(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(v) Provide grants to local governments for remedial actions related to area-wide groundwater contamination. To receive the

funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under (e)(iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(f) To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance. For the 2013-2015 fiscal biennium, moneys in the local toxics control account may be spent on projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of 2013 2nd sp. sess.

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics control account may be used for: Natural disasters where there is no hazardous substance contamination; high performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the

hazardous substance tax imposed in chapter 82.21 RCW.

(7) Except during the 2011-2013 and the 2015-2017 fiscal biennia, one percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited procedures in RCW 34.05.353. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. affects the ability of a potentially liable person to receive public funding.

(10) During the 2015-2017 fiscal biennium the local toxics control account may also be used for the centennial clean water program and for the storm water financial assistance program administered by the department of ecology.

Sec. 964. RCW 71.24.580 and 2016 sp.s. c 29 s 511 are each amended to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance use disorder treatment and treatment support services for offenders with a substance use

disorder that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; (b) the provision of substance use disorder treatment services and treatment support services for nonviolent offenders within a drug court program; and (c) the administrative and overhead costs associated with the operation of a drug court. During the 2015-2017 fiscal biennium, the legislature may transfer from the criminal justice treatment account to the state general fund amounts as reflect the state savings associated with the implementation of the medicaid expansion of the federal affordable care act and the excess fund balance of the account. During the 2017-2019 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the state general fund. It is the intent of the legislature that this policy be continued in future biennia. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant's successful completion of his or her substance use disorder treatment program, but does not include the following services: Housing other than that provided as part of an inpatient substance use disorder treatment program, vocational training, and mental health counseling; and

(b) "Treatment support" means transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist of: (a) Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4)(a) For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

(b) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (a) of this subsection to the department for the

purposes of subsection (5) of this section.

(5) Moneys appropriated to the department from the criminal justice treatment account shall be distributed as specified in this subsection. The department may retain up to three percent of the amount appropriated under subsection (4)(b) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the department from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The division of alcohol and substance abuse, in consultation with the department of corrections, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance use disorder treatment providers, and any other person deemed by the department to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the department from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The department shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, substance use disorder treatment providers, and the division. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The funds shall be used solely to provide approved alcohol and substance abuse treatment pursuant to RCW 71.24.560, treatment support services, and for the administrative and overhead costs associated with the operation of a drug court.

(a) No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent on the administrative and overhead costs associated with the operation of a drug court.

(b) No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) Counties must meet the criteria established in RCW 2.30.030(3).

(10) The authority under this section to use funds from the criminal justice treatment account for the administrative and overhead costs associated with the operation of a drug court expires June 30, 2015.

Sec. 965. RCW 74.13.621 and 2015 3rd sp.s. c 4 s 970 are each amended to read as follows:

(1) Within existing resources, the department shall establish an oversight

committee to monitor, guide, and report on kinship care recommendations and implementation activities. The committee shall:

(a) Draft a kinship care definition that is restricted to persons related by blood, marriage, or adoption, including marriages that have been dissolved, or for a minor defined as an "Indian child" under the federal Indian child welfare act (25 U.S.C. Sec. 1901 et seq.), the definition of "extended family member" under the federal Indian child welfare act, and a set of principles. If the committee concludes that one or more programs or services would be more efficiently and effectively delivered under a different definition of kin, it shall state what definition is needed, and identify the program or service in the report. It shall also provide evidence of how the program or service will be more efficiently and effectively delivered under the different definition. The department shall not adopt rules or policies changing the definition of kin without authorizing legislation;

(b) Monitor and provide consultation on the implementation of recommendations contained in the 2002 kinship care report, including but not limited to the recommendations relating to legal and respite care services and resources;

(c) Partner with nonprofit organizations and private sector businesses to guide a public education awareness campaign; and

(d) Assist with developing future recommendations on kinship care issues.

(2) The department shall consult with the oversight committee on its efforts to better collaborate and coordinate services to benefit kinship care families.

(3) The oversight committee must consist of a minimum of thirty percent kinship caregivers, who shall represent a diversity of kinship families. Statewide representation with geographic, ethnic, and gender diversity is required. Other members shall include representatives of the department, representatives of relevant state agencies, representatives of the private nonprofit and business sectors, child advocates, representatives of Washington state Indian tribes as defined under the federal Indian welfare act (25 U.S.C. Sec. 1901 et seq.), and representatives of the legal or judicial field. Birth parents, foster parents, and others who have an interest in these issues may also be included.

(4) To the extent funding is available, the department may reimburse nondepartmental members of the oversight committee for costs incurred in participating in the meetings of the oversight committee.

(5) The kinship care oversight committee shall update the legislature and governor annually on committee activities, with the first update due by January 1, 2006.

(6) This section expires June 30, (~~2017~~) 2019.

Sec. 966. RCW 74.39A.270 and 2016 sp.s. c 30 s 1 are each amended to read as follows:

(1) Solely for the purposes of collective bargaining and as expressly limited under subsections (2) and (3) of this section, the governor is the public employer, as defined in chapter 41.56 RCW, of individual providers, who, solely for the purposes of collective bargaining, are public employees as defined in chapter 41.56 RCW. To accommodate the role of the state as payor for the community-based services provided under this chapter and to ensure coordination with state employee collective bargaining under chapter 41.80 RCW and the coordination necessary to implement RCW 74.39A.300, the public employer shall be represented for bargaining purposes by the governor or the governor's designee appointed under chapter 41.80 RCW. The governor or governor's designee shall periodically consult with the authority during the collective bargaining process to allow the authority to communicate issues relating to the long-term in-home care services received by consumers. The department shall solicit input from the developmental disabilities council, the governor's committee on disability issues and employment, the state council on aging, and other consumer advocacy organizations to obtain informed input from consumers on their interests, including impacts on consumer choice, for all issues proposed for collective bargaining under subsections (5) and (6) of this section.

(2) Chapter 41.56 RCW governs the collective bargaining relationship between the governor and individual providers, except as otherwise expressly provided in this chapter and except as follows:

(a) The only unit appropriate for the purpose of collective bargaining under RCW

41.56.060 is a statewide unit of all individual providers;

(b) The showing of interest required to request an election under RCW 41.56.060 is ten percent of the unit, and any intervener seeking to appear on the ballot must make the same showing of interest;

(c) The mediation and interest arbitration provisions of RCW 41.56.430 through 41.56.470 and 41.56.480 apply, except that:

(i) With respect to commencement of negotiations between the governor and the bargaining representative of individual providers, negotiations shall be commenced by May 1st of any year prior to the year in which an existing collective bargaining agreement expires; and

(ii) The decision of the arbitration panel is not binding on the legislature and, if the legislature does not approve the request for funds necessary to implement the compensation and fringe benefit provisions of the arbitrated collective bargaining agreement, is not binding on the authority or the state;

(d) Individual providers do not have the right to strike; and

(e) Individual providers who are related to, or family members of, consumers or prospective consumers are not, for that reason, exempt from this chapter or chapter 41.56 RCW.

(3) Individual providers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state, its political subdivisions, or an area agency on aging for any purpose. Chapter 41.56 RCW applies only to the governance of the collective bargaining relationship between the employer and individual providers as provided in subsections (1) and (2) of this section.

(4) Consumers and prospective consumers retain the right to select, hire, supervise the work of, and terminate any individual provider providing services to them. Consumers may elect to receive long-term in-home care services from individual providers who are not referred to them by the authority.

(5) Except as expressly limited in this section and RCW 74.39A.300, the wages, hours, and working conditions of individual providers are determined solely through collective bargaining as provided

in this chapter. Except as described in subsection (9) of this section, no agency or department of the state may establish policies or rules governing the wages or hours of individual providers. This subsection does not modify:

(a) The department's authority to establish a plan of care for each consumer or its core responsibility to manage long-term in-home care services under this chapter, including determination of the level of care that each consumer is eligible to receive. However, at the request of the exclusive bargaining representative, the governor or the governor's designee appointed under chapter 41.80 RCW shall engage in collective bargaining, as defined in RCW 41.56.030(4), with the exclusive bargaining representative over how the department's core responsibility affects hours of work for individual providers. This subsection shall not be interpreted to require collective bargaining over an individual consumer's plan of care;

(b)(i) The requirement that the number of hours the department may pay any single individual provider is limited to:

(A) Sixty hours each workweek if the individual provider was working an average number of hours in excess of forty hours for the workweeks during January 2016, except for fiscal years 2016 ~~((and))~~, 2017, and 2018, the limit is sixty-five hours each workweek; or

(B) Forty hours each workweek if the individual provider was not working an average number of hours in excess of forty hours for the workweeks during January 2016, or had no reported hours for the month of January 2016.

(ii) Additional hours may be authorized under criteria established by rules adopted by the department under subsection (9) of this section.

(iii) Additional hours may be authorized for required training under RCW 74.39A.074, 74.39A.076, and 74.39A.341.

(iv) An individual provider may appeal to the department for qualification for the hour limitation in (b)(i)(A) of this subsection if the average weekly hours the ~~((individual))~~ individual provider was working in January 2016 materially underrepresent the average weekly hours worked by the individual provider during the first three months of 2016.

(v) No individual provider is subject to the hour limitations in (b)(i)(A) of this subsection until the department has conducted a review of the plan of care for the consumers served by the ~~((individual))~~ individual provider. The department shall review plans of care expeditiously, starting with consumers connected with the most individual provider overtime;

(c) The requirement that the total number of additional hours in excess of forty hours authorized under (b) of this subsection and subsection (9) of this section are limited by the total hours as provided in subsection (10) of this section;

(d) The department's authority to terminate its contracts with individual providers who are not adequately meeting the needs of a particular consumer, or to deny a contract under RCW 74.39A.095(8);

(e) The consumer's right to assign hours to one or more individual providers consistent with the rules adopted under this chapter and his or her plan of care;

(f) The consumer's right to select, hire, terminate, supervise the work of, and determine the conditions of employment for each individual provider providing services to the consumer under this chapter;

(g) The department's obligation to comply with the federal medicaid statute and regulations and the terms of any community-based waiver granted by the federal department of health and human services and to ensure federal financial participation in the provision of the services; and

(h) The legislature's right to make programmatic modifications to the delivery of state services under this title, including standards of eligibility of consumers and individual providers participating in the programs under this title, and the nature of services provided. The governor shall not enter into, extend, or renew any agreement under this chapter that does not expressly reserve the legislative rights described in this subsection (5)(h).

(6) At the request of the exclusive bargaining representative, the governor or the governor's designee appointed under chapter 41.80 RCW shall engage in collective bargaining, as defined in RCW 41.56.030(4), with the exclusive bargaining representative over employer

contributions to the training partnership for the costs of: (a) Meeting all training and peer mentoring required under this chapter; and (b) other training intended to promote the career development of individual providers.

(7) The state, the department, the area agencies on aging, or their contractors under this chapter may not be held vicariously or jointly liable for the action or inaction of any individual provider or prospective individual provider, whether or not that individual provider or prospective individual provider was included on the referral registry or referred to a consumer or prospective consumer. The existence of a collective bargaining agreement, the placement of an individual provider on the referral registry, or the development or approval of a plan of care for a consumer who chooses to use the services of an individual provider and the provision of case management services to that consumer, by the department or an area agency on aging, does not constitute a special relationship with the consumer.

(8) Nothing in this section affects the state's responsibility with respect to unemployment insurance for individual providers. However, individual providers are not to be considered, as a result of the state assuming this responsibility, employees of the state.

(9) The department may not pay any single individual provider more than the hours listed in subsection (5)(b) of this section unless the department authorizes additional hours under criteria established by rule. The criteria must be limited in scope to reduce the state's exposure to payment of overtime, address travel time from worksite to worksite, and address the following needs of consumers:

(a) Ensuring that consumers are not at increased risk for institutionalization;

(b) When there is a limited number of ~~((individual))~~ individual providers within the geographic region of the consumer;

(c) When there is a limited number of ~~((individual))~~ individual providers available to support a consumer with complex medical and behavioral needs or specific language needs;

(d) Emergencies that could pose a health and safety risk for consumers; and

(e) Instances where the cost of the allowed hour is less than other alternatives to provide care to a consumer, distinct from any increased risk of institutionalization.

(10) (a) Each fiscal year, the department shall establish a spending plan and a system to monitor the authorization and cost of hours in excess of forty hours each workweek from subsections (5) (b) and (9) of this section beginning July 1, 2016, and each fiscal year thereafter. Expenditures for hours in excess of forty hours each workweek under subsections (5) (b) and (9) of this section shall not exceed 8.75 percent of the total average authorized personal care hours for the fiscal year as projected by the caseload forecast council. The caseload forecast council may adopt a temporary adjustment to the 8.75 percent of the total average hours projection for that fiscal year, up to a maximum of 10.0 percent, if it finds a higher percentage of overtime hours is necessitated by a shortage of individual providers to provide adequate client care, taking into consideration factors including the criteria in subsection (9) of this section. If the council elects to temporarily increase the limit, it may do so only upon a majority vote of the council.

(b) The department also shall provide expenditure reports beginning September 1, 2016, and on a quarterly basis thereafter. If the department determines, based upon quarterly expenditure reports, that the annual expenditures will exceed the limitation established in (a) of this subsection, the department shall take those actions necessary to ensure compliance with the limitation.

(c) The spending plan and expenditure reports must be submitted to the legislative fiscal committees and the joint legislative-executive overtime oversight task force. The joint legislative-executive overtime oversight task force members are as follows:

(i) Two members from each of the two largest caucuses of the senate, appointed by the respective caucus leaders.

(ii) The speaker of the house of representatives shall appoint two members from each of the two largest caucuses of the house of representatives.

(iii) The governor shall appoint members representing the department of social and health services and the office of financial management.

(iv) The governor shall appoint two members representing individual providers and two members representing consumers receiving personal care or respite care services from an individual provider.

(d) The task force shall meet at least annually, but may meet more frequently as desired by the task force. The task force shall choose cochairs, one from among the legislative members and one from among the executive branch members.

(e) The department is authorized to adopt rules, including emergency rules under RCW 34.05.350, to implement this subsection.

Sec. 967. RCW 77.12.201 and 2016 sp.s. c 36 s 947 are each amended to read as follows:

The legislative authority of a county may elect, by giving written notice to the director and the treasurer prior to January 1st of any year, to obtain for the following year an amount in lieu of real property taxes on game lands as provided in RCW 77.12.203. Upon the election, the county shall keep a record of all fines, forfeitures, reimbursements, and costs assessed and collected, in whole or in part, under this title for violations of law or rules adopted pursuant to this title, with the exception of the ((2011-2013, 2013-2015[,] and)) 2015-2017 and 2017-2019 fiscal biennia, and shall monthly remit an amount equal to the amount collected to the state treasurer for deposit in the state general fund. The election shall continue until the department is notified differently prior to January 1st of any year.

Sec. 968. RCW 77.12.203 and 2015 3rd sp.s. c 4 s 971 are each amended to read as follows:

(1) Except as provided in subsection (5) of this section and notwithstanding RCW 84.36.010 or other statutes to the contrary, the director must pay by April 30th of each year on game lands, regardless of acreage, in each county, if requested by an election under RCW 77.12.201, an amount in lieu of real property taxes equal to that amount paid on similar parcels of open space land taxable under chapter 84.34 RCW or the greater of seventy cents per acre per year or the amount paid in 1984 plus an additional amount for control of noxious weeds equal to that which would be paid if such lands were privately owned. This amount may not be assessed or paid on department buildings, structures,

facilities, game farms, fish hatcheries, water access sites, tidelands, or public fishing areas.

(2) "Game lands," as used in this section and RCW 77.12.201, means those tracts, regardless of acreage, owned in fee by the department and used for wildlife habitat and public recreational purposes. All lands purchased for wildlife habitat, public access, or recreation purposes with federal funds in the Snake River drainage basin are considered game lands regardless of acreage.

(3) This section does not apply to lands transferred after April 23, 1990, to the department from other state agencies.

(4) The county must distribute the amount received under this section in lieu of real property taxes to all property taxing districts except the state in appropriate tax code areas the same way it would distribute local property taxes from private property. The county must distribute the amount received under this section for weed control to the appropriate weed district.

(5) For the ((~~2013-2015 and~~) 2015-2017 and 2017-2019 fiscal biennia, the director must pay by April 30th of each year on game lands in each county, if requested by an election under RCW 77.12.201, an amount in lieu of real property taxes and must be distributed as follows:

County	
Adams	1,909
Asotin	36,123
Chelan	24,757
Columbia	7,795
Ferry	6,781
Garfield	4,840

Klickitat	21,906
Lincoln	13,535
Okanogan	151,402
Pend Oreille	3,309
Yakima	126,225

These amounts may not be assessed or paid on department buildings, structures, facilities, game farms, fish hatcheries, water access sites, tidelands, or public fishing areas.

Sec. 969. RCW 79.64.040 and 2015 3rd sp.s. c 4 s 972 are each amended to read as follows:

(1) The board shall determine the amount deemed necessary in order to achieve the purposes of this chapter and shall provide by rule for the deduction of this amount from the moneys received from all leases, sales, contracts, licenses, permits, easements, and rights-of-way issued by the department and affecting state lands and aquatic lands, provided that no deduction shall be made from the proceeds from agricultural college lands.

(2) Moneys received as deposits from successful bidders, advance payments, and security under RCW 79.15.100, 79.15.080, and 79.11.150 prior to December 1, 1981, which have not been subjected to deduction under this section are not subject to deduction under this section.

(3) Except as otherwise provided in subsection (5) of this section, the deductions authorized under this section shall not exceed twenty-five percent of the moneys received by the department in connection with any one transaction pertaining to state lands and aquatic lands other than second-class tide and shore lands and the beds of navigable waters, and fifty percent of the moneys received by the department pertaining to second-class tide and shore lands and the beds of navigable waters.

(4) In the event that the department sells logs using the contract harvesting process described in RCW 79.15.500 through 79.15.530, the moneys received subject to this section are the net proceeds from the contract harvesting sale.

(5) ((During the 2013-2015 fiscal biennium, the twenty-five percent limitation on deductions set in subsection (3) of this section may be increased up to thirty percent by the board.)) During the 2015-2017 and 2017-2019 fiscal ((biennium)) biennia, the board may increase the twenty-five percent limitation up to thirty-two percent.

Sec. 970. RCW 79.64.110 and 2015 3rd sp.s. c 4 s 973 are each amended to read as follows:

(1) Any moneys derived from the lease of state forestlands or from the sale of valuable materials, oils, gases, coal, minerals, or fossils from those lands, or the appraised value of these resources when transferred to a public agency under RCW 79.22.060, except as provided in RCW

79.22.060(4), must be distributed as follows:

(a) For state forestlands acquired through RCW 79.22.040 or by exchange for lands acquired through RCW 79.22.040:

(i) The expense incurred by the state for administration, reforestation, and protection, not to exceed twenty-five percent, which rate of percentage shall be determined by the board, must be returned to the forest development account created in RCW 79.64.100. During the 2015-2017 and 2017-2019 fiscal (~~(biennium)~~) biennia, the board may increase the twenty-five percent limitation up to twenty-seven percent.

(ii) Any balance remaining must be paid to the county in which the land is located or, for counties participating in a land pool created under RCW 79.22.140, to each participating county proportionate to its contribution of asset value to the land pool as determined by the board. Payments made under this subsection are to be paid, distributed, and prorated, except as otherwise provided in this section, to the various funds in the same manner as general taxes are paid and distributed during the year of payment.

(iii) Any balance remaining, paid to a county with a population of less than sixteen thousand, must first be applied to the reduction of any indebtedness existing in the current expense fund of the county during the year of payment.

(iv) With regard to moneys remaining under this subsection (1)(a), within seven working days of receipt of these moneys, the department shall certify to the state treasurer the amounts to be distributed to the counties. The state treasurer shall distribute funds to the counties four times per month, with no more than ten days between each payment date.

(b) For state forestlands acquired through RCW 79.22.010 or by exchange for lands acquired through RCW 79.22.010, except as provided in RCW 79.64.120:

(i) Fifty percent shall be placed in the forest development account.

(ii) Fifty percent shall be prorated and distributed to the state general fund, to be dedicated for the benefit of the public schools, to the county in which the land is located or, for counties participating in a land pool created under RCW 79.22.140, to each participating county proportionate to its contribution of asset value to the land pool as

PART XII

HUMAN SERVICES

Sec. 1201. 2016 sp.s. c 36 s 201 (unmodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation

authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open

enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. No later than October 1, 2015, the department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(c) The department, in coordination with the health care authority, shall pursue a federal waiver to use supplemental nutrition assistance program eligibility, aged, blind, or disabled program eligibility, or temporary assistance for needy families eligibility, to enroll eligible persons into medicaid.

(7) In accordance with RCW 71.24.380, the health care authority and the department are authorized to purchase medical and behavioral health services through integrated contracts upon request of all of the county authorities in a regional service area to become an early adopter of fully integrated purchasing of medical and behavioral health services. The department may combine and transfer such amounts appropriated under sections 204, 208, and 213 of this act as may be necessary to fund early adopter contracts. The amount of medicaid funding transferred from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. The amount of non-medicaid funding transferred from sections 204 and 208 may not exceed the amount that would have been contracted with a behavioral health organization if the county authorities had not requested to become an early adopter of fully integrated purchasing. These limits do not apply to the amounts provided in section 204(1)(s) of this act. If any funding that this act provides solely for a specific purpose is transferred under this subsection, that funding must be used consistently with the provisions and conditions for which it was provided.

(8) In accordance with RCW 71.24.380, the department is authorized to purchase mental health and substance use disorder services through integrated contracts with behavioral health organizations. The department may combine and transfer such amounts appropriated under sections 204 and 208 of this act as may be necessary to finance these behavioral health organization contracts. If any funding that this act provides solely for a specific purpose is transferred under this subsection, that funding must be used consistently with the provisions and conditions for which it was provided.

(9)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, ~~((2016)) 2017~~, unless prohibited by this act, the department may transfer general fund-state appropriations for fiscal year ~~((2016)) 2017~~ among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ~~((2016)) 2017~~ caseload forecasts and utilization assumptions in the long-term care, foster care, adoptions support, medical personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(10) To facilitate the authority provided in subsection (7) and (8) of this section, and to ensure a new accounting structure is in place as of July 1, 2017,

the department is authorized to create a new program for accounting purposes only that combines the mental health program and alcohol and substance abuse program allotments and expenditures.

(c) The juvenile courts and administrative office of the courts shall be responsible for collecting and distributing information and providing access to the data systems to the juvenile rehabilitation administration and the Washington state institute for public policy related to program and outcome data. The juvenile rehabilitation administration and the juvenile courts will work collaboratively to develop program outcomes that reinforce the greatest cost benefit to the state in the implementation of evidence-based practices and disposition alternatives.

(7) The juvenile courts and administrative office of the courts shall collect and distribute information related to program outcome and provide access to these data systems to the juvenile rehabilitation administration and Washington state institute for public policy. The agreements between administrative office of the courts, the juvenile courts, and the juvenile rehabilitation administration shall be executed to ensure that the juvenile rehabilitation administration receives the data that the juvenile rehabilitation administration identifies as needed to comply with this subsection. \$1,664,677,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) For the purposes of this subsection, the term "regional support networks," includes, effective April 1, 2016, behavioral health organizations which assume the duties of regional support networks pursuant to chapter 225, Laws of 2014 (2SSB 6312).

(b) \$12,204,000 of the general fund-state appropriation for fiscal year 2016, (~~(\$13,761,000)~~) \$8,921,000 of the general fund-state appropriation for fiscal year 2017, and (~~(\$17,918,000)~~) \$15,312,000 of the general fund-federal appropriation are provided solely to reimburse regional support networks for increased utilization costs, as compared to utilization costs in fiscal year 2014, that are incurred in order to meet statutory obligations to provide individualized mental health treatment in appropriate settings to individuals who are detained or committed under the involuntary treatment act. Prior to distributing funds to a regional support network requesting reimbursement for costs relative to increased utilization, the department must receive adequate documentation of such increased utilization and costs. Regional support networks receiving funds for community hospitals or evaluation and treatment center beds under (p) of this subsection

are only eligible for reimbursement that exceeds the total of their utilization costs in fiscal year 2014 and the costs of services provided with additional funds received under (p) of this subsection.

(c) \$2,452,000 of the general fund–state appropriation for fiscal year 2016, \$2,264,000 of the general fund–state appropriation for fiscal year 2017, and \$2,653,000 of the general fund–federal appropriation are provided solely for implementation of chapter 258, Laws of 2015 (E2SSB 5269) (involuntary treatment act). Regional support networks must use these amounts for involuntary treatment costs associated with implementation of this bill.

(d) \$3,776,000 of the general fund–state appropriation for fiscal year 2016, \$5,780,000 of the general fund–state appropriation for fiscal year 2017, and \$6,054,000 of the general fund–federal appropriation are provided solely for implementation of chapter 250, Laws of 2015 (E2SHB 1450) (involuntary outpatient treatment). Regional support networks must use these amounts for increases in community mental health treatment associated with implementation of this bill.

(e) \$81,180,000 of the general fund–state appropriation for fiscal year 2016 and \$81,180,000 of the general fund–state appropriation for fiscal year 2017 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. These amounts includes a reduction of \$4,715,000 for fiscal year 2016 and \$4,715,000 for fiscal year 2017 associated with a funding shift that allows for increased federal participation for community inpatient stays that were previously ineligible for federal matching funds. This reduction will be distributed to regional support networks based on the same proportions that were added to regional support network capitation ranges specific to the waiver that allowed for federal funds to be used for community inpatient stays that were previously ineligible for federal matching funds. The department must allow regional support networks to use medicaid capitation payments to provide services to medicaid

enrollees that are in addition to those covered under the state plan in accordance with the conditions established under federal regulations governing medicaid managed care contracts and subject to federal approval by the center for medicaid and medicare services.

(f) \$6,590,000 of the general fund–state appropriation for fiscal year 2016, \$6,590,000 of the general fund–state appropriation for fiscal year 2017, and \$7,620,000 of the general fund–federal appropriation are provided solely for the department and regional support networks to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to regional support networks with PACT teams, the department shall consider the differences between regional support networks in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The department may allow regional support networks which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under section 204(1)(e) of this act. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(g) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 587 per day in fiscal year 2016. Pursuant to Engrossed Second Substitute House Bill No. 2453 (state hospital oversight) or Substitute Senate Bill No. 6656 (state hospital practices), the department must transition and divert enough patients with long term care needs from western state hospital by January 1, 2017, to reduce the capacity needed for this population by 30 beds and the department must reduce the number of nonforensic beds allocated for use by regional support networks at western state hospital to 557. The department may contract through a regional support network for up to 30 local community hospital beds to provide treatment to individuals on a 90 day involuntary commitment order and must lower that

regional support network's allocation of beds by the number of contracted beds.

(h) From the general fund-state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund-state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(i) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(j) \$750,000 of the general fund-state appropriation for fiscal year 2016 and \$750,000 of the general fund-state appropriation for fiscal year 2017 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(k) \$1,125,000 of the general fund-state appropriation for fiscal year 2016 and \$1,125,000 of the general fund-state appropriation for fiscal year 2017 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane regional support network shall assess the

effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(l) \$1,204,000 of the general fund-state appropriation for fiscal year 2016 and \$1,204,000 of the general fund-state appropriation for fiscal year 2017 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(m) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (e) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(n) \$2,291,000 of the general fund-state appropriation for fiscal year 2016 and \$2,291,000 of the general fund-state appropriation for fiscal year 2017 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement.

(o) Within the amounts appropriated in this section, funding is provided for the department to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in *T.R. v. Dreyfus and Porter*.

(p) \$9,184,000 of the general fund-state appropriation for fiscal year 2016, \$11,405,000 of the general fund-state appropriation for fiscal year 2017, and \$17,680,000 of the general fund-federal appropriation are provided solely for enhancement of community mental health services. The department must contract these funds for the operation of community programs in which the department determines there is a need for capacity that allows individuals to be diverted or

transitioned from the state hospitals including but not limited to: (i) Community hospital or free standing evaluation and treatment services providing short-term detention and commitment services under the involuntary treatment act to be located in the geographic areas of the King regional support network, the Spokane regional support network outside of Spokane county, and the Thurston Mason regional support network; (ii) one new full program of an assertive community treatment team in the King regional support network and two new half programs of assertive community treatment teams in the Spokane regional support network and the Pierce regional support network; and (iii) three new recovery support services programs in the Grays Harbor regional support network, the greater Columbia regional support network, and the north sound regional support network. In contracting for community evaluation and treatment services, the department may not use these resources in facilities that meet the criteria to be classified under federal law as institutions for mental diseases. If the department is unable to come to a contract agreement with a designated regional support network for any of the services identified above, it may consider contracting for that service in another regional support network that has the need for such service.

(q) The appropriations in this section include a reduction of \$16,462,000 in general fund-state and \$16,468,000 of general fund-federal expenditure authority. This reduction must be achieved by reducing regional support network medicaid rates for disabled adults, nondisabled adults, disabled children, and nondisabled children. No regional support network rate may be lowered below the low end of the rate range that is certified as actuarially sound. The department must work to develop updated minimum and maximum reserve levels that reflect the changes in the number of medicaid eligible individuals since reserve levels were originally set as well as the integration of substance use disorder services into managed care contracts funded within the amounts appropriated in this section. The department must submit a report to the office of financial management and the appropriate fiscal committees of the legislature by December 1, 2015, that includes the revised minimum and maximum reserve levels for medicaid and

nonmedicaid behavioral health organization contracts.

(r) \$300,000 of the general fund-state appropriation for fiscal year 2016, \$1,394,000 of the general fund-state appropriation for fiscal year 2017, and \$2,020,000 of the general fund-federal appropriation are provided solely for implementation of chapter 7, Laws of 2015 1st sp. sess. (2E2SSB 5177) (timeliness of competency evaluation and restoration services). Regional support networks must use the amounts for outpatient mental health treatment costs associated with implementation of the bill.

(s) \$1,500,000 of the general fund-state appropriation for fiscal year 2017 is provided solely to support the southwest Washington region in transitioning to become an early adopter for full integration of physical and behavioral health care. These amounts must be used to provide a reserve for nonmedicaid services in the region and to stabilize the new crisis services system. The department and the health care authority must develop a memorandum of understanding on the use of these funds.

(t) By April 1, 2016, the department must establish minimum and maximum funding levels for all reserves allowed under behavioral health organization contracts and insert contract language that clearly states the requirements and limitations. The department must monitor and ensure that behavioral health organization reserves do not exceed maximum levels. The department must monitor behavioral health organization revenue and expenditure reports and must require a behavioral health organization to submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The department must review and approve such plans and monitor to ensure compliance. If the department determines that a behavioral health organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the department must reduce payments to the behavioral health organization in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the department determines that the behavioral health organization has come into substantial compliance with an

approved excess reserve corrective action plan.

(u) \$2,000,000 of the general fund-state appropriation for fiscal year 2017 and \$762,000 of the general fund-federal appropriation for fiscal year 2017 are provided solely for four housing support and step down services teams.

(v) \$1,760,000 of the general fund-federal appropriation is provided solely for a pilot project to put peer bridging staff into each regional support network as part of the state psychiatric liaison teams to promote continuity of service as individuals return to their communities. The department must collect and make available data on the impact of peer staff on state hospital discharges and community placements.

The appropriations in this section are subject to the following conditions and limitations:

(1) For purposes of implementing chapter 74.46 RCW, the weighted average nursing facility payment rate shall not exceed \$178.87 for fiscal year 2016 and shall not exceed (~~(\$197.33)~~) \$196.41 for fiscal year 2017. There will be no adjustments for economic trends and conditions in fiscal years 2016 and 2017. (a) For fiscal year 2016 within the funds provided, the department shall continue to provide an add-on per medicaid resident day per facility not to exceed \$1.57. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than \$15 in calendar year 2008, according to cost report data. using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the low wage worker add-on found in (a) of this subsection, the rate add-ons for direct care, support services, and therapy care found in (g) of this subsection, the comparative add-on, acuity add-on, and safety net reimbursement, to the facility-based payment rates in effect June 30, 2010. For fiscal year 2016, if the facility-based payment rate calculated on July 1, 2015, is smaller than the facility-based payment rate on June 30, 2010, then the difference shall be provided to the individual nursing facilities as an add-on payment per medicaid resident day.

(c) During the comparative analysis performed in subsection (b) of this section, for fiscal year 2016, if it is found that the direct care rate for any facility calculated using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the low wage worker add-on found in (a) of this subsection, the rate add-ons for direct care, support services, and therapy care found in (g) of this subsection, the comparative add-on, acuity add-on, and safety net reimbursement, is greater than the direct care rate in effect on June 30, 2010, then the facility shall receive a ten percent direct care rate add-on to compensate that facility for taking on more acute clients than they have in the past.

(d) The department shall provide a medicaid rate add-on to reimburse the medicaid share of the skilled nursing facility safety net assessment as a medicaid allowable cost. (f) If the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment is for any reason disapproved, (b), (c), (d), (g), and the fiscal year 2016 additional add-on in (a) of this subsection do not apply.

FOR THE STATE HEALTH CARE AUTHORITY

During the 2015-2017 fiscal biennium, the health care authority shall provide support and data as required by the office

of the state actuary in providing the legislature with health care actuarial analysis, including providing any information in the possession of the health care authority or available to the health care authority through contracts with providers, plans, insurers, consultants, or any other entities contracting with the health care authority.

Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the health care authority are subject to technical oversight by the office of the chief information officer.

The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

The appropriations to the health care authority in this act shall be expended for the programs and in the amounts specified in this act. To the extent that appropriations in this section are insufficient to fund actual expenditures in excess of caseload forecasts and utilization assumptions, the authority, after May 1, ~~((2016))~~ 2017, may transfer general fund-state appropriations for fiscal year ~~((2016))~~ 2017 that are provided solely for a specified purpose. The authority shall not transfer funds, and the director of financial management

shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

The appropriations in this section are subject to the following conditions and limitations:

(a) \$35,794,000 of the general fund-state appropriation for fiscal year 2016 is provided solely for medicaid services based on the February caseload and medicaid forecasts contingent upon: (i) Transfer of the medicaid forecast function to the office of financial management, by July 1, 2016; (ii) the authority executing necessary, timely data sharing agreements with the office of the state actuary; (iii) the authority providing support and data as required by the office of the state actuary necessary in providing the legislature with health care actuarial analysis, including providing any information in the possession of the health care authority or available to the health care authority through contracts with providers, plans, insurers, consultants, or any other entities contracting with the health care authority; (iv) transfer of the administration of the managed care actuarial rate setting contract from the authority to the office of financial management; and (v) the authority consulting with the medical assistance forecast work group prior to accepting the actuarial contractor's managed care rate recommendations.

(b) \$121,599,000 of the general fund-state appropriation for fiscal year 2017 is provided solely for holding medicaid managed care capitation rates flat at calendar year 2016 levels in state fiscal year and calendar year 2017. To achieve this target, the authority shall engage with a group composed of the office of financial management, the medicaid forecast work group, and the managed care plans on a range of strategies developed both by the authority and the group. The authority shall obtain actuarial analysis, support, and recommendations during this process, and the state actuary shall obtain independent actuarial analysis. By August 1, 2016, the authority shall present the progress made on the initiative to the joint select committee on health care, identifying any possible changes in statute needed to achieve the goal and the possible impacts on clients. The authority shall complete the plan and

report to the appropriate committees of the legislature by October 1, 2016.

(c) \$1,894,672,000 of the general fund-state appropriation for fiscal year 2016 and \$1,915,233,000 of the general fund-state appropriation for fiscal year 2017 are provided solely for medicaid services and the medicaid program. However, the authority shall not accept or expend any federal funds received under a medicaid transformation demonstration waiver currently being sought under healthier Washington, except as described in (d) through (g) of this subsection, until specifically approved and appropriated by the legislature.

(d) No more than (~~(\$127,336,000)~~) \$121,050,000 of the general fund-federal appropriation and \$12,226,000 of the general fund-local appropriation may be expended for transformation through accountable communities of health described in initiative 1 of the medicaid transformation demonstration waiver currently being sought under healthier Washington, including preventing youth drug use. The authority shall not increase general fund-state expenditures on this initiative. The authority shall report to the fiscal committees of the legislature all expenditures under this subsection and shall provide such fiscal data in the manner, form, and time requested by the legislative fiscal committees.

(e) ((No more than \$5,223,000 of the general fund-federal appropriation may be expended for tailored support for older adults and medicaid alternative care described in initiative 2 of the medicaid transformation demonstration waiver currently being sought under healthier Washington. The authority shall not increase general fund-state expenditures on this initiative. The authority shall report to the fiscal committees of the legislature all expenditures under this subsection and shall provide such fiscal data in the manner, form, and time requested by the legislative fiscal committees.

~~(f))~~ No more than (~~(\$9,425,000)~~) \$5,392,000 of the general fund-federal appropriation may be expended for supportive housing and supportive employment services described in initiative 3(~~(f))~~) of the medicaid transformation demonstration waiver currently being sought under healthier Washington. The authority shall not increase general fund-state expenditures on this initiative. The authority shall

report to the fiscal committees of the legislature all expenditures under this subsection and shall provide such fiscal data in the manner, form, and time requested by the legislative fiscal committees.

((g)) No more than \$5,567,000 of the general fund-federal appropriation may be expended for supportive employment services described in initiative 3(b) of the medicaid transformation demonstration waiver currently being sought under healthier Washington. The authority shall not increase general fund-state expenditures on this initiative. The authority shall report to the fiscal committees of the legislature all expenditures under this subsection and shall provide such fiscal data in the manner, form, and time requested by the legislative fiscal committees.

~~((h))~~ (f) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

((~~i~~)) (g) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

((~~j~~)) (h) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

((~~k~~)) (i) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

~~((l))~~ (j) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

~~((m))~~ (k) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

~~((n))~~ (l) \$4,261,000 of the general fund-state appropriation for fiscal year 2016, \$4,261,000 of the general fund-state appropriation for fiscal year 2017, and \$8,522,000 of the general fund-federal appropriation are provided solely for low-income disproportionate share hospital payments.

~~((o))~~ (m) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

~~((p))~~ (n) \$6,000,000 of the general fund-federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost

settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

~~((+))~~ (o) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2015-2017 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2015, and by November 1, 2016, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2016 and fiscal year 2017, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2015-2017 biennial operating appropriations act and in effect on July 1, 2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment

amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2015-2017 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$14,014,000 of the general fund-state appropriation for fiscal year 2016 and ~~((9,700,000))~~ \$9,855,000 of the general fund-state appropriation for fiscal year 2017 are provided solely for state grants for the participating hospitals.

~~((+))~~ (p) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

~~((+))~~ (q) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase

federal funding for maternity support services by leveraging local public funding for those services.

~~((t))~~ (r) Within the amounts appropriated in this section, the authority shall identify strategies to improve patient adherence to treatment plans for diabetes and implement these strategies as a pilot through one health home program to be identified by the authority. The authority shall report to the governor and legislature in December 2015 on patient outcomes and cost savings derived from new adherence strategies in the health home model and make recommendations for improving the strategies.

~~((u))~~ (s) Managed care contracts must incorporate accountability measures that monitor patient health and improved health outcomes, and shall include an expectation that each patient receive a wellness examination that documents the baseline health status and allows for monitoring of health improvements and outcome measures.

~~((v))~~ (t) \$88,000 of the medicaid fraud penalty account-state appropriation and \$567,000 of the general fund-federal appropriation are provided solely to implement the conversion to the tenth version of the world health organization's international classification of diseases.

~~((w))~~ (u) Sufficient amounts are appropriated in this section for the authority to provide an adult dental benefit.

~~((x))~~ (v) The health care authority shall coordinate with the department of social and health services to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

~~((y))~~ (w) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. No later than October 1, 2015, the health care authority shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for medical assistance benefits.

~~((z))~~ (x) \$90,000 of the general fund-state appropriation for fiscal year 2016, \$90,000 of the general fund-state

appropriation for fiscal year 2017, and \$180,000 of the general fund-federal appropriation are provided solely to continue operation by a nonprofit organization of a toll-free hotline that assists families to learn about and enroll in the apple health for kids program.

~~((aa))~~ (y) The appropriations in this section reflect savings and efficiencies by transferring children receiving medical care provided through fee-for-service to medical care provided through managed care.

~~((ab))~~ (z) Within the amounts appropriated in this section, the authority shall reimburse for primary care services provided by naturopathic physicians.

~~((ac))~~ (aa) Within the amounts appropriated in this section, the authority shall continue to provide coverage for pregnant teens that qualify under existing pregnancy medical programs, but whose eligibility for pregnancy related services would otherwise end due to the application of the new modified adjusted gross income eligibility standard.

~~((ad))~~ (bb) Sufficient amounts are appropriated in this section to remove the mental health visit limit and to provide the shingles vaccine and screening, brief intervention, and referral to treatment benefits that are available in the medicaid alternative benefit plan in the classic medicaid benefit plan.

~~((ae))~~ (cc) \$227,000 of the general fund-state appropriation for fiscal year 2016, \$461,000 of the general fund-state appropriation for fiscal year 2017, and \$734,000 of the general fund-federal appropriation are provided solely to implement Substitute Senate Bill No. 5317 (enhanced autism screening - bright futures).

~~((af))~~ (dd) \$4,278,000 of the general fund-private/local appropriation and \$9,835,000 of the general fund-federal appropriation are provided solely to implement House Bill No. 2007 (emergency medical transportation).

~~((ag))~~ (ee) Within amounts appropriated in this section, the health care authority shall conduct a review of its adult dental program in cooperation with and utilizing resources from Washington dental services foundation. The authority shall develop a plan to implement an expanded oral health care

program for adults with diabetes and pregnant women. A report summarizing the authority's implementation plan and an estimation of cost savings must be submitted to the governor and the appropriate committees of the legislature by December 1, 2015.

~~((hh))~~ (ff) No more than \$452,000 of the general fund-state appropriation for fiscal year 2016 and no more than \$723,000 of the general fund-state appropriation for fiscal year 2017 may be expended for reimbursement for nonhospital based rural health clinics auditing costs to complete annual payment reconciliations for calendar years 2011-2013 as required under 42 U.S.C. Sec. 1396a (bb) (5) (A). The department shall use the agreed-upon procedures to complete the reconciliations. Nonhospital-based clinics shall be reimbursed for the cost of auditing using the agreed-upon procedures for payment reconciliation for this time period only.

~~((ii))~~ (gg) The appropriations in this section represent a transfer of expenditure authority of \$2,333,000 of the general fund-federal appropriation for fiscal year 2016 and \$1,782,000 of the general fund-federal appropriation for fiscal year 2017 to the office of financial management to implement Engrossed Substitute Senate Bill No. 5084 (all payer claims database).

~~((jj))~~ (hh) Pursuant to RCW 41.06.142(3), the authority shall implement a pilot program within existing resources to understand the nature and depth of potential fraud, waste, and abuse and the creation of operational efficiencies within the provider and beneficiary system. The pilot program shall examine streamlining provider enrollment and compliance within the current affordable care act screening requirements and include a post-enrollment review of those currently enrolled in medicaid to determine if there have been changes in demographics, including but not limited to becoming deceased, incarcerated, or residing out of state. The pilot program shall be conducted by the authority in partnership with a third-party vendor that uses national public records data as well as provider-specific data. The authority shall prepare a report to the governor and legislative fiscal committees by December 15, 2015.

~~((kk))~~ (ii) Within amounts appropriated in this section, the health care authority shall conduct a review of

its federally qualified health center encounter rates and rural health center encounter rates in comparison to current uniform medical plan rates for the same or similar services. The authority shall consult with the centers for medicare and medicaid services to determine whether federally qualified encounter rates may be adjusted to uniform medical plan rates as a reasonable proxy to cost. The authority must submit a report to the governor and the appropriate committees of the legislature that includes which encounter rates exceed uniform medical rates, the amount by which the rates are exceeded, and the annual cost of paying above uniform medical rates. The report shall also include the steps the authority has taken with the centers for medicare and medicaid services to ensure that rates bear a reasonable relationship to costs incurred by efficiently and economically operated facilities, including whether uniform medical plan or commercial rates may be considered a reasonable proxy to cost. The report must be submitted by January 1, 2016. By September 15, 2016, the authority is directed to directly consult with the centers for medicaid and medicare services to determine whether federally qualified encounter rates may be adjusted to uniform medical plan rates as a reasonable proxy to cost and resubmit the report to include the results of this consultation.

~~((ll))~~ (jj) \$1,035,000 of the general fund-state appropriation for fiscal year 2016, \$965,000 of the general fund-state appropriation for fiscal year 2017, and \$1,846,000 of the general fund-federal appropriation are provided solely for customer service staff to reduce call wait times and improve the number of calls answered by the authority.

~~((mm))~~ (kk) \$386,000 of the general fund-state appropriation for fiscal year 2016, \$361,000 of the general fund-state appropriation for fiscal year 2017, and \$2,018,000 of the general fund-federal appropriation are provided solely for additional staff to support timely resolution of eligibility-related issues for medicaid clients.

~~((nn))~~ (ll) (i) \$123,000 of the general fund-state appropriation for fiscal year 2016, \$118,000 of the general fund-state appropriation for fiscal year 2017, \$48,000 of the state health care authority administrative account-state appropriation, and \$312,000 of the general fund-federal appropriation are provided

solely to establish the bleeding disorder collaborative for care.

(ii) The collaborative must consist of three representatives from the authority, three representatives from the largest organization in Washington representing patients with bleeding disorders, two representatives from state designated bleeding disorder centers of excellence, and two representatives of federally funded hemophilia treatment centers based in Washington. The collaborative may invite the participation of other persons with expertise that may assist the collaborative in its responsibilities. The collaborative shall adopt a transparent process that allows for public comment prior to the final adoption of any evidence-based practice.

(iii) The collaborative shall:

(A) Identify and develop evidence-based practices to improve care to patients with bleeding disorders with specific attention to health care cost reduction. To the extent that evidence-based practices are unavailable, the collaborative shall research and create the practices or compile the necessary information. In the event that research on evidence is incomplete, the collaborative may consider research-based practices or emerging best practices;

(B) Make recommendations regarding the dissemination of the evidence-based practices to relevant health care professionals and support service providers and propose options for incorporating evidence-based practices into their treatment regimens; and

(C) Assist the authority in the development of a cost-benefit analysis regarding the use of evidence-based practices for specific populations in state-purchased health care programs.

(iv) The authority shall report to the governor and the legislature by September 1, 2016, regarding the evidence-based practices that have been developed, the clinical and fiscal implications of their implementation, and a strategy for disseminating the practices and incorporating their use among health care professionals in various state-financed health care programs.

~~((oo))~~ (mm) The authority shall use revenue appropriated from the dedicated marijuana fund for contracts with community health centers under RCW 69.50.540 in lieu of general fund-state

payments to community health centers for services provided to medical assistance clients, and it is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

~~((pp))~~ (nn) In collaboration with the state hospital association, the authority shall develop and implement a process to review hospital cost report information for new, in-state hospital psychiatric inpatient services that have not had provider specific costs and determine the hospital-specific per diem rate as currently defined for existing providers of psychiatric inpatient services. As a result of this action, the authority shall not incur expenditures in the current biennium. The authority shall report to the office of financial management and appropriate committees of the legislature the following information no later than October 1, 2017:

(i) The number of potential new psychiatric beds;

(ii) The number of potential new psychiatric beds that were previously designated as acute beds;

(iii) The total estimated costs for all new potential psychiatric beds;

(iv) The potential savings or expenditures derived from change in bed type usage; and

(v) The state fiscal years in which potential costs and savings are likely to incur.

~~((qq))~~ (oo) To further the goals of better care, better health outcomes, and reduced per capita costs of health care, the authority shall review its reimbursement methods and rates for births performed at birth centers. The authority shall report to the governor and appropriate committees of the legislature by October 15, 2016, with recommendations for adjusting reimbursement methods and levels, improving access to care, improving the cesarean section rate, and savings options for utilizing birth centers as an alternative to hospitals.

~~((rr))~~ (pp) The authority shall submit reports to the governor and the legislature by September 15, 2016, and by September 15, 2017, that delineate the number of individuals in medicaid managed care, by carrier, age, gender, and eligibility category, receiving preventative services and vaccinations. The reports should include baseline and

benchmark information from the previous two fiscal years and should be inclusive of, but not limited to, services recommended under the United States preventative services task force, advisory committee on immunization practices, early and periodic screening, diagnostic, and treatment (EPSDT) guidelines, and other relevant preventative and vaccination medicaid guidelines and requirements.

~~((ss))~~ (qq) Within amounts appropriated in this section, the authority shall implement Substitute Senate Bill No. 6430 (continuity of care) to update the ProviderOne and HealthPlanFinder systems to allow suspension rather than termination of medical assistance benefits for persons who are incarcerated or committed to a state hospital subject to the same conditions, limitations, and review provided in section 705 (3) through (6), chapter 4, Laws of 2015 3rd sp. sess. (Engrossed Substitute Senate Bill No. 6052).

~~((tt))~~ (rr) Within amounts appropriated within this section, the authority is directed to increase reimbursement rates for licensed practical nurses and registered nurses providing skilled nursing services in a home setting by \$10.00 per hour. This increase shall be offset by decreases in inpatient hospitalization. The authority is directed to work in collaboration with the home health association and the Washington state hospital association to develop a plan to show how improved access to home health nursing reduces potentially preventable readmissions, increases access to care, reduces hospital length of stay, and prevents overall hospital admissions for clients receiving private-duty nursing, medically intensive care, or home health benefits. The authority shall submit a report to the governor and appropriate committees of the legislature by December 15, 2016, with details of this plan.

~~((uu))~~ (ss) The appropriations in this section include specific funds for the purpose of implementing Engrossed Second Substitute House Bill No. 2439 (youth mental health).

~~((vv))~~ (tt) Within the amounts appropriated in this section, the health care authority in cooperation with the Washington dental services foundation, the Washington state dental association, and other interested stakeholders shall develop a plan to increase access to care

by expanding the medicaid dental network through contracting out the administration of the medicaid dental program. This plan shall include but not be limited to engaging dental expertise in the administration, improving the provider and patient experience, aligning the benefit package with evidence-based care, and beginning to test innovative models of delivery consistent with the goals of the healthier Washington initiative. The authority shall also review options to include contracting with one or more medicaid managed care plans or a third-party administrator. The report summarizing the authority's implementation plan and an estimate of the cost to execute this plan must be submitted to the governor and the appropriate committees of the legislature by December 1, 2016. The plan shall not be implemented until specifically authorized by the legislature.

~~((ww))~~ (uu) \$608,000 of the general fund-state appropriation for fiscal year 2017 is provided solely to implement the provider access line (PAL) plus pilot program. For purposes of the PAL plus pilot program, the authority shall work in collaboration with faculty from the University of Washington working on the integration of mental health and medical care.

(i) The PAL plus service is targeted to help children and families with medicaid coverage who have mental health concerns not already being served by the regional support network system or other local specialty care providers, and who instead receive treatment from their primary care providers. Services must be offered by regionally based and multipractice shared mental health service providers who deliver in person and over the telephone the following services upon primary care request:

- (A) Evaluation and diagnostic support;
- (B) Individual patient care progress tracking;
- (C) Behavior management coaching; and
- (D) Other evidence supported psychosocial care supports which are delivered as an early and easily accessed intervention for families.

(ii) The PAL team of child psychiatrists and psychologists shall provide mental health service providers with training and support, weekly care plan reviews and support on their

caseloads, and direct patient evaluations for selected enhanced assessments, and must utilize a shared electronic reporting and tracking system to ensure that children not improving are identified as such and helped to receive additional services. The PAL team shall promote the appropriate use of cognitive behavioral therapies and other treatments which are empirically supported or evidence-based and encourage providers to use psychotropic medications as a last resort.

(iii) The authority shall monitor PAL plus service outcomes, including, but not limited to:

(A) Characteristics of the population being served;

(B) Process measures of service utilization;

(C) Behavioral health symptom rating scale outcomes of individuals and aggregate rating scale outcomes of populations of children served;

(D) Claims data comparison of implementation versus non-implementation regions;

(E) Service referral patterns to local specialty mental health care providers; and

(F) Family and provider feedback.

(iv) By December 31, 2017, the authority shall make a preliminary evaluation of the viability of a statewide PAL plus service program and report to the appropriate committees of the legislature, with a final evaluation report due by December 31, 2018. The final report must include recommendations on sustainability and leveraging funds through behavioral health and managed care organizations.

(2) PUBLIC EMPLOYEES BENEFITS BOARD AND EMPLOYEE BENEFITS PROGRAMS

State Health Care Authority
Administration Account—

State Appropriation \$38,732,000

The appropriation in this subsection is subject to the following conditions and limitations:

(a) \$162,000 of the state health care authority administration account—state appropriation is for the health care authority to work with participating employers to minimize employer penalties that may be incurred by employers not providing health benefit coverage for

part-time employees that are defined as full-time employees under the employer shared responsibility provisions of the federal affordable care act.

(b) (i) The state employer contribution for state employee insurance benefits is reduced for fiscal year 2017 from \$894 per month to \$888 per month. Reductions are achieved while maintaining fully funded reserves through the use of accumulated surplus funds due to reduced claims costs, and reduced litigation costs due to the settlement of the litigation in the four *Moore, et al. v. Health Care Authority* and the state of Washington cases. (a) During the 2015-2017 fiscal biennium, when contracts are established or renewed for offender pay phone and other telephone services provided to inmates, the department shall select the contractor or contractors primarily based on the following factors: (i) The lowest rate charged to both the inmate and the person paying for the telephone call; and (ii) the lowest commission rates paid to the department, while providing reasonable compensation to cover the costs of the department to provide the telephone services to inmates and provide sufficient revenues for the activities funded from the institutional welfare betterment account.

(b) The department may contract for up to 300 beds statewide to the extent that it is at no net cost to the department. The department shall calculate and report the average cost per offender per day, inclusive of all services, on an annual basis for a facility that is representative of average medium or lower offender costs. The duration of the contracts may be for up to four years. The department shall not pay a rate greater than \$65 per day per offender for all costs associated with the offender while in the local correctional facility to include programming and health care costs, or the equivalent of \$65 per day per bed including programming and health care costs for full units. The capacity provided at local correctional facilities must be for offenders whom the department of corrections defines as medium or lower security offenders. (e) The department shall review its policies and procedures for overtime usage throughout its prison custody system to identify efficiencies and best practices that will control costs. The department shall provide to the appropriate committees of the legislature by November 15, 2015, a report that makes recommendations to reduce the department's overtime usage and reduces overall costs for prison personnel.

(f) In an effort to reduce its need for medium security beds, the department shall review options to meet capacity needs in the most cost-efficient manner without compromising safety. The department shall at a minimum review its policies that determine custody levels, including examining other states' policies and determine costs to convert any empty prison beds to medium security and possibilities to utilize local jail beds for this purpose. The department must evaluate the options on both a short-term and long-term basis against the cost and timing of any proposal to build a new prison facility. The department shall report its findings and recommendations to the appropriate committees of the legislature by December 1, 2015.

(g) Within the amounts provided in this section, the department of corrections

shall explore entering into an interagency agreement with the University of Washington. (b) Funding provided within this section is sufficient for districts to provide school principals and lead special education teachers annual professional development on the best-practices for special education instruction and strategies for implementation. SPEAKER'S RULING

Mr. Speaker (Representative Lovick presiding): *The bill before us is the operating budget. It makes appropriations for the 2017-2019 biennium.*

The scope and object of a budget bill does not extend to permanent changes in substantive law.

"Sec. 960. RCW 43.88.055 and 2012 1st sp.s. c 8 s 1 are each amended to read as follows:

(1) The legislature must adopt a four-year balanced budget as follows:

(a) Beginning in the 2013-2015 fiscal biennium, the legislature shall enact a balanced omnibus operating appropriations bill that leaves, in total, a positive ending fund balance in the general fund and related funds.

(b) Beginning in the 2013-2015 fiscal biennium, the projected maintenance level of the omnibus appropriations bill enacted by the legislature shall not exceed the available fiscal resources for the next ensuing fiscal biennium.

(2) For purposes of this section:

(a) "Available fiscal resources" means the beginning general fund and related fund balances and any fiscal resources estimated for the general fund and related funds, adjusted for enacted legislation, and with forecasted revenues adjusted to the greater of (i) the official general fund and related funds revenue forecast for the ensuing biennium, or (ii) the official general fund and related funds forecast for the second fiscal year of the current fiscal biennium, increased by 4.5 percent for each fiscal year of the ensuing biennium;

(b) "Projected maintenance level" means estimated appropriations necessary to maintain the continuing costs of program and service levels either funded in that appropriations bill or mandated by other state or federal law, and the amount of any general fund moneys projected to be transferred to the budget stabilization account pursuant to Article VII, section 12 of the state Constitution, but does not include in the 2013-2015 and 2015-2017 fiscal biennia the costs related to the enhanced funding under the new definition of basic education as established in chapter 548, Laws of 2009, and affirmed by the decision in *Mathew McCleary et al., v. The State of Washington*, 173 Wn.2d 477, 269 P.3d 227, (2012), from which the short-term exclusion of these obligations

is solely for the purposes of calculating this estimate and does not in any way indicate an intent to avoid full funding of these obligations;

(c) "Related funds," as used in this section, means the Washington opportunity pathways account and the education legacy trust account.

(3) Subsection (1)(a) and (b) of this section does not apply to an appropriations bill that makes net reductions in general fund and related funds appropriations and is enacted between July 1st and February 15th of any fiscal year.

(4) Subsection (1)(b) of this section does not apply in a fiscal biennium in which money is appropriated from the budget stabilization account.

(5) (a) When any legislator or caucus of either house of the legislature introduces or otherwise publicly proposes omnibus operating appropriations legislation, that legislation must propose operating expenditures based on the estimated revenues and caseloads as approved by the economic and revenue forecast counsel and caseload forecast council, and upon revenue and caseload estimates of the office of financial management for those accounts and programs for which the forecast councils do not prepare an official forecast. Revenues to support those proposed operating expenditures must be estimated from sources and rates existing at the time of the introduction or public proposal of the legislation.

(b) If a legislator or caucus of either house of the legislature has introduced or publicly proposed omnibus operating appropriations legislation that complies with (a) of this subsection (5), then the legislator or caucus may also introduce, as an appendix to that legislation, a proposal for expenditures that relies on revenues derived from changes in existing revenue statutes.

POINT OF ORDER

Representative Tarleton requested a scope and object ruling on amendment (394) to the striking amendment (330).

SPEAKER'S RULING

Mr. Speaker(Representative Lovick presiding): *The bill before us is the operating budget. The scope and object of a budget bill does not extend to permanent changes in substantive law. One of the factors to be considered in determining whether a provision is substantive law is whether it modifies statutory rights or obligations.*

Amendment 394 amends the industrial insurance act to exempt certain persons from workers compensation coverage and benefits.

The speaker therefore finds and rules that the amendment is beyond the scope and object of the budget bill. The point of order is well taken.

Amendment (394) to the striking amendment (330) was not adopted.

Representative Maycumber moved the adoption of amendment (331) to the striking amendment (330):

On page 315, after line 9, insert the following:

"**NEW SECTION. Sec. 980.** A new section is added to chapter 84.40 RCW to read as follows:

(1) If, on or before June 30th of 2017 through 2018, water supply to any real property placed upon the assessment roll of that year is impacted by a water ruling, the property must be reassessed to reflect the true and fair value of the property after the water ruling.

(2) The assessor must make such a reduction within one year after the water ruling; however, the taxpayer may apply for the reduction on forms prepared by the department and provided by the assessor.

The assessor must notify the taxpayer of the amount of the reduction.

(3) The taxpayer may appeal the amount of reduction to the county board of equalization in accordance with the provisions of RCW 84.40.038.

(4) For the purposes of this section, "water ruling" means any federal or state appellate court ruling that impacts, directly or indirectly, water supply to any parcel or parcels or the process or procedures for proving the adequacy of water supply to a parcel, as well as any court ruling that requires a change in county ordinance, comprehensive plan, development regulation, or procedures or policies concerning approval of building permits under RCW 19.27.097 or approval of subdivisions under RCW 58.17.110.

(5) If any reassessment has been conducted under this section, the county assessor must prepare a report that includes, but is not limited to, the number of parcels with reduced value and the number of parcels to which a tax burden was shifted, and the extent of the tax shift. The report is due to the department by March 1st, 2019 for calendar year 2018. The county must bill the state for the costs of the reassessment and preparation of the report, and the state has the obligation to appropriate sufficient money to cover the cost in accordance with RCW 43.135.060."

POINT OF ORDER

Representative Tarleton requested a scope and object ruling on amendment (331) to the striking amendment (330).

SPEAKER'S RULING

Mr. Speaker(Representative Lovick presiding): *Engrossed Substitute Senate Bill 5048 is the operating budget bill. It makes appropriations for the 2017-19 biennium for the operation of state government.*

Amendment 331 relates to county assessor valuations of real property. It is unrelated to any appropriation for any branch or agency of state government.

The Speaker therefore finds and rules that the amendment is beyond the scope and object of the bill. The point of order is well taken.

(2) This section also does not apply to costs related to carrying out a court order.

(3) Exceptions to the restrictions in subsection (1) of this section may be granted for the critically necessary work of an agency as provided in this section.

(4) For agencies of the executive branch, the exceptions shall be subject to approval by the director of financial management or the director's designee. For agencies of the judicial branch, the exceptions shall be subject to approval of the chief justice of the supreme court. REPORTS OF STANDING COMMITTEES

March 30, 2017

SSB 5453 Prime Sponsor, Committee on Ways & Means: Concerning school construction assistance grants for small, rural school districts. Reported by Committee on Capital Budget

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 28A.525 RCW to read as follows:

(1) School construction assistance program grants for small, rural districts must be determined in accordance with this section.

(2) Eligibility. Small, rural district modernization grants are for school districts with enrollments that are less than or equal to one thousand students. For school districts that, because of low assessed property values or high indebtedness, are not eligible for school construction assistance program modernization grants, the office of the superintendent of public instruction shall recommend measures for those school districts to become eligible in the small, rural district school construction assistance program. Districts with incomplete information in the inventory and condition of schools data system are not eligible to apply.

(3) Coordination with the school construction assistance program (SCAP).

(a) The full administrative and procedural process of SCAP funding may be streamlined by the office of the superintendent of public instruction in order to coordinate eligible SCAP funding with the small, rural district modernization grants. Such coordination must ensure that total state funding from both grants does not exceed total project costs minus available local resources.

(b) Projects seeking small, rural district modernization grants must meet the requirements for a SCAP grant except for the following:

(i) The estimated cost of the project may be less than forty percent of the estimated replacement value of the facility, and

(ii) Local funding assistance percentage requirements of the SCAP do not apply. However, available district resources are considered in prioritizing small rural school grants.

(4) Prioritized grants and advisory committee.

(a) The small, rural district school modernization program must propose a list of prioritized grants by September 1st of even-numbered years. The superintendent of public instruction must appoint an advisory committee to prioritize applications for small, rural school districts. Committee members must have experience in financing, managing, repairing, and improving school facilities in small, rural districts but must not be involved in a small, rural modernization program request for the biennium under consideration. The office of the superintendent of public instruction must provide administrative and staff support to the committee. The committee must review and rank applications in the three-step process in this subsection (4).

(b) Step one must involve a simplified application from interested districts with a brief statement of the school condition, its deficiencies, student enrollment, student achievement measures, and financial limitations of the district. The advisory committee created in (a) of this subsection must identify a preliminary list of school districts with the most serious building deficiencies, the most limited financial capacity, and the greatest student opportunity gaps given the condition of school facilities.

(c) After identifying the list of school districts under (b) of this

subsection, the advisory committee created in (a) of this subsection and the office of superintendent of public instruction must offer technical assistance to the districts on the list to develop affordable and effective proposals to resolve the most serious building deficiencies.

(d) After offering technical assistance under (c) of this subsection, the advisory committee created in (a) of this subsection must evaluate final applications from the school districts on the first list interested in pursuing a grant. The advisory committee must submit a prioritized list of grants to the superintendent of public instruction and the governor. The list must prioritize applications to achieve the greatest improvement of school facilities, in the districts with the most limited financial capacity, for projects that are likely to improve student health, safety, and academic performance for the largest number of students for the amount of state grant support. The advisory committee must develop specific criteria to achieve the prioritization. The submitted prioritized list must describe the project, the proposed state funding level, and the estimated total project cost including other funding and in-kind resources. The list must also indicate student achievement measures that will be used to evaluate the benefits of the project. The superintendent of public instruction and the governor may determine the level of funding in their omnibus capital appropriations act requests to support small, rural school district grants, but their funding requests must follow the prioritized list prepared by the advisory committee unless new information determines that a specific project is no longer viable as proposed.

(5) Disbursement of grant funds and reporting requirements. The office of the superintendent of public instruction must execute a contract with school districts receiving small, rural school modernization grants. The contract must not be executed until the district has identified available local and other resources sufficient to complete the approved project considering the amount of the state grant. The contract must include provisions for disbursing state funds for eligible project costs incurred. When a district has used local funds for costs eligible for state fund reimbursement under a small, rural modernization grant, if the state funds are not applied to

eligible project costs, use of the state funds must comply with the requirements of the applicable source of local funds. The contract must specify reporting requirements from the district, which must include updating all pertinent information in the inventory and condition of schools system and submitting a final project report as specified by the office of the superintendent of public instruction in consultation with the school facilities citizens advisory committee specified in RCW 28A.525.025."

(c) If the powerhouse and dam, if any, in connection with such reservoir are in more than one county, the balance ~~((shall))~~ must be divided sixty percent to the county in which the owning district is located and forty percent to the other county or counties or if ~~((said))~~ the powerhouse and dam, if any, are owned by a joint operating agency organized under chapter 43.52 RCW, or by more than one district or are outside the county of the owning district, then to be divided equally between the counties in which such facilities are located. If all of the powerhouse and dam, if any, are in one county, then the balance ~~((shall))~~ must be distributed to the county in which the facilities are located.

(2) The department of revenue must instruct the state treasurer to adjust distributions under this section, in whole or in part, to account for each county's proportionate share of amounts previously

distributed under this section and subsequently refunded to a public utility district under RCW 82.32.060.

(3) The provisions of this section ~~((shall))~~ do not apply to the distribution of taxes collected under RCW 54.28.025.

(3) Distributions under this section must be adjusted as follows:

(a) If any distribution pursuant to subsection (1)(b) of this section cannot be made, then that share ~~((shall))~~ must be prorated among the state and remaining local districts.

(b) The department of revenue must instruct the state treasurer to adjust distributions under this section, in whole or in part, to account for each county's, city's, fire protection district's, and

library district's proportionate share of amounts previously distributed under this section and subsequently refunded to a public utility district under RCW 82.32.060.

(4) All distributions directed by this section to be made on the basis of population ~~((shall))~~ must be calculated in accordance with ~~((data to be provided))~~ population data as last determined by the office of financial management.

(2) The department ~~((shall))~~ must waive or cancel the penalty imposed under RCW 82.32.090(1) when the circumstances under which the delinquency occurred do not qualify for waiver or cancellation under subsection (1) of this section if:

Sec. 302. 2015 3rd sp.s. c 6 s 2303 (uncodified) is amended to read as follows:

~~((Part VIII of this act expires July 1, 2019))~~ (1) Sections 802 and 804, chapter 6, Laws of 2015 3rd sp. sess. expire July 1, 2026;

(2) Section 803, chapter 6, Laws of 2015 3rd sp. sess. expires January 1, 2026; and

(3) Section 805, chapter 6, Laws of 2015 3rd sp. sess. expires January 1, 2031.

Sec. 303. 2015 3rd sp.s. c 6 s 801 (uncodified) is amended to read as follows:

(1)(a) The legislature finds that a robust maritime industry is crucial for the state's economic vitality. The legislature further finds that:

(i) The joint task force for economic resilience of maritime and manufacturing established policy goals to continue efforts towards developing a robust maritime industry in the state;

(ii) The maritime industry has a direct and indirect impact on jobs in the state;

(iii) Many of the cities and towns impacted by the maritime industry are often small with limited resources to encourage economic growth, heavily relying on the maritime industry for local jobs and revenues in the community;

(iv) Keeping Washington competitive with other cruising destinations is essential to continue to build a robust maritime economy in the state; and

(v) Tax incentives are an imperative component to improve the state's overall competitiveness in this sector.

(b) Therefore, the legislature intends to:

(i) Bolster the maritime industry in the state by incentivizing larger vessel owners to use Washington waters for recreational boating to increase economic activity and jobs in coastal communities and inland water regions of the state;

(ii) Achieve this objective in a fiscally responsible manner and require analysis of specific metrics to ensure valuable state resources are being used to accomplish the intended goal; and

(iii) Provide limited, short-term tax relief to entity-owned nonresident vessel owners that currently are not afforded the same benefits as other nonresident vessel owners.

(2)(a) This subsection is the tax preference performance statement for the entity-owned nonresident vessel tax preference established in section 803 of this act. The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(b) The legislature categorizes this tax preference as one intended to accomplish the purposes indicated in RCW 82.32.808(2)(c) and one intended to improve the state's competitiveness with other nearby cruising destinations.

(c) It is the legislature's specific public policy objective to increase economic activity and jobs related to the maritime industry by providing a tax preference for large entity-owned nonresident vessels to increase the length of time these vessels cruise Washington waters in turn strengthening the maritime economy in the state.

(d) To measure the effectiveness of the tax preference provided in part (~~(XII)~~ ~~[VIII] of this act~~) VIII, chapter 6, Laws of 2015 3rd sp. sess. in achieving the public policy objective in (c) of this subsection, the joint legislative audit and review committee must provide the following in a published evaluation of this tax preference by December 31, 2024:

(i) A comparison of the gross and taxable revenue generated by businesses that sell or provide maintenance or repair of vessels, prior to and after the enactment of this tax preference;

(ii) Analysis of retail sales taxes collected from the restaurant and service industries in coastal and inlet coastal jurisdictions, for both counties and cities, for periods prior to and after the enactment of this tax preference;

(iii) Employment and wage trends for businesses described in (d) (i) and (ii) of this subsection, for periods prior to and after the enactment of this tax preference;

(iv) Descriptive statistics for the number of permits sold each year in addition to the following information:

(A) The cost for each permit by strata of vessel length;

(B) The jurisdiction of ownership for the nonresident vessel; and

(C) The amount of use tax that would have been due based on the estimated value of the vessel;

(v) A comparison of the number of registered entity-owned and individually owned vessels registered in Washington prior to and after the enactment of this tax preference; and

(vi) Data and analysis for Washington's main cruising destination competitors, specifically looking at tax preferences provided in those jurisdictions, vessel industry income data, and any additional relevant information to compare Washington's maritime climate with its competitors.

(e) The provision of RCW 82.32.808(5) does not apply to this tax preference.

Sec. 304. 2015 3rd sp.s. c 30 s 1 (uncodified) is amended to read as follows:

This section is the tax preference performance statement for the tax preference contained in section 2 (~~of~~

~~this act~~), chapter 30, Laws of 2015 3rd sp. sess. This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes this tax preference as one intended to provide tax relief for certain businesses or individuals, as indicated in RCW 82.32.808(2)(e).

(2) It is the legislature's specific public policy objective to provide tax relief to senior citizens, disabled persons, and veterans. The legislature recognizes that property taxes impose a substantial financial burden on those with fixed incomes and that property tax relief programs have considerable value in addressing this burden. It is the legislature's intent to increase the current statutory static income thresholds which were last modified in 2004.

(3) ~~((The expansion of the items allowed to be deducted))~~ This tax preference is meant to be permanent and, therefore, not subject to the ten-year expiration provision in RCW 82.32.805(1)(a).

NEW SECTION. Sec. 305. Nothing in section 204, chapter 5, Laws of 2015 3rd sp. sess. may be construed as affecting the taxable status in calendar year 2015 of any person with a substantial nexus with this state under RCW 82.04.067 any time on or after January 1, 2015, and before September 1, 2015, with respect to business and occupation taxes on apportionable activities as defined in RCW 82.04.460.

NEW SECTION. Sec. 306. Section 305 of this act applies retroactively for the period January 1, 2015, through December 31, 2015.

Part IV

(1)(a) Automated sales suppression devices, phantom-ware, electronic cash registers or point of sale systems used with automated sales suppression devices or phantom-ware, and any property constituting proceeds traceable to any violation of RCW 82.32.290(4) are

considered contraband and are subject to seizure and forfeiture.

(b) Property subject to forfeiture under (a) of this subsection (1) may be seized by any agent of the department authorized to assess or collect taxes, or law enforcement officer of this state, upon process issued by any superior court or district court having jurisdiction over the property. Seizure without process may be made if:

(i) The seizure is incident to an arrest or a search under a search warrant; or

(ii) The department or the law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of RCW 82.32.290(4) and exigent circumstances exist making procurement of a search warrant impracticable.

(2) Forfeiture authorized by this section is deemed to have commenced by the seizure. Notice of seizure must be given to the department if the seizure is made by a law enforcement officer without the presence of any agent of the department. The department must cause notice of the seizure and intended forfeiture to be served on the owner of the property seized, if known, and on any other person known by the department to have a right or interest in the seized property. Such service must be made within fifteen days following the seizure or the department's receipt of notification of the seizure. The notice may be served by any method authorized by law or court rule, by certified mail with return receipt requested, or electronically in accordance with RCW 82.32.135. Service by certified mail or electronic means is deemed complete upon mailing the notice, electronically sending the notice, or electronically notifying the person or persons entitled to the notice that the notice is available to be accessed by the person or persons, within the fifteen-day period following the seizure or the department's receipt of notification of the seizure.

(3) If no person notifies the department in writing of the person's claim of lawful ownership or right to lawful possession of the item or items seized within thirty days of the date of service of the notice of seizure and intended forfeiture, the item or items seized are deemed forfeited.

(4)(a) If any person notifies the department, in writing, of the person's

claim of lawful ownership or lawful right to possession of the item or items seized within thirty days of the date of service of the notice of seizure and intended forfeiture, the person or persons must be afforded a reasonable opportunity to be heard as to the claim. The hearing must be before the director or the director's designee. A hearing and any administrative or judicial review is governed by chapter 34.05 RCW. The burden of proof by a preponderance of the evidence is upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the item or items seized.

(b) The department must return the item or items to the claimant as soon as possible upon a determination that the claimant is the present lawful owner or is lawfully entitled to possession of the item or items seized.

(5) When property is sought to be forfeited on the ground that it constitutes proceeds traceable to a violation of RCW 82.32.290(4), the department must prove by a preponderance of the evidence that the property constitutes proceeds traceable to a violation of RCW 82.32.290(4).

(6) (a) When automated sales suppression devices or phantom-ware voluntarily surrendered to an agent of the department, or property forfeited under this section, other than proceeds traceable to a violation of RCW 82.32.290(4), is no longer required for evidentiary purposes, the department may:

(i) Destroy or have the property destroyed;

(ii) Retain the property for training or other official purposes; or

(iii) Loan or give the property to any law enforcement or tax administration agency of any state, political subdivision or municipal corporation of a state, or the United States for training or other official purposes. For purposes of this subsection (6)(a)(iii), "state" has the same meaning as in RCW 82.04.462.

(b) When proceeds traceable to a violation of RCW 82.32.290(4) forfeited under this section are no longer required for evidentiary purposes, they must be deposited into the general fund.

(7) The definitions in this subsection apply to this section:

(a) "Automated sales suppression device" means a software program that falsifies the electronic records of electronic cash registers or other point of sale systems, including transaction data and transaction reports. The term includes the software program, any device that carries the software program, or an internet link to the software program.

(b) "Electronic cash register" means a device that keeps a register or supporting documents through the means of an electronic device or computer system designed to record transaction data for the purpose of computing, compiling, or processing sales transaction data in whatever manner.

(c) "Phantom-ware" means a programming option that is hidden, preinstalled, or installed-at-a-later-time in the operating system of an electronic cash register or other point of sale device, or hardwired into the electronic cash register or other point of sale device, and that can be used to create a virtual second till or may eliminate or manipulate transaction reports that may or may not be preserved in digital formats to represent the true or manipulated record of transactions in the electronic cash register or other point of sale device.

(d) "Transaction data" means information about sales transactions, including items purchased by a customer, the price for each item, a taxability determination for each item, a segregated tax amount for each of the taxed items, the amount of cash or credit tendered, the net amount returned to the customer in change, the date and time of the purchase, the name, address, and identification number of the vendor, and the receipt or invoice number of the transaction.

(e) "Transaction reports" means a report that includes information associated with sales transactions, taxes collected, media totals, and discount voids at an electronic cash register that can be printed on cash register tape at the end of a day or shift, or a report documenting every action at an electronic cash register or other point of sale device and that is stored electronically.

Part V

Miscellaneous technical corrections

Sec. 501. RCW 82.04.261 and 2010 1st sp.s. c 23 s 510 are each amended to read as follows:

(1) In addition to the taxes imposed under RCW 82.04.260(~~((11))~~) (12), a surcharge is imposed on those persons who are subject to any of the taxes imposed under RCW 82.04.260(~~((11))~~) (12). Except as otherwise provided in this section, the surcharge is equal to 0.052 percent. The surcharge is added to the rates provided in RCW 82.04.260(~~((11))~~) (12) (a), (b), (c), and (d). The surcharge and this section expire July 1, 2024.

(2) All receipts from the surcharge imposed under this section must be deposited into the forest and fish support account created in RCW 76.09.405.

(3) (a) The surcharge imposed under this section is suspended if:

(i) Receipts from the surcharge total at least eight million dollars during any fiscal biennium; or

(ii) The office of financial management certifies to the department that the federal government has appropriated at least two million dollars for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington for any federal fiscal year.

(b) (i) The suspension of the surcharge under (a) (i) of this subsection (3) takes effect on the first day of the calendar month that is at least thirty days after the end of the month during which the department determines that receipts from the surcharge total at least eight million dollars during the fiscal biennium. The surcharge is imposed again at the beginning of the following fiscal biennium.

(ii) The suspension of the surcharge under (a) (ii) of this subsection (3) takes effect on the later of the first day of October of any federal fiscal year for which the federal government appropriates at least two million dollars for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington, or the first day of a calendar month that is at least thirty days following the date that the office of financial management makes a certification to the department under subsection (5) of this section. The surcharge is imposed again on the first day of the following July.

(4) (a) If, by October 1st of any federal fiscal year, the office of financial management certifies to the department that the federal government has appropriated funds for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington but the amount of the appropriation is less than two million dollars, the department must adjust the surcharge in accordance with this subsection.

(b) The department must adjust the surcharge by an amount that the department estimates will cause the amount of funds deposited into the forest and fish support account for the state fiscal year that begins July 1st and that includes the beginning of the federal fiscal year for which the federal appropriation is made, to be reduced by twice the amount of the federal appropriation for participation in forest and fish report-related activities by federally recognized Indian tribes located within the geographical boundaries of the state of Washington.

(c) Any adjustment in the surcharge takes effect at the beginning of a calendar month that is at least thirty days after the date that the office of financial management makes the certification under subsection (5) of this section.

(d) The surcharge is imposed again at the rate provided in subsection (1) of this section on the first day of the following state fiscal year unless the surcharge is suspended under subsection (3) of this section or adjusted for that fiscal year under this subsection.

(e) Adjustments of the amount of the surcharge by the department are final and may not be used to challenge the validity of the surcharge imposed under this section.

(f) The department must provide timely notice to affected taxpayers of the suspension of the surcharge or an adjustment of the surcharge.

(5) The office of financial management must make the certification to the department as to the status of federal appropriations for tribal participation in forest and fish report-related activities.

Sec. 502. RCW 82.04.334 and 2010 1st sp.s. c 23 s 512 are each amended to read as follows:

This chapter does not apply to any sale of standing timber excluded from the definition of "sale" in RCW 82.45.010(3). The definitions in RCW 82.04.260(~~(11)~~) (12) apply to this section.

Sec. 503. RCW 82.04.43391 and 2010 1st sp.s. c 23 s 112 are each amended to read as follows:

(1) In computing tax there may be deducted from the measure of tax interest and fees on loans secured by commercial aircraft primarily used to provide routine air service and owned by:

(a) An air carrier, as defined in RCW (~~82.42.030~~) 82.42.010, which is primarily engaged in the business of providing passenger air service;

(b) An affiliate of such air carrier; or

(c) A parent entity for which such air carrier is an affiliate.

(2) The deduction authorized under this section is not available to any person who is physically present in this state as determined under RCW 82.04.067(6).

(3) For purposes of this section, the following definitions apply:

(a) "Affiliate" means a person is "affiliated," as defined in RCW 82.04.645, with another person; and

(b) "Commercial aircraft" means a commercial airplane as defined in RCW 82.32.550.

NEW SECTION. Sec. 504. RCW 82.04.4483 (Credit-Programming or manufacturing software in rural counties) and 2010 c 114 s 119 & 2004 c 25 s 1 are each repealed.

Sec. 505. RCW 82.32.030 and 2011 c 298 s 38 are each amended to read as follows:

(1) Except as provided in subsections (2) and (3) of this section, if any person engages in any business or performs any act upon which a tax is imposed by the preceding chapters, he or she must, under such rules as the department prescribes, apply for and obtain from the department a registration certificate. Such registration certificate is personal and nontransferable and is valid as long as the taxpayer continues in business and pays the tax accrued to the state. In case business is transacted at two or more separate places by one taxpayer, a separate registration certificate for each place at which business is transacted with the public is required. Each certificate

must be numbered and must show the name, residence, and place and character of business of the taxpayer and such other information as the department of revenue deems necessary and must be posted in a conspicuous place at the place of business for which it is issued. Where a place of business of the taxpayer is changed, the taxpayer must return to the department the existing certificate, and a new certificate will be issued for the new place of business. No person required to be registered under this section may engage in any business taxable hereunder without first being so registered. The department, by rule, may provide for the issuance of certificates of registration to temporary places of business.

(2) Unless the person is a dealer as defined in RCW 9.41.010, registration under this section is not required if the following conditions are met:

(a) A person's value of products, gross proceeds of sales, or gross income of the business, from all business activities taxable under chapter 82.04 RCW, is less than twelve thousand dollars per year;

(b) The person's gross income of the business from all activities taxable under chapter 82.16 RCW is less than twelve thousand dollars per year;

(c) The person is not required to collect or pay to the department of revenue any other tax or fee (~~which~~) that the department is authorized to collect; and

(d) The person is not otherwise required to obtain a license subject to the (~~master~~) business license application procedure provided in chapter 19.02 RCW.

(3) All persons who agree to collect and remit sales and use tax to the department under the agreement must register through the central registration system authorized under the agreement. Persons required to register under subsection (1) of this section are not relieved of that requirement because of registration under this subsection (3).

(4) Persons registered under subsection (3) of this section who are not required to register under subsection (1) of this section and who are not otherwise subject to the requirements of chapter 19.02 RCW are not subject to the fees imposed by the department under the authority of RCW 19.02.075.

Sec. 506. RCW 84.34.108 and 2014 c 97 s 311 and 2014 c 58 s 28 are each reenacted and amended to read as follows:

(1) When land has once been classified under this chapter, a notation of the classification must be made each year upon the assessment and tax rolls and the land must be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of the classification by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove all or a portion of the classification;

(b) Sale or transfer to an ownership, except a transfer that resulted from a default in loan payments made to or secured by a governmental agency that intends to or is required by law or regulation to resell the property for the same use as before, making all or a portion of the land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of the land to a new owner, unless the new owner has signed a notice of classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner or transfer by a transfer on death deed does not, by itself, result in removal of classification. The notice of continuance must be on a form prepared by the department. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes, applicable interest, and penalty calculated pursuant to subsection (4) of this section become due and payable by the seller or transferor at time of sale. The auditor may not accept an instrument of conveyance regarding classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax, applicable interest, and penalty has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (4) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d)(i) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a

portion of the land no longer meets the criteria for classification under this chapter. The criteria for classification pursuant to this chapter continue to apply after classification has been granted.

(ii) The granting authority, upon request of an assessor, must provide reasonable assistance to the assessor in making a determination whether the land continues to meet the qualifications of RCW 84.34.020 (1) or (3). The assistance must be provided within thirty days of receipt of the request.

(2) Land may not be removed from classification because of:

(a) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(b) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(3) Within thirty days after the removal of all or a portion of the land from current use classification under subsection (1) of this section, the assessor must notify the owner in writing, setting forth the reasons for the removal. The seller, transferor, or owner may appeal the removal to the county board of equalization in accordance with the provisions of RCW 84.40.038. The removal notice must explain the steps needed to appeal the removal decision, including when a notice of appeal must be filed, where the forms may be obtained, and how to contact the county board of equalization.

(4) Unless the removal is reversed on appeal, the assessor must revalue the affected land with reference to its true and fair value on January 1st of the year of removal from classification. Both the assessed valuation before and after the removal of classification must be listed and taxes must be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsection (6) of this section, an additional tax, applicable interest, and penalty must be imposed, which are due and payable to the treasurer thirty days after the owner is notified of the amount of the additional tax, applicable interest, and penalty. As soon as possible, the assessor must compute the amount of additional tax, applicable interest, and penalty and the treasurer must mail notice to the owner of the amount thereof and the date on which payment is

due. The amount of the additional tax, applicable interest, and penalty must be determined as follows:

(a) The amount of additional tax is equal to the difference between the property tax paid as "open space land," "farm and agricultural land," or "timberland" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified;

(b) The amount of applicable interest is equal to the interest upon the amounts of the additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter;

(c) The amount of the penalty is as provided in RCW 84.34.080. The penalty may not be imposed if the removal satisfies the conditions of RCW 84.34.070.

(5) Additional tax, applicable interest, and penalty become a lien on the land (~~which~~). The lien attaches at the time the land is removed from classification under this chapter and (~~have~~) has priority to and must be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. This lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any additional tax unpaid on the due date (~~are list~~) is delinquent as of the due date. From the date of delinquency until paid, interest must be charged at the same rate applied by law to delinquent ad valorem property taxes.

(6) The additional tax, applicable interest, and penalty specified in subsection (4) of this section may not be imposed if the removal of classification pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other land located within the state of Washington;

(b) (i) A taking through the exercise of the power of eminent domain, or (ii) sale or transfer to an entity having the power of eminent domain in anticipation of the

exercise of such power, said entity having manifested its intent in writing or by other official action;

(c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of the property;

(d) Official action by an agency of the state of Washington or by the county or city within which the land is located which disallows the present use of the land;

(e) Transfer of land to a church when the land would qualify for exemption pursuant to RCW 84.36.020;

(f) Acquisition of property interests by state agencies or agencies or organizations qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections. At such time as these property interests are not used for the purposes enumerated in RCW 84.34.210 and 64.04.130 the additional tax specified in subsection (4) of this section must be imposed;

(g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(f);

(h) Removal of land from classification after enactment of a statutory exemption that qualifies the land for exemption and receipt of notice from the owner to remove the land from classification;

(i) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;

(j) The creation, sale, or transfer of a conservation easement of private forestlands within unconfined channel migration zones or containing critical habitat for threatened or endangered species under RCW 76.09.040;

(k) The sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forestland, designated as forestland under chapter 84.33 RCW, or classified under this chapter continuously since 1993. The date of death shown on a death certificate is the date used for the purposes of this subsection (6)(k); or

(l) (i) The discovery that the land was classified under this chapter in error through no fault of the owner. For

purposes of this subsection (6)(1), "fault" means a knowingly false or misleading statement, or other act or omission not in good faith, that contributed to the approval of classification under this chapter or the failure of the assessor to remove the land from classification under this chapter.

(ii) For purposes of this subsection (6), the discovery that land was classified under this chapter in error through no fault of the owner is not the sole reason for removal of classification pursuant to subsection (1) of this section if an independent basis for removal exists. Examples of an independent basis for removal include the owner changing the use of the land or failing to meet any applicable income criteria required for classification under this chapter.

Sec. 507. RCW 84.41.041 and 2015 c 86 s 103 are each amended to read as follows:

(1) Each county assessor must cause taxable real property to be physically inspected and valued at least once every six years in accordance with RCW 84.41.030, and in accordance with a plan filed with and approved by the department of revenue. Such revaluation plan must provide that all taxable real property within a county must be revalued and these newly determined values placed on the assessment rolls each year. Property must be valued at one hundred percent of its true and fair value and assessed on the same basis, in accordance with RCW 84.40.030, unless specifically provided otherwise by law. (~~During the intervals between each physical inspection of real property, the valuation of such property may be adjusted to its current true and fair value, such adjustments to be based upon appropriate statistical data. If the revaluation plan provides for physical inspection less frequently than once each four years,)~~) During the intervals between each physical inspection of real property, the valuation of such property must be adjusted to its current true and fair value, such adjustments to be made once each year and to be based upon appropriate statistical data.

(2) The assessor may require property owners to submit pertinent data respecting taxable property in their control including data respecting any sale or purchase of said property within the past five years, the cost and characteristics of any improvement on the property and other facts necessary for appraisal of the property.

Sec. 508. RCW 82.04.280 and 2010 c 106 s 205 are each reenacted to read as follows:

(2) For the purposes of this section, the following definitions apply unless the context clearly requires otherwise.

(a) "Cold storage warehouse" means a storage warehouse used to store fresh and/or frozen perishable fruits or vegetables, meat, seafood, dairy products, or fowl, or any combination thereof, at a desired temperature to maintain the quality of the product for orderly marketing.

(b) "Storage warehouse" means a building or structure, or any part thereof, in which goods, wares, or merchandise are received for storage for compensation, except field warehouses, fruit warehouses, fruit packing plants, warehouses licensed under chapter 22.09 RCW, public garages storing automobiles, railroad freight sheds, docks and wharves, and "self-storage" or "mini storage" facilities whereby customers have direct access to individual storage areas by separate entrance. "Storage warehouse" does not include a building or structure, or that part of such building or structure, in which an activity taxable under RCW 82.04.272 is conducted.

(c) "Periodical or magazine" means a printed publication, other than a newspaper, issued regularly at stated intervals at least once every three months, including any supplement or special edition of the publication.

Sec. 509. RCW 82.32.790 and 2010 c 114 s 201 and 2010 c 106 s 401 are each reenacted and amended to read as follows:

(1) (a) (~~(Section 206, chapter 106, Laws of 2010,)~~) Sections 104, 110, 117, 123, 125, 129, 131, and 150, chapter 114, Laws of 2010, (~~(section 3, chapter 461, Laws of 2009, section 7, chapter 300, Laws of 2006,)~~) and sections (4) 1, 2, 3, and 5 through 10, chapter 149, Laws of 2003 are contingent upon the siting and commercial operation of a significant semiconductor microchip fabrication facility in the state of Washington.

(b) For the purposes of this section:

(i) "Commercial operation" means the same as "commencement of commercial production" as used in RCW 82.08.965.

NEW SECTION. Sec. 510. The following acts or parts of acts are each repealed:

- (1) 2010 c 106 s 206;
- (2) 2009 c 461 s 3;

- (4) 2003 c 149 s 4.

Sec. 511. RCW 35.102.130 and 2010 c 111 s 305 are each amended to read as follows:

A city that imposes a business and occupation tax must provide for the allocation and apportionment of a person's gross income, other than persons subject to the provisions of chapter 82.14A RCW, as follows:

(1) Gross income derived from all activities other than those taxed as service or royalties must be allocated to the location where the activity takes place.

(a) In the case of sales of tangible personal property, the activity takes place where delivery to the buyer occurs.

(b) (i) In the case of sales of digital products, the activity takes place where delivery to the buyer occurs. The delivery of digital products will be deemed to occur at:

(A) The seller's place of business if the purchaser receives the digital product at the seller's place of business;

(B) If not received at the seller's place of business, the location where the purchaser or the purchaser's donee, designated as such by the purchaser, receives the digital product, including the location indicated by instructions for delivery to the purchaser or donee, known to the seller;

(C) If the location where the purchaser or the purchaser's donee receives the digital product is not known, the purchaser's address maintained in the ordinary course of the seller's business when use of this address does not constitute bad faith;

(D) If no address for the purchaser is maintained in the ordinary course of the seller's business, the purchaser's address obtained during the consummation of the sale, including the address of a purchaser's payment instrument, if no other address is available, when use of this address does not constitute bad faith; and

(E) If no address for the purchaser is obtained during the consummation of the sale, the address where the digital good or digital code is first made available for transmission by the seller or the address from which the digital automated service or service described in RCW 82.04.050 (2) (g) or (6) (~~(b)~~) (c) was provided, disregarding for these purposes any location that merely provided the digital transfer of the product sold.

(ii) If none of the methods in (b) (i) of this subsection (1) for determining where the delivery of digital products occurs are available after a good faith effort by the taxpayer to apply the methods provided in (b) (i) (A) through (E) of this subsection (1), then the city and the taxpayer may mutually agree to employ any other method to effectuate an equitable allocation of income from the sale of digital products. The taxpayer will be responsible for petitioning the city to use an alternative method under this subsection (1) (b) (ii). The city may employ an alternative method for allocating the income from the sale of digital products if the methods provided in (b) (i) (A) through (E) of this subsection (1) are not available and the taxpayer and the city are unable to mutually agree on an alternative method to effectuate an equitable allocation of income from the sale of digital products.

(iii) For purposes of this subsection (1) (b), the following definitions apply:

(A) "Digital automated services," "digital codes," and "digital goods" have the same meaning as in RCW 82.04.192;

(B) "Digital products" means digital goods, digital codes, digital automated services, and the services described in RCW 82.04.050 (2) (g) and (6) (~~(b)~~) (c); and

(C) "Receive" has the same meaning as in RCW 82.32.730.

(c) If a business activity allocated under this subsection (1) takes place in more than one city and all cities impose a gross receipts tax, a credit must be allowed as provided in RCW 35.102.060; if not all of the cities impose a gross receipts tax, the affected cities must allow another credit or allocation system as they and the taxpayer agree.

(2) Gross income derived as royalties from the granting of intangible rights must be allocated to the commercial domicile of the taxpayer.

(3) Gross income derived from activities taxed as services shall be apportioned to a city by multiplying apportionable income by a fraction, the numerator of which is the payroll factor plus the service-income factor and the denominator of which is two.

(a) The payroll factor is a fraction, the numerator of which is the total amount paid in the city during the tax period by

the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period. Compensation is paid in the city if:

(i) The individual is primarily assigned within the city;

(ii) The individual is not primarily assigned to any place of business for the tax period and the employee performs fifty percent or more of his or her service for the tax period in the city; or

(iii) The individual is not primarily assigned to any place of business for the tax period, the individual does not perform fifty percent or more of his or her service in any city, and the employee resides in the city.

(b) The service income factor is a fraction, the numerator of which is the total service income of the taxpayer in the city during the tax period, and the denominator of which is the total service income of the taxpayer everywhere during the tax period. Service income is in the city if:

(i) The customer location is in the city; or

(ii) The income-producing activity is performed in more than one location and a greater proportion of the service-income-producing activity is performed in the city than in any other location, based on costs of performance, and the taxpayer is not taxable at the customer location; or

(iii) The service-income-producing activity is performed within the city, and the taxpayer is not taxable in the customer location.

(c) If the allocation and apportionment provisions of this subsection do not fairly represent the extent of the taxpayer's business activity in the city or cities in which the taxpayer does business, the taxpayer may petition for or the tax administrators may jointly require, in respect to all or any part of the taxpayer's business activity, that one of the following methods be used jointly by the cities to allocate or apportion gross income, if reasonable:

(i) Separate accounting;

(ii) The use of a single factor;

(iii) The inclusion of one or more additional factors that will fairly represent the taxpayer's business activity in the city; or

(iv) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

(4) The definitions in this subsection apply throughout this section.

(a) "Apportionable income" means the gross income of the business taxable under the service classifications of a city's gross receipts tax, including income received from activities outside the city if the income would be taxable under the service classification if received from activities within the city, less any exemptions or deductions available.

(b) "Compensation" means wages, salaries, commissions, and any other form of remuneration paid to individuals for personal services that are or would be included in the individual's gross income under the federal internal revenue code.

(c) "Individual" means any individual who, under the usual common law rules applicable in determining the employer-employee relationship, has the status of an employee of that taxpayer.

(d) "Customer location" means the city or unincorporated area of a county where the majority of the contacts between the taxpayer and the customer take place.

(e) "Primarily assigned" means the business location of the taxpayer where the individual performs his or her duties.

(f) "Service-taxable income" or "service income" means gross income of the business subject to tax under either the service or royalty classification.

(g) "Tax period" means the calendar year during which tax liability is accrued. If taxes are reported by a taxpayer on a basis more frequent than once per year, taxpayers shall calculate the factors for the previous calendar year for reporting in the current calendar year and correct the reporting for the previous year when the factors are calculated for that year, but not later than the end of the first quarter of the following year.

(h) "Taxable in the customer location" means either that a taxpayer is subject to a gross receipts tax in the customer location for the privilege of doing business, or that the government where the customer is located has the authority to subject the taxpayer to gross receipts tax regardless of whether, in fact, the government does so.

(3) A buyer claiming an exemption under this section must report and pay the tax imposed in RCW 82.12.020 and any local use taxes imposed under the authority of chapter 82.14 RCW and RCW 81.104.170 directly to the department in accordance with RCW 82.12.02088 and 82.14.457.

A digital code is concurrently available for use within and outside this state if employees or other agents of the buyer may use the digital goods or digital automated services to be obtained by the code simultaneously at one or more locations within this state and one or more locations outside this state.

Sec. 519. RCW 82.12.010 and 2015 c 169 s 5 are each amended to read as follows:

For the purposes of this chapter:

(1) The meaning ascribed to words and phrases in chapters 82.04 and 82.08 RCW, insofar as applicable, has full force and effect with respect to taxes imposed under the provisions of this chapter. "Consumer," in addition to the meaning ascribed to it in chapters 82.04 and 82.08 RCW insofar as applicable, also means any person who distributes or displays, or causes to be distributed or displayed, any article of tangible personal property, except newspapers, the primary purpose of which is to promote the sale of products or services. With respect to property distributed to persons within this state by a consumer as defined in this subsection (1), the use of the property is deemed to be by such consumer.

(2) "Extended warranty" has the same meaning as in RCW 82.04.050(7).

(3) "Purchase price" means the same as sales price as defined in RCW 82.08.010.

(ii) "Retailer" does not include a professional employer organization when a covered employee coemployed with the client under the terms of a professional employer agreement engages in activities that constitute a sale of tangible personal property, extended warranty, digital good, digital code, or a sale of any digital automated service or service defined as a retail sale in RCW 82.04.050 (2) (a) or (g) or (6) ~~((b))~~ (c) that is subject to the tax imposed by this chapter. In such cases, the client, and not the professional employer organization, is deemed to be the retailer and is responsible for collecting and remitting the tax imposed by this chapter.

(b) For the purposes of (a) of this subsection, the terms "client," "covered employee," "professional employer agreement," and "professional employer organization" have the same meanings as in RCW 82.04.540.

(5) "Taxpayer" and "purchaser" include all persons included within the meaning of the word "buyer" and the word "consumer" as defined in chapters 82.04 and 82.08 RCW.

(6) "Use," "used," "using," or "put to use" have their ordinary meaning, and mean:

(a) With respect to tangible personal property, except for natural gas and manufactured gas, the first act within this state by which the taxpayer takes or assumes dominion or control over the article of tangible personal property (as a consumer), and include installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption within this state;

(b) With respect to a service defined in RCW 82.04.050(2)(a), the first act within this state after the service has been performed by which the taxpayer takes or assumes dominion or control over the article of tangible personal property upon which the service was performed (as a

consumer), and includes installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption of the article within this state;

(c) With respect to an extended warranty, the first act within this state after the extended warranty has been acquired by which the taxpayer takes or assumes dominion or control over the article of tangible personal property to which the extended warranty applies, and includes installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption of the article within this state;

(d) With respect to a digital good or digital code, the first act within this state by which the taxpayer, as a consumer, views, accesses, downloads, possesses, stores, opens, manipulates, or otherwise uses or enjoys the digital good or digital code;

(e) With respect to a digital automated service, the first act within this state by which the taxpayer, as a consumer, uses, enjoys, or otherwise receives the benefit of the service;

(f) With respect to a service defined as a retail sale in RCW 82.04.050(6) ~~((b))~~ (c), the first act within this state by which the taxpayer, as a consumer, accesses the prewritten computer software;

(g) With respect to a service defined as a retail sale in RCW 82.04.050(2)(g), the first act within this state after the service has been performed by which the taxpayer, as a consumer, views, accesses, downloads, possesses, stores, opens, manipulates, or otherwise uses or enjoys the digital good upon which the service was performed; and

(h) With respect to natural gas or manufactured gas, the use of which is taxable under RCW 82.12.022, including gas that is also taxable under the authority of RCW 82.14.230, the first act within this state by which the taxpayer consumes the gas by burning the gas or storing the gas in the taxpayer's own facilities for later consumption by the taxpayer.

(7) (a) "Value of the article used" is the purchase price for the article of tangible personal property, the use of which is taxable under this chapter. The term also includes, in addition to the purchase price, the amount of any tariff

or duty paid with respect to the importation of the article used. In case the article used is acquired by lease or by gift or is extracted, produced, or manufactured by the person using the same or is sold under conditions wherein the purchase price does not represent the true value thereof, the value of the article used is determined as nearly as possible according to the retail selling price at place of use of similar products of like quality and character under such rules as the department may prescribe.

(b) In case the articles used are acquired by bailment, the value of the use of the articles so used must be in an amount representing a reasonable rental for the use of the articles so bailed, determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules as the department of revenue may prescribe. In case any such articles of tangible personal property are used in respect to the construction, repairing, decorating, or improving of, and which become or are to become an ingredient or component of, new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing or attaching of any such articles therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, then the value of the use of such articles so used is determined according to the retail selling price of such articles, or in the absence of such a selling price, as nearly as possible according to the retail selling price at place of use of similar products of like quality and character or, in the absence of either of these selling price measures, such value may be determined upon a cost basis, in any event under such rules as the department of revenue may prescribe.

(c) In the case of articles owned by a user engaged in business outside the state which are brought into the state for no more than one hundred eighty days in any period of three hundred sixty-five consecutive days and which are temporarily used for business purposes by the person in this state, the value of the article used must be an amount representing a reasonable rental for the use of the articles, unless the person has paid tax under this chapter or chapter 82.08 RCW

upon the full value of the article used, as defined in (a) of this subsection.

(d) In the case of articles manufactured or produced by the user and used in the manufacture or production of products sold or to be sold to the department of defense of the United States, the value of the articles used is determined according to the value of the ingredients of such articles.

(e) In the case of an article manufactured or produced for purposes of serving as a prototype for the development of a new or improved product, the value of the article used is determined by: (i) The retail selling price of such new or improved product when first offered for sale; or (ii) the value of materials incorporated into the prototype in cases in which the new or improved product is not offered for sale.

(f) In the case of an article purchased with a direct pay permit under RCW 82.32.087, the value of the article used is determined by the purchase price of such article if, but for the use of the direct pay permit, the transaction would have been subject to sales tax.

(8) "Value of the digital good or digital code used" means the purchase price for the digital good or digital code, the use of which is taxable under this chapter. If the digital good or digital code is acquired other than by purchase, the value of the digital good or digital code must be determined as nearly as possible according to the retail selling price at place of use of similar digital goods or digital codes of like quality and character under rules the department may prescribe.

(9) "Value of the extended warranty used" means the purchase price for the extended warranty, the use of which is taxable under this chapter. If the extended warranty is received by gift or under conditions wherein the purchase price does not represent the true value of the extended warranty, the value of the extended warranty used is determined as nearly as possible according to the retail selling price at place of use of similar extended warranties of like quality and character under rules the department may prescribe.

(10) "Value of the service used" means the purchase price for the digital automated service or other service, the use of which is taxable under this chapter. If the service is received by

gift or under conditions wherein the purchase price does not represent the true value thereof, the value of the service used is determined as nearly as possible according to the retail selling price at place of use of similar services of like quality and character under rules the department may prescribe.

(iii) With respect to digital goods, digital automated services, and digital codes acquired other than by purchase, the tax imposed in this subsection (1)(e) applies regardless of whether or not the consumer has a right of permanent use or is obligated to make continued payment as a condition of use.

(2) The provisions of this chapter do not apply in respect to the use of any article of tangible personal property, extended warranty, digital good, digital code, digital automated service, or service taxable under RCW 82.04.050 (2) (a) or (g) or (6) (~~(b)~~) (c), if the sale to, or the use by, the present user or the present user's bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by the present user's bailor or donor.

(3)(a) Except as provided in this section, payment of the tax imposed by this chapter or chapter 82.08 RCW by one purchaser or user of tangible personal property, extended warranty, digital good, digital code, digital automated service, or other service does not have the effect of exempting any other purchaser or user of the same property, extended warranty, digital good, digital code, digital automated service, or other service from the taxes imposed by such chapters.

(b) The tax imposed by this chapter does not apply:

(i) If the sale to, or the use by, the present user or his or her bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by his or her bailor or donor;

(ii) In respect to the use of any article of tangible personal property acquired by bailment and the tax has once been paid based on reasonable rental as determined by RCW 82.12.060 measured by the value of the article at time of first use multiplied by the tax rate imposed by chapter 82.08 RCW or this chapter as of the time of first use;

(iii) In respect to the use of any article of tangible personal property

acquired by bailment, if the property was acquired by a previous bailee from the same bailor for use in the same general activity and the original bailment was prior to June 9, 1961; or

(iv) To the use of digital goods or digital automated services, which were obtained through the use of a digital code, if the sale of the digital code to, or the use of the digital code by, the present user or the present user's bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by the present user's bailor or donor.

(4) (a) Except as provided in (b) of this subsection (4), the tax is levied and must be collected in an amount equal to the value of the article used, value of the digital good or digital code used, value of the extended warranty used, or value of the service used by the taxpayer, multiplied by the applicable rates in effect for the retail sales tax under RCW 82.08.020.

(b) In the case of a seller required to collect use tax from the purchaser, the tax must be collected in an amount equal to the purchase price multiplied by the applicable rate in effect for the retail sales tax under RCW 82.08.020.

(2) No apportionment under this section is allowed unless the apportionment method is supported by the taxpayer's records kept in the ordinary course of business.

(3) For purposes of this section, the following definitions apply:

(a) "Concurrently available for use within and outside this state" means that employees or other agents of the taxpayer may use the digital goods, digital automated services, prewritten computer software, or services defined as a retail sale in RCW 82.04.050(6) ~~((b))~~ (c) simultaneously at one or more locations within this state and one or more locations outside this state. In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay the same to the department in the manner prescribed, whether such failure is the result of the seller's own acts or the result of acts or conditions beyond the seller's control, the seller is nevertheless personally liable to the state for the amount of such tax, unless the seller has taken from the buyer a copy of a direct pay permit issued under RCW 82.32.087.

(7) Notwithstanding subsections (1) through (4) of this section, any person making sales is not obligated to collect the tax imposed by this chapter if the person would have been obligated to collect retail sales tax on the sale absent a specific exemption provided in chapter 82.08 RCW, and there is no corresponding use tax exemption in this chapter. Nothing in this subsection (7) may be construed as relieving purchasers from liability for reporting and remitting the tax due under this chapter directly to the department.

(8) Notwithstanding subsections (1) through (4) of this section, any person making sales is not obligated to collect the tax imposed by this chapter if the state is prohibited under the Constitution or laws of the United States from requiring the person to collect the tax imposed by this chapter.

May and the first day of July of each year (~~shall~~) the department must prepare an initial assessment roll upon which (~~it shall~~) the department must enter and assess the true and fair value of all the operating property of each of such companies as of the first day of January of the year in which the assessment is made. The department must finalize the assessment roll by the twentieth day of August of each year. For the purpose of determining the true and fair value of such property the department of revenue may take into consideration any information or knowledge obtained by (~~it~~) the department from an examination and inspection of such property, or of the books, records, and accounts of such companies, the statements filed as required by this chapter, the reports, statements, or returns of such companies filed in the office of any board, office, or commission of this state or any county thereof, the earnings and earning power of such companies, the franchises owned or used by such companies, the true and fair valuation of any and all property of such companies, whether operating property or nonoperating property, and whether situated within or without the state, and any other facts, evidences, or information that may be obtainable bearing upon the value of the operating property(~~PROVIDED, That~~). However, in no event (~~shall~~) may any statement or report required from any company by this chapter be conclusive upon the department of revenue in determining the amount, character, and true and fair value of the operating property of such company.

Sec. 532. RCW 84.16.090 and 2001 c 187 s 11 are each amended to read as follows:

Upon the assessment roll (~~shall~~) must be placed after the name of each company a general description of the operating property of the company, which (~~shall be~~) is considered sufficient if described in the language of RCW 84.16.010(3) or otherwise, following which (~~shall~~) must be entered the true and fair value of the operating property as determined by the department of revenue. No assessment (~~shall be~~) is invalid by a mistake in the name of the company assessed, by omission of the name of the owner or by the entry of a name other than that of the true owner. When the department of revenue (~~shall have~~) has prepared the initial assessment roll and entered thereon the true and fair value of the operating property of the company, as required, (~~it shall~~) the department must notify the

company by mail of the valuation determined by it and entered upon the roll; and thereupon such valuation (~~shall~~) must become the true and fair value of the operating property of the company, subject to revision or correction by the department of revenue as hereinafter provided; and (~~shall~~) must be the valuation upon which, after equalization by the department of revenue as hereinafter provided, the taxes of such company (~~shall be~~) are based and computed.

Part VI

(2) If a Washington return is required as provided in subsection (1) of this section:

(b) If no federal return is required to be filed, a taxpayer shall file with the department on or before the date a federal return would have been required to be filed, including any extension of time for filing under subsection (5) or (6) of this section, a Washington return for the tax due under this chapter.

(3) A Washington return delivered to the department by United States mail (~~shall be~~) is considered to have been received by the department on the date of the United States postmark stamped on the cover in which the return is mailed, if the postmark date is within the time allowed for filing the Washington return, including extensions.

(4) In addition to the Washington return required to be filed in subsection

(2) of this section, a person (~~(if required to file a federal return, shall)~~) must file with the department on or before the date the federal return is (~~(required to be filed a copy of the federal return along with all supporting documentation)~~) or would have been required to be filed all supporting documentation for completed Washington return schedules, and, if a federal return has been filed, a copy of the federal return. If the person required to file the federal return has obtained an extension of time for filing the federal return, the person (~~(shall)~~) must file the Washington return within the same time period and in the same manner as provided for the federal return. A copy of the federal extension (~~(shall)~~) must be filed with the department on or before the date the Washington return is due, not including any extension of time for filing, or within thirty days of issuance, whichever is later.

(5) A person may obtain an extension of time for filing the Washington return as provided by rule of the department, if the person is required to file a Washington return under subsection (2) of this section, but is not required to file a federal return.

(6) During a state of emergency declared under RCW 43.06.010(12), the department, on its own motion or at the request of any taxpayer affected by the emergency, may extend the time for filing a Washington return under this section as the department deems proper.

Part VII

Clarifying that licensing information may not be disclosed for commercial purposes

Sec. 701. RCW 19.02.115 and 2013 c 144 s 26 are each amended to read as follows:

(1) (~~(For purposes of this section:)~~) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Disclose" means to make known to any person in any manner licensing information(~~(+)~~).

(b) "Licensing information" means any information created or obtained by the department in the administration of this chapter and chapters 19.80 and 59.30 RCW, which information relates to any person who: (i) Has applied for or has been issued a license or trade name; or (ii) has been issued an assessment or delinquency fee.

Licensing information includes initial and renewal business license applications, and business licenses(~~(+)~~).

(c) "Person" has the same meaning as in RCW 82.04.030 and also includes the state and the state's departments and institutions(~~(+and)~~).

(d) "State agency" means every Washington state office, department, division, bureau, board, commission, or other state agency.

(2) Licensing information is confidential and privileged, and except as authorized by this section, neither the department nor any other person may disclose any licensing information. Nothing in this chapter requires any person possessing licensing information made confidential and privileged by this section to delete information from such information so as to permit its disclosure.

(3) This section does not prohibit the department of revenue, or any other person receiving licensing information from the department under this subsection, from:

(a) Disclosing licensing information in a civil or criminal judicial proceeding or an administrative proceeding:

(i) In which the person about whom such licensing information is sought and the department, another state agency, or a local government are adverse parties in the proceeding; or

(ii) Involving a dispute arising out of the department's administration of chapter 19.80 or 59.30 RCW, or this chapter if the licensing information relates to a party in the proceeding;

(b) Disclosing, subject to such requirements and conditions as the director prescribes by rules adopted pursuant to chapter 34.05 RCW, such licensing information regarding a license applicant or license holder to such license applicant or license holder or to such person or persons as that license applicant or license holder may designate in a request for, or consent to, such disclosure, or to any other person, at the license applicant's or license holder's request, to the extent necessary to comply with a request for information or assistance made by the license applicant or license holder to such other person. However, licensing information not received from the license applicant or holder must not be so disclosed if the

director determines that such disclosure would compromise any investigation or litigation by any federal, state, or local government agency in connection with the civil or criminal liability of the license applicant, license holder, or another person, or that such disclosure would identify a confidential informant, or that such disclosure is contrary to any agreement entered into by the department that provides for the reciprocal exchange of information with other government agencies, which agreement requires confidentiality with respect to such information unless such information is required to be disclosed to the license applicant or license holder by the order of any court;

(c) Publishing statistics so classified as to prevent the identification of particular licensing information;

(d) Disclosing licensing information for official purposes only, to the governor or attorney general, or to any state agency, or to any committee or subcommittee of the legislature dealing with matters of taxation, revenue, trade, commerce, the control of industry or the professions, or licensing;

(e) Permitting the department's records to be audited and examined by the proper state officer, his or her agents and employees;

(f) Disclosing any licensing information to a peace officer as defined in RCW 9A.04.110 or county prosecuting attorney, for official purposes. The disclosure may be made only in response to a search warrant, subpoena, or other court order, unless the disclosure is for the purpose of criminal tax or license enforcement. A peace officer or county prosecuting attorney who receives the licensing information may disclose that licensing information only for use in the investigation and a related court proceeding, or in the court proceeding for which the licensing information originally was sought;

(g) Disclosing, in a manner that is not associated with other licensing information, the name of a license applicant or license holder, entity type, registered trade name, business address, mailing address, unified business identifier number, list of licenses issued to a person through the business licensing system established in this chapter and their issuance and expiration dates, and the dates of opening of a business. This

subsection may not be construed as giving authority to the department to give, sell, or provide access to any list of persons for any commercial purpose;

(h) Disclosing licensing information that is also maintained by another Washington state or local governmental agency as a public record available for inspection and copying under the provisions of chapter 42.56 RCW or is a document maintained by a court of record and is not otherwise prohibited from disclosure;

(i) Disclosing any licensing information when the disclosure is specifically authorized under any other section of the Revised Code of Washington;

(j) Disclosing licensing information to the proper officer of the licensing or tax department of any city, town, or county of this state, for official purposes. If the licensing information does not relate to a license issued by the city, town, or county requesting the licensing information, disclosure may be made only if the laws of the requesting city, town, or county grants substantially similar privileges to the proper officers of this state; or

(k) Disclosing licensing information to the federal government for official purposes.

(4) Notwithstanding anything to the contrary in this section, a state agency or local government agency may disclose licensing information relating to a license issued on its behalf by the department pursuant to this chapter if the disclosure is authorized by another statute, local law, or administrative rule.

(5) The department, any other state agency, or local government may refuse to disclose licensing information that is otherwise disclosable under subsection (3) of this section if such disclosure would violate federal law or any information sharing agreement between the state or local government and federal government.

(6) Any person acquiring knowledge of any licensing information in the course of his or her employment with the department and any person acquiring knowledge of any licensing information as provided under subsection (3)(d), (e), (f), (j), or (k) of this section, who discloses any such licensing information to another person not entitled to knowledge of such licensing information under the provisions

of this section, is guilty of a misdemeanor. If the person guilty of such violation is an officer or employee of the state, such person must forfeit such office or employment and is incapable of holding any public office or employment in this state for a period of two years thereafter.

Part VIII

Background investigations

Sec. 801. RCW 82.01.060 and 2011 c 298 s 36 are each amended to read as follows:

The director of revenue, hereinafter in chapter 26, Laws of 1967 ex. sess. referred to as the director, through the department of revenue, hereinafter in chapter 26, Laws of 1967 ex. sess. referred to as the department, must:

(1) Assess and collect all taxes and administer all programs relating to taxes which are the responsibility of the tax commission at the time chapter 26, Laws of 1967 ex. sess. takes effect or which the legislature may hereafter make the responsibility of the director or of the department;

(2) Make, adopt and publish such rules as he or she may deem necessary or desirable to carry out the powers and duties imposed upon him or her or the department by the legislature. However, the director may not adopt rules after July 23, 1995, that are based solely on a section of law stating a statute's intent or purpose, on the enabling provisions of the statute establishing the agency, or on any combination of such provisions, for statutory authority to adopt any rule;

(3) Rules adopted by the tax commission before July 23, 1995, remain in force until such time as they may be revised or rescinded by the director;

(4) Provide by general regulations for an adequate system of departmental review of the actions of the department or of its officers and employees in the assessment or collection of taxes;

(5) Maintain a tax research section with sufficient technical, clerical and other employees to conduct constant observation and investigation of the effectiveness and adequacy of the revenue laws of this state and of the sister states in order to assist the governor, the legislature and the director in estimation of revenue, analysis of tax measures, and determination of the administrative

feasibility of proposed tax legislation and allied problems;

(6) Recommend to the governor such amendments, changes in, and modifications of the revenue laws as seem proper and requisite to remedy injustice and irregularities in taxation, and to facilitate the assessment and collection of taxes in the most economical manner;

(7) Provide the opportunity for any person feeling aggrieved by any action taken against the person by the department in the administration of chapters 19.02, 19.80, and 59.30 RCW to request a review of the department's action. Such review may be conducted as a brief adjudicative proceeding under RCW 34.05.485 through 34.05.494; and

(8) (a) Establish background investigation policies applicable to those current and prospective department employees and contractors that are or may be authorized by the department to access federal tax information. Such policies must require a criminal history record check through the Washington state patrol criminal identification system and through the federal bureau of investigation, at the expense of the department. The record check must include a fingerprint check using a complete Washington state criminal identification fingerprint card, which must be forwarded by the Washington state patrol to the federal bureau of investigation. The department's background investigation policies must also satisfy any specific background investigation standards established by the internal revenue service.

(b) Information received by the department pursuant to this subsection may be used only for the purposes of making, supporting, or defending decisions regarding the appointment, hiring, or retention of persons, or for complying with any requirements from the internal revenue service. Further dissemination or use of the information is prohibited, notwithstanding any other provision of law.

Part IX

Revising the date by which the department of revenue is required to provide estimates of the amount of public forestland that is available for timber harvesting

Sec. 901. RCW 84.33.089 and 2004 c 177 s 6 are each amended to read as follows:

(1) The department (~~shall~~) must estimate the number of acres of public forestland that are available for timber harvesting. The department (~~shall~~) must provide the estimates for each county and for each taxing district within each county by (~~August 30th~~) October 1st of each year except that the department may authorize a county, at the county's option, to make its own estimates for public forestland in that county. In estimating the number of acres, the department (~~shall~~) must use the best available information to include public land comparable to private land that qualifies as forestland for assessment purposes and exclude other public lands. The department is not required to update the estimates unless improved information becomes available. The department of natural resources (~~shall~~) must assist the department with these determinations by providing any data and information in the possession of the department of natural resources on public forestlands, broken out by county and legal description, including a detailed map of each county showing the location of the described lands. The data and information (~~shall~~) must be provided to the department by July 15th of each year. In addition, the department may contract with other parties to provide data or assistance necessary to implement this section.

(2) To accommodate the phase-in of the county forest excise tax on the harvest of timber from public lands as provided in RCW 84.33.051, the department (~~shall~~) must adjust its actual estimates of the number of acres of public forestland that are available for timber harvesting. The department (~~shall~~) must reduce its estimates for the following years by the following amounts:

- (a) For calendar year 2005, 70 percent;
- (b) For calendar year 2006, 62.5 percent;
- (c) For calendar year 2007, 55 percent;
- (d) For calendar year 2008, 47.5 percent;
- (e) For calendar year 2009, 40 percent;
- (f) For calendar year 2010, 32.5 percent;
- (g) For calendar year 2011, 22.5 percent;
- (h) For calendar year 2012, 15 percent;

(i) For calendar year 2013, 7.5 percent; and

(j) For calendar year 2014 and thereafter, the department (~~shall~~) may not reduce its estimates of the number of acres of public forestland that are available for timber harvesting.

Part X

NEW SECTION. Sec. 1001. A new section is added to chapter 84.08 RCW to read as follows:

(1) The department may provide electronically any assessment, notice, or other information that is subject to the confidentiality provisions of RCW 84.08.210 or 84.40.340, to any person authorized to receive the information.

(2) The department must use methods reasonably designed to protect information provided electronically as authorized in subsection (1) of this section from unauthorized disclosure. However, the provisions of this subsection (2) may be waived by a taxpayer. The waiver must be in writing and may be provided to the department electronically. A waiver continues until revoked in writing by the taxpayer. Such revocation may be provided to the department electronically in a manner provided or approved by the department.

ESSB 5777 Prime Sponsor, Committee on Commerce, Labor & Sports: Improving the business climate in this state by simplifying the administration of municipal general business licenses. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Business licensing service," "business licensing system," and "business license" have the same meaning as in RCW 19.02.020.

(2) "City" means a city, town, or code city.

(3) "Department" means the department of revenue.

(4) "General business license" means a license, not including a regulatory license or a temporary license, that a city requires all or most businesses to obtain to conduct business within that city.

(5) "Partner" means the relationship between a city and the department under which general business licenses are issued and renewed through the business licensing service in accordance with chapter 19.02 RCW.

(6) "Regulatory business license" means a license, other than a general business license, required for certain types of businesses that a city has determined warrants additional regulation, such as taxicab or other for-hire vehicle operators, adult entertainment businesses, amusement device operators, massage parlors, debt collectors, door-to-door sales persons, trade-show operators, and home-based businesses.

NEW SECTION. Sec. 2. (1) Except as otherwise provided in subsection (7) of this section, a city that requires a general business license of any person that engages in business activities within that city must partner with the department to have such license issued, and renewed if the city requires renewal, through the business licensing service in accordance with chapter 19.02 RCW.

(a) Except as otherwise provided in subsection (3) of this section, the

department must phase in the issuance and renewal of general business licenses of cities that required a general business license as of July 1, 2017, and are not already partnering with the department, as follows:

(i) Between January 1, 2018, and December 31, 2021, the department must partner with at least six cities per year.

(ii) Between January 1, 2022, and December 31, 2027, the department must partner with the remaining cities.

(b) A city that imposes a general business license requirement and does not partner with the department as of January 1, 2018, may continue to issue and renew its general business licenses until the city partners with the department as provided in subsection (4) of this section.

(2)(a) A city that did not require a general business license as of July 1, 2017, but imposes a new general business license requirement after that date must advise the department in writing of its intent to do so at least ninety days before the requirement takes effect.

(b) If a city subject to (a) of this subsection (2) imposes a new general business license requirement after July 1, 2017, the department, in its sole discretion, may adjust resources to partner with the imposing city as of the date that the new general business licensing requirement takes effect. If the department cannot reallocate resources, the city may issue and renew its general business license until the department is able to partner with the city.

(3) The department may delay assuming the duties of issuing and renewing general business licenses beyond the dates provided in subsection (1)(a) of this section if:

(a) Insufficient funds are appropriated for this specific purpose;

(b) The department cannot ensure the business licensing system is adequately prepared to handle all general business licenses due to unforeseen circumstances;

(c) The department determines that a delay is necessary to ensure that the transition to mandatory department issuance and renewal of general business licenses is as seamless as possible; or

(d) The department receives a written notice from a city within sixty days of

the date that the city appears on the department's biennial partnership plan, which includes an explanation of the fiscal or technical challenges causing the city to delay joining the system. A delay under this subsection (3) (d) may be for no more than three years.

(4)(a) In consultation with affected cities and in accordance with the priorities established in subsection (5) of this section, the department must establish a biennial plan for partnering with cities to assume the issuance and renewal of general business licenses as required by this section. The plan must identify the cities that the department will partner with and the dates targeted for the department to assume the duties of issuing and renewing general business licenses.

(b) By January 1, 2018, and January 1st of each even-numbered year thereafter, the department must submit the partnering plan required in (a) of this subsection (4) to the governor; legislative fiscal committees; house local government committee; senate agriculture, water, trade and economic development committee; senate local government committee; affected cities; association of Washington cities; association of Washington business; national federation of independent business; and Washington retail association.

(c) The department may, in its sole discretion, alter the plan required in (a) of this subsection (4) with a minimum notice of thirty days to affected cities.

(5) When determining the plan to partner with cities for the issuance and renewal of general business licenses as required in subsection (4) of this section, cities that notified the department of their wish to partner with the department before January 1, 2017, must be allowed to partner before other cities.

(6) A city that partners with the department for the issuance and renewal of general business licenses through the business licensing service in accordance with chapter 19.02 RCW may not issue and renew those licenses.

(7) A city may decline to partner with the department for the issuance and renewal of a general business license as provided in subsection (1) of this section if the city participates in the online local business license and tax filing portal known as "FileLocal" as of July 1,

2020. For the purposes of this subsection (7), a city is considered to be a FileLocal participant as of the date that a business may access FileLocal for purposes of applying for or renewing that city's general business license and reporting and paying that city's local business and occupation taxes. A city that ceases participation in FileLocal after July 1, 2020, must partner with the department for the issuance and renewal of its general business license as provided in subsection (1) of this section.

(8) By January 1, 2019, and each January 1st thereafter through January 1, 2028, the department must submit a progress report to the legislature. The report required by this subsection must provide information about the progress of the department's efforts to partner with all cities that impose a general business license requirement and include:

(a) A list of cities that have partnered with the department as required in subsection (1) of this section;

(b) A list of cities that have not partnered with the department;

(c) A list of cities that are scheduled to partner with the department during the upcoming calendar year;

(d) A list of cities that have declined to partner with the department as provided in subsection (7) of this section;

(e) An explanation of lessons learned and any process efficiencies incorporated by the department;

(f) Any recommendations to further simplify the issuance and renewal of general business licenses by the department; and

(g) Any other information the department considers relevant.

NEW SECTION. Sec. 3. (1) A general business license that must be issued and renewed through the business licensing service in accordance with chapter 19.02 RCW is subject to the provisions of this section.

(2)(a) A city has broad authority to impose a fee structure as provided by RCW 35.22.280, 35.23.440, and 35A.82.020. However, any fee structure selected by a city must be within the department's technical ability to administer. The department has the sole discretion to determine if it can administer a city's fee structure.

(b) If the department is unable to administer a city's fee structure, the city must work with the department to adopt a fee structure that is administrable by the department. If a city fails to comply with this subsection (2)(b), it may not enforce its general business licensing requirements on any person until the effective date of a fee structure that is administrable by the department.

(3) A general business license may not be renewed more frequently than once per year except that the department may require a more frequent renewal date as may be necessary to synchronize the renewal date for the general business license with the business's business license expiration date.

(4) The business licensing system need not accommodate any monetary penalty imposed by a city for failing to obtain or renew a general business license. The penalty imposed in RCW 19.02.085 applies to general business licenses that are not renewed by their expiration date.

(5) The department may refuse to administer any provision of a city business license ordinance that is inconsistent with this chapter.

NEW SECTION. **Sec. 4.** The department is not authorized to enforce a city's licensing laws except to the extent of issuing or renewing a license in accordance with this chapter and chapter 19.02 RCW or refusing to issue a license due to an incomplete application, nonpayment of the appropriate fees as indicated by the license application or renewal application, or the nonpayment of any applicable penalty for late renewal.

NEW SECTION. **Sec. 5.** Cities whose general business licenses are issued through the business licensing system retain the authority to set license fees, provide exemptions and thresholds for these licenses, approve or deny license applicants, and take appropriate administrative actions against licensees.

NEW SECTION. **Sec. 6.** Cities may not require a person to obtain or renew a general business license unless the person engages in business within its respective city. For the purposes of this section, a person may not be considered to be engaging in business within a city unless the person is subject to the taxing jurisdiction of a city under the standards established for interstate commerce under

the commerce clause of the United States Constitution.

NEW SECTION. **Sec. 7.** A general business license change enacted by a city whose general business license is issued through the business licensing system takes effect no sooner than seventy-five days after the department receives notice of the change if the change affects in any way who must obtain a license, who is exempt from obtaining a license, or the amount or method of determining any fee for the issuance or renewal of a license.

NEW SECTION. **Sec. 8.** (1)(a) The cities, working through the association of Washington cities, must form a model ordinance development committee made up of a representative sampling of cities that impose a general business license requirement. This committee must work through the association of Washington cities to adopt a model ordinance on general business license requirements by July 1, 2018. The model ordinance and subsequent amendments developed by the committee must be adopted using a process that includes opportunity for substantial input from business stakeholders and other members of the public. Input must be solicited from statewide business associations and from local chambers of commerce and downtown business associations in cities that require a person that conducts business in the city to obtain a general business license.

(b) The department, association of Washington cities, and municipal research and services center must post copies of, or links to, the model ordinance on their internet web sites. Additionally, a city that imposes a general business license requirement must make copies of its general business license ordinance or ordinances available for inspection and copying as provided in chapter 42.56 RCW.

(c) The definitions in the model ordinance may not be amended more frequently than once every four years, except that the model ordinance may be amended at any time to comply with changes in state law or court decisions. Any amendment to a mandatory provision of the model ordinance must be adopted with the same effective date by all cities.

(2) A city that imposes a general business license requirement must adopt the mandatory provisions of the model ordinance by January 1, 2019. The following provisions are mandatory:

(a) A definition of "engaging in business within the city" for purposes of delineating the circumstances under which a general business license is required;

(b) A uniform minimum licensing threshold under which a person would be relieved of the requirement to obtain a city's general business license. A city retains the authority to create a higher threshold for the requirement to obtain a general business license but must not deviate lower than the level required by the model ordinance.

(3)(a) A city may require a person that is under the uniform minimum licensing threshold as provided in subsection (2) of this section to obtain a city registration with no fee due to the city.

(b) A city that requires a city registration as provided in (a) of this subsection must partner with the department to have such registration issued through the business licensing service in accordance with chapter 19.02 RCW. This subsection (3)(b) does not apply to a city that is excluded from the requirement to partner with the department for the issuance and renewal of general business licenses as provided in section 2 of this act.

NEW SECTION. **Sec. 9.** Cities that impose a general business license must adopt the mandatory provisions of the model ordinance as provided in section 8 of this act by January 1, 2019. A city that has not complied with the requirements of this section by January 1, 2019, may not enforce its general business licensing requirements on any person until the date that the mandatory provisions of the model ordinance take effect within the city.

NEW SECTION. **Sec. 10.** Cities must coordinate with the association of Washington cities to submit a report to the governor; legislative fiscal committees; house local government committee; and the senate agriculture, water, trade and economic development committee by January 1, 2019. The report must:

(1) Provide information about the model ordinance adopted by the cities as required in section 8 of this act;

(2) Identify cities that have and have not adopted the mandatory provisions of the model ordinance; and

(3) Incorporate comments from statewide business organizations concerning the process and substance of the model ordinance. Statewide business organizations must be allowed thirty days to submit comments for inclusion in the report.

NEW SECTION. **Sec. 11.** (1) The legislature directs cities, towns, and identified business organizations to partner in recommending changes to simplify the two factor apportionment formula provided in RCW 35.102.130.

(2)(a) The local business and occupation tax apportionment task force is established. The task force must consist of the following seven representatives:

(i) Three voting representatives selected by the association of Washington cities that are tax managers representing municipalities that impose a local business and occupation tax, including at least one jurisdiction that has performed an audit where apportionment errors were discovered.

(ii) Three voting representatives selected by the association of Washington business, including at least one tax practitioner or legal counsel with experience representing business clients during municipal audits that involved apportionment errors or disputes.

(iii) One nonvoting representative from the department.

(2) A petition under this section must be filed within ten calendar days following the designated mental health professional investigation or the request for a designated mental health professional investigation. If more than ten days have elapsed, the immediate family member, guardian, or conservator may request a new designated mental health professional investigation.

The petition must be accompanied by a sworn declaration from the petitioner, and other witnesses if desired, describing why the person should be detained for evaluation and treatment. The description of why the person should be detained may contain, but is not limited to, the information identified in RCW 71.05.212.

(i) A description of the relationship between the petitioner and the person; and

(ii) The date on which an investigation was requested from the designated mental health professional.

~~((3))~~ (4) The court shall, within one judicial day, review the petition to determine whether the petition raises sufficient evidence to support the allegation. If the court so finds, it shall provide a copy of the petition to the designated mental health professional agency with an order for the agency to provide the court, within one judicial day, with a written sworn statement describing the basis for the decision not to seek initial detention and a copy of all information material to the designated mental health professional's current decision.

~~((4))~~ (5) Following the filing of the petition and before the court reaches a decision, any person, including a mental health professional, may submit a sworn declaration to the court in support of or in opposition to initial detention.

Part Two - Less Restrictive Alternative Revocations

Sec. 8. RCW 71.05.590 and 2015 c 250 s 13 are each amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release order, or a designated mental health professional, may take action to enforce, modify, or revoke a less restrictive alternative order or conditional release order ((if)). The agency, facility, or designated mental health professional ((determines)) must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel ~~((r))~~ or advise ~~((, or admonish))~~ the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) ~~((To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This~~

subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

~~(d)~~) To cause the person to be transported by a peace officer, designated mental health professional, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or evaluation and treatment facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated mental health professional or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation or modification procedures under ~~(subsection (4) of)~~ this section in appropriate circumstances; and

~~(e)~~) (d) To initiate revocation or modification procedures under ~~(subsection (4) of)~~ this section. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary or designated mental health professional when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4)(a) A designated mental health professional or the secretary may upon their own motion or notification by the

facility or agency designated to provide outpatient care order a person subject to a court order under this section to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment, or initiate proceedings under ~~(this)~~ subsection ~~((4))~~ (5) of this section without ordering the apprehension and detention of the person.

(b) A person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated mental health professional or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

~~((e))~~ (5)(a) The designated mental health professional or secretary shall ~~((notify the court that originally ordered commitment within two judicial days of a person's detention and))~~ file a petition for revocation ~~((petition))~~ or modification and an order of apprehension and detention, if applicable, with the court ~~((and))~~ of the county where the person is currently located or being detained. The designated mental health professional shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings ~~((regarding a petition for modification or revocation must be in))~~ is the county ~~((in which))~~ where the petition ~~((was))~~ is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation or modification is filed, within two judicial days of the person's detention.

~~((d))~~ (b) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the

decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order.

~~((e))~~ (c) Revocation proceedings under this subsection ~~((4))~~ (5) are not allowable if the current commitment is solely based on the person being in need of assisted outpatient mental health treatment. In order to obtain a court order for detention for inpatient treatment under this circumstance, a petition must be filed under RCW 71.05.150 or 71.05.153.

~~((5))~~ (6) In determining whether or not to take action under this section the designated mental health professional, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Sec. 9. RCW 71.05.590 and 2016 sp.s. c 29 s 242 are each amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release order, or a designated crisis responder, may take action to enforce, modify, or revoke a less restrictive alternative order or conditional release order ~~((if))~~. The agency, facility, or designated crisis responder ~~((determines))~~ must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel ~~((7))~~ or advise ~~((7 or admonish))~~ the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) ~~((To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;~~

~~((d))~~ To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or to an evaluation and treatment facility if the person is committed for mental health treatment, or to a secure detoxification facility with available space or an approved substance use disorder treatment program with available space if the person is committed for substance use disorder treatment. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and

prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation or modification procedures under ~~((subsection (4) of))~~ this section in appropriate circumstances; and

~~((e))~~ (d) To initiate revocation or modification procedures under ~~((subsection (4) of))~~ this section. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4) (a) A designated crisis responder or the secretary may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure detoxification facility or approved substance use disorder treatment program if either is available in or near the county in which he or she is receiving outpatient treatment and has adequate space. Proceedings under ~~((this))~~ subsection ~~((4))~~ (5) of this section may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection (4) must be held until such

time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

~~((e))~~ (5) (a) The designated crisis responder or secretary shall ~~((notify the court that originally ordered commitment within two judicial days of a person's detention and))~~ file a petition for revocation ~~((petition))~~ or modification and an order of apprehension and detention, if applicable, with the court ~~((and))~~ of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings ~~((regarding a petition for modification or revocation must be in))~~ is the county ~~((in which))~~ where the petition ~~((was))~~ is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation or modification is filed, within two judicial days of the person's detention.

~~((d))~~ (b) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order. A

court may not issue an order to detain a person for inpatient treatment in a secure detoxification facility or approved substance use disorder treatment program under this subsection unless there is a secure detoxification facility or approved substance use disorder treatment program available and with adequate space for the person.

~~((4))~~ (c) Revocation proceedings under this subsection ~~((4))~~ (5) are not allowable if the current commitment is solely based on the person being in need of assisted outpatient mental health treatment. In order to obtain a court order for detention for inpatient treatment under this circumstance, a petition must be filed under RCW 71.05.150 or 71.05.153.

~~((5))~~ (6) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Sec. 10. RCW 71.05.590 and 2016 sp.s. c 29 s 243 are each amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release order, or a designated crisis responder, may take action to enforce, modify, or revoke a less restrictive alternative order or conditional release order ~~((if))~~. The agency, facility, or designated crisis responder ~~((determines))~~ must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate

to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel ~~((7))~~ or advise ~~((7 or admonish))~~ the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) ~~((To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;~~

~~((d))~~ To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or to an evaluation and treatment facility if the person is committed for mental health treatment, or to a secure detoxification facility or an approved substance use disorder treatment program if the person is committed for substance use disorder treatment. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the

clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation or modification procedures under ~~((subsection (4) of))~~ this section in appropriate circumstances; and

~~((e))~~ (d) To initiate revocation or modification procedures under ~~((subsection (4) of))~~ this section. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4) (a) A designated crisis responder or the secretary may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure detoxification facility or approved substance use disorder treatment program if either is available in or near the county in which he or she is receiving outpatient treatment. Proceedings under ~~((this))~~ subsection ~~((4))~~ (5) of this section may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service

on the person. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

~~((e))~~ (5) (a) The designated crisis responder or secretary shall ~~((notify the court that originally ordered commitment within two judicial days of a person's detention and))~~ file a petition for revocation ((petition)) or modification and an order of apprehension and detention, if applicable, with the court ((and)) of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings ((regarding a petition for modification or revocation must be in)) is the county ((in which)) where the petition ~~((was))~~ is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation or modification is filed, within two judicial days of the person's detention.

~~((e))~~ (b) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order.

~~((e))~~ (c) Revocation proceedings under this subsection ~~((4))~~ (5) are not allowable if the current commitment is solely based on the person being in need of assisted outpatient mental health treatment. In order to obtain a court

order for detention for inpatient treatment under this circumstance, a petition must be filed under RCW 71.05.150 or 71.05.153.

~~((45))~~ (6) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Part Three - Initial Detention Investigations

Sec. 11. RCW 71.05.154 and 2013 c 334 s 1 are each amended to read as follows:

((A)) If a person subject to evaluation under RCW 71.05.150 or 71.05.153 is located in an emergency room at the time of evaluation, the designated mental health professional conducting ~~((an))~~ the evaluation ~~((of a person under RCW 71.05.150 or 71.05.153 must consult with any examining emergency room physician regarding the physician's observations and opinions relating to the person's condition, and whether, in the view of the physician, detention is appropriate. The designated mental health professional))~~ shall take serious consideration of observations and opinions by an examining emergency room physician~~((s))~~, advanced registered nurse practitioner, or physician assistant in determining whether detention under this chapter is appropriate. The designated mental health professional must document ~~((the))~~ his or her consultation with ~~((an examining emergency room physician))~~ this professional, ~~((including))~~ if the professional is available, or his or her review of the ~~((physician's))~~ professional's written observations or opinions regarding whether detention of the person is appropriate.

Sec. 12. RCW 71.05.154 and 2016 sp.s. c 29 s 214 are each amended to read as follows:

((A)) If a person subject to evaluation under RCW 71.05.150 or 71.05.153 is located in an emergency room at the time of evaluation, the designated crisis responder conducting ~~((an))~~ the evaluation ~~((of a person under RCW 71.05.150 or 71.05.153 must consult with any examining emergency room physician regarding the physician's observations and opinions relating to the person's condition, and~~

~~whether, in the view of the physician, detention is appropriate. The designated crisis responder))~~ shall take serious consideration of observations and opinions by an examining emergency room physician~~((s))~~, advanced registered nurse practitioner, or physician assistant in determining whether detention under this chapter is appropriate. The designated crisis responder must document ~~((the))~~ his or her consultation with ~~((an examining emergency room physician))~~ this professional, ~~((including))~~ if the professional is available, or his or her review of the ~~((physician's))~~ professional's written observations or opinions regarding whether detention of the person is appropriate.

Part Four - Evaluation and Petition by Chemical

Dependency Professionals

Sec. 13. RCW 70.96A.140 and 2016 sp.s. c 29 s 102 are each amended to read as follows:

(1)(a) When a designated chemical dependency specialist receives information alleging that a person presents a likelihood of serious harm or is gravely disabled as a result of ~~((chemical dependency))~~ a substance use disorder, the designated chemical dependency specialist, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court, district court, or in another court permitted by court rule.

If a petition for commitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the designated chemical dependency specialist's report.

If the designated chemical dependency specialist finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to either a designated mental health professional or an evaluation and treatment facility as defined in RCW 71.05.020 or 71.34.020.

(b) If placement in a ~~((chemical dependency))~~ substance use disorder

treatment program is available and deemed appropriate, the petition shall allege that: The person is chemically dependent and presents a likelihood of serious harm or is gravely disabled by alcohol or drug addiction, or that the person has twice before in the preceding twelve months been admitted for withdrawal management, sobering services, or ~~((chemical dependency))~~ substance use disorder treatment pursuant to RCW 70.96A.110 or 70.96A.120, and is in need of a more sustained treatment program, or that the person ~~((is chemically dependent))~~ has a substance use disorder and has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment, by itself, does not constitute evidence of lack of judgment as to the need for treatment.

(c) If involuntary detention is sought, the petition must state facts that support a finding of the grounds identified in (b) of this subsection and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition must state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition must state facts that support a finding of the grounds for commitment identified in (b) of this subsection and set forth the proposed less restrictive alternative.

(d) (i) The petition must be signed by:

(A) ~~((Two physicians,))~~ One physician, physician assistant, or psychiatric advanced registered nurse practitioner; and

(B) ((One physician and a mental health professional;

(C) One physician assistant and a mental health professional; or

(D) One psychiatric advanced registered nurse practitioner and a mental health professional.

~~((ii) The persons signing the petition must have examined the person))~~ One physician, physician assistant, psychiatric advanced registered nurse practitioner, or designated chemical dependency specialist.

(2) Upon filing the petition, the court shall fix a date for a hearing no less

than two and no more than seven days after the date the petition was filed unless the person petitioned against is presently being detained in a program, pursuant to RCW 70.96A.120, 71.05.210, or 71.34.710, in which case the hearing shall be held within seventy-two hours of the filing of the petition ~~((+ PROVIDED, HOWEVER, That))~~. ~~The ((above specified))~~ seventy-two hours shall be computed by excluding Saturdays, Sundays, and holidays ~~((+ PROVIDED FURTHER, That,))~~. The court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his or her counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served ~~((by the designated chemical dependency specialist))~~ on the person whose commitment is sought, his or her next of kin, a parent or his or her legal guardian if he or she is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony including, if possible, the testimony, which may be telephonic, of at least one licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, or ~~((mental health professional))~~ designated chemical dependency specialist who has examined the person whose commitment is sought. Communications otherwise deemed privileged under the laws of this state are deemed to be waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that the waiver is necessary to protect either the detained person or the public. The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person, or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical, nursing, or psychological records of detained persons so long as the requirements of RCW 5.45.020 are met, except that portions of the record that contain opinions as to whether the

detailed person (~~is chemically dependent~~) has a substance use disorder shall be deleted from the records unless the person offering the opinions is available for cross-examination. The person shall be present unless the court believes that his or her presence is likely to be injurious to him or her; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him or her throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, or (~~mental health professional~~) designated chemical dependency specialist, he or she shall be given an opportunity to be examined by a court appointed licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, or other professional person qualified to provide such services. If he or she refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him or her to the department for a period of not more than five days for purposes of a diagnostic examination.

(4)(a) If, after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by a preponderance of the evidence and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interest of the person or others, it shall make an order of commitment to an approved substance use disorder treatment program. It shall not order commitment of a person unless it determines that an approved substance use disorder treatment program is available and able to provide adequate and appropriate treatment for him or her.

(b) If the court finds that the grounds for commitment have been established by a preponderance of the evidence, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive course of treatment. The less restrictive order may impose treatment conditions and other conditions that are in the best interest of the respondent and others. A

copy of the less restrictive order must be given to the respondent, the designated chemical dependency specialist, and any program designated to provide less restrictive treatment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. The court may not order commitment of a person to a less restrictive course of treatment unless it determines that an approved substance use disorder treatment program is available and able to provide adequate and appropriate treatment for him or her.

(5) A person committed to inpatient treatment under this section shall remain in the program for treatment for a period of fourteen days unless sooner discharged. A person committed to a less restrictive course of treatment under this section shall remain in the program of treatment for a period of ninety days unless sooner discharged. At the end of the fourteen-day period, or ninety-day period in the case of a less restrictive alternative to inpatient treatment, he or she shall be discharged automatically unless the program or the designated chemical dependency specialist, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days of inpatient treatment or ninety days of less restrictive alternative treatment unless sooner discharged. The petition for ninety-day inpatient or less restrictive alternative treatment must be filed with the clerk of the court at least three days before expiration of the fourteen-day period of intensive treatment.

If a petition for recommitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the treatment progress report.

If a person has been committed because he or she (~~is chemically dependent~~) has a substance use disorder and is likely to inflict physical harm on another, the program or designated chemical dependency specialist shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) Upon the filing of a petition for recommitment under subsection (5) of this section, the court shall fix a date for hearing no less than two and no more than seven days after the date the petition was filed (~~(+ PROVIDED, That,)~~). The court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment program on the person whose commitment is sought, his or her next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her legal guardian if he or she is a minor, and his or her attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsections (3) and (4) of this section, except that the burden of proof upon a hearing for recommitment must be proof by clear, cogent, and convincing evidence.

(7) The approved substance use disorder treatment program shall provide for adequate and appropriate treatment of a person committed to its custody on an inpatient or outpatient basis. A person committed under this section may be transferred from one approved public treatment program to another if transfer is medically advisable.

(8) A person committed to a program for treatment shall be discharged at any time before the end of the period for which he or she has been committed and he or she shall be discharged by order of the court if either of the following conditions are met:

(a) In case of a ~~((chemically dependent))~~ person with a substance use disorder committed on the grounds of likelihood of infliction of physical harm upon himself, herself, or another, the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of a ~~((chemically dependent))~~ person with a substance use disorder committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.

(9) The court shall inform the person whose commitment or recommitment is sought of his or her right to contest the

application, be represented by counsel at every stage of any proceedings relating to his or her commitment and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his or her right to be examined by a licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, designated chemical dependency specialist, or other professional person of his or her choice who is qualified to provide such services. If the person is unable to obtain a qualified person and requests an examination, the court shall employ a licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, designated chemical dependency specialist, or other professional person to conduct an examination and testify on behalf of the person.

(10) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(11) The venue for proceedings under this section is the county in which person to be committed resides or is present.

(12) When in the opinion of the professional person in charge of the program providing involuntary inpatient treatment under this chapter, the committed patient can be appropriately served by less restrictive treatment before expiration of the period of commitment, then the less restrictive care may be required as a condition for early release for a period which, when added to the initial treatment period, does not exceed the period of commitment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated chemical

dependency specialist of original commitment, and the court of original commitment. The program designated to provide less restrictive care may modify the conditions for continued release when the modifications are in the best interests of the patient. If the program providing less restrictive care and the designated chemical dependency specialist determine that a conditionally released patient is failing to adhere to the terms and conditions of his or her release, or that substantial deterioration in the patient's functioning has occurred, then the designated chemical dependency specialist shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the date of the request to determine whether or not the person should be returned to more restrictive care. The designated chemical dependency specialist shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The patient shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released patient did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the patient's functioning has occurred and whether the conditions of release should be modified or the person should be returned to a more restrictive program. The hearing may be waived by the patient and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. Upon waiver, the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions. The grounds and procedures for revocation of less restrictive alternative treatment ordered by the court must be the same as those set forth in this section for less restrictive care arranged by an approved substance use disorder treatment program as a condition for early release.

(3) An evaluation and treatment center, secure detoxification facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such

person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

The person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for seventy-two hours shall no

later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

(2) If, after examination and evaluation, the mental health professional or chemical dependency professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment ~~((facility))~~ program, or, if detained to a secure detoxification facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement.

(3) An evaluation and treatment center, secure detoxification facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 17. RCW 71.05.230 and 2016 sp.s. c 29 s 230, 2016 c 155 s 5, and 2016 c 45 s 1 are each reenacted and amended to read as follows:

A person detained or committed for seventy-two hour evaluation and treatment or for an outpatient evaluation for the purpose of filing a petition for a less restrictive alternative treatment order may be committed for not more than fourteen additional days of involuntary intensive treatment or ninety additional days of a less restrictive alternative to involuntary intensive treatment. A petition may only be filed if the following conditions are met:

(1) The professional staff of the agency or facility providing evaluation services has analyzed the person's condition and finds that the condition is caused by mental disorder or substance use

disorder and results in a likelihood of serious harm, results in the person being gravely disabled, or results in the person being in need of assisted outpatient mental health treatment, and are prepared to testify those conditions are met; and

(2) The person has been advised of the need for voluntary treatment and the professional staff of the facility has evidence that he or she has not in good faith volunteered; and

(3) The agency or facility providing intensive treatment or which proposes to supervise the less restrictive alternative is certified to provide such treatment by the department; and

(4) The professional staff of the agency or facility or the designated crisis responder has filed a petition with the court for a fourteen day involuntary detention or a ninety day less restrictive alternative. The petition must be signed ~~((either))~~ by:

(a) ~~((Two physicians))~~ One physician, physician assistant, or psychiatric advanced registered nurse practitioner; and

(b) One physician ~~((and a))~~, physician assistant, psychiatric advanced registered nurse practitioner, or mental health professional ~~((+))~~

(c) One physician assistant and a mental health professional; or

~~((d) One psychiatric advanced registered nurse practitioner and a mental health professional)).~~ If the petition is for substance use disorder treatment, the petition may be signed by a chemical dependency professional instead of a mental health professional. The persons signing the petition must have examined the person. If involuntary detention is sought the petition shall state facts that support the finding that such person, as a result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition shall state facts that support the finding that such person, as a result of a mental disorder or as a result of a

substance use disorder, presents a likelihood of serious harm, is gravely disabled, or is in need of assisted outpatient mental health treatment, and shall set forth any recommendations for less restrictive alternative treatment services; and

(5) A copy of the petition has been served on the detained or committed person, his or her attorney and his or her guardian or conservator, if any, prior to the probable cause hearing; and

(6) The court at the time the petition was filed and before the probable cause hearing has appointed counsel to represent such person if no other counsel has appeared; and

(7) The petition reflects that the person was informed of the loss of firearm rights if involuntarily committed for mental health treatment; and

(8) At the conclusion of the initial commitment period, the professional staff of the agency or facility or the designated crisis responder may petition for an additional period of either ninety days of less restrictive alternative treatment or ninety days of involuntary intensive treatment as provided in RCW 71.05.290; and

(9) If the hospital or facility designated to provide less restrictive alternative treatment is other than the facility providing involuntary treatment, the outpatient facility so designated to provide less restrictive alternative treatment has agreed to assume such responsibility.

Sec. 18. RCW 71.05.290 and 2016 sp.s. c 29 s 235, 2016 c 155 s 6, and 2016 c 45 s 3 are each reenacted and amended to read as follows:

(1) At any time during a person's fourteen day intensive treatment period, the professional person in charge of a treatment facility or his or her professional designee or the designated crisis responder may petition the superior court for an order requiring such person to undergo an additional period of treatment. Such petition must be based on one or more of the grounds set forth in RCW 71.05.280.

(2) The petition shall summarize the facts which support the need for further commitment and shall be supported by affidavits based on an examination of the patient and signed by:

(a) (~~Two physicians~~) One physician, physician assistant, or psychiatric advanced registered nurse practitioner; and

(b) One physician (~~and a~~), physician assistant, psychiatric advanced registered nurse practitioner, or mental health professional (~~+~~

(c) One physician assistant and a mental health professional; or

~~(d) One psychiatric advanced registered nurse practitioner and a mental health professional~~). If the petition is for substance use disorder treatment, the petition may be signed by a chemical dependency professional instead of a mental health professional. The affidavits shall describe in detail the behavior of the detained person which supports the petition and shall explain what, if any, less restrictive treatments which are alternatives to detention are available to such person, and shall state the willingness of the affiant to testify to such facts in subsequent judicial proceedings under this chapter. If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(3) If a person has been determined to be incompetent pursuant to RCW 10.77.086(4), then the professional person in charge of the treatment facility or his or her professional designee or the designated crisis responder may directly file a petition for one hundred eighty day treatment under RCW 71.05.280(3). No petition for initial detention or fourteen day detention is required before such a petition may be filed.

(ii) Training must include chemical dependency training specific to the duties of a designated crisis responder, including diagnosis of substance abuse and dependence and assessment of risk associated with substance use.

(c) The department must develop a transition process for any person who has been designated as a designated mental health professional or a designated chemical dependency specialist before April 1, 2018, to be converted to a designated crisis responder. The behavioral health organizations shall provide training, as required by the department, to persons converting to designated crisis responders, which must include both mental health and chemical dependency training applicable to the designated crisis responder role.

(2)(a) The department must ensure that at least one sixteen-bed secure detoxification facility is operational by April 1, 2018, and that at least two sixteen-bed secure detoxification facilities are operational by April 1,

2019. In addition, the department shall ensure that an additional sixteen-bed secure detoxification facility is operational by April 1st of each year beginning in 2020 until there is adequate capacity to meet the involuntary treatment requirements for substance use disorder clients.

(b) If, at any time during the implementation of secure detoxification facility capacity, federal funding becomes unavailable for federal match for services provided in secure detoxification facilities, then the department must cease any expansion of secure detoxification facilities until further direction is provided by the legislature.

(2) There shall be a marijuana processor's license to process, package, and label marijuana concentrates, useable marijuana, and marijuana-infused products for sale at wholesale to marijuana processors and marijuana retailers, regulated by the state liquor and cannabis

board and subject to annual renewal. The processing, packaging, possession, delivery, distribution, and sale of marijuana, useable marijuana, marijuana-infused products, and marijuana concentrates in accordance with the provisions of this chapter and chapter 69.51A RCW and the rules adopted to implement and enforce these chapters, by a validly licensed marijuana processor, shall not be a criminal or civil offense under Washington state law. Every marijuana processor's license shall be issued in the name of the applicant, shall specify the location at which the licensee intends to operate, which must be within the state of Washington, and the holder thereof shall not allow any other person to use the license. The application fee for a marijuana processor's license shall be two hundred fifty dollars. The annual fee for issuance and renewal of a marijuana processor's license shall be one thousand dollars. A separate license shall be required for each location at which a marijuana processor intends to process marijuana.

(3)(a) There shall be a marijuana retailer's license to sell marijuana concentrates, useable marijuana, and marijuana-infused products at retail in retail outlets, regulated by the state liquor and cannabis board and subject to annual renewal. (A) No marijuana retailer's license may be subject to forfeiture within the first nine months of license issuance; and

(B) The state liquor and cannabis board must require license forfeiture on or before twenty-four calendar months of license issuance if a marijuana retailer is not fully operational and open to the public, unless the board determines that circumstances out of the licensee's control are preventing the licensee from becoming fully operational and that, in the board's discretion, the circumstances warrant extending the forfeiture period beyond twenty-four calendar months.

(iii) The state liquor and cannabis board has discretion in adopting rules under this subsection (3)(c).

(iv) This subsection (3)(c) applies to marijuana retailer's licenses issued before and after the effective date of this section. For the purpose of reviewing any application for a license and for considering the denial, suspension, revocation, or renewal or denial thereof, of any license, the state liquor and cannabis board may consider any prior criminal conduct of the applicant including an administrative violation history record with the state liquor and cannabis board and a criminal history record information check. The state liquor and cannabis board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The state liquor and cannabis board must require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation. The provisions of RCW 9.95.240 and of chapter 9.96A RCW do not apply to these cases. Subject to the provisions of this section, the state liquor and cannabis board may, in its discretion, grant or deny the renewal or license applied for. Denial may be based on, without limitation, the existence of chronic illegal activity documented in objections submitted pursuant to subsections (7) (c) and (10) of this section. Authority to approve an uncontested or unopposed license may be granted by the state liquor and cannabis board to any staff member the board designates in writing. Conditions for granting this authority must be adopted by rule.

(iv) A person whose place of business is conducted by a manager or agent, unless the manager or agent possesses the same qualifications required of the licensee.

(2)(a) The state liquor and cannabis board may, in its discretion, subject to the provisions of RCW 69.50.334, suspend or cancel any license; and all protections of the licensee from criminal or civil sanctions under state law for producing, processing, researching, or selling marijuana, marijuana concentrates, useable marijuana, or marijuana-infused products thereunder must be suspended or terminated, as the case may be.

(b) The state liquor and cannabis board must immediately suspend the license of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license is automatic upon the state liquor and cannabis board's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

(c) The state liquor and cannabis board may request the appointment of administrative law judges under chapter 34.12 RCW who shall have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, and to receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, under rules and regulations the state liquor and cannabis board may adopt.

(d) Witnesses must be allowed fees and mileage each way to and from any inquiry, investigation, hearing, or proceeding at the rate authorized by RCW 34.05.446. Fees

need not be paid in advance of appearance of witnesses to testify or to produce books, records, or other legal evidence.

(e) In case of disobedience of any person to comply with the order of the state liquor and cannabis board or a subpoena issued by the state liquor and cannabis board, or any of its members, or administrative law judges, or on the refusal of a witness to testify to any matter regarding which he or she may be lawfully interrogated, the judge of the superior court of the county in which the person resides, on application of any member of the board or administrative law judge, compels obedience by contempt proceedings, as in the case of disobedience of the requirements of a subpoena issued from said court or a refusal to testify therein.

(3) Upon receipt of notice of the suspension or cancellation of a license, the licensee must forthwith deliver up the license to the state liquor and cannabis board. Where the license has been suspended only, the state liquor and cannabis board must return the license to the licensee at the expiration or termination of the period of suspension. The state liquor and cannabis board must notify all other licensees in the county where the subject licensee has its premises of the suspension or cancellation of the license; and no other licensee or employee of another licensee may allow or cause any marijuana, marijuana concentrates, useable marijuana, or marijuana-infused products to be delivered to or for any person at the premises of the subject licensee.

The state liquor and cannabis board may extend the time period for submitting written objections upon request from the authority notified by the state liquor and cannabis board.

(c) The written objections must include a statement of all facts upon which the objections are based, and in case written objections are filed, the city or town or county legislative authority may request, and the state liquor and cannabis board may in its discretion hold, a hearing subject to the applicable provisions of Title 34 RCW. If the state liquor and cannabis board makes an initial decision to deny a license or renewal based on the written objections of an incorporated city or town or county legislative authority, the applicant may request a hearing subject to the applicable provisions of Title 34 RCW. If a hearing is held at the request of the applicant, state liquor and cannabis board representatives must present and defend the state liquor and cannabis board's initial decision to deny a license or renewal.

(d) Upon the granting of a license under this title the state liquor and cannabis board must send written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns.

(b) A city, county, or town may permit the licensing of premises within one thousand feet but not less than one hundred feet of the facilities described in (a) of this subsection, except elementary schools, secondary schools, and playgrounds, by enacting an ordinance authorizing such distance reduction, provided that such distance reduction will not negatively impact the jurisdiction's civil regulatory enforcement, criminal law enforcement interests, public safety, or public health.

(c) A city, county, or town may permit the licensing of research premises allowed under RCW 69.50.372 within one thousand feet but not less than one hundred feet of the facilities described in (a) of this subsection by enacting an ordinance authorizing such distance reduction, provided that the ordinance will not negatively impact the jurisdiction's civil regulatory enforcement, criminal law enforcement, public safety, or public health.

Before issuing or renewing a research license for premises within one thousand feet but not less than one hundred feet of an elementary school, secondary school, or playground in compliance with an ordinance passed pursuant to (c) of this subsection, the board must ensure that the facility:

(i) Meets a security standard exceeding that which applies to marijuana producer, processor, or retailer licensees;

(ii) Is inaccessible to the public and no part of the operation of the facility is in view of the general public; and

(iii) Bears no advertising or signage indicating that it is a marijuana research facility.

(e) The state liquor and cannabis board may not issue a license for any premises within Indian country, as defined in 18 U.S.C. Sec. 1151, including any fee patent lands within the exterior boundaries of a reservation, without the consent of the federally recognized tribe associated with the reservation or Indian country.

(10) In determining whether to grant or deny a license or renewal of any license, the state liquor and cannabis board must give substantial weight to objections from an incorporated city or town or county legislative authority based upon chronic illegal activity associated with the applicant's operations of the premises proposed to be licensed or the applicant's operation of any other licensed premises, or the conduct of the applicant's patrons inside or outside the licensed premises. "Chronic illegal activity" means (a) a pervasive pattern of activity that threatens the public health, safety, and welfare of the city, town, or county including, but not limited to, open container violations, assaults, disturbances, disorderly conduct, or other criminal law violations, or as documented in crime statistics, police reports, emergency medical response data, calls for service, field data, or similar records of a law enforcement agency for the city, town, county, or any other municipal corporation or any state agency; or (b) an unreasonably high number of citations for violations of RCW 46.61.502 associated with the applicant's or licensee's operation of any licensed premises as indicated by the reported statements given to law enforcement upon arrest.

Sec. 8. RCW 69.51A.250 and 2016 c 170 s 2 are each amended to read as follows:

(1) Qualifying patients or designated providers may form a cooperative and share responsibility for acquiring and supplying the resources needed to produce and process marijuana only for the medical use of members of the cooperative. No more than four qualifying patients or designated providers may become members of a cooperative under this section and all members must hold valid recognition cards. All members of the cooperative must be at least twenty-one years old. The designated provider of a qualifying patient who is under twenty-one years old may be a member

of a cooperative on the qualifying patient's behalf. All plants grown in the cooperative must be (~~((purchased or cloned))~~) from an immature plant or clone purchased from a licensed marijuana producer as defined in RCW 69.50.101. Cooperatives may also purchase marijuana seeds from a licensed marijuana producer.

(2) Qualifying patients and designated providers who wish to form a cooperative must register the location with the state liquor and cannabis board and this is the only location where cooperative members may grow or process marijuana. This registration must include the names of all participating members and copies of each participant's recognition card. Only qualifying patients or designated providers registered with the state liquor and cannabis board in association with the location may participate in growing or receive useable marijuana or marijuana-infused products grown at that location.

(3) No cooperative may be located in any of the following areas:

(a) Within one mile of a marijuana retailer;

(b) Within the smaller of either:

(i) One thousand feet of the perimeter of the grounds of any elementary or secondary school, playground, recreation center or facility, child care center, public park, public transit center, library, or any game arcade that admission to which is not restricted to persons aged twenty-one years or older; or

(ii) The area restricted by ordinance, if the cooperative is located in a city, county, or town that has passed an ordinance pursuant to RCW 69.50.331(8); or

(c) Where prohibited by a city, town, or county zoning provision.

(4) The state liquor and cannabis board must deny the registration of any cooperative if the location does not comply with the requirements set forth in subsection (3) of this section.

(5) If a qualifying patient or designated provider no longer participates in growing at the location, he or she must notify the state liquor and cannabis board within fifteen days of the date the qualifying patient or designated provider ceases participation. The state liquor and cannabis board must remove his or her name from connection to the cooperative. Additional qualifying patients or designated providers may not join the

cooperative until sixty days have passed since the date on which the last qualifying patient or designated provider notifies the state liquor and cannabis board that he or she no longer participates in that cooperative.

(6) Qualifying patients or designated providers who participate in a cooperative under this section:

(a) May grow up to the total amount of plants for which each participating member is authorized on their recognition cards, up to a maximum of sixty plants. At the location, the qualifying patients or designated providers may possess the amount of useable marijuana that can be produced with the number of plants permitted under this subsection, but no more than seventy-two ounces;

(b) May only participate in one cooperative;

(c) May only grow plants in the cooperative and if he or she grows plants in the cooperative may not grow plants elsewhere;

(d) Must provide assistance in growing plants. A monetary contribution or donation is not to be considered assistance under this section. Participants must provide nonmonetary resources and labor in order to participate; and

(e) May not sell, donate, or otherwise provide marijuana, marijuana concentrates, useable marijuana, or marijuana-infused products to a person who is not participating under this section.

(7) The location of the cooperative must be the domicile of one of the participants. Only one cooperative may be located per property tax parcel. A copy of each participant's recognition card must be kept at the location at all times.

(8) The state liquor and cannabis board may adopt rules to implement this section including:

(a) Any security requirements necessary to ensure the safety of the cooperative and to reduce the risk of diversion from the cooperative;

(b) A seed to sale traceability model that is similar to the seed to sale traceability model used by licensees that will allow the state liquor and cannabis board to track all marijuana grown in a cooperative.

(9) The state liquor and cannabis board or law enforcement may inspect a cooperative registered under this section to ensure members are in compliance with this section. The state liquor and cannabis board must adopt rules on reasonable inspection hours and reasons for inspections.

Sec. 9. RCW 15.120.020 and 2016 sp.s. c 11 s 3 are each amended to read as follows:

Except as otherwise provided in this chapter, industrial hemp is an agricultural product that may be grown, produced, possessed, processed, and exchanged in the state solely and exclusively as part of an industrial hemp research program supervised by the department. Processing any part of industrial hemp, except seed, as food, extract, oil, cake, concentrate, resin, or other preparation for topical use, oral consumption, or inhalation by humans is prohibited, unless the processing is both authorized by the department under section 10 of this act and in compliance with section 7606 of the federal agricultural act of 2014 (128 Stat. 649, 912; 7 U.S.C. Sec. 5940).

NEW SECTION. Sec. 10. A new section is added to chapter 15.120 RCW to read as follows:

(1) The department may allow a person holding an industrial hemp license authorizing the licensee to grow, produce, possess, or process industrial hemp to sell or transfer industrial hemp to a marijuana processor licensed under chapter 69.50 RCW and the rules adopted by the state liquor and cannabis board, for use by the marijuana processor.

(2) A licensed marijuana processor is required to obtain an industrial hemp license from the department in order to possess or process industrial hemp for the purposes authorized under this section.

(3) A licensed marijuana processor may use any part of industrial hemp obtained in accordance with this section. A licensee's use of industrial hemp must comply with the requirements of chapter 69.50 RCW, the rules adopted by the state liquor and cannabis board, and the rules adopted by the department of health for marijuana products. However, such rules adopted by the state liquor and cannabis board or the department of health may not prohibit the processing or sale of any specific type of marijuana product because such specific type of marijuana product is

derived, in whole or in part, from industrial hemp.

(4) The department may adopt rules, in consultation with the state liquor and cannabis board, to implement this section.

NEW SECTION. Sec. 11. The legislature finds that protecting the state's children, youth, and young adults under the legal age to purchase and consume marijuana, by establishing limited restrictions on the advertising of marijuana and marijuana products, is necessary to assist the state's efforts to discourage and prevent underage consumption and the potential risks associated with underage consumption. The legislature finds that these restrictions assist the state in maintaining a strong and effective regulatory and enforcement system as specified by the federal government. The legislature finds this act leaves ample opportunities for licensed marijuana businesses to market their products to those who are of legal age to purchase them, without infringing on the free speech rights of business owners. Finally, the legislature finds that the state has a substantial and compelling interest in enacting this act aimed at protecting Washington's children, youth, and young adults.

Sec. 12. RCW 69.50.357 and 2016 c 171 s 1 are each amended to read as follows:

(1) Retail outlets may not sell products or services other than marijuana concentrates, useable marijuana, marijuana-infused products, or paraphernalia intended for the storage or use of marijuana concentrates, useable marijuana, or marijuana-infused products.

(2) Licensed marijuana retailers may not employ persons under twenty-one years of age or allow persons under twenty-one years of age to enter or remain on the premises of a retail outlet. However, qualifying patients between eighteen and twenty-one years of age with a recognition card may enter and remain on the premises of a retail outlet holding a medical marijuana endorsement and may purchase products for their personal medical use. Qualifying patients who are under the age of eighteen with a recognition card and who accompany their designated providers may enter and remain on the premises of a retail outlet holding a medical marijuana endorsement, but may not purchase products for their personal medical use.

(3)(a) Licensed marijuana retailers must ensure that all employees are trained

on the rules adopted to implement this chapter, identification of persons under the age of twenty-one, and other requirements adopted by the state liquor and cannabis board to ensure that persons under the age of twenty-one are not permitted to enter or remain on the premises of a retail outlet.

(b) Licensed marijuana retailers with a medical marijuana endorsement must ensure that all employees are trained on the subjects required by (a) of this subsection as well as identification of authorizations and recognition cards. Employees must also be trained to permit qualifying patients who hold recognition cards and are between the ages of eighteen and twenty-one to enter the premises and purchase marijuana for their personal medical use and to permit qualifying patients who are under the age of eighteen with a recognition card to enter the premises if accompanied by their designated providers.

(4) Except as otherwise provided under RCW 69.50.369, licensed marijuana retailers may not display any signage outside of the licensed premises, other than two signs identifying the retail outlet by the licensee's business or trade name, stating the location of the business, and identifying the nature of the business. Each sign must be no larger than one thousand six hundred square inches, be permanently affixed to a building or other structure, and be posted not less than one thousand feet from any elementary school, secondary school, or playground. Such signs may not contain any depictions of marijuana plants, marijuana products, or images that might be appealing to children. The content of the signs authorized under this subsection (4) are subject to all requirements and restrictions applicable to outdoor signs as set forth in RCW 69.50.369.

(5) Except for the purposes of disposal as authorized by the state liquor and cannabis board, no licensed marijuana retailer or employee of a retail outlet may open or consume, or allow to be opened or consumed, any marijuana concentrates, useable marijuana, or marijuana-infused product on the outlet premises.

(6) The state liquor and cannabis board must fine a licensee one thousand dollars for each violation of any subsection of this section. Fines collected under this section must be deposited into the dedicated marijuana account created under RCW 69.50.530.

Sec. 13. RCW 69.50.369 and 2015 2nd sp.s. c 4 s 204 are each amended to read as follows:

purchase or consumption of marijuana products; or

(c) Use or employ a commercial mascot outside of, and in proximity to, a licensed marijuana business. A "commercial mascot" means live human being, animal, or mechanical device used for attracting the attention of motorists and passersby so as to make them aware of marijuana products or the presence of a marijuana business. Commercial mascots include, but are not limited to, inflatable tube displays, persons in costume, or wearing, holding, or spinning a sign with a marijuana-related commercial message or image, where the intent is to draw attention to a marijuana business or its products.

(6) A marijuana licensee that engages in outdoor advertising is subject to the advertising requirements and restrictions set forth in this subsection (6) and elsewhere in this chapter.

(a) All outdoor advertising signs, including billboards, are limited to text that identifies the retail outlet by the licensee's business or trade name, states the location of the business, and identifies the type or nature of the business. Such signs may not contain any depictions of marijuana plants, marijuana products, or images that might be appealing to children. The state liquor and cannabis board is granted rule-making authority to regulate the text and images that are permissible on outdoor advertising. Such rule making must be consistent with other administrative rules generally applicable to the advertising of marijuana businesses and products.

(b) Outdoor advertising is prohibited:

(c)(i) Until July 1, 2018, licensed retail outlets may use a billboard or outdoor sign solely for the purpose of identifying the name of the business, the nature of the business, and providing the public with directional information to the

licensed retail outlet. Billboards advertising is subject to the same requirements and restrictions as set forth in (a) of this subsection.

(ii) After July 1, 2018, the use of a billboard for the advertising or promotion of a retail marijuana business or any marijuana-related product is prohibited.

(d) Advertising signs within the premises of a retail marijuana business outlet that are visible to the public from outside the premises must meet the signage regulations and requirements applicable to outdoor signs as set forth in this section.

(e) The restrictions and regulations applicable to outdoor advertising under this section are not applicable to:

(i) An advertisement inside a licensed retail establishment that sells marijuana products that is not placed on the inside surface of a window facing outward; or

(ii) An outdoor advertisement at the site of an event to be held at an adult only facility that is placed at such site during the period the facility or enclosed area constitutes an adult only facility, but in no event more than fourteen days before the event, and that does not advertise any marijuana product other than by using a brand name to identify the event.

(7) Merchandising within a retail outlet is not advertising for the purposes of this section.

~~((3))~~ (8) This section does not apply to a noncommercial message.

~~((4))~~ (9)(a) The state liquor and cannabis board must:

(i) Adopt rules implementing this section and specifically including provisions regulating the billboards and outdoor signs authorized under this section; and

(ii) Fine a licensee one thousand dollars for each violation of ~~((subsection (1) of))~~ this section until the state liquor and cannabis board adopts rules prescribing penalties for violations of this section. The rules must establish escalating penalties including fines and up to suspension or revocation of a marijuana license for subsequent violations.

(b) Fines collected under this subsection must be deposited into the

dedicated marijuana account created under RCW 69.50.530.

(10) A city, town, or county may adopt rules of outdoor advertising by licensed marijuana retailers that are more restrictive than the advertising restrictions imposed under this chapter. Enforcement of restrictions to advertising by a city, town, or county is the responsibility of the city, town, or county.

Sec. 18. RCW 69.07.020 and 1969 c 68 s 1 are each amended to read as follows:

(1) The department shall enforce and carry out the provisions of this chapter, and may adopt the necessary rules to carry out its purposes.

(2) Such rules may include:

(a) Standards for temperature controls in the storage of foods, so as to provide proper refrigeration.

(b) Standards for temperatures at which low acid foods must be processed and the length of time such temperatures must be applied and at what pressure in the processing of such low acid foods.

(c) Standards and types of recording devices that must be used in providing records of the processing of low acid foods, and how they shall be made available to the department of agriculture for inspection.

(d) Requirements for the keeping of records of the temperatures, times and pressures at which foods were processed, or for the temperatures at which refrigerated products were stored by the licensee and the furnishing of such records to the department.

(e) Standards that must be used to establish the temperature and purity of water used in the processing of foods.

(3) The department may adopt rules specific to marijuana-infused edibles. The rules must be written and interpreted to be consistent with rules adopted by the board and the department of health.

Sec. 19. RCW 19.02.110 and 2013 c 144 s 25 are each amended to read as follows:

(1) In addition to the licenses processed under the business licensing system prior to April 1, 1982, on July 1, 1982, use of the business licensing system is expanded as provided by this section.

(f) Marijuana-infused edible endorsements required by chapter 69.07 RCW.

NEW SECTION. Sec. 20. A new section is added to chapter 69.07 RCW to read as follows:

(1) In addition to the requirements administered by the board under chapter 69.50 RCW, the department shall regulate marijuana-infused edible processing the same as other food processing under this chapter, except:

(a) The department shall not consider foods containing marijuana to be adulterated when produced in compliance with chapter 69.50 RCW and the rules adopted by the board;

(b) Initial issuance and renewal for an annual marijuana-infused edible endorsement in lieu of a food processing license under RCW 69.07.040 must be made through the business licensing system under chapter 19.02 RCW;

(d) The department shall adopt a penalty schedule specific to marijuana processors, which may have values equivalent to the penalty schedule adopted by the board. The penalties are in addition to any penalties imposed under the penalty schedule adopted by the board; and

(b) The marijuana processor must have a valid marijuana processor license before submitting an application for initial endorsement. (d) A marijuana processor must obtain a separate endorsement for each location at which the marijuana processor intends to process marijuana-infused edibles. Premises used for marijuana-infused edible processing may not be used for processing food that does not use marijuana as an ingredient, with the exception of edibles produced solely for tasting samples or internal product testing.

(3) The department may deny, suspend, or revoke a marijuana-infused edible endorsement on the same grounds as the department may deny, suspend, or revoke a food processing license under this chapter.

(4) Information about processors otherwise exempt from public inspection and copying under chapter 42.56 RCW is also exempt from public inspection and copying if submitted to or used by the department.

SB 5268

Prime Sponsor, Senator Takko: Concerning notice to the licensee before a concealed pistol license expires. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.41.070 and 2011 c 294 s 1 are each amended to read as follows:

(1) The chief of police of a municipality or the sheriff of a county shall within thirty days after the filing of an application of any person, issue a

license to such person to carry a pistol concealed on his or her person within this state for five years from date of issue, for the purposes of protection or while engaged in business, sport, or while traveling. However, if the applicant does not have a valid permanent Washington driver's license or Washington state identification card or has not been a resident of the state for the previous consecutive ninety days, the issuing authority shall have up to sixty days after the filing of the application to issue a license. The issuing authority shall not refuse to accept completed applications for concealed pistol licenses during regular business hours.

The applicant's constitutional right to bear arms shall not be denied, unless:

(a) He or she is ineligible to possess a firearm under the provisions of RCW 9.41.040 or 9.41.045, or is prohibited from possessing a firearm under federal law;

(b) The applicant's concealed pistol license is in a revoked status;

(c) He or she is under twenty-one years of age;

(d) He or she is subject to a court order or injunction regarding firearms pursuant to RCW 9A.46.080, 10.14.080, 10.99.040, 10.99.045, 26.09.050, 26.09.060, 26.10.040, 26.10.115, 26.26.130, 26.50.060, 26.50.070, or 26.26.590;

(e) He or she is free on bond or personal recognizance pending trial, appeal, or sentencing for a felony offense;

(f) He or she has an outstanding warrant for his or her arrest from any court of competent jurisdiction for a felony or misdemeanor; or

(g) He or she has been ordered to forfeit a firearm under RCW 9.41.098(1) (e) within one year before filing an application to carry a pistol concealed on his or her person.

No person convicted of a felony may have his or her right to possess firearms restored or his or her privilege to carry a concealed pistol restored, unless the person has been granted relief from disabilities by the attorney general under 18 U.S.C. Sec. 925(c), or RCW 9.41.040 (3) or (4) applies.

(2)(a) The issuing authority shall conduct a check through the national instant criminal background check system, the Washington state patrol electronic database, the department of social and health services electronic database, and with other agencies or resources as appropriate, to determine whether the applicant is ineligible under RCW 9.41.040 or 9.41.045 to possess a firearm, or is prohibited from possessing a firearm under federal law, and therefore ineligible for a concealed pistol license.

(b) The issuing authority shall deny a permit to anyone who is found to be prohibited from possessing a firearm under federal or state law.

(c) This subsection applies whether the applicant is applying for a new concealed pistol license or to renew a concealed pistol license.

(3) Any person whose firearms rights have been restricted and who has been granted relief from disabilities by the attorney general under 18 U.S.C. Sec. 925(c) or who is exempt under 18 U.S.C. Sec. 921(a)(20)(A) shall have his or her right to acquire, receive, transfer, ship, transport, carry, and possess firearms in accordance with Washington state law restored except as otherwise prohibited by this chapter.

(4) The license application shall bear the full name, residential address, telephone number at the option of the applicant, email address at the option of the applicant, date and place of birth, race, gender, description, a complete set of fingerprints, and signature of the licensee, and the licensee's driver's license number or state identification card number if used for identification in applying for the license. A signed application for a concealed pistol license shall constitute a waiver of confidentiality and written request that the department of social and health services, mental health institutions, and other health care facilities release information relevant to the applicant's eligibility for a concealed pistol license to an inquiring court or law enforcement agency.

The application for an original license shall include two complete sets of fingerprints to be forwarded to the Washington state patrol.

The license and application shall contain a warning substantially as follows:

CAUTION: Although state and local laws do not differ, federal law and state law on the possession of firearms differ. If you are prohibited by federal law from possessing a firearm, you may be prosecuted in federal court. A state license is not a defense to a federal prosecution.

The license shall contain a description of the major differences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law.

The application shall contain questions about the applicant's eligibility under RCW 9.41.040 and federal law to possess a pistol, the applicant's place of birth, and whether the applicant is a United States citizen. If the applicant is not a United States citizen, the applicant must provide the applicant's country of citizenship, United States issued alien number or admission number, and the basis on which the applicant claims to be exempt from federal prohibitions on firearm possession by aliens. The applicant shall not be required to produce a birth certificate or other evidence of citizenship. A person who is not a citizen of the United States shall, if applicable, meet the additional requirements of RCW 9.41.173 and produce proof of compliance with RCW 9.41.173 upon application. The license may be in triplicate or in a form to be prescribed by the department of licensing.

The original thereof shall be delivered to the licensee, the duplicate shall within seven days be sent to the director of licensing and the triplicate shall be preserved for six years, by the authority issuing the license.

The department of licensing shall make available to law enforcement and corrections agencies, in an on-line format, all information received under this subsection.

(5) The nonrefundable fee, paid upon application, for the original five-year license shall be thirty-six dollars plus additional charges imposed by the federal bureau of investigation that are passed on to the applicant. No other state or local branch or unit of government may impose any additional charges on the applicant for the issuance of the license.

The fee shall be distributed as follows:

(a) Fifteen dollars shall be paid to the state general fund;

(b) Four dollars shall be paid to the agency taking the fingerprints of the person licensed;

(c) Fourteen dollars shall be paid to the issuing authority for the purpose of enforcing this chapter; and

(d) Three dollars to the firearms range account in the general fund.

(6) The nonrefundable fee for the renewal of such license shall be thirty-two dollars. No other branch or unit of government may impose any additional charges on the applicant for the renewal of the license.

The renewal fee shall be distributed as follows:

(a) Fifteen dollars shall be paid to the state general fund;

(b) Fourteen dollars shall be paid to the issuing authority for the purpose of enforcing this chapter; and

(c) Three dollars to the firearms range account in the general fund.

(7) The nonrefundable fee for replacement of lost or damaged licenses is ten dollars to be paid to the issuing authority.

(8) Payment shall be by cash, check, or money order at the option of the applicant. Additional methods of payment may be allowed at the option of the issuing authority.

(9) If the licensee provides an email address at the time of application, the department of licensing must send notice of the license expiration to the licensee's email address within sixty days prior to the expiration of the license. A licensee may renew a license if the licensee applies for renewal within ninety days before or after the expiration date of the license. A license so renewed shall take effect on the expiration date of the prior license. A licensee renewing after the expiration date of the license must pay a late renewal penalty of ten dollars in addition to the renewal fee specified in subsection (6) of this section. The fee shall be distributed as follows:

(a) Three dollars shall be deposited in the state wildlife account and used exclusively first for the printing and distribution of a pamphlet on the legal limits of the use of firearms, firearms

safety, and the preemptive nature of state law, and subsequently the support of volunteer instructors in the basic firearms safety training program conducted by the department of fish and wildlife. The pamphlet shall be given to each applicant for a license; and

(b) Seven dollars shall be paid to the issuing authority for the purpose of enforcing this chapter.

(10) Notwithstanding the requirements of subsections (1) through (9) of this section, the chief of police of the municipality or the sheriff of the county of the applicant's residence may issue a temporary emergency license for good cause pending review under subsection (1) of this section. However, a temporary emergency license issued under this subsection shall not exempt the holder of the license from any records check requirement. Temporary emergency licenses shall be easily distinguishable from regular licenses.

(11) A political subdivision of the state shall not modify the requirements of this section or chapter, nor may a political subdivision ask the applicant to voluntarily submit any information not required by this section.

(12) A person who knowingly makes a false statement regarding citizenship or identity on an application for a concealed pistol license is guilty of false swearing under RCW 9A.72.040. In addition to any other penalty provided for by law, the concealed pistol license of a person who knowingly makes a false statement shall be revoked, and the person shall be permanently ineligible for a concealed pistol license.

(13) A person may apply for a concealed pistol license:

(a) To the municipality or to the county in which the applicant resides if the applicant resides in a municipality;

(b) To the county in which the applicant resides if the applicant resides in an unincorporated area; or

(c) Anywhere in the state if the applicant is a nonresident.

(14) Any person who, as a member of the armed forces, including the national guard and armed forces reserves, is unable to renew his or her license under subsections (6) and (9) of this section because of the person's assignment, reassignment, or deployment for out-of-state military

service may renew his or her license within ninety days after the person returns to this state from out-of-state military service, if the person provides the following to the issuing authority no later than ninety days after the person's date of discharge or assignment, reassignment, or deployment back to this state: (a) A copy of the person's original order designating the specific period of assignment, reassignment, or deployment for out-of-state military service, and (b) if appropriate, a copy of the person's discharge or amended or subsequent assignment, reassignment, or deployment order back to this state. A license so renewed under this subsection (14) shall take effect on the expiration date of the prior license. A licensee renewing after the expiration date of the license under this subsection (14) shall pay only the renewal fee specified in subsection (6) of this section and shall not be required to pay a late renewal penalty in addition to the renewal fee.

Sec. 5. RCW 46.52.130 and 2015 2nd sp.s. c 3 s 12 are each amended to read as follows:

Upon a proper request, the department may furnish an abstract of a person's driving record as permitted under this section.

(1) **Contents of abstract of driving record.** An abstract of a person's driving record, whenever possible, must include:

(a) An enumeration of motor vehicle accidents in which the person was driving, including:

(i) The total number of vehicles involved;

(ii) Whether the vehicles were legally parked or moving;

(iii) Whether the vehicles were occupied at the time of the accident; and

(iv) Whether the accident resulted in a fatality;

(b) Any reported convictions, forfeitures of bail, or findings that an infraction was committed based upon a violation of any motor vehicle law;

(c) The status of the person's driving privilege in this state; and

(d) Any reports of failure to appear in response to a traffic citation or failure to respond to a notice of infraction served upon the named individual by an arresting officer.

(2) **Release of abstract of driving record.** An abstract of a person's driving record may be furnished to the following persons or entities:

(a) **Named individuals.** (i) An abstract of the full driving record maintained by the department may be furnished to the individual named in the abstract.

A pending case includes criminal cases that have not reached a disposition by plea, stipulation, trial, or amended charge. An open infraction or criminal case includes cases on probation, payment agreement or subject to, or in collections. Courts may charge a reasonable fee for the production and copying of the abstract for the individual.

(b) **Employers or prospective employers.**

(i) (A) An abstract of the full driving record maintained by the department may be furnished to an employer or prospective employer or an agent acting on behalf of an employer or prospective employer of the named individual for purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer.

If the employer or prospective employer authorizes an agent to obtain this information on their behalf, this must be noted in the statement. The statement must also note that any information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee may not be used by the employer or prospective employer, or an agent authorized to obtain this information on their behalf, unless required by federal regulation or law. The employer or prospective employer must afford the employee or prospective

employee an opportunity to demonstrate that an adjudication contained in the abstract is subject to a court order sealing the juvenile record.

(C) Upon request of the person named in the abstract provided under this subsection, and upon that same person furnishing copies of court records ruling that the person was not at fault in a motor vehicle accident, the department must indicate on any abstract provided under this subsection that the person was not at fault in the motor vehicle accident.

(D) No employer or prospective employer, nor any agent of an employer or prospective employer, may use information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee for any purpose unless required by federal regulation or law. The employee or prospective employee must furnish a copy of the court order sealing the juvenile record to the employer or prospective employer, or the agent of the employer or prospective employer, as may be required to ensure the application of this subsection.

(ii) In addition to the methods described in (b)(i) of this subsection, the director may enter into a contractual agreement with an employer or its agent for the purpose of reviewing the driving records of existing employees for changes to the record during specified periods of time. The department shall establish a fee for this service, which must be deposited in the highway safety fund. The fee for this service must be set at a level that will not result in a net revenue loss to the state. Any information provided under this subsection must be treated in the same manner and is subject to the same restrictions as driving record abstracts.

(c) **Volunteer organizations.** (i) An abstract of the full driving record maintained by the department may be furnished to a volunteer organization or an agent for a volunteer organization for which the named individual has submitted an application for a position that would require driving by the individual at the direction of the volunteer organization.

(ii) Release of an abstract of the driving record of a prospective volunteer requires a statement signed by: (A) The prospective volunteer that authorizes the release of the record; and (B) the volunteer organization attesting that the

information is necessary for purposes related to driving by the individual at the direction of the volunteer organization. If the volunteer organization authorizes an agent to obtain this information on their behalf, this must be noted in the statement.

(d) **Transit authorities.** An abstract of the full driving record maintained by the department may be furnished to an employee or agent of a transit authority checking prospective volunteer vanpool drivers for insurance and risk management needs.

(A) That has motor vehicle or life insurance in effect covering the named individual;

(B) To which the named individual has applied; or

(C) That has insurance in effect covering the employer or a prospective employer of the named individual.

(ii) The abstract provided to the insurance company must:

(A) Not contain any information related to actions committed by law enforcement officers or firefighters, as both terms are defined in RCW 41.26.030, or by Washington state patrol officers, while driving official vehicles in the performance of their occupational duty. This does not apply to any situation where the vehicle was used in the commission of a misdemeanor or felony;

(B) Not include any information related to a finding that a person has committed an offense for using a personal electronic device while driving a motor vehicle on a public highway under section 1 of this act if that offense is the first such offense committed within five years;

(C) Include convictions under RCW 46.61.5249 and 46.61.525, except that the abstract must report the convictions only as negligent driving without reference to whether they are for first or second degree negligent driving; and

~~((C))~~ (D) Exclude any deferred prosecution under RCW 10.05.060, except that if a person is removed from a deferred prosecution under RCW 10.05.090, the abstract must show the deferred prosecution as well as the removal.

(iii) Any policy of insurance may not be canceled, nonrenewed, denied, or have the rate increased on the basis of information regarding an accident included in the abstract of a driving record, unless the policyholder was determined to be at fault.

(iv) Any insurance company or its agent, for underwriting purposes relating to the operation of commercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of motor vehicles while not engaged in such employment. Any insurance company or its agent, for underwriting purposes relating to the operation of noncommercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of commercial motor vehicles.

(v) The director may enter into a contractual agreement with an insurance company or its agent for the limited purpose of reviewing the driving records of existing policyholders for changes to the record during specified periods of time. The department shall establish a fee for this service, which must be deposited in the highway safety fund. The fee for this service must be set at a level that will not result in a net revenue loss to the state. Any information provided under this subsection must be treated in the same manner and is subject to the same restrictions as driving record abstracts.

(f) **Alcohol/drug assessment or treatment agencies.** An abstract of the driving record maintained by the department covering the period of not more than the last five years may be furnished to an alcohol/drug assessment or treatment agency approved by the department of social and health services to which the named individual has applied or been assigned for evaluation or treatment, for purposes of assisting employees in making a determination as to what level of treatment, if any, is appropriate, except that the abstract must:

(i) Also include records of alcohol-related offenses, as defined in RCW 46.01.260(2), covering a period of not more than the last ten years; and

(ii) Indicate whether an alcohol-related offense was originally charged as a violation of either RCW 46.61.502 or 46.61.504.

(g) **Attorneys—City attorneys, county prosecuting attorneys, and named individual's attorney of record.** An

abstract of the full driving record maintained by the department, including whether a recorded violation is an alcohol-related offense, as defined in RCW 46.01.260(2), that was originally charged as a violation of either RCW 46.61.502 or 46.61.504, may be furnished to city attorneys, county prosecuting attorneys, or the named individual's attorney of record. City attorneys, county prosecuting attorneys, or the named individual's attorney of record may provide the driving record to alcohol/drug assessment or treatment agencies approved by the department of social and health services to which the named individual has applied or been assigned for evaluation or treatment.

(h) **State colleges, universities, or agencies, or units of local government.** An abstract of the full driving record maintained by the department may be furnished to (i) state colleges, universities, or agencies for employment and risk management purposes or (ii) units of local government authorized to self-insure under RCW 48.62.031 for employment and risk management purposes.

(i) **Superintendent of public instruction.** An abstract of the full driving record maintained by the department may be furnished to the superintendent of public instruction for review of public school bus driver records. The superintendent or superintendent's designee may discuss information on the driving record with an authorized representative of the employing school district for employment and risk management purposes.

(3) **Release to third parties prohibited.** Any person or entity receiving an abstract of a person's driving record under subsection (2)(b) through (i) of this section shall use the abstract exclusively for his, her, or its own purposes or as otherwise expressly permitted under this section, and shall not divulge any information contained in the abstract to a third party.

(4) **Fee.** The director shall collect a thirteen dollar fee for each abstract of a person's driving record furnished by the department. Fifty percent of the fee must be deposited in the highway safety fund, and fifty percent of the fee must be deposited according to RCW 46.68.038.

(5) **Violation.** (a) Any negligent violation of this section is a gross misdemeanor.

(b) Any intentional violation of this section is a class C felony.

(6) Effective July 1, 2019, the contents of a driving abstract pursuant to this section shall not include any information related to sealed juvenile records unless that information is required by federal law or regulation.

DISCONTINUING CERTIFICATES OF ACADEMIC AND INDIVIDUAL ACHIEVEMENT AS GRADUATION REQUIREMENTS

Sec. 101. RCW 28A.155.045 and 2007 c 354 s 3 are each amended to read as follows:

Beginning with the graduating class of 2008, students served under this chapter, who are not appropriately assessed by the high school Washington assessment system ~~((as defined in RCW 28A.655.061))~~ established in accordance with RCW 28A.655.070, even with accommodations, may ~~((earn a certificate of individual achievement. The certificate may be earned using multiple ways to))~~, through multiple options, demonstrate skills and abilities commensurate with their individual education programs. The determination of whether the high school assessment system is appropriate shall be made by the student's individual education program team. ~~((Except as provided in RCW 28A.655.0611, for these students, the certificate of individual achievement is required for graduation from a public high school, but need not be the only requirement for graduation.))~~ When measures other than the high school assessment system ~~((as defined in RCW 28A.655.061))~~ established in accordance with RCW 28A.655.070 are used, the measures shall be in agreement with the appropriate educational opportunity provided for the student as required by this chapter. The superintendent of public instruction shall develop the guidelines for determining which students should not be required to participate in the high school assessment system and which types of assessments are appropriate to use.

When measures other than the high school assessment system ~~((as defined in RCW 28A.655.061))~~ established in accordance with RCW 28A.655.070 are used for high school graduation purposes, the student's high school transcript shall note whether that student ~~((has earned a certificate of individual achievement))~~ was assessed with alternative assessments.

Nothing in this section shall be construed to deny a student the right to participation in the high school assessment system ~~((as defined in RCW~~

28A.655.061, and, upon successfully meeting the high school standard, receipt of the certificate of academic achievement)) established in accordance with RCW 28A.655.070.

Sec. 102. RCW 28A.155.170 and 2007 c 318 s 2 are each amended to read as follows:

(1) Beginning July 1, 2007, each school district that operates a high school shall establish a policy and procedures that permit any student who is receiving special education or related services under an individualized education program pursuant to state and federal law and who will continue to receive such services between the ages of eighteen and twenty-one to participate in the graduation ceremony and activities after four years of high school attendance with his or her age-appropriate peers and receive a certificate of attendance.

(2) Participation in a graduation ceremony and receipt of a certificate of attendance under this section does not preclude a student from continuing to receive special education and related services under an individualized education program beyond the graduation ceremony.

(3) A student's participation in a graduation ceremony and receipt of a certificate of attendance under this section shall not be construed as the student's receipt of ~~((either:~~

~~(a))~~ a high school diploma pursuant to RCW 28A.230.120 ~~((or~~

(b) A certificate of individual achievement pursuant to RCW 28A.155.045)).

Sec. 103. RCW 28A.230.090 and 2016 c 162 s 2 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except as provided in RCW 28A.230.122 and except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the

culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) ((The certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation.

~~(e))~~ Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level. Effective with the graduating class of 2015, the state board of education may not establish a requirement for students to complete a culminating project for graduation.

~~((d))~~ (c)(i) The state board of education shall adopt rules to implement the career and college ready graduation requirement proposal adopted under board resolution on November 10, 2010, and revised on January 9, 2014, to take effect beginning with the graduating class of 2019 or as otherwise provided in this subsection (1) ~~((d))~~ (c). The rules must include authorization for a school district to waive up to two credits for individual students based on unusual circumstances and in accordance with written policies that must be adopted by each board of directors of a school district that grants diplomas. The rules must also provide that the content of the third credit of mathematics and the content of the third credit of science may be chosen by the student based on the student's interests and high school and beyond plan with agreement of the student's parent or guardian or agreement of the school counselor or principal.

(ii) School districts may apply to the state board of education for a waiver to implement the career and college ready graduation requirement proposal beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019. In the application, a school district must describe why the waiver is being requested, the specific impediments preventing timely implementation, and efforts that will be taken to achieve implementation with the graduating class proposed under the waiver. The state board of education shall grant a waiver under this subsection (1) ~~((d))~~ (c) to an applying school district at the next

subsequent meeting of the board after receiving an application.

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to (~~earn a certificate of academic achievement,~~) complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

Sec. 104. RCW 28A.230.122 and 2011 c 203 s 1 are each amended to read as follows:

(1) A student who fulfills the requirements specified in subsection (3) of this section toward completion of an international baccalaureate diploma programme is considered to have satisfied state minimum requirements for graduation from a public high school, except that(+

(a) The provisions of RCW 28A.655.061 regarding the certificate of academic achievement or RCW 28A.155.045 regarding the certificate of individual achievement apply to students under this section; and

~~(b))~~ the provisions of RCW 28A.230.170 regarding study of the United States Constitution and the Washington state Constitution apply to students under this section.

(2) School districts may require students under this section to complete local graduation requirements that are in addition to state minimum requirements before issuing a high school diploma under RCW 28A.230.120. However, school districts are encouraged to waive local requirements as necessary to encourage students to pursue an international baccalaureate diploma.

(3) To receive a high school diploma under this section, a student must

complete and pass all required international baccalaureate diploma programme courses as scored at the local level; pass all internal assessments as scored at the local level; successfully complete all required projects and products as scored at the local level; and complete the final examinations administered by the international baccalaureate organization in each of the required subjects under the diploma programme.

Sec. 105. RCW 28A.230.125 and 2014 c 102 s 3 are each amended to read as follows:

(1) The superintendent of public instruction, in consultation with the four-year institutions as defined in RCW 28B.76.020, the state board for community and technical colleges, and the workforce training and education coordinating board, shall develop for use by all public school districts a standardized high school transcript. The superintendent shall establish clear definitions for the terms "credits" and "hours" so that school programs operating on the quarter, semester, or trimester system can be compared.

(2) ((The standardized high school transcript shall include a notation of whether the student has earned a certificate of individual achievement or a certificate of academic achievement.

~~(3)~~) The standardized high school transcript may include a notation of whether the student has earned the Washington state seal of biliteracy established under RCW 28A.300.575.

Sec. 106. RCW 28A.655.070 and 2015 c 211 s 3 are each amended to read as follows:

(1) The superintendent of public instruction shall develop essential academic learning requirements that identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, develop student assessments, and implement the accountability recommendations and requests regarding assistance, rewards, and recognition of the state board of education.

(2) The superintendent of public instruction shall:

(a) Periodically revise the essential academic learning requirements, as needed,

based on the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the essential academic learning requirements; and

(b) Review and prioritize the essential academic learning requirements and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the statewide student assessment and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline. The office of the superintendent of public instruction, within seven working days, shall post on its web site any grade level content expectations provided to an assessment vendor for use in constructing the statewide student assessment.

(3) (a) In consultation with the state board of education, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in subsection (1) of this section. School districts shall administer the assessments under guidelines adopted by the superintendent of public instruction. The academic assessment system may include a variety of assessment methods, including criterion-referenced and performance-based measures.

(b) Effective with the 2009 administration of the Washington assessment of student learning and continuing with the statewide student assessment, the superintendent shall redesign the assessment in the content areas of reading, mathematics, and science in all grades except high school by shortening test administration and

reducing the number of short answer and extended response questions.

(c) By the 2014-15 school year, the superintendent of public instruction, in consultation with the state board of education, shall modify the statewide student assessment system to transition to assessments developed with a multistate consortium, as provided in this subsection:

(i) The assessments developed with a multistate consortium to assess student proficiency in English language arts and mathematics shall be administered beginning in the 2014-15 school year. The reading and writing assessments shall not be administered by the superintendent of public instruction or schools after the 2013-14 school year.

(ii) The high school assessments in English language arts and mathematics in (c)(i) of this subsection shall be used for ((the purposes of earning a certificate of academic achievement for high school graduation under the timeline established in RCW 28A.655.061 and for)) assessing student career and college readiness.

((iii) During the transition period specified in RCW 28A.655.061, the superintendent of public instruction shall use test items and other resources from the consortium assessment to develop and administer a tenth grade high school English language arts assessment, an end-of-course mathematics assessment to assess the standards common to algebra I and integrated mathematics I, and an end-of-course mathematics assessment to assess the standards common to geometry and integrated mathematics II.))

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments and proposed modifications to the essential academic learning requirements before the modifications are adopted.

(5) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning

requirements at the appropriate periods in the student's educational development.

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system's item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students. The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

(9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the essential academic learning requirements and assessments for goals one and two.

(10) The superintendent shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(11) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

(12) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

(13) The superintendent shall post on the superintendent's web site lists of resources and model assessments in social studies, the arts, and health and fitness.

(14) The superintendent shall integrate financial education skills and content knowledge into the state learning standards pursuant to RCW 28A.300.460 (2) (d).

PART II

MODIFICATIONS TO PROVISIONS OF EDUCATION AGENCIES

Sec. 201. RCW 28A.180.100 and 2004 c 19 s 105 are each amended to read as follows:

The office of the superintendent of public instruction and the state board for community and technical colleges shall jointly develop a program plan to provide a continuing education option for students who are eligible for the state transitional bilingual instruction program and who need more time to develop language proficiency but who are more age-appropriately suited for a postsecondary learning environment than for a high school. In developing the plan, the superintendent of public instruction shall consider options to formally recognize the accomplishments of students in the state transitional bilingual instruction program who have completed the twelfth grade but have not ~~((earned a certificate of academic achievement))~~ met all applicable graduation requirements. By December 1, 2004, the agencies shall report to the legislative education and fiscal committees with any recommendations for legislative action and any resources necessary to implement the plan.

Sec. 202. RCW 28A.195.010 and 2009 c 548 s 303 are each amended to read as follows:

The legislature hereby recognizes that private schools should be subject only to those minimum state controls necessary to insure the health and safety of all the students in the state and to insure a sufficient basic education to meet usual graduation requirements. The state, any agency or official thereof, shall not restrict or dictate any specific educational or other programs for private schools except as hereinafter in this section provided.

Principals of private schools or superintendents of private school districts shall file each year with the state superintendent of public instruction a statement certifying that the minimum requirements hereinafter set forth are being met, noting any deviations. After review of the statement, the state

superintendent will notify schools or school districts of those deviations which must be corrected. In case of major deviations, the school or school district may request and the state board of education may grant provisional status for one year in order that the school or school district may take action to meet the requirements. The state board of education shall not require private school students to meet the student learning goals, ~~((obtain a certificate of academic achievement, or a certificate of individual achievement to graduate from high school,))~~ to master the essential academic learning requirements, or to be assessed pursuant to RCW ~~((28A.655.061))~~ 28A.655.070. However, private schools may choose, on a voluntary basis, to have their students master these essential academic learning requirements ~~((, and obtain a certificate of academic achievement or a certificate of individual achievement))~~. Minimum requirements shall be as follows:

(1) The minimum school year for instructional purposes shall consist of no less than one hundred eighty school days or the equivalent in annual minimum instructional hour offerings, with a school-wide annual average total instructional hour offering of one thousand hours for students enrolled in grades one through twelve, and at least four hundred fifty hours for students enrolled in kindergarten.

(2) The school day shall be the same as defined in RCW 28A.150.203.

(3) All classroom teachers shall hold appropriate Washington state certification except as follows:

(a) Teachers for religious courses or courses for which no counterpart exists in public schools shall not be required to obtain a state certificate to teach those courses.

(b) In exceptional cases, people of unusual competence but without certification may teach students so long as a certified person exercises general supervision. Annual written statements shall be submitted to the office of the superintendent of public instruction reporting and explaining such circumstances.

(4) An approved private school may operate an extension program for parents, guardians, or persons having legal custody of a child to teach children in their

custody. The extension program shall require at a minimum that:

(a) The parent, guardian, or custodian be under the supervision of an employee of the approved private school who is certified under chapter 28A.410 RCW;

(b) The planning by the certified person and the parent, guardian, or person having legal custody include objectives consistent with this subsection and subsections (1), (2), (5), (6), and (7) of this section;

(c) The certified person spend a minimum average each month of one contact hour per week with each student under his or her supervision who is enrolled in the approved private school extension program;

(d) Each student's progress be evaluated by the certified person; and

(e) The certified employee shall not supervise more than thirty students enrolled in the approved private school's extension program.

(5) Appropriate measures shall be taken to safeguard all permanent records against loss or damage.

(6) The physical facilities of the school or district shall be adequate to meet the program offered by the school or district: PROVIDED, That each school building shall meet reasonable health and fire safety requirements. A residential dwelling of the parent, guardian, or custodian shall be deemed to be an adequate physical facility when a parent, guardian, or person having legal custody is instructing his or her child under subsection (4) of this section.

(7) Private school curriculum shall include instruction of the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of appreciation of art and music, all in sufficient units for meeting state board of education graduation requirements.

(8) Each school or school district shall be required to maintain up-to-date policy statements related to the administration and operation of the school or school district.

All decisions of policy, philosophy, selection of books, teaching material, curriculum, except as in subsection (7) of this section provided, school rules and administration, or other matters not

specifically referred to in this section, shall be the responsibility of the administration and administrators of the particular private school involved.

Sec. 203. RCW 28A.200.010 and 2004 c 19 s 107 are each amended to read as follows:

(1) Each parent whose child is receiving home-based instruction under RCW 28A.225.010(4) shall have the duty to:

(a) File annually a signed declaration of intent that he or she is planning to cause his or her child to receive home-based instruction. The statement shall include the name and age of the child, shall specify whether a certificated person will be supervising the instruction, and shall be written in a format prescribed by the superintendent of public instruction. Each parent shall file the statement by September 15th of the school year or within two weeks of the beginning of any public school quarter, trimester, or semester with the superintendent of the public school district within which the parent resides or the district that accepts the transfer, and the student shall be deemed a transfer student of the nonresident district. Parents may apply for transfer under RCW 28A.225.220;

(b) Ensure that test scores or annual academic progress assessments and immunization records, together with any other records that are kept relating to the instructional and educational activities provided, are forwarded to any other public or private school to which the child transfers. At the time of a transfer to a public school, the superintendent of the local school district in which the child enrolls may require a standardized achievement test to be administered and shall have the authority to determine the appropriate grade and course level placement of the child after consultation with parents and review of the child's records; and

(c) Ensure that a standardized achievement test approved by the state board of education is administered annually to the child by a qualified individual or that an annual assessment of the student's academic progress is written by a certificated person who is currently working in the field of education. The state board of education shall not require these children to meet the student learning goals((7)) or master the essential academic learning requirements,

to take the assessments (~~(, or to obtain a certificate of academic achievement or a certificate of individual achievement pursuant to RCW 28A.655.061 and 28A.155.045)~~). The standardized test administered or the annual academic progress assessment written shall be made a part of the child's permanent records. If, as a result of the annual test or assessment, it is determined that the child is not making reasonable progress consistent with his or her age or stage of development, the parent shall make a good faith effort to remedy any deficiency.

(2) Failure of a parent to comply with the duties in this section shall be deemed a failure of such parent's child to attend school without valid justification under RCW 28A.225.020. Parents who do comply with the duties set forth in this section shall be presumed to be providing home-based instruction as set forth in RCW 28A.225.010 (4).

Sec. 204. RCW 28A.305.130 and 2013 2nd sp.s. c 22 s 7 are each amended to read as follows:

The purpose of the state board of education is to provide advocacy and strategic oversight of public education; implement a standards-based accountability framework that creates a unified system of increasing levels of support for schools in order to improve student academic achievement; provide leadership in the creation of a system that personalizes education for each student and respects diverse cultures, abilities, and learning styles; and promote achievement of the goals of RCW 28A.150.210. In addition to any other powers and duties as provided by law, the state board of education shall:

(1) Hold regularly scheduled meetings at such time and place within the state as the board shall determine and may hold such special meetings as may be deemed necessary for the transaction of public business;

(2) Form committees as necessary to effectively and efficiently conduct the work of the board;

(3) Seek advice from the public and interested parties regarding the work of the board;

(4) For purposes of statewide accountability:

(a) Adopt and revise performance improvement goals in reading, writing,

science, and mathematics, by subject and grade level, once assessments in these subjects are required statewide; academic and technical skills, as appropriate, in secondary career and technical education programs; and student attendance, as the board deems appropriate to improve student learning. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically underachieving racial and ethnic backgrounds. The board may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b)(i) Identify the scores students must achieve in order to meet the standard on the statewide student assessment (~~(and, for high school students, to obtain a certificate of academic achievement)~~). The board shall also determine student scores that identify levels of student performance below and beyond the standard. (~~(The board shall consider the incorporation of the standard error of measurement into the decision regarding the award of the certificates.)~~) The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose.

(ii) ((By the end of the 2014-15 school year, establish the scores students must achieve to meet the standard and earn a certificate of academic achievement on the tenth grade English language arts assessment and the end-of-course mathematics assessments developed in accordance with RCW 28A.655.070 to be used

as the state transitions to high school assessments developed with a multistate consortium.

(iii) By the end of the 2014-15 school year, establish the scores students must achieve to meet the standard and earn a certificate of academic achievement on the high school English language arts assessment and the comprehensive mathematics assessment developed with a multistate consortium in accordance with RCW 28A.655.070. To determine the appropriate score, the state board shall review the transition experience of Washington students to the consortium-developed assessments, examine the student scores used in other states that are administering the consortium-developed assessments, and review the scores in other states that require passage of an eleventh grade assessment as a high school graduation requirement. The scores established by the state board of education for the purposes of earning a certificate of academic achievement and graduation from high school may be different from the scores used for the purpose of determining a student's career and college readiness.

~~(iv)~~) The legislature shall be advised of the initial performance standards for the high school statewide student assessment. Any changes recommended by the board in the performance standards for the high school assessment shall be presented to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature. The legislature shall be advised of the initial performance standards and any changes made to the elementary level performance standards and the middle school level performance standards. The board must provide an explanation of and rationale for all initial performance standards and any changes, for all grade levels of the statewide student assessment. If the board changes the performance standards for any grade level or subject, the superintendent of public instruction must recalculate the results from the previous ten years of administering that assessment regarding students below, meeting, and beyond the state standard, to the extent that this data is available, and post a comparison of the original and recalculated results on the superintendent's web site;

(c) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system; and

(d) Include in the biennial report required under RCW 28A.305.035, information on the progress that has been made in achieving goals adopted by the board;

(5) Accredit, subject to such accreditation standards and procedures as may be established by the state board of education, all private schools that apply for accreditation, and approve, subject to the provisions of RCW 28A.195.010, private schools carrying out a program for any or all of the grades kindergarten through twelve. However, no private school may be approved that operates a kindergarten program only and no private school shall be placed upon the list of accredited schools so long as secret societies are knowingly allowed to exist among its students by school officials;

(6) Articulate with the institutions of higher education, workforce representatives, and early learning policymakers and providers to coordinate and unify the work of the public school system;

(7) Hire an executive director and an administrative assistant to reside in the office of the superintendent of public instruction for administrative purposes. Any other personnel of the board shall be appointed as provided by RCW 28A.300.020. The board may delegate to the executive director by resolution such duties as deemed necessary to efficiently carry on the business of the board including, but not limited to, the authority to employ necessary personnel and the authority to enter into, amend, and terminate contracts on behalf of the board. The executive director, administrative assistant, and all but one of the other personnel of the board are exempt from civil service, together with other staff as now or hereafter designated as exempt in accordance with chapter 41.06 RCW; and

(8) Adopt a seal that shall be kept in the office of the superintendent of public instruction.

Sec. 205. RCW 28A.320.208 and 2013 2nd sp.s. c 22 s 8 are each amended to read as follows:

(1) At the beginning of each school year, school districts must notify parents and guardians of enrolled students from eighth through twelfth grade about each student assessment required by the state, the minimum state-level graduation requirements, and any additional school district graduation requirements. The information may be provided when the student is enrolled, contained in the student or parent handbook, or posted on the school district's web site. The notification must include the following:

(a) When each assessment will be administered;

(b) ((Which assessments will be required for graduation and what options students have to meet graduation requirements if they do not pass a given assessment;

~~(c))~~ Whether the results of the assessment will be used for program placement or grade-level advancement;

~~((d))~~ (c) When the assessment results will be released to parents or guardians and whether there will be an opportunity for parents and teachers to discuss strategic adjustments; and

PART III

ADDITIONAL AND REPEALED PROVISIONS

Sec. 301. RCW 28A.415.360 and 2009 c 548 s 403 are each amended to read as follows:

(1) Subject to funds appropriated for this purpose, targeted professional development programs, to be known as learning improvement days, are authorized to further the development of outstanding mathematics, science, and reading teaching and learning opportunities in the state of Washington. The intent of this section is to provide guidance for the learning improvement days in the omnibus

appropriations act. The learning improvement days authorized in this section shall not be considered part of the definition of basic education.

(2) A school district is eligible to receive funding for learning improvement days that are limited to specific activities related to student learning that contribute to the following outcomes:

(a) Provision of meaningful, targeted professional development for all teachers in mathematics, science, or reading;

(b) Increased knowledge and instructional skill for mathematics, science, or reading teachers;

(c) Increased use of curriculum materials with supporting diagnostic and supplemental materials that align with state standards;

(d) ((Skillful guidance for students participating in alternative assessment activities;

~~(e))~~ Increased rigor of course offerings especially in mathematics, science, and reading;

~~((f))~~ (e) Increased student opportunities for focused, applied mathematics and science classes;

~~((g))~~ (f) Increased student success on state achievement measures; and

~~((h))~~ (g) Increased student appreciation of the value and uses of mathematics, science, and reading knowledge and exploration of related careers.

(3) School districts receiving resources under this section shall submit reports to the superintendent of public instruction documenting how the use of the funds contributes to measurable improvement in the outcomes described under subsection (2) of this section; and how other professional development resources and programs authorized in statute or in the omnibus appropriations act contribute to the expected outcomes. The superintendent of public instruction and the office of financial management shall collaborate on required report content and format.

Sec. 302. RCW 28A.600.310 and 2015 c 202 s 4 are each amended to read as follows:

(1)(a) Eleventh and twelfth grade students or students who have not yet received the credits required for the

award of a high school diploma and are eligible to be in the eleventh or twelfth grades may apply to a participating institution of higher education to enroll in courses or programs offered by the institution of higher education.

(b) The course sections and programs offered as running start courses must also be open for registration to matriculated students at the participating institution of higher education and may not be a course consisting solely of high school students offered at a high school campus.

(c) A student receiving home-based instruction enrolling in a public high school for the sole purpose of participating in courses or programs offered by institutions of higher education shall not be counted by the school district in any required state or federal accountability reporting if the student's parents or guardians filed a declaration of intent to provide home-based instruction and the student received home-based instruction during the school year before the school year in which the student intends to participate in courses or programs offered by the institution of higher education. Students receiving home-based instruction under chapter 28A.200 RCW and students attending private schools approved under chapter 28A.195 RCW shall not be required to meet the student learning goals (~~(, obtain a certificate of academic achievement or a certificate of individual achievement to graduate from high school,)~~) or to master the essential academic learning requirements. However, students are eligible to enroll in courses or programs in participating universities only if the board of directors of the student's school district has decided to participate in the program. Participating institutions of higher education, in consultation with school districts, may establish admission standards for these students. If the institution of higher education accepts a secondary school pupil for enrollment under this section, the institution of higher education shall send written notice to the pupil and the pupil's school district within ten days of acceptance. The notice shall indicate the course and hours of enrollment for that pupil.

(2)(a) In lieu of tuition and fees, as defined in RCW 28B.15.020 and 28B.15.041:

(i) Running start students shall pay to the community or technical college all other mandatory fees as established by each community or technical college and,

in addition, the state board for community and technical colleges may authorize a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041; and

(ii) All other institutions of higher education operating a running start program may charge running start students a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041 in addition to technology fees.

(b) The fees charged under this subsection (2) shall be prorated based on credit load.

(c) Students may pay fees under this subsection with advanced college tuition payment program tuition units at a rate set by the advanced college tuition payment program governing body under chapter 28B.95 RCW.

(3)(a) The institutions of higher education must make available fee waivers for low-income running start students. Each institution must establish a written policy for the determination of low-income students before offering the fee waiver. A student shall be considered low income and eligible for a fee waiver upon proof that the student is currently qualified to receive free or reduced-price lunch. Acceptable documentation of low-income status may also include, but is not limited to, documentation that a student has been deemed eligible for free or reduced-price lunches in the last five years, or other criteria established in the institution's policy.

(b) Institutions of higher education, in collaboration with relevant student associations, shall aim to have students who can benefit from fee waivers take advantage of these waivers. Institutions shall make every effort to communicate to students and their families the benefits of the waivers and provide assistance to students and their families on how to apply. Information about waivers shall, to the greatest extent possible, be incorporated into financial aid counseling, admission information, and individual billing statements. Institutions also shall, to the greatest extent possible, use all means of communication, including but not limited to web sites, online catalogues, admission and registration forms, mass email messaging, social media, and outside marketing to ensure that information about waivers is visible, compelling, and

reaches the maximum number of students and families that can benefit.

(4) The pupil's school district shall transmit to the institution of higher education an amount per each full-time equivalent college student at statewide uniform rates for vocational and nonvocational students. The superintendent of public instruction shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 to school districts for purposes of making such payments and for granting school districts seven percent thereof to offset program related costs. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW. The superintendent of public instruction, participating institutions of higher education, and the state board for community and technical colleges shall consult on the calculation and distribution of the funds. The funds received by the institution of higher education from the school district shall not be deemed tuition or operating fees and may be retained by the institution of higher education. A student enrolled under this subsection shall be counted for the purpose of meeting enrollment targets in accordance with terms and conditions specified in the omnibus appropriations act.

NEW SECTION. Sec. 303. A new section is added to chapter 28A.655 RCW to read as follows:

To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district must prepare plans for and notify students and their parents or legal guardians as provided in this section. Student learning plans are required for eighth grade students who were not successful on any or all of the content areas of the state assessment during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian must be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their

parents must translate the plan into the primary language of the family. The plan must include the following information as applicable:

(1) The student's results on the state assessment;

(2) If the student is in the transitional bilingual instruction program, the score on his or her Washington language proficiency test II;

(3) Any credit deficiencies;

(4) The student's attendance rates over the previous two years;

(5) The student's progress toward meeting state and local graduation requirements;

(6) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;

(7) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;

(8) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and

(9) Available programs offered through skill centers or community and technical colleges, including the college high school diploma options under RCW 28B.50.535.

SB 5715 Prime Sponsor, Senator Rivers: Limiting nursing home direct care payment adjustments to the lowest case mix weights in the reduced physical function groups and authorizing upward adjustments to case mix weights in the cognitive and behavior groups. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 74.46.485 and 2011 1st sp.s. c 7 s 4 are each amended to read as follows:

(1) The legislature recognizes that staff and resources needed to adequately care for individuals with cognitive or behavioral impairments is not limited to support for activities of daily living. Therefore, the department shall:

(a) Employ the resource utilization group (~~(III)~~) IV case mix classification methodology. The department shall use the (~~(forty-four)~~) fifty-seven group index maximizing model for the resource utilization group (~~(III)~~) IV grouper version (~~(5.10)~~) MDS 3.05, but the department may revise or update the classification methodology to reflect advances or refinements in resident assessment or classification, subject to federal requirements. The department may adjust by no more than thirteen percent the case mix index for (~~(any of the lowest ten)~~) resource utilization group categories beginning with PA1 through (~~(PB2)~~) PB2 to any case mix index that aids in achieving the purpose and intent of RCW 74.39A.007 and cost-efficient care, excluding behaviors, and allowing for exceptions for limited placement options; and

(b) Implement minimum data set 3.0 under the authority of this section (~~(and~~

~~RCW 74.46.431(3)~~). The department must notify nursing home contractors twenty-eight days in advance the date of implementation of the minimum data set 3.0. (2) The department is authorized to adjust upward the weights for resource utilization groups BA1-BB2 related to cognitive or behavioral health to ensure adequate access to appropriate levels of care.

(3) A default case mix group shall be established for cases in which the resident dies or is discharged for any purpose prior to completion of the resident's initial assessment. The default case mix group and case mix weight for these cases shall be designated by the department.

~~((3))~~ (4) A default case mix group may also be established for cases in which there is an untimely assessment for the resident. The default case mix group and case mix weight for these cases shall be designated by the department.

Sec. 2. RCW 74.46.561 and 2016 c 131 s 1 are each amended to read as follows:

(1) The legislature adopts a new system for establishing nursing home payment rates beginning July 1, 2016. Any payments to nursing homes for services provided after June 30, 2016, must be based on the new system. The new system must be designed in such a manner as to decrease administrative complexity associated with the payment methodology, reward nursing homes providing care for high acuity residents, incentivize quality care for residents of nursing homes, and establish minimum staffing standards for direct care.

(2) The new system must be based primarily on industry-wide costs, and have three main components: Direct care, indirect care, and capital.

(3) The direct care component must include the direct care and therapy care components of the previous system, along with food, laundry, and dietary services. Direct care must be paid at a fixed rate, based on one hundred percent or greater of

statewide case mix neutral median costs, but shall be set so that a nursing home provider's direct care rate does not exceed one hundred eighteen percent of its base year's direct care allowable costs except if the provider is below the minimum staffing standard established in RCW 74.42.360(2). Direct care must be performance-adjusted for acuity every six months, using case mix principles. Direct care must be regionally adjusted using county wide wage index information available through the United States department of labor's bureau of labor statistics. There is no minimum occupancy for direct care. The direct care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(4) The indirect care component must include the elements of administrative expenses, maintenance costs, and housekeeping services from the previous system. A minimum occupancy assumption of ninety percent must be applied to indirect care. Indirect care must be paid at a fixed rate, based on ninety percent or greater of statewide median costs. The indirect care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(5) The capital component must use a fair market rental system to set a price per bed. The capital component must be adjusted for the age of the facility, and must use a minimum occupancy assumption of ninety percent.

(a) Beginning July 1, 2016, the fair rental rate allocation for each facility must be determined by multiplying the allowable nursing home square footage in (c) of this subsection by the RS means rental rate in (d) of this subsection and by the number of licensed beds yielding the gross unadjusted building value. An equipment allowance of ten percent must be added to the unadjusted building value. The sum of the unadjusted building value and equipment allowance must then be reduced by the average age of the facility as determined by (e) of this subsection using a depreciation rate of one and one-half percent. The depreciated building and equipment plus land valued at ten percent of the gross unadjusted building value before depreciation must then be multiplied by the rental rate at seven and one-half percent to yield an allowable

fair rental value for the land, building, and equipment.

(b) The fair rental value determined in (a) of this subsection must be divided by the greater of the actual total facility census from the prior full calendar year or imputed census based on the number of licensed beds at ninety percent occupancy.

(c) For the rate year beginning July 1, 2016, all facilities must be reimbursed using four hundred square feet. For the rate year beginning July 1, 2017, allowable nursing facility square footage must be determined using the total nursing facility square footage as reported on the medicaid cost reports submitted to the department in compliance with this chapter. The maximum allowable square feet per bed may not exceed four hundred fifty.

(d) Each facility must be paid at eighty-three percent or greater of the median nursing facility RS means construction index value per square foot for Washington state. The department may use updated RS means construction index information when more recent square footage data becomes available. The statewide value per square foot must be indexed based on facility zip code by multiplying the statewide value per square foot times the appropriate zip code based index. For the purpose of implementing this section, the value per square foot effective July 1, 2016, must be set so that the weighted average FRV [fair rental value] rate is not less than ten dollars and eighty cents ppd [per patient day]. The capital component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(e) The average age is the actual facility age reduced for significant renovations. Significant renovations are defined as those renovations that exceed two thousand dollars per bed in a calendar year as reported on the annual cost report submitted in accordance with this chapter. For the rate beginning July 1, 2016, the department shall use renovation data back to 1994 as submitted on facility cost reports. Beginning July 1, 2016, facility ages must be reduced in future years if the value of the renovation completed in any year exceeds two thousand dollars times the number of licensed beds. The cost of the renovation must be divided by the accumulated depreciation per bed in the year of the renovation to determine the equivalent number of new replacement beds. The new age for the facility is a

weighted average with the replacement bed equivalents reflecting an age of zero and the existing licensed beds, minus the new bed equivalents, reflecting their age in the year of the renovation. At no time may the depreciated age be less than zero or greater than forty-four years.

(f) A nursing facility's capital component rate allocation must be rebased annually, effective July 1, 2016, in accordance with this section and this chapter.

(6) A quality incentive must be offered as a rate enhancement beginning July 1, 2016.

(a) An enhancement no larger than five percent and no less than one percent of the statewide average daily rate must be paid to facilities that meet or exceed the standard established for the quality incentive. All providers must have the opportunity to earn the full quality incentive payment.

(b) The quality incentive component must be determined by calculating an overall facility quality score composed of four to six quality measures. For fiscal year 2017 there shall be four quality measures, and for fiscal year 2018 there shall be six quality measures. Initially, the quality incentive component must be based on minimum data set quality measures for the percentage of long-stay residents who self-report moderate to severe pain, the percentage of high-risk long-stay residents with pressure ulcers, the percentage of long-stay residents experiencing one or more falls with major injury, and the percentage of long-stay residents with a urinary tract infection. Quality measures must be reviewed on an annual basis by a stakeholder work group established by the department. Upon review, quality measures may be added or changed. The department may risk adjust individual quality measures as it deems appropriate.

(c) The facility quality score must be point based, using at a minimum the facility's most recent available three-quarter average CMS [centers for medicare and medicaid services] quality data. Point thresholds for each quality measure must be established using the corresponding statistical values for the quality measure (QM) point determinants of eighty QM points, sixty QM points, forty QM points, and twenty QM points, identified in the most recent available five-star quality rating system technical user's guide

published by the center for medicare and medicaid services.

(d) Facilities meeting or exceeding the highest performance threshold (top level) for a quality measure receive twenty-five points. Facilities meeting the second highest performance threshold receive twenty points. Facilities meeting the third level of performance threshold receive fifteen points. Facilities in the bottom performance threshold level receive no points. Points from all quality measures must then be summed into a single aggregate quality score for each facility.

(e) Facilities receiving an aggregate quality score of eighty percent of the overall available total score or higher must be placed in the highest tier (tier V), facilities receiving an aggregate score of between seventy and seventy-nine percent of the overall available total score must be placed in the second highest tier (tier IV), facilities receiving an aggregate score of between sixty and sixty-nine percent of the overall available total score must be placed in the third highest tier (tier III), facilities receiving an aggregate score of between fifty and fifty-nine percent of the overall available total score must be placed in the fourth highest tier (tier II), and facilities receiving less than fifty percent of the overall available total score must be placed in the lowest tier (tier I).

(f) The tier system must be used to determine the amount of each facility's per patient day quality incentive component. The per patient day quality incentive component for tier IV is seventy-five percent of the per patient day quality incentive component for tier V, the per patient day quality incentive component for tier III is fifty percent of the per patient day quality incentive component for tier V, and the per patient day quality incentive component for tier II is twenty-five percent of the per patient day quality incentive component for tier V. Facilities in tier I receive no quality incentive component.

(g) Tier system payments must be set in a manner that ensures that the entire biennial appropriation for the quality incentive program is allocated.

(h) Facilities with insufficient three-quarter average CMS [centers for medicare and medicaid services] quality data must be assigned to the tier corresponding to their five-star quality rating. Facilities

with a five-star quality rating must be assigned to the highest tier (tier V) and facilities with a one-star quality rating must be assigned to the lowest tier (tier I). The use of a facility's five-star quality rating shall only occur in the case of insufficient CMS [centers for medicare and medicaid services] minimum data set information.

(i) The quality incentive rates must be adjusted semiannually on July 1 and January 1 of each year using, at a minimum, the most recent available three-quarter average CMS [centers for medicare and medicaid services] quality data.

(j) Beginning July 1, 2017, the percentage of short-stay residents who newly received an antipsychotic medication must be added as a quality measure. The department must determine the quality incentive thresholds for this quality measure in a manner consistent with those outlined in (b) through (h) of this subsection using the centers for medicare and medicaid services quality data.

(k) Beginning July 1, 2017, the percentage of direct care staff turnover must be added as a quality measure using the centers for medicare and medicaid services' payroll-based journal and nursing home facility payroll data. Turnover is defined as an employee departure. The department must determine the quality incentive thresholds for this quality measure using data from the centers for medicare and medicaid services' payroll-based journal, unless such data is not available, in which case the department shall use direct care staffing turnover data from the most recent medicaid cost report.

(7) Reimbursement of the safety net assessment imposed by chapter 74.48 RCW and paid in relation to medicaid residents must be continued.

(8) The direct care and indirect care components must be rebased in even-numbered years, beginning with rates paid on July 1, 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar year cost report. On a percentage basis, after rebasing, the department must confirm that the statewide average daily rate has increased at least as much as the average rate of inflation, as determined by the skilled nursing facility market basket index published by the centers for medicare and medicaid services, or a comparable index. If after rebasing, the percentage increase to the statewide

average daily rate is less than the average rate of inflation for the same time period, the department is authorized to increase rates by the difference between the percentage increase after rebasing and the average rate of inflation.

(9) The direct care component provided in subsection (3) of this section is subject to the reconciliation and settlement process provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to rules established by the department, funds that are received through the reconciliation and settlement process provided in RCW 74.46.022(6) must be used for technical assistance, specialized training, or an increase to the quality enhancement established in subsection (6) of this section. The legislature intends to review the utility of maintaining the reconciliation and settlement process under a price-based payment methodology, and may discontinue the reconciliation and settlement process after the 2017-2019 fiscal biennium.

(10) Compared to the rate in effect June 30, 2016, including all cost components and rate add-ons, no facility may receive a rate reduction of more than one percent on July 1, 2016, more than two percent on July 1, 2017, or more than five percent on July 1, 2018. To ensure that the appropriation for nursing homes remains cost neutral, the department is authorized to cap the rate increase for facilities in fiscal years 2017, 2018, and 2019.

2SSB 5749 Prime Sponsor, Committee on Ways & Means: Concerning paperwork reduction in order to improve the availability of mental health services to protect children and families. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Early Learning & Human Services.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that a prioritized recommendation of the children's mental health work group, as reported in December 2016, is to reduce burdensome and duplicative paperwork requirements for providers of children's mental health services. This recommendation is consistent with the recommendations of the behavioral health workforce assessment of the workforce training and education coordinating board to reduce time-consuming documentation requirements and the behavioral and primary health regulatory alignment task force to streamline regulations and reduce the time spent responding to inefficient and excessive audits.

The legislature further finds that duplicative and overly prescriptive documentation and audit requirements negatively impact the adequacy of the provider network by reducing workforce morale and limiting the time available for patient care. Such requirements create costly barriers to the efficient provision of services for children and their families. The legislature also finds that current state regulations are often duplicative or conflicting with research-based models and other state-mandated treatment models intended to improve the quality of services and ensure positive outcomes. These barriers can be reduced while creating a greater emphasis on quality, outcomes, and safety.

The legislature further finds that social service specialists and other direct service staff with the children's administration who are serving children are encumbered by burdensome paperwork requirements which can interfere with the effective delivery of services.

Therefore, the legislature intends to require the department of social and health services to take steps to reduce paperwork, documentation, and audit requirements that are inefficient or

duplicative for social service specialists and other direct service staff with the children's administration who serve children and for providers of mental health services to children and families, and to encourage the use of effective treatment models to improve the quality of services.

NEW SECTION. Sec. 2. A new section is added to chapter 71.24 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department must immediately perform a review of its rules, policies, and procedures related to the documentation requirements for behavioral health services and identify areas in which duplicative or inefficient documentation requirements can be eliminated or streamlined for providers. Rules adopted by the department relating to the provision of behavioral health services must:

(a) Limit prescriptive requirements for individual initial assessments to allow clinicians to exercise professional judgment to conduct age-appropriate, strength-based psychosocial assessments, including current needs and relevant history according to current best practices;

(b) By April 1, 2018, provide a single set of regulations for agencies to follow that provide mental health, substance use disorder, and co-occurring treatment services;

(c) Exempt providers from duplicative state documentation requirements when the provider is following documentation requirements of an evidence-based, research-based, or state-mandated program that provides adequate protection for patient safety; and

(d) Be clear and not unduly burdensome in order to maximize the time available for the provision of care.

(2) Subject to the availability of amounts appropriated for this specific purpose, audits conducted by the department relating to provision of behavioral health services must:

(a) Rely on a sampling methodology to conduct reviews of personnel files and clinical records based on written guidelines established by the department that are consistent with the standards of other licensing and accrediting bodies;

(b) Treat organizations with multiple locations as a single entity. The department must not require annual visits at all locations operated by a single entity when a sample of records may be reviewed from a centralized location;

(c) Share audit results with behavioral health organizations to assist with their review process and, when appropriate, take steps to coordinate and combine audit activities;

(d) Coordinate audit functions between the department and the department of health to combine audit activities into a single site visit and eliminate redundancies;

(e) Not require information to be provided in particular documents or locations when the same information is included or demonstrated elsewhere in the clinical file, except where required by federal law; and

(f) Ensure that audits involving manualized programs such as wraparound with intensive services or other evidence or research-based programs are conducted to the extent practicable by personnel familiar with the program model and in a manner consistent with the documentation requirements of the program.

NEW SECTION. Sec. 3. A new section is added to chapter 71.24 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the health care authority must immediately perform a review of its rules, policies, and procedures related to the documentation requirements for behavioral health services. Rules adopted by the health care authority relating to the provision of behavioral health services must:

(a) Identify areas in which duplicative or inefficient documentation requirements can be eliminated or streamlined for providers;

(b) Limit prescriptive requirements for individual initial assessments to allow clinicians to exercise professional judgment to conduct age-appropriate, strength-based psychosocial assessments, including current needs and relevant history according to current best practices;

(c) By April 1, 2018, provide a single set of regulations for agencies to follow that provide mental health, substance use

disorder, and co-occurring treatment services;

(d) Exempt providers from duplicative state documentation requirements when the provider is following documentation requirements of an evidence-based, research-based, or state-mandated program that provides adequate protection for patient safety; and

(e) Be clear and not unduly burdensome in order to maximize the time available for the provision of care.

(2) Subject to the availability of amounts appropriated for this specific purpose, audits conducted by the health care authority relating to provision of behavioral health services must:

(a) Rely on a sampling methodology to conduct reviews of personnel files and clinical records based on written guidelines established by the health care authority that are consistent with the standards of other licensing and accrediting bodies;

(b) Treat organizations with multiple locations as a single entity. The health care authority must not require annual visits at all locations operated by a single entity when a sample of records may be reviewed from a centralized location;

(d) Coordinate audit functions between the health care authority and the department of health to combine audit activities into a single site visit and eliminate redundancies;

(e) Not require information to be provided in particular documents or locations when the same information is included or demonstrated elsewhere in the clinical file, except where required by federal law; and

(f) Ensure that audits involving manualized programs such as wraparound with intensive services or other evidence or research-based programs are conducted to the extent practicable by personnel familiar with the program model and in a manner consistent with the documentation requirements of the program.

NEW SECTION. Sec. 4. (1) Subject to the availability of amounts appropriated for this specific purpose, the department

of social and health services must immediately perform a review of casework documentation and paperwork requirements for social service specialists and other direct service staff with the children's administration who provide services to children. The review must identify areas in which duplicative or inefficient documentation and paperwork requirements can be eliminated or streamlined in order to allow social service specialists and other direct service staff with the children's administration to spend greater amounts of time and attention on direct services to children and their families. The department must complete the review by November 1, 2017. Upon completion of the review, the department must take immediate steps to amend department rules and procedures accordingly.

(2) This section expires December 31, 2018.

NEW SECTION. Sec. 5. Section 2 of this act takes effect only if neither Substitute House Bill No. 1388 (including any later amendments or substitutes) nor Substitute Senate Bill No. 5259 (including any later amendments or substitutes) is signed into law by the governor by the effective date of this section.

SSB 5779 Prime Sponsor, Committee on Human Services, Mental Health & Housing: Concerning behavioral health integration in primary care. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** Health transformation in Washington state requires a multifaceted approach to implement sustainable solutions for the integration of behavioral and physical health. Effective integration requires a holistic approach and cannot be limited to one strategy or model. Bidirectional integration of primary care and behavioral health is a foundational strategy to reduce health disparities and provide better care coordination for patients

regardless of where they choose to receive care.

An important component to health care integration supported both by research and experience in Washington is primary care behavioral health, a model in which behavioral health providers, sometimes called behavioral health consultants, are fully integrated in primary care. The primary care behavioral health model originated more than two decades ago, has become standard practice nationally in patient centered medical homes, and has been endorsed as a viable integration strategy by Washington's Dr. Robert J. Bree Collaborative.

Primary care settings are a gateway for many individuals with behavioral health and primary care needs. An estimated one in four primary care patients have an identifiable behavioral health need and as many as seventy percent of primary care visits are impacted by a psychosocial component. A behavioral health consultant engages primary care patients and their caregivers on the same day as a medical visit, often in the same exam room. This warm hand-off approach fosters coordinated whole-person care, increases access to behavioral health services, and reduces stigma and cultural barriers in a cost-effective manner. Patients are provided evidence-based brief interventions and skills training, with more severe needs being effectively engaged, assessed, and referred to appropriate specialized care.

While the benefits of primary care behavioral health are not restricted to children, the primary care behavioral health model also provides a unique opportunity to engage children who have a strong relationship with primary care, identify problems early, and assure healthy development. Investment in primary care behavioral health creates opportunities for prevention and early detection that pay dividends throughout the life cycle.

The legislature also recognizes that for individuals with more complex behavioral health disorders, there are tremendous barriers to accessing primary care. Whole-person care in behavioral health is an evidence-based model for integrating primary care into behavioral health settings where these patients already receive care. Health disparities among people with behavioral health disorders have been well-documented for decades. People with serious mental illness or substance use disorders

continue to experience multiple chronic health conditions and dramatically reduced life expectancy while also constituting one of the highest-cost and highest-risk populations. Two-thirds of premature deaths are due to preventable or treatable medical conditions such as cardiovascular, pulmonary, and infectious diseases, and forty-four percent of all cigarettes consumed nationally are smoked by people with serious mental illness.

The whole-person care in behavioral health model allows behavioral health providers to take responsibility for managing the full array of physical health needs, providing routine basic health screening, and ensuring integrated primary care by actively coordinating with or providing on-site primary care services.

Providers in Washington need guidance on how to effectively implement bidirectional integration models in a manner that is also financially sustainable. Payment methodologies must be scrutinized to remove nonessential restrictions and limitations that restrict the scope of practice of behavioral health professionals, impede same-day billing for behavioral health and primary care services, abet billing errors, and stymie innovation that supports wellness and health integration.

NEW SECTION. Sec. 2. A new section is added to chapter 74.09 RCW to read as follows:

(1) By August 1, 2017, the authority must complete a review of payment codes available to health plans and providers related to primary care and behavioral health. The review must include adjustments to payment rules if needed to facilitate bidirectional integration. The review must involve stakeholders and include consideration of the following principles to the extent allowed by federal law:

(a) Payment rules must allow professionals to operate within the full scope of their practice;

(b) Payment rules should allow medically necessary behavioral health services for covered patients to be provided in any setting;

(c) Payment rules should allow medically necessary primary care services for covered patients to be provided in any setting;

(d) Payment rules and provider communications related to payment should facilitate integration of physical and behavioral health services through multifaceted models, including primary care behavioral health, whole-person care in behavioral health, collaborative care, and other models;

(e) Payment rules should be designed liberally to encourage innovation and ease future transitions to more integrated models of payment and more integrated models of care;

(f) Payment rules should allow health and behavior codes to be reimbursed for all patients in primary care settings as provided by any licensed behavioral health professional operating within their scope of practice, including but not limited to psychiatrists, psychologists, psychiatric advanced registered nurse professionals, physician assistants working with a supervising psychiatrist, psychiatric nurses, mental health counselors, social workers, chemical dependency professionals, chemical dependency professional trainees, marriage and family therapists, and mental health counselor associates under the supervision of a licensed clinician;

(g) Payment rules should allow health and behavior codes to be reimbursed for all patients in behavioral health settings as provided by any licensed health care provider within the provider's scope of practice;

(h) Payment rules which limit same-day billing for providers using the same provider number, require prior authorization for low-level or routine behavioral health care, or prohibit payment when the patient is not present should be implemented only when consistent with national coding conventions and consonant with accepted best practices in the field.

(2) Concurrent with the review described in subsection (1) of this section, the authority must create matrices listing the following codes available for provider payment through medical assistance programs: All behavioral health-related codes; and all physical health-related codes available for payment when provided in licensed behavioral health agencies. The authority must clearly explain applicable payment rules in order to increase awareness among providers, standardize billing practices, and reduce common and avoidable billing

errors. The authority must disseminate this information in a manner calculated to maximally reach all relevant plans and providers. The authority must update the provider billing guide to maintain consistency of information.

(3) The authority must inform the governor and relevant committees of the legislature by letter of the steps taken pursuant to this section and results achieved once the work has been completed.

NEW SECTION. Sec. 3. A new section is added to chapter 74.09 RCW to read as follows:

NEW SECTION. Sec. 4. A new section is added to chapter 74.09 RCW to read as follows:

(1) For children who are eligible for medical assistance and who have been identified as requiring mental health treatment, the authority must oversee the coordination of resources and services through (a) the managed health care system as defined in RCW 74.09.325 and (b) tribal organizations providing health care

services. The authority must ensure the child receives treatment and appropriate care based on their assessed needs, regardless of whether the referral occurred through primary care, school-based services, or another practitioner.

(2) The authority must require each managed health care system as defined in RCW 74.09.325 and each behavioral health organization to develop and maintain adequate capacity to facilitate child mental health treatment services in the community or transfers to a behavioral health organization, depending on the level of required care. Managed health care systems and behavioral health organizations must:

(a) Follow up with individuals to ensure an appointment has been secured;

(b) Coordinate with and report back to primary care provider offices on individual treatment plans and medication management, in accordance with patient confidentiality laws;

(c) Provide information to health plan members and primary care providers about the behavioral health resource line available twenty-four hours a day, seven days a week; and

(d) Maintain an accurate list of providers contracted to provide mental health services to children and youth. The list must contain current information regarding the providers' availability to provide services. The current list must be made available to health plan members and primary care providers.

(3) This section expires June 30, 2020.

Subject to the availability of amounts appropriated for this specific purpose, in order to increase the availability of behavioral health services and incentivize adoption of the primary care behavioral health model, the authority must establish a methodology and rate which provides increased reimbursement to providers for behavioral health services provided to patients in primary care settings.

Sec. 8. RCW 70.320.020 and 2014 c 225 s 107 are each amended to read as follows:

(4) The authority and the department shall coordinate the establishment of the expected outcomes and the performance measures between each agency as well as each program to identify expected outcomes and performance measures that are common

to the clients enrolled in multiple programs and to eliminate conflicting standards among the agencies and programs.

(5) (a) The authority and the department shall establish timelines and mechanisms for service contracting entities to report data related to performance measures and outcomes, including phased implementation of public reporting of outcome and performance measures in a form that allows for comparison of performance measures and levels of improvement between geographic regions of Washington.

(b) The authority and the department may not release any public reports of client outcomes unless the data (~~have~~ ~~has~~) has been deidentified and aggregated in such a way that the identity of individual clients cannot be determined through directly identifiable data or the combination of multiple data elements.

(6) The authority and department must establish a performance measure to be integrated into the statewide common measure set which tracks effective integration practices of behavioral health services in primary care settings.

"**Sec. 2.** RCW 46.61.165 and 2013 c 26 s 2 are each amended to read as follows:

(1) The state department of transportation and the local authorities are authorized to reserve all or any portion of any highway under their respective jurisdictions, including any designated lane or ramp, for the exclusive or preferential use of one or more of the following: (a) Public transportation vehicles; (b) motorcycles; (c) private motor vehicles carrying no fewer than a specified number of passengers; or (d) the

following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway or will aid in the conservation of energy resources.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are authorized pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) The state department of transportation and the local authorities authorized to reserve all or any portion of any highway under their respective jurisdictions, for exclusive or preferential use, may prohibit the use of a high occupancy vehicle lane by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, and marked or unmarked limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle lane fails to meet department of transportation standards and falls below forty-five miles per hour at least ninety percent of the time during the peak hours, as determined by the department of transportation or the local authority, whichever operates the facility.

(4) Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective

at all times or at specified times of day or on specified days. Violation of a restriction of highway usage prescribed by the appropriate authority under this section is a traffic infraction.

(5) Local authorities are encouraged to establish a process for private transportation providers, as described under subsections (1) and (3) of this section, to apply for the use of public transportation facilities reserved for the exclusive or preferential use of public transportation vehicles. The application and review processes should be uniform and should provide for an expeditious response by the local authority. Whenever practicable, local authorities should enter into agreements with such private transportation providers to allow for the reasonable use of these facilities.

(6) When the department of transportation reserves a portion of a highway based on the number of passengers in a vehicle, private, for hire vehicles regulated under chapter 81.72 RCW that have been specially manufactured, designed, or modified for the transportation of a person who has a mobility disability and uses a wheelchair or other assistive device must be authorized to use the reserved portion of the highway regardless of the number of passengers in the vehicle or the passenger-carrying capacity of the vehicle.

(7) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department of transportation, and is offered by an employer for the benefit of its employees.

Sec. 3. RCW 47.52.025 and 2013 c 26 s 3 are each amended to read as follows:

(1) Highway authorities of the state, counties, and incorporated cities and towns, in addition to the specific powers granted in this chapter, shall also have, and may exercise, relative to limited access facilities, any and all additional authority, now or hereafter vested in them relative to highways or streets within their respective jurisdictions, and may regulate, restrict, or prohibit the use of such limited access facilities by various classes of vehicles or traffic. Such

highway authorities may reserve any limited access facility or portions thereof, including designated lanes or ramps for the exclusive or preferential use of (a) public transportation vehicles, (b) privately owned buses, (c) motorcycles, (d) private motor vehicles carrying not less than a specified number of passengers, or (e) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway facility or will aid in the conservation of energy resources. Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all time or at specified times of day or on specified days.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are reserved pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) Highway authorities of the state, counties, or incorporated cities and towns may prohibit the use of limited access facilities by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, and marked or unmarked limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle travel lane fails to meet department standards and falls below forty-five miles per hour at

least ninety percent of the time during the peak hours for two consecutive months.

(4) (a) Local authorities are encouraged to establish a process for private transportation providers, described under subsections (1) and (3) of this section, to apply for the use of limited access facilities that are reserved for the exclusive or preferential use of public transportation vehicles.

(b) The process must provide a list of facilities that the local authority determines to be unavailable for use by the private transportation provider and must provide the criteria used to reach that determination.

(c) The application and review processes must be uniform and should provide for an expeditious response by the authority.

(5) When the department reserves a portion of a limited access facility based on the number of passengers in a vehicle, private, for hire vehicles regulated under chapter 81.72 RCW that have been specially manufactured, designed, or modified for the transportation of a person who has a mobility disability and uses a wheelchair or other assistive device must be authorized to use the reserved portion of the limited access facility regardless of the number of passengers in the vehicle or the passenger-carrying capacity of the vehicle.

(6) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department, and is offered by an employer for the benefit of its employees.

"**Sec. 1.** RCW 29A.40.160 and 2011 c 10 s 43 are each amended to read as follows:

(1) Each county auditor shall open a voting center each primary, special election, and general election. The voting center shall be open during business hours during the voting period, which begins eighteen days before, and ends at 8:00 p.m. on the day of, the primary, special election, or general election.

(2) The voting center must provide voter registration materials, ballots, provisional ballots, disability access voting units, sample ballots, instructions on how to properly vote the ballot, a ballot drop box, and voters' pamphlets, if a voters' pamphlet has been published.

(3) The voting center must be accessible to persons with disabilities. Each state agency and entity of local government shall permit the use of any of its accessible facilities as voting centers when requested by a county auditor.

(4) The voting center must provide at least one voting unit certified by the secretary of state that provides access to individuals who are blind or visually impaired, enabling them to vote with privacy and independence.

(5) No person may interfere with a voter attempting to vote in a voting center.

Interfering with a voter attempting to vote is a violation of RCW 29A.84.510.

(6) Before opening the voting center, the voting equipment shall be inspected to determine if it has been properly prepared for voting. If the voting equipment is capable of direct tabulation of each voter's choices, the county auditor shall verify that no votes have been registered for any issue or office, and that the device has been sealed with a unique numbered seal at the time of final preparation and logic and accuracy testing. A log must be made of all device numbers and seal numbers.

(7) The county auditor shall require any person desiring to vote at a voting center to either sign a ballot declaration or provide identification.

(a) The signature on the declaration must be compared to the signature on the voter registration record before the ballot may be counted. If the voter registered using a mark, or can no longer sign his or her name, the election officers shall require the voter to be identified by another registered voter.

(b) The identification must be valid photo identification, such as a driver's license, state identification card, student identification card, tribal identification card, or employer identification card. Any individual who desires to vote in person but cannot provide identification shall be issued a provisional ballot, which shall be accepted if the signature on the declaration matches the signature on the voter's registration record.

(8) Provisional ballots must be accompanied by a declaration and security envelope, as required by RCW 29A.40.091, and space for the voter's name, date of birth, current and former registered address, reason for the provisional ballot, and disposition of the provisional ballot. The voter shall vote and return the provisional ballot at the voting center. The voter must be provided information on how to ascertain whether the provisional ballot was counted and, if applicable, the reason why the vote was not counted.

(9) Any voter may take printed or written material into the voting device to assist in casting his or her vote. The voter shall not use this material to electioneer and shall remove it when he or she leaves the voting center.

(10) If any voter states that he or she is unable to cast his or her votes due to a disability, the voter may designate a person of his or her choice, or two election officers, to enter the voting booth and record the votes as he or she directs.

(11) No voter is entitled to vote more than once at a primary, special election, or general election. If a voter incorrectly marks a ballot, he or she may be issued a replacement ballot.

(12) A voter who has already returned a ballot but requests to vote at a voting center shall be issued a provisional ballot. The canvassing board shall not count the provisional ballot if it finds that the voter has also voted a regular ballot in that primary, special election, or general election.

(13) The county auditor must prevent overflow of each ballot drop box to allow a voter to deposit his or her ballot securely. Ballots must be removed from a ballot drop box by at least two people, with a record kept of the date and time ballots were removed, and the names of people removing them. Ballots from drop boxes must be returned to the counting center in secured transport containers. A copy of the record must be placed in the container, and one copy must be transported with the ballots to the counting center, where the seal number must be verified by the county auditor or a designated representative. (15) For each primary, special election, and general election, the county auditor may provide election services at locations in addition to the voting center. The county auditor has discretion to establish which services will be provided at the additional locations, and which days and hours the locations will be open. The county auditor must establish a minimum of one ballot drop box per fifteen thousand registered voters in the county with preference given to establishing a minimum of one ballot drop box in each city, town, and census-designated place with a post office in the county. The county auditor is authorized to place a

(2) Each county auditor must submit a request with the office of the secretary of state by December 1st for any new ballot drop boxes the county is requesting for the following year. The secretary of state may agree to reimburse the county for the costs of providing any new ballot drop boxes or contract with a third party to fulfill all or some of the counties' requests.

(3) The secretary of state must include in his or her budget requests sufficient funds to carry out this section. Payments for ballot drop box costs must be from appropriations specifically provided by law for that purpose.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the process for approval of

investigational drugs, biological products, and devices in the United States protects future patients from premature, ineffective, and unsafe medications and treatments over time, but the process often takes many years. Patients who have a terminal illness do not have the luxury of waiting until an investigational drug, biological product, or device receives final approval from the United States food and drug administration. The legislature further finds that patients who have a terminal illness should be permitted to pursue the preservation of their own lives by accessing available investigational drugs, biological products, and devices. The use of available investigational drugs, biological products, and devices is a decision that should be made by the patient with a terminal illness in consultation with the patient's health care provider so that the decision to use an investigational drug, biological product, or device is made with full awareness of the potential risks, benefits, and consequences to the patient and the patient's family.

The legislature, therefore, intends to allow terminally ill patients to use potentially lifesaving investigational drugs, biological products, and devices.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Eligible patient" means an individual who meets the requirements of section 4 of this act.

(2) "Health care facility" means a clinic, nursing home, laboratory, office, or similar place where a health care provider provides health care to patients.

(3) "Hospital" means a health care institution licensed under chapter 70.41, 71.12, or 72.23 RCW.

(4) "Investigational product" means a drug, biological product, or device that has successfully completed phase one and is currently in a subsequent phase of a clinical trial approved by the United States food and drug administration assessing the safety of the drug, biological product, or device under section 505 of the federal food, drug, and cosmetic act, 21 U.S.C. Sec. 355.

(5) "Issuer" means any state purchased health care programs under chapter 41.05 or 74.09 RCW, a disability insurer regulated under chapter 48.20 or 48.21

RCW, a health care service contractor as defined in RCW 48.44.010, or a health maintenance organization as defined in RCW 48.46.020.

(6) "Manufacturer" means a person or other entity engaged in the manufacture or distribution of drugs, biological products, or devices.

(7) "Physician" means a physician licensed under chapter 18.71 RCW or an osteopathic physician and surgeon licensed under chapter 18.57 RCW.

(8) "Serious or immediately life-threatening disease or condition" means a stage of disease in which there is reasonable likelihood that death will occur within six months or in which premature death is likely without early treatment.

NEW SECTION. Sec. 3. (1) An eligible patient and his or her treating physician may request that a manufacturer make an investigational product available for treatment of the patient. The request must include a copy of the written informed consent form described in section 5 of this act and an explanation of why the treating physician believes the investigational product may help the patient.

(2) Upon receipt of the request and the written informed consent form, the manufacturer may, but is not required to, make the investigational product available for treatment of the eligible patient. Prior to making the investigational product available, the manufacturer shall enter into an agreement with the treating physician and the eligible patient providing that the manufacturer will transfer the investigational product to the physician and the physician will use the investigational product to treat the eligible patient.

NEW SECTION. Sec. 4. A patient is eligible to request access to and be treated with an investigational product if:

(1) The patient is eighteen years of age or older;

(2) The patient is a resident of this state;

(3) The patient's treating physician attests to the fact that the patient has a serious or immediately life-threatening disease or condition;

(4) The patient acknowledges having been informed by the treating physician of all other treatment options currently approved by the United States food and drug administration;

(5) The patient's treating physician recommends that the patient be treated with an investigational product;

(6) The patient is unable to participate in a clinical trial for the investigational product because the patient's physician has contacted one or more clinical trials or researchers in the physician's practice area and has determined, using the physician's professional judgment, that there are no clinical trials reasonably available for the patient to participate in, that the patient would not qualify for a clinical trial, or that delay in waiting to join a clinical trial would risk further harm to the patient; and

(7) In accordance with section 5 of this act, the patient has provided written informed consent for the use of the investigational product, or, if the patient lacks the capacity to consent, the patient's legally authorized representative has provided written informed consent on behalf of the patient.

NEW SECTION. Sec. 5. (1) Prior to treatment of the eligible patient with an investigational product, the treating physician shall obtain written informed consent, consistent with the requirements of RCW 7.70.060(1), and signed by the eligible patient or, if the patient lacks the capacity to consent, his or her legally authorized representative.

(2) Information provided in order to obtain the informed consent must, to the extent possible, include the following:

(c) Clear identification of the investigational product that the eligible patient seeks to use;

(d) The potentially best and worst outcomes of using the investigational

product and a realistic description of the most likely outcome. This description must include the possibility that new, unanticipated, different, or worse symptoms may result and that death could be hastened by the proposed treatment. The description must be based on the physician's knowledge of the proposed treatment in conjunction with an awareness of the eligible patient's condition;

(e) That the eligible patient's health benefit plan is not obligated to pay for the investigational product or any harm caused to the eligible patient by the investigational product, unless otherwise specifically required to do so by law or contract, and that in order to receive the investigational product the patient may be required to pay the costs of administering the investigational product; and

(f) That the eligible patient is liable for all expenses consequent to the use of the investigational product, except as otherwise provided in the eligible patient's health benefit plan or a contract between the eligible patient and the manufacturer of the investigational product.

(3) The document must be signed and dated by the eligible patient's treating physician and witnessed in writing by at least one adult.

NEW SECTION. Sec. 6. (1) An issuer may, but is not required to, provide coverage for the cost or the administration of an investigational product provided to an eligible patient pursuant to this chapter.

(2)(a) An issuer may deny coverage to an eligible patient who is treated with an investigational product for harm to the eligible patient caused by the investigational product and is not required to cover the costs associated with receiving the investigational product or the costs demonstrated to be associated with an adverse effect that is a result of receiving the investigational product.

(b) Except as stated in (a) of this subsection, an issuer may not deny coverage to an eligible patient for: (i) The eligible patient's serious or immediately life-threatening disease or condition; (ii) benefits that accrued before the day on which the eligible patient was treated with an investigational product; or (iii) palliative or hospice care for an eligible patient who was previously treated with an investigational product but who is no

longer being treated with an investigational product.

NEW SECTION. Sec. 7. A hospital or health care facility:

(2) May establish a policy regarding treating, administering, or providing investigational products under this chapter; and

(3) Is not obligated to pay for the investigational product or any harm caused to the eligible patient by the product, or any care that is necessary as a result of the use of the investigational product, including under chapter 70.170 RCW.

On page 8, line 12 of the striking amendment, after "relic" insert "; or"

(j) The sale or transfer of a firearm where the seller or transferor and the purchaser or transferee both possess a valid concealed pistol license"

POINT OF ORDER

Representative Tarleton requested a scope and object ruling on amendment (439) to the committee striking amendment to ESSB 5552.

SPEAKER'S RULING

Mr. Speaker (Representative Lovick presiding): *ESSB 5552 has a specific and narrow title:*

"An act relating to background checks for firearms sales or transfers, but only with respect to clarifying that the term firearm does not include flare guns and construction tools, clarifying that the term transfer does not include transfers between an entity and its employee or agents for lawful purposes in the ordinary course of business, defining licensed collector and curio or relic, expanding the family member exemption to include loans and parents-in-law and siblings-in-law, providing an exemption for temporary transfers for the purpose of preventing suicide or self-inflicted great bodily harm, providing an exemption for licensed collectors when the firearm is a curio or relic, and providing an exemption for temporary transfers where the transferee and the firearm are in the presence of the transferor."

Amendment 439 exempts from background check requirements the sale or transfer of a firearm where both the seller or transferor and the purchaser or transferee possess a valid concealed pistol license.

The Speaker finds and rules that the amendment is outside the scope of the bill as defined by its title. The point of order is well taken.

Amendment (439) was not adopted.

The committee striking amendment was not adopted.

Amendment (438) was ruled out of order.

POINT OF PARLIAMENTARY INQUIRY

Mr. Speaker: "The gentleman is correct, give us just a moment to straighten things out."

RESOLUTIONS

HOUSE RESOLUTION NO. 2017-4638, by Representatives Tarleton, Frame, and Macri

WHEREAS, In 1906, under the command of Hiram M. Chittenden, the U.S. Army Corps of Engineers initiated preliminary planning for construction of a navigable connection to transport logs, milled lumber, and fishing vessels between Lake Washington and the Puget Sound; and

WHEREAS, In early 1909, the Washington State legislature appropriated \$250,000 to excavate the canal between Lake Union and Lake Washington; and

WHEREAS, In June 1910, on the condition that all other canals along the route be paid for locally, the U.S. Congress gave its approval for the U.S. Army Corps of Engineers to construct the Ballard Locks; and

WHEREAS, Construction of the Ballard Locks commenced in 1911, connecting Salmon Bay to Shilshole Bay; and

WHEREAS, In July 1912, the Ballard Locks' gates closed for the first time, turning Salmon Bay from saltwater to freshwater; and

WHEREAS, On August 3, 1916, the first boat passed through the Ballard Locks; and

WHEREAS, In order to allow for the intended boat traffic, three existing bridges were removed along the ship canal route at Latona Avenue, Fremont Avenue, and Stone Way; and

WHEREAS, The newly constructed Ballard and Fremont Bridges were completed in 1917, followed by the University Bridge in 1919, and the Montlake Bridge in 1925; and

WHEREAS, The Lake Washington Ship Canal Project was declared completed in 1934; and

WHEREAS, Since its official opening on July 4, 1917, the Ballard Locks have continued to serve the city of Seattle and the Puget Sound region as a critical transportation corridor for commercial fishing and seafood processing vessels, tugs, barges, and recreational boats; and

WHEREAS, The Corps of Engineers also built a fish ladder at the Locks to allow salmon returning to spawning grounds to pass around the locks and dam; and

WHEREAS, The fish ladder was reconstructed in 1976 to improve water flow and fish passage and to create an underground viewing window for visitors to watch the returning salmon; and

WHEREAS, The nation's largest commercial fishing fleet, the North Pacific Fishing Fleet, is homeported on Salmon Bay at Port of Seattle's Fishermen's Terminal; and the Fleet goes to sea and returns home through the Ballard Locks; and

WHEREAS, Because the Ballard Locks and the Lake Washington Ship Canal provide access to Puget Sound and the Pacific Ocean, some of the nation's largest seafood

processing vessels are based on the north end of Lake Union; and

WHEREAS, Averaging 50,000 vessels each year, the Ballard Locks carry more boat traffic annually than any other lock in the United States; and

WHEREAS, Together with the Fish Ladder and the Carl S. English Jr. Botanical Gardens, the Ballard Locks attract more than 1.2 million visitors annually, making it one of the most popular tourist attractions in the city of Seattle and in Washington State; and

WHEREAS, The Ballard Locks have connected the salt waters of Puget Sound to Seattle's freshwater bays and lakes for 100 years, allowing the maritime and fishing industries to remain a core part of Seattle's economy and way of life;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives celebrate the Centennial birthday for the Hiram M. Chittenden Locks on July 4, 2017; extend recognition of, and appreciation for, the impact that the Ballard Locks have had on Seattle's way of life; and hope that these working locks will contribute to a better quality of life for all future generations.

"Sec. 1. RCW 43.155.010 and 1996 c 168 s 1 are each amended to read as follows:

The legislature finds that there exists in the state of Washington over four billion dollars worth of critical projects for the planning, acquisition, construction, repair, replacement, rehabilitation, or improvement of streets and roads, bridges, water systems, and storm and sanitary sewage systems. The December, 1983 Washington state public works report prepared by the planning and community affairs agency documented that local governments expect to be capable of financing over two billion dollars worth of the costs of those critical projects but will not be able to fund nearly half of the documented needs.

The legislature further finds that Washington's local governments have unmet financial needs for solid waste disposal, including recycling, and encourages the board to make an equitable geographic distribution of the funds.

It is the policy of the state of Washington to encourage self-reliance by local governments in meeting their public works needs and to assist in the financing of critical public works projects by making loans, grants, financing guarantees, and technical assistance available to local governments for these projects.

Sec. 2. RCW 43.155.020 and 2009 c 565 s 33 are each amended to read as follows:

~~((Unless the context clearly requires otherwise,))~~ The definitions in this section ~~((shall))~~ apply throughout this chapter unless the context clearly requires otherwise.

A planning project may include the compilation of biological, hydrological, or other data on a county, drainage basin, or region necessary to develop a base of information for a capital facility plan.

(7) "Solid waste or recycling project" means remedial actions necessary to bring abandoned or closed landfills into compliance with regulatory requirements and the repair, restoration, and replacement of existing solid waste transfer, recycling facilities, and landfill projects limited to the opening

(5) If a vacancy on the board occurs by death, resignation, or otherwise, the governor shall fill the vacant position for the unexpired term. Each vacancy in a position appointed from lists provided by the associations under subsection (2) of this section shall be filled from a list of at least three persons nominated by the relevant association or associations. Any members of the board, appointive or otherwise, may be removed by the governor for cause in accordance with RCW 43.06.070 and 43.06.080.

~~((2))~~ (b) Pledge money in the public works assistance account, or money to be received by the public works assistance account, to the repayment of all or a portion of the principal of or interest on obligations issued by local governments to finance public works

projects. The board shall not pledge any amount greater than the sum of money in the public works assistance account plus money to be received from the payment of the debt service on loans made from that account, nor shall the board pledge the faith and credit or the taxing power of the state or any agency or subdivision thereof to the repayment of obligations issued by any local government.

~~((3))~~ (c) Create such subaccounts in the public works assistance account as the board deems necessary to carry out the purposes of this chapter.

~~((4))~~ (d) Provide a method for the allocation of loans, grants, and financing guarantees and the provision of technical assistance under this chapter.

(2)(a) When establishing interest rates for loan programs authorized in this chapter for projects which are supported by a rate base of at least fifty thousand equivalent residential units, the board must base interest rates on the average daily market interest rate for tax-exempt municipal bonds as published in the bond buyer's index for the period from sixty to thirty days before the start of the application cycle.

(b) For projects with a repayment period between five and twenty years, the rate must be fifty percent of the market rate.

(c) For projects with a repayment period under five years, the rate must be twenty-five percent of the market rate.

(d) For any year in which the average daily market interest rate for tax-exempt municipal bonds for the period from sixty to thirty days before the start of an application cycle is nine percent or greater, the board may cap interest rates at four percent for projects with a repayment period between five and twenty years and at two percent for projects with a repayment period under five years.

(e) The board may also provide reduced interest rates, extended repayment periods, or grants for projects that meet financial hardship criteria as measured by the affordability index or similar standard measure of financial hardship. The board may provide reduced interest rates, extended repayment periods, or grants for projects that are supported by a rate base of less than fifty thousand equivalent residential units.

(3) All local public works projects aided in whole or in part under the provisions of this chapter shall be put out for competitive bids, except for emergency public works under RCW 43.155.065 for which the recipient jurisdiction shall comply with this requirement to the extent feasible and practicable. The competitive bids called for shall be administered in the same manner as all other public works projects put out for competitive bidding by the local governmental entity aided under this chapter.

Sec. 7. RCW 43.155.065 and 2001 c 131 s 3 are each amended to read as follows:

The board may make low-interest or interest-free loans or grants to local governments for emergency public works projects. Emergency public works projects shall include the construction, repair, reconstruction, replacement, rehabilitation, or improvement of a public water system that is in violation of health and safety standards and is being operated by a local government on a temporary basis. The loans or grants may be used to help fund all or part of an emergency public works project less any reimbursement from any of the following sources: (1) Federal disaster or emergency funds, including funds from the federal emergency management agency; (2) state disaster or emergency funds; (3) insurance settlements; or (4) litigation.

Sec. 8. RCW 43.155.068 and 2001 c 131 s 4 are each amended to read as follows:

(1) The board may make (~~low-interest or interest-free~~) loans or grants to local governments for preconstruction activities on public works projects before the legislature approves the construction phase of the project. Preconstruction activities include design, engineering, bid-document preparation, environmental studies, right-of-way acquisition, value planning, and other preliminary phases of public works projects as determined by the board. The purpose of the loans and grants authorized in this section is to accelerate the completion of public works projects by allowing preconstruction activities to be performed before the approval of the construction phase of the project by the legislature.

(2) Projects receiving loans or grants for preconstruction activities under this section must be evaluated using the

priority process and factors in RCW 43.155.070(~~(+2+)~~). The receipt of a loan or grant for preconstruction activities does not ensure the receipt of a construction loan or grant for the project under this chapter. Construction loans or grants for projects receiving a loan or grant for preconstruction activities under this section are subject to legislative approval under RCW 43.155.070 (~~(+4) and (+5)~~) (7). The board shall adopt a single application process for local governments seeking both a loan or grant for preconstruction activities under this section and a construction loan for the project.

Sec. 9. RCW 43.155.070 and 2015 3rd sp.s. c 3 s 7033 are each amended to read as follows:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by

RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) ~~((The board must develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board must attempt to assure a geographical balance in assigning priorities to projects. The board must consider at least the following factors in assigning a priority to a project:~~

~~(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;~~

~~(b) Except as otherwise conditioned by RCW 43.155.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;~~

~~(j) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;~~

~~(k) Except as otherwise conditioned by RCW 43.155.120, and effective one calendar year following the development of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;~~

~~(l) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and~~

~~(5) For the 2015-2017 fiscal biennium, in place of the criteria, ranking, and submission processes for construction loan lists provided in subsections (4) and (7) of this section:))~~

(a) The board must develop a process ~~((for numerically ranking))~~ to prioritize applications ~~((for construction))~~ and funding of loans and grants for public works projects submitted by local governments. The board must consider, at a minimum and in any order, the following factors in ~~((assigning a numerical ranking to a))~~ prioritizing projects:

(iv) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(v) Whether the project promotes the sustainable use of resources and environmental quality, as applicable;

(vi) Whether the project consolidates or regionalizes systems;

(viii) Whether the system is being well-managed in the present and for long-term sustainability;

(ix) Achieving equitable distribution of funds by geography and population;

(x) The extent to which the project meets the following state policy objectives:

(A) Efficient use of state resources;

(B) Preservation and enhancement of health and safety;

(C) Abatement of pollution and protection of the environment;

(D) Creation of new, family-wage jobs, and avoidance of shifting existing jobs from one Washington state community to another;

(iv) The total amount of loan repayments in the preceding fiscal year for outstanding loans from the public works assistance account;

(v) The total amount of loan repayments due for outstanding loans for each fiscal year over the following ten-year period; and

(vi) The total amount of funds obligated and timing of when the funds were obligated in the preceding fiscal year.

(c) The maximum amount of funding that the board may ((recommend)) provide for any jurisdiction is ten million dollars per biennium. ((For each project on the ranked list, as well as for eligible projects not recommended for funding, the board must document the numerical ranking that was assigned.

~~((11)) (8) To qualify for loans, grants, or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.~~

~~((12)) (9) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.~~

~~((13) During the 2015-2017 fiscal biennium,) (10) For projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is reasonably obtainable, the public works board must require as a contract~~

condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan or grant.

~~(11) The board must implement policies and procedures designed to maximize local government ((use)) consideration of ((federal)) other funds to finance local infrastructure ((including, but not limited to, drinking water and clean water state revolving funds operated by the state departments of health and ecology. Projects that are eligible for the drinking water and clean water state revolving funds may receive public works board preconstruction loans. Projects that are eligible for the drinking water and clean water state revolving funds are not eligible for public works board construction loans. For purposes of this subsection "eligible for drinking water and clean water state revolving funds" means:~~

~~(i) Projects that have applied to the state revolving funds and are awaiting a funding decision;~~

~~(ii) Projects that have been rejected for funding solely due to not meeting readiness requirements; and~~

~~(iii) Projects that have not applied, but would likely be eligible if the project applied and met the project readiness requirements.~~

~~(b) For all construction loan projects proposed to the legislature for funding during the 2015-2017 fiscal biennium, the board must base interest rates on the average daily market interest rate for tax-exempt municipal bonds as published in the bond buyer's index for the period from sixty to thirty days before the start of the application cycle. For projects with a repayment period between five and twenty years, the rate must be sixty percent of the market rate. For projects with a repayment period under five years, the rate must be thirty percent of the market rate. The board must also provide reduced interest rates, extended repayment periods, or forgivable principal loans for projects that meet financial hardship criteria as measured by the affordability index or similar standard measure of financial hardship).~~

Sec. 10. RCW 43.155.075 and 2001 c 227 s 10 are each amended to read as follows:

In providing loans and grants for public works projects, the board shall require recipients to incorporate the environmental benefits of the project into their applications, and the board shall utilize the statement of environmental benefits in its prioritization and selection process, when applicable. For projects funded under this chapter, the board may require a local government to have sustainable asset management best practices in place; provide a long-term financial plan to demonstrate a sound maintenance program; have a long-term financial plan for loan repayments in place; and undergo value planning at the predesign project stage, where the greatest productivity gains and cost savings can be found. The board shall also develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the loan and grant program. To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270. The board shall consult with affected interest groups in implementing this section.

NEW SECTION. Sec. 11. (1) An interagency, multijurisdictional system improvement team must identify, implement, and report on system improvements that achieve the designated outcomes, including:

(a) Projects that maximize value, minimize overall costs and disturbance to the community, and ensure long-term durability and resilience;

(b) Projects that are designed to meet the unique needs of each community, rather than the needs of particular funding programs;

(c) Project designs that maximize long-term value by fully considering and responding to anticipated long-term environmental, technological, economic and population changes;

(d) The flexibility to innovate, including utilizing natural systems, addressing multiple regulatory drivers, and forming regional partnerships;

(e) The ability to plan and collaborate across programs and jurisdictions so that different

investments are packaged to be complementary, timely, and responsive to economic and community opportunities;

(f) The needed capacity for communities, appropriate to their unique financial, planning, and management capacities, so they can design, finance, and build projects that best meet their long-term needs and minimize costs;

(g) Optimal use and leveraging of federal and private infrastructure dollars; and

(h) Mechanisms to ensure periodic, system-wide review and ongoing achievement of the designated outcomes.

(2) The system improvement team must consist of representatives of state infrastructure programs that provide funding for drinking water, wastewater, and storm water programs, including but not limited to representatives from the department of ecology, department of health, and the department of commerce. The system improvement team may invite representatives of other infrastructure programs, such as transportation and energy, as needed in order to achieve efficiency, minimize costs, and maximize value across infrastructure programs. The system improvement team shall also consist of representatives of users of those programs, representatives of infrastructure project builders, and other parties the system improvement team determines would contribute to achieving the desired outcomes, including but not limited to representatives from a state association of cities, a state association of counties, a state association of public utility districts, a state association of water and sewer districts, a state association of general contractors, and a state organization representing building trades. A representative from the department of ecology, department of health, and department of commerce shall facilitate the work of the system improvement team.

(3) The system improvement team must focus on achieving the designated outcomes within existing program structures and authorities. The system improvement team shall use lean practices to achieve the designated outcomes.

(4) The system improvement team shall provide briefings as requested to the public works board on the current state of infrastructure programs to build an understanding of the infrastructure

investment program landscape and the interplay of its component parts.

(5) If the system improvement team encounters statutory or regulatory barriers to system improvements, the system improvement team must inform the public works board and consult on possible solutions. When achieving the designated outcomes would be best served through changes in program structures or authorities, the system improvement team must report those findings to the public works board.

(6) This section expires June 30, 2021.

NEW SECTION. **Sec. 12.** The public works board, in consultation with stakeholders, including the system improvement team and financing experts, must evaluate and report on other financing approaches that could be established to provide access to financing for local governments who have trouble accessing the existing private credit market at reasonable rates for infrastructure. The public works board must submit the report to the appropriate fiscal committees of the senate and house of representatives and the office of financial management by December 1, 2018."

SENATE BILL NO. 5581, by Senators Angel and Mullet

Authorizing public hospital districts to participate in self-insurance risk pools with nonprofit hospitals.

The bill was read the second time.

Representative Santos moved the adoption of amendment (502):

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** This chapter is intended to provide authority for two or more public benefit hospital entities to participate in a joint self-insurance program covering property or liability risks. This chapter provides public benefit hospital entities with the exclusive source of authority to jointly self-insure property and liability risks,

jointly purchase insurance or reinsurance, and to contract for risk management, claims, and administrative services with other public benefit hospital entities, except as otherwise provided in this chapter. This chapter must be liberally construed to grant public benefit hospital entities maximum flexibility in jointly self-insuring to the extent the self-insurance programs are operated in a safe and sound manner. This chapter is intended to require prior approval for the establishment of every joint self-insurance program. In addition, this chapter is intended to require every joint self-insurance program for public benefit hospital entities established under this chapter to notify the state of the existence of the program and to comply with the regulatory and statutory standards governing the management and operation of the programs as provided in this chapter. This chapter is not intended to authorize or regulate self-insurance of unemployment compensation under chapter 50.44 RCW or industrial insurance under chapter 51.14 RCW.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Hospital services" means clinically related (i.e., preventive, diagnostic, curative, rehabilitative, or palliative) services provided in a hospital setting.

(2) "Property and liability risks" include the risk of property damage or loss sustained by a public benefit hospital entity and the risk of claims arising from the tortious or negligent conduct or any error or omission of the entity, its officers, employees, agents, or volunteers as a result of which a claim may be made against the entity.

(3) "Public benefit hospital entity" means any of the following:

(a) A public hospital district organized under the laws of this state or another state and any agency or instrumentality of a public hospital district including, but not limited to, a legal entity created to conduct a joint self-insurance program for public hospital districts that is operating in accordance with chapter 48.62 RCW; or

(b) A nonprofit corporation, whether organized under the laws of this state or another state, that meets the following requirements:

(i) The nonprofit corporation operates one or more hospitals each of which is licensed for three hundred sixty or fewer beds by the department of health pursuant to chapter 70.41 RCW; and

(ii) The nonprofit corporation is engaged in providing hospital services.

(4) "Self-insurance" means a formal program of advance funding and management of entity financial exposure to a risk of loss that is not transferred through the purchase of an insurance policy or contract.

(5) "State risk manager" means the risk manager of the office of risk management within the department of enterprise services.

NEW SECTION. Sec. 3. (1) The governing body of a public benefit hospital entity may join or form a self-insurance program together with one or more other public benefit hospital entities, and may jointly purchase insurance or reinsurance with one or more other public benefit hospital entities for property and liability risks only as permitted under this chapter. Public benefit hospital entities may contract for or hire personnel to provide risk management, claims, and administrative services in accordance with this chapter.

(2) The agreement to form a joint self-insurance program may include the organization of a separate legal or administrative entity with powers delegated to the entity.

(3) If provided for in the organizational documents, a joint self-insurance program may, in conformance with this chapter:

(a) Contract or otherwise provide for risk management and loss control services;

(b) Contract or otherwise provide legal counsel for the defense of claims and other legal services;

(c) Consult with the state insurance commissioner and the state risk manager;

(d) Jointly purchase insurance and reinsurance coverage in a form and amount as provided for in the organizational documents;

(e) Obligate the program's participants to pledge revenues or contribute money to secure the obligations or pay the expenses of the program, including the establishment of a reserve or fund for coverage; and

(f) Possess any other powers and perform all other functions reasonably necessary to carry out the purposes of this chapter.

(4) Every joint self-insurance program governed by this chapter must appoint the state risk manager as its attorney to receive service of, and upon whom must be served, all legal process issued against the program in this state upon causes of action arising in this state.

(a) Service upon the state risk manager as attorney constitutes service upon the program. Service upon joint self-insurance programs subject to this chapter may only occur by service upon the state risk manager. At the time of service, the plaintiff shall pay to the state risk manager a fee to be set by the state risk manager, taxable as costs in the action.

(b) With the initial filing for approval with the state risk manager, each joint self-insurance program must designate by name and address the person to whom the state risk manager must forward legal process that is served upon him or her. The joint self-insurance program may change this person by filing a new designation.

(c) The appointment of the state risk manager as attorney is irrevocable, binds any successor in interest or to the assets or liabilities of the joint self-insurance program, and remains in effect as long as there is in force in this state any contract made by the joint self-insurance program or liabilities or duties arising from the contract.

(d) The state risk manager shall keep a record of the day and hour of service upon him or her of all legal process. A copy of the process, by registered mail with return receipt requested, must be sent by the state risk manager to the person designated to receive legal process by the joint self-insurance program in its most recent designation filed with the state risk manager. Proceedings must not commence against the joint self-insurance program, and the program must not be required to appear, plead, or answer, until the expiration of forty days after the date of service upon the state risk manager.

NEW SECTION. **Sec. 4.** This chapter does not apply to a public benefit hospital entity that:

(1) Individually self-insures for property and liability risks; or

(2) Participates in a risk pooling arrangement, including a risk retention group or a risk purchasing group, regulated under chapter 48.92 RCW, is a captive insurer authorized in its state of domicile, or participates in a local government risk pool formed under chapter 48.62 RCW.

NEW SECTION. **Sec. 5.** The state risk manager shall adopt rules governing the management and operation of joint self-insurance programs for public benefit hospital entities that cover property or liability risks. All rules must be appropriate for the type of program and class of risk covered. The state risk manager's rules must include:

(1) Standards for the management, operation, and solvency of joint self-insurance programs, including the necessity and frequency of actuarial analyses and claims audits;

(2) Standards for claims management procedures;

(3) Standards for contracts between joint self-insurance programs and private businesses, including standards for contracts between third-party administrators and programs; and

(4) Standards that preclude public hospital districts or other public entities participating in the joint self-insurance program from subsidizing, regardless of the form of subsidy, public benefit hospital entities that are not public hospital districts or public entities. These standards do not apply to the consideration attributable to the ownership interest of a public hospital district or other public entity in a separate legal or administrative entity organized with respect to the program.

NEW SECTION. **Sec. 6.** Before the establishment of a joint self-insurance program covering property or liability risks by public benefit hospital entities, the entities must obtain the approval of the state risk manager. The entities proposing the creation of a joint self-insurance program requiring prior approval shall submit a plan of management and operation to the state risk manager that provides at least the following information:

(1) The risk or risks to be covered, including any coverage definitions, terms, conditions, and limitations;

(2) The amount and method of funding the covered risks, including the initial capital and proposed rates and projected premiums;

(3) The proposed claim reserving practices;

(4) The proposed purchase and maintenance of insurance or reinsurance in excess of the amounts retained by the joint self-insurance program;

(5) The legal form of the program including, but not limited to, any articles of incorporation, bylaws, charter, or trust agreement or other agreement among the participating entities;

(6) The agreements with participants in the program defining the responsibilities and benefits of each participant and management;

(7) The proposed accounting, depositing, and investment practices of the program;

(8) The proposed time when actuarial analysis will be first conducted and the frequency of future actuarial analysis;

(9) A designation of the individual to whom service of process must be forwarded by the state risk manager on behalf of the program;

(10) All contracts between the program and private persons providing risk management, claims, or other administrative services;

(11) A professional analysis of the feasibility of the creation and maintenance of the program;

(12) A legal determination of the potential federal and state tax liabilities of the program; and

(13) Any other information required by rule of the state risk manager that is necessary to determine the probable financial and management success of the program or that is necessary to determine compliance with this chapter.

NEW SECTION. Sec. 7. A public benefit hospital entity may participate in a joint self-insurance program covering property or liability risks with similar public benefit hospital entities from other states if the program satisfies the following requirements:

(1) An ownership interest in the program is limited to some or all of the

public benefit hospital entities of this state and public benefit hospital entities of other states that are provided insurance by the program;

(2) The participating public benefit hospital entities of this state and other states shall elect a board of directors to manage the program, a majority of whom must be affiliated with one or more of the participating public benefit hospital entities;

(3) The program must provide coverage through the delivery to each participating public benefit hospital entity of one or more written policies affecting insurance of covered risks;

(4) The program must be financed, including the payment of premiums and the contribution of initial capital, in accordance with the plan of management and operation submitted to the state risk manager in accordance with this chapter;

(5) The financial statements of the program must be audited annually by the certified public accountants for the program, and these audited financial statements must be delivered to the state risk manager not more than one hundred twenty days after the end of each fiscal year of the program;

(6) The investments of the program must be initiated only with financial institutions or broker-dealers, or both, doing business in those states in which participating public benefit hospital entities are located, and these investments must be audited annually by the certified public accountants for the program;

(7) The treasurer of a multistate joint self-insurance program must be designated by resolution of the program and the treasurer must be located in the state of one of the participating entities;

(8) The participating entities may have no contingent liabilities for covered claims, other than liabilities for unpaid premiums, retrospective premiums, or assessments, if assets of the program are insufficient to cover the program's liabilities; and

(9) The program must obtain approval from the state risk manager in accordance with this chapter and must remain in compliance with this chapter, except if provided otherwise under this section.

NEW SECTION. Sec. 8. (1) Within one hundred twenty days of receipt of a plan

of management and operation, the state risk manager shall either approve or disapprove of the formation of the joint self-insurance program after reviewing the plan to determine whether the proposed program complies with this chapter and all rules adopted in accordance with this chapter.

(2) If the state risk manager denies a request for approval, the state risk manager shall specify in detail the reasons for denial and the manner in which the program fails to meet the requirements of this chapter or any rules adopted in accordance with this chapter.

(3) If the state risk manager determines that a joint self-insurance program covering property or liability risks is in violation of this chapter or is operating in an unsafe financial condition, the state risk manager may issue and serve upon the program an order to cease and desist from the violation or practice.

(a) The state risk manager shall deliver the order to the appropriate entity or entities directly or mail it to the appropriate entity or entities by certified mail with return receipt requested.

(b) If the program violates the order or has not taken steps to comply with the order after the expiration of twenty days after the cease and desist order has been received by the program, the program is deemed to be operating in violation of this chapter, and the state risk manager shall notify the attorney general of the violation.

(c) After hearing or with the consent of a program governed under this chapter and in addition to or in lieu of a continuation of the cease and desist order, the state risk manager may levy a fine upon the program in an amount not less than three hundred dollars and not more than ten thousand dollars. The order levying the fine must specify the period within which the fine must be fully paid. The period within which the fine must be paid must not be less than fifteen and no more than thirty days from the date of the order. Upon failure to pay the fine when due, the state risk manager shall request the attorney general to bring a civil action on the state risk manager's behalf to collect the fine. The state risk manager shall pay any fine collected to the state treasurer for the account of the general fund.

(4) Each joint self-insurance program approved by the state risk manager shall annually file a report with the state risk manager providing:

(a) Details of any changes in the articles of incorporation, bylaws, charter, or trust agreement or other agreement among the participating public benefit hospital entities;

(b) Copies of all the insurance coverage documents;

(c) A description of the program structure, including participants' retention, program retention, and excess insurance limits and attachment point;

(d) An actuarial analysis;

(e) A list of contractors and service providers;

(f) The financial and loss experience of the program; and

(g) Other information as required by rule of the state risk manager.

(5) A joint self-insurance program requiring the state risk manager's approval may not engage in an act or practice that in any respect significantly differs from the management and operation plan that formed the basis for the state risk manager's approval of the program unless the program first notifies the state risk manager in writing and obtains the state risk manager's approval. The state risk manager shall approve or disapprove the proposed change within sixty days of receipt of the notice. If the state risk manager denies a requested change, the state risk manager shall specify in detail the reasons for the denial and the manner in which the program would fail to meet the requirements of this chapter or any rules adopted in accordance with this chapter.

NEW SECTION. Sec. 9. (1) A joint self-insurance program may by resolution of the program designate a person having experience with investments or financial matters as treasurer of the program. The program must require a bond obtained from a surety company in an amount and under the terms and conditions that the program finds will protect against loss arising from mismanagement or malfeasance in investing and managing program funds. The program may pay the premium on the bond.

(2) All interest and earnings collected on joint self-insurance program funds belong to the program and must be

deposited to the program's credit in the proper program account.

NEW SECTION. Sec. 10. (1) An employee or official of a participating public benefit hospital entity in a joint self-insurance program may not directly or indirectly receive anything of value for services rendered in connection with the operation and management of a self-insurance program other than the salary and benefits provided by his or her employer or the reimbursement of expenses reasonably incurred in furtherance of the operation or management of the program. An employee or official of a participating public benefit hospital entity in a joint self-insurance program may not accept or solicit anything of value for personal benefit or for the benefit of others under circumstances in which it can be reasonably inferred that the employee's or official's independence of judgment is impaired with respect to the management and operation of the program.

(2) RCW 48.30.140, 48.30.150, and 48.30.157 apply to the use of insurance producers by a joint self-insurance program.

NEW SECTION. Sec. 11. This section does not apply to, and no exemption is provided for, insurance companies issuing policies to cover program risks, and does not apply to or provide an exemption for third-party administrators or insurance producers serving the joint self-insurance program.

NEW SECTION. Sec. 12. (1) The state risk manager shall establish and charge an investigation fee in an amount necessary to cover the costs for the initial review and approval of a joint self-insurance program. The fee must accompany the initial submission of the plan of operation and management.

(2) The costs of subsequent reviews and investigations must be charged to the joint self-insurance program being reviewed or investigated in accordance with the actual time and expenses incurred in the review or investigation.

(3) Any program failing to remit its assessment when due is subject to denial

of permission to operate or to a cease and desist order until the assessment is paid.

NEW SECTION. Sec. 13. (1) Any person who files reports or furnishes other information required under this title, required by the state risk manager under the authority granted under this title, or which is useful to the state risk manager in the administration of this title, is immune from liability in any civil action or suit arising from the filing of any such report or furnishing such information to the state risk manager, unless actual malice, fraud, or bad faith is shown.

(2) The state risk manager and his or her agents and employees are immune from liability in any civil action or suit arising from the publication of any report or bulletins or arising from dissemination of information related to the official activities of the state risk manager unless actual malice, fraud, or bad faith is shown.

(3) The immunity granted under this section is in addition to any common law or statutory privilege or immunity enjoyed by such person. This section is not intended to abrogate or modify in any way such common law or statutory privilege or immunity.

NEW SECTION. Sec. 14. Sections 1 through 13 of this act constitute a new chapter in Title 48 RCW."
