~~"((d) **Residential schedule.** The court may deviate from the standard calculation if the child spends a significant amount of time with the parent who is obligated to make a support transfer payment. The court may not deviate on that basis if the deviation will result in insufficient funds in the household receiving the support to meet the basic needs of the child or if the child is receiving temporary assistance for needy families. When determining the amount of the deviation, the court shall consider evidence concerning the increased expenses to a parent making support transfer payments resulting from the significant amount of time spent with that parent and shall consider the decreased expenses, if any, to the party receiving the support resulting from the significant amount of time the child spends with the parent making the support transfer payment.))"~~

On page 23, after line 27, insert the following:

NEW SECTION. Sec. 7. A new section is added to chapter 26.19 RCW to read as follows:

(1) The court shall make an adjustment to the standard calculation for a shared residential schedule subject to the provisions in this section.

(2) An adjustment to the standard calculation based on the residential schedule may be made if there is a court order or findings made by an administrative law judge regarding the number of overnights the child or children spend with the obligor parent, and the number of overnights allocated to the obligor is equivalent to at least fourteen percent of annual overnights. The number of overnights in the court order or administrative law judge's findings must be used to calculate the residential adjustment. The findings made by an administrative law judge may be based upon a written agreement between the parents or upon sworn testimony provided by a party at the administrative hearing for child support.

(3) The adjustment must be based on the table in section 8 of this act and the formula set forth in the worksheet for calculating residential credit.

(4) An adjustment may not be made to the standard calculation based on the shared residential schedule if:

(a) The adjustment would result in insufficient funds in the household receiving the support transfer payment to meet the basic needs of the child;

(b) The obligee's net income before receiving the support transfer payment is at or below one hundred twenty-five percent of the federal poverty level guidelines for one person; or

(c) The child is receiving temporary assistance for needy families.

(5) To help parties estimate residential credit, the division of child support shall, if feasible and within available resources, create a residential credit calculator available online.

NEW SECTION. Sec. 8. A new section is added to chapter 26.19 RCW to read as follows:

Residential time table. The TOTAL column represents the anticipated total out-of-pocket expenses expressed as a percentage of the basic child support obligation that will be incurred by the parent who will pay child support. The total expenses are the sum of transferred and duplicated expenses. The DUPLICATED column represents the duplicated expenses and reflects the assumption that when there is an equal sharing of residential time, fifty percent of the basic child support obligation will be duplicated. The number of annual overnights column will determine the particular fractions of TOTAL and DUPLICATED to be used in the residential time credit worksheet.

~~((2))~~ When considering whether to order support for postsecondary educational expenses, the court shall determine whether the child is in fact dependent and is relying upon the parents for the reasonable necessities of life. On page 3, after line 4, insert the following:

"NEW SECTION, Sec. 2. A new section is added to chapter 28A.300 RCW to read as follows: (1) The office of the superintendent of public instruction shall create a competitive grant process to evaluate and award state-funded grants to school districts to pilot increased identification of homeless students and the capacity of the districts to provide support, which may include education liaisons, for homeless students. The process must complement any similar federal grant program or programs in order to minimize agency overhead and administrative costs for the superintendent of public instruction and school districts. School districts may access both federal and state funding to identify and support homeless students.

(2) Award criteria for the state grants shall be based on the demonstrated need of the school district and may consider the number or overall percentage, or both, of homeless children and youths enrolled in preschool, elementary, and secondary schools in the school district, and the ability of the local school district to meet these needs. Award criteria shall also be based on the quality of the applications submitted.

(3) Homeless students are defined as students without a fixed, regular, and adequate nighttime residence as set forth in the federal McKinney-Vento homeless education assistance act (P.L. 100-77; 101 Stat. 482).

(4) School districts may not use funds allocated under this section to supplant existing federal, state, or local resources for homeless student supports, which may include education liaisons.

NEW SECTION, Sec. 3 A new section is added to chapter 43.185C RCW to read as follows:

(1) The department, in consultation with the office of the superintendent of public instruction, shall administer a grant program that links homeless students and their families, or unaccompanied homeless students, with stable housing located in the homeless student's school district. The goal of the program is to provide educational stability for homeless students by promoting housing stability.

(2) The department, working with the office of the superintendent of public instruction, shall develop a competitive grant process to make grant awards to school districts partnered with eligible organizations on implementation of the proposal. For the purposes of this subsection, "eligible organization" means any local government, local housing authority, regional support network established under chapter 71.24 RCW, nonprofit community or neighborhood-based organization, federally recognized Indian tribe in the state of Washington, or regional or statewide nonprofit housing assistance organization. Applications for the grant program must include contractual

agreements between the housing providers and school districts defining the responsibilities and commitments of each party to identify, house, and support homeless students. In determining which school districts will receive grants, preference must be given to districts with a demonstrated commitment of partnership and history with eligible organizations.

(3) Activities eligible for assistance under this grant program include but are not limited to:

(a) Rental assistance, which includes utilities, security and utility deposits, first and last month's rent, rental application fees, moving expenses, and other eligible expenses to be determined by the department;

(b) Transportation assistance, including gasoline assistance for families with vehicles and bus passes;

(c) Emergency shelter; and

(d) Housing stability case management.

(4) All beneficiaries of funds from the grant program must be from very low-income households. For the purposes of this subsection, "very low-income household" means a family or unrelated persons living together whose adjusted income is less than fifty percent of the median family income, adjusted for household size, for the county where the grant recipient is located.

(5)(a) Grantee school districts, in partnership with eligible organizations, must compile information and report to the department and the office of the superintendent of public instruction the findings of the grantee, the housing stability of the homeless families, and the academic performance of the grantee population.

(b) Data on all program participants must be entered into and tracked through the Washington homeless client management information system as described in RCW 43.185C.180.

(6) Any program review and monitoring under this section may be conducted concurrently with other program reviews and monitoring conducted by the department.

NEW SECTION, Sec. 4. If specific funding for the purposes of sections 2 and 3 of this act, referencing sections 2 and 3 of this act by bill or chapter number and section number, is not provided by June 30, 2015, in the omnibus appropriations act, sections 2 and 3 of this act are null and void."

(A) Excluded from coverage under the terms and conditions of the health benefit plan; or

(B) Ineligible for reimbursement under the health benefit plan.

(ii) Vision materials or vision services are not noncovered vision materials or vision services solely because they are not wholly or partially reimbursable due to the operation of plan or contract limitations, such as benefit maximums, deductibles, coinsurance, waiting periods, or frequency limitations.

(b) "Vision care provider" means:

(i) An optometrist licensed under chapter 18.53 RCW;

(ii) A physician licensed under chapter 18.71 RCW or osteopathic physician and surgeon licensed under chapter 18.57 RCW, who has completed a residency in ophthalmology; or

(iii) A dispensing optician licensed under chapter 18.34 RCW.

(c) "Vision materials" means ophthalmic devices including, but not limited to, devices containing lenses, artificial intraocular lenses, ophthalmic frames and other lens mounting apparatuses, prisms, lens treatments and coatings, contact lenses, or prosthetic devices to correct, relieve, or treat defects or abnormal conditions of the human eye or its adnexa.

(d) "Vision services" means professional work performed by a vision care provider within the scope of his or her practice.

(2) An insurer, or any contract or participating provider agreement between the insurer and a vision care provider, may not:

(a) Prohibit directly or indirectly an enrollee from freely contracting at any time to obtain noncovered vision materials or services outside the health benefit plan on any terms or conditions the enrollee and vision care provider may agree to. Nothing in this subsection may be construed to bind an insurer or vision care provider for any noncovered vision materials or services. Nothing in this subsection prohibits a vision care provider from choosing to contractually opt in to a materials discount program sponsored by an insurer or vision care plan;

(b) Require a vision care provider to participate with, or be credentialed by, another insurer, health carrier, or health benefit plan as a condition to join one of the insurer's provider panels; or

A vision care provider's rejection of the amendment does not affect the terms of the vision care provider's existing contract with the insurer. If the notice of proposed amendment is delivered in writing to the vision care provider via certified mail, the amendment may be considered accepted in the absence of written notice of rejection by the vision care provider within the sixty-day notice period.

(1)(a) When a designated mental health professional receives information alleging that a person, as a result of a mental disorder: (i) Presents a likelihood of serious harm; ~~((or))~~ (ii) is gravely disabled; or (iii) is in need of assisted outpatient mental health treatment; the designated mental health professional may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention or outpatient evaluation, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention or outpatient evaluation. If the petition is filed solely on the grounds that the person is in need of assisted outpatient mental health treatment, the petition may only be for an outpatient evaluation. If the petition is for an outpatient evaluation and the person is being held in a hospital emergency department, the person may be released once the hospital has satisfied federal and state legal requirements for appropriate screening and stabilization of patients.

(b) Before filing the petition, the designated mental health professional must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at an evaluation and treatment facility, crisis stabilization unit, or triage facility.

(2)(a) An order to detain to a designated evaluation and treatment facility for not more than a seventy-two-hour evaluation and treatment period, or an order for an outpatient evaluation, may be issued by a judge of the superior court upon request of a designated mental health professional, whenever it appears to the satisfaction of a judge of the superior court:

(i) That there is probable cause to support the petition; and
(ii) That the person has refused or failed to accept appropriate evaluation and treatment voluntarily.

(b) The petition for initial detention or outpatient evaluation, signed under penalty of perjury, or sworn telephonic testimony may be considered by the court in determining whether there are sufficient grounds for issuing the order.

(c) The order shall designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(3) The designated mental health professional shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order together with a notice of rights, and a petition for initial detention or outpatient evaluation. After service on such person the designated mental health professional shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility and the designated attorney. The designated mental health professional shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility. The person shall be permitted to be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other individual

accompanying the person may be present during the admission evaluation. The facility may exclude the individual if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(4) The designated mental health professional may notify a peace officer to take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility. At the time such person is taken into custody there shall commence to be served on such person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of rights and a petition for initial detention.

Sec. 13. RCW 71.05.156 and 2013 c 334 s 2 are each amended to read as follows:

A designated mental health professional who conducts an evaluation for imminent likelihood of serious harm or imminent danger because of being gravely disabled under RCW 71.05.153 must also evaluate the person under RCW 71.05.150 for likelihood of serious harm or grave disability that does not meet the imminent standard for emergency detention, and to determine whether the person is in need of assisted outpatient mental health treatment.

Sec. 14. RCW 71.05.212 and 2010 c 280 s 2 are each amended to read as follows:

(1) Whenever a designated mental health professional or professional person is conducting an evaluation under this chapter, consideration shall include all reasonably available information from credible witnesses and records regarding:

(2) Credible witnesses may include family members, landlords, neighbors, or others with significant contact and history of involvement with the person. If the designated mental health professional relies upon information from a credible witness in reaching his or her decision to detain the individual, then he or she must provide contact information for any such witness to the prosecutor. The designated mental health professional or prosecutor shall provide notice of the date, time, and location of the probable cause hearing to such a witness.

(3) Symptoms and behavior of the respondent which standing alone would not justify civil commitment may support a finding of grave disability or likelihood of serious harm, or a finding that the person is in need of assisted outpatient mental health treatment, when:

(a) Such symptoms or behavior are closely associated with symptoms or behavior which preceded and led to a past incident of involuntary hospitalization, severe deterioration, or one or more violent acts;

(b) These symptoms or behavior represent a marked and concerning change in the baseline behavior of the respondent; and

(c) Without treatment, the continued deterioration of the respondent is probable.

(4) When conducting an evaluation for offenders identified under RCW 72.09.370, the designated mental health professional or professional person shall consider an offender's history of judicially required or administratively ordered antipsychotic medication while in confinement.

A person detained or committed for seventy-two hour evaluation and treatment may be ~~((detained))~~ committed for not more than fourteen additional days of involuntary intensive

treatment or ninety additional days of a less restrictive alternative to involuntary intensive treatment. A petition may only be filed if the following conditions are met:

(1) The professional staff of the agency or facility providing evaluation services has analyzed the person's condition and finds that the condition is caused by mental disorder and ~~((either))~~ results in a likelihood of serious harm, ~~((or))~~ results in the ~~((detained))~~ person being gravely disabled, or results in the person being in need of assisted outpatient mental health treatment, and are prepared to testify those conditions are met; and

(2) The person has been advised of the need for voluntary treatment and the professional staff of the facility has evidence that he or she has not in good faith volunteered; and

(3) The facility providing intensive treatment is certified to provide such treatment by the department; and

If involuntary detention is sought the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm, or is gravely disabled and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm, ~~((or))~~ is gravely disabled, or is in need of assisted outpatient mental health treatment, and shall set forth a plan for the less restrictive alternative treatment proposed by the facility in accordance with section 15 of this act; and

(5) A copy of the petition has been served on the detained or committed person, his or her attorney and his or her guardian or conservator, if any, prior to the probable cause hearing; and

(6) The court at the time the petition was filed and before the probable cause hearing has appointed counsel to represent such person if no other counsel has appeared; and

(7) The petition reflects that the person was informed of the loss of firearm rights if involuntarily committed; and

(8) At the conclusion of the initial commitment period, the professional staff of the agency or facility or the designated mental health professional may petition for an additional period of either ninety days of less restrictive alternative treatment or ninety days of involuntary intensive treatment as provided in RCW 71.05.290; and

(9) If the hospital or facility designated to provide ~~((outpatient))~~ less restrictive alternative treatment is other than the facility providing involuntary treatment, the outpatient facility so designated to provide less restrictive alternative treatment has agreed to assume such responsibility.

Sec. 16. RCW 71.05.240 and 2009 c 293 s 4 are each amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within seventy-two hours

of the initial detention or outpatient evaluation of such person as determined in RCW 71.05.180. If requested by the ~~((detained))~~ person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

(2) The court at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3) At the conclusion of the probable cause hearing ~~((, if the court finds by a preponderance of the evidence that))~~:

(a) If the court finds by a preponderance of the evidence that such person, as the result of mental disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility certified to provide treatment by the department. If the court finds that such person, as the result of a mental disorder, presents a likelihood of serious harm, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive alternative course of treatment for not to exceed ninety days;

(b) If the court finds by a preponderance of the evidence that such person, as the result of a mental disorder, is in need of assisted outpatient mental health treatment, and that the person does not present a likelihood of serious harm or grave disability, the court shall order an appropriate less restrictive alternative course of treatment not to exceed ninety days, and may not order inpatient treatment.

(c) An order for less restrictive alternative treatment must identify the services the person will receive, in accordance with section 15 of this act. If the petitioner did not set forth a proposed less restrictive alternative treatment plan, the court may postpone the issuance of the order for up to five judicial days and require the petitioner to submit a proposal for less restrictive alternative treatment services. The court may order additional evaluation of the person if necessary to identify appropriate services.

(4) The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period or beyond the ninety days of less restrictive treatment is to be sought, such person will have the right to a full hearing or jury trial as required by RCW 71.05.310. The court shall also state to the person and provide written notice that the person is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

Sec. 17. RCW 71.05.245 and 2010 c 280 s 3 are each amended to read as follows:

(1) In making a determination of whether a person is gravely disabled ~~((or))~~, presents a likelihood of serious harm, or is in need of assisted outpatient mental health treatment in a hearing conducted under RCW 71.05.240 or 71.05.320, the court must consider the symptoms and behavior of the respondent in light of all available evidence concerning the respondent's historical behavior.

(2) Symptoms or behavior which standing alone would not justify civil commitment may support a finding of grave disability or likelihood of serious harm, or a finding that the person is in need of assisted outpatient mental health treatment, when: (a) Such

symptoms or behavior are closely associated with symptoms or behavior which preceded and led to a past incident of involuntary hospitalization, severe deterioration, or one or more violent acts; (b) these symptoms or behavior represent a marked and concerning change in the baseline behavior of the respondent; and (c) without treatment, the continued deterioration of the respondent is probable.

(3) In making a determination of whether there is a likelihood of serious harm in a hearing conducted under RCW 71.05.240 or 71.05.320, the court shall give great weight to any evidence before the court regarding whether the person has: (a) A recent history of one or more violent acts; or (b) a recent history of one or more commitments under this chapter or its equivalent provisions under the laws of another state which were based on a likelihood of serious harm. The existence of prior violent acts or commitments under this chapter or its equivalent shall not be the sole basis for determining whether a person presents a likelihood of serious harm.

For the purposes of this subsection "recent" refers to the period of time not exceeding three years prior to the current hearing.

Sec. 18. RCW 71.05.280 and 2013 c 289 s 4 are each amended to read as follows:

At the expiration of the fourteen-day period of intensive treatment, a person may be confined for further treatment pursuant to RCW 71.05.320 if:

(1) Such person after having been taken into custody for evaluation and treatment has threatened, attempted, or inflicted: (a) Physical harm upon the person of another or himself or herself, or substantial damage upon the property of another, and (b) as a result of mental disorder presents a likelihood of serious harm; or

(2) Such person was taken into custody as a result of conduct in which he or she attempted or inflicted physical harm upon the person of another or himself or herself, or substantial damage upon the property of others, and continues to present, as a result of mental disorder, a likelihood of serious harm; or

(3) Such person has been determined to be incompetent and criminal charges have been dismissed pursuant to RCW 10.77.086(4), and has committed acts constituting a felony, and as a result of a mental disorder, presents a substantial likelihood of repeating similar acts.

(a) In any proceeding pursuant to this subsection it shall not be necessary to show intent, willfulness, or state of mind as an element of the crime;

(b) For any person subject to commitment under this subsection where the charge underlying the finding of incompetence is for a felony classified as violent under RCW 9.94A.030, the court shall determine whether the acts the person committed constitute a violent offense under RCW 9.94A.030; or

(4) Such person is gravely disabled; or

(5) Such person is in need of assisted outpatient mental health treatment.

Sec. 19. RCW 71.05.290 and 2009 c 217 s 3 are each amended to read as follows:

(1) At any time during a person's fourteen day intensive treatment period, the professional person in charge of a treatment facility or his or her professional designee or the designated mental health professional may petition the superior court for an order requiring such person to undergo an additional period of treatment. Such petition must be based on one or more of the grounds set forth in RCW 71.05.280.

(2) The petition shall summarize the facts which support the need for further confinement and shall be supported by affidavits signed by:

(a) Two examining physicians;

(b) One examining physician and examining mental health professional;

(c) Two psychiatric advanced registered nurse practitioners;

(d) One psychiatric advanced registered nurse practitioner and a mental health professional; or

(e) An examining physician and an examining psychiatric advanced registered nurse practitioner. The affidavits shall describe in detail the behavior of the detained person which supports the petition and shall explain what, if any, less restrictive treatments which are alternatives to detention are available to such person, and shall state the willingness of the affiant to testify to such facts in subsequent judicial proceedings under this chapter. If less restrictive alternative treatment is sought, the petition shall set forth a proposed plan for less restrictive alternative treatment in accordance with section 15 of this act.

(3) If a person has been determined to be incompetent pursuant to RCW 10.77.086(4), then the professional person in charge of the treatment facility or his or her professional designee or the designated mental health professional may directly file a petition for one hundred eighty day treatment under RCW 71.05.280(3). No petition for initial detention or fourteen day detention is required before such a petition may be filed.

Sec. 20. RCW 71.05.320 and 2013 c 289 s 5 are each amended to read as follows:

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment. If the court or jury finds that the grounds set forth in RCW 71.05.280(5) have been proven, and provide the only basis for commitment, the court must enter an order for less restrictive alternative treatment for up to ninety days from the date of judgment and may not order inpatient treatment.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must identify the services the person will receive, in accordance with section 15 of this act. If the petitioner did not set forth a proposed plan for less restrictive alternative services, the court may postpone the issuance of the order for up to five judicial days and require the petitioner to submit a proposal for less restrictive alternative services. The court may order additional evaluation of the person if necessary to identify appropriate services.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the

designated mental health professional, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of mental disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder or developmental disability a likelihood of serious harm; or

(c)(i) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty day period whenever the petition presents prima facie evidence that the person continues to suffer from a mental disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the mental disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge from the state hospital; or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient mental health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

~~((4) For a person committed under subsection (2) of this section who has been remanded to a period of less restrictive treatment, in addition to the grounds specified in subsection (3) of this section, the designated mental health professional may file a new petition for continued less restrictive treatment if:~~

~~(a) The person was previously committed by a court to detention for involuntary mental health treatment during the thirty-six months that preceded the person's initial detention date during the current involuntary commitment cycle, excluding any time spent in a mental health facility or in confinement as a result of a criminal conviction;~~

~~(b) In view of the person's treatment history or current behavior, the person is unlikely to voluntarily participate in outpatient treatment without an order for less restrictive treatment; and~~

~~(c) Outpatient treatment that would be provided under a less restrictive treatment order is necessary to prevent a relapse, decompensation, or deterioration that is likely to result in the person presenting a likelihood of serious harm or the person becoming gravely disabled within a reasonably short period of time.) If less restrictive alternative treatment is sought, the petition shall set forth a proposed plan for less restrictive alternative services in accordance with section 15 of this act.~~

(5) A new petition for involuntary treatment filed under subsection ~~((3)-(5))~~ (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown

for a change of venue. The cost of the proceedings shall be borne by the state.

(6)(a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's order is based solely on the grounds identified in subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must identify the services the person will receive, in accordance with section 15 of this act. If the petitioner did not set forth a proposed plan for less restrictive alternative services, the court may postpone the issuance of the order for up to five judicial days and require the petitioner to submit a proposal for less restrictive alternative services. The court may order additional evaluation of the person if necessary to identify appropriate services.

(b) At the end of the one hundred eighty day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released unless a petition for ~~((another))~~ an additional one hundred eighty day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment. However, a commitment solely on the grounds identified in subsection (4)(e) of this section is not permissible under this subsection ((4) of this section)) if ((thirty six months have passed since the last date of discharge from detention for inpatient treatment that preceded the current less restrictive alternative order, nor shall a commitment under subsection (4) of this section be permissible if)) the likelihood of serious harm ~~((in subsection (4)(c) of this section))~~ as described in RCW 71.05.020(4)(e) is based solely on harm to the property of others.

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

Sec. 21. RCW 71.05.340 and 2009 c 322 s 1 are each amended to read as follows:

(1)(a) When, in the opinion of the superintendent or the professional person in charge of the hospital or facility providing involuntary treatment, the committed person can be appropriately served by outpatient treatment prior to or at the expiration of the period of commitment, then such outpatient care may be required as a term of conditional release for a period which, when added to the inpatient treatment period, shall not exceed the period of commitment. If the hospital or facility designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility. A copy of the terms of conditional release shall be given to the patient, the designated mental health professional in the county in which the patient is to receive outpatient treatment, and to the court of original commitment.

(b) Before a person committed under grounds set forth in RCW 71.05.280(3) or 71.05.320~~((3))~~ (4)(c) is conditionally released under (a) of this subsection, the superintendent or

professional person in charge of the hospital or facility providing involuntary treatment shall in writing notify the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision to conditionally release the person. Notice and a copy of the terms of conditional release shall be provided at least thirty days before the person is released from inpatient care. Within twenty days after receiving notice, the prosecuting attorney may petition the court in the county that issued the commitment order to hold a hearing to determine whether the person may be conditionally released and the terms of the conditional release. The prosecuting attorney shall provide a copy of the petition to the superintendent or professional person in charge of the hospital or facility providing involuntary treatment, the attorney, if any, and guardian or conservator of the committed person, and the court of original commitment. If the county in which the committed person is to receive outpatient treatment is the same county in which the criminal charges against the committed person were dismissed, then the court shall, upon the motion of the prosecuting attorney, transfer the proceeding to the court in that county. The court shall conduct a hearing on the petition within ten days of the filing of the petition. The committed person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as set forth in this subsection and except that there shall be no right to jury trial. The issue to be determined at the hearing is whether or not the person may be conditionally released without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security. If the court disapproves of the conditional release, it may do so only on the basis of substantial evidence. Pursuant to the determination of the court upon the hearing, the conditional release of the person shall be approved by the court on the same or modified conditions or the person shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed, or otherwise in accordance with the provisions of this chapter.

(2) The hospital or facility designated to provide outpatient care or the secretary may modify the conditions for continued release when such modification is in the best interest of the person. Notification of such changes shall be sent to all persons receiving a copy of the original conditions.

(3)(a) If the hospital or facility designated to provide outpatient care, the designated mental health professional, or the secretary determines that:

(i) A conditionally released person is failing to adhere to the terms and conditions of his or her release;

(ii) Substantial deterioration in a conditionally released person's functioning has occurred;

(iii) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or

(iv) The person poses a likelihood of serious harm.

Upon notification by the hospital or facility designated to provide outpatient care, or on his or her own motion, the designated mental health professional or the secretary may order that the conditionally released person be apprehended and taken into custody and temporarily detained in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment.

(b) The hospital or facility designated to provide outpatient treatment shall notify the secretary or designated mental health professional when a conditionally released person fails to adhere to terms and conditions of his or her conditional release or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm. The designated mental health professional or secretary shall order the

person apprehended and temporarily detained in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment.

(c) A person detained under this subsection (3) shall be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been conditionally released. The designated mental health professional or the secretary may modify or rescind such order at any time prior to commencement of the court hearing.

(d) The court that originally ordered commitment shall be notified within two judicial days of a person's detention under the provisions of this section, and the designated mental health professional or the secretary shall file his or her petition and order of apprehension and detention with the court that originally ordered commitment or with the court in the county in which the person is detained and serve them upon the person detained. His or her attorney, if any, and his or her guardian or conservator, if any, shall receive a copy of such papers as soon as possible. Such person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as specifically set forth in this section and except that there shall be no right to jury trial. The venue for proceedings regarding a petition for modification or revocation of an order for conditional release shall be in the county in which the petition was filed. The issues to be determined shall be: (i) Whether the conditionally released person did or did not adhere to the terms and conditions of his or her conditional release; (ii) that substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the conditions listed in this subsection (3)(d) have occurred, whether the terms of conditional release should be modified or the person should be returned to the facility. If any of the conditions listed in this subsection (3)(d) have occurred and the person is committed solely based on being in need of assisted outpatient mental health treatment, the court shall determine whether the terms of the order should be modified or if proceedings should be initiated under RCW 71.05.150.

(e) In determining whether or not to modify the terms of conditional release or return the person to the facility:

(i) The court must consider the symptoms and behavior of the person in light of all available evidence concerning the person's historical behavior, which may include information provided by credible witnesses as defined in RCW 71.05.212(2); and

(ii) If the petition is based on the person's failure to adhere to the terms or conditions of his or her release, the court must give great weight to information regarding symptoms or behavior that: (A) Are closely associated with symptoms or behavior which preceded and led to a past incident of involuntary hospitalization, severe deterioration, or one or more violent acts; (B) represent a marked and concerning change in the baseline behavior of the person; and (C) indicate that without modified terms or return of the person to the facility, continued deterioration is probable.

(f) Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed for involuntary treatment, or otherwise in accordance with the provisions of this chapter. Such hearing may be waived by the person and his or her counsel and his or her guardian or conservator, if any, but shall not be waivable unless all such persons agree to waive, and upon such waiver the person may be

returned for involuntary treatment or continued on conditional release on the same or modified conditions.

(4) The proceedings set forth in subsection (3) of this section may be initiated by the designated mental health professional or the secretary on the same basis set forth therein without requiring or ordering the apprehension and detention of the conditionally released person, in which case the court hearing shall take place in not less than five days from the date of service of the petition upon the conditionally released person. The petition may be filed in the court that originally ordered commitment or with the court in the county in which the person is present. The venue for the proceedings regarding the petition for modification or revocation of an order for conditional release shall be in the county in which the petition was filed.

Upon expiration of the period of commitment, or when the person is released from outpatient care, notice in writing to the court which committed the person for treatment shall be provided.

(5) The grounds and procedures for revocation of less restrictive alternative treatment shall be the same as those set forth in this section for conditional releases, except that if inpatient treatment is sought for a person committed based solely on being in need of assisted outpatient mental health treatment, such treatment must be initiated under a new petition for involuntary treatment under RCW 71.05.150.

(6) In the event of a revocation of a conditional release, the subsequent treatment period may be for no longer than the actual period authorized in the original court order.

Sec. 22. RCW 71.05.730 and 2011 c 343 s 2 are each amended to read as follows:

(1) A county may apply to its regional support network on a quarterly basis for reimbursement of its direct costs in providing judicial services for civil commitment cases under this chapter and chapter 71.34 RCW. The regional support network shall in turn be entitled to reimbursement from the regional support network that serves the county of residence of the individual who is the subject of the civil commitment case. Reimbursements under this section shall be paid out of the regional support network's nonmedicaid appropriation.

(2) Reimbursement for judicial services shall be provided per civil commitment case at a rate to be determined based on an independent assessment of the county's actual direct costs. This assessment must be based on an average of the expenditures for judicial services within the county over the past three years. In the event that a baseline cannot be established because there is no significant history of similar cases within the county, the reimbursement rate shall be equal to eighty percent of the median reimbursement rate of counties included in the independent assessment.

(3) For the purposes of this section:

(a) "Civil commitment case" includes all judicial hearings related to a single episode of hospitalization(⌘) or less restrictive alternative (~~(detention in lieu of hospitalization))~~ treatment, except that the filing of a petition for a one hundred eighty-day commitment under this chapter or a petition for a successive one hundred eighty-day commitment under chapter 71.34 RCW shall be considered to be a new case regardless of whether there has been a break in detention. "Civil commitment case" does not include the filing of a petition for a one hundred eighty-day commitment under this chapter on behalf of a patient at a state psychiatric hospital.

(b) "Judicial services" means a county's reasonable direct costs in providing prosecutor services, assigned counsel and defense services, court services, and court clerk services for civil commitment cases under this chapter and chapter 71.34 RCW.

(4) To the extent that resources have shared purpose, the regional support network may only reimburse counties to the

extent such resources are necessary for and devoted to judicial services as described in this section.

(5) No filing fee may be charged or collected for any civil commitment case subject to reimbursement under this section.

Sec. 23. RCW 71.05.730 and 2014 c 225 s 87 are each amended to read as follows:

(1) A county may apply to its behavioral health organization on a quarterly basis for reimbursement of its direct costs in providing judicial services for civil commitment cases under this chapter and chapter 71.34 RCW. The behavioral health organization shall in turn be entitled to reimbursement from the behavioral health organization that serves the county of residence of the individual who is the subject of the civil commitment case. Reimbursements under this section shall be paid out of the behavioral health organization's nonmedicaid appropriation.

(2) Reimbursement for judicial services shall be provided per civil commitment case at a rate to be determined based on an independent assessment of the county's actual direct costs. This assessment must be based on an average of the expenditures for judicial services within the county over the past three years. In the event that a baseline cannot be established because there is no significant history of similar cases within the county, the reimbursement rate shall be equal to eighty percent of the median reimbursement rate of counties included in the independent assessment.

(3) For the purposes of this section:

(a) "Civil commitment case" includes all judicial hearings related to a single episode of hospitalization(⌘) or less restrictive alternative (~~(detention in lieu of hospitalization))~~ treatment, except that the filing of a petition for a one hundred eighty-day commitment under this chapter or a petition for a successive one hundred eighty-day commitment under chapter 71.34 RCW shall be considered to be a new case regardless of whether there has been a break in detention. "Civil commitment case" does not include the filing of a petition for a one hundred eighty-day commitment under this chapter on behalf of a patient at a state psychiatric hospital.

(b) "Judicial services" means a county's reasonable direct costs in providing prosecutor services, assigned counsel and defense services, court services, and court clerk services for civil commitment cases under this chapter and chapter 71.34 RCW.

(4) To the extent that resources have shared purpose, the behavioral health organization may only reimburse counties to the extent such resources are necessary for and devoted to judicial services as described in this section.

(5) No filing fee may be charged or collected for any civil commitment case subject to reimbursement under this section.

NEW SECTION. Sec. 24. A new section is added to chapter 71.05 RCW to read as follows:

(1) Less restrictive alternative treatment, at a minimum, includes the following services:

- (a) Assignment of a care coordinator;
- (b) An intake evaluation with the provider of the less restrictive alternative treatment;
- (c) A psychiatric evaluation;
- (d) Medication management;
- (e) A schedule of regular contacts with the provider of the less restrictive alternative treatment services for the duration of the order;

(f) A transition plan addressing access to continued services at the expiration of the order; and

(g) An individual crisis plan.

(2) Less restrictive alternative treatment may additionally include the following services:

- (a) Psychotherapy;
- (b) Nursing;

- (c) Substance abuse counseling; and
- (d) Support for housing, benefits, education, and employment.

NEW SECTION. Sec. 25. A new section is added to chapter 71.05 RCW to read as follows:

A court order for less restrictive alternative treatment for a person found to be in need of assisted outpatient mental health treatment must be terminated prior to the expiration of the order when, in the opinion of the professional person in charge of the less restrictive alternative treatment provider, (1) the person is prepared to accept voluntary treatment, or (2) the outpatient treatment ordered is no longer necessary to prevent a relapse, decompensation, or deterioration that is likely to result in the person presenting a likelihood of serious harm or the person becoming gravely disabled within a reasonably short period of time.

Sec. 26. RCW 71.24.330 and 2013 c 320 s 9 are each amended to read as follows:

(1)(a) Contracts between a regional support network and the department shall include mechanisms for monitoring performance under the contract and remedies for failure to substantially comply with the requirements of the contract including, but not limited to, financial penalties, termination of the contract, and reprocurement of the contract.

(b) The department shall incorporate the criteria to measure the performance of service coordination organizations into contracts with regional support networks as provided in chapter 70.320 RCW.

(2) The regional support network procurement processes shall encourage the preservation of infrastructure previously purchased by the community mental health service delivery system, the maintenance of linkages between other services and delivery systems, and maximization of the use of available funds for services versus profits. However, a regional support network selected through the procurement process is not required to contract for services with any county-owned or operated facility. The regional support network procurement process shall provide that public funds appropriated by the legislature shall not be used to promote or deter, encourage, or discourage employees from exercising their rights under Title 29, chapter 7, subchapter II, United States Code or chapter 41.56 RCW.

(3) In addition to the requirements of RCW 71.24.035, contracts shall:

(a) Define administrative costs and ensure that the regional support network does not exceed an administrative cost of ten percent of available funds;

(b) Require effective collaboration with law enforcement, criminal justice agencies, and the chemical dependency treatment system;

(c) Require substantial implementation of department adopted integrated screening and assessment process and matrix of best practices;

(d) Maintain the decision-making independence of designated mental health professionals;

(e) Except at the discretion of the secretary or as specified in the biennial budget, require regional support networks to pay the state for the costs associated with individuals who are being served on the grounds of the state hospitals and who are not receiving long-term inpatient care as defined in RCW 71.24.025;

(f) Include a negotiated alternative dispute resolution clause; ~~((and))~~

Sec. 103. RCW 70.96A.140 and 2001 c 13 s 3 are each amended to read as follows:

(1)(a) When a designated chemical dependency specialist receives information alleging that a person presents a likelihood of serious harm or is gravely disabled as a result of chemical

dependency, the designated chemical dependency specialist, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court, district court, or in another court permitted by court rule.

If a petition for commitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the designated chemical dependency specialist's report.

If the designated chemical dependency specialist finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to either a (~~county~~) designated mental health professional or an evaluation and treatment facility as defined in RCW 71.05.020 or 71.34.020.

(b) If placement in a chemical dependency program is available and deemed appropriate, the petition shall allege that: The person is chemically dependent and presents a likelihood of serious harm or is gravely disabled by alcohol or drug addiction, or that the person has twice before in the preceding twelve months been admitted for detoxification, sobering services, or chemical dependency treatment pursuant to RCW 70.96A.110 or 70.96A.120, and is in need of a more sustained treatment program, or that the person is chemically dependent and has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment, by itself, does not constitute evidence of lack of judgment as to the need for treatment. (~~The petition shall be accompanied by a certificate of a licensed physician who has examined the person within five days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician's findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.~~)

(c) If involuntary detention is sought, the petition must state facts that support a finding of the grounds identified in (b) of this subsection and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition must state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition must state facts that support a finding of the grounds for commitment identified in (b) of this subsection and set forth the proposed less restrictive alternative.

(d)(i) The petition must be signed by:

(A) Two licensed physicians;

(B) One licensed physician and a mental health professional;

(C) Two psychiatric advanced registered nurse practitioners;

(D) Two physician assistants;

(E) One mental health professional and either a psychiatric advanced registered nurse practitioner or a physician assistant; or

(F) One licensed physician and either a psychiatric advanced registered nurse practitioner or physician assistant.

(ii) The persons signing the petition must have examined the person.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than two and no more than seven days after the date the petition was filed unless the person petitioned against is presently being detained in a program, pursuant to RCW

70.96A.120, 71.05.210, or (~~(71.34.050)~~) 71.34.710, in which case the hearing shall be held within seventy-two hours of the filing of the petition: PROVIDED, HOWEVER, That the above specified seventy-two hours shall be computed by excluding Saturdays, Sundays, and holidays: PROVIDED FURTHER, That, the court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his or her counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served by the designated chemical dependency specialist on the person whose commitment is sought, his or her next of kin, a parent or his or her legal guardian if he or she is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony(~~(s)~~) including, if possible, the testimony, which may be telephonic, of at least one licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, or mental health professional who has examined the person whose commitment is sought. Communications otherwise deemed privileged under the laws of this state are deemed to be waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that the waiver is necessary to protect either the detained person or the public. The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person, or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical, nursing, or psychological records of detained persons so long as the requirements of RCW 5.45.020 are met, except that portions of the record that contain opinions as to whether the detained person is chemically dependent shall be deleted from the records unless the person offering the opinions is available for cross-examination. The person shall be present unless the court believes that his or her presence is likely to be injurious to him or her; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him or her throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, or mental health professional, he or she shall be given an opportunity to be examined by a court appointed licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, or other professional person qualified to provide such services. If he or she refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him or her to the department for a period of not more than five days for purposes of a diagnostic examination.

(4)(a) If after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by (~~clear, cogent, and convincing proof~~) a preponderance of the evidence and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interest of the person or others, it shall make an order of commitment to an approved treatment program. It shall not order commitment of a person unless it determines that an approved treatment program is available and able to provide adequate and appropriate treatment for him or her.

(b) If the court finds that the grounds for commitment have been established by a preponderance of the evidence, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive course of treatment. The less restrictive order may impose treatment conditions and other conditions that are in the best interest of the respondent and others. A copy of the less restrictive order must be given to the respondent, the designated chemical dependency specialist, and any program designated to provide less restrictive treatment. If a program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. The court may not order commitment of a person to a less restrictive course of treatment unless it determines that an approved treatment program is available and able to provide adequate and appropriate treatment for him or her.

(5) A person committed to inpatient treatment under this section shall remain in the program for treatment for a period of ~~((sixty))~~ fourteen days unless sooner discharged. A person committed to a less restrictive course of treatment under this section shall remain in the program of treatment for a period of ninety days unless sooner discharged. At the end of the ~~((sixty))~~ fourteen-day period, or ninety-day period in the case of a less restrictive alternative to inpatient treatment, he or she shall be discharged automatically unless the program or the designated chemical dependency specialist, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days of inpatient treatment or ninety days of less restrictive alternative treatment unless sooner discharged. The petition for ninety-day inpatient or less restrictive alternative treatment must be filed with the clerk of the court at least three days before expiration of the fourteen-day period of intensive treatment.

If a petition for recommitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the treatment progress report.

If a person has been committed because he or she is chemically dependent and likely to inflict physical harm on another, the program or designated chemical dependency specialist shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) Upon the filing of a petition for recommitment under subsection (5) of this section, the court shall fix a date for hearing no less than two and no more than seven days after the date the petition was filed: PROVIDED, That, the court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment program on the person whose commitment is sought, his or her next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her legal guardian if he or she is a minor, and his or her attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsections (3) and (4) of this section, except that the burden of proof upon a hearing for recommitment must be proof by clear, cogent, and convincing evidence.

(7) The approved treatment program shall provide for adequate and appropriate treatment of a person committed to its custody on an inpatient or outpatient basis. A person committed under this section may be transferred from one approved public treatment program to another if transfer is medically advisable.

(8) A person committed to ~~((the custody of))~~ a program for treatment shall be discharged at any time before the end of the period for which he or she has been committed and he or she shall be discharged by order of the court if either of the following conditions are met:

(a) In case of a chemically dependent person committed on the grounds of likelihood of infliction of physical harm upon himself, herself, or another, the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of a chemically dependent person committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.

(9) The court shall inform the person whose commitment or recommitment is sought of his or her right to contest the application, be represented by counsel at every stage of any proceedings relating to his or her commitment and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his or her right to be examined by ~~((a))~~ his or her choice of licensed physician ((of his or her choice)), psychiatric advanced registered nurse practitioner, physician assistant, or other professional person to conduct an examination and testify on behalf of the person. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(10) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(11) The venue for proceedings under this section is the county in which person to be committed resides or is present.

(12) When in the opinion of the professional person in charge of the program providing involuntary inpatient treatment under this chapter, the committed patient can be appropriately served by less restrictive treatment before expiration of the period of commitment, then the less restrictive care may be required as a condition for early release for a period which, when added to the initial treatment period, does not exceed the period of commitment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated chemical dependency specialist of original commitment, and the court of original commitment. The program designated to provide less restrictive care may modify the conditions for continued release when the modifications are in the best interests of the patient. If the program providing less restrictive care and the designated chemical dependency specialist determine that a conditionally released patient is failing to adhere to the terms and conditions of his or her release, or that substantial deterioration in the patient's functioning has occurred, then the designated chemical dependency specialist shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the date of the request to determine whether or not the person should be returned to more restrictive care. The designated chemical dependency specialist shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The patient shall have the same rights

with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released patient did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the patient's functioning has occurred and whether the conditions of release should be modified or the person should be returned to a more restrictive program. The hearing may be waived by the patient and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. Upon waiver, the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions. The grounds and procedures for revocation of less restrictive alternative treatment ordered by the court must be the same as those set forth in this section for less restrictive care arranged by an approved treatment program as a condition for early release.

Sec. 104. RCW 70.96A.145 and 1993 c 137 s 1 are each amended to read as follows:

The prosecuting attorney of the county in which such action is taken (~~may, at the discretion of the prosecuting attorney,~~) shall represent the designated chemical dependency specialist or treatment program in judicial proceedings under RCW 70.96A.140 for the involuntary commitment or recommitment of an individual, including any judicial proceeding where the individual sought to be committed or recommitted challenges the action.

Upon a petition by a person who does not have a history of one or more violent acts, the court may, for good cause, find that public safety would not be enhanced by the sharing of this person's information.

(1) When a designated (~~(mental health professional)~~) crisis responder receives information alleging that a person, as a result of a mental disorder, substance use disorder, or both: (i) Presents a likelihood of serious harm; or (ii) is gravely disabled; the designated (~~(mental health professional)~~) crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention. Before filing the petition, the designated (~~(mental health professional)~~) crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at an evaluation and treatment facility, crisis stabilization unit, (~~(or)~~) triage facility, or approved substance use disorder treatment program.

(i) That there is probable cause to support the petition; and

(ii) That the person has refused or failed to accept appropriate evaluation and treatment voluntarily.

(b) The petition for initial detention, signed under penalty of perjury, or sworn telephonic testimony may be considered by the court in determining whether there are sufficient grounds for issuing the order.

(c) The order shall designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(d) A court may not issue an order to detain a person to a secure detoxification facility or approved substance use disorder treatment program unless there is available space at the facility or program.

(3) The designated (~~(mental health professional)~~) crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order together with a notice of rights, and a petition for initial detention. After service on such person the designated (~~(mental health professional)~~) crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program, and the designated attorney. The designated (~~(mental health professional)~~) crisis responder shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program. The person shall be permitted to be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other individual accompanying the person may be present during the admission evaluation. The facility may exclude the individual if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(4) The designated (~~(mental health professional)~~) crisis responder may notify a peace officer to take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program. At the time such person is taken into custody there shall commence to be served on such person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of rights and a petition for initial detention.

Sec. 210. RCW 71.05.150 and 2015 c ... s 209 (section 209 of this act) are each amended to read as follows:

(1) When a designated crisis responder receives information alleging that a person, as a result of a mental disorder, substance use disorder, or both: (i) Presents a likelihood of serious harm; or (ii) is gravely disabled; the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at an evaluation and treatment facility, crisis stabilization unit, triage facility, or approved substance use disorder treatment program.

(2)(a) An order to detain to a ~~((person with a mental disorder to a))~~ designated evaluation and treatment facility, ~~((or to detain a person with a substance use disorder to a))~~ secure detoxification facility, or approved substance use disorder treatment program~~((s))~~ for not more than a seventy-two-hour evaluation and treatment period may be issued by a judge of the superior court upon request of a designated crisis responder~~((s subject to (d) of this subsection))~~, whenever it appears to the satisfaction of a judge of the superior court:

(i) That there is probable cause to support the petition; and
(ii) That the person has refused or failed to accept appropriate evaluation and treatment voluntarily.

(b) The petition for initial detention, signed under penalty of perjury, or sworn telephonic testimony may be considered by the court in determining whether there are sufficient grounds for issuing the order.

(c) The order shall designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

~~((d) A court may not issue an order to detain a person to a secure detoxification facility or approved substance use disorder treatment program unless there is available space at the facility or program.))~~

(3) The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order together with a notice of rights, and a petition for initial detention. After service on such person the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program, and the designated attorney. The designated crisis responder shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program. The person shall be permitted to be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other individual accompanying the person may be present during the admission evaluation. The facility may exclude the individual if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(4) The designated crisis responder may notify a peace officer to take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program. At the time such person is taken into custody there shall commence to be served on such person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of rights and a petition for initial detention.

Sec. 211. RCW 71.05.153 and 2011 c 305 s 8 and 2011 c 148 s 2 are each reenacted and amended to read as follows:

(1) When a designated ~~((mental health professional))~~ crisis responder receives information alleging that a person, as the result of a mental disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated ~~((mental health~~

~~((c))~~ (b) A peace officer may not deliver a person to a secure detoxification facility or approved substance use disorder treatment program unless space is available at the facility or program.

(4) Persons delivered to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, ~~((or))~~ triage facility that has elected to operate as an involuntary facility, secure detoxification facility, or approved substance use disorder treatment program by peace officers pursuant to subsection ~~((2))~~ (3) of this section may be held by the facility for a period of up to twelve hours.

~~((4))~~ (5) Within three hours of arrival, the person must be examined by a mental health professional. Within twelve hours of arrival, the designated ~~((mental health professional))~~ crisis responder must determine whether the individual meets detention criteria. If the individual is detained, the designated ~~((mental health professional))~~ crisis responder shall file a petition for detention or a supplemental petition as appropriate and commence service on the designated attorney for the detained person. If the individual is released to the community, the mental health service provider shall inform the peace officer of the release within a reasonable period of time after the release if the peace officer has specifically requested notification and provided contact information to the provider.

~~((ii))~~ (b) When he or she has reasonable cause to believe that such person is suffering from a mental disorder or substance use disorder and presents an imminent likelihood of serious harm or is in imminent danger because of being gravely disabled.

~~((b) A peace officer may not deliver a person to a secure detoxification facility or approved substance use disorder treatment program unless space is available at the facility or program.)~~

(4) Persons delivered to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, triage facility that has elected to operate as an involuntary facility, secure detoxification facility, or approved substance use disorder treatment program by peace officers pursuant to subsection (3) of this section may be held by the facility for a period of up to twelve hours.

If the individual is detained, the designated crisis responder shall file a petition for detention or a supplemental petition as appropriate and commence service on the designated attorney for the detained person. If the individual is released to the community, the mental health service provider shall inform the peace officer of the release within a reasonable period of time after the release if the peace officer has specifically requested notification and provided contact information to the provider.

Sec. 213. RCW 71.05.154 and 2013 c 334 s 1 are each amended to read as follows:

A designated ~~((mental health professional))~~ crisis responder conducting an evaluation of a person under RCW 71.05.150 or 71.05.153 must consult with any examining emergency room physician regarding the physician's observations and opinions relating to the person's condition, and whether, in the view of the physician, detention is appropriate. The designated ~~((mental health professional))~~ crisis responder shall take serious consideration of observations and opinions by examining emergency room physicians in determining whether detention under this chapter is appropriate. The designated ~~((mental health professional))~~ crisis responder must document the consultation with an examining emergency room physician, including the physician's observations or opinions regarding whether detention of the person is appropriate.

Sec. 214. RCW 71.05.156 and 2013 c 334 s 2 are each amended to read as follows:

A designated ~~((mental health professional))~~ crisis responder who conducts an evaluation for imminent likelihood of serious harm or imminent danger because of being gravely disabled under RCW 71.05.153 must also evaluate the person under RCW 71.05.150 for likelihood of serious harm or grave disability that does not meet the imminent standard for emergency detention.

Sec. 215. RCW 71.05.157 and 2007 c 375 s 9 are each amended to read as follows:

(1) When a designated ~~((mental health professional))~~ crisis responder is notified by a jail that a defendant or offender who was subject to a discharge review under RCW 71.05.232 is to be released to the community, the designated ~~((mental health professional))~~ crisis responder shall evaluate the person within seventy-two hours of release.

(2) When an offender is under court-ordered treatment in the community and the supervision of the department of corrections, and the treatment provider becomes aware that the person is in violation of the terms of the court order, the treatment provider shall notify the designated ~~((mental health professional))~~ crisis responder and the department of corrections of the violation and request an evaluation for purposes of revocation of the less restrictive alternative.

(3) When a designated ~~((mental health professional))~~ crisis responder becomes aware that an offender who is under court-ordered treatment in the community and the supervision of the department of corrections is in violation of a treatment order or a condition of supervision that relates to public safety, or the designated ~~((mental health professional))~~ crisis responder detains a person under this chapter, the designated ~~((mental health professional))~~ crisis responder shall notify the person's treatment provider and the department of corrections.

(4) When an offender who is confined in a state correctional facility or is under supervision of the department of corrections in the community is subject to a petition for involuntary treatment under this chapter, the petitioner shall notify the department of corrections and the department of corrections shall provide documentation of its risk assessment or other concerns to the petitioner and the court if the department of corrections classified the offender as a high risk or high needs offender.

(5) Nothing in this section creates a duty on any treatment provider or designated ~~((mental health professional))~~ crisis responder to provide offender supervision.

(6) No jail or state correctional facility may be considered a less restrictive alternative to an evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program.

Sec. 216. RCW 71.05.160 and 2007 c 375 s 13 are each amended to read as follows:

Any facility receiving a person pursuant to RCW 71.05.150 or 71.05.153 shall require the designated ~~((mental health professional))~~ crisis responder to prepare a petition for initial detention stating the circumstances under which the person's condition was made known and stating that there is evidence, as a result of his or her personal observation or investigation, that the actions of the person for which application is made constitute a likelihood of serious harm, or that he or she is gravely disabled, and stating the specific facts known to him or her as a result of his or her personal observation or investigation, upon which he or she

bases the belief that such person should be detained for the purposes and under the authority of this chapter.

If a person is involuntarily placed in an evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program pursuant to RCW 71.05.150 or 71.05.153, on the next judicial day following the initial detention, the designated ~~((mental health professional))~~ crisis responder shall file with the court and serve the designated attorney of the detained person the petition or supplemental petition for initial detention, proof of service of notice, and a copy of a notice of emergency detention.

Sec. 217. RCW 71.05.170 and 2000 c 94 s 5 are each amended to read as follows:

Whenever the ~~((county))~~ designated ~~((mental health professional))~~ crisis responder petitions for detention of a person whose actions constitute a likelihood of serious harm, or who is gravely disabled, the facility providing seventy-two hour evaluation and treatment must immediately accept on a provisional basis the petition and the person. The facility shall then evaluate the person's condition and admit, detain, transfer, or discharge such person in accordance with RCW 71.05.210. The facility shall notify in writing the court and the ~~((county))~~ designated ~~((mental health professional))~~ crisis responder of the date and time of the initial detention of each person involuntarily detained in order that a probable cause hearing shall be held no later than seventy-two hours after detention.

The duty of a state hospital to accept persons for evaluation and treatment under this section shall be limited by chapter 71.24 RCW.

Sec. 218. RCW 71.05.180 and 1997 c 112 s 12 are each amended to read as follows:

If the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program admits the person, it may detain him or her for evaluation and treatment for a period not to exceed seventy-two hours from the time of acceptance as set forth in RCW 71.05.170. The computation of such seventy-two hour period shall exclude Saturdays, Sundays and holidays.

Sec. 219. RCW 71.05.190 and 2011 c 305 s 3 are each amended to read as follows:

If the person is not approved for admission by a facility providing seventy-two hour evaluation and treatment, and the individual has not been arrested, the facility shall furnish transportation, if not otherwise available, for the person to his or her place of residence or other appropriate place. If the individual has been arrested, the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program shall detain the individual for not more than eight hours at the request of the peace officer. The facility shall make reasonable attempts to contact the requesting peace officer during this time to inform the peace officer that the person is not approved for admission in order to enable a peace officer to return to the facility and take the individual back into custody.

Sec. 220. RCW 71.05.195 and 2010 c 208 s 1 are each amended to read as follows:

(1) A civil commitment may be initiated under the procedures described in RCW 71.05.150 or 71.05.153 for a person who has been found not guilty by reason of insanity in a state other

than Washington and who has fled from detention, commitment, or conditional release in that state, on the basis of a request by the state in which the person was found not guilty by reason of insanity for the person to be detained and transferred back to the custody or care of the requesting state. A finding of likelihood of serious harm or grave disability is not required for a commitment under this section. The detention may occur at either an evaluation and treatment facility or a state hospital. The petition for seventy-two hour detention filed by the designated ~~((mental health professional))~~ crisis responder must be accompanied by the following documents:

(a) A copy of an order for detention, commitment, or conditional release of the person in a state other than Washington on the basis of a judgment of not guilty by reason of insanity;

(b) A warrant issued by a magistrate in the state in which the person was found not guilty by reason of insanity indicating that the person has fled from detention, commitment, or conditional release in that state and authorizing the detention of the person within the state in which the person was found not guilty by reason of insanity;

(c) A statement from the executive authority of the state in which the person was found not guilty by reason of insanity requesting that the person be returned to the requesting state and agreeing to facilitate the transfer of the person to the requesting state.

(2) The person shall be entitled to a probable cause hearing within the time limits applicable to other detentions under this chapter and shall be afforded the rights described in this chapter including the right to counsel. At the probable cause hearing, the court shall determine the identity of the person and whether the other requirements of this section are met. If the court so finds, the court may order continued detention in a treatment facility for up to thirty days for the purpose of the transfer of the person to the custody or care of the requesting state. The court may order a less restrictive alternative to detention only under conditions which ensure the person's safe transfer to the custody or care of the requesting state within thirty days without undue risk to the safety of the person or others.

(3) For the purposes of this section, "not guilty by reason of insanity" shall be construed to include any provision of law which is generally equivalent to a finding of criminal insanity within the state of Washington; and "state" shall be construed to mean any state, district, or territory of the United States.

Sec. 221. RCW 71.05.210 and 2009 c 217 s 1 are each amended to read as follows:

Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program (1) shall, within twenty-four hours of his or her admission or acceptance at the facility, be examined and evaluated by (a) a licensed physician who may be assisted by a physician assistant according to chapter 18.71A RCW and a mental health professional, (b) an advanced registered nurse practitioner according to chapter 18.79 RCW and a mental health professional, or (c) a licensed physician and a psychiatric advanced registered nurse practitioner and (2) shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.340, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (a) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (b) emergency lifesaving treatment, and the individual shall be informed at an appropriate

time of his or her right of such refusal. The person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

If, after examination and evaluation, the mental health professional and licensed physician or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a ((chemical dependency)) substance use disorder treatment facility, or, if detained to a secure detoxification facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to ((an approved treatment program defined under RCW 70.96A.020)) the more appropriate placement; however, a person may only be referred to a secure detoxification facility or approved substance use disorder treatment program if space is available in the facility or program.

An evaluation and treatment center, secure detoxification facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated ((mental health professional)) crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 222. RCW 71.05.210 and 2015 c ... s 221 (section 221 of this act) are each amended to read as follows:

Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program (1) shall, within twenty-four hours of his or her admission or acceptance at the facility, be examined and evaluated by (a) a licensed physician who may be assisted by a physician assistant according to chapter 18.71A RCW and a mental health professional, (b) an advanced registered nurse practitioner according to chapter 18.79 RCW and a mental health professional, or (c) a licensed physician and a psychiatric advanced registered nurse practitioner and (2) shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.340, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (a) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (b) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

If, after examination and evaluation, the mental health professional and licensed physician or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment facility, or, if detained to a secure detoxification facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement ((; however, a person may only be referred to a secure detoxification facility or approved substance use disorder treatment program if space is available in the facility or program)).

An evaluation and treatment center, secure detoxification facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 223. RCW 71.05.212 and 2010 c 280 s 2 are each amended to read as follows:

(1) Whenever a designated ((mental health professional)) crisis responder or professional person is conducting an evaluation under this chapter, consideration shall include all reasonably available information from credible witnesses and records regarding:

- (a) Prior recommendations for evaluation of the need for civil commitments when the recommendation is made pursuant to an evaluation conducted under chapter 10.77 RCW;
- (b) Historical behavior, including history of one or more violent acts;
- (c) Prior determinations of incompetency or insanity under chapter 10.77 RCW; and
- (d) Prior commitments under this chapter.

(2) Credible witnesses may include family members, landlords, neighbors, or others with significant contact and history of involvement with the person. If the designated ((mental health professional)) crisis responder relies upon information from a credible witness in reaching his or her decision to detain the individual, then he or she must provide contact information for any such witness to the prosecutor. The designated ((mental health professional)) crisis responder or prosecutor shall provide notice of the date, time, and location of the probable cause hearing to such a witness.

(3) Symptoms and behavior of the respondent which standing alone would not justify civil commitment may support a finding of grave disability or likelihood of serious harm when:

- (a) Such symptoms or behavior are closely associated with symptoms or behavior which preceded and led to a past incident of involuntary hospitalization, severe deterioration, or one or more violent acts;
- (b) These symptoms or behavior represent a marked and concerning change in the baseline behavior of the respondent; and
- (c) Without treatment, the continued deterioration of the respondent is probable.

(4) When conducting an evaluation for offenders identified under RCW 72.09.370, the designated ((mental health professional)) crisis responder or professional person shall consider an offender's history of judicially required or administratively ordered antipsychotic medication while in confinement.

Sec. 224. RCW 71.05.214 and 1998 c 297 s 26 are each amended to read as follows:

The department shall develop statewide protocols to be utilized by professional persons and ~~((county))~~ designated ~~((mental health professionals))~~ crisis responders in administration of this chapter and chapter 10.77 RCW. The protocols shall be updated at least every three years. The protocols shall provide uniform development and application of criteria in evaluation and commitment recommendations, of persons who have, or are alleged to have, mental disorders or substance use disorders and are subject to this chapter.

The initial protocols shall be developed not later than September 1, 1999. The department shall develop and update the protocols in consultation with representatives of ~~((county))~~ designated ~~((mental health professionals))~~ crisis responders, local government, law enforcement, county and city prosecutors, public defenders, and groups concerned with mental illness and substance use disorders. The protocols shall be submitted to the governor and legislature upon adoption by the department.

Sec. 225. RCW 71.05.215 and 2008 c 156 s 2 are each amended to read as follows:

(1) A person found to be gravely disabled or presents a likelihood of serious harm as a result of a mental disorder or substance use disorder has a right to refuse antipsychotic medication unless it is determined that the failure to medicate may result in a likelihood of serious harm or substantial deterioration or substantially prolong the length of involuntary commitment and there is no less intrusive course of treatment than medication in the best interest of that person.

(2) The department shall adopt rules to carry out the purposes of this chapter. These rules shall include:

(a) An attempt to obtain the informed consent of the person prior to administration of antipsychotic medication.

(b) For short-term treatment up to thirty days, the right to refuse antipsychotic medications unless there is an additional concurring medical opinion approving medication by a psychiatrist, psychiatric advanced registered nurse practitioner, or physician in consultation with a mental health professional with prescriptive authority.

(c) For continued treatment beyond thirty days through the hearing on any petition filed under RCW 71.05.217, the right to periodic review of the decision to medicate by the medical director or designee.

(d) Administration of antipsychotic medication in an emergency and review of this decision within twenty-four hours. An emergency exists if the person presents an imminent likelihood of serious harm, and medically acceptable alternatives to administration of antipsychotic medications are not available or are unlikely to be successful; and in the opinion of the physician or psychiatric advanced registered nurse practitioner, the person's condition constitutes an emergency requiring the treatment be instituted prior to obtaining a second medical opinion.

(e) Documentation in the medical record of the attempt by the physician or psychiatric advanced registered nurse practitioner to obtain informed consent and the reasons why antipsychotic medication is being administered over the person's objection or lack of consent.

Sec. 226. RCW 71.05.220 and 1997 c 112 s 17 are each amended to read as follows:

At the time a person is involuntarily admitted to an evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program, the

professional person in charge or his or her designee shall take reasonable precautions to inventory and safeguard the personal property of the person detained. A copy of the inventory, signed by the staff member making it, shall be given to the person detained and shall, in addition, be open to inspection to any responsible relative, subject to limitations, if any, specifically imposed by the detained person. For purposes of this section, "responsible relative" includes the guardian, conservator, attorney, spouse, parent, adult child, or adult brother or sister of the person. The facility shall not disclose the contents of the inventory to any other person without the consent of the patient or order of the court.

Sec. 227. RCW 71.05.230 and 2011 c 343 s 9 are each amended to read as follows:

A person detained for seventy-two hour evaluation and treatment may be detained for not more than fourteen additional days of involuntary intensive treatment or ninety additional days of a less restrictive alternative to involuntary intensive treatment. A petition may only be filed if the following conditions are met:

(1) The professional staff of the agency or facility providing evaluation services has analyzed the person's condition and finds that the condition is caused by mental disorder or substance use disorder and either results in a likelihood of serious harm, or results in the detained person being gravely disabled and are prepared to testify those conditions are met; and

(2) The person has been advised of the need for voluntary treatment and the professional staff of the facility has evidence that he or she has not in good faith volunteered; and

(3) The facility providing intensive treatment is certified to provide such treatment by the department; and

(4) The professional staff of the agency or facility or the designated ~~((mental health professional))~~ crisis responder has filed a petition for fourteen day involuntary detention or a ninety day less restrictive alternative with the court. The petition must be signed either by:

(a) Two physicians;

(b) One physician and a mental health professional;

(c) Two psychiatric advanced registered nurse practitioners;

(d) Two physician assistants;

(e) One mental health professional and either a psychiatric advanced registered nurse practitioner ~~((and a mental health professional))~~ or a physician assistant; or

~~((e) A))~~ (f) One physician and either a psychiatric advanced registered nurse practitioner or physician assistant. The persons signing the petition must have examined the person. If involuntary detention is sought the petition shall state facts that support the finding that such person, as a result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition shall state facts that support the finding that such person, as a result of a mental disorder or as a result of a substance use disorder, presents a likelihood of serious harm, or is gravely disabled and shall set forth the less restrictive alternative proposed by the facility; and

(5) A copy of the petition has been served on the detained person, his or her attorney and his or her guardian or conservator, if any, prior to the probable cause hearing; and

(6) The court at the time the petition was filed and before the probable cause hearing has appointed counsel to represent such person if no other counsel has appeared; and

(7) The petition reflects that the person was informed of the loss of firearm rights if involuntarily committed for mental health treatment or treatment of a substance use disorder that is based on use of a controlled substance; and

(8) At the conclusion of the initial commitment period, the professional staff of the agency or facility or the designated ~~((mental health professional))~~ crisis responder may petition for an additional period of either ninety days of less restrictive alternative treatment or ninety days of involuntary intensive treatment as provided in RCW 71.05.290; and

(9) If the hospital or facility designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated has agreed to assume such responsibility.

Sec. 228. RCW 71.05.235 and 2008 c 213 s 5 are each amended to read as follows:

(1) If an individual is referred to a designated ~~((mental health professional))~~ crisis responder under RCW 10.77.088(1)(b)(i), the designated ~~((mental health professional))~~ crisis responder shall examine the individual within forty-eight hours. If the designated ~~((mental health professional))~~ crisis responder determines it is not appropriate to detain the individual or petition for a ninety-day less restrictive alternative under RCW 71.05.230(4), that decision shall be immediately presented to the superior court for hearing. The court shall hold a hearing to consider the decision of the designated ~~((mental health professional))~~ crisis responder not later than the next judicial day. At the hearing the superior court shall review the determination of the designated ~~((mental health professional))~~ crisis responder and determine whether an order should be entered requiring the person to be evaluated at an evaluation and treatment facility. No person referred to an evaluation and treatment facility may be held at the facility longer than seventy-two hours.

(2) If an individual is placed in an evaluation and treatment facility under RCW 10.77.088(1)(b)(ii), a professional person shall evaluate the individual for purposes of determining whether to file a ninety-day inpatient or outpatient petition under chapter 71.05 RCW. Before expiration of the seventy-two hour evaluation period authorized under RCW 10.77.088(1)(b)(ii), the professional person shall file a petition or, if the recommendation of the professional person is to release the individual, present his or her recommendation to the superior court of the county in which the criminal charge was dismissed. The superior court shall review the recommendation not later than forty-eight hours, excluding Saturdays, Sundays, and holidays, after the recommendation is presented. If the court rejects the recommendation to unconditionally release the individual, the court may order the individual detained at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period and direct the individual to appear at a surety hearing before that court within seventy-two hours, or the court may release the individual but direct the individual to appear at a surety hearing set before that court within eleven days, at which time the prosecutor may file a petition under this chapter for ninety-day inpatient or outpatient treatment. If a petition is filed by the prosecutor, the court may order that the person named in the petition be detained at the evaluation and treatment facility that performed the evaluation under this subsection or order the respondent to be in outpatient treatment. If a petition is filed but the individual fails to appear in court for the surety hearing, the court shall order that a mental health professional or peace officer shall take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility to be brought before the court the next judicial day after detention. Upon

the individual's first appearance in court after a petition has been filed, proceedings under RCW 71.05.310 and 71.05.320 shall commence. For an individual subject to this subsection, the prosecutor or professional person may directly file a petition for ninety-day inpatient or outpatient treatment and no petition for initial detention or fourteen-day detention is required before such a petition may be filed.

The court shall conduct the hearing on the petition filed under this subsection within five judicial days of the date the petition is filed. The court may continue the hearing upon the written request of the person named in the petition or the person's attorney, for good cause shown, which continuance shall not exceed five additional judicial days. If the person named in the petition requests a jury trial, the trial shall commence within ten judicial days of the date of the filing of the petition. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW 71.05.360 (8) and (9).

During the proceeding the person named in the petition shall continue to be detained and treated until released by order of the court. If no order has been made within thirty days after the filing of the petition, not including any extensions of time requested by the detained person or his or her attorney, the detained person shall be released.

(3) If a designated ~~((mental health professional))~~ crisis responder or the professional person and prosecuting attorney for the county in which the criminal charge was dismissed or attorney general, as appropriate, stipulate that the individual does not present a likelihood of serious harm or is not gravely disabled, the hearing under this section is not required and the individual, if in custody, shall be released.

(4) The individual shall have the rights specified in RCW 71.05.360 (8) and (9).

Sec. 229. RCW 71.05.240 and 2009 c 293 s 4 are each amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within seventy-two hours of the initial detention of such person as determined in RCW 71.05.180. If requested by the detained person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

(2) If the petition is for mental health treatment or for treatment of a substance use disorder that is based on use of a controlled substance, the court at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3)(a) Subject to (b) of this subsection, at the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or a substance use disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary

treatment not to exceed fourteen days in a facility certified to provide treatment by the department.

(b) Commitment for up to fourteen days based on a substance use disorder must be to either a secure detoxification facility or an approved substance use disorder treatment program. A court may only commit a person to a secure detoxification facility or approved substance use disorder treatment program if space is available at the facility or program.

(c) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive course of treatment for not to exceed ninety days.

(4) The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period or beyond the ninety days of less restrictive treatment is to be sought, such person will have the right to a full hearing or jury trial as required by RCW 71.05.310. If the commitment is for mental health treatment or for treatment of a substance use disorder that is based on use of a controlled substance, the court shall also state to the person and provide written notice that the person is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

Sec. 230. RCW 71.05.240 and 2015 c ... s 229 (section 229 of this act) are each amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within seventy-two hours of the initial detention of such person as determined in RCW 71.05.180. If requested by the detained person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

(2) If the petition is for mental health treatment or for treatment of a substance use disorder that is based on use of a controlled substance, the court at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

~~(3)((a) Subject to (b) of this subsection,))~~ At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or a substance use disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility certified to provide treatment by the department.

~~((b))~~ Commitment for up to fourteen days based on a substance use disorder must be to either a secure detoxification facility or an approved substance use disorder treatment program. ((A court may only commit a person to a secure detoxification facility or approved substance use disorder treatment program if space is available at the facility or program.

~~(e) At the conclusion of the probable cause hearing,))~~ If the court finds ((by a preponderance of the evidence)) that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive course of treatment for not to exceed ninety days.

(4) The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period or beyond the ninety days of less restrictive treatment is to be sought, such person will have the right to a full hearing or jury trial as required by RCW 71.05.310. If the commitment is for mental health treatment or for treatment of a substance use disorder that is based on use of a controlled substance, the court shall also state to the person and provide written notice that the person is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

Sec. 231. RCW 71.05.280 and 2013 c 289 s 4 are each amended to read as follows:

At the expiration of the fourteen-day period of intensive treatment, a person may be confined for further treatment pursuant to RCW 71.05.320 if:

(1) Such person after having been taken into custody for evaluation and treatment has threatened, attempted, or inflicted: (a) Physical harm upon the person of another or himself or herself, or substantial damage upon the property of another, and (b) as a result of mental disorder or substance use disorder presents a likelihood of serious harm; or

(2) Such person was taken into custody as a result of conduct in which he or she attempted or inflicted physical harm upon the person of another or himself or herself, or substantial damage upon the property of others, and continues to present, as a result of mental disorder or substance use disorder, a likelihood of serious harm; or

(3) Such person has been determined to be incompetent and criminal charges have been dismissed pursuant to RCW 10.77.086(4), and has committed acts constituting a felony, and as a result of a mental disorder, presents a substantial likelihood of repeating similar acts.

(a) In any proceeding pursuant to this subsection it shall not be necessary to show intent, willfulness, or state of mind as an element of the crime;

(b) For any person subject to commitment under this subsection where the charge underlying the finding of incompetence is for a felony classified as violent under RCW 9.94A.030, the court shall determine whether the acts the person committed constitute a violent offense under RCW 9.94A.030; or

(4) Such person is gravely disabled.

Sec. 232. RCW 71.05.290 and 2009 c 217 s 3 are each amended to read as follows:

(1) At any time during a person's fourteen day intensive treatment period, the professional person in charge of a treatment facility or his or her professional designee or the designated ~~((mental health professional))~~ crisis responder may petition the superior court for an order requiring such person to undergo an additional period of treatment. Such petition must be based on one or more of the grounds set forth in RCW 71.05.280.

(2) The petition shall summarize the facts which support the need for further confinement and shall be supported by affidavits signed by:

- (a) Two examining physicians;
 - (b) One examining physician and an examining mental health professional;
 - (c) Two examining psychiatric advanced registered nurse practitioners;
 - (d) Two examining physician assistants;
 - (e) One examining mental health professional and either an examining psychiatric advanced registered nurse practitioner ((~~and a mental health professional~~)) or an examining physician assistant; or
 - ~~((e) - An))~~ (f) One examining physician and either an examining psychiatric advanced registered nurse practitioner or an examining physician assistant. The affidavits shall describe in detail the behavior of the detained person which supports the petition and shall explain what, if any, less restrictive treatments which are alternatives to detention are available to such person, and shall state the willingness of the affiant to testify to such facts in subsequent judicial proceedings under this chapter.
- (3) If a person has been determined to be incompetent pursuant to RCW 10.77.086(4), then the professional person in charge of the treatment facility or his or her professional designee or the designated ~~((mental health professional))~~ crisis responder may directly file a petition for one hundred eighty day treatment under RCW 71.05.280(3). No petition for initial detention or fourteen day detention is required before such a petition may be filed.

Sec. 233. RCW 71.05.300 and 2014 c 225 s 84 are each amended to read as follows:

- (1) The petition for ninety day treatment shall be filed with the clerk of the superior court at least three days before expiration of the fourteen-day period of intensive treatment. At the time of filing such petition, the clerk shall set a time for the person to come before the court on the next judicial day after the day of filing unless such appearance is waived by the person's attorney, and the clerk shall notify the designated ~~((mental health professional))~~ crisis responder. The designated ~~((mental health professional))~~ crisis responder shall immediately notify the person detained, his or her attorney, if any, and his or her guardian or conservator, if any, the prosecuting attorney, and the behavioral health organization administrator, and provide a copy of the petition to such persons as soon as possible. The behavioral health organization administrator or designee may review the petition and may appear and testify at the full hearing on the petition.
- (2) At the time set for appearance the detained person shall be brought before the court, unless such appearance has been waived and the court shall advise him or her of his or her right to be represented by an attorney, his or her right to a jury trial, and, if the petition is for commitment for mental health treatment or for treatment of a substance use disorder that is based on use of a controlled substance, his or her loss of firearm rights if involuntarily committed. If the detained person is not represented by an attorney, or is indigent or is unwilling to retain an attorney, the court shall immediately appoint an attorney to represent him or her. The court shall, if requested, appoint a reasonably available licensed physician, psychiatric advanced registered nurse practitioner, physician assistant, psychologist, or psychiatrist, designated by the detained person to examine and testify on behalf of the detained person.
- (3) The court may, if requested, also appoint a professional person as defined in RCW 71.05.020 to seek less restrictive alternative courses of treatment and to testify on behalf of the detained person. In the case of a person with a developmental disability who has been determined to be incompetent pursuant to

RCW 10.77.086(4), then the appointed professional person under this section shall be a developmental disabilities professional.

(4) The court shall also set a date for a full hearing on the petition as provided in RCW 71.05.310.

Sec. 234. RCW 71.05.320 and 2013 c 289 s 5 are each amended to read as follows:

- (1)(a) Subject to (b) of this subsection, if the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment.
- (b) If the order for inpatient treatment is based on substance use disorder, treatment must take place at an approved substance use disorder treatment program. The court may only order the person's commitment to an approved substance use disorder treatment program if there is space available at the program.
- (c) If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department.
- (2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the order for less restrictive treatment is based on substance use disorder, treatment must be provided by an approved substance use disorder treatment program. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment.
- (3) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated ~~((mental health professional))~~ crisis responder, files a new petition for involuntary treatment on the grounds that the committed person:
 - (a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of a mental disorder, substance use disorder, or developmental disability presents a likelihood of serious harm; or
 - (b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder, substance use disorder, or developmental disability a likelihood of serious harm; or
 - (c)(i) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.
 - (ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b),

the commitment shall continue for up to an additional one hundred eighty day period whenever the petition presents prima facie evidence that the person continues to suffer from a mental disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the mental disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge from the state hospital; or

(d) Continues to be gravely disabled.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

(4) For a person committed under subsection (2) of this section who has been remanded to a period of less restrictive treatment, in addition to the grounds specified in subsection (3) of this section, the designated ~~((mental health professional))~~ crisis responder may file a new petition for continued less restrictive treatment if:

(a) The person was previously committed by a court to detention for involuntary mental health treatment or involuntary substance use disorder treatment during the thirty-six months that preceded the person's initial detention date during the current involuntary commitment cycle, excluding any time spent in a mental health facility, in long-term alcoholism or drug treatment facility, or in confinement as a result of a criminal conviction;

(b) In view of the person's treatment history or current behavior, the person is unlikely to voluntarily participate in outpatient treatment without an order for less restrictive treatment; and

(c) Outpatient treatment that would be provided under a less restrictive treatment order is necessary to prevent a relapse, decompensation, or deterioration that is likely to result in the person presenting a likelihood of serious harm or the person becoming gravely disabled within a reasonably short period of time.

(5) A new petition for involuntary treatment filed under subsection (3) or (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, subject to subsection (1)(b) of this section, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment. At the end of the one hundred eighty day period of commitment, the committed person shall be released unless a petition for another one hundred eighty day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment. However, a commitment is not permissible under subsection (4) of this section if thirty-six months have passed since the last date of discharge from detention for inpatient treatment that preceded the current less restrictive alternative order, nor shall a commitment under subsection (4) of this section be permissible if the likelihood of serious harm in subsection (4)(c) of this section is based solely on harm to the property of others.

(7) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length.

Sec. 235. RCW 71.05.320 and 2015 c ... s 234 (section 234 of this act) are each amended to read as follows:

(1)~~((a) Subject to (b) of this subsection,))~~ If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment.

~~((b))~~ If the order for inpatient treatment is based on substance use disorder, treatment must take place at an approved substance use disorder treatment program. ~~((The court may only order the person's commitment to an approved substance use disorder treatment program if there is space available at the program.))~~

~~((c))~~ If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the order for less restrictive treatment is based on substance use disorder, treatment must be provided by an approved substance use disorder treatment program. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment.

(3) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated crisis responder, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of a mental disorder, substance use disorder, or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder, substance use disorder, or developmental disability a likelihood of serious harm; or

(c)(i) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred

eighty day period whenever the petition presents prima facie evidence that the person continues to suffer from a mental disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the mental disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge from the state hospital; or

(d) Continues to be gravely disabled.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

(4) For a person committed under subsection (2) of this section who has been remanded to a period of less restrictive treatment, in addition to the grounds specified in subsection (3) of this section, the designated crisis responder may file a new petition for continued less restrictive treatment if:

(a) The person was previously committed by a court to detention for involuntary mental health treatment or involuntary substance use disorder treatment during the thirty-six months that preceded the person's initial detention date during the current involuntary commitment cycle, excluding any time spent in a mental health facility, in long-term alcoholism or drug treatment facility, or in confinement as a result of a criminal conviction;

(b) In view of the person's treatment history or current behavior, the person is unlikely to voluntarily participate in outpatient treatment without an order for less restrictive treatment; and

(c) Outpatient treatment that would be provided under a less restrictive treatment order is necessary to prevent a relapse, decompensation, or deterioration that is likely to result in the person presenting a likelihood of serious harm or the person becoming gravely disabled within a reasonably short period of time.

(5) A new petition for involuntary treatment filed under subsection (3) or (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, ~~((subject to subsection (1)(b) of this section))~~ the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment. At the end of the one hundred eighty day period of commitment, the committed person shall be released unless a petition for another one hundred eighty day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment. However, a commitment is not permissible under subsection (4) of this section if thirty-six months have passed since the last date of discharge from detention for inpatient treatment that preceded the current less restrictive alternative order, nor shall a commitment under subsection (4) of this section be permissible if the likelihood of serious harm in subsection (4)(c) of this section is based solely on harm to the property of others.

(7) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No

order of commitment can exceed one hundred eighty days in length.

Sec. 236. RCW 71.05.325 and 2000 c 94 s 7 are each amended to read as follows:

(1) Before a person committed under grounds set forth in RCW 71.05.280(3) is released because a new petition for involuntary treatment has not been filed under RCW 71.05.320~~((2))~~ (3), the superintendent, professional person, or designated ~~((mental health professional))~~ crisis responder responsible for the decision whether to file a new petition shall in writing notify the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision not to file a new petition for involuntary treatment. Notice shall be provided at least forty-five days before the period of commitment expires.

(2)(a) Before a person committed under grounds set forth in RCW 71.05.280(3) is permitted temporarily to leave a treatment facility pursuant to RCW 71.05.270 for any period of time without constant accompaniment by facility staff, the superintendent, professional person in charge of a treatment facility, or his or her professional designee shall in writing notify the prosecuting attorney of any county of the person's destination and the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed. The notice shall be provided at least forty-five days before the anticipated leave and shall describe the conditions under which the leave is to occur.

(b) The provisions of RCW 71.05.330(2) apply to proposed leaves, and either or both prosecuting attorneys receiving notice under this subsection may petition the court under RCW 71.05.330(2).

(3) Nothing in this section shall be construed to authorize detention of a person unless a valid order of commitment is in effect.

(4) The existence of the notice requirements in this section will not require any extension of the leave date in the event the leave plan changes after notification.

(5) The notice requirements contained in this section shall not apply to emergency medical transfers.

(6) The notice provisions of this section are in addition to those provided in RCW 71.05.425.

Sec. 237. RCW 71.05.340 and 2009 c 322 s 1 are each amended to read as follows:

(1)(a) When, in the opinion of the superintendent or the professional person in charge of the hospital or facility providing involuntary treatment, the committed person can be appropriately served by outpatient treatment prior to or at the expiration of the period of commitment, then such outpatient care may be required as a term of conditional release for a period which, when added to the inpatient treatment period, shall not exceed the period of commitment. If the hospital or facility designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility. A copy of the terms of conditional release shall be given to the patient, the designated ~~((mental health professional))~~ crisis responder in the county in which the patient is to receive outpatient treatment, and to the court of original commitment.

(b) Before a person committed under grounds set forth in RCW 71.05.280(3) or 71.05.320(3)(c) is conditionally released under (a) of this subsection, the superintendent or professional person in charge of the hospital or facility providing involuntary treatment shall in writing notify the prosecuting attorney of the

county in which the criminal charges against the committed person were dismissed, of the decision to conditionally release the person. Notice and a copy of the terms of conditional release shall be provided at least thirty days before the person is released from inpatient care. Within twenty days after receiving notice, the prosecuting attorney may petition the court in the county that issued the commitment order to hold a hearing to determine whether the person may be conditionally released and the terms of the conditional release. The prosecuting attorney shall provide a copy of the petition to the superintendent or professional person in charge of the hospital or facility providing involuntary treatment, the attorney, if any, and guardian or conservator of the committed person, and the court of original commitment. If the county in which the committed person is to receive outpatient treatment is the same county in which the criminal charges against the committed person were dismissed, then the court shall, upon the motion of the prosecuting attorney, transfer the proceeding to the court in that county. The court shall conduct a hearing on the petition within ten days of the filing of the petition. The committed person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as set forth in this subsection and except that there shall be no right to jury trial. The issue to be determined at the hearing is whether or not the person may be conditionally released without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security. If the court disapproves of the conditional release, it may do so only on the basis of substantial evidence. Pursuant to the determination of the court upon the hearing, the conditional release of the person shall be approved by the court on the same or modified conditions or the person shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed, or otherwise in accordance with the provisions of this chapter.

(2) The hospital or facility designated to provide outpatient care or the secretary may modify the conditions for continued release when such modification is in the best interest of the person. Notification of such changes shall be sent to all persons receiving a copy of the original conditions.

(3)(a) If the hospital or facility designated to provide outpatient care, the designated (~~mental health professional~~) crisis responder, or the secretary determines that:

- (i) A conditionally released person is failing to adhere to the terms and conditions of his or her release;
- (ii) Substantial deterioration in a conditionally released person's functioning has occurred;
- (iii) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or
- (iv) The person poses a likelihood of serious harm(=);

Upon notification by the hospital or facility designated to provide outpatient care, or on his or her own motion, the designated (~~mental health professional~~) crisis responder or the secretary may order that the conditionally released person be apprehended and taken into custody and temporarily detained in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure detoxification facility or approved substance use disorder treatment program with available space in or near the county in which he or she is receiving outpatient treatment. A person may not be detained to a secure detoxification facility or approved substance use disorder treatment program unless there is available space in the facility or program.

(b) The hospital or facility designated to provide outpatient treatment shall notify the secretary or designated (~~mental health professional~~) crisis responder when a conditionally released person fails to adhere to terms and conditions of his or her conditional release or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm. The designated (~~mental health professional~~) crisis responder or secretary shall order the person apprehended and temporarily detained in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure detoxification facility or approved substance use disorder treatment program with available space in or near the county in which he or she is receiving outpatient treatment. A person may not be detained to a secure detoxification facility or approved substance use disorder treatment program unless there is available space in the facility or program.

(c) A person detained under this subsection (3) shall be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been conditionally released. The designated (~~mental health professional~~) crisis responder or the secretary may modify or rescind such order at any time prior to commencement of the court hearing.

(d) The court that originally ordered commitment shall be notified within two judicial days of a person's detention under the provisions of this section, and the designated (~~mental health professional~~) crisis responder or the secretary shall file his or her petition and order of apprehension and detention with the court that originally ordered commitment or with the court in the county in which the person is detained and serve them upon the person detained. His or her attorney, if any, and his or her guardian or conservator, if any, shall receive a copy of such papers as soon as possible. Such person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as specifically set forth in this section and except that there shall be no right to jury trial. The venue for proceedings regarding a petition for modification or revocation of an order for conditional release shall be in the county in which the petition was filed. The issues to be determined shall be: (i) Whether the conditionally released person did or did not adhere to the terms and conditions of his or her conditional release; (ii) that substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the conditions listed in this subsection (3)(d) have occurred, whether the terms of conditional release should be modified or the person should be returned to the facility.

(e) Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed for involuntary treatment, or otherwise in accordance with the provisions of this chapter. Such hearing may be waived by the person and his or her counsel and his or her guardian or conservator, if any, but shall not be waivable unless all such persons agree to waive, and upon such waiver the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions. A person must not be returned for involuntary treatment in a secure detoxification facility or approved substance use disorder treatment program

under this subsection unless there is available space in the facility or program.

(4) The proceedings set forth in subsection (3) of this section may be initiated by the designated ~~((mental health professional))~~ crisis responder or the secretary on the same basis set forth therein without requiring or ordering the apprehension and detention of the conditionally released person, in which case the court hearing shall take place in not less than five days from the date of service of the petition upon the conditionally released person. The petition may be filed in the court that originally ordered commitment or with the court in the county in which the person is present. The venue for the proceedings regarding the petition for modification or revocation of an order for conditional release shall be in the county in which the petition was filed.

Upon expiration of the period of commitment, or when the person is released from outpatient care, notice in writing to the court which committed the person for treatment shall be provided.

(5) The grounds and procedures for revocation of less restrictive alternative treatment shall be the same as those set forth in this section for conditional releases.

(6) In the event of a revocation of a conditional release, the subsequent treatment period may be for no longer than the actual period authorized in the original court order.

Sec. 238. RCW 71.05.340 and 2015 c ... s 237 (section 237 of this act) are each amended to read as follows:

(1)(a) When, in the opinion of the superintendent or the professional person in charge of the hospital or facility providing involuntary treatment, the committed person can be appropriately served by outpatient treatment prior to or at the expiration of the period of commitment, then such outpatient care may be required as a term of conditional release for a period which, when added to the inpatient treatment period, shall not exceed the period of commitment. If the hospital or facility designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility. A copy of the terms of conditional release shall be given to the patient, the designated crisis responder in the county in which the patient is to receive outpatient treatment, and to the court of original commitment.

(b) Before a person committed under grounds set forth in RCW 71.05.280(3) or 71.05.320(3)(c) is conditionally released under (a) of this subsection, the superintendent or professional person in charge of the hospital or facility providing involuntary treatment shall in writing notify the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision to conditionally release the person. Notice and a copy of the terms of conditional release shall be provided at least thirty days before the person is released from inpatient care. Within twenty days after receiving notice, the prosecuting attorney may petition the court in the county that issued the commitment order to hold a hearing to determine whether the person may be conditionally released and the terms of the conditional release. The prosecuting attorney shall provide a copy of the petition to the superintendent or professional person in charge of the hospital or facility providing involuntary treatment, the attorney, if any, and guardian or conservator of the committed person, and the court of original commitment. If the county in which the committed person is to receive outpatient treatment is the same county in which the criminal charges against the committed person were dismissed, then the court shall, upon the motion of the prosecuting attorney, transfer the proceeding to the court in that county. The court shall conduct a hearing on the petition within ten days of the filing of the petition. The committed person shall have the same rights with respect to notice, hearing,

and counsel as for an involuntary treatment proceeding, except as set forth in this subsection and except that there shall be no right to jury trial. The issue to be determined at the hearing is whether or not the person may be conditionally released without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security. If the court disapproves of the conditional release, it may do so only on the basis of substantial evidence. Pursuant to the determination of the court upon the hearing, the conditional release of the person shall be approved by the court on the same or modified conditions or the person shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed, or otherwise in accordance with the provisions of this chapter.

(2) The hospital or facility designated to provide outpatient care or the secretary may modify the conditions for continued release when such modification is in the best interest of the person. Notification of such changes shall be sent to all persons receiving a copy of the original conditions.

(3)(a) If the hospital or facility designated to provide outpatient care, the designated crisis responder, or the secretary determines that:

- (i) A conditionally released person is failing to adhere to the terms and conditions of his or her release;
- (ii) Substantial deterioration in a conditionally released person's functioning has occurred;
- (iii) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or
- (iv) The person poses a likelihood of serious harm;

Upon notification by the hospital or facility designated to provide outpatient care, or on his or her own motion, the designated crisis responder or the secretary may order that the conditionally released person be apprehended and taken into custody and temporarily detained in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure detoxification facility or approved substance use disorder treatment program ~~((with available space))~~ in or near the county in which he or she is receiving outpatient treatment. ~~((A person may not be detained to a secure detoxification facility or approved substance use disorder treatment program unless there is available space in the facility or program.))~~

(b) The hospital or facility designated to provide outpatient treatment shall notify the secretary or designated crisis responder when a conditionally released person fails to adhere to terms and conditions of his or her conditional release or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm. The designated crisis responder or secretary shall order the person apprehended and temporarily detained in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure detoxification facility or approved substance use disorder treatment program ~~((with available space))~~ in or near the county in which he or she is receiving outpatient treatment. ~~((A person may not be detained to a secure detoxification facility or approved substance use disorder treatment program unless there is available space in the facility or program.))~~

(c) A person detained under this subsection (3) shall be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been conditionally released. The designated crisis responder or the

secretary may modify or rescind such order at any time prior to commencement of the court hearing.

(d) The court that originally ordered commitment shall be notified within two judicial days of a person's detention under the provisions of this section, and the designated crisis responder or the secretary shall file his or her petition and order of apprehension and detention with the court that originally ordered commitment or with the court in the county in which the person is detained and serve them upon the person detained. His or her attorney, if any, and his or her guardian or conservator, if any, shall receive a copy of such papers as soon as possible. Such person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as specifically set forth in this section and except that there shall be no right to jury trial. The venue for proceedings regarding a petition for modification or revocation of an order for conditional release shall be in the county in which the petition was filed. The issues to be determined shall be: (i) Whether the conditionally released person did or did not adhere to the terms and conditions of his or her conditional release; (ii) that substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the conditions listed in this subsection (3)(d) have occurred, whether the terms of conditional release should be modified or the person should be returned to the facility.

(e) Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed for involuntary treatment, or otherwise in accordance with the provisions of this chapter. Such hearing may be waived by the person and his or her counsel and his or her guardian or conservator, if any, but shall not be waivable unless all such persons agree to waive, and upon such waiver the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions. ~~((A person must not be returned for involuntary treatment in a secure detoxification facility or approved substance use disorder treatment program under this subsection unless there is available space in the facility or program.))~~

(4) The proceedings set forth in subsection (3) of this section may be initiated by the designated crisis responder or the secretary on the same basis set forth therein without requiring or ordering the apprehension and detention of the conditionally released person, in which case the court hearing shall take place in not less than five days from the date of service of the petition upon the conditionally released person. The petition may be filed in the court that originally ordered commitment or with the court in the county in which the person is present. The venue for the proceedings regarding the petition for modification or revocation of an order for conditional release shall be in the county in which the petition was filed.

Upon expiration of the period of commitment, or when the person is released from outpatient care, notice in writing to the court which committed the person for treatment shall be provided.

(5) The grounds and procedures for revocation of less restrictive alternative treatment shall be the same as those set forth in this section for conditional releases.

(6) In the event of a revocation of a conditional release, the subsequent treatment period may be for no longer than the actual period authorized in the original court order.

Sec. 239. RCW 71.05.360 and 2009 c 217 s 5 are each amended to read as follows:

(1)(a) Every person involuntarily detained or committed under the provisions of this chapter shall be entitled to all the rights set forth in this chapter, which shall be prominently posted in the facility, and shall retain all rights not denied him or her under this chapter except as chapter 9.41 RCW may limit the right of a person to purchase or possess a firearm or to qualify for a concealed pistol license if the person is committed under RCW 71.05.240 or 71.05.320 for mental health treatment or treatment of a substance use disorder that is based on use of a controlled substance.

(b) No person shall be presumed incompetent as a consequence of receiving an evaluation or voluntary or involuntary treatment for a mental disorder or substance use disorders, under this chapter or any prior laws of this state dealing with mental illness or substance use disorders. Competency shall not be determined or withdrawn except under the provisions of chapter 10.77 or 11.88 RCW.

(c) Any person who leaves a public or private agency following evaluation or treatment for a mental disorder or substance use disorder shall be given a written statement setting forth the substance of this section.

(2) Each person involuntarily detained or committed pursuant to this chapter shall have the right to adequate care and individualized treatment.

(3) The provisions of this chapter shall not be construed to deny to any person treatment by spiritual means through prayer in accordance with the tenets and practices of a church or religious denomination.

(4) Persons receiving evaluation or treatment under this chapter shall be given a reasonable choice of an available physician, psychiatric advanced registered nurse practitioner, physician assistant, or other professional person qualified to provide such services.

(5) Whenever any person is detained for evaluation and treatment pursuant to this chapter, both the person and, if possible, a responsible member of his or her immediate family, personal representative, guardian, or conservator, if any, shall be advised as soon as possible in writing or orally, by the officer or person taking him or her into custody or by personnel of the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program where the person is detained that unless the person is released or voluntarily admits himself or herself for treatment within seventy-two hours of the initial detention:

(a) A judicial hearing in a superior court, either by a judge or court commissioner thereof, shall be held not more than seventy-two hours after the initial detention to determine whether there is probable cause to detain the person after the seventy-two hours have expired for up to an additional fourteen days without further automatic hearing for the reason that the person is a person whose mental disorder or substance use disorder presents a likelihood of serious harm or that the person is gravely disabled;

(b) The person has a right to communicate immediately with an attorney; has a right to have an attorney appointed to represent him or her before and at the probable cause hearing if he or she is indigent; and has the right to be told the name and address of the attorney that the mental health professional has designated pursuant to this chapter;

(c) The person has the right to remain silent and that any statement he or she makes may be used against him or her;

(d) The person has the right to present evidence and to cross-examine witnesses who testify against him or her at the probable cause hearing; and

(e) The person has the right to refuse psychiatric medications, including antipsychotic medication beginning twenty-four hours prior to the probable cause hearing.

(6) When proceedings are initiated under RCW 71.05.153, no later than twelve hours after such person is admitted to the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program the personnel of the ~~((evaluation and treatment))~~ facility or the designated ~~((mental health professional))~~ crisis responder shall serve on such person a copy of the petition for initial detention and the name, business address, and phone number of the designated attorney and shall forthwith commence service of a copy of the petition for initial detention on the designated attorney.

(7) The judicial hearing described in subsection (5) of this section is hereby authorized, and shall be held according to the provisions of subsection (5) of this section and rules promulgated by the supreme court.

(8) At the probable cause hearing the detained person shall have the following rights in addition to the rights previously specified:

- (a) To present evidence on his or her behalf;
- (b) To cross-examine witnesses who testify against him or her;

(9) Privileges between patients and physicians, psychologists, physician assistants, or psychiatric advanced registered nurse practitioners are deemed waived in proceedings under this chapter relating to the administration of antipsychotic medications. As to other proceedings under this chapter, the privileges shall be waived when a court of competent jurisdiction in its discretion determines that such waiver is necessary to protect either the detained person or the public.

The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical or psychological records of the detained person so long as the requirements of RCW 5.45.020 are met except that portions of the record which contain opinions as to the detained person's mental state must be deleted from such records unless the person making such conclusions is available for cross-examination.

(10) Insofar as danger to the person or others is not created, each person involuntarily detained, treated in a less restrictive alternative course of treatment, or committed for treatment and evaluation pursuant to this chapter shall have, in addition to other rights not specifically withheld by law, the following rights:

- (a) To wear his or her own clothes and to keep and use his or her own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;

- (c) To have access to individual storage space for his or her private use;
- (d) To have visitors at reasonable times;

(f) To have ready access to letter writing materials, including stamps, and to send and receive uncensored correspondence through the mails;

(g) To discuss treatment plans and decisions with professional persons;

(h) Not to consent to the administration of antipsychotic medications and not to thereafter be administered antipsychotic medications unless ordered by a court under RCW 71.05.217 or pursuant to an administrative hearing under RCW 71.05.215;

(i) Not to consent to the performance of electroconvulsant therapy or surgery, except emergency lifesaving surgery, unless ordered by a court under RCW 71.05.217;

(j) Not to have psychosurgery performed on him or her under any circumstances;

(k) To dispose of property and sign contracts unless such person has been adjudicated an incompetent in a court proceeding directed to that particular issue.

(11) Every person involuntarily detained shall immediately be informed of his or her right to a hearing to review the legality of his or her detention and of his or her right to counsel, by the professional person in charge of the facility providing evaluation and treatment, or his or her designee, and, when appropriate, by the court. If the person so elects, the court shall immediately appoint an attorney to assist him or her.

(12) A person challenging his or her detention or his or her attorney shall have the right to designate and have the court appoint a reasonably available independent physician, psychiatric advanced registered nurse practitioner, physician assistant, or licensed mental health professional to examine the person detained, the results of which examination may be used in the proceeding. The person shall, if he or she is financially able, bear the cost of such expert examination, otherwise such expert examination shall be at public expense.

(13) Nothing contained in this chapter shall prohibit the patient from petitioning by writ of habeas corpus for release.

(14) Nothing in this chapter shall prohibit a person committed on or prior to January 1, 1974, from exercising a right available to him or her at or prior to January 1, 1974, for obtaining release from confinement.

All persons voluntarily entering or remaining in any facility, institution, or hospital providing evaluation and treatment for mental disorders or substance use disorders shall have no less than all rights secured to involuntarily detained persons by RCW 71.05.360 and ~~((71.05.370))~~ 71.05.217.

Sec. 241. RCW 71.05.435 and 2010 c 280 s 4 are each amended to read as follows:

(1) Whenever a person who is the subject of an involuntary commitment order under this chapter is discharged from an evaluation and treatment facility ~~((or)),~~ state hospital, ~~((the evaluation and treatment facility or state hospital shall provide notice of the person's discharge to the designated mental health professional))~~ secure detoxification facility, or approved substance use disorder treatment program providing involuntary treatment services, the entity discharging the person shall provide notice of the person's discharge to the designated crisis responder office responsible for the initial commitment and the designated ((mental

~~health professional~~) crisis responder office that serves the county in which the person is expected to reside. The ~~((evaluation and treatment facility or state hospital))~~ entity discharging the person must also provide these offices with a copy of any less restrictive order or conditional release order entered in conjunction with the discharge of the person, unless the ~~((evaluation and treatment facility or state hospital))~~ entity discharging the person has entered into a memorandum of understanding obligating another entity to provide these documents.

(2) The notice and documents referred to in subsection (1) of this section shall be provided as soon as possible and no later than one business day following the discharge of the person. Notice is not required under this section if the discharge is for the purpose of transferring the person for continued detention and treatment under this chapter at another treatment facility.

(3) The department shall maintain and make available an updated list of contact information for designated ~~((mental health professional))~~ crisis responder offices around the state.

Sec. 242. RCW 71.05.530 and 1998 c 297 s 23 are each amended to read as follows:

Evaluation and treatment facilities and secure detoxification facilities authorized pursuant to this chapter may be part of the comprehensive community mental health services program conducted in counties pursuant to chapter 71.24 RCW, and may receive funding pursuant to the provisions thereof.

Sec. 243. RCW 71.05.560 and 1998 c 297 s 24 are each amended to read as follows:

The department shall adopt such rules as may be necessary to effectuate the intent and purposes of this chapter, which shall include but not be limited to evaluation of the quality of the program and facilities operating pursuant to this chapter, evaluation of the effectiveness and cost effectiveness of such programs and facilities, and procedures and standards for certification and other action relevant to evaluation and treatment facilities, secure detoxification facilities, and approved substance use disorder treatment programs.

Sec. 244. RCW 71.05.620 and 2013 c 200 s 23 are each amended to read as follows:

(1) The files and records of court proceedings under this chapter and chapter ~~((s 70.96A))~~ 71.34 ~~((and 70.96B))~~ RCW shall be closed but shall be accessible to:

(a) The department;

(b) The state hospitals as defined in RCW 72.23.010;

(c) Any person who is the subject of a petition ~~((and to))~~;

(d) The ~~((person's))~~ attorney~~((,))~~ or guardian ad litem~~((,))~~ of the person;

(e) Resource management services~~((, or))~~ for that person;
and

(f) Service providers authorized to receive such information by resource management services.

(2) The department shall adopt rules to implement this section.

Sec. 245. RCW 71.05.700 and 2007 c 360 s 2 are each amended to read as follows:

No designated ~~((mental health professional))~~ crisis responder or crisis intervention worker shall be required to respond to a private home or other private location to stabilize or treat a person in crisis, or to evaluate a person for potential detention

under the state's involuntary treatment act, unless a second trained individual, determined by the clinical team supervisor, on-call supervisor, or individual professional acting alone based on a risk assessment for potential violence, accompanies them. The second individual may be a law enforcement officer, a mental health professional, a mental health paraprofessional who has received training under RCW 71.05.715, or other first responder, such as fire or ambulance personnel. No retaliation may be taken against a worker who, following consultation with the clinical team, refuses to go on a home visit alone.

Sec. 246. RCW 71.05.705 and 2007 c 360 s 3 are each amended to read as follows:

Each provider of designated ~~((mental health professional))~~ crisis responder or crisis outreach services shall maintain a written policy that, at a minimum, describes the organization's plan for training, staff backup, information sharing, and communication for crisis outreach staff who respond to private homes or nonpublic settings.

Sec. 247. RCW 71.34.020 and 2011 c 89 s 16 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Child psychiatrist" means a person having a license as a physician and surgeon in this state, who has had graduate training in child psychiatry in a program approved by the American Medical Association or the American Osteopathic Association, and who is board eligible or board certified in child psychiatry.

(2) "Children's mental health specialist" means:

(a) A mental health professional who has completed a minimum of one hundred actual hours, not quarter or semester hours, of specialized training devoted to the study of child development and the treatment of children; and

(b) A mental health professional who has the equivalent of one year of full-time experience in the treatment of children under the supervision of a children's mental health specialist.

(3) "Commitment" means a determination by a judge or court commissioner, made after a commitment hearing, that the minor is in need of inpatient diagnosis, evaluation, or treatment or that the minor is in need of less restrictive alternative treatment.

(4) "Department" means the department of social and health services.

~~((5))~~ ~~((("Designated mental health professional" means a mental health professional designated by one or more counties to perform the functions of a designated mental health professional described in this chapter.~~

~~((6))~~ "Evaluation and treatment facility" means a public or private facility or unit that is certified by the department to provide emergency, inpatient, residential, or outpatient mental health evaluation and treatment services for minors. A physically separate and separately-operated portion of a state hospital may be designated as an evaluation and treatment facility for minors. A facility which is part of or operated by the department or federal agency does not require certification. No correctional institution or facility, juvenile court detention facility, or jail may be an evaluation and treatment facility within the meaning of this chapter.

~~((7))~~ ~~((6))~~ "Evaluation and treatment program" means the total system of services and facilities coordinated and approved by a county or combination of counties for the evaluation and treatment of minors under this chapter.

~~((8))~~ ~~((7))~~ "Gravely disabled minor" means a minor who, as a result of a mental disorder, or as a result of the use of alcohol

or other psychoactive chemicals, is in danger of serious physical harm resulting from a failure to provide for his or her essential human needs of health or safety, or manifests severe deterioration in routine functioning evidenced by repeated and escalating loss of cognitive or volitional control over his or her actions and is not receiving such care as is essential for his or her health or safety.

~~((9))~~ (8) "Inpatient treatment" means twenty-four-hour-per-day mental health care provided within a general hospital, psychiatric hospital, ~~((6))~~ residential treatment facility certified by the department as an evaluation and treatment facility for minors, secure detoxification facility for minors, or approved substance use disorder treatment program for minors.

~~((10))~~ (9) "Less restrictive alternative" or "less restrictive setting" means outpatient treatment provided to a minor who is not residing in a facility providing inpatient treatment as defined in this chapter.

~~((11))~~ (10) "Likelihood of serious harm" means either: (a) A substantial risk that physical harm will be inflicted by an individual upon his or her own person, as evidenced by threats or attempts to commit suicide or inflict physical harm on oneself; (b) a substantial risk that physical harm will be inflicted by an individual upon another, as evidenced by behavior which has caused such harm or which places another person or persons in reasonable fear of sustaining such harm; or (c) a substantial risk that physical harm will be inflicted by an individual upon the property of others, as evidenced by behavior which has caused substantial loss or damage to the property of others.

~~((12))~~ (11) "Medical necessity" for inpatient care means a requested service which is reasonably calculated to: (a) Diagnose, correct, cure, or alleviate a mental disorder or substance use disorder; or (b) prevent the ~~((worsening of mental conditions))~~ progression of a substance use disorder that endangers life or causes suffering and pain, or results in illness or infirmity or threatens to cause or aggravate a handicap, or causes physical deformity or malfunction, and there is no adequate less restrictive alternative available.

~~((13))~~ (12) "Mental disorder" means any organic, mental, or emotional impairment that has substantial adverse effects on an individual's cognitive or volitional functions. The presence of alcohol abuse, drug abuse, juvenile criminal history, antisocial behavior, or intellectual disabilities alone is insufficient to justify a finding of "mental disorder" within the meaning of this section.

~~((14))~~ (13) "Mental health professional" means a psychiatrist, psychologist, psychiatric nurse, or social worker, and such other mental health professionals as may be defined by rules adopted by the secretary under this chapter.

~~((15))~~ (14) "Minor" means any person under the age of eighteen years.

(1)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the first degree, if the person owns, has in his or her possession, or has in his or her control any firearm after having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of any serious offense as defined in this chapter.

(b) Unlawful possession of a firearm in the first degree is a class B felony punishable according to chapter 9A.20 RCW.

(2)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the second degree, if the person does not qualify under subsection (1) of this section for the crime of unlawful possession of a firearm in the first degree and the person owns, has in his or her possession, or has in his or her control any firearm:

(i) After having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of any felony not specifically listed as prohibiting firearm possession under subsection (1) of this section, or any of the following crimes when committed by one family or household member against another, committed on or after July 1, 1993: Assault in the fourth degree, coercion, stalking, reckless endangerment, criminal trespass in the first degree, or violation of the provisions of a protection order or no-contact order restraining the person or excluding the person from a residence (RCW 26.50.060, 26.50.070, 26.50.130, or 10.99.040);

(ii) During any period of time that the person is subject to a court order issued under chapter 7.90, 7.92, 9A.46, 10.14, 10.99, 26.09, 26.10, 26.26, or 26.50 RCW that:

place an intimate partner in reasonable fear of bodily injury to the partner or child; and

(C)(I) Includes a finding that the person represents a credible threat to the physical safety of the intimate partner or child; and

(II) By its terms, explicitly prohibits the use, attempted use, or threatened use of physical force against the intimate partner or child that would reasonably be expected to cause bodily injury;

(iii) After having previously been involuntarily committed for mental health treatment or treatment of a substance use disorder that is based on use of a controlled substance under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, chapter 10.77 RCW, or equivalent statutes of another jurisdiction, unless his or her right to possess a firearm has been restored as provided in RCW 9.41.047;

(b) Unlawful possession of a firearm in the second degree is a class C felony punishable according to chapter 9A.20 RCW.

(3) Notwithstanding RCW 9.41.047 or any other provisions of law, as used in this chapter, a person has been "convicted", whether in an adult court or adjudicated in a juvenile court, at such time as a plea of guilty has been accepted, or a verdict of guilty has been filed, notwithstanding the pendency of any future proceedings including but not limited to sentencing or disposition, post-trial or post-fact-finding motions, and appeals. Conviction includes a dismissal entered after a period of probation, suspension or deferral of sentence, and also includes equivalent dispositions by courts in jurisdictions other than Washington state. A person shall not be precluded from possession of a firearm if the conviction has been the subject of a pardon, annulment, certificate of rehabilitation, or other equivalent procedure based on a finding of the rehabilitation of the person convicted or the conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence. Where no record of the court's disposition of the charges can be found, there shall be a rebuttable presumption that the person was not convicted of the charge.

(4)(a) Notwithstanding subsection (1) or (2) of this section, a person convicted or found not guilty by reason of insanity of an offense prohibiting the possession of a firearm under this section other than murder, manslaughter, robbery, rape, indecent liberties, arson, assault, kidnapping, extortion, burglary, or violations with respect to controlled substances under RCW 69.50.401 and 69.50.410, who received a probationary sentence under RCW 9.95.200, and who received a dismissal of the charge under RCW 9.95.240, shall not be precluded from possession of a firearm as a result of the conviction or finding of not guilty by reason of insanity. Notwithstanding any other provisions of this section, if a person is prohibited from possession of a firearm under subsection (1) or (2) of this section and has not previously been convicted or found not guilty by reason of insanity of a sex offense prohibiting firearm ownership under subsection (1) or (2) of this section and/or any felony defined under any law as a class A felony or with a maximum sentence of at least twenty years, or both, the individual may petition a court of record to have his or her right to possess a firearm restored:

(i) Under RCW 9.41.047; and/or

(ii)(A) If the conviction or finding of not guilty by reason of insanity was for a felony offense, after five or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has

no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525; or

(B) If the conviction or finding of not guilty by reason of insanity was for a nonfelony offense, after three or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525 and the individual has completed all conditions of the sentence.

(b) An individual may petition a court of record to have his or her right to possess a firearm restored under (a) of this subsection (4) only at:

(i) The court of record that ordered the petitioner's prohibition on possession of a firearm; or

(ii) The superior court in the county in which the petitioner resides.

(5) In addition to any other penalty provided for by law, if a person under the age of eighteen years is found by a court to have possessed a firearm in a vehicle in violation of subsection (1) or (2) of this section or to have committed an offense while armed with a firearm during which offense a motor vehicle served an integral function, the court shall notify the department of licensing within twenty-four hours and the person's privilege to drive shall be revoked under RCW 46.20.265.

(6) Nothing in chapter 129, Laws of 1995 shall ever be construed or interpreted as preventing an offender from being charged and subsequently convicted for the separate felony crimes of theft of a firearm or possession of a stolen firearm, or both, in addition to being charged and subsequently convicted under this section for unlawful possession of a firearm in the first or second degree. Notwithstanding any other law, if the offender is convicted under this section for unlawful possession of a firearm in the first or second degree and for the felony crimes of theft of a firearm or possession of a stolen firearm, or both, then the offender shall serve consecutive sentences for each of the felony crimes of conviction listed in this subsection.

(7) Each firearm unlawfully possessed under this section shall be a separate offense.

(8) For purposes of this section, "intimate partner" includes: A spouse, a domestic partner, a former spouse, a former domestic partner, a person with whom the restrained person has a child in common, or a person with whom the restrained person has cohabitated or is cohabitating as part of a dating relationship.

Sec. 275. RCW 9.41.047 and 2011 c 193 s 2 are each amended to read as follows:

(1)(a) At the time a person is convicted or found not guilty by reason of insanity of an offense making the person ineligible to possess a firearm, or at the time a person is committed by court order under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, or chapter 10.77 RCW for mental health treatment or treatment of a substance use disorder that is based on use of a controlled substance, the convicting or committing court shall notify the person, orally and in writing, that the person must immediately surrender any concealed pistol license and that the person may not possess a firearm unless his or her right to do so is restored by a court of record. For purposes of this section a convicting court includes a court in which a person has been found not guilty by reason of insanity.

(b) The convicting or committing court shall forward within three judicial days after conviction or entry of the commitment order a copy of the person's driver's license or identicard, or comparable information, along with the date of

conviction or commitment, to the department of licensing. When a person is committed by court order under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, or chapter 10.77 RCW, for mental health treatment or for treatment of a substance use disorder that is based on use of a controlled substance, the committing court also shall forward, within three judicial days after entry of the commitment order, a copy of the person's driver's license, or comparable information, along with the date of commitment, to the national instant criminal background check system index, denied persons file, created by the federal Brady handgun violence prevention act (P.L. 103-159).

(2) Upon receipt of the information provided for by subsection (1) of this section, the department of licensing shall determine if the convicted or committed person has a concealed pistol license. If the person does have a concealed pistol license, the department of licensing shall immediately notify the license-issuing authority which, upon receipt of such notification, shall immediately revoke the license.

(3)(a) A person who is prohibited from possessing a firearm, by reason of having been involuntarily committed for mental health treatment or treatment of a substance use disorder that is based on use of a controlled substance under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, chapter 10.77 RCW, or equivalent statutes of another jurisdiction may, upon discharge, petition the superior court to have his or her right to possess a firearm restored.

(b) The petition must be brought in the superior court that ordered the involuntary commitment or the superior court of the county in which the petitioner resides.

(c) Except as provided in (d) of this subsection, the court shall restore the petitioner's right to possess a firearm if the petitioner proves by a preponderance of the evidence that:

- (i) The petitioner is no longer required to participate in court-ordered inpatient or outpatient treatment;
- (ii) The petitioner has successfully managed the condition related to the commitment;
- (iii) The petitioner no longer presents a substantial danger to himself or herself, or the public; and
- (iv) The symptoms related to the commitment are not reasonably likely to recur.

(d) If a preponderance of the evidence in the record supports a finding that the person petitioning the court has engaged in violence and that it is more likely than not that the person will engage in violence after his or her right to possess a firearm is restored, the person shall bear the burden of proving by clear, cogent, and convincing evidence that he or she does not present a substantial danger to the safety of others.

(e) When a person's right to possess a firearm has been restored under this subsection, the court shall forward, within three judicial days after entry of the restoration order, notification that the person's right to possess a firearm has been restored to the department of licensing, the department of social and health services, and the national instant criminal background check system index, denied persons file.

(4) No person who has been found not guilty by reason of insanity may petition a court for restoration of the right to possess a firearm unless the person meets the requirements for the restoration of the right to possess a firearm under RCW 9.41.040(4).

Sec. 276. RCW 9.41.075 and 2005 c 453 s 4 are each amended to read as follows:

(a) Discovery by the issuing authority that the person was ineligible under RCW 9.41.070 for a concealed pistol license when applying for the license or license renewal;

(b) Conviction of the licensee, or the licensee being found not guilty by reason of insanity, of an offense, or commitment of the licensee for mental health treatment or treatment of a substance use disorder that is based on use of a controlled substance, that makes a person ineligible under RCW 9.41.040 to possess a firearm;

(c) Conviction of the licensee for a third violation of this chapter within five calendar years; or

(d) An order that the licensee forfeit a firearm under RCW 9.41.098(1)(d).

(b) Upon discovering a person issued a concealed pistol license was ineligible for the license, the issuing authority shall contact the department of licensing to determine whether the person purchased a pistol while in possession of the license. If the person did purchase a pistol while in possession of the concealed pistol license, if the person may not lawfully possess a pistol without a concealed pistol license, the issuing authority shall require the person to present satisfactory evidence of having lawfully transferred ownership of the pistol. The issuing authority shall require the person to produce the evidence within fifteen days of the revocation of the license.

(3) When a licensee is ordered to forfeit a firearm under RCW 9.41.098(1)(d), the issuing authority shall:

- (a) On the first forfeiture, revoke the license for one year;
- (b) On the second forfeiture, revoke the license for two years; or
- (c) On the third or subsequent forfeiture, revoke the license for five years.

Any person whose license is revoked as a result of a forfeiture of a firearm under RCW 9.41.098(1)(d) may not reapply for a new license until the end of the revocation period.

(4) The issuing authority shall notify, in writing, the department of licensing of the revocation of a license. The department of licensing shall record the revocation.

(f) When a defendant is ordered to be committed for inpatient evaluation under this subsection (1), the court may delay granting bail until the defendant has been evaluated for competency or sanity and appears before the court. Following the evaluation, in determining bail the court shall consider: (i) Recommendations of the evaluator regarding the defendant's competency, sanity, or diminished capacity; (ii) whether the defendant has a recent history of one or more violent acts; (iii) whether the defendant has previously been acquitted by reason of insanity or found incompetent; (iv) whether it is reasonably likely the defendant will fail to appear for a future court hearing; and (v) whether the defendant is a threat to public safety.

(e) When directed by the court, if an evaluation and report by an expert or professional person has been provided concluding that the defendant lacked the capacity at the time of the offense to form the mental state necessary to commit the charged offense, an opinion as to the capacity of the defendant to have a particular state of mind which is an element of the offense charged;

(f) An opinion as to whether the defendant should be evaluated by a designated ~~((mental health professional))~~ crisis responder under chapter 71.05 RCW.

(iii) Any facility providing inpatient services related to competency shall discharge the defendant as soon as the facility determines that the defendant is competent to stand trial. Discharge shall not be postponed during the writing and distribution of the evaluation report. Distribution of an evaluation report by a facility providing inpatient services shall ordinarily be accomplished within two working days or less following the final evaluation of the defendant. If the defendant is discharged to the custody of a local correctional facility, the local correctional facility must continue the medication regimen prescribed by the facility, when clinically appropriate, unless the defendant refuses to cooperate with medication and an involuntary medication order by the court has not been entered.

(iv) If there is no professional person at the local correctional facility, the local correctional facility shall designate a professional person as defined in RCW 71.05.020 or, in cooperation with the behavioral health organization, a professional person at the behavioral health organization to receive the report and recommendation.

(v) Upon commencement of a defendant's evaluation in the local correctional facility, the local correctional facility must notify the evaluator of the name of the professional person, or person designated under (a)(iv) of this subsection, to receive the report and recommendation.

(b) If the evaluator concludes, under RCW 10.77.060(3)(f), the person should be evaluated by a designated ~~((mental health professional))~~ crisis responder under chapter 71.05 RCW, the court shall order such evaluation be conducted prior to release from confinement when the person is acquitted or convicted and sentenced to confinement for twenty-four months or less, or when charges are dismissed pursuant to a finding of incompetent to stand trial.

(2) The designated ~~((mental health professional))~~ crisis responder shall provide written notification within twenty-four hours of the results of the determination whether to commence proceedings under chapter 71.05 RCW. The notification shall be provided to the persons identified in subsection (1)(a) of this section.

The notice may be given by electronic mail, facsimile, or other means reasonably likely to communicate the information immediately.

(5) The fact of admission and all information and records compiled, obtained, or maintained in the course of providing services under this chapter may also be disclosed to the courts solely to prevent the entry of any evaluation or treatment order that is inconsistent with any order entered under chapter 71.05 RCW.

Sec. 410. RCW 10.77.084 and 2012 c 256 s 5 are each amended to read as follows:

(1)(a) If at any time during the pendency of an action and prior to judgment the court finds, following a report as provided in RCW 10.77.060, a defendant is incompetent, the court shall order the proceedings against the defendant be stayed except as provided in subsection (4) of this section.

(b) At the end of the mental health treatment and restoration period, if any, or at any time a professional person determines competency has been, or is unlikely to be, restored, the defendant shall be returned to court for a hearing. The parties may agree to waive the defendant's presence or to remote participation by the defendant at a hearing or presentation of an agreed order if the recommendation of the evaluator is for the continuation of the stay of criminal proceedings, or if the opinion of the evaluator is that the defendant remains incompetent and there is no remaining restoration period, and the hearing is held prior to expiration of the defendant's authorized period of commitment, in which case the department shall promptly notify the court and parties of the date of the defendant's admission and expiration of commitment so that a timely hearing date may be scheduled. If, after notice and hearing, competency has been restored, the stay entered under (a) of this subsection shall be lifted. If competency has not been restored, the proceedings shall be dismissed without prejudice. If the court concludes that competency has not been restored, but that further treatment within the time limits established by RCW 10.77.086 or 10.77.088 is likely to restore competency, the court may order that treatment for purposes of competency restoration be

continued. Such treatment may not extend beyond the combination of time provided for in RCW 10.77.086 or 10.77.088.

(c) If at any time during the proceeding the court finds, following notice and hearing, a defendant is not likely to regain competency, the proceedings shall be dismissed without prejudice and the defendant shall be evaluated for civil commitment proceedings.

(2) If the defendant is referred for evaluation by a designated (~~mental health professional~~) crisis responder under this chapter, the designated (~~mental health professional~~) crisis responder shall provide prompt written notification of the results of the evaluation and whether the person was detained. The notification shall be provided to the court in which the criminal action was pending, the prosecutor, the defense attorney in the criminal action, and the facility that evaluated the defendant for competency.

(3) The fact that the defendant is unfit to proceed does not preclude any pretrial proceedings which do not require the personal participation of the defendant.

(4) A defendant receiving medication for either physical or mental problems shall not be prohibited from standing trial, if the medication either enables the defendant to understand the proceedings against him or her and to assist in his or her own defense, or does not disable him or her from so understanding and assisting in his or her own defense.

(5) At or before the conclusion of any commitment period provided for by this section, the facility providing evaluation and treatment shall provide to the court a written report of evaluation which meets the requirements of RCW 10.77.060(3). For defendants charged with a felony, the report following the second competency restoration period or first competency restoration period if the defendant's incompetence is determined to be solely due to a developmental disability or the evaluator concludes that the defendant is not likely to regain competency must include an assessment of the defendant's future dangerousness which is evidence-based regarding predictive validity.

The placement shall not exceed fourteen days in addition to any unused time of the evaluation under RCW 10.77.060. The court shall compute this total period and include its computation in the order. The fourteen-day period plus any unused time of the evaluation under RCW 10.77.060 shall be considered to include only the time the defendant is actually at the facility and shall be in addition to reasonable time for transport to or from the facility;

(ii) On conditional release for up to ninety days for mental health treatment and restoration of competency; or

(iii) Any combination of this subsection.

(b)(i) If the proceedings are dismissed under RCW 10.77.084 and the defendant was on conditional release at the time of dismissal, the court shall order the designated (~~mental health professional~~) crisis responder within that county to evaluate the defendant pursuant to chapter 71.05 RCW. The evaluation may be conducted in any location chosen by the professional.

(ii) If the defendant was in custody and not on conditional release at the time of dismissal, the defendant shall be detained and sent to an evaluation and treatment facility for up to seventy-two

hours, excluding Saturdays, Sundays, and holidays, for evaluation for purposes of filing a petition under chapter 71.05 RCW. The seventy-two-hour period shall commence upon the next nonholiday weekday following the court order and shall run to the end of the last nonholiday weekday within the seventy-two-hour period.

(2) If the defendant is charged with a nonfelony crime that is not a serious offense as defined in RCW 10.77.092:

In the case of a directive that is stored in the health care declarations registry created by RCW 70.122.130, the revocation may be by an online method established by the department of health. Failure to use the online method of revocation for a directive that is stored in the registry does not invalidate a revocation that is made by another method described under this section.

(3) The principal shall provide a copy of his or her written statement of revocation to his or her agent, if any, and to each health care provider, professional person, or health care facility that received a copy of the directive from the principal.

(4) The written statement of revocation is effective:

(a) As to a health care provider, professional person, or health care facility, upon receipt. The professional person, health care provider, or health care facility, or persons acting under their direction shall make the statement of revocation part of the principal's medical record; and

(b) As to the principal's agent, upon receipt. The principal's agent shall notify the principal's health care provider, professional person, or health care facility of the revocation and provide them with a copy of the written statement of revocation.

(5) A directive also may:

(a) Be revoked, in whole or in part, expressly or to the extent of any inconsistency, by a subsequent directive; or

(b) Be superseded or revoked by a court order, including any order entered in a criminal matter. A directive may be superseded by a court order regardless of whether the order contains an explicit reference to the directive. To the extent a directive is not in conflict with a court order, the directive remains effective, subject to the provisions of RCW 71.32.150. A directive shall not be interpreted in a manner that interferes with: (i) Incarceration or detention by the department of corrections, in a city or county jail, or by the department of social and health services; or (ii) treatment of a principal who is subject to involuntary treatment pursuant to chapter 10.77, ((70.96A,)) 71.05, 71.09, or 71.34 RCW.

(6) A directive that would have otherwise expired but is effective because the principal is incapacitated remains effective until the principal is no longer incapacitated unless the principal has elected to be able to revoke while incapacitated and has revoked the directive.

(7) When a principal with capacity consents to treatment that differs from, or refuses treatment consented to in, the provisions of his or her directive, the consent or refusal constitutes a waiver of that provision and does not constitute a revocation of the provision or directive unless the principal also revokes the directive or provision.

Sec. 425. RCW 71.32.140 and 2009 c 217 s 12 are each amended to read as follows:

(1) A principal who:

(a) Chose not to be able to revoke his or her directive during any period of incapacity;

(b) Consented to voluntary admission to inpatient mental health treatment, or authorized an agent to consent on the principal's behalf; and

(c) At the time of admission to inpatient treatment, refuses to be admitted, may only be admitted into inpatient mental health treatment under subsection (2) of this section.

(2) A principal may only be admitted to inpatient mental health treatment under his or her directive if, prior to admission, a member of the treating facility's professional staff who is a physician or psychiatric advanced registered nurse practitioner:

(a) Evaluates the principal's mental condition, including a review of reasonably available psychiatric and psychological history, diagnosis, and treatment needs, and determines, in conjunction with another health care provider or mental health professional, that the principal is incapacitated;

(b) Obtains the informed consent of the agent, if any, designated in the directive;

(c) Makes a written determination that the principal needs an inpatient evaluation or is in need of inpatient treatment and that the evaluation or treatment cannot be accomplished in a less restrictive setting; and

(d) Documents in the principal's medical record a summary of the physician's or psychiatric advanced registered nurse practitioner's findings and recommendations for treatment or evaluation.

(3) In the event the admitting physician is not a psychiatrist, or the advanced registered nurse practitioner is not a psychiatric advanced registered nurse practitioner, the principal

shall receive a complete psychological assessment by a mental health professional within twenty-four hours of admission to determine the continued need for inpatient evaluation or treatment.

(4)(a) If it is determined that the principal has capacity, then the principal may only be admitted to, or remain in, inpatient treatment if he or she consents at the time or is detained under the involuntary treatment provisions of chapter ((70.96A,)) 71.05((7)) or 71.34 RCW.

(b) If a principal who is determined by two health care providers or one mental health professional and one health care provider to be incapacitated continues to refuse inpatient treatment, the principal may immediately seek injunctive relief for release from the facility.

(5) If, at the end of the period of time that the principal or the principal's agent, if any, has consented to voluntary inpatient treatment, but no more than fourteen days after admission, the principal has not regained capacity or has regained capacity but refuses to consent to remain for additional treatment, the principal must be released during reasonable daylight hours, unless detained under chapter ((70.96A,)) 71.05((7)) or 71.34 RCW.

(6)(a) Except as provided in (b) of this subsection, any principal who is voluntarily admitted to inpatient mental health treatment under this chapter shall have all the rights provided to individuals who are voluntarily admitted to inpatient treatment under chapter 71.05, 71.34, or 72.23 RCW.

(b) Notwithstanding RCW 71.05.050 regarding consent to inpatient treatment for a specified length of time, the choices an incapacitated principal expressed in his or her directive shall control, provided, however, that a principal who takes action demonstrating a desire to be discharged, in addition to making statements requesting to be discharged, shall be discharged, and no principal shall be restrained in any way in order to prevent his or her discharge. Nothing in this subsection shall be construed to prevent detention and evaluation for civil commitment under chapter 71.05 RCW.

(7) Consent to inpatient admission in a directive is effective only while the professional person, health care provider, and health care facility are in substantial compliance with the material provisions of the directive related to inpatient treatment.

Sec. 426. RCW 71.32.150 and 2003 c 283 s 15 are each amended to read as follows:

(1) Upon receiving a directive, a health care provider, professional person, or health care facility providing treatment to the principal, or persons acting under the direction of the health care provider, professional person, or health care facility, shall make the directive a part of the principal's medical record and shall be deemed to have actual knowledge of the directive's contents.

(2) When acting under authority of a directive, a health care provider, professional person, or health care facility shall act in accordance with the provisions of the directive to the fullest extent possible, unless in the determination of the health care provider, professional person, or health care facility:

(a) Compliance with the provision would violate the accepted standard of care established in RCW 7.70.040;

(b) The requested treatment is not available;

(c) Compliance with the provision would violate applicable law; or

(d) It is an emergency situation and compliance would endanger any person's life or health.

(3)(a) In the case of a principal committed or detained under the involuntary treatment provisions of chapter 10.77, ((70.96A,)) 71.05, 71.09, or 71.34 RCW, those provisions of a principal's directive that, in the determination of the health care provider, professional person, or health care facility, are

inconsistent with the purpose of the commitment or with any order of the court relating to the commitment are invalid during the commitment.

(b) Remaining provisions of a principal's directive are advisory while the principal is committed or detained.

The treatment provider is encouraged to follow the remaining provisions of the directive, except as provided in (a) of this subsection or subsection (2) of this section.

(4) In the case of a principal who is incarcerated or committed in a state or local correctional facility, provisions of the principal's directive that are inconsistent with reasonable penological objectives or administrative hearings regarding involuntary medication are invalid during the period of incarceration or commitment. In addition, treatment may be given despite refusal of the principal or the provisions of the directive: (a) For any reason under subsection (2) of this section; or (b) if, without the benefit of the specific treatment measure, there is a significant possibility that the person will harm self or others before an improvement of the person's condition occurs.

(5)(a) If the health care provider, professional person, or health care facility is, at the time of receiving the directive, unable or unwilling to comply with any part or parts of the directive for any reason, the health care provider, professional person, or health care facility shall promptly notify the principal and, if applicable, his or her agent and shall document the reason in the principal's medical record.

(b) If the health care provider, professional person, or health care facility is acting under authority of a directive and is unable to comply with any part or parts of the directive for the reasons listed in subsection (2) or (3) of this section, the health care provider, professional person, or health care facility shall promptly notify the principal and if applicable, his or her agent, and shall document the reason in the principal's medical record.

(6) In the event that one or more parts of the directive are not followed because of one or more of the reasons set forth in subsection (2) or (4) of this section, all other parts of the directive shall be followed.

(7) If no provider-patient relationship has previously been established, nothing in this chapter requires the establishment of a provider-patient relationship.

Sec. 427. RCW 72.09.315 and 2004 c 166 s 17 are each amended to read as follows:

(1) When an offender is under court-ordered mental health or chemical dependency treatment in the community and the supervision of the department of corrections, and the community corrections officer becomes aware that the person is in violation of the terms of the court's treatment order, the community corrections officer shall notify the ~~((county designated mental health professional or the designated chemical dependency specialist))~~ designated crisis responder, as appropriate, of the violation and request an evaluation for purposes of revocation of the less restrictive alternative or conditional release.

(2) When a ~~((county designated mental health professional or the designated chemical dependency specialist))~~ designated crisis responder notifies the department that an offender in a state correctional facility is the subject of a petition for involuntary treatment under chapter 71.05 ~~((or 70.96A))~~ RCW, the department shall provide documentation of its risk assessment or other concerns to the petitioner and the court if the department classified the offender as a high risk or high needs offender.

Sec. 428. RCW 72.09.370 and 2014 c 225 s 95 are each amended to read as follows:

(1) The offender reentry community safety program is established to provide intensive services to offenders identified under this subsection and to thereby promote public safety. The secretary shall identify offenders in confinement or partial confinement who: (a) Are reasonably believed to be dangerous to themselves or others; and (b) have a mental disorder. In determining an offender's dangerousness, the secretary shall consider behavior known to the department and factors, based on research, that are linked to an increased risk for dangerousness of offenders with mental illnesses and shall include consideration of an offender's chemical dependency or abuse.

(2) Prior to release of an offender identified under this section, a team consisting of representatives of the department of corrections, the division of mental health, and, as necessary, the indeterminate sentence review board, other divisions or administrations within the department of social and health services, specifically including the division of alcohol and substance abuse and the division of developmental disabilities, the appropriate behavioral health organization, and the providers, as appropriate, shall develop a plan, as determined necessary by the team, for delivery of treatment and support services to the offender upon release. In developing the plan, the offender shall be offered assistance in executing a mental health directive under chapter 71.32 RCW, after being fully informed of the benefits, scope, and purposes of such directive. The team may include a school district representative for offenders under the age of twenty-one. The team shall consult with the offender's counsel, if any, and, as appropriate, the offender's family and community. The team shall notify the crime victim/witness program, which shall provide notice to all people registered to receive notice under RCW 72.09.712 of the proposed release plan developed by the team. Victims, witnesses, and other interested people notified by the department may provide information and comments to the department on potential safety risk to specific individuals or classes of individuals posed by the specific offender. The team may recommend: (a) That the offender be evaluated by the designated ~~((mental health professional))~~ crisis responder, as defined in chapter 71.05 RCW; (b) department-supervised community treatment; or (c) voluntary community mental health or chemical dependency or abuse treatment.

(3) Prior to release of an offender identified under this section, the team shall determine whether or not an evaluation by a designated ~~((mental health professional))~~ crisis responder is needed. If an evaluation is recommended, the supporting documentation shall be immediately forwarded to the appropriate designated ~~((mental health professional))~~ crisis responder. The supporting documentation shall include the offender's criminal history, history of judicially required or administratively ordered involuntary antipsychotic medication while in confinement, and any known history of involuntary civil commitment.

(4) If an evaluation by a designated ~~((mental health professional))~~ crisis responder is recommended by the team, such evaluation shall occur not more than ten days, nor less than five days, prior to release.

(5) A second evaluation by a designated ~~((mental health professional))~~ crisis responder shall occur on the day of release if requested by the team, based upon new information or a change in the offender's mental condition, and the initial evaluation did not result in an emergency detention or a summons under chapter 71.05 RCW.

(6) If the designated ~~((mental health professional))~~ crisis responder determines an emergency detention under chapter 71.05 RCW is necessary, the department shall release the offender only to a state hospital or to a consenting evaluation and treatment facility. The department shall arrange transportation of the offender to the hospital or facility.

(7) If the designated (~~(mental health professional)~~) crisis responder believes that a less restrictive alternative treatment is appropriate, he or she shall seek a summons, pursuant to the provisions of chapter 71.05 RCW, to require the offender to appear at an evaluation and treatment facility. If a summons is issued, the offender shall remain within the corrections facility until completion of his or her term of confinement and be transported, by corrections personnel on the day of completion, directly to the identified evaluation and treatment facility.

(8) The secretary shall adopt rules to implement this section.

Sec. 429. RCW 74.13.033 and 2009 c 569 s 3 are each amended to read as follows:

(1) If a resident of a crisis residential center becomes by his or her behavior disruptive to the facility's program, such resident may be immediately removed to a separate area within the facility and counseled on an individual basis until such time as the child regains his or her composure. The department may set rules and regulations establishing additional procedures for dealing with severely disruptive children on the premises.

(2) When the juvenile resides in this facility, all services deemed necessary to the juvenile's reentry to normal family life shall be made available to the juvenile as required by chapter 13.32A RCW. In assessing the child and providing these services, the facility staff shall:

(a) Interview the juvenile as soon as possible;

(b) Contact the juvenile's parents and arrange for a counseling interview with the juvenile and his or her parents as soon as possible;

(c) Conduct counseling interviews with the juvenile and his or her parents, to the end that resolution of the child/parent conflict is attained and the child is returned home as soon as possible;

(d) Provide additional crisis counseling as needed, to the end that placement of the child in the crisis residential center will be required for the shortest time possible, but not to exceed fifteen consecutive days; and

(e) Convene, when appropriate, a multidisciplinary team.

(3) Based on the assessments done under subsection (2) of this section the center staff may refer any child who, as the result of a mental or emotional disorder, or intoxication by alcohol or other drugs, is suicidal, seriously assaultive, or seriously destructive toward others, or otherwise similarly evidences an immediate need for emergency medical evaluation and possible care, for evaluation pursuant to chapter 71.34 RCW(~~(-)~~) or to a (~~(mental health professional)~~) designated crisis responder pursuant to chapter 71.05 RCW(~~(- or to a chemical dependency specialist pursuant to chapter 70.96A RCW)~~) whenever such action is deemed appropriate and consistent with law.

(4) A juvenile taking unauthorized leave from a facility shall be apprehended and returned to it by law enforcement officers or other persons designated as having this authority as provided in RCW 13.32A.050. If returned to the facility after having taken unauthorized leave for a period of more than twenty-four hours a juvenile shall be supervised by such a facility for a period, pursuant to this chapter, which, unless where otherwise provided, may not exceed fifteen consecutive days. Costs of housing juveniles admitted to crisis residential centers shall be assumed by the department for a period not to exceed fifteen consecutive days.

Sec. 430. RCW 74.50.070 and 1987 c 406 s 8 are each amended to read as follows:

(1) If a county elects to establish a multipurpose diagnostic center or detention center, the alcoholism and drug addiction assessment service under RCW 74.50.040 may be integrated into the services provided by such a center.

(2) The center may be financed from funds made available by the department for alcoholism and drug addiction assessments under this chapter and funds contained in the department's budget for detoxification, involuntary detention, and involuntary treatment under chapter(~~(s 70.96A and)~~) 71.05 RCW. The center may be operated by the county or pursuant to contract between the county and a qualified organization.

(1) Every: (a) Department, division, or separate agency of state government; (b) county, municipal, school district, educational service district, or other political subdivisions; and (c) tribal governments as are covered by this chapter, shall provide contributions to insurance and health care plans for its employees and their dependents, the content of such plans to be determined by the authority. Contributions, paid by the county, the municipality, other political subdivision, or a tribal government for their employees, shall include an amount determined by the authority to pay such administrative expenses of the authority as are necessary to administer the plans for employees of those groups, except as provided in subsection (4) of this section.

(2) If the authority at any time determines that the participation of a county, municipal, other political subdivision, or a tribal government covered under this chapter adversely impacts insurance rates for state employees, the authority (~~shall implement limitations on the participation of additional~~) may develop an employer-specific charge for each county, municipal, other political subdivision(§), or ((a)) tribal government that offsets a significant increase in insurance rates for state employees that could be caused by the participation of that employer.

(3) The contributions of any: (a) Department, division, or separate agency of the state government; (b) county, municipal, or other political subdivisions; and (c) any tribal government as are covered by this chapter, shall be set by the authority, subject to the approval of the governor for availability of funds as specifically appropriated by the legislature for that purpose. The authority may collect these amounts in accordance with the district fiscal year, as described in RCW 28A.505.030.

(b) For all groups of district employees enrolling in authority plans for the first time after September 1, 2003, the authority shall collect from each participating school district an amount equal to the composite rate charged to state agencies, plus an amount equal to the employee premiums by plan and by family size as would be charged to state employees, only if the authority determines that this method of billing the districts will not result in a material difference between revenues from districts and expenditures made by the authority on behalf of districts and their employees. The authority may collect these amounts in accordance with the district fiscal year, as described in RCW 28A.505.030.

(c) If the authority determines at any time that the conditions in (b) of this subsection cannot be met, the authority shall offer enrollment to additional groups of district employees on a tiered rate structure until such time as the authority determines there would be no material difference between revenues and expenditures under a composite rate structure for all district employees enrolled in authority plans.

(d) The authority may charge districts a one-time set-up fee for employee groups enrolling in authority plans for the first time.

(e) For the purposes of this subsection:

(i) "District" means school district and educational service district; and

(ii) "Tiered rates" means the amounts the authority must pay to insuring entities by plan and by family size.

(f) Notwithstanding this subsection and RCW 41.05.065(4), the authority may allow districts enrolled on a tiered rate structure prior to September 1, 2002, to continue participation based on the same rate structure and under the same conditions and eligibility criteria.

Representative Kagi moved the adoption of amendment (205):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 505. INTENT. (1) The legislature finds that quality early care and education builds the foundation for a child's success in school and in life. The legislature acknowledges that a quality framework is necessary for the early care and education system in Washington. The legislature recognizes that empirical evidence supports the conclusion that high quality programs consistently yield more positive outcomes for children, with the strongest positive impacts on the most vulnerable children. The legislature acknowledges that critical developmental windows exist in early childhood, and low quality

child care has damaging effects for children. The legislature further understands that the proper dosage, duration of programming, and stability of care are critical to enhancing program quality and improving child outcomes. The legislature acknowledges that the early care and education system should strive to address the needs of Washington's culturally and linguistically diverse populations. The legislature understands that parental choice and provider diversity are guiding principles for early learning programs.

(2) The legislature intends to prioritize the integration of child care and preschool in an effort to promote full day programming. The legislature further intends to reward quality and create incentives for providers to participate in a quality rating and improvement system that will also provide valuable information to parents regarding the quality of care available in their communities.

Sec. 506. RCW 43.215.100 and 2013 c 323 s 6 are each amended to read as follows:

EARLY ACHIEVERS, QUALITY RATING, AND IMPROVEMENT SYSTEM.

(1) ~~((Subject to the availability of amounts appropriated for this specific purpose,))~~ The department, in collaboration with tribal governments and community and statewide partners, shall implement a ~~((voluntary))~~ quality rating and improvement system, called the early achievers program ~~((, that))~~. The early achievers program provides a foundation of quality for the early care and education system. The early achievers program is applicable to licensed or certified child care centers and homes and early ~~((education))~~ learning programs such as working connections child care and early childhood education and assistance programs.

(2) The ~~((purpose))~~ objectives of the early achievers program ~~((is))~~ are to:

(b) Give parents clear and easily accessible information about the quality of child care and early education programs~~((;))~~;

(c) Support improvement in early learning and child care programs throughout the state~~((;))~~;

(d) Increase the readiness of children for school~~((, and))~~;

(b) Approved early childhood education and assistance program providers receiving state-funded support must participate in the early achievers program by the required deadlines established in RCW 43.215.415.

(c) Participation in the early achievers program is voluntary for licensed or certified child care centers and homes not receiving state subsidy payments.

(d) School age child care providers are exempt from participating in the early achievers program. By July 1, 2017, the department shall design a plan to incorporate school age child care providers into the early achievers program. To test implementation

of the early achievers system for school age child care providers the department shall implement a pilot program.

(4) ~~((By fiscal year 2015, Washington state preschool programs receiving state funds must enroll in the early achievers program and maintain a minimum score level.~~

(5) Before final implementation of the early achievers program, the department shall report on program progress, as defined within the race to the top federal grant award, and expenditures to the appropriate policy and fiscal committees of the legislature.)) There are five levels in the early achievers program. Participants are expected to actively engage and continually advance within the program.

(5) The department has the authority to determine the rating cycle for the early achievers program.

(a) Early achievers program participants may request to be rated at any time after the completion of all level 2 activities.

(b) The department shall provide an early achievers program participant an update on the participant's progress toward completing level 2 activities after the participant has been enrolled in the early achievers program for fifteen months.

(c) The first rating is free for early achievers program participants.

(d) Each subsequent rating within the established rating cycle is free for early achievers program participants.

(6)(a) Early achievers program participants may request to be rerated outside the established rating cycle.

(b) The department may charge a fee for optional rerating requests made by program participants that are outside the established rating cycle.

(c) Fees charged are based on, but may not exceed, the cost to the department for activities associated with the early achievers program.

(7)(a) The department must create a single source of information for parents and caregivers to access details on a provider's early achievers program rating level, licensing history, and other indicators of quality and safety that will help parents and caregivers make informed choices.

(b) The department shall publish to the department's web site, or offer a link on its web site to, the following information:

(i) By August 1, 2015, early achievers program rating levels 1 through 5 for all child care programs that receive state subsidy, early childhood education and assistance programs, and federal head start programs in Washington; and

(ii) New early achievers program ratings within thirty days after a program becomes licensed or certified, or receives a rating.

(c) The early achievers program rating levels shall be published in a manner that is easily accessible to parents and caregivers and takes into account the linguistic needs of parents and caregivers.

(d) The department must publish early achievers program rating levels for child care programs that do not receive state subsidy but have voluntarily joined the early achievers program.

(e) Early achievers program participants who have published rating levels on the department's web site or on a link on the department's web site may include a brief description of their program, contingent upon the review and approval by the department, as determined by established marketing standards.

(8)(a) The department shall create a professional development pathway for early achievers program participants to obtain a high school diploma or equivalency or higher education credential in early childhood education, early childhood studies, child development, or an academic field related to early care and education.

(b) The professional development pathway must include opportunities for scholarships and grants to assist early achievers

program participants with the costs associated with obtaining an educational degree.

(c) The department shall address cultural and linguistic diversity when developing the professional development pathway.

(9) The early achievers quality improvement awards shall be reserved for participants offering programs to an enrollment population consisting of at least five percent of children receiving a state subsidy.

(10) In collaboration with tribal governments, community and statewide partners, and the early achievers review subcommittee created in RCW 43.215.090, the department shall develop a protocol for granting early achievers program participants an extension in meeting rating level requirement timelines outlined for the working connections child care program and the early childhood education and assistance program.

(a) The department may grant extensions only under exceptional circumstances, such as when early achievers program participants experience an unexpected life circumstance.

(b) Extensions shall not exceed six months, and early achievers program participants are only eligible for one extension in meeting rating level requirement timelines.

(c) Extensions may only be granted to early achievers program participants who have demonstrated engagement in the early achievers program.

(d) A report outlining the early achievers program extension protocol shall be delivered to the appropriate committees of legislature by December 31, 2015.

(11)(a) The department shall accept national accreditation that meets the requirements of this subsection (11) as a qualification for the early achievers program ratings.

(b) Each national accreditation agency will be allowed to submit its most current standards of accreditation to establish potential credit earned in the early achievers program. The department shall grant credit to accreditation bodies that can demonstrate that their standards meet or exceed the current early achievers program standards.

(c) Licensed child care centers and child care home providers must meet national accreditation standards approved by the department for the early achievers program in order to be granted credit for the early achievers program standards. Eligibility for the early achievers program is not subject to bargaining, mediation, or interest arbitration under RCW 41.56.028, consistent with the legislative reservation of rights under RCW 41.56.028(4)(d).

(12) A child care or early learning program that is operated by a federally recognized tribe and receives state funds shall participate in the early achievers program. The tribe may choose to participate through an interlocal agreement between the tribe and the department. The interlocal agreement must reflect the government-to-government relationship between the state and the tribe, including recognition of tribal sovereignty. The interlocal agreement must provide that:

(a) Tribal child care facilities and early learning programs may volunteer, but are not required, to be licensed by the department;

(b) Tribal child care facilities and early learning programs are not required to have their early achievers program rating level published to the department's web site or through a link on the department's web site; and

(c) Tribal child care facilities and early learning programs must provide notification to parents or guardians who apply for or have been admitted into their program that early achievers program rating level information is available and provide the parents or guardians with the program's early achievers program rating level upon request.

(13) The department shall consult with the early achievers review subcommittee on all substantial policy changes to the early achievers program.

(14) Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects or limits the legislature's authority to make programmatic modifications to licensed child care and early learning programs under RCW 41.56.028(4)(d).

NEW SECTION. Sec. 507. A new section is added to chapter 43.215 RCW to read as follows:

(b) During the first thirty months of implementation of the early achievers program the department shall prioritize the resources authorized in this section to assist providers rating at a level 2 in the early achievers program to help them reach a level 3 rating wherever access to subsidized care is at risk.

(2) The protocol should address barriers to early achievers program participation and include at a minimum the following:

(a) The creation of a substitute pool;

(b) The development of needs-based grants for providers at level 2 in the early achievers program to assist with purchasing curriculum development, instructional materials, supplies, and equipment to improve program quality. SUBSTITUTE HOUSE BILL NO. 1349 was read the second time.

With the consent of the house, amendment (214) was withdrawn.

Representative Pollet moved the adoption of amendment (215):

Strike everything after the enacting clause and insert the following:

"**Sec. 524.** RCW 42.56.070 and 2005 c 274 s 284 are each amended to read as follows:

(1) Each agency, in accordance with published rules, shall make available for public inspection and copying all public records, unless the record falls within the specific exemptions of subsection ~~((6))~~ (9) of this section, this chapter, or other statute which exempts or prohibits disclosure of specific information or records. To the extent required to prevent an unreasonable invasion of personal privacy interests protected by this chapter, an agency shall delete identifying details in a manner consistent with this chapter when it makes available or publishes any public record; however, in each case, the justification for the deletion shall be explained fully in writing.

(2) For informational purposes, each agency shall publish and maintain a current list containing every law, other than those listed in this chapter, that the agency believes exempts or prohibits disclosure of specific information or records of the agency. An agency's failure to list an exemption shall not affect the efficacy of any exemption.

(3) Each local agency shall maintain and make available for public inspection and copying a current index providing identifying information as to the following records issued, adopted, or promulgated after January 1, 1973:

(a) Final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases;

(b) Those statements of policy and interpretations of policy, statute, and the Constitution which have been adopted by the agency;

(c) Administrative staff manuals and instructions to staff that affect a member of the public;

(d) Planning policies and goals, and interim and final planning decisions;

(e) Factual staff reports and studies, factual consultant's reports and studies, scientific reports and studies, and any other factual information derived from tests, studies, reports, or surveys, whether conducted by public employees or others; and

(f) Correspondence, and materials referred to therein, by and with the agency relating to any regulatory, supervisory, or enforcement responsibilities of the agency, whereby the agency determines, or opines upon, or is asked to determine or opine upon, the rights of the state, the public, a subdivision of state government, or of any private party.

(4) A local agency need not maintain such an index, if to do so would be unduly burdensome, but it shall in that event:

(a) Issue and publish a formal order specifying the reasons why and the extent to which compliance would unduly burden or interfere with agency operations; and

(b) Make available for public inspection and copying all indexes maintained for agency use.

(5) Each state agency shall, by rule, establish and implement a system of indexing for the identification and location of the following records:

(a) All records issued before July 1, 1990, for which the agency has maintained an index;

(b) Final orders entered after June 30, 1990, that are issued in adjudicative proceedings as defined in RCW 34.05.010 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(c) Declaratory orders entered after June 30, 1990, that are issued pursuant to RCW 34.05.240 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(d) Interpretive statements as defined in RCW 34.05.010 that were entered after June 30, 1990; and

(e) Policy statements as defined in RCW 34.05.010 that were entered after June 30, 1990.

Rules establishing systems of indexing shall include, but not be limited to, requirements for the form and content of the index, its location and availability to the public, and the schedule for revising or updating the index. State agencies that have maintained indexes for records issued before July 1, 1990, shall continue to make such indexes available for public inspection and copying. Information in such indexes may be incorporated into indexes prepared pursuant to this subsection. State agencies may satisfy the requirements of this subsection by making available to the public indexes prepared by other parties but actually used by the agency in its operations. State agencies shall make indexes available for public inspection and copying. State agencies may charge a fee to cover the actual costs of providing individual mailed copies of indexes.

(6) A public record may be relied on, used, or cited as precedent by an agency against a party other than an agency and it may be invoked by the agency for any other purpose only if:

(a) It has been indexed in an index available to the public; or

(b) Parties affected have timely notice (actual or constructive) of the terms thereof.

(7) Each agency shall establish, maintain, and make available for public inspection and copying a statement of the actual per page cost or other costs, if any, that it charges for providing photocopies of public records and a statement of the factors and manner used to determine the actual per page cost or other costs, if any.

(a) In determining the actual per page cost for providing photocopies of public records, an agency may include all costs directly incident to copying such public records including the actual cost of the paper and the per page cost for use of agency copying equipment. In determining other actual costs for providing

photocopies of public records, an agency may include all costs directly incident to shipping such public records, including the cost of postage or delivery charges and the cost of any container or envelope used.

(b) In determining the actual per page cost or other costs for providing copies of public records, an agency may not include staff salaries, benefits, or other general administrative or overhead charges, unless those costs are directly related to the actual cost of copying the public records. Staff time to copy and mail the requested public records may be included in an agency's costs.

(8) An agency need not calculate the actual per page cost or other costs it charges for providing photocopies of public records if to do so would be unduly burdensome, but in that event: The agency may not charge in excess of fifteen cents per page for photocopies of public records or for the use of agency equipment to photocopy public records and the actual postage or delivery charge and the cost of any container or envelope used to mail the public records to the requestor.

(9)(a) This chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law (~~(=PROVIDED, HOWEVER, That)~~). However, the lists of applicants for professional licenses and of professional licensees shall be made available to those professional associations or educational organizations recognized by their professional licensing or examination board, upon payment of a reasonable charge therefor (~~(=PROVIDED FURTHER, That)~~), and such recognition may be refused only for a good cause pursuant to a hearing under the provisions of chapter 34.05 RCW, the administrative procedure act.

(b) Before obtaining records containing the names or nonexempt contact information of employees or volunteers from any agency, the requester must swear under oath that he or she will not use such information to obtain information exempted under RCW 42.56.250 for a commercial purpose or to harass, stalk, threaten, or intimidate any person.

(c) A person is subject to civil liability if he or she:

(i) Requests, pursuant to this chapter, the names or nonexempt contact information of agency employees or volunteers in order to obtain information exempted under RCW 42.56.250 for a commercial purpose or to harass, stalk, threaten, or intimidate any person; or

(ii) Uses the names or nonexempt contact information of agency employees or volunteers, with knowledge that such information was obtained through a request made pursuant to this chapter, in order to obtain information exempted under RCW 42.56.250 for a commercial purpose or to harass, stalk, threaten, or intimidate any person.

(d) A person who is liable under (c) of this subsection may be sued in superior court by any aggrieved party, or in the name of the state by the attorney general or the prosecuting authorities of political subdivisions of this state. A plaintiff may recover five hundred dollars for each item of information used in violation of (c) of this subsection, plus costs and reasonable attorneys' fees. The court may order any other appropriate civil remedy.

(e) For purposes of using the names or nonexempt contact information of agency employees or volunteers in order to obtain information exempted under RCW 42.56.250, a commercial purpose includes:

(i) Soliciting, marketing, advertising, or self-promoting;

(ii) Inducing any person to economically support any entity; or

(iii) Inducing any person to cease or refrain from economically supporting any entity.

(f) It is not a commercial purpose to obtain names or contact information for purposes of soliciting support for or opposition to any political party, candidate, or ballot measure, as defined in RCW 42.17A.005.

Sec. 525. RCW 42.56.250 and 2014 c 106 s 1 are each amended to read as follows:

The following employment and licensing information is exempt from public inspection and copying under this chapter:

(1) Test questions, scoring keys, and other examination data used to administer a license, employment, or academic examination;

(2) All applications for public employment, including the names of applicants, resumes, and other related materials submitted with respect to an applicant;

(1) Except as provided in subsection (4) of this section, all costs, fines, forfeitures and penalties assessed and collected, in whole or in part, by district courts because of violations of city ordinances shall be remitted by the clerk of the district court at least monthly directly to the treasurer of the city wherein the violation occurred.

(2) Except as provided in RCW 9A.88.120 and 10.99.080, the city treasurer shall remit monthly thirty-two percent of the noninterest money received under this section, other than for parking infractions and certain costs, to the state treasurer. "Certain costs" as used in this subsection, means those costs awarded to prevailing parties in civil actions under RCW 4.84.010 or 36.18.040, or those costs awarded against convicted defendants in criminal actions under RCW 10.01.160, 10.46.190, or 36.18.040, or other similar statutes if such costs are specifically designated as costs by the court and are awarded for the specific reimbursement of costs incurred by the state, county, city, or town in the prosecution of the case, including the fees of defense counsel. Money remitted under this subsection to the state treasurer shall be deposited in the state general fund.

(3) The balance of the noninterest money received under this section shall be retained by the city and deposited as provided by law.

(4) All money collected for city parking infractions shall be remitted by the clerk of the district court at least monthly to the city treasurer for deposit in the city's general fund.

(5)(a) Except as provided in (b) of this subsection, penalties, fines, ((bail forfeitures,)) fees, and costs may accrue interest at the rate of twelve percent per annum, upon assignment to a collection agency. Interest may accrue only while the case is in collection status.

(b) As of the effective date of this section, penalties, fines, bail forfeitures, fees, and costs imposed against a defendant in a criminal proceeding shall not accrue interest.

(6) Interest retained by the court on penalties, fines, bail forfeitures, fees, and costs shall be split twenty-five percent to the state treasurer for deposit in the state general fund, twenty-five percent to the state treasurer for deposit in the judicial information system account as provided in RCW 2.68.020, twenty-five percent to the city general fund, and twenty-five percent to the city general fund to fund local courts.

Sec. 530. RCW 35.20.220 and 2012 c 136 s 7 are each amended to read as follows:

(1) The chief clerk, under the supervision and direction of the court administrator of the municipal court, shall have the custody and care of the books, papers and records of the court. The chief clerk or a deputy shall be present during the session of the court and has the power to swear all witnesses and jurors, administer oaths and affidavits, and take acknowledgments. The chief clerk shall keep the records of the court and shall issue all process under his or her hand and the seal of the court. The chief clerk shall do and perform all things and have the same powers pertaining to the office as the clerks of the superior courts have in their office. He or she shall receive all fines, penalties, and fees of every kind and keep a full, accurate, and detailed account of the same. The chief clerk shall on each day pay into the city treasury all money received for the city during the day previous, with a detailed account of the same, and taking the treasurer's receipt therefor.

(2) Except as provided in RCW 9A.88.120 and 10.99.080, the city treasurer shall remit monthly thirty-two percent of the noninterest money received under this section, other than for parking infractions and certain costs to the state treasurer. "Certain costs" as used in this subsection, means those costs awarded to prevailing parties in civil actions under RCW 4.84.010 or 36.18.040, or those costs awarded against convicted defendants in criminal actions under RCW 10.01.160, 10.46.190, or 36.18.040, or other similar statutes if such costs are specifically designated as costs by the court and are awarded for the specific reimbursement of costs incurred by the state, county, city, or town in the prosecution of the case, including the fees of defense counsel. Money remitted under this subsection to the state treasurer shall be deposited in the state general fund.

(3) The balance of the noninterest money received under this section shall be retained by the city and deposited as provided by law.

(4)(a) ~~Except as provided in (b) of this subsection, penalties, fines, ((bail forfeitures,))~~ fees, and costs may accrue interest at the rate of twelve percent per annum, upon assignment to a collection agency. Interest may accrue only while the case is in collection status.

(b) As of the effective date of this section, penalties, fines, bail forfeitures, fees, and costs imposed against a defendant in a criminal proceeding shall not accrue interest.

(5) Interest retained by the court on penalties, fines, bail forfeitures, fees, and costs shall be split twenty-five percent to the state treasurer for deposit in the state general fund, twenty-five percent to the state treasurer for deposit in the judicial information system account as provided in RCW 2.68.020, twenty-five percent to the city general fund, and twenty-five percent to the city general fund to fund local courts.

Sec. 531. RCW 10.01.160 and 2010 c 54 s 1 are each amended to read as follows:

(1) Except as provided in subsection (3) of this section, the court may require a defendant to pay costs. Costs may be imposed only upon a convicted defendant, except for costs imposed upon a

defendant's entry into a deferred prosecution program, costs imposed upon a defendant for pretrial supervision, or costs imposed upon a defendant for preparing and serving a warrant for failure to appear.

(2) Costs shall be limited to expenses specially incurred by the state in prosecuting the defendant or in administering the deferred prosecution program under chapter 10.05 RCW or pretrial supervision. They cannot include expenses inherent in providing a constitutionally guaranteed jury trial or expenditures in connection with the maintenance and operation of government agencies that must be made by the public irrespective of specific violations of law. Expenses incurred for serving of warrants for failure to appear and jury fees under RCW 10.46.190 may be included in costs the court may require a defendant to pay. Costs for administering a deferred prosecution may not exceed two hundred fifty dollars. Costs for administering a pretrial supervision may not exceed one hundred fifty dollars. Costs for preparing and serving a warrant for failure to appear may not exceed one hundred dollars. Costs of incarceration imposed on a defendant convicted of a misdemeanor or a gross misdemeanor may not exceed the actual cost of incarceration. In no case may the court require the offender to pay more than one hundred dollars per day for the cost of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision take precedence over the payment of the cost of incarceration ordered by the court. All funds received from defendants for the cost of incarceration in the county or city jail must be remitted for criminal justice purposes to the county or city that is responsible for the defendant's jail costs. Costs imposed constitute a judgment against a defendant and survive a dismissal of the underlying action against the defendant. However, if the defendant is acquitted on the underlying action, the costs for preparing and serving a warrant for failure to appear do not survive the acquittal, and the judgment that such costs would otherwise constitute shall be vacated.

(3) The court shall not order a defendant to pay costs ~~((unless))~~ if the defendant ((is or will be able to pay them)) at the time of sentencing is indigent as defined in RCW 10.101.010(3) (a) through (c). In determining the amount and method of payment of costs for defendants who are not indigent as defined in RCW 10.101.010(3) (a) through (c), the court shall take account of the financial resources of the defendant and the nature of the burden that payment of costs will impose.

(4) A defendant who has been ordered to pay costs and who is not in ~~((contumacious))~~ willful default in the payment thereof may at any time after release from total confinement petition the sentencing court for remission of the payment of costs or of any unpaid portion thereof. If it appears to the satisfaction of the court that payment of the amount due will impose manifest hardship on the defendant or the defendant's immediate family, the court may remit all or part of the amount due in costs, ~~((or))~~ modify the method of payment under RCW 10.01.170, or with the defendant's consent convert the unpaid costs to community restitution hours at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. Manifest hardship exists where the defendant is indigent as defined in RCW 10.101.010(3) (a) through (c) and the defendant's indigency is unlikely to end in the future.

(5) Except for direct costs relating to evaluating and reporting to the court, prosecutor, or defense counsel regarding a defendant's competency to stand trial as provided in RCW 10.77.060, this section shall not apply to costs related to medical or mental health treatment or services a defendant receives while in custody of the secretary of the department of social and health services or other governmental units. This section shall not prevent the secretary of the department of social and health services or other governmental units from imposing liability and seeking

reimbursement from a defendant committed to an appropriate facility as provided in RCW 10.77.084 while criminal proceedings are stayed. This section shall also not prevent governmental units from imposing liability on defendants for costs related to providing medical or mental health treatment while the defendant is in the governmental unit's custody. Medical or mental health treatment and services a defendant receives at a state hospital or other facility are not a cost of prosecution and shall be recoverable under RCW 10.77.250 and 70.48.130, chapter 43.20B RCW, and any other applicable statute.

Sec. 532. RCW 10.01.170 and 1975-'76 2nd ex.s. c 96 s 2 are each amended to read as follows:

(1) When a defendant is sentenced to pay ~~((a))~~ any fine, penalty, assessment, fee, restitution, or costs, the court may grant permission for payment to be made within a specified period of time or in specified installments. If the court finds that the defendant is indigent as defined in RCW 10.101.010(3) (a) through (c), the court shall grant permission for payment to be made within a specified period of time or in specified installments. If no such permission is included in the sentence the fine or costs shall be payable forthwith.

(2) An offender's monthly payment shall be applied to the principal on restitution obligations in all cases within a jurisdiction prior to payment of any other monetary obligations. After restitution is satisfied, payment shall be distributed proportionally among all other fines, costs other than costs of incarceration, fees, penalties, and assessments imposed, unless otherwise ordered by the court. Costs of incarceration shall be paid after all other fines, costs, fees, penalties, and assessments are satisfied. After the principal on all legal financial obligations is satisfied, payment shall be distributed to interest.

Sec. 533. RCW 10.01.180 and 2010 c 8 s 1006 are each amended to read as follows:

(1) A defendant sentenced to pay ~~((a))~~ any fine, penalty, assessment, fee, or costs who willfully defaults in the payment thereof or of any installment is in contempt of court as provided in chapter 7.21 RCW. The court may issue a warrant of arrest for his or her appearance.

(2) When ~~((a))~~ any fine, penalty, assessment, fee, or assessment of costs is imposed on a corporation or unincorporated association, it is the duty of the person authorized to make disbursement from the assets of the corporation or association to pay the ~~((fine or costs))~~ obligation from those assets, and his or her failure to do so may be held to be contempt.

(3)(a) The court shall not sanction a defendant for contempt based on failure to pay fines, penalties, assessments, fees, or costs unless the court finds, after a hearing and on the record, that the failure to pay is willful. A failure to pay is willful if the defendant has the current ability to pay but refuses to do so.

(b) In determining whether the defendant has the current ability to pay, the court shall inquire into and consider: (i) The defendant's income and assets; (ii) the defendant's basic living costs as defined by RCW 10.101.010 and other liabilities including child support and other legal financial obligations; and (iii) the defendant's bona fide efforts to acquire additional resources. A defendant who is indigent as defined in RCW 10.101.010(3) (a) through (c) is presumed to lack the current ability to pay.

(c) If the court determines that the defendant is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation is not willful contempt and shall not subject the defendant to penalties.

(4) If a term of imprisonment for contempt for nonpayment of ~~((a))~~ any fine, penalty, assessment, fee, or costs is ordered, the term of imprisonment shall be set forth in the commitment order, and shall not exceed one day for each twenty-five dollars of the ~~((fine or costs))~~ amount ordered, thirty days if the ~~((fine or assessment))~~ amount ordered of costs was imposed upon conviction of a violation or misdemeanor, or one year in any other case, whichever is the shorter period. A person committed for nonpayment of ~~((a))~~ any fine, penalty, assessment, fee, or costs shall be given credit toward payment for each day of imprisonment at the rate specified in the commitment order.

~~((4))~~ (5) If it appears to the satisfaction of the court that the default in the payment of ~~((a))~~ any fine, penalty, assessment, fee, or costs is not willful contempt, the court may, and if the defendant is indigent as defined in RCW 10.101.010(3) (a) through (c), the court shall enter an order: (a) Allowing the defendant additional time for payment; ~~((b))~~ (b) reducing the amount thereof or of each installment; ~~((c))~~ (c) revoking the fine, penalty, assessment, fee, or costs or the unpaid portion thereof in whole or in part; or (d) with the defendant's consent converting the unpaid fine, penalty, assessment, fee, or costs to community restitution hours at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. The crime victim penalty assessment under RCW 7.68.035 may not be reduced, revoked, or converted to community restitution hours.

~~((5))~~ (6) A default in the payment of ~~((a))~~ any fine, penalty, assessment, fee, or costs or any installment thereof may be collected by any means authorized by law for the enforcement of a judgment. The levy of execution for the collection of ~~((a))~~ any fine, penalty, assessment, fee, or costs shall not discharge a defendant committed to imprisonment for contempt until the amount ~~((of the fine or costs))~~ has actually been collected.

Sec. 534. RCW 10.46.190 and 2005 c 457 s 12 are each amended to read as follows:

Every person convicted of a crime or held to bail to keep the peace ~~((shall))~~ may be liable to all the costs of the proceedings against him or her, including, when tried by a jury in the superior court or before a committing magistrate, a jury fee as provided for in civil actions for which judgment shall be rendered and collected. The court shall not order a defendant to pay costs, as described in RCW 10.01.160, if the court finds that the person at the time of sentencing is indigent as defined in RCW 10.101.010(3) (a) through (c). The jury fee, when collected for a case tried by the superior court, shall be paid to the clerk and applied as the jury fee in civil cases is applied.

Sec. 535. RCW 10.64.015 and Code 1881 s 1104 are each amended to read as follows:

When the defendant is found guilty, the court shall render judgment accordingly, and the defendant ~~((shall))~~ may be liable for all costs, unless the court or jury trying the cause expressly find otherwise. The court shall not order a defendant to pay costs, as described in RCW 10.01.160, if the court finds that the person at the time of sentencing is indigent as defined in RCW 10.101.010(3) (a) through (c).

Sec. 536. RCW 9.92.070 and 1987 c 3 s 4 are each amended to read as follows:

Hereafter whenever any judge of any superior court or a district or municipal judge shall sentence any person to pay any fines, penalties, assessments, fees, and costs, the judge may, in the

judge's discretion, provide that such fines, penalties, assessments, fees, and costs may be paid in certain designated installments, or within certain designated period or periods(~~(+and)~~). If the court finds that the defendant is indigent as defined in RCW 10.101.010(3) (a) through (c), the court shall allow for payment in certain designated installments or within certain designated periods. If such fines, penalties, assessments, fees, and costs shall be paid by the defendant in accordance with such order no commitment or imprisonment of the defendant shall be made for failure to pay such fine or costs. PROVIDED, that the provisions of this section shall not apply to any sentence given for the violation of any of the liquor laws of this state.

Sec. 537. RCW 10.73.160 and 1995 c 275 s 3 are each amended to read as follows:

(1) Except as provided in subsection (4) of this section, the court of appeals, supreme court, and superior courts may require an adult or a juvenile convicted of an offense or the parents or another person legally obligated to support a juvenile offender to pay appellate costs.

(2) Appellate costs are limited to expenses specifically incurred by the state in prosecuting or defending an appeal or collateral attack from a criminal conviction or sentence or a juvenile offender conviction or disposition. Appellate costs shall not include expenditures to maintain and operate government agencies that must be made irrespective of specific violations of the law. Expenses incurred for producing a verbatim report of proceedings and clerk's papers may be included in costs the court may require a convicted defendant or juvenile offender to pay.

(3) Costs, including recoupment of fees for court-appointed counsel, shall be requested in accordance with the procedures contained in Title 14 of the rules of appellate procedure and in Title 9 of the rules for appeal of decisions of courts of limited jurisdiction. An award of costs shall become part of the trial court judgment and sentence. An award of costs in juvenile cases shall also become part of any order previously entered in the trial court pursuant to RCW 13.40.145.

(4) The court shall not order a defendant to pay appellate costs if the defendant is indigent as defined in RCW 10.101.010(3) (a) through (c) at the time the request for appellate costs is made.

(5) A defendant or juvenile offender who has been sentenced to pay costs and who is not in (~~(contumacious)~~) willful default in the payment may at any time after release from total confinement petition the court that sentenced the defendant or juvenile offender for remission of the payment of costs or of any unpaid portion. If it appears to the satisfaction of the sentencing court that payment of the amount due will impose manifest hardship on the defendant, the defendant's immediate family, or the juvenile offender, the sentencing court may remit all or part of the amount due in costs, (~~(or)~~) modify the method of payment under RCW 10.01.170, or with the defendant's or juvenile offender's consent convert the unpaid costs to community restitution hours at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. Manifest hardship exists where the defendant or juvenile offender is indigent as defined in RCW 10.101.010(3) (a) through (c) and the indigency is unlikely to end in the future.

(~~((5))~~) (6) The parents or another person legally obligated to support a juvenile offender who has been ordered to pay appellate costs pursuant to RCW 13.40.145 and who is not in (~~(contumacious)~~) willful default in the payment may at any time petition the court that sentenced the juvenile offender for remission of the payment of costs or of any unpaid portion. If it appears to the satisfaction of the sentencing court that payment of the amount due will impose manifest hardship on the parents or another person

legally obligated to support a juvenile offender or on their immediate families, the sentencing court may remit all or part of the amount due in costs, or may modify the method of payment.

Sec. 538. RCW 9.94A.6333 and 2008 c 231 s 19 are each amended to read as follows:

(1) If an offender violates any condition or requirement of a sentence, and the offender is not being supervised by the department, the court may modify its order of judgment and sentence and impose further punishment in accordance with this section.

(2) If an offender fails to comply with any of the nonfinancial conditions or requirements of a sentence the following provisions apply:

(a) The court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(b) The state has the burden of showing noncompliance by a preponderance of the evidence;

(c) If the court finds that a violation has been proved, it may impose the sanctions specified in RCW 9.94A.633(1). Alternatively, the court may:

(i) Convert a term of partial confinement to total confinement; or

(ii) Convert community restitution obligation to total or partial confinement; (~~or~~)

(iii) Convert monetary obligations, except restitution and the crime victim penalty assessment, to community restitution hours at the rate of the state minimum wage as established in RCW 49.46.020 for each hour of community restitution;

(d) If the court finds that the violation was not willful, the court may modify its previous order regarding (~~(payment of legal financial obligations and regarding)~~) community restitution obligations; and

(e) If the violation involves a failure to undergo or comply with a mental health status evaluation and/or outpatient mental health treatment, the court shall seek a recommendation from the treatment provider or proposed treatment provider. Enforcement of orders concerning outpatient mental health treatment must reflect the availability of treatment and must pursue the least restrictive means of promoting participation in treatment. If the offender's failure to receive care essential for health and safety presents a risk of serious physical harm or probable harmful consequences, the civil detention and commitment procedures of chapter 71.05 RCW shall be considered in preference to incarceration in a local or state correctional facility.

(3) If an offender fails to pay legal financial obligations as a requirement of a sentence the following provisions apply:

(a) The court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(b) The state has the burden of showing noncompliance by a preponderance of the evidence;

(c) The court may not sanction the offender for failure to pay legal financial obligations unless the court finds, after a hearing and on the record, that the failure to pay is willful. A failure to pay is willful if the offender has the current ability to pay but refuses to do so. In determining whether the offender has the current ability to pay, the court shall inquire into and consider: (i) The offender's income and assets; (ii) the offender's basic living costs as defined by RCW 10.101.010 and other liabilities including

child support and other legal financial obligations; and (iii) the offender's bona fide efforts to acquire additional resources. An offender who is indigent as defined by RCW 10.101.010(3) (a) through (c) is presumed to lack the current ability to pay:

(d) If the court determines that the offender is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation is not willful noncompliance and shall not subject the offender to penalties;

(e) If the court finds that a failure to pay is willful noncompliance, it may impose the sanctions specified in RCW 9.94A.633(1); and

(f) If the court finds that the violation was not willful, the court may, and if the court finds that the defendant is indigent as defined in RCW 10.101.010(3) (a) through (c), the court shall modify the terms of payment of the legal financial obligations, reduce or waive nonrestitution legal financial obligations, or with the defendant's consent convert nonrestitution legal financial obligations to community restitution hours at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. The crime victim penalty assessment under RCW 7.68.035 may not be reduced, waived, or converted to community restitution hours.

(4) Any time served in confinement awaiting a hearing on noncompliance shall be credited against any confinement ordered by the court.

((4)) (5) Nothing in this section prohibits the filing of escape charges if appropriate.

Sec. 539. RCW 9.94A.760 and 2011 c 106 s 3 are each amended to read as follows:

(1) Whenever a person is convicted in superior court, the court may order the payment of a legal financial obligation as part of the sentence. The court may not order an offender to pay costs as described in RCW 10.01.160 if the court finds that the offender at the time of sentencing is indigent as defined in RCW 10.101.010(3) (a) through (c). An offender being indigent as defined in RCW 10.101.010(3) (a) through (c) is not grounds for failing to impose restitution or the crime victim penalty assessment under RCW 7.68.035. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount if the department has active supervision of the offender, otherwise the county clerk shall set the amount. Upon receipt of an offender's monthly payment, ((restitution shall be paid prior to any payments of other monetary obligations. After restitution is satisfied,)) the county clerk shall distribute the payment ((proportionally among all other fines, costs, and assessments imposed)) in accordance with subsection (2) of this section, unless otherwise ordered by the court.

(2) An offender's monthly payment shall be applied to the principal on restitution obligations in all cases within a jurisdiction prior to payment of any other monetary obligations. After restitution is satisfied, payment shall be distributed proportionally among all other fines, costs other than costs of incarceration, fees, penalties, and assessments imposed, unless otherwise ordered by the court. Costs of incarceration shall be paid after all other fines, costs, fees, penalties, and assessments are satisfied. After the principal on all legal financial obligations is satisfied, payment shall be distributed to interest.

(3) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration ((#)). The court shall not order the offender to pay the cost of incarceration if the court finds that the offender at the time of sentencing is indigent as defined in RCW 10.101.010(3) (a) through (c). Costs of incarceration ordered by the court shall not exceed a rate of fifty dollars per day of incarceration, if incarcerated in a prison, or the ((court may require the offender to pay the)) actual cost of incarceration per day of incarceration, if incarcerated in a county jail. In no case may the court require the offender to pay more than one hundred dollars per day for the cost of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

((4)) (4) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

((4)) (5) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment. If restitution is ordered pursuant to RCW 9.94A.750(6) or 9.94A.753(6) to a victim of rape of a child or a victim's child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.750(6) and 9.94A.753(6). All other legal financial obligations for an offense committed prior to July 1, 2000, may be enforced at any time during the ten-year period following the offender's release from total confinement or within ten years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend the criminal judgment an additional ten years for payment of legal financial obligations including crime victims' assessments. All other legal financial obligations for an offense committed on or after July 1, 2000, may be enforced at any time the offender remains under the

court's jurisdiction. For an offense committed on or after July 1, 2000, the court shall retain jurisdiction over the offender, for purposes of the offender's compliance with payment of the legal financial obligations, until the obligation is completely satisfied, regardless of the statutory maximum for the crime. The department may only supervise the offender's compliance with payment of the legal financial obligations during any period in which the department is authorized to supervise the offender in the community under RCW 9.94A.728, 9.94A.501, or in which the offender is confined in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is not responsible for supervision of the offender during any subsequent period of time the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid legal financial obligations at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

~~((5))~~ (6) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to respond truthfully and honestly to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring all documents requested by the department.

~~((6))~~ (7) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

~~((7))~~ (8)(a) During the period of supervision, the department may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of supervision, the department may require the offender to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the department in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the county clerk sets the monthly payment amount, or if the department set the monthly payment amount and the department has subsequently turned the collection of the legal financial obligation over to the county clerk, the clerk may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purpose of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the county clerk in order to prepare the collection schedule.

~~((8))~~ (9) After the judgment and sentence or payment order is entered, the department is authorized, for any period of

supervision, to collect the legal financial obligation from the offender. Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk is authorized to collect unpaid legal financial obligations from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purpose of disbursements. The department and the county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

~~((9))~~ (10) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. Any party obtaining a wage assignment shall notify the county clerk. The county clerks shall notify the department, or the administrative office of the courts, whichever is providing the monthly billing for the offender.

~~((10))~~ (11) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties for noncompliance as provided in RCW 9.94B.040, 9.94A.737, or 9.94A.740. If the court determines that the offender is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation is not willful noncompliance and shall not subject the offender to penalties.

~~((11))~~ (12)(a) The administrative office of the courts shall mail individualized periodic billings to the address known by the office for each offender with an unsatisfied legal financial obligation.

(b) The billing shall direct payments, other than outstanding cost of supervision assessments under RCW 9.94A.780, parole assessments under RCW 72.04A.120, and cost of probation assessments under RCW 9.95.214, to the county clerk, and cost of supervision, parole, or probation assessments to the department.

(c) The county clerk shall provide the administrative office of the courts with notice of payments by such offenders no less frequently than weekly.

(d) The county clerks, the administrative office of the courts, and the department shall maintain agreements to implement this subsection.

~~((12))~~ (13) The department shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community through the county clerk. The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility or is unable to continue to assume responsibility for collection pursuant to subsection ~~((4))~~ (5) of this section. The costs for collection services shall be paid by the offender.

~~((13))~~ (14) The county clerk may access the records of the employment security department for the purposes of verifying employment or income, seeking any assignment of wages, or performing other duties necessary to the collection of an offender's legal financial obligations.

~~((14))~~ (15) Nothing in this chapter makes the department, the state, the counties, or any state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department for a term of community custody, and who remains under the jurisdiction of the court for payment of legal financial obligations.

Sec. 540. RCW 9.94B.040 and 2002 c 175 s 8 are each amended to read as follows:

(1) If an offender violates any condition or requirement of a sentence, the court may modify its order of judgment and sentence and impose further punishment in accordance with this section.

(2) In cases where conditions from a second or later sentence of community supervision begin prior to the term of the second or later sentence, the court shall treat a violation of such conditions as a violation of the sentence of community supervision currently being served.

(3) If an offender fails to comply with any of the nonfinancial requirements or conditions of a sentence the following provisions apply:

(a)(i) Following the violation, if the offender and the department make a stipulated agreement, the department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, jail time, or other sanctions available in the community.

(ii) Within seventy-two hours of signing the stipulated agreement, the department shall submit a report to the court and the prosecuting attorney outlining the violation or violations, and sanctions imposed. Within fifteen days of receipt of the report, if the court is not satisfied with the sanctions, the court may schedule a hearing and may modify the department's sanctions. If this occurs, the offender may withdraw from the stipulated agreement.

(iii) If the offender fails to comply with the sanction administratively imposed by the department, the court may take action regarding the original noncompliance. Offender failure to comply with the sanction administratively imposed by the department may be considered an additional violation;

(b) In the absence of a stipulated agreement, or where the court is not satisfied with the department's sanctions as provided in (a) of this subsection, the court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(c) The state has the burden of showing noncompliance by a preponderance of the evidence. If the court finds that the violation has occurred, it may order the offender to be confined for a period not to exceed sixty days for each violation, and may (i) convert a term of partial confinement to total confinement, (ii) convert community restitution obligation to total or partial confinement, ~~or (iii) ((convert monetary obligations, except restitution and the crime victim penalty assessment, to community restitution hours at the rate of the state minimum wage as established in RCW 49.46.020 for each hour of community restitution, or (iv)))~~ order one or more of the penalties authorized in (a)(i) of this subsection. Any time served in confinement awaiting a hearing on noncompliance shall be credited against any confinement order by the court;

(d) If the court finds that the violation was not willful, the court may modify its previous order regarding ~~((payment of legal financial obligations and regarding))~~ community restitution obligations; and

(e) If the violation involves a failure to undergo or comply with mental status evaluation and/or outpatient mental health treatment, the community corrections officer shall consult with the treatment provider or proposed treatment provider. Enforcement of orders concerning outpatient mental health treatment must reflect the availability of treatment and must pursue the least restrictive means of promoting participation in treatment. If the offender's failure to receive care essential for health and safety presents a risk

of serious physical harm or probable harmful consequences, the civil detention and commitment procedures of chapter 71.05 RCW shall be considered in preference to incarceration in a local or state correctional facility.

(4) If the violation involves failure to pay legal financial obligations, the following provisions apply:

(a) The department and the offender may enter into a stipulated agreement that the failure to pay was willful noncompliance, according to the provisions and requirements of subsection (3)(a) of this section;

(b) In the absence of a stipulated agreement, or where the court is not satisfied with the department's sanctions as provided in a stipulated agreement under (a) of this subsection, the court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(c) The state has the burden of showing noncompliance by a preponderance of the evidence. The court may not sanction the offender for failure to pay legal financial obligations unless the court finds, after a hearing and on the record, that the failure to pay is willful. A failure to pay is willful if the offender has the current ability to pay but refuses to do so. In determining whether the offender has the current ability to pay, the court shall inquire into and consider: (i) The offender's income and assets; (ii) the offender's basic living costs as defined by RCW 10.101.010 and other liabilities including child support and other legal financial obligations; and (iii) the offender's bona fide efforts to acquire additional resources. An offender who is indigent as defined by RCW 10.101.010(3) (a) through (c) is presumed to lack the current ability to pay;

(d) If the court determines that the offender is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation is not willful noncompliance and shall not subject the offender to penalties;

(e) If the court finds that the failure to pay is willful noncompliance, the court may order the offender to be confined for a period not to exceed sixty days for each violation or order one or more of the penalties authorized in subsection (3)(a)(i) of this section; and

(f) If the court finds that the violation was not willful, the court may, and if the court finds that the defendant is indigent as defined in RCW 10.101.010(3) (a) through (c), the court shall modify the terms of payment of the legal financial obligations, reduce or waive nonrestitution legal financial obligations, or with the defendant's consent convert nonrestitution legal financial obligations to community restitution hours at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. The crime victim penalty assessment under RCW 7.68.035 may not be reduced, waived, or converted to community restitution hours.

(5) The community corrections officer may obtain information from the offender's mental health treatment provider on the offender's status with respect to evaluation, application for services, registration for services, and compliance with the supervision plan, without the offender's consent, as described under RCW 71.05.630.

~~((5))~~ (6) An offender under community placement or community supervision who is civilly detained under chapter 71.05 RCW, and subsequently discharged or conditionally released to the community, shall be under the supervision of the department of corrections for the duration of his or her period of community placement or community supervision. During any period of inpatient mental health treatment that falls within the period of community placement or community supervision, the inpatient treatment provider and the supervising community corrections

officer shall notify each other about the offender's discharge, release, and legal status, and shall share other relevant information.

~~((6))~~ (7) Nothing in this section prohibits the filing of escape charges if appropriate.

Wyoming Alaska Montana Idaho medical education program, enrolling twenty full-time equivalent student in the University of Washington medical school extension program at the Spokane, Washington Riverpoint campus, the expansion of health sciences capacity through the Washington Wyoming Alaska Montana Idaho medical education program in Spokane and Eastern Washington, or hiring new faculty to bring second year medical education to the Riverpoint campus using the existing Washington Wyoming Alaska Montana Idaho model or otherwise authorizing the establishment or accreditation of a medical school, funds shall be appropriated by the legislature specifically for such purposes, and shall, in no event be disbursed prior to the completion of the study and report to the legislature, as required by section 5 of this act.

NEW SECTION. Sec. 3. (1) The legislature finds that there are shortages of a wide range of health professionals in Washington, and regions of the state with an exacerbated shortage of health professionals, including providers of primary care. The legislature also finds that the need to increase the number of health care providers in Washington will require a variety of investments in the state's higher education system, and that many of the programs and institutions lack both physical capacity and faculty to train the numbers of students required to eliminate the shortage of health care providers. The legislature intends to ensure that it makes rational decisions, based on data and long-term projected costs, on how and where to invest in expanding the state's medical and health professional training programs to address the shortages in health care professions.

(2) The workforce training and education coordinating board shall direct a study to:

(a) Determine the comprehensive statewide need for primary care physicians, physicians in specialty fields, nurses, physician assistants, paramedical, and other health care professionals;

(b) Determine the targeted geographic need, including in rural and underserved areas, for primary care physicians, physicians in specialty fields, nurses, physician assistants, paramedical, dentists, and other health care professionals;

(c) Determine the need for additional graduate medical education residency slots in family and general practice, and specialty fields including:

(i) The current shortfall in meeting those needs, as well as the projected shortfall over the next ten years; and,

(ii) The relative importance of establishing residency slots versus medical education slots, and the relative contribution of other factors, to provide new doctors to meet needs of underserved areas; and

(iii) The relative costs, and time to, meet needs with other professionals and telemedicine programs;

(d) Analyze the capacity of the institutions of higher education to meet the need for degrees, including:

(i) The relative cost, including on-going costs, to increase degree positions;

(ii) An assessment of the on-going investment needed for each area for expanding degrees;

(iii) A comparison of the costs of expanding medical degrees via a new medical school with the costs of expanding medical student positions at the University of Washington; and

(iv) A comparison of the costs of expanding medical degrees with the resources needed for investment in residencies and other health professionals;

(e) Determine how an increase in degree positions would produce health care professionals serving underserved areas for primary and other care using data on the likelihood of graduates serving in underserved areas;

(f) Demonstrate how each investment would address the needs of underserved Washington residents in the various health care professional areas of practice, including primary care; and

(g) Create a comprehensive assessment of policy and funding options to meet workforce and graduate medical education needs, including a cost assessment of each policy option.

(3) The study shall include stakeholders from physician professional membership organizations, nurse professional membership organizations, paramedical professional membership organizations, dentist professional membership organizations, physician assistant professional membership organizations, four-year higher education institutions, community and technical colleges, hospital associations, and the state department of health.

(4) The report must be submitted to the legislature no later than December 1, 2015.

(5) This section expires June 30, 2016."

Representative Moscoso moved the adoption of amendment (246):

Strike everything after the enacting clause and insert the following:

"**Sec. 13.** RCW 47.28.030 and 2014 c 222 s 701 are each amended to read as follows:

(1)(a) A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right-of-way purposes may be repaired or renovated pending the use of such right-of-way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof are less than fifty thousand dollars and effective July 1, 2005, sixty thousand dollars.

(b) When delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(c) When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor.

(d) To enable a larger number of small businesses and veteran, minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(2) The rules adopted under this section:

(a) Shall provide for competitive bids to the extent that competitive sources are available except when delay of

performance would jeopardize life or property or inconvenience the traveling public; and

(b) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, material suppliers, mechanics, and subcontractors from the previous partial payment; and

(c) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

(3) The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women's business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules adopted by the office of minority and women's business enterprises under chapter 39.19 RCW.

(4)(a) ~~((For the period of March 15, 2014, through June 30, 2015,))~~ Work for less than ~~((one))~~ two hundred ~~((twenty))~~ forty thousand dollars may be performed on ferry vessels and terminals by state forces. When the estimated cost of work to be performed by state forces is between one hundred twenty thousand dollars and the dollar amount set by this subsection (4)(a), the department shall first contact, by mail or electronic mail, contractors that appear on the department's small works roster as created pursuant to procedures in chapter 39.04 RCW to do specific work the contractors are qualified to do to determine if any contractor is interested and capable of doing the work. If there is a response of interest within seventy-two hours, then the small works roster procedures commence. If no qualified contractors respond with interest and availability to do the work, the department may perform the work using state forces. If the secretary determines the work to be completed is an emergency, then procedures governing emergencies apply.

(b) The department shall hire a disinterested, third party to conduct an independent analysis to identify methods of reducing out-of-service times for vessel maintenance, preservation, and improvement projects. The analysis must include options that consider consolidating work while vessels are at shipyards by having state forces perform services traditionally performed at Eagle Harbor at the shipyard and decreasing the allowable time at shipyards. The analysis must also compare the out-of-service vessel times of performing services by state forces versus contracting out those services which in turn must be used to form a recommendation as to what the threshold of work performed on ferry vessels and terminals by state forces should be. This analysis must be presented to the transportation committees of the senate and house of representatives by December 1, 2010.

(c) The department shall develop a proposed ferry vessel maintenance, preservation, and improvement program and present it to the transportation committees of the senate and house of representatives by December 1, 2010. The proposed program must:

(i) Improve the basis for budgeting vessel maintenance, preservation, and improvement costs and for projecting those costs into a sixteen-year financial plan;

(ii) Limit the amount of planned out-of-service time to the greatest extent possible, including options associated with department staff as well as commercial shipyards; and

(iii) Be based on the service plan in the capital plan, recognizing that vessel preservation and improvement needs may vary by route.

(d) In developing the proposed ferry vessel maintenance, preservation, and improvement program, the department shall

consider the following, related to reducing vessel out-of-service time:

- (i) The costs compared to benefits of Eagle Harbor repair and maintenance facility operations options to include staffing costs and benefits in terms of reduced out-of-service time;
- (ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;
- (iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;
- (iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;
- (v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;
- (vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;
- (vii) Coordination with required United States coast guard dry dockings;
- (viii) A method for comparing how proposed projects relate to the service requirements of the route on which the vessel normally operates; and
- (ix) A method for evaluating the ongoing maintenance and preservation costs associated with proposed improvement projects.

(3)(a) The institutions of higher education must make available fee waivers for low-income running start students. (1) Except as is permitted under RCW 84.55.050, all taxes must be levied or voted in specific amounts.

(2) The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

(3) When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in

RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor must recompute and establish a consolidated levy in the following manner:

(a) The full certified rates of tax levy for state, county, county road district, and city or town purposes must be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy takes precedence over all other levies and may not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 36.54.130, 84.34.230, 84.52.069, 84.52.105, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, 84.52.125, 84.52.135, 84.52.140, and the protected portion of the levy under RCW 86.15.160 by flood control zone districts in a county with a population of seven hundred seventy-five thousand or more that are coextensive with a county, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies must be reduced as follows:

(i) The portion of the levy by a metropolitan park district that has a population of less than one hundred fifty thousand and is located in a county with a population of one million five hundred thousand or more that is protected under RCW 84.52.120 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(ii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the protected portion of the levy imposed under RCW 86.15.160 by a flood control zone district in a county with a population of seven hundred seventy-five thousand or more that is coextensive with a county must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(iii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.140 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(iv) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a fire protection district or regional fire protection service authority that is protected under RCW 84.52.125 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(v) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.135 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(vi) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a ferry district under RCW 36.54.130 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(vii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a metropolitan park district with a population of one hundred fifty thousand or more that is protected under RCW 84.52.120 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(viii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, must be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated; and

- (1)(a) An individual may, consistent with this section, enter privately owned or publicly owned land for the purposes of attempting to extinguish or control a wildland fire, regardless of whether the individual owns the land, when fighting the wildland fire in that particular time and location can be reasonably considered a public necessity due to an imminent danger.
- (b) No civil or criminal liability may be imposed by any court on an individual acting pursuant to this section for any direct or proximate adverse impacts resulting from an individual's access to land for the purposes of attempting to extinguish or control a wildland fire when fighting the wildland fire in that particular time and location can be reasonably considered a public necessity, except upon proof of gross negligence or willful or wanton misconduct by the individual.
- (c) An individual may enter land under this subsection (1) only if:
 - (i) There is an active fire on or in near proximity to the land;

- (viii) The individual follows the instructions of professional wildland firefighting personnel, including ceasing to engage in firefighting activities, when directed to do so by professional wildland firefighting personnel; and

- (ix) The individual promptly notifies emergency personnel and the landowner, lessee, or occupant prior to entering the land or within a reasonable time after the individual attempts to extinguish or control the wildland fire.

(d) Nothing in this section authorizes any person to materially benefit from accessing land or retain any valuable materials that may be collected or harvested during the time the individual attempts to extinguish or control the wildland fire.

(e)(i) The authority to enter privately owned or publicly owned land under this subsection (1) is limited to the minimum necessary activities reasonably required to extinguish or control the wildland fire.

(ii) Activities that may be reasonable under this subsection (1) include, but are not limited to: Using hand tools to clear the ground of debris, operating readily available water hoses, clearing flammable materials from the vicinity of structures, unlocking or opening gates to assist firefighter access, and safely scouting and reporting fire behavior.

(iii) Activities that do not fall within the scope of this subsection (1)(e), due to the high potential for adverse consequences, include, but are not limited to: Lighting a fire in an attempt to stop the spread of another fire; using explosives as a firefighting technique; using aircraft for fire suppression; and directing other individuals to engage in firefighting.

(f) Nothing in this subsection (1) confers a legal or civil duty or obligation on a person to attempt to extinguish or control a wildfire.

(2)(a) No civil or criminal liability may be imposed by any court on the owner, lessee, or occupant of any land accessed as permitted under subsection (1) of this section for any direct or proximate adverse impacts resulting from the access to privately owned or publicly owned land allowed under subsection (1) of this section, except upon proof of willful or wanton misconduct by the owner, lessee, or occupant. The barriers to civil and criminal liability imposed by this subsection include, but are not limited to, impacts on:

- (i) The individual accessing the privately owned or publicly owned land and the individual's personal property, including loss of life;

- (iv) Overall environmental resources.

(b) This subsection (2) does not apply in any case where liability for damages is provided under RCW 4.24.040.

(3) Nothing in this section limits or otherwise effects any other statutory or common law provisions relating to land access or the control of a conflagration.

Sec. 19. RCW 76.04.015 and 2012 c 38 s 1 are each amended to read as follows:

(1) The department may, at its discretion, appoint trained personnel possessing the necessary qualifications to carry out the duties and supporting functions of the department and may determine their respective salaries.

(2) The department shall have direct charge of and supervision of all matters pertaining to the forest fire service of the state.

(3) The department shall:

(a) Enforce all laws within this chapter;

(b) Be empowered to take charge of and direct the work of suppressing forest fires;

(c)(i) Investigate the origin and cause of all forest fires to determine whether either a criminal act or negligence by any person, firm, or corporation caused the starting, spreading, or existence of the fire. In conducting investigations, the department shall work cooperatively, to the extent possible, with utilities, property owners, and other interested parties to identify and preserve evidence. Except as provided otherwise in this subsection, the department in conducting investigations is authorized, without court order, to take possession or control of relevant evidence found in plain view and belonging to any person, firm, or corporation. To the extent possible, the department shall notify the person, firm, or corporation of its intent to take possession or control of the evidence. The person, firm, or corporation shall be afforded reasonable opportunity to view the evidence and, before the department takes possession or control of the evidence, also shall be afforded reasonable opportunity to examine, document, and photograph it. If the person, firm, or corporation objects in writing to the department's taking possession or control of the evidence, the department must either return the evidence within seven days after the day on which the department is provided with the written objections or obtain a court order authorizing the continued possession or control.

(ii) Absent a court order authorizing otherwise, the department may not take possession or control of evidence over the objection of the owner of the evidence if the evidence is used by the owner in conducting a business or in providing an electric utility service and the department's taking possession or control of the evidence would substantially and materially interfere with the operation of the business or provision of electric utility service.

(iii) Absent a court order authorizing otherwise, the department may not take possession or control of evidence over the objection of an electric utility when the evidence is not owned by the utility but has caused damage to property owned by the utility. However, this subsection (3)(c)(iii) does not apply if the department has notified the utility of its intent to take possession or control of the evidence and provided the utility with reasonable time to examine, document, and photograph the evidence.

(iv) Only personnel qualified to work on electrical equipment may take possession or control of evidence owned or controlled by an electric utility;

(d) Furnish notices or information to the public calling attention to forest fire dangers and the penalties for violation of this chapter;

(e) Be familiar with all timbered and cut-over areas of the state; ~~(and)~~

(f) Maximize the effective utilization of local fire suppression assets consistent with section 6 of this act; and

(g) Regulate and control the official actions of its employees, the wardens, and the rangers.

(4) The department may:

(a) Authorize all needful and proper expenditures for forest protection;

(b) Adopt rules consistent with this section for the prevention, control, and suppression of forest fires as it considers necessary including but not limited to: Fire equipment and materials; use of personnel; and fire prevention standards and operating conditions including a provision for reducing these conditions where justified by local factors such as location and weather;

(c) Remove at will the commission of any ranger or suspend the authority of any warden;

(d) Inquire into:

(i) The extent, kind, value, and condition of all timber lands within the state;

(ii) The extent to which timber lands are being destroyed by fire and the damage thereon;

(e) Provide fire detection, prevention, presuppression, or suppression services on nonforested public lands managed by the department or another state agency, but only to the extent that providing these services does not interfere with or detract from the obligations set forth in subsection (3) of this section. If the department provides fire detection, prevention, presuppression, or suppression services on nonforested public lands managed by another state agency, the department must be fully reimbursed for the work through a cooperative agreement as provided for in RCW 76.04.135(1).

(5) Any rules adopted under this section for the suppression of forest fires must include a mechanism by which a local fire mobilization radio frequency, consistent with RCW 43.43.963, is identified and made available during the initial response to any forest fire that crosses jurisdictional lines so that all responders have access to communications during the response. Different initial response frequencies may be identified and used as appropriate in different geographic response areas. If the fire radio communication needs escalate beyond the capability of the identified local radio frequency, the use of other available designated interoperability radio frequencies may be used.

(6) When the department considers it to be in the best interest of the state, it may cooperate with any agency of another state, the United States or any agency thereof, the Dominion of Canada or any agency or province thereof, and any county, town, corporation, individual, or Indian tribe within the state of Washington in forest firefighting and patrol.

NEW SECTION. **Sec. 20.** A new section is added to chapter 76.04 RCW to read as follows:

(1) To maximize the effective utilization of local fire suppression assets, the department is required to:

(a) Compile and annually update master lists of qualified wildland fire suppression contractors who have valid incident qualifications for the kind of contracted work to be performed. In order to be included on a master list of qualified wildland fire suppression contractors:

(i) Contractors providing fire engines, tenders, crews, or similar resources must have training and qualifications sufficient for federal wildland fire contractor eligibility, including possessing a valid incident qualification card, commonly called a red card; and

(ii) Contractors other than those identified in (a)(i) of this subsection must have training and qualifications evidenced by possession of a valid department qualification and safety document, commonly called a blue card, issued to people cooperating with the department pursuant to an agreement;

(b) Provide timely advance notification of the dates and locations of department blue card training to all potential wildland fire suppression contractors known to the department and make the training available in several locations that are reasonably convenient for contractors;

(c) Make the lists of qualified wildland fire suppression contractors available to county legislative authorities, emergency management departments, and local fire districts;

(d) Cooperate with federal wildland firefighting agencies to maximize, based on predicted need, the efficient use of local resources in close proximity to wildland fire incidents;

(e) Enter into preemptive agreements with landowners in possession of firefighting capability that may be utilized in wildland fire suppression efforts, including the use of bulldozers, fallers, fuel tenders, potable water tenders, water sprayers, wash trailers, refrigeration units, and buses; and

(f) Conduct outreach to provide basic incident command system and wildland fire safety training to landowners in possession of firefighting capability to help ensure that any wildland fire suppression actions taken by private landowners on their own land are accomplished safely and in coordination with any related incident command structure.

(2) Nothing in subsection (1) of this section prohibits the department from conducting condensed safety training on the site of a wildland fire in order to utilize available contractors not included on a master list of qualified wildland fire suppression contractors.

(3) When entering into preemptive agreements with landowners under this section, the department must ensure that:

(a) All equipment and personnel satisfy department standards; and

(b) All contractors are, when engaged in fire suppression activities, under the supervision of recognized wildland fire personnel.

(4) No civil liability may be imposed by any court on the state or its officers and employees for any adverse impacts resulting from training provided by the department or preemptive agreements entered into by the department under the provisions of this section except upon proof of gross negligence or willful or wanton misconduct.

However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(11) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

NEW SECTION. Sec. 27. A new section is added to chapter 10.21 RCW to read as follows:

Under this chapter, "home detention" means any program meeting the definition of home detention in RCW 9.94A.030, and complying with the requirements of section 3 of this act.

NEW SECTION. Sec. 28. A new section is added to chapter 10.21 RCW to read as follows:

A monitoring agency, as defined in section 3 of this act, may not agree to monitor pursuant to home detention or electronic

monitoring an offender who is currently awaiting trial for a violent or sex offense, as defined in RCW 9.94A.030, and who has previously been convicted of one or more violent or sex offenses.

Sec. 29. RCW 9.94A.704 and 2014 c 35 s 1 are each amended to read as follows:

(1) Every person who is sentenced to a period of community custody shall report to and be placed under the supervision of the department, subject to RCW 9.94A.501.

(2)(a) The department shall assess the offender's risk of reoffense and may establish and modify additional conditions of community custody based upon the risk to community safety.

(b) Within the funds available for community custody, the department shall determine conditions on the basis of risk to community safety, and shall supervise offenders during community custody on the basis of risk to community safety and conditions imposed by the court. The secretary shall adopt rules to implement the provisions of this subsection (2)(b).

(3) If the offender is supervised by the department, the department shall at a minimum instruct the offender to:

(a) Report as directed to a community corrections officer;

(b) Remain within prescribed geographical boundaries;

(c) Notify the community corrections officer of any change in the offender's address or employment;

(d) Pay the supervision fee assessment; and

(e) Disclose the fact of supervision to any mental health or chemical dependency treatment provider, as required by RCW 9.94A.722.

(4) The department may require the offender to participate in rehabilitative programs, or otherwise perform affirmative conduct, and to obey all laws.

(5) If the offender was sentenced pursuant to a conviction for a sex offense, the department may:

(a) Require the offender to refrain from direct or indirect contact with the victim of the crime or immediate family member of the victim of the crime. If a victim or an immediate family member of a victim has requested that the offender not contact him or her after notice as provided in RCW 72.09.340, the department shall require the offender to refrain from contact with the requestor. Where the victim is a minor, the parent or guardian of the victim may make a request on the victim's behalf.

(b) Impose electronic monitoring. Within the resources made available by the department for this purpose, the department shall carry out any electronic monitoring using the most appropriate technology given the individual circumstances of the offender. As used in this section, "electronic monitoring" (~~means the monitoring of an offender using an electronic offender tracking system including, but not limited to, a system using radio frequency or active or passive global positioning system technology~~) has the same meaning as in RCW 9.94A.030.

(6) The department may not impose conditions that are contrary to those ordered by the court and may not contravene or decrease court-imposed conditions.

(7)(a) The department shall notify the offender in writing of any additional conditions or modifications.

(b) By the close of the next business day after receiving notice of a condition imposed or modified by the department, an offender may request an administrative review under rules adopted by the department. The condition shall remain in effect unless the reviewing officer finds that it is not reasonably related to the crime of conviction, the offender's risk of reoffending, or the safety of the community.

(8) The department shall notify the offender in writing upon community custody intake of the department's violation process.

(9) The department may require offenders to pay for special services rendered including electronic monitoring, day reporting, and telephone reporting, dependent on the offender's ability to pay. The department may pay for these services for offenders who are not able to pay.

(10)(a) When a sex offender has been sentenced pursuant to RCW 9.94A.507, the department shall assess the offender's risk of recidivism and shall recommend to the board any additional or modified conditions based upon the offender's risk to community safety and may recommend affirmative conduct or electronic monitoring consistent with subsections (4) through (6) of this section.

(b) The board may impose conditions in addition to court-ordered conditions. The board must consider and may impose department-recommended conditions. The board must impose a condition requiring the offender to refrain from contact with the victim or immediate family member of the victim as provided in subsection (5)(a) of this section.

(c) By the close of the next business day, after receiving notice of a condition imposed by the board or the department, an offender may request an administrative hearing under rules adopted by the board. The condition shall remain in effect unless the hearing examiner finds that it is not reasonably related to any of the following:

- (i) The crime of conviction;
- (ii) The offender's risk of reoffending;
- (iii) The safety of the community.

(d) If the department finds that an emergency exists requiring the immediate imposition of additional conditions in order to prevent the offender from committing a crime, the department may impose such conditions. The department may not impose conditions that are contrary to those set by the board or the court and may not contravene or decrease court-imposed or board-imposed conditions. Conditions imposed under this subsection shall take effect immediately after notice to the offender by personal service, but shall not remain in effect longer than seven working days unless approved by the board.

(11) In setting, modifying, and enforcing conditions of community custody, the department shall be deemed to be performing a quasi-judicial function.

Sec. 30. RCW 26.50.010 and 2008 c 6 s 406 are each amended to read as follows:

As used in this chapter, the following terms shall have the meanings given them:

(1) "Domestic violence" means: (a) Physical harm, bodily injury, assault, or the infliction of fear of imminent physical harm, bodily injury or assault, between family or household members; (b) sexual assault of one family or household member by another; or (c) stalking as defined in RCW 9A.46.110 of one family or household member by another family or household member.

(2) "Family or household members" means spouses, domestic partners, former spouses, former domestic partners, persons who have a child in common regardless of whether they have been married or have lived together at any time, adult persons related by blood or marriage, adult persons who are presently residing together or who have resided together in the past, persons sixteen years of age or older who are presently residing together or who have resided together in the past and who have or have had a dating relationship, persons sixteen years of age or older with whom a person sixteen years of age or older has or has had a dating relationship, and persons who have a biological or legal parent-child relationship, including stepparents and stepchildren and grandparents and grandchildren.

(3) "Dating relationship" means a social relationship of a romantic nature. Factors that the court may consider in making this determination include: (a) The length of time the relationship has existed; (b) the nature of the relationship; and (c) the frequency of interaction between the parties.

(4) "Court" includes the superior, district, and municipal courts of the state of Washington.

(5) "Judicial day" does not include Saturdays, Sundays, or legal holidays.

(6) "Electronic monitoring" (~~means a program in which a person's presence at a particular location is monitored from a remote location by use of electronic equipment~~) has the same meaning as in RCW 9.94A.030.

(7) "Essential personal effects" means those items necessary for a person's immediate health, welfare, and livelihood. "Essential personal effects" includes but is not limited to clothing, cribs, bedding, documents, medications, and personal hygiene items.

Sec. 31. RCW 10.99.040 and 2012 c 223 s 3 are each amended to read as follows:

(1) Because of the serious nature of domestic violence, the court in domestic violence actions:

(a) Shall not dismiss any charge or delay disposition because of concurrent dissolution or other civil proceedings;

(b) Shall not require proof that either party is seeking a dissolution of marriage prior to instigation of criminal proceedings;

(c) Shall waive any requirement that the victim's location be disclosed to any person, other than the attorney of a criminal defendant, upon a showing that there is a possibility of further violence: PROVIDED, That the court may order a criminal defense attorney not to disclose to his or her client the victim's location; and

(d) Shall identify by any reasonable means on docket sheets those criminal actions arising from acts of domestic violence.

(2)(a) Because of the likelihood of repeated violence directed at those who have been victims of domestic violence in the past, when any person charged with or arrested for a crime involving domestic violence is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the victim. The jurisdiction authorizing the release shall determine whether that person should be prohibited from having any contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court authorizing release may issue, by telephone, a no-contact order prohibiting the person charged or arrested from having contact with the victim or from knowingly coming within, or knowingly remaining within, a specified distance of a location.

(b) In issuing the order, the court shall consider the provisions of RCW 9.41.800.

(c) The no-contact order shall also be issued in writing as soon as possible, and shall state that it may be extended as provided in subsection (3) of this section. By January 1, 2011, the administrative office of the courts shall develop a pattern form for all no-contact orders issued under this chapter. A no-contact order issued under this chapter must substantially comply with the pattern form developed by the administrative office of the courts.

(3) At the time of arraignment the court shall determine whether a no-contact order shall be issued or extended. So long as the court finds probable cause, the court may issue or extend a no-contact order even if the defendant fails to appear at arraignment. The no-contact order shall terminate if the defendant is acquitted or the charges are dismissed. If a no-contact order is issued or extended, the court may also include in the conditions of release a requirement that the defendant submit to electronic monitoring as

defined in RCW 9.94A.030. If electronic monitoring is ordered, the court shall specify who shall provide the monitoring services, and the terms under which the monitoring shall be performed. Upon conviction, the court may require as a condition of the sentence that the defendant reimburse the providing agency for the costs of the electronic monitoring.

(4)(a) Willful violation of a court order issued under subsection (2), (3), or (7) of this section is punishable under RCW 26.50.110.

(b) The written order releasing the person charged or arrested shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(c) A certified copy of the order shall be provided to the victim.

(5) If a no-contact order has been issued prior to charging, that order shall expire at arraignment or within seventy-two hours if charges are not filed.

(6) Whenever a no-contact order is issued, modified, or terminated under subsection (2) or (3) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated under subsection (3) of this section, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

(7) All courts shall develop policies and procedures by January 1, 2011, to grant victims a process to modify or rescind a no-contact order issued under this chapter. The administrative office of the courts shall develop a model policy to assist the courts in implementing the requirements of this subsection.

Sec. 32. RCW 9.94A.505 and 2010 c 224 s 4 are each amended to read as follows:

(1) When a person is convicted of a felony, the court shall impose punishment as provided in this chapter.

(2)(a) The court shall impose a sentence as provided in the following sections and as applicable in the case:

The court may impose a sentence which provides more than one year of confinement and a community custody term under RCW 9.94A.701 if the court finds reasons justifying an exceptional sentence as provided in RCW 9.94A.535.

(3) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(6) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(7) The sentencing court shall not give the offender credit for any time the offender was required to comply with a home detention program prior to sentencing if the offender was convicted of one of the following offenses:

(a) A violent offense;

(8) The court shall order restitution as provided in RCW 9.94A.750 and 9.94A.753.

~~((8))~~ (9) As a part of any sentence, the court may impose and enforce crime-related prohibitions and affirmative conditions as provided in this chapter.

~~((9))~~ (10) In any sentence of partial confinement, the court may require the offender to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

Sec. 33. RCW 9A.76.130 and 2011 c 336 s 403 are each amended to read as follows:

HOUSE BILL NO. 1918, having received the necessary constitutional majority, was declared passed.

HOUSE BILL NO. 1187, by Representatives Chandler, Blake, Buys, Stanford, Hayes and Parker

Concerning best practices for water banks.

The bill was read the second time.

Representative Chandler moved the adoption of amendment (188):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 35. (1) The legislature finds that, unlike other basins in Washington, the Yakima basin is unique in that it has recently undergone a legal adjudication of surface water rights in the basin. In addition, the holders of junior water rights in the basin may be subject to water use curtailment. The unique nature of the Yakima basin has led to the development of an active water market for water reallocation that includes the use of the trust water right program for mitigation purposes and water banking.

(2) In adopting this act to establish standards for water banking in the Yakima basin, it is not the intent of the legislature to imply that the types of water mitigation currently used in the Yakima basin can or should be applied to other parts of Washington.

Sec. 36. RCW 90.42.020 and 2009 c 283 s 3 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of ecology.

(2) "Local government" means a city, town, public utility district, irrigation district, public port, county, sewer district, or water district.

(3) "Net water savings" means the amount of water that is determined to be conserved and usable within a specified stream reach or reaches for other purposes without impairment or detriment to water rights existing at the time that a water conservation project is undertaken, reducing the ability to deliver water, or reducing the supply of water that otherwise would have been available to other existing water uses.

(4) "Pilot planning areas" means the geographic areas designated under RCW 90.54.045(2).

(5) "Trust water right" means any water right acquired by the state under this chapter for management in the state's trust water rights program.

(6) "Yakima basin water bank sponsor" means any person, corporation, or other entity, including a state agency, nonprofit organization, or local government, that holds a legal or beneficial interest in a trust water right from which mitigation credits will be offered for sale to other parties for domestic supply purposes in the Yakima river basin.

(7) "Water conservation project" means any project or program that achieves physical or operational improvements that provide for increased water use efficiency in existing systems of diversion, conveyance, application, or use of water under water rights existing on July 28, 1991.

NEW SECTION. Sec. 37. A new section is added to chapter 90.42 RCW to read as follows:

(1)(a) Every Yakima basin water bank sponsor shall file with the department a schedule showing the amount to be charged for a mitigation credit, including all costs and fees.

(b) The department must post the schedule received from all Yakima basin water bank sponsors on its agency internet web site.

(2) No change may be made in the amount charged, or other costs and fees paid, unless the Yakima basin water bank sponsor provides notice to the department at least thirty days before the change goes into effect. The notice must plainly state the changes to be made in the schedule then on file with the department and the effective date of the changes.

(3) For water banks established prior to the effective date of this section, the Yakima basin water bank sponsor must submit a schedule to the department within ninety days of the effective date of this section.

NEW SECTION. Sec. 38. A new section is added to chapter 90.42 RCW to read as follows:

(1) A Yakima basin water bank sponsor may establish a water bank for any lawful purpose and retains all authority to establish any costs, fees, or other charges for the purchase and sale of mitigation credits. This includes the authority to establish a sliding scale of charges, whereby a charge is made for mitigation based on the quantity of water use or on the services rendered as part of the water bank transaction or operations.

(2) Nothing in this section prohibits a Yakima basin water bank sponsor from establishing a water bank for specific limited purposes, such as providing mitigation credits for certain water uses or users, but not other uses or users. However, a Yakima basin water bank sponsor may not sell or otherwise provide mitigation credits to similarly situated uses or users on different prices or terms.

NEW SECTION. Sec. 39. A new section is added to chapter 90.42 RCW to read as follows:

(1) The department shall require each Yakima basin water bank sponsor to:

(a) Demonstrate the availability of an adequate and reliable water supply to mitigate for the intended purposes for which mitigation is provided; and

(b) Record each mitigation credit with the appropriate county auditor for the parcel of land upon which the mitigation credit is used in like manner and in the same effect as provided for an original certificate or permit to divert water.

(2) The department shall ensure that new water uses for which mitigation is provided will not cause detriment or injury to existing water rights.

NEW SECTION. Sec. 40. This act may be known and cited as the Yakima basin water banking best practices act.

NEW SECTION. Sec. 41. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 42. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Correct the title.

Representative Stanford moved the adoption of amendment (210) to the striking amendment (188):

On page 3, line 13 of the striking amendment, after "adequate" strike "and reliable" and insert ", reliable, and uninterrupted"

On page 3, line 22 of the striking amendment, after "rights." insert "This includes instream flows that otherwise could be adversely affected by the new water uses or lead to harm being caused to priority species of fish or wildlife or to critical habitat for species listed under the federal endangered species act."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 43. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Alternatives assessment" means a process for identifying and comparing chemical and nonchemical alternatives currently in existence that can be practicably and economically used to replace the use of a chemical. The objective of an alternatives assessment is to assess less toxic chemicals or nonchemical alternatives to replace the use of a chemical in a product and to avoid the unintended consequence of switching to a substitute that presents an equivalent or greater concern. An alternatives assessment must follow the guidelines issued by the interstate chemicals clearinghouse, the national academy of sciences, or equivalent methodology. At a minimum, an alternatives assessment includes: An evaluation of chemical hazard, exposure, performance, cost, and availability; information for each alternative considered; and the identification of alternatives.

(2) "Biomonitoring" means assessment of human exposures to chemicals by measuring the chemicals or their metabolites in human tissues or specimens, such as blood, breast milk, and urine.

(3) "Chemical" means a substance, including metals, with a distinct molecular composition or a group of structurally related substances and includes the breakdown products of the substance or substances that form through decomposition, degradation, or metabolism.

(4) "Chemical action plan" means a plan that identifies, characterizes, and evaluates uses and releases of a specific chemical or group of chemicals and identifies actions needed to protect human health and the environment.

(5) "Department" means the department of ecology.

(6) "Director" means the director of the department of ecology or the director's designee.

(7) "Manufacturer" means any person, firm, association, partnership, corporation, governmental entity, organization, or joint venture that produces a product or is an importer or domestic distributor of a product sold or offered for sale in or into the state. "Manufacturer" does not include small businesses as defined in RCW 19.85.020.

(8) "Product" means any item sold for residential or commercial use including any component or product packaging. "Product" does not include the following items, but does include their packaging:

(a) Food or beverage;

(b) Tobacco products;

(c) Drug or biological products regulated by the United States food and drug administration;

(d) Products produced under military specifications;

(e) Finished products regulated by the federal aviation administration;

(f) Chemical products used to produce an agricultural commodity, as defined in RCW 17.21.020; and

(g) Any previously owned product sold in casual or isolated sales as defined in RCW 82.04.040 or products sold by nonprofit organizations.

(9) "Product component" means a uniquely identifiable material or coating that is included as a part of a finished product.

(10) "Safer alternative" means an alternative that is less hazardous to humans or the environment than the existing chemical or chemical process. A safer alternative to a particular chemical may include a chemical substitute or a change in materials or design that eliminates the need for a chemical alternative.

(11) "Summary report" means a report prepared by the department summarizing available alternatives assessments and includes a determination regarding the existence of a safer alternative. The summary report also includes a determination of the completeness of the alternatives assessments reviewed and identifies unsuitable alternatives.

(12) "Unsuitable alternative" means an alternative identified through the alternatives assessment process that does not meet the hazard, exposure, cost, performance, and availability criteria of a safer alternative.

NEW SECTION. Sec. 44. (1) Beginning January 1, 2016, and every two years thereafter, the department, in consultation with the department of health, must select up to four chemicals for the development of chemical action plans as specified in section 4 of this act from the following:

(a) Chemicals identified by the United States environmental protection agency in section 304(a)(1) of the clean water act, water quality criteria for human health, that impact Washington state clean water bodies as identified under section 303(d) of the clean water act; or

(b) Chemicals that meet the criteria of a high priority chemical as defined in RCW 70.240.010 as applied to humans, plants, or wildlife, and either:

(i) Meet the criteria for a high priority chemical of high concern for children as described in RCW 70.240.030(1) (a) through (c); or

(ii) Have been shown through environmental monitoring studies to be present in fish, wildlife, air, water, soil, or sediment.

(2) The department may conduct environmental monitoring or, subject to the availability of amounts appropriated for this specific purpose, may request the department of health to conduct biomonitoring of a chemical to verify the chemical is present in the state's environment or population or to better understand environmental or human exposures in the state. Environmental monitoring and biomonitoring conducted pursuant to this chapter must be of a minimum scope necessary to adequately inform a chemical action plan.

(3)(a) At least two of the first four chemicals selected for a chemical action plan must be chosen from the chemicals identified in subsection (1)(a) of this section.

(b) When selecting chemicals for the development of chemical action plans, the director shall notify the public of the selection, the basis for the selection, and a draft schedule. The notice must be published in the Washington State Register. The department shall provide the public with an opportunity for review and comment before finalizing the schedule.

(c) When selecting chemicals for the development of chemical action plans, the department must consider:

(i) Opportunities for reducing or phasing out uses, production, or releases of a chemical;

(ii) Scientific evidence on the combined effects of exposure to the chemical and other substances commonly present in the Washington environment;

(iii) Scientific evidence on the susceptibility of sensitive population groups and environmental media from exposure to the chemical, as well as cumulative effects of multiple exposures; and

(iv) Existing plans or regulatory requirements to reduce or phase out the use and releases of the chemical.

(d) The department must identify the sources of information it relied upon in selecting chemicals for the development of chemical action plans under this section, including peer-reviewed science.

NEW SECTION. Sec. 45. (1) The department may require information from manufacturers of products that contain a chemical selected for a chemical action plan under section 2 of this act. Prior to requesting information from a manufacturer under this subsection, the department must consult with a chemical action plan external advisory committee, if one has been formed yet, to evaluate the particular chemical that is the subject of the information request. The department may only make reasonable requests of manufacturers that are limited in their scope and frequency and that are focused on:

(a) The most common and prevalent uses of the chemicals or products containing the chemicals, based on the department's existing knowledge about the chemical;

(b) Areas where there is an identified gap in public or department knowledge about a chemical; and

(c) Chemical uses or products that the department has reason to believe are likely to be responsible for or associated with a significant portion of releases into the environment or public health exposures.

(2) Within six months of a request by the department, manufacturers shall report the following:

(a) The name and address of the manufacturer and the name, address, and phone number of a contact person for the manufacturer;

(b) The name of the chemical used or produced and its chemical abstracts service registry number;

(c) A brief description of the product or product component containing the substance;

(d) A description of the function of the chemical in the product;

(e) The amount of the chemical used in each unit of the product or product component, which may be reported in ranges, rather than the exact amount;

(f) An estimate of average daily, weekly, or monthly commercial consumption of the chemical by businesses or the public; and

(g) Any other information the manufacturer deems relevant to the appropriate use of the product.

(3) In response to an information request from the department under this section, a manufacturer may extrapolate amounts and estimates from national data. The resulting submission must include the information in subsection (2)(a) of this section for each manufacturer. However, the information required by subsection (2)(b) through (g) of this section is not required to be provided in a manner that identifies individual manufacturers.

(4) The department shall specify the required format for submission of the information required under subsection (2) of this section. The format should be generally consistent with the format specified in other states with substantially similar reporting requirements.

(5) Multiple businesses, or a business association, may collaborate and submit a single submission on a chemical found in similar products.

(6) Where information submitted by a manufacturer under chapter 70.240 RCW is the same as the information required to be submitted by the manufacturer in subsection (2) of this section, that manufacturer is not required to submit the same information again.

(7) The department may, by order, require a manufacturer subject to the reporting requirement in subsection (2) of this section to provide additional information that is relevant to the development of a chemical action plan under section 4 of this act. An order by the department must also meet the reasonableness criteria of subsection (1) of this section.

NEW SECTION. Sec. 46. (1) When developing a chemical action plan, the department shall convene an external advisory committee to provide stakeholder input, expertise, and additional information. All advisory committee meetings must be open to the public. The department must invite representatives from, at minimum, the following organizations and entities to serve as external advisory committee members: Large and small business sectors; a representative of a statewide business association with over one thousand total members and that represents multiple business sectors; community, environmental, and public health advocacy groups; local governments; affected and interested businesses; and public health agencies. State agencies and technical experts may be requested to participate.

(2) All chemical action plans must include the following types of information, evaluations, and recommendations:

(a) Chemical name, properties, uses, and manufacturers;

(b) An analysis of the available information on the production, unintentional production, uses, and disposal of the chemical;

(c) Information on the known or potential impacts on human health and the environment associated with the use and release of the chemical; and

(d) An evaluation of the regulatory and nonregulatory approaches that influence production, uses, releases, and management of the chemical.

(3)(a) All chemical action plans must identify actions, if needed, to eliminate or reduce threats to human health and the environment and include recommendations for managing, reducing, or phasing out the different uses and releases of the chemical to minimize exposure.

(b) Recommendations must be based on an evaluation of the following factors:

(i) Environmental and human health benefits;

(ii) Economic and social impacts;

(iii) Feasibility;

(iv) Availability and effectiveness of safer substitutes for uses of the chemical; and

(v) Consistency with existing federal and state regulatory requirements.

(4) The department must include in the chemical action plan a summary of any dissenting views held by external advisory committee members regarding the recommendations contained in the plan.

(5) The department must identify the sources of information it relied upon in completing a chemical action plan under this section, including peer-reviewed science.

NEW SECTION. Sec. 47. (1)(a) Consistent with a recommendation in a chemical action plan, the department is

authorized to require manufacturers, by order, to conduct alternatives assessments, as detailed in this section. The department may not require manufacturers to complete an alternatives assessment for a greater breadth of uses or products, nor require alternatives assessments to be completed by a greater number of manufacturers, than is necessary to address significant sources of environmental or public health exposures to the chemical.

(b) The scope of an alternatives assessment must be:

(i) A single type of use of a chemical in a specific type of manufacturing process; or

(ii) The inclusion of a chemical in a specific type of product.

(2)(a) If ordered by the department, a manufacturer of a product that contains a chemical for which a chemical action plan has been completed under section 4 of this act or under chapter 173-333 WAC must submit an alternatives assessment to the department for each use of the chemical specified by the department.

(b) The manufacturer must submit the alternatives assessment to the department within one year of receipt of the department's order; however, the department may grant an extension on a case-by-case basis for good cause if the manufacturer shows that additional time is necessary to complete an alternatives assessment or would substantially improve the quality of the alternatives assessment. Multiple businesses, or a business association, may collaborate and submit a single alternatives assessment on a chemical found in similar products.

(c) In lieu of an alternatives assessment, a manufacturer may submit a certificate of compliance, as described in (d) of this subsection, if:

(i) The manufacturer has ceased using the chemical for which it would be required to do an alternatives assessment; or

(ii) The manufacturer can demonstrate its plans to phase out the use of the chemical within a time frame that is reasonable based on the manufacturing process used to produce the product and the use of the product.

(d) A certificate of compliance must include the following:

(i) Chemical names and chemical abstracts service registry numbers for all chemicals that currently contribute to the specific function previously served by the prohibited chemical;

(ii) How the manufacturer is meeting the function of the prohibited chemical with a safer alternative; and

(iii) The signature of an authorized official of the manufacturer.

(3) If the department determines that a submitted alternatives assessment does not meet the definition or required objectives of an alternatives assessment, or the department does not identify a manufacturer that may be required to submit an alternatives assessment, the department may contract with an independent scientific organization to conduct an independent alternatives assessment in consultation with the chemical action plan advisory committee. Any alternatives assessment conducted by the independent contractor must include a process to involve interested parties.

(4) The department may rely on existing information indicating that a safer alternative for a chemical exists if that information is equivalent to an alternatives assessment.

NEW SECTION. Sec. 48. (1)(a) The department, in consultation with the department of health, shall prepare a summary report of all reviewed alternatives assessments and other relevant information assembled under section 5 of this act. The summary report must include a determination of whether a safer alternative exists and identify unsuitable alternatives.

(b) In making its determination, the department shall evaluate whether the alternatives assessment submitted by manufacturers:

- (i) Follows the guidelines on alternatives assessment issued by the interstate chemicals clearinghouse, the national academy of sciences, or equivalent methodology;
- (ii) Identifies safer alternatives as defined in section 1 of this act; and
- (iii) Identifies unsuitable alternatives as defined in section 1 of this act.

(2) If the department determines that a safer alternative exists, based on a completed alternatives assessment or equivalent information, the department must submit a recommendation to prohibit specific uses of the chemical, in the form of draft legislation, to the appropriate committees of the house of representatives and senate.

(3) If the department determines that a safer alternative does not exist, then the department may reevaluate information on the availability of safer alternatives not more often than once every five years.

NEW SECTION. Sec. 49. (1) A manufacturer violating a requirement of this chapter, a rule adopted under this chapter, or an order issued under this chapter, is subject to a civil penalty not to exceed five thousand dollars for each violation in the case of a first offense. Manufacturers who are repeat violators are subject to a civil penalty not to exceed ten thousand dollars for each repeat offense.

(2) Any penalty provided for in this section, and any order issued by the department under this chapter, maybe appealed to the pollution control hearings board.

(3) All penalties collected under this chapter shall be deposited in the state toxics control account created in RCW 70.105D.070.

NEW SECTION. Sec. 50. Manufacturers submitting information or records to the department may request that the information or records be made available only for the confidential use of the director, the department, or the appropriate division of the department. The director shall give consideration to the request and if such action would not be detrimental to the public interest and is otherwise within accord with the policies and purposes of chapter 43.21A RCW, the director must grant the request for the information to remain confidential as authorized in RCW 43.21A.160. Under the procedures established under RCW 43.21A.160, the department must keep confidential any records furnished by a manufacturer under this chapter that relate to proprietary manufacturing processes or chemical formulations used in products or processes.

NEW SECTION. Sec. 51. The department may adopt rules as necessary for the purpose of implementing, administering, and enforcing this chapter.

NEW SECTION. Sec. 52. A new section is added to chapter 39.26 RCW to read as follows:

(1) The department shall establish purchasing and procurement policies that provide a preference for products and products in packaging that do not contain:

(a) Persistent, bioaccumulative, and toxic chemicals as defined in chapter 173-333 WAC as of the effective date of this section; and

(b) Chemicals that have been addressed by a completed chemical action plan that has included a recommendation that the state adopt a purchasing and procurement policy for products and products in packaging that do not contain the chemical.

(2) No agency may knowingly purchase products or products in packaging containing chemicals identified in subsection (1) of this section unless there is no cost-effective and technologically feasible alternative. When all available products contain a chemical identified in subsection (1) of this section, a preference must be given to alternative products that contain lesser amounts of chemicals identified in subsection (1) of this section.

(3) Nothing in this section requires the department or any other state agency to breach an existing contract or dispose of stock that has been ordered or is in the possession of the department or other state agency as of the effective date of this section.

(4) This section does not require the department or any other agency to test every product procured.

(5) The department or any other agency may request suppliers of products to provide testing data from an accredited laboratory or testing facility documenting levels of a chemical identified in subsection (1) of this section in products or product packaging. Requested or voluntarily received testing data from businesses, manufacturers, organizations, and individuals must be submitted for review to the department of ecology.

(1) Complaints referred to the juvenile court alleging the commission of an offense shall be referred directly to the prosecutor. The prosecutor, upon receipt of a complaint, shall screen the complaint to determine whether:

(a) The alleged facts bring the case within the jurisdiction of the court; and

(b) On a basis of available evidence there is probable cause to believe that the juvenile did commit the offense.

(2) If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

(3) If the requirements of subsections (1)(a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (5), (6), and (8) of this section. If the prosecutor finds that the requirements of subsection (1)(a) and (b) of this section are not met, the prosecutor shall maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify

community supervision where such offense constitutes a violation of community supervision.

(4) An information shall be a plain, concise, and definite written statement of the essential facts constituting the offense charged. It shall be signed by the prosecuting attorney and conform to chapter 10.37 RCW.

(5) Except as provided in RCW 13.40.213 and subsection (7) of this section, where a case is legally sufficient, the prosecutor shall file an information with the juvenile court if:

(a) An alleged offender is accused of a class A felony, a class B felony, an attempt to commit a class B felony, a class C felony listed in RCW 9.94A.411(2) as a crime against persons or listed in RCW 9A.46.060 as a crime of harassment, or a class C felony that is a violation of RCW 9.41.080 or *9.41.040(2)(a)(iii); or

(b) An alleged offender is accused of a felony and has a criminal history of any felony, or at least two gross misdemeanors, or at least two misdemeanors; or

(c) An alleged offender has previously been committed to the department; or

(d) An alleged offender has been referred by a diversion unit for prosecution or desires prosecution instead of diversion; or

(e) An alleged offender has three or more diversion agreements on the alleged offender's criminal history; or

(f) A special allegation has been filed that the offender or an accomplice was armed with a firearm when the offense was committed.

(6) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor or gross misdemeanor or violation and the alleged offense is the offender's first offense or violation. If the alleged offender is charged with a related offense that must or may be filed under subsections (5) and (8) of this section, a case under this subsection may also be filed.

(7) Where a case is legally sufficient to charge an alleged offender with:

(a) either prostitution or prostitution loitering and the alleged offense is the offender's first prostitution or prostitution loitering offense, the prosecutor shall divert the case; or

(b) voyeurism in the second degree and the alleged offense is the offender's first offense or violation, the prosecutor shall divert the case unless the juvenile has prior adjudications or diversions.

(8) Where a case is legally sufficient and falls into neither subsection (5) nor (6) of this section, it may be filed or diverted. In deciding whether to file or divert an offense under this section the prosecutor shall be guided only by the length, seriousness, and recency of the alleged offender's criminal history and the circumstances surrounding the commission of the alleged offense.

(9) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversion interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the juvenile and the current status of the juvenile. Where a case involves victims of crimes against persons or victims whose property has not been recovered at the time a juvenile is referred to a diversion unit, the victim shall be notified of the referral and informed how to contact the unit.

(10) The responsibilities of the prosecutor under subsections (1) through (9) of this section may be performed by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

(11) The prosecutor, juvenile court probation counselor, or diversion unit may, in exercising their authority under this section or RCW 13.40.080, refer juveniles to mediation or victim offender

reconciliation programs. Such mediation or victim offender reconciliation programs shall be voluntary for victims."

"NEW SECTION. Sec. 5. INTENT. According to census bureau data, forty percent of households in the United States rely on a woman as the leading or sole breadwinner. In addition, women hold a significant percentage of minimum wage jobs. Income disparities limit the ability of women to provide for their families, leading to higher rates of poverty among women and children.

The legislature finds that in order to establish equality among workers, men and women in the same job must be compensated as equals. The legislature finds that gaps in employee wages is a form of gender discrimination. Policies that encourage retaliation or discipline towards workers who discuss or inquire about compensation prevent workers from moving forward.

The legislature intends to update the existing Washington state equal pay act, not modified since 1943, to address income disparities, employer discrimination, and retaliation practices, and to reflect the equal status of all workers in Washington state.

NEW SECTION. Sec. 6. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Compensation" means discretionary and nondiscretionary wages and benefits provided by an employer to an employee as a result of the employment relationship.

(2) "Department," "director," "employee," and "employer" have the same meaning as defined in RCW 49.12.005.

Sec. 7. RCW 49.12.175 and 1943 c 254 s 1 are each amended to read as follows:

EQUAL PAY OPPORTUNITY.

~~(1) Any employer in this state ((employing both males and females, who shall discriminate in any way in the payment of wages as between sexes or who shall pay any female a less wage, be it time or piece work, or salary, than is being paid to males)) who discriminates in providing compensation based on gender between individuals similarly employed ((or in any employment formerly performed by males, shall be)) is guilty of a misdemeanor.~~

~~(2)(a) If any ((female)) employee ((shall)) receives less compensation because of being discriminated against on account of ((her sex, and)) gender in violation of this section, ((she shall be)) that employee is entitled to recover in a civil action the full amount of compensation that ((she)) the employee would have received had ((she)) the employee not been discriminated against. An employee is entitled to recover any actual damages, plus statutory damages equal to the amount of actual damages or five thousand dollars, whichever is greater, and costs and reasonable attorneys' fees. In addition, the court may order injunctive relief. In such action, however, the employer shall be credited with any compensation which has been paid to ((her)) the employee upon account.~~

~~(b) A differential in ((wages between employees)) compensation or employment opportunities based in good faith on a bona fide job-related factor or factors ((other than sex shall)), including but not limited to education, training, or experience, that is not based on gender, unless the differential is otherwise permitted by law, does not constitute discrimination within the meaning of ((RCW 49.12.010 through 49.12.180)) this section.~~

NEW SECTION. Sec. 8. WORKPLACE PRACTICES.

(1) An employer may not:

(a) Require nondisclosure by an employee of his or her wages as a condition of employment; or

(b) Require an employee to sign a waiver or other document that prevents the employee from disclosing the amount of the employee's wages.

(2) An employer may not discharge or in any other manner retaliate against an employee for:

(a) Inquiring about, disclosing, comparing, or otherwise discussing the employee's wages or the wages of any other employee;

(b) Asking the employer to provide a reason for the employee's wages or reasons for a lack of employment advancement available to the employee; or

(c) Aiding or encouraging an employee to exercise their rights under this section.

(3) An employer may prohibit a human resources or other manager from disclosing the wages of other employees unless the disclosure is otherwise required by law.

NEW SECTION. Sec. 9. NO RETALIATION. An employer may not discharge or otherwise discriminate against an employee because the employee has filed any complaint, or instituted or caused to be instituted any proceeding under this chapter, or testified or is about to testify in any such proceeding, or because of the exercise by such employee on behalf of himself or herself or others of any right afforded by this chapter.

NEW SECTION. Sec. 10. CAUSE OF ACTION. An employee may bring a civil action against an employer for violation of section 4 or 5 of this act for actual damages, plus statutory damages equal to the amount of actual damages or five thousand dollars, whichever is greater, and costs and reasonable attorneys' fees. The court may also order reinstatement and injunctive relief.

NEW SECTION. Sec. 11. NOTICE. The department may include notice of the provisions of this chapter in the next reprinting of employment posters.

NEW SECTION. Sec. 12. RULE MAKING. The department may adopt rules to implement sections 1 through 5 of this act.

NEW SECTION. Sec. 13. SHORT TITLE. This chapter shall be known and cited as the "equal pay opportunity act."

NEW SECTION. Sec. 14. CODIFICATION. (1) Sections 1, 2, and 4 through 9 of this act constitute a new chapter in Title 49 RCW.

Recipients are selected by the State Medal of Merit Committee which consists of the Governor, President of the Senate, Speaker of the House and Chief Justice of the Supreme Court. The first Medal of Merit ceremony was held in 1987. Since then 30 people have received this prestigious honor, with the last being given in 2009. The Medal of Merit has the name of the recipient engraved on the back with the following inscription ‘For exceptionally meritorious conduct in performing outstanding services to the people and state of Washington.’ It is a privilege to personally congratulate the two individuals being recognized with the 2015 Medal of Merit for a lifetime of remarkable achievements. This care is provided at no cost to the participants. She pioneered a supporting response to cancer diagnoses that has become a national model, focusing beyond the cancer diagnosis to support overall health and wellness. Ms. Schodde has been a groundbreaking health care professional, emergency first responder, educator and volunteer for nearly 50 years. She has been a leader in promoting health and wellness as a community-wide effort and a leader in Mason County health and safety programs for over two decades as a former public health nurse, a past director of Mason County Drug Abuse Prevention, and as a firefighter and critical incident responder in Mason County. It is our honor and privilege to present the Medal of Merit to Gretchen Schodde.”

The Governor presented to Gretchen Schodde the Medal of Merit and certificate.

Gretchen Schodde: “Thank you Lieutenant Governor Owen, Governor Inslee and esteemed members of this chamber. I am humbled by this tremendous honor. Harmony Hill has been a grace, grit and gratitude filled adventure. Amazing people have shown up to help and I am grateful for every one of them. Thank you. Last time I was in this chamber was actually more than forty years ago when the Nurse Practice Act was being voted on and hundreds of citizens from rural communities, especially Darrington where I was working as a nurse practitioner, were here pitching for

the expanded role of the nurse. The bill passed and my life has never been the same. The thread of nursing has been woven around my heart and has been the core of my life work. There is a poem about the thread by William Stafford that I would like to share with you. ‘There’s a thread you follow. It goes among things that change. But it doesn’t change. People wonder about what you are pursuing. You have to explain about the thread. But it is hard for others to see. While you hold it you can’t get lost. Tragedies happen; people get hurt or die; and you suffer and get old. Nothing you do can stop time’s unfolding. You don’t ever let go of the thread.’ My heartfelt thanks for the great work all of you are doing for the State of Washington. Come visit Harmony Hill. Never let go of the thread. Thank you so much.”

BILLY FRANK, JR.

Representative Sawyer: “Billy Frank Jr., a world-renowned tribal leader, dedicated his life to the salmon, the environment, and peace between diverse cultures. Billy’s activism began at age 14, with his first arrest on the banks of the Nisqually River; he refused to stop fishing. Billy was an integral player in the fight for treaty fishing rights. The “fish wars” between Pacific Northwest Indian tribes and Washington State escalated to a fever pitch in the 1960s, and the Nisqually Indian endured brutal clashes in the fallout. Billy became the longtime chairman of the Northwest Indian Fisheries Commission; a witness in the Boldt Decision (U.S. v. Washington), the landmark court case that restored tribal fishing rights in 1974; and facilitated strong relationships between competing interests that revived the Nisqually Watershed. Even into his 80s, Billy circled the globe to assist indigenous people in saving their own cultures and the environment. The late U.S. Senator Dan Inouye nominated Billy for the Nobel Peace Prize in 2010. Mr. Frank, as my script says but Billy would be upset if I called him that, Billy was devoted to the salmon with the hope of carrying out the work of his father, Willie Frank Sr., who is believed to be the last full-blooded Nisqually Indian. Billy Frank Jr., died May 5, 2014 at the age of 83. In my opinion he was the greatest civil rights hero in our state’s history and it is an honor to present this award to his children today.”

The Governor presented to Willie and Tobin Frank, on behalf of Billy Frank Jr., the Medal of Merit and certificate.

Tobin Frank: “My brother and I are truly honored to be here today to accept this award on behalf of my dad. You know we wish he was still with us right now but he is here in spirit with us and looking down on everybody in this room. We thank the State of Washington for this award. He devoted his whole life to protecting our treaty rights, to protecting our salmon, our way of life, but his biggest thing was relationships. He was one of a kind. He could sit in the room with the state and make things happen. He could pave the way for all of us and I truly believe that we have to keep his legacy going, keep what he wanted going, as far as the tribes and the state working together for the interest of our natural resources. We are truly honored to be here. We are honored that all our family and friends are able to be here today to accept this. He had a lot of nieces and nephews and family members, we are all honored to be here today. Thank you very much.”

MEDAL OF VALOR

Governor Inslee: “Thank you. Mr. President, Mr. Speaker, Secretary Wyman, Chief Justice Madsen, members of the Washington State Legislature. We gather today to recognize persons whose acts of bravery in the face of personal risk to themselves necessitate a unique honor from their fellow citizens.

These persons are not necessarily part of our dedicated law enforcement organizations, our firefighters, or rescue personnel, but simply average citizens who responded to moments of crisis with complete selflessness. Long ago, the state determined that there were true Washington heroes, whose courageous actions were deserving of special recommendation and recognition. The State of Washington Medal of Valor was therefore created to establish in law, to recognize, “any person who has saved, or attempted to save, the life of another at the risk of serious injury or death” to themselves. But because we are forward-thinking in our state, lawmakers recognized last year that sometimes giving this honor to an individual alone is insufficient; Sometimes in the face of great loss and tragedy, when an entire community rises up to save others, an entire community is therefore entitled to this recognition. And such is the case with the communities that rose up to save their families, friends, and neighbors during the catastrophic mudslide that struck on March 22, 2014. So today, I am honored to help recognize the tremendous acts of heroism and compassion by the communities of Oso, Darrington, Arlington, and the Sauk-Suiattle Tribe. Members of these communities, together, assisted in the rescue, recovery, and relief efforts following the historic disaster. And on behalf of nearly 7 million Washingtonians, I offer a heartfelt thank you to these communities for their service during one of the greatest natural disasters in our state’s history. And as a personal note, this is the Medal of Valor, which denotes bravery, but having been in these communities for weeks and months after this, I can tell you that the intense light of their individual acts of bravery were met by the intense warmth of their thousands of acts of compassion, to help their communities heal. Thank you.”

Chief Justice Madsen: “On the morning of March 22, 2014, a devastating landslide occurred between Oso and Darrington, killing 43 people and destroying about 40 homes. The Oso landslide is the deadliest in U.S. history. It buried a square-mile area of the Stillaguamish River Valley under a blanket of mud, clay, trees and flood waters.

The Medal of Valor is presented to the many individuals from the communities of Oso, Darrington, Arlington and the Sauk-Suiattle Tribe who risked injury and death, and made great personal sacrifice to assist in rescue, recovery and relief efforts following the tragedy. These heroes dug through the mud to find survivors and victims; lent and used equipment and machinery to aid in the rescue effort; organized town hall meetings, recruited volunteers and coordinated fundraising; helped hold their communities together with meals, comfort, prayers and housing.”

CITY OF ARLINGTON

The Governor presented to Brantly Stupey, on behalf of the City of Arlington, the Medal of Valor and certificate.

Brantly Stupey: “Thank you. Thank you everyone here. I would like to start by saying thank you on behalf of the Arlington, Oso, Darrington and Sauk-Suiattle communities. I know myself and all the people with me today feel greatly honored to be accepting this award but it is because of the amazing people in our community and the timeless efforts of all the firefighters, search and rescue workers and all other volunteer groups too numerous to mention that we are receiving this award. It is through this great tragedy, like all great tragedies, that challenge the human spirit, but something brings out the best in all of us. For this reason and through the strength, resiliency and love of our communities we have remained undaunted. The battle for healing is ongoing but through continued unity, in time, all will heal. With that being

said, thank you again on behalf of our community for this tremendous honor.”

TOWN OF DARRINGTON

The Governor presented to Quinn Nations, on behalf of the Town of Darrington, the Medal of Valor and certificate.

Quinn Nations: “You sure are a tall drink of water. You know we appreciate it on behalf of Darrington, it is quite the honor, but I hope you have about two thousand more of them because there are a lot of people here that deserve one of them. And I think Steve Skaglund said it best when he made the statement about the slide, he said ‘Look at what the American people can do when you just untie their hands.’ Chew on that one for a little bit. We appreciate it. Thank you.”

COMMUNITY OF OSO

The Governor presented to Willy Harper, on behalf of the Community of Oso, the Medal of Valor and certificate.

Willy Harper: Let me start by saying thank you. It is an honor to be up here with all the recipients. It is an honor to be up here to represent my town, our town, it’s not my town, and somebody stated that that day our community grew and it certainly did. It grew beyond Arlington, it grew beyond Darrington and Sauk-Suiattle. We had so many people helping us that day. Some words some people keep saying are humble and compassion and you just can’t imagine how much those words ring true when there are so many people come, that help your community. The looks on the faces of the people that came to help changed after those few weeks, and so many of those faces haven’t changed since then. We still have community members struggling and it is not just bureaucracy, sometimes it is just trying to connect those people to the right people that can help them and so I hope that no people recognize how great our communities were, and it is an honor to accept this. I hope they remember that there is a long road ahead of us but we wouldn’t be where we are today if it wasn’t for all the community members who stepped up so thank you. Thank you.”

SAUK-SUIATTLE INDIAN TRIBE

The Governor presented to Kevin Lenon, on behalf of the Sauk-Suiattle Indian Tribe, the Medal of Valor and certificate.

Kevin Lenon: “Thank you. As a small sovereign nation of American Indians the Sauk-Suiattle Indian Tribe of Darrington Washington shares the belief of all our tribal nations that the earth is our mother and that the creator resides beyond the skies and within our own beings. While we strive to protect our mother earth so does she shelter us in so many ways from harm. There are times when the simple shifting of her garment may catch us in her movements and we are harmed. No one can explain the unnatural landslide event and we are shocked and saddened that our friends and neighbors of Washington lost their lives in such a massive shift of the earth. There were families, mothers, fathers, grandparents, aunts and uncles and so many precious children and there were visiting individuals who were traveling through the area. We performed our very sacred smudging and feeding the rivers ceremonies in reverence of our mother and to offer gratitude to the Creator that these lives were shared with us for a time. We are humbled by the honor bestowed by the Legislature, the Governor of the great State of Washington, recognizing our assistance in that horrible time of destruction. We are all small communities who live in the valleys of these beautiful mountains.

We can most respectfully honor their memories of the precious lost ones by working together to build a strong and inviting community for the world to come and see and share and forever implant the importance of the names and the lives of those who have moved on to another world. We dedicate this honor you have bestowed on us to the lives lost, to those who worked so diligently to save lives and recover those who suffered death. And in their honor we pledge to work diligently with our neighboring communities and cities and groups to build a bright world of earthly beauty and a healthy human spirit. Thank you.

The President recognized, and asked the members to stand and recognize, honored guests from the City of Arlington, Town of Darrington, Community of Oso, and the Sauk-Suiattle Indian Tribe seated in the galleries

President Owen: “Thank you to all of our honorees for your courage and your example. We are proud to honor you today. The State of Washington is truly blessed to have remarkable people who give so much of themselves and their time to enrich our communities. Through their selfless deeds the citizens we have had an opportunity to recognize here today, represent the best of that spirit. On behalf of a grateful state, we truly appreciate what all of you have done for the people of the state of Washington.

2SSB 5052 Prime Sponsor, Committee on Ways & Means: Establishing the cannabis patient protection act. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 15. This act may be known and cited as the cannabis patient protection act.

NEW SECTION. Sec. 16. The legislature finds that since voters approved Initiative Measure No. 692 in 1998, it has been the public policy of the state to permit the medical use of marijuana. Between 1998 and the present day, there have been multiple legislative attempts to clarify what is meant by the medical use of marijuana and to ensure qualifying patients have a safe, consistent, and adequate source of marijuana for their medical needs.

The legislature further finds that qualifying patients are people with serious medical conditions and have been responsible for finding their own source of marijuana for their own personal medical use. Either by growing it themselves, designating someone to grow for them, or participating in collective gardens, patients have developed methods of access in spite of continued federal opposition to the medical use of marijuana. In a time when access itself was an issue and no safe, consistent source of marijuana was available, this unregulated system was permitted by the state to ensure some, albeit limited, access to marijuana for medical use. Also permitted were personal possession limits of fifteen plants and twenty-four ounces of useable marijuana, which was deemed to be the amount of marijuana needed for a sixty-day supply. In a time when supply was not consistent, this amount of marijuana was necessary to ensure patients would be able to address their immediate medical needs.

The legislature further finds that while possession amounts are provided in statute, these do not amount to protection from arrest and prosecution for patients. In fact, patients in compliance with state law are not provided arrest protection. They may be arrested and their only remedy is to assert an affirmative defense at trial that they are in compliance with the law and have a medical need. Too many patients using marijuana for medical purposes today do not know this; many falsely believe they cannot be arrested so long as their health care provider has authorized them for the medical use of marijuana.

The legislature further finds that in 2012 voters passed Initiative Measure No. 502 which permitted the recreational use of marijuana. For the first time in our nation's history, marijuana would be regulated, taxed, and sold for recreational consumption. Initiative Measure No. 502 provides for strict regulation on the production, processing, and distribution of marijuana. Under Initiative Measure No. 502, marijuana is trackable from seed to sale and may only be sold or grown under license. Marijuana must

be tested for impurities and purchasers of marijuana must be informed of the THC level in the marijuana. Since its passage, two hundred fifty producer/processor licenses and sixty-three retail licenses have been issued, covering the majority of the state. With the current product canopy exceeding 2.9 million square feet, and retailers in place, the state now has a system of safe, consistent, and adequate access to marijuana; the marketplace is not the same marketplace envisioned by the voters in 1998. While medical needs remain, the state is in the untenable position of having a recreational product that is tested and subject to production standards that ensure safe access for recreational users. No such standards exist for medical users and, consequently, the very people originally meant to be helped through the medical use of marijuana do not know if their product has been tested for molds, do not know where their marijuana has been grown, have no certainty in the level of THC or CBD in their products, and have no assurances that their products have been handled through quality assurance measures. It is not the public policy of the state to allow qualifying patients to only have access to products that may be endangering their health.

The legislature, therefore, intends to adopt a comprehensive act that uses the regulations in place for the recreational market to provide regulation for the medical use of marijuana. It intends to ensure that patients retain their ability to grow their own marijuana for their own medical use and it intends to ensure that patients have the ability to possess more marijuana-infused products, useable marijuana, and marijuana concentrates than what is available to a nonmedical user. It further intends that medical specific regulations be adopted as needed and under consultation of the departments of health and agriculture so that safe handling practices will be adopted and so that testing standards for medical products meet or exceed those standards in use in the recreational market.

Sec. 20. RCW 69.50.331 and 2013 c 3 s 6 are each amended to read as follows:

(1) For the purpose of considering any application for a license to produce, process, or sell marijuana, or for the renewal of a license to produce, process, or sell marijuana, the state liquor (~~(control)~~) and cannabis board must conduct a comprehensive, fair, and impartial evaluation of the applications timely received.

(a)(i) The state liquor and cannabis board must develop a competitive, merit-based application process that includes, at a minimum, the opportunity for an applicant to demonstrate experience and qualifications in the marijuana industry. The state

liquor and cannabis board shall give preference between competing applications in the licensing process to applicants that have the following experience and qualifications:

(A) Operating or being employed by a collective garden before the passage of chapter 3, Laws of 2013 on November 6, 2012;

(B) Having applied to the state liquor and cannabis board for a marijuana retailer license prior to July 1, 2014;

(C) Having a state business license and a municipal business license, as applicable in the relevant jurisdiction; and

(D) Having a history of paying all applicable taxes and fees.

(i) Those who began operating a collective garden after November 6, 2012, will be prevented from participating in the application process created by this section until July 1, 2017, unless the applicant establishes that his or her operation was a noncommercial, nonaggregated collective garden with a static membership that operated in compliance with all provisions of RCW 69.51A.085.

(b) The state liquor and cannabis board may cause an inspection of the premises to be made, and may inquire into all matters in connection with the construction and operation of the premises. For the purpose of reviewing any application for a license and for considering the denial, suspension, revocation, or renewal or denial thereof, of any license, the state liquor ~~((control))~~ and cannabis board may consider any prior criminal conduct of the applicant including an administrative violation history record with the state liquor ~~((control))~~ and cannabis board and a criminal history record information check. The state liquor ~~((control))~~ and cannabis board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The state liquor ~~((control))~~ and cannabis board shall require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation. The provisions of RCW 9.95.240 and of chapter 9.96A RCW shall not apply to these cases. Subject to the provisions of this section, the state liquor ~~((control))~~ and cannabis board may, in its discretion, grant or deny the renewal or license applied for. Denial may be based on, without limitation, the existence of chronic illegal activity documented in objections submitted pursuant to subsections (7)(c) and (9) of this section. Authority to approve an uncontested or unopposed license may be granted by the state liquor ~~((control))~~ and cannabis board to any staff member the board designates in writing. Conditions for granting this authority shall be adopted by rule.

~~((d))~~ (iv) A person whose place of business is conducted by a manager or agent, unless the manager or agent possesses the same qualifications required of the licensee.

(2)(a) The state liquor ~~((control))~~ and cannabis board may, in its discretion, subject to the provisions of RCW 69.50.334, suspend or cancel any license; and all protections of the licensee from criminal or civil sanctions under state law for producing, processing, or selling marijuana, useable marijuana, or marijuana-infused products thereunder shall be suspended or terminated, as the case may be.

(b) The state liquor ~~((control))~~ and cannabis board shall immediately suspend the license of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license shall be automatic upon the state liquor ~~((control))~~ and cannabis board's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

(c) The state liquor ~~((control))~~ and cannabis board may request the appointment of administrative law judges under chapter 34.12 RCW who shall have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, and to receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, under rules and regulations the state liquor ~~((control))~~ and cannabis board may adopt.

(d) Witnesses shall be allowed fees and mileage each way to and from any inquiry, investigation, hearing, or proceeding at the rate authorized by RCW 34.05.446. Fees need not be paid in advance of appearance of witnesses to testify or to produce books, records, or other legal evidence.

(e) In case of disobedience of any person to comply with the order of the state liquor ~~((control))~~ and cannabis board or a subpoena issued by the state liquor ~~((control))~~ and cannabis board, or any of its members, or administrative law judges, or on the refusal of a witness to testify to any matter regarding which he or she may be lawfully interrogated, the judge of the superior court of the county in which the person resides, on application of any member of the board or administrative law judge, shall compel obedience by contempt proceedings, as in the case of disobedience of the requirements of a subpoena issued from said court or a refusal to testify therein.

(3) Upon receipt of notice of the suspension or cancellation of a license, the licensee shall forthwith deliver up the license to the state liquor ~~((control))~~ and cannabis board. Where the license has been suspended only, the state liquor ~~((control))~~ and cannabis board shall return the license to the licensee at the expiration or termination of the period of suspension. The state liquor ~~((control))~~ and cannabis board shall notify all other licensees in the county where the subject licensee has its premises of the suspension or cancellation of the license; and no other licensee or employee of another licensee may allow or cause any marijuana, useable marijuana, or marijuana-infused products to be delivered to or for any person at the premises of the subject licensee.

(4) Every license issued under chapter 3, Laws of 2013 shall be subject to all conditions and restrictions imposed by chapter 3, Laws of 2013 or by rules adopted by the state liquor ~~((control))~~ and cannabis board to implement and enforce chapter 3, Laws of 2013. (5) Every licensee shall post and keep posted its license, or licenses, in a conspicuous place on the premises.

(6) No licensee shall employ any person under the age of twenty-one years.

(7)(a) Before the state liquor ~~((control))~~ and cannabis board issues a new or renewed license to an applicant it shall give notice of the application to the chief executive officer of the incorporated city or town, if the application is for a license within an incorporated city or town, or to the county legislative authority, if the application is for a license outside the boundaries of incorporated cities or towns.

(b) The incorporated city or town through the official or employee selected by it, or the county legislative authority or the official or employee selected by it, shall have the right to file with the state liquor ~~((control))~~ and cannabis board within twenty days after the date of transmittal of the notice for applications, or at least thirty days prior to the expiration date for renewals, written objections against the applicant or against the premises for which the new or renewed license is asked. The state liquor ~~((control))~~ and cannabis board may extend the time period for submitting written objections.

(c) The written objections shall include a statement of all facts upon which the objections are based, and in case written objections are filed, the city or town or county legislative authority may request, and the state liquor ~~((control))~~ and cannabis board may in its discretion hold, a hearing subject to the applicable provisions of Title 34 RCW. If the state liquor ~~((control))~~ and cannabis board makes an initial decision to deny a license or renewal based on the written objections of an incorporated city or town or county legislative authority, the applicant may request a hearing subject to the applicable provisions of Title 34 RCW. If a hearing is held at the request of the applicant, state liquor ~~((control))~~ and cannabis board representatives shall present and defend the state liquor ~~((control))~~ and cannabis board's initial decision to deny a license or renewal.

(d) Upon the granting of a license under this title the state liquor ~~((control))~~ and cannabis board shall send written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns.

(8) The state liquor ~~((control))~~ and cannabis board shall not issue a license for any premises within one thousand feet of the perimeter of the grounds of any elementary or secondary school, playground, recreation center or facility, child care center, public park, public transit center, or library, or any game arcade admission to which is not restricted to persons aged twenty-one years or older.

(9) In determining whether to grant or deny a license or renewal of any license, the state liquor ~~((control))~~ and cannabis board shall give substantial weight to objections from an incorporated city or town or county legislative authority based upon chronic illegal activity associated with the applicant's operations of the premises proposed to be licensed or the applicant's operation of any other licensed premises, or the conduct of the applicant's patrons inside or outside the licensed premises. "Chronic illegal activity" means (a) a pervasive pattern of activity that threatens the public health, safety, and welfare of the city, town, or county including, but not limited to, open container violations, assaults, disturbances, disorderly conduct, or other criminal law violations, or as documented in crime statistics, police reports, emergency medical response data, calls for service, field data, or similar records of a law enforcement agency for the city, town, county, or any other municipal corporation or any state agency; or (b) an unreasonably high number of citations for violations of RCW 46.61.502 associated with the applicant's or licensee's operation of any licensed premises as indicated by the reported statements given to law enforcement upon arrest.

(1) For the purpose of carrying into effect the provisions of chapter 3, Laws of 2013 according to their true intent or of supplying any deficiency therein, the state liquor ~~((control))~~ and cannabis board may adopt rules not inconsistent with the spirit of chapter 3, Laws of 2013 as are deemed necessary or advisable.

Sec. 22. RCW 69.50.345 and 2013 c 3 s 10 are each amended to read as follows:

The state liquor ~~((control))~~ and cannabis board, subject to the provisions of this chapter ((3, Laws of 2013)), must adopt rules ~~((by December 1, 2013,))~~ that establish the procedures and criteria necessary to implement the following:

(1) Licensing of marijuana producers, marijuana processors, and marijuana retailers, including prescribing forms and establishing application, reinstatement, and renewal fees.

(a) Application forms for marijuana producers must request the applicant to state whether the applicant intends to produce marijuana for sale by marijuana retailers holding medical marijuana endorsements and the amount of or percentage of canopy the applicant intends to commit to growing plants determined by the department under section 10 of this act to be of a THC concentration, CBD concentration, or THC to CBD ratio appropriate for marijuana concentrates, useable marijuana, or marijuana-infused products sold to qualifying patients.

(b) The state liquor and cannabis board must reconsider and increase limits on the amount of square feet permitted to be in production on the effective date of this section and increase the percentage of production space for those marijuana producers who intend to grow plants for marijuana retailers holding medical marijuana endorsements if the marijuana producer designates the increased production space to plants determined by the department under section 10 of this act to be of a THC concentration, CBD concentration, or THC to CBD ratio appropriate for marijuana concentrates, useable marijuana, or marijuana-infused products to be sold to qualifying patients. If current marijuana producers do not use all the increased production space, the state liquor and cannabis board may reopen the license period for new marijuana producer license applicants but only to those marijuana producers who agree to grow plants for marijuana retailers holding medical marijuana endorsements. Priority in licensing must be given to marijuana producer license applicants who have an application pending on the effective date of this section but who are not yet licensed and then to new marijuana producer license applicants. After January 1, 2017, any reconsideration of the limits on the amount of square feet permitted to be in production to meet the medical needs of qualifying patients must consider information contained in the medical marijuana authorization database established in section 21 of this act;

(2) Determining, in consultation with the office of financial management, the maximum number of retail outlets that may be licensed in each county, taking into consideration:

(a) Population distribution;

(b) Security and safety issues; ~~((and))~~

(c) The provision of adequate access to licensed sources of marijuana concentrates, useable marijuana, and marijuana-infused products to discourage purchases from the illegal market; and

(d) The number of retail outlets holding medical marijuana endorsements necessary to meet the medical needs of qualifying patients. The state liquor and cannabis board must reconsider and increase the maximum number of retail outlets it established before the effective date of this section and allow for a new license application period and a greater number of retail outlets to be

permitted in order to accommodate the medical needs of qualifying patients and designated providers. After January 1, 2017, any reconsideration of the maximum number of retail outlets needed to meet the medical needs of qualifying patients must consider information contained in the medical marijuana authorization database established in section 21 of this act;

(3) Determining the maximum quantity of marijuana a marijuana producer may have on the premises of a licensed location at any time without violating Washington state law;

(4) Determining the maximum quantities of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products a marijuana processor may have on the premises of a licensed location at any time without violating Washington state law;

(5) Determining the maximum quantities of marijuana concentrates, useable marijuana, and marijuana-infused products a marijuana retailer may have on the premises of a retail outlet at any time without violating Washington state law;

(6) In making the determinations required by ~~((subsections (3) through (5) of))~~ this section, the state liquor ~~((control))~~ and cannabis board shall take into consideration:

(a) Security and safety issues;

(b) The provision of adequate access to licensed sources of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products to discourage purchases from the illegal market; and

(c) Economies of scale, and their impact on licensees' ability to both comply with regulatory requirements and undercut illegal market prices;

(7) Determining the nature, form, and capacity of all containers to be used by licensees to contain marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products, and their labeling requirements, to include but not be limited to:

(a) The business or trade name and Washington state unified business identifier number of the licensees that grew, processed, and sold the marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product;

(b) Lot numbers of the marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product;

(c) THC concentration and CBD concentration of the marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product;

(d) Medically and scientifically accurate information about the health and safety risks posed by marijuana use; and

(e) Language required by RCW 69.04.480;

(8) In consultation with the department of agriculture and the department, establishing classes of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products according to grade, condition, cannabinoid profile, THC concentration, CBD concentration, or other qualitative measurements deemed appropriate by the state liquor ~~((control))~~ and cannabis board;

(9) Establishing reasonable time, place, and manner restrictions and requirements regarding advertising of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products that are not inconsistent with the provisions of this chapter ((3, Laws of 2013)), taking into consideration:

(a) Federal laws relating to marijuana that are applicable within Washington state;

(b) Minimizing exposure of people under twenty-one years of age to the advertising; ~~((and))~~

(c) The inclusion of medically and scientifically accurate information about the health and safety risks posed by marijuana use in the advertising; and

(d) Ensuring that retail outlets with medical marijuana endorsements may advertise themselves as medical retail outlets;

(10) Specifying and regulating the time and periods when, and the manner, methods, and means by which, licensees shall transport and deliver marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products within the state;

(11) In consultation with the department and the department of agriculture, establishing accreditation requirements for testing laboratories used by licensees to demonstrate compliance with standards adopted by the state liquor (~~(control)~~) and cannabis board, and prescribing methods of producing, processing, and packaging marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products; conditions of sanitation; and standards of ingredients, quality, and identity of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products produced, processed, packaged, or sold by licensees;

(12) Specifying procedures for identifying, seizing, confiscating, destroying, and donating to law enforcement for training purposes all marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products produced, processed, packaged, labeled, or offered for sale in this state that do not conform in all respects to the standards prescribed by this chapter ((3, Laws of 2013)) or the rules of the state liquor (~~(control)~~) and cannabis board.

Sec. 23. RCW 69.50.354 and 2014 c 192 s 3 are each amended to read as follows:

There may be licensed, in no greater number in each of the counties of the state than as the state liquor (~~(control)~~) and cannabis board shall deem advisable, retail outlets established for the purpose of making marijuana concentrates, useable marijuana, and marijuana-infused products available for sale to adults aged twenty-one and over. Retail sale of marijuana concentrates, useable marijuana, and marijuana-infused products in accordance with the provisions of this chapter ((3, Laws of 2013)) and the rules adopted to implement and enforce it, by a validly licensed marijuana retailer or retail outlet employee, shall not be a criminal or civil offense under Washington state law.

NEW SECTION. Sec. 24. A new section is added to chapter 69.50 RCW to read as follows:

(4) The possession by a qualifying patient or designated provider of marijuana concentrates, useable marijuana, marijuana-infused products, or plants in accordance with chapter 69.51A RCW is not a violation of this section, this chapter, or any other provision of Washington state law.

NEW SECTION. Sec. 29. A new section is added to chapter 69.50 RCW to read as follows:

(1) Nothing in this chapter permits anyone other than a validly licensed marijuana processor to use butane or other explosive gases to extract or separate resin from marijuana or to produce or process any form of marijuana concentrates or marijuana-infused products that include marijuana concentrates not purchased from a validly licensed marijuana retailer as an ingredient. The extraction or separation of resin from marijuana, the processing of marijuana concentrates, and the processing of marijuana-infused products that include marijuana concentrates not purchased from a validly licensed marijuana retailer as an ingredient by any person other than a validly licensed marijuana processor each constitute manufacture of marijuana in violation of RCW 69.50.401. Cooking oil, butter, and other nonexplosive home cooking substances may be used by qualified patients and designated providers to make marijuana extracts for noncommercial personal medical use.

(2) Except for the use of butane, the state liquor and cannabis board may not enforce this section until it has adopted the rules required by section 28 of this act.

Sec. 30. RCW 69.51A.005 and 2011 c 181 s 102 are each amended to read as follows:

(1) The legislature finds that:

(a) There is medical evidence that some patients with terminal or debilitating medical conditions may, under their health care professional's care, benefit from the medical use of ~~((cannabis))~~ marijuana. Some of the conditions for which ~~((cannabis))~~ marijuana appears to be beneficial include, but are not limited to:

(i) Nausea, vomiting, and cachexia associated with cancer, HIV-positive status, AIDS, hepatitis C, anorexia, and their treatments;

(ii) Severe muscle spasms associated with multiple sclerosis, epilepsy, and other seizure and spasticity disorders;

(iii) Acute or chronic glaucoma;

(iv) Crohn's disease; and

(v) Some forms of intractable pain.

(b) Humanitarian compassion necessitates that the decision to use ~~((cannabis))~~ marijuana by patients with terminal or debilitating medical conditions is a personal, individual decision, based upon their health care professional's professional medical judgment and discretion.

(2) Therefore, the legislature intends that, so long as such activities are in strict compliance with this chapter:

(a) Qualifying patients with terminal or debilitating medical conditions who, in the judgment of their health care professionals, may benefit from the medical use of ~~((cannabis))~~ marijuana, shall not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law based solely on their medical use of ~~((cannabis))~~ marijuana, notwithstanding any other provision of law;

(b) Persons who act as designated providers to such patients shall also not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law, notwithstanding any other provision of law, based solely on their assisting with the medical use of ~~((cannabis))~~ marijuana; and

(c) Health care professionals shall also not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law for the proper authorization of medical use of ~~((cannabis))~~ marijuana by qualifying patients for whom, in the health care professional's professional judgment, the medical use of ~~((cannabis))~~ marijuana may prove beneficial.

(3) Nothing in this chapter establishes the medical necessity or medical appropriateness of ~~((cannabis))~~ marijuana for treating terminal or debilitating medical conditions as defined in RCW 69.51A.010.

(4) Nothing in this chapter diminishes the authority of correctional agencies and departments, including local governments or jails, to establish a procedure for determining when the use of ~~((cannabis))~~ marijuana would impact community safety or the effective supervision of those on active supervision for a criminal conviction, nor does it create the right to any accommodation of any medical use of ~~((cannabis))~~ marijuana in any correctional facility or jail.

As part of authorizing a qualifying patient or designated provider, the health care professional may include recommendations on the amount of marijuana that is likely needed by the qualifying patient for his or her medical needs and in accordance with this section.

provider's authorization, the marijuana retailer with a medical marijuana endorsement, when adding the qualifying patient or designated provider to the medical marijuana authorization database, shall enter into the database that the qualifying patient or designated provider may purchase at a retail outlet holding a medical marijuana endorsement a combination of the following: Forty-eight ounces of marijuana-infused product in solid form; three ounces of useable marijuana; two hundred sixteen ounces of marijuana-infused product in liquid form; or twenty-one grams of marijuana concentrates. The qualifying patient or designated provider may also grow, in his or her domicile, up to six plants for the personal medical use of the qualifying patient and possess up to eight ounces of useable marijuana produced from his or her plants. These amounts shall be specified on the authorization card that is issued to the qualifying patient or designated provider.

(2) If the health care professional determines that the medical needs of a qualifying patient exceed the amounts provided for in subsection (1) of this section, the health care professional must specify on the authorization that it is recommended that the patient be allowed to grow, in his or her domicile, up to fifteen plants for the personal medical use of the patient. A patient so authorized may possess up to sixteen ounces of useable marijuana in his or her domicile. The number of plants must be entered into the medical marijuana authorization database by the marijuana retailer with a medical marijuana endorsement and specified on the authorization card that is issued to the qualifying patient or designated provider.

(3) If a qualifying patient or designated provider with an authorization from a health care professional has not been entered into the medical marijuana authorization database, he or she may not receive an authorization card and may only purchase at a retail outlet, whether it holds a medical marijuana endorsement or not, the amounts established in RCW 69.50.360. In addition the qualifying patient or the designated provider may grow, in his or her domicile, up to four plants for the personal medical use of the qualifying patient and possess up to six ounces of useable marijuana in his or her domicile.

NEW SECTION. Sec. 34. A new section is added to chapter 69.51A RCW to read as follows:

(1) Health care professionals may authorize the medical use of marijuana for qualifying patients who are under the age of eighteen if:

(a) The minor's parent or guardian participates in the minor's treatment and agrees to the medical use of marijuana by the minor; and

(b) The parent or guardian acts as the designated provider for the minor and has sole control over the minor's marijuana.

(2) The minor may not grow plants or purchase marijuana-infused products, useable marijuana, or marijuana concentrates from a marijuana retailer with a medical marijuana endorsement.

(3) Both the minor and the minor's parent or guardian who is acting as the designated provider must be entered in the medical marijuana authorization database and hold an authorization card.

(4) A health care professional who authorizes the medical use of marijuana by a minor must do so as part of the course of treatment of the minor's terminal or debilitating medical condition. If authorizing a minor for the medical use of marijuana, the health care professional must:

(a) Consult with other health care providers involved in the minor's treatment, as medically indicated, before authorization or reauthorization of the medical use of marijuana; and

(b) Reexamine the minor at least once every six months or more frequently as medically indicated. The reexamination must:

(i) Determine that the minor continues to have a terminal or debilitating medical condition and that the condition benefits from the medical use of marijuana; and

(ii) Include a follow-up discussion with the minor's parent or guardian to ensure the parent or guardian continues to participate in the treatment of the minor.

NEW SECTION. Sec. 35. A new section is added to chapter 69.51A RCW to read as follows:

(1) The department must contract with an entity to create, administer, and maintain a secure and confidential medical marijuana authorization database that, beginning July 1, 2016, allows:

(a) A marijuana retailer with a medical marijuana endorsement to add a qualifying patient or designated provider and include the amount of marijuana concentrates, useable marijuana, marijuana-infused products, or plants for which the qualifying patient is authorized under section 19 of this act;

(b) Persons authorized to prescribe or dispense controlled substances to access health care information on their patients for the purpose of providing medical or pharmaceutical care for their patients;

(c) A qualifying patient or designated provider to request and receive his or her own health care information or information on any person or entity that has queried their name or information;

(d) Appropriate local, state, tribal, and federal law enforcement or prosecutorial officials who are engaged in a bona fide specific investigation of suspected marijuana-related activity that may be illegal under Washington state law to confirm the validity of the authorization card of a qualifying patient or designated provider;

(e) A marijuana retailer holding a medical marijuana endorsement to confirm the validity of the authorization card of a qualifying patient or designated provider;

(f) The department of revenue to verify tax exemptions under chapters 82.08 and 82.12 RCW;

(g) The department and the health care professional's disciplining authorities to monitor authorizations and ensure compliance with this chapter and chapter 18.130 RCW by their licensees; and

(h) Authorizations to expire six months or one year after entry into the medical marijuana authorization database, depending on whether the authorization is for a minor or an adult.

(2) A qualifying patient and his or her designated provider, if any, may be placed in the medical marijuana authorization database at a marijuana retailer with a medical marijuana endorsement. After a qualifying patient or designated provider is placed in the medical marijuana authorization database, he or she must be provided with an authorization card that contains identifiers required in subsection (3) of this section.

(3) The authorization card requirements must be developed by the department in rule and include:

(a) A randomly generated and unique identifying number;

(b) For designated providers, the unique identifying number of the qualifying patient whom the provider is assisting;

(c) A photograph of the qualifying patient's or designated provider's face taken by an employee of the marijuana retailer with a medical marijuana endorsement at the same time that the qualifying patient or designated provider is being placed in the medical marijuana authorization database in accordance with rules adopted by the department;

(d) The amount of marijuana concentrates, useable marijuana, marijuana-infused products, or plants for which the qualifying patient is authorized under section 19 of this act;

(e) The effective date and expiration date of the authorization card;

(f) The name of the health care professional who authorized the qualifying patient or designated provider; and

(g) For the authorization card, additional security features as necessary to ensure its validity.

(4) For qualifying patients who are eighteen years of age or older and their designated providers, authorization cards are valid for one year from the date the health care professional issued the authorization. For qualifying patients who are under the age of eighteen and their designated providers, authorization cards are valid for six months from the date the health care professional issued the authorization. Qualifying patients may not be reentered into the medical marijuana authorization database until they have been reexamined by a health care professional and determined to meet the definition of qualifying patient. After reexamination, a marijuana retailer with a medical marijuana endorsement must reenter the qualifying patient or designated provider into the medical marijuana authorization database and a new authorization card will then be issued in accordance with department rules.

(5) If an authorization card is lost or stolen, a marijuana retailer with a medical marijuana endorsement, in conjunction with the database administrator, may issue a new card that will be valid for six months to one year if the patient is reexamined by a health care professional and determined to meet the definition of qualifying patient and depending on whether the patient is under the age of eighteen or eighteen years of age or older as provided in subsection (4) of this section. If a reexamination is not performed, the expiration date of the replacement authorization card must be the same as the lost or stolen authorization card.

(6) The database administrator must remove qualifying patients and designated providers from the medical marijuana authorization database upon expiration of the authorization card. Qualifying patients and designated providers may request to remove themselves from the medical marijuana authorization database before expiration of an authorization card and health care professionals may request to remove qualifying patients and designated providers from the medical marijuana authorization database if the patient or provider no longer qualifies for the medical use of marijuana. The database administrator must retain database records for at least five calendar years to permit the state liquor and cannabis board and the department of revenue to verify eligibility for tax exemptions.

(7) During development of the medical marijuana authorization database, the database administrator must consult with the department, stakeholders, and persons with relevant expertise to include, but not be limited to, qualifying patients, designated providers, health care professionals, state and local law enforcement agencies, and the University of Washington computer science and engineering security and privacy research lab or a certified cyber security firm, vendor, or service.

(8) The medical marijuana authorization database must meet the following requirements:

(a) Any personally identifiable information included in the database must be nonreversible, pursuant to definitions and standards set forth by the national institute of standards and technology;

(b) Any personally identifiable information included in the database must not be susceptible to linkage by use of data external to the database;

(c) The database must incorporate current best differential privacy practices, allowing for maximum accuracy of database queries while minimizing the chances of identifying the personally identifiable information included therein; and

(d) The database must be upgradable and updated in a timely fashion to keep current with state of the art privacy and security standards and practices.

(9)(a) Personally identifiable information of qualifying patients and designated providers included in the medical marijuana authorization database is confidential and exempt from public disclosure, inspection, or copying under chapter 42.56 RCW.

(b) Information contained in the medical marijuana authorization database may be released in aggregate form, with all personally identifying information redacted, for the purpose of statistical analysis and oversight of agency performance and actions.

(c) Information contained in the medical marijuana authorization database shall not be shared with the federal government or its agents unless the particular patient or designated provider is convicted in state court for violating this chapter or chapter 69.50 RCW.

(10) The department must, in coordination with the database administrator, establish a fee that is adequate to cover the costs of administrating the medical marijuana authorization database. The marijuana retailer with a medical marijuana endorsement shall collect the fee from the qualifying patient or designated provider at the time that he or she is entered into the database and issued an authorization card. The department shall establish a schedule for marijuana retailers with a medical marijuana endorsement to remit the fees collected.

(11) If the database administrator fails to comply with this section, the department may cancel any contracts with the database administrator and contract with another database administrator to continue administration of the database. A database administrator who fails to comply with this section is subject to a fine of up to five thousand dollars in addition to any penalties established in the contract. Fines collected under this section must be deposited into the dedicated marijuana fund created under RCW 69.50.530.

(12) The department may adopt rules to implement this section.

NEW SECTION. Sec. 36. A new section is added to chapter 42.56 RCW to read as follows:

Records in the medical marijuana authorization database established in section 21 of this act containing names and other personally identifiable information of qualifying patients and designated providers are exempt from disclosure under this chapter.

(2) A person who violates this section is guilty of a class C felony and upon conviction may be imprisoned for not more than two years, fined not more than two thousand dollars, or both.

(1) A qualifying patient or designated provider who has a valid authorization from his or her health care professional, but is not ((registered with the registry established in section 901 of this act)) entered in the medical marijuana authorization database and does not have an authorization card may raise the affirmative defense set forth in subsection (2) of this section, if:

(a) The qualifying patient or designated provider presents his or her ~~((valid documentation to any peace))~~ authorization to any law enforcement officer who questions the patient or provider regarding his or her medical use of ~~((cannabis))~~ marijuana;

(b) The qualifying patient or designated provider possesses no more ~~((cannabis))~~ marijuana than the limits set forth in ~~((RCW 69.51A.040(1)))~~ section 19(3) of this act;

A qualifying patient or designated provider meeting the conditions of this subsection but possessing more ~~((cannabis))~~ marijuana than the limits set forth in ~~((RCW 69.51A.040(1)))~~ section 19(3) of this act may, in the investigating ~~((peace))~~ law enforcement officer's discretion, be taken into custody and booked into jail in connection with the investigation of the incident.

NEW SECTION. Sec. 40. A new section is added to chapter 69.51A RCW to read as follows:

(1) Qualifying patients or designated providers may form a cooperative and share responsibility for acquiring and supplying the resources needed to produce and process marijuana only for the medical use of members of the cooperative. No more than four qualifying patients or designated providers may become members

of a cooperative under this section and all members must hold valid authorization cards.

(2) Cooperatives may not be located within one mile of a marijuana retailer. People who wish to form a cooperative must register the location with the state liquor and cannabis board and this is the only location where cooperative members may grow or process marijuana. This registration must include the names of all participating members and copies of each participant's authorization card. Only qualifying patients or designated providers registered with the state liquor and cannabis board in association with the location may participate in growing or receive useable marijuana or marijuana-infused products grown at that location. The state liquor and cannabis board must deny the registration of any cooperative if the location is within one mile of a marijuana retailer.

(3) If a qualifying patient or designated provider no longer participates in growing at the location, he or she must notify the state liquor and cannabis board within fifteen days of the date the qualifying patient or designated provider ceases participation. The state liquor and cannabis board must remove his or her name from connection to the cooperative. Additional qualifying patients or designated providers may not join the cooperative until sixty days have passed since the date on which the last qualifying patient or designated provider notifies the state liquor and cannabis board that he or she no longer participates in that cooperative.

(4) Qualifying patients or designated providers who participate in a cooperative under this section:

(a) May grow up to the total amount of plants for which each participating member is authorized on their authorization cards, up to a maximum of sixty plants. At the location, the qualifying patients or designated providers may possess the amount of useable marijuana that can be produced with the number of plants permitted under this subsection, but no more than seventy-two ounces;

(b) May only participate in one cooperative;

(c) May only grow plants in the cooperative and if he or she grows plants in the cooperative may not grow plants elsewhere;

(d) Must provide assistance in growing plants. A monetary contribution or donation is not to be considered assistance under this section. Participants must provide nonmonetary resources and labor in order to participate; and

(e) May not sell, donate, or otherwise provide marijuana, marijuana concentrates, useable marijuana, or marijuana-infused products to a person who is not participating under this section.

(5) The location of the cooperative must be the domicile of one of the participants. Only one cooperative may be located per property tax parcel. A copy of each participant's authorization card must be kept at the location at all times.

(6) The state liquor and cannabis board may adopt rules to implement this section including:

(a) Any security requirements necessary to ensure the safety of the cooperative and to reduce the risk of diversion from the cooperative;

(b) A seed to sale traceability model that is similar to the seed to sale traceability model used by licensees that will allow the state liquor and cannabis board to track all marijuana grown in a cooperative.

(7) The state liquor and cannabis board or law enforcement may inspect a cooperative registered under this section to ensure members are in compliance with this section. The state liquor and cannabis board must adopt rules on reasonable inspection hours and reasons for inspections.

NEW SECTION. Sec. 41. A new section is added to chapter 69.51A RCW to read as follows:

(1) Notwithstanding any other provision of this chapter and even if multiple qualifying patients or designated providers reside in the same housing unit, no more than fifteen plants may be grown or located in any one housing unit other than a cooperative established pursuant to section 26 of this act.

(2) Neither the production nor processing of marijuana or marijuana-infused products pursuant to this section nor the storage or growing of plants may occur if any portion of such activity can be readily seen by normal unaided vision or readily smelled from a public place or the private property of another housing unit.

(3) Cities, towns, counties, and other municipalities may create and enforce civil penalties, including abatement procedures, for the growing or processing of marijuana and for keeping marijuana plants beyond or otherwise not in compliance with this section.

NEW SECTION. Sec. 42. A new section is added to chapter 69.51A RCW to read as follows:

(1) Once the state liquor and cannabis board adopts rules under subsection (2) of this section, qualifying patients or designated providers may only extract or separate the resin from marijuana or produce or process any form of marijuana concentrates or marijuana-infused products in accordance with those standards.

(2) The state liquor and cannabis board must adopt rules permitting qualifying patients and designated providers to extract or separate the resin from marijuana using noncombustible methods. The rules must provide the noncombustible methods permitted and any restrictions on this practice.

Sec. 43. RCW 69.51A.045 and 2011 c 181 s 405 are each amended to read as follows:

(1) A qualifying patient or designated provider in possession of ~~((cannabis))~~ plants, marijuana concentrates, useable ~~((cannabis))~~ marijuana, or ~~((cannabis))~~ marijuana-infused products exceeding the limits set forth in ~~((RCW 69.51A.040(1)))~~ this chapter but otherwise in compliance with all other terms and conditions of this chapter may establish an affirmative defense to charges of violations of state law relating to ~~((cannabis))~~ marijuana through proof at trial, by a preponderance of the evidence, that the qualifying patient's necessary medical use exceeds the amounts set forth in RCW 69.51A.040~~((4))~~.

(2) An investigating ~~((peace))~~ law enforcement officer may seize ~~((cannabis))~~ plants, marijuana concentrates, useable ~~((cannabis))~~ marijuana, or ~~((cannabis))~~ marijuana-infused products exceeding the amounts set forth in ~~((RCW 69.51A.040(1): PROVIDED, That))~~ this chapter. In the case of ~~((cannabis))~~ plants, the qualifying patient or designated provider shall be allowed to select the plants that will remain at the location. The officer and his or her law enforcement agency may not be held civilly liable for failure to seize ~~((cannabis))~~ marijuana in this circumstance.

Sec. 44. RCW 69.51A.055 and 2011 c 181 s 1105 are each amended to read as follows:

(1)(a) The arrest and prosecution protections established in RCW 69.51A.040 may not be asserted in a supervision revocation or violation hearing by a person who is supervised by a corrections agency or department, including local governments or jails, that has determined that the terms of this section are inconsistent with and contrary to his or her supervision.

(b) The affirmative defenses established in RCW 69.51A.043~~((7))~~ and 69.51A.045~~((69.51A.047, and section 407 of this act))~~ may not be asserted in a supervision revocation or violation hearing by a person who is supervised by a corrections agency or department, including local governments or jails, that

Sec. 45. RCW 69.51A.060 and 2011 c 181 s 501 are each amended to read as follows:

(1) It shall be a class 3 civil infraction to use or display medical ~~((cannabis))~~ marijuana in a manner or place which is open to the view of the general public.

(2) Nothing in this chapter establishes a right of care as a covered benefit or requires any state purchased health care as defined in RCW 41.05.011 or other health carrier or health plan as defined in Title 48 RCW to be liable for any claim for reimbursement for the medical use of ~~((cannabis))~~ marijuana. Such entities may enact coverage or noncoverage criteria or related policies for payment or nonpayment of medical ~~((cannabis))~~ marijuana in their sole discretion.

(3) Nothing in this chapter requires any health care professional to authorize the medical use of ~~((cannabis))~~ marijuana for a patient.

(4) Nothing in this chapter requires any accommodation of any on-site medical use of ~~((cannabis))~~ marijuana in any place of employment, in any school bus or on any school grounds, in any youth center, in any correctional facility, or smoking ~~((cannabis))~~ marijuana in any public place or hotel or motel. However, a school may permit a minor who meets the requirements of section 20 of this act to consume marijuana on school grounds. Such use must be in accordance with school policy relating to medication use on school grounds.

(5) Nothing in this chapter authorizes the possession or use of marijuana, marijuana concentrates, useable marijuana, or marijuana-infused products on federal property.

~~((5))~~ (6) Nothing in this chapter authorizes the use of medical ~~((cannabis))~~ marijuana by any person who is subject to the Washington code of military justice in chapter 38.38 RCW.

(8) No person shall be entitled to claim the protection from arrest and prosecution under RCW 69.51A.040 or the affirmative defense under RCW 69.51A.043 for engaging in the medical use of ~~((cannabis))~~ marijuana in a way that endangers the health or well-being of any person through the use of a motorized vehicle on a street, road, or highway, including violations of RCW 46.61.502 or 46.61.504, or equivalent local ordinances.

Sec. 46. RCW 69.51A.085 and 2011 c 181 s 403 are each amended to read as follows:

(1) Qualifying patients may create and participate in collective gardens for the purpose of producing, processing, transporting, and delivering ~~((cannabis))~~ marijuana for medical use subject to the following conditions:

(a) No more than ten qualifying patients may participate in a single collective garden at any time;

(b) No person under the age of twenty-one may participate in a collective garden or receive marijuana that was produced, processed, transported, or delivered through a collective garden. A designated provider for a person who is under the age of twenty-one may participate in a collective garden on behalf of the person under the age of twenty-one;

(c) A collective garden may contain no more than fifteen plants per patient up to a total of forty-five plants;

~~((d))~~ (d) A collective garden may contain no more than twenty-four ounces of useable ~~((cannabis))~~ marijuana per patient up to a total of seventy-two ounces of useable ~~((cannabis))~~ marijuana;

~~((f))~~ (f) No useable ~~((cannabis))~~ marijuana from the collective garden is delivered to anyone other than one of the qualifying patients participating in the collective garden.

(2) For purposes of this section, the creation of a "collective garden" means qualifying patients sharing responsibility for acquiring and supplying the resources required to produce and process cannabis for medical use such as, for example, a location for a collective garden; equipment, supplies, and labor necessary to plant, grow, and harvest ~~((cannabis; cannabis))~~ marijuana plants, seeds, and cuttings; and equipment, supplies, and labor necessary for proper construction, plumbing, wiring, and ventilation of a garden of ~~((cannabis))~~ marijuana plants.

(3) A person who knowingly violates a provision of subsection (1) of this section is not entitled to the protections of this chapter.

NEW SECTION. Sec. 47. A new section is added to chapter 69.50 RCW to read as follows:

(1) The state liquor and cannabis board may conduct controlled purchase programs to determine whether:

(a) A marijuana retailer is unlawfully selling marijuana to persons under the age of twenty-one;

(b) A marijuana retailer holding a medical marijuana endorsement is selling to persons under the age of eighteen or selling to persons between the ages of eighteen and twenty-one who do not hold valid authorization cards;

(c) Until July 1, 2016, collective gardens under RCW 69.51A.085 are providing marijuana to persons under the age of twenty-one; or

(2) Every person under the age of twenty-one years who purchases or attempts to purchase marijuana is guilty of a violation of this chapter or chapter 69.51A RCW. This section does not apply to:

(a) Persons between the ages of eighteen and twenty-one who hold valid authorization cards and purchase marijuana at a marijuana retail outlet holding a medical marijuana endorsement;

(b) Persons between the ages of eighteen and twenty-one years who are participating in a controlled purchase program authorized by the state liquor and cannabis board under rules adopted by the

board. Violations occurring under a private, controlled purchase program authorized by the state liquor and cannabis board may not be used for criminal or administrative prosecution.

(3) A marijuana retailer who conducts an in-house controlled purchase program authorized under this section shall provide his or her employees a written description of the employer's in-house controlled purchase program. The written description must include notice of actions an employer may take as a consequence of an employee's failure to comply with company policies regarding the sale of marijuana during an in-house controlled purchase program.

(4) An in-house controlled purchase program authorized under this section shall be for the purposes of employee training and employer self-compliance checks. (1) A qualifying patient may revoke his or her designation of a specific designated provider and designate a different designated provider at any time. A revocation of designation must be in writing, signed and dated, and provided to the designated provider and, if applicable, the medical marijuana authorization database administrator. The protections of this chapter cease to apply to a person who has served as a designated provider to a qualifying patient seventy-two hours after receipt of that patient's revocation of his or her designation.

(2) A person may stop serving as a designated provider to a given qualifying patient at any time by revoking that designation in writing, signed and dated, and provided to the qualifying patient and, if applicable, the medical marijuana authorization database administrator. However, that person may not begin serving as a designated provider to a different qualifying patient until fifteen days have elapsed from the date the last qualifying patient designated him or her to serve as a provider.

(3) The department may adopt rules to implement this section, including a procedure to remove the name of the designated provider from the medical marijuana authorization database upon receipt of a revocation under this section.

NEW SECTION. Sec. 49. A new section is added to chapter 69.51A RCW to read as follows:

Neither this chapter nor chapter 69.50 RCW prohibits a health care professional from selling or donating topical, noningestible products that have a THC concentration of less than .3 percent to qualifying patients.

NEW SECTION. Sec. 50. A new section is added to chapter 69.51A RCW to read as follows:

The secretary shall specify those situations where a state background check is inadequate and an applicant must obtain an electronic fingerprint-based national background check through the state patrol and federal bureau of investigation. Situations where a background check is inadequate may include instances where an applicant has recently lived out-of-state or where the applicant has a criminal record in Washington;

(e) Establish administrative procedures, administrative requirements, and fees in accordance with RCW 43.70.250; and

(c) The certificate holder has violated or has permitted any employee or volunteer to violate any of the laws of this state relating to drugs or controlled substances or has been convicted of a felony.

(b) Recommend or suggest modification or elimination of any course of treatment that does not involve the medical use of marijuana.

(7) Nothing in this section requires an owner, employee, or volunteer of a retail outlet licensed under RCW 69.50.354 and holding a medical marijuana endorsement under section 10 of this act to obtain a medical marijuana consultant certification.

(8) Nothing in this section applies to the practice of a health care profession by individuals who are licensed, certified, or registered in a profession listed in RCW 18.130.040(2) and who are performing services within their authorized scope of practice.

NEW SECTION. Sec. 51. A new section is added to chapter 69.51A RCW to read as follows:

The board of naturopathy, the board of osteopathic medicine and surgery, the medical quality assurance commission, and the nursing care quality assurance commission shall develop and approve continuing education programs related to the use of marijuana for medical purposes for the health care providers that they each regulate that are based upon practice guidelines that have been adopted by each entity.

NEW SECTION. Sec. 52. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 shall not apply to:

providers who hold an authorization card, if such sales are in compliance with chapter 69.51A RCW.

(2) Each seller making exempt sales under subsection (1) of this section must maintain information establishing the purchaser's eligibility for the exemption in the form and manner required by the department.

(3) Nothing in subsection (1)(a), (b), and (e) of this section applies to transactions with qualifying patients and designated providers who have not been entered in the medical marijuana authorization database and do not have an authorization card.

(4) For the purposes of this section:

(b) "Products containing THC with a THC concentration of 0.3 percent or less" means all products containing THC with a THC concentration not exceeding 0.3 percent and that, when used as intended, are inhalable, ingestible, or absorbable.

NEW SECTION. Sec. 53. A new section is added to chapter 82.12 RCW to read as follows:

(1) From the effective date of this section until July 1, 2016, the provisions of this chapter shall not apply to the use of marijuana, marijuana concentrates, useable marijuana, marijuana-infused products, or products containing THC with a THC concentration of 0.3 percent or less, by a collective garden under RCW 69.51A.085 and the qualifying patients or designated providers participating in the collective garden if such use is in compliance with chapter 69.51A RCW.

(2) Beginning July 1, 2016, the provisions of this chapter shall not apply to:

(a) The use of marijuana concentrates, useable marijuana, or marijuana-infused products, identified by the department of health under section 10 of this act to be beneficial for medical use of marijuana, by qualifying patients or designated providers who hold authorization cards and have purchased such products from a marijuana retailer holding a medical marijuana endorsement.

(b) The use of products containing THC with a THC concentration of 0.3 percent or less by qualifying patients or designated providers who hold authorization cards and have purchased such products from a marijuana retailer holding a medical marijuana endorsement.

(c)(i) Marijuana retailers holding a medical marijuana endorsement with respect to:

(A) Marijuana concentrates, useable marijuana, or marijuana-infused products; or

(B) Products containing THC with a THC concentration of 0.3 percent or less;

(ii) The exemption in this subsection (2)(c) applies only if such products are provided at no charge to a qualifying patient or designated provider who holds an authorization card. Each such retailer providing such products at no charge must maintain information establishing eligibility for this exemption in the form and manner required by the department.

(d) The use of marijuana concentrates, useable marijuana, or marijuana-infused products, identified by the department of health under section 10 of this act to have a low THC, high CBD ratio and to be beneficial for medical use, purchased from marijuana retailers.

(e) Health care professionals with respect to the use of products containing THC with a THC concentration of 0.3 percent or less donated by the health care professionals under section 35 of this

act. Each health care professional providing such products at no charge must maintain information establishing eligibility for this exemption in the form and manner required by the department.

(f) The use of products containing THC with a THC concentration of 0.3 percent or less by qualifying patients when purchased from or provided at no charge by a health care professional under section 35 of this act.

(g) The use of marijuana, marijuana concentrates, useable marijuana, marijuana-infused products, or products containing THC with a THC concentration of 0.3 percent or less, by a cooperative and its members, when produced by the cooperative.

(3) Nothing in subsection (2)(a), (b), (c), and (g) of this section applies to use related to qualifying patients and designated providers who have not been entered in the medical marijuana authorization database and do not have an authorization card.

(4) For the purposes of this section:

(a) The terms "THC concentration," "marijuana," "marijuana concentrates," "useable marijuana," "marijuana retailer," and "marijuana-infused products" have the meaning provided in RCW 69.50.101 and the terms "qualifying patients," "designated providers," and "authorization card" have the meaning provided in RCW 69.51A.010;

(b) "Cooperative" means a cooperative authorized by and operating in compliance with section 26 of this act and any rules adopted by the state liquor and cannabis board under section 26 of this act; and

(c) "Products containing THC with a THC concentration of 0.3 percent or less" has the same meaning as in section 38 of this act.

NEW SECTION. Sec. 54. A new section is added to chapter 82.04 RCW to read as follows:

(1) This chapter does not apply to any cooperative in respect to growing marijuana, or manufacturing marijuana concentrates, useable marijuana, or marijuana-infused products, as those terms are defined in RCW 69.50.101.

(2) For purposes of this section, "cooperative" has the same meaning provided in section 39 of this act.

NEW SECTION. Sec. 55. (1) The legislature finds marijuana use for qualifying patients is a valid and necessary option health care professionals may recommend for their patients. The legislature further finds that although there is a distinction between recreational and medical use of marijuana, the changing environment for recreational marijuana use in Washington will also affect qualifying patients. The legislature further finds that while recognizing the difference between recreational and medical use of marijuana, it is imperative to develop a single, comprehensive regulatory scheme for marijuana use in the state. Acknowledging that the implementation of this act may result in changes to how qualifying patients access marijuana for their medical use, the legislature intends to ease the transition towards a regulated market and provide a statutory means for a safe, consistent, and secure source of marijuana for qualifying patients. Therefore, the legislature intends to provide qualifying patients a retail sales and use tax exemption on purchases of marijuana for medical use when authorized by a health care professional and when purchased at a marijuana retailer with a medical marijuana endorsement. Because marijuana is neither a prescription medicine nor an over-the-counter medication, this policy should in no way be construed as precedence for changes in the treatment of prescription medications or over-the-counter medications.

(2)(a) This section is the tax preference performance statement for the retail sales and use tax exemptions for marijuana concentrates, useable marijuana, and marijuana-infused products

purchased by qualifying patients provided in sections 38 and 39 of this act. The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(b) The legislature categorizes the tax preference as one intended to accomplish the general purposes indicated in RCW 82.32.808(2)(e).

(c) It is the legislature's specific public policy objective to provide qualifying patients a retail sales and use tax exemption on purchases of marijuana concentrates, useable marijuana, and marijuana-infused products for medical use when qualifying patients hold a valid authorization card. It is also the legislature's specific public policy objective to provide a retail sales and use tax exemption for all people who purchase low THC, high CBD products. These products are more likely to be beneficial to those who use marijuana for medical use and are not likely to appeal to nonmedical users.

Prime Sponsor, Committee on Financial Institutions & Insurance: Concerning debt adjusters. Reported by Committee on Business & Financial Services

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 18.28.010 and 2012 c 56 s 1 are each reenacted and amended to read as follows:

Unless a different meaning is plainly required by the context, the following words and phrases as hereinafter used in this chapter shall have the following meanings:

- (1) "Debt adjuster," which includes any person known as a debt pooler, debt manager, debt consolidator, debt prorater, or credit counselor, is any person engaging in or holding himself or herself out as engaging in the business of debt adjusting for compensation. The term shall not include:
 - (a) Attorneys-at-law, escrow agents, accountants, broker-dealers in securities, or investment advisors in securities, while performing services solely incidental to the practice of their professions;
 - (b) Any person, partnership, association, or corporation doing business under and as permitted by any law of this state or of

the United States relating to banks, consumer finance businesses, consumer loan companies, trust companies, mutual savings banks, savings and loan associations, building and loan associations, credit unions, crop credit associations, development credit corporations, industrial development corporations, title insurance companies, insurance companies, or third-party account administrators;

- (c) Persons who, as employees on a regular salary or wage of an employer not engaged in the business of debt adjusting, perform credit services for their employer;
 - (d) Public officers while acting in their official capacities and persons acting under court order;
 - (e) Any person while performing services incidental to the dissolution, winding up or liquidation of a partnership, corporation, or other business enterprise;
 - (f) Nonprofit organizations dealing exclusively with debts owing from commercial enterprises to business creditors;
 - (g) Nonprofit organizations engaged in debt adjusting and which do not assess against the debtor a service charge in excess of fifteen dollars per month.
- (2) "Debt adjusting" means the managing, counseling, settling, adjusting, prorating, or liquidating of the indebtedness of a debtor, or receiving funds for the purpose of distributing said funds among creditors in payment or partial payment of obligations of a debtor.
- (3) "Debt adjusting agency" is any partnership, corporation, or association engaging in or holding itself out as engaging in the business of debt adjusting.
- (4) "Financial institution" means any person doing business under the laws of any state or the United States relating to commercial banks, bank holding companies, savings banks, savings and loan associations, trust companies, or credit unions.
- (5) "Third-party account administrator" means an independent entity that holds or administers a dedicated bank account for fees and payments to creditors, debt collectors, debt adjusters, or debt adjusting agencies in connection with the renegotiation, settlement, reduction, or other alteration of the terms of payment or other terms of a debt.
- (6) "Fair share" means the creditor contributions paid to nonprofit debt adjusters by the creditors whose consumers receive debt adjusting services from the nonprofit debt adjusters and pay down their debt accordingly. "Fair share" does not include grants received by nonprofit debt adjusters for services unrelated to debt adjusting.

Sec. 2. RCW 18.28.080 and 2012 c 56 s 2 are each amended to read as follows:

- (1) By contract a debt adjuster may charge a reasonable fee for debt adjusting services. The total fee for debt adjusting services, including, but not limited to, any fee charged by a financial institution or a third-party account administrator, may not exceed fifteen percent of the total debt listed by the debtor on the contract. The fee retained by the debt adjuster from any one payment made by or on behalf of the debtor may not exceed fifteen percent of the payment not including fair share contributions to a nonprofit debt adjuster. The debt adjuster may make an initial charge of up to twenty-five dollars which shall be considered part of the total fee. If an initial charge is made, no additional fee may be retained which will bring the total fee retained to date to more than fifteen percent of the total payments made to date. No fee whatsoever shall be applied against rent and utility payments for housing.

In the event of cancellation or default on performance of the contract by the debtor prior to its successful completion, the

debt adjuster may collect in addition to fees previously received, six percent of that portion of the remaining indebtedness listed on said contract which was due when the contract was entered into, but not to exceed twenty-five dollars.

- (2) A debt adjuster who receives fair share must disclose this in writing, along with an explanation of fair share, to the debtor prior to accepting any fair share.
 - (3) A debt adjuster shall not be entitled to retain any fee until notifying all creditors listed by the debtor that the debtor has engaged the debt adjuster in a program of debt adjusting.
- ((3)) (4) The department of financial institutions has authority to enforce compliance with this section.

Sec. 3. RCW 18.28.120 and 1999 c 151 s 106 are each amended to read as follows:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 68. A new section is added to chapter 43.41 RCW to read as follows:

(1) The initiator of a proposed action regarding (a) annexation, (b) deannexation, (c) incorporation, (d) disincorporation, (e) consolidation of cities, or (f) boundary line adjustment under Titles 35 and 35A RCW must file notice of intention with the office of financial management for its review within three days of initial acceptance or approval of the proposed action by the appropriate entity, except if the initiator is the legislative body of a government unit, the notice of intention must be filed immediately following the legislative body's initial acceptance or approval of the action.

(2) The notice of intention must be submitted with the following:

(a) A legal description of the proposed annexation, deannexation, incorporation, disincorporation, consolidation, or boundary line adjustment, which must be reviewed by the office of financial management before subsequent notices regarding the proposed action are filed;

(b) A map showing the specific territory boundaries of the proposed annexation, deannexation, incorporation, disincorporation, consolidation, or boundary line adjustment;

(c) The proposed action or resolution, if applicable;

(d) Parcel numbers of affected properties, if applicable; and

(e) Street addresses of affected properties, if applicable, but excluding the names of owners and residents.

(3) Within thirty days of receipt of notice of intention, the office of financial management must review the documents submitted under the notice and provide comments to the initiator of the proposed action if any of the following occur:

(a) Except for city consolidations and boundary line adjustments, the ordinance or resolution includes any territory that is part of another city or that is already part of the city boundaries;

(b) The territory to be annexed, deannexed, or incorporated, or subject to consolidation is not contiguous to existing city boundaries;

(c) The proposed action or resolution does not include or excludes the full right-of-way when roads are being used as part of the city boundary;

Except where all the property sought to be annexed is property of a school district, and the school directors thereof file the petition for annexation as in RCW 28A.335.110 authorized, the petition must be signed by the owners of not less than sixty percent in value according to the assessed valuation for general taxation of the property for which annexation is petitioned: PROVIDED, That in cities and towns with populations greater than one hundred sixty thousand located east of the Cascade mountains, the owner of tax exempt property may sign an annexation petition and have the tax exempt property annexed into the city or town, but the value of the tax exempt property shall not be used in calculating the sufficiency of the required property owner signatures unless only tax exempt property is proposed to be annexed into the city or town. The petition shall set forth a description of the property according to government legal subdivisions or legal plats which is in compliance with RCW 35.02.170, and shall be accompanied by a plat which outlines the boundaries of the property sought to be annexed. If the legislative body has required the assumption of all or of any portion of city or town indebtedness by the area annexed, and/or the adoption of a comprehensive plan for the area to be annexed, these facts, together with a quotation of the minute entry of such requirement or requirements shall be set forth in the petition.

Sec. 405. RCW 35.13.150 and 1975 1st ex.s. c 220 s 9 are each amended to read as follows:

Following the hearing and review of the proposed action by the office of financial management pursuant to section 1 of this act, the council or commission shall determine by ordinance whether annexation shall be made. Subject to RCW 35.02.170, they may annex all or any portion of the proposed area but may not include in the annexation any property not described in the petition. Upon passage of the ordinance a certified copy shall be filed with the board of county commissioners of the county in which the annexed property is located.

Sec. 406. RCW 35.13.180 and 1994 c 81 s 11 are each amended to read as follows:

City and town councils of second-class cities and towns may by a majority vote annex new unincorporated territory outside the city or town limits, whether contiguous or noncontiguous for park, cemetery, or other municipal purposes when such territory is owned by the city or town or all of the owners of the real property in the territory give their written consent to the annexation. The city or

town council must file notice of the proposed action with the office of financial management for its review pursuant to section 1 of this act.

Sec. 407. RCW 35.13.182 and 1998 c 286 s 1 are each amended to read as follows:

(1) The legislative body of a city or town planning under chapter 36.70A RCW (~~as of June 30, 1994,~~) may resolve to annex territory to the city or town if there is, within the city or town, unincorporated territory containing residential property owners within the same county and within the same urban growth area designated under RCW 36.70A.110 as the city or town:

(a) Containing less than one hundred acres and having at least eighty percent of the boundaries of such area contiguous to the city or town; or

(b) Of any size and having at least eighty percent of the boundaries of the area contiguous to the city (~~if the area existed before June 30, 1994~~).

(2) The resolution shall describe the boundaries of the area to be annexed, state the number of voters residing in the area as nearly as may be, and set a date for a public hearing on the resolution for annexation. The legislative body of the city or town must file notice of the proposed action with the office of financial management for its review pursuant to section 1 of this act. Notice of the hearing shall be given by publication of the resolution at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the city or town and one or more newspapers of general circulation within the area to be annexed.

(3) For purposes of subsection (1)(b) of this section, territory bounded by a river, lake, or other body of water is considered contiguous to a city that is also bounded by the same river, lake, or other body of water.

Sec. 408. RCW 35.13.1822 and 1998 c 286 s 3 are each amended to read as follows:

On the date set for hearing as provided in RCW 35.13.182(2), residents or property owners of the area included in the resolution for annexation shall be afforded an opportunity to be heard. Subject to review of the proposed action by the office of financial management pursuant to section 1 of this act, the legislative body may provide by ordinance for annexation of the territory described in the resolution, but the effective date of the ordinance shall be not less than forty-five days after the passage thereof. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the area to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of such requirements.

Sec. 409. RCW 35.13.185 and 1965 c 7 s 35.13.185 are each amended to read as follows:

Any unincorporated area contiguous, as defined in section 1(6) of this act, to a first-class city may be annexed thereto by an ordinance accepting a gift, grant, lease, or cession of jurisdiction from the government of the United States of the right to occupy or control it. The first-class city must file notice of the proposed action with the office of financial management for its review pursuant to section 1 of this act.

Sec. 410. RCW 35.13.190 and 1994 c 81 s 12 are each amended to read as follows:

Any unincorporated area contiguous, as defined in section 1(6) of this act, to a second-class city or town may be annexed thereto by an ordinance accepting a gift, grant, or lease from the government of the United States of the right to occupy, control, improve it or

sublet it for commercial, manufacturing, or industrial purposes: PROVIDED, That this shall not apply to any territory more than four miles from the corporate limits existing before such annexation. The second-class city or town must file notice of the proposed action with the office of financial management for its review pursuant to section 1 of this act.

Sec. 411. RCW 35.13.238 and 2013 2nd sp.s. c 27 s 3 are each amended to read as follows:

(1)(a) An annexation by a city or town that is proposing to annex territory served by one or more fire protection districts may be accomplished by ordinance after entering into an interlocal agreement as provided in chapter 39.34 RCW with the county and the fire protection district or districts that have jurisdiction over the territory proposed for annexation.

(b) A city or town proposing to annex territory shall initiate the interlocal agreement process by sending notice to the fire protection district representative and county representative stating the city's or town's interest to enter into an interlocal agreement negotiation process. The parties have forty-five days to respond in the affirmative or negative. A negative response must state the reasons the parties do not wish to participate in an interlocal agreement negotiation. A failure to respond within the forty-five day period is deemed an affirmative response and the interlocal agreement negotiation process may proceed. The interlocal agreement process may not proceed if any negative responses are received within the forty-five day period.

(c) The interlocal agreement must describe the boundaries of the territory proposed for annexation and must be consistent with the boundaries identified in an ordinance describing the boundaries of the territory proposed for annexation and setting a date for a public hearing on the ordinance. If the boundaries of the territory proposed for annexation are agreed to by all parties, a notice of intention must be filed with the boundary review board created under RCW 36.93.030 and the office of financial management. However, the jurisdiction of the board may not be invoked as described in RCW 36.93.100 for annexations that are the subject of such agreement.

(2) An interlocal annexation agreement under this section must include the following:

(a) A statement of the goals of the agreement. Goals must include, but are not limited to:

(i) The transfer of revenues and assets between the fire protection districts and the city or town;

(ii) A consideration and discussion of the impact to the level of service of annexation on the unincorporated area, and an agreement that the impact on the ability of fire protection and emergency medical services within the incorporated area must not be negatively impacted at least through the budget cycle in which the annexation occurs;

(iii) A discussion with fire protection districts regarding the division of assets and its impact to citizens inside and outside the newly annexed area;

(iv) Community involvement, including an agreed upon schedule of public meetings in the area or areas proposed for annexation;

(v) Revenue sharing, if any;

(vi) Debt distribution;

(vii) Capital facilities obligations of the city, county, and fire protection districts;

(viii) An overall schedule or plan on the timing of any annexations covered under this agreement; and

(ix) A description of which of the annexing cities' development regulations will apply and be enforced in the area.

(b) The subject areas and policies and procedures the parties agree to undertake in annexations. Subject areas may include, but are not limited to:

(i) Roads and traffic impact mitigation;

(ii) Surface and storm water management;

(iii) Coordination and timing of comprehensive plan and development regulation updates;

(iv) Outstanding bonds and special or improvement district assessments;

(v) Annexation procedures;

(vi) Distribution of debt and revenue sharing for annexation proposals, code enforcement, and inspection services;

(vii) Financial and administrative services; and

(viii) Consultation with other service providers, including water-sewer districts, if applicable.

(c) A term of at least five years, which may be extended by mutual agreement of the city or town, the county, and the fire protection district.

(3) If the fire protection district, annexing city or town, and county reach an agreement on the enumerated goals, or if only the annexing city or town and county reach an agreement on the enumerated goals, the city or town may adopt an annexation ordinance, but the annexation ordinance provided for in this section is subject to review by the office of financial management pursuant to section 1 of this act and referendum for forty-five days after its passage, provided that no referendum shall be allowed for an annexation under this section if the fire protection district, annexing city or town, and the county reach agreement on an annexation for which a city or town has initiated the interlocal agreement process by sending notice to the fire protection district representative and county representative prior to July 28, 2013. Upon the filing of a timely and sufficient referendum petition with the legislative body of the city or town, signed by qualified electors in a number not less than ten percent of the votes cast in the last general state election in the area to be annexed, the question of annexation must be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose according to RCW 29A.04.330. Notice of the election must be given as provided in RCW 35.13.080, and the election must be conducted as provided in the general election laws under Title 29A RCW. The annexation must be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition to the annexation.

After the expiration of the forty-fifth day from, but excluding, the date of passage of the annexation ordinance, if a timely and sufficient referendum petition has not been filed, the area annexed becomes a part of the city or town upon the date fixed in the ordinance of annexation.

(4) If any portion of a fire protection district is proposed for annexation to or incorporation into a city or town, both the fire protection district and the city or town shall jointly inform the employees of the fire protection district about hires, separations, terminations, and any other changes in employment that are a direct consequence of annexation or incorporation at the earliest reasonable opportunity.

(5) The needed employees shall be taken in order of seniority and the remaining employees who transfer as provided in this section and RCW 35.10.360 and 35.10.370 shall head the list for employment in the civil service system in order of their seniority, to the end that they shall be the first to be reemployed in the city or town fire department when appropriate positions become available. Employees who are not immediately hired by the city or town shall be placed on a reemployment list for a period not to exceed thirty-six months unless a longer period is authorized by an agreement reached between the collective bargaining representatives of the employees of the annexing and annexed fire agencies and the annexing and annexed fire agencies.

(6)(a) Upon transfer, an employee is entitled to the employee rights, benefits, and privileges to which he or she would have been

entitled as an employee of the fire protection district, including rights to:

(i) Compensation at least equal to the level of compensation at the time of transfer, unless the employee's rank and duties have been reduced as a result of the transfer. If the transferring employee is placed in a position with reduced rank and duties, the employee's compensation may be adjusted, but the adjustment may not result in a decrease of greater than fifty percent of the difference between the employee's compensation before the transfer and the compensation level for the position that the employee is transferred to;

(ii) Retirement, vacation, sick leave, and any other accrued benefit;

(iii) Promotion and service time accrual; and

(iv) The length or terms of probationary periods, including no requirement for an additional probationary period if one had been completed before the transfer date.

(b) (a) of this subsection does not apply if upon transfer an agreement for different terms of transfer is reached between the collective bargaining representatives of the transferring employees and the participating fire protection jurisdictions.

(7) If upon transfer, the transferring employee receives the rights, benefits, and privileges established under subsection (6)(a)(i) through (iv) of this section, those rights, benefits, and privileges are subject to collective bargaining at the end of the current bargaining period for the jurisdiction to which the employee has transferred.

(8) Such bargaining must take into account the years of service the transferring employee accumulated before the transfer and must be treated as if those years of service occurred in the jurisdiction to which the employee has transferred.

Sec. 412. RCW 35.13.260 and 2011 c 342 s 1 are each amended to read as follows:

(1) Whenever any territory is annexed to or deannexed from a city or town, any territory is subject to boundary line adjustment, or cities are consolidated pursuant to chapter 35.10 RCW:

(a) A copy of the complete ordinance containing a legal description and a map showing specifically the boundaries of the territory or consolidated area must be submitted immediately after the city or town's adoption. Within two days of receipt of the ordinance, the office of financial management must post a digital copy on the internet or transmit digital copies via email to the departments of transportation and revenue. The requirement to notify the department of revenue of a tax rate change under RCW 82.14.055(1) is met when the office of financial management receives the documents required under this subsection (1)(a); and

(b) A certificate as hereinafter provided ((shall) must be submitted ((in triplicate)) to the office of financial management ((hereinafter in this section referred to as "the office";)) within thirty days of the effective date of ((annexation)) the action specified in the relevant ordinance. After approval of the certificate, the office ((shall)) of financial management must retain the original copy in its files((-)) and transmit ((the second)) a digital copy to ((the department of transportation and return the third copy to)) the city or town via email. ((Such)) The certificate((- shall)) must be in ((such)) a form and contain ((such)) information as ((shall be)) prescribed by the office of financial management. ((A copy of the complete ordinance containing a legal description and a map showing specifically the boundaries of the annexed territory shall be attached to each of the three copies of the certificate.)) The certificate ((shall)) must be signed by the mayor and attested by the city clerk. Upon request, the office ((shall)) of financial management must furnish certification forms to any city or town.

(2)(a) The resident population of the ((annexed)) territory ((shall)) or consolidated area must be determined by, or under the direction of, the mayor of the city or town.

(b) If the ((annexing)) city or town has a population of ten thousand or less, the ((annexed)) territory or consolidated area

consists entirely of one or more partial federal census blocks, or 2010 federal decennial census data has not been released within twelve months immediately prior to the date of ((annexation)) the action, the population determination ((shall)) must consist of an actual enumeration of the population.

(c) In any circumstance, the city or town may choose to have the population determination of the entire ((annexed)) territory or consolidated area consist of an actual enumeration. However, if the city or town does not use actual enumeration for determining population, the ((annexed)) territory or consolidated area includes or consists of one or more complete federal census blocks, and 2010 federal decennial census data has been released within twelve months immediately prior to the date of ((annexation)) the action, the population determination ((shall)) must consist of:

(i) Relevant 2010 federal decennial census data pertaining to the complete block or blocks, as such data has been updated by the most recent official population estimate released by the office of financial management pursuant to RCW 43.62.030;

(ii) An actual enumeration of any population located within the ((annexed)) territory or consolidated area but outside the complete federal census block or blocks; and

(iii) If the office of financial management, at least two weeks prior to the date of ((annexation)) the action, confirms the existence of a known census error within a complete federal census block and identifies a structure or complex listed in (c)(iii)(A) through (E) of this subsection (2) as a likely source of the error, an actual enumeration of one or more of the block's identified:

(A) Group quarters;

(B) Mobile home parks;

(C) Apartment buildings that are composed of at least fifty units and are certified for occupancy between January 1, 2010, and April 1, 2011;

(D) Missing subdivisions; and

(E) Closures of any of the categories in (c)(iii)(A) through (D) of this subsection.

(d) Whenever an actual enumeration is used, it shall be made in accordance with the practices and policies of, and subject to the approval of, the office of financial management.

(e) The city or town ((shall be)) is responsible for the full cost of the population determination.

(3) The population ((shall)) must be determined as of the effective date of ((annexation)) the action as specified in the relevant ordinance.

Until ((an annexation)) a certificate is filed and approved ((as provided herein, such annexed), the territory ((shall)) or consolidated area must not be considered by the office of financial management in determining the population of such city or town.

Upon approval of the ((annexation)) certificate, the office ((shall)) of financial management must forward to each state official or department responsible for making allocations or payments to cities or towns, a revised certificate reflecting the increase in population due to ((such annexation)) the action. Upon and after the date of the commencement of the next quarterly period, the population determination indicated in ((such)) the revised certificate ((shall)) must be used as the basis for the allocation and payment of state funds to such city or town.

For the purposes of this section, each quarterly period ((shall)) commences on the first day of the months of January, April, July, and October. Whenever a revised certificate is forwarded by the office of financial management thirty days or less prior to the commencement of the next quarterly period, the population of the ((annexed)) territory ((shall)) or consolidated area must not be considered until the commencement of the following quarterly period.

Sec. 413. RCW 35.13.300 and 1989 c 84 s 12 are each amended to read as follows:

The purpose of this section and RCW ((35.13.300)) 35.13.310 through ((35.13.330)) 35.13.340 is to establish a process for the adjustment of existing or proposed city boundary lines to avoid a situation where a common boundary line is or would be located within a right-of-way of a public street, road, or highway, or a situation where two cities are separated or would be separated by only the right-of-way of a public street, road, or highway, other than situations where a boundary line runs from one edge of the right-of-way to the other edge of the right-of-way. Boundary line adjustments under RCW 35.13.310 through 35.13.340 are subject to review by the office of financial management pursuant to section 1 of this act.

As used in this section and RCW ((35.13.300)) 35.13.310 through 35.13.330, "city" includes every city or town in the state, including a code city operating under Title 35A RCW.

Sec. 414. RCW 35.13.420 and 2003 c 331 s 3 are each amended to read as follows:

(1) A petition for annexation of an area contiguous, as defined in section 1(6) of this act, to a city or town may be made in writing addressed to and filed with the legislative body of the municipality to which annexation is desired. Except where all the property sought to be annexed is property of a school district, and the school directors thereof file the petition for annexation as in RCW 28A.335.110, the petition must be signed by the owners of a majority of the acreage for which annexation is petitioned and a majority of the registered voters residing in the area for which annexation is petitioned.

(2) If no residents exist within the area proposed for annexation, the petition must be signed by the owners of a majority of the acreage for which annexation is petitioned.

(3) The petition shall set forth a legal description of the property proposed to be annexed that complies with RCW 35.02.170, and shall be accompanied by a drawing that outlines the boundaries of the property sought to be annexed. If the petition for annexation is approved by the legislative body, the legislative body must file notice of the proposed action with the office of financial management for its review pursuant to section 1 of this act. If the legislative body has required the assumption of all or any portion of city or town indebtedness by the area annexed, and/or the adoption of a comprehensive plan for the area to be annexed, these facts, together with a quotation of the minute entry of such requirement or requirements, shall be set forth in the petition.

Sec. 415. RCW 35.13.440 and 2003 c 331 s 5 are each amended to read as follows:

Following the hearing and review of the proposed action by the office of financial management pursuant to section 1 of this act, the council or commission shall determine by ordinance whether annexation shall be made. Subject to the provisions of RCW 35.13.410, 35.13.460, and 35.21.005, ((they)) the council or commission may annex all or any portion of the proposed area but may not include in the annexation any property not described in the petition. Upon passage of the ordinance, a certified copy ((shall)) must be filed with the board of county commissioners of the county in which the annexed property is located and a copy must be filed with the office of financial management.

Sec. 416. RCW 35.13.480 and 2006 c 344 s 23 are each amended to read as follows:

(1) The legislative body of any county planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process with the legislative body of any other cities or towns that are contiguous, as defined in section 1(6) of this act, to the territory proposed for annexation in RCW 35.13.470 if:

(a) The county legislative body initiated an annexation process as provided in RCW 35.13.470; and

(b) The affected city or town legislative body adopted a responsive resolution rejecting the proposed annexation or declined to create the requested interlocal agreement with the county; or

(c) More than one hundred eighty days have passed since adoption of a county resolution as provided for in RCW 35.13.470 and the parties have not adopted or executed an interlocal agreement providing for the annexation of unincorporated territory. The legislative body for either the county or an affected city or town may, however, pass a resolution extending the negotiation period for one or more six-month periods if a public hearing is held and findings of fact are made prior to each extension.

(2) Any county initiating the process provided for in subsection (1) of this section must do so by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between the county and any city or town within the county. The annexation area must be within an urban growth area designated under RCW 36.70A.110 and at least sixty percent of the boundaries of the territory to be annexed must be contiguous, as defined in section 1(6) of this act, to one or more cities or towns.

(3) The agreement shall describe the boundaries of the territory to be annexed and be submitted to the office of financial management for its review pursuant to section 1 of this act. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies and its review by the office of financial management pursuant to section 1 of this act, the city or town legislative body shall adopt an ordinance providing for the annexation. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any area to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance of annexation, which date may not be less than forty-five days after adoption of the ordinance.

(5) The annexation ordinances provided for in RCW 35.13.470(4) and subsection (4) of this section are subject to referendum for forty-five days after passage. Upon the filing of a timely and sufficient referendum petition with the legislative body, signed by registered voters in number equal to not less than fifteen percent of the votes cast in the last general state election in the area to be annexed, the question of annexation shall be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose according to RCW 29A.04.330. Notice of the election shall be given as provided in RCW 35.13.080 and the election shall be conducted as provided in the general election law. The annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto.

After the expiration of the forty-fifth day from but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, the area annexed shall become a part of the city or town upon the date fixed in the ordinance of annexation.

(6) If more than one city or town adopts interlocal agreements providing for annexation of the same unincorporated territory as

provided by this section, an election shall be held in the area to be annexed pursuant to RCW 35.13.070 and 35.13.080. In addition to the provisions of RCW 35.13.070 and 35.13.080, the ballot shall also contain a separate proposition allowing voters to cast votes in favor of annexation to any one city or town participating in an interlocal agreement as provided by this section. If a majority of voters voting on the proposition vote against annexation, the proposition is defeated. If, however, a majority of voters voting in the election approve annexation, the area shall be annexed to the city or town receiving the highest number of votes among those cast in favor of annexation.

(7) Costs for an election required under subsection (6) of this section shall be borne by the county.

Sec. 417. RCW 35.13.490 and 2009 c 402 s 3 are each amended to read as follows:

(1) Territory owned by a county and used for an agricultural fair as provided in chapter 15.76 (~~RCW~~) or (~~chapter~~) 36.37 RCW may only be annexed to a city or town through the method prescribed in this section.

(a) The legislative body of the city or town proposing the annexation must submit a request for annexation and a legal description of the subject territory to the legislative authority of the county within which the territory is located.

(b) Upon receipt of the request and description, the county legislative authority has thirty days to review the proposal and determine if the annexation proceedings will continue. As a condition of approval, the county legislative authority may modify the proposal, but it may not add territory that was not included in the request and description. Approval of the county legislative authority is a condition precedent to further proceedings upon the request and there is no appeal of the county legislative authority's decision.

(c) If the county legislative authority determines that the proceedings may continue, it must, within thirty days of the determination, fix a date for a public hearing on the proposal, and cause notice of the hearing to be published at least once a week for two weeks prior to the hearing in one or more newspapers of general circulation in the territory proposed for annexation. The notice must also be posted in three public places within the subject territory, specify the time and place of the hearing, and invite interested persons to appear and voice approval or disapproval of the annexation. If the annexation proposal provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice must include a statement of these requirements.

(d) If, following the conclusion of the hearing, a majority of the county legislative authority deems the annexation proposal to be in the best interest of the county, it may adopt a resolution approving of the annexation. The county legislative authority must file notice of the proposed action with the office of financial management for its review pursuant to section 1 of this act.

(e) If, following the county legislative authority's adoption of the annexation approval resolution and review of the proposed action by the office of financial management pursuant to section 1 of this act, the legislative body of the city or town proposing annexation determines to effect the annexation, it must do so by ordinance. The ordinance: (i) May only include territory approved for annexation in the resolution adopted under (d) of this subsection; and (ii) must not exclude territory approved for annexation in the resolution adopted under (d) of this subsection. Upon passage of the annexation ordinance, a certified copy must be filed with the applicable county legislative authority.

(2) Any territory annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance.

Sec. 418. RCW 35.16.010 and 1994 c 273 s 1 are each amended to read as follows:

Upon the filing of a petition which is sufficient as determined by RCW 35A.01.040 requesting the exclusion from the boundaries of a city or town of an area described by metes and bounds or by reference to a recorded plat or government survey, signed by qualified voters of the city or town equal in number to not less than ten percent of the number of voters voting at the last general municipal election, the city or town legislative body shall submit the question to the voters. As an alternate method, the legislative body of the city or town may by resolution submit a proposal to the voters for excluding such a described area from the boundaries of the city or town. The question shall be submitted at the next general municipal election if one is to be held within one hundred eighty days or at a special election called for that purpose not less than ninety days nor more than one hundred eighty days after the certification of sufficiency of the petition or the passage of the resolution. The petition or resolution shall set out and describe the territory to be excluded from the city or town, together with the boundaries of the city or town as it will exist after such change is made. The legislative body of the city or town must file notice of the proposed action with the office of financial management for its review pursuant to section 1 of this act.

Sec. 419. RCW 35.16.040 and 1994 c 273 s 4 are each amended to read as follows:

Promptly after the filing of the abstract of votes with the office of the secretary of state and subject to review of the proposed action by the office of financial management pursuant to section 1 of this act, the legislative body of the city or town shall adopt an ordinance defining and fixing the corporate limits after excluding the area as determined by the election. The ordinance shall also describe the excluded territory by metes and bounds or by reference to a recorded plat or government survey and declare it no longer a part of the city or town.

Sec. 420. RCW 35A.14.010 and 2009 c 402 s 4 are each amended to read as follows:

Any portion of a county not incorporated as part of a city or town but lying contiguous, as defined in section 1(6) of this act, to a code city may become a part of the charter code city or noncharter code city by annexation. An area proposed to be annexed to a charter code city or noncharter code city shall be deemed contiguous, as defined in section 1(6) of this act, thereto even though separated by water or tide or shore lands and, upon annexation of such area, any such intervening water and/or tide or shore lands shall become a part of such annexing city.

Sec. 421. RCW 35A.14.020 and 1989 c 351 s 4 are each amended to read as follows:

(1) When a petition is sufficient under the rules set forth in RCW 35A.01.040, calling for an election to vote upon the annexation of unincorporated territory contiguous, as defined in section 1(6) of this act, to a code city, describing the boundaries of the area proposed to be annexed, stating the number of voters therein as nearly as may be, and signed by qualified electors resident in such territory equal in number to ten percent of the votes cast at the last state general election therein, it shall be filed with the auditor of the county in which all, or the greatest portion, of the territory is located, and a copy of the petition shall be filed with the legislative body of the code city. If the territory is located in more than a single county, the auditor of the county with whom the petition is filed shall act as the lead auditor and transmit a copy of the petition to the auditor of each other county within which a portion of the territory is located. The auditor or auditors shall examine the petition, and the auditor or lead auditor shall certify the sufficiency of the petition to the legislative authority of the code city.

(2) If the signatures on the petition are certified as containing sufficient valid signatures, the city legislative authority shall, by resolution entered within sixty days thereafter, notify the petitioners, either by mail or by publication in the same manner notice of hearing

is required by RCW 35A.14.040 to be published, of its approval or rejection of the proposed action. If approved, the legislative body must file notice of the proposed action with the office of financial management for its review pursuant to section 1 of this act. In approving the proposed action, the legislative body may require that there also be submitted to the electorate of the territory to be annexed, a proposition that all property within the area to be annexed shall, upon annexation, be assessed and taxed at the same rate and on the same basis as the property of such annexing city is assessed and taxed to pay for all or any portion of the then-outstanding indebtedness of the city to which said area is annexed, which indebtedness has been approved by the voters, contracted for, or incurred prior to, or existing at, the date of annexation. Only after the legislative body has completed preparation and filing of a proposed zoning regulation for the area to be annexed as provided for in RCW 35A.14.330 and 35A.14.340, the legislative body in approving the proposed action, may require that the proposed zoning regulation be simultaneously adopted upon the approval of annexation by the electorate of the area to be annexed. The approval of the legislative body shall be a condition precedent to further proceedings upon the petition. The costs of conducting the election called for in the petition shall be a charge against the city concerned. The proposition or questions provided for in this section may be submitted to the voter either separately or as a single proposition.

Sec. 422. RCW 35A.14.090 and 1979 ex.s. c 124 s 6 are each amended to read as follows:

Upon filing of the certified copy of the finding of the county legislative authority, the clerk shall transmit it to the legislative body of the city at the next regular meeting or as soon thereafter as practicable. If only a proposition relating to annexation or to annexation and adoption of a proposed zoning regulation was submitted to the voters and ~~((such proposition was))~~ approved, and the proposed action has been subject to review by the office of financial management pursuant to section 1 of this act, the legislative body shall adopt an ordinance providing for the annexation or adopt ordinances providing for the annexation and adoption of a proposed zoning regulation, as the case may be. If a proposition for annexation or for annexation and adoption of a proposed zoning regulation~~((s))~~ and a proposition for assumption of all or any portion of indebtedness were both submitted~~((s))~~ and ~~((both were))~~ approved, and the proposed action has been subject to review by the office of financial management pursuant to section 1 of this act, the legislative body shall adopt an ordinance providing for the annexation or for annexation and adoption of the proposed zoning regulation, including the assumption of the portion of indebtedness that was approved by the voters. If both propositions were submitted and only the annexation or the annexation and adoption of the proposed zoning regulation was approved, and the proposed action has been subject to review by the office of financial management pursuant to section 1 of this act, the legislative body may adopt an ordinance providing for the annexation or adopt ordinances providing for the annexation and adoption of the proposed zoning regulation, as the case may be, or the legislative body may refuse to annex when a proposal for assumption of the portion of indebtedness has been disapproved by the voters.

Sec. 423. RCW 35A.14.130 and 1967 ex.s. c 119 s 35A.14.130 are each amended to read as follows:

Whenever such a petition for annexation is filed with the legislative body of a code city, which petition meets the requirements herein specified and is sufficient according to the rules set forth in RCW 35A.01.040, the legislative body may entertain the same, fix a date for a public hearing thereon, and cause notice of the hearing to be published in one or more issues of a newspaper of general circulation in the city. The legislative body must also file notice of the proposed action with the office of financial management for its review pursuant to section 1 of this act. The

notice ~~((shall))~~ of the hearing must also be posted in three public places within the territory proposed for annexation, ~~((and shall))~~ specify the time and place of hearing, and invite interested persons to appear and voice approval or disapproval of the annexation.

Sec. 424. RCW 35A.14.140 and 1986 c 234 s 31 are each amended to read as follows:

Subject to RCW 35.02.170, the ordinance may annex all or any portion of the proposed area but may not include in the annexation any property not described in the petition. Upon passage of the annexation ordinance a certified copy shall be filed with the board of county commissioners of the county in which the annexed property is located.

Sec. 425. RCW 35A.14.295 and 2013 2nd sp.s. c 27 s 1 are each amended to read as follows:

Territory annexed under this subsection (1)(b) must be within the same county and within the same urban growth area designated under RCW 36.70A.110, and the city must plan under chapter 36.70A RCW.

(2) The resolution ~~((shall))~~ must describe the boundaries of the area to be annexed, state the number of voters residing therein as nearly as may be, and set a date for a public hearing on such resolution for annexation. The legislative body of the code city must file notice of the proposed action with the office of financial management for its review pursuant to section 1 of this act. Notice of the hearing ~~((shall))~~ must be given by publication of the resolution at least once a week for two weeks prior to the date of the hearing, in one or more newspapers of general circulation within the code city and one or more newspapers of general circulation within the area to be annexed.

(3) For purposes of subsection (1)(b) of this section, territory bounded by a river, lake, or other body of water is considered contiguous to a city that is also bounded by the same river, lake, or other body of water.

Sec. 426. RCW 35A.14.297 and 1967 ex.s. c 119 s 35A.14.297 are each amended to read as follows:

On the date set for hearing as provided in RCW 35A.14.295, residents or property owners of the area included in the resolution for annexation shall be afforded an opportunity to be heard. Subject to review of the proposed action by the office of financial management pursuant to section 1 of this act, the legislative body may provide by ordinance for annexation of the territory described in the resolution, but the effective date of the ordinance shall be not less than forty-five days after the passage thereof. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the area to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of such requirements. Such annexation ordinance shall be subject to referendum for forty-five days after the passage thereof. Upon the filing of a timely and sufficient referendum petition as provided in RCW 35A.14.299 below, a referendum election shall be

held as provided in RCW 35A.14.299, and the annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto. After the expiration of the forty-fifth day from, but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, as provided by RCW 35A.14.299 below, the area annexed shall become a part of the code city upon the date fixed in the ordinance of annexation.

Sec. 427. RCW 35A.14.300 and 1981 c 332 s 7 are each amended to read as follows:

Legislative bodies of code cities may by a majority vote annex territory outside the limits of such city whether contiguous or noncontiguous for any municipal purpose when such territory is owned by the city. The legislative body of a code city must file notice of the proposed action with the office of financial management for its review pursuant to section 1 of this act.

Sec. 428. RCW 35A.14.310 and 1985 c 105 s 1 are each amended to read as follows:

A code city may annex an unincorporated area contiguous, as defined in section 1(6) of this act, to the city that is owned by the federal government by adopting an ordinance providing for the annexation and which ordinance either acknowledges an agreement of the annexation by the government of the United States, or accepts a gift, grant, or lease from the government of the United States of the right to occupy, control, improve it or sublet it for commercial, manufacturing, or industrial purposes: PROVIDED, That this right of annexation shall not apply to any territory more than four miles from the corporate limits existing before such annexation. Whenever a code city proposes to annex territory under this section, the city ~~((shall))~~ must file notice of the proposed action with the office of financial management for its review pursuant to section 1 of this act and provide written notice of the proposed ((annexation)) action to the legislative authority of the county within which such territory is located. The notice ((shall)) to the legislative authority of the county must be provided at least thirty days before the city proposes to adopt the annexation ordinance. The city shall not adopt the annexation ordinance, and the annexation shall not occur under this section, if within twenty-five days of receipt of the notice, the county legislative authority adopts a resolution opposing the annexation, which resolution makes a finding that the proposed annexation will have an adverse fiscal impact on the county or road district.

Sec. 429. RCW 35A.14.430 and 2003 c 331 s 11 are each amended to read as follows:

When a petition for annexation is filed with the legislative body of a code city, that meets the requirements of RCW 35A.01.040 and 35A.14.420, the legislative body may entertain the same, fix a date for a public hearing thereon and cause notice of the hearing to be published in one or more issues of a newspaper of general circulation in the city. The legislative body must also file notice of the proposed action with the office of financial management for its review pursuant to section 1 of this act. The notice ~~((shall))~~ of the hearing must also be posted in three public places within the territory proposed for annexation, ~~((and shall))~~ specify the time and place of hearing, and invite interested persons to appear and voice approval or disapproval of the annexation.

Sec. 430. RCW 35A.14.440 and 2003 c 331 s 12 are each amended to read as follows:

Following the hearing and review of the proposed action by the office of financial management pursuant to section 1 of this act, if the legislative body determines to effect the annexation, ~~((they shall))~~ it must do so by ordinance. Subject to RCW 35A.14.410, the ordinance may annex all or any portion of the proposed area but may not include in the annexation any property not described in the petition. Upon passage of the annexation ordinance, a certified copy ~~((shall))~~ must be filed with the board of county commissioners of

the county in which the annexed property is located and a copy must be filed with the office of financial management.

Sec. 431. RCW 35A.14.460 and 2003 c 299 s 3 are each amended to read as follows:

(1) The legislative body of a county or code city planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process for unincorporated territory by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between a county and any code city within the county. The territory proposed for annexation must meet the following criteria: (a) Be within the code city urban growth area designated under RCW 36.70A.110, and (b) at least sixty percent of the boundaries of the territory proposed for annexation must be contiguous, as defined in section 1(6) of this act, to the annexing code city or one or more cities or towns.

(2) If the territory proposed for annexation has been designated in an adopted county comprehensive plan as part of an urban growth area, urban service area, or potential annexation area for a specific city, or if the urban growth area territory proposed for annexation has been designated in a written agreement between a city and a county for annexation to a specific city or town, the designation or designations shall receive full consideration before a city or county may initiate the annexation process provided for in RCW 35A.14.470.

(3) The agreement shall describe the boundaries of the territory to be annexed and be submitted to the office of financial management for its review pursuant to section 1 of this act. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies and its review by the office of financial management pursuant to section 1 of this act, the city legislative body shall adopt an ordinance providing for the annexation of the territory described in the agreement. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any territory to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city upon the date fixed in the ordinance of annexation, which date may not be fewer than forty-five days after adoption of the ordinance.

Sec. 432. RCW 35A.14.470 and 2006 c 344 s 26 are each amended to read as follows:

(1) The legislative body of any county planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process with the legislative body of any other cities or towns that are contiguous, as defined in section 1(6) of this act, to the territory proposed for annexation in RCW 35A.14.460 if:

(a) The county legislative body initiated an annexation process as provided in RCW 35A.14.460; and

(b) The affected city legislative body adopted a responsive resolution rejecting the proposed annexation or declined to create the requested interlocal agreement with the county; or

(c) More than one hundred eighty days have passed since adoption of a county resolution as provided for in RCW 35A.14.460

and the parties have not adopted or executed an interlocal agreement providing for the annexation of unincorporated territory. The legislative body for either the county or an affected city may, however, pass a resolution extending the negotiation period for one or more six-month periods if a public hearing is held and findings of fact are made prior to each extension.

(2) Any county initiating the process provided for in subsection (1) of this section must do so by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between the county and any city or town within the county. The annexation area must be within an urban growth area designated under RCW 36.70A.110 and at least sixty percent of the boundaries of the territory to be annexed must be contiguous, as defined in section 1(6) of this act, to one or more cities or towns.

(3) The agreement shall describe the boundaries of the territory to be annexed and be submitted to the office of financial management for its review pursuant to section 1 of this act. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies and its review by the office of financial management pursuant to section 1 of this act, the city or town legislative body shall adopt an ordinance providing for the annexation. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any area to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance of annexation, which date may not be less than forty-five days after adoption of the ordinance.

(5) The annexation ordinances provided for in RCW 35A.14.460(4) and subsection (4) of this section are subject to referendum for forty-five days after passage. Upon the filing of a timely and sufficient referendum petition with the legislative body, signed by registered voters in number equal to not less than fifteen percent of the votes cast in the last general state election in the area to be annexed, the question of annexation shall be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose according to RCW 29A.04.330. Notice of the election shall be given as provided in RCW 35A.14.070 and the election shall be conducted as provided in the general election law. The annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto.

After the expiration of the forty-fifth day from but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, the area annexed shall become a part of the city or town upon the date fixed in the ordinance of annexation.

(6) If more than one city or town adopts interlocal agreements providing for annexation of the same unincorporated territory as provided by this section, an election shall be held in the area to be annexed pursuant to RCW 35A.14.070. In addition to the provisions of RCW 35A.14.070, the ballot shall also contain a separate proposition allowing voters to cast votes in favor of annexation to any one city or town participating in an interlocal agreement as

provided by this section. If a majority of voters voting on the proposition vote against annexation, the proposition is defeated. If, however, a majority of voters voting in the election approve annexation, the area shall be annexed to the city or town receiving the highest number of votes among those cast in favor of annexation.

(7) Costs for an election required under subsection (6) of this section shall be borne by the county.

Sec. 433. RCW 35A.14.480 and 2013 2nd sp.s. c 27 s 2 are each amended to read as follows:

(1)(a) An annexation by a code city proposing to annex territory served by one or more fire protection districts may be accomplished by ordinance after entering into an interlocal agreement as provided in chapter 39.34 RCW with the county and the fire protection district or districts that have jurisdiction over the territory proposed for annexation.

(b) A code city proposing to annex territory shall initiate the interlocal agreement process by sending notice to the fire protection district representative and county representative stating the code city's interest to enter into an interlocal agreement negotiation process. The parties have forty-five days to respond in the affirmative or negative. A negative response must state the reasons the parties do not wish to participate in an interlocal agreement negotiation. A failure to respond within the forty-five day period is deemed an affirmative response and the interlocal agreement negotiation process may proceed. The interlocal agreement process may not proceed if any negative responses are received within the forty-five day period.

(c) The interlocal agreement must describe the boundaries of the territory proposed for annexation and must be consistent with the boundaries identified in an ordinance describing the boundaries of the territory proposed for annexation and setting a date for a public hearing on the ordinance. If the boundaries of the territory proposed for annexation are agreed to by all parties, a notice of intention must be filed with the boundary review board created under RCW 36.93.030 and the office of financial management. However, the jurisdiction of the board may not be invoked as described in RCW 36.93.100 for annexations that are the subject of such agreement.

(2) An interlocal annexation agreement under this section must include the following:

(a) A statement of the goals of the agreement. Goals must include, but are not limited to:

(i) The transfer of revenues and assets between the fire protection district and the code city;

(ii) A consideration and discussion of the impact to the level of service of annexation on the unincorporated area, and an agreement that the impact on the ability of fire protection and emergency medical services within the incorporated area must not be negatively impacted at least through the budget cycle in which the annexation occurs;

(iii) A discussion with fire protection districts regarding the division of assets and its impact to citizens inside and outside the newly annexed area;

(iv) Community involvement, including an agreed upon schedule of public meetings in the area or areas proposed for annexation;

(v) Revenue sharing, if any;

(vi) Debt distribution;

(vii) Capital facilities obligations of the code city, county, and fire protection districts;

(viii) An overall schedule or plan on the timing of any annexations covered under this agreement; and

(ix) A description of which of the annexing code cities' development regulations will apply and be enforced in the area.

(b) The subject areas and policies and procedures the parties agree to undertake in annexations. Subject areas may include, but are not limited to:

- (i) Roads and traffic impact mitigation;
- (ii) Surface and storm water management;
- (iii) Coordination and timing of comprehensive plan and development regulation updates;
- (iv) Outstanding bonds and special or improvement district assessments;
- (v) Annexation procedures;
- (vi) Distribution of debt and revenue sharing for annexation proposals, code enforcement, and inspection services;
- (vii) Financial and administrative services; and
- (viii) Consultation with other service providers, including water-sewer districts, if applicable.

(c) A term of at least five years, which may be extended by mutual agreement of the code city, the county, and the fire protection district.

(3) If the fire protection district, annexing code city, and county reach an agreement on the enumerated goals, or ((#)) only the annexing code city and county reach an agreement on the enumerated goals, the code city may adopt an annexation ordinance, but the annexation ordinance provided for in this section is subject to review by the office of financial management pursuant to section 1 of this act and referendum for forty-five days after its passage, provided that no referendum shall be allowed for an annexation under this section if the fire protection district, annexing code city, and the county reach agreement on an annexation for which a code city has initiated the interlocal agreement process by sending notice to the fire protection district representative and county representative prior to July 28, 2013. Upon the filing of a timely and sufficient referendum petition with the legislative body of the code city, signed by qualified electors in a number not less than ten percent of the votes cast in the last general state election in the area to be annexed, the question of annexation must be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose according to RCW 29A.04.330. Notice of the election must be given as provided in RCW 35A.14.070, and the election must be conducted as provided in the general election laws under Title 29A RCW. The annexation must be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition to the annexation.

After the expiration of the forty-fifth day from, but excluding, the date of passage of the annexation ordinance, if a timely and sufficient referendum petition has not been filed, the area annexed becomes a part of the code city upon the date fixed in the ordinance of annexation.

Sec. 434. RCW 35A.14.490 and 2009 c 402 s 5 are each amended to read as follows:

(1) Territory owned by a county and used for an agricultural fair as provided in chapter 15.76 ((RCW)) or ((chapter)) 36.37 RCW may only be annexed to a code city through the method prescribed in this section.

(a) The legislative body of the city proposing the annexation must submit a request for annexation and a legal description of the subject territory to the legislative authority of the county within which the territory is located.

(b) Upon receipt of the request and description, the county legislative authority has thirty days to review the proposal and determine if the annexation proceedings will continue. As a condition of approval, the county legislative authority may modify the proposal, but it may not add territory that was not included in the request and description. Approval of the county legislative authority is a condition precedent to further proceedings upon the request and there is no appeal of the county legislative authority's decision.

(c) If the county legislative authority determines that the proceedings may continue, it must, within thirty days of the determination, fix a date for a public hearing on the proposal, and cause notice of the hearing to be published at least once a week for two weeks prior to the hearing in one or more newspapers of general circulation in the territory proposed for annexation. The notice must also be posted in three public places within the subject territory, specify the time and place of the hearing, and invite interested persons to appear and voice approval or disapproval of the annexation. If the annexation proposal provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice must include a statement of these requirements.

(d) If, following the conclusion of the hearing, a majority of the county legislative authority deems the annexation proposal to be in the best interest of the county, it may adopt a resolution approving of the annexation. The county legislative authority must file notice of the proposed action with the office of financial management for its review pursuant to section 1 of this act.

(e) If, following the county legislative authority's adoption of the annexation approval resolution and review of the proposed action by the office of financial management pursuant to section 1 of this act, the legislative body of the city proposing annexation determines to effect the annexation, it must do so by ordinance. The ordinance: (i) May only include territory approved for annexation in the resolution adopted under (d) of this subsection; and (ii) must not exclude territory approved for annexation in the resolution adopted under (d) of this subsection. Upon passage of the annexation ordinance, a certified copy must be filed with the applicable county legislative authority.

(2) Any territory annexed through an ordinance adopted under this section is annexed and becomes a part of the code city upon the date fixed in the ordinance.

Sec. 435. RCW 35A.14.700 and 2011 c 342 s 2 are each amended to read as follows:

(1) Whenever any territory is annexed to or deannexed from a code city, any territory is subject to boundary line adjustment, or cities are consolidated pursuant to chapter 35.10 RCW:

(a) A copy of the complete ordinance containing a legal description and a map showing specifically the boundaries of the territory or consolidated area must be submitted immediately after the city or town's adoption. Within two days of receipt of the ordinance, the office of financial management must post a digital copy on the internet or transmit digital copies via email to the departments of transportation and revenue. The requirement to notify the department of revenue of a tax rate change under RCW 82.14.055(1) is met when the office of financial management receives the documents required under this subsection (1)(a); and

(b) A certificate as hereinafter provided ((shall)) must be submitted ((in triplicate)) to the office of financial management within thirty days of the effective date of ((annexation)) the action specified in the relevant ordinance. After approval of the certificate, the office of financial management ((shall)) must retain the original copy in its files((;)) and transmit ((the second)) a digital copy to ((the department of transportation and return the third copy to)) the code city via email. ((Such)) The certificate((s shall)) must be in ((such)) a form and contain ((such)) information as ((shall be)) prescribed by the office of financial management. ((A copy of the complete ordinance containing a legal description and a map showing specifically the boundaries of the annexed territory shall be attached to each of the three copies of the certificate.)) The certificate ((shall)) must be signed by the mayor and attested by the city clerk. Upon request, the office of financial management ((shall)) must furnish certification forms to any code city.

(2)(a) The resident population of the ((annexed)) territory ((shall)) or consolidated area must be determined by, or under the direction of, the mayor of the code city.

(b) If the (~~annexing~~) code city has a population of ten thousand or less, the (~~annexed~~) territory or consolidated area consists entirely of one or more partial federal census blocks, or 2010 federal decennial census data has not been released within twelve months immediately prior to the date of (~~annexation~~) the action, the population determination (~~shall~~) must consist of an actual enumeration of the population.

(c) In any circumstance, the code city may choose to have the population determination of the entire (~~annexed~~) territory or consolidated area consist of an actual enumeration. However, if the code city does not use actual enumeration for determining population, the (~~annexed~~) territory or consolidated area includes or consists of one or more complete federal census blocks, and 2010 federal decennial census data has been released within twelve months immediately prior to the date of (~~annexation~~) the action, the population determination (~~shall~~) must consist of:

(ii) An actual enumeration of any population located within the (~~annexed~~) territory or consolidated area but outside the complete federal census block or blocks; and

(iii) If the office of financial management, at least two weeks prior to the date of (~~annexation~~) the action, confirms the existence of a known census error within a complete federal census block and identifies a structure or complex listed in (c)(iii)(A) through (E) of this subsection (2) as a likely source of the error, an actual enumeration of one or more of the block's identified:

(A) Group quarters;

(B) Mobile home parks;

(C) Apartment buildings that are composed of at least fifty units and are certified for occupancy between January 1, 2010, and April 1, 2011;

(D) Missing subdivisions; and

(E) Closures of any of the categories in (c)(iii)(A) through (D) of this subsection.

(d) Whenever an actual enumeration is used, it shall be made in accordance with the practices and policies of, and subject to the approval of, the office of financial management.

(e) The code city (~~shall be~~) is responsible for the full cost of the population determination.

(3) Upon approval of the (~~annexation~~) certificate, the office of financial management (~~shall~~) must forward to each state official or department responsible for making allocations or payments to cities or towns, a revised certificate reflecting the increase in population due to (~~such annexation~~) the action. Upon and after the date of the commencement of the next quarterly period, the population determination indicated in (~~such~~) the revised certificate (~~shall~~) must be used as the basis for the allocation and payment of state funds to such city or town.

For the purposes of this section, each quarterly period (~~shall~~) commences on the first day of the months of January, April, July, and October. Whenever a revised certificate is forwarded by the office of financial management thirty days or less prior to the commencement of the next quarterly period, the population of the (~~annexed~~) territory (~~shall~~) or consolidated area must not be considered until the commencement of the following quarterly period.

(4) Until (~~an annexation~~) a certificate is filed and approved (~~as provided herein, such annexed~~), the territory (~~shall~~) or consolidated area must not be considered by the office of financial management in determining the population of such code city.

Sec. 436. RCW 35A.16.010 and 1967 ex.s. c 119 s 35A.16.010 are each amended to read as follows:

Upon the filing of a petition which is sufficient as determined by RCW 35A.01.040 praying for the exclusion from the boundaries of a code city of an area described by metes and bounds or by reference to a recorded plat or government survey, signed by qualified voters of the city in number equal to not less than ten percent of the number of votes cast at the last general municipal election, the legislative body of the code city shall cause the question to be submitted to the voters. As an alternate method, such a proposal for exclusion from the code city of a described area may be submitted to the voters by resolution of the legislative body. The question shall be submitted at the next general municipal election if one is to be held within one hundred and eighty days or at a special election called for that purpose not less than ninety days nor more than one hundred and eighty days after the certification of sufficiency of the petition or the passage of the resolution. The petition or resolution shall set out and describe the territory to be excluded from the code city, together with the boundaries of the code city as it will exist after such change is made. The legislative body of the code city must file notice of the proposed action with the office of financial management for its review pursuant to section 1 of this act.

Sec. 437. RCW 35A.16.040 and 1967 ex.s. c 119 s 35A.16.040 are each amended to read as follows:

Promptly after the filing of the abstract of votes with the secretary of state and subject to review of the proposed action by the office of financial management pursuant to section 1 of this act, the legislative body shall adopt an ordinance defining and fixing the corporate limits after excluding the area as determined by the election. The ordinance shall also describe the excluded territory by metes and bounds or by reference to a recorded plat or government survey and declare it no longer a part of the code city."

SSB 5455 Prime Sponsor, Committee on Government Operations & Security: Addressing the delivery of basic firefighter training and testing. Reported by Committee on Local Government

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 439.** RCW 43.43.934 and 2012 c 229 s 818 are each amended to read as follows:

The director of fire protection shall:

(1)(a)(i) With the state board for community and technical colleges, provide academic, vocational, and field training programs for the fire service; and (ii) with the state colleges and universities, provide instructional programs requiring advanced training, especially in command and management skills;

(b) Cooperate with the common schools, technical and community colleges, institutions of higher education, and any department or division of the state, or of any county or municipal corporation in establishing and maintaining instruction in fire service training and education in accordance with any act of congress and legislation enacted by the legislature in pursuance thereof and in establishing, building, and operating training and education facilities.

Industrial fire departments and private fire investigators may participate in training and education programs under this chapter for a reasonable fee established by rule;

(c) Develop and adopt a master plan for constructing, equipping, maintaining, and operating necessary fire service training and education facilities subject to the provisions of chapter 43.19 RCW;

(d) Develop and adopt a master plan for the purchase, lease, or other acquisition of real estate necessary for fire service training and education facilities in a manner provided by law; and

(e)(i) Develop and adopt a plan ~~((with a goal of providing firefighter one and wildland training to all firefighters in the state. Wildland training reimbursement will be provided if a fire protection district or a city fire department has and is fulfilling their interior attack policy or if they do not have an interior attack policy. The plan will include a reimbursement for fire protection districts and city fire departments of not less than three dollars for every hour of firefighter one or wildland training. The Washington state patrol shall not provide reimbursement for more than two hundred hours of firefighter one or wildland training for each firefighter trained))~~ for the Washington state patrol fire training academy to deliver basic firefighter training and testing to all city

fire departments, fire protection districts, regional fire protection service authorities, and other public fire agencies in the state. The plan required by this subsection (1)(e) must specify that the delivery of training and testing services will be provided:

(A) To recipients in the following order of priority:

(I) Volunteer departments;

(II) Combination departments; and

(III) Fire agencies that employ only career firefighters and fire officers; and

(B) By personnel of the fire training academy, either at the academy's facilities in North Bend, Washington, or regionally at local fire agencies.

(ii)(A) In lieu of receiving training and testing services from the fire training academy, city fire departments, fire protection districts, regional fire protection service authorities, and other public fire agencies in the state may seek reimbursement for their firefighter I training expenses. The amount of reimbursement will be calculated on a per capita basis. The per capita amount is equal to the three-year statewide firefighter per capita average for the regional direct delivery of training by the fire training academy. The three-year statewide firefighter per capita average is calculated by dividing the total cost of providing regional direct delivery during the three-year period by the number of firefighters trained through the regional direct delivery program during the same three-year period. The regional direct delivery costs used for the basis of these calculations does not include the costs of the fire training academy personnel used to coordinate the direct delivery programs, the state's indirect costs, or any other indirect costs.

(B) Prior to the implementation of the reimbursement provisions in (e)(ii)(A) of this subsection, the amount of reimbursement for city fire departments, fire protection districts, regional fire protection service authorities, and other public fire agencies must be not less than three dollars for every one hour of firefighter I training, and may not exceed two hundred hours per firefighter.

(iii) Subject to approval by the director of fire protection, and in accordance with the plan required by this subsection (1)(e), the fire training academy facilities and programs must be made available at no cost to fire service youth programs. The goal of making these facilities and programs available is to increase enrollment of volunteer firefighters, and to improve gender, cultural, and ethnic diversity within the fire service.

(iv) For purposes of this subsection (1)(e), the following definitions apply:

(A) "Basic firefighter training and testing" means training and testing for firefighters that is up to and includes the requirements of firefighter I, as identified by the national fire protection association standard 1001;

(B) "Combination department" means a fire department with emergency service personnel comprising less than eighty-five percent of either volunteer or career membership;

(C) "Delivery of training" includes all resources, personnel, and equipment necessary to deliver training at the fire academy in North Bend, Washington, or regionally at local fire agencies; and

(D) "Volunteer department" means a fire department with volunteer emergency service personnel comprising eighty-five percent or greater of its department membership.

(2)(a) Promote mutual aid and disaster planning for fire services in this state;

(b) Assure the dissemination of information concerning the amount of fire damage including that damage caused by arson, and its causes and prevention; and

(c) Implement any legislation enacted by the legislature to meet the requirements of any acts of congress that apply to this section.

(3) In carrying out its statutory duties, the office of the state fire marshal shall give particular consideration to the appropriate

roles to be played by the state and by local jurisdictions with fire protection responsibilities. Any determinations on the division of responsibility shall be made in consultation with local fire officials and their representatives.

To the extent possible, the office of the state fire marshal shall encourage development of regional units along compatible geographic, population, economic, and fire risk dimensions. Such regional units may serve to: (a) Reinforce coordination among state and local activities in fire service training, reporting, inspections, and investigations; (b) identify areas of special need, particularly in smaller jurisdictions with inadequate resources; (c) assist the state in its oversight responsibilities; (d) identify funding needs and options at both the state and local levels; and (e) provide models for building local capacity in fire protection programs."

(A) Delivery to an electronic mail address at which a party has consented to receive notices or documents; or

(B) Posting on an electronic network or site accessible via the internet, mobile application, computer, mobile device, tablet, or any other electronic device, together with separate notice of the posting which shall be provided by electronic mail to the address at which the party has consented to receive notice or by any other delivery method that has been consented to by the party.

(ii) "Delivered by electronic means" does not include any communication between an insurer and an insurance producer relating to RCW 48.17.591 and 48.17.595.

(b) "Party" means any recipient of any notice or document required as part of an insurance transaction, including but not limited to an applicant, an insured, a policyholder, or an annuity contract holder.

(2) Subject to the requirements of this section, any notice to a party or any other document required under applicable law in an insurance transaction or that is to serve as evidence of insurance coverage may be delivered, stored, and presented by electronic means so long as it meets the requirements of the Washington electronic authentication act (chapter 19.34 RCW).

(3) Delivery of a notice or document in accordance with this section is the equivalent to any delivery method required under applicable law, including delivery by first-class mail; first-class mail, postage prepaid; certified mail; or registered mail.

(4) A notice or document may be delivered by an insurer to a party by electronic means under this section only if:

(a) The party has affirmatively consented to that method of delivery and has not withdrawn the consent;

(b) The party, before giving consent, has been provided with a clear and conspicuous statement informing the party of:

(i) The right the party has to withdraw consent to have a notice or document delivered by electronic means at any time, and any conditions or consequences imposed in the event consent is withdrawn;

(ii) The types of notices and documents to which the party's consent would apply;

(iii) The right of a party to have a notice or document in paper form; and

(iv) The procedures a party must follow to withdraw consent to have a notice or document delivered by electronic means and to update the party's electronic mail address;

(c) The party:

(i) Before giving consent, has been provided with a statement of the hardware and software requirements for access to and retention of notices or documents delivered by electronic means; and

(ii) Consents electronically, or confirms consent electronically, in a manner that reasonably demonstrates that the party can access information in the electronic form that will be used for notices or documents delivered by electronic means as to which the party has given consent; and

(d) After consent of the party is given, the insurer, in the event a change in the hardware or software requirements needed to access or retain a notice or document delivered by electronic means creates a material risk that the party will not be able to access or retain a subsequent notice or document to which the consent applies:

(i) Shall provide the party with a statement that describes:

(A) The revised hardware and software requirements for access to and retention of a notice or document delivered by electronic means; and

(B) The right of the party to withdraw consent without the imposition of any fee, condition, or consequence that was not disclosed at the time of initial consent; and

(6) If this title or applicable law requiring a notice or document to be provided to a party expressly requires verification or acknowledgment of receipt of the notice or document, the notice or document may be delivered by electronic means only if the method used provides for verification or acknowledgment of receipt.

(7) The legal effectiveness, validity, or enforceability of any contract or policy of insurance executed by a party may not be denied solely because of the failure to obtain electronic consent or

confirmation of consent of the party in accordance with subsection (4)(c)(ii) of this section.

(8)(a) A withdrawal of consent by a party does not affect the legal effectiveness, validity, or enforceability of a notice or document delivered by electronic means to the party before the withdrawal of consent is effective.

(b) A withdrawal of consent by a party is effective within a reasonable period of time, not to exceed thirty days, after receipt of the withdrawal by the insurer.

(c) Failure by an insurer to comply with subsections (4)(d) and (10) of this section may be treated, at the election of the party, as a withdrawal of consent for purposes of this section.

(9) This section does not apply to a notice or document delivered by an insurer in an electronic form before the effective date of this section to a party who, before that date, has consented to receive a notice or document in an electronic form otherwise allowed by law.

(10) If the consent of a party to receive certain notices or documents in an electronic form is on file with an insurer before the effective date of this section, and pursuant to this section, an insurer intends to deliver additional notices or documents to such party in an electronic form, then prior to delivering such additional notices or documents electronically, the insurer shall:

(a) Provide the party with a statement that describes:

(i) The notices or documents that shall be delivered by electronic means under this section that were not previously delivered electronically; and

(ii) The party's right to withdraw consent to have notices or documents delivered by electronic means, without the imposition of any condition or consequence that was not disclosed at the time of initial consent; and

(b) Comply with subsection (4)(b) of this section.

(11) An insurer shall deliver a notice or document by any other delivery method permitted by law other than electronic means if:

(b) The insurer becomes aware that the electronic mail address provided by the party is no longer valid.

(12) A producer shall not be subject to civil liability for any harm or injury that occurs as a result of a party's election to receive any notice or document by electronic means or by an insurer's failure to deliver a notice or document by electronic means.

(13) This section does not modify, limit, or supersede the provisions of the federal electronic signatures in global and national commerce act (E-SIGN), P.L. 106-229, as amended.

NEW SECTION. Sec. 441. (1) Notwithstanding any other provisions of this chapter, standard property and casualty insurance policy forms and endorsements that do not contain personally identifiable information may be mailed, delivered, or posted on the insurer's web site. If the insurer elects to post insurance policy forms and endorsements on its web site in lieu of mailing or delivering them to the insured, it must comply with all of the following conditions:

(a) The policy forms and endorsements must be accessible to the insured and the producer of record and remain that way for as long as the policy is in force;

(b) After the expiration of the policy, the insurer must archive its expired policy forms and endorsements for a period of six years or other period required by law, and make them available upon request;

(c) The policy forms and endorsements must be posted in a manner that enables the insured and producer of record to print and save the policy form and endorsements using programs or

applications that are widely available on the internet and free to use;

(d) The insurer must provide the following information in, or simultaneous with, each declarations page provided at the time of issuance of the initial policy and any renewals of that policy:

(i) A description of the exact policy and endorsement forms purchased by the insured;

(iii) The internet address where their policy and endorsements are posted;

(iv) The insurer, upon request and without charge, mails a paper copy of the insured's policy and endorsements to the insured; and

(v) Notice, in the manner in which the insurer customarily communicates with the insured, of any changes to the forms or endorsements, the insured's right to obtain, upon request and without charge, a paper copy of such forms or endorsements, and the internet address where such forms or endorsements are posted.

(2) Nothing in this section affects the timing or content of any disclosure or other document required to be provided or made available to any insured under applicable law.

NEW SECTION. Sec. 442. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

ESB 5923 Prime Sponsor, Senator Brown: Promoting economic recovery in the construction industry. Reported by Committee on Local Government

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 445. The great recession had a significant impact on the national and state economy. No industry suffered economic setbacks as significant as the residential construction sector. Residential construction jobs essentially vanished from the economy. New housing starts in Washington slipped to levels not seen since the early 1980s, even though the state's population has doubled since that time. While a broader economic recovery has begun, single-family residential housing continues to lag behind other sectors. It is in the economic interest of the state to spark economic growth by increasing single-family residential construction. The jobs, wages, and local taxes generated by home construction benefit the state's economy, increase family wage jobs and broaden the state's tax base.

Sec. 446. RCW 82.02.050 and 1994 c 257 s 24 are each amended to read as follows:

(1) It is the intent of the legislature:

(a) To ensure that adequate facilities are available to serve new growth and development;

(b) To promote orderly growth and development by establishing standards by which counties, cities, and towns may require, by ordinance, that new growth and development pay a proportionate share of the cost of new facilities needed to serve new growth and development; and

(c) To ensure that impact fees are imposed through established procedures and criteria so that specific developments do not pay arbitrary fees or duplicative fees for the same impact.

(2) Counties, cities, and towns that are required or choose to plan under RCW 36.70A.040 are authorized to impose impact fees on development activity as part of the financing for public facilities, provided that the financing for system improvements to serve new development must provide for a balance between impact fees and other sources of public funds and cannot rely solely on impact fees.

(3)(a) Counties, cities, and towns collecting impact fees must adopt a permanent system for the collection of impact fees from applicants for residential building permits issued for single-family detached or attached residential construction that includes:

(i)(A) A process by which an applicant for any development permit that requires payment of an impact fee must record a covenant against title to the lot or unit subject to the impact fee obligation. A covenant under this subsection (3)(a)(i) must also serve as a lien binding on all successors in title after the recordation. The covenant must require payment equal to one hundred percent of the impact fee applicable to the lot or unit at the rates in effect at the time of final payment of the impact fee, less a credit for any deposits paid.

(B) Covenants recorded in accordance with this subsection (3)(a)(i) must provide for payment of the impact fee at the earlier of the following: The time of closing of sale of the applicable lot or unit; or in accordance with the applicable county, city, or town ordinance, eighteen or more months after the building permit is

issued. Payment of impact fees due at closing of a sale must, unless an agreement to the contrary is reached between buyer and seller, be made from the seller's proceeds. In the absence of an agreement to the contrary, the seller bears strict liability for the payment of the impact fees.

(C) The seller must provide written disclosure of the covenant authorized under this subsection (3)(a)(i) as required by chapter 64.06 RCW.

(D) Upon receiving payment of impact fees due, the applicable county, city, or town must remove the covenant recorded in accordance with this subsection (3)(a)(i); or

(ii) A process by which an applicant may apply for a deferral of the impact fee payment until final inspection or certificate of occupancy, or equivalent certification. Cities utilizing the deferral process established by this subsection (3)(a)(ii) may withhold certification of final inspection, certificate of occupancy, or equivalent certification until the impact fee payment has been made in full.

(b) Counties, cities, and towns may adopt local systems for the collection of impact fees that differ from the requirements of this subsection (3) if the payment timing provisions are consistent with those of this subsection.

(c) A county, city, or town with an impact fee deferral process on or before July 1, 2016, is exempt from the requirements of this subsection (3) if the deferral process delays all impact fees and remains in effect after July 1, 2016.

(d) Each applicant for a single-family residential construction permit, in accordance with his or her contractor registration number or other unique identification number, is entitled to annually receive deferrals under this subsection (3) for the first twenty single-family residential construction building permits per county or city. However, a county, city, or town may, by ordinance, elect to defer more than twenty single-family residential construction building permits for an applicant as required by this subsection (3)(d) if:

(i) The county, city, or town collects impact fees on behalf of the jurisdiction or jurisdictions for which the collection of impact fees would be delayed; and

(ii) The county, city, or town and the jurisdiction or jurisdictions for which the collection of impact fees would be delayed agree to the additional deferrals.

(4) The impact fees:

(a) Shall only be imposed for system improvements that are reasonably related to the new development;

(b) Shall not exceed a proportionate share of the costs of system improvements that are reasonably related to the new development; and

(c) Shall be used for system improvements that will reasonably benefit the new development.

~~((4))~~ (5)(a) Impact fees may be collected and spent only for the public facilities defined in RCW 82.02.090 which are addressed by a capital facilities plan element of a comprehensive land use plan adopted pursuant to the provisions of RCW 36.70A.070 or the provisions for comprehensive plan adoption contained in chapter 36.70, 35.63, or 35A.63 RCW. After the date a county, city, or town is required to adopt its development regulations under chapter 36.70A RCW, continued authorization to collect and expend impact fees ~~(shall be)~~ is contingent on the county, city, or town adopting or revising a comprehensive plan in compliance with RCW 36.70A.070, and on the capital facilities plan identifying:

~~((a))~~ (i) Deficiencies in public facilities serving existing development and the means by which existing deficiencies will be eliminated within a reasonable period of time;

~~((b))~~ (ii) Additional demands placed on existing public facilities by new development; and

~~((c))~~ (iii) Additional public facility improvements required to serve new development.

(b) If the capital facilities plan of the county, city, or town is complete other than for the inclusion of those elements which are the responsibility of a special district, the county, city, or town may impose impact fees to address those public facility needs for which the county, city, or town is responsible.

Sec. 447. RCW 36.70A.070 and 2010 1st sp.s. c 26 s 6 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140. Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed

utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances.

Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area (~~shall be~~) are subject to the requirements of (d)(iv) of this subsection, but (~~shall~~) are not (~~be~~) subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the

existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(15). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(15). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary, the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries, such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the office of financial management's ten-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ten-year investment program developed by the office of financial management as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or

strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6), "concurrent with the development" means that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years. If the collection of impact fees is delayed under RCW 82.02.050(3), the six-year period required by this subsection (6)(b) must begin after the county or city receives full payment of all impact fees due.

(c) The transportation element described in this subsection (6), the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year investment program required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include: (a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, workforce, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 450. A new section is added to chapter 35.13A RCW to read as follows:

(1) Except as provided otherwise by subsection (4) of this section, a resolution or ordinance adopted by the legislative body of a city to assume jurisdiction of all or part of a water-sewer district under this chapter is subject to a referendum. Any referendum petition to repeal the assumption resolution or ordinance must be filed with the county auditor within ten days of passage of the resolution or ordinance. Within ten days of the filing of a petition, the county auditor must confer with the petitioner concerning the form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title must be posed as a question so that an affirmative answer to the question and a majority affirmative vote on the measure results in approval of the proposed assumption, and a negative answer to the question and a majority negative vote on the measure results in the assumption being barred. The petitioner must be notified of the identification number and ballot title within this ten-day period. After this notification, the petitioner has forty-five days in which to secure on petition forms the signatures of at least ten percent of the number of voters residing in the part of the water-sewer district subject to the assumption resolution or

ordinance who voted in the most recent general election, and file the signed petitions with the county auditor. Each petition form must contain the ballot title and full text of the measure to be referred. The county auditor must verify the sufficiency of the signatures on the petitions.

(2) If sufficient valid signatures on the petitions are properly submitted, the county auditor must submit the referendum measure to the registered voters residing in the part of the water-sewer district subject to the assumption resolution or ordinance in a general or special election no later than one hundred twenty days after the signed petition has been filed with the county auditor. Elections must be conducted in accordance with general election law, and the cost of the election must be borne by the city seeking approval to assume jurisdiction of all or part of the water-sewer district.

(3) When a referendum petition is filed with the county auditor, the assumption resolution or ordinance sought to be referred to the voters, and any proceedings before a boundary review board under chapter 36.93 RCW, are suspended from taking effect. Such suspension terminates when: (a) There is a final determination of insufficiency or untimeliness of the referendum petition; or (b) the assumption resolution or ordinance so referred is approved by the voters at a referendum election.

(4) If a city legislative authority assumes jurisdiction of all or part of a water-sewer district through a contract with a water-sewer district, or through an interlocal agreement with a water-sewer district under chapter 39.34 RCW, the provisions of this section do not apply.

NEW SECTION. Sec. 451. A new section is added to chapter 35.13A RCW to read as follows:

A resolution or ordinance adopted by a city in accordance with this chapter to assume jurisdiction of all or part of a district may not take effect until ninety or more days after its adoption."

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 452. This act may be known and cited as Joel's Law.

NEW SECTION. Sec. 453. A new section is added to chapter 71.05 RCW to read as follows:

(1) If a designated mental health professional decides not to detain a person for evaluation and treatment under RCW 71.05.150 or 71.05.153 or forty-eight hours have elapsed since a designated mental health professional received a request for investigation and the designated mental health professional has not taken action to have the person detained, an immediate family member or guardian or conservator of the person may petition the superior court for the person's initial detention.

(2)(a) The petition must be submitted on forms developed by the administrative office of the courts for this purpose. The petition must be accompanied by a sworn declaration from the petitioner, and other witnesses if desired, describing why the person should be detained for evaluation and treatment. (3) The court shall, within one judicial day, review the petition to determine whether the petition raises sufficient evidence to support the allegation. If the court so finds, it shall provide a copy of the petition to the designated mental health professional agency with an order for the agency to provide the court, within one judicial day, with a written sworn statement describing the basis for the decision not to seek initial detention and a copy of all information collected during the investigation.

(4) Following the filing of the petition and before the court reaches a decision, any person may submit a sworn declaration to the court in support of or in opposition to initial detention.

(5) The court shall dismiss the petition at any time if it finds that a designated mental health professional has filed a petition for the person's initial detention under RCW 71.05.150 or 71.05.153 or that the person has voluntarily accepted appropriate treatment.

(6) The court must issue a final ruling on the petition within five judicial days after it is filed. After reviewing all of the information provided to the court, the court may enter an order for initial detention if the court finds that: (a) There is probable cause to support a petition for detention; and (b) the person has refused or failed to accept appropriate evaluation and treatment voluntarily. The court shall transmit its final decision to the petitioner.

(7) If the court enters an order for initial detention, it shall provide the order to the designated mental health professional agency, which shall execute the order without delay. An order for initial detention under this section expires one hundred eighty days from issuance.

(8) Except as otherwise expressly stated in this chapter, all procedures must be followed as if the order had been entered under RCW 71.05.150. RCW 71.05.160 does not apply if detention was initiated under the process set forth in this section.

(9) For purposes of this section, "immediate family member" means a spouse, domestic partner, child, stepchild, parent, stepparent, grandparent, or sibling.

NEW SECTION. Sec. 454. A new section is added to chapter 71.05 RCW to read as follows:

(1) The department and each regional support network or agency employing designated mental health professionals shall publish information in an easily accessible format describing the process for an immediate family member, guardian, or conservator to petition for court review of a detention decision under section 2 of this act.

(2) A designated mental health professional or designated mental health professional agency that receives a request for investigation for possible detention under this chapter must inquire whether the request comes from an immediate family member, guardian, or conservator who would be eligible to petition under section 2 of this act. If the designated mental health professional decides not to detain the person for evaluation and treatment under RCW 71.05.150 or 71.05.153 or forty-eight hours have elapsed since the request for investigation was received and the designated mental health professional has not taken action to have the person detained, the designated mental health professional or designated mental health professional agency must inform the immediate family member, guardian, or conservator who made the request for investigation about the process to petition for court review under section 2 of this act.

Sec. 455. RCW 71.05.130 and 1998 c 297 s 7 are each amended to read as follows:

In any judicial proceeding for involuntary commitment or detention except under section 2 of this act, or in any proceeding challenging ~~((such))~~ involuntary commitment or detention, the prosecuting attorney for the county in which the proceeding was initiated shall represent the individuals or agencies petitioning for commitment or detention and shall defend all challenges to such commitment or detention~~((=PROVIDED))~~, except that the attorney general shall represent and provide legal services and advice to state hospitals or institutions with regard to all provisions of and proceedings under this chapter ~~((except in))~~ other than proceedings initiated by such hospitals and institutions seeking fourteen day detention."

Correct the title.

EFFECT: The striking amendment makes the following changes:

(1) Makes changes to the petition requirements:

(a) Provides that the petitioner's description of the reason that the person should be detained may include certain historical information about the person;

(b) Removes specific authorization for a petition to contain a declaration in support of detention by a mental health professional; and

(c) Requires the court to review the petition within one judicial day.

(2) Modifies the process under which the court receives information from the designated mental health professional (DMHP):

(a) Requires the DMHP, in response to the court's order requesting information, to provide the court with a copy of all information collected during the investigation (along with a written statement); and

(b) Removes the requirement that the court provide the DMHP with any information accompanying the petition.

(3) Provides that orders expire 180 days from issuance, rather than "within 180 days."

(4) Removes the requirement that a DMHP prepare and submit a supplemental petition after the person is placed in the facility.

(5) Requires DMHP agencies to provide notice of the petition process to persons who requested an investigation if the DMHP decides not to detain the person (in addition to when 48 hours have elapsed and the person has not been detained).

(6) Changes references to "business day" to "judicial day."

(7) Removes the null and void clause.

(8) Reorganizes provisions and makes wording changes for clarity, and removes redundant language.

~~(2))~~ The director may adopt and enforce rules deemed necessary to implement and administer this chapter.

~~((3))~~ (2) Owners having a fleet of apportionable vehicles operating in two or more IRP member jurisdictions may elect to proportionally register the vehicles of the fleet under the provisions of the IRP and this chapter in lieu of full or temporary registration as provided for in chapter 46.16A RCW.

~~((4))~~ (3) If a due date or an expiration date ~~(established under authority of this chapter)~~ falls on a Saturday, Sunday, or a state legal holiday, such period is automatically extended through the end of the next business day.

If the resultant gross weight is not listed in RCW 46.17.355, it ~~((will))~~ must be increased to the next higher gross weight ~~((so listed pursuant to))~~ authorized in chapter 46.44 RCW.

Owners of rental trailers and semitrailers over six thousand pounds gross vehicle weight~~((and converter gears))~~ used solely in pool fleets ~~((shall))~~ must fully register a portion of the pool fleet in this state. To determine the percentage of total fleet vehicles that must be registered in this state, divide the gross revenue received in the ~~((preceding year))~~ reporting period for the use of the rental vehicles arising from rental transactions occurring in this state by the total revenue received in the ~~((preceding year))~~ reporting period for the use of the rental vehicles arising from rental transactions in all jurisdictions in which the vehicles are operated. Apply the resulting percentage to the total number of vehicles that ~~((shall))~~ must be registered in this state. Vehicles registered in this state ~~((shall))~~ must be representative of the vehicles in the fleet according to age, size, and value.

Sec. 459. RCW 46.87.025 and 1990 c 250 s 75 are each amended to read as follows:

All vehicles being added to ~~((an existing))~~ a Washington~~((based))~~ fleet or those vehicles that make up a new Washington~~((based))~~ fleet ~~((shall))~~ must be titled in the name of the owner at time of registration~~((, or evidence of filing application for title for such vehicles in the name of the owner shall accompany the application for proportional registration)).~~

Sec. 460. RCW 46.87.030 and 2010 c 161 s 1142 are each amended to read as follows:

(1) When application to register ~~((an apportionable))~~ a vehicle in an existing fleet is made, the Washington ~~((prorated))~~ apportioned fees ~~((may))~~ must be reduced by one-twelfth for each full ~~((registration))~~ month that has elapsed ~~((at))~~ from the time ~~((a temporary authorization permit (TAP) was issued or if no TAP was issued, at such time as))~~ an application for registration is received in the department. ~~((If a vehicle is being added to a currently registered fleet,))~~ The prorate percentage previously established for the fleet ~~((for such registration year shall))~~ must be used in the computation of the ~~((proportional))~~ apportionable fees and taxes due.

(2) If ~~((any))~~ a vehicle is withdrawn from a ~~((proportionally registered))~~ fleet during the period ~~((for which))~~ it is registered under this chapter, the registrant of the fleet ~~((shall))~~ must notify the department on ~~((appropriate))~~ forms prescribed by the department. The department may require the registrant to surrender credentials ~~((that were))~~ issued to the vehicle. Credit ~~((shall))~~ must be applied against the license fee liability for subsequent additions of ~~((motor))~~ vehicles to ~~((be proportionally registered in))~~ the fleet during ~~((such))~~ the registration year or for additional license fees due under RCW 46.17.355 or ~~((to))~~ be due upon audit under RCW 46.87.310. If any credit is less than fifteen dollars, ~~((no))~~ the credit ~~((will))~~ must not be entered. In lieu of credit, the registrant may ~~((choose to))~~ transfer the unused portion of the license fee for the ~~((motor))~~ vehicle to the new owner, in which case it ~~((shall))~~ must remain with the ~~((motor))~~ vehicle for which it was originally paid. ~~((In no event may any))~~ An amount

may not be credited against fees other than those for the registration year from which the credit was obtained (~~(nor is any)~~) and an amount (~~(subject to refund)~~) may not be refunded.

Such fees (~~(shall)~~) must be deposited pursuant to RCW 46.68.035 (~~(and 82.44.170)~~).

Sec. 463. RCW 46.87.060 and 1987 c 244 s 21 are each amended to read as follows:

Unless registered under the provisions of the IRP as a pool fleet, such trailers, semitrailers, and pole trailers must be operated in combination with an apportioned power unit to qualify for reciprocity. If pole trailers are not required to be licensed separately by a member jurisdiction, (~~(such vehicles)~~) they may be operated in this state without displaying a (~~(current)~~) base license plate.

Sec. 465. RCW 46.87.080 and 2013 c 225 s 609 are each amended to read as follows:

(1) Upon making satisfactory application and payment of (~~(applicable)~~) fees and taxes for proportional registration under this chapter, the department must issue (~~(a cab card and validation tab for each vehicle, and to vehicles of Washington based fleets, two~~

~~((7))~~ The department may issue temporary authorization permits (TAPs) to qualifying operators for the operation of vehicles pending issuance of license identification. A fee of one dollar plus a one dollar filing fee must be collected for each permit issued. The permit fee must be deposited in the motor vehicle fund, and the filing fee must be deposited in the highway safety fund. The department may adopt rules for use and issuance of the permits.

(1) ((The initial)) An application for proportional registration of a fleet ((shall)) must state the ((mileage data with respect to)) actual distance accumulated by the fleet ((for the preceding year in this and other jurisdictions)) during the reporting period. If ((no)) operations were not conducted ((with)) by the fleet during the ((preceding year)) reporting period, the application ((shall)) must contain a ((full statement of the proposed method of operation and estimates of annual mileage in each of the jurisdictions in which operation is contemplated. The actual travel basis may be used for determination of fee payments until such time as a normal mileage year is available under the new operation)) department determined average per vehicle distance of the fleet in all jurisdictions.

Sec. 468. RCW 46.87.130 and 2005 c 194 s 8 are each amended to read as follows:

((In addition to all other fees prescribed for the proportional registration of vehicles under this chapter,)) The department ((shall)) must collect a vehicle transaction fee each time a vehicle is added to a Washington((-based)) fleet, and each time the ((proportional)) registration of a Washington((-based)) fleet vehicle is renewed. (2) Each application ((shall)) must, at the time and in the manner required by the department, be supported by payment of a fee computed as follows:

(a) Divide the in-jurisdiction ((miles)) distance for each jurisdiction by the total ((miles)) distance and carry the answer to the nearest thousandth of a percent (three places beyond the decimal, e.g. 10.543((%)) percent). This factor is known as the prorated percentage.

(b) Determine the ((total proratable)) apportionable fees and taxes required for each vehicle in the fleet ((for which registration is requested,)) based on the ((regular annual fees and taxes or)) applicable fees and taxes ((for the unexpired portion of the registration year)) under the laws of each jurisdiction ((for which fees or taxes are to be calculated)).

((Applicable)) Fees and taxes for vehicles of Washington((-based)) fleets and foreign jurisdiction fleets operating in Washington are those prescribed under RCW ((46.17.350(1)(e))) 46.17.315, 46.17.355, and 82.38.075((-as applicable)). If, during the registration period, the lessor of an apportioned vehicle

changes and the vehicle remains in the fleet of the registrant, the department ~~((shall))~~ must only charge those fees prescribed for the issuance of new apportioned license plates, validation tabs, and cab card.

(c) Multiply the total, ~~((proratable))~~ apportionable fees or taxes for each ~~((motor))~~ vehicle by the prorata percentage applicable to ~~((the desired))~~ each jurisdiction and round the results to the nearest cent.

(d) Add the total fees and taxes determined in (c) of this subsection for each vehicle to the ~~((nonproratable))~~ nonapportionable fees and taxes required under the laws of ~~((the))~~ each jurisdiction ~~((for which fees are being calculated))~~. ~~((Nonproratable))~~ Nonapportionable fees required for vehicles of Washington ~~((based))~~ fleets are the administrative fee required ~~((by))~~ under RCW 82.38.075, ~~((if applicable, and))~~ the vehicle transaction fee pursuant to ~~((the provisions of))~~ RCW 46.87.130, and the commercial vehicle safety inspection fee in RCW 46.17.315.

(e) The amount due and payable ~~((for the application))~~ is the sum of the fees and taxes calculated for each ~~((member))~~ jurisdiction in which ~~((registration of))~~ the fleet is ~~((desired))~~ registered.

(3) All assessments for ~~((proportional registration))~~ taxes and fees are due and payable in United States funds on the date presented or mailed to the registrant at the address listed in the proportional registration records of the department. The registrant may petition for reassessment of the fees or taxes due ~~((under this section))~~ within thirty days of the date of original service ~~((as provided for in this chapter))~~.

Sec. 471. RCW 46.87.190 and 2005 c 194 s 10 are each amended to read as follows:

The department may suspend or cancel the exemptions, benefits, or privileges granted under chapter 46.85 RCW or this chapter to any person ~~((or business firm))~~ who violates any of the conditions or terms of the IRP or who violates the laws or rules of this state relating to the operation or registration of vehicles ~~((or rules lawfully adopted thereunder))~~.

If the resultant gross weight, according to this section, is not listed in RCW 46.17.355, it ~~((will))~~ must be increased to the next higher gross weight ~~((so))~~ listed pursuant to chapter 46.44 RCW.

A ~~((motor))~~ vehicle or combination of vehicles found to be loaded beyond the licensed gross weight of the ~~((motor))~~ vehicle ~~((registered under this chapter shall))~~ or combination of vehicles must be cited and handled under RCW 46.16A.540 and 46.16A.545.

Sec. 479. RCW 46.87.290 and 2003 c 53 s 256 are each amended to read as follows:

(1) If the department determines at any time that an applicant for proportional registration of a vehicle or ~~((a fleet of))~~ vehicles is not entitled to ~~((a cab card for a vehicle or fleet of vehicles))~~ credentials, the department may refuse to issue ~~((the cab card(s) or to license))~~ credentials for the vehicle or ~~((fleet of))~~ vehicles and ~~((may for like reason)),~~ after notice, ~~((and in the exercise of discretion,))~~ cancel ~~((the cab card(s) and license plate(s) already issued))~~ any existing credentials. The department ~~((shall))~~ must send the notice of cancellation by first-class mail, addressed to the owner of the vehicle ~~((in question))~~ or vehicles at the owner's address as it appears in the proportional registration records of the department ~~((, and record the transmittal on an affidavit of first-class mail)).~~ It is ~~((then))~~ unlawful for any person to ~~((remove,))~~ drive ~~((,))~~ or operate the vehicle(s) until ~~((a))~~ proper ~~((certificate(s) of registration or cab card(s) has))~~ credentials have been issued.

Sec. 480. RCW 46.87.294 and 2011 c 171 s 100 are each amended to read as follows:

The department ~~((shall))~~ must refuse to register a vehicle ~~((under this chapter))~~ if the registrant or motor carrier responsible for the safety of the vehicle has been prohibited ~~((under federal law))~~ from operating by the federal motor carrier safety administration. The suspension, revocation, cancellation, or refusal by the director, or the director's designee, of ~~((a license plate(s), certificate(s) of registration, or cab card(s) provided for in))~~ the credentials issued under this chapter is conclusive unless the person whose ~~((license plate(s), certificate(s) of registration, or cab card(s) is))~~ credentials are suspended, revoked, canceled, or refused appeals to the superior court of Thurston county, or at the person's option if a resident of Washington, to the superior court of his or her county of residence, for the purpose of having the suspension, revocation, cancellation, or refusal of the ~~((license plate(s), certificate(s) of registration, or cab card(s))~~ credentials set aside. Notice of appeal ~~((shall))~~ must be filed within ten calendar days after service of the notice of suspension, revocation, cancellation, or refusal. Upon the filing of the appeal, the court ~~((shall))~~ must issue an order to the director to show cause why the ~~((license(s))~~ credentials should not be granted or reinstated. The director ~~((shall))~~ must respond to the order within ten days after the date of service of the order upon the director. Service ~~((shall))~~ must be in the manner prescribed for service of summons and complaint in other civil actions. Upon the hearing on the order to show cause, the court ~~((shall))~~ must hear evidence concerning matters related to the suspension, revocation, cancellation, or refusal of the ~~((license plate(s), certificate(s) of registration, or cab card(s))~~ credentials and ~~((shall))~~ enter judgment either affirming or setting aside the suspension, revocation, cancellation, or refusal.

Sec. 483. RCW 46.87.310 and 1996 c 91 s 2 are each amended to read as follows:

~~((Any))~~ An owner ~~((whose application for proportional registration has been accepted shall))~~ must preserve the records on which the owner's application for apportioned registration is based for a period of ~~((four))~~ three years following the ~~((preceding year or period upon which the application is based. These records shall be complete and shall include, but not be limited to, the following: Copies of proportional registration applications and supplements for all jurisdictions in which the fleet is prorated; proof of proportional or full registration with other jurisdictions; vehicle license or trip permits; temporary authorization permits; documents establishing the latest purchase year and cost of each fleet vehicle in ready for the road condition; weight certificates indicating the unladen, ready for the road, weight of each vehicle in the fleet; periodic summaries of mileage by fleet and by individual vehicles; individual trip reports, driver's daily logs, or other source documents maintained for each individual trip that provide trip dates, points of origin and destinations, total miles traveled, miles traveled in each jurisdiction, routes traveled, vehicle equipment number, driver's full name, and all other information pertinent to each trip. Upon request of the department, the owner shall make the records available to the department at its designated office for audit as to accuracy of records, computations, and payments))~~ close of the registration year. The owner must make records available to the department for audit as to the accuracy and adequacy of records, computations, and payments at a location designated by the department. The department ((shall))

must assess and collect any unpaid fees and taxes ((found to be) due ((the state)) affected jurisdictions and provide credits ((or refunds)) for any overpayments of ((Washington)) apportionable fees and taxes ((as determined in accordance with formulas and other requirements prescribed in this chapter)) to the jurisdictions affected. If the records produced by the owner for the audit fail to meet the criteria for adequate records, or are not produced within thirty calendar days after a written request by the department, the department must impose on the owner an assessment in the amount of twenty percent of the total apportionable fees paid or found due because of appropriate adjustment for the registration of the fleet in the registration year to which records pertain. In the instance of a second offense, the department must impose upon the owner an assessment in the amount of fifty percent of the total apportionable fees paid or found due because of appropriate adjustment for the registration of the fleet in the registration year to which records pertain. In the instance of a third or any subsequent offense, the department must impose upon the owner an assessment in the amount of one hundred percent of the total apportionable fees paid or found due because of appropriate adjustment for the registration of the fleet in the registration year to which records pertain. The department must distribute the amount of assessments it collects under this section on a pro rata basis to the other jurisdictions in which the fleet was registered or required to be registered.

If the owner fails to maintain complete records as required ~~((by))~~ under this section, the department ~~((shall))~~ may attempt to reconstruct or reestablish such records. ~~((However, if the department is unable to do so and the missing or incomplete records involve mileages accrued by vehicles while they are part of the fleet, the department may assess an amount not to exceed the difference between the Washington proportional fees and taxes paid and one hundred percent of the fees and taxes. Further, if the owner fails to maintain complete records as required by this section, or if the department determines that the owner should have registered more vehicles in this state under this chapter, the department may deny the owner the right of any further benefits provided by this chapter until any final audit or assessment made under this chapter has been satisfied.))~~

The department may ~~((audit the records of any owner and may make arrangements with agencies of other jurisdictions administering motor vehicle registration laws for joint audits of any such owner))~~ conduct joint audits of any owner with other jurisdictions. ~~((No))~~ An assessment for deficiency or claim for credit may not be made for any period for which records are no longer required. Any fees, taxes, penalties, or interest ~~((found to be))~~ due and owing the state upon audit ~~((shall))~~ bear interest at the rate of one percent per month, or fraction thereof, from the first day of the calendar month after the amount should have been paid until the date of payment. If the audit discloses a deliberate and willful intent to evade the requirements of payment under RCW 46.87.140, a penalty of ten percent ~~((shall also))~~ of the amount owed, in addition to any other assessments authorized under this chapter, must be assessed.

If the audit discloses that an overpayment ~~((to the state))~~ in excess of ten dollars has been made, the department ~~((shall certify))~~ must refund the overpayment to the ~~((state treasurer who shall issue a warrant for the overpayment to the vehicle operator))~~ owner. Overpayments ~~((shall))~~ must bear interest at the rate of eight percent per annum from the date on which the overpayment ~~((is))~~ was incurred until the date of payment.

Sec. 484. RCW 46.87.320 and 1987 c 244 s 45 are each amended to read as follows:

The department may initiate and conduct audits and investigations ~~((as may be reasonably necessary))~~ to establish the

existence of any alleged violations of or noncompliance with this chapter or any rules adopted under it.

For the purpose of any audit, investigation, or proceeding under this chapter, the director or any designee of the director may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, paper, correspondence, memoranda, agreements, or other documents or records that the department deems relevant or material to the inquiry.

In case of contumacy or refusal to obey a subpoena issued to any person, any court of competent jurisdiction ~~((upon application by the department,))~~ may issue an order requiring that person to appear before the director or the officer designated by the director to produce testimony or other evidence touching the matter under audit, investigation, or in question. Failure to obey an order of the court may be punishable by contempt.

Sec. 485. RCW 46.87.330 and 1996 c 91 s 3 are each amended to read as follows:

An owner of ~~((proportionally registered))~~ vehicles against whom an assessment is made under RCW 46.87.310 may petition for reassessment ~~((thereof))~~ within thirty days after service of notice of the assessment upon the owner ~~((of the proportionally registered vehicles))~~. If the petition is not filed within the thirty-day period, the amount of the assessment becomes final ~~((at the expiration of that time period)).~~

If a petition for reassessment is filed within the thirty-day period, the department ~~((shall))~~ must reconsider the assessment and, if the petitioner has ~~((so))~~ requested in the petition, ~~((shall))~~ grant the petitioner an oral hearing and give the petitioner ten days notice of the time and place of the hearing. The department may continue the hearing from time to time. The decision of the department upon a petition for reassessment becomes final thirty days after service upon the petitioner of notice of the decision.

Every assessment made under RCW 46.87.310 becomes due and payable at the time it is served on the owner. If the assessment is not paid in full when it becomes final, the department ~~((shall))~~ must add a penalty of ten percent of the amount of the assessment.

Any notice of assessment, reassessment, oral hearing, or decision required ~~((by))~~ under this section ~~((shall))~~ must be served personally or by mail. If served by mail, service is deemed to have been accomplished on the date the notice was deposited in the United States mail ~~((, postage prepaid, addressed to the owner of the proportionally registered vehicles at))~~ and mailed to the owner's address as it appears in the proportional registration records of the department.

~~((No))~~ An injunction or writ of mandate or other legal or equitable process may not be issued in any suit, action, or proceeding in any court against any officer of the state to prevent or enjoin the collection under this chapter of any fee or tax or any amount of fee or tax required to be collected, except as specifically provided for in chapter 34.05 RCW.

Sec. 486. RCW 46.87.335 and 1994 c 262 s 15 are each amended to read as follows:

Except in the case of violations of filing a false or fraudulent application, if the department deems mitigation of penalties, fees, and interest to be reasonable ~~((and in the best interests of carrying out the purpose of this chapter)),~~ it may mitigate such assessments ~~((upon whatever terms the department deems proper,))~~ giving consideration to the degree and extent of the lack of records and reporting errors. The department may ascertain the facts regarding recordkeeping and payment penalties in lieu of more elaborate proceedings under this chapter.

Sec. 487. RCW 46.87.340 and 1993 c 307 s 16 are each amended to read as follows:

~~(If an owner of proportionally registered vehicles liable for the remittance of fees and taxes imposed by this chapter fails to pay the fees and taxes, the amount thereof, including any interest, penalty, or addition to the fees and taxes together with any additional costs that may accrue, constitutes a lien in favor of the state upon all franchises, property, and rights to property, whether the property is employed by the person for personal or business use or is in the hands of a trustee, receiver, or assignee for the benefit of creditors, from the date the fees and taxes were due and payable until the amount of the lien is paid or the property is sold to pay the lien. The lien has priority over any lien or encumbrance whatsoever, except the lien of other state taxes having priority by law, and except that the lien is not valid as against any bona fide mortgagee, pledgee, judgment creditor, or purchaser whose rights have attached before the time the department has filed and recorded notice of the lien as provided in this chapter.~~

~~In order to avail itself of the lien created by this section, the department shall file with any county auditor a statement of claim and lien specifying the amount of delinquent fees and taxes, penalties, and interest claimed by the department. From the time of filing for record, the amount required to be paid constitutes a lien upon all franchises, property, and rights to property, whether real or personal, then belonging to or thereafter acquired by the person in the county. Any lien as provided in this section may also be filed in the office of the secretary of state. Filing in the office of the secretary of state is of no effect, however, until the lien or a copy of it has been filed with the county auditor in the county where the property is located. When a lien is filed in compliance with this section and with the secretary of state, the filing has the same effect as if the lien had been duly filed for record in the office of each county auditor of this state.)~~ (1) If a person liable for the payment of fees and taxes fails to pay the amount, including any interest and penalty, together with costs incurred, there must be a lien in favor of the state upon all franchises, property, and rights to property, whether real or personal, belonging to or acquired, whether the property is employed by such person for personal or business use or is in the control of a trustee, receiver, or assignee. The lien is effective from the date fees and taxes were due and payable until the amount is satisfied. The lien has priority over any lien or encumbrance except liens of other fees and taxes having priority by law.

(2) The department must file with any county auditor or other agent a statement of claim and lien specifying the amount of delinquent fees, taxes, penalties, and interest owed.

Sec. 488. RCW 46.87.350 and 1994 c 262 s 16 are each amended to read as follows:

~~If (an owner of proportionally registered vehicles for which an assessment has become final) a person is delinquent in the payment of ((an)) any obligation ((imposed under this chapter)), the department may give notice of the amount of the delinquency ((by registered or certified)), in person or by mail, to ((all)) persons having ((in their)) possession or ((under their)) control ((any)) of credits or ((other)) personal and real property belonging to the ((vehicle owner)) person, or owing any debts to the ((owner, at the time of the receipt by them of the notice)) person. ((Thereafter, a)) Any person ((so)) notified ((shall neither)) may not transfer ((nor make other disposition)) or dispose of ((those)) credits, personal and real property, or debts ((until)) without the consent of the department ((consents to a transfer or other disposition)). A person ((so)) notified ((shall)) must, within twenty days after receipt of the notice, advise the department of any ((and all such)) credits, personal and real property, or debts in ((their)) his or her~~

~~possession, under ((their)) his or her control or owing by ((them, as the case may be)) him or her, and ((shall forthwith)) must immediately deliver ((such)) the credits, personal and real property, or debts to the department ((or its duly authorized representative to be applied to the indebtedness involved)).~~

~~If a person fails to timely answer the notice ((within the time prescribed by this section, it is lawful for the court upon application of the department and after the time to answer the notice has expired, to)), a court may render judgment by default against the person ((for the full amount claimed by the department in the notice to withhold and deliver, together with costs)).~~

~~((Upon service,)) The notice and order to withhold and deliver constitutes a continuing lien on property of the ((taxpayer)) person. The department ((shall)) must include in the ((caption of the)) notice to withhold and deliver "continuing lien." The effective date of a notice to withhold and deliver ((served under this section)) is the date of service ((of the notice)).~~

Sec. 489. RCW 46.87.360 and 2010 c 8 s 9101 are each amended to read as follows:

~~((Whenever the owner of proportionally registered vehicles)) If a person is delinquent in the payment of ((an)) any obligation ((imposed under this chapter)), and the delinquency continues after notice and demand for payment ((by the department)), the department ((may proceed to)) must collect the amount due ((from the owner in the following manner:)). The department ((shall)) must seize any property subject to the lien of the fees, taxes, penalties, and interest and sell it at public auction ((to pay the obligation and any and all costs that may have been incurred because of the seizure and sale)). Notice of the intended sale and its time and place ((shall)) must be given to the ((delinquent owner)) person and to all persons ((appearing of record to have)) with an interest in the property. ((The notice shall be given in writing at least ten days before the date set for the sale by registered or certified mail addressed to the owner as appearing in the proportional registration records of the department and, in the case of any person appearing of record to have an interest in such property, addressed to that person at his or her last known residence or place of business. In addition,)) The notice ((shall)) must be published at least ten days before the date set for the sale in a newspaper of general circulation published in the county in which the property ((seized is to)) will be sold. If there is no newspaper of general circulation in the county, the notice ((shall)) must be posted in three public places in the county for a period of ten days. The notice ((shall)) must contain a description of the property ((to be sold)), a statement of the amount due ((under this chapter)), the name of the ((owner of the proportionally registered vehicles)) person, and ((the further)) a statement that unless the amount due is paid on or before the time ((fixed)) in the notice the property will be sold ((in accordance with law)).~~

~~The department ((shall then proceed to)) must sell the property ((in accordance with law and the notice,)) and ((shall)) deliver to the purchaser a bill of sale or deed ((that vests title in the purchaser)). If ((upon any such sale)) the moneys received exceed the amount due ((to the state under this chapter)) from the ((delinquent owner)) person, the excess ((shall)) must be returned to the ((delinquent owner and his or her)) person with a receipt ((obtained for it)). ((The department may withhold payment of the excess to the delinquent owner)) If ((a)) any person having an interest in or lien upon the property has filed notice with the department ((his or her notice of the lien or interest)) before the sale, the department must withhold payment of any excess to the person pending determination of the rights of the respective parties ((thereto)) by a court of competent jurisdiction. If ((for any reason)) the receipt of the ((delinquent owner)) person is not~~

available, the department (~~shall~~) must deposit the excess with the state treasurer as trustee for the (~~delinquent owner~~) person or his or her heirs, successors, or assigns.

Sec. 490. RCW 46.87.370 and 2001 c 146 s 6 are each amended to read as follows:

~~((Whenever any)) When an assessment ((has)) becomes final ((in accordance with this chapter)), the department may file with the clerk of any county within ((this)) the state a warrant in the amount of fees, taxes, penalties, interest, and a filing fee under RCW 36.18.012(10). ((The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant the name of the delinquent owner of proportionally registered vehicles mentioned in the warrant, the amount of the fees, taxes, penalties, interest, and filing fee, and the date when the warrant was filed.)) The ((aggregate amount of the)) warrant ((as docketed)) constitutes a lien upon the title to, and interest in, all real and personal property of the ((named)) person against whom the warrant is issued((, the same as a judgment in a civil case duly docketed in the office of the clerk)). ((A)) The warrant ((so docketed)) is sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state ((in the manner provided by law in the case of civil judgment wholly or partially unsatisfied. The clerk of the court is entitled to a filing fee under RCW 36.18.012(10), which shall be added to the amount of the warrant)).~~

Sec. 491. RCW 46.87.410 and 1997 c 183 s 1 are each amended to read as follows:

Sec. 492. RCW 46.19.020 and 2014 c 124 s 3 are each amended to read as follows:

Prime Sponsor, Committee on Transportation:
Concerning the regulation of passenger charter and

excursion carriers. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 499. RCW 81.70.020 and 2007 c 234 s 55 are each amended to read as follows:

Unless the context otherwise requires, the definitions and general provisions in this section govern the construction of this chapter:

- (1) "Commission" means the Washington utilities and transportation commission;
- (2) "Person or persons" means an individual, a corporation, association, joint stock association, and partnership, their lessees, trustees, or receivers;
- (3) "Public highway" includes every public street, road, or highway in this state;
- (4) "Motor vehicle" means every self-propelled vehicle with seating capacity for seven or more persons, excluding the driver;
- (5) Subject to the exclusions of RCW 81.70.030, "charter party carrier" means every person engaged in the transportation over any public highways in this state of a group of persons, who, pursuant to a common purpose and under a single contract, acquire the use of a motor vehicle to travel together as a group to a specified destination or for a particular itinerary, either agreed upon in advance or modified by the chartered group after leaving the place of origin;
- (6) Subject to the exclusion of RCW 81.70.030, "excursion service carrier" means every person engaged in the transportation of persons for compensation over any public highway in this state from points of origin within the incorporated limits of any city or town or area, to any other location within the state of Washington and returning to that origin. The service must not pick up or drop off passengers after leaving and before returning to the area of origin. The excursions may be regularly scheduled. Compensation for the transportation offered or afforded must be computed, charged, or assessed by the excursion service company on an individual fare basis;
- (7) "Customer" means a person, corporation, or other entity that prearranges for transportation services with a charter party carrier or purchases a ticket for transportation services aboard an excursion service carrier;
- (8) "Double-decker bus" means a motor vehicle with more than one passenger deck. A person using a double-decker bus must comply with the maximum height vehicle requirements contained in RCW 46.44.020;
- (9) Subject to the exclusions of RCW 81.70.030, "party bus" means any motor vehicle whose interior enables passengers to stand and circulate throughout the vehicle because seating is placed around the perimeter of the bus or is nonexistent and in which food, beverages, or entertainment may be provided. A motor vehicle configured in the traditional manner of forward-facing seating with a center aisle is not a party bus. A person engaged in the transportation of persons by party bus over any public highway in this state is considered engaging in the business of a charter party carrier or excursion service carrier;
- (10) "Permit holder" means a holder of an appropriate special permit issued under chapter 66.20 RCW who is twenty-one years of age or older and who is responsible for compliance with the requirements of section 8 of this act and chapter 66.20 RCW during the provision of transportation services.

Sec. 500. RCW 81.70.030 and 2007 c 234 s 56 are each amended to read as follows:

This chapter does not apply to:

- (1) ~~(Persons operating motor vehicles wholly within the limits of incorporated cities;~~
- (2)) Persons or their lessees, receivers, or trustees insofar as they own, control, operate, or manage taxicabs, hotel buses, or school buses, when operated as such;
- (~~(3))~~ (2) Passenger vehicles carrying passengers on a noncommercial enterprise basis; or
- (~~(4))~~ (3) Limousine charter party carriers of passengers under chapter 46.72A RCW.

Sec. 501. RCW 81.70.220 and 2009 c 557 s 4 are each amended to read as follows:

- (1) No person may engage in the business of a charter party carrier or excursion service carrier of ~~(persons)~~ passengers over any public highway without first having obtained a certificate from the commission to do so or having registered as an interstate carrier. For the purposes of this section, "engage in the business of a charter party carrier or excursion service carrier" includes advertising or soliciting, offering, or entering into an agreement to provide such service. Each advertisement reproduced, broadcast, or displayed via a particular medium constitutes a separate violation under this chapter.
- (2) Any person who engages in the business of a charter party carrier or excursion service carrier in violation of subsection (1) of this section is subject to a penalty of up to five thousand dollars per violation.
- (3) An auto transportation company carrying passengers for compensation over any public highway in this state between fixed termini or over a regular route that is not required to hold an auto transportation certificate because of a commission finding under RCW 81.68.015 must obtain a certificate under this chapter.

Sec. 502. RCW 81.70.260 and 1989 c 163 s 9 are each amended to read as follows:

- (1) After the cancellation or revocation of a certificate or interstate registration or during the period of its suspension, it is unlawful for a charter party carrier or excursion service carrier of passengers to conduct any operations as such a carrier. For the purposes of this section, "conduct any operations" includes advertising or soliciting, offering, or entering into an agreement to provide such service. Each advertisement reproduced, broadcast, or displayed via a particular medium constitutes a separate violation under this chapter.
- (2) Any person who conducts operations as a charter party carrier or excursion service carrier of passengers in violation of subsection (1) of this section is subject to a penalty of up to five thousand dollars per violation.

Sec. 503. RCW 81.70.320 and 2007 c 234 s 61 are each amended to read as follows:

- (1) An application for a certificate, amendment of a certificate, or transfer of a certificate must be accompanied by a filing fee the commission may prescribe by rule. The fee must not exceed two hundred dollars.
- (2) All fees paid to the commission under this chapter must be deposited in the state treasury to the credit of the public service revolving fund.
- (3) It is the intent of the legislature that all fees collected under this chapter must reasonably approximate the cost of supervising and regulating charter party carriers and excursion service carriers

subject thereto, and to that end the commission may decrease the schedule of fees provided for in RCW 81.70.350 by general order entered before ~~((November))~~ March 1st of any year in which the commission determines that the moneys, then in the charter party carrier and excursion service carrier account of the public service revolving fund, and the fees currently owed will exceed the reasonable cost of supervising and regulating such carriers during the succeeding calendar year. Whenever the cost accounting records of the commission indicate that the schedule of fees previously reduced should be increased, the increase, not to exceed the schedule set forth in this chapter, may be effected by a similar general order entered before ~~((November))~~ March 1st of any calendar year.

Sec. 504. RCW 81.70.350 and 1994 c 83 s 3 are each amended to read as follows:

(1) The commission shall collect from each charter party carrier and excursion service carrier holding a certificate issued pursuant to this chapter and from each interstate or foreign carrier subject to this chapter an annual regulatory fee, to be established by the commission but which in total shall not exceed the cost of supervising and regulating such carriers, for each bus used by such carrier.

(2) ~~((All))~~ The fee(s) prescribed ~~((by))~~ under this section ~~((shall be))~~ is due and payable on or before ~~((December 31))~~ May 1st of each year, to cover operations during the ~~((ensuing))~~ calendar year ~~((beginning February 1))~~ in which the fee is paid.

(3) Any payment of the fee imposed by this section made after its due date shall include a late fee of two percent of the amount due. Delinquent fees shall accrue interest at the rate of one percent per month.

Sec. 505. RCW 81.70.360 and 1984 c 166 s 5 are each amended to read as follows:

No excursion service company may operate for the transportation of persons for compensation without first having obtained from the commission under the provisions of this chapter a certificate to do so. For the purposes of this section, "operate for the transportation of persons for compensation" includes advertising or soliciting, offering, or entering into an agreement to provide such service.

A certificate shall be issued to any qualified applicant therefor, authorizing the whole or any part of the operations covered by the application, if it is found that the applicant is fit, willing, and able to properly perform the services proposed and conform to the provisions of this chapter and the rules of the commission adopted under this chapter, and that such operations will be consistent with the public interest. ~~((However, a certificate shall be granted when it appears to the satisfaction of the commission that the person, firm, or corporation was actually operating in good faith that type of service for which the certificate was sought on January 15, 1983.))~~ Any right, privilege, or certificate held, owned, or obtained by an excursion service company may be sold, assigned, leased, transferred, or inherited as other property only upon authorization by the commission. For good cause shown the commission may refuse to issue the certificate, or issue it for the partial exercise only of the privilege sought, and may attach to the exercise of the rights granted by the certificate such terms and conditions as, in its judgment, the public interest may require.

NEW SECTION. Sec. 506. A new section is added to chapter 81.70 RCW to read as follows:

(1)(a) A charter party carrier or excursion service carrier operating a party bus must determine whether alcoholic beverages will be served or consumed in the passenger compartment of the vehicle. If it is expected that alcoholic beverages will be served or consumed in the passenger compartment, the permit holder must have obtained the appropriate liquor permit, provided a copy of the permit to the charter party carrier or excursion service carrier in advance of the trip, and be on the vehicle or reasonably proximate and available to the vehicle during the transportation service. The company must maintain the copy of the permit required with the contract of carriage.

(b) If the charter party carrier or excursion service carrier operating a party bus is the permit holder, the carrier must have a person separate from the driver be responsible for the permit holder requirements in this section and either chapter 66.20 or 66.24 RCW.

(c) The permit holder must:

(i) Be on the party bus or reasonably proximate and available to the vehicle during the transportation service;

(ii) Monitor and control party activities in a manner to prevent the driver from being distracted by the party activities; and

(iii) Assume responsibility for compliance with the terms of the special permit, if a permit is required, including compliance with RCW 66.44.270 concerning the prohibition against furnishing liquor to minors.

(2) If at any time the charter party carrier or excursion service carrier operating a party bus believes that conditions aboard the vehicle are unsafe due to party activities involving alcohol, the carrier must remove all alcoholic beverages and lock them in the party bus trunk or other locked compartment. The carrier may cancel the trip and return the passengers to the place of origin.

(3) This section does not limit the right of a charter party carrier or excursion service carrier to prohibit the consumption of alcohol aboard the vehicle.

(4) This section does not limit the right of a permit holder to seek indemnity from any person, corporation, or other entity other than the charter party carrier or excursion service carrier.

(5) This section does not relieve a passenger of legal responsibility for his or her own conduct or the permit holder of legal responsibility for compliance with Title 66 RCW.

(6) Any charter party carrier or excursion service carrier in violation of this section is subject to a penalty of up to five thousand dollars per violation.

NEW SECTION. Sec. 507. A new section is added to chapter 81.70 RCW to read as follows:

(1) A charter party carrier or excursion service carrier may not knowingly allow any passenger to smoke aboard a motor vehicle regulated under this chapter.

(2) For the purposes of this section, "smoke" has the same meaning as defined in RCW 70.160.020."

Correct the title.

EFFECT: Removes language that prohibited charter party carriers and excursion service carriers from serving alcohol and prohibited any alcohol on an excursion service carrier. Clarifies requirements if alcohol will be served on a party bus operated by either a charter party carrier or an excursion service carrier, including the responsibilities of the permit holder.

"Sec. 511. RCW 58.17.310 and 2009 c 145 s 1 are each amended to read as follows:

(1) Whenever a city, town, or county receives an application for the approval of a plat of a subdivision, alteration of an existing subdivision, the creation of a new parcel or parcels, or modification of existing parcels, for real property that lies in whole or in part in an irrigation district organized pursuant to chapter 87.03 RCW, the responsible administrator shall give written notice of the application, including a legal description of the short subdivision and a location map, to the irrigation district. The irrigation district shall, after receiving the notice, submit to the responsible administrator who furnished the notice a statement with any information or conditions for approval that the irrigation district deems to be necessary regarding the proposed division's effect upon the structural integrity, including lateral support, of the irrigation district facilities, other risk exposures, and the safety of the public and irrigation district.

REPORTS OF STANDING COMMITTEES

March 23, 2015

SSB 5012 Prime Sponsor, Committee on Agriculture, Water & Rural Economic Development: Authorizing the growing of industrial hemp. Reported by Committee on Commerce & Gaming

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 519. The legislature finds that hemp has been continuously cultivated for millennia, is accepted and available in the global marketplace, and has numerous beneficial, practical, and economic uses, including, but not limited to: High strength fiber; textiles; clothing; biofuel; paper products; protein rich food containing fatty acids and amino acids; biodegradable plastics; resins; nontoxic medicinal and cosmetic products; construction materials; rope; and value-added crafts.

The many beneficial agricultural and environmental uses of hemp include, but are not limited to: Livestock feed and bedding; carbon dioxide absorption and conversion; stream buffering; erosion control; water and soil purification; and weed control.

The hemp plant is an annual herbaceous plant that, on average, varies in height from three to nineteen feet and has a stem diameter averaging between one-quarter to one and one-half inches. The hemp plant is morphologically distinctive and readily identifiable as an agricultural crop grown for the cultivation and harvesting of its fiber and seed.

The agricultural act of 2014, known as the farm bill, passed by congress last year, authorizes the growing of hemp by institutions of higher learning and state departments of agriculture for academic or agricultural research purposes, but only in those states that have already legalized hemp production. At least eight states have passed legislation generally authorizing the production and marketing of industrial hemp and eleven others have authorized either hemp pilot studies or the production of hemp for agricultural research purposes, or both.

Hemp cultivation will enable the state of Washington to accelerate economic growth and job creation, promote environmental stewardship, and expand export opportunities.

Therefore, it is the intent of the legislature to legalize the agricultural production of industrial hemp and provide a regulatory framework that will ensure the security and safety of hemp crops while at the same time facilitate the ability of Washington farmers to successfully compete in the global hemp marketplace.

NEW SECTION. Sec. 520. (1) Industrial hemp is an agricultural product that may be legally grown, produced, possessed, processed, and commercially traded in accordance with the provisions of this chapter. Interstate and international commercial transactions may be conducted by state licensed industrial hemp producers and processors with respect to industrial hemp and industrial hemp products produced in this state by licensees. The department is granted the rule-making authority necessary to implement the provisions of this chapter.

(2) The department is authorized to adopt rules addressing the prevention of cross-pollination between industrial hemp plants and marijuana plants. Any rule making regarding this issue must be done in consultation with the state liquor control board in order to ensure consistency between the rules developed by the department and the state liquor control board, respectively, relating to cross-pollination issues potentially affecting licensees under this chapter and chapter 69.50 RCW.

NEW SECTION. Sec. 521. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Cultivar" means a variation of genera *Cannabis* that has been developed through cultivation by selective breeding.

(2) "Department" means the Washington state department of agriculture.

(3) "Grower" means any person or entity growing industrial hemp and being duly licensed in accordance with the provisions of this chapter.

(4) "Hemp products" include all products made from industrial hemp including, but not limited to, cloth, cordage, fiber, food, fuel, paint, paper, building materials, plastics, seed, livestock feed, seed meal, seed oil intended for consumption, seed certified for cultivation, or any other hemp product derived from industrial hemp, provided the product is derived from seeds originating from industrial hemp cultivars approved by the department in accordance with the provisions of this chapter.

(5) "Industrial hemp" means all parts and varieties of the genera *Cannabis*, cultivated or possessed by a grower, whether growing or not, that contain a tetrahydrocannabinol concentration of 0.3 percent or less by dry weight, except that the THC concentration limit of 0.3 percent may be exceeded with respect to seeds used for licensed industrial hemp research conducted in accordance with the requirements of sections 8 and 10 of this act. Industrial hemp does not include plants of the genera *Cannabis* that meet the definition of "marijuana" under RCW 69.50.101.

(6) "THC" or "tetrahydrocannabinol" means the component delta-9-tetrahydrocannabinol contained in the genera *Cannabis*, or in the resinous extractives of the genera *Cannabis*, or the synthetic substances, derivatives, and their isomers with similar chemical structure and pharmacological activity.

(7) "THC concentration" means percent of total THC, which is the percent of delta-9 tetrahydrocannabinol in any part of the genera *Cannabis*, regardless of moisture content.

NEW SECTION. Sec. 522. (1) The department shall administer and enforce the provisions of this chapter.

(2) The department is authorized to investigate compliance with this chapter, and have access, subject to the provisions of subsection (3) of this section, to all land, buildings, or places where industrial hemp is grown, kept, stored, or handled, and to all records relating to hemp production. The department may make copies of the records.

(3) The department may access properties and records specified in subsection (2) of this section during regular business hours upon the consent of the grower or when the department has probable cause to believe that any grower licensed under this chapter is otherwise in violation of this chapter or rules adopted under it.

NEW SECTION. Sec. 523. (1) Any person or entity wishing to engage in the production of industrial hemp must be licensed as an industrial hemp grower by the department. A department-issued license authorizes industrial hemp production only at the site or sites specified by the licensee in the licensee's license application.

(2) In order to obtain a license, a prospective licensee must file an application with the department. The department must make a determination to either grant or deny a license within sixty days of receipt of the application. A department-issued license is valid for thirty-six months and may be renewed, but may not be transferred.

(3) To qualify for a license, an applicant shall demonstrate to the satisfaction of the department, in a manner prescribed by the department, that the applicant intends to and is capable of growing industrial hemp and has adopted methods to ensure its safe production, which at a minimum include:

(a) Securing the supply of all industrial hemp seed obtained for planting in compliance with this chapter;

(b) Ensuring the integrity of the industrial hemp crop while it is in the field, which includes filing with the department the location and acreage of all parcels sown and other field reference information as may be required by the director;

(c) Agreeing to the provisions of section 4 of this act regarding inspections and records requests by the department; and

(d) Maintaining records that reflect compliance with the provisions of this chapter and with all other state law regulating the planting and cultivation of hemp.

(4)(a) Except as provided in (b) of this subsection, all licensed growers must maintain all production records for at least three years at the production site.

(b) Licensed growers who are corporate entities must maintain production records for at least three years either at the production site or at a corporate office located within the state.

(5) Every grower shall place signs at the natural access points of industrial hemp fields that communicate, at a minimum, that the crop is industrial hemp and that the THC content is insignificant. The minimum length of the signs is twenty-four inches and the minimum height is eighteen inches.

NEW SECTION. Sec. 524. (1) The department may deny, suspend, revoke, or refuse to renew the license of any grower that:

(a) Makes a false statement or misrepresentation on an application for a license or renewal of a license;

(b) Fails to comply with or violates any provision of this chapter or any rule adopted under it; or

(c) Fails to take any action required by the department under the provisions of this chapter.

(2) Revocation or suspension of a license may be in addition to any criminal penalties or fines imposed on a grower under other state law.

NEW SECTION. Sec. 525. (1) The department shall charge an annual fee for each license granted to a grower under this chapter. The fee amount charged for the first growing season after the effective date of this section is thirty dollars per acre of land under cultivation. After the first growing season, the department shall adopt by rule a fee sufficient to fully fund and administer the program, to be used beginning with the growing season following the first growing season. All fee revenue must be deposited in the dedicated industrial hemp account created in section 12 of this act.

(2) After the third growing season, the department shall report to the legislature on the fee amount, the acres of industrial hemp in production, and the revenue generated from industrial hemp.

NEW SECTION. Sec. 526. (a) Industrial hemp seed cultivars that have been certified by or after January 1, 2013, by member organizations of the association of official seed certifying agencies, including, but not limited to, the Canadian seed growers' association; and

(b) Industrial hemp seed cultivars that have been certified by or after January 1, 2013, by the organization of economic cooperation and development.

(5) Industrial hemp seeds are subject to the provisions and requirements of RCW 15.49.370, which establishes the general regulatory authority of the department with respect to agricultural seeds. Pursuant to this authority, the department may sample, inspect, analyze, and generally regulate the industrial hemp seeds used by licensed growers in this state. The department may also charge fees and special assessments to licensed growers, as established by rule, related to the inspection, testing, and certification of industrial hemp seeds.

(6) For the purposes of this section and RCW 15.49.370, industrial hemp seed samples collected for inspection and testing purposes must be directly taken into the custody of an authorized employee of the department. The annual test results must be retained by the grower for a period of three years. The samples must be from each noncontiguous, individually identifiable field, regardless of size, that is owned or controlled by the grower. The costs of the testing must be borne by the producer and the test results must be provided to the department by either the laboratory or the grower, or both, at the request of the department. The department has discretionary authority to require random testing at any time.

(2) The department may exempt a grower from the annual testing requirement established under this section if the annual test results of the hemp varieties grown by that producer prove to contain 0.3 percent THC or less for three consecutive years.

(3) The department shall adopt by rule the criteria for the certification of a testing laboratory and the testing standards and processes to be used by a laboratory under this section.

NEW SECTION. Sec. 528. (1) Subject to receiving federal or private funds for this purpose, Washington State University shall study the feasibility and desirability of industrial hemp production in Washington state. In conducting the study, Washington State University shall gather information from agricultural and scientific literature, consulting with experts and the public, and reviewing the best practices of other states and countries worldwide regarding the development of markets for industrial hemp and hemp products. The study must include an analysis of:

(a) The market economic conditions affecting the development of an industrial hemp industry in the state;

(b) The estimated value-added benefit that Washington's economy would obtain from having a developed industrial hemp industry in the state;

(b) The report must include recommendations for any legislative actions necessary to encourage and support the development of an industrial hemp industry in the state of Washington.

(3) This section expires August 1, 2016.

NEW SECTION. Sec. 529. Raw hemp seeds intended for human consumption may not be sold to the public at retail unless the processing of the seeds includes heating sufficient to kill the seed so as to ensure that the seed is incapable of germination. This requirement does not apply to retail sales of raw hemp seeds that have had the hulls removed.

NEW SECTION. Sec. 530. The dedicated industrial hemp account is created in the custody of the state treasurer. All receipts from license fees, seed testing fees and assessments, penalties, forfeitures, and all other moneys, income, or revenue received by the department from industrial hemp-related activities must be deposited into the account. Expenditures from the account may be used only for the purposes of this chapter in order to defray the costs of activities and expenditures related to the regulation of industrial hemp. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 531. By January 15th of each year, the department must report to the relevant committees of the legislature with jurisdiction over agricultural activities regarding implementation of this chapter and on the commercialization of industrial hemp in this state and elsewhere in the world, and recommend any changes to this chapter deemed appropriate.

SSB 5463 Prime Sponsor, Committee on Ways & Means: Concerning access to and creation of cultural and

heritage programs and facilities. Reported by Committee on Community Development, Housing & Tribal Affairs

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"PART I INTENT

NEW SECTION. Sec. 101. INTENT. (1) The legislature finds that:

(a) The cultural organizations of the state provide numerous public benefits. Providing support for the state's cultural organizations is in the public interest and will serve multiple public purposes including, among others, enhancing and extending the educational reach and offerings of cultural organizations; ensuring continued and expanded access to the facilities and programs of cultural organizations by economically and geographically underserved populations; and providing financial stability to the organizations to enable them to focus on core missions as well as to continue and extend the numerous public benefits they provide.

(b) Economic impact studies consistently confirm that cultural institutions represent a multibillion dollar segment of the state's overall economy and are directly responsible for tens of thousands of jobs.

(2) The purpose of this chapter is to authorize the cultural access program, under which counties authorize funding for public school cultural access programs and support cultural organizations.

PART II DEFINITIONS

NEW SECTION. Sec. 201. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrative costs" means all operating, administrative, and maintenance expenses for a program, a designated public agency, or a designated entity.

(2) "Attendance" means the total number of visits by persons in physical attendance during a year at cultural organization facilities located or cultural organization programs provided within the county creating a program, including attendance for which admission was paid, discounted, or free, consistent with and verifiable under guidelines adopted by the appropriate program.

(3) "Cultural organization" means a nonprofit corporation incorporated under the laws of the state of Washington and recognized by the internal revenue service as described in section 501(c)(3) of the internal revenue code of 1986, as amended, with its principal location or locations and conducting a majority of its activities within the state, not including: Any agency of the state or any of its political subdivisions; any municipal corporation; any organization that raises funds for redistribution to multiple cultural organizations; or any radio or television broadcasting network or station, cable communications system, internet-based communications venture or service, newspaper, or magazine. The primary purpose of the organization must be the advancement and preservation of science or technology, the visual or performing arts, zoology, botany, anthropology, heritage, or natural history and any organization must directly provide programming or experiences available to the general public. Any organization with

the primary purpose of advancing and preserving zoology such as zoos and aquariums must be or support a facility that is accredited by the association of zoos and aquariums or its functional successor. A state-related cultural organization may be a cultural organization.

(4) "Designated entity" means the entity designated by the legislative authority of a county creating the program, as required under section 601(1)(d) of this act. The entity may be a public agency, including the state arts commission established under chapter 43.46 RCW, or a Washington nonprofit corporation that is not a cultural organization eligible for funding under this chapter.

(5) "Designated public agency" means the public agency designated by the legislative authority of a county creating the program, as required under section 601(2)(h) of this act.

(6) "Program" means a cultural access program established by a county by ordinance.

(7) "Revenues" means revenues from all sources generated by a cultural organization, consistent with generally accepted accounting practices and any program guidelines, excluding: (a) Revenues associated with capital projects other than major maintenance projects including, but not limited to, capital campaign expenses; (b) funds provided under this chapter; (c) revenue that would be considered unrelated business taxable income under the internal revenue code of 1986, as amended; and (d) with respect to a state-related cultural organization, state funding received by it or for the institution it supports. Revenues include transfers from an organization's endowment or reserves and may include the value of in-kind goods and services to the extent permitted under any program guidelines.

(8) "State-related cultural organization" means an organization incorporated as a nonprofit corporation under the laws of the state of Washington and recognized by the internal revenue service as described in section 501(c)(3) of the internal revenue code of 1986, as amended, with a primary purpose and directly providing programming or experiences available to the general public consistent with the requirements for recognition as a cultural organization under this chapter operating in a facility owned and supported by the state, a state agency, or state educational institution.

PART III CULTURAL ACCESS PROGRAM

NEW SECTION. Sec. 301. CREATION. (1) Any county legislative authority may create a cultural access program by ordinance.

(2) Any contiguous group of counties may create a program by entering into an interlocal agreement under chapter 39.34 RCW, approved by resolution of the county legislative authorities.

(3) A city may create a cultural access program if the county legislative authority in which the city is located adopts a resolution stating that the county forfeits its option to create a program or does not place a proposition before the people to create such a program by June 30, 2017. In the event the exception in this subsection occurs, all references in this chapter to a county must include a city that has exercised its authority under this subsection, unless the context clearly requires otherwise.

NEW SECTION. Sec. 302. START-UP FUNDING AND CONDITIONAL FORMATION. (1) The county creating a program may advance to the program funding for its administrative costs, including the cost of informing the public about the formation of the program, how it is proposed to be funded, and the public benefits to be realized if it is successful. However, this

subsection does not authorize the preparation and distribution of information to the general public for the purpose of influencing the outcome of any election called for voter authorization of a proposed tax to support a program.

(2) The county creating a program may provide for repayment of any start-up funding advanced to a program from the proceeds of taxes authorized under sections 401 through 403 of this act and approved by voters after the taxes are first collected. The funds may be repaid to such county with interest at the internal rate of return on the invested funds of such county.

NEW SECTION. Sec. 303. NONSUPPLANTATION. In creating a program under this chapter, any county creating the program must affirm that any funding such county usually and customarily provides to cultural organizations similar to funding that would be available to those organizations under this chapter may not be replaced or materially diminished as a result of funding becoming available under this chapter. If an organization designated to receive funds under this chapter is a state-related cultural organization, the funds received under this chapter may not replace or materially diminish any funding usually or customarily provided by the state.

NEW SECTION. Sec. 304. ADVISORY COUNCILS. Each county creating a program under this chapter may establish an advisory council, the membership of which must include citizen representatives of constituencies and organizations with interests relevant to the work of the program including, but not limited to, leaders in the business, educational, and cultural communities. Advisory council members should be residents of the county creating the program. Policies concerning the size and operation of any advisory council must be established by the county that creates the program.

NEW SECTION. Sec. 305. ALTERNATIVE ADMINISTRATIVE ARRANGEMENTS. A county with a population of less than one million five hundred thousand may contract with the state arts commission formed under chapter 43.46 RCW for the provision of consulting, management, or other administrative services to be provided to its program created under this chapter. Any county creating a program may elect to consolidate administration of such a program with that of the entity or public agency designated by the county creating such a program to perform the functions required under section 601 of this act.

PART IV FUNDING

NEW SECTION. Sec. 401. PROGRAM TO IMPOSE TAX. (1)(a) Except as provided in (b) of this subsection, a county creating a program under this chapter may impose sales and use taxes under section 402 of this act or additional regular property tax levies under section 403 of this act for the purposes authorized under this chapter.

(b) A county with a population of one million five hundred thousand or more may not impose additional regular property tax levies under section 403 of this act.

(2) If a county imposes sales and use taxes under section 402 of this act, the county may not impose an additional regular property tax levy under section 403 of this act so long as such sales and use taxes are in effect.

(3) If a county imposes an additional regular property tax levy under section 403 of this act, the county may not impose sales and use taxes under section 402 of this act so long as such property tax levy is in effect.

(4) All revenue from taxes imposed under this chapter must be credited to a special fund in the treasury of the county imposing such tax and used solely for the purpose of paying all or any part of the cost of cultural access programs as provided in this chapter.

NEW SECTION. Sec. 402. A new section is added to chapter 82.14 RCW to read as follows:

SALES AND USE TAXES. (1) The legislative authority of a county or a city may impose a sales and use tax of up to one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax, for the purposes authorized under chapter 36--- RCW (the new chapter created in section 702 of this act). The legislative authority of the county or city may impose the sales and use tax by ordinance and must condition its imposition on the specific authorization of a majority of the voters voting on a proposition submitted at a special or general election held after June 30, 2016. The ordinance and ballot proposition may provide for the tax to apply for a period of up to seven consecutive years.

(2) The tax authorized in this section is in addition to any other taxes authorized by law and must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event.

(3) The legislative authority of a county or city may reimpose a tax imposed under this section for one or more additional periods of up to seven consecutive years. The legislative authority of the county or city may only reimpose the sales and use tax by ordinance and on the prior specific authorization of a majority of the voters voting on a proposition submitted at a special or general election.

(4) Moneys collected under this section may only be used for the purposes set forth in section 601 of this act.

(5) The department must perform the collection of taxes under this section on behalf of a county or city at no cost to the county or city, and the state treasurer must distribute those taxes as available on a monthly basis to the county or city or, upon the direction of the county or city, to its treasurer or a fiscal agent, paying agent, or trustee for obligations issued or incurred by the program.

(6) The definitions in section 201 of this act apply to this section.

NEW SECTION. Sec. 403. A new section is added to chapter 84.52 RCW to read as follows:

PROPERTY TAX. (1) The legislative authority of a county or city may impose an additional regular property tax levy for the purposes authorized under chapter 36--- RCW (the new chapter created in section 702 of this act). The legislative authority of the county or city may impose the additional levy by ordinance and must condition its imposition of the levy upon prior specific authorization of a majority of the voters voting on a proposition submitted at a special or general election held after June 30, 2016. The ordinance and the ballot proposition must set forth the total dollar amount to be collected in the first year of the levy and the estimated levy rate for the first year and may provide for a levy for a period of up to seven consecutive years. The total dollar amount to be set forth in the ordinance and the ballot proposition may not exceed an amount equal to: The total taxable retail sales and taxable uses in the county or the city levying the property tax for the most recent calendar year as reported by the department multiplied by one-tenth of one percent. Any county or city levying

the property tax in this section must calculate the total dollar amount to be collected using the most recent calendar year publicly available data of taxable retail sales published on the department's web site.

(2) The legislative authority of a county or city may reimpose an additional regular property tax levy imposed under subsection (1) of this section for one or more additional periods of up to seven consecutive years. The legislative authority of the county or city may only reimpose the regular property tax levy by ordinance and on the prior specific authorization of a majority of the voters voting on a proposition submitted at a special or general election. The ordinance and the ballot proposition must set forth the total dollar amount to be collected in the first year and the estimated levy rate for the first year of the reimposed levy. The total dollar amount to be set forth in the ordinance and the ballot proposition may not exceed an amount equal to: The total taxable retail sales and taxable uses in the county or the city levying the property tax for the most recent calendar year as reported by the department multiplied by one-tenth of one percent. Any county or city levying the property tax in this section must calculate the total dollar amount to be collected using the most recent calendar year publicly available data of taxable retail sales published on the department's web site.

(3) In the event a county or city is levying property taxes under this section that, in combination with property taxes levied by other taxing districts, exceed the limitation in RCW 84.52.050 or 84.52.043(2), the county's or city's property tax levy under this section must be reduced or eliminated consistent with RCW 84.52.010.

(4) The limitation in RCW 84.55.010 does not apply to the first levy imposed under subsection (1) of this section or to the first levy reimposed under subsection (2) of this section.

(5) The limitations in RCW 84.52.043(1) do not apply to the tax levy authorized in this section.

(6) Moneys collected under this section may only be used for the purposes set forth in section 601 of this act.

(7) The definitions in section 201 of this act apply to this section.

Sec. 404. RCW 84.52.010 and 2011 1st sp.s. c 28 s 2 are each amended to read as follows:

(1) Except as is permitted under RCW 84.55.050, all taxes must be levied or voted in specific amounts.

(2) The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

(3) When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor must recompute and establish a consolidated levy in the following manner:

(a) The full certified rates of tax levy for state, county, county road district, and city or town purposes must be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy takes precedence over all other levies and may not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW

36.54.130, 84.34.230, 84.52.069, 84.52.105, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, 84.52.125, 84.52.135, 84.52.140, and the protected portion of the levy under RCW 86.15.160 by flood control zone districts in a county with a population of seven hundred seventy-five thousand or more that are coextensive with a county, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies must be reduced as follows:

- (i) The portion of the levy by a metropolitan park district that has a population of less than one hundred fifty thousand and is located in a county with a population of one million five hundred thousand or more that is protected under RCW 84.52.120 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;
- (ii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the protected portion of the levy imposed under RCW 86.15.160 by a flood control zone district in a county with a population of seven hundred seventy-five thousand or more that is coextensive with a county must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;
- (iii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.140 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;
- (iv) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a fire protection district that is protected under RCW 84.52.125 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;
- (v) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.135 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;
- (vi) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a ferry district under RCW 36.54.130 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;
- (vii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a metropolitan park district with a population of one hundred fifty thousand or more that is protected under RCW 84.52.120 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;
- (viii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, must be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated; and
- (ix) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per

thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated.

(b) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property must be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

- (i) First, the certified property tax levy authorized under section 403 of this act must be reduced on a pro rata basis or eliminated;
- (ii) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, 35.95A.100, and 67.38.130 must be reduced on a pro rata basis or eliminated;
- ~~((ii) Second)~~ (iii) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts other than the portion of a levy protected under RCW 84.52.815 must be reduced on a pro rata basis or eliminated;
- ~~((iii) Third)~~ (iv) Fourth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, regional fire protection service authorities, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, must be reduced on a pro rata basis or eliminated;
- ~~((iv) Fourth)~~ (v) Fifth, if the consolidated tax levy rate still exceeds these limitations, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts created on or after January 1, 2002, must be reduced on a pro rata basis or eliminated;
- ~~((v) Fifth)~~ (vi) Sixth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 and regional fire protection service authorities under RCW 52.26.140(1) (b) and (c) must be reduced on a pro rata basis or eliminated; and
- ~~((vi) Sixth)~~ (vii) Seventh, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, regional fire protection service authorities under RCW 52.26.140(1)(a), library districts, metropolitan park districts created before January 1, 2002, under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, must be reduced on a pro rata basis or eliminated.

Sec. 405. RCW 84.52.010 and 2009 c 551 s 7 are each amended to read as follows:

- (1) Except as is permitted under RCW 84.55.050, all taxes ~~((shall))~~ must be levied or voted in specific amounts.
- (2) The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, ~~((shall))~~ must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county ~~((shall))~~ must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

(3) When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor ~~((shall))~~ must recompute and establish a consolidated levy in the following manner:

~~((+))~~ (a) The full certified rates of tax levy for state, county, county road district, and city or town purposes ~~((shall))~~ must be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy ~~((shall))~~ takes precedence over all other levies and ~~((shall))~~ may not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 36.54.130, 84.34.230, 84.52.069, 84.52.105, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, 84.52.125, 84.52.135, and 84.52.140, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies ~~((shall))~~ must be reduced as follows:

~~((+))~~ (i) The levy imposed by a county under RCW 84.52.140 ~~((shall))~~ must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or ~~((shall))~~ must be eliminated;

~~((+))~~ (ii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a fire protection district that is protected under RCW 84.52.125 ~~((shall))~~ must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or ~~((shall))~~ must be eliminated;

~~((+))~~ (iii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.135 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

~~((+))~~ (iv) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a ferry district under RCW 36.54.130 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

~~((+))~~ (v) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a metropolitan park district that is protected under RCW 84.52.120 ~~((shall))~~ must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or ~~((shall))~~ must be eliminated;

~~((+))~~ (vi) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, ~~((shall))~~ must be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or ~~((shall))~~ must be eliminated; and

~~((+))~~ (vii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 ~~((shall))~~ must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.

~~((2))~~ (b) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such

property ~~((shall))~~ must be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

~~((a) First,))~~ (i) First, the certified property tax levy authorized under section 403 of this act must be reduced on a pro rata basis or eliminated;

(ii) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, 35.95A.100, and 67.38.130 ~~((shall))~~ must be reduced on a pro rata basis or eliminated;

~~((b) Second,))~~ (iii) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts ~~((shall))~~ must be reduced on a pro rata basis or eliminated;

~~((c) Third,))~~ (iv) Fourth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, regional fire protection service authorities, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, ~~((shall))~~ must be reduced on a pro rata basis or eliminated;

~~((d) Fourth,))~~ (v) Fifth, if the consolidated tax levy rate still exceeds these limitations, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts created on or after January 1, 2002, ~~((shall))~~ must be reduced on a pro rata basis or eliminated;

~~((e) Fifth,))~~ (vi) Sixth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 and regional fire protection service authorities under RCW 52.26.140(1) (b) and (c) ~~((shall))~~ must be reduced on a pro rata basis or eliminated; and

~~((f) Sixth,))~~ (vii) Seventh, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, regional fire protection service authorities under RCW 52.26.140(1)(a), library districts, metropolitan park districts created before January 1, 2002, under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, ~~((shall))~~ must be reduced on a pro rata basis or eliminated.

PART V PUBLIC BENEFITS AND PUBLIC SCHOOL CULTURAL ACCESS PROGRAM

NEW SECTION. Sec. 501. PUBLIC BENEFITS. (1) A program created under this chapter must provide or continue to provide funding authorized under this chapter only to cultural organizations that provide discernible public benefits. Each program created under this chapter must identify a range of public benefits that cultural organizations may provide or continue to provide in satisfaction of this requirement for eligibility to receive funding authorized under this chapter. The public benefits include, without limitation: Reasonable opportunities for access to facilities, programs, and services on a reduced or no admission fee basis, particularly for diverse and underserved populations and communities; providing, through technological and other means, services or programs in locations other than an organization's own facilities; providing educational programs and experiences both at an organization's own facilities and in schools and other venues; broadening cultural programs, performances, and exhibitions for

the enlightenment and entertainment of the public; supporting collaborative relationships with other cultural organizations in order to extend the reach and impact of the collaborating organizations for the benefit of the public; and, in the case of community-based cultural organizations, organizational capacity-building projects or activities that an organization can demonstrate, to the reasonable satisfaction of the designated entity, will enhance the ability of the organization to provide or continue to provide meaningful public benefits not otherwise achievable.

(2) Each program created under this chapter must adopt guidelines establishing a baseline standard of continuous performance with respect to the provision of public benefits required under this chapter and for evaluating the eligibility of any cultural organization to receive funds under this chapter based on the continuous performance of the organization in the provision of the public benefits. The guidelines must include: (a) Procedures for notifying any organization at risk of losing its eligibility to receive funds under this chapter for failure to achieve the program's baseline standard of performance with respect to the continuous provision of public benefits; and (b) measures or procedures available to the organization for either retaining or recovering eligibility, as appropriate.

NEW SECTION. Sec. 502. PUBLIC SCHOOL CULTURAL ACCESS PROGRAM. (1) A program created under this chapter must develop and provide a public school cultural access program, as provided in section 601 of this act.

(2) To the extent practicable consistent with available resources, the public school cultural access element of a program of a county described in section 601(2) of this act must include the following attributes:

(a) Provide benefits designed to increase public school student access to the programming offered and facilities operated by regional and community-based cultural organizations receiving funding under this chapter, giving priority to the activities in the order described in (c) of this subsection;

(b) Offer benefits to every public school in the county while scaling the range of benefits available to and the frequency of opportunities to participate by any particular school to coincide with the relative percentage of students attending the school who participate in the national free or reduced-price school meals program;

(c) Benefits provided under the public school cultural access program must include, without limitation:

(i) Providing directly or otherwise funding and arranging for transportation for all public school students at participating schools to attend and participate annually in the age appropriate programs and activities offered by such organizations;

(ii) Should funding available under this program for student transportation be inadequate in any one year due to more demand for student transportation than can be funded, the subsequent annual percentage allocation to the public school cultural access program must be increased up to two percent so as to provide sufficient funds to ensure adequate funding of student transportation;

(iii) Establishing and operating, within funding provided to support the public school cultural access program under this subsection, of a centralized service available to regional and community-based cultural organizations receiving funding under this chapter and public schools in the county to coordinate opportunities for public school student access to the programs and activities offered by the organizations both at the facilities and venues operated by the organizations and through programs and experiences provided by the organizations at schools and elsewhere;

(iv) In consultation with cultural organizations located within the county, preparing and maintaining a readily accessible and current guide cataloging access opportunities and facilitating scheduling;

(v) Coordinating closely with cultural organizations to maximize student utilization of available opportunities in a cost-efficient manner including possible scheduling on a single day opportunities for different grade levels at any one school and participation in multiple programs or activities in the same general area for which program-funded transportation is provided;

(vi) Supporting the development of tools, materials, and media by cultural organizations to ensure that school access programs and activities correlate with school curricula and extend the reach of access programs and activities for classroom use with or without direct on-site participation, to the extent practicable;

(vii) Building meaningful partnerships with public schools and cultural organizations in order to maximize participation in school access programs and activities and ensure their relevance and effectiveness;

(d) When a program determines that its program element required under (c)(i) through (vii) of this subsection has achieved sufficient scale and participation among public schools located within its boundaries and that it has resources remaining to devote to additional public school cultural access programs without diminishing such participation, the county may develop and financially support other public school cultural access activities in conjunction with cultural organizations receiving funds under this chapter; public school districts; and other public or nonprofit organizations that support cultural access. Any funding for development and support of such activities provided to cultural organizations receiving funds under this subsection must only be used to supplement the public benefits provided by such organizations as required under this chapter and may not be used by such organizations to replace or diminish funding for such required public benefits;

(e) Preparation of an annual public school cultural access plan for review and adoption prior to implementation; and

(f) Compilation of an annual report documenting the reach and evaluating the effectiveness of program-funded public school cultural access efforts, including information about the numbers and types of students who participated in the program and recommendations to the county for improvements.

PART VI USE OF FUNDS

NEW SECTION. Sec. 601. ALLOCATION. (1) A program in a county with a population of less than one million five hundred thousand must allocate the proceeds of taxes authorized under sections 402 and 403 of this act as follows:

(a) If any start-up funding has been provided to the program under section 302 of this act with the expectation that the funding will be repaid, the program must annually reserve from total funds available funding sufficient to provide for repayment of such start-up funding until any such start-up funding has been fully repaid;

(b) The funding determined by the county forming such a program to be reserved for program costs, including direct administrative costs, and repaying any start-up funding provided under section 303 of this act. Information disclosing the amount of funding to be reserved for program administrative costs must be included in any proposition submitted to voters under section 402 or 403 of this act;

(c) The county must determine the percentage of total funds available annually to be reserved for a public school cultural access program established and managed by the county to increase access

to cultural activities and programming for public school students resident in the county. The activities and programming need not be located or provided within the county. In developing its program, the county may consider the attributes prescribed for a public school cultural access program required to be undertaken under section 502(2) of this act and may also consider providing funding for music and arts education in public schools that is in addition to that provided for in the program of basic education funding;

(d) Remaining funds available annually, including all funds not initially reserved under (a), (b), and (c) of this subsection as well as funds not distributed by the county from the reserved funds must be distributed by the county to the entity designated by the legislative authority of the county creating the program. The county must determine:

(i) Guidelines, consistent with the requirements of this chapter, it deems necessary or appropriate for determining the eligibility of cultural organizations to receive funding under this chapter;

(ii) Criteria for the award of funds to eligible cultural organizations, including the public benefits to be derived from projects submitted for funding;

(iii) The amount of funding to be allocated to support designated entity administrative costs;

(iv) Criteria for the identification by the county or, if so directed by the county, by the designated entity of any cultural organization or organizations that would receive annual distributions of funds in such amounts determined by the county or, if so directed by the county, the designated entity; and

(v) Procedures to be used by the designated entity in awarding funding to other cultural organizations that may, but are not required to include a periodic competitive process for awarding funds for particular purposes or projects proposed by eligible cultural organizations;

(e) In evaluating requests for funding authorized under this chapter, the designated entity responsible for the distribution of the funds must consider the public benefits that any cultural organizations represented will be derived from proposed projects. At the conclusion of a project approved for funding, such organization is required to report to the designated entity on the public benefits realized;

(f) Funds distributed to cultural organizations may be used to support cultural and educational activities, programs, and initiatives; public benefits and communications; and basic operations. Funds may also be used for: (i) Capital expenditures or acquisitions including, but not limited to, the acquisition of or construction of improvements to real property; and (ii) technology, equipment, and supplies reasonably related to or necessary for a project otherwise eligible for funding under this chapter. Program guidelines may also determine the circumstances under which funds may be used to fund start-up expenses of new community-based cultural organizations;

(g) If the county or designated entity determine the eligibility of a cultural organization to receive funding or the relative magnitude of the funding it receives on the basis of its budget, revenues, or expenses, any determination with respect to a qualifying state-related cultural organization must exclude any state funding received by the organization or for the institution it supports.

(2) A county with a population of more than one million five hundred thousand must allocate the proceeds of the taxes authorized under section 402 of this act as follows:

(a) If any start-up funding has been provided to the program under section 302 of this act with the expectation that the funding will be repaid, the program must annually reserve from total funds available annually funding sufficient to provide for repayment of such start-up funding until any such start-up funding has been fully repaid;

(b) After allocating any funds as required in (a) of this subsection, up to one and one-fourth percent of total funds available annually may be used for program administrative costs;

(c) After allocating funds as required in (a) and (b) of this subsection, ten percent of remaining funds available annually must be used to fund a public school cultural access program to be administered by the program, subject to section 502(2) of this act;

(d) Seventy-five percent of total remaining funds available annually excluding funds initially reserved under (a), (b), and (c) of this subsection must be reserved for distribution by the program to regional cultural organizations that are cultural organizations that own, operate, or support cultural facilities or provide performances, exhibits, educational programs, experiences, or entertainment that widely benefit and are broadly attended by the public, subject to further definition under guidelines adopted by the program. A regional cultural organization may also generally be characterized under program guidelines as a financially stable, substantial organization with full-time support and program staff, maintaining a broad-based membership, having year-round or enduring seasonal operations, being a substantial financial contributor to the development, operation, and maintenance of the organization's principal venue or venues, and providing substantial public benefits. The funding must be provided only to those regional cultural organizations that the program determines, on an annual basis, to have met the following guidelines:

(i) For at least the preceding three years, the organization has been continuously in good standing as a nonprofit corporation under the laws of the state of Washington;

(ii) The organization has its principal location or locations and conducts the majority of its activities within the county area primarily for the benefit of county residents;

(iii) The organization has not declared bankruptcy or suspended or substantially curtailed operations for a period longer than six months during the preceding two years;

(iv) The organization provided to the program audited annual financial statements for at least its two most recent fiscal years;

(v) Over the three preceding years, the organization has minimum average annual revenues of at least one million two hundred fifty thousand dollars. The program must annually and cumulatively adjust the minimum revenues by the annual percentage change in the consumer price index for the prior year for the Seattle-Tacoma-Bellevue, Washington metropolitan statistical area for all urban consumer, all goods, as published by the United States department of labor, bureau of labor statistics. The minimum revenues requirement, adjusted for inflation as provided in this section, remains effective through the date on which the initial tax authorized by the voters under section 402 or 403 of this act expires. Thereafter, the program must, at the beginning of each subsequent period of funding as approved by the voters, establish initial minimum average annual revenues of not less than the amount of the minimum revenues required during the final year of the immediately preceding period of funding;

(vi) For purposes of determining the eligibility of a regional organization to receive funding or the relative magnitude of the funding it receives on the basis of its revenues, any determination with respect to a qualifying state-related cultural organization must exclude any state funding received by the organization or for the institution it supports; and

(vii) Any additional guidelines, consistent with section 201 of this act and this section, as the program deems necessary or appropriate for determining the eligibility of prospective regional cultural organizations to receive funding under this section and for establishing the amount of funding any organization may receive;

(e) Funds available under (d) of this subsection must be distributed among eligible regional cultural organizations based on an annual ranking of eligible organizations by the combined size of

their average annual revenues and their average annual attendance, both over the three preceding years. However, an organization's attendance must have twice the weight of the organization's revenues in determining its relative ranking. Available funds must be distributed proportionally among eligible organizations, consistent with the ranking, such that the organization with the largest combined revenues and weighted attendance would receive the most funding and the organization with the smallest combined revenues and weighted attendance would receive the least funding. However, no organization may receive funds in excess of fifteen percent of its average annual revenues over the three preceding years. Any funds available under (d) of this subsection not distributed to regional cultural organizations as a result of application of the formula provided under this subsection (2)(e) must be allocated by the program for distribution under (g) of this subsection;

(f) Funds distributed to regional cultural organizations under (d) of this subsection must be used to support cultural and educational activities, programs and initiatives, public benefits and communications, and basic operations. No funds distributed to regional cultural organizations under (d) of this subsection may be used for capital expenditures or acquisitions including, but not limited to, the acquisition of or the construction of improvements to real property;

(g) In addition to providing or continuing to provide public benefits identified by the program under this section, regional cultural organizations receiving funding under this subsection (2) must participate in good faith in the program's public school cultural access program required under section 502 of this act. The regional cultural organizations must provide or continue to provide public benefits under this section in addition to participating in the public school cultural access program. Each regional cultural organization receiving funds authorized under this chapter pursuant to a program allocation formula must annually, prior to year end, preview for the program public benefits the organization's plans to provide or continue to provide in the following year and report on public benefits it provided or continued to provide during the current year;

(h) Remaining funds available annually, including funds not initially reserved under (a) through (d) of this subsection as well as funds not distributed by the program from the reserved funds must be distributed by the program to the public agency designated by the legislative authority of the county creating such a program;

(i) Funds distributed by the designated public agencies under (h) of this subsection must be applied as follows:

(i) Not more than eight percent of such funds must be used for administrative costs of the public agency designated by a county creating the program; and

(ii) The balance must be used to fund community-based cultural organizations that are cultural organizations or a community preservation and development authority formed under chapter 43.167 RCW prior to January 1, 2011, that primarily function, focus their activities, and are supported or patronized within a local community and are not a regional cultural organization, subject to further definition under guidelines adopted by the designated public agency. Designated public agencies must adopt:

(A) Guidelines, consistent with the requirements of this chapter, it deems necessary or appropriate for determining the eligibility of community-based cultural organizations to receive funding under this chapter and for establishing the amount of funding any organization may receive;

(B) Criteria for the award of funds to eligible community-based cultural organizations, including the public benefits to be derived from projects submitted for funding; and

(C) Procedures for conducting, at least annually, a competitive process for the award of available funding;

(j) Funds distributed to community-based cultural organizations may be used to support cultural and educational activities, programs, and initiatives; public benefits and communications; and basic operations. Funds may also be used for: (i) Capital expenditures or acquisitions including, but not limited to, the acquisition of or construction of improvements to real property; and (ii) technology, equipment, and supplies reasonably related to or necessary for a project otherwise eligible for funding under this chapter. Program guidelines may also determine the circumstances under which funds may be used to fund start-up expenses of new community-based cultural organizations.
