriation	\$365,000,000
Prior Biennia (Expenditures)	\$0
Future Biennia (Projected Costs)	\$1,460,000,000
TOTAL	\$1,825,000,000

NEW SECTION. Sec. 1019. FOR THE DEPARTMENT OF COMMERCE

2025-27 Community EV Charging (40000673)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for grants for the development of community electric vehicle charging infrastructure.

(2) Funding provided in this section must be used for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state.

(3) Projects that receive funding under this section must be implemented by, or include partners from, one or more of the following: Local governments, federally recognized tribal governments, or public and private electrical utilities that serve retail customers in the state.

(4) Grant funding must be used for level two or higher charging infrastructure and related costs including, but not limited to, construction and site improvements. Projects may include a robust public and private outreach plan that includes engaging with affected parties in conjunction with the new electric vehicle infrastructure.

(5) The department must prioritize funding for projects in the following order:

- (a) Multifamily housing;
- (b) Publicly available charging at any location;
- (c) Schools and school districts;
- (d) State and local government buildings and public hospitals; and

(e) All other eligible projects.

(6) The department must coordinate with other electrification programs, including projects developed by the department of transportation, to determine the most effective distribution of the systems. The department must also collaborate with the interagency electric vehicle coordinating council established in RCW 43.392.030 to implement this section and must work to meet benchmarks established in chapter 182, Laws of 2022.

(7) The department may:

(a) Provide information to applicants about available clean energy tax credits and incentives, including elective pay, that may be applicable to the project for which state funding is being sought;

(b) Inquire, as part of the application, which tax credits and incentives the applicant plans to seek for the project;

(c) Prioritize projects seeking any applicable clean energy tax credits and incentives when developing and applying competitive criteria for selecting recipients under this section; and

(d) Consider the availability of any federal tax credits or other federal or nonfederal grants or incentives that the applicant may benefit from in review of the application.

(8) Funding awards made under this section may not exceed 100 percent of the cost of the project.

(9) Up to three percent of the appropriation in this section is for the department to administer the grant program.

(10) \$3,000,000 of the appropriation in this section is provided solely for the Cowlitz MHD ZEV Depot in Longview.

Appropriation:

Climate Commitment Account—State	\$23,000,000
Prior Biennia (Expenditures)	\$0
Future Biennia (Projected Costs)	\$80,000,000
TOTAL	\$103,000,000

NEW SECTION. Sec. 1020. FOR THE DEPARTMENT OF COMMERCE

2025-27 Connecting Housing to Infrastructure Program (40000675)

The appropriation in this section is subject to the following

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

conditions and limitations:

(1)(a) The appropriation in this section is provided solely for grants to local governments and public utility districts to defray the cost of waiving a portion of or all of the fees normally applied to developers for utility connection charges and related street improvements related to new affordable housing projects for low- and moderate-income households.

(b) Where applicable, the utility extension and related street improvements must be consistent with the approved comprehensive plans under the growth management act and must be within the established boundaries of the urban growth area as set forth in the approved comprehensive plans. Street improvements are eligible if the improvements are related directly to the utility extension or connection and are adjacent to the new housing units being constructed.

(c) Projects must be located within a jurisdiction that imposes a sales and use tax under RCW 82.14.530(1)(a)(ii) or (b)(i)(B), 82.14.540, or 84.52.105.

(2)(a) \$30,000,000 of the state building construction account—state appropriation is provided solely for grants for system development charges, utility improvements, and street improvements associated with utility infrastructure for affordable housing projects serving low-income households located within a city or county with a population of 150,000 or fewer persons.

(b) \$5,000,000 of the state building construction account—state appropriation in this section is provided for the department for pilot grants for system development charges, utility improvements, and street improvements associated with utility infrastructure for affordable housing projects serving moderate-income households. The pilot program must be offered in three counties located in the north central region of the state. The counties must share borders with one another, be located east of the crest of the Cascade mountains, and each have a population of 85,000 persons or fewer. By June 1, 2027, the department must submit a report to the office of financial management and to the appropriate committees of the legislature that:

(i) Summarizes the results of the pilot program, including an analysis of the need for infrastructure assistance for local governments to support the development of housing affordable to moderate-income households, and the benefits to communities that may result from increasing economic diversity in housing that is made more affordable through infrastructure subsidies;

(ii) Describes the number and total dollar amount of application requests and funding awards; and

(iii) Makes recommendations regarding continuation or expansion of the pilot program and recommended future funding levels.

(3) To be eligible for funding under this section, an applicant must demonstrate, at minimum:

(a) That affordable housing development will begin construction within 24 months of the grant or loan award; and

(b) A strong probability of serving the original target group or income level for a period of at least 25 years.

(4) For purposes of this section, the following definitions apply.

(a) "Affordable housing" means residential housing that requires payment of monthly housing costs, including utilities other than telephone, of no more than 30 percent of the household's income.

(b) "Low-income household" has the same meaning as in RCW 43.185A.010.

(c) "Moderate-income household" means: For purposes of the pilot program authorized in this section, a single person, family, or unrelated persons living together whose adjusted income is above 80 percent of the median household income adjusted for

family size, for the county where the affordable housing project is located, but less than the state median income, as reported by the United States department of housing and urban development.

(d) "System development charges" means charges for new utility improvements.

(e) "Utility improvements" means drinking water, wastewater, or stormwater utility improvements.

(5) \$10,000,000 of the appropriation in this section is provided solely for the Fort Lawton redevelopment project. The funding provided in this subsection is not subject to the provisions of subsection (3) of this section. The legislature intends to provide funds in the amount of \$10,000,000 in the 2027-2029 fiscal biennium to the Fort Lawton redevelopment project.

(6) The appropriation in this section is subject to the provisions of section 8018 of this act.

Appropriation:

State Building Construction Account—State	\$100,000,000
Prior Biennia (Expenditures)	\$0
Future Biennia (Projected Costs)	\$400,000,000
TOTAL	\$500,000,000

NEW SECTION. Sec. 1021. FOR THE DEPARTMENT OF COMMERCE

2025-27 Housing Trust Fund (40000677)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$133,000,000 of the state building construction account—state and \$402,000,000 of the state taxable building construction account—state appropriations are provided solely for the new construction, acquisition, or acquisition and rehabilitation of affordable housing projects that serve and benefit low-income and special needs populations including, but not limited to, people with chronic mental illness or behavioral health conditions, farmworkers, people who are homeless, and people in need of permanent supportive housing. The department shall strive to invest at least 20 percent of the appropriation provided under this section with by and for organizations, as defined by the office of equity.

(a) \$53,000,000 of the state building construction account—state and \$162,000,000 of the state taxable building construction account—state appropriations are provided solely for multifamily rental housing projects.

(b) \$50,000,000 of the state taxable building construction account—state appropriation is provided solely for affordable housing projects that serve and benefit low-income people with developmental or intellectual disabilities. The department must use a separate application form and evaluation criteria for applications under this subsection. The department must coordinate with the department of social and health services regarding any needed supportive services and make efforts to enact the recommendations of the housing needs study for individuals with intellectual and developmental disabilities, as provided in section 1068(6), chapter 332, Laws of 2021. The department must consider prioritizing funding under this subsection for housing that serves individuals who are exiting residential habilitation centers or facilities.

(c) \$100,000,000 of the state taxable building construction account—state appropriation is provided solely for permanent supportive housing projects in accordance with the apple health and homes rapid permanent supportive housing program created in RCW 43.330.187. Of the amounts provided in this subsection (1)(c), \$4,250,000 is provided solely for the Maple Court Permanent Supportive Housing project.

(d) \$30,000,000 of the state building construction account—state appropriation and \$45,000,000 of the state taxable building construction account—state appropriation in this section are

provided solely for the development of homeownership projects affordable to first-time low-income households. Projects serving homebuyers whose income is up to 80 percent of the area median income, adjusted for household size for the county where the property is located are eligible to apply, except that projects located in rural areas of the state, as defined by the department, serving homebuyers whose income is up to 100 percent of the area median income, adjusted for household size for the county where the property is located are eligible to apply. Eligible activities include, but are not limited to, down payment assistance, closing costs, acquisition, rehabilitation costs, and new construction. The department shall strive to invest at least 20 percent of these funds with by and for organizations, as defined by the office of equity, and make efforts to enact the recommendations of the homeownership disparities work group created in section 128(100), chapter 297, Laws of 2022.

Of the amounts provided in this subsection (1)(d), \$2,500,000 of the state building construction account—state appropriation is provided solely for the Orchard Gardens project.

(e)(i)(A) \$17,500,000 of the state taxable building construction account—state appropriation is provided solely for the northwest cooperative development center to provide subgrants for the acquisition and preservation of mobile or manufactured home communities where at least 50 percent of the preserved homes are and will remain occupied by low-income households. Funding provided under this subsection (1)(e)(i) may be used for the purpose of avoiding household displacement due to sale or other transactions and ensuring preservation of housing affordability for low-income households for a minimum of 40 years and may be awarded only to eligible organizations as defined in RCW 59.20.030.

(B) \$2,500,000 of the state taxable building construction account—state appropriation is provided solely for the Bayside Housing project.

(ii) \$10,000,000 of the state taxable building construction account—state appropriation is provided solely for the northwest cooperative development center to provide subgrants to organizations that are mobile home park cooperatives or manufactured housing cooperatives, as those terms are defined in RCW 59.20.030, for critical improvements, repairs, and infrastructure upgrades to promote the preservation of mobile or manufactured home communities as affordable housing. The grantee must award subgrants based on needs relating to health, safety, and cost for resident-owned manufactured housing community cooperatives in Washington.

(f) \$10,000,000 of the state taxable building construction account—state appropriation is provided solely for eligible organizations under RCW 43.185A.040 to acquire, acquire and renovate, or prepare real property for rapid conversion into permanent supportive housing, transitional housing, indoor emergency housing, tiny homes, or indoor emergency shelters, with a primary focus on serving people with extremely low-incomes who are experiencing sheltered and unsheltered homelessness, including families with children, unaccompanied youth and young people, older adults, and people with disabilities. Acquisitions completed with temporary financing are eligible for funding provided in this section. The department may approve funding only for projects that result in increased shelter or housing capacity for extremely low-income people and households. In awarding funding pursuant to this subsection (1)(f), the department shall prioritize the acquisition of multifamily housing units and housing projects that rapidly move people experiencing sheltered or unsheltered homelessness into housing, including, but not limited to, individuals living in unsanctioned encampments, the public rights-of-way, or other public spaces. Amounts provided in this subsection (1)(f) may not

be used for operating or maintenance costs, supportive services, or debt service.

(g) \$50,000,000 of the state building construction account—state appropriation is provided solely for affordable housing preservation projects, which may include, but are not limited to:

(i) Projects preserving and extending the affordability commitment period for projects in the housing trust fund portfolio. The funds may be provided for major building improvements, preservation, and system replacements, necessary for the existing housing trust fund portfolio to maintain its long-term viability. The department must require a capital needs assessment be provided before contract execution. Funds may not be used to add or expand the capacity of the property. When allocating funds, the department must prioritize buildings that are older than 15 years and that serve very low-income and extremely low-income populations.

(ii) Projects preserving affordable multifamily housing at risk of losing its affordability due to expiration of use restrictions that otherwise require affordability including, but not limited to, United States department of agriculture funded multifamily housing. The department must prioritize projects that satisfy the goal of long-term preservation of Washington's affordable multifamily housing stock, particularly in rural areas of the state. Funds may be used for acquisition or for acquisition and rehabilitation of properties to preserve the affordable housing units beyond their existing use restrictions and place them in Washington's housing trust fund portfolio for a minimum of 40 years. If a capital needs assessment is required, the department must work with the applicant to ensure that this does not create an unnecessary impediment to rapidly accessing these funds.

(iii) The funding provided under this subsection (g) is not subject to the 60-day application period in RCW 43.185A.150.

(h) \$5,000,000 of the state taxable building construction account—state appropriation in this section is provided solely for facilities housing low-income migrant, seasonal, or temporary farmworkers. The department shall prioritize funding of projects to areas of highest need. Funding may also be provided, to the extent qualified projects are submitted, for projects that address health and safety.

(i) The department shall strive to invest at least 10 percent of the appropriations provided under (a) and (d) of this subsection (1) for either affordable multifamily rental housing or homeownership projects, or both, benefiting low-income households in federally recognized Indian tribes in the state of Washington. The department must conduct a separate application process and use separate evaluation criteria to solicit tribal housing projects and prioritize projects to tribal communities of highest need.

(2) \$3,000,000 of the state building construction account—state appropriation is provided solely for the department to provide preconstruction and technical assistance awards in accordance with RCW 43.185A.170. By January 1, 2027, the department must provide the governor and the appropriate committees of the legislature with a progress report for entities receiving awards made under this subsection (2). The progress report must list which entities applied for, and were successful in securing, additional financing for the construction or preservation of affordable housing.

(3) \$5,000,000 of the state building construction account—state appropriation in this section is provided solely for affordable housing urgent repair grants to be provided on an ongoing basis. Funding is not subject to the 60-day notification requirement in RCW 43.185A.150. The funding may be provided to address nonrecurring repair projects including repair of units or buildings, abatement of potentially hazardous materials, and safety-related structural improvements of affordable housing. Each repair grant

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

award may not exceed \$200,000 per award. However, the department may not limit the number of awards or amount received per organization.

(a) For purposes of this subsection (3), "affordable housing" means:

(i) Permanent supportive housing as defined in RCW 36.70A.030; and

(ii) Multifamily affordable housing projects in the housing trust fund portfolio.

(b) If the department receives application requests that exceed the appropriation level in this subsection (3), the department must prioritize projects under (a)(i) of this subsection (3).

(4) \$57,738,000 of the state taxable building construction account—state appropriation is provided for the following list of projects:

315 W 9th Seniors	\$1,500,000
35th and Pacific Family Housing.....	\$2,050,000
American Legion Veteran Housing and Resource Center	\$950,000

WELD Seattle Recovery Housing	\$2,050,000
YWCA North Central Washington.....	\$5,000,000

(5) \$4,500,000 of the state building construction account—state appropriation is provided solely for Mary's Place Emergency Family Shelter.

(6) The department must strive to allocate all of the amounts appropriated in subsections (1) through (3) of this section within the 2025-2027 fiscal biennium in the manner prescribed in each subsection. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate funds to other affordable housing projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

NEW SECTION. Sec. 1022. FOR THE DEPARTMENT OF COMMERCE

2025-27 Clean Energy Fund Program (40000679)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$26,000,000 of the state building construction account—state appropriation in this section is provided solely for

competitive grants to eligible entities for predevelopment, design, and construction of projects that provide a public benefit through research, development, demonstration, or deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state. Priority must be given to projects that benefit vulnerable populations and overburdened communities, including tribes.

(2) Entities eligible for grant funding under this section include local governments, federally recognized tribal governments and tribes' contracted service providers, public and private utilities that serve retail customers in the state, for-profit entities, research institutions, nonprofit organizations, and state agencies.

(3) To be eligible, a project must be consistent with the state energy strategy adopted under chapter 43.21F RCW and policies under chapter 19.405 RCW. To the extent practicable, the department must prioritize projects that build upon Washington's strengths in aerospace, maritime, information and communications technology, grid modernization, advanced materials, and decarbonizing the built environment.

(4) The department must invite stakeholders to participate in the design and implementation of grant programs funded under this section. The department must consider equity and environmental justice when developing the program structure and opportunities for applicant participation.

(5) When soliciting and evaluating proposals, awarding contracts, and monitoring projects under this section, the department must:

(a) Ensure that competitive processes, rather than sole source contracting processes, are used to select all projects;

(b) Ensure that a public benefit results from the use of public funds through due diligence and monitoring of contracted projects, including ensuring compliance with all applicable laws related to the project selection process, project monitoring, and contracting; and

(c) Prioritize projects for funding that leverage the greatest amount of matching funds, such as local levy funding.

(6)(a) The department must require project applicants to:

(i) Disclose all sources of public funding invested in a project; and

(ii) Identify by name any former or current state of Washington employees employed by the applicant or its governing body in the 24 months preceding the application submittal. The identification must include the person's separation date and job title or position held. If the department determines that a conflict of interest or other violation of chapter 42.52 RCW exists, the application must be disqualified from further consideration.

(b) If, after a grant has been awarded, the department finds that a grantee has violated chapter 42.52 RCW, either in procuring or performing under the grant, the department in its sole discretion may terminate the grant funding by written notice. If the grant is terminated, the department must reserve its right to pursue all available remedies under law to address the violation.

(7) The department must specify the requirements in subsections (5) and (6) of this section in funding contracts entered into by the department under this section.

(8) \$5,000,000 of the state building construction account—state appropriation in this section is provided solely for grants to tribes for clean energy development projects. Eligible uses of grant funding include planning, predesign, design, construction, project predevelopment, and deployment of clean energy projects that contribute to achieving the state's greenhouse gas emissions reduction goals and related policies. The department must collaborate with tribes in the design and development of this grant program.

(9) \$4,000,000 of the climate commitment account—state appropriation in this section is provided solely for the Pacific Northwest national laboratory test bed. The appropriation in this subsection is contingent upon the receipt of federal funding in sufficient amounts to complete the project.

(10) The state building construction account—state appropriation in this section is subject to the provisions of section 8018 of this act.

Appropriation:

State Building Construction Account—State.....	\$31,000,000
Climate Commitment Account—State	\$4,000,000
Subtotal Appropriation	\$35,000,000
Prior Biennia (Expenditures)	\$0
Future Biennia (Projected Costs)	\$140,000,000
TOTAL	\$175,000,000

NEW SECTION. Sec. 1023. FOR THE DEPARTMENT OF COMMERCE

2025-27 Communities of Concern (40000680)

The appropriation in this section is subject to the following conditions and limitations:

(1) The department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Before receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards under chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department shall include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

(8) The appropriation in this section is provided solely for the following list of projects:

Skagit Farmworker Led Community Farm project	\$750,000
Intramuros Village and Cultural Community Center	\$3,271,000

(9) In future budget cycles, it is the intent of the legislature to appropriate grant funds, for the purposes provided in this section,

through other ongoing state capital budget grant programs such as the regional approaches or community participatory budgeting programs through the department of commerce. Past and prospective program applicants are encouraged to apply for funding through those programs.

(10) The appropriation in this section is subject to the provisions of section 8018 of this act.

NEW SECTION. Sec. 1024. FOR THE DEPARTMENT OF COMMERCE

2025-27 Solar and Energy Storage Grants (40000682)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$15,000,000 of the climate commitment account—state appropriation and \$5,000,000 of the state building construction account—state appropriation in this section are provided for grants to increase the deployment of distributed solar and battery energy storage systems to enhance grid resilience, provide backup power for critical needs, and reduce energy costs. Projects may be solar energy systems, battery energy storage, or solar paired with battery energy storage. Funding may also be used to enable electric utility demand response programs that include customer-sited solar and battery energy storage systems. Eligible uses of the amounts provided in this section include, but are not limited to, planning and predevelopment work with communities.

(2) Entities eligible for grant funding under this section include public higher education institutions, school districts, tribal governments and tribal entities, state and local governments, nonprofit organizations, and entities participating in federally funded solar programs administered by the department.

(3)(a) For energy storage projects, the department must prioritize facilities that serve community members during power outages or provide critical infrastructure; and

(b) Are grid-connected.

(4) The department may:

(a) Provide information to applicants about available clean energy tax credits and incentives, including elective pay, that may be applicable to the project for which state funding is being sought;

(b) Inquire, as part of the application, which tax credits and incentives the applicant plans to seek for the project;

(c) Prioritize projects seeking any applicable clean energy tax credits and incentives when developing and applying competitive criteria for selecting recipients under this section; and

(d) Consider the availability of any federal tax credits or other federal or nonfederal grants or incentives that the applicant may benefit from in review of the application.

(5) Funding awards made under this section may not exceed 100 percent of the cost of the project.

(6) \$650,000 of the state building construction account—state appropriation in this section is provided solely for the Northshore Senior Center Battery Storage project.

(7) The state building construction account—state appropriation in this section is subject to the provisions of section 8018 of this act.

Appropriation:

State Building Construction Account—State	\$5,650,000
Climate Commitment Account—State	\$15,000,000
Subtotal Appropriation	\$20,650,000
Prior Biennia (Expenditures)	\$0

NEW SECTION. Sec. 1026. FOR THE DEPARTMENT OF COMMERCE

2025-27 Low-Income Home Rehabilitation Grant Program (40000684)

The appropriation in this section is subject to the following conditions and limitations: The appropriation in this section is subject to the provisions of section 8018 of this act.

Appropriation:

State Building Construction Account—State.....	\$5,000,000
Prior Biennia (Expenditures)	\$0
Future Biennia (Projected Costs)	\$20,000,000
TOTAL	\$25,000,000

NEW SECTION. Sec. 1027. FOR THE DEPARTMENT OF COMMERCE

2026 Local and Community Projects (40000709)

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided for under subsection (12) of this section, the department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Before receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards under chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department shall include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

(1) The appropriation in this section is provided solely for the design of an ambient temperature loop project to replace the heating and cooling system on the capitol campus.

(2) Upon completion of 90 percent of the project design, or as soon as is feasible, the department must provide a report to the house capital budget and senate ways and means committees that includes:

(a) The estimated project timeline, including the estimated funds that will be needed at each step of the project. The department must consider phasing the construction of the project over three to four fiscal biennia;

(b) If the total estimated project funds vary from the estimates previously provided to the legislature, an explanation as to the reason for the cost variance;

(c) If the design of the system varies from the system details previously provided to the legislature, an explanation as to the reason for the design variance; and

(d) Specific steps that will be incorporated in the bid process to ensure the contractor awarded the project:

(i) Has experience with projects of this size and with this type of system;

(ii) Has a strong relationship with installers and equipment vendors; and

(iii) Uses equipment with adequate warranties in the event of mechanical failures.

(3) During the course of design and construction, the department must timely notify the capital budget chairs and ranking minority members of any cost overruns. If the department intends to seek additional funding in the next agency budget submittal, the agency must submit reduced cost options together with its budget request.

Legislative Campus Modernization (92000020)

The appropriations in this section are subject to the following conditions and limitations:

(1) The reappropriation is subject to the provisions of section 1044, chapter 375, Laws of 2024, as amended by section 7033 of this act.

(2) The department must consult with the senate facilities and operations committee or its designees and the house of representatives executive rules committee or its designees at least every other month.

(3) All appropriations must be coded and tracked as separate discrete subprojects in the agency financial reporting system.

(4) If the department receives information, after value engineering has been performed, that projected costs for any of the subprojects in subsections (5) or (6) of this section will exceed the amount provided in the respective subsections, including projected costs in future biennia, the department must timely notify and provide that information in writing to the project executive team. Prior to proceeding with design or construction, the department must:

(a) Provide at least three options that do not include square footage reduction to reduce the subproject costs to stay within the amount provided for that subproject and the project schedule;

(b) Consult with the project executive team on the options offered, before proceeding with a reduced cost option; and

(c) Receive majority consensus from the project executive team to either adopt and move forward with reduced cost options that bring the subproject costs within amounts appropriated or adopt a tentative modified budget for the subproject. If a tentative modified budget is adopted, the department must seek additional funding in the next agency budget submittal.

(5) \$135,043,000 of the state building construction account—state appropriation in this section is provided solely for the rehabilitation, design, and construction of the Pritchard building and the renovation of the John L. O'Brien building subproject.

NEW SECTION. Sec. 3031. FOR THE DEPARTMENT OF ECOLOGY

Capitol Lake-Deschutes Estuary Project (92000226)

The appropriation in this section is subject to the following conditions and limitations:

(1) The legislature finds that the portion of the capital campus known as Capitol Lake is an important ecological and recreational resource for the State of Washington that was once connected to the Deschutes Estuary. Due to a lack of routine management over the last 25 to 50 years, the lake ecosystem is degraded, resulting in poor water quality, excessive algae growth, and invasive species proliferation.

The legislature further finds that the department of enterprise services has conducted significant outreach and study by engaging with the Squaxin Island Tribe, local municipal governments, the Port of Olympia, and other local stakeholders towards the goal of a long-term management solution that returns the lake to an estuary. The legislature acknowledges these efforts and partner commitments towards contributing to future maintenance and renewal but recognizes that the substantial investment necessary for the estuary restoration plan as currently proposed is not feasible. In an effort to both address the degraded lake water quality and identify a cost-effective approach to an estuary restoration that the state can responsibly support, the legislature intends to transfer management of this aquatic ecosystem to a state agency with natural resources expertise. Addressing the water quality of the lake will not only provide immediate benefit to the health of Capitol Lake and Budd Inlet, but also serve as a necessary precursor to a future estuary restoration.

(2) \$8,000,000 of the appropriation in this section is provided solely for the department, in consultation with the department of enterprise services and office of the governor, for the Deschutes estuary restoration. The department shall use past reports and studies, consider existing stakeholder input, and critically consider elements of the current, but incomplete, department of enterprise services design. The updated design must include a recommended series of projects phased over several biennia with defined deliverable outcomes that move the state forward to a completed estuary. For each project phase, the plan shall identify expected timelines, estimated expenditures, and opportunities for non-state matching fund sources that contribute to the planned restoration and construction costs. The design may include only those elements associated with the construction of the estuary habitat, roadway and bridge improvements necessary to remove the existing 5th avenue bridge and associated necessary infrastructure and must minimize overall project cost. Recreational or pedestrian enhancement elements of the project must be designed as a separate bid package that could be added to the project at a future date, subject to the availability of funding appropriated for these elements.

(3) \$4,000,000 of the appropriation in this section is provided solely for the department to develop and implement a lake management plan to improve the water quality of Capitol Lake and begin the plan's implementation.

(a) The lake management plan must be developed with the goals of improving water quality and enhancing ecosystem structure and function. The plan must include lake management strategies that: Reduce the presence of algae; remove aquatic invasive species; mitigate decades of sediment accumulation; manage internal and external nutrient inputs, including those contributing to the impairment of dissolved oxygen levels in Budd Inlet; improve sediment quality by removing the accumulation of toxic contaminants and bioavailable phosphorous; and increase acreage of freshwater wetlands, restored shoreline, and native emergent vegetation. The plan must incorporate water quality data, bathymetric surveys, and other sampling and modeling data already collected as part of

prior Capitol Lake and Deschutes Estuary studies.

(b) Management strategies identified to achieve the goals must be innovative and may include: The use of thermal treatments and saltwater backflushing for invasive species removal, direct algae control methods, circulation and aeration techniques, dredging, phosphorus sequestration, and other methods determined to be effective. The plan must also include a detailed implementation framework with cost estimates and specific milestones to be achieved over a five-year period.

(4) No later than September 1, 2026, the department must submit to the governor and the capital budget committee chairs and ranking members of the legislature:

(a) A lake management plan in accordance with the provisions of subsection (3) of this section;

(b) An update on the progress of design for the restoration of the Deschutes Estuary;

(c) A description of work performed to date, including any encountered obstacles or delays;

(d) An updated project management plan that includes both the lake management and estuary restoration components, expected timeline for each portion of the plan, estimated expenditures for each stage, and potential funding sources to cover the planned restoration and construction costs;

(e) A list of necessary transportation and infrastructure enhancements to support the community; and

(f) A request for any additional funds needed in the 2027-2029 biennium to continue implementation.

(5) \$2,000,000 of the appropriation in this section is provided solely for any land acquisition necessary for the project.

(6) \$750,000 of the appropriation in this section is provided solely for project management costs.

NEW SECTION. Sec. 3081. FOR THE CONSERVATION COMMISSION

2025-2027 Voluntary Riparian Grant Program (40000049)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for the state conservation commission to provide grants for riparian restoration projects with landowners.

(2)(a) Within funds appropriated in this section, the commission shall develop and implement the voluntary riparian grant program to fund protection and restoration of critical riparian management zones. The commission is responsible for developing the voluntary grant program criteria to achieve optimal restoration of functioning riparian ecosystems in priority critical riparian management zones.

(b) In adopting program criteria, the commission shall:

(i) Invite federally recognized tribes to be full participants;

(ii) Coordinate with private landowners and other interested stakeholders;

(iii) Coordinate with the department of ecology, the department of fish and wildlife, conservation districts, and the department of agriculture; and

(iv) Consider the best available, locally applicable science that is specific to each region of the state where the program criteria will be applied.

(3) The commission shall prioritize critical riparian management zones at the watershed or subbasin scale where grant funding under the program would be primarily targeted. The prioritization must be informed by, consistent with, and aligned with one or more of the following: Watershed plans developed pursuant to chapter 90.82 RCW; the action agenda developed under RCW 90.71.260; regional recovery plans created under RCW 77.85.090; the habitat project lists developed pursuant to RCW 77.85.050; the prioritization process developed under RCW 77.95.160; and priority projects identified for salmon recovery through agency grant programs.

(4) Conditions for awarding funding for projects under this program include, but are not limited to:

(a) Consistency with the program criteria established under subsection (2) of this section;

(b) Tiered incentive rates tied to improving functionality for riparian areas; and

(c) Other requirements as determined by the commission.

(5) The commission must distribute riparian grant program

funding equitably throughout the state, consistent with received grant applications and benefit to salmon habitat. The legislature intends for funding to be primarily for projects located in salmon recovery regions, as defined in RCW 77.85.010, but funding may also be distributed to a project not located in a salmon recovery region upon a determination by the commission that the project will provide a unique benefit to salmon habitat.

(6) Allowable expenses to a grantee receiving funds under this section include, but are not limited to, labor, equipment, fencing, mulch, seed, seedling trees, manual weed control, and yearly maintenance costs for up to 10 years.

(7) Any native woody trees and shrubs planted with funding provided under this section must be maintained for a minimum of five years or as otherwise set by the commission for each grantee. Vegetation must be chosen to prevent invasive weed populations and ensure survival and successful establishment of plantings.

(8) The commission shall determine appropriate recordkeeping and data collection procedures required for program implementation and shall establish a data management system that allows for coordination between the commission and other state agencies. Any data collected or shared under this section may be used only to assess the success of the riparian grant program in improving the functions of critical riparian habitat.

(9) The commission shall develop and implement a framework that includes monitoring, adaptive management, and metrics in order to ensure consistency with the requirements of the riparian grant program. The monitoring and adaptive management framework may include, but is not limited to, consideration of:

(a) Acres identified as eligible for restoration within a watershed;

(b) Acres planned to be restored;

(c) Acres actually planted and maintained;

(d) Success in targeting and achieving aggregated project implementation resulting in an increase in linear miles restored;

(e) Plan review criteria; and

(f) Other similar factors as identified by the commission.

(10) The commission may use up to two percent of any amounts appropriated in this section for targeted outreach activities that focus on critically identified geographic locations for listed salmon species.

(11) The commission may use up to four percent of amounts appropriated in this section for administrative expenses.

(12) For the purposes of this section, "critical riparian management zone" means the area adjacent to freshwaters, wetlands, and marine waters that has been locally or regionally identified as an area where salmon recovery efforts would significantly benefit from enhanced protection or restoration.

(13) The state building construction account—state appropriation in this section is subject to the provisions of section 8018 of this act.

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the appraisal and administrative costs associated with offering for sale the state-owned property at Point Whitney to the Jamestown S'Klallam tribe.

(2) Before the department may offer the property for sale to the Jamestown S'Klallam tribe, the department must, after conferring with the recreation and conservation office, communicate to the Jamestown S'Klallam tribe the nature and extent of any public

access elements or other requirements associated with grants that the department has received in connection with the property. The Jamestown S'Klallam tribe may take title to the property only on the conditions that: (a) It does so subject to any conditions, covenants, restrictions, and requirements associated with the property as a result of any grants that the department or the recreation and conservation office have received in connection with the property; (b) it agrees to satisfy any remedy required as a result of its uses of the property that may be in conflict with such conditions, covenants, restrictions, and requirements; and (c) it agrees to waive any claim or assertion of sovereign immunity from suit, including arbitration and enforcement of any decision in any arbitration, to interpret or enforce the provisions of such conditions, covenants, restrictions, and requirements.

(3) Subject to the requirements of subsection (2) of this section, the department shall offer the sale of the property at appraised fair market value to the tribe before June 30, 2026. If the tribe chooses to purchase the property, it must do so at the appraised fair market value and subject to the conditions set forth in subsection (2) of this section.

(4) The department may retain the funds generated by the sale for the primary purpose of satisfying any requirements that may be imposed by the recreation and conservation office as a result of grants received by the department or the recreation and conservation office in connection with the property, and may reinvest any remaining funds in other properties that offer public access to water, fishing, and other equivalent recreational opportunities.

2025-27 Trust Land Transfer Program (40000685)

The appropriation in this section is subject to the following conditions and limitations:

- (1) \$16,650,000 of the appropriation in this section is provided

solely for projects identified in LEAP Capital Document No. DNR-1-2025, developed April 26, 2025.

(2) \$250,000 of the appropriation in this section is provided solely for the department to conduct an analysis of the ecological and conservation values of the Elwha watershed on department managed lands pursuant to the priorities and processes identified in chapters 79.70 and 79.71 RCW. The department shall provide a report to the house capital budget committee, senate ways and means committee, and the governor by October 1, 2026, that includes the following:

(a) A Washington natural heritage program site survey to identify rare flora, native ecological communities, structurally complex forests, and scenic or other natural features worthy of consideration for conservation;

(b) Identification of lands within the watershed that may be appropriate for conservation as a state natural area preserve as defined in RCW 79.70.020 or a natural resources conservation area under RCW 79.71.020;

(c) Uses currently occurring in the area, including recreation and cultural practices;

(d) A proposed boundary, if applicable, for any such proposed natural area for review by the natural heritage advisory council; and

(e) An acknowledgment that any applicable proposed natural area boundary will be developed through the site establishment process as described in chapters 79.70 and 79.71 RCW.

NEW SECTION. Sec. 3121. FOR THE DEPARTMENT OF NATURAL RESOURCES

Carbon Sequestration Forests (40000707)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in subsection (2) of this section is provided solely for the department to acquire working forestlands to be managed for increased carbon sequestration and carbon storage through sustainable timber harvests consistent with RCW 79.10.310 and 79.10.320. Pursuant to subsection (2) of this section, it is the intent of the legislature that these lands serve as harvestable replacement lands for structurally complex, carbon-dense forested state trust lands designated for conservation and for existing encumbered state forestlands. Once acquired, these replacement lands must be held in the land bank created in RCW 79.19.020. The replacement lands must be purchased before the transfer of any existing forested state trust lands pursuant to this section is fully executed. The department must transfer the appropriated amount into the land bank account in accordance with RCW 79.19.120.

(2)(a) If the department acquires replacement lands pursuant to subsection (1) of this section, it must use the replacement lands for the following purposes:

(i) To serve as replacement forested state trust lands to replace structurally complex, carbon-dense forested state trust lands designated for permanent conservation consistent with the process set forth in subsection (3) of this section in counties located to the west of the crest of the Cascade mountains, which may include, but are not limited to, Clallam, Thurston, Whatcom, Snohomish, Jefferson, and Pierce counties; or

(ii) To serve as replacement state forestlands to replace existing encumbered state forestlands in Clallam, Pacific, Skamania, and Wahkiakum counties.

- (b) If the department acquires land pursuant to subsection (1)

of this section, it must allocate the value of any land acquired as follows:

(i) Up to \$10,000,000 for the purposes specified in subsection (2)(a)(i) of this section; and

(ii) Up to \$10,000,000 for the purposes specified in subsection (2)(a)(ii) of this section.

(c) The department must designate any lands acquired for the purposes specified in subsection (2)(a)(ii) of this section as state forest transfer lands.

(3) The department may not designate for conservation any forested state trust lands pursuant to subsection (2)(a)(i) of this section unless the department has received letters of support from the legislative authority of the counties in which the parcel of forestland proposed for conservation is located, and the board of natural resources has approved the boundaries of the parcel proposed for conservation. County concurrence and board approval pursuant to this process must be finalized before any forested state trust lands may be transferred out of trust status pursuant to this section.

(4) If the department acquires any replacement lands pursuant to this section, the department must ensure that any replacement of structurally complex, carbon-dense forested state trust lands pursuant to subsection (2)(a)(i) of this section be of equal value to the land designated for conservation.

(5)(a) In the 2025-2027 fiscal biennium, the legislative authority of a county seeking to participate in the conservation opportunity described in subsection (2)(a)(i) of this section may, for any state forestlands included within the lands designated for conservation, request that the department distribute to the county a portion of the current market value of the parcel as a one-time payment, subject to the requirement that the department must retain no less than \$12,000 per acre to invest in replacement trust land. Upon such a request in writing, and subject to prior approval by the board, the department shall distribute to the county the requested portion of the market value as provided in RCW 79.64.110. Any amount distributed to a county as a one-time payment must be deducted from the amount available to purchase replacement trust land for that county.

(b) The county treasurer shall distribute any revenues received pursuant to subsection (5)(a) of this section to each appropriate taxing district in which the conserved forested state trust lands are located in the same manner as the revenues would otherwise be distributed if the revenues were received from timber harvest or other revenue-generating activities on such lands.

(6) In the 2025-2027 fiscal biennium, the department may designate the structurally complex, carbon-dense forested state trust lands identified in subsection (2)(a)(i) of this section as a natural area preserve or a natural resource conservation area notwithstanding the requirements of chapters 79.70 and 79.71 RCW.

(7) \$3,000,000 of the appropriation is provided solely for the department to prepare commercial thinning timber sales for the purposes of restoring habitat, increasing carbon storage and sequestration, and facilitating access to more timber volume than is possible under normal operating funding.

(8) For the purposes of this section, "forested state trust lands" includes both "state forestlands" as defined in RCW 79.02.010 and forested "state lands" as defined in RCW 79.02.010.

2025-27 Classroom Indoor Air Quality Projects (40000144)

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) \$5,568,000 of the climate commitment account—state appropriation and \$2,273,000 of the state building construction account—state appropriation in this section are provided solely for grants to school districts with enrollments exceeding 3,000 students for indoor air quality assessment, installation, repair, or replacement of HVAC, air filtration enhancements, and general air quality improvements that improve student health and safety.

(b) Grantees under this subsection (1) may: (i) Seek technical assistance from state-funded entities, such as the office of the superintendent of public instruction, the department of commerce, and the department of health; (ii) seek technical assistance from other entities, such as local health jurisdiction school safety programs and the smart buildings center's K-12 ventilation and indoor air quality resource team; and (iii) use funding awarded to seek guidance and technical assistance from commercial entities that have specialized knowledge of troubleshooting modern HVAC or smart building systems.

(c) Subject to subsection (3) of this section and if applications for assessment grants under this subsection exceed available funding, the office of the superintendent of public instruction must first prioritize grants for school districts: (i) Without existing HVAC systems; (ii) that have documented proof of indoor air quality performance that does not meet current state energy code; (iii) with outdated or underperforming HVAC systems; and (iv) that have the most limited financial capacity. Assessments funded under this subsection (1)(c) must include professional cost

estimates for mitigating the indoor air quality deficiencies identified.

(2)(a) \$6,932,000 of the climate commitment account—state appropriation and \$2,727,000 of the state building construction account—state appropriation in this section are provided solely for grants to school districts with enrollments that are less than or equal to 3,000 students for assessment, installation, repair, or replacement of HVAC, air filtration enhancements, and general air quality improvements that improve student health and safety.

(b) Grantees under this subsection may: (i) Seek technical assistance from state funded entities, such as the office of the superintendent of public instruction, the department of commerce, and the department of health; (ii) seek technical assistance from other entities, such as local health jurisdiction school safety programs and the smart buildings center's K-12 ventilation and indoor air quality resource team; and (iii) use funding awarded to seek guidance and technical assistance from commercial entities that have specialized knowledge of troubleshooting modern HVAC or smart building systems.

(c) Subject to subsection (3) of this section and if applications grants under this subsection exceed available funding, the office of the superintendent of public instruction must first prioritize grants for school districts: (i) Without existing HVAC systems; (ii) that have documented proof of indoor air quality performance that does not meet current state energy code; (iii) with outdated or underperforming HVAC systems; and (iv) that have the most limited financial capacity.

(3) The office of the superintendent of public instruction must first allocate, to the maximum extent feasible, the funding appropriated under this section to grants prioritized under subsections (1) and (2) of this section. However, as necessary to award grants using the climate commitment account—state appropriation in this section, the superintendent of public instruction may also prioritize grants under this section that will improve compliance with the state's energy-related building standards in chapter 19.27A RCW by reducing energy use intensity.

(4) The state building construction account—state appropriation in this section is subject to the provisions of section 8018 of this act.

2025-27 School District Health and Safety (40000146)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$11,000,000 of the appropriation in this section is provided solely for emergency repair grants to address unexpected and imminent health and safety hazards at K-12 public schools, including skill centers, that will impact the day-to-day operations of the school facility, and this is the maximum amount that may be spent for this purpose. For emergency repair grants only, an emergency declaration must be signed by the school district board of directors and submitted to the superintendent of public instruction for consideration. The emergency declaration must include a description of the imminent health and safety hazard, the possible cause, the proposed scope of emergency repair work and related cost estimate, and identification of local funding to be applied to the project. Grants of emergency repair moneys must

be conditioned upon the written commitment and plan of the school district board of directors to repay the grant with any insurance payments or other judgments that may be awarded, if applicable.

(2) \$20,000,000 of the appropriation in this section is provided solely for health and safety and equal access grants.

(a) \$15,000,000 of the appropriation in this section is provided solely for urgent repair grants to address nonrecurring urgent small repair projects at K-12 public schools, excluding skill centers, that could impact the health and safety of students and staff if not completed, and this is the maximum amount that may be spent for this purpose. The office of the superintendent of public instruction, after consulting with maintenance and operations administrators of school districts, shall develop criteria and assurances for providing funding for specific projects through a competitive grant program. The criteria and assurances must include, but are not limited to, the following: (i) Limiting school districts to one grant, not to exceed \$600,000, per three-year period; (ii) prioritizing applications based on limited school district financial resources for the project; and (iii) requiring any district receiving funding provided in this section to demonstrate a consistent commitment to addressing school facility needs. The grant applications must include a comprehensive description of the health and safety issues to be addressed, a detailed description of the remedy, including a detailed cost estimate of the repair or replacement work to be performed, and identification of local funding, if any, which will be applied to the project. Grants may be used for, but are not limited to: Repair or replacement of failing building systems, abatement of potentially hazardous materials, and safety-related structural improvements.

(b) \$5,000,000 of the appropriation in this section is provided solely for equal access grants for facility repairs and alterations at K-12 public schools, including skills centers, to improve compliance with the Americans with disabilities act and individuals with disabilities education act, and this is the maximum amount that may be spent for this purpose. The office of the superintendent of public instruction shall develop criteria and assurances for providing funding for specific projects through a competitive grant program. The criteria and assurances must include, but are not limited to, the following: (i) Limiting districts to one grant, not to exceed \$150,000, per three-year period; (ii) prioritizing applications based on limited school district financial resources for the project; and (iii) requiring recipient districts to demonstrate a consistent commitment to addressing school facility needs. The grant applications must include a description of the Americans with disabilities act or individuals with disabilities education act compliance deficiency, a comprehensive description of the facility accessibility issues to be addressed, a detailed description of the remedy including a detailed cost estimate of the repair or replacement work to be performed, and identification of local funding, if any, which will be applied to the project. Priority for grant funding must be given to school districts that demonstrate a lack of capital resources to address the compliance deficiencies outlined in the grant application.

(3) The superintendent of public instruction must notify the office of financial management, the legislative evaluation and accountability program committee, the house of representatives capital budget committee, and the senate ways and means committee as projects described in subsection (1) of this section are approved for funding.

NEW SECTION. Sec. 5014. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

SCAPR Transitional Projects (91002551)

The appropriations in this section are subject to the following conditions and limitations:

(1) It is the intent of the legislature to work with the office of the superintendent of public instruction and stakeholders to revise the school construction assistance program and to holistically examine the state's programmatic support of K-12 school construction through the planning process required under section 5011, chapter 375, Laws of 2024. Pursuant to this section, the legislature intends that this revision and examination will be completed in a manner that will modify and improve efficiencies within, and access to, the school construction assistance program, while also identifying cost-saving measures for awarding state grants for the construction and modernization of common school facilities. The legislature further intends that this revision and planning process will result in a prioritized list of school construction projects that recognizes the substantial variation between district sizes and financial capacities, and which categorizes reasonably comparable applicants into distinct school district groupings to foster a fair and equitable prioritization of projects. However, the legislature also recognizes that some school district projects will be ready to proceed to construction during this planning and revision period. Therefore, the legislature intends to provide funding to the school district projects listed in this section in recognition of this transitional period.

(2) School districts receiving grant funding pursuant to this section may combine this funding with a school construction assistance program grant and must use available local resources to contribute financially to the completion of the project.

(3) \$8,131,000 of the common school construction account—state appropriation in this section is provided solely for the Pe Ell school district's K-12 school modernization project.

(4) \$6,000,000 of the common school construction account—state appropriation in this section is provided solely for the Bridgeport school district's Bridgeport elementary school modernization project.

(5) \$3,972,000 of the common school construction account—state appropriation and \$6,000,000 of the state building construction account—state appropriation in this section are provided solely for the Inchelium school district's K-12 school modernization project.

(6) Grant funding provided to each school district in this section is contingent upon each of the applicable districts named in this section relinquishing all unspent construction grant funding previously awarded under section 7063 of this act.

(7) The state building construction account—state appropriation in this section is subject to the provisions of section 8018 of this act.

Appropriation:

Common School Construction Fund—State	\$18,103,000
State Building Construction Account—State	\$6,000,000
Subtotal Appropriation	\$24,103,000
Prior Biennia (Expenditures)	\$0

TOTAL	\$24,103,000

NEW SECTION. Sec. 5015. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

School Security and Preparedness Infrastructure Grants (92002069)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$6,000,000 of the appropriation in this section is provided solely for school security and preparedness infrastructure grants to increase the physical security of K-12 public school facilities and campuses.

(2) Public school districts are eligible to apply for the grants. Eligible projects include:

(a) Entrance and door security including panic buttons;

(b) Fencing;

(c) Perimeter security infrastructure;

(d) Construction or infrastructure projects designed to direct the public entering school grounds through as few entrances as possible, such as through the main entrance of a school administrative office;

(e) Repair or upgrades of existing physical security infrastructure;

(f) Infrastructure designed to assist with or expedite law enforcement response to a threat or emergency within the school grounds; and

(g) Planning grants for improved security on campuses.

(3) No more than three percent of each grant may be expended by the grant recipients for management and administration of the grant.

(4) The office of the superintendent of public instruction must develop an application process and project evaluation criteria to evaluate applications. Priority for awards must be based on physical security needs and resulting improved safety. No award per school district may exceed \$500,000 in a biennium.

(5) By December 1, 2025, the office of the superintendent of public instruction must provide a progress report to the relevant policy and fiscal committees of the legislature. The report must include:

(a) The total number of applications and amount of funding requested; and

(b) A list and description of projects approved for funding.

(6) The appropriation in this section is subject to the provisions of section 8018 of this act.

Sec. 7002. 2019 c 413 s 6003 (uncodified) is amended to read

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

as follows:

FOR THE DEPARTMENT OF COMMERCE

2018 Local and Community Projects (40000005)

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall not expend the appropriations in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

(5) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The appropriation is provided solely for the following list of projects:

(8) \$26,000 of the appropriation in this section is provided solely for implementation of the Spanaway lake management plan.

(9) \$1,250,000 of the appropriation in this section is provided solely for the planning, development, acquisition, and other activities pursuing open space conservation strategies for the historic Federal Way Weyerhaeuser campus. The grant recipient must be a regional nonprofit nature conservancy that works to conserve keystone properties selected by the city of Federal Way.

(10)(a) \$900,000 of the appropriation in this section is provided solely for an Interbay public development advisory committee. It is the intent of the legislature to examine current and future needs of a state entity that performs an essential public function on state-owned property located in one of the state's designated manufacturing industrial centers. The legislature further intends to explore the potential future uses of this state-owned property in the event that the state entity determines that it must relocate in order to protect its ability to perform its essential public function.

(b) The Interbay public development advisory committee is created to make recommendations regarding the highest public benefit and future economic development uses for the Washington army national guard armory facility in the city of

Seattle, pier 91 property, located at the descriptions referred to in the quit claim deeds for two parcels of land, 24.75 acres total, dated January 8, 1971, and December 22, 2009.

(c) The Interbay advisory committee consists of seven persons appointed as follows:

(i) One person appointed by the speaker of the house of representatives;

(ii) One person appointed by the president of the senate; and

(iii) Five persons appointed by the governor, who must collectively have experience in forming public-private partnerships to develop workforce housing or affordable housing; knowledge of project financing options for public-private partnerships related to housing; architectural design and development experience related to industrial lands and mixed-use zoning to include housing; and experience leading public processes to engage communities and other stakeholders in public discussions regarding economic development decisions.

(d) The Interbay public development advisory committee must:

(i) Work in collaboration with the military department to determine the needs of the military department if it is relocated from the land described in subsection (1) of this section, including identifying:

(A) Current uses;

(B) Future needs of the units currently at this location;

(C) Potential suitable publicly owned sites in Washington for relocation of current units; and

(D) The costs associated with acquisition, construction, and relocation to another site or sites for these units;

(ii) Explore the future economic development opportunities if the land described in subsection (1) of this section is vacated by the military department, and make recommendations, including identifying:

(A) Suitable and unsuitable future uses for the land;

(B) Environmental issues and associated costs;

(C) Current public infrastructure availability, future public infrastructure plans by local or regional entities, and potential public infrastructure needs;

(D) Transportation corridors in the immediate area and any potential right-of-way needs; and

(E) Existing zoning regulations for the land and potential future zoning needs to evaluate workforce housing, affordable housing, and other commercial and industrial development compatible with the Ballard-Interbay manufacturing industrial center designation;

(iii) Explore the potential funding sources and partners as well as any needed transactions, and make recommendations, including:

(A) Any potential private partners or investors;

(B) Necessary real estate transactions;

(C) Federal funding opportunities; and

(D) State and local funding sources, including any tax-related programs; and

(iv) Conduct at least three public meetings at a location within the Ballard-Interbay manufacturing industrial center, where a quorum of the Interbay public development advisory committee members are present, at which members of the public are invited to present to the Interbay advisory committee regarding the future uses of the site and potential issues such as industrial land use, commercial development, residential zoning, and public infrastructure needs.

(e) Nothing in this section authorizes the solicitation of interest or bids for work related to the purposes of this section.

(f) The department of commerce shall provide staff support to the Interbay advisory committee. The department may contract with outside consultants to provide any needed expertise.

(g) Legislative members of the Interbay advisory committee are reimbursed for travel in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(11) \$2,000,000 of the appropriation in this section is provided solely to the city of Lakewood for the purchase of property within the federally designated north clear zone at joint base Lewis-McChord. Once acquired, the property must be zoned for use compatible with the mission and activity of McChord airfield. The city may lease or resell the acquired property for fair market value, but any such lease or sale must include restrictions or covenants ensuring that the use of the property is safely compatible with the mission and activity of McChord airfield. If the city subsequently resells, rezones, develops, or leases the property for commercial or industrial uses contrary to the allowed uses in the north clear zone, the city must repay to the state the amount spent on the purchase of the property in its entirety within ten years.

(12) \$250,000 of the appropriation in this section is provided solely for a grant to the Federal Way chamber of commerce for two economic development projects focused in the south Puget Sound area. The amounts in this section must be used for a business retention and expansion program to conduct economic research in collaboration with stakeholders, develop data-driven economic strategies, and produce a written evaluation; and a tourism enhancement program to develop and inventory the Federal Way area tourism sector, analyze data regarding visitation, and produce a written evaluation.

(13) \$400,000 of the appropriation in this section is provided solely for the Northshore athletic field which shall be named "Andy Hill Sports Complex."

(14) \$1,177,000 of the appropriation in this section is provided solely for the Harmony sports complex infrastructure and safety improvements in Vancouver and is contingent upon the facility being open to the public.

(15) \$250,000 of the appropriation in this section is provided solely for the Asia Pacific cultural center in Tacoma. ~~((It is the intent of the legislature that beyond the 2017-2019 fiscal biennium no state funding is provided to the Asia Pacific cultural center in Tacoma.))~~

(c) ~~(\$11,607,000)~~ \$22,107,000 of the state building construction account—state appropriation and \$1,250,000 of the capital community assistance account—state appropriation in this section are provided solely for design and construction of the Lummi Nation Substance Abuse Treatment project. ~~((The legislature intends to provide funds in the amount of \$23,357,000 over the course of the 2023-2025 and 2025-2027 fiscal biennia for the Lummi Nation Substance Abuse Treatment project.))~~ Pursuant to RCW 43.88.130, the department may enter into a multibiennium contract with Lummi Nation for the design and construction of the project. Nothing in this section authorizes the department to make an expenditure without an appropriation.

(7)(a) \$10,002,000 of the state building construction account—state appropriation and \$4,998,000 of the capital community assistance account—state appropriation in this section are provided solely for the purchase of the former Daybreak Youth Services building located in Clark County, Washington. Title of the property must be held in the name of the state under the custody and control of the department of enterprise services.

(b) The department, with the assistance of the department of enterprise services, shall facilitate a lease agreement with Madrona Recovery Center, Inc. (Madrona) for a term of no less than 10 years, at a lease cost of \$1 per year. As a condition of the lease, the department shall obtain commitments and acknowledgments from Madrona as follows:

(i) The building will be operated for the purpose of providing substance use disorder treatment and other behavioral health treatment services to children and minor youth throughout the term of the lease;

(ii) Madrona is able to meet applicable licensing and certification requirements necessary to operate the facility;

(iii) Madrona commits to prioritizing services for persons who are publicly funded and are residents of the state of Washington;

(iv) Madrona has provided a detailed estimate of the costs associated with opening the beds at the facility;

(v) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project, with an anticipated opening date of the facility that is no more than 12 months from commencement of the lease; and

(vi) Madrona has submitted a financial plan demonstrating its ability to maintain and operate the facility, including confirmation that the health care authority, department of social and health services, or a managed care organization plans to contract with the facility sufficient to cover the facility's operating costs.

(c) \$1,000,000 of the state building construction account—state appropriation in this section is provided solely to Madrona for the purpose of tenant improvements necessary to operate the building for the purposes outlined in (b) of this subsection. The department must inform Madrona of its obligation to pay prevailing wage in completing tenant improvements financed by the state. Subsequent maintenance and repairs during the term of the lease are the responsibility of Madrona.

(d) \$200,000 of the state building construction account—state appropriation in this section is provided solely for the administrative costs associated with this project.

(8) The department shall notify all applicants that they may be required to have a construction review performed by the department of health.

(9) To accommodate the emergent need for behavioral health services, the department and the department of health, in collaboration with the health care authority and the department of social and health services, must establish a concurrent and expedited process to assist grant applicants in meeting any applicable regulatory requirements necessary to operate inpatient psychiatric beds, freestanding evaluation and treatment facilities, enhanced services facilities, triage facilities, crisis stabilization facilities, or secure detoxification/secure withdrawal management and stabilization facilities.

(10) The department must strive to allocate all of the amounts provided in this section in the manner prescribed in each subsection. However, if upon review of applications, the department determines, in consultation with the advisory group established in subsection (1) of this section, that there are not adequate suitable projects in a category, the department may allocate funding to other project categories listed in this section, prioritizing projects that support serving individuals who will be transitioned from or diverted from the state hospitals. Underserved areas of the state may also be considered.

(11) In contracts for grants authorized under this section, the department must include provisions that require that the grantee or successor hold the capital improvements for at least a 10-year period. The provisions must require the facility to be used for behavioral health services, but may allow the facility to change ownership or facility type during the commitment period. The department shall monitor the activities of recipients of grants under this program to determine compliance with the terms and conditions set forth in its contract.

(12) The department must provide a progress report to the appropriate committees of the legislature by September 1, 2024. The report must include:

(a) The total number of applications and amount of funding requested;

(b) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, bed capacity, and anticipated completion date;

(c) A statewide map of new capacity since 2018, including projected bed capacity and opening dates;

(d) A status report of projects that received funding in prior funding rounds, including details about the project completion

and the date the facility began providing services; and

(e) Recommendations for statutory language that would codify the grant program on an ongoing basis including:

(i) Evaluation and prioritization criteria;

(ii) Monitoring and compliance requirements;

(iii) Preconstruction and technical assistance services; and

(iv) Data needed to determine the service needs by area of the state.

(13) The department must coordinate with the health care authority to submit capital budget requests to fund behavioral health community capacity grants for the 2025-2027 biennial budget by the due date established by the office of financial management. Associated state budget operating costs must also be identified and requested.

The appropriation in this section is subject to the following conditions and limitations:

(1) \$14,500,000 of the appropriation in this section is provided solely for grants to local governments, public higher education institutions, school districts, tribal governments, and state agencies for improvements to facilities and related projects that result in energy and operational cost savings.

(a) At least 20 percent of each competitive grant round is designated for award to eligible projects in small cities or towns with a population of 5,000 or fewer residents.

(b) In each competitive round, a higher energy savings to investment ratio must result in a higher project ranking. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(c) The department must determine a minimum match ratio to maximize the leverage of nonstate funds.

(2) \$22,500,000 of the appropriation in this section is provided solely for grants to be awarded in competitive rounds to local governments, public higher education institutions, school districts, tribal governments, and state agencies for projects that involve the purchase and installation of solar energy systems, including solar modules and inverters, with a preference for

(a) At least 20 percent of each competitive grant round is designated for award to eligible projects in small cities or towns with a population of 5,000 or fewer residents.

(b) In each competitive round, a higher energy savings to investment ratio must result in a higher project ranking. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(c) The department must determine a minimum match ratio to maximize the leverage of nonstate funds.

(3) \$5,000,000 of the appropriation in this section is provided solely for the energy efficiency and environmental performance improvements to minor works, stand-alone, and emergency projects at facilities owned by agencies that repair or replace existing building systems and reduce greenhouse gas emissions from state operations, including, but not limited to, HVAC, lighting, insulation, windows, and other mechanical systems. Eligibility for this funding is dependent on an analysis using the office of financial management's life-cycle cost tool that compares project design alternatives for initial and long-term cost-effectiveness. Assuming a reasonable return on investment, the department shall provide grants in the amount required to improve the project's energy efficiency compared to the original project request.

(4) ~~(((\$4,000,000))~~ \$5,000,000 of the appropriation in this section is provided solely for the Washington state association of counties to provide funding for energy audits on county-owned tier 1 and tier 2 covered buildings and collect and manage data on the costs for counties to comply with the requirements of RCW 19.27A.210 and 19.27A.250.

(a) The Washington state association of counties may award grants to counties with qualifying buildings to assess current energy performance and determine the approximate costs of facility and system upgrades to meet state energy performance standards in chapter 19.27A RCW.

(b) The Washington state association of counties shall submit to the appropriate committees of the legislature no later than December 31, ~~((2025))~~ 2026, a report detailing the current energy performance of each county-owned tier 1 and tier 2 building for which an energy audit was completed with the funding provided in this subsection (4), and an estimate of the costs for bringing each building into compliance with the state energy performance standards in chapter 19.27 RCW.

(c) Up to 12 percent of the amount of the grants awarded in (a) of this subsection may be retained by the Washington state association of counties for administrative costs.

(5) \$4,000,000 of the appropriation in this section is provided solely for the association of Washington cities to provide funding for energy audits on city-owned tier 1 and tier 2 covered buildings and collect and manage data on the costs for cities to comply with the requirements of RCW 19.27A.210 and 19.27A.250.

(a) The association of Washington cities may award grants to cities with qualifying buildings to assess current energy performance and determine the approximate costs of facility and system upgrades to meet state energy performance standards in chapter 19.27A RCW.

(b) The association of Washington cities shall submit to the appropriate committees of the legislature no later than December 31, ~~((2025))~~ 2026, a report detailing the current energy performance of each city-owned tier 1 and tier 2 building for which an energy audit was completed with the funding provided in this subsection (5), and an estimate of the costs for bringing each building into compliance with the state energy performance standards in chapter 19.27 RCW.

(c) Up to 12 percent of the amount of the grants awarded in (a)

of this subsection may be retained by the association of Washington cities for administrative costs.

(6) The department shall develop metrics that indicate the performance of energy efficiency efforts.

(7) If a grant is provided in subsection (1) or (3) of this section to purchase heating devices or systems, the agency must, whenever possible and most cost effective, select devices and systems that do not use fossil fuels.

(8) Grants provided in subsections (1) through (3) of this section to state agencies are exempt from the match requirements in this section.

Sec. 7020. 2024 c 375 s 1007 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

2023-25 Housing Trust Fund (40000295)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$180,663,000 of the state taxable building construction account—state appropriation is provided solely for the new construction, acquisition, or rehabilitation of affordable housing projects that serve and benefit low-income and special needs

populations including, but not limited to, people with chronic mental illness or behavioral health conditions, farmworkers, people who are homeless, and people in need of permanent supportive housing. The department shall strive to invest at least 20 percent of the appropriation provided under this subsection with by and for organizations, as defined by the office of equity.

(2) \$35,500,000 of the state taxable building construction account—state appropriation and \$8,500,000 of the Washington housing trust fund account—state appropriation are provided solely for affordable housing projects that serve and benefit low-income people with developmental or intellectual disabilities. The department must use a separate application form and evaluation criteria for applications under this subsection. The department must coordinate with the department of social and health services regarding any needed supportive services and make efforts to enact the recommendations of the housing needs study for individuals with intellectual and developmental disabilities, as provided in section 1068(6), chapter 332, Laws of 2021.

(3) ~~((~~\$100,000,000~~))~~ \$92,785,000 of the state taxable building construction account—state appropriation is provided solely for the apple health and homes rapid permanent supportive housing program created in chapter 216, Laws of 2022. Of the amounts provided in this subsection((~~(a)~~),

~~((a)))~~, \$5,000,000 is provided solely for the St. Agnes Haven project in Spokane(~~(=and~~

~~((b)~~ \$7,000,000 is provided solely for the CoLead Northgate project in Seattle)).

(4) ~~((~~\$60,000,000~~))~~ \$46,680,000 of the state building construction account—state and \$13,320,000 of the state taxable construction account—state appropriations ~~((is))~~ are provided solely for awards to organizations eligible under RCW 43.185A.040 for the development of homeownership projects affordable to first-time low-income households throughout the state. Projects serving homebuyers whose income is up to 80 percent of the area median income, adjusted for household size, for the county where the property is located are eligible to apply, except that projects located in rural areas of the state, as defined by the department, serving homebuyers whose income is up to 100 percent of the area median income, adjusted for household size, for the county where the property is located are eligible to apply. Eligible activities include, but are not limited to, down payment assistance, closing costs, acquisition, rehabilitation costs, and new construction. Eligible organizations may include those that plan to provide housing to socially disadvantaged communities as defined in 13 C.F.R. Sec. 124.103. The department shall strive to invest at least 50 percent of these funds with by and for organizations, as defined by the office of equity, and make efforts to enact the recommendations of the homeownership disparities work group created in section 128(100), chapter 297, Laws of 2022. Of the amount provided in this subsection:

(a) \$1,500,000 of the state building construction account—state appropriation is provided solely for the Boulevard Townhomes project; and

(b) \$248,000 of the state building construction account—state appropriation is provided solely for the Crail Cottages project.

(5) \$25,000,000 of the state building construction account—state appropriation is provided solely for affordable housing preservation projects, which may include, but are not limited to:

(a) Projects preserving and extending the affordability commitment period for projects in the housing trust fund portfolio. The funds may be provided for major building improvements, preservation, and system replacements, necessary for the existing housing trust fund portfolio to maintain long-term viability. The department must require a capital needs assessment be provided prior to contract execution. Funds may not be used to

add or expand the capacity of the property. When allocating funds, the department must prioritize buildings that are older than 15 years and that serve very low-income and extremely low-income populations.

(b) Projects preserving affordable multifamily housing at risk of losing its affordability due to expiration of use restrictions that otherwise require affordability including, but not limited to, United States department of agriculture funded multifamily housing. The department must prioritize projects that satisfy the goal of long-term preservation of Washington's affordable multifamily housing stock, particularly in rural areas of the state. Funds may be used for acquisition or for acquisition and rehabilitation of properties to preserve the affordable housing units beyond their existing use restrictions and keep them in Washington's housing portfolio for a minimum of 40 years. If a capital needs assessment is required, the department must work with the applicant to ensure that this does not create an unnecessary impediment to rapidly accessing these funds.

(c) The funding provided under this subsection (5) is not subject to the 90-day application periods in RCW 43.185.070 or 43.185A.050.

(d) The amount awarded under this subsection (5) may not be calculated in award limitations for other housing trust fund awards.

(6) \$14,000,000 of the state (~~(taxable)~~) building construction account—state appropriation is provided solely for a grant to the northwest cooperative development center to provide subgrants for the acquisition and preservation of mobile or manufactured home communities. Funding provided under this subsection may be used to acquire mobile or manufactured home communities for the purpose of avoiding household displacement due to sale or other transactions and ensuring preservation of housing affordability for low-income households for a minimum of 40 years.

(7) \$7,000,000 of the state (~~(taxable)~~) building construction account—state appropriation is provided solely for capital improvements to mobile home or manufactured home communities and includes the following:

(a) \$5,500,000 is provided solely for a grant to the northwest cooperative development center to provide subgrants to organizations that are "mobile home park cooperatives" or "manufactured housing cooperatives" under RCW 59.20.030 for completing capital improvement processes. Subgrants provided under this subsection may be used solely for critical improvements, repairs, and infrastructure upgrades to promote the preservation of mobile or manufactured home communities as affordable housing. The grantee must award subgrants based on needs relating to health, safety, and cost; and

(b) \$1,500,000 is provided solely for the Alpine Ridge Utility Upgrades project.

(8) (~~(\$71,876,000)~~) (a) \$78,091,000 of the state taxable building construction account—state appropriation is provided solely for the following list of projects:

Habitat for Humanity (Seattle)..... \$6,000,000

(9) \$20,000,000 of the state taxable building construction account—state appropriation in this section is provided solely for eligible organizations defined under RCW 43.185A.040 to acquire, renovate, and prepare real property for rapid conversion into enhanced emergency shelters, permanent supportive housing, transitional housing, permanent housing, youth housing, tiny homes, or shelter for extremely low-income people, as well as individuals, families, unaccompanied youth, and young people experiencing sheltered and unsheltered homelessness. Acquisitions completed with temporary financing are eligible for funding provided in this section. The department may only approve funding for projects that result in increased shelter or housing capacity.

(a) Acquisition of multifamily housing is a priority, and the department shall prioritize housing projects that rapidly move people experiencing unsheltered homelessness into housing, including, but not limited to, individuals living in unsanctioned encampments, the public rights-of-way, or other public spaces.

(b) Amounts provided in this section may not be used for operating or maintenance costs, supportive services, or debt service.

(c) Awards made to tiny homes under this subsection (9) may be made to noncode compliant structures and may be exempted from the 40-year affordability requirement under RCW 43.185A.060.

(10) \$5,000,000 of the state building construction account—state appropriation in this section is provided solely for affordable housing urgent repair grants to be provided on an ongoing basis. Funding is not subject to the 60-day notification requirement in RCW 43.185A.150. The funding may be provided to address nonreoccurring repair projects including repair of units or buildings, abatement of potentially hazardous materials, and safety-related structural improvements of affordable housing. Each repair grant award may not exceed \$200,000 per award. However, the department may not limit the number of awards or amount received per organization.

(a) For purposes of this subsection (10), "affordable housing" means:

(i) Permanent supportive housing as defined in RCW

36.70A.030; and

(ii) Multifamily affordable housing projects in the housing trust fund portfolio.

(b) If the department receives application requests that exceed the appropriation level in this subsection (10), the department must prioritize projects under (a)(i) of this subsection.

(11) In evaluating projects in this section, the department must give preference for applications based on some or all of the criteria in RCW 43.185.070(5).

(12) The department shall strive to allocate at least 30 percent of the funds provided in this section to projects located in rural areas of the state, as defined by the department.

(13) The department must strive to allocate all of the amounts appropriated in this section within the 2023-2025 fiscal biennium in the manner prescribed in each subsection. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate funds to other affordable housing projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

FOR THE DEPARTMENT OF COMMERCE

2023-25 Early Learning Facilities Fund Grant Program (40000300)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$7,350,000 of the Ruth LeCocq Kagi early learning facilities development account—state appropriation in this section is provided solely for minor renovation grants.

(2) ~~(((\$46,550,000))~~ \$39,830,000 of the Ruth LeCocq Kagi early learning facilities development account—state and \$6,720,000 of the Ruth LeCocq Kagi early learning facilities revolving account—state appropriations in this section ~~((is))~~ are provided solely for the early learning facility grant and loan program, subject to the provisions of RCW 43.31.573 through 43.31.583 and 43.84.092, to provide state assistance for designing, constructing, purchasing, expanding, or modernizing public or private early learning education facilities for eligible organizations. Up to four percent of the funding in this subsection may be used by the department of children, youth, and families to provide technical assistance to early learning providers interested in applying for the early learning facility grant or loan program.

(3) The department of children, youth, and families must develop methodology to identify, at the school district boundary level, the geographic locations of where early childhood education and assistance program slots are needed to meet the entitlement specified in RCW 43.216.556. This methodology must be linked to the caseload forecast produced by the caseload forecast council and must include estimates of the number of slots needed at each school district. This methodology must inform any early learning facilities needs assessment conducted by the

department and the department of children, youth, and families. This methodology must be included as part of the budget submittal documentation required by RCW 43.88.030.

(4) When prioritizing areas with the highest unmet need for early childhood education and assistance program slots, the committee of early learning experts convened by the department pursuant to RCW 43.31.581 must first consider those areas at risk of not meeting the entitlement specified in RCW 43.216.556.

(5) The department must track the number of slots being renovated separately from the number of slots being constructed and, within these categories, must track the number of slots separately by program for the working connections child care program and the early childhood education and assistance program.

(6) When prioritizing applications for projects pursuant to RCW 43.31.581, the department must award priority points to applications from a rural county or from extreme child care deserts as defined by the department of children, youth, and families.

(7) For early learning facilities collocated with affordable or supportive housing developments, the department may remit state funding on a reimbursement basis for 100 percent of eligible project costs, regardless of the project's match amount, once the nonstate share of project costs have been either expended or firmly committed in an amount sufficient to complete the entire project or a distinct phase of the project that is useable to the public as an early learning facility. These projects are not subject to section 8015 of this act or RCW 43.88.150.

(8) It is the intent of the legislature to reappropriate funding in the 2023-2025 omnibus capital appropriations act for early learning facilities appropriated in this section.

Sec. 7022. 2024 c 375 s 1011 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

2024 Local and Community Projects (40000301)

The appropriations in this section are subject to the following conditions and limitations:

(1) ~~((The))~~ Except as provided in subsection (10) of this section, the department shall not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards under chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department shall include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

Sec. 7023. 2024 c 375 s 1018 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

2025 Local and Community Projects (40000614)

The appropriations in this section are subject to the following conditions and limitations:

(1) ~~((The))~~ Except as provided for under subsection (14) in this section, the department shall not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards under chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department shall include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set

forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

FOR THE DEPARTMENT OF COMMERCE
2023-25 Community EV Charging (40000622)

The appropriation in this section is subject to the following conditions and limitations:

(1) Except as provided in subsections (10) and (11) of this section, the appropriation in this section is provided solely for grants for the development of community electric vehicle charging infrastructure.

(2) Funding provided in this section must be used for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state.

(3) Projects that receive funding under this section must be implemented by, or include partners from, one or more of the following: Local governments, federally recognized tribal governments, or public and private electrical utilities that serve retail customers in the state.

(4) Grant funding must be used for level two or higher charging infrastructure and related costs including, but not limited to, construction and site improvements. Projects may include a robust public and private outreach plan that includes engaging with affected parties in conjunction with the new electric vehicle infrastructure.

(5) The department must prioritize funding for projects in the following order:

- Multifamily housing;
- Publicly available charging at any location;
- Schools and school districts;
- State and local government buildings and office buildings;
- All other eligible projects.

(6) The department must coordinate with other electrification programs, including projects developed by the department of transportation, to determine the most effective distribution of the systems. The department must also collaborate with the interagency electric vehicle coordinating council established in RCW 43.392.030 to implement this section and must work to meet benchmarks established in chapter 182, Laws of 2022.

(7) The department may:

- Provide information to applicants about available clean energy tax credits and incentives, including elective pay, that may be applicable to the project for which state funding is being sought;
- Inquire, as part of the application, which tax credits and incentives the applicant plans to seek for the project;
- Prioritize projects seeking any applicable clean energy tax credits and incentives when developing and applying competitive criteria for selecting recipients under this section; and
- Consider the availability of any federal tax credits or other federal or nonfederal grants or incentives that the applicant may benefit from in review of the application.

(8) Funding awards made under this section may not exceed 100 percent of the cost of the project.

(9) Up to three percent of the appropriation in this section is for the department to administer the grant program.

(10) (~~(\$412,000)~~) \$1,304,000 of the appropriation in this section is provided solely for the following list of projects:

Town of Steilacoom Electrical Charging Station Infrastructure	\$103,000
EV Chargers Federal Way Community Center	\$309,000
<u>Interim CDA I5 EV Chargers in City of Seattle</u>	<u>\$892,000</u>

(11) The department may directly reimburse a state agency for costs to review proposed construction on property leased by the

state.

The appropriation in this section is subject to the following conditions and limitations:

(1) \$13,200,000 of the appropriation in this section is provided solely for grants for cost share agreements regarding anaerobic digester development and maintenance projects at dairies. Grants awarded must have at least a 15 percent nonstate match and be awarded through a competitive process that considers:

(a) The amount of greenhouse gas reduction expected to be achieved by the proposal; and

(b) The amount of untreated effluent expected to be reduced by the proposal.

(2) \$500,000 of the appropriation in this section is provided solely for the department to contract with the Washington State University energy extension program to provide technical assistance in the administration of the competitive grant process and to provide ongoing support to dairies and digester operators regarding opportunities to enhance digester function, advance nutrient recovery, and improve the economic sustainability of on-farm digesters.

Broadband Infrastructure Federal Match Projects (92001948)

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) \$114,034,000 of the state building construction account—state appropriation in this section is provided solely as

match for federal authority allocated under this section for the statewide broadband office to administer the broadband equity, access, and deployment state grants program in section 60102 of P.L. 117-58 (infrastructure investment and jobs act), or a substantially similar successor federal program. Expenditure of the amount appropriated in this subsection is contingent on the receipt of this grant funding.

(b) To the extent permitted by federal law, the office shall provide state matching funds only for projects where the lead applicant is a public or tribal government entity. The office must allocate state matching funds in a manner that prioritizes projects based on affordability, fair labor practices, speed to deployment, open access, local and tribal coordination, and the provision of digital navigation services, as outlined in the scoring criteria contained in the plan submitted by the statewide broadband office to the national telecommunications and information administration.

(c) The legislature intends to provide sufficient funds to match federal funds available. To the extent that appropriated state funds are insufficient to satisfy federal matching requirements for federal funds, the department must secure from subgrantees such additional cash, in-kind contributions, or other eligible forms of match as are necessary to provide sufficient funds in order to meet federal matching requirements.

(2) To the extent permitted by federal law, in addition to scoring and weighting criteria established pursuant to the federal broadband equity, access, and deployment program, or a substantially similar successor federal program, the state broadband office must establish additional secondary selection criteria, including, but not limited to, criteria that give weight to projects that:

(a) Provide open-access wholesale last-mile broadband service for the useful life of the subsidized networks on fair, equal, and neutral terms to all potential retail providers; and

(b) Demonstrate support from the local government or any tribal government with oversight over the location or locations to be served.

(3) To the extent permitted by federal law, up to \$300,000 of the federal broadband account—federal appropriation provided in this section is for a staff position dedicated to advising the statewide broadband office on the availability and feasibility of deploying new and emerging technologies in broadband internet service.

Washington Building (40000331)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$150,000 of the appropriation in this section is provided solely for the development of a plan and necessary steps to vacate and dispose of the Washington building and property. No later than September 15, 2024, the department must submit to the governor and the capital committees of the legislature a timeline and proposed budget for each item below that includes:

(a) A plan to relocate the current tenants of the building on or near the capitol campus. In identifying space, the department must also look to space that may be currently leased but is being underutilized. The plan must include a statement of the revenue for each of the current tenants;

(b) Improvements and maintenance necessary for the comfort and safety of the current tenants until the building can be vacated;

(c) Preservation of the building pending disposal of either the building or property, or both; and

(d) Recommendations for the most efficient use of the building and property that minimizes the cost to the state.

(2) The department must work with legislative support services to identify space that meets the long-term needs of the tenants.

(3)(a) Once the Washington building has been vacated, the department, in consultation with the office of financial management, must sell the Washington building and the Union avenue building along with its associated property for no less than fair market value. The price must cover appraisal costs, all debt service, all closing costs, and the cost of outstanding liabilities necessary to keep the department whole.

(b) Any sale proceeds remaining after the department has satisfied all of the obligations must be deposited into the Thurston county capital facilities account.

Sec. 7037. 2024 c 375 s 1044 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF ENTERPRISE SERVICES

Legislative Campus Modernization (92000020)

The appropriations in this section are subject to the following conditions and limitations:

(1) The reappropriations are subject to the provisions of section ~~((1059, chapter 296, Laws of 2022))~~ 1044, chapter 375, Laws of 2024.

(2) The department must consult with the senate facilities and operations committee or its designees and the house of representatives' executive rules committee or its designees at least every other month.

(3) All appropriations must be coded and tracked as separate discrete subprojects in the agency financial reporting system.

(4) If the department receives information, after value engineering has been performed, that projected costs for any of the subprojects in subsections (5), (6), or (7) of this section will exceed the amount provided in the respective subsections, including projected costs in future biennia, the department must timely notify and provide that information in writing to the project executive team. Prior to proceeding with design or construction, the department must:

(a) Provide at least three options that do not include square footage reduction to reduce the subproject costs to stay within the amount provided for that subproject and the project schedule;

(b) Consult with the project executive team on the options offered, prior to proceeding with a reduced cost option; and

(c) Receive majority consensus from the project executive team to either adopt and move forward with reduced cost options that bring the subproject costs within amounts appropriated or adopt a tentative modified budget for the subproject. If a tentative modified budget is adopted, the department must seek additional funding in the next agency budget submittal.

(5) \$25,651,000 of the state building construction account—state appropriation in this section is provided solely for the Irv Newhouse building replacement design and construction subproject on opportunity site six west. The department must:

(a) Start Newhouse building construction by July 1, 2023;

(b) Complete Newhouse building construction by October 31, 2024; and

(c) Consult with the leadership of the senate, or their designees, at least every month, beginning July 1, 2023.

(6) ~~(((\$84,593,000))~~ \$85,542,000 of the state building construction account—state appropriation in this section is provided solely for the rehabilitation, design, and construction of the Pritchard building and the renovation of the John L. O'Brien building subproject. The legislature intends to provide funding in the amount of ~~(((\$134,097,000))~~ \$135,043,000 over the course of the 2023-2025 and the 2025-2027 fiscal biennia for design and construction of this project. Pursuant to RCW 43.88.130, the department may enter into a multiyear contract for the construction of the subproject. Nothing in this section authorizes the agency to make an expenditure without an appropriation.

(7) ~~(((\$11,872,000))~~ \$10,923,000 of the state building construction account—state appropriation and \$1,000,000 of the climate commitment act—state appropriation in this section is provided solely for the legislative campus modernization global subproject that includes, but is not limited to, the ~~(visitor)~~ capitol lot (opportunity site six east), 15th avenue southwest, the John A. Cherberg parking lot on 15th avenue southwest, the John L. O'Brien parking lot on 15th avenue southwest, Columbia street site work, the legislative modular building, and Water street site

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

2023-25 Small District & Tribal Compact Schools Modernization (40000065)

The appropriations in this section are subject to the following conditions and limitations:

(1) ~~(\$191,646,000))~~ \$173,543,000 of the common school construction account—state appropriation in this section is provided solely for modernization grants for small school districts authorized under RCW 28A.525.159. Of this amount, ~~(\$86,000,000))~~ \$74,000,000 is provided solely for small district modernization grants, not to exceed \$6,000,000 per grant, to school districts that were awarded a planning grant during the 2023-2025 fiscal biennium pursuant to LEAP capital document No. OSPI-1.1-2023, developed ~~((April 10, 2023))~~ March 31, 2025. Small districts awarded a planning grant pursuant to this list that do not receive a modernization grant in the 2023-2025 fiscal biennium are eligible for the maximum state funding level of \$12,000,000 established under subsection (5)(a) of this section. The office of the superintendent of public instruction shall report the status and award amounts of all grants awarded pursuant to this section to the governor and appropriate fiscal committees of

the legislature no later than October 15, 2024.

(2) \$2,307,000 of the common school construction account—state appropriation in this section is provided solely for planning grants for small school districts authorized under RCW 28A.525.159. Planning grants may not exceed \$50,000 per district. Planning grants may only be awarded to school districts with estimated total project costs of \$6,000,000 or less or \$12,000,000 or less, as applicable under this section.

(3) \$12,145,000 of the state building construction account—state appropriation in this section is provided solely for planning grants and modernization grants to state-tribal compact schools. The superintendent of public instruction may prioritize planning grants for state-tribal compact schools with the most serious building deficiencies and the most limited financial capacity.

(4) ~~(\$6,800,000))~~ \$3,000,000 of the climate commitment account—state appropriation in this section is provided solely for energy assessment grants for small school districts eligible under RCW 28A.525.159. Grant funding awarded may be used to perform facility energy assessments of instructional buildings.

(5)(a) The superintendent of public instruction shall submit a list of small school district modernization projects, as prioritized by the advisory committee under RCW 28A.525.159, to the legislature and the governor by October 15, 2024. The list must include: (i) A description of the project; (ii) the proposed state funding level, not to exceed \$12,000,000 per project; (iii) estimated total project costs; and (iv) local funding resources.

(b) In addition to the standard list required in (a) of this subsection, the superintendent of public instruction shall also submit an alternative list with the agency's request for capital appropriations for the 2025-2027 fiscal biennium that includes small school districts with 3,000 students or less, with a state funding level not to exceed \$12,000,000 per project. This list must include the following information: (i) A description of the project; (ii) the proposed state funding level; (iii) estimated total project costs; and (iv) local funding resources.

(6)(a) Subject to (b) of this subsection (6), the appropriations in this section may be awarded only to projects approved by the legislature, as identified in LEAP capital document No. OSPI-1.1-2023, developed ~~((April 10, 2023))~~ March 31, 2025, and in LEAP capital document No. OSPI-1-2024, developed March 2, 2024.

(b) To the extent that the amounts appropriated for small districts and state-tribal compact schools specified in the LEAP capital documents in (a) of this subsection exceed the actual costs of funding these projects, the department may reallocate excess funding to eligible projects pursuant to RCW 28A.525.159. However, the total funding appropriated to eligible small district projects must remain allocated to eligible small district projects, and the total funding appropriated to eligible state-tribal compact school projects must remain allocated to eligible state-tribal compact school projects.

(7)(a) Except as provided under (b) of this subsection, \$1,982,000 of the common school construction account—state appropriation in this section is provided solely for preconstruction grants and administrative implementation pursuant to Substitute House Bill No. 1044.

(b) If Substitute House Bill No. 1044 (capital assistance/schools) is not enacted by June 30, 2024, the amount provided in this subsection is instead provided solely for small district modernization grants, not to exceed \$6,000,000 per grant, to school districts that were awarded a planning grant during the 2023-2025 fiscal biennium pursuant to LEAP capital document No. OSPI-1.1-2023, developed ~~((April 10, 2023))~~ March 31, 2025.

(8) In the 2023-2025 fiscal biennium, school districts receiving a small district modernization grant under this section may not

PART 8

MISCELLANEOUS PROVISIONS

NEW SECTION. Sec. 8001. RCW 43.88.031 requires the disclosure of the estimated debt service costs associated with new capital bond appropriations. The estimated debt service costs for the appropriations contained in this act are \$73,258,483 for the 2025-2027 biennium, \$410,061,655 for the 2027-2029 biennium, and \$631,176,449 for the 2029-2031 biennium.

NEW SECTION. Sec. 8002. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. (1) The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

(2) Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional space that is available for regularly

scheduled classes for academic transfer, basic skills, and workforce training programs may be eligible for state funded maintenance and operations.

(3) Western Washington University: Enter into a financing contract for up to \$3,000,000 plus financing expenses, required reserves, and capitalized interest pursuant to chapter 39.94 RCW to construct a parking lot replacement.

(4) Community and technical colleges:

(a) Enter into a financing contract on behalf of Columbia Basin College for up to \$18,000,000 plus financing expenses, required reserves, and capitalized interest pursuant to chapter 39.94 RCW to construct student housing.

(b) Enter into a financing contract on behalf of Edmonds College for up to \$9,000,000 plus financing expenses, required reserves, and capitalized interest pursuant to chapter 39.94 RCW to acquire student housing.

(c) Enter into a financing contract on behalf of Clover Park Technical College for up to \$15,000,000 plus financing expenses, required reserves, and capitalized interest pursuant to chapter 39.94 RCW to acquire and renovate an eastside training facility.

(d) Enter into a financing contract on behalf of Renton Technical College for up to \$8,000,000 plus financing expenses, required reserves, and capitalized interest pursuant to chapter 39.94 RCW to continue renovations in Building J.

(e) Enter into a financing contract on behalf of South Puget Sound Community College for up to \$5,000,000 plus financing expenses, required reserves, and capitalized interest pursuant to chapter 39.94 RCW to construct an athletic field and related support amenities.

NEW SECTION. Sec. 8003. (1) To ensure that major construction projects are carried out in accordance with legislative and executive intent, agencies must complete a predesign for state construction projects with a total anticipated cost in excess of \$10,000,000. For purposes of this section, "total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project.

(2) Appropriations for design may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign.

(3) The predesign must explore at least three project alternatives. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative should be the most reasonable and cost-effective solution. The predesign document must include, but not be limited to, program, site, and cost analysis, and an analysis of the life-cycle costs of the alternatives explored, in accordance with the predesign manual adopted by the office of financial management.

(4) For projects exceeding the \$10,000,000 predesign threshold established in this section, the office of financial management may make an exception to some or all of the predesign requirements in this section. The office of financial management shall report any exception to the fiscal committees of the legislature:

(a) A description of the major capital project for which the predesign waiver is made;

(b) An explanation of the reason for the waiver; and

(c) A rough order of magnitude cost estimate for the project's design and construction.

(5) In deliberations related to submitting an exception under this section, the office of financial management shall consider the following factors:

(a) Whether there is any determination to be made regarding the site of the project;

(b) Whether there is any determination to be made regarding whether the project will involve renovation, new construction, or

both;

(c) Whether, within six years of submitting the request for funding, the agency has completed, or initiated the construction of, a substantially similar project;

(d) Whether there is any anticipated change to the project's program or the services to be delivered at the facility;

(e) Whether the requesting agency indicates that the project may not require some or all of the predesign requirements in this section due to a lack of complexity; and

(f) Whether any other factors related to project complexity or risk, as determined by the office of financial management, could reduce the need for, or scope of, a predesign.

(6) If under this section, some or all predesign requirements are waived, the office of financial management may instead propose a professional project cost estimate instead of a request for predesign funding.

NEW SECTION. Sec. 8004. (1) The legislature finds that use of life-cycle cost analysis will aid public entities, architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost efficient design is used, agencies shall develop life-cycle costs for any construction project over \$10,000,000. The life-cycle costs must represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life-cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies must develop a minimum of three project alternatives for use in the life-cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. Agencies must choose the most reasonable and cost-effective solution, as supported by the life-cycle cost analysis. A brief description of each project alternative and why it was chosen must be included in the life-cycle cost analysis section of the predesign.

(3) The office of financial management shall: (a) Make available a life-cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life-cycle cost model; and (c) update the life-cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life-cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

NEW SECTION. Sec. 8005. Agencies administering construction projects with a total anticipated cost in excess of \$10,000,000 must submit progress reports to the office of financial management and to the fiscal committees of the house of representatives and senate. "Total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project. Reports must be submitted on July 1st and December 31st of each year in a format determined by the office of financial management. After the project is completed, agencies must also submit a closeout report that identifies the total project cost and any unspent appropriations.

NEW SECTION. Sec. 8006. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. Sec. 8007. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the fiscal committees of the legislature by the office of financial management at least 30 days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within 30 days from the date of transfer.

NEW SECTION. Sec. 8008. Any building project that receives over \$10,000,000 in funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building attributes, including energy efficiency, durability, life-cycle performance, and occupant productivity, and minimizes greenhouse gas emissions. The following design and construction attributes must be integrated into the building project:

(1) Employ integrated design principles: Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorporation of these goals throughout the design and life-cycle of the building. Consider all stages of the building's life-cycle, including deconstruction.

(2) Commissioning: Employ commissioning practices tailored to the size and complexity of the building and its system components in order to verify performance of building components and systems and help ensure that design requirements are met. This should include an experienced commissioning provider, inclusion of commissioning requirements in construction documents, a commissioning plan, verification of the installation and performance of systems to be

commissioned, and a commissioning report.

(3) Optimize energy performance: Establish a whole building performance target that takes into account the intended use, occupancy, operations, plug loads, other energy demands, and design to earn the ENERGY STAR targets for new construction and major renovation where applicable. For new construction target low energy use index. For major renovations, target reducing energy use by 50 percent below prerenovation baseline.

(4) On-site renewable energy: Implement renewable energy generation projects on agency property for agency use, when life-cycle cost effective.

(5) High-efficiency electric equipment: Use only high-efficiency electric equipment for water and space heating needs not met through on-site renewable energy, when life-cycle cost effective.

(6) Measurement and verification: For buildings over 50,000 square feet, install building level electricity meters in new major construction and renovation projects to track and continuously optimize performance. Include equivalent meters for natural gas and steam, where natural gas and steam are used. Where appropriate, install dashboards inside buildings to display and incentivize occupants on energy use.

(7) Benchmarking: Compare performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For other building and space types, use an equivalent benchmarking tool.

NEW SECTION. Sec. 8009. State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. Sec. 8010. Executive Order No. 21-02, archaeological and cultural resources, was issued effective April 7, 2021. Agencies shall comply with the requirements set forth in this executive order and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of projects on cultural resources and historic properties proposed in state-funded construction or acquisition projects, including grant or pass-through funding that culminates in construction or land acquisitions. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated early in the project planning process, prior to construction or taking title.

NEW SECTION. Sec. 8011. FOR THE ARTS COMMISSION—ART WORK ALLOWANCE. (1) One-half of one percent of the moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210.

(2) One-half of one percent of the moneys appropriated in this act for original construction, or any major renovation or remodel work exceeding \$200,000 by colleges or universities is provided solely for the purposes of RCW 28B.10.027.

(3) One-half of one percent of the moneys appropriated in this act for original construction of any public building by a state agency identified in RCW 43.17.200 is provided solely for the purposes of RCW 43.17.200.

(4) At least 75 percent of the moneys spent by the Washington state arts commission during the 2025-2027 fiscal biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art; no more than 20 percent may be expended for program administration; and no more than five percent may be expended to conserve or maintain existing pieces in the state art collection.

(5) Beginning with new appropriations made in the 2025-2027 fiscal biennium, art allocations not expended by the end of the

second full fiscal biennium from the issuance of a certificate of occupancy shall lapse, except for art allocations made under K-3 class size reduction grants under section 6303 of this act.

NEW SECTION. Sec. 8012. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 8013. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 8014. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 8015. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state treasurer, on behalf of the state finance committee, to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by chapter . . . , Laws of 2025 ((H-2390.1/25) state general obligation bonds and related accounts) for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and regulations shall be deposited into the state building construction account. The state treasurer shall submit written notification to the director of financial management and the legislative evaluation and accountability program committee if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary, or that a shift of appropriation authority from the state taxable building construction account, or any other account receiving taxable bond proceeds, to the state building construction account may be made.

NEW SECTION. Sec. 8016. (1) For the 2025-2027 fiscal biennium, unless otherwise specified for a single purpose, agencies are appropriated one lump sum for minor works projects. It is the intent of the legislature that appropriated funds be spent in the biennium for which they are appropriated.

(2) Minor works projects may not exceed \$4,000,000 for institutions of higher education and \$2,000,000 for all other agencies. Administrative fees may not exceed four percent for each project.

(3) Except as provided by the legislature, agencies are encouraged to prioritize minor works projects based on:

- (a) Health and safety of employees or clients served;
- (b) The amount of use of a given facility or system;
- (c) The avoidance of future increased costs of repair or

maintenance; and

(d) The avoidance of increased operating costs.

(4) Minor works appropriations may not be used for:

(a) Projects that are a phase of a larger project, and that if combined over a continuous period of time, would exceed the amounts provided in subsection (2) of this section;

(b) Studies, planning, or design, except for technical or engineering reviews or designs that lead directly to and support a minor works project;

(c) Movable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management, including rolling stock and computers;

(d) Software not dedicated to control of a specialized system;

(e) Moving expenses;

(f) Land or facility acquisition; or

(g) Funding for projects with funding shortfalls unless expressly authorized by the office of financial management for exigent circumstances with notice to the legislative fiscal committees.

(5) If a minor works appropriation does not specify it is to be used for preservation or program improvements, up to 25 percent of the appropriation may be used for program improvements. Improvements for accessibility in compliance with the Americans with disabilities act qualify as preservation improvements.

(6) Agencies must use reappropriations before newly appropriated amounts without regard to lists or projects that were submitted at the time the funds were appropriated.

(7) No later than December 15th of each even numbered year, agencies must submit to the governor, house capital budget committee, and senate ways and means committee, a list of minor works projects completed or in progress for the current biennium including: Project status, project cost, amount expended, and amount encumbered for projects not yet complete.

(8) Requests for minor works appropriations for the next biennium must take into account minor works amounts to be reappropriated and the amount of minor works projects that can reasonably be completed in the next biennium.

NEW SECTION. Sec. 8017. To the extent that any appropriation authorizes expenditures of state funds from the state building construction account, or from any other capital project account in the state treasury, for a capital project or program that is specified to be funded with proceeds from the sale of bonds, the legislature declares that any such expenditures for that project or program made prior to the issue date of the applicable bonds are intended to be reimbursed from proceeds of those bonds in a maximum amount equal to the amount of such appropriation.

NEW SECTION. Sec. 8018. (1) The legislature intends that appropriations for grant programs and community projects be spent in a timely manner in order to accomplish the goal for which they were appropriated. In furtherance of this goal, the legislature does not intend to reappropriate moneys for projects for which a contract has not been executed within four years from the date of appropriation or for which appropriations have not been spent within six years of appropriation. Nothing in this section operates as a guarantee of reappropriation.

(2)(a) Grant appropriations that are not awarded and under contract by June 30th of the fourth year following initial appropriation shall lapse. By January 31st of each odd-numbered year, the contracting agency must provide to the governor and the legislative fiscal committees a report of lapsed appropriations from the previous fiscal biennium.

(b) Grant appropriations that are unspent on June 30th of the sixth year following initial appropriation shall lapse.

(3) As used in this section, grant appropriations means grant programs and local and community projects funded in the 2025-

2027 budget cycle and which contain a reference to this section.

NEW SECTION. Sec. 8019. FOR THE STATE TREASURER—TRANSFERS

(1) Public Works Assistance Account: For transfer to the water pollution control revolving account—state, up to \$20,500,000 for fiscal year 2026 and up to \$20,500,000 for fiscal year 2027 \$41,000,000

(2) Public Works Assistance Account: For transfer to the drinking water assistance account—state, up to \$12,500,000 for fiscal year 2026 and up to \$12,500,000 for fiscal year 2027 \$25,000,000

(3) Model Toxics Control Stormwater Account—State: For transfer to the model toxics control capital account—state, up to \$15,000,000 for fiscal year 2026 and up to \$15,000,000 for fiscal year 2027 \$30,000,000

NEW SECTION. Sec. 8020. On July 1, 2025, the state treasurer shall transfer \$21,307,000 of federal funding, or as much thereof as is remaining, from the appropriation in section 7017, chapter 474, Laws of 2023 to the federal broadband account created in RCW 43.330.400 (section 8036 of this act).

NEW SECTION. Sec. 8021. The department of natural resources must coordinate with the department of social and health services on any long-term, revenue-generating opportunities it pursues on the Fircrest campus to have the least impact on the clients served by the residential habilitation center and on the center's daily operations to the greatest extent possible.

NEW SECTION. Sec. 8022. In the 2025-2027 fiscal biennium, in order to accelerate the reduction of embodied carbon and improve the environmental performance of construction materials, agencies shall, whenever possible, consistent with the recommendations of the workgroup established pursuant to RCW 39.116.050, review and consider embodied carbon by employing performance requirements at the building scale through one or more of the following options: (1) The use of whole building life cycle assessments; (2) the use of environmental product declarations when evaluating proposed structural materials for construction projects; or (3) the reuse of existing buildings' primary structural elements and building envelope.

NEW SECTION. Sec. 8023. Any agency receiving appropriations in this act from climate commitment act accounts created in RCW 70A.65.240 through 70A.65.280 must report to and coordinate with the department of ecology to track expenditures as described in RCW 70A.65.300 and chapter 173-446B WAC.

Sec. 8024. RCW 79A.25.210 and 2024 c 375 s 8007 are each amended to read as follows:

The firearms range account is hereby created in the state general fund. Moneys in the account shall be subject to legislative appropriation and shall be used for purchase and development of land, construction or improvement of range facilities, including fixed structure construction or remodeling, equipment purchase, safety or environmental improvements, noise abatement, and liability protection for public and nonprofit firearm range training and practice facilities.

Grant funds shall not be used for expendable shooting supplies, or normal operating expenses. In making grants, the board shall give priority to projects for noise abatement or safety improvement. Grant funds shall not supplant funds for other organization programs.

The funds will be available to nonprofit shooting organizations, school districts, and state, county, or local governments on a match basis. All entities receiving matching funds must be open on a regular basis and usable by law enforcement personnel or the general public who possess Washington concealed pistol licenses or Washington hunting licenses or who are enrolled in a firearm

safety class.

Applicants for a grant from the firearms range account shall provide matching funds in either cash or in-kind contributions. The match must represent one dollar in value for each one dollar of the grant except that in the case of a grant for noise abatement or safety improvements the match must represent one dollar in value for each two dollars of the grant. In-kind contributions include but are not limited to labor, materials, and new property. Existing assets and existing development may not apply to the match.

Applicants other than school districts or local or state government must be registered as a nonprofit or not-for-profit organization with the Washington secretary of state. The organization's articles of incorporation must contain provisions for the organization's structure, officers, legal address, and registered agent.

Organizations requesting grants must provide the hours of range availability for public and law enforcement use. The fee structure will be submitted with the grant application.

Any nonprofit organization or agency accepting a grant under this program will be required to pay back the entire grant amount to the firearms range account if the use of the range facility is discontinued less than ten years after the grant is accepted.

Entities receiving grants must make the facilities for which grant funding is received open for hunter safety education classes and firearm safety classes on a regular basis for no fee.

Government units or school districts applying for grants must open their range facility on a regular basis for hunter safety education classes and firearm safety classes.

The board shall adopt rules to implement chapter 195, Laws of 1990, pursuant to chapter 34.05 RCW. During the 2017-2019 and 2019-2021 fiscal biennia, expenditures from the firearms range account may be used to implement chapter 74, Laws of 2017 (SHB 1100) (concealed pistol licenses) and chapter 282, Laws of 2017 (SB 5268) (concealed pistol license notices). During the 2021-2023 and 2023-2025 fiscal biennia, expenditures from the firearms range account may be used to implement chapter 74, Laws of 2017 (SHB 1100) (concealed pistol licenses).

During the 2023-2025 ~~and 2025-2027~~ fiscal ~~((biennium))~~ ~~biennia~~, the legislature may also appropriate moneys in the firearms range account to the department of natural resources for recreational target shooting pilot sites as provided in section 3032, chapter 375, Laws of 2024.

During the 2023-2025 ~~and 2025-2027~~ fiscal ~~((biennium))~~ ~~biennia~~, the application and matching funds requirements of this section do not apply to the recreational target shooting pilot sites in section 3032, chapter 375, Laws of 2024.

Sec. 8025. RCW 28B.20.725 and 2023 c 474 s 8023 are each amended to read as follows:

The board is hereby empowered:

(1) To reserve the right to issue bonds later on a parity with any bonds being issued;

(2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;

(3) To authorize the transfer of money from the University of Washington building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;

(4) To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;

(5) To authorize the transfer to the University of Washington building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such

fund. ~~((However, during the 2021-2023 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within the 2021-2023 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.))~~ However, during the 2023-2025 and 2025-2027 fiscal ~~((biennium))~~ biennia, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within the ~~((2023-2025))~~ respective fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.

Sec. 8026. RCW 28B.15.210 and 2023 c 474 s 8024 are each amended to read as follows:

Within 35 days from the date of collection thereof, all building fees at the University of Washington, including building fees to be charged students registering in the schools of medicine and dentistry, shall be paid into the state treasury and credited as follows:

One-half or such larger portion as may be necessary to prevent a default in the payments required to be made out of the bond retirement fund to the "University of Washington bond retirement fund" and the remainder thereof to the "University of Washington building account." The sum so credited to the University of Washington building account shall be used exclusively for the purpose of erecting, altering, maintaining, equipping, or furnishing buildings, and for certificates of participation under chapter 39.94 RCW, except for any sums transferred as authorized in RCW 28B.20.725(3). The sum so credited to the University of Washington bond retirement fund shall be used for the payment of principal of and interest on bonds outstanding as provided by chapter 28B.20 RCW except for any sums transferred as authorized in RCW 28B.20.725(5). ~~((During the 2021-2023 biennium, sums credited to the University of Washington building account may also be used for routine facility maintenance, utility costs, and facility condition assessments.))~~ During the 2023-2025 ~~((biennium))~~ and 2025-2027 fiscal biennia, sums credited to the University of Washington building account may also be used for routine facility maintenance, utility costs, and facility condition assessments.

Sec. 8027. RCW 28B.15.310 and 2023 c 474 s 8025 are each amended to read as follows:

Within 35 days from the date of collection thereof, all building fees shall be paid and credited as follows: To the Washington State University bond retirement fund, one-half or such larger portion as may be necessary to prevent a default in the payments required to be made out of such bond retirement fund; and the remainder thereof to the Washington State University building account.

The sum so credited to the Washington State University building account shall be expended by the board of regents for buildings, equipment, or maintenance on the campus of Washington State University as may be deemed most advisable and for the best interests of the university, and for certificates of participation under chapter 39.94 RCW, except for any sums transferred as authorized by law. ~~((During the 2021-2023 biennium, sums credited to the Washington State University building account may also be used for routine facility maintenance, utility costs, and facility condition assessments.))~~ During the 2023-2025 ~~((biennium))~~ and 2025-2027 fiscal biennia, sums credited to the Washington State University building account may also be used for routine facility maintenance, utility costs, and facility condition assessments. Expenditures so made shall be accounted for in accordance with existing law and shall not be expended until appropriated by the legislature.

The sum so credited to the Washington State University bond retirement fund shall be used to pay and secure the payment of

the principal of and interest on building bonds issued by the university, except for any sums which may be transferred out of such fund as authorized by law.

Sec. 8028. RCW 28B.30.750 and 2023 c 474 s 8026 are each amended to read as follows:

The board is hereby empowered:

- (1) To reserve the right to issue bonds later on a parity with any bonds being issued;
- (2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;
- (3) To authorize the transfer of money from the Washington State University building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;
- (4) To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;
- (5) To authorize the transfer to the Washington State University building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such fund. ~~((However, during the 2021-2023 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within the 2021-2023 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.))~~ However, during the 2023-2025 and 2025-2027 fiscal ~~((biennium))~~ biennia, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within the ~~((2023-2025))~~ respective fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.

Sec. 8029. RCW 28B.35.370 and 2023 c 474 s 8027 are each amended to read as follows:

Within 35 days from the date of collection thereof all building fees of each regional university and The Evergreen State College shall be paid into the state treasury and these together with such normal school fund revenues as provided in RCW 28B.35.751 as are received by the state treasury shall be credited as follows:

- (1) On or before June 30th of each year the board of trustees of each regional university and The Evergreen State College, if issuing bonds payable out of its building fees and above described normal school fund revenues, shall certify to the state treasurer the amounts required in the ensuing 12 months to pay and secure the payment of the principal of and interest on such bonds. The amounts so certified by each regional university and The Evergreen State College shall be a prior lien and charge against all building fees and above described normal school fund revenues of such institution. The state treasurer shall thereupon deposit the amounts so certified in the Eastern Washington University capital projects account, the Central Washington University capital projects account, the Western Washington University capital projects account, or The Evergreen State College capital projects account respectively, which accounts are hereby created in the state treasury. The amounts deposited in the respective capital projects accounts shall be used to pay and secure the payment of the principal of and interest on the building bonds issued by such regional universities and The Evergreen State College as authorized by law. If in any 12-month period it shall appear that the amount certified by any such board of trustees is insufficient to pay and secure the payment of the principal of and interest on the outstanding building and above described normal school fund revenue bonds of its institution, the state treasurer shall notify the board of trustees and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal of and interest on all

such bonds then outstanding shall be fully met at all times.

(2) All normal school fund revenue pursuant to RCW 28B.35.751 shall be deposited in the Eastern Washington University capital projects account, the Central Washington University capital projects account, the Western Washington University capital projects account, or The Evergreen State College capital projects account respectively, which accounts are hereby created in the state treasury. The sums deposited in the respective capital projects accounts shall be appropriated and expended to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and normal school revenue and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto except for any sums transferred therefrom as authorized by law. ~~((During the 2021-2023 biennium, sums in the respective capital accounts may also be used for routine facility maintenance, utility costs, and facility condition assessments.))~~ During the 2023-2025 ~~((biennium))~~ and 2025-2027 fiscal biennia, sums in the respective capital accounts may also be used for routine facility maintenance, utility costs, and facility condition assessments.

(3) Funds available in the respective capital projects accounts may also be used for certificates of participation under chapter 39.94 RCW.

Sec. 8030. RCW 28B.50.360 and 2023 c 474 s 8028 are each amended to read as follows:

Within 35 days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board, if issuing bonds payable out of building fees, shall certify to the state treasurer the amounts required in the ensuing 12-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be devoted to that purpose. If in any 12-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of money to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, engineering and architectural services provided by the department of enterprise services, and for the payment of principal of and interest on any bonds issued for such purposes. ~~((During the 2021-2023 biennium, sums in the capital projects account may also be used for routine facility~~

~~maintenance and utility costs.))~~ During the 2023-2025 ~~((biennium))~~ and 2025-2027 fiscal biennia, sums in the capital projects account may also be used for routine facility maintenance and utility costs.

(3) Funds available in the community and technical college capital projects account may also be used for certificates of participation under chapter 39.94 RCW.

Sec. 8031. RCW 39.35D.030 and 2023 c 474 s 8029 are each amended to read as follows:

(1) All major facility projects of public agencies receiving any funding in a state capital budget, or projects financed through a financing contract as defined in RCW 39.94.020, must be designed, constructed, and certified to at least the LEED silver standard. This subsection applies to major facility projects that have not entered the design phase prior to July 24, 2005, and to the extent appropriate LEED silver standards exist for that type of building or facility.

(2) All major facility projects of any entity other than a public agency or public school district receiving any funding in a state capital budget must be designed, constructed, and certified to at least the LEED silver standard. This subsection applies to major facility projects that have not entered the grant application process prior to July 24, 2005, and to the extent appropriate LEED silver standards exist for that type of building or facility.

(3)(a) Public agencies, under this section, shall monitor and document ongoing operating savings resulting from major facility projects designed, constructed, and certified as required under this section.

(b) Public agencies, under this section, shall report annually to the department on major facility projects and operating savings.

(4) The department shall consolidate the reports required in subsection (3) of this section into one report and report to the governor and legislature by September 1st of each even-numbered year beginning in 2006 and ending in 2016. In its report, the department shall also report on the implementation of this chapter, including reasons why the LEED standard was not used as required by RCW 39.35D.020(5)(b). The department shall make recommendations regarding the ongoing implementation of this chapter, including a discussion of incentives and disincentives related to implementing this chapter.

(5) For the purposes of determining compliance with the requirement for a project to be designed, constructed, and certified to at least the LEED silver standard, the department must credit one additional point for a project that uses wood products with a credible third-party sustainable forest certification or from forests regulated under chapter 76.09 RCW, the Washington forest practices act. For projects that qualify for this additional point, and for which an additional point would have resulted in formal certification under the LEED silver standard, the project must be deemed to meet the standard under this section.

(6) During the ~~((2021-2023 and))~~ 2023-2025 and 2025-2027 fiscal biennia, an alternative high-performance building certification, as determined by the legislature, may be used instead of the LEED silver building design, construction, and certification standard required by this section.

Sec. 8032. RCW 43.19.125 and 2024 c 375 s 8010 are each amended to read as follows:

(1) The director of enterprise services shall have custody and control of the capitol buildings and grounds, supervise and direct proper care, heating, lighting and repairing thereof, and designate rooms in the capitol buildings to be occupied by various state officials.

(2) During the 2023-2025 and 2025-2027 fiscal ~~((biennium))~~ biennia, the director must give legislative members reasonable access to reserve and utilize the reception room in the state

legislative building when not otherwise booked.

(3) During the 2025-2027 fiscal biennium, the director must provide an annual guided tour to the top of the legislative dome for legislative members. The tour may not include more than 10 people and may require touring individuals to sign a release of liability form as a condition of participating in the tour.

Sec. 8033. RCW 43.88D.010 and 2023 c 474 s 8034 are each amended to read as follows:

(1) By October 1st of each even-numbered year, the office of financial management shall complete an objective analysis and scoring of all capital budget projects proposed by the public four-year institutions of higher education and submit the results of the scoring process to the legislative fiscal committees and the four-year institutions. Each project must be reviewed and scored within one of the following categories, according to the project's principal purpose. Each project may be scored in only one category. The categories are:

(a) Access-related projects to accommodate enrollment growth at all campuses, at existing or new university centers, or through distance learning. Growth projects should provide significant additional student capacity. Proposed projects must demonstrate that they are based on solid enrollment demand projections, more cost-effectively provide enrollment access than alternatives such as university centers and distance learning, and make cost-effective use of existing and proposed new space;

(b) Projects that replace failing permanent buildings. Facilities that cannot be economically renovated are considered replacement projects. New space may be programmed for the same or a different use than the space being replaced and may include additions to improve access and enhance the relationship of program or support space;

(c) Projects that renovate facilities to restore building life and upgrade space to meet current program requirements. Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life. New space may be programmed for the same or a different use than the space being renovated and may include additions to improve access and enhance the relationship of program or support space;

(d) Major stand-alone campus infrastructure projects;

(e) Projects that promote economic growth and innovation through expanded research activity. The acquisition and installation of specialized equipment is authorized under this category; and

(f) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(2) The office of financial management, in consultation with the legislative fiscal committees, shall establish a scoring system and process for each four-year project category that is based on the framework used in the community and technical college system of prioritization. Staff from the state board for community and technical colleges and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(3) The office of financial management shall consult with the legislative fiscal committees in the scoring of four-year institution project proposals, and may also solicit participation by independent experts.

(a) For each four-year project category, the scoring system must, at a minimum, include an evaluation of enrollment trends, reasonableness of cost, the ability of the project to enhance specific strategic master plan goals, age and condition of the facility if applicable, and impact on space utilization.

(b) Each four-year project category may include projects at the predesign, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

(4) In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.

(5) The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions. The office of financial management, in consultation with the legislative fiscal committees, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

(6) In developing any scoring system for capital projects proposed by the four-year institutions, the office of financial management:

(a) Shall be provided with all required information by the four-year institutions as deemed necessary by the office of financial management;

(b) May utilize independent services to verify, sample, or evaluate information provided to the office of financial management by the four-year institutions; and

(c) Shall have full access to all data maintained by the joint legislative audit and review committee concerning the condition of higher education facilities.

(7) By August 1st of each even-numbered year each public four-year higher education institution shall prepare and submit prioritized lists of the individual projects proposed by the institution for the ensuing six-year period in each category. The lists must be submitted to the office of financial management and the legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided to the office of financial management and the legislative fiscal committees.

(8) For the 2021-2023 fiscal biennium, pursuant to subsection (1) of this section, by November 1, 2022, the office of financial management must score higher education capital project criteria with a rating scale that assesses how well a particular project satisfies those criteria. The office of financial management may not use a rating scale that weighs the importance of those criteria.

(9) For the 2021-2023 fiscal biennium, pursuant to subsection (6)(a) of this section and in lieu of the requirements of subsection (7) of this section, by August 15, 2022, the institutions of higher education shall prepare and submit or resubmit to the office of financial management and the legislative fiscal committees:

(a) Individual project proposals developed pursuant to subsection (1) of this section;

(b) Individual project proposals scored in prior biennia pursuant to subsection (1) of this section; and

(c) A prioritized list of up to five project proposals submitted pursuant to (a) and (b) of this subsection.

(10) The requirements of this section are suspended during the 2023-2025 and 2025-2027 fiscal ((biennium)) biennia. ~~((However, instead of these requirements, the public four year institutions of higher education must submit additional supporting information for major project funding requests for the 2025-2027~~

2025 REGULAR SESSION

~~fiscal biennium that is equivalent to the information produced for the 2022 higher education scoring process under subsection (9) of this section. Examples of the information required under this subsection include, but are not limited to, measures of: (a) Space efficiency, (b) reasonableness of project cost, (c) facility condition, and (d) anticipated impacts of the requested major projects on projected degree totals. The public four-year institutions of higher education shall consult with the office of financial management and legislative fiscal staff regarding the implementation of this requirement and the content of the additional information.)~~

Sec. 8034. RCW 43.88.030 and 2023 c 474 s 8035 are each amended to read as follows:

(1) The director of financial management shall provide all agencies with a complete set of instructions for submitting biennial budget requests to the director at least three months before agency budget documents are due into the office of financial management. The budget document or documents shall consist of the governor's budget message which shall be explanatory of the budget and shall contain an outline of the proposed financial policies of the state for the ensuing fiscal period, as well as an outline of the proposed six-year financial policies where applicable, and shall describe in connection therewith the important features of the budget. The biennial budget document or documents shall also describe performance indicators that demonstrate measurable progress towards priority results. The message shall set forth the reasons for salient changes from the previous fiscal period in expenditure and revenue items and shall explain any major changes in financial policy. Attached to the budget message shall be such supporting schedules, exhibits and other explanatory material in respect to both current operations and capital improvements as the governor shall deem to be useful to the legislature. The budget document or documents shall set forth a proposal for expenditures in the ensuing fiscal period, or six-year period where applicable, based upon the estimated revenues and caseloads as approved by the economic and revenue forecast council and caseload forecast council or upon the estimated revenues and caseloads of the office of financial management for those funds, accounts, sources, and programs for which the forecast councils do not prepare an official forecast. Revenues shall be estimated for such fiscal period from the source and at the rates existing by law at the time of submission of the budget document, including the supplemental budgets submitted in the even-numbered years of a biennium. However, the estimated revenues and caseloads for use in the governor's budget document may be adjusted to reflect budgetary revenue transfers and revenue and caseload estimates dependent upon budgetary assumptions of enrollments, workloads, and caseloads. All adjustments to the approved estimated revenues and caseloads must be set forth in the budget document. The governor may additionally submit, as an appendix to each supplemental, biennial, or six-year agency budget or to the budget document or documents, a proposal for expenditures in the ensuing fiscal period from revenue sources derived from proposed changes in existing statutes.

The budget document or documents shall also contain:

- (a) Revenues classified by fund and source for the immediately past fiscal period, those received or anticipated for the current fiscal period, and those anticipated for the ensuing biennium;
- (b) The undesignated fund balance or deficit, by fund;
- (c) Such additional information dealing with expenditures, revenues, workload, performance, and personnel as the legislature may direct by law or concurrent resolution;
- (d) Such additional information dealing with revenues and expenditures as the governor shall deem pertinent and useful to

the legislature;

(e) Tabulations showing expenditures classified by fund, function, and agency;

(f) The expenditures that include nonbudgeted, nonappropriated accounts outside the state treasury;

(g) Identification of all proposed direct expenditures to implement the Puget Sound water quality plan under chapter 90.71 RCW, shown by agency and in total; and

(h) Tabulations showing each postretirement adjustment by retirement system established after fiscal year 1991, to include, but not be limited to, estimated total payments made to the end of the previous biennial period, estimated payments for the present biennium, and estimated payments for the ensuing biennium.

(2) The budget document or documents shall include detailed estimates of all anticipated revenues applicable to proposed operating or capital expenditures and shall also include all proposed operating or capital expenditures. The total of beginning undesignated fund balance and estimated revenues less working capital and other reserves shall equal or exceed the total of proposed applicable expenditures. The budget document or documents shall further include:

(a) Interest, amortization and redemption charges on the state debt;

(b) Payments of all reliefs, judgments, and claims;

(c) Other statutory expenditures;

(d) Expenditures incident to the operation for each agency;

(e) Revenues derived from agency operations;

(f) Expenditures and revenues shall be given in comparative form showing those incurred or received for the immediately past fiscal period and those anticipated for the current biennium and next ensuing biennium;

(g) A showing and explanation of amounts of general fund and other funds obligations for debt service and any transfers of moneys that otherwise would have been available for appropriation;

(h) Common school expenditures on a fiscal-year basis;

(i) A showing, by agency, of the value and purpose of financing contracts for the lease/purchase or acquisition of personal or real property for the current and ensuing fiscal periods; and

(j) A showing and explanation of anticipated amounts of general fund and other funds required to amortize the unfunded actuarial accrued liability of the retirement system specified under chapter 41.45 RCW, and the contributions to meet such amortization, stated in total dollars and as a level percentage of total compensation.

(3) The governor's operating budget document or documents shall reflect the statewide priorities as required by RCW 43.88.090.

(4) The governor's operating budget document or documents shall identify activities that are not addressing the statewide priorities.

(5)(a) Beginning in the 2021-2023 fiscal biennium, the governor's operating budget document or documents submitted to the legislature must leave, in total, a positive ending fund balance in the general fund and related funds.

(b) Beginning in the 2021-2023 fiscal biennium, the projected maintenance level of the governor's operating budget document or documents submitted to the legislature must not exceed the available fiscal resources for the next ensuing fiscal biennium.

(c) For purposes of this subsection:

(i) "Available fiscal resources" means the beginning general fund and related funds balances and any fiscal resources estimated for the general fund and related funds, adjusted for proposed revenue legislation, and with forecasted revenues adjusted to the greater of (A) the official general fund and related

funds revenue forecast for the ensuing biennium, or (B) the official general fund and related funds forecast for the second fiscal year of the current fiscal biennium, increased by 4.5 percent for each fiscal year of the ensuing biennium.

(ii) "Projected maintenance level" means estimated appropriations necessary to maintain the continuing costs of program and service levels either funded in the governor's budget document or documents submitted to the legislature or mandated by other state or federal law, adjusted by the estimated cost of proposed executive branch legislation, and the amount of any general fund moneys projected to be transferred to the budget stabilization account pursuant to Article VII, section 12 of the state Constitution. Proposed executive branch legislation does not include proposals by institutions of higher education, other separately elected officials, or other boards, commissions, and offices not under the authority of the governor that are not funded or assumed in the governor's budget document or documents submitted to the legislature.

(iii) "Related funds" has the meaning defined in RCW 43.88.055.

(d) (b) of this subsection (5) does not apply:

(i) To any governor-proposed legislation submitted to the legislature that makes net reductions in general fund and related funds appropriations to prevent the governor from making across-the-board reductions in allotments for these particular funds as provided in RCW 43.88.110(10); or

(ii) In a fiscal biennium for which the governor proposes appropriations from the budget stabilization account pursuant to Article VII, section 12(d)(ii) of the state Constitution.

(6) A separate capital budget document or schedule shall be submitted that will contain the following:

(a) A statement setting forth a long-range facilities plan for the state that identifies and includes the highest priority needs within affordable spending levels;

(b) A capital program consisting of proposed capital projects for the next biennium and the two biennia succeeding the next biennium consistent with the long-range facilities plan. Inasmuch as is practical, and recognizing emergent needs, the capital program shall reflect the priorities, projects, and spending levels proposed in previously submitted capital budget documents in order to provide a reliable long-range planning tool for the legislature and state agencies;

(c) A capital plan consisting of proposed capital spending for at least four biennia succeeding the next biennium;

(d) A strategic plan for reducing backlogs of maintenance and repair projects. The plan shall include a prioritized list of specific facility deficiencies and capital projects to address the deficiencies for each agency, cost estimates for each project, a schedule for completing projects over a reasonable period of time, and identification of normal maintenance activities to reduce future backlogs;

(e) A statement of the reason or purpose for a project;

(f) Verification that a project is consistent with the provisions set forth in chapter 36.70A RCW;

(g) A statement about the proposed site, size, and estimated life of the project, if applicable;

(h) Estimated total project cost;

(i) For major projects valued over five million dollars, estimated costs for the following project components: Acquisition, consultant services, construction, equipment, project management, and other costs included as part of the project. Project component costs shall be displayed in a standard format defined by the office of financial management to allow comparisons between projects;

(j) Estimated total project cost for each phase of the project as defined by the office of financial management;

(k) Estimated ensuing biennium costs;

(l) Estimated costs beyond the ensuing biennium;

(m) Estimated construction start and completion dates;

(n) Source and type of funds proposed;

(o) Estimated ongoing operating budget costs or savings resulting from the project, including staffing and maintenance costs;

(p) For any capital appropriation requested for a state agency for the acquisition of land or the capital improvement of land in which the primary purpose of the acquisition or improvement is recreation or wildlife habitat conservation, the capital budget document, or an omnibus list of recreation and habitat acquisitions provided with the governor's budget document, shall identify the projected costs of operation and maintenance for at least the two biennia succeeding the next biennium. Omnibus lists of habitat and recreation land acquisitions shall include individual project cost estimates for operation and maintenance as well as a total for all state projects included in the list. The document shall identify the source of funds from which the operation and maintenance costs are proposed to be funded;

(q) For any capital budget request for funding in the ~~((2023-2025 or))~~ 2025-2027 or 2027-2029 fiscal biennia ~~((by an institution of higher education to address a cost increase for any major project, a statement describing the unexpected project costs, ways the agency has mitigated or will mitigate the estimated project costs, and identification of other funding that may be applied to the project))~~ for which the project cost is substantially increased, a statement detailing the amount and reason for the additional cost. If the increased cost is the result of a change in design, the agency must also submit a construction cost estimate for the design as originally submitted. For purposes of this subsection (6)(q)(~~i~~

~~(i) "Cost increases")~~, "substantially increased" means total estimated project costs ~~((estimated))~~ are more than 15 percent above those listed in the prior agency budget request and for which the legislature relied in making a funding decision for design or construction, adjusted for C-100 inflation factors; ~~((and (ii) "Institution of higher education" has the meaning provided in RCW 28B.10.016;))~~

(r) Such other information bearing upon capital projects as the governor deems to be useful;

(s) Standard terms, including a standard and uniform definition of normal maintenance, for all capital projects; and

(t) Such other information as the legislature may direct by law or concurrent resolution.

For purposes of this subsection (6), the term "capital project" shall be defined subsequent to the analysis, findings, and recommendations of a joint committee comprised of representatives from the house capital appropriations committee, senate ways and means committee, legislative evaluation and accountability program committee, and office of financial management.

(7) No change affecting the comparability of agency or program information relating to expenditures, revenues, workload, performance and personnel shall be made in the format of any budget document or report presented to the legislature under this section or RCW 43.88.160(1) relative to the format of the budget document or report which was presented to the previous regular session of the legislature during an odd-numbered year without prior legislative concurrence. Prior legislative concurrence shall consist of (a) a favorable majority vote on the proposal by the standing committees on ways and means of both houses if the legislature is in session or (b) a favorable majority vote on the proposal by members of the legislative evaluation and accountability program committee if the legislature is not in session.

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

Sec. 8035. RCW 43.155.070 and 2021 c 65 s 49 are each amended to read as follows:

(1) To qualify for financial assistance under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4)(a) The board must develop a process to prioritize applications and funding of loans and grants for public works projects submitted by local governments. The board must consider, at a minimum and in any order, the following factors in prioritizing projects:

(i) Whether the project is critical in nature and would affect the health and safety of many people;

(ii) The extent to which the project leverages other funds;

(iii) The extent to which the project is ready to proceed to construction;

(iv) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(v) Whether the project promotes the sustainable use of resources and environmental quality, as applicable;

(vi) Whether the project consolidates or regionalizes systems;

(vii) Whether the project encourages economic development through mixed-use and mixed income development consistent with chapter 36.70A RCW;

(viii) Whether the system is being well-managed in the present and for long-term sustainability;

(ix) Achieving equitable distribution of funds by geography and population;

(x) The extent to which the project meets the following state policy objectives:

(A) Efficient use of state resources;

(B) Preservation and enhancement of health and safety;

(C) Abatement of pollution and protection of the environment;

(D) Creation of new, family-wage jobs, and avoidance of shifting existing jobs from one Washington state community to another;

(E) Fostering economic development consistent with chapter 36.70A RCW;

(F) Efficiency in delivery of goods and services and transportation; and

(G) Reduction of the overall cost of public infrastructure;

(xi) Whether the applicant sought or is seeking funding for the project from other sources; and

(xii) Other criteria that the board considers necessary to achieve the purposes of this chapter.

(b) Before September 1, 2018, and each year thereafter, the board must develop and submit a report regarding the construction loans and grants to the office of financial management and appropriate fiscal committees of the senate and house of representatives. The report must include:

(i) The total number of applications and amount of funding requested for public works projects;

(ii) A list and description of projects approved in the preceding fiscal year with project scores against the board's prioritization criteria;

(iii) The total amount of loan and grants disbursements made from the public works assistance account in the preceding fiscal year;

(iv) The total amount of loan repayments in the preceding fiscal year for outstanding loans from the public works assistance account;

(v) The total amount of loan repayments due for outstanding loans for each fiscal year over the following ten-year period; and

(vi) The total amount of funds obligated and timing of when the funds were obligated in the preceding fiscal year.

(c) The maximum amount of funding that the board may provide for any jurisdiction is ten million dollars per biennium, except that during the 2025-2027 fiscal biennium the maximum amount per jurisdiction may be exceeded by up to \$2,000,000 for emergency public works projects awarded pursuant to RCW 43.155.065.

(5) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(6) Before September 1st of each year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans and grants made under RCW 43.155.065 and 43.155.068.

(7) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds to the board for the purpose of funding public works projects under this chapter.

(8) To qualify for loans, grants, or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70A.205 RCW.

(9) After January 1, 2010, any project designed to address the effects of stormwater or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(10) For projects involving repair, replacement, or improvement of a wastewater treatment plant or other public

works facility for which an investment grade efficiency audit is reasonably obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan or grant.

(11) The board must implement policies and procedures designed to maximize local government consideration of other funds to finance local infrastructure.

Sec. 8036. RCW 43.330.400 and 2011 1st sp.s. c 43 s 603 are each amended to read as follows:

(1) The federal broadband ((mapping)) account is ((established)) created in ((the custody of)) the state ((treasurer. The department shall deposit into the account such)) treasury. All receipts from funds received from legislative appropriation or transfer, federal funding, and ((donated funds from private and public sources)) moneys directed to the account from any other lawful source, must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for ((the purposes of RCW 43.330.403 through 43.330.409. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures)) broadband activities authorized under federal law and for nonfederal match requirements.

(2) ((The department is the single eligible entity in the state for purposes of the federal broadband mapping activities.

(3)) Federal funding received by the department from the broadband equity, access, and deployment state grants program in section 60102 of P.L. 117-58 (infrastructure investment and jobs act) or a substantially similar successor federal program, must be deposited into the account for broadband ((mapping)) activities and must be used in accordance with any federal requirements and, subject to those requirements, may be distributed by the department on a competitive basis to other entities in the state.

((4) The department shall consult with the office of financial management and the utilities and transportation commission in coordinating broadband mapping activities. In carrying out any broadband mapping activities, the provisions of P.L. 110-385, Title I, regarding trade secrets, commercial or financial information, and privileged or confidential information submitted by the federal communications commission or a broadband provider are deemed to encompass the consulted agencies.))

Sec. 8037. RCW 77.12.037 and 2000 c 107 s 4 are each amended to read as follows:

The commission may acquire by gift, easement, purchase, lease, or condemnation lands, buildings, water rights, rights-of-way, or other necessary property, and construct and maintain necessary facilities for purposes consistent with this title. The commission may authorize the director to acquire property under this section, but the power of condemnation may only be exercised by the director when an appropriation has been made by the legislature for the acquisition of a specific property, except to clear title and acquire access rights-of-way.

The commission may sell, lease, convey, or grant concessions upon real or personal property under the control of the department.

During the 2025-2027 fiscal biennium, this section does not apply to the sale of land pursuant to section 3102, chapter . . . , Laws of 2025 (section 3102 of this act).

Sec. 8038. RCW 77.12.210 and 2020 c 148 s 9 are each amended to read as follows:

The director shall maintain and manage real or personal property owned, leased, or held by the department and shall

control the construction of buildings, structures, and improvements in or on the property. The director may adopt rules for the operation and maintenance of the property.

The commission may authorize the director to sell, lease, convey, or grant concessions upon real or personal property under the control of the department. This includes the authority to sell timber, gravel, sand, and other materials or products from real property held by the department, and to sell or lease the department's real or personal property or grant concessions or rights-of-way for roads or utilities in the property. Oil and gas resources owned by the state which lie below lands owned, leased, or held by the department shall be offered for lease by the commissioner of public lands pursuant to chapter 79.14 RCW with the proceeds being deposited in the fish, wildlife, and conservation account created in RCW 77.12.170(3): **PROVIDED**, That the commissioner of public lands shall condition such leases at the request of the department to protect wildlife and its habitat.

If the commission determines that real or personal property held by the department cannot be used advantageously by the department, the director may dispose of that property if it is in the public interest.

If the state acquired real property with use limited to specific purposes, the director may negotiate terms for the return of the property to the donor or grantor. Other real property shall be sold to the highest bidder at public auction. After appraisal, notice of the auction shall be published at least once a week for two successive weeks in a newspaper of general circulation within the county where the property is located at least ((twenty)) 20 days prior to sale.

Proceeds from the sales shall be deposited in the fish, wildlife, and conservation account created in RCW 77.12.170(3).

During the 2025-2027 fiscal biennium, this section does not apply to the sale of land pursuant to section 3102, chapter . . . , Laws of 2025 (section 3102 of this act).

Sec. 8039. RCW 77.12.220 and 2000 c 107 s 219 are each amended to read as follows:

For purposes of this title, the commission may make agreements to obtain real or personal property or to transfer or convey property held by the state to the United States or its agencies or instrumentalities, units of local government of this state, public service companies, or other persons, if in the judgment of the commission and the attorney general the transfer and conveyance is consistent with public interest. For purposes of this section, "local government" means any city, town, county, special district, municipal corporation, or quasi-municipal corporation.

If the commission agrees to a transfer or conveyance under this section or to a sale or return of real property under RCW 77.12.210, the director shall certify, with the attorney general, to the governor that the agreement has been made. The certification shall describe the real property. The governor then may execute and the secretary of state attest and deliver to the appropriate entity or person the instrument necessary to fulfill the agreement.

During the 2025-2027 fiscal biennium, this section does not apply to the sale of land pursuant to section 3102, chapter . . . , Laws of 2025 (section 3102 of this act).

Sec. 8040. RCW 79.70.100 and 2024 c 375 s 8012 are each amended to read as follows:

The department shall hold a public hearing in the county where the majority of the land in a proposed natural area preserve is located prior to establishing the boundary. During the 2023-2025 fiscal biennium, this section does not apply to section 3034, chapter 375, Laws of 2024. During the 2025-2027 fiscal biennium, this section does not apply to section 3121, chapter . . . , Laws of 2025 (section 3121 of this act).

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

Sec. 8041. RCW 79.71.060 and 2024 c 375 s 8013 are each amended to read as follows:

The department shall hold a public hearing in the county where the majority of the land in the proposed natural resources conservation area is located prior to establishing the boundary. An area proposed for designation must contain resources consistent with characteristics identified in RCW 79.71.020. During the 2023-2025 fiscal biennium, this section does not apply to section 3034, chapter 375, Laws of 2024. During the 2025-2027 fiscal biennium, this section does not apply to section 3121, chapter . . . , Laws of 2025 (section 3121 of this act).

Sec. 8042. RCW 28A.525.159 and 2020 c 299 s 1 are each amended to read as follows:

(1) School construction assistance program grants for small school districts and state-tribal education compact schools must be determined in accordance with this section.

(2) Eligibility. School districts and state-tribal education compact schools with enrollments that are less than or equal to ~~((one thousand))~~ 1,000 students are eligible for small school district modernization grants. The advisory committee specified in subsection (4)(a) of this section may recommend amendments to the eligibility threshold as they learn more about the characteristics of school districts and state-tribal education compact schools that are unable to modernize their aging school facilities. Districts with incomplete information in the inventory and condition of schools data system are not eligible to apply for construction grants but may apply for planning grants.

(3) The office of the superintendent of public instruction must assist eligible school districts and state-tribal education compact schools that are interested in applying for a small school district modernization grant under this section by providing technical assistance and planning grants within appropriations for this purpose. Districts and state-tribal education compact schools seeking planning grants must provide a brief statement of the school condition, its deficiencies, student enrollment, student achievement measures, and financial limitations of the district or state-tribal education compact school. If applications for planning grants exceed funds available, the office of the superintendent of public instruction may prioritize the recipients of planning grants in order to help districts and state-tribal education compact schools with the most serious apparent building deficiencies, and the most limited financial capacity.

(4) Prioritized construction grants and advisory committee.

(a) The superintendent of public instruction must propose a list of prioritized grants to the governor by September 1st of even-numbered years. The superintendent of public instruction must appoint an advisory committee to prioritize applications from small school districts and state-tribal education compact schools. Committee members must have experience in financing, managing, repairing, and improving school facilities in small school districts or state-tribal education compact schools but must not be involved in a small school district modernization program grant request for the biennium under consideration. The office of the superintendent of public instruction must provide administrative and staff support to the ~~((advisory))~~ advisory committee. The office of the superintendent of public instruction in consultation with the advisory committee must design a grant application process with specific criteria for prioritizing grant requests.

(b) The advisory committee created in (a) of this subsection must evaluate final applications from eligible school districts and state-tribal education compact schools. The advisory committee must submit a prioritized list of grants to the superintendent of public instruction. The list must prioritize applications to achieve the greatest improvement of school facilities, in the districts and

state-tribal education compact schools with the most limited financial capacity, for projects that are likely to improve student health, safety, and academic performance for the largest number of students for the amount of state grant support. The advisory committee must develop specific criteria to achieve the prioritization. The submitted prioritized list must describe the project, the proposed state funding level, and the estimated total project cost including other funding and in-kind resources. The list must also indicate student achievement measures that will be used to evaluate the benefits of the project. The superintendent of public instruction and the governor may determine the level of funding in their omnibus capital appropriations act requests to support small school district modernization grants, but their funding requests must follow the prioritized list prepared by the advisory committee unless new information determines that a specific project is no longer viable as proposed.

(5) Coordination with the school construction assistance program.

(a) The full administrative and procedural process of school construction assistance program funding under RCW 28A.525.162 through 28A.525.180 may be streamlined by the office of the superintendent of public instruction in order to coordinate eligible school construction assistance program funding with the small school district modernization grants. Such coordination must ensure that total state funding from both grants does not exceed total project costs minus available local resources.

(b) Projects seeking small school district modernization grants must meet the requirements for a school construction assistance program grant except for the following: (i) The estimated cost of the project may be less than ~~((forty))~~ 40 percent of the estimated replacement value of the facility, and (ii) local funding assistance percentage requirements of the school construction assistance program do not apply. However, available district and state-tribal education compact school resources are considered in prioritizing small school district modernization grants.

(6) Disbursement of grant funds and reporting requirements. The office of the superintendent of public instruction must award grants to school districts and state-tribal education compact schools. The grant must not be awarded until the district or state-tribal education compact school has identified available local and other resources sufficient to complete the approved project considering the amount of the state grant. The grant must specify reporting requirements from the district or state-tribal education compact school, which must include updating all pertinent information in the inventory and condition of schools data system and submitting a final project report as specified by the office of the superintendent of public instruction in consultation with the school facilities citizen~~((s-citizen))~~ advisory panel specified in RCW 28A.525.025.

(7) From the effective date of this section through June 30, 2027, school districts receiving a small district modernization grant under this section may not combine this grant funding either with a school construction assistance program grant or with other grants awarded under this section to fund a single project.

NEW SECTION. Sec. 8043. (1)(a) The Joel Pritchard State Library, which is located on the state capitol grounds at 415 15th Avenue Southwest in Olympia, Washington, and which is currently undergoing a substantial renovation, is renamed the Joel Pritchard Building, consistent with the recommendations from the state capitol committee and the department of enterprise services, and with the advice of the capitol campus design advisory committee.

(b) The department of enterprise services shall affix the name "Joel Pritchard Building" to the building at or near the completion

of the renovation project.

(2) The Irving R. Newhouse Building, which is located on the state capitol grounds at 215 Sid Snyder Avenue Southwest in Olympia, Washington, was recently replaced with a new office building and the name "Irving R. Newhouse Building" was affixed by the department of enterprise services to the new building.

(3) Consistent with the recommendations from the state capitol committee and the department of enterprise services, and with the advice of the capitol campus design advisory committee, the legislature approves the name of the building as the Irving R. Newhouse Building.

Sec. 8044. RCW 79.24.720 and 2015 c 225 s 124 are each amended to read as follows:

The department of enterprise services is responsible for the stewardship, preservation, operation, and maintenance of the public and historic facilities of the state capitol, subject to the policy direction of the state capitol committee and the guidance of the capitol campus design advisory committee. In administering this responsibility, the department shall:

(1) Apply the United States secretary of the interior's standards for the treatment of historic properties;

(2) Seek to balance the functional requirements of state government operations with public access and the long-term preservation needs of the properties themselves; ~~((and))~~

(3) Consult with the capitol furnishings preservation committee, the state historic preservation officer, the state arts commission, and the state facilities accessibility advisory committee in fulfilling the responsibilities provided for in this section; and

(4) During the 2025-2027 fiscal biennium, cooperate with the department of ecology in fulfilling its obligations under section 3031 of this act.

Sec. 8045. RCW 43.31.574 and 2024 c 230 s 2 are each amended to read as follows:

For early learning facilities collocated with affordable or supportive housing developments, the department may remit state funding on a reimbursement basis for 90 percent of eligible project costs, regardless of the project's match amount, once the nonstate share of project costs have been either expended or firmly committed in an amount sufficient to complete the entire project or a distinct phase of the project that is useable to the public as an early learning facility. During the 2025-2027 fiscal biennium, the department may remit state funding on a reimbursement basis for 100 percent of eligible project costs. Eligible housing developments are projects that have received public funding and have secured enough funding to complete construction of the project that will result in a certificate of occupancy to open the affordable housing development, including the early learning facility.

Sec. 8046. RCW 43.63A.750 and 2024 c 375 s 8014 are each amended to read as follows:

(1) A competitive grant program to assist nonprofit organizations in acquiring, constructing, or rehabilitating performing arts, art museums, and cultural facilities is created.

(2)(a) The department shall submit a list of recommended performing arts, art museum projects, and cultural organization projects eligible for funding to the governor and the legislature in the department's biennial capital budget request beginning with the 2001-2003 biennium and thereafter. The list, in priority order, shall include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. The total amount of recommended state funding for projects on a biennial project list shall not exceed \$18,000,000.

(b) The department shall establish a competitive process to

prioritize applications for state assistance as follows:

(i) The department shall conduct a statewide solicitation of project applications from nonprofit organizations, local governments, and other entities, as determined by the department. For applications submitted during the 2023-2025 and 2025-2027 fiscal ~~((biennium))~~ biennia, nonprofit organizations that are certified by the association of zoos and aquariums and that have long-term operating or management agreements are eligible to apply. The department shall evaluate and rank applications in consultation with a citizen advisory committee, including a representative from the state arts commission, using objective criteria. The evaluation and ranking process shall also consider local community support for projects and an examination of existing assets that applicants may apply to projects.

(ii) The department may establish the amount of state grant assistance for individual project applications but the amount shall not exceed ~~((thirty three and one third))~~ 33.33 percent of the estimated total capital cost or actual cost of a project, whichever is less. The remaining portions of the project capital cost shall be a match from nonstate sources. The nonstate match may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions. The department is authorized to set matching requirements for individual projects. State assistance may be used to fund separate definable phases of a project if the project demonstrates adequate progress and has secured the necessary match funding.

(iii) The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects. In contracts for grants authorized under this section, the department shall include provisions requiring that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

Sec. 8047. RCW 43.83B.430 and 2023 c 474 s 8033 and 2023 c 287 s 2 are each reenacted and amended to read as follows:

The state drought preparedness account is created in the state treasury. All receipts from appropriated funds designated for the account and all cost recovery revenues collected under RCW 43.83B.410(5) must be deposited into the account. Expenditures from the account may be used for drought planning and preparedness activities under this chapter, including grants issued under RCW 43.83B.415. Moneys in the account may be spent only after appropriation. During the ~~((2021-2023 and))~~ 2023-2025 and 2025-2027 fiscal biennia, the legislature may appropriate moneys from the account for activities related to water banking.

Sec. 8048. RCW 43.99N.060 and 2023 c 474 s 8036 are each amended to read as follows:

(1) The stadium and exhibition center account is created in the custody of the state treasurer. All receipts from the taxes imposed under RCW 82.14.0494 and distributions under RCW 67.70.240(1)(d) shall be deposited into the account. Only the director of the office of financial management or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW. An appropriation is not required for expenditures from this account.

(2) Until bonds are issued under RCW 43.99N.020, up to \$5,000,000 per year beginning January 1, 1999, shall be used for the purposes of subsection (3)(b) of this section, all remaining

ONE HUNDRED FIFTH DAY, APRIL 27, 2025

2025 REGULAR SESSION

moneys in the account shall be transferred to the public stadium authority, created under RCW 36.102.020, to be used for public stadium authority operations and development of the stadium and exhibition center.

(3) After bonds are issued under RCW 43.99N.020, all moneys in the stadium and exhibition center account shall be used exclusively for the following purposes in the following priority:

(a) On or before June 30th of each year, the office of financial management shall accumulate in the stadium and exhibition center account an amount at least equal to the amount required in the next succeeding twelve months for the payment of principal of and interest on the bonds issued under RCW 43.99N.020;

(b) An additional reserve amount not in excess of the expected average annual principal and interest requirements of bonds issued under RCW 43.99N.020 shall be accumulated and maintained in the account, subject to withdrawal by the state treasurer at any time if necessary to meet the requirements of (a) of this subsection, and, following any withdrawal, reaccumulated from the first tax revenues and other amounts deposited in the account after meeting the requirements of (a) of this subsection; and

(c) The balance, if any, shall be transferred to the youth athletic facility account under subsection (4) of this section.

Any revenues derived from the taxes authorized by RCW 36.38.010(5) and 36.38.040 or other amounts that if used as provided under (a) and (b) of this subsection would cause the loss of any tax exemption under federal law for interest on bonds issued under RCW 43.99N.020 shall be deposited in and used exclusively for the purposes of the youth athletic facility account and shall not be used, directly or indirectly, as a source of payment of principal of or interest on bonds issued under RCW 43.99N.020, or to replace or reimburse other funds used for that purpose.

(4) Any moneys in the stadium and exhibition center account not required or permitted to be used for the purposes described in subsection (3)(a) and (b) of this section shall be deposited in the youth athletic facility account hereby created in the state treasury. Expenditures from the account may be used only for purposes of grants or loans to cities, counties, and qualified nonprofit organizations for community outdoor athletic facilities. Only the director of the recreation and conservation office or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The athletic facility grants or loans may be used for acquiring, developing, equipping, maintaining, and improving community outdoor athletic facilities. Funds shall be divided equally between the development of new community outdoor athletic facilities, the improvement of existing community outdoor athletic facilities, and the maintenance of existing community outdoor athletic facilities. Cities, counties, and qualified nonprofit organizations must submit proposals for grants or loans from the account. To the extent that funds are available, cities, counties, and qualified nonprofit organizations must meet eligibility criteria as established by the director of the recreation and conservation office. The grants and loans shall be awarded on a competitive application process and the amount of the grant or loan shall be in proportion to the population of the city or county for where the community outdoor athletic facility is located. Grants or loans awarded in any one year need not be distributed in that year. The director of the recreation and conservation office may expend up to one and one-half percent of the moneys deposited in the account created in this subsection for administrative purposes. During the 2021-2023 fiscal biennium, the legislature may appropriate moneys from the youth athletic facility account to

support a task force to consider ways to improve equitable access to K-12 schools' fields and athletic facilities and local parks agency facilities with the goal of increasing physical activity for youth and families. A portion of the appropriation must be used to inventory K-12 school fields and athletic facilities and park agency facilities.

(5) During the 2023-2025 and 2025-2027 fiscal ((biennium)) biennia, subsection (4) of this section applies to expenditures from the youth athletic facility account except as provided in this subsection.

(a) During the 2023-2025 and 2025-2027 fiscal ((biennium)) biennia, the recreation and conservation office may spend appropriations made from the youth athletic facility account for grants and loans to political subdivisions of the state other than cities and counties as well as federally recognized Indian tribes for community outdoor athletic facilities. The office is not required to divide the expenditures equally between development, improvement, and maintenance of facilities. The office's authority to retain 1.5 percent of amounts deposited in the account for administration is suspended, and the office's administrative overhead is instead specified in the appropriations for this purpose.

(b) During the 2023-2025 fiscal biennium, the legislature may also appropriate moneys in the youth athletic facility account for the following:

(i) To the department of commerce for the public facility improvement fund as provided in section 1038, chapter 474, Laws of 2023; and

(ii) To the recreation and conservation office for the purpose of the youth athletic facilities program as provided in section 3060, chapter 474, Laws of 2023.

Sec. 8049. RCW 70A.305.190 and 2024 c 375 s 8009 are each amended to read as follows:

(1) The model toxics control capital account is hereby created in the state treasury.

(2) In addition to the funds deposited into the model toxics control capital account required under RCW 82.21.030, the following moneys must be deposited into the model toxics control capital account:

(a) The costs of remedial actions recovered under this chapter, except as provided under RCW 70A.305.170(7);

(b) Penalties collected or recovered under this chapter; and

(c) Any other money appropriated or transferred to the account by the legislature.

(3) Moneys in the model toxics control capital account must be used for the improvement, rehabilitation, remediation, and cleanup of toxic sites and other capital-related expenditures for programs and activities identified in subsection (4) of this section.

(4) Moneys in the model toxics control capital account may be used only for capital projects and activities that carry out the purposes of this chapter and for financial assistance to local governments or other persons to carry out those projects or activities, including but not limited to the following, generally in descending order of priority:

(a) Remedial actions, including the following generally in descending order of priority:

(i) Extended grant agreements entered into under subsection (5)(a) of this section;

(ii) Grants or loans to local governments for remedial actions, including planning for adaptive reuse of properties as provided for under subsection (5)(d) of this section. The department must prioritize funding of remedial actions at:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup

law;

(B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;

(iii) Department-conducted remedial actions;

(iv) Grants to persons intending to remediate contaminated real property for development of affordable housing;

(v) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with clean-up standards under RCW 70A.305.030(2)(e) if:

(A) The amount and terms of the funding are established under a settlement agreement under RCW 70A.305.040(4); and

(B) The director has found that the funding will achieve both a substantially more expeditious or enhanced cleanup than would otherwise occur, and the prevention or mitigation of unfair economic hardship;

(vi) Public funding to assist prospective purchasers to pay for the costs of remedial action in compliance with clean-up standards under RCW 70A.305.030(2)(e) if:

(A) The facility is located within a redevelopment opportunity zone designated under RCW 70A.305.150;

(B) The amount and terms of the funding are established under a settlement agreement under RCW 70A.305.040(5); and

(C) The director has found the funding will achieve a substantially more expeditious or enhanced cleanup than would otherwise occur, provide a public benefit in addition to cleanup commensurate with the scope of the public funding; and meet any additional criteria established in rule by the department; and

(vii) To expedite multiparty clean-up efforts, purchase of remedial action cost-cap insurance;

(b) Grants, or loans, or contracts to local governments for solid waste plans and programs under chapters 70A.205, 70A.214, 70A.224, 70A.222, 70A.230, and 70A.300 RCW. Funds must be allocated consistent with priorities and matching requirements in the respective chapters;

(c) Toxic air pollutant reduction programs, including grants or loans to local governments for woodstoves and diesel;

(d) Grants, loans, or contracts to local governments for hazardous waste plans and programs under chapters 70A.405 and 70A.300 RCW, including chemical action plan implementation. Funds must be allocated consistent with priorities and matching requirements in the respective chapters; and

(e) Petroleum-based plastic or expanded polystyrene foam debris clean-up activities in fresh or marine waters.

(5) The department may establish and administer a program to provide grants and loans to local governments for remedial actions, including planning for adaptive reuse of contaminated properties. To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(a) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds \$20,000,000. The agreement is subject to the following limitations:

(i) The initial duration of such an agreement may not exceed 10 years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(ii) Extended grant agreements may not exceed 50 percent of the total eligible remedial action costs at the facility; and

(iii) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially

expended or contracts have been entered into to substantially expend the funds;

(b) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(c) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(d) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(e) Provide grants to local governments for remedial actions related to area-wide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(f) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(i) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(ii) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(iii) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70A.305.040(5) that would not otherwise occur; and

(g) When pending grant applications under subsection (4)(d) and (e) of this section exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(6) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in model toxics control capital account may be spent only after appropriation by statute.

(7) The legislature finds that, in 2023, wildfires in Spokane and Pend Oreille counties resulted in a loss of approximately 366 homes as well as secondary buildings. The burning of these structures has resulted in a large toxic debris field containing asbestos, heavy metals, plastics, and fuel which are at risk of leaching into the soil and groundwater. During the 2023-2025 and 2025-2027 fiscal ~~((biennium))~~ biennia, moneys in the model toxics control capital account may be used for financial assistance to local governments for the testing of hazardous materials, removal of debris, and remediation of soil necessary to support the rebuilding of communities impacted by these wildfires.

NEW SECTION. Sec. 8050. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 8051. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Correct the title.

and the same are herewith transmitted.
