Child protective services includes referral to services to ameliorate conditions that endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children to ensure that each child has a permanent home. In determining whether protective services should be provided, the department shall not decline to provide such services solely because of the child's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(4) "Child protective services section" means the child protective services section of the department.

(5) "Children's advocacy center" means a child-focused facility in good standing with the state chapter for children's advocacy centers and that coordinates a multidisciplinary process for the investigation, prosecution, and treatment of sexual and other types of child abuse. Children's advocacy centers provide a location for forensic interviews and coordinate access to services such as, but not limited to, medical evaluations, advocacy, therapy, and case review by multidisciplinary teams within the context of county protocols as defined in RCW 26.44.180 and 26.44.185.

(6) "Clergy" means any regularly licensed or ordained minister, priest, or rabbi of any church or religious denomination, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(7) "Court" means the superior court of the state of Washington, juvenile department.

(8) "Department" means the ((state)) department of ((social and health services)) children, youth, and families.

(9) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child abuse or neglect, and family strengths and needs that is applied to a child abuse or neglect report. Family assessment does not include a determination as to whether child abuse or neglect occurred, but does determine the need for services to address the safety of the child and the risk of subsequent maltreatment.

(10) "Family assessment response" means a way of responding to certain reports of child abuse or neglect made under this chapter using a differential response approach to child protective services. The family assessment response shall focus on the safety of the child, the integrity and preservation of the family, and shall assess the status of the child and the family in terms of risk of abuse and neglect including the parent's or guardian's or other caretaker's capacity and willingness to protect the child and, if necessary, plan and arrange the provision of services to reduce the risk and otherwise support the family. No one is named as a perpetrator, and no investigative finding is entered in the record as a result of a family assessment.

(11) "Founded" means the determination following an investigation by the department that, based on available information, it is more likely than not that child abuse or neglect did occur.

(12) "Inconclusive" means the determination following an investigation by the department of social and health services, prior to October 1, 2008, that based on available information a decision cannot be made that more likely than not, child abuse or neglect did or did not occur.

(13) "Institution" means a private or public hospital or any other facility providing medical diagnosis, treatment, or care.

(14) "Law enforcement agency" means the police department, the prosecuting attorney, the state patrol, the director of public safety, or the office of the sheriff.

(15) "Malice" or "maliciously" means an intent, wish, or design to intimidate, annoy, or injure another person. Such malice may be inferred from an act done in willful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission

of duty betraying a willful disregard of social duty.

(16) "Negligent treatment or maltreatment" means an act or a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction, that evidences a serious disregard of consequences of such magnitude as to constitute a clear and present danger to a child's health, welfare, or safety, including but not limited to conduct prohibited under RCW 9A.42.100. When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, homelessness, or exposure to domestic violence as defined in RCW 26.50.010 that is perpetrated against someone other than the child does not constitute negligent treatment or maltreatment in and of itself.

(17) "Pharmacist" means any registered pharmacist under chapter 18.64 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(18) "Practitioner of the healing arts" or "practitioner" means a person licensed by this state to practice podiatric medicine and surgery, optometry, chiropractic, nursing, dentistry, osteopathic medicine and surgery, or medicine and surgery or to provide other health services. The term "practitioner" includes a duly accredited Christian Science practitioner. A person who is being furnished Christian Science treatment by a duly accredited Christian Science practitioner will not be considered, for that reason alone, a neglected person for the purposes of this chapter.

(19) "Professional school personnel" include, but are not limited to, teachers, counselors, administrators, child care facility personnel, and school nurses.

(20) "Psychologist" means any person licensed to practice psychology under chapter 18.83 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(21) "Screened-out report" means a report of alleged child abuse or neglect that the department has determined does not rise to the level of a credible report

of abuse or neglect and is not referred for investigation.

(22) "Sexual exploitation" includes: (a) Allowing, permitting, or encouraging a child to engage in prostitution by any person; or (b) allowing, permitting, encouraging, or engaging in the obscene or pornographic photographing, filming, or depicting of a child by any person.

(23) "Sexually aggressive youth" means a child who is defined in RCW 74.13.075(1)(b) as being a sexually aggressive youth.

(24) "Social service counselor" means anyone engaged in a professional capacity during the regular course of employment in encouraging or promoting the health, welfare, support, or education of children, or providing social services to adults or families, including mental health, drug and alcohol treatment, and domestic violence programs, whether in an individual capacity, or as an employee or agent of any public or private organization or institution.

(25) "Supervising agency" means an agency licensed by the state under RCW 74.15.090 or an Indian tribe under RCW 74.15.190 that has entered into a performance-based contract with the department to provide child welfare services.

(26) "Unfounded" means the determination following an investigation by the department that available information indicates that, more likely than not, child abuse or neglect did not occur, or that there is insufficient evidence for the department to determine whether the alleged child abuse did or did not occur.

Sec. 322. RCW 26.44.030 and 2017 c 118 s 1 are each amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of ~~((early learning))~~ children, youth, and families, licensed or certified child care providers or their employees, employee of the department of social and health services, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, state family and children's ombuds or any volunteer in the ombuds's office, or host home program has

reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Organization" includes a sole proprietor, partnership, corporation, limited liability company, trust, association, financial institution, governmental entity, other than the federal government, and any other individual or group engaged in a trade, occupation, enterprise, governmental function, charitable function, or similar activity in this state whether or not the entity is operated as a nonprofit or for-profit entity.

(iii) "Reasonable cause" means a person witnesses or receives a credible written or oral report alleging abuse, including sexual contact, or neglect of a child.

(iv) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(v) "Sexual contact" has the same meaning as in RCW 9A.44.010.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The reporting requirement also applies to guardians ad litem, including court-appointed special advocates, appointed under Titles 11 and 13 RCW and this title, who in the course of their representation of children in these actions have reasonable cause to believe a child has been abused or neglected.

(f) The reporting requirement in (a) of this subsection also applies to administrative and academic or athletic department employees, including student employees, of institutions of higher education, as defined in RCW 28B.10.016, and of private institutions of higher education.

(g) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child

has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department (~~(of social and health services)~~) as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency, including military law enforcement, if appropriate. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is

endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as

authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

(11)(a) Upon receiving a report of alleged abuse or neglect, the department shall use one of the following discrete responses to reports of child abuse or neglect that are screened in and accepted for departmental response:

(i) Investigation; or

(ii) Family assessment.

(b) In making the response in (a) of this subsection the department shall:

(i) Use a method by which to assign cases to investigation or family assessment which are based on an array of factors that may include the presence of: Imminent danger, level of risk, number of previous child abuse or neglect reports, or other presenting case characteristics, such as the type of alleged maltreatment and the age of the alleged victim. Age of the alleged victim shall not be used as the sole criterion for determining case assignment;

(ii) Allow for a change in response assignment based on new information that alters risk or safety level;

(iii) Allow families assigned to family assessment to choose to receive an investigation rather than a family assessment;

(iv) Provide a full investigation if a family refuses the initial family assessment;

(v) Provide voluntary services to families based on the results of the initial family assessment. If a family refuses voluntary services, and the department cannot identify specific facts related to risk or safety that warrant assignment to investigation under this chapter, and there is not a history of reports of child abuse or neglect related to the family, then the department must close the family assessment response case. However, if at any time the department identifies risk or safety factors that warrant an investigation under this chapter, then the family assessment response case must be reassigned to investigation;

(vi) Conduct an investigation, and not a family assessment, in response to an allegation that, the department determines based on the intake assessment:

(A) Poses a risk of "imminent harm" consistent with the definition provided in RCW 13.34.050, which includes, but is not limited to, sexual abuse and sexual exploitation as defined in this chapter;

(B) Poses a serious threat of substantial harm to a child;

(C) Constitutes conduct involving a criminal offense that has, or is about to occur, in which the child is the victim;

(D) The child is an abandoned child as defined in RCW 13.34.030;

(E) The child is an adjudicated dependent child as defined in RCW 13.34.030, or the child is in a facility that is licensed, operated, or certified for care of children by the department under chapter 74.15 RCW (~~or by the department of early learning~~).

(c) The department may not be held civilly liable for the decision to respond to an allegation of child abuse or neglect by using the family assessment response under this section unless the state or its officers, agents, or employees acted with reckless disregard.

(12)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received,

unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(13) For reports of alleged abuse or neglect that are responded to through family assessment response, the department shall:

(a) Provide the family with a written explanation of the procedure for assessment of the child and the family and its purposes;

(b) Collaborate with the family to identify family strengths, resources, and service needs, and develop a service plan with the goal of reducing risk of harm to the child and improving or restoring family well-being;

(c) Complete the family assessment response within forty-five days of receiving the report; however, upon parental agreement, the family assessment response period may be extended up to ninety days;

(d) Offer services to the family in a manner that makes it clear that acceptance of the services is voluntary;

(e) Implement the family assessment response in a consistent and cooperative manner;

(f) Have the parent or guardian sign an agreement to participate in services before services are initiated that informs the parents of their rights under family assessment response, all of their options, and the options the department has if the parents do not sign the consent form.

(14) (a) In conducting an investigation or family assessment of alleged abuse or neglect, the department or law enforcement agency:

(i) May interview children. If the department determines that the response to the allegation will be family assessment response, the preferred practice is to request a parent's, guardian's, or custodian's permission to interview the child before conducting the child interview unless doing so would compromise the safety of the child or the integrity of the assessment. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. If the allegation is investigated, parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(ii) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(b) The Washington state school directors' association shall adopt a model policy addressing protocols when an interview, as authorized by this subsection, is conducted on school premises. In formulating its policy, the association shall consult with the department and the Washington association of sheriffs and police chiefs.

(15) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombuds of the contents of the report. The department shall also notify the ombuds of the disposition of the report.

(16) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(17) (a) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(b) In the family assessment response, the department shall not make a finding as to whether child abuse or neglect occurred. No one shall be named as a perpetrator and no investigative finding shall be entered in the department's child abuse or neglect database.

(18) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor.

(19) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(20) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030.

(21) The department shall make efforts as soon as practicable to determine the military status of parents whose children are subject to abuse or neglect allegations. If the department determines that a parent or guardian is in the military, the department shall notify a department of defense family advocacy program that there is an allegation of abuse and neglect that is screened in and open for investigation that relates to that military parent or guardian.

(22) The department shall make available on its public web site a downloadable and printable poster that includes the reporting requirements included in this section. The poster must be no smaller than eight and one-half by eleven inches with all information on one side. The poster must be made available in both the English and Spanish languages. Organizations that include employees or

volunteers subject to the reporting requirements of this section must clearly display this poster in a common area. At a minimum, this poster must include the following:

(a) Who is required to report child abuse and neglect;

(b) The standard of knowledge to justify a report;

(c) The definition of reportable crimes;

(d) Where to report suspected child abuse and neglect; and

(e) What should be included in a report and the appropriate timing.

Sec. 323. RCW 26.44.040 and 1999 c 176 s 32 are each amended to read as follows:

An immediate oral report must be made by telephone or otherwise to the proper law enforcement agency or the department (~~of social and health services~~) and, upon request, must be followed by a report in writing. Such reports must contain the following information, if known:

(1) The name, address, and age of the child;

(2) The name and address of the child's parents, stepparents, guardians, or other persons having custody of the child;

(3) The nature and extent of the alleged injury or injuries;

(4) The nature and extent of the alleged neglect;

(5) The nature and extent of the alleged sexual abuse;

(6) Any evidence of previous injuries, including their nature and extent; and

(7) Any other information that may be helpful in establishing the cause of the child's death, injury, or injuries and the identity of the alleged perpetrator or perpetrators.

Sec. 324. RCW 26.44.050 and 2012 c 259 s 5 are each amended to read as follows:

Except as provided in RCW 26.44.030(11), upon the receipt of a report concerning the possible occurrence of abuse or neglect, the law enforcement agency or the department (~~of social and health services~~) must investigate and provide the protective services section with a report in accordance with chapter 74.13 RCW, and where necessary to refer such report to the court.

A law enforcement officer may take, or cause to be taken, a child into custody without a court order if there is probable cause to believe that the child is abused or neglected and that the child would be injured or could not be taken into custody if it were necessary to first obtain a court order pursuant to RCW 13.34.050. The law enforcement agency or the department (~~of social and health services~~) investigating such a report is hereby authorized to photograph such a child for the purpose of providing documentary evidence of the physical condition of the child.

Sec. 325. RCW 26.44.063 and 2008 c 267 s 4 are each amended to read as follows:

(1) It is the intent of the legislature to minimize trauma to a child involved in an allegation of sexual or physical abuse. The legislature declares that removing the child from the home or the care of a parent, guardian, or legal custodian often has the effect of further traumatizing the child. It is, therefore, the legislature's intent that the alleged abuser, rather than the child, shall be removed or restrained from the child's residence and that this should be done at the earliest possible point of intervention in accordance with RCW 10.31.100, chapter 13.34 RCW, this section, and RCW 26.44.130.

(2) In any judicial proceeding in which it is alleged that a child has been subjected to sexual or physical abuse, if the court finds reasonable grounds to believe that an incident of sexual or physical abuse has occurred, the court may, on its own motion, or the motion of the guardian ad litem or other parties, issue a temporary restraining order or preliminary injunction restraining or enjoining the person accused of committing the abuse from:

(a) Molesting or disturbing the peace of the alleged victim;

(b) Entering the family home of the alleged victim except as specifically authorized by the court;

(c) Having any contact with the alleged victim, except as specifically authorized by the court;

(d) Knowingly coming within, or knowingly remaining within, a specified distance of a specified location.

(3) If the caretaker is willing, and does comply with the duties prescribed in

subsection (8) of this section, uncertainty by the caretaker that the alleged abuser has in fact abused the alleged victim shall not, alone, be a basis to remove the alleged victim from the caretaker, nor shall it be considered neglect.

(4) In issuing a temporary restraining order or preliminary injunction, the court may impose any additional restrictions that the court in its discretion determines are necessary to protect the child from further abuse or emotional trauma pending final resolution of the abuse allegations.

(5) The court shall issue a temporary restraining order prohibiting a person from entering the family home if the court finds that the order would eliminate the need for an out-of-home placement to protect the child's right to nurturance, health, and safety and is sufficient to protect the child from further sexual or physical abuse or coercion.

(6) The court may issue a temporary restraining order without requiring notice to the party to be restrained or other parties only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

(7) A temporary restraining order or preliminary injunction:

(a) Does not prejudice the rights of a party or any child which are to be adjudicated at subsequent hearings in the proceeding; and

(b) May be revoked or modified.

(8) The person having physical custody of the child shall have an affirmative duty to assist in the enforcement of the restraining order including but not limited to a duty to notify the court as soon as practicable of any violation of the order, a duty to request the assistance of law enforcement officers to enforce the order, and a duty to notify the department (~~of social and health services~~) of any violation of the order as soon as practicable if the department is a party to the action. Failure by the custodial party to discharge these affirmative duties shall be subject to contempt proceedings.

(9) Willful violation of a court order entered under this section is a misdemeanor. A written order shall contain

the court's directive and shall bear the legend: "Violation of this order with actual notice of its terms is a criminal offense under chapter 26.44 RCW, is also subject to contempt proceedings, and will subject a violator to arrest."

(10) If a restraining order issued under this section is modified or terminated, the clerk of the court shall notify the law enforcement agency specified in the order on or before the next judicial day. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from any computer-based criminal intelligence system.

Sec. 326. RCW 26.44.105 and 1985 c 183 s 2 are each amended to read as follows:

Whenever a dependency petition is filed by the department (~~(of social and health services)~~), it shall advise the parents, and any child over the age of twelve who is subject to the dependency action, of their respective rights under RCW 13.34.090. The parents and the child shall be provided a copy of the dependency petition and a copy of any court orders which have been issued. This advice of rights under RCW 13.34.090 shall be in writing. The department caseworker shall also make reasonable efforts to advise the parent and child of these same rights orally.

Sec. 327. RCW 26.44.140 and 1997 c 344 s 1 are each amended to read as follows:

The court shall require that an individual who, while acting in a parental role, has physically or sexually abused a child and has been removed from the home pursuant to a court order issued in a proceeding under chapter 13.34 RCW, prior to being permitted to reside in the home where the child resides, complete the treatment and education requirements necessary to protect the child from future abuse. The court may require the individual to continue treatment as a condition for remaining in the home where the child resides. Unless a parent, custodian, or guardian has been convicted of the crime for the acts of abuse determined in a fact-finding hearing under chapter 13.34 RCW, such person shall not be required to admit guilt in order to begin to fulfill any necessary treatment and education requirements under this section.

The department (~~(of social and health services)~~) or supervising agency shall be responsible for advising the court as to

appropriate treatment and education requirements, providing referrals to the individual, monitoring and assessing the individual's progress, informing the court of such progress, and providing recommendations to the court.

The person removed from the home shall pay for these services unless the person is otherwise eligible to receive financial assistance in paying for such services. Nothing in this section shall be construed to create in any person an entitlement to services or financial assistance in paying for services.

Sec. 328. RCW 43.20A.360 and 2001 c 291 s 101 are each amended to read as follows:

(1) The secretary is hereby authorized to appoint such advisory committees or councils as may be required by any federal legislation as a condition to the receipt of federal funds by the department. The secretary may appoint statewide committees or councils in the following subject areas: (a) Health facilities; (b) ~~(children and youth services; (c))~~ blind services; ~~((d))~~ (c) medical and health care; ~~((e))~~ (d) drug abuse and alcoholism; ~~((f))~~ (e) social services; ~~((g))~~ (f) economic services; ~~((h))~~ (g) vocational services; ~~((i))~~ (h) rehabilitative services; and (i) on such other subject matters as are or come within the department's responsibilities. The statewide councils shall have representation from both major political parties and shall have substantial consumer representation. Such committees or councils shall be constituted as required by federal law or as the secretary in his or her discretion may determine. (f) The test results of voluntary and anonymous HIV testing or HIV-related condition, as defined in RCW 70.24.017, may not be disclosed to a staff person except as provided in this section and RCW 70.02.050(1)(d) and 70.24.340(4). Any program that provides domestic violence treatment to perpetrators of domestic violence must be certified by the department of (~~social and health services~~) children, youth, and families and meet minimum standards for domestic violence treatment purposes. The department of (~~social and health services~~) children, youth, and families shall adopt rules for standards of approval of domestic violence perpetrator programs. The treatment must meet the following minimum qualifications:

(1) All treatment must be based upon a full, complete clinical intake including but not limited to: Current and past violence history; a lethality risk assessment; history of treatment from past domestic violence perpetrator treatment programs; a complete diagnostic evaluation; a substance abuse assessment; criminal history; assessment of cultural issues, learning disabilities, literacy, and special language needs; and a treatment plan that adequately and appropriately addresses the treatment needs of the individual.

(2) To facilitate communication necessary for periodic safety checks and case monitoring, the program must require the perpetrator to sign the following releases:

(a) A release for the program to inform the victim and victim's community and legal advocates that the perpetrator is in treatment with the program, and to provide information, for safety purposes, to the

The weekly treatment sessions must be in a group unless there is a documented, clinical reason for another modality. Any other therapies, such as individual, marital, or family therapy, substance abuse evaluations or therapy, medication reviews, or psychiatric interviews, may be concomitant with the weekly group treatment sessions described in this section but not a substitute for it.

(4) The treatment must focus primarily on ending the violence, holding the perpetrator accountable for his or her violence, and changing his or her behavior. The treatment must be based on nonvictim-blaming strategies and philosophies and shall include education about the individual, family, and cultural dynamics of domestic violence. If the perpetrator or the victim has a minor child, treatment must specifically include education regarding the effects of domestic violence on children, such as the emotional impacts of domestic violence on children and the long-term consequences that exposure to incidents of domestic violence may have on children.

(5) Satisfactory completion of treatment must be contingent upon the perpetrator meeting specific criteria, defined by rule by the secretary of the department of children, youth, and families, and not just upon the end of a certain period of time or a certain number of sessions.

(6) The program must have policies and procedures for dealing with reoffenses and noncompliance.

(7) All evaluation and treatment services must be provided by, or under the supervision of, qualified personnel.

(8) The secretary of the department of children, youth, and families may adopt

(9) The department of children, youth, and families may conduct on-site monitoring visits as part of its plan for certifying domestic violence perpetrator programs and monitoring implementation of the rules adopted by the secretary of the department of children, youth, and families to determine compliance with the minimum qualifications for domestic violence perpetrator programs. The applicant or certified domestic violence perpetrator program shall cooperate fully with the department of children, youth, and families in the monitoring visit and provide all program and management records requested by the department of children, youth, and families to determine the program's compliance with the minimum certification qualifications and rules adopted by the department of children, youth, and families.

(1) Subject to subsection (2) of this section, the secretary (~~(of social and health services)~~) shall provide liability insurance to foster parents licensed under chapter 74.15 RCW. Sec. 510. RCW 74.14C.005 and 1995 c 311 s 1 are each amended to read as follows:

(1) The legislature believes that protecting the health and safety of children is paramount. The legislature recognizes that the number of children entering out-of-home care is increasing and that a number of children receive long-term foster care protection. Reasonable efforts by the department to shorten out-of-home placement or avoid it altogether should be a major focus of the child welfare system. It is intended that providing up-front services decrease the number of children entering out-of-home care and have the effect of eventually lowering foster care expenditures and strengthening the family unit.

Within available funds, the legislature directs the department to focus child

welfare services on protecting the child, strengthening families and, to the extent possible, providing necessary services in the family setting, while drawing upon the strengths of the family. The legislature intends services be locally based and offered as early as possible to avoid disruption to the family, out-of-home placement of the child, and entry into the dependency system. The legislature also intends that these services be used for those families whose children are returning to the home from out-of-home care. These services are known as family preservation services and intensive family preservation services and are characterized by the following values, beliefs, and goals:

(a) Safety of the child is always the first concern;

(b) Children need their families and should be raised by their own families whenever possible;

(c) Interventions should focus on family strengths and be responsive to the individual family's cultural values and needs;

(d) Participation should be voluntary; and

(e) Improvement of family functioning is essential in order to promote the child's health, safety, and welfare and thereby allow the family to remain intact and allow children to remain at home.

(2) Subject to the availability of funds for such purposes, the legislature intends for these services to be made available to all eligible families on a statewide basis through a phased-in process. Except as otherwise specified by statute, the department (~~(of social and health services)~~) shall have the authority and discretion to implement and expand these services as provided in (~~this chapter~~) RCW 74.14C.010 through 74.14C.100. The department shall consult with the community public health and safety networks when assessing a community's resources and need for services.

(3) It is the legislature's intent that, within available funds, the department develop services in accordance with (~~this chapter~~) RCW 74.14C.010 through 74.14C.100.

(4) Nothing in (~~this chapter~~) RCW 74.14C.010 through 74.14C.100 shall be construed to create an entitlement to

services nor to create judicial authority to order the provision of preservation services to any person or family if the services are unavailable or unsuitable or that the child or family are not eligible for such services.

Sec. 511. RCW 74.14C.010 and 1996 c 240 s 2 are each amended to read as follows:

Family preservation services shall have the characteristics delineated in RCW 74.14C.020 (2) and (3).

(4) "Imminent" means a decision has been made by the department that, without intensive family preservation services, a petition requesting the removal of a child from the family home will be immediately filed under chapter 13.32A or 13.34 RCW, or that a voluntary placement agreement will be immediately initiated.

(5) "Intensive family preservation services" means community-based services that are delivered primarily in the home, that follow intensive service models with demonstrated effectiveness in reducing or avoiding the need for unnecessary imminent out-of-home placement, and that have all of the characteristics delineated in RCW 74.14C.020 (1) and (3).

(6) "Out-of-home placement" means a placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

(7) "Paraprofessional worker" means any individual who is trained and qualified to provide assistance and community support systems development to families and who acts under the supervision of a preservation services therapist. This transfer may be made in those regions that lower foster care expenditures through efficient use of preservation services and permanency planning efforts. The transfer shall be equivalent to the amount of reduced foster care expenditures and shall be made in accordance with the provisions of this chapter and with the approval of the office of financial management. The department shall present an annual report to the legislature regarding any transfers under this section only if transfers occur. The department shall include caseload, expenditure, cost avoidance, identified improvements to the out-of-home care system, and outcome data related to

the transfer in the report. The department shall also include in the report information regarding:

(1) The percent of cases where a child is placed in out-of-home care after the provision of intensive family preservation services or family preservation services;

(2) The average length of time before the child is placed out-of-home;

(3) The average length of time the child is placed out-of-home; and

(4) The number of families that refused the offer of either family preservation services or intensive family preservation services.

The regional administrator shall report to the ~~((assistant))~~ secretary quarterly on the provision of these services for the entire region. The ~~((assistant))~~ secretary shall ~~((make))~~ post on the department's web site a semiannual report ~~((to the secretary))~~ on the provision of these services on a statewide basis.

1, 1997, and the juvenile is alleged to have been armed with a firearm.

(b) Without a court order, by a law enforcement officer if grounds exist for

the arrest of an adult in identical circumstances. Admission to, and continued custody in, a court detention facility shall be governed by subsection (2) of this section; or

(c) Pursuant to a court order that the juvenile be held as a material witness; or

(d) Where the secretary or the secretary's designee has suspended the parole of a juvenile offender.

(2) A juvenile may not be held in detention unless there is probable cause to believe that:

conditions imposed upon the juvenile and shall set the date of his or her next court appearance. The court shall advise the juvenile of any conditions specified in the order and may at any time amend such an order in order to impose additional or different conditions of release upon the juvenile or to return the juvenile to custody for failing to conform to the conditions imposed. The juvenile's parent or guardian may notify the court that the juvenile has failed to conform to the conditions of release or the provisions in the probation bond. Sec. 607. RCW 13.40.045 and 1997 c 338 s 14 are each amended to read as follows:

The secretary (~~((assistant secretary))~~) or the secretary's designee shall issue arrest warrants for juveniles who escape from department residential custody. The secretary (~~((assistant secretary))~~) or the secretary's designee may issue arrest warrants for juveniles who abscond from parole supervision or fail to meet conditions of parole. These arrest warrants shall authorize any law enforcement, probation and parole, or peace officer of this state, or any other state where the juvenile is located, to arrest the juvenile and to place the juvenile in physical custody pending the juvenile's return to confinement in a state juvenile rehabilitation facility.

Sec. 608. RCW 13.40.185 and 1994 sp.s. c 7 s 524 are each amended to read as follows:

(1) Any term of confinement imposed for an offense which exceeds thirty days shall be served under the supervision of the department. If the period of confinement imposed for more than one offense exceeds thirty days but the term imposed for each offense is less than thirty days, the confinement may, in the discretion of the

court, be served in a juvenile facility operated by or pursuant to a contract with the state or a county.

(2) Whenever a juvenile is confined in a detention facility or is committed to the department, the court may not directly order a juvenile into a particular county or state facility. The juvenile court administrator and the secretary (~~((assistant secretary))~~) or the secretary's designee, as appropriate, has the sole discretion to determine in which facility a juvenile should be confined or committed. The counties may operate a variety of detention facilities as determined by the county legislative authority subject to available funds.

Sec. 609. RCW 13.40.210 and 2014 c 117 s 3 are each amended to read as follows:

(1) The secretary shall set a release date for each juvenile committed to its custody. The release date shall be within the prescribed range to which a juvenile has been committed under RCW 13.40.0357 or 13.40.030 except as provided in RCW 13.40.320 concerning offenders the department determines are eligible for the juvenile offender basic training camp program. Such dates shall be determined prior to the expiration of sixty percent of a juvenile's minimum term of confinement included within the prescribed range to which the juvenile has been committed. The secretary shall release any juvenile committed to the custody of the department within four calendar days prior to the juvenile's release date or on the release date set under this chapter. Days spent in the custody of the department shall be tolled by any period of time during which a juvenile has absented himself or herself from the department's supervision without the prior approval of the secretary or the secretary's designee.

(2) The secretary shall monitor the average daily population of the state's juvenile residential facilities. When the secretary concludes that in-residence population of residential facilities exceeds one hundred five percent of the rated bed capacity specified in statute, or in absence of such specification, as specified by the department in rule, the secretary may recommend reductions to the governor. On certification by the governor that the recommended reductions are necessary, the secretary has authority to administratively release a sufficient number of offenders to reduce in-residence population to one hundred percent of rated bed capacity. The secretary shall release

those offenders who have served the greatest proportion of their sentence. However, the secretary may deny release in a particular case at the request of an offender, or if the secretary finds that there is no responsible custodian, as determined by the department, to whom to release the offender, or if the release of the offender would pose a clear danger to society. The department shall notify the committing court of the release at the time of release if any such early releases have occurred as a result of excessive in-residence population. In no event shall an offender adjudicated of a violent offense be granted release under the provisions of this subsection.

(3)(a) Following the release of any juvenile under subsection (1) of this section, the secretary may require the juvenile to comply with a program of parole to be administered by the department in his or her community which shall last no longer than eighteen months, except that in the case of a juvenile sentenced for rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, or indecent liberties with forcible compulsion, the period of parole shall be twenty-four months and, in the discretion of the secretary, may be up to thirty-six months when the secretary finds that an additional period of parole is necessary and appropriate in the interests of public safety or to meet the ongoing needs of the juvenile. A parole program is mandatory for offenders released under subsection (2) of this section and for offenders who receive a juvenile residential commitment sentence for theft of a motor vehicle, possession of a stolen motor vehicle, or taking a motor vehicle without permission 1. A juvenile adjudicated for unlawful possession of a firearm, possession of a stolen firearm, theft of a firearm, or drive-by shooting may participate in aggression replacement training, functional family therapy, or functional family parole aftercare if the juvenile meets eligibility requirements for these services. The decision to place an offender in an evidence-based parole program shall be based on an assessment by the department of the offender's risk for reoffending upon release and an assessment of the ongoing treatment needs of the juvenile. The department shall prioritize available parole resources to provide supervision and services to offenders at moderate to high risk for reoffending.

(b) The secretary shall, for the period of parole, facilitate the juvenile's reintegration into his or her community and to further this goal shall require the juvenile to refrain from possessing a firearm or using a deadly weapon and refrain from committing new offenses and may require the juvenile to: (i) Undergo available medical, psychiatric, drug and alcohol, sex offender, mental health, and other offense-related treatment services; (ii) report as directed to a parole officer and/or designee; (iii) pursue a course of study, vocational training, or employment; (iv) notify the parole officer of the current address where he or she resides; (v) be present at a particular address during specified hours; (vi) remain within prescribed geographical boundaries; (vii) submit to electronic monitoring; (viii) refrain from using illegal drugs and alcohol, and submit to random urinalysis when requested by the assigned parole officer; (ix) refrain from contact with specific individuals or a specified class of individuals; (x) meet other conditions determined by the parole officer to further enhance the juvenile's reintegration into the community; (xi) pay any court-ordered fines or restitution; and (xii) perform community restitution. Community restitution for the purpose of this section means compulsory service, without compensation, performed for the benefit of the community by the offender. Community restitution may be performed through public or private organizations or through work crews.

(c) The secretary may further require up to twenty-five percent of the highest risk juvenile offenders who are placed on parole to participate in an intensive supervision program. Offenders participating in an intensive supervision program shall be required to comply with all terms and conditions listed in (b) of this subsection and shall also be required to comply with the following additional terms and conditions: (i) Obey all laws and refrain from any conduct that threatens public safety; (ii) report at least once a week to an assigned community case manager; and (iii) meet all other requirements imposed by the community case manager related to participating in the intensive supervision program. As a part of the intensive supervision program, the secretary may require day reporting.

(d) After termination of the parole period, the juvenile shall be discharged from the department's supervision.

(4) (a) The department may also modify parole for violation thereof. If, after affording a juvenile all of the due process rights to which he or she would be entitled if the juvenile were an adult, the secretary finds that a juvenile has violated a condition of his or her parole, the secretary shall order one of the following which is reasonably likely to effectuate the purpose of the parole and to protect the public: (i) Continued supervision under the same conditions previously imposed; (ii) intensified supervision with increased reporting requirements; (iii) additional conditions of supervision authorized by this chapter; (iv) except as provided in (a) (v) and (vi) of this subsection, imposition of a period of confinement not to exceed thirty days in a facility operated by or pursuant to a contract with the state of Washington or any city or county for a portion of each day or for a certain number of days each week with the balance of the days or weeks spent under supervision; (v) the secretary may order any of the conditions or may return the offender to confinement for the remainder of the sentence range if the offense for which the offender was sentenced is rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, indecent liberties with forcible compulsion, or a sex offense that is also a serious violent offense as defined by RCW 9.94A.030; and (vi) the secretary may order any of the conditions or may return the offender to confinement for the remainder of the sentence range if the youth has completed the basic training camp program as described in RCW 13.40.320.

(b) The secretary may modify parole and order any of the conditions or may return the offender to confinement for up to twenty-four weeks if the offender was sentenced for a sex offense as defined under RCW ~~((9A.44.130))~~ 9A.44.128 and is known to have violated the terms of parole. Confinement beyond thirty days is intended to only be used for a small and limited number of sex offenders. It shall only be used when other graduated sanctions or interventions have not been effective or the behavior is so egregious it warrants the use of the higher level intervention and the violation: (i) Is a known pattern of behavior consistent with a previous sex offense that puts the youth at high risk for reoffending sexually; (ii) consists of sexual behavior that is determined to be predatory as defined in

RCW 71.09.020; or (iii) requires a review under chapter 71.09 RCW, due to a recent overt act. The total number of days of confinement for violations of parole conditions during the parole period shall not exceed the number of days provided by the maximum sentence imposed by the disposition for the underlying offense pursuant to RCW 13.40.0357. The department shall not aggregate multiple parole violations that occur prior to the parole revocation hearing and impose consecutive twenty-four week periods of confinement for each parole violation. The department is authorized to engage in rule making pursuant to chapter 34.05 RCW, to implement this subsection, including narrowly defining the behaviors that could lead to this higher level intervention.

(c) If the department finds that any juvenile in a program of parole has possessed a firearm or used a deadly weapon during the program of parole, the department shall modify the parole under (a) of this subsection and confine the juvenile for at least thirty days. Confinement shall be in a facility operated by or pursuant to a contract with the state or any county.

(5) A parole officer of the department of ~~((social and health services))~~ children, youth, and families shall have the power to arrest a juvenile under his or her supervision on the same grounds as a law enforcement officer would be authorized to arrest the person.

(6) If so requested and approved under chapter 13.06 RCW, the secretary shall permit a county or group of counties to perform functions under subsections (3) through (5) of this section.

Sec. 610. RCW 13.40.220 and 1995 c 300 s 1 are each amended to read as follows:

(1) Whenever legal custody of a child is vested in someone other than his or her parents, under this chapter, and not vested in the department ~~((of social and health services))~~, after due notice to the parents or other persons legally obligated to care for and support the child, and after a hearing, the court may order and decree that the parent or other legally obligated person shall pay in such a manner as the court may direct a reasonable sum representing in whole or in part the costs of support, treatment, and confinement of the child after the decree is entered.

(2) If the parent or other legally obligated person willfully fails or

refuses to pay such sum, the court may proceed against such person for contempt.

(3) Whenever legal custody of a child is vested in the department under this chapter, the parents or other persons legally obligated to care for and support the child shall be liable for the costs of support, treatment, and confinement of the child, in accordance with the department's reimbursement of cost schedule. The department shall adopt a reimbursement of cost schedule based on the costs of providing such services, and shall determine an obligation based on the responsible parents' or other legally obligated person's ability to pay. The department is authorized to adopt additional rules as appropriate to enforce this section.

(4) To enforce subsection (3) of this section, the department shall serve on the parents or other person legally obligated to care for and support the child a notice and finding of financial responsibility requiring the parents or other legally obligated person to appear and show cause in an adjudicative proceeding why the finding of responsibility and/or the amount thereof is incorrect and should not be ordered. This notice and finding shall relate to the costs of support, treatment, and confinement of the child in accordance with the department's reimbursement of cost schedule adopted under this section, including periodic payments to be made in the future. The hearing shall be held pursuant to chapter 34.05 RCW, the administrative procedure act, and the rules of the department.

(5) The notice and finding of financial responsibility shall be served in the same manner prescribed for the service of a summons in a civil action or may be served on the parent or legally obligated person by certified mail, return receipt requested. The receipt shall be prima facie evidence of service.

(6) If the parents or other legally obligated person objects to the notice and finding of financial responsibility, then an application for an adjudicative hearing may be filed within twenty days of the date of service of the notice. If an application for an adjudicative proceeding is filed, the presiding or reviewing officer shall determine the past liability and responsibility, if any, of the parents or other legally obligated person and shall also determine the amount of periodic payments to be made in the future. If the parents or other legally

responsible person fails to file an application within twenty days, the notice and finding of financial responsibility shall become a final administrative order.

(7) Debts determined pursuant to this section are subject to collection action without further necessity of action by a presiding or reviewing officer. The department may collect the debt in accordance with RCW 43.20B.635, 43.20B.640, 74.20A.060, and 74.20A.070. The department shall exempt from payment parents receiving adoption support under RCW (~~74.13.100 through 74.13.145~~) 74.13A.005 through 74.13A.080, parents eligible to receive adoption support under RCW (~~74.13.150~~) 74.13A.085, and a parent or other legally obligated person when the parent or other legally obligated person, or such person's child, spouse, or spouse's child, was the victim of the offense for which the child was committed.

(8) An administrative order entered pursuant to this section shall supersede any court order entered prior to June 13, 1994.

(9) The department shall be subrogated to the right of the child and his or her parents or other legally responsible person to receive support payments for the benefit of the child from any parent or legally obligated person pursuant to a support order established by a superior court or pursuant to RCW 74.20A.055. The department's right of subrogation under this section is limited to the liability established in accordance with its cost schedule for support, treatment, and confinement, except as addressed in subsection (10) of this section.

(10) Nothing in this section precludes the department from recouping such additional support payments from the child's parents or other legally obligated person as required to qualify for receipt of federal funds. The department may adopt such rules dealing with liability for recoupment of support, treatment, or confinement costs as may become necessary to entitle the state to participate in federal funds unless such rules would be expressly prohibited by law. If any law dealing with liability for recoupment of support, treatment, or confinement costs is ruled to be in conflict with federal requirements which are a prescribed condition of the allocation of federal funds, such conflicting law is declared to be inoperative solely to the extent of the conflict.

Sec. 611. RCW 13.40.280 and 1989 c 410 s 2 and 1989 c 407 s 8 are each reenacted and amended to read as follows:

(1) The secretary of the department of children, youth, and families, with the consent of the secretary of the department of corrections, has the authority to transfer a juvenile presently or hereafter committed to the department of ~~((social and health services))~~ children, youth, and families to the department of corrections for appropriate institutional placement in accordance with this section.

(2) The secretary of the department of ~~((social and health services))~~ children, youth, and families may, with the consent of the secretary of the department of corrections, transfer a juvenile offender to the department of corrections if it is established at a hearing before a review board that continued placement of the juvenile offender in an institution for juvenile offenders presents a continuing and serious threat to the safety of others in the institution. The department of ~~((social and health services))~~ children, youth, and families shall establish rules for the conduct of the hearing, including provision of counsel for the juvenile offender.

(3) Assaults made against any staff member at a juvenile corrections institution that are reported to a local law enforcement agency shall require a hearing held by the department of ~~((social and health services))~~ children, youth, and families review board within ten judicial working days. The board shall determine whether the accused juvenile offender represents a continuing and serious threat to the safety of others in the institution.

(4) Upon conviction in a court of law for custodial assault as defined in RCW 9A.36.100, the department of ~~((social and health services))~~ children, youth, and families review board shall conduct a second hearing, within five judicial working days, to recommend to the secretary of the department of ~~((social and health services))~~ children, youth, and families that the convicted juvenile be transferred to an adult correctional facility if the review board has determined the juvenile offender represents a continuing and serious threat to the safety of others in the institution.

The juvenile has the burden to show cause why the transfer to an adult correctional facility should not occur.

(5) A juvenile offender transferred to an institution operated by the department of corrections shall not remain in such an institution beyond the maximum term of confinement imposed by the juvenile court.

(6) A juvenile offender who has been transferred to the department of corrections under this section may, in the discretion of the secretary of the department of ~~((social and health services))~~ children, youth, and families and with the consent of the secretary of the department of corrections, be transferred from an institution operated by the department of corrections to a facility for juvenile offenders deemed appropriate by the secretary.

Sec. 612. RCW 13.40.285 and 1983 c 191 s 23 are each amended to read as follows:

A juvenile offender ordered to serve a term of confinement with the department of ~~((social and health services))~~ children, youth, and families who is subsequently sentenced to the department of corrections may, with the consent of the department of corrections, be transferred by the secretary of ~~((social and health services))~~ children, youth, and families to the department of corrections to serve the balance of the term of confinement ordered by the juvenile court. The juvenile and adult sentences shall be served consecutively. In no case shall the secretary credit time served as a result of an adult conviction against the term of confinement ordered by the juvenile court.

Sec. 613. RCW 13.40.300 and 2005 c 238 s 2 are each amended to read as follows:

(1) In no case may a juvenile offender be committed by the juvenile court to the department of ~~((social and health services))~~ children, youth, and families for placement in a juvenile correctional institution beyond the juvenile offender's twenty-first birthday. A juvenile may be under the jurisdiction of the juvenile court or the authority of the department of ~~((social and health services))~~ children, youth, and families beyond the juvenile's eighteenth birthday only if prior to the juvenile's eighteenth birthday:

(a) Proceedings are pending seeking the adjudication of a juvenile offense and the court by written order setting forth its reasons extends jurisdiction of juvenile

court over the juvenile beyond his or her eighteenth birthday;

(b) The juvenile has been found guilty after a fact finding or after a plea of guilty and an automatic extension is necessary to allow for the imposition of disposition;

(c) Disposition has been held and an automatic extension is necessary to allow for the execution and enforcement of the court's order of disposition. If an order of disposition imposes commitment to the department, then jurisdiction is automatically extended to include a period of up to twelve months of parole, in no case extending beyond the offender's twenty-first birthday; or

(d) While proceedings are pending in a case in which jurisdiction has been transferred to the adult criminal court pursuant to RCW 13.04.030, the juvenile turns eighteen years of age and is subsequently found not guilty of the charge for which he or she was transferred, or is convicted in the adult criminal court of a lesser included offense, and an automatic extension is necessary to impose the disposition as required by RCW 13.04.030(1)(e)(v)(E).

(2) If the juvenile court previously has extended jurisdiction beyond the juvenile offender's eighteenth birthday and that period of extension has not expired, the court may further extend jurisdiction by written order setting forth its reasons.

(3) In no event may the juvenile court have authority to extend jurisdiction over any juvenile offender beyond the juvenile offender's twenty-first birthday except for the purpose of enforcing an order of restitution or penalty assessment.

(4) Notwithstanding any extension of jurisdiction over a person pursuant to this section, the juvenile court has no jurisdiction over any offenses alleged to have been committed by a person eighteen years of age or older.

Sec. 614. RCW 13.40.310 and 1991 c 326 s 4 are each amended to read as follows:

(1) The department (~~(of social and health services)~~) may contract with a community-based nonprofit organization to establish a three-step transitional treatment program for gang and drug-involved juvenile offenders committed to the custody of the department under this chapter (~~(13.40 RCW)~~). Any such program

shall provide six to twenty-four months of treatment. The program shall emphasize the principles of self-determination, unity, collective work and responsibility, cooperative economics, and creativity. The program shall be culturally relevant and appropriate and shall include:

(a) A culturally relevant and appropriate institution-based program that provides comprehensive drug and alcohol services, individual and family counseling, and a wilderness experience of constructive group living, rigorous physical exercise, and academic studies;

(b) A culturally relevant and appropriate community-based structured group living program that focuses on individual goals, positive community involvement, coordinated drug and alcohol treatment, coordinated individual and family counseling, academic and vocational training, and employment in apprenticeship, internship, and entrepreneurial programs; and

(c) A culturally relevant and appropriate transitional group living program that provides support services, academic services, and coordinated individual and family counseling.

(2) Participation in any such program shall be on a voluntary basis.

(3) The department shall adopt rules as necessary to implement any such program.

Sec. 615. RCW 13.40.320 and 2015 3rd sp.s. c 23 s 1 are each amended to read as follows:

(1) The department (~~(of social and health services)~~) may establish a medium security juvenile offender basic training camp program. This program for juvenile offenders serving a term of confinement under the supervision of the department is exempt from the licensing requirements of chapter 74.15 RCW.

(2) The department may contract under this chapter with private companies, the national guard, or other federal, state, or local agencies to operate the juvenile offender basic training camp.

(3) The juvenile offender basic training camp shall be a structured and regimented model emphasizing the building up of an offender's self-esteem, confidence, and discipline. The juvenile offender basic training camp program shall provide participants with basic education, prevocational training, work-based learning, work experience, work ethic

skills, conflict resolution counseling, substance abuse intervention, anger management counseling, and structured intensive physical training. The juvenile offender basic training camp program shall have a curriculum training and work schedule that incorporates a balanced assignment of these or other rehabilitation and training components for no less than sixteen hours per day, six days a week.

The department shall develop standards for the safe and effective operation of the juvenile offender basic training camp program, for an offender's successful program completion, and for the continued after-care supervision of offenders who have successfully completed the program.

(4) Offenders eligible for the juvenile offender basic training camp option shall be those with a disposition of not more than sixty-five weeks. Violent and sex offenders shall not be eligible for the juvenile offender basic training camp program.

(5) If the court determines that the offender is eligible for the juvenile offender basic training camp option, the court may recommend that the department place the offender in the program. The department shall evaluate the offender and may place the offender in the program. The evaluation shall include, at a minimum, a risk assessment developed by the department and designed to determine the offender's suitability for the program. No juvenile who is assessed as a high risk offender or suffers from any mental or physical problems that could endanger his or her health or drastically affect his or her performance in the program shall be admitted to or retained in the juvenile offender basic training camp program.

(6) All juvenile offenders eligible for the juvenile offender basic training camp sentencing option shall spend one hundred twenty days of their disposition in a juvenile offender basic training camp. This period may be extended for up to forty days by the secretary if a juvenile offender requires additional time to successfully complete the basic training camp program. If the juvenile offender's activities while in the juvenile offender basic training camp are so disruptive to the juvenile offender basic training camp program, as determined by the secretary according to standards developed by the department, as to result in the removal of the juvenile offender from the juvenile offender basic training camp program, or

if the offender cannot complete the juvenile offender basic training camp program due to medical problems, the secretary shall require that the offender be committed to a juvenile institution to serve the entire remainder of his or her disposition, less the amount of time already served in the juvenile offender basic training camp program.

(7) All offenders who successfully graduate from the juvenile offender basic training camp program shall spend the remainder of their disposition on parole in a department juvenile rehabilitation (~~administration~~) intensive aftercare program in the local community. Violation of the conditions of parole is subject to sanctions specified in RCW 13.40.210(4). The program shall provide for the needs of the offender based on his or her progress in the aftercare program as indicated by ongoing assessment of those needs and progress. The intensive aftercare program shall monitor postprogram juvenile offenders and assist them to successfully reintegrate into the community. In addition, the program shall develop a process for closely monitoring and assessing public safety risks. The intensive aftercare program shall be designed and funded by the department (~~of social and health services~~).

(8) The department shall also develop and maintain a database to measure recidivism rates specific to this incarceration program. The database shall maintain data on all juvenile offenders who complete the juvenile offender basic training camp program for a period of two years after they have completed the program. The database shall also maintain data on the criminal activity, educational progress, and employment activities of all juvenile offenders who participated in the program.

Sec. 616. RCW 13.40.460 and 2003 c 229 s 1 are each amended to read as follows:

(1) Prepare a biennial budget request sufficient to meet the confinement and rehabilitative needs of the juvenile

rehabilitation program, as forecast by the office of financial management;

(2) Create by rule a formal system for inmate classification. This classification system shall consider:

- (a) Public safety;
- (b) Internal security and staff safety;
- (c) Rehabilitative resources both within and outside the department;
- (d) An assessment of each offender's risk of sexually aggressive behavior as provided in RCW 13.40.470; and

(3) Develop agreements with local jurisdictions to develop regional facilities with a variety of custody levels;

(4) Adopt rules establishing effective disciplinary policies to maintain order within institutions;

(5) Develop a comprehensive diagnostic evaluation process to be used at intake, including but not limited to evaluation for substance addiction or abuse, literacy, learning disabilities, fetal alcohol syndrome or effect, attention deficit disorder, and mental health;

(6) Develop placement criteria:

(a) To avoid assigning youth who present a moderate or high risk of sexually aggressive behavior to the same sleeping quarters as youth assessed as vulnerable to sexual victimization under RCW 13.40.470(1)(c); and

(b) To avoid placing a juvenile offender on parole status who has been assessed as a moderate to high risk for sexually aggressive behavior in a department community residential program with another child who is: (i) Dependent under chapter 13.34 RCW, or an at-risk youth or child in need of services under chapter 13.32A RCW; and (ii) not also a juvenile offender on parole status;

(7) Develop a plan to implement, by July 1, 1995:

(1) The department (~~of social and health services juvenile rehabilitation administration~~) shall establish a reinvesting in youth program that awards grants to counties for implementing research-based early intervention services that target juvenile justice-involved youth and reduce crime, subject to the availability of amounts appropriated for this specific purpose.

(2) Effective July 1, 2007, any county or group of counties may apply for participation in the reinvesting in youth program.

(3) Counties that participate in the reinvesting in youth program shall have a portion of their costs of serving youth through the research-based intervention service models paid for with moneys from the reinvesting in youth account established pursuant to RCW 13.40.466.

(4) The department (~~of social and health services juvenile rehabilitation administration~~) shall review county applications for funding through the reinvesting in youth program and shall select the counties that will be awarded grants with funds appropriated to implement this program. The department, in consultation with the Washington state institute for public policy, shall develop guidelines to determine which counties will be awarded funding in accordance with the reinvesting in youth program. At a

minimum, counties must meet the following criteria in order to participate in the reinvesting in youth program:

(a) Counties must match state moneys awarded for research-based early intervention services with nonstate resources that are at least proportional to the expected local government share of state and local government cost avoidance that would result from the implementation of such services;

(b) Counties must demonstrate that state funds allocated pursuant to this section are used only for the intervention service models authorized pursuant to RCW 13.40.464;

(c) Counties must participate fully in the state quality assurance program established in RCW 13.40.468 to ensure fidelity of program implementation. If no state quality assurance program is in effect for a particular selected research-based service, the county must submit a quality assurance plan for state approval with its grant application. Failure to demonstrate continuing compliance with quality assurance plans shall be grounds for termination of state funding; and

(d) Counties that submit joint applications must submit for approval by the department (~~of social and health services juvenile rehabilitation administration~~) multicounty plans for efficient program delivery.

Sec. 618. RCW 13.40.464 and 2006 c 304 s 3 are each amended to read as follows:

(1)(a) In order to receive funding through the reinvesting in youth program established pursuant to RCW 13.40.462, intervention service models must meet the following minimum criteria:

(i) There must be scientific evidence from at least one rigorous evaluation study of the specific service model that measures recidivism reduction;

(ii) There must be evidence that the specific service model's results can be replicated outside of an academic research environment;

(iii) The evaluation or evaluations of the service model must permit dollar cost estimates of both benefits and costs so that the benefit-cost ratio of the model can be calculated; and

(iv) The public taxpayer benefits to all levels of state and local government must exceed the service model costs.

(b) In calendar year 2006, for use beginning in fiscal year 2008, the Washington state institute for public policy shall publish a list of service models that are eligible for reimbursement through the investing in youth program. As authorized by the board of the institute and to the extent necessary to respond to new research and information, the institute shall periodically update the list of service models. The institute shall use the technical advisory committee established in RCW 13.40.462(5) to review and provide comments on the list of service models that are eligible for reimbursement.

(2) In calendar year 2006, for use beginning in fiscal year 2008, the Washington state institute for public policy shall review and update the methodology for calculating cost savings resulting from implementation of this program. As authorized by the board of the institute, when the institute reviews and updates the methodology for calculating cost savings, the institute shall provide an estimate of savings and avoided costs resulting from this program, along with a projection of future savings and avoided costs, to the appropriate committees of the legislature. The institute shall use the technical advisory committee established in RCW 13.40.462(5) to review and provide comments on its methodology and cost calculations.

(3) In calendar year 2006, for use beginning in fiscal year 2008, the department (~~of social and health services' juvenile rehabilitation administration~~) shall establish a distribution formula to provide funding to local governments that implement research-based intervention services pursuant to this program. The department shall periodically update the distribution formula. The distribution formula shall require that the state allocation to local governments be proportional to the expected state government share of state and local government cost avoidance that would result from the implementation of such services based on the methodology maintained by the Washington state institute for public policy pursuant to subsection (2) of this section. The department shall use the technical advisory committee established in RCW

13.40.462(5) to review and provide comments on its proposed distribution formula.

~~((4) The department of social and health services juvenile rehabilitation administration shall provide a report to the legislature on the initial cost savings calculation methodology and distribution formula by October 1, 2006.)~~

The local government shall also agree to account for the expenditure of all funds received under the grant and to submit to audits for compliance with the grant criteria developed under RCW 13.40.520.

(4) The ~~((juvenile rehabilitation administration))~~ department, in consultation with the Washington association of juvenile court administrators and the state law and justice advisory council, shall establish guidelines for programs that may be funded under RCW 13.40.500 through 13.40.540. (k) Include an evaluation component; and

(l) Recognize the diversity of local needs.

(5) The state law and justice advisory council may provide support and technical assistance to local governments for training and education regarding community-based prevention and intervention strategies.

Sec. 622. RCW 13.40.520 and 1997 c 338 s 62 are each amended to read as follows:

(1) The state may make grants to local governments for the provision of community-based programs for juvenile offenders. Sec. 626. RCW 74.14A.040 and 1983 c 192 s 4 are each amended to read as follows:

The department of children, youth, and families shall involve a juvenile offender's family as a unit in the treatment process. Sec. 627. RCW 72.01.045 and 2002 c 77 s 1 are each amended to read as follows:

(1) For purposes of this section only, "assault" means an unauthorized touching of an employee by a resident, patient, or juvenile offender resulting in physical injury to the employee.

(2) In recognition of the hazardous nature of employment in state institutions, the legislature hereby provides a supplementary program to reimburse employees of the department of social and health services, the department of natural resources, the department of children, youth, and families, and the department of veterans affairs for some of their costs attributable to their being the victims of assault by residents, patients, or juvenile offenders. This program shall be limited to the reimbursement provided in this section.

(3) An employee is only entitled to receive the reimbursement provided in this section if the secretary of social and health services, the commissioner of public lands, the secretary of the department of children, youth, and families, or the director of the department of veterans affairs, or the secretary's, commissioner's, or director's designee, finds that each of the following has occurred:

of ~~((social and health services))~~ children, youth, and families, transfer the child to a facility or institution operated by the department of ~~((social and health services))~~ children, youth, and families. Nothing in this section is interpreted as restoring or creating a means to restore any firearms rights or eligibility to obtain a firearm dealer license pursuant to RCW 9.41.110 or requiring the removal of a protection order.

(a)(i) Criminal justice agencies, as defined in RCW 10.97.030, and the Washington state bar association are exempt from this section.

(iii) To the extent this section conflicts with the requirements for receipt of federal funding under the adoption and safe families act, 42 U.S.C. Sec. 671, this section does not apply.

(b) Unless otherwise addressed in statute, in cases where an applicant would be disqualified under RCW 43.20A.710, and the applicant has obtained a certificate of restoration of opportunity, the department of social and health services and the department of children, youth, and families may, after review of relevant factors, including the nature and seriousness of the offense, time that has passed since conviction, changed circumstances since the offense occurred, and the nature of the employment or license sought, at ~~((its))~~ their discretion:

(i) Allow the applicant to have unsupervised access to children, vulnerable adults, or individuals with mental illness or developmental disabilities if the applicant is otherwise qualified and suitable; or

(ii) Disqualify the applicant solely based on the applicant's criminal history.

(c) If the practice of a profession or business involves unsupervised contact with vulnerable adults, children, or individuals with mental illness or developmental disabilities, or populations otherwise defined by statute as vulnerable, the department of health may, after review of relevant factors, including the nature and seriousness of the offense, time that has passed since conviction, changed circumstances since the offense occurred, and the nature of the employment or license sought, at its discretion:

corporations, or quasi-municipal corporations, the department of health, and its officers, employees, contractors, and agents are immune from suit in law, equity, or any action under the administrative procedure act based upon its exercise of discretion under this section. This section does not create a protected class; private right of action; any right, privilege, or duty; or change to any right, privilege, or duty existing under law. This section does not modify a licensing or certification applicant's right to a review of an agency's decision under the administrative procedure act or other applicable statute or agency rule. A certificate of restoration of opportunity does not remove or alter citizenship or legal residency requirements already in place for state agencies and employers.

(2) A qualified court has jurisdiction to issue a certificate of restoration of opportunity to a qualified applicant.

(a) A court must determine, in its discretion whether the certificate:

(i) Applies to all past criminal history; or

In any action at law against an employer or housing provider arising out of the employment of or provision of housing to the recipient of a certificate of restoration of opportunity, evidence of the crime for which a certificate of restoration of opportunity has been issued may not be introduced as evidence of negligence or intentionally tortious

conduct on the part of the employer or housing provider. This subsection does not create a protected class, private right of action, any right, privilege, or duty, or to change any right, privilege, or duty existing under law related to employment or housing except as provided in RCW 7.60.035.

(4)(a) Department of social and health services: A certificate of restoration of opportunity does not apply to the state abuse and neglect registry. No finding of abuse, neglect, or misappropriation of property may be removed from the registry based solely on a certificate. The department must include such certificates as part of its criminal history record reports, qualifying letters, or other assessments pursuant to RCW 43.43.830 through 43.43.838. The department shall adopt rules to implement this subsection.

(i) A certificate of restoration of opportunity has no effect on any other court records, including records in the judicial information system. The court records related to a certificate of restoration of opportunity must be processed and recorded in the same manner as any other record.

(ii) The qualified court where the applicant seeks the certificate of restoration of opportunity must administer the court records regarding the certificate in the same manner as it does regarding all other proceedings.

(d) Effect in other judicial proceedings: A certificate of restoration of opportunity may only be submitted to a court to demonstrate that the individual met the specific requirements of this section and not for any other procedure, including evidence of character, reputation, or conduct. A certificate is not an equivalent procedure under Rule of Evidence 609(c).

(7) A superior court in the county in which the applicant resides may decline to consider the application for certificate of restoration of opportunity. If the superior court in which the applicant resides declines to consider the application, the court must dismiss the application without prejudice and the applicant may refile the application in another qualified court. The court must state the reason for the dismissal on the order. If the court determines that the applicant does not meet the required qualifications, then the court must dismiss the application without prejudice and state the reason(s) on the order. The superior court in the county of the applicant's conviction or adjudication may not decline to consider the application.

(8) Unless the qualified court determines that a hearing on an application for certificate of restoration is necessary, the court must decide without a hearing whether to grant the certificate of restoration of opportunity based on a review of the application filed by the applicant and pleadings filed by the prosecuting attorney.

(9) The clerk of the court in which the certificate of restoration of opportunity is granted shall transmit the certificate of restoration of opportunity to the Washington state patrol identification section, which holds criminal history information for the person who is the subject of the conviction. (1) In addition to the entities listed in RCW 41.56.020, this chapter applies to the governor with respect to language access providers. Solely for the purposes of collective bargaining and as expressly limited under subsections (2) and (3) of this section, the governor is the public employer of language access providers who, solely for the purposes of collective bargaining, are public employees. The governor or the governor's designee shall represent the public employer for bargaining purposes.

(2) There shall be collective bargaining, as defined in RCW 41.56.030, between the governor and language access providers, except as follows:

(a) A statewide unit of all language access providers is the only unit appropriate for purposes of collective bargaining under RCW 41.56.060;

(b) The exclusive bargaining representative of language access providers in the unit specified in (a) of this subsection shall be the representative chosen in an election conducted pursuant to RCW 41.56.070.

Bargaining authorization cards furnished as the showing of interest in support of any representation petition or motion for intervention filed under this section are exempt from disclosure under chapter 42.56 RCW;

(c) Notwithstanding the definition of "collective bargaining" in RCW 41.56.030(4), the scope of collective bargaining for language access providers under this section is limited solely to: (i) Economic compensation, such as the manner and rate of payments; (ii) professional development and training; (iii) labor-management committees; and (iv) grievance procedures. Retirement

benefits are not subject to collective bargaining. By such obligation neither party may be compelled to agree to a proposal or be required to make a concession unless otherwise provided in this chapter;

(d) In addition to the entities listed in the mediation and interest arbitration provisions of RCW 41.56.430 through 41.56.470 and 41.56.480, the provisions apply to the governor or the governor's designee and the exclusive bargaining representative of language access providers, except that:

(i) In addition to the factors to be taken into consideration by an interest arbitration panel under RCW 41.56.465, the panel shall consider the financial ability of the state to pay for the compensation and benefit provisions of a collective bargaining agreement;

(ii) The decision of the arbitration panel is not binding on the legislature and, if the legislature does not approve the request for funds necessary to implement the compensation and benefit provisions of the arbitrated collective bargaining agreement, the decision is not binding on the state;

(e) Language access providers do not have the right to strike.

(3) Language access providers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state for any other purpose. This section applies only to the governance of the collective bargaining relationship between the employer and language access providers as provided in subsections (1) and (2) of this section.

(4) Each party with whom the department of social and health services or the department of children, youth, and families contracts for language access services and each of their subcontractors shall provide to the department an accurate list of language access providers, as defined in RCW 41.56.030, including their names, addresses, and other contact information, annually by January 30th, except that initially the lists must be provided within thirty days of June 10, 2010. The department shall, upon request, provide a list of all language access providers, including their names, addresses, and other contact information, to a labor union seeking to represent language access providers.

(5) This section does not create or modify:

(a) The department's obligation to comply with the federal statute and regulations; and

(b) The legislature's right to make programmatic modifications to the delivery of state services under chapter 74.04 RCW. The governor may not enter into, extend, or renew any agreement under this chapter that does not expressly reserve the legislative rights described in this subsection.

(6) Upon meeting the requirements of subsection (7) of this section, the governor must submit, as a part of the proposed biennial or supplemental operating budget submitted to the legislature under RCW 43.88.030, a request for funds necessary to implement the compensation and benefit provisions of a collective bargaining agreement entered into under this section or for legislation necessary to implement the agreement.

(7) A request for funds necessary to implement the compensation and benefit provisions of a collective bargaining agreement entered into under this section may not be submitted by the governor to the legislature unless the request has been:

(b) Certified by the director of financial management as financially feasible for the state or reflective of a binding decision of an arbitration panel reached under subsection (2)(d) of this section.

(8) The legislature must approve or reject the submission of the request for funds as a whole. If the legislature rejects or fails to act on the submission, any collective bargaining agreement must be reopened for the sole purpose of renegotiating the funds necessary to implement the agreement.

(9) If, after the compensation and benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by

resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(10) After the expiration date of any collective bargaining agreement entered into under this section, all of the terms and conditions specified in the agreement remain in effect until the effective date of a subsequent agreement, not to exceed one year from the expiration date stated in the agreement.

(11) In enacting this section, the legislature intends to provide state action immunity under federal and state antitrust laws for the joint activities of language access providers and their exclusive bargaining representative to the extent the activities are authorized by this chapter.

Crewmembers working for licensed charters or guides are not required to have a crewmember license.

(b) A crewmember license is required for each individual who participates in

the operation of the vessel or the harvest. For the purposes of this section, the term "harvest" includes participation in tending, deploying, retrieving, or baiting fishing gear, harvesting, or placing fish or shellfish in holds.

(c) An albacore tuna crewmember license satisfies the requirements specified in (a) and (b) of this subsection on vessels fishing for albacore tuna or baitfish lampara.

(2) A crewmember license must be purchased in the name of the individual working as the crewmember. The license holder may use the license aboard any commercial fishing vessel, except an albacore tuna crewmember license is only valid for participating in the albacore tuna fishery or baitfish lampara fishery. A crewmember license purchased by a crewmember may not be transferred to another individual.

(3) Up to two crewmember licenses may be purchased and held by a commercial fishing license holder for use by any individual working on the vessel named in the commercial fishing license. Each crewmember license held by a commercial fishing license holder covers one crewmember per trip, but the same crewmember license may be used to authorize a different individual to act as a crewmember on a subsequent trip.

(4) The fee for an annual crewmember license is thirty-five dollars for residents and one hundred ten dollars for nonresidents. The fee for an annual albacore tuna crewmember license is thirty-five dollars for residents and nonresidents. Additional application fees and surcharges do not apply except that if the license is purchased through the automated licensing system the fees authorized in RCW 77.32.050 apply.

(5) The licenses must be available through the automated licensing system and transaction fees and dealer fees apply, except as provided in subsection (4) of this section. The annual crewmember license is valid for a calendar year.

(6) Family members of the commercial license holder or alternate operators are exempt from the requirements of this section. For purposes of this section, family members include children, grandchildren, spouse, parents, or siblings of the commercial license holder.

Sec. 16. RCW 77.65.010 and 2015 c 97 s 3 are each amended to read as follows:

(1) Except as otherwise provided by this title, a person must have a license (~~(or permit)~~) issued by the director in order to engage in any of the following activities:

(a) Commercially fish for or take food fish or shellfish;

(b) Deliver from a commercial fishing vessel food fish or shellfish taken for commercial purposes in offshore waters. As used in this subsection, "deliver" means arrival at a place or port, and includes arrivals from offshore waters to waters within the state and arrivals from state or offshore waters;

(c) Operate a charter boat or commercial fishing vessel engaged in a fishery;

(d) Engage in (~~(processing or wholesaling food)~~) wholesale buying, selling, dealing, processing, or brokering of raw or frozen fish or shellfish; (~~(or)~~)

(e) Sell his or her commercially harvested catch of fish or shellfish to anyone other than a licensed wholesale fish buyer within or outside the state; or

(f) Act as a food fish guide or game fish guide for personal use, except that a charter boat license is required to operate a vessel from which a person may for a fee fish for food fish in state waters listed in RCW 77.65.150(4)(b).

(2) No person may engage in the activities described in subsection (1) of this section unless the licenses (~~(or permits)~~) required by this title are in the person's possession, and the person is the named license holder or an alternate operator designated on the license and the person's license is not suspended.

(3) A valid Oregon license that is equivalent to a license under this title is valid in the concurrent waters of the Columbia river if the state of Oregon recognizes as valid the equivalent Washington license. The director may identify by rule what Oregon licenses are equivalent.

(4) No license (~~(or permit)~~) is required for the production or harvesting of private sector cultured aquatic products as defined in RCW 15.85.020 or for the delivery, processing, or wholesaling of such aquatic products. However, if a means of identifying such products is required by rules adopted under RCW 15.85.060, the exemption from licensing (~~(or permit)~~) requirements

established by this subsection applies only if the aquatic products are identified in conformance with those rules.

Sec. 17. RCW 77.65.020 and 2011 c 339 s 15 are each amended to read as follows:

(1) Unless otherwise provided in this title, a license issued under this chapter is not transferable from the license holder to any other person.

(2) The following restrictions apply to transfers of commercial fishery licenses, salmon delivery licenses, and salmon charter licenses that are transferable between license holders:

(a) The license holder shall surrender the previously issued license to the department.

(b) The department shall complete no more than one transfer of the license in any seven-day period.

(c) The fee to transfer a license from one license holder to another is:

(i) The same as the (~~(resident)~~) license renewal fee if the license is not limited under chapter 77.70 RCW;

(ii) Three and one-half times the (~~(resident)~~) renewal fee if the license is not a commercial salmon license and the license is limited under chapter 77.70 RCW;

(iii) Fifty dollars if the license is a commercial salmon license and is limited under chapter 77.70 RCW; or

(iv) Five hundred dollars if the license is a Dungeness crab-coastal fishery license (~~(or)~~)

~~(v) If a license is transferred from a resident to a nonresident, an additional fee is assessed that is equal to the difference between the resident and nonresident license fees at the time of transfer, to be paid by the transferee).~~

(d) In addition to the fees under (c) of this subsection, an application fee of one hundred five dollars applies to all commercial license transfers.

(3) A commercial license that is transferable under this title survives the death of the holder. Though such licenses are not personal property, they shall be treated as analogous to personal property for purposes of inheritance and intestacy. Such licenses are subject to state laws governing wills, trusts, estates,

intestate succession, and community property, except that such licenses are exempt from claims of creditors of the estate and tax liens. The surviving spouse, estate, or beneficiary of the estate may apply for a renewal of the license. There is no fee for transfer of a license from a license holder to the license holder's surviving spouse or estate, or to a beneficiary of the estate.

Sec. 18. RCW 77.65.090 and 2011 c 339 s 16 are each amended to read as follows:

This section applies to all commercial fishery licenses, delivery licenses, and charter licenses, except for emergency salmon delivery licenses.

(1) The holder of a license subject to this section may substitute the vessel designated on the license or designate a vessel if none has previously been designated if the license holder:

(a) Surrenders the previously issued license to the department;

(b) Submits to the department an application that identifies the currently designated vessel, the vessel proposed to be designated, and any other information required by the department; and

(c) Pays to the department a fee of thirty-five dollars and an application fee of one hundred five dollars.

(2) Unless the license holder owns all vessels identified on the application described in subsection (1)(b) of this section or unless the vessel is designated on a Dungeness crab-coastal (~~(or a Dungeness crab-coastal class B)~~) fishery license, the following restrictions apply to changes in vessel designation:

(a) The department shall change the vessel designation on the license no more than four times per calendar year.

(b) The department shall change the vessel designation on the license no more than once in any seven-day period.

Sec. 19. RCW 77.65.110 and 2011 c 339 s 17 are each amended to read as follows:

This section applies to all commercial fishery licenses (~~(7 charter boat licenses,)~~) and delivery licenses.

(1) A person designated as an alternate operator must possess an alternate operator license issued under RCW 77.65.130, and be designated on the fishery license prior to engaging in the activities authorized by the license. The

holder of the commercial fishery license (~~(7 charter boat license,)~~) or delivery license may designate up to two alternate operators for the license, except:

(a) Whiting-Puget Sound fishery licensees may not designate alternate operators;

(b) Emergency salmon delivery licensees may not designate alternate operators;

(c) Shrimp pot-Puget Sound fishery licensees may designate no more than one alternate operator at a time; and

(d) Shrimp trawl-Puget Sound fishery licensees may designate no more than one alternate operator at a time.

(2) The fee to change the alternate operator designation is twenty-two dollars in addition to the application fee of one hundred five dollars.

(3) An alternate operator license is not required for an individual to operate a vessel designated as a charter boat under a charter boat license.

Sec. 20. RCW 77.65.120 and 2000 c 107 s 33 are each amended to read as follows:

(1) Only the fishery license holder and any alternate operators designated on the license may sell or deliver (~~(food)~~) fish or shellfish under a commercial fishery license or delivery license. A commercial fishery license or delivery license authorizes no taking or delivery of (~~(food)~~) fish or shellfish unless the license holder or an alternate operator designated on the license is present or aboard the vessel.

(2) (Notwithstanding RCW 77.65.010(1)(c), an alternate operator license is not required for an individual to operate a vessel as a charter boat.) Only the fishery license holder and any alternate operator designated on a license with a limited fish seller endorsement under RCW 77.65.510 may sell the licensee's commercially harvested catch directly to consumers at retail.

Sec. 21. RCW 77.65.150 and 2011 c 339 s 18 are each amended to read as follows:

(3) Holders of commercial salmon fishery licenses may retain incidentally caught food fish other than salmon, subject to rules of the department.

(4) A salmon troll license includes a salmon delivery license.

(5) A salmon gill net license authorizes the taking of salmon only in the geographical area for which the license is issued. The geographical designations in subsection (1) of this section have the following meanings:

(a) "Puget Sound" includes waters of the Strait of Juan de Fuca, Georgia Strait, Puget Sound and all bays, inlets, canals, coves, sounds, and estuaries lying easterly and southerly of the international boundary line and a line at the entrance to the Strait of Juan de Fuca projected northerly from Cape Flattery to the lighthouse on Tatoosh Island and then to Bonilla Point on Vancouver Island.

(b) "Grays Harbor-Columbia river" includes waters of Grays Harbor and

tributary estuaries lying easterly of a line projected northerly from Point Chehalis Light to Point Brown and those waters of the Columbia river and tributary sloughs and estuaries easterly of a line at the entrance to the Columbia river projected southerly from the most westerly point of the North jetty to the most westerly point of the South jetty.

(c) "Willapa Bay-Columbia river" includes waters of Willapa Bay and tributary estuaries and easterly of a line projected northerly from Leadbetter Point to the Cape Shoalwater tower and those waters of the Columbia river and tributary sloughs described in (b) of this subsection.

(6) A commercial salmon troll fishery license may be renewed under this section if the license holder notifies the department by May 1st of that year that he or she will not participate in the fishery during that calendar year. A commercial salmon gill net, reef net, or seine fishery license may be renewed under this section if the license holder notifies the department before the third Monday in September of that year that he or she will not participate in the fishery during that calendar year. The license holder must pay the one hundred dollar enhancement surcharge, plus a one hundred five dollar application fee before the third Monday in September, in order to be considered a valid renewal and eligible to renew the license the following year.

(7) Notwithstanding the annual license fees and surcharges established in subsection (1) of this section, a person who holds a resident commercial salmon fishery license shall pay an annual license fee of one hundred dollars plus the surcharge and application fee if all of the following conditions are met:

(a) The license holder is at least seventy-five years of age;

(b) The license holder owns a fishing vessel and has fished with a resident commercial salmon fishery license for at least thirty years; and

(c) The commercial salmon fishery license is for a geographical area other than the Puget Sound.

An alternate operator may not be designated for a license renewed at the one hundred dollar annual fee under this subsection (7).

Sec. 23. RCW 77.65.170 and 2011 c 339 s 20 are each amended to read as follows:

(1) A salmon delivery license is required for a commercial fishing vessel to deliver salmon taken for commercial purposes in offshore waters to a place or port in the state. As used in this section, "deliver" and "delivery" mean arrival at a place or port, and include arrivals from offshore waters to waters within the state and arrivals ashore from offshore waters. The annual fee for a salmon delivery license is ~~((three))~~ four hundred ~~((eighty))~~ thirty dollars for residents and ~~((six))~~ five hundred ~~((eighty-five))~~ five dollars for nonresidents. The application fee for a salmon delivery license is one hundred five dollars. The annual surcharge under RCW 77.95.090 is one hundred dollars for each license. Holders of nonlimited entry delivery licenses issued under RCW 77.65.210 may apply the nonlimited entry delivery license fee against the salmon delivery license fee.

(2) Only a person who meets the qualifications established in RCW 77.70.090 may hold a salmon delivery license issued under this section.

(3) A salmon delivery license authorizes no taking of salmon or other ~~((food))~~ fish or shellfish from the waters of the state.

(4) If the director determines that the operation of a vessel under a salmon delivery license results in the depletion or destruction of the state's salmon resource or the delivery into this state of salmon products prohibited by law, the director may revoke the license under the procedures of chapter 34.05 RCW.

Sec. 24. RCW 77.65.190 and 2011 c 339 s 21 are each amended to read as follows:

A person who does not qualify for a license under RCW 77.70.090 shall obtain a nontransferable emergency salmon delivery license to make one delivery from a commercial fishing vessel of salmon taken for commercial purposes in offshore waters. As used in this section, "delivery" means arrival at a place or port, and include arrivals from offshore waters to waters within the state and arrivals ashore from offshore waters. The director shall not issue an emergency salmon delivery license unless, as determined by the director, a bona fide emergency exists. The license fee is two hundred ~~((twenty-five))~~ seventy-five dollars for residents and ~~((four))~~ three

hundred ~~((seventy-five))~~ fifty dollars for nonresidents. The application fee is one hundred five dollars. An applicant for an emergency salmon delivery license shall designate no more than one vessel that will be used with the license. Alternate operator licenses are not required of persons delivering salmon under an emergency salmon delivery license. Emergency salmon delivery licenses are not renewable.

Sec. 25. RCW 77.65.200 and 2011 c 339 s 22 are each amended to read as follows:

(1) This section establishes commercial fishery licenses required for food fish fisheries and the annual fees for those licenses. As used in this section, "food fish" does not include salmon. As used in this section, "food fish" does not include salmon. As used in this section, "shellfish" does not include ocean pink shrimp, coastal crab, coastal spot shrimp, or fish or shellfish taken under an emerging commercial fisheries license if taken from off-shore waters. The annual license fee for a nonlimited entry delivery license is ~~((one))~~ two hundred ~~((ten))~~ sixty dollars for residents and ~~((two))~~ three hundred thirty-five dollars for nonresidents, and an additional thirty-five dollar surcharge for both residents and nonresidents to be deposited in the rockfish research account created in RCW 77.12.702. (2) Holders of the following licenses may deliver food fish or shellfish taken in offshore waters without a nonlimited entry delivery license: Salmon troll fishery licenses issued under RCW 77.65.160; salmon delivery licenses issued under RCW 77.65.170; crab pot fishery licenses issued under RCW 77.65.220; food fish trawl-Non-Puget Sound fishery licenses, and emerging commercial fishery licenses issued under RCW 77.65.200; Dungeness crab-coastal fishery licenses; ocean pink shrimp delivery licenses; ~~((shrimp trawl Non Puget Sound fishery licenses,))~~ Washington coastal spot shrimp

pot fishery licenses issued under chapter 77.70 RCW; and emerging commercial fishery licenses issued under RCW 77.65.220.

(3) A nonlimited entry delivery license authorizes no taking of ~~((food))~~ fish or shellfish from state waters.

Sec. 27. RCW 77.65.220 and 2011 c 339 s 24 and 2011 c 147 s 4 are each reenacted and amended to read as follows:

Sec. 28. RCW 77.65.240 and 2000 c 107 s 45 are each amended to read as follows:

A surcharge of one hundred twenty dollars shall be collected with each Dungeness crab-coastal fishery license ~~((and with each Dungeness crab coastal class B fishery license))~~ issued under RCW 77.65.220. Sec. 30. RCW 77.65.310 and 1996 c 267 s 29 are each amended to read as follows:

Wholesale fish ((dealers)) buyers and limited fish sellers are ((responsible for documenting)) required to document the commercial harvest of ((food)) fish and shellfish according to the rules of the department. ((The director may allow only wholesale fish dealers or their designees to receive the forms necessary for the accounting of the commercial harvest of food fish and shellfish.))

Sec. 31. RCW 77.65.320 and 2000 c 107 s 49 are each amended to read as follows:

(1) ~~A wholesale fish ((dealer shall not take possession of food fish or shellfish until the dealer has deposited))~~ buyer or limited fish seller must deposit with the department an acceptable performance bond on forms prescribed and furnished by the department before engaging in fish selling or buying activities. The surcharge shall be as follows: Five hundred dollars for the first year or each of the first two consecutive years after 1999 that any alternate operator is designated and two thousand five hundred dollars each year thereafter that any alternate operator is designated.~~

~~(5)) Sea cucumber dive fishery licenses are transferable subject to the fees and restrictions in RCW 77.65.020(2). ((For licenses issued for license years 2000 through 2013, or whenever the number of licenses is reduced to twenty, whichever occurs first, there is a surcharge to transfer a sea cucumber dive fishery license. The surcharge is five hundred dollars for the first transfer of a license valid for license year 2000 and two thousand five hundred dollars for any subsequent transfer, occurring in the license years 2000 through 2013, or whenever the number of licenses is reduced to twenty, whichever occurs first. The application fee to transfer a sea cucumber dive fishery license is one hundred five dollars. Notwithstanding this subsection, a one-time transfer exempt from surcharge applies for a transfer from the natural person licensed on January 1, 2000, to that person's spouse or child.~~

~~(6)) (5) If fewer than twenty persons are eligible for sea cucumber dive fishery licenses, the director may accept applications for new licenses. The additional licenses may not cause more than twenty natural persons to be eligible for a sea cucumber dive fishery license. New licenses issued under this section shall be distributed according to rules of the department that recover the value of such licensed privilege.~~

Sec. 47. RCW 77.70.220 and 2011 c 339 s 34 are each amended to read as follows:

(1) A person shall not harvest geoduck clams commercially without a geoduck fishery license. This section does not apply to the harvest of private sector cultured aquatic products as defined in RCW 15.85.020. The geoduck fishery license fee and the application fee ~~((is seventy dollars))~~ are specified in RCW 77.65.220.

(2) Only a person who has entered into a geoduck harvesting agreement with the

department of natural resources under RCW 79.135.210 may hold a geoduck fishery license.

(3) A geoduck fishery license authorizes no taking of geoducks outside the boundaries of the public lands designated in the underlying harvesting agreement, or beyond the harvest ceiling set in the underlying harvesting agreement.

(4) A geoduck fishery license expires when the underlying geoduck harvesting agreement terminates.

(5) The director shall determine the number of geoduck fishery licenses that may be issued for each geoduck harvesting agreement, the number of units of gear whose use the license authorizes, and the type of gear that may be used, subject to RCW 77.60.070. In making those determinations, the director shall seek to conserve the geoduck resource and prevent damage to its habitat.

(6) The holder of a geoduck fishery license and the holder's agents and representatives shall comply with all applicable commercial diving safety regulations adopted by the federal occupational safety and health administration established under the federal occupational safety and health act of 1970 as such law exists on May 8, 1979, 84 Stat. 1590 et seq.; 29 U.S.C. Sec. 651 et seq. A violation of those regulations is a violation of this subsection. For the purposes of this section, persons who dive for geoducks are "employees" as defined by the federal occupational safety and health act. A violation of this subsection is grounds for suspension or revocation of a geoduck fishery license following a hearing under the procedures of chapter 34.05 RCW. The director shall not suspend or revoke a geoduck fishery license if the violation has been corrected within ten days of the date the license holder receives written notice of the violation. If there is a substantial probability that a violation of the commercial diving standards could result in death or serious physical harm to a person engaged in harvesting geoduck clams, the director shall suspend the license immediately until the violation has been corrected. If the license holder is not the operator of the harvest vessel and has contracted with another person for the harvesting of geoducks, the director shall not suspend or revoke the license if the license holder terminates its business relationship with that person until

compliance with this subsection is secured.

(7) A person using a vessel in the geoduck fishery is required to apply for and obtain a vessel identification number from the department. The application fee for the vessel identification number is one hundred five dollars.

Sec. 48. RCW 77.70.280 and 2003 c 174 s 5 are each amended to read as follows:

(1) A person shall not commercially fish for coastal crab in Washington state waters without a Dungeness crab-coastal ~~((or a Dungeness crab-coastal class B))~~ fishery license. Gear used must consist of one buoy attached to each crab pot. Each crab pot must be fished individually.

(2) A Dungeness crab-coastal fishery license is transferable. Except as provided in subsections (3) and ~~((4))~~ (7) of this section, such a license shall only be issued to a person who proved active historical participation in the coastal crab fishery by having designated, after December 31, 1993, a vessel or a replacement vessel on the qualifying license that singly or in combination meets the following criteria:

(a) Made a minimum of eight coastal crab landings totaling a minimum of five thousand pounds per season in at least two of the four qualifying seasons identified in subsection ~~((4))~~ (4) of this section, as documented by valid Washington state shellfish receiving tickets; and showed historical and continuous participation in the coastal crab fishery by having held one of the following licenses or their equivalents each calendar year beginning 1990 through 1993, and was designated on the qualifying license of the person who held one of the following licenses in 1994:

(i) Crab pot-Non-Puget Sound license, issued under RCW 77.65.220(1)(b);

(ii) Nonsalmon delivery license, issued under RCW 77.65.210;

(iii) Salmon troll license, issued under RCW 77.65.160;

(iv) Salmon delivery license, issued under RCW 77.65.170;

(v) Food fish trawl license, issued under RCW 77.65.200; or

(vi) Shrimp trawl license, issued under RCW 77.65.220; or

(b) Made a minimum of four Washington landings of coastal crab totaling two thousand pounds during the period from December 1, 1991, to March 20, 1992, and made a minimum of eight crab landings totaling a minimum of five thousand pounds of coastal crab during each of the following periods: December 1, 1991, to September 15, 1992; December 1, 1992, to September 15, 1993; and December 1, 1993, to September 15, 1994. For landings made after December 31, 1993, the vessel shall have been designated on the qualifying license of the person making the landings; or

(c) Made any number of coastal crab landings totaling a minimum of twenty thousand pounds per season in at least two of the four qualifying seasons identified in subsection ~~((5))~~ (4) of this section, as documented by valid Washington state shellfish receiving tickets, showed historical and continuous participation in the coastal crab fishery by having held one of the qualifying licenses each calendar year beginning 1990 through 1993, and the vessel was designated on the qualifying license of the person who held that license in 1994.

(3) A Dungeness crab-coastal fishery license shall be issued to a person who had a new vessel under construction between December 1, 1988, and September 15, 1992, if the vessel made coastal crab landings totaling a minimum of five thousand pounds by September 15, 1993, and the new vessel was designated on the qualifying license of the person who held that license in 1994. All landings shall be documented by valid Washington state shellfish receiving tickets. License applications under this subsection may be subject to review by the advisory review board in accordance with RCW 77.70.030. For purposes of this subsection, "under construction" means either:

(a)(i) A contract for any part of the work was signed before September 15, 1992; and

(ii) The contract for the vessel under construction was not transferred or otherwise alienated from the contract holder between the date of the contract and the issuance of the Dungeness crab-coastal fishery license; and

(iii) Construction had not been completed before December 1, 1988; or

(b)(i) The keel was laid before September 15, 1992; and

(ii) Vessel ownership was not transferred or otherwise alienated from the owner between the time the keel was laid and the issuance of the Dungeness crab-coastal fishery license; and

(iii) Construction had not been completed before December 1, 1988.

~~(4) ((A Dungeness crab coastal class B fishery license is not transferable. Such a license shall be issued to persons who do not meet the qualification criteria for a Dungeness crab coastal fishery license, if the person has designated on a qualifying license after December 31, 1993, a vessel or replacement vessel that, singly or in combination, made a minimum of four landings totaling a minimum of two thousand pounds of coastal crab, documented by valid Washington state shellfish receiving tickets, during at least one of the four qualifying seasons, and if the person has participated continuously in the coastal crab fishery by having held or by having owned a vessel that held one or more of the licenses listed in subsection (2) of this section in each calendar year subsequent to the qualifying season in which qualifying landings were made through 1994. Dungeness crab coastal class B fishery licenses cease to exist after December 31, 1999, and the continuing license provisions of RCW 34.05.422(3) are not applicable.~~

~~(5))~~ The four qualifying seasons for purposes of this section are:

(a) December 1, 1988, through September 15, 1989;

(b) December 1, 1989, through September 15, 1990;

(c) December 1, 1990, through September 15, 1991; and

(d) December 1, 1991, through September 15, 1992.

~~((6))~~ (5) For purposes of this section and RCW 77.70.340, "coastal crab" means Dungeness crab (cancer magister) taken in all Washington territorial and offshore waters south of the United States-Canada boundary and west of the Bonilla-Tatoosh line (a line from the western end of Cape Flattery to Tatoosh Island lighthouse, then to the buoy adjacent to Duntz Rock, then in a straight line to Bonilla Point of Vancouver island), Grays Harbor, Willapa Bay, and the Columbia river.

~~((7))~~ (6) For purposes of this section, "replacement vessel" means a

vessel used in the coastal crab fishery in 1994, and that replaces a vessel used in the coastal crab fishery during any period from 1988 through 1993, and which vessel's licensing and catch history, together with the licensing and catch history of the vessel it replaces, qualifies a single applicant for a Dungeness crab-coastal ~~((or Dungeness crab coastal class B fishery))~~ license. A Dungeness crab-coastal ~~((or Dungeness crab coastal class B fishery))~~ license may only be issued to a person who designated a vessel in the 1994 coastal crab fishery and who designated the same vessel in 1995.

~~((4))~~ (7) A Dungeness crab-coastal fishery license may not be issued to a person who participates in the federal fleet reduction program created in RCW 77.70.460 within ten years of that person's participation in the federal program, if reciprocal restrictions are imposed by the states of Oregon and California on persons participating in the federal fleet reduction program.

Sec. 49. RCW 77.70.290 and 1997 c 418 s 2 are each amended to read as follows:

(1) The director shall allow the landing into Washington state of crab taken in offshore waters only if:

(a) The crab are legally caught and landed by fishers with a valid Washington state Dungeness crab-coastal fishery license ~~((or a valid Dungeness crab-coastal class B fishery license))~~; or

(b) (i) The director determines that the landing of offshore Dungeness crab by fishers without a Washington state Dungeness crab-coastal fishery license ~~((or a valid Dungeness crab-coastal class B fishery license))~~ is in the best interest of the coastal crab processing industry; (ii) the director has been requested to allow such landings by at least three Dungeness crab processors; (iii) the landings are permitted only between the dates of December 1st to February 15th inclusively; (iv) only crab fishers commercially licensed to fish by Oregon or California are permitted to land, if the crab was taken with gear that consisted of one buoy attached to each crab pot, and each crab pot was fished individually; (v) the fisher landing the crab has obtained a valid delivery license; and (vi) the decision is made on a case-by-case basis for the sole reason of improving the economic stability of the commercial crab fishery.

(2) Nothing in this section allows the commercial fishing of Dungeness crab in waters within three miles of Washington state by fishers who do not possess a valid Dungeness crab-coastal fishery license ~~((or a valid Dungeness crab-coastal class B fishery license))~~. Landings of offshore Dungeness crab by fishers without a valid Dungeness crab-coastal fishery license ~~((or a valid Dungeness crab-coastal class B fishery license))~~ do not qualify the fisher for such licenses.

Sec. 50. RCW 77.70.300 and 2000 c 107 s 77 are each amended to read as follows:

A person commercially fishing for Dungeness crab in offshore waters outside of Washington state jurisdiction shall obtain a Dungeness crab offshore delivery license from the director if the person does not possess a valid Dungeness crab-coastal fishery license ~~((or a valid Dungeness crab-coastal class B fishery license))~~ and the person wishes to land Dungeness crab into a place or a port in the state. The annual fee for a Dungeness crab offshore delivery license is two hundred fifty dollars. The director may specify restrictions on landings of offshore Dungeness crab in Washington state as authorized in RCW 77.70.290.

Fees from the offshore Dungeness crab delivery license shall be placed in the coastal crab account created in RCW 77.70.320.

Sec. 51. RCW 77.70.430 and 2006 c 143 s 1 are each amended to read as follows:

(1) In order to administer a Puget Sound crab pot buoy tag program, the department may charge a fee to holders of a Dungeness crab-Puget Sound fishery license to reimburse the department for the production of Puget Sound crab pot buoy tags and the administration of a Puget Sound crab pot buoy tag program.

(2) In order to administer a Washington coastal Dungeness crab pot buoy tag program, the department may charge a fee to holders of a Dungeness crab-coastal ~~((or a Dungeness crab-coastal class B))~~ fishery license and to holders of out-of-state licenses who are issued a pot certificate by the department to reimburse the department for the production of Washington coastal crab pot buoy tags and the administration of a Washington coastal crab pot buoy tag program.

(3) The department shall annually review the costs of crab pot buoy tag production under this section with the

goal of minimizing the per tag production costs. Any savings in production costs shall be passed on to the fishers required to purchase crab pot buoy tags under this section in the form of a lower tag fee.

Sec. 52. RCW 77.70.490 and 2011 c 339 s 36 are each amended to read as follows:

(1) A Washington Pacific sardine purse seine fishery license:

(a) May only be issued to a person that held a coastal pilchard experimental fishery permit in 2008, except as otherwise provided in this section;

(b) Must be renewed annually to remain active; and

(c) Subject to the restrictions of subsections (6) and (7) of this section and RCW 77.65.040, is transferable.

(2) A Washington Pacific sardine purse seine fishery license may be issued to any person that held a coastal pilchard experimental fishery permit in 2005, 2006, or 2007 and is precluded from qualifying under subsection (1) of this section because the vessel designated on the permit sank prior to 2008.

(3) Beginning in 2010, after taking into consideration the status of the Pacific sardine population, the impact of removal of sardines and other forage fish to the marine ecosystem, including the effect on endangered marine species, and the market for Pacific sardines in the state, the director may issue:

(a) A Washington Pacific sardine purse seine fishery license to any person provided that the issuance would not raise the number of licenses beyond the number initially issued in 2009;

(b) A Washington Pacific sardine purse seine temporary annual fishery permit to any person if the combined number of active Washington Pacific sardine purse seine fishery licenses and annual temporary permits already issued during the year is less than twenty-five.

(4) The annual fee for a Washington Pacific sardine purse seine fishery license ~~((is one hundred eighty five dollars for residents and two hundred ninety five dollars for nonresidents.))~~ and the application fee ~~((is one hundred five dollars))~~ are specified in RCW 77.65.200.

(5) The fee for a Washington Pacific sardine purse seine temporary annual fishery permit ~~((is one hundred eighty~~

~~five dollars for residents and two hundred ninety five dollars for nonresidents.))~~ and the application fee ~~((is one hundred five dollars))~~ are specified in RCW 77.65.200. A temporary annual fishery permit expires at the end of the calendar year in which the permit is issued.

(6) Only a person who owns or operates the vessel designated on the license or permit may hold a Washington Pacific sardine purse seine fishery license or temporary annual fishery permit.

(7) A person may not own or hold an ownership interest in more than two Washington Pacific sardine purse seine fishery licenses.

(8) The director shall adopt rules that require a person fishing under a Washington Pacific sardine purse seine fishery license or a temporary annual permit to minimize bycatch, and to the extent bycatch cannot be avoided, to minimize the mortality of such bycatch.

Sec. 53. RCW 82.27.020 and 2010 c 193 s 16 are each amended to read as follows:

The tax is levied upon and shall be collected from the owner of the enhanced food fish whose possession constitutes the taxable event. The taxable event is the first possession in Washington by an owner after the enhanced food fish has been landed. Processing and handling of enhanced food fish by a person who is not the owner is not a taxable event to the processor or handler.

(2) A person in possession of enhanced food fish and liable to this tax may deduct from the price paid to the person from which the enhanced food fish (except oysters) are purchased an amount equal to a tax at one-half the rate levied in this section upon these products.

(3) The measure of the tax is the value of the enhanced food fish at the point of landing.

(4) The tax shall be equal to the measure of the tax multiplied by the rates for enhanced food fish as follows:

(a) Puget Sound Chinook, coho, and chum salmon and anadromous game fish: Five and twenty-five one-hundredths percent;

~~((e))~~ (f) Sea urchins: ~~((Four and six-tenths percent through December 31, 2013, or until the department of fish and wildlife notifies the department that the number of sea urchin licenses has been reduced to twenty licenses, whichever occurs first, and))~~ Two and one-tenth percent ((thereafter)); and

~~((f))~~ (g) Sea cucumbers: ~~((Four and six tenths percent through December 31, 2013, or until the department of fish and wildlife notifies the department that the number of sea cucumber licenses has been reduced to twenty licenses, whichever occurs first, and))~~ Two and one-tenth percent ((thereafter)).

(5) An additional tax is imposed equal to the rate specified in RCW 82.02.030 multiplied by the tax payable under subsection (4) of this section.

All taxes collected by the department of revenue under this chapter shall be deposited in the state general fund except for the ~~((excise tax on anadromous game fish, which shall be deposited in the state wildlife account. From January 1, 2000, to December 31, 2013, or until the department of fish and wildlife notifies the department that the license reduction goals of the sea urchin or sea cucumber fishery have been met, whichever occurs first, twenty-five forty-sixths of the revenues derived from the excise tax on sea urchins collected under RCW 82.27.020 shall be deposited into the sea urchin dive fishery account created in RCW 77.70.150, and twenty-five forty-sixths of the revenues derived from the excise tax on sea cucumbers collected under RCW 82.27.020 shall be deposited into the sea cucumber dive fishery account created in RCW 77.70.190))~~ following:

"Sec. 1. RCW 43.155.010 and 1996 c 168 s 1 are each amended to read as follows:

The legislature finds that there exists in the state of Washington over four billion dollars worth of critical projects for the planning, acquisition, construction, repair, replacement, rehabilitation, or improvement of streets and roads, bridges, water systems, and storm and sanitary sewage systems. The December, 1983 Washington state public works report prepared by the planning and community affairs agency documented that local governments expect to be capable of financing over two billion dollars worth of the costs of those critical projects but will not be able to fund nearly half of the documented needs.

The legislature further finds that Washington's local governments have unmet financial needs for solid waste disposal, including recycling, and encourages the board to make an equitable geographic distribution of the funds.

It is the policy of the state of Washington to encourage self-reliance by local governments in meeting their public works needs and to assist in the financing of critical public works projects by making loans, grants, financing guarantees, and technical assistance available to local governments for these projects.

Sec. 2. RCW 43.155.020 and 2009 c 565 s 33 are each amended to read as follows:

~~((Unless the context clearly requires otherwise,))~~ The definitions in this section ~~((shall))~~ apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the public works board created in RCW 43.155.030.

(2) "Capital facility plan" means a capital facility plan required by the growth management act under chapter 36.70A RCW or, for local governments not fully planning under the growth management act, a plan required by the public works board.

(3) "Department" means the department of commerce.

(4) "Financing guarantees" means the pledge of money in the public works assistance account, or money to be received by the public works assistance account, to the repayment of all or a portion of the principal of or interest on obligations issued by local governments to finance public works projects.

(5) "Local governments" means cities, towns, counties, special purpose districts, and any other municipal corporations or quasi-municipal corporations in the state excluding school districts and port districts.

(6) "Public works project" means a project of a local government for the planning, acquisition, construction, repair, reconstruction, replacement, rehabilitation, or improvement of streets and roads, bridges, water systems, or storm and sanitary sewage systems, lead remediation of drinking water systems, and solid waste facilities, including recycling facilities. A planning project may include the compilation of biological, hydrological, or other data on a county, drainage basin, or region necessary to develop a base of information for a capital facility plan.

(7) "Solid waste or recycling project" means remedial actions necessary to bring abandoned or closed landfills into compliance with regulatory requirements and the repair, restoration, and replacement of existing solid waste transfer, recycling facilities, and landfill projects limited to the opening of landfill cells that are in existing and permitted landfills.

(8) "Technical assistance" means training and other services provided to local governments to: (a) Help such local governments plan, apply, and qualify for loans, grants, and financing guarantees from the board, and (b) help local governments improve their ability to plan for, finance, acquire, construct, repair, replace, rehabilitate, and maintain public facilities.

(9) "Value planning" means a uniform approach to assist in decision making through systematic evaluation of potential alternatives to solving an identified problem.

Sec. 3. RCW 43.155.030 and 1999 c 153 s 58 are each amended to read as follows:

(1) The public works board is hereby created.

(2) The board shall be composed of seventeen members as provided in this subsection:

In appointing the ~~((four))~~ seven general public members, the governor shall ~~((endeavor to))~~ balance the geographical composition of the board and ~~((to))~~ include members with special expertise in relevant fields such as public finance, architecture and civil engineering, and public works construction. The governor shall appoint one of the general public members of the board as chair. The term of the chair shall coincide with the term of the governor.

(b) Four members from the legislature appointed for terms of four years. The speaker of the house of representatives shall appoint one member from each of the two major caucuses of the house of representatives and the president of the senate shall appoint one member from each of the two major caucuses of the senate. Additionally, the speaker of the house of representatives may designate one member from each of the two major caucuses of the house of representatives and the president of the senate may appoint one member from

each of the two major caucuses of the senate as alternate members to take the place of the appointed member on the board for meetings at which the member will be absent. The alternate member shall have all powers to vote and participate in board deliberations as the other board members.

(3) Staff support to the board shall be provided by the department.

(4) Nonlegislative members of the board shall receive no compensation but shall be reimbursed for travel expenses under RCW 43.03.050 and 43.03.060. Legislative members of the board shall be reimbursed for travel in accordance with RCW 44.04.120.

(5) If a vacancy on the board occurs by death, resignation, or otherwise, the governor shall fill the vacant position for the unexpired term. Each vacancy in a position appointed from lists provided by the associations under subsection (2) of this section shall be filled from a list of at least three persons nominated by the relevant association or associations. Any members of the board, appointive or otherwise, may be removed by the governor for cause in accordance with RCW 43.06.070 and 43.06.080.

Sec. 4. RCW 43.155.040 and 1985 c 446 s 10 are each amended to read as follows:

The board may:

(1) Accept from any state or federal agency, loans or grants for the planning or financing of any public works project and enter into agreements with any such agency concerning the loans or grants;

(2) Provide technical assistance to local governments;

(3) Accept any gifts, grants, or loans of funds, property, or financial or other aid in any form from any other source on any terms and conditions which are not in conflict with this chapter;

(4) Develop a program that provides grants and additional assistance to leverage federal programs, and other opportunities to target deeper financial assistance to communities with economic distress or projects that would result in rate increases to residential utility rates that exceed a determined percentage of median household income;

(5) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter;

~~((5))~~ (6) Do all acts and things necessary or convenient to carry out the powers expressly granted or implied under this chapter.

Sec. 5. RCW 43.155.050 and 2015 3rd sp.s. c 4 s 959 and 2015 3rd sp.s. c 3 s 7032 are each reenacted and amended to read as follows:

The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and grants and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated or transferred to the water pollution control revolving account and the drinking water assistance account to provide for state match requirements under federal law ~~((for projects and activities conducted and financed by the board under the drinking water assistance account))~~. Not more than ~~((fifteen))~~ twenty percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans and grants, emergency loans and grants, or loans and grants for capital facility planning under this chapter~~((, of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans))~~. Not more than ten percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated as grants for preconstruction, emergency, capital facility planning, and construction projects. During the 2015-2017 fiscal biennium, the legislature may transfer from the public works assistance account to the general fund, the water pollution control revolving account, and the drinking water assistance account such amounts as reflect the excess fund balance of the account. ~~((During the 2013-2015 fiscal biennium, the legislature may transfer from the public works assistance account to the education legacy trust account such amounts as specified by the legislature.))~~ During the 2015-2017 fiscal biennium, the legislature may appropriate moneys from the account for activities related to the growth management act and

the voluntary stewardship program. During the 2015-2017 fiscal biennium, the legislature may transfer from the public works assistance account to the state general fund such amounts as specified by the legislature. ~~((In the 2017-2019 fiscal biennium the legislature intends to allocate seventy three million dollars of future loan repayments paid into the public works assistance account to support basic education.))~~

Sec. 6. RCW 43.155.060 and 1988 c 93 s 2 are each amended to read as follows:

(1) In order to aid the financing of public works projects, the board may:

~~((1))~~ (a) Make ~~((low interest or interest free))~~ loans or grants to local governments from the public works assistance account or other funds and accounts for the purpose of assisting local governments in financing public works projects. ~~((The board may require such terms and conditions and may charge such rates of interest on its loans as it deems necessary or convenient to carry out the purposes of this chapter.))~~ Money received from local governments in repayment of loans made under this section shall be paid into the public works assistance account for uses consistent with this chapter.

~~((2))~~ (b) Pledge money in the public works assistance account, or money to be received by the public works assistance account, to the repayment of all or a portion of the principal of or interest on obligations issued by local governments to finance public works projects. The board shall not pledge any amount greater than the sum of money in the public works assistance account plus money to be received from the payment of the debt service on loans made from that account, nor shall the board pledge the faith and credit or the taxing power of the state or any agency or subdivision thereof to the repayment of obligations issued by any local government.

~~((3))~~ (c) Create such subaccounts in the public works assistance account as the board deems necessary to carry out the purposes of this chapter.

~~((4))~~ (d) Provide a method for the allocation of loans, grants, and financing guarantees and the provision of technical assistance under this chapter.

(2) When establishing interest rates for loan programs authorized in this chapter for projects which are supported

by a rate base of at least fifty thousand equivalent residential units, the board must base interest rates on the average daily market interest rate for tax-exempt municipal bonds as published in the bond buyer's index for the period from sixty to thirty days before the start of the application cycle.

(a) For projects with a repayment period between five and twenty years, the rate must be fifty percent of the market rate.

(b) For projects with a repayment period under five years, the rate must be twenty-five percent of the market rate.

(c) For any year in which the average daily market interest rate for tax-exempt municipal bonds for the period from sixty to thirty days before the start of an application cycle is nine percent or greater, the board may cap interest rates at four percent for projects with a repayment period between five and twenty years and at two percent for projects with a repayment period under five years.

(d) The board may also provide reduced interest rates, extended repayment periods, or grants for projects that meet financial hardship criteria as measured by the affordability index or similar standard measure of financial hardship. The board may provide reduced interest rates, extended repayment periods, or grants for projects that are supported by a rate base of less than fifty thousand equivalent residential units.

(3) All local public works projects aided in whole or in part under the provisions of this chapter shall be put out for competitive bids, except for emergency public works under RCW 43.155.065 for which the recipient jurisdiction shall comply with this requirement to the extent feasible and practicable. The competitive bids called for shall be administered in the same manner as all other public works projects put out for competitive bidding by the local governmental entity aided under this chapter.

Sec. 7. RCW 43.155.065 and 2001 c 131 s 3 are each amended to read as follows:

The board may make low-interest or interest-free loans or grants to local governments for emergency public works projects. Emergency public works projects shall include the construction, repair, reconstruction, replacement, rehabilitation, or improvement of a public

water system that is in violation of health and safety standards and is being operated by a local government on a temporary basis. The loans or grants may be used to help fund all or part of an emergency public works project less any reimbursement from any of the following sources: (1) Federal disaster or emergency funds, including funds from the federal emergency management agency; (2) state disaster or emergency funds; (3) insurance settlements; or (4) litigation.

Sec. 8. RCW 43.155.068 and 2001 c 131 s 4 are each amended to read as follows:

(1) The board may make (~~low-interest or interest-free~~) loans or grants to local governments for preconstruction activities on public works projects before the legislature approves the construction phase of the project. Preconstruction activities include design, engineering, bid-document preparation, environmental studies, right-of-way acquisition, value planning, and other preliminary phases of public works projects as determined by the board. The purpose of the loans and grants authorized in this section is to accelerate the completion of public works projects by allowing preconstruction activities to be performed before the (~~approval of~~) appropriation for the construction phase of the project by the legislature.

(2) Projects receiving loans or grants for preconstruction activities under this section must be evaluated using the priority process and factors in RCW 43.155.070 (~~(+2)~~). The receipt of a loan or grant for preconstruction activities does not ensure the receipt of a construction loan or grant for the project under this chapter. Construction loans or grants for projects receiving a loan or grant for preconstruction activities under this section are subject to legislative (~~approval~~) appropriation under RCW 43.155.070 (~~((4) and (5))~~) (7). The board shall adopt a single application process for local governments seeking both a loan or grant for preconstruction activities under this section and a construction loan for the project.

Sec. 9. RCW 43.155.070 and 2015 3rd sp.s. c 3 s 7033 are each amended to read as follows:

(1) To qualify for financial assistance under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) ~~((The board must develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board must attempt to assure a geographical balance in assigning priorities to projects. The board must~~

~~consider at least the following factors in assigning a priority to a project:~~

~~(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;~~

~~(b) Except as otherwise conditioned by RCW 43.155.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;~~

~~(c) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;~~

~~(d) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;~~

~~(e) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance;~~

~~(f) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007;~~

~~(g) The cost of the project compared to the size of the local government and amount of loan money available;~~

~~(h) The number of communities served by or funding the project;~~

~~(i) Whether the project is located in an area of high unemployment, compared to the average state unemployment;~~

~~(j) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;~~

~~(k) Except as otherwise conditioned by RCW 43.155.120, and effective one calendar year following the development of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;~~

~~(l) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in~~

~~communities that have low economic growth; and~~

~~(m) Other criteria that the board considers advisable.~~

~~(5) For the 2015-2017 fiscal biennium, in place of the criteria, ranking, and submission processes for construction loan lists provided in subsections (4) and (7) of this section:)~~

(a) The board must develop a process ~~((for numerically ranking))~~ to prioritize applications ((for construction)) and funding of loans and grants for public works projects submitted by local governments. The board must consider, at a minimum and in any order, the following factors in ~~((assigning a numerical ranking to a))~~ a) prioritizing projects:

(i) Whether the project is critical in nature and would affect the health and safety of many people;

(ii) The extent to which the project leverages ~~((nonstate))~~ other funds;

(iii) The extent to which the project is ready to proceed to construction;

(iv) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(v) Whether the project promotes the sustainable use of resources and environmental quality, as applicable;

(vi) Whether the project consolidates or regionalizes systems;

(vii) Whether the project encourages economic development through mixed-use and mixed income development consistent with chapter 36.70A RCW;

(viii) Whether the system is being well-managed in the present and for long-term sustainability;

(ix) Achieving equitable distribution of funds by geography and population;

(x) The extent to which the project meets the following state policy objectives:

(A) Efficient use of state resources;

(B) Preservation and enhancement of health and safety;

(C) Abatement of pollution and protection of the environment;

(D) Creation of new, family-wage jobs, and avoidance of shifting existing jobs

from one Washington state community to another;

(E) Fostering economic development consistent with chapter 36.70A RCW;

(F) Efficiency in delivery of goods and services ~~((, public transit,))~~ and transportation; and

(G) ~~((Avoidance of additional costs to state and local governments that adversely impact local residents and small businesses; and~~

~~((H))~~ Reduction of the overall cost of public infrastructure; ~~((and))~~

(xi) Whether the applicant sought or is seeking funding for the project from other sources; and

(xii) Other criteria that the board considers necessary to achieve the purposes of this chapter.

(b) Before ~~((November))~~ September 1, ((2016)) 2018, and each year thereafter, the board must develop and submit a report regarding the construction loans and grants to the office of financial management and appropriate fiscal committees of the senate and house of representatives ((a ranked list of qualified public works projects which have been evaluated by the board and are recommended for funding by the legislature)). The report must include:

(i) The total number of applications and amount of funding requested for public works projects;

(ii) A list and description of projects approved in the preceding fiscal year with project scores against the board's prioritization criteria;

(iii) The total amount of loan and grants disbursements made from the public works assistance account in the preceding fiscal year;

(iv) The total amount of loan repayments in the preceding fiscal year for outstanding loans from the public works assistance account;

(v) The total amount of loan repayments due for outstanding loans for each fiscal year over the following ten-year period; and

(vi) The total amount of funds obligated and timing of when the funds were obligated in the preceding fiscal year.

~~(c)~~ The maximum amount of funding that the board may ~~((recommend))~~ provide for any jurisdiction is ten million dollars per biennium. ~~((For each project on the ranked list, as well as for eligible projects not recommended for funding, the board must document the numerical ranking that was assigned.~~

~~(6))~~ (5) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

~~((7))~~ (6) Before ~~((November))~~ September 1st of each ~~((even numbered))~~ year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans and grants made under RCW 43.155.065 ~~((7))~~ and 43.155.068 ~~((7 and subsection (10) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list must include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list must also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes, real estate excise taxes, property taxes, and charges for or taxes on sewerage, water, garbage, and other utilities)).~~

~~((8))~~ (7) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds to the board for ~~((a specific list of))~~ the purpose of funding public works projects under this chapter. ~~((The legislature may remove projects from the list recommended by the board. The legislature may not change the order of the priorities recommended for funding by the board.~~

~~(9) Subsection (8) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection (10) of this section.~~

~~(10) Loans made for the purpose of capital facilities plans are exempted from subsection (8) of this section.~~

~~(11))~~ (8) To qualify for loans, grants, or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

~~((12))~~ (9) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

~~((13) During the 2015-2017 fiscal biennium,))~~ (10) For projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is reasonably obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan or grant.

~~((14) (a) For public works assistance account application rounds conducted during the 2015-2017 fiscal biennium,))~~ (11) The board must implement policies and procedures designed to maximize local government ~~((use))~~ consideration of ~~((federal))~~ other funds to finance local infrastructure ~~((including, but not limited to, drinking water and clean water state revolving funds operated by the state departments of health and ecology. Projects that are eligible for the drinking water and clean water state revolving funds may receive public works board preconstruction loans. Projects that are eligible for the drinking water and clean water state revolving funds are not eligible for public works board construction loans. For purposes of this subsection "eligible for drinking water and clean water state revolving funds" means:~~

~~(i) Projects that have applied to the state revolving funds and are awaiting a funding decision;~~

~~(ii) Projects that have been rejected for funding solely due to not meeting readiness requirements; and~~

~~(iii) Projects that have not applied, but would likely be eligible if the project applied and met the project readiness requirements.~~

~~(b) For all construction loan projects proposed to the legislature for funding during the 2015-2017 fiscal biennium, the board must base interest rates on the average daily market interest rate for tax-exempt municipal bonds as published in the bond buyer's index for the period from sixty to thirty days before the start of the application cycle. For projects with a repayment period between five and twenty years, the rate must be sixty percent of the market rate. For projects with a repayment period under five years, the rate must be thirty percent of the market rate. The board must also provide reduced interest rates, extended repayment periods, or forgivable principal loans for projects that meet financial hardship criteria as measured by the affordability index or similar standard measure of financial hardship).~~

Sec. 10. RCW 43.155.075 and 2001 c 227 s 10 are each amended to read as follows:

In providing loans and grants for public works projects, the board shall require recipients to incorporate the environmental benefits of the project into their applications, and the board shall utilize the statement of environmental benefits in its prioritization and selection process, when applicable. For projects funded under this chapter, the board may require a local government to have sustainable asset management best practices in place; provide a long-term financial plan to demonstrate a sound maintenance program; have a long-term financial plan for loan repayments in place; and undergo value planning at the predesign project stage, where the greatest productivity gains and cost savings can be found. The board shall also develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the loan and grant program. To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270. The board shall

consult with affected interest groups in implementing this section.

NEW SECTION. Sec. 11. (1) An interagency, multijurisdictional system improvement team must identify, implement, and report on system improvements that achieve the designated outcomes, including:

(a) Projects that maximize value, minimize overall costs and disturbance to the community, and ensure long-term durability and resilience;

(b) Projects that are designed to meet the unique needs of each community, rather than the needs of particular funding programs;

(c) Project designs that maximize long-term value by fully considering and responding to anticipated long-term environmental, technological, economic and population changes;

(d) The flexibility to innovate, including utilizing natural systems, addressing multiple regulatory drivers, and forming regional partnerships;

(e) The ability to plan and collaborate across programs and jurisdictions so that different investments are packaged to be complementary, timely, and responsive to economic and community opportunities;

(f) The needed capacity for communities, appropriate to their unique financial, planning, and management capacities, so they can design, finance, and build projects that best meet their long-term needs and minimize costs;

(g) Optimal use and leveraging of federal and private infrastructure dollars; and

(h) Mechanisms to ensure periodic, system-wide review and ongoing achievement of the designated outcomes.

(2) The system improvement team must consist of representatives of state infrastructure programs that provide funding for drinking water, wastewater, and storm water programs, including but not limited to representatives from the public works board, department of ecology, department of health, and the department of commerce. The system improvement team may invite representatives of other infrastructure programs, such as transportation and energy, as needed in order to achieve efficiency, minimize costs, and maximize value across infrastructure programs. The system

improvement team shall also consist of representatives of users of those programs, representatives of infrastructure project builders, and other parties the system improvement team determines would contribute to achieving the desired outcomes, including but not limited to representatives from a state association of cities, a state association of counties, a state association of public utility districts, a state association of water and sewer districts, a state association of general contractors, and a state organization representing building trades. The public works board, a representative from the department of ecology, department of health, and department of commerce shall facilitate the work of the system improvement team.

(3) The system improvement team must focus on achieving the designated outcomes within existing program structures and authorities. The system improvement team shall use lean practices to achieve the designated outcomes.

(4) The system improvement team shall provide briefings as requested to the public works board on the current state of infrastructure programs to build an understanding of the infrastructure investment program landscape and the interplay of its component parts.

(5) If the system improvement team encounters statutory or regulatory barriers to system improvements, the system improvement team must inform the public works board and consult on possible solutions. When achieving the designated outcomes would be best served through changes in program structures or authorities, the system improvement team must report those findings to the public works board.

(6) This section expires June 30, 2021.

NEW SECTION. **Sec. 12.** The public works board, in consultation with stakeholders, including the system improvement team and financing experts, must evaluate and report on other financing approaches that could be established to provide access to financing for local governments who have trouble accessing the existing private credit market at reasonable rates for infrastructure. The public works board must submit the report to the appropriate fiscal committees of the senate and house of representatives and the office of financial management by December 1, 2018.

Sec. 13. RCW 82.45.060 and 2013 2nd sp.s. c 9 s 6 are each amended to read as follows:

There is imposed an excise tax upon each sale of real property at the rate of one and twenty-eight one-hundredths percent of the selling price. Beginning July 1, 2013, and ending June 30, (~~2019~~) 2023, an amount equal to two percent of the proceeds of this tax must be deposited in the public works assistance account created in RCW 43.155.050, and an amount equal to four and one-tenth percent must be deposited in the education legacy trust account created in RCW 83.100.230. Thereafter, an amount equal to six and one-tenth percent of the proceeds of this tax to the state treasurer must be deposited in the public works assistance account created in RCW 43.155.050. (1) The legislature recognizes the need for temporary short-term relief for foster parents who care for children with emotional, mental, or physical handicaps. For purposes of this section, respite care means appropriate, temporary, short-term care for these foster children placed with licensed foster parents. The purpose of this care is to give the foster parents temporary relief from the stresses associated with the care of these foster children. The department shall design a program of respite care that will minimize disruptions to the child and will serve foster parents within these priorities, based on input from foster parents, foster parent associations, and reliable research if available.

(2) (a) For the purposes of this section, and subject to funding appropriated specifically for this purpose, short-term support shall include case aides who provide temporary assistance to foster parents as needed with the overall goal of supporting the parental efforts of the foster parents except that this assistance shall not include overnight assistance. The department shall contract with nonprofit community-based organizations in each region to establish a statewide pool of individuals to provide the support described in this subsection. These individuals shall be hired by the nonprofit community-based organization

Short-term support as described in this subsection shall be available to all licensed foster parents in the state as funding is available and shall be phased in by geographic region. To obtain the assistance of a case aide for this purpose, the foster parent may request the services from the nonprofit community-based organization and the nonprofit community-based organization may offer assistance to licensed foster families. If the requests for the short-term support provided in this subsection exceed the funding available, the nonprofit community-based organization shall have discretion to determine the assignment of case aides. The nonprofit community-based organization shall report all short-term support provided under this subsection to the department.

(b) Subject to funding appropriated specifically for this purpose, the Washington state institute for public policy shall prepare an outcome evaluation of the short-term support described in this subsection. The evaluation will, to the maximum extent possible, assess the impact of the short-term support services described in this subsection on the retention of foster homes and the number of placements a foster child receives while in out-of-home care as well as the return on investment to the state. The institute shall submit a preliminary report to the appropriate committees of the legislature and the governor by December 1, 2018, that describes the initial implementation of these services and descriptive statistics of the families utilizing these services. A final report shall be submitted to the appropriate committees of the legislature by June 30, 2020. At no cost to the institute, the department shall provide all data necessary to discharge this duty.

(c) Costs associated with case aides as described in this subsection shall not be included in the forecast.

(d) Pursuant to RCW 41.06.142(3), performance-based contracting under (a) of this subsection is expressly mandated by the legislature and is not subject to the processes set forth in RCW 41.06.142 (1), (4), and (5).

Sec. 7. RCW 74.13.031 and 2015 c 240 s 3 are each amended to read as follows:

(1) The department and supervising agencies shall develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, the department and supervising agencies shall recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and the department shall annually report to the governor and the legislature concerning the department's and supervising agency's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3) The department shall investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or

exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) As provided in RCW 26.44.030(11), the department may respond to a report of child abuse or neglect by using the family assessment response.

(5) The department or supervising agencies shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(6) The department or supervising agencies shall monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. Under this section children in out-of-home care and in-home dependencies and their caregivers shall receive a private and individual face-to-face visit each month. The department and the supervising agencies shall randomly select no less than ten percent of the caregivers currently providing care to receive one unannounced face-to-face visit in the caregiver's home per year. No caregiver will receive an unannounced visit through the random selection process for two consecutive years. If the caseworker makes a good faith effort to conduct the unannounced visit to a caregiver and is unable to do so, that month's visit to that caregiver need not be unannounced. The department and supervising agencies are encouraged to group monthly visits to caregivers by geographic area so that in the event an unannounced visit cannot be completed, the caseworker may complete other required monthly visits. The department shall use a method of random selection that does not cause a fiscal impact to the department.

The department or supervising agencies shall conduct the monthly visits with

children and caregivers to whom it is providing child welfare services.

(7) The department and supervising agencies shall have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(8) The department and supervising agency shall have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(9) The department and supervising agency shall have authority to purchase care for children.

(10) The department shall establish a children's services advisory committee with sufficient members representing supervising agencies which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(11) (a) The department and supervising agencies shall provide continued extended foster care services to nonminor dependents who are:

(i) Enrolled in a secondary education program or a secondary education equivalency program;

(ii) Enrolled and participating in a postsecondary academic or postsecondary vocational education program;

(iii) Participating in a program or activity designed to promote employment or remove barriers to employment;

(iv) Engaged in employment for eighty hours or more per month; or

(v) Not able to engage in any of the activities described in (a)(i) through (iv) of this subsection due to a documented medical condition.

(b) To be eligible for extended foster care services, the nonminor dependent must have been dependent and in foster care at the time that he or she reached age eighteen years. If the dependency case of the nonminor dependent was dismissed pursuant to RCW 13.34.267, he or she may receive extended foster care services pursuant to a voluntary placement agreement under RCW 74.13.336 or pursuant to an order of dependency issued by the court under RCW 13.34.268. A nonminor dependent whose dependency case was dismissed by the court must have requested extended foster care services before reaching age nineteen years.

(c) The department shall develop and implement rules regarding youth eligibility requirements.

(d) The department shall make efforts to ensure that extended foster care services maximize medicaid reimbursements. This must include the department ensuring that health and mental health extended foster care providers participate in medicaid, unless the condition of the extended foster care youth requires specialty care that is not available among participating medicaid providers or there are no participating medicaid providers in the area. The department shall coordinate other services to maximize federal resources and the most cost-efficient delivery of services to extended foster care youth.

(12) The department shall have authority to provide adoption support benefits, or relative guardianship subsidies on behalf of youth ages eighteen to twenty-one years who achieved permanency through adoption or a relative guardianship at age sixteen or older and who meet the criteria described in subsection (11) of this section.

(13) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be

referred to the division of child support unless required by federal law.

(14) The department and supervising agencies shall have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order. The purchase of such care is exempt from the requirements of chapter 74.13B RCW and may be purchased from the federally recognized Indian tribe or tribally licensed child-placing agency, and shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 (~~and 74.13.032 through~~), 43.185C.295, 74.13.035, and 74.13.036, or of this section all services to be provided by the department under subsections (4), (7), and (8) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(15) Within amounts appropriated for this specific purpose, the supervising agency or department shall provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(16) The department and supervising agencies shall have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty-one years of age who are or have been in foster care.

(17) The department and supervising agencies shall consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department and supervising agencies are performing the duties and meeting the obligations specified in this section and RCW 74.13.250 and 74.13.320 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens

services for the protection of children. Consultation shall occur at the regional and statewide levels.

(18)(a) The department shall, within current funding levels, place on its public web site a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

(i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;

(ii) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);

(iii) Parent-child visits;

(iv) Statutory preference for placement with a relative or other suitable person, if appropriate; and

(v) Statutory preference for an out-of-home placement that allows the child to remain in the same school or school district, if practical and in the child's best interests.

(b) The document must be prepared in conjunction with a community-based organization and must be updated as needed.

(19) The department shall have the authority to purchase legal representation for parents of children who are at risk of being dependent, or who are dependent, to establish or modify a parenting plan under chapter 26.09 or 26.26 RCW, when it is necessary for the child's safety, permanence, or well-being. This subsection does not create an entitlement to legal representation purchased by the department and does not create judicial authority to order the department to purchase legal representation for a parent. Such determinations are solely within the department's discretion.

Sec. 8. RCW 74.13A.025 and 2013 c 23 s 210 are each amended to read as follows:

The factors to be considered by the secretary in setting the amount of any payment or payments to be made pursuant to RCW 26.33.320 and 74.13A.005 through 74.13A.080 and in adjusting standards hereunder shall include: The size of the family including the adoptive child, the usual living expenses of the family, the special needs of any family member including education needs, the family income, the family resources and plan for

savings, the medical and hospitalization needs of the family, the family's means of purchasing or otherwise receiving such care, and any other expenses likely to be needed by the child to be adopted. In setting the amount of any initial payment made pursuant to RCW 26.33.320 and 74.13A.005 through 74.13A.080, the secretary is authorized to establish maximum payment amounts that are reasonable and allow permanency planning goals related to adoption of children under RCW 13.34.145 to be achieved at the earliest possible date. To encourage adoption of children between the ages of fourteen and eighteen, and in particular those children between the ages of fourteen and eighteen who are hard to place for adoption, the secretary is authorized to include as part of any new negotiated adoption agreement executed after the effective date of this section continued eligibility for the Washington college bound scholarship pursuant to RCW 28B.118.010.

The amounts paid for the support of a child pursuant to RCW 26.33.320 and 74.13A.005 through 74.13A.080 may vary from family to family and from year to year. Due to changes in economic circumstances or the needs of the child such payments may be discontinued and later resumed.

Payments under RCW 26.33.320 and 74.13A.005 through 74.13A.080 may be continued by the secretary subject to review as provided for herein, if such parent or parents having such child in their custody establish their residence in another state or a foreign jurisdiction.

In fixing the standards to govern the amount and character of payments to be made for the support of adopted children pursuant to RCW 26.33.320 and 74.13A.005 through 74.13A.080 and before issuing rules and regulations to carry out the provisions of RCW 26.33.320 and 74.13A.005 through 74.13A.080, the secretary shall consider the comments and recommendations of the committee designated by the secretary to advise him or her with respect to child welfare.

Sec. 9. RCW 74.13A.030 and 1996 c 130 s 2 are each amended to read as follows:

To carry out the program authorized by RCW 26.33.320 and ((74.13.100 through 74.13.145)) 74.13A.005 through 74.13A.080, the secretary may make continuing payments or lump sum payments of adoption support. In lieu of continuing

payments, or in addition to them, the secretary may make one or more specific lump sum payments for or on behalf of a hard to place child either to the adoptive parents or directly to other persons to assist in correcting any condition causing such child to be hard to place for adoption.

Consistent with a particular child's needs, continuing adoption support payments shall include, if necessary to facilitate or support the adoption of a special needs child, an amount sufficient to remove any reasonable financial barrier to adoption as determined by the secretary under RCW (~~74.13.112~~) 74.13A.025.

After determination by the secretary of the amount of a payment or the initial amount of continuing payments, the prospective parent or parents who desire such support shall sign an agreement with the secretary providing for the payment, in the manner and at the time or times prescribed in regulations to be issued by the secretary subject to the provisions of RCW 26.33.320 and (~~74.13.100 through 74.13.145~~) 74.13A.005 through 74.13A.080, of the amount or amounts of support so determined.

Payments shall be subject to review as provided in RCW 26.33.320 and (~~74.13.100 through 74.13.145~~) 74.13A.005 through 74.13A.080.

Sec. 10. RCW 74.13A.047 and 2012 c 147 s 2 are each amended to read as follows:

(1) To ensure expenditures continue to remain within available funds as required by RCW 74.13A.005 and 74.13A.020, the secretary shall not set the amount of any adoption assistance payment or payments, made pursuant to RCW 26.33.320 and 74.13A.005 through 74.13A.080, to more than eighty percent of the foster care maintenance payment for that child had he or she remained in a foster family home during the same period. This subsection applies prospectively to adoption assistance agreements established on or after July 1, 2013, through June 30, 2017.

(2)(a) To ensure expenditures continue to remain within available funds as required by RCW 74.13A.005 and 74.13A.020, the secretary shall not set the amount of any adoption assistance payment or payments, made pursuant to RCW 26.33.320 and 74.13A.005 through 74.13A.080, to more than the following:

(i) For a child under the age of five, no more than eighty percent of the foster

care maintenance payment for that child had he or she remained in a foster family home during the same period.

(ii) For a child aged five through nine, no more than ninety percent of the foster care maintenance payment for that child had he or she remained in a foster family home during the same period.

(iii) For a child aged ten through eighteen, no more than ninety-five percent of the foster care maintenance payment for that child had he or she remained in a foster family home during the same period.

(b) This subsection applies prospectively to adoption assistance agreements established on or after the effective date of this section.

(3) The department must establish a central unit of adoption support negotiators to help ensure consistent negotiation of adoption support agreements that will balance the needs of adoptive families with the state's need to remain fiscally responsible.

~~((3))~~ (4) The department must request, in writing, that adoptive families with existing adoption support contracts renegotiate their contracts to establish lower adoption assistance payments if it is fiscally feasible for the family to do so. The department shall explain that adoption support contracts may be renegotiated as needs arise.

No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The reporting requirement also applies to guardians ad litem, including court-appointed special advocates, appointed under Titles 11 and 13 RCW and this title, who in the course of their representation of children in these actions have reasonable cause to believe a child has been abused or neglected.

(f) The reporting requirement in (a) of this subsection also applies to administrative and academic or athletic department employees, including student employees, of institutions of higher education, as defined in RCW 28B.10.016, and of private institutions of higher education.

(g) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report

must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency, including military law enforcement, if appropriate. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency

shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute.

Violation of this subsection is a misdemeanor.

(10) Upon receiving a report of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

(11)(a) Upon receiving a report of alleged abuse or neglect, the department shall use one of the following discrete responses to reports of child abuse or neglect that are screened in and accepted for departmental response:

(i) Investigation; or

(ii) Family assessment.

(b) In making the response in (a) of this subsection the department shall:

(i) Use a method by which to assign cases to investigation or family assessment which are based on an array of factors that may include the presence of: Imminent danger, level of risk, number of previous child abuse or neglect reports, or other presenting case characteristics, such as the type of alleged maltreatment and the age of the alleged victim. Age of the alleged victim shall not be used as the sole criterion for determining case assignment;

(ii) Allow for a change in response assignment based on new information that alters risk or safety level;

(iii) Allow families assigned to family assessment to choose to receive an investigation rather than a family assessment;

(iv) Provide a full investigation if a family refuses the initial family assessment;

(v) Provide voluntary services to families based on the results of the initial family assessment. If a family refuses voluntary services, and the department cannot identify specific facts related to risk or safety that warrant assignment to investigation under this chapter, and there is not a history of reports of child abuse or neglect related to the family, then the department must close the family assessment response case. However, if at any time the department identifies risk or safety factors that warrant an investigation under this chapter, then the family assessment response case must be reassigned to investigation;

(vi) Conduct an investigation, and not a family assessment, in response to an allegation that, the department determines based on the intake assessment:

(A) Poses a risk of "imminent harm" consistent with the definition provided in RCW 13.34.050, which includes, but is not limited to, sexual abuse and sexual exploitation as defined in this chapter;

(B) Poses a serious threat of substantial harm to a child;

(C) Constitutes conduct involving a criminal offense that has, or is about to occur, in which the child is the victim;

(D) The child is an abandoned child as defined in RCW 13.34.030;

(E) The child is an adjudicated dependent child as defined in RCW 13.34.030, or the child is in a facility that is licensed, operated, or certified for care of children by the department under chapter 74.15 RCW, or by the department of early learning.

(c) The department may not be held civilly liable for the decision to respond to an allegation of child abuse or neglect by using the family assessment response under this section unless the state or its officers, agents, or employees acted with reckless disregard.

(12)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received,

unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(13) For reports of alleged abuse or neglect that are responded to through family assessment response, the department shall:

(a) Provide the family with a written explanation of the procedure for assessment of the child and the family and its purposes;

(b) Collaborate with the family to identify family strengths, resources, and service needs, and develop a service plan with the goal of reducing risk of harm to the child and improving or restoring family well-being;

(c) Complete the family assessment response within forty-five days of receiving the report; however, upon parental agreement, the family assessment response period may be extended up to ninety days;

(d) Offer services to the family in a manner that makes it clear that acceptance of the services is voluntary;

(e) Implement the family assessment response in a consistent and cooperative manner;

(f) Have the parent or guardian (~~sign an agreement~~) agree to participate in services before services are initiated (~~that~~). The department shall inform(~~the~~) the parents of their rights under family assessment response, all of their options, and the options the department has if the parents do not (~~sign the consent form~~) agree to participate in services.

(14) (a) In conducting an investigation or family assessment of alleged abuse or neglect, the department or law enforcement agency:

(i) May interview children. If the department determines that the response to the allegation will be family assessment response, the preferred practice is to request a parent's, guardian's, or custodian's permission to interview the child before conducting the child interview unless doing so would compromise the safety of the child or the integrity of the assessment. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. If the allegation is investigated, parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(ii) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(b) The Washington state school directors' association shall adopt a model policy addressing protocols when an interview, as authorized by this subsection, is conducted on school premises. In formulating its policy, the association shall consult with the department and the Washington association of sheriffs and police chiefs.

(15) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombuds of the contents of the report. The department shall also notify the ombuds of the disposition of the report.

(16) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(17) (a) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(b) In the family assessment response, the department shall not make a finding as to whether child abuse or neglect occurred. No one shall be named as a perpetrator and no investigative finding shall be entered in the department's child abuse or neglect database.

(18) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor.

(19) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(20) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030.

(21) The department shall make efforts as soon as practicable to determine the military status of parents whose children are subject to abuse or neglect allegations. If the department determines that a parent or guardian is in the military, the department shall notify a department of defense family advocacy program that there is an allegation of abuse and neglect that is screened in and open for investigation that relates to that military parent or guardian.

(22) The department shall make available on its public web site a downloadable and printable poster that includes the reporting requirements included in this section. The poster must be no smaller than eight and one-half by eleven inches with all information on one side. The poster must be made available in both the English and Spanish languages. Organizations that include employees or

volunteers subject to the reporting requirements of this section must clearly display this poster in a common area. At a minimum, this poster must include the following:

(a) Who is required to report child abuse and neglect;

(b) The standard of knowledge to justify a report;

(c) The definition of reportable crimes;

(d) Where to report suspected child abuse and neglect; and

(e) What should be included in a report and the appropriate timing.

NEW SECTION. **Sec. 25.** (1) The department of social and health services, with technical consultation from the caseload forecast council and associated technical work groups, shall review the forecasts of licensed foster care to ensure that all youth in licensed foster care are included in the caseload forecast and that maintenance level costs associated with these youth, not including costs associated with behavioral rehabilitation services, are accurately calculated.

(2) The department of social and health services shall submit a report detailing their findings and any recommendations associated with this review to the governor and the appropriate committees of the legislature no later than December 1, 2017.

(3) This section expires January 1, 2018.

The assessment must focus on dependent children in Grant, Lewis, Douglas, and Whatcom counties. The assessment must quantify differentials, if any, between the experience of children who are represented in the dependency proceeding and those who are not in relation to the following:

Subject to the availability of amounts appropriated during the 2019-2021 fiscal biennium or obtained from other sources, the center may continue the research assessment through December 31, 2021, and submit a supplemental report to the legislature. The report or reports may not include personal identifiers, or any personally identifiable information, as defined in the federal family educational rights and privacy act.

(2) Except for sales of bottled water delivered to the buyer in a reusable container that is not sold with the water, sellers must collect tax on sales subject to this exemption. Any buyer that has paid at least twenty-five dollars in state and local sales taxes on purchases of bottled

Part II

Remote Sellers, Referrers, and Marketplace Facilitators

NEW SECTION. Sec. 201. (1) The legislature finds that states fail to collect more than twenty-three billion dollars annually in sales taxes from remote sales over the internet and through catalogs. The legislature further finds that Washington and its local governments will lose out on an estimated three hundred fifty-three million dollars in sales and use taxes in fiscal year 2018 from remote sales, reducing funds that would otherwise be available for the public education system, health care services, infrastructure, and other vital public services.

(2) The legislature finds that Colorado adopted a law requiring out-of-state retailers that do not collect Colorado's sales tax to report tax-related information to their Colorado customers and the Colorado department of revenue. The legislature further finds that in 2016 the United States court of appeals for the tenth circuit upheld that law.

(3) The legislature intends by this act to address the significant harm and unfairness brought about by the physical presence nexus rule. To achieve this objective, this act adopts a new program. Under the new program, remote sellers meeting a specified threshold of gross receipts from retail sales into this state

would have the option to either collect retail sales or use tax on taxable retail sales into this state or comply with certain sales and use tax notice and reporting provisions. This option is also available to other persons such as marketplace facilitators for facilitated sales on behalf of third-party remote sellers. The sales and use tax notice and reporting provisions in this act are similar to the multistate tax commission's draft model sales and use tax notice and reporting statute and Colorado's sales and use tax notice and reporting law.

NEW SECTION. Sec. 202. A new section is added to chapter 82.08 RCW to be codified between RCW 82.08.052 and 82.08.054 to read as follows:

(1) (a) (i) Except as provided in (a) (ii) of this subsection, beginning January 1, 2018, and for any calendar year thereafter, remote sellers, referrers, and marketplace facilitators meeting the criteria in subsection (2) of this section or that have a physical presence in this state, must elect to either collect and remit retail sales or use tax on all taxable retail sales into this state pursuant to this chapter and chapters 82.12 and 82.32 RCW or comply with section 205 of this act.

(ii) Until January 1, 2020, the requirement under (a) (i) of this subsection (1) to collect and remit tax or comply with section 205 of this act does not apply with respect to the retail sale of digital products and digital codes, other than (A) specified digital products and digital games and (B) digital codes used to redeem specified digital products and digital games, by a marketplace seller through a marketplace facilitator or directly resulting from a referral.

(b) For marketplace facilitators, the election provided in (a) of this subsection (1) applies only with respect to:

(i) Retail sales through the marketplace facilitator's marketplace by or on behalf of marketplace sellers who do not have a physical presence in this state; and

(ii) A marketplace facilitator's own retail sales, if the marketplace facilitator does not have a physical presence in this state.

(c) (i) For referrers, the election provided in (a) of this subsection (1) applies only with respect to:

(A) Retail sales directly resulting from a referral of the purchaser to a marketplace seller who does not have a physical presence in this state; and

(B) A referrer's own retail sales, if the referrer does not have a physical presence in this state.

(ii) A referrer may make different elections with respect to retail sales described in (c)(i)(A) and (B) of this subsection.

(d) An election under (a) of this subsection (1) to collect retail sales or use tax is binding on the remote seller, referrer, or marketplace facilitator until January 1st of the calendar year that is at least twelve consecutive months after the remote seller, referrer, or marketplace facilitator began collecting retail sales or use tax under such election. A remote seller, referrer, or marketplace facilitator who has made an election under this subsection to collect retail sales or use tax may change its election and comply with section 205 of this act by providing written notice to the department in a form and manner required by the department. Such an election change may take effect only on the first day of the calendar year that is at least thirty days following the date that the department received written notice from the remote seller, referrer, or marketplace facilitator of its change in election.

(e)(i) Remote sellers, referrers, and marketplace facilitators complying with section 205 of this act may change their election under this subsection (1) at any time by collecting and remitting retail sales or use taxes under this chapter or chapter 82.12 RCW on taxable retail sales sourced to this state. Such an election is binding as provided in (d) of this subsection (1).

(ii) Remote sellers, referrers, and marketplace facilitators electing for the first time to collect retail sales or use tax must begin collecting state and local retail sales or use taxes on taxable retail sales sourced to this state beginning on the first day of the calendar month that is at least thirty days from the date that the remote seller, referrer, or marketplace facilitator met either threshold described in subsection (2) of this section.

(f) If the department discovers that any remote seller, referrer, or marketplace facilitator required to make

an election under this subsection (1) is not registered with the department and collecting retail sales or use tax, the remote seller, referrer, or marketplace facilitator is conclusively presumed to have elected to comply with the notice and reporting requirements of section 205 of this act.

(2)(a) A remote seller is subject to subsection (1) of this section if, during the current or immediately preceding calendar year, its gross receipts from retail sales sourced to this state under RCW 82.32.730 are at least ten thousand dollars.

(b) A marketplace facilitator is subject to subsection (1) of this section if, during the current or immediately preceding calendar year, the gross receipts from retail sales sourced to this state under RCW 82.32.730 by the marketplace facilitator, whether in its own name or as an agent of a marketplace seller, total at least ten thousand dollars.

(c) A referrer is subject to subsection (1) of this section if, during the current or immediately preceding calendar year, the gross income of the business received from the referrer's referral services apportioned to Washington under RCW 82.04.462, whether or not subject to tax under chapter 82.04 RCW, and from retail sales sourced to this state under RCW 82.32.730, if any, is at least two hundred sixty-seven thousand dollars.

(3) This section is subject to the provisions of section 214 of this act.

(4) For the purposes of this section, "marketplace facilitator," "referral," "referrer," and "remote seller" have the same meaning as provided in section 204 of this act.

NEW SECTION. Sec. 203. A new section is added to chapter 82.08 RCW to be codified between section 202 of this act and RCW 82.08.054 to read as follows:

(1)(a) For purposes of this chapter and chapter 82.12 RCW, a marketplace facilitator or referrer is deemed to be an agent of any marketplace seller making retail sales through the marketplace facilitator's physical or electronic marketplace or directly resulting from a referral of the purchaser by the referrer.

(b) In addition to other applicable recordkeeping requirements, the department may require a marketplace

facilitator or referrer to provide or make available to the department any information the department determines is reasonably necessary to enforce the provisions of this chapter and chapter 82.--- RCW (the new chapter created in section 501 of this act). Such information may include documentation of sales made by marketplace sellers through the marketplace facilitator's physical or electronic marketplace or directly resulting from a referral by the referrer. The department may prescribe by rule the form and manner for providing this information.

(2) A marketplace facilitator or referrer is relieved of liability under this chapter and chapter 82.12 RCW for failure to collect the correct amount of tax to the extent that the marketplace facilitator or referrer can show to the department's satisfaction that the error was due to incorrect information given to the marketplace facilitator or referrer by the marketplace seller, unless the marketplace facilitator, or referrer, and marketplace seller are affiliated persons. Where the marketplace facilitator or referrer is relieved of liability under this subsection (2), the marketplace seller is solely liable for the amount of uncollected tax due.

(3)(a) Subject to the limits in (b) and (c) of this subsection (3), a marketplace facilitator or referrer is relieved of liability under this chapter and chapter 82.12 RCW for the failure to collect tax on taxable retail sales to the extent that the marketplace facilitator or referrer can show to the department's satisfaction that:

(i) The taxable retail sale was made through the marketplace facilitator's marketplace or directly resulting from a referral of the purchaser by the referrer;

(ii) The taxable retail sale was made solely as the agent of a marketplace seller, and the marketplace facilitator, or referrer, and marketplace seller are not affiliated persons; and

(iii) The failure to collect sales tax was not due to an error in sourcing the sale under RCW 82.32.730.

(b) Liability relief for a marketplace facilitator under (a) of this subsection (3) for a calendar year is limited as follows:

(i) For calendar year 2018, the liability relief may not exceed ten

percent of the total tax due under this chapter and chapter 82.12 RCW on taxable retail sales by the marketplace facilitator as agent of a marketplace seller and sourced to this state under RCW 82.32.730 during the same calendar year.

(ii) For calendar years 2019, 2020, 2021, 2022, and 2023, the liability relief may not exceed five percent of the total tax due under this chapter and chapter 82.12 RCW on taxable retail sales by the marketplace facilitator as agent of a marketplace seller and sourced to this state under RCW 82.32.730 during the same calendar year.

(iii) Beginning in calendar year 2024, the liability relief may not exceed three percent of the total tax due under this chapter and chapter 82.12 RCW on taxable retail sales by the marketplace facilitator as agent of a marketplace seller and sourced to this state under RCW 82.32.730 during the same calendar year.

(c) Liability relief for a referrer under (a) of this subsection (3) for a calendar year is limited as follows:

(i) For calendar year 2018, the liability relief may not exceed ten percent of the total tax due under this chapter and chapter 82.12 RCW on taxable retail sales directly resulting from a referral of the purchaser to the marketplace seller by the referrer and sourced to this state under RCW 82.32.730 during the same calendar year.

(ii) For calendar years 2019, 2020, 2021, 2022, and 2023, the liability relief may not exceed five percent of the total tax due under this chapter and chapter 82.12 RCW on taxable retail sales directly resulting from a referral of the purchaser to the marketplace seller by the referrer and sourced to this state under RCW 82.32.730 during the same calendar year.

(iii) Beginning in calendar year 2024, the liability relief may not exceed three percent of the total tax due under this chapter and chapter 82.12 RCW on taxable retail sales directly resulting from a referral of the purchaser to the marketplace seller by the referrer and sourced to this state under RCW 82.32.730 during the same calendar year.

(d) Where the marketplace facilitator or referrer is relieved of liability under this subsection (3), the marketplace seller is also relieved of liability for the amount of uncollected tax due, subject

to the limitations in subsection (4) of this section.

(e) The department may by rule determine the manner in which a taxpayer may claim the liability relief provided under this subsection.

(4) Except as otherwise provided in this section, a marketplace seller obligated or electing to collect the taxes imposed under this chapter and chapter 82.12 RCW is not required to collect such taxes on all taxable retail sales through a marketplace operated by a marketplace facilitator or directly resulting from a referral of the purchaser to the marketplace seller by the referrer if the marketplace seller has obtained documentation from the marketplace facilitator or referrer indicating that the marketplace facilitator or referrer is registered with the department and will collect all applicable taxes due under this chapter and chapter 82.12 RCW on all taxable retail sales made on behalf of the marketplace seller through the marketplace operated by the marketplace facilitator or taxable retail sales directly resulting from a referral of the purchaser to the marketplace seller by the referrer. The documentation required by this subsection (4) must be provided in a form and manner prescribed by or acceptable to the department. This subsection (4) does not relieve a marketplace seller from liability for uncollected taxes due under this chapter or chapter 82.12 RCW resulting from a marketplace facilitator's or referrer's failure to collect the proper amount of tax due when the error was due to incorrect information given to the marketplace facilitator or referrer by the marketplace seller.

(5) Except as otherwise provided in this section, a marketplace seller that is also a remote seller subject to section 202(1) of this act is relieved of its obligation to collect sales or use taxes imposed under section 202 of this act with respect to all taxable retail sales through a marketplace operated by a marketplace facilitator that provides the marketplace seller with written confirmation that the marketplace facilitator has elected to comply with the notice and reporting requirements of section 205 of this act in lieu of collecting sales and use taxes.

(6) Notwithstanding subsections (4) and (5) of this section, a marketplace seller is not relieved of the obligation to collect taxes imposed under this chapter

and chapter 82.12 RCW or comply with section 202 of this act with respect to retail sales of digital products and digital codes, other than (a) specified digital products and digital games and (b) digital codes used to redeem specified digital products and digital games, until January 1, 2020.

(7) No class action may be brought against a marketplace facilitator or referrer in any court of this state on behalf of purchasers arising from or in any way related to an overpayment of sales or use tax collected by the marketplace facilitator or referrer, regardless of whether that claim is characterized as a tax refund claim. Nothing in this subsection affects a purchaser's right to seek a refund from the department as provided under chapter 82.32 RCW.

(8) Nothing in this section affects the obligation of any purchaser to remit sales or use tax as to any applicable taxable transaction in which the seller or the seller's agent does not collect and remit sales tax.

(9) This section is subject to the provisions of section 214 of this act.

(10) The definitions in section 204 of this act apply to this section.

NEW SECTION. Sec. 204. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(b) "Referrer" does not include a person that:

(i) Provides internet advertising services; and

(ii) Does not ever provide either the marketplace seller's shipping terms or advertise whether a marketplace seller charges sales tax.

(10) "Remote seller" means any seller, other than a marketplace facilitator or referrer, who does not have a physical presence in this state and makes retail sales to purchasers.

(11) "Retail sale" and "sale" have the same meaning as provided in chapter 82.04 RCW.

(12) "Seller" has the same meaning as in RCW 82.08.010 and includes marketplace facilitators, whether making sales in their own right or on behalf of marketplace sellers, and referrers.

NEW SECTION. Sec. 205. (1) Except as otherwise provided in subsection (5) of this section, a seller that does not collect the tax imposed under chapter 82.08 or 82.12 RCW on a taxable retail sale must comply with the applicable notice and reporting requirements of this section. For taxable retail sales made through a marketplace facilitator, or other agent, the marketplace facilitator, or other agent must comply with the notice and reporting requirements of this section, and the principal is not subject to the notice and reporting requirements of this section with respect to those sales. If the referrer makes an election to comply with the applicable notice and reporting requirements of this section, marketplace sellers to whom a referral is

made by the referrer remain subject to the applicable notice and reporting requirements under this section for their sales unless the marketplace sellers collect the tax imposed under chapter 82.08 or 82.12 RCW on taxable retail sales sourced to this state under RCW 82.32.730.

(2)(a) A seller, other than a referrer acting in its capacity as a referrer, subject to the notice and reporting requirements of this section must:

(i) Post a conspicuous notice on its marketplace, platform, web site, catalog, or any other similar medium that informs Washington purchasers that:

(A) Sales or use tax is due on certain purchases;

(B) Washington requires the purchaser to file a use tax return; and

(C) The notice is provided under the requirements of this section; and

(ii) Provide a notice to each consumer at the time of each retail sale. The notice under this subsection (2)(a)(ii) must include the following information:

(A) A statement that neither sales nor use tax is being collected or remitted upon the sale;

(B) A statement that the consumer may be required to remit sales or use tax directly to the department; and

(C) Instructions for obtaining additional information from the department regarding whether and how to remit the sales or use tax to the department.

(b) The notice under (a)(ii) of this subsection (2) must be prominently displayed on all invoices and order forms including, where applicable, electronic and catalog invoices and order forms, and upon each sales receipt or similar document provided to the purchaser, whether in paper or electronic form. No indication may be made that sales or use tax is not imposed upon the transaction, unless:

(i) Such indication is followed immediately with the notice required by (a)(ii) of this subsection (2); or

(ii) The transaction with respect to which the indication is given is exempt from sales and use tax pursuant to law.

(3) A referrer subject to the notice and reporting requirements of this section must:

(a) Post a conspicuous notice on its platform that informs Washington purchasers:

(i) That sales or use tax is due on certain purchases;

(ii) That the seller may or may not collect and remit retail sales tax on a purchase;

(iii) That Washington requires the purchaser to file a use tax return if retail sales tax is not assessed at the time of a taxable sale by the seller;

(iv) That the notice is provided under the requirements of this section;

(v) Of the instructions for obtaining additional information from the department regarding whether and how to remit the sales or use tax to the department; and

(vi) That if the seller to whom the purchaser is referred does not collect retail sales tax on a subsequent purchase by the purchaser, the seller may be required to provide information to the purchaser and the department about the purchaser's potential sales or use tax liability.

(b) The notice under (a) of this subsection (3) must be prominently displayed on the platform and may include pop-up boxes or notification by other means that appear when the referrer transfers a purchaser to a marketplace seller or an affiliated person to complete the sale.

(4)(a) A seller, other than a referrer acting in its capacity as a referrer, subject to the notice and reporting requirements of subsection (2) of this section must, no later than February 28th of each year, provide a report to each consumer for whom the seller was required to provide a notice under subsection (2)(a)(ii) of this section.

(b) The report under this subsection (4) must include:

(i) A statement that the seller did not collect sales or use tax on the consumer's transactions with the seller and that the consumer may be required to remit such tax directly to the department;

(ii) A list, by date, generally indicating the type of product purchased or leased during the immediately preceding calendar year by the consumer from the seller, sourced to this state under RCW 82.32.730, and the price of each product;

(iii) Instructions for obtaining additional information from the department regarding whether and how to remit the sales or use tax to the department;

(iv) A statement that the seller is required to submit a report to the department pursuant to subsection (6) of this section stating the total dollar amount of the consumer's purchases from the seller; and

(v) Any information as the department may reasonably require.

(c)(i) The report required under this subsection (4) must be sent to the consumer's billing address or, if unknown, the consumer's shipping address, by first-class mail, in an envelope marked prominently with words indicating important tax information is enclosed.

(ii) If no billing or shipping address is known, the report must be sent electronically to the consumer's last known email address with a subject heading indicating important tax information is enclosed.

(5)(a) A referrer subject to the notice requirements under subsection (3) of this section must, no later than February 28th of each year, provide notice to each marketplace seller to whom the referrer transferred a potential purchaser located in Washington during the previous calendar year.

(b) The notice under this subsection (5) must include:

(i) A statement that Washington imposes a sales or use tax on retail sales;

(ii) A statement that a seller, meeting the threshold in section 202(2) of this act, is required to either collect and remit retail sales or use tax on all taxable retail sales sourced to this state under RCW 82.32.730 or to comply with this section; and

(iii) Instructions for obtaining additional information from the department.

(c) By February 28th of each year, a referrer required to provide the notice under this subsection must provide the department with:

(i) A list of sellers who received the referrer's notice under this subsection. The information must be provided electronically in a form and manner required by the department.

(ii) An affidavit signed under penalty of perjury from an officer of the referrer affirming that the referrer made reasonable efforts to comply with the applicable sales and use tax notice and reporting requirements of this section.

(6)(a) A seller, other than a referrer acting in its capacity as a referrer, subject to the notice and reporting requirements of this section must, no later than February 28th of each year, file a report with the department.

(b) The report under this subsection (6) must include, with respect to each consumer to whom the seller is required to provide a report under subsection (4) of this section by February 28th of the current calendar year:

(i) The consumer's name;

(ii) The billing address and, if different, the last known mailing address;

(iii) The shipping address for each product sold or leased to such consumer for delivery to a location in this state during the immediately preceding calendar year; and

(iv) The total dollar amount of all such purchases by such consumer.

(c) The report under this subsection (6) must also include an affidavit signed under penalty of perjury from an officer of the seller affirming that the seller made reasonable efforts to comply with the applicable sales and use tax notice and reporting requirements in this section.

(d) Except for the affidavit, the report under this subsection (6) must be filed electronically in a form and manner required by the department.

(7) A seller who is registered with the department to collect and remit retail sales and use tax, and who makes a reasonable effort to comply with the requirements of RCW 82.08.050 and 82.12.040, is not required to provide notice or file reports under this section.

(8) Every seller subject to this chapter must keep and preserve, for a period of five years, suitable records as may be necessary for the department to verify the seller's compliance with this chapter. All of the seller's books, records, and invoices must be open for examination at any reasonable time by the department. The department may require the attendance of any officer of the seller or any employee of the seller having

knowledge pertinent to the department's investigation of the seller's compliance with this chapter, at a time and place fixed in a subpoena issued under RCW 82.32.117, and may take the person's testimony under oath.

(9) In exercising discretion in enforcing the provisions of this chapter, the department may take into consideration available resources, whether the anticipated benefits from any potential enforcement activities are likely to exceed the department's expected enforcement costs, and any other factors the department deems appropriate.

NEW SECTION. Sec. 206. (1) (a) The department must assess a penalty against any seller, other than a referrer acting in its capacity as a referrer, that fails to provide notice to consumers pursuant to section 205(2) (a) of this act, in addition to any other applicable penalties, in the amount of twenty thousand dollars. The department may assess the penalty under this subsection only once per calendar year, regardless of the number of notices a seller fails to provide pursuant to section 205(2) (a) of this act during the calendar year. The department may apply this penalty at any time during a calendar year and no more frequently than annually.

(b) The department must assess a penalty against any referrer that fails to provide notice to consumers pursuant to section 205(3) of this act, in addition to any other applicable penalties, in the amount of twenty thousand dollars. The department may apply this penalty at any time during a calendar year and no more frequently than annually.

(2) (a) The department must assess a penalty against a seller who fails to provide a report as required by section 205 (4) or (5) of this act, in addition to any other applicable penalties, as follows:

(i) Five thousand dollars if the gross receipts of the seller and through the seller's marketplace from retail sales sourced to this state under RCW 82.32.730 are less than fifty thousand dollars for the calendar year for which the report was required to be made;

(ii) Ten thousand dollars if the gross receipts of the seller and through the seller's marketplace from retail sales sourced to this state under RCW 82.32.730 are at least fifty thousand dollars but less than one hundred fifty thousand dollars;

(iii) Fifty thousand dollars if the gross receipts of the seller and through the seller's marketplace from retail sales sourced to this state under RCW 82.32.730 are at least one hundred fifty thousand dollars but less than three hundred thousand dollars; or

(iv) If the gross receipts of the seller and through the seller's marketplace from retail sales sourced to this state under RCW 82.32.730 are three hundred thousand dollars or greater, one hundred thousand dollars plus twenty thousand dollars for every fifty thousand dollars in gross receipts over three hundred thousand dollars.

(b) The department must assess a penalty against a referrer who fails to provide the notice and list required by section 205(5) of this act, in addition to any other applicable penalties. The department may assess the penalty under this subsection only once per calendar year, regardless of the number of failures to comply with section 205(5) of this act during the calendar year. The amount of the penalties assessed are as follows:

(i) Fifty thousand dollars if the gross income of the referrer is at least two hundred sixty-seven thousand dollars but less than three hundred thousand dollars of the gross income of the business received from the referrer's referral services apportioned to Washington under RCW 82.04.460, whether or not subject to tax under chapter 82.04 RCW, for the calendar year for which the notice and list was required to be made; or

(ii) If the gross income of the referrer is three hundred thousand dollars or greater, one hundred thousand dollars plus twenty thousand dollars for every fifty thousand dollars in gross income over three hundred thousand dollars of the gross income of the business received from the referrer's referral services apportioned to Washington under RCW 82.04.460, whether or not subject to tax under chapter 82.04 RCW, for the calendar year for which the notice and list was required to be made.

(3) The department must assess a penalty against any seller, other than a referrer acting in its capacity as a referrer, who fails to provide a report to the department as required by section 205(6) of this act, in addition to any other applicable penalties, in the amount of twenty-five dollars multiplied by the number of consumers that should have been

included on such report, but not less than twenty thousand dollars for any calendar year.

(4) The penalties imposed under subsections (1) through (3) of this section are cumulative.

(5) No penalty may be imposed by the department under subsections (1) through (4) of this section more than four years after the close of the calendar year in which the notice or report giving rise to the penalty was required to have been provided. This subsection (5) does not apply to penalties reassessed under subsection (9) of this section.

(6) When assessing a penalty under this section, the department may use any reasonable estimation technique where necessary or appropriate to determine the amount of any penalty.

(7) Interest accrues on the amount of the total penalty that has been assessed under this section until the total penalty amount is paid in full. Interest imposed under this section must be computed and assessed as provided in RCW 82.32.050 as if the penalty imposed under this subsection was a tax liability.

(8) The department must notify a seller by mail, or electronically as provided in RCW 82.32.135, of the amount of any penalty and interest due under this section. Amounts due under this section must be paid in full within thirty days from the date of the notice, or within such further time as the department may provide in its sole discretion.

(9)(a)(i) A seller is entitled to a conditional waiver of penalties and interest imposed under this section if the seller enters into a written agreement with the department electing to collect retail sales or use tax or fully comply with all applicable notice and reporting requirements of this chapter, beginning by a date acceptable to the department. An election to collect retail sales or use tax must be for a period of at least twelve consecutive months and is subject to the provisions of section 202(1)(d) of this act.

(ii) The department may grant a waiver of penalties and interest under this subsection (9)(a) for penalties and interest assessed for a seller's failure to comply with the notice and reporting requirements for one or more violations.

(iii) The department may not grant more than one request by a seller for a waiver of penalties and interest under this subsection (9)(a).

(iv) The department must reassess penalties and interest conditionally waived under this subsection (9)(a) if the department finds that, after the date that the seller agreed to fully comply with the applicable notice and reporting requirements of this chapter, the seller failed to:

(A) Provide notice under section 205(2)(a)(ii) of this act to at least ninety percent of the consumers entitled to such notice in any given calendar year or portion of the initial calendar year in which the agreement required under this subsection was in effect if the agreement was in effect for less than the entire calendar year;

(B) Timely provide the reports required under section 205(4) of this act to all consumers who received notice from the seller under section 205(2)(a)(ii) of this act during any calendar year, unless the department finds that any such failure was due to circumstances beyond the seller's control;

(C) Timely provide the reports required under section 205(6) of this act during any calendar year, unless the department finds that any such failure was due to circumstances beyond the seller's control; or

(D) With respect to referrers, timely provide the notice required under section 205(3) of this act and the notice and list required under section 205(5) of this act during any calendar year, unless the department finds that any such failure was due to circumstances beyond the referrer's control.

(v) The department must reassess penalties and interest conditionally waived under this subsection (9)(a) if the department finds that, after the date that the seller elected to collect retail sales or use tax, the seller failed to register with the department and make a reasonable effort to comply with the requirements of RCW 82.08.050 and 82.12.040.

(vi) The department may not reassess penalties and interest conditionally waived under this subsection (9)(a) more than four calendar years following the calendar year in which the department granted the conditional waiver under this subsection (9)(a).

(vii) The provisions of subsection (8) of this section apply to penalties and interest reassessed under this subsection (9) (a). The department may add additional interest on penalties reassessed under this subsection (9) (a) only if the total amount of penalties reassessed under this subsection (9) (a) is not paid in full by the date due.

(b) The department must waive penalties and interest imposed under this section if the department determines that the failure of the seller to fully comply with the notice or reporting requirements was due to circumstances beyond the seller's control.

(c) The department may waive penalties imposed under this section if the department determines that the failure of the seller to fully comply with the notice or reporting requirements was due to reasonable cause and not willful neglect. In determining whether reasonable cause exists, the department will consider, among other relevant factors, whether: (i) The failure was due to willful or reckless disregard of the seller's notice or reporting obligations; (ii) the seller made subsequent efforts to avoid future noncompliance; and (iii) the magnitude of the noncompliance was significant in terms of dollars and time when accounting for the seller's size and volume of transactions. On appeal, a court or the board of tax appeals must give great deference to the department's penalty waiver decision under this subsection (9) (c) and affirm the department's decision, unless the taxpayer can show by clear, cogent, and convincing evidence that the department's decision lacked any reasonable basis.

(d) A request for a waiver of penalties and interest under this subsection must be received by the department in writing and before the penalties and interest for which a waiver is requested are due pursuant to subsection (8) of this section. The department must deny any request for a waiver of penalties and interest that does not fully comply with the provisions of this subsection (9) (d).

NEW SECTION. Sec. 207. Chapter 82.32 RCW applies to the administration of this chapter.

NEW SECTION. Sec. 208. Nothing in this chapter relieves sellers or consumers who are subject to chapter 82.08 or 82.12 RCW from any responsibilities imposed under those chapters. Nor does anything in this

chapter prevent the department from administering and enforcing the taxes imposed under chapter 82.08 or 82.12 RCW with respect to any seller or consumer who is subject to such taxes.

NEW SECTION. Sec. 209. A new section is added to chapter 82.32 RCW to be codified between RCW 82.32.045 and 82.32.050 to read as follows:

(1) Except as otherwise provided in this section, taxes imposed under chapter 82.08 or 82.12 RCW and payable by a consumer directly to the department are due, on returns prescribed by the department, by the earlier of April 1st of the calendar year immediately following the calendar year in which the sale or use occurred or within thirty days of the date of a notice from the department that tax may be due.

(2) This section does not apply to the reporting and payment of taxes imposed under chapters 82.08 and 82.12 RCW:

(a) On the retail sale or use of motor vehicles, vessels, or aircraft; or

(b) By consumers who are engaged in business, unless the department has relieved the consumer of the requirement to file returns pursuant to RCW 82.32.045(4).

NEW SECTION. Sec. 210. A new section is added to chapter 82.32 RCW to read as follows:

(1) A remote seller, referrer, or marketplace facilitator that is subject to section 202 of this act and is complying with the requirements of chapters 82.08 and 82.12 RCW may only seek a recovery of retail sales and use taxes, penalties, or interest from the department by following the recovery procedures established under RCW 82.32.060. However, no claim may be granted on the basis that the taxpayer lacked a physical presence in this state and complied with the tax collection provisions of chapters 82.08 and 82.12 RCW voluntarily.

(2) Neither the state nor any seller who elects under section 202 of this act to collect and remit retail sales or use tax is liable to a purchaser who claims that the retail sales or use tax has been over-collected because a provision of chapter . . ., Laws of 2017 3rd sp. sess. (this act) is later deemed unlawful.

(3) Nothing in chapter . . ., Laws of 2017 3rd sp. sess. (this act) affects the obligation of any purchaser from this

state to remit retail sales or use tax as to any applicable taxable transaction in which the seller does not collect and remit retail sales or use tax.

Sec. 211. RCW 82.08.050 and 2010 c 112 s 8 are each amended to read as follows:

(1) The tax imposed in this chapter must be paid by the buyer to the seller. Each seller must collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the department under the provisions of RCW 82.08.060.

(2) The tax required by this chapter, to be collected by the seller, is deemed to be held in trust by the seller until paid to the department. Any seller who appropriates or converts the tax collected to the seller's own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter is guilty of a gross misdemeanor.

(3) Except as otherwise provided in this section, if any seller fails to collect the tax imposed in this chapter or, having collected the tax, fails to pay it to the department in the manner prescribed by this chapter, whether such failure is the result of the seller's own acts or the result of acts or conditions beyond the seller's control, the seller is, nevertheless, personally liable to the state for the amount of the tax.

(4) Sellers are not relieved from personal liability for the amount of the tax unless they maintain proper records of exempt or nontaxable transactions and provide them to the department when requested.

(5) Sellers are not relieved from personal liability for the amount of tax if they fraudulently fail to collect the tax or if they solicit purchasers to participate in an unlawful claim of exemption.

(6) Sellers are not relieved from personal liability for the amount of tax if they accept an exemption certificate from a purchaser claiming an entity-based exemption if:

(a) The subject of the transaction sought to be covered by the exemption certificate is actually received by the purchaser at a location operated by the seller in Washington; and

(b) Washington provides an exemption certificate that clearly and affirmatively indicates that the claimed exemption is not available in Washington. Graying out exemption reason types on a uniform form and posting it on the department's web site is a clear and affirmative indication that the grayed out exemptions are not available.

(7)(a) Sellers are relieved from personal liability for the amount of tax if they obtain a fully completed exemption certificate or capture the relevant data elements required under the streamlined sales and use tax agreement within ninety days, or a longer period as may be provided by rule by the department, subsequent to the date of sale.

(b) If the seller has not obtained an exemption certificate or all relevant data elements required under the streamlined sales and use tax agreement within the period allowed subsequent to the date of sale, the seller may, within one hundred twenty days, or a longer period as may be provided by rule by the department, subsequent to a request for substantiation by the department, either prove that the transaction was not subject to tax by other means or obtain a fully completed exemption certificate from the purchaser, taken in good faith.

(c) Sellers are relieved from personal liability for the amount of tax if they obtain a blanket exemption certificate for a purchaser with which the seller has a recurring business relationship. The department may not request from a seller renewal of blanket exemption certificates or updates of exemption certificate information or data elements if there is a recurring business relationship between the buyer and seller. For purposes of this subsection (7)(c), a "recurring business relationship" means at least one sale transaction within a period of twelve consecutive months.

(d) Sellers are relieved from personal liability for the amount of tax if they obtain a copy of a direct pay permit issued under RCW 82.32.087.

(8) The amount of tax, until paid by the buyer to the seller or to the department, constitutes a debt from the buyer to the seller. Any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any tax due

under this chapter is guilty of a misdemeanor.

(9) Except as otherwise provided in this subsection, the tax required by this chapter to be collected by the seller must be stated separately from the selling price in any sales invoice or other instrument of sale. On all retail sales through vending machines, the tax need not be stated separately from the selling price or collected separately from the buyer. Except as otherwise provided in this subsection, for purposes of determining the tax due from the buyer to the seller and from the seller to the department it must be conclusively presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter. But if the seller advertises the price as including the tax or that the seller is paying the tax, the advertised price may not be considered the selling price.

(10) Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the buyer for collection of the tax. If the department proceeds directly against the buyer for collection of the tax as authorized in this subsection, the department may add a penalty of ten percent of the unpaid tax to the amount of the tax due for failure of the buyer to pay the tax to the seller, regardless of when the tax may be collected by the department. In addition to the penalty authorized in this subsection, all of the provisions of chapter 82.32 RCW, including those relative to interest and penalties, apply. For the sole purpose of applying the various provisions of chapter 82.32 RCW, the twenty-fifth day of the month following the tax period in which the purchase was made will be considered as the due date of the tax.

~~(11) ((Notwithstanding subsections (1) through (10) of this section, any person making sales is not obligated to collect the tax imposed by this chapter if:~~

~~(a) The person's activities in this state, whether conducted directly or through another person, are limited to:~~

The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Exemption certificate" means documentation furnished by a buyer to a seller to claim an exemption from sales tax. Sec. 212. RCW 82.12.040 and 2015 c 169 s 9 are each amended to read as follows:

(1) Every person who ~~((maintains in this state a place of business or a stock of goods, or engages in business activities within this state))~~ is subject to a collection obligation under chapter 82.08 RCW, except a person making a valid election to comply with the notice and reporting provisions of section 205 of this act, must obtain from the department a certificate of registration, and must, at the time of making sales of tangible personal property, digital goods, digital codes, digital automated services, extended warranties, or sales of any service defined as a retail sale in RCW 82.04.050 (2) (a) or (g) or (6) ~~((4b))~~ (c), or making transfers of either possession or title, or both, of tangible personal property for use in this state, collect from the purchasers or transferees the tax imposed under this chapter. In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay the same to the department in the manner prescribed, whether such failure is the result of the seller's own acts or the result of acts or conditions beyond the seller's control, the seller is nevertheless personally liable to the state for the amount of such tax, unless the seller has taken from the buyer a copy of a direct pay permit issued under RCW 82.32.087.

(4) Any retailer who refunds, remits, or rebates to a purchaser, or transferee, either directly or indirectly, and by whatever means, all or any part of the tax levied by this chapter is guilty of a misdemeanor.

Nothing in this subsection ~~((7))~~ (5) may be construed as relieving purchasers from liability for reporting and remitting the tax due under this chapter directly to the department.

~~((8))~~ (6) Notwithstanding subsections (1) through (4) of this section, any person making sales is not obligated to collect the tax imposed by this chapter if the state is prohibited under the Constitution or laws of the United States from requiring the person to collect the tax imposed by this chapter.

NEW SECTION. Sec. 214. A new section is added to chapter 82.32 RCW to read as follows:

(1) If the department determines that a change, taking effect after the effective date of this section, in the streamlined sales and use tax agreement or federal law creates a conflict with any provision of section 202 or 203 of this act, such conflicting provision or provisions of section 202 or 203 of this act, including any related provisions that would not function as originally intended, have no further force and effect as of the date the change in the streamlined sales and use tax agreement or federal law becomes effective.

(2) For purposes of this section:

(a) A change in federal law conflicts with section 202 or 203 of this act if the change clearly allows states to impose greater sales and use tax collection obligations on remote sellers, referrers,

or marketplace facilitators than provided for, or clearly prevents states from imposing sales and use tax collection obligations on remote sellers, referrers, or marketplace facilitators to the extent provided for, under section 202 or 203 of this act.

(b) A change in the streamlined sales and use tax agreement conflicts with section 202 or 203 of this act if one or more provisions of section 202 or 203 of this act causes this state to be found out of compliance with the streamlined sales and use tax agreement by its governing board.

(3) If the department makes a determination under this section that a change in federal law or the streamlined sales and use tax agreement conflicts with one or more provisions of section 202 or 203 of this act, the department:

(a) May adopt rules in accordance with chapter 34.05 RCW that are consistent with the streamlined sales and use tax agreement and that impose sales and use tax collection obligations on remote sellers, referrers, or marketplace facilitators to the fullest extent allowed under state and federal law; and

(b) Must include information on its web site informing taxpayers and the public (i) of the provision or provisions of section 202 or 203 of this act that will have no further force and effect, (ii) when such change will become effective, and (iii) about how to participate in any rule making conducted by the department in accordance with (a) of this subsection (3).

(4) For purposes of this section, "remote seller," "referrer," and "marketplace facilitator" have the same meaning as provided in section 204 of this act.

Part III

Nexus for Excise Tax Purposes

Sec. 301. RCW 82.04.066 and 2015 3rd sp.s. c 5 s 203 are each amended to read as follows:

"Engaging within this state" and "engaging within the state," when used in connection with any apportionable activity as defined in RCW 82.04.460 or ~~((wholesale sales))~~ selling activity taxable under RCW 82.04.250(1), 82.04.257(1), or 82.04.270, means that a person generates gross income of the business from sources within this state, such as customers or intangible

property located in this state, regardless of whether the person is physically present in this state.

Sec. 302. RCW 82.04.067 and 2016 c 137 s 2 are each amended to read as follows:

(1) A person engaging in business is deemed to have substantial nexus with this state if, in the current or immediately preceding calendar year, the person is:

(a) An individual and is a resident or domiciliary of this state;

(b) A business entity and is organized or commercially domiciled in this state; or

(c) A nonresident individual or a business entity that is organized or commercially domiciled outside this state, and ~~((in the immediately preceding tax year))~~ the person had:

(i) More than fifty-three thousand dollars of property in this state;

(ii) More than fifty-three thousand dollars of payroll in this state;

(iii) More than two hundred ~~((fifty))~~ sixty-seven thousand dollars of receipts from this state; or

(iv) At least twenty-five percent of the person's total property, total payroll, or total receipts in this state.

(2)(a) Property counting toward the thresholds in subsection (1)(c)(i) and (iv) of this section is the average value of the taxpayer's property, including intangible property, owned or rented and used in this state during the current or immediately preceding ~~((tax))~~ calendar year.

(b)(i) Property owned by the taxpayer, other than loans and credit card receivables owned by the taxpayer, is valued at its original cost basis. Loans and credit card receivables owned by the taxpayer are valued at their outstanding principal balance, without regard to any reserve for bad debts. However, if a loan or credit card receivable is charged off in whole or in part for federal income tax purposes, the portion of the loan or credit card receivable charged off is deducted from the outstanding principal balance.

(ii) Property rented by the taxpayer is valued at eight times the net annual rental rate. For purposes of this subsection, "net annual rental rate" means the annual rental rate paid by the

taxpayer less any annual rental rate received by the taxpayer from subrentals.

(c) The average value of property must be determined by averaging the values at the beginning and ending of the ~~((tax))~~ applicable calendar year; but the department may require the averaging of monthly values during the ~~((tax))~~ applicable calendar year if reasonably required to properly reflect the average value of the taxpayer's property.

(d)(i) For purposes of this subsection (2), loans and credit card receivables are deemed owned and used in this state as follows:

(A) Loans secured by real property, personal property, or both real and personal property are deemed owned and used in the state if the real property or personal property securing the loan is located within this state. If the property securing the loan is located both within this state and one or more other states, the loan is deemed owned and used in this state if more than fifty percent of the fair market value of the real or personal property is located within this state. If more than fifty percent of the fair market value of the real or personal property is not located within any one state, then the loan is deemed owned and used in this state if the borrower is located in this state. The determination of whether the real or personal property securing a loan is located within this state must be made, as of the time the original agreement was made, and any and all subsequent substitutions of collateral must be disregarded.

(B) Loans not secured by real or personal property are deemed owned and used in this state if the borrower is located in this state.

(C) Credit card receivables are deemed owned and used in this state if the billing address of the cardholder is in this state.

(ii)(A) Except as otherwise provided in (d)(ii)(B) of this subsection (2), the definitions in the multistate tax commission's recommended formula for the apportionment and allocation of net income of financial institutions as existing on June 1, 2010, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, apply to this section.

(B) "Credit card" means a card or device existing for the purpose of obtaining

money, property, labor, or services on credit.

(e) Notwithstanding anything else to the contrary in this subsection, property counting toward the thresholds in subsection (1)(c)(i) and (iv) of this section does not include a person's ownership of, or rights in, computer software as defined in RCW 82.04.215, including computer software used in providing a digital automated service; master copies of software; and digital goods and digital codes residing on servers located in this state.

(3)(a) Payroll counting toward the thresholds in subsection (1)(c)(ii) and (iv) of this section is the total amount paid by the taxpayer for compensation in this state during the current or immediately preceding ((tax)) calendar year plus nonemployee compensation paid to representative third parties in this state. Nonemployee compensation paid to representative third parties includes the gross amount paid to nonemployees who represent the taxpayer in interactions with the taxpayer's clients and includes sales commissions.

(b) Employee compensation is paid in this state if the compensation is properly reportable to this state for unemployment compensation tax purposes, regardless of whether the compensation was actually reported to this state.

(c) Nonemployee compensation is paid in this state if the service performed by the representative third party occurs entirely or primarily within this state.

(d) For purposes of this subsection, "compensation" means wages, salaries, commissions, and any other form of remuneration paid to employees or nonemployees and defined as gross income under 26 U.S.C. Sec. 61 of the federal internal revenue code of 1986, as existing on June 1, 2010.

(4) Receipts counting toward the thresholds in subsection (1)(c)(iii) and (iv) of this section are:

(a) Those amounts included in the numerator of the receipts factor under RCW 82.04.462;

(b) For financial institutions, those amounts included in the numerator of the receipts factor under the rule adopted by the department as authorized in RCW 82.04.460(2); and

(c) For persons taxable under RCW 82.04.250(1), 82.04.257(1), or 82.04.270 ~~((with respect to wholesale sales))~~, the gross proceeds of sales taxable under those statutory provisions and sourced to this state in accordance with RCW 82.32.730.

(5)(a) Each December, the department must review the cumulative percentage change in the consumer price index. The department must adjust the thresholds in subsection (1)(c)(i) through (iii) of this section if the consumer price index has changed by five percent or more since the later of June 1, 2010, or the date that the thresholds were last adjusted under this subsection. For purposes of determining the cumulative percentage change in the consumer price index, the department must compare the consumer price index available as of December 1st of the current year with the consumer price index as of the later of June 1, 2010, or the date that the thresholds were last adjusted under this subsection. The thresholds must be adjusted to reflect that cumulative percentage change in the consumer price index. The adjusted thresholds must be rounded to the nearest one thousand dollars. Any adjustment will apply to tax periods that begin after the adjustment is made.

(b) As used in this subsection, "consumer price index" means the consumer price index for all urban consumers (CPI-U) available from the bureau of labor statistics of the United States department of labor.

(6)(a)(i) Except as provided in (a)(iii) of this subsection (6), subsections (1) through (5) of this section only apply with respect to the taxes on persons engaged in apportionable activities as defined in RCW 82.04.460 or making wholesale sales taxable under RCW 82.04.257(1) or 82.04.270.

(ii) Subject to the limitation in RCW 82.32.531, for purposes of the taxes imposed under this chapter on ((any)) the business of making sales at retail or any other activity not included in the definition of apportionable activities in RCW 82.04.460, other than the business of making wholesale sales taxed under RCW 82.04.257(1) or 82.04.270, ((except as provided in RCW 82.32.531,)) a person is deemed to have a substantial nexus with this state if the person has a physical presence in this state during the ((tax)) current or immediately preceding calendar

year, which need only be demonstrably more than a slightest presence.

(iii) For purposes of the taxes imposed under this chapter on the business of making sales at retail taxable under RCW 82.04.250(1) or 82.04.257(1), a person is also deemed to have a substantial nexus with this state if the person's receipts from this state, pursuant to subsection (4)(c) of this section, meet either criterion in subsection (1)(c)(iii) or (iv) of this section, as adjusted under subsection (5) of this section.

(b) For purposes of this subsection, a person is physically present in this state if the person has property or employees in this state.

(ii) A remote seller as defined in RCW 82.08.052 is presumed to be engaged in activities in this state that are significantly associated with the remote seller's ability to establish or maintain a market for its products in this state if the remote seller is presumed to have a substantial nexus with this state under RCW 82.08.052. The presumption in this subsection (6)(c)(ii) may be rebutted as provided in RCW 82.08.052. To the extent that the presumption in RCW 82.08.052 is no longer operative pursuant to RCW 82.32.762, the presumption in this subsection (6)(c)(ii) is no longer operative. ~~((Nothing in this section may be construed to affect in any way RCW 82.04.424, 82.08.050(11), or 82.12.040(5) or to narrow the scope of the terms "agent" or "other representative" in this subsection (6)(c).))~~

Sec. 303. RCW 82.04.220 and 2011 1st sp.s. c 20 s 101 are each amended to read as follows:

(1) There is levied and collected from every person that has a substantial nexus with this state, as provided in RCW 82.04.067, a tax for the act or privilege of engaging in business activities. The tax is measured by the application of rates against value of products, gross proceeds of sales, or gross income of the business, as the case may be.

(2)(a) A person who has a substantial nexus with this state in ((any tax year under the provisions of RCW 82.04.067 will be deemed to have a substantial nexus with this state for the following tax year)) the current calendar year under the provisions of RCW 82.04.067, based solely on the person's property, payroll, or receipts in this state during the current calendar year, is subject to the tax imposed under this chapter for the current calendar year only on business activity occurring on and after the date that the person established a substantial nexus with this state in the current calendar year.

(b) This subsection (2) does not apply to any person who also had a substantial nexus with this state during:

(i) The immediately preceding calendar year under RCW 82.04.067; or

NEW SECTION. Sec. 304. RCW 82.04.424 (Exemptions—Certain in-state activities) and 2015 3rd sp.s. c 5 s 206 & 2003 c 76 s 2 are each repealed.

Part IV

Eliminate Streamlined Sales Tax Mitigation to Local Governments

Sec. 401. RCW 82.14.495 and 2010 1st sp.s. c 37 s 952 are each amended to read as follows:

(1) The streamlined sales and use tax mitigation account is created in the state treasury. Through July 1, 2019, the state treasurer ((shall)) must transfer into the account from the general fund amounts as directed in RCW 82.14.500. Expenditures from the account may be used only for the purpose of mitigating the negative fiscal impacts to local taxing jurisdictions as a result of RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020. ((During the 2009-2011 fiscal biennium, the legislature may transfer from the streamlined sales and use tax mitigation account to the state general fund such amounts as reflect the excess fund balance of the account.))

(2) Beginning July 1, 2008, through September 30, 2019, the state treasurer, as directed by the department, ((shall)) must distribute the funds in the streamlined sales and use tax mitigation account to local taxing jurisdictions in accordance with RCW 82.14.500.

(3) The definitions in this subsection apply throughout this section and RCW 82.14.390 and 82.14.500 unless the context clearly requires otherwise.

(a) "Agreement" means the same as in RCW 82.32.020.

(b) "Local taxing jurisdiction" means through June 30, 2017, counties, cities, transportation authorities under RCW 82.14.045, public facilities districts under chapters 36.100 and 35.57 RCW, public transportation benefit areas under RCW 82.14.440, and regional transit authorities under chapter 81.112 RCW, that impose a sales and use tax. Beginning July 1, 2017, "local taxing jurisdiction" means cities, counties, and public facilities districts under chapters 36.100 and 35.57 RCW.

(c) "Loss" or "losses" means the local sales and use tax revenue reduction to a local taxing jurisdiction resulting from the sourcing provisions in RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020.

(d) "Marketplace facilitator/remote seller revenue" means the local sales and use tax revenue gain, including taxes voluntarily remitted and taxes collected from consumers, to each local taxing jurisdiction from part II of this act as estimated by the department in RCW 82.14.500(6).

(e) "Net loss" or "net losses" means a loss offset by any voluntary compliance revenue and marketplace facilitator/remote seller revenue.

~~((e))~~ (f) "Voluntary compliance revenue" means the local sales tax revenue gain to each local taxing jurisdiction reported to the department from persons registering through the central registration system authorized under the agreement.

~~((f))~~ (g) "Working day" has the same meaning as in RCW 82.45.180.

Sec. 402. RCW 82.14.500 and 2011 1st sp.s. c 50 s 974 are each amended to read as follows:

(1)~~((a))~~ In order to mitigate local sales tax revenue net losses as a result of the sourcing provisions of the streamlined sales and use tax agreement under this title, the state treasurer, on July 1, 2011, and each July 1st thereafter through July 1, 2019, must transfer into the streamlined sales and use tax mitigation account from the general fund

the sum required to mitigate actual net losses as determined under this section.

~~((b) During the 2011-2013 fiscal biennium, the amount that would otherwise be transferred under (a) of this subsection must be reduced by 3.4 percent.)~~

(2) Beginning July 1, 2008, and continuing until the department determines annual losses under subsection (3) of this section, the department must determine the amount of local sales tax net loss each local taxing jurisdiction experiences as a result of the sourcing provisions of the streamlined sales and use tax agreement under this title each calendar quarter. The department must determine losses by analyzing and comparing data from tax return information and tax collections for each local taxing jurisdiction before and after July 1, 2008, on a calendar quarter basis. The department's analysis may be revised and supplemented in consultation with the oversight committee as provided in subsection (4) of this section. To determine net losses, the department must reduce losses by the amount of voluntary compliance revenue for the calendar quarter analyzed. Beginning December 31, 2008, distributions must be made quarterly from the streamlined sales and use tax mitigation account by the state treasurer, as directed by the department, to each local taxing jurisdiction, other than public facilities districts for losses in respect to taxes imposed under the authority of RCW 82.14.390, in an amount representing its net losses for the previous calendar quarter. Distributions must be made on the last working day of each calendar quarter and must cease when distributions under subsection (3) of this section begin.

(3)(a) By December 31, 2009, or such later date the department in consultation with the oversight committee determines that sufficient data is available, the department must determine each local taxing jurisdiction's annual loss. The department must determine annual losses by comparing at least twelve months of data from tax return information and tax collections for each local taxing jurisdiction before and after July 1, 2008. The department is not required to determine annual losses on a recurring basis, but may make any adjustments to annual losses as it deems proper as a result of the annual reviews provided in (b) of this subsection. Beginning the calendar quarter in which the department

determines annual losses, and each calendar quarter thereafter through September 30, 2019, distributions must be made from the streamlined sales and use tax mitigation account by the state treasurer on the last working day of the calendar quarter, as directed by the department, to each local taxing jurisdiction, other than public facilities districts for losses in respect to taxes imposed under the authority of RCW 82.14.390, in an amount representing one-fourth of the jurisdiction's annual loss reduced by voluntary compliance revenue reported during the previous calendar quarter and marketplace facilitator/remote seller revenue reported during the previous calendar quarter.

(b) The department's analysis of annual losses must be reviewed by December 1st of each year and may be revised and supplemented in consultation with the oversight committee as provided in subsection (4) of this section.

(4) The department must convene an oversight committee to assist in the determination of losses. The committee includes one representative of one city whose revenues are increased, one representative of one city whose revenues are reduced, one representative of one county whose revenues are increased, one representative of one county whose revenues are decreased, one representative of one transportation authority under RCW 82.14.045 whose revenues are increased, and one representative of one transportation authority under RCW 82.14.045 whose revenues are reduced, as a result of RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020. Beginning July 1, 2008, the oversight committee must meet quarterly with the department to review and provide additional input and direction on the department's analyses of losses. Local taxing jurisdictions may also present to the oversight committee additional information to improve the department's analyses of the jurisdiction's loss. Beginning January 1, 2010, the oversight committee must meet at least annually with the department by December 1st.

(5) The rule-making provisions of chapter 34.05 RCW do not apply to this section.

(6)(a) As a result of part II of this act, local sales and use tax revenue is anticipated to increase due to additional tax remittance by marketplace

facilitators, remote sellers, and consumers. This additional revenue will further mitigate the losses that resulted from the sourcing provisions of the streamlined sales and use tax agreement under this title and should be reflected in mitigation payments to negatively impacted local jurisdictions.

(b) Beginning January 1, 2018, and continuing through September 30, 2019, the department must determine the increased sales and use tax revenue each local taxing jurisdiction experiences from marketplace facilitator/remote seller revenue as a result of sections 201 through 213 of this act each calendar quarter. The department must convene the mitigation advisory committee before January 1, 2018, to receive input on the determination of marketplace facilitator/remote seller revenue. Beginning with distributions made after March 31, 2018, distributions from the streamlined sales and use tax mitigation account by the state treasurer, as directed by the department, to each local taxing jurisdiction, must be reduced by the amount of its marketplace facilitator/remote seller revenue reported during the previous calendar quarter. No later than December 1, 2019, the department will determine the total marketplace facilitator/remote seller revenue for each local taxing jurisdiction for reporting periods beginning January 1, 2018, through reporting periods ending June 30, 2019. If the total distribution made from the streamlined sales and use tax mitigation account to a local taxing jurisdiction was not fully reduced by its total amount of marketplace facilitator/remote seller revenue for reporting periods beginning January 1, 2018, through reporting periods ending June 30, 2019, the department must reduce the local taxing jurisdiction's distribution of local sales and use tax under RCW 82.14.060 by the excess amount received.

NEW SECTION. Sec. 403. (1) (a) Monthly, the state treasurer must distribute from the local sales and use tax account to the counties, cities, transportation authorities, public facilities districts, and transportation benefit districts the amount of tax collected on behalf of each taxing authority, less:

(i) The deduction provided for in RCW 82.14.050; and

(ii) The amount of any refunds of local sales and use taxes exempted under RCW

82.08.962, 82.12.962, 82.08.02565, 82.12.02565, 82.08.025661, or 82.12.025661, which must be made without appropriation; and

(iii) The deduction required under RCW 82.14.500.

(b) The state treasurer must make the distribution under this section without appropriation.

(2) In the event that any ordinance or resolution imposes a sales and use tax at a rate in excess of the applicable limits contained herein, such ordinance or resolution may not be considered void in toto, but only with respect to that portion of the rate that is in excess of the applicable limits contained herein.

NEW SECTION. Sec. 404. The following acts or parts of acts, as now existing or hereafter amended, are each repealed, effective October 1, 2019:

(1) RCW 82.14.495 (Streamlined sales and use tax mitigation account—Creation) and 2017 3rd sp.s. c . . . s 401 (section 401 of this act), 2010 1st sp.s. c 37 s 952, 2009 c 4 s 907, & 2007 c 6 s 902;

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the

several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2019, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2018" or "FY 2018" means the period beginning July 1, 2017, and ending June 30, 2018.

(b) "Fiscal year 2019" or "FY 2019" means the period beginning July 1, 2018, and ending June 30, 2019.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2019-2021 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2017, from previous biennial appropriations for each project.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$58,000,000 of the state taxable building construction account—state appropriation, \$44,000,000 of the state building construction account—state appropriation, and \$4,370,000 of the Washington housing trust account—state appropriation are provided solely for affordable housing and preservation of affordable housing. Of the amounts in this subsection:

(a) \$24,370,000 is provided solely for housing projects that provide supportive housing and case-management services to persons with chronic mental illness. The department must prioritize low-income supportive housing unit proposals that provide services or include a partner community behavioral health treatment provider;

The grants may be provided for major building improvements, preservation, and system replacements, necessary for the existing housing trust fund portfolio to maintain long-term viability. (ii) At least 50 percent of the housing units are occupied by families and individuals at or below 30 percent area median income.

NEW SECTION. Sec. 1074. FOR THE DEPARTMENT OF COMMERCE

Energy Efficiency and Solar Grants
(30000882)

The appropriations in this section are subject to the following conditions and limitations:

(1) (a) \$3,675,000 for fiscal year 2018 and \$3,675,000 for fiscal year 2019 is provided solely for grants to be awarded in competitive rounds to local agencies, public higher education institutions, school districts, and state agencies for operational cost savings improvements to facilities and related projects that result in energy and operational cost savings.

(b) At least twenty percent of each competitive grant round must be awarded to small cities or towns with a population of five thousand or fewer residents.

(c) In each competitive round, the higher the leverage ratio of nonstate funding sources to state grant and the higher the energy savings, the higher the project ranking.

(d) For school district applicants, priority consideration must be given to school districts that demonstrate improved health and safety through: (i) Reduced exposure to polychlorinated biphenyl; or (ii) replacing outdated heating systems that use oil or propane as fuel sources as identified by the Washington State University extension energy program. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(2) \$1,750,000 is provided solely for grants to be awarded in competitive rounds to local agencies, public higher education institutions, school districts, and state agencies for projects that involve the purchase and installation of solar energy systems, including solar modules and inverters, with a preference for products manufactured in Washington.

(3) \$1,400,000 is provided solely for energy efficiency improvements to minor works and stand-alone projects at state-owned facilities that repair or replace existing building systems including, but not limited to HVAC, lighting, insulation, windows, and other mechanical systems. Eligibility for this funding is dependent on an analysis using the office of financial management's life-cycle cost tool that compares project design alternatives for initial and long-term cost-effectiveness. Assuming a reasonable return on investment, the cost to improve the project's energy efficiency compared to the original project request will be added to the project appropriation after

construction bids are received. The department of commerce shall coordinate with the office of financial management to develop a process for project submittal, review, approval criteria, tracking project budget adjustments, and performance measures.

(4) \$500,000 is provided solely for resource conservation managers in the department of enterprise services to coordinate with state agencies and school districts to assess and adjust existing building systems and operations to optimize the efficiency in use of energy and other resources in state-owned facilities. The department of commerce will oversee an interagency agreement with the department of enterprise services to fund the resource conservation managers.

(5) The department shall develop metrics that indicate the performance of energy efficiency efforts and provide a report of the metrics, including at a minimum the current energy used by the building, the energy use after efficiencies are completed, and cost of energy saved. The report must include these metrics from other states.

(9) \$250,000 of the appropriation in this section is provided solely for the planning, development, acquisition, and other activities pursuing open space conservation strategies for the historic Federal Way Weyerhaeuser campus. The grant recipient must be a regional nonprofit nature conservancy that works to conserve keystone properties selected by the city of Federal Way.

(10) (a) \$900,000 of the appropriation in this section is provided solely for an Interbay public development advisory committee. It is the intent of the legislature to examine current and future needs of a state entity that performs an essential public function on state-owned property located in one of the state's designated manufacturing industrial centers. The legislature further intends to explore the potential future uses of this state-owned property in the event that the state entity determines that it must relocate in order to protect its ability to perform its essential public function.

(b) The Interbay public development advisory committee is created to make recommendations regarding the highest public benefit and future economic development uses for the Washington army national guard armory facility in the city of Seattle, pier 91 property, located at the descriptions referred to in the quit claim deeds for two parcels of land, 24.75 acres total, dated January 8, 1971, and December 22, 2009.

(c) The Interbay advisory committee consists of seven persons appointed as follows:

(i) One person appointed by the speaker of the house of representatives;

(ii) One person appointed by the president of the senate; and

(iii) Five persons appointed by the governor, who must collectively have experience in forming public-private partnerships to develop workforce housing or affordable housing; knowledge of project financing options for public-private partnerships related to housing; architectural design and development experience related to industrial lands and mixed-use zoning to include housing; and experience leading public processes to engage communities and other stakeholders in public discussions regarding economic development decisions.

(d) The Interbay public development advisory committee must:

(i) Work in collaboration with the military department to determine the needs of the military department if it is relocated from the land described in subsection (1) of this section, including identifying:

(A) Current uses;

(B) Future needs of the units currently at this location;

(C) Potential suitable publicly owned sites in Washington for relocation of current units; and

(D) The costs associated with acquisition, construction, and relocation to another site or sites for these units;

(ii) Explore the future economic development opportunities if the land described in subsection (1) of this section is vacated by the military department, and make recommendations, including identifying:

(A) Suitable and unsuitable future uses for the land;

(B) Environmental issues and associated costs;

and department facilities following the first year as the baseline of the partnership/consortium and with updated goals for each subsequent year. MultiCare-Franciscan and the department of social and health services must work to increase the competency and skills of health care professionals across both facilities by establishing organized joint- and cross-training programs. (6) The department of commerce shall notify all applicants that they may be required to have a construction review performed by the department of health.

(7) To accommodate the emergent need for behavioral health services, the department of health and the department of commerce, in collaboration with the health care authority and the department of social and health services, shall establish a concurrent and expedited process to assist grant applicants in meeting any applicable regulatory requirements necessary to operate inpatient psychiatric beds, free-standing evaluation and treatment facilities, enhanced services facilities, triage facilities, crisis stabilization facilities, detox, or secure detox.

DEPARTMENT OF COMMERCE**

CERB Administered Broadband
Infrastructure (91000943)

The appropriation in this section is subject to the following conditions and limitations: During the 2017-2019 fiscal biennium, the community economic revitalization board may make grants and loans to local governments and federally recognized tribes to build infrastructure to provide high-speed, open-access broadband service, with a minimum of 25 megabits per second download speed, to rural and underserved communities, for the purpose of economic development.

(1) "Local governments" means cities, towns, counties, municipal corporations, public port districts, quasi-municipal corporations, and special purpose districts.

(2) "Broadband" means networks of deployed telecommunications equipment and technologies necessary to provide high-speed Internet access and other advanced telecommunications services.

(3) The board is authorized to make rural broadband loans to local governments and to federally recognized Indian tribes for the purposes of financing the cost to build infrastructure to provide high-speed, open-access broadband service, to rural and underserved communities, for the purpose of economic development. Grants may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the local government or the federally recognized Indian tribe, and subject to a finding by the board that financial circumstances require grant assistance to enable the project to move forward. However, no more than 25 percent of all financial assistance approved by the board in any biennium may consist of grants to local governments and federally recognized Indian tribes.

(4) Application for funding must be made in the form and manner as the board may prescribe. In making grants or loans the board must conform to the following requirements:

(a) The board may not provide financial assistance:

(i) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(ii) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.

(iii) For a project the primary purpose of which is to facilitate or promote gambling.

(iv) For a project located outside the jurisdiction of the applicant local government or federally recognized Indian tribe.

(v) For equipment or facilities which would enable a public entity to provide retail telecommunications services or services that the entity is not authorized by statute to provide.

(vi) For the deployment of publicly-owned telecommunication network infrastructure ("backbone") solely for the sake of creating competitive, publicly-owned telecommunication network infrastructure.

(b) The board may provide financial assistance only:

(i) For projects demonstrating convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made that:

(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board;

(B) Will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities; and

(C) Is located in a rural community as defined by the board, or a rural county; or

(ii) For a project that does not meet the requirements of (b)(i) of this subsection but is a project that:

(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board;

(B) Is part of a local economic development plan consistent with applicable state planning requirements;

(C) Can demonstrate project feasibility using standard economic principles; and

(D) Is located in a rural community as defined by the board, or a rural county;

(c) The board must develop guidelines for local participation and allowable match and activities.

(d) An application must demonstrate local match and local participation, in accordance with guidelines developed by the board.

(e) An application must be approved by the local government and supported by the local associate development organization or local workforce development council or approved by the governing body of the federally recognized Indian tribe.

(f) The board may allow de minimis general system improvements to be funded

if they are critically linked to the viability of the project.

(g) An application must demonstrate convincing evidence that the median hourly wage of the private sector jobs created after the project is completed will exceed the countywide median hourly wage.

(h) The board must prioritize each proposed project according to:

(i) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed, but also giving consideration to the unemployment rate in the area in which the jobs would be located;

(ii) The rate of return of the state's investment, including, but not limited to, the leveraging of private sector investment, anticipated job creation and retention, and expected increases in state and local tax revenues associated with the project;

(iii) Whether the proposed project offers a health insurance plan for employees that includes an option for dependents of employees;

(iv) Whether the public facility investment will increase existing capacity necessary to accommodate projected population and employment growth in a manner that supports infill and redevelopment of existing urban or industrial areas that are served by adequate public facilities. Projects should maximize the use of existing infrastructure and provide for adequate funding of necessary transportation improvements;

(v) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance; and

(vi) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007.

(i) A responsible official of the local government or the federally recognized Indian tribe must be present during board deliberations and provide information that the board requests.

(5) Before any financial assistance application is approved, the local government or the federally recognized

Indian tribe seeking the assistance must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

The commission shall report about the challenges and opportunities of the granted projects to the appropriate committees of the legislature at the conclusion of the last project or at least by December 1, 2020. The report should cover the acquisition, maintenance, and operating costs for the technology; how costs can be mitigated by any marketable byproducts, such as nitrogen, phosphorous, electricity, etc.; the cost of processing remaining materials

to avoid contamination of soil, water, or air; and the ability to adapt the equipment for various size of dairies.

(3) When providing funding for specific technologies, the commission shall enter into appropriate agreements to support the state's interest in advancing innovation solutions to environmental issues while ensuring compliance with Article VIII, section 5 and Article XII, section 9 of the state Constitution.

NEW SECTION. Sec. 3180. FOR THE DEPARTMENT OF ECOLOGY

VW Settlement Funded Projects
(40000018)

The appropriation in this section is subject to the following conditions and limitations:

(1) The legislature finds that it is appropriate to provide a framework for the administration of mitigation funds provided to the state as a beneficiary under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions-related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years. The legislature deems the department of ecology the responsible agency for the administration and expenditure of funds provided by the trustee under the terms of the consent decrees, including the development of a mitigation plan to guide the use of the funds, whether or not the department receives funds directly for projects included in the plan.

(2)(a) The department of ecology shall develop the mitigation plan through an open, transparent public process consistent with direction in the consent decrees. The department shall provide ample opportunity using a variety of engagement options, as appropriate, for stakeholders and the public to shape, review, and comment throughout the development of the mitigation plan, including at least two meetings of the legislative advisory group as described in (c) of this subsection.

(b) The department of ecology shall work collaboratively with other agencies to develop and implement the elements of the mitigation plan that address categories of projects for which other agencies have already developed programs or expertise. In doing so, the department of ecology must consider and utilize, where appropriate and to the extent possible, the following existing programs for alternative fuels and zero emission vehicles:

(i) The department of transportation's electric vehicle infrastructure bank program;

(ii) The state alternative fuel commercial vehicle tax credit;

(iii) The state sales and use tax exemption for clean vehicles; and

(iv) Public transportation grant programs administered by the department of transportation.

(c)(i) For the purposes of providing legislative input and gathering public feedback on the development of the mitigation plan, a legislative advisory group is established. The advisory group is comprised of eight legislators, including the chairs and ranking members, or designees of the chairs and ranking members, of the transportation and capital budget committees in the House and in the Senate; the director of the department of ecology; and the secretary of the department of transportation.

(ii) The advisory group must select a chair from among its membership. Meetings of the advisory group must be open to the public and allow for public comment.

(iii) The advisory group must meet at least twice, once immediately prior to the date that the draft mitigation plan is released publicly, and again after public comment has been incorporated but before the department submits the plan to the trustee.

(iv) The office of program research and the senate committee services must provide staff support to the advisory group. The department of ecology staff must provide technical support, as needed. Legislative members of the advisory group are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, government entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW. Advisory group expenditures are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees.

(3) The mitigation plan and the stewardship of project implementation must adhere to the following principles:

(a) Maximize air quality and public health benefits relating to the reduction of nitrogen oxides emissions;

(b) Give priority to projects that improve air quality relating to the reduction of nitrogen oxides emissions in

areas that bear a disproportionate share of the burden from nitrogen oxides emissions;

(c) Achieve substantial additional air quality benefits relating to the reduction of nitrogen oxides emissions beyond that which would already occur, absent trust funding;

(d) Investments in clean vehicles or investments in clean engine replacements must be shown to be cost-effective. For the purposes of leveraging funding, investments in clean vehicles may not exceed the incremental cost of the clean vehicle, relative to the cost of a similar conventionally fueled vehicle. To incentivize the replacement of standard engines, investments may be made up to the full cost of the clean engine replacement;

(e) Consideration must be given to investments across a range of fueling technologies and emissions reduction technologies; and

(f) Priority must be given to projects that have the highest benefit-cost ratios, in terms of the amount of nitrogen oxides emissions reduced per dollar invested.

(4) Funding must be allocated to eligible projects under the terms of the consent decrees in the following manner:

(a)(i) No more than thirty percent of funding provided during the 2017-2019 biennium for commercial vehicle class four through eight transit buses, shuttle buses, and school buses;

(ii) No more than thirty percent of funding provided during the 2017-2019 biennium for commercial vehicle class eight local freight trucks and port drayage trucks;

(iii) No more than twenty percent of funding provided during the 2017-2019 biennium for commercial vehicle class four through seven local freight trucks;

(iv) No more than twenty percent of funding provided during the 2017-2019 biennium for airport ground support equipment;

(v) No more than twenty percent of funding provided during the 2017-2019 biennium for ocean-going vessels' shore power;

(vi) No more than fifteen percent of funding provided during the 2017-2019 biennium for light duty, zero emission vehicle supply equipment;

(vii) No more than twenty percent of funding provided during the 2017-2019 biennium for nonfederal matching funds for projects eligible under the diesel emission reduction act option; and

(viii) For each of the other categories of mitigation actions that are eligible under the consent decrees but not otherwise specified under this subsection (4)(a), no more than ten percent of funding provided during the 2017-2019 biennium.

(b) Projects that receive funding under subsection (4)(a)(ii) and (iii) of this section and ocean-going vessels shorepower projects that receive funding under subsection (4)(a)(viii) of this section must include electric technologies, if practicable.

(5) To the extent this section conflicts with the consent decrees, the consent decrees supersede it.

(6) The department of ecology may modify the mitigation plan as needed to comply with trustee requirements, including to the extent these modifications conflict with this section. In making any adjustments, the department of ecology shall consult with the department of transportation and the office of the superintendent of public instruction and provide notice to the steering committee of any significant changes to the plan submitted.

(7) The department of ecology shall provide a report to the governor and the appropriate committees of the legislature by January 1, 2018, and each year thereafter, on any plans or efforts to change the mitigation plan, its progress in implementing the mitigation plan, and the specific projects funded through these mitigation funds for the previous fiscal year.

(8) For the purposes of this section:

(a) "Project" means an eligible mitigation action under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions-related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years.

(b) "Trustee" means the entity selected under the terms of the consent decrees to administer the disbursement of funds to eligible projects for the purposes of

mitigating nitrogen oxides emission pollution.

Trust Land Transfer Program (30000269)

The appropriation in this section is
subject to the following conditions and
limitations:

(1) The appropriation is provided
solely to the department of natural
resources to transfer from trust status
certain trust lands of statewide
significance deemed appropriate for state
parks, fish and wildlife habitats, natural
area preserves, natural resources
conservation areas, department of natural
resources community forest open spaces, or
recreation purposes. The approved property
for transfer is identified in the LEAP
capital document no. 2017-2H, developed
June 30, 2017.

(2) Property transferred under this
section must be appraised and transferred
at fair market value. By September 30,
2018, the department must deposit in the
common school construction account the
portion of the appropriation in this
section that represents the estimated
value of the timber on the transferred
properties. This transfer must be made in
the same manner as timber revenues from
other common school trust lands. No
deduction may be made for the resource
management cost account under RCW
79.64.040. The portion of the
appropriation in this section that
represents the value of the land
transferred must be deposited in the
natural resources real property
replacement account.

(3) All reasonable costs incurred by
the department to implement this section
are authorized to be paid out of the
appropriations. Authorized costs include
the actual cost of appraisals, staff time,
environmental reviews, surveys, and other
similar costs, and may not exceed one and
nine-tenths percent of the appropriation.

(4) By June 30, 2018, land within the common school trust shall be exchanged for land of equal value held for other trust beneficiaries of the property identified in subsection (1) of this section.

(5) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. Transfer agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(6) The department shall work in good faith to carry out the intent of this section.

(7) By June 30, 2019, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

TOTAL \$10,000,000

**NEW SECTION. Sec. 3265. FOR THE
DEPARTMENT OF NATURAL RESOURCES**

State Forest Land Replacement
(30000277)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$60,000 of the appropriation is provided solely for the department to assess options to replace timber trust revenues for counties with populations of twenty-five thousand or fewer that are subject to timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act. The department must consult with the qualifying counties and other stakeholders in conducting the

assessment. The department shall report the findings of its assessment, including recommendations for addressing decreased revenues from state forestlands and improving the forest products economy in the qualifying counties, by December 15, 2017.

(2)(a) The remaining portion of the appropriation is provided solely to the department to transfer from state forestland status to natural resources conservation area status certain state forestlands in counties:

(i) With a population of twenty-five thousand or fewer; and

(ii) With risks of timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act.

(b) This appropriation must be used equally for the transfer of qualifying state forestlands in the qualifying counties.

(3) Property transferred under this section must be appraised and transferred at fair market value, without consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110. The value of the land transferred must be deposited in the park land trust revolving account and be used solely to buy replacement state forestland, consistent with RCW 79.22.060.

(4) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (2) of this section. Transfer agreements for properties identified in subsection (2) of this section must include terms that restrict the use of the property to the intended purpose.

(5) The department and applicable counties shall work in good faith to carry out the intent of this section. The department will identify eligible properties for transfer, consistent with subsections (2) and (3) of this section, in consultation with the applicable counties, and will not execute any property transfers that are not in the statewide interest of either the state

forest trust or the natural resources conservation area program.

(1) The department, in consultation with the office of emergency management, the office of the superintendent of public instruction, and the state board of education, shall develop a prioritized seismic risk assessment that includes seismic safety surveys of public facilities that are subject to high seismic risk as a consequence of high earthquake hazard and soils that amplify that hazard. The seismic safety surveys must be conducted for the following types of public facilities in the following order:

(a) Facilities that have a capacity of two hundred fifty or more persons and are routinely used for student activities by kindergarten through twelfth grade public schools; and

(b) Fire stations located within a one-mile radius of a facility described in subsection (1)(a) of this section.

(2) The initial phase of the prioritized seismic needs assessment of the facilities specified in subsections (1)(a) and (b) shall include, but is not limited to, the following:

(a) An on-site assessment, under the supervision of licensed geologists, of the seismic site class of the soils at the facilities;

(b) An on-site inspection of the facility buildings, including structural systems using structural plans where available, condition, maintenance, and nonstructural seismic hazards following standardized methods by licensed structural engineers;

(c) An estimate of costs to retrofit facilities specified in subsection (1) (a) of this section to life safety standards as defined by the American society of civil engineers; and

(d) An estimate of costs to retrofit facilities specified in subsection (1) (b) of this section to immediate occupancy standards as defined by the American society of civil engineers.

(3) The department shall develop geographic information system databases of survey data and must share that data with the governor, the superintendent of public instruction, and the appropriate legislative committees.

(4) The statewide seismic needs assessment specified in this section shall be submitted to the office of financial management and the appropriate committees of the legislature by October 1, 2018.

Aviation Revitalization Loans
(92000003)

The appropriation in this section is subject to the following conditions and limitations:

(1) This appropriation is provided solely for deposit into the public use general aviation airport loan revolving account created in section 7029 of this act for direct loans to political subdivisions of the state and privately owned airports for the purpose of improvements at public use airports that primarily support general aviation activities.

(2) The department must convene a community aviation revitalization board to develop criteria for selecting loan recipients, to develop a process for evaluating applications, and to make decisions. The board must consist of the capital budget chair and ranking minority member of the capital budget committee of the house of representatives and the senate ways and means committee, and a representative from both the department of transportation's aviation division and the department of commerce. The board must also consist of the following members appointed by the secretary of transportation: One port district official, one county official, one city official, one representative of airport managers, and one representative of pilots. The chair of the board must be selected by the secretary of transportation. The members of the board must elect one of their members to serve as vice chair. The director of commerce and the secretary of transportation must serve as nonvoting advisory members of the board.

(3) The board may provide loans to privately owned airports for the purpose of airport improvements only if the state is receiving commensurate public benefit, such as guaranteed long-term public access to the airport as a condition of the loan. For purposes of this subsection, "public use airports that primarily support general aviation activities" means all public use airports not listed as having more than fifty thousand annual commercial air service passenger enplanements as published by the federal aviation administration.

(4) An application for loan funds under this section must be made in the form and manner as the board may prescribe. When evaluating loan applications, the board must prioritize applications that provide conclusive justification that completion of the loan application project will create revenue-generating opportunities. The board is not limited to, but must also use, the following expected outcome conditions when evaluating loan applications:

(a) A specific private development or expansion is ready to occur and will occur only if the aviation facility improvement is made;

(b) The loan application project results in the creation of jobs or private sector capital investment as determined by the board;

(c) The loan application project improves opportunities for the successful maintenance, operation, or expansion of an airport or adjacent airport business park;

(d) The loan application project results in the creation or retention of long-term economic opportunities; and

(e) The loan application project results in leveraging additional federal funding for an airport.

(5) The repayment of any loan made from the public use general aviation airport loan revolving account under the contracts for aviation loans must be paid into the public use general aviation airport loan revolving account.

Emergency Repairs and Equal Access
Grants for K-12 Public Schools (30000182)

The appropriations in this section are
subject to the following conditions and
limitations:

(1) \$2,000,000 of the common school
construction account-state appropriation
is provided solely for emergency repair
grants to address unexpected and imminent
health and safety hazards at K-12 public
schools, including skill centers, that
will impact the day-to-day operations of
the school facility, and this is the
maximum amount that may be spent for this
purpose. For emergency repair grants only,
an emergency declaration must be signed by
the school district board of directors and
submitted to the superintendent of public
instruction for consideration. The
emergency declaration must include a
description of the imminent health and
safety hazard, the possible cause, the
proposed scope of emergency repair work
and related cost estimate, and
identification of local funding to be
applied to the project. Grants of
emergency repair moneys must be
conditioned upon the written commitment
and plan of the school district board of
directors to repay the grant with any
insurance payments or other judgments that
may be awarded, if applicable.

(2) \$3,000,000 of the state building
construction account-state appropriation
is provided solely for urgent repair
grants to address non-reoccurring urgent
small repair projects at K-12 public
schools, excluding skill centers, that
could impact the health and safety of
students and staff if not completed, and
this is the maximum amount that may be
spent for this purpose. The office of the
superintendent of public instruction,
after consulting with maintenance and
operations administrators of school
districts, shall develop criteria and
assurances for providing funding for
specific projects through a competitive
grant program. The criteria and assurances
must include, but are not limited to, the
following: (a) Limiting school districts
to one grant, not to exceed \$200,000, per
three-year period; (b) prioritizing
applications based on limited school
district financial resources for the
project; and (c) requiring any district

receiving funding provided in this section to demonstrate a consistent commitment to addressing school facility needs. The grant applications must include a comprehensive description of the health and safety issues to be addressed, a detailed description of the remedy including a detailed cost estimate of the repair or replacement work to be performed, and identification of local funding, if any, which will be applied to the project. Grants may be used for, but are not limited to: Repair or replacement of failing building systems; abatement of potentially hazardous materials; and safety-related structural improvements.

(3) \$1,000,000 of the state building construction account—state appropriation is provided solely for equal access grants for facility repairs and alterations at K-12 public schools, including skills centers, to improve compliance with the Americans with disabilities act and individuals with disabilities education act, and this is the maximum amount that may be spent for this purpose. The superintendent of public instruction shall develop criteria and assurances for providing funding for specific projects through a competitive grant program. The criteria and assurances must include, but are not limited to, the following: (a) Limiting districts to one grant, not to exceed \$100,000, per three-year period; (b) prioritizing applications based on limited school district financial resources for the project; and (c) requiring recipient districts to demonstrate a consistent commitment to addressing school facility needs. The grant applications must include a description of the Americans with disabilities act or individuals with disabilities education act compliance deficiency, a comprehensive description of the facility accessibility issues to be addressed, a detailed description of the remedy including a detailed cost estimate of the repair or replacement work to be performed, and identification of local funding, if any, which will be applied to the project. Priority for grant funding must be given to school districts that demonstrate a lack of capital resources to address the compliance deficiencies outlined in the grant application.

(4) The superintendent of public instruction must notify the office of financial management, the legislative evaluation and accountability program committee, the house capital budget committee, and the senate ways and means

committee as projects described in subsection (1) of this section are approved for funding.

(ii) Districts that demonstrate that their current STEM classrooms or labs are insufficient to provide opportunities for students to meet statutory graduation requirements;

(iii) Districts that have not received state capital funding assistance in the previous ten years for the STEM classrooms or labs project proposals; and

(iv) Districts that have secured private donations of cash, like-kind, or equipment in a value of no less than \$100,000. Prior to receiving grant funding, the district must provide verification of the donation to the

superintendent within ninety days of notification of grant award.

(b) Allowable project costs under the grant program include design, renovation, or modernization of existing science labs or classrooms; project management costs; furnishings, fixtures, and equipment; and necessary utility and information technology systems upgrades to support specialized STEM facilities.

(c) At least one grant award is made to school districts located in southwest Washington;

(d) At least one grant award is made to school districts located in the Puget Sound region; and

(e) At least two grant awards are made to school districts located east of the crest of the Cascade mountain range.

The criteria must include, but are not limited to, the following:

(a) Priority for school districts that have experienced decreased enrollments of more than ten percent over the previous five year period due to interdistrict transfers to schools with STEM facilities constructed or modernized in that same period of time;

(b) Priority for applicants with a high percentage of students who are eligible

and enrolled in the free and reduced-price meals program;

(c) Economic conditions within the school district that limits their ability to finance the modernization of STEM classrooms and labs from local funding sources;

(d) Educational benefits of proposed projects;

(e) Age and condition of existing STEM classroom and lab space, if applicable;

(f) The extent that existing STEM facilities are inadequate including the lack of adequate STEM facilities to meet graduation requirements in RCW 28A.150.220;

(g) Financial reasonableness based on total project cost per square foot; and

(h) Demonstration of readiness to proceed that may include, but is not limited to:

(i) A demonstration that existing STEM faculty are in place and are qualified to deliver an interactive, project-based STEM curriculum in the proposed specialized STEM facilities; or

(ii) A plan and budget in place to recruit or train such STEM faculty.

(6) For purposes of grant applications made in the 2017-2019 biennium, additional square footage funded through this grant program is excluded from the school district's inventory of available educational space for determining eligibility for state assistance for new construction until the earlier of:

(a) Five years following acceptance of the project by the school district board of directors; or

(b) The date of the final review of the latest study and survey of the affected school district following acceptance of the project by the school district board of directors.

(7) Each school district is limited to one grant award, which may be used for more than one school facility within the district, of no more than \$2,000,000.

(8) The office of the superintendent of public instruction may charge fees consistent with capital budget guidelines established by the office of financial management for administering the grants.

(3) If, after using the ((~~inter-fund~~)) interfund transfer authority granted in this section, the department of ecology determines that further reductions are needed to maintain positive account balances in the state toxics control account, the local toxics control account, and the environmental legacy stewardship account, the department is authorized to delay the start of clean-up projects based on acuity of need, readiness to proceed, cost-efficiency, or need to ensure geographic distribution.

(4) By June 30, 2017, the department must submit a list of projects that were delayed to the office of financial management and the appropriate fiscal committees of the legislature.

PART 7

NEW SECTION. Sec. 7003. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of \$5,000,000, or \$10,000,000 for higher education institutions, may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign. The predesign document must include, but not be limited to, program, site, and cost analysis, and an analysis of the life-cycle costs of the alternatives explored, in accordance with the predesign manual adopted by the office of financial management. The results of life-cycle cost analysis must be a primary consideration in the selection of a building design. Construction may proceed only upon providing to the office of financial management the life-cycle costs. To improve monitoring of major construction projects, progress reports must be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports must be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. Sec. 7004. (1) The legislature finds that use of life-cycle cost analysis will aid public entities,

architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost efficient design is used, agencies shall develop life-cycle costs for any construction project over \$10,000,000. The life-cycle costs must represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life-cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies shall develop a minimum of three project alternatives for use in the life-cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative must be the most reasonable and cost-effective solution. A brief description of each project alternative and why it was chosen must be included in the life-cycle cost analysis section of the predesign.

(3) The office of financial management shall: (a) Make available a life-cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life-cycle cost model; and (c) update the life-cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life-cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

NEW SECTION. Sec. 7005. To improve monitoring of major construction projects, progress reports must be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports must be submitted on July 1st and December 31st each year in a format to be determined by the office of financial management.

NEW SECTION. Sec. 7006. (1) Allotments for appropriations in this act shall be

provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. Sec. 7007. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000,

shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

(5) The transfer authority granted in this section does not apply to appropriations for projects for the state parks and recreation commission. Appropriations for commission projects may be spent only for the specified projects, and funding may not be transferred from one commission project to another or from other sources to a commission project.

NEW SECTION. Sec. 7008. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. Sec. 7009. (1) Any building project that receives over \$10,000,000 in funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building

attributes, including energy efficiency, durability, life-cycle performance, and occupant productivity. The following design and construction attributes must be integrated into the building project:

(a) **Employ integrated design principles:** Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorporation of these goals throughout the design and life-cycle of the building. Considers all stages of the building's life-cycle, including deconstruction.

(b) **Commissioning:** Employ commissioning practices tailored to the size and complexity of the building and its system components in order to verify performance of building components and systems and help ensure that design requirements are met. This should include an experienced commissioning provider, inclusion of commissioning requirements in construction documents, a commissioning plan, verification of the installation and performance of systems to be commissioned, and a commissioning report.

(c) **Optimize energy performance:** Establish a whole building performance target that takes into account the intended use, occupancy, operations, plug loads, other energy demands, and design to earn the ENERGY STAR targets for new construction and major renovation where applicable. For new construction target low energy use index. For major renovations, reduce the energy use by fifty percent below prerenovations baseline.

(d) **On-site renewable energy:** Meet at least thirty percent of the hot water demand through the installation of solar hot water heaters, when life-cycle cost effective. Implement renewable energy generation projects on agency property for agency use, when life-cycle cost effective.

(e) **Measurement and verification:** Install building level electricity meters in new major construction and renovation projects to track and continuously optimize performance. Include equivalent meters for natural gas and steam, where natural gas and steam are used. Install

dashboards inside buildings to display and incentivize occupants on energy use.

(f) **Benchmarking:** Compare actual performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For other building and space types, use an equivalent benchmarking tool for laboratory buildings. Web-based data collection and dashboards must also be provided.

NEW SECTION. Sec. 7010. State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. Sec. 7011. Executive Order No. 05-05, archaeological and cultural resources, was issued effective November 10, 2005. Agencies shall comply with the requirements set forth in this executive order.

NEW SECTION. Sec. 7012. FOR THE ARTS COMMISSION-ART WORK ALLOWANCE. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding \$200,000 by colleges or universities is provided solely for the purposes of RCW 28B.10.027.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency identified in RCW 43.17.020 is provided solely for the purposes of RCW 43.17.200.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2017-2019 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. Art allocations not expended within the ensuing two biennia will lapse. The commission may use up to \$150,000 of this amount to conserve or maintain existing pieces in the state art collection pursuant to RCW 28A.335.210.

(5) The executive director of the arts commission shall appoint a study group to review the operations of the one-half of one percent for works of art purchased or

commissioned as required by RCW 28A.335.210, 28B.10.027, and 43.17.200. The findings of the review must be reported annually to the office of financial management and the fiscal committees of the legislature by September 15th. The review must include, but is not limited to, the following: (a) Projects purchased or commissioned per biennium; (b) partner agencies; (c) funding sources by fiscal year; (d) artwork costs; (e) administrative costs; (f) collection care costs; and (g) project status.

Sec. 7013. RCW 28B.10.027 and 2016 sp.s. c 35 s 6008 are each amended to read as follows:

(1) All universities and colleges shall allocate as a nondeductible item, out of any moneys appropriated for the original construction or any major renovation or remodel work exceeding two hundred thousand dollars of any building, an amount of one-half of one percent of the appropriation to be expended by the Washington state arts commission with the approval of the board of regents or trustees for the acquisition of works of art.

(2) For projects funded in the 2015-2017 capital budget and the 2017-2019 capital budget, an institution of higher education, working with the Washington arts commission, may expend up to ten percent of the projected art allocation for a project during the design phase in order to select an artist and design art to be integrated in the building design. The one-half of one percent to be expended by the Washington arts commission must be adjusted downward by the amount expended by a university or college during the design phase of the capital project.

(3) The works of art may be placed on public lands of institutions of higher education, integral to or attached to a public building or structure of institutions of higher education, detached within or outside a public building or structure of institutions of higher education, part of a portable exhibition or collection, part of a temporary exhibition, or loaned or exhibited in other public facilities.

(4) In addition to the cost of the works of art, the one-half of one percent of the appropriation shall be used to provide for the administration of the visual arts program, including conservation of the state art collection, by the Washington state arts commission and all costs for

installation of the work of art. For the purpose of this section building shall not include sheds, warehouses, and other buildings of a temporary nature.

NEW SECTION. Sec. 7014. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 7015. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 7016. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 7017. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by chapter . . . , Laws of 2017 (Substitute House Bill No. 1080, the general obligation bond bill) for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and

regulations shall be deposited into the state building construction account. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary, or that a shift of appropriation authority from the state taxable building construction account to the state building construction account may be made.

NEW SECTION. Sec. 7018. COLUMBIA RIVER BASIN NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the Columbia river basin water supply development account may be transferred to the Columbia river basin taxable bond water supply development account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the Columbia river basin water supply development account and the Columbia river basin taxable bond water supply development account is necessary, or that a shift of appropriation authority from the Columbia river basin taxable bond water supply development account to the Columbia river basin water supply development account may be made.

Revisions to the project lists are allowed for projects not anticipated at the time of budget development but must be submitted to the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee for review and comment and must include an explanation of variances from the prior lists before funds may be expended on the revisions. Any project list revisions must be approved by the office of financial management before funds may be expended from the minor works appropriation.

(2)(a) Minor works project lists are single line appropriations that include multiple projects of a similar nature and that are valued between \$25,000 and \$1,000,000 each, with the exception of higher education minor works projects that may be valued up to \$2,000,000. All projects must meet the criteria included in this subsection (2)(a). These projects should be completed within two years of the appropriation with the funding provided. Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed \$1,000,000, or \$2,000,000 for higher education minor works projects. Improvements for accessibility in compliance with the Americans with disabilities act may be

included in any of the minor works categories.

(b) Minor works appropriations may not be used for the following: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; movable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; rolling stock; computers; or to supplement funding for projects with funding shortfalls unless expressly authorized. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(c) Minor works preservation projects may include program improvements of no more than twenty-five percent of the individual minor works preservation project cost.

NEW SECTION. Sec. 7022. STATE TREASURER TRANSFER AUTHORITY

State Toxics Control Account: For transfer to the

environmental legacy stewardship account, \$17,625,000 for

fiscal year 2018 and \$17,625,000 for fiscal year 2019 \$35,250,000

Local Toxics Control Account: For transfer to the

section, the department of ecology determines that further reductions are needed to maintain positive account balances in the state toxics control account, the local toxics control account, and the environmental legacy stewardship account, the department is authorized to delay the start of stormwater and clean-up projects based on acuity of need, readiness to proceed, cost-efficiency, purposes of increasing affordable housing, or need to ensure geographic distribution. (2) As directed by the pollution liability insurance agency in consultation with the office of financial management, the state treasurer shall transfer from the pollution liability insurance program trust account to the underground storage tank revolving account the lesser of \$20,000,000 or the balance of the fund exceeding \$7,500,000 after excluding the reserves during the 2017-2019 fiscal biennium.

(3) In consideration of the findings pursuant to subsection (2) of this section, the task force must recommend a state school construction financial assistance program that:

(a) Supports the construction and preservation of schools; and

(b) Balances the state and local share of school construction and preservation costs considering local school districts' financial capacity, based on measures of relative wealth recommended pursuant to subsection (4)(b) of this section, and the state's limited bond capacity and common school trust land revenue.

(4) In making recommendations pursuant to subsection (3) of this section, the task force must, at a minimum, also recommend:

(6) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

MESSAGES FROM THE GOVERNOR

PARTIAL VETO

July 6, 2017

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Engrossed Substitute House Bill No. 1677 entitled:

"AN ACT Relating to local government infrastructure funding."

This bill provides targeted reforms to the Public Works Assistance Account and directs the Public Works Board (Board) to study new and innovative financing tools. This bill will help local governments in need of financial support and provide additional tools to pay for basic infrastructure needs.

I am, however, vetoing Section 3, which modifies the composition of the Board. Section 3 adds four legislators. Changes to the Board's composition should be based on a member's skill set, rather than organizational representation. I would support the addition of legislators to the Board as ex-officio and non-voting members.

For these reasons I have vetoed Section 3 of Engrossed Substitute House Bill No. 1677.

With the exception of Section 3, Engrossed Substitute House Bill No. 1677 is approved.

Respectfully submitted,
Jay Inslee, Governor

PARTIAL VETO

July 6, 2017

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 106, 607, 819, and 1003, Engrossed House Bill No. 2242 entitled:

"AN ACT Relating to funding fully the state's program of basic education by providing equitable education opportunities through reform of state and local education contributions.'

Section 106 limits school districts' use of late start and early release days to seven occurrences each school year. Educators use this time to develop new competencies, collaborate with other educators, receive mentoring from senior teachers, and analyze student data to inform instructional practices. Research shows that this time for job-embedded professional learning and collaboration is linked to student success. Limiting practices that improve student achievement goes against the intent of this bill and our goals.

Section 607 requires the Caseload Forecast Council (Council) to convene a technical working group to determine the feasibility of developing a model to aid in school district four-year budget plans. Timely data does not exist to predict school district-level enrollments that factor in business growth and other local factors. The work required in this section is outside the scope of expertise for the Council. No funding is provided in the 2017-19 omnibus appropriations act; therefore, the Council is unable to contract for this work.

Section 819 ends reporting requirements for school employee health insurance benefits, effective December 1, 2018. House Bill 1042, which I am signing today, removes these reporting requirements. Moreover, funding to support these requirements was not included in the budget, so the Office of the Insurance Commissioner will be unable to produce the report.

Section 1003 repeals, among other things, the statutes that govern approved training and continuing education clock hours for the purpose of credit on the salary schedule, effective for the 2017-18 school year. These statutes are essential to compensation in the upcoming school year.

For these reasons I have vetoed Sections 106, 607, 819, and 1003 of Engrossed House Bill No. 2242.

With the exception of Sections 106, 607, 819, and 1003, Engrossed House Bill No. 2242 is approved.

Respectfully submitted,
Jay Inslee, Governor

PARTIAL VETO

July 7, 2017

To the Honorable Speaker and Members,
The House of Representatives of the State of
Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 5, Engrossed Second Substitute House Bill No. 1341 entitled:

"AN ACT Relating to professional certification for teachers and school administrators. "

Section 5 requires the formation of a collaborative of at least 12 members, monthly meetings, and an extensive contracted study. But the 2017-19 omnibus appropriations act does not provide funding for the Professional Educator Standards Board to contract for this work.

For these reasons I have vetoed Section 5 of Engrossed Second Substitute House Bill No. 1341.

With the exception of Section 5, Engrossed Second Substitute House Bill No. 1341 is approved.

Respectfully submitted,
Jay Inslee, Governor

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Substitute House Bill No. 1017 entitled:

“AN ACT Relating to the siting of schools and school facilities.”

Engrossed Substitute House Bill 1017 seeks to address the important and complicated subject of siting schools outside of Urban Growth Areas. While this bill adequately addresses many aspects of the issue, I remained concerned about three items that I would like to resolve with the legislature during the special session.

First, any extension of urban services to serve a rural school must be limited to the size and scale needed to support the long-term needs of the school. Second, the land surrounding a new rural school must maintain its rural character and housing density as specified in RCW 36.70A.070(5). Finally, in order for schools to be sited outside the Urban Growth Boundary Line, school districts must demonstrate that there is no suitable land available within the Urban Growth Area.

For these reasons I have vetoed Section 1 of Engrossed Substitute House Bill No. 1017.

With the exception of Section 1, Engrossed Substitute House Bill No. 1017 is approved.

Respectfully submitted,

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 18, Engrossed Substitute House Bill No. 1115 entitled:

“AN ACT Relating to paraeducators.”

This measure is an outgrowth of nearly five years of discussion and consideration of the Paraeducator Work Group.

It is also one of the late Senator Andy Hill’s many legacies.

The bill creates the nine-member Paraeducator Board to provide professional development for this group of education employees who assist teachers in the classroom. It requires paraeducators to meet certain minimum employment standards, among other things. This will provide an opportunity for the state’s 36,000 paraeducators to develop in their profession and become a teacher through alternative routes, if they so choose.

However, I am vetoing Section 18, which modifies a section of statute that was repealed by another bill this session.

Thanks to the sponsor, Representative Bergquist, and the members of the work group whose great work led to this legislation.

For these reasons I have vetoed Section 18 of Engrossed Substitute House Bill No. 1115.

With the exception of Section 18, Engrossed Substitute House Bill No. 1115 is approved.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read 'Jay Inslee'.

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 1150 entitled:

“AN ACT Relating to clarifying procedures for appointment to the Chehalis board created by chapter 194, Laws of 2016.”

House Bill No. 1150 removes the requirement that tribal appointments to the Chehalis Board be confirmed by the Senate and clarifies the terms of initial appointments to that Board. This new Board and the Office of Chehalis Basin represent another example of citizens, governments and tribal nations coming together to solve problems that benefit both people and fish.

However, House Bill No. 1150 is identical to Engrossed Senate Bill No. 5097 that was presented to me as a five-day bill, and I signed into law on April 17, 2017. It is not necessary to enact duplicate legislation.

For these reasons I have vetoed House Bill No. 1150 in its entirety.

Respectfully submitted,

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Substitute House Bill No. 1504 entitled:

“AN ACT Relating to rail dependent uses for purposes of the growth management act and related development regulations.”

I am committed to supporting economic development across Washington State so all areas and communities thrive. This commitment includes working with legislators and stakeholders on how we better develop rural and other underserved areas.

At the same time, I remain committed to fully supporting the Growth Management Act, which has created the framework for thoughtful growth and comprehensive development plans while protecting vital resource lands.

While this bill might help rural counties to develop adjacent to short line railroads in designated counties, it would undermine our longstanding commitment to preserve working farms and promote our agricultural economy.

The Growth Management Act provides for a process to redesignate resource lands and convert the use of those lands. As part of a broader review of the Growth Management Act, it would be appropriate to reexamine how we provide additional flexibility for encouraging economic development in rural areas. It is my understanding that such a review is proposed in the Senate and House budgets, and I would support that review.

For these reasons I have vetoed Engrossed Substitute House Bill No. 1504 in its entirety.

Respectfully submitted,

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 1578 entitled:

“AN ACT Relating to irrigation district authority.”

This bill provides new opportunities to develop infrastructure projects that support the economy in Eastern Washington and encourages investments in hydroelectric facilities. However, this bill is identical to Senate Bill 5261, which I signed into law on April 19, 2017. This duplicate bill is therefore unnecessary.

For these reasons I have vetoed House Bill No. 1578 in its entirety.

Respectfully submitted,

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section Sec. 6, Engrossed Second Substitute House Bill No. 1612 entitled:

“AN ACT Relating to a public health educational platform for suicide prevention and strategies to reduce access to lethal means.”

This section is the same as the language in Section 2 of Engrossed Substitute Senate Bill 5552. Because SB 5552 also includes a couple of additional changes unrelated to the language in this bill, the Code Reviser advises this action so the RCW is clear. I support the policy and am glad that is fully contained in the other bill.

For these reasons I have vetoed Section Sec. 6 of Engrossed Second Substitute House Bill No. 1612.

With the exception of Section Sec. 6, Engrossed Second Substitute House Bill No. 1612 is approved.

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute House Bill No. 1877 entitled:

“AN ACT Relating to the release of driving record abstract information affecting registered tow truck operators.”

This bill prohibits actions committed by registered tow truck operators while fulfilling their occupational duties from being included in the driver record abstract requested by and submitted to insurance carriers, provided the operator has not been issued a citation. The intent and policy of this bill is identical to Section 2 of Substitute Senate Bill 5343, which I previously signed into law on April 17, 2017. This bill creates a duplication in the law and is therefore unnecessary.

For these reasons I have vetoed Substitute House Bill No. 1877 in its entirety.

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute House Bill No. 1905 entitled:

“AN ACT Relating to the volume limitation for certain vessels exempt from the pilotage act.”

Substitute House Bill 1905 increases the maximum vessel volume that can be exempt from the mandatory use of licensed pilotage within most of the Puget Sound and Grays Harbor. This measure would allow more modern and fuel-efficient passenger vessels to enjoy Washington's waterways. However, Substitute House Bill 1905 is identical to Substitute Senate Bill 5262, which I signed into law on April 20, 2017. It is not necessary to enact duplicate legislation.

For these reasons I have vetoed Substitute House Bill No. 1905 in its entirety.
