(1) In addition to complying with any applicable federal program requirements, a student education loan servicer must comply with the following requirements:

(a) Any fee that is assessed by a student education loan servicer must be assessed within forty-five days of the date on which the fee was incurred and must be explained clearly and conspicuously in a statement mailed to the student education loan borrower at the student education loan borrower's last known address no more than thirty days after assessing the fee, or provided via email if the student education loan borrower has assented to receive electronic communications;

(b) All amounts received by a student education loan servicer on a student education loan at the address where the student education loan borrower has been instructed to make payments must be accepted and credited, or treated as credited, within one business day of the date received, provided that the student education loan borrower has provided sufficient information to credit the account. If a student education loan servicer uses the scheduled method of accounting, any regularly scheduled payment made prior to the scheduled due date must be credited no later than the due date. If any payment is received and not credited, or treated as credited, the student education loan borrower must be notified of the disposition of the payment within ten business days by mail at the student education loan borrower's last known address. The notification must identify the reason the payment was not credited or treated as credited to the account, as well as any actions the student education loan borrower must take to make the student education loan current;

(c) The student education loan servicer must make reasonable attempts to comply with a student education loan borrower's request for information about the student education loan account and to respond to any dispute initiated by the student education loan borrower about the student education loan account. The student education loan servicer:

(i) Must maintain written or electronic records of each written request for information regarding a dispute or error involving the student education loan borrower's account until the student education loan is paid in full, sold, or otherwise satisfied; and

(ii) Must provide a written statement to the student education loan borrower within fifteen business days of receipt of a written request from the student education loan borrower. The student education loan borrower's request must

include the name and account number, if any, of the student education loan borrower, a statement that the account is or may be in error, and sufficient detail regarding the information sought by the student education loan borrower to permit the student education loan servicer to comply. At a minimum, the student education loan servicer's response to the student education loan borrower's request must include the following information:

(A) Whether the account is current or, if the account is not current, an explanation of the default and the date the account went into default;

(B) The current balance due on the student education loan, including the principal due, the amount of funds, if any, held in a suspense account, if any, and whether there are any shortages known to the student education loan servicer;

(C) The identity, address, and other relevant information about the current holder, owner, or assignee of the student education loan; and

(2) In addition, a student education loan borrower may request more detailed information from a student education loan servicer, and the student education loan servicer must provide the information within fifteen business days of receipt of a written request from the student education loan borrower. The request must include the name and account number, if any, of the student education loan borrower, a statement that the account is or may be in error, and provide sufficient detail to the student education loan servicer regarding information sought by the student education loan borrower. If requested by the student education loan borrower this statement must include:

(a) A copy of the original note, or if unavailable, an affidavit of lost note; and

(b) A statement that identifies and itemizes all fees and charges assessed under the student education loan transaction and provides a full payment history identifying in a clear and conspicuous manner all of the debits, credits, application of and disbursement of all payments received from or for the

benefit of the student education loan borrower, and other activity on the student education loan including suspense account activity, if any. The period of the account history must cover at a minimum the two-year period prior to the date of the receipt of the request for information. If the student education loan servicer has not serviced the student education loan for the entire two-year time period the student education loan servicer must provide the information going back to the date on which the student education loan servicer began servicing the student education loan, and identify the previous student education loan servicer, if known. If the student education loan servicer claims that any delinquent or outstanding sums are owed on the student education loan prior to the two-year period or the period during which the student education loan servicer has serviced the student education loan, the student education loan servicer must provide an account history beginning with the month that the student education loan servicer claims any outstanding sums are owed on the student education loan up to the date of the request for the information. The student education loan borrower may request annually one statement free of charge.

(3) When acquiring servicing rights from another student education loan servicer, a receiving student education loan servicer must:

HOUSE BILL NO. 1728, by Representatives Sawyer, Smith, Caldier, Jinkins, Fey, Kloba, Ortiz-Self, Stanford and Frame)

Protecting minors from sexual exploitation.

The bill was read the second time.

Representative Shea moved the adoption of the striking amendment (148):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature must continue to act to aid law enforcement in their efforts to prevent the unthinkable acts of sexual abuse of children and the horrendous social and emotional trauma experienced by victims of child pornography by expanding the tools available for law enforcement. The legislature finds that the expansion of the internet and computer-related technologies have led to a dramatic increase in the production and availability of child pornography by simplifying how it can be created, distributed, and collected. Between 2005 and 2009, the national center for missing

and exploited children's child victim identification program has seen a four hundred thirty-two percent increase in child pornography films and files submitted for identification of the children depicted. The United States department of justice estimates that pornographers have recorded the abuse of more than one million children in the United States alone. Furthermore, there is a direct correlation between individuals who possess, download, and trade graphic images of child pornography and those who molest children. A well-known study conducted by crimes against children research center for the national center for missing and exploited children concluded that an estimated forty percent of those who possess child pornography have also directly victimized a child and fifteen percent have attempted to entice a child over the internet.

Victims of child pornography often experience severe and lasting harm from the permanent memorialization of the crimes committed against them. Child victims endure depression, withdrawal, anger, and other psychological disorders. Each and every time such an image is viewed, traded, printed, or downloaded, the child in that image is victimized again.

Investigators and prosecutors report serious challenges with combating child pornography because offenders can act anonymously on the internet. Investigators track the trading of child pornography by using internet protocol addresses, which are unique identifiers that each computer is assigned when it accesses the internet. Under federal law, if an internet service provider is presented with a subpoena and an internet protocol address by law enforcement, the provider must turn over the names and addresses of account holders matched to it. Access to such information allows investigators to efficiently evaluate investigative leads and determine whether to request a warrant for a specific internet user. The legislature finds that in investigations of child exploitation, the use of a special inquiry judge is the appropriate process for obtaining subpoenas for the production of records from electronic communications providers under a less than probable cause standard while maintaining judicial oversight.

NEW SECTION. Sec. 2. (1) In a criminal investigation of an offense involving the sexual exploitation of children under chapter 9.68A RCW, the prosecuting attorney shall use the special inquiry judge process established under chapter 10.27 RCW when the prosecuting attorney determines it is necessary to the investigation to subpoena a provider of electronic communication services or remote computing services to obtain records

"**Sec. 1.** RCW 9.96.060 and 2014 c 176 s 1 and 2014 c 109 s 1 are each reenacted and amended to read as follows:

(1) Every person convicted of a misdemeanor or gross misdemeanor offense who has completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. If the court finds the applicant meets the tests prescribed in subsection (2) of this section, the court may in its discretion vacate the record of conviction by: (a) (i) Permitting the applicant to withdraw the applicant's plea of guilty and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information, indictment, complaint, or citation against the applicant and vacating the judgment and sentence.

(2) An applicant may not have the record of conviction for a misdemeanor or gross misdemeanor offense vacated if any one of the following is present:

(a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court;

(b) The offense was a violent offense as defined in RCW 9.94A.030 or an attempt to commit a violent offense;

(c) The offense was a violation of RCW 46.61.502 (driving while under the influence), 46.61.504 (actual physical control while under the influence), 9.91.020 (operating a railroad, etc. while intoxicated), or the offense is considered a "prior offense" under RCW 46.61.5055 and the applicant has had a subsequent alcohol or drug violation within ten years of the date of arrest for the prior offense or less than ten years has elapsed since the date of the arrest for the prior offense;

(d) The offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 RCW (obscenity and pornography), chapter 9.68A RCW (sexual exploitation of children), or chapter 9A.44 RCW (sex offenses);

(e) The applicant was convicted of a misdemeanor or gross misdemeanor offense as defined in RCW 10.99.020, or the court determines after a review of the court file that the offense was committed by one family member or household member against another, or the court, after considering the damage to person or property that resulted in the conviction, any prior convictions for crimes defined in RCW

10.99.020, or for comparable offenses in another state or in federal court, and the totality of the records under review by the court regarding the conviction being considered for vacation, determines that the offense involved domestic violence, and any one of the following factors exist:

(i) The applicant has not provided written notification of the vacation petition to the prosecuting attorney's office that prosecuted the offense for which vacation is sought, or has not provided that notification to the court;

(ii) The applicant has previously had a conviction for domestic violence. For purposes of this subsection, however, if the current application is for more than one conviction that arose out of a single incident, none of those convictions counts as a previous conviction;

(iii) The applicant has signed an affidavit under penalty of perjury affirming that the applicant has not previously had a conviction for a domestic violence offense, and a criminal history check reveals that the applicant has had such a conviction; or

(iv) Less than five years have elapsed since the person completed the terms of the original conditions of the sentence, including any financial obligations and successful completion of any treatment ordered as a condition of sentencing;

(f) For any offense other than those described in (e) of this subsection, less than three years have passed since the person completed the terms of the sentence, including any financial obligations;

(g) The offender has been convicted of a new crime in this state, another state, or federal court since the date of conviction;

(h) The applicant has ever had the record of another conviction vacated; or

(i) The applicant is currently restrained, or has been restrained within five years prior to the vacation application, by a domestic violence protection order, a no-contact order, an antiharassment order, or a civil restraining order which restrains one party from contacting the other party.

(3) Subject to RCW 9.96.070, every person convicted of prostitution under RCW 9A.88.030 who committed the offense as a result of being a victim of trafficking,

RCW 9A.40.100, promoting prostitution in the first degree, RCW 9A.88.070, promoting commercial sexual abuse of a minor, RCW 9.68A.101, or trafficking in persons under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq. may apply to the sentencing court for vacation of the applicant's record of conviction for the prostitution offense. An applicant may not have the record of conviction for prostitution vacated if any one of the following is present:

(a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court, for any crime other than prostitution; or

(b) The offender has been convicted of another crime, except prostitution, in this state, another state, or federal court since the date of conviction.

(4) Every person convicted prior to January 1, 1975, of violating any statute or rule regarding the regulation of fishing activities, including, but not limited to, RCW 75.08.260, 75.12.060, 75.12.070, 75.12.160, 77.16.020, 77.16.030, 77.16.040, 77.16.060, and 77.16.240 who claimed to be exercising a treaty Indian fishing right, may apply to the sentencing court for vacation of the applicant's record of the misdemeanor, gross misdemeanor, or felony conviction for the offense. If the person is deceased, a member of the person's family or an official representative of the tribe of which the person was a member may apply to the court on behalf of the deceased person. Notwithstanding the requirements of RCW 9.94A.640, the court shall vacate the record of conviction if:

(a) The applicant is a member of a tribe that may exercise treaty Indian fishing rights at the location where the offense occurred; and

(b) The state has been enjoined from taking enforcement action of the statute or rule to the extent that it interferes with a treaty Indian fishing right as determined under *United States v. Washington*, 384 F. Supp. 312 (W.D. Wash. 1974), or *Sohappy v. Smith*, 302 F. Supp. 899 (D. Oregon 1969), and any posttrial orders of those courts, or any other state supreme court or federal court decision.

(5) Once the court vacates a record of conviction under this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been

convicted of the offense shall not be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under this section may state that he or she has never been convicted of that crime. Nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

(6) All costs incurred by the court and probation services shall be paid by the person making the motion to vacate the record unless a determination is made pursuant to chapter 10.101 RCW that the person making the motion is indigent, at the time the motion is brought.

(7) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol and any such local police agency shall immediately update their records to reflect the vacation of the conviction, and shall transmit the order vacating the conviction to the federal bureau of investigation. A conviction that has been vacated under this section may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies.

Sec. 2. RCW 10.31.100 and 2016 c 203 s 9 and 2016 c 113 s 1 are each reenacted and amended to read as follows:

A police officer having probable cause to believe that a person has committed or is committing a felony shall have the authority to arrest the person without a warrant. A police officer may arrest a person without a warrant for committing a misdemeanor or gross misdemeanor only when the offense is committed in the presence of an officer, except as provided in subsections (1) through (12) of this section.

(1) Any police officer having probable cause to believe that a person has committed or is committing a misdemeanor or gross misdemeanor, involving physical harm or threats of harm to any person or property or the unlawful taking of

property or involving the use or possession of cannabis, or involving the acquisition, possession, or consumption of alcohol by a person under the age of twenty-one years under RCW 66.44.270, or involving criminal trespass under RCW 9A.52.070 or 9A.52.080, shall have the authority to arrest the person.

(2) A police officer shall arrest and take into custody, pending release on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that:

(a) An order has been issued of which the person has knowledge under RCW 26.44.063, or chapter 7.92, 7.90, 9A.46, 10.99, 26.09, 26.10, 26.26, 26.50, or 74.34 RCW restraining the person and the person has violated the terms of the order restraining the person from acts or threats of violence, or restraining the person from going onto the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location or, in the case of an order issued under RCW 26.44.063, imposing any other restrictions or conditions upon the person; or

(b) A foreign protection order, as defined in RCW 26.52.010, has been issued of which the person under restraint has knowledge and the person under restraint has violated a provision of the foreign protection order prohibiting the person under restraint from contacting or communicating with another person, or excluding the person under restraint from a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, or a violation of any provision for which the foreign protection order specifically indicates that a violation will be a crime; or

(c) The person is eighteen years or older and within the preceding four hours has assaulted a family or household member as defined in RCW 10.99.020 and the officer believes: (i) A felonious assault has occurred; (ii) an assault has occurred which has resulted in bodily injury to the victim, whether the injury is observable by the responding officer or not; or (iii) that any physical action has occurred which was intended to cause another person reasonably to fear imminent serious bodily injury or death. Bodily injury means

physical pain, illness, or an impairment of physical condition. When the officer has probable cause to believe that family or household members have assaulted each other, the officer is not required to arrest both persons. The officer shall arrest the person whom the officer believes to be the primary physical aggressor. In making this determination, the officer shall make every reasonable effort to consider: (A) The intent to protect victims of domestic violence under RCW 10.99.010; (B) the comparative extent of injuries inflicted or serious threats creating fear of physical injury; and (C) the history of domestic violence of each person involved, including whether the conduct was part of an ongoing pattern of abuse.

(3) A police officer shall, at the request of a parent or guardian, arrest the sixteen or seventeen year old child of that parent or guardian if the officer has probable cause to believe that the child has assaulted a family or household member as defined in RCW 10.99.020 in the preceding four hours. Nothing in this subsection removes a police officer's existing authority provided in this section to make an arrest.

(4) Any police officer having probable cause to believe that a person has committed or is committing a violation of any of the following traffic laws shall have the authority to arrest the person:

(a) RCW 46.52.010, relating to duty on striking an unattended car or other property;

(c) RCW 46.61.500 or 46.61.530, relating to reckless driving or racing of vehicles;

(d) RCW 46.61.502 or 46.61.504, relating to persons under the influence of intoxicating liquor or drugs;

(e) RCW 46.61.503 or 46.25.110, relating to persons having alcohol or THC in their system;

(f) RCW 46.20.342, relating to driving a motor vehicle while operator's license is suspended or revoked;

(g) RCW 46.61.5249, relating to operating a motor vehicle in a negligent manner.

(5) A law enforcement officer investigating at the scene of a motor vehicle accident may arrest the driver of a motor vehicle involved in the accident if the officer has probable cause to believe that the driver has committed in connection with the accident a violation of any traffic law or regulation.

(6)(a) A law enforcement officer investigating at the scene of a motor vessel accident may arrest the operator of a motor vessel involved in the accident if the officer has probable cause to believe that the operator has committed, in connection with the accident, a criminal violation of chapter 79A.60 RCW.

(b) A law enforcement officer investigating at the scene of a motor vessel accident may issue a citation for an infraction to the operator of a motor vessel involved in the accident if the officer has probable cause to believe that the operator has committed, in connection with the accident, a violation of any boating safety law of chapter 79A.60 RCW.

(7) Any police officer having probable cause to believe that a person has committed or is committing a violation of RCW 79A.60.040 shall have the authority to arrest the person.

(8) An officer may act upon the request of a law enforcement officer in whose presence a traffic infraction was committed, to stop, detain, arrest, or issue a notice of traffic infraction to the driver who is believed to have committed the infraction. The request by the witnessing officer shall give an officer the authority to take appropriate action under the laws of the state of Washington.

(9) Any police officer having probable cause to believe that a person has committed or is committing any act of indecent exposure, as defined in RCW 9A.88.010, may arrest the person.

(10) A police officer may arrest and take into custody, pending release on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that an order has been issued of which the person has knowledge under chapter 10.14 RCW and the person has violated the terms of that order.

(11) Any police officer having probable cause to believe that a person has, within twenty-four hours of the alleged

violation, committed a violation of RCW 9A.50.020 may arrest such person.

(12) A police officer having probable cause to believe that a person illegally possesses or illegally has possessed a firearm or other dangerous weapon on private or public elementary or secondary school premises shall have the authority to arrest the person.

For purposes of this subsection, the term "firearm" has the meaning defined in RCW 9.41.010 and the term "dangerous weapon" has the meaning defined in RCW 9.41.250 and 9.41.280(1) (c) through (e).

(14) A law enforcement officer having probable cause to believe that a person has committed a criminal violation under RCW 77.15.809 or 77.15.811 may arrest the person in connection with the violation.

(15) Except as specifically provided in subsections (2), (4), (5), and (8) of this section, nothing in this section extends or otherwise affects the powers of arrest prescribed in Title 46 RCW.

(16) No police officer may be held criminally or civilly liable for making an arrest pursuant to subsection (2) or (10) of this section if the police officer acts in good faith and without malice.

(17)(a) Except as provided in (b) of this subsection, a police officer shall arrest and keep in custody, until release by a judicial officer on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that the person has violated RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and the police officer: (i) Has knowledge that the person has a prior offense as defined in RCW 46.61.5055 within ten years; or (ii) has knowledge, based on a review of the information available to the officer at the time of arrest, that the person is charged with or is awaiting arraignment for an offense that would qualify as a prior offense as defined in RCW 46.61.5055 if it were a conviction.

(b) A police officer is not required to keep in custody a person under (a) of this subsection if the person requires

immediate medical attention and is admitted to a hospital.

(18) A juvenile detention facility shall book into detention any person under age eighteen brought to that detention facility pursuant to an arrest for assaulting a family or household member as defined in RCW 10.99.020.

Sec. 3. RCW 46.20.385 and 2016 c 203 s 13 are each amended to read as follows:

(1)(a) Any person licensed under this chapter or who has a valid driver's license from another state, who is convicted of: (i) A violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance, or (ii) a violation of RCW 46.61.520(1)(a) or an equivalent local or out-of-state statute or ordinance, or (iii) a conviction for a violation of RCW 46.61.520(1) (b) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.520(1)(a), or (iv) RCW 46.61.522(1)(b) or an equivalent local or out-of-state statute or ordinance, or (v) RCW 46.61.522(1) (a) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.522(1)(b) committed while under the influence of intoxicating liquor or any drug, or (vi) who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, or who is otherwise permitted under subsection (8) of this section, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension,

revocation, or denial, unless otherwise permitted under RCW 46.20.720(6).

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license.

The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6) (a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional ~~((twenty dollar))~~ fee to the department, except that the company may retain one dollar per month of the additional fee to cover the expenses associated with administering the fee.

(b) The department shall deposit the proceeds of the twenty dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(8) (a) Any person licensed under this chapter who is convicted of a violation of RCW 46.61.500 when the charge was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, may submit to the department an application for an ignition interlock driver's license under this section.

(b) A person who does not have any driver's license under this chapter, but who would otherwise be eligible under this section to apply for an ignition interlock license, may submit to the department an application for an ignition interlock license. The department may require the person to take any driver's licensing

examination under this chapter and may require the person to also apply and qualify for a temporary restricted driver's license under RCW 46.20.391.

(ii) RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person would be required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person in the event of a conviction;

(d) **Post conviction.** After any applicable period of suspension, revocation, or denial of driving privileges:

(ii) Due to a conviction of a violation of RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person is required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person; or

(e) **Court order.** Upon receipt of an order by a court having jurisdiction that a person charged or convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. prevent the vehicle from being started. The court shall also establish the period of time for which ignition interlock use will be required.

(2) **Calibration.** Unless otherwise specified by the court for a restriction imposed under subsection (1)(e) of this section, the ignition interlock device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more.

(3) **Duration of restriction.** A restriction imposed under:

(a) Subsection (1)(a) of this section shall remain in effect until:

(i) The court has authorized the removal of the device under RCW 10.21.055; or

(ii) The department has imposed a restriction under subsection (1)(b), (c), or (d) of this section arising out of the same incident.

(b) Subsection (1)(b) of this section remains in effect during the validity of any ignition interlock driver's license that has been issued to the person.

The period of restriction under (c) and (d) of this subsection based on incidents occurring on or after June 9, 2016, must

be tolled for any period in which the person does not have an ignition interlock device installed on a vehicle owned or operated by the person unless the person receives a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. The department's determination that a person is unable to operate an ignition interlock device must be reasonable and be based upon good and substantial evidence. This determination is subject to review by a court of competent jurisdiction. The department may charge a person seeking a medical exemption under this subsection a reasonable fee for the assessment.

(4) **Requirements for removal.** A restriction imposed under subsection (1)(c) or (d) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying that there have been none of the following incidents in the ~~((four))~~ one hundred eighty consecutive ~~((months))~~ days prior to the date of release:

(b) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

(c) Failure to pass any random retest with a breath alcohol concentration of 0.025 or lower unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.025, and the digital image confirms the same person provided both samples; or

(d) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device.

(5) **Day-for-day credit.** (a) The time period during which a person has an ignition interlock device installed in order to meet the requirements of subsection (1)(b) of this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is imposed

under subsection (1)(c) or (d) of this section arising out of the same incident.

(b) The department must also give the person a day-for-day credit for any time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates, other than those subject to the employer exemption under subsection (6) of this section.

(c) If the day-for-day credit granted under this subsection equals or exceeds the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident, and the person has already met the requirements for removal of the device under subsection (4) of this section, the department may waive the requirement that a device be installed or that the person again meet the requirements for removal.

(6) **Employer exemption.** (a) Except as provided in (b) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(b) The employer exemption does not apply when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment.

(7) **Ignition interlock device revolving account.** In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of twenty dollars per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional ~~((twenty dollar))~~ fee to the department to be deposited into the ignition interlock device revolving account, except that the company may retain one dollar per month of the additional fee to cover the expenses associated with administering the fee. The

department may waive the monthly fee if the person is indigent under RCW 10.101.010.

(8) **Foreign jurisdiction.** For a person restricted under this section who is residing outside of the state of Washington, the department may accept verification of installation of an ignition interlock device by an ignition interlock company authorized to do business in the jurisdiction in which the person resides, provided the device meets any applicable requirements of that jurisdiction. The department may waive the monthly fee required by subsection (7) of this section if collection of the fee would be impractical in the case of a person residing in another jurisdiction.

(b) Whether at the time of the offense the person was driving or in physical control of a vehicle with one or more passengers;

Upon receipt of a notice from the court under RCW 36.28A.390 that a participant has been removed from a 24/7 sobriety program, the department must resume any suspension, revocation, or denial that had been terminated early under this subsection due to participation in the program, granting credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under RCW 46.20.3101 or this section arising out of the same incident.

Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) **Probation of driving privilege.** After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11) **Conditions of probation.** (a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive; (ii) not driving a motor vehicle within this state without proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (iii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; (iv) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug; and (v) not driving a motor vehicle in this state without a functioning ignition interlock device as required by the department under RCW 46.20.720. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), (iii), (iv), or (v) of this subsection, the court shall order the

convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) **Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the

combination does not exceed three hundred sixty-four days.

(13) **Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(1)(c).

(d) "Within ten years" means that the arrest for a prior offense occurred within ten years before or after the arrest for the current offense.

(15) All fines imposed by this section apply to adult offenders only.

Sec. 6. RCW 46.61.506 and 2016 c 203 s 8 are each amended to read as follows:

(1) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or any drug, if the person's alcohol concentration is less than 0.08 or the person's THC concentration is less than 5.00, it is evidence that may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor or any drug.

(2)(a) The breath analysis of the person's alcohol concentration shall be based upon grams of alcohol per two hundred ten liters of breath.

(b) The blood analysis of the person's THC concentration shall be based upon nanograms per milliliter of whole blood.

(c) The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was under the influence of intoxicating liquor or any drug.

(3) Analysis of the person's blood or breath to be considered valid under the provisions of this section or RCW 46.61.502 or 46.61.504 shall have been performed according to methods approved by the state toxicologist and by an individual possessing a valid permit issued by the state toxicologist for this purpose. The state toxicologist is directed to approve satisfactory techniques or methods, to supervise the examination of individuals to ascertain their qualifications and competence to conduct such analyses, and to issue permits which shall be subject to termination or revocation at the discretion of the state toxicologist.

(4)(a) A breath test performed by any instrument approved by the state toxicologist shall be admissible at trial or in an administrative proceeding if the prosecution or department produces prima facie evidence of the following:

(i) The person who performed the test was authorized to perform such test by the state toxicologist;

(ii) The person being tested did not vomit or have anything to eat, drink, or smoke for at least fifteen minutes prior to administration of the test;

(iii) The person being tested did not have any foreign substances, not to include dental work or piercings, fixed or removable, in his or her mouth at the beginning of the fifteen-minute observation period;

(iv) Prior to the start of the test, the temperature of any liquid simulator solution utilized as an external standard, as measured by a thermometer approved of by the state toxicologist was thirty-four degrees centigrade plus or minus 0.3 degrees centigrade;

(v) The internal standard test resulted in the message "verified";

(vi) The two breath samples agree to within plus or minus ten percent of their mean to be determined by the method approved by the state toxicologist;

(vii) The result of the test of the liquid simulator solution external standard or dry gas external standard result did lie between .072 to .088 inclusive; and

(viii) All blank tests gave results of .000.

(b) For purposes of this section, "prima facie evidence" is evidence of sufficient circumstances that would support a logical and reasonable inference of the facts sought to be proved. In assessing whether there is sufficient evidence of the foundational facts, the court or administrative tribunal is to assume the truth of the prosecution's or department's evidence and all reasonable inferences from it in a light most favorable to the prosecution or department.

(c) Nothing in this section shall be deemed to prevent the subject of the test from challenging the reliability or accuracy of the test, the reliability or functioning of the instrument, or any maintenance procedures. Such challenges, however, shall not preclude the admissibility of the test once the prosecution or department has made a prima facie showing of the requirements contained in (a) of this subsection. Instead, such challenges may be considered by the trier of fact in determining what weight to give to the test result.

(5) When a blood test is administered under the provisions of RCW 46.20.308, the withdrawal of blood for the purpose of determining its alcoholic or drug content may be performed only by a physician licensed under chapter 18.71 RCW; an osteopathic physician licensed under chapter 18.57 RCW; a registered nurse, licensed practical nurse, or advanced registered nurse practitioner licensed under chapter 18.79 RCW; a physician assistant licensed under chapter 18.71A RCW; an osteopathic physician assistant licensed under chapter 18.57A RCW; (~~an advanced emergency medical technician or paramedic licensed under chapter 18.73 RCW~~) a physician's trained advanced emergency medical technician and paramedic certified under chapter 18.71 RCW, provided that performance of the withdrawal is consistent with the protocols of the physician's trained advanced emergency medical technician and paramedic's employing agency; until July 1, 2016, a health care assistant certified under chapter 18.135 RCW; or a medical assistant-certified or medical assistant-phlebotomist certified under chapter 18.360 RCW. Proof of qualification to draw blood may be established through the department of health's provider credential search. ((This)) When withdrawal of blood for the purpose of determining its alcoholic or drug content is performed outside Washington state, the withdrawal

may be performed by any health care provider lawfully authorized to perform a withdrawal for that purpose in the state in which the withdrawal takes place. These limitations shall not apply to the taking of breath specimens.

(6) The person tested may have a licensed or certified health care provider listed in subsection (5) of this section, or a qualified technician, chemist, or other qualified person of his or her own choosing administer one or more tests in addition to any administered at the direction of a law enforcement officer. The test will be admissible if the person establishes the general acceptability of the testing technique or method. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

(7) Upon the request of the person who shall submit to a test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to him or her or his or her attorney.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 51.32 RCW to read as follows:

(1) The definitions in this section apply throughout this section.

(a) "Hanford nuclear site" and "Hanford site" and "site" means the approximately five hundred sixty square miles in southeastern Washington state, excluding leased land, state-owned lands, and lands owned by the Bonneville Power Administration, which is owned by the United States and which is commonly known as the Hanford reservation.

(b) "United States department of energy Hanford site workers" and "Hanford site worker" means any person, including a contractor or subcontractor, who was engaged in the performance of work, either directly or indirectly, for the United States, regarding projects and contracts at the Hanford nuclear site and who, while covered under this title, worked on the site for a length of time that a preponderance of medical evidence shows is more likely than not to result in the development of the disease or condition alleged.

(2)(a) For United States department of energy Hanford site workers, as defined in this section, who are covered under this title, there exists a prima facie presumption that the diseases and conditions listed in subsection (3) of this section are occupational diseases under RCW 51.08.140.

(b) The presumption established in this section applies to claims filed on or after the effective date of this section.

(c) The presumption may be rebutted by a preponderance of the evidence. Such evidence may include, but is not limited to, use of tobacco products, physical fitness and weight, lifestyle, hereditary factors, and exposure from other employment or nonemployment activities.

(3) The prima facie presumption applies to the following:

(a) Acute and chronic beryllium disease;

(b) Any heart problems, experienced within seventy-two hours of exposure to fumes, toxic substances, or chemicals at the site;

(c) Cancer, subject to subsection (4) of this section; and

(d) Neurological disease of the brain, which excludes neurological conditions of the spine and other nerves.

WHEREAS, The gratitude the world owes them for their role in securing liberty is beyond measure;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State House of Representatives recognize the 100th anniversary of JBLM, which began in 1917 with land gifted for use as a permanent army post to the federal government by the citizens of Pierce County, which would in return give the United States and the world support and protection in our darkest hours so that we might live free.

(1) The state of Washington fully occupies and preempts the entire field of safe injection site regulation within the boundaries of the state, including the registration, licensing, possession, purchase, sale, acquisition, transfer, use, authorization, or any other element relating to safe injection sites. Cities, towns, and counties or other municipalities may only enact laws and ordinances relating to safe injection sites that are specifically authorized by state law and are consistent with this chapter. Such local ordinances have the same penalty as provided for by state law. Local laws and ordinances that are inconsistent with, more restrictive than, or exceed the requirements of state law may not be enacted and are preempted and repealed, regardless of the nature of the code, charter, or home rule status of the enacting city, town, county, or municipality.

(2) Each local health board must provide annual certification to the legislature and state board of health that no private or public safe injection

sites are operating in its local health department jurisdiction.

Any expenditure made related to safe injection sites voids any claim made against the general fund and will result in the denial of all funding claims until the state, health district, or county is able to certify and report to the state board of health and legislature that there are no safe injection sites operating within its jurisdiction."

POINT OF ORDER

Representative Tarleton requested a scope and object ruling on amendment (195) to Substitute House Bill No. 1427.

SPEAKER'S RULING

Mr. Speaker: *"The title of House Bill 1427 is an act 'relating to opioid treatment programs.' The bill modifies the standards for certifying and siting opioid treatment programs. The proposed amendment relates to safe injection sites, which are not treatment programs.*

The Speaker finds and rules that the amendment is beyond the scope of the bill as defined by its title. Your point of order is well taken."

(a) All records issued before July 1, 1990, for which the agency has maintained an index;

(b) Final orders entered after June 30, 1990, that are issued in adjudicative proceedings as defined in RCW 34.05.010 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(c) Declaratory orders entered after June 30, 1990, that are issued pursuant to RCW 34.05.240 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(d) Interpretive statements as defined in RCW 34.05.010 that were entered after June 30, 1990; and

(e) Policy statements as defined in RCW 34.05.010 that were entered after June 30, 1990.

Rules establishing systems of indexing shall include, but not be limited to, requirements for the form and content of the index, its location and availability to the public, and the schedule for revising or updating the index. State agencies that have maintained indexes for records issued before July 1, 1990, shall continue to make such indexes available for public inspection and copying. Information in such indexes may be incorporated into indexes prepared pursuant to this subsection. State agencies may satisfy the requirements of this subsection by making available to the public indexes prepared by other parties but actually used by the agency in its operations. State agencies shall make indexes available for public inspection and copying. State agencies may charge a fee to cover the actual costs of providing individual mailed copies of indexes.

(6) A public record may be relied on, used, or cited as precedent by an agency against a party other than an agency and it may be invoked by the agency for any other purpose only if:

(a) It has been indexed in an index available to the public; or

(b) Parties affected have timely notice (actual or constructive) of the terms thereof.

(7) Each agency (~~shall~~) may establish, maintain, and make available for public inspection and copying a statement of the actual (~~per page cost or other costs, if any,~~) costs that it charges for providing photocopies or electronically produced copies, of public records and a statement of the factors and manner used to determine the actual (~~per page cost or other costs, if any,~~) costs. Any statement of costs may be adopted by an agency only after providing notice and public hearing.

(a) (i) In determining the actual (~~per page~~) cost for providing (~~photocopies~~) copies of public records, an agency may include all costs directly incident to copying such public records including:

(A) The actual cost of the paper and the per page cost for use of agency copying equipment; and

(B) The actual cost of the electronic production or file transfer of the record and the use of any cloud-based data storage and processing service.

(ii) In determining other actual costs for providing ~~((photocopies))~~ copies of public records, an agency may include all costs directly incident to:

(A) Shipping such public records, including the cost of postage or delivery charges and the cost of any container or envelope used; and

(B) Transmitting such records in an electronic format, including the cost of any transmission charge and use of any physical media device provided by the agency.

(b) In determining the actual ~~((per page cost or other))~~ costs for providing copies of public records, an agency may not include staff salaries, benefits, or other general administrative or overhead charges, unless those costs are directly related to the actual cost of copying the public records. Staff time to copy and ~~((mail))~~ send the requested public records may be included in an agency's costs.

~~(8) ((An agency need not calculate the actual per page cost or other costs it charges for providing photocopies of public records if to do so would be unduly burdensome, but in that event: The agency may not charge in excess of fifteen cents per page for photocopies of public records or for the use of agency equipment to photocopy public records and the actual postage or delivery charge and the cost of any container or envelope used to mail the public records to the requestor.~~

~~(9))~~ This chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law: PROVIDED, HOWEVER, That lists of applicants for professional licenses and of professional licensees shall be made available to those professional associations or educational organizations recognized by their professional licensing or examination

board, upon payment of a reasonable charge therefor: PROVIDED FURTHER, That such recognition may be refused only for a good cause pursuant to a hearing under the provisions of chapter 34.05 RCW, the administrative procedure act.

Sec. 2. RCW 42.56.080 and 2016 c 163 s 3 are each amended to read as follows:

(1) A public records request must be for identifiable records. A request for all or substantially all records prepared, owned, used, or retained by an agency is not a valid request for identifiable records under this chapter, provided that a request for all records regarding a particular topic or containing a particular keyword or name shall not be considered a request for all of an agency's records.

(2) Public records shall be available for inspection and copying, and agencies shall, upon request for identifiable public records, make them promptly available to any person including, if applicable, on a partial or installment basis as records that are part of a larger set of requested records are assembled or made ready for inspection or disclosure. Agencies shall not deny a request for identifiable public records solely on the basis that the request is overbroad. Agencies shall not distinguish among persons requesting records, and such persons shall not be required to provide information as to the purpose for the request except to establish whether inspection and copying would violate RCW 42.56.070 ~~((+9))~~ (8) or 42.56.240(14), or other statute which exempts or prohibits disclosure of specific information or records to certain persons. Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency. Agencies shall honor requests received in person during an agency's normal office hours, or by mail or email, for identifiable public records unless exempted by provisions of this chapter. No official format is required for making a records request; however, agencies may recommend that requestors submit requests using an agency provided form or web page.

(3) An agency may deny a bot request that is one of multiple requests from the requestor to the agency within a twenty-four hour period, if the agency establishes that responding to the

multiple requests would cause excessive interference with other essential functions of the agency. For purposes of this subsection, "bot request" means a request for public records that an agency reasonably believes was automatically generated by a computer program or script.

Sec. 3. RCW 42.56.120 and 2016 c 163 s 4 are each amended to read as follows:

(1) No fee shall be charged for the inspection of public records or locating public documents and making them available for copying, except as provided in RCW 42.56.240(14) and subsection (3) of this section. A reasonable charge may be imposed for providing copies of public records and for the use by any person of agency equipment or equipment of the office of the secretary of the senate or the office of the chief clerk of the house of representatives to copy public records, which charges shall not exceed the amount necessary to reimburse the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives for its actual costs directly incident to such copying. When calculating any fees authorized under this section, an agency shall use the most reasonable cost-efficient method available to the agency as part of its normal operations. If any agency translates a record into an alternative electronic format at the request of a requestor, the copy created does not constitute a new public record for purposes of this chapter. Scanning paper records to make electronic copies of such records is a method of copying paper records and does not amount to the creation of a new public record.

(2) (a) Agency charges for ((photocopies shall)) actual costs may only be imposed in accordance with the ((actual per page cost or other)) costs established and published by the agency pursuant to RCW 42.56.070(7), and in accordance with the statement of factors and manner used to determine the actual costs. In no event may an agency charge a per page cost greater than the actual ((per page)) cost as established and published by the agency.

(b) An agency need not calculate the actual costs it charges for providing public records if it has rules or regulations declaring the reasons doing so would be unduly burdensome. To the extent the agency has not determined the actual ((per page cost for photocopies

~~ef~~) costs of copying public records, the agency may not charge in excess of:

(i) Fifteen cents per page for photocopies of public records, printed copies of electronic public records when requested by the person requesting records, or for the use of agency equipment to photocopy public records;

(ii) Ten cents per page for public records scanned into an electronic format or for the use of agency equipment to scan the records;

(iii) Five cents per each four electronic files or attachment uploaded to email, cloud-based data storage service, or other means of electronic delivery; and

(iv) Ten cents per gigabyte for the transmission of public records in an electronic format or for the use of agency equipment to send the records electronically. The agency shall take reasonable steps to provide the records in the most efficient manner available to the agency in its normal operations; and

(v) The actual cost of any digital storage media or device provided by the agency, the actual cost of any container or envelope used to mail the copies to the requestor, and the actual postage or delivery charge.

(c) The charges in (b) of this subsection may be combined to the extent that more than one type of charge applies to copies produced in response to a particular request.

(d) An agency may charge a flat fee of up to two dollars for any request as an alternative to fees authorized under (a) or (b) of this subsection. An additional flat fee shall not be charged for any installment after the first installment of a request produced in installments. An agency that has elected to charge the flat fee in this subsection for an initial installment may not charge the fees authorized under (a) or (b) of this subsection on subsequent installments.

(e) An agency shall not impose copying charges under this section for access to or downloading of records that the agency routinely posts on its public internet web site prior to receipt of a request unless the requestor has specifically requested that the agency provide copies of such records through other means.

(f) A requestor may ask an agency to provide a summary of the applicable

charges and may revise the request to reduce the number of records and reduce the applicable charges.

(3)(a)(i) In addition to the charge imposed for providing copies of public records and for the use by any person of agency equipment copying costs, an agency may include a customized service charge. A customized service charge may only be imposed if the agency estimates that the request would require the use of information technology expertise to prepare data compilations, or provide customized electronic access services when such compilations and customized access services are not used by the agency for other agency purposes.

(ii) The customized service charge may reimburse the agency up to the actual cost of providing the services in this subsection.

(b) An agency may not assess a customized service charge unless the agency has notified the requestor of the customized service charge to be applied to the request, including an explanation of why the customized service charge applies, a description of the specific expertise, and a reasonable estimate cost of the charge. The notice also must provide the requestor the opportunity to amend his or her request in order to avoid or reduce the cost of a customized service charge.

(4) An agency may require a deposit in an amount not to exceed ten percent of the estimated cost of providing copies for a request, including a customized service charge. If an agency makes a request available on a partial or installment basis, the agency may charge for each part of the request as it is provided. If an installment of a records request is not claimed or reviewed, the agency is not obligated to fulfill the balance of the request. An agency may waive any charge assessed for a request pursuant to agency rules and regulations. An agency may enter into any contract, memorandum of understanding, or other agreement with a requestor that provides an alternative fee arrangement to the charges authorized in this section, or in response to a voluminous or frequently occurring request.

Sec. 4. RCW 42.56.130 and 2005 c 274 s 286 are each amended to read as follows:

The provisions of RCW 42.56.070(7) and (8) and 42.56.120 that establish or allow

agencies to establish the costs charged for photocopies or electronically produced copies of public records do not supersede other statutory provisions, other than in this chapter, authorizing or governing fees for copying public records.

Sec. 5. RCW 42.56.550 and 2011 c 273 s 1 are each amended to read as follows:

(1) Upon the motion of any person having been denied an opportunity to inspect or copy a public record by an agency, the superior court in the county in which a record is maintained may require the responsible agency to show cause why it has refused to allow inspection or copying of a specific public record or class of records. The burden of proof shall be on the agency to establish that refusal to permit public inspection and copying is in accordance with a statute that exempts or prohibits disclosure in whole or in part of specific information or records.

(2) Upon the motion of any person who believes that an agency has not made a reasonable estimate of the time that the agency requires to respond to a public record request or a reasonable estimate of the charges to produce copies of public records, the superior court in the county in which a record is maintained may require the responsible agency to show that the estimate it provided is reasonable. The burden of proof shall be on the agency to show that the estimate it provided is reasonable.

(3) Judicial review of all agency actions taken or challenged under RCW 42.56.030 through 42.56.520 shall be de novo. Courts shall take into account the policy of this chapter that free and open examination of public records is in the public interest, even though such examination may cause inconvenience or embarrassment to public officials or others. Courts may examine any record in camera in any proceeding brought under this section. The court may conduct a hearing based solely on affidavits.

(4) Any person who prevails against an agency in any action in the courts seeking the right to inspect or copy any public record or the right to receive a response to a public record request within a reasonable amount of time shall be awarded all costs, including reasonable attorney fees, incurred in connection with such legal action. In addition, it shall be within the

discretion of the court to award such person an amount not to exceed one hundred dollars for each day that he or she was denied the right to inspect or copy said public record.

(5) For actions under this section against counties, the venue provisions of RCW 36.01.050 apply.

(6) Actions under this section must be filed within one year of the agency's claim of exemption or the last production of a record on a partial or installment basis."

On page 6, after line 8, insert the following: "Sec. 1. RCW 28B.92.060 and 2012 c 229 s 558 are each amended to read as follows:

In awarding need grants, the office shall proceed substantially as follows: PROVIDED, That nothing contained herein shall be construed to prevent the office, in the exercise of its sound discretion, from following another procedure when the best interest of the program so dictates:

(1) The office shall annually select the financial aid award recipients from among Washington residents applying for student financial aid who have been ranked according to:

(a) Financial need as determined by the amount of the family contribution; ((and))

(b) College bound scholarship eligibility, in which students who are eligible for the college bound scholarship and whose family incomes are in the zero to seventy percent median family income range shall be prioritized and awarded the maximum state need grant for which they are eligible under state policies and may not be denied maximum state need grant funding due to institutional policies or delayed awarding of college bound scholarship students; and

(c) Other considerations, such as whether the student is a former foster

youth, or is a placebound student who has completed an associate of arts or associate of science degree or its equivalent.

(2) The financial need of the highest ranked students shall be met by grants depending upon the evaluation of financial need until the total allocation has been disbursed. Funds from grants which are declined, forfeited or otherwise unused shall be reawarded until disbursed, except that eligible former foster youth shall be assured receipt of a grant. The office, in consultation with four-year institutions of higher education, the council, and the state board for community and technical colleges, shall develop award criteria and methods of disbursement based on level of need, and not solely rely on a first-come, first-served basis.

(3) A student shall be eligible to receive a state need grant for up to five years, or the credit or clock hour equivalent of five years, or up to one hundred twenty-five percent of the published length of time of the student's program. A student may not start a new associate degree program as a state need grant recipient until at least five years have elapsed since earning an associate degree as a need grant recipient, except that a student may earn two associate degrees concurrently. Qualifications for renewal will include maintaining satisfactory academic progress toward completion of an eligible program as determined by the office. Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the grant shall be returned to the state educational grant fund by the institution according to the institution's own policy for issuing refunds, except as provided in RCW 28B.92.070.

(4) In computing financial need, the office shall determine a maximum student expense budget allowance, not to exceed an amount equal to the total maximum student expense budget at the public institutions plus the current average state appropriation per student for operating expense in the public institutions. Any child support payments received by students who are parents attending less than half-time shall not be used in computing financial need.

(5)(a) A student who is enrolled in three to six credit-bearing quarter credits, or the equivalent semester credits, may receive a grant for up to one academic year before beginning a

program that leads to a degree or certificate.

(b) An eligible student enrolled on a less-than-full-time basis shall receive a prorated portion of his or her state need grant for any academic period in which he or she is enrolled on a less-than-full-time basis, as long as funds are available.

(c) An institution of higher education may award a state need grant to an eligible student enrolled in three to six credit-bearing quarter credits, or the semester equivalent, on a provisional basis if:

(i) The student has not previously received a state need grant from that institution;

(ii) The student completes the required free application for federal student aid;

(iii) The institution has reviewed the student's financial condition, and the financial condition of the student's family if the student is a dependent student, and has determined that the student is likely eligible for a state need grant; and

(iv) The student has signed a document attesting to the fact that the financial information provided on the free application for federal student aid and any additional financial information provided directly to the institution is accurate and complete, and that the student agrees to repay the institution for the grant amount if the student submitted false or incomplete information.

(6) As used in this section, "former foster youth" means a person who is at least eighteen years of age, but not more than twenty-four years of age, who was a dependent of the department of social and health services at the time he or she attained the age of eighteen."

Regulating the institutions of higher education, including for-profit institutions and private vocational schools, to protect students from unfair business practices.

There being no objection, the rules were suspended, and SECOND SUBSTITUTE HOUSE BILL NO. 1439 was returned to second reading for the purpose of amendment.

SECOND READING

Representative Pollet moved the adoption of the striking amendment (237):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) In 2016, the student achievement council contracted with the William D. Ruckelshaus center to conduct a two-part study analyzing the system of for-profit degree-granting institutions and private vocational schools in Washington. The Ruckelshaus center issued its first report in December 2016, and this act incorporates some of the findings and recommendations from the first phase of the report, including the benefits of ensuring that recruitment advertising and materials are consistent with state and federal verified data. This act also authorizes the second part of the study, as recommended by the center, including discussions of agency jurisdiction and consistency.

(2) The legislature finds that there are many private for-profit and nonprofit career colleges and degree-granting institutions providing Washington state residents with important postsecondary and career opportunities that contribute to the economic security of Washington residents and aid in meeting the needs of our state's growing economy. The legislature also recognizes that there have been high profile closures of, or federal and other state determinations regarding, some for-profit or formerly for-profit institutions that have damaged the reputation of the sector and impacted the expectations and financial stability of some students. It is the legislature's intent to provide a framework to ensure a level playing field exists for the many institutions that provide disclosures to prospective students based on verifiable metrics, which allow prospective students to be able to make the best decisions on school and career choices and on financial aid and loans to finance their educational goals. The legislature also intends to ensure that students are provided the information they need to make the best decisions for their educational future and careers in event of closure or potential closure of an institution. In addition, the legislature intends to protect the state's interest in the integrity of its grant and aid programs, from private decisions to close schools or programs under circumstances that may prevent students from obtaining the degree or certificate and career services that the students expected upon enrollment.

NEW SECTION. Sec. 2. (1) Subject to the availability of amounts appropriated for this specific purpose, the student achievement council must continue administering the two-part study of for-profit degree-granting institutions and private vocational schools that was authorized under section 609, chapter 36, Laws of 2016 sp. sess..

(2) As part of the second part of the process, the study must contain findings and recommendations regarding the creation of an ombuds to serve students of degree-granting institutions and private vocational schools, including a recommendation on which state agency should house the position, and if there are other ombuds positions created by the legislature that can serve these students.

(3) The student achievement council and the workforce training and education

coordinating board must provide a report on the study to the legislature by December 31, 2017.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.85 RCW to read as follows:

(1) The council may deny, revoke, or suspend the authorization of any degree-granting institution authorized to operate under this chapter that is found to be in violation of this chapter.

(2) It is a violation of this chapter for a degree-granting institution authorized to operate under this chapter or an agent employed by such a degree-granting institution to provide prospective students with any testimonial, endorsement, or other information that a reasonable person would find was likely to mislead or deceive prospective students or the public regarding current practices of the school, current conditions for employment opportunities, postgraduation employment by industry, or probable earnings in the occupation for which the education was designed, the likelihood of obtaining financial aid or low-interest loans for tuition, or the ability of graduates to repay loans.

NEW SECTION. Sec. 4. A new section is added to chapter 28B.85 RCW to read as follows:

If a degree-granting institution authorized to operate under this chapter presents data about its completion rates, employment rates, loan or indebtedness metrics, or its graduates' median hourly and annual earnings, the posted data must be consistent with the data posted on the workforce training and education coordinating board's career bridge web site or the data posted by the United States department of education, if the board or the department of education has posted such data.

Sec. 5. RCW 28C.10.050 and 2014 c 11 s 2 are each amended to read as follows:

(1) The agency shall adopt by rule minimum standards for entities operating private vocational schools. The minimum standards shall include, but not be limited to, requirements to assess whether a private vocational school is eligible to obtain and maintain a license in this state.

(2) The requirements adopted by the agency shall, at a minimum, require a private vocational school to:

(a) Disclose to the agency information about its ownership and financial position and ((to)) demonstrate to the agency that the school is financially

viable and responsible and that it has sufficient financial resources to fulfill its commitments to students. Financial disclosures provided to the agency shall not be subject to public disclosure under chapter 42.56 RCW;

(b) Follow a uniform statewide cancellation and refund policy as specified by the agency;

(c) Disclose through use of a school catalog, web site, brochure, or other written material, necessary information to students so that students may make informed enrollment decisions. The agency shall specify what data and information ((is)) are required. To the extent that these web sites or materials present any data on the completion rates, employment rates, loan or indebtedness metrics, and its graduates' median hourly and annual earnings for any of the private vocational schools or its programs, the posted data must be consistent with the data posted on the agency's career bridge web site or the data posted by the United States department of education, if the agency or the department of education has posted such data. Nothing in this subsection requires the agency to make changes to the career bridge web site or add new elements or features to the career bridge web site;

(d) Use an enrollment contract or agreement that includes: (i) The school's cancellation and refund policy, (ii) a brief statement that the school is licensed under this chapter and that inquiries, concerns, or complaints may be made to the agency, and (iii) other necessary information as determined by the agency;

(e) Describe accurately and completely in writing to students before their enrollment prerequisites and requirements for (i) completing successfully the programs of study in which they are interested and (ii) qualifying for the fields of employment for which their education is designed;

(f) Comply with the requirements of RCW 28C.10.084;

(g) Assess the basic skills and relevant aptitudes of each potential student to determine that a potential student has the basic skills and relevant aptitudes necessary to complete and benefit from the program in which the student plans to enroll, including but not limited to administering a United States department of education-approved English as a second language exam before enrolling students for whom English is a

second language unless the students provide proof of graduation from a United States high school or proof of completion of a high school equivalency certificate as provided in RCW 28B.50.536 in English or results of another academic assessment determined appropriate by the agency. Guidelines for such assessments shall be developed by the agency, in consultation with the schools;

(h) Discuss with each potential student the potential student's obligations in signing any enrollment contract and/or incurring any debt for educational purposes. The discussion shall include the inadvisability of acquiring an excessive educational debt burden that will be difficult to repay given employment opportunities and average starting salaries in the potential student's chosen occupation;

(i) Ensure that any enrollment contract between the private vocational school and its students has an attachment in a format provided by the agency. The attachment shall be signed by both the school and the student. The attachment shall stipulate that the school has complied with (h) of this subsection and that the student understands and accepts his or her responsibilities in signing any enrollment contract or debt application. The attachment shall also stipulate that the enrollment contract shall not be binding for at least five days, excluding Sundays and holidays, following signature of the enrollment contract by both parties; and

(j) Comply with the requirements related to qualifications of administrators and instructors.

(3) The agency may deny a private vocational school's application for licensure if the school fails to meet the requirements in this section.

(4) The agency may determine that a licensed private vocational school or a particular program of a private vocational school is at risk of closure or termination if:

(a) There is a pattern or history of substantiated student complaints filed with the agency pursuant to RCW 28C.10.120; or

(b) The private vocational school fails to meet minimum licensing requirements and has a pattern or history of failing to meet the minimum requirements.

(5) If the agency determines that a private vocational school or a particular program is at risk of closure or

termination, the agency shall require the school to take corrective action.

Sec. 6. RCW 28C.10.110 and 2014 c 11 s 6 are each amended to read as follows:

(1) It is a violation of this chapter for an entity operating a private vocational school to engage in an unfair business practice. The agency may deny, revoke, or suspend the license of any entity that is found to have engaged in a substantial number of unfair business practices or that has engaged in significant unfair business practices.

(2) It is an unfair business practice for an entity operating a private vocational school or an agent employed by a private vocational school to:

(a) Fail to comply with the terms of a student enrollment contract or agreement;

(b) Use an enrollment contract form, catalog, brochure, or similar written material affecting the terms and conditions of student enrollment other than that previously submitted to the agency and authorized for use;

(c) Advertise in the help wanted section of a newspaper or otherwise represent falsely, directly or by implication, that the school is an employment agency, is making an offer of employment or otherwise is attempting to conceal the fact that what is being represented are course offerings of a school;

(d) Represent falsely, directly or by implication, that an educational program is approved by a particular industry or that successful completion of the program qualifies a student for admission to a labor union or similar organization or for the receipt of a state license in any business, occupation, or profession;

(e) Represent falsely, directly or by implication, that a student who successfully completes a course or program of instruction may transfer credit for the course or program to any institution of higher education;

(f) Represent falsely, directly or by implication, in advertising or in any other manner, the school's size, location, facilities, equipment, faculty qualifications, number of faculty, or the extent or nature of any approval received from an accrediting association;

(g) Represent that the school is approved, recommended, or endorsed by the state of Washington or by the agency, except the fact that the school is authorized to operate under this chapter may be stated;

(h) Provide prospective students with: Any testimonial, endorsement, or other information ((which has the tendency)) that a reasonable person would find likely to mislead or deceive prospective students or the public, including those regarding current practices of the school((,)); information regarding rates of completion or postgraduation employment by industry, or its graduates' median hourly or annual earnings, that is not consistent with the presentation of data as established under RCW 28C.10.050(2)(c); current conditions for employment opportunities((,)); postgraduation employment by industry or probable earnings in the occupation for which the education was designed; total cost to obtain a degree or certificate; the acceptance of a degree or certificate by employers as a qualification for employment; the acceptance of courses, a degree, or certificate by higher education institutions; the likelihood of obtaining financial aid or low-interest loans for tuition; and the ability of graduates to repay loans;

(i) Designate or refer to sales representatives as "counselors," "advisors," or similar terms which have the tendency to mislead or deceive prospective students or the public regarding the authority or qualifications of the sales representatives;

(j) Make or cause to be made any statement or representation in connection with the offering of education if the school or agent knows or reasonably should have known the statement or representation to be false, substantially inaccurate, or misleading;

(k) Engage in methods of advertising, sales, collection, credit, or other business practices which are false, deceptive, misleading, or unfair, as determined by the agency by rule; or

(l) Attempt to recruit students in or within forty feet of a building that contains a welfare or unemployment office. Recruiting includes, but is not limited to canvassing and surveying. Recruiting does not include leaving materials at or near an office for a person to pick up of his or her own accord, or handing a brochure or leaflet to a person provided that no attempt is made to obtain a name, address, telephone number, or other data, or to otherwise actively pursue the enrollment of the individual."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 79.10 RCW to read as follows:

(1)(a) The department shall, to the extent feasible given all applicable trust responsibilities, develop and implement a policy for prioritizing investments on forest health treatments to protect state lands and state forestlands, as those terms are defined in RCW 79.02.010, to: (i) Reduce wildfire hazards and losses from wildfire; (ii) reduce insect infestation and disease; and (iii) achieve cumulative impact of improved forest health and resilience at a landscape scale.

(b) The prioritization policy in (a) of this subsection must consider whether state lands and state forestlands are within an area that is subject to a forest health hazard warning or order pursuant to RCW 76.06.180.

(2)(a) The department's prioritization of state lands and state forestlands must be based on an evaluation of the economic and noneconomic value of:

(i) Timber or other commercial forest products removed during any mechanical treatments;

(ii) Timber or other commercial forest products likely to be spared from damage by wildfire;

(iii) Homes, structures, agricultural products, and public infrastructure likely to be spared from damage by wildfire;

(iv) Impacts to recreation and tourism; and

(v) Ecosystem services such as water quality, air quality, or carbon sequestration.

(b) The department's evaluation of economic values may rely on heuristic techniques.

(3) The definitions in this subsection apply throughout this section and sections 2 and 3 of this act unless the context clearly requires otherwise.

(a) "Forest health" has the same meaning as defined in RCW 76.06.020.

(b) "Forest health treatment" or "treatment" means actions taken by the department to restore forest health

including, but not limited to, sublandscape assessment and project planning, site preparation, reforestation, mechanical treatments including timber harvest, road realignment for fire protection and aquatic improvements, and prescribed burning.

NEW SECTION. Sec. 2. A new section is added to chapter 79.10 RCW to read as follows:

(1)(a) Consistent with the prioritization policy developed pursuant to section 1 of this act, and to the extent feasible given all applicable trust responsibilities, the department must identify areas of state lands and state forestlands that would benefit from forest health treatments at the landscape level for the next twenty years, and ones that would benefit the most during the following six years, and prioritize and list specific lands for treatment during the subsequent biennium. The department shall update this list by November 15th of each even-numbered year.

(b) To expedite initial treatments under this act, for the 2017-2019 biennium the department may prioritize and, if funds are appropriated for this purpose, address lands for treatment that are currently identified by the department as pilot treatment projects.

(2) In order to develop a prioritized list that evaluates forest health treatments at a landscape scale, the department should consult with and take into account the land management plans and activities of nearby landowners, if available, including federal agencies, other state agencies, local governments, tribes, and private property owners, in addition to any statewide assessments done by the department. The department may include federally, locally, or privately managed lands on the list. The department may fund treatment on these lands provided that the treatments are funded with nontrust funds, and provided that the treatments produce a net benefit to the health of state lands and state forestlands.

(3) By December 1st of each even-numbered year, the department must submit a report to the legislature consistent with the requirements of RCW 43.01.036, to the office of financial management, and to the board of natural resources. The report must include:

(a) A brief summary of the department's progress towards treating the state lands and state forestlands included on the preceding biennium's prioritization list;

(b) A list of lands prioritized for forest health treatments in the next biennium, including state lands and state forestlands prioritized for treatment pursuant to subsection (1) of this section;

(c) Recommended funding amounts required to carry out the treatment activities for the next biennium, including a summary of potential nontimber revenue sources that could finance specific forest health treatments pursuant to section 1 of this act, including but not limited to ecosystem services such as water and carbon sequestration as well as insurance and fire mitigation; and

(d) A summary of trends in forest health conditions.

NEW SECTION. Sec. 3. A new section is added to chapter 79.64 RCW to read as follows:

(1)(a) The forest health revolving account is created in the custody of the state treasurer. All receipts from the proceeds of forest health treatment sales as defined in this section and sections 1 and 2 of this act and all legislative transfers, gifts, grants, and federal funds must be deposited into the account. Expenditures from the account may be used only for the payment of costs, including management and administrative costs, incurred on forest health treatments necessary to improve forest health as defined in section 1 of this act. Only the commissioner or the commissioner's designee may authorize expenditures from the account. The board of natural resources has oversight of the account, and the commissioner must periodically report to the board of natural resources as to the status of the account, its disbursement, and receipts. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(b) The forest health revolving account is an interest-bearing account and the interest must be credited to the account.

(2) Beginning calendar year 2018, the fund balance attributable to the receipts from the proceeds of forest health

treatment sales is subject to the following:

(a) Any unobligated amounts up to ten million dollars at the end of the calendar year are not subject to disbursements to trust beneficiaries, the resource management account, or the forest development account.

(b) Any unobligated amounts exceeding ten million dollars at the end of the calendar year must be disbursed to the appropriate trust beneficiaries as determined by the board of natural resources and these disbursements are not subject to the deductions for the resource management cost account described in RCW 79.64.040 or the forest development account described in RCW 79.64.110.

(c) If the board of natural resources determines that the department has permanently discontinued using the forest health revolving account for the forest health treatments under sections 1 and 2 of this act, the board must disburse all remaining fund balance attributable to the proceeds of forest health treatment sales to the appropriate trust beneficiaries, and these disbursements are not subject to the deductions for the resource management cost account described in RCW 79.64.040 or the forest development account described in RCW 79.64.110.

(3)(a) Except as provided in (b) and (c) of this subsection, expenditures on state lands and state forestlands for forest health treatments by the department from the forest health revolving account must be consistent with the prioritization policy under section 1 of this act and the prioritization list created under section 2 of this act.

(b) The department is not bound to adhere to the list submitted to the legislature under section 1 of this act in the event that emerging information or changed circumstances support a reprioritization of lands consistent with the policy created under section 1 of this act.

(c) The department is not required to apply the prioritization policy of section 1 of this act where doing so would be incompatible with the conditions of funding provided by the federal government or another organization that is contributing funds to forest health treatments involving the department.

Sec. 2. RCW 7.68.030 and 2011 c 346 s 206 are each amended to read as follows:

(1) It shall be the duty of the director to establish and administer a program of benefits to innocent victims of criminal acts within the terms and limitations of this chapter. The director may apply for and, subject to appropriation, expend federal funds under Public Law 98-473 and any other federal program providing financial assistance to state crime victim compensation programs. The federal funds shall be deposited in the state general fund and may be expended only for purposes authorized by applicable federal law.

(2) The director shall:

(a) Establish and adopt rules governing the administration of this chapter in accordance with chapter 34.05 RCW;

(b) Regulate the proof of accident and extent thereof, the proof of death, and the proof of relationship and the extent of dependency;

(c) Supervise the medical, surgical, and hospital treatment to the intent that it may be in all cases efficient and up to the recognized standard of modern surgery;

(d) Issue proper receipts for moneys received and certificates for benefits accrued or accruing;

(e) Designate a medical director who is licensed under chapter 18.57 or 18.71 RCW;

(f) Supervise the providing of prompt and efficient care and treatment, including care provided by physician assistants governed by the provisions of chapters 18.57A and 18.71A RCW, acting under a supervising physician, including chiropractic care, and including care provided by licensed advanced registered

nurse practitioners, to victims at the least cost consistent with promptness and efficiency, without discrimination or favoritism, and with as great uniformity as the various and diverse surrounding circumstances and locations of industries will permit and to that end shall, from time to time, establish and adopt and supervise the administration of printed forms, electronic communications, rules, regulations, and practices for the furnishing of such care and treatment. The medical coverage decisions of the department do not constitute a "rule" as used in RCW 34.05.010(16), nor are such decisions subject to the rule-making provisions of chapter 34.05 RCW except that criteria for establishing medical coverage decisions shall be adopted by rule. The department may recommend to a victim particular health care services and providers where specialized treatment is indicated or where cost-effective payment levels or rates are obtained by the department, and the department may enter into contracts for goods and services including, but not limited to, durable medical equipment so long as statewide access to quality service is maintained for injured victims;

(g) In consultation with interested persons, establish and, in his or her discretion, periodically change as may be necessary, and make available a fee schedule of the maximum charges to be made by any physician, surgeon, chiropractor, hospital, druggist, licensed advanced registered nurse practitioner, and physician assistants as defined in chapters 18.57A and 18.71A RCW, acting under a supervising physician or other agency or person rendering services to victims. The department shall coordinate with other state purchasers of health care services to establish as much consistency and uniformity in billing and coding practices as possible, taking into account the unique requirements and differences between programs. No service covered under this title, including services provided to victims, whether aliens or other victims, who are not residing in the United States at the time of receiving the services, shall be charged or paid at a rate or rates exceeding those specified in such fee schedule, and no contract providing for greater fees shall be valid as to the excess. The establishment of such a schedule, exclusive of conversion factors, does not constitute "agency

action" as used in RCW 34.05.010(3), nor does such a fee schedule constitute a "rule" as used in RCW 34.05.010(16). Payments for providers' services under the fee schedule established pursuant to this subsection (2) may not be less than payments provided for comparable services under the workers' compensation program under Title 51 RCW, provided:

(i) If the department, using caseload estimates, projects a deficit in funding for the program by July 15th for the following fiscal year, the director shall notify the governor and the appropriate committees of the legislature and request funding sufficient to continue payments to not less than payments provided for comparable services under the workers' compensation program. If sufficient funding is not provided to continue payments to not less than payments provided for comparable services under the workers' compensation program, the director shall reduce the payments under the fee schedule for the following fiscal year based on caseload estimates and available funding, except payments may not be reduced to less than seventy percent of payments for comparable services under the workers' compensation program;

(ii) If an unforeseeable catastrophic event results in insufficient funding to continue payments to not less than payments provided for comparable services under the workers' compensation program, the director shall reduce the payments under the fee schedule to not less than seventy percent of payments provided for comparable services under the workers' compensation program, provided that the reduction may not be more than necessary to fund benefits under the program; and

(iii) Once sufficient funding is provided or otherwise available, the director shall increase the payments under the fee schedule to not less than payments provided for comparable services under the workers' compensation program;

(h) Make a record of the commencement of every disability and the termination thereof and, when bills are rendered for the care and treatment of injured victims, shall approve and pay those which conform to the adopted rules, regulations, established fee schedules, and practices of the director and may reject any bill or item thereof incurred in violation of the principles laid down

in this section or the rules, regulations, or the established fee schedules and rules and regulations adopted under it.

(3) The director and his or her authorized assistants:

(a) Have power to issue subpoenas to enforce the attendance and testimony of witnesses and the production and examination of books, papers, photographs, tapes, and records before the department in connection with any claim made to the department or any billing submitted to the department. The superior court has the power to enforce any such subpoena by proper proceedings;

(b)(i) May apply for and obtain a superior court order approving and authorizing a subpoena in advance of its issuance. The application may be made in the county where the subpoenaed person resides or is found, or the county where the subpoenaed records or documents are located, or in Thurston county. The application must (A) state that an order is sought pursuant to this subsection; (B) adequately specify the records, documents, or testimony; and (C) declare under oath that an investigation is being conducted for a lawfully authorized purpose related to an investigation within the department's authority and that the subpoenaed documents or testimony are reasonably related to an investigation within the department's authority.

(ii) Where the application under this subsection (3)(b) is made to the satisfaction of the court, the court must issue an order approving the subpoena. An order under this subsection constitutes authority of law for the agency to subpoena the records or testimony.

(iii) The director and his or her authorized assistants may seek approval and a court may issue an order under this subsection without prior notice to any person, including the person to whom the subpoena is directed and the person who is the subject of an investigation.

(4) In all hearings, actions, or proceedings before the department, any physician or licensed advanced registered nurse practitioner having theretofore examined or treated the claimant may be required to testify fully regarding such examination or treatment, and shall not be exempt from so testifying by reason of the relation of the physician or licensed advanced

registered nurse practitioner to the patient.

Sec. 3. RCW 7.68.031 and 2013 c 125 s 1 are each amended to read as follows:

On all claims under this chapter, claimants' written or electronic notices, orders, or payments must be forwarded directly to the claimant until such time as there has been entered an order on the claim appealable to the ((department)) board of industrial insurance appeals. Claimants' written or electronic notices, orders, or payments may be forwarded to the claimant in care of a representative before an order has been entered if the claimant sets forth in writing the name and address of the representative to whom the claimant desires this information to be forwarded.

Sec. 4. RCW 7.68.062 and 2011 c 346 s 302 are each amended to read as follows:

(1)(a) Where a victim is eligible for compensation under this chapter he or she shall file with the department his or her application for such, together with the certificate of the ((physician or licensed advanced registered nurse practitioner)) treating provider who attended him or her. An application for compensation form developed by the department shall include a notice specifying the victim's right to receive health services from a ((physician or licensed advanced registered nurse practitioner)) treating provider utilizing his or her private or public insurance or if no insurance, of the victim's choice under RCW 7.68.095.

(b) The ((physician or licensed advanced registered nurse practitioner)) treating provider who attended the injured victim shall inform the injured victim of his or her rights under this chapter and lend all necessary assistance in making this application for compensation and such proof of other matters as required by the rules of the department without charge to the victim.

(3) No victim or beneficiary shall receive compensation for or during the day on which the injury was received.

(4) If a victim's employer continues to pay the victim's wages that he or she was earning at the time of the crime, the victim shall not receive any financial support for lost wages.

(5) When the director determines that a temporary total disability results in a loss of wages, the victim shall receive

monthly subject to subsection (1) of this section, during the period of disability, sixty percent of the victim's monthly wage but no more than one hundred percent of the state's average monthly wage as defined in RCW 7.68.020. The minimum monthly payment shall be no less than five hundred dollars. Monthly wages shall be based upon employer wage statements, employment security records, or documents reported to and certified by the internal revenue service. Monthly wages must be determined using the actual documented monthly wage or averaging the total wages earned for up to twelve successive calendar months preceding the injury. In cases where the victim's wages and hours are fixed, they shall be determined by multiplying the daily wage the victim was receiving at the time of the injury:

(a) By five, if the victim was normally employed one day a week;

(b) By nine, if the victim was normally employed two days a week;

(c) By thirteen, if the victim was normally employed three days a week;

(6) When the director determines that a permanent total disability or death results in a loss of wages, the victim or eligible spouse shall receive the monthly payments established in this subsection, not to exceed forty thousand dollars or the limits established in this chapter.

(7) If the director determines that the victim is voluntarily retired and is no longer attached to the workforce, benefits shall not be paid under this section.

(8) In the case of death, if there is no eligible spouse, benefits shall be paid to the child or children of the deceased victim. If there is no spouse or children, no payments shall be made under this section. If the spouse remarries before this benefit is paid in full benefits shall be paid to the victim's child or children and the spouse shall not receive further payment. If there is

no child or children no further payments will be made.

(9) The benefits for disposition of remains or burial expenses shall not exceed ((five)) six thousand ((seven)) one hundred ((fifty)) seventy dollars per claim ((and)). Beginning July 1, 2020, the department shall adjust the amount in this subsection (9) for inflation every three years based upon changes in the consumer price index during that time period. To receive reimbursement for expenses related to the disposition of remains or burial, the department must receive an itemized statement from a provider of services within ((twelve)) twenty-four months of the date ((upon which the death of the victim is officially recognized as a homicide)) of the claim allowance. If there is a delay in the recovery of remains or the release of remains for disposition or burial, an itemized statement from a provider of services must be received within ((twelve)) twenty-four months of the date of the release of the remains or of the date of the claim allowance, whichever is later.

(10) Any person who is responsible for the victim's injuries, or who would otherwise be unjustly enriched as a result of the victim's injuries, shall not be a beneficiary under this chapter.

(11) Crime victims' compensation is not available to pay for services covered under chapter 74.09 RCW or Title XIX of the federal social security act.

(13) If the provisions of this title relative to compensation for injuries to or death of victims become invalid because of any adjudication, or are repealed, the period intervening between the occurrence of an injury or death, not previously compensated for under this title by lump payment or completed monthly payments, and such repeal or the rendition of the final adjudication of invalidity shall not be computed as a part of the time limited by law for the

commencement of any action relating to such injury or death.

(14) The benefits established in RCW 51.32.080 for permanent partial disability will not be provided to any crime victim or for any claim submitted on or after July 1, 2011.

Sec. 6. RCW 7.68.080 and 2011 1st sp.s. c 15 s 69 and 2011 c 346 s 501 are each reenacted and amended to read as follows:

(1) When the injury to any victim is so serious as to require the victim's being taken from the place of injury to a place of treatment, reasonable transportation costs to the nearest place of proper treatment shall be reimbursed by the department as part of the victim's total claim under RCW 7.68.070(1).

The director shall establish rules adopted in accordance with chapter 34.05 RCW. Nothing in this chapter may be construed to require the payment of interest on any billing, fee, or charge.

(4) Whenever the director deems it necessary in order to resolve any medical issue, a victim shall submit to examination by a physician or physicians selected by the director, with the rendition of a report to the person

ordering the examination. The department shall provide the physician performing an examination with all relevant medical records from the victim's claim file. The director, in his or her discretion, may charge the cost of such examination or examinations to the crime victims' compensation fund. If the examination is paid for by the victim, then the cost of said examination shall be reimbursed to the victim for reasonable costs connected with the examination as part of the victim's total claim under RCW 7.68.070(1).

(5) Victims of sexual assault are eligible to receive appropriate counseling. Fees for such counseling shall be determined by the department. (6) Immediate family members of a homicide victim may receive appropriate counseling to assist in dealing with the immediate, near-term consequences of the related effects of the homicide. Up to twelve counseling sessions may be received ((for one year)) after the crime victim's claim has been allowed. Fees for counseling shall be determined by the department in accordance with and subject to this section. Payment of counseling benefits under this section may not be provided to the perpetrator of the homicide. The benefits under this subsection may be provided only with respect to homicides committed on or after July 1, 1992.

(7) Pursuant to RCW 7.68.070(12), a victim of a sex offense that occurred outside of Washington may be eligible to receive mental health counseling related to participation in proceedings to civilly commit a perpetrator.

(8) The crime victims' compensation program shall consider payment of benefits solely for the effects of the criminal act.

(9) The legislature finds and declares it to be in the public interest of the state of Washington that a proper regulatory and inspection program be instituted in connection with the provision of any services provided to crime victims pursuant to this chapter. In order to effectively accomplish such purpose and to assure that the victim receives such services as are paid for by

the state of Washington, the acceptance by the victim of such services, and the request by a provider of services for reimbursement for providing such services, shall authorize the director of the department or the director's authorized representative to inspect and audit all records in connection with the provision of such services. In the conduct of such audits or investigations, the director or the director's authorized representatives may:

(a) Examine all records, or portions thereof, including patient records, for which services were rendered by a health care provider and reimbursed by the department, notwithstanding the provisions of any other statute which may make or purport to make such records privileged or confidential, except that no original patient records shall be removed from the premises of the health care provider, and that the disclosure of any records or information obtained under authority of this section by the department is prohibited and constitutes a violation of RCW 42.52.050, unless such disclosure is directly connected to the official duties of the department. The disclosure of patient information as required under this section shall not subject any physician, licensed advanced registered nurse practitioner, or other health care provider to any liability for breach of any confidential relationships between the provider and the patient. The director or the director's authorized representative shall destroy all copies of patient medical records in their possession upon completion of the audit, investigation, or proceedings;

(b) Approve or deny applications to participate as a provider of services furnished to crime victims pursuant to this title;

(c) Terminate or suspend eligibility to participate as a provider of services furnished to victims pursuant to this title; and

(d) Pursue collection of unpaid overpayments and/or penalties plus interest accrued from health care providers pursuant to RCW 51.32.240(6).

Sec. 7. RCW 7.68.111 and 2011 c 346 s 601 are each amended to read as follows:

(1)(a) If the victim or beneficiary in a claim prevails in an appeal by any party to the ((department)) board of industrial insurance appeals or the court, the department shall comply with the ((department)) board of industrial insurance appeals or court's order with respect to the payment of compensation within the later of the following time periods:

(i) Sixty days after the compensation order has become final and is not subject to review or appeal; or

(ii) If the order has become final and is not subject to review or appeal and the department has, within the period specified in (a)(i) of this subsection, requested the filing by the victim or beneficiary of documents necessary to make payment of compensation, sixty days after all requested documents are filed with the department.

The department may extend the sixty-day time period for an additional thirty days for good cause.

(b) If the department fails to comply with (a) of this subsection, any person eligible for compensation under the order may institute proceedings for injunctive or other appropriate relief for enforcement of the order. These proceedings may be instituted in the superior court for the county in which the claimant resides, or, if the claimant is not then a resident of this state, in the superior court for Thurston county.

(2) In a proceeding under this section, the court shall enforce obedience to the order by proper means, enjoining compliance upon the person obligated to comply with the compensation order. The court may issue such writs and processes as are necessary to carry out its orders and may award a penalty of up to one thousand dollars to the person eligible for compensation under the order.

NEW SECTION. Sec. 4. A new section is added to chapter 61.24 RCW to read as follows:

(1) A certificate of abandonment for entry into a dwelling without the borrower's permission permits a servicer or its agent to enter the property to take reasonable steps to secure the property. Upon issuance of a certificate of abandonment, the housing finance commission must notify the appropriate city, town, or county.

(2) The following conditions must be met before issuance of a certificate of abandonment:

(a) The borrower is in default and the property is abandoned, as indicated by the presence of at least three of the following indicia of abandonment visible from the exterior: (i) The absence of furnishings and personal items consistent with residential habitation; (ii) the gas, electric, and water utility services have been disconnected; (iii) statements by neighbors, passersby, delivery agents, or government employees that the property is vacant; (iv) multiple windows on the property are boarded up or closed off or are smashed through, broken, or unhinged, or multiple window panes are broken and unrepaired; (v) doors on the residence are smashed through, broken off, unhinged, or continuously unlocked; (vi) the property has been stripped of copper or other materials, or interior fixtures have been removed; (vii) law enforcement officials have received at least one report of trespassing or vandalism or other illegal activities occurring on the property within the immediately preceding six months; (viii) the property has been

(3) Within seven days of issuance of the certificate of abandonment, the servicer or its agent must post a written notice on the door informing the occupants that after thirty days the servicer or its agent intends to enter the dwelling to take reasonable steps to secure the property. The notice must remain on the door until the servicer is contacted by the borrower or lawful occupant or until foreclosure is complete. The notice must include all of the following:

NEW SECTION. Sec. 5. A new section is added to chapter 61.24 RCW to read as follows:

The authority of an agent, such as a property preservation entity, to enter abandoned property and to perform any sort of work derives solely from the servicer's authority. A servicer has a duty to monitor its agents and to make sure that its agents possess the required permit, license, certificate, or registration, and are properly bonded and

insured if so required. The servicer must require that the agent implement stringent background check requirements for all of its employees engaged in on-site property preservation.

NEW SECTION. Sec. 6. A new section is added to chapter 61.24 RCW to read as follows:

(1) As used in this section:

(a) "Maintain" means:

(2)(a) Beginning thirty days after obtaining written permission or a court order as described under section 2 of this act or the issuance of a certificate of abandonment under section 4 of this act, and until the later of the recording of the trustee's deed by the purchaser or fifteen days after physical delivery of the trustee's deed to the purchaser, a beneficiary or its agent or servicer is under a duty to maintain the property during any period in which the property is vacant.

(b) A servicer must provide the servicer's name or the name of the servicer's agent and a telephone number or other means for contacting the servicer or agent to an official that the local government designates to receive the information described in this subsection.

(c) The servicer must post a durable notice in a conspicuous location on the property that lists a telephone number for the servicer or for the local government that a person may call to report a condition of neglect. The servicer must replace the notice if the notice is removed from the property during a period when the property is vacant.

(d) A servicer or the agent of a servicer must identify the borrower to the local government and provide to, and maintain with, the local government current contact information during a period when the property is vacant.

(3)(a) If a local government finds a violation of subsection (2)(a) of this section, the local government must notify the servicer, in writing, that the property is the subject of the violation and in accordance with (b) or (c) of this subsection, as appropriate, must specify a time within which the servicer must remedy the condition that is the basis for the local government's finding.

(b) The local government must allow the servicer not fewer than thirty days to remedy the violation, unless the local government makes a determination under (c) of this subsection, and must provide the servicer with an opportunity to contest the local government's finding at a hearing. The servicer must contest the local government's finding within ten days after the local government notifies the servicer of the violation.

(c) If the local government determines that a specific condition of the property constitutes a threat to public health or safety, the local government may require the servicer to remedy the specific condition in fewer than thirty days, provided that the local government specifies in the written notice the date by which the servicer must remedy the specific condition. A local government may specify in the written notice different dates by which the servicer must remedy separate conditions of neglect on the foreclosed residential real property.

(4)(a) After a local government allows a servicer the time specified in subsection (3)(b) of this section or makes a determination under subsection (3)(c) of this section, the local government may remedy or contract with another person to remedy and require the servicer to reimburse the local government for reasonable costs the local government incurs under this subsection.

(b) A local government that has incurred costs with respect to property under (a) of this subsection has a lien on the property for the sum of the local government's unreimbursed costs. A lien created under this subsection is prior to all other liens and encumbrances, except that the lien has equal priority with a tax lien. The lien attaches at the time the local government files a claim of lien with the county clerk of the county

in which the property is located. A local government may bring an action in the superior court to foreclose the lien in the manner provided for foreclosing other liens on real or personal property.

NEW SECTION. Sec. 7. A new section is added to chapter 61.24 RCW to read as follows:

(b) "Reasonable costs" means actual and demonstrable costs that are commensurate with and do not exceed the market rate for services necessary to remedy a condition of neglect, plus the actual and demonstrable costs of administering a contract for services to remedy a condition of neglect or the portion of the costs of a program to remedy conditions of neglect that are attributable to remedying a condition of neglect for specific property.

(2)(a) A servicer is under an obligation to maintain and may not neglect the property during any period in which the property is vacant.

(b) A servicer must provide the servicer's name or the name of the servicer's agent and a telephone number or other means for contacting the servicer or agent to an official that the local government designates to receive the information described in this subsection.

(c) The servicer must post a durable notice in a conspicuous location on the property that lists a telephone number for the servicer or for the local government that a person may call to report a condition of neglect. The servicer must replace the notice if the

notice is removed from the property during a period when the property is vacant.

(d) A servicer or the agent of a servicer must identify the borrower to the local government and provide to, and maintain with, the local government current contact information during a period when the property is vacant.

(3)(a) If a local government finds a violation of subsection (2)(a) of this section, the local government must notify the servicer, in writing, that the property is the subject of the violation and in accordance with (b) or (c) of this subsection, as appropriate, must specify a time within which the servicer must remedy the condition of neglect that is the basis for the local government's finding.

The servicer must contest the local government's finding within ten days after the local government notifies the servicer of the violation.

(c) If the local government determines that a specific condition of the property constitutes a threat to public health or safety, the local government may require the servicer to remedy the specific condition in fewer than thirty days, provided that the local government specifies in the written notice the date by which the servicer must remedy the specific condition. A local government may specify in the written notice different dates by which the servicer must remedy separate conditions of neglect on the foreclosed residential real property.

(4)(a) After a local government allows a servicer the time specified in subsection (3)(b) of this section or makes a determination under subsection (3)(c) of this section, the local government may remedy or contract with another person to remedy neglect or a specific condition of neglect on property and require the servicer to reimburse the local government for reasonable costs the local government incurs under this subsection.

(b) A local government that has incurred costs with respect to property under (a) of this subsection has a lien on the property for the sum of the local government's unreimbursed costs. A lien

created under this subsection is prior to all other liens and encumbrances, except that the lien has equal priority with a tax lien. The lien attaches at the time the local government files a claim of lien with the county clerk of the county in which the property is located. A local government may bring an action in the superior court to foreclose the lien in the manner provided for foreclosing other liens on real or personal property.

(1) When conducting a review of the necessity and appropriateness of emergency services or making a benefit determination for emergency services:

(a) A health carrier shall cover emergency services necessary to screen and stabilize a covered person if a prudent layperson acting reasonably would have believed that an emergency medical condition existed. In addition, a health carrier shall not require prior authorization of ((such)) emergency services provided prior to the point of stabilization if a prudent layperson acting reasonably would have believed that an emergency medical condition existed. With respect to care obtained from ((a nonparticipating)) an out-of-network hospital emergency department, a health carrier shall cover emergency services necessary to screen and stabilize a covered person ((if a prudent layperson would have reasonably believed that use of a participating hospital emergency department would result in a delay that would worsen the emergency, or if a provision of federal, state, or local law requires the use of a specific provider or facility)). In addition, a health carrier shall not require prior authorization of ((such)) the services provided prior to the point of stabilization ((if a prudent layperson acting reasonably would have believed that an emergency medical condition existed and that use of a participating hospital emergency department would result in a delay that would worsen the emergency)).

(b) If an authorized representative of a health carrier authorizes coverage of emergency services, the health carrier shall not subsequently retract its authorization after the emergency services have been provided, or reduce payment for an item or service furnished

in reliance on approval, unless the approval was based on a material misrepresentation about the covered person's health condition made by the provider of emergency services with the patient's knowledge and consent.

(c) Coverage of emergency services may be subject to applicable in-network copayments, coinsurance, and deductibles, ((and a health carrier may impose reasonable differential cost-sharing arrangements for emergency services rendered by nonparticipating providers, if such differential between cost-sharing amounts applied to emergency services rendered by participating provider versus nonparticipating provider does not exceed fifty dollars. Differential cost sharing for emergency services may not be applied when a covered person presents to a nonparticipating hospital emergency department rather than a participating hospital emergency department when the health carrier requires preauthorization for postevaluation or poststabilization emergency services if:

(i) Due to circumstances beyond the covered person's control, the covered person was unable to go to a participating hospital emergency department in a timely fashion without serious impairment to the covered person's health; or

(ii) A prudent layperson possessing an average knowledge of health and medicine would have reasonably believed that he or she would be unable to go to a participating hospital emergency department in a timely fashion without serious impairment to the covered person's health)) as provided in sections 3 through 16 of this act.

((d)) (2) If a health carrier requires preauthorization for postevaluation or poststabilization services, the health carrier shall provide access to an authorized representative twenty-four hours a day, seven days a week, to facilitate review. In order for postevaluation or poststabilization services to be covered by the health carrier, the provider or facility must make a documented good faith effort to contact the covered person's health carrier within thirty minutes of stabilization, if the covered person needs to be stabilized. The health carrier's authorized representative is required to respond to a telephone request for preauthorization from a provider or facility within thirty minutes. Failure of the health carrier to

respond within thirty minutes constitutes authorization for the provision of immediately required medically necessary postevaluation and poststabilization services, unless the health carrier documents that it made a good faith effort but was unable to reach the provider or facility within thirty minutes after receiving the request.

((e)) (3) A health carrier shall immediately arrange for an alternative plan of treatment for the covered person if ((a nonparticipating)) an out-of-network emergency provider and health plan cannot reach an agreement on which services are necessary beyond those immediately necessary to stabilize the covered person consistent with state and federal laws.

((2)) (4) Nothing in this section is to be construed as prohibiting the health carrier from requiring notification within the time frame specified in the contract for inpatient admission or as soon thereafter as medically possible but no less than twenty-four hours. Nothing in this section is to be construed as preventing the health carrier from reserving the right to require transfer of a hospitalized covered person upon stabilization. Follow-up care that is a direct result of the emergency must be obtained in accordance with the health plan's usual terms and conditions of coverage. All other terms and conditions of coverage may be applied to emergency services.

NEW SECTION. Sec. 3. This subchapter may be known and cited as the balance billing protection act.

NEW SECTION. Sec. 4. (1) An out-of-network provider or facility may not balance bill a covered person for the following health care services:

(a) Emergency services provided to a covered person; and

(b) Nonemergency health care services provided to a covered person at an in-network hospital licensed under chapter 70.41 RCW or an in-network ambulatory surgical facility licensed under chapter 70.230 RCW if the services:

(i) Involve surgical or ancillary services; and

(ii) Are provided by an out-of-network provider because an in-network provider was unavailable or the need for the services arose at the time the services were rendered and was unforeseen.

(2) Payment for services described in subsection (1) of this section is subject to sections 5 through 7 of this act.

(3) For purposes of this subchapter, "surgical or ancillary services" means surgery, anesthesiology, pathology, radiology, laboratory, or hospitalist services.

NEW SECTION. Sec. 5. (1)(a) Before billing a covered person for in-network cost-sharing for the services described in section 4 of this act, an out-of-network provider or facility must request that the carrier provide a written explanation of benefits specifying the applicable in-network cost-sharing amounts owed by the covered person. The carrier must provide the explanation of benefits within sixty days of the provider's or facility's request.

(b) A carrier must calculate the in-network cost-sharing amount for the out-of-network provider's or facility's services using the carrier's median contracted rate for similar services in the geographic area where the services were provided. If there is more than one level of cost-sharing, the carrier must use the cost-sharing amount most beneficial to the covered person.

(2) If a covered person receives emergency or nonemergency health care services under the circumstances described in section 4 of this act:

(a) The covered person satisfies his or her obligation to pay for the health care services if he or she pays the in-network cost-sharing amount specified in the carrier's explanation of benefits;

(b) A carrier, out-of-network provider, or out-of-network facility, and an agent, trustee, or assignee of a carrier, out-of-network provider, or out-of-network facility:

(i) Must ensure that the covered person incurs no greater cost than he or she would have incurred if the services had been provided by an in-network provider or at an in-network facility;

(ii) May not balance bill or otherwise attempt to collect from the covered person any amount greater than the in-network cost-sharing amount specified in the carrier's explanation of benefits;

(iii) May not report adverse information to a consumer credit reporting agency or commence a civil action against the covered person before the expiration of one hundred fifty days after the initial billing for the amount owed by the covered person under this section; and

(iv) May not use wage garnishments or liens on the primary residence of the covered person as a means of collecting unpaid bills under this section;

(c) The carrier must treat any cost-sharing amounts paid by the covered person for such services in the same manner as cost-sharing for health care services provided by an in-network provider and must apply any cost-sharing amounts paid by the covered person for such services toward the limit on the covered person's in-network out-of-pocket maximum expenses;

(d) If the covered person pays the out-of-network provider, out-of-network facility, or carrier an amount that exceeds the in-network cost-sharing amount specified in the carrier's explanation of benefits, the provider, facility, or carrier must refund any amount in excess of the in-network cost-sharing amount to the covered person within thirty business days of receipt. Interest must be paid to the covered person for any unrefunded payments at a rate of twelve percent beginning on the first calendar day after the thirty business days.

NEW SECTION. Sec. 6. (1) Upon receipt of an out-of-network provider or facility's bill for health care services described in section 4 of this act, the carrier must make payment directly to the provider or facility, rather than the covered person.

(2)(a) If the billed amount is less than three hundred dollars, the carrier must pay the out-of-network provider or facility the full billed amount.

(b) If the billed amount is more than three hundred dollars, the carrier and the out-of-network provider or facility may agree to resolve the payment dispute:

(i) Using the dispute resolution process described in section 7 of this act if the amount in dispute is two thousand dollars or more; or

(ii) Using mediation. If the amount in dispute is less than two thousand dollars, mediation expenses, not including attorneys' fees, must be divided equally among the carrier, the out-of-network provider who provided the health care services, and the in-network or out-of-network facility at which the services were provided. The provisions of chapter 7.07 RCW apply to mediations conducted under this subsection.

NEW SECTION. Sec. 7. (1)(a) A carrier, out-of-network provider, or out-of-network facility may initiate arbitration to resolve a payment dispute if the requirements described in section 6 of this act are met. Each arbitration proceeding may not involve more than one episode of care or more than one out-of-

network provider or facility. The arbitrator may not consolidate multiple disputes for resolution in a single arbitration proceeding.

(b) To initiate arbitration, the carrier, provider, or facility must file a request with the commissioner no later than ninety days after the provider's or facility's receipt of the written explanation of benefits under section 5 of this act. The party requesting arbitration must provide the nonrequesting party with a written notification that arbitration has been initiated. The notification must state the requesting party's final offer. No later than thirty days following receipt of the notification, the nonrequesting party must provide its final offer to the requesting party.

(2)(a) Once the requesting party has filed a request for arbitration with the commissioner, the commissioner must provide the parties with a list of approved arbitrators or entities that provide binding arbitration. The arbitrators on the list must be trained by the American arbitration association or the American health lawyers association.

(b) To select an arbitrator, the parties may agree on an arbitrator from the list provided by the commissioner. If the parties do not agree on an arbitrator, the commissioner must provide the parties with the names of five arbitrators from the list. Each party may veto two of the five named arbitrators. If one arbitrator remains, that person is the chosen arbitrator. If more than one arbitrator remains, the commissioner must choose the arbitrator from the remaining arbitrators. The parties and the commissioner must complete this process within twenty days of receipt of the list from the commissioner.

(3)(a) Each party must make written submissions to the arbitrator in support of its position no later than thirty days after the request for arbitration is filed with the commissioner. No later than thirty days after the receipt of the parties' written submissions, the arbitrator must: Issue a written decision requiring payment of the final offer amount of either the requesting party or the nonrequesting party; notify the parties of its decision; and provide the decisions and the information described in section 8 of this act regarding the decision to the commissioner.

(b) In reviewing the submissions of the parties and making a decision related to the appropriate amount to be paid to the out-of-network provider or facility, the arbitrator must consider the following factors:

(i) Whether there is a gross disparity between the amount charged by the out-of-network provider or facility and: (A) Amounts paid to the provider or facility for the same services provided to other patients by carriers with respect to which the provider or facility is out-of-network; and (B) the amounts paid by the carrier to reimburse similarly qualified out-of-network providers or facilities for the same services in the same region;

(ii) The circumstances and complexity of the case; and

(iii) Patient characteristics.

(4) Expenses incurred in the course of arbitration, including the arbitrator's expenses and fees, but not including attorneys' fees, must be paid by the party whose final offer was rejected by the arbitrator.

(5) The parties must enter into a nondisclosure agreement to protect any personal health information or fee information provided to the arbitrator.

(6) Chapter 7.04A RCW applies to arbitrations conducted under this section, but in the event of a conflict between this section and chapter 7.04A RCW, this section governs.

(7) The covered person is not liable for any of the costs of the arbitration and may not be required to participate in the arbitration proceeding as a witness or otherwise.

NEW SECTION. Sec. 8. (1) The commissioner must prepare an annual report summarizing the dispute resolution information provided by arbitrators under section 7 of this act. The report must include summary information related to the matters decided through arbitration, as well as the following information for each dispute resolved through arbitration: The carrier; the health care provider; the health care provider's employer or the business entity in which the provider has an ownership interest; the health care facility where the services were provided; and the type of health care services at issue.

(2) The commissioner must post the report on the office of the insurance commissioner's web site and submit it to the relevant committees of the legislature annually by July 1st.

(3) This section expires January 1, 2023.

NEW SECTION. Sec. 9. The office of the insurance commissioner, in consultation with carriers, health care providers, health care facilities, and consumers, must develop standard template language for notifying consumers that they may not be balance billed for health care services under the circumstances described in section 4 of this act. The standard template language must include contact information for the office of the insurance commissioner so that consumers may contact the office of the insurance commissioner if they believe they have received a balance bill in violation of this subchapter.

NEW SECTION. Sec. 10. (1) A nonemployed provider group that provides surgical or ancillary services at a hospital or ambulatory surgical facility must notify the hospital or ambulatory surgical facility of the carriers with which the provider group contracts. The provider group must notify the hospital or ambulatory surgical facility if the contract between the provider group and a carrier will be terminated. The provider group must provide the notice as soon as practicable, but in no case less than forty-five days prior to termination of the contract.

(2) A hospital or ambulatory surgical facility must post the following information on its web site:

(a) A list of the carriers with which the hospital or ambulatory surgical facility contracts; and

(b) For each nonemployed provider group with which the hospital or ambulatory surgical facility has a contract to provide surgical or ancillary services, whether the provider group contracts with the same carriers as the hospital or ambulatory surgical facility.

(3) On a quarterly basis, a hospital or ambulatory surgical facility must provide a notice to each carrier with which it contracts regarding the network status of its contracted provider groups. The notice must include, for each type of surgical or ancillary service, whether at least seventy-five percent of the nonemployed providers providing the service in the facility were in-network with the carrier during the previous three months. If the seventy-five percent threshold is not met, the carrier must treat the facility as out-of-network for services other than emergency services, unless the facility notifies the carrier

that the seventy-five percent threshold has been met. The carrier must notify the commissioner if it determines that the seventy-five percent threshold has not been met.

(4) When a patient is scheduled for nonemergency health care services, a hospital or ambulatory surgical facility must provide the patient with notice as required by this subsection at least ten days prior to the scheduled admission or outpatient service.

(a) If the facility is an in-network facility with respect to the patient's health plan, the notice must:

(i) Advise the patient that he or she may request that the facility provide only in-network providers;

(ii) Disclose the names and contact information for any providers who will provide surgical or ancillary services and indicate whether each provider is in-network or out-of-network with respect to the patient's health plan;

(iii) Advise the patient of his or her rights under this subchapter using the standard template language developed under section 9 of this act; and

(iv) Provide an estimated range of the cost of services with a disclaimer that the estimate does not account for permitted cost-sharing and that the patient should contact his or her health plan for additional information regarding applicable cost-sharing requirements.

(b) If the facility is an out-of-network facility with respect to the patient's health plan, the notice must:

(i) Advise the patient that the facility is an out-of-network facility and that the patient may choose to obtain the services at an in-network facility;

(ii) Advise the patient that he or she will have the financial responsibility applicable to services provided at an out-of-network facility in excess of applicable cost-sharing amounts and that the patient may be responsible for any costs in excess of those allowed by the health plan;

(iii) Provide an estimated range of the cost of services and advise the patient to contact the carrier for further consultation on those costs; and

(iv) Inform the patient that he or she may qualify for a discount for some or all of the facility's bill, regardless of insurance status, and that the patient should contact the facility's financial assistance office.

(c) If the facility's network status with respect to the patient's health plan

changes after the provision of the notice required by this section and before the services are provided, the facility must promptly notify the patient of the change.

NEW SECTION. Sec. 11. (1) A health care provider must provide information on its web site listing the carriers with which the provider contracts.

(2) An in-network provider must submit accurate information to a carrier regarding the provider's network status in a timely manner, consistent with the terms of the contract between the provider and the carrier.

(3) When a patient is scheduled for nonemergency health care services at an out-of-network hospital or ambulatory surgical facility, a health care provider must provide the patient with notice as required by this subsection if the provider is out-of-network with respect to the patient's health plan. The provider must provide the notice at least ten days prior to the scheduled admission or outpatient service. The notice must:

(a) Disclose that the provider is out-of-network with respect to the patient's health plan;

(b) Advise the patient that he or she may seek other alternatives, including an in-network provider;

(c) Advise the patient that because he or she will be receiving health care services at an out-of-network facility, he or she will have the financial responsibility applicable to services provided outside the health plan's network in excess of applicable cost-sharing amounts and that the patient may be responsible for any costs in excess of those allowed by the health plan; and

(d) Provide an estimated range of the cost of services and the estimated amount that the provider may bill the patient and advise the patient to contact his or her carrier for further consultation regarding those costs.

NEW SECTION. Sec. 12. (1) A carrier must update its web site and provider directory no later than thirty days after the addition or termination of a facility or provider, so long as the carrier had notice of the change.

(2) A carrier must provide a covered person with:

(a) A clear description of the health plan's out-of-network health benefits;

(b) Notice of rights under this subchapter using the standard template language developed under section 9 of this act;

(c) Notification that if the covered person receives services from an out-of-network provider or facility, under circumstances other than those described in section 4 of this act, the covered person will have the financial responsibility applicable to services provided outside the health plan's network in excess of applicable cost-sharing amounts and that the covered person may be responsible for any costs in excess of those allowed by the health plan;

(d) Information on how to use the carrier's member transparency tools under RCW 48.43.007;

(e) Upon request, information regarding whether a health care provider is in-network or out-of-network; and

(f) Upon request, an estimated range of the out-of-pocket costs for an out-of-network benefit.

NEW SECTION. Sec. 13. (1) If the commissioner has cause to believe that any person, including a health care provider, hospital, or ambulatory surgical facility, is violating a provision of this subchapter, the commissioner may order the person to cease and desist.

(2) If any person, including a health care provider, hospital, or ambulatory surgical facility, violates or has violated a provision of this subchapter, the commissioner may levy a fine upon the person in an amount not to exceed one thousand dollars per violation and take other action as permitted under this title for a violation of this title.

NEW SECTION. Sec. 14. The commissioner may adopt rules to implement and administer this subchapter, including rules governing the dispute resolution process established in section 7 of this act.

NEW SECTION. Sec. 15. This subchapter does not apply to health plans that provide benefits under chapter 74.09 RCW.

NEW SECTION. Sec. 16. This subchapter must be liberally construed to promote the public interest by ensuring that consumers are not billed out-of-network charges and do not receive additional bills from providers under the circumstances described in section 4 of this act.

SUBSTITUTE HOUSE BILL NO. 1714 was read the second time.

Representative Cody moved the adoption of the striking amendment (280):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that:

(1) Research demonstrates that registered nurses play a critical role in improving patient safety and quality of care;

(2) Appropriate staffing of hospital personnel including registered nurses available for patient care assists in reducing errors, complications, and adverse patient care events and can improve staff safety and satisfaction and reduce incidences of workplace injuries;

(3) Health care professional, technical, and support staff comprise vital components of the patient care team, bringing their particular skills and services to ensuring quality patient care;

(4) Assuring sufficient staffing of hospital personnel, including registered nurses, is an urgent public policy priority in order to protect patients and support greater retention of registered nurses and safer working conditions; and

(5) Steps should be taken to promote evidence-based nurse staffing and increase transparency of health care data and decision making based on the data.

Sec. 2. RCW 70.41.420 and 2008 c 47 s 3 are each amended to read as follows:

(1) By September 1, 2008, each hospital shall establish a nurse staffing committee, either by creating a new committee or assigning the functions of a nurse staffing committee to an existing committee. At least one-half of the members of the nurse staffing committee shall be registered nurses currently providing direct patient care and up to one-half of the members shall be determined by the hospital administration. The selection of the registered nurses providing direct patient care shall be according to the collective bargaining agreement if there is one in effect at the hospital. If there is no applicable collective bargaining agreement, the members of the nurse staffing committee who are registered nurses providing direct patient care shall be selected by their peers.

(2) Participation in the nurse staffing committee by a hospital employee shall be on scheduled work time and compensated at the appropriate rate of pay. Nurse staffing committee members shall be relieved of all other work duties during meetings of the committee.

(3) Primary responsibilities of the nurse staffing committee shall include:

(a) Development and oversight of an annual patient care unit and shift-based nurse staffing plan, based on the needs of patients, to be used as the primary

component of the staffing budget. Factors to be considered in the development of the plan should include, but are not limited to:

(i) Census, including total numbers of patients on the unit on each shift and activity such as patient discharges, admissions, and transfers;

(ii) Level of intensity of all patients and nature of the care to be delivered on each shift;

(iii) Skill mix;

(iv) Level of experience and specialty certification or training of nursing personnel providing care;

(v) The need for specialized or intensive equipment;

(vi) The architecture and geography of the patient care unit, including but not limited to placement of patient rooms, treatment areas, nursing stations, medication preparation areas, and equipment; (~~and~~)

(vii) Staffing guidelines adopted or published by national nursing professional associations, specialty nursing organizations, and other health professional organizations;

(viii) Availability of other personnel supporting nursing services on the unit; and

(ix) Strategies to enable nurses to take meal and rest breaks as required by law or the terms of an applicable collective bargaining agreement, if any, between the hospital and a representative of the nursing staff;

(b) Semiannual review of the staffing plan against patient need and known evidence-based staffing information, including the nursing sensitive quality indicators collected by the hospital;

(c) Review, assessment, and response to staffing variations or concerns presented to the committee.

(4) In addition to the factors listed in subsection (3)(a) of this section, hospital finances and resources (~~may~~) must be taken into account in the development of the nurse staffing plan.

(5) The staffing plan must not diminish other standards contained in state or federal law and rules, or the terms of an applicable collective bargaining

agreement, if any, between the hospital and a representative of the nursing staff.

(6) The committee will produce the hospital's annual nurse staffing plan. If this staffing plan is not adopted by the hospital, the chief executive officer shall provide a written explanation of the reasons why the plan was not adopted to the committee and the chief executive officer must either identify those elements of the proposed plan being changed or prepare an alternate annual staffing plan that will be adopted by the hospital. Beginning January 1, 2019, each hospital shall submit its staffing plan to the department and thereafter on an annual basis and at any time in between that the plan is updated.

(7) Beginning January 1, 2019, each hospital shall implement the staffing plan and assign nursing personnel to each patient care unit in accordance with the plan.

(a) A nurse may report to the staffing committee any variations where the nurse personnel assignment in a patient care unit is not in accordance with the adopted staffing plan and may make a complaint to the committee based on the variations.

(b) Shift-to-shift adjustments in staffing levels required by the plan may be made by the appropriate hospital personnel overseeing patient care operations only after consultation with one or more impacted registered nurses providing direct patient care on the patient care unit or units utilizing procedures specified by the staffing committee. If a nurse on a patient care unit objects to a shift-to-shift adjustment, the registered nurse may submit the complaint to the staffing committee.

(c) Staffing committees shall develop a process to examine and respond to data submitted under (a) and (b) of this subsection, including the ability to determine if a specific complaint is resolved or dismissing a complaint based on unsubstantiated data.

(8) Each hospital shall post, in a public area on each patient care unit, the nurse staffing plan and the nurse staffing schedule for that shift on that unit, as well as the relevant clinical staffing for that shift. The staffing plan and current staffing levels must also be made available to patients and visitors upon request.

~~((8))~~ (9) A hospital may not retaliate against or engage in any form of intimidation of:

(a) An employee for performing any duties or responsibilities in connection with the nurse staffing committee; or

(b) An employee, patient, or other individual who notifies the nurse staffing committee or the hospital administration of his or her concerns on nurse staffing.

~~((9))~~ (10) This section is not intended to create unreasonable burdens on critical access hospitals under 42 U.S.C. Sec. 1395i-4. Critical access hospitals may develop flexible approaches to accomplish the requirements of this section that may include but are not limited to having nurse staffing committees work by telephone or ~~(electronic mail)~~ email.

NEW SECTION. Sec. 3. A new section is added to chapter 70.41 RCW to read as follows:

(ii) Conduct a semiannual review of a nurse staffing plan;

(iii) Submit a nurse staffing plan on an annual basis and any updates; or

(iv) Follow the nursing personnel assignments as adopted by the hospital as evidenced by the aggregate data of concerns for either shift-to-shift adjustment or reports of variations not in accordance with the adopted staffing plan for the hospital. This must be evidenced by a minimum of a sixty-day period of aggregate complaint data filed under RCW 70.41.420(7) (a) and (b) and where the staffing committee has not determined the complaints resolved; except in the event of unforeseeable emergency circumstances or where the hospital, after consultation with the staffing committee, documents it has made reasonable efforts to obtain staffing to meet required assignments but has been unable to do so.

(b) The department shall investigate the complaint and, if the department determines that there has been a violation, require the hospital to submit a corrective plan of action within forty-

five days of the presentation of findings from the department to the hospital.

(2) In the event that a hospital fails to submit or submits but fails to follow such a corrective plan of action in response to a violation or violations found by the department based on a complaint filed pursuant to subsection (1) of this section, the department may impose, for all violations asserted against a hospital at any time, a civil penalty of one hundred dollars per day until the hospital submits or begins to follow a corrective plan of action or takes other action agreed to by the department.

(3) The department shall maintain for public inspection records of any civil penalties, administrative actions, or license suspensions or revocations imposed on hospitals under this section.

(4) For purposes of this section, "unforeseeable emergency circumstance" means:

(a) Any unforeseen national, state, or municipal emergency;

(b) When a health care facility disaster plan is activated;

(c) Any unforeseen disaster or other catastrophic event that substantially affects or increases the need for health care services; or

(d) When hospitals in a community are diverting patients to other hospitals for treatment.

(5) Nothing in this section shall be construed to preclude the ability to otherwise submit a complaint to the department for failure to follow RCW 70.41.420.

(d) To reduce food insecurity and hunger in the state; and

(e) To identify ways to improve coordination and communication among local

food policy entities and communication between the local food policy entities and state agencies.

(b) Shall solicit public input through public hearings or informational sessions;

(c) May conduct research and analysis as needed within financial resources available to the forum; and

(d) May form an advisory committee or committees to address issues identified by the forum and that are within the guidelines of subsection (1) of this section, as requiring additional study or particular expertise.

The legislature further finds that six thousand six hundred sixty-seven of those students were underrepresented minority students and nine thousand four hundred seventy-one

were low-income students. The legislature further finds that of the students that took an AP exam in Washington state in 2015, fifty-one thousand seven hundred twenty-five scored a three, four, or five.

Therefore, the legislature intends to establish a policy for granting as many undergraduate course credits as possible to students who have earned a minimum score of three on their AP exams and clearly communicate credit awarding policies and course equivalencies to students. The goal of the policy is to award course credit in all appropriate instances and maximize the number of college students given college credit for AP exam scores of three or higher.

NEW SECTION. **Sec. 2.** A new section is added to chapter 28B.10 RCW to read as follows:

(1) The institutions of higher education must establish a coordinated, evidence-based policy for granting as many undergraduate college credits to students who have earned minimum scores of three on AP exams as possible and appropriate.

(2) Credit policy regarding all AP exams must be posted on campus web sites effective for the 2017 fall academic term. The institutions of higher education must conduct biennial reviews of their AP credit policy and report noncompliance to the appropriate committees of the legislature by November 1st each year beginning November 1, 2019."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that distracted driving is a practice that increases the likelihood of auto accidents, including fatal collisions, and is caused by a variety of activities, including the use of electronic devices, eating and drinking, talking to passengers, grooming, reading, using a navigation system, watching a video, or adjusting an audio device. The legislature further recognizes that distracted driving is one of the top three causes of fatal collisions for young drivers. It is therefore the intent of the legislature

to discourage distracted driving by increasing the penalties and fines for traffic infractions when drivers are dangerously distracted and directing the additional revenue from penalties and fines to programs dedicated to reducing distracted driving.

NEW SECTION. Sec. 2. A new section is added to chapter 46.61 RCW to read as follows:

(1) (a) It is a traffic infraction to drive dangerously distracted. Any driver who commits this infraction must be assessed the unscheduled infraction base penalty amount prescribed by rule by the supreme court in its schedule of monetary penalties for infractions, as directed under RCW 46.63.110(3).

(b) Enforcement of the infraction of driving dangerously distracted may be accomplished only as a secondary action when a driver of a motor vehicle has been detained for a suspected violation of a separate traffic infraction or an equivalent local ordinance.

(c) For the purposes of this section, "dangerously distracted" means a person who engages in any activity not related to the actual operation of a motor vehicle in a manner that interferes with the safe operation of such motor vehicle on any highway.

(2) The additional monetary penalty imposed under this section must be deposited into the distracted driving prevention account created in subsection (3) of this section.

(3) The distracted driving prevention account is created in the state treasury. All receipts from the base penalty in subsection (2) of this section must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only by the Washington traffic safety commission solely to support programs dedicated to reducing distracted driving and improving driver education on distracted driving.

Sec. 3. RCW 43.84.092 and 2016 c 194 s 5, 2016 c 161 s 20, and 2016 c 112 s 4 are each reenacted and amended to read as follows:

(1) All earnings of investments of surplus balances in the state treasury shall be deposited to the treasury income

account, which account is hereby established in the state treasury.

(2) The treasury income account shall be utilized to pay or receive funds associated with federal programs as required by the federal cash management improvement act of 1990. The treasury income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for refunds or allocations of interest earnings required by the cash management improvement act. The office of financial management shall determine the amounts due to or from the federal government pursuant to the cash management improvement act. The office of financial management may direct transfers of funds between accounts as deemed necessary to implement the provisions of the cash management improvement act, and this subsection. Refunds or allocations shall occur prior to the distributions of earnings set forth in subsection (4) of this section.

(3) Except for the provisions of RCW 43.84.160, the treasury income account may be utilized for the payment of purchased banking services on behalf of treasury funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasury and affected state agencies. The treasury income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4) Monthly, the state treasurer shall distribute the earnings credited to the treasury income account. The state treasurer shall credit the general fund with all the earnings credited to the treasury income account except:

(iv) Has lettering and background colors that make it clearly readable at one hundred feet in clear daylight;

(v) Is displayed at all times when instruction is being given.

(3) Instruction may not be given by an instructor to a student who is under the age of fifteen, and behind-the-wheel instruction may not be given by an instructor to a student in an automobile unless the student possesses a current and valid instruction permit issued pursuant to RCW 46.20.055 or a current and valid driver's license.

(4) No driver training school or instructor shall advertise or otherwise indicate that the issuance of a driver's license is guaranteed or assured as a result of the course of instruction offered.

(5) No driver training school or instructor shall utilize any types of

advertising without using the full, legal name of the school and identifying itself as a driver training school. Instruction vehicles and equipment, classrooms, driving simulators, training materials and services advertised must be available in a manner as might be expected by the average person reading the advertisement.

(6) A driver training school shall have an established place of business owned, rented, or leased by the school and regularly occupied and used exclusively for the business of giving driver instruction. The established place of business of a driver training school shall be located in a district that is zoned for business or commercial purposes or zoned for conditional use permits for schools, trade schools, or colleges. However, the use of public or private schools does not alleviate the driver training school from securing and maintaining an established place of business or from using its own classroom on a regular basis as required under this chapter.

(a) The established place of business, branch office, or classroom or advertised address of any such driver training school shall not consist of or include a house trailer, residence, tent, temporary stand, temporary address, bus, telephone answering service if such service is the sole means of contacting the driver training school, a room or rooms in a hotel or rooming house or apartment house, or premises occupied by a single or multiple-unit dwelling house.

(b) A driver training school may lease classroom space within a public or private school that is recognized and regulated by the office of the superintendent of public instruction to conduct student instruction as approved by the director. However, such use of public or private classroom space does not alleviate the driver training school from securing and maintaining an established place of business nor from using its own classroom on a regular basis as required by this chapter.

(c) To classify as a branch office or classroom the facility must be within a thirty-five mile radius of the established place of business. The department may waive or extend the thirty-five mile restriction for driver training schools located in counties below the median population density.

(d) Nothing in this subsection may be construed as limiting the authority of local governments to grant conditional use

permits or variances from zoning ordinances.

(7) No driver training school or instructor shall conduct any type of instruction or training on a course used by the department of licensing for testing applicants for a Washington driver's license.

(8) Each driver training school shall maintain its student, instructor, vehicle, insurance, and operating records at its established place of business.

(a) Student records must include the student's name, address, and telephone number, date of enrollment and all dates of instruction, the student's instruction permit or driver's license number, the type of training given, the total number of hours of instruction, and the name and signature of the instructor or instructors.

(b) Vehicle records shall include the original insurance policies and copies of the vehicle registration for all instruction vehicles.

(c) Student and instructor records shall be maintained for three years following the completion of the instruction. Vehicle records shall be maintained for five years following their issuance. All records shall be made available for inspection upon the request of the department.

(d) Upon a transfer or sale of school ownership the school records shall be transferred to and become the property and responsibility of the new owner.

(9) Each driver training school shall, at its established place of business, display, in a place where it can be seen by all clients, a copy of the required (~~minimum~~) curriculum furnished by the department (~~and a copy of the school's own curriculum~~). Copies of the required (~~minimum~~) curriculum are to be provided to driver training schools and instructors by the director.

(10) Driver training schools and instructors shall submit to periodic inspections of their business practices, facilities, records, and insurance by authorized representatives of the director of the department of licensing.

Sec. 12. RCW 46.82.420 and 2010 1st sp.s. c 7 s 22 are each amended to read as follows:

(1) The department and the office of the superintendent of public instruction shall jointly develop and maintain a (~~basic minimum~~) required curriculum (~~and~~) as specified in section 4 of this act. The department shall furnish to each qualifying applicant for an instructor's license or a driver training school license a copy of such curriculum.

(2) In addition to information on the safe, lawful, and responsible operation of motor vehicles on the state's highways, the (~~basic minimum~~) required curriculum shall include information on:

(a) Intermediate driver's license issuance, passenger and driving restrictions and sanctions for violating the restrictions, and the effect of traffic violations and collisions on the driving privileges;

(b) The effects of alcohol and drug use on motor vehicle operators, including information on drug and alcohol related traffic injury and mortality rates in the state of Washington and the current penalties for driving under the influence of drugs or alcohol;

(c) Motorcycle awareness, approved by the director, to ensure new operators of motor vehicles have been instructed in the importance of safely sharing the road with motorcyclists;

(d) Bicycle safety, to ensure that operators of motor vehicles have been instructed in the importance of safely sharing the road with bicyclists; and

(e) Pedestrian safety, to ensure that operators of motor vehicles have been instructed in the importance of safely sharing the road with pedestrians.

(3) Should the director be presented with acceptable proof that any licensed instructor or driver training school is not showing proper diligence in teaching (~~such basic minimum~~) the required curriculum (~~as required~~), the instructor or school shall be required to appear before the director and show cause why the license of the instructor or school should not be revoked for such negligence. If the director does not accept such reasons as may be offered, the director may revoke the license of the instructor or school, or both.

NEW SECTION. **Sec. 13.** The department of licensing and the office of the superintendent of public instruction must work together on the transfer and

coordination of responsibilities to comply with this act.

NEW SECTION. Sec. 14. The following acts or parts of acts are each repealed:

Unless the context clearly requires otherwise (~~(, the term)~~):

(1) "Contract crew hauling vehicle," as used in this chapter, means every motor vehicle, regardless of its seating capacity, that is owned, leased, operated, or maintained by a person contracting with a railroad company or its agents, contractors, subcontractors, vendors, subvendors, secondary vendors, or subcontractors, and used primarily to provide railroad crew transportation.

(2) "Passenger-carrying vehicle," as used in this chapter, means those buses (~~and~~), vans, trucks, and cars owned, operated, and maintained by a railroad company which transports railroad employees in other than the cab of such vehicle and designed primarily for operation on roads which may or may not be equipped with retractable flanged wheels for operation on railroad tracks.

NEW SECTION. **Sec. 2.** A new section is added to chapter 81.61 RCW to read as follows:

(ii) Uninsured and underinsured motorist coverage of one million dollars; and

(f) The form and posting of adequate notices in a conspicuous location in all contract crew hauling vehicles to advise

railroad employee passengers of their rights, the opportunity to submit safety complaints to the commission, the complaint process, and contact information for the commission.

The railroad company may also satisfy the insurance requirements. Proof of coverage must be provided to the commission by the person contracting with the railroad company.

(4) An employer of persons providing contract railroad crew transportation under this chapter must:

(a) Adopt drug testing requirements for drivers of any contract crew hauling vehicle consistent with drug testing programs conducted under 49 C.F.R. Part 382 as it existed on the effective date of this section, or such subsequent date as may be provided by the commission by rule, consistent with the purposes of this section; and

SUBSTITUTE HOUSE BILL NO. 1017 was read the second time.

Representative Fitzgibbon moved the adoption of the striking amendment (293):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 36.70A RCW to read as follows:

(1) This chapter does not prohibit a county planning under RCW 36.70A.040 from authorizing the extension of public facilities and utilities to serve a school sited in a rural area so long as:

(a) The county and any affected cities agree with the extension;

(b) The applicable school district has made a finding, with the concurrence of the county legislative authority and the legislative authorities of any affected cities, that the district's proposed site is suitable to site the school and any associated recreational facilities that the districting has determined cannot reasonably be colocated on an existing school site, taking into consideration

school service area needs, locally adopted educational program requirements, and the extent to which there is suitable land available within the growth area that is vacant or developable;

(c) If the public facility or utility is extended beyond the urban growth area to serve a school, the public facility or utility must serve only the school and the costs of such extension must be borne by the applicable school district based on a reasonable nexus to the impacts of the school, except as provided in subsection (3) of this section; and

(d) Any impacts associated with the siting of the school are mitigated as required by the state environmental policy act, chapter 43.21C RCW.

(2) This chapter does not prohibit either the expansion of an existing school in the rural area or the placement of portable classrooms at an existing school in the rural area.

(3) Where a public facility or utility has been extended beyond the urban growth area to serve a school, the public facility or utility may, where consistent with RCW 36.70A.110(4), serve a property or properties in addition to the school if a property owner so requests, provided that the county and any affected cities agree with the request and provided that the property is located no further from the public facility or utility than the distance that, if the property were within the urban growth area, the property would be required to connect to the public facility or utility. In such an instance, the school district may, for a period not to exceed twenty years, require reimbursement from a requesting property owner for a proportional share of the construction costs incurred by the school district for the extension of the public facility or utilities.

NEW SECTION. Sec. 2. A new section is added to chapter 36.70A RCW to read as follows:

(1) A county may authorize the siting in a rural area of a school that serves students from an urban area, even where otherwise prohibited by a multicounty planning policy, under the following circumstances:

(a) The county has a population greater than eight hundred forty thousand but less than one million five hundred thousand;

(b) The county must have adopted in its comprehensive plan a policy concerning the siting of schools in rural areas;

(c) Any impacts associated with the siting of such a school are mitigated as required by the state environmental policy act, chapter 43.21C RCW; and

(d) The county must be a participant in a multicounty planning policy as described in RCW 36.70A.210.

(2) A multicounty planning policy in which any county referenced in subsection (1) of this section is a participant must be amended, at its next regularly scheduled update, to include a policy that addresses the siting of schools in rural areas of all counties subject to the multicounty planning policy.

(3) A school sited under this section may not collect or impose the impact fees described in RCW 82.02.050.

(4) This section expires upon the adoption of the next regularly scheduled update of any multicounty planning policy referenced in subsection (2) of this section.

NEW SECTION. **Sec. 3.** A new section is added to chapter 36.70A RCW to read as follows:

In a county that chooses to site schools under section 2 of this act, each school district within the county must participate in the county's periodic updates required by RCW 36.70A.130(1) (b) by:

(1) Coordinating its enrollment forecasts and projections with the county's adopted population projections;

(2) Identifying school siting criteria with the county, cities, and regional transportation planning organizations;

(3) Identifying suitable school sites with the county and cities, with priority to siting urban-serving schools in existing cities and towns in locations where students can walk and bicycle to the school from their homes and that can effectively be served with transit; and

(4) Working with the county and cities to identify school costs and funding for the capital facilities plan element required by RCW 36.70A.070(3).

Sec. 4. RCW 36.70A.030 and 2012 c 21 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. "Fish and wildlife habitat conservation areas" does not include such artificial features or constructs as irrigation delivery systems, irrigation infrastructure, irrigation canals, or drainage ditches that lie within the boundaries of and are maintained by a port district or an irrigation district or company.

(6) "Department" means the department of commerce.

(7) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may

be expressed in a resolution or ordinance of the legislative body of the county or city.

(8) "Forestland" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forestland is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forestland to other uses.

(9) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(10) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(11) "Minerals" include gravel, sand, and valuable metallic substances.

(12) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(13) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(14) "Recreational land" means land so designated under RCW 36.70A.1701 and that, immediately prior to this designation, was

designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

(15) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and

(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

(16) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

(17) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, schools serving primarily rural students, transportation and public transit services, and other public utilities

associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

(18) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, schools, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

(19) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(20) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

(21) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or

highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** It is the intent of the legislature to increase transparency and accountability of the work performed by private entities and nonprofit organizations pursuant to contracts and the work performed by

public employees pursuant to project plans by requiring better evaluation of their performance. Such evaluation should include an assessment of whether decisions to "contract out" government goods and services to the private sector are achieving their stated objectives. In addition, it is the intent of the legislature to ensure that public contractors and agencies given access to state resources are held to ethical standards consistent with public values.

NEW SECTION. **Sec. 2.** A new section is added to chapter 39.26 RCW to read as follows:

(1) Prior to issuing a request for a proposal under this chapter to contract out to purchase from a private sector entity or nonprofit organization goods and services that have been customarily and historically provided by a public employee or employees, an agency must meet the criteria specified in RCW 41.06.142 and also conduct a comprehensive impact assessment if the estimated cost of contract performance is greater than twenty thousand dollars. This section applies only to contracts entered under this chapter and does not apply to contracts awarded under alternate procurement statutes or to contracts awarded for the purposes of or by the department of transportation.

(a) To assist the agency in determining whether the decision to contract out is beneficial, the comprehensive impact assessment must include at a minimum the following comparative analysis of the estimated costs of providing the goods and services through public employees and the costs of providing the goods and services through a contract:

(i) For goods and services provided by public employees:

(A) An estimate of the cost of the goods and services, including the fully allocated costs of the good or service, the cost of the employees' salaries and benefits, space, equipment, materials, and other costs necessary to perform the function. The estimate shall include the state's indirect overhead costs that can be specifically attributed to delivering the goods and services over the period of the proposed contract; and

(B) A statement of the performance objectives to be achieved; and

(ii) For goods and services contracted out:

(A) An estimate of the cost of the goods and services, including the cost of allocating sufficient public employee staff time and resources to monitor the contract and ensure its proper performance by the contractor; and

(B) A statement of the performance objectives to be achieved by contracting with a private sector or nonprofit entity.

(b) The comprehensive assessment may also include an assessment of the potential impacts on the public from outsourcing the contract, such as gain or loss of employment, effect on social services and public assistance programs, economic impacts on local businesses and local tax revenues, and environmental impacts.

(2) Upon completion of the comprehensive impact assessment required under subsection (1) of this section a written record must be prepared:

(a) If an agency decides to contract out a good or service that has been customarily and historically provided by public employees, the agency must prepare a written record of the basis of the decision and provide it to the department. The written record must include the comprehensive impact assessment and an itemization of performance standards in the contract for the goods or services.

(b) If an agency decides to provide the good or service through public employees, the agency must prepare a written record of the basis of the decision and provide it to the department. The written record must include the comprehensive impact assessment and a quantifiable analysis demonstrating the agency's ability to meet or exceed performance standards in the agency project plan for providing the goods or services.

(c) The agency must maintain the written record in the agency's files for five years or the term of the contract, whichever is longer.

(3) Every five years or upon completion of the contract or provision of the goods or services by the agency's public employees, whichever comes first, the agency must prepare and file with the

department a report, which must include at a minimum the following information:

(a) Documentation of the contractor's or agency's performance as measured by the itemized performance standards;

(b) Itemization of any contract extensions or change orders made by the contractor or comparable project plan revisions by the agency that resulted in a change in the dollar value or cost of the goods or services; and

(c) A report of any remedial actions that were taken to enforce compliance with the contract or project plan, together with an estimate of the cost incurred by the public in enforcing such compliance.

(4) In addition to any other terms required by law:

(a) For goods and services contracted out, the terms of the contract must include the following:

(i) A cancellation clause allowing the agency to cancel the contract if the contractor fails to meet quality standards or budget specifications;

(ii) Terms ensuring periodic review of performance of the contract on a semiannual basis or more frequently;

(iii) Terms requiring the contractor to reimburse the agency for certain additional costs including, but not limited to, the costs of the agency's employee time to mitigate or otherwise perform a contract that failed inspection, that the contractor failed to complete on schedule, or that the contractor failed to complete to specified quality standards;

(iv) A term requiring the contractor to make available to the agency the following information at the start of the contract's term and updated each fiscal year:

(A) The name and license number, if applicable, of the contractor and all subcontractors; and

(B) A list of individuals or entities performing or providing the goods or services, reflected as full-time equivalent positions, including the hourly wage rate for each position, and the status of the individual as an employee, subcontractor, independent contractor, or consultant of the contractor; and

(v) A waiver of confidentiality of, and agreement to provide to the agency upon request, basic financial information related to the contract, other than financial, commercial, or proprietary information specifically exempted from disclosure to the public under RCW 42.56.270; or

(b) For goods and services provided by public employees, the terms of an agency project plan must include the following:

(i) A clause allowing the agency to cancel the good or service if the agency fails to meet quality standards or budget specifications;

(ii) Terms ensuring periodic review of performance of the project plan on a semiannual basis or more frequently;

(iii) Terms requiring the agency to absorb certain additional costs including, but not limited to, the costs of the agency's employee time to mitigate or otherwise perform a project plan that failed inspection, that the agency failed to complete on schedule, or that the agency failed to complete to specified quality standards. In circumstances in which agencies are required to absorb certain additional costs or employee business units and other agencies are required to compensate an agency for certain additional costs, funds appropriated, allotted, or otherwise intended for other purposes may not be used to supplement or supplant funds for the purpose of acquiring the good or service; and

(iv) A term requiring the agency to make available to the department the following information at the start of the project plan and updated each fiscal year:

(A) The name and license number, if applicable, of any contractors and subcontractors; and

(B) A list of individuals or entities performing or providing the goods or services, reflected as full-time equivalent positions, including the hourly wage rate for each position, and the status of the individual as an employee, subcontractor, independent contractor, or consultant of the agency.

(5) The provisions applicable to contracts with a private sector entity or nonprofit organization set forth in this section also apply to contracts with employee business units under RCW

41.06.142 and interlocal agreements with other agencies under chapter 39.34 RCW.

Sec. 3. RCW 39.26.180 and 2012 c 224 s 20 are each amended to read as follows:

(1) The department must adopt uniform policies and procedures for the effective and efficient management of contracts or agency project plans by all state agencies. The policies and procedures must, at a minimum, include:

(a) Precontract procedures for selecting potential contractors based on their qualifications and ability to perform, including procedures to ensure compliance with chapter 39.19 RCW, providing for participation of minority and women-owned businesses;

(b) Model complaint and protest procedures;

(c) Alternative dispute resolution processes;

(d) Incorporation of performance measures and measurable benchmarks in contracts or agency project plans;

(e) Model ~~((contract))~~ terms to ensure ~~((contract))~~ performance and compliance with state and federal standards, including terms to facilitate recovery of the costs of public employee staff time that must be expended to achieve substantial compliance;

(f) Executing contracts using electronic signatures;

(g) Criteria for contract or project plan amendments;

(h) Postcontract or postproject procedures;

(i) Procedures and criteria for terminating contracts or project plans for cause or otherwise, including procedures and criteria for not achieving performance standards; and

(j) Any other subject related to effective and efficient contract or project plan management.

(2) An agency may not enter into a contract or adopt a project plan under which the contractor or agency could charge additional costs to the agency, the department, the joint legislative audit and review committee, or the state auditor for access to data generated under the contract or project plan. A contractor or agency under such a contract or project plan must provide

access to data generated under the contract or project plan to the contracting agency or department, the joint legislative audit and review committee, and the state auditor.

(3) To the extent practicable, agencies should enter into performance-based contracts or adopt performance-based project plans. Performance-based contracts and project plans identify expected deliverables and performance measures or outcomes. Performance-based contracts and project plans also use appropriate techniques, which may include, but are not limited to, either consequences or incentives or both to ensure that agreed upon value to the state is received. Payment for goods and services under performance-based contracts should be contingent on ~~((the contractor))~~ achieving performance outcomes. Agencies or the department must monitor performance-based contracts or project plans at least on a semiannual basis to ensure that all aspects are being properly performed and that performance standards are being achieved.

(4) An agency and contractor may execute a contract using electronic signatures.

(5) As used in subsection (2) of this section, "data" includes all information that supports the findings, conclusions, and recommendations of the contractor's or agency's reports, including computer models and the methodology for those models.

(6) The provisions applicable to contracts and contractors set forth in this section also apply to contracts with employee business units under RCW 41.06.142 and interlocal agreements with other agencies under chapter 39.34 RCW.

Sec. 4. RCW 43.19.008 and 2011 1st sp.s. c 43 s 104 are each amended to read as follows:

(1) The executive powers and management of the department, and oversight through review or audit by the office of financial management, the joint legislative audit and review committee, or state auditor, shall be administered as described in this section.

(2) The executive head and appointing authority of the department is the director. The director is appointed by the governor, subject to confirmation by the senate. The director serves at the

pleasure of the governor. The director is paid a salary fixed by the governor in accordance with RCW 43.03.040. If a vacancy occurs in the position of director while the senate is not in session, the governor shall make a temporary appointment until the next meeting of the senate at which time he or she shall present to that body his or her nomination for the position.

(3) The director may employ staff members, who are exempt from chapter 41.06 RCW, and any additional staff members as are necessary to administer this chapter, and such other duties as may be authorized by law. The director may delegate any power or duty vested in ~~((him or her))~~ the position by chapter 43, Laws of 2011 1st sp. sess. or other law, including authority to make final decisions and enter final orders in hearings conducted under chapter 34.05 RCW.

(4) The internal affairs of the department are under the control of the director in order that the director may manage the department in a flexible and intelligent manner as dictated by changing contemporary circumstances. Unless specifically limited by law, the director has complete charge and supervisory powers over the department. The director may create the administrative structures as the director deems appropriate, except as otherwise specified by law, and the director may employ personnel as may be necessary in accordance with chapter 41.06 RCW, except as otherwise provided by law.

(5) Until June 30, ~~((2018))~~ 2019, at the beginning of each fiscal biennium, unless the joint legislative audit and review committee or the state auditor is otherwise directed to do so in the omnibus operating budget, the office of financial management shall conduct a review of the programs, goods, and services that are performed by the department to determine whether the program, goods, or services may be performed by the private sector, an employee business unit under RCW 41.06.142, or another agency pursuant to an interlocal agreement under chapter 39.34 RCW in a more cost-efficient and effective manner than being performed by the department. In conducting this review, the office of financial management shall:

(a) Examine the existing activities currently being performed by the department, including but not limited to an examination of goods or services for their performance, cost compared to revenue impact, staffing, capital requirements, and mission. Programs may be broken down into discrete goods, services, or activities or reviewed as a whole; and

(b) Examine the activities to determine which specific goods or services are available in the marketplace and what potential for efficiency gains or savings exist.

(i) As part of the review in this subsection (5), the office of financial management shall select up to six activities, goods, or services that have been determined as an activity that may be provided by the private sector in a cost-effective and efficient manner ~~((including for the 2011-2013 fiscal biennium the bulk printing services))~~. The office of financial management may consult with affected industry stakeholders in making its decision on which activities to contract for goods or services. Priority for selection shall be given to agency activities, goods, or services that are significant, ongoing functions or projects with an initial project plan of two hundred fifty thousand dollars or more.

(ii) The office of financial management must consider the consequences and potential mitigation of improper or failed performance by the contractor or agency, if the activity was performed by public employees.

(iii) For each of the selected activities, the department or agency shall use a request for information, request for proposal, or other procurement process to determine if a contract for the activity would result in the activity being provided at a reduced cost and with greater efficiency. This must include, but is not limited to, consideration of the cost of the agency staff time and resources that may be required to monitor and ensure proper performance of the contract by the contractor or project plan by the agency.

(iv) The request for information, request for proposal, or other procurement process must contain measurable standards for the performance of the contract.

(v) If contracting out will afford taxpayers a cost savings or efficiency, the department may contract with one or more vendors to provide the good or service as a result of the procurement process.

(vi) If the office of financial management determines via the procurement process that the activity cannot be provided by the private sector at a reduced cost and greater efficiency, the department of enterprise services may cancel the procurement without entering into a contract and shall promptly notify the legislative fiscal committees of such a decision along with the cost analysis and basis for the decision.

(vii) The department of enterprise services, in consultation with the office of financial management, must establish a contract or project plan monitoring process to measure contract or project plan performance, costs, service delivery quality, and other contract or project plan standards, and to cancel contracts or projects that do not meet those standards. No contracts or project extensions, expansions, future upgrades, or phases may be renewed without a review of these measures.

(viii) The office of financial management shall prepare a biennial report summarizing the results of the examination of the agency's programs, goods, and services. In addition to the programs, goods, and services examined and the result of the examination, the report shall provide information on any procurement process that does not result in a contract for the goods or services. The biennial report must include updates reporting any unanticipated costs incurred as a result of contracting out or from the agency providing the goods or services pursuant to this section and an estimate of staff hours devoted by employees of the office of financial management and department of enterprise services in conducting the program review required by this section. During each regular legislative session held in odd-numbered years, the legislative fiscal committees shall hold a public hearing on the report and the department's activities under this section. This report must be made available on the web site of the agency that was the subject of the report.

(ix) The joint legislative audit and review committee shall conduct an audit of the implementation of this subsection

(5), and report to the legislature by January 1, 2018, on the results of the audit. The report must include an analysis and estimate of additional costs or savings to taxpayers as a result of the contracting out or project plan provisions. This analysis must, at a minimum, include the following:

(A) An estimate of the cost of performance of the selected activities, if the activities had been performed by public employees;

(B) An estimate of the cost of performance of the contract or project plan by the contractor, including the cost of any change orders, project plan, or contract revisions and the costs of allocating sufficient public employee staff time and resources to monitor the contract and ensure its proper performance by the contractor;

(C) An analysis of the extent to which performance objectives were achieved by outsourcing the contract or by having the agency perform the activity; and

(D) An assessment of potential impacts on the public of outsourcing the contract or by having the agency perform the activities.

Sec. 5. RCW 39.26.200 and 2015 c 44 s 1 are each amended to read as follows:

(1)(a) The director shall provide notice to the contractor of the director's intent to either fine or debar with the specific reason for either the fine or debarment. The department must establish the debarment and fining processes by rule.

(b) After reasonable notice to the contractor and reasonable opportunity for that contractor to be heard, the director has the authority to debar a contractor for cause from consideration for award of contracts. The debarment must be for a period of not more than three years.

(2) The director may either fine or debar a contractor based on a finding of one or more of the following causes:

(a) Conviction for commission of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract, or in the performance of such contract or subcontract;

(b) Conviction or a final determination in a civil action under

state or federal statutes of fraud, embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, violation of the federal false claims act, 31 U.S.C. Sec. 3729 et seq., or the state medicaid fraud false claims act, chapter 74.66 RCW, or any other offense indicating a lack of business integrity or business honesty that currently, seriously, and directly affects responsibility as a state contractor;

(c) Conviction under state or federal antitrust statutes arising out of the submission of bids or proposals;

(d) Two or more violations within the previous five years of the (~~federal~~) national labor relations act as determined by the national labor relations board or court of competent jurisdiction;

(e) Violation of contract provisions, as set forth in this subsection, of a character that is regarded by the director to be so serious as to justify debarment action:

(i) Deliberate failure without good cause to perform in accordance with the specifications or within the time limit provided in the contract; or

(ii) A recent record of failure to perform or of unsatisfactory performance in accordance with the terms of one or more contracts, however the failure to perform or unsatisfactory performance caused by acts beyond the control of the contractor may not be considered to be a basis for debarment;

(f) Violation of ethical standards set forth in RCW 39.26.020; and

(g) Any other cause the director determines to be so serious and compelling as to affect responsibility as a state contractor, including debarment by another governmental entity for any cause listed in regulations.

(3) The director must issue a written decision to debar. The decision must:

(a) State the reasons for the action taken; and

(b) Inform the debarred contractor of the contractor's rights to judicial or administrative review.

Sec. 6. RCW 41.06.142 and 2011 1st sp.s. c 43 s 408 are each amended to read as follows:

(e) The department, agency, or institution of higher education has determined that the contract results in savings or efficiency improvements. The contracting agency must consider the consequences and potential mitigation of improper or failed performance by the contractor.

(2) Any provision contrary to or in conflict with this section in any collective bargaining agreement in effect on July 1, 2005, is not effective beyond the expiration date of the agreement.

(3) Contracting for services that is expressly mandated by the legislature or was authorized by law prior to July 1, 2005, including contracts and agreements between public entities, shall not be subject to the processes set forth in subsections (1), (4), and (5) of this section.

(4) Competitive contracting shall be implemented as follows:

(a) At least ninety days prior to the date the contracting agency requests bids from private entities for a contract for services provided by classified employees, the contracting agency shall notify the classified employees whose positions or work would be displaced by the contract. The employees shall have sixty days from the date of notification to offer alternatives to purchasing services by contract, and the agency shall consider the alternatives before requesting bids.

Such rules shall include, but not be limited to: (i) Prohibitions against participation in the bid evaluation process by employees who prepared the business unit's bid or who perform any of the services to be contracted; (ii) provisions to ensure no bidder receives an advantage over other bidders and that bid requirements are applied equitably to all parties; and (iii) procedures that require the contracting agency to receive complaints regarding the bidding process and to consider them before awarding the contract. Appeal of an agency's actions under this subsection is an adjudicative proceeding and subject to the applicable provisions of chapter 34.05 RCW, the administrative procedure act, with the final decision to be rendered by an administrative law judge assigned under chapter 34.12 RCW.

(e) An employee business unit's bid must include the fully allocated costs of

the service, including the cost of the employees' salaries and benefits, space, equipment, materials, and other costs necessary to perform the function. An employee business unit's cost shall not include the state's indirect overhead costs unless those costs can be attributed directly to the function in question and would not exist if that function were not performed in state service.

Concerning noncompetition agreements.

The bill was read the second time.

With the consent of the House, amendment (296) was withdrawn.

Representative Stanford moved the adoption of the striking amendment (316):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 49.44 RCW to read as follows:

(1) An unreasonable noncompetition agreement is void and unenforceable. If a court finds a noncompetition agreement unreasonable, it may reform the agreement to make it reasonable and enforceable. If a court reforms an agreement, the party seeking to declare the agreement void shall be deemed the prevailing party for purposes of the agreement and under law.

(2) For a noncompetition agreement to be enforceable, the employer must disclose the terms of the agreement in writing to the prospective employee no later than the time of the acceptance of the offer of employment or, if the agreement is entered into after the commencement of employment, the employer must provide independent consideration for the agreement.

(3) The reformation or unenforceability of a noncompetition agreement does not affect the enforceability of any form of confidentiality, nonsolicitation, or other agreement, or any other terms and conditions between the parties, regardless of whether the other agreement or terms or conditions are contained in the same document as a noncompetition agreement.

(4) If an employer requires an employee to enter into a noncompetition agreement containing provisions the employer knows are unenforceable, the employee may recover actual damages, together with statutory damages of five thousand dollars and reasonable attorneys' fees and costs.

(5) For purposes of this section:

(d) "Noncompetition agreement" means an agreement between an employer and an employee that is specifically designed to impede the ability of an employee to compete with the employer upon the termination of the employment relationship. A "noncompetition agreement" does not include a confidentiality agreement or a nonsolicitation agreement.

(e) "Nonsolicitation agreement" means an agreement between an employer and employee that prohibits solicitation by an employee, upon termination of employment: (i) Of any employee of the employer to leave the employer; or (ii) of any customer of the employer to cease doing business with the employer or to compete with the employer.

(6) Except as provided in this section, this section does not restrict the right of an employer from entering into a confidentiality or nonsolicitation agreement, or other terms and conditions of the employment or engagement, with an employee.

SUBSTITUTE HOUSE BILL NO. 1886 was read the second time.

Representative Santos moved the adoption of the striking amendment (318):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature recognizes that it is charged by the state Constitution, and entrusted by the voters, to be the principal public policy setting body of Washington state. The legislature recognizes also that a critical component of its policy setting obligations centers upon establishing and amending well-considered and appropriate governance provisions for the K-12 education system.

(2) The legislature finds that the K-12 education system is a constantly evolving barometer of change that reflects the growth, complexity, and diversity of the state. While the state's K-12 education system can be traced to Washington's first territorial legislature, properly responding to the needs and expectations of a system that is devoted to providing a high quality education to more than one million students requires continual evaluations and refinements.

(3) The legislature recognizes that the challenges of setting state education policy are compounded by two important considerations: (a) An evolving federal role in education issues that began in the 1960s and has changed the interplay between states and the federal government by establishing specific responsibilities for the principal state education agency in each state; and (b) the existence of two Washington state educational agencies with territorial roots, the office of the superintendent of public instruction and the state board of education. Furthermore, the legislature recognizes that the division of responsibilities between these state agencies is multifaceted, as the elected superintendents of public instruction served, from 1897 until recently, as the ex-officio presidents of the state board of education.

(4) The legislature, therefore, intends to promote the improved functioning of the K-12 education system by acting upon its public policy setting authority to examine specific K-12 governance and responsibilities considerations. To accomplish this objective, the legislature intends to convene a task force to develop recommendations regarding the appropriate division of duties between the superintendent of public instruction and the state board of education.

NEW SECTION. Sec. 2. (1) (a) The legislative task force on K-12 governance

and responsibilities is established, with members as provided in this subsection.

(i) The president of the senate shall appoint two task force members: The chair and ranking minority member of the senate early learning and K-12 education committee.

(ii) The speaker of the house of representatives shall appoint two task force members: The chair and ranking minority member of the house of representatives education committee.

(iii) The task force shall also consist of:

(A) The governor or the governor's designee;

(B) The superintendent of public instruction or the superintendent's designee;

(C) The chair of the state board of education;

(D) The president of the Washington state school directors' association; and

(E) The chair of the student achievement council.

(b) The task force shall choose its cochairs from among its legislative membership. The chair of the house of representatives education committee shall convene the initial meeting of the task force on or before June 1, 2017.

(2) The task force shall review the following issues:

(a) Legislation introduced in 2017 relating to the responsibilities of the superintendent of public instruction and the state board of education;

(b) The constitutional and statutory provisions establishing the governance structure and associated responsibilities in the K-12 system;

(c) Options for the division of roles and responsibilities between the office of the superintendent of public instruction and the state board of education;

(d) Past and present provisions governing the superintendent of public instruction and the superintendent's office, including authorities and duties assigned and modified by the legislature;

(e) Past and present provisions governing the state board of education,

including provisions prescribing its authorities, duties, composition, and membership qualifications; and

(f) Considerations of governance and responsibility provisions for other public partner agencies in the K-12 system.

(3) Staff support for the task force must be provided by the senate committee services and the house of representatives office of program research, with additional assistance, if requested by the task force, provided by the office of the superintendent of public instruction and the state board of education.

(4) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(5) The expenses of the task force must be paid jointly by the senate and the house of representatives. Task force expenditures are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees.

(6) The task force shall report its findings and recommendations, including recommendations regarding the appropriate roles and responsibilities of the superintendent of public instruction and the state board of education in the K-12 system, to the education committees of the house of representatives and the senate by November 15, 2017.

(7) This section expires January 31, 2018.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Establishing a community aviation revitalization loan program.

The bill was read the second time.

Representative Shea moved the adoption of the striking amendment (255):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that providing additional funding mechanisms for public use general aviation airports to implement infrastructure rehabilitation, upgrades, and revenue-generating projects is in the best interest of the state. The legislature declares that a revolving loan program is fundamental for smaller airport preservation and future vitality.

NEW SECTION. Sec. 2. A new section is added to chapter 47.68 RCW to read as follows:

(1) An airport infrastructure loan program to be known as the community aviation revitalization loan program is established for political subdivisions of the state that own or manage airports to acquire loans to fund capital projects, including repaving runways, installing runway lights, constructing new airport facilities, and improving existing facilities.

(2) The community aviation revitalization revolving loan account is created in the custody of the state treasurer. All moneys received for the community aviation revitalization loan program, including loan and interest payments, must be deposited into the account. Moneys in the account may be

used only for the loan program and for the department expenditures associated with administering the loan program, and may not be transferred to any other account or used for purposes other than that prescribed in this chapter. Only the secretary or the secretary's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Disbursements to political subdivisions for approved loans are not subject to appropriation or allotment procedures. The interest on the loans must be the federal rate of interest at the time the loan is borrowed by the political subdivision of the state.

(3) The aviation division of the department must administer the community aviation revitalization loan program.

(4) The department must adopt by rule the criteria to be used in evaluating and approving the loan applications. These loans may be provided to political subdivisions of the state that own or manage airports that do not have more than fifty thousand annual commercial service passenger enplanements as published by the federal aviation administration. Before adopting rules under this subsection or offering a loan contract for a project, the department must consult with the community aviation revitalization loan oversight task force created in section 3 of this act.

(5) The department must consider the following conditions when evaluating loan applications:

(a) The proposed project will lead to additional investment or permanent family wage jobs;

(b) The proposed project will provide capital improvements to augment the maintenance, operation, or expansion of an airport or its associated airport-related business park;

(c) The proposed project will result in retention, expansion, or creation of long-term economic opportunities dependent on the airport or related aeronautic services; or

(d) The proposed project will result in leveraging additional federal funding to an eligible airport.

(6) Loans may only be awarded to applicants that clearly identify a viable

source of funds intended to repay the loan.

(7) The department may accept any gifts, grants, loans of funds, property, contributions, or financial or other aid in any form from other sources that do not conflict with the department's governing statutes and regulations and the laws of the state in furtherance of community aviation airport revitalization as proposed in this section. The department may also accept federal agency loans or grants for the planned financing of any project and enter into an agreement with project owners to administer those loans.

NEW SECTION. **Sec. 3.** A new section is added to chapter 47.68 RCW to read as follows:

(2) The community aviation revitalization loan oversight task force shall review and approve rules prepared by the department to govern the implementation, management, and administration of the community aviation revitalization loan program. The task force must be consulted before the department's approval of a project to receive a loan.

(3) Staff support to the community aviation revitalization loan oversight task force must be provided by the department as needed.

(4) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. SECOND READING

ENGROSSED SENATE BILL NO. 5023, by Senators Wellman, Rolfes, Nelson, McCoy, Carlyle, Frockt, Palumbo, Lias, Billig, Hunt, Keiser, Pedersen, Conway, Saldaña, Darneille, Hasegawa, Chase, Mullet and Kuderer

Delaying implementation of revisions to the school levy lid. (REVISED FOR ENGROSSED: Changing provisions relating to school district excess levies.)

The bill was read the second time.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives Lytton, Harris, Reeves, Manweller, Sullivan, Steele and Buys spoke in favor of the passage of the bill.

Representative Taylor and Kristiansen spoke against the passage of the bill.

COLLOQUY

Representative Harris: "ESB 5023 extends the school district levy authorization for calendar year 2018 and imposes new requirements. The bill language refers to "levies for maintenance and operation support." However, a general cross reference to RCW 84.52.053 could be interpreted to impose these requirements on two other sources of district funding that statute also contains: capital levies and the transportation levies.

Is it the intent to expand the new requirements in ESB 5023 to cover school district capital levies and transportation levies?"

Representative Sullivan: "No. The provisions of Section 2(13) and (14) and Section 3(10) and (11) of ESB 5023 do not apply to capital levies and transportation levies. ESB 5023 only amends the state law dealing with maintenance and operating levies. It is focused on amendments to RCW 84.52.0531 (see first line of Sec. 2 and see first line of Sec. 3)."

MOTION

On motion of Representative Hayes, Representative Johnson was excused.

The Speaker (Representative Lovick presiding) stated the question before the House to be the final passage of Engrossed Senate Bill No. 5023.

MESSAGE FROM THE SENATE

March 1, 2017

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2106 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that the prohibition on the use of public resources for campaign purposes serves an important purpose, but that the period prohibiting state legislators from communicating with constituents at public expense is unnecessary once the election, and the campaign itself, has ended. Furthermore, the delay in constituent outreach after the election only hinders a legislator's ability to quickly and effectively respond to requests and keep the public informed about current state issues, and the various deadlines relating to mailed, emailed, and web site communications are confusing and need to be harmonized. For these reasons, the legislature intends to change mailed, emailed, and web site communication deadlines to the same time periods, in order to allow legislators to

actively engage with the public on official legislative business in a timely and effective manner.

Sec. 2. RCW 42.52.180 and 2011 c 60 s 30 are each amended to read as follows:

(1) No state officer or state employee may use or authorize the use of facilities of an agency, directly or indirectly, for the purpose of assisting a campaign for election of a person to an office or for the promotion of or opposition to a ballot proposition. Knowing acquiescence by a person with authority to direct, control, or influence the actions of the state officer or state employee using public resources in violation of this section constitutes a violation of this section. Facilities of an agency include, but are not limited to, use of stationery, postage, machines, and equipment, use of state employees of the agency during working hours, vehicles, office space, publications of the agency, and clientele lists of persons served by the agency.

(2) This section shall not apply to the following activities:

(a) Action taken at an open public meeting by members of an elected legislative body to express a collective decision, or to actually vote upon a motion, proposal, resolution, order, or ordinance, or to support or oppose a ballot proposition as long as (i) required notice of the meeting includes the title and number of the ballot proposition, and (ii) members of the legislative body or members of the public are afforded an approximately equal opportunity for the expression of an opposing view;

(b) A statement by an elected official in support of or in opposition to any ballot proposition at an open press conference or in response to a specific inquiry. For the purposes of this subsection, it is not a violation of this section for an elected official to respond to an inquiry regarding a ballot proposition, to make incidental remarks concerning a ballot proposition in an official communication, or otherwise comment on a ballot proposition without an actual, measurable expenditure of public funds. The ethics boards shall adopt by rule a definition of measurable expenditure;

(c) The maintenance of official legislative web sites throughout the year, regardless of pending elections.

The web sites may contain any discretionary material which was also specifically prepared for the legislator in the course of his or her duties as a legislator, including newsletters and press releases. The official legislative web sites of legislators seeking reelection or election to any office shall not be altered ((between June 30th and November 15th)), other than during a special legislative session, beginning on the first day of the declaration of candidacy filing period specified in RCW 29A.24.050 through the date of certification of the general election of the election year. The web site shall not be used for campaign purposes;

(d) Activities that are part of the normal and regular conduct of the office or agency; and

(e) De minimis use of public facilities by statewide elected officials and legislators incidental to the preparation or delivery of permissible communications, including written and verbal communications initiated by them of their views on ballot propositions that foreseeably may affect a matter that falls within their constitutional or statutory responsibilities.

(3) As to state officers and employees, this section operates to the exclusion of RCW 42.17A.555.

Sec. 3. RCW 42.52.185 and 2011 c 60 s 31 are each amended to read as follows:

(1) During the ((~~twelve-month~~)) period beginning on December 1st of the year before a general election for a state legislator's election to office and continuing through ((~~November 30th immediately after~~)) the date of certification of the general election, the legislator may not mail, either by regular mail or ((~~electronic mail~~)) email, to a constituent at public expense a letter, newsletter, brochure, or other piece of literature, except for routine legislative correspondence, such as scheduling, and as follows:

(a) The legislator may mail two mailings of newsletters to constituents. All newsletters within each mailing of newsletters must be identical as to their content but not as to the constituent name or address. ((~~One such mailing may be mailed no later than thirty days after the start of a regular legislative session, except that a legislator appointed during a regular legislative~~))

~~session to fill a vacant seat may have up to thirty days from the date of appointment to send out the first mailing. The other)) Both mailings ((may)) must be mailed ((no later than sixty days after the end of a regular legislative session)) before the first day of the declaration of candidacy filing period specified in RCW 29A.24.050.~~

(b) The legislator may mail an individual letter to (i) an individual constituent who has contacted the legislator regarding the subject matter of the letter during the legislator's current term of office; (ii) an individual constituent who holds a governmental office with jurisdiction over the subject matter of the letter; or (iii) an individual constituent who has received an award or honor of extraordinary distinction of a type that is sufficiently infrequent to be noteworthy to a reasonable person, including, but not limited to: (A) An international or national award such as the Nobel prize or the Pulitzer prize; (B) a state award such as Washington scholar; (C) an Eagle Scout award; and (D) a Medal of Honor.

(c) In those cases where constituents have specifically indicated that they would like to be contacted to receive regular or periodic updates on legislative matters or been added to a distribution list and provided regular opportunities to unsubscribe from that mailing list, legislators may provide such updates by ((electronic mail)) email throughout the legislative session and up until ((thirty days from the conclusion of a legislative session)) the first day of the declaration of candidacy filing period specified in RCW 29A.24.050. Legislators may also provide these updates by email during any special legislative session.

~~(2) ((For purposes of subsection (1) of this section, "legislator" means a legislator who is a "candidate," as defined by RCW 42.17A.005, for any public office.~~

~~(3))~~ A violation of this section constitutes use of the facilities of a public office for the purpose of assisting a campaign under RCW 42.52.180.

~~((4))~~ (3) The house of representatives and senate shall specifically limit expenditures per member for the total cost of mailings.

Those costs include, but are not limited to, production costs, printing costs, and postage costs. The limits imposed under this subsection apply only to the total expenditures on mailings per member and not to any categorical cost within the total.

~~((5))~~ (4) For purposes of this section ~~((7))~~:

(a) "Legislator" means a legislator who is a "candidate," as defined in RCW 42.17A.005, for any public office; and

(b) Persons residing outside the legislative district represented by the legislator are not considered to be constituents, but students, military personnel, or others temporarily employed outside of the district who normally reside in the district are considered to be constituents.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "legislators;" strike the remainder of the title and insert "amending RCW 42.52.180 and 42.52.185; creating a new section; and declaring an emergency."

and the same is herewith transmitted.

"NEW SECTION. Sec. 1. The legislature finds that more than twelve thousand infants born in Washington each year have been prenatally exposed to opiates, methamphetamines, and other drugs. Prenatal drug exposure frequently results in infants suffering from neonatal abstinence syndrome and its accompanying withdrawal symptoms after birth. Withdrawal symptoms may include sleep problems, excessive crying, tremors, seizures, poor feeding, fever, generalized convulsions, vomiting, diarrhea, and hyperactive reflexes. Consequently, the legislature finds that drug exposed infants have unique medical needs and benefit from specialized health care that addresses their withdrawal symptoms. Specialized care for infants experiencing neonatal abstinence syndrome is based on the individual needs of the infant and includes: Administration of intravenous fluids and drugs such as morphine; personalized, hands-on therapeutic care such as gentle rocking, reduction in noise and lights, and swaddling; and frequent high-calorie feedings.

The legislature further finds that drug exposed infants often require hospitalization which burdens hospitals

and hospital staff who either have to increase staffing levels or require current staff to take on additional duties to administer the specialized care needed by drug exposed infants.

The legislature further finds that drug exposed infants benefit from early and consistent family involvement in their care, and families thrive when they are provided the opportunity, skills, and training to help them participate in their child's care.

The legislature further finds that infants with neonatal abstinence syndrome often can be treated in a nonhospital clinic setting where they receive appropriate medical and nonmedical care for their symptoms. The legislature, therefore, intends to encourage alternatives to continued hospitalization for drug exposed infants, including the continuation and development of pediatric transitional care services that provide short-term medical care as well as training and assistance to caregivers in order to support the transition from hospital to home for drug exposed infants.

Sec. 2. RCW 71.12.455 and 2001 c 254 s 1 are each amended to read as follows:

~~((As used in this chapter,))~~ The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Establishment" and "institution" mean ~~((and include))~~:

(a) Every private or county or municipal hospital, including public hospital districts, sanitarium, home, or other place receiving or caring for any ~~((mentally ill))~~ person with mental illness, mentally incompetent person, or chemically dependent person; and

(b) Beginning January 1, 2019, facilities providing pediatric transitional care services.

(2) "Trained caregiver" means a noncredentialed, unlicensed person trained by the establishment providing

pediatric transitional care services to provide hands-on care to drug exposed infants. Caregivers may not provide medical care to infants and may only work under the supervision of an appropriate health care professional.

(3) "Department" means the department of health.

(4) "Pediatric transitional care services" means short-term, temporary, health and comfort services for drug exposed infants according to the requirements of this chapter and provided in an establishment licensed by the department of health.

(5) "Secretary" means the secretary of the department of health.

NEW SECTION. Sec. 3. A new section is added to chapter 71.12 RCW to read as follows:

(1) An establishment providing pediatric transitional care services to drug exposed infants must demonstrate that it is capable of providing services for children who:

- (a) Are no more than one year of age;
- (b) Have been exposed to drugs before birth;
- (c) Require twenty-four hour continuous residential care and skilled nursing services as a result of prenatal substance exposure; and
- (d) Are referred to the establishment by the department of social and health services, regional hospitals, and private parties.

(2) After January 1, 2019, no person may operate or maintain an establishment that provides pediatric transitional care services without a license under this chapter.

NEW SECTION. Sec. 4. A new section is added to chapter 71.12 RCW to read as follows:

For the purposes of this chapter, the rules for pediatric transitional care services are not considered as a new department of social and health services service category.

NEW SECTION. Sec. 5. A new section is added to chapter 71.12 RCW to read as follows:

The secretary must, in consultation with the department of social and health services, adopt rules on pediatric

transitional care services. The rules must:

(1) Establish requirements for medical examinations and consultations which must be delivered by an appropriate health care professional;

(2) Require twenty-four hour medical supervision for children receiving pediatric transitional services in accordance with the staffing ratios established under subsection (3) of this section;

(3) Include staffing ratios that consider the number of registered nurses or licensed practical nurses employed by the establishment and the number of trained caregivers on duty at the establishment. These staffing ratios may not require more than:

- (a) One registered nurse to be on duty at all times;
- (b) One registered nurse or licensed practical nurse to eight infants; and
- (c) One trained caregiver to four infants;

(4) Require establishments that provide pediatric transitional care services to prepare weekly plans specific to each infant in their care and in accordance with the health care professional's standing orders. The health care professional may modify an infant's weekly plan without reexamining the infant if he or she determines the modification is in the best interest of the child. This modification may be communicated to the registered nurse on duty at the establishment who must then implement the modification. Weekly plans are to include short-term goals for each infant and outcomes must be included in reports required by the department;

(5) Ensure that neonatal abstinence syndrome scoring is conducted by an appropriate health care professional;

(6) Establish drug exposed infant developmental screening tests for establishments that provide pediatric transitional care services to administer according to a schedule established by the secretary;

(7) Require the establishment to collaborate with the department of social and health services to develop an individualized safety plan for each child and to meet other contractual requirements of the department of social

and health services to identify strategies to meet supervision needs, medical concerns, and family support needs;

(8) Establish the maximum amount of days an infant may be placed at an establishment;

(9) Develop timelines for initial and ongoing parent-infant visits to nurture and help develop attachment and bonding between the child and parent, if such visits are possible. Timelines must be developed upon placement of the infant in the establishment providing pediatric transitional care services;

(10) Determine how transportation for the infant will be provided, if needed;

(11) Establish on-site training requirements for caregivers, volunteers, parents, foster parents, and relatives;

(12) Establish background check requirements for caregivers, volunteers, employees, and any other person with unsupervised access to the infants under the care of the establishment; and

(13) Establish other requirements necessary to support the infant and the infant's family.

NEW SECTION. Sec. 6. A new section is added to chapter 71.12 RCW to read as follows:

After referral by the department of social and health services of an infant to an establishment approved to provide pediatric transitional care services, the department of social and health services:

(1) Retains primary responsibility for case management and must provide consultation to the establishment

regarding all placements and permanency planning issues, including developing a parent-child visitation plan;

(2) Must work with the department and the establishment to identify and implement evidence-based practices that address current and best medical practices and parent participation; and

(3) Work with the establishment to ensure medicaid-eligible services are so billed.

NEW SECTION. Sec. 7. A new section is added to chapter 71.12 RCW to read as follows:

Facilities that provide pediatric transitional care services that are in existence on the effective date of this section are not subject to construction review by the department for initial licensure."

- (c) The notary public's name as
 commissioned;
- (d) The notary public's commission
 expiration date; and
- (e) Any other information required by
 the director.

(2) The size and form or forms of the
 seal or stamp shall be prescribed by the
 director in rule.

(3) The seal or stamp must be capable
 of being copied together with the record
 to which it is affixed or attached or
 with which it is logically associated.

(4) The seal or stamp used at the time
 that a notarial act is performed must be
 the seal or stamp evidencing the notary
 public's commission in effect as of such
 time, even if the notary public has

received the seal or stamp evidencing his or her next commission.

NEW SECTION. **Sec. 18.** STAMPING DEVICE. (1) A notary public is responsible for the security of the notary public's stamping device and may not allow another individual to use the device to perform a notarial act. On resignation from, or the revocation or expiration of, the notary public's commission, or on the expiration of the date set forth in the stamping device, the notary public shall disable the stamping device by destroying, defacing, damaging, erasing, or securing it against use in a manner that renders it unusable. On the death or adjudication of incompetency of a notary public, the notary public's personal representative or guardian or any other person knowingly in possession of the stamping device shall render it unusable by destroying, defacing, damaging, erasing, or securing it against use in a manner that renders it unusable.

(2) The seal or stamp should be kept in a locked and secured area, under the direct and exclusive control of the notary public. If a notary public's stamping device is lost or stolen, the notary public or the notary public's personal representative or guardian shall notify promptly the department on discovering that the device is lost or stolen. Any replacement device must contain a variance from the lost or stolen seal or stamp.

NEW SECTION. **Sec. 19.** FEES. (1) The director may establish by rule the maximum fees that may be charged by notaries public for various notarial services.

(2) A notary public need not charge fees for notarial acts.

NEW SECTION. **Sec. 20.** (1) A notary public shall maintain a journal in which the notary public chronicles all notarial acts that the notary public performs. The notary public shall retain the journal for ten years after the performance of the last notarial act chronicled in the journal. The journal is to be destroyed as required by the director in rule upon completion of the ten-year period.

(2) Notwithstanding any other provision of this chapter requiring a notary public to maintain a journal, a notary public who is an attorney licensed to practice law in this state is not required to chronicle a notarial act in a journal if documentation of the notarial act is otherwise maintained by professional practice.

(3) A notary public shall maintain only one tangible journal at a time to chronicle notarial acts, whether those notarial acts are performed regarding tangible or electronic records. The journal must be a permanent, bound register with numbered pages. An electronic records notary public may also maintain an electronic format journal, which can be kept concurrently with the tangible journal. The electronic journal must be in a permanent, tamper-evident electronic format complying with the rules of the director.

(4) An entry in a journal must be made contemporaneously with performance of the notarial act and contain the following information:

(a) The date and time of the notarial act;

(b) A description of the record, if any, and type of notarial act;

(c) The full name and address of each individual for whom the notarial act is performed; and

(d) Any additional information as required by the director in rule.

(5) The journal shall be kept in a locked and secured area, under the direct and exclusive control of the notary public. Failure to secure the journal may be cause for the director to take administrative action against the commission held by the notary public. If a notary public's journal is lost or stolen, the notary public promptly shall notify the department on discovering that the journal is lost or stolen.

(6) On resignation from, or the revocation or suspension of, a notary public's commission, the notary public shall retain the notary public's journal in accordance with subsection (1) of this section and inform the department where the journal is located.

NEW SECTION. **Sec. 21.** NOTIFICATION REGARDING PERFORMANCE OF NOTARIAL ACT ON

ELECTRONIC RECORD—SELECTION OF TECHNOLOGY. (1) A notary public may not perform notarial acts with respect to electronic records unless the notary public holds a commission as an electronic records notary public.

(2) An electronic records notary public may select one or more tamper-evident technologies to perform notarial acts with respect to electronic records that meet the standards provided in subsection (4) of this section. A person cannot require an electronic records notary public to perform a notarial act with respect to an electronic record with a technology that the notary public has not selected.

(3) Before an electronic records notary public performs the notary public's initial notarial act with respect to an electronic record, an electronic records notary public shall notify the department that he or she will be performing notarial acts with respect to electronic records and identify the technology the electronic records notary public intends to use.

(4) The director shall establish standards for approval of technology in rule. If the technology conforms to the standards, the director shall approve the use of the technology.

NEW SECTION. Sec. 22. COMMISSION AS NOTARY PUBLIC—QUALIFICATIONS—NO IMMUNITY OR BENEFIT. (1) An individual qualified under subsection (2) of this section may apply to the director for a commission as a notary public. The applicant shall comply with and provide the information required by rules established by the director and pay any application fee.

(2) An applicant for a commission as a notary public must:

- (a) Be at least eighteen years of age;
- (b) Be a citizen or permanent legal resident of the United States;
- (c) Be a resident of or have a place of employment or practice in this state;
- (d) Be able to read and write English;
- (e) Not be disqualified to receive a commission under section 24 of this act; and
- (f) Have successfully completed a course or passed an examination required under section 23 of this act.

(3) Before issuance of a commission as a notary public, an applicant for the commission shall execute an oath of office and submit it to the department in the format prescribed by the director in rule.

(4) Before issuance of a commission as a notary public, the applicant for a commission shall submit to the director an assurance in the form of a surety bond in the amount established by the director in rule. The assurance must be issued by a surety or other entity licensed or authorized to write surety bonds in this state. The assurance must be effective for a four-year term or for a term that expires on the date the notary public's commission expires. The assurance must cover acts performed during the term of the notary public's commission and must be in the form prescribed by the director. If a notary public violates law with respect to notaries public in this state, the surety or issuing entity is liable under the assurance. The surety or issuing entity shall give at least thirty days notice to the department before canceling the assurance. The surety or issuing entity shall notify the department not later than thirty days after making a payment to a claimant under the assurance. A notary public may perform notarial acts in this state only during the period that a valid assurance is on file with the department.

(5) On compliance with this section, the director shall issue a commission as a notary public to an applicant for a term of four years or for a term that expires on the date of expiration of the assurance, whichever comes first.

(6) A commission to act as a notary public authorizes the notary public to perform notarial acts. The commission does not provide the notary public any immunity or benefit conferred by law of this state on public officials or employees.

(7) An individual qualified under (a) of this subsection may apply to the director for a commission as an electronic records notary public. The applicant shall comply with and provide the information required by rules established by the director and pay the relevant application fee.

(a) An applicant for a commission as an electronic records notary public must hold a commission as notary public.

(b) An electronic records notary public commission may take the form of an endorsement to the notary public commission if deemed appropriate by the director.

NEW SECTION. **Sec. 23.** EXAMINATION OF NOTARY PUBLIC. The director may require an applicant for a commission or renewal of a commission as a notary public, including an applicant for a commission as an electronic records notary public, to successfully pass a course or an examination, as prescribed by the director in rule.

NEW SECTION. **Sec. 24.** GROUNDS TO DENY, REFUSE TO RENEW, REVOKE, SUSPEND, OR CONDITION COMMISSION OF NOTARY PUBLIC. (1) In addition to conduct defined as unprofessional under RCW 18.235.130, the director may take action as provided for in RCW 18.235.110 against a commission as notary public for any act or omission that demonstrates the individual lacks the honesty, integrity, competence, or reliability to act as a notary public, including:

(a) Failure to comply with this chapter;

(b) A fraudulent, dishonest, or deceitful misstatement or omission in the application for a commission as a notary public submitted to the department;

(c) A conviction of the applicant or notary public of any felony or crime involving fraud, dishonesty, or deceit;

(d) A finding against, or admission of liability by, the applicant or notary public in any legal proceeding or disciplinary action based on the applicant's or notary public's fraud, dishonesty, or deceit;

(e) Failure by the notary public to discharge any duty required of a notary public, whether by this chapter, rules of the director, or any federal or state law;

(f) Use of false or misleading advertising or representation by the notary public representing that the notary public has a duty, right, or privilege that the notary public does not have;

(g) Violation by the notary public of a rule of the director regarding a notary public;

(h) Denial, refusal to renew, revocation, suspension, or conditioning

of a notary public commission in another state;

(i) Failure of the notary public to maintain an assurance as provided in section 22(4) of this act; or

(j) Making or noting a protest of a negotiable instrument without being a person authorized by section 5(5) of this act.

(2) If the director denies, refuses to renew, revokes, suspends, imposes conditions, or otherwise sanctions, a commission as a notary public, the applicant or notary public is entitled to timely notice and hearing in accordance with chapter 34.05 RCW.

(3) The authority of the director to take disciplinary action on a commission as a notary public does not prevent a person from seeking and obtaining other criminal or civil remedies provided by law.

NEW SECTION. **Sec. 25.** DATABASE OF NOTARIES PUBLIC. The director shall maintain an electronic database of notaries public:

(1) Through which a person may verify the authority of a notary public to perform notarial acts; and

(2) Which indicates whether a notary public has notified the director that the notary public will be performing notarial acts on electronic records.

NEW SECTION. **Sec. 26.** PROHIBITED ACTS. (1) A commission as a notary public does not authorize an individual to:

(a) Assist persons in drafting legal records, give legal advice, or otherwise practice law;

(b) Act as an immigration consultant or an expert on immigration matters;

(c) Represent a person in a judicial or administrative proceeding relating to immigration to the United States, United States citizenship, or related matters;

(d) Receive compensation for performing any of the activities listed in this subsection; or

(e) Provide court reporting services.

(2) A notary public may not engage in false or deceptive advertising.

(3) A notary public, other than an attorney licensed to practice law in this

state, or a Washington-licensed limited license legal technician acting within the scope of his or her license, may not use the term "notario" or "notario publico."

(4) A notary public, other than an attorney licensed to practice law in this state or a limited license legal technician acting within the scope of his or her license, may not assist another person in selecting the appropriate certificate required by section 15 of this act.

(5) A notary public, other than an attorney licensed to practice law in this state, or a Washington-licensed limited license legal technician acting within the scope of his or her license, may not advertise or represent that the notary public may assist persons in drafting legal records, give legal advice, or otherwise practice law. If a notary public who is not an attorney licensed to practice law in this state, or a Washington-licensed limited license legal technician acting within the scope of his or her license, in any manner advertises or represents that the notary public offers notarial services, whether orally or in a record, including broadcast media, print media, and the internet, the notary public shall include the following statement, or an alternate statement authorized or required by the director, in the advertisement or representation, prominently and in each language used in the advertisement or representation: "I am not an attorney licensed to practice law in this state. I am not allowed to draft legal records, give advice on legal matters, including immigration, or charge a fee for those activities." If the form of advertisement or representation is not broadcast media, print media, or the internet and does not permit inclusion of the statement required by this subsection because of size, it must be displayed prominently or provided at the place of performance of the notarial act before the notarial act is performed.

(6) Except as otherwise allowed by law, a notary public may not withhold access to or possession of an original record provided by a person that seeks performance of a notarial act by the notary public. A notary public may not maintain copies or electronic images of documents notarized unless the copies or images are maintained by an attorney or Washington-licensed limited license

legal technician acting within his or her scope of practice for the performance of legal services or for other services performed for the client and the copies or images are not maintained solely as part of the notary transaction.

NEW SECTION. **Sec. 27.** VALIDITY OF NOTARIAL ACTS. Except as otherwise provided in section 4(2) of this act, the failure of a notarial officer to perform a duty or meet a requirement specified in this chapter does not invalidate a notarial act performed by the notarial officer. The validity of a notarial act under this chapter does not prevent an aggrieved person from seeking to invalidate the record or transaction that is the subject of the notarial act or from seeking other remedies based on law of this state other than this chapter or law of the United States. This section does not validate a purported notarial act performed by an individual who does not have the authority to perform notarial acts. Nothing in this act gives the director authority to invalidate a notarial act.

NEW SECTION. **Sec. 28.** RULES. (1) The director may adopt rules necessary to implement this chapter.

(2) In adopting, amending, or repealing rules about notarial acts with respect to electronic records, the director shall consider standards, practices, and customs of other jurisdictions that substantially enact this chapter.

NEW SECTION. **Sec. 29.** NOTARY PUBLIC COMMISSION IN EFFECT. A commission as a notary public in effect on the effective date of this section continues until its date of expiration. A notary public who applies to renew a commission as a notary public on or after the effective date of this section is subject to and shall comply with this chapter. A notary public, in performing notarial acts after the effective date of this section, shall comply with this chapter.

NEW SECTION. **Sec. 30.** SAVINGS CLAUSE. This chapter does not affect the validity or effect of a notarial act performed before the effective date of this section.

NEW SECTION. **Sec. 31.** UNIFORMITY OF APPLICATION AND CONSTRUCTION. In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with

respect to its subject matter among states that enact it.

NEW SECTION. Sec. 32. RELATION TO ELECTRONIC SIGNATURES IN GLOBAL AND NATIONAL COMMERCE ACT. This chapter modifies, limits, and supersedes the electronic signatures in global and national commerce act, 15 U.S.C. Sec. 7001 et seq., but does not modify, limit, or supersede section 101(c) of that act, 15 U.S.C. Sec. 7001(c), or authorize electronic delivery of any of the notices described in section 103(b) of that act, 15 U.S.C. Sec. 7003(b).

NEW SECTION. Sec. 33. UNIFORM REGULATION OF BUSINESS AND PROFESSIONS ACT. The uniform regulation of business and professions act, chapter 18.235 RCW, governs unlicensed practice, the issuance and denial of licenses, and the discipline of licensees under this chapter.

NEW SECTION. Sec. 34. NEW CHAPTER. Sections 1 through 33 and 45 of this act constitute a new chapter in Title 42 RCW.

Sec. 36. RCW 9.97.020 and 2016 c 81 s 3 are each amended to read as follows:

(1) Except as provided in this section, no state, county, or municipal department, board, officer, or agency authorized to assess the qualifications of any applicant for a license, certificate of authority, qualification to engage in the practice of a profession or business, or for admission to an examination to qualify for such a license or certificate may disqualify a qualified applicant, solely based on the applicant's criminal history, if the qualified applicant has obtained a certificate of restoration of opportunity and the applicant meets all other statutory and regulatory

requirements, except as required by federal law or exempted under this subsection. Nothing in this section is interpreted as restoring or creating a means to restore any firearms rights or eligibility to obtain a firearm dealer license pursuant to RCW 9.41.110 or requiring the removal of a protection order.

(a)(i) Criminal justice agencies, as defined in RCW 10.97.030, and the Washington state bar association are exempt from this section.

(ii) This section does not apply to the licensing, certification, or qualification of the following professionals: Accountants, RCW 18.04.295; assisted living facilities employees, RCW 18.20.125; bail bond agents, RCW 18.185.020; escrow agents, RCW 18.44.241; long-term care workers, RCW 18.88B.080; nursing home administrators, RCW 18.52.071; nursing, chapter 18.79 RCW; physicians and physician assistants, chapters 18.71 and 18.71A RCW; private investigators, RCW 18.165.030; receivers, RCW 7.60.035; teachers, chapters 28A.405 and 28A.410 RCW; notaries public, chapter ~~((42.44 RCW))~~ 42.--- RCW (the new chapter created in section 34 of this act); private investigators, chapter 18.165 RCW; real estate brokers and salespersons, chapters 18.85 and 18.86 RCW; security guards, chapter 18.170 RCW; and vulnerable adult care providers, RCW 43.43.842.

(iii) To the extent this section conflicts with the requirements for receipt of federal funding under the adoption and safe families act, 42 U.S.C. Sec. 671, this section does not apply.

(b) Unless otherwise addressed in statute, in cases where an applicant would be disqualified under RCW 43.20A.710, and the applicant has obtained a certificate of restoration of opportunity, the department of social and health services may, after review of relevant factors, including the nature and seriousness of the offense, time that has passed since conviction, changed circumstances since the offense occurred, and the nature of the employment or license sought, at its discretion:

(i) Allow the applicant to have unsupervised access to children, vulnerable adults, or individuals with mental illness or developmental

disabilities if the applicant is otherwise qualified and suitable; or

(ii) Disqualify the applicant solely based on the applicant's criminal history.

(c) If the practice of a profession or business involves unsupervised contact with vulnerable adults, children, or individuals with mental illness or developmental disabilities, or populations otherwise defined by statute as vulnerable, the department of health may, after review of relevant factors, including the nature and seriousness of the offense, time that has passed since conviction, changed circumstances since the offense occurred, and the nature of the employment or license sought, at its discretion:

(i) Disqualify an applicant who has obtained a certificate of restoration of opportunity, for a license, certification, or registration to engage in the practice of a health care profession or business solely based on the applicant's criminal history; or

(ii) If such applicant is otherwise qualified and suitable, credential or credential with conditions an applicant who has obtained a certificate of restoration of opportunity for a license, certification, or registration to engage in the practice of a health care profession or business.

(d) The state of Washington, any of its counties, cities, towns, municipal corporations, or quasi-municipal corporations, the department of health, and its officers, employees, contractors, and agents are immune from suit in law, equity, or any action under the administrative procedure act based upon its exercise of discretion under this section. This section does not create a protected class; private right of action; any right, privilege, or duty; or change to any right, privilege, or duty existing under law. This section does not modify a licensing or certification applicant's right to a review of an agency's decision under the administrative procedure act or other applicable statute or agency rule. A certificate of restoration of opportunity does not remove or alter citizenship or legal residency requirements already in place for state agencies and employers.

(2) A qualified court has jurisdiction to issue a certificate of restoration of opportunity to a qualified applicant.

(a) A court must determine, in its discretion whether the certificate:

(i) Applies to all past criminal history; or

(ii) Applies only to the convictions or adjudications in the jurisdiction of the court.

(b) The certificate does not apply to any future criminal justice involvement that occurs after the certificate is issued.

(c) A court must determine whether to issue a certificate by determining whether the applicant is a qualified applicant as defined in RCW 9.97.010.

(3) An employer or housing provider may, in its sole discretion, determine whether to consider a certificate of restoration of opportunity issued under this chapter in making employment or rental decisions. An employer or housing provider is immune from suit in law, equity, or under the administrative procedure act for damages based upon its exercise of discretion under this section or the refusal to exercise such discretion. In any action at law against an employer or housing provider arising out of the employment of or provision of housing to the recipient of a certificate of restoration of opportunity, evidence of the crime for which a certificate of restoration of opportunity has been issued may not be introduced as evidence of negligence or intentionally tortious conduct on the part of the employer or housing provider. This subsection does not create a protected class, private right of action, any right, privilege, or duty, or to change any right, privilege, or duty existing under law related to employment or housing except as provided in RCW 7.60.035.

(4) (a) Department of social and health services: A certificate of restoration of opportunity does not apply to the state abuse and neglect registry. No finding of abuse, neglect, or misappropriation of property may be removed from the registry based solely on a certificate. The department must include such certificates as part of its criminal history record reports, qualifying letters, or other assessments pursuant to RCW 43.43.830 through

43.43.838. The department shall adopt rules to implement this subsection.

(b) Washington state patrol: The Washington state patrol is not required to remove any records based solely on a certificate of restoration of opportunity. The state patrol must include a certificate as part of its criminal history record report.

(c) Court records:

(i) A certificate of restoration of opportunity has no effect on any other court records, including records in the judicial information system. The court records related to a certificate of restoration of opportunity must be processed and recorded in the same manner as any other record.

(ii) The qualified court where the applicant seeks the certificate of restoration of opportunity must administer the court records regarding the certificate in the same manner as it does regarding all other proceedings.

(d) Effect in other judicial proceedings: A certificate of restoration of opportunity may only be submitted to a court to demonstrate that the individual met the specific requirements of this section and not for any other procedure, including evidence of character, reputation, or conduct. A certificate is not an equivalent procedure under Rule of Evidence 609(c).

(e) Department of health: The department of health must include a certificate of restoration of opportunity on its public web site if:

(i) Its web site includes an order, stipulation to informal disposition, or notice of decision related to the conviction identified in the certificate of restoration of opportunity; and

(ii) The credential holder has provided a certified copy of the certificate of restoration of opportunity to the department of health.

(5) In all cases, an applicant must provide notice to the prosecutor in the county where he or she seeks a certificate of restoration of opportunity of the pendency of such application. If the applicant has been sentenced by any other jurisdiction in the five years preceding the application for a certificate, the applicant must also notify the prosecuting attorney in those jurisdictions. The prosecutor in

the county where an applicant applies for a certificate shall provide the court with a report of the applicant's criminal history.

(6) Application for a certificate of restoration of opportunity must be filed as a civil action.

(7) A superior court in the county in which the applicant resides may decline to consider the application for certificate of restoration of opportunity. If the superior court in which the applicant resides declines to consider the application, the court must dismiss the application without prejudice and the applicant may refile the application in another qualified court. The court must state the reason for the dismissal on the order. If the court determines that the applicant does not meet the required qualifications, then the court must dismiss the application without prejudice and state the reason(s) on the order. The superior court in the county of the applicant's conviction or adjudication may not decline to consider the application.

(8) Unless the qualified court determines that a hearing on an application for certificate of restoration is necessary, the court must decide without a hearing whether to grant the certificate of restoration of opportunity based on a review of the application filed by the applicant and pleadings filed by the prosecuting attorney.

(9) The clerk of the court in which the certificate of restoration of opportunity is granted shall transmit the certificate of restoration of opportunity to the Washington state patrol identification section, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol shall update its records to reflect the certificate of restoration of opportunity.

(10)(a) The administrative office of the courts shall develop and prepare instructions, forms, and an informational brochure designed to assist applicants applying for a certificate of restoration of opportunity.

(b) The instructions must include, at least, a sample of a standard application and a form order for a certificate of restoration of opportunity.

(c) The administrative office of the courts shall distribute a master copy of the instructions, informational brochure, and sample application and form order to all county clerks and a master copy of the application and order to all superior courts by January 1, 2017.

(d) The administrative office of the courts shall determine the significant non-English-speaking or limited English-speaking populations in the state. The administrator shall then arrange for translation of the instructions, which shall contain a sample of the standard application and order, and the informational brochure into languages spoken by those significant non-English-speaking populations and shall distribute a master copy of the translated instructions and informational brochures to the county clerks by January 1, 2017.

(e) The administrative office of the courts shall update the instructions, brochures, standard application and order, and translations when changes in the law make an update necessary.

Sec. 37. RCW 18.235.010 and 2007 c 256 s 11 are each amended to read as follows:

ESSB 5338 Prime Sponsor, Committee on Transportation: Concerning registration enforcement for off-road vehicles and snowmobiles. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that many residents of Washington enjoy recreational opportunities for

off-road vehicle and snowmobile use afforded by the natural beauty of the state and do so in compliance with vehicle titling and registration laws and other laws that govern off-road vehicle and snowmobile use. At the same time, the legislature recognizes that the current law and corresponding enforcement regime may not be robust enough to ensure full compliance with legal registration requirements and a level playing field for all users. It is therefore the intent of the legislature to modify the statutory framework governing penalties for off-road vehicle and snowmobile registration violations and to add requirements to the department of licensing in order to improve registration compliance.

NEW SECTION. Sec. 2. A new section is added to chapter 46.09 RCW under the subchapter heading "uses and violations" to read as follows:

(1) It is a gross misdemeanor, punishable as provided under chapter 9A.20 RCW, for a resident, as identified in RCW 46.16A.140, to knowingly fail to apply for a Washington state certificate of title for, or to knowingly fail to register, an off-road vehicle within fifteen days of receiving or refusing a notice issued by the department under section 4 of this act.

(2) Excise taxes owed and fines assessed must be deposited in the manner provided under RCW 46.16A.030(6).

NEW SECTION. Sec. 3. A new section is added to chapter 46.10 RCW under the subchapter heading "uses and violations" to read as follows:

(1) It is a gross misdemeanor, punishable as provided under chapter 9A.20 RCW, for a resident, as identified in RCW 46.16A.140, to knowingly fail to register a snowmobile within fifteen days of receiving or refusing a notice issued by the department under section 4 of this act.

(2) Excise taxes owed and fines assessed must be deposited in the manner provided under RCW 46.16A.030(6).

NEW SECTION. Sec. 4. A new section is added to chapter 46.93 RCW to read as follows:

(1) By the first business day in February of each year, beginning in 2018, motorsports vehicle manufacturers must report to the department of licensing a

listing of all motorsports vehicle warranties for off-road vehicles under chapter 46.09 RCW and snowmobiles under chapter 46.10 RCW sold to Washington residents by out-of-state motorsports vehicle dealers in the previous calendar year. The report must be transmitted such that the department receives the listing no later than the first business day in February. Failure to report a complete listing as required under this subsection results in an administrative fine of one hundred dollars for each day after the first business day in February that the department has not received the report.

(2) The department of licensing shall examine the listing reported in subsection (1) of this section to verify whether the vehicles are properly registered in the state. Beginning in 2018, and to the extent that it has received the listing required under subsection (1) of this section, the department shall notify by certified mail from the United States postal service, with return receipt requested, by the end of February of each year, the purchasers of the warranties of the off-road vehicles and snowmobiles that are not properly registered in the state of the owner's obligations under state law regarding vehicle titling, registration, and use tax payment, as well as of the penalties for failure to comply with the law.

(3) Fines received under this section must be paid into the state treasury and credited to the nonhighway and off-road vehicle activities program account under RCW 46.09.510 and to the snowmobile account under RCW 46.68.350. The state treasurer must apportion the fines between the accounts according to the pro rata share of the number of off-road vehicle and snowmobile registrations in the previous calendar year. The department must provide the state treasurer with the information needed to determine the apportionment.

NEW SECTION. **Sec. 5.** Section 4 of this act applies to the sales of off-road vehicles and snowmobiles beginning in January 2017.

NEW SECTION. **Sec. 6.** This act takes effect August 1, 2017."

(c) The requirements of subsection (3) of this section are met.

(3) Where neither party to a prospective firearms transaction is a licensed dealer, the parties to the transaction shall complete the sale or transfer through a licensed dealer as follows:

(a) The seller or transferor shall deliver the firearm to a licensed dealer to process the sale or transfer as if it is selling or transferring the firearm from its inventory to the purchaser or transferee, except that the unlicensed seller or transferor may remove the firearm from the business premises of the licensed dealer while the background check is being conducted. If the seller or transferor removes the firearm from the business premises of the licensed dealer while the background check is being conducted, the purchaser or transferee and the seller or transferor shall return to the business premises of the licensed dealer and the seller or transferor shall again deliver the firearm to the licensed dealer prior to completing the sale or transfer.

(b) Except as provided in (a) of this subsection, the licensed dealer shall comply with all requirements of federal and state law that would apply if the licensed dealer were selling or transferring the firearm from its inventory to the purchaser or transferee, including but not limited to conducting a background check on the prospective purchaser or transferee in accordance with federal and state law requirements and fulfilling all federal and state recordkeeping requirements.

(c) The purchaser or transferee must complete, sign, and submit all federal, state, and local forms necessary to process the required background check to the licensed dealer conducting the background check.

(d) If the results of the background check indicate that the purchaser or transferee is ineligible to possess a firearm, then the licensed dealer shall return the firearm to the seller or transferor.

(e) The licensed dealer may charge a fee that reflects the fair market value of the administrative costs and efforts incurred by the licensed dealer for

facilitating the sale or transfer of the firearm.

(4) This section does not apply to:

(a) A transfer between immediate family members, which for this subsection shall be limited to spouses, domestic partners, parents, parents-in-law, children, siblings, siblings-in-law, grandparents, grandchildren, nieces, nephews, first cousins, aunts, and uncles, that is a bona fide gift or loan;

occurs and the transferee's possession of the firearm is exclusively at a lawful organized competition involving the use of a firearm, or while participating in or practicing for a performance by an organized group that uses firearms as a part of the performance; (iv) to a person who is under eighteen years of age for lawful hunting, sporting, or educational purposes while under the direct supervision and control of a responsible adult who is not prohibited from possessing firearms; ~~((e))~~ (v) under circumstances in which the transferee and the firearm remain in the presence of the transferor; or (vi) while hunting if the hunting is legal in all places where the person to whom the firearm is transferred possesses the firearm and the person to whom the firearm is transferred has completed all training and holds all licenses or permits required for such hunting, provided that any temporary transfer allowed by this subsection is permitted only if the person to whom the firearm is transferred is not prohibited from possessing firearms under state or federal law; ~~((e))~~

~~((g))~~ (h) A person who (i) acquired a firearm other than a pistol by operation of law upon the death of the former owner of the firearm or (ii) acquired a pistol by operation of law upon the death of the former owner of the pistol within the preceding sixty days. SSB 5426 Prime Sponsor, Committee on Commerce, Labor & Sports: Increasing the number of tasting rooms allowed under a domestic winery license. Reported by Committee on Commerce & Gaming

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 66.24.170 and 2016 c 235 s 1 are each amended to read as follows:

(1) There is a license for domestic wineries; fee to be computed only on the liters manufactured: Less than two hundred fifty thousand liters per year,

one hundred dollars per year; and two hundred fifty thousand liters or more per year, four hundred dollars per year.

(2) The license allows for the manufacture of wine in Washington state from grapes or other agricultural products.

(3) Any domestic winery licensed under this section may also act as a retailer of wine of its own production. Any domestic winery licensed under this section may act as a distributor of its own production. Notwithstanding any language in this title to the contrary, a domestic winery may use a common carrier to deliver up to one hundred cases of its own production, in the aggregate, per month to licensed Washington retailers. A domestic winery may not arrange for any such common carrier shipments to licensed retailers of wine not of its own production. Except as provided in this section, any winery operating as a distributor and/or retailer under this subsection must comply with the applicable laws and rules relating to distributors and/or retailers, except that a winery operating as a distributor may maintain a warehouse off the premises of the winery for the distribution of wine of its own production provided that: (a) The warehouse has been approved by the board under RCW 66.24.010; and (b) the number of warehouses off the premises of the winery does not exceed one.

(4) A domestic winery licensed under this section, at locations separate from any of its production or manufacturing sites, may serve samples of its own products, with or without charge, may sell wine of its own production at retail, and may sell for off-premises consumption wines of its own production in kegs or sanitary containers meeting the applicable requirements of federal law brought to the premises by the purchaser or furnished by the licensee and filled at the tap at the time of sale, provided that: (a) Each additional location has been approved by the board under RCW 66.24.010; (b) the total number of additional locations does not exceed ~~((two))~~ four; (c) a winery may not act as a distributor at any such additional location; and (d) any person selling or serving wine at an additional location for on-premises consumption must obtain a class 12 or class 13 alcohol server permit. Each additional location is deemed to be part of the winery license

for the purpose of this title. At additional locations operated by multiple wineries under this section, if the board cannot connect a violation of RCW 66.44.200 or 66.44.270 to a single licensee, the board may hold all licensees operating the additional location jointly liable. Nothing in this subsection may be construed to prevent a domestic winery from holding multiple domestic winery licenses.

(5)(a) A domestic winery licensed under this section may apply to the board for an endorsement to sell wine of its own production at retail for off-premises consumption at a qualifying farmers market. The annual fee for this endorsement is seventy-five dollars. An endorsement issued pursuant to this subsection does not count toward the ~~((two))~~ four additional retail locations limit specified in this section.

(b) For each month during which a domestic winery will sell wine at a qualifying farmers market, the winery must provide the board or its designee a list of the dates, times, and locations at which bottled wine may be offered for sale. This list must be received by the board before the winery may offer wine for sale at a qualifying farmers market.

(c) The wine sold at qualifying farmers markets must be made entirely from grapes grown in a recognized Washington appellation or from other agricultural products grown in this state.

(d) Each approved location in a qualifying farmers market is deemed to be part of the winery license for the purpose of this title. The approved locations under an endorsement granted under this subsection include tasting or sampling privileges subject to the conditions pursuant to RCW 66.24.175. The winery may not store wine at a farmers market beyond the hours that the winery offers bottled wine for sale. The winery may not act as a distributor from a farmers market location.

(e) Before a winery may sell bottled wine at a qualifying farmers market, the farmers market must apply to the board for authorization for any winery with an endorsement approved under this subsection to sell bottled wine at retail at the farmers market. This application shall include, at a minimum: (i) A map of the farmers market showing all booths, stalls, or other designated locations at

which an approved winery may sell bottled wine; and (ii) the name and contact information for the on-site market managers who may be contacted by the board or its designee to verify the locations at which bottled wine may be sold. Before authorizing a qualifying farmers market to allow an approved winery to sell bottled wine at retail at its farmers market location, the board must notify the persons or entities of such application for authorization pursuant to RCW 66.24.010 (8) and (9). An authorization granted under this subsection (5) (e) may be withdrawn by the board for any violation of this title or any rules adopted under this title.

(f) The board may adopt rules establishing the application and approval process under this section and such additional rules as may be necessary to implement this section.

(g) For the purposes of this subsection:

(i) "Qualifying farmers market" means an entity that sponsors a regular assembly of vendors at a defined location for the purpose of promoting the sale of agricultural products grown or produced in this state directly to the consumer under conditions that meet the following minimum requirements:

(A) There are at least five participating vendors who are farmers selling their own agricultural products;

(B) The total combined gross annual sales of vendors who are farmers exceeds the total combined gross annual sales of vendors who are processors or resellers. However, if a farmers market does not satisfy this subsection (5) (g) (i) (B), a farmers market is still considered a "qualifying farmers market" if the total combined gross annual sales of farmers and processors at the farmers market is one million dollars or more;

(C) The total combined gross annual sales of vendors who are farmers, processors, or resellers exceeds the total combined gross annual sales of vendors who are not farmers, processors, or resellers;

(D) The sale of imported items and secondhand items by any vendor is prohibited; and

(E) No vendor is a franchisee.

(ii) "Farmer" means a natural person who sells, with or without processing,

agricultural products that he or she raises on land he or she owns or leases in this state or in another state's county that borders this state.

(iii) "Processor" means a natural person who sells processed food that he or she has personally prepared on land he or she owns or leases in this state or in another state's county that borders this state.

(iv) "Reseller" means a natural person who buys agricultural products from a farmer and resells the products directly to the consumer.

(6) Wine produced in Washington state by a domestic winery licensee may be shipped out-of-state for the purpose of making it into sparkling wine and then returned to such licensee for resale. Such wine is deemed wine manufactured in the state of Washington for the purposes of RCW 66.24.206, and shall not require a special license.

(7) During an event held by a nonprofit holding a special occasion license issued under RCW 66.24.380, a domestic winery licensed under this section may take orders, either in writing or electronically, and accept payment for wines of its own production under the following conditions:

(a) Wine produced by the domestic winery may be served for on-premises consumption by the special occasion licensee;

(b) The domestic winery delivers wine to the consumer on a date after the conclusion of the special occasion event;

(c) The domestic winery delivers wine to the consumer at a location different from the location at which the special occasion event is held;

(d) The domestic winery complies with all requirements in chapter 66.20 RCW for direct sale of wine to consumers;

(e) The wine is not sold for resale; and

(f) The domestic winery is entitled to all proceeds from the sale and delivery of its wine to a consumer after the conclusion of the special occasion event, but may enter into an agreement to share a portion of the proceeds of these sales with the special occasion licensee licensed under RCW 66.24.380.

NEW SECTION. Sec. 2. The legislature intends that at least two hundred new

domestic wineries be created over the next six years. The state liquor and cannabis board must report electronically to the house committee on commerce and gaming regarding the number of new domestic wineries each biennium. The first report is due June 30, 2019, and a report is due every two years thereafter through June 30, 2023."

(3) The director may assess a civil penalty ranging from one hundred dollars to one thousand dollars per occurrence against any person who knowingly violates any provision under this chapter or rules adopted thereunder. In determining the amount of any civil penalty, the director shall give due consideration to the appropriateness of the penalty with respect to the gravity of the violation, and the history of any previous violations. The respondent issued a notice of intent to assess a civil penalty must be provided the opportunity to request a hearing as provided under chapter 34.05 RCW to contest the alleged violation and the penalty amount.

SB 5691 Prime Sponsor, Senator Bailey: Modifying or terminating a guardianship when a less restrictive alternative is available to provide for the needs of an incapacitated person. Reported by Committee on Judiciary

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that an incapacitated person should retain basic rights enjoyed by the public, including the freedom of associating with family and friends. A court or guardian should not remove or restrict the rights of an incapacitated person under a guardianship except when absolutely necessary to protect the incapacitated person. The legislature finds that less restrictive alternatives are preferred to guardianships and limited guardianships when they provide adequate support for an incapacitated person's needs. The legislature also recognizes that less restrictive alternatives are typically less expensive to administer than a guardianship, thereby preserving state resources, court resources, and the incapacitated person's estate. A less

restrictive alternative may be in the form of a power of attorney, or a trust, or other legal, financial, or medical directives that allow an incapacitated person to enjoy a greater degree of individual liberty and decision making than for persons under a guardianship.

Sec. 2. RCW 11.88.120 and 2015 c 293 s 1 are each amended to read as follows:

(1)(a) At any time after establishment of a guardianship or appointment of a guardian, the court may, upon the death of the guardian or limited guardian, or, for other good reason, modify or terminate the guardianship or replace the guardian or limited guardian or modify the authority of a guardian or limited guardian. Such action may be taken based on the court's own motion, based on a motion by an attorney for a person or entity, based on a motion of a person or entity representing themselves, or based on a written complaint, as described in this section. The court may grant relief under this section as it deems just and in the best interest of the incapacitated person. For any hearing to modify or terminate a guardianship, the incapacitated person shall be given reasonable notice of the hearing and of the incapacitated person's right to be represented at the hearing by counsel of his or her own choosing.

(b) The court must modify or terminate a guardianship when a less restrictive alternative, such as a power of attorney or a trust, will adequately provide for the needs of the incapacitated person. In any motion to modify or terminate a guardianship with a less restrictive alternative, the court should consider any recent medical reports; whether a condition is reversible; testimony of the incapacitated person; testimony of persons most closely related by blood, marriage, or state registered domestic partnership to the incapacitated person; testimony of persons entitled to notice of special proceedings under RCW 11.92.150; and other needs of the incapacitated person that are not adequately served in a guardianship or limited guardianship that may be better served with a less restrictive alternative. All motions under the provisions of this subsection (1)(b) must be heard within sixty days unless an extension of time is requested by a party or a guardian ad litem within such sixty-day period and granted for good cause shown. An extension granted for good

cause should not exceed an additional sixty days from the date of the request of the extension, and the court must set a new hearing date.

(2)(a) An unrepresented person or entity may submit a complaint to the court. Complaints must be addressed to one of the following designees of the court: The clerk of the court having jurisdiction in the guardianship, the court administrator, or the guardianship monitoring program, and must identify the complainant and the incapacitated person who is the subject of the guardianship. The complaint must also provide the complainant's address, the case number (if available), and the address of the incapacitated person (if available). The complaint must state facts to support the claim.

(b) By the next judicial day after receipt of a complaint from an unrepresented person, the court's designee must ensure the original complaint is filed and deliver the complaint to the court.

(c) Within fourteen days of being presented with a complaint, the court must enter an order to do one or more of the following actions:

(i) To show cause, with fourteen days' notice, directing the guardian to appear at a hearing set by the court in order to respond to the complaint;

(ii) To appoint a guardian ad litem to investigate the issues raised by the complaint or to take any emergency action the court deems necessary to protect the incapacitated person until a hearing can be held;

(iii) To dismiss the complaint without scheduling a hearing, if it appears to the court that the complaint: Is without merit on its face; is filed in other than good faith; is filed for an improper purpose; regards issues that have already been adjudicated; or is frivolous. In making a determination, the court may review the matter and consider previous behavior of the complainant that is documented in the guardianship record;

(iv) To direct the guardian to provide, in not less than fourteen days, a written report to the court on the issues raised in the complaint;

(v) To defer consideration of the complaint until the next regularly scheduled hearing in the guardianship, if

the date of that hearing is within the next three months, provided that there is no indication that the incapacitated person will suffer physical, emotional, financial, or other harm as a result of the court's deferral of consideration;

(vi) To order other action, in the court's discretion, in addition to doing one or more of the actions set out in this subsection.

(d) If after consideration of the complaint, the court believes that the complaint is made without justification or for reason to harass or delay or with malice or other bad faith, the court has the power to levy necessary sanctions, including but not limited to the imposition of reasonable attorney fees, costs, fees, striking pleadings, or other appropriate relief.

(3) The court may order persons who have been removed as guardians to deliver any property or records belonging to the incapacitated person in accordance with the court's order. Similarly, when guardians have died or been removed and property or records of an incapacitated person are being held by any other person, the court may order that person to deliver it in accordance with the court's order. Disobedience of an order to deliver (~~shall be~~) is punishable as contempt of court.

(4) The administrative office of the courts must develop and prepare (~~(+)~~), in consultation with interested persons, a model form for the complaint described in subsection (2)(a) of this section and a model form for the order that must be issued by the court under subsection (2)(c) of this section.

(5) The board may send a grievance it has received regarding an active guardian case to the court's designee with a request that the court review the grievance and take any action the court deems necessary. This type of request from the board must be treated as a complaint under this section and the person who sent the complaint must be treated as the complainant. The court must direct the clerk to transmit a copy of its order to the board. The board must consider the court order when taking any further action and note the court order in any final determination.

(6) In any court action under this section that involves a professional guardian, the court must direct the clerk

of the court to send a copy of the order entered under this section to the board.

(7) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Board" means the certified professional guardianship board.

(b) "Complaint" means a written submission by an unrepresented person or entity, who is referred to as the complainant."

"NEW SECTION. **Sec. 1.** A new section is added to chapter 66.24 RCW to read as follows:

(1) There shall be a bonded and nonbonded spirits warehouse license for spirits warehouses that authorizes the storage and handling of bonded bulk spirits and, to the extent allowed under federal law and under rules adopted by the board, bottled spirits and the

storage of tax-paid spirits not in bond. Under this license a licensee may maintain a warehouse for the storage of federally authorized spirits off the premises of a distillery for distillers qualified under RCW 66.24.140, 66.24.145, or 66.24.150, or entities otherwise licensed and permitted in this state, or bulk spirits transferred in bond from out-of-state distilleries and, to the extent allowed by federal law and under rules adopted by the board, bottled spirits, if the storage of the federally authorized spirits transferred into the state is for storage only and not for processing or bottling in the bonded spirits warehouse. A licensee must designate clearly in its license application to the board the sections of the warehouse that are bonded and nonbonded with a physical separation between such spaces. Only spirits in bond may be stored in the bonded sections of the warehouse and only spirits that have been removed from bond tax-paid may be stored in nonbonded areas of the warehouse. The proprietor of the warehouse must maintain a plan for tracking spirits being stored in the warehouse to ensure compliance with relevant bonding and tax obligations.

(2) The board must adopt similar qualifications for a spirits warehouse licensed under this section as required for obtaining a distillery license as specified in RCW 66.24.140, 66.24.145, and 66.24.150. A licensee must be a sole proprietor, a partnership, a limited liability company, a corporation, a port authority, a city, a county, or any other public entity or subdivision of the state that elects to license a bonded spirits warehouse as an agricultural or economic development activity. One or more domestic distilleries or manufacturers may operate as a partnership, corporation, business co-op, cotenant, or agricultural co-op for the purpose of obtaining a bonded and nonbonded spirits warehouse license or storing spirits in the facility under a common management and oversight agreement free of charge or for a fee.

(3) Spirits in bond may be removed from a bonded spirits warehouse for the purpose of being:

(a) Exported from the state;

(b) Returned to a distillery or spirits warehouse licensed under this section; or

(c) Transferred to a distillery, spirits warehouse licensed under this section, or a licensed bottling or packaging facility.

(4) Bottled spirits that are being removed from a spirits warehouse licensed under this section tax-paid may be:

(a) Transferred back to the distillery that produced them;

(b) Shipped to a licensed Washington spirits distributor;

(c) Shipped to a licensed Washington spirits retailer;

(d) Exported from the state; or

(e) Removed for direct shipping to a consumer pursuant to RCW 66.20.410.

(5) The ownership and operation of a spirits warehouse facility licensed under this section may be by a person or entity other than those described in this section acting in a commercial warehouse management position under contract for such licensed persons or entities on their behalf.

(6) A license applicant must demonstrate the right to have warehoused spirits under a valid federal permit held by a licensee who maintains ownership and title to the spirits while they are in storage in the spirits warehouse licensed under this section. The fee for this license is one hundred dollars per year.

(7) The board must adopt rules requiring a spirits warehouse licensed under this section to be physically secure, zoned for the intended use, and physically separated from any other use.

(8) The operator or licensee operating a spirits warehouse licensed under this section must submit to the board a monthly report of movement of spirits to and from a warehouse licensed under this section in a form prescribed by the board. The board may adopt other necessary procedures by which such warehouses are licensed and regulated.

(9) The board may require a single annual permit valid for a full calendar year issued to each licensee or entity warehousing spirits under this section that allows for unlimited transfers to and from such warehouse within that year. The fee for this permit is one hundred dollars per year.

(10) Handling of bottled spirits that have been removed from bond tax-paid and

that reside in the spirits warehouse licensed under this section includes packaging and repackaging services; bottle labeling services; creating baskets or variety packs that may or may not include nonspirits products; and picking, packing, and shipping spirits orders on behalf of a licensed distillery direct to consumers in accordance with RCW 66.20.410. A distillery contracting with the operator of a spirits warehouse licensed under this section for handling bottled spirits must comply with all applicable state and federal laws and is responsible for financial transactions in direct to consumer shipping activities.

Sec. 2. RCW 66.24.640 and 2012 c 2 s 206 are each amended to read as follows:

Any distiller licensed under this title may act as a retailer and/or distributor to retailers selling for consumption on or off the licensed premises of spirits of its own production, and any manufacturer, importer, or bottler of spirits holding a certificate of approval may act as a distributor of spirits it is entitled to import into the state under such certificate. The board must by rule provide for issuance of certificates of approval to spirits suppliers. An industry member operating as a distributor and/or retailer under this section must comply with the applicable laws and rules relating to distributors and/or retailers, except that an industry member operating as a distributor under this section may maintain a warehouse off the distillery premises for the distribution of bottled spirits of its own production to spirits retailers within the state and for bottled foreign-made spirits that such distillery is entitled to distribute under this title, if the warehouse is within the United States and has been approved by the board."

INTRODUCTION & FIRST READING

MAJORITY recommendation: Do pass as amended.

HB 2180 by Representatives Condotta, Shea, Taylor, Manweller, Orcutt, Wilcox, Barkis, Buys, MacEwen, Harmsworth, Kretz, Schmick, Steele,

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds and declares that students pursuing higher education benefit from periodic notification about the balance of their student education loan debt. This notification helps students and their families make informed borrowing decisions about how to finance their postsecondary education and be more prepared for repayment when leaving school. The legislature recognizes the steps many higher education institutions in Washington have already taken to provide financial education and information to their students. The legislature encourages schools to continue to strengthen financial literacy training, financial aid counseling, and other resources available to students. It is the intent of the legislature to ensure that all students pursuing higher education in Washington receive periodic notifications about their student education loan debt.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.10 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Educational institution" includes any entity that is an institution of higher education as defined in RCW 28B.10.016, a degree-granting institution as defined in RCW 28B.85.010, a private vocational school as defined in RCW 28C.10.020, or school as defined in RCW 18.16.020.

(b) "Student education loan" means any loan solely for personal use to finance postsecondary education and costs of attendance at an educational institution.

(2) Subject to the availability of amounts appropriated for this specific purpose, an educational institution must provide to an enrolled student who has applied for student financial aid a notification including the following information about the student education loans the educational institution has certified:

(a) An estimate, based on information available at the time the notification is provided, of the:

(i) Total amount of student education loans taken out by the student;

(ii) Potential total payoff amount of the student education loans incurred or a range of the total payoff amount, including principal and interest;

(iii) The monthly repayment amount that the student may incur for the amount of student education loans the student has taken out, based on the federal loan repayment plan borrowers are automatically enrolled in if they do not select an alternative repayment plan; and

(iv) Percentage of the aggregate federal direct loan borrowing limit applicable to the student's program of study the student has reached at the time the information is sent to the student; and

(b) Consumer information about the differences between private student loans and federal student loans, including the availability of income-based repayment plans and loan forgiveness programs for federal loans.

(3) The notification provided under subsection (2) of this section must include a statement that the estimates and ranges provided are general in nature and not meant as a guarantee or promise of the actual projected amount. It must also include a statement that a variety of repayment plans are available for federal student loans that may limit the monthly repayment amount based on income.

(4) The notification must include information about how to access resources for student education loan borrowers provided by federal or state agencies, such as a student education loan debt hotline and web site or student education loan ombuds, federal student loan repayment calculator, or other available resources.

(5) An educational institution must provide the notification required in subsection (2) of this section via email. In addition, the educational institution may provide the notification in writing, in an electronic format, or in person.

(6) An educational institution does not incur liability, including for actions under chapter 19.86 RCW by the attorney general, for any good faith representations made under subsection (2) of this section.

(7) Educational institutions must begin providing the notification required under subsection (2) of this section by July 1, 2018, each time a

financial aid package that includes a new or revised student education loan is offered to the student.

(8) Subject to the availability of amounts appropriated for this specific purpose, an organization representing the public four-year colleges and universities, an organization representing the private nonprofit institutions, the state board for community and technical colleges under chapter 28B.50 RCW, the workforce training and education coordinating board as defined in RCW 28C.18.020, and the department of licensing under chapter 46.01 RCW, must develop a form for the educational institutions to use to report compliance by July 1, 2018.

(9) Beginning December 1, 2019, and biannually thereafter until December 25, 2025, the organizations under subsection (8) of this section must submit a report in compliance with RCW 43.01.036 to the legislature that details how the educational institutions are in compliance with this section.

NEW SECTION. Sec. 3. This act may be known and cited as the Washington student loan transparency act."

SSB 5035 Prime Sponsor, Committee on Health Care:
Concerning patients' access to
investigational medical products. Reported
by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the process for approval of investigational drugs, biological products, and devices in the United States protects future patients from premature, ineffective, and unsafe medications and treatments over time, but the process often takes many years. Patients who have a terminal illness do not have the luxury of waiting until an

investigational drug, biological product, or device receives final approval from the United States food and drug administration. The legislature further finds that patients who have a terminal illness should be permitted to pursue the preservation of their own lives by accessing available investigational drugs, biological products, and devices. The use of available investigational drugs, biological products, and devices is a decision that should be made by the patient with a terminal illness in consultation with the patient's health care provider so that the decision to use an investigational drug, biological product, or device is made with full awareness of the potential risks, benefits, and consequences to the patient and the patient's family.

The legislature, therefore, intends to allow terminally ill patients to use potentially lifesaving investigational drugs, biological products, and devices.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Eligible patient" means an individual who meets the requirements of section 4 of this act.

(2) "Health care facility" means a clinic, nursing home, laboratory, office, or similar place where a health care provider provides health care to patients.

(3) "Hospital" means a health care institution licensed under chapter 70.41, 71.12, or 72.23 RCW.

(4) "Investigational product" means a drug, biological product, or device that has successfully completed phase one and is currently in a subsequent phase of a clinical trial approved by the United States food and drug administration assessing the safety of the drug, biological product, or device under section 505 of the federal food, drug, and cosmetic act, 21 U.S.C. Sec. 355.

(5) "Issuer" means any state purchased health care programs under chapter 41.05 or 74.09 RCW, a disability insurer regulated under chapter 48.20 or 48.21 RCW, a health care service contractor as defined in RCW 48.44.010, or a health maintenance organization as defined in RCW 48.46.020.

(6) "Manufacturer" means a person or other entity engaged in the manufacture or distribution of drugs, biological products, or devices.

(7) "Physician" means a physician licensed under chapter 18.71 RCW or an osteopathic physician and surgeon licensed under chapter 18.57 RCW.

(8) "Serious or immediately life-threatening disease or condition" means a stage of disease in which there is reasonable likelihood that death will occur within six months or in which premature death is likely without early treatment.

NEW SECTION. Sec. 3. (1) An eligible patient and his or her treating physician may request that a manufacturer make an investigational product available for treatment of the patient. The request must include a copy of the written informed consent form described in section 5 of this act and an explanation of why the treating physician believes the investigational product may help the patient.

(2) Upon receipt of the request and the written informed consent form, the manufacturer may, but is not required to, make the investigational product available for treatment of the eligible patient. Prior to making the investigational product available, the manufacturer shall enter into an agreement with the treating physician and the eligible patient providing that the manufacturer will transfer the investigational product to the physician and the physician will use the investigational product to treat the eligible patient.

NEW SECTION. Sec. 4. A patient is eligible to request access to and be treated with an investigational product if:

(1) The patient is eighteen years of age or older;

(2) The patient is a resident of this state;

(3) The patient's treating physician attests to the fact that the patient has a serious or immediately life-threatening disease or condition;

(4) The patient acknowledges having been informed by the treating physician of all other treatment options currently approved by the United States food and drug administration;

(5) The patient's treating physician recommends that the patient be treated with an investigational product;

(6) The patient is unable to participate in a clinical trial for the investigational product because the patient's physician has contacted one or more clinical trials or researchers in the physician's practice area and has determined, using the physician's professional judgment, that there are no clinical trials reasonably available for the patient to participate in, that the patient would not qualify for a clinical trial, or that delay in waiting to join a clinical trial would risk further harm to the patient; and

(7) In accordance with section 5 of this act, the patient has provided written informed consent for the use of the investigational product, or, if the patient lacks the capacity to consent, the patient's legally authorized representative has provided written informed consent on behalf of the patient.

NEW SECTION. Sec. 5. (1) Prior to treatment of the eligible patient with an investigational product, the treating physician shall obtain written informed consent, consistent with the requirements of RCW 7.70.060(1), and signed by the eligible patient or, if the patient lacks the capacity to consent, his or her legally authorized representative.

(2) Information provided in order to obtain the informed consent must, to the extent possible, include the following:

(a) That the patient has been diagnosed with a serious or immediately life-threatening disease or condition and explains the currently approved products and treatments for the disease or condition from which the eligible patient suffers;

(b) That all currently approved and conventionally recognized treatments are unlikely to prolong the eligible patient's life;

(c) Clear identification of the investigational product that the eligible patient seeks to use;

(d) The potentially best and worst outcomes of using the investigational product and a realistic description of the most likely outcome. This description must include the possibility that new,

unanticipated, different, or worse symptoms may result and that death could be hastened by the proposed treatment. The description must be based on the physician's knowledge of the proposed treatment in conjunction with an awareness of the eligible patient's condition;

(e) That the eligible patient's health benefit plan is not obligated to pay for the investigational product or any harm caused to the eligible patient by the investigational product, unless otherwise specifically required to do so by law or contract, and that in order to receive the investigational product the patient may be required to pay the costs of administering the investigational product; and

(f) That the eligible patient is liable for all expenses consequent to the use of the investigational product, except as otherwise provided in the eligible patient's health benefit plan or a contract between the eligible patient and the manufacturer of the investigational product.

(3) The document must be signed and dated by the eligible patient's treating physician and witnessed in writing by at least one adult.

NEW SECTION. Sec. 6. (1) An issuer may, but is not required to, provide coverage for the cost or the administration of an investigational product provided to an eligible patient pursuant to this chapter.

(2) (a) An issuer may deny coverage to an eligible patient who is treated with an investigational product for harm to the eligible patient caused by the investigational product and is not required to cover the costs associated with receiving the investigational product or the costs demonstrated to be associated with an adverse effect that is a result of receiving the investigational product.

(b) Except as stated in (a) of this subsection, an issuer may not deny coverage to an eligible patient for: (i) The eligible patient's serious or immediately life-threatening disease or condition; (ii) benefits that accrued before the day on which the eligible patient was treated with an investigational product; or (iii) palliative or hospice care for an eligible patient who was previously treated with an investigational product

but who is no longer being treated with an investigational product.

NEW SECTION. Sec. 7. A hospital or health care facility:

(1) May, but is not required to, allow a health care practitioner who is privileged to practice or who is employed at the hospital or health care facility to treat, administer, or provide an investigational product to an eligible patient under this chapter;

(2) May establish a policy regarding treating, administering, or providing investigational products under this chapter; and

(3) Is not obligated to pay for the investigational product or any harm caused to the eligible patient by the product, or any care that is necessary as a result of the use of the investigational product, including under chapter 70.170 RCW.

NEW SECTION. Sec. 8. (1) This act does not create a private right of action.

(2) A health care practitioner does not commit unprofessional conduct under RCW 18.130.180 and does not violate the applicable standard of care by:

(a) Obtaining an investigational product pursuant to this chapter;

(b) Refusing to recommend, request, prescribe, or otherwise provide an investigational product pursuant to this chapter;

(c) Administering an investigational product to an eligible patient pursuant to this chapter; or

(d) Treating an eligible patient with an investigational product pursuant to this chapter.

(3) The following persons and entities are immune from civil or criminal liability and administrative actions arising out of treatment of an eligible patient with an investigational product, other than acts or omissions constituting gross negligence or willful or wanton misconduct:

(a) A health care practitioner who recommends or requests an investigational product for an eligible patient in compliance with this chapter;

(b) A health care practitioner who refuses to recommend or request an

investigational product for a patient seeking access to an investigational product;

(c) A manufacturer that provides an investigational product to a health care practitioner in compliance with this chapter;

(d) A hospital or health care facility where an investigational product is either administered or provided to an eligible patient in compliance with this chapter; and

(e) A hospital or health care facility does not allow a health care practitioner to provide treatment with an investigational product or enforces a policy it has adopted regarding treating, administering, or providing care with an investigational product.

2SSB 5540 Prime Sponsor, Committee on Ways & Means: Creating an oral health pilot

program for adults with diabetes and pregnant women. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Washington state currently provides dental coverage for enrollees in medicaid apple health coverage. Dental services have been successfully provided for children in part due to: Higher reimbursement rates for services provided to children and through a public-private partnership with the access to baby and child dentistry program that recruits and trains dentists to provide preventive care to medicaid children, reduced barriers for low-income families in accessing care with outreach, and enhanced reimbursement for services provided to children from birth through age five.

Adults in medicaid apple health have more difficulty accessing dental care. As a statewide average, only twenty-two percent of apple health adults utilized care in fiscal year 2015. Utilization rates vary across the state, ranging from 7.6 percent to 31.4 percent.

A growing body of research indicates oral health is connected to systemic health. Pregnant women are more susceptible to oral health problems due to changes in their bodies related to pregnancy. Dental disease may cause complications during pregnancy, such as preeclampsia and gestational diabetes. Adults with diabetes are also at high risk for oral health problems. The chronic inflammation and infection associated with gum disease can result in serious health complications, including heart disease, kidney disease, blindness, and amputation.

Studies have found significant medical savings when patients with chronic conditions like diabetes and pregnant women received treatment for gum disease. The legislature therefore finds that the state should invest in a pilot program to test enhanced dental benefits for medicaid apple health adults with diabetes and pregnant women. Through this pilot program, the legislature intends to reduce the prevalence of preeclampsia and gestational diabetes in pregnant women and the incidence of heart disease,

kidney disease, blindness, and amputation in adults with diabetes.

NEW SECTION. Sec. 2. A new section is added to chapter 74.09 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the health care authority must begin a three-year statewide pilot program, named oral health connections, with the Washington dental service foundation, modeled after the access to baby and child dentistry program, to test enhanced dental benefits for medicaid apple health adults with diabetes and pregnant women. The pilot program's aim is to better integrate medical and oral health care to improve health outcomes and control chronic disease. The pilot program must include enhanced reimbursement rates for participating dental providers and an increase in the allowable number of periodontal treatments to up to four per calendar year. The additional visits for periodontal treatments apply to all adults with diabetes and pregnant women regardless of the location of the service. The Washington dental service foundation shall partner with the agency and provide wraparound services to link patients to care. Services include, but are not limited to, outreach to and support for medical providers, dental providers, care coordinators, accountable communities of health, managed care organizations, and eligible medicaid enrollees, in order to connect people with diabetes and pregnant women with the oral health care they need.

(2) The health care authority and Washington dental service foundation shall jointly develop the statewide program, subject to the availability of amounts appropriated for this specific purpose. The authority and foundation shall provide joint progress reports to the appropriate committees of the legislature each December 1st commencing after implementation of the first year of the pilot program. The final report shall include an assessment of the effectiveness of the pilot program related to reducing health care costs and improving health outcomes for pregnant women as related to preeclampsia and gestational diabetes and for adults with diabetes as related to heart disease, kidney disease, blindness, and amputation.

SSB 5705 Prime Sponsor, Committee on Ways &
 Means: Concerning inspection and review
 of state contracted behavioral health and
 recovery agencies. Reported by
 Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting
 clause and insert the following:

"NEW SECTION. **Sec. 1.** The state finds that the department should not reduce the number of license violations found by field inspectors for the purpose of allowing licensed behavioral health service providers to avoid liability in a manner that permits the violating service provider to continue to provide care at the risk of public safety. The state also recognizes the need to prohibit fraudulent transfers of licenses between licensed behavioral health service providers found in violation of the terms of their license agreement and their family members.

Sec. 2. RCW 71.24.037 and 2016 sp.s. c 29 s 505 are each amended to read as follows:

(1) The secretary shall by rule establish state minimum standards for licensed behavioral health service providers and services, whether those service providers and services are licensed to provide solely mental health services, substance use disorder treatment services, or services to persons with co-occurring disorders.

(2) Minimum standards for licensed behavioral health service providers shall, at a minimum, establish: Qualifications for staff providing services directly to persons with mental disorders, substance use disorders, or both, the intended result of each service, and the rights and responsibilities of persons receiving behavioral health services pursuant to this chapter. The secretary shall provide for deeming of licensed behavioral health service providers as meeting state minimum standards as a result of accreditation by a recognized behavioral health accrediting body recognized and having a current agreement with the department.

(3) Minimum standards for community support services and resource management services shall include at least qualifications for resource management

services, client tracking systems, and the transfer of patient information between behavioral health service providers.

(4) The department may suspend, revoke, limit, restrict, or modify an approval, or refuse to grant approval, for failure to meet the provisions of this chapter, or the standards adopted under this chapter. RCW 43.20A.205 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(5) No licensed behavioral health service provider may advertise or represent itself as a licensed behavioral health service provider if approval has not been granted, has been denied, suspended, revoked, or canceled.

(6) Licensure as a behavioral health service provider is effective for one calendar year from the date of issuance of the license. The license must specify the types of services provided by the behavioral health service provider that meet the standards adopted under this chapter. Renewal of a license must be made in accordance with this section for initial approval and in accordance with the standards set forth in rules adopted by the secretary.

(7) Licensure as a licensed behavioral health service provider must specify the types of services provided that meet the standards adopted under this chapter. Renewal of a license must be made in accordance with this section for initial approval and in accordance with the standards set forth in rules adopted by the secretary.

(8) Licensed behavioral health service providers may not provide types of services for which the licensed behavioral health service provider has not been certified. Licensed behavioral health service providers may provide services for which approval has been sought and is pending, if approval for the services has not been previously revoked or denied.

(9) The department periodically shall inspect licensed behavioral health service providers at reasonable times and in a reasonable manner.

(10) Upon petition of the department and after a hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer

or employee of the department authorizing him or her to enter and inspect at reasonable times, and examine the books and accounts of, any licensed behavioral health service provider refusing to consent to inspection or examination by the department or which the department has reasonable cause to believe is operating in violation of this chapter.

(11) The department shall maintain and periodically publish a current list of licensed behavioral health service providers.

(12) Each licensed behavioral health service provider shall file with the department upon request, data, statistics, schedules, and information the department reasonably requires. A licensed behavioral health service provider that without good cause fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent returns thereof, may have its license revoked or suspended.

(13) The department shall use the data provided in subsection (12) of this section to evaluate each program that admits children to inpatient substance use disorder treatment upon application of their parents. The evaluation must be done at least once every twelve months. In addition, the department shall randomly select and review the information on individual children who are admitted on application of the child's parent for the purpose of determining whether the child was appropriately placed into substance use disorder treatment based on an objective evaluation of the child's condition and the outcome of the child's treatment.

(14) Any settlement agreement entered into between the department and licensed behavioral health service providers to resolve administrative complaints, license violations, license suspensions, or license revocations may not reduce the number of violations reported by the department unless the department concludes, based on evidence gathered by inspectors, that the licensed behavioral health service provider did not commit one or more of the violations.

(15) In cases in which a behavioral health service provider that is in violation of licensing standards attempts to transfer or sell the behavioral health service provider to a family member, the transfer or sale may only be made for the purpose of remedying

license violations and achieving full compliance with the terms of the license. Transfers or sales to family members are prohibited in cases in which the purpose of the transfer or sale is to avoid liability or reset the number of license violations found before the transfer or sale. If the department finds that the owner intends to transfer or sell, or has completed the transfer or sale of, ownership of the behavioral health service provider to a family member solely for the purpose of resetting the number of violations found before the transfer or sale, the department may not renew the behavioral health service provider's license or issue a new license to the behavioral health service provider."

ESSB 5173 Prime Sponsor, Committee on State Government: Concerning loss prevention reviews by state agencies. Reported by Committee on State Government, Elections & Information Technology

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.19.003 and 2011 1st sp.s. c 43 s 102 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of enterprise services.

(2) "Director" means the director of enterprise services.

(3) "State agency" means every state agency, office, officer, board, commission, institution, and institution of higher education, including all state universities, regional universities, The Evergreen State College, and community and technical colleges.

Sec. 2. RCW 43.19.782 and 2011 1st sp.s. c 43 s 508 are each amended to read as follows:

(1) ((The director)) In consultation with the department and upon delegation, a state agency shall appoint a loss prevention review team when the death of a person, serious injury to a person, or other substantial loss is alleged or suspected to be caused at least in part by the actions of a state agency((, unless the director in his or her discretion determines that the incident does not merit review)) except when the death, injury, or substantial loss is already being investigated by another federal or state agency, or by the affected state agency, pursuant to the federal or state agency requirements. Any review conducted by another agency or under other requirements must contain elements of subsection (3) of this section and must comply with section 3 of this act to the extent section 3 of this act does not conflict with statutes or rules governing those reviews. The department may also direct a state agency to conduct a loss prevention review ((team may also be appointed when any other substantial loss occurs as a result of agency policies, litigation or defense practices, or other management practices. When the director decides not to appoint a loss prevention review team he or she shall issue a statement of the reasons for the director's decision. The statement shall be made available on the department's web site. The director's decision pursuant to this section to appoint or not appoint a loss prevention review team shall not be admitted into evidence in a civil or administrative proceeding.)) after consultation with the affected agency as to the purpose, scope, necessary resources, and intended outcomes of the loss prevention review.

The department may provide guidance to the state agency conducting the loss prevention review as requested by the state agency.

(2) A loss prevention review team shall consist of at least three ((but no more than five)) persons, and may include independent consultants, contractors, or state employees, but it shall not include any person ((employed by the agency)) directly involved in the loss or risk of loss giving rise to the review, nor any person with testimonial knowledge of the incident to be reviewed. At least one member of the review team shall have expertise relevant to the matter under review, but no more than half of the review team members may be employees of the affected agency.

(3) The loss prevention review team shall review the death, serious injury, or other incident and the circumstances surrounding it, evaluate its causes, and recommend steps to reduce the risk of such incidents occurring in the future. The loss prevention review team shall accomplish these tasks by reviewing relevant documents((,)) and interviewing persons with relevant knowledge((, and reporting its recommendations)). The loss prevention review team must submit a report in writing to the director and the ((director)) head of the state agency involved in the loss or risk of loss ((within the time requested by the director)). The report must include the teams' findings, analyze the causes and contributing factors, analyze future risk, include methods that the agency will use to address and mitigate the risks identified, which may include changes to policies or procedures, and any legislative recommendation necessary to address and carry out the risk treatment strategies identified in the subject report and include the manner in which the agency will measure the effectiveness of its changes. The final report shall not disclose the contents of any documents required by law or regulation to be kept private or confidential, or that are subject to legal privilege or exemption.

(4) ((Pursuant to guidelines established by the director,)) The director may develop and enact rules to implement the provisions of this chapter that apply to all state agency loss prevention review teams. State agencies must notify the department immediately upon becoming aware of a death, serious

injury, or other substantial loss that is alleged or suspected to be caused at least in part by the actions of the state agency.

(5) All state agencies shall provide the loss prevention review team ready access to relevant documents in their possession and ready access to their employees.

(6) The director shall submit an annual report to the legislature identifying the reviews conducted in the past year, providing appropriate metrics on effectiveness and efficiency of the loss prevention review team and programs, and summarizing any determinations of trends in incidents such as reductions or increases in the frequency or magnitude of losses and innovative approaches to mitigating risks identified.

Sec. 3. RCW 43.19.783 and 2011 1st sp.s. c 43 s 509 are each amended to read as follows:

(1) The final report from ((a)) the state agency's loss prevention review team to the director shall be made public by the director promptly ((upon receipt)) after review, and shall be subject to public disclosure. The final report shall be subject to discovery in a civil or administrative proceeding. However, the final report shall not be admitted into evidence or otherwise used in a civil or administrative proceeding except pursuant to subsection (2) of this section.

(2) The relevant excerpt or excerpts from the final report of a loss prevention review team may be used to impeach a fact witness in a civil or administrative proceeding only if the party wishing to use the excerpt or excerpts from the report first shows the court by clear and convincing evidence that the witness, in testimony provided in deposition or at trial in the present proceeding, has contradicted his or her previous statements to the loss prevention review team on an issue of fact material to the present proceeding. In that case, the party may use only the excerpt or excerpts necessary to demonstrate the contradiction. This section shall not be interpreted as expanding the scope of material that may be used to impeach a witness.

(3) No member of a loss prevention review team may be examined in a civil or administrative proceeding as to (a) the work of the loss prevention review team,

(b) the incident under review, (c) his or her statements, deliberations, thoughts, analyses, or impressions relating to the work of the loss prevention review team or the incident under review, or (d) the statements, deliberations, thoughts, analyses, or impressions of any other member of the loss prevention review team, or any person who provided information to it, relating to the work of the loss prevention review team or the incident under review.

(4) Any document that exists prior to the appointment of a loss prevention review team, or that is created independently of such a team, does not become inadmissible merely because it is reviewed or used by the loss prevention review team. A person does not become unavailable as a witness merely because the person has been interviewed by or has provided a statement to a loss prevention review team. However, if called as a witness, the person may not be examined regarding the person's interactions with the loss prevention review team, including without limitation whether the loss prevention review team interviewed the person, what questions the loss prevention review team asked, and what answers the person provided to the loss prevention review team. This section shall not be construed as restricting the person from testifying fully in any proceeding regarding his or her knowledge of the incident under review.

(5) Documents prepared by or for the loss prevention review team are inadmissible and may not be used in a civil or administrative proceeding, except that excerpts may be used to impeach the credibility of a witness under the same circumstances that excerpts of the final report may be used pursuant to subsection (2) of this section.

(6) The restrictions set forth in this section shall not apply in a licensing or disciplinary proceeding arising from an agency's effort to revoke or suspend the license of any licensed professional based in whole or in part upon allegations of wrongdoing in connection with the death, injury, or other incident reviewed by the loss prevention review team.

(7) ((Within one hundred twenty days after completion of the final report of a loss prevention review team, the agency under review shall issue to the department a response to the report. The

response will indicate (a) which of the report's recommendations the agency hopes to implement, (b) whether implementation of those recommendations will require additional funding or legislation, and (c) whatever other information the director may require. This response shall be considered part of the final report and shall be subject to all provisions of this section that apply to the final report, including without limitation the restrictions on admissibility and use in civil or administrative proceedings and the obligation of the director to make the final report public.

((8))) Nothing in RCW ((43.41.370)) 43.19.782 or this section is intended to limit the scope of a legislative inquiry into or review of an incident that is the subject of a loss prevention review.

((9))) (8) Nothing in RCW ((43.41.370)) 43.19.782 or in this section affects chapter 70.41 RCW and application of that chapter to state-owned or managed hospitals licensed under chapter 70.41 RCW."

ESB 5266 Prime Sponsor, Senator O'Ban: Modifying theft of rental, leased, lease-purchased, or loaned property provisions. (REVISED FOR PASSED LEGISLATURE: Concerning theft of rental or leased property.) Reported by Committee on Judiciary

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9A.56.096 and 2012 c 30 s 1 are each amended to read as follows:

(1) A person who, with intent to deprive the owner or owner's agent, wrongfully obtains, or exerts unauthorized control over, or by color or aid of deception gains control of personal property that is rented, leased, or loaned by written agreement to the person, is guilty of theft of rental, leased, lease-purchased, or loaned property.

(2)(a) A person is guilty of theft of rental or leased property who, having control of personal property under a written rental or lease agreement, intentionally holds the property beyond the expiration of the rental or lease period without the effective consent of the owner of the property, depriving the owner of the property of its use in further rentals, and fails to return the property within seventy-two hours after receipt of proper notice.

(b) As used in this subsection (2), "proper notice" consists of a written demand by the owner or the owner's agent made after the due date of the rental or lease period, mailed by certified or registered mail to the renter or lessee at: (i) The address the renter or lessee gave when the contract was made; or (ii) the renter's or lessee's last known address if later furnished in writing by the renter or lessee or the agent of the renter or lessee.

(c) It is not a defense that the person returned the personal property held under a rental or lease agreement if the return was made after the end of the seventy-two hour period following receipt of proper notice and the person fails to pay the applicable rental charge for the property for the time that the person held the personal property.

(d) Rental and leased property agreements must contain a warning that failure to return property and pay all outstanding obligations pursuant to the terms of the agreement may result in charges up to and including a gross misdemeanor. For purposes of this subsection, applicable rental charge is determined pursuant to the late return provisions in the written agreement; however, if the written agreement contains no late return provisions, applicable rental charge means a value equal to the terms of the written rental or lease agreement prorated from the due

date of the rental or lease period through the receipt of the returned property.

(e) This subsection (2) applies only to rental and leased property agreements, and does not apply to lease-purchased property, rent to own property, medical equipment, and motor vehicles.

(3) The finder of fact may presume intent to deprive under subsection (1) of this section if the finder of fact finds either of the following:

(a) That the person who rented or leased the property failed to return or make arrangements acceptable to the owner of the property or the owner's agent to return the property to the owner or the owner's agent within seventy-two hours after receipt of proper notice following the due date of the rental, lease, lease-purchase, or loan agreement; or

(b) That the renter, lessee, or borrower presented identification to the owner or the owner's agent that was materially false, fictitious, or not current with respect to name, address, place of employment, or other appropriate items.

((3)) (4) As used in subsection ((2)) (3) of this section, "proper notice" consists of a written demand by the owner or the owner's agent made after the due date of the rental, lease, lease-purchase, or loan period, mailed by certified or registered mail to the renter, lessee, or borrower at: (a) The address the renter, lessee, or borrower gave when the contract was made; or (b) the renter, lessee, or borrower's last known address if later furnished in writing by the renter, lessee, borrower, or the agent of the renter, lessee, or borrower.

((4)) (5) The replacement value of the property obtained must be utilized in determining the amount involved in the theft of rental, leased, lease-purchased, or loaned property.

((5)) (6)(a) Theft of rental, leased, lease-purchased, or loaned property is a class B felony if the rental, leased, lease-purchased, or loaned property is valued at five thousand dollars or more.

(b) Theft of rental, leased, lease-purchased, or loaned property is a class C felony if the rental, leased, lease-purchased, or loaned property is valued

at seven hundred fifty dollars or more but less than five thousand dollars.

(c) Theft of rental, leased, lease-purchased, or loaned property is a gross misdemeanor if the rental, leased, lease-purchased, or loaned property is valued at less than seven hundred fifty dollars.

(d)(i)(A) Theft of rental or leased property under subsection (2) of this section is a gross misdemeanor if the outstanding obligation is valued at seven hundred fifty dollars or more;

(B) Theft of rental or leased property under subsection (2) of this section is a misdemeanor if the outstanding obligation is valued at two hundred fifty dollars or more but less than seven hundred fifty dollars;

(C) Theft of rental or leased property under subsection (2) of this section is a class 1 civil infraction if the outstanding obligation is valued at fifty dollars or more but less than two hundred fifty dollars.

(ii) This subsection (6)(d) applies only to rental and leased property, and does not apply to lease-purchased property, rent to own property, medical equipment, and motor vehicles.

((6)) (7) The crime of theft of rental, leased, lease-purchased, or loaned property may be deemed to have been committed either at the physical location where the written agreement for the rental, lease, lease-purchase, or loan of the property was executed under subsection (1) of this section, or at the address where proper notice may be mailed to the renter, lessee, or borrower under subsection ((3)) (4) of this section.

((7)) (8) This section applies to rental agreements that provide that the renter may return the property any time within the rental period and pay only for the time the renter actually retained the property, in addition to any minimum rental fee, to lease agreements, to lease-purchase agreements as defined under RCW 63.19.010, and to vehicles loaned to prospective purchasers borrowing a vehicle by written agreement from a motor vehicle dealer licensed under chapter 46.70 RCW. 2SSB 5285 Prime Sponsor, Committee on Ways & Means: Conducting a workforce study of employment opportunities in the agriculture, environment, outdoor recreation, and natural resources economic sectors intended to provide educators with the information needed for informing students about employment opportunities in the studied fields. Reported by Committee on Higher Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the agriculture, environment, outdoor recreation, and natural resources economic sectors can offer rewarding career paths for students who are interested in the natural world and are excited by the idea of having a career with outdoor opportunities. Not only are these careers currently available to students, but the United States department of agriculture predicts, in their recent report on employment opportunities for college graduates in food, agriculture, renewable natural resources, outdoor recreation, and the environment, that employment opportunities in these fields are expected to increase.

(2) The legislature further finds that thousands of Washington students do not have access to the types of education that are necessary to guide them down the pathways leading to marketable job skills

and productive careers in the agriculture, environment, outdoor recreation, and natural resources economic sectors. Long-term career success in these fields require the ability to identify, apply, and integrate concepts from science, technology, engineering, and mathematics as they specifically relate to the agriculture, environment, outdoor recreation, and natural resources economic sectors and the sectors' related careers.

(3) The legislature further finds that students will have the information they need to consider careers in the agriculture, environment, outdoor recreation, and natural resources economic sectors if educators are provided with actual applications of how to put integrated learning into action and facilitating experiences that allow students to get outdoors and learn in real-world and community-connected environments.

(4) The legislature further finds that the economic opportunities available for students interested in agriculture, natural resources, outdoor recreation, or the environment can be more readily unlocked if educators are provided with information on worker demand and qualifications so that they are equipped to assist students to access the economic opportunity and help make connections between education and outdoor careers. The information needed by educators to make these connections can be accomplished through a statewide workforce study of potential jobs in these fields.

NEW SECTION. Sec. 2. (1)(a) Subject to the availability of amounts appropriated for this specific purpose, the workforce training and education coordinating board shall conduct a workforce assessment for the agriculture, natural resources, outdoor recreation, and environment sectors. The purpose of the study is to assess the available data on current and projected employment levels and hiring demand for skilled mid-level workers in the agriculture, environment, outdoor recreation, and natural resources economic sectors in the state. Ultimately, this information is being collected so that educators have better information available as they develop programs for informing students about potential careers.

(b) The study must use a broad definition for the mid-level skilled occupations included in the study and identify up to five regions of the state based on the specific workforce characteristics of agriculture, natural resources, outdoor recreation, and environment employers.

(2) The study required by this section must, at a minimum:

(a) Include assessment of:

(i) Data from the employment security department on the current and projected levels of employment and net job vacancies;

(ii) Data used by workforce development councils in identifying demand for workers in their areas;

(iii) Data from the United States census bureau; and

(iv) Data from the United States census bureau's longitudinal employer-household dynamics dataset.

(b) Identify and interview a sample of major employers from the agriculture, environment, outdoor recreation, and natural resources economic sectors in each region to assess employers' perspective and expectations on employment and hiring of skilled mid-level workers in their industry and area. The study must also include an assessment of food and fiber processing jobs in the state.

(3) In conducting any study pursuant to this section, the workforce training and education coordinating board must convene and consult with a steering committee to define the scope of mid-level skilled occupations considered, validate designation of specific regions to be analyzed, and assist in the design of information collection. The steering committee must include representatives of statewide business organizations and a delegate of the state board for community and technical colleges who will be staff.

(4) In implementing this section, the workforce training and education coordinating board may complete the work directly or, at its discretion, contract the assignment, or portions of the assignment, to a third party or parties chosen by the workforce training and education coordinating board. However, the final delivered product must be

reported under the workforce training and education coordinating board.

(5) The report must include recommendations on current sources that provide the most representative and useful information for educators and counselors, further steps to improve the specificity, timeliness, and quality of information available on skilled workforce needs and issues in the areas of the state, and steps necessary to extend this work both into entry level and advanced level occupations, and into identification of specific skills that are key to enabling workers to be productive in this sector.

(6) Consistent with RCW 43.01.036, the study required by this section must be completed and the results reported to the legislature by October 15, 2018.

(7) This section expires June 30, 2019."

SSB 5394 Prime Sponsor, Committee on Natural Resources & Parks: Concerning the forest riparian easement program. Reported by

Committee on Agriculture & Natural
Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 76.13.120 and 2011 c 218 s 1 are each amended to read as follows:

(1) The legislature finds that the state should acquire easements primarily along riparian and other sensitive aquatic areas from qualifying small forest landowners willing to sell or donate ((such)) easements to the state provided that the state will not be required to acquire ((such)) the easements if they are subject to unacceptable liabilities. Therefore the legislature ((therefore)) establishes a forestry riparian easement program.

(2) The definitions in this subsection apply throughout this section and RCW 76.13.100, 76.13.110, 76.13.140, and 76.13.160 unless the context clearly requires otherwise.

(a) "Forestry riparian easement" means an easement covering qualifying timber granted voluntarily to the state by a qualifying small forest landowner.

(b) "Qualifying small forest landowner" means a landowner meeting all of the following characteristics as of the date the department offers compensation for a forestry riparian easement:

(i) Is a small forest landowner as defined in (d) of this subsection; and

(ii) Is an individual, partnership, corporation, or other nongovernmental for-profit legal entity.

(c) "Qualifying timber" means those forest trees for which the small forest landowner is willing to grant the state a forestry riparian easement and ((must)) meets all of the following:

(i) The forest trees are covered by a forest practices application that the small forest landowner is required to leave unharvested under the rules adopted under RCW 76.09.040, 76.09.055, and 76.09.370 or that is made uneconomic to harvest by those rules;

(ii) The forest trees are within or bordering a commercially reasonable harvest unit as determined under rules adopted by the forest practices board, or

for which an approved forest practices application for timber harvest cannot be obtained because of restrictions under the forest practices rules;

(iii) The forest trees are located within, or affected by forest practices rules pertaining to any one, or all, of the following:

(A) Riparian or other sensitive aquatic areas;

(B) Channel migration zones; or

(C) Areas of potentially unstable slopes or landforms, verified by the department, and must meet all of the following:

(I) Are addressed in a forest practices application;

(II) Are adjacent to a commercially reasonable harvest area; and

(III) Have the potential to deliver sediment or debris to a public resource or threaten public safety.

(d) "Small forest landowner" means a landowner meeting all of the following characteristics:

(i) A forest landowner as defined in RCW 76.09.020 whose interest in the land and timber is in fee or who has rights to the timber to be included in the forestry riparian easement that extend at least fifty years from the date the completed forestry riparian easement application associated with the easement is submitted;

(ii) An entity that has harvested from its own lands in this state during the three years prior to the year of application an average timber volume that would qualify the owner as a small harvester under RCW 84.33.035; and

(iii) An entity that certifies at the time of application that it does not expect to harvest from its own lands more than the volume allowed by RCW 84.33.035 during the ten years following application. If a landowner's prior three-year average harvest exceeds the limit of RCW 84.33.035, or the landowner expects to exceed this limit during the ten years following application, and that landowner establishes to the department's reasonable satisfaction that the harvest limits were or will be exceeded to raise funds to pay estate taxes or equally compelling and unexpected obligations such as court-ordered judgments or extraordinary

medical expenses, the landowner shall be deemed to be a small forest landowner. For purposes of determining whether a person qualifies as a small forest landowner, the small forest landowner office, created in RCW 76.13.110, shall evaluate the landowner under this definition, pursuant to RCW 76.13.160, as of the date that the forest practices application is submitted and the date that the department offers compensation for the forestry riparian easement. A small forest landowner can include an individual, partnership, corporation, or other nongovernmental legal entity. If a landowner grants timber rights to another entity for less than five years, the landowner may still qualify as a small forest landowner under this section. If a landowner is unable to obtain an approved forest practices application for timber harvest for any of his or her land because of restrictions under the forest practices rules, the landowner may still qualify as a small forest landowner under this section.

(e) "Completion of harvest" means that the trees have been harvested from an area and that further entry into that area by mechanized logging or slash treating equipment is not expected.

(3) The department is authorized and directed to accept and hold in the name of the state of Washington forestry riparian easements granted by qualifying small forest landowners covering qualifying timber and to pay compensation to ((such)) the landowners in accordance with this section. The department may not transfer the easements to any entity other than another state agency.

(4) Forestry riparian easements shall be effective for fifty years from the date of the completed forestry riparian easement application, unless the easement is voluntarily terminated earlier by the department, based on a determination that termination is in the best interest of the state, or under the terms of a termination clause in the easement.

(5) Forestry riparian easements shall be restrictive only, and shall preserve all lawful uses of the easement premises by the landowner that are consistent with the terms of the easement and the requirement to protect riparian functions during the term of the easement, subject to the restriction that the leave trees required by the rules to be left on the easement premises may not

be cut during the term of the easement. No right of public access to or across, or any public use of the easement premises is created by this statute or by the easement. Forestry riparian easements shall not be deemed to trigger the compensating tax of or otherwise disqualify land from being taxed under chapter 84.33 or 84.34 RCW.

(6) The small forest landowner office shall determine what constitutes a completed application for a forestry riparian easement. ((Such)) An application shall, at a minimum, include documentation of the owner's status as a qualifying small forest landowner, identification of location and the types of qualifying timber, and notification of completion of harvest, if applicable.

(7) Upon receipt of the qualifying small forest landowner's forestry riparian easement application, and subject to the availability of amounts appropriated for this specific purpose, the following must occur:

(a) The small forest landowner office ((shall)) must determine the compensation to be offered to the qualifying small forest landowner for qualifying timber after the department accepts the completed forestry riparian easement application and the landowner has completed marking the boundary of the area containing the qualifying timber. The legislature recognizes that there is not readily available market transaction evidence of value for easements of the nature required by this section, and thus establishes the methodology provided in this subsection to ascertain the value for forestry riparian easements. Values so determined may not be considered competent evidence of value for any other purpose.

(b) The small forest landowner office, subject to the availability of amounts appropriated for this specific purpose, is responsible for assessing the volume of qualifying timber. However, no more than fifty percent of the total amounts appropriated for the forestry riparian easement program may be applied to determine the volume of qualifying timber for completed forestry riparian easement applications. Based on the volume established by the small forest landowner office and using data obtained or maintained by the department of revenue under RCW 84.33.074 and 84.33.091, the small forest landowner office shall attempt to determine the fair market

value of the qualifying timber as of the date the complete forestry riparian easement application is received. Removal of any qualifying timber before the expiration of the easement must be in accordance with the forest practices rules and the terms of the easement. There shall be no reduction in compensation for reentry.

(8) (a) Except as provided in subsection (9) of this section and subject to the availability of amounts appropriated for this specific purpose, the small forest landowner office shall offer compensation for qualifying timber to the qualifying small forest landowner in the amount of fifty percent of the value determined by the small forest landowner office, plus the compliance and reimbursement costs as determined in accordance with RCW 76.13.140. However, compensation for any qualifying small forest landowner for qualifying timber located on potentially unstable slopes or landforms may not exceed a total of fifty thousand dollars during any biennial funding period.

(b) If the landowner accepts the offer for qualifying timber, the department shall pay the compensation promptly upon:

(i) Completion of harvest in the area within a commercially reasonable harvest unit with which the forestry riparian easement is associated under an approved forest practices application, unless an approved forest practices application for timber harvest cannot be obtained because of restrictions under the forest practices rules;

(ii) Verification that the landowner has no outstanding violations under chapter 76.09 RCW or any associated rules; and

(iii) Execution and delivery of the easement to the department.

(c) Upon donation or payment of compensation, the department may record the easement.

(9) For approved forest practices applications for which the regulatory impact is greater than the average percentage impact for all small forest landowners as determined by an analysis by the department under the regulatory fairness act, chapter 19.85 RCW, the compensation offered will be increased to one hundred percent for that portion of the regulatory impact that is in excess of the average. Regulatory impact

includes all trees identified as qualifying timber. A separate average or high impact regulatory threshold shall be established for western and eastern Washington. Criteria for these measurements and payments shall be established by the small forest landowner office.

(10) The forest practices board shall adopt rules under the administrative procedure act, chapter 34.05 RCW, to implement the forestry riparian easement program, including the following:

(a) A standard version of a forestry riparian easement application as well as all additional documents necessary or advisable to create the forestry riparian easements as provided for in this section;

(b) Standards for descriptions of the easement premises with a degree of precision that is reasonable in relation to the values involved;

(c) Methods and standards for cruises and valuation of forestry riparian easements for purposes of establishing the compensation. The department shall perform the timber cruises of forestry riparian easements required under this chapter and chapter 76.09 RCW. Timber cruises are subject to amounts appropriated for this purpose. However, no more than fifty percent of the total appropriated funding for the forestry riparian easement program may be applied to determine the volume of qualifying timber for completed forestry riparian easement applications. Any rules concerning the methods and standards for valuations of forestry riparian easements shall apply only to the department, qualifying small forest landowners, and the small forest landowner office;

(d) A method to determine that a forest practices application involves a commercially reasonable harvest, and adopt criteria for entering into a forestry riparian easement where a commercially reasonable harvest is not possible or a forest practices application that has been submitted cannot be approved because of restrictions under the forest practices rules;

(e) A method to address blowdown of qualified timber falling outside the easement premises;

(f) A formula for sharing of proceeds in relation to the acquisition of qualified timber covered by an easement through the exercise or threats of eminent domain by a federal or state agency with eminent domain authority, based on the present value of the department's and the landowner's relative interests in the qualified timber;

(g) High impact regulatory thresholds;

(h) A method to determine timber that is qualifying timber because it is rendered uneconomic to harvest by the rules adopted under RCW 76.09.055 and 76.09.370;

(i) A method for internal department review of small forest landowner office compensation decisions under this section; and

(j) Consistent with RCW 76.13.180, a method to collect reimbursement from landowners who received compensation for a forestry riparian easement and who, within the first ten years after receipt of compensation for a forestry riparian easement, sells the land on which an easement is located to a nonqualifying landowner.

(11) The legislature finds that the overall societal benefits of economically viable working forests are multiple, and include the protection of clean, cold water, the provision of wildlife habitat, the sheltering of cultural resources from development, and the natural carbon storage potential of growing trees. As such, working forests and the forest riparian easement program may be part of the state's overall carbon sequestration strategy. If the state creates a climate strategy, the department must share information regarding the carbon sequestration benefits of the forest riparian easement program with other state programs using methods and protocols established in the state climate strategy that attempt to quantify carbon storage or account for carbon emissions. The department must promote the expansion of funding for the forest riparian easement program and the ecosystem services supported by the program based on the findings stated in RCW 76.13.100. Nothing in this subsection allows a landowner to be reimbursed by the state more than once for the same forest riparian easement application."

As excepted in RCW 28A.210.260, a sunscreen product may be possessed and applied under this section without the prescription or note of a licensed health care professional if the product is regulated by the United States food and drug administration for over-the-counter use. For student use, a sunscreen product must be supplied by a parent or guardian.

(2) Schools are encouraged to educate students about sun safety guidelines.

(3) Nothing in this section requires school personnel to assist students in applying sunscreen.

(4) As used in this section, "school" means a public school, school district, educational service district, or private school with any of grades kindergarten through twelve.

Sec. 2. RCW 28A.210.260 and 2013 c 180 s 1 are each amended to read as follows:

(ii) To eliminate a direct threat to public health and safety caused by the property in its current condition; or

(d) The transfer of property to private entities that occupy an incidental area within a publicly owned and occupied project.

"Economic development" does not include the transfer of property to a public service company, a consumer-owned utility, or a common carrier for the purpose of constructing, operating, or maintaining generation, transmission, or distribution facilities. "Economic development" also does not include port districts' activities under Title 14 or 53 RCW. "Economic development" also does not include highway projects.

(3) "Public service company" has the same meaning as defined in RCW 80.04.010.

(4) (a) "Public use" means:

(i) The possession, occupation, and enjoyment of the property by the general public, or by public agencies;

(ii) The use of property for the creation or functioning of public service companies, a consumer-owned utility, or common carriers; or

(iii) Where the use of eminent domain:

(A) (I) Removes a public nuisance;

(II) Removes a structure that is beyond repair or unfit for human habitation or use; or

(III) Is used to acquire abandoned property; and

(B) Eliminates a direct threat to public health and safety caused by the property in its current condition.

(b) The public benefits of economic development, including an increase in tax base, tax revenues, employment, and general economic health, may not constitute a public use.

NEW SECTION. Sec. 3. Private property may be taken only for public use and the taking of private property by any public entity for economic development does not constitute a public use. No public entity may take property for the purpose of economic development.

NEW SECTION. Sec. 4. In an action to establish or challenge the asserted public use of a taking of private property, the taking of private property shall be deemed for economic development, and not a proper basis for eminent domain, if the court determines that the taking of the private property does not result in any of the exceptions to economic development set forth in section 2(2) of this act, and economic development was a substantial factor in the governmental body's decision to take the property.

Sec. 5. RCW 35.81.080 and 2002 c 218 s 8 are each amended to read as follows:

A municipality shall have the right to acquire by condemnation, in accordance with the procedure provided for condemnation by such municipality for other purposes, any interest in real property, which it may deem necessary for a community renewal project under this chapter after the adoption by the local governing body of a resolution declaring that the acquisition of the real property described therein is necessary for such purpose. Condemnation for community renewal of blighted areas is declared to be a public use, and property already devoted to any other public use or acquired by the owner or a predecessor in interest by eminent domain may be condemned for the purposes of this chapter. Condemnation of property in blighted areas for economic development, as defined in section 2 of this act, is not a public use.

The award of compensation for real property taken for such a project shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance, or reconstruction, or proposed assembly, clearance, or

reconstruction in the project area. No allowance shall be made for the improvements begun on real property after notice to the owner of such property of the institution of proceedings to condemn such property. Evidence shall be admissible bearing upon the insanitary, unsafe, or substandard condition of the premises, or the unlawful use thereof.

NEW SECTION. Sec. 6. Sections 2 through 4 of this act constitute a new chapter in Title 8 RCW."

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 11.92 RCW to read as follows:

(1) Except as otherwise provided in this section, an incapacitated person retains the right to associate with persons of the incapacitated person's choosing. This right includes, but is not limited to, the right to freely communicate and interact with other persons, whether through in-person visits, telephone calls, electronic communication, personal mail, or other means. If the incapacitated person is unable to express consent for communication, visitation, or interaction with another person, or is otherwise unable to make a decision regarding association with another person, a guardian of the incapacitated person, whether full or limited, must:

(a) Personally inform the incapacitated person of the decision under consideration, using plain language, in a manner calculated to maximize the understanding of the incapacitated person;

(b) Maximize the incapacitated person's participation in the decision-making process to the greatest extent possible, consistent with the incapacitated person's abilities; and

(c) Give substantial weight to the incapacitated person's preferences, both expressed and historical.

(2) A guardian or limited guardian may not restrict an incapacitated person's right to communicate, visit, interact, or otherwise associate with persons of the incapacitated person's choosing, unless:

(a) The restriction is specifically authorized by the guardianship court in the court order establishing or modifying the guardianship or limited guardianship under chapter 11.88 RCW;

(b) The restriction is pursuant to a protection order issued under chapter 74.34 RCW, chapter 26.50 RCW, or other law, that limits contact between the incapacitated person and other persons; or

(c)(i) The guardian or limited guardian has good cause to believe that there is an immediate need to restrict an incapacitated person's right to communicate, visit, interact, or otherwise associate with persons of the incapacitated person's choosing in order to protect the incapacitated person from abuse, neglect, abandonment, or financial exploitation, as those terms are defined in RCW 74.34.020, or to protect the incapacitated person from activities that unnecessarily impose significant distress on the incapacitated person; and

(ii) Within fourteen calendar days of imposing the restriction under (c)(i) of this subsection, the guardian or limited guardian files a petition for a protection order under chapter 74.34 RCW. The immediate need restriction may remain in place until the court has heard and issued an order or decision on the petition.

(3) A protection order under chapter 74.34 RCW issued to protect an incapacitated person as described in subsection (2)(c)(ii) of this section:

(a) Must include written findings of fact and conclusions of law;

(b) May not be more restrictive than necessary to protect the incapacitated person from abuse, neglect, abandonment, or financial exploitation as those terms are defined in RCW 74.34.020; and

(c) May not deny communication, visitation, interaction, or other association between the incapacitated person and another person unless the court finds that placing reasonable time, place, or manner restrictions is unlikely to sufficiently protect the incapacitated person from abuse, neglect, abandonment, or financial exploitation as those terms are defined in RCW 74.34.020.

Sec. 2. RCW 74.34.020 and 2015 c 268 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(2) "Abuse" means the willful action or inaction that inflicts injury, unreasonable confinement, intimidation, or punishment on a vulnerable adult. In instances of abuse of a vulnerable adult who is unable to express or demonstrate physical harm, pain, or mental anguish, the abuse is presumed to cause physical harm, pain, or mental anguish. Abuse includes sexual abuse, mental abuse, physical abuse, and personal exploitation of a vulnerable adult, and improper use of restraint against a vulnerable adult which have the following meanings:

(e) "Improper use of restraint" means the inappropriate use of chemical, physical, or mechanical restraints for convenience or discipline or in a manner that: (i) Is inconsistent with federal or state licensing or certification requirements for facilities, hospitals, or programs authorized under chapter 71A.12 RCW; (ii) is not medically authorized; or (iii) otherwise constitutes abuse under this section.

(3) "Chemical restraint" means the administration of any drug to manage a vulnerable adult's behavior in a way that reduces the safety risk to the vulnerable adult or others, has the temporary effect of restricting the vulnerable adult's freedom of movement, and is not standard treatment for the vulnerable adult's medical or psychiatric condition.

(4) "Consent" means express written consent granted after the vulnerable adult or his or her legal representative has been fully informed of the nature of the services to be offered and that the receipt of services is voluntary.

(5) "Department" means the department of social and health services.

"Financial exploitation" includes, but is not limited to:

(a) The use of deception, intimidation, or undue influence by a person or entity in a position of trust and confidence with a vulnerable adult to obtain or use the property, income, resources, or trust funds of the vulnerable adult for the benefit of a person or entity other than the vulnerable adult;

of a power of attorney, trust, or a guardianship appointment, that results in the unauthorized appropriation, sale, or transfer of the property, income, resources, or trust funds of the vulnerable adult for the benefit of a person or entity other than the vulnerable adult; or

(c) Obtaining or using a vulnerable adult's property, income, resources, or trust funds without lawful authority, by a person or entity who knows or clearly should know that the vulnerable adult lacks the capacity to consent to the release or use of his or her property, income, resources, or trust funds.

(13) (a) "Isolate" or "isolation" means to restrict a vulnerable adult's ability to communicate, visit, interact, or otherwise associate with persons of his or her choosing. Isolation may be evidenced by acts including but not limited to:

(i) Acts that prevent a vulnerable adult from sending, making, or receiving his or her personal mail, electronic communications, or telephone calls; or

(ii) Acts that prevent or obstruct the vulnerable adult from meeting with others, such as telling a prospective visitor or caller that a vulnerable adult is not present, or does not wish contact, where the statement is contrary to the express wishes of the vulnerable adult.

(14) "Mandated reporter" is an employee of the department; law enforcement officer; social worker; professional school personnel; individual provider; an employee of a facility; an operator of a facility; an employee of a social service, welfare, mental health, adult day health, adult day care, home health, home care, or hospice agency; county coroner or medical examiner; Christian Science practitioner; or health care provider subject to chapter 18.130 RCW.

((16)) (17) "Permissive reporter" means any person, including, but not limited to, an employee of a financial institution, attorney, or volunteer in a facility or program providing services for vulnerable adults.

((17)) (18) "Physical restraint" means the application of physical force without the use of any device, for the purpose of restraining the free movement of a vulnerable adult's body. "Physical restraint" does not include (a) briefly holding without undue force a vulnerable adult in order to calm or comfort him or her, or (b) holding a vulnerable adult's hand to safely escort him or her from one area to another.

((18)) (19) "Protective services" means any services provided by the department to a vulnerable adult with the consent of the vulnerable adult, or the legal representative of the vulnerable adult, who has been abandoned, abused, financially exploited, neglected, or in a state of self-neglect. order as provided in RCW 11.88.125 as now or hereafter amended, the standby guardian or standby limited guardian may provide timely, informed consent to necessary medical procedures if the guardian or limited guardian cannot be located within four hours after the need for such consent arises. No guardian, limited guardian, or standby guardian may involuntarily commit for mental health treatment, observation, or evaluation an alleged incapacitated person who is unable or unwilling to give informed consent to such commitment unless the procedures for involuntary commitment set forth in chapter 71.05 or 72.23 RCW are followed. Nothing in this section ((shall)) may be construed to allow a guardian, limited guardian, or standby guardian to consent to:

((a)) (i) Therapy or other procedure which induces convulsion;

((b)) (ii) Surgery solely for the purpose of psychosurgery;

((c)) (iii) Other psychiatric or mental health procedures that restrict physical freedom of movement, or the rights set forth in RCW 71.05.217.

NEW SECTION. Sec. 4. A new section is added to chapter 2.72 RCW to read as follows:

The office of public guardianship, in partnership with the office of the state long-term care ombuds, must develop and offer training targeted to the legal community and persons working in long-term care facilities regarding the different kinds of decision-making authority, including guardianship, authority granted under power of attorney, and surrogate health care decision-making authority. The training must include, at a minimum, information regarding: The roles, duties, and responsibilities of different kinds of decision makers; the scope of authority and limitations on authority with respect

to different kinds of decision makers; and any relevant remedial measures provided in law for activity that exceeds the scope of decision-making authority.

ESSB 5628 Prime Sponsor, Committee on Local Government: Providing for fire protection district formation by the legislative authority of a city or town subject to voter approval. Reported by Committee on Local Government

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 52.02 RCW to read as follows:

(1) As an alternative to the petition method of formation for fire protection districts provided in this chapter, the legislative authority of a city or town may by resolution, subject to the approval of the voters, establish a fire protection district with boundaries that are the same as the corporate boundaries of the city or town for the provision of fire prevention services, fire suppression services, and emergency medical services, and for the protection of life and property within the city or town.

(a) Any resolution adopted by a city or town under this section to establish a fire protection district must, at a minimum:

(i) Contain a financing plan for the fire protection district. As part of the financing plan, the city or town may propose the imposition of revenue sources authorized by this title for fire protection districts, such as property

taxes, as provided in chapter 52.16 RCW, or benefit charges, as provided in chapter 52.18 RCW; and

(ii) Set a date for a public hearing on the resolution.

(b) The financing plan in the resolution adopted by the city or town must contain the following information regarding property taxes that will be imposed by the fire protection district and city or town subsequent to the formation of the district:

(i) The dollar amount the fire protection district will levy in the first year in which the fire protection district imposes any of the regular property taxes in RCW 52.16.130, 52.16.140, or 52.16.160;

(ii) The city's or town's highest lawful levy for the purposes of RCW 84.55.092, reduced by the fire protection district's levy amount from (b)(i) of this subsection. This reduced highest lawful levy becomes the city's or town's highest lawful levy since 1986 for subsequent levy limit calculations under chapter 84.55 RCW; and

(iii) The estimated aggregate net dollar amount impact on property owners within the city or town based on the changes described in (b)(i) and (ii) of this subsection (1).

(c) If a city or town proposes the initial imposition of a benefit charge as a revenue source for the fire protection district under (a) of this subsection, the resolution adopted by the city or town must comply with the requirements of RCW 52.18.030.

(d) Notice of public hearing on a resolution adopted by a city or town must be published for three consecutive weeks in a newspaper of general circulation in the city or town, and must be posted for at least fifteen days prior to the date of the hearing in three public places within the boundaries of the proposed fire protection district. All notices must contain the time, date, and place of the public hearing.

(2) (a) A resolution adopted under this section is not effective unless approved by the voters of the city or town at a general election. The resolution must be approved:

(i) By a simple majority of the voters of the city or town; or

(ii) If the resolution proposes the initial imposition of a benefit charge, by sixty percent of the voters of the city or town.

(b) An election to approve or reject a resolution forming a fire protection district, including the proposed financial plan and any imposition of revenue sources for the fire protection district, must be conducted by the election officials of the county or counties in which the proposed district is located in accordance with the general election laws of the state. If a resolution forming a fire protection district provides that the fire protection district will be governed by a board of fire commissioners, as permitted under section 6 of this act, then the initial fire commissioners must be elected at the same election where the resolution is submitted to the voters authorizing the creation of the fire protection district. The election must be held at the next general election date, according to RCW 29A.04.321 and 29A.04.330, occurring after the date of the public hearing on the resolution adopted by the city or town legislative authority. The ballot title must include the information regarding property taxes that is required to be in the financing plan of the resolution under subsection (1)(b) of this section.

(c) If a ballot proposition on the resolution is approved by voters, as provided in (a) of this subsection, the county legislative authority shall by resolution declare the fire protection district organized under the name designated in the ballot proposition.

(d) Nothing contained in this chapter may be construed to alter a municipal airport fire department or affect any powers authorized under RCW 14.08.120(2). If a question arises as to whether this chapter modifies the affairs of municipal airports in any way, the answer is no.

(3) A city or town must reduce its general fund regular property tax levy by the total combined levy of the fire protection district as proposed by the district in accordance with subsection (1)(b)(i) of this section. The reduced levy amount of the city or town must occur in the first year in which the fire protection district imposes any of the property taxes in RCW 52.16.130, 52.16.140, or 52.16.160 and must be specified in the financing plan and

ballot proposition as provided in this section. If the fire protection district does not impose all three levies under RCW 52.16.130, 52.16.140, and 52.16.160 when it begins operations, the city must further reduce its general fund regular property tax levy if the district initially imposes any of the levies in subsequent years, by the amount of such levy or levies initially imposed in a subsequent year.

NEW SECTION. Sec. 2. A new section is added to chapter 52.02 RCW to read as follows:

(1) A fire protection district may establish an ambulance service to be operated as a public utility. However, the fire protection district may not provide for the establishment of an ambulance service utility that would compete with any existing private ambulance service unless the fire protection district determines that the area served by the fire protection district, or a substantial portion of that area, is not adequately served by an existing private ambulance service.

(2) In determining the adequacy of an existing private ambulance service, the fire protection district must take into consideration objective generally accepted medical standards and reasonable levels of service, which must be published by the fire protection district. If a fire protection district makes a preliminary conclusion that an existing private ambulance service is inadequate, the fire protection district must allow a minimum of sixty days for the private ambulance service to meet the generally accepted medical standards and accepted levels of service. If the fire protection district makes a second preliminary conclusion of inadequacy within a twenty-four month period, the fire protection district may immediately issue a call for bids or establish its own ambulance service utility and is not required to afford the private ambulance service another sixty-day period to meet the generally accepted medical standards and reasonable levels of service.

(3) A private ambulance service that is not licensed by the department of health, or has had its license denied, suspended, or revoked, is not entitled to a sixty-day period to demonstrate adequacy, and the fire protection district may immediately issue a call for bids or establish an ambulance service utility.

(4) A private ambulance service that abandons service in the area served by the fire protection district, or a substantial portion of the area served by the fire protection district, is not entitled to a sixty-day period to demonstrate adequacy, and the fire protection district may immediately issue a call for bids or establish an ambulance service utility. If a fire protection district becomes aware of an intent to abandon service at a future date, the fire protection district may immediately issue a call for bids or establish an ambulance service utility to avoid an interruption in service.

(5) For purposes of this section, "fire protection district" means a fire protection district established by the legislative authority of a city or town pursuant to section 1 of this act.

Sec. 3. RCW 84.55.092 and 1998 c 16 s 3 are each amended to read as follows:

(1) The regular property tax levy for each taxing district other than the state may be set at the amount which would be allowed otherwise under this chapter if the regular property tax levy for the district for taxes due in prior years beginning with 1986 had been set at the full amount allowed under this chapter including any levy authorized under RCW 52.16.160 that would have been imposed but for the limitation in RCW 52.18.065, applicable upon imposition of the benefit charge under chapter 52.18 RCW.

(2) The purpose of subsection (1) of this section is to remove the incentive for a taxing district to maintain its tax levy at the maximum level permitted under this chapter, and to protect the future levy capacity of a taxing district that reduces its tax levy below the level that it otherwise could impose under this chapter, by removing the adverse consequences to future levy capacities resulting from such levy reductions.

(3) Subsection (1) of this section does not apply to any portion of a city or town's regular property tax levy that has been reduced as part of the formation of a fire protection district under section 1 of this act.

Sec. 4. RCW 29A.36.071 and 2015 c 172 s 3 are each amended to read as follows:

(1) Except as provided to the contrary in RCW 82.14.036, 82.46.021, or 82.80.090, the ballot title of any referendum filed on an enactment or

portion of an enactment of a local government and any other question submitted to the voters of a local government consists of three elements: (a) An identification of the enacting legislative body and a statement of the subject matter; (b) a concise description of the measure; and (c) a question. The ballot title must conform with the requirements and be displayed substantially as provided under RCW 29A.72.050, except that the concise description must not exceed seventy-five words; however, a concise description submitted on behalf of a proposed or existing regional transportation investment district or a proposed fire protection district, as provided in section 1 of this act, may exceed seventy-five words. If the local governmental unit is a city or a town, or if the ballot title is for a referendum under RCW 35.13A.115, the concise statement ((shall)) must be prepared by the city or town attorney. If the local governmental unit is a county, the concise statement ((shall)) must be prepared by the prosecuting attorney of the county. If the unit is a unit of local government other than a city, town, or county, the concise statement ((shall)) must be prepared by the prosecuting attorney of the county within which the majority area of the unit is located.

(2) A referendum measure on the enactment of a unit of local government ((shall)) must be advertised in the manner provided for nominees for elective office.

(3) Subsection (1) of this section does not apply if another provision of law specifies the ballot title for a specific type of ballot question or proposition.

NEW SECTION. Sec. 5. A new section is added to chapter 52.02 RCW to read as follows:

(1) Except as provided otherwise in the resolution adopted by the legislative authority of a city or town establishing a fire protection district under section 1 of this act, all powers, duties, and functions of the city or town fire department pertaining to fire protection and emergency services of the city or town are transferred to the fire protection district on its creation date.

(2)(a) The city or town fire department must transfer or deliver to the fire protection district:

(i) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the city or town fire department pertaining to fire protection and emergency services powers, functions, and duties;

(ii) All real property and personal property including cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the city or town fire department in carrying out the fire protection and emergency services powers, functions, and duties; and

(iii) All funds, credits, or other assets held by the city or town fire department in connection with fire protection and emergency services powers, functions, and duties.

(b) Any appropriations made to the city or town fire department for carrying out the fire protection and emergency services powers, functions, and duties of the city or town must be transferred and credited to the fire protection district.

(c) Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred to the fire protection district, the legislative authority of the city or town must make a determination as to the proper allocation.

(3) All rules and all pending business before the city or town fire department pertaining to the fire protection and emergency services powers, functions, and duties transferred must be continued and acted upon by the fire protection district, and all existing contracts and obligations remain in full force and must be performed by the fire protection district.

(4) The transfer of powers, duties, functions, and personnel of the city or town fire department do not affect the validity of any act performed before creation of the fire protection district.

(5) If apportionments of budgeted funds are required because of the transfers, the treasurer for the city or town fire department must certify the apportionments.

(6)(a) Subject to (c) of this subsection, all employees of the city or

town fire department are transferred to the fire protection district on its creation date. Upon transfer, unless an agreement for different terms of transfer is reached between the collective bargaining representatives of the transferring employees and the fire protection district, an employee is entitled to the employee rights, benefits, and privileges to which he or she would have been entitled as an employee of the city or town fire department, including rights to:

(i) Compensation at least equal to the level at the time of transfer;

(ii) Retirement, vacation, sick leave, and any other accrued benefit;

(iii) Promotion and service time accrual; and

(iv) The length or terms of probationary periods, including no requirement for an additional probationary period if one had been completed before the transfer date.

(b) If a city or town provides for civil service in its fire department, the collective bargaining representatives of the transferring employees and the fire protection district must negotiate regarding the establishment of a civil service system within the fire protection district.

(c) Nothing contained in this section may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified as provided by law.

NEW SECTION. Sec. 6. A new section is added to chapter 52.14 RCW to read as follows:

(1) The members of the legislative authority of a city or town shall serve ex officio, by virtue of their office, as the fire commissioners of a fire protection district created under section 1 of this act.

(2) The legislative authority of a city or town may, within the initial resolution establishing the district's formation, relinquish governance authority of a fire protection district created under this act to an independently elected board of commissioners to be elected in accordance with RCW 52.14.060.

(3) (a) The legislative authority of a city or town may, by a majority vote of its members in an open public meeting, relinquish governance authority of a fire protection district created under this act to an appointed board of three fire commissioners at any time after formation. Each appointed commissioner serves until successors are elected at the next qualified election.

At the next qualified election, the person who receives the greatest number of votes for each commissioner position is elected to that position. The terms of office for the initial elected fire commissioners are staggered as follows:

(i) The person who is elected receiving the greatest number of votes is elected to a six-year term of office if the election is held in an odd-numbered year, or a five-year term of office if the election is held in an even-numbered year;

(ii) The person who is elected receiving the next greatest number of votes is elected to a four-year term of office if the election is held in an odd-numbered year, or a three-year term of office if the election is held in an even-numbered year; and

(iii) The other person who is elected is elected to a two-year term of office if the election is held in an odd-numbered year, or a one-year term of office if the election is held in an even-numbered year. The term of office for each subsequent commissioner is six years.

(b) If the legislative authority of a city or town relinquishes governance authority of a fire protection district after formation under this section, and that fire protection district maintains a fire department consisting wholly of personnel employed on a full-time, fully paid basis, that district shall have five fire commissioners. The terms of office for the initial elected fire commissioners are staggered as follows:

(i) The two people elected receiving the two greatest number of votes are elected to six-year terms of office if the election is held in an odd-numbered year, or five-year terms of office if the election is held in an even-numbered year;

(ii) The two people who are elected receiving the next two greatest number of votes are elected to four-year terms of

office if the election is held in an odd-numbered year, or three-year terms of office if the election is held in an even-numbered year; and

(iii) The other person who is elected is elected to a two-year term of office if the election is held in an odd-numbered year, or a one-year term of office if the election is held in an even-numbered year. The term of office for each subsequent commissioner is six years.

(c) If the legislative authority of a city or town relinquishes governance authority of a fire protection district after formation under this section, and that fire protection district has an annual budget of ten million dollars or more, that district must have seven fire commissioners. The terms of office for the initial elected fire commissioners are staggered as follows:

(i) The three people who are elected receiving the three greatest number of votes are elected to six-year terms of office if the election is held in an odd-numbered year, or five-year terms of office if the election is held in an even-numbered year;

(ii) The two people who are elected receiving the next two greatest number of votes are elected to four-year terms of office if the election is held in an odd-numbered year, or three-year terms of office if the election is held in an even-numbered year; and

(iii) The other two people who are elected are elected to two-year terms of office if the election is held in an odd-numbered year, or one-year terms of office if the election is held in an even-numbered year. The term of office for each subsequent commissioner is six years.

Sec. 7. RCW 52.14.010 and 2012 c 174 s 1 are each amended to read as follows:

(1) The affairs of the district shall be managed by a board of fire commissioners composed initially of three registered voters residing in the district, except as provided otherwise in RCW 52.14.015 ((and)), 52.14.020, and section 6 of this act.

(2) (a) Each member of an elected board of fire commissioners shall each receive one hundred four dollars per day or portion thereof, not to exceed nine thousand nine hundred eighty-four

dollars per year, for time spent in actual attendance at official meetings of the board or in performance of other services or duties on behalf of the district. Members serving in an ex officio capacity on a board of fire commissioners may not receive compensation, but shall receive necessary expenses in accordance with (b) of this subsection.

((In addition, they)) (b) Each member of a board of fire commissioners shall receive necessary expenses incurred in attending meetings of the board or when otherwise engaged in district business, and shall be entitled to receive the same insurance available to all firefighters of the district: PROVIDED, That the premiums for such insurance, except liability insurance, shall be paid by the individual commissioners who elect to receive it.

(c) Any commissioner may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the secretary as provided in this section. The waiver, to be effective, must be filed any time after the commissioner's election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made.

(3) The board shall fix the compensation to be paid the secretary and all other agents and employees of the district. The board may, by resolution adopted by unanimous vote, authorize any of its members to serve as volunteer firefighters without compensation. A commissioner actually serving as a volunteer firefighter may enjoy the rights and benefits of a volunteer firefighter.

(4) The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2008, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for

areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

(5) A person holding office as commissioner for two or more special purpose districts or serving ex officio as commissioner as a member of the legislative authority of a city or town shall receive only that per diem compensation authorized for one of his or her ((commissioner)) official positions as compensation for attending an official meeting or conducting official services or duties while representing more than one ((of his or her districts)) district or representing a municipality and a district. However, such commissioner may receive additional per diem compensation if approved by resolution of ((all)) the boards of ((the)) an affected commission((s)), city, or town.

Sec. 8. RCW 52.14.020 and 2012 c 174 s 2 are each amended to read as follows:

(1) In a fire protection district ((maintaining)) with elected commissioners that maintains a fire department consisting wholly of personnel employed on a full-time, fully-paid basis, there shall be five fire commissioners. A fire protection district with an annual budget of ten million dollars or more may have seven fire commissioners.

(2) (a) If two positions are created on boards of fire commissioners by this section, such positions shall be filled initially as for a vacancy, except that the appointees shall draw lots, one appointee to serve until the next general fire district election after the appointment, at which two commissioners shall be elected for six-year terms, and the other appointee to serve until the second general fire district election after the appointment, at which two commissioners shall be elected for six-year terms.

(b) If four positions are created on boards of fire commissioners by this section, such positions shall be filled

initially as for a vacancy, except that the appointees shall draw lots, three appointees to serve until the next general fire district election after the appointment, at which three commissioners shall be elected for six-year terms and two commissioners shall be elected for four-year terms, and the other appointee to serve until the second general fire district election after the appointment, at which two commissioners shall be elected for six-year terms.

Sec. 9. RCW 84.09.030 and 2012 c 186 s 17 are each amended to read as follows:

(1)(a) Except as provided in (b) ((and)), (c), and (d) of this subsection (1), for the purposes of property taxation and the levy of property taxes, the boundaries of counties, cities, and all other taxing districts shall be the established official boundaries of such districts existing on the first day of August of the year in which the property tax levy is made.

(b) The boundaries for a newly incorporated port district or regional fire protection service authority shall be established on the first day of October if the boundaries of the newly incorporated port district or regional fire protection service authority are coterminous with the boundaries of another taxing district or districts, as they existed on the first day of August of that year.

(c) The boundaries of a school district that is required to receive or annex territory due to the dissolution of a financially insolvent school district under RCW 28A.315.225 must be the established official boundaries of such districts existing on the first day of September of the year in which the property tax levy is made.

(d) The boundaries of a newly established fire protection district authorized under section 1 of this act are the established official boundaries of the district as of the date that the voter-approved proposition required under section 1 of this act is certified.

(2) In any case where any instrument setting forth the official boundaries of any newly established taxing district, or setting forth any change in the boundaries, is required by law to be filed in the office of the county auditor or other county official, the instrument shall be filed in triplicate. The officer

with whom the instrument is filed shall transmit two copies of the instrument to the county assessor.

(3) No property tax levy shall be made for any taxing district whose boundaries are not established as of the dates provided in this section."

ESSB 5808 Prime Sponsor, Committee on Agriculture, Water, Trade & Economic Development: Concerning agritourism. Reported by Committee on Judiciary

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that agriculture plays a substantial role in the economy, culture, and history of Washington state. As an increasing number of Washington's citizens are removed from day-to-day agricultural experiences, agritourism provides a valuable opportunity for the public to interact with, experience, and understand agriculture. In addition, agritourism opportunities provide valuable options for farmers and ranchers and rural residents to maintain their operations and continue a traditional economic development opportunity in rural areas. Inherent risks exist on farms and ranches, some of which cannot be reasonably eliminated. Uncertainty of potential liability associated with inherent risks has a negative impact on the establishment and success of agritourism operations.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Agritourism activity" means any activity carried out on a farm or ranch whose primary business activity is agriculture or ranching and that allows members of the general public, for recreational, entertainment, or educational purposes, to view or enjoy rural activities including, but not limited to: Farming; ranching; historic, cultural, and on-site educational programs; recreational farming programs that may include on-site hospitality services; guided and self-guided tours; petting zoos; farm festivals; corn mazes; harvest-your-own operations; hayrides; barn parties; horseback riding; fishing; and camping.

(2) "Agritourism professional" means any person in the business of providing one or more agritourism activities, whether or not for compensation.

(3) "Inherent risks of agritourism activity" means those dangers or conditions that are an integral part of an agritourism activity including certain hazards, such as surface and subsurface conditions, natural conditions of land, vegetation, waters, the behavior of wild or domestic animals, and ordinary dangers of structures or equipment ordinarily used in farming and ranching operations. Inherent risks of agritourism activity also include the potential of a participant to act in a negligent manner that may contribute to injury to the participant or others, including failing to follow instructions given by the agritourism professional or failing to exercise reasonable caution while engaging in the agritourism activity, unless the participant acting in a negligent manner is a minor or is under the influence of alcohol or drugs.

(4) "Participant" means any person, other than the agritourism professional, who engages in an agritourism activity.

(5) "Person" means an individual, fiduciary, firm, association, partnership, limited liability company, corporation, unit of government, or any other group acting as a unit.

NEW SECTION. Sec. 3. (1)(a) Except as provided in subsection (2) of this section, an agritourism professional is not liable for injury, loss, damage, or death of a participant resulting

exclusively from any of the inherent risks of agritourism activities.

(b) Except as provided in subsection (2) of this section, no participant or participant's representative may pursue an action or recover from an agritourism professional for injury, loss, damage, or death of the participant resulting exclusively from any of the inherent risks of agritourism activities.

(c) In any action for damages against an agritourism professional for agritourism activity, the agritourism professional must plead the affirmative defense of assumption of the risk of agritourism activity by the participant.

(2) Nothing in subsection (1) of this section prevents or limits the liability of an agritourism professional if the agritourism professional does any one or more of the following:

(a) Commits an act or omission that is grossly negligent or constitutes willful or wanton disregard for the safety of the participant and that act or omission proximately causes injury, damage, or death to the participant.

(b) Has actual knowledge or reasonably should have known of an existing dangerous condition on the land, facilities, or equipment used in the activity or the dangerous propensity of a particular animal used in such an activity and does not make the danger known to the participant and the danger proximately causes injury, damage, or death to the participant.

(c) Permits minor participants to use facilities or engage in agritourism activities that are not reasonably appropriate for their age. This provision shall not be interpreted to relieve a parent or guardian of a minor participant of the duty to reasonably supervise the minor's participation in agritourism activities, including assessing whether the minor's participation in an agritourism activity is reasonably appropriate for his or her age.

(d) Knowingly permits participants to use facilities or engage in agritourism activities while under the influence of alcohol or drugs.

(e) Fails to warn participants as required by section 4 of this act.

(3) Any limitation on legal liability afforded by this section to an agritourism professional is in addition

to any other limitations of legal liability otherwise provided by law.

NEW SECTION. Sec. 4. (1) Every agritourism professional must post and maintain signs that contain the warning notice specified in subsection (2) of this section. The sign must be placed in a clearly visible location at the entrance to the agritourism location and at the site of the agritourism activity. The warning notice must consist of a sign in black letters, with each letter to be a minimum of one inch in height. Every written contract entered into by an agritourism professional for the providing of professional services, instruction, or the rental of equipment to a participant, whether or not the contract involves agritourism activities on or off the location or at the site of the agritourism activity, must contain in clearly readable print the warning notice specified in subsection (2) of this section.

(2) The sign and contracts described in subsection (1) of this section must contain the following notice of warning:

"WARNING

Under Washington state law, there is limited liability for an injury to or death of a participant in an agritourism activity conducted at this agritourism location if such an injury or death results exclusively from the inherent risks of the agritourism activity. Inherent risks of agritourism activities include, among others, risks of injury inherent to land, equipment, and animals, as well as the potential for you to act in a negligent manner that may contribute to your injury or death. We are required to ensure that in any activity involving minor children, only age-appropriate access to activities, equipment, and animals is permitted. You are assuming the risk of participating in this agritourism activity."

(3) Failure to comply with the requirements concerning warning signs and notices provided in this section prohibits an agritourism professional from invoking the privilege of immunity provided by this section and sections 1 through 3 of this act and may be introduced as evidence in any claim for damages.

NEW SECTION. Sec. 5. Sections 1 through 4 of this act are each added to chapter 4.24 RCW."

ESSB 5106 Prime Sponsor, Committee on Human Services, Mental Health & Housing: Clarifying obligations under the involuntary treatment act. Reported by Committee on Judiciary

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Part One - Joel's Law Amendments

Sec. 1. RCW 71.05.201 and 2016 c 107 s 1 are each amended to read as follows:

(1) If a designated mental health professional decides not to detain a person for evaluation and treatment under RCW 71.05.150 or 71.05.153 or forty-eight hours have elapsed since a designated mental health professional received a request for investigation and the designated mental health professional has not taken action to have the person detained, an immediate family member or guardian or conservator of the person may petition the superior court for the person's initial detention.

(2) A petition under this section must be filed within ten calendar days following the designated mental health professional investigation or the request for a designated mental health professional investigation. If more than ten days have elapsed, the immediate family member, guardian, or conservator may request a new designated mental health professional investigation.

(3)(a) The petition must be filed in the county in which the designated mental health professional investigation occurred or was requested to occur and must be submitted on forms developed by the administrative office of the courts for this purpose. The petition must be accompanied by a sworn declaration from the petitioner, and other witnesses if desired, describing why the person should be detained for evaluation and treatment. The description of why the person should be detained may contain, but is not limited to, the information identified in RCW 71.05.212.

(b) The petition must contain:

(i) A description of the relationship between the petitioner and the person; and

(ii) The date on which an investigation was requested from the designated mental health professional.

((3)) (4) The court shall, within one judicial day, review the petition to determine whether the petition raises sufficient evidence to support the allegation. If the court so finds, it shall provide a copy of the petition to the designated mental health professional agency with an order for the agency to provide the court, within one judicial day, with a written sworn statement describing the basis for the decision not to seek initial detention and a copy of all information material to the designated mental health professional's current decision.

((4)) (5) Following the filing of the petition and before the court reaches a decision, any person, including a mental health professional, may submit a sworn declaration to the court in support of or in opposition to initial detention.

((5)) (6) The court shall dismiss the petition at any time if it finds that a designated mental health professional has filed a petition for the person's initial detention under RCW 71.05.150 or 71.05.153 or that the person has voluntarily accepted appropriate treatment.

((6)) (7) The court must issue a final ruling on the petition within five judicial days after it is filed. After reviewing all of the information provided to the court, the court may enter an order for initial detention if the court finds that: (a) There is probable cause to support a petition for detention; and (b) the person has refused or failed to accept appropriate evaluation and treatment voluntarily. The court shall transmit its final decision to the petitioner.

((7)) (8) If the court enters an order for initial detention, it shall provide the order to the designated mental health professional agency((, which shall execute the order without delay)) and issue a written order for apprehension of the person by a peace officer for delivery of the person to a facility or emergency room determined by the designated mental health professional. The designated mental health agency serving the jurisdiction of the court must collaborate and coordinate with law enforcement regarding apprehensions and detentions under this

subsection, including sharing of information relating to risk and which would assist in locating the person. A person may not be detained to jail pursuant to a written order issued under this subsection. An order for detention under this section should contain the advisement of rights which the person would receive if the person were detained by a designated mental health professional. An order for initial detention under this section expires one hundred eighty days from issuance.

((8)) (9) Except as otherwise expressly stated in this chapter, all procedures must be followed as if the order had been entered under RCW 71.05.150. RCW 71.05.160 does not apply if detention was initiated under the process set forth in this section.

((9)) (10) For purposes of this section, "immediate family member" means a spouse, domestic partner, child, stepchild, parent, stepparent, grandparent, or sibling.

Sec. 2. RCW 71.05.201 and 2016 sp.s. c 29 s 222 and 2016 c 107 s 1 are each reenacted and amended to read as follows:

(1) If a designated crisis responder decides not to detain a person for evaluation and treatment under RCW 71.05.150 or 71.05.153 or forty-eight hours have elapsed since a designated crisis responder received a request for investigation and the designated crisis responder has not taken action to have the person detained, an immediate family member or guardian or conservator of the person may petition the superior court for the person's initial detention.

(2) A petition under this section must be filed within ten calendar days following the designated crisis responder investigation or the request for a designated crisis responder investigation. If more than ten days have elapsed, the immediate family member, guardian, or conservator may request a new designated crisis responder investigation.

(3)(a) The petition must be filed in the county in which the designated ((mental health professional)) crisis responder investigation occurred or was requested to occur and must be submitted on forms developed by the administrative office of the courts for this purpose. The petition must be accompanied by a sworn declaration from the petitioner, and other witnesses if desired,

describing why the person should be detained for evaluation and treatment. The description of why the person should be detained may contain, but is not limited to, the information identified in RCW 71.05.212.

(b) The petition must contain:

(i) A description of the relationship between the petitioner and the person; and

(ii) The date on which an investigation was requested from the designated crisis responder.

((3)) (4) The court shall, within one judicial day, review the petition to determine whether the petition raises sufficient evidence to support the allegation. If the court so finds, it shall provide a copy of the petition to the designated crisis responder agency with an order for the agency to provide the court, within one judicial day, with a written sworn statement describing the basis for the decision not to seek initial detention and a copy of all information material to the designated crisis responder's current decision.

((4)) (5) Following the filing of the petition and before the court reaches a decision, any person, including a mental health professional, may submit a sworn declaration to the court in support of or in opposition to initial detention.

((5)) (6) The court shall dismiss the petition at any time if it finds that a designated crisis responder has filed a petition for the person's initial detention under RCW 71.05.150 or 71.05.153 or that the person has voluntarily accepted appropriate treatment.

((6)) (7) The court must issue a final ruling on the petition within five judicial days after it is filed. After reviewing all of the information provided to the court, the court may enter an order for initial detention if the court finds that: (a) There is probable cause to support a petition for detention; and (b) the person has refused or failed to accept appropriate evaluation and treatment voluntarily. The court shall transmit its final decision to the petitioner.

((7)) (8) If the court enters an order for initial detention, it shall provide the order to the designated crisis responder agency((, which shall

execute the order without delay)) and issue a written order for apprehension of the person by a peace officer for delivery of the person to a facility or emergency room determined by the designated crisis responder. The designated crisis responder agency serving the jurisdiction of the court must collaborate and coordinate with law enforcement regarding apprehensions and detentions under this subsection, including sharing of information relating to risk and which would assist in locating the person. A person may not be detained to jail pursuant to a written order issued under this subsection. An order for detention under this section should contain the advisement of rights which the person would receive if the person were detained by a designated crisis responder. An order for initial detention under this section expires one hundred eighty days from issuance.

((8)) (9) Except as otherwise expressly stated in this chapter, all procedures must be followed as if the order had been entered under RCW 71.05.150. RCW 71.05.160 does not apply if detention was initiated under the process set forth in this section.

((9)) (10) For purposes of this section, "immediate family member" means a spouse, domestic partner, child, stepchild, parent, stepparent, grandparent, or sibling.

Sec. 3. RCW 71.05.203 and 2015 c 258 s 3 are each amended to read as follows:

(1) The department and each ((regional support network)) behavioral health organization or agency employing designated mental health professionals shall publish information in an easily accessible format describing the process for an immediate family member, guardian, or conservator to petition for court review of a detention decision under RCW 71.05.201.

(2) A designated mental health professional or designated mental health professional agency that receives a request for investigation for possible detention under this chapter must inquire whether the request comes from an immediate family member, guardian, or conservator who would be eligible to petition under RCW 71.05.201. If the designated mental health professional decides not to detain the person for evaluation and treatment under RCW 71.05.150 or 71.05.153 or forty-eight

hours have elapsed since the request for investigation was received and the designated mental health professional has not taken action to have the person detained, the designated mental health professional or designated mental health professional agency must inform the immediate family member, guardian, or conservator who made the request for investigation about the process to petition for court review under RCW 71.05.201.

(3) A designated mental health professional or designated mental health professional agency must, upon request, disclose the date of a designated mental health professional investigation under this chapter to an immediate family member, guardian, or conservator of a person to assist in the preparation of a petition under RCW 71.05.201.

Sec. 4. RCW 71.05.203 and 2016 sp.s. c 29 s 223 are each amended to read as follows:

(1) The department and each behavioral health organization or agency employing designated crisis responders shall publish information in an easily accessible format describing the process for an immediate family member, guardian, or conservator to petition for court review of a detention decision under RCW 71.05.201.

(2) A designated crisis responder or designated crisis responder agency that receives a request for investigation for possible detention under this chapter must inquire whether the request comes from an immediate family member, guardian, or conservator who would be eligible to petition under RCW 71.05.201. If the designated crisis responder decides not to detain the person for evaluation and treatment under RCW 71.05.150 or 71.05.153 or forty-eight hours have elapsed since the request for investigation was received and the designated crisis responder has not taken action to have the person detained, the designated crisis responder or designated crisis responder agency must inform the immediate family member, guardian, or conservator who made the request for investigation about the process to petition for court review under RCW 71.05.201.

(3) A designated crisis responder or designated crisis responder agency must, upon request, disclose the date of a designated crisis responder

investigation under this chapter to an immediate family member, guardian, or conservator of a person to assist in the preparation of a petition under RCW 71.05.201.

NEW SECTION. Sec. 5. By December 15, 2017, the administrative office of the courts, in collaboration with stakeholders, including but not limited to judges, prosecutors, defense attorneys, the department of social and health services, behavioral health advocates, and families, shall: (1) Develop a user's guide to assist pro se litigants in the preparation and filing of a petition under RCW 71.05.201; and (2) develop a model order of detention under RCW 71.05.201 which contains an advisement of rights for the detained person.

NEW SECTION. Sec. 6. Sections 1 and 3 of this act expire April 1, 2018.

NEW SECTION. Sec. 7. Sections 2 and 4 of this act take effect April 1, 2018.

Part Two - Less Restrictive Alternative Revocations

Sec. 8. RCW 71.05.590 and 2015 c 250 s 13 are each amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release order, or a designated mental health professional, may take action to enforce, modify, or revoke a less restrictive alternative order or conditional release order ((if)). The agency, facility, or designated mental health professional ((determines)) must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal

autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel((,)) or advise((, or admonish)) the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) ((To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d)) To cause the person to be transported by a peace officer, designated mental health professional, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or evaluation and treatment facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated mental health professional or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation or

modification procedures under ((subsection (4) of)) this section in appropriate circumstances; and

((e)) (d) To initiate revocation or modification procedures under ((subsection (4) of)) this section. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary or designated mental health professional when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4)(a) A designated mental health professional or the secretary may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this section to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment, or initiate proceedings under ((this)) subsection ((4)) (5) of this section without ordering the apprehension and detention of the person.

(b) A person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated mental health professional or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

((c)) (5)(a) The designated mental health professional or secretary shall ((notify the court that originally ordered commitment within two judicial days of a person's detention and)) file a petition for revocation ((petition)) or modification and an order of apprehension and detention, if applicable, with the

court ((and)) of the county where the person is currently located or being detained. The designated mental health professional shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings ((regarding a petition for modification or revocation must be in)) is the county ((in which)) where the petition ((was)) is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation or modification is filed, within two judicial days of the person's detention.

((d)) (b) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order.

((e)) (c) Revocation proceedings under this subsection ((4)) (5) are not allowable if the current commitment is solely based on the person being in need of assisted outpatient mental health treatment. In order to obtain a court order for detention for inpatient treatment under this circumstance, a petition must be filed under RCW 71.05.150 or 71.05.153.

((5)) (6) In determining whether or not to take action under this section the designated mental health professional, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors

specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Sec. 9. RCW 71.05.590 and 2016 sp.s. c 29 s 242 are each amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release order, or a designated crisis responder, may take action to enforce, modify, or revoke a less restrictive alternative order or conditional release order ((if)). The agency, facility, or designated crisis responder ((determines)) must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel((,)) or advise((, or admonish)) the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) ((To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification

is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d)) To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or to an evaluation and treatment facility if the person is committed for mental health treatment, or to a secure detoxification facility with available space or an approved substance use disorder treatment program with available space if the person is committed for substance use disorder treatment. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation or modification procedures under ((subsection (4) of)) this section in appropriate circumstances; and

((e)) (d) To initiate revocation or modification procedures under ((subsection (4) of)) this section. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4)(a) A designated crisis responder or the secretary may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure detoxification facility or approved substance use disorder treatment program if either is available in or near the county in which he or she is receiving outpatient treatment and has adequate space. Proceedings under ((this)) subsection ((4)) (5) of this section may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

((c)) (5)(a) The designated crisis responder or secretary shall ((notify the court that originally ordered commitment within two judicial days of a person's detention and)) file a petition for revocation ((petition)) or modification and an order of apprehension and detention, if applicable, with the court ((and)) of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any

involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings ((regarding a petition for modification or revocation must be in)) is the county ((in which)) where the petition ((was)) is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation or modification is filed, within two judicial days of the person's detention.

((d)) (b) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order. A court may not issue an order to detain a person for inpatient treatment in a secure detoxification facility or approved substance use disorder treatment program under this subsection unless there is a secure detoxification facility or approved substance use disorder treatment program available and with adequate space for the person.

((e)) (c) Revocation proceedings under this subsection ((4)) (5) are not allowable if the current commitment is solely based on the person being in need of assisted outpatient mental health treatment. In order to obtain a court order for detention for inpatient treatment under this circumstance, a petition must be filed under RCW 71.05.150 or 71.05.153.

((5)) (6) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the

court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Sec. 10. RCW 71.05.590 and 2016 sp.s. c 29 s 243 are each amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release order, or a designated crisis responder, may take action to enforce, modify, or revoke a less restrictive alternative order or conditional release order ((if)). The agency, facility, or designated crisis responder ((determines)) must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel((,)) or advise((, or admonish)) the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) ((To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give

rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

((d)) To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or to an evaluation and treatment facility if the person is committed for mental health treatment, or to a secure detoxification facility or an approved substance use disorder treatment program if the person is committed for substance use disorder treatment. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation or modification procedures under ((subsection (4) of)) this section in appropriate circumstances; and

((e)) (d) To initiate revocation or modification procedures under ((subsection (4) of)) this section. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4)(a) A designated crisis responder or the secretary may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure detoxification facility or approved substance use disorder treatment program if either is available in or near the county in which he or she is receiving outpatient treatment. Proceedings under ((this)) subsection ((4)) (5) of this section may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

((c)) (5)(a) The designated crisis responder or secretary shall ((notify the court that originally ordered commitment within two judicial days of a person's detention and)) file a petition for revocation ((petition)) or modification and an order of apprehension and detention, if applicable, with the court ((and)) of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except

as specifically set forth in this section. There is no right to jury trial. The venue for proceedings ((regarding a petition for modification or revocation must be in)) is the county ((in which)) where the petition ((was)) is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation or modification is filed, within two judicial days of the person's detention.

((d)) (b) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order.

((e)) (c) Revocation proceedings under this subsection ((4)) (5) are not allowable if the current commitment is solely based on the person being in need of assisted outpatient mental health treatment. In order to obtain a court order for detention for inpatient treatment under this circumstance, a petition must be filed under RCW 71.05.150 or 71.05.153.

((5)) (6) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Part Three - Initial Detention Investigations

Sec. 11. RCW 71.05.154 and 2013 c 334 s 1 are each amended to read as follows:

((A)) (1) If a person subject to evaluation under RCW 71.05.150 or 71.05.153 is located in an emergency room at the time of evaluation, the designated mental health professional conducting ((an)) the evaluation ((of a person under RCW 71.05.150 or 71.05.153 must consult with any examining emergency room physician regarding the physician's observations and opinions relating to the person's condition, and whether, in the view of the physician, detention is appropriate. The designated mental health professional)) shall take serious consideration of observations and opinions by an examining emergency room physician((s)), advanced registered nurse practitioner, or physician assistant in determining whether detention under this chapter is appropriate. The designated mental health professional must document ((the)) his or her consultation with ((an examining emergency room physician)) this professional, ((including)) if the professional is available, or his or her review of the ((physician's)) professional's written observations or opinions regarding whether detention of the person is appropriate.

(2) This section does not create an exception to the general rule under RCW 71.05.010, which creates a presumption that courts should decide petitions under this chapter on their merits in light of the state's parens patriae or police power interest in protecting the safety of individuals and the public.

Sec. 12. RCW 71.05.154 and 2016 sp.s. c 29 s 214 are each amended to read as follows:

((A)) (1) If a person subject to evaluation under RCW 71.05.150 or 71.05.153 is located in an emergency room at the time of evaluation, the designated crisis responder conducting ((an)) the evaluation ((of a person under RCW 71.05.150 or 71.05.153 must consult with any examining emergency room physician regarding the physician's observations and opinions relating to the person's condition, and whether, in the view of the physician, detention is appropriate. The designated crisis responder)) shall take serious consideration of observations and opinions by an examining emergency room physician((s)), advanced registered nurse practitioner, or physician assistant in determining whether detention under this chapter is appropriate. The designated crisis

responder must document ((the)) his or her consultation with ((an examining emergency room physician)) this professional, ((including)) if the professional is available, or his or her review of the ((physician's)) professional's written observations or opinions regarding whether detention of the person is appropriate.

(2) This section does not create an exception to the general rule under RCW 71.05.010, which creates a presumption that courts should decide petitions under this chapter on their merits in light of the state's parens patriae or police power interest in protecting the safety of individuals and the public.

Part Four - Evaluation and Petition by Chemical

Dependency Professionals

Sec. 13. RCW 70.96A.140 and 2016 sp.s. c 29 s 102 are each amended to read as follows:

(1)(a) When a designated chemical dependency specialist receives information alleging that a person presents a likelihood of serious harm or is gravely disabled as a result of ((chemical dependency)) a substance use disorder, the designated chemical dependency specialist, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court, district court, or in another court permitted by court rule.

If a petition for commitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the designated chemical dependency specialist's report.

If the designated chemical dependency specialist finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to either a designated mental health professional or an evaluation and treatment facility as defined in RCW 71.05.020 or 71.34.020.

(b) If placement in a ((chemical dependency)) substance use disorder treatment program is available and deemed appropriate, the petition shall allege that: The person is chemically dependent and presents a likelihood of serious harm or is gravely disabled by alcohol or drug addiction, or that the person has twice before in the preceding twelve months been admitted for withdrawal management, sobering services, or ((chemical dependency)) substance use disorder treatment pursuant to RCW 70.96A.110 or 70.96A.120, and is in need of a more sustained treatment program, or that the person ((is chemically dependent)) has a substance use disorder and has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment, by itself, does not constitute evidence of lack of judgment as to the need for treatment.

(c) If involuntary detention is sought, the petition must state facts that support a finding of the grounds identified in (b) of this subsection and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition must state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition must state facts that support a finding of the grounds for commitment identified in (b) of this subsection and set forth the proposed less restrictive alternative.

(d) (i) The petition must be signed by:

(A) ((Two physicians;)) One physician, physician assistant, or psychiatric advanced registered nurse practitioner; and

(B) ((One physician and a mental health professional;

(C) One physician assistant and a mental health professional; or

(D) One psychiatric advanced registered nurse practitioner and a mental health professional.

(ii) The persons signing the petition must have examined the person)) One physician, physician assistant, psychiatric advanced registered nurse

practitioner, or designated chemical dependency specialist.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than two and no more than seven days after the date the petition was filed unless the person petitioned against is presently being detained in a program, pursuant to RCW 70.96A.120, 71.05.210, or 71.34.710, in which case the hearing shall be held within seventy-two hours of the filing of the petition((: PROVIDED, HOWEVER, That)). The ((above specified)) seventy-two hours shall be computed by excluding Saturdays, Sundays, and holidays((: PROVIDED FURTHER, That,)). The court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his or her counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served ((by the designated chemical dependency specialist)) on the person whose commitment is sought, his or her next of kin, a parent or his or her legal guardian if he or she is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony including, if possible, the testimony, which may be telephonic, of at least one licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, or ((mental health professional)) designated chemical dependency specialist who has examined the person whose commitment is sought. Communications otherwise deemed privileged under the laws of this state are deemed to be waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that the waiver is necessary to protect either the detained person or the public. The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person, or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical, nursing, or psychological records of detained persons so long as the requirements of RCW 5.45.020 are met, except that portions of the record that contain opinions as to whether the detained person ((is chemically dependent)) has a substance use disorder shall be deleted from the records unless the person offering the opinions is available for cross-examination. The person shall be present unless the court believes that his or her presence is likely to be injurious to him or her; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him or her throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, or ((mental health professional)) designated chemical dependency specialist, he or she shall be given an opportunity to be examined by a court appointed licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, or other professional person qualified to provide such services. If he or she refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him or her to the department for a period of not more than five days for purposes of a diagnostic examination.

(4)(a) If, after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by a preponderance of the evidence and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interest of the person or others, it shall make an order of commitment to an approved substance use disorder treatment program. It shall not order commitment of a person unless it determines that an approved substance use disorder treatment program is available and able to provide adequate and appropriate treatment for him or her.

(b) If the court finds that the grounds for commitment have been established by

a preponderance of the evidence, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive course of treatment. The less restrictive order may impose treatment conditions and other conditions that are in the best interest of the respondent and others. A copy of the less restrictive order must be given to the respondent, the designated chemical dependency specialist, and any program designated to provide less restrictive treatment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. The court may not order commitment of a person to a less restrictive course of treatment unless it determines that an approved substance use disorder treatment program is available and able to provide adequate and appropriate treatment for him or her.

(5) A person committed to inpatient treatment under this section shall remain in the program for treatment for a period of fourteen days unless sooner discharged. A person committed to a less restrictive course of treatment under this section shall remain in the program of treatment for a period of ninety days unless sooner discharged. At the end of the fourteen-day period, or ninety-day period in the case of a less restrictive alternative to inpatient treatment, he or she shall be discharged automatically unless the program or the designated chemical dependency specialist, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days of inpatient treatment or ninety days of less restrictive alternative treatment unless sooner discharged. The petition for ninety-day inpatient or less restrictive alternative treatment must be filed with the clerk of the court at least three days before expiration of the fourteen-day period of intensive treatment.

If a petition for recommitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the

court and provide a copy of the treatment progress report.

If a person has been committed because he or she ((is chemically dependent)) has a substance use disorder and is likely to inflict physical harm on another, the program or designated chemical dependency specialist shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) Upon the filing of a petition for recommitment under subsection (5) of this section, the court shall fix a date for hearing no less than two and no more than seven days after the date the petition was filed((: PROVIDED, That,)). The court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment program on the person whose commitment is sought, his or her next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her legal guardian if he or she is a minor, and his or her attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsections (3) and (4) of this section, except that the burden of proof upon a hearing for recommitment must be proof by clear, cogent, and convincing evidence.

(7) The approved substance use disorder treatment program shall provide for adequate and appropriate treatment of a person committed to its custody on an inpatient or outpatient basis. A person committed under this section may be transferred from one approved public treatment program to another if transfer is medically advisable.

(8) A person committed to a program for treatment shall be discharged at any time before the end of the period for which he or she has been committed and he or she shall be discharged by order of the court if either of the following conditions are met:

(a) In case of a ((chemically dependent)) person with a substance use disorder committed on the grounds of likelihood of infliction of physical harm upon himself, herself, or another, the likelihood no longer exists; or further

treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of a ((chemically dependent)) person with a substance use disorder committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.

(9) The court shall inform the person whose commitment or recommitment is sought of his or her right to contest the application, be represented by counsel at every stage of any proceedings relating to his or her commitment and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his or her right to be examined by a licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, designated chemical dependency specialist, or other professional person of his or her choice who is qualified to provide such services. If the person is unable to obtain a qualified person and requests an examination, the court shall employ a licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, designated chemical dependency specialist, or other professional person to conduct an examination and testify on behalf of the person.

(10) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(11) The venue for proceedings under this section is the county in which person to be committed resides or is present.

(12) When in the opinion of the professional person in charge of the program providing involuntary inpatient treatment under this chapter, the committed patient can be appropriately

served by less restrictive treatment before expiration of the period of commitment, then the less restrictive care may be required as a condition for early release for a period which, when added to the initial treatment period, does not exceed the period of commitment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated chemical dependency specialist of original commitment, and the court of original commitment. The program designated to provide less restrictive care may modify the conditions for continued release when the modifications are in the best interests of the patient. If the program providing less restrictive care and the designated chemical dependency specialist determine that a conditionally released patient is failing to adhere to the terms and conditions of his or her release, or that substantial deterioration in the patient's functioning has occurred, then the designated chemical dependency specialist shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the date of the request to determine whether or not the person should be returned to more restrictive care. The designated chemical dependency specialist shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The patient shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released patient did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the patient's functioning has occurred and whether the conditions of release should be modified or the person should be returned to a more restrictive program. The hearing may be waived by the patient and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. Upon waiver, the person may be returned for involuntary treatment or continued on conditional

release on the same or modified conditions. The grounds and procedures for revocation of less restrictive alternative treatment ordered by the court must be the same as those set forth in this section for less restrictive care arranged by an approved substance use disorder treatment program as a condition for early release.

Sec. 15. RCW 71.05.210 and 2016 sp.s. c 29 s 224 and 2016 c 155 s 2 are each reenacted and amended to read as follows:

(1) Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program:

(a) Shall, within twenty-four hours of his or her admission or acceptance at the facility, not counting time periods prior to medical clearance, be examined and evaluated by:

(i) One physician ((and a mental health professional)), physician assistant, or psychiatric advanced registered nurse practitioner; and

(ii) One ((physician assistant and a) mental health professional(; or

(iii) One advanced registered nurse practitioner and a mental health)). If the person is detained for substance use disorder evaluation and treatment, the person may be examined by a chemical dependency professional instead of a mental health professional; and

(b) Shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.590, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (i) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (ii) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained

pursuant to court order for further treatment as provided in this chapter.

(2) If, after examination and evaluation, the mental health professional or chemical dependency professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment ((facility)) program, or, if detained to a secure detoxification facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement; however, a person may only be referred to a secure detoxification facility or approved substance use disorder treatment program if there is an available secure detoxification facility or approved substance use disorder treatment program with adequate space for the person.

(3) An evaluation and treatment center, secure detoxification facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 16. RCW 71.05.210 and 2016 sp.s. c 29 s 225 are each amended to read as follows:

(1) Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program:

(a) Shall, within twenty-four hours of his or her admission or acceptance at the facility, not counting time periods prior to medical clearance, be examined and evaluated by:

(i) One physician ((and a mental health professional)), physician

assistant, or psychiatric advanced registered nurse practitioner; and

(ii) One ((physician assistant and a) mental health professional(; or

(iii) One advanced registered nurse practitioner and a mental health)). If the person is detained for substance use disorder evaluation and treatment, the person may be examined by a chemical dependency professional instead of a mental health professional; and

(b) Shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.590, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (i) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (ii) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

(2) If, after examination and evaluation, the mental health professional or chemical dependency professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment ((facility)) program, or, if detained to a secure detoxification facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement.

(3) An evaluation and treatment center, secure detoxification facility,

or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 17. RCW 71.05.230 and 2016 sp.s. c 29 s 230, 2016 c 155 s 5, and 2016 c 45 s 1 are each reenacted and amended to read as follows:

A person detained or committed for seventy-two hour evaluation and treatment or for an outpatient evaluation for the purpose of filing a petition for a less restrictive alternative treatment order may be committed for not more than fourteen additional days of involuntary intensive treatment or ninety additional days of a less restrictive alternative to involuntary intensive treatment. A petition may only be filed if the following conditions are met:

(1) The professional staff of the agency or facility providing evaluation services has analyzed the person's condition and finds that the condition is caused by mental disorder or substance use disorder and results in a likelihood of serious harm, results in the person being gravely disabled, or results in the person being in need of assisted outpatient mental health treatment, and are prepared to testify those conditions are met; and

(2) The person has been advised of the need for voluntary treatment and the professional staff of the facility has evidence that he or she has not in good faith volunteered; and

(3) The agency or facility providing intensive treatment or which proposes to supervise the less restrictive alternative is certified to provide such treatment by the department; and

(4) The professional staff of the agency or facility or the designated crisis responder has filed a petition with the court for a fourteen day involuntary detention or a ninety day less restrictive alternative. The petition must be signed ((either)) by:

(a) ((Two physicians)) One physician, physician assistant, or psychiatric advanced registered nurse practitioner; and

(b) One physician ((and a)), physician assistant, psychiatric advanced registered nurse practitioner, or mental health professional(;;

(c) One physician assistant and a mental health professional; or

(d) One psychiatric advanced registered nurse practitioner and a mental health professional)). If the petition is for substance use disorder treatment, the petition may be signed by a chemical dependency professional instead of a mental health professional. The persons signing the petition must have examined the person. If involuntary detention is sought the petition shall state facts that support the finding that such person, as a result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition shall state facts that support the finding that such person, as a result of a mental disorder or as a result of a substance use disorder, presents a likelihood of serious harm, is gravely disabled, or is in need of assisted outpatient mental health treatment, and shall set forth any recommendations for less restrictive alternative treatment services; and

(5) A copy of the petition has been served on the detained or committed person, his or her attorney and his or her guardian or conservator, if any, prior to the probable cause hearing; and

(6) The court at the time the petition was filed and before the probable cause hearing has appointed counsel to represent such person if no other counsel has appeared; and

(7) The petition reflects that the person was informed of the loss of firearm rights if involuntarily committed for mental health treatment; and

(8) At the conclusion of the initial commitment period, the professional staff of the agency or facility or the designated crisis responder may petition for an additional period of either ninety days of less restrictive alternative treatment or ninety days of involuntary intensive treatment as provided in RCW 71.05.290; and

(9) If the hospital or facility designated to provide less restrictive alternative treatment is other than the facility providing involuntary treatment, the outpatient facility so designated to provide less restrictive alternative treatment has agreed to assume such responsibility.

Sec. 18. RCW 71.05.290 and 2016 sp.s. c 29 s 235, 2016 c 155 s 6, and 2016 c 45 s 3 are each reenacted and amended to read as follows:

(1) At any time during a person's fourteen day intensive treatment period, the professional person in charge of a treatment facility or his or her professional designee or the designated crisis responder may petition the superior court for an order requiring such person to undergo an additional period of treatment. Such petition must be based on one or more of the grounds set forth in RCW 71.05.280.

(2) The petition shall summarize the facts which support the need for further commitment and shall be supported by affidavits based on an examination of the patient and signed by:

(a) ((Two physicians)) One physician, physician assistant, or psychiatric advanced registered nurse practitioner; and

(b) One physician ((and a)), physician assistant, psychiatric advanced registered nurse practitioner, or mental health professional(;;

(c) One physician assistant and a mental health professional; or

(d) One psychiatric advanced registered nurse practitioner and a mental health professional)). If the petition is for substance use disorder treatment, the petition may be signed by a chemical dependency professional instead of a mental health professional. The affidavits shall describe in detail the behavior of the detained person which supports the petition and shall explain what, if any, less restrictive treatments

which are alternatives to detention are available to such person, and shall state the willingness of the affiant to testify to such facts in subsequent judicial proceedings under this chapter. If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(3) If a person has been determined to be incompetent pursuant to RCW 10.77.086(4), then the professional person in charge of the treatment facility or his or her professional designee or the designated crisis responder may directly file a petition for one hundred eighty day treatment under RCW 71.05.280(3). No petition for initial detention or fourteen day detention is required before such a petition may be filed.

Sec. 19. RCW 71.05.760 and 2016 sp.s. c 29 s 201 are each amended to read as follows:

(1)(a) By April 1, 2018, the department, by rule, must combine the functions of a designated mental health professional and designated chemical dependency specialist by establishing a designated crisis responder who is authorized to conduct investigations, detain persons up to seventy-two hours to the proper facility, and carry out the other functions identified in this chapter and chapter 71.34 RCW. The behavioral health organizations shall provide training to the designated crisis responders as required by the department.

(b)(i) To qualify as a designated crisis responder, a person must have received chemical dependency training as determined by the department and be a:

(A) Psychiatrist, psychologist, physician assistant working with a supervising psychiatrist, psychiatric advanced registered nurse practitioner, or social worker;

(B) Person with a master's degree or further advanced degree in counseling or one of the social sciences from an accredited college or university and who have, in addition, at least two years of experience in direct treatment of persons with mental illness or emotional disturbance, such experience gained under the direction of a mental health professional;

(D) Person who had an approved waiver to perform the duties of a mental health professional that was requested by the regional support network and granted by the department before July 1, 2001; or

(E) Person who has been granted an exception of the minimum requirements of a mental health professional by the department consistent with rules adopted by the secretary.

(ii) Training must include chemical dependency training specific to the duties of a designated crisis responder, including diagnosis of substance abuse and dependence and assessment of risk associated with substance use.

(c) The department must develop a transition process for any person who has been designated as a designated mental health professional or a designated chemical dependency specialist before April 1, 2018, to be converted to a designated crisis responder. The behavioral health organizations shall provide training, as required by the department, to persons converting to designated crisis responders, which must include both mental health and chemical dependency training applicable to the designated crisis responder role.

(2)(a) The department must ensure that at least one sixteen-bed secure detoxification facility is operational by April 1, 2018, and that at least two sixteen-bed secure detoxification facilities are operational by April 1, 2019. In addition, the department shall ensure that an additional sixteen-bed secure detoxification facility is operational by April 1st of each year beginning in 2020 until there is adequate capacity to meet the involuntary treatment requirements for substance use disorder clients.

(b) If, at any time during the implementation of secure detoxification facility capacity, federal funding becomes unavailable for federal match for services provided in secure detoxification facilities, then the department must cease any expansion of secure detoxification facilities until further direction is provided by the legislature.

"Sec. 1. RCW 69.50.325 and 2016 c 170 s 1 are each amended to read as follows:

Every marijuana processor's license shall be issued in the name of the applicant, shall specify the location at

which the licensee intends to operate, which must be within the state of Washington, and the holder thereof shall not allow any other person to use the license. (c)(i) A marijuana retailer's license is subject to forfeiture in accordance with rules adopted by the state liquor and cannabis board pursuant to this section.

(ii) The state liquor and cannabis board shall adopt rules to establish a

license forfeiture process for a licensed marijuana retailer that is not fully operational and open to the public within a specified period from the date of license issuance, as established by the state liquor and cannabis board, subject to the following restrictions:

(A) No marijuana retailer's license may be subject to forfeiture within the first nine months of license issuance; and

(B) The state liquor and cannabis board must require license forfeiture on or before twenty-four calendar months of license issuance if a marijuana retailer is not fully operational and open to the public, unless the board determines that circumstances out of the licensee's control are preventing the licensee from becoming fully operational and that, in the board's discretion, the circumstances warrant extending the forfeiture period beyond twenty-four calendar months.

(iii) The state liquor and cannabis board has discretion in adopting rules under this subsection (3)(c).

(iv) This subsection (3)(c) applies to marijuana retailer's licenses issued before and after the effective date of this section. However, no license of a marijuana retailer that otherwise meets the conditions for license forfeiture established pursuant to this subsection (3)(c) may be subject to forfeiture within the first three calendar months of the effective date of this section.

Sec. 2. RCW 69.50.331 and 2015 2nd sp.s. c 4 s 301 are each amended to read as follows:

(1) For the purpose of considering any application for a license to produce, process, research, transport, or deliver marijuana, useable marijuana, marijuana concentrates, or marijuana-infused products subject to the regulations established under RCW 69.50.385, or sell marijuana, or for the renewal of a license to produce, process, research, transport, or deliver marijuana, useable marijuana, marijuana concentrates, or marijuana-infused products subject to the regulations established under RCW 69.50.385, or sell marijuana, the state liquor and cannabis board must conduct a comprehensive, fair, and impartial evaluation of the applications timely received. As part of the licensing application and renewal process, the board must obtain information and collect

demographic data regarding the race, ethnic background, and gender of the applicants for the licenses authorized under this chapter.

(a) ((The state liquor and cannabis board must develop a competitive, merit-based application process that includes, at a minimum, the opportunity for an applicant to demonstrate experience and qualifications in the marijuana industry. The state liquor and cannabis board must give preference between competing applications in the licensing process to applicants that have the following experience and qualifications, in the following order of priority:

(i) First priority is given to applicants who:

(A) Applied to the state liquor and cannabis board for a marijuana retailer license prior to July 1, 2014;

(B) Operated or were employed by a collective garden before January 1, 2013;

(C) Have maintained a state business license and a municipal business license, as applicable in the relevant jurisdiction; and

(D) Have had a history of paying all applicable state taxes and fees;

(ii) Second priority must be given to applicants who:

(A) Operated or were employed by a collective garden before January 1, 2013;

(B) Have maintained a state business license and a municipal business license, as applicable in the relevant jurisdiction; and

(C) Have had a history of paying all applicable state taxes and fees; and

(iii) Third priority must be given to all other applicants who do not have the experience and qualifications identified in (a) (i) and (ii) of this subsection.

(b)) The state liquor and cannabis board may cause an inspection of the premises to be made, and may inquire into all matters in connection with the construction and operation of the premises. For the purpose of reviewing any application for a license and for considering the denial, suspension, revocation, or renewal or denial thereof, of any license, the state liquor and cannabis board may consider any prior criminal conduct of the applicant including an administrative violation

history record with the state liquor and cannabis board and a criminal history record information check. The state liquor and cannabis board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The state liquor and cannabis board must require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation. The provisions of RCW 9.95.240 and of chapter 9.96A RCW do not apply to these cases. Subject to the provisions of this section, the state liquor and cannabis board may, in its discretion, grant or deny the renewal or license applied for. Denial may be based on, without limitation, the existence of chronic illegal activity documented in objections submitted pursuant to subsections (7)(c) and (10) of this section. Authority to approve an uncontested or unopposed license may be granted by the state liquor and cannabis board to any staff member the board designates in writing. Conditions for granting this authority must be adopted by rule.

((c)) (b) No license of any kind may be issued to:

(i) A person under the age of twenty-one years;

(ii) A person doing business as a sole proprietor who has not lawfully resided in the state for at least six months prior to applying to receive a license;

(iii) A partnership, employee cooperative, association, nonprofit corporation, or corporation unless formed under the laws of this state, and unless all of the members thereof are qualified to obtain a license as provided in this section; or

(iv) A person whose place of business is conducted by a manager or agent, unless the manager or agent possesses the same qualifications required of the licensee.

(2) (a) The state liquor and cannabis board may, in its discretion, subject to the provisions of RCW 69.50.334, suspend or cancel any license; and all protections of the licensee from criminal or civil sanctions under state law for

producing, processing, researching, or selling marijuana, marijuana concentrates, useable marijuana, or marijuana-infused products thereunder must be suspended or terminated, as the case may be.

(b) The state liquor and cannabis board must immediately suspend the license of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license is automatic upon the state liquor and cannabis board's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

(c) The state liquor and cannabis board may request the appointment of administrative law judges under chapter 34.12 RCW who shall have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, and to receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, under rules and regulations the state liquor and cannabis board may adopt.

(d) Witnesses must be allowed fees and mileage each way to and from any inquiry, investigation, hearing, or proceeding at the rate authorized by RCW 34.05.446. Fees need not be paid in advance of appearance of witnesses to testify or to produce books, records, or other legal evidence.

(e) In case of disobedience of any person to comply with the order of the state liquor and cannabis board or a subpoena issued by the state liquor and cannabis board, or any of its members, or administrative law judges, or on the refusal of a witness to testify to any matter regarding which he or she may be lawfully interrogated, the judge of the superior court of the county in which the person resides, on application of any member of the board or administrative law judge, compels obedience by contempt proceedings, as in the case of disobedience of the requirements of a subpoena issued from said court or a refusal to testify therein.

(3) Upon receipt of notice of the suspension or cancellation of a license, the licensee must forthwith deliver up the license to the state liquor and cannabis board. Where the license has been suspended only, the state liquor and cannabis board must return the license to the licensee at the expiration or termination of the period of suspension. The state liquor and cannabis board must notify all other licensees in the county where the subject licensee has its premises of the suspension or cancellation of the license; and no other licensee or employee of another licensee may allow or cause any marijuana, marijuana concentrates, useable marijuana, or marijuana-infused products to be delivered to or for any person at the premises of the subject licensee.

(4) Every license issued under this chapter is subject to all conditions and restrictions imposed by this chapter or by rules adopted by the state liquor and cannabis board to implement and enforce this chapter. All conditions and restrictions imposed by the state liquor and cannabis board in the issuance of an individual license must be listed on the face of the individual license along with the trade name, address, and expiration date.

(5) Every licensee must post and keep posted its license, or licenses, in a conspicuous place on the premises.

(6) No licensee may employ any person under the age of twenty-one years.

(7)(a) Before the state liquor and cannabis board issues a new or renewed license to an applicant it must give notice of the application to the chief executive officer of the incorporated city or town, if the application is for a license within an incorporated city or town, or to the county legislative authority, if the application is for a license outside the boundaries of incorporated cities or towns, or to the tribal government if the application is for a license within Indian country under the jurisdiction of a federally recognized Indian tribe, or to the port authority if the application for a license is located on property owned by a port authority.

(b) The incorporated city or town through the official or employee selected by it, ((or)) the county legislative authority or the official or employee selected by it, the tribal government, or

port authority has the right to file with the state liquor and cannabis board within twenty days after the date of transmittal of the notice for applications, or at least thirty days prior to the expiration date for renewals, written objections against the applicant or against the premises for which the new or renewed license is asked. The state liquor and cannabis board may extend the time period for submitting written objections upon request from the authority notified by the state liquor and cannabis board.

(c) The written objections must include a statement of all facts upon which the objections are based, and in case written objections are filed, the city or town or county legislative authority may request, and the state liquor and cannabis board may in its discretion hold, a hearing subject to the applicable provisions of Title 34 RCW. If the state liquor and cannabis board makes an initial decision to deny a license or renewal based on the written objections of an incorporated city or town or county legislative authority, the applicant may request a hearing subject to the applicable provisions of Title 34 RCW. If a hearing is held at the request of the applicant, state liquor and cannabis board representatives must present and defend the state liquor and cannabis board's initial decision to deny a license or renewal.

(d) Upon the granting of a license under this title the state liquor and cannabis board must send written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns.

(8)(a) Except as provided in (b) through (d) of this subsection, the state liquor and cannabis board may not issue a license for any premises within one thousand feet of the perimeter of the grounds of any elementary or secondary school, playground, recreation center or facility, child care center, public park, public transit center, or library, or any game arcade admission to which is not restricted to persons aged twenty-one years or older.

(b) A city, county, or town may permit the licensing of premises within one thousand feet but not less than one hundred feet of the facilities described

in (a) of this subsection, except elementary schools, secondary schools, and playgrounds, by enacting an ordinance authorizing such distance reduction, provided that such distance reduction will not negatively impact the jurisdiction's civil regulatory enforcement, criminal law enforcement interests, public safety, or public health.

(c) A city, county, or town may permit the licensing of research premises allowed under RCW 69.50.372 within one thousand feet but not less than one hundred feet of the facilities described in (a) of this subsection by enacting an ordinance authorizing such distance reduction, provided that the ordinance will not negatively impact the jurisdiction's civil regulatory enforcement, criminal law enforcement, public safety, or public health.

(d) The state liquor and cannabis board may license premises located in compliance with the distance requirements set in an ordinance adopted under (b) or (c) of this subsection. Before issuing or renewing a research license for premises within one thousand feet but not less than one hundred feet of an elementary school, secondary school, or playground in compliance with an ordinance passed pursuant to (c) of this subsection, the board must ensure that the facility:

(i) Meets a security standard exceeding that which applies to marijuana producer, processor, or retailer licensees;

(ii) Is inaccessible to the public and no part of the operation of the facility is in view of the general public; and

(iii) Bears no advertising or signage indicating that it is a marijuana research facility.

(e)(i) The state liquor and cannabis board may not issue a license for any premises within Indian country, as defined in 18 U.S.C. Sec. 1151, including any federal fee patent lands within the exterior boundaries of a reservation, without the consent of the federally recognized tribe associated with the reservation or Indian country.

(ii) The state liquor and cannabis board may issue a license either upon receipt of the consent of the tribe required under (e)(i) of this subsection or after ninety days following the

board's provision of notice to the tribe, as required under subsection (7)(a) of this section, in the event the tribe fails to respond to such notice within this ninety-day period.

(iii) The provisions of this subsection (8)(e) are prospective only and apply only to applications for new licenses received on or after the effective date of this section.

(9) ((Subject to section 1601 of this act,)) A city, town, or county may adopt an ordinance prohibiting a marijuana producer or marijuana processor from operating or locating a business within areas zoned primarily for residential use or rural use with a minimum lot size of five acres or smaller.

(10) In determining whether to grant or deny a license or renewal of any license, the state liquor and cannabis board must give substantial weight to objections from an incorporated city or town or county legislative authority based upon chronic illegal activity associated with the applicant's operations of the premises proposed to be licensed or the applicant's operation of any other licensed premises, or the conduct of the applicant's patrons inside or outside the licensed premises. "Chronic illegal activity" means (a) a pervasive pattern of activity that threatens the public health, safety, and welfare of the city, town, or county including, but not limited to, open container violations, assaults, disturbances, disorderly conduct, or other criminal law violations, or as documented in crime statistics, police reports, emergency medical response data, calls for service, field data, or similar records of a law enforcement agency for the city, town, county, or any other municipal corporation or any state agency; or (b) an unreasonably high number of citations for violations of RCW 46.61.502 associated with the applicant's or licensee's operation of any licensed premises as indicated by the reported statements given to law enforcement upon arrest.

Sec. 3. RCW 69.50.372 and 2016 sp.s. c 9 s 1 are each amended to read as follows:

(1) A marijuana research license is established that permits a licensee to produce, process, and possess marijuana for the following limited research purposes:

(a) To test chemical potency and composition levels;

(b) To conduct clinical investigations of marijuana-derived drug products;

(c) To conduct research on the efficacy and safety of administering marijuana as part of medical treatment; and

(d) To conduct genomic or agricultural research.

(2) As part of the application process for a marijuana research license, an applicant must submit to the liquor and cannabis board's designated scientific reviewer a description of the research that is intended to be conducted. The liquor and cannabis board must select a scientific reviewer to review an applicant's research project and determine that it meets the requirements of subsection (1) of this section, as well as assess the following:

(a) Project quality, study design, value, or impact;

(b) Whether applicants have the appropriate personnel, expertise, facilities/infrastructure, funding, and human/animal/other federal approvals in place to successfully conduct the project; and

(c) Whether the amount of marijuana to be grown by the applicant is consistent with the project's scope and goals.

If the scientific reviewer determines that the research project does not meet the requirements of subsection (1) of this section, the application must be denied.

(3) A marijuana research licensee may only sell marijuana grown or within its operation to other marijuana research licensees. The liquor and cannabis board may revoke a marijuana research license for violations of this subsection.

(4) A marijuana research licensee may contract with the University of Washington or Washington State University to perform research in conjunction with the university. All research projects, not including those projects conducted pursuant to a contract entered into under RCW 28B.20.502(3), must be approved by the scientific reviewer and meet the requirements of subsection (1) of this section.

(5) In establishing a marijuana research license, the liquor and cannabis board may adopt rules on the following:

- (a) Application requirements;
- (b) Marijuana research license renewal requirements, including whether additional research projects may be added or considered;
- (c) Conditions for license revocation;
- (d) Security measures to ensure marijuana is not diverted to purposes other than research;
- (e) Amount of plants, useable marijuana, marijuana concentrates, or marijuana-infused products a licensee may have on its premises;
- (f) Licensee reporting requirements;
- (g) Conditions under which marijuana grown by licensed marijuana producers and other product types from licensed marijuana processors may be donated to marijuana research licensees; and
- (h) Additional requirements deemed necessary by the liquor and cannabis board.

(6) The production, processing, possession, delivery, donation, and sale of marijuana, including immature plants or clones and seeds, in accordance with this section, RCW 69.50.366(3), and the rules adopted to implement and enforce ((it)) this section and RCW 69.50.366(3), by a validly licensed marijuana researcher, shall not be a criminal or civil offense under Washington state law. Every marijuana research license must be issued in the name of the applicant, must specify the location at which the marijuana researcher intends to operate, which must be within the state of Washington, and the holder thereof may not allow any other person to use the license.

(7) The application fee for a marijuana research license is two hundred fifty dollars. The annual fee for issuance and renewal of a marijuana research license is one thousand dollars. The applicant must pay the cost of the review process directly to the scientific reviewer as designated by the liquor and cannabis board.

(8) The scientific reviewer shall review any reports made by marijuana research licensees under liquor and cannabis board rule and provide the liquor and cannabis board with its

determination on whether the research project continues to meet research qualifications under this section.

(6) Qualifying patients or designated providers who participate in a cooperative under this section:

(a) May grow up to the total amount of plants for which each participating member is authorized on their recognition cards, up to a maximum of sixty plants. Qualifying medical marijuana patients and designated providers who have been issued an authorization form, as defined in RCW 69.51A.010, or who hold a recognition card, may purchase immature plants or clones, or marijuana seeds, from a licensed marijuana producer as defined in RCW 69.50.101.

Sec. 10. RCW 15.120.020 and 2016 sp.s. c 11 s 3 are each amended to read as follows:

Except as otherwise provided in this chapter, industrial hemp is an agricultural product that may be grown, produced, possessed, processed, and

exchanged in the state solely and exclusively as part of an industrial hemp research program supervised by the department. Processing any part of industrial hemp, except seed, as food, extract, oil, cake, concentrate, resin, or other preparation for topical use, oral consumption, or inhalation by humans is prohibited, unless authorized by the department under section 11 of this act.

NEW SECTION. Sec. 11. A new section is added to chapter 15.120 RCW to read as follows:

(1) The department may allow a person holding an industrial hemp license authorizing the licensee to grow, produce, possess, or process industrial hemp to sell or transfer industrial hemp to a marijuana processor licensed under chapter 69.50 RCW and the rules adopted by the state liquor and cannabis board, for use by the marijuana processor.

(2) A licensed marijuana processor is not required to obtain an industrial hemp license from the department in order to possess or process industrial hemp for the purposes authorized under this section.

(4) The department may adopt rules, in consultation with the state liquor and cannabis board, to implement this section.

NEW SECTION. Sec. 12. The legislature finds that protecting the state's children, youth, and young adults under the legal age to purchase and consume marijuana, by establishing limited restrictions on the advertising of marijuana and marijuana products, is necessary to assist the state's efforts to discourage and prevent underage consumption and the potential risks associated with underage consumption. The legislature finds that these restrictions assist the state in maintaining a strong and effective regulatory and enforcement system as specified by the federal government. The legislature finds this act leaves ample opportunities for licensed marijuana businesses to market their products to

those who are of legal age to purchase them, without infringing on the free speech rights of business owners. Finally, the legislature finds that the state has a substantial and compelling interest in enacting this act aimed at protecting Washington's children, youth, and young adults.

(b) Licensed marijuana retailers with a medical marijuana endorsement must ensure that all employees are trained on the subjects required by (a) of this subsection as well as identification of authorizations and recognition cards. Employees must also be trained to permit qualifying patients who hold recognition cards and are between the ages of eighteen and twenty-one to enter the premises and purchase marijuana for their personal medical use and to permit qualifying patients who are under the age

of eighteen with a recognition card to enter the premises if accompanied by their designated providers.

(4) ((Licensed marijuana retailers may not display any signage outside of the licensed premises, other than two signs identifying the retail outlet by the licensee's business or trade name. Prime Sponsor, Committee on Ways & Means: Authorizing specified local governments to designate a portion of their territory as a creative district subject to certification by the Washington state arts commission. Reported by Committee on Community Development, Housing & Tribal Affairs

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) A creative district is a designated, geographical, mixed-use area of a community in which a high concentration of cultural facilities, creative businesses, or arts-related businesses serve as a collective anchor of public attraction;

(b) In certain cases, multiple vacant properties in close proximity may exist within a community that would be suitable for redevelopment as a creative district;

(c) Creative districts are a highly adaptable economic development tool that is able to take a community's unique conditions, assets, needs, and opportunities into account and thereby address the needs of large, small, rural, and urban areas;

(d) Creative districts may be home to both nonprofit and for-profit creative industries and organizations;

(e) The arts and culture transcend boundaries of race, age, gender, language, and social status; and

(f) Creative districts promote and improve communities in particular and the state more generally in many ways. Specifically, such districts:

(i) Attract artists and creative entrepreneurs to a community and thereby infuse the community with energy and innovation and enhance the economic and civic capital of the community;

(ii) Create a hub of economic activity that helps an area become an appealing place to live, visit, and conduct business, complements adjacent businesses, creates new economic opportunities and jobs in both the cultural sector and other local

industries, and attracts new businesses and assists in the recruitment of employees;

(iii) Establish marketable tourism assets that highlight the distinct identity of communities, attract in-state, out-of-state, and international visitors, and become especially attractive destinations for cultural, recreational, and business travelers;

(iv) Revitalize and beautify neighborhoods, cities, and larger regions, reverse urban decay, promote the preservation of historic buildings, and facilitate a healthy mixture of business and residential activity that contributes to reduced vacancy rates and enhanced property values;

(v) Provide a focal point for celebrating and strengthening a community's unique cultural identity, providing communities with opportunities to highlight existing cultural amenities as well as mechanisms to recruit and establish new artists, creative industries, and organizations;

(vi) Provide artists with a creative area in which they can live and work, with living spaces that enable them to work in artistic fields and find affordable housing close to their place of employment; and

(vii) Enhance property values. Successful creative districts combine improvements to public spaces such as parks, waterfronts, and pedestrian corridors, alongside property development. The redevelopment of abandoned properties and historic sites and recruiting businesses to occupy vacant spaces can also contribute to reduced vacancy rates and enhanced property values.

(2) It is the intent of the legislature that the state provide leadership, technical support, and the infrastructure to local communities desirous of creating their own creative districts by, among other things, certifying districts, offering available incentives to encourage business development, exploring new incentives that are directly related to creative enterprises, facilitating local access to state assistance, enhancing the visibility of creative districts, providing technical assistance and planning help, ensuring broad and equitable program benefits, and fostering a supportive climate for the

arts and culture, thereby contributing to the development of healthy communities across the state and improving the quality of life of the state's residents.

 the public two-year and four-year
 institutions of higher education. Reported
 by Committee on Capital Budget

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting
 clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The office
 of financial management, in consultation
 with the legislative fiscal committees,
 the state board for community and
 technical colleges, and the public four-
 year institutions of higher education,
 shall:

(a) Develop learning space utilization
 standards for higher education
 facilities. The standards may include:

(i) Percentage of hours utilized per
 scheduling window;

(ii) Percentage of seats utilized;

(iii) Square feet per seat; and

(iv) Type of technology utilized in
 learning spaces.

(b) Develop reasonableness of cost
 standards for higher education capital
 projects. The standards may include:

(i) Costs per square feet per type of
 facility;

(ii) Expected life-cycle costs; and

(iii) Project schedules that result in
 realistic, balanced, and predictable
 expenditure patterns over the ensuing
 three biennia.

(c) Develop a criteria scoring and
 prioritization matrix for use by four-
 year higher education institutions and
 other decision makers to produce single
 prioritized lists of higher education
 capital projects that consists of two
 components:

(i) A numeric rating scale that
 assesses how well a particular project
 satisfies higher education capital
 project criteria; and

(ii) A numeric measure to weigh the
 importance of those criteria.

(2) The office of financial management
 shall provide technical assistance to the

legislative fiscal committees and the
 four-year institutions in using the
 criteria scoring and prioritization
 matrix developed in subsection (1)(c) of
 this section.

Sec. 2. RCW 43.88D.010 and 2012 c 229
 s 821 are each amended to read as
 follows:

(1) By October 1st of each even-
 numbered year, the office of financial
 management shall complete an objective
 analysis and scoring of all capital
 budget projects proposed by the public
 four-year institutions of higher
 education and submit the results of the
 scoring process to the legislative fiscal
 committees and the four-year
 institutions. Each project must be
 reviewed and scored within ~~((one of))~~ the
 following categories ~~((, according to the
 project's principal purpose))~~. ~~((Each))~~
Projects with more than one categorical
 component as defined in (a) through (f)
 of this subsection may be scored in
 ((only)) more than one category and
 weighted as a ratio of costs attributed
 to that categorical component to total
 project costs. The categories are:

(a) ~~((Access-related))~~ Growth projects
 to accommodate enrollment growth at
~~((main and branch))~~ higher education
 campuses, at existing or new university
 centers, or through distance learning.
 Growth projects should provide
 significant additional student capacity
to increase program access. Proposed
 projects must demonstrate that they are
 based on solid enrollment demand
 projections, ~~((more cost-effectively))~~
provide more cost-effective enrollment
 access than alternatives such as
 university centers and distance
 learning, and make cost-effective use of
 existing and proposed new space;

(b) Projects that replace failing
 permanent buildings or projects that
 cannot be economically renovated are
 replacement projects. ~~((Facilities that
 cannot be economically renovated are
 considered replacement projects. New
 space may be programmed for the same or
 a different use than the space being
 replaced and may include additions to
 improve access and enhance the
 relationship of program or support))~~
Replaced facilities must either be
 demolished or removed from the inventory
 of learning space;

(c) Projects that renovate or
 modernize facilities to restore building

life and upgrade space to meet current program requirements are renovation projects. Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least ~~((twenty-five))~~ thirty years of useful life ~~((New space may be programmed for the same or a different use than the space being renovated and may include additions to improve access and enhance the relationship of program or support space))~~;

(d) Major stand-alone campus infrastructure projects. Projects scored under other categories with significant campus infrastructure costs may also include scoring in this category;

(e) Projects that promote economic growth and innovation through expanded research activity. The acquisition and installation of specialized equipment is authorized under this category; and

(f) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(2) The office of financial management, in consultation with the legislative fiscal committees, shall establish a scoring system and process for each four-year project category ~~((that is based on the framework used in the community and technical college system of prioritization))~~. Staff from the state board for community and technical colleges and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(3) The office of financial management shall consult with the legislative fiscal committees in developing the criteria and the scoring methodology of four-year institution project proposals, and may also solicit participation by independent experts ~~((→))~~ in consideration of the following:

(a) For each four-year project category, the scoring system must ~~((at a minimum, include))~~ establish criteria including, but not limited to, an evaluation of enrollment trends, reasonableness of cost, the ability of the project to enhance specific strategic master plan goals, age and condition of the facility if applicable, ((and))

impact on learning space utilization, and other criteria as determined by the office of financial management in consultation with the legislative fiscal committees.

~~((b))~~ ~~((Each four year project category may include projects at the predesign, design, or construction funding phase.~~

~~((c))~~ To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, transparency and accountability, and levels of resources.

~~((4))~~ ~~((In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.~~

~~((5))~~ The office of financial management shall distribute common definitions, the scoring system, and other information and forms required for the project proposal and scoring process as part of its biennial budget instructions. The office of financial management, in consultation with the legislative fiscal committees, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

~~((6))~~ (5) In developing any scoring system for capital projects proposed by the four-year institutions, the office of financial management:

(a) Shall be provided with all required information by the four-year institutions as deemed necessary by the office of financial management; and

(b) May utilize independent services to verify, sample, or evaluate information provided to the office of financial management by the four-year institutions ~~((→ and~~

The lists must be submitted to the office of financial management and the legislative fiscal committees. The four year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided))~~ to the office of financial management and the legislative fiscal committees:

(a) Individual project proposals developed pursuant to subsection (1) of this section;

(1) The council shall identify budget priorities and levels of funding for higher education, including the two and four-year institutions of higher education and state financial aid programs. It is the intent of the legislature for the council to make budget recommendations for allocations for major policy changes in accordance with priorities set forth in the ten-year ~~((plan))~~ roadmap as defined in RCW 28B.77.020, but the legislature does not intend for the council to review and make recommendations on individual institutional budgets. It is the intent of the legislature that recommendations from the council prioritize funding needs for the overall system of higher education in accordance with priorities set forth in the ten-year ~~((plan))~~ roadmap. It is also the intent of the legislature that the council's recommendations take into consideration the total per-student funding at similar public institutions of higher education in the global challenge states.

(2) By December of each odd-numbered year, the council shall outline the council's fiscal priorities under the ten-year ~~((plan))~~ roadmap that it must distribute to the institutions, the state board for community and technical colleges, the office of financial management, and the joint higher education committee.

~~((a))~~ Capital budget outlines for the two-year institutions shall be submitted to the office of financial management by August 15th of each even numbered year, and shall include the prioritized ranking of the capital projects being requested, a description of each capital project, and the amount and fund source being requested.

~~((b))~~ Capital budget outlines for the four-year institutions must be submitted to the office of financial management by August 15th of each even numbered year, and must include: The institutions' priority ranking of the project; the capital budget category within which the project will be submitted to the office of financial management in accordance with RCW 43.88D.010; a description of each capital project; and the amount and fund source being requested.

~~((c))~~ The office of financial management shall reference these reporting requirements in its budget instructions.)

(3) The council shall submit recommendations on the operating budget priorities to support the ten-year ~~((plan))~~ roadmap to the office of financial management by October 1st each year, and to the legislature by January 1st each year.

~~((4))~~ (a) The office of financial management shall develop one prioritized list of capital projects for the legislature to consider that includes all of the projects requested by the four-year institutions of higher education that were scored by the office of financial management pursuant to chapter 43.88D RCW, including projects that were previously scored but not funded. The prioritized list of capital projects shall be based on the following priorities in the following order:

~~((i))~~ Office of financial management scores pursuant to chapter 43.88D RCW;

~~((ii))~~ Preserving assets;

~~((iii))~~ Degree production; and

~~(iv) Maximizing efficient use of instructional space.~~

~~(b) The office of financial management shall include all of the capital projects requested by the four-year institutions of higher education, except for the minor works projects, in the prioritized list of capital projects provided to the legislature.~~

~~(c) The form of the prioritized list for capital projects requested by the four-year institutions of higher education shall be provided as one list, ranked in priority order with the highest priority project ranked number "1" through the lowest priority project numbered last. The ranking for the prioritized list of capital projects may not:~~

~~(i) Include subpriorities;~~

~~(ii) Be organized by category;~~

SSB 5438 Prime Sponsor, Committee on Energy, Environment & Telecommunications: Promoting the completion of environmental impact statements within two years. Reported by Committee on Environment

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the analysis of environmental impacts required under the state environmental policy act adds value to government decision-making processes in Washington state and helps minimize the potential environmental harm coming from those government decisions. However, the legislature also recognizes that excessive delays in the environmental impact analysis process adds uncertainty and burdensome costs to those seeking to do business in the state of Washington. Therefore, it is the intent of the legislature to promote timely completion of state environmental policy act processes. In doing so, the legislature intends to restore balance between the need to carefully consider environmental impacts and the need to maintain the economic competitiveness of state businesses.

NEW SECTION. Sec. 2. A new section is added to chapter 43.21C RCW to read as follows:

(1) A lead agency shall aspire to prepare a final environmental impact statement required by RCW 43.21C.030(2) in as expeditious a manner as possible while not compromising the integrity of the analysis.

(a) For even the most complex government decisions associated with a broad scope of possible environmental impacts, a lead agency shall aspire to prepare a final environmental impact statement required by RCW 43.21C.030(2) within twenty-four months of a threshold determination of a probable significant, adverse environmental impact.

(b) Wherever possible, a lead agency shall aspire to far outpace the twenty-four month time limit established in this section for more commonplace government decisions associated with narrower and more easily identifiable environmental impacts.

(2) Beginning December 31, 2018, and every two years thereafter, the department of ecology must submit a report consistent with RCW 43.01.036 on the environmental impact statements produced by state agencies and local governments to the appropriate committees of the legislature. The report must include data on the average time, and document the range of time, it took to complete environmental impact statements within the previous two years. The report must also identify any incomplete environmental impact statements that have exceeded the aspirational time limit established in subsection (1)(a) of this section.

(3) Nothing in this section creates any civil liability for a lead agency or creates a new cause of action against a lead agency."
