Construction Contingency Pool (90000300)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for construction projects that confront emergent and unavoidable costs in excess of the construction contingency included in the project appropriation. For requests occurring during a legislative session, an agency must notify the legislative fiscal committees before requesting contingency funds from the office of financial management. Eligible agencies that may apply to the pool include higher education institutions, the department of corrections, the department of social and health services, the department of enterprise services, the criminal justice training commission, the department of veterans affairs, the parks and recreation commission, and the department of fish and wildlife. Eligible construction projects are only projects that had cost reductions as kept on file with the office of financial management. The office of financial management must notify the legislative evaluation and accountability program committee, the house capital budget committee, and senate ways and means committee as projects are approved for funding.

(2)(a) The legislature intends to use the 1063 Block building development project as a model of efficient space and energy use for both owned and leased state office buildings.

(b) To achieve this intent, the office of financial management must reconsider tenants for the building, including consideration of the utilities and transportation commission, all current tenants of the general administration building with operations compatible with a high density office building, and other possible tenants. The measure of achieving a higher space efficiency is measured by the average square feet per housed employee.

(c) The office of financial management must provide a report to the appropriate committees of the legislature on the redesign and the increase space efficiency by October 15, 2015.

Capitol Lake Long-term Management Planning (30000740)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely to make tangible progress on reaching broad agreement on a long-term plan for the management of Capitol Lake/Deschutes Estuary/Lower Budd Inlet/Deschutes River watershed, building on the recommendations of the 2014 situation assessment for Capitol Lake management prepared by the Ruckleshaus center and prior related reports.

The department shall:

- (a) Identify and summarize the findings of the best available science concerning water quality and habitat as they relate to conceptual options of retaining or removing the dam;
- (b) Identify multiple hybrid options for future management of Capitol Lake, which options must include substantial improvement in fish and wildlife habitat and ecosystem functions, maintaining a historic reflecting pool at the north end of the lake/estuary, and adaptive management strategies;
- (c) Identify general cost estimates for construction and maintenance of each conceptual option, in consultation with the office of financial management;
- (d) Identify the range of public support for or concerns about each option;
- (e) Identify conceptual options and degree of general support for shared funding by state, local, and federal governments and potentially other entities;
- (f) Identify one or more conceptual options for long-term shared governance of a future management plan, including consideration of an option similar to state lake management districts, chapter 36.61 RCW or shellfish protection districts, chapter 90.72 RCW.
- (g) Engage in other related activities which would contribute to reaching broad agreement on the long-term management plan.

The department shall conduct its information gathering and report preparation with a pro-active approach to public engagement, and may create such advisory entities as it determines would be helpful.

(2) The department may contract for facilitation, research, or other services to assist in the preparation of this report.

(3) The department shall make periodic reports to the state capitol committee, the office of financial management, and fiscal committees of the legislature, with a final report to be submitted no later than January 1, 2017. The reports must include visual representations of proposals to aid the public and decision-makers to understand and evaluate them.

Engineering and Architectural Services: Staffing (30000762)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for architectural and engineering services to manage public works contracting for all state facilities pursuant to RCW 43.19.450. The service charge is increased from 2.15 percent to 2.27 percent of total project costs to reduce the number of projects assigned to each manager. The intended results of the increased fee are improved accountability, reduced project delays, and reduced the number and cost of change orders. At the end of each fiscal year, the department must report to the office of financial management and the fiscal committees of the legislature on performance improvements resulting from the increased management fee, including the following:

- (a) The number of projects managed by each manager compared to previous biennia;
- (b) Projects that were not completed on schedule and the reasons for delays; and
- (c) The number and cost of the change orders and the reason for each change order.

(2) The department shall convene a group of private sector architects and contractors with state agency facilities personnel, at a minimum of twice per year, to share at a minimum, information on high performance methods, ideas, operating and maintenance issues, and cost. The facility personnel must be from the community and technical colleges, the four-year institutions of higher education, and any other state agencies that have recently completed a new building or are currently in the construction phase.

(3) The department, with assistance from the capital projects authority review board, shall provide recommendations to the governor, house capital budget committee, and senate ways and means committee, on ways to improve the project delivery methods. It must include, at a minimum, methods to incorporate more architectural and engineering firms and contractors to be eligible for design build projects, and methods for including high performance criteria with incentives for the architectural and engineering firm and contractor to meet the performance measures in design-bid-build project delivery methods.

NEW SECTION. Sec. 3067. FOR THE DEPARTMENT OF ECOLOGY

Water Irrigation Efficiencies Program (30000587)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for technical assistance and grants to conservation districts for the purpose of implementing water conservation measures and irrigation efficiencies. The department of ecology and the state conservation commission shall give preference in order of priority to projects located in the 16 fish critical basins, other water short basins, and basins with significant water resource and instream flow problems. Projects that are not within basins as described in this subsection are also eligible to receive funding.

(2) Conservation districts statewide are eligible for grants listed in subsection (1) of this section. A conservation district receiving funds shall manage each grant to ensure that a portion of the water saved by the water conservation measure or irrigation efficiency will be placed as a purchase or a lease in the trust water rights program to enhance instream flows. The proportion of saved water placed in the trust water rights program must be equal to the percentage of the public investment in the conservation measure or irrigation efficiency. The percentage of the public investment may not exceed eighty-five percent of the total cost of the conservation measure or irrigation efficiency.

(3) Up to \$300,000 of the appropriation in this section may be allocated for the purchase and installation of flow meters that are implemented in cooperation with the Washington State Department of Fish and Wildlife fish screening program authorized under RCW 77.57.070.

Columbia River Water Supply Development Program (30000588)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,000,000 of the Columbia River basin water supply development account—state is provided solely for the Sullivan Lake water supply project to replace funds that were diverted to fund repairs to the Moses Lake irrigation and reclamation district dam.

(2) The balance of the appropriations are provided solely for: Coordinated water conservation plan projects; Walla Walla integrated planning; Icicle Creek integrated planning; new water supply projects; the Methow Valley irrigation district instream flow improvement project; the port of Walla Walla water leasing project; the 2016 water supply and demand forecast; Columbia River off-channel storage feasibility project development; the HHH Switzler storage project environmental impact statement; water acquisitions; the Stemilt WRIA 40A storage study; office of Columbia River staffing costs; department of fish and wildlife support; a water service contract with the United States bureau of reclamation to provide water from Lake Roosevelt to end users; and other projects under the Columbia River water supply development program.

(3) In any future requests for project funding under the Columbia River water supply development program, the department must prepare and submit with the budget request an analysis that estimates the total costs of developing and delivering water through the project. For each project, the department must:

- (a) Identify the project beneficiaries;
- (b) Estimate the project timeline, from feasibility through water development and delivery;
- (c) Delineate the total estimated public and private costs and fund sources for developing the water; and
- (d) Delineate the total estimated public and private costs and fund sources for delivering the water.

(4) The department must prepare and submit the same analysis as required in subsection (3) of this section for existing water development projects, including those in the feasibility phase.

Yakima River Basin Water Supply (30000590)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for: Tributary/mainstem enhancement and watershed acquisitions; fish passage projects at the Cle Elum, Keechelus, Kachess, and Tieton reservoirs; the Keechelus to Kachess pipeline; the Cle Elum pool raise and Kachess reservoir drought relief pumping plant projects; selected aquifer storage and recovery projects; agricultural and municipal conservation projects; water bank and exchange programs; and other projects under the Yakima integrated plan.

(2)(a) The legislature finds that it is important to apportion financial responsibility for the substantial capital projects proposed under the Yakima River basin integrated plan consistent with RCW 90.38.120 which directs that "at least one-half of the total costs to finance the implementation of the \\sanjuan\ATLASMACHROS\DATA\2015 JOURNAL\Journal2015\LegDay003\Yakima.doc integrated plan. . . be funded through federal, private, and other nonstate sources, including a significant contribution of funding from local project beneficiaries."

(b) By December 15, 2015, the department must prepare and submit a report to the legislature estimating the cost per acre of land and the cost per acre-foot of water to finance the construction of the Keechelus to Kachess pipeline project and the Kachess Reservoir drought relief pumping plant project. The primary objective is to inform the long-term financial planning of the project beneficiaries, the proratable irrigation districts and their ratepayers, who will bear the construction, maintenance and operation costs.

NEW SECTION. Sec. 3085. FOR THE POLLUTION LIABILITY INSURANCE AGENCY

Underground Storage Tank Capital Program Demonstration and Design (30000001)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section must be used for projects that provide a benefit to the public through removal, replacement or upgrade of underground storage tank fuel systems, retrofit existing systems to disperse renewable or alternative fuels, and cleanup of contamination caused by legacy petroleum releases. All projects must develop and acquire assets that have a useful life of at least thirteen years. These requirements must be specified in funding agreements issued by the agency.

(2)(a) \$1,800,000 of the appropriation is provided solely to design a capital financial assistance program to provide underground storage tank owners and operators with financial resources to remove, replace or upgrade underground storage tank fuel systems, retrofit existing systems to disperse renewable or alternative fuels, and to clean up contamination caused by legacy petroleum releases.

(b) The design must:

(i) Assess options for program structure and administration, and develop a recommended program design, financial management plan and staffing model;

(ii) Include data and legal analysis of statewide need, availability of existing fund sources for grants and loans, assessment of owner and operator willingness to participate and potential environmental and economic impacts of the loan program.

(iii) As part of the program design, the agency must conduct a pilot demonstration of a capital grant program that includes three study sites with aging tanks, demonstrated impact to either soil or groundwater, or both, and serious financial hardship, as defined in chapter 374-60 WAC. Each study site may not cost more than \$600,000.

(3) The agency shall conduct the study in consultation with the office of financial management, and internal and external agency stakeholders.

(4) The agency must provide a final report of the program design, as well as any associated legislative and budget recommendations, to the governor and legislature by October 1, 2015.

Parkland Acquisition (30000976)

The appropriation in this section is subject to the following conditions and limitations:

(1) Except for subsection (2) of this section, the appropriation is provided solely to acquire land that is adjacent or within existing state parks. For this purpose, adjacent means a parcel of real property that shares a border with a state park. The state parks and recreation commission may dispose of property that is surplus to the needs of the state parks and recreation commission by June 30, 2017. Disposal may include sale of the surplus property or long-term lease of the property if such a lease is negotiated and managed by the commercial lands portfolio management unit of the department of natural resources. The commission and the department must agree on an appropriate management fee for the department's land management services.

(2) \$225,000 of the appropriation is provided solely for the purchase of Young Island.

(3) In order to improve noxious weed control and achieve improved land stewardship and wild fire response, the parks and recreation commission must transfer property ownership of segments of unused trails, specified below, to adjacent property owners, who request such a transfer, in exchange for those adjacent property owners granting the parks and recreation commission a permanent easement for any future utilities the commission desires to place on the transferred property. No other compensation is required for the transfers. If the trail is ever developed upon legislative approval ownership will revert to the parks and recreation commission. The unused trail segments are those along the trail from Whitman county trailhead at Williams lake road up to Martin road trail head in Spokane county.

NEW SECTION. Sec. 3163. FOR THE RECREATION AND CONSERVATION FUNDING BOARD

Washington Wildlife Recreation Grants (30000220)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for the list of projects in LEAP capital document No. 2015-1, developed June 30, 2015.

(2)(a) \$60,000 of the appropriation is provided solely for the Washington state recreation and conservation office to convene and facilitate a stakeholder process to review and make recommendations for statutory revisions to the Washington wildlife and recreation program. The review must be conducted with consideration of the potential impacts to existing and future relationships with local governments, the federal government, and Tribal Nations. The review must include analysis of the program design, including criteria, information and coordination required for projects to proceed through the ranking and selection processes. Existing allocation categories and percentages must be evaluated to determine how well the system balances the many current statewide needs, including effectiveness in assessing and serving the needs of smaller and traditionally underserved populations, as well as communities with lower per-capita income levels. The ability of the general public to access program-funded projects must also be considered, as well as support for projects and landscapes with multiple values. The review must include examination of ways in which lands are acquired by state agencies through the program, such as gifts, mitigation, acquisition through direct negotiation with landowners, acquisition from land trusts and other

nongovernmental organizations that are intermediaries or short-term owners for which long-term ownership and management by a public agency was the purpose of the nongovernmental organization's acquisition, easement acquisitions, and other pathways by which habitat lands are either acquired or managed, or both, by the state. Advantages and disadvantages of all approaches used by the program must be considered, including acquisition and stewardship costs, timing of land availability when compared to funding availability by the state, and other conservation alternatives that could be considered instead of state ownership, such as long-term management by a nongovernmental organization, another public agency, or conservation through less-than-fee approaches such as by easement or other landowner agreements.

(b) The recreation and conservation office may convene stakeholders and facilitate activities as needed. The agency must seek input and meaningfully involve a broad base of interested stakeholders that includes Tribal governments and those with specific subject-matter expertise relevant to the project categories of the Washington wildlife and recreation program. They shall seek broad and diverse legislative input and invite interested legislators to provide information and ideas, including, at a minimum, the majority and minority leadership of the capital committees in the senate and house of representatives. They shall coordinate with the appropriate standing committees of the legislature and may consult with other interested parties, as may be appropriate, for technical advice and assistance.

(c) The final report must include recommended statutory and policy changes to the appropriate committees of the legislature on or before December 1, 2015.

NEW SECTION. Sec. 3224. FOR THE DEPARTMENT OF NATURAL RESOURCES

Trust Land Transfer (30000200)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely to the department to transfer from trust status, or enter into fifty year leases for, certain trust lands of statewide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, department of natural resources community forest open space, or recreation purposes. The approved list of properties for lease or transfer is identified in the LEAP capital document No. 2015-3, developed June 30, 2015.

(2) Property transferred under this section must be appraised and transferred at fair market value. By September 30, 2015, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(3) Property subject to lease agreements under this section must be appraised at fair market value. Lease terms must be fifty years with options to renew for an additional fifty years. Lease payments must be lump sum payments for the entire term of the lease at the beginning of the lease. The department shall calculate such lump sum payments using professional appraisal standards. These lease payments may not exceed the fee simple purchase price based on current fair market value and must be deposited by the department to the common school construction account in the same manner as lease revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs and may not exceed one and nine-tenths percent of the appropriation.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. Lease agreements for properties identified in subsection (1) of this section must include terms that restrict use of the property to the intended purpose for the term of the lease. Transfer and lease agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(8) By June 30, 2017, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

State Forest Land Replacement (30000223)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely to the department to transfer from state forest land status to natural resources conservation area status certain state forest lands in Skamania county.

(2) Property transferred under this section must be appraised and transferred at fair market value, without consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110. The value of the land transferred must be deposited in the park land trust revolving account and be used solely to buy replacement state forest land, consistent with RCW 79.22.060.

(3) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose.

(4) The department and Skamania county shall work in good faith to carry out the intent of this section. The department shall identify eligible properties for transfer, consistent with subsection (1) of this section, in consultation with Skamania county, and may not execute any property transfers that are not in the statewide interest of either the state forest trust or the natural resources conservation area program.

Forest Hazard Reduction (30000224)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) \$9,000,000 is provided solely for forest health hazard reduction treatments primarily on state lands, and within certain circumstances, on small nonindustrial private timber lands. The appropriation may be used for mechanical treatments, project planning, site preparation, permitting, or prescribed burning. Forest treatments to reduce insect, disease, and wildfire hazards on private lands, that protect state trust lands and mitigate the risk of large-scale damage, shall require a contract with the department of natural resources to provide at least a one-to-one nonstate or in-kind fund match, and to provide a fifteen-year landowner maintenance agreement. Satisfaction of the maintenance requirement at fifteen years is defined, at minimum, as returning the property's forest conditions to the original contract specifications for tree spacing and fuel loading. A landowner failing to meet the maintenance requirement is responsible for recompensing the full amount of state funding received.

(b) A minimum of \$800,000 of this appropriation must be spent on restoration activities on department of fish and wildlife managed lands. The department of natural resources must work with the department of fish and wildlife to prioritize and conduct these forest hazard reduction treatments.

(2) \$1,000,000 is provided solely for grants to local communities, counties, fire districts, and conservation districts to establish new firewise communities and complete near-term actions to increase public safety. The department must implement policies and procedures to follow by local communities, counties, fire districts, and conservation districts that seek to enroll in the firewise program.

Research on Transfer of Federal Lands to Washington State (91000085)

The appropriation in this section is subject to the following conditions and limitations:

(1) The legislature intends to study the feasibility of acquiring certain federal lands for possible inclusion in the various trust lands managed by the department of natural resources. The appropriation is provided solely for the department to contract with the Washington state institute for public policy.

(2) The Washington state institute for public policy shall research the potential costs, revenues, and policy impacts of transferring certain federal lands to state ownership. The Washington state institute for public policy may contract with higher education institutions or private consultants as necessary, may consult as needed with legislative staff, and must work with the Washington economic and revenue forecast council for modeling consistency.

(3) The research shall focus primarily on federal forest and range lands. Federal lands to be excluded are: National parks; national historic areas or sites; national recreational areas; national volcanic areas; designated national wilderness preservation system lands; United States military or department of energy lands; and Indian tribal lands.

(4) By December 1, 2016, the Washington state institute for public policy must submit a report to appropriate legislative committees that presents its findings including:

(a) Potential costs to the state of: (i) Land management related to wildfires, forest health, invasive species management, and public access; (ii) addressing deferred forest health issues and ongoing maintenance; (iii) payments in lieu of taxes; (iv) state program development; and (v) other potential costs.

(b) Potential revenues to the state from: (i) Current and increased timber cut-rates; (ii) mineral lease revenues; (iii) recreation fees; (iv) grazing fees; (v) permanent common school account investment income; and (vi) other potential revenues.

(c) Policy research related to the endangered species act, the mining law of 1872, and other relevant federal-state impacts; and
 (d) Estimated fiscal impacts, including impacts on trust revenues over a one hundred-year period, if the state were to sell all newly acquired federal lands and all existing state-owned public lands.

(5) By December 1, 2015, the Washington state institute for public policy must submit a preliminary report to appropriate legislative committees that (a) summarizes any initial findings; and (b) subject to legislative approval, outlines the remaining scope of work, timelines and approach.

Capital Program Administration (30000165)

The appropriation in this section is subject to the following conditions and limitations:

(1) The superintendent of public instruction shall publish to its web site and report to the office of financial management, the appropriate committees of the legislature, and the legislative evaluation and accountability program a list of local school district projects submitted for school construction assistance within seven business days of the grant program deadline. The report must be updated within seven days following the superintendent of public instruction's final grant award decisions. Prior versions of the report must be maintained on the web site in order to monitor changes in estimates as the grant process progresses. The report must include, but not be limited to:

- (a) School district;
- (b) Project name;
- (c) Estimated square footage by proposed project type;
- (d) Estimated total of all project costs and estimated total construction contract cost;
- (e) Funding sources and election dates, if applicable; and
- (f) Intent to front-fund the project.

(2) The superintendent of public instruction shall provide to the office of financial management and the legislative evaluation and accountability program committee in electronic database form the following:

- (a) Study and survey information beginning with grants awarded July 1, 2015, or later; and
- (b) All available inventory and condition of schools data.

(3) The office of the superintendent of public instruction shall contract with educational service district 112 construction services group to perform an analysis of school construction costs. The analysis must include a significant sample of new and modernization school construction projects completed over the past ten years, with costs adjusted for construction inflation. The analysis must determine the major sources of variation in total school construction costs among different kinds of projects, districts, and regions. The analysis must estimate the cost difference due to variations in:

- (a) The size of the project including the size per expected enrollment;
- (b) Whether it is a new school or modernization project;
- (c) Whether it is an elementary school, middle school, high school, or skills center;
- (d) The extent of specialized higher cost facilities such as laboratories, shops, performing arts and indoor athletic facilities;
- (e) Delivering specialized programs at skill centers including but not limited to: Dental and medical assisting, mechanical and engineering programs, first responder training, culinary programs, cyber security, and others;
- (f) Site requirements;
- (g) Durability of construction materials, finishes, building system components, and general life expectancy of the building; and
- (h) Other design and construction feature that may contribute to cost variations.

(4) The office of the superintendent of public instruction must prepare a report on the findings from subsection (3) of this section and submit the report to the appropriate committees of the legislature and the office of financial management by September 1, 2016.

2015-17 School Construction Assistance Program (30000169)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$990,000 of the common school construction account—state is provided solely for the Spokane Valley technical skills center to construct five science classrooms.

(2) \$675,000 of the common school construction account—state is provided solely for study and survey grants. In calculating study and survey grants, for the 2015-2017 fiscal biennium, the office of the superintendent of public instruction shall award no more than fifty percent of the dollar amount for the minimum grants and square footage allocations. School districts receiving these grants in the 2015-2017 fiscal biennium must use data collected or validated by the Washington State University extension energy office for the inventory and condition of existing school facilities.

(3) School districts receiving funding through the 2015-17 school construction assistance program must map the design of new facilities and remap the design of facilities to be remodeled.

(4) The office of the superintendent of public instruction must weight and prioritize grant requests on the following criteria and in the following order: (a) Will provide facility capacity needs to reduce kindergarten through third grade class sizes at high poverty schools; (b) will provide facility capacity needs to reduce kindergarten through third grade class sizes in remaining schools.

(5) The office of the superintendent of public instruction must expedite allocation and distribution of any eligible funds under the school construction assistance grant program for the appropriations provided to the superintendent of public instruction in this act for distressed schools, STEM pilot projects, or skill centers. For purposes of determining state funding assistance, eligible area must be calculated as follows: (a) Eligible area for STEM pilot projects is 1,440 square feet per science lab or classroom combination, or both; and 1,040 square feet per science classroom. Total eligible area per STEM pilot project must not exceed 15,840 square feet; (b) eligible area for skill centers is gross square feet of the proposed project as submitted to the office of financial management as requested by the superintendent for consideration in the 2015-2017 capital budget. Eligible area for the Spokane Valley technical skills center must not exceed 5,400 square feet, and; (c) eligible area for replacement of the cafeteria at Marysville-Pilchuck high school is 13,500 square feet.

NEW SECTION. Sec. 5026. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

STEM Pilot Program (91000402)

The appropriation in this section is subject to the following conditions and limitations:

(1) The amounts in this section are provided solely for the superintendent of public instruction to provide STEM pilot project grants to school districts. These grants constitute the districts' local funding for purposes of eligibility for the school construction assistance program under RCW 28A.525.166. Subject to the terms in this section, school districts are eligible to receive grants if they have a special housing burden due to lack of sufficient space for science classrooms and labs to enable students to meet statutory graduation requirements.

(2) The superintendent shall award grants to eligible school districts under the following conditions:

(a) A district must demonstrate a lack of sufficient space of science classrooms and labs to facilitate meeting statutory graduation requirements;

(b) The district has secured private donations of cash, like-kind, or equipment in a value of no less than \$100,000. Before the superintendent may provide funding assistance through the school construction assistance program, the district must provide verification of the donation to the superintendent;

(c) At least one grant award is made to school districts located in southwest Washington;

(d) At least one grant award is made to school districts located in the Puget Sound region; and

(e) At least two grant awards are made to school districts located east of the Cascade mountains.

(3) The STEM pilot project grants program must be administered by the superintendent of public instruction in consultation with the STEM education innovation alliance specified in RCW 28A.188.030 and the statewide STEM organization specified in RCW 28A.188.050. The superintendent of public instruction must develop grant application materials and criteria in consultation with the statewide STEM organization, must review applications for accuracy and financial reasonableness, and must administer awarded grants. With funds specifically appropriated for this purpose, the superintendent of public instruction must contract with the statewide STEM organization specified in RCW 28A.188.050 to evaluate applications against the criteria developed for the program and develop a single prioritized list. The superintendent of public instruction must award grants within the appropriated funding and may only depart from the recommended prioritized list after notifying the office of financial management and the appropriate committees of the legislature with an explanation of the reasons for departing from the list. The criteria must include, but are not limited to, the following:

(a) Priority for school districts that secure private donations of cash, like-kind, or equipment in value no less than \$100,000 weighted by the ratio of school district enrollments to value of donation;

(b) A district's ability to raise funds through levies or bonds in the prior ten-year period;

(c) Priority for applicants with a high percentage of students who are eligible and enrolled in the free and reduced-price meals program;

(d) The extent that existing STEM facilities are inadequate including the lack of adequate STEM facilities to meet graduation requirements in RCW 28A.150.220;

(e) A demonstration that existing STEM faculty are in place and are qualified to deliver an interactive, project-based STEM curriculum in the proposed specialized STEM facilities, or a plan and budget are in place to recruit or train such STEM faculty;

(4) For purposes of grant applications made in the 2015-2017 biennium, additional square footage funded through this grant program is excluded from the school district's inventory of available educational space for determining eligibility for state assistance for new construction for (a) five years following acceptance of the project by the school district board of directors, or (b) the date of the final review of the latest study and survey of the affected school district following acceptance of the project by the school district board of directors; whichever date is earliest.

(5) Each school district is limited to one grant award of no more than \$4,000,000.

(6) The office of the superintendent of public instruction may charge fees consistent with capital budget guidelines established by the office of financial management for administering the grants.

(7) The superintendent of public instruction must report to the appropriate committees of the legislature and the office of financial management on the timing and use of the funds by the end of each fiscal year, until the funds are fully expended.

(8) \$200,000 of the appropriation is provided for the contract with the statewide STEM organization specified in RCW 28A.188.050.

K-3 Class-Size Reduction Grants (92000039)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$10,000,000 of this appropriation is provided solely for Seattle public schools to provide additional state assistance for public school facilities necessary to support all-day kindergarten and class size reduction in kindergarten through third grade.

(2) The remaining appropriation is for the K-3 class size reduction construction pilot grant program specified in section 201, chapter . . . (Engrossed Substitute Senate Bill No. 6080), Laws of 2015, 3rd sp. sess. to provide additional state assistance for public school facilities necessary to support all-day kindergarten and class size reduction in kindergarten through third grade.

(3) Within the remaining appropriation, a maximum of \$750,000 is provided for the office of superintendent of public instruction to administer the K-3 class size reduction construction grant pilot program. The office may not use these funds for indirect costs.

(4) Should Seattle public schools have received additional state funds, in excess of the block grant provided in subsection (1) of this section, through the K-3 class size reduction construction grant pilot program, Seattle public schools may receive the amount provided by the calculated grant in the pilot program in excess of the block grant.

(5) The funding provided in subsection (1) of this section may not constitute local funding available to the Seattle public schools in order to be eligible for state funding assistance through the school construction assistance program pursuant to RCW 28A.525.166.

The appropriation in this section is subject to the following conditions and limitations: The appropriation in this section is provided solely for predesign, which may also serve as bridging documents, design, competition honoraria, project management, and other planning activities including permits. The building may be delivered using design build, as defined by chapter 39.10 RCW with a guarantee for energy, operations, and maintenance performance. The term for performance guarantee must not be less than one year. The state may use state employees for services not related to building performance. Criteria for selecting the design build contractor must include life cycle costs, energy costs, or energy use index. Contractors, and architectural and engineering firms may be eligible for additional points during the scoring process if they have experience with the state agency, or if they are considered a small business. The building must be built using sustainable building standards as defined in section 7008 of this act.

Joint Center for Deployment and Research in Earth Abundant Materials (91000029)

The appropriation in this section is subject to the following conditions and limitations:

(1) Funding is provided solely for capital improvements, infrastructure, and equipment, to support: (a) A transformative program in earth-abundant materials to accelerate the development of next generation clean energy and transportation technologies in Washington; (b) a coordinated framework and resources that can facilitate and promote multi-institution collaborations to drive research, development, and deployment efforts in the use of earth-abundant materials for manufactured clean technologies or recycling of advanced materials used in clean technologies; and (c) environmentally responsible processes in the areas of manufacturing and recycling of advanced materials used in clean technologies.

(2) Administration of the appropriation is under the authority of the Washington State University in collaboration with the University of Washington. Washington State University and the University of Washington, in consultation with the regional universities, the Pacific Northwest national laboratory, and industry experts, shall develop criteria for providing grant funding for specific projects at public four-year institutions of higher education to stay within the appropriation level provided in this section. Funding for administrative offices may be provided for administrative offices west of the crest of the Cascade mountains only.

(3) The office of the state treasurer must manage the issuance of bonds associated with these grants so as to incur the lowest possible cost of funds in recognition of the short useful life of the equipment purchased with the bond proceeds.

NEW SECTION. Sec. 5054. FOR THE WASHINGTON STATE UNIVERSITY

Inventory and Condition of Schools Data Collection (91000033)

The appropriation in this section is subject to the following conditions and limitations:

(1) The legislature intends to complete the data collection, input, and verification of the inventory and condition of public school facilities in order to make informed decisions about K-12 school facility data collection processes and classroom capacity needs to fulfill current educational graduation requirements and class-size ratios. These decisions are best made when based on accurate data collected in a thorough and consistent manner by professionals experienced in making such inventory and condition assessments for public institutions.

(2) The appropriation is provided solely for the Washington State University extension energy office to complete collection, input, and verification of selected data of public school facilities, including skill centers, in the inventory and condition of schools system administered and maintained by the superintendent of public instruction.

(3) The Washington State University extension energy office shall conduct on-site visits to assess inventory and condition of all facilities for school districts that have no current study and survey as defined in RCW 28A.525.050 on file with the superintendent of public instruction as of July 1, 2015, or no pending study and survey to be filed with the superintendent through an outstanding study and survey grant award. The data collected, sufficient to meet the study and survey requirements for school facilities space inventory and condition analysis, through on-site visits must be input into the inventory and condition of schools system.

(4) The Washington State University extension energy office shall input into the inventory and condition of schools system applicable data of inventory and condition of school facilities from all current studies and surveys on file with the superintendent of public instruction as of July 1, 2015. The data must be input into the system in a manner that captures older information and data first. As studies and surveys from outstanding grant awards are filed with the superintendent, the Washington State University extension energy office shall input data into the system once current study and survey data has been input. Activities conducted pursuant to this subsection must occur concurrently with activities in subsection (3) of this section.

(5) The Washington State University extension energy office shall conduct on-site verification of data for school districts whose current studies and surveys on file with the superintendent will expire by June 30, 2017. Data verification must be conducted to evaluate the study and survey process as a tool to collect accurate inventory and condition of schools data upon which policymakers can make informed decisions regarding school facility and capacity needs. Activities conducted pursuant to this subsection must occur concurrently with activities in

subsection (3) of this section and once sufficient data has been input into the system per subsection (4) of this section to conduct on-site visits to verification.

(6)(a) The Washington State University extension energy office, concurrent with activities conducted in subsections (3), (4), and (5) of this section, must collect data to determine the information in (c)(i) through (vii) of this subsection. Additional on-site data collection for this task or collection of data from "as-built" documents or other valid sources must be accomplished to produce a valid sample for determining:

(b) The accuracy of reported number of classrooms in the most recent survey of classrooms and building data by the office of the superintendent of public instruction; and

(c) The variation in the size of schools and the allocation of space to the categories described in (c)(i) through (vii) of this subsection. The sample must be sufficient to determine this information for elementary, middle, high schools, and skills centers in districts of different sizes, growth rates, age, and relative property values.

(i) The square footage and number of classrooms. Classrooms are rooms that are used as classrooms or that could be used as classrooms under building code requirements and must include labs, shops, computer rooms used for instruction, art, and music classrooms. For this purpose, a music classroom is not a room designed to seat an audience;

(ii) The square footage of libraries;

(iii) The square footage of cafeteria and kitchen space;

(iv) The square footage of gymnasiums, locker rooms, and other indoor athletic facilities;

(v) The square footage of auditoriums and other performing arts space not counted as classrooms;

(vi) The square footage of administrative offices, and space used primarily by staff; and

(vii) The square footage of other space such as bathrooms, general circulation, mechanical rooms, and the balance of the total facility square footage not included in (c)(i) through (vi) of this subsection;

(d) The data included in (c)(i) through (vii) of this subsection must indicate whether the space is in a structure with a permanent foundation or not.

(7) As a general condition of appropriations provided to the superintendent of public instruction in this act, the superintendent of public instruction and each state school district shall provide requested facilities information and access to facilities in a timely manner to enable the Washington State University extension energy office to complete the tasks, oversight, and reporting requirements assigned in this section.

(8) The Washington State University extension energy office shall report progress of data collection, input, and verification to the appropriate committees of the legislature no later than December 1, 2015. The Washington State University extension energy office must complete all work in this section and make a final report to the appropriate committees of the legislature no later than December 1, 2016.

FOR THE DEPARTMENT OF COMMERCE

Clean Energy and Energy Freedom Program (91000582)

The appropriations in this section are subject to the following conditions and limitations:

(1) All expenditures from the state taxable building construction account—state appropriation in this section must be used for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions or otherwise increase energy independence for the state. All expenditures must be used for projects that develop and acquire assets that have a useful life of at least thirteen years. These requirements must be specified in funding agreements issued by the department.

(2) For any project funded from the state taxable building construction account—state appropriation in this section, state funds must not exceed fifty percent of the estimated cost of a project, and funding preference must be provided to projects that offer a higher percentage of nonstate match funds.

(3)(a) \$15,000,000 of the state taxable building construction account—state appropriation in this section is provided solely to create a revolving loan fund to support the widespread use of proven building energy efficiency and renewable energy technologies now inhibited by lack of access to capital.

(b) To create the loan fund, the department shall provide grant funds to a competitively selected nonprofit lender that will provide matching private capital and will administer the loan fund. The department must select the loan fund administrator through a competitive process, with scoring conducted by a group of qualified experts, applying criteria specified by the department.

(c) The department must establish guidelines for the lender related to applicant eligibility, the screening process, and evaluation and selection criteria. The criteria must include requiring evidence of support for the proposed project from the impacted community and consistency with economic growth strategies and plans of the affected local governments. Applications for loans from the revolving fund must disclose all sources of public funding to be provided for a project. The nonprofit lender must use the revolving loan fund to make affordable loans for projects including, but not limited to: Residential and commercial energy retrofits, residential and community-scale solar installations, anaerobic digesters to treat dairy and organic waste, and combined heat and power projects using woody biomass as a fuel source.

(d) The department must conduct due diligence activities associated with the use of public funds, including oversight of the project selection process and project monitoring.

(e) Projects seeking financing of solar installations under this section must agree in contract to not participate in the cost-recovery program under RCW 82.16.120.

(4) \$15,000,000 of the state taxable building construction account—state appropriation in this section is provided solely for grants to advance renewable energy technologies by public and private electrical utilities that serve retail customers in the state. The department shall work with utilities to offer matching grants for projects that demonstrate new smart grid technologies. The department shall develop a grant application process to competitively select projects for grant awards, to include scoring conducted by a group of qualified experts with application of criteria specified by the department. Applications for grants must disclose all sources of public funding to be provided for a project. The grant funds must be used to fund projects that demonstrate how to: Integrate intermittent renewables through energy storage and information technology, dispatch energy storage resources from utility control rooms, use the thermal properties and electric load of commercial buildings and district energy systems to store energy, or otherwise improve the reliability and reduce the costs of intermittent or distributed renewable energy.

(5) \$6,000,000 of the state taxable building construction account—state appropriation in this section is provided solely for grants to match federal funds used to develop and demonstrate clean energy technologies. The department shall work with the University of Washington, Washington State University, and the Pacific Northwest National Laboratory to offer matching funds for projects including, but not limited to: Advancing energy storage and solar technologies, and federal manufacturing innovation centers related to use of light-weight carbon fiber components to advance energy efficiency in the aeronautical, automotive, and marine sectors.

(6) The department must report on number and results of projects funded through the clean energy fund, including the number of job hours created and the number of jobs maintained and created, to the governor and the legislature, by November 1, 2014.

(7) The energy recovery act account—federal appropriation in this section is provided solely for loans, loan guarantees, and grants that encourage the establishment of innovative and sustainable industries for renewable energy and energy efficiency technology, consistent with provisions of RCW 43.325.040 (energy freedom account).

Construction Contingency Pool (91000428)

The appropriation in this section is subject to the following conditions and limitations: The appropriation in this section is provided solely for construction projects that confront emergent and unavoidable costs in excess of the construction contingency and management reserves included in the project appropriation. For requests occurring during a legislative session, an agency must notify the legislative fiscal committees before requesting contingency funds from the office of financial management. Eligible agencies that may apply to the pool include higher education institutions, the state parks and recreation commission, the department of corrections, the department of enterprise services, and the department of health. Eligible construction projects are only projects that had project cost reductions. The office of financial management must notify the legislative evaluation and accountability program committee, the house capital budget committee, and senate ways and means committee as projects are approved for funding.

The appropriation in this section is subject to the following conditions and limitations: The appropriation in this section is provided solely for predesign and bridging documents, design, competition honoraria, project management, demolition, and other planning activities including permits. The predesign must specify the tenants of the building as directed by the office of financial management. The predesign must indicate the estimated annual cost increase for state agency tenants compared to the cost of their existing leases. The estimated cost increase may take into account estimated cost savings in staff costs and other costs that may result in more efficient building design and layout of office space. The director of the office of financial management must review these cost estimates and submit a report to the appropriate committees of the legislature indicating the budget increase that would be required sixty days prior to executing any construction contracts for the building. The lease for any prospective tenant may not be extended beyond the anticipated occupancy date of the building. ~~((The building will be alternatively financed as authorized in section 7014 of this act.))~~

Sec. 6022. 2013 2nd sp.s. c 19 s 5020 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

2013-2015 School Construction Assistance Program - Maintenance (30000145)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,340,000 of the common school construction account—state appropriation is provided solely for study and survey grants and for completing inventory and building condition assessments for all public school districts once every six years.

(2) \$933,000 of the common school construction account—state appropriation is provided solely for mapping the design of new facilities and remapping the design of facilities to be remodeled, for school construction projects funded through the school construction assistance program.

(3) The office of the superintendent of public instruction must improve web-based access by taxpayers to school capacity and actual enrollment in order to understand possible opportunities to increase efficiency through consolidation. The office of the superintendent of public instruction must post this capacity and enrollment information on its web site.

(4) Funds from this appropriation may be used to match federal dollars provided by the office of economic adjustment for school replacement facilities located on military bases.

(5) The office of the superintendent of public instruction must expedite allocation and distribution of any eligible funds under the school construction assistance grant program to the Evergreen (Clark County) School District to address the school construction emergency resulting from the fire that destroyed the Crestline School.

(6) The space allocations for state funding assistance purposes for districts with senior or four-year high schools with fewer than four hundred students, as outlined in WAC 392-343-035, must be computed in accordance with the following formula:

Number of Student-Grades 9-12	Headcount	Maximum Space Allocation Per Facility
0-200		42,000 square feet
201-300		48,000 square feet
301-or more		52,000 square feet

(7) \$775,000 of the common school construction account—state appropriation is provided solely as state funding assistance in addition to any previously awarded state funding assistance for the La Conner middle school replacement.

Sec. 6029. RCW 43.160.080 and 2010 1st sp.s. c 36 s 6011 are each amended to read as follows:

There shall be a fund in the state treasury known as the public facilities construction loan revolving account, which shall consist of all moneys collected under this chapter and any moneys appropriated to it by law. Disbursements from the revolving account shall be on authorization of the board. In order to maintain an effective expenditure and revenue control, the public facilities construction loan revolving account shall be subject in all respects to chapter 43.88 RCW. ~~((During the 2009-2011 biennium, sums in the public facilities construction loan revolving account may be used for community economic revitalization board export assistance grants and loans in section 1018, chapter 36, Laws of 2010 1st sp. sess. and for matching funds for the federal energy regional innovation cluster in section 1017, chapter 36, Laws of 2010 1st sp. sess.))~~ During the 2013-2015 biennium, amounts in the public facilities construction loan revolving account may be used for the animal disease traceability project in section 3247, chapter 19, Laws of 2013 2nd sp. sess., administered by the department of agriculture. During the 2013-2015 biennium, sums in the public facilities construction loan revolving account may be used for the clean energy partnership project in section 1038, chapter 19, Laws of 2013 2nd sp. sess.

NEW SECTION. **Sec. 6030.** A new section is added to 2013 2nd sp.s. c 19 (uncodified) to read as follows:

To the extent that any appropriation authorizes expenditures of state funds from the state building construction account, or from any other capital project account in the state treasury, for a capital project or program that is specified to be funded with proceeds from the sale of bonds, the legislature declares that any such expenditures for that project or program made prior to the issue date of the applicable bonds are intended to be reimbursed from proceeds of those bonds in a maximum amount equal to the amount of such appropriation.

NEW SECTION. **Sec. 6031.** 2013 2nd sp.s. c 19 ss 1090 and 7013 (uncodified) are each repealed.

PART 7

MISCELLANEOUS PROVISIONS

NEW SECTION. **Sec. 7001.** RCW 43.88.031 requires the disclosure of the estimated debt service costs associated with new capital bond appropriations. The estimated debt service costs for the appropriations contained in this act are thirty-six million eight hundred thirteen thousand dollars for the 2015-2017 biennium, two hundred thirty-three million two hundred eighty-six thousand dollars for the 2017-2019 biennium, and three hundred twenty-seven million two hundred thirty-four thousand dollars for the 2019-2021 biennium.

NEW SECTION. **Sec. 7002.** ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. (1) The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

State agencies may enter into agreements with the department of enterprise services and the state treasurer's office to develop requests to the legislature for acquisition of properties and facilities through financial contracts. The agreements may include charges for services rendered.

(2) Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional space that is available for regularly scheduled classes for academic transfer, basic skills, and workforce training programs may be eligible for state funded maintenance and operations.

(3) Department of enterprise services: Enter into a financing contract for up to \$69,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a new office building at 1063 Capitol Way South, Olympia.

(4) Department of enterprise services: Enter into a financing contract for up to \$8,077,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to repair the natural resources building parking garage fire suppression system.

(5) Department of ecology: Enter into a financing contract for up to \$180,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for programmatic improvements to the headquarters building and the eastern regional office.

(6) Department of ecology: Enter into a financing contract for up to \$760,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for preservation improvements to the headquarters building.

(7) Central Washington University: Enter into a financing contract for up to \$8,414,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a welcome center.

(8) The Evergreen State College: Enter into a financing contract for up to \$12,500,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase a permanent location for the Tacoma program.

(9) Western Washington University: Enter into a financing contract for up to \$6,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the carver building renovation.

(10) Eastern Washington University: Enter into a financing contract for up to \$10,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the Washington street facility project. The university shall not use their building account or other appropriated account as a fund source for the certificate of participation.

(11) Community and technical colleges:

(a) Enter into a financing contract on behalf of Centralia Community College for up to \$5,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to renovate the student services building.

(b) Enter into a financing contract on behalf of Centralia Community College for up to \$3,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase or construct student housing.

(c) Enter into a financing contract on behalf of Clark College for up to \$8,500,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to renovate the culinary arts facility.

(d) Enter into a financing contract on behalf of Clark College for up to \$35,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to design and construct a student recreation center.

(e) Enter into a financing contract on behalf of Columbia Basin College for up to \$7,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to design and construct a health science center.

(f) Enter into a financing contract on behalf of Green River College for up to \$15,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct an aviation program center.

(g) Enter into a financing contract on behalf of Highline College for up to \$1,500,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to renovate the maintenance and grounds building.

(h) Enter into a financing contract on behalf of Lower Columbia College for up to \$3,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to renovate the main building.

(i) Enter into a financing contract on behalf of Lower Columbia College for up to \$3,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to renovate and expand the Myklebust gymnasium.

(j) Enter into a financing contract on behalf of Tacoma Community College for up to \$12,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to expand a health and wellness center.

(k) Enter into a financing contract on behalf of Walla Walla Community College for up to \$1,500,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a workforce and business development center.

(12) Washington state patrol: Enter into a financing contract for up to \$13,700,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to replace the fire training academy burn building; however, local agencies that use the burn building must have indicated support for required fee increases to pay for the debt service for the financing contract. Indication of support means at least sixty percent of local agencies which have used the facility within the prior ten years support the fee increase.

(13) Department of corrections: Enter into a financing contract for up to \$2,163,000 plus financing expenses and required reserves for the remodel of the correctional industry's food factory.

NEW SECTION. Sec. 7003. (1) The legislature finds that use of life-cycle cost analysis will aid public entities, architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost efficient design is used, agencies shall develop life-cycle costs for any construction project over \$10,000,000. The life-cycle costs must represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life-cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies shall develop a minimum of three project alternatives for use in the life-cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative must be the most reasonable and cost-effective solution. A brief description of each project alternative and why it was chosen must be included in the life-cycle cost analysis section of the predesign.

(3) The office of financial management shall: (a) Make available a life-cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life-cycle cost model; and (c) update the life-cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life-cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

NEW SECTION. Sec. 7004. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of \$10,000,000 may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign. The predesign document must include, but not be limited to, program, site, and cost analysis, including life-cycle cost, in accordance with the predesign manual adopted by the office of financial management. The results of life-cycle cost analysis must be a primary consideration in the selection of a building design. Construction may proceed only upon providing to the office of financial management the life-cycle costs. To improve monitoring of major construction projects, progress reports must be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports must be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. Sec. 7005. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. Sec. 7006. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 7007. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. Sec. 7008. (1) Any building project that receives over \$10,000,000 in funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building attributes, including energy efficiency, durability, life-cycle performance, and occupant productivity. The following design and construction attributes must be integrated into the building project:

(a) **Employ integrated design principles:** Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorporation of these goals throughout the design and life-cycle of the building. Considers all stages of the building's life-cycle, including deconstruction.

(b) **Commissioning:** Employ commissioning practices tailored to the size and complexity of the building and its system components in order to verify performance of building components and systems and help ensure that design requirements are met. This should include an experienced commissioning provider, inclusion of commissioning requirements in construction documents, a commissioning plan, verification of the installation and performance of systems to be commissioned, and a commissioning report.

(c) **Optimize energy performance:** Establish a whole building performance target that takes into account the intended use, occupancy, operations, plug loads, other energy demands, and design to earn the ENERGY STAR targets for new construction and major renovation where applicable. For new construction target low energy use index. For major renovations, reduce the energy use by fifty percent below pre-renovations baseline.

(d) **On-site renewable energy:** Meet at least thirty percent of the hot water demand through the installation of solar hot water heaters, when life-cycle cost effective. Implement renewable energy generation projects on agency property for agency use, when life-cycle cost effective.

(e) **Measurement and verification:** Install building level electricity meters in new major construction and renovation projects to track and continuously optimize performance. Include equivalent meters for natural gas and steam, where natural gas and steam are used. Install dashboards inside buildings to display and incentivize occupants on energy use.

(f) Benchmarking: Compare actual performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For other building and space types, use an equivalent benchmarking tool for laboratory buildings. Web-based data collection and dashboards must also be provided.

NEW SECTION. Sec. 7009. State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. Sec. 7010. Executive Order No. 05-05, archaeological and cultural resources, was issued effective November 10, 2005. Agencies and higher education institutions shall comply with the requirements set forth in this executive order.

NEW SECTION. Sec. 7011. PUGET SOUND PROTECTION AND RESTORATION. Consistent with RCW 90.71.340, when expending appropriations under this act that contribute to Puget Sound protection and recovery, agencies shall consult with the Puget Sound partnership to ensure that projects and expenditures are either in, or consistent with the 2020 action agenda. These consultations shall include the exchange of information on specific actions, projects, associated funding, performance measures, and other information necessary to track project implementation and ensure alignment with the action agenda. In situations where the Puget Sound partnership finds that a project is not in, or is not consistent with the action agenda, Puget Sound partnership shall document this finding and report back to the governor and legislative fiscal committees.

NEW SECTION. Sec. 7012. FOR THE ARTS COMMISSION—ART WORK ALLOWANCE. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding \$200,000 by colleges or universities is provided solely for the purposes of RCW 28B.10.027.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency identified in RCW 43.17.020 is provided solely for the purposes of RCW 43.17.200.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2015-2017 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. Art allocations not expended within the ensuing two biennia will lapse. The commission may use up to \$100,000 of this amount to conserve or maintain existing pieces in the state art collection pursuant to RCW 28A.335.210.

(5) The executive director of the arts commission shall appoint a study group to review the operations of the one-half of one percent for works of art purchased or commissioned as required by RCW 28A.335.210, 28B.10.027, and 43.17.200. The findings of the review must be reported annually to the office of financial management and the fiscal committees of the legislature by August 15th. The review must include, but is not limited to, the following: (a) Projects purchased or commissioned per biennium; (b) partner agencies; (c) funding sources by fiscal year; (d) artwork costs; (e) administrative costs; (f) collection care costs; and (g) project status.

NEW SECTION. Sec. 7013. It is confirmed that the director of the department of enterprise services is authorized under chapter 35A.14 RCW to petition for annexation of the former northern state hospital property to the city of Sedro-Woolley upon the director's determination that such annexation is appropriate and in furtherance of the interests of the state. The director shall consult with the office of financial management prior to making such determination.

Sec. 7014. RCW 27.34.330 and 2006 c 371 s 232 are each amended to read as follows:

The Washington state historical society shall establish a competitive process to solicit proposals for and prioritize heritage capital projects for potential funding in the state capital budget. The society shall adopt rules governing project eligibility and evaluation criteria. Application for funding of specific projects may be made to the society by local governments, public development authorities, nonprofit corporations, tribal governments, and other entities, as determined by the society. The society, with the advice of leaders in the heritage field, including but not limited to representatives from the office of the secretary of state, the eastern Washington state historical society, and the department of archaeology and historic preservation, shall establish and submit a prioritized list of heritage capital projects to the governor and the legislature in the society's biennial capital budget request. The list shall include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. The total amount of recommended state funding for projects on a biennial project list shall not exceed ten million dollars. The prioritized list shall be developed through open and public meetings and the amount of state funding shall not exceed thirty-three ~~and thirty-three one hundredths~~ percent of the total cost of the project. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions. The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects. In contracts for grants authorized under this section, the society shall include provisions requiring that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

NEW SECTION. Sec. 7015. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 7016. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 7017. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

Sec. 7018. RCW 28A.525.166 and 2013 2nd sp.s. c 18 s 514 are each amended to read as follows:

Allocations to school districts of state funds provided by RCW 28A.525.162 through 28A.525.180 shall be made by the superintendent of public instruction and the amount of state funding assistance to a school district in financing a school plant project shall be determined in the following manner:

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: PROVIDED, That the total cost of the project shall be subject to review and approval by the superintendent.

(2) The state funding assistance percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil).

$$\begin{array}{rcccl} & & \text{District adjusted} & & \text{Total state} \\ & & \text{3-valuation} & \div & \text{adjusted valuation} \\ \text{Computed} & & \text{per pupil} & & \text{per pupil} & \text{State} \\ \text{State} & = & \dots\dots\dots & = & \text{- \% Funding} \\ \text{Ratio} & & \text{District adjusted} & & \text{Total state} & \text{Assistance} \\ & & \text{3+valuation} & \div & \text{adjusted valuation} \\ & & \text{per pupil} & & \text{per pupil} \end{array}$$

PROVIDED, That in the event the state funding assistance percentage to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state funding assistance under RCW 28A.525.162 through 28A.525.180, the superintendent may establish for such district a state funding assistance percentage not in excess of twenty percent of the approved cost of the project, if the superintendent finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed state funding assistance percentage developed in subsection (2) of this section, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed state funding assistance percentage for each percent of growth, with a maximum of twenty percent.

(4) In computing the state funding assistance percentage in subsection (2) of this section and adjusting the percentage under subsection (3) of this section, students residing outside the school district who are enrolled in alternative learning experience courses under RCW 28A.232.010 shall be excluded from the count of total pupils. In lieu of the exclusion in this subsection, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience courses. The alternative calculation must show the student headcount use of district classroom facilities on a regular basis for a reasonable duration by out-of-district alternative learning experience students subtracted by the headcount of in-district alternative learning experience students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The approved cost of the project determined in the manner prescribed in this section multiplied by the state funding assistance percentage derived as provided for in this section shall be the amount of state funding assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the superintendent: PROVIDED, FURTHER, That additional state funding assistance may be allowed if it is found by the superintendent, considering policy recommendations from the school facilities citizen advisory panel that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden resulting from projects of statewide significance or imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state funding assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state funding assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d), and (e) of this subsection, creating a like emergency.

(6) For the 2015-2017 biennium, schools determined to have a lack of sufficient space to provide science classrooms or labs, to meet the requirements of law, have a special housing burden condition similar to those defined under subsection (5)(b) of this section, creating a like emergency. For the 2015-2017 biennium, school districts are entitled to additional percentage points for school construction projects that have a special housing burden condition only and have received private donations in the form of cash, in-kind, or equipment of more than one hundred thousand dollars. The additional percentage points are determined by (a) school district student enrollments in the free and reduced-price meals program, (b) school district class as defined by RCW 28A.300.065, and (c) the funding assistance percentage as calculated in subsection (2) of this section. The additional percentage points under (a) of this subsection are twenty percent of the percent of student enrollments eligible and enrolled in the free and reduced-price meals program. The additional percentage points under (b) of this subsection are ten for second class school districts. The additional percentage points under (c) of this subsection are ten for school districts with funding assistance percentages of more than fifty percent.

NEW SECTION. Sec. 7019. STATE TREASURER REPORT ON SHORT-TERM BOND FINANCING. By December 1, 2015, the office of the state treasurer must prepare a report to the Legislature on all various purpose general obligation bond issuances for capital projects from 2005 through 2015. The report must:

- (1) Categorize the bond issuances in terms of final maturities;
- (2) Explain the current practice of repaying debt in equal debt service installments over a twenty-five-year period, regardless of the useful life of the specific projects or properties being financed; and
- (3) Recommend a pilot approach to short-term bond financing that matches final maturities with the useful life of specific projects or properties being financed.

NEW SECTION. Sec. 7020. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by chapter . . ., Laws of 2015 3rd sp. sess. (Engrossed House Bill No. 1166, the general obligation bond bill) for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and regulations shall be deposited into the state building construction account. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary, or that a shift of appropriation authority from the state taxable building construction account to the state building construction account may be made.

NEW SECTION. Sec. 7021. COLUMBIA RIVER BASIN NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the Columbia river basin water supply development account may be transferred to the Columbia river basin taxable bond water supply development account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the Columbia river basin water supply development account and the Columbia river basin taxable bond water supply development account is necessary, or that a shift of appropriation authority from the Columbia river basin taxable bond water supply development account to the Columbia river basin water supply development account may be made.

NEW SECTION. Sec. 7022. The office of financial management, in consultation with the fiscal committees of the legislature, may select capital projects that have completed predesign to undergo a budget evaluation study. The budget evaluation study team approach using value engineering techniques and life cycle cost analysis must be utilized by the office of financial management in conducting the studies. The office of financial management shall select the budget evaluation team members, contract for the study, and report the results to the legislature and agencies in a timely manner following the study. Funds from the project appropriation must be used by the office of financial management through an interagency agreement with the affected agencies to cover the cost of the study.

NEW SECTION. Sec. 7023. JLARC WWRP & STATE LAND ACQUISITION STUDY. (1) The joint legislative audit and review committee must conduct a review of state and local efforts to protect and conserve habitat and expand outdoor recreation since 1990.

(2) The review has two objectives:

(a) To determine what existing or potential objective outcome measures can be used to evaluate the success of major regulatory programs or state expenditures that are intended to protect and conserve habitat and expand outdoor recreation; and

(b) To compare the amount of habitat lands protected through acquisitions and easements with the amount of lands protected through the major regulatory programs within three counties west of the cascades and three counties east of the cascades.

(3) The review must include state expenditures and local and federal expenditures used to match state funding in the following programs:

(a) Salmon recovery funding board expenditures;

(b) Puget Sound acquisition and restoration;

(c) Puget Sound estuary and salmon restoration;

(d) The Washington wildlife and recreation program;

(e) State parks and recreation commission expenditures that expand recreational lands and facilities;

(f) Trust land transfer program and other expenditures by the department of natural resources that protect habitat or expand recreation; and

(g) Other state expenditures that expand recreational lands and facilities.

(3) The review must also include the following regulatory programs:

(a) Growth management regulations regarding critical areas;

(b) Wetland restrictions;

(c) Shoreline management rules;

(d) Forest practices regulation; and

(e) Hydraulic project approval program.

(4) The review must identify other objective benefits provided by each of the included programs, such as public safety, habitat protection, environmental quality, public health, protection of infrastructure, and economic development.

(5) The review must also examine a sample of recreation and habitat land acquisition by state agencies within the past ten years to determine whether the state agencies have a land stewardship program for the land parcels, what that program entails, and the extent of compliance with that program. Land stewardship includes, but is not limited to, restoring or developing the land to meet the objectives of the acquisition, suppressing invasive weeds, securing the property to prevent damage, and maintaining the land to prevent wildfires.

(6) In undertaking the review, the joint legislative audit and review committee may contract with experts in measuring the outcomes of regulatory and funding programs to protect and conserve habitat.

(7) By December 1, 2016, the joint legislative audit and review committee must submit a report to the appropriate committees of the senate and the house of representatives that presents information and findings from the study. The report is to include recommendations for accountability measures for determining the achievement of intended outcomes for protecting, acquiring, and improving habitat and recreation lands and facilities.

NEW SECTION. Sec. 7024. SCHOOL SITING TASK FORCE. (1) The legislature recognizes that school districts are responsible for siting, building, and maintaining school facilities that provide a learning environment supportive of student achievement, and that schools are integral to the communities they serve. The legislature intends to create the legislative task force on school siting, as provided in subsection (2) of this section, to review school facility challenges created by enrollment increases and recent education reforms, including expansion of full-day kindergarten and smaller class sizes.

(2) A legislative task force on school siting is established, with members as provided in this subsection. All member appointments or selections must be made by August 1, 2015.

(a) The president of the senate shall appoint as members, the chairs and ranking members of the committees on government operations and security and the committee on early learning and K-12 education.

(b) The speaker of the house of representatives shall appoint as members, the chairs and ranking members of the committees on local government and education.

(c) The governor shall appoint one member who represents environmental concerns related to school siting, one member who represents active transportation concerns, and one member who represents the building industry.

(d) The task force must also include:

(i) A representative of the association of Washington cities;

(ii) A representative of the Washington state association of counties;

(iii) Two representatives of school districts, who represent school districts that serve students in urban areas and currently are experiencing difficulty finding suitable siting locations, selected by the Washington association of school administrators;

(iv) Two representatives of school districts, who represent school districts that serve students in rural areas and currently are experiencing difficulty finding suitable siting locations, selected by the Washington association of school administrators; and

(v) A representative of the Washington state association of county and regional planning directors.

(3) The task force shall choose its chair from among its legislative membership.

(4) The task force shall review the issue of siting schools inside and outside of urban growth areas. In reviewing this issue, the task force must achieve the planning goals and requirements set forth in chapter 36.70A RCW, the needs of school districts facing capacity issues, and the infrastructure needs of local governments. The task force shall also consider the following:

(a) A comparison of providing transportation to and from schools in urban and rural areas;

(b) The impacts of schools on local and regional plans for growth when they are constructed in urban and rural areas;

(c) The availability and cost of water, sewer, transportation, law enforcement, emergency response facilities and services, and other necessary public facilities and services in urban and rural areas; and

(d) Identify school locations that provide the most financially sustainable facilities and make the most efficient use of total tax dollars for each impacted jurisdiction, including school districts, cities, county unincorporated areas, sewer/water districts, fire districts, and the state;

(5) Staff from the office of the superintendent of public instruction and from affected school districts, counties, and cities must support the task force by providing local information as needed. Support provided by staff from the office of the superintendent of public instruction must be provided within existing resources.

(6) Staff support for the task force must be provided within existing resources by the association of Washington cities, the Washington state association of counties, the Washington association of school administrators, and the Washington state association of county and regional planning directors.

(7) Legislative members of the task force must be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(8) The expenses of the task force must be paid jointly by the senate and the house of representatives. Task force expenditures are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees.

(9) The task force shall provide a summary of the task force's discussions and any recommendations to the appropriate committees of the legislature by December 1, 2015.

(10) This section expires January 1, 2016.

Sec. 7025. RCW 28B.20.725 and 2013 2nd sp.s. c 19 s 7027 are each amended to read as follows:

The board is hereby empowered:

(1) To reserve the right to issue bonds later on a parity with any bonds being issued;

(2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;

(3) To authorize the transfer of money from the University of Washington building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;

(4) To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;

(5) To authorize the transfer to the University of Washington building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such fund. (~~However, during the 2011-2013 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within one year of the date of transfer on all outstanding bonds payable out of the bond retirement fund.~~)

However, during the 2013-2015 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within the 2013-2015 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund. However, during the 2015-2017 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within the 2015-2017 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.

Sec. 7026. RCW 28B.15.310 and 2013 2nd sp.s. c 19 s 7028 are each amended to read as follows:

Within thirty-five days from the date of collection thereof, all building fees shall be paid and credited as follows: To the Washington State University bond retirement fund, one-half or such larger portion as may be necessary to prevent a default in the payments required to be made out of such bond retirement fund; and the remainder thereof to the Washington State University building account.

The sum so credited to the Washington State University building account shall be expended by the board of regents for buildings, equipment, or maintenance on the campus of Washington State University as may be deemed most advisable and for the best interests of the university, and for certificates of participation under chapter 39.94 RCW, except for any sums transferred as authorized by law. (~~During the 2011-2013 biennium, sums credited to the Washington State University building account shall also be used for routine facility maintenance and utility costs.~~) During the 2013-2015 biennium, sums credited to the Washington State University building account shall also be used for routine facility maintenance, utility costs, and facility condition assessments. During the 2015-2017 biennium, sums credited to the

Washington State University building account shall also be used for routine facility maintenance, utility costs, and facility condition assessments. Expenditures so made shall be accounted for in accordance with existing law and shall not be expended until appropriated by the legislature.

The sum so credited to the Washington State University bond retirement fund shall be used to pay and secure the payment of the principal of and interest on building bonds issued by the university, except for any sums which may be transferred out of such fund as authorized by law.

Sec. 7027. RCW 28B.15.210 and 2013 2nd sp.s. c 19 s 7026 are each amended to read as follows:

Within thirty-five days from the date of collection thereof, all building fees at the University of Washington, including building fees to be charged students registering in the schools of medicine and dentistry, shall be paid into the state treasury and credited as follows:

One-half or such larger portion as may be necessary to prevent a default in the payments required to be made out of the bond retirement fund to the "University of Washington bond retirement fund" and the remainder thereof to the "University of Washington building account." The sum so credited to the University of Washington building account shall be used exclusively for the purpose of erecting, altering, maintaining, equipping, or furnishing buildings, and for certificates of participation under chapter 39.94 RCW, except for any sums transferred as authorized in RCW 28B.20.725(3). The sum so credited to the University of Washington bond retirement fund shall be used for the payment of principal of and interest on bonds outstanding as provided by chapter 28B.20 RCW except for any sums transferred as authorized in RCW 28B.20.725(5). During the 2013-2015 biennium, sums credited to the University of Washington building account shall also be used for routine facility maintenance, utility costs, and facility condition assessments. During the 2015-2017 biennium, sums credited to the University of Washington building account shall also be used for routine facility maintenance, utility costs, and facility condition assessments.

Sec. 7028. RCW 28B.30.750 and 2013 2nd sp.s. c 19 s 7029 are each amended to read as follows:

The board is hereby empowered:

- (1) To reserve the right to issue bonds later on a parity with any bonds being issued;
- (2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;
- (3) To authorize the transfer of money from the Washington State University building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;
- (4) To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;

(5) To authorize the transfer to the Washington State University building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such fund. ~~((However, during the 2011-2013 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within one year of the date of transfer on all outstanding bonds payable out of the bond retirement fund.))~~ However, during the 2013-2015 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within the 2013-2015 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund. However, during the 2015-2017 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within the 2015-2017 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.

Sec. 7029. RCW 28B.35.370 and 2013 2nd sp.s. c 19 s 7030 are each amended to read as follows:

Within thirty-five days from the date of collection thereof all building fees of each regional university and The Evergreen State College shall be paid into the state treasury and these together with such normal school fund revenues as provided in RCW 28B.35.751 as are received by the state treasury shall be credited as follows:

(1) On or before June 30th of each year the board of trustees of each regional university and The Evergreen State College, if issuing bonds payable out of its building fees and above described normal school fund revenues, shall certify to the state treasurer the amounts required in the ensuing twelve months to pay and secure the payment of the principal of and interest on such bonds. The amounts so certified by each regional university and The Evergreen State College shall be a prior lien and charge against all building fees and above described normal school fund revenues of such institution. The state treasurer shall thereupon deposit the amounts so certified in the Eastern Washington University capital projects account, the Central Washington University capital projects account, the Western Washington University capital projects account, or The Evergreen State College capital projects account respectively, which accounts are hereby created in the state treasury. The amounts deposited in the respective capital projects accounts shall be used to pay and secure the payment of the principal of and interest on the building bonds issued by such regional universities and The Evergreen State College as authorized by law. If in any twelve month period it shall appear that the amount certified by any such board of trustees is insufficient to pay and secure the payment of the principal of and interest on the outstanding building and above described normal school fund revenue bonds of its institution, the state treasurer shall notify the board of trustees and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal of and interest on all such bonds then outstanding shall be fully met at all times.

(2) All normal school fund revenue pursuant to RCW 28B.35.751 shall be deposited in the Eastern Washington University capital projects account, the Central Washington University capital projects account, the Western Washington University capital projects account, or The Evergreen State College capital projects account respectively, which accounts are hereby created in the state treasury. The sums deposited in the respective capital projects accounts shall be appropriated and expended to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and normal school revenue and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto except for any sums transferred therefrom as authorized by law. ~~((During the 2011-2013 biennium, sums in the respective capital accounts shall also be used for routine facility maintenance and utility costs.))~~ However, during the 2013-2015 biennium, sums in the respective capital accounts shall also be used for routine facility maintenance, utility costs, and facility condition assessments. However, during the 2015-2017 biennium, sums in the respective capital accounts shall also be used for routine facility maintenance, utility costs, and facility condition assessments.

(3) Funds available in the respective capital projects accounts may also be used for certificates of participation under chapter 39.94 RCW.

Sec. 7030. RCW 28B.50.360 and 2013 2nd sp.s. c 19 s 7031 are each amended to read as follows:

Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, engineering and architectural services provided by the department of enterprise services, and for the payment of principal of and interest on any bonds issued for such purposes. ~~((During the 2011-2013 biennium, sums in the capital projects account shall also be used for routine facility maintenance and utility costs.))~~ However, during the 2013-2015 biennium, sums in the capital projects account shall also be used for routine facility maintenance and utility costs. However, during the 2015-2017 biennium, sums in the capital projects account shall also be used for routine facility maintenance and utility costs.

(3) Funds available in the community and technical college capital projects account may also be used for certificates of participation under chapter 39.94 RCW.

Sec. 7031. RCW 43.19.501 and 2011 1st sp.s. c 50 s 943 are each amended to read as follows:

The Thurston county capital facilities account is created in the state treasury. The account is subject to the appropriation and allotment procedures under chapter 43.88 RCW. Moneys in the account may be expended for capital projects in facilities owned and managed by the department in Thurston county. For the 2007-2009 biennium, moneys in the account may be used for predesign identified in section 1037, chapter 328, Laws of 2008. For the 2015-2017 biennium, moneys in the account may be used for studies related to real estate.

During the 2009-2011 and 2011-2013 fiscal biennia, the legislature may transfer from the Thurston county capital facilities account to the state general fund such amounts as reflect the excess fund balance of the account.

Sec. 7032. RCW 43.155.050 and 2013 2nd sp.s. c 4 s 983 are each amended to read as follows:

The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans. During the ~~((2011-2013 and 2013-2015))~~ 2015-2017 fiscal biennium, the legislature may transfer from the public works assistance account to the general fund, the water pollution control revolving account, and the drinking water assistance account such amounts as reflect the excess fund balance of the account. ~~((During the 2011-2013 fiscal biennium, the legislature may appropriate moneys from the account for economic development, innovation, and export grants, including brownfields; main street improvement grants; and the loan program consolidation board.))~~ During the 2013-2015 fiscal biennium, the legislature may transfer from the public works assistance account to the education legacy trust account such amounts as specified by the legislature.

Sec. 7033. RCW 43.155.070 and 2013 2nd sp.s. c 19 s 7032 are each amended to read as follows:

(1) To qualify for financial assistance under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) The board must develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board must attempt to assure a geographical balance in assigning priorities to projects. The board must consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Except as otherwise conditioned by RCW 43.155.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;

(c) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;

(d) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(e) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance;

(f) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007;

(g) The cost of the project compared to the size of the local government and amount of loan money available;

(h) The number of communities served by or funding the project;

(i) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(j) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;

(k) Except as otherwise conditioned by RCW 43.155.120, and effective one calendar year following the development of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;

(l) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(m) Other criteria that the board considers advisable.

(5) For the ~~((2013-2015))~~ 2015-2017 fiscal biennium, in place of the criteria, ranking, and submission processes for construction loan lists provided in subsections (4) and (7) of this section:

(a) The board must develop a process for numerically ranking applications for construction loans submitted by local governments. The board must consider, at a minimum and in any order, the following factors in assigning a numerical ranking to a project:

(i) Whether the project is critical in nature and would affect the health and safety of many people;

(ii) The extent to which the project leverages nonstate funds;

(iii) The extent to which the project is ready to proceed to construction;

(iv) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(v) Whether the project promotes the sustainable use of resources and environmental quality;

(vi) Whether the project consolidates or regionalizes systems;

(vii) Whether the project encourages economic development through mixed-use and mixed income development consistent with chapter 36.70A RCW;

(viii) Whether the system is being well-managed in the present and for long-term sustainability;

(ix) Achieving equitable distribution of funds by geography and population;

(x) The extent to which the project meets the following state policy objectives:

(A) Efficient use of state resources;

(B) Preservation and enhancement of health and safety;

(C) Abatement of pollution and protection of the environment;

(D) Creation of new, family wage jobs, and avoidance of shifting existing jobs from one Washington state community to another;

(E) Fostering economic development consistent with chapter 36.70A RCW;

(F) Efficiency in delivery of goods and services, public transit, and transportation;

(G) Avoidance of additional costs to state and local governments that adversely impact local residents and small businesses; and

(H) Reduction of the overall cost of public infrastructure; and

(xi) Other criteria that the board considers necessary to achieve the purposes of this chapter.

(b) Before November 1, ~~((2014))~~ 2016, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a ranked list of qualified public works projects which have been evaluated by the board and are recommended for funding by the legislature. The maximum amount of funding that the board may recommend for any jurisdiction is ten million dollars per biennium. For each project on the ranked list, as well as for eligible projects not recommended for funding, the board must document the numerical ranking that was assigned.

(6) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(7) Before November 1st of each even-numbered year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection (10) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list must include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list must also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(8) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature may not change the order of the priorities recommended for funding by the board.

(9) Subsection (8) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection (10) of this section.

(10) Loans made for the purpose of capital facilities plans are exempted from subsection (8) of this section.

(11) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

(12) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(13) During the ~~((2013-2015))~~ 2015-2017 fiscal biennium, for projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan.

~~(14)(a) ((For public works assistance account application rounds conducted during the 2013-2015 fiscal biennium, the board must implement policies and procedures designed to maximize local government use of federally funded drinking water and clean water state revolving funds operated by the state departments of health and ecology. The board, department of ecology, and department of health must jointly develop evaluation criteria and application procedures that will increase access of eligible drinking water and wastewater projects to the public works assistance account for short term preconstruction financing and to the federally funded state revolving funds for construction financing. The procedures must also strengthen coordinated funding of preconstruction and construction projects-))~~ For public works assistance account application rounds conducted during the 2015-2017 fiscal biennium, the board must implement policies and procedures designed to maximize local government use of federal funds to finance local infrastructure including, but not limited to, drinking water and clean water state revolving funds operated by the state departments of health and ecology. Projects that are eligible for the drinking water and clean water state revolving funds may receive public works board preconstruction loans. Projects that are eligible for the drinking water and clean water state revolving funds are not eligible for public works board construction loans. For purposes of this subsection "eligible for drinking water and clean water state revolving funds" means:

(i) Projects that have applied to the state revolving funds and are awaiting a funding decision;

(ii) Projects that have been rejected for funding solely due to not meeting readiness requirements; and

(iii) Projects that have not applied, but would likely be eligible if the project applied and met the project readiness requirements.

(b) For all construction loan projects proposed to the legislature for funding during the ~~((2013-2015))~~ 2015-2017 fiscal biennium, the board must base interest rates on the average daily market interest rate for tax-exempt municipal bonds as published in the bond buyer's index for the period from sixty to thirty days before the start of the application cycle. For projects with a repayment period between five and twenty years, the rate must be sixty percent of the market rate. For projects with a repayment period under five years, the rate must be thirty percent of the market rate. The board must also provide reduced interest rates, extended repayment periods, or forgivable principal loans for projects that meet financial hardship criteria as measured by the affordability index or similar standard measure of financial hardship.

~~((c) By December 1, 2013, the board must recommend to the appropriate committees of the legislature statutory language to make permanent these new criteria, procedures, and financing policies.))~~

Sec. 7034. RCW 43.160.080 and 2010 1st sp.s. c 36 s 6011 are each amended to read as follows:

There shall be a fund in the state treasury known as the public facilities construction loan revolving account, which shall consist of all moneys collected under this chapter and any moneys appropriated to it by law. Disbursements from the revolving account shall be on authorization of the board. In order to maintain an effective expenditure and revenue control, the public facilities construction loan revolving account shall be subject in all respects to chapter 43.88 RCW. ~~((During the 2009-2011 biennium, sums in the public facilities construction loan revolving account may be used for community economic revitalization board export assistance grants and loans in section 1018, chapter 36, Laws of 2010 1st sp. sess. and for matching funds for the federal energy regional innovation cluster in section 1017, chapter 36, Laws of 2010 1st sp. sess.))~~ During the 2015-2017 biennium, sums in the public facilities construction loan revolving account may be used to continue and enhance the animal disease traceability project in section 3247, chapter 19, Laws of 2013 2nd sp. sess., administered by the department of agriculture. During the 2015-2017 biennium, sums in the public facilities construction loan revolving account may be used for the clean energy partnership project in section 1038, chapter 19, Laws of 2013 2nd sp. sess.

Sec. 7035. RCW 70.105D.070 and 2013 2nd sp.s. c 19 s 7033 and 2013 2nd sp.s. c 4 s 992 are each reenacted and amended to read as follows:

(1) The state toxics control account and the local toxics control account are hereby created in the state treasury.

(2)(a) Moneys collected under RCW 82.21.030 must be deposited as follows: Fifty-six percent to the state toxics control account under subsection (3) of this section and forty-four percent to the local toxics control account under subsection (4) of this section. When the cumulative amount of deposits made to the state and local toxics control accounts under this section reaches the limit during a fiscal year as established in (b) of this subsection, the remainder of the moneys collected under RCW 82.21.030 during that fiscal year must be deposited into the environmental legacy stewardship account created in RCW 70.105D.170.

(b) The limit on distributions of moneys collected under RCW 82.21.030 to the state and local toxics control accounts for the fiscal year beginning July 1, 2013, is one hundred forty million dollars.

(c) In addition to the funds required under (a) of this subsection, the following moneys must be deposited into the state toxics control account: (i) The costs of remedial actions recovered under this chapter or chapter 70.105A RCW; (ii) penalties collected or recovered under this chapter; and (iii) any other money appropriated or transferred to the account by the legislature.

(3) Moneys in the state toxics control account must be used only to carry out the purposes of this chapter, including but not limited to the following activities:

(a) The state's responsibility for hazardous waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.105 RCW;

- (b) The state's responsibility for solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.95 RCW;
- (c) The hazardous waste clean-up program required under this chapter;
- (d) State matching funds required under federal cleanup law;
- (e) Financial assistance for local programs in accordance with chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;
- (f) State government programs for the safe reduction, recycling, or disposal of paint and hazardous wastes from households, small businesses, and agriculture;
- (g) Oil and hazardous materials spill prevention, preparedness, training, and response activities;
- (h) Water and environmental health protection and monitoring programs;
- (i) Programs authorized under chapter 70.146 RCW;
- (j) A public participation program;
- (k) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with clean-up standards under RCW 70.105D.030(2)(e) but only when the amount and terms of such funding are established under a settlement agreement under RCW 70.105D.040(4) and when the director has found that the funding will achieve both: (i) A substantially more expeditious or enhanced cleanup than would otherwise occur; and (ii) the prevention or mitigation of unfair economic hardship;
- (l) Development and demonstration of alternative management technologies designed to carry out the hazardous waste management priorities of RCW 70.105.150;
- (m) State agriculture and health programs for the safe use, reduction, recycling, or disposal of pesticides;
- (n) Storm water pollution control projects and activities that protect or preserve existing remedial actions or prevent hazardous clean-up sites;
- (o) Funding requirements to maintain receipt of federal funds under the federal solid waste disposal act (42 U.S.C. Sec. 6901 et seq.);
- (p) Air quality programs and actions for reducing public exposure to toxic air pollution;
- (q) Public funding to assist prospective purchasers to pay for the costs of remedial action in compliance with clean-up standards under RCW 70.105D.030(2)(e) if:
- (i) The facility is located within a redevelopment opportunity zone designated under RCW 70.105D.150;
- (ii) The amount and terms of the funding are established under a settlement agreement under RCW 70.105D.040(5); and
- (iii) The director has found the funding meets any additional criteria established in rule by the department, will achieve a substantially more expeditious or enhanced cleanup than would otherwise occur, and will provide a public benefit in addition to cleanup commensurate with the scope of the public funding;
- (r) Petroleum-based plastic or expanded polystyrene foam debris cleanup activities in fresh or marine waters;
- (s) Appropriations to the local toxics control account or the environmental legacy stewardship account created in RCW 70.105D.170, if the legislature determines that priorities for spending exceed available funds in those accounts;
- (t) During the 2013-2015 and 2015-2017 fiscal (~~(biennium)~~) biennia, the department of ecology's water quality, shorelands, environmental assessment, administration, and air quality programs;
- (u) During the 2013-2015 fiscal biennium, actions at the state conservation commission to improve water quality for shellfish; (~~and~~)
- (v) During the 2013-2015 fiscal biennium, actions at the University of Washington for reducing ocean acidification;
- (w) During the 2015-2017 fiscal biennium, for the University of Washington Tacoma soil remediation project;
- (x) For the 2013-2015 fiscal biennium, moneys in the state toxics control account may be spent on projects in section (~~(3159)~~) 3160, chapter 19, Laws of 2013 2nd sp. sess. and for transfer to the local toxics control account; and
- (~~(y)~~) (y) For the 2013-2015 fiscal biennium, moneys in the state toxics control account may be transferred to the radioactive mixed waste account.
- (4)(a) The department shall use moneys deposited in the local toxics control account for grants or loans to local governments for the following purposes in descending order of priority:
- (i) Extended grant agreements entered into under (~~(c)~~) ~~sanjuan\ATLAS\MACROS\DATA\2015 JOURNAL\Journal2015\LegDay003\(\e).doc~~) (e)(i) of this subsection;
- (ii) Remedial actions, including planning for adaptive reuse of properties as provided for under (~~(c)~~) ~~sanjuan\ATLAS\MACROS\DATA\2015 JOURNAL\Journal2015\LegDay003\(\e).doc~~) (e)(iv) of this subsection. The department must prioritize funding of remedial actions at:
- (A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;
- (B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;
- (iii) Storm water pollution source projects that: (A) Work in conjunction with a remedial action; (B) protect completed remedial actions against recontamination; or (C) prevent hazardous clean-up sites;
- (iv) Hazardous waste plans and programs under chapter 70.105 RCW;
- (v) Solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;
- (vi) Petroleum-based plastic or expanded polystyrene foam debris cleanup activities in fresh or marine waters; and
- (vii) Appropriations to the state toxics control account or the environmental legacy stewardship account created in RCW 70.105D.170, if the legislature determines that priorities for spending exceed available funds in those accounts.
- (b) Funds for plans and programs must be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW.
- (c) During the 2013-2015 fiscal biennium, the local toxics control account may also be used for local government storm water planning and implementation activities.
- (d) During the 2013-2015 fiscal biennium, the legislature may transfer from the local toxics control account to the state general fund, such amounts as reflect the excess fund balance in the account.

(e) To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(v) Provide grants to local governments for remedial actions related to area-wide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under ~~((e)-(f))~~ (e)(iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

~~((d)-(f))~~ (f) To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance. For the 2013-2015 fiscal biennium, moneys in the local toxics control account may be spent on projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of 2013 2nd sp. sess.

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics control account may be used for: Natural disasters where there is no hazardous substance contamination; high performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the hazardous substance tax imposed in chapter 82.21 RCW.

(7) Except during the 2011-2013 fiscal biennium, one percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited procedures in RCW 34.05.353. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. ~~((effects [affects]))~~ affects the ability of a potentially liable person to receive public funding.

(10) During the ~~((2013-2015))~~ 2015-2017 fiscal biennium the local toxics control account may also be used for the centennial clean water program ~~((and for storm water grants))~~ and for the storm water financial assistance program administered by the department of ecology.

NEW SECTION. Sec. 7036. (1) Funds appropriated in this act for minor works may not be allotted until final project lists are submitted to the office of financial management. Revisions to the project lists are allowed for projects not anticipated at the time of budget development but must be submitted to the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee for review and comment and must include an explanation of variances from the prior lists before funds may be expended on the revisions. Any project list revisions must be approved by the office of financial management before funds may be expended from the minor works appropriation.

(2)(a) Minor works project lists are single line appropriations that include multiple projects of a similar nature and that are valued between \$25,000 and \$1,000,000 each, with the exception of higher education minor works projects that may be valued up to \$2,000,000.

All projects must meet the criteria included in this subsection (2)(a) with the exception of minor works appropriations for the department of fish and wildlife for the 2015-2017 biennium. These projects should be completed within two years of the appropriation with the funding provided. Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed \$1,000,000, or \$2,000,000 for higher education minor works projects. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the minor works categories.

(b) Minor works appropriations may not be used for the following: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; rolling stock; computers; or to supplement funding for projects with funding shortfalls unless expressly authorized. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(c) Minor works preservation projects may include program improvements of no more than twenty-five percent of the individual minor works preservation project cost.

NEW SECTION. Sec. 7037. FOR THE STATE TREASURER—TRANSFERS

Public works assistance account—state: For transfer to the water pollution control revolving account, \$6,000,000 for fiscal year 2016 and \$6,000,000 for fiscal year 2017..... \$12,000,000

Public works assistance account—state: For transfer to the drinking water assistance account, \$4,000,000 for fiscal year 2016 and \$4,000,000 for fiscal year 2017 \$8,000,000

NEW SECTION. Sec. 7038. STATE TREASURER TRANSFER AUTHORITY

State toxics control account: For transfer to the environmental legacy trust account..... \$24,000,000

Local toxics control account: For transfer to the environmental legacy trust account..... \$30,000,000

(1) As directed by the department of ecology in consultation with the office of financial management, the state treasurer shall transfer amounts among the state toxics control account, the local toxics control account, and the environmental legacy stewardship account as needed during the 2015-2017 fiscal biennium to maintain positive account balances in all three accounts.

(2) As directed by the department of ecology in consultation with the office of financial management, the state treasurer shall transfer amounts from the cleanup settlement account established in RCW 70.105D.130 to the state toxics control account, the local toxics control account or the environmental legacy stewardship account to maintain positive account balances up to an amount not to exceed \$13,000,000 that must be considered an inter fund loan that must be repaid with interest to the cleanup settlement account in three equal repayments in fiscal years 2018, 2019, and 2020.

(3) If, after using the inter-fund transfer authority granted in this section, the department of ecology determines that further reductions are needed to maintain positive account balances in the state toxics control account, the local toxics control account, and the environmental legacy stewardship account, the department is authorized to delay the start of clean-up projects based on acuity of need, readiness to proceed, cost-efficiency, or need to ensure geographic distribution. If the department uses this authority, the department must submit a prioritized list of projects that may be delayed to the office of financial management and the appropriate fiscal committees of the legislature.

NEW SECTION. Sec. 7039. To the extent that any appropriation authorizes expenditures of state funds from the state building construction account, or from any other capital project account in the state treasury, for a capital project or program that is specified to be funded with proceeds from the sale of bonds, the legislature declares that any such expenditures for that project or program made prior to the issue date of the applicable bonds are intended to be reimbursed from proceeds of those bonds in a maximum amount equal to the amount of such appropriation.

NEW SECTION. Sec. 7040. Fiscal or related staff from the office of financial management shall form a four-year prioritized capital project list technical work group with staff from the office of program research, senate committee services, four-year institutions of higher education receiving appropriations in this act, and the council of presidents. The work group shall examine and determine key elements, data sources, process improvement, data needs by project category types, scoring and weighting alternatives, and how to better align to the process for budget decisions. The work group shall report options and alternatives to the appropriate legislative committees by December 15, 2015.

Sec. 7041. RCW 43.131.413 and 2010 c 245 s 12 are each amended to read as follows:

The alternative process for awarding contracts established in RCW 28B.20.744 terminates June 30, (~~2015~~) 2017, as provided in RCW 43.131.414.

Sec. 7042. RCW 43.131.414 and 2010 c 245 s 13 are each amended to read as follows:

RCW 28B.20.744, as now existing or hereafter amended, is repealed, effective June 30, (~~2016~~) 2018.

Sec. 7043. RCW 28B.20.744 and 2010 c 245 s 11 are each amended to read as follows:

(1) This section provides an alternative process for awarding contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of university buildings and facilities in which critical patient care or highly specialized medical research is located. These provisions may be used, in lieu of other procedures to award contracts for such work, when the estimated cost of the work is equal to or less than five million dollars and the project involves construction, renovation, remodeling, or alteration of improvements within a building that is used directly for critical patient care or highly specialized medical research.

(2) The university may create a single critical patient care or specialized medical research facilities roster or may create multiple critical patient care or specialized medical research facilities rosters for different trade specialties or categories of anticipated work. At least once a year, the university shall publish in a newspaper of general circulation a notice of the existence of the roster or rosters and solicit a statement of qualifications from contractors who wish to be on the roster or rosters of prime contractors. In addition, qualified contractors shall be

added to the roster or rosters at any time they submit a written request, necessary records, and meet the qualifications established by the university. The university may require eligible contractors desiring to be placed on a roster to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the university as a condition of being placed on a roster or rosters. Placement on a roster shall be on the basis of qualifications.

(3) The public solicitation of qualifications shall include but not be limited to:

- (a) A description of the types of projects to be completed and where possible may include programmatic, performance, and technical requirements and specifications;
- (b) The reasons for using the critical patient care and specialized medical research roster process;
- (c) A description of the qualifications to be required of a contractor, including submission of an accident prevention program;
- (d) A description of the process the university will use to evaluate qualifications, including evaluation factors and the relative weight of factors;
- (e) The form of the contract to be awarded;
- (f) A description of the administrative process by which the required qualifications, evaluation process, and project types may be appealed; and
- (g) A description of the administrative process by which decisions of the university may be appealed.

(4) The university shall establish a committee to evaluate the contractors submitting qualifications. Evaluation criteria for selection of the contractor or contractors to be included on a roster shall include, but not be limited to:

- (a) Ability of a contractor's professional personnel;
- (b) A contractor's past performance on similar projects, including but not limited to medical facilities, and involving either negotiated work or other public works contracts;
- (c) The contractor's ability to meet time and budget requirements;
- (d) The contractor's ability to provide preconstruction services, as appropriate;
- (e) The contractor's capacity to successfully complete the project;
- (f) The contractor's approach to executing projects;
- (g) The contractor's approach to safety and the contractor's safety history; and
- (h) The contractor's record of performance, integrity, judgment, and skills.

(5) Contractors meeting the evaluation committee's criteria for selection must be placed on the applicable roster or rosters.

(6) When a project is selected for delivery through this roster process, the university must establish a procedure for securing written quotations from all contractors on a roster to assure that a competitive price is established. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. Plans and specifications must be included in the invitation but may not be detailed. Award of a project must be made to the responsible bidder submitting the lowest responsive bid.

(7) The university shall make an effort to solicit proposals from certified minority or certified woman-owned contractors to the extent permitted by the Washington state civil rights act, RCW 49.60.400.

(8) Beginning in September 2010 and every other (~~year~~) September thereafter, the university shall provide a report to the capital projects advisory review board which must, at a minimum, include a list of rosters used, contracts awarded, and a description of outreach to and participation by women and minority-owned businesses.

(9) Beginning in September 2015 and every September thereafter, the university shall report to the office of minority and women's business enterprises and to the appropriate legislative fiscal committees the number of qualified women and minority-owned business contractors on the roster or rosters and the number of contracts awarded to women and minority-owned businesses.

NEW SECTION. Sec. 7044. (1) The office of financial management shall develop a master plan for museums and research facilities to address the statewide need for providing storage, research, and display space for collections of art and artifacts, archaeological research materials, DNA tissue samples, tribal artifacts, and other related items of an historical nature.

(2) The office of financial management shall identify the following: (a) Types of space needed to store, research, and display items and collections depending on types of items; (b) an inventory of existing spaces that the state may utilize to fill storage, research, and display needs; (c) recommendations regarding the highest and best use of the capital museum in Olympia; (d) collections and other state assets that may be divested or transferred to more appropriate entities for storage, research, and display; (e) database systems used or needed to inventory collections of items of an historical nature and the ability to display those collections on the internet; and (f) other items related to the storage, research, and display of collections of an historical nature.

(3) The office of the financial management or its contractor must consult with the following agencies in developing the statewide master plan for museums and research centers: (a) The Washington state historical society; (b) state parks and recreation; (c) the burke museum; (d) the eastern Washington state historical society; and (e) other entities as necessary.

(4) The office of financial management must present the statewide museum master plan to the appropriate committees of the legislature by December 31, 2015.

NEW SECTION. Sec. 7045. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 115, beginning on line 5, strike "general fund" and insert "Puget Sound taxpayer accountability account"

On page 115, after line 22, insert the following:

"NEW SECTION. Sec. 423. A new section is added to chapter 43.79 RCW to read as follows:

(1) The Puget Sound taxpayer accountability account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may only be used for distribution to counties where a portion of the county is within the boundaries of a regional transit authority that includes a county with a population of one million five hundred thousand or more. Counties may use distributions from the account only for educational services to

improve educational outcomes in early learning, K-12, and higher education including, but not limited to, for youths that are low-income, homeless, or in foster care, or other vulnerable populations. Counties receiving distributions under this section must track all expenditures and uses of the funds. To the greatest extent practicable, the expenditures of the counties must follow the requirements of any transportation subarea equity element used by the regional transit authority.

(2) Beginning September 1, 2017, and by the last day of September, December, March, and June of each year thereafter, the state treasurer shall distribute moneys deposited in the Puget Sound taxpayer accountability account to counties for which a portion of the county is within the boundaries of a regional transit authority that includes a county with a population of one million five hundred thousand. The treasurer must make the distribution to the counties on the relative basis of that transit authority's population that lives within the respective counties."

GOVERNOR'S VETO MESSAGES

Sixty Fourth Legislature

2015 Legislative Session

VETO MESSAGE ON HB 2181

April 22, 2015

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, House Bill No. 2181 entitled:

"AN ACT Relating to the maximum speed limit on highways."

This bill presumes that there are portions of Interstate 90 -and other portions of the state highway system -where the speed limit could be increased to 75 mph without compromising safety.

According to the Washington Traffic Safety Commission, speeding or driving too fast for conditions accounts for more than one-third of all deadly crashes in Washington. It's a fact that as vehicle speed increases, the amount of energy generated increases exponentially, and the risk of death and injury increases substantially as collision speed increases. Our state's Target Zero Plan aims to reduce traffic death and serious injuries to zero by 2030. Although the number of speeding-involved crashes is declining due to the Target Zero program, there are still far too many people dying on our roadways. An increase in allowable speeds *before* a thorough safety assessment is performed is simply premature.

Therefore, I am vetoing Section 1 of House Bill 2181.

However, I am directing the Department of Transportation to consult with the Traffic Safety Commission and the State Patrol to assess whether the speed limit could be increased without any compromise in safety.

Moreover, I strongly encourage the Legislature to reconsider the Traffic Safety Commission's distracted driving bill in the upcoming session as a way to further reduce traffic fatalities. It's vital that we make progress improving safety this year.

For these reasons I have vetoed Section 1 of House Bill No. 2181.

With the exception of Section 1, House Bill No. 2181 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON HB 2055

May 6, 2015

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, House Bill No. 2055 entitled:

"AN ACT Relating to statements on ballot measures in voters' pamphlets."

The intent of this bill is to provide voters with more information about the potential fiscal impact of a ballot initiative. The bill moves forward the deadline for the Attorney General to prepare the explanatory statement and the Office of Financial Management to prepare the fiscal impact statement so that the information is available to the pro and con committees when drafting their statements for the voter's pamphlet.

In addition to moving forward the deadline for the Office of Financial Management to prepare the fiscal impact statement, Section 3 also creates a new cause of action for any person dissatisfied with the fiscal impact statement to challenge the statement in superior court. This new cause of action would frustrate the intent of this bill and cause unnecessary delay. It would also place the court in the untenable position of having to make advisory rulings on the initiative at issue in the fiscal impact statement. The Office of Financial Management identifies the assumptions made in preparation of the fiscal impact statement. Under this new cause of action, the court would have to make a legal ruling on these assumptions, which would constitute an advisory opinion on the initiative. There are current legal options available to those who wish to challenge a fiscal impact statement without creating a new cause of action. For these reasons, I am vetoing section 3 of House Bill 2055.

While I am vetoing Section 3, I am instructing the Office of Financial Management to work cooperatively with the Secretary of State to ensure any fiscal impact statement is completed in time to share with the pro and con committees before they complete their statements for the voters' pamphlet. This will ensure the intent of the legislation is fulfilled.

For these reasons I have vetoed Section 3 of House Bill No. 2055.

With the exception of Section 3, House Bill No. 2055 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON HB 1940

May 6, 2015

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 7, House Bill No. 1940 entitled:

"AN ACT Relating to exempting levies imposed by qualifying flood control zone districts from certain limitations upon regular property tax levies."

Section 7 of House Bill No. 1940 expires the protection of flood control zone district levies from prorationing on January 1, 2023. This expiration date is problematic and restricts the flexibility of flood control zone districts to elect and appropriately finance flood control projects. With the expiration date, any bonds will very likely be more expensive for flood control zone districts. There is also greater risk of insufficient revenues for flood control projects regardless of financing method in the event the levy is prorationed. To allow for maximum flexibility in financing flood control projects to protect the citizens of Washington State from flooding, I am vetoing section 7 of this bill.

For these reasons I have vetoed Section 7 of House Bill No. 1940.

With the exception of Section 7, House Bill No. 1940 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON ESHB 1980

May 11, 2015

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Substitute House Bill No. 1980 entitled:

"AN ACT Relating to implementing recommendations of the sunshine committee."

Guardian Ad Litem undergo a rigorous evaluation of their backgrounds and qualifications, which include background checks that are required by law. There is no need for this information to be distributed to parties. I believe that enactment of this law would have a chilling effect on

GAL programs and their ability to recruit volunteers if this information were shared with parties in dependency actions.

For these reasons I have vetoed Section 1 of Engrossed Substitute House Bill No. 1980.

With the exception of Section 1, Engrossed Substitute House Bill No. 1980 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON 2ESHB 1299

June 11, 2015

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 102, page 2, lines 29-36, and page 3, lines 1-8; 103(1); 213(3); 920(4); 1005, page 113, lines 26-27 and 1005(2); 1005(4); 1005(5); and 1005(6), Second Engrossed Substitute House Bill No. 1299 entitled:

"AN ACT Relating to transportation funding and appropriations."

Section 102, page 2, lines 29-36, and page 3, lines 1 -8, Utilities and Transportation Commission, State Agency Workgroup

This proviso directs the Utilities and Transportation Commission (UTC) to coordinate a state agency workgroup to identify issues related to consolidating rail employee safety and regulatory functions within the UTC. Funding for this activity would come from the Grade Crossing Protective Account, which is used to install and maintain equipment to make grade crossings safer. Because this is not the appropriate fund source for coordinating a workgroup on the topic identified in the proviso, I have directed the UTC to conduct this activity with other existing resources. For this reason, I have vetoed Section 102, page 2, lines 29-36, and page 3, lines 1-8.

Section 103(1), page 3. Office of .Financial Management, Study of Fund Exchange

This proviso directs the Office of Financial Management to perform a study on the feasibility of establishing a fund exchange where federal funds are exchanged for state funds to reduce the administrative burden on local governments which use federal funds. The funding is likely insufficient to provide a thorough report on the issues. In addition, the Joint Transportation Committee is a more appropriate entity to perform this analysis, not the Office of Financial Management. Therefore, I have vetoed Section 103(1).

Section 21 3(3), pages 18-19, Department of Transportation. Beaver Dams

This proviso creates a complicated process for managing beaver dams on private property that pose a threat to Washington state highways, individual personal property, and public safety. The proposed process would require the Washington State Department of Transportation to notify private property owners of impending threats from beaver dam failure, to produce wildlife management plans, and to provide potential remedies that could create liability for the state. In addition, no funding is provided for this effort. For these reasons, I have vetoed Section 213(3).

Section 920(4), pages 105-106, Department of Transportation, Public Transportation

This proviso prevents the Washington State Department of Transportation from continuing work on regional mobility grant projects previously authorized by the Legislature. The department needs authority to work on these projects to support local efforts to improve transit mobility and reduce congestion on our roadways. The majority of the projects are not yet complete, and expenditures have already been made. Therefore, I have vetoed Section 920(4).

Section 1005, page 113, lines 26-27, and Section 1005(2), page 114, Department of Transportation, Highway Improvements Program

Due to changes in the timing of expenditures for highway improvement projects and insufficient flexibility in the capital program budgets, this reduced appropriation would result in an estimated shortfall of \$3.5 million in expenditure authority in the Highway Improvements program. The Washington State Department of Transportation must have ongoing expenditure authority to keep projects within the total spending plan. Therefore, I have vetoed Section 1005, page 113, lines 26- 27, and Section 1005(2).

Section 1005(4), 1005(5) and 1005(6), page 115, Department of Transportation, Proceeds from Bond Sales

Section 605 provides the flexibility needed to retroactively assign bond proceeds received in the 2015-17 biennium to associated costs that occurred in the 2013-15 biennium. The reduced appropriations in Section 1005(4), Section 1005(5), and Section 1005(6) negate the flexibility provided in Section 605. For this reason, I have vetoed Section 1005(4), Section 1005(5), and Section 1005(6).

For these reasons I have vetoed Sections 102, page 2, lines 29-36, and page 3, lines 1-8; 103(1); 213(3); 920(4); 1005, page 113, lines 26-27 and 1005(2); 1005(4); 1005(5); and 1005(6) of Second Engrossed Substitute House Bill No. 1299.

With the exception of Sections 102, page 2, lines 29-36, and page 3, lines 1-8; 103(1); 213(3); 920(4); 1005, page 113, lines 26-27 and 1005(2); 1005(4); 1005(5); and 1005(6), Second Engrossed Substitute House Bill No. 1299 is approved.

Respectfully submitted,

VETO MESSAGE ON 2EHB 1115

June 30, 2015

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 3241 and 7044, Second Engrossed House Bill No. 1115 entitled:

"AN ACT Relating to the capital budget."

Section 3241, pages 158-159, Department of Natural Resources, Research on Transfer for Federal Lands to Washington State

This proviso directs the Department of Natural Resources to study the feasibility of acquiring certain federal lands for possible inclusion in the various trust lands managed by the Department. Although additional information about land acquisitions is always helpful, the negative effects of forest health, and the resulting fire danger, are well documented. The Department's primary responsibility is to support the trust beneficiaries, and this study will not support its obligation to generate revenue for school construction. For these reasons, I have vetoed Section 3241.

Section 7044, pages 278-279, Office of Financial Management, Master Plan for Museums and Research Facilities

This proviso requires the Office of Financial Management (OFM) to develop a master plan to address the storage and preservation requirements of the state's historical collections by December 31, 2015. While ensuring the preservation of our state's historical and cultural collections is a priority, this proviso does not provide funding or enough time for a thorough plan to be developed. For these reasons, I have vetoed Section 7044. However, I have directed OFM to work with the Washington State Historical Society and the Eastern Washington Historical Society to address this issue.

For these reasons I have vetoed Sections 3241 and 7044 of Second Engrossed House Bill No. 1115. With the exception of Sections 3241 and 7044, Second Engrossed House Bill No. 1115 is approved.

Respectfully submitted,
Jay Inslee

VETO MESSAGE ON 2E2SHB 1276

June 30, 2015

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 25, Second Engrossed Second Substitute House Bill No. 1276 entitled:

"AN ACT Relating to impaired driving."

The Department of Health has a Medical Assistant-phlebotomist credential that is currently available to law enforcement and corrections personnel. Creating a new sub-category is therefore unnecessary. MA-phlebotomist training programs specific to law enforcement forensic needs can be developed without a change in current law or rules and MA-phlebotomist training is typically on- the-job, and can be completed in a few days.

Section 25 also creates substantial new responsibilities and costs as it requires the Department to inspect every police station, jail, corrections facility, or other location where a law enforcement MA- phlebotomist may take blood samples. The section also sets new ongoing training and minimum procedure standards for law enforcement MA-phlebotomists that no other medical assistants have, and that must be regulated by the Department. For these reasons, I am vetoing this section.

For these reasons I have vetoed Section 25 of Second Engrossed Second Substitute House Bill No. 1276.

With the exception of Section 25, Second Engrossed Second Substitute House Bill No. 1276 is approved.

Respectfully submitted,
Jay Inslee

GOVERNOR'S PARDONS AND COMMUTATIONS

Sixty Fourth Legislature
2015 Legislative Session

FULL AND UNCONDITIONAL PARDON OF ANTONY LOLO XCZAR

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on July 25, 2001, Antony' Lolo Xczar assaulted an acquaintance. Mr. Xczar arrived home that evening and found a homeless acquaintance-who Mr. Xczar had allowed to stay at his home-and his acquaintance's guest using drugs in Mr. Xczar's apartment. After the two refused to leave Mr. Xczar's apartment, he announced that he was going to phone the police. Mr. Xczar's acquaintance then grabbed Mr. Xczar and began choking him. Mr. Xczar reached for a nearby golf club and swung it over his shoulder, striking his acquaintance in the head.

WHEREAS, on February 21, 2002, Mr. Xczar pleaded guilty to third degree assault in King County Superior Court, Cause No. 01-1-9798-5. The trial court sentenced Mr. Xczar to 90 days of confinement, including 60 days in partial confinement, and 30 days of community service under the supervision of the Department of Corrections. The trial court also imposed \$1,920.00 in restitution to the victim and \$10,919.07 to the Department of Social and Health Services.

WHEREAS, Mr. Xczar has accepted full responsibility for his actions and satisfied all of his sentence requirements. Following his sentence, he continued his education, earning two associate's degrees from Seattle Central Community College, a bachelor's degree from The Evergreen State College, and a master's degree from the University of Washington. He has also devoted his life to serving others.

WHEREAS, Mr. Xczar has had no further criminal law violations since this 2001 incident.

WHEREAS, the Clemency and Pardons Board reviewed Mr. Xczar's petition for a pardon. The testimony before the Board was that Mr. Xczar has committed his life to service through a variety of church programs and social work. He also excelled in the classroom, achieving high academic marks and earning over 30 certificates of continued education in addition to his degrees.

WHEREAS, Mr. Xczar's conviction prevet;ts him from pursuing a career in counseling, his desired profession. Some of the counseling-related licenses that Mr. Xczar obtained are temporary and only become permanent through completion of a given number of work hours. But many employers of counselors maintain policies that bar convicted felons from employment because those counselors must work in facilities in which convicted felons may not work.

WHEREAS, over 25 faith community members, school colleagues and instructors, potential employers, and friends voiced support for Mr. Xczar before the Clemency and Pardons Board either in person or in writing.

WHEREAS, the Clemency and Pardons Board voted unanimously to recommend that Mr. Xczar be granted a full pardon.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Antony Lolo Xczar this FULL AND UNCONDITIONAL pardon of his conviction for third degree assault, King County Cause No. 01-1-09798-5.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 10th day of February, A.D., two thousand and fourteen.

Jay Inslee
Governor of Washington

FULL AND UNCONDITIONAL PARDON OF TIMO TOIVO TORISTOJA

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on November 28, 1995, Timo Toivo Toristoja sold a baggy of what he believed to be a controlled substance to an undercover detective from the Clark Skamania Drug Task Force.

WHEREAS, on October 7, 1996, Mr. Toristoja pleaded guilty to the amended charge, unlawful delivery of a controlled substance, amphetamine, in Clark County, Cause No. 95- 1-02099-2. The trial court sentenced Mr. Toristoja to 135 days in Clark County jail with credit for 10 days served, and he served the remaining 125 days in a work release program.

WHEREAS, Mr. Toristoja accepted full responsibility for his actions and completed all of his sentence requirements, including a successful term in his work release program.

WHEREAS, Mr. Toristoja has had no further criminal law violations since this 1995 incident.

WHEREAS, the Clemency and Pardons Board twice reviewed Mr. Toristoja's petition for a pardon. The testimony before the Board was that upon completion of his work release program, he secured employment for six years at a local shipyard. In the years since, Mr. Toristoja has started two Clark County businesses that employ approximately 60 people and generate approximately \$7 million for the local economy. Mr Toristoja works seven days a week to support his immediate family and many members of his extended family.

WHEREAS, Mr. Toristoja has partnered his businesses with the Clark County Work Release program, and he has hired 15 to 20 former felons as a work release program employer. He requires work release employees to pass urinalysis tests; and Mr. Toristoja estimates that half of his work release employees have not lapsed into criminal behavior. Though one of Mr. Toristoja's businesses does not generate enough profit for him to take a salary, he continues to operate the business to provide these employment opportunities for others.

WHEREAS, Mr. Toristoja's conviction prevents him from pursuing federal government contracts or securing larger lines of credit, opportunities that would otherwise allow his businesses to further expand and provide greater opportunities for employees in the Clark County area.

WHEREAS, community members, family members, employees, business clients and partners, and friends all voiced support for Mr. Toristoja before the Clemency and Pardons Board either in person or in writing.

WHEREAS, the Clemency and Pardons Board twice voted unanimously to recommend that Mr. Toristoja be granted a full pardon.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Timo Toivo Toristoja this FULL AND UNCONDITIONAL pardon of his conviction for unlawful delivery of a controlled substance, amphetamine, Clark County Cause No. 95-1-02099-2.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 10th day of February, A.D., two thousand and fourteen.

FULL AND UNCONDITIONAL PARDON OF JOSE ANTONIO FELICIANO

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Jose Antonio Feliciano pleaded guilty to two counts of fourth degree assault-domestic violence against his ex-wife, with offense dates of March 3, 1997, and May 20, 2001. During the 2001 incident, he also interfered with the victim's reporting of the domestic violence.

WHEREAS, Mr. Feliciano accepts full responsibility for his past conduct in these incidents and expresses remorse, and he has satisfied all the conditions of his judgment and sentence, including completing a domestic violence program. He has continued his treatment and education beyond that mandated by his sentence; Mr. Feliciano has spoken with counselors and has attended meetings to better understand how domestic violence impacts one's family and surrounding community.

WHEREAS, Mr. Feliciano has had no further criminal law violations since the 2001 incident involving his ex-wife, and his current wife has never feared Mr. Feliciano during their relationship together.

WHEREAS, Mr. Feliciano met his current wife in 2002 and together they have built what appears to be a stable family with five children.

WHEREAS, the Clemency and Pardons Board reviewed Mr. Feliciano's pardon petition. The testimony before the Board was that Mr. Feliciano volunteers at the Saint Francis House in Puyallup, feeding the homeless. Also, Mr. Feliciano has accrued 26 years of military service time, including two tours of duty overseas in Iraq. He currently serves full-time in the Washington Army National Guard.

WHEREAS, the presence of these two convictions on Mr. Feliciano's record may prevent him from completing his military service and obtaining his full active-duty retirement.

WHEREAS, Mr. Feliciano's ex-wife, the victim in these domestic violence incidents, fully supports Mr. Feliciano's request for a pardon. Mr. Feliciano's military superiors also support his petition so that he may continue his service.

WHEREAS, the Clemency and Pardons Board voted unanimously to recommend that Mr. Feliciano receive a full pardon and the Pierce County Prosecuting Attorney does not object to pardoning Mr. Feliciano.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crimes, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of

the state of Washington, hereby grant to Jose Antonio Feliciano this FULL AND UNCONDITIONAL pardon of his convictions for fourth degree assault-domestic violence.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 10th day of February, A.D., two thousand and fourteen.

FULL AND UNCONDITIONAL PARDON OF TERAN DOLORES-CORTEZ

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on December 11, 1996, a Tacoma police officer stopped then-20-year old Teran Dolores-Cortez as he was driving his vehicle. Five other individuals were with Mr. Dolores-Cortez in his vehicle, one of whom had an outstanding arrest warrant. The officer searched Dolores-Cortez's car incident to his passenger's arrest and found cocaine on the vehicle's passenger side.

WHEREAS, on January 9, 1997, Mr. Dolores-Cortez pleaded guilty to unlawful possession of a controlled substance, cocaine, in Pierce County Superior Court, Cause No. 96-1-4742-4. The trial court sentenced Mr. Dolores-Cortez to 29 days of confinement with credit for 29 days served.

WHEREAS, Mr. Dolores-Cortez has accepted full responsibility for his actions and completed all of his sentence requirements. Following this incident, Mr. Dolores-Cortez married and started a family, which he has worked full time to support. And he has become involved in his church, shuttling churchgoers to services, and volunteering at a local drug and alcohol rehabilitation center.

WHEREAS, the Clemency and Pardons Board reviewed Mr. Dolores-Cortez's petition for a pardon. The testimony before the Board was that Mr. Dolores-Cortez provides financial and emotional support to his family, which includes a wife and five children.

WHEREAS, Mr. Dolores-Cortez's conviction will force his deportation from the United States and permanently bar him from legalizing his status and returning here to live with and support his family.

WHEREAS, Mr. Dolores-Cortez's wife, friends, coworkers, former employers, and pastor expressed support for Mr. Dolores-Cortez before the Clemency and Pardons Board either in person or in writing. They described Mr. Dolores-Cortez as a man of professionalism, honesty, and integrity.

WHEREAS, the Clemency and Pardons Board noted that this conviction, relating to a non-violent, victimless offense, dated to 1996. The Board voted unanimously to recommend that Mr. Dolores- Cortez be granted a full pardon.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Teran Dolores-Cortez this FULL AND UNCONDITIONAL pardon of his conviction for unlawful possession of a controlled substance, cocaine, Pierce County Cause No. 96-1-4742-4.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 10th day of February, A.D., two thousand and fourteen.

CONDITIONAL PARDON OF MUBARAK FAWWAZ ABDUR RAHEEM

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on November 9, 1999, Mubarak Fawwaz Abdur Raheem pleaded guilty to third degree theft and fourth degree assault in Kitsap County Superior Court, Cause No. 99-1-1194-3. These misdemeanor charges arose after Mr. Abdur Raheem took a pizza from a pizza delivery person without paying. At the time of this incident, Mr. Abdur Raheem was 18 years old.

WHEREAS, Mr. Abdur Raheem accepts full responsibility for his past conduct and expresses remorse, and he has satisfied all the conditions of his judgment and sentence, including completion of an anger management program and payment of his legal financial obligations. He has also completed a substance abuse program and overcome the addictions that contributed to his past criminal troubles. He continues to participate in this substance abuse program, sharing his story with others.

WHEREAS, Mr. Abdur Raheem has overcome a difficult upbringing and his past addictions, and he has had no criminal law violations since 2006. Mr. Abdur Raheem has earned two bachelor's degrees from the University of Washington and a law degree from Lewis & Clark Law School.

He has gained admission to the Washington State Bar Association. He now speaks to others struggling with substance abuse or criminal histories to offer his story to inspire

and mentor students at an alternative high school.

WHEREAS, Mr. Abdur Raheem is now married and raising a young daughter.

WHEREAS, the Clemency and Pardons Board reviewed Mr. Abdur Raheem's pardon petition, which included written support from friends, his substance abuse counselor, and members of the legal community, among others. Mr. Abdur Raheem also explained to the Board that he volunteers with the Oregon Islamic Chaplains Organization, feeding Portland's homeless community, and raising public awareness for the needs of homeless public school children.

WHEREAS, the presence of these two misdemeanor convictions on Mr. Abdur Raheem's record prevents him from pursuing his desired career goals, employment as a prosecuting attorney, or as an attorney in the United States Armed Forces.

WHEREAS, the Clemency and Pardons Board voted unanimously to recommend that Mr. Abdur Raheem receive a conditional pardon. The Kitsap County Prosecuting Attorney does not object to pardoning Mr. Abdur Raheem and supports him in his future endeavors.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Mubarak Fawwaz Abdur Raheem this **CONDITIONAL** pardon of his convictions for third degree theft and fourth degree assault, in Kitsap County Cause No. 99-1- 1194-3. This pardon is conditioned upon Mr. Abdur Raheem collecting no new criminal convictions.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 11th day of February, A.D. two thousand and fourteen.

Jay Inslee
Governor of Washington

REVOCATION OF CONDITIONAL COMMUTATION OF JOSEPH SCOTT WHARTON

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Joseph Scott Wharton was convicted on April 22, 1997, of five counts of Robbery in the Second Degree in King County Superior Court Cause Number 97-1-

00657- 7 and sentenced to serve life without the possibility of parole under Washington's persistent offender law, otherwise known as the "Three Strikes" law.

WHEREAS, Mr. Wharton submitted a petition to the Washington State Clemency and Pardons Board in 2012, requesting that his Life Sentence without the Possibility of Parole on Cause Number 97-1-00657-7 be commuted by Governor Christine Gregoire.

WHEREAS, Mr. Wharton showed considerable rehabilitation during his period of incarceration. Even though Mr. Wharton had no reason to believe he would ever be released from prison, he proactively sought out and participated in whatever classes or programs were available to improve his life skills and enhance his education, in addition to counseling and treatment for his previous substance abuse and his ongoing recovery from addiction.

WHEREAS, following Mr. Wharton's Clemency and Pardons Board hearing on December 7, 2012, the Board issued a unanimous recommendation in support of a commutation of Mr. Wharton's life without the possibility of parole sentence. King County Prosecutor Daniel Satterberg supported his conditional release; and the sentencing judge for his "third strike" offense, then-retired King County Superior Court Judge Michael J. Fox, supported a commutation.

WHEREAS, on July 30, 2013, I granted Mr. Wharton a conditional commutation subject to his completing a 24-month community custody term following his release and complying with numerous community custody conditions. These conditions required Mr. Wharton to, among other things, refrain from drug and alcohol use, participate in a residential treatment program, and regularly report with a community corrections officer and subject himself to random urinalysis testing.

WHEREAS, in early October 2013, Mr. Wharton left his residential substance treatment program without permission. Following Mr. Wharton's departure from his program, the Department of Corrections had reason to believe that he had consumed drugs and alcohol.

WHEREAS, on October 28, 2013, the Department of Corrections held a hearing to determine whether Mr. Wharton violated his community custody conditions. At this hearing, Mr. Wharton pleaded guilty to six different violations, including the use of methamphetamine. The hearing officer entered findings that Mr. Wharton violated these six different community custody conditions.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington under RCW 10.01.120, revoke Mr. Wharton's conditional commutation.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia on this 19th day of February. A.D., two thousand and fourteen.

Jay Inslee
Governor of Washington

FULL AND UNCONDITIONAL PARDON OF ANGUS BRENT TATE

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Angus Brent Tate pleaded guilty to SECOND DEGREE ARSON in July 1968, Yakima County Superior Court Cause No. 14894. He also pleaded guilty to SECOND DEGREE BURGLARY in February 1972, Yakima County Superior Court Cause No. 16735.

WHEREAS, Mr. Tate accepts full responsibility for his past conduct in these incidents, expresses remorse, and has satisfied the conditions of his judgments and sentences.

WHEREAS, Mr. Tate has had no further criminal law violations since the 1972 burglary, and following his release from prison, he has devoted his life to improving the lives of others in his community.

WHEREAS, Mr. Tate is married and has 16 grandchildren, 13 of whom he and his wife have helped raise. Mr. Tate and his wife currently have temporary custody of three of their young grandchildren whose parents suffer from addiction and are in and out of the justice system. When Mr. Tate and his wife took custody of these three grandchildren, the grandchildren were underweight and developmentally behind where they should be at their age. Since moving in with Mr. Tate and his wife, the grandchildren have made significant strides and are doing much better.

WHEREAS, the Clemency and Pardons Board reviewed Mr. Tate's pardon petition, which included over 40 letters of support from friends, family, and community members. The testimony before the Board was that, since his release from incarceration, Mr. Tate has dedicated his life to serving his community. He has been continuously employed for roughly 40 years. He has worked as a social worker for the state since 1986 and served as his church's pastor for over 20 years.

WHEREAS, the presence of these two convictions on Mr. Tate's record may prevent him from obtaining full legal custody of his grandchildren; and, if he does not obtain permanent custody, the grandchildren may be forced into foster care.

WHEREAS, the Clemency and Pardons Board voted unanimously to recommend that Mr. Tate receive a full pardon. The Yakima County Prosecuting Attorney does not object to pardoning Mr. Tate and commends his commitment to the community. Furthermore, the Indeterminate Sentence Review Board supports Mr. Tate's petition.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crimes, and the favorable recommendation of

the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Angus Brent Tate this FULL AND UNCONDITIONAL pardon of his 1968 conviction for SECOND DEGREE ARSON and his 1972 conviction for SECOND DEGREE BURGLARY.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 13th day of March, A.D., two thousand and fourteen.

Jay Inslee
Governor of Washington

FULL AND UNCONDITIONAL PARDON OF TAYLOR ROBINSON CHOYCE

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Taylor Robinson Choyce pleaded guilty to SECOND DEGREE ASSAULT in April 2001, Thurston County Superior Court Cause No. 00-1-1733-6. He was 18 years old at the time of the assault, when he chased, with a decorative sword, his two college roommates and their associate who had broken into his bedroom and were rummaging through his private belongings. In the course of the chase, Mr. Choyce stabbed the victim in the lower back with his sword, causing a two to three centimeter wound which resulted in no permanent damage.

WHEREAS, Mr. Choyce accepts full responsibility for his conduct in this incident, expresses remorse, and he has satisfied the conditions of his judgment and sentence, including paying all fines and costs.

WHEREAS, Mr. Choyce had no prior criminal conduct and has had no further criminal law violations in his life, aside from this single incident.

WHEREAS, the Clemency and Pardons Board reviewed Mr. Choyce's pardon petition, which included numerous letters of support from friends, family, and community members. The testimony before the Board was that, since this incident, Mr. Choyce has flourished, completing his education, finding steady employment, and starting a family.

WHEREAS, the sentencing judge, Judge Richard Strophy, testified at Mr. Choyce's clemency hearing. He characterized Mr. Choyce's conviction as "a miscarriage of justice," given Mr. Choyce's lack of criminal history and the circumstances of the offense. During the case's prosecution, Judge Strophy felt so compelled by what he perceived as an injustice, that he did something he had never done before and would never do again during his 24 years on the Superior Court bench-he encouraged the parties

to work out a deal whereby Mr. Choyce could avoid facing a felony. And because Judge Strophy felt so passionately that the State had overstepped its bounds by prosecuting Mr. Choyce for a felony, Judge Strophy testified on Mr. Choyce's behalf before the Board.

WHEREAS, this conviction's presence on Mr. Choyce's record prevents him from pursuing his desired career opportunities. The conviction also prevents Mr. Choyce the opportunity to volunteer at Big Brothers.

WHEREAS, the Clemency and Pardons Board voted to recommend that Mr. Choyce receive a full pardon. The Thurston County Prosecuting Attorney expressed no objection to the pardon.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Taylor Robinson Choyce this FULL AND UNCONDITIONAL pardon of his 2001 conviction for SECOND DEGREE ASSAULT.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 16th day of April, A.D., two thousand and fourteen.

COMMUTATION OF SHAYNE LYLE ROCHESTER

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Shayne Lyle Rochester was found guilty of ATTEMPTED FIRST DEGREE ROBBERY including a firearm enhancement, in January 2010, King County Superior Court Cause No. 09-C-4235-3-SEA. Mr. Rochester drove to his former roommate's residence with two women, who he knew were both armed with handguns, and directed them to collect money that Mr. Rochester's former roommate owed him. The women entered the roommate's home without permission and, after refusing to leave, produced their weapons and demanded money, before discharging an errant shot and fleeing. The State prosecuted Mr. Rochester as an attempted robbery accomplice; Mr. Rochester was found guilty and sentenced to 37 months for the robbery and 36 months on the firearm enhancement.

WHEREAS, Mr. Rochester successfully challenged an alleged jury instruction error on direct appeal, and Division One of the Court of Appeals overturned his firearm

enhancement and its 36 month sentence, basing its decision on the Washington Supreme Court's opinion in *State v. Bashaw*, 169 Wn.2d 133, 234 P.3d 195 (2010). The State then appealed Division One's ruling to the Washington Supreme Court, where it was stayed pending an anticipated ruling in a case that would reconsider the *Bashaw* opinion, *State v. Nunez*, 174 Wn.2d 707, 285 P.3d 21 (2012).

WHEREAS, following his successful direct appeal at Division One, Mr. Rochester was released from prison on his own personal recognizance, pending the stay in his case. At the time of his release, Mr. Rochester had served approximately 28 months of his 37 month sentence on his attempted first degree robbery conviction. The Department of Corrections, after factoring his earned release time, determined that Mr. Rochester had completed his robbery sentence.

WHEREAS, the Washington Supreme Court subsequently issued its anticipated decision in *Nunez*, overturning the decision in *Bashaw*. Consequently, our Supreme Court remanded Mr. Rochester's case to Division One for action consistent with the *Nunez* opinion, and Division One affirmed Mr. Rochester's firearm enhancement, along with its 36 month sentence. When Division One issued its opinion on remand, Mr. Rochester had been out of prison on his own personal recognizance for over 13 months. Mr. Rochester has now been out of custody since October 2011, pending ongoing appeals associated with his case. Since his release from custody, Mr. Rochester has complied with the terms of his release.

WHEREAS, Mr. Rochester accepts full responsibility for his conduct in this incident and has expressed remorse. He has taken affirmative steps to confront and overcome his substance abuse addictions, which led to this offense. Mr. Rochester has also established custody of his young son and has cultivated a strong relationship. He has dedicated himself to community groups that provide social rehabilitative support to parents in the child welfare and prison system.

WHEREAS, the Clemency and Pardons Board reviewed Mr. Rochester's clemency petition, which included several letters of support from his family, social workers, and other community members, including retired King County Superior Court Judge Anthony Wartnik. The victim of the offense and the King County Prosecuting Attorney's Office also support Mr. Rochester's clemency petition.

WHEREAS, denial of this clemency petition would return Mr. Rochester to prison for 36 months and cause great upheaval to his family. In a letter supporting Mr. Rochester's petition, the Department of Social and Health Services expressed that the best interests of Mr. Rochester's son would be served if Mr. Rochester were not returned to prison.

WHEREAS, at a March 14, 2014, clemency hearing, the Clemency and Pardons Board unanimously voted to recommend that Mr. Rochester's 36 month sentence on his firearm enhancement be commuted; and,

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this

matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, adopt the recommendation of the Clemency and Pardons Board and hereby COMMUTE Shayne Lyle Rochester's 36 month sentence for his 2010 firearm enhancement on his ATTEMPTED FIRST DEGREE ROBBERY conviction.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 23rd day of July, A.D., two thousand and fourteen.

FULL AND UNCONDITIONAL PARDON OF COREY JAMESEVERETT

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Corey James Everett pleaded guilty to SECOND DEGREE ARSON in November 1985, Adams County Superior Court Cause No. 85-1-44-7. He was 17 years old at the time of the arson, when, after a night of partying, he and another young friend ignited an onion storage shed that covered onion crates.

WHEREAS, Mr. Everett accepts full responsibility for his conduct in this incident, expresses remorse, and has satisfied the conditions of his judgment and sentence, paying fines and costs amounting to \$3,126.99.

WHEREAS, at the time of the crime in 1985, Mr. Everett was 17 years old. Since that time, the scientific and criminal justice communities have learned a significant amount about juvenile brain development and the difficulty juveniles have in engaging in behavior control, often leading to transient rashness, proclivity for risk, and inability to assess the full consequences of one's actions.

WHEREAS, Mr. Everett had no prior criminal conduct and has had no further criminal convictions in his life. Furthermore, since the date of the incident, Mr. Everett has not consumed drugs, and he has also quit drinking alcohol.

WHEREAS, the Clemency and Pardons Board reviewed Mr. Everett's clemency petition, which included a letter of support from Benton County Sheriff's Lieutenant Robert Guerrero, Jr. And, the testimony before the Board was that from the time he was 16 years old, Mr. Everett lived alone and supported himself. Following this incident, Mr. Everett committed himself to his high school education and ultimately graduated.

WHEREAS, Mr. Everett is a valuable, contributing member of his Othello community. He has a family, and for over 18 years he has been employed as a sanitation truck driver. He is also a member of a "Relay for Life" team as well as a long-time volunteer with the Othello Rodeo, Othello Sun Fair, and Adams County Fair. Recently, he was elected to serve the public as a member of the Othello City Council.

WHEREAS, the Clemency and Pardons Board voted to recommend that Mr. Everett receive a full pardon. Neither the Adams County Prosecuting Attorney, nor any victims of the crime, have expressed any objection to the pardon; and,

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Core James Everett this FULL AND UNCONDITIONAL pardon of his 1985 conviction for SECOND DEGREE ARSON.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 23rd day of July, A.D., two thousand and fourteen.

Jay Inslee
Governor of Washington

FULL AND UNCONDITIONAL PARDON OF PATRICK BRYAN HITCHCOCK

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Patrick Bryan Hitchcock pleaded guilty to SECOND DEGREE THEFT in January 1990, Yakima County Superior Court Cause No. 89-1-2269-4. He was 18 years old at the time of the theft, when he and two friends took rolls of iron wire from an open field to recycle for cash.

WHEREAS, Mr. Hitchcock accepts full responsibility for his conduct in this incident, expresses remorse, and has satisfied the conditions of his judgment and sentence, paying fines and costs amounting to \$852.51.

WHEREAS, in 1995 Mr. Hitchcock took the initiative to successfully overcome the addictions that fueled his earlier criminal behavior by committing himself to a 28 day in-patient treatment program followed by a 90 day out-patient program. Since 1995, he has had no criminal law convictions.

WHEREAS, the Clemency and Pardons Board reviewed Mr. Hitchcock's clemency

petition, which included several letters of support from current and former employers, his landlord, and other community members. Retired Washington State Patrol Lieutenant Jeff Jones also offered his "highest recommendation" for Mr. Hitchcock.

WHEREAS, the testimony before the Board was that since Mr. Hitchcock conquered his addictions, he has become an upstanding citizen and contributing member in his community. He has been married for over 16 years and has a family, and he has been steadily employed.

WHEREAS, this conviction on Mr. Hitchcock's record prevents him from volunteering to help his wife in her preschool classroom, and it precludes him from taking his son hunting.

WHEREAS, the Clemency and Pardons Board unanimously voted to recommend that Mr. Hitchcock receive a full pardon. The Yakima County Prosecuting Attorney wrote in support of Mr. Hitchcock's petition, as did the victim of the theft; and,

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Patrick Bryan Hitchcock this FULL AND UNCONDITIONAL pardon of his 1990 conviction for SECOND DEGREE THEFT.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 23rd day of July, A.D., two thousand and fourteen.

Jay Inslee
Governor of Washington

FULL AND UNCONDITIONAL PARDON OF DeEDRA MARIE WATKINS

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, DeEdra Marie Watkins was found guilty in Seattle Municipal Court of PROSTITUTION in November 1983, and PROSTITUTION and ESCAPE in July 1984. Ms. Watkins was just 16 and 17 years old at the time of these misdemeanor crimes, when an older man forced her into the sex trade by beating her and threatening her and her family with violence.

WHEREAS, Ms. Watkins has overcome many of the difficulties from her past. She successfully completed her General Educational Development (GED) test. She also took

the initiative to conquer her struggles with substance abuse. Ms. Watkins even launched her own cleaning business, which employed five people and served low- income customers before succumbing to the economic woes of recent years.

WHEREAS, the Clemency and Pardons Board reviewed Ms. Watkins' clemency petition. It heard from Ms. Watkins and her cousin and former employer, who spoke of Ms. Watkins' work ethic, her responsible character, and emotional growth over the years.

WHEREAS, these crimes on Ms. Watkins' record have hindered her pursuit of the educational and career opportunities for which she was qualified and interested. This difficulty in finding work has challenged Ms. Watkins' ability to support her family.

WHEREAS, these crimes also prevent Ms. Watkins from engaging in her grand-daughter's school activities. Ms. Watkins also feels that she is uniquely positioned to help at-risk youth, but her criminal record precludes her from volunteering with many community organizations.

WHEREAS, the Seattle City Attorney's Office does not oppose Ms. Watkins' clemency petition.

WHEREAS, the Clemency and Pardons Board unanimously voted to recommend that Ms. Watkins be pardoned; and,

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to DeEdra Marie Watkins this FULL AND UNCONDITIONAL pardon of her 1983 conviction for PROSTITUTION and her 1984 convictions for PROSTITUTION and ESCAPE.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 23rd day of July, A.D., two thousand and fourteen.

Jay Inslee
Governor of Washington

FULL AND UNCONDITIONAL PARDON OF KATIE ELIZABETH ARNDT

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in 2004, Katie Elizabeth Arndt pleaded guilty to THIRD DEGREE

MALICIOUS MISCHIEF-DOMESTIC VIOLENCE in Bremerton Municipal Court, Cause No. 10290612 and was sentenced to 365 days of confinement, with 335 suspended, and a \$5,000 fine with \$4,250 suspended. This gross misdemeanor charge arose after Ms. Arndt broke a window at her ex-boyfriend's home in 2000.

WHEREAS, Ms. Arndt accepts full responsibility for her past conduct and expresses remorse, and she has satisfied all the conditions of her judgment and sentence, including completion of a domestic violence perpetrator's treatment program and payment of her legal financial obligations.

WHEREAS, Ms. Arndt has overcome a difficult upbringing and past addictions, and she has engaged in no criminal activity since 2000. Ms. Arndt has earned an Associate of Arts degree from Spokane Falls Community College with honors, and is currently in nursing school, preparing to become a registered nurse. This gross misdemeanor domestic violence conviction on Ms. Arndt's record, however, prevents her from pursuing her goal of a nursing career.

WHEREAS, the Clemency and Pardons Board reviewed Ms. Arndt's pardon petition, which included numerous letters of support including a letter from the victim; and, the Office of the Kitsap County Prosecuting Attorney has commended her rehabilitation efforts and does not oppose her petition.

WHEREAS, the Clemency and Pardons Board voted unanimously to recommend that Ms. Arndt be granted a full pardon.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Katie Elizabeth Arndt this FULL AND UNCONDITIONAL pardon of her conviction for THIRD DEGREE MALICIOUS MISCHIEF-DOMESTIC VIOLENCE, in Kitsap County Cause No. 10290612, so that she may fully pursue her career goals and employment opportunities.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 17th day of October, A.D., two thousand and fourteen.

Jay Inslee
Governor of Washington

FULL AND UNCONDITIONAL PARDON OF JAMIE STEPHEN SETTLE

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in 1997, Jamie Stephen Settle pleaded guilty to THIRD DEGREE ASSAULT in Thurston County Superior Court, Cause No. 97-1-2163-8 and was sentenced to confinement for 30 days, community supervision for 12 months, and \$610.00 in fines. This felony charge arose from a 1997 incident in which Mr. Settle unlawfully entered the victim's home, searching for his ex-girlfriend, and struck the victim with his fists.

WHEREAS, Mr. Settle accepts full responsibility for his conduct and expresses remorse, and he has satisfied all the conditions of his judgment and sentence, including completion of an anger management program and prompt payment of his legal financial obligations. Since this offense, he has had no further criminal convictions.

WHEREAS, Mr. Settle is now married and raising two young children, and he built the home in which they currently live. In February 2013, Mr. Settle was diagnosed with terminal Glioblastoma Multiform Stage IV brain cancer. Prior to his diagnosis, Mr. Settle was a full-time student at Centralia Community College pursuing a career in electrical engineering.

WHEREAS, the Clemency and Pardons Board reviewed Mr. Settle's petition for a pardon, which included letters of support that indicate that since this criminal incident, Mr. Settle has found steady employment, pursued education, and devoted himself to his family. The Clemency and Pardons Board voted unanimously to recommend that Mr. Settle receive a full pardon. The Thurston County Prosecuting Attorney expressed no objection to Mr. Settle's petition.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Jamie Stephen Settle this FULL AND UNCONDITIONAL pardon of his conviction for THIRD DEGREE ASSAULT in Thurston County Superior Court, Cause No. 97-1-2163-8.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 17th day of October, A.D., two thousand and fourteen.

CONDITIONAL COMMUTATION OF ORLANDO WADE AMES

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on December 7, 1994, Orlando Wade Ames was charged with SECOND DEGREE ASSAULT in King County Superior Court, Cause No. 94-1-08084-5, and sentenced to Life Without the Possibility of Parole (LWOP) under the Persistent Offender Accountability Act, otherwise known as the "Three Strikes" law, after he assaulted a male who was unknown to him at the time. Prior to this, in the 1980s, Mr. Ames had been convicted of first degree robbery for threatening a taxi driver in order to take the driver's money; he had also been convicted of second degree robbery for assaulting a commuter and taking some of the commuter's belongings. Mr. Ames served lengthy sentences on each of these earlier convictions.

WHEREAS, Mr. Ames accepts full responsibility for his conduct in this incident, and he expresses remorse. He has been in prison since 1995, almost 20 years. Since 1998, Mr. Ames has received just three minor infractions while incarcerated, and since 2004 he has been a model prisoner, receiving no infractions. Mr. Ames has also seized every opportunity to improve himself while in prison. He has completed anger management, conflict resolution, and non-violence related courses; and, in 2012 he earned his Associate's Degree from Ohio University.

WHEREAS, Mr. Ames has developed heart disease that has resulted in multiple surgeries, and doctors inserted a stint and implantable, cardioverter defibrillator into his chest.

WHEREAS, the Clemency and Pardons Board reviewed Mr. Ames's clemency petition, which included several letters of support from his family and other community members. King County Prosecutor Daniel Satterberg personally voiced support for Mr. Ames's commutation and testified at his hearing, explaining that if the King County Prosecutor's Office were prosecuting Mr. Ames's case today, it would seek a determinate sentence much shorter than the life sentence Mr. Ames received. The judge that sentenced Mr. Ames also conveyed his support for Mr. Ames's commutation.

WHEREAS, the testimony before the Board was that Mr. Ames's support network will not only support him emotionally and help him transition to life outside of prison, but it will provide him a place to live and employment opportunities upon his release. The State believes that Mr. Ames' risk of reoffending is low.

WHEREAS, the Clemency and Pardons Board unanimously voted to recommend that the Governor **CONDITIONALLY COMMUTE** Mr. Ames's sentence based upon a transition plan directed by the Department of Corrections.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this actio11.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, adopt the recommendation of the Clemency and Pardons Board and hereby COMMUTE Orlando Wade Ames's sentence for his 1995 SECOND DEGREE ASSAULT conviction, conditioned on his agreement to comply with all terms outlined by the Department of Corrections in a transition plan, as well as any conditions set forth by the Department of Corrections and its community corrections officers. These conditions shall include, but not be limited to, the following:

Mr. Ames shall:

1. Obey all laws;
2. Fully comply and abide by all conditions set forth by the Department of Corrections and his community corrections officer;
3. Enter and successfully complete identified interventions, based on his eligibility, to assist in improving his skills, relationships, and ability to stay crime free;
4. Not consume or possess alcohol;
5. Not consume or possess controlled substances, including marijuana;
6. Not possess firearms or other dangerous weapons;
7. Obtain a substance abuse evaluation and follow all treatment recommendations;
8. Participate in and successfully complete Thinking for a Change or other programs as directed by his community corrections officer; and,
9. Submit to searches of himself, his home, vehicle, and property.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 14th day of November, A.D., two thousand and fourteen.

WHEREAS, the Clemency and Pardons Board unanimously voted to recommend that the Governor **CONDITIONALLY COMMUTE** Mr. Ames's sentence based upon a transition plan directed by the Department of Corrections.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, adopt the recommendation of the Clemency and Pardons Board and hereby **COMMUTE** Orlando Wade Ames's sentence for his 1995 **SECOND DEGREE ASSAULT** conviction, conditioned on his agreement to comply with all terms outlined by the Department of Corrections in a transition plan. Under this transition plan, Mr. Ames will complete 12 months in custody, to terminate no later than December 1, 2015. Following this in-custody period, Mr. Ames will serve an additional 12 months of community custody, to end no later than December 1, 2016. During this transition, Mr.

Ames will comply with any conditions set forth by the Department of Corrections and its community corrections officers. These conditions shall include, but not be limited to the following:

Mr. Ames shall:

1. Obey all laws;
2. Fully comply and abide by all conditions set forth by the Department of Corrections and his community corrections officer;
3. Enter and successfully complete identified interventions, based on his eligibility, to assist in improving his skills, relationships, and ability to stay crime free;

FULL AND UNCONDITIONAL PARDON OF SIGIFREDO BUENO

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in 2005, Sigifredo Bueno pleaded guilty to CONSPIRACY TO DELIVER A CONTROLLED SUBSTANCE-METHAMPHETAMINE in Yakima County Superior Court, Cause No. 04-1-01707-1. Mr. Bueno had been riding in a vehicle with his brother-in-law, when they picked up two other individuals, who were then dropped off and picked up again later after participating in a methamphetamine delivery. Mr. Bueno pleaded guilty to conspiring to commit the delivery, in large part on the advice of his counsel, who had expressed that a conspiracy conviction would not be a deportable offense.

WHEREAS, Mr. Bueno accepts full responsibility for his past conduct and expresses remorse, and he has satisfied all the conditions of his judgment and sentence, including paying \$2,810 in legal financial obligations.

WHEREAS, Mr. Bueno's conviction puts him at risk for deportation. And, Mr. Bueno's wife was severely injured years ago in a work accident; now disabled, she relies on

Mr. Bueno to support and care for her. Mr. Bueno is also raising two young children, who to date, have excelled in school and extracurricular activities, and he has been a driving factor behind their success. Additionally, in its past, Mr. Bueno's family has been a victim of extreme violence in Mexico; and if deported, he fears that he would be subject to continued violence.

WHEREAS, the Clemency and Pardons Board reviewed Mr. Bueno's pardon petition, which included numerous letters of support from community members. The Yakima County Prosecuting Attorney does not oppose his petition.

WHEREAS, the Clemency and Pardons Board voted unanimously to recommend that Mr. Bueno be granted a full pardon. In recommending a pardon, the Board noted the disproportionate effect that this relatively minor crime would have on Mr. Bueno, his family, and his community, were he to be deported; and,

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Sigifredo Bueno this FULL AND UNCONDITIONAL PARDON of his conviction for CONSPIRACY TO DELIVER A CONTROLLED SUBSTANCE-METHAMPHETAMINE, in Yakima County Superior Court Cause No. 04-1-01707-1.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 7th day of January, AD., two thousand and fifteen.

FULL AND UNCONDITIONAL PARDON OF PETER JOHN NEVERS

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Peter John Nevers pleaded guilty to THIRD DEGREE RAPE OF A CHILD in May 1997, Spokane County Superior Court Cause No. 96-1-2457-1. When Mr. Nevers was 26 years old in 1996, he engaged in a sexual relationship with his then 14-year old girlfriend.

WHEREAS, Mr. Nevers accepts full responsibility for his conduct in this incident, expresses remorse, and has satisfied the conditions of his judgment and sentence, including paying fines and costs. And, he has no other criminal history on his record.

WHEREAS, following his incarceration for this conviction, Mr. Nevers rekindled his relationship with the victim in this case. They married in 2002 and are now raising a family.

WHEREAS, the Clemency and Pardons Board reviewed Mr. Nevers' clemency petition, which included several letters of support from his family and other community members. The Board also received letters of strong support from the victim and her family.

WHEREAS, Mr. Nevers' wife passionately advocated on Mr. Nevers' behalf, describing Mr. Nevers as a great person, husband, and father who has sufficiently paid his debt to society for his past conduct. She discussed how the conviction on Mr. Nevers' record prevents him from securing meaningful, steady employment, thus hurting not only Mr. Nevers, but also her and their family.

WHEREAS, Mr. Nevers agreed to undergo a psychological/sexual risk assessment, and the test results concluded that he poses a "very low risk" of sexual recidivism.

WHEREAS, the Clemency and Pardons Board unanimously voted to recommend that Mr. Nevers be pardoned; and,

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Peter John Nevers this FULL AND UNCONDITIONAL pardon of his 1997 conviction for THIRD DEGREE RAPE OF A CHILD.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 7th day of January, A.D., two thousand and fifteen.

CONDITIONAL COMMUTATION OF JOHN WILLIAM WHEELER

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on April 13, 1999, John William Wheeler was found guilty of two counts of SECOND DEGREE ROBBERY in King County Superior Court, Cause No. 98-1-01231-1, and he was sentenced to Life Without the Possibility of Parole under the Persistent

Offender Accountability Act, otherwise known as the "Three Strikes" law. These convictions are the last of four total second degree robbery convictions on Mr. Wheeler's record that date to 1988. During none of Mr. Wheeler's robberies did he carry a firearm, nor did he ever cause serious physical injury to any victim.

WHEREAS, Mr. Wheeler accepts full responsibility for his conduct in this incident, and he expresses remorse. He has overcome the chemical addictions that contributed to his criminal behavior. He has been in prison since 1999, and since 2001, Mr. Wheeler has been a model prisoner, receiving no infractions. Mr. Wheeler has also seized numerous opportunities to improve himself while in prison, completing various classes and programs; and, in 2000 he earned his General Education Diploma.

WHEREAS, Mr. Wheeler is now 65 years old, and suffers from diabetes, mild hypertension, and Hepatitis C.

WHEREAS, the Clemency and Pardons Board reviewed Mr. Wheeler's clemency petition, which included several letters of support from his family and other community members. The King County Prosecuting Attorney's Office also supported Mr. Wheeler's commutation petition and testified at his hearing, explaining that Mr. Wheeler has served a disproportionately lengthy sentence for the low-level strike offenses that he committed, and he currently exhibits a low-risk of recidivism.

WHEREAS, the testimony before the Board was that Mr. Wheeler's support network will not only support him emotionally and help him transition to life outside of prison, but it will provide him a place to live and employment opportunities upon release.

WHEREAS, the Clemency and Pardons Board unanimously voted to recommend that the Governor conditionally COMMUTE Mr. Wheeler's sentence, contingent upon his completion of a substance abuse class. Since his clemency hearing, Mr. Wheeler has completed this substance abuse class; and,

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, adopt the recommendation of the Clemency and Pardons Board and hereby COMMUTE John William Wheeler's 1999 sentence for two SECOND DEGREE ROBBERY convictions, conditioned on his agreement to comply with all terms outlined by the Department of Corrections (DOC) in a transition plan. Under this transition plan, Mr. Wheeler will complete 12 months in custody, to terminate no later than January 1, 2016. Following this in-custody period, Mr. Wheeler will serve an additional 12 months of community custody, to end no later than January 1, 2017. During this transition, Mr. Wheeler will comply with any conditions set forth by the DOC and its community corrections officers (CCO). These conditions shall include, but not be limited

to the following:

Mr. Wheeler shall:

1. Report as directed and be available for contact with the DOC;
2. Remain in a geographic area as directed by his CCO;
3. Participate in DOC-approved education, employment and/or community service obligations, to include additional chemical dependency treatment if appropriate;
4. Receive prior approval from DOC for living arrangements and residence locations;
5. Notify his CCO before changing residence or employment;
6. Abide by written or verbal instructions issued by the CCO;
7. Not possess, receive, ship, or transport any explosive device, dangerous weapons, ammunition or firearms;
8. Not consume or possess controlled substances without a legal prescription;
9. Abstain from alcohol and marijuana use and possession;
10. Have no direct or indirect contact with any victims and/or their families;
11. Participate in electronic monitoring as directed by the CCO; and
12. Comply with all conditions of community custody as directed by the CCO.

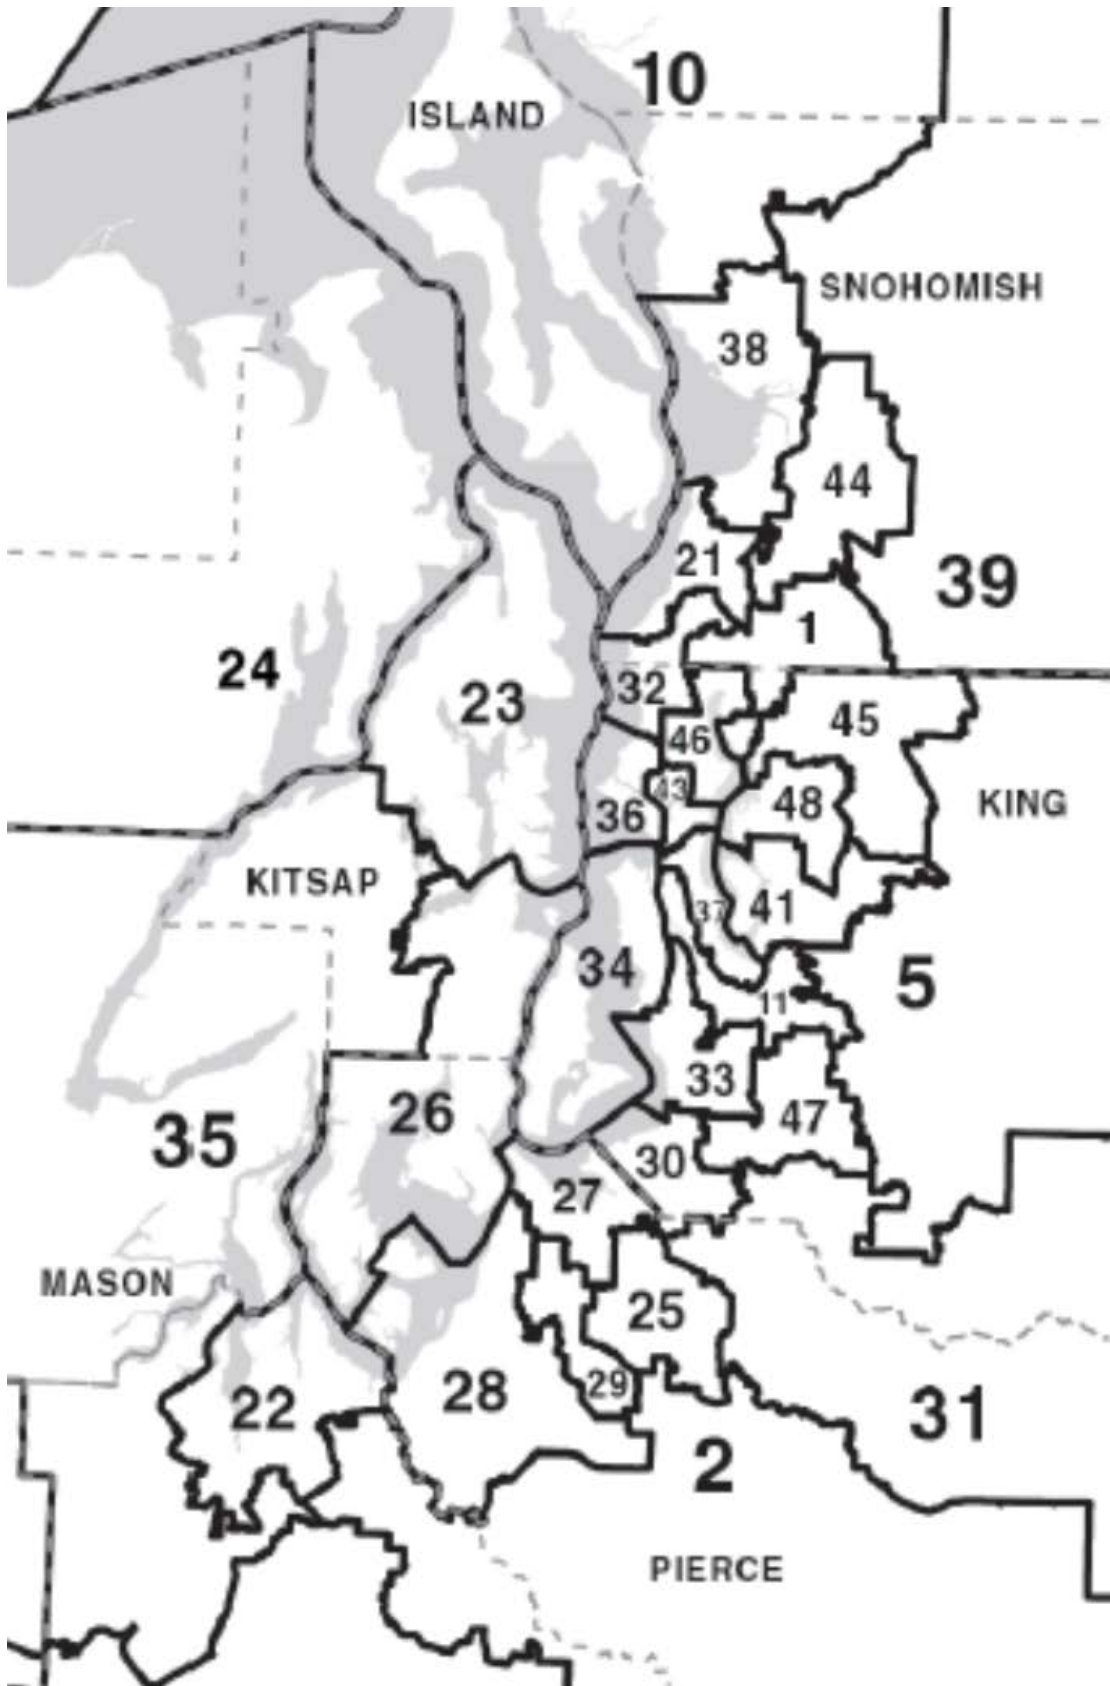

PROVIDED that Mr. Wheeler shall remain under the supervision of the DOC and explicitly follow conditions established by that agency during the term of his community custody. Violation of any of the above conditions shall result in sanctions as deemed appropriate by the DOC and may result in the termination of this conditional commutation as provided below. The Department may require Mr. Wheeler to perform affirmative acts deemed appropriate to monitor compliance with the conditions and may issue warrants or detain Mr. Wheeler if he violates a condition.

ADDITIONALLY PROVIDED that in the event Mr. Wheeler is convicted anywhere at any time of any offense the elements of which would classify the crime as a gross misdemeanor or felony in the state of Washington or violates the conditions of this conditional commutation as determined by the Governor, this conditional commutation is revoked and the sentence of the court reinstated, whereupon Mr. Wheeler will be immediately returned to a corrections facility as the Secretary of the DOC deems appropriate. The DOC shall provide a written report to the Governor regarding any violation of this conditional commutation. A written notice of the Governor's intent to revoke the conditional commutation will be mailed to the most recent address Mr. Wheeler has provided to the Office of the Governor or, if Mr. Wheeler is in custody, to his place of detention. If within 14 calendar days of the mailing of the notice Mr. Wheeler submits a sworn statement made under penalty of perjury that he has complied with all conditions of this commutation, the Governor shall appoint a hearing officer. The hearing officer will provide Mr. Wheeler an opportunity to be heard and to present witnesses and documentary evidence that he has met all conditions upon which the conditional commutation is granted. The hearing officer shall present findings of fact and a transcript of the hearing to the Governor for the Governor's final and conclusive decision on whether Mr. Wheeler has violated the conditions of this conditional commutation.

ADDITIONALLY PROVIDED that Mr. Wheeler may be detained pending judicial disposition of any new criminal charge or a final determination of whether a condition of this conditional commutation has been violated if the Governor determines there are reasonable grounds to believe he has violated the above conditions of this conditional commutation, reason to be concerned that he would pose a risk to any person or to the community, or that there is a possibility that Mr. Wheeler may abscond if not detained. If detained, Mr. Wheeler will be provided a preliminary hearing, as promptly as convenient after arrest, to determine whether there are reasonable grounds to believe he has violated the above conditions.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington be affixed at Olympia on this 7th day of January, A.D., two thousand and fifteen.

Jay Inslee
Governor of Washington
