"NEW SECTION. **Sec. 1.** The legislature finds that, as a matter of human dignity, all persons are to be informed of emergency notifications in a manner in which they can understand. It is the intent of the legislature that all persons who may be in harm's way in an emergency are informed of their peril, and informed of appropriate actions they should take to protect themselves and their families.

NEW SECTION. **Sec. 2.** A new section is added to chapter 38.52 RCW to read as follows:

(1) When a state agency provides life safety information during an emergency or disaster, it shall provide the life safety information in a language or manner that can be understood by significant population segments as defined in RCW 38.52.070, unless technologically infeasible.

(3) If a state agency or political subdivision does not provide life safety information during an emergency or disaster as provided in subsection (1) or (2) of this section due to its determination that it was technologically infeasible, the state agency or political subdivision must report to the relevant committees of the legislature as soon as possible, but in no event later than thirty days following the incident, describing the nature of the technological infeasibility and a plan to remedy the issue.

~~((17))~~ (19) "Search and rescue" means the acts of searching for, rescuing, or recovering by means of ground, marine, or air activity any person who becomes lost, injured, or is killed while outdoors or as a result of a natural, technological, or human caused disaster, including instances involving searches for downed aircraft when ground personnel are used. Nothing in this section shall affect appropriate activity by the department of transportation under chapter 47.68 RCW.

Sec. 4. RCW 38.52.070 and 1997 c 49 s 4 are each amended to read as follows:

(1) Each political subdivision of this state is hereby authorized and directed to establish a local organization or to be a member of a joint local organization for emergency management in accordance with the state comprehensive emergency management plan and program: PROVIDED, That a political subdivision proposing such establishment shall submit its plan and program for emergency management to the state director and secure his or her recommendations thereon, and verification of consistency with the state comprehensive emergency management plan, in order that the plan of the local organization for emergency management may be coordinated with the plan and program of the state. Local comprehensive emergency management plans must specify the use of the incident command system for multiagency/multijurisdiction operations. No political subdivision may be required to include in its plan provisions for the emergency evacuation or relocation of residents in anticipation of nuclear attack. If the director's recommendations are adverse to the plan as submitted, and, if the local organization does not agree to the director's recommendations for modification to the proposal, the matter shall be referred to the council for final action. The director may authorize two or more political subdivisions to join in the establishment and operation of a joint

local organization for emergency management as circumstances may warrant, in which case each political subdivision shall contribute to the cost of emergency management upon such fair and equitable basis as may be determined upon by the executive heads of the constituent subdivisions. If in any case the executive heads cannot agree upon the proper division of cost the matter shall be referred to the council for arbitration and its decision shall be final. When two or more political subdivisions join in the establishment and operation of a joint local organization for emergency management each shall pay its share of the cost into a special pooled fund to be administered by the treasurer of the most populous subdivision, which fund shall be known as the emergency management fund. Each local organization or joint local organization for emergency management shall have a director who shall be appointed by the executive head of the political subdivision, and who shall have direct responsibility for the organization, administration, and operation of such local organization for emergency management, subject to the direction and control of such executive officer or officers. In the case of a joint local organization for emergency management, the director shall be appointed by the joint action of the executive heads of the constituent political subdivisions. Each local organization or joint local organization for emergency management shall perform emergency management functions within the territorial limits of the political subdivision within which it is organized, and, in addition, shall conduct such functions outside of such territorial limits as may be required pursuant to the provisions of this chapter.

(2) In carrying out the provisions of this chapter each political subdivision, in which any disaster as described in RCW 38.52.020 occurs, shall have the power to enter into contracts and incur obligations necessary to combat such disaster, protecting the health and safety of persons and property, and providing emergency assistance to the victims of such disaster. Each political subdivision is authorized to exercise the powers vested under this section in the light of the exigencies of an extreme emergency situation without regard to time-consuming procedures and formalities prescribed by law (excepting mandatory constitutional requirements), including, but not limited

to, budget law limitations, requirements of competitive bidding and publication of notices, provisions pertaining to the performance of public work, entering into contracts, the incurring of obligations, the employment of temporary workers, the rental of equipment, the purchase of supplies and materials, the levying of taxes, and the appropriation and expenditures of public funds.

(3) (a) Each local organization or joint local organization for emergency management that produces a local comprehensive emergency management plan must include a communication plan for notifying significant population segments of life safety information during an emergency. Local organizations and joint local organizations are encouraged to consult with affected community organizations in the development of the communication plans.

(i) In developing communication plans, local organizations and joint organizations should consider, as part of their determination of the extent of the obligation to provide emergency notification to significant population segments, the following factors: The number or proportion of the limited English proficiency persons eligible to be served or likely to be encountered; the frequency with which limited English proficiency individuals come in contact with the emergency notification; the nature and importance of the emergency notification, service, or program to people's lives; and the resources available to the political subdivision to provide emergency notifications.

(ii) "Significant population segment" means, for the purposes of this subsection (3), each limited English proficiency language group that constitutes five percent or one thousand residents, whichever is less, of the population of persons eligible to be served or likely to be affected within a city, town, or county. The office of financial management forecasting division's limited English proficiency population estimates are the demographic data set for determining eligible limited English proficiency language groups.

(b) Local organizations and joint local organizations must submit the plans produced under (a) of this subsection to the Washington military department emergency management division. An initial communication plan must be submitted with the local organization or joint local

organization's next local emergency management plan update following the effective date of this section, and subsequent plans must be reviewed in accordance with the director's schedule.

(c) Beginning on December 1, 2019, the Washington military department emergency management division must submit a report every five years to the relevant committees of the legislature containing the communication plans produced under (a) of this subsection.

NEW SECTION. Sec. 5. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2017, in the omnibus appropriations act, this act is null and void."

SENATE BILL NO. 5849, by Senators Angel, Bailey, Rolfes, Braun, Brown, Sheldon, Pearson, Becker, Fortunato, Wilson, Palumbo, O'Ban, Warnick and Conway

Addressing the need for veterans' services.

The bill was read the second time.

Representative Reeves moved the adoption of the striking amendment (530):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Veterans are national heroes who have made great sacrifices in their lives for the protection of our nation;

(2) Due to the relatively high number of military installations in our state, as well as the standard of living in our state, many veterans choose to live in Washington;

(3) Many veterans have a need for support services, including peer-to-peer counseling services. Some veterans need to talk about their experiences with combat, deployment, or other situations experienced during their time in the military. Often, there is no person better prepared to speak with a veteran about his or her experiences than another veteran;

(4) In 2009, the state of Texas created an award winning peer-to-peer counseling network, called the military veteran peer network. On a voluntary basis, veterans elect to receive specialized training about the facilitation of group counseling sessions. After receiving their training, the volunteers create peer-to-peer support groups in their local communities;

(5) Veterans living in Washington would benefit from a program that is similar to the military veteran peer network.

Sec. 2. RCW 43.60A.100 and 1991 c 55 s 1 are each amended to read as follows:

The department of veterans affairs, to the extent funds are made available, shall: (1) Contract with professional counseling specialists to provide a range of direct treatment services to ~~((war))~~ combat-affected state veterans and to those national guard and reservists who served in the Middle East, and their family members; (2) provide additional treatment services to Washington state Vietnam veterans for posttraumatic stress disorder, particularly for those veterans whose posttraumatic stress disorder has intensified or initially emerged due to ~~((the war))~~ combat in the Middle East; (3) provide an educational program designed to train primary care professionals, such as ~~((mental))~~ behavioral health professionals, about the effects of ~~((war))~~ combat-related stress and trauma; (4) provide informational and counseling services for the purpose of establishing and fostering peer-support networks

throughout the state for families of deployed members of the reserves and the Washington national guard; (5) provide for veterans' families, a referral network of community mental health providers who are skilled in treating deployment stress, combat stress, and posttraumatic stress; and (6) offer training and support for volunteers interested in providing peer-to-peer support to other veterans.

NEW SECTION. Sec. 3. The legislature finds that:

(1) Washington state provides a stated preference for hiring veterans and provides a scoring preference for hiring and promotional opportunities to veterans in the form of enhanced test scores;

(2) Few agencies outside of law enforcement use tests in hiring or promotion;

(3) Veterans have experience that is broader than law enforcement and the state can benefit by recruiting people with this experience;

(4) Veterans leave service with experience in transportation, teaching and education, logistics, computer technology, health care, media and communications, construction and engineering, and administrative support;

(5) Many state agencies and other public employers are struggling to fill and retain employees in key positions;

(6) Many public and private employers have developed veteran hiring and recruitment programs that take advantage of the broad experience that veterans bring to the job market.

NEW SECTION. Sec. 4. A new section is added to chapter 43.41 RCW to read as follows:

(1) The office shall develop a military recruitment program that targets veterans and gives them credit for their knowledge, skills, and leadership abilities. In developing the program, the office shall consult with the department of enterprise services, department of veteran affairs, the state military transition council, the veterans employee resource group, and other interested stakeholders. Program development must include, but is not limited to, identifying: (a) Public and private military recruitment programs and ways those programs can be used in Washington; (b) similar military and state job classes and develop a system to provide veterans with experience credit

for similar work; and (c) barriers to state employment and opportunities to better utilize veterans experience.

(2) The office shall report to the legislature with a draft plan by January 1, 2018, that includes draft bill language if necessary.

NEW SECTION. **Sec. 5.** A new section is added to chapter 43.60A RCW to read as follows:

By December 31, 2018, the department of veterans affairs must submit a report to the legislature on the veteran peer-to-peer training and support program authorized in section 2 of this act to determine the effectiveness of the program in meeting the needs of veterans in the state. The report must include the number of veterans receiving peer-to-peer support and the location of such support services; the number of veterans trained through the program to provide peer-to-peer support; and the types of training and support services provided by the program. The report must also include an analysis of peer-to-peer training and support programs developed by other states, as well as in the private and nonprofit sectors, in order to evaluate best practices for implementing and managing the veteran peer-to-peer training and support program authorized in section 2 of this act."

"**NEW SECTION. Sec. 1.** This act may be known and cited as the economic revitalization act.

Sec. 2. RCW 36.70A.070 and 2015 c 241 s 2 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140. Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general

location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing

plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural economic advancement, densities, and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into

sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area are subject to the requirements of (d)(iv) of this subsection, but are not subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public

services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(15). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(15). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary, the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries, such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the office of financial management's ten-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ten-year investment program developed by the office of financial management as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride-sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6), "concurrent with the development" means that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years. If the collection of impact fees is delayed under RCW 82.02.050(3), the six-year period required by this subsection (6)(b) must begin after full payment of all impact fees is due to the county or city.

(c) The transportation element described in this subsection (6), the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year investment program required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies,

objectives, and provisions for economic growth and vitality and a high quality of life. The element (~~shall~~) may include (~~(a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, workforce, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs~~) the provisions in section 3 of this act. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130.

NEW SECTION. Sec. 3. A new section is added to chapter 36.70A RCW to read as follows:

(1) The economic development element required by RCW 36.70A.070(7) may include the following:

(a) A summary of the local economy, such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate;

(b) A summary of the strengths and weaknesses of the local economy, which may include the commercial, industrial, manufacturing, natural resource, and other locally significant economic sectors and

supporting factors such as land use, transportation, utilities, education, workforce, housing, and natural/cultural resources;

(c) An identification of policies, programs, and projects to foster economic growth and development and to address future needs;

(d) Policies to promote increases in family, individual, and business incomes;

(e) An examination of whether sites planned for economic development have adequate public facilities and services, and, as appropriate, a plan for any needed public facilities and services;

(f) Policies to encourage access to education and training for family wage jobs; and

(g) Policies and opportunities to address economic development including existing industries and businesses, value added manufacturing of locally produced natural resources, and the use of locally produced energy and other natural resources.

(2) Each county and city planning under this chapter is encouraged to adopt comprehensive plans and development regulations that promote economic development in urban and rural areas, and evaluate economic performance in the jurisdiction in the time since the most recent update to the comprehensive plan. Each county and city planning under this chapter may make findings regarding the economic condition of the jurisdiction. If there is stagnation or economic deterioration during the period of time since the most recent update to the comprehensive plan, the comprehensive plan and development regulations may be modified to increase economic development opportunities.

(3)(a) Counties with a population of less than seventy-five thousand as of January 1, 2014, as determined by the office of financial management and published on April 1, 2016, that are planning under this chapter, and the cities within those counties, may identify policies, programs, and development opportunities to address the potential for economic deterioration and to seize economic development opportunities that may deviate from prescriptive interpretations of this chapter.

(b) For purposes of this section, economic deterioration is exemplified by,

but not limited to, any combination of the following performance outcomes:

(i) Incomes that are at least ten thousand dollars less than the statewide median household income for the same year as established by the office of financial management;

(ii) A decrease in the county's household median income during any year within the prior eight years;

(iii) The inability of the jurisdiction to add new full-time jobs in sufficient quantities to provide for population increases;

(iv) Decreases or stagnation of economic start-ups during multiple years within the prior eight years;

(v) Unemployment rates that are higher than the national and statewide averages over multiple years within the prior eight years; and

(vi) Decreases or stagnation in the issuance of commercial building permits during multiple years.

(4) In situations where the competing goals of this chapter would restrain economic development in the counties described in subsection (3)(a) of this section, and the cities within those counties, that are experiencing economic deterioration, the growth management hearings board and courts shall afford deference to local development choices that make economic development a priority, consistent with the presumption of validity required under RCW 36.70A.320."

"Sec. 5. RCW 46.52.130 and 2015 2nd sp.s. c 3 s 12 are each amended to read as follows:

Upon a proper request, the department may furnish an abstract of a person's driving record as permitted under this section.

(1) **Contents of abstract of driving record.** An abstract of a person's driving record, whenever possible, must include:

(a) An enumeration of motor vehicle accidents in which the person was driving, including:

(i) The total number of vehicles involved;

(ii) Whether the vehicles were legally parked or moving;

(iii) Whether the vehicles were occupied at the time of the accident; and

(iv) Whether the accident resulted in a fatality;

(b) Any reported convictions, forfeitures of bail, or findings that an infraction was committed based upon a violation of any motor vehicle law;

(c) The status of the person's driving privilege in this state; and

(d) Any reports of failure to appear in response to a traffic citation or failure to respond to a notice of infraction served upon the named individual by an arresting officer.

(2) **Release of abstract of driving record.** An abstract of a person's driving

record may be furnished to the following persons or entities:

(a) **Named individuals.** (i) An abstract of the full driving record maintained by the department may be furnished to the individual named in the abstract.

(ii) Nothing in this section prevents a court from providing a copy of the driver's abstract to the individual named in the abstract or that named individual's attorney, provided that the named individual has a pending or open infraction or criminal case in that court. A pending case includes criminal cases that have not reached a disposition by plea, stipulation, trial, or amended charge. An open infraction or criminal case includes cases on probation, payment agreement or subject to, or in collections. Courts may charge a reasonable fee for the production and copying of the abstract for the individual.

(b) **Employers or prospective employers.**

(i)(A) An abstract of the full driving record maintained by the department may be furnished to an employer or prospective employer or an agent acting on behalf of an employer or prospective employer of the named individual for purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer.

(B) Release of an abstract of the driving record of an employee or prospective employee requires a statement signed by: (I) The employee or prospective employee that authorizes the release of the record; and (II) the employer attesting that the information is necessary for employment purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer. If the employer or prospective employer authorizes an agent to obtain this information on their behalf, this must be noted in the statement. The statement must also note that any information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee may not be used by the employer or prospective employer, or an agent authorized to obtain this information on their behalf, unless required by federal regulation or law. The employer or prospective employer must afford the employee or prospective employee an opportunity to demonstrate that an adjudication contained in the

abstract is subject to a court order sealing the juvenile record.

(C) Upon request of the person named in the abstract provided under this subsection, and upon that same person furnishing copies of court records ruling that the person was not at fault in a motor vehicle accident, the department must indicate on any abstract provided under this subsection that the person was not at fault in the motor vehicle accident.

(D) No employer or prospective employer, nor any agent of an employer or prospective employer, may use information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee for any purpose unless required by federal regulation or law. The employee or prospective employee must furnish a copy of the court order sealing the juvenile record to the employer or prospective employer, or the agent of the employer or prospective employer, as may be required to ensure the application of this subsection.

(ii) In addition to the methods described in (b)(i) of this subsection, the director may enter into a contractual agreement with an employer or its agent for the purpose of reviewing the driving records of existing employees for changes to the record during specified periods of time. The department shall establish a fee for this service, which must be deposited in the highway safety fund. The fee for this service must be set at a level that will not result in a net revenue loss to the state. Any information provided under this subsection must be treated in the same manner and is subject to the same restrictions as driving record abstracts.

(c) **Volunteer organizations.** (i) An abstract of the full driving record maintained by the department may be furnished to a volunteer organization or an agent for a volunteer organization for which the named individual has submitted an application for a position that would require driving by the individual at the direction of the volunteer organization.

(ii) Release of an abstract of the driving record of a prospective volunteer requires a statement signed by: (A) The prospective volunteer that authorizes the release of the record; and (B) the volunteer organization attesting that the information is necessary for purposes related to driving by the individual at

the direction of the volunteer organization. If the volunteer organization authorizes an agent to obtain this information on their behalf, this must be noted in the statement.

(e) **Insurance carriers.** (i) An abstract of the driving record maintained by the department covering the period of not more than the last three years may be furnished to an insurance company or its agent:

(A) That has motor vehicle or life insurance in effect covering the named individual;

(B) To which the named individual has applied; or

(C) That has insurance in effect covering the employer or a prospective employer of the named individual.

(ii) The abstract provided to the insurance company must:

(A) Not contain any information related to actions committed by law enforcement officers or firefighters, as both terms are defined in RCW 41.26.030, or by Washington state patrol officers, while driving official vehicles in the performance of their occupational duty. This does not apply to any situation where the vehicle was used in the commission of a misdemeanor or felony;

Concerning the capital budget.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2019, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2018" or "FY 2018" means the period beginning July 1, 2017, and ending June 30, 2018.

(b) "Fiscal year 2019" or "FY 2019" means the period beginning July 1, 2018, and ending June 30, 2019.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified

purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2019-2021 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2017, from previous biennial appropriations for each project.

2017-19 Housing Trust Fund Program
(30000872)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$64,000,000 of the state taxable building construction account—state appropriation, \$38,000,000 of the state building construction account—state appropriation, and \$4,370,000 of the Washington housing trust account—state appropriation are provided solely for affordable housing and preservation of affordable housing. Of the amounts in this subsection:

(a) \$24,370,000 is provided solely for housing projects that provide supportive housing and case-management services to persons with chronic mental illness. The department must prioritize low-income supportive housing unit proposals that provide services or include a partner community behavioral health treatment provider;

(b) \$10,000,000 is provided solely for housing preservation grants to be awarded competitively. The grants may be provided for major building improvements, preservation, and system replacements,

necessary for the existing housing trust fund portfolio to maintain long-term viability. The department must require that a capital needs assessment is performed to estimate the cost of the preservation project at contract execution. Funds may not be used to add or expand the capacity of the property. To receive grants, housing projects must meet the following requirements:

(i) The property is more than fifteen years old;

(ii) At least 50 percent of the housing units are occupied by families and individuals at or below 30 percent area median income.

(iii) The improvements will result in reduction of operating or utilities costs, or both; and

(iv) Other criteria that the department considers necessary to achieve the purpose of this program.

(c) \$5,000,000 is provided solely for housing projects that benefit people at or below 80 percent of the area median income who have been displaced by a natural disaster declared by the governor, including people who have been displaced within the last two biennia.

(d) \$1,000,000 of the Washington housing trust account—state appropriation is provided solely for the department to work with the communities of concern commission to focus on creating capital assets that will help reduce poverty and build stronger and more sustainable communities using the communities' cultural understanding and vision. The funding must be used for predevelopment costs for capital projects identified by the commission and for other activities to assist communities in developing capacity to create community-owned capital assets.

(e) \$10,098,000 is provided solely for the following list of housing projects:

(i) Cross-Laminated Timber Spokane
Housing Predesign \$500,000

(ii) El Centro de la Raza \$737,000

(iii) Highland Village
Preservation \$1,500,000

(iv) Justice Housing Yakima
\$3,111,000

(v) Nisqually Tribal Housing
\$1,250,000

(vi) Othello Homesight Community Center
\$3,000,000

(f) Of the amounts appropriated remaining after (a) through (e) of this subsection, the department must allocate the funds as follows:

(i) 10 percent is provided solely for housing projects that benefit veterans;

(ii) 10 percent is provided solely for housing projects that benefit homeownership;

(iii) 5 percent is provided solely for housing projects that benefit people with developmental disabilities;

(iv) 5 percent is provided solely for grants for high quality low-income housing projects that quickly move people from homelessness into secure housing and are significantly less expensive to construct than traditional housing. In awarding grants, the department must prioritize projects that:

(A) Provide permanent, high-quality housing or safe, lockable temporary shelter structures that provide significantly greater safety and security than tents;

(B) Serve chronically homeless adults or people being discharged from inpatient mental health or addiction treatment;

(C) Offer a community setting that supports residents' transition to stability and self-determination; and

(D) Site the housing on under-utilized public land; and

(v) The remaining amount is provided solely for projects that serve low-income and special needs populations in need of housing, including, but not limited to, homeless families with children, homeless youth, farmworkers, and seniors.

(2) In evaluating projects in this section, the department must give preference for applications based on some or all of the criteria in RCW 43.185.070(5).

(3) The department must strive to allocate all of the amounts appropriated in this section within the 2017-2019 fiscal biennium in the manner prescribed in subsection (1) of this section. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate funds to projects serving other low-income and

special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

Clean Energy Funds 3 (30000881)

The appropriations in this section are
subject to the following conditions and
limitations:

(1) The appropriations are provided
solely for projects that provide a benefit
to the public through development,
demonstration, and deployment of clean
energy technologies that save energy and
reduce energy costs, reduce harmful air
emissions, or increase energy independence
for the state.

(2) In soliciting and evaluating
proposals, awarding contracts, and
monitoring projects under this section,
the department must:

(a) Ensure that competitive processes,
rather than sole source contracting
processes, are used to select all
projects, except as otherwise noted in
this section; and

(b) Conduct due diligence activities
associated with the use of public funds
including, but not limited to, oversight
of the project selection process, project
monitoring and ensuring that all
applications and contracts fully comply
with all applicable laws including
disclosure and conflict of interest
statutes.

(3)(a) Pursuant to chapter 42.52 RCW,
the ethics in public service act, the
department must require a project
applicant to identify in application
materials any state of Washington
employees or former state employees
employed by the firm or on the firm's
governing board during the past twenty-
four months. Application materials must
identify the individual by name, the
agency previously or currently employing
the individual, job title or position
held, and separation date. If it is
determined by the department that a
conflict of interest exists, the applicant
may be disqualified from further
consideration for award of funding.

(b) If the department finds, after due
notice and examination, that there is a
violation of chapter 42.52 RCW, or any
similar statute involving a grantee who
received funding under this section,
either in procuring or performing under
the grant, the department in its sole
discretion may terminate the funding grant

by written notice. If the grant is terminated, the department must reserve its right to pursue all available remedies under law to address the violation.

(4) The requirements in subsections (2) and (3) of this section must be specified in funding agreements issued by the department.

(5) \$13,000,000 of the state building construction account is provided solely for grid modernization grants for projects that advance clean and renewable energy technologies, and transmission and distribution control systems; that support integration of renewable energy sources, deployment of distributed energy resources, and sustainable microgrids; and that increase utility customer options for energy sources, energy efficiency, energy equipment, and utility services.

(a) Projects must be implemented by public and private electrical utilities that serve retail customers in the state. Eligible utilities may partner with other public and private sector research organizations and businesses in applying for funding.

(b) The department shall develop a grant application process to competitively select projects for grant awards, to include scoring conducted by a group of qualified experts with application of criteria specified by the department. In development of the application criteria, the department shall, to the extent possible, allow smaller utilities or consortia of small utilities to apply for funding.

(c) Applications for grants must disclose all sources of public funds invested in a project.

(6) \$13,000,000 of the state building construction account is provided solely for grants to demonstrate new approaches to electrification of transportation systems.

(a) Projects must be implemented by local governments, or by public and private electrical utilities that serve retail customers in the state. Eligible parties may partner with other public and private sector research organizations and businesses in applying for funding. The department of commerce must coordinate with other electrification programs, including projects the department of transportation is developing and projects funded by the Volkswagen consent decree,

to determine the most effective distribution of the systems.

(b) Priorities must be given to eligible technologies that reduce the top two hundred hours of demand and the demand side.

(c) Eligible technologies for these projects include, but are not limited to:

(i) Electric vehicle and transportation system charging and open source control infrastructure, including inductive charging systems;

(ii) Electric vehicle sharing in low-income, multi-unit housing communities in urban areas;

(iii) Grid-related vehicle electrification, connecting vehicle fleets to grid operations, including school and transit buses;

(iv) Electric vehicle fleet management tools with open source software;

(v) Maritime electrification, such as electric ferries, water taxis, and shore power infrastructure.

(7)(a) \$10,000,000 of the state building construction account is provided solely for strategic research and development for new and emerging clean energy technologies, as needed to match federal or other nonstate funds to research, develop, and demonstrate clean energy technologies.

(b) The department shall consult and coordinate with the University of Washington, Washington State University, the Pacific Northwest national laboratory and other clean energy organizations to design the grant program unless the organization prefers to compete for the grants. If the organization prefers to receive grants from the program they may not participate in the consultant process determining how the grant process is structured. The program shall offer matching funds for competitively selected clean energy projects, including but not limited to: Solar technologies, advanced bioenergy and biofuels, development of new earth abundant materials or lightweight materials, advanced energy storage, battery components recycling, and new renewable energy and energy efficiency technologies. Criteria for the grant program must include life cycle cost analysis for projects that are part of the competitive process.

(8) (a) \$8,000,000 is provided solely for scientific instruments to help accelerate research in advanced materials at the proposed science laboratories infrastructure facility at the Pacific Northwest national laboratory. These state funds are contingent on securing federal funds for the new facility, and are provided as match to the federal funding. The instruments will support researchers at the bioproducts sciences and engineering laboratory, the joint center for deployment research in earth abundant materials, the center for advanced materials and clean energy technology, and other energy and materials collaborations with the University of Washington and Washington State University.

(b) If by December 30, 2017, federal funding is not secured, the funds in this subsection (8) may be used for a pilot project by the Pacific Northwest national laboratory to use demand side management and analyze electricity use by the Washington state penitentiary. The department of corrections must make any electric utility record at the Washington state penitentiary available. Based on this analysis, a report must be provided to fiscal committees of the legislature by January 15, 2018.

(9) \$4,000,000 of the state building construction account is provided solely for grants to be awarded in competitive rounds for the deployment of solar projects located in Washington state.

(a) Priority must be given to distribution side projects that reduce peak electricity demand.

(b) Projects must be capable of generating at least five hundred kilowatts of direct current generating capacity.

(c) Grants shall not exceed \$200,000 per megawatt of direct current generating capacity and total grant funds per project shall not exceed \$1,000,000 per applicant. Applicants may not use other state grants.

(d) At least 25 percent of the total allocation of a project shall be provided solely for projects that provide direct benefits to low-income residents or communities. The department must attempt to prioritize an equal geographic distribution.

(e) Priority must be given to major components made in Washington.

Energy Efficiency and Solar Grants
(30000882)

The appropriation in this section is subject to the following conditions and limitations:

(1) (a) \$6,675,000 for fiscal year 2018 and \$6,675,000 for fiscal year 2019 is provided solely for grants to be awarded in competitive rounds to local agencies, public higher education institutions, school districts, and state agencies for operational cost savings improvements to facilities and related projects that result in energy and operational cost savings.

(b) At least twenty percent of each competitive grant round must be awarded to small cities or towns with a population of five thousand or fewer residents.

(c) In each competitive round, the higher the leverage ratio of nonstate funding sources to state grant and the higher the energy savings, the higher the project ranking.

(d) For school district applicants, priority consideration must be given to school districts that demonstrate improved health and safety through: (i) Reduced exposure to polychlorinated biphenyl; or (ii) replacing outdated heating systems that use oil or propane as fuel sources as identified by the Washington State University extension energy program. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(2) \$1,750,000 is provided solely for grants to be awarded in competitive rounds to local agencies, public higher education institutions, school districts, and state agencies for projects that involve the purchase and installation of solar energy systems, including solar modules and

inverters, with a preference for products manufactured in Washington.

(3) \$1,400,000 is provided solely for energy efficiency improvements to minor works and stand-alone projects at state-owned facilities that repair or replace existing building systems including, but not limited to HVAC, lighting, insulation, windows, and other mechanical systems. Eligibility for this funding is dependent on an analysis using the office of financial management's life-cycle cost tool that compares project design alternatives for initial and long-term cost-effectiveness. Assuming a reasonable return on investment, the cost to improve the project's energy efficiency compared to the original project request will be added to the project appropriation after construction bids are received. The department of commerce shall coordinate with the office of financial management to develop a process for project submittal, review, approval criteria, tracking project budget adjustments, and performance measures.

(4) \$500,000 is provided solely for resource conservation managers in the department of enterprise services to coordinate with state agencies and school districts to assess and adjust existing building systems and operations to optimize the efficiency in use of energy and other resources in state-owned facilities. The department of commerce will oversee an interagency agreement with the department of enterprise services to fund the resource conservation managers.

(5) The department shall develop metrics that indicate the performance of energy efficiency efforts and provide a report of the metrics, including at a minimum the current energy used by the building, the energy use after efficiencies are completed, and cost of energy saved. The report must include these metrics from other states.

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall not expend the appropriations in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(B) Necessary real estate transactions;

(C) Federal funding opportunities; and

(D) State and local funding sources, including any tax-related programs;

CERB Administered Broadband Infrastructure (91000943)

The appropriation in this section is subject to the following conditions and limitations: During the 2017-2019 fiscal biennium, the community economic revitalization board may make grants and loans to local governments and federally recognized tribes to build infrastructure to provide high-speed, open-access broadband service, with a minimum of 25 megabits per second download speed, to rural and underserved communities, for the purpose of economic development.

(1) "Local governments" means cities, towns, counties, municipal corporations, public port districts, quasi-municipal corporations, and special purpose districts.

(2) "Broadband" means networks of deployed telecommunications equipment and technologies necessary to provide high-speed Internet access and other advanced telecommunications services.

(3) The board is authorized to make rural broadband loans to local governments and to federally recognized Indian tribes for the purposes of financing the cost to build infrastructure to provide high-speed, open-access broadband service, to rural and underserved communities, for the purpose of economic development. Grants may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the local government or the federally recognized Indian tribe, and subject to a finding by the board that financial circumstances require grant assistance to enable the project to move forward. However, no more than 25 percent of all financial assistance approved by the board in any biennium may consist of grants to local governments and federally recognized Indian tribes.

(4) Application for funding must be made in the form and manner as the board may prescribe. In making grants or loans the board must conform to the following requirements:

(a) The board may not provide financial assistance:

(i) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(ii) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.

(iii) For a project the primary purpose of which is to facilitate or promote gambling.

(iv) For a project located outside the jurisdiction of the applicant local government or federally recognized Indian tribe.

(v) For equipment or facilities which would enable a public entity to provide retail telecommunications services or services that the entity is not authorized by statute to provide.

(vi) For the deployment of publicly-owned telecommunication network infrastructure ("backbone") solely for the sake of creating competitive, publicly-owned telecommunication network infrastructure.

(b) The board may provide financial assistance only:

(i) For projects demonstrating convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made that:

(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board;

(B) Will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities; and

(C) Is located in a rural community as defined by the board, or a rural county; or

(ii) For a project that does not meet the requirements of (b)(i) of this subsection but is a project that:

(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board;

(B) Is part of a local economic development plan consistent with applicable state planning requirements;

(C) Can demonstrate project feasibility using standard economic principles; and

(D) Is located in a rural community as defined by the board, or a rural county;

(c) The board must develop guidelines for local participation and allowable match and activities.

(d) An application must demonstrate local match and local participation, in accordance with guidelines developed by the board.

(e) An application must be approved by the local government and supported by the local associate development organization or local workforce development council or approved by the governing body of the federally recognized Indian tribe.

(f) The board may allow de minimis general system improvements to be funded

if they are critically linked to the viability of the project.

(g) An application must demonstrate convincing evidence that the median hourly wage of the private sector jobs created after the project is completed will exceed the countywide median hourly wage.

(h) The board must prioritize each proposed project according to:

(i) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed, but also giving consideration to the unemployment rate in the area in which the jobs would be located;

(ii) The rate of return of the state's investment, including, but not limited to, the leveraging of private sector investment, anticipated job creation and retention, and expected increases in state and local tax revenues associated with the project;

(iii) Whether the proposed project offers a health insurance plan for employees that includes an option for dependents of employees;

(iv) Whether the public facility investment will increase existing capacity necessary to accommodate projected population and employment growth in a manner that supports infill and redevelopment of existing urban or industrial areas that are served by adequate public facilities. Projects should maximize the use of existing infrastructure and provide for adequate funding of necessary transportation improvements;

(v) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance; and

(vi) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007.

(i) A responsible official of the local government or the federally recognized Indian tribe must be present during board deliberations and provide information that the board requests.

(5) Before any financial assistance application is approved, the local government or the federally recognized

Indian tribe seeking the assistance must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

(2) The mitigation plan and the stewardship of project implementation must adhere to the following guidelines:

(a) Consideration must be given to investments in areas where public health is most impacted by nitrogen oxides pollution, and especially in areas where disadvantaged communities reside;

(b) Investments must fund, to the extent possible: (i) Projects that have not been funded or implemented by or before June 30, 2017, to mitigate nitrogen oxides pollution; and (ii) projects that do not replace projects and activities that were funded on or before June 30, 2017, for implementation after that date, to address such pollution by achieving an identical or substantially similar objective;

(c) Investments in clean vehicles or clean engine replacements must be shown to be cost-effective and, for the purposes of leveraging funding, may not exceed the incremental cost of the clean vehicle or clean engine replacement, relative to the cost of a similar conventionally fueled vehicle or conventionally fueled engine replacement;

(d) Consideration must be given to investments in projects that employ a range of fueling technologies and emissions reduction technologies; and

(e) Priority must be given to projects that have the highest benefit-cost ratios, in terms of the amount of nitrogen oxides emissions reduced per dollar invested.

(3) Funding must be allocated to eligible projects under the terms of the consent decrees in the following manner:

(a)(i) No more than thirty percent of funding provided for commercial vehicle class four through eight transit buses;

(ii) No more than twenty percent of funding provided for commercial vehicle class four through eight school and shuttle buses;

(iii) No more than twenty percent of funding provided for (A) commercial vehicle class eight local freight trucks and port drayage trucks and (B) commercial

vehicle class four through seven local freight trucks;

(iv) No more than fifteen percent of funding provided for light duty, zero emission vehicle supply equipment;

(v) No more than thirty percent of funding provided for nonfederal matching funds for projects eligible under the diesel emission reduction act option; and

(vi) No more than ten percent of funding provided for other mitigation actions that are eligible under the consent decrees but not otherwise specified under this subsection (3) (a).

(b) Projects that receive funding under (a) (iii) of this subsection (3) and ocean-going vessels shorepower projects that receive funding under (a) (vi) of this subsection (3) must include electric technologies, if practicable.

(4) (a) (i) For the purposes of administering subsections (3) (a) (i), (iii), and (iv) of this section, and, as needed, subsection (3) (a) (vi) of this section, the department of ecology shall enter into an interagency agreement with the department of transportation. The department of transportation shall be responsible for proposing candidate projects under these subsections, for working with the department of ecology to determine their benefit-cost ratios under subsection (2) (e) of this section, and for prioritizing these candidate projects accordingly. The department of ecology shall work collaboratively with the department of transportation to develop and implement the elements of the mitigation plan that address these categories of projects.

(ii) In meeting its requirements under (a) (i) of this subsection (4), the department of transportation shall consider plans approved under the consent decrees governing zero emission vehicle infrastructure development identified in subsection (1) of this section, making reasonable efforts to select candidate projects that are complementary to those plans. The department of transportation shall also consider and utilize, where appropriate and to the extent possible, the following existing programs for alternative fuels and zero emission vehicles:

(A) The department of transportation's electric vehicle infrastructure bank program;

(B) The state alternative fuel commercial vehicle tax credit;

(C) The state sales and use tax exemption for clean vehicles; and

(D) Public transportation grant programs administered by the department of transportation.

(iii) To guide the department of transportation in meeting its responsibilities under (a) (i) of this subsection (4) during the 2017-2019 fiscal biennium, a steering committee is established, consisting of: The chairs and the ranking minority members of the house of representatives and senate transportation committees, or their designees; the director of the department of ecology; and the secretary of transportation or his or her designee. The steering committee must meet as needed to support the department of transportation's contribution to the elements of the mitigation plan that address the categories of projects referenced in (a) (i) of this subsection (4). Staff support must be provided by the joint transportation committee and nonpartisan committee staff of the house of representatives and senate transportation committees. The department of transportation staff must provide technical support, as needed.

(b) For the purposes of administering subsection (3) (a) (ii) of this section, including the development of the mitigation plan, the department of ecology shall enter into an interagency agreement with the office of the superintendent of public instruction.

(c) The department of ecology shall complete development of the mitigation plan according to the timeline required by the trustee. The department of ecology must submit the mitigation plan to the appropriate committees of the legislature, as well as benefit-cost information for projects pursuant to the guideline under subsection (2) (e) of this section, on the same day that the plan is submitted to the trustee.

(5) To the extent this section conflicts with the consent decrees, the consent decrees supersede it.

(6) The department of ecology may modify the mitigation plan as needed to comply with trustee requirements, including to the extent these modifications conflict with this section. In making any adjustments, the department

of ecology shall consult with the department of transportation and the office of the superintendent of public instruction and provide notice to the steering committee of any significant changes to the plan submitted.

(7) For the purposes of this section, the following definitions apply:

(a) "Project" means an eligible mitigation action under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions-related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years.

(b) "Trustee" means the entity selected under the terms of the consent decrees to administer the disbursement of funds to eligible projects for the purposes of mitigating nitrogen oxides emission pollution.

Trust Land Transfer Program (30000269)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely to the department of natural resources to transfer from trust status certain trust lands of statewide significance deemed appropriate for state parks, fish and wildlife habitats, natural area preserves, natural resources conservation areas, department of natural resources community forest open spaces, or recreation purposes. The approved property for transfer is identified in the LEAP capital document no. 2017-2H, developed April 5, 2017.

(2) Property transferred under this section must be appraised and transferred at fair market value. By September 30, 2018, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(3) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs, and may not exceed one and nine-tenths percent of the appropriation.

(4) By June 30, 2018, land within the common school trust shall be exchanged for land of equal value held for other trust beneficiaries of the property identified in subsection (1) of this section.

(5) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the

transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. Transfer agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(6) The department shall work in good faith to carry out the intent of this section.

(7) By June 30, 2019, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

State Forest Land Replacement
(30000277)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$60,000 of the appropriation is provided solely for the department to assess options to replace timber trust revenues for counties with populations of twenty-five thousand or fewer that are subject to timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act. The department must consult with the qualifying counties and other stakeholders in conducting the assessment. The department shall report the findings of its assessment, including recommendations for addressing decreased revenues from state forestlands and improving the forest products economy in the qualifying counties, by December 15, 2017.

(2)(a) The remaining portion of the appropriation is provided solely to the

department to transfer from state forestland status to natural resources conservation area status certain state forestlands in counties:

(i) With a population of twenty-five thousand or fewer; and

(ii) With risks of timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act.

(b) This appropriation must be used equally for the transfer of qualifying state forestlands in the qualifying counties.

(3) Property transferred under this section must be appraised and transferred at fair market value, without consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110. The value of the land transferred must be deposited in the park land trust revolving account and be used solely to buy replacement state forestland, consistent with RCW 79.22.060.

(4) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (2) of this section. Transfer agreements for properties identified in subsection (2) of this section must include terms that restrict the use of the property to the intended purpose.

(5) The department and applicable counties shall work in good faith to carry out the intent of this section. The department will identify eligible properties for transfer, consistent with subsections (2) and (3) of this section, in consultation with the applicable counties, and will not execute any property transfers that are not in the statewide interest of either the state forest trust or the natural resources conservation area program.

Emergency Repairs and Equal Access Grants for K-12 Public Schools (30000182)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$2,000,000 of the common school construction account—state appropriation is provided solely for emergency repair grants to address unexpected and imminent health and safety hazards at K-12 public schools, including skill centers, that will impact the day-to-day operations of the school facility, and this is the maximum amount that may be spent for this purpose. For emergency repair grants only, an emergency declaration must be signed by the school district board of directors and submitted to the superintendent of public instruction for consideration. The emergency declaration must include a description of the imminent health and safety hazard, the possible cause, the proposed scope of emergency repair work and related cost estimate, and identification of local funding to be applied to the project. Grants of emergency repair moneys must be conditioned upon the written commitment and plan of the school district board of directors to repay the grant with any insurance payments or other judgments that may be awarded, if applicable.

(2) \$3,000,000 of the state building construction account—state appropriation

is provided solely for urgent repair grants to address non-reoccurring urgent small repair projects at K-12 public schools, excluding skill centers, that could impact the health and safety of students and staff if not completed, and this is the maximum amount that may be spent for this purpose. The office of the superintendent of public instruction, after consulting with maintenance and operations administrators of school districts, shall develop criteria and assurances for providing funding for specific projects through a competitive grant program. The criteria and assurances must include, but are not limited to, the following: (a) Limiting school districts to one grant, not to exceed \$200,000, per three-year period; (b) prioritizing applications based on limited school district financial resources for the project; and (c) requiring any district receiving funding provided in this section to demonstrate a consistent commitment to addressing school facility needs. The grant applications must include a comprehensive description of the health and safety issues to be addressed, a detailed description of the remedy including a detailed cost estimate of the repair or replacement work to be performed, and identification of local funding, if any, which will be applied to the project. Grants may be used for, but are not limited to: Repair or replacement of failing building systems; abatement of potentially hazardous materials; and safety-related structural improvements.

(3) \$1,000,000 of the state building construction account—state appropriation is provided solely for equal access grants for facility repairs and alterations at K-12 public schools, including skills centers, to improve compliance with the Americans with disabilities act and individuals with disabilities education act, and this is the maximum amount that may be spent for this purpose. The superintendent of public instruction shall develop criteria and assurances for providing funding for specific projects through a competitive grant program. The criteria and assurances must include, but are not limited to, the following: (a) Limiting districts to one grant, not to exceed \$100,000, per three-year period; (b) prioritizing applications based on limited school district financial resources for the project; and (c) requiring recipient districts to demonstrate a consistent commitment to addressing school facility needs. The

grant applications must include a description of the Americans with disabilities act or individuals with disabilities education act compliance deficiency, a comprehensive description of the facility accessibility issues to be addressed, a detailed description of the remedy including a detailed cost estimate of the repair or replacement work to be performed, and identification of local funding, if any, which will be applied to the project. Priority for grant funding must be given to school districts that demonstrate a lack of capital resources to address the compliance deficiencies outlined in the grant application.

(4) The superintendent of public instruction must notify the office of financial management, the legislative evaluation and accountability program committee, the house capital budget committee, and the senate ways and means committee as projects described in subsection (1) of this section are approved for funding.

(b) The date of the final review of the latest study and survey of the affected school district following acceptance of the project by the school district board of directors.

(8) Each school district is limited to one grant award, which may be used for more than one school facility within the district, of no more than \$2,000,000.

(9) The office of the superintendent of public instruction may charge fees consistent with capital budget guidelines established by the office of financial management for administering the grants.

(b) The department shall provide grant funds to one or more competitively selected nonprofit lenders that will provide matching private capital and will administer the loan fund. The department must select the loan fund administrator or administrators through a competitive process, with scoring conducted by a group of qualified experts, applying criteria specified by the department.

(c) The department must establish guidelines that specify applicant eligibility, the screening process, and evaluation and selection criteria. The guidelines must be used by the nonprofit lenders.

(d) Loan applications must disclose all sources of public funds invested in the project. The nonprofit lender must make loans available to the following types of projects that include, but are not limited to: Residential, commercial, industrial, and agricultural energy retrofits(~~(7)~~); residential and community-scale solar installations(~~(7)~~); anaerobic digesters to treat dairy and organic waste(~~(7 and)~~); combined heat and power projects using woody biomass as a fuel source; electric vehicle charging infrastructure and equipment for cars, trucks, and buses; upgrades to facilitate such equipment and infrastructure; and acquisition of zero-emission buses and class 4-8 vehicles, including but not limited to trucks and passenger shuttles.

(7) (~~(\$6,600,000)~~) \$100,000 of the state taxable building construction account is provided solely for credit enhancements of advanced solar and renewable energy manufacturing within Washington state. The department shall develop an application process to competitively select projects.

(8) (a) \$13,000,000 of the state building construction account is provided solely for grants to advance clean and renewable energy technologies and advance transmission and distribution control system improvements for increased reliability, resiliency, and enabling integration of distributed and renewable resources and technology by public and private electrical utilities that serve retail customers in the state. Eligible utilities may partner with other public and private sector research organizations and businesses in applying for funding.

(b) The department shall develop a grant application process to competitively select projects for grant awards, to include scoring conducted by a group of qualified experts with application of criteria specified by the department. In development of the application criteria, the department shall, to the extent possible, allow smaller utilities or consortia of small utilities to apply for funding.

(c) The department shall convene an advisory panel of electric utility representatives to identify program objectives, near term priorities and long term goals.

(d) Applications for grants must disclose all sources of public funds invested in a project.

(e) Grant funds must be used for research, development, or demonstration projects that integrate intermittent renewables through energy storage, information technology or other smart grid technologies, dispatch energy storage resources from utility control rooms, use demand response, transactive control, or the thermal properties and electric load of commercial buildings and district energy systems to store energy, reduce transmission congestion or otherwise improve system reliability and resiliency and enable integration of distributed and renewable energy sources.

(9) (a) \$10,000,000 of the state building construction account is provided solely for grants to match federal funds or other nonstate funding sources used to research, develop, and demonstrate clean energy technologies.

(12) The department shall develop metrics that indicate the performance of energy efficiency efforts and provide a report of the metrics, including at a minimum the current energy used by the building, the energy use after efficiencies are completed, and cost of energy saved, to the house of representatives technology & economic development committee and the senate energy, environment & telecommunications committee. The report must include these metrics from other states.

(13) \$3,250,000 of the state building construction account—state appropriation is provided for the Pacific Northwest national laboratory to use demand side management and analyze electricity use by the department of corrections. If twenty million dollars is not available to be transferred at the beginning of the first fiscal year of the biennium, (~~on July 1st~~) by the end of the subsequent fiscal year, if the cash balance amount in the pollution liability insurance program trust account exceeds seven million five hundred thousand dollars after excluding the reserves under RCW 70.148.020(2), the state treasurer shall transfer the amount exceeding seven million five hundred

thousand dollars from the pollution liability insurance program trust account into the pollution liability insurance agency underground storage tank revolving account. The total amount transferred in a biennium from the pollution liability insurance program trust account into the pollution liability insurance agency underground storage tank revolving account may not exceed twenty million dollars.

Sec. 6026. 2016 sp.s. c 35 s 6015 (uncodified) is amended to read as follows:

STATE TREASURER TRANSFER AUTHORITY

environmental legacy stewardship account \$24,000,000

Local toxics control account: For transfer to the

environmental legacy stewardship account \$30,000,000

(1) As directed by the department of ecology in consultation with the office of financial management, the state treasurer shall transfer amounts among the state toxics control account, the local toxics control account, and the environmental legacy stewardship account as needed during the 2015-2017 fiscal biennium to maintain positive account balances in all three accounts.

(2) As directed by the department of ecology in consultation with the office of financial management, the state treasurer shall transfer amounts from the cleanup settlement account established in RCW 70.105D.130 to the state toxics control account, the local toxics control account or the environmental legacy stewardship account to maintain positive account balances up to an amount not to exceed (~~(\$23,000,000)~~) \$13,000,000 that must be considered an (~~(inter-fund)~~) interfund loan that must be repaid with interest to the cleanup settlement account in three equal repayments in fiscal years 2019, 2020, and 2021.

(3) If, after using the (~~(inter-fund)~~) interfund transfer authority granted in this section, the department of ecology determines that further reductions are needed to maintain positive account balances in the state toxics control account, the local toxics control account, and the environmental legacy stewardship account, the department is authorized to delay the start of clean-up projects based

on acuity of need, readiness to proceed, cost-efficiency, or need to ensure geographic distribution.

(4) By June 30, 2017, the department must submit a list of projects that were delayed to the office of financial management and the appropriate fiscal committees of the legislature.

PART 7

NEW SECTION. Sec. 7003. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of \$5,000,000, or \$10,000,000 for higher education institutions, may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign. The predesign document must include, but not be limited to, program, site, and cost analysis, and an analysis of the life-cycle costs of the alternatives explored, in accordance with the predesign manual adopted by the office of financial management. The results of life-cycle cost analysis must be a primary consideration in the selection of a building design. Construction may proceed only upon providing to the office of financial management the life-cycle costs. To improve monitoring of major construction projects, progress reports must be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports must be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. Sec. 7004. (1) The legislature finds that use of life-cycle cost analysis will aid public entities, architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost efficient design is used, agencies shall develop life-cycle costs for any construction project over \$10,000,000. The life-cycle costs must represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life-cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies shall develop a minimum of three project alternatives for use in the

life-cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative must be the most reasonable and cost-effective solution. A brief description of each project alternative and why it was chosen must be included in the life-cycle cost analysis section of the predesign.

(3) The office of financial management shall: (a) Make available a life-cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life-cycle cost model; and (c) update the life-cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life-cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

NEW SECTION. Sec. 7005. To improve monitoring of major construction projects, progress reports must be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports must be submitted on July 1st and December 31st each year in a format to be determined by the office of financial management.

NEW SECTION. Sec. 7006. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. Sec. 7007. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the

capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

(5) The transfer authority granted in this section does not apply to appropriations for projects for the state parks and recreation commission. Appropriations for commission projects may be spent only for the specified projects, and funding may not be transferred from one commission project to another or from other sources to a commission project.

NEW SECTION. Sec. 7008. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is

the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to:

(a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. Sec. 7009. (1) Any building project that receives over \$10,000,000 in funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building attributes, including energy efficiency, durability, life-cycle performance, and occupant productivity. The following design and construction attributes must be integrated into the building project:

(a) Employ integrated design principles: Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorporation of these goals throughout the design and life-cycle of the building. Considers all stages of the building's life-cycle, including deconstruction.

(b) Commissioning: Employ commissioning practices tailored to the size and

complexity of the building and its system components in order to verify performance of building components and systems and help ensure that design requirements are met. This should include an experienced commissioning provider, inclusion of commissioning requirements in construction documents, a commissioning plan, verification of the installation and performance of systems to be commissioned, and a commissioning report.

(c) Optimize energy performance: Establish a whole building performance target that takes into account the intended use, occupancy, operations, plug loads, other energy demands, and design to earn the ENERGY STAR targets for new construction and major renovation where applicable. For new construction target low energy use index. For major renovations, reduce the energy use by fifty percent below prerenovations baseline.

(d) On-site renewable energy: Meet at least thirty percent of the hot water demand through the installation of solar hot water heaters, when life-cycle cost effective. Implement renewable energy generation projects on agency property for agency use, when life-cycle cost effective.

(e) Measurement and verification: Install building level electricity meters in new major construction and renovation projects to track and continuously optimize performance. Include equivalent meters for natural gas and steam, where natural gas and steam are used. Install dashboards inside buildings to display and incentivize occupants on energy use.

(f) Benchmarking: Compare actual performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For other building and space types, use an equivalent benchmarking tool for laboratory buildings. Web-based data collection and dashboards must also be provided.

NEW SECTION. Sec. 7010. State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. Sec. 7011. Executive Order No. 05-05, archaeological and cultural resources, was issued effective November 10, 2005. Agencies shall comply

with the requirements set forth in this executive order.

NEW SECTION. Sec. 7012. FOR THE ARTS COMMISSION—ART WORK ALLOWANCE. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding \$200,000 by colleges or universities is provided solely for the purposes of RCW 28B.10.027.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency identified in RCW 43.17.020 is provided solely for the purposes of RCW 43.17.200.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2017-2019 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. Art allocations not expended within the ensuing two biennia will lapse. The commission may use up to \$150,000 of this amount to conserve or maintain existing pieces in the state art collection pursuant to RCW 28A.335.210.

(5) The executive director of the arts commission shall appoint a study group to review the operations of the one-half of one percent for works of art purchased or commissioned as required by RCW 28A.335.210, 28B.10.027, and 43.17.200. The findings of the review must be reported annually to the office of financial management and the fiscal committees of the legislature by September 15th. The review must include, but is not limited to, the following: (a) Projects purchased or commissioned per biennium; (b) partner agencies; (c) funding sources by fiscal year; (d) artwork costs; (e) administrative costs; (f) collection care costs; and (g) project status.

Sec. 7013. RCW 28B.10.027 and 2016 sp.s. c 35 s 6008 are each amended to read as follows:

(1) All universities and colleges shall allocate as a nondeductible item, out of any moneys appropriated for the original construction or any major renovation or remodel work exceeding two hundred thousand dollars of any building, an amount of one-half of one percent of the

appropriation to be expended by the Washington state arts commission with the approval of the board of regents or trustees for the acquisition of works of art.

(2) For projects funded in the 2015-2017 capital budget and the 2017-2019 capital budget, an institution of higher education, working with the Washington arts commission, may expend up to ten percent of the projected art allocation for a project during the design phase in order to select an artist and design art to be integrated in the building design. The one-half of one percent to be expended by the Washington arts commission must be adjusted downward by the amount expended by a university or college during the design phase of the capital project.

(3) The works of art may be placed on public lands of institutions of higher education, integral to or attached to a public building or structure of institutions of higher education, detached within or outside a public building or structure of institutions of higher education, part of a portable exhibition or collection, part of a temporary exhibition, or loaned or exhibited in other public facilities.

(4) In addition to the cost of the works of art, the one-half of one percent of the appropriation shall be used to provide for the administration of the visual arts program, including conservation of the state art collection, by the Washington state arts commission and all costs for installation of the work of art. For the purpose of this section building shall not include sheds, warehouses, and other buildings of a temporary nature.

NEW SECTION. Sec. 7014. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 7015. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. **Sec. 7016.** (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. **Sec. 7017.** NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by chapter . . . , Laws of 2017 (Substitute House Bill No. 1080, the general obligation bond bill) for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and regulations shall be deposited into the state building construction account. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary, or that a shift of appropriation authority from the state taxable building construction account to the state building construction account may be made.

NEW SECTION. **Sec. 7018.** COLUMBIA RIVER BASIN NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the Columbia river basin water supply development account may be transferred to the Columbia river basin taxable bond water supply development account as deemed necessary by the state finance committee

(4)(a) The department shall use moneys deposited in the local toxics control account for grants or loans to local governments for the following purposes in descending order of priority:

(i) Extended grant agreements entered into under (e)(i) of this subsection;

(ii) Remedial actions, including planning for adaptive reuse of properties as provided for under (e)(iv) of this subsection. The department must prioritize funding of remedial actions at:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;

(B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;

(b) Funds for plans and programs must be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW.

(c) During the 2013-2015 fiscal biennium, the local toxics control account may also be used for local government storm water planning and implementation activities.

(d) During the 2013-2015 fiscal biennium, the legislature may transfer from the local toxics control account to the state general fund, such amounts as reflect the excess fund balance in the account.

(e) To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(v) Provide grants to local governments for remedial actions related to area-wide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of

brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under (e)(iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(f) To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance. For the 2013-2015 fiscal biennium, moneys in the local toxics control account may be spent on projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of 2013 2nd sp. sess.

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics control account may be used for: Natural disasters where there is no hazardous substance contamination; high performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the hazardous substance tax imposed in chapter 82.21 RCW.

(7) Except during (~~the 2011-2013 and~~) the 2015-2017 and the 2017-2019 fiscal biennia, one percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for

public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited procedures in RCW 34.05.353. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. affects the ability of a potentially liable person to receive public funding.

(10) During the 2015-2017 fiscal biennium the local toxics control account may also be used for the centennial clean water program and for the storm water financial assistance program administered by the department of ecology.

(11) During the 2017-2019 biennium the state toxics control account, the local toxics control account, and the environmental legacy stewardship account may be used for interchangeable purposes and funds may be transferred between accounts to accomplish those purposes.

The board may use or permit the use of any funds appropriated for this chapter as matching funds where federal, local, or other funds are made available for projects within the purposes of this chapter. Moneys appropriated to these accounts that are not obligated to a specific project may be used to fund projects from lists of alternate projects from the same account in biennia succeeding the biennium in which the moneys were originally appropriated.

(5) Projects receiving grants for development, recreational access, or fee simple acquisition of land under this chapter must be accessible for public recreation and outdoor education unless the board specifically approves limiting public access in order to protect sensitive species, water quality, or public safety.

Each biennium the percentage specified under (a) of this subsection must be approved by the office of financial management and submitted along with the prioritized lists of projects to be funded in RCW 79A.15.060, 79A.15.070, and 79A.15.130.

(9) Habitat and recreation land and facilities acquired or developed with moneys appropriated for this chapter may not, without prior approval of the board, be converted to a use other than that for which funds were originally approved. The board shall adopt rules and procedures governing the approval of such a conversion.

Sec. 7028. RCW 79A.15.050 and 2016 c 149 s 5 are each amended to read as follows:

(3)(a) In distributing these funds, the board retains discretion to meet the most pressing needs for state and local parks, trails, and water access sites, and is not required to meet the percentages described in subsections (1) and (2) of this section in any one biennium. However, for the 2017-2019 biennium, moneys appropriated for this chapter must be allocated as specified in section 3183 of this act.

Sec. 7029. RCW 79A.15.130 and 2016 c 149 s 10 are each amended to read as follows:

(1) The farm and forest account is established in the state treasury. The board will administer the account in accordance with chapter 79A.25 RCW and this chapter, and hold it separate and apart from all other money, funds, and accounts of the board. Moneys appropriated for this chapter to the farm and forest account must be distributed for the acquisition and preservation of farmlands and forestlands in order to maintain the opportunity for agricultural and forest management activity upon these lands.

(2) Moneys appropriated beginning July 1, 2016, for this chapter shall be divided as follows:

(a) Not less than ninety percent for the acquisition and preservation of farmlands.

(b) Not less than ten percent for the acquisition and preservation of forestlands.

(c) However, for the 2017-2019 biennium, moneys appropriated for this chapter must be allocated as specified in section 3183 of this act.

(3) Moneys appropriated for this chapter to the farm and forest account may be distributed for: (a) The acquisition of a less than fee simple interest in farmlands or forestland, such as a conservation easement or lease; (b) the enhancement or restoration of ecological functions on those properties; or (c) both. (4) Cities, counties, nonprofit nature conservancies, and the conservation commission may apply for acquisition and enhancement or restoration funds for farmland or forestland preservation projects within their jurisdictions under subsection (1) of this section.

(5) The board may adopt rules establishing acquisition and enhancement or restoration policies and priorities for distributions from the farm and forest account.

(6) The acquisition of a property interest in a project under this section does not provide a right of access to the property by the public unless explicitly provided for in a conservation easement or other form of deed restriction.

(7) Except as provided in RCW 79A.15.030(8), moneys appropriated for this section may not be used by the board to fund staff positions or other overhead expenses, or by cities, counties, nonprofit nature conservancies, or the conservation commission to fund operation or maintenance of areas acquired under this chapter.

(8) Moneys appropriated for this section may be used by grant recipients for costs incidental to restoration and acquisition, including, but not limited to, surveying expenses, fencing, noxious weed control, and signing.

(9) The board may not approve a local project where the local agency's or nonprofit nature conservancies' share is less than the amount to be awarded from the farm and forest account. In-kind contributions, including contributions of a real property interest in land, may be used to satisfy the local agency's or nonprofit nature conservancies' share.

(10) In determining the acquisition priorities for farmland projects, the

board must consider, at a minimum, the following criteria:

- (a) Community support for the project;
- (b) A recommendation as part of a limiting factors or critical pathways analysis, a watershed plan or habitat conservation plan, or a coordinated regionwide prioritization effort;
- (c) The likelihood of the conversion of the site to nonagricultural or more highly developed usage;
- (d) Consistency with a local land use plan, or a regional or statewide recreational or resource plan. The projects that assist in the implementation of local shoreline master plans updated according to RCW 90.58.080 or local comprehensive plans updated according to RCW 36.70A.130 must be highly considered in the process;

 - (iii) Suitability for producing different types or varieties of crops;
 - (iv) Farm-to-market access;
 - (v) Water availability; and
- (i) Other community values provided by the property when used as agricultural land, including, but not limited to:
 - (i) Viewshed;
 - (ii) Aquifer recharge;
 - (iii) Occasional or periodic collector for storm water runoff;
 - (iv) Agricultural sector job creation;
 - (v) Migratory bird habitat and forage area; and
 - (vi) Educational and curriculum potential.

(11) In allotting funds for environmental enhancement or restoration projects, the board will require the projects to meet the following criteria:

POINT OF ORDER

Representative Tarleton requested a scope and object ruling on amendment (534) to House Bill No. 2201.

SPEAKER'S RULING

Mr. Speaker (Representative Orwall presiding): *The title of House Bill 2201 is lengthy but includes language limiting the scope of the bill to creation of "a market value adjustment program to provide a credit" for certain taxes authorized by the voters in 2016 "in a manner that limits the delay of the voter approved 2016 plan".*

In addition to a credit, the amendment both changes the administration of the valuation schedule used to determine those taxes, and would have the effect of delaying the voter approved projects.

The Speaker therefore finds and rules that the amendment is beyond the scope of the bill as defined by its title.

The point of order is well taken.

Representative Harmsworth moved the adoption of amendment (542):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 82.44 RCW to read as follows:

If the department enters into a contract with a regional transit authority for the collection of a motor vehicle excise tax authorized in RCW 81.104.160(1), and after the regional transit authority implements a market value adjustment program as directed in section 2 of this act, the department must clearly indicate, when notifying taxpayers of the expected tax due and when collecting the tax: The amount of tax owed under current law, the amount of any credit applied, and the net result.

NEW SECTION. Sec. 2. A new section is added to chapter 81.112 RCW to read as follows:

(1) A regional transit authority that includes portions of a county with a population of more than one million five hundred thousand and that imposes a motor vehicle excise tax under RCW 81.104.160(1) must establish a market value adjustment program to be implemented by December 31, 2017.

(2) Under the market value adjustment program, the authority must provide a credit against the motor vehicle excise tax due in an amount equal to two times the difference between the tax due calculated using the vehicle valuation schedule in chapter 82.44 RCW as it existed on January 1, 1996, and the tax otherwise due calculated using the vehicle valuation schedule in RCW 82.44.035, if the resulting difference is positive. The net result of the amount of tax owed under current law and the amount of any credit applied must not exceed five-tenths of one percent of the value of the vehicle. The credit applies only to the motor vehicle excise tax authorized in RCW 81.104.160(1).

(3) The program may be funded by any resources available to the authority including, but not limited to:

(a) Unrestricted tax proceeds or other revenues; and

(b) Savings from the delivery of projects.

(4) The program must be retroactive to the date that the authority first imposed the tax under RCW 81.104.160(1).

(5)(a) The program must be implemented in a manner that allows the delivery of the system and financing plan approved by

the authority's voters in 2016 to the extent practicable. Building on past and ongoing cost-savings efforts, the agency must continue to evaluate measures that may be needed to reduce costs. These measures include, but are not limited to:

(i) Designing projects using the principles of practical design, as described for use by the department of transportation under RCW 47.01.480;

(ii) Efficiencies realized in coordinating and integrating activities with other transit agencies and local governments, including through shared maintenance and operations, joint procurement, joint marketing, joint customer services, and joint capital projects; and

(iii) Revising project contingency budgets, if practicable.

(b) If, when implementing the program, the authority is not able to deliver projects according to the system and financing plan approved by the authority's voters in 2016, the authority must identify savings and cost reductions in the following priority order: First, from light rail projects; second, from transit bus-related projects; third, from commuter rail projects; and fourth, from parking facility projects.

(6) Until the plan has been completed, the authority must submit an annual report to the transportation committees of the legislature by December 31st of each year on the status of the delivery of the plan. The report must include detail on the extent to and manner in which the authority has used cost savings to maintain the delivery of the plan as approved by the voters.

Sec. 3. RCW 82.44.035 and 2010 c 161 s 910 are each amended to read as follows:

(1) For the purpose of determining any locally imposed motor vehicle excise tax, the value of a truck or trailer (~~shall be~~) is the latest purchase price of the vehicle, excluding applicable federal excise taxes, state and local sales or use taxes, transportation or shipping costs, or preparatory or delivery costs, multiplied by the following percentage based on year of service of the vehicle since last sale. (b) \$44,311,000 of the transportation partnership account—state appropriation is provided solely for the SR 520 Bridge Replacement and HOV project (8BI1003).

(c) When developing the financial plan for the project, the department shall assume that all maintenance and operation costs for the new facility are to be covered by tolls collected on the toll facility and not by the motor vehicle account.

(15) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's 2018 budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(16) \$49,014,000 of the motor vehicle account—federal appropriation and \$6,800,000 of the motor vehicle account—state appropriation are provided solely

for fish passage barrier and chronic deficiency improvements (OBI4001).

(17) Any advisory group that the department convenes during the 2017-2019 fiscal biennium must consider the interests of the entire state of Washington.

(18) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue \$50,000,000 in federal funds to pay for this project to supplant state funds in the future. \$50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

(19) \$93,500,000 of the connecting Washington account-state appropriation is provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R). Any savings on the project must stay on the Puget Sound gateway corridor.

(20) (a) In making budget allocations to the Puget Sound gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(b) The secretary of transportation must develop a memorandum of understanding with local project stakeholders that identifies a schedule for stakeholders to provide local matching funds for the Puget Sound gateway project. Criteria for eligibility of local match includes matching funds and equivalent in-kind contributions including, but not limited to, land donations. The memorandum of understanding must be finalized by January 1, 2018. The department must submit a copy of the memorandum of understanding to the transportation committees of the

legislature and report regularly on the status of local match funding.

(21) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

(22) \$600,000 of the motor vehicle account-state appropriation is provided solely for the department to complete an interchange justification report (IJR) for the U.S. 2 trestle (L1000158), covering the state route number 204 and 20th Street interchanges at the end of the westbound structure.

(a) The department shall develop the IJR in close collaboration with affected local jurisdictions, including Snohomish county and the cities of Everett, Lake Stevens, Marysville, Snohomish, and Monroe.

(b) Within the amount provided for the IJR, the department must address public outreach and the overall operational approval of the IJR.

(c) The department shall complete the IJR and submit the final report to the governor and the transportation committees of the legislature by July 1, 2018.

(23) (a) The legislature recognizes that the city of Mercer Island has unique access issues that require the use of Interstate 90 to leave the island and that this access may be affected by the I-90/Two-Way Transit and HOV Improvements project. One of the most heavily traveled on-ramps from Mercer Island to the westbound Interstate 90 general purpose lanes is from Island Crest Way. The department must continue to consult with the city of Mercer Island and the other signatories to the 1976 memorandum of agreement to preserve access provided to Mercer Island by the Island Crest Way on-ramp, and thus grandfather-in the current use of the on-ramp for both high occupancy vehicles as well as vehicles seeking to access the general purpose lanes of Interstate 90. The department must consider all reasonable access solutions, including allowing all vehicles to use the Island Crest Way on-ramp to access the new high occupancy vehicle lane with a reasonable and safe distance provided for

single-occupancy vehicles to merge into the general purpose lanes. A final access solution must consider all safety, operational, and enforcement requirements, not benefit one group of commuters at the expense of another group, and meet applicable requirements of state and federal law.

(b) The department may not close or restrict, in any way, the westbound on-ramp from Island Crest Way to the current westbound Interstate 90 general purpose lanes until a mutually acceptable final access solution has been reached.

(24) \$2,000,000 of the Interstate 405 express toll lanes operations account-state appropriation is provided solely for the I-405 NB Hard Shoulder Running - SR 527 to I-5 project (L1000163).

(25) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Before the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2019, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

Only projects that are validated by the department may receive funding under this subsection. The department shall continue to work with the Washington state freight advisory committee to improve project screening and validation to support project prioritization and selection, including during the freight mobility plan update in 2017.

(11) The appropriation in this section includes funding for starting planning, engineering, and construction of the Elwha River bridge replacement. To the greatest extent practicable, the department shall maintain public access on the existing route.

IMPLEMENTING PROVISIONS

NEW SECTION. Sec. 601. FUND TRANSFERS

(1) The 2005 transportation partnership projects or improvements and 2015 connecting Washington projects or improvements are listed in the LEAP Transportation Document 2017-1 as developed March 25, 2017, which consists of a list of specific projects by fund source and amount over a sixteen-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a sixteen-year plan. The department of transportation is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and connecting Washington account projects on the LEAP transportation documents referenced in this act. For the 2017-2019 project appropriations, unless otherwise provided in this act, the director of the office of financial management may authorize a transfer of appropriation authority funds between projects funded with transportation partnership account appropriations or connecting Washington account appropriations to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed in the current fiscal biennium;

(d) Transfers may not occur for projects not identified on the applicable project list;

(e) Transfers may not be made while the legislature is in session;

(f) Transfers to a project may not be made with funds designated as attributable to practical design savings as described in RCW 47.01.480;

(g) Each transfer between projects may only occur if the director of the office of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2018 supplemental omnibus transportation appropriations act, any unexpended 2015-2017 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects; and

(i) Transfers between projects may be made by the department of transportation without the formal written approval provided under this subsection (1), provided that the transfer amount does not exceed two hundred fifty thousand dollars or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of the office of financial management and the chairs of the house of representatives and senate transportation committees.

(2) The department of transportation must submit quarterly all transfers authorized under this section in the transportation executive information system. The office of financial management must maintain a legislative baseline project list identified in the LEAP transportation documents referenced in this act, and update that project list with all authorized transfers under this section.

(3) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(4) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner.

(5) No fewer than ten days after the receipt of a project transfer request, the director of the office of financial management must provide written notification to the department of any decision regarding project transfers, with copies submitted to the transportation committees of the legislature.

(6) The department must submit annually as part of its budget submittal a report detailing all transfers made pursuant to this section.

NEW SECTION. **Sec. 602.** To the extent that any appropriation authorizes expenditures of state funds from the motor vehicle account, special category C account, Tacoma Narrows toll bridge account, transportation 2003 account (nickel account), transportation partnership account, transportation improvement account, Puget Sound capital construction account, multimodal transportation account, state route number 520 corridor account, or other transportation capital project account in the state treasury for a state transportation program that is specified to be funded with proceeds from the sale of bonds authorized in chapter 47.10 RCW, the legislature declares that any such expenditures made before the issue date of the applicable transportation bonds for that state transportation program are intended to be reimbursed from proceeds of those transportation bonds in a maximum amount equal to the amount of such appropriation.

NEW SECTION. **Sec. 603.** BELATED CLAIMS

The agencies and institutions of the state may expend moneys appropriated in this act, upon approval of the office of financial management, for the payment of supplies and services furnished to the agency or institution in prior fiscal biennia.

NEW SECTION. **Sec. 604.** FOR THE DEPARTMENT OF TRANSPORTATION

(1) As part of its 2018 supplemental budget submittal, the department shall provide a report to the legislature and the office of financial management that:

(a) Identifies, by capital project, the amount of state funding that has been reappropriated from the 2015-2017 fiscal biennium into the 2017-2019 fiscal biennium; and

(b) Identifies, for each project, the amount of cost savings or increases in funding that have been identified as compared to the 2015 enacted omnibus transportation appropriations act.

(2) As part of the agency request for capital programs, the department shall load reappropriations separately from funds that were assumed to be required for the 2017-2019 fiscal biennium into budgeting systems.

NEW SECTION. **Sec. 605.** FOR THE DEPARTMENT OF TRANSPORTATION—WEB SITE REPORTING REQUIREMENTS

(1) The department of transportation shall post on its web site every report that is due from the department to the legislature during the 2017-2019 fiscal biennium on one web page. The department must post both completed reports and planned reports on a single web page.

(2) The department shall provide a web link for each change order that is more than five hundred thousand dollars on the affected project web page.

NEW SECTION. **Sec. 606.** (1) By November 15, 2017, and annually thereafter, the department of transportation must report on amounts expended to benefit transit, bicycle, or pedestrian elements within all connecting Washington projects in programs I, P, and Z identified in LEAP Transportation Document 2017-2 ALL PROJECTS as developed March 25, 2017. The report must address each modal category separately and identify if eighteenth amendment protected funds have been used and, if not, the source of funding.

(2) To facilitate the report in subsection (1) of this section, the department of transportation must require that all bids on connecting Washington projects include an estimate on the cost to implement any transit, bicycle, or pedestrian project elements.

NEW SECTION. **Sec. 607.** PROJECT SCOPE CHANGES

(1) The legislature finds that in the course of efficiently delivering connecting Washington projects, it is necessary to create a process for the department of transportation to request and receive approval of practical design-

related project scope changes while the legislature is not in session. During the 2017-2019 fiscal biennium, the director of the office of financial management may approve project scope change requests to connecting Washington projects in the highway improvements program, provided that the requests meet the criteria outlined in RCW 47.01.480 and are subject to the limitations in this section.

(2) At the time the department of transportation submits a request for a project scope change under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(3) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested project scope changes.

(4) No fewer than ten days after the receipt of a scope change request, the director of the office of financial management must provide written notification to the department of any decision regarding project scope changes, with copies submitted to the transportation committees of the legislature.

(5) As part of its annual budget submittal, the department of transportation must report on all approved scope change requests from the prior year, including a comparison of the scope before and after the requested change.

NEW SECTION. Sec. 608. FOR THE DEPARTMENT OF TRANSPORTATION

The department of transportation may provide up to three million dollars in toll credits to Kitsap transit for its role in passenger-only ferry service and ferry corridor-related projects. The number of toll credits provided must be equal to, but no more than, the number sufficient to meet federal match requirements for grant funding for passenger-only ferry service, but must not exceed the amount authorized in this section.

MISCELLANEOUS 2017-2019 FISCAL BIENNIUM

NEW SECTION. Sec. 701. INFORMATION TECHNOLOGY PROJECTS

(1) All appropriations for designated information technology projects in this act must be placed in unallotted status and must not be expended before the office

of the chief information officer certifies that the project complies with state information technology and security policy and strategies. At a minimum, the office of the chief information officer must certify, if the chief information officer deems appropriate, that the project meets critical project success factors, aligns with statewide technology strategy and architecture, reuses existing technology services and solutions, minimizes custom development, complies with security and other policy requirements, and uses modularized, component-based architectures. The office of the chief information officer must evaluate the project at the appropriate stages. The office of the chief information officer must notify the office of financial management and the legislative fiscal committees each time it certifies a project is ready to proceed with the next stage. Appropriations may then be allotted for that certified phase only.

(2) The chief information officer may suspend or terminate a project at any time if the chief information officer determines that the project is not meeting or not expected to meet anticipated performance and technology outcomes. Once suspension or termination occurs, the agency shall not make additional expenditures on the project without approval of the chief information officer.

The following projects are subject to the conditions, limitations, and review provided in this section: Department of Transportation - Labor System Replacement, Department of Transportation - Ferry Network System Support, Department of Transportation - Land Mobile Radio System Replacement, and Department of Transportation - New CSC System and Operator.

(3) The office of the chief information officer, in consultation with the office of financial management, may identify additional projects to be subject to this section other than those listed in subsection (2) of this section, including projects that are not separately identified within an agency budget.

NEW SECTION. Sec. 702. FINANCIAL CONTRACTS

The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus

financing expenses and required reserves pursuant to chapter 39.94 RCW. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein. The department of transportation may enter into a financing contract up to \$14,600,000 plus financing expenses and required reserves using certificates of participation under chapter 39.94 RCW for energy efficiency upgrades at department-owned buildings.

NEW SECTION. Sec. 703. SETTLEMENT FUNDS EXPENDITURE

(1) The legislature finds that it is appropriate to provide a framework for the administration of mitigation funds provided to the state as a beneficiary under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions-related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years. The legislature deems the department of ecology the responsible agency for the administration and expenditure of funds provided by the trustee under the terms of the consent decrees, including the development of a mitigation plan to guide the use of the funds, whether or not the department receives funds directly for projects included in the plan.

(2) The mitigation plan and the stewardship of project implementation must adhere to the following guidelines:

(a) Consideration must be given to investments in areas where public health is most impacted by nitrogen oxides pollution, and especially in areas where disadvantaged communities reside;

(b) Investments must fund, to the extent possible: (i) Projects that have not been funded or implemented by June 30, 2017, to mitigate nitrogen oxides pollution; and (ii) projects that do not replace projects and activities that were funded on or before June 30, 2017, for implementation after that date, to address such pollution by achieving an identical or substantially similar objective;

(c) Investments in clean vehicles or clean engine replacements must be shown to be cost-effective and, for the purposes of leveraging funding, may not exceed the incremental cost of the clean vehicle or

clean engine replacement, relative to the cost of a similar conventionally fueled vehicle or conventionally fueled engine replacement;

(d) Consideration must be given to investments in projects that employ a range of fueling technologies and emissions reduction technologies; and

(e) Priority must be given to projects that have the highest benefit-cost ratios, in terms of the amount of nitrogen oxides emissions reduced per dollar invested.

(3) Funding must be allocated to eligible projects under the terms of the consent decrees in the following manner:

(a)(i) No more than thirty percent of funding provided for commercial vehicle class four through eight transit buses;

(ii) No more than twenty percent of funding provided for commercial vehicle class four through eight school and shuttle buses;

(iii) No more than twenty percent of funding provided for (A) commercial vehicle class eight local freight trucks and port drayage trucks and (B) commercial vehicle class four through seven local freight trucks;

(iv) No more than fifteen percent of funding provided for light duty, zero emission vehicle supply equipment;

(v) No more than thirty percent of funding provided for nonfederal matching funds for projects eligible under the diesel emission reduction act option; and

(vi) No more than ten percent of funding provided for other mitigation actions that are eligible under the consent decrees but not otherwise specified under this subsection (3)(a).

(b) Projects that receive funding under subsection (3)(a)(iii) of this section and ocean-going vessels shorepower projects that receive funding under subsection (3)(a)(vi) of this section must include electric technologies, if practicable.

(4)(a)(i) For the purposes of administering subsection (3)(a)(i), (iii), (iv), and, as needed, (vi) of this section, the department of ecology shall enter into an interagency agreement with the department of transportation. The department of transportation is responsible for proposing candidate projects under these subsections, for working with the department of ecology to determine its benefit-cost ratios under

subsection (2) (e) of this section, and for prioritizing these candidate projects accordingly. The department of ecology shall work collaboratively with the department of transportation to develop and implement the elements of the mitigation plan that address these categories of projects.

(ii) In meeting its requirements under (a) (i) of this subsection, the department of transportation shall consider plans approved under the consent decrees governing zero emission vehicle infrastructure development identified in subsection (1) of this section, making reasonable efforts to select candidate projects that are complementary to those plans. The department of transportation shall also consider and utilize, where appropriate and to the extent possible, the following existing programs for alternative fuels and zero emission vehicles:

(A) The department of transportation's electric vehicle infrastructure bank program;

(B) The state alternative fuel commercial vehicle tax credit;

(C) The state sales and use tax exemption for clean vehicles; and

(D) Public transportation grant programs administered by the department of transportation.

(iii) To guide the department of transportation in meeting its responsibilities under (a) (i) of this subsection during the 2017-2019 fiscal biennium, a steering committee is established, consisting of: The chairs and ranking minority members of the house of representatives and senate transportation committees, or their designees; the director of the department of ecology; and the secretary of transportation or his or her designee. The steering committee must meet as needed to support the department of transportation's contribution to the elements of the mitigation plan that address the categories of projects referenced in subsection (3) (a) (i), (iii), (iv), and (vi) of this section. Staff support must be provided by the joint transportation committee and nonpartisan committee staff of the house of representatives and senate transportation committees. The department of transportation staff must provide technical support, as needed.

(b) For the purposes of administering subsection (3) (a) (ii) of this section, including the development of the mitigation plan, the department of ecology shall enter into an interagency agreement with the office of the superintendent of public instruction. The superintendent, in consultation with the director of the department of ecology, is authorized to establish a grant program for the purposes of providing funding to school districts for school bus-related projects. Pursuant to the guidelines in subsection (2) (c) of this section, funding may be provided for only the incremental costs of projects above the costs of standard school bus or school bus engine replacement under current school bus depreciation funding requirements. Any grant funding provided under this subsection is temporary in nature and is for enhancements outside the basic education program.

Sec. 905. 2016 c 14 s 205 (uncodified) is amended to read as follows:

FOR THE TRANSPORTATION COMMISSION

Motor Vehicle Account-State
Appropriation ((~~\$2,667,000~~))

\$2,516,000

Motor Vehicle Account-Federal
Appropriation \$500,000

Multimodal Transportation Account-State

Appropriation \$112,000

TOTAL APPROPRIATION ~~\$3,279,000~~

\$3,128,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$300,000 of the motor vehicle account-state appropriation is provided solely to continue evaluating a road usage charge as an alternative to the motor vehicle fuel tax to fund investments in transportation. The evaluation must include monitoring and reviewing work that is underway in other states and nationally. The commission may coordinate with the department of transportation to jointly pursue any federal or other funds that are or might become available and eligible for road usage charge pilot projects. The commission must reconvene the road usage charge steering committee, with the same membership authorized in chapter 222, Laws of 2014, and report to the governor's office and the transportation committees of the house of representatives and the senate by December 15, 2015.

(2) \$150,000 of the motor vehicle account-state appropriation is provided solely for the commission to use an outside survey firm to conduct three transportation surveys during the 2015-2017 fiscal biennium. The commission must consult with the joint transportation committee when deciding on the survey topics and design to ensure the survey results will deliver the data, information, and analysis for future transportation policy and strategic planning decisions in a manner useful to the legislature.

(3)(a) The legislature finds that, while some travel times have improved through Interstate 405 between the junctions with Interstate 5 on the north end and NE 6th Street in the city of Bellevue on the south end, especially for transit trips, the implementation of the express toll lane system has made travel more difficult for a number of other drivers and trips. To provide some relief to drivers, the legislature encourages the commission to expedite consideration of the elimination of tolls during evening nonpeak hours, weekends, and holidays, to the extent that such a change will improve commuters' experience on this portion of

Interstate 405. The legislature further finds that the commission, as the tolling authority of the state, should act swiftly, working in conjunction with the department of transportation's comprehensive effort to tackle obstacles adversely affecting commutes on this portion of Interstate 405, to drive improved results for the users of this critical corridor as soon as is practicable.

(b) In accordance with the rule-making authority provided under RCW 34.05.350(1)(a), the legislature deems it necessary, for preservation of the general welfare, that operational changes be made to improve the express toll lane program on Interstate 405 and that the tolling authority use its emergency rule-making authority to effect such changes in accordance with RCW 47.56.850 and 47.56.880. The legislature finds that the need for improvements to the commuter experience on the portion of Interstate 405 identified in (a) of this subsection necessitates that such action be taken in an expedited fashion. The tolling authority, with input from the department of transportation, shall evaluate the hours and days of operation for the express toll lanes and the minimum high occupancy vehicle passenger requirements for using the express toll lanes, taking into consideration the goals of: Reducing travel time on this portion of Interstate 405, including in the general purpose lanes; reducing the cost of traveling within the express toll lanes on this portion of Interstate 405; and maintaining sufficient revenue to pay for this portion of Interstate 405's express toll lane operating costs. This subsection (3) does not create a private right of action.

(4)(a) \$500,000 of the motor vehicle account—federal appropriation is provided solely to advance the work completed since 2011 in evaluating a road usage charge as an alternative to the motor vehicle fuel tax to fund future investments in transportation by completing the work necessary to launch a road usage charge pilot project, with all implementation details for a pilot project identified and incorporated into a pilot project implementation plan.

(i) Pilot project implementation preparation must include identification of all essential agency roles and responsibilities for the pilot project, a selection of the technologies and methodologies to be included, a target

number of participants and participant characteristics, rigorous specific evaluation criteria by which the pilot project will be assessed, a communication plan for the pilot project that consists of a participant recruitment plan and a plan for communicating information about the launch and ongoing progress of the pilot project, and pilot project expenditure and revenue estimates.

(ii) In developing the road usage charge pilot project implementation plan, the commission shall consult and coordinate with the department of transportation, the department of licensing, the department of revenue, and the office of the state treasurer to establish participation and coordination parameters for the project.

(b) The commission shall coordinate with the department of transportation to jointly pursue any federal or other funds that are or might become available to fund a road usage charge pilot project. Where feasible, grant application content prepared by the commission must reflect the direction provided by the road usage charge steering committee on the preferred road usage charge pilot project approach. One or more grant applications may be developed as part of the road usage charge pilot project implementation plan development work, but the pilot project implementation plan must nevertheless include any details necessary for a full launch of the pilot project not required to be included in any grant application.

(c) The commission shall reconvene the road usage charge steering committee, with the same membership authorized in chapter 222, Laws of 2014, as well as the addition of a representative from the Puget Sound regional council, and may obtain guidance from the steering committee when it reaches key pilot project implementation plan development milestones. The commission must provide a report on the road usage charge pilot project implementation plan that includes all implementation details for a road usage charge pilot project to the governor's office and the transportation committees of the house of representatives and the senate by November 1, 2016.

((5) \$150,000 of the motor vehicle account—state appropriation is provided solely for supporting the disadvantaged business enterprise advisory committee established in chapter . . . (Senate Bill No. 6180), Laws of 2016. If chapter . . . (Senate Bill No. 6180), Laws of 2016 is

The transportation partnership account-state appropriation must be placed in unallotted status and may only be released by the office of financial management for unpaid invoices from the 2013-2015 fiscal biennium.

(9) Within existing resources, during the regular sessions of the legislature, the department of transportation shall participate in work sessions, before the transportation committees of the house of representatives and senate, on the Alaskan Way viaduct replacement project. These work sessions must include a report on current progress of the project, timelines for completion, outstanding claims, the financial status of the project, and any other information necessary for the legislature to maintain appropriate oversight of the project. This project must be completed as soon as practicable as a design-build project. (15) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Prior to the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2017, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

facility construction must be transparent and not appropriated within larger highway construction projects.

(21) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue \$50,000,000 in federal funds to pay for this project to supplant state funds in the future. \$50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

(22) Of the amounts allocated to the Puget Sound Gateway project (M00600R) in LEAP Transportation Document (~~(2016-1)~~) 2017-1 as developed March (~~(7-2016)~~) 25, 2017, \$4,000,000 must be used to complete the bridge connection at 28th/24th Street over state route number 509 in the city of SeaTac. The bridge connection must be completed prior to other construction on the state route number 509 segment of the project.

(23) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and

implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(24) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

(25) (~~(\$1,500,000)~~) \$901,000 of the motor vehicle account-state appropriation is provided solely for the department to complete an interchange justification report (IJR) for the U.S. 2 trestle, covering the state route number 204 and 20th Street interchanges at the end of the westbound structure.

(a) The department shall develop the IJR in close collaboration with affected local jurisdictions, including Snohomish county and the cities of Everett, Lake Stevens, Marysville, Snohomish, and Monroe.

(b) Within the amount provided for the IJR, the department must address public outreach and the overall operational approval of the IJR.

(c) The department shall complete the IJR and submit the final report to the governor and the transportation committees of the legislature by July 1, 2018.

(26)(a) The department must conduct outreach to local transit agencies during the planning process for highway construction projects led by the department.

(b) The department must develop process recommendations for best practices in minimizing impacts to transit and freight during project construction. A report on best practices must be submitted to the transportation committees of the legislature by December 1, 2016.

(27) The legislature finds that project efficiencies and savings may be gained by combining the I-5 Marine Drive project

limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section ((~~601~~) 1201) of this act.

(2) Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor vehicle account—federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document ((~~2016-2~~) 2017-2 ALL PROJECTS) as developed March ((~~7, 2016~~) 25, 2017), Program - Highway Preservation Program (P). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, additional congressional action not related to a specific project or purpose, or the federal funds redistribution process must then be applied to highway and bridge preservation activities. However, no additional federal funds may be allocated to the I-5/Columbia River Crossing project (400506A).

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act.

(4) The transportation 2003 account (nickel account)—state appropriation includes up to ((~~\$28,032,000~~) \$26,654,000) in proceeds from the sale of bonds authorized in RCW 47.10.861.

(5) The department shall examine the use of electric arc furnace slag for use as an aggregate for new roads and paving projects in high traffic areas and report back to the legislature by December 1, 2015, on its current use in other areas of the country and any characteristics that can provide greater wear resistance and skid resistance in new pavement construction.

(6) \$38,142,000 of the motor vehicle account—federal appropriation and \$858,000 of the motor vehicle account—state appropriation are provided solely for the preservation of structurally deficient bridges or bridges that are at risk of becoming structurally deficient. These funds must be used widely around the state of Washington. The department shall provide a report that identifies the scope, cost, and benefit of each project funded in this subsection as part of its 2016 agency budget request.

(7) Except as provided otherwise in this section, the entire connecting

Washington account appropriation in this section is provided solely for the projects and activities as listed in LEAP Transportation Document ((~~2016-1~~) 2017-1) as developed March ((~~7, 2016~~) 25, 2017), Program - Highway Preservation Program (P).

(8) It is the intent of the legislature that, with respect to the amounts provided for highway preservation from the connecting Washington account, the department consider the preservation and rehabilitation of concrete roadway on Interstate 5 from the Canadian border to the Oregon border to be a priority within the preservation program.

(9) \$5,000,000 of the motor vehicle account—state appropriation is provided solely for extraordinary costs incurred from litigation awards, settlements, or dispute mitigation activities not eligible for funding from the self-insurance fund. The amount provided in this subsection must be held in unallotted status until the department submits a request to the office of financial management that includes documentation detailing litigation-related expenses. The office of financial management may release the funds only when it determines that all other funds designated for litigation awards, settlements, and dispute mitigation activities have been exhausted. No funds provided in this subsection may be expended on any legal fees related to the SR99/Alaskan Way viaduct replacement project.

(10) (a) The department and the Washington state patrol must work collaboratively to develop a comprehensive plan for weigh station construction and preservation for the entire state. The plan must be submitted to the transportation committees of the legislature by January 1, 2017.

(b) As part of the 2017-2019 biennial budget submittal, the department and the Washington state patrol must jointly submit a prioritized list of weigh station projects for legislative approval.

(11) The department must consult with the Washington state patrol during the design phase of a department-led improvement or preservation project that could impact weigh station operations. The department must ensure that the designs of the projects do not prevent or interfere with weigh station operations.

The appropriations in this section are subject to the following conditions and limitations: The department shall set aside a sufficient portion of the motor vehicle account-state appropriation for federally selected competitive grants or congressional earmark projects that require matching state funds. State funds set aside as matching funds for federal projects must be accounted for in project 000005Q and remain in unallotted status until needed for those federal projects.

\$72,689,000

TOTAL APPROPRIATION ~~\$406,035,000~~

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed in LEAP Transportation Document ((~~2016-2~~)) 2017-2 ALL PROJECTS as developed March ((~~7, 2016~~)) 25, 2017, Program - Washington State Ferries Capital Program (W).

(2) \$90,545,000 of the transportation 2003 account (nickel account)-state appropriation is provided solely for the acquisition of a 144-car vessel (L1000063). The department shall use as much already procured equipment as practicable on the 144-car vessels.

(3) ((~~\$46,989,000~~)) \$26,742,000 of the Puget Sound capital construction account-federal appropriation, ((~~\$2,000,000~~)) \$5,884,000 of the connecting Washington account-state appropriation, \$562,000 of the transportation 2003 account (nickel account)-state appropriation, and ((~~\$490,000~~)) \$491,000 of the Puget Sound capital construction account-state appropriation are provided solely for the Mukilteo ferry terminal (952515P). It is the intent of the legislature, over the sixteen-year investment program, to provide ((~~\$155,000,000~~)) \$159,061,000 to complete the Mukilteo Terminal Replacement project (952515P). These funds are identified in the LEAP transportation document referenced in subsection (1) of this section. To the greatest extent practicable and within available resources, the department shall design the new terminal to be a net zero energy building. To achieve this goal, the department shall evaluate using highly energy efficient equipment and systems, and the most appropriate renewable energy systems for the needs and location of the terminal.

(4) \$7,000,000 of the Puget Sound capital construction account-state appropriation is provided solely for emergency capital repair costs (999910K). Funds may only be spent after approval by the office of financial management.

(5) Consistent with RCW 47.60.662, which requires the Washington state ferry system to collaborate with passenger-only ferry and transit providers to provide service at existing terminals, the department shall ensure that multimodal access, including for passenger-only

ferries and transit service providers, is not precluded by any future terminal modifications.

(6) If the department pursues a conversion of the existing diesel powered Issaquah class fleet to a different fuel source or engine technology or the construction of a new vessel powered by a fuel source or engine technology that is not diesel powered, the department must use a design-build procurement process.

(7) Funding is included in the future biennia of the LEAP transportation document referenced in subsection (1) of this section for future vessel purchases. Given that the recent purchase of new vessels varies from the current long range plan, the department shall include in its updated long range plan revised estimates for new vessel costs, size, and purchase time frames. Additionally, the long range plan must include a vessel retirement schedule and associated reserve vessel policy recommendations.

(8) \$325,000 of the Puget Sound capital construction account—state appropriation is provided solely for the ferry system to participate in the development of one account-based system for customers of both the ferry system and tolling system. The current Wave2Go ferry ticketing system is reaching the end of its useful life and the department is expected to develop a replacement account-based system as part of the new tolling division customer service center toll collection system.

(9) Within existing resources, the department must evaluate the feasibility of utilizing the federal EB-5 immigrant investor program for financing the construction of a safety of life at sea (SOLAS) certificated vessel for the Anacortes-Sidney ferry route. The department must establish a group that includes, but is not limited to, the department of commerce and entities or individuals experienced with vessel engineering and EB-5 financing for assistance in evaluating the applicability of the EB-5 immigrant investor program. The department must deliver a report containing the results of the evaluation to the transportation committees of the legislature and the office of financial management by December 1, 2015.

(10) It is the intent of the legislature, over the sixteen-year investment program, to provide (~~(\$316,000,000)~~) \$320,267,000 to complete the Seattle Terminal Replacement project

(900010L), including: (a) Design work and selection of a preferred plan, (b) replacing timber pilings with pilings sufficient to support a selected terminal design, (c) replacing the timber portion of the dock with a new and reconfigured steel and concrete dock, and (d) other staging and construction work as the amount allows. These funds are identified in the LEAP transportation document referenced in subsection (1) of this section.

(11) It is the intent of the legislature, over the sixteen-year new investment program, to provide \$122,000,000 in state funds to complete the acquisition of a fourth 144-car vessel (L2000109). These funds are identified in the LEAP transportation document referenced in subsection (1) of this section.

(12) \$300,000 of the Puget Sound capital construction account—state appropriation is provided solely to issue a request for proposals and purchase pilot program customer counting equipment. By June 30, 2017, the department must report to the governor and the transportation committees of the legislature on the most effective way to count ferry passengers.

(13) (~~(\$1,430,000)~~) \$1,255,000 of the Puget Sound capital construction account—federal appropriation and (~~(\$1,366,000)~~) \$889,000 of the Puget Sound capital construction—state appropriation are provided solely for installation of security access control and video monitoring systems, and for enhancing wireless network capacity to handle higher security usage, increase connectivity between vessels and land-based facilities, and isolate the security portion of the network from regular business (~~(project)~~) 998925A).

(14) The transportation 2003 account (nickel account)—state appropriation includes up to \$4,131,000 in proceeds from the sale of bonds authorized in RCW 47.10.861.

(15) The department shall submit a cost estimate to procure a fifth 144-car vessel to the governor and the transportation committees of the legislature by June 30, 2017. The estimate must include, but is not limited to, construction costs, estimated operating costs, and any potential savings from replacing a currently operating vessel with a fifth 144-car vessel.

 \$491,591,000
 TOTAL APPROPRIATION ~~\$538,035,000~~
 \$531,524,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by project and amount in LEAP Transportation Document ((~~2016-2~~) 2017-2 ALL PROJECTS as developed March (~~7, 2016~~) 25, 2017, Program - Rail Program (Y).

(2) \$5,000,000 of the transportation infrastructure account-state appropriation is provided solely for new low-interest loans approved by the department through the freight rail investment bank (FRIB) program. The department shall issue FRIB program loans with a repayment period of no more than ten years, and charge only so much interest as is necessary to recoup the department's costs to administer the loans. For the 2015-2017 fiscal biennium, the department shall first award loans to 2015-2017 FRIB loan applicants in priority order, and then offer loans to 2015-2017 unsuccessful freight rail assistance program grant applicants, if eligible. If any funds remain in the FRIB program, the department may reopen the loan program and shall evaluate new applications in a manner consistent with past practices as specified in section 309, chapter 367, Laws of 2011. The department shall report

annually to the transportation committees of the legislature and the office of financial management on all FRIB loans issued.

(3) (a) (~~(\$5,484,000)~~) \$5,429,000 of the multimodal transportation account-state appropriation, \$270,000 of the essential rail assistance account-state appropriation, and \$455,000 of the transportation infrastructure account-state appropriation are provided solely for new statewide emergent freight rail assistance projects identified in the LEAP transportation document referenced in subsection (1) of this section.

(b) Of the amounts provided in this subsection, \$367,000 of the transportation infrastructure account-state appropriation and \$1,100,000 of the multimodal transportation account-state appropriation are provided solely to reimburse Highline Grain, LLC for approved work completed on Palouse River and Coulee City (PCC) railroad track in Spokane county between the BNSF Railway Interchange at Cheney and Geiger Junction and must be administered in a manner consistent with freight rail assistance program projects. The value of the public benefit of this project is expected to meet or exceed the cost of this project in: Shipper savings on transportation costs; jobs saved in rail-dependent industries; and/or reduced future costs to repair wear and tear on state and local highways due to fewer annual truck trips (reduced vehicle miles traveled). The amounts provided in this subsection are not a commitment for future legislatures, but it is the legislature's intent that future legislatures will work to approve biennial appropriations until the full \$7,337,000 cost of this project is reimbursed.

(4) (~~(\$487,297,000)~~) \$487,163,000 of the multimodal transportation account-federal appropriation and (~~(\$13,679,000)~~) \$10,991,000 of the multimodal transportation account-state appropriation are provided solely for expenditures related to passenger high-speed rail grants. Except for the Mount Vernon project (P01101A), the multimodal transportation account-state funds reflect no more than one and one-half percent of the total project funds, and are provided solely for expenditures that are not eligible for federal reimbursement.

(5) (a) \$1,114,000 of the essential rail assistance account-state appropriation,

\$766,000 of the multimodal transportation account-state appropriation, and \$68,000 of the transportation infrastructure account-state appropriation are provided solely for the purpose of the rehabilitation and maintenance of the Palouse river and Coulee City railroad line (F01111B).

(b) Expenditures from the essential rail assistance account-state in this subsection may not exceed the combined total of:

(i) Revenues deposited into the essential rail assistance account from leases and sale of property pursuant to RCW 47.76.290; and

(ii) Revenues transferred from the miscellaneous program account to the essential rail assistance account, pursuant to RCW 47.76.360, for the purpose of sustaining the grain train program by maintaining the Palouse river and Coulee City railroad.

(6) The department shall issue a call for projects for the freight rail assistance program, and shall evaluate the applications in a manner consistent with past practices as specified in section 309, chapter 367, Laws of 2011. By November 15, 2016, the department shall submit a prioritized list of recommended projects to the office of financial management and the transportation committees of the legislature.

The department may consider the special situations facing high-need areas,

as defined by schools or project areas in which the percentage of the children eligible to receive free and reduced-price meals under the national school lunch program is equal to, or greater than, the state average as determined by the department, when evaluating project proposals against established funding criteria while ensuring continued compliance with federal eligibility requirements.

(3) The department shall submit a report to the transportation committees of the legislature by December 1, 2015, and December 1, 2016, on the status of projects funded as part of the pedestrian safety/safe routes to school grant program. The report must include, but is not limited to, a list of projects selected and a brief description of each project's status.

(4) \$500,000 of the motor vehicle account-state appropriation is provided solely for the Edmonds waterfront at-grade train crossings alternatives analysis project (L2000135). Funds must first be used for projects that are identified as priority one projects. As additional funds become available or if a priority one project is delayed, funding must be provided to priority two projects and then to priority three projects. If a higher priority project is bypassed, it must be funded in the first round after the project is ready. If funds become available as a result of projects being removed from this list or completed under budget, the department may submit additional bicycle and pedestrian safety projects for consideration by the legislature. The department must submit a report annually with its budget submittal that, at a minimum, includes information about the listed bicycle and pedestrian projects that have been funded and projects that have been bypassed, including an estimated time frame for when the project will be funded.

(b) Within existing resources, the local programs division must develop recommendations regarding potential modifications to the process by which funding is provided to the projects listed in the LEAP transportation document identified in (a) of this subsection. These modifications should include, but are not limited to, options for accelerating delivery of the listed projects and options for further prioritizing the listed projects. The department must submit a report regarding its recommendations to the transportation committees of the legislature by November 15, 2016.

IMPLEMENTING PROVISIONS

Sec. 1201. 2016 c 14 s 601 (uncodified)
is amended to read as follows:

FUND TRANSFERS

(1) The transportation 2003 projects or improvements and the 2005 transportation partnership projects or improvements are listed in the LEAP list titled (~~(2016-1)~~) 2017-1 as developed March (~~(7, 2016)~~) 25, 2017, which consists of a list of specific projects by fund source and amount over a sixteen-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a sixteen-year plan. The department is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation

partnership account and transportation 2003 account (nickel account) projects on the LEAP transportation documents referenced in this act. However, this section does not apply to the I-5/Columbia River Crossing project (400506A). For the 2015-2017 project appropriations, unless otherwise provided in this act, the director of financial management may authorize a transfer of appropriation authority between projects funded with transportation 2003 account (nickel account) appropriations, or transportation partnership account appropriations, in order to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Each transfer between projects may only occur if the director of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2016 supplemental omnibus transportation appropriations act, any unexpended 2013-2015 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects;

(d) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed to complete the project;

(e) Transfers may not occur for projects not identified on the applicable project list;

(f) Transfers may not be made while the legislature is in session; and

(g) Transfers between projects may be made, without the approval of the director of the office of financial management, by the department of transportation until the transfer amount by project exceeds two hundred fifty thousand dollars, or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of financial management and the chairs of the house of

representatives and senate transportation committees.

(2) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(a) Except for the tax imposed under (b) of this subsection by regional transit authorities that include a county with a population of more than one million five hundred thousand, the maximum rate of such tax must be approved by the voters and may not exceed one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). (2) Any tax imposed under this section must be used for the purpose of providing high capacity transportation service, as set forth in a proposition that is approved by a majority of the registered voters that vote on the proposition.

(3) Property taxes imposed under this section may be imposed for the period of time required to pay the cost to plan, design, construct, operate, and maintain the transit facilities set forth in the approved proposition. Representative Tarleton requested a scope and object ruling on amendment (479) to the striking amendment (464) to Engrossed Senate Bill No. 5096.

SPEAKER'S RULING

Mr. Speaker (Representative Orwall presiding): *Engrossed Senate Bill 5096 is the transportation budget for the 2017-19 biennium. It appropriates funds to state agencies for state transportation purposes.*

Amendment 479 relates to the regional transit authority known as Sound Transit. Sound Transit is not a state agency and does not operate a state transportation program.

The Speaker therefore finds and rules that the amendment is beyond the scope and object of the bill. The point of order is well taken.

Representative Muri moved the adoption of amendment (487) to the striking amendment (464):

On page 81, after line 18 of the striking amendment, insert the following:

"NEW SECTION. **Sec. 714.** A new section is added to chapter 81.112 RCW to read as follows:

(1) Any motor vehicle excise taxes approved by regional transit authority

voters under RCW 81.104.175 may be nullified within the complete boundaries of a city or county within a regional transit authority if either of the following conditions are met:

(a) A majority of the city or county legislative authority votes to nullify the motor vehicle excise taxes; or

(b) A proposition to nullify the motor vehicle excise taxes is approved by voters under subsection (2) of this section.

(2) If a petition to nullify regional transit authority motor vehicle excise taxes within a city or county is filed with the county auditor containing the signatures of eight percent of the number of voters registered and voting in the city or county for the office of the governor at the last preceding gubernatorial election, the county auditor must canvass the signatures in the same manner as prescribed in RCW 29A.72.230 and certify their sufficiency to the governing body within two weeks. The proposition to nullify the motor vehicle excise taxes must then be submitted to the voters of the city or county at a special election, called for this purpose, no later than the date on which a primary election would be held under RCW 29A.04.311. The motor vehicle excise taxes may then be nullified only if approved by a majority of the voters of the city or county voting on the proposition.

The maximum tax rate under this subsection does not include a motor vehicle excise tax approved before July 15, 2015, if the tax will terminate on the date bond debt to which the tax is pledged

Motor vehicle taxes collected by regional transit authorities after December 31st of the year in which a regional transit authority repays bond debt to which a motor vehicle excise tax was pledged before July 15, 2015, must comply with chapter 82.44 RCW as it existed on the date the tax was approved by voters.

(2) An agency and high capacity transportation corridor area may impose a sales and use tax solely for the purpose of providing high capacity transportation service, in addition to the tax authorized by RCW 82.14.030, upon retail car rentals within the applicable jurisdiction that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax may not exceed 2.172 percent. The rate of tax imposed under this subsection must bear the same ratio of the 2.172 percent authorized that the rate imposed under subsection (1) of this section bears to the rate authorized under subsection (1) of this section. The base of the tax is the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax.

(3) Any motor vehicle excise tax previously imposed under the provisions of RCW 81.104.160(1) shall be repealed, terminated, and expire on December 5, 2002, except for a motor vehicle excise tax for which revenues have been contractually pledged to repay a bonded debt issued before December 5, 2002, as determined by *Pierce County et al. v. (4) If a regional transit authority imposes the tax authorized under subsection (1) of this section, the authority may not receive any state grant funds provided in an omnibus

transportation appropriations act except transit coordination grants created in chapter 11, Laws of 2015 3rd sp. sess.

(5) During the 2017-2019 fiscal biennium, the authority to impose a tax under this section is subject to section 714 of this act.

(2) During the 2017-2019 fiscal biennium, a regional transit authority may not contract with the department for the collection of a motor vehicle excise tax in cities or counties that have nullified a motor vehicle tax pursuant to section 714 of this act.

Sec. 717. RCW 82.44.135 and 2006 c 318 s 9 are each amended to read as follows:

(1) Except as otherwise provided in this section, before a local government subject to this chapter may impose a motor vehicle excise tax, the local government must contract with the department for the collection of the tax. The department may charge a reasonable amount, not to exceed one percent of tax collections, for the administration and collection of the tax.

(2) During the 2017-2019 fiscal biennium, a regional transit authority may not contract with the department for the collection of a motor vehicle excise tax in cities or counties that have nullified a motor vehicle tax pursuant to section 714 of this act."

Representative Stokesbary moved the adoption of amendment (517) to the striking amendment (464):

On page 81, after line 18 of the striking amendment, insert the following:

"Sec. 714. RCW 81.104.160 and 2015 3rd sp.s. c 44 s 319 are each amended to read as follows:

(1) Regional transit authorities that include a county with a population of more than one million five hundred thousand may submit an authorizing proposition to the voters, and if approved, may levy and collect an excise tax, at a rate approved by the voters, but not exceeding eight-tenths of one percent on the value, under chapter 82.44 RCW, of every motor vehicle owned by a resident of the taxing district, solely for the purpose of providing high capacity transportation service. This tax does not apply to vehicles licensed under RCW 46.16A.455 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16A.425 or 46.17.335(2). Except as provided below during the 2017-2019 fiscal

biennium, and notwithstanding any other provision of this subsection or chapter 82.44 RCW, a motor vehicle excise tax imposed by a regional transit authority before or after July 15, 2015, must comply with chapter 82.44 RCW as it existed on January 1, 1996, until December 31st of the year in which the regional transit authority repays bond debt to which a motor vehicle excise tax was pledged before July 15, 2015. Motor vehicle taxes collected by regional transit authorities after December 31st of the year in which a regional transit authority repays bond debt to which a motor vehicle excise tax was pledged before July 15, 2015, must comply with chapter 82.44 RCW as it existed on the date the tax was approved by voters. With respect to bond debt incurred during the 2017-2019 fiscal biennium, and to which the motor vehicle excise tax is pledged, the tax must be based on base model Kelley blue book values during the 2017-2019 fiscal biennium.

(2) An agency and high capacity transportation corridor area may impose a sales and use tax solely for the purpose of providing high capacity transportation service, in addition to the tax authorized by RCW 82.14.030, upon retail car rentals within the applicable jurisdiction that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax may not exceed 2.172 percent. The rate of tax imposed under this subsection must bear the same ratio of the 2.172 percent authorized that the rate imposed under subsection (1) of this section bears to the rate authorized under subsection (1) of this section. The base of the tax is the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax.

(3) Any motor vehicle excise tax previously imposed under the provisions of RCW 81.104.160(1) shall be repealed, terminated, and expire on December 5, 2002, except for a motor vehicle excise tax for which revenues have been contractually pledged to repay a bonded debt issued before December 5, 2002, as determined by *Pierce County et al. v. Sec. 715. RCW 82.44.035 and 2010 c 161 s 910 are each amended to read as follows:

(1) For the purpose of determining any locally imposed motor vehicle excise tax, except as provided in RCW 81.104.160 during the 2017-2019 fiscal biennium, the value of a truck or trailer shall be the latest purchase price of the vehicle, excluding applicable federal excise taxes, state and local sales or use taxes, transportation or shipping costs, or preparatory or delivery costs, multiplied by the following percentage based on year of service of the vehicle since last sale. (3) For the purpose of determining any locally imposed motor vehicle excise tax, except as provided in RCW 81.104.160 during the 2017-2019 fiscal biennium, the

The value determined in this subsection (3) (a) shall be divided by the applicable percentage listed in (b) of this subsection (3) to establish a value equivalent to a manufacturer's base suggested retail price and this value shall be multiplied by eighty-five percent.

THIRD READING

MESSAGE FROM THE SENATE

April 11, 2017

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1086 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the analysis of environmental impacts required under the state environmental policy act adds value to government decision-making processes in Washington state and helps minimize the potential environmental harm coming from

those government decisions. However, the legislature also recognizes that excessive delays in the environmental impact analysis process adds uncertainty and burdensome costs to those seeking to do business in the state of Washington. Therefore, it is the intent of the legislature to promote timely completion of state environmental policy act processes. In doing so, the legislature intends to restore balance between the need to carefully consider environmental impacts and the need to maintain the economic competitiveness of state businesses.

NEW SECTION. Sec. 2. A new section is added to chapter 43.21C RCW to read as follows:

(1) A lead agency shall aspire to prepare a final environmental impact statement required by RCW 43.21C.030(2) in as expeditious a manner as possible while not compromising the integrity of the analysis.

(a) For even the most complex government decisions associated with a broad scope of possible environmental impacts, a lead agency shall aspire to prepare a final environmental impact statement required by RCW 43.21C.030(2) within twenty-four months of a threshold determination of a probable significant, adverse environmental impact.

(b) Wherever possible, a lead agency shall aspire to far outpace the twenty-four month time limit established in this section for more commonplace government decisions associated with narrower and more easily identifiable environmental impacts.

(2) Beginning December 31, 2018, and every two years thereafter, the department of ecology must submit a report on the environmental impact statements produced by state agencies and local governments to the appropriate committees of the legislature. The report must include data on the average time, and document the range of time, it took to complete environmental impact statements within the previous two years.

(3) Nothing in this section creates any civil liability for a lead agency or creates a new cause of action against a lead agency."

On page 1, line 2 of the title, after "years;" strike the remainder of the title and insert "adding a new section to

chapter 43.21C RCW; and creating a new section."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 5, 2017

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1278 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 18.74 RCW to read as follows:

The Physical Therapy Licensure Compact as set forth in this section is hereby enacted into law and entered into on behalf of this state with any and all other states legally joining therein in a form substantially as follows:

PHYSICAL THERAPY LICENSURE COMPACT

ARTICLE I - PURPOSE

The purpose of this compact is to facilitate interstate practice of physical therapy with the goal of improving public access to physical therapy services. The practice of physical therapy occurs in the state where the patient/client is located at the time of the patient/client encounter. The compact preserves the regulatory authority of states to protect public health and safety through the current system of state licensure.

This compact is designed to achieve the following objectives:

(1) Increase public access to physical therapy services by providing for the mutual recognition of other member state licenses;

(2) Enhance the states' ability to protect the public's health and safety;

(3) Encourage the cooperation of member states in regulating multistate physical therapy practice;

(4) Support spouses of relocating military members;

(5) Enhance the exchange of licensure, investigative, and disciplinary information between member states; and

(6) Allow a remote state to hold a provider of services with a compact privilege in that state accountable to that state's practice standards.

ARTICLE II - DEFINITIONS

As used in this compact, and except as otherwise provided, the following definitions apply:

(1) "Active duty military" means full-time duty status in the active uniformed service of the United States, including members of the national guard and reserve on active duty orders pursuant to 10 U.S.C. Secs. 1209 and 1211.

(2) "Adverse action" means disciplinary action taken by a physical therapy licensing board based upon misconduct, unacceptable performance, or a combination of both.

(3) "Alternative program" means a nondisciplinary monitoring or practice remediation process approved by a physical therapy licensing board. This includes, but is not limited to, substance abuse issues.

(4) "Compact privilege" means the authorization granted by a remote state to allow a licensee from another member state to practice as a physical therapist or work as a physical therapist assistant in the remote state under its laws and rules. The practice of physical therapy occurs in the member state where the patient/client is located at the time of the patient/client encounter.

(5) "Continuing competence" means a requirement, as a condition of license renewal, to provide evidence of participation in, and/or completion of, educational and professional activities relevant to practice or area of work.

(6) "Data system" means a repository of information about licensees, including examination, licensure, investigative, compact privilege, and adverse action.

(7) "Encumbered license" means a license that a physical therapy licensing board has limited in any way.

(8) "Executive board" means a group of directors elected or appointed to act on behalf of, and within the powers granted to them by, the commission.

(9) "Home state" means the member state that is the licensee's primary state of residence.

(10) "Investigative information" means information, records, and documents received or generated by a physical therapy licensing board pursuant to an investigation.

(11) "Jurisprudence requirement" means the assessment of an individual's knowledge of the laws and rules governing the practice of physical therapy in a state.

(12) "Licensee" means an individual who currently holds an authorization from the state to practice as a physical therapist or to work as a physical therapist assistant.

(13) "Member state" means a state that has enacted the compact.

(14) "Party state" means any member state in which a licensee holds a current license or compact privilege or is applying for a license or compact privilege.

(15) "Physical therapist" means an individual who is licensed by a state to practice physical therapy.

(16) "Physical therapist assistant" means an individual who is licensed/certified by a state and who assists the physical therapist in selected components of physical therapy.

(17) "Physical therapy" has the same meaning given in RCW 18.74.010. "Physical therapy practice" and "the practice of physical therapy" have the same meaning given to "practice of physical therapy" in RCW 18.74.010.

(18) "Physical therapy compact commission" or "commission" means the national administrative body whose membership consists of all states that have enacted the compact.

(19) "Physical therapy licensing board" or "licensing board" means the agency of a state that is responsible for the licensing and regulation of physical therapists and physical therapist assistants.

(20) "Remote state" means a member state other than the home state, where a licensee is exercising or seeking to exercise the compact privilege.

(21) "Rule" means a regulation, principle, or directive promulgated by the commission that has the force of law.

(22) "State" means any state, commonwealth, district, or territory of the United States of America that regulates the practice of physical therapy.

ARTICLE III - STATE PARTICIPATION IN THE COMPACT

(1) To participate in the compact, a state must:

(a) Participate fully in the commission's data system, including using

the commission's unique identifier as defined in rule;

(b) Have a mechanism in place for receiving and investigating complaints about licensees;

(c) Notify the commission, in compliance with the terms of the compact and rules, of any adverse action or the availability of investigative information regarding a licensee;

(d) Fully implement a criminal background check requirement, within a time frame established by rule, by receiving the results of the federal bureau of investigation record search on criminal background checks and use the results in making licensure decisions in accordance with subsection (2) of this Article;

(e) Comply with the rules of the commission;

(f) Utilize a recognized national examination as a requirement for licensure pursuant to the rules of the commission; and

(g) Have continuing competence requirements as a condition for license renewal.

(2) Upon adoption of this statute, the member state shall have the authority to obtain biometric-based information from each physical therapy licensure applicant and submit this information to the federal bureau of investigation for a criminal background check in accordance with 28 U.S.C. Sec. 534 and 42 U.S.C. Sec. 14616.

(3) A member state shall grant the compact privilege to a licensee holding a valid unencumbered license in another member state in accordance with the terms of the compact and rules.

(4) Member states may charge a fee for granting a compact privilege.

ARTICLE IV - COMPACT PRIVILEGE

(1) To exercise the compact privilege under the terms and provisions of the compact, the licensee shall:

(a) Hold a license in the home state;

(b) Have no encumbrance on any state license;

(c) Be eligible for a compact privilege in any member state in accordance with subsections (4), (7), and (8) of this Article;

(d) Have not had any adverse action against any license or compact privilege within the previous two years;

(e) Notify the commission that the licensee is seeking the compact privilege within a remote state(s);

(f) Pay any applicable fees, including any state fee, for the compact privilege;

(g) Meet any jurisprudence requirements established by the remote state(s) in which the licensee is seeking a compact privilege; and

(h) Report to the commission adverse action taken by any nonmember state within thirty days from the date the adverse action is taken.

(2) The compact privilege is valid until the expiration date of the home license. The licensee must comply with the requirements of subsection (1) of this Article to maintain the compact privilege in the remote state.

(3) A licensee providing physical therapy in a remote state under the compact privilege shall function within the laws and regulations of the remote state.

(4) A licensee providing physical therapy in a remote state is subject to that state's regulatory authority. A remote state may, in accordance with due process and that state's laws, remove a licensee's compact privilege in the remote state for a specific period of time, impose fines, and/or take any other necessary actions to protect the health and safety of its citizens. The licensee is not eligible for a compact privilege in any state until the specific time for removal has passed and all fines are paid.

(5) If a home state license is encumbered, the licensee shall lose the compact privilege in any remote state until the following occur:

(a) The home state license is no longer encumbered; and

(b) Two years have elapsed from the date of the adverse action.

(6) Once an encumbered license in the home state is restored to good standing, the licensee must meet the requirements of subsection (1) of this Article to obtain a compact privilege in any remote state.

(7) If a licensee's compact privilege in any remote state is removed, the individual shall lose the compact

privilege in any remote state until the following occur:

(a) The specific period of time for which the compact privilege was removed has ended;

(b) All fines have been paid; and

(c) Two years have elapsed from the date of the adverse action.

ARTICLE V - ACTIVE DUTY MILITARY PERSONNEL OR THEIR SPOUSES

A licensee who is active duty military or is the spouse of an individual who is active duty military may designate one of the following as the home state:

(1) Home of record;

(2) Permanent change of station; or

(3) State of current residence if it is different than the permanent change of station state or home of record.

ARTICLE VI - ADVERSE ACTIONS

(1) A home state shall have exclusive power to impose adverse action against a license issued by the home state.

(2) A home state may take adverse action based on the investigative information of a remote state, so long as the home state follows its own procedures for imposing adverse action.

(3) Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the member state's laws. Member states must require licensees who enter any alternative programs in lieu of discipline to agree not to practice in any other member state during the term of the alternative program without prior authorization from such other member state.

(4) Any member state may investigate actual or alleged violations of the statutes and rules authorizing the practice of physical therapy in any other member state in which a physical therapist or physical therapist assistant holds a license or compact privilege.

(5) A remote state shall have the authority to:

(a) Take adverse actions as set forth in subsection (4) of Article IV of this compact against a licensee's compact privilege in the state;

(b) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a physical therapy licensing board in a party state for the attendance and testimony of witnesses, and/or the production of evidence from another party state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses and/or evidence are located; and

(c) If otherwise permitted by state law, recover from the licensee the costs of investigations and disposition of cases resulting from any adverse action taken against that licensee.

(6)(a) In addition to the authority granted to a member state by its respective physical therapy practice act or other applicable state law, a member state may participate with other member states in joint investigations of licensees.

(b) Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact.

ARTICLE VII - ESTABLISHMENT OF THE PHYSICAL THERAPY COMPACT COMMISSION

(1) The compact member states hereby create and establish a joint public agency known as the physical therapy compact commission:

(a) The commission is an instrumentality of the compact states.

(b) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in

alternative dispute resolution proceedings.

(c) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

(2)(a) Each member state shall have and be limited to one delegate selected by that member state's licensing board.

(b) The delegate shall be a current member of the licensing board, who is a physical therapist, physical therapist assistant, public member, or the board administrator.

(f) Bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any state physical therapy licensing board

to sue or be sued under applicable law shall not be affected;

(g) Purchase and maintain insurance and bonds;

(h) Borrow, accept, or contract for services of personnel including, but not limited to, employees of a member state;

(i) Hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the compact, and establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

(j) Accept any and all appropriate donations and grants of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same; provided that at all times the commission shall avoid any appearance of impropriety and/or conflict of interest;

(b) The ex officio members will be selected by their respective organizations.

(c) The commission may remove any member of the executive board as provided in bylaws.

(d) The executive board shall meet at least annually.

(e) The executive board shall have the following duties and responsibilities:

(i) Recommend to the entire commission changes to the rules or bylaws, changes to this compact legislation, fees paid by compact member states such as annual dues, and any commission compact fee charged to licensees for the compact privilege;

(ii) Ensure compact administration services are appropriately provided, contractual or otherwise;

(c) If a meeting, or portion of a meeting, is closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision.

(d) The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

(b) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

(c) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

(2) Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the data system on all individuals to whom this compact is applicable as required by the rules of the commission, including:

(4) The commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

(5) Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

(6) Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

ARTICLE IX - RULE MAKING

(1) The commission shall exercise its rule-making powers pursuant to the criteria set forth in this Article IX and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(2) Notwithstanding subsection (1) of Article IX, the board shall review the rules of the commission. The board may reject or approve and adopt the rules of the commission as rules of the board. The state of Washington is subject to a rule of the commission only if the rule of the commission is adopted by the board and the rule does not violate any right guaranteed by the state Constitution or the United States Constitution.

(3) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(4) Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

(7) Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

(8) The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

(a) At least twenty-five persons;

(b) A state or federal governmental subdivision or agency; or

(c) An association having at least twenty-five members.

(9) If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing.

(a) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their

desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(b) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(c) All hearings will be recorded. A copy of the recording will be made available on request.

(d) Nothing in this Article IX shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this Article IX.

(10) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

(11) If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

(12) The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rule-making record and the full text of the rule.

(13) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rule-making procedures provided in the compact and in this Article IX shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(a) Meet an imminent threat to public health, safety, or welfare;

(b) Prevent a loss of commission or member state funds;

(c) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(d) Protect public health and safety.

(14) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or

amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the web site of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

ARTICLE X - OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

(1) Oversight. (a) The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

(b) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

(c) The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

(2) Default, technical assistance, and termination. (a) If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(i) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, and/or any other action to be taken by the commission; and

(ii) Provide remedial training and specific technical assistance regarding the default.

(b) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(c) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(d) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(e) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(f) The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(3) Dispute resolution. (a) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

(b) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(4) Enforcement. (a) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(b) By majority vote, the commission may initiate legal action in the United States district court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(c) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

ARTICLE XI - DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

(1) The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rule-making powers necessary to the implementation and administration of the compact.

(2) Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

(3) Any member state may withdraw from this compact by enacting a statute repealing the same.

(a) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(b) Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal.

(4) Nothing contained in this compact shall be construed to invalidate or

prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

(5) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

ARTICLE XII - CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

NEW SECTION. **Sec. 2.** A new section is added to chapter 18.74 RCW to read as follows:

COMPACT PRIVILEGE—FEES.

(1) The secretary, in consultation with the board, shall establish fees pursuant to RCW 43.70.250 for physical therapists and physical therapist assistants seeking to practice in this state by use of compact privilege as defined in section 1 of this act. At the time of applying for compact privilege in this state, the applicant shall comply with established fee requirements.

(2) The fees established in subsection (1) of this section must be an amount sufficient to cover the state's monetary obligations as a member state to the physical therapy licensure compact.

NEW SECTION. **Sec. 3.** A new section is added to chapter 18.74 RCW to read as follows:

(1) The secretary shall furnish a license upon the authority of the board to any person who applies and who has qualified under the provisions of this chapter. At the time of applying, the applicant shall comply with administrative procedures, administrative requirements, and fees established pursuant to RCW 43.70.250 and 43.70.280. No person registered or licensed on July 24, 1983, as a physical therapist shall be required to pay an additional fee for a license under this chapter.

(2) No fees collected pursuant to subsection (1) of this section may be used to meet the state's monetary obligations as a member state to the physical therapy licensure compact.

Sec. 5. RCW 18.74.090 and 2007 c 98 s 10 are each amended to read as follows:

(1) A person who is not licensed with the secretary of health as a physical therapist under the requirements of this chapter shall not represent him or herself as being so licensed and shall not use in connection with his or her name the words or letters "P.T.", "R.P.T.", "L.P.T.", "physical therapy", "physiotherapy", "physical therapist" or "physiotherapist", or any other letters, words, signs, numbers, or insignia indicating or implying that he or she is a physical therapist. No person may practice physical therapy without first having a valid license. Nothing in this chapter prohibits any person licensed in this state under any other act from engaging in the practice for which he or she is licensed. It shall be the duty of the prosecuting attorney of each county to prosecute all cases involving a violation of this chapter arising within his or her county. The attorney general may assist in such prosecution and shall appear at all hearings when requested to do so by the board.

(2) No person assisting in the practice of physical therapy may use the title "physical therapist assistant," the letters "PTA," or any other words, abbreviations, or insignia in connection with his or her name to indicate or imply, directly or indirectly, that he or she is a physical therapist assistant without

being licensed in accordance with this chapter as a physical therapist assistant.

(3) Subsections (1) and (2) of this section do not apply to an individual who is authorized to practice as a physical therapist or work as a physical therapist assistant by compact privilege as defined in section 1 of this act.

Sec. 6. RCW 18.74.150 and 2013 c 280 s 1 are each amended to read as follows:

(2) This chapter does not restrict persons licensed under any other law of this state from engaging in the profession or practice for which they are licensed, if they are not representing themselves to be physical therapists, physical therapist assistants, or providers of physical therapy.

(3) The following persons are exempt from licensure as physical therapists under this chapter when engaged in the following activities:

(2) All expenses incurred in carrying out the health professions licensing activities of the department and implementing and administering the medical marijuana authorization database established in RCW 69.51A.230 shall be paid from the account as authorized by legislative appropriation, except as provided in subsections (4) and (5) of this section. Any residue in the account shall be accumulated and shall not revert to the general fund at the end of the biennium.

(3) The secretary shall biennially prepare a budget request based on the anticipated costs of administering the health professions licensing activities of the department which shall include the

estimated income from health professions fees.

(4) The fees received by the department from applicants for compact privilege under section 1 of this act must be used for the purpose of meeting financial obligations imposed on the state as a result of this state's participation in the physical therapy licensure compact.

SUBSTITUTE HOUSE BILL NO. 1444, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 11, 2017

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1520 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 74.09.5225 and 2016 sp.s. c 31 s 2 are each amended to read as follows:

(1) Payments for recipients eligible for medical assistance programs under this chapter for services provided by hospitals, regardless of the beneficiary's managed care enrollment status, shall be made based on allowable costs incurred during the year, when services are provided by a rural hospital certified by the centers for medicare and medicaid services as a critical access hospital, unless the critical access hospital is participating in the Washington rural health access preservation pilot described in subsection (2) (b) of this section. Any additional payments made by the authority for the healthy options program shall be no more than the additional amounts per service paid under this section for other medical assistance programs.

(2)(a) Beginning on July 24, 2005, except as provided in (b) of this subsection, a moratorium shall be placed on additional hospital participation in critical access hospital payments under this section. However, rural hospitals that applied for certification to the centers for medicare and medicaid services prior to January 1, 2005, but have not yet completed the process or have not yet been approved for certification, remain eligible for medical assistance payments under this section.

(b) (i) The purpose of the Washington rural health access preservation pilot is to develop an alternative service and payment system to the critical access hospital authorized under section 1820 of the social security act to sustain essential services in rural communities.

(ii) For the purposes of state law, any rural hospital approved by the department of health for participation in critical access hospital payments under this section that participates in the Washington rural health access preservation pilot identified by the state office of rural health and ceases to participate in critical access hospital payments may renew participation in critical access hospital associated payment methodologies under this section at any time.

~~((iii))~~ (iii) The Washington rural health access preservation pilot is subject to the following requirements:

(A) In the pilot formation or development, the department of health, health care authority, and Washington state hospital association will identify goals for the pilot project before any hospital joins the pilot project;

(B) Participation in the pilot is optional and no hospital may be required to join the pilot;

(C) Before a hospital enters the pilot program, the health care authority must provide information to the hospital regarding how the hospital could end its participation in the pilot if the pilot is not working in its community; ~~(and)~~

(D) Payments for services delivered by public health care service districts participating in the Washington rural health access preservation pilot to recipients eligible for medical assistance programs under this chapter must be based on an alternative, value-based payment methodology established by the authority. Subject to the availability of amounts appropriated for this specific purpose, the payment methodology must provide sufficient funding to sustain essential services in the areas served, including but not limited to emergency and primary care services. The methodology must adjust payment amounts based on measures of quality and value, rather than volume. As part of the pilot, the health care authority shall encourage additional payers to use the adopted payment methodology for services delivered by the

pilot participants to individuals insured by those payers;

(E) The department of health, health care authority, and Washington state hospital association will report interim progress to the legislature no later than December 1, 2018, and will report on the results of the pilot no later than six months following the conclusion of the pilot. The reports will describe any policy changes identified during the course of the pilot that would support small critical access hospitals; and

(F) Funds appropriated for the Washington rural health access preservation pilot will be used to help participating hospitals transition to a new payment methodology and will not extend beyond the anticipated three-year pilot period.

(3) (a) Beginning January 1, 2015, payments for recipients eligible for medical assistance programs under this chapter for services provided by a hospital, regardless of the beneficiary's managed care enrollment status, shall be increased to one hundred twenty-five percent of the hospital's fee-for-service rates, when services are provided by a rural hospital that:

(i) Was certified by the centers for medicare and medicaid services as a sole community hospital as of January 1, 2013;

(ii) Had a level III adult trauma service designation from the department of health as of January 1, 2014;

(iii) Had less than one hundred fifty acute care licensed beds in fiscal year 2011; and

(iv) Is owned and operated by the state or a political subdivision.

(b) The enhanced payment rates under this subsection shall be considered the hospital's medicaid payment rate for purposes of any other state or private programs that pay hospitals according to medicaid payment rates.

(c) Hospitals participating in the certified public expenditures program may not receive the increased reimbursement rates provided in this subsection (3) for inpatient services.

NEW SECTION. Sec. 2. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2017,

in the omnibus appropriations act, this act is null and void."

On page 1, line 3 of the title, after "pilot;" strike the remainder of the title and insert "amending RCW 74.09.5225; and creating a new section."

(d) After consent of the party is given, the insurer, in the event a change in the hardware or software requirements needed to access or retain a notice or document delivered by electronic means creates a material risk that the party will not be able to access or retain a subsequent notice or document to which the consent applies:

(i) Shall provide the party with a statement that describes:

(A) The revised hardware and software requirements for access to and retention of a notice or document delivered by electronic means; and

(B) The right of the party to withdraw consent without the imposition of any fee, condition, or consequence that was not disclosed at the time of initial consent; and

(ii) Complies with (b) of this subsection.

(5) This section does not affect requirements related to content or timing of any notice or document required under applicable law.

(6) If this title or applicable law requiring a notice or document to be provided to a party expressly requires verification or acknowledgment of receipt of the notice or document, the notice or document may be delivered by electronic means only if the method used provides for verification or acknowledgment of receipt.

(7) The legal effectiveness, validity, or enforceability of any contract or policy of insurance executed by a party may not be denied solely because of the failure to obtain electronic consent or confirmation of consent of the party in accordance with subsection (4)(c)(ii) of this section.

(8)(a) A withdrawal of consent by a party does not affect the legal effectiveness, validity, or enforceability of a notice or document delivered by electronic means to the party before the withdrawal of consent is effective.

(b) A withdrawal of consent by a party is effective within a reasonable period of time, not to exceed thirty days, after receipt of the withdrawal by the insurer.

(c) Failure by an insurer to comply with subsections (4)(d) and (10) of this section may be treated, at the election of the party, as a withdrawal of consent for purposes of this section.

(9) This section does not apply to a notice or document delivered by an insurer in an electronic form before July 24, 2015, to a party who, before that date, has consented to receive a notice or document in an electronic form otherwise allowed by law.

(10) If the consent of a party to receive certain notices or documents in an electronic form is on file with an insurer before July 24, 2015, and pursuant to this section, an insurer intends to deliver additional notices or documents to such party in an electronic form, then prior to delivering such additional notices or

documents electronically, the insurer shall:

(a) Provide the party with a statement that describes:

(i) The notices or documents that shall be delivered by electronic means under this section that were not previously delivered electronically; and

(ii) The party's right to withdraw consent to have notices or documents delivered by electronic means, without the imposition of any condition or consequence that was not disclosed at the time of initial consent; and

(b) Comply with subsection (4)(b) of this section.

(11) An insurer shall deliver a notice or document by any other delivery method permitted by law other than electronic means if:

(a) The insurer attempts to deliver the notice or document by electronic means and has a reasonable basis for believing that the notice or document has not been received by the party; or

(b) The insurer becomes aware that the electronic mail address provided by the party is no longer valid.

(12) A producer shall not be subject to civil liability for any harm or injury that occurs as a result of a party's election to receive any notice or document by electronic means or by an insurer's failure to deliver a notice or document by electronic means.

(13) This section does not modify, limit, or supersede the provisions of the federal electronic signatures in global and national commerce act (E-SIGN), P.L. 106-229, as amended."

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1105 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 81.61.010 and 1977 ex.s. c 2 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise (~~(7 the term)~~):

(1) "Contract crew transportation vehicle," as used in this chapter, means every motor vehicle, designed to transport fifteen or fewer passengers, including the driver, that is owned, leased, operated, or maintained by a person contracting with a railroad company or its agents, contractors, subcontractors, vendors, subvendors, secondary vendors, or subcarriers, and used primarily to provide railroad crew transportation.

(2) "Passenger-carrying vehicle," as used in this chapter, means those buses (~~(and)~~), vans, trucks, and cars owned, operated, and maintained by a railroad company (~~(which)~~) and primarily used to transport (~~(s)~~) railroad employees in other than the cab of such vehicle and designed primarily for operation on roads which may or may not be equipped with retractable flanged wheels for operation on railroad tracks.

NEW SECTION. **Sec. 2.** A new section is added to chapter 81.61 RCW to read as follows:

(1) The commission must regulate persons providing contract railroad crew transportation and every contract crew

transportation vehicle with respect to driver qualifications, equipment safety, safety of operations, hours of service by drivers, passenger safety, drug testing requirements, and record retention. This regulation must be consistent with the manner in which the commission regulates these areas under chapter 81.70 RCW and the manner in which it regulates safety under chapter 81.68 RCW, as well as with the approach used in federal motor carrier safety regulations under Title 49 of the code of federal regulations. In the event of a conflict between this chapter and the laws referenced in this subsection, this chapter governs.

(2) The commission must adopt rules under chapter 34.05 RCW as necessary to carry out this chapter regarding the operation of contract crew transportation vehicles.

(3)(a) The commission must require insurance coverage for each contract crew transportation vehicle that satisfies the following minimum amounts:

(i) Five million dollars combined single limit coverage for bodily injury and property damage liability coverage; and

(ii) Uninsured and underinsured motorist coverage of one million dollars.

(b) If a third party contracts with the person operating the vehicle on behalf of the railroad company or its agents, contractors, subcontractors, vendors, subvendors, secondary vendors, or subcarriers to transport railroad crew, the insurance requirements may be satisfied by either the third party or the person operating the vehicle, so long as the person operating the vehicle names the third party as an additional insured or named insured. The railroad company may also satisfy the insurance requirements. Proof of coverage must be provided to the commission by the person contracting with the railroad company.

(4) The commission must require the form and posting of adequate notices in a conspicuous location in all contract crew transportation vehicles to advise railroad employee passengers of their rights, the opportunity to submit safety complaints to the commission, the complaint process, and contact information for the commission.

(5) The commission must require persons providing contract railroad crew transportation to ensure that all drivers of contract crew transportation vehicles

successfully complete at least eight hours of commission-approved safety training that includes, but is not limited to, vehicle and passenger safety awareness, rail yard safety, grade crossing safety, load securement, and distracted and fatigued driving.

(6) The commission must investigate safety complaints related to contract railroad crew transportation under this chapter and take appropriate enforcement action as authorized.

(7) The commission may enforce this chapter with respect to persons providing contract railroad crew transportation under the authority in RCW 81.04.380 through 81.04.405, including assessing penalties as warranted.

(8) The commission may suspend or revoke a permit upon complaint by any interested party, or upon the commission's own motion after notice and opportunity for hearing, when it finds that any person owning, leasing, operating, or maintaining contract crew transportation vehicles has violated this chapter or the rules of the commission, or that the company or its agent has been found by a court or governmental agency to have violated the laws of a state or the United States.

NEW SECTION. Sec. 3. A new section is added to chapter 81.61 RCW to read as follows:

(1) A person is immediately and automatically disqualified from operating a contract crew transportation vehicle for a period of three years if (a) the person is convicted of, or is found to have committed, two or more traffic violations that result in suspension or revocation of the person's driver's license within a three-year period, for a reason other than the nonpayment of fines, or (b) the person is found guilty of, or is found to have committed, any drug or alcohol-related traffic offense, using a vehicle to commit a felony, leaving the scene of an accident, prohibited passing of another vehicle, a railroad-highway grade crossing offense identified in RCW 46.25.090(8), or driving with a suspended, revoked, or canceled license.

(2) A driver that sustains a conviction or a traffic violation as outlined under this section while employed by a contract carrier must report the conviction or infraction to the carrier within ten days of the date of conviction or the finding that the infraction was committed.

NEW SECTION. **Sec. 4.** A new section is added to chapter 81.61 RCW to read as follows:

(1) The commission must compile data regarding any reported safety complaints, accidents, regulatory violations and fines, and corrective actions taken by the commission involving vehicles regulated under this chapter. A railroad company, and any person that owns or leases, operates, or maintains contract crew transportation vehicles in the state, must, at the request of the commission, provide data relevant to any complaints and accidents, including location, time of day, visibility, a description of the event, whether any property damage or personal injuries resulted, and any corrective action taken by the railroad company, person operating the contract crew transportation vehicle, or commission. The commission must make this data available upon request.

(2) Information included in safety complaints that identifies the employee who submitted the complaint is exempt from public inspection and copying pursuant to RCW 42.56.330.

Upon request, the chief of the state patrol may assist the commission in these inspections.

(2) Consistent with section 2 of this act, the commission must develop an inspection program for contract crew transportation vehicles. This program must require a periodic inspection of each vehicle, including a review of operational practices.

(12) "Place of business" means a designated location at which the business of a driver training school is transacted or its records are kept.

(13) "Student" means any person enrolled in an approved driver training course.

(14) "Substantial interest holder" means a person who has actual or potential influence over the management or operation of any driver training school. Evidence of substantial interest includes, but is not limited to, one or more of the following:

(a) Directly or indirectly owning, operating, managing, or controlling a driver training school or any part of a driver training school;

(b) Directly or indirectly profiting from or assuming liability for debts of a driver training school;

(c) Is an officer or director of a driver training school;

training school during any calendar year;
or

(f) Directly or indirectly receiving a salary, commission, royalties, or other form of compensation from the activity in which a driver training school is or seeks to be engaged.

Sec. 9. RCW 46.82.320 and 2009 c 101 s 4 are each amended to read as follows:

(1) No person affiliated with a driver training school shall give instruction in the operation of an automobile for a fee without a license issued by the director for that purpose. An application for an original or renewal instructor's license shall be filed with the director, containing such information as prescribed by this chapter and by the director, accompanied by an application fee set by rule of the department, which shall in no event be refunded. An application for a renewal instructor's license must be accompanied by proof of the applicant's continuing professional development that meets the standards adopted by the director. If the applicant satisfactorily meets the application requirements (~~and the examination requirements~~) as prescribed in RCW 46.82.330, the applicant shall be granted a license valid for a period of two years from the date of issuance. An applicant for a renewal instructor's license is not required to retake the examination specified in RCW 46.82.330 to renew his or her instructor's license if his or her original instructor's license is unexpired or has not been expired for longer than six months before submission of his or her renewal application.

(2) The director shall issue a license certificate to each qualified applicant.

(a) An employing driver training school must conspicuously display an instructor's license at its established place of business and display copies of the instructor's license at any branch office where the instructor provides instruction.

(b) Unless revoked, canceled, or denied by the director, the license shall remain the property of the licensee in the event of termination of employment or employment by another driver training school.

(c) If the director has not received a renewal application on or before the date a license expires, the license (~~will be voided~~) is void, requiring a new application as provided for in this chapter, including (~~examination and~~)

payment of all fees, as well as an examination subject to the exception in subsection (1) of this section.

(d) If revoked, canceled, or denied by the director, the license must be surrendered to the department within ten days following the effective date of such action.

(3) Each licensee shall be provided with a wallet-size identification card by the director at the time the license is issued which shall be in the instructor's immediate possession at all times while engaged in instructing.

(4) The person to whom an instructor's license has been issued shall notify the director in writing within ten days of any change of employment or termination of employment, providing the name and address of the new driver training school by whom the instructor will be employed.

Sec. 10. RCW 46.82.330 and 2010 1st sp.s. c 7 s 21 are each amended to read as follows:

(1) The application for an instructor's license shall document the applicant's fitness, knowledge, skills, and abilities to teach the classroom and behind-the-wheel (~~phases~~) instruction portions of a driver training education program in a commercial driver training school.

(2) An applicant shall be eligible to apply for an original instructor's certificate if the applicant possesses and meets the following qualifications and conditions:

(a) Has been licensed to drive for five or more years and possesses a current and valid Washington driver's license or is a resident of a jurisdiction immediately adjacent to Washington state and possesses a current and valid license issued by such jurisdiction, and does not have on his or her driving record any of the violations or penalties set forth in (a)(i), (ii), or (iii) of this subsection. The director shall have the right to examine the driving record of the applicant from the department of licensing and from other jurisdictions and from these records determine if the applicant has had:

(i) Not more than one moving traffic violation within the preceding twelve months or more than two moving traffic violations in the preceding twenty-four months;

(ii) No drug or alcohol-related traffic violation or incident within the preceding

three years. If there are two or more drug or alcohol-related traffic violations in the applicant's driving history, the applicant is no longer eligible to be a driving instructor; and

(iii) No driver's license suspension, cancellation, revocation, or denial within the preceding two years, or no more than two of these occurrences in the preceding five years;

(b) Is a high school graduate or the equivalent and at least twenty-one years of age;

(c) Has completed an acceptable application on a form prescribed by the director;

(d) Has satisfactorily completed a course of instruction in the training of drivers acceptable to the director that is no less than sixty hours in length and includes instruction in classroom and behind-the-wheel teaching methods and supervised practice behind-the-wheel teaching of driving techniques; and

(e) Has paid an examination fee as set by rule of the department and has successfully completed an instructor's examination.

Sec. 11. RCW 46.82.360 and 2009 c 101 s 7 are each amended to read as follows:

The license of any driver training school or instructor may be suspended, revoked, denied, or refused renewal, or such other disciplinary action authorized under RCW 18.235.110 may be imposed, for failure to comply with the business practices specified in this section.

(1) No place of business shall be established nor any business of a driver training school conducted or solicited within one thousand feet of an office or building owned or leased by the department of licensing in which examinations for drivers' licenses are conducted. The distance of one thousand feet shall be measured along the public streets by the nearest route from the place of business to such building.

(2) Any automobile used by a driver training school or an instructor for instruction purposes must be equipped with:

(a) Dual controls for foot brake and clutch, or foot brake only in a vehicle equipped with an automatic transmission;

(b) An instructor's rear view mirror; and

(c) A sign in legible, printed English letters displayed on the back or top, or both, of the vehicle that:

(i) Is not less than twenty inches in horizontal width or less than ten inches in vertical height;

(ii) Has the words "student driver," "instruction car," or "driving school" in letters at least two and one-half inches in height near the top;

(iii) Has the name and telephone number of the school in similarly legible letters not less than one inch in height placed somewhere below the aforementioned words;

(iv) Has lettering and background colors that make it clearly readable at one hundred feet in clear daylight;

(v) Is displayed at all times when instruction is being given.

(3) Instruction may not be given by an instructor to a student who is under the age of fifteen, and behind-the-wheel instruction may not be given by an instructor to a student in an automobile unless the student possesses a current and valid instruction permit issued pursuant to RCW 46.20.055 or a current and valid driver's license.

(4) No driver training school or instructor shall advertise or otherwise indicate that the issuance of a driver's license is guaranteed or assured as a result of the course of instruction offered.

(5) No driver training school or instructor shall utilize any types of advertising without using the full, legal name of the school and identifying itself as a driver training school. Instruction vehicles and equipment, classrooms, driving simulators, training materials and services advertised must be available in a manner as might be expected by the average person reading the advertisement.

(6) A driver training school shall have an established place of business owned, rented, or leased by the school and regularly occupied and used exclusively for the business of giving driver instruction. The established place of business of a driver training school shall be located in a district that is zoned for business or commercial purposes or zoned for conditional use permits for schools, trade schools, or colleges. However, the use of public or private schools does not alleviate the driver training school from securing and maintaining an established

place of business or from using its own classroom on a regular basis as required under this chapter.

(a) The established place of business, branch office, or classroom or advertised address of any such driver training school shall not consist of or include a house trailer, residence, tent, temporary stand, temporary address, bus, telephone answering service if such service is the sole means of contacting the driver training school, a room or rooms in a hotel or rooming house or apartment house, or premises occupied by a single or multiple-unit dwelling house.

(b) A driver training school may lease classroom space within a public or private school that is recognized and regulated by the office of the superintendent of public instruction to conduct student instruction as approved by the director. However, such use of public or private classroom space does not alleviate the driver training school from securing and maintaining an established place of business nor from using its own classroom on a regular basis as required by this chapter.

(c) To classify as a branch office or classroom the facility must be within a thirty-five mile radius of the established place of business. The department may waive or extend the thirty-five mile restriction for driver training schools located in counties below the median population density.

(d) Nothing in this subsection may be construed as limiting the authority of local governments to grant conditional use permits or variances from zoning ordinances.

(7) No driver training school or instructor shall conduct any type of instruction or training on a course used by the department of licensing for testing applicants for a Washington driver's license.

(8) Each driver training school shall maintain its student, instructor, vehicle, insurance, and operating records at its established place of business.

(a) Student records must include the student's name, address, and telephone number, date of enrollment and all dates of instruction, the student's instruction permit or driver's license number, the type of training given, the total number of hours of instruction, and the name and signature of the instructor or instructors.

(b) Vehicle records shall include the original insurance policies and copies of the vehicle registration for all instruction vehicles.

(c) Student and instructor records shall be maintained for three years following the completion of the instruction. Vehicle records shall be maintained for five years following their issuance. All records shall be made available for inspection upon the request of the department.

(d) Upon a transfer or sale of school ownership the school records shall be transferred to and become the property and responsibility of the new owner.

(9) Each driver training school shall, at its established place of business, display, in a place where it can be seen by all clients, a copy of the required (~~minimum~~) curriculum furnished by the department (~~and a copy of the school's own curriculum~~). Copies of the required (~~minimum~~) curriculum are to be provided to driver training schools and instructors by the director.

(10) Driver training schools and instructors shall submit to periodic inspections of their business practices, facilities, records, and insurance by authorized representatives of the director of the department of licensing.

Sec. 12. RCW 46.82.420 and 2010 1st sp.s. c 7 s 22 are each amended to read as follows:

(1) The department and the office of the superintendent of public instruction shall jointly develop and maintain a (~~basic minimum~~) required curriculum (~~and~~) as specified in section 4 of this act. The department shall furnish to each qualifying applicant for an instructor's license or a driver training school license a copy of such curriculum.

(2) In addition to information on the safe, lawful, and responsible operation of motor vehicles on the state's highways, the (~~basic minimum~~) required curriculum shall include information on:

(a) Intermediate driver's license issuance, passenger and driving restrictions and sanctions for violating the restrictions, and the effect of traffic violations and collisions on the driving privileges;

(b) The effects of alcohol and drug use on motor vehicle operators, including information on drug and alcohol related

traffic injury and mortality rates in the state of Washington and the current penalties for driving under the influence of drugs or alcohol;

(c) Motorcycle awareness, approved by the director, to ensure new operators of motor vehicles have been instructed in the importance of safely sharing the road with motorcyclists;

(d) Bicycle safety, to ensure that operators of motor vehicles have been instructed in the importance of safely sharing the road with bicyclists; and

(e) Pedestrian safety, to ensure that operators of motor vehicles have been instructed in the importance of safely sharing the road with pedestrians.

(3) Should the director be presented with acceptable proof that any licensed instructor or driver training school is not showing proper diligence in teaching (~~(such basic minimum)~~) the required curriculum (~~(as required)~~), the instructor or school shall be required to appear before the director and show cause why the license of the instructor or school should not be revoked for such negligence. If the director does not accept such reasons as may be offered, the director may revoke the license of the instructor or school, or both.

NEW SECTION. Sec. 13. The department of licensing and the office of the superintendent of public instruction must work together on the transfer and coordination of responsibilities to comply with this act.

NEW SECTION. Sec. 14. The following acts or parts of acts are each repealed:

(1) RCW 28A.220.050 (Information on proper use of left-hand lane) and 1986 c 93 s 4;

MESSAGE FROM THE SENATE

March 31, 2017

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1648 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 84.56.020 and 2014 c 13 s 1 are each amended to read as follows:

(1) The county treasurer must be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his or her county. No treasurer may accept tax payments or issue receipts for the same until the treasurer has completed the tax roll for the current year's collection and provided notification of the completion of the roll. Notification may be accomplished electronically, by posting a notice in the office, or through other written communication as determined by the treasurer. All ~~((taxes upon))~~ real and personal property taxes and assessments made payable by the provisions of this title are due and payable to the county treasurer on or before the thirtieth day of April and, except as provided in this section, ~~((shall be))~~ are delinquent after that date.

(2) Each tax statement must include a notice that checks for payment of taxes may be made payable to "Treasurer of County" or other appropriate office, but tax statements may not include any suggestion that checks may be made payable to the name of the individual holding the office of treasurer nor any other individual.

(3) When the total amount of tax or special assessments on personal property or on any lot, block or tract of real property payable by one person is fifty dollars or more, and if one-half of such tax ~~((be))~~ is paid on or before the thirtieth day of April, the remainder of such tax is due and payable on or before the following thirty-first day of October ~~((following and shall be))~~ and is delinquent after that date.

(4) When the total amount of tax or special assessments on any lot, block or tract of real property or on any mobile home payable by one person is fifty dollars or more, and if one-half of such tax ~~((be))~~ is paid after the thirtieth day of April but before the thirty-first day of October, together with the applicable interest and penalty on the full amount of tax payable for that year, the remainder of such tax is due and payable on or before the following thirty-first day of October ~~((following))~~ and is delinquent after that date.

(5) Except as provided in (c) of this subsection, delinquent taxes under this section are subject to interest at the rate of twelve percent per annum computed on a monthly basis on the amount of tax delinquent from the date of delinquency until paid. Interest must be calculated at the rate in effect at the time of the tax payment ~~((of the tax))~~, regardless of when the taxes were first delinquent. In addition, delinquent taxes under this section are subject to penalties as follows:

(a) A penalty of three percent of the amount of tax delinquent is assessed on the tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent is assessed on the ~~((amount of tax))~~ delinquent tax amount on December 1st of the year in which the tax is due.

(c) If a taxpayer is successfully participating in a payment agreement under subsection (12)(b) of this section or a partial payment ~~((agreement under subsection (11)(b) of this section))~~ program pursuant to subsection (13) of this section, the county treasurer may not assess additional penalties on delinquent taxes that are included within the payment agreement. Interest and penalties that have been assessed prior to the payment agreement remain due and payable as provided in the payment agreement.

(6)(a) When real property taxes become delinquent and prior to the filing of the certificate of delinquency, the treasurer is authorized to assess and collect tax foreclosure avoidance costs.

(b) For the purposes of this section, "tax foreclosure avoidance costs" means those ~~((costs that can be identified specifically))~~ direct costs associated with the administration of properties subject to and prior to foreclosure. Tax foreclosure avoidance costs include:

(i) Compensation of employees for the time devoted ~~((and identified specifically))~~ to administering the avoidance of property foreclosure; and

(ii) The cost of materials, services, or equipment acquired, consumed, or expended ~~((specifically for the purpose of))~~ in administering tax foreclosure avoidance prior to the filing of a certificate of delinquency.

(c) When tax foreclosure avoidance costs are collected, ~~((the tax foreclosure avoidance costs))~~ such costs must be credited to the county treasurer service fund account, except as otherwise directed.

(d) For purposes of chapter 84.64 RCW, any taxes, interest, or penalties deemed delinquent under this section remain delinquent until such time as all taxes, interest, and penalties for the tax year in which the taxes were first due and payable have been paid in full.

(7) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed during any period of armed conflict ~~((on))~~ regarding delinquent taxes imposed on the personal residences owned by active duty military personnel who are participating as part of one of the branches of the military involved in the conflict and assigned to a duty station outside the territorial boundaries of the United States.

(8) During a state of emergency declared under RCW 43.06.010(12), the county treasurer, on his or her own motion or at the request of any taxpayer affected by the emergency, may grant extensions of the due date of any taxes payable under this section as the treasurer deems proper.

(9) All collections of interest on delinquent taxes must be credited to the county current expense fund.

(10) For purposes of this chapter, "interest" means both interest and penalties.

~~((10) All collections of interest on delinquent taxes must be credited to the county current expense fund; but)~~

(11) The direct cost of foreclosure and sale of real property, and the direct fees and costs of distraint and sale of personal property, for delinquent taxes, must, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the

foreclosure or distraint or sale; and must be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint, and sale ~~((for))~~ because of delinquent taxes without regard to budget limitations and not subject to indirect costs of other charges.

~~((11))~~ (12)(a) For purposes of this chapter, and in accordance with this section and RCW 36.29.190, the treasurer may collect taxes, assessments, fees, rates, interest, and charges by electronic ~~((bill presentment))~~ billing and payment. Electronic ~~((bill presentment))~~ billing and payment may be ~~((utilized))~~ used as an option by the taxpayer, but the treasurer may not require the use of electronic ~~((bill presentment))~~ billing and payment. Electronic bill presentment and payment may be on a monthly or other periodic basis as the treasurer deems proper for delinquent tax year payments only or for prepayments of current tax. All prepayments must be paid in full by the due date specified in (c) of this subsection. Payments on past due taxes must include collection of the oldest delinquent year, which includes interest and taxes within a twelve-month period, prior to filing a certificate of delinquency under chapter 84.64 RCW or distraint pursuant to RCW 84.56.070.

(b) The treasurer ~~((must))~~ may provide, by electronic means or otherwise, a payment agreement that provides for payment of current year taxes, inclusive of prepayment collection charges. The treasurer may provide, by electronic means or otherwise, a payment agreement for payment of past due delinquencies, which must also require current year taxes to be paid timely. The payment agreement must be signed by the taxpayer and treasurer prior to the sending of an electronic or alternative bill, which includes a payment plan for current year taxes. The treasurer may accept partial payment of current and delinquent taxes including interest and penalties using electronic bill presentment and payments.

(c) All taxes upon real and personal property made payable by the provisions of this title are due and payable to the treasurer on or before the thirtieth day of April and are delinquent after that date. The remainder of the tax is due and payable on or before the following thirty-first ~~((day))~~ of October ~~((following))~~ and is delinquent after that date. All other

assessments, fees, rates, and charges are delinquent after the due date.

(d) A county treasurer may authorize payment of past due property taxes, penalties, and interest under this chapter by electronic funds transfers ~~((payments))~~ on a monthly basis. Delinquent taxes are subject to interest and penalties, as provided in subsection (5) of this section.

(e) The treasurer must pay any collection costs, investment earnings, or both on past due payments or prepayments to the credit of a county treasurer service fund account to be created and used only for the payment of expenses incurred by the treasurer, without limitation, in administering the system for collecting prepayments.

~~((12))~~ (13) In addition to the payment program in subsection (12)(b) of this section, the treasurer may accept partial payment of current and delinquent taxes including interest and penalties by any means authorized.

(14) For purposes of this section unless the context clearly requires otherwise, the following definitions apply:

(a) "Electronic ~~((bill presentment))~~ billing and payment" means statements, invoices, or bills that are created, delivered, and paid using the internet. The term includes an automatic electronic payment from a person's checking account, debit account, or credit card.

(b) "Internet" has the same meaning as provided in RCW 19.270.010.

Sec. 2. RCW 84.56.050 and 1991 c 245 s 17 are each amended to read as follows:

(1) ~~On ((receiving the tax rolls the treasurer shall post)) receipt of the certification of the tax rolls from the county assessor, the county treasurer must transfer all real and personal property taxes from the rolls to the treasurer's tax roll, and ((shall)) must carry forward to the current tax rolls a memorandum of all delinquent taxes on each and every description of property, ((and enter the same on the property upon which the taxes are delinquent showing the amounts for each year. ~~the notice the name of each tax and the levy made on the same. The county treasurer shall be the sole collector of all delinquent taxes and all other taxes due and collectible on the tax rolls of the county: PROVIDED, That the term "taxpayer" as used in this section shall)) entering which taxes are delinquent and the amounts for each year. Except as provided otherwise in this section, the treasurer must provide a printed notice or electronically publish, at the expense of the county, information for each taxpayer, regarding the amount of real and personal property, and the name of each tax and levy made on the same. The county treasurer must be the sole collector of all taxes, current or delinquent.~~

(2) For the purposes of this section, "taxpayer" means any person charged, or whose property is charged, with property tax~~((and))~~.

(3) The person to be notified ~~((is that))~~ under this section is the person whose name appears on the tax roll herein mentioned~~((: PROVIDED, FURTHER, That))~~. However, if:

(a) No name so appears the person to be notified is ~~((that))~~ the person shown by the treasurer's tax rolls or duplicate tax receipts of any preceding year as the payer of the tax last paid on the property ~~((in question)); or~~

(b) The real property taxes are paid by a bank, as defined in RCW 62A.1-201, the name of each tax and levy in the property tax information on the county treasurer's web site satisfies the notice requirements of this section.

Sec. 3. RCW 82.45.090 and 2009 c 350 s 8 are each amended to read as follows:

(1) Except for a sale of a beneficial interest in real property where no instrument evidencing the sale is recorded in the official real property records of the county in which the property is located, the tax imposed by this chapter ~~((shall))~~ must be paid to and collected by the treasurer of the county within which is located the real property ~~((which))~~ that was sold. In collecting the tax the county treasurer ~~((shall))~~ must act as agent for the state. The county treasurer ~~((shall))~~ must cause a verification of payment evidencing satisfaction of the lien to be affixed to the instrument of sale or conveyance prior to its recording or to the real estate excise tax affidavit in the case of used mobile home sales and used floating home sales. A receipt issued

by the county treasurer for the payment of the tax imposed under this chapter (~~shall be~~) is evidence of the satisfaction of the lien imposed (~~hereunder~~) in this section and may be recorded in the manner prescribed for recording satisfactions of mortgages. No instrument of sale or conveyance evidencing a sale subject to the tax (~~shall~~) may be accepted by the county auditor for filing or recording until the tax (~~shall have been~~) is paid and the verification of payment affixed thereto; in case the tax is not due on the transfer, the instrument (~~shall~~) may not be so accepted until suitable notation of such fact has been made on the instrument by the treasurer. (~~Any time there is a~~) At the sale of a used mobile home, used manufactured home, used park model, or used floating home that has not been title eliminated, property taxes must be current in order to complete the processing of the real estate excise tax affidavit or other documents transferring title. For the purposes of this subsection, "mobile home," "manufactured home," and "park model" have the same meaning as provided in RCW 59.20.030.

(2) For a sale of a beneficial interest in real property where a tax is due under this chapter and where no instrument is recorded in the official real property records of the county in which the property is located, the sale (~~shall~~) must be reported to the department of revenue within five days from the (~~date of the~~) sale date on such returns or forms and according to such procedures as the department may prescribe. Such forms or returns (~~shall~~) must be signed or electronically signed by both the transferor and the transferee and (~~shall~~) must be accompanied by payment of the tax due.

ENGROSSED HOUSE BILL NO. 1648, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 10, 2017

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1814 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 13.38.070 and 2011 c 309 s 7 are each amended to read as follows:

(1) In any involuntary child custody proceeding seeking the foster care placement of, or the termination of parental rights to, a child in which the petitioning party or the court knows, or has reason to know, that the child is or may be an Indian child as defined in this chapter, the petitioning party shall notify the parent or Indian custodian and the Indian child's tribe or tribes, by certified mail, return receipt requested, and by use of a mandatory Indian child welfare act notice addressed to the tribal agent designated by the Indian child's tribe or tribes for receipt of Indian child welfare act notice, as published by the bureau of Indian affairs in the federal register. If the identity or location of the parent or Indian custodian and the tribe cannot be determined, such notice shall be given to the secretary of the interior by registered mail, return receipt requested, in accordance with the regulations of the bureau of Indian affairs. The secretary of the interior has fifteen days after receipt to provide the requisite notice to the parent or Indian custodian and the tribe. No foster care placement or termination of parental rights proceeding shall be held until at least ten days after receipt of notice by the parent or Indian custodian and the tribe. The parent or Indian custodian or the tribe shall, upon request, be granted up to twenty additional days to prepare for the proceeding.

(2) The determination of the Indian status of a child shall be made as soon as practicable in order to serve the best interests of the Indian child and protect the interests of the child's tribe.

(3)(a) A written determination by an Indian tribe that a child is a member of or eligible for membership in that tribe, or testimony by the tribe attesting to such status shall be conclusive that the child is an Indian child;

(b) A written determination by an Indian tribe that a child is not a member of or eligible for membership in that tribe, or testimony by the tribe attesting to such status shall be conclusive that the child is not a member or eligible for membership in that tribe. Such determinations are presumptively those of the tribe where submitted in the form of a tribal resolution, or signed by or testified to by the person(s) authorized by the tribe's governing body to speak for the tribe, or by the tribe's agent designated to receive notice under the

federal Indian child welfare act where such designation is published in the federal register;

(c) Where a tribe provides no response to notice under RCW 13.38.070, such nonresponse shall not constitute evidence that the child is not a member or eligible for membership. Provided, however, that under such circumstances the party asserting application of the federal Indian child welfare act, or this chapter, will have the burden of proving by a preponderance of the evidence that the child is an Indian child.

(4)(a) Where a child has been determined not to be an Indian child, any party to the proceeding, or an Indian tribe that subsequently determines the child is a member, may, during the pendency of any child custody proceeding to which this chapter or the federal Indian child welfare act applies, move the court for redetermination of the child's Indian status based upon new evidence, redetermination by the child's tribe, or newly conferred federal recognition of the tribe.

(b) This subsection (4) does not affect the rights afforded under 25 U.S.C. Sec. 1914.

Sec. 2. RCW 26.44.100 and 2005 c 512 s 1 are each amended to read as follows:

(1) The legislature finds parents and children often are not aware of their due process rights when agencies are investigating allegations of child abuse and neglect. The legislature reaffirms that all citizens, including parents, shall be afforded due process, that protection of children remains the priority of the legislature, and that this protection includes protecting the family unit from unnecessary disruption. To facilitate this goal, the legislature wishes to ensure that parents and children be advised in writing and orally, if feasible, of their basic rights and other specific information as set forth in this chapter, provided that nothing contained in this chapter shall cause any delay in protective custody action.

(2) The department shall notify the parent, guardian, or legal custodian of a child of any allegations of child abuse or neglect made against such person at the initial point of contact with such person, in a manner consistent with the laws maintaining the confidentiality of the persons making the complaints or allegations. Investigations of child abuse

and neglect should be conducted in a manner that will not jeopardize the safety or protection of the child or the integrity of the investigation process.

Whenever the department completes an investigation of a child abuse or neglect report under this chapter (~~(26.44 RCW)~~), the department shall notify the subject of the report of the department's investigative findings. The notice shall also advise the subject of the report that:

(a) A written response to the report may be provided to the department and that such response will be filed in the record following receipt by the department;

(b) Information in the department's record may be considered in subsequent investigations or proceedings related to child protection or child custody;

(c) Founded reports of child abuse and neglect may be considered in determining whether the person is disqualified from being licensed to provide child care, employed by a licensed child care agency, or authorized by the department to care for children; and

(d) A subject named in a founded report of child abuse or neglect has the right to seek review of the finding as provided in this chapter.

(3) The founded finding notification required by this section shall be made by certified mail, return receipt requested, to the person's last known address.

(4) The unfounded finding notification required by this section must be made by regular mail to the person's last known address or by email.

(5) The duty of notification created by this section is subject to the ability of the department to ascertain the location of the person to be notified. The department shall exercise reasonable, good-faith efforts to ascertain the location of persons entitled to notification under this section.

~~((5))~~ (6) The department shall provide training to all department personnel who conduct investigations under this section that shall include, but is not limited to, training regarding the legal duties of the department from the initial time of contact during investigation through treatment in order to protect children and families.

Sec. 3. RCW 43.20B.430 and 1989 c 175 s 99 are each amended to read as follows:

In all cases where a determination is made that the estate of a resident of a residential habilitation center is able to pay all or any portion of the charges, ~~((a))~~ an initial notice and finding of responsibility shall be served on the guardian of the resident's estate, or if no guardian has been appointed then to the resident, the resident's spouse, or other person acting in a representative capacity and having property in his or her possession belonging to a resident. The initial notice shall set forth the amount the department has determined that such estate is able to pay, not to exceed the charge as fixed in accordance with RCW 43.20B.420, and the responsibility for payment to the department shall commence ~~twenty-eight days after ((personal))~~ service of such notice and finding of responsibility. Service of the initial notice shall be in the manner prescribed for the service of a summons in a civil action or may be served by certified mail, return receipt requested. The return receipt signed by addressee only is prima facie evidence of service. An application for an adjudicative proceeding from the determination of responsibility may be made to the secretary by the guardian of the resident's estate, or if no guardian has been appointed then by the resident, the resident's spouse, or other person acting in a representative capacity and having property in his or her possession belonging to a resident of a state school, within such twenty-eight day period. The application must be written and served on the secretary by registered or certified mail, or by personal service. If no application is filed, the notice and finding of responsibility shall become final. If an application is filed, the execution of notice and finding of responsibility shall be stayed pending the final adjudicative order. The hearing shall be conducted in a local department office or other location in Washington convenient to the appellant. The proceeding is governed by the Administrative Procedure Act, chapter 34.05 RCW.

Sec. 4. RCW 43.20B.435 and 1979 c 141 s 240 are each amended to read as follows:

The secretary, upon application of the guardian of the estate of the resident, and after investigation, or upon investigation without application, may, if satisfied of the financial ability or

inability of such person to make payments in accordance with the ~~((original))~~ initial finding of responsibility as provided for in RCW 43.20B.430, modify or vacate such ((original)) initial finding of responsibility, and enter a new finding of responsibility. The secretary's determination to modify or vacate findings of responsibility shall be served ((and)) by regular mail. A new finding of responsibility shall be appealable in the same manner and in accordance with the same procedure for appeals of ((original)) initial findings of responsibility.

Sec. 5. RCW 43.20B.635 and 1990 c 100 s 1 are each amended to read as follows:

(1) After service of a notice of debt for an overpayment as provided for in RCW 43.20B.630, stating the debt accrued, the secretary may issue to any person, firm, corporation, association, political subdivision, or department of the state, an order to withhold and deliver property of any kind including, but not restricted to, earnings which are due, owing, or belonging to the debtor, when the secretary has reason to believe that there is in the possession of such person, firm, corporation, association, political subdivision, or department of the state property which is due, owing, or belonging to the debtor.

(2)(a) The order to withhold and deliver shall state the amount of the debt, and shall state in summary the terms of this section, RCW 6.27.150 and 6.27.160, chapters 6.13 and 6.15 RCW, 15 U.S.C. 1673, and other state or federal exemption laws applicable generally to debtors.

(b) The order to withhold and deliver shall be served ~~((in the manner prescribed for the service of a summons in a civil action or by certified mail, return receipt requested))~~ by regular mail or, with a party's agreement, electronically.

(3)(a) Any person, firm, corporation, association, political subdivision, or department of the state upon whom service has been made shall answer the order to withhold and deliver within twenty days, exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of therein.

(b) The secretary may require further and additional answers to be completed by the person, firm, corporation, association, political subdivision, or department of the state.

(c) If any such person, firm, corporation, association, political subdivision, or department of the state possesses any property which may be subject to the claim of the department of social and health services, such property shall be withheld immediately upon receipt of the order to withhold and deliver and shall, after the twenty-day period, upon demand, be delivered forthwith to the secretary.

(d) The secretary shall hold the property in trust for application on the indebtedness involved or for return, without interest, in accordance with final determination of liability or nonliability. In the alternative, there may be furnished to the secretary a good and sufficient bond, satisfactory to the secretary, conditioned upon final determination of liability.

(e) Where money is due and owing under any contract of employment, express or implied, or is held by any person, firm, corporation, association, political subdivision, or department of the state subject to withdrawal by the debtor, such money shall be delivered by remittance payable to the order of the secretary. Delivery to the secretary, subject to the exemptions under RCW 6.27.150 and 6.27.160, chapters 6.13 and 6.15 RCW, 15 U.S.C. 1673, and other state or federal law applicable generally to debtors, of the money or other property held or claimed satisfies the requirement of the order to withhold and deliver. Delivery to the secretary serves as full acquittance, and the state warrants and represents that it shall defend and hold harmless for such actions persons delivering money or property to the secretary pursuant to this chapter. The state also warrants and represents that it shall defend and hold harmless for such actions persons withholding money or property pursuant to this chapter.

(4)(a) The secretary shall also, on or before the date of service of the order to withhold and deliver, mail or cause to be mailed ~~((by certified mail))~~ a copy of the order to withhold and deliver to the debtor at the debtor's last known post office address ~~((τ))~~ or, ~~((in the alternative, a copy of the order to withhold and deliver shall be served on the debtor in the same manner as a summons in a civil action on or before the date of service of the order or within two days thereafter))~~ with a party's agreement serve the order upon the debtor

electronically on or before the date of service of the order to withhold and deliver.

(b) The copy of the order shall be mailed or served together with a concise explanation of the right to petition for a hearing on any issue related to the collection. This requirement is not jurisdictional, but, if the copy is not mailed or served as provided in this section, or if any irregularity appears with respect to the mailing or service electronically, the superior court, on its discretion on motion of the debtor promptly made and supported by affidavit showing that the debtor has suffered substantial injury due to the failure to mail the copy or serve the copy electronically, may set aside the order to withhold and deliver and award to the debtor an amount equal to the damages resulting from the secretary's failure to serve on or mail to the debtor the copy.

Sec. 6. RCW 74.20A.320 and 2009 c 408 s 1 are each amended to read as follows:

(1) The department may serve upon a responsible parent a notice informing the responsible parent of the department's intent to submit the parent's name to the department of licensing and any appropriate licensing entity as a licensee who is not in compliance with a child support order. ~~((The department shall attach a copy of the responsible parent's child support order to the notice.))~~

(a) If the support order establishing or modifying the child support obligation includes a statement required under RCW 26.23.050 that the responsible parent's privileges to obtain and maintain a license may not be renewed or may be suspended if the parent is not in compliance with a support order, the department may send the notice required by this section to the responsible parent by regular mail, addressed to the responsible parent's last known mailing address on file with the department or by personal service. Notice by regular mail is deemed served three days from the date the notice was deposited with the United States postal service.

(b) If the support order does not include a statement as required under RCW 26.23.050 that the responsible parent's privileges to obtain and maintain a license may not be renewed or may be suspended if the parent is not in compliance with a support order, service of the notice required by this section to

the responsible parent must be by certified mail, return receipt requested. If service by certified mail is not successful, service shall be by personal service.

(2) The notice of noncompliance must include the following information:

(a) The address and telephone number of the department's division of child support office that issued the notice;

(b) That in order to prevent the department from certifying the parent's name to the department of licensing or any other licensing entity, the parent has twenty days from receipt of the notice to contact the department and:

(i) Pay the overdue support amount in full;

(ii) Request an adjudicative proceeding as provided in RCW 74.20A.322;

(iii) Agree to a payment schedule with the department as provided in RCW 74.20A.326; or

(iv) File an action to modify the child support order with the appropriate court or administrative forum, in which case the department will stay the certification process up to six months;

(c) That failure to contact the department within twenty days of receipt of the notice will result in certification of the responsible parent's name to the department of licensing and any other appropriate licensing entity for noncompliance with a child support order. Upon receipt of the notice:

(i) The licensing entity will suspend or not renew the parent's license and the department of licensing will suspend or not renew any driver's license that the parent holds until the parent provides the department of licensing and the licensing entity with a release from the department stating that the responsible parent is in compliance with the child support order;

(ii) The department of fish and wildlife will suspend a fishing license, hunting license, occupational licenses, such as a commercial fishing license, or any other license issued under chapter 77.32 RCW that the responsible parent may possess, and suspension of a license by the department of fish and wildlife may also affect the parent's ability to obtain permits, such as special hunting permits, issued by the department. Notice from the department of licensing that a responsible

parent's driver's license has been suspended shall serve as notice of the suspension of a license issued under chapter 77.32 RCW;

(d) That suspension of a license will affect insurability if the responsible parent's insurance policy excludes coverage for acts occurring after the suspension of a license;

(e) If the responsible parent subsequently comes into compliance with the child support order, the department will promptly provide the parent and the appropriate licensing entities with a release stating that the parent is in compliance with the order.

(3) When a responsible parent who is served notice under subsection (1) of this section subsequently complies with the child support order, a copy of a release stating that the responsible parent is in compliance with the order shall be transmitted by the department to the appropriate licensing entities.

(4) The department of licensing and a licensing entity may renew, reinstate, or otherwise extend a license in accordance with the licensing entity's or the department of licensing's rules after the licensing entity or the department of licensing receives a copy of the release specified in subsection (3) of this section. The department of licensing and a licensing entity may waive any applicable requirement for reissuance, renewal, or other extension if it determines that the imposition of that requirement places an undue burden on the person and that waiver of the requirement is consistent with the public interest."

On page 1, line 2 of the title, after "services;" strike the remainder of the title and insert "and amending RCW 13.38.070, 26.44.100, 43.20B.430, 43.20B.435, 43.20B.635, and 74.20A.320."

(2) Consistent with RCW 43.01.036, the department of natural resources shall report the outcome of the analysis required by this section to the legislature by October 31, 2017. In the report, the department of natural resources must identify elements, consistent with the recommendations of the analysis, within its current authority to implement, a timeline for implementation of those elements, and any elements in its recommendations that would require a rule change, statutory amendment, or additional funding to implement.

HOUSE BILL NO. 1983, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 7, 2017

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1988 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Existing federal law, 8 U.S.C. Sec. 1101(a)(27)(J), establishes a procedure for classification of abandoned, abused, or neglected youth as special immigrants who have been declared dependent on a juvenile court or legally committed to or placed in the custody of a state agency or department, or placed under the custody of an individual or entity appointed by a state or juvenile court, and authorizes those youth to apply for an adjustment of status to that of a lawful permanent resident within the United States. A youth is age-eligible if the youth is under twenty-one years old. Existing state law already provides that superior courts have jurisdiction to make judicial determinations regarding the custody and care of juveniles.

This chapter authorizes a court to appoint a guardian for a vulnerable youth from eighteen to twenty-one years old, who is not participating in extended foster

care services authorized under RCW 74.13.031, and who is eligible for classification under 8 U.S.C. Sec. 1101(a)(27)(J) with the consent of the proposed ward. This chapter also provides that a vulnerable youth guardianship of the person terminates on the youth's twenty-first birthday unless the youth requests termination prior to that date. Opening court doors for the provision of a vulnerable youth guardianship serves the state's interest in eliminating human trafficking, preventing further victimization of youth, decreasing reliance on public resources, reducing youth homelessness, and offering protection for youth who may otherwise be targets for traffickers.

NEW SECTION. Sec. 2. (1) The legislature finds and declares the following:

(a) Washington law grants the superior courts jurisdiction to make judicial determinations regarding the custody and care of youth within the meaning of the federal immigration and nationality act. Pursuant to 8 U.S.C. Sec. 1101(b), the term "child" means an unmarried person under twenty-one years of age. Superior courts are empowered to make the findings necessary for a youth to petition the United States citizenship and immigration services for classification under 8 U.S.C. Sec. 1101(a)(27)(J).

(b) 8 U.S.C. Sec. 1101(a)(27)(J) offers interim relief from deportation to undocumented, unmarried immigrant youth under twenty-one years old, if a state court with jurisdiction over juveniles has made specific findings.

(c) The findings necessary for a youth to petition for classification under 8 U.S.C. Sec. 1101(a)(27)(J) include, among others, a finding that reunification with one or both parents is not viable due to abuse, neglect, abandonment, or a similar basis under state law, and a finding that it is not in the youth's best interest to be returned to the youth's country of origin.

(d) Misalignment between state and federal law continues to exist. Federal law allows a person under twenty-one years old, who otherwise meets the requirements for eligibility under 8 U.S.C. Sec. 1101(a)(27)(J), to file for relief. In Washington, however, vulnerable youth who are between eighteen and twenty-one years old have largely been unable to obtain the findings from the superior court necessary

to seek classification under 8 U.S.C. Sec. 1101(a)(27)(J) and the relief that it was intended to afford them, solely because superior courts cannot take jurisdiction of these vulnerable youth under current law. This is true despite the fact that many vulnerable youth between eighteen and twenty-one years old face circumstances identical to those faced by their younger counterparts.

(e) Given the recent influx of vulnerable youth arriving to the United States, many of whom have been released to family members and other adults in Washington, and who have experienced parental abuse, neglect, or abandonment, it is necessary to provide an avenue for these vulnerable youth to petition the superior courts to appoint a guardian of the person, even if the youth is over eighteen years old. This is particularly necessary in light of the vulnerability of this class of youth, and their need for a custodial relationship with a responsible adult as they adjust to a new cultural context, language, and education system, and recover from the trauma of abuse, neglect, or abandonment. These custodial arrangements promote the long-term well-being and stability of vulnerable youth present in the United States who have experienced abuse, neglect, or abandonment by one or both parents.

(f) The legislature has an interest in combating human trafficking throughout Washington state. In 2003, Washington became the first state to enact a law making human trafficking a crime and has since continued its efforts to provide support services for victims of human trafficking while also raising awareness of human trafficking. Vulnerable youth who have been subject to parental abuse, neglect, or abandonment are particularly susceptible to becoming victims of human trafficking. By creating an avenue for a vulnerable youth guardianship for certain eligible individuals between eighteen and twenty-one years old, the legislature will provide such youth with the possibility for additional support and protection that a guardian can offer, which will make these youth less likely to become targets for human traffickers. Guardians can support vulnerable youth by providing them stable housing and caring for their basic necessities, which may help alleviate many of the risk factors that make such youth prime targets for trafficking and exploitation.

(g) Vulnerable youth guardianships of the person may be necessary and appropriate for these individuals, even between eighteen and twenty-one years old, although a vulnerable youth for whom a guardian has been appointed retains the rights of an adult under Washington law.

(2) It is the intent of the legislature to give the juvenile division of superior courts jurisdiction to appoint a guardian for a consenting vulnerable youth between eighteen, up to the age of twenty-one who has been abandoned, neglected, or abused by one or both parents, or for whom the court determines that a guardian is otherwise necessary as one or both parents cannot adequately provide for the youth such that the youth risks physical or psychological harm if returned to the youth's home. The juvenile court will have jurisdiction to make the findings necessary for a vulnerable youth to petition for classification under 8 U.S.C. Sec. 1101(a)(27)(J). It is further the intent of the legislature to provide an avenue for a person between eighteen and twenty-one years old to have a guardian of the person appointed beyond eighteen years old if the youth so requests or consents to the appointment of a guardian as provided in section 5 of this act.

NEW SECTION. Sec. 3. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of social and health services.

(2) "Guardian" means a person who has been appointed by the court as the guardian of a vulnerable youth in a legal proceeding under this chapter. The term "guardian" does not include a "dependency guardian" appointed pursuant to a proceeding under chapter 13.34 RCW for the purpose of assisting the court in supervising the dependency. The term "guardian" does not include a "guardian" appointed pursuant to a proceeding under chapter 13.36 RCW or a "dependency guardian" appointed pursuant to a proceeding under chapter 13.34 RCW.

(3) "Juvenile court" or "court" means the juvenile division of the superior court.

(4) "Relative" means a person related to the child in the following ways:

(a) Any parent, or blood relative, including those of half-blood, and including first cousins, second cousins,

nephews or nieces, and persons of preceding generations as denoted by prefixes of grand, great, or great-great;

(b) A stepfather, stepmother, stepbrother, and stepsister;

(c) A person who legally adopts a child or the child's parent as well as the natural and other legally adopted children of such persons, and other relatives of the adoptive parents in accordance with state law;

(d) Spouses of any persons named in (a) through (c) of this subsection (4), even after the marriage is terminated;

(e) Relatives, as described in (a) through (d) of this subsection (4), of any half-sibling of the child.

(5)(a) "Suitable person" means a nonrelative who has completed all required criminal history background checks as specified in (b) of this subsection and otherwise appears to be suitable and competent to provide care for the youth.

(b) The criminal background checks required in (a) of this subsection are those set out in RCW 26.10.135 (1) and (2)(b), but apply only to the guardian and not to other adult members of the household.

(6) "Vulnerable youth" is an individual who has turned eighteen years old, but who is not yet twenty-one years old and who is eligible for classification under 8 U.S.C. Sec. 1101(a)(27)(J). A youth who remains in a vulnerable youth guardianship under this chapter shall not be considered a "child" under any other state statute or for any other purpose. A vulnerable youth is one who is not also a nonminor dependent who is participating in extended foster care services authorized under RCW 74.13.031.

NEW SECTION. Sec. 4. (1) A vulnerable youth may petition the court that a vulnerable youth guardianship be established for him or her by filing a petition in juvenile court under this chapter. The proposed guardian must agree to join in the petition, and must receive notice of the petition.

(2) To be designated as a proposed guardian in a petition under this chapter, a person must be age twenty-one or over, suitable, and capable of performing the duties of guardian under section 6 of this act, including but not limited to parents, licensed foster parents, relatives, and suitable persons.

(3) The petition must allege and show that:

(a) Both the petitioner and the proposed guardian agree to the establishment of a guardianship;

(b) The youth is between the ages of eighteen and twenty-one years;

(c) The youth is prima facie eligible to apply for classification under 8 U.S.C. Sec. 1101(a)(27)(J);

(d) The youth requests the support of a responsible adult; and

(e) The proposed guardian agrees to serve as guardian, and is a suitable adult over twenty-one years old who is capable of performing the duties of a guardian as stated in section 6 of this act.

(4) There must be no fee associated with the filing of a vulnerable youth guardianship petition by or for a vulnerable youth under this section.

NEW SECTION. Sec. 5. (1) At the hearing on a vulnerable youth guardianship petition, both parties, the vulnerable youth and the proposed guardian, have the right to present evidence and cross-examine witnesses. The rules of evidence apply to the conduct of the hearing.

(2) A vulnerable youth guardianship must be established if the court finds by a preponderance of the evidence that:

(a) The allegations in the petition are true;

(b) It is in the vulnerable youth's best interest to establish a vulnerable youth guardianship; and

(c) The vulnerable youth consents in writing to the appointment of a guardian.

(3) A guardianship established under subsection (2) of this section remains in effect as provided in section 8 of this act.

NEW SECTION. Sec. 6. (1) If the court has made the findings required under section 5 of this act, the court shall issue an order establishing a vulnerable youth guardianship for the vulnerable youth. The order shall:

(a) Appoint a person to be the guardian for the vulnerable youth;

(b) Provide that the guardian shall ensure that the legal rights of the vulnerable youth are not violated, and may specify the guardian's other rights and

responsibilities concerning the care, custody, and nurturing of the vulnerable youth;

(c) Specify that the guardian shall not have possession of any identity documents belonging to the vulnerable youth; and

(d) Specify the need for and scope of continued oversight by the court, if any.

(2) Unless specifically ordered by the court, the standards and requirements for relocation in chapter 26.09 RCW do not apply to vulnerable youth guardianships established under this chapter.

(3) The court shall provide a certified copy of the vulnerable youth guardianship order to the vulnerable youth and the guardian.

(4) For an unrepresented vulnerable youth whose vulnerable youth guardian is a suitable person, as defined in section 3 of this act, the court shall provide a list of service providers and available resources for survivors of human trafficking, such as any relevant lists or materials created by the Washington state task force against the trafficking of persons under RCW 7.68.350.

NEW SECTION. **Sec. 7.** (1) The youth may move the court to modify the provisions of a vulnerable youth guardianship order at any time by: (a) Filing with the court a motion for modification and an affidavit setting forth facts supporting the requested modification; and (b) providing notice and a copy of the motion and affidavit to the other party. The nonmoving party may file and serve opposing affidavits.

(2) The youth may move the court to appoint a new guardian at any time by: (a) Filing with the court a motion for appointment of a new guardian and an affidavit setting forth facts supporting the requested appointment; and (b) providing notice and a copy of the motion and affidavit to the other party.

(3) The youth may move the court to substitute a new guardian, provided that the proposed new guardian is a suitable adult over twenty-one years old who is capable of performing the duties of a guardian as stated in section 6 of this act. The substitution of a new guardian must be permitted without termination of the vulnerable youth guardianship and the youth is not required to file a new vulnerable youth guardianship petition to substitute a guardian.

(4) If a party other than the youth moves the court to modify the provisions of a vulnerable youth guardianship order, the modification is subject to the youth's agreement.

NEW SECTION. **Sec. 8.** (1) The vulnerable youth guardianship terminates on the vulnerable youth's twenty-first birthday.

(2) The vulnerable youth may request the termination of the vulnerable youth guardianship at any time. The court shall terminate the vulnerable youth guardianship upon the request of the vulnerable youth. The vulnerable youth may also withdraw consent to the vulnerable youth guardianship at any time.

(3) The guardian may request termination of the vulnerable youth guardianship by filing a petition and supporting affidavit alleging a substantial change has occurred in the circumstances of the vulnerable youth or the guardian and that the termination is necessary to serve the best interests of the vulnerable youth. The petition and affidavit must be served on both parties to the vulnerable youth guardianship.

(4) Except as provided in subsection (2) of this section, the court shall not terminate a vulnerable youth guardianship unless it finds, upon the basis of facts that have arisen since the vulnerable youth guardianship was established or that were unknown to the court at the time the vulnerable youth guardianship was established, that a substantial change has occurred in the circumstances of the vulnerable youth or the guardian and that termination of the vulnerable youth guardianship is necessary to serve the best interests of the vulnerable youth. The effect of a guardian's duties while serving in the military potentially impacting vulnerable youth guardianship functions is not, by itself, a substantial change of circumstances justifying termination of a vulnerable youth guardianship.

NEW SECTION. **Sec. 9.** In all proceedings under this chapter to establish, modify, or terminate a vulnerable youth guardianship order, the vulnerable youth and the guardian or prospective guardian have the right to be represented by counsel of their choosing and at their own expense.

NEW SECTION. **Sec. 10.** (1) Subject to the availability of amounts appropriated for this specific purpose, the Washington

state task force against the trafficking of persons created in RCW 7.68.350 shall:

(a) Evaluate whether vulnerable youth guardianships established under chapter 13.--- RCW (the new chapter created in section 11 of this act) where the guardian is a suitable person, as defined in section 3 of this act, have the unintended impact of placing youth at greater risk of being trafficked; and

(b) Compile a list of service providers and available resources for survivors of human trafficking that a court issuing a vulnerable youth guardianship order under section 6 of this act can provide to a vulnerable youth applying for a guardian who is a suitable person, as defined in section 3 of this act.

(2) If findings are made that vulnerable youth guardianships established under chapter 13.--- RCW (the new chapter created in section 11 of this act) where the guardian is a suitable person, as defined in section 3 of this act, have the unintended impact of placing youth at greater risk of being trafficked, the task force shall:

(a) Research and identify ways to reduce this risk, including recommendations on legislation;

(b) Examine whether providing a vulnerable youth applying for a guardian who is a suitable person, as defined in section 3 of this act, with an advocate interview prior to granting a vulnerable youth guardianship will help reduce this risk; and

(c) Identify best practices for an advocate interview and any related recommendations on training or other requirements for advocate organizations.

(3) The task force shall deliver the evaluation of vulnerable youth guardianships specified by this section to the legislature by January 1, 2019.

NEW SECTION. Sec. 11. Sections 1 through 9 of this act constitute a new chapter in Title 13 RCW."

On page 1, line 2 of the title, after "program;" strike the remainder of the title and insert "adding a new chapter to Title 13 RCW; and creating a new section."

MESSAGE FROM THE SENATE

April 11, 2017

MR. SPEAKER:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1547, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 70.38.111 and 2016 sp.s. c 31 s 4 are each amended to read as follows:

(1) The department shall not require a certificate of need for the offering of an inpatient tertiary health service by:

(a) A health maintenance organization or a combination of health maintenance organizations if (i) the organization or combination of organizations has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (ii) the

facility in which the service will be provided is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination;

(b) A health care facility if (i) the facility primarily provides or will provide inpatient health services, (ii) the facility is or will be controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations which has, in the service area of the organization or service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (iii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iv) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination; or

(c) A health care facility (or portion thereof) if (i) the facility is or will be leased by a health maintenance organization or combination of health maintenance organizations which has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals and, on the date the application is submitted under subsection (2) of this section, at least fifteen years remain in the term of the lease, (ii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization;

if, with respect to such offering or obligation by a nursing home, the department has, upon application under subsection (2) of this section, granted an exemption from such requirement to the organization, combination of organizations, or facility.

(2) A health maintenance organization, combination of health maintenance organizations, or health care facility shall not be exempt under subsection (1) of this section from obtaining a certificate of need before offering a tertiary health service unless:

(a) It has submitted at least thirty days prior to the offering of services reviewable under RCW 70.38.105(4)(d) an application for such exemption; and

(b) The application contains such information respecting the organization, combination, or facility and the proposed offering or obligation by a nursing home as the department may require to determine if the organization or combination meets the requirements of subsection (1) of this section or the facility meets or will meet such requirements; and

(c) The department approves such application. The department shall approve or disapprove an application for exemption within thirty days of receipt of a completed application. In the case of a proposed health care facility (or portion thereof) which has not begun to provide tertiary health services on the date an application is submitted under this subsection with respect to such facility (or portion), the facility (or portion) shall meet the applicable requirements of subsection (1) of this section when the facility first provides such services. The department shall approve an application submitted under this subsection if it determines that the applicable requirements of subsection (1) of this section are met.

(3) A health care facility (or any part thereof) with respect to which an exemption was granted under subsection (1) of this section may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired and a health care facility described in (1)(c) which was granted an exemption under subsection (1) of this section may not be used by any person other than the lessee described in (1)(c) unless:

(a) The department issues a certificate of need approving the sale, lease, acquisition, or use; or

(b) The department determines, upon application, that (i) the entity to which the facility is proposed to be sold or leased, which intends to acquire the controlling interest, or which intends to use the facility is a health maintenance

organization or a combination of health maintenance organizations which meets the requirements of (1)(a)(i), and (ii) with respect to such facility, meets the requirements of (1)(a)(ii) or (iii) or the requirements of (1)(b)(i) and (ii).

(4) In the case of a health maintenance organization, an ambulatory care facility, or a health care facility, which ambulatory or health care facility is controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations, the department may under the program apply its certificate of need requirements to the offering of inpatient tertiary health services to the extent that such offering is not exempt under the provisions of this section or RCW 70.38.105(7).

(5)(a) The department shall not require a certificate of need for the construction, development, or other establishment of a nursing home, or the addition of beds to an existing nursing home, that is owned and operated by a continuing care retirement community that:

(i) Offers services only to contractual members;

(ii) Provides its members a contractually guaranteed range of services from independent living through skilled nursing, including some assistance with daily living activities;

(iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicaid program, is liable for costs of care even if the member depletes his or her personal resources;

(iv) Has offered continuing care contracts and operated a nursing home continuously since January 1, 1988, or has obtained a certificate of need to establish a nursing home;

(v) Maintains a binding agreement with the state assuring that financial liability for services to members, including nursing home services, will not fall upon the state;

(vi) Does not operate, and has not undertaken a project that would result in a number of nursing home beds in excess of one for every four living units operated

by the continuing care retirement community, exclusive of nursing home beds; and

(vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

(i) It has submitted an application for exemption at least thirty days prior to commencing construction of, is submitting an application for the licensure of, or is commencing operation of a nursing home, whichever comes first; and

(ii) The application documents to the department that the continuing care retirement community qualifies for exemption.

(c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify for licensure as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq. may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

(7) A rural health care facility licensed under RCW 70.175.100 formerly licensed as a hospital under chapter 70.41 RCW may, within three years of the effective date of the rural health care facility license, apply to the department for a hospital license and not be subject to the requirements of RCW 70.38.105(4) (a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the number of beds used for acute care or long-term care, the rural health care facility

has been in continuous operation, and the rural health care facility has not been purchased or leased.

(8) A rural hospital determined to no longer meet critical access hospital status for state law purposes as a result of participation in the Washington rural health access preservation pilot identified by the state office of rural health and formerly licensed as a hospital under chapter 70.41 RCW may apply to the department to renew its hospital license and not be subject to the requirements of RCW 70.38.105(4) (a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW. If all or part of a formerly licensed rural hospital is sold, purchased, or leased during the period the rural hospital does not meet critical access hospital status as a result of participation in the Washington rural health access preservation pilot and the new owner or lessor applies to renew the rural hospital's license, then the sale, purchase, or lease of part or all of the rural hospital is subject to the provisions of this chapter (~~(70.38 RCW)~~).

(9) (a) A nursing home that voluntarily reduces the number of its licensed beds to provide assisted living, licensed assisted living facility care, adult day care, adult day health, respite care, hospice, outpatient therapy services, congregate meals, home health, or senior wellness clinic, or to reduce to one or two the number of beds per room or to otherwise enhance the quality of life for residents in the nursing home, may convert the original facility or portion of the facility back, and thereby increase the number of nursing home beds to no more than the previously licensed number of nursing home beds without obtaining a certificate of need under this chapter, provided the facility has been in continuous operation and has not been purchased or leased. Any conversion to the original licensed bed capacity, or to any portion thereof, shall comply with the same life and safety code requirements as existed at the time the nursing home voluntarily reduced its licensed beds; unless waivers from such requirements were issued, in which case the converted beds shall reflect the conditions or standards that then existed pursuant to the approved waivers.

(b) To convert beds back to nursing home beds under this subsection, the nursing home must:

(i) Give notice of its intent to preserve conversion options to the department of health no later than thirty days after the effective date of the license reduction; and

If construction is required for the conversion of beds back, the notice of intent to convert beds back must be given, at a minimum, one year prior to the effective date of license modification reflecting the restored beds; otherwise, the notice must be given a minimum of ninety days prior to the effective date of license modification reflecting the restored beds. Prior to any license modification to convert beds back to nursing home beds under this section, the licensee must demonstrate that the nursing home meets the certificate of need exemption requirements of this section.

The term "construction," as used in (b)(ii) of this subsection, is limited to those projects that are expected to equal or exceed the expenditure minimum amount, as determined under this chapter.

(c) Conversion of beds back under this subsection must be completed no later than four years after the effective date of the license reduction. However, for good cause shown, the four-year period for conversion may be extended by the department of health for one additional four-year period.

(d) Nursing home beds that have been voluntarily reduced under this section shall be counted as available nursing home beds for the purpose of evaluating need under RCW 70.38.115(2) (a) and (k) so long as the facility retains the ability to convert them back to nursing home use under the terms of this section.

(e) When a building owner has secured an interest in the nursing home beds, which are intended to be voluntarily reduced by the licensee under (a) of this subsection, the applicant shall provide the department with a written statement indicating the building owner's approval of the bed reduction.

(10) (a) The department shall not require a certificate of need for a hospice agency if:

(i) The hospice agency is designed to serve the unique religious or cultural needs of a religious group or an ethnic minority and commits to furnishing hospice services in a manner specifically aimed at meeting the unique religious or cultural needs of the religious group or ethnic minority;

(ii) The hospice agency is operated by an organization that:

(A) Operates a facility, or group of facilities, that offers a comprehensive continuum of long-term care services, including, at a minimum, a licensed, medicare-certified nursing home, assisted living, independent living, day health, and various community-based support services, designed to meet the unique social, cultural, and religious needs of a specific cultural and ethnic minority group;

(B) Has operated the facility or group of facilities for at least ten continuous years prior to the establishment of the hospice agency;

(iii) The hospice agency commits to coordinating with existing hospice programs in its community when appropriate;

(iv) The hospice agency has a census of no more than forty patients;

(v) The hospice agency commits to obtaining and maintaining medicare certification;

(vi) The hospice agency only serves patients located in the same county as the majority of the long-term care services offered by the organization that operates the agency; and

(vii) The hospice agency is not sold or transferred to another agency.

(b) The department shall include the patient census for an agency exempted under this subsection (10) in its calculations for future certificate of need applications.

(11) To alleviate the need to board psychiatric patients in emergency departments, ~~((for fiscal year 2015))~~ for the period of time from the effective date of this section through June 30, 2019:

(a) The department shall suspend the certificate of need requirement for a hospital licensed under chapter 70.41 RCW that changes the use of licensed beds to increase the number of beds to provide psychiatric services, including

involuntary treatment services. A certificate of need exemption under this ~~(section)~~ subsection (11)(a) shall be valid for two years.

(b) The department may not require a certificate of need for:

(i) The addition of beds as described in RCW 70.38.260 (2) and (3); or

(ii) The construction, development, or establishment of a psychiatric hospital licensed as an establishment under chapter 71.12 RCW that will dedicate at least one-third of its beds to provide treatment to adults on ninety or one hundred eighty-day involuntary commitment orders, as described in RCW 70.38.260(4).

Sec. 2. RCW 70.38.260 and 2015 3rd sp.s. c 22 s 2 are each amended to read as follows:

(1) For a grant awarded during fiscal years 2016 and 2017 by the department of commerce under this section, hospitals licensed under chapter 70.41 RCW and psychiatric hospitals licensed as establishments under chapter 71.12 RCW are not subject to certificate of need requirements for the addition of the number of new psychiatric beds indicated in the grant. The department of commerce may not make a prior approval of a certificate of need application a condition for a grant application under this section. The period during which an approved hospital or psychiatric hospital project qualifies for a certificate of need exemption under this section is two years from the date of the grant award.

(2)(a) Until June 30, 2019, a hospital licensed under chapter 70.41 RCW is exempt from certificate of need requirements for the addition of new psychiatric beds.

(b) A hospital that adds new psychiatric beds under this subsection (2) must:

(ii) Commence the project within two years of the date of receipt of the notice of exemption.

(c) Beds granted an exemption under RCW 70.38.111(11)(b) must remain psychiatric beds unless a certificate of need is granted to change their use or the

(3)(a) Until June 30, 2019, a psychiatric hospital licensed as an establishment under chapter 71.12 RCW is exempt from certificate of need requirements for the one-time addition of up to thirty new psychiatric beds, if it demonstrates to the satisfaction of the department:

(ii) A commitment to maintaining the payer mix in (a) of this subsection for a period of five consecutive years after the beds are made available for use by patients.

(b) A psychiatric hospital that adds new psychiatric beds under this subsection (3) must:

(i) Notify the department of the addition of new psychiatric beds. The department shall provide the psychiatric hospital with a notice of exemption within thirty days; and

(ii) Commence the project within two years of the date of receipt of the notice of exemption.

(c) Beds granted an exemption under RCW 70.38.111(11)(b) must remain psychiatric beds unless a certificate of need is granted to change their use or the psychiatric hospital voluntarily reduces its licensed capacity.

(4)(a) Until June 30, 2019, an entity seeking to construct, develop, or establish a psychiatric hospital licensed as an establishment under chapter 71.12 RCW is exempt from certificate of need requirements if the proposed psychiatric hospital will dedicate at least one-third of its beds to providing treatment to adults on ninety or one hundred eighty-day involuntary commitment orders. The psychiatric hospital may also provide treatment to adults on a seventy-two hour detention or fourteen-day involuntary commitment order.

(b) An entity that seeks to construct, develop, or establish a psychiatric hospital under this subsection (4) must:

THIRD READING

MESSAGE FROM THE SENATE

April 12, 2017

MR. SPEAKER:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1427, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that in 2015 an average of two Washington residents died per day in this state from opioid overdose and that opioid

overdose deaths have more than doubled between 2010 and 2015.

The legislature further finds that medically prescribed opioids intended to treat pain have contributed to the opioid epidemic and although Washington has done much to address the prescribing and tracking of opioid prescriptions, more needs to be done to ensure proper prescribing and use of opioids and access to treatment. This includes allowing local health officers to access the prescription monitoring program in order to provide patient follow-up and care coordination, including directing care to opioid treatment programs in the area as appropriate to the patient following an overdose event.

The legislature intends to streamline its already comprehensive system of tracking and treating opioid abuse by: Reducing barriers to the siting of opioid treatment programs; ensuring ease of access for prescribers, including those prescribers who provide services in opioid treatment programs, to the prescription monitoring program; allowing facilities and practitioners to use the information received under the prescription monitoring program for the purpose of providing individual prescriber quality improvement feedback; and requiring the boards and commissions of the health care professions with prescriptive authority to adopt rules establishing requirements for prescribing opioid drugs with the goal of reducing the number of people who inadvertently become addicted to opioids and, consequently, reducing the burden on opioid treatment programs.

NEW SECTION. **Sec. 2.** A new section is added to chapter 18.22 RCW to read as follows:

(1) By January 1, 2019, the board must adopt rules establishing requirements for prescribing opioid drugs. The rules may contain exemptions based on education, training, amount of opioids prescribed, patient panel, and practice environment.

NEW SECTION. Sec. 10. A new section is added to chapter 70.225 RCW to read as follows:

Beginning November 15, 2017, the department shall annually report to the governor and the appropriate committees of the legislature on the number of facilities, entities, or provider groups identified in RCW 70.225.040(3) (l) and (m) that have integrated their federally certified electronic health records with the prescription monitoring program utilizing the state health information exchange.

Sec. 11. RCW 71.24.560 and 2016 sp.s. c 29 s 506 are each amended to read as follows:

(1) All approved ((opiate substitution)) opioid treatment programs that provide services to women who are pregnant are required to disseminate up-

to-date and accurate health education information to all their pregnant clients concerning the possible addiction and health risks that their ~~((opiate substitution))~~ treatment may have on their baby. All pregnant clients must also be advised of the risks to both them and their baby associated with not remaining on the ~~((opiate substitute))~~ opioid treatment program. The information must be provided to these clients both verbally and in writing. The health education information provided to the pregnant clients must include referral options for the ~~((addicted))~~ substance-exposed baby.

(2) The department shall adopt rules that require all ~~((opiate))~~ opioid treatment programs to educate all pregnant women in their program on the benefits and risks of ~~((methadone))~~ medication-assisted treatment to their fetus before they are provided these medications, as part of their ~~((addiction))~~ treatment. The department shall meet the requirements under this subsection within the appropriations provided for ~~((opiate))~~ opioid treatment programs. The department, working with treatment providers and medical experts, shall develop and disseminate the educational materials to all certified ~~((opiate))~~ opioid treatment programs.

Sec. 12. RCW 71.24.585 and 2016 sp.s. c 29 s 519 are each amended to read as follows:

The state of Washington declares that there is no fundamental right to ~~((opiate substitution))~~ medication-assisted treatment for opioid use disorder. The state of Washington further declares that while ~~((opiate substitution drugs))~~ medications used in the treatment of ((opiate dependency)) opioid use disorder are addictive substances, that they nevertheless have several legal, important, and justified uses and that one of their appropriate and legal uses is, in conjunction with other required therapeutic procedures, in the treatment of persons ~~((addicted to or habituated to opioids))~~ with opioid use disorder. The state of Washington recognizes as evidence-based for the management of opioid use disorder the medications approved by the federal food and drug administration for the treatment of opioid use disorder. ~~((Opiate substitution))~~ Medication-assisted treatment should only be used for participants who are deemed appropriate to need this level of intervention ((and should not be));

providers should first consider alternatives like abstinence for the first treatment intervention ((for all opiate addicts)).

Because ~~((opiate substitution drugs, used in the treatment of opiate dependency are addictive and are listed as a schedule II))~~ some such medications are controlled substances in chapter 69.50 RCW, the state of Washington ((has)) maintains the legal obligation and right to regulate the ((use of opiate substitution treatment. The state of Washington declares its authority to control and regulate carefully, in consultation with counties and cities, all clinical uses of opiate substitution drugs used in the treatment of opiate addiction)) clinical uses of these medications in the treatment of opioid use disorder.

Further, the state declares that the ~~((primary))~~ main goal of opiate substitution treatment is total abstinence from substance use for the individuals who participate in the treatment program, but recognizes the additional goals of reduced morbidity, and restoration of the ability to lead a productive and fulfilling life. The state recognizes that a small percentage of persons who participate in ~~((opiate substitution))~~ opioid treatment programs require treatment for an extended period of time. ~~((Opiate substitution))~~ Opioid treatment programs shall provide a comprehensive transition program to eliminate substance use, including ((opiate and opiate substitute addiction)) opioid use of program participants.

NEW SECTION. **Sec. 13.** A new section is added to chapter 71.24 RCW to read as follows:

The state declares that a person lawfully possessing or using lawfully prescribed medication for the treatment of opioid use disorder must be treated the same in judicial and administrative proceedings as a person lawfully possessing or using other lawfully prescribed medications.

Sec. 14. RCW 71.24.590 and 2001 c 242 s 2 are each amended to read as follows:

(1) ~~((For purposes of this section, "area" means the county in which an applicant proposes to locate a certified program and counties adjacent, or near to, the county in which the program is proposed to be located.))~~

When making a decision on an application for certification of a program, the department shall:

(a) Consult with the county legislative authorities in the area in which an applicant proposes to locate a program and the city legislative authority in any city in which an applicant proposes to locate a program;

(b) Certify only programs that will be sited in accordance with the appropriate county or city land use ordinances. Counties and cities may require conditional ~~((or special))~~ use permits with reasonable conditions for the siting of programs. Pursuant to RCW 36.70A.200, no local comprehensive plan or development regulation may preclude the siting of essential public facilities;

(c) Not discriminate in its certification decision on the basis of the corporate structure of the applicant;

(d) Consider the size of the population in need of treatment in the area in which the program would be located and certify only applicants whose programs meet the necessary treatment needs of that population;

~~((Demonstrate a need in the community for opiate substitution treatment and not certify more program slots than justified by the need in that community. No program shall exceed three hundred fifty participants unless specifically authorized by the county in which the program is certified;~~

~~(f))~~ Consider the availability of other certified opioid treatment programs near the area in which the applicant proposes to locate the program;

~~((g))~~ (f) Consider the transportation systems that would provide service to the program and whether the systems will provide reasonable opportunities to access the program for persons in need of treatment;

~~((h))~~ (g) Consider whether the applicant has, or has demonstrated in the past, the capability to provide the appropriate services to assist the persons who utilize the program in meeting goals established by the legislature ~~((including abstinence from opiates and opiate substitutes, obtaining mental health treatment, improving economic independence, and reducing adverse consequences associated with illegal use of controlled substances))~~ in RCW

71.24.585. The department shall prioritize certification to applicants who have demonstrated such capability and are able to measure their success in meeting such outcomes;

~~((i))~~ (h) Hold ~~((at least))~~ one public hearing in the ~~((county))~~ community in which the facility is proposed to be located ~~((and one hearing in the area in which the facility is proposed to be located))~~. The hearing shall be held at a time and location that are most likely to permit the largest number of interested persons to attend and present testimony. The department shall notify all appropriate media outlets of the time, date, and location of the hearing at least three weeks in advance of the hearing.

(2) A county may impose a maximum capacity for a program of not less than three hundred fifty participants if necessary to address specific local conditions cited by the county.

(3) A program applying for certification from the department and a program applying for a contract from a state agency that has been denied the certification or contract shall be provided with a written notice specifying the rationale and reasons for the denial.

~~((3))~~ (4) For the purpose of this chapter, ~~((opiate substitution))~~ opioid treatment program means:

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1427 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

April 11, 2017

MR. SPEAKER:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1714, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that:

(1) Research demonstrates that registered nurses play a critical role in improving patient safety and quality of care;

(2) Appropriate staffing of hospital personnel including registered nurses available for patient care assists in reducing errors, complications, and adverse patient care events and can improve staff safety and satisfaction and reduce incidences of workplace injuries;

(3) Health care professional, technical, and support staff comprise vital components of the patient care team, bringing their particular skills and services to ensuring quality patient care;

(4) Assuring sufficient staffing of hospital personnel, including registered nurses, is an urgent public policy priority in order to protect patients and support greater retention of registered nurses and safer working conditions; and

(5) Steps should be taken to promote evidence-based nurse staffing and increase transparency of health care data and decision making based on the data.

Sec. 2. RCW 70.41.420 and 2008 c 47 s 3 are each amended to read as follows:

(1) By September 1, 2008, each hospital shall establish a nurse staffing committee, either by creating a new committee or assigning the functions of a nurse staffing committee to an existing

committee. At least one-half of the members of the nurse staffing committee shall be registered nurses currently providing direct patient care and up to one-half of the members shall be determined by the hospital administration. The selection of the registered nurses providing direct patient care shall be according to the collective bargaining agreement if there is one in effect at the hospital. If there is no applicable collective bargaining agreement, the members of the nurse staffing committee who are registered nurses providing direct patient care shall be selected by their peers.

(2) Participation in the nurse staffing committee by a hospital employee shall be on scheduled work time and compensated at the appropriate rate of pay. Nurse staffing committee members shall be relieved of all other work duties during meetings of the committee.

(3) Primary responsibilities of the nurse staffing committee shall include:

(a) Development and oversight of an annual patient care unit and shift-based nurse staffing plan, based on the needs of patients, to be used as the primary component of the staffing budget. Factors to be considered in the development of the plan should include, but are not limited to:

(i) Census, including total numbers of patients on the unit on each shift and activity such as patient discharges, admissions, and transfers;

(ii) Level of intensity of all patients and nature of the care to be delivered on each shift;

(iii) Skill mix;

(iv) Level of experience and specialty certification or training of nursing personnel providing care;

(v) The need for specialized or intensive equipment;

(vi) The architecture and geography of the patient care unit, including but not limited to placement of patient rooms, treatment areas, nursing stations, medication preparation areas, and equipment; (~~and~~)

(vii) Staffing guidelines adopted or published by national nursing professional associations, specialty nursing organizations, and other health professional organizations;

(viii) Availability of other personnel supporting nursing services on the unit; and

(ix) Strategies to enable registered nurses to take meal and rest breaks as required by law or the terms of an applicable collective bargaining agreement, if any, between the hospital and a representative of the nursing staff;

(b) Semiannual review of the staffing plan against patient need and known evidence-based staffing information, including the nursing sensitive quality indicators collected by the hospital;

(c) Review, assessment, and response to staffing variations or concerns presented to the committee.

(4) In addition to the factors listed in subsection (3)(a) of this section, hospital finances and resources ~~((may))~~ must be taken into account in the development of the nurse staffing plan.

(5) The staffing plan must not diminish other standards contained in state or federal law and rules, or the terms of an applicable collective bargaining agreement, if any, between the hospital and a representative of the nursing staff.

(6) The committee will produce the hospital's annual nurse staffing plan. If this staffing plan is not adopted by the hospital, the chief executive officer shall provide a written explanation of the reasons why the plan was not adopted to the committee. The chief executive officer must then either: (a) Identify those elements of the proposed plan being changed prior to adoption of the plan by the hospital or (b) prepare an alternate annual staffing plan that must be adopted by the hospital. Beginning January 1, 2019, each hospital shall submit its staffing plan to the department and thereafter on an annual basis and at any time in between that the plan is updated.

(7) Beginning January 1, 2019, each hospital shall implement the staffing plan and assign nursing personnel to each patient care unit in accordance with the plan.

(a) A registered nurse may report to the staffing committee any variations where the nurse personnel assignment in a patient care unit is not in accordance with the adopted staffing plan and may make a complaint to the committee based on the variations.

(b) Shift-to-shift adjustments in staffing levels required by the plan may be made by the appropriate hospital personnel overseeing patient care operations. If a registered nurse on a patient care unit objects to a shift-to-shift adjustment, the registered nurse may submit the complaint to the staffing committee.

(c) Staffing committees shall develop a process to examine and respond to data submitted under (a) and (b) of this subsection, including the ability to determine if a specific complaint is resolved or dismissing a complaint based on unsubstantiated data.

(8) Each hospital shall post, in a public area on each patient care unit, the nurse staffing plan and the nurse staffing schedule for that shift on that unit, as well as the relevant clinical staffing for that shift. The staffing plan and current staffing levels must also be made available to patients and visitors upon request.

~~((9))~~ (9) A hospital may not retaliate against or engage in any form of intimidation of:

(a) An employee for performing any duties or responsibilities in connection with the nurse staffing committee; or

(b) An employee, patient, or other individual who notifies the nurse staffing committee or the hospital administration of his or her concerns on nurse staffing.

~~((9))~~ (10) This section is not intended to create unreasonable burdens on critical access hospitals under 42 U.S.C. Sec. 1395i-4. Critical access hospitals may develop flexible approaches to accomplish the requirements of this section that may include but are not limited to having nurse staffing committees work by telephone or ~~((electronic mail))~~ email.

NEW SECTION. Sec. 3. A new section is added to chapter 70.41 RCW to read as follows:

(1)(a) The department shall investigate a complaint submitted under this section for violation of RCW 70.41.420 following receipt of a complaint with documented evidence of failure to:

(i) Form or establish a staffing committee;

(ii) Conduct a semiannual review of a nurse staffing plan;

(iii) Submit a nurse staffing plan on an annual basis and any updates; or

(iv) (A) Follow the nursing personnel assignments in a patient care unit in violation of RCW 70.41.420(7) (a) or shift-to-shift adjustments in staffing levels in violation of RCW 70.41.420(7) (b).

(B) The department may only investigate a complaint under this subsection (1) (a) (iv) after making an assessment that the submitted evidence indicates a continuing pattern of unresolved violations of RCW 70.41.420(7) (a) or (b), that were submitted to the nurse staffing committee excluding complaints determined by the nurse staffing committee to be resolved or dismissed. The submitted evidence must include the aggregate data contained in the complaints submitted to the hospital's nurse staffing committee that indicate a continuing pattern of unresolved violations for a minimum sixty-day continuous period leading up to receipt of the complaint by the department.

(C) The department may not investigate a complaint under this subsection (1) (a) (iv) in the event of unforeseeable emergency circumstances or if the hospital, after consultation with the nurse staffing committee, documents it has made reasonable efforts to obtain staffing to meet required assignments but has been unable to do so.

(b) After an investigation conducted under (a) of this subsection, if the department determines that there has been a violation, the department shall require the hospital to submit a corrective plan of action within forty-five days of the presentation of findings from the department to the hospital.

(2) In the event that a hospital fails to submit or submits but fails to follow such a corrective plan of action in response to a violation or violations found by the department based on a complaint filed pursuant to subsection (1) of this section, the department may impose, for all violations asserted against a hospital at any time, a civil penalty of one hundred dollars per day until the hospital submits or begins to follow a corrective plan of action or takes other action agreed to by the department.

(3) The department shall maintain for public inspection records of any civil penalties, administrative actions, or

license suspensions or revocations imposed on hospitals under this section.

(4) For purposes of this section, "unforeseeable emergency circumstance" means:

(a) Any unforeseen national, state, or municipal emergency;

(b) When a hospital disaster plan is activated;

(c) Any unforeseen disaster or other catastrophic event that substantially affects or increases the need for health care services; or

(d) When a hospital is diverting patients to another hospital or hospitals for treatment or the hospital is receiving patients who are from another hospital or hospitals.

(5) Nothing in this section shall be construed to preclude the ability to otherwise submit a complaint to the department for failure to follow RCW 70.41.420.

(6) The department shall submit a report to the legislature on December 31, 2022. This report shall include the number of complaints submitted to the department under this section, the disposition of these complaints, the number of investigations conducted, the associated costs for complaint investigations, and recommendations for any needed statutory changes. The department shall also project, based on experience, the impact, if any, on hospital licensing fees over the next four years. Prior to the submission of the report, the secretary shall convene a stakeholder group consisting of the Washington state hospital association, the Washington state nurses association, service employees international union healthcare 1199NW, and united food and commercial workers 21. The stakeholder group shall review the report prior to its submission to review findings and jointly develop any legislative recommendations to be included in the report.

(7) No fees shall be increased to implement this act prior to June 1, 2023.

NEW SECTION. **Sec. 4.** This act expires June 1, 2023.

NEW SECTION. **Sec. 5.** This act may be known and cited as the Washington state patient safety act."

On page 1, line 1 of the title, after "hospitals;" strike the remainder of the

title and insert "amending RCW 70.41.420; adding a new section to chapter 70.41 RCW; creating new sections; prescribing penalties; and providing an expiration date."

(e) Successful passage of statewide basic skills exam.

(5) Applicants for alternative route programs who are eligible veterans or national guard members and who meet the entry requirements for the alternative route program for which application is made shall be given preference in admission.

Sec. 19. RCW 28A.660.042 and 2007 c 396 s 6 are each amended to read as follows:

PIPELINE FOR PARAEDUCATORS SCHOLARSHIP.

(1) The pipeline for paraeducators conditional scholarship program is created. Participation is limited to paraeducators without a college degree who have at least three years of classroom experience. It is anticipated that candidates enrolled in this program will complete their associate of arts degree at a community and technical college in two years or less and become eligible for (~~an endorsement in mathematics, special education, or English as a second language endorsement~~) an endorsement in a subject matter shortage area, as defined by the professional educator standards board, via route one in the alternative routes to teacher certification program provided in this chapter.

(2) Entry requirements for candidates include district or building validation of qualifications, including three years of successful student interaction and leadership as a classified instructional employee.

Sec. 20. RCW 28B.50.891 and 2014 c 136 s 4 are each amended to read as follows:

PARAEDUCATOR APPRENTICESHIP AND CERTIFICATE.

Beginning with the 2015-16 academic year, any community or technical college that offers an apprenticeship program or certificate program for paraeducators must provide candidates the opportunity to earn transferable course credits within the program. The programs must also incorporate the standards for cultural competence, including multicultural education and principles of language acquisition, developed by the professional educator standards board under RCW 28A.410.270. Subject to the availability of amounts appropriated for this specific purpose, by September 1, 2018, the paraeducator apprenticeship and certificate programs must also incorporate the state paraeducator standards of practice adopted by the paraeducator board under section 6 of this act.

NEW SECTION. Sec. 21. Sections 1 through 12 of this act constitute a new chapter in Title 28A RCW.

NEW SECTION. Sec. 22. RCW 28A.415.310 (Paraprofessional training program) and 1993 c 336 s 408 are each repealed."

MESSAGE FROM THE SENATE

April 4, 2017

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1136 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 90.56.210 and 2015 c 274 s 5 are each amended to read as follows:

(1) Each onshore and offshore facility shall have a contingency plan for the containment and cleanup of oil spills from the facility into the waters of the state and for the protection of fisheries and wildlife, shellfish beds, natural resources, and public and private property from such spills. The department shall by rule adopt and periodically revise standards for the preparation of contingency plans. The department shall require contingency plans, at a minimum, to meet the following standards:

(a) Include full details of the method of response to spills of various sizes from any facility which is covered by the plan;

(b) Be designed to be capable in terms of personnel, materials, and equipment, of

promptly and properly, to the maximum extent practicable, as defined by the department removing oil and minimizing any damage to the environment resulting from a worst case spill;

(c) Provide a clear, precise, and detailed description of how the plan relates to and is integrated into relevant contingency plans which have been prepared by cooperatives, ports, regional entities, the state, and the federal government;

(d) Provide procedures for early detection of oil spills and timely notification of such spills to appropriate federal, state, and local authorities under applicable state and federal law;

(e) State the number, training preparedness, and fitness of all dedicated, prepositioned personnel assigned to direct and implement the plan;

(f) Incorporate periodic training and drill programs to evaluate whether personnel and equipment provided under the plan are in a state of operational readiness at all times;

(g) Describe important features of the surrounding environment, including fish and wildlife habitat, shellfish beds, environmentally and archaeologically sensitive areas, and public facilities. The departments of ecology, fish and wildlife, and natural resources, and the department of archaeology and historic preservation, upon request, shall provide information that they have available to assist in preparing this description. The description of archaeologically sensitive areas shall not be required to be included in a contingency plan until it is reviewed and updated pursuant to subsection (9) of this section;

(h) State the means of protecting and mitigating effects on the environment, including fish, shellfish, marine mammals, and other wildlife, and ensure that implementation of the plan does not pose unacceptable risks to the public or the environment;

(i) Provide arrangements for the prepositioning of oil spill containment and cleanup equipment and trained personnel at strategic locations from which they can be deployed to the spill site to promptly and properly remove the spilled oil;

(j) Provide arrangements for enlisting the use of qualified and trained cleanup personnel to implement the plan;

(k) Provide for disposal of recovered spilled oil in accordance with local, state, and federal laws;

(l) Until a spill prevention plan has been submitted pursuant to RCW 90.56.200, state the measures that have been taken to reduce the likelihood that a spill will occur, including but not limited to, design and operation of a facility, training of personnel, number of personnel, and backup systems designed to prevent a spill;

(m) State the amount and type of equipment available to respond to a spill, where the equipment is located, and the extent to which other contingency plans rely on the same equipment; and

(n) If the department has adopted rules permitting the use of dispersants, the circumstances, if any, and the manner for the application of the dispersants in conformance with the department's rules.

(2)(a) The following shall submit contingency plans to the department within six months after the department adopts rules establishing standards for contingency plans under subsection (1) of this section:

(i) Onshore facilities capable of storing one million gallons or more of oil; and

(ii) Offshore facilities.

(b) Contingency plans for all other onshore and offshore facilities shall be submitted to the department within eighteen months after the department has adopted rules under subsection (1) of this section. The department may adopt a schedule for submission of plans within the eighteen-month period.

(3)(a) The department by rule shall determine the contingency plan requirements for railroads transporting oil in bulk.

(b) For class III railroads transporting oil in bulk that is not crude oil in an amount of forty-nine or more tank car loads per year, the rules adopted under this subsection may not require contingency plans to include:

(i) Contracted access to oil spill response equipment; or

(ii) The completion of more than a total of one basic table-top drill every three years to test the contingency plans.

(c) For class III railroads transporting oil in bulk that is not crude oil in an amount less than forty-nine tank car loads per year, rules adopted under this subsection may only require railroads to submit a basic contingency plan to the department. A basic contingency plan filed under this subsection (3)(c) must be limited to requiring the class III railroads to:

(i) Keep documentation of the basic contingency plan on file with the department at the plan holder's principal place of business and at dispatcher field offices of the railroad;

(ii) Identify and include contact information for the chain of command and other personnel, including employees or spill response contractors, who will be involved in the railroad's response in the event of a spill;

(iii) Include information related to the relevant accident insurance carried by the railroad and provide a certificate of insurance upon request;

(iv) Develop a field document for use by personnel involved in oil handling operations that includes time-critical information regarding basic contingency plan procedures to be used in the initial response to a spill or a threatened spill; and

(v) Annually review the plan for accuracy.

(d) Federal oil spill response plans created pursuant to 33 U.S.C. Sec. 1321 may be submitted in lieu of contingency plans (~~until state rules are adopted~~) by a class III railroad transporting oil in bulk that is not crude oil.

(e) For the purposes of this section, "class III railroad" has the same meaning as defined by the United States surface transportation board as of January 1, 2017.

(4)(a) The owner or operator of a facility shall submit the contingency plan for the facility.

(b) A person who has contracted with a facility to provide containment and cleanup services and who meets the standards established pursuant to RCW 90.56.240, may submit the plan for any facility for which the person is contractually obligated to provide services. Subject to conditions imposed by the department, the person may submit a single plan for more than one facility.

(5) A contingency plan prepared for an agency of the federal government or another state that satisfies the requirements of this section and rules adopted by the department may be accepted by the department as a contingency plan under this section. The department shall ensure that to the greatest extent possible, requirements for contingency plans under this section are consistent with the requirements for contingency plans under federal law.

(6) In reviewing the contingency plans required by this section, the department shall consider at least the following factors:

(a) The adequacy of containment and cleanup equipment, personnel, communications equipment, notification procedures and call down lists, response time, and logistical arrangements for coordination and implementation of response efforts to remove oil spills promptly and properly and to protect the environment;

(b) The nature and amount of vessel traffic within the area covered by the plan;

(c) The volume and type of oil being transported within the area covered by the plan;

(d) The existence of navigational hazards within the area covered by the plan;

(e) The history and circumstances surrounding prior spills of oil within the area covered by the plan;

(f) The sensitivity of fisheries, shellfish beds, and wildlife and other natural resources within the area covered by the plan;

(g) Relevant information on previous spills contained in on-scene coordinator reports prepared by the department; and

(h) The extent to which reasonable, cost-effective measures to prevent a likelihood that a spill will occur have been incorporated into the plan.

(7) The department shall approve a contingency plan only if it determines that the plan meets the requirements of this section and that, if implemented, the plan is capable, in terms of personnel, materials, and equipment, of removing oil promptly and properly and minimizing any damage to the environment.

(8) The approval of the contingency plan shall be valid for five years. Upon approval of a contingency plan, the department shall provide to the person submitting the plan a statement indicating that the plan has been approved, the facilities or vessels covered by the plan, and other information the department determines should be included.

(9) An owner or operator of a facility shall notify the department in writing immediately of any significant change of which it is aware affecting its contingency plan, including changes in any factor set forth in this section or in rules adopted by the department. The department may require the owner or operator to update a contingency plan as a result of these changes.

(10) The department by rule shall require contingency plans to be reviewed, updated, if necessary, and resubmitted to the department at least once every five years.

(11) Approval of a contingency plan by the department does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law."

On page 1, line 2 of the title, after "requirements;" strike the remainder of the title and insert "and amending RCW 90.56.210."

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1136, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 11, 2017

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1163 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9A.36.041 and 1987 c 188 s 2 are each amended to read as follows:

(1) A person is guilty of assault in the fourth degree if, under circumstances not amounting to assault in the first, second, or third degree, or custodial assault, he or she assaults another.

(2) Assault in the fourth degree is a gross misdemeanor, except as provided in subsection (3) of this section.

(3) Assault in the fourth degree, where domestic violence was pleaded and proven after the effective date of this section, is a class C felony if the person has two or more prior adult convictions within ten years for any of the following offenses where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after the effective date of this section:

(a) Repetitive domestic violence offense as defined in RCW 9.94A.030;

(b) Crime of harassment as defined by RCW 9A.46.060;

(c) Assault in the third degree;

(d) Assault in the second degree;

(e) Assault in the first degree; or

(f) An out-of-state comparable offense.

(4) For purposes of subsection (3) of this section, family or household members means spouses, domestic partners, former spouses, former domestic partners, persons who have a child in common regardless of whether they have been married or have lived together at any time, persons sixteen years of age or older who are presently residing together or who have resided together in the past and who have or have had a dating relationship, and persons sixteen years of age or older with whom a person sixteen years of age or older has or has had a dating relationship.

Sec. 2. RCW 9.94A.411 and 2006 c 271 s 1 and 2006 c 73 s 13 are each reenacted and amended to read as follows:

(1) Decision not to prosecute.

STANDARD: A prosecuting attorney may decline to prosecute, even though technically sufficient evidence to prosecute exists, in situations where prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.

GUIDELINE/COMMENTARY:

Examples

The following are examples of reasons not to prosecute which could satisfy the standard.

(a) Contrary to Legislative Intent - It may be proper to decline to charge where the application of criminal sanctions would be clearly contrary to the intent of the legislature in enacting the particular statute.

(b) Antiquated Statute - It may be proper to decline to charge where the statute in question is antiquated in that:

(i) It has not been enforced for many years; and

(ii) Most members of society act as if it were no longer in existence; and

(iii) It serves no deterrent or protective purpose in today's society; and

(iv) The statute has not been recently reconsidered by the legislature.

This reason is not to be construed as the basis for declining cases because the law in question is unpopular or because it is difficult to enforce.

(c) De Minimis Violation - It may be proper to decline to charge where the violation of law is only technical or insubstantial and where no public interest or deterrent purpose would be served by prosecution.

(d) Confinement on Other Charges - It may be proper to decline to charge because the accused has been sentenced on another charge to a lengthy period of confinement; and

(i) Conviction of the new offense would not merit any additional direct or collateral punishment;

(ii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and

(iii) Conviction of the new offense would not serve any significant deterrent purpose.

(e) Pending Conviction on Another Charge - It may be proper to decline to charge because the accused is facing a pending prosecution in the same or another county; and

(i) Conviction of the new offense would not merit any additional direct or collateral punishment;

(ii) Conviction in the pending prosecution is imminent;

(iii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and

(iv) Conviction of the new offense would not serve any significant deterrent purpose.

(f) High Disproportionate Cost of Prosecution - It may be proper to decline to charge where the cost of locating or transporting, or the burden on, prosecution witnesses is highly disproportionate to the importance of prosecuting the offense in question. This reason should be limited to minor cases and should not be relied upon in serious cases.

(g) Improper Motives of Complainant - It may be proper to decline charges because the motives of the complainant are improper and prosecution would serve no public purpose, would defeat the underlying purpose of the law in question

or would result in decreased respect for the law.

(h) Immunity - It may be proper to decline to charge where immunity is to be given to an accused in order to prosecute another where the accused's information or testimony will reasonably lead to the conviction of others who are responsible for more serious criminal conduct or who represent a greater danger to the public interest.

(i) Victim Request - It may be proper to decline to charge because the victim requests that no criminal charges be filed and the case involves the following crimes or situations:

(i) Assault cases where the victim has suffered little or no injury;

(ii) Crimes against property, not involving violence, where no major loss was suffered;

(iii) Where doing so would not jeopardize the safety of society.

Care should be taken to insure that the victim's request is freely made and is not the product of threats or pressure by the accused.

The presence of these factors may also justify the decision to dismiss a prosecution which has been commenced.

Notification

The prosecutor is encouraged to notify the victim, when practical, and the law enforcement personnel, of the decision not to prosecute.

(2) Decision to prosecute.

(a) STANDARD:

Crimes against persons will be filed if sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify conviction by a reasonable and objective fact finder. With regard to offenses prohibited by RCW 9A.44.040, 9A.44.050, 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, 9A.44.089, and 9A.64.020 the prosecutor should avoid pre-filing agreements or diversions intended to place the accused in a program of treatment or counseling, so that treatment, if determined to be beneficial, can be provided pursuant to RCW 9.94A.670.

Crimes against property/other crimes will be filed if the admissible evidence is of such convincing force as to make it probable that a reasonable and objective fact finder would convict after hearing all the admissible evidence and the most plausible defense that could be raised.

See table below for the crimes within these categories.

 Selection of Charges/Degree of Charge

(i) The prosecutor should file charges which adequately describe the nature of defendant's conduct. Other offenses may be charged only if they are necessary to ensure that the charges:

(A) Will significantly enhance the strength of the state's case at trial; or

(B) Will result in restitution to all victims.

(ii) The prosecutor should not overcharge to obtain a guilty plea. Overcharging includes:

(A) Charging a higher degree;

(B) Charging additional counts.

This standard is intended to direct prosecutors to charge those crimes which demonstrate the nature and seriousness of a defendant's criminal conduct, but to decline to charge crimes which are not necessary to such an indication. Crimes which do not merge as a matter of law, but

which arise from the same course of conduct, do not all have to be charged.

(b) GUIDELINES/COMMENTARY:

(i) Police Investigation

A prosecuting attorney is dependent upon law enforcement agencies to conduct the necessary factual investigation which must precede the decision to prosecute. The prosecuting attorney shall ensure that a thorough factual investigation has been conducted before a decision to prosecute is made. In ordinary circumstances the investigation should include the following:

(A) The interviewing of all material witnesses, together with the obtaining of written statements whenever possible;

(B) The completion of necessary laboratory tests; and

(C) The obtaining, in accordance with constitutional requirements, of the suspect's version of the events.

If the initial investigation is incomplete, a prosecuting attorney should insist upon further investigation before a decision to prosecute is made, and specify what the investigation needs to include.

(ii) Exceptions

In certain situations, a prosecuting attorney may authorize filing of a criminal complaint before the investigation is complete if:

(A) Probable cause exists to believe the suspect is guilty; and

(B) The suspect presents a danger to the community or is likely to flee if not apprehended; or

(C) The arrest of the suspect is necessary to complete the investigation of the crime.

In the event that the exception to the standard is applied, the prosecuting attorney shall obtain a commitment from the law enforcement agency involved to complete the investigation in a timely manner. If the subsequent investigation does not produce sufficient evidence to meet the normal charging standard, the complaint should be dismissed.

(iii) Investigation Techniques

The prosecutor should be fully advised of the investigatory techniques that were used in the case investigation including:

- (A) Polygraph testing;
- (B) Hypnosis;
- (C) Electronic surveillance;
- (D) Use of informants.

(iv) Pre-Filing Discussions with Defendant

Discussions with the defendant or his/her representative regarding the selection or disposition of charges may occur prior to the filing of charges, and potential agreements can be reached.

(v) Pre-Filing Discussions with Victim(s)

Discussions with the victim(s) or victims' representatives regarding the selection or disposition of charges may occur before the filing of charges. The discussions may be considered by the prosecutor in charging and disposition decisions, and should be considered before reaching any agreement with the defendant regarding these decisions.

Sec. 3. RCW 9.94A.525 and 2013 2nd sp.s. c 35 s 8 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), all predicate crimes for the offense as defined by RCW 46.61.5055(14) shall be included in the offender score, and prior convictions for felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)) shall always be included in the offender score. All other convictions of the defendant shall be scored according to this section.

(f) Prior convictions for a repetitive domestic violence offense, as defined in RCW 9.94A.030, shall not be included in the offender score if, since the last date of release from confinement or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(g) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided

by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11), (12), or (13) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), (12), or (13) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for operation of a vessel while under the influence of intoxicating liquor or any drug.

(12) If the present conviction is for homicide by watercraft or assault by watercraft count two points for each adult or juvenile prior conviction for homicide by watercraft or assault by watercraft; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for driving under the influence of intoxicating liquor or any drug, actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, or operation of a vessel while under the influence of intoxicating liquor or any drug.

(13) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13)

through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for failure to register as a sex offender under RCW 9A.44.130 or 9A.44.132, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW 9A.44.130 or 9A.44.132, which shall count as one point.

(19) If the present conviction is for an offense committed while the offender was under community custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9.94B RCW.

(20) If the present conviction is for Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2, count priors as in subsections (7) through (18) of this section; however count one point for prior convictions of Vehicle Prowling 2, and three points for each adult and juvenile prior Theft 1 (of a motor vehicle), Theft 2 (of a motor vehicle), Possession of Stolen Property 1 (of a motor vehicle), Possession of Stolen Property 2 (of a motor vehicle), Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2 conviction.

(21) If the present conviction is for a felony domestic violence offense where domestic violence as defined in RCW 9.94A.030 was (~~plead [pleaded]~~) pleaded and proven, count priors as in subsections (7) through (20) of this section; however, count points as follows:

NEW SECTION. Sec. 8. (1) The legislature finds that Washington state has a serious problem with domestic violence offender recidivism and lethality. The Washington state institute for public policy studied domestic violence offenders finding not just high rates of domestic violence recidivism but among the highest rates of general criminal and violent recidivism. The Washington state coalition against domestic violence has issued fatality reviews of domestic violence homicides in Washington under chapter 43.235 RCW for over fifteen years. These fatality reviews demonstrate the significant impact of domestic violence on our communities as well as the barriers and high rates of lethality faced by victims. The legislature further notes there have been several high profile domestic violence homicides with multiple prior domestic violence incidents not accounted for in the legal response. Many jurisdictions nationally have encountered the same challenges as Washington and now utilize risk assessment as a best practice to assist in the response to domestic violence.

The Washington domestic violence risk assessment work group is established to study how and when risk assessment can best be used to improve the response to domestic violence offenders and victims and find effective strategies to reduce domestic violence homicides, serious injuries, and recidivism that are a result of domestic violence incidents in Washington state.

(2) (a) The Washington state gender and justice commission, in collaboration with the Washington state coalition against domestic violence and the Washington State University criminal justice program, shall coordinate the work group and provide staff support.

(b) The work group must include a representative from each of the following organizations:

(i) The Washington state gender and justice commission;

(ii) The department of corrections;

(vii) The Washington state association of counties;

(viii) The Washington association of prosecuting attorneys;

(ix) The Washington defender association;

(x) The Washington association of criminal defense lawyers;

(xi) The Washington state association of cities;

(xii) The Washington state coalition against domestic violence;

(xiii) The Washington state office of civil legal aid; and

(xiv) The family law section of the Washington state bar association.

(c) The work group must additionally include representation from:

(i) Treatment providers;

(ii) City law enforcement;

(iii) County law enforcement;

(iv) Court administrators; and

(v) Domestic violence victims or family members of a victim.

(3) At a minimum, the work group shall research, review, and make recommendations on the following:

(a) How to best develop and use risk assessment in domestic violence response utilizing available research and Washington state data;

(b) Providing effective strategies for incorporating risk assessment in domestic violence response to reduce deaths, serious injuries, and recidivism due to domestic violence;

(c) Promoting access to domestic violence risk assessment for advocates, police, prosecutors, corrections, and courts to improve domestic violence response;

(d) Whether or how risk assessment could be used as an alternative to mandatory arrest in domestic violence;

(e) Whether or how risk assessment could be used in bail determinations in domestic violence cases, and in civil protection order hearings;

(f) Whether or how offender risk, needs, and responsivity could be used in determining eligibility for diversion, sentencing alternatives, and treatment options;

(g) Whether or how victim risk, needs, and responsivity could be used in improving domestic violence response;

(h) Whether or how risk assessment can improve prosecution and encourage prosecutors to aggressively enforce domestic violence laws; and

(i) Encouraging private sector collaboration.

(4) The work group shall compile its findings and recommendations into a final report and provide its report to the appropriate committees of the legislature and governor by June 30, 2018.

(6) This section expires June 30, 2019.

(c) The offense was a violation of RCW 46.61.502 (driving while under the influence), 46.61.504 (actual physical control while under the influence), 9.91.020 (operating a railroad, etc. while intoxicated), or the offense is considered a "prior offense" under RCW 46.61.5055 and the applicant has had a subsequent alcohol or drug violation within ten years of the date of arrest for the prior offense;

(d) The offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 RCW (obscenity and pornography), chapter 9.68A RCW (sexual exploitation of children), or chapter 9A.44 RCW (sex offenses);

(e) The applicant was convicted of a misdemeanor or gross misdemeanor offense as defined in RCW 10.99.020, or the court determines after a review of the court file that the offense was committed by one family member or household member against another, or the court, after considering the damage to person or property that resulted in the conviction, any prior convictions for crimes defined in RCW 10.99.020, or for comparable offenses in another state or in federal court, and the totality of the records under review by the court regarding the conviction being considered for vacation, determines that the offense involved domestic violence, and any one of the following factors exist:

(i) The applicant has not provided written notification of the vacation petition to the prosecuting attorney's office that prosecuted the offense for which vacation is sought, or has not provided that notification to the court;

(ii) The applicant has previously had a conviction for domestic violence. For purposes of this subsection, however, if the current application is for more than one conviction that arose out of a single

incident, none of those convictions counts as a previous conviction;

(iii) The applicant has signed an affidavit under penalty of perjury affirming that the applicant has not previously had a conviction for a domestic violence offense, and a criminal history check reveals that the applicant has had such a conviction; or

(iv) Less than five years have elapsed since the person completed the terms of the original conditions of the sentence, including any financial obligations and successful completion of any treatment ordered as a condition of sentencing;

(f) For any offense other than those described in (e) of this subsection, less than three years have passed since the person completed the terms of the sentence, including any financial obligations;

(g) The offender has been convicted of a new crime in this state, another state, or federal court since the date of conviction;

(h) The applicant has ever had the record of another conviction vacated; or

(i) The applicant is currently restrained, or has been restrained within five years prior to the vacation application, by a domestic violence protection order, a no-contact order, an antiharassment order, or a civil restraining order which restrains one party from contacting the other party.

(3) Subject to RCW 9.96.070, every person convicted of prostitution under RCW 9A.88.030 who committed the offense as a result of being a victim of trafficking, RCW 9A.40.100, promoting prostitution in the first degree, RCW 9A.88.070, promoting commercial sexual abuse of a minor, RCW 9.68A.101, or trafficking in persons under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq. may apply to the sentencing court for vacation of the applicant's record of conviction for the prostitution offense. An applicant may not have the record of conviction for prostitution vacated if any one of the following is present:

(a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court, for any crime other than prostitution; or

(b) The offender has been convicted of another crime, except prostitution, in

this state, another state, or federal court since the date of conviction.

(4) Every person convicted prior to January 1, 1975, of violating any statute or rule regarding the regulation of fishing activities, including, but not limited to, RCW 75.08.260, 75.12.060, 75.12.070, 75.12.160, 77.16.020, 77.16.030, 77.16.040, 77.16.060, and 77.16.240 who claimed to be exercising a treaty Indian fishing right, may apply to the sentencing court for vacation of the applicant's record of the misdemeanor, gross misdemeanor, or felony conviction for the offense. If the person is deceased, a member of the person's family or an official representative of the tribe of which the person was a member may apply to the court on behalf of the deceased person. Notwithstanding the requirements of RCW 9.94A.640, the court shall vacate the record of conviction if:

(a) The applicant is a member of a tribe that may exercise treaty Indian fishing rights at the location where the offense occurred; and

(b) The state has been enjoined from taking enforcement action of the statute or rule to the extent that it interferes with a treaty Indian fishing right as determined under *United States v. Washington*, 384 F. Supp. 312 (W.D. Wash. 1974), or *Sohappy v. Smith*, 302 F. Supp. 899 (D. Oregon 1969), and any posttrial orders of those courts, or any other state supreme court or federal court decision.

(5)(a) Once the court vacates a record of conviction under this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been convicted of the offense shall not be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under this section may state that he or she has never been convicted of that crime. Except as provided in (b) of this subsection, nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

(b) When a court vacates a record of domestic violence as defined in RCW 10.99.020 under this section, the state may not use the vacated conviction in a

later criminal prosecution unless the conviction was for: (i) Violating the provisions of a restraining order, no-contact order, or protection order restraining or enjoining the person or restraining the person from going on to the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location (RCW 10.99.040, 10.99.050, 26.09.300, 26.10.220, 26.26.138, 26.44.063, 26.44.150, 26.50.060, 26.50.070, 26.50.130, 26.52.070, or 74.34.145); or (ii) stalking (RCW 9A.46.110). A vacated conviction under this section is not considered a conviction of such an offense for the purposes of 27 C.F.R. 478.11.

(6) All costs incurred by the court and probation services shall be paid by the person making the motion to vacate the record unless a determination is made pursuant to chapter 10.101 RCW that the person making the motion is indigent, at the time the motion is brought.

(7) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol and any such local police agency shall immediately update their records to reflect the vacation of the conviction, and shall transmit the order vacating the conviction to the federal bureau of investigation. A conviction that has been vacated under this section may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies.

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1163, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 11, 2017

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1183 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that:

(a) A creative district is a designated, geographical, mixed-use area of a community in which a high concentration of cultural facilities,

creative businesses, or arts-related businesses serve as a collective anchor of public attraction;

(b) In certain cases, multiple vacant properties in close proximity may exist within a community that would be suitable for redevelopment as a creative district;

(c) Creative districts are a highly adaptable economic development tool that is able to take a community's unique conditions, assets, needs, and opportunities into account and thereby address the needs of large, small, rural, and urban areas;

(d) Creative districts may be home to both nonprofit and for-profit creative industries and organizations;

(e) The arts and culture transcend boundaries of race, age, gender, language, and social status; and

(f) Creative districts promote and improve communities in particular and the state more generally in many ways. Specifically, such districts:

(i) Attract artists and creative entrepreneurs to a community and thereby infuse the community with energy and innovation and enhance the economic and civic capital of the community;

(ii) Create a hub of economic activity that helps an area become an appealing place to live, visit, and conduct business, complements adjacent businesses, creates new economic opportunities and jobs in both the cultural sector and other local industries, and attracts new businesses and assists in the recruitment of employees;

(iii) Establish marketable tourism assets that highlight the distinct identity of communities, attract in-state, out-of-state, and international visitors, and become especially attractive destinations for cultural, recreational, and business travelers;

(iv) Revitalize and beautify neighborhoods, cities, and larger regions, reverse urban decay, promote the preservation of historic buildings, and facilitate a healthy mixture of business and residential activity that contributes to reduced vacancy rates and enhanced property values;

(v) Provide a focal point for celebrating and strengthening a community's unique cultural identity,

providing communities with opportunities to highlight existing cultural amenities as well as mechanisms to recruit and establish new artists, creative industries, and organizations;

(vi) Provide artists with a creative area in which they can live and work, with living spaces that enable them to work in artistic fields and find affordable housing close to their place of employment; and

(vii) Enhance property values. Successful creative districts combine improvements to public spaces such as parks, waterfronts, and pedestrian corridors, alongside property development. The redevelopment of abandoned properties and historic sites and recruiting businesses to occupy vacant spaces can also contribute to reduced vacancy rates and enhanced property values.

(2) It is the intent of the legislature that the state provide leadership, technical support, and the infrastructure to local communities desirous of creating their own creative districts by, among other things, certifying districts, offering available incentives to encourage business development, exploring new incentives that are directly related to creative enterprises, facilitating local access to state assistance, enhancing the visibility of creative districts, providing technical assistance and planning help, ensuring broad and equitable program benefits, and fostering a supportive climate for the arts and culture, thereby contributing to the development of healthy communities across the state and improving the quality of life of the state's residents.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the Washington state arts commission.

(2) "Coordinator" means the employee of the Washington state arts commission who is responsible for performing the specific tasks under section 5 of this act.

(3) "Creative district" means a land area designated by a local government in accordance with section 3 of this act that contains either a hub of cultural facilities, creative industries, or arts-related businesses, or multiple vacant properties in close proximity that would

be suitable for redevelopment as a creative district.

(4) "Local government" means a city, county, or town.

(5) "State-certified creative district" means a creative district whose application for certification has been approved by the commission.

NEW SECTION. Sec. 3. (1) A local government may designate a creative district within its territorial boundaries subject to certification as a state-certified creative district by the commission. Two or more local governments may jointly apply for certification of a creative district that extends across a common boundary.

(2) In order to receive certification as a state-certified creative district, a creative district must:

(a) Be a geographically contiguous area;

(b) Be distinguished by physical, artistic, or cultural resources that play a vital role in the quality and life of a community, including its economic and cultural development;

(c) Be the site of a concentration of artistic or cultural activity, a major arts or cultural institution or facility, arts and entertainment businesses, an area with arts and cultural activities, or artistic or cultural production;

(d) Be engaged in the promotional, preservation, and educational aspects of the arts and culture of the community and contribute to the public through interpretive, educational, or recreational uses; and

(e) Satisfy any additional criteria required by the commission that in its discretion will further the purposes of sections 2 through 5 of this act. Any additional eligibility criteria must be posted by the commission on its public web site.

(3) The commission may grant certification to a creative district that does not qualify for certification under subsection (2) of this section if the land area proposed for certification contains multiple vacant properties in close proximity that would be suitable, as determined by the commission, for redevelopment as a creative district.

NEW SECTION. Sec. 4. (1) Subject to the availability of amounts appropriated

for this specific purpose, the commission may create a process for review of applications submitted by local governments or federally recognized Indian tribes for certification of state-certified creative districts. The application must be submitted on a standard form developed and approved by the commission.

(2) After reviewing an application for certification, the commission must approve or reject the application or return it to the applicant with a request for changes or additional information. The commission may request that an applicant provide relevant information supporting an application. Rejected applicants may reapply at any time in coordination with program guidelines.

(3) Certification must be based upon the criteria specified in section 3 of this act.

(4) If the commission approves an application for certification, it must notify the applicant in writing and must specify the terms and conditions of the commission's approval, including the terms and conditions set forth in the application and as modified by written agreement between the applicant and the commission.

(5) Upon approval by the commission of an application for certification, a creative district becomes a state-certified creative district with all of the attendant benefits under sections 2 through 5 of this act.

(6) The commission may revoke a certification previously granted for failure by a local government to comply with the requirements of this section or an agreement executed pursuant to this section.

(7) In addition to any powers explicitly granted to the commission under sections 2 through 5 of this act, the commission is granted such additional powers as are necessary to carry out the purposes of sections 2 through 5 of this act. Where authorized by law, such powers may include offering incentives to state-certified creative districts to encourage business development, exploring new incentives that are directly related to creative enterprises, facilitating local access to state economic development assistance, enhancing the visibility of state-certified creative districts, providing state-certified creative districts with technical assistance and

planning aid, ensuring broad and equitable program benefits, and fostering a supportive climate for the arts and culture within the state.

(8) The creation of a district under this section may not be used to prohibit any particular business or the development of residential real property within the boundaries of the district or to impose a burden on the operation or use of any particular business or parcel of residential real property located within the boundaries of the district.

NEW SECTION. **Sec. 5.** Subject to the availability of amounts appropriated for this specific purpose, the commission may appoint a coordinator. The coordinator must:

(1) Review applications for certification and make a recommendation to the commission for action;

(2) Administer and promote the application process for the certification of creative districts;

(3) With the approval of the commission, develop standards and policies for the certification of state-certified creative districts. Any approved standards and policies must be posted on the commission's public web site;

(4) Require periodic written reports from any state-certified creative district for the purpose of reviewing the activities of the district, including the compliance of the district with the policies and standards developed under this section and with the conditions of an approved application for certification;

(5) Identify available public and private resources, including any applicable economic development incentives and other tools, that support and enhance the development and maintenance of creative districts and, with the assistance of the commission, ensure that such programs and services are accessible to creative districts; and

(6) With the approval of the commission, develop such additional procedures as may be necessary to administer this section. Any approved procedures must be posted on the commission's public web site.

NEW SECTION. **Sec. 6.** Sections 2 through 5 of this act are each added to chapter 43.46 RCW."

On page 1, line 1 of the title, after "governments" strike the remainder of the title and insert "to designate a portion of their territory as a creative district subject to certification by the Washington state arts commission; adding new sections to chapter 43.46 RCW; and creating a new section."

and the same is herewith transmitted.

(ii) A place where one may reasonably expect to be safe from casual or hostile intrusion or surveillance;

(d) "Surveillance" means secret observation of the activities of another person for the purpose of spying upon and invading the privacy of the person;

(2)(a) A person commits the crime of voyeurism in the first degree if, for the purpose of arousing or gratifying the sexual desire of any person, he or she knowingly views, photographs, or films:

~~((a))~~ (i) Another person without that person's knowledge and consent while the person being viewed, photographed, or filmed is in a place where he or she would have a reasonable expectation of privacy; or

(b) Voyeurism in the second degree is a gross misdemeanor.

(c) Voyeurism in the second degree is not a sex offense for the purposes of sentencing or sex offender registration requirements under this chapter.

(4) This section does not apply to viewing, photographing, or filming by personnel of the department of corrections or of a local jail or correctional facility for security purposes or during investigation of alleged misconduct by a person in the custody of the department of corrections or the local jail or correctional facility.

(5) If a person is convicted of a violation of this section, the court may order the destruction of any photograph, motion picture film, digital image, videotape, or any other recording of an image that was made by the person in violation of this section.

Sec. 2. RCW 13.40.070 and 2013 c 179 s 3 are each amended to read as follows:

(1) Complaints referred to the juvenile court alleging the commission of an offense shall be referred directly to the prosecutor. The prosecutor, upon receipt of a complaint, shall screen the complaint to determine whether:

(a) The alleged facts bring the case within the jurisdiction of the court; and

(b) On a basis of available evidence there is probable cause to believe that the juvenile did commit the offense.

(2) If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

(3) If the requirements of subsections (1)(a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (5), (6), and (8) of this section. If the prosecutor finds that the requirements of subsection (1)(a) and (b) of this section are not met, the prosecutor shall maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify community supervision where such offense constitutes a violation of community supervision.

(4) An information shall be a plain, concise, and definite written statement of

the essential facts constituting the offense charged. It shall be signed by the prosecuting attorney and conform to chapter 10.37 RCW.

(5) Except as provided in RCW 13.40.213 and subsection (7) of this section, where a case is legally sufficient, the prosecutor shall file an information with the juvenile court if:

(a) An alleged offender is accused of a class A felony, a class B felony, an attempt to commit a class B felony, a class C felony listed in RCW 9.94A.411(2) as a crime against persons or listed in RCW 9A.46.060 as a crime of harassment, or a class C felony that is a violation of RCW 9.41.080 or 9.41.040(2)(a) ~~((iii))~~ (iv); or

(b) An alleged offender is accused of a felony, and has a criminal history of any felony, or at least two gross misdemeanors, or at least two misdemeanors; or

(c) An alleged offender has previously been committed to the department; or

(d) An alleged offender has been referred by a diversion unit for prosecution or desires prosecution instead of diversion; or

(e) An alleged offender has three or more diversion agreements on the alleged offender's criminal history; or

(f) A special allegation has been filed that the offender or an accomplice was armed with a firearm when the offense was committed.

(6) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor or gross misdemeanor or violation and the alleged offense is the offender's first offense or violation. If the alleged offender is charged with a related offense that must or may be filed under subsections (5) and (8) of this section, a case under this subsection may also be filed.

(7) Where a case is legally sufficient to charge an alleged offender with:

(a) Either prostitution or prostitution loitering and the alleged offense is the offender's first prostitution or prostitution loitering offense, the prosecutor shall divert the case; or

(b) Voyeurism in the second degree, the offender is under seventeen years of age, and the alleged offense is the offender's

first voyeurism in the second degree offense, the prosecutor shall divert the case, unless the offender has received two diversions for any offense in the previous two years.

(8) Where a case is legally sufficient and falls into neither subsection (5) nor (6) of this section, it may be filed or diverted. In deciding whether to file or divert an offense under this section the prosecutor shall be guided only by the length, seriousness, and recency of the alleged offender's criminal history and the circumstances surrounding the commission of the alleged offense.

(9) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversion interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the juvenile and the current status of the juvenile. Where a case involves victims of crimes against persons or victims whose property has not been recovered at the time a juvenile is referred to a diversion unit, the victim shall be notified of the referral and informed how to contact the unit.

(10) The responsibilities of the prosecutor under subsections (1) through (9) of this section may be performed by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

(11) The prosecutor, juvenile court probation counselor, or diversion unit may, in exercising their authority under this section or RCW 13.40.080, refer juveniles to mediation or victim offender reconciliation programs. Such mediation or victim offender reconciliation programs shall be voluntary for victims.

MESSAGE FROM THE SENATE

April 5, 2017

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1275 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 77.55.181 and 2014 c 120 s 1 are each amended to read as follows:

(1)(a) In order to receive the permit review and approval process created in this section, a fish habitat enhancement project must meet the criteria under this section and must be a project to accomplish one or more of the following tasks:

(i) Elimination of human-made or caused fish passage barriers, including:

(A) Culvert repair and replacement; and

(B) Fish passage barrier removal projects that comply with the forest practices rules, as the term "forest practices rules" is defined in RCW 76.09.020;

(ii) Restoration of an eroded or unstable stream bank employing the principle of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water; or

(iii) Placement of woody debris or other instream structures that benefit naturally reproducing fish stocks.

(b) The department shall develop size or scale threshold tests to determine if projects accomplishing any of these tasks should be evaluated under the process created in this section or under other project review and approval processes. A project proposal shall not be reviewed under the process created in this section

if the department determines that the scale of the project raises concerns regarding public health and safety.

(c) A fish habitat enhancement project must be approved in one of the following ways in order to receive the permit review and approval process created in this section:

(i) By the department pursuant to chapter 77.95 or 77.100 RCW;

(ii) By the sponsor of a watershed restoration plan as provided in chapter 89.08 RCW;

(iii) By the department as a department-sponsored fish habitat enhancement or restoration project;

(iv) Through the review and approval process for the jobs for the environment program;

(v) Through the review and approval process for conservation district-sponsored projects, where the project complies with design standards established by the conservation commission through interagency agreement with the United States fish and wildlife service and the natural resource conservation service;

(vi) Through a formal grant program established by the legislature or the department for fish habitat enhancement or restoration;

(vii) Through the department of transportation's environmental retrofit program as a stand-alone fish passage barrier correction project;

(viii) Through a local, state, or federally approved fish barrier removal grant program designed to assist local governments in implementing stand-alone fish passage barrier corrections;

(ix) By a city or county for a stand-alone fish passage barrier correction project funded by the city or county; ~~((and))~~

(x) Through the approval process established for forest practices hydraulic projects in chapter 76.09 RCW; or

(xi) Through other formal review and approval processes established by the legislature.

(2) Fish habitat enhancement projects meeting the criteria of subsection (1) of this section are expected to result in beneficial impacts to the environment. Decisions pertaining to fish habitat

enhancement projects meeting the criteria of subsection (1) of this section and being reviewed and approved according to the provisions of this section are not subject to the requirements of RCW 43.21C.030(2)(c).

(3)(a) A permit is required for projects that meet the criteria of subsection (1) of this section and are being reviewed and approved under this section. An applicant shall use a joint aquatic resource permit application form developed by the office of regulatory assistance to apply for approval under this chapter. On the same day, the applicant shall provide copies of the completed application form to the department and to each appropriate local government. Applicants for a forest practices hydraulic project that are not otherwise required to submit a joint aquatic resource permit application must submit a copy of their forest practices application to the appropriate local government on the same day that they submit the forest practices application to the department of natural resources.

(b) Local governments shall accept the application identified in this section as notice of the proposed project. ((The department)) A local government shall ((provide)) be provided with a fifteen-day comment period during which it ((will receive)) may transmit comments regarding environmental impacts to the department or, for forest practices hydraulic projects, to the department of natural resources.

(c) ((Within forty-five days)) Except for forest practices hydraulic projects, the department shall either issue a permit, with or without conditions, deny approval, or make a determination that the review and approval process created by this section is not appropriate for the proposed project within forty-five days. The department shall base this determination on identification during the comment period of adverse impacts that cannot be mitigated by the conditioning of a permit. Permitting decisions over forest practices hydraulic approvals must be made consistent with chapter 76.09 RCW.

(d) If the department determines that the review and approval process created by this section is not appropriate for the proposed project, the department shall notify the applicant and the appropriate local governments of its determination. The applicant may reapply for approval of

the project under other review and approval processes.

(e) Any person aggrieved by the approval, denial, conditioning, or modification of a permit other than a forest practices hydraulic project under this section may appeal the decision as provided in RCW 77.55.021(8). Appeals of a forest practices hydraulic project may be made as provided in chapter 76.09 RCW.

(4) No local government may require permits or charge fees for fish habitat enhancement projects that meet the criteria of subsection (1) of this section and that are reviewed and approved according to the provisions of this section.

(5) No civil liability may be imposed by any court on the state or its officers and employees for any adverse impacts resulting from a fish enhancement project permitted by the department or the department of natural resources under the criteria of this section except upon proof of gross negligence or willful or wanton misconduct."

(c) A benefit charge approved at an election expires in six ~~((years))~~ or fewer years as authorized by the voters, unless subsequently reapproved by the voters.

(2) ~~((The))~~ Ballot measures calling for the initial imposition of a benefit charge must be submitted so as to enable ~~((the))~~ voters favoring the authorization of a ~~((regional fire protection service authority))~~ benefit charge to vote "Yes" and those opposed to vote "No." The ballot question is as follows:

"Shall the regional fire protection service authority composed of (insert the participating fire protection jurisdictions) be authorized to impose benefit charges each year for (insert number of years not to exceed six) years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW 52.26.140(1)(c)?"

YES NO

(3) ~~((Authorities renewing the benefit charge may elect to use the following alternative ballot:))~~ (a) The continued imposition of a benefit charge authorized by this chapter may be approved for six consecutive years. A ballot measure calling for the continued imposition of a benefit charge for six consecutive years must be approved by a majority of the voters of the regional fire protection service authority voting at a general election or at a special election called by the authority for that purpose.

(b) Ballot measures calling for the continued imposition of a benefit charge must be submitted so as to enable voters favoring the continued imposition of the benefit charge to vote "Yes" and those opposed to vote "No." The ballot question must be substantially in the following form:

"Shall the regional fire protection service authority composed of (insert the participating fire protection jurisdictions) be authorized to continue voter-authorized benefit charges each year for ~~((. (insert number of years not to exceed))~~ six ~~((+))~~ consecutive years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW 52.26.140(1)(c)?"

YES NO

Sec. 2. RCW 52.26.230 and 2004 c 129 s 29 are each amended to read as follows:

(1) Not fewer than ten days nor more than six months before the election at which the proposition to impose the benefit charge is submitted as provided in this chapter, the governing board of the regional fire protection service authority, or the planning committee if the benefit charge is proposed as part of the initial formation of the authority, shall hold a public hearing specifically setting forth its proposal to impose benefit charges for the support of its legally authorized activities that will maintain or improve the services afforded in the authority. A report of the public hearing shall be filed with the county treasurer of each county in which the property is located and be available for public inspection.

(2) Prior to November 15th of each year the governing board of the authority shall hold a public hearing to review and establish the regional fire protection service authority benefit charges for the subsequent year.

(3) All resolutions imposing or changing the benefit charges must be filed with the county treasurer or treasurers of each county in which the property is located, together with the record of each public hearing, before November 30th immediately preceding the year in which the benefit charges are to be collected on behalf of the authority.

(4) After the benefit charges have been established, the owners of the property subject to the charge must be notified of the amount of the charge.

Sec. 3. RCW 84.55.092 and 1998 c 16 s 3 are each amended to read as follows:

(1) The regular property tax levy for each taxing district other than the state may be set at the amount which would be allowed otherwise under this chapter if the regular property tax levy for the district for taxes due in prior years beginning with 1986 had been set at the full amount allowed under this chapter including any levy authorized under RCW 52.16.160 or 52.26.140(1)(c) that would have been imposed but for the limitation in RCW 52.18.065 or 52.26.240, applicable upon imposition of the benefit charge under chapter 52.18 or 52.26 RCW.

(2) The purpose of this section is to remove the incentive for a taxing district to maintain its tax levy at the maximum

level permitted under this chapter, and to protect the future levy capacity of a taxing district that reduces its tax levy below the level that it otherwise could impose under this chapter, by removing the adverse consequences to future levy capacities resulting from such levy reductions.

Sec. 4. RCW 52.18.050 and 2013 c 49 s 1 are each amended to read as follows:

(1)(a) The initial imposition of a benefit charge authorized by this chapter must be approved by not less than sixty percent of the voters of the district voting at a general election or at a special election called by the district for that purpose.

(b) An election held for the initial imposition of a benefit charge must be held not more than twelve months prior to the date on which the first charge is to be assessed.

(c) A benefit charge approved at an election expires in six or fewer years as authorized by the voters unless subsequently reapproved by the voters.

(2) Ballot measures calling for the initial imposition of a benefit charge must be submitted so as to enable voters favoring the authorization of a benefit charge to vote "Yes" and those opposed to vote "No," and the ballot question must be as follows:

"Shall county fire protection district No. be authorized to impose benefit charges each year for (insert number of years not to exceed six) years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW 52.16.160?

YES NO

(3)(a) The continued imposition of a benefit charge authorized by this chapter (~~must be approved by a majority of the voters of the district voting at a general election or at a special election called by the district for that purpose~~) may be approved for six consecutive years.

~~((b) Ballot measures calling for the continued imposition of a benefit charge must be submitted so as to enable voters favoring the continued imposition of the benefit charge to vote "Yes" and those opposed to vote "No." The ballot question~~

(c) Has a population exceeding nineteen thousand people as of the effective date of this section, as determined by the office of financial management.

(4) A limited benefit charge may apply to property or improvements owned by a Christmas tree grower as defined in RCW 15.13.250(4) so long as the property or improvement is located on land that has been approved as farm and agricultural land with standing crops under chapter 84.34 RCW. For such property or improvement, a benefit charge may not exceed the reduction in property tax that results from the imposition of a benefit charge, as required under RCW 52.18.065.

(5) The aggregate amount of such benefit charges in any one year shall not exceed an amount equal to sixty percent of the operating budget for the year in which the benefit charge is to be collected: PROVIDED, That it shall be the duty of the county legislative authority or authorities of the county or counties in which the fire protection district is located to make any necessary adjustments to assure compliance with such limitation and to immediately notify the board of fire commissioners of any changes thereof.

(6) A benefit charge imposed shall be reasonably proportioned to the measurable benefits to property resulting from the services afforded by the district. It is acceptable to apportion the benefit charge to the values of the properties as found by the county assessor or assessors modified generally in the proportion that fire insurance rates are reduced or entitled to be reduced as the result of providing the services. Any other method that reasonably apportions the benefit charges to the actual benefits resulting from the degree of protection, which may include but is not limited to the distance from regularly maintained fire protection equipment, the level of fire prevention services provided to the properties, or the need of the properties for specialized services, may be specified in the resolution and shall be subject to contest on the ground of unreasonable or capricious action or action in excess of the measurable benefits to the property resulting from services afforded by the district. The board of fire commissioners may determine that certain properties or types or classes of properties are not receiving measurable benefits based on criteria they establish by resolution. A benefit charge authorized by this chapter shall not be applicable to the personal

property or improvements to real property of any individual, corporation, partnership, firm, organization, or association maintaining a fire department and whose fire protection and training system has been accepted by a fire insurance underwriter maintaining a fire protection engineering and inspection service authorized by the state insurance commissioner to do business in this state, but such property may be protected by the fire protection district under a contractual agreement.

(7) For administrative purposes, the benefit charge imposed on any individual property may be compiled into a single charge, provided that the district, upon request of the property owner, provide an itemized list of charges for each measurable benefit included in the charge.

(8) (a) At the annual review of the fire benefit charge mandated by RCW 52.18.060(2), if a fire service agency has identified:

(i) A tax-exempt property under subsection (2)(b) of this section as having a substantial increase in requested emergency services over the previous year; or

(ii) A new tax-exempt property that is similar in size, population, and geographic location as another such tax-exempt property as having an increase in requested emergency services;

then the tax exempt property and the fire service agency must work together, in good faith, to address the problem by implementing community risk reduction efforts. The community risk reduction plan may include but is not limited to wellness programs and community action plans.

(b) At the subsequent annual review, if the heightened service requirements have not been reasonably addressed by the joint mitigation efforts, and the tax-exempt property owner has not acted in good faith:

(i) The property is subject to assessment of the fire benefit charge in the subsequent year, subject to approval by the board of fire commissioners as outlined in RCW 52.18.060(2); or

(ii) The respective tax exempt property shall pay the fire service agency a fire protection charge payment in lieu of a benefit charge. The fire protection charge shall be an amount equivalent to the

benefit rates for similarly situated properties for that year.

(c) All tax exempt properties identified under subsection (2) (b) of this section and all local fire service agencies are encouraged to work collaboratively to develop and implement programs to address proper usage of fire service resources for residents of the housing properties.

Sec. 6. RCW 52.26.180 and 2004 c 129 s 24 are each amended to read as follows:

(1) The governing board of a regional fire protection service authority may by resolution, as authorized in the plan and approved by the voters, for authority purposes authorized by law, fix and impose a benefit charge on personal property and improvements to real property which are located within the authority on the date specified and which have received or will receive the benefits provided by the authority, to be paid by the owners of the properties.

(2) A benefit charge does not apply to:

(a) Personal property and improvements to real property owned or used by any recognized religious denomination or religious organization as, or including, a sanctuary or for purposes related to the bona fide religious ministries of the denomination or religious organization, including schools and educational facilities used for kindergarten, primary, or secondary educational purposes or for institutions of higher education and all grounds and buildings related thereto. However, a benefit charge does apply to personal property and improvements to real property owned or used by any recognized religious denomination or religious organization for business operations, profit-making enterprises, or activities not including use of a sanctuary or related to kindergarten, primary, or secondary educational purposes or for institutions of higher education.

(b) Property of housing authorities that is exempt from property taxes under RCW 35.82.210;

(c) Property of nonprofit entities providing rental housing for very low-income households or providing space for the placement of a mobile home for a very low-income household that is exempt from property taxes under RCW 84.36.560;

(d) Property of nonprofit homes for the aging that is exempt from property taxes under RCW 84.36.041;

(e) Property of nonprofit organizations, corporations, or associations providing housing for eligible persons with developmental disabilities that is exempt from property taxes under RCW 84.36.042;

(f) Property of nonprofit organizations providing emergency or transitional housing for low-income homeless persons or victims of domestic violence who are homeless for personal safety reasons that is exempt from property taxes under RCW 84.36.043;

(g) Property of the state housing finance commission that is exempt from property taxes under RCW 84.36.135; and

(h) Property of nonprofit corporations operating sheltered workshops for persons with disabilities that is exempt from property taxes under RCW 84.36.350.

(3) A limited benefit charge may apply to property or improvements owned by a Christmas tree grower as defined in RCW 15.13.250(4) so long as the property or improvement is located on land that has been approved as farm and agricultural land with standing crops under chapter 84.34 RCW. For such property or improvement, a benefit charge may not exceed the reduction in property tax that results from the imposition of a benefit charge, as required under RCW 52.26.240.

(4) The aggregate amount of these benefit charges in any one year may not exceed an amount equal to sixty percent of the operating budget for the year in which the benefit charge is to be collected. It is the duty of the county legislative authority or authorities of the county or counties in which the regional fire protection service authority is located to make any necessary adjustments to assure compliance with this limitation and to immediately notify the governing board of an authority of any changes thereof.

~~((+2))~~ (5) A benefit charge imposed must be reasonably proportioned to the measurable benefits to property resulting from the services afforded by the authority. It is acceptable to apportion the benefit charge to the values of the properties as found by the county assessor or assessors modified generally in the proportion that fire insurance rates are reduced or entitled to be reduced as the result of providing the services. Any

other method that reasonably apportions the benefit charges to the actual benefits resulting from the degree of protection, which may include but is not limited to the distance from regularly maintained fire protection equipment, the level of fire prevention services provided to the properties, or the need of the properties for specialized services, may be specified in the resolution and is subject to contest on the grounds of unreasonable or capricious action or action in excess of the measurable benefits to the property resulting from services afforded by the authority. The governing board of an authority may determine that certain properties or types or classes of properties are not receiving measurable benefits based on criteria they establish by resolution. A benefit charge authorized by this chapter is not applicable to the personal property or improvements to real property of any individual, corporation, partnership, firm, organization, or association maintaining a fire department and whose fire protection and training system has been accepted by a fire insurance underwriter maintaining a fire protection engineering and inspection service authorized by the state insurance commissioner to do business in this state, but the property may be protected by the authority under a contractual agreement.

~~((3))~~ (6) For administrative purposes, the benefit charge imposed on any individual property may be compiled into a single charge, provided that the authority, upon request of the property owner, provide an itemized list of charges for each measurable benefit included in the charge.

~~((4))~~ (7) (a) At the annual review of the fire benefit charge mandated by RCW 52.26.230(2), if a fire service agency has identified:

(i) A tax-exempt property under subsection (2)(b) of this section as having a substantial increase in requested emergency services over the previous year; or

(ii) A new tax-exempt property that is similar in size, population, and geographic location as another such tax-exempt property as having an increase in requested emergency services;

then the tax exempt property and the fire service agency must work together, in good faith, to address the problem by implementing community risk reduction efforts. The community risk reduction plan

may include but is not limited to wellness programs and community action plans.

(b) At the subsequent annual review, if the heightened service requirements have not been reasonably addressed by the joint mitigation efforts, and the tax-exempt property owner has not acted in good faith:

(i) The property is subject to assessment of the fire benefit charge in the subsequent year, subject to approval by the governing board of the authority as outlined in RCW 52.26.230(2); or

(ii) The respective tax exempt property shall pay the fire service agency a fire protection charge payment in lieu of a benefit charge. The fire protection charge shall be an amount equivalent to the benefit rates for similarly situated properties for that year.

(c) All tax exempt properties identified under subsection (2)(b) of this section and all local fire service agencies are encouraged to work collaboratively to develop and implement programs to address proper usage of fire service resources for residents of the housing properties.

(8) For the purposes of this section and RCW 52.26.190 through 52.26.270, the following definitions apply:

(a)(i) "Personal property" includes every form of tangible personal property including, but not limited to, all goods, chattels, stock in trade, estates, or crops.

(ii) "Personal property" does not include any personal property used for farming, field crops, farm equipment, or livestock.

(b) "Improvements to real property" does not include permanent growing crops, field improvements installed for the purpose of aiding the growth of permanent crops, or other field improvements normally not subject to damage by fire.

Sec. 7. RCW 52.26.020 and 2011 c 141 s 1 are each reenacted and amended to read as follows:

Sec. 8. RCW 52.26.030 and 2004 c 129 s 3 are each amended to read as follows:

Regional fire protection service authority planning committees are advisory entities that are created, convened, and empowered as follows:

(1) Any two or more adjacent fire protection jurisdictions may create a

regional fire protection service authority and convene a regional fire protection service authority planning committee. No fire protection jurisdiction may participate in more than one created authority.

(2) Each governing body of the fire protection jurisdictions participating in planning under this chapter shall appoint three elected officials to the authority planning committee. Members of the planning committee may receive compensation of seventy dollars per day, or portion thereof, not to exceed seven hundred dollars per year, for attendance at planning committee meetings and for performance of other services in behalf of the authority, and may be reimbursed for travel and incidental expenses at the discretion of their respective governing body.

(3) A regional fire protection service authority planning committee may receive state funding, as appropriated by the legislature, or county funding provided by the affected counties for start-up funding to pay for salaries, expenses, overhead, supplies, and similar expenses ordinarily and necessarily incurred. Upon creation of a regional fire protection service authority, the authority shall within one year reimburse the state or county for any sums advanced for these start-up costs from the state or county.

(4) The planning committee shall conduct its affairs and formulate a regional fire protection service authority plan as provided under RCW 52.26.040.

(5) At its first meeting, a regional fire protection service authority planning committee may elect officers and provide for the adoption of rules and other operating procedures.

(6) The planning committee may dissolve itself at any time by a majority vote of the total membership of the planning committee. Any participating fire protection jurisdiction may withdraw upon thirty calendar days' written notice to the other jurisdictions.

Sec. 9. RCW 84.52.010 and 2015 3rd sp.s. c 44 s 324 and 2015 3rd sp.s. c 24 s 404 are each reenacted and amended to read as follows:

(1) Except as is permitted under RCW 84.55.050, all taxes must be levied or voted in specific amounts.

(2) The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

(3) When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor must recompute and establish a consolidated levy in the following manner:

(a) The full certified rates of tax levy for state, county, county road district, regional transit authority, and city or town purposes must be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy takes precedence over all other levies and may not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 36.54.130, 84.34.230, 84.52.069, 84.52.105, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, 84.52.125, 84.52.135, 84.52.140, and the protected portion of the levy under RCW 86.15.160 by flood control zone districts in a county with a population of seven hundred seventy-five thousand or more that are coextensive with a county, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies must be reduced as follows:

(i) The portion of the levy by a metropolitan park district that has a population of less than one hundred fifty thousand and is located in a county with a population of one million five hundred thousand or more that is protected under RCW 84.52.120 must be reduced until the combined rate no longer exceeds one

percent of the true and fair value of any property or must be eliminated;

(ii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the protected portion of the levy imposed under RCW 86.15.160 by a flood control zone district in a county with a population of seven hundred seventy-five thousand or more that is coextensive with a county must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(iii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.140 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(iv) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a fire protection district or regional fire protection service authority that is protected under RCW 84.52.125 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(v) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.135 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(vi) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a ferry district under RCW 36.54.130 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(vii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by

a metropolitan park district with a population of one hundred fifty thousand or more that is protected under RCW 84.52.120 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(viii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, must be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated; and

(ix) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated.

(b) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property must be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(i) First, the certified property tax levy authorized under RCW 84.52.821 must be reduced on a pro rata basis or eliminated;

(ii) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, 35.95A.100, and 67.38.130 must be reduced on a pro rata basis or eliminated;

(iii) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts other than the portion of a levy protected under RCW 84.52.815 must be reduced on a pro rata basis or eliminated;

(iv) Fourth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of

all other junior taxing districts, other than fire protection districts, regional fire protection service authorities, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, must be reduced on a pro rata basis or eliminated;

(v) Fifth, if the consolidated tax levy rate still exceeds these limitations, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts created on or after January 1, 2002, must be reduced on a pro rata basis or eliminated;

(vi) Sixth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 and regional fire protection service authorities under RCW 52.26.140(1) (b) and (c) must be reduced on a pro rata basis or eliminated; and

(vii) Seventh, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, regional fire protection service authorities under RCW 52.26.140(1)(a), library districts, metropolitan park districts created before January 1, 2002, under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, must be reduced on a pro rata basis or eliminated.

Sec. 10. RCW 84.52.010 and 2015 3rd sp.s. c 44 s 325 and 2015 3rd sp.s. c 24 s 405 are each reenacted and amended to read as follows:

determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

(3) When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor must recompute and establish a consolidated levy in the following manner:

(vii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, must be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated; and

(viii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.

(b) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such

property must be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

Sec. 12. RCW 84.52.043 and 2015 3rd sp.s. c 44 s 323 are each amended to read as follows:

Within and subject to the limitations imposed by RCW 84.52.050 as amended, the regular ad valorem tax levies upon real and personal property by the taxing districts hereafter named are as follows:

(1) Levies of the senior taxing districts are as follows: (a) The levy by the state may not exceed three dollars and sixty cents per thousand dollars of assessed value adjusted to the state equalized value in accordance with the indicated ratio fixed by the state department of revenue to be used exclusively for the support of the common schools; (b) the levy by any county may not exceed one dollar and eighty cents per thousand dollars of assessed value; (c) the levy by any road district may not exceed two dollars and twenty-five cents per thousand dollars of assessed value; and (d) the levy by any city or town may not exceed three dollars and thirty-seven and one-half cents per thousand dollars of assessed value. The term "junior taxing districts" includes all taxing districts other than the state, counties, road districts, cities, towns, port districts, and public utility districts. Sec. 13. RCW 84.52.125 and 2005 c 122 s 1 are each amended to read as follows:

A fire protection district or regional fire protection service authority may protect the district's or authority's tax levy from proration under RCW 84.52.010(~~(+2)~~) (3)(b) by imposing up to a total of twenty-five cents per thousand dollars of assessed value of the tax levies authorized under RCW 52.16.140 and 52.16.160, or 52.26.140(1) (b) and (c) outside of the five dollars and ninety cents per thousand dollars of assessed valuation limitation established under RCW 84.52.043(2), if those taxes otherwise would be prorated under RCW 84.52.010(~~(+2)~~(~~e~~)) (3)(b)(vi).

Sec. 14. RCW 52.26.070 and 2006 c 200 s 5 are each amended to read as follows:

If the voters approve the plan, including creation of a regional fire protection service authority and imposition of taxes and benefit charges, if any, the authority is formed on the effective date as set forth in the plan or the next January 1st or July 1st, whichever occurs first. The appropriate county election officials shall, within fifteen days of the final certification of the election results, publish a notice in a newspaper or newspapers of general circulation in the authority declaring the authority formed. A party challenging the procedure or the formation of a voter-approved authority must file the challenge in writing by serving the prosecuting attorney of each county within, or partially within, the regional fire protection service authority and the attorney general within thirty days after the final certification of the election. MESSAGE FROM THE SENATE

April 7, 2017

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1605 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 79A.60 RCW to read as follows:

(1) Whenever the operator of a vessel is arrested for a violation of RCW 79A.60.040, the arresting officer, or another officer acting at the arresting officer's direction, has authority to impound the vessel as provided in this section.

(2) This section is not intended to limit or constrain the ability of local government from enacting and enforcing ordinances or other regulations relating to the impoundment of vessels for the purposes of enforcing RCW 79A.60.040.

(3) Unless vessel impound is required for evidentiary purposes, a law enforcement officer must seek a series of reasonable alternatives to impound before impounding the vessel. Reasonable alternatives to impound may include, but are not limited to:

(a) Working with the vessel's owner to locate a qualified operator who can take possession of the vessel within thirty minutes following the arrest of the vessel's operator and giving possession of the vessel to such a person;

(b) Leaving the vessel at a marina, dock, or moorage facility, provided that:

(i) The owner is present and willing to sign a liability waiver by which the owner agrees to waive any claims related to such an action against the law enforcement officer and the officer's agency and indemnify the officer and the agency against any claims related to such an action by any third party; and

(ii) The owner agrees to pay any applicable moorage charges or fees; and

(c) Towing the vessel to the closest boat ramp, marina, or similar type facility where the owner can meet the impounding officer within thirty minutes in order to:

(i) Moor the vessel by accepting any applicable moorage charges or fees; or

(ii) Take possession of the vessel if the owner was not present at the time of the arrest.

(4) For the purposes of this section, storing an impounded vessel may include, but is not limited to:

(a) Removing the vessel to and placing it in a secure or other type of moorage facility; or

(b) Placing the vessel in the custody of an operator licensed by the United States coast guard per 46 C.F.R. Sec. 11.482 to provide commercial assistance towing services in Washington state who must:

(i) Tow it to a storage facility operated by the towing entity for storage or to a moorage facility for storage; or

(ii) Tow it to a location designated by the operator or owner of the vessel.

(5) In exigent circumstances, an impounding officer may temporarily attach an impounded vessel to a mooring buoy or anchor the vessel to the bottom for up to twenty-four hours, after which time the impounding officer must move or cause the vessel to be moved to an appropriate facility for storage as outlined in subsection (4) of this section.

(6) If the impounding officer secures a vessel by placing it on its trailer, the officer, moorage facility representative, or commercial assistance towing service is authorized to detach the vessel's trailer from the vehicle to which it is attached, attach the trailer to an impounding vehicle, operate the vessel to load it on the trailer, and then tow the vessel on its trailer to the storage facility.

(7) All vessels must be handled appropriately and returned in substantially the same condition as they existed before being impounded, unless forfeited pursuant to subsection (12) of this section. Except as provided in subsection (12)(b) of this section, all personal property in the vessel must be kept intact and must be returned to the vessel's owner or agent during the normal business hours of the entity storing the vessel upon request, provided the vessel owner, or the owner's agent, is able to provide sufficient proof of his or her identity.

(8) No moorage facility or vessel towing service provider is required to accept an impounded or otherwise secured vessel under this section for towing or storage. An impounding officer intending to secure a vessel by means of storing it at a moorage facility must have the permission of the owner or operator of the moorage facility prior to leaving the vessel at the facility. The impounding officer shall identify an authorized

person on the vessel impound authorization and inventory form to represent the vessel impound facility. The officer must provide a copy of the vessel impound authorization and inventory form to the designated person representing the vessel impound facility along with the addresses of the registered and legal owners of the vessel. The moorage facility may require that the impounding officer's agency take responsibility for the foreclosure process set forth in subsection (12) of this section before they consent to accept an impounded vessel.

(9) (a) An impounding officer impounding a vessel pursuant to this section shall notify the legal and registered owner or owners of the impoundment of the vessel. The notification must be in writing and sent within one business day after the impound by first-class mail, digital transmission, or facsimile to the last known address of the registered and legal owner or owners of the vessel, as identified by the department of licensing, and must inform the owner or owners of the identity of the person or agency authorizing the impound. The impounding officer may serve the operator with the vessel impound authorization and inventory form at the time of impound if the operator is a legal or registered owner of the vessel. Personal service of the vessel impound authorization and inventory form meets the notice requirement of this subsection with respect to the legal or registered owner personally served. The notification must be provided on a vessel impound authorization and inventory form and include: (i) The name, address, and telephone number of the facility where the vessel is being held; (ii) the right of redemption and opportunity for a hearing to contest the validity of the impoundment; and (iii) the rate that is being charged for the storage of the vessel while impounded.

(b) A notice does not need to be sent to the legal or registered owner or owners of an impounded vessel if the vessel has been redeemed.

(c) The impounded vessel may not be redeemed by the operator within a twelve-hour period starting at the time of the operator's arrest. The vessel may be redeemed by or released to an owner or an agent of the owner that is not the operator within the twelve-hour period following arrest.

(10) A moorage facility that accepts a vessel impounded pursuant to this section

for storage may charge the owner of the vessel up to one hundred twenty-five percent of the normal moorage rates of tenants or guests in addition to a fee for securing the impounded vessel. A moorage facility must store the vessel in the least costly boat slip or storage area available that is appropriate for the vessel size. An entity that provides emergency vessel towing services that accepts a vessel impounded pursuant to this section for towing or storage, or both, may charge its normal towing and storage fees. The costs of removal and storage of vessels under this section is a lien upon the vessel until paid, unless the impoundment is determined to be invalid. The registered owner of a vessel impounded pursuant to this section is responsible for paying all fees associated with the towing and storage of the vessel resulting from its impoundment, except as otherwise provided in subsection (15) of this section.

(11) Within fifteen days of impoundment of the vessel, or until the vessel is forfeited pursuant to subsection (12) of this section, the legal or registered owner of a vessel impounded and stored pursuant to this section may redeem the vessel by paying all towing and storage fees charged as allowed in subsection (10) of this section. Within fifteen days of impoundment of the vessel, or until the vessel is forfeited pursuant to subsection (12) of this section, any person who shows proof of ownership or written authorization from the impounded vessel's registered or legal owner or the vessel's insurer may view the vessel without charge during the normal business hours of the entity storing the vessel. The moorage facility may request that a representative of the impounding agency be present during redemption. If requested, the impounding agency must provide a representative as requested by the moorage facility.

(12) If an impounded vessel stored pursuant to this section is not redeemed by its registered or legal owner pursuant to subsection (11) of this section within fifteen days of its impoundment, the entity storing the vessel, or the agency of the impounding officer, if required by the moorage facility under subsection (8) of this section, may initiate foreclosure. Forfeiture by the vessel owner is complete twenty days after mailing of the notice required by this subsection, unless within that time the owner, or any lienholder or holder of a security interest, pays all fees associated with the towing and

storage of the vessel resulting from its impoundment. However, foreclosure may not be completed while a hearing under subsection (15) of this section to contest the validity of the impoundment is pending in district or municipal court or while any appeal of a decision of the district or municipal court on the validity of the impoundment is pending.

(a) In order to foreclose on the vessel, the foreclosing entity must mail notice of its intent. Such a notice must, at a minimum, state: (i) The intent of the foreclosing entity to foreclose on the vessel; (ii) that, when the foreclosure process is complete, the owner forfeits all ownership interest in the vessel; (iii) the right of the foreclosing entity to take possession of or dispose of the vessel upon completion of the foreclosure process; and (iv) that the owner, or other interested person or entity, may avoid forfeiture of the vessel by paying all fees associated with the towing and storage of the vessel resulting from its impoundment within twenty days of mailing of the notice. The notice must be mailed to the owner of the vessel at the address on file with the state with which the vessel is registered, or on file with the federal government, if the vessel is registered with the federal government, and any lienholder or secured interests on record. A notice need not be sent to the purported owner or any other person whose interest in the vessel is not recorded with a state or with the federal government.

(b) Upon completion of the foreclosure process, the registered and legal owners of the vessel forfeit any and all ownership interest in it and the entity administering the foreclosure process must dispose of it through sale. The proceeds of a sale under this section shall be applied first to payment of the amount of reasonable charges incurred by the entity for towing, storage, and sale, then to the owner or to satisfy any liens of record or security interests of record on the vessel in the order of their priority. If the sale is for a sum less than the applicable charges, the foreclosing entity is entitled to assert a claim for the deficiency against the vessel owner. Nothing in this section prevents any lien holder or secured party from asserting a claim for any deficiency owed the lien holder or secured party. If more than one thousand dollars remains after the satisfaction of amounts owed to the entity and to any owner or bona fide security

interest, then the foreclosing entity must remit the moneys to the department of licensing for deposit in the derelict vessel removal account established in RCW 79.100.100. A copy of the forfeited vessel disposition report form identifying the vessel resulting in any surplus shall accompany the remitted funds. Transfer of ownership of the vessel after foreclosure must comply with RCW 79.100.150, when applicable. All personal property in the vessel not claimed prior to foreclosure must be turned over to the law enforcement agency that authorized the impoundment. The personal property must be disposed of pursuant to chapter 63.32 or 63.40 RCW, or as otherwise provided by law. Within fourteen days of the completion of the foreclosure process of a vessel pursuant to this subsection, the foreclosing entity shall send a forfeited vessel disposition report, together with a copy of the vessel impound authorization and inventory form and the notice of intent to foreclose, to the department of licensing so that the department may include documentation in the ownership records of the vessel. The vessel disposition information sent to the department of licensing on the forfeited vessel disposition report relieves the previous owner of the vessel from any civil or criminal liability for the operation of the vessel from the date of sale thereafter, and transfers full liability for the vessel to the party to whom the vessel is transferred by the foreclosing entity.

(13) Any individual or entity whose assistance has been requested by an impounding officer who in good faith provides trailering, towing, or secured or other type of moorage of a vessel impounded pursuant to this section is not liable for any damage to or theft of the vessel or its contents, or for damages for loss of use of the vessel resulting from any act or omission in providing assistance other than for acts or omissions constituting gross negligence or willful or wanton misconduct, or for any damages arising from any act or omission committed during the foreclosure process.

(14) If a law enforcement officer impounds and secures a vessel pursuant to this section, the impounding officer and the government agency employing the officer are not liable for any damage to or theft of the vessel or its contents, or for damages for loss of use of the vessel, or for any damages arising from any act or omission committed during the foreclosure process.

(15) Any legal or registered owner seeking to redeem an impounded vessel under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vessel was impounded to contest the validity of the impoundment. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents, unless the impoundment was authorized by municipal agents. The municipal court has exclusive jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing must be made in writing per the instructions provided on the uniform vessel impound authorization and inventory form and must be received by the appropriate court within ten business days of the date that the vessel impound authorization and inventory form was mailed to or served on the registered or legal owner or owners of the impounded vessel. If the hearing request is not received by the court within ten business days of the sending or personal service of the notice of impoundment pursuant to subsection (9) of this section, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(a) Within five days after the request for a hearing, the court shall notify the operator of the impound facility, the registered and legal owners of the vessel, and the officer or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the petitioner may produce any relevant evidence that is admissible under court rules to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing.

(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the fees established in subsection (10) of this section, and who is responsible for payment of the fees. The court may not adjust fees or charges that

are in compliance with subsection (10) of this section.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs must be assessed against the petitioner.

(e) If the impoundment is determined to be in violation of this section, then the registered and legal owners of the vessel bear no impoundment, towing, or storage fees, any security must be returned or discharged as appropriate, and the agency that authorized the impoundment is liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the moorage facility or vessel towing contractor against the agency authorizing the impound for the impoundment, towing, and storage fees incurred. In addition, the court shall enter judgment in favor of the petitioner for the amount of the filing fee required by law for the impound hearing petition. If an impoundment is determined to be in violation of this section, the impounding officer and the government agency employing the officer are not liable for damage to or theft of the vessel or its contents, or damages for loss of use of the vessel, if the impounding officer had reasonable suspicion to believe that the operator of the vessel was operating the vessel while under the influence of intoxicating liquor or any drug, was in physical control of the vessel while under the influence of intoxicating liquor or any drug, or was operating the vessel in a reckless manner, or if the impounding officer otherwise acted reasonably under the circumstances in acting to impound and secure the vessel.

(f) If any judgment entered under this subsection is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment must read essentially as follows:

TO:

YOU ARE HEREBY NOTIFIED JUDGMENT was entered against you in the Court located at in the sum of \$., in an

action entitled, Case No. YOU ARE FURTHER NOTIFIED that attorneys' fees and costs will be awarded against you under RCW if the judgment is not paid within 15 days of the date of this notice.

DATED this day of, (year)

(16) By September 30, 2017, the department of licensing in collaboration with the commission shall create the following forms for use in the enforcement of this section:

(a) A vessel impound authorization and inventory form. This form must include sections for the impounding officer to record the addresses of the registered and legal owners of the vessel and the designated individual that will act on behalf of the impound facility; and

(b) A forfeited vessel disposition report form.

(17) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Impound" means to take and hold a vessel in legal custody.

(b) "Legal owner" means a person having a perfected security interest or a registered owner of a vessel unencumbered by a security interest.

(c) "Moorage facility" includes a private moorage facility as defined in RCW 88.26.010, a moorage facility as defined in RCW 53.08.310, or a moorage facility owned or operated by the agency of the arresting officer.

(d) "Registered owner" or "owner" means the person whose lawful right of possession of a vessel has most recently been recorded with the department of licensing.

MESSAGE FROM THE SENATE

April 11, 2017

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1612 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that over one thousand one hundred suicide deaths occur each year in Washington and these suicide deaths take an enormous toll on families and communities across the state. The legislature further finds that: Sixty-five percent of all suicides, and most suicide deaths and attempts for young people ages ten to eighteen, occur using firearms and prescription medications that are easily accessible in homes; firearms are the most lethal method used in suicide and almost entirely account for more men dying by suicide than women; sixty-seven percent of all veteran deaths by suicide are by firearm; and nearly eighty percent of all deaths by firearms in Washington are suicides. The legislature further finds that there is a need for a robust public education campaign designed to raise awareness of suicide and to teach everyone the role that he or she can play in suicide prevention. The legislature further finds that important suicide prevention efforts include: Motivating households to improve safe storage practices to reduce deaths from firearms and prescription medications; decreasing barriers to prevent access to lethal means by allowing for temporary and voluntary transfers of firearms when individuals are at risk for suicide; increasing access to drug take-back sites; and making the public aware of suicide prevention steps, including recognizing warning signs, empathizing and listening, asking directly about suicide, removing dangers to ensure immediate safety, and getting help. The legislature intends by this act to create a public-private partnership fund to implement a suicide-safer home public education campaign in the coming years.

(3) The suicide-safer homes project account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 4. RCW 43.70.442 and 2016 c 90 s 5 are each amended to read as follows:

(1)(a) Each of the following professionals certified or licensed under Title 18 RCW shall, at least once every six years, complete training in suicide assessment, treatment, and management that is approved, in rule, by the relevant disciplining authority:

(b)(i) A professional listed in (a)(i) through (viii) of this subsection or a person holding a retired active license for one of the professions listed in (a)(i) through (viii) of this subsection must complete the one-time training by the end of the first full continuing education reporting period after January 1, 2016, or during the first full continuing education reporting period after initial licensure, whichever is later. Training completed between June 12, 2014, and January 1, 2016, that meets the requirements of this section, other than the timing requirements of this subsection (5)(b), must be accepted by the disciplining authority as meeting the one-time training requirement of this subsection (5).

(ii) A licensed pharmacist or a person holding a retired active pharmacist license must complete the one-time training by the end of the first full continuing education reporting period after January 1, 2017, or during the first full continuing education reporting period after initial licensure, whichever is later.

(6)(a) The secretary and the disciplining authorities shall work collaboratively to develop a model list of training programs in suicide assessment, treatment, and management.

(b) The secretary and the disciplining authorities shall update the list at least once every two years.

(c) By June 30, 2016, the department shall adopt rules establishing minimum standards for the training programs included on the model list. The minimum standards must require that six-hour trainings include content specific to veterans and the assessment of issues related to imminent harm via lethal means or self-injurious behaviors and that three-hour trainings for pharmacists or dentists include content related to the assessment of issues related to imminent harm via lethal means. When adopting the rules required under this subsection (6)(c), the department shall:

(i) Consult with the affected disciplining authorities, public and private institutions of higher education,

The department shall add the training to the list only if the department determines that the training meets the minimum standards established in the rules adopted under (c) of this subsection.

(7) The department shall provide the health profession training standards created in this section to the professional educator standards board as a model in meeting the requirements of RCW 28A.410.226 and provide technical assistance, as requested, in the review and evaluation of educator training programs. The educator training programs approved by the professional educator standards board may be included in the department's model list.

(8) Nothing in this section may be interpreted to expand or limit the scope of practice of any profession regulated under chapter 18.130 RCW.

(9) The secretary and the disciplining authorities affected by this section shall adopt any rules necessary to implement this section.

(10) For purposes of this section:

The board of occupational therapy may also approve training that includes only screening and referral elements if appropriate for occupational therapy practitioners based on practice setting.

(11) A state or local government employee is exempt from the requirements of this section if he or she receives a total of at least six hours of training in suicide assessment, treatment, and management from his or her employer every six years. For purposes of this subsection, the training may be provided in one six-hour block or may be spread among shorter training sessions at the employer's discretion.

For purposes of this subsection, the training may be provided in one six-hour block or may be spread among shorter training sessions at the employer's discretion.

NEW SECTION. **Sec. 5.** A new section is added to chapter 43.70 RCW to read as follows:

The curriculum must meet the minimum standards established under RCW 43.70.442 and must include material on identifying at-risk patients and limiting access to lethal means. When developing the curriculum, the school of dentistry must consult with experts on suicide assessment, treatment, and management and with the suicide-safer homes task force established in RCW 43.70.445. The school of dentistry shall submit a progress report to the governor and the relevant committees of the legislature by July 1, 2019.

(2) The dental quality assurance commission shall, for purposes of RCW

43.70.442(4)(a), consider a dentist who has successfully completed the curriculum developed under subsection (1) of this section prior to licensure as possessing the minimum training and experience necessary to be exempt from the training requirements in RCW 43.70.442.

Sec. 6. RCW 9.41.113 and 2015 c 1 s 3 are each amended to read as follows:

(3) Where neither party to a prospective firearms transaction is a licensed dealer, the parties to the transaction shall complete the sale or transfer through a licensed dealer as follows:

(a) The seller or transferor shall deliver the firearm to a licensed dealer to process the sale or transfer as if it is selling or transferring the firearm from its inventory to the purchaser or transferee, except that the unlicensed seller or transferor may remove the firearm from the business premises of the licensed dealer while the background check is being conducted. If the seller or transferor removes the firearm from the business premises of the licensed dealer while the background check is being conducted, the purchaser or transferee and the seller or transferor shall return to the business premises of the licensed dealer and the seller or transferor shall again deliver the firearm to the licensed dealer prior to completing the sale or transfer.

(b) Except as provided in (a) of this subsection, the licensed dealer shall comply with all requirements of federal

and state law that would apply if the licensed dealer were selling or transferring the firearm from its inventory to the purchaser or transferee, including but not limited to conducting a background check on the prospective purchaser or transferee in accordance with federal and state law requirements and fulfilling all federal and state recordkeeping requirements.

(c) The purchaser or transferee must complete, sign, and submit all federal, state, and local forms necessary to process the required background check to the licensed dealer conducting the background check.

(d) If the results of the background check indicate that the purchaser or transferee is ineligible to possess a firearm, then the licensed dealer shall return the firearm to the seller or transferor.

(e) The licensed dealer may charge a fee that reflects the fair market value of the administrative costs and efforts incurred by the licensed dealer for facilitating the sale or transfer of the firearm.

(4) This section does not apply to:

(a) A transfer between immediate family members, which for this subsection shall be limited to spouses, domestic partners, parents, parents-in-law, children, siblings, siblings-in-law, grandparents, grandchildren, nieces, nephews, first cousins, aunts, and uncles, that is a bona fide gift or loan;

(b) The sale or transfer of an antique firearm;

~~((g))~~ (h) A person who (i) acquired a firearm other than a pistol by operation of law upon the death of the former owner of the firearm or (ii) acquired a pistol by operation of law upon the death of the former owner of the pistol within the preceding sixty days. MESSAGE FROM THE SENATE

April 11, 2017

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1641 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 7.70.065 and 2007 c 156 s 11 are each amended to read as follows:

(1) Informed consent for health care for a patient who is not competent, as defined in RCW 11.88.010(1)(e), to consent may be obtained from a person authorized to consent on behalf of such patient.

(a) Persons authorized to provide informed consent to health care on behalf of a patient who is not competent to consent, based upon a reason other than incapacity as defined in RCW 11.88.010(1)(d), shall be a member of one of the following classes of persons in the following order of priority:

(i) The appointed guardian of the patient, if any;

(ii) The individual, if any, to whom the patient has given a durable power of attorney that encompasses the authority to make health care decisions;

(iii) The patient's spouse or state registered domestic partner;

(iv) Children of the patient who are at least eighteen years of age;

(v) Parents of the patient; and

(vi) Adult brothers and sisters of the patient.

(b) If the health care provider seeking informed consent for proposed health care of the patient who is not competent to consent under RCW 11.88.010(1)(e), other than a person determined to be incapacitated because he or she is under the age of majority and who is not otherwise authorized to provide informed

consent, makes reasonable efforts to locate and secure authorization from a competent person in the first or succeeding class and finds no such person available, authorization may be given by any person in the next class in the order of descending priority. However, no person under this section may provide informed consent to health care:

(i) If a person of higher priority under this section has refused to give such authorization; or

(ii) If there are two or more individuals in the same class and the decision is not unanimous among all available members of that class.

(c) Before any person authorized to provide informed consent on behalf of a patient not competent to consent under RCW 11.88.010(1)(e), other than a person determined to be incapacitated because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, exercises that authority, the person must first determine in good faith that that patient, if competent, would consent to the proposed health care. If such a determination cannot be made, the decision to consent to the proposed health care may be made only after determining that the proposed health care is in the patient's best interests.

(2) Informed consent for health care, including mental health care, for a patient who is not competent, as defined in RCW 11.88.010(1)(e), because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, may be obtained from a person authorized to consent on behalf of such a patient.

(a) Persons authorized to provide informed consent to health care, including mental health care, on behalf of a patient who is incapacitated, as defined in RCW 11.88.010(1)(e), because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, shall be a member of one of the following classes of persons in the following order of priority:

(i) The appointed guardian, or legal custodian authorized pursuant to Title 26 RCW, of the minor patient, if any;

(ii) A person authorized by the court to consent to medical care for a child in out-of-home placement pursuant to chapter 13.32A or 13.34 RCW, if any;

(iii) Parents of the minor patient;

(iv) The individual, if any, to whom the minor's parent has given a signed authorization to make health care decisions for the minor patient; and

(v) A competent adult representing himself or herself to be a relative responsible for the health care of such minor patient or a competent adult who has signed and dated a declaration under penalty of perjury pursuant to RCW 9A.72.085 stating that the adult person is a relative responsible for the health care of the minor patient. Such declaration shall be effective for up to six months from the date of the declaration.

(b)(i) Informed consent for health care on behalf of a patient who is incapacitated, as defined in RCW 11.88.010(1)(e), because he or she is under the age of majority and who is not otherwise authorized to provide informed consent may be obtained from a school nurse, school counselor, or homeless student liaison when:

(A) Consent is necessary for nonemergency, outpatient, primary care services, including physical examinations, vision examinations and eyeglasses, dental examinations, hearing examinations and hearing aids, immunizations, treatments for illnesses and conditions, and routine follow-up care customarily provided by a health care provider in an outpatient setting, excluding elective surgeries;

(B) The minor patient meets the definition of a "homeless child or youth" under the federal McKinney-Vento homeless education assistance improvements act of 2001, P.L. 107-110, January 8, 2002, 115 Stat. 2005; and

(C) The minor patient is not under the supervision or control of a parent, custodian, or legal guardian, and is not in the care and custody of the department of social and health services.

(ii) A person authorized to consent to care under this subsection (2)(b) and the person's employing school or school district are not subject to administrative sanctions or civil damages resulting from the consent or nonconsent for care, any care, or payment for any care, rendered pursuant to this section. Nothing in this section prevents a health care facility or a health care provider from seeking reimbursement from other sources for care

provided to a minor patient under this subsection (2) (b).

(iii) Upon request by a health care facility or a health care provider, a person authorized to consent to care under this subsection (2) (b) must provide to the person rendering care a declaration signed and dated under penalty of perjury pursuant to RCW 9A.72.085 stating that the person is a school nurse, school counselor, or homeless student liaison and that the minor patient meets the elements under (b) (i) of this subsection. The declaration must also include written notice of the exemption from liability under (b) (ii) of this subsection.

(c) A health care provider may, but is not required to, rely on the representations or declaration of a person claiming to be a relative responsible for the care of the minor patient, under (a) (v) of this subsection, or a person claiming to be authorized to consent to the health care of the minor patient under (b) of this subsection, if the health care provider does not have actual notice of the falsity of any of the statements made by the person claiming to be a relative responsible for the health care of the minor patient, or person claiming to be authorized to consent to the health care of the minor patient.

~~((c))~~ (d) A health care facility or a health care provider may, in its discretion, require documentation of a person's claimed status as being a relative responsible for the health care of the minor patient, or a person claiming to be authorized to consent to the health care of the minor patient under (b) of this subsection. However, there is no obligation to require such documentation.

~~((d))~~ (e) The health care provider or health care facility where services are rendered shall be immune from suit in any action, civil or criminal, or from professional or other disciplinary action when such reliance is based on a declaration signed under penalty of perjury pursuant to RCW 9A.72.085 stating that the adult person is a relative responsible for the health care of the minor patient under (a) (v) of this subsection, or a person claiming to be authorized to consent to the health care of the minor patient under (b) of this subsection.

(3) For the purposes of this section, "health care," "health care provider," and

"health care facility" shall be defined as established in RCW 70.02.010.

NEW SECTION. Sec. 2. RCW 28A.320.147 ("Homeless child or youth"—Informed consent for health care for patient under the age of majority—Exemption from liability) and 2016 c 157 s 7 are each repealed."

On page 1, line 3 of the title, after "act;" strike the remainder of the title and insert "amending RCW 7.70.065; and repealing RCW 28A.320.147."

and the same is herewith transmitted.

SUBSTITUTE HOUSE BILL NO. 1641, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 10, 2017

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1867 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a large number of foster youth experience homelessness. The legislature intends that individuals who are eligible for extended foster care services are able to receive those services to help prevent them from experiencing homelessness. The 2016 office of homeless youth annual report identifies ensuring that youth exiting public systems are not released into homelessness as a goal and recommends expanding options for youth to enroll in extended foster care.

Sec. 2. RCW 74.13.031 and 2015 c 240 s 3 are each amended to read as follows:

(1) The department and supervising agencies shall develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, the department and supervising agencies shall recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and the department shall annually report to the governor and the legislature concerning the department's and supervising agency's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3) The department shall investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or

exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) As provided in RCW 26.44.030(11), the department may respond to a report of child abuse or neglect by using the family assessment response.

(5) The department or supervising agencies shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(6) The department or supervising agencies shall monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. Under this section children in out-of-home care and in-home dependencies and their caregivers shall receive a private and individual face-to-face visit each month. The department and the supervising agencies shall randomly select no less than ten percent of the caregivers currently providing care to receive one unannounced face-to-face visit in the caregiver's home per year. No caregiver will receive an unannounced visit through the random selection process for two consecutive years. If the caseworker makes a good faith effort to conduct the unannounced visit to a caregiver and is unable to do so, that month's visit to that caregiver need not be unannounced. The department and supervising agencies are encouraged to group monthly visits to caregivers by geographic area so that in the event an unannounced visit cannot be completed, the caseworker may complete other required monthly visits. The department shall use a method of random selection that does not cause a fiscal impact to the department.

The department or supervising agencies shall conduct the monthly visits with

children and caregivers to whom it is providing child welfare services.

(7) The department and supervising agencies shall have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(8) The department and supervising agency shall have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(9) The department and supervising agency shall have authority to purchase care for children.

(10) The department shall establish a children's services advisory committee with sufficient members representing supervising agencies which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(11) (a) The department and supervising agencies shall provide continued extended foster care services to nonminor dependents who are:

(i) Enrolled in a secondary education program or a secondary education equivalency program;

(ii) Enrolled and participating in a postsecondary academic or postsecondary vocational education program;

(iii) Participating in a program or activity designed to promote employment or remove barriers to employment;

(iv) Engaged in employment for eighty hours or more per month; or

(v) Not able to engage in any of the activities described in (a)(i) through (iv) of this subsection due to a documented medical condition.

(b) To be eligible for extended foster care services, the nonminor dependent must have been dependent and in foster care at the time that he or she reached age eighteen years. If the dependency case of the nonminor dependent was dismissed pursuant to RCW 13.34.267, he or she may receive extended foster care services pursuant to a voluntary placement agreement under RCW 74.13.336 or pursuant to an order of dependency issued by the court under RCW 13.34.268. A nonminor dependent whose dependency case was dismissed by the court must have requested extended foster care services before reaching age nineteen years. Eligible nonminor dependents may unenroll and reenroll in extended foster care through a voluntary placement agreement once between ages eighteen and twenty-one.

(c) The department shall develop and implement rules regarding youth eligibility requirements.

(d) The department shall make efforts to ensure that extended foster care services maximize medicaid reimbursements. This must include the department ensuring that health and mental health extended foster care providers participate in medicaid, unless the condition of the extended foster care youth requires specialty care that is not available among participating medicaid providers or there are no participating medicaid providers in the area. The department shall coordinate other services to maximize federal resources and the most cost-efficient delivery of services to extended foster care youth.

(e) The department shall allow a youth who has received extended foster care services, but lost his or her eligibility, to reenter the extended foster care program once through a voluntary placement agreement when he or she meets the eligibility criteria again.

(12) The department shall have authority to provide adoption support benefits, or relative guardianship subsidies on behalf of youth ages eighteen to twenty-one years who achieved permanency through adoption or a relative guardianship at age sixteen or older and who meet the criteria described in subsection (11) of this section.

(13) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

(14) The department and supervising agencies shall have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order. The purchase of such care is exempt from the requirements of chapter 74.13B RCW and may be purchased from the federally recognized Indian tribe or tribally licensed child-placing agency, and shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 (~~and 74.13.032 through~~), 43.185C.295, 74.13.035, and 74.13.036, or of this section all services to be provided by the department under subsections (4), (7), and (8) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(15) Within amounts appropriated for this specific purpose, the supervising agency or department shall provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(16) The department and supervising agencies shall have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty-one years of age who are or have been in foster care.

(17) The department and supervising agencies shall consult at least quarterly with foster parents, including members of the foster parent association of

Washington state, for the purpose of receiving information and comment regarding how the department and supervising agencies are performing the duties and meeting the obligations specified in this section and RCW 74.13.250 and 74.13.320 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

(18) (a) The department shall, within current funding levels, place on its public web site a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

(i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;

(ii) Sibling visits subject to the restrictions in RCW 13.34.136(2) (b) (ii);

(iii) Parent-child visits;

(iv) Statutory preference for placement with a relative or other suitable person, if appropriate; and

(v) Statutory preference for an out-of-home placement that allows the child to remain in the same school or school district, if practical and in the child's best interests.

(b) The document must be prepared in conjunction with a community-based organization and must be updated as needed.

NEW SECTION. **Sec. 3.** (1) The Washington state institute for public policy shall conduct a study measuring the outcomes for youth who have received extended foster care services pursuant to RCW 74.13.031(11). The study should include measurements of any savings to state and local governments. The study should compare the outcomes for youth who have received extended foster care services pursuant to RCW 74.13.031(11) with youth who aged out of foster care when they reached eighteen years of age. To the extent possible, the study should also include a comparison of other state extended foster care programs and a review

of studies that have been completed measuring the outcomes of those programs.

(2) The Washington state institute for public policy shall issue a report containing its preliminary findings to the legislature by December 1, 2018, and a final report by December 1, 2019.

(3) The Washington state institute for public policy is authorized to accept nonstate funds to conduct the study required in subsection (1) of this section.

(4) This section expires July 1, 2020.

NEW SECTION. **Sec. 4.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2017, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "youth;" strike the remainder of the title and insert "amending RCW 74.13.031; creating new sections; and providing an expiration date."

SUBSTITUTE HOUSE BILL NO. 1867, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 12, 2017

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2005 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Business licensing service," "business licensing system," and "business license" have the same meaning as in RCW 19.02.020.

(2) "City" means a city, town, or code city.

(3) "Department" means the department of revenue.

(4) "General business license" means a license, not including a regulatory license or a temporary license, that a city requires all or most businesses to obtain to conduct business within that city.

(5) "Partner" means the relationship between a city and the department under which general business licenses are issued and renewed through the business licensing service in accordance with chapter 19.02 RCW.

(6) "Regulatory business license" means a license, other than a general business license, required for certain types of businesses that a city has determined warrants additional regulation, such as taxicab or other for-hire vehicle operators, adult entertainment businesses, amusement device operators, massage parlors, debt collectors, door-to-door sales persons, trade-show operators, and home-based businesses.

NEW SECTION. **Sec. 2.** (1) Except as otherwise provided in subsection (7) of this section, a city that requires a general business license of any person that engages in business activities within that city must partner with the department to have such license issued, and renewed if the city requires renewal, through the business licensing service in accordance with chapter 19.02 RCW.

(a) Except as otherwise provided in subsection (3) of this section, the department must phase in the issuance and renewal of general business licenses of cities that required a general business license as of July 1, 2017, and are not already partnering with the department, as follows:

(i) Between January 1, 2018, and December 31, 2021, the department must partner with at least six cities per year;

(ii) Between January 1, 2022, and December 31, 2027, the department must partner with the remaining cities; or

(iii) Between July 1, 2017 and December 31, 2022, the department must partner with all cities requiring a general business license if specific funding for the purposes of this subsection (iii) is appropriated in the omnibus appropriations act.

(b) A city that imposes a general business license requirement and does not partner with the department as of January 1, 2018, may continue to issue and renew its general business licenses until the city partners with the department as provided in subsection (4) of this section.

(2)(a) A city that did not require a general business license as of July 1, 2017, but imposes a new general business license requirement after that date must advise the department in writing of its intent to do so at least ninety days before the requirement takes effect.

(b) If a city subject to (a) of this subsection (2) imposes a new general business license requirement after July 1, 2017, the department, in its sole discretion, may adjust resources to partner with the imposing city as of the date that the new general business licensing requirement takes effect. If the department cannot reallocate resources, the city may issue and renew its general business license until the department is able to partner with the city.

(3) The department may delay assuming the duties of issuing and renewing general business licenses beyond the dates provided in subsection (1)(a) of this section if:

(a) Insufficient funds are appropriated for this specific purpose;

(b) The department cannot ensure the business licensing system is adequately prepared to handle all general business licenses due to unforeseen circumstances;

(c) The department determines that a delay is necessary to ensure that the transition to mandatory department issuance and renewal of general business licenses is as seamless as possible; or

(d) The department receives a written notice from a city within sixty days of the date that the city appears on the department's biennial partnership plan, which includes an explanation of the fiscal or technical challenges causing the city to delay joining the system. A delay under this subsection (3)(d) may be for no more than three years.

(4)(a) In consultation with affected cities and in accordance with the priorities established in subsection (5) of this section, the department must establish a biennial plan for partnering with cities to assume the issuance and renewal of general business licenses as required by this section. The plan must identify the cities that the department will partner with and the dates targeted for the department to assume the duties of issuing and renewing general business licenses.

(b) By January 1, 2018, and January 1st of each even-numbered year thereafter, the department must submit the partnering plan required in (a) of this subsection (4) to the governor; legislative fiscal committees; house local government committee; senate agriculture, water, trade and economic development committee; senate local government committee; affected cities; association of Washington cities; association of Washington business; national federation of independent business; and Washington retail association.

(c) The department may, in its sole discretion, alter the plan required in (a) of this subsection (4) with a minimum notice of thirty days to affected cities.

(5) When determining the plan to partner with cities for the issuance and

renewal of general business licenses as required in subsection (4) of this section, cities that notified the department of their wish to partner with the department before January 1, 2017, must be allowed to partner before other cities.

(6) A city that partners with the department for the issuance and renewal of general business licenses through the business licensing service in accordance with chapter 19.02 RCW may not issue and renew those licenses.

(7) A city may decline to partner with the department for the issuance and renewal of a general business license as provided in subsection (1) of this section if the city participates in the online local business license and tax filing portal known as "FileLocal" as of July 1, 2020. For the purposes of this subsection (7), a city is considered to be a FileLocal participant as of the date that a business may access FileLocal for purposes of applying for or renewing that city's general business license and reporting and paying that city's local business and occupation taxes. A city that ceases participation in FileLocal after July 1, 2020, must partner with the department for the issuance and renewal of its general business license as provided in subsection (1) of this section.

(8) By January 1, 2019, and each January 1st thereafter through January 1, 2028, the department must submit a progress report to the legislature. The report required by this subsection must provide information about the progress of the department's efforts to partner with all cities that impose a general business license requirement and include:

(a) A list of cities that have partnered with the department as required in subsection (1) of this section;

(b) A list of cities that have not partnered with the department;

(c) A list of cities that are scheduled to partner with the department during the upcoming calendar year;

(d) A list of cities that have declined to partner with the department as provided in subsection (7) of this section;

(e) An explanation of lessons learned and any process efficiencies incorporated by the department;

(f) Any recommendations to further simplify the issuance and renewal of

general business licenses by the department; and

(g) Any other information the department considers relevant.

NEW SECTION. **Sec. 3.** (1) A general business license that must be issued and renewed through the business licensing service in accordance with chapter 19.02 RCW is subject to the provisions of this section.

(2)(a) A city has broad authority to impose a fee structure as provided by RCW 35.22.280, 35.23.440, and 35A.82.020. However, any fee structure selected by a city must be within the department's technical ability to administer. The department has the sole discretion to determine if it can administer a city's fee structure.

(b) If the department is unable to administer a city's fee structure, the city must work with the department to adopt a fee structure that is administrable by the department. If a city fails to comply with this subsection (2)(b), it may not enforce its general business licensing requirements on any person until the effective date of a fee structure that is administrable by the department.

(3) A general business license may not be renewed more frequently than once per year except that the department may require a more frequent renewal date as may be necessary to synchronize the renewal date for the general business license with the business's business license expiration date.

(4) The business licensing system need not accommodate any monetary penalty imposed by a city for failing to obtain or renew a general business license. The penalty imposed in RCW 19.02.085 applies to general business licenses that are not renewed by their expiration date.

(5) The department may refuse to administer any provision of a city business license ordinance that is inconsistent with this chapter.

NEW SECTION. **Sec. 4.** The department is not authorized to enforce a city's licensing laws except to the extent of issuing or renewing a license in accordance with this chapter and chapter 19.02 RCW or refusing to issue a license due to an incomplete application, nonpayment of the appropriate fees as indicated by the license application or

renewal application, or the nonpayment of any applicable penalty for late renewal.

NEW SECTION. **Sec. 5.** Cities whose general business licenses are issued through the business licensing system retain the authority to set license fees, provide exemptions and thresholds for these licenses, approve or deny license applicants, and take appropriate administrative actions against licensees.

NEW SECTION. **Sec. 6.** Cities may not require a person to obtain or renew a general business license unless the person engages in business within its respective city. For the purposes of this section, a person may not be considered to be engaging in business within a city unless the person is subject to the taxing jurisdiction of a city under the standards established for interstate commerce under the commerce clause of the United States Constitution.

NEW SECTION. **Sec. 7.** A general business license change enacted by a city whose general business license is issued through the business licensing system takes effect no sooner than seventy-five days after the department receives notice of the change if the change affects in any way who must obtain a license, who is exempt from obtaining a license, or the amount or method of determining any fee for the issuance or renewal of a license.

NEW SECTION. **Sec. 8.** (1) (a) The cities, working through the association of Washington cities, must form a model ordinance development committee made up of a representative sampling of cities that impose a general business license requirement. This committee must work through the association of Washington cities to adopt a model ordinance on general business license requirements by July 1, 2018. The model ordinance and subsequent amendments developed by the committee must be adopted using a process that includes opportunity for substantial input from business stakeholders and other members of the public. Input must be solicited from statewide business associations and from local chambers of commerce and downtown business associations in cities that require a person that conducts business in the city to obtain a general business license.

(b) The department, association of Washington cities, and municipal research and services center must post copies of, or links to, the model ordinance on their internet web sites. Additionally, a city

that imposes a general business license requirement must make copies of its general business license ordinance or ordinances available for inspection and copying as provided in chapter 42.56 RCW.

(c) The definitions in the model ordinance may not be amended more frequently than once every four years, except that the model ordinance may be amended at any time to comply with changes in state law or court decisions. Any amendment to a mandatory provision of the model ordinance must be adopted with the same effective date by all cities.

(2) A city that imposes a general business license requirement must adopt the mandatory provisions of the model ordinance by January 1, 2019. The following provisions are mandatory:

(a) A definition of "engaging in business within the city" for purposes of delineating the circumstances under which a general business license is required;

(b) A uniform minimum licensing threshold under which a person would be relieved of the requirement to obtain a city's general business license. A city retains the authority to create a higher threshold for the requirement to obtain a general business license but must not deviate lower than the level required by the model ordinance.

(3) (a) A city may require a person that is under the uniform minimum licensing threshold as provided in subsection (2) of this section to obtain a city registration with no fee due to the city.

(b) A city that requires a city registration as provided in (a) of this subsection must partner with the department to have such registration issued through the business licensing service in accordance with chapter 19.02 RCW. This subsection (3) (b) does not apply to a city that is excluded from the requirement to partner with the department for the issuance and renewal of general business licenses as provided in section 2 of this act.

NEW SECTION. **Sec. 9.** Cities that impose a general business license must adopt the mandatory provisions of the model ordinance as provided in section 8 of this act by January 1, 2019. A city that has not complied with the requirements of this section by January 1, 2019, may not enforce its general business licensing requirements on any person until the date that the mandatory provisions of

the model ordinance take effect within the city.

NEW SECTION. **Sec. 10.** Cities must coordinate with the association of Washington cities to submit a report to the governor; legislative fiscal committees; house local government committee; and the senate agriculture, water, trade and economic development committee by January 1, 2019. The report must:

(1) Provide information about the model ordinance adopted by the cities as required in section 8 of this act;

(2) Identify cities that have and have not adopted the mandatory provisions of the model ordinance; and

(3) Incorporate comments from statewide business organizations concerning the process and substance of the model ordinance. Statewide business organizations must be allowed thirty days to submit comments for inclusion in the report.

NEW SECTION. **Sec. 11.** (1) The legislature directs cities, towns, and identified business organizations to partner in recommending changes to simplify the two factor apportionment formula provided in RCW 35.102.130.

(2)(a) The local business and occupation tax apportionment task force is established. The task force must consist of the following seven representatives:

(i) Three voting representatives selected by the association of Washington cities that are tax managers representing municipalities that impose a local business and occupation tax, including at least one jurisdiction that has performed an audit where apportionment errors were discovered.

(ii) Three voting representatives selected by the association of Washington business, including at least one tax practitioner or legal counsel with experience representing business clients during municipal audits that involved apportionment errors or disputes.

(iii) One nonvoting representative from the department.

(b) The task force may seek input or collaborate with other parties, as it deems necessary. The department must serve as the task force chair and must staff the task force.

(c) Beginning in the first month following the effective date of this section, the task force must meet no less frequently than once per month until it reports to the legislature as provided under subsection (3) of this section.

(3) By October 31, 2018, the task force established in subsection (2) of this section must prepare a report to the legislature to recommend changes to RCW 35.102.130 and related sections, as needed, to develop a method for assigning gross receipts to a local jurisdiction using a market-based model. The task force must focus on methods that rely on information typically available in commercial transaction receipts and captured by common business recordkeeping systems.

(4) The task force terminates January 1, 2019, unless legislation is enacted to extend such termination date.

NEW SECTION. **Sec. 12.** Sections 1 through 10 of this act constitute a new chapter in Title 35 RCW."

On page 1, line 3 of the title, after "licenses;" strike the remainder of the title and insert "adding a new chapter to Title 35 RCW; and creating a new section."

and the same is herewith transmitted.

ENGROSSED HOUSE BILL NO. 2005, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 12, 2017

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2126 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there is a need to provide resources to help livestock producers adapt their operations in light of the recovery of wolves on the landscape and a desire by many to increase use of nonlethal deterrence measures to reduce the probability of livestock depredations by wolves. The application of resources in support of these goals must respect livestock producers' values of independence, privacy, and local decision making. The legislature further recognizes that the recent recolonization of wolves places a relatively large time and monetary burden on livestock producers, and that livestock producers have unique and valuable knowledge, occupy an important place in their local communities and the state's social fabric, and are critical partners in creating sound natural resource policies.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of agriculture.

(2) "Director" means the director of the department of agriculture.

(3) "Northeast Washington" means Okanogan, Ferry, Stevens, and Pend Oreille counties.

NEW SECTION. Sec. 3. (1) The northeast Washington wolf-livestock management grant is created within the department. Funds from the grant program must be used only for the deployment of nonlethal deterrence resources in any Washington county east of the crest of the Cascade mountain range that shares a border with Canada, including human presence, and locally owned and deliberately located equipment and tools.

(2) (a) A four-member advisory board is established to advise the department on the expenditure of the northeast Washington wolf-livestock management grant funds. Advisory board members must be knowledgeable about wolf depredation issues, and have a special interest in the use of nonlethal wolf management techniques. Board members are unpaid, are not state employees, and are not eligible for reimbursement for subsistence, lodging, or travel expenses incurred in the performance of their duties as board members. The director must appoint each member to the board for a term of two years. Board members may be reappointed for subsequent two-year terms. The following board members must be appointed by the director in consultation with each applicable conservation district and the legislators in the legislative district encompassing each county:

(i) One Ferry county conservation district board member;

(ii) One Stevens county conservation district board member;

(iii) One Pend Oreille conservation district board member; and

(iv) One Okanogan conservation district board member.

(b) If no board member qualifies under this section, the director must appoint a resident of the applicable county to serve on the board.

(c) Board members may not:

(i) Directly benefit, in whole or in part, from any contract entered into or grant awarded under this section; or

(ii) Directly accept any compensation, gratuity, or reward in connection with such a contract from any other person with a beneficial interest in the contract.

(3) The board must help direct funding for the deployment of nonlethal deterrence resources, including human presence, and locally owned and deliberately located equipment and tools. Funds may only be distributed to nonprofit community-based collaborative organizations that have advisory boards that include personnel from relevant agencies including, but not limited to, the United States forest service and the Washington department of fish and wildlife, or to individuals that are willing to receive technical assistance from the same agencies.

NEW SECTION. Sec. 4. (1) The northeast Washington wolf-livestock management account is created as a nonappropriated account in the custody of the state treasurer. All receipts, any legislative appropriations, private donations, or any other private or public source directed to the northeast Washington wolf-livestock management grant must be deposited into the account. Expenditures from the account may be used only for the deployment of nonlethal wolf deterrence resources as described in section 3 of this act. Only the director may authorize expenditures from the account in consultation with the advisory board created in section 3 of this act. MESSAGE FROM THE SENATE

April 11, 2017

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1279 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28A.320.125 and 2013 c 14 s 1 are each amended to read as follows:

(1) The legislature considers it to be a matter of public safety for public schools and staff to have current safe school plans and procedures in place, fully consistent with federal law. The legislature further finds and intends, by requiring safe school plans to be in place, that school districts will become eligible for federal assistance. The legislature further finds that schools are in a position to serve the community in the event of an emergency resulting from natural disasters or man-made disasters.

(2) Schools and school districts shall consider the guidance provided by the superintendent of public instruction, including the comprehensive school safety checklist and the model comprehensive safe school plans that include prevention, intervention, all hazard/crisis response, and postcrisis recovery, when developing their own individual comprehensive safe school plans. Each school district shall adopt, no later than September 1, 2008, and implement a safe school plan consistent with the school mapping information system pursuant to RCW 36.28A.060. The plan shall:

(a) Include required school safety policies and procedures;

(b) Address emergency mitigation, preparedness, response, and recovery;

(c) Include provisions for assisting and communicating with students and staff, including those with special needs or disabilities;

(d) Use the training guidance provided by the Washington emergency management division of the state military department in collaboration with the Washington state office of the superintendent of public instruction school safety center and the school safety center advisory committee;

(e) Require the building principal to be certified on the incident command system;

(f) Take into account the manner in which the school facilities may be used as a community asset in the event of a community-wide emergency; and

(g) Set guidelines for requesting city or county law enforcement agencies, local fire departments, emergency service providers, and county emergency management agencies to meet with school districts and participate in safety-related drills.

(3) To the extent funds are available, school districts shall annually:

(a) Review and update safe school plans in collaboration with local emergency response agencies;

(b) Conduct an inventory of all hazardous materials;

(c) Update information on the school mapping information system to reflect current staffing and updated plans, including:

(i) Identifying all staff members who are trained on the national incident management system, trained on the incident command system, or are certified on the incident command system; and

(ii) Identifying school transportation procedures for evacuation, to include bus staging areas, evacuation routes, communication systems, parent-student reunification sites, and secondary transportation agreements consistent with the school mapping information system; and

(d) Provide information to all staff on the use of emergency supplies and notification and alert procedures.

(4) To the extent funds are available, school districts shall annually record and report on the information and activities

required in subsection (3) of this section to the Washington association of sheriffs and police chiefs.

(5) School districts are encouraged to work with local emergency management agencies and other emergency responders to conduct one tabletop exercise, one functional exercise, and two full-scale exercises within a four-year period.

~~(6) ((Schools shall conduct no less than one safety-related drill each month that school is in session. Schools shall complete no less than one drill using the school mapping information system, three drills for lockdowns, one drill for shelter-in-place, three drills for fire evacuation in accordance with the state fire code, and one other safety-related drill to be determined by the school. Schools should consider drills for earthquakes, tsunamis, or other high-risk local events. Schools shall document the date and time of such drills.))~~ (a) Due to geographic location, schools have unique safety challenges. It is the responsibility of school principals and administrators to assess the threats and hazards most likely to impact their school, and to practice three basic functional drills, shelter-in-place, lockdown, and evacuation, as these drills relate to those threats and hazards. Some threats or hazards may require the use of more than one basic functional drill.

(b) Schools shall conduct at least one safety-related drill per month, including summer months when school is in session with students. These drills must teach students three basic functional drill responses:

(i) "Shelter-in-place," used to limit the exposure of students and staff to hazardous materials, such as chemical, biological, or radiological contaminants, released into the environment by isolating the inside environment from the outside;

(ii) "Lockdown," used to isolate students and staff from threats of violence, such as suspicious trespassers or armed intruders, that may occur in a school or in the vicinity of a school; and

(iii) "Evacuation," used to move students and staff away from threats, such as fires, oil train spills, or tsunamis.

(c) The drills described in (b) of this subsection must incorporate the following requirements:

(i) Use of the school mapping information system in at least one of the safety-related drills; and

(ii) A pedestrian evacuation drill for schools in mapped tsunami hazard zones.

(d) The drills described in (b) of this subsection may incorporate an earthquake drill using the state-approved earthquake safety technique "drop, cover, and hold."

(e) Schools shall document the date, time, and type (shelter-in-place, lockdown, or evacuate) of each drill required under this subsection (6), and maintain the documentation in the school office.

(f) This subsection (6) is intended to satisfy all federal requirements for comprehensive school emergency drills and evacuations.

(7) Educational service districts are encouraged to apply for federal emergency response and crisis management grants with the assistance of the superintendent of public instruction and the Washington emergency management division of the state military department.

(8) The superintendent of public instruction may adopt rules to implement provisions of this section. These rules may include, but are not limited to, provisions for evacuations, lockdowns, or other components of a comprehensive safe school plan."

On page 1, line 1 of the title, after "drills;" strike the remainder of the title and insert "and amending RCW 28A.320.125."

MESSAGE FROM THE SENATE

April 12, 2017

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1358 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 74.09 RCW to read as follows:

The authority shall adopt standards for the reimbursement of health care services provided to eligible clients by fire departments pursuant to a community assistance referral and education services program under RCW 35.21.930. The standards must allow payment for covered health care services provided to individuals whose medical needs do not require ambulance transport to an emergency department.

Sec. 2. RCW 35.21.930 and 2015 c 93 s 1 are each amended to read as follows:

(1) Any fire department may develop a community assistance referral and education services program to provide community outreach and assistance to residents of its jurisdiction in order to improve population health and advance

injury and illness prevention within its community. The program should identify members of the community who use the 911 system or emergency department for low acuity assistance calls (calls that are nonemergency or nonurgent) and connect them to their primary care providers, other health care professionals, low-cost medication programs, and other social services. The program may partner with hospitals to reduce readmissions. The program may also provide nonemergency contact information in order to provide an alternative resource to the 911 system. The program may hire or contract with health care professionals as needed to provide these services, including emergency medical technicians certified under chapter 18.73 RCW and advanced emergency medical technicians and paramedics certified under chapter 18.71 RCW. The services provided by emergency medical technicians, advanced emergency medical technicians, and paramedics must be under the responsible supervision and direction of an approved medical program director. Nothing in this section authorizes an emergency medical technician, advanced emergency medical technician, or paramedic to perform medical procedures they are not trained and certified to perform.

(2) ~~((A participating fire department may seek grant opportunities and private gifts))~~ In order to support its community assistance referral and education services program, a participating fire department may seek grant opportunities and private gifts, and, by resolution or ordinance, establish and collect reasonable charges for these services.

(3) In developing a community assistance referral and education services program, a fire department may consult with the health workforce council to identify health care professionals capable of working in a nontraditional setting and providing assistance, referral, and education services.

(4) Community assistance referral and education services programs implemented under this section must, at least annually, measure any reduction of repeated use of the 911 emergency system and any reduction in avoidable emergency room trips attributable to implementation of the program. Results of findings under this subsection must be reportable to the legislature or other local governments upon request. Findings should include estimated amounts of medicaid dollars that

would have been spent on emergency room visits had the program not been in existence.

(5) For purposes of this section, "fire department" includes city and town fire departments, fire protection districts organized under Title 52 RCW, regional fire protection service authorities organized under chapter 52.26 RCW, providers of emergency medical services (~~that~~) eligible to levy a tax under RCW 84.52.069, and federally recognized Indian tribes.

NEW SECTION. Sec. 3. A new section is added to chapter 43.70 RCW to read as follows:

The department of health must review the professional certification and training of health professionals participating in a community assistance referral and education program, review the certification and training requirements in other states with similar programs, and coordinate with the health care authority to link the certification requirements with the covered health care services recommended for payment in section 1 of this act. The department shall submit recommendations to the appropriate committees of the legislature for any changes and suggestions for implementation within six months of the development of the payment standards.

NEW SECTION. Sec. 4. (1) The joint legislative audit and review committee shall conduct a cost-effectiveness review, in consultation with the health care authority, of the standards for reimbursement established in section 1 of this act. The review must evaluate the amount paid on behalf of eligible clients under chapter 74.09 RCW by the health care authority to fire departments for health care services that did not require an ambulance transport and the amount that would have been paid had the services been provided in a different care setting.

(2) The cost-effectiveness review must consider the savings realized by medical assistance programs under chapter 74.09 RCW as a result of fire departments providing health care services and make any recommendations for improving the cost-effectiveness of the standards for reimbursement and reducing the potential for excessive billing or billing for unnecessary services. If the review finds that the standards of reimbursement have not resulted in savings to the state's medical assistance programs, the joint

MESSAGE FROM THE SENATE

April 10, 2017

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1594 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 42.56.010 and 2010 c 204 s 1005 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Agency" includes all state agencies and all local agencies. "State agency" includes every state office, department, division, bureau, board, commission, or other state agency. "Local agency" includes every county, city, town, municipal corporation, quasi-municipal corporation, or special purpose district, or any office, department, division, bureau, board, commission, or agency thereof, or other local public agency.

(2) "Person in interest" means the person who is the subject of a record or any representative designated by that person, except that if that person is under a legal disability, "person in interest" means and includes the parent or duly appointed legal representative.

(3) "Public record" includes any writing containing information relating to the conduct of government or the performance of any governmental or proprietary function prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics. For the office of the secretary of the senate and the office of the chief clerk of the house of representatives, public records means legislative records as defined in RCW 40.14.100 and also means the following: All budget and financial records;

personnel leave, travel, and payroll records; records of legislative sessions; reports submitted to the legislature; and any other record designated a public record by any official action of the senate or the house of representatives. This definition does not include records that are not otherwise required to be retained by the agency and are held by volunteers who:

(a) Do not serve in an administrative capacity;

(b) Have not been appointed by the agency to an agency board, commission, or internship; and

(c) Do not have a supervisory role or delegated agency authority.

(4) "Writing" means handwriting, typewriting, printing, photostating, photographing, and every other means of recording any form of communication or representation including, but not limited to, letters, words, pictures, sounds, or symbols, or combination thereof, and all papers, maps, magnetic or paper tapes, photographic films and prints, motion picture, film and video recordings, magnetic or punched cards, discs, drums, diskettes, sound recordings, and other documents including existing data compilations from which information may be obtained or translated.

Sec. 2. RCW 42.56.152 and 2014 c 66 s 4 are each amended to read as follows:

(1) Public records officers designated under RCW 42.56.580 and records officers designated under RCW 40.14.040 must complete a training course regarding the provisions of this chapter, and also chapter 40.14 RCW for records retention.

(2) Public records officers must:

(a) Complete training no later than ninety days after assuming responsibilities as a public records officer or records manager; and

(b) Complete refresher training at intervals of no more than four years as long as they maintain the designation.

(3) Training must be consistent with the attorney general's model rules for compliance with the public records act.

(4) Training may be completed remotely with technology including but not limited to internet-based training.

(5) Training must address particular issues related to the retention,

production, and disclosure of electronic documents, including updating and improving technology information services.

Sec. 3. RCW 42.56.520 and 2010 c 69 s 2 are each amended to read as follows:

(1) Responses to requests for public records shall be made promptly by agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives. Within five business days of receiving a public record request, an agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives must respond ((by either)) in one of the ways provided in this subsection (1):

(a) Providing the record;

~~((2))~~ (b) Providing an internet address and link on the agency's web site to the specific records requested, except that if the requester notifies the agency that he or she cannot access the records through the internet, then the agency must provide copies of the record or allow the requester to view copies using an agency computer;

~~((3))~~ (c) Acknowledging that the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives has received the request and providing a reasonable estimate of the time the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives will require to respond to the request;

(d) Acknowledging that the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives has received the request and asking the requestor to provide clarification for a request that is unclear, and providing, to the greatest extent possible, a reasonable estimate of the time the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives will require to respond to the request if it is not clarified; or

~~((4))~~ (e) Denying the public record request.

(2) Additional time required to respond to a request may be based upon the need to clarify the intent of the request, to locate and assemble the information requested, to notify third persons or

agencies affected by the request, or to determine whether any of the information requested is exempt and that a denial should be made as to all or part of the request.

(3) (a) In acknowledging receipt of a public record request that is unclear, an agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives may ask the requestor to clarify what information the requestor is seeking.

(b) If the requestor fails to respond to an agency request to clarify the request, and the entire request is unclear, the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives need not respond to it. Otherwise, the agency must respond, pursuant to this section, to those portions of the request that are clear.

(4) Denials of requests must be accompanied by a written statement of the specific reasons therefor. Agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall establish mechanisms for the most prompt possible review of decisions denying inspection, and such review shall be deemed completed at the end of the second business day following the denial of inspection and shall constitute final agency action or final action by the office of the secretary of the senate or the office of the chief clerk of the house of representatives for the purposes of judicial review.

Sec. 4. RCW 42.56.570 and 2007 c 197 s 8 are each amended to read as follows:

(b) Fulfilling large requests in the most efficient manner;

(c) Fulfilling requests for electronic records; and

(d) Any other issues pertaining to public disclosure as determined by the attorney general.

(3) The attorney general, in his or her discretion, may from time to time revise the model rule.

(4) Local agencies should consult the advisory model rules when establishing local ordinances for compliance with the requirements and responsibilities of this chapter.

(5) Until June 30, 2020, the attorney general must establish a consultation program to provide information for developing best practices for local agencies requesting assistance in compliance with this chapter including, but not limited to: Responding to records requests, seeking additional public and private resources for developing and updating technology information services, and mitigating liability and costs of compliance. The attorney general may develop the program in conjunction with the advisory model rule and may collaborate with the chief information officer, the state archivist, and other relevant agencies and organizations in developing and managing the program. The program in this subsection ceases to exist June 30, 2020.

(6) Until June 30, 2020, the state archivist must offer and provide consultation and training services for local agencies on improving record retention practices.

Sec. 5. RCW 40.14.024 and 2008 c 328 s 6005 are each amended to read as follows:

The local government archives account is created in the state treasury. All receipts collected by the county auditors under RCW 40.14.027 and 36.22.175 for local government services, such as providing records (~~scheduling~~) schedule compliance, security microfilm inspection and storage, archival preservation, cataloging, and indexing for local government records and digital data and access to those records and data through the regional branch archives of the division of archives and records management, must be deposited into the account, and expenditures from the account may be used only for these purposes. ((During the 2007-2009 biennium, the legislature may transfer from the local government archives account to the Washington state heritage center account such amounts as reflect the excess fund balance in the account.)) Any amounts

deposited in the account in accordance with RCW 36.22.175(4) may only be expended for the purposes authorized under that provision as follows: No more than fifty percent of funding may be used for the attorney general's consultation program and the state archivist's training services, and the remainder is to be used for the competitive grant program.

NEW SECTION. Sec. 6. A new section is added to chapter 40.14 RCW to read as follows:

(1) The division of archives and records management in the office of the secretary of state must establish and administer a competitive grant program for local agencies to improve technology information systems for public record retention, management, and disclosure, and any related training. The division of archives and records management may use up to six percent of amounts appropriated for the program for administration of the grant program. The program in this subsection ceases to exist June 30, 2020.

(2) Any local agency may apply to the grant program. The division of archives and records management in the office of the secretary of state must award grants annually. The division of archives and records management must consult with the chief information officer to develop the criteria for grant recipient selection with a preference given to small local governmental agencies based on the applicant agency's need and ability to improve its information technology systems for public record retention, management, and disclosure. The division of archives and records management may award grants for specific hardware, software, equipment, technology services management and training needs, indexing for local records and digital data, and other resources for improving information technology systems. To the extent possible, information technology systems, processes, training, and other resources for improving information technology systems for records retention and distribution may be replicated and shared with other governmental entities. Grants are provided for one-time investments and are not an ongoing source of revenue for operation or management costs. A grantee may not supplant local funding with grant funding provided by the office of the secretary of state. The program in this subsection ceases to exist June 30, 2020.

(3) The joint legislative audit and review committee must conduct a review of

the attorney general's consultation program and the state archivist's training services created under section 4, chapter . . ., Laws of 2017 (section 4 of this act), and the local government competitive grant program created under this section. The review must include:

The log must be retained by the agency in accordance with the relevant record retention schedule established under this chapter, and shall be a public record subject to disclosure under chapter 42.56 RCW.

(5) To improve best practices for dissemination of public records, each agency with actual staff and legal costs associated with fulfilling public records requests of at least one hundred thousand dollars during the prior fiscal year must, and each agency with such estimated costs of less than one hundred thousand dollars during the prior fiscal year may, report to the joint legislative audit and review committee by July 1st of each subsequent

year the following metrics, measured over the preceding year:

(b) The average length of time taken to acknowledge receipt of a public records request;

(p) Expenses recovered by the agency from requestors for fulfilling public records requests, including any customized service charges; and

(q) Measures of requestor satisfaction with agency responses, communication, and processes relating to the fulfillment of public records requests.

Sec. 7. RCW 36.22.175 and 2011 1st sp.s. c 50 s 931 are each amended to read as follows:

(1)(a) In addition to any other charge authorized by law, the county auditor shall charge a surcharge of one dollar per instrument for each document recorded. Revenue generated through this surcharge shall be transmitted monthly to the state treasurer for deposit in the local government archives account under RCW 40.14.024. These funds shall be used solely for providing records (~~scheduling~~) schedule compliance, security microfilm inspection and storage, archival preservation, cataloging, and indexing for local government records and digital data and access to those records and data through the regional branch

archives of the division of archives and records management.

(b) The division of archives and records management within the office of the secretary of state shall provide records management training for local governments and shall establish a competitive grant program to solicit and prioritize project proposals from local governments for potential funding to be paid for by funds from the auditor surcharge and tax warrant surcharge revenues. Application for specific projects may be made by local government agencies only. The state archivist in consultation with the advisory committee established under RCW 40.14.027 shall adopt rules governing project eligibility, evaluation, awarding of grants, and other criteria including requirements for records management training for grant recipients.

(b) To the extent the facilities are used for the storage and retrieval of state agency records and digital data, that portion of the construction of such facilities used for state government records and data shall be supported by other charges and fees paid by state agencies and shall not be supported by the surcharge authorized in this subsection, except that to the extent there is an excess fund balance in the account and fees generated under RCW 36.18.010 and 43.07.128 are insufficient to meet debt service payments for the Washington state heritage center, the local government archives account under RCW 40.14.024 may be used for the Washington state heritage center.

(c) At such time that all debt service from construction of the specialized regional archive facility located in eastern Washington has been paid, fifty percent of the surcharge authorized by this subsection shall be reverted to the centennial document preservation and modernization account as prescribed in RCW 36.22.170 and fifty percent of the surcharge authorized by this section shall be reverted to the state treasurer for deposit in the public records efficiency, preservation, and access account to serve the archives, records management, and digital data management needs of local government, except that the state treasurer shall not revert funds to the centennial document preservation and modernization account and to the public records efficiency, preservation, and access account if fees generated under RCW 36.18.010 and 43.07.128 are insufficient to meet debt service payments on the Washington state heritage center.

(4) In addition to any other surcharge authorized by law, the county auditor shall charge a surcharge of one dollar per instrument for every document recorded. Revenue generated through this surcharge shall be transmitted to the state treasurer monthly for deposit in the local government archives account under RCW 40.14.024 to be used exclusively for the competitive grant program in section 6 of this act, and for the attorney general's consultation program and state archivist's training services authorized in RCW 42.56.570.

NEW SECTION. Sec. 8. (1) Subject to the availability of amounts appropriated for this specific purpose, the division of archives and records management in the office of the secretary of state must

conduct a study to assess the feasibility of implementing a statewide open records portal through which a user can request and receive a response through a single internet web site relating to public records information.

(2) The division of archives and records management must hire a consultant to conduct the study.

(3) At a minimum, the report must include:

(a) The feasibility of Washington creating a central site from which a user can submit a records request and receive a timely response to such request;

(b) An examination of the experience in other states, including but not limited to the state of Utah, that have implemented an electronic open records portal;

(c) Whether the open records portals in other states serve as central repositories and archives for the purpose of all public records on behalf of local and state agencies;

(d) Whether other states' open records portals track and provide a timeline where each request is being responded to in the process;

(e) The cost of creating the open records portal in other states and the amount of funds local and state agencies or any other entities contributed to the start-up and ongoing costs to operate the open records portal;

(f) The length of time it took for other states to develop an open records portal from its initial start-up to its current full operation;

(g) The length of time it would take for Washington to develop and implement an open records portal from start-up to full operation that is similar to the portals located in other states;

(h) The length of time it would take for Washington to develop and implement an open records portal from start-up to full operation that would include: (i) The portal collecting, archiving, and holding all public records from local and state governmental agencies in Washington; (ii) the portal being capable of allowing users to submit a public records request through a central site; and (iii) the records portal operating as a central site for answering and providing requested public records to a user;

In both instances, the costs must include costs associated with local and state governmental agencies in Washington participating in the portal and any needed supporting infrastructure, staffing, and training requirements;

(j) How much is charged and how fees are collected from a user requesting a public record through other states' open records portals;

(k) The feasibility of whether an open records portal created in Washington would be able to track all public records requests, when such requests for public records are made through the open records portal, and provide a timeline where each request is being responded to in the process;

(l) The feasibility of whether an open records portal created in Washington would be able to directly respond to answering a user's public records request and, if not, the feasibility of the portal tracking when a local or state agency responds to such a request and providing a timeline where each request is being responded to in the process;

(m) The feasibility of creating an open records portal in Washington that notifies a requestor that the request has been received and either immediately provides the requestor with a copy of the requested record, notifies the requestor that the record is not available, or notifies the requestor that because of the extraordinary request the record will be available on a date certain;

(n) The feasibility of creating an open records portal through which a requestor can make a request and receive a response through a single internet web site relating to public records information, and the feasibility of agencies managing internet web sites to make public access easier and reduce the number of requests related to the same topic through best practices by offering to post different categories of requested records on the web site in a manner that is responsive to records requests; and

(o) The allocation of liability between the agency operating an open records portal and any agency that provides

records through the portal or accepts requests for public records through the portal in the event of litigation regarding denial of access to records or unreasonable estimate of time to produce records in response to a request.

(4) A report must be completed with findings and recommendations on the experience of the electronic open records portal created in other states and the feasibility of creating a central statewide open records portal in Washington, as well as recommendations and best management practices for agencies to post records that are responsive to records requests on an agency internet web site and take into consideration various categories of records and agency capacities in order to provide broader public access to records of public interest and to reduce the number of requests relating to the same topic. The report must be submitted to the governor, the appropriate committees of the legislature, and members of the stakeholder group in section 9 of this act, by September 1, 2018.

(5) This section expires December 31, 2018.

NEW SECTION. Sec. 9. (1) The division of archives and records management in the office of the secretary of state must convene a stakeholder group by September 1, 2017, to develop the initial scope and direction of the study in section 8 of this act.

(b) The majority leader and the minority leader of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives.

(c) The president of the senate and the speaker of the house of representatives, in consultation with the division of archives and records management, jointly shall appoint the remaining three members. The remaining three members must be representatives of the community who have experience in the retention and disclosure of public records.

(3) This section expires September 30, 2018.

(1) Each agency, in accordance with published rules, shall make available for public inspection and copying all public records, unless the record falls within the specific exemptions of subsection ~~((6))~~ (8) of this section, this chapter, or other statute which exempts or prohibits disclosure of specific information or records. To the extent required to prevent an unreasonable invasion of personal privacy interests protected by this chapter, an agency shall delete identifying details in a manner consistent with this chapter when it makes available or publishes any public record; however, in each case, the justification for the deletion shall be explained fully in writing.

(2) For informational purposes, each agency shall publish and maintain a current list containing every law, other than those listed in this chapter, that the agency believes exempts or prohibits disclosure of specific information or records of the agency. An agency's failure to list an exemption shall not affect the efficacy of any exemption.

(3) Each local agency shall maintain and make available for public inspection and copying a current index providing identifying information as to the following records issued, adopted, or promulgated after January 1, 1973:

(a) Final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases;

(c) Administrative staff manuals and instructions to staff that affect a member of the public;

(d) Planning policies and goals, and interim and final planning decisions;

(e) Factual staff reports and studies, factual consultant's reports and studies, scientific reports and studies, and any other factual information derived from tests, studies, reports, or surveys, whether conducted by public employees or others; and

(f) Correspondence, and materials referred to therein, by and with the agency relating to any regulatory, supervisory, or enforcement responsibilities of the agency, whereby the agency determines, or opines upon, or is asked to determine or opine upon, the rights of the state, the public, a subdivision of state government, or of any private party.

(4) A local agency need not maintain such an index, if to do so would be unduly burdensome, but it shall in that event:

(a) Issue and publish a formal order specifying the reasons why and the extent to which compliance would unduly burden or interfere with agency operations; and

(b) Make available for public inspection and copying all indexes maintained for agency use.

(5) Each state agency shall, by rule, establish and implement a system of indexing for the identification and location of the following records:

(a) All records issued before July 1, 1990, for which the agency has maintained an index;

(b) Final orders entered after June 30, 1990, that are issued in adjudicative proceedings as defined in RCW 34.05.010 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(c) Declaratory orders entered after June 30, 1990, that are issued pursuant to RCW 34.05.240 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(d) Interpretive statements as defined in RCW 34.05.010 that were entered after June 30, 1990; and

(e) Policy statements as defined in RCW 34.05.010 that were entered after June 30, 1990.

Rules establishing systems of indexing shall include, but not be limited to, requirements for the form and content of the index, its location and availability to the public, and the schedule for revising or updating the index. State agencies that have maintained indexes for records issued before July 1, 1990, shall continue to make such indexes available for public inspection and copying. Information in such indexes may be incorporated into indexes prepared pursuant to this subsection. State agencies may satisfy the requirements of this subsection by making available to the public indexes prepared by other parties but actually used by the agency in its operations. State agencies shall make indexes available for public inspection and copying. State agencies may charge a fee to cover the actual costs of providing individual mailed copies of indexes.

(6) A public record may be relied on, used, or cited as precedent by an agency against a party other than an agency and it may be invoked by the agency for any other purpose only if:

(a) It has been indexed in an index available to the public; or

(b) Parties affected have timely notice (actual or constructive) of the terms thereof.

(7) Each agency (~~shall~~) may establish, maintain, and make available for public inspection and copying a statement of the actual (~~per page cost or other costs, if any~~) costs that it charges for providing photocopies or electronically produced copies, of public records and a statement of the factors and manner used to determine the actual (~~per page cost or other costs, if any~~) costs. Any statement of costs may be adopted by an agency only after providing notice and public hearing.

(a) (i) In determining the actual (~~per page~~) cost for providing (~~photocopies~~) copies of public records, an agency may include all costs directly incident to copying such public records including:

(A) The actual cost of the paper and the per page cost for use of agency copying equipment; and

(B) The actual cost of the electronic production or file transfer of the record and the use of any cloud-based data storage and processing service.

(ii) In determining other actual costs for providing (~~(photocopies)~~) copies of public records, an agency may include all costs directly incident to:

(A) Shipping such public records, including the cost of postage or delivery charges and the cost of any container or envelope used; and

(B) Transmitting such records in an electronic format, including the cost of any transmission charge and use of any physical media device provided by the agency.

(b) In determining the actual (~~(per page cost or other)~~) costs for providing copies of public records, an agency may not include staff salaries, benefits, or other general administrative or overhead charges, unless those costs are directly related to the actual cost of copying the public records. Staff time to copy and (~~(mail)~~) send the requested public records may be included in an agency's costs.

(8) (~~(An agency need not calculate the actual per page cost or other costs it charges for providing photocopies of public records if to do so would be unduly burdensome, but in that event: The agency may not charge in excess of fifteen cents per page for photocopies of public records or for the use of agency equipment to photocopy public records and the actual postage or delivery charge and the cost of any container or envelope used to mail the public records to the requestor.~~

~~(9))~~) This chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law: PROVIDED, HOWEVER, That lists of applicants for professional licenses and of professional licensees shall be made available to those professional associations or educational organizations recognized by their professional licensing or examination board, upon payment of a reasonable charge therefor: PROVIDED FURTHER, That such recognition may be refused only for a good cause pursuant to a hearing under the provisions of chapter 34.05 RCW, the administrative procedure act.

Sec. 2. RCW 42.56.080 and 2016 c 163 s 3 are each amended to read as follows:

(1) A public records request must be for identifiable records. A request for all or substantially all records prepared, owned, used, or retained by an agency is not a valid request for identifiable records under this chapter, provided that a request for all records regarding a particular topic or containing a particular keyword or name shall not be considered a request for all of an agency's records.

(2) Public records shall be available for inspection and copying, and agencies shall, upon request for identifiable public records, make them promptly available to any person including, if applicable, on a partial or installment basis as records that are part of a larger set of requested records are assembled or made ready for inspection or disclosure. Agencies shall not deny a request for identifiable public records solely on the basis that the request is overbroad. Agencies shall not distinguish among persons requesting records, and such persons shall not be required to provide information as to the purpose for the request except to establish whether inspection and copying would violate RCW 42.56.070(~~(-9))~~) (8) or 42.56.240(14), or other statute which exempts or prohibits disclosure of specific information or records to certain persons. Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency. Agencies shall honor requests received in person during an agency's normal office hours, or by mail or email, for identifiable public records unless exempted by provisions of this chapter. No official format is required for making a records request; however, agencies may recommend that requestors submit requests using an agency provided form or web page.

(3) An agency may deny a bot request that is one of multiple requests from the requestor to the agency within a twenty-four hour period, if the agency establishes that responding to the multiple requests would cause excessive interference with other essential functions of the agency. For purposes of this subsection, "bot request" means a request for public records that an agency reasonably believes was automatically generated by a computer program or script.

Sec. 3. RCW 42.56.120 and 2016 c 163 s 4 are each amended to read as follows:

(1) No fee shall be charged for the inspection of public records or locating public documents and making them available for copying, except as provided in RCW 42.56.240(14) and subsection (3) of this section. A reasonable charge may be imposed for providing copies of public records and for the use by any person of agency equipment or equipment of the office of the secretary of the senate or the office of the chief clerk of the house of representatives to copy public records, which charges shall not exceed the amount necessary to reimburse the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives for its actual costs directly incident to such copying. When calculating any fees authorized under this section, an agency shall use the most reasonable cost-efficient method available to the agency as part of its normal operations. If any agency translates a record into an alternative electronic format at the request of a requestor, the copy created does not constitute a new public record for purposes of this chapter. Scanning paper records to make electronic copies of such records is a method of copying paper records and does not amount to the creation of a new public record.

(2) (a) Agency charges for (~~photocopies shall~~) actual costs may only be imposed in accordance with the (~~actual per page cost or other~~) costs established and published by the agency pursuant to RCW 42.56.070(7), and in accordance with the statement of factors and manner used to determine the actual costs. In no event may an agency charge a per page cost greater than the actual (~~per page~~) cost as established and published by the agency.

(b) An agency need not calculate the actual costs it charges for providing public records if it has rules or regulations declaring the reasons doing so would be unduly burdensome. To the extent the agency has not determined the actual (~~per page cost for photocopies of~~) costs of copying public records, the agency may not charge in excess of:

(i) Fifteen cents per page for photocopies of public records, printed copies of electronic public records when requested by the person requesting records, or for the use of agency equipment to photocopy public records;

(ii) Ten cents per page for public records scanned into an electronic format or for the use of agency equipment to scan the records;

(iii) Five cents per each four electronic files or attachment uploaded to email, cloud-based data storage service, or other means of electronic delivery; and

(iv) Ten cents per gigabyte for the transmission of public records in an electronic format or for the use of agency equipment to send the records electronically. The agency shall take reasonable steps to provide the records in the most efficient manner available to the agency in its normal operations; and

(v) The actual cost of any digital storage media or device provided by the agency, the actual cost of any container or envelope used to mail the copies to the requestor, and the actual postage or delivery charge.

(c) The charges in (b) of this subsection may be combined to the extent that more than one type of charge applies to copies produced in response to a particular request.

(d) An agency may charge a flat fee of up to two dollars for any request as an alternative to fees authorized under (a) or (b) of this subsection when the agency reasonably estimates and documents that the costs allowed under this subsection are clearly equal to or more than two dollars. An additional flat fee shall not be charged for any installment after the first installment of a request produced in installments. An agency that has elected to charge the flat fee in this subsection for an initial installment may not charge the fees authorized under (a) or (b) of this subsection on subsequent installments.

(e) An agency shall not impose copying charges under this section for access to or downloading of records that the agency routinely posts on its public internet web site prior to receipt of a request unless the requestor has specifically requested that the agency provide copies of such records through other means.

(f) A requestor may ask an agency to provide, and if requested an agency shall provide, a summary of the applicable charges before any copies are made and the requestor may revise the request to reduce the number of copies to be made and reduce the applicable charges.

(3)(a)(i) In addition to the charge imposed for providing copies of public records and for the use by any person of agency equipment copying costs, an agency may include a customized service charge. A customized service charge may only be imposed if the agency estimates that the request would require the use of information technology expertise to prepare data compilations, or provide customized electronic access services when such compilations and customized access services are not used by the agency for other agency purposes.

(ii) The customized service charge may reimburse the agency up to the actual cost of providing the services in this subsection.

(b) An agency may not assess a customized service charge unless the agency has notified the requestor of the customized service charge to be applied to the request, including an explanation of why the customized service charge applies, a description of the specific expertise, and a reasonable estimate cost of the charge. The notice also must provide the requestor the opportunity to amend his or her request in order to avoid or reduce the cost of a customized service charge.

(4) An agency may require a deposit in an amount not to exceed ten percent of the estimated cost of providing copies for a request, including a customized service charge. If an agency makes a request available on a partial or installment basis, the agency may charge for each part of the request as it is provided. If an installment of a records request is not claimed or reviewed, the agency is not obligated to fulfill the balance of the request. An agency may waive any charge assessed for a request pursuant to agency rules and regulations. An agency may enter into any contract, memorandum of understanding, or other agreement with a requestor that provides an alternative fee arrangement to the charges authorized in this section, or in response to a voluminous or frequently occurring request.

Sec. 4. RCW 42.56.130 and 2005 c 274 s 286 are each amended to read as follows:

The provisions of RCW 42.56.070(7) and (8) and 42.56.120 that establish or allow agencies to establish the costs charged for photocopies or electronically produced copies of public records do not supersede other statutory provisions, other than in

this chapter, authorizing or governing fees for copying public records.

Sec. 5. RCW 42.56.550 and 2011 c 273 s 1 are each amended to read as follows:

(1) Upon the motion of any person having been denied an opportunity to inspect or copy a public record by an agency, the superior court in the county in which a record is maintained may require the responsible agency to show cause why it has refused to allow inspection or copying of a specific public record or class of records. The burden of proof shall be on the agency to establish that refusal to permit public inspection and copying is in accordance with a statute that exempts or prohibits disclosure in whole or in part of specific information or records.

(2) Upon the motion of any person who believes that an agency has not made a reasonable estimate of the time that the agency requires to respond to a public record request or a reasonable estimate of the charges to produce copies of public records, the superior court in the county in which a record is maintained may require the responsible agency to show that the estimate it provided is reasonable. The burden of proof shall be on the agency to show that the estimate it provided is reasonable.

(3) Judicial review of all agency actions taken or challenged under RCW 42.56.030 through 42.56.520 shall be de novo. Courts shall take into account the policy of this chapter that free and open examination of public records is in the public interest, even though such examination may cause inconvenience or embarrassment to public officials or others. Courts may examine any record in camera in any proceeding brought under this section. The court may conduct a hearing based solely on affidavits.

(4) Any person who prevails against an agency in any action in the courts seeking the right to inspect or copy any public record or the right to receive a response to a public record request within a reasonable amount of time shall be awarded all costs, including reasonable attorney fees, incurred in connection with such legal action. In addition, it shall be within the discretion of the court to award such person an amount not to exceed one hundred dollars for each day that he or she was denied the right to inspect or copy said public record.

(5) For actions under this section against counties, the venue provisions of RCW 36.01.050 apply.

(6) Actions under this section must be filed within one year of the agency's claim of exemption or the last production of a record on a partial or installment basis."

On page 1, line 2 of the title, after "requests;" strike the remainder of the title and insert "and amending RCW 42.56.070, 42.56.080, 42.56.120, 42.56.130, and 42.56.550."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 5, 2017

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1079 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 9A.40 RCW to read as follows:

(1) A defendant who is charged by citation, complaint, or information with an offense involving trafficking, as described in RCW 9A.40.100, and is not arrested, shall appear in court for arraignment or initial appearance in person as soon as practicable, but in no event later than fourteen days after the defendant is served with the citation, complaint, or information. At that appearance, the court shall determine the necessity of imposing or extending a no-contact order, and consider the provisions of RCW 9.41.800 or other conditions of pretrial release according to the procedures established by court rule for preliminary appearance or an arraignment.

(2) Whenever a no-contact order is issued under this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

NEW SECTION. **Sec. 2.** A new section is added to chapter 9A.40 RCW to read as follows:

Any general authority Washington peace officer as defined in RCW 10.93.020 in this state may enforce this chapter as it relates to orders restricting the defendants' ability to have contact with the victim or others.

NEW SECTION. **Sec. 3.** A new section is added to chapter 9A.40 RCW to read as follows:

(1) Because of the likelihood of repeated harassment and intimidation directed at those who have been victims of trafficking as described in RCW 9A.40.100, before any defendant charged with or arrested, for a crime involving trafficking, is released from custody, or at any time the case remains unresolved, the court may prohibit that person from having any contact with the victim whether directly or through third parties.

At the initial preliminary appearance, the court shall determine whether to extend any existing prohibition on the defendant's contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court may issue, by telephone, a no-contact order prohibiting the person charged or arrested from having contact with the victim or from knowingly coming within, or knowingly remaining within, a specified distance of a location. The court may also consider the provisions of RCW 9.41.800 or other conditions of pretrial release according to the procedures established by court rule for preliminary appearance or an arraignment.

(2) At the time of arraignment the court shall determine whether a no-contact order shall be issued or extended. So long as the court finds probable cause, the court may issue or extend a no-contact order. The no-contact order shall terminate if the defendant is acquitted or the charges are dismissed.

(3)(a) Willful violation of a court order issued under this section is punishable under RCW 26.50.110.

(b) The written order shall contain the court's directives and shall bear the legend: Violation of this order is a criminal offense under chapter 26.50 RCW and the violator is subject to arrest; any assault, drive-by shooting, or reckless

endangerment that is a violation of this order is a felony.

(4) Upon a motion with notice to all parties and after a hearing, the court may terminate or modify the terms of an existing no-contact order, including terms entered pursuant to RCW 9.41.800 related to firearms or other dangerous weapons or to concealed pistol licenses.

(5)(a) A defendant's motion to terminate or modify a no-contact order must include a declaration setting forth facts supporting the requested order for termination or modification. The court shall deny the motion unless it finds that adequate cause for hearing the motion is established by the declarations. If the court finds that the defendant established adequate cause, the court shall set a date for hearing the defendant's motion.

(b) The court may terminate or modify the terms of a no-contact order, including terms entered pursuant to RCW 9.41.800 related to firearms or other dangerous weapons or to concealed pistol licenses, if the defendant proves by a preponderance of the evidence that there has been a material change in circumstances such that the defendant is not likely to engage in or attempt to engage in physical or nonphysical contact with the victim if the order is terminated or modified. The victim bears no burden of proving that he or she has a current reasonable fear of harm by the defendant.

(c) A defendant may file a motion to terminate or modify pursuant to this section no more than once in every twelve-month period that the order is in effect, starting from the date of the order and continuing through any renewal.

(6) Whenever a no-contact order is issued, modified, or terminated under this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any

jurisdiction in the state. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

NEW SECTION. Sec. 4. A new section is added to chapter 9A.40 RCW to read as follows:

(1) If a defendant is found guilty of the crime of trafficking under RCW 9A.40.100 and a condition of the sentence restricts the defendant's ability to have contact with the victim, the condition must be recorded and a written certified copy of that order must be provided to the victim by the clerk of the court. Willful violation of a court order issued under this section is punishable under RCW 26.50.110. The written order must contain the court's directives and shall bear the legend: Violation of this order is a criminal offense under chapter 26.50 RCW and the violator is subject to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony.

(2) Whenever a no-contact order is issued under this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

NEW SECTION. Sec. 5. A new section is added to chapter 9A.88 RCW to read as follows:

(1) A defendant who is charged by citation, complaint, or information with an offense involving promoting prostitution in the first degree as described in RCW 9A.88.070 or promoting prostitution in the second degree as described in RCW 9A.88.080 and not arrested shall appear in court for

arraignment or initial appearance in person as soon as practicable, but in no event later than fourteen days after the defendant is served with the citation, complaint, or information. At that appearance, the court shall determine the necessity of imposing or extending a no-contact order, and consider the provisions of RCW 9.41.800 or other conditions of pretrial release according to the procedures established by court rule for preliminary appearance or an arraignment.

(2) Whenever a no-contact order is issued under this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

NEW SECTION. Sec. 6. A new section is added to chapter 9A.88 RCW to read as follows:

Any general authority Washington peace officer as defined in RCW 10.93.020 in this state may enforce this chapter as it relates to orders restricting the defendants' ability to have contact with the victim or others.

NEW SECTION. Sec. 7. A new section is added to chapter 9A.88 RCW to read as follows:

(1) Because of the likelihood of repeated harassment and intimidation directed at those who have been victims of promoting prostitution in the first degree under RCW 9A.88.070 or promoting prostitution in the second degree under RCW 9A.88.080, before any defendant charged with or arrested, for a crime involving promoting prostitution is released from custody, or at any time the case remains unresolved, the court may prohibit that person from having any contact with the victim whether directly

or through third parties. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court may issue, by telephone, a no-contact order prohibiting the person charged or arrested from having contact with the victim or from knowingly coming within, or knowingly remaining within, a specified distance of a location. The court may also consider the provisions of RCW 9.41.800 or other conditions of pretrial release according to the procedures established by court rule for preliminary appearance or an arraignment.

(2) At the time of arraignment, the court shall determine whether a no-contact order shall be issued or extended. So long as the court finds probable cause, the court may issue or extend a no-contact order. The no-contact order shall terminate if the defendant is acquitted or the charges are dismissed.

(3)(a) Willful violation of a court order issued under this section is punishable under RCW 26.50.110.

(b) The written order shall contain the court's directives and shall bear the legend: Violation of this order is a criminal offense under chapter 26.50 RCW and the violator is subject to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony.

(4) Upon a motion with notice to all parties and after a hearing, the court may terminate or modify the terms of an existing no-contact order, including terms entered pursuant to RCW 9.41.800 related to firearms or other dangerous weapons or to concealed pistol licenses.

(5)(a) A defendant's motion to terminate or modify a no-contact order must include a declaration setting forth facts supporting the requested order for termination or modification. The court shall deny the motion unless it finds that adequate cause for hearing the motion is established by the declarations. If the court finds that the defendant established adequate cause, the court shall set a date for hearing the defendant's motion.

(b) The court may terminate or modify the terms of a no-contact order, including terms entered pursuant to RCW 9.41.800 related to firearms or other dangerous weapons or to concealed pistol licenses, if the defendant proves by a preponderance of the evidence that there has been a material change in circumstances such that

the defendant is not likely to engage in or attempt to engage in physical or nonphysical contact with the victim if the order is terminated or modified. The victim bears no burden of proving that he or she has a current reasonable fear of harm by the defendant.

(c) A defendant may file a motion to terminate or modify pursuant to this section no more than once in every twelve-month period that the order is in effect, starting from the date of the order and continuing through any renewal.

(6) Whenever a no-contact order is issued, modified, or terminated under this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

NEW SECTION. **Sec. 8.** A new section is added to chapter 9A.88 RCW to read as follows:

(1) If a defendant is found guilty of the crime of promoting prostitution in the first degree under RCW 9A.88.070 or promoting prostitution in the second degree under RCW 9A.88.080, and a condition of the sentence restricts the defendant's ability to have contact with the victim or witnesses, the condition must be recorded and a written certified copy of that order must be provided to the victim or witnesses by the clerk of the court. Willful violation of a court order issued under this section is punishable under RCW 26.50.110. The written order must contain the court's directives and shall bear the legend: Violation of this order is a criminal offense under chapter 26.50 RCW and the violator is subject to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony.

(2) Whenever a no-contact order is issued under this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

Sec. 9. RCW 26.50.110 and 2015 c 275 s 15 and 2015 c 248 s 1 are each reenacted and amended to read as follows:

(1)(a) Whenever an order is granted under this chapter, chapter 7.92, 7.90, 9A.40, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, any temporary order for protection granted under chapter 7.40 RCW pursuant to chapter 74.34 RCW, or there is a valid foreign protection order as defined in RCW 26.52.020, and the respondent or person to be restrained knows of the order, a violation of any of the following provisions of the order is a gross misdemeanor, except as provided in subsections (4) and (5) of this section:

(v) A provision of a foreign protection order specifically indicating that a violation will be a crime.

(b) Upon conviction, and in addition to any other penalties provided by law, the court:

(i) May require that the respondent submit to electronic monitoring. The court shall specify who shall provide the electronic monitoring services, and the terms under which the monitoring shall be performed. The order also may include a requirement that the respondent pay the costs of the monitoring. The court shall consider the ability of the convicted person to pay for electronic monitoring.

Presence of the order in the law enforcement computer-based criminal intelligence information system is not the only means of establishing knowledge of the order.

(3) A violation of an order issued under this chapter, chapter 7.92, 7.90, 9A.40, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or of a valid foreign protection order as defined in RCW 26.52.020, shall also constitute contempt of court, and is subject to the penalties prescribed by law.

The previous convictions may involve the same victim or other victims specifically protected by the orders the offender violated.

(6) Upon the filing of an affidavit by the petitioner or any peace officer alleging that the respondent has violated an order granted under this chapter, chapter 7.92, 7.90, 9A.40, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or a valid foreign protection order as defined in RCW 26.52.020, the court may issue an order to the respondent, requiring the respondent to appear and show cause within fourteen days why the respondent should not be found in contempt of court and punished accordingly. The hearing may be held in the court of any county or municipality in which the petitioner or respondent temporarily or permanently resides at the time of the alleged violation."

On page 1, line 2 of the title, after "offenses;" strike the remainder of the title and insert "reenacting and amending RCW 26.50.110; adding new sections to chapter 9A.40 RCW; adding new sections to chapter 9A.88 RCW; and prescribing penalties."

MESSAGE FROM THE SENATE

April 11, 2017

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1170 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28A.225.015 and 1999 c 319 s 6 are each amended to read as follows:

(1) If a parent enrolls a child who is six or seven years of age in a public school, the child is required to attend and that parent has the responsibility to ensure the child attends for the full time that school is in session. An exception shall be made to this requirement for children whose parents formally remove them from enrollment if the child is less than eight years old and a petition has not been filed against the parent under

subsection (3) of this section. The requirement to attend school under this subsection does not apply to a child enrolled in a public school part-time for the purpose of receiving ancillary services. A child required to attend school under this subsection may be temporarily excused upon the request of his or her parent for purposes agreed upon by the school district and parent.

(2) If a six or seven year old child is required to attend public school under subsection (1) of this section and that child has unexcused absences, the public school in which the child is enrolled shall:

(a) Inform the child's custodial parent, parents, or guardian by a notice in writing or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year;

(b) Request a conference or conferences with the custodial parent, parents, or guardian and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after ~~((two))~~ three unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the ~~((second))~~ third unexcused absence, then the school district may schedule this conference on that day; and

(c) Take steps to eliminate or reduce the child's absences. These steps shall include, where appropriate, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, offering assistance in enrolling the child in available alternative schools or programs, or assisting the parent or child to obtain supplementary services that may help eliminate or ameliorate the cause or causes for the absence from school.

(3) If a child required to attend public school under subsection (1) of this section has seven unexcused absences in a month or ten unexcused absences in a school year, the school district shall file a petition for civil action as provided in RCW 28A.225.035 against the parent of the child.

(4) This section does not require a six or seven year old child to enroll in a public or private school or to receive home-based instruction. This section only applies to six or seven year old children

whose parents enroll them full time in public school and do not formally remove them from enrollment as provided in subsection (1) of this section.

Sec. 2. RCW 28A.225.020 and 2016 c 205 s 4 are each amended to read as follows:

(1) If a child required to attend school under RCW 28A.225.010 fails to attend school without valid justification, the public school in which the child is enrolled shall:

(a) Inform the child's parent by a notice in writing or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year. School officials shall inform the parent of the potential consequences of additional unexcused absences. If the parent is not fluent in English, the school must make reasonable efforts to provide this information in a language in which the parent is fluent;

(b) Schedule a conference or conferences with the parent and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after ~~((two))~~ three unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the ~~((second))~~ third unexcused absence, then the school district may schedule this conference on that day. If the child's parent does not attend the scheduled conference, the conference may be conducted with the student and school official. However the parent shall be notified of the steps to be taken to eliminate or reduce the child's absence; and

(c) At some point after the second and before the fifth unexcused absence, take data-informed steps to eliminate or reduce the child's absences.

(i) In middle school and high school, these steps ~~((shall))~~ must include application of the Washington assessment of the risks and needs of students (WARNS) or other assessment by a school district's designee under RCW 28A.225.026~~((, and))~~.

(ii) For any child with an existing individualized education plan or 504 plan, these steps must include the convening of the child's individualized education plan or 504 plan team, including a behavior specialist or mental health specialist

where appropriate, to consider the reasons for the absences. If necessary, and if consent from the parent is given, a functional behavior assessment to explore the function of the absence behavior shall be conducted and a detailed behavior plan completed. Time should be allowed for the behavior plan to be initiated and data tracked to determine progress.

(iii) With respect to any child, without an existing individualized education plan or 504 plan, reasonably believed to have a mental or physical disability or impairment, these steps must include informing the child's parent of the right to obtain an appropriate evaluation at no cost to the parent to determine whether the child has a disability or impairment and needs accommodations, related services, or special education services. This includes children with suspected emotional or behavioral disabilities as defined in WAC 392-172A-01035. If the school obtains consent to conduct an evaluation, time should be allowed for the evaluation to be completed, and if the child is found to be eligible for special education services, accommodations, or related services, a plan developed to address the child's needs.

(iv) These steps must include, where appropriate, providing an available approved best practice or research-based intervention, or both, consistent with the WARNS profile or other assessment, if an assessment was applied, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, providing appropriate vocational courses or work experience, referring the child to a community truancy board, requiring the child to attend an alternative school or program, or assisting the parent or child to obtain supplementary services that might eliminate or ameliorate the cause or causes for the absence from school. (~~If the child's parent does not attend the scheduled conference, the conference may be conducted with the student and school official. However, the parent shall be notified of the steps to be taken to eliminate or reduce the child's absence.~~)

(2) For purposes of this chapter, an "unexcused absence" means that a child:

(a)(i) Has failed to attend the majority of hours or periods in an average school day or has failed to comply with a more restrictive school district policy; and

~~((b))~~ (ii) Has failed to meet the school district's policy for excused absences; or

(b) Has failed to comply with alternative learning experience program attendance requirements as described by the superintendent of public instruction.

(3) If a child transfers from one school district to another during the school year, the receiving school or school district shall include the unexcused absences accumulated at the previous school or from the previous school district for purposes of this section, RCW 28A.225.030, and 28A.225.015. The sending school district shall provide this information to the receiving school, together with a copy of any previous assessment as required under subsection (1)(c) of this section, history of any best practices or researched-based intervention previously provided to the child by the child's sending school district, and a copy of the most recent truancy information including any online or written acknowledgment by the parent and child, as provided for in RCW 28A.225.005. All school districts must use the standard choice transfer form for releasing a student to a nonresident school district for the purposes of accessing an alternative learning experience program.

Sec. 3. RCW 28A.225.025 and 2016 c 205 s 5 are each amended to read as follows:

(1) For purposes of this chapter, "community truancy board" means a board established pursuant to a memorandum of understanding between a juvenile court and a school district and composed of members of the local community in which the child attends school. ~~(All members of a)~~ Community truancy boards must include members who receive training regarding the identification of barriers to school attendance, the use of the Washington assessment of the risks and needs of students (WARNS) or other assessment tools to identify the specific needs of individual children, cultural responsive interactions, trauma-informed approaches to discipline, evidence-based treatments that have been found effective in supporting at-risk youth and their families, and the specific services and treatment available in the particular school, court, community, and elsewhere. Duties of a community truancy board shall include, but not be limited to: Identifying barriers to school attendance, recommending methods for improving

attendance such as connecting students and their families with community services, culturally appropriate promising practices, and evidence-based services such as functional family therapy (~~(7 multisystemic therapy, and aggression replacement training)~~), suggesting to the school district that the child enroll in another school, an alternative education program, an education center, a skill center, a dropout prevention program, or another public or private educational program, or recommending to the juvenile court that a juvenile be (~~(referred to)~~) offered the opportunity for placement in a HOPE center or crisis residential center, if appropriate.

(2) The legislature finds that utilization of community truancy boards is the preferred means of intervention when preliminary methods to eliminate or reduce unexcused absences as required by RCW 28A.225.020 have not been effective in securing the child's attendance at school. The legislature intends to encourage and support the development and expansion of community truancy boards. Operation of a school truancy board does not excuse a district from the obligation of filing a petition within the requirements of RCW 28A.225.015(3).

Sec. 4. RCW 28A.225.026 and 2016 c 205 s 6 are each amended to read as follows:

(1) By the beginning of the 2017-18 school year, juvenile courts must establish, through a memorandum of understanding with each school district within their respective counties, a coordinated and collaborative approach to address truancy through the establishment of a community truancy board or, with respect to certain small districts, through other means as provided in subsection (3) of this section.

(2) Except as provided in subsection (3) of this section, each school district must enter into a memorandum of understanding with the juvenile court in the county in which it is located with respect to the operation of a community truancy board. A community truancy board may be operated by a juvenile court, a school district, or a collaboration between both entities, so long as the agreement is memorialized in a memorandum of understanding. For a school district that is located in more than one county, the memorandum of understanding shall be with the juvenile court in the county that acts as the school district's treasurer.

(3) A school district with fewer than (~~(two)~~) three hundred students must enter into a memorandum of understanding with the juvenile court in the county in which it is located with respect to: (a) The operation of a community truancy board; or (b) addressing truancy through other coordinated means of intervention aimed at identifying barriers to school attendance, and connecting students and their families with community services, culturally appropriate promising practices, and evidence-based services such as functional family therapy (~~(7 multisystemic therapy, and aggression replacement training)~~). School districts with fewer than (~~(two)~~) three hundred students may work cooperatively with other school districts or the school district's educational service district to ensure access to a community truancy board or to provide other coordinated means of intervention.

(4) All school districts must designate, and identify to the local juvenile court and to the office of the superintendent of public instruction, a person or persons to coordinate school district efforts to address excessive absenteeism and truancy, including tasks associated with: Outreach and conferences pursuant to RCW 28A.225.018; entering into a memorandum of understanding with the juvenile court; establishing protocols and procedures with the court; coordinating trainings; sharing evidence-based and culturally appropriate promising practices; identifying a person within every school to serve as a contact with respect to excessive absenteeism and truancy; and assisting in the recruitment of community truancy board members.

(5) As has been demonstrated by school districts and county juvenile courts around the state that have worked together and led the way with community truancy boards, success has resulted from involving the entire community and leveraging existing dollars from a variety of sources, including public and private, local and state, and court, school, and community. In emulating this coordinated and collaborative approach statewide pursuant to local memoranda of understanding, courts and school districts are encouraged to create strong community-wide partnerships and to leverage existing dollars and resources.

Sec. 5. RCW 28A.225.090 and 2016 c 205 s 9 are each amended to read as follows:

(1) A court may order a child subject to a petition under RCW 28A.225.035 to do one or more of the following:

(a) Attend the child's current school, and set forth minimum attendance requirements, which shall not consider a suspension day as an unexcused absence;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Submit to a substance abuse assessment if the court finds on the record that such assessment is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law and, if any assessment, including a urinalysis test ordered under this subsection indicates the use of controlled substances or alcohol, order the minor to abstain from the unlawful consumption of controlled substances or alcohol and adhere to the recommendations of the substance abuse assessment at no expense to the school; or

(e) Submit to a mental health evaluation or other diagnostic evaluation

and adhere to the recommendations of the drug assessment, at no expense to the school, if the court finds on the court records that such evaluation is appropriate to the circumstances and behavior of the child, and will facilitate the child's compliance with the mandatory attendance law(~~(, or~~

~~(f) Submit to a temporary placement in a crisis residential center or a HOPE center if the court determines there is an immediate health and safety concern, or a family conflict with the need for mediation).~~

(2) (a) If the child fails to comply with the court order, the court may impose:

(i) Community restitution;

(ii) Nonresidential programs with intensive wraparound services;

(iii) A requirement that the child meet with a mentor for a specified number of times; or

(iv) Other services and interventions that the court deems appropriate.

(b) If the child continues to fail (e) to comply with the court order and the court makes a finding that other measures to secure compliance have been tried but have been unsuccessful and no less restrictive alternative is available, the court may order the child to be subject to detention, as provided in RCW 7.21.030(2) (e) (, or may impose alternatives to detention such as community restitution). Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. Detention ordered under this subsection may be for no longer than seven days. Detention ordered under this subsection shall preferably be served at a secure crisis residential center close to the child's home rather than in a juvenile detention facility. A warrant of arrest for a child under this subsection may not be served on a child inside of school during school hours in a location where other students are present.

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. The court shall remit fifty percent of the fine collected under this section to the

child's school district. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community restitution instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community restitution. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year old child required to attend public school under RCW 28A.225.015.

Sec. 6. RCW 28A.225.030 and 2016 c 205 s 7 are each amended to read as follows:

(1) If a child under the age of seventeen is required to attend school under RCW 28A.225.010 and if the actions taken by a school district under RCW 28A.225.020 are not successful in substantially reducing an enrolled student's absences from public school, not later than the seventh unexcused absence by a child within any month during the current school year or not later than the tenth unexcused absence during the current school year the school district shall file a petition and supporting affidavit for a civil action with the juvenile court alleging a violation of RCW 28A.225.010: (a) By the parent; (b) by the child; or (c) by the parent and the child. The petition must include a list of all interventions that have been attempted as set forth in RCW 28A.225.020, include a

copy of any previous truancy assessment completed by the child's current school district, the history of approved best practices intervention or research-based intervention previously provided to the child by the child's current school district, and a copy of the most recent truancy information document (~~(signed by the parent and child)~~) provided to the parent, pursuant to RCW 28A.225.005. Except as provided in this subsection, no additional documents need be filed with the petition. Nothing in this subsection requires court jurisdiction to terminate when a child turns seventeen or precludes a school district from filing a petition for a child that is seventeen years of age.

(2) The district shall not later than the fifth unexcused absence in a month:

(a) Enter into an agreement with a student and parent that establishes school attendance requirements;

(b) Refer a student to a community truancy board as defined in RCW 28A.225.025. The community truancy board shall enter into an agreement with the student and parent that establishes school attendance requirements and take other appropriate actions to reduce the child's absences; or

(c) File a petition under subsection (1) of this section.

(3) The petition may be filed by a school district employee who is not an attorney.

(4) If the school district fails to file a petition under this section, the parent of a child with five or more unexcused absences in any month during the current school year or upon the tenth unexcused absence during the current school year may file a petition with the juvenile court alleging a violation of RCW 28A.225.010.

(5) Petitions filed under this section may be served by certified mail, return receipt requested. If such service is unsuccessful, or the return receipt is not signed by the addressee, personal service is required.

Sec. 7. RCW 28A.225.151 and 1996 c 134 s 5 are each amended to read as follows:

(1) As required under subsection (2) of this section, ~~((each school shall document the actions taken under RCW 28A.225.030 and report this information to the school district superintendent who shall compile the data for all the schools in the~~

~~district and prepare an annual school district report for each school year and submit the report to the superintendent of public instruction. The reports shall be made upon forms furnished by the superintendent of public instruction and shall be transmitted as determined by the superintendent of public instruction)) the office of superintendent of public instruction shall collect and school districts shall submit student-level truancy data in order to allow a better understanding of actions taken under RCW 28A.225.030. The office shall prepare an annual report to the legislature by December 15th of each year.~~

(2) The reports under subsection (1) of this section shall include, disaggregated by student group:

(a) The number of enrolled students and the number of unexcused absences;

~~(b) ((Documentation of the steps taken by the school district under each subsection of RCW 28A.225.020 at the request of the superintendent of public instruction. Each year, by May 1st, the superintendent of public instruction shall select ten school districts to submit the report at the end of the following school year. The ten districts shall represent different areas of the state and be of varied sizes. In addition, the superintendent of public instruction shall require any district that fails to keep appropriate records to submit a full report to the superintendent of public instruction under this subsection. All school districts shall document steps taken under RCW 28A.225.020 in each student's record, and make those records available upon request consistent with the laws governing student records;~~

~~(e))~~ (d) The number of enrolled students with ten or more unexcused absences in a school year or five or more unexcused absences in a month during a school year;

~~((d))~~ (c) A description of any programs or schools developed to serve students who have had five or more unexcused absences in a month or ten in a year including information about the number of students in the program or school and the number of unexcused absences of students during and after participation in the program. The school district shall also describe any placements in an approved private nonsectarian school or program or certified program under a court order under RCW 28A.225.090; ~~(and~~

~~(e))~~ (d) The number of petitions filed by a school district with the juvenile court and, beginning in the 2018-19 school year, whether the petition results in:

(i) Referral to a community truancy board;

(ii) Other coordinated means of intervention;

(iii) A hearing in the juvenile court; or

(iv) Other less restrictive disposition (e.g., change of placement, home school, alternative learning experience, residential treatment); and

(e) Each instance of imposition of detention for failure to comply with a court order under RCW 28A.225.090, with a statement of the reasons for each instance of detention.

(3) A report required under this section shall not disclose the name or other identification of a child or parent.

MESSAGE FROM THE SENATE

April 11, 2017

MR. SPEAKER:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1624, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that children with the greatest needs benefit significantly from child care programs that promote stability, quality, and continuity of care. The legislature recognizes that empirical evidence supports the conclusion that high quality child care programs consistently yield more positive outcomes for children, with the strongest positive impacts on the most vulnerable children.

Children in the child welfare system are some of the most vulnerable children. The legislature finds that a child who experiences child abuse or neglect is over four times more likely to abuse substances as an adult and forty-three percent of youth in the juvenile justice system were involved in the child welfare system.

The legislature finds that the child care and development block grant act of 2014 allows the department of early learning to provide working connections child care to children in need of, or receiving, protective services. The legislature further understands that as of

July 1, 2016, authorizations for the working connections child care subsidy are effective for twelve months.

The legislature finds that the children's mental health work group, in its December 2016 final report, recommended that state agencies provide at least twelve months of stable child care through the working connections child care program for certain children involved in the child welfare system, regardless of the employment status of their parents or guardians. Many of these child welfare-involved families are addressing chemical dependency issues, which require a significant amount of time to overcome. For these reasons, the legislature intends to allow certain populations of vulnerable children to be eligible for the working connections child care subsidy for a minimum of twelve months.

Sec. 2. RCW 43.215.135 and 2015 3rd sp.s. c 7 s 6 are each amended to read as follows:

(1) The department shall establish and implement policies in the working connections child care program to promote stability and quality of care for children from low-income households. These policies shall focus on supporting school readiness for young learners. Policies for the expenditure of funds constituting the working connections child care program must be consistent with the outcome measures defined in RCW 74.08A.410 and the standards established in this section intended to promote stability, quality, and continuity of early care and education programming.

(2) As recommended by Public Law 113-186, authorizations for the working connections child care subsidy shall be effective for twelve months beginning July 1, 2016, ~~((unless an earlier date is provided in the omnibus appropriations act))~~ except that for a change in the ongoing status of the child's parent as working or attending a job training or education program that is not temporary, assistance shall be discontinued after a minimum of three months.

(3) As a condition of receiving a child care subsidy or a working connections child care subsidy, the applicant or recipient must seek child support enforcement services from the department of social and health services, division of child support, unless the department finds that the applicant or recipient has good cause not to cooperate. For the purposes

of this subsection, "good cause" includes consideration of the safety of domestic violence victims.

(4) Existing child care providers serving nonschool-age children and receiving state subsidy payments must complete the following requirements to be eligible for a state subsidy under this section:

(a) Enroll in the early achievers program by August 1, 2016;

(b) Complete level 2 activities in the early achievers program by August 1, 2017; and

(c) Rate at a level 3 or higher in the early achievers program by December 31, 2019. If a child care provider rates below a level 3 by December 31, 2019, the provider must complete remedial activities with the department, and rate at a level 3 or higher no later than June 30, 2020.

~~((4))~~ (5) Effective July 1, 2016, a new child care provider serving nonschool-age children and receiving state subsidy payments must complete the following activities to be eligible to receive a state subsidy under this section:

(a) Enroll in the early achievers program within thirty days of receiving the initial state subsidy payment;

(b) Complete level 2 activities in the early achievers program within twelve months of enrollment; and

(c) Rate at a level 3 or higher in the early achievers program within thirty months of enrollment. If a child care provider rates below a level 3 within thirty months from enrollment into the early achievers program, the provider must complete remedial activities with the department, and rate at a level 3 or higher within six months of beginning remedial activities.

~~((5))~~ (6) If a child care provider does not rate at a level 3 or higher following the remedial period, the provider is no longer eligible to receive state subsidy under this section.

~~((6))~~ (7) If a child care provider serving nonschool-age children and receiving state subsidy payments has successfully completed all level 2 activities and is waiting to be rated by the deadline provided in this section, the provider may continue to receive a state subsidy pending the successful completion of the level 3 rating activity.

~~((77))~~ (8) The department shall implement tiered reimbursement for early achievers program participants in the working connections child care program rating at level 3, 4, or 5.

~~((88))~~ (9) The department shall account for a child care copayment collected by the provider from the family for each contracted slot and establish the copayment fee by rule.

(10) The department shall establish and implement policies in the working connections child care program to allow eligibility for families with children who:

(a) In the last six months have:

(i) Received child protective services as defined and used by chapters 26.44 and 74.13 RCW;

(ii) Received child welfare services as defined and used by chapter 74.13 RCW; or

(iii) Received services through a family assessment response as defined and used by chapter 26.44 RCW;

(b) Have been referred for child care as part of the family's case management as defined by RCW 74.13.020; and

(c) Are residing with a biological parent or guardian.

(11) Children who are eligible for working connections child care pursuant to subsection (10) of this section do not have to keep receiving services through the department of social and health services to maintain twelve-month authorization and the authorization shall not be subject to the conditions specified in subsections (2) and (3) of this section. The department of social and health services' involvement with the family referred for working connections child care ends when the family's child protective services, child welfare services, or family assessment response case is closed.

NEW SECTION. Sec. 3. This act takes effect December 1, 2018.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2017, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "children;" strike the remainder of the title and insert "amending RCW 43.215.135;

creating new sections; and providing an effective date."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1109 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

April 12, 2017

MR. SPEAKER:

The Senate has passed HOUSE BILL NO. 1058, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that providing a victim with the opportunity for restitution from the perpetrator of the crime is an important part of the criminal justice system. It is the intent of the legislature to reaffirm the priority of restitution and, by this act, clarify that any outstanding debt for restitution be paid prior to the payment of any other legal financial obligation owed by the offender.

Sec. 2. RCW 10.01.170 and 1975-'76 2nd ex.s. c 96 s 2 are each amended to read as follows:

(1) When a defendant is sentenced to pay ((~~⊕~~)) fines, penalties, assessments, fees, restitution, or costs, the court may grant permission for payment to be made within a specified period of time or in specified installments. If no such permission is included in the sentence the fine or costs shall be payable forthwith.

(2) The offender's monthly payment shall be applied in the following order of priority:

(a) First, proportionally to any restitution owed to victims that have not

been fully compensated from other sources until satisfied;

(b) Second, proportionally to restitution owed to insurance or other sources with respect to a loss that has provided compensation to victims until satisfied;

(c) Third, proportionally to crime victims' assessments until satisfied; and

(d) Fourth, proportionally to costs, fines, and other assessments required by law.

Sec. 3. RCW 9.94A.760 and 2011 c 106 s 3 are each amended to read as follows:

(1) Whenever a person is convicted in superior court, the court may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount if the department has active supervision of the offender, otherwise the county clerk shall set the amount.

(2) Upon receipt of ~~((an offender's monthly))~~ each payment ~~((, restitution shall be paid prior to any payments of other monetary obligations. After restitution is satisfied))~~ made by or on behalf of an offender, the county clerk shall distribute the payment ~~((proportionally among all other fines, costs, and assessments imposed, unless otherwise ordered by the court))~~ in the following order of priority:

(a) First, proportionally to restitution owed to victims that have not been fully compensated from other sources until satisfied;

(b) Second, proportionally to restitution owed to insurance or other sources with respect to a loss that has provided compensation to victims until satisfied;

(c) Third, proportionally to crime victims' assessments until satisfied; and

(d) Fourth, proportionally to costs, fines, and other assessments required by law.

~~((4))~~ (3) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration, if incarcerated in a prison, or the court may require the offender to pay the actual cost of incarceration per day of incarceration, if incarcerated in a county jail. In no case may the court require the offender to pay more than one hundred dollars per day for the cost of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

(4) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

~~((4))~~ (5) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the

authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment. If restitution is ordered pursuant to RCW 9.94A.750(6) or 9.94A.753(6) to a victim of rape of a child or a victim's child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.750(6) and 9.94A.753(6). All other legal financial obligations for an offense committed prior to July 1, 2000, may be enforced at any time during the ten-year period following the offender's release from total confinement or within ten years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend the criminal judgment an additional ten years for payment of legal financial obligations including crime victims' assessments. All other legal financial obligations for an offense committed on or after July 1, 2000, may be enforced at any time the offender remains under the court's jurisdiction. For an offense committed on or after July 1, 2000, the court shall retain jurisdiction over the offender, for purposes of the offender's compliance with payment of the legal financial obligations, until the obligation is completely satisfied, regardless of the statutory maximum for the crime. The department may only supervise the offender's compliance with payment of the legal financial obligations during any period in which the department is authorized to supervise the offender in the community under RCW 9.94A.728, 9.94A.501, or in which the offender is confined in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall

supervise the offender's compliance during any such period. The department is not responsible for supervision of the offender during any subsequent period of time the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid legal financial obligations at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

~~((5))~~ (6) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to respond truthfully and honestly to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring all documents requested by the department.

~~((6))~~ (7) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

~~((7))~~ (8)(a) During the period of supervision, the department may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of supervision, the department may require the offender to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the department in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in

financial circumstances. If the county clerk sets the monthly payment amount, or if the department set the monthly payment amount and the department has subsequently turned the collection of the legal financial obligation over to the county clerk, the clerk may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purpose of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the county clerk in order to prepare the collection schedule.

~~((8))~~ (9) After the judgment and sentence or payment order is entered, the department is authorized, for any period of supervision, to collect the legal financial obligation from the offender. Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk is authorized to collect unpaid legal financial obligations from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purpose of disbursements. The department and the county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

~~((9))~~ (10) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. Any party obtaining a wage assignment shall notify the county clerk. The county clerks shall notify the department, or the administrative office of the courts, whichever is providing the monthly billing for the offender.

~~((10))~~ (11) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties for noncompliance as provided in RCW 9.94B.040, 9.94A.737, or 9.94A.740.

~~((11))~~ (12) (a) The administrative office of the courts shall mail individualized periodic billings to the address known by the office for each offender with an unsatisfied legal financial obligation.

(b) The billing shall direct payments, other than outstanding cost of supervision assessments under RCW 9.94A.780, parole assessments under RCW 72.04A.120, and cost of probation assessments under RCW 9.95.214, to the county clerk, and cost of supervision, parole, or probation assessments to the department.

(c) The county clerk shall provide the administrative office of the courts with notice of payments by such offenders no less frequently than weekly.

(d) The county clerks, the administrative office of the courts, and the department shall maintain agreements to implement this subsection.

~~((12))~~ (13) The department shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community through the county clerk. The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility or is unable to continue to assume responsibility for collection pursuant to subsection ~~((4))~~ (5) of this section. The costs for collection services shall be paid by the offender.

~~((13))~~ (14) The county clerk may access the records of the employment security department for the purposes of verifying employment or income, seeking any assignment of wages, or performing other duties necessary to the collection of an offender's legal financial obligations.

~~((14))~~ (15) Nothing in this chapter makes the department, the state, the counties, or any state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department for a term of community custody, and who remains under the jurisdiction of the court for payment of legal financial obligations."

POINT OF ORDER

Representative Bergquist requested a scope and object ruling on the Senate amendment to HOUSE BILL NO. 1058.

SPEAKER'S RULING

Mr. Speaker (Representative Lovick presiding): *HB 1058 is an act relating to court-ordered restitution. The bill passed by the House related solely to court-ordered restitution while an offender is in total confinement.*

The Speaker finds and rules that the amendment is beyond the scope and object of the bill.

The point of order is well taken.

MESSAGE FROM THE SENATE

April 12, 2017

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1402 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 11.92 RCW to read as follows:

(1) Except as otherwise provided in this section, an incapacitated person retains the right to associate with persons of the incapacitated person's choosing. This right includes, but is not limited to, the right to freely communicate and interact with other persons, whether through in-person visits, telephone calls, electronic communication, personal mail, or other means. If the incapacitated person is unable to express consent for communication, visitation, or interaction with another person, or is otherwise unable to make a decision regarding association with another person, a guardian of the incapacitated person, whether full or limited, must:

(a) Personally inform the incapacitated person of the decision under consideration, using plain language, in a manner calculated to maximize the understanding of the incapacitated person;

(b) Maximize the incapacitated person's participation in the decision-making process to the greatest extent possible, consistent with the incapacitated person's abilities; and

(c) Give substantial weight to the incapacitated person's preferences, both expressed and historical.

(2) A guardian or limited guardian may not restrict an incapacitated person's right to communicate, visit, interact, or otherwise associate with persons of the incapacitated person's choosing, unless:

(a) The restriction is specifically authorized by the guardianship court in the court order establishing or modifying the guardianship or limited guardianship under chapter 11.88 RCW;

(b) The restriction is pursuant to a protection order issued under chapter 74.34 RCW, chapter 26.50 RCW, or other law, that limits contact between the incapacitated person and other persons; or

(c) (i) The guardian or limited guardian has good cause to believe that there is an immediate need to restrict an incapacitated person's right to

communicate, visit, interact, or otherwise associate with persons of the incapacitated person's choosing in order to protect the incapacitated person from abuse, neglect, abandonment, or financial exploitation, as those terms are defined in RCW 74.34.020, or to protect the incapacitated person from activities that unnecessarily impose significant distress on the incapacitated person; and

(ii) Within fourteen calendar days of imposing the restriction under (c)(i) of this subsection, the guardian or limited guardian files a petition for a protection order under chapter 74.34 RCW. The immediate need restriction may remain in place until the court has heard and issued an order or decision on the petition.

(3) A protection order under chapter 74.34 RCW issued to protect an incapacitated person as described in subsection (2)(c)(ii) of this section:

(a) Must include written findings of fact and conclusions of law;

(b) May not be more restrictive than necessary to protect the incapacitated person from abuse, neglect, abandonment, or financial exploitation as those terms are defined in RCW 74.34.020; and

(c) May not deny communication, visitation, interaction, or other association between the incapacitated person and another person unless the court finds that placing reasonable time, place, or manner restrictions is unlikely to sufficiently protect the incapacitated person from abuse, neglect, abandonment, or financial exploitation as those terms are defined in RCW 74.34.020.

Sec. 2. RCW 74.34.020 and 2015 c 268 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Abandonment" means action or inaction by a person or entity with a duty of care for a vulnerable adult that leaves the vulnerable person without the means or ability to obtain necessary food, clothing, shelter, or health care.

In instances of abuse of a vulnerable adult who is unable to express or demonstrate physical harm, pain, or mental anguish, the abuse is presumed to cause physical

Sexual abuse also includes any sexual conduct between a staff person, who is not also a resident or client, of a facility or a staff person of a program authorized under chapter 71A.12 RCW, and a vulnerable adult living in that facility or receiving service from a program authorized under chapter 71A.12 RCW, whether or not it is consensual.

(b) "Physical abuse" means the willful action of inflicting bodily injury or physical mistreatment. Physical abuse includes, but is not limited to, striking with or without an object, slapping, pinching, choking, kicking, shoving, or prodding.

(c) "Mental abuse" means a willful verbal or nonverbal action that threatens, humiliates, harasses, coerces, intimidates, isolates, unreasonably confines, or punishes a vulnerable adult. Mental abuse may include ridiculing, yelling, or swearing.

(d) "Personal exploitation" means an act of forcing, compelling, or exerting undue influence over a vulnerable adult causing the vulnerable adult to act in a way that is inconsistent with relevant past behavior, or causing the vulnerable adult to perform services for the benefit of another.

(e) "Improper use of restraint" means the inappropriate use of chemical, physical, or mechanical restraints for convenience or discipline or in a manner that: (i) Is inconsistent with federal or state licensing or certification requirements for facilities, hospitals, or programs authorized under chapter 71A.12 RCW; (ii) is not medically authorized; or (iii) otherwise constitutes abuse under this section.

(3) "Chemical restraint" means the administration of any drug to manage a vulnerable adult's behavior in a way that reduces the safety risk to the vulnerable adult or others, has the temporary effect of restricting the vulnerable adult's

freedom of movement, and is not standard treatment for the vulnerable adult's medical or psychiatric condition.

(4) "Consent" means express written consent granted after the vulnerable adult or his or her legal representative has been fully informed of the nature of the services to be offered and that the receipt of services is voluntary.

(5) "Department" means the department of social and health services.

(6) "Facility" means a residence licensed or required to be licensed under chapter 18.20 RCW, assisted living facilities; chapter 18.51 RCW, nursing homes; chapter 70.128 RCW, adult family homes; chapter 72.36 RCW, soldiers' homes; or chapter 71A.20 RCW, residential habilitation centers; or any other facility licensed or certified by the department.

(7) "Financial exploitation" means the illegal or improper use, control over, or withholding of the property, income, resources, or trust funds of the vulnerable adult by any person or entity for any person's or entity's profit or advantage other than for the vulnerable adult's profit or advantage. "Financial exploitation" includes, but is not limited to:

(a) The use of deception, intimidation, or undue influence by a person or entity in a position of trust and confidence with a vulnerable adult to obtain or use the property, income, resources, or trust funds of the vulnerable adult for the benefit of a person or entity other than the vulnerable adult;
