ESSB 5679 Prime Sponsor, Committee on Energy, Environment & Telecommunications: Concerning the authority of port districts to provide telecommunications services. Reported by Committee on Technology & Economic Development

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that:

(1) Adequate access to telecommunications facilities and services, comparable to those offered in urban areas, is essential to the economic well-being of communities in rural Washington state.

(2) Many communities, particularly in rural areas, do not have adequate access to telecommunications facilities and services.

(3) Specifying that port districts in these areas have authority to enter into contracts to attract private telecommunications companies may help to

create a sufficient market for the provision of adequate retail telecommunications services.

Sec. 2. RCW 53.08.370 and 2000 c 81 s 7 are each amended to read as follows:

(1) A rural port district in existence on June 8, 2000, ~~((may))~~ and port districts located in counties with a population less than seven hundred thousand are eligible to construct, purchase, acquire, develop, finance, lease, license, handle, provide, add to, contract for, interconnect, alter, improve, repair, operate, and maintain any telecommunications facilities within or without the district's limits utilizing unlit optical fiber for the following purposes:

(a) For the district's own use; and

(b) For the provision of wholesale telecommunications services within the district's limits. Wholesale telecommunications services may be provided beyond the district's limits for back haul services if the district is unable to procure similar services from a telecommunications company. Nothing in this subsection shall be construed to authorize ~~((rural))~~ eligible port districts to provide telecommunications services outside the state or to end users.

(2) ~~((A rural))~~ Except as provided in subsection (7) of this section, port districts providing wholesale telecommunications services under this section shall ensure that rates, terms, and conditions for such services are not unduly or unreasonably discriminatory or preferential. Rates, terms, and conditions are discriminatory or preferential when a ~~((rural))~~ port district offering such rates, terms, and conditions to an entity for wholesale telecommunications services does not offer substantially similar rates, terms, and conditions to all other entities seeking substantially similar services.

(3) When a ~~((rural))~~ port district establishes a separate utility function for the provision of wholesale telecommunications services under this section, it shall account for any and all revenues and expenditures related to its wholesale telecommunications facilities and services separately from revenues and expenditures related to its internal telecommunications operations. Any revenues received from the provision of wholesale telecommunications services

must be dedicated to the utility function that includes the provision of wholesale telecommunications services for costs incurred to build and maintain the telecommunications facilities until such time as any bonds or other financing instruments executed after June 8, 2000, and used to finance the telecommunications facilities are discharged or retired.

(4) When a ~~((rural))~~ port district establishes a separate utility function for the provision of wholesale telecommunications services under this section, all telecommunications services rendered by the separate function to the district for the district's internal telecommunications needs shall be charged at its true and full value. A ~~((rural))~~ port district may not charge its nontelecommunications operations rates that are preferential or discriminatory compared to those it charges entities purchasing wholesale telecommunications services.

(5) A ~~((rural))~~ port district under this section shall not exercise powers of eminent domain to acquire telecommunications facilities or contractual rights held by any other person or entity to telecommunications facilities.

(6) Except as otherwise specifically provided, a ~~((rural))~~ port district may exercise any of the powers granted to it under this title and other applicable laws in carrying out the powers authorized under this section. Nothing in chapter 81, Laws of 2000 limits any existing authority of a rural port district under this title.

(7) A port district under this section may select a telecommunications company to operate all or a portion of the port district's telecommunications facilities that serve an underserved area as defined in subsection (10) of this section. The company may be the exclusive provider of telecommunications services to end users in an underserved area under terms specified in the contract with the port district. For purposes of this section, "telecommunications company" means any for-profit entity owned by investors that sells telecommunications services to end users. Nothing in this subsection (7) is intended to limit or otherwise restrict any other authority provided by law.

(8) Before exercising the authority provided in subsection (7) of this section, a port district must file a business case plan with the utilities and

transportation commission. The utilities and transportation commission must retain a third party at cost to review the business case plan. Any recommendations or adjustments to the business case plan made during third-party review must be received and either rejected or accepted by the port commission in an open meeting.

(9) The business case plan required under subsection (8) of this section must include an audited statement of the market value of the additional provision of wholesale services provided under the authority specified in subsection (7) of this section, and a determination, based on an assessment using appropriate methodology, of the option to sell or surplus the additional provision of wholesale services. A port district must reassess any determination of the option to sell or surplus as required by this subsection at a minimum interval of every ten years for the duration of the contract.

(10) As used in this subsection, "underserved area" means an area that, at the time the contract with the exclusive provider is entered into, the port district has reasonable grounds to believe has no private telecommunications company offering fixed broadband internet access to a majority of residential customers at a download speed of fifteen megabytes per second and an upload speed of three megabytes per second. The existence and boundaries of the underserved area must be determined following a public hearing. The determination of the existing level of service must be supported by an independent third-party study of broadband service commissioned within the twelve-month period immediately preceding a vote to designate the underserved area.

Sec. 3. RCW 53.08.380 and 2000 c 81 s 9 are each amended to read as follows:

(1) A person or entity that has requested wholesale telecommunications services from a rural port district or port district as identified in RCW 53.08.370(1) may petition the commission under the procedures set forth in RCW 80.04.110 (1) through (3) if it believes the district's rates, terms, and conditions are unduly or unreasonably discriminatory or preferential, except as provided in RCW 53.08.370. The person or entity shall provide the district notice of its intent to petition the commission and an opportunity to review within thirty days the rates, terms, and conditions as applied to it prior to submitting its

petition. In determining whether a district is providing discriminatory or preferential rates, terms, and conditions, the commission may consider such matters as service quality, technical feasibility of connection points on the district's telecommunications facilities, time of response to service requests, system capacity, and other matters reasonably related to the provision of wholesale telecommunications services. If the commission, after notice and hearing, determines that a rural port district's rates, terms, and conditions are unduly or unreasonably discriminatory or preferential, it shall issue a final order finding noncompliance with this section and setting forth the specific areas of apparent noncompliance. An order imposed under this section shall be enforceable in any court of competent jurisdiction.

(2) The commission may order a rural port district or port district as identified in RCW 53.08.370(1) to pay a share of the costs incurred by the commission in adjudicating or enforcing this section.

(3) Without limiting other remedies at law or equity, the commission and prevailing party may also seek injunctive relief to compel compliance with an order.

(4) Nothing in this section shall be construed to affect the commission's authority and jurisdiction with respect to actions, proceedings, or orders permitted or contemplated for a state commission under the federal telecommunications act of 1996, P.L. 104-104 (110 Stat. 56)."

Correct the title.

Signed by Representatives Morris, Chair; Kloba, Vice Chair; Tarleton, Vice Chair; Smith, Ranking Minority Member; DeBolt, Assistant Ranking Minority Member; Doglio; Fey; Harmsworth; Hudgins; Manweller; McDonald; Nealey; Santos; Slatter; Steele; Wylie and Young.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 74.60.005 and 2015 2nd sp.s. c 5 s 1 are each amended to read as follows:

(1) The purpose of this chapter is to provide for a safety net assessment on certain Washington hospitals, which will be used solely to augment funding from all other sources and thereby support additional payments to hospitals for medicaid services as specified in this chapter.

(2) The legislature finds that federal health care reform will result in an expansion of medicaid enrollment in this state and an increase in federal financial participation.

(3) In adopting this chapter, it is the intent of the legislature:

(a) To impose a hospital safety net assessment to be used solely for the purposes specified in this chapter;

(b) To generate approximately (~~nine hundred seventy five million~~) one billion dollars per state fiscal biennium in new state and federal funds by disbursing all of that amount to pay for medicaid hospital services and grants to certified public expenditure and critical access hospitals, except costs of administration as specified in this chapter, in the form of additional payments to hospitals and managed care plans, which may not be a substitute for payments from other sources, but which include quality improvement incentive payments under RCW 74.09.611;

(c) To generate two hundred ninety-two million dollars per biennium during the (~~2015-2017 and~~) 2017-2019 and 2019-2021 biennia in new funds to be used in lieu of state general fund payments for medicaid hospital services;

(d) That the total amount assessed not exceed the amount needed, in combination with all other available funds, to support the payments authorized by this chapter;

(e) To condition the assessment on receiving federal approval for receipt of additional federal financial participation and on continuation of other funding sufficient to maintain aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, at least at the (~~levels~~) rates the state paid for those services on July 1, 2015, as adjusted for current enrollment and utilization; and

(f) For each of the two biennia starting with fiscal year (~~2016~~) 2018 to generate:

(i) Four million dollars for new integrated evidence-based psychiatry residency program slots that did not receive state funding prior to 2016 at the integrated psychiatry residency program at the University of Washington; and

(ii) Eight million two hundred thousand dollars for new family medicine residency program slots that did not receive state funding prior to 2016, as directed through the family medicine residency network at the University of Washington, for slots where residents are employed by hospitals.

Sec. 3. RCW 74.60.020 and 2015 2nd sp.s. c 5 s 2 are each amended to read as follows:

(1) A dedicated fund is hereby established within the state treasury to be known as the hospital safety net assessment fund. The purpose and use of the fund shall be to receive and disburse funds, together with accrued interest, in accordance with this chapter. Moneys in the fund, including interest earned, shall not be used or disbursed for any purposes other than those specified in this chapter. Any amounts expended from the fund that are later recouped by the authority on audit or otherwise shall be returned to the fund.

(a) Any unexpended balance in the fund at the end of a fiscal year shall carry over into the following fiscal year or

that fiscal year and the following fiscal year and shall be applied to reduce the amount of the assessment under RCW 74.60.050(1)(c).

(b) Any amounts remaining in the fund after July 1, (~~2019~~) 2021, shall be refunded to hospitals, pro rata according to the amount paid by the hospital since July 1, 2013, subject to the limitations of federal law.

(2) All assessments, interest, and penalties collected by the authority under RCW 74.60.030 and 74.60.050 shall be deposited into the fund.

(3) Disbursements from the fund are conditioned upon appropriation and the continued availability of other funds sufficient to maintain aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, at least at the levels the state paid for those services on July 1, 2015, as adjusted for current enrollment and utilization.

(4) Disbursements from the fund may be made only:

(a) To make payments to hospitals and managed care plans as specified in this chapter;

(b) To refund erroneous or excessive payments made by hospitals pursuant to this chapter;

(c) For one million dollars per biennium for payment of administrative expenses incurred by the authority in performing the activities authorized by this chapter;

(d) For two hundred (~~eighty-three~~) ninety-two million dollars per biennium, to be used in lieu of state general fund payments for medicaid hospital services, provided that if the full amount of the payments required under RCW 74.60.120 and 74.60.130 cannot be distributed in a given fiscal year, this amount must be reduced proportionately;

(e) To repay the federal government for any excess payments made to hospitals from the fund if the assessments or payment increases set forth in this chapter are deemed out of compliance with federal statutes and regulations in a final determination by a court of competent jurisdiction with all appeals exhausted. In such a case, the authority may require hospitals receiving excess payments to refund the payments in question to the

fund. The state in turn shall return funds to the federal government in the same proportion as the original financing. If a hospital is unable to refund payments, the state shall develop either a payment plan, or deduct moneys from future medicaid payments, or both;

(f) (~~Beginning in state fiscal year 2015,~~) To pay an amount sufficient, when combined with the maximum available amount of federal funds necessary to provide a one percent increase in medicaid hospital inpatient rates to hospitals eligible for quality improvement incentives under RCW 74.09.611. By May 16, 2018 and by each May 16 thereafter, the authority, in cooperation with the department of health, must verify that each hospital eligible to receive quality improvement incentives under the terms of this chapter is in substantial compliance with the reporting requirements in RCW 43.70.052 and 70.01.040 for the prior period. For the purposes of this subsection, "substantial compliance" means, in the prior period, the hospital has submitted at least nine of the twelve monthly reports by the due date. The authority must distribute quality improvement incentives to hospitals that have met these requirements beginning July 1 of 2018 and each July 1 thereafter; and

(g) For each state fiscal year (~~2016~~) 2018 through (~~2019~~) 2021 to generate:

(i) Two million dollars for new integrated evidence-based psychiatry residency program slots that did not receive state funding prior to 2016 at the integrated psychiatry residency program at the University of Washington; and

(ii) Four million one hundred thousand dollars for new family medicine residency program slots that did not receive state funding prior to 2016, as directed through the family medicine residency network at the University of Washington, for slots where residents are employed by hospitals.

Sec. 4. RCW 74.60.030 and 2015 2nd sp.s. c 5 s 3 are each amended to read as follows:

(1)(a) Upon satisfaction of the conditions in RCW 74.60.150(1), and so long as the conditions in RCW 74.60.150(2) have not occurred, an assessment is imposed as set forth in this subsection. Assessment notices must be sent on or about thirty days prior to the end of each quarter and payment is due thirty days thereafter.

(b) Effective July 1, 2015, and except as provided in RCW 74.60.050:

(i) Each prospective payment system hospital, except psychiatric and rehabilitation hospitals, shall pay a quarterly assessment. Each quarterly assessment shall be no more than one quarter of three hundred ~~((fifty))~~ eighty dollars for each annual nonmedicare hospital inpatient day, up to a maximum of fifty-four thousand days per year. For each nonmedicare hospital inpatient day in excess of fifty-four thousand days, each prospective payment system hospital shall pay ~~((an))~~ a quarterly assessment of one quarter of seven dollars for each such day, unless such assessment amount or threshold needs to be modified to comply with applicable federal regulations;

(ii) Each critical access hospital shall pay a quarterly assessment of one quarter of ten dollars for each annual nonmedicare hospital inpatient day;

(iii) Each psychiatric hospital shall pay a quarterly assessment of no more than one quarter of seventy-four dollars for each annual nonmedicare hospital inpatient day; and

(iv) Each rehabilitation hospital shall pay a quarterly assessment of no more than one quarter of seventy-four dollars for each annual nonmedicare hospital inpatient day.

(2) The authority shall determine each hospital's annual nonmedicare hospital inpatient days by summing the total reported nonmedicare hospital inpatient days for each hospital that is not exempt from the assessment under RCW 74.60.040. The authority shall obtain inpatient data from the hospital's 2552 cost report data file or successor data file available through the centers for medicare and medicaid services, as of a date to be determined by the authority. For state fiscal year ~~((2016))~~ 2017, the authority shall use cost report data for hospitals' fiscal years ending in ~~((2012))~~ 2013. For subsequent years, the hospitals' next succeeding fiscal year cost report data must be used.

(a) With the exception of a prospective payment system hospital commencing operations after January 1, 2009, for any hospital without a cost report for the relevant fiscal year, the authority shall work with the affected hospital to identify appropriate supplemental information that may be used to determine

annual nonmedicare hospital inpatient days.

(b) A prospective payment system hospital commencing operations after January 1, 2009, must be assessed in accordance with this section after becoming an eligible new prospective payment system hospital as defined in RCW 74.60.010.

Sec. 5. RCW 74.60.050 and 2015 2nd sp.s. c 5 s 4 are each amended to read as follows:

(1) The authority, in cooperation with the office of financial management, shall develop rules for determining the amount to be assessed to individual hospitals, notifying individual hospitals of the assessed amount, and collecting the amounts due. Such rule making shall specifically include provision for:

(a) Transmittal of notices of assessment by the authority to each hospital informing the hospital of its nonmedicare hospital inpatient days and the assessment amount due and payable;

(b) Interest on delinquent assessments at the rate specified in RCW 82.32.050; and

(c) Adjustment of the assessment amounts in accordance with subsection (2) of this section.

(2) For ~~((state fiscal year 2016 and))~~ each ~~((subsequent))~~ state fiscal year, the assessment amounts established under RCW 74.60.030 must be adjusted as follows:

(a) If sufficient other funds, including federal funds, are available to make the payments required under this chapter and fund the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f) without utilizing the full assessment under RCW 74.60.030, the authority shall reduce the amount of the assessment to the minimum levels necessary to support those payments;

(b) If the total amount of inpatient ~~((an))~~ and outpatient supplemental payments under RCW 74.60.120 is in excess of the upper payment limits and the entire excess amount cannot be disbursed by additional payments to managed care organizations under RCW 74.60.130, the authority shall proportionately reduce future assessments on prospective payment hospitals to the level necessary to generate additional payments to hospitals that are consistent with the upper payment

limit plus the maximum permissible amount of additional payments to managed care organizations under RCW 74.60.130;

(c) If the amount of payments to managed care organizations under RCW 74.60.130 cannot be distributed because of failure to meet federal actuarial soundness or utilization requirements or other federal requirements, the authority shall apply the amount that cannot be distributed to reduce future assessments to the level necessary to generate additional payments to managed care organizations that are consistent with federal actuarial soundness or utilization requirements or other federal requirements;

(d) If required in order to obtain federal matching funds, the maximum number of nonmedicare inpatient days at the higher rate provided under RCW 74.60.030(1)(b)(i) may be adjusted in order to comply with federal requirements;

(e) If the number of nonmedicare inpatient days applied to the rates provided in RCW 74.60.030 will not produce sufficient funds to support the payments required under this chapter and the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f), the assessment rates provided in RCW 74.60.030 may be increased proportionately by category of hospital to amounts no greater than necessary in order to produce the required level of funds needed to make the payments specified in this chapter and the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f); and

(f) Any actual or estimated surplus remaining in the fund at the end of the fiscal year must be applied to reduce the assessment amount for the subsequent fiscal year or that fiscal year and the following fiscal years prior to and including fiscal year (~~2019~~) 2021.

(3)(a) Any adjustment to the assessment amounts pursuant to this section, and the data supporting such adjustment, including, but not limited to, relevant data listed in (b) of this subsection, must be submitted to the Washington state hospital association for review and comment at least sixty calendar days prior to implementation of such adjusted assessment amounts. Any review and comment provided by the Washington state hospital association does not limit the ability of the Washington state hospital association or its members to challenge an adjustment

or other action by the authority that is not made in accordance with this chapter.

(b) The authority shall provide the following data to the Washington state hospital association sixty days before implementing any revised assessment levels, detailed by fiscal year, beginning with fiscal year 2011 and extending to the most recent fiscal year, except in connection with the initial assessment under this chapter:

(i) The fund balance;

(ii) The amount of assessment paid by each hospital;

(iii) The state share, federal share, and total annual medicaid fee-for-service payments for inpatient hospital services made to each hospital under RCW 74.60.120, and the data used to calculate the payments to individual hospitals under that section;

(iv) The state share, federal share, and total annual medicaid fee-for-service payments for outpatient hospital services made to each hospital under RCW 74.60.120, and the data used to calculate annual payments to individual hospitals under that section;

(v) The annual state share, federal share, and total payments made to each hospital under each of the following programs: Grants to certified public expenditure hospitals under RCW 74.60.090, for critical access hospital payments under RCW 74.60.100; and disproportionate share programs under RCW 74.60.110;

(vi) The data used to calculate annual payments to individual hospitals under (b)(v) of this subsection; and

(vii) The amount of payments made to managed care plans under RCW 74.60.130, including the amount representing additional premium tax, and the data used to calculate those payments.

(c) On a monthly basis, the authority shall provide the Washington state hospital association the amount of payments made to managed care plans under RCW 74.60.130, including the amount representing additional premium tax, and the data used to calculate those payments.

Sec. 6. RCW 74.60.090 and 2015 2nd sp.s. c 5 s 5 are each amended to read as follows:

(1) In each fiscal year commencing upon satisfaction of the applicable conditions in RCW 74.60.150(1), funds must be

disbursed from the fund and the authority shall make grants to certified public expenditure hospitals, which shall not be considered payments for hospital services, as follows:

(a) University of Washington medical center: Ten million five hundred fifty-five thousand dollars in each state fiscal year ~~((2016))~~ 2018 through ~~((2019))~~ 2021 paid as follows, except if the full amount of the payments required under RCW 74.60.120 and 74.60.130 cannot be distributed in a given fiscal year, the amounts in this subsection ~~((~~(ii)~~ and ~~(iii)~~))~~ must be reduced proportionately:

(i) Four million four hundred fifty-five thousand dollars;

(ii) Two million dollars to new integrated, evidence-based psychiatry residency program slots that did not receive state funding prior to 2016, at the integrated psychiatry residency program at the University of Washington; and

(iii) Four million one hundred thousand dollars to new family medicine residency program slots that did not receive state funding prior to 2016, as directed through the family medicine residency network at the University of Washington, for slots where residents are employed by hospitals;

(b) Harborview medical center: Ten million two hundred sixty thousand dollars in each state fiscal year ~~((2016 through 2019))~~ 2018 through 2021, except if the full amount of the payments required under RCW 74.60.120 and 74.60.130 cannot be distributed in a given fiscal year, the amounts in this subsection must be reduced proportionately;

(c) All other certified public expenditure hospitals: Six million three hundred forty-five thousand dollars in each state fiscal year ~~((2016 through 2019))~~ 2018 through 2021, except if the full amount of the payments required under RCW 74.60.120 and 74.60.130 cannot be distributed in a given fiscal year, the amounts in this subsection must be reduced proportionately. The amount of payments to individual hospitals under this subsection must be determined using a methodology that provides each hospital with a proportional allocation of the group's total amount of medicaid and state children's health insurance program payments determined from claims and encounter data using the same general methodology set forth in RCW 74.60.120 (3) and (4).

(2) Payments must be made quarterly, before the end of each quarter, taking the total disbursement amount and dividing by four to calculate the quarterly amount. The authority shall provide a quarterly report of such payments to the Washington state hospital association.

Sec. 7. RCW 74.60.100 and 2015 2nd sp.s. c 5 s 6 are each amended to read as follows:

In each fiscal year commencing upon satisfaction of the conditions in RCW 74.60.150(1), the authority shall make access payments to critical access hospitals that do not qualify for or receive a small rural disproportionate share hospital payment in a given fiscal year in the total amount of ~~((seven hundred))~~ two million thirty-eight thousand dollars from the fund ~~((and to critical access hospitals that receive disproportionate share payments in the total amount of one million three hundred thirty six thousand dollars))~~. The amount of payments to individual hospitals under this section must be determined using a methodology that provides each hospital with a proportional allocation of the group's total amount of medicaid and state children's health insurance program payments determined from claims and encounter data using the same general methodology set forth in RCW 74.60.120 (3) and (4). Payments must be made after the authority determines a hospital's payments under RCW 74.60.110. These payments shall be in addition to any other amount payable with respect to services provided by critical access hospitals and shall not reduce any other payments to critical access hospitals. The authority shall provide a report of such payments to the Washington state hospital association within thirty days after payments are made.

Sec. 8. RCW 74.60.120 and 2015 2nd sp.s. c 5 s 7 are each amended to read as follows:

(1) In each state fiscal year, commencing upon satisfaction of the applicable conditions in RCW 74.60.150(1), the authority shall make supplemental payments directly to Washington hospitals, separately for inpatient and outpatient fee-for-service medicaid services, as follows unless there are federal restrictions on doing so. If there are federal restrictions, to the extent allowed, funds that cannot be paid under (a) of this subsection, should be paid under (b) of this subsection, and funds

that cannot be paid under (b) of this subsection, shall be paid under (a) of this subsection:

(a) For inpatient fee-for-service payments for prospective payment hospitals other than psychiatric or rehabilitation hospitals, twenty-nine million one hundred sixty-two thousand five hundred dollars per state fiscal year plus federal matching funds;

(b) For outpatient fee-for-service payments for prospective payment hospitals other than psychiatric or rehabilitation hospitals, thirty million dollars per state fiscal year plus federal matching funds;

(c) For inpatient fee-for-service payments for psychiatric hospitals, eight hundred seventy-five thousand dollars per state fiscal year plus federal matching funds;

(d) For inpatient fee-for-service payments for rehabilitation hospitals, two hundred twenty-five thousand dollars per state fiscal year plus federal matching funds;

(e) For inpatient fee-for-service payments for border hospitals, two hundred fifty thousand dollars per state fiscal year plus federal matching funds; and

(f) For outpatient fee-for-service payments for border hospitals, two hundred fifty thousand dollars per state fiscal year plus federal matching funds.

(2) If the amount of inpatient or outpatient payments under subsection (1) of this section, when combined with federal matching funds, exceeds the upper payment limit, payments to each category of hospital must be reduced proportionately to a level where the total payment amount is consistent with the upper payment limit. Funds under this chapter unable to be paid to hospitals under this section because of the upper payment limit must be paid to managed care organizations under RCW 74.60.130, subject to the limitations in this chapter.

(3) The amount of such fee-for-service inpatient payments to individual hospitals within each of the categories identified in subsection (1) (a), (c), (d), and (e) of this section must be determined by:

(a) ~~((Applying the medicaid fee for service rates in effect on July 1, 2009, without regard to the increases required by chapter 30, Laws of 2010 1st sp. sess. to each hospital's inpatient fee-for-~~

~~services claims and medicaid managed care encounter data for)) Totaling the inpatient fee-for-service claims payments and inpatient managed care encounter rate payments for each hospital during the base year;~~

(b) ~~((Applying the medicaid fee for service rates in effect on July 1, 2009, without regard to the increases required by chapter 30, Laws of 2010 1st sp. sess. to all hospitals' inpatient fee-for-services claims and medicaid managed care encounter data for)) Totaling the inpatient fee-for-service claims payments and inpatient managed care encounter rate payments for all hospitals during the base year; and~~

(c) Using the amounts calculated under (a) and (b) of this subsection to determine an individual hospital's percentage of the total amount to be distributed to each category of hospital.

(4) The amount of such fee-for-service outpatient payments to individual hospitals within each of the categories identified in subsection (1) (b) and (f) of this section must be determined by:

(a) ~~((Applying the medicaid fee for service rates in effect on July 1, 2009, without regard to the increases required by chapter 30, Laws of 2010 1st sp. sess. to each hospital's outpatient fee for services claims and medicaid managed care encounter data for)) Totaling the outpatient fee-for-service claims payments and outpatient managed care encounter rate payments for each hospital during the base year;~~

(b) ~~((Applying the medicaid fee for service rates in effect on July 1, 2009, without regard to the increases required by chapter 30, Laws of 2010 1st sp. sess. to all hospitals' outpatient fee for services claims and medicaid managed care encounter data for)) Totaling the outpatient fee-for-service claims payments and outpatient managed care encounter rate payments for all hospitals during the base year; and~~

(c) Using the amounts calculated under (a) and (b) of this subsection to determine an individual hospital's percentage of the total amount to be distributed to each category of hospital.

(5) Sixty days before the first payment in each subsequent fiscal year, the authority shall provide each hospital and the Washington state hospital association with an explanation of how the amounts due

to each hospital under this section were calculated.

(6) Payments must be made in quarterly installments on or about the last day of every quarter.

(7) A prospective payment system hospital commencing operations after January 1, 2009, is eligible to receive payments in accordance with this section after becoming an eligible new prospective payment system hospital as defined in RCW 74.60.010.

(8) Payments under this section are supplemental to all other payments and do not reduce any other payments to hospitals.

Sec. 9. RCW 74.60.130 and 2015 2nd sp.s. c 5 s 8 are each amended to read as follows:

(1) For state fiscal year 2016 and for each subsequent fiscal year, commencing within thirty days after satisfaction of the conditions in RCW 74.60.150(1) and subsection (5) of this section, the authority shall increase capitation payments in a manner consistent with federal contracting requirements to managed care organizations by an amount at least equal to the amount available from the fund after deducting disbursements authorized by RCW 74.60.020(4) (c) through (f) and payments required by RCW 74.60.080 through 74.60.120. When combined with applicable federal matching funds, the capitation payment under this subsection must be ((no less than ninety six million dollars per state fiscal year plus the maximum available amount of federal matching funds)) at least three hundred sixty million dollars per year. The initial payment following satisfaction of the conditions in RCW 74.60.150(1) must include all amounts due from July 1, 2015, to the end of the calendar month during which the conditions in RCW 74.60.150(1) are satisfied. Subsequent payments shall be made monthly.

(2) Payments to individual managed care organizations shall be determined by the authority based on each organization's or network's enrollment relative to the anticipated total enrollment in each program for the fiscal year in question, the anticipated utilization of hospital services by an organization's or network's medicaid enrollees, and such other factors as are reasonable and appropriate to ensure that purposes of this chapter are met.

(3) If the federal government determines that total payments to managed care organizations under this section exceed what is permitted under applicable medicaid laws and regulations, payments must be reduced to levels that meet such requirements, and the balance remaining must be applied as provided in RCW 74.60.050. Further, in the event a managed care organization is legally obligated to repay amounts distributed to hospitals under this section to the state or federal government, a managed care organization may recoup the amount it is obligated to repay under the medicaid program from individual hospitals by not more than the amount of overpayment each hospital received from that managed care organization.

(4) Payments under this section do not reduce the amounts that otherwise would be paid to managed care organizations: PROVIDED, That such payments are consistent with actuarial soundness certification and enrollment.

(5) Before making such payments, the authority shall require medicaid managed care organizations to comply with the following requirements:

(a) All payments to managed care organizations under this chapter must be expended for hospital services provided by Washington hospitals, which for purposes of this section includes psychiatric and rehabilitation hospitals, in a manner consistent with the purposes and provisions of this chapter, and must be equal to all increased capitation payments under this section received by the organization or network, consistent with actuarial certification and enrollment, less an allowance for any estimated premium taxes the organization is required to pay under Title 48 RCW associated with the payments under this chapter;

(b) Managed care organizations shall expend the increased capitation payments under this section in a manner consistent with the purposes of this chapter, with the initial expenditures to hospitals to be made within thirty days of receipt of payment from the authority. Subsequent expenditures by the managed care plans are to be made before the end of the quarter in which funds are received from the authority;

(c) Providing that any delegation or attempted delegation of an organization's or network's obligations under agreements with the authority do not relieve the

organization or network of its obligations under this section and related contract provisions.

(6) No hospital or managed care organizations may use the payments under this section to gain advantage in negotiations.

(7) No hospital has a claim or cause of action against a managed care organization for monetary compensation based on the amount of payments under subsection (5) of this section.

(8) If funds cannot be used to pay for services in accordance with this chapter the managed care organization or network must return the funds to the authority which shall return them to the hospital safety net assessment fund.

Sec. 10. RCW 74.60.150 and 2015 2nd sp.s. c 5 s 9 are each amended to read as follows:

(1) The assessment, collection, and disbursement of funds under this chapter shall be conditional upon:

(a) Final approval by the centers for medicare and medicaid services of any state plan amendments or waiver requests that are necessary in order to implement the applicable sections of this chapter including, if necessary, waiver of the broad-based or uniformity requirements as specified under section 1903(w)(3)(E) of the federal social security act and 42 C.F.R. 433.68(e);

(b) To the extent necessary, amendment of contracts between the authority and managed care organizations in order to implement this chapter; and

(c) Certification by the office of financial management that appropriations have been adopted that fully support the rates established in this chapter for the upcoming fiscal year.

(2) This chapter does not take effect or ceases to be imposed, and any moneys remaining in the fund shall be refunded to hospitals in proportion to the amounts paid by such hospitals, if and to the extent that any of the following conditions occur:

(a) The federal department of health and human services and a court of competent jurisdiction makes a final determination, with all appeals exhausted, that any element of this chapter, other than RCW 74.60.100, cannot be validly implemented;

(b) Funds generated by the assessment for payments to prospective payment hospitals or managed care organizations are determined to be not eligible for federal ~~((match))~~ matching funds in addition to those federal funds that would be received without the assessment, or the federal government replaces medicaid matching funds with a block grant or grants;

(c) Other funding sufficient to maintain aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, at least at the ~~((levels))~~ rates the state paid for those services on July 1, 2015, as adjusted for current enrollment and utilization is not appropriated or available;

(d) Payments required by this chapter are reduced, except as specifically authorized in this chapter, or payments are not made in substantial compliance with the time frames set forth in this chapter; or

(e) The fund is used as a substitute for or to supplant other funds, except as authorized by RCW 74.60.020.

Sec. 11. RCW 74.60.160 and 2015 2nd sp.s. c 5 s 10 are each amended to read as follows:

(1) The legislature intends to provide the hospitals with an opportunity to contract with the authority each fiscal biennium to protect the hospitals from future legislative action during the biennium that could result in hospitals receiving less from supplemental payments, increased managed care payments, disproportionate share hospital payments, or access payments than the hospitals expected to receive in return for the assessment based on the biennial appropriations and assessment legislation.

(2) Each odd-numbered year after enactment of the biennial omnibus operating appropriations act, the authority shall ~~((offer to enter into a contract or to))~~ extend ~~((an))~~ the existing contract for the period of the fiscal biennium beginning July 1st with a hospital that is required to pay the assessment under this chapter or shall offer to enter into a contract with any hospital subject to this chapter that has not previously been a party to a contract or whose contract has expired. The contract must include the following terms:

(a) The authority must agree not to do any of the following:

(i) Increase the assessment from the level set by the authority pursuant to this chapter on the first day of the contract period for reasons other than those allowed under RCW 74.60.050(2)(e);

(ii) Reduce aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, adjusting for changes in enrollment and utilization, from the levels the state paid for those services on the first day of the contract period;

(iii) For critical access hospitals only, reduce the levels of disproportionate share hospital payments under RCW 74.60.110 or access payments under RCW 74.60.100 for all critical access hospitals below the levels specified in those sections on the first day of the contract period;

(iv) For prospective payment system, psychiatric, and rehabilitation hospitals only, reduce the levels of supplemental payments under RCW 74.60.120 for all prospective payment system hospitals below the levels specified in that section on the first day of the contract period unless the supplemental payments are reduced under RCW 74.60.120(2);

(v) For prospective payment system, psychiatric, and rehabilitation hospitals only, reduce the increased capitation payments to managed care organizations under RCW 74.60.130 below the levels specified in that section on the first day of the contract period unless the managed care payments are reduced under RCW 74.60.130(3); or

(vi) Except as specified in this chapter, use assessment revenues for any other purpose than to secure federal medicaid matching funds to support payments to hospitals for medicaid services; and

(b) As long as payment levels are maintained as required under this chapter, the hospital must agree not to challenge the authority's reduction of hospital reimbursement rates to July 1, 2009, levels, which results from the elimination of assessment supported rate restorations and increases, under 42 U.S.C. Sec. 1396a(a)(30)(a) either through administrative appeals or in court during the period of the contract.

(3) If a court finds that the authority has breached an agreement with a hospital under subsection (2)(a) of this section, the authority:

(a) Must immediately refund any assessment payments made subsequent to the breach by that hospital upon receipt; and

(b) May discontinue supplemental payments, increased managed care payments, disproportionate share hospital payments, and access payments made subsequent to the breach for the hospital that are required under this chapter.

(4) The remedies provided in this section are not exclusive of any other remedies and rights that may be available to the hospital whether provided in this chapter or otherwise in law, equity, or statute.

Sec. 12. RCW 74.60.901 and 2015 2nd sp.s. c 5 s 11 are each amended to read as follows:

This chapter expires July 1, (~~2019~~) 2021.

Sec. 13. RCW 74.60.902 and 2010 1st sp.s. c 30 s 22 are each amended to read as follows:

Upon expiration of chapter 74.60 RCW, inpatient and outpatient hospital reimbursement rates shall return to a (~~rate structure~~) funding level as if the four percent medicaid inpatient and outpatient rate reductions did not occur on July 1, 2009, using the rate structure in effect July 1, 2015, or as otherwise specified in the ((2013-15)) 2019-2021 biennial operating appropriations act.

NEW SECTION. Sec. 14. A new section is added to chapter 74.60 RCW to read as follows:

(1) The estimated hospital net financial benefit under this chapter shall be determined by the authority by summing the following anticipated hospital payments, including all applicable federal matching funds, specified in RCW 74.60.090 for grants to certified public expenditure hospitals, RCW 74.60.100 for payments to critical access hospitals, RCW 74.60.110 for payments to small rural disproportionate share hospitals, RCW 74.60.120 for direct supplemental payments to hospitals, RCW 74.60.130 for managed care capitation payments, RCW 74.60.020(4)(f) for quality improvement incentives, minus the total assessments paid by all hospitals under RCW 74.60.030 for hospital assessments, and minus any

taxes paid on RCW 74.60.130 for managed care payments.

(2) If, for any reason including reduction or elimination of federal matching funds, the estimated hospital net financial benefit falls below one hundred thirty million dollars in any state fiscal year, the office of financial management shall direct the authority to modify the assessment rates provided for in RCW 74.60.030, and the office of financial management is authorized to direct the authority to adjust the amounts disbursed from the fund, including disbursements for payments under RCW 74.60.020(4)(f) and payments to hospitals under RCW 74.60.090 through 74.60.130 and 74.60.020(4)(g), such that the estimated hospital net financial benefit is equal to the amount disbursed from the fund for use in lieu of state general fund payments. Each category of adjusted payments to hospitals under RCW 74.60.090 through 74.60.130 and payments under RCW 74.60.020(4)(g) must bear the same relationship to the total of such adjusted payments as originally provided in this chapter.

NEW SECTION. **Sec. 15.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2017."

(1) Commercial fishing catch data from logbooks required to be provided to the department of fish and wildlife under RCW 77.12.047, when the data identifies specific catch location, timing, or methodology and the release of which would result in unfair competitive disadvantage to the commercial fisher providing the catch data, however, this information may be released to government agencies concerned with the management of fish and wildlife resources;

(2) Sensitive fish and wildlife data. Sensitive fish and wildlife data may be released to the following entities and their agents for fish, wildlife, land management purposes, or scientific research needs: Government agencies, public utilities, and accredited colleges and universities. Sensitive fish and wildlife data does not include data related to reports of predatory wildlife as specified in RCW 77.12.885. Sensitive fish and wildlife data must meet at least one of the following criteria of this subsection as applied by the department of fish and wildlife:

(i) The species has a known commercial or black market value;

(ii) There is a history of malicious take of that species and the species behavior or ecology renders it especially vulnerable;

(iii) There is a known demand to visit, take, or disturb the species; or

(iv) The species has an extremely limited distribution and concentration;

(3) The following information regarding any damage prevention cooperative agreement, or nonlethal preventative measures deployed to minimize wolf interactions with pets and livestock:

(a) The name, telephone number, residential address, and other personally identifying information, of any person who has a current damage prevention cooperative agreement with the department, including a pet or livestock owner, and his or her employees or immediate family members, who agrees to deploy, or is responsible for the deployment of nonlethal, preventative measures; and

(b) The legal description or name of any residential property, ranch, or farm, that is owned, leased, or used by any person included in (a) of this subsection;

(4) The following information regarding a reported depredation by wolves on pets or livestock:

(a) The name, telephone number, residential address, and other personally identifying information of:

(5) The personally identifying information of persons who acquire recreational licenses under RCW 77.32.010 or commercial licenses under chapter 77.65 or 77.70 RCW, except name, address of contact used by the department, and type of license, endorsement, or tag; however, the department of fish and wildlife may

disclose personally identifying information to:

(a) Government agencies concerned with the management of fish and wildlife resources;

(c) Law enforcement agencies for the purpose of firearm possession enforcement under RCW 9.41.040; and

~~((4))~~ (6) Information that the department of fish and wildlife has received or accessed but may not disclose due to confidentiality requirements in the Magnuson-Stevens fishery conservation and management reauthorization act of 2006 (16 U.S.C. Sec. 1861(h)(3) and (i), and Sec. 1881a(b)).

Sec. 2. RCW 77.12.885 and 2007 c 293 s 2 are each amended to read as follows:

Except for the personal information on reported depredations by wolves that is exempted from disclosure as provided in RCW 42.56.430, the department shall post on its internet web site all reported predatory wildlife interactions, including reported human safety confrontations or sightings as well as the known details of reported depredations by predatory wildlife on humans, pets, or livestock, within ten days of receiving the report. The posted material must include, but is not limited to, the location and time, the known details, and a running summary of such reported interactions by identified specie and interaction type within each affected county. For the purposes of this section and RCW 42.56.430, "predatory wildlife" means grizzly bears, wolves, and cougars.

NEW SECTION. Sec. 3. A new section is added to chapter 42.56 RCW to read as follows:

By December 1, 2019, the public records exemptions accountability committee, in addition to its duties in RCW 42.56.140, must prepare and submit a report to the legislature that includes recommendations on whether the exemptions created in section 1, chapter . . . , Laws of 2017 (section 1 of this act) should be continued or allowed to expire. The report should focus on

whether the exemption continues to serve the intent of the legislature in section 1, chapter . . ., Laws of 2017 (section 1 of this act) to provide protections of personal information during the period the state establishes and implements new policies regarding wolf management. The committee must consider whether the development of wolf management policy, by the time of the report, has diminished risks of threats to personal safety so that the protection of personal information in section 1, chapter . . ., Laws of 2017 (section 1 of this act) is no longer an ongoing necessity.

NEW SECTION. Sec. 4. This act expires December 31, 2019."

and the same is herewith transmitted,

Pablo S. Campos, Deputy Secretary

(3) The seal or stamp must be capable of being copied together with the record to which it is affixed or attached or with which it is logically associated.

(4) The seal or stamp used at the time that a notarial act is performed must be the seal or stamp evidencing the notary public's commission in effect as of such time, even if the notary public has received the seal or stamp evidencing his or her next commission.

NEW SECTION. Sec. 18. STAMPING DEVICE.

(1) A notary public is responsible for the security of the notary public's stamping device and may not allow another individual to use the device to perform a notarial act. On resignation from, or the revocation or expiration of, the notary public's commission, or on the expiration of the date set forth in the stamping device, the notary public shall disable the stamping device by destroying, defacing, damaging, erasing, or securing it against use in a manner that renders it unusable. On the death or adjudication of incompetency of a notary public, the notary public's personal representative or guardian or any other person knowingly in possession of the stamping device shall render it unusable by destroying, defacing, damaging, erasing, or securing it against use in a manner that renders it unusable.

(2) The seal or stamp should be kept in a locked and secured area, under the direct and exclusive control of the notary public. Any replacement device must contain a variance from the lost or stolen seal or stamp.

NEW SECTION. Sec. 19. FEES. (1) The director may establish by rule the maximum fees that may be charged by notaries public for various notarial services.

(2) A notary public need not charge fees for notarial acts.

NEW SECTION. Sec. 20. JOURNAL. (1) A notary public shall maintain a journal in which the notary public chronicles all

notarial acts that the notary public performs. The notary public shall retain the journal for ten years after the performance of the last notarial act chronicled in the journal. The journal is to be destroyed as required by the director in rule upon completion of the ten-year period.

(2) Notwithstanding any other provision of this chapter requiring a notary public to maintain a journal, a notary public who is an attorney licensed to practice law in this state is not required to chronicle a notarial act in a journal if documentation of the notarial act is otherwise maintained by professional practice.

(3) A notary public shall maintain only one tangible journal at a time to chronicle notarial acts, whether those notarial acts are performed regarding tangible or electronic records. The journal must be a permanent, bound register with numbered pages. An electronic records notary public may also maintain an electronic format journal, which can be kept concurrently with the tangible journal. The electronic journal must be in a permanent, tamper-evident electronic format complying with the rules of the director.

(4) An entry in a journal must be made contemporaneously with performance of the notarial act and contain the following information:

If a notary public's journal is lost or stolen, the notary public promptly shall notify the department on discovering that the journal is lost or stolen.

(6) On resignation from, or the revocation or suspension of, a notary public's commission, the notary public

shall retain the notary public's journal in accordance with subsection (1) of this section and inform the department where the journal is located.

NEW SECTION. Sec. 21. NOTIFICATION REGARDING PERFORMANCE OF NOTARIAL ACT ON ELECTRONIC RECORD-SELECTION OF TECHNOLOGY. (1) A notary public may not perform notarial acts with respect to electronic records unless the notary public holds a commission as an electronic records notary public.

(2) An electronic records notary public may select one or more tamper-evident technologies to perform notarial acts with respect to electronic records that meet the standards provided in subsection (4) of this section. A person cannot require an electronic records notary public to perform a notarial act with respect to an electronic record with a technology that the notary public has not selected.

(3) Before an electronic records notary public performs the notary public's initial notarial act with respect to an electronic record, an electronic records notary public shall notify the department that he or she will be performing notarial acts with respect to electronic records and identify the technology the electronic records notary public intends to use.

(4) The director shall establish standards for approval of technology in rule. If the technology conforms to the standards, the director shall approve the use of the technology.

NEW SECTION. Sec. 22. COMMISSION AS NOTARY PUBLIC-QUALIFICATIONS-NO IMMUNITY OR BENEFIT. (1) An individual qualified under subsection (2) of this section may apply to the director for a commission as a notary public. The applicant shall comply with and provide the information required by rules established by the director and pay any application fee.

(2) An applicant for a commission as a notary public must:

(a) Be at least eighteen years of age;

(b) Be a citizen or permanent legal resident of the United States;

(c) Be a resident of or have a place of employment or practice in this state;

(d) Be able to read and write English; and

(e) Not be disqualified to receive a commission under section 23 of this act.

(3) Before issuance of a commission as a notary public, an applicant for the commission shall execute an oath of office and submit it to the department in the format prescribed by the director in rule.

(4) Before issuance of a commission as a notary public, the applicant for a commission shall submit to the director an assurance in the form of a surety bond in the amount established by the director in rule. The assurance must be issued by a surety or other entity licensed or authorized to write surety bonds in this state. The assurance must be effective for a four-year term or for a term that expires on the date the notary public's commission expires. The assurance must cover acts performed during the term of the notary public's commission and must be in the form prescribed by the director. If a notary public violates law with respect to notaries public in this state, the surety or issuing entity is liable under the assurance. The surety or issuing entity shall give at least thirty days notice to the department before canceling the assurance. The surety or issuing entity shall notify the department not later than thirty days after making a payment to a claimant under the assurance. A notary public may perform notarial acts in this state only during the period that a valid assurance is on file with the department.

(5) On compliance with this section, the director shall issue a commission as a notary public to an applicant for a term of four years or for a term that expires on the date of expiration of the assurance, whichever comes first.

(6) A commission to act as a notary public authorizes the notary public to perform notarial acts. The commission does not provide the notary public any immunity or benefit conferred by law of this state on public officials or employees.

(7) An individual qualified under (a) of this subsection may apply to the director for a commission as an electronic records notary public. The applicant shall comply with and provide the information required by rules established by the director and pay the relevant application fee.

(a) An applicant for a commission as an electronic records notary public must hold a commission as notary public.

(b) An electronic records notary public commission may take the form of an endorsement to the notary public commission if deemed appropriate by the director.

NEW SECTION. **Sec. 23.** GROUND~~S~~ TO DENY, REFUSE TO RENEW, REVOKE, SUSPEND, OR CONDITION COMMISSION OF NOTARY PUBLIC.

(1) In addition to conduct defined as unprofessional under RCW 18.235.130, the director may take action as provided for in RCW 18.235.110 against a commission as notary public for any act or omission that demonstrates the individual lacks the honesty, integrity, competence, or reliability to act as a notary public, including:

(a) Failure to comply with this chapter;

(b) A fraudulent, dishonest, or deceitful misstatement or omission in the application for a commission as a notary public submitted to the department;

(c) A conviction of the applicant or notary public of any felony or crime involving fraud, dishonesty, or deceit;

(d) A finding against, or admission of liability by, the applicant or notary public in any legal proceeding or disciplinary action based on the applicant's or notary public's fraud, dishonesty, or deceit;

(e) Failure by the notary public to discharge any duty required of a notary public, whether by this chapter, rules of the director, or any federal or state law;

(f) Use of false or misleading advertising or representation by the notary public representing that the notary public has a duty, right, or privilege that the notary public does not have;

(g) Violation by the notary public of a rule of the director regarding a notary public;

(h) Denial, refusal to renew, revocation, suspension, or conditioning of a notary public commission in another state;

(i) Failure of the notary public to maintain an assurance as provided in section 22(4) of this act; or

(j) Making or noting a protest of a negotiable instrument without being a person authorized by section 5(5) of this act.

(2) If the director denies, refuses to renew, revokes, suspends, imposes conditions, or otherwise sanctions, a commission as a notary public, the applicant or notary public is entitled to timely notice and hearing in accordance with chapter 34.05 RCW.

(3) The authority of the director to take disciplinary action on a commission as a notary public does not prevent a person from seeking and obtaining other criminal or civil remedies provided by law.

NEW SECTION. **Sec. 24.** DATABASE OF NOTARIES PUBLIC. The director shall maintain an electronic database of notaries public:

(1) Through which a person may verify the authority of a notary public to perform notarial acts; and

(2) Which indicates whether a notary public has notified the director that the notary public will be performing notarial acts on electronic records.

NEW SECTION. **Sec. 25.** PROHIBITED ACTS. (1) A commission as a notary public does not authorize an individual to:

(a) Assist persons in drafting legal records, give legal advice, or otherwise practice law;

(b) Act as an immigration consultant or an expert on immigration matters;

(c) Represent a person in a judicial or administrative proceeding relating to immigration to the United States, United States citizenship, or related matters;

(d) Receive compensation for performing any of the activities listed in this subsection; or

(e) Provide court reporting services.

(2) A notary public may not engage in false or deceptive advertising.

(3) A notary public, other than an attorney licensed to practice law in this state, or a Washington-licensed limited license legal technician acting within the scope of his or her license, may not use the term "notario" or "notario publico."

(4) A notary public, other than an attorney licensed to practice law in this state or a limited license legal technician acting within the scope of his or her license, may not assist another person in selecting the appropriate certificate required by section 15 of this act.

(5) A notary public, other than an attorney licensed to practice law in this state, or a Washington-licensed limited license legal technician acting within the scope of his or her license, may not advertise or represent that the notary public may assist persons in drafting legal records, give legal advice, or otherwise practice law. If a notary public who is not an attorney licensed to practice law in this state, or a Washington-licensed limited license legal technician acting within the scope of his or her license, in any manner advertises or represents that the notary public offers notarial services, whether orally or in a record, including broadcast media, print media, and the internet, the notary public shall include the following statement, or an alternate statement authorized or required by the director, in the advertisement or representation, prominently and in each language used in the advertisement or representation: "I am not an attorney licensed to practice law in this state. I am not allowed to draft legal records, give advice on legal matters, including immigration, or charge a fee for those activities." If the form of advertisement or representation is not broadcast media, print media, or the internet and does not permit inclusion of the statement required by this subsection because of size, it must be displayed prominently or provided at the place of performance of the notarial act before the notarial act is performed.

(6) Except as otherwise allowed by law, a notary public may not withhold access to or possession of an original record provided by a person that seeks performance of a notarial act by the notary public. A notary public may not maintain copies or electronic images of documents notarized unless the copies or images are maintained by an attorney or Washington-licensed limited license legal technician acting within his or her scope of practice for the performance of legal services or for other services performed for the client and the copies or images are not maintained solely as part of the notary transaction.

NEW SECTION. **Sec. 26.** VALIDITY OF NOTARIAL ACTS. Except as otherwise provided in section 4(2) of this act, the failure of a notarial officer to perform a duty or meet a requirement specified in this chapter does not invalidate a notarial act performed by the notarial officer. The validity of a notarial act under this chapter does not prevent an aggrieved person from seeking to invalidate the record or transaction that is the subject of the notarial act or from seeking other remedies based on law of this state other than this chapter or law of the United States. This section does not validate a purported notarial act performed by an individual who does not have the authority to perform notarial acts. Nothing in this act gives the director authority to invalidate a notarial act.

NEW SECTION. **Sec. 27.** RULES. (1) The director may adopt rules necessary to implement this chapter.

(2) In adopting, amending, or repealing rules about notarial acts with respect to electronic records, the director shall consider standards, practices, and customs of other jurisdictions that substantially enact this chapter.

NEW SECTION. **Sec. 28.** NOTARY PUBLIC COMMISSION IN EFFECT. A commission as a notary public in effect on the effective date of this section continues until its date of expiration. A notary public who applies to renew a commission as a notary public on or after the effective date of this section is subject to and shall comply with this chapter. A notary public, in performing notarial acts after the effective date of this section, shall comply with this chapter.

NEW SECTION. **Sec. 29.** SAVINGS CLAUSE. This chapter does not affect the validity or effect of a notarial act performed before the effective date of this section.

NEW SECTION. **Sec. 30.** UNIFORMITY OF APPLICATION AND CONSTRUCTION. In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

NEW SECTION. **Sec. 31.** RELATION TO ELECTRONIC SIGNATURES IN GLOBAL AND NATIONAL COMMERCE ACT. This chapter modifies, limits, and supersedes the electronic signatures in global and

national commerce act, 15 U.S.C. Sec. 7001 et seq., but does not modify, limit, or supersede section 101(c) of that act, 15 U.S.C. Sec. 7001(c), or authorize electronic delivery of any of the notices described in section 103(b) of that act, 15 U.S.C. Sec. 7003(b).

NEW SECTION. **Sec. 32.** UNIFORM REGULATION OF BUSINESS AND PROFESSIONS ACT. The uniform regulation of business and professions act, chapter 18.235 RCW, governs unlicensed practice, the issuance and denial of licenses, and the discipline of licensees under this chapter.

NEW SECTION. **Sec. 33.** NEW CHAPTER. Sections 1 through 32 and 44 of this act constitute a new chapter in Title 42 RCW.

Sec. 35. RCW 9.97.020 and 2016 c 81 s 3 are each amended to read as follows:

(1) Except as provided in this section, no state, county, or municipal department, board, officer, or agency authorized to assess the qualifications of any applicant for a license, certificate of authority, qualification to engage in the practice of a profession or business, or for admission to an examination to qualify for such a license or certificate may disqualify a qualified applicant, solely based on the applicant's criminal history, if the qualified applicant has obtained a certificate of restoration of opportunity and the applicant meets all other statutory and regulatory requirements, except as required by federal law or exempted under this subsection. Nothing in this section is interpreted as restoring or creating a means to restore any firearms rights or eligibility to obtain a firearm dealer license pursuant to RCW 9.41.110 or

requiring the removal of a protection order.

(a)(i) Criminal justice agencies, as defined in RCW 10.97.030, and the Washington state bar association are exempt from this section.

(ii) This section does not apply to the licensing, certification, or qualification of the following professionals: Accountants, RCW 18.04.295; assisted living facilities employees, RCW 18.20.125; bail bond agents, RCW 18.185.020; escrow agents, RCW 18.44.241; long-term care workers, RCW 18.88B.080; nursing home administrators, RCW 18.52.071; nursing, chapter 18.79 RCW; physicians and physician assistants, chapters 18.71 and 18.71A RCW; private investigators, RCW 18.165.030; receivers, RCW 7.60.035; teachers, chapters 28A.405 and 28A.410 RCW; notaries public, chapter ~~(42.44 RCW)~~ 42.--- RCW (the new chapter created in section 33 of this act); private investigators, chapter 18.165 RCW; real estate brokers and salespersons, chapters 18.85 and 18.86 RCW; security guards, chapter 18.170 RCW; and vulnerable adult care providers, RCW 43.43.842.

(iii) To the extent this section conflicts with the requirements for receipt of federal funding under the adoption and safe families act, 42 U.S.C. Sec. 671, this section does not apply.

(b) Unless otherwise addressed in statute, in cases where an applicant would be disqualified under RCW 43.20A.710, and the applicant has obtained a certificate of restoration of opportunity, the department of social and health services may, after review of relevant factors, including the nature and seriousness of the offense, time that has passed since conviction, changed circumstances since the offense occurred, and the nature of the employment or license sought, at its discretion:

(i) Allow the applicant to have unsupervised access to children, vulnerable adults, or individuals with mental illness or developmental disabilities if the applicant is otherwise qualified and suitable; or

(ii) Disqualify the applicant solely based on the applicant's criminal history.

(c) If the practice of a profession or business involves unsupervised contact with vulnerable adults, children, or individuals with mental illness or developmental disabilities, or populations otherwise defined by statute as vulnerable, the department of health may, after review of relevant factors, including the nature and seriousness of the offense, time that has passed since conviction, changed circumstances since the offense occurred, and the nature of the employment or license sought, at its discretion:

(i) Disqualify an applicant who has obtained a certificate of restoration of opportunity, for a license, certification, or registration to engage in the practice of a health care profession or business solely based on the applicant's criminal history; or

(ii) If such applicant is otherwise qualified and suitable, credential or credential with conditions an applicant who has obtained a certificate of restoration of opportunity for a license, certification, or registration to engage in the practice of a health care profession or business.

(d) The state of Washington, any of its counties, cities, towns, municipal corporations, or quasi-municipal corporations, the department of health, and its officers, employees, contractors, and agents are immune from suit in law, equity, or any action under the administrative procedure act based upon its exercise of discretion under this section. This section does not create a protected class; private right of action; any right, privilege, or duty; or change to any right, privilege, or duty existing under law. This section does not modify a licensing or certification applicant's right to a review of an agency's decision under the administrative procedure act or other applicable statute or agency rule. A certificate of restoration of opportunity does not remove or alter citizenship or legal residency requirements already in place for state agencies and employers.

(2) A qualified court has jurisdiction to issue a certificate of restoration of opportunity to a qualified applicant.

(a) A court must determine, in its discretion whether the certificate:

(i) Applies to all past criminal history; or

(ii) Applies only to the convictions or adjudications in the jurisdiction of the court.

(b) The certificate does not apply to any future criminal justice involvement that occurs after the certificate is issued.

(c) A court must determine whether to issue a certificate by determining whether the applicant is a qualified applicant as defined in RCW 9.97.010.

(3) An employer or housing provider may, in its sole discretion, determine whether to consider a certificate of restoration of opportunity issued under this chapter in making employment or rental decisions. An employer or housing provider is immune from suit in law, equity, or under the administrative procedure act for damages based upon its exercise of discretion under this section or the refusal to exercise such discretion. In any action at law against an employer or housing provider arising out of the employment of or provision of housing to the recipient of a certificate of restoration of opportunity, evidence of the crime for which a certificate of restoration of opportunity has been issued may not be introduced as evidence of negligence or intentionally tortious conduct on the part of the employer or housing provider. This subsection does not create a protected class, private right of action, any right, privilege, or duty, or to change any right, privilege, or duty existing under law related to employment or housing except as provided in RCW 7.60.035.

(4) (a) Department of social and health services: A certificate of restoration of opportunity does not apply to the state abuse and neglect registry. No finding of abuse, neglect, or misappropriation of property may be removed from the registry based solely on a certificate. The department must include such certificates as part of its criminal history record reports, qualifying letters, or other assessments pursuant to RCW 43.43.830 through 43.43.838. The department shall adopt rules to implement this subsection.

(b) Washington state patrol: The Washington state patrol is not required to remove any records based solely on a certificate of restoration of opportunity. The state patrol must include a certificate as part of its criminal history record report.

(c) Court records:

(i) A certificate of restoration of opportunity has no effect on any other court records, including records in the judicial information system. The court records related to a certificate of restoration of opportunity must be processed and recorded in the same manner as any other record.

(ii) The qualified court where the applicant seeks the certificate of restoration of opportunity must administer the court records regarding the certificate in the same manner as it does regarding all other proceedings.

(d) Effect in other judicial proceedings: A certificate of restoration of opportunity may only be submitted to a court to demonstrate that the individual met the specific requirements of this section and not for any other procedure, including evidence of character, reputation, or conduct. A certificate is not an equivalent procedure under Rule of Evidence 609(c).

(e) Department of health: The department of health must include a certificate of restoration of opportunity on its public web site if:

(i) Its web site includes an order, stipulation to informal disposition, or notice of decision related to the conviction identified in the certificate of restoration of opportunity; and

(ii) The credential holder has provided a certified copy of the certificate of restoration of opportunity to the department of health.

(5) In all cases, an applicant must provide notice to the prosecutor in the county where he or she seeks a certificate of restoration of opportunity of the pendency of such application. If the applicant has been sentenced by any other jurisdiction in the five years preceding the application for a certificate, the applicant must also notify the prosecuting attorney in those jurisdictions. The prosecutor in the county where an applicant applies for a certificate shall provide the court with a report of the applicant's criminal history.

(6) Application for a certificate of restoration of opportunity must be filed as a civil action.

(7) A superior court in the county in which the applicant resides may decline

to consider the application for certificate of restoration of opportunity. If the superior court in which the applicant resides declines to consider the application, the court must dismiss the application without prejudice and the applicant may refile the application in another qualified court. The court must state the reason for the dismissal on the order. If the court determines that the applicant does not meet the required qualifications, then the court must dismiss the application without prejudice and state the reason(s) on the order. The superior court in the county of the applicant's conviction or adjudication may not decline to consider the application.

(8) Unless the qualified court determines that a hearing on an application for certificate of restoration is necessary, the court must decide without a hearing whether to grant the certificate of restoration of opportunity based on a review of the application filed by the applicant and pleadings filed by the prosecuting attorney.

(9) The clerk of the court in which the certificate of restoration of opportunity is granted shall transmit the certificate of restoration of opportunity to the Washington state patrol identification section, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol shall update its records to reflect the certificate of restoration of opportunity.

(10)(a) The administrative office of the courts shall develop and prepare instructions, forms, and an informational brochure designed to assist applicants applying for a certificate of restoration of opportunity.

(b) The instructions must include, at least, a sample of a standard application and a form order for a certificate of restoration of opportunity.

(c) The administrative office of the courts shall distribute a master copy of the instructions, informational brochure, and sample application and form order to all county clerks and a master copy of the application and order to all superior courts by January 1, 2017.

(d) The administrative office of the courts shall determine the significant

non-English-speaking or limited English-speaking populations in the state. The administrator shall then arrange for translation of the instructions, which shall contain a sample of the standard application and order, and the informational brochure into languages spoken by those significant non-English-speaking populations and shall distribute a master copy of the translated instructions and informational brochures to the county clerks by January 1, 2017.

(e) The administrative office of the courts shall update the instructions, brochures, standard application and order, and translations when changes in the law make an update necessary.

(b) This section does not prohibit a person from offering translation services, regardless of whether compensation is sought. MESSAGE FROM THE SENATE

April 6, 2017

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1353 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the Colockum elk herd in central Washington is the fifth largest elk herd in the state and is currently managed for the state by the department of fish and wildlife.

(2) The legislature further finds that the Colockum elk herd has been the subject of a great deal of planning by the department of fish and wildlife. The herd is subject to an existing herd management plan that attempts to ensure a healthy, productive population, manage the herd for a variety of purposes, and allow for a sustainable yield within the population. Proper management of the Colockum elk herd is important, since the herd is a resource that provides significant recreational, aesthetic, cultural, and economic benefits to recreationalists, local communities, and native Americans.

(3) The legislature further finds that the department of fish and wildlife has studied the Colockum elk herd as recently

as 2012. This study led to a greater understanding of the challenges facing the herd and resulted in recommendations as to management approaches to address those challenges.

(4) The legislature further finds that despite the active management and research by the department of fish and wildlife, there are still undesirable consequences of the Colockum elk herd's size, location, and behaviors. These consequences manifest as significant agricultural crop damage within the herd's range and unacceptably threatens to degrade highway safety levels on Interstate 90 and other roadways within the range of the herd due to collisions between herd members and vehicles.

(5) The legislature further finds that the unwanted consequences of the current Colockum elk herd management protocol are not isolated to the range of the Colockum herd. Other elk herds in the state are also the subject of similar management outcomes.

(6) The legislature further finds that the department of fish and wildlife should use the Colockum elk herd as the subject of a pilot project that explores the benefits of more active management. The department must work with the Yakama Nation to obtain input from the tribe on the tribe's recommendations. The pilot project should be limited in time and geography to ensure that overall herd health is not disrupted; however, it should be robust enough to offer scientifically rigorous results.

NEW SECTION. Sec. 2. A new section is added to chapter 77.36 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department must conduct an elk management pilot project to explore the viability of various wildlife management actions to reduce elk highway collisions and elk damage to private crop lands. The pilot project must initially focus on achieving a reduction in highway collisions on interstate highways, and crop damage on properties, within the range of the Colockum herd. The department must invite the Yakama Nation to participate in all aspects of the project.

(2) The department must work with the department of transportation to explore the viability of various wildlife management actions to reduce elk highway

collisions, initially focusing on reducing traffic collisions along interstate highways within the range of the herd.

(3) Direct wildlife management efforts must be employed in the pilot project implemented under this section, including:

(a) Increased use of special depredation hunts and general hunting opportunity within the Colockum herd. Total hunting depredations under the pilot project must be limited to three hundred elk per calendar year and these efforts must be designed and implemented in a manner that does not conflict with the primary goals of the current elk herd management plan for the Colockum herd;

(b) Feeding elk within the pilot project area by persons other than the department is prohibited, although in no event may this prohibition affect a person who sets out feed with the intent to feed domestic animals or livestock, even though such feed may be inadvertently consumed by elk or other wildlife; and

(c) The use of managed livestock grazing to attract elk away from roads and private property.

(4) Consistent with RCW 43.01.036, the department and the department of transportation must report the results of the pilot project to the appropriate committees of the legislature by October 31, 2020. Along with results, the departments must report on how the information gleaned from the pilot project will be used to manage the Colockum elk herd and other similarly situated elk herds in the state.

(5) This section expires July 1, 2021."

On page 1, line 2 of the title, after "herd;" strike the remainder of the title and insert "adding a new section to chapter 77.36 RCW; creating a new section; and providing an expiration date."

and the same is herewith transmitted.

SUBSTITUTE HOUSE BILL NO. 1353, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 12, 2017

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1445 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that it should review and revise the K-12 educational program taking into consideration the needs of students as they evolve. In Washington state, immigrant students whose first language is not English represent a significant part of evolving and more diverse school demographics. The legislature finds that Washington's

educator workforce in school districts has not evolved in a manner consistent with changing student demographics. Thus, more and more schools are without the capacity to meet the needs of English learners and without the capacity to communicate effectively with parents whose first language is not English.

(2) The legislature finds that:

(a) Between 1986 and 2016, the number of students served in the state's transitional bilingual instruction program increased from fifteen thousand twenty-four to one hundred eighteen thousand five hundred twenty-six, an increase of six hundred eighty-nine percent, and that two-thirds of the students were native Spanish speakers; the next ten most common languages were Russian, Vietnamese, Somali, Chinese, Arabic, Ukrainian, Tagalog, Korean, Marshallese, and Punjabi;

(b) In the 2015-16 school year, forty-six percent of instructors in the state's transitional bilingual instruction program were instructional aides, or paraeducators, not certificated teachers; and

(c) Eleven percent of students in the transitional bilingual instruction program received instruction in their native language in the 2015-16 school year, and research shows that non-English speaking students develop academic proficiency in English more quickly when they are provided instruction in their native language initially.

(3) The legislature showed its commitment to equity in education by passing legislation creating a seal of biliteracy, requiring world language for high school graduation, easing the transitions of English learners, encouraging training for staff in cultural competence, monitoring the racial and ethnic data of teachers, and funding the creation of K-12 dual language programs.

(4) However, the legislature finds it is necessary to better serve non-English speaking students by addressing and closing the significant language and instructional gaps that hinder English learners from meeting the state's rigorous educational standards.

(5) Thus, the legislature intends to establish a comprehensive approach to support English learners by creating grant programs to: (a) Expand dual

language programs for elementary and secondary students; and (b) recruit bilingual individuals to become educators who are able to provide instruction in, and support for, dual language programs.

NEW SECTION. **Sec. 2.** A new section is added to chapter 28A.630 RCW to read as follows:

(1)(a) The K-12 dual language grant program is created to grow capacity for high quality dual language learning in the common schools and in state-tribal compact schools.

(b) A dual language program is an instructional model that provides content-based instruction to students in two languages: English and a target language other than English spoken in the local community, for example Spanish, Somali, Vietnamese, Russian, Arabic, native languages, or indigenous languages. The goal of the program is for students to eventually become proficient and literate in both languages, while also meeting high academic standards in all subject areas. Typically, programs begin at kindergarten or first grade and continue through at least elementary school. Two-way dual language programs begin with a balanced number of native and nonnative speakers of the target language so that both groups of students serve in the role of language modeler and language learner at different times. One-way dual language programs serve only nonnative English speakers.

(2)(a) The office of the superintendent of public instruction shall develop and administer the grant program.

(b) Subject to the availability of amounts appropriated for this specific purpose, by October 1, 2017, the office of the superintendent of public instruction must award grants of up to two hundred thousand dollars each through a competitive process to school districts or state-tribal compact schools proposing to: (i) Establish a two-way dual language program or a one-way dual language program in a school with predominantly English learners; or (ii) expand a recently established two-way dual language program or a one-way dual language program in a school with predominantly English learners. When awarding a grant to a school district or a state-tribal compact school proposing to establish a dual language program in

a target language other than Spanish, the office must provide a bonus of up to twenty thousand dollars.

(c) The office of the superintendent of public instruction must identify criteria for awarding the grants, evaluate applicants, and award grant money. The office must select grantees that represent sufficient geographic, demographic, and enrollment diversity to produce meaningful data for the report required in section 6 of this act. The application must require, among other things, that the applicant describe: (i) How the program will serve the applicant's English learner population; (ii) the number of classrooms that the applicant expects to add with the grant money; (iii) the planned use of the grant money; (iv) the applicant's plan for student enrollment and outreach to families who speak the target language; (v) the applicant's plan to recruit and support bilingual paraeducators, classified staff, parents, and high school students to become bilingual teachers in the district or state-tribal compact school; (vi) the applicant's commitment to, and plan for, sustaining a dual language program beyond the grant period; and (vii) whether the school district board of directors or the governing body of a state-tribal compact school has expressed support for dual language programs.

(d) The grant money must be used for dual language program start-up and expansion costs, such as staff and teacher training, teacher recruitment, development and implementation of a dual language learning model and curriculum, and other costs identified in the application as key for start-up. The grant money may not be used for ongoing program costs.

(3) The grant period is two years. At the end of the grant period, the grantees must work with the office of the superintendent of public instruction to draft the report required in section 6 of this act.

(4) The office of the superintendent of public instruction must notify school districts and state-tribal compact schools of the grant program established under this section and provide ample time for the application process.

(5) The superintendent of public instruction may adopt rules to implement this section.

(6) This section expires July 1, 2020.

NEW SECTION. **Sec. 3.** A new section is added to chapter 28A.300 RCW to read as follows:

(1) Within existing resources, the office of the superintendent of public instruction shall facilitate dual language learning cohorts for school districts and state-tribal compact schools establishing or expanding dual language programs. The office must provide technical assistance and support to school districts and state-tribal compact schools implementing dual language programs, including those establishing or expanding dual language programs under section 1 of this act.

(2) The superintendent of public instruction may adopt rules to implement this section.

NEW SECTION. **Sec. 4.** A new section is added to chapter 28A.180 RCW to read as follows:

In 2017, funds must be appropriated for the purposes in this section.

(1) The professional educator standards board, beginning in the 2017-2019 biennium, shall administer the bilingual educator initiative, which is a long-term program to recruit, prepare, and mentor bilingual high school students to become future bilingual teachers and counselors.

(2) Subject to the availability of amounts appropriated for this specific purpose, pilot projects must be implemented in one or two school districts east of the crest of the Cascade mountains and one or two school districts west of the crest of the Cascade mountains, where immigrant students are shown to be rapidly increasing. Districts selected by the professional educator standards board must partner with at least one two-year and one four-year college in planning and implementing the program. The professional educator standards board shall provide oversight.

(3) Participating school districts must implement programs, including: (a) An outreach plan that exposes the program to middle school students and recruits them to enroll in the program when they begin their ninth grade of high school; (b) activities in ninth and tenth grades that help build student agency, such as self-confidence and awareness, while

helping students to develop academic mind-sets needed for high school and college success; the value and benefits of teaching and counseling as careers; and introduction to leadership, civic engagement, and community service; (c) credit-bearing curricula in grades eleven and twelve that include mentoring, shadowing, best practices in teaching in a multicultural world, efficacy and practice of dual language instruction, social and emotional learning, enhanced leadership, civic engagement, and community service activities.

(4) There must be a pipeline to college using two-year and four-year college faculty and consisting of continuation services for program participants, such as advising, tutoring, mentoring, financial assistance, and leadership.

(5) High school and college teachers and counselors must be recruited and compensated to serve as mentors and trainers for participating students.

(6) After obtaining a high school diploma, students qualify to receive conditional loans to cover the full cost of college tuition, fees, and books. To qualify for funds, students must meet program requirements as developed by their local implementation team, which consists of staff from their school district and the partnering two-year and four-year college faculty.

(7) In order to avoid loan repayment, students must (a) earn their baccalaureate degree and certification needed to serve as a teacher or professional guidance counselor; and (b) teach or serve as a counselor in their educational service district region for at least five years. Students who do not meet the repayment terms in this subsection are subject to repaying all or part of the financial aid they receive for college unless students are recipients of funding provided through programs such as the state need grant program or the college bound scholarship program.

(8) Grantees must work with the professional educator standards board to draft the report required in section 6 of this act.

(9) The professional educator standards board may adopt rules to implement this section.

NEW SECTION. **Sec. 5.** A new section is added to chapter 43.215 RCW to read as follows:

(1) The department of early learning must work with community partners to support outreach and education for parents and families around the benefits of native language development and retention, as well as the benefits of dual language learning. Native language means the language normally used by an individual or, in the case of a child or youth, the language normally used by the parents or family of the child or youth. Dual language learning means learning in two languages, generally English and a target language other than English spoken in the local community, for example Spanish, Somali, Vietnamese, Russian, Arabic, native languages, or indigenous languages where the goal is bilingualism.

(2) Within existing resources, the department must create training and professional development resources on dual language learning, such as supporting English learners, working in culturally and linguistically diverse communities, strategies for family engagement, and cultural responsiveness. The department must design the training modules to be culturally responsive.

(3) Within existing resources, the department must support dual language learning communities for teachers and coaches.

(4) The department may adopt rules to implement this section.

NEW SECTION. **Sec. 6.** (1) By December 1, 2019, subject to the availability of amounts appropriated for this specific purpose and in compliance with RCW 43.01.036, the office of the superintendent of public instruction and the professional educator standards board must submit a combined report to the appropriate committees of the legislature that:

(a) Details the successes, best practices, lessons learned, and outcomes of the grant programs described in this act; and

(b) Describes how the K-12 education system has met the goals of each grant program and expanded their capacities to support dual language models of instruction because of this act, that is, how many more children were educated in dual language classrooms as a result of the grants in this act.

(2) This section expires July 1, 2020.

NEW SECTION. Sec. 7. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2017, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "education;" strike the remainder of the title and insert "adding a new section to chapter 28A.630 RCW; adding a new section to chapter 28A.300 RCW; adding a new section to chapter 28A.180 RCW; adding a new section to chapter 43.215 RCW; creating new sections; and providing expiration dates."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 5, 2017

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1819 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a prioritized recommendation of the children's mental health work group, as reported in December 2016, is to reduce burdensome and duplicative paperwork requirements for providers of children's mental health services. This recommendation is consistent with the recommendations of the behavioral health workforce assessment of the workforce training and education coordinating board to reduce time-consuming documentation requirements and the behavioral and primary health regulatory alignment task force to streamline regulations and reduce the time spent responding to inefficient and excessive audits.

The legislature further finds that duplicative and overly prescriptive documentation and audit requirements negatively impact the adequacy of the provider network by reducing workforce morale and limiting the time available for patient care. Such requirements create costly barriers to the efficient provision of services for children and their families. The legislature also finds that current state regulations are often duplicative or conflicting with research-based models and other state-mandated treatment models intended to improve the quality of services and ensure positive outcomes. These barriers can be reduced while creating a greater emphasis on quality, outcomes, and safety.

The legislature further finds that social workers serving children are encumbered by burdensome paperwork requirements which can interfere with the effective delivery of services.

Therefore, the legislature intends to require the department of social and

health services to take steps to reduce paperwork, documentation, and audit requirements that are inefficient or duplicative for social workers who serve children and for providers of mental health services to children and families, and to encourage the use of effective treatment models to improve the quality of services.

NEW SECTION. Sec. 2. A new section is added to chapter 71.24 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department must immediately perform a review of its rules, policies, and procedures related to the documentation requirements for behavioral health services. Rules adopted by the department relating to the provision of behavioral health services must:

(a) Identify areas in which duplicative or inefficient documentation requirements can be eliminated or streamlined for providers;

(b) Limit prescriptive requirements for individual initial assessments to allow clinicians to exercise professional judgment to conduct age-appropriate, strength-based psychosocial assessments, including current needs and relevant history according to current best practices;

(c) By April 1, 2018, provide a single set of regulations for agencies to follow that provide mental health, substance use disorder, and co-occurring treatment services;

(d) Exempt providers from duplicative state documentation requirements when the provider is following documentation requirements of an evidence-based, research-based, or state-mandated program that provides adequate protection for patient safety; and

(e) Be clear and not unduly burdensome in order to maximize the time available for the provision of care.

(2) Subject to the availability of amounts appropriated for this specific purpose, audits conducted by the department relating to provision of behavioral health services must:

(a) Rely on a sampling methodology to conduct reviews of personnel files and clinical records based on written guidelines established by the department

that are consistent with the standards of other licensing and accrediting bodies;

(b) Treat organizations with multiple locations as a single entity. The department must not require annual visits at all locations operated by a single entity when a sample of records may be reviewed from a centralized location;

(c) Share audit results with behavioral health organizations to assist with their review process and, when appropriate, take steps to coordinate and combine audit activities;

(d) Coordinate audit functions between the department and the department of health to combine audit activities into a single site visit and eliminate redundancies;

(e) Not require information to be provided in particular documents or locations when the same information is included or demonstrated elsewhere in the clinical file, except where required by federal law; and

(f) Ensure that audits involving manualized programs such as wraparound with intensive services or other evidence or research-based programs are conducted to the extent practicable by personnel familiar with the program model and in a manner consistent with the documentation requirements of the program.

NEW SECTION. Sec. 3. A new section is added to chapter 71.24 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the health care authority must immediately perform a review of its rules, policies, and procedures related to the documentation requirements for behavioral health services. Rules adopted by the health care authority relating to the provision of behavioral health services must:

(a) Identify areas in which duplicative or inefficient documentation requirements can be eliminated or streamlined for providers;

(b) Limit prescriptive requirements for individual initial assessments to allow clinicians to exercise professional judgment to conduct age-appropriate, strength-based psychosocial assessments, including current needs and relevant history according to current best practices;

(c) By April 1, 2018, provide a single set of regulations for agencies to follow that provide mental health, substance use disorder, and co-occurring treatment services;

(d) Exempt providers from duplicative state documentation requirements when the provider is following documentation requirements of an evidence-based, research-based, or state-mandated program that provides adequate protection for patient safety; and

(e) Be clear and not unduly burdensome in order to maximize the time available for the provision of care.

(2) Subject to the availability of amounts appropriated for this specific purpose, audits conducted by the health care authority relating to provision of behavioral health services must:

(a) Rely on a sampling methodology to conduct reviews of personnel files and clinical records based on written guidelines established by the health care authority that are consistent with the standards of other licensing and accrediting bodies;

(b) Treat organizations with multiple locations as a single entity. The health care authority must not require annual visits at all locations operated by a single entity when a sample of records may be reviewed from a centralized location;

(c) Share audit results with behavioral health organizations to assist with their review process and, when appropriate, take steps to coordinate and combine audit activities;

(d) Coordinate audit functions between the health care authority and the department of health to combine audit activities into a single site visit and eliminate redundancies;

(e) Not require information to be provided in particular documents or locations when the same information is included or demonstrated elsewhere in the clinical file, except where required by federal law; and

(f) Ensure that audits involving manualized programs such as wraparound with intensive services or other evidence or research-based programs are conducted to the extent practicable by personnel familiar with the program model and in a manner consistent with the documentation requirements of the program.

NEW SECTION. **Sec. 4.** (1) Subject to the availability of amounts appropriated for this specific purpose, the department of social and health services must immediately perform a review of casework documentation and paperwork requirements for social service specialists and other direct service staff with the children's administration who provide services to children. The review must identify areas in which duplicative or inefficient documentation and paperwork requirements can be eliminated or streamlined in order to allow social workers to spend greater amounts of time and attention on direct services to children and their families. The department must complete the review by November 1, 2017. Upon completion of the review, the department must take immediate steps to amend department rules and procedures accordingly.

(2) This section expires December 31, 2018.

NEW SECTION. **Sec. 5.** Section 2 of this act takes effect only if neither Substitute House Bill No. 1388 (including any later amendments or substitutes) nor Substitute Senate Bill No. 5259 (including any later amendments or substitutes) is signed into law by the governor by the effective date of this section.

NEW SECTION. **Sec. 6.** Section 3 of this act takes effect only if Substitute House Bill No. 1388 (including any later amendments or substitutes) or Substitute Senate Bill No. 5259 (including any later amendments or substitutes) is signed into law by the governor by the effective date of this section."

On page 1, line 3 of the title, after "families;" strike the remainder of the title and insert "adding new sections to chapter 71.24 RCW; creating new sections; providing contingent effective dates; and providing an expiration date."

MESSAGE FROM THE SENATE

March 31, 2017

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1965 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9.41.070 and 2011 c 294 s 1 are each amended to read as follows:

(1) The chief of police of a municipality or the sheriff of a county shall within thirty days after the filing of an application of any person, issue a license to such person to carry a pistol concealed on his or her person within this state for five years from date of issue, for the purposes of protection or while engaged in business, sport, or while traveling. However, if the applicant does not have a valid permanent Washington driver's license or Washington state identification card or has not been a resident of the state for the previous consecutive ninety days, the issuing authority shall have up to sixty days after the filing of the application to issue a license. The issuing authority shall not refuse to accept completed applications for concealed pistol licenses during regular business hours.

The applicant's constitutional right to bear arms shall not be denied, unless:

(a) He or she is ineligible to possess a firearm under the provisions of RCW 9.41.040 or 9.41.045, or is prohibited from possessing a firearm under federal law;

(b) The applicant's concealed pistol license is in a revoked status;

(c) He or she is under twenty-one years of age;

(d) He or she is subject to a court order or injunction regarding firearms pursuant to RCW 9A.46.080, 10.14.080, 10.99.040, 10.99.045, 26.09.050, 26.09.060, 26.10.040, 26.10.115, 26.26.130, 26.50.060, 26.50.070, or 26.26.590;

(e) He or she is free on bond or personal recognizance pending trial,

appeal, or sentencing for a felony offense;

(f) He or she has an outstanding warrant for his or her arrest from any court of competent jurisdiction for a felony or misdemeanor; or

(g) He or she has been ordered to forfeit a firearm under RCW 9.41.098(1)(e) within one year before filing an application to carry a pistol concealed on his or her person.

No person convicted of a felony may have his or her right to possess firearms restored or his or her privilege to carry a concealed pistol restored, unless the person has been granted relief from disabilities by the attorney general under 18 U.S.C. Sec. 925(c), or RCW 9.41.040 (3) or (4) applies.

(2)(a) The issuing authority shall conduct a check through the national instant criminal background check system, the Washington state patrol electronic database, the department of social and health services electronic database, and with other agencies or resources as appropriate, to determine whether the applicant is ineligible under RCW 9.41.040 or 9.41.045 to possess a firearm, or is prohibited from possessing a firearm under federal law, and therefore ineligible for a concealed pistol license.

(b) The issuing authority shall deny a permit to anyone who is found to be prohibited from possessing a firearm under federal or state law.

(4) The license application shall bear the full name, residential address, telephone number at the option of the applicant, date and place of birth, race, gender, description, a complete set of fingerprints, and signature of the

licensee, and the licensee's driver's license number or state identification card number if used for identification in applying for the license. A signed application for a concealed pistol license shall constitute a waiver of confidentiality and written request that the department of social and health services, mental health institutions, and other health care facilities release information relevant to the applicant's eligibility for a concealed pistol license to an inquiring court or law enforcement agency.

The license and application shall contain a warning substantially as follows:

CAUTION: Although state and local laws do not differ, federal law and state law on the possession of firearms differ. If you are prohibited by federal law from possessing a firearm, you may be prosecuted in federal court. A state license is not a defense to a federal prosecution.

The license shall contain a description of the major differences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law.

The application shall contain questions about the applicant's eligibility under RCW 9.41.040 and federal law to possess a pistol, the applicant's place of birth, and whether the applicant is a United States citizen. If the applicant is not a United States citizen, the applicant must provide the applicant's country of citizenship, United States issued alien number or admission number, and the basis on which the applicant claims to be exempt from federal prohibitions on firearm possession by aliens. The applicant shall not be required to produce a birth certificate or other evidence of citizenship. A person who is not a citizen of the United States shall, if applicable, meet the additional requirements of RCW 9.41.173 and produce proof of compliance with RCW 9.41.173 upon application. The license may be in triplicate or in a form to be prescribed by the department of licensing.

The original thereof shall be delivered to the licensee, the duplicate shall within seven days be sent to the director of licensing and the triplicate shall be preserved for six years, by the authority issuing the license.

The department of licensing shall make available to law enforcement and corrections agencies, in an on-line format, all information received under this subsection.

(5) The nonrefundable fee, paid upon application, for the original five-year license shall be thirty-six dollars plus additional charges imposed by the federal bureau of investigation that are passed on to the applicant. No other state or local branch or unit of government may impose any additional charges on the applicant for the issuance of the license.

The fee shall be distributed as follows:

may be allowed at the option of the issuing authority.

(9) A licensee may renew a license if the licensee applies for renewal within ninety days before or after the expiration date of the license. A license so renewed shall take effect on the expiration date of the prior license. A licensee renewing after the expiration date of the license must pay a late renewal penalty of ten dollars in addition to the renewal fee specified in subsection (6) of this section. The fee shall be distributed as follows:

(a) Three dollars shall be deposited in the state wildlife account and used exclusively first for the printing and distribution of a pamphlet on the legal limits of the use of firearms, firearms safety, and the preemptive nature of state law, and subsequently the support of volunteer instructors in the basic firearms safety training program conducted by the department of fish and wildlife. The pamphlet shall be given to each applicant for a license; and

(b) Seven dollars shall be paid to the issuing authority for the purpose of enforcing this chapter.

(10) Notwithstanding the requirements of subsections (1) through (9) of this section, the chief of police of the municipality or the sheriff of the county of the applicant's residence may issue a temporary emergency license for good cause pending review under subsection (1) of this section. However, a temporary emergency license issued under this subsection shall not exempt the holder of the license from any records check requirement. Temporary emergency licenses shall be easily distinguishable from regular licenses.

(11) A political subdivision of the state shall not modify the requirements of this section or chapter, nor may a political subdivision ask the applicant to voluntarily submit any information not required by this section.

A license so renewed under this subsection (14) shall take effect on the expiration date of the prior license. A licensee renewing after the expiration date of the license under this subsection (14) shall pay only the renewal fee specified in subsection (6) of this section and shall not be required to pay a late renewal penalty in addition to the renewal fee.

(3) The sheriff shall check with the national crime information center, the Washington state patrol electronic database, the department of social and health services electronic database, and with other agencies or resources as appropriate, to determine whether the applicant is ineligible under RCW 9.41.040 or 9.41.045 to possess a firearm.

(3) Any person required to register under this section who intends to travel outside the United States must provide, by certified mail, with return receipt requested, or in person, signed written notice of the plan to travel outside the country to the county sheriff of the county with whom the person is registered at least twenty-one days prior to travel. The notice shall include the following information: (a) Name; (b) passport number and country; (c) destination; (d) itinerary details including departure and return dates; (e) means of travel; and (f) purpose of travel. If the offender subsequently cancels or postpones travel outside the United States, the offender must notify the county sheriff not later than three days after cancellation or postponement of the intended travel outside the United States or on the departure date provided in the notification, whichever is earlier. The county sheriff shall notify the United States marshals service as soon as practicable after receipt of the notification. In cases of unexpected travel due to family or work emergencies, or for offenders who travel routinely

across international borders for work-related purposes, the notice must be submitted in person at least twenty-four hours prior to travel to the sheriff of the county where such offenders are registered with a written explanation of the circumstances that make compliance with this subsection (3) impracticable.

(4)(a) Offenders shall register with the county sheriff within the following deadlines:

(i) OFFENDERS IN CUSTODY. Sex offenders or kidnapping offenders who are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender's anticipated residence. The offender must also register within three business days from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

When a person required to register under this section is in the custody of the state department of corrections or a local corrections or probations agency and has been approved for partial confinement as defined in RCW 9.94A.030, the person must register at the time of transfer to partial confinement with the

official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county in which the offender is in partial confinement. The offender must also register within three business days from the time of the termination of partial confinement or release from confinement with the county sheriff for the county of the person's residence. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register.

(ii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders or kidnapping offenders who are in the custody of the United States bureau of prisons or other federal or military correctional agency must register within three business days from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation.

(iii) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense and kidnapping offenders who are convicted for a kidnapping offense but who are not sentenced to serve a term of confinement immediately upon sentencing shall report to the county sheriff to register within three business days of being sentenced.

(iv) OFFENDERS WHO ARE NEW RESIDENTS, TEMPORARY RESIDENTS, OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country must register within three business days of establishing residence or reestablishing residence if the person is a former Washington resident. If the offender is under the jurisdiction of an agency of this state when the offender moves to Washington, the agency shall provide notice to the offender of the duty to register.

Sex offenders and kidnapping offenders who are visiting Washington state and intend to reside or be present in the state for ten days or more shall register his or her temporary address or where he or she plans to stay with the county sheriff of each county where the offender will be staying within three business days of arrival. Registration for temporary residents shall include the

information required by subsection (2)(a) of this section, except the photograph and fingerprints.

(v) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing a sex offense or a kidnapping offense and who is in custody, as a result of that finding, of the state department of social and health services, must register within three business days from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register.

(vi) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than three business days after entering the county and provide the information required in subsection (2)(a) of this section.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(viii) OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within three business days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within three business days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of RCW

9A.44.132, or arraignment on charges for a violation of RCW 9A.44.132, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under RCW 9A.44.132 who asserts as a defense the lack of notice of the duty to register shall register within three business days following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must provide, by certified mail, with return receipt requested or in person, signed written notice of the change of address to the county sheriff within three business days of moving.

(b) If any person required to register pursuant to this section moves to a new county, within three business days of moving the person must register with the county sheriff of the county into which the person has moved and provide, by certified mail, with return receipt requested or in person, signed written notice of the change of address to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered is responsible for address verification pursuant to RCW 9A.44.135 until the person completes registration of his or her new residence address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide signed written notice to the sheriff of the county where he or she last registered within three business days after ceasing to have a fixed residence. The notice shall include the information required by subsection (2)(a) of this section, except the photograph (~~and~~), fingerprints, and palmprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if

the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The person must keep an accurate accounting of where he or she stays during the week and provide it to the county sheriff upon request. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within three business days of ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vi) or (vii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within three business days of the entry of the order.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a peace officer, including a county sheriff, or law enforcement agency, for failing to release information authorized under this section."

MESSAGE FROM THE SENATE

April 11, 2017

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1017 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 36.70A RCW to read as follows:

(1) This chapter does not prohibit a county planning under RCW 36.70A.040 from authorizing the extension of public facilities and utilities to serve a school sited in a rural area that serves students from a rural area and an urban area so long as the following requirements are met:

(a) The applicable school district board of directors has adopted a policy addressing school service area and facility needs and educational program requirements;

(b) The applicable school district has made a finding, with the concurrence of the county legislative authority and the legislative authorities of any affected cities, that the district's proposed site is suitable to site the school and any associated recreational facilities that the district has determined cannot reasonably be colocated on an existing school site, taking into consideration the policy adopted in (a) of this subsection and the extent to which vacant or developable land within the growth area meets those requirements;

(c) The county and any affected cities agree to the extension of public facilities and utilities to serve the school sited in a rural area that serves urban and rural students at the time of concurrence in (b) of this subsection;

(d) If the public facility or utility is extended beyond the urban growth area to serve a school, the public facility or utility must serve only the school and the costs of such extension must be borne by the applicable school district based on a reasonable nexus to the impacts of the school, except as provided in subsection (3) of this section; and

(e) Any impacts associated with the siting of the school are mitigated as required by the state environmental policy act, chapter 43.21C RCW.

(2) This chapter does not prohibit either the expansion or modernization of an existing school in the rural area or the placement of portable classrooms at an existing school in the rural area.

(3) Where a public facility or utility has been extended beyond the urban growth area to serve a school, the public facility or utility may, where consistent

with RCW 36.70A.110(4), serve a property or properties in addition to the school if a property owner so requests, provided that the county and any affected cities agree with the request and provided that the property is located no further from the public facility or utility than the distance that, if the property were within the urban growth area, the property would be required to connect to the public facility or utility. In such an instance, the school district may, for a period not to exceed twenty years, require reimbursement from a requesting property owner for a proportional share of the construction costs incurred by the school district for the extension of the public facility or utilities.

NEW SECTION. Sec. 2. A new section is added to chapter 36.70A RCW to read as follows:

(1) A county may authorize the siting in a rural area of a school that serves students from an urban area, even where otherwise prohibited by a multicounty planning policy, under the following circumstances:

(a) The county has a population of more than eight hundred forty thousand but fewer than one million five hundred thousand and abuts at least six other counties;

(b) The county must have adopted in its comprehensive plan a policy concerning the siting of schools in rural areas;

(c) Any impacts associated with the siting of such a school are mitigated as required by the state environmental policy act, chapter 43.21C RCW; and

(d) The county must be a participant in a multicounty planning policy as described in RCW 36.70A.210.

(2) A multicounty planning policy in which any county referenced in subsection (1) of this section is a participant must be amended, at its next regularly scheduled update, to include a policy that addresses the siting of schools in rural areas of all counties subject to the multicounty planning policy.

(3) A school sited under this section may not collect or impose the impact fees described in RCW 82.02.050.

(4) This section expires June 30, 2031.

NEW SECTION. Sec. 3. A new section is added to chapter 36.70A RCW to read as follows:

In a county that chooses to site schools under section 2 of this act, each school district within the county must participate in the county's periodic updates required by RCW 36.70A.130(1)(b) by:

(1) Coordinating its enrollment forecasts and projections with the county's adopted population projections;

(2) Identifying school siting criteria with the county, cities, and regional transportation planning organizations;

(3) Identifying suitable school sites with the county and cities, with priority to siting urban-serving schools in existing cities and towns in locations where students can safely walk and bicycle to the school from their homes and that can effectively be served with transit; and

(4) Working with the county and cities to identify school costs and funding for the capital facilities plan element required by RCW 36.70A.070(3)."

On page 1, line 1 of the title, after "facilities;" strike the remainder of the title and insert "adding new sections to chapter 36.70A RCW; and providing an expiration date."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House concurred in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1017 and advanced the bill as amended by the Senate to final passage.

FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED

Representatives Fitzgibbon, McCaslin and Klippert spoke in favor of the passage of the bill, as amended by the Senate.

Representative Appleton spoke against the passage of the bill, as amended by the Senate.

COLLOQUY

Representative Fitzgibbon: "Thank you, Mr. Speaker. Will the good gentleman from the fourth district yield to a question? ... Thank you. Is it the intent of this bill that section 2, subsection 1, is not conditioned upon an

amendment to the multicounty planning policies referenced in Section 2, subsection 2, and that Section 2 only applies to counties with specific populations?

Representative McCaslin: "I thank the good gentleman for the question. Yes, it is the intent that section 2, subsection 1, operates independently of section 2, subsection 2, and is not contingent upon an amendment to the multicounty planning policy. Section 2, subsection 2, is a directive to the multicounty planning jurisdiction to modify its plans to include policies addressing the siting of schools in rural areas. Section 2 only applies to counties with a population greater than 840,000 but less than 1.5 million. It does not affect the countywide planning policies, comprehensive plans, or school siting development regulations for counties with populations lesser or greater than the range specified in section 2."

Representative Fitzgibbon: "Thank you, I appreciate the good gentleman's clarifying remarks."

Representative Appleton (again) spoke against the passage of the bill, as amended by the Senate.

The Speaker (Representative Orwall presiding) stated the question before the House to be the final passage of Engrossed Substitute House Bill No. 1017, as amended by the Senate.

MESSAGE FROM THE SENATE

April 12, 2017

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1504 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that it enacted the rail preservation program because railroads provide benefits to state and local jurisdictions that are valuable to economic development, highway safety, and the environment. The Washington state freight mobility plan includes the goal of supporting rural economies farm-to-market, manufacturing, and resource industry sectors. The plan makes clear that ensuring the availability of rail capacity is vital to meeting the future needs of the Puget Sound region. Rail-served industrial sites are a necessary part of a thriving freight mobility system, and are a key means of assuring that food and goods from rural areas are able to make it to people living in urban areas and international markets. Planned and effective access to railroad services is a pivotal aspect of transportation planning. The legislature affirms that it is in the public interest to allow economic development infrastructure to occur near rail lines as a means to alleviate strains on government infrastructure elsewhere. Therefore, the legislature finds that there is a need for counties and cities to improve their planning under the growth management act to provide much needed infrastructure for freight rail dependent uses adjacent to railroad lines.

Sec. 2. RCW 36.70A.030 and 2012 c 21 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed,

Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. "Fish and wildlife habitat conservation areas" does not include such artificial features or constructs as irrigation delivery systems, irrigation infrastructure, irrigation canals, or drainage ditches that lie within the boundaries of and are maintained by a port district or an irrigation district or company.

(6) "Department" means the department of commerce.

(7) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(8) "Forest land" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forest land is primarily devoted to growing trees for long-term commercial

timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forest land to other uses.

(9) "Freight rail dependent uses" means buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of goods where the use is dependent on and makes use of an adjacent short line railroad. Such facilities are both urban and rural development for purposes of this chapter. "Freight rail dependent uses" does not include buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of coal, liquefied natural gas, or "crude oil" as defined in RCW 90.56.010.

(10) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

~~((10))~~ (11) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

~~((11))~~ (12) "Minerals" include gravel, sand, and valuable metallic substances.

~~((12))~~ (13) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

~~((13))~~ (14) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

~~((14))~~ (15) "Recreational land" means land so designated under RCW 36.70A.1701 and that, immediately prior to this designation, was designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

~~((15))~~ (16) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and

(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

~~((16))~~ (17) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

~~((17))~~ (18) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic

water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

~~((18))~~ (19) "Short line railroad" means those railroad lines designated Class II or Class III by the United States Surface Transportation Board.

(20) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

~~((19))~~ (21) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

~~((20))~~ (22) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

~~((21))~~ (23) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including,

but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands.

Sec. 3. RCW 36.70A.060 and 2014 c 147 s 2 are each amended to read as follows:

(1)(a) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.040. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals. Each of the following counties, and each of the cities in such counties, may adopt development regulations to assure that agriculture, forest, and mineral resource lands adjacent to short line railroads may be developed for freight rail dependent uses: Counties located to the east of the crest of the Cascade mountains; and counties located to the west of the crest of the Cascade mountains that have both a population of at least two hundred forty thousand and a border that touches another state. Any development regulations related to the development of agriculture, forest, and mineral resource lands adjacent to short line railroads for freight rail dependent uses must require buffers sufficient to prevent encroachment on or impacts to the adjacent resource lands.

(b) Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within five hundred feet of, lands designated as

agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration. The notice for mineral resource lands shall also inform that an application might be made for mining-related activities, including mining, extraction, washing, crushing, stockpiling, blasting, transporting, and recycling of minerals.

(c) Each county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b), and each city within such county, shall adopt development regulations within one year after the adoption of the resolution of partial planning to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection (1)(c) must comply with the requirements governing regulations adopted under (a) of this subsection.

(d)(i) A county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b) and that is not in compliance with the planning requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172 at the time the resolution is adopted must, by January 30, 2017, apply for a determination of compliance from the department finding that the county's development regulations, including development regulations adopted to protect critical areas, and comprehensive plans are in compliance with the requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172. The department must approve or deny the application for a determination of compliance within one hundred twenty days of its receipt or by June 30, 2017, whichever date is earlier.

(ii) If the department denies an application under (d)(i) of this subsection, the county and each city within is obligated to comply with all requirements of this chapter and the resolution for partial planning adopted under RCW 36.70A.040(2)(b) is no longer in effect.

(iii) A petition for review of a determination of compliance under (d)(i) of this subsection may only be appealed to the growth management hearings board

within sixty days of the issuance of the decision by the department.

(iv) In the event of a filing of a petition in accordance with (d)(iii) of this subsection, the county and the department must equally share the costs incurred by the department for defending an approval of determination of compliance that is before the growth management hearings board.

(v) The department may implement this subsection ~~((11))~~(1)(d) by adopting rules related to determinations of compliance. The rules may address, but are not limited to: The requirements for applications for a determination of compliance; charging of costs under (d)(iv) of this subsection; procedures for processing applications; criteria for the evaluation of applications; issuance and notice of department decisions; and applicable timelines.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

(4) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights.

(5) The department of commerce is directed to submit a written report to the legislature by November 15th of each even-numbered year, beginning in 2022 and ending in 2032, that describes any job gains, tax impacts, and impacts to resource lands resulting from freight rail dependent uses sited under this chapter.

Sec. 4. RCW 36.70A.070 and 2015 c 241 s 2 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140. Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by

urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area are subject to the requirements of (d)(iv) of this subsection, but are not subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas.

Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(~~(15)~~) (16). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(~~(15)~~) (16). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment,

but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary, the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries, such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the office of financial management's ten-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ten-year investment program developed by the office of financial management as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6), "concurrent with the development" means that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six

years. If the collection of impact fees is delayed under RCW 82.02.050(3), the six-year period required by this subsection (6)(b) must begin after full payment of all impact fees is due to the county or city.

(c) The transportation element described in this subsection (6), the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year investment program required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include: (a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, workforce, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130.

Sec. 5. RCW 36.70A.108 and 2005 c 328 s 1 are each amended to read as follows:

(1) The transportation element required by RCW 36.70A.070 may include, in addition to improvements or strategies to accommodate the impacts of development authorized under RCW 36.70A.070(6)(b), multimodal transportation improvements or strategies that are made concurrent with the development. These transportation improvements or strategies may include, but are not limited to, measures implementing or evaluating:

(a) Multiple modes of transportation with peak and nonpeak hour capacity performance standards for locally owned transportation facilities; and

(b) Modal performance standards meeting the peak and nonpeak hour capacity performance standards.

(2) The transportation element required by RCW 36.70A.070 may, for each of the following counties, and for each of the cities in such counties, include development of freight rail dependent uses on land adjacent to a short line railroad: Counties located to the east of the crest of the Cascade mountains; and counties located to the west of the crest of the Cascade mountains that have both a population of at least two hundred forty thousand and a border that touches another state. Development regulations may be modified to include development of freight rail dependent uses that do not require urban governmental services in rural lands.

(3) Nothing in this section or RCW 36.70A.070(6)(b) shall be construed as prohibiting a county or city planning under RCW 36.70A.040 from exercising existing authority to develop multimodal improvements or strategies to satisfy the concurrency requirements of this chapter.

~~((3))~~ (4) Nothing in this section is intended to affect or otherwise modify the authority of jurisdictions planning under RCW 36.70A.040."

On page 1, line 2 of the title, after "regulations;" strike the remainder of the title and insert "amending RCW 36.70A.030, 36.70A.060, 36.70A.070, and 36.70A.108; and creating a new section."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 10, 2017

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1711 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 79.10 RCW to read as follows:

(1)(a) Subject to the availability of amounts appropriated for this specific purpose, the department shall, to the extent feasible given all applicable trust responsibilities, develop and implement a policy for prioritizing investments on forest health treatments to protect state lands and state forestlands, as those terms are defined in RCW 79.02.010, to:

- (i) Reduce wildfire hazards and losses from wildfire;
- (ii) reduce insect infestation and disease; and
- (iii) achieve cumulative impact of improved forest health and resilience at a landscape scale.

(b) The prioritization policy in (a) of this subsection must consider whether state lands and state forestlands are within an area that is subject to a forest health hazard warning or order pursuant to RCW 76.06.180.

(2)(a) The department's prioritization of state lands and state forestlands must be based on an evaluation of the economic and noneconomic value of:

(i) Timber or other commercial forest products removed during any mechanical treatments;

(ii) Timber or other commercial forest products likely to be spared from damage by wildfire;

(iii) Homes, structures, agricultural products, and public infrastructure likely to be spared from damage by wildfire;

(iv) Impacts to recreation and tourism; and

(v) Ecosystem services such as water quality, air quality, or carbon sequestration.

(b) The department's evaluation of economic values may rely on heuristic techniques.

(3) The definitions in this subsection apply throughout this section and sections 2 and 3 of this act unless the context clearly requires otherwise.

(a) "Forest health" has the same meaning as defined in RCW 76.06.020.

(b) "Forest health treatment" or "treatment" means actions taken by the department to restore forest health including, but not limited to, sublandscape assessment and project planning, site preparation, reforestation, mechanical treatments including timber harvest, road realignment for fire protection and aquatic improvements, and prescribed burning.

NEW SECTION. Sec. 2. A new section is added to chapter 79.10 RCW to read as follows:

(1)(a) Subject to the availability of amounts appropriated for this specific purpose, consistent with the prioritization policy developed pursuant to section 1 of this act, and to the extent feasible given all applicable trust responsibilities, the department must identify areas of state lands and state forestlands that would benefit from forest health treatments at the landscape level for the next twenty years, and ones that would benefit the most during the following six years, and prioritize and list specific lands for treatment during the subsequent biennium. The department shall update this list by November 15th of each even-numbered year.

(b) To expedite initial treatments under this act, for the 2017-2019 biennium the department may prioritize and, if funds are appropriated for this purpose, address lands for treatment that are currently identified by the department as pilot treatment projects.

(2) In order to develop a prioritized list that evaluates forest health treatments at a landscape scale, the department should consult with and take into account the land management plans and activities of nearby landowners, if available, including federal agencies, other state agencies, local governments, tribes, and private property owners, in addition to any statewide assessments done by the department. The department may include federally, locally, or privately managed lands on the list. The department may fund treatment on these lands provided that the treatments are funded with nontrust funds, and provided that the treatments produce a net benefit to the health of state lands and state forestlands.

(3) By December 1st of each even-numbered year, the department must submit a report to the legislature consistent with the requirements of RCW 43.01.036, to

the office of financial management, and to the board of natural resources. The report must include:

(a) A brief summary of the department's progress towards treating the state lands and state forestlands included on the preceding biennium's prioritization list;

(b) A list of lands prioritized for forest health treatments in the next biennium, including state lands and state forestlands prioritized for treatment pursuant to subsection (1) of this section;

(c) Recommended funding amounts required to carry out the treatment activities for the next biennium, including a summary of potential nontimber revenue sources that could finance specific forest health treatments pursuant to section 1 of this act, including but not limited to ecosystem services such as water and carbon sequestration as well as insurance and fire mitigation; and

(d) A summary of trends in forest health conditions.

NEW SECTION. Sec. 3. A new section is added to chapter 79.64 RCW to read as follows:

(1)(a) The forest health revolving account is created in the custody of the state treasurer. All receipts from the proceeds of forest health treatment sales as defined in this section and sections 1 and 2 of this act and all legislative transfers, gifts, grants, and federal funds must be deposited into the account. Expenditures from the account may be used only for the payment of costs, including management and administrative costs, incurred on forest health treatments necessary to improve forest health as defined in section 1 of this act. Only the commissioner or the commissioner's designee may authorize expenditures from the account. The board of natural resources has oversight of the account, and the commissioner must periodically report to the board of natural resources as to the status of the account, its disbursement, and receipts. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(b) The forest health revolving account is an interest-bearing account and the interest must be credited to the account.

(2) Beginning calendar year 2018, the fund balance attributable to the receipts

from the proceeds of forest health treatment sales is subject to the following:

(a) Any unobligated amounts up to ten million dollars at the end of the calendar year are not subject to disbursements to trust beneficiaries, the resource management account, or the forest development account.

(b) Any unobligated amounts exceeding ten million dollars at the end of the calendar year must be disbursed to the appropriate trust beneficiaries as determined by the board of natural resources and these disbursements are not subject to the deductions for the resource management cost account described in RCW 79.64.040 or the forest development account described in RCW 79.64.110.

(c) If the board of natural resources determines that the department has permanently discontinued using the forest health revolving account for the forest health treatments under sections 1 and 2 of this act, the board must disburse all remaining fund balance attributable to the proceeds of forest health treatment sales to the appropriate trust beneficiaries, and these disbursements are not subject to the deductions for the resource management cost account described in RCW 79.64.040 or the forest development account described in RCW 79.64.110.

(3)(a) Except as provided in (b) and (c) of this subsection, expenditures on state lands and state forestlands for forest health treatments by the department from the forest health revolving account must be consistent with the prioritization policy under section 1 of this act and the prioritization list created under section 2 of this act.

(b) The department is not bound to adhere to the list submitted to the legislature under section 1 of this act in the event that emerging information or changed circumstances support a reprioritization of lands consistent with the policy created under section 1 of this act.

(c) The department is not required to apply the prioritization policy of section 1 of this act where doing so would be incompatible with the conditions of funding provided by the federal government or another organization that is contributing funds to forest health treatments involving the department.

Sec. 4. RCW 43.30.325 and 2003 c 334 s 125 and 2003 c 313 s 9 are each reenacted and amended to read as follows:

(1) The department shall deposit daily all moneys and fees collected or received by the commissioner and the department in the discharge of official duties as follows:

(a) The department shall pay moneys received as advance payments, deposits, and security from successful bidders under RCW 79.15.100 and 79.11.150 to the state treasurer for deposit under (b) of this subsection. Moneys received from unsuccessful bidders shall be returned as provided in RCW 79.11.150;

(b) The department shall pay all moneys received on behalf of a trust fund or account to the state treasurer for deposit in the trust fund or account after making the deduction authorized under RCW (~~79.22.040~~) 79.64.110, 79.22.050, 79.64.040, and 79.15.520, except as provided in section 3 of this act;

(c) The natural resources deposit fund is hereby created. The state treasurer is the custodian of the fund. All moneys or sums which remain in the custody of the commissioner of public lands awaiting disposition or where the final disposition is not known shall be deposited into the natural resources deposit fund. Disbursement from the fund shall be on the authorization of the commissioner or the commissioner's designee, without necessity of appropriation;

(d) If it is required by law that the department repay moneys disbursed under (a) and (b) of this subsection the state treasurer shall transfer such moneys, without necessity of appropriation, to the department upon demand by the department from those trusts and accounts originally receiving the moneys.

(2) Money shall not be deemed to have been paid to the state upon any sale or lease of land until it has been paid to the state treasurer.

Sec. 5. RCW 79.64.040 and 2015 3rd sp.s. c 4 s 972 are each amended to read as follows:

(1) The board shall determine the amount deemed necessary in order to achieve the purposes of this chapter and shall provide by rule for the deduction of this amount from the moneys received from all leases, sales, contracts, licenses, permits, easements, and rights-of-way

However, if the applicant does not have a valid permanent Washington driver's license or Washington state identification card or has not been a resident of the state for the previous consecutive ninety days, the issuing authority shall have up to sixty days after the filing of the application to issue a license. The issuing authority shall not refuse to accept completed applications for concealed pistol licenses during regular business hours.

The applicant's constitutional right to bear arms shall not be denied, unless:

(a) He or she is ineligible to possess a firearm under the provisions of RCW 9.41.040 or 9.41.045, or is prohibited from possessing a firearm under federal law;

(b) The applicant's concealed pistol license is in a revoked status;

(c) He or she is under twenty-one years of age;

(d) He or she is subject to a court order or injunction regarding firearms pursuant to RCW 9A.46.080, 10.14.080, 10.99.040, 10.99.045, 26.09.050, 26.09.060, 26.10.040, 26.10.115, 26.26.130, 26.50.060, 26.50.070, or 26.26.590;

(g) He or she has been ordered to forfeit a firearm under RCW 9.41.098(1) (e) within one year before filing an application to carry a pistol concealed on his or her person.

No person convicted of a felony may have his or her right to possess firearms restored or his or her privilege to carry a concealed pistol restored, unless the person has been granted relief from disabilities by the attorney general under 18 U.S.C. Sec. 925(c), or RCW 9.41.040 (3) or (4) applies.

NEW SECTION. Sec. 3. (1) A BIAS provider must not condition, or effectively condition, provision of BIAS on a customer's agreement to waive privacy rights guaranteed by law or rule, including this chapter. A BIAS provider must not terminate service or otherwise refuse to provide BIAS as a direct or indirect consequence of a customer's refusal to waive any such privacy rights.

(2) A BIAS provider that offers a financial incentive in exchange for any customer approvals described in section 2(1) of this act must provide the customer with the terms and conditions of the use of the customer proprietary information, including the type of information sought, the purposes of its use, and the categories of entities to which the information may be disclosed.

(3) For any customer that has agreed to participate in a financial incentive program as described in subsection (2) of this section, a BIAS provider must provide access to a mechanism for customers to withdraw participation from such a program at any time.

NEW SECTION. Sec. 4. The utilities and transportation commission is authorized to adopt rules, consistent with the purposes of this chapter, that do either or both of the following:

(1) Further define the definitions in section 1 of this act; and

(2) Prescribe appropriate notice and the form of such a notice to be provided to customers under sections 2 and 3 of this act.

NEW SECTION. **Sec. 5.** The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. **Sec. 6.** The consumer privacy and security account is created in the state treasury. All receipts from recoveries by the office of the attorney general for lawsuits related to the consumer protection act under the provisions of this chapter, or otherwise designated to this account, must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for costs incurred by the office of the attorney general in the administration and enforcement of this chapter.

NEW SECTION. **Sec. 7.** Sections 1 through 6 of this act expire upon determination by the utilities and transportation commission that the federal government has established BIAS customer protections standards substantially equivalent to the levels of protection provided in this chapter. The utilities and transportation commission must provide notice of the expiration date of sections 1 through 6 of this act to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the utilities and transportation commission.

NEW SECTION. **Sec. 8.** Sections 1 through 7 of this act take effect December 31, 2018.

NEW SECTION. **Sec. 9.** Sections 1 through 7 of this act constitute a new chapter in Title 19 RCW."

SECOND READING

**HOUSE BILL NO. 1309, by Representatives Steele,
 Chapman, Kretz and Condotta**

**Concerning removal of land from the current use
 property tax classification due to certain natural
 disasters.**

The bill was read the second time.

Representative Steele moved the adoption of the striking amendment (277):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) This section is the tax preference performance statement for the tax preference contained in section 4(15), chapter . . ., Laws of 2017 (section 4(15) of this act). This preference statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes this tax preference as one intended to provide tax relief as indicated in RCW 82.32.808(2)(e), to grant land removed from the designated forestland due to natural disaster an exemption from compensating tax.

(3) The joint legislative audit and review committee must review the revenue impact attributable to the tax exemption in section 4(15), chapter . . ., Laws of 2017 (section 4(15) of this act), by county and statewide. In order to obtain the data necessary to perform the review, the joint legislative audit and review committee may refer to data sources including county assessor records and information from the department of revenue.

NEW SECTION. Sec. 2. (1) The legislature intends section 3 of this act to clarify that land removed from the current use classification due to wildfire, rather than by virtue of an act of the landowner changing the use of the property, is not subject to additional tax, applicable interest, and penalty, as provided in RCW 84.34.108(6)(c). The section clarifies an ambiguity in current law and therefore is exempt from the provisions of RCW 82.32.805.

(2) The automatic expiration date provisions of RCW 82.32.805(1)(a) do not apply to section 3 of this act.

Sec. 3. RCW 84.34.108 and 2014 c 97 s 311 and 2014 c 58 s 28 are each reenacted and amended to read as follows:

(1) When land has once been classified under this chapter, a notation of the classification must be made each year upon

the assessment and tax rolls and the land must be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of the classification by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove all or a portion of the classification;

(b) Sale or transfer to an ownership, except a transfer that resulted from a default in loan payments made to or secured by a governmental agency that intends to or is required by law or regulation to resell the property for the same use as before, making all or a portion of the land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of the land to a new owner, unless the new owner has signed a notice of classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner or transfer by a transfer on death deed does not, by itself, result in removal of classification. The notice of continuance must be on a form prepared by the department. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes, applicable interest, and penalty calculated pursuant to subsection (4) of this section become due and payable by the seller or transferor at time of sale. The auditor may not accept an instrument of conveyance regarding classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax, applicable interest, and penalty has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (4) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d)(i) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a portion of the land no longer meets the criteria for classification under this chapter. The criteria for classification pursuant to this chapter continue to apply after classification has been granted.

(ii) The granting authority, upon request of an assessor, must provide reasonable assistance to the assessor in making a determination whether the land continues to meet the qualifications of RCW 84.34.020 (1) or (3). The assistance must be provided within thirty days of receipt of the request.

(2) Land may not be removed from classification because of:

(a) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(b) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(3) Within thirty days after the removal of all or a portion of the land from current use classification under subsection (1) of this section, the assessor must notify the owner in writing, setting forth the reasons for the removal. The seller, transferor, or owner may appeal the removal to the county board of equalization in accordance with the provisions of RCW 84.40.038. The removal notice must explain the steps needed to appeal the removal decision, including when a notice of appeal must be filed, where the forms may be obtained, and how to contact the county board of equalization.

(4) Unless the removal is reversed on appeal, the assessor must revalue the affected land with reference to its true and fair value on January 1st of the year of removal from classification. Both the assessed valuation before and after the removal of classification must be listed and taxes must be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsection (6) of this section, an additional tax, applicable interest, and penalty must be imposed, which are due and payable to the treasurer thirty days after the owner is notified of the amount of the additional tax, applicable interest, and penalty. As soon as possible, the assessor must compute the amount of additional tax, applicable interest, and penalty and the treasurer must mail notice to the owner of the amount thereof and the date on which payment is due. The amount of the additional tax, applicable interest, and penalty must be determined as follows:

(a) The amount of additional tax is equal to the difference between the

property tax paid as "open space land," "farm and agricultural land," or "timberland" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified;

(b) The amount of applicable interest is equal to the interest upon the amounts of the additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter;

(c) The amount of the penalty must be as provided in RCW 84.34.080. The penalty may not be imposed if the removal satisfies the conditions of RCW 84.34.070.

(5) Additional tax, applicable interest, and penalty become a lien on the land that attaches at the time the land is removed from classification under this chapter and have priority to and must be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. This lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any additional tax unpaid on the due date (~~are is~~) is delinquent as of the due date. From the date of delinquency until paid, interest must be charged at the same rate applied by law to delinquent ad valorem property taxes.

(6) The additional tax, applicable interest, and penalty specified in subsection (4) of this section may not be imposed if the removal of classification pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other land located within the state of Washington;

(b) (i) A taking through the exercise of the power of eminent domain, or (ii) sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power, said entity having manifested its intent in writing or by other official action;

(c) A natural disaster such as a flood, windstorm, earthquake, wildfire, or other such calamity rather than by virtue of the

act of the landowner changing the use of the property;

(d) Official action by an agency of the state of Washington or by the county or city within which the land is located which disallows the present use of the land;

(e) Transfer of land to a church when the land would qualify for exemption pursuant to RCW 84.36.020;

(f) Acquisition of property interests by state agencies or agencies or organizations qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections. At such time as these property interests are not used for the purposes enumerated in RCW 84.34.210 and 64.04.130 the additional tax specified in subsection (4) of this section must be imposed;

(g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(f);

(h) Removal of land from classification after enactment of a statutory exemption that qualifies the land for exemption and receipt of notice from the owner to remove the land from classification;

(i) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;

(j) The creation, sale, or transfer of a conservation easement of private forestlands within unconfined channel migration zones or containing critical habitat for threatened or endangered species under RCW 76.09.040;

(k) The sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forestland, designated as forestland under chapter 84.33 RCW, or classified under this chapter continuously since 1993. The date of death shown on a death certificate is the date used for the purposes of this subsection (6)(k); or

(l)(i) The discovery that the land was classified under this chapter in error through no fault of the owner. For purposes of this subsection (6)(l), "fault" means a knowingly false or misleading statement, or other act or omission not in good faith, that contributed to the approval of classification under this chapter or the

failure of the assessor to remove the land from classification under this chapter.

(ii) For purposes of this subsection (6), the discovery that land was classified under this chapter in error through no fault of the owner is not the sole reason for removal of classification pursuant to subsection (1) of this section if an independent basis for removal exists. Examples of an independent basis for removal include the owner changing the use of the land or failing to meet any applicable income criteria required for classification under this chapter.

Sec. 4. RCW 84.33.140 and 2014 c 137 s 3, 2014 c 97 s 309, and 2014 c 58 s 27 are each reenacted and amended to read as follows:

(1) When land has been designated as forestland under RCW 84.33.130, a notation of the designation must be made each year upon the assessment and tax rolls. A copy of the notice of approval together with the legal description or assessor's parcel numbers for the land must, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded.

(2) In preparing the assessment roll as of January 1, 2002, for taxes payable in 2003 and each January 1st thereafter, the assessor must list each parcel of designated forestland at a value with respect to the grade and class provided in this subsection and adjusted as provided in subsection (3) of this section. The assessor must compute the assessed value of the land using the same assessment ratio applied generally in computing the assessed value of other property in the county. Values for the several grades of bare forestland are as follows:

comparing the resultant values calculated under (a) and (b) of this subsection.

(4) For the adjustments to be made on or before December 31, 2002, and each succeeding year thereafter, the same procedure described in subsection (3) of this section must be followed using harvester excise tax returns filed under RCW 84.33.074. However, this adjustment must be made to the prior year's adjusted value, and the five-year periods for calculating average harvested timber values must be successively one year more recent.

(5) Land graded, assessed, and valued as forestland must continue to be so graded, assessed, and valued until removal of designation by the assessor upon the occurrence of any of the following:

(a) Receipt of notice of request to withdraw land classified under RCW 84.34.020(3) within two years before the date of the merger under RCW 84.34.400. Land previously classified under chapter 84.34 RCW will be removed under the provisions of this chapter when two assessment years have passed following receipt of the notice as described in RCW 84.34.070(1);

(b) Receipt of notice from the owner to remove the designation;

(c) Sale or transfer to an ownership making the land exempt from ad valorem taxation;

(d) Sale or transfer of all or a portion of the land to a new owner, unless the new owner has signed a notice of forestland designation continuance, except transfer to an owner who is an heir or devisee of a deceased owner or transfer by a transfer on death deed, does not, by itself, result in removal of designation. The signed notice of continuance must be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance must be on a form prepared by the department. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated under subsection (11) of this section are due and payable by the seller or transferor at time of sale. The auditor may not accept an instrument of conveyance regarding designated forestland for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer.

(3) On or before December 31, 2001, the department must adjust by rule under chapter 34.05 RCW, the forestland values contained in subsection (2) of this section in accordance with this subsection, and must certify the adjusted values to the assessor who will use these values in preparing the assessment roll as of January 1, 2002. For the adjustment to be made on or before December 31, 2001, for use in the 2002 assessment year, the department must:

(a) Divide the aggregate value of all timber harvested within the state between July 1, 1996, and June 30, 2001, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 84.33.074; and

(b) Divide the aggregate value of all timber harvested within the state between July 1, 1995, and June 30, 2000, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 84.33.074; and

(c) Adjust the forestland values contained in subsection (2) of this section by a percentage equal to one-half of the percentage change in the average values of harvested timber reflected by

The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (11) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(e) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that:

(i) The land is no longer primarily devoted to and used for growing and harvesting timber. However, land may not be removed from designation if a governmental agency, organization, or other recipient identified in subsection (13) or (14) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in the designated forestland by means of a transaction that qualifies for an exemption under subsection (13) or (14) of this section. The governmental agency, organization, or recipient must annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the designated land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(ii) The owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control, and forest debris provisions of Title 76 RCW or any applicable rules under Title 76 RCW; or

(iii) Restocking has not occurred to the extent or within the time specified in the application for designation of such land.

(6) Land may not be removed from designation if there is a governmental restriction that prohibits, in whole or in part, the owner from harvesting timber from the owner's designated forestland. If only a portion of the parcel is impacted by governmental restrictions of this nature, the restrictions cannot be used as a basis to remove the remainder of the forestland from designation under this chapter. For the purposes of this section, "governmental restrictions" includes: (a) Any law, regulation, rule, ordinance,

program, or other action adopted or taken by a federal, state, county, city, or other governmental entity; or (b) the land's zoning or its presence within an urban growth area designated under RCW 36.70A.110.

(7) The assessor has the option of requiring an owner of forestland to file a timber management plan with the assessor upon the occurrence of one of the following:

(a) An application for designation as forestland is submitted;

(b) Designated forestland is sold or transferred and a notice of continuance, described in subsection (5)(d) of this section, is signed; or

(c) The assessor has reason to believe that forestland sized less than twenty acres is no longer primarily devoted to and used for growing and harvesting timber. The assessor may require a timber management plan to assist with determining continuing eligibility as designated forestland.

(8) If land is removed from designation because of any of the circumstances listed in subsection (5)(a) through (d) of this section, the removal applies only to the land affected. If land is removed from designation because of subsection (5)(e) of this section, the removal applies only to the actual area of land that is no longer primarily devoted to the growing and harvesting of timber, without regard to any other land that may have been included in the application and approved for designation, as long as the remaining designated forestland meets the definition of forestland contained in RCW 84.33.035.

(9) Within thirty days after the removal of designation as forestland, the assessor must notify the owner in writing, setting forth the reasons for the removal. The seller, transferor, or owner may appeal the removal to the county board of equalization in accordance with the provisions of RCW 84.40.038.

(10) Unless the removal is reversed on appeal a copy of the notice of removal with a notation of the action, if any, upon appeal, together with the legal description or assessor's parcel numbers for the land removed from designation must, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded and a notation of removal from designation must immediately be made upon the assessment and tax rolls.

The assessor must revalue the land to be removed with reference to its true and fair value as of January 1st of the year of removal from designation. Both the assessed value before and after the removal of designation must be listed. Taxes based on the value of the land as forestland are assessed and payable up until the date of removal and taxes based on the true and fair value of the land are assessed and payable from the date of removal from designation.

(11) Except as provided (~~in subsection (5) (d), (13), or (14) of~~) otherwise in this section, a compensating tax is imposed on land removed from designation as forestland. The compensating tax is due and payable to the treasurer thirty days after the owner is notified of the amount of this tax. As soon as possible after the land is removed from designation, the assessor must compute the amount of compensating tax, and the treasurer must mail a notice to the owner of the amount of compensating tax owed and the date on which payment of this tax is due. The amount of compensating tax is equal to the difference between the amount of tax last levied on the land as designated forestland and an amount equal to the new assessed value of the land multiplied by the dollar rate of the last levy extended against the land, multiplied by a number, in no event greater than nine, equal to the number of years for which the land was designated as forestland, plus compensating taxes on the land at forestland values up until the date of removal and the prorated taxes on the land at true and fair value from the date of removal to the end of the current tax year.

(12) Compensating tax, together with applicable interest thereon, becomes a lien on the land, which attaches at the time the land is removed from designation as forestland and has priority and must be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date will thereupon become delinquent. From the date of delinquency until paid, interest is charged at the same rate applied by law to delinquent ad valorem property taxes.

(13) The compensating tax specified in subsection (11) of this section may not be imposed if the removal of designation under subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forestland located within the state of Washington;

(b) (i) A taking through the exercise of the power of eminent domain, or (ii) a sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power based on official action taken by the entity and confirmed in writing;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW or approved for state natural resources conservation area purposes as defined in chapter 79.71 RCW, or for acquisition and management as a community forest trust as defined in chapter 79.155 RCW. At such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (11) of this section is imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of the land;

(f) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;

(g) The creation, sale, or transfer of a conservation easement of private forestlands within unconfined channel migration zones or containing critical habitat for threatened or endangered species under RCW 76.09.040;

(h) The sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in the

land if the land has been assessed and valued as classified forestland, designated as forestland under this chapter, or classified under chapter 84.34 RCW continuously since 1993. The date of death shown on a death certificate is the date used for the purposes of this subsection (13) (h); or

(i) (i) The discovery that the land was designated under this chapter in error through no fault of the owner. For purposes of this subsection (13) (i), "fault" means a knowingly false or misleading statement, or other act or omission not in good faith, that contributed to the approval of designation under this chapter or the failure of the assessor to remove the land from designation under this chapter.

(ii) For purposes of this subsection (13), the discovery that land was designated under this chapter in error through no fault of the owner is not the sole reason for removal of designation under subsection (5) of this section if an independent basis for removal exists. An example of an independent basis for removal includes the land no longer being devoted to and used for growing and harvesting timber.

(14) In a county with a population of more than six hundred thousand inhabitants or in a county with a population of at least two hundred forty-five thousand inhabitants that borders Puget Sound as defined in RCW 90.71.010, the compensating tax specified in subsection (11) of this section may not be imposed if the removal of designation as forestland under subsection (5) of this section resulted solely from:

(a) An action described in subsection (13) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax is imposed upon the current owner.

(15) Compensating tax authorized in this section may not be imposed on land removed from designation as forestland solely as a result of a natural disaster

such as a flood, windstorm, earthquake, wildfire, or other such calamity rather than by virtue of the act of the landowner changing the use of the property.

MESSAGE FROM THE SENATE

April 19, 2017

MR. SPEAKER:

The Senate receded from its amendment(s) to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1427, and under suspension of the rules returned ESHB 1427 to second reading for purpose of amendment(s). The Senate further adopted amendment 1427-S.E AMS BECK S2711.2 and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that in 2015 an average of two

Washington residents died per day in this state from opioid overdose and that opioid overdose deaths have more than doubled between 2010 and 2015.

The legislature further finds that medically prescribed opioids intended to treat pain have contributed to the opioid epidemic and although Washington has done much to address the prescribing and tracking of opioid prescriptions, more needs to be done to ensure proper prescribing and use of opioids and access to treatment. This includes allowing local health officers to access the prescription monitoring program in order to provide patient follow-up and care coordination, including directing care to opioid treatment programs in the area as appropriate to the patient following an overdose event.

The legislature intends to streamline its already comprehensive system of tracking and treating opioid abuse by: Reducing barriers to the siting of opioid treatment programs; ensuring ease of access for prescribers, including those prescribers who provide services in opioid treatment programs, to the prescription monitoring program; allowing facilities and practitioners to use the information received under the prescription monitoring program for the purpose of providing individual prescriber quality improvement feedback; and requiring the boards and commissions of the health care professions with prescriptive authority to adopt rules establishing requirements for prescribing opioid drugs with the goal of reducing the number of people who inadvertently become addicted to opioids and, consequently, reducing the burden on opioid treatment programs.

NEW SECTION. Sec. 2. A new section is added to chapter 18.22 RCW to read as follows:

(1) By January 1, 2019, the board must adopt rules establishing requirements for prescribing opioid drugs. The rules may contain exemptions based on education, training, amount of opioids prescribed, patient panel, and practice environment.

(2) In developing the rules, the board must consider the agency medical directors' group and centers for disease control guidelines, and may consult with the department of health, the University of Washington, and the largest professional association of podiatric physicians and surgeons in the state.

NEW SECTION. Sec. 3. A new section is added to chapter 18.32 RCW to read as follows:

(1) By January 1, 2019, the commission must adopt rules establishing requirements for prescribing opioid drugs. The rules may contain exemptions based on education, training, amount of opioids prescribed, patient panel, and practice environment.

(2) In developing the rules, the commission must consider the agency medical directors' group and centers for disease control guidelines, and may consult with the department of health, the University of Washington, and the largest professional association of dentists in the state.

NEW SECTION. Sec. 4. A new section is added to chapter 18.57 RCW to read as follows:

(2) In developing the rules, the board must consider the agency medical directors' group and centers for disease control guidelines, and may consult with the department of health, the University of Washington, and the largest professional association of osteopathic physicians and surgeons in the state.

NEW SECTION. Sec. 5. A new section is added to chapter 18.57A RCW to read as follows:

(1) By January 1, 2019, the board must adopt rules establishing requirements for prescribing opioid drugs. The rules may contain exemptions based on education, training, amount of opioids prescribed, patient panel, and practice environment.

(2) In developing the rules, the board must consider the agency medical directors' group and centers for disease control guidelines, and may consult with the department of health, the University of Washington, and the largest professional association of osteopathic physician assistants in the state.

NEW SECTION. Sec. 6. A new section is added to chapter 18.71 RCW to read as follows:

(1) By January 1, 2019, the commission must adopt rules establishing requirements for prescribing opioid drugs. The rules

may contain exemptions based on education, training, amount of opioids prescribed, patient panel, and practice environment.

(2) In developing the rules, the commission must consider the agency medical directors' group and centers for disease control guidelines, and may consult with the department of health, the University of Washington, and the largest professional association of physicians in the state.

NEW SECTION. Sec. 7. A new section is added to chapter 18.71A RCW to read as follows:

(1) By January 1, 2019, the commission must adopt rules establishing requirements for prescribing opioid drugs. The rules may contain exemptions based on education, training, amount of opioids prescribed, patient panel, and practice environment.

(2) In developing the rules, the commission must consider the agency medical directors' group and centers for disease control guidelines, and may consult with the department of health, the University of Washington, and the largest professional association of physician assistants in the state.

NEW SECTION. Sec. 10. A new section is added to chapter 70.225 RCW to read as follows:

Beginning November 15, 2017, the department shall annually report to the governor and the appropriate committees of the legislature on the number of facilities, entities, or provider groups identified in RCW 70.225.040(3) (l) and (m) that have integrated their federally certified electronic health records with the prescription monitoring program utilizing the state health information exchange.

Sec. 11. RCW 71.24.560 and 2016 sp.s. c 29 s 506 are each amended to read as follows:

(1) All approved ~~((opiate substitution))~~ opiod treatment programs that provide services to women who are pregnant are required to disseminate up-to-date and accurate health education information to all their pregnant clients concerning the possible addiction and health risks that their ~~((opiate substitution))~~ treatment may have on their baby. All pregnant clients must also be advised of the risks to both them and their

baby associated with not remaining on the ~~((opiate substitute))~~ opiod treatment program. The information must be provided to these clients both verbally and in writing. The health education information provided to the pregnant clients must include referral options for the ~~((addicted))~~ substance-exposed baby.

(2) The department shall adopt rules that require all ~~((opiate))~~ opiod treatment programs to educate all pregnant women in their program on the benefits and risks of ~~((methadone))~~ medication-assisted treatment to their fetus before they are provided these medications, as part of their ~~((addiction))~~ treatment. The department shall meet the requirements under this subsection within the appropriations provided for ~~((opiate))~~ opiod treatment programs. The department, working with treatment providers and medical experts, shall develop and disseminate the educational materials to all certified ~~((opiate))~~ opiod treatment programs.

Sec. 12. RCW 71.24.585 and 2016 sp.s. c 29 s 519 are each amended to read as follows:

The state of Washington declares that there is no fundamental right to ~~((opiate substitution))~~ medication-assisted treatment for opiod use disorder. The state of Washington further declares that while ~~((opiate substitution drugs))~~ medications used in the treatment of ((opiate dependency)) opiod use disorder are addictive substances, that they nevertheless have several legal, important, and justified uses and that one of their appropriate and legal uses is, in conjunction with other required therapeutic procedures, in the treatment of persons ~~((addicted to or habituated to opiods))~~ with opiod use disorder. The state of Washington recognizes as evidence-based for the management of opiod use disorder the medications approved by the federal food and drug administration for the treatment of opiod use disorder. ((Opiate substitution)) Medication-assisted treatment should only be used for participants who are deemed appropriate to need this level of intervention ((and should not be the first treatment intervention for all opiate addicts)). Providers must inform patients of all treatment options available. The provider and the patient shall consider alternative treatment options, like abstinence, when developing the treatment plan. If medications are prescribed,

follow up must be included in the treatment plan in order to work towards the goal of abstinence.

Because ~~((opiate substitution drugs, used in the treatment of opiate dependency are addictive and are listed as a schedule II))~~ some such medications are controlled substances in chapter 69.50 RCW, the state of Washington ((has)) maintains the legal obligation and right to regulate the ((use of opiate substitution treatment. The state of Washington declares its authority to control and regulate carefully, in consultation with counties and cities, all clinical uses of opiate substitution drugs used in the treatment of opiate addiction)) clinical uses of these medications in the treatment of opioid use disorder.

Further, the state declares that the ~~((primary))~~ main goal of opiate substitution treatment is total abstinence from substance use for the individuals who participate in the treatment program, but recognizes the additional goals of reduced morbidity, and restoration of the ability to lead a productive and fulfilling life. The state recognizes that a small percentage of persons who participate in ~~((opiate substitution))~~ opioid treatment programs require treatment for an extended period of time. ((Opiate substitution)) Opioid treatment programs shall provide a comprehensive transition program to eliminate substance use, including ((opiate and opiate substitute addiction)) opioid use of program participants.

NEW SECTION. Sec. 13. A new section is added to chapter 71.24 RCW to read as follows:

The state declares that a person lawfully possessing or using lawfully prescribed medication for the treatment of opioid use disorder must be treated the same in judicial and administrative proceedings as a person lawfully possessing or using other lawfully prescribed medications.

Sec. 14. RCW 71.24.590 and 2001 c 242 s 2 are each amended to read as follows:

(1) ~~((For purposes of this section, "area" means the county in which an applicant proposes to locate a certified program and counties adjacent, or near to, the county in which the program is proposed to be located.))~~

(a) Consult with the county legislative authorities in the area in which an applicant proposes to locate a program and the city legislative authority in any city in which an applicant proposes to locate a program;

(b) Certify only programs that will be sited in accordance with the appropriate county or city land use ordinances. Counties and cities may require conditional ~~((or special))~~ use permits with reasonable conditions for the siting of programs. Pursuant to RCW 36.70A.200, no local comprehensive plan or development regulation may preclude the siting of essential public facilities;

(c) Not discriminate in its certification decision on the basis of the corporate structure of the applicant;

(d) Consider the size of the population in need of treatment in the area in which the program would be located and certify only applicants whose programs meet the necessary treatment needs of that population;

(e) ~~((Demonstrate a need in the community for opiate substitution treatment and not certify more program slots than justified by the need in that community. No program shall exceed three hundred fifty participants unless specifically authorized by the county in which the program is certified;~~

~~((f))~~ Consider the availability of other certified opioid treatment programs near the area in which the applicant proposes to locate the program;

~~((g))~~ (f) Consider the transportation systems that would provide service to the program and whether the systems will provide reasonable opportunities to access the program for persons in need of treatment;

~~((h))~~ (g) Consider whether the applicant has, or has demonstrated in the past, the capability to provide the appropriate services to assist the persons who utilize the program in meeting goals established by the legislature ~~((including abstinence from opiates and opiate substitutes, obtaining mental health treatment, improving economic independence, and reducing adverse consequences associated with illegal use of controlled substances))~~ in RCW 71.24.585. The department shall prioritize certification to applicants who have demonstrated such capability and are able

to measure their success in meeting such outcomes;

~~((i))~~ (h) Hold ~~((at least))~~ one public hearing in the ~~((county))~~ community in which the facility is proposed to be located ~~((and one hearing in the area in which the facility is proposed to be located))~~. The department shall notify all appropriate media outlets of the time, date, and location of the hearing at least three weeks in advance of the hearing.

(2) A county may impose a maximum capacity for a program of not less than three hundred fifty participants if necessary to address specific local conditions cited by the county.

(3) A program applying for certification from the department and a program applying for a contract from a state agency that has been denied the certification or contract shall be provided with a written notice specifying the rationale and reasons for the denial.

The following information relating to fish and wildlife is exempt from disclosure under this chapter:

(1) Commercial fishing catch data from logbooks required to be provided to the department of fish and wildlife under RCW 77.12.047, when the data identifies specific catch location, timing, or methodology and the release of which would result in unfair competitive disadvantage to the commercial fisher providing the catch data, however, this information may be released to government agencies concerned with the management of fish and wildlife resources;

(2) Sensitive fish and wildlife data. Sensitive fish and wildlife data may be released to the following entities and their agents for fish, wildlife, land management purposes, or scientific research needs: Government agencies, public utilities, and accredited colleges and universities. Sensitive fish and wildlife data may be released to tribal governments. Sensitive fish and wildlife data may also be released to the owner, lessee, or right-of-way or easement holder of the private land to which the data pertains. The release of sensitive fish and wildlife data may be subject to a confidentiality agreement, except upon release of sensitive fish and wildlife data to the owner, lessee, or right-of-way or easement holder of private land who initially provided the data. Sensitive fish and wildlife data does not include data related to reports of predatory wildlife as specified in RCW 77.12.885. Sensitive fish and wildlife data must meet at least one of the following criteria of this subsection as applied by the department of fish and wildlife:

(a) The nesting sites or specific locations of endangered species designated under RCW 77.12.020, or threatened or sensitive species classified by rule of the department of fish and wildlife;

(b) Radio frequencies used in, or locational data generated by, telemetry studies; or

(c) Other location data that could compromise the viability of a specific fish or wildlife population, and where at least one of the following criteria are met:

(i) The species has a known commercial or black market value;

(ii) There is a history of malicious take of that species and the species

behavior or ecology renders it especially vulnerable;

(iii) There is a known demand to visit, take, or disturb the species; or

(iv) The species has an extremely limited distribution and concentration;

(3) The following information regarding any damage prevention cooperative agreement, or nonlethal preventative measures deployed to minimize wolf interactions with pets and livestock:

(a) The name, telephone number, residential address, and other personally identifying information of any person who has a current damage prevention cooperative agreement with the department, including a pet or livestock owner, and his or her employees or immediate family members, who agrees to deploy, or is responsible for the deployment of, nonlethal, preventative measures; and

(b) The legal description or name of any residential property, ranch, or farm, that is owned, leased, or used by any person included in (a) of this subsection;

(4) The following information regarding a reported depredation by wolves on pets or livestock:

(a) The name, telephone number, residential address, and other personally identifying information of:

(5) The personally identifying information of persons who acquire recreational licenses under RCW 77.32.010 or commercial licenses under chapter 77.65 or 77.70 RCW, except name, address of contact used by the department, and type

of license, endorsement, or tag; however, the department of fish and wildlife may disclose personally identifying information to:

(a) Government agencies concerned with the management of fish and wildlife resources;

(b) The department of social and health services, child support division, and to the department of licensing in order to implement RCW 77.32.014 and 46.20.291; and

(c) Law enforcement agencies for the purpose of firearm possession enforcement under RCW 9.41.040; and

~~((4))~~ (6) Information that the department of fish and wildlife has received or accessed but may not disclose due to confidentiality requirements in the Magnuson-Stevens fishery conservation and management reauthorization act of 2006 (16 U.S.C. Sec. 1861(h)(3) and (i), and Sec. 1881a(b)).

Sec. 2. RCW 77.12.885 and 2007 c 293 s 2 are each amended to read as follows:

Except for the personal information on reported depredations by wolves that is exempted from disclosure as provided in RCW 42.56.430, the department shall post on its internet web site all reported predatory wildlife interactions, including reported human safety confrontations or sightings as well as the known details of reported depredations by predatory wildlife on humans, pets, or livestock, within ten days of receiving the report. The posted material must include, but is not limited to, the location and time, the known details, and a running summary of such reported interactions by identified specie and interaction type within each affected county. For the purposes of this section and RCW 42.56.430, "predatory wildlife" means grizzly bears, wolves, and cougars.

NEW SECTION. Sec. 3. A new section is added to chapter 42.56 RCW to read as follows:

By December 1, 2021, the public records exemptions accountability committee, in addition to its duties in RCW 42.56.140, must prepare and submit a report to the legislature that includes recommendations on whether the exemptions created in section 1, chapter . . . , Laws of 2017 (section 1 of this act) should be continued or allowed to expire. The report should focus on whether the exemption continues to serve the intent of the

legislature in section 1, chapter . . . , Laws of 2017 (section 1 of this act) to provide protections of personal information during the period the state establishes and implements new policies regarding wolf management. The committee must consider whether the development of wolf management policy, by the time of the report, has diminished risks of threats to personal safety so that the protection of personal information in section 1, chapter . . . , Laws of 2017 (section 1 of this act) is no longer an ongoing necessity.

NEW SECTION. Sec. 4. This act expires June 30, 2022."

On page 1, line 2 of the title, after "depredations;" strike the remainder of the title and insert "amending RCW 42.56.430 and 77.12.885; adding a new section to chapter 42.56 RCW; and providing an expiration date."

MESSAGE FROM THE SENATE

April 19, 2017

MR. SPEAKER:

The Senate receded from its amendment(s) to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1714, and under suspension of the rules returned ESHB 1714 to second reading for purpose of amendment(s). The Senate further adopted amendment 1714-S.E AMS RIVE S2706.1 and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that:

(1) Research demonstrates that registered nurses play a critical role in improving patient safety and quality of care;

(2) Appropriate staffing of hospital personnel including registered nurses available for patient care assists in reducing errors, complications, and adverse patient care events and can improve staff safety and satisfaction and reduce incidences of workplace injuries;

(3) Health care professional, technical, and support staff comprise vital components of the patient care team, bringing their particular skills and services to ensuring quality patient care;

(4) Assuring sufficient staffing of hospital personnel, including registered nurses, is an urgent public policy priority in order to protect patients and support greater retention of registered nurses and safer working conditions; and

(5) Steps should be taken to promote evidence-based nurse staffing and increase transparency of health care data and decision making based on the data.

Sec. 2. RCW 70.41.420 and 2008 c 47 s 3 are each amended to read as follows:

(1) By September 1, 2008, each hospital shall establish a nurse staffing committee, either by creating a new committee or assigning the functions of a nurse staffing committee to an existing committee. At least one-half of the members of the nurse staffing committee shall be registered nurses currently providing direct patient care and up to one-half of the members shall be determined by the hospital administration. The selection of the registered nurses providing direct patient care shall be according to the collective bargaining agreement if there is one in effect at the hospital. If there is no applicable collective bargaining agreement, the members of the nurse staffing committee who are registered nurses providing direct patient care shall be selected by their peers.

(2) Participation in the nurse staffing committee by a hospital employee shall be on scheduled work time and compensated at the appropriate rate of pay. Nurse staffing committee members shall be relieved of all other work duties during meetings of the committee.

(3) Primary responsibilities of the nurse staffing committee shall include:

(a) Development and oversight of an annual patient care unit and shift-based nurse staffing plan, based on the needs of patients, to be used as the primary component of the staffing budget. Factors to be considered in the development of the plan should include, but are not limited to:

(i) Census, including total numbers of patients on the unit on each shift and activity such as patient discharges, admissions, and transfers;

(ii) Level of intensity of all patients and nature of the care to be delivered on each shift;

(iii) Skill mix;

(iv) Level of experience and specialty certification or training of nursing personnel providing care;

(v) The need for specialized or intensive equipment;

(vi) The architecture and geography of the patient care unit, including but not limited to placement of patient rooms, treatment areas, nursing stations, medication preparation areas, and equipment; ~~((and))~~

(vii) Staffing guidelines adopted or published by national nursing professional associations, specialty nursing organizations, and other health professional organizations;

(viii) Availability of other personnel supporting nursing services on the unit; and

(ix) Strategies to enable registered nurses to take meal and rest breaks as required by law or the terms of an applicable collective bargaining agreement, if any, between the hospital and a representative of the nursing staff;

(b) Semiannual review of the staffing plan against patient need and known evidence-based staffing information, including the nursing sensitive quality indicators collected by the hospital;

(c) Review, assessment, and response to staffing variations or concerns presented to the committee.

(4) In addition to the factors listed in subsection (3)(a) of this section, hospital finances and resources ~~((may))~~ must be taken into account in the development of the nurse staffing plan.

(5) The staffing plan must not diminish other standards contained in state or federal law and rules, or the terms of an applicable collective bargaining agreement, if any, between the hospital and a representative of the nursing staff.

(6) The committee will produce the hospital's annual nurse staffing plan. If this staffing plan is not adopted by the hospital, the chief executive officer shall provide a written explanation of the reasons why the plan was not adopted to the committee. The chief executive officer must then either: (a) Identify those elements of the proposed plan being changed prior to adoption of the plan by the hospital or (b) prepare an alternate annual staffing plan that must be adopted by the hospital. Beginning January 1, 2019, each hospital shall submit its staffing plan to the department and thereafter on an annual basis and at any time in between that the plan is updated.

(7) Beginning January 1, 2019, each hospital shall implement the staffing plan

and assign nursing personnel to each patient care unit in accordance with the plan.

(a) A registered nurse may report to the staffing committee any variations where the nurse personnel assignment in a patient care unit is not in accordance with the adopted staffing plan and may make a complaint to the committee based on the variations.

(b) Shift-to-shift adjustments in staffing levels required by the plan may be made by the appropriate hospital personnel overseeing patient care operations. If a registered nurse on a patient care unit objects to a shift-to-shift adjustment, the registered nurse may submit the complaint to the staffing committee.

(c) Staffing committees shall develop a process to examine and respond to data submitted under (a) and (b) of this subsection, including the ability to determine if a specific complaint is resolved or dismissing a complaint based on unsubstantiated data.

(8) Each hospital shall post, in a public area on each patient care unit, the nurse staffing plan and the nurse staffing schedule for that shift on that unit, as well as the relevant clinical staffing for that shift. The staffing plan and current staffing levels must also be made available to patients and visitors upon request.

~~((9))~~ (9) A hospital may not retaliate against or engage in any form of intimidation of:

(a) An employee for performing any duties or responsibilities in connection with the nurse staffing committee; or

(b) An employee, patient, or other individual who notifies the nurse staffing committee or the hospital administration of his or her concerns on nurse staffing.

~~((10))~~ (10) This section is not intended to create unreasonable burdens on critical access hospitals under 42 U.S.C. Sec. 1395i-4. Critical access hospitals may develop flexible approaches to accomplish the requirements of this section that may include but are not limited to having nurse staffing committees work by telephone or ~~((electronic mail))~~ email.

NEW SECTION. Sec. 3. A new section is added to chapter 70.41 RCW to read as follows:

(iii) Submit a nurse staffing plan on an annual basis and any updates; or

(iv) (A) Follow the nursing personnel assignments in a patient care unit in violation of RCW 70.41.420(7) (a) or shift-to-shift adjustments in staffing levels in violation of RCW 70.41.420(7) (b).

(B) The department may only investigate a complaint under this subsection (1) (a) (iv) after making an assessment that the submitted evidence indicates a continuing pattern of unresolved violations of RCW 70.41.420(7) (a) or (b), that were submitted to the nurse staffing committee excluding complaints determined by the nurse staffing committee to be resolved or dismissed. The submitted evidence must include the aggregate data contained in the complaints submitted to the hospital's nurse staffing committee that indicate a continuing pattern of unresolved violations for a minimum sixty-day continuous period leading up to receipt of the complaint by the department.

(C) The department may not investigate a complaint under this subsection (1) (a) (iv) in the event of unforeseeable emergency circumstances or if the hospital, after consultation with the nurse staffing committee, documents it has made reasonable efforts to obtain staffing to meet required assignments but has been unable to do so.

(b) After an investigation conducted under (a) of this subsection, if the department determines that there has been a violation, the department shall require the hospital to submit a corrective plan of action within forty-five days of the presentation of findings from the department to the hospital.

(2) In the event that a hospital fails to submit or submits but fails to follow such a corrective plan of action in response to a violation or violations found by the department based on a complaint filed pursuant to subsection (1) of this section, the department may

impose, for all violations asserted against a hospital at any time, a civil penalty of one hundred dollars per day until the hospital submits or begins to follow a corrective plan of action or takes other action agreed to by the department.

(3) The department shall maintain for public inspection records of any civil penalties, administrative actions, or license suspensions or revocations imposed on hospitals under this section.

(4) For purposes of this section, "unforeseeable emergency circumstance" means:

(a) Any unforeseen national, state, or municipal emergency;

(d) When a hospital is diverting patients to another hospital or hospitals for treatment or the hospital is receiving patients who are from another hospital or hospitals.

(5) Nothing in this section shall be construed to preclude the ability to otherwise submit a complaint to the department for failure to follow RCW 70.41.420.

(6) The department shall submit a report to the legislature on December 31, 2020. This report shall include the number of complaints submitted to the department under this section, the disposition of these complaints, the number of investigations conducted, the associated costs for complaint investigations, and recommendations for any needed statutory changes. The department shall also project, based on experience, the impact, if any, on hospital licensing fees over the next four years. Prior to the submission of the report, the secretary shall convene a stakeholder group consisting of the Washington state hospital association, the Washington state nurses association, service employees international union healthcare 1199NW, and united food and commercial workers 21. The stakeholder group shall review the report prior to its submission to review findings and jointly develop any legislative recommendations to be included in the report.

(7) No fees shall be increased to implement this act prior to July 1, 2021.

NEW SECTION. **Sec. 4.** This act expires June 1, 2023.

NEW SECTION. **Sec. 5.** This act may be known and cited as the Washington state patient safety act."

Sec. 1. RCW 71.05.201 and 2016 c 107 s 1 are each amended to read as follows:

(1) If a designated mental health professional decides not to detain a person for evaluation and treatment under RCW 71.05.150 or 71.05.153 or forty-eight hours have elapsed since a designated mental health professional received a request for investigation and the designated mental health professional has not taken action to have the person detained, an immediate family member or guardian or conservator of the person may petition the superior court for the person's initial detention.

(2) A petition under this section must be filed within ten calendar days following the designated mental health professional investigation or the request for a designated mental health professional investigation. If more than ten days have elapsed, the immediate family member, guardian, or conservator may request a new designated mental health professional investigation.

(3)(a) The petition must be filed in the county in which the designated mental health professional investigation occurred or was requested to occur and must be submitted on forms developed by the administrative office of the courts for this purpose. The petition must be accompanied by a sworn declaration from the petitioner, and other witnesses if desired, describing why the person should be detained for evaluation and treatment. The description of why the person should be detained may contain, but is not limited to, the information identified in RCW 71.05.212.

(b) The petition must contain:

(i) A description of the relationship between the petitioner and the person; and

(ii) The date on which an investigation was requested from the designated mental health professional.

~~((3))~~ (4) The court shall, within one judicial day, review the petition to determine whether the petition raises sufficient evidence to support the allegation. If the court so finds, it shall provide a copy of the petition to the designated mental health professional agency with an order for the agency to provide the court, within one judicial day, with a written sworn statement describing the basis for the decision not to seek initial detention and a copy of all information material to the designated mental health professional's current decision.

~~((4))~~ (5) Following the filing of the petition and before the court reaches a decision, any person, including a mental health professional, may submit a sworn declaration to the court in support of or in opposition to initial detention.

~~((5))~~ (6) The court shall dismiss the petition at any time if it finds that a designated mental health professional has filed a petition for the person's initial detention under RCW 71.05.150 or 71.05.153 or that the person has voluntarily accepted appropriate treatment.

~~((6))~~ (7) The court must issue a final ruling on the petition within five judicial days after it is filed. After reviewing all of the information provided to the court, the court may enter an order for initial detention if the court finds that: (a) There is probable cause to support a petition for detention; and (b) the person has refused or failed to accept appropriate evaluation and treatment voluntarily. The court shall transmit its final decision to the petitioner.

~~((7))~~ (8) If the court enters an order for initial detention, it shall provide the order to the designated mental health professional agency (~~(, which shall execute the order without delay)~~) and issue a written order for apprehension of the person by a peace officer for delivery of the person to a facility or emergency room determined by the designated mental health professional. The designated mental health agency serving the jurisdiction of the court must collaborate and coordinate with law enforcement regarding apprehensions and detentions under this subsection, including sharing of information relating to risk and which would assist in locating the person. A person may not be detained to jail pursuant to a written order issued under this subsection. An order for detention under this section should contain the advisement of rights which the person would receive if the person were detained by a designated mental health professional. An order for initial detention under this section expires one hundred eighty days from issuance.

~~((8))~~ (9) Except as otherwise expressly stated in this chapter, all procedures must be followed as if the order had been entered under RCW 71.05.150. RCW 71.05.160 does not apply if detention was initiated under the process set forth in this section.

~~((9))~~ (10) For purposes of this section, "immediate family member" means

a spouse, domestic partner, child, stepchild, parent, stepparent, grandparent, or sibling.

Sec. 2. RCW 71.05.201 and 2016 sp.s. c 29 s 222 and 2016 c 107 s 1 are each reenacted and amended to read as follows:

(2) A petition under this section must be filed within ten calendar days following the designated crisis responder investigation or the request for a designated crisis responder investigation. If more than ten days have elapsed, the immediate family member, guardian, or conservator may request a new designated crisis responder investigation.

The petition must be accompanied by a sworn declaration from the petitioner, and other witnesses if desired, describing why the person should be detained for evaluation and treatment. The description of why the person should be detained may contain, but is not limited to, the information identified in RCW 71.05.212.

(b) The petition must contain:

(i) A description of the relationship between the petitioner and the person; and

(ii) The date on which an investigation was requested from the designated crisis responder.

~~((3))~~ (4) The court shall, within one judicial day, review the petition to determine whether the petition raises sufficient evidence to support the allegation. If the court so finds, it shall provide a copy of the petition to the designated crisis responder agency with an order for the agency to provide the court, within one judicial day, with

a written sworn statement describing the basis for the decision not to seek initial detention and a copy of all information material to the designated crisis responder's current decision.

~~((4))~~ (5) Following the filing of the petition and before the court reaches a decision, any person, including a mental health professional, may submit a sworn declaration to the court in support of or in opposition to initial detention.

~~((5))~~ (6) The court shall dismiss the petition at any time if it finds that a designated crisis responder has filed a petition for the person's initial detention under RCW 71.05.150 or 71.05.153 or that the person has voluntarily accepted appropriate treatment.

~~((6))~~ (7) The court must issue a final ruling on the petition within five judicial days after it is filed. After reviewing all of the information provided to the court, the court may enter an order for initial detention if the court finds that: (a) There is probable cause to support a petition for detention; and (b) the person has refused or failed to accept appropriate evaluation and treatment voluntarily. The court shall transmit its final decision to the petitioner.

~~((7))~~ (8) If the court enters an order for initial detention, it shall provide the order to the designated crisis responder agency ~~(, which shall execute the order without delay)~~ and issue a written order for apprehension of the person by a peace officer for delivery of the person to a facility or emergency room determined by the designated crisis responder. The designated crisis responder agency serving the jurisdiction of the court must collaborate and coordinate with law enforcement regarding apprehensions and detentions under this subsection, including sharing of information relating to risk and which would assist in locating the person. A person may not be detained to jail pursuant to a written order issued under this subsection. An order for detention under this section should contain the advisement of rights which the person would receive if the person were detained by a designated crisis responder. An order for initial detention under this section expires one hundred eighty days from issuance.

~~((8))~~ (9) Except as otherwise expressly stated in this chapter, all procedures must be followed as if the order had been entered under RCW

71.05.150. RCW 71.05.160 does not apply if detention was initiated under the process set forth in this section.

((~~9~~)) (10) For purposes of this section, "immediate family member" means a spouse, domestic partner, child, stepchild, parent, stepparent, grandparent, or sibling.

Sec. 3. RCW 71.05.203 and 2015 c 258 s 3 are each amended to read as follows:

(2) A designated mental health professional or designated mental health professional agency that receives a request for investigation for possible detention under this chapter must inquire whether the request comes from an immediate family member, guardian, or conservator who would be eligible to petition under RCW 71.05.201. If the designated mental health professional decides not to detain the person for evaluation and treatment under RCW 71.05.150 or 71.05.153 or forty-eight hours have elapsed since the request for investigation was received and the designated mental health professional has not taken action to have the person detained, the designated mental health professional or designated mental health professional agency must inform the immediate family member, guardian, or conservator who made the request for investigation about the process to petition for court review under RCW 71.05.201 and, to the extent feasible, provide the immediate family member, guardian, or conservator with written or electronic information about the petition process. If provision of written or electronic information is not feasible, the designated mental health professional or designated mental health professional agency must refer the immediate family member, guardian, or conservator to a web site where published information on the petition process may be accessed. The designated mental health professional or designated mental health professional agency must document the manner and date on which the information required under this subsection was provided to the

immediate family member, guardian, or conservator.

(3) A designated mental health professional or designated mental health professional agency must, upon request, disclose the date of a designated mental health professional investigation under this chapter to an immediate family member, guardian, or conservator of a person to assist in the preparation of a petition under RCW 71.05.201.

Sec. 4. RCW 71.05.203 and 2016 sp.s. c 29 s 223 are each amended to read as follows:

(2) A designated crisis responder or designated crisis responder agency that receives a request for investigation for possible detention under this chapter must inquire whether the request comes from an immediate family member, guardian, or conservator who would be eligible to petition under RCW 71.05.201. If the designated crisis responder decides not to detain the person for evaluation and treatment under RCW 71.05.150 or 71.05.153 or forty-eight hours have elapsed since the request for investigation was received and the designated crisis responder has not taken action to have the person detained, the designated crisis responder or designated crisis responder agency must inform the immediate family member, guardian, or conservator who made the request for investigation about the process to petition for court review under RCW 71.05.201 and, to the extent feasible, provide the immediate family member, guardian, or conservator with written or electronic information about the petition process. NEW SECTION. Sec. 6. Sections 1 and 3 of this act expire April 1, 2018.

NEW SECTION. Sec. 7. Sections 2 and 4 of this act take effect April 1, 2018.

Part Two - Less Restrictive Alternative Revocations

Sec. 8. RCW 71.05.590 and 2015 c 250 s 13 are each amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release order, or a designated mental health professional, may take action to enforce, modify, or revoke a less restrictive alternative or conditional release order ((if)). The agency, facility, or designated mental health professional ((determines)) must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate

to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel ~~((7))~~ or advise ~~((7 or admonish))~~ the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To cause the person to be transported by a peace officer, designated mental health professional, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or evaluation and treatment facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated mental health professional or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not

limit the ability or obligation to pursue revocation procedures under subsection (4) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (4) of this section.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary or designated mental health professional when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4)(a) A designated mental health professional or the secretary may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this section to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment, or initiate proceedings under this subsection (4) without ordering the apprehension and detention of the person.

(b) A person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated mental health professional or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated mental health professional or secretary shall (~~notify the court that originally ordered commitment within two judicial days of a person's detention and~~) file a revocation petition and order of apprehension and detention with the court (~~and~~) of the county where the person is currently located or being detained. The designated mental health professional shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings (~~regarding a petition for~~

~~modification or revocation must be in~~) is the county ((in which)) where the petition ((was)) is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order.

(e) Revocation proceedings under this subsection (4) are not allowable if the current commitment is solely based on the person being in need of assisted outpatient mental health treatment. In order to obtain a court order for detention for inpatient treatment under this circumstance, a petition must be filed under RCW 71.05.150 or 71.05.153.

(5) In determining whether or not to take action under this section the designated mental health professional, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Sec. 9. RCW 71.05.590 and 2016 sp.s. c 29 s 242 are each amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release order, or a designated crisis responder, may take action to enforce, modify, or revoke a

less restrictive alternative or conditional release order ~~((if))~~. The agency, facility, or designated crisis responder ~~((determines))~~ must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel ~~((7))~~ or advise ~~((7 or admonish))~~ the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To cause the person to be transported by a peace officer, designated crisis responder, or other means to the

agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or to an evaluation and treatment facility if the person is committed for mental health treatment, or to a secure detoxification facility with available space or an approved substance use disorder treatment program with available space if the person is committed for substance use disorder treatment. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection (4) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (4) of this section.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4) (a) A designated crisis responder or the secretary may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure detoxification facility or approved substance use disorder treatment program if either is available in or near

the county in which he or she is receiving outpatient treatment and has adequate space. Proceedings under this subsection (4) may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated crisis responder or secretary shall ~~((notify the court that originally ordered commitment within two judicial days of a person's detention and))~~ file a revocation petition and order of apprehension and detention with the court ~~((and))~~ of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings ((regarding a petition for modification or revocation must be in)) is the county ((in which)) where the petition ((was)) is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court

hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order. A court may not issue an order to detain a person for inpatient treatment in a secure detoxification facility or approved substance use disorder treatment program under this subsection unless there is a secure detoxification facility or approved substance use disorder treatment program available and with adequate space for the person.

(e) Revocation proceedings under this subsection (4) are not allowable if the current commitment is solely based on the person being in need of assisted outpatient mental health treatment. In order to obtain a court order for detention for inpatient treatment under this circumstance, a petition must be filed under RCW 71.05.150 or 71.05.153.

(5) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Sec. 10. RCW 71.05.590 and 2016 sp.s. c 29 s 243 are each amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release order, or a designated crisis responder, may take action to enforce, modify, or revoke a less restrictive alternative or conditional release order ((if)). The agency, facility, or designated crisis responder ((determines)) must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel(~~(7)~~) or advise(~~(7 or admonish)~~) the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or to an evaluation and treatment facility if the person is committed for mental health treatment, or to a secure detoxification facility or an approved substance use disorder treatment program if the person is committed for substance use disorder treatment. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or

physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection (4) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (4) of this section.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4) (a) A designated crisis responder or the secretary may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure detoxification facility or approved substance use disorder treatment program if either is available in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection (4) may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated crisis responder or secretary shall ~~((notify the court that originally ordered commitment within two judicial days of a person's detention and))~~ file a revocation petition and order of apprehension and detention with the court ~~((and))~~ of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings ~~((regarding a petition for modification or revocation must be in))~~ is the county ~~((in which))~~ where the petition ~~((was))~~ is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order.

(e) Revocation proceedings under this subsection (4) are not allowable if the current commitment is solely based on the person being in need of assisted outpatient mental health treatment. In order to obtain a court order for detention for inpatient treatment under this circumstance, a petition must be filed under RCW 71.05.150 or 71.05.153.

(5) In determining whether or not to take action under this section the designated crisis responder, agency, or

facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Part Three - Initial Detention Investigations

Sec. 11. RCW 71.05.154 and 2013 c 334 s 1 are each amended to read as follows:

Part Four - Evaluation and Petition by Chemical

Dependency Professionals

Sec. 13. RCW 70.96A.140 and 2016 sp.s. c 29 s 102 are each amended to read as follows:

(1)(a) When a designated chemical dependency specialist receives information alleging that a person presents a likelihood of serious harm or is gravely disabled as a result of ~~((chemical dependency))~~ a substance use disorder, the designated chemical dependency specialist, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court, district court, or in another court permitted by court rule.

If a petition for commitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the designated chemical dependency specialist's report.

If the designated chemical dependency specialist finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to either a designated mental health professional or an evaluation and treatment facility as defined in RCW 71.05.020 or 71.34.020.

(b) If placement in a ~~((chemical dependency))~~ substance use disorder treatment program is available and deemed appropriate, the petition shall allege that: The person is chemically dependent and presents a likelihood of serious harm or is gravely disabled by alcohol or drug addiction, or that the person has twice before in the preceding twelve months been

admitted for withdrawal management, sobering services, or ~~((chemical dependency))~~ substance use disorder treatment pursuant to RCW 70.96A.110 or 70.96A.120, and is in need of a more sustained treatment program, or that the person ~~((is chemically dependent))~~ has a substance use disorder and has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment, by itself, does not constitute evidence of lack of judgment as to the need for treatment.

(c) If involuntary detention is sought, the petition must state facts that support a finding of the grounds identified in (b) of this subsection and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition must state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition must state facts that support a finding of the grounds for commitment identified in (b) of this subsection and set forth the proposed less restrictive alternative.

(d)(i) The petition must be signed by:

(A) ~~((Two physicians,))~~ One physician, physician assistant, or advanced registered nurse practitioner; and

(B) ~~((One physician and a mental health professional;~~

(C) One physician assistant and a mental health professional; or

(D) One psychiatric advanced registered nurse practitioner and a mental health professional.

~~((ii) The persons signing the petition must have examined the person))~~ One physician, physician assistant, advanced registered nurse practitioner, or designated chemical dependency specialist.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than two and no more than seven days after the date the petition was filed unless the person petitioned against is presently being detained in a program, pursuant to RCW 70.96A.120, 71.05.210, or 71.34.710, in which case the hearing shall be held within seventy-two hours of the filing of the petition ~~((: PROVIDED, HOWEVER, That))~~.

The (~~above specified~~) seventy-two hours shall be computed by excluding Saturdays, Sundays, and holidays (~~(- PROVIDED FURTHER, That,)~~). The court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his or her counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served (~~by the designated chemical dependency specialist~~) on the person whose commitment is sought, his or her next of kin, a parent or his or her legal guardian if he or she is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony including, if possible, the testimony, which may be telephonic, of at least one licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, or (~~mental health professional~~) designated chemical dependency specialist who has examined the person whose commitment is sought. Communications otherwise deemed privileged under the laws of this state are deemed to be waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that the waiver is necessary to protect either the detained person or the public. The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person, or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical, nursing, or psychological records of detained persons so long as the requirements of RCW 5.45.020 are met, except that portions of the record that contain opinions as to whether the detained person (~~is chemically dependent~~) has a substance use disorder shall be deleted from the records unless the person offering the opinions is available for cross-examination. The person shall be present unless the court believes that his or her presence is likely to be injurious to him or her; in

this event the court may deem it appropriate to appoint a guardian ad litem to represent him or her throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, or (~~mental health professional~~) designated chemical dependency specialist, he or she shall be given an opportunity to be examined by a court appointed licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, or other professional person qualified to provide such services. If he or she refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him or her to the department for a period of not more than five days for purposes of a diagnostic examination.

(4) (a) If, after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by a preponderance of the evidence and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interest of the person or others, it shall make an order of commitment to an approved substance use disorder treatment program. It shall not order commitment of a person unless it determines that an approved substance use disorder treatment program is available and able to provide adequate and appropriate treatment for him or her.

(b) If the court finds that the grounds for commitment have been established by a preponderance of the evidence, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive course of treatment. The less restrictive order may impose treatment conditions and other conditions that are in the best interest of the respondent and others. A copy of the less restrictive order must be given to the respondent, the designated chemical dependency specialist, and any program designated to provide less restrictive treatment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary

treatment, the program so designated must agree in writing to assume such responsibility. The court may not order commitment of a person to a less restrictive course of treatment unless it determines that an approved substance use disorder treatment program is available and able to provide adequate and appropriate treatment for him or her.

(5) A person committed to inpatient treatment under this section shall remain in the program for treatment for a period of fourteen days unless sooner discharged. A person committed to a less restrictive course of treatment under this section shall remain in the program of treatment for a period of ninety days unless sooner discharged. At the end of the fourteen-day period, or ninety-day period in the case of a less restrictive alternative to inpatient treatment, he or she shall be discharged automatically unless the program or the designated chemical dependency specialist, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days of inpatient treatment or ninety days of less restrictive alternative treatment unless sooner discharged. The petition for ninety-day inpatient or less restrictive alternative treatment must be filed with the clerk of the court at least three days before expiration of the fourteen-day period of intensive treatment.

If a petition for recommitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the treatment progress report.

If a person has been committed because he or she (~~is chemically dependent~~) has a substance use disorder and is likely to inflict physical harm on another, the program or designated chemical dependency specialist shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) Upon the filing of a petition for recommitment under subsection (5) of this section, the court shall fix a date for hearing no less than two and no more than seven days after the date the petition was filed (~~(+ PROVIDED, That,)~~). The court may, upon motion of the person whose commitment is sought and upon good cause shown,

extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment program on the person whose commitment is sought, his or her next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her legal guardian if he or she is a minor, and his or her attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsections (3) and (4) of this section, except that the burden of proof upon a hearing for recommitment must be proof by clear, cogent, and convincing evidence.

(7) The approved substance use disorder treatment program shall provide for adequate and appropriate treatment of a person committed to its custody on an inpatient or outpatient basis. A person committed under this section may be transferred from one approved public treatment program to another if transfer is medically advisable.

(8) A person committed to a program for treatment shall be discharged at any time before the end of the period for which he or she has been committed and he or she shall be discharged by order of the court if either of the following conditions are met:

(a) In case of a (~~chemically dependent~~) person with a substance use disorder committed on the grounds of likelihood of infliction of physical harm upon himself, herself, or another, the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of a (~~chemically dependent~~) person with a substance use disorder committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.

(9) The court shall inform the person whose commitment or recommitment is sought of his or her right to contest the application, be represented by counsel at every stage of any proceedings relating to his or her commitment and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of

counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his or her right to be examined by a licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, designated chemical dependency specialist, or other professional person of his or her choice who is qualified to provide such services. If the person is unable to obtain a qualified person and requests an examination, the court shall employ a licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, designated chemical dependency specialist, or other professional person to conduct an examination and testify on behalf of the person.

(10) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(11) The venue for proceedings under this section is the county in which person to be committed resides or is present.

(12) When in the opinion of the professional person in charge of the program providing involuntary inpatient treatment under this chapter, the committed patient can be appropriately served by less restrictive treatment before expiration of the period of commitment, then the less restrictive care may be required as a condition for early release for a period which, when added to the initial treatment period, does not exceed the period of commitment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated chemical dependency specialist of original commitment, and the court of original commitment. The program designated to provide less restrictive care may modify the conditions for continued release when the modifications are in the best interests of the patient. If the program providing less restrictive care and the

designated chemical dependency specialist determine that a conditionally released patient is failing to adhere to the terms and conditions of his or her release, or that substantial deterioration in the patient's functioning has occurred, then the designated chemical dependency specialist shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the date of the request to determine whether or not the person should be returned to more restrictive care. The designated chemical dependency specialist shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The patient shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released patient did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the patient's functioning has occurred and whether the conditions of release should be modified or the person should be returned to a more restrictive program. The hearing may be waived by the patient and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. Upon waiver, the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions. The grounds and procedures for revocation of less restrictive alternative treatment ordered by the court must be the same as those set forth in this section for less restrictive care arranged by an approved substance use disorder treatment program as a condition for early release.

(1) Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program:

(a) Shall, within twenty-four hours of his or her admission or acceptance at the facility, not counting time periods prior to medical clearance, be examined and evaluated by:

(ii) One (~~physician assistant and a~~) mental health professional (~~or~~);

~~(iii) One advanced registered nurse practitioner and a mental health professional~~). If the person is detained for substance use disorder evaluation and treatment, the person may be examined by a chemical dependency professional instead of a mental health professional; and

(b) Shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.590, or 71.05.217, the individual may refuse psychiatric

medications, but may not refuse: (i) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (ii) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

(2) If, after examination and evaluation, the mental health professional or chemical dependency professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment (~~facility~~) program, or, if detained to a secure detoxification facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement; however, a person may only be referred to a secure detoxification facility or approved substance use disorder treatment program if there is an available secure detoxification facility or approved substance use disorder treatment program with adequate space for the person.

(3) An evaluation and treatment center, secure detoxification facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 16. RCW 71.05.210 and 2016 sp.s. c 29 s 225 are each amended to read as follows:

(1) Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program:

(a) Shall, within twenty-four hours of his or her admission or acceptance at the facility, not counting time periods prior to medical clearance, be examined and evaluated by:

(i) One physician (~~and a mental health professional~~), physician assistant, or advanced registered nurse practitioner; and

(ii) One (~~physician assistant and a~~) mental health professional (~~or~~

~~(iii) One advanced registered nurse practitioner and a mental health~~). If the person is detained for substance use disorder evaluation and treatment, the person may be examined by a chemical dependency professional instead of a mental health professional; and

(b) Shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.590, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (i) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (ii) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

(2) If, after examination and evaluation, the mental health professional or chemical dependency professional and licensed physician, physician assistant, or psychiatric advanced registered nurse

practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment (~~facility~~) program, or, if detained to a secure detoxification facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement.

(3) An evaluation and treatment center, secure detoxification facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 17. RCW 71.05.230 and 2016 sp.s. c 29 s 230, 2016 c 155 s 5, and 2016 c 45 s 1 are each reenacted and amended to read as follows:

A person detained or committed for seventy-two hour evaluation and treatment or for an outpatient evaluation for the purpose of filing a petition for a less restrictive alternative treatment order may be committed for not more than fourteen additional days of involuntary intensive treatment or ninety additional days of a less restrictive alternative to involuntary intensive treatment. A petition may only be filed if the following conditions are met:

(1) The professional staff of the agency or facility providing evaluation services has analyzed the person's condition and finds that the condition is caused by mental disorder or substance use disorder and results in a likelihood of serious harm, results in the person being gravely disabled, or results in the person being in need of assisted outpatient mental health treatment, and are prepared to testify those conditions are met; and

(2) The person has been advised of the need for voluntary treatment and the professional staff of the facility has

evidence that he or she has not in good faith volunteered; and

(3) The agency or facility providing intensive treatment or which proposes to supervise the less restrictive alternative is certified to provide such treatment by the department; and

(4) (a) (i) The professional staff of the agency or facility or the designated crisis responder has filed a petition with the court for a fourteen day involuntary detention or a ninety day less restrictive alternative. The petition must be signed ~~((either))~~ by:

~~(((a) Two physicians))~~ (A) One physician, physician assistant, or psychiatric advanced registered nurse practitioner; and

~~(((b)))~~ (B) One physician ~~((and a))~~, physician assistant, psychiatric advanced registered nurse practitioner, or mental health professional ~~((+))~~

(c) One physician assistant and a mental health professional; or

(d) One psychiatric advanced registered nurse practitioner and a mental health professional).

(ii) If the petition is for substance use disorder treatment, the petition may be signed by a chemical dependency professional instead of a mental health professional and by an advanced registered nurse practitioner instead of a psychiatric advanced registered nurse practitioner. The persons signing the petition must have examined the person.

(b) If involuntary detention is sought the petition shall state facts that support the finding that such person, as a result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition shall state facts that support the finding that such person, as a result of a mental disorder or as a result of a substance use disorder, presents a likelihood of serious harm, is gravely disabled, or is in need of assisted outpatient mental health treatment, and

shall set forth any recommendations for less restrictive alternative treatment services; and

(5) A copy of the petition has been served on the detained or committed person, his or her attorney and his or her guardian or conservator, if any, prior to the probable cause hearing; and

(6) The court at the time the petition was filed and before the probable cause hearing has appointed counsel to represent such person if no other counsel has appeared; and

(7) The petition reflects that the person was informed of the loss of firearm rights if involuntarily committed for mental health treatment; and

(8) At the conclusion of the initial commitment period, the professional staff of the agency or facility or the designated crisis responder may petition for an additional period of either ninety days of less restrictive alternative treatment or ninety days of involuntary intensive treatment as provided in RCW 71.05.290; and

(9) If the hospital or facility designated to provide less restrictive alternative treatment is other than the facility providing involuntary treatment, the outpatient facility so designated to provide less restrictive alternative treatment has agreed to assume such responsibility.

Sec. 18. RCW 71.05.290 and 2016 sp.s. c 29 s 235, 2016 c 155 s 6, and 2016 c 45 s 3 are each reenacted and amended to read as follows:

(1) At any time during a person's fourteen day intensive treatment period, the professional person in charge of a treatment facility or his or her professional designee or the designated crisis responder may petition the superior court for an order requiring such person to undergo an additional period of treatment. Such petition must be based on one or more of the grounds set forth in RCW 71.05.280.

(2) (a) (i) The petition shall summarize the facts which support the need for further commitment and shall be supported by affidavits based on an examination of the patient and signed by:

~~(((a) Two physicians))~~ (A) One physician, physician assistant, or psychiatric advanced registered nurse practitioner; and

~~((b))~~ (B) One physician ~~((and a))~~, physician assistant, psychiatric advanced registered nurse practitioner, or mental health professional ~~((+))~~

(c) One physician assistant and a mental health professional; or

(d) One psychiatric advanced registered nurse practitioner and a mental health professional).

(ii) If the petition is for substance use disorder treatment, the petition may be signed by a chemical dependency professional instead of a mental health professional and by an advanced registered nurse practitioner instead of a psychiatric advanced registered nurse practitioner.

(b) The affidavits shall describe in detail the behavior of the detained person which supports the petition and shall explain what, if any, less restrictive treatments which are alternatives to detention are available to such person, and shall state the willingness of the affiant to testify to such facts in subsequent judicial proceedings under this chapter. If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(3) If a person has been determined to be incompetent pursuant to RCW 10.77.086(4), then the professional person in charge of the treatment facility or his or her professional designee or the designated crisis responder may directly file a petition for one hundred eighty day treatment under RCW 71.05.280(3). No petition for initial detention or fourteen day detention is required before such a petition may be filed.

Sec. 19. RCW 71.05.300 and 2016 sp.s. c 29 s 236 and 2016 c 155 s 7 are each reenacted and amended to read as follows:

(1) The petition for ninety day treatment shall be filed with the clerk of the superior court at least three days before expiration of the fourteen-day period of intensive treatment. At the time of filing such petition, the clerk shall set a time for the person to come before the court on the next judicial day after the day of filing unless such appearance is waived by the person's attorney, and the clerk shall notify the designated crisis responder. The designated crisis responder shall immediately notify the person detained, his or her attorney, if

any, and his or her guardian or conservator, if any, the prosecuting attorney, and the behavioral health organization administrator, and provide a copy of the petition to such persons as soon as possible. The behavioral health organization administrator or designee may review the petition and may appear and testify at the full hearing on the petition.

(2) At the time set for appearance the detained person shall be brought before the court, unless such appearance has been waived and the court shall advise him or her of his or her right to be represented by an attorney, his or her right to a jury trial, and, if the petition is for commitment for mental health treatment, his or her loss of firearm rights if involuntarily committed. If the detained person is not represented by an attorney, or is indigent or is unwilling to retain an attorney, the court shall immediately appoint an attorney to represent him or her. The court shall, if requested, appoint a reasonably available licensed physician, physician assistant, psychiatric advanced registered nurse practitioner, psychologist, ~~((or))~~ psychiatrist, or other professional person, designated by the detained person to examine and testify on behalf of the detained person.

(3) The court may, if requested, also appoint a professional person as defined in RCW 71.05.020 to seek less restrictive alternative courses of treatment and to testify on behalf of the detained person. In the case of a person with a developmental disability who has been determined to be incompetent pursuant to RCW 10.77.086(4), then the appointed professional person under this section shall be a developmental disabilities professional.

(4) The court shall also set a date for a full hearing on the petition as provided in RCW 71.05.310.

Sec. 20. RCW 71.05.360 and 2016 sp.s. c 29 s 244 and 2016 c 155 s 8 are each reenacted and amended to read as follows:

(1)(a) Every person involuntarily detained or committed under the provisions of this chapter shall be entitled to all the rights set forth in this chapter, which shall be prominently posted in the facility, and shall retain all rights not denied him or her under this chapter except as chapter 9.41 RCW may limit the right of a person to purchase or possess

a firearm or to qualify for a concealed pistol license if the person is committed under RCW 71.05.240 or 71.05.320 for mental health treatment.

(b) No person shall be presumed incompetent as a consequence of receiving an evaluation or voluntary or involuntary treatment for a mental disorder or substance use disorder, under this chapter or any prior laws of this state dealing with mental illness or substance use disorders. Competency shall not be determined or withdrawn except under the provisions of chapter 10.77 or 11.88 RCW.

(c) Any person who leaves a public or private agency following evaluation or treatment for a mental disorder or substance use disorder shall be given a written statement setting forth the substance of this section.

(2) Each person involuntarily detained or committed pursuant to this chapter shall have the right to adequate care and individualized treatment.

(3) The provisions of this chapter shall not be construed to deny to any person treatment by spiritual means through prayer in accordance with the tenets and practices of a church or religious denomination.

(4) Persons receiving evaluation or treatment under this chapter shall be given a reasonable choice of an available physician, physician assistant, psychiatric advanced registered nurse practitioner, or other professional person qualified to provide such services.

(5) Whenever any person is detained for evaluation and treatment pursuant to this chapter, both the person and, if possible, a responsible member of his or her immediate family, personal representative, guardian, or conservator, if any, shall be advised as soon as possible in writing or orally, by the officer or person taking him or her into custody or by personnel of the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program where the person is detained that unless the person is released or voluntarily admits himself or herself for treatment within seventy-two hours of the initial detention:

(a) A judicial hearing in a superior court, either by a judge or court commissioner thereof, shall be held not more than seventy-two hours after the

initial detention to determine whether there is probable cause to detain the person after the seventy-two hours have expired for up to an additional fourteen days without further automatic hearing for the reason that the person is a person whose mental disorder or substance use disorder presents a likelihood of serious harm or that the person is gravely disabled;

(b) The person has a right to communicate immediately with an attorney; has a right to have an attorney appointed to represent him or her before and at the probable cause hearing if he or she is indigent; and has the right to be told the name and address of the attorney that the mental health professional has designated pursuant to this chapter;

(c) The person has the right to remain silent and that any statement he or she makes may be used against him or her;

(d) The person has the right to present evidence and to cross-examine witnesses who testify against him or her at the probable cause hearing; and

(e) The person has the right to refuse psychiatric medications, including antipsychotic medication beginning twenty-four hours prior to the probable cause hearing.

(6) When proceedings are initiated under RCW 71.05.153, no later than twelve hours after such person is admitted to the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program the personnel of the facility or the designated crisis responder shall serve on such person a copy of the petition for initial detention and the name, business address, and phone number of the designated attorney and shall forthwith commence service of a copy of the petition for initial detention on the designated attorney.

(7) The judicial hearing described in subsection (5) of this section is hereby authorized, and shall be held according to the provisions of subsection (5) of this section and rules promulgated by the supreme court.

(8) At the probable cause hearing the detained person shall have the following rights in addition to the rights previously specified:

(b) To cross-examine witnesses who testify against him or her;

(c) To be proceeded against by the rules of evidence;

(d) To remain silent;

(e) To view and copy all petitions and reports in the court file.

(9) Privileges between patients and physicians, physician assistants, psychologists, or psychiatric advanced registered nurse practitioners are deemed waived in proceedings under this chapter relating to the administration of antipsychotic medications. As to other proceedings under this chapter, the privileges shall be waived when a court of competent jurisdiction in its discretion determines that such waiver is necessary to protect either the detained person or the public.

The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical or psychological records of the detained person so long as the requirements of RCW 5.45.020 are met except that portions of the record which contain opinions as to the detained person's mental state must be deleted from such records unless the person making such conclusions is available for cross-examination.

(10) Insofar as danger to the person or others is not created, each person involuntarily detained, treated in a less restrictive alternative course of treatment, or committed for treatment and evaluation pursuant to this chapter shall have, in addition to other rights not specifically withheld by law, the following rights:

(a) To wear his or her own clothes and to keep and use his or her own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;

(b) To keep and be allowed to spend a reasonable sum of his or her own money for canteen expenses and small purchases;

(c) To have access to individual storage space for his or her private use;

(d) To have visitors at reasonable times;

(e) To have reasonable access to a telephone, both to make and receive confidential calls, consistent with an effective treatment program;

(f) To have ready access to letter writing materials, including stamps, and to send and receive uncensored correspondence through the mails;

(g) To discuss treatment plans and decisions with professional persons;

(h) Not to consent to the administration of antipsychotic medications and not to thereafter be administered antipsychotic medications unless ordered by a court under RCW 71.05.217 or pursuant to an administrative hearing under RCW 71.05.215;

(i) Not to consent to the performance of electroconvulsant therapy or surgery, except emergency lifesaving surgery, unless ordered by a court under RCW 71.05.217;

(j) Not to have psychosurgery performed on him or her under any circumstances;

(k) To dispose of property and sign contracts unless such person has been adjudicated an incompetent in a court proceeding directed to that particular issue.

(11) Every person involuntarily detained shall immediately be informed of his or her right to a hearing to review the legality of his or her detention and of his or her right to counsel, by the professional person in charge of the facility providing evaluation and treatment, or his or her designee, and, when appropriate, by the court. If the person so elects, the court shall immediately appoint an attorney to assist him or her.

(12) A person challenging his or her detention or his or her attorney shall have the right to designate and have the court appoint a reasonably available independent physician, physician assistant, psychiatric advanced registered nurse practitioner, or (~~licensed mental health~~) other professional person to examine the person detained, the results of which examination may be used in the proceeding. The person shall, if he or she is financially able,

bear the cost of such expert examination, otherwise such expert examination shall be at public expense.

(13) Nothing contained in this chapter shall prohibit the patient from petitioning by writ of habeas corpus for release.

(14) Nothing in this chapter shall prohibit a person committed on or prior to January 1, 1974, from exercising a right available to him or her at or prior to January 1, 1974, for obtaining release from confinement.

(15) Nothing in this section permits any person to knowingly violate a no-contact order or a condition of an active judgment and sentence or an active condition of supervision by the department of corrections.

Sec. 21. RCW 71.05.760 and 2016 sp.s. c 29 s 201 are each amended to read as follows:

(1)(a) By April 1, 2018, the department, by rule, must combine the functions of a designated mental health professional and designated chemical dependency specialist by establishing a designated crisis responder who is authorized to conduct investigations, detain persons up to seventy-two hours to the proper facility, and carry out the other functions identified in this chapter and chapter 71.34 RCW. The behavioral health organizations shall provide training to the designated crisis responders as required by the department.

(ii) Training must include chemical dependency training specific to the duties of a designated crisis responder, including diagnosis of substance abuse and dependence and assessment of risk associated with substance use.

(c) The department must develop a transition process for any person who has been designated as a designated mental health professional or a designated chemical dependency specialist before April 1, 2018, to be converted to a designated crisis responder. The behavioral health organizations shall provide training, as required by the department, to persons converting to designated crisis responders, which must include both mental health and chemical dependency training applicable to the designated crisis responder role.

(2)(a) The department must ensure that at least one sixteen-bed secure detoxification facility is operational by April 1, 2018, and that at least two sixteen-bed secure detoxification facilities are operational by April 1, 2019. In addition, the department shall ensure that an additional sixteen-bed secure detoxification facility is operational by April 1st of each year beginning in 2020 until there is adequate capacity to meet the involuntary treatment requirements for substance use disorder clients.

(b) If, at any time during the implementation of secure detoxification facility capacity, federal funding becomes unavailable for federal match for services provided in secure detoxification facilities, then the department must cease any expansion of secure detoxification facilities until further direction is provided by the legislature.

The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds must be used only to fund projects identified in the LEAP transportation document referenced in this subsection. The department shall provide annual status reports on December 15, 2017, and December 15, 2018, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. (10) \$250,000 of the multimodal transportation account-state appropriation is provided solely for King county for a pilot program to provide certain students in the Highline and Lake Washington school districts with an ORCA card during the summer. To be eligible for an ORCA card under this program, a student must also be in high school, be eligible for free and reduced-price lunches, and have a job or other responsibility during the summer. King county must provide a report to the department and the transportation committees of legislature by December 15, 2018, regarding: The annual student usage of the pilot program, available ridership data, the cost to expand the program to other King county school districts, the cost to expand the program to student populations other than high school or eligible for free and reduced-price lunches, opportunities for subsidized ORCA cards or local grant or matching funds, and any additional information that would help determine if the pilot program should be extended or expanded.

(11) The department shall not require more than a ten percent match from nonprofit transportation providers for state grants.

(12) (a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (4) of this section, if the department expects to have substantial reappropriations for the 2019-2021 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

(i) King County Metro - RapidRide Expansion, Burien-Delridge (G2000031);

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account-state appropriation and the entire transportation partnership account-state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document 2017-1 as developed April 20, 2017, Program - Highway Improvements Program (I). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 of this act.

(2) Except as otherwise provided in this section, the entire transportation 2003 account (nickel account)-state appropriation is provided solely for the projects and activities as listed in LEAP Transportation Document 2017-1 as developed April 20, 2017, Program - Highway Improvements Program (I).

(3) Except as provided otherwise in this section, the entire motor vehicle account-state appropriation and motor vehicle account-federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document 2017-2 ALL PROJECTS as developed April 20, 2017, Program - Highway Improvements Program (I). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, additional congressional action not related to a specific project or purpose, or the federal funds redistribution process must then be applied to highway and bridge preservation activities.

(4) Within the motor vehicle account-state appropriation and motor vehicle account-federal appropriation, the department may transfer funds between programs I and P, except for funds that

are otherwise restricted in this act. The department shall submit a report on fiscal year 2017 funds transferred using this subsection as part of the department's 2018 budget submittal.

(5) The connecting Washington account-state appropriation includes up to \$360,433,000 in proceeds from the sale of bonds authorized in RCW 47.10.889.

(6) The transportation 2003 account (nickel account)-state appropriation includes up to \$51,115,000 in proceeds from the sale of bonds authorized in RCW 47.10.861.

(7) The transportation partnership account-state appropriation includes up to \$325,748,000 in proceeds from the sale of bonds authorized in RCW 47.10.873. Of this amount, \$122,046,000 must be transferred to the Alaskan Way viaduct replacement project account.

(8) \$159,407,000 of the transportation partnership account-state appropriation, \$7,000 of the motor vehicle account-federal appropriation, \$8,000,000 of the motor vehicle account-private/local appropriation, \$29,100,000 of the transportation 2003 account (nickel account)-state appropriation, \$122,046,000 of the Alaskan Way viaduct replacement project account-state appropriation, and \$2,662,000 of the multimodal transportation account-state appropriation are provided solely for the SR 99/Alaskan Way Viaduct Replacement project (809936Z).

(9) \$12,500,000 of the multimodal transportation account-state appropriation is provided solely for transit mitigation for the SR 99/Viaduct Project - Construction Mitigation project (809940B).

(10) Within existing resources, during the regular sessions of the legislature, the department of transportation shall participate in work sessions, before the transportation committees of the house of representatives and senate, on the Alaskan Way viaduct replacement project. These work sessions must include a report on current progress of the project, timelines for completion, outstanding claims, the financial status of the project, and any other information necessary for the legislature to maintain appropriate oversight of the project. The parties invited to present may include the department of transportation, the Seattle tunnel partners, and other appropriate stakeholders.

(11) \$5,804,000 of the transportation partnership account-state appropriation, \$5,162,000 of the transportation 2003 account (nickel account)-state appropriation, and \$146,000 of the special category C account-state appropriation are provided solely for the US 395/North Spokane Corridor project (600010A). Any future savings on the project must stay on the US 395/Interstate 90 corridor and be made available to the current phase of the North Spokane corridor project or any future phase of the project in 2017-2019.

(12) \$26,601,000 of the transportation partnership account-state appropriation and \$10,956,000 of the transportation 2003 account (nickel account)-state appropriation are provided solely for the I-405/Kirkland Vicinity Stage 2 - Widening project (8BI1002). This project must be completed as soon as practicable as a design-build project. Any future savings on this project or other Interstate 405 corridor projects must stay on the Interstate 405 corridor and be made available to either the I-405/SR 167 Interchange - Direct Connector project (140504C), the I-405 Renton to Bellevue project (M00900R), or the I-405/SR 522 to I-5 Capacity Improvements project (L2000234) in the 2017-2019 fiscal biennium.

(13) \$1,500,000 of the transportation partnership account-state appropriation is provided solely for preliminary engineering for adding capacity on Interstate 405 between state route number 522 and Interstate 5. The funding is a transfer from the I-405/Kirkland Vicinity Stage 2 - Widening project due to savings, and will start an additional phase of this I-405 project.

(14) (a) The SR 520 Bridge Replacement and HOV project (8BI1003) is supported over time from multiple sources, including a \$300,000,000 TIFIA loan, \$924,615,000 in Garvee bonds, toll revenues, state bonds, interest earnings, and other miscellaneous sources.

(b) \$44,311,000 of the transportation partnership account-state appropriation is provided solely for the SR 520 Bridge Replacement and HOV project (8BI1003).

(c) When developing the financial plan for the project, the department shall assume that all maintenance and operation costs for the new facility are to be covered by tolls collected on the toll facility and not by the motor vehicle account.

(15) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's 2018 budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(16) Any advisory group that the department convenes during the 2017-2019 fiscal biennium must consider the interests of the entire state of Washington.

(17) It is the intent of the legislature that a new I-5/Exit 274 Interchange project in Blaine be funded with \$12,100,000 of connecting Washington account-state funds in the 2023-2025 fiscal biennium and be changed accordingly on the LEAP transportation document referenced in subsection (1) of this section. This new project would create a new southbound off-ramp on Interstate 5 at Exit 274 onto Peace Portal Drive and a direct northbound connection to Blaine's industrial area from the existing northbound off-ramp by reconfiguring it to tie into Odell Street.

(18) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue \$50,000,000 in federal funds to pay for this project to supplant state funds in the future. \$50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

(19) \$93,500,000 of the connecting Washington account-state appropriation is provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R). Any savings on the project must stay on the Puget Sound gateway corridor until the project is complete.

(20) (a) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number

167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(b) The secretary of transportation must develop a memorandum of understanding with local project stakeholders that identifies a schedule for stakeholders to provide local matching funds for the Puget Sound Gateway project. Criteria for eligibility of local match includes matching funds and equivalent in-kind contributions including, but not limited to, land donations. The memorandum of understanding must be finalized by July 1, 2018. The department must submit a copy of the memorandum of understanding to the transportation committees of the legislature and report regularly on the status of the requirements outlined in this subsection (20) (b) and (c) of this subsection.

(c) During the course of developing the memorandum of understanding, the department must evaluate the project schedules to determine if there are any benefits to be gained by moving the project schedule forward. Additionally, the department must consider completing a full single-point urban interchange at the junction of state route number 161 (Meridian avenue) and state route number 167 and a full single-point urban interchange at the junction of state route number 509 and 188th Street. If the department receives additional funds from an outside source for this project, the funds must be applied toward the completion of these two full single-point urban interchanges.

(21) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

(22) \$600,000 of the motor vehicle account-state appropriation is provided solely for the department to complete an interchange justification report (IJR) for the U.S. 2 trestle (L1000158), covering

the state route number 204 and 20th Street interchanges at the end of the westbound structure.

(a) The department shall develop the IJR in close collaboration with affected local jurisdictions, including Snohomish county and the cities of Everett, Lake Stevens, Marysville, Snohomish, and Monroe.

(b) Within the amount provided for the IJR, the department must address public outreach and the overall operational approval of the IJR.

(c) The department shall complete the IJR and submit the final report to the governor and the transportation committees of the legislature by July 1, 2018.

(23) (a) The legislature recognizes that the city of Mercer Island has unique access issues that require the use of Interstate 90 to leave the island and that this access may be affected by the I-90/Two-Way Transit and HOV Improvements project. One of the most heavily traveled on-ramps from Mercer Island to the westbound Interstate 90 general purpose lanes is from Island Crest Way. The department must continue to consult with the city of Mercer Island and the other signatories to the 1976 memorandum of agreement to preserve access provided to Mercer Island by the Island Crest Way on-ramp, and thus grandfather in the current use of the on-ramp for both high occupancy vehicles as well as vehicles seeking to access the general purpose lanes of Interstate 90. The department must consider all reasonable access solutions, including allowing all vehicles to use the Island Crest Way on-ramp to access the new high occupancy vehicle lane with a reasonable and safe distance provided for single-occupancy vehicles to merge into the general purpose lanes.

(b) A final access solution for Mercer Island must consider the following criteria: Safety; operational effects on all users, including maintaining historic access to Interstate 90 provided from Mercer Island by Island Crest Way; enforcement requirements; and compliance with state and federal law.

(c) The department may not restrict by occupancy the westbound on-ramp from Island Crest Way until a final access solution that meets the criteria in (b) of this subsection has been reached.

(24) \$2,000,000 of the Interstate 405 express toll lanes operations account-

state appropriation is provided solely for the I-405 NB Hard Shoulder Running - SR 527 to I-5 project (L1000163).

(25) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Before the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2019, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(26) For the SR 526 Corridor Improvements project (N52600R), the department shall look holistically at the state route number 526 corridor from the state route number 526/Interstate 5 interchange at the east end to the southwest Everett industrial area and Boeing's west access road on the west end. The department, working with affected jurisdictions and stakeholders, shall select project elements that best maximize mobility and congestion relief in the corridor and draw from project elements identified in a practical solutions process.

(27) It is the intent of the legislature that for the I-5/Slater Road Interchange - Improvements project (L1000099), \$2,000,000 of connecting Washington account-state funds be added in the 2021-2023 fiscal biennium and \$10,100,000 of connecting Washington account-state funds be added in the 2023-2025 fiscal biennium, and that the LEAP transportation document referenced in subsection (1) of this section be updated accordingly.

(28) (a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2019-2021 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for

the current fiscal biennium to advance one or more of the following projects:

- (i) SR 20/Sharpes Corner Vicinity Intersection (L1000112);
- (ii) I-5/Marvin Road/SR 510 Interchange (L1100110);
- (iii) I-5/Northbound On-ramp at Bakerview (L2000119);
- (iv) US 395/Ridgeline Intersection (L2000127);
- (v) I-90/Eastside Restripe Shoulders (L2000201);
- (vi) SR 240/Richland Corridor Improvements (L2000202);
- (vii) SR 14/Bingen Overpass (L2220062);
- (viii) US Hwy 2 Safety (N00200R);
- (ix) SR 520/148th Ave NE Overlake Access Ramp (L1100101);
- (x) SR 28/SR 285 North Wenatchee Area Improvements (L2000061);
- (xi) I-5/Rebuild Chambers Way Interchange Improvements (L2000223);
- (xii) SR 28 East Wenatchee Corridor Improvements (T10300R);
- (xiii) SR 3/Belfair Bypass - New Alignment (T30400R); or
- (xiv) SR 510/Yelm Loop Phase 2 (T32700R).

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2019-2021 fiscal biennium.

(29) Within existing resources and in consultation with local communities, the department shall begin planning efforts, including traffic data collection, analysis and evaluation, scoping, and environmental review, for roundabouts at the intersection of state route number 900 and SE May Valley Road and at the intersection of state route number 169 and Cedar Grove Road SE.

(30) Among the options studied as part of the SR 410 Corridor Study project (L1000174), the department shall examine the mobility and safety benefits of replacing or expanding the White River

bridge between Enumclaw and Buckley to four lanes and removing the trestle.

(b) The department and the Washington state patrol shall jointly submit a prioritized list of weigh station projects to the office of financial management by October 1, 2017. Projects submitted must include estimated costs for preliminary engineering, rights-of-way, and construction and must also consider the timing of any available funding for weigh station projects.

(11) The department must consult with the Washington state patrol and the office of financial management during the design

phase of any improvement or preservation project that could impact Washington state patrol weigh station operations. During the design phase of any such project, the department must estimate the cost of designing around the affected weigh station's current operations, as well as the cost of moving the affected weigh station.

At least ten business days before advancing the project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of the project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2019-2021 fiscal biennium.

To achieve this goal, the department shall evaluate using highly energy efficient equipment and systems, and the most appropriate renewable energy systems for the needs and location of the

terminal. To the extent practicable, the department shall avoid the closure of, or disruption to, any existing public access walkways in the vicinity of the terminal project during construction.

(3) \$61,729,000 of the Puget Sound capital construction account—federal appropriation, \$36,529,000 of the connecting Washington account—state appropriation, and \$15,554,000 of the Puget Sound capital construction account—private/local appropriation are provided solely for the Seattle Terminal Replacement project (900010L).

The independent planning consultant must have experience in planning for other ferry systems.

(b) The department shall update the ferries division long-range plan by January 1, 2019. In reviewing the changing needs of the users of the ferry system and the associated funding opportunities and challenges, the department must include, but is not limited to, the following elements in the new long-range plan:

(iii) Review vessel needs by route and propose a vessel replacement schedule, vessel retirement schedule, and estimated

number of vessels needed. This analysis should also articulate a reserve vessel strategy;

(iv) Identify the characteristics most appropriate for replacement vessels, such as passenger and car-carrying capacity, while taking into consideration other cost-driving factors. These factors should include:

(A) Anticipated crewing requirements;

(B) Fuel type;

(C) Other operating and maintenance costs;

(v) Review vessel dry dock needs, consider potential impacts of the United States navy, and propose strategies to meet these needs;

(vii) Evaluate leased and state-owned property locations for the ferry headquarters, to include an analysis of properties outside the downtown area of Seattle;

(viii) Evaluate strategies that may help spread peak ridership, such as time-of-day ticket pricing and expanding the reservation system; and

(ix) Identify operational changes that may reduce costs, such as nighttime tie-up locations.

(c) The department shall submit a status report on the long-range plan update to the governor and the transportation committees of the legislature by June 30, 2018, and a final report by January 1, 2019.

At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations

are necessary for the 2019-2021 fiscal biennium.

IMPLEMENTING PROVISIONS

NEW SECTION. Sec. 601. FUND TRANSFERS

(1) The 2005 transportation partnership projects or improvements and 2015 connecting Washington projects or improvements are listed in the LEAP Transportation Document 2017-1 as developed April 20, 2017, which consists of a list of specific projects by fund source and amount over a sixteen-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a sixteen-year plan. The department of transportation is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and connecting Washington account projects on the LEAP transportation document referenced in this subsection. For the 2017-2019 project appropriations, unless otherwise provided in this act, the director of the office of financial management may provide written authorization for a transfer of appropriation authority between projects funded with transportation partnership account appropriations or connecting Washington account appropriations to

manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed in the current fiscal biennium;

(d) Transfers may not occur for projects not identified on the applicable project list;

(e) Transfers may not be made while the legislature is in session;

(f) Transfers to a project may not be made with funds designated as attributable to practical design savings as described in RCW 47.01.480;

(g) Each transfer between projects may only occur if the director of the office of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2018 supplemental omnibus transportation appropriations act, any unexpended 2015-2017 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects; and

(h) Transfers between projects may be made by the department of transportation without the formal written approval provided under this subsection (1), provided that the transfer amount does not exceed two hundred fifty thousand dollars or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of the office of financial management and the chairs of the house of representatives and senate transportation committees.

(2) The department of transportation must submit quarterly all transfers authorized under this section in the transportation executive information system. The office of financial management must maintain a legislative baseline

project list identified in the LEAP transportation documents referenced in this act, and update that project list with all authorized transfers under this section.

(3) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(4) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner.

(5) No fewer than ten days after the receipt of a project transfer request, the director of the office of financial management must provide written notification to the department of any decision regarding project transfers, with copies submitted to the transportation committees of the legislature.

(6) The department must submit annually as part of its budget submittal a report detailing all transfers made pursuant to this section.

NEW SECTION. Sec. 602. NEW SECTION. Sec. 603. BELATED CLAIMS

The agencies and institutions of the state may expend moneys appropriated in this act, upon approval of the office of financial management, for the payment of supplies and services furnished to the

agency or institution in prior fiscal biennia.

NEW SECTION. Sec. 604. FOR THE DEPARTMENT OF TRANSPORTATION

(1) As part of its 2018 supplemental budget submittal, the department shall provide a report to the legislature and the office of financial management that:

(a) Identifies, by capital project, the amount of state funding that has been reappropriated from the 2015-2017 fiscal biennium into the 2017-2019 fiscal biennium; and

(b) Identifies, for each project, the amount of cost savings or increases in funding that have been identified as compared to the 2015 enacted omnibus transportation appropriations act.

(2) As part of the agency request for capital programs, the department shall load reappropriations separately from funds that were assumed to be required for the 2017-2019 fiscal biennium into budgeting systems.

The report must address each modal category separately and identify if eighteenth amendment protected funds have been used and, if not, the source of funding.

(2) To facilitate the report in subsection (1) of this section, the department of transportation must require that all bids on connecting Washington projects include an estimate on the cost

to implement any transit, bicycle, or pedestrian project elements.

NEW SECTION. Sec. 607. PROJECT SCOPE CHANGES

(1) The legislature finds that in the course of efficiently delivering connecting Washington projects, it is necessary to create a process for the department of transportation to request and receive approval of practical design-related project scope changes while the legislature is not in session. During the 2017-2019 fiscal biennium, the director of the office of financial management may approve project scope change requests to connecting Washington projects in the highway improvements program, provided that the requests meet the criteria outlined in RCW 47.01.480 and are subject to the limitations in this section.

(2) At the time the department of transportation submits a request for a project scope change under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(3) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested project scope changes.

(4) No fewer than ten days after the receipt of a scope change request, the director of the office of financial management must provide written notification to the department of any decision regarding project scope changes, with copies submitted to the transportation committees of the legislature.

(5) As part of its annual budget submittal, the department of transportation must report on all approved scope change requests from the prior year, including a comparison of the scope before and after the requested change.

NEW SECTION. Sec. 608. FOR THE DEPARTMENT OF TRANSPORTATION

The department of transportation may provide up to three million dollars in toll credits to Kitsap transit for its role in passenger-only ferry service and ferry corridor-related projects. The number of toll credits provided must be equal to, but no more than, the number sufficient to meet federal match requirements for grant funding for

passenger-only ferry service, but must not exceed the amount authorized in this section.

MISCELLANEOUS 2017-2019 FISCAL BIENNIUM

NEW SECTION. Sec. 701. INFORMATION TECHNOLOGY PROJECTS

(1) All appropriations for designated information technology projects in this act must be placed in unallotted status and must not be expended before the office of the chief information officer certifies that the project complies with state information technology and security policy and strategies. At a minimum, the office of the chief information officer must certify, if the chief information officer deems appropriate, that the project meets critical project success factors, aligns with statewide technology strategy and architecture, reuses existing technology services and solutions, minimizes custom development, complies with security and other policy requirements, and uses modularized, component-based architectures. The office of the chief information officer must evaluate the project at the appropriate stages. The office of the chief information officer must notify the office of financial management and the legislative fiscal committees each time it certifies a project is ready to proceed with the next stage. Appropriations may then be allotted for that certified phase only.

(2) The chief information officer may suspend or terminate a project at any time if the chief information officer determines that the project is not meeting or not expected to meet anticipated performance and technology outcomes. Once suspension or termination occurs, the agency shall not make additional expenditures on the project without approval of the chief information officer.

The following projects are subject to the conditions, limitations, and review provided in this section: Department of Transportation - Labor System Replacement, Department of Transportation - New Ferry Division Dispatch System, Department of Transportation - Land Mobile Radio System Replacement, and Department of Transportation - New CSC System and Operator.

projects that are not separately identified within an agency budget.

NEW SECTION. Sec. 702. SETTLEMENT FUNDS EXPENDITURE

The legislature finds that it is appropriate to provide a framework for the administration of mitigation funds provided to the state as a beneficiary under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions-related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years. The legislature deems the department of ecology the responsible agency for the administration and expenditure of funds provided by the trustee under the terms of the consent decrees, including the development of a mitigation plan to guide the use of the funds, whether or not the department receives funds directly for projects included in the plan.

The legislature also finds that a framework to govern the administration of mitigation funds requires appropriations, guiding principles, allocation of funds, consideration of agencies' roles, legislative oversight, and ancillary provisions. Accordingly, the omnibus capital budget for the department of ecology includes the necessary provisions to administer the mitigation funds and the development of the mitigation plan. With respect to this act and transportation governance generally, these provisions require: The participation of legislators from the transportation committees as part of a legislative work group; consultation by the department of ecology with the department of transportation on several components of the plan development and implementation; and consideration of and coordination with the several transportation programs and policies that intersect with potential mitigation actions that may become part of the plan. The department of transportation is directed to work with the department of ecology as needed to facilitate the plan development and implementation.

The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high occupancy toll lanes, carry insurance, and handle any other matters pertaining to the high occupancy toll lane pilot project.

(2) Tolls for high occupancy toll lanes will be established as follows:

(a) The schedule of toll charges for high occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the state route 167 high occupancy toll lane pilot project. The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the lane to the extent that average vehicle speeds in the lane remain above forty-five miles per hour at least ninety percent of the time during peak hours. The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:

(4) The department shall modify the pilot project to address identified safety issues and mitigate negative impacts to high occupancy vehicle lane users.

(5) Authorization to impose high occupancy vehicle tolls for the state route 167 high occupancy toll pilot project expires if either of the following two conditions apply:

(a) If no contracts have been let by the department to begin construction of the toll facilities associated with this pilot project within four years of July 24, 2005; or

(b) If high occupancy vehicle tolls are being collected on June 30, (~~2017~~) 2019.

(6) The department of transportation shall adopt rules that allow automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits.

(7) The conversion of a single existing high occupancy vehicle lane to a high occupancy toll lane as proposed for SR-167 must be taken as the exception for this pilot project.

(8) A violation of the lane restrictions applicable to the high occupancy toll lanes established under this section is a traffic infraction.

(9) Procurement activity associated with this pilot project shall be open and competitive in accordance with chapter 39.29 RCW.

as reflect the excess fund balance of the state route number 520 civil penalties account. Funds transferred must be used solely for capital expenditures for the state route number 520 bridge replacement and HOV project. During the 2017-2019 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the state route number 520 civil penalties account to the state route number 520 corridor account.

During the 2013-2015 fiscal biennium, funds in this account may also be used to conduct the study required under section 102, chapter 222, Laws of 2014. The commission shall transfer from the public service revolving fund's miscellaneous fees and penalties accounts moneys appropriated for these purposes as needed. At the time the commission makes each allocation of cost to said grade crossing protective fund, it shall certify that such cost shall be payable out of said fund. When federal-aid highway funds are involved, the department of transportation shall, upon entry of an order by the commission requiring the installation or upgrading of a grade crossing protective device, submit to the commission an estimate for the cost of the proposed installation and related work. The commission may adopt rules for the allocation of money from the grade crossing protective fund. During the 2015-2017 and 2017-2019 fiscal (~~biennium~~) biennia, the commission may waive rules regarding local matching fund requirements, maximum awards for individual projects, and other application requirements as necessary to expedite the allocation of money from the grade crossing protective fund to address underprotected grade crossings as identified by the commission.

(3) \$250,000 of the motor vehicle account-state appropriation, from the cities' statewide fuel tax distributions under RCW 46.68.110(2), is for a study to be conducted in 2016 to identify prominent road-rail conflicts, recommend a corridor-based prioritization process for addressing the impacts of projected increases in rail traffic, and identify areas of state public policy interest, such as the critical role of freight movement to the Washington economy and the state's competitiveness in world trade. The study must consider the results of the updated marine cargo forecast due to be delivered to the joint transportation committee on December 1, 2015. Sec. 905. 2016 c 14 s 205 (uncodified) is amended to read as follows:

FOR THE TRANSPORTATION COMMISSION

Motor Vehicle	Account-State
Appropriation	(\$2,667,000)

\$2,516,000

Motor Vehicle	Account-Federal
Appropriation	\$500,000

Multimodal Transportation	Account-State
Appropriation	\$112,000

TOTAL APPROPRIATION ~~\$3,279,000~~

\$3,128,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$300,000 of the motor vehicle account-state appropriation is provided solely to continue evaluating a road usage charge as an alternative to the motor vehicle fuel tax to fund investments in transportation. The evaluation must include monitoring and reviewing work that is underway in other states and nationally. The commission may coordinate with the department of transportation to jointly pursue any federal or other funds that are or might become available and eligible for road usage charge pilot projects. The commission must reconvene the road usage charge steering committee, with the same membership authorized in chapter 222, Laws of 2014, and report to the governor's office and the transportation committees of the house of representatives and the senate by December 15, 2015.

(2) \$150,000 of the motor vehicle account-state appropriation is provided solely for the commission to use an outside survey firm to conduct three transportation surveys during the 2015-2017 fiscal biennium. The commission must consult with the joint transportation committee when deciding on the survey topics and design to ensure the survey results will deliver the data, information, and analysis for future transportation policy and strategic planning decisions in a manner useful to the legislature.

(3)(a) The legislature finds that, while some travel times have improved through Interstate 405 between the junctions with Interstate 5 on the north end and NE 6th Street in the city of Bellevue on the south end, especially for transit trips, the implementation of the express toll lane system has made travel more difficult for a number of other drivers and trips. To provide some relief to drivers, the legislature encourages the commission to expedite consideration of the elimination of tolls during evening nonpeak hours, weekends, and holidays, to the extent that such a change will improve commuters' experience on this portion of Interstate 405. The legislature further finds that the commission, as the tolling authority of the state, should act swiftly, working in conjunction with the department of transportation's comprehensive effort to tackle obstacles adversely affecting commutes on this portion of Interstate 405, to drive improved results for the users of this critical corridor as soon as is practicable.

(b) In accordance with the rule-making authority provided under RCW 34.05.350(1)(a), the legislature deems it necessary, for preservation of the general welfare, that operational changes be made to improve the express toll lane program on Interstate 405 and that the tolling authority use its emergency rule-making authority to effect such changes in accordance with RCW 47.56.850 and 47.56.880. The legislature finds that the need for improvements to the commuter experience on the portion of Interstate 405 identified in (a) of this subsection necessitates that such action be taken in an expedited fashion. The tolling authority, with input from the department of transportation, shall evaluate the hours and days of operation for the express toll lanes and the minimum high occupancy vehicle passenger requirements for using the express toll lanes, taking into consideration the goals of: Reducing travel time on this portion of Interstate 405, including in the general purpose lanes; reducing the cost of traveling within the express toll lanes on this portion of Interstate 405; and maintaining sufficient revenue to pay for this portion of Interstate 405's express toll lane operating costs. This subsection (3) does not create a private right of action.

(4)(a) \$500,000 of the motor vehicle account—federal appropriation is provided solely to advance the work completed since

2011 in evaluating a road usage charge as an alternative to the motor vehicle fuel tax to fund future investments in transportation by completing the work necessary to launch a road usage charge pilot project, with all implementation details for a pilot project identified and incorporated into a pilot project implementation plan.

(i) Pilot project implementation preparation must include identification of all essential agency roles and responsibilities for the pilot project, a selection of the technologies and methodologies to be included, a target number of participants and participant characteristics, rigorous specific evaluation criteria by which the pilot project will be assessed, a communication plan for the pilot project that consists of a participant recruitment plan and a plan for communicating information about the launch and ongoing progress of the pilot project, and pilot project expenditure and revenue estimates.

(ii) In developing the road usage charge pilot project implementation plan, the commission shall consult and coordinate with the department of transportation, the department of licensing, the department of revenue, and the office of the state treasurer to establish participation and coordination parameters for the project.

(b) The commission shall coordinate with the department of transportation to jointly pursue any federal or other funds that are or might become available to fund a road usage charge pilot project. Where feasible, grant application content prepared by the commission must reflect the direction provided by the road usage charge steering committee on the preferred road usage charge pilot project approach. One or more grant applications may be developed as part of the road usage charge pilot project implementation plan development work, but the pilot project implementation plan must nevertheless include any details necessary for a full launch of the pilot project not required to be included in any grant application.

(c) The commission shall reconvene the road usage charge steering committee, with the same membership authorized in chapter 222, Laws of 2014, as well as the addition of a representative from the Puget Sound regional council, and may obtain guidance from the steering committee when it reaches key pilot project implementation plan development milestones. The

commission must provide a report on the road usage charge pilot project implementation plan that includes all implementation details for a road usage charge pilot project to the governor's office and the transportation committees of the house of representatives and the senate by November 1, 2016.

((5) \$150,000 of the motor vehicle account-state appropriation is provided solely for supporting the disadvantaged business enterprise advisory committee established in chapter . . . The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire transportation 2003 account (nickel account) appropriation and the entire transportation partnership account appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ((~~2016-1~~)) 2017-1 as developed ((~~March 7, 2016~~)) April 20, 2017, Program - Highway Improvements Program (I). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 (~~(of this act)~~), chapter . . . (Engrossed Senate Bill No. 5096), Laws of 2017.

Any federal funds gained through efficiencies, adjustments to the federal funds forecast, additional congressional action not related to a specific project or purpose, or the federal funds redistribution process must then be applied to highway and bridge preservation activities. However, no additional federal funds may be allocated to the I-5/Columbia River Crossing project (400506A).

(3) Within the motor vehicle account-state appropriation and motor vehicle account-federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act.

(4) The transportation 2003 account (nickel account)-state appropriation includes up to (~~(\$79,064,000)~~) \$76,666,000 in proceeds from the sale of bonds authorized by RCW 47.10.861.

(5) The transportation partnership account-state appropriation includes up to \$546,857,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(6) (~~(\$4,359,000)~~) \$4,360,000 of the motor vehicle account-state appropriation is provided solely for the I-5/JBLM Early Corridor Design project (300596S) to complete an environmental impact statement for a project that creates additional general purpose lanes on Interstate 5 in the Joint Base Lewis-McChord corridor. The design of this project must be high occupancy vehicle lane ready for a future connection to the Interstate 5 high occupancy vehicle lane system that currently terminates in Tacoma.

(7) (~~(\$267,071,000)~~) \$266,277,000 of the transportation partnership account-state appropriation, (~~(\$55,389,000)~~) \$55,390,000 of the motor vehicle account-federal appropriation, (~~(\$156,423,000)~~) \$166,423,000 of the motor vehicle account-private/local appropriation, (~~(\$45,400,000)~~) \$45,401,000 of the transportation 2003 account (nickel account)-state appropriation, and \$2,139,000 of the multimodal transportation account-state appropriation are provided solely for the SR 99/Alaskan Way Viaduct Replacement project (809936Z).

(8) \$17,000,000 of the multimodal transportation account-state appropriation and \$1,676,000 of the transportation partnership account-state appropriation are provided solely for transit mitigation for the SR 99/Viaduct Project - Construction Mitigation project (809940B). The transportation partnership account-state appropriation must be placed in unallotted status and may only be released by the office of financial management for unpaid invoices from the 2013-2015 fiscal biennium.

(9) Within existing resources, during the regular sessions of the legislature, the department of transportation shall participate in work sessions, before the transportation committees of the house of representatives and senate, on the Alaskan Way viaduct replacement project. These work sessions must include a report on current progress of the project, timelines for completion, outstanding claims, the financial status of the project, and any other information necessary for the legislature to maintain appropriate oversight of the project. The parties invited to present may include the department of transportation, the Seattle tunnel partners, and other appropriate stakeholders.

(10) (~~(\$22,191,000)~~) \$21,463,000 of the transportation partnership account-state appropriation, (~~(\$5,576,000)~~) \$6,342,000 of the transportation 2003 account (nickel account)-state appropriation, (~~(\$42,000)~~) \$37,000 of the multimodal transportation account-state appropriation, (~~(\$6,000,000)~~) \$5,855,000 of the special category C account-state appropriation, \$368,000 of the motor vehicle account-state appropriation, (~~(\$13,000)~~) \$14,000 of the motor vehicle account-private/local appropriation, and (~~(\$12,976,000)~~) \$12,696,000 of the motor vehicle account-federal appropriation are provided solely for the US 395/North Spokane Corridor project (600010A). I-405/Kirkland Vicinity Stage 2 - Widening project (8BI1002). This project must be completed as soon as practicable as a design-build project. Any future savings on this project or other Interstate 405 corridor projects must stay on the Interstate 405 corridor and be made available to (~~(either)~~) the I-405/SR 167 Interchange - Direct Connector project (140504C) (~~(or)~~), the I-405 Renton to Bellevue project (M00900R), or the I-405/SR 522 to I-5 Capacity Improvements project (L2000234) in the 2015-2017 fiscal biennium.

(b) \$3,500,000 of the transportation partnership account-state appropriation is provided solely for preliminary engineering for adding capacity on Interstate 405 between state route number 522 and Interstate 5. The funding is a transfer from the I-405/Kirkland Vicinity Stage 2 - Widening project due to savings, and will start an additional phase of this I-405 project.

(12) (a) The SR 520 Bridge Replacement and HOV project (8BI1003) is supported over time from multiple sources, including a \$300,000,000 TIFIA loan, \$923,000,000 in Garvee bonds, toll revenues, state bonds, interest earnings, and other miscellaneous sources.

(b) The state route number 520 corridor account-state appropriation includes up to \$343,834,000 in proceeds from the sale of bonds authorized in RCW 47.10.879 and 47.10.886.

(c) The state route number 520 corridor account-federal appropriation includes up to \$104,801,000 in proceeds from the sale of bonds authorized in RCW 47.10.879 and 47.10.886.

(d) (~~(\$126,937,000)~~) \$45,680,000 of the transportation partnership account-state appropriation, \$104,801,000 of the state route number 520 corridor account-federal appropriation, and (~~(\$368,121,000)~~) \$110,910,000 of the state route number 520 corridor account-state appropriation are provided solely for the SR 520 Bridge Replacement and HOV project (8BI1003). (~~(Of the amounts appropriated in this subsection (12) (d), \$233,085,000 of the state route number 520 corridor account-state appropriation must be put into unallotted status and is subject to review by the office of financial management. The director of the office of financial management shall consult with the joint transportation committee prior to making a decision to allot these funds.)~~)

(e) When developing the financial plan for the project, the department shall assume that all maintenance and operation costs for the new facility are to be covered by tolls collected on the toll facility and not by the motor vehicle account.

(13) \$14,000,000 of the state route number 520 civil penalties account—state appropriation is provided solely for the department to continue to work with the Seattle department of transportation in their joint planning, design, right-of-way acquisition, outreach, and operation of the remaining west side elements including, but not limited to, the Montlake lid, the bicycle/pedestrian path, the effective network of transit connections, and the Portage Bay bridge of the SR 520 Bridge Replacement and HOV project.

(14) \$1,056,000 of the motor vehicle account—federal appropriation and \$38,000 of the motor vehicle account—state appropriation are provided solely for the 31st Ave SW Overpass Widening and Improvement project (L1100048).

(15) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Prior to the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2017, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(16) For urban corridors that are all or partially within a metropolitan planning organization boundary, for which the department has not initiated environmental review, and that require an environmental impact statement, at least one alternative must be consistent with the goals set out in RCW 47.01.440.

(17) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive

information system as part of the department's 2016 budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(18) (~~(\$52,869,000)~~) \$44,742,000 of the motor vehicle account—federal appropriation, (~~(\$4,439,000)~~) \$4,381,000 of the motor vehicle account—state appropriation, and (~~(\$1,085,000)~~) \$529,000 of the motor vehicle account—private/local appropriation are provided solely for fish passage barrier and chronic deficiency improvements (0BI4001).

(19) Any new advisory group that the department convenes during the 2015-2017 fiscal biennium must consider the interests of the entire state of Washington.

(20) Except as provided otherwise in this section, the entire connecting Washington account appropriation is provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document (~~(2016-1)~~) 2017-1 as developed (~~(March 7, 2016)~~) April 20, 2017, Program - Highway Improvements Program (I).

(21) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue \$50,000,000 in federal funds to pay for this project to supplant state funds in the future. \$50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

(22) Of the amounts allocated to the Puget Sound Gateway project (M00600R) in LEAP Transportation Document (~~(2016-1)~~) 2017-1 as developed (~~(March 7, 2016)~~) April 20, 2017, \$4,000,000 must be used to complete the bridge connection at 28th/24th Street over state route number 509 in the city of SeaTac. The bridge connection must be completed prior to other construction on the state route number 509 segment of the project.

(23) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's

construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(24) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

(25) (~~(\$1,500,000)~~) \$901,000 of the motor vehicle account-state appropriation is provided solely for the department to (~~(complete)~~) continue to work on an interchange justification report (IJR) for the U.S. 2 trestle, covering the state route number 204 and 20th Street interchanges at the end of the westbound structure.

(a) The department shall develop the IJR in close collaboration with affected local jurisdictions, including Snohomish county and the cities of Everett, Lake Stevens, Marysville, Snohomish, and Monroe.

(b) Within the amount provided for the IJR, the department must address public outreach and the overall operational approval of the IJR.

(c) The department shall complete the IJR and submit the final report to the governor and the transportation committees of the legislature by July 1, 2018.

(26)(a) The department must conduct outreach to local transit agencies during the planning process for highway construction projects led by the department.

(b) The department must develop process recommendations for best practices in minimizing impacts to transit and freight during project construction. A report on best practices must be submitted to the transportation committees of the legislature by December 1, 2016.

(27) The legislature finds that project efficiencies and savings may be gained by combining the I-5 Marine Drive project (I5OTC1A1) and the SR 529/I-5 Interchange project (N52900R). The department must deliver them as one project, the I-5 Peak Hour Use Lanes and Interchange Improvements project (L2000229), using a design-build approach.

(28)(a) The legislature recognizes that the city of Mercer Island has unique access issues that require the use of Interstate 90 to leave the island and that this access may be impeded by the I-90/Two-Way Transit and HOV Improvements project. ~~(The department must continue to work with the city of Mercer Island to address potential access solutions as the project nears completion)~~ One of the most heavily traveled on-ramps from Mercer Island to the westbound Interstate 90 general purpose lanes is from Island Crest Way. The department must continue to consult with the city of Mercer Island and the other signatories to the 1976 memorandum of agreement to preserve access provided to Mercer Island by the Island Crest Way on-ramp, and thus grandfather-in the current use of the on-ramp for both high occupancy vehicles as well as vehicles seeking to access the general purpose lanes of Interstate 90. The department must consider all reasonable access solutions, including allowing all vehicles to use the Island Crest Way on-ramp to access the new high occupancy vehicle lane with a reasonable and safe distance provided for single-occupancy vehicles to merge into the general purpose lanes.

(b) A final access solution must consider the following criteria: Safety; operational effects on all users, including maintaining historic access to Interstate 90 provided from Mercer Island by Island Crest Way; enforcement requirements; and compliance with state and federal law.

(c) The department may not restrict by occupancy the westbound on-ramp from Island Crest Way until a final access solution that meets the criteria in (b) of this subsection has been reached.

(29) \$9,500,000 of the Interstate 405 express toll lanes operations account-state appropriation is provided solely for the I-405 NB Hard Shoulder Running - SR 527 to I-5 project (L1000163).

(3) Within the motor vehicle account-state appropriation and motor vehicle account-federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act.

(4) The transportation 2003 account (nickel account)-state appropriation includes up to ((~~\$28,032,000~~)) \$26,654,000 in proceeds from the sale of bonds authorized in RCW 47.10.861.

(5) The department shall examine the use of electric arc furnace slag for use as an aggregate for new roads and paving projects in high traffic areas and report back to the legislature by December 1, 2015, on its current use in other areas of the country and any characteristics that can provide greater wear resistance and skid resistance in new pavement construction.

(6) ((~~\$38,142,000~~)) \$6,545,000 of the motor vehicle account-federal appropriation and ((~~\$958,000~~)) \$188,000 of the motor vehicle account-state appropriation are provided solely for the preservation of structurally deficient bridges or bridges that are at risk of

becoming structurally deficient. These funds must be used widely around the state of Washington. The department shall provide a report that identifies the scope, cost, and benefit of each project funded in this subsection as part of its 2016 agency budget request.

(7) Except as provided otherwise in this section, the entire connecting Washington account appropriation in this section is provided solely for the projects and activities as listed in LEAP Transportation Document ((2016-1)) 2017-1 as developed ((March 7, 2016)) April 20, 2017, Program - Highway Preservation Program (P).

(8) It is the intent of the legislature that, with respect to the amounts provided for highway preservation from the connecting Washington account, the department consider the preservation and rehabilitation of concrete roadway on Interstate 5 from the Canadian border to the Oregon border to be a priority within the preservation program.

(9) \$5,000,000 of the motor vehicle account-state appropriation is provided solely for extraordinary costs incurred from litigation awards, settlements, or dispute mitigation activities not eligible for funding from the self-insurance fund. The amount provided in this subsection must be held in unallotted status until the department submits a request to the office of financial management that includes documentation detailing litigation-related expenses. (11) The department must consult with the Washington state patrol during the design phase of a department-led improvement or preservation project that could impact weigh station operations. The department must ensure that the designs of the projects do not prevent or interfere with weigh station operations.

\$72,689,000

TOTAL APPROPRIATION ~~\$406,035,000~~

\$391,891,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed in LEAP Transportation Document (~~(2016-2)~~) 2017-2 ALL PROJECTS as developed (~~(March 7, 2016)~~) April 20, 2017, Program - Washington State Ferries Capital Program (W).

(2) \$90,545,000 of the transportation 2003 account (nickel account)-state appropriation is provided solely for the acquisition of a 144-car vessel (L1000063). The department shall use as much already procured equipment as practicable on the 144-car vessels.

(3) (~~(\$46,989,000)~~) \$26,742,000 of the Puget Sound capital construction account-federal appropriation, (~~(\$2,000,000)~~) \$5,884,000 of the connecting Washington account-state appropriation, \$562,000 of the transportation 2003 account (nickel account)-state appropriation, and (~~(\$490,000)~~) \$491,000 of the Puget Sound capital construction account-state appropriation are provided solely for the Mukilteo ferry terminal (952515P). It is the intent of the legislature, over the sixteen-year investment program, to provide (~~(\$155,000,000)~~) \$159,061,000 to complete the Mukilteo Terminal Replacement project (952515P). These funds are identified in the LEAP transportation document referenced in subsection (1) of this section. To the greatest extent practicable and within available resources, the department shall design the new terminal to be a net zero energy building. To achieve this goal, the department shall evaluate using highly energy efficient equipment and systems, and the most appropriate renewable energy systems for the needs and location of the terminal.

(4) \$7,000,000 of the Puget Sound capital construction account-state

appropriation is provided solely for emergency capital repair costs (999910K). Funds may only be spent after approval by the office of financial management.

(5) Consistent with RCW 47.60.662, which requires the Washington state ferry system to collaborate with passenger-only ferry and transit providers to provide service at existing terminals, the department shall ensure that multimodal access, including for passenger-only ferries and transit service providers, is not precluded by any future terminal modifications.

(6) If the department pursues a conversion of the existing diesel powered Issaquah class fleet to a different fuel source or engine technology or the construction of a new vessel powered by a fuel source or engine technology that is not diesel powered, the department must use a design-build procurement process.

(7) Funding is included in the future biennia of the LEAP transportation document referenced in subsection (1) of this section for future vessel purchases. Given that the recent purchase of new vessels varies from the current long range plan, the department shall include in its updated long range plan revised estimates for new vessel costs, size, and purchase time frames. Additionally, the long range plan must include a vessel retirement schedule and associated reserve vessel policy recommendations.

(8) \$325,000 of the Puget Sound capital construction account-state appropriation is provided solely for the ferry system to participate in the development of one account-based system for customers of both the ferry system and tolling system. The current Wave2Go ferry ticketing system is reaching the end of its useful life and the department is expected to develop a replacement account-based system as part of the new tolling division customer service center toll collection system.

(9) Within existing resources, the department must evaluate the feasibility of utilizing the federal EB-5 immigrant investor program for financing the construction of a safety of life at sea (SOLAS) certificated vessel for the Anacortes-Sidney ferry route. The department must establish a group that includes, but is not limited to, the department of commerce and entities or individuals experienced with vessel engineering and EB-5 financing for assistance in evaluating the applicability

of the EB-5 immigrant investor program. The department must deliver a report containing the results of the evaluation to the transportation committees of the legislature and the office of financial management by December 1, 2015.

(10) It is the intent of the legislature, over the sixteen-year investment program, to provide (~~(\$316,000,000)~~) \$349,500,000 to complete the Seattle Terminal Replacement project (900010L), including: (a) Design work and selection of a preferred plan, (b) replacing timber pilings with pilings sufficient to support a selected terminal design, (c) replacing the timber portion of the dock with a new and reconfigured steel and concrete dock, and (d) other staging and construction work as the amount allows. These funds are identified in the LEAP transportation document referenced in subsection (1) of this section.

(11) It is the intent of the legislature, over the sixteen-year new investment program, to provide \$122,000,000 in state funds to complete the acquisition of a fourth 144-car vessel (L2000109). These funds are identified in the LEAP transportation document referenced in subsection (1) of this section.

(12) \$300,000 of the Puget Sound capital construction account-state appropriation is provided solely to issue a request for proposals and purchase pilot program customer counting equipment. By June 30, 2017, the department must report to the governor and the transportation committees of the legislature on the most effective way to count ferry passengers.

(13) (~~(\$1,430,000)~~) \$1,255,000 of the Puget Sound capital construction account-federal appropriation and (~~(\$1,366,000)~~) \$889,000 of the Puget Sound capital construction-state appropriation are provided solely for installation of security access control and video monitoring systems, and for enhancing wireless network capacity to handle higher security usage, increase connectivity between vessels and land-based facilities, and isolate the security portion of the network from regular business (~~(project)~~) 998925A).

(14) The transportation 2003 account (nickel account)-state appropriation includes up to (~~(\$4,131,000)~~) \$17,817,000 in proceeds from the sale of bonds authorized in RCW 47.10.861.

(15) The department shall submit a cost estimate to procure a fifth 144-car vessel to the governor and the transportation committees of the legislature by June 30, 2017. The estimate must include, but is not limited to, construction costs, estimated operating costs, and any potential savings from replacing a currently operating vessel with a fifth 144-car vessel.

TOTAL APPROPRIATION ~~\$538,935,000~~

\$531,524,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by project and amount in LEAP Transportation Document (~~(2016-2)~~) 2017-2 ALL PROJECTS as developed (~~(March 7, 2016)~~) April 20, 2017, Program - Rail Program (Y).

(2) \$5,000,000 of the transportation infrastructure account-state appropriation is provided solely for new low-interest loans approved by the department through the freight rail investment bank (FRIB) program. The department shall issue FRIB program loans with a repayment period of no more than ten years, and charge only so much interest as is necessary to recoup the department's costs to administer the loans. For the 2015-2017 fiscal biennium,

the department shall first award loans to 2015-2017 FRIB loan applicants in priority order, and then offer loans to 2015-2017 unsuccessful freight rail assistance program grant applicants, if eligible. If any funds remain in the FRIB program, the department may reopen the loan program and shall evaluate new applications in a manner consistent with past practices as specified in section 309, chapter 367, Laws of 2011. The department shall report annually to the transportation committees of the legislature and the office of financial management on all FRIB loans issued.

(3) (a) (~~(\$5,484,000)~~) \$5,429,000 of the multimodal transportation account-state appropriation, \$270,000 of the essential rail assistance account-state appropriation, and \$455,000 of the transportation infrastructure account-state appropriation are provided solely for new statewide emergent freight rail assistance projects identified in the LEAP transportation document referenced in subsection (1) of this section.

(b) Of the amounts provided in this subsection, \$367,000 of the transportation infrastructure account-state appropriation and \$1,100,000 of the multimodal transportation account-state appropriation are provided solely to reimburse Highline Grain, LLC for approved work completed on Palouse River and Coulee City (PCC) railroad track in Spokane county between the BNSF Railway Interchange at Cheney and Geiger Junction and must be administered in a manner consistent with freight rail assistance program projects. The value of the public benefit of this project is expected to meet or exceed the cost of this project in: Shipper savings on transportation costs; jobs saved in rail-dependent industries; and/or reduced future costs to repair wear and tear on state and local highways due to fewer annual truck trips (reduced vehicle miles traveled). The amounts provided in this subsection are not a commitment for future legislatures, but it is the legislature's intent that future legislatures will work to approve biennial appropriations until the full \$7,337,000 cost of this project is reimbursed.

(4) (~~(\$487,297,000)~~) \$487,163,000 of the multimodal transportation account-federal appropriation and (~~(\$13,679,000)~~) \$10,991,000 of the multimodal transportation account-state appropriation are provided solely for

expenditures related to passenger high-speed rail grants. Except for the Mount Vernon project (P01101A), the multimodal transportation account-state funds reflect no more than one and one-half percent of the total project funds, and are provided solely for expenditures that are not eligible for federal reimbursement.

(5) (a) \$1,114,000 of the essential rail assistance account-state appropriation, \$766,000 of the multimodal transportation account-state appropriation, and \$68,000 of the transportation infrastructure account-state appropriation are provided solely for the purpose of the rehabilitation and maintenance of the Palouse river and Coulee City railroad line (F01111B).

(b) Expenditures from the essential rail assistance account-state in this subsection may not exceed the combined total of:

(i) Revenues deposited into the essential rail assistance account from leases and sale of property pursuant to RCW 47.76.290; and

(ii) Revenues transferred from the miscellaneous program account to the essential rail assistance account, pursuant to RCW 47.76.360, for the purpose of sustaining the grain train program by maintaining the Palouse river and Coulee City railroad.

(6) The department shall issue a call for projects for the freight rail assistance program, and shall evaluate the applications in a manner consistent with past practices as specified in section 309, chapter 367, Laws of 2011. By November 15, 2016, the department shall submit a prioritized list of recommended projects to the office of financial management and the transportation committees of the legislature.

NEW SECTION. Sec. 1201. A new section
is added to 2016 c 14 (uncodified) to read
as follows:

The appropriations to the department of
transportation in chapter 14, Laws of 2016
and this act must be expended for the

programs and in the amounts specified in this act. However, after May 1, 2017, unless specifically prohibited, the department may transfer state appropriations for the 2015-2017 fiscal biennium among operating programs after approval by the director of the office of financial management. However, the department shall not transfer state moneys that are provided solely for a specific purpose. The department shall not transfer funds, and the director of the office of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds and not federal funds. The director of the office of financial management shall notify the transportation committees of the legislature in writing no fewer than seven days before approving any allotment modifications or transfers under this section. The written notification must include a narrative explanation and justification of the changes, along with expenditures and allotments by program and appropriation, both before and after any allotment modifications or transfers.

(B) The state liquor and cannabis board must require license forfeiture on or before twenty-four calendar months of license issuance if a marijuana retailer is not fully operational and open to the public, unless the board determines that circumstances out of the licensee's control are preventing the licensee from becoming fully operational and that, in the board's discretion, the circumstances warrant extending the forfeiture period beyond twenty-four calendar months.

(iii) The state liquor and cannabis board has discretion in adopting rules under this subsection (3)(c).

(iv) This subsection (3)(c) applies to marijuana retailer's licenses issued before and after the effective date of this section. (1) For the purpose of considering any application for a license to produce, process, research, transport, or deliver marijuana, useable marijuana, marijuana concentrates, or marijuana-infused products subject to the regulations established under RCW 69.50.385, or sell marijuana, or for the renewal of a license to produce, process, research, transport, or deliver marijuana, useable marijuana, marijuana concentrates, or marijuana-infused products subject to the regulations established under RCW 69.50.385, the state liquor and cannabis board must conduct a comprehensive, fair, and impartial evaluation of the applications timely received.

(a) ((The state liquor and cannabis board must develop a competitive, merit-based application process that includes, at a minimum, the opportunity for an applicant to demonstrate experience and qualifications in the marijuana industry. The state liquor and cannabis board must give preference between competing applications in the licensing process to applicants that have the following experience and qualifications, in the following order of priority:

(i) First priority is given to applicants who:

For the purpose of reviewing any application for a license and for considering the denial, suspension, revocation, or renewal or denial thereof, of any license, the state liquor and cannabis board may consider any prior criminal conduct of the applicant including an administrative violation history record with the state liquor and cannabis board and a criminal history record information check. The state liquor and cannabis board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The state liquor and cannabis board must require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation. The provisions of RCW 9.95.240 and of chapter 9.96A RCW do not apply to these cases. Subject to the provisions of this section, the state liquor and cannabis board may, in its discretion, grant or deny the renewal or license applied for. (2) (a) The state liquor and cannabis board may, in its discretion, subject to the provisions of RCW 69.50.334, suspend or cancel any license; and all protections of the licensee from criminal or civil sanctions under state law for producing, processing, researching, or selling marijuana, marijuana concentrates, useable marijuana, or marijuana-infused products thereunder must be suspended or terminated, as the case may be.

(b) The state liquor and cannabis board must immediately suspend the license of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license is automatic upon the state liquor and cannabis board's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

(c) The state liquor and cannabis board may request the appointment of administrative law judges under chapter 34.12 RCW who shall have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, and to receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, under rules and regulations the state liquor and cannabis board may adopt.

(3) Upon receipt of notice of the suspension or cancellation of a license, the licensee must forthwith deliver up the license to the state liquor and cannabis board. Where the license has been suspended only, the state liquor and cannabis board must return the license to the licensee at the expiration or termination of the period of suspension. The state liquor and cannabis board must notify all other licensees in the county where the subject licensee has its premises of the suspension or cancellation of the license; and no other licensee or employee of another licensee may allow or cause any marijuana, marijuana concentrates, useable marijuana, or marijuana-infused products to be delivered to or for any person at the premises of the subject licensee.

The state liquor and cannabis board may extend the time period for submitting written objections upon request from the authority notified by the state liquor and cannabis board.

(c) The written objections must include a statement of all facts upon which the objections are based, and in case written objections are filed, the city or town or county legislative authority may request, and the state liquor and cannabis board may in its discretion hold, a hearing subject to the applicable provisions of Title 34 RCW. If the state liquor and cannabis board makes an initial decision to deny a license or renewal based on the written objections of an incorporated city or town or county legislative authority, the applicant may request a hearing subject to the applicable provisions of Title 34 RCW. If a hearing is held at the request of the applicant, state liquor and cannabis board representatives must present and defend the state liquor and cannabis board's initial decision to deny a license or renewal.

(d) Upon the granting of a license under this title the state liquor and cannabis board must send written notification to the chief executive officer of the

incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns.

Before issuing or renewing a research license for premises within one thousand feet but not less than one hundred feet of an elementary school, secondary school, or playground in compliance with an ordinance passed pursuant to (c) of this subsection, the board must ensure that the facility:

(i) Meets a security standard exceeding that which applies to marijuana producer, processor, or retailer licensees;

(ii) Is inaccessible to the public and no part of the operation of the facility is in view of the general public; and

(iii) Bears no advertising or signage indicating that it is a marijuana research facility.

(e) The state liquor and cannabis board may not issue a license for any premises within Indian country, as defined in 18 U.S.C. (1) Qualifying patients or designated providers may form a cooperative and share responsibility for acquiring and supplying the resources needed to produce and process marijuana only for the medical use of members of the cooperative. No more than four qualifying patients or designated providers may become members of a cooperative under this section and all members must hold valid recognition cards. All members of the cooperative must be at

least twenty-one years old. The designated provider of a qualifying patient who is under twenty-one years old may be a member of a cooperative on the qualifying patient's behalf. All plants grown in the cooperative must be ~~((purchased or cloned))~~ from an immature plant or clone purchased from a licensed marijuana producer as defined in RCW 69.50.101. Cooperatives may also purchase marijuana seeds from a licensed marijuana producer.

(2) Qualifying patients and designated providers who wish to form a cooperative must register the location with the state liquor and cannabis board and this is the only location where cooperative members may grow or process marijuana. This registration must include the names of all participating members and copies of each participant's recognition card. Only qualifying patients or designated providers registered with the state liquor and cannabis board in association with the location may participate in growing or receive useable marijuana or marijuana-infused products grown at that location.

(c) Where prohibited by a city, town, or county zoning provision.

(4) The state liquor and cannabis board must deny the registration of any cooperative if the location does not comply with the requirements set forth in subsection (3) of this section.

(5) If a qualifying patient or designated provider no longer participates in growing at the location, he or she must notify the state liquor and cannabis board within fifteen days of the date the qualifying patient or designated provider ceases participation. The state liquor and cannabis board must remove his or her name

from connection to the cooperative. Additional qualifying patients or designated providers may not join the cooperative until sixty days have passed since the date on which the last qualifying patient or designated provider notifies the state liquor and cannabis board that he or she no longer participates in that cooperative.

(6) Qualifying patients or designated providers who participate in a cooperative under this section:

(a) May grow up to the total amount of plants for which each participating member is authorized on their recognition cards, up to a maximum of sixty plants. At the location, the qualifying patients or designated providers may possess the amount of useable marijuana that can be produced with the number of plants permitted under this subsection, but no more than seventy-two ounces;

(b) May only participate in one cooperative;

(c) May only grow plants in the cooperative and if he or she grows plants in the cooperative may not grow plants elsewhere;

(7) The location of the cooperative must be the domicile of one of the participants. Only one cooperative may be located per property tax parcel. A copy of each participant's recognition card must be kept at the location at all times.

(8) The state liquor and cannabis board may adopt rules to implement this section including:

(a) Any security requirements necessary to ensure the safety of the cooperative and to reduce the risk of diversion from the cooperative;

(b) A seed to sale traceability model that is similar to the seed to sale traceability model used by licensees that will allow the state liquor and cannabis

board to track all marijuana grown in a cooperative.

(9) The state liquor and cannabis board or law enforcement may inspect a cooperative registered under this section to ensure members are in compliance with this section. The state liquor and cannabis board must adopt rules on reasonable inspection hours and reasons for inspections.

NEW SECTION. Sec. 9. A new section is added to chapter 15.120 RCW to read as follows:

The department and the state liquor and cannabis board must collaboratively study the feasibility and practicality of implementing a legislatively authorized regulatory framework allowing industrial hemp produced in accordance with the requirements of this chapter to be sold or transferred to marijuana processors, licensed under chapter 69.50 RCW, for processing into industrial hemp or marijuana products to be sold at retail for human consumption.

NEW SECTION. Sec. 10. A new section is added to chapter 15.120 RCW to read as follows:

The department is granted the rule-making authority necessary to implement and enforce the provisions of this chapter. This includes the authority to impose monetary penalties, license suspension or forfeiture, or other sanctions for violations of statutory and regulatory requirements. The rules adopted by the department must be consistent with section 7606 of the federal agricultural act of 2014 (128 Stat. 649, 912; 7 U.S.C. Sec. 5940).

NEW SECTION. Sec. 11. A new section is added to chapter 69.51A RCW to read as follows:

Qualifying patients and designated providers, who hold a recognition card and have been entered into the medical marijuana authorization database, may purchase immature plants or clones from a licensed marijuana producer as defined in RCW 69.50.101. Qualifying patients and designated providers may also purchase marijuana seeds from a licensed marijuana producer.

NEW SECTION. Sec. 12. The legislature finds that protecting the state's children, youth, and young adults under the legal age to purchase and consume marijuana, by establishing limited

restrictions on the advertising of marijuana and marijuana products, is necessary to assist the state's efforts to discourage and prevent underage consumption and the potential risks associated with underage consumption. The legislature finds that these restrictions assist the state in maintaining a strong and effective regulatory and enforcement system as specified by the federal government. The legislature finds this act leaves ample opportunities for licensed marijuana businesses to market their products to those who are of legal age to purchase them, without infringing on the free speech rights of business owners. Finally, the legislature finds that the state has a substantial and compelling interest in enacting this act aimed at protecting Washington's children, youth, and young adults.

Sec. 13. RCW 69.50.357 and 2016 c 171 s 1 are each amended to read as follows:

A "commercial mascot" means live human being, animal, or mechanical device used for attracting the attention of motorists and passersby so as to make them aware of marijuana products or the presence of a marijuana business. Commercial mascots include, but are not limited to, inflatable tube displays, persons in costume, or wearing, holding, or spinning a sign with a marijuana-related commercial message or image, where the intent is to draw attention to a marijuana business or its products.

Representative Clibborn moved the adoption of the striking amendment (572):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 46.20 RCW to read as follows:

(1) Beginning July 1, 2018, except for enhanced drivers' licenses and identicards issued under RCW 46.20.202, the department

must mark a driver's license or identicard issued under this chapter in accordance with the requirements of 6 C.F.R. Sec. 37.71 as it existed on the effective date of this section, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section.

(2) The department must adopt rules necessary to implement this section.

NEW SECTION. **Sec. 2.** A new section is added to chapter 46.20 RCW to read as follows:

(1) A driver's license or identicard issued with the design features required in section 1 of this act may not be used as evidence of or as a basis to infer an individual's citizenship or immigration status for any purpose.

(2) The presence of the design features required in section 1 of this act on a person's driver's license or identicard may not be used as a basis for the criminal investigation, arrest, or detention of that person in circumstances where a person with a driver's license or identicard without these design features would not be criminally investigated, arrested, or detained.

Sec. 3. RCW 46.20.202 and 2016 c 32 s 2 are each amended to read as follows:

(1) The department may enter into a memorandum of understanding with any federal agency for the purposes of facilitating the crossing of the border between the state of Washington and the Canadian province of British Columbia.

(2) The department may enter into an agreement with the Canadian province of British Columbia for the purposes of implementing a border-crossing initiative.

(3)(a) The department may issue an enhanced driver's license or identicard for the purposes of crossing the border between the state of Washington and the Canadian province of British Columbia to an applicant who provides the department with proof of: United States citizenship, identity, and state residency. The department shall continue to offer a standard driver's license and identicard. If the department chooses to issue an enhanced driver's license, the department must allow each applicant to choose between a standard driver's license or identicard, or an enhanced driver's license or identicard.

(b) The department shall implement a one-to-many biometric matching system for the enhanced driver's license or identicard. An applicant for an enhanced driver's license or identicard shall submit a biometric identifier as designated by the department. The biometric identifier must be used solely for the purpose of verifying the identity of the holders and for any purpose set out in RCW 46.20.037. Applicants are required to sign a declaration acknowledging their understanding of the one-to-many biometric match.

(c) The enhanced driver's license or identicard must include reasonable security measures to protect the privacy of Washington state residents, including reasonable safeguards to protect against unauthorized disclosure of data about Washington state residents. If the enhanced driver's license or identicard includes a radio frequency identification chip, or similar technology, the department shall ensure that the technology is encrypted or otherwise secure from unauthorized data access.

(d) The requirements of this subsection are in addition to the requirements otherwise imposed on applicants for a driver's license or identicard. The department shall adopt such rules as necessary to meet the requirements of this subsection. From time to time the department shall review technological innovations related to the security of identity cards and amend the rules related to enhanced driver's licenses and identicards as the director deems consistent with this section and appropriate to protect the privacy of Washington state residents.

(e) Notwithstanding RCW 46.20.118, the department may make images associated with enhanced drivers' licenses or identicards from the negative file available to United States customs and border agents for the purposes of verifying identity.

(4)((a) Between July 15, 2015, and June 30, 2016, the fee for an enhanced driver's license or enhanced identicard is eighteen dollars, which is in addition to the fees for any regular driver's license or identicard. If the enhanced driver's license or enhanced identicard is issued, renewed, or extended for a period other than six years, the fee for each class is three dollars for each year that the enhanced driver's license or enhanced identicard is issued, renewed, or extended.

~~(b))~~ Beginning ~~((July 1, 2016))~~ on the effective date of this section, the fee for an enhanced driver's license or enhanced identicard is ~~((fifty-four))~~ twenty-four dollars, which is in addition to the fees for any regular driver's license or identicard. MESSAGE FROM THE SENATE

April 20, 2017

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1501 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 9.41 RCW to read as follows:

(1) A dealer shall report to the Washington association of sheriffs and police chiefs information on each instance where the dealer denies an application for the purchase or transfer of a firearm, whether under RCW 9.41.090 or 9.41.113, or the requirements of federal law, as the result of a background check or completed and submitted firearm purchase or transfer application that indicates the applicant is ineligible to possess a firearm under state or federal law. The dealer shall report the denied application information to the Washington association of sheriffs and police chiefs within five days of the denial in a format as prescribed by the Washington association of sheriffs and police chiefs. The reported information must include the identifying information of the applicant, the date of the application and denial of the application, and other information or documents as prescribed by the Washington association of sheriffs and police chiefs. In any case where the purchase or transfer of a firearm is initially denied by the dealer as the result of a background check that indicates the applicant is ineligible to possess a firearm, but the purchase or transfer is subsequently approved, the dealer shall report the subsequent approval to the Washington association of

sheriffs and police chiefs within one day of the approval.

(2) Upon denying an application for the purchase or transfer of a firearm as a result of a background check or completed and submitted firearm purchase or transfer application that indicates the applicant is ineligible to possess a firearm under state or federal law, the dealer shall:

(a) Provide the applicant with a copy of a notice form generated and distributed by the Washington state patrol under section 3(5) of this act, informing denied applicants of their right to appeal the denial; and

(b) Retain the original records of the attempted purchase or transfer of a firearm for a period not less than six years.

NEW SECTION. Sec. 2. A new section is added to chapter 36.28A RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the Washington association of sheriffs and police chiefs must create and maintain an electronic portal for a dealer, as defined in RCW 9.41.010, to report the information as required pursuant to section 1 of this act pertaining to persons who have applied for the purchase or transfer of a firearm and were denied as the result of a background check or completed and submitted firearm purchase or transfer application that indicates the applicant is ineligible to possess a firearm under state or federal law.

(2) Upon receipt of information from a dealer pursuant to section 1 of this act that a person originally denied the purchase or transfer of a firearm as the result of a background check that indicates the applicant is ineligible to possess a firearm has subsequently been approved for the purchase or transfer, the Washington association of sheriffs and police chiefs must purge any record of the person's denial in its possession and inform the Washington state patrol and any local law enforcement agency participating in the grant program created in section 6 of this act of the subsequent approval of the purchase or transfer.

(3) Information and records prepared, owned, used, or retained by the Washington state patrol or the Washington association of sheriffs and police chiefs pursuant to

this act are exempt from public inspection and copying under chapter 42.56 RCW.

(4) The Washington association of sheriffs and police chiefs must destroy the information and data reported by a dealer pursuant to this act upon its satisfaction that the information and data is no longer necessary to carry out its duties pursuant to this act.

NEW SECTION. Sec. 3. A new section is added to chapter 43.43 RCW to read as follows:

(1) Upon receipt of the information from the Washington association of sheriffs and police chiefs pursuant to section 2 of this act, the Washington state patrol must incorporate the information into its electronic database accessible to law enforcement agencies and officers, including federally recognized Indian tribes, that have a connection to the Washington state patrol electronic database.

(2) Upon receipt of documentation that a person has appealed a background check denial, the Washington state patrol shall immediately remove the record of the person initially reported pursuant to section 2 of this act from its electronic database accessible to law enforcement agencies and officers. The Washington state patrol must keep a separate record of the person's information for a period of one year or until such time as the appeal has been resolved. Every twelve months, the Washington state patrol shall notify the person that the person must provide documentation that his or her appeal is still pending or the record of the person's background check denial will be put back in its electronic database accessible to law enforcement agencies and officers. At any time, upon receipt of documentation that a person's appeal has been granted, the Washington state patrol shall remove any record of the person's denied firearms purchase or transfer application from its electronic database accessible to law enforcement agencies and officers.

(3) Upon receipt of satisfactory proof that a person who was reported to the Washington state patrol pursuant to section 2 of this act is no longer ineligible to possess a firearm under state or federal law, the Washington state patrol must remove any record of the person's denied firearms purchase or transfer application from its electronic

database accessible to law enforcement agencies and officers.

(4) Upon receipt of notification from the Washington association of sheriffs and police chiefs that a person originally denied the purchase or transfer of a firearm as the result of a background check or completed and submitted firearm purchase or transfer application that indicates the applicant is ineligible to possess a firearm under state or federal law has subsequently been approved for the purchase or transfer, the Washington state patrol must remove any record of the person's denied firearms purchase or transfer application from its electronic database accessible to law enforcement agencies and officers within five business days.

(5) The Washington state patrol shall generate and distribute a notice form to all firearm dealers, to be provided by the dealers to applicants denied the purchase or transfer of a firearm as a result of a background check that indicates the applicant is ineligible to possess a firearm. The notice form must contain the following statements:

State law requires that I transmit the following information to the Washington association of sheriffs and police chiefs as a result of your firearm purchase or transfer denial within two days of the denial:

(a) Identifying information of the applicant;

(b) The date of the application and denial of the application;

(c) Other information as prescribed by the Washington association of sheriffs and police chiefs.

If you believe this denial is in error, and you do not exercise your right to appeal, you may be subject to criminal investigation by the Washington state patrol and/or a local law enforcement agency.

The notice form shall also contain information directing the applicant to a web site describing the process of appealing a national instant criminal background check system denial through the federal bureau of investigation and refer the applicant to local law enforcement for information on a denial based on a state background check. The notice form shall also contain a phone number for a contact

at the Washington state patrol to direct the person to resources regarding an individual's right to appeal a background check denial.

(6) The Washington state patrol may adopt rules as are necessary to carry out the purposes of this section.

NEW SECTION. **Sec. 4.** A new section is added to chapter 36.28A RCW to read as follows:

Subject to the availability of amounts appropriated for this specific purpose, the Washington association of sheriffs and police chiefs shall prepare an annual report on the number of denied firearms sales or transfers reported pursuant to this act. The report shall indicate the number of cases in which a person was denied a firearms sale or transfer, the number of cases where the denied sale or transfer was investigated for potential criminal prosecution, and the number of cases where an arrest was made, the case was referred for prosecution, and a conviction was obtained. The Washington state patrol shall submit the report to the appropriate committees of the legislature on or before December 31st of each year.

(1)(a) Subject to the availability of amounts appropriated for this specific purpose, the Washington association of sheriffs and police chiefs shall create and operate a statewide automated protected person notification system to automatically notify a registered person via the registered person's choice of telephone or email when a respondent subject to a court order specified in (b) of this subsection has attempted to purchase or acquire a firearm and been denied based on a background check or completed and submitted firearm purchase or transfer application that indicates the respondent is ineligible to possess a firearm under state or federal law. The system must permit a person to register for notification, or a registered person to update the person's registration information, for the statewide automated protected person notification system by calling a toll-free telephone number or by accessing a public web site.

(b) The notification requirements of this section apply to any court order issued under chapter 7.92 RCW and RCW 7.90.090, 9A.46.080, 10.14.080,

10.99.040, 10.99.045, 26.09.050, 26.09.060, 26.10.040, 26.10.115, 26.26.130, 26.26.590, 26.50.060, or 26.50.070, and any foreign protection order filed with a Washington court pursuant to chapter 26.52 RCW, where the order prohibits the respondent from possessing firearms or where by operation of law the respondent is ineligible to possess firearms during the term of the order. The notification requirements of this section apply even if the respondent has notified the Washington state patrol that he or she has appealed a background check denial under section 3 of this act.

(2) An appointed or elected official, public employee, or public agency as defined in RCW 4.24.470, or combination of units of government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any release of information or the failure to release information related to the statewide automated protected person notification system in this section, so long as the release or failure to release was without gross negligence. The immunity provided under this subsection applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(3) Information and records prepared, owned, used, or retained by the Washington association of sheriffs and police chiefs pursuant to this act, including information a person submits to register and participate in the statewide automated protected person notification system, are exempt from public inspection and copying under chapter 42.56 RCW.

NEW SECTION. **Sec. 6.** A new section is added to chapter 36.28A RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the Washington association of sheriffs and police chiefs shall establish a grant program for local law enforcement agencies to conduct criminal investigations regarding persons who illegally attempted to purchase or transfer a firearm within their jurisdiction.

(2) Each grant applicant must be required to submit reports to the Washington association of sheriffs and police chiefs that indicate the number of cases in which a person was denied a firearms sale or transfer, the number of

cases where the denied sale or transfer was investigated for potential criminal prosecution, and the number of cases where an arrest was made, the case was referred for prosecution, and a conviction was obtained.

(3) Information and records prepared, owned, used, or retained by the Washington association of sheriffs and police chiefs pursuant to this act are exempt from public inspection and copying under chapter 42.56 RCW.

MESSAGE FROM THE SENATE

April 20, 2017

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1543 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 26.26 RCW to read as follows:

(1) This section applies in cases when a person alleged or presumed to be a legal parent to a child is alleged to have committed a sexual assault that resulted

in the victim of the assault becoming pregnant and subsequently giving birth to the child.

(2) For the purposes of this section, "sexual assault" means nonconsensual sexual penetration that results in pregnancy.

(3) For the purposes of this section, the fact that the person seeking parental rights or presumed to be a legal parent committed a sexual assault that resulted in the victim of the assault becoming pregnant and subsequently giving birth to the child may be proved by either:

(a) Evidence that the person seeking parental rights or presumed to be a legal parent was convicted of or pleaded guilty to a sexual assault under RCW 9A.44.040, 9A.44.050, 9A.44.060, or a comparable crime of sexual assault in any jurisdiction, against the child's parent, and that the child was born within three hundred twenty days after the sexual assault; or

(b) Clear, cogent, and convincing evidence that the person seeking parental rights or presumed to be a legal parent committed sexual assault, as defined in this section, against the child's parent, and that the child was born within three hundred twenty days after the sexual assault.

(4) An allegation that the child was born as the result of a sexual assault may be raised under this chapter:

(a) In a petition to adjudicate parentage; or

(b) In response to a petition to adjudicate parentage.

The pleading making the allegation must be filed in a petition or in a response to a petition in proceedings filed no later than four years after the birth of the child, except that (i) the pleading making the allegation that the child was born as a result of a sexual assault may be filed at any time in proceedings pursuant to RCW 26.26.525; or (ii) for a period of two years after the effective date of this section, a court may waive the time bar in cases in which a presumed, acknowledged, or adjudicated parent was found in a criminal or separate civil proceeding to have committed a sexual assault against the parent alleging that the child was born as a result of the sexual assault.

(5) If there is an allegation that the child was born as a result of a sexual

assault against the child's parent by the person seeking parentage or presumed to be the parent of the child, the court must conduct a fact-finding hearing on the allegation.

(a) The court may not enter any temporary orders providing residential time or decision making to the alleged perpetrator prior to the fact-finding hearing on the sexual assault allegation unless both of the following criteria are satisfied: (i) The alleged perpetrator is a presumed parent of the child; and (ii) the court specifically finds that it would be in the best interests of the child if such temporary orders are entered.

(b) Prior to the fact-finding hearing, the court may order genetic testing to determine whether the alleged perpetrator is biologically related to the child. If genetic testing reveals that the alleged perpetrator is not biologically related to the child, the fact-finding hearing must be stricken.

(c) Fourteen days prior to the fact-finding hearing, the party alleging that the child was born as a result of a sexual assault shall submit affidavits setting forth facts supporting the allegation and shall give notice, together with a copy of the affidavit, to other parties to the proceedings, who may file opposing affidavits. Opposing affidavits must be submitted and served to other parties to the proceeding five days prior to the fact-finding hearing.

(d) The court shall determine on the record whether affidavits and documents submitted for the fact-finding hearing should be sealed.

(6) If, after the fact-finding hearing or after a bench trial, the court finds that the person seeking parental rights or presumed to be a legal parent committed sexual assault, pursuant to the standards set forth in subsection (3)(a) or (b) of this section, against the child's parent, and that the child was born within three hundred twenty days of the sexual assault the court must:

(a) Enter an order holding that the person seeking parental rights or presumed to be a legal parent is not a parent of the child, if such an order is requested by the child's legal parent or guardian; or

(b) Enter an order consistent with the relief requested by the child's legal parent or guardian, provided that the

court determines that the relief requested is in the best interests of the child.

(7) Absent the express written consent of the child's legal parent or guardian, a person who is found to have committed a sexual assault, as defined in this section, against the child's parent, and that the child was born within three hundred twenty days of the sexual assault has:

(a) No right to an allocation of parental rights, including residential time or decision-making responsibilities for the child;

(b) No right to inheritance from the child; and

(c) No right to notification of, or standing to object to, the adoption of the child.

(8) If the court enters an order under subsection (6) of this section that is inconsistent with the information on the child's birth certificate, the court shall also order the birth certificate be amended in a manner that is consistent with the child's best interests and the wishes of the child's legal parent or guardian.

(9) If the court finds that the person seeking parentage or presumed to be the parent committed a sexual assault, as defined in this section, against the child's parent, and that the child was born within three hundred twenty days of the sexual assault, and the legal parent or guardian requests it, the court must order the person seeking parentage or presumed to be the parent to pay child support or birth-related costs or both.

(10) The legal parent or guardian may decline an order for child support or birth-related costs. If the legal parent or guardian declines an order for child support, and is either currently receiving public assistance or later applies for it for the child born as a result of the sexual assault, support enforcement agencies as defined in this chapter shall not file administrative or court proceedings to establish or collect child support, including medical support, from the person seeking parentage or presumed to be the parent who has been found to have committed a sexual assault, as defined in this section, against the child's parent, and that the child was born within three hundred twenty days of the sexual assault.

(11) If the court enters an order under subsection (10) of this section providing that no child support obligation may be established or collected from the person seeking parentage or presumed to be the parent who has been found to have committed a sexual assault, the court shall forward a copy of the order to the Washington state support registry.

(12) The court may order an award of attorneys' fees under this section on the same basis as attorneys' fees are awarded under RCW 26.09.140.

(13) Any party may move to close the fact-finding hearing and any related proceedings under this section to the public. If no party files such a motion, the court shall determine on its own initiative whether the fact-finding hearing and any related proceedings under this section should be closed to the public. Upon finding good cause for closing the proceeding, and if consistent with Article I, section 10 of the state Constitution, the court may: (a) Restrict admission to only those persons whom the court finds to have a direct interest in the case or in the work of the court, including witnesses deemed necessary to the disposition of the case; and (b) restrict persons who are admitted from disclosing any information obtained at the hearing that would identify the parties involved or the child.

Sec. 2. RCW 26.09.191 and 2011 c 89 s 6 are each amended to read as follows:

(1) The permanent parenting plan shall not require mutual decision-making or designation of a dispute resolution process other than court action if it is found that a parent has engaged in any of the following conduct: (a) Willful abandonment that continues for an extended period of time or substantial refusal to perform parenting functions; (b) physical, sexual, or a pattern of emotional abuse of a child; or (c) a history of acts of domestic violence as defined in RCW 26.50.010(~~(1)~~) (3) or an assault or sexual assault (~~(which)~~) that causes grievous bodily harm or the fear of such harm or that results in a pregnancy.

emotional abuse of a child; (iii) a history of acts of domestic violence as defined in RCW 26.50.010(~~(1)~~) (3) or an assault or sexual assault (~~(which)~~) that causes grievous bodily harm or the fear of such harm or that results in a pregnancy; or (iv) the parent has been convicted as an adult of a sex offense under:

(A) RCW 9A.44.076 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;

(B) RCW 9A.44.079 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;

(C) RCW 9A.44.086 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;

(D) RCW 9A.44.089;

(E) RCW 9A.44.093;

(F) RCW 9A.44.096;

(G) RCW 9A.64.020 (1) or (2) if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;

(H) Chapter 9.68A RCW;

(I) Any predecessor or antecedent statute for the offenses listed in (a) (iv) (A) through (H) of this subsection;

(J) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (a) (iv) (A) through (H) of this subsection.

This subsection (2)(a) shall not apply when (c) or (d) of this subsection applies.

(b) The parent's residential time with the child shall be limited if it is found that the parent resides with a person who has engaged in any of the following conduct: (i) Physical, sexual, or a pattern of emotional abuse of a child; (ii) a history of acts of domestic violence as defined in RCW 26.50.010(~~(1)~~) (3) or an assault or sexual assault that causes grievous bodily harm or the fear of such harm or that results in a pregnancy; or (iii) the person has been convicted as an adult or as a juvenile has been adjudicated of a sex offense under:

(A) RCW 9A.44.076 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;

(B) RCW 9A.44.079 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;

(C) RCW 9A.44.086 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;

(D) RCW 9A.44.089;

(E) RCW 9A.44.093;

(F) RCW 9A.44.096;

(G) RCW 9A.64.020 (1) or (2) if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;

(H) Chapter 9.68A RCW;

(I) Any predecessor or antecedent statute for the offenses listed in (b)(iii)(A) through (H) of this subsection;

(J) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (b)(iii)(A) through (H) of this subsection.

This subsection (2)(b) shall not apply when (c) or (e) of this subsection applies.

(c) If a parent has been found to be a sexual predator under chapter 71.09 RCW or under an analogous statute of any other jurisdiction, the court shall restrain the parent from contact with a child that would otherwise be allowed under this chapter. If a parent resides with an adult or a juvenile who has been found to be a sexual predator under chapter 71.09 RCW or under an analogous statute of any other jurisdiction, the court shall restrain the parent from contact with the parent's child except contact that occurs outside that person's presence.

(d) There is a rebuttable presumption that a parent who has been convicted as an adult of a sex offense listed in (d)(i) through (ix) of this subsection poses a present danger to a child. Unless the parent rebuts this presumption, the court shall restrain the parent from contact with a child that would otherwise be allowed under this chapter:

(i) RCW 9A.64.020 (1) or (2), provided that the person convicted was at least five years older than the other person;

(ii) RCW 9A.44.073;

(iii) RCW 9A.44.076, provided that the person convicted was at least eight years older than the victim;

(iv) RCW 9A.44.079, provided that the person convicted was at least eight years older than the victim;

(v) RCW 9A.44.083;

(vi) RCW 9A.44.086, provided that the person convicted was at least eight years older than the victim;

(vii) RCW 9A.44.100;

(viii) Any predecessor or antecedent statute for the offenses listed in (d)(i) through (vii) of this subsection;

(ix) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (d)(i) through (vii) of this subsection.

(e) There is a rebuttable presumption that a parent who resides with a person who, as an adult, has been convicted, or as a juvenile has been adjudicated, of the sex offenses listed in (e)(i) through (ix) of this subsection places a child at risk of abuse or harm when that parent exercises residential time in the presence of the convicted or adjudicated person. Unless the parent rebuts the presumption, the court shall restrain the parent from contact with the parent's child except for contact that occurs outside of the convicted or adjudicated person's presence:

(i) RCW 9A.64.020 (1) or (2), provided that the person convicted was at least five years older than the other person;

(ii) RCW 9A.44.073;

(iii) RCW 9A.44.076, provided that the person convicted was at least eight years older than the victim;

(iv) RCW 9A.44.079, provided that the person convicted was at least eight years older than the victim;

(v) RCW 9A.44.083;

(vi) RCW 9A.44.086, provided that the person convicted was at least eight years older than the victim;

(vii) RCW 9A.44.100;

(viii) Any predecessor or antecedent statute for the offenses listed in (e) (i) through (vii) of this subsection;

(ix) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (e) (i) through (vii) of this subsection.

(f) The presumption established in (d) of this subsection may be rebutted only after a written finding that the child was not conceived and subsequently born as a result of a sexual assault committed by the parent requesting residential time and that:

(i) If the child was not the victim of the sex offense committed by the parent requesting residential time, (A) contact between the child and the offending parent is appropriate and poses minimal risk to the child, and (B) the offending parent has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child; or

(ii) If the child was the victim of the sex offense committed by the parent requesting residential time, (A) contact between the child and the offending parent is appropriate and poses minimal risk to the child, (B) if the child is in or has been in therapy for victims of sexual abuse, the child's counselor believes such contact between the child and the offending parent is in the child's best interest, and (C) the offending parent has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child.

(g) The presumption established in (e) of this subsection may be rebutted only after a written finding that the child was not conceived and subsequently born as a result of a sexual assault committed by the parent requesting residential time and that:

(i) If the child was not the victim of the sex offense committed by the person who is residing with the parent requesting residential time, (A) contact between the child and the parent residing with the convicted or adjudicated person is appropriate and that parent is able to protect the child in the presence of the

convicted or adjudicated person, and (B) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child; or

(ii) If the child was the victim of the sex offense committed by the person who is residing with the parent requesting residential time, (A) contact between the child and the parent in the presence of the convicted or adjudicated person is appropriate and poses minimal risk to the child, (B) if the child is in or has been in therapy for victims of sexual abuse, the child's counselor believes such contact between the child and the parent residing with the convicted or adjudicated person in the presence of the convicted or adjudicated person is in the child's best interest, and (C) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes contact between the parent and child in the presence of the convicted or adjudicated person is appropriate and poses minimal risk to the child.

(h) If the court finds that the parent has met the burden of rebutting the presumption under (f) of this subsection, the court may allow a parent who has been convicted as an adult of a sex offense listed in (d)(i) through (ix) of this subsection to have residential time with the child supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such residential time. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(i) If the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who has been adjudicated as a juvenile of a sex offense listed in (e) (i)

through (ix) of this subsection to have residential time with the child in the presence of the person adjudicated as a juvenile, supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such residential time. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(j) If the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who, as an adult, has been convicted of a sex offense listed in (e)(i) through (ix) of this subsection to have residential time with the child in the presence of the convicted person supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such residential time. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(k) A court shall not order unsupervised contact between the offending parent and a child of the offending parent who was sexually abused by that parent. A court may order unsupervised contact between the offending parent and a child who was not sexually abused by the parent after the presumption under (d) of this subsection has been rebutted and supervised residential time has occurred for at least two years with no further arrests or convictions of sex offenses involving children under chapter 9A.44 RCW, RCW 9A.64.020, or chapter 9.68A RCW and (i) the sex offense of the offending parent was not committed against a child of the offending parent, and (ii) the court finds that unsupervised contact between the child and the offending parent is appropriate and poses minimal risk to the child, after consideration of the

testimony of a state-certified therapist, mental health counselor, or social worker with expertise in treating child sexual abuse victims who has supervised at least one period of residential time between the parent and the child, and after consideration of evidence of the offending parent's compliance with community supervision requirements, if any. If the offending parent was not ordered by a court to participate in treatment for sex offenders, then the parent shall obtain a psychosexual evaluation conducted by a certified sex offender treatment provider or a certified affiliate sex offender treatment provider indicating that the offender has the lowest likelihood of risk to reoffend before the court grants unsupervised contact between the parent and a child.

(l) A court may order unsupervised contact between the parent and a child which may occur in the presence of a juvenile adjudicated of a sex offense listed in (e)(i) through (ix) of this subsection who resides with the parent after the presumption under (e) of this subsection has been rebutted and supervised residential time has occurred for at least two years during which time the adjudicated juvenile has had no further arrests, adjudications, or convictions of sex offenses involving children under chapter 9A.44 RCW, RCW 9A.64.020, or chapter 9.68A RCW, and (i) the court finds that unsupervised contact between the child and the parent that may occur in the presence of the adjudicated juvenile is appropriate and poses minimal risk to the child, after consideration of the testimony of a state-certified therapist, mental health counselor, or social worker with expertise in treatment of child sexual abuse victims who has supervised at least one period of residential time between the parent and the child in the presence of the adjudicated juvenile, and after consideration of evidence of the adjudicated juvenile's compliance with community supervision or parole requirements, if any. If the adjudicated juvenile was not ordered by a court to participate in treatment for sex offenders, then the adjudicated juvenile shall obtain a psychosexual evaluation conducted by a certified sex offender treatment provider or a certified affiliate sex offender treatment provider indicating that the adjudicated juvenile has the lowest likelihood of risk to reoffend before the court grants

unsupervised contact between the parent and a child which may occur in the presence of the adjudicated juvenile who is residing with the parent.

(m)(i) The limitations imposed by the court under (a) or (b) of this subsection shall be reasonably calculated to protect the child from the physical, sexual, or emotional abuse or harm that could result if the child has contact with the parent requesting residential time. The limitations shall also be reasonably calculated to provide for the safety of the parent who may be at risk of physical, sexual, or emotional abuse or harm that could result if the parent has contact with the parent requesting residential time. The limitations the court may impose include, but are not limited to: Supervised contact between the child and the parent or completion of relevant counseling or treatment. If the court expressly finds based on the evidence that limitations on the residential time with the child will not adequately protect the child from the harm or abuse that could result if the child has contact with the parent requesting residential time, the court shall restrain the parent requesting residential time from all contact with the child.

(ii) The court shall not enter an order under (a) of this subsection allowing a parent to have contact with a child if the parent has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a dependency action to have sexually abused the child, except upon recommendation by an evaluator or therapist for the child that the child is ready for contact with the parent and will not be harmed by the contact. The court shall not enter an order allowing a parent to have contact with the child in the offender's presence if the parent resides with a person who has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a dependency action to have sexually abused a child, unless the court finds that the parent accepts that the person engaged in the harmful conduct and the parent is willing to and capable of protecting the child from harm from the person.

(iii) The court shall not enter an order under (a) of this subsection allowing a parent to have contact with a child if the parent has been found by clear and convincing evidence pursuant to section 1 of this act to have committed sexual

assault, as defined in section 1 of this act, against the child's parent, and that the child was born within three hundred twenty days of the sexual assault.

(iv) If the court limits residential time under (a) or (b) of this subsection to require supervised contact between the child and the parent, the court shall not approve of a supervisor for contact between a child and a parent who has engaged in physical, sexual, or a pattern of emotional abuse of the child unless the court finds based upon the evidence that the supervisor accepts that the harmful conduct occurred and is willing to and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing to or capable of protecting the child.

(n) If the court expressly finds based on the evidence that contact between the parent and the child will not cause physical, sexual, or emotional abuse or harm to the child and that the probability that the parent's or other person's harmful or abusive conduct will recur is so remote that it would not be in the child's best interests to apply the limitations of (a), (b), and (m)(i) and (~~(iii)~~) (iv) of this subsection, or if the court expressly finds that the parent's conduct did not have an impact on the child, then the court need not apply the limitations of (a), (b), and (m)(i) and (~~(iii)~~) (iv) of this subsection. The weight given to the existence of a protection order issued under chapter 26.50 RCW as to domestic violence is within the discretion of the court. This subsection shall not apply when (c), (d), (e), (f), (g), (h), (i), (j), (k), (l), and (m)(ii) of this subsection apply.

(3) A parent's involvement or conduct may have an adverse effect on the child's best interests, and the court may preclude or limit any provisions of the parenting plan, if any of the following factors exist:

(a) A parent's neglect or substantial nonperformance of parenting functions;

(b) A long-term emotional or physical impairment which interferes with the parent's performance of parenting functions as defined in RCW 26.09.004;

(c) A long-term impairment resulting from drug, alcohol, or other substance

abuse that interferes with the performance of parenting functions;

(d) The absence or substantial impairment of emotional ties between the parent and the child;

(e) The abusive use of conflict by the parent which creates the danger of serious damage to the child's psychological development;

(f) A parent has withheld from the other parent access to the child for a protracted period without good cause; or

(g) Such other factors or conduct as the court expressly finds adverse to the best interests of the child.

(4) In cases involving allegations of limiting factors under subsection (2) (a) (ii) and (iii) of this section, both parties shall be screened to determine the appropriateness of a comprehensive assessment regarding the impact of the limiting factor on the child and the parties.

(5) In entering a permanent parenting plan, the court shall not draw any presumptions from the provisions of the temporary parenting plan.

(6) In determining whether any of the conduct described in this section has occurred, the court shall apply the civil rules of evidence, proof, and procedure.

(7) For the purposes of this section:

(a) "A parent's child" means that parent's natural child, adopted child, or stepchild; and

(b) "Social worker" means a person with a master's or further advanced degree from a social work educational program accredited and approved as provided in RCW 18.320.010.

Sec. 3. RCW 26.33.170 and 1999 c 173 s 1 are each amended to read as follows:

(1) An agency's, the department's, or a legal guardian's consent to adoption may be dispensed with if the court determines by clear, cogent and convincing evidence that the proposed adoption is in the best interests of the adoptee.

(2) An alleged father's, birth parent's, or parent's consent to adoption (~~may~~) shall be dispensed with if the court finds that the proposed adoption is in the best interests of the adoptee and:

(a) The alleged father, birth parent, or parent has been found guilty of rape

under chapter 9A.44 RCW or incest under RCW 9A.64.020, where the adoptee was the victim of the rape or incest; or

(b) The alleged father, birth parent, or parent has been found guilty of rape under chapter 9A.44 RCW or incest under RCW 9A.64.020, or has been found by clear and convincing evidence to have committed a sexual assault, where the other parent of the adoptee was the victim of the rape (~~(or)~~), incest, or sexual assault and the adoptee was conceived as a result of the rape (~~(or)~~), incest, or sexual assault, unless the parent who is the victim indicates by affidavit or sworn testimony that consent to adoption by the person who committed the rape, incest, or sexual assault should occur.

(3) Nothing in this section shall be construed to eliminate the notice provisions of this chapter.

NEW SECTION. Sec. 4. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 2 of the title, after "survivors;" strike the remainder of the title and insert "amending RCW 26.09.191 and 26.33.170; and adding a new section to chapter 26.26 RCW."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 20, 2017

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1614 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there is significant value in diligently combating the crime of driving under the influence and promoting the safety of all persons using our public roadways. The legislature also finds that phlebotomy, also known as venipuncture, is a health care procedure that involves removing blood from the body by making an incision in a vein with a needle. The legislature finds further that the use of forensic phlebotomy can be a useful tool when investigating whether a person may be impaired while operating a motor vehicle. The legislature also finds, however, that despite the value of forensic phlebotomy, both motorists and law enforcement officers must be protected from the potentially significant health risks inherent in allowing the practice of phlebotomy without adequate and appropriate training, as defined by the department of health.

Sec. 2. RCW 9.96.060 and 2014 c 176 s 1 and 2014 c 109 s 1 are each reenacted and amended to read as follows:

(1) Every person convicted of a misdemeanor or gross misdemeanor offense

who has completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. If the court finds the applicant meets the tests prescribed in subsection (2) of this section, the court may in its discretion vacate the record of conviction by: (a) (i) Permitting the applicant to withdraw the applicant's plea of guilty and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information, indictment, complaint, or citation against the applicant and vacating the judgment and sentence.

(2) An applicant may not have the record of conviction for a misdemeanor or gross misdemeanor offense vacated if any one of the following is present:

(a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court;

(b) The offense was a violent offense as defined in RCW 9.94A.030 or an attempt to commit a violent offense;

(c) The offense was a violation of RCW 46.61.502 (driving while under the influence), 46.61.504 (actual physical control while under the influence), 9.91.020 (operating a railroad, etc. while intoxicated), or the offense is considered a "prior offense" under RCW 46.61.5055 and the applicant has had a subsequent alcohol or drug violation within ten years of the date of arrest for the prior offense or less than ten years has elapsed since the date of the arrest for the prior offense;

(d) The offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 RCW (obscenity and pornography), chapter 9.68A RCW (sexual exploitation of children), or chapter 9A.44 RCW (sex offenses);

(e) The applicant was convicted of a misdemeanor or gross misdemeanor offense as defined in RCW 10.99.020, or the court determines after a review of the court file that the offense was committed by one family member or household member against another, or the court, after considering the damage to person or property that resulted in the conviction, any prior convictions for crimes defined in RCW 10.99.020, or for comparable offenses in another state or in federal court, and the

totality of the records under review by the court regarding the conviction being considered for vacation, determines that the offense involved domestic violence, and any one of the following factors exist:

(i) The applicant has not provided written notification of the vacation petition to the prosecuting attorney's office that prosecuted the offense for which vacation is sought, or has not provided that notification to the court;

(ii) The applicant has previously had a conviction for domestic violence. For purposes of this subsection, however, if the current application is for more than one conviction that arose out of a single incident, none of those convictions counts as a previous conviction;

(iii) The applicant has signed an affidavit under penalty of perjury affirming that the applicant has not previously had a conviction for a domestic violence offense, and a criminal history check reveals that the applicant has had such a conviction; or

(iv) Less than five years have elapsed since the person completed the terms of the original conditions of the sentence, including any financial obligations and successful completion of any treatment ordered as a condition of sentencing;

(f) For any offense other than those described in (e) of this subsection, less than three years have passed since the person completed the terms of the sentence, including any financial obligations;

(g) The offender has been convicted of a new crime in this state, another state, or federal court since the date of conviction;

(h) The applicant has ever had the record of another conviction vacated; or

(i) The applicant is currently restrained, or has been restrained within five years prior to the vacation application, by a domestic violence protection order, a no-contact order, an antiharassment order, or a civil restraining order which restrains one party from contacting the other party.

(3) Subject to RCW 9.96.070, every person convicted of prostitution under RCW 9A.88.030 who committed the offense as a result of being a victim of trafficking, RCW 9A.40.100, promoting prostitution in the first degree, RCW 9A.88.070, promoting

commercial sexual abuse of a minor, RCW 9.68A.101, or trafficking in persons under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq. may apply to the sentencing court for vacation of the applicant's record of conviction for the prostitution offense. An applicant may not have the record of conviction for prostitution vacated if any one of the following is present:

(a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court, for any crime other than prostitution; or

(b) The offender has been convicted of another crime, except prostitution, in this state, another state, or federal court since the date of conviction.

(4) Every person convicted prior to January 1, 1975, of violating any statute or rule regarding the regulation of fishing activities, including, but not limited to, RCW 75.08.260, 75.12.060, 75.12.070, 75.12.160, 77.16.020, 77.16.030, 77.16.040, 77.16.060, and 77.16.240 who claimed to be exercising a treaty Indian fishing right, may apply to the sentencing court for vacation of the applicant's record of the misdemeanor, gross misdemeanor, or felony conviction for the offense. If the person is deceased, a member of the person's family or an official representative of the tribe of which the person was a member may apply to the court on behalf of the deceased person. Notwithstanding the requirements of RCW 9.94A.640, the court shall vacate the record of conviction if:

(a) The applicant is a member of a tribe that may exercise treaty Indian fishing rights at the location where the offense occurred; and

(b) The state has been enjoined from taking enforcement action of the statute or rule to the extent that it interferes with a treaty Indian fishing right as determined under *United States v. Washington*, 384 F. Supp. 312 (W.D. Wash. 1974), or *Sohappy v. Smith*, 302 F. Supp. 899 (D. Oregon 1969), and any posttrial orders of those courts, or any other state supreme court or federal court decision.

(5) Once the court vacates a record of conviction under this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been convicted of the offense shall not be included in the person's criminal history

for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under this section may state that he or she has never been convicted of that crime. Nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

(6) All costs incurred by the court and probation services shall be paid by the person making the motion to vacate the record unless a determination is made pursuant to chapter 10.101 RCW that the person making the motion is indigent, at the time the motion is brought.

(7) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol and any such local police agency shall immediately update their records to reflect the vacation of the conviction, and shall transmit the order vacating the conviction to the federal bureau of investigation. A conviction that has been vacated under this section may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies.

Sec. 3. RCW 10.31.100 and 2016 c 203 s 9 and 2016 c 113 s 1 are each reenacted and amended to read as follows:

A police officer having probable cause to believe that a person has committed or is committing a felony shall have the authority to arrest the person without a warrant. A police officer may arrest a person without a warrant for committing a misdemeanor or gross misdemeanor only when the offense is committed in the presence of an officer, except as provided in subsections (1) through (12) of this section.

(1) Any police officer having probable cause to believe that a person has committed or is committing a misdemeanor or gross misdemeanor, involving physical harm or threats of harm to any person or property or the unlawful taking of property or involving the use or possession of cannabis, or involving the

acquisition, possession, or consumption of alcohol by a person under the age of twenty-one years under RCW 66.44.270, or involving criminal trespass under RCW 9A.52.070 or 9A.52.080, shall have the authority to arrest the person.

(2) A police officer shall arrest and take into custody, pending release on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that:

(a) An order has been issued of which the person has knowledge under RCW 26.44.063, or chapter 7.92, 7.90, 9A.46, 10.99, 26.09, 26.10, 26.26, 26.50, or 74.34 RCW restraining the person and the person has violated the terms of the order restraining the person from acts or threats of violence, or restraining the person from going onto the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location or, in the case of an order issued under RCW 26.44.063, imposing any other restrictions or conditions upon the person; or

(b) A foreign protection order, as defined in RCW 26.52.010, has been issued of which the person under restraint has knowledge and the person under restraint has violated a provision of the foreign protection order prohibiting the person under restraint from contacting or communicating with another person, or excluding the person under restraint from a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, or a violation of any provision for which the foreign protection order specifically indicates that a violation will be a crime; or

(c) The person is eighteen years or older and within the preceding four hours has assaulted a family or household member as defined in RCW 10.99.020 and the officer believes: (i) A felonious assault has occurred; (ii) an assault has occurred which has resulted in bodily injury to the victim, whether the injury is observable by the responding officer or not; or (iii) that any physical action has occurred which was intended to cause another person reasonably to fear imminent serious bodily injury or death. Bodily injury means physical pain, illness, or an impairment of physical condition. When the officer

has probable cause to believe that family or household members have assaulted each other, the officer is not required to arrest both persons. The officer shall arrest the person whom the officer believes to be the primary physical aggressor. In making this determination, the officer shall make every reasonable effort to consider: (A) The intent to protect victims of domestic violence under RCW 10.99.010; (B) the comparative extent of injuries inflicted or serious threats creating fear of physical injury; and (C) the history of domestic violence of each person involved, including whether the conduct was part of an ongoing pattern of abuse.

(3) A police officer shall, at the request of a parent or guardian, arrest the sixteen or seventeen year old child of that parent or guardian if the officer has probable cause to believe that the child has assaulted a family or household member as defined in RCW 10.99.020 in the preceding four hours. Nothing in this subsection removes a police officer's existing authority provided in this section to make an arrest.

(4) Any police officer having probable cause to believe that a person has committed or is committing a violation of any of the following traffic laws shall have the authority to arrest the person:

(a) RCW 46.52.010, relating to duty on striking an unattended car or other property;

(c) RCW 46.61.500 or 46.61.530, relating to reckless driving or racing of vehicles;

(d) RCW 46.61.502 or 46.61.504, relating to persons under the influence of intoxicating liquor or drugs;

(e) RCW 46.61.503 or 46.25.110, relating to persons having alcohol or THC in their system;

(f) RCW 46.20.342, relating to driving a motor vehicle while operator's license is suspended or revoked;

(g) RCW 46.61.5249, relating to operating a motor vehicle in a negligent manner.

(5) A law enforcement officer investigating at the scene of a motor vehicle accident may arrest the driver of

a motor vehicle involved in the accident if the officer has probable cause to believe that the driver has committed in connection with the accident a violation of any traffic law or regulation.

(6) (a) A law enforcement officer investigating at the scene of a motor vessel accident may arrest the operator of a motor vessel involved in the accident if the officer has probable cause to believe that the operator has committed, in connection with the accident, a criminal violation of chapter 79A.60 RCW.

(b) A law enforcement officer investigating at the scene of a motor vessel accident may issue a citation for an infraction to the operator of a motor vessel involved in the accident if the officer has probable cause to believe that the operator has committed, in connection with the accident, a violation of any boating safety law of chapter 79A.60 RCW.

(7) Any police officer having probable cause to believe that a person has committed or is committing a violation of RCW 79A.60.040 shall have the authority to arrest the person.

(8) An officer may act upon the request of a law enforcement officer in whose presence a traffic infraction was committed, to stop, detain, arrest, or issue a notice of traffic infraction to the driver who is believed to have committed the infraction. The request by the witnessing officer shall give an officer the authority to take appropriate action under the laws of the state of Washington.

(9) Any police officer having probable cause to believe that a person has committed or is committing any act of indecent exposure, as defined in RCW 9A.88.010, may arrest the person.

(10) A police officer may arrest and take into custody, pending release on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that an order has been issued of which the person has knowledge under chapter 10.14 RCW and the person has violated the terms of that order.

(11) Any police officer having probable cause to believe that a person has, within twenty-four hours of the alleged violation, committed a violation of RCW 9A.50.020 may arrest such person.

(12) A police officer having probable cause to believe that a person illegally possesses or illegally has possessed a firearm or other dangerous weapon on private or public elementary or secondary school premises shall have the authority to arrest the person.

For purposes of this subsection, the term "firearm" has the meaning defined in RCW 9.41.010 and the term "dangerous weapon" has the meaning defined in RCW 9.41.250 and 9.41.280(1) (c) through (e).

(13) A law enforcement officer having probable cause to believe that a person has committed a violation under RCW 77.15.160(4) may issue a citation for an infraction to the person in connection with the violation.

(14) A law enforcement officer having probable cause to believe that a person has committed a criminal violation under RCW 77.15.809 or 77.15.811 may arrest the person in connection with the violation.

(15) Except as specifically provided in subsections (2), (4), (5), and (8) of this section, nothing in this section extends or otherwise affects the powers of arrest prescribed in Title 46 RCW.

(16) No police officer may be held criminally or civilly liable for making an arrest pursuant to subsection (2) or (10) of this section if the police officer acts in good faith and without malice.

(17)(a) Except as provided in (b) of this subsection, a police officer shall arrest and keep in custody, until release by a judicial officer on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that the person has violated RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and the police officer: (i) Has knowledge that the person has a prior offense as defined in RCW 46.61.5055 within ten years; or (ii) has knowledge, based on a review of the information available to the officer at the time of arrest, that the person is charged with or is awaiting arraignment for an offense that would qualify as a prior offense as defined in RCW 46.61.5055 if it were a conviction.

(b) A police officer is not required to keep in custody a person under (a) of this subsection if the person requires immediate medical attention and is admitted to a hospital.

(18) A juvenile detention facility shall book into detention any person under age eighteen brought to that detention facility pursuant to an arrest for assaulting a family or household member as defined in RCW 10.99.020.

Sec. 4. RCW 46.20.385 and 2016 c 203 s 13 are each amended to read as follows:

(1)(a) Any person licensed under this chapter or who has a valid driver's license from another state, who is convicted of: (i) A violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance, or (ii) a violation of RCW 46.61.520(1)(a) or an equivalent local or out-of-state statute or ordinance, or (iii) a conviction for a violation of RCW 46.61.520(1) (b) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.520(1)(a), or (iv) RCW 46.61.522(1)(b) or an equivalent local or out-of-state statute or ordinance, or (v) RCW 46.61.522(1) (a) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.522(1)(b) committed while under the influence of intoxicating liquor or any drug, or (vi) who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, or who is otherwise permitted under subsection (8) of this section, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial, unless otherwise permitted under RCW 46.20.720(6).

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition

interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6) (a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional ~~((twenty dollar))~~ fee to the department, except that the company may retain twenty-five cents per month of the additional fee to cover the expenses associated with administering the fee.

(b) The department shall deposit the proceeds of the twenty dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(8) (a) Any person licensed under this chapter who is convicted of a violation of RCW 46.61.500 when the charge was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, may submit to the department an application for an ignition interlock driver's license under this section.

(b) A person who does not have any driver's license under this chapter, but who would otherwise be eligible under this section to apply for an ignition interlock license, may submit to the department an application for an ignition interlock license. The department may require the person to take any driver's licensing examination under this chapter and may require the person to also apply and

qualify for a temporary restricted driver's license under RCW 46.20.391.

Sec. 5. RCW 46.20.720 and 2016 c 203 s 14 are each amended to read as follows:

(1) **Ignition interlock restriction.** The department shall require that a person may drive only a motor vehicle equipped with a functioning ignition interlock device:

(a) **Pretrial release.** Upon receipt of notice from a court that an ignition interlock device restriction has been imposed under RCW 10.21.055;

(b) **Ignition interlock driver's license.** As required for issuance of an ignition interlock driver's license under RCW 46.20.385;

(c) **Deferred prosecution.** Upon receipt of notice from a court that the person is participating in a deferred prosecution program under RCW 10.05.020 for a violation of:

(i) RCW 46.61.502 or 46.61.504 or an equivalent local ordinance; or

(ii) RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person would be required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person in the event of a conviction;

(d) **Post conviction.** After any applicable period of suspension, revocation, or denial of driving privileges:

(i) Due to a conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance; or

(ii) Due to a conviction of a violation of RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person is required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person; or

(e) **Court order.** Upon receipt of an order by a court having jurisdiction that a person charged or convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific calibration setting at which the ignition interlock will prevent the vehicle from being started. The court shall also establish the period

of time for which ignition interlock use will be required.

(2) **Calibration.** Unless otherwise specified by the court for a restriction imposed under subsection (1)(e) of this section, the ignition interlock device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more.

(3) **Duration of restriction.** A restriction imposed under:

(a) Subsection (1)(a) of this section shall remain in effect until:

(i) The court has authorized the removal of the device under RCW 10.21.055; or

(ii) The department has imposed a restriction under subsection (1)(b), (c), or (d) of this section arising out of the same incident.

(b) Subsection (1)(b) of this section remains in effect during the validity of any ignition interlock driver's license that has been issued to the person.

(c) Subsection (1)(c)(i) or (d)(i) of this section shall be for no less than:

(i) For a person who has not previously been restricted under this subsection, a period of one year;

(ii) For a person who has previously been restricted under (c)(i) of this subsection, a period of five years;

(iii) For a person who has previously been restricted under (c)(ii) of this subsection, a period of ten years.

The restriction of a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and who committed the offense while a passenger under the age of sixteen was in the vehicle shall be extended for an additional six-month period as required by RCW 46.61.5055(6) (a).

(d) Subsection (1)(c)(ii) or (d)(ii) of this section shall be for a period of no less than six months.

(e) Subsection (1)(e) of this section shall remain in effect for the period of time specified by the court.

The period of restriction under (c) and (d) of this subsection based on incidents occurring on or after June 9, 2016, must be tolled for any period in which the person does not have an ignition interlock

device installed on a vehicle owned or operated by the person unless the person receives a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. The department's determination that a person is unable to operate an ignition interlock device must be reasonable and be based upon good and substantial evidence. This determination is subject to review by a court of competent jurisdiction. The department may charge a person seeking a medical exemption under this subsection a reasonable fee for the assessment.

(4) **Requirements for removal.** A restriction imposed under subsection (1)(c) or (d) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying that there have been none of the following incidents in the ~~((four))~~ one hundred eighty consecutive ~~((months))~~ days prior to the date of release:

(a) Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;

(b) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

(c) Failure to pass any random retest with a breath alcohol concentration of 0.025 or lower unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.025, and the digital image confirms the same person provided both samples; or

(d) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device.

(5) **Day-for-day credit.** (a) The time period during which a person has an ignition interlock device installed in order to meet the requirements of subsection (1)(b) of this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident.

(b) The department must also give the person a day-for-day credit for any time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates, other than those subject to the employer exemption under subsection (6) of this section.

(c) If the day-for-day credit granted under this subsection equals or exceeds the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident, and the person has already met the requirements for removal of the device under subsection (4) of this section, the department may waive the requirement that a device be installed or that the person again meet the requirements for removal.

(6) **Employer exemption.** (a) Except as provided in (b) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(b) The employer exemption does not apply when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment.

(7) **Ignition interlock device revolving account.** In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of twenty dollars per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional ~~((twenty dollar))~~ fee to the department to be deposited into the ignition interlock device revolving account, except that the company may retain twenty-five cents per month of the additional fee to cover the expenses associated with administering the fee. The department may waive the monthly fee if the person is indigent under RCW 10.101.010.

(8) **Foreign jurisdiction.** For a person restricted under this section who is residing outside of the state of Washington, the department may accept verification of installation of an ignition interlock device by an ignition interlock company authorized to do business in the jurisdiction in which the person resides, provided the device meets any applicable requirements of that jurisdiction. The department may waive the monthly fee required by subsection (7) of this section if collection of the fee would be impractical in the case of a person residing in another jurisdiction.

Sec. 6. RCW 46.61.5055 and 2016 sp.s. c 29 s 530 and 2016 c 203 s 17 are each reenacted and amended to read as follows:

(1) **No prior offenses in seven years.** Except as provided in RCW 46.61.502(6) or 46.61.504(6), a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 and who has no prior offense within seven years shall be punished as follows:

(a) **Penalty for alcohol concentration less than 0.15.** In the case of a person whose alcohol concentration was less than 0.15, or for whom for reasons other than the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) By imprisonment for not less than one day nor more than three hundred sixty-four days. Twenty-four consecutive hours of the imprisonment may not be suspended unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. Whenever the mandatory minimum sentence is suspended, the court shall state in writing the reason for granting the suspension and the facts upon which the suspension is based. In lieu of the mandatory minimum term of imprisonment required under this subsection (1)(a)(i), the court may order not less than fifteen days of electronic home monitoring or a ninety-day period of 24/7 sobriety program monitoring. The court may consider the offender's pretrial 24/7 sobriety program monitoring as fulfilling a portion of posttrial sentencing. The offender shall pay the cost of electronic home monitoring. The county or municipality in which the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device or other separate alcohol monitoring device to include an

alcohol detection breathalyzer, and the court may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring; and

(ii) By a fine of not less than three hundred fifty dollars nor more than five thousand dollars. Three hundred fifty dollars of the fine may not be suspended unless the court finds the offender to be indigent; or

(b) **Penalty for alcohol concentration at least 0.15.** In the case of a person whose alcohol concentration was at least 0.15, or for whom by reason of the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) By imprisonment for not less than two days nor more than three hundred sixty-four days. Forty-eight consecutive hours of the imprisonment may not be suspended unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. Whenever the mandatory minimum sentence is suspended, the court shall state in writing the reason for granting the suspension and the facts upon which the suspension is based. In lieu of the mandatory minimum term of imprisonment required under this subsection (1)(b)(i), the court may order not less than thirty days of electronic home monitoring or a one hundred twenty day period of 24/7 sobriety program monitoring. The court may consider the offender's pretrial 24/7 sobriety program testing as fulfilling a portion of posttrial sentencing. The offender shall pay the cost of electronic home monitoring. The county or municipality in which the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device to include an alcohol detection breathalyzer or other separate alcohol monitoring device, and the court may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring; and

(ii) By a fine of not less than five hundred dollars nor more than five thousand dollars. Five hundred dollars of the fine may not be suspended unless the court finds the offender to be indigent.

The offender shall pay for the cost of the electronic monitoring. The county or municipality where the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device include an alcohol detection breathalyzer or other separate alcohol monitoring device, and may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring. The county or municipality where the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device include an alcohol detection breathalyzer or other separate alcohol monitoring device, and may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring. Forty-five days of imprisonment and ninety days of electronic home monitoring may not be suspended unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. Whenever the mandatory minimum sentence is suspended, the court shall state in writing the reason for granting the suspension and the facts upon which the suspension is based; and~~

(ii) By a fine of not less than seven hundred fifty dollars nor more than five thousand dollars. Seven hundred fifty dollars of the fine may not be suspended unless the court finds the offender to be indigent.

The county or municipality where the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device include an alcohol detection breathalyzer or other separate alcohol monitoring device, and may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring. One hundred twenty days of imprisonment and one hundred fifty days of electronic home monitoring may not be suspended unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. Whenever the mandatory minimum sentence is suspended, the court shall state in writing the reason for granting the suspension and the facts upon which the suspension is based; and

(ii) By a fine of not less than one thousand five hundred dollars nor more than five thousand dollars. One thousand five hundred dollars of the fine may not be suspended unless the court finds the offender to be indigent.

(b) **Monitoring devices.** If the court orders that a person refrain from consuming any alcohol, the court may order the person to submit to alcohol monitoring through an alcohol detection breathalyzer device, transdermal sensor device, or other technology designed to detect alcohol in a person's system. The person shall pay for the cost of the monitoring, unless the court specifies that the cost of monitoring will be paid with funds that are available from an alternative source identified by the court. The county or municipality where the penalty is being imposed shall determine the cost.

(c) **24/7 sobriety program monitoring.** In any county or city where a 24/7 sobriety program is available and verified by the Washington association of sheriffs and police chiefs, the court shall:

One thousand dollars of the fine may not be suspended unless the court finds the offender to be indigent.

(7) **Other items courts must consider while setting penalties.** In exercising its discretion in setting penalties within the limits allowed by this section, the court shall particularly consider the following:

(a) Whether the person's driving at the time of the offense was responsible for injury or damage to another or another's property;

(b) Whether at the time of the offense the person was driving or in physical control of a vehicle with one or more passengers;

(c) Whether the driver was driving in the opposite direction of the normal flow of traffic on a multiple lane highway, as defined by RCW 46.04.350, with a posted speed limit of forty-five miles per hour or greater; and

(8) **Treatment and information school.** An offender punishable under this section

is subject to the alcohol assessment and treatment provisions of RCW 46.61.5056.

(9) **Driver's license privileges of the defendant.** The license, permit, or nonresident privilege of a person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs must:

(a) **Penalty for alcohol concentration less than 0.15.** If the person's alcohol concentration was less than 0.15, or if for reasons other than the person's refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) Where there has been no prior offense within seven years, be suspended or denied by the department for ninety days or until the person is evaluated by an alcoholism agency or probation department pursuant to RCW 46.20.311 and the person completes or is enrolled in a ninety-day period of 24/7 sobriety program monitoring. In no circumstances shall the license suspension be for fewer than two days;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for two years or until the person is evaluated by an alcoholism agency or probation department pursuant to RCW 46.20.311 and the person completes or is enrolled in a six-month period of 24/7 sobriety program monitoring. In no circumstances shall the license suspension be for less than one year; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for three years;

(b) **Penalty for alcohol concentration at least 0.15.** If the person's alcohol concentration was at least 0.15:

(i) Where there has been no prior offense within seven years, be revoked or denied by the department for one year or until the person is evaluated by an alcoholism agency or probation department pursuant to RCW 46.20.311 and the person completes or is enrolled in a one hundred twenty day period of 24/7 sobriety program monitoring. In no circumstances shall the license revocation be for fewer than four days;

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for four years; or

(c) **Penalty for refusing to take test.** If by reason of the person's refusal to take a test offered under RCW 46.20.308, there is no test result indicating the person's alcohol concentration:

(i) Where there have been no prior offenses within seven years, be revoked or denied by the department for two years;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for three years; or

(iii) Where there have been two or more previous offenses within seven years, be revoked or denied by the department for four years.

The department shall grant credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under this subsection for a suspension, revocation, or denial imposed under RCW 46.20.3101 arising out of the same incident.

Upon receipt of a notice from the court under RCW 36.28A.390 that a participant has been removed from a 24/7 sobriety program, the department must resume any suspension, revocation, or denial that had been terminated early under this subsection due to participation in the program, granting credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under RCW 46.20.3101 or this section arising out of the same incident.

Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) **Probation of driving privilege.** After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11) **Conditions of probation.** (a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive; (ii) not driving a motor vehicle within this state without proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (iii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; (iv) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug; and (v) not driving a motor vehicle in this state without a functioning ignition interlock device as required by the department under RCW 46.20.720. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), (iii), (iv), or (v) of this subsection, the court shall order the

convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) **Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the

combination does not exceed three hundred sixty-four days.

(13) **Extraordinary medical placement.**

An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(1)(c).

Sec. 7. RCW 46.61.506 and 2016 c 203 s 8 are each amended to read as follows:

(1) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or any drug, if the person's alcohol concentration is less than 0.08 or the person's THC concentration is less than 5.00, it is evidence that may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor or any drug.

(2)(a) The breath analysis of the person's alcohol concentration shall be based upon grams of alcohol per two hundred ten liters of breath.

(b) The blood analysis of the person's THC concentration shall be based upon nanograms per milliliter of whole blood.

(c) The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was under the influence of intoxicating liquor or any drug.

(3) Analysis of the person's blood or breath to be considered valid under the provisions of this section or RCW 46.61.502 or 46.61.504 shall have been performed according to methods approved by the state toxicologist and by an individual possessing a valid permit issued by the state toxicologist for this purpose. The state toxicologist is directed to approve satisfactory techniques or methods, to supervise the examination of individuals to ascertain their qualifications and competence to conduct such analyses, and to issue permits which shall be subject to termination or revocation at the discretion of the state toxicologist.

(4)(a) A breath test performed by any instrument approved by the state toxicologist shall be admissible at trial or in an administrative proceeding if the prosecution or department produces prima facie evidence of the following:

(i) The person who performed the test was authorized to perform such test by the state toxicologist;

(ii) The person being tested did not vomit or have anything to eat, drink, or smoke for at least fifteen minutes prior to administration of the test;

(iii) The person being tested did not have any foreign substances, not to include dental work or piercings, fixed or removable, in his or her mouth at the beginning of the fifteen-minute observation period;

(v) The internal standard test resulted in the message "verified";

(vi) The two breath samples agree to within plus or minus ten percent of their mean to be determined by the method approved by the state toxicologist;

(vii) The result of the test of the liquid simulator solution external standard or dry gas external standard result did lie between .072 to .088 inclusive; and

(viii) All blank tests gave results of .000.

(b) For purposes of this section, "prima facie evidence" is evidence of sufficient circumstances that would support a logical and reasonable inference of the facts sought to be proved. In assessing whether there is sufficient evidence of the foundational facts, the court or administrative tribunal is to assume the truth of the prosecution's or department's evidence and all reasonable inferences from it in a light most favorable to the prosecution or department.

(c) Nothing in this section shall be deemed to prevent the subject of the test from challenging the reliability or accuracy of the test, the reliability or functioning of the instrument, or any maintenance procedures. Such challenges, however, shall not preclude the admissibility of the test once the prosecution or department has made a prima facie showing of the requirements contained in (a) of this subsection. Instead, such challenges may be considered by the trier of fact in determining what weight to give to the test result.

(5) When a blood test is administered under the provisions of RCW 46.20.308, the withdrawal of blood for the purpose of determining its ~~((alcoholic))~~ alcohol or drug content may be performed only by a physician licensed under chapter 18.71 RCW; an osteopathic physician licensed under chapter 18.57 RCW; a registered nurse, licensed practical nurse, or advanced registered nurse practitioner licensed under chapter 18.79 RCW; a physician assistant licensed under chapter 18.71A RCW; an osteopathic physician assistant licensed under chapter 18.57A RCW; an advanced emergency medical technician or paramedic ~~((licensed))~~ certified under chapter ~~((18.73))~~ 18.71 RCW; ~~((until July 1, 2016, a health care assistant certified under chapter 18.135 RCW))~~ or a medical assistant-certified or medical assistant-phlebotomist certified under chapter 18.360 RCW, a person holding another credential under Title 18 RCW whose scope of practice includes performing venous blood draws, or a forensic phlebotomist certified under chapter 18.360 RCW. When the blood test is performed outside the state of Washington, the withdrawal of blood for the purpose of determining its alcohol or drug content may be performed by any person who is authorized by the out-of-state jurisdiction to perform venous blood draws. Proof of qualification to draw blood may be established through the

department of health's provider credential search. This limitation shall not apply to the taking of breath specimens.

(6) When a venous blood sample is performed by a forensic phlebotomist certified under chapter 18.360 RCW, it must be done under the following conditions:

(a) If taken at the scene, it must be performed in an ambulance or aid service vehicle licensed by the department of health under chapter 18.73 RCW.

(b) The collection of blood samples must not interfere with the provision of essential medical care.

(c) The blood sample must be collected using sterile equipment and the skin area of puncture must be thoroughly cleansed and disinfected.

(d) The person whose blood is collected must be seated, reclined, or lying down when the blood is collected.

(7) The person tested may have a licensed or certified health care provider listed in subsection (5) of this section, or a qualified technician, chemist, or other qualified person of his or her own choosing administer one or more tests in addition to any administered at the direction of a law enforcement officer. **HOUSE AMENDMENT
TO SENATE BILL**

SECOND READING

SUBSTITUTE SENATE BILL NO. 5046, by Senate Committee on Local Government (originally sponsored by Senators Hasegawa, Chase, Darneille and Rolfe)

Providing public notices of public health, safety, and welfare in a language other than English.

Representative Santos moved the adoption of striking amendment (575):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that, as a matter of human dignity, all persons should be informed of emergency notifications in a manner in which they can understand. It is the intent of the legislature that all persons who may be in harm's way in an emergency are informed of their peril, and informed of appropriate actions they should take to protect themselves and their families.

NEW SECTION. Sec. 2. A new section is added to chapter 38.52 RCW to read as follows:

Beginning December 1, 2019, a state agency that provides life safety information in an emergency or disaster must provide, to the relevant committees of the legislature, a copy of its current communication plan for notifying significant population segments of such information, including the agency's point of contact. The state agency must also submit an annual report to the relevant committees of the legislature identifying those instances of emergency or disaster in the preceding year in which life safety information was provided and what public messaging strategies and means were used to notify citizens with limited English proficiency.

Sec. 3. RCW 38.52.010 and 2015 c 61 s 1 are each reenacted and amended to read as follows:

As used in this chapter:

(1) "Communication plan," as used in RCW 38.52.070, means a section in a local comprehensive emergency management plan that addresses emergency notification of life safety information.

(2) "Continuity of operations planning" means the internal effort of an organization to assure that the capability exists to continue essential functions and services in response to a comprehensive array of potential emergencies or disasters.

~~((2))~~ (3) "Department" means the state military department.

~~((3))~~ (4) "Director" means the adjutant general.

~~((4))~~ (5) "Emergency management" or "comprehensive emergency management" means the preparation for and the carrying out of all emergency functions, other than functions for which the military forces are primarily responsible, to mitigate, prepare for, respond to, and recover from emergencies and disasters, and to aid victims suffering from injury or damage, resulting from disasters caused by all hazards, whether natural, technological, or human caused, and to provide support for search and rescue operations for persons and property in distress. However, "emergency management" or "comprehensive emergency management" does not mean preparation for emergency evacuation or relocation of residents in anticipation of nuclear attack.

~~((5))~~ (6) (a) "Emergency or disaster" as used in all sections of this chapter except RCW 38.52.430 shall mean an event or set of circumstances which: (i) Demands immediate action to preserve public health, protect life, protect public property, or to provide relief to any stricken community overtaken by such occurrences, or (ii) reaches such a dimension or degree of destructiveness as to warrant the governor declaring a state of emergency pursuant to RCW 43.06.010.

(b) "Emergency" as used in RCW 38.52.430 means an incident that requires a normal police, coroner, fire, rescue, emergency medical services, or utility response as a result of a violation of one of the statutes enumerated in RCW 38.52.430.

~~((6))~~ (7) "Emergency response" as used in RCW 38.52.430 means a public agency's use of emergency services during an emergency or disaster as defined in subsection ~~((5))~~ (6) (b) of this section.

~~((7))~~ (8) "Emergency worker" means any person who is registered with a local emergency management organization or the department and holds an identification card issued by the local emergency management director or the department for the purpose of engaging in authorized emergency management activities or is an employee of the state of Washington or any political subdivision thereof who is called upon to perform emergency management activities.

~~((8))~~ (9) "Executive head" and "executive heads" means the county executive in those charter counties with an elective office of county executive, however designated, and, in the case of other counties, the county legislative authority. In the case of cities and towns, it means the mayor in those cities and towns with mayor-council or commission forms of government, where the mayor is directly elected, and it means the city manager in those cities and towns with council manager forms of government. Cities and towns may also designate an executive head for the purposes of this chapter by ordinance.

~~((9))~~ (10) "Expense of an emergency response" as used in RCW 38.52.430 means reasonable costs incurred by a public agency in reasonably making an appropriate emergency response to the incident, but shall only include those costs directly arising from the response to the particular incident. Reasonable costs shall include the costs of providing police, coroner, firefighting, rescue, emergency medical services, or utility response at the scene of the incident, as well as the salaries of the personnel responding to the incident.

~~((10))~~ (11) "Incident command system" means: (a) An all-hazards, on-scene functional management system that establishes common standards in organization, terminology, and procedures; provides a means (unified command) for the establishment of a common set of incident objectives and strategies during multiagency/multijurisdiction operations while maintaining individual agency/jurisdiction authority, responsibility, and accountability; and is a component of the national interagency incident management system; or (b) an

equivalent and compatible all-hazards, on-scene functional management system.

~~((11))~~ (12) "Injury" as used in this chapter shall mean and include accidental injuries and/or occupational diseases arising out of emergency management activities.

~~((12))~~ (13) "Life safety information" means information provided to people during a response to a life-threatening emergency or disaster informing them of actions they can take to preserve their safety. Such information may include, but is not limited to, information regarding evacuation, sheltering, sheltering-in-place, facility lockdown, and where to obtain food and water.

(14) "Local director" means the director of a local organization of emergency management or emergency services.

~~((13))~~ (15) "Local organization for emergency services or management" means an organization created in accordance with the provisions of this chapter by state or local authority to perform local emergency management functions.

~~((14))~~ (16) "Political subdivision" means any county, city or town.

~~((15))~~ (17) "Public agency" means the state, and a city, county, municipal corporation, district, town, or public authority located, in whole or in part, within this state which provides or may provide firefighting, police, ambulance, medical, or other emergency services.

~~((16))~~ (18) "Radio communications service company" has the meaning ascribed to it in RCW 82.14B.020.

~~((17))~~ (19) "Search and rescue" means the acts of searching for, rescuing, or recovering by means of ground, marine, or air activity any person who becomes lost, injured, or is killed while outdoors or as a result of a natural, technological, or human caused disaster, including instances involving searches for downed aircraft when ground personnel are used. Nothing in this section shall affect appropriate activity by the department of transportation under chapter 47.68 RCW.

Sec. 4. RCW 38.52.070 and 1997 c 49 s 4 are each amended to read as follows:

(1) Each political subdivision of this state is hereby authorized and directed to establish a local organization or to be a member of a joint local organization for

emergency management in accordance with the state comprehensive emergency management plan and program: PROVIDED, That a political subdivision proposing such establishment shall submit its plan and program for emergency management to the state director and secure his or her recommendations thereon, and verification of consistency with the state comprehensive emergency management plan, in order that the plan of the local organization for emergency management may be coordinated with the plan and program of the state. Local comprehensive emergency management plans must specify the use of the incident command system for multiagency/multijurisdiction operations. No political subdivision may be required to include in its plan provisions for the emergency evacuation or relocation of residents in anticipation of nuclear attack. If the director's recommendations are adverse to the plan as submitted, and, if the local organization does not agree to the director's recommendations for modification to the proposal, the matter shall be referred to the council for final action. The director may authorize two or more political subdivisions to join in the establishment and operation of a joint local organization for emergency management as circumstances may warrant, in which case each political subdivision shall contribute to the cost of emergency management upon such fair and equitable basis as may be determined upon by the executive heads of the constituent subdivisions. If in any case the executive heads cannot agree upon the proper division of cost the matter shall be referred to the council for arbitration and its decision shall be final. When two or more political subdivisions join in the establishment and operation of a joint local organization for emergency management each shall pay its share of the cost into a special pooled fund to be administered by the treasurer of the most populous subdivision, which fund shall be known as the emergency management fund. Each local organization or joint local organization for emergency management shall have a director who shall be appointed by the executive head of the political subdivision, and who shall have direct responsibility for the organization, administration, and operation of such local organization for emergency management, subject to the direction and control of such executive officer or officers. In the case of a joint local organization for emergency management, the director shall be

appointed by the joint action of the executive heads of the constituent political subdivisions. Each local organization or joint local organization for emergency management shall perform emergency management functions within the territorial limits of the political subdivision within which it is organized, and, in addition, shall conduct such functions outside of such territorial limits as may be required pursuant to the provisions of this chapter.

(2) In carrying out the provisions of this chapter each political subdivision, in which any disaster as described in RCW 38.52.020 occurs, shall have the power to enter into contracts and incur obligations necessary to combat such disaster, protecting the health and safety of persons and property, and providing emergency assistance to the victims of such disaster. Each political subdivision is authorized to exercise the powers vested under this section in the light of the exigencies of an extreme emergency situation without regard to time-consuming procedures and formalities prescribed by law (excepting mandatory constitutional requirements), including, but not limited to, budget law limitations, requirements of competitive bidding and publication of notices, provisions pertaining to the performance of public work, entering into contracts, the incurring of obligations, the employment of temporary workers, the rental of equipment, the purchase of supplies and materials, the levying of taxes, and the appropriation and expenditures of public funds.

(3) (a) Each local organization or joint local organization for emergency management that produces a local comprehensive emergency management plan must include a communication plan for notifying significant population segments of life safety information during an emergency. Local organizations and joint local organizations are encouraged to consult with affected community organizations in the development of the communication plans.

(i) In developing communication plans, local organizations and joint organizations should consider, as part of their determination of the extent of the obligation to provide emergency notification to significant population segments, the following factors: The number or proportion of the limited English proficiency persons eligible to be served or likely to be encountered; the

frequency with which limited English proficiency individuals come in contact with the emergency notification; the nature and importance of the emergency notification, service, or program to people's lives; and the resources available to the political subdivision to provide emergency notifications.

(ii) "Significant population segment" means, for the purposes of this subsection (3), each limited English proficiency language group that constitutes five percent or one thousand residents, whichever is less, of the population of persons eligible to be served or likely to be affected within a city, town, or county. The office of financial management forecasting division's limited English proficiency population estimates are the demographic data set for determining eligible limited English proficiency language groups.

(b) Local organizations and joint local organizations must submit the plans produced under (a) of this subsection to the Washington military department emergency management division, and must implement those plans. An initial communication plan must be submitted with the local organization or joint local organization's next local emergency management plan update following the effective date of this section, and subsequent plans must be reviewed in accordance with the director's schedule.

(4) When conducting emergency or disaster after-action reviews, local organizations and joint local organizations must evaluate the effectiveness of communication of life safety information and must inform the emergency management division of the Washington military department of technological challenges which limited communications efforts, along with identifying recommendations and resources needed to address those challenges.

NEW SECTION. Sec. 5. A new section is added to chapter 38.52 RCW to read as follows:

(1) Beginning December 1, 2019, the Washington military department emergency management division must submit a report every five years to the relevant committees of the legislature containing the status of communication plans produced under RCW 38.52.070 (3) (a) .

(2) The emergency management division of the Washington military department must provide the legislature an annual report

on instances of emergency or disaster in which communication of life safety information was technologically infeasible, as reported to the department pursuant to RCW 38.52.070(4). When potential technology solutions exist, the report must include recommendations and an estimate of resources required to remedy the infeasibility. The first annual report is due December 1, 2019.

NEW SECTION. Sec. 6. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2017, in the omnibus appropriations act, this act is null and void."

MESSAGE FROM THE GOVERNOR

April 25, 2017

To the Honorable Speaker and Members,
The House of Representatives of the State of
Washington

Ladies and Gentlemen:

I am returning herewith, without my approval,
Substitute House Bill No. 1877 entitled:

³AN ACT Relating to the release of driving record abstract information affecting registered tow truck operators.'

This bill prohibits actions committed by registered tow truck operators while fulfilling their occupational duties from being included in the driver record abstract requested by and submitted to insurance carriers, provided the operator has not been issued a citation. The intent and policy of this bill is identical to Section 2 of Substitute Senate Bill 5343, which I previously signed into law on April 17, 2017. This bill creates a duplication in the law and is therefore unnecessary.

For these reasons I have vetoed Substitute House Bill No. 1877 in its entirety.

Respectfully submitted,

Jay Inslee
Governor

There being no objection, the House advanced to the fourth order of business.

POINT OF PERSONAL PRIVILEGE

Representative Santos: "Yesterday I was stunned to learn, and perhaps you were as well, that we, the state of Washington, lost an extraordinary public servant. A talented and generous native son.

Mike Lowry would serve as our governor, as a member of Congress, and in my neck of the woods, as a council member for Martin Luther King County.

Mike Lowry was one of the first persons I ever met who really embodied the philosophy and the vision of One Washington, having been born in eastern Washington and raised there from a little town of St. John, graduating from Endicott High School and was a very proud W.S.U. graduate.

In his adult life he moved to Western Washington where he made and forged a career of public service. Of believing in that notion of one nation indivisible with liberty and justice for all. His career trajectory encompassed many things and I can only hit on some of the highlights of his legacy.

We have debated many times on this House floor of the need to serve our homeless population, and Mike Lowry, as a member of Congress, was the author of the McKinney Vento act. He stood for immigrant rights in the early and late seventies and early eighties.

He was a champion of not only environmental protection and conservation, serving in his later years after he became governor, with former governor Dan Evans as founders of the Washington Wildlife and Recreation Coalition.

But I think the thing that most made him tick was his absolute commitment to civil rights and human rights, and

for me, his role as being the brave soul who stood up in Congress and introduced the very first civil liberties reparations act to redress the wrongs and injustices of World War II towards Japanese Americans is seared in my memory and in the memories of many in my community.

On a personal level Madam Speaker you may not know that I worked for Mr Lowry. I was very proud to have worked for Mr Lowry. I consider him a mentor and a friend, and my heart is filled with great sorrow for his wife Mary, his devoted beloved Mary; his daughter Dianne, whom he doted on, and her husband and children; and his surviving sister Sue Ellen.

Madam Speaker they say that the moral test of government is how they treat people at the dawn of life - the children; people in the twilight of life - the aged; the people who are in the shadows of life - those who are sick and needy; those who are handicapped, those who are marginalized. I stand here asking you to help remember a man who was not only a consummate public servant but who was a moral compass for government in the state of Washington. Who always pointed true north for all of our citizens.

I ask you to remember him with me and send our collective thoughts and prayers to his family and all of the people of the state of Washington at this very sad moment. Thank you Madam Speaker."

POINT OF PERSONAL PRIVILEGE

Representative Johnson: "I too stand to eulogize the good Governor we lost yesterday. He was kind of a unique individual. Many of the things that he favored and he pushed as a member of Congress in the decade in which he served, are now things that have come to pass. They didn't necessarily always come when Governor Lowry was a member of Congress, but they came later as the good lady from the thirty-seventh had to say.

You know I believe the last time I had an opportunity to visit with Governor Lowry was in Grandview, Washington. Like so many of us here in the chamber we kind of had our start over in Eastern Washington which means we sent good stock to Olympia.

You will remember Chairman Appleton, Representative Santos, that we were with him at the dedication of a housing project in Grandview. I think that one of the shining stars in his crown was what he did after he left public office. He pushed and pulled for housing for moderate income people and for low income people. That's what we were in Grandview for that day, the dedication of a housing project- apartments and single family homes, that were built by the diocese of Yakima. He made the trip on his own to be there and take part of that.

He was unique in a way that many of us wish we could say we were, he knew everybody. He knew something about you. He knew your name.

Although maybe we don't always agree on either side of the aisle, sometimes we can put that aside when we think of the kindness and consideration he showed to each and every one of us that he had the chance to meet in his long life of political service. So I too would like to join the good lady from the thirty-seventh and request that we remember Governor Lowry as one of the fine men who served not just

the politicians that we all are, but who also served the people of the state of Washington as well as any Governor that we've had in my time. Thank you Madam Speaker.”

The Speaker assumed the chair.

MESSAGES FROM THE GOVERNOR

April 26, 2017

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Substitute House Bill No. 1017 entitled:

³AN ACT Relating to the siting of schools and school facilities.'

Engrossed Substitute House Bill 1017 seeks to address the important and complicated subject of siting schools outside of Urban Growth Areas. While this bill adequately addresses many aspects of the issue, I remained concerned about three items that I would like to resolve with the legislature during the special session.

First, any extension of urban services to serve a rural school must be limited to the size and scale needed to

support the long-term needs of the school. Second, the land surrounding a new rural school must maintain its rural character and housing density as specified in RCW 36.70A.070(5). Finally, in order for schools to be sited outside the Urban Growth Boundary Line, school districts must demonstrate that there is no suitable land available within the Urban Growth Area.

For these reasons I have vetoed Section 1 of Engrossed Substitute House Bill No. 1017.

With the exception of Section 1, Engrossed Substitute House Bill No. 1017 is approved.

Respectfully submitted,

Jay Inslee
Governor

There being no objection, the House adjourned until 9:55 a.m., May 5, 2017, the 12th Day of the 1st Special Session.

MESSAGES FROM THE GOVERNOR

May 5, 2017

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 1150 entitled:

‘AN ACT Relating to clarifying procedures for appointment to the Chehalis board created by chapter 194, Laws of 2016’

House Bill No. 1150 removes the requirement that tribal appointments to the Chehalis Board be confirmed by the Senate and clarifies the terms of initial appointments to that Board. This new Board and the Office of Chehalis Basin represent another example of citizens, governments and tribal nations coming together to solve problems that benefit both people and fish.

However, House Bill No. 1150 is identical to Engrossed Senate Bill No. 5097 that was presented to me as a five-day bill, and I signed into law on April 17, 2017. It is not necessary to enact duplicate legislation.

For these reasons I have vetoed House Bill No. 1150 in its entirety.

Respectfully submitted,

Jay Inslee
Governor

May 8, 2017

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 18, Engrossed Substitute House Bill No. 1115 entitled:

‘AN ACT Relating to paraeducators.’

This measure is an outgrowth of nearly five years of discussion and consideration of the Paraeducator Work Group.

It is also one of the late Senator Andy Hill’s many legacies.

The bill creates the nine-member Paraeducator Board to provide professional development for this group of education employees who assist teachers in the classroom. It requires paraeducators to meet certain minimum employment standards, among other things. This will provide an opportunity for the state's 36,000 paraeducators to develop in their profession and become a teacher through alternative routes, if they so choose.

However, I am vetoing Section 18, which modifies a section of statute that was repealed by another bill this session.

Thanks to the sponsor, Representative Bergquist, and the members of the work group whose great work led to this legislation.

For these reasons I have vetoed Section 18 of Engrossed Substitute House Bill No. 1115.

With the exception of Section 18, Engrossed Substitute House Bill No. 1115 is approved.

Respectfully submitted,

Jay Inslee
Governor

There being no objection, the House advanced to the fourth order of business.

MESSAGE FROM THE GOVERNOR

May 10, 2017

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section Sec. 6, Engrossed Second Substitute House Bill No. 1612 entitled:

‘AN ACT Relating to a public health educational platform for suicide prevention and strategies to reduce access to lethal means.’

This section is the same as the language in Section 2 of Engrossed Substitute Senate Bill 5552. Because SB 5552 also includes a couple of additional changes unrelated to the language in this bill, the Code Reviser advises this action so the RCW is clear. I support the policy and am glad that is fully contained in the other bill.

For these reasons I have vetoed Section Sec. 6 of Engrossed Second Substitute House Bill No. 1612.

With the exception of Section Sec. 6, Engrossed Second Substitute House Bill No. 1612 is approved.

Respectfully submitted,

Jay Inslee
Governor

MESSAGES FROM THE GOVERNOR

May 16, 2017

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute House Bill No. 1905 entitled:

‘AN ACT Relating to the volume limitation for certain vessels exempt from the pilotage act.’

Substitute House Bill 1905 increases the maximum vessel volume that can be exempt from the mandatory use of licensed pilotage within most of the Puget Sound and Grays Harbor. This measure would allow more modern and fuel-efficient passenger vessels to enjoy Washington's waterways. However, Substitute House Bill 1905 is identical to Substitute Senate Bill 5262, which I signed into law on April 20, 2017. It is not necessary to enact duplicate legislation.

For these reasons I have vetoed Substitute House Bill No. 1905 in its entirety.

Respectfully submitted,

Jay Inslee
Governor

May 16, 2017

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Substitute House Bill No. 1504 entitled:

‘AN ACT Relating to rail dependent uses for purposes of the growth management act and related development regulations.’

I am committed to supporting economic development across Washington State so all areas and communities thrive. This commitment includes working with legislators and stakeholders on how we better develop rural and other underserved areas.

At the same time, I remain committed to fully supporting the Growth Management Act, which has created the framework for thoughtful growth and comprehensive development plans while protecting vital resource lands.

While this bill might help rural counties to develop adjacent to short line railroads in designated counties, it would undermine our longstanding commitment to preserve working farms and promote our agricultural economy.

The Growth Management Act provides for a process to redesignate resource lands and convert the use of those lands. As part of a broader review of the Growth Management Act, it would be appropriate to reexamine how we provide additional flexibility for encouraging economic development in rural areas. It is my understanding that such a review is proposed in the Senate and House budgets, and I would support that review.

For these reasons I have vetoed Engrossed Substitute House Bill No. 1504 in its entirety.

Respectfully submitted,

Jay Inslee
Governor

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 1578 entitled:

‘AN ACT Relating to irrigation district authority.’

This bill provides new opportunities to develop infrastructure projects that support the economy in Eastern Washington and encourages investments in hydroelectric facilities. However, this bill is identical to Senate Bill 5261, which I signed into law on April 19, 2017. This duplicate bill is therefore unnecessary.

For these reasons I have vetoed House Bill No. 1578 in its entirety.

Respectfully submitted,

Jay Inslee

"Sec. 4006. RCW 71.24.037 and 2017 c 330 s 2 are each amended to read as follows:

(1) The secretary shall by rule establish state minimum standards for licensed or certified behavioral health service providers and services, whether those service providers and services are licensed or certified to provide solely mental health services, substance use disorder treatment services, or services to persons with co-occurring disorders.

(2) Minimum standards for licensed or certified behavioral health service providers shall, at a minimum, establish: Qualifications for staff providing services directly to persons with mental disorders, substance use disorders, or both, the intended result of each service, and the rights and responsibilities of persons receiving behavioral health services pursuant to this chapter. The secretary shall provide for deeming of licensed or certified behavioral health service providers as meeting state minimum standards as a result of accreditation by a recognized behavioral health accrediting body recognized and having a current agreement with the department.

(3) Minimum standards for community support services and resource management services shall include at least qualifications for resource management services, client tracking systems, and the transfer of patient information between behavioral health service providers.

(4) The department may suspend, revoke, limit, restrict, or modify an approval, or refuse to grant approval, for failure to

meet the provisions of this chapter, or the standards adopted under this chapter. RCW ((43.20A.205)) 43.70.115 governs notice of a license or certification denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(5) No licensed or certified behavioral health service provider may advertise or represent itself as a licensed or certified behavioral health service provider if approval has not been granted, has been denied, suspended, revoked, or canceled.

(6) Licensure or certification as a behavioral health service provider is effective for one calendar year from the date of issuance of the license or certification. The license or certification must specify the types of services provided by the behavioral health service provider that meet the standards adopted under this chapter. Renewal of a license or certification must be made in accordance with this section for initial approval and in accordance with the standards set forth in rules adopted by the secretary.

(7) Licensure or certification as a licensed or certified behavioral health service provider must specify the types of services provided that meet the standards adopted under this chapter. Renewal of a license or certification must be made in accordance with this section for initial approval and in accordance with the standards set forth in rules adopted by the secretary.

(8) Licensed or certified behavioral health service providers may not provide types of services for which the licensed or certified behavioral health service provider has not been certified. Licensed or certified behavioral health service providers may provide services for which approval has been sought and is pending, if approval for the services has not been previously revoked or denied.

(9) The department periodically shall inspect licensed or certified behavioral health service providers at reasonable times and in a reasonable manner.

(10) Upon petition of the department and after a hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the department authorizing him or her to enter and inspect at reasonable times, and examine the books and accounts of, any licensed or certified behavioral

health service provider refusing to consent to inspection or examination by the department or which the department has reasonable cause to believe is operating in violation of this chapter.

(11) The department shall maintain and periodically publish a current list of licensed or certified behavioral health service providers.

(12) Each licensed or certified behavioral health service provider shall file with the department or the authority upon request, data, statistics, schedules, and information the department or the authority reasonably requires. A licensed or certified behavioral health service provider that without good cause fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent returns thereof, may have its license or certification revoked or suspended.

(13) The ((department)) authority shall use the data provided in subsection (12) of this section to evaluate each program that admits children to inpatient substance use disorder treatment upon application of their parents. The evaluation must be done at least once every twelve months. In addition, the ((department)) authority shall randomly select and review the information on individual children who are admitted on application of the child's parent for the purpose of determining whether the child was appropriately placed into substance use disorder treatment based on an objective evaluation of the child's condition and the outcome of the child's treatment.

(14) Any settlement agreement entered into between the department and licensed or certified behavioral health service providers to resolve administrative complaints, license or certification violations, license or certification suspensions, or license or certification revocations may not reduce the number of violations reported by the department unless the department concludes, based on evidence gathered by inspectors, that the licensed or certified behavioral health service provider did not commit one or more of the violations.

(15) In cases in which a behavioral health service provider that is in violation of licensing or certification standards attempts to transfer or sell the behavioral health service provider to a family member, the transfer or sale may

only be made for the purpose of remedying license or certification violations and achieving full compliance with the terms of the license or certification. Transfers or sales to family members are prohibited in cases in which the purpose of the transfer or sale is to avoid liability or reset the number of license or certification violations found before the transfer or sale. If the department finds that the owner intends to transfer or sell, or has completed the transfer or sale of, ownership of the behavioral health service provider to a family member solely for the purpose of resetting the number of violations found before the transfer or sale, the department may not renew the behavioral health service provider's license or certification or issue a new license or certification to the behavioral health service provider."

Beginning on page 111, line 22, strike all of section 4017 and insert the following:

"**Sec. 4017.** RCW 71.24.310 and 2017 c 222 s 1 are each amended to read as follows:

The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the behavioral health organization defined in RCW 71.24.025. For this reason, the legislature intends that the ~~((department))~~ authority and the behavioral health organizations shall work together to implement chapter 71.05 RCW as follows:

(1) ~~((By June 1, 2006,))~~ Behavioral health organizations shall recommend to the ~~((department))~~ authority the number of state hospital beds that should be allocated for use by each behavioral health organization. The statewide total allocation shall not exceed the number of state hospital beds offering long-term inpatient care, as defined in this chapter, for which funding is provided in the biennial appropriations act.

(2) If there is consensus among the behavioral health organizations regarding the number of state hospital beds that should be allocated for use by each behavioral health organization, the ~~((department))~~ authority shall contract with each behavioral health organization accordingly.

(3) If there is not consensus among the behavioral health organizations regarding the number of beds that should be

allocated for use by each behavioral health organization, the ~~((department))~~ authority shall establish by emergency rule the number of state hospital beds that are available for use by each behavioral health organization. ~~((The emergency rule shall be effective September 1, 2006.))~~ The primary factor used in the allocation shall be the estimated number of adults with acute and chronic mental illness in each behavioral health organization area, based upon population-adjusted incidence and utilization.

(4) The allocation formula shall be updated at least every three years to reflect demographic changes, and new evidence regarding the incidence of acute and chronic mental illness and the need for long-term inpatient care. In the updates, the statewide total allocation shall include (a) all state hospital beds offering long-term inpatient care for which funding is provided in the biennial appropriations act; plus (b) the estimated equivalent number of beds or comparable diversion services contracted in accordance with subsection (5) of this section.

(5) The ~~((department))~~ authority is encouraged to enter performance-based contracts with behavioral health organizations to provide some or all of the behavioral health organization's allocated long-term inpatient treatment capacity in the community, rather than in the state hospital. The performance contracts shall specify the number of patient days of care available for use by the behavioral health organization in the state hospital.

(6) If a behavioral health organization uses more state hospital patient days of care than it has been allocated under subsection (3) or (4) of this section, or than it has contracted to use under subsection (5) of this section, whichever is less, it shall reimburse the ~~((department))~~ authority for that care. Reimbursements must be calculated using quarterly average census data to determine an average number of days used in excess of the bed allocation for the quarter. The reimbursement rate per day shall be the hospital's total annual budget for long-term inpatient care, divided by the total patient days of care assumed in development of that budget.

(7) One-half of any reimbursements received pursuant to subsection (6) of this section shall be used to support the

cost of operating the state hospital (~~and, during the 2007-2009 fiscal biennium, implementing new services that will enable a behavioral health organization to reduce its utilization of the state hospital~~). The (~~department~~) authority shall distribute the remaining half of such reimbursements among behavioral health organizations that have used less than their allocated or contracted patient days of care at that hospital, proportional to the number of patient days of care not used."

On page 150, after line 11, insert the following:

"**NEW SECTION. Sec. 4065.** A new section is added to chapter 71.24 RCW to read as follows:

(1) The authority shall, upon the request of a county authority or authorities within a regional service area, collaborate with counties to create an interlocal leadership structure that includes participation from counties and the managed health care systems serving that regional service area. The interlocal leadership structure must include representation from physical and behavioral health care providers, tribes, and other entities serving the regional service area as necessary.

(2) The interlocal leadership structure regional organization must be chaired by the counties and jointly administered by the authority, managed health care systems, and counties. It must design and implement the fully integrated managed care model for that regional service area to assure clients are at the center of care delivery and support integrated delivery of physical and behavioral health care at the provider level.

(3) The interlocal leadership structure may address, but is not limited to addressing, the following topics:

(a) Alignment of contracting, administrative functions, and other processes to minimize administrative burden at the provider level to achieve outcomes;

(b) Monitoring implementation of fully integrated managed care in the regional service area, including design of an early warning system to monitor ongoing success to achieve better outcomes and to make adjustments to the system as necessary;

(c) Developing regional coordination processes for capital infrastructure

requests, local capacity building, and other community investments;

(d) Identifying, using, and building on measures and data consistent with, but not limited to, RCW 70.320.030 and 41.05.690, for tracking and maintaining regional accountability for delivery system performance; and

(e) Discussing whether the managed health care systems awarded the contract by the authority for a regional service area should subcontract with a county-based administrative service organization or other local organization, which may include and determine, in partnership with that organization, which value-add services will best support a bidirectional system of care.

(4) To ensure an optimal transition, regional service areas that enter as mid-adopters must be allowed a transition period of up to one year during which the interlocal leadership structure develops and implements a local plan, including measurable milestones, to transition to fully integrated managed care. The transition plan may include provisions for the counties' organization to maintain existing contracts during some or all of the transition period if the managed care design begins during 2017 to 2018, with the mid-adopter transition year occurring in 2019.

(5) Nothing in this section may be used to compel contracts between a provider, integrated managed health care system, or administrative service organization.

(6) The interlocal leadership group expires December 1, 2021, unless the interlocal leadership group decides locally to extend it."

Upon receipt of a notice from the court under RCW 36.28A.390 that a participant has been removed from a 24/7 sobriety program, the department must resume any suspension, revocation, or denial that had been terminated early under this subsection due to participation in the program, granting credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under RCW 46.20.3101 or this section arising out of the same incident.

Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) Probation of driving privilege. After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11) Conditions of probation. (a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive; (ii) not driving a motor vehicle within this state without proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (iii) not driving or being in physical control of a motor vehicle within this state while having an alcohol

concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; (iv) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug; and (v) not driving a motor vehicle in this state without a functioning ignition interlock device as required by the department under RCW 46.20.720. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), (iii), (iv), or (v) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) Waiver of electronic home monitoring. A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain

such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) Extraordinary medical placement. An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(1)(c).

There being no objection, the rules were suspended, and ENGROSSED HOUSE BILL NO. 2107 was returned to second reading for the purpose of amendment.

SECOND READING

Representative Schmick moved the adoption of the striking amendment (604):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 71.24 RCW to read as follows:

The legislature finds that concentrating all long-term placements for mental health patients at eastern and western state hospitals is not a sustainable model for the future. There is insufficient capacity at eastern and western state hospitals to meet current and growing demand for services and patients, and families are better supported when care is provided in communities closer to their homes. Therefore, the legislature intends to facilitate the addition of services to the existing system by making long-term placement for mental health patients available in community hospitals and evaluation and treatment facilities that voluntarily contract and are certified by the department of social and health services.

Sec. 2. RCW 71.24.310 and 2017 c 222 s 1 are each amended to read as follows:

The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the behavioral health organization defined in RCW 71.24.025. For this reason, the legislature intends that the department and the behavioral health organizations shall work together to implement chapter 71.05 RCW as follows:

(1) By June 1, 2006, behavioral health organizations shall recommend to the department the number of state hospital beds that should be allocated for use by each behavioral health organization. The statewide total allocation shall not exceed the number of state hospital beds offering long-term inpatient care, as defined in this chapter, for which funding is provided in the biennial appropriations act.

(2) If there is consensus among the behavioral health organizations regarding

the number of state hospital beds that should be allocated for use by each behavioral health organization, the department shall contract with each behavioral health organization accordingly.

(3) If there is not consensus among the behavioral health organizations regarding the number of beds that should be allocated for use by each behavioral health organization, the department shall establish by emergency rule the number of state hospital beds that are available for use by each behavioral health organization. The emergency rule shall be effective September 1, 2006. The primary factor used in the allocation shall be the estimated number of adults with acute and chronic mental illness in each behavioral health organization area, based upon population-adjusted incidence and utilization.

(4) The allocation formula shall be updated at least every three years to reflect demographic changes, and new evidence regarding the incidence of acute and chronic mental illness and the need for long-term inpatient care. In the updates, the statewide total allocation shall include (a) all state hospital beds offering long-term inpatient care for which funding is provided in the biennial appropriations act; plus (b) the estimated equivalent number of beds or comparable diversion services contracted in accordance with subsection (5) of this section.

(5)(a) The department (~~is encouraged to~~) shall enter into performance-based contracts with behavioral health organizations to provide some or all of the behavioral health organization's allocated long-term inpatient treatment capacity in the community, rather than in the state hospital, to the extent that willing certified facilities are available. The performance contracts shall specify the number of patient days of care available for use by the behavioral health organization in the state hospital and the number of patient days of care available for use by the behavioral health organization in a facility certified by the department to provide treatment to adults on a ninety or one hundred eighty day inpatient involuntary commitment order, including hospitals licensed under chapters 70.41 and 71.12 RCW and evaluation and treatment facilities certified under chapter 71.05 RCW.

(b) Nothing in this section requires a hospital licensed under chapter 70.41 or 71.12 RCW to contract or become certified to treat patients on ninety or one hundred eighty day involuntary commitment orders as a condition for continuing to treat adults who are waiting for placement at either the state hospital or in certified facilities that voluntarily contract to provide treatment to patients on ninety or one hundred eighty day involuntary commitment orders.

(6) If a behavioral health organization uses more state hospital patient days of care than it has been allocated under subsection (3) or (4) of this section, or than it has contracted to use under subsection (5) of this section, whichever is less, it shall reimburse the department for that care. Reimbursements must be calculated using quarterly average census data to determine an average number of days used in excess of the bed allocation for the quarter. The reimbursement rate per day shall be the hospital's total annual budget for long-term inpatient care, divided by the total patient days of care assumed in development of that budget.

(7) One-half of any reimbursements received pursuant to subsection (6) of this section shall be used to support the cost of operating the state hospital and, during the 2007-2009 fiscal biennium, implementing new services that will enable a behavioral health organization to reduce its utilization of the state hospital. The department shall distribute the remaining half of such reimbursements among behavioral health organizations that have used less than their allocated or contracted patient days of care at that hospital, proportional to the number of patient days of care not used.

Sec. 3. RCW 71.24.380 and 2014 c 225 s 5 are each amended to read as follows:

(1) The secretary shall purchase mental health and chemical dependency treatment services primarily through managed care contracting, but may continue to purchase behavioral health services directly from tribal clinics and other tribal providers.

(2)(a) The secretary shall request a detailed plan from the entities identified in (b) of this subsection that demonstrates compliance with the contractual elements of RCW 43.20A.894 and federal regulations related to medicaid managed care contracting((7)) including, but not limited to: Having a sufficient

network of providers to provide adequate access to mental health and chemical dependency services for residents of the regional service area that meet eligibility criteria for services, ability to maintain and manage adequate reserves, and maintenance of quality assurance processes. In addition, such entities must demonstrate the ability to contract for a minimum number of patient days, to be determined by the secretary, in a facility certified by the department to provide treatment to adults on a ninety or one hundred eighty day inpatient involuntary commitment order, including at hospitals licensed under chapters 70.41 and 71.12 RCW and evaluation and treatment facilities certified under chapter 71.05 RCW, to the extent that willing certified facilities are available. Any responding entity that submits a detailed plan that demonstrates that it can meet the requirements of this section must be awarded the contract to serve as the behavioral health organization.

(b)(i) For purposes of responding to the request for a detailed plan under (a) of this subsection, the entities from which a plan will be requested are:

(A) A county in a single county regional service area that currently serves as the regional support network for that area;

(B) In the event that a county has made a decision prior to January 1, 2014, not to contract as a regional support network, any private entity that serves as the regional support network for that area;

(C) All counties within a regional service area that includes more than one county, which shall form a responding entity through the adoption of an interlocal agreement. The interlocal agreement must specify the terms by which the responding entity shall serve as the behavioral health organization within the regional service area.

(ii) In the event that a regional service area is comprised of multiple counties including one that has made a decision prior to January 1, 2014, not to contract as a regional support network the counties shall adopt an interlocal agreement and may respond to the request for a detailed plan under (a) of this subsection and the private entity may also respond to the request for a detailed plan. If both responding entities meet the requirements of this section, the responding entities shall follow the department's procurement process

established in subsection (3) of this section.

(3) If an entity that has received a request under this section to submit a detailed plan does not respond to the request, a responding entity under subsection (1) of this section is unable to substantially meet the requirements of the request for a detailed plan, or more than one responding entity substantially meets the requirements for the request for a detailed plan, the department shall use a procurement process in which other entities recognized by the secretary may bid to serve as the behavioral health organization in that regional service area.

(4) Contracts for behavioral health organizations must begin on April 1, 2016.

(5) Upon request of all of the county authorities in a regional service area, the department and the health care authority may jointly purchase behavioral health services through an integrated medical and behavioral health services contract with a behavioral health organization or a managed health care system as defined in RCW 74.09.522, pursuant to standards to be developed jointly by the secretary and the health care authority. Any contract for such a purchase must comply with all federal medicaid and state law requirements related to managed health care contracting.

(6) As an incentive to county authorities to become early adopters of fully integrated purchasing of medical and behavioral health services, the standards adopted by the secretary and the health care authority under subsection (5) of this section shall provide for an incentive payment to counties which elect to move to full integration by January 1, 2016. Subject to federal approval, the incentive payment shall be targeted at ten percent of savings realized by the state within the regional service area in which the fully integrated purchasing takes place. Savings shall be calculated in alignment with the outcome and performance measures established in RCW 43.20A.895, 70.320.020, and 71.36.025, and incentive payments for early adopter counties shall be made available for up to a six-year period, or until full integration of medical and behavioral health services is accomplished statewide, whichever comes sooner, according to rules to be developed by the secretary and health care authority.

NEW SECTION. **Sec. 4.** A new section is added to chapter 71.24 RCW to read as follows:

(1) The department and the entities identified in RCW 71.24.310 and 71.24.380 shall: (a) Work with willing community hospitals licensed under chapters 70.41 and 71.12 RCW and evaluation and treatment facilities certified under chapter 71.05 RCW to assess their capacity to become certified to provide long-term mental health placements and to meet the requirements of this chapter; and (b) enter into contracts and payment arrangements with such hospitals and evaluation and treatment facilities choosing to provide long-term mental health placements, to the extent that willing certified facilities are available. Nothing in this chapter requires any community hospital or evaluation and treatment facility to be certified to provide long-term mental health placements.

(2) The department must establish reporting requirements for certified facilities. The reporting standards must allow the department to monitor the performance of the certified facilities and compare results with the state hospitals in a consistent format. The measures must align with the data reported by the department to the select committee on quality improvement in state hospitals, including the length of stay of patients, outcomes after discharge, employee-related measures, and demographic information.

NEW SECTION. **Sec. 5.** A new section is added to chapter 71.24 RCW to read as follows:

The legislature finds that concentrating all long-term placements for mental health patients at eastern and western state hospitals is not a sustainable model for the future. There is insufficient capacity at eastern and western state hospitals to meet current and growing demand for services and patients, and families are better supported when care is provided in communities closer to their homes. Therefore, the legislature intends to facilitate the addition of services to the existing system by making long-term placement for mental health patients available in community hospitals and evaluation and treatment facilities that voluntarily contract and are certified by the department of health.

(1) The ((secretary)) director shall purchase mental health and chemical dependency treatment services primarily through managed care contracting, but may continue to purchase behavioral health services directly from tribal clinics and other tribal providers.

(2)(a) The ((secretary)) director shall request a detailed plan from the entities identified in (b) of this subsection that demonstrates compliance with the contractual elements of RCW 43.20A.894 and federal regulations related to medicaid managed care contracting((r)) including, but not limited to: Having a sufficient network of providers to provide adequate access to mental health and chemical dependency services for residents of the regional service area that meet eligibility criteria for services, ability to maintain and manage adequate reserves, and maintenance of quality assurance processes. (1) The high school assessment system shall include but need not be limited to the statewide student assessment, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and, if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) (a) Beginning with the graduating class of 2008 through the graduating class of 2015, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the (~~reading, writing~~) English language arts and mathematics high school statewide student assessment shall earn a certificate of academic achievement. The mathematics assessment shall be the end-of-course assessment for the first year of high school mathematics that assesses the standards common to algebra I and integrated mathematics I or the end-of-course assessment for the second year of high school mathematics that assesses standards common to geometry and integrated mathematics II.

(b) As the state transitions from reading and writing assessments to an English language arts assessment and from end-of-course assessments to a comprehensive assessment for high school mathematics, a student in a graduating class of 2016 through 2018 shall earn a certificate of academic achievement if

the student meets the ((state)) high school graduation standard as follows:

(i) Students in the graduating class of 2016 may use the results from:

(A) The reading and writing assessment or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(ii) Students in the graduating classes of 2017 and 2018 may use the results from:

(A) The tenth grade English language arts assessment developed by the superintendent of public instruction using resources from the multistate consortium or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(c) Beginning with the graduating class of 2019, a student who meets the ((state)) high school graduation standard((s)) on the high school English language arts assessment developed with the multistate consortium and the comprehensive mathematics assessment developed with the multistate consortium shall earn a certificate of academic achievement.

(d) Beginning with the graduating class of 2020, a student who meets the high school graduation standard on the high school English language arts assessment developed with the multistate consortium and the comprehensive mathematics assessment developed with the multistate consortium to be administered in tenth grade shall earn a certificate of academic achievement.

(e) If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area at least

twice a year at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the statewide student assessment at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning with the graduating class of 2021, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the statewide student assessment, a retake, or the objective alternative assessments in order to earn a certificate of academic achievement. The assessment under this subsection must be a comprehensive assessment of the science essential academic learning requirements adopted by the superintendent of public instruction in 2013.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

(a) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of

public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10) (a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b) (i) A student's score on the mathematics, reading or English, or writing portion of the SAT or the ACT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the statewide student assessment. A student's score on the science portion of the ACT or the science subject area tests of the SAT may be used as an objective alternative assessment under this section as soon as the state board of education determines that sufficient data is available to

identify reliable equivalent scores for the science content area of the statewide student assessment. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examination in biology, physics, chemistry, or environmental science may be used as an alternative assessment for the science portion of the statewide student assessment.

(iii) A student who scores at least a four on selected externally administered international baccalaureate (IB) examinations may use the score as an objective alternative assessment under this section for demonstrating that the student has met or exceeded state standards for the certificate of academic achievement. A score of four on the higher level IB examinations for any of the IB English language and literature courses or for any of the IB individuals and societies courses may be used as an alternative assessment for the reading, writing, or English language arts portions of the statewide student

assessment. A score of four on the higher level IB examinations for any of the IB mathematics courses may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of four on the higher level IB examinations for IB biology, chemistry, or physics may be used as an alternative assessment for the science portion of the statewide student assessment.

(iv)(A) Beginning in the 2018-19 school year, high school students who have not earned a certificate of academic achievement due to not meeting the high school graduation standard on the mathematics or English language arts assessment may take and pass a locally determined course in the content area in which the student was not successful, and may use the passing score on a locally administered assessment tied to that course and approved under the provisions of this subsection (10)(b)(iv), as an objective alternative assessment for demonstrating that the student has met or exceeded the high school graduation standard. High school transition courses and the assessments offered in association with high school transition courses shall be considered an approved locally determined course and assessment for demonstrating that the student met or exceeded the high school graduation standard. The course must be rigorous and consistent with the student's educational and career goals identified in his or her high school and beyond plan, and may include career and technical education equivalencies in English language arts or mathematics adopted pursuant to RCW 28A.230.097. School districts shall record students' participation in locally determined courses under this section in the statewide individual data system.

(B) The office of the superintendent of public instruction shall develop a process by which local school districts can submit assessments for review and approval for use as objective alternative assessments for graduation as allowed by (b)(iv) of this subsection. This process shall establish means to determine whether a local school district-administered assessment is comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment and is objective in its determination of student achievement of the state standards. The office of the

superintendent of public instruction shall post on its agency web site a compiled list of local school district-administered assessments approved as objective alternative assessments, including the comparable scores on these assessments necessary to meet the standard.

(C) For the purpose of this section, "high school transition course" means an English language arts or mathematics course offered in high school where successful completion by a high school student ensures the student college-level placement at participating institutions of higher education as defined in RCW 28B.10.016. High school transition courses must, in accordance with this section, satisfy core or elective credit graduation requirements established by the state board of education. A student's successful completion of a high school transition course does not entitle the student to be admitted to any institution of higher education as defined in RCW 28B.10.016.

(v) A student who completes a dual credit course in English language arts or mathematics in which the student earns college credit may use passage of the course as an objective alternative assessment under this section for demonstrating that the student has met or exceeded the high school graduation standard for the certificate of academic achievement.

(11) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall:

(a) Provide students who have not earned a certificate of academic achievement before the beginning of grade eleven with the opportunity to access interventions and academic supports, courses, or both, designed to enable students to meet the high school graduation standard. These interventions, supports, or courses must be rigorous and consistent with the student's educational and career goals identified in his or her high school and beyond plan, and may include career and technical education equivalencies in English language arts or mathematics adopted pursuant to RCW 28A.230.097; and

(b) Prepare student learning plans (~~for~~) and notify students and their

parents or legal guardians as provided in this subsection. Student learning plans are required for eighth grade students who were not successful on any or all of the content areas of the state assessment during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

~~((a))~~ (i) The student's results on the state assessment;

~~((b))~~ (ii) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;

~~((c))~~ (iii) Any credit deficiencies;

~~((d))~~ (iv) The student's attendance rates over the previous two years;

~~((e))~~ (v) The student's progress toward meeting state and local graduation requirements;

~~((f))~~ (vi) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;

~~((g))~~ (vii) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;

~~((h))~~ (viii) The alternative assessment options available to students under this section and RCW 28A.655.065;

~~((i))~~ (ix) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and

~~((j))~~ (x) Available programs offered through skill centers or community and technical colleges,

including the college high school diploma options under RCW 28B.50.535.

Sec. 2. RCW 28A.655.065 and 2009 c 556 s 19 are each amended to read as follows:

(1) The legislature has made a commitment to rigorous academic standards for receipt of a high school diploma. The primary way that students will demonstrate that they meet the standards in reading, writing, mathematics, and science is through the ~~((Washington))~~ statewide student assessment ~~((of student learning))~~. Only objective assessments that are comparable in rigor to the state assessment are authorized as an alternative assessment. Before seeking an alternative assessment, the legislature expects students to make a genuine effort to meet state standards, through regular and consistent attendance at school and participation in extended learning and other assistance programs.

(2) Under RCW 28A.655.061, beginning in the 2006-07 school year, the superintendent of public instruction shall implement objective alternative assessment methods as provided in this section for students to demonstrate achievement of the state standards in content areas in which the student has not yet met the standard on the high school ~~((Washington))~~ statewide student assessment ~~((of student learning))~~. A student may access an alternative if the student meets applicable eligibility criteria in RCW 28A.655.061 and this section and other eligibility criteria established by the superintendent of public instruction, including but not limited to attendance criteria and participation in the remediation or supplemental instruction contained in the student learning plan developed under RCW 28A.655.061. A school district may waive attendance and/or remediation criteria for special, unavoidable circumstances.

(3) For the purposes of this section, "applicant" means a student seeking to use one of the alternative assessment methods in this section.

(4) One alternative assessment method shall be a combination of the applicant's grades in applicable courses and the applicant's highest score on the high school ~~((Washington))~~ statewide student assessment ~~((of student~~

learning)), as provided in this subsection. A student is eligible to apply for the alternative assessment method under this subsection (4) if the student has a cumulative grade point average of at least 3.2 on a four point grading scale. The superintendent of public instruction shall determine which high school courses are applicable to the alternative assessment method and shall issue guidelines to school districts.

(a) Using guidelines prepared by the superintendent of public instruction, a school district shall identify the group of students in the same school as the applicant who took the same high school courses as the applicant in the applicable content area. From the group of students identified in this manner, the district shall select the comparison cohort that shall be those students who met or slightly exceeded the state standard on the ((Washington)) statewide student assessment ((of student learning)).

(b) The district shall compare the applicant's grades in high school courses in the applicable content area to the grades of students in the comparison cohort for the same high school courses. If the applicant's grades are equal to or above the mean grades of the comparison cohort, the applicant shall be deemed to have met the state standard on the alternative assessment.

(c) An applicant may not use the alternative assessment under this subsection (4) if there are fewer than six students in the comparison cohort.

(5) ((The superintendent of public instruction shall develop an alternative assessment method that shall be an evaluation of a collection of work samples prepared and submitted by the applicant. Effective September 1, 2009, collection of work samples may be submitted only in content areas where meeting the state standard on the high school assessment is required for purposes of graduation.

(a) The superintendent of public instruction shall develop guidelines for the types and number of work samples in each content area that may be submitted as a collection of evidence that the applicant has met the state standard in that content area. Work samples may be collected from academic, career and technical, or remedial courses and may include performance tasks as well as

written products. The superintendent shall submit the guidelines for approval by the state board of education.

~~(b) The superintendent shall develop protocols for submission of the collection of work samples that include affidavits from the applicant's teachers and school district that the samples are the work of the applicant and a requirement that a portion of the samples be prepared under the direct supervision of a classroom teacher. The superintendent shall submit the protocols for approval by the state board of education.~~

~~(c) The superintendent shall develop uniform scoring criteria for evaluating the collection of work samples and submit the scoring criteria for approval by the state board of education. Collections shall be scored at the state level or regionally by a panel of educators selected and trained by the superintendent to ensure objectivity, reliability, and rigor in the evaluation. An educator may not score work samples submitted by applicants from the educator's school district. If the panel awards an applicant's collection of work samples the minimum required score, the applicant shall be deemed to have met the state standard on the alternative assessment.~~

~~(d) Using an open and public process that includes consultation with district superintendents, school principals, and other educators, the state board of education shall consider the guidelines, protocols, scoring criteria, and other information regarding the collection of work samples submitted by the superintendent of public instruction. The collection of work samples may be implemented as an alternative assessment after the state board of education has approved the guidelines, protocols, and scoring criteria and determined that the collection of work samples: (i) Will meet professionally accepted standards for a valid and reliable measure of the grade level expectations and the essential academic learning requirements; and (ii) is comparable to or exceeds the rigor of the skills and knowledge that a student must demonstrate on the Washington assessment of student learning in the applicable content area. The state board shall make an approval decision and determination no later than December 1, 2006, and thereafter may increase the~~

~~required rigor of the collection of work samples.~~

~~(c) By September of 2006, the superintendent of public instruction shall develop informational materials for parents, teachers, and students regarding the collection of work samples and the status of its development as an alternative assessment method. The materials shall provide specific guidance regarding the type and number of work samples likely to be required, include examples of work that meets the state learning standards, and describe the scoring criteria and process for the collection. The materials shall also encourage students in the graduating class of 2008 to begin creating a collection if they believe they may seek to use the collection once it is implemented as an alternative assessment.~~

~~(6) (a) For students enrolled in a career and technical education program approved under RCW 28A.700.030, the superintendent of public instruction shall develop additional guidelines for collections of work samples that are tailored to different career and technical programs. The additional guidelines shall:~~

~~(i) Provide multiple examples of work samples that are related to the particular career and technical program;~~

~~(ii) Permit work samples based on completed activities or projects where demonstration of academic knowledge is inferred; and~~

~~(iii) Provide multiple examples of work samples drawn from career and technical courses.~~

~~(b) The purpose of the additional guidelines is to provide a clear pathway toward a certificate of academic achievement for career and technical students by showing them applied and relevant opportunities to demonstrate their knowledge and skills, and to provide guidance to teachers in integrating academic and career and technical instruction and assessment and assisting career and technical students in compiling a collection. The superintendent of public instruction shall develop and disseminate additional guidelines for no fewer than ten career and technical education programs representing a variety of program offerings by no later than September 1, 2008. Guidelines for ten additional~~

~~programs shall be developed and disseminated no later than June 1, 2009.~~

~~(c) The superintendent shall consult with community and technical colleges, employers, the workforce training and education coordinating board, apprenticeship programs, and other regional and national experts in career and technical education to create appropriate guidelines and examples of work samples and other evidence of a career and technical student's knowledge and skills on the state academic standards.~~

~~(7) The superintendent of public instruction shall study the feasibility of using existing mathematics assessments in languages other than English as an additional alternative assessment option. The study shall include an estimation of the cost of translating the tenth grade mathematics assessment into other languages and scoring the assessments should they be implemented.~~

~~(8)) The superintendent of public instruction shall implement:~~

~~(a) By June 1, 2006, a process for students to appeal the score they received on the high school assessments; (and)~~

~~(b) By January 1, 2007, guidelines and appeal processes for waiving specific requirements in RCW 28A.655.061 pertaining to the certificate of academic achievement and to the certificate of individual achievement for students who: (i) Transfer to a Washington public school in their junior or senior year with the intent of obtaining a public high school diploma, or (ii) have special, unavoidable circumstances;~~

(c) (i) For the graduating classes of 2014, 2015, 2016, 2017, and 2018, an expedited appeal process for waiving specific requirements in RCW 28A.655.061 pertaining to the certificate of academic achievement and the certificate of individual achievement for eligible students who have not met the state standard on the English language arts statewide student assessment, the mathematics high school statewide student assessment, or both. The student or the student's parent, guardian, or principal may initiate an appeal with the district and the district has the authority to determine which appeals are submitted to the superintendent of public instruction for review and approval. The

superintendent of public instruction may only approve an appeal if it has been demonstrated that the student has the necessary skills and knowledge to meet the high school graduation standard and that the student has the skills necessary to successfully achieve the college or career goals established in his or her high school and beyond plan. Pathways for demonstrating the necessary skills and knowledge may include, but are not limited to:

(A) Successful completion of a college level class in the relevant subject area;

(B) Admission to a higher education institution or career preparation program;

(C) Award of a scholarship for higher education; or

(D) Enlistment in a branch of the military.

(ii) A student in the class of 2014, 2015, 2016, or 2017 is eligible for the expedited appeal process in (c)(i) of this subsection if he or she has met all other graduation requirements established by the state and district.

(iii) A student in the class of 2018 is eligible for the expedited appeal process in (c)(i) of this subsection if he or she has met all other graduation requirements established by the state and district and has attempted at least one alternative assessment option as established in RCW 28A.655.065.

~~((9))~~ (6) The state board of education shall examine opportunities for additional alternative assessments, including the possible use of one or more standardized norm-referenced student achievement tests and the possible use of the reading, writing, or mathematics portions of the ACT ASSET and ACT COMPASS test instruments as objective alternative assessments for demonstrating that a student has met the state standards for the certificate of academic achievement. The state board shall submit its findings and recommendations to the education committees of the legislature by January 10, 2008.

~~((10))~~ (7) The superintendent of public instruction shall adopt rules to implement this section.

Sec. 3. RCW 28A.305.130 and 2013 2nd sp.s. c 22 s 7 are each amended to read as follows:

The purpose of the state board of education is to provide advocacy and strategic oversight of public education; implement a standards-based accountability framework that creates a unified system of increasing levels of support for schools in order to improve student academic achievement; provide leadership in the creation of a system that personalizes education for each student and respects diverse cultures, abilities, and learning styles; and promote achievement of the goals of RCW 28A.150.210. In addition to any other powers and duties as provided by law, the state board of education shall:

(1) Hold regularly scheduled meetings at such time and place within the state as the board shall determine and may hold such special meetings as may be deemed necessary for the transaction of public business;

(2) Form committees as necessary to effectively and efficiently conduct the work of the board;

(3) Seek advice from the public and interested parties regarding the work of the board;

(4) For purposes of statewide accountability:

(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics, by subject and grade level, once assessments in these subjects are required statewide; academic and technical skills, as appropriate, in secondary career and technical education programs; and student attendance, as the board deems appropriate to improve student learning. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically underachieving racial and ethnic backgrounds. The board may establish school and school district goals addressing high school graduation

rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b) (i) Identify the scores students must achieve in order to meet the standard on the statewide student assessment ~~((and, for high school students, to obtain a certificate of academic achievement))~~. The board shall also determine student scores that identify levels of student performance below and beyond the standard. ~~((The board shall consider the incorporation of the standard error of measurement into the decision regarding the award of the certificates.))~~ The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose~~((-))~~;

(ii) ~~((By the end of the 2014-15 school year, establish the scores students must achieve to meet the standard and earn a certificate of academic achievement on the tenth grade English language arts assessment and the end-of-course mathematics assessments developed in accordance with RCW 28A.655.070 to be used as the state transitions to high school assessments developed with a multistate consortium.~~

~~((iii) By the end of the 2014-15 school year, establish the scores students must achieve to meet the standard and earn a certificate of academic achievement on the high school English language arts assessment and the comprehensive mathematics assessment developed with a multistate consortium in accordance with RCW 28A.655.070. To determine the appropriate score, the state board shall review the transition experience of Washington students to the consortium developed assessments, examine the student scores used in other states that are administering the consortium-developed assessments, and review the scores in other states that require passage of an eleventh grade~~

~~assessment as a high school graduation requirement. The scores established by the state board of education for the purposes of earning a certificate of academic achievement and graduation from high school may be different from the scores used for the purpose of determining a student's career and college readiness.~~

~~(iv) The legislature shall be advised of the initial performance standards for the high school statewide student assessment. Any changes recommended by the board in the performance standards for the high school assessment shall be presented to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature.)~~ (A) The legislature intends to continue the implementation of chapter 22, Laws of 2013, 2nd sp. sess. when the legislature expressed the intent for the state board of education to identify the student performance standard that demonstrates a student's career and college readiness for the eleventh grade consortium-developed assessments. Therefore, by December 1, 2018, the state board of education, in consultation with the superintendent of public instruction, must identify and report to the governor and the education policy and fiscal committees of the legislature on the equivalent student performance standard that a tenth grade student would need to achieve on the state assessments to be on track to be career and college ready at the end of the student's high school experience;

(B) Nothing in this section prohibits the state board of education from identifying a college and career readiness score that is different from the score required for high school graduation purposes;

(iii) The legislature shall be advised of the initial performance standards and any changes made to the elementary ((level performance standards and the)), middle, and high school level performance standards. The board must provide an explanation of and rationale for all initial performance standards and any changes, for all grade levels of the statewide student assessment. If the board changes the performance standards

for any grade level or subject, the superintendent of public instruction must recalculate the results from the previous ten years of administering that assessment regarding students below, meeting, and beyond the state standard, to the extent that this data is available, and post a comparison of the original and recalculated results on the superintendent's web site;

(c) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system; and

(d) Include in the biennial report required under RCW 28A.305.035, information on the progress that has been made in achieving goals adopted by the board;

(5) Accredite, subject to such accreditation standards and procedures as may be established by the state board of education, all private schools that apply for accreditation, and approve, subject to the provisions of RCW 28A.195.010, private schools carrying out a program for any or all of the grades kindergarten through twelve. However, no private school may be approved that operates a kindergarten program only and no private school shall be placed upon the list of accredited schools so long as secret societies are knowingly allowed to exist among its students by school officials;

(6) Articulate with the institutions of higher education, workforce representatives, and early learning policymakers and providers to coordinate and unify the work of the public school system;

(7) Hire an executive director and an administrative assistant to reside in the office of the superintendent of public instruction for administrative purposes. Any other personnel of the board shall be appointed as provided by RCW 28A.300.020. The board may delegate to the executive director by resolution such duties as deemed necessary to efficiently carry on the business of the board including, but not limited to, the authority to employ necessary personnel and the authority to enter into, amend, and terminate contracts on behalf of the

board. The executive director, administrative assistant, and all but one of the other personnel of the board are exempt from civil service, together with other staff as now or hereafter designated as exempt in accordance with chapter 41.06 RCW; and

(8) Adopt a seal that shall be kept in the office of the superintendent of public instruction.

Sec. 4. RCW 28A.230.090 and 2016 c 162 s 2 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except as provided in RCW 28A.230.122 and except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) The certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation.

(c) (i) Each student must have a high school and beyond plan to guide the student's high school experience and prepare the student for postsecondary education or training and career.

(ii) A high school and beyond plan must be initiated for each student during the seventh or eighth grade. In preparation for initiating that plan, each student must first be administered a career interest and skills inventory.

(iii) The high school and beyond plan must be updated to reflect high school assessment results in RCW 28A.655.070(3)(b) and to review transcripts, assess progress toward identified goals, and revised as

necessary for changing interests, goals, and needs. The plan must identify available interventions and academic support, courses, or both, that are designed for students who have not met the high school graduation standard, to enable them to meet the standard. School districts are encouraged to involve parents and guardians in the process of developing and updating the high school and beyond plan.

(iv) All high school and beyond plans must, at a minimum, include the following elements:

(A) Identification of career goals, aided by a skills and interest assessment;

(B) Identification of educational goals;

(C) A four-year plan for course taking that fulfills state and local graduation requirements and aligns with the student's career and educational goals; and

(D) By the end of the twelfth grade, a current resume or activity log that provides a written compilation of the student's education, any work experience, and any community service and how the school district has recognized the community service pursuant to RCW 28A.320.193.

(d) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level. Effective with the graduating class of 2015, the state board of education may not establish a requirement for students to complete a culminating project for graduation. A district may establish additional, local requirements for a high school and beyond plan to serve the needs and interests of its students and the purposes of this section.

~~((d))~~ (e)(i) The state board of education shall adopt rules to implement the career and college ready graduation requirement proposal adopted under board resolution on November 10, 2010, and revised on January 9, 2014, to take effect beginning with the graduating class of 2019 or as otherwise provided in this subsection (1) ~~((d))~~ (e). The rules must include authorization for a school district to waive up to two credits for individual students based on unusual circumstances and in accordance with

written policies that must be adopted by each board of directors of a school district that grants diplomas. The rules must also provide that the content of the third credit of mathematics and the content of the third credit of science may be chosen by the student based on the student's interests and high school and beyond plan with agreement of the student's parent or guardian or agreement of the school counselor or principal.

(ii) School districts may apply to the state board of education for a waiver to implement the career and college ready graduation requirement proposal beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019. In the application, a school district must describe why the waiver is being requested, the specific impediments preventing timely implementation, and efforts that will be taken to achieve implementation with the graduating class proposed under the waiver. The state board of education shall grant a waiver under this subsection (1) ~~((d))~~ (e) to an applying school district at the next subsequent meeting of the board after receiving an application.

(iii) A school district must update the high school and beyond plans for each student who has not earned a score of level 3 or level 4 on the middle school mathematics assessment identified in RCW 28A.655.070 by ninth grade, to ensure that the student takes a mathematics course in both ninth and tenth grades. This course may include career and technical education equivalencies in mathematics adopted pursuant to RCW 28A.230.097.

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have

sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school

courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

Sec. 5. RCW 28A.655.061 and 2015 3rd sp.s. c 42 s 2 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the statewide student assessment, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and, if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) (a) Beginning with the graduating class of 2008 through the graduating class of 2015, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics high school statewide student assessment shall earn a certificate of academic achievement. The mathematics assessment shall be the end-of-course assessment for the first year of high school mathematics that assesses the standards common to algebra I and integrated mathematics I or the end-of-course assessment for the second year of high school mathematics that assesses standards common to geometry and integrated mathematics II.

(b) As the state transitions from reading and writing assessments to an English language arts assessment and from end-of-course assessments to a comprehensive assessment for high school mathematics, a student in a graduating class of 2016 through 2018 shall earn a certificate of academic achievement if the student meets the state standard as follows:

(i) Students in the graduating class of 2016 may use the results from:

(A) The reading and writing assessment or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(ii) Students in the graduating classes of 2017 and 2018 may use the results from:

(A) The tenth grade English language arts assessment developed by the superintendent of public instruction using resources from the multistate consortium or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(c) Beginning with the graduating class of 2019, a student who meets the state standards on the high school English language arts assessment developed with the multistate consortium and the comprehensive mathematics assessment developed with the multistate consortium shall earn a certificate of academic achievement.

(d) If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area at least twice a year at no cost to the student. If the student successfully meets the state standards on a retake of the

assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the statewide student assessment at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning with the graduating class of ~~((2017))~~ 2021, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the statewide student assessment, a retake, or the objective alternative assessments in order to earn a certificate of academic achievement. The assessment under this subsection must be a comprehensive assessment of the science essential academic learning requirements adopted by the superintendent of public instruction in 2013.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

(a) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges

shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the SAT or the ACT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the statewide student assessment. A student's score on the science portion of the ACT or the science subject area tests of the SAT may be used as an objective alternative assessment under this section as soon as the state board of education determines that sufficient data is available to identify reliable equivalent scores for the science content area of the statewide

student assessment. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examination in biology, physics, chemistry, or environmental science may be used as an alternative assessment for the science portion of the statewide student assessment.

(iii) A student who scores at least a four on selected externally administered international baccalaureate (IB) examinations may use the score as an objective alternative assessment under this section for demonstrating that the student has met or exceeded state standards for the certificate of academic achievement. A score of four on the higher level IB examinations for any of the IB English language and literature courses or for any of the IB individuals and societies courses may be used as an alternative assessment for the reading, writing, or English language arts portions of the statewide student assessment. A score of four on the higher level IB examinations for any of the IB

mathematics courses may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of four on the higher level IB examinations for IB biology, chemistry, or physics may be used as an alternative assessment for the science portion of the statewide student assessment.

(11) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection. Student learning plans are required for eighth grade students who were not successful on any or all of the content areas of the state assessment during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

(a) The student's results on the state assessment;

(b) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;

(c) Any credit deficiencies;

(d) The student's attendance rates over the previous two years;

(e) The student's progress toward meeting state and local graduation requirements;

(f) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;

(g) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;

(h) The alternative assessment options available to students under this section and RCW 28A.655.065;

(i) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and

(j) Available programs offered through skill centers or community and technical colleges, including the college high school diploma options under RCW 28B.50.535.

Sec. 6. RCW 28A.655.068 and 2013 2nd sp.s. c 22 s 4 are each amended to read as follows:

(1) Beginning in the 2011-12 school year, the statewide high school assessment in science shall be an end-of-course assessment for biology that measures the state standards for life sciences, in addition to systems, inquiry, and application as they pertain to life sciences.

(2) (a) The superintendent of public instruction may develop or adopt science end-of-course assessments or a comprehensive science assessment that includes subjects in addition to biology for purposes of RCW 28A.655.061, when so directed by the legislature. The legislature intends to transition from a biology end-of-course assessment to a more comprehensive science assessment in a manner consistent with the way in which the state transitioned to an English language arts assessment and a comprehensive mathematics assessment. The legislature further intends that the transition will include at least two years of using the student assessment results from either the biology end-of-course assessment or the more comprehensive assessment in order to provide students with reasonable opportunities to demonstrate high school competencies while being mindful of the increasing rigor of the new assessment.

(b) The superintendent of public instruction shall develop or adopt a science assessment in accordance with RCW 28A.655.070(10) that is not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(c) Before the next subsequent school year after the legislature directs the superintendent to develop or adopt a new science assessment, the superintendent of public instruction

shall review the objective alternative assessments for the science assessment and make recommendations to the legislature regarding additional objective alternatives, if any.

(3) The superintendent of public instruction may participate with consortia of multiple states as common student learning standards and assessments in science are developed. The superintendent of public instruction, in consultation with the state board of education, may modify the essential academic learning requirements and statewide student assessments in science, including the high school assessment, according to the multistate common student learning standards and assessments as long as the education committees of the legislature have opportunities for review before the modifications are adopted, as provided under RCW 28A.655.070.

(4) The statewide high school assessment under this section shall be used to demonstrate that a student meets the state standards in the science content area of the statewide student assessment ~~((for purposes of))~~ until a comprehensive science assessment is required under RCW 28A.655.061.

NEW SECTION. Sec. 7. Section 5 of this act applies retroactively to students in the graduating class of 2017.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

No member shall speak more than twice on the same question without leave of the house: PROVIDED, That the chair of the committee or the mover of the question may close debate if it is consistent with Rule 18 (Previous Question).

Rules of Debate

Rule 17. The rules for debate in the house are as follows:

(A) QUESTION OF PRIVILEGE. Any member may rise to a question of privilege and explain a personal matter, by leave of the speaker, but the member shall not discuss any pending question in such explanations.

(B) WITHDRAWAL OF MOTION, BILL, ETC. After a motion is stated by the speaker or a bill, memorial, resolution, petition, or remonstrance is read by the clerk, it shall be deemed to be in possession of the house, but may be withdrawn by consent of the house at any time before decision or amendment.

(C) READING OF A PAPER. When the reading of any paper is called for and is objected to by any member, it shall be determined by a vote of the house.

(D) DISTRIBUTION OF MATERIALS. Any materials of any nature distributed to the members' desks on the floor shall be subject to approval by the speaker and shall bear the name of at least one member granting permission for the distribution. This shall not apply to materials normally distributed by the chief clerk.

(E) ORDER OF QUESTIONS. All questions, whether in committee or in the house, shall be propounded

in the order in which they are named except that in filling blanks, the largest sum and the longest time shall be put first.

(F) DIVISION OF POINTS OF DEBATE. Any member may call for a division of a question which shall be divided if it embraces subjects so distinct that one being taken away a substantive proposition shall remain for the decision of the house; but a motion to strike out and to insert shall not be divided. The rejection of a motion to strike out and to insert one proposition shall not prevent a motion to strike out and to insert a different proposition.

(G) DECORUM OF MEMBERS. While the speaker is putting the question, no member shall walk across or out of the house; nor when a member is speaking shall any member entertain private discourse or pass between the speaking member and the rostrum.

(H) REMARKS CONFINED. A member shall confine all remarks to the question under debate and avoid personalities. No member shall impugn the motive of any member's vote or argument.

(I) EXCEPTION TO WORDS SPOKEN IN DEBATE. If any member be called to order for words spoken in debate, the person calling the member to order shall repeat the words excepted to and they shall be taken down in writing at the clerk's table. No member shall be held in answer or be subject to the censure of the house for words spoken in debate if any other member has spoken before exception to them shall have been taken.

(J) TRANSGRESSION OF RULES - APPEAL. If any member, in speaking or otherwise, transgresses the rules of the house the speaker shall, or any member may, call the member to order, in which case the member so called to order shall immediately sit down unless permitted to explain; and the house shall, if appealed to, decide the case without debate; if there be no appeal, the decision of the chair shall prevail.

If the decision be in favor of the member called to order, the member shall be at liberty to proceed; if otherwise, and the case shall require it, the member shall be liable to the censure of the house.

Ending of Debate - Previous Question

Rule 18. The previous question may be ordered by a two-thirds (2/3) vote of the members present on all recognized motions or amendments which are debatable.

The previous question is not debatable and cannot be amended.

The previous question shall be put in this form: "Representative _____ demands the previous question. As many as are in favor of ordering the previous

question will say 'Aye'; as many as are opposed will say 'No'."

The results of the motion are as follows: If determined in the negative, the consideration goes on as if the motion had never been made; if decided in the affirmative it shall have the effect of cutting off all debate and bringing the house to a direct vote upon the motion or amendment on which it has been ordered: PROVIDED HOWEVER, That when a bill is on final passage or when the motion to postpone indefinitely is pending, one of the sponsors of the bill or the chair of the committee may have the privilege of closing debate after the previous question has been ordered.

If an adjournment is had after the previous question is ordered, the motion or proposition on which the previous question was ordered shall be put to the house immediately following the approval of the journal on the next working day, thus making the main question privileged over all other business, whether new or unfinished.

Voting

Rule 19. (A) PUTTING OF QUESTION. The speaker shall put the question in the following form: "The question before the house is (state the question). As many as are in favor say 'Aye'; and after the affirmative vote is expressed, "as many as are opposed say 'No'."

(B) ALL MEMBERS TO VOTE. Every member who was in the house when the question was put shall vote unless, for special reasons, excused by the house.

All motions to excuse a member shall be made before the house divides or before the call for yeas and nays is commenced; and any member requesting to be excused from voting may make a brief and verbal statement of the reasons for making such request, and the question shall then be taken without further debate.

Upon a division and count of the house on the question, only members at their desks within the bar of the house shall be counted.

(C) CHANGE OF VOTE. When the electric roll call machine is used, no member shall be allowed to vote or change a vote after the speaker has locked the roll call machine. When an oral roll call is taken, no member shall be allowed to vote or change a vote after the result has been announced.

(D) PRIVATE INTEREST. No member shall vote on any question which affects that member privately and particularly. A member who has a private interest in any bill or measure proposed or pending before the legislature shall disclose the fact to the house of which he is a member, and shall not vote thereon. (Art. II § 30)

(E) INTERRUPTION OF ROLL CALL. Once begun, the roll call may not be interrupted. No member or

other person shall visit or remain at the clerk's desk while the yeas and nays are being called.

(F) YEAS AND NAYS - RECORDED VOTES. Upon the final passage of any bill, the vote shall be taken by yeas and nays and shall be recorded by the electric voting system: PROVIDED, HOWEVER, That an oral roll call shall be ordered when demanded by one-sixth (1/6) of the members present. (Art. II § 21)

The speaker may vote last when the yeas and nays are called.

When the vote is by electric voting machine or by oral roll call on any question, it shall be entered upon the journal of the house. A recorded vote may be compelled by one-sixth (1/6) of the members present. A request for a recorded vote must be made before the vote is commenced.

(G) TIE VOTE, QUESTION LOSES. In case of an equal division, the question shall be lost.

(H) DIVISION. If the speaker is in doubt, or if division is called for by any member, the house shall divide.

(I) STATEMENT FOR JOURNAL. A member whose recorded vote does not accurately reflect his or her intent may submit a written statement for the journal clarifying their intent to vote aye or nay. The statement must be submitted to the chief clerk on the same day the vote is taken. A member who is excused for one or more days of recorded votes may submit a written statement for the journal explaining the reason for his or her absence. The statement may not exceed fifty words and must be submitted to the chief clerk on the same day the member returns.

Reconsideration

Rule 20. Notice of a motion for reconsideration on the final passage of bills shall be made on the day the vote to be reconsidered was taken and before the house has voted to transmit the bill to the senate.

Reconsideration of the votes on the final passage of bills must be taken on the next working day after such vote was taken: PROVIDED, That on and after the fifth day prior to the day of adjournment sine die of any session, as determined pursuant to Article II, Section 12 of the state Constitution, or concurrent resolution, or on and after the third day prior to the day a bill must be reported from the house as established by concurrent resolution, then reconsideration of votes on the final passage of bills must be taken on the same day as the original vote was taken.

A motion to reconsider an amendment may be made at any time the bill remains on second reading.

Any member who voted on the prevailing side may move for reconsideration or give notice thereof.

A motion to reconsider can be decided only once when decided in the negative.

When a motion to reconsider has been carried, its effect shall be to place the original question before the house in the exact position it occupied before it was voted upon.

Call of the House

Rule 21. One-sixth (1/6) of the members present may demand a call of the house at any time before the house has divided or the voting has commenced by yeas and nays.

(A) DOORS TO BE CLOSED. When call of the house has been ordered, the sergeant at arms shall close and lock the doors, and no member shall be allowed to leave the chamber: PROVIDED, That the rules committee shall be allowed to meet, upon request of the speaker, while the house stands at ease: AND PROVIDED FURTHER, That the speaker may permit members to use such portions of the fourth floor as may be properly secured.

(B) SERGEANT AT ARMS TO BRING IN THE ABSENTEES. The clerk shall immediately call a roll of the members and note the absentees, whose names shall be read and entered upon the journal in such manner as to show who are excused and who are absent without leave.

The clerk shall furnish the sergeant at arms with a list of those who are absent without leave, and the sergeant at arms shall proceed to bring in such absentees; but arrests of members for absence shall not be made unless ordered by a majority of the members present.

(C) HOUSE UNDER CALL. While the house is under a call, no business shall be transacted except to receive and act on the report of the sergeant at arms; and no other motion shall be in order except a motion to proceed with business under the call of the house, a motion to excuse absentees, or a motion to dispense with the call of the house. The motion to proceed with business under the call of the house and the motion to excuse absent members shall not be adopted unless a majority of the members elected vote in favor thereof. The motion to dispense with the call of the house may be adopted by a majority of the members present.

Appeal from Decision of Chair

Rule 22. The decision of the chair may be appealed from by any member, on which appeal no member shall speak more than once unless by leave of the house. In all cases of appeal, the question shall be: "Shall the decision of the chair stand as the judgment of the house?"

"NEW SECTION. Sec. 1. FINDINGS. (1) The legislature finds that state services are not currently organized and delivered in a way that achieves the optimal outcomes for children, youth, and families. The legislature believes that, to improve service delivery and outcomes, existing services must be restructured into a comprehensive agency dedicated to the safety, development, and well-being of children that emphasizes prevention, early childhood development, and early intervention, and supporting parents to be their children's first and most important teachers.

(2) The legislature finds that:

(a) The early years of a child's life are critical to the child's healthy brain development and that the quality of caregiving during the early years can significantly impact the child's intellectual, social, and emotional development;

(b) A successful outcome for every child obtaining a K-12 education depends on children being prepared from birth for academic and social success in school. For children at risk of school failure, the opportunity gap often emerges as early as eighteen months of age;

(c) A more cohesive and integrated early learning system has been established that provides a solid foundation for further improvements in the quality and availability of early learning programs; and

(d) Increasing the availability of high quality services for children ages birth to three and their parents or caregivers will result in improved school and life outcomes.

(3) Research is clear that quality culturally and linguistically responsive early care and education builds the foundation for a child's success in school and in life. In restructuring early learning and child welfare services, the legislature seeks to build on the success of Washington's early learning efforts to assure children most at risk of

experiencing adversity are provided high quality early learning experiences.

(4) The legislature finds that advancements in research and science have identified indicators of risk, how they impact healthy development, and the critical importance of stable, nurturing relationships, particularly in the early years. Services for families and children should be prioritized for those who are most at risk of neglect, physical harm, and other adverse factors.

(5) The legislature finds that a focus on adolescent development is needed to ensure that effective supports and interventions are targeted to support adolescents successfully transitioning to adulthood. Youth known to both the child welfare and juvenile justice systems often suffer from childhood trauma, have multisystem involvement, and experience homelessness. Increased integration of the child welfare and juvenile justice systems can increase opportunities for prevention and improve outcomes for youth in both systems.

(6) The legislature finds that children and youth of color are disproportionately impacted at every point in the child welfare and juvenile justice systems. The department of children, youth, and families must prioritize addressing equity, disproportionality, and disparity in service delivery and outcomes, and provide transparent, frequent reporting of outcomes by race, ethnicity, and geography. The legislature finds that the state values the partnership with tribes in providing services for our children and youth and intends to honor the government-to-government relationship between the state and tribes.

(7) The department of children, youth, and families must be anchored in a culture of innovation, transparency, accountability, rigorous data analysis, and reliance on research and evidence-based interventions.

(8) The legislature finds that the public expects an effective service delivery system that is comprehensive, accountable, and goes beyond a single department's role. For this reason, the legislature is creating a mechanism in the department of children, youth, and families to align, integrate, and ensure accountability of state services for children, youth, and their families across state agencies so that there is a seamless, effective, prevention and early

intervention-based service system regardless of which state agency is responsible for particular services.

(9) The legislature finds that the work of the department of children, youth, and families will only be as successful as the workforce—both the agency employees and community-based providers. Increased support for the professionals working with children, youth, and families is critical to improving outcomes.

(10) The legislature further finds that other states have successfully established integrated departments dedicated to serving children, youth, and families. These departments have improved the visibility of child and family issues, increased authority and accountability, enabled system improvements, and created a stronger focus on improving child outcomes.

PART I

DEPARTMENT OF CHILDREN, YOUTH, AND FAMILIES CREATED

NEW SECTION. **Sec. 101.** (1) (a) The department of children, youth, and families is created as an executive branch agency. of a foster child currently placed with a foster family;

(iv) Improving reconciliation of children and youth with their families as measured by: (A) Increasing family reunification; and (B) increasing the number of youth who are reunified with their family of origin;

(vii) In collaboration with county juvenile justice programs, reducing criminal justice involvement and recidivism as measured by: (A) An increase in the number of youth who successfully complete the terms of diversion or alternative sentencing options; (B) a decrease in the number of youth who commit subsequent crimes; and (C) eliminating the discharge of youth from institutional settings into homelessness; and

(viii) Reducing racial and ethnic disproportionality and disparities in system involvement and across child and youth outcomes in collaboration with other state agencies.

(2) The objectives of the early achievers program are to:

By July 1, 2017, the department and the office of the superintendent of public instruction shall jointly design a plan to incorporate school-age child care providers into the early achievers program or other appropriate quality improvement system. To test implementation of the early achievers system for school-age child care providers the department and the office of the superintendent of public instruction shall implement a pilot program.

(4) There are five levels in the early achievers program. Participants are expected to actively engage and continually advance within the program.

(5) The department has the authority to determine the rating cycle for the early achievers program. The department shall streamline and eliminate duplication between early achievers standards and state child care rules in order to reduce costs associated with the early achievers rating cycle and child care licensing.

(a) Early achievers program participants may request to be rated at any time after the completion of all level 2 activities.

(b) The department shall provide an early achievers program participant an update on the participant's progress toward completing level 2 activities after the participant has been enrolled in the early achievers program for fifteen months.

The licensing history that the department must provide for parents and caregivers pursuant to this subsection shall only include license suspension, surrender, revocation, denial, stayed suspension, or reinstatement. No unfounded child abuse or neglect reports may be provided to parents and caregivers pursuant to this subsection.

(b) The department shall publish to the department's web site, or offer a link on its web site to, the following information:

(a) The department may grant extensions only under exceptional circumstances, such as when early achievers program participants experience an unexpected life circumstance.

(c) Extensions may only be granted to early achievers program participants who have demonstrated engagement in the early achievers program.

(11)(a) The department shall accept national accreditation that meets the requirements of this subsection (11) as a qualification for the early achievers program ratings.

(13) A child care or early learning program that is operated by a federally recognized tribe and receives state funds shall participate in the early achievers program. The tribe may choose to participate through an interlocal agreement between the tribe and the department. The interlocal agreement must reflect the government-to-government relationship between the state and the tribe, including recognition of tribal sovereignty. The interlocal agreement must provide that:

(a) Tribal child care facilities and early learning programs may volunteer, but are not required, to be licensed by the department;

(b) Tribal child care facilities and early learning programs are not required to have their early achievers program rating level published to the department's web site or through a link on the department's web site; and

(c) Tribal child care facilities and early learning programs must provide notification to parents or guardians who apply for or have been admitted into their program that early achievers program rating level information is available and provide the parents or guardians with the program's early achievers program rating level upon request.

(14) The department shall consult with the early achievers review subcommittee on all substantial policy changes to the early achievers program.

(15) Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects or limits the legislature's authority to make programmatic modifications to licensed child care and early learning programs under RCW 41.56.028(4)(d).

NEW SECTION. Sec. 114. The internal review process must provide the parties with a written decision of the outcome after completion of the internal review process. A licensee must request a review under the internal review process within ten days of the development of a child care facility licensing compliance agreement and the internal review process must be completed within thirty days after the request from the licensee to initiate the internal review process is received.

(5) A licensee may request a final review by the oversight board for children, youth, and families after completing the internal review process established in this section by giving notice to the department and the oversight board for children, youth, and families within ten days of receiving the written decision produced by the internal review process.

(6) The department shall not develop a child care facility licensing compliance agreement with a child care provider for first-time violations of rules that do not relate to health and safety standards and that can be corrected on the same day that the violation is identified. The licensee and the prospective employee may share these costs.

(c) The ~~((director))~~ secretary shall use the fingerprint criminal history record check information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children.

Emergent placement investigations are those conducted prior to a shelter care hearing under RCW 13.34.065.

(2) The department of ~~((social and health services))~~ children, youth, and families and its employees shall comply with the orders of the court, including shelter care and other dependency orders, and are not liable for acts performed to comply with such court orders. Sec. 302. RCW 13.34.030 and 2017 c 276 s 2 are each amended to read as follows:

~~((For purposes of))~~ The definitions in this section apply throughout this chapter(+) unless the context clearly requires otherwise.

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child," "juvenile," and "youth" mean ~~((s))~~:

(a) Any individual under the age of eighteen years; or

(b) Any individual age eighteen to twenty-one years who is eligible to receive and who elects to receive the extended foster care services authorized under RCW 74.13.031. A youth who remains dependent and who receives extended foster care services under RCW 74.13.031 shall not be considered a "child" under any other statute or for any other purpose.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(7) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary of the department of social and health services to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual.

A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(12) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(13) "Housing assistance" means appropriate referrals by the department or other supervising agencies to federal, state, local, or private agencies or organizations, assistance with forms, applications, or financial subsidies or other monetary assistance for housing. (17) "Parent" means the biological or adoptive parents of a child, or an individual who has established a parent-child relationship under RCW 26.26.101, unless the legal rights of that person have been terminated by a judicial proceeding pursuant to this chapter, chapter 26.33 RCW, or the equivalent laws of another state or a federally recognized Indian tribe.

(18) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services, including housing assistance, capable of preventing the need for out-of-home placement while protecting the child.

(21) "Social study" means a written evaluation of matters relevant to the disposition of the case and shall contain the following information:

(a) A statement of the specific harm or harms to the child that intervention is designed to alleviate;

(b) A description of the specific services and activities, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such services and activities are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered. The description shall identify the services chosen and approved by the parent;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the preventive services, including housing assistance, that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal;

(e) A description of the steps that will be taken to minimize the harm to the child that may result if separation occurs including an assessment of the child's relationship and emotional bond with any siblings, and the agency's plan to provide ongoing contact between the child and the child's siblings if appropriate; and

(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

(22) "Supervised independent living" includes, but is not limited to, apartment living, room and board arrangements, college or university dormitories, and shared roommate settings. Supervised independent living settings must be approved by the children's administration or the court.

74.15.090, or licensed by a federally recognized Indian tribe located in this state under RCW 74.15.190, that has entered into a performance-based contract with the department to provide case management for the delivery and documentation of child welfare services as defined in RCW 74.13.020.

(24) "Voluntary placement agreement" means, for the purposes of extended foster care services, a written voluntary agreement between a nonminor dependent who agrees to submit to the care and authority of the department for the purposes of participating in the extended foster care program.

Sec. 303. RCW 13.34.090 and 2000 c 122 s 10 are each amended to read as follows:

(1) Any party has a right to be represented by an attorney in all proceedings under this chapter, to introduce evidence, to be heard in his or her own behalf, to examine witnesses, to receive a decision based solely on the evidence adduced at the hearing, and to an unbiased fact finder.

(2) At all stages of a proceeding in which a child is alleged to be dependent, the child's parent, guardian, or legal custodian has the right to be represented by counsel, and if indigent, to have counsel appointed for him or her by the court. Unless waived in court, counsel shall be provided to the child's parent, guardian, or legal custodian, if such person (a) has appeared in the proceeding or requested the court to appoint counsel and (b) is financially unable to obtain counsel because of indigency.

(3) If a party to an action under this chapter is represented by counsel, no order shall be provided to that party for his or her signature without prior notice and provision of the order to counsel.

(4) Copies of department (~~of social and health services~~) or supervising agency records to which parents have legal access pursuant to chapter 13.50 RCW shall be given to the child's parent, guardian, legal custodian, or his or her legal counsel, prior to any shelter care hearing and within fifteen days after the department or supervising agency receives a written request for such records from the parent, guardian, legal custodian, or his or her legal counsel. These records shall be provided to the child's parents, guardian, legal custodian, or legal counsel a reasonable period of time prior to the shelter care hearing in order to

allow an opportunity to review the records prior to the hearing. These records shall be legible and shall be provided at no expense to the parents, guardian, legal custodian, or his or her counsel. When the records are served on legal counsel, legal counsel shall have the opportunity to review the records with the parents and shall review the records with the parents prior to the shelter care hearing.

Sec. 304. RCW 13.34.096 and 2016 c 180 s 1 are each amended to read as follows:

(1) The department or supervising agency shall provide the child's foster parents, preadoptive parents, or other caregivers with timely and adequate notice of their right to be heard prior to each proceeding held with respect to the child in juvenile court under this chapter. For purposes of this section, "timely and adequate notice" means notice at the time the department would be required to give notice to parties to the case and by any means reasonably certain of notifying the foster parents, preadoptive parents, or other caregivers, including but not limited to written, telephone, or in person oral notification. For emergency hearings, the department shall give notice to foster parents, preadoptive parents, or other caregivers as soon as is practicable. For six-month review and annual permanency hearings, the department shall give notice to foster parents upon placement or as soon as practicable.

(2) The court shall establish and include in the court record after every hearing for which the department or supervising agency is required to provide notice to the child's foster parents, preadoptive parents, and caregivers whether the department provided adequate and timely notice, whether a caregiver's report was received by the court, and whether the court provided the child's foster parents, preadoptive parents, or caregivers with an opportunity to be heard in court. For purposes of this section, "caregiver's report" means a form provided by the department (~~of social and health services~~) to a child's foster parents, preadoptive parents, or caregivers that provides an opportunity for those individuals to share information about the child with the court before a court hearing. A caregiver's report shall not include information related to a child's biological parent that is not directly related to the child's well-being.

(3) Absent exigent circumstances, the department shall provide the child's

foster family home notice of expected placement changes as required by RCW 74.13.300.

(4) The rights to notice and to be heard apply only to persons with whom a child has been placed by the department or supervising agency and who are providing care to the child at the time of the proceeding. This section shall not be construed to grant party status to any person solely on the basis of such notice and right to be heard.

Sec. 305. RCW 13.34.110 and 2007 c 220 s 9 are each amended to read as follows:

(1) The court shall hold a fact-finding hearing on the petition and, unless the court dismisses the petition, shall make written findings of fact, stating the reasons therefor. The rules of evidence shall apply at the fact-finding hearing and the parent, guardian, or legal custodian of the child shall have all of the rights provided in RCW 13.34.090(1). The petitioner shall have the burden of establishing by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030.

(2) The court in a fact-finding hearing may consider the history of past involvement of child protective services or law enforcement agencies with the family for the purpose of establishing a pattern of conduct, behavior, or inaction with regard to the health, safety, or welfare of the child on the part of the child's parent, guardian, or legal custodian, or for the purpose of establishing that reasonable efforts have been made by the department to prevent or eliminate the need for removal of the child from the child's home. No report of child abuse or neglect that has been destroyed or expunged under RCW 26.44.031 may be used for such purposes.

(3)(a) The parent, guardian, or legal custodian of the child may waive his or her right to a fact-finding hearing by stipulating or agreeing to the entry of an order of dependency establishing that the child is dependent within the meaning of RCW 13.34.030. The parent, guardian, or legal custodian may also stipulate or agree to an order of disposition pursuant to RCW 13.34.130 at the same time. Any stipulated or agreed order of dependency or disposition must be signed by the parent, guardian, or legal custodian and his or her attorney, unless the parent, guardian, or legal custodian has waived his or her right to an attorney in open

court, and by the petitioner and the attorney, guardian ad litem, or court-appointed special advocate for the child, if any. If the department (~~of social and health services~~) is not the petitioner and is required by the order to supervise the placement of the child or provide services to any party, the department must also agree to and sign the order.

(b) Entry of any stipulated or agreed order of dependency or disposition is subject to approval by the court. The court shall receive and review a social study before entering a stipulated or agreed order and shall consider whether the order is consistent with the allegations of the dependency petition and the problems that necessitated the child's placement in out-of-home care. No social file or social study may be considered by the court in connection with the fact-finding hearing or prior to factual determination, except as otherwise admissible under the rules of evidence.

(c) Prior to the entry of any stipulated or agreed order of dependency, the parent, guardian, or legal custodian of the child and his or her attorney must appear before the court and the court within available resources must inquire and establish on the record that:

(i) The parent, guardian, or legal custodian understands the terms of the order or orders he or she has signed, including his or her responsibility to participate in remedial services as provided in any disposition order;

(ii) The parent, guardian, or legal custodian understands that entry of the order starts a process that could result in the filing of a petition to terminate his or her relationship with the child within the time frames required by state and federal law if he or she fails to comply with the terms of the dependency or disposition orders or fails to substantially remedy the problems that necessitated the child's placement in out-of-home care;

(iii) The parent, guardian, or legal custodian understands that the entry of the stipulated or agreed order of dependency is an admission that the child is dependent within the meaning of RCW 13.34.030 and shall have the same legal effect as a finding by the court that the child is dependent by at least a preponderance of the evidence, and that the parent, guardian, or legal custodian shall not have the right in any subsequent

proceeding for termination of parental rights or dependency guardianship pursuant to this chapter or nonparental custody pursuant to chapter 26.10 RCW to challenge or dispute the fact that the child was found to be dependent; and

(iv) The parent, guardian, or legal custodian knowingly and willingly stipulated and agreed to and signed the order or orders, without duress, and without misrepresentation or fraud by any other party.

If a parent, guardian, or legal custodian fails to appear before the court after stipulating or agreeing to entry of an order of dependency, the court may enter the order upon a finding that the parent, guardian, or legal custodian had actual notice of the right to appear before the court and chose not to do so. The court may require other parties to the order, including the attorney for the parent, guardian, or legal custodian, to appear and advise the court of the parent's, guardian's, or legal custodian's notice of the right to appear and understanding of the factors specified in this subsection. A parent, guardian, or legal custodian may choose to waive his or her presence at the in-court hearing for entry of the stipulated or agreed order of dependency by submitting to the court through counsel a completed stipulated or agreed dependency fact-finding/disposition statement in a form determined by the Washington state supreme court pursuant to General Rule GR 9.

(4) Immediately after the entry of the findings of fact, the court shall hold a disposition hearing, unless there is good cause for continuing the matter for up to fourteen days. If good cause is shown, the case may be continued for longer than fourteen days. Notice of the time and place of the continued hearing may be given in open court. If notice in open court is not given to a party, that party shall be notified by certified mail of the time and place of any continued hearing. Unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or efforts to reunite the parent and child would be hindered, the court shall direct the department to notify those adult persons who: (a) Are related by blood or marriage to the child in the following degrees: Parent, grandparent, brother, sister, stepparent, stepbrother, stepsister, uncle, or aunt; (b) are known to the department as having been in contact with

the family or child within the past twelve months; and (c) would be an appropriate placement for the child. Reasonable cause to dispense with notification to a parent under this section must be proved by clear, cogent, and convincing evidence.

The parties need not appear at the fact-finding or dispositional hearing if the parties, their attorneys, the guardian ad litem, and court-appointed special advocates, if any, are all in agreement.

Sec. 306. RCW 13.34.136 and 2015 c 270 s 1 are each amended to read as follows:

(1) Whenever a child is ordered removed from the home, a permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(2) The agency supervising the dependency shall submit a written permanency plan to all parties and the court not less than fourteen days prior to the scheduled hearing. Responsive reports of parties not in agreement with the department's or supervising agency's proposed permanency plan must be provided to the department or supervising agency, all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption, including a tribal customary adoption as defined in RCW 13.38.040; guardianship; permanent legal custody; long-term relative or foster care, if the child is between ages sixteen and eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. Although a permanency plan of care may only identify long-term relative or foster care for children between ages sixteen and eighteen, children under sixteen may remain placed with relatives or in foster

care. The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the supervising agency or the department will take to promote existing appropriate sibling relationships and/or facilitate placement together or contact in accordance with the best interests of each child, and what actions the department or supervising agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The department's or supervising agency's plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement.

(A) If the parent is incarcerated, the plan must address how the parent will participate in the case conference and permanency planning meetings and, where possible, must include treatment that reflects the resources available at the facility where the parent is confined. The plan must provide for visitation opportunities, unless visitation is not in the best interests of the child.

(B) If a parent has a developmental disability according to the definition provided in RCW 71A.10.020, and that individual is eligible for services provided by the department of social and health services developmental disabilities administration, the department shall make reasonable efforts to consult with the department of social and health services developmental disabilities administration to create an appropriate plan for services. For individuals who meet the definition of developmental disability provided in RCW 71A.10.020 and who are eligible for services through the developmental disabilities administration, the plan for services must be tailored to correct the parental deficiency taking into consideration the parent's disability and the department shall also determine an

appropriate method to offer those services based on the parent's disability.

(ii) (A) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The supervising agency or department shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement.

(B) Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation.

(C) Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. When a parent or sibling has been identified as a suspect in an active criminal investigation for a violent crime that, if the allegations are true, would impact the safety of the child, the department shall make a concerted effort to consult with the assigned law enforcement officer in the criminal case before recommending any changes in parent/child or child/sibling contact. In the event that the law enforcement officer has information pertaining to the criminal case that may have serious implications for child safety or well-being, the law enforcement officer shall provide this information to the department during the consultation. The department may only use the information provided by law enforcement during the consultation to inform family visitation plans and may not share or otherwise distribute the information to any person or entity. Any information provided to the department by law enforcement during the consultation is considered investigative information and is exempt from public inspection pursuant to RCW 42.56.240. The results of the consultation shall be communicated to the court.

(D) The court and the department or supervising agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for

visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii)(A) The department, court, or caregiver in the out-of-home placement may not limit visitation or contact between a child and sibling as a sanction for a child's behavior or as an incentive to the child to change his or her behavior.

(B) Any exceptions, limitation, or denial of contacts or visitation must be approved by the supervisor of the department caseworker and documented. The child, parent, department, guardian ad litem, or court-appointed special advocate may challenge the denial of visits in court.

(iv) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(v) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department or supervising agency.

(vi) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

(vii) The supervising agency or department shall provide all reasonable services that are available within the department or supervising agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The department or supervising agency shall not be required to develop a plan of services for

the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

(3) Permanency planning goals should be achieved at the earliest possible date. If the child has been in out-of-home care for fifteen of the most recent twenty-two months, and the court has not made a good cause exception, the court shall require the department or supervising agency to file a petition seeking termination of parental rights in accordance with RCW 13.34.145(4)(b)(vi). In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(6). Whenever the permanency plan for a child is adoption, the court shall encourage the prospective adoptive parents, birth parents, foster parents, kinship caregivers, and the department or other supervising agency to seriously consider the long-term benefits to the child adoptee and his or her siblings of providing for and facilitating continuing postadoption contact between the siblings. To the extent that it is feasible, and when it is in the best interests of the child adoptee and his or her siblings, contact between the siblings should be frequent and of a similar nature as that which existed prior to the adoption. If the child adoptee or his or her siblings are represented by an attorney or guardian

ad litem in a proceeding under this chapter or in any other child custody proceeding, the court shall inquire of each attorney and guardian ad litem regarding the potential benefits of continuing contact between the siblings and the potential detriments of severing contact. This section does not require the department (~~(of social and health services)~~) or other supervising agency to agree to any specific provisions in an open adoption agreement and does not create a new obligation for the department to provide supervision or transportation for visits between siblings separated by adoption from foster care.

(7) For purposes related to permanency planning:

(a) "Guardianship" means a dependency guardianship or a legal guardianship pursuant to chapter 11.88 RCW or equivalent laws of another state or a federally recognized Indian tribe.

(b) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.

(c) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or a federally recognized Indian tribe.

Sec. 307. RCW 13.34.141 and 2009 c 484 s 1 are each amended to read as follows:

(1) After entry of a dispositional order pursuant to RCW 13.34.130 ordering placement of a child in out-of-home care, the department shall continue to encourage the parent, guardian, or custodian of the child to engage in services and maintain contact with the child, which shall be accomplished by attaching a standard notice to the services and safety plan to be provided in advance of hearings conducted pursuant to RCW 13.34.138.

(2) The notice shall be photocopied on contrasting paper to distinguish it from the services and safety plan to which it is attached, and shall be in substantially the following form:

"NOTICE

If you have not been maintaining consistent contact with your child in out-of-home care, your ability to reunify with your child may be jeopardized. If this is your situation, you need to be aware that you have important legal rights and must take steps to protect your interests.

1. The department of (~~social and health services~~) children, youth, and families (or other supervising agency) and the court have created a permanency plan for your child, including a primary placement plan and a secondary placement plan, and recommending services needed before your child can be placed in the primary or secondary placement. If you want the court to order that your child be reunified with you, you should notify your lawyer and the department, and you should carefully comply with court orders for services and participate regularly in visitation with your child. Failure to promptly engage in services or to maintain contact with your child may lead to the filing of a petition to terminate your rights as a parent.

2. Primary and secondary permanency plans are intended to run at the same time so that your child will have a permanent home as quickly as possible. Even if you want another parent or person to be the primary placement choice for your child, you should tell your lawyer, the department, and the court if you want to be the secondary placement option, and you should comply with any court orders for services and participate in visitation with your child. Early and consistent involvement in your child's case plan is important for the well-being of your child.

3. Dependency review hearings, and all other dependency case hearings, are legal proceedings with potentially serious consequences. Failure to participate, respond, or comply with court orders may lead to the loss of your parental rights."

Sec. 308. RCW 13.34.180 and 2013 c 173 s 4 are each amended to read as follows:

(1) A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party, including the supervising agency, to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040, shall be served upon the parties as provided in RCW 13.34.070(8), and shall allege all of the following unless subsection (3) or (4) of this section applies:

(a) That the child has been found to be a dependent child;

(b) That the court has entered a dispositional order pursuant to RCW 13.34.130;

(c) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency;

(d) That the services ordered under RCW 13.34.136 have been expressly and understandably offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been expressly and understandably offered or provided;

(e) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been clearly offered or provided. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:

(i) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documented multiple failed treatment attempts;

(ii) Psychological incapacity or mental deficiency of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; or

(iii) Failure of the parent to have contact with the child for an extended period of time after the filing of the dependency petition if the parent was provided an opportunity to have a

relationship with the child by the department or the court and received documented notice of the potential consequences of this failure, except that the actual inability of a parent to have visitation with the child including, but not limited to, mitigating circumstances such as a parent's current or prior incarceration or service in the military does not in and of itself constitute failure to have contact with the child; and

(f) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home. If the parent is incarcerated, the court shall consider whether a parent maintains a meaningful role in his or her child's life based on factors identified in RCW 13.34.145(5)(b); whether the department or supervising agency made reasonable efforts as defined in this chapter; and whether particular barriers existed as described in RCW 13.34.145(5)(b) including, but not limited to, delays or barriers experienced in keeping the agency apprised of his or her location and in accessing visitation or other meaningful contact with the child.

(2) As evidence of rebuttal to any presumption established pursuant to subsection (1)(e) of this section, the court may consider the particular constraints of a parent's current or prior incarceration. Such evidence may include, but is not limited to, delays or barriers a parent may experience in keeping the agency apprised of his or her location and in accessing visitation or other meaningful contact with the child.

(3) In lieu of the allegations in subsection (1) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found.

(4) In lieu of the allegations in subsection (1)(b) through (f) of this section, the petition may allege that the parent has been convicted of:

(a) Murder in the first degree, murder in the second degree, or homicide by abuse as defined in chapter 9A.32 RCW against another child of the parent;

(b) Manslaughter in the first degree or manslaughter in the second degree, as

defined in chapter 9A.32 RCW against another child of the parent;

(c) Attempting, conspiring, or soliciting another to commit one or more of the crimes listed in (a) or (b) of this subsection; or

(d) Assault in the first or second degree, as defined in chapter 9A.36 RCW, against the surviving child or another child of the parent.

(5) When a parent has been sentenced to a long-term incarceration and has maintained a meaningful role in the child's life considering the factors provided in RCW 13.34.145(5)(b), and it is in the best interest of the child, the department should consider a permanent placement that allows the parent to maintain a relationship with his or her child, such as, but not limited to, a guardianship pursuant to chapter 13.36 RCW.

(6) Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:

"NOTICE

(2) The administrative office of the courts shall submit the annual report required by this section to appropriate committees of the legislature by December 1st of each year, beginning on December 1, 2007. The administrative office of the courts shall also submit the annual report to a representative of the foster parent association of Washington state.
