## REPORTS OF STANDING COMMITTEES

March 4, 2020

ESSB 5323 Prime Sponsor, Committee on Environment, Energy & Technology: Reducing pollution from plastic bags by establishing minimum state standards for the use of bags at retail establishments. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended by Committee on Finance and without amendment by Committee on Environment & Energy.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) State policy has long placed waste reduction as the highest priority in the collection, handling, and management of solid waste. Reducing plastic bag waste holds particular importance among state waste reduction efforts for a number of reasons:

(a) Single-use plastic carryout bags are made of nonrenewable resources and never biodegrade; instead, over time, they break down into tiny particles. Single-use plastic carryout bags, and the particles they break into, are carried into rivers, lakes, Puget Sound, and the world's oceans, posing a threat to animal life and the food chain;

(b) Plastic bags are one of the most commonly found items that litter state roads, beaches, and other public spaces; and

(c) Even when plastic bags avoid the common fate of becoming litter, they are a drain on public resources and a burden on environment and resource conservation goals. For example, if plastic bags are disposed of in commingled recycling systems rather than as garbage or in retailer drop-off programs, they clog processing and sorting machinery, resulting in missorted materials and costly inefficiencies that are ultimately borne by utility ratepayers. Likewise, when green or brown-tinted plastic bags confuse consumers into attempting to dispose of them as compost, the resultant plastic contamination undercuts the ability to use the compost in gardens, farms, landscaping, and

surface water and transportation projects.

(2) Alternatives to single-use plastic carryout bags are convenient, functional, widely available, and measure as superior across most environmental performance metrics. Alternatives to single-use plastic carryout bags feature especially superior environmental performance with respect to litter and marine debris, since plastic bags do not biodegrade.

(3) As of 2020, many local governments in Washington have shown leadership in regulating the use of single-use plastic carryout bags. This local leadership has shown the value of establishing state standards that will streamline regulatory inconsistency and reduce burdens on covered retailers caused by a patchwork of inconsistent local requirements across the state.

(4) Data provided from grocery retailers has shown that requests for paper bags have skyrocketed where plastic bag bans have been implemented. To accommodate the anticipated consequences of a statewide plastic bag ban, it is rational to expect additional capacity will be needed in Washington state for manufacturing paper bags. The legislature intends to provide that capacity by prioritizing and expediting siting and permitting of expansions or reconfiguring for paper manufacturing.

(5) Therefore, in order to reduce waste, litter, and marine pollution, conserve resources, and protect fish and wildlife, it is the intent of the legislature to:

(a) Prohibit the use of single-use plastic carryout bags;

(b) Require a pass-through charge on recycled content paper carryout bags and reusable carryout bags made of film plastic, to encourage shoppers to bring their own reusable carryout bags;

(c) Require bags provided by a retail establishment contain recycled content; and

(d) Encourage the provision of reusable and recycled content paper carryout bags by retail establishments.

NEW SECTION. **Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Carryout bag" means any bag that is provided by a retail establishment at home delivery, the check stand, cash register, point of sale, or other point of departure to a customer for use to transport or carry away purchases.

(2) "Department" means the department of ecology.

(3) "Pass-through charge" means a charge to be collected and retained by retailers from their customers when providing recycled content paper carryout bags and reusable carryout bags made of film plastic.

(4) "Recycled content paper carryout bag" means a paper carryout bag provided by a store to a customer at the point of sale that meets the requirements in section 3(6)(a) of this act.

(5) "Retail establishment" means any person, corporation, partnership, business, facility, vendor, organization, or individual that sells or provides food, merchandise, goods, or materials directly to a customer including home delivery, temporary stores, or vendors at farmers markets, street fairs, and festivals.

(6) "Reusable carryout bag" means a bag made of cloth or other durable material with handles that is specifically designed and manufactured for long-term multiple reuse and meets the requirements of section 3(6)(b) of this act.

(7) "Single-use plastic carryout bag" means any bag that is made from plastic that is designed and suitable only to be used once and disposed.

**NEW SECTION. Sec. 3.** (1) Beginning January 1, 2021, except as provided in this section and section 4 of this act, a retail establishment may not provide to a customer or a person at an event:

(a) A single-use plastic carryout bag; or

(b) A paper carryout bag or reusable carryout bag made of film plastic that does not meet recycled content requirements.

(2)(a) A retail establishment may provide a reusable carryout bag or a recycled content paper carryout bag of any size to a customer at the point of sale.

(b) A retail establishment must collect a pass-through charge of at least

seven cents, but not more than ten cents for every recycled content paper carryout bag with a manufacturer's stated capacity of one-eighth barrel (eight hundred eighty-two cubic inches) or greater or reusable carryout bag made of film plastic it provides, except as provided in subsection (5) of this section and section 4 of this act. A retail establishment may make reusable carryout bags available to customers through sale.

(c) A retail establishment must keep all revenue from pass-through charges. The pass-through charge is a taxable retail sale. A retail establishment must show all pass-through charges on a receipt provided to the customer.

(3) Carryout bags provided by a retail establishment do not include:

(a) Bags used by consumers inside stores to:

(i) Package bulk items, such as fruit, vegetables, nuts, grains, candy, greeting cards, or small hardware items such as nails, bolts, or screws;

(ii) Contain or wrap items where dampness or sanitation might be a problem including, but not limited to:

(A) Frozen foods;

(B) Meat;

(C) Fish;

(D) Flowers; and

(E) Potted plants;

(iii) Contain unwrapped prepared foods or bakery goods;

(iv) Contain prescription drugs; or

(v) Protect a purchased item from damaging or contaminating other purchased items when placed in a recycled content paper carryout bag or reusable carryout bag; or

(b) Newspaper bags, mailing pouches, sealed envelopes, door hanger bags, laundry/dry cleaning bags, or bags sold in packages containing multiple bags for uses such as food storage, garbage, or pet waste.

(4)(a) Any compostable film bag that a retail establishment provides to customers for products, including for products bagged in stores prior to checkout, must meet the requirements for compostable products and film bags in chapter 70.360 RCW.

(b) A retail establishment may not use or provide polyethylene or other noncompostable plastic bags for bagging of customer products in stores, as carryout bags, or for home delivery that do not meet the requirements for noncompostable products and film bags in chapter 70.360 RCW.

(5) Except as provided by local regulations enacted as of April 1, 2020, a retail establishment may provide a bag restricted under subsection (1) of this section from existing inventory until one year after the effective date of this section. The retail establishment, upon request by the department, must provide purchase invoices, distribution receipts, or other information documenting that the bag was acquired prior to the effective date of this section.

(6) For the purposes of this section:

(a) A recycled content paper carryout bag must:

(i) Contain a minimum of forty percent postconsumer recycled materials;

(ii) Be capable of composting, consistent with the timeline and specifications of the entire American society of testing materials D6868 and associated test methods that must be met, as it existed as of January 1, 2020; and

(iii) Display the minimum percentage of postconsumer content in print on the exterior of the paper bag.

(b) A reusable carryout bag must:

(i) Have a minimum lifetime of one hundred twenty-five uses, which for purposes of this subsection means the capacity to carry a minimum of twenty-two pounds one hundred twenty-five times over a distance of at least one hundred seventy-five feet;

(ii) Be machine washable or made from a durable material that may be cleaned or disinfected; and

(iii) If made of film plastic:

(A) Be made from a minimum of twenty percent postconsumer recycled content until July 1, 2022, and thereafter must be made from a minimum of forty percent postconsumer recycled material;

(B) Display the minimum percentage of postconsumer content and the mil thickness in print on the exterior of the plastic bag;

(C) Have a minimum thickness of no less than 2.25 mils; and

(D) Display wording that the bag is reusable.

(c) Except for the purposes of subsection (4) of this section, food banks and other food assistance programs are not retail establishments, but are encouraged to take actions to reduce the use of single-use plastic carryout bags.

**NEW SECTION. Sec. 4.** It is a violation of section 3 of this act for any retail establishment to pay or otherwise reimburse a customer for any portion of the pass-through charge; provided that retail establishments may not collect a pass-through charge from anyone using a voucher or electronic benefits card issued under the women, infants, and children (WIC) or temporary assistance for needy families (TANF) support programs, or the federal supplemental nutrition assistance program (SNAP, also known as basic food), or the Washington state food assistance program (FAP).

**NEW SECTION. Sec. 5.** (1) Until June 1, 2025, the department shall prioritize the expedited processing of applications for permits related to the expansion or reconfiguring of an existing pulp and paper mill for the purpose of manufacturing paper bags or raw materials used to manufacture paper bags.

(2) The department may adopt rules as necessary for the purpose of implementing, administering, and enforcing this chapter.

(3) The enforcement of this chapter must be based primarily on complaints filed with the department and local jurisdictions. The department must establish a forum for the filing of complaints. Local jurisdictions and other persons may file complaints with the department using the forum and local jurisdictions may review complaints filed with the department via the forum for purposes of the local jurisdiction carrying out education and outreach to retail establishments. A forum established by the department may include a complaint form on the department's web site, a telephone hotline, or a public outreach strategy relying upon electronic social media to receive complaints that allege violations. The department, in collaboration with the local jurisdictions, must provide education and outreach activities to

inform retail establishments, consumers, and other interested individuals about the requirements of this chapter.

(4) The department or local jurisdiction shall work with retail establishments, retail associations, unions, and other organizations to create educational elements regarding the ban and the benefits of reusable bags. Educational elements may include signage at store locations, informational literature, and employee training by October 1, 2020.

(5) Retail establishments are encouraged to educate their staff to promote reusable bags as the best option for carry-out bags and to post signs encouraging customers to use reusable bags.

(6) A violation of this chapter is subject to a civil penalty of up to two hundred fifty dollars. Each calendar day of operation or activity in violation of this chapter comprises a new violation. Penalties issued under this section are appealable to the pollution control hearings board established in chapter 43.21B RCW.

(7) If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by July 1, 2020, from the waste reduction, recycling, and litter control account for purposes of implementing the education and outreach activities required under this section, then this act is null and void.

**NEW SECTION. Sec. 6.** (1) Except as provided in subsection (2) of this section, a city, town, county, or municipal corporation may not implement a local carryout bag ordinance. Except as provided in subsection (2) of this section, any carryout bag ordinance that was enacted as of April 1, 2020, is preempted by this chapter.

(2)(a) A city, town, county, or municipal corporation ordinance enacted as of April 1, 2020, that has established a pass-through charge of ten cents is not preempted with respect to the amount of the pass-through charge.

(b) A city, town, county, or municipal corporation ordinance not specified in (a) of this subsection and enacted as of April 1 2020, is not preempted until January 1, 2021.

**NEW SECTION. Sec. 7.** (1) By October 31, 2023, the department must submit a report to the appropriate committees of the legislature. The report required under this section must include:

(a) An assessment of the effectiveness of the pass-through charge for reducing the total volume of bags purchased and encouraging the use of reusable bags;

(b) An assessment of the cost of the authorized bags to retail establishments versus the pass-through charge allowed under chapter 70.--- RCW (the new chapter created in section 11 of this act);

(c) An assessment of 2.25 mil plastic reusable bags, including their overall contribution to the reduction of the volume of plastic use; and

(d) Recommendations for revisions for this act, if needed.

(2) This section expires July 1, 2025.

ESSB 6012 Prime Sponsor, Committee on Ways & Means: Promoting renewable energy through modifying tax incentives. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that Washington, through implementation of the clean energy transformation act, is transforming its energy supply and modernizing its electricity system. In implementing this act, the state is prioritizing creation of family wage jobs and providing safeguards to ensure that the achievement of this policy does not impair the reliability of the electricity system or impose unreasonable costs on utility customers.

(2) The legislature finds that to accomplish the goals of chapter 288, Laws of 2019—promote energy independence; create high-quality jobs in the clean energy sector; maximize the value of hydropower, our principal renewable resource; maintain safe and reliable electricity to all customers at stable and affordable rates; and protect clean air and water in the Pacific Northwest—utilities will need to invest in new renewable energy sources and maximize the use of existing resources, especially renewable resources that can be called upon to produce electricity at all hours throughout the year.

(3) The legislature declares that the state has an important role to play in supporting the development of these new renewable energy resources, including the provision of incentives to support hydropower system investments that are specifically targeted to achieve the goals of this policy, provided said investments, and resulting operations

maintain or enhance fish conservation mandates and responsibilities.

(4) It is the intent of the legislature to exempt from sales and use taxes hydropower system investments that directly support the goals of chapter 288, Laws of 2019. The total amount of exemption will be determined based on the prorated share of hydropower capacity owned by each utility in Washington state as of December 31, 2019.

NEW SECTION. **Sec. 2.** (1) This section is the tax preference performance statement for the sales and use tax exemptions contained in sections 3 and 4, chapter . . ., Laws of 2020 (sections 3 and 4 of this act). This performance statement is only intended to be used for subsequent evaluation of these tax preferences. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes these sales and use tax exemptions as ones intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(3) If a review finds that the exemptions provided in sections 3 and 4, chapter . . ., Laws of 2020 (sections 3 and 4 of this act) support the goals of chapter 288, Laws of 2019—to promote energy independence; create high-quality jobs in the clean energy sector; maximize the value of hydropower, our principal renewable resource; maintain safe and reliable electricity to all customers at stable and affordable rates; and protect clean air and water in the Pacific Northwest—then the legislature intends to extend the expiration date of these tax preferences.

(4) In order to obtain the data necessary to perform the review in subsection (3) of this section, the joint legislative audit and review committee may refer to any data collected by the state.

NEW SECTION. **Sec. 3.** A new section is added to chapter 82.08 RCW to read as follows:

(1) Beginning July 1, 2020, the tax imposed by RCW 82.08.020 does not apply to the following:

(a) The sale of or charge made for machinery and equipment, and labor and services, that will provide additional

support for the transition to clean energy through incremental increases in production, capacity, flexibility, or efficiency of operation or performance from the refurbishment or replacement of existing machinery and equipment, or purchase of new machinery and equipment, for an existing hydroelectric generation facility; and

(b) The sale of or charge made for machinery and equipment, and labor and services, necessary for an existing hydroelectric generation facility to develop self-lubricating adjustable turbine blade hubs for further evaluation and testing.

(2) In order to qualify for the exemption provided in subsection (1) of this section:

(a) Machinery and equipment must be received by the purchaser after June 30, 2020, and before July 1, 2031; and

(b) Labor and services, as described in subsection (1) of this section, must be rendered after June 30, 2020, and before July 1, 2031.

(3)(a)(i) The total exemption from the state sales and use tax under this section and section 4 of this act is subject to the following biennial limits:

(A) For fiscal year 2021, two million five hundred thousand dollars; and

(B) For each biennium beginning on or after July 1, 2021, five million dollars.

(ii) Unclaimed exempted amounts from fiscal year 2021 or a given biennium must be carried over and added to the limit of the following biennium.

(b) Each generating utility in the state is eligible for a proportional amount of the total tax preference over eleven years. This figure will be based on the prorated share of total hydropower generator capacity owned by each generating utility in Washington state as of December 31, 2019. The department of commerce must calculate the prorated shares based on information provided by the utilities and provide this information to the department of revenue.

(c) A generating utility may claim an exemption at any time during the eleven-year period that this exemption is in effect, up to its prorated share and subject to the statutory time limitations in RCW 82.32.060. Applications for remittance will be processed on a first-

in-time basis. If funds are not available in the biennium in which the application is submitted to the department, the generating utility will be eligible to claim funds the following biennium before any new applicants.

(4)(a) The exemption provided under this section is in the form of a remittance and applies only to the state portion of the tax. A generating utility claiming an exemption from the state portion of the sales tax for eligible projects under this section must pay all state and local sales and use taxes. The buyer may then apply to the department for remittance on an annual basis for one hundred percent of the state sales and use tax paid on qualifying purchases subject to the requirements of this section.

(b) The department must determine eligibility under this section based on information provided by the buyer and through audit and other administrative records. The buyer must submit an application, in a form and manner as required by the department, specifying the amount of exempted tax claimed and the qualifying purchases or acquisitions for which the exemption is claimed. The buyer must retain, in adequate detail to enable the department to determine whether the charges made for machinery and equipment, and labor and services, meet the criteria under this section: Invoices; proof of tax paid; documents describing the equipment; and construction invoices and documents.

(c) As part of the application for a remittance under this section, the generating utility must attest:

(i)(A) That the contractors on the project have a history of complying with federal and state wage and hour laws and regulations; or

(B) That the project is developed under a community workforce agreement or project labor agreement; or

(ii) That, if the contract for refurbishment or upgrade of a hydroelectric generation facility or machinery and equipment therein under subsection (1)(a) or (b) of this section was executed prior to July 1, 2020, and the remaining machinery and equipment, and labor and services, will be delivered or rendered on or after July 1, 2020, either of the conditions in (c)(i) of this subsection (4) is met and wages

consistent with chapter 39.12 RCW are paid on the project.

(d) If the department determines that any of the facts attested to as required under (c) of this subsection are not true, the department must deny the application for remittance. However, nothing in this section requires the department to endeavor to determine the veracity of the facts attested to as required under (c) of this subsection. Upon the department's request, state agencies must provide assistance to the department in reviewing the information submitted by a generating utility as required by (c) of this subsection.

(e) Upon approval of an application for remittance under this section, the department must remit exempted amounts to the generating utility. Remittances under this section are subject to repayment if the department subsequently determines, through audit or other information, that the generating utility was not eligible for the remittance.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Eligible project" means a project meeting the requirements in subsection (1) of this section within a hydroelectric facility designed to generate at least one thousand kilowatts of electricity using the energy of falling or flowing fresh water.

(b)(i) "Generating utility" means public and private utilities regulated under the laws of Washington state that own and operate hydroelectric facilities located within the state.

(ii) "Generating utility" does not include hydroelectric facilities owned by the federal government.

(c) "Labor and services" means work associated with demolition, removal, and deconstruction of an existing turbine or generation machinery and equipment; and the construction, installation, alteration, replacement, repair, cleaning, conversion, or assembly of the self-lubricating adjustable turbine blade hub or other machinery and equipment that is acquired or used as part of an eligible project.

(d)(i) "Machinery and equipment" means fixtures, devices, control systems, and support facilities that are

integral and necessary to the generation of electricity using the energy of falling or flowing fresh water.

(ii) "Machinery and equipment" does not include: (A) Hand-powered tools; (B) property with a useful life of less than one year; (C) repair parts required to restore machinery and equipment to normal working order; (D) replacement parts that do not increase productivity, improve efficiency, or extend the useful life of machinery and equipment; (E) buildings and other structures, such as dams, powerhouses, fish ladders, and transmission towers; and (F) building fixtures that are not integral and necessary to the generation of electricity that are permanently affixed to and become a physical part of a building.

(e) "Self-lubricating adjustable turbine blade hub" means a type of horizontal or vertical hydroelectric turbine with adjustable blades that use alternative technology to lubricate the internal components.

(6) This section expires July 1, 2031.

**NEW SECTION. Sec. 4.** A new section is added to chapter 82.12 RCW to read as follows:

(1) The tax imposed by RCW 82.12.020 does not apply to the use of:

(a) Machinery and equipment, and labor and services, that will provide additional support for the transition to clean energy through incremental increases in production, capacity, flexibility, or efficiency of operation or performance from the refurbishment or replacement of existing machinery and equipment, or purchase of new machinery and equipment, for an existing hydroelectric generation facility; and

(b) Machinery and equipment, and labor and services, necessary for an existing hydroelectric generation facility to develop self-lubricating adjustable turbine blade hubs for further evaluation and testing.

(2) In order to qualify for the exemption provided in subsection (1) of this section:

(a) First use of the machinery and equipment, as described in subsection (1) of this section, must occur after June 30, 2020, and before July 1, 2031; and

(b) Labor and services, as described in subsection (1) of this section, must be rendered after June 30, 2020, and before July 1, 2031.

(3) The definitions, conditions, and requirements under section 3 of this act apply to this section.

contracts are issued to or in connection with a specific benefit plan whose plan sponsor has its principal place of business in this state; and

(ii) Persons who are owners of unallocated annuity contracts issued to or in connection with government lotteries if the owners are residents;

(d) For structured settlement annuities specified in subsection (2) of this section, (a) and (b) of this subsection do not apply, and this chapter, except as provided in (e) and (f) of this subsection, does provide coverage to a person who is a payee under a structured settlement annuity, or beneficiary of a payee if the payee is deceased, if the payee:

(i) Is a resident, regardless of where the contract owner resides; or

(ii) Is not a resident, but only under both of the following conditions:

(A) (I) The contract owner of the structured settlement annuity is a resident; or

(II) The contract owner of the structured settlement annuity is not a resident, but the insurer that issued the structured settlement annuity is domiciled in this state; and the state in which the contract owner resides has an association similar to the association created by this chapter; and

(B) Neither the payee, nor beneficiary, nor the contract owner is eligible for coverage by the association of the state in which the payee or contract owner resides;

(e) This chapter does not provide coverage to:

(i) A person who is a payee, or beneficiary, of a contract owner resident of this state, if the payee, or beneficiary, is afforded any coverage by the association of another state; or

(ii) A person covered under (c) of this subsection, if any coverage is provided by the association of another state to the person; and

(f) This chapter is intended to provide coverage to a person who is a resident of this state and, in special circumstances, to a nonresident. In order to avoid duplicate coverage, if a person who would otherwise receive coverage under this chapter is provided coverage under the laws of any other state, the

person shall not be provided coverage under this chapter. In determining the application of this subsection (1)(f) in situations where a person could be covered by the association of more than one state, whether as an owner, payee, beneficiary, or assignee, this chapter shall be construed in conjunction with other state laws to result in coverage by only one association.

(2)(a) This chapter provides coverage to the persons specified in subsection (1) of this section for direct, nongroup life, disability, or annuity policies or contracts and supplemental contracts to any of these, for certificates under direct group policies and contracts, and for unallocated annuity contracts issued by member insurers, except as limited by this chapter. Annuity contracts and certificates under group annuity contracts include but are not limited to guaranteed investment contracts, deposit administration contracts, unallocated funding agreements, allocated funding agreements, structured settlement annuities, annuities issued to or in connection with government lotteries, and any immediate or deferred annuity contracts. However, any annuity contracts that are unallocated annuity contracts are subject to the specific provisions in this chapter for unallocated annuity contracts.

(b) This chapter does not provide coverage for:

(i) A portion of a policy or contract not guaranteed by the insurer, or under which the risk is borne by the policy or contract owner;

(ii) A policy or contract of reinsurance, unless assumption certificates have been issued pursuant to the reinsurance policy or contract;

(iii) A portion of a policy or contract to the extent that the rate of interest on which it is based, or the interest rate, crediting rate, or similar factor determined by use of an index or other external reference stated in the policy or contract employed in calculating returns or changes in value:

(A) Averaged over the period of four years prior to the date on which the member insurer becomes an impaired or insolvent insurer under this chapter, whichever is earlier, exceeds the rate of interest determined by subtracting two percentage points from Moody's corporate

bond yield average averaged for that same four-year period or for such lesser period if the policy or contract was issued less than four years before the member insurer becomes an impaired or insolvent insurer under this chapter, whichever is earlier; and

(B) On and after the date on which the member insurer becomes an impaired or insolvent insurer under this chapter, whichever is earlier, exceeds the rate of interest determined by subtracting three percentage points from Moody's corporate bond yield average as most recently available;

(iv) A portion of a policy or contract issued to a plan or program of an employer, association, or other person to provide life, disability, or annuity benefits to its employees, members, or others, to the extent that the plan or program is self-funded or uninsured, including but not limited to benefits payable by an employer, association, or other person under:

(A) A multiple employer welfare arrangement as defined in 29 U.S.C. Sec. 1144;

(B) A minimum premium group insurance plan;

(C) A stop-loss group insurance plan; or

(D) An administrative services only contract;

(v) A portion of a policy or contract to the extent that it provides for:

(A) Dividends or experience rating credits;

(B) Voting rights; or

(C) Payment of any fees or allowances to any person, including the policy or contract owner, in connection with the service to or administration of the policy or contract;

(vi) A policy or contract issued in this state by a member insurer at a time when it was not licensed or did not have a certificate of authority to issue the policy or contract in this state;

(vii) An unallocated annuity contract issued to or in connection with a benefit plan protected under the federal pension benefit guaranty corporation, regardless of whether the federal pension benefit guaranty corporation has yet become liable to make

any payments with respect to the benefit plan;

(viii) A portion of an unallocated annuity contract that is not issued to or in connection with a specific employee, union, or association of natural persons benefit plan or a government lottery;

(ix) A portion of a policy or contract to the extent that the assessments required by RCW 48.32A.085 with respect to the policy or contract are preempted by federal or state law;

(x) An obligation that does not arise under the express written terms of the policy or contract issued by the insurer to the contract owner or policy owner, including without limitation:

(A) Claims based on marketing materials;

(B) Claims based on side letters, riders, or other documents that were issued by the insurer without meeting applicable policy form filing or approval requirements;

(C) Misrepresentations of or regarding policy benefits;

(D) Extra-contractual claims; or

(E) A claim for penalties or consequential or incidental damages;

(xi) A contractual agreement that establishes the member insurer's obligations to provide a book value accounting guaranty for defined contribution benefit plan participants by reference to a portfolio of assets that is owned by the benefit plan or its trustee, which in each case is not an affiliate of the member insurer; or

(xii) A portion of a policy or contract to the extent it provides for interest or other changes in value to be determined by the use of an index or other external reference stated in the policy or contract, but which have not been credited to the policy or contract, or as to which the policy or contract owner's rights are subject to forfeiture, as of the date the member insurer becomes an impaired or insolvent insurer under this chapter, whichever is earlier. If a policy's or contract's interest or changes in value are credited less frequently than annually, then for purposes of determining the values that have been credited and are not subject to forfeiture under this subsection (2) (b) (xii), the interest or change in

value determined by using the procedures defined in the policy or contract will be credited as if the contractual date of crediting interest or changing values was the date of impairment or insolvency, whichever is earlier, and will not be subject to forfeiture.

(3) The benefits that the association may become obligated to cover shall in no event exceed the lesser of:

(a) The contractual obligations for which the insurer is liable or would have been liable if it were not an impaired or insolvent insurer; or

(b) (i) With respect to one life, regardless of the number of policies or contracts:

(A) Five hundred thousand dollars in life insurance death benefits, but not more than five hundred thousand dollars in net cash surrender and net cash withdrawal values for life insurance;

(B) In disability insurance benefits:

(I) Five hundred thousand dollars for coverages not defined as disability income insurance or basic hospital, medical, and surgical insurance or major medical insurance including any net cash surrender and net cash withdrawal values;

(II) Five hundred thousand dollars for disability income insurance;

(III) Five hundred thousand dollars for basic hospital medical and surgical insurance or major medical insurance; ((~~or~~))

(IV) Five hundred thousand dollars for long-term care insurance; or

(C) Five hundred thousand dollars in the present value of annuity benefits, including net cash surrender and net cash withdrawal values, except as provided in (ii), (iii), and (v) of this subsection (3) (b);

(ii) With respect to each individual participating in a governmental retirement benefit plan established under section 401, 403(b), or 457 of the United States Internal Revenue Code covered by an unallocated annuity contract or the beneficiaries of each such individual if deceased, in the aggregate, one hundred thousand dollars in present value annuity benefits, including net cash surrender and net cash withdrawal values;

(iii) With respect to each payee of a structured settlement annuity, or beneficiary or beneficiaries of the payee if deceased, five hundred thousand dollars in present value annuity benefits, in the aggregate, including net cash surrender and net cash withdrawal values, if any;

(iv) However, in no event shall the association be obligated to cover more than: (A) An aggregate of five hundred thousand dollars in benefits with respect to any one life under (i), (ii), and (iii) of this subsection (3)(b) except with respect to benefits for basic hospital, medical, and surgical insurance and major medical insurance under (i)(B) of this subsection (3)(b), in which case the aggregate liability of the association shall not exceed five hundred thousand dollars with respect to any one individual; or (B) with respect to one owner of multiple nongroup policies of life insurance, whether the policy owner is an individual, firm, corporation, or other person, and whether the persons insured are officers, managers, employees, or other persons, more than five million dollars in benefits, regardless of the number of policies and contracts held by the owner;

(v) With respect to either: (A) One contract owner provided coverage under subsection (1)(d)(ii) of this section; or (B) one plan sponsor whose plans own directly or in trust one or more unallocated annuity contracts not included in (ii) of this subsection (3)(b), five million dollars in benefits, irrespective of the number of contracts with respect to the contract owner or plan sponsor. However, in the case where one or more unallocated annuity contracts are covered contracts under this chapter and are owned by a trust or other entity for the benefit of two or more plan sponsors, coverage shall be afforded by the association if the largest interest in the trust or entity owning the contract or contracts is held by a plan sponsor whose principal place of business is in this state and in no event shall the association be obligated to cover more than five million dollars in benefits with respect to all these unallocated contracts; or

(vi) The limitations set forth in this subsection are limitations on the benefits for which the association is obligated before taking into account either its subrogation and assignment

rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer attributable to covered policies. The costs of the association's obligations under this chapter may be met by the use of assets attributable to covered policies or reimbursed to the association pursuant to its subrogation and assignment rights.

(4) In performing its obligations to provide coverage under RCW 48.32A.075, the association is not required to guarantee, assume, reinsure, or perform, or cause to be guaranteed, assumed, reinsured, or performed, the contractual obligations of the insolvent or impaired insurer under a covered policy or contract that do not materially affect the economic values or economic benefits of the covered policy or contract."

**"Sec. 2.** RCW 41.32.785 and 2019 c 102 s 3 are each amended to read as follows:

(1) Upon retirement for service as prescribed in RCW 41.32.765 or retirement for disability under RCW 41.32.790, a member shall elect to have the retirement allowance paid pursuant to the following options, calculated so as to be actuarially equivalent to each other.

(a) Standard allowance. A member electing this option shall receive a retirement allowance payable throughout such member's life. However, if the retiree dies before the total of the retirement allowance paid to such retiree equals the amount of such retiree's accumulated contributions at the time of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the retiree shall have nominated by

written designation duly executed and filed with the department; or if there be no such designated person or persons still living at the time of the retiree's death, then to the surviving spouse; or if there be neither such designated person or persons still living at the time of death nor a surviving spouse, then to the retiree's legal representative.

(b) The department shall adopt rules that allow a member to select a retirement option that pays the member a reduced retirement allowance and upon death, such portion of the member's reduced retirement allowance as the department by rule designates shall be continued throughout the life of and paid to a designated person. Such person shall be nominated by the member by written designation duly executed and filed with the department at the time of retirement. The options adopted by the department shall include, but are not limited to, a joint and one hundred percent survivor option and a joint and fifty percent survivor option.

(2)(a) A member, if married, must provide the written consent of his or her spouse to the option selected under this section, except as provided in (b) and (c) of this subsection. If a member is married and both the member and member's spouse do not give written consent to an option under this section, the department will pay the member a joint and fifty percent survivor benefit and record the member's spouse as the beneficiary. Such benefit shall be calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless spousal consent is not required as provided in (b) and (c) of this subsection.

(b) Written consent from a spouse or domestic partner is not required if a member who is married or a domestic partner selects a joint and survivor option under subsection (1)(b) of this section and names the member's spouse or domestic partner as the survivor beneficiary.

(c) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member's retirement:

(i) The department shall honor the designation as if made by the member under subsection (1) of this section; and

(ii) The spousal consent provisions of (a) of this subsection do not apply.

(3) (a) Any member who retired before January 1, 1996, and who elected to receive a reduced retirement allowance under subsection (1)(b) or (2) of this section is entitled to receive a retirement allowance adjusted in accordance with (b) of this subsection, if they meet the following conditions:

(i) The retiree's designated beneficiary predeceases or has predeceased the retiree; and

(ii) The retiree provides to the department proper proof of the designated beneficiary's death.

(b) The retirement allowance payable to the retiree, as of July 1, 1998, or the date of the designated beneficiary's death, whichever comes last, shall be increased by the percentage derived in (c) of this subsection.

(c) The percentage increase shall be derived by the following:

(i) One hundred percent multiplied by the result of (c)(ii) of this subsection converted to a percent;

(ii) Subtract one from the reciprocal of the appropriate joint and survivor option factor;

(iii) The joint and survivor option factor shall be from the table in effect as of July 1, 1998.

(d) The adjustment under (b) of this subsection shall accrue from the beginning of the month following the date of the designated beneficiary's death or from July 1, 1998, whichever comes last.

(4) No later than July 1, 2001, the department shall adopt rules that allow a member additional actuarially equivalent survivor benefit options, and shall include, but are not limited to:

(a) (i) A retired member who retired without designating a survivor beneficiary shall have the opportunity to designate their spouse from a postretirement marriage as a survivor during a one-year period beginning one year after the date of the postretirement marriage provided the retirement allowance payable to the retiree is not subject to periodic payments pursuant to a property division obligation as provided for in RCW 41.50.670.

(ii) A member who entered into a postretirement marriage prior to the effective date of the rules adopted pursuant to this subsection and satisfies the conditions of (a)(i) of this subsection shall have one year to designate their spouse as a survivor beneficiary following the adoption of the rules.

(b) A retired member who elected to receive a reduced retirement allowance under this section and designated a nonspouse as survivor beneficiary shall have the opportunity to remove the survivor designation and have their future benefit adjusted.

The member shall have available the benefit options of subsection (1) of this section upon retirement, and if remarried at the time of retirement remains subject to the spousal consent requirements of subsection (2) of this section. Any reductions of the member's benefit subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

The nonmember ex spouse shall be eligible to commence receiving their separate benefit upon reaching the age provided in RCW 41.32.765(1) and after filing a written application with the department.

(c) The department may make an additional charge or adjustment if necessary to ensure that the separate benefits provided under this subsection are actuarially equivalent to the benefits payable prior to the decree of dissolution.
