SSB 5163 Prime Sponsor, Committee on Early Learning & K-12 Education: Providing for educational data on students from military families. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 717. (1) The legislature finds that, nationally, nearly two million students are from military families, where one or more parent or guardian serves in the United States armed forces, reserves, or national guard. There are approximately one hundred thirty-six thousand military families in Washington state.

(2) The legislature further finds that a United States government accountability office study in 2011 identified that it is not possible to monitor educational outcomes for students from military families due to the lack of a student identifier in state educational data systems. Such an identifier is needed to allow educators and policymakers to monitor critical elements of education success, including academic progress and proficiency, special and advanced program participation, mobility and dropout rates, and patterns over time across states and school districts. Reliable information about student performance will assist educators in more effectively transitioning students to a new school and enable school districts to discover and implement best practices.

Sec. 718. RCW 28A.300.505 and 2007 c 401 s 5 are each amended to read as follows:

(1) The office of the superintendent of public instruction shall develop standards for school data systems that focus on validation and verification of data entered into the systems to ensure accuracy and compatibility of data. The standards shall address but are not limited to the following topics:

- (a) Date validation;
- (b) Code validation, which includes gender, race or ethnicity, and other code elements;
- (c) Decimal and integer validation; and
- (d) Required field validation as defined by state and federal requirements.

(2) The superintendent of public instruction shall develop a reporting format and instructions for school districts to collect and submit data that must include:

(a) Data on student demographics that is disaggregated by distinct ethnic categories within racial subgroups so that analyses may be conducted on student achievement using the disaggregated data; and

(b) Starting no later than the 2016-17 school year, data on students from military families. The K-12 data governance group established in RCW 28A.300.507 must develop best practice guidelines for the collection and regular updating of this data on students from military families. Collection and updating of this data must use the United States department of education 2007 race and ethnicity reporting guidelines, including the subracial and subethnic categories within those guidelines, with the following modifications:

(i) Further disaggregation of the Black category to differentiate students of African origin and students native to the United States with African ancestors;

(ii) Further disaggregation of countries of origin for Asian students;

(iii) Further disaggregation of the White category to include subethnic categories for Eastern European nationalities that have significant populations in Washington; and

(iv) For students who report as multiracial, collection of their racial and ethnic combination of categories.

(3) For the purposes of this section, "students from military families" means the following categories of students, with data to be collected and submitted separately for each category:

(a) Students with a parent or guardian who is a member of the active duty United States armed forces; and

(b) Students with a parent or guardian who is a member of the reserves of the United States armed forces or a member of the Washington national guard.

NEW SECTION. Sec. 719. Using the definitions in RCW 28A.300.505, the office of the superintendent of public instruction shall conduct an analysis of the average number of students from military families who are special education students. The data reported must include state, district, and school-level information. To protect the privacy of students, the data from schools and districts that have fewer than ten students from military families who are special education students shall not be reported. The office of the superintendent of public instruction shall report its analysis to the appropriate committees of the legislature by December 31, 2017."

(1) The superintendent of public instruction shall develop essential academic learning requirements that identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, develop student assessments, and implement the accountability recommendations and requests regarding assistance, rewards, and recognition of the state board of education.

(2) The superintendent of public instruction shall:

(a) Periodically revise the essential academic learning requirements, as needed, based on the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the essential academic learning requirements; and

(b) Review and prioritize the essential academic learning requirements and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the statewide student assessment and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline. The office of the superintendent of public instruction, within seven working days, shall post on its web site any grade level content expectations provided to an assessment vendor for use in constructing the statewide student assessment.

(3)(a) In consultation with the state board of education, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in subsection (1) of this section. School districts shall administer the assessments under guidelines adopted by the superintendent of public instruction. The academic assessment system may include a variety of assessment methods, including criterion-referenced and performance-based measures.

(b) Effective with the 2009 administration of the Washington assessment of student learning and continuing with the statewide student assessment, the superintendent shall redesign the assessment in the content areas of reading, mathematics, and science in all grades except high school by shortening test administration and reducing the number of short answer and extended response questions.

(c) By the 2014-15 school year, the superintendent of public instruction, in consultation with the state board of education, shall modify the statewide student assessment system to transition to assessments developed with a multistate consortium, as provided in this subsection:

(i) The assessments developed with a multistate consortium to assess student proficiency in English language arts and mathematics shall be administered beginning in the 2014-15 school year. The reading and writing assessments shall not be administered by the superintendent of public instruction or schools after the 2013-14 school year.

(ii) The high school assessments in English language arts and mathematics in (c)(i) of this subsection shall be used for the purposes of earning a certificate of academic achievement for high school graduation under the timeline established in RCW

28A.655.061 and for assessing student career and college readiness.

(iii) During the transition period specified in RCW 28A.655.061, the superintendent of public instruction shall use test items and other resources from the consortium assessment to develop and administer a tenth grade high school English language arts assessment, an end-of-course mathematics assessment to assess the standards common to algebra I and integrated mathematics I, and an end-of-course mathematics assessment to assess the standards common to geometry and integrated mathematics II.

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments and proposed modifications to the essential academic learning requirements before the modifications are adopted.

(5) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student's educational development.

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system's item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students. The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

(9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the essential academic learning requirements and assessments for goals one and two.

(10) The superintendent shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(11) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

(12) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

(13) The superintendent shall post on the superintendent's web site lists of resources and model assessments in social studies, the arts, and health and fitness.

E2SSB 5564 Prime Sponsor, Committee on Ways & Means: Concerning the sealing of juvenile records and fines imposed in juvenile cases. Reported by Committee on Early Learning & Human Services

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 736. The legislature finds that requiring juvenile offenders to pay all legal financial obligations before being eligible to have a juvenile record administratively sealed disproportionately affects youth based on their socioeconomic status. Juveniles who cannot afford to pay their legal financial obligations cannot seal their juvenile records once they turn eighteen and oftentimes struggle to find employment. By eliminating most nonrestitution legal financial obligations for juveniles convicted of less serious crimes, juvenile offenders will be better able to find employment and focus on making restitution payments first to the actual victim. This legislation is intended to help juveniles understand the consequences of their actions and the harm that those actions have caused others without placing insurmountable burdens on juveniles attempting to become productive members of society. Depending on the juvenile's ability to pay, and upon the consent of the victim, courts should also strongly consider ordering community restitution in lieu of paying restitution where appropriate.

Sec. 737. RCW 13.50.010 and 2014 c 175 s 2 and 2014 c 117 s 5 are each reenacted and amended to read as follows:

(1) For purposes of this chapter:

(a) "Good faith effort to pay" means a juvenile offender has either (i) paid the principal amount in full; (ii) made at least eighty percent of the value of full monthly payments within the period from disposition or deferred disposition until the time the amount of restitution owed is under review; or (iii) can show good cause why he or she paid an amount less than eighty percent of the value of full monthly payments;

(b) "Juvenile justice or care agency" means any of the following: Police, diversion units, court, prosecuting attorney, defense attorney, detention center, attorney general, the legislative children's oversight committee, the office of the family and children's ombuds, the department of social and health services and its contracting agencies, schools; persons or public or private agencies having children committed to their custody; and any placement oversight committee created under RCW 72.05.415;

~~((b))~~ (c) "Official juvenile court file" means the legal file of the juvenile court containing the petition or information, motions, memorandums, briefs, findings of the court, and court orders;

~~((d))~~ (e) "Social file" means the juvenile court file containing the records and reports of the probation counselor.

(2) Each petition or information filed with the court may include only one juvenile and each petition or information shall be filed under a separate docket number. The social file shall be filed separately from the official juvenile court file.

(3) It is the duty of any juvenile justice or care agency to maintain accurate records. To this end:

(a) The agency may never knowingly record inaccurate information. Any information in records maintained by the department of social and health services relating to a petition filed pursuant to chapter 13.34 RCW that is found by the court to be false or inaccurate shall be corrected or expunged from such records by the agency;

(b) An agency shall take reasonable steps to assure the security of its records and prevent tampering with them; and

(c) An agency shall make reasonable efforts to insure the completeness of its records, including action taken by other agencies with respect to matters in its files.

(4) Each juvenile justice or care agency shall implement procedures consistent with the provisions of this chapter to facilitate inquiries concerning records.

(5) Any person who has reasonable cause to believe information concerning that person is included in the records of a juvenile justice or care agency and who has been denied access to those records by the agency may make a motion to the court for an order authorizing that person to inspect the juvenile justice or care agency record concerning that person. The court shall grant the motion to examine records unless it finds that in the interests of justice or in the best interests of the juvenile the records or parts of them should remain confidential.

(6) A juvenile, or his or her parents, or any person who has reasonable cause to believe information concerning that person is included in the records of a juvenile justice or care agency may make a motion to the court challenging the accuracy of any information concerning the moving party in the record or challenging the continued possession of the record by the agency. If the court grants the motion, it shall order the record or information to be corrected or destroyed.

(7) The person making a motion under subsection (5) or (6) of this section shall give reasonable notice of the motion to all parties

to the original action and to any agency whose records will be affected by the motion.

(8) The court may permit inspection of records by, or release of information to, any clinic, hospital, or agency which has the subject person under care or treatment. The court may also permit inspection by or release to individuals or agencies, including juvenile justice advisory committees of county law and justice councils, engaged in legitimate research for educational, scientific, or public purposes. Each person granted permission to inspect juvenile justice or care agency records for research purposes shall present a notarized statement to the court stating that the names of juveniles and parents will remain confidential.

(9) The court shall release to the caseload forecast council the records needed for its research and data-gathering functions. Access to caseload forecast data may be permitted by the council for research purposes only if the anonymity of all persons mentioned in the records or information will be preserved.

(10) Juvenile detention facilities shall release records to the caseload forecast council upon request. The commission shall not disclose the names of any juveniles or parents mentioned in the records without the named individual's written permission.

(11) Requirements in this chapter relating to the court's authority to compel disclosure shall not apply to the legislative children's oversight committee or the office of the family and children's ombuds.

(12) For the purpose of research only, the administrative office of the courts shall maintain an electronic research copy of all records in the judicial information system related to juveniles. Access to the research copy is restricted to the Washington state center for court research. The Washington state center for court research shall maintain the confidentiality of all confidential records and shall preserve the anonymity of all persons identified in the research copy. The research copy may not be subject to any records retention schedule and must include records destroyed or removed from the judicial information system pursuant to RCW 13.50.270 and 13.50.100(3).

(13) The court shall release to the Washington state office of public defense records needed to implement the agency's oversight, technical assistance, and other functions as required by RCW 2.70.020. Access to the records used as a basis for oversight, technical assistance, or other agency functions is restricted to the Washington state office of public defense. The Washington state office of public defense shall maintain the confidentiality of all confidential information included in the records.

Sec. 738. RCW 13.50.260 and 2014 c 175 s 4 are each amended to read as follows:

(1)(a) The court shall hold regular sealing hearings. During these regular sealing hearings, the court shall administratively seal an individual's juvenile ~~((court))~~ record pursuant to the requirements of this subsection unless the court receives an objection to sealing or the court notes a compelling reason not to seal, in which case, the court shall set a contested hearing to be conducted on the record to address sealing. ~~((The respondent and his or her attorney shall be given at least eighteen days' notice of any contested sealing hearing and the opportunity to respond to any objections, but the respondent's presence is not required at any sealing hearing pursuant to this subsection.))~~ Although the juvenile record shall be sealed, the social file may be available to any juvenile justice or care agency when an investigation or case involving the juvenile subject of the records is being prosecuted by the juvenile justice or care agency or when the juvenile justice or care agency is assigned the responsibility of supervising the juvenile. (d) Following a contested sealing hearing on the record after an objection is made pursuant to (a) of this subsection, the court shall enter a written order sealing the juvenile court record unless the court determines that sealing is not appropriate.

(2) The court shall enter a written order immediately sealing the official juvenile court record upon the acquittal after a fact finding or upon the dismissal of charges with prejudice, subject to the state's right, if any, to appeal the dismissal.

(3) If a juvenile court record has not already been sealed pursuant to this section, in any case in which information has been filed pursuant to RCW 13.40.100 or a complaint has been filed with the prosecutor and referred for diversion pursuant to RCW 13.40.070, the person who is the subject of the information or complaint may file a motion with the court to have the court vacate its order and findings, if any, and, subject to RCW 13.50.050(13), order the sealing of the official juvenile court record, the social file, and records of the court and of any other agency in the case.

(4)(a) The court shall grant any motion to seal records for class A offenses made pursuant to subsection (3) of this section if:

- (iv) The person is no longer required to register as a sex offender under RCW 9A.44.130 or has been relieved of the duty to register under RCW 9A.44.143 if the person was convicted of a sex offense;

(v) The person has not been convicted of rape in the first degree, rape in the second degree, or indecent liberties that was actually committed with forcible compulsion; and

(vi) ~~((Full restitution has been paid))~~ The person has paid the full amount of restitution owing to the individual victim named in the restitution order, excluding restitution owed to any insurance provider authorized under Title 48 RCW.

(b) The court shall grant any motion to seal records for class B, ~~((class))~~ class C, gross misdemeanor, and misdemeanor offenses and diversions made under subsection (3) of this section if:

- (i) Since the date of last release from confinement, including full-time residential treatment, if any, entry of disposition, or completion of the diversion agreement, the person has spent two consecutive years in the community without being convicted of any offense or crime;

- (iii) No proceeding is pending seeking the formation of a diversion agreement with that person;

(iv) The person is no longer required to register as a sex offender under RCW 9A.44.130 or has been relieved of the duty to register under RCW 9A.44.143 if the person was convicted of a sex offense; and

(c) Notwithstanding the requirements in (a) or (b) of this subsection, the court shall grant any motion to seal records of any deferred disposition vacated under RCW 13.40.127(9) prior to June 7, 2012, if restitution has been paid and the person is eighteen years of age or older at the time of the motion.

(5) The person making a motion pursuant to subsection (3) of this section shall give reasonable notice of the motion to the prosecution and to any person or agency whose records are sought to be sealed.

(6)(a) If the court enters a written order sealing the juvenile court record pursuant to this section, it shall, subject to RCW 13.50.050(13), order sealed the official juvenile court record, the social file, and other records relating to the case as are named in the order. Thereafter, the proceedings in the case shall be treated as if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events, records of which are sealed. Any agency shall reply to any inquiry concerning confidential or sealed records that records are confidential, and no information can be given about the existence or nonexistence of records concerning an individual.

(b) In the event the subject of the juvenile records receives a full and unconditional pardon, the proceedings in the matter upon which the pardon has been granted shall be treated as if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events upon which the pardon was received. Any agency shall reply to any inquiry concerning the records pertaining to the events for which the subject received a pardon that records are confidential, and no information can be given about the existence or nonexistence of records concerning an individual.

(c) The department of licensing may release information related to records the court has ordered sealed only to the extent necessary to comply with federal law and regulation.

(7) Inspection of the files and records included in the order to seal may thereafter be permitted only by order of the court upon motion made by the person who is the subject of the information or complaint, except as otherwise provided in RCW 13.50.010(8) and 13.50.050(13).

(8)(a) Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying a sealing order; however, the court may order the juvenile court record resealed upon disposition of the subsequent matter if the case meets the sealing criteria under this section and the court record has not previously been resealed.

(b) Any charging of an adult felony subsequent to the sealing has the effect of nullifying the sealing order.

(c) The administrative office of the courts shall ensure that the superior court judicial information system provides prosecutors access to information on the existence of sealed juvenile records.

(d) The Washington state patrol shall ensure that the Washington state identification system provides criminal justice agencies access to sealed juvenile records information.

(9) If the juvenile court record has been sealed pursuant to this section, the record of an employee is not admissible in an action for liability against the employer based on the former juvenile offender's conduct to show that the employer knew or should have known of the juvenile record of the employee. The record may be admissible, however, if a background check conducted or authorized by the employer contained the information in the sealed record.

(10) County clerks may interact or correspond with the respondent, his or her parents, and any holders of potential assets or wages of the respondent for the purposes of collecting an outstanding legal financial obligation after juvenile court records have been sealed pursuant to this section.

(11) Persons and agencies that obtain sealed juvenile records information pursuant to this section may communicate about this information with the respondent, but may not disseminate or be compelled to release the information to any person or agency not specifically granted access to sealed juvenile records in this section.

Sec. 739. RCW 46.52.130 and 2012 c 74 s 6 and 2012 c 73 s 1 are each reenacted and amended to read as follows:

- (a) **Named individuals.** (i) An abstract of the full driving record maintained by the department may be furnished to the individual named in the abstract.
 - (ii) Nothing in this section prevents a court from providing a copy of the driver's abstract to the individual named in the abstract, provided that the named individual has a pending or open infraction or criminal case in that court. A pending case includes criminal cases that have not reached a disposition by plea, stipulation, trial, or amended charge. An open infraction or criminal case includes cases on probation, payment agreement or subject to, or in collections. Courts may charge a reasonable fee for the production and copying of the abstract for the individual.
- (b) **Employers or prospective employers.** (i)(A) An abstract of the full driving record maintained by the department may be furnished to an employer or prospective employer or an agent acting on behalf of an employer or prospective employer of the

named individual for purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer.

If the employer or prospective employer authorizes an agent to obtain this information on their behalf, this must be noted in the statement.

(C) Upon request of the person named in the abstract provided under this subsection, and upon that same person furnishing copies of court records ruling that the person was not at fault in a motor vehicle accident, the department must indicate on any abstract provided under this subsection that the person was not at fault in the motor vehicle accident.

(ii) In addition to the methods described in (b)(i) of this subsection, the director may enter into a contractual agreement with an employer or its agent for the purpose of reviewing the driving records of existing employees for changes to the record during specified periods of time. The department shall establish a fee for this service, which must be deposited in the highway safety fund. The fee for this service must be set at a level that will not result in a net revenue loss to the state. Any information provided under this subsection must be treated in the same manner and is subject to the same restrictions as driving record abstracts.

(c) **Volunteer organizations.** (i) An abstract of the full driving record maintained by the department may be furnished to a volunteer organization or an agent for a volunteer organization for which the named individual has submitted an application for a position that would require driving by the individual at the direction of the volunteer organization.

- (A) Not contain any information related to actions committed by law enforcement officers or firefighters, as both terms are defined in RCW 41.26.030, or by Washington state patrol officers, while driving official vehicles in the performance of their occupational duty. This does not apply to any situation where the vehicle was used in the commission of a misdemeanor or felony;
 - (B) Include convictions under RCW 46.61.5249 and 46.61.525, except that the abstract must report the convictions only as negligent driving without reference to whether they are for first or second degree negligent driving; and

(C) Exclude any deferred prosecution under RCW 10.05.060, except that if a person is removed from a deferred prosecution under RCW 10.05.090, the abstract must show the deferred prosecution as well as the removal.

(iii) Any policy of insurance may not be canceled, nonrenewed, denied, or have the rate increased on the basis of information regarding an accident included in the abstract of a driving record, unless the policyholder was determined to be at fault.

(iv) Any insurance company or its agent, for underwriting purposes relating to the operation of commercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of motor vehicles while not engaged in such employment. (4) **Fee.** The director shall collect a thirteen dollar fee for each abstract of a person's driving record furnished by the department. Fifty percent of the fee must be deposited in the highway safety fund, and fifty percent of the fee must be deposited according to RCW 46.68.038.

(5) **Violation.** (a) Any negligent violation of this section is a gross misdemeanor.

(b) Any intentional violation of this section is a class C felony.

(6) The contents of a driving abstract pursuant to this section shall not include any information related to sealed juvenile records unless that information is required by federal law or regulation.

NEW SECTION. Sec. 740. A new section is added to chapter 13.40 RCW to read as follows:

Cities, towns, and counties may not impose any legal financial obligations, fees, fines, or costs associated with juvenile offenses unless there is express statutory authority for those legal financial obligations, fees, fines, or costs.

Sec. 741. RCW 13.40.190 and 2014 c 175 s 7 are each amended to read as follows:

(1)(a) In its dispositional order, the court shall require the respondent to make restitution to any persons who have suffered loss or damage as a result of the offense committed by the respondent. In addition, restitution may be ordered for loss or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which, pursuant to a plea agreement, are not prosecuted.

(b) Restitution may include the costs of counseling reasonably related to the offense.

(c) The payment of restitution shall be in addition to any punishment which is imposed pursuant to the other provisions of this chapter.

(d) The court may determine the amount, terms, and conditions of the restitution including a payment plan extending up to ten years if the court determines that the respondent does not have the means to make full restitution over a shorter period. If the court determines that a juvenile has insufficient funds to pay and upon agreement of the victim, the court may order performance of a number of hours of community restitution in lieu of monetary penalty, at the rate of the then state minimum wage per hour. The court shall allow the victim to determine the nature of the community restitution to be completed when it is practicable and appropriate to do so. For the purposes of this section, the respondent shall remain under the court's jurisdiction for a maximum term of ten years after the respondent's eighteenth birthday and, during this period, the restitution portion of the dispositional order may be modified as to amount, terms, and conditions at any time. Prior to the expiration of the ten-year period, the juvenile court may extend the judgment for the payment of restitution for an additional ten years. If the court grants a respondent's petition pursuant to RCW 13.50.260, the court's jurisdiction under this subsection shall terminate.

(e) Nothing in this section shall prevent a respondent from petitioning the court pursuant to RCW 13.50.260 if the respondent has paid the full restitution amount stated in the court's order and has met the statutory criteria.

(f) If the respondent participated in the crime with another person or other persons, ~~((all such participants shall be jointly and~~

~~severally responsible for the payment of restitution)) the court may either order joint and several restitution or may divide restitution equally among the respondents. In determining whether restitution should be joint and several or equally divided, the court shall consider the interest and circumstances of the victim or victims, the circumstances of the respondents, and the interest of justice.~~

(g) At any time, the court may determine that the respondent is not required to pay, or may relieve the respondent of the requirement to pay, full or partial restitution to any insurance provider authorized under Title 48 RCW if the respondent reasonably satisfies the court that he or she does not have the means to make full or partial restitution to the insurance provider ~~((and could not reasonably acquire the means to pay the insurance provider the restitution over a ten-year period)).~~

(2) Regardless of the provisions of subsection (1) of this section, the court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the court within one year of entry of the disposition order for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the court shall hold a restitution hearing and shall enter a restitution order.

(3) If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order. The restitution to victims named in the order shall be paid prior to any payment for other penalties or monetary assessments. The county clerk shall make restitution disbursements to victims prior to payments to any insurance provider under Title 48 RCW.

(4) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged. "Victim" may also include a known parent or guardian of a victim who is a minor child or is not a minor child but is incapacitated, incompetent, disabled, or deceased.

(5) A respondent under obligation to pay restitution may petition the court for modification of the restitution order for good cause shown, including inability to pay.

Sec. 742. RCW 13.40.192 and 1997 c 121 s 7 are each amended to read as follows:

(1) If a juvenile is ordered to pay legal financial obligations, including fines, penalty assessments, attorneys' fees, court costs, and restitution, the money judgment remains enforceable for a period of ten years. When the juvenile reaches the age of eighteen years or at the conclusion of juvenile court jurisdiction, whichever occurs later, the superior court clerk must docket the remaining balance of the juvenile's legal financial obligations in the same manner as other judgments for the payment of money. The judgment remains valid and enforceable until ten years from the date of its imposition. The clerk of the superior court may seek extension of the judgment for legal financial obligations, including crime victims' assessments, in the same manner as RCW 6.17.020 for purposes of collection as allowed under RCW 36.18.190.

(2) A respondent under obligation to pay legal financial obligations other than restitution, the victim penalty assessment set forth in RCW 7.68.035, or the crime laboratory analysis fee set forth in RCW 43.43.690 may petition the court for modification or relief from those legal financial obligations and interest accrued on those obligations for good cause shown, including inability to pay. The court shall consider factors such as, but not limited to

incarceration and a respondent's other debts, including restitution, when determining a respondent's ability to pay.

Sec. 743. RCW 7.68.035 and 2011 c 336 s 246 are each amended to read as follows:

(1)(a) When any person is found guilty in any superior court of having committed a crime, except as provided in subsection (2) of this section, there shall be imposed by the court upon such convicted person a penalty assessment. The assessment shall be in addition to any other penalty or fine imposed by law and shall be five hundred dollars for each case or cause of action that includes one or more convictions of a felony or gross misdemeanor and two hundred fifty dollars for any case or cause of action that includes convictions of only one or more misdemeanors.

(b) When any juvenile is adjudicated of ~~((any offense in any juvenile offense disposition under Title 13 RCW, except as provided in subsection (2) of this section))~~ an offense that is a most serious offense as defined in RCW 9.94A.030, or a sex offense under chapter 9A.44 RCW, there shall be imposed upon the juvenile offender a penalty assessment. The assessment shall be in addition to any other penalty or fine imposed by law and shall be one hundred dollars for each case or cause of action ~~((that includes one or more adjudications for a felony or gross misdemeanor and seventy-five dollars for each case or cause of action that includes adjudications of only one or more misdemeanors)).~~

(c) When any juvenile is adjudicated of an offense which has a victim, and which is not a most serious offense as defined in RCW 9.94A.030 or a sex offense under chapter 9A.44 RCW, the court shall order up to seven hours of community restitution, unless the court finds that such an order is not practicable for the offender. This community restitution must be imposed consecutively to any other community restitution the court imposes for the offense.

(5) Upon submission to the department of a letter of intent to adopt a comprehensive program, the prosecuting attorney shall retain the money deposited by the county under subsection (4) of this section until such time as the county prosecuting attorney has obtained approval of a program from the department. Approval of the comprehensive plan by the department must be obtained within one year of the date of the letter of intent to adopt a comprehensive program. The county prosecuting attorney shall not make any expenditures from the money deposited under subsection (4) of this section until approval of a comprehensive plan by the department. Appellate costs shall not include expenditures to maintain and operate government agencies that must be made irrespective of specific violations of the law. Expenses incurred for producing a verbatim report of proceedings and clerk's papers may be included in costs the court may require a convicted defendant (~~(or juvenile offender)~~) to pay.

(3) Costs, including recoupment of fees for court-appointed counsel, shall be requested in accordance with the procedures contained in Title 14 of the rules of appellate procedure and in Title 9 of the rules for appeal of decisions of courts of limited jurisdiction. An award of costs shall become part of the trial court judgment and sentence. (~~(An award of costs in juvenile cases shall also become part of any order previously entered in the trial court pursuant to RCW 13.40.145.)~~)

(4) A defendant (~~(or juvenile offender)~~) who has been sentenced to pay costs and who is not in contumacious default in the payment may at any time petition the court that sentenced the defendant or juvenile offender for remission of the payment of costs or of any unpaid portion. If it appears to the satisfaction of the sentencing court that payment of the amount due will impose manifest hardship on the defendant(~~(s)~~) or the defendant's immediate family(~~(s) or the juvenile offender~~), the sentencing court may remit all or part of the amount due in costs, or modify the method of payment under RCW 10.01.170.

(5) The parents or another person legally obligated to support a juvenile offender who has been ordered to pay appellate costs (~~(pursuant to RCW 13.40.145)~~) and who is not in contumacious default in the payment may at any time petition the court that sentenced the juvenile offender for remission of the payment of costs or of any unpaid portion. If it appears to the satisfaction of the sentencing court that payment of the amount due will impose manifest hardship on the parents or another person legally

Sec. 758. RCW 10.82.090 and 2011 c 106 s 2 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, financial obligations imposed in a judgment shall bear interest from the date of the judgment until payment, at the rate applicable to civil judgments. All nonrestitution interest retained by the court shall be split twenty-five percent to the state treasurer for deposit in the state general fund, twenty-five percent to the state treasurer for deposit in the judicial information system account as provided in RCW 2.68.020, twenty-five percent to the county current expense fund, and twenty-five percent to the county current expense fund to fund local courts.

(2) The court may, on motion by the offender, following the offender's release from total confinement, reduce or waive the interest on legal financial obligations levied as a result of a criminal conviction as follows:

(a) The court shall waive all interest on the portions of the legal financial obligations that are not restitution that accrued during the term of total confinement for the conviction giving rise to the financial obligations, provided the offender shows that the interest creates a hardship for the offender or his or her immediate family;

(b) The court may reduce interest on the restitution portion of the legal financial obligations only if the principal has been paid in full;

(c) The court may otherwise reduce or waive the interest on the portions of the legal financial obligations that are not restitution if the offender shows that he or she has personally made a good faith effort to pay and that the interest accrual is causing a significant hardship. For purposes of this section, "good faith effort" means that the offender has either (i) paid the principal amount in full; or (ii) made at least fifteen monthly payments within an eighteen-month period, excluding any payments mandatorily deducted by the department of corrections;

(d) For purposes of (a) through (c) of this subsection, the court may reduce or waive interest on legal financial obligations only as an incentive for the offender to meet his or her legal financial obligations. The court may grant the motion, establish a payment schedule, and retain jurisdiction over the offender for purposes of reviewing and revising the reduction or waiver of interest.

(3) This section only applies to (~~(persons convicted as adults or adjudicated in juvenile court)~~) adult offenders.

Sec. 759. RCW 10.99.080 and 2004 c 15 s 2 are each amended to read as follows:

(1) All superior courts, and courts organized under Title 3 or 35 RCW, may impose a penalty assessment not to exceed one hundred dollars on any (~~(person)~~) adult offender convicted of a crime involving domestic violence. The assessment shall be in addition to, and shall not supersede, any other penalty, restitution, fines, or costs provided by law.

(2) Revenue from the assessment shall be used solely for the purposes of establishing and funding domestic violence advocacy and domestic violence prevention and prosecution programs in the city or county of the court imposing the assessment. Revenue from the assessment shall not be used for indigent criminal defense. If the city or county does not have domestic violence advocacy or domestic violence prevention and prosecution programs, cities and counties may use the revenue collected from the assessment to contract with recognized community-based domestic violence program providers.

(3) The assessment imposed under this section shall not be subject to any state or local remittance requirements under chapter 3.46, 3.50, 3.62, 7.68, 10.82, or 35.20 RCW.

(4) For the purposes of this section, "convicted" includes a plea of guilty, a finding of guilt regardless of whether the imposition of the sentence is deferred or any part of the penalty is suspended, or the levying of a fine. For the purposes of this section, "domestic violence" has the same meaning as that term is defined under RCW 10.99.020 and includes violations of equivalent local ordinances.

(5) When determining whether to impose a penalty assessment under this section, judges are encouraged to solicit input from the victim or representatives for the victim in assessing the ability of the convicted offender to pay the penalty, including information regarding current financial obligations, family circumstances, and ongoing restitution.

Sec. 760. RCW 13.40.080 and 2014 c 128 s 5 are each amended to read as follows:

(1) A diversion agreement shall be a contract between a juvenile accused of an offense and a diversion unit whereby the juvenile agrees to fulfill certain conditions in lieu of prosecution. Such agreements may be entered into only after the prosecutor, or probation counselor pursuant to this chapter, has determined that probable cause exists to believe that a crime has been committed and that the juvenile committed it. Such agreements shall be entered into as expeditiously as possible.

(2) A diversion agreement shall be limited to one or more of the following:

(a) Community restitution not to exceed one hundred fifty hours, not to be performed during school hours if the juvenile is attending school;

(b) Restitution limited to the amount of actual loss incurred by any victim;

(c) Attendance at up to ten hours of counseling and/or up to twenty hours of educational or informational sessions at a community agency. The educational or informational sessions may include sessions relating to respect for self, others, and authority; victim awareness; accountability; self-worth; responsibility; work ethics; good citizenship; literacy; and life skills. If an assessment identifies mental health or chemical dependency needs, a youth may access up to thirty hours of counseling. The counseling sessions may include services demonstrated to improve behavioral health and reduce recidivism. For purposes of this section, "community agency" may also mean a community-based nonprofit organization, a physician, a counselor, a school, or a treatment provider, if approved by the diversion unit. The state shall not be liable for costs resulting from the diversion unit exercising the option to permit diversion agreements to mandate attendance at up to thirty hours of counseling and/or up to twenty hours of educational or informational sessions;

~~(d) ((A fine, not to exceed one hundred dollars;~~

~~(e)))~~ Requirements to remain during specified hours at home, school, or work, and restrictions on leaving or entering specified geographical areas; and

~~((f)))~~ ~~(e)~~ Upon request of any victim or witness, requirements to refrain from any contact with victims or witnesses of offenses committed by the juvenile.

(3) Notwithstanding the provisions of subsection (2) of this section, youth courts are not limited to the conditions imposed by subsection (2) of this section in imposing sanctions on juveniles pursuant to RCW 13.40.630.

(4) In assessing periods of community restitution to be performed and restitution to be paid by a juvenile who has entered into a diversion agreement, the court officer to whom this task is assigned shall consult with the juvenile's custodial parent or

parents or guardian. To the extent possible, the court officer shall advise the victims of the juvenile offender of the diversion process, offer victim impact letter forms and restitution claim forms, and involve members of the community. Such members of the community shall meet with the juvenile and advise the court officer as to the terms of the diversion agreement and shall supervise the juvenile in carrying out its terms.

(5)(a) A diversion agreement may not exceed a period of six months and may include a period extending beyond the eighteenth birthday of the diverttee.

(b) If additional time is necessary for the juvenile to complete restitution to a victim, the time period limitations of this subsection may be extended by an additional six months.

(c) If the juvenile has not paid the full amount of restitution by the end of the additional six-month period, then the juvenile shall be referred to the juvenile court for entry of ~~((a))~~ a civil order establishing the amount of restitution still owed to the victim. In this order, the court shall also determine the terms and conditions of the restitution, including a payment plan extending up to ten years if the court determines that the juvenile does not have the means to make full restitution over a shorter period. For the purposes of this subsection (5)(c), the juvenile shall remain under the court's jurisdiction for a maximum term of ten years after the juvenile's eighteenth birthday. Prior to the expiration of the initial ten-year period, the juvenile court may extend the judgment for restitution an additional ten years. The court may relieve the juvenile of the requirement to pay full or partial restitution if the juvenile reasonably satisfies the court that he or she does not have the means to make full or partial restitution and could not reasonably acquire the means to pay the restitution over a ten-year period. If the court relieves the juvenile of the requirement to pay full or partial restitution, the court may order an amount of community restitution that the court deems appropriate. The county clerk shall make disbursements to victims named in the order. The restitution to victims named in the order shall be paid prior to any payment for other penalties or monetary assessments. A juvenile under obligation to pay restitution may petition the court for modification of the restitution order.

(6) The juvenile shall retain the right to be referred to the court at any time prior to the signing of the diversion agreement.

(7) Diverttees and potential diverttees shall be afforded due process in all contacts with a diversion unit regardless of whether the juveniles are accepted for diversion or whether the diversion program is successfully completed. Such due process shall include, but not be limited to, the following:

(a) A written diversion agreement shall be executed stating all conditions in clearly understandable language;

(b) Violation of the terms of the agreement shall be the only grounds for termination;

(c) No diverttee may be terminated from a diversion program without being given a court hearing, which hearing shall be preceded by:

(i) Written notice of alleged violations of the conditions of the diversion program; and

(ii) Disclosure of all evidence to be offered against the diverttee;

(d) The hearing shall be conducted by the juvenile court and shall include:

(i) Opportunity to be heard in person and to present evidence;

(ii) The right to confront and cross-examine all adverse witnesses;

(iii) A written statement by the court as to the evidence relied on and the reasons for termination, should that be the decision; and

(iv) Demonstration by evidence that the diverttee has substantially violated the terms of his or her diversion agreement;

(e) The prosecutor may file an information on the offense for which the divertee was diverted:

(i) In juvenile court if the divertee is under eighteen years of age; or

(ii) In superior court or the appropriate court of limited jurisdiction if the divertee is eighteen years of age or older.

(8) The diversion unit shall, subject to available funds, be responsible for providing interpreters when juveniles need interpreters to effectively communicate during diversion unit hearings or negotiations.

(9) The diversion unit shall be responsible for advising a divertee of his or her rights as provided in this chapter.

(10) The diversion unit may refer a juvenile to a restorative justice program, community-based counseling, or treatment programs.

(11) The right to counsel shall inure prior to the initial interview for purposes of advising the juvenile as to whether he or she desires to participate in the diversion process or to appear in the juvenile court. The juvenile may be represented by counsel at any critical stage of the diversion process, including intake interviews and termination hearings. The juvenile shall be fully advised at the intake of his or her right to an attorney and of the relevant services an attorney can provide. For the purpose of this section, intake interviews mean all interviews regarding the diversion agreement process.

The juvenile shall be advised that a diversion agreement shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020~~((7))~~ (8). A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the diversion unit together with the diversion agreement, and a copy of both documents shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language.

(12) When a juvenile enters into a diversion agreement, the juvenile court may receive only the following information for dispositional purposes:

- (a) The fact that a charge or charges were made;
- (b) The fact that a diversion agreement was entered into;
- (c) The juvenile's obligations under such agreement;
- (d) Whether the alleged offender performed his or her obligations under such agreement; and
- (e) The facts of the alleged offense.

(13) A diversion unit may refuse to enter into a diversion agreement with a juvenile. When a diversion unit refuses to enter a diversion agreement with a juvenile, it shall immediately refer such juvenile to the court for action and shall forward to the court the criminal complaint and a detailed statement of its reasons for refusing to enter into a diversion agreement. The diversion unit shall also immediately refer the case to the prosecuting attorney for action if such juvenile violates the terms of the diversion agreement.

(14) A diversion unit may, in instances where it determines that the act or omission of an act for which a juvenile has been referred to it involved no victim, or where it determines that the juvenile referred to it has no prior criminal history and is alleged to have committed an illegal act involving no threat of or instance of actual physical harm and involving not more than fifty dollars in property loss or damage and that there is no loss outstanding to the person or firm suffering such damage or loss, counsel and release or release such a juvenile without entering into a diversion agreement. A diversion unit's authority to counsel and release a juvenile under this subsection includes the authority to refer the juvenile to community-based counseling or treatment programs or a restorative justice program. Any juvenile released under this subsection shall be advised that the act or omission of any act for

which he or she had been referred shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020~~((7))~~ (8). A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the unit, and a copy of the document shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language. A juvenile determined to be eligible by a diversion unit for release as provided in this subsection shall retain the same right to counsel and right to have his or her case referred to the court for formal action as any other juvenile referred to the unit.

(15) A diversion unit may supervise the fulfillment of a diversion agreement entered into before the juvenile's eighteenth birthday and which includes a period extending beyond the divertee's eighteenth birthday.

(16) If ~~((a fine))~~ restitution required by a diversion agreement cannot reasonably be paid due to a change of circumstance, the diversion agreement may be modified at the request of the divertee and with the concurrence of the diversion unit to convert ~~((a))~~ unpaid ((fine)) restitution into community restitution. The modification of the diversion agreement shall be in writing and signed by the divertee and the diversion unit. The number of hours of community restitution in lieu of a monetary penalty shall be converted at the rate of the prevailing state minimum wage per hour.

~~((17) Fines imposed under this section shall be collected and paid into the county general fund in accordance with procedures established by the juvenile court administrator under RCW 13.04.040 and may be used only for juvenile services. In the expenditure of funds for juvenile services, there shall be a maintenance of effort whereby counties exhaust existing resources before using amounts collected under this section.))~~

The court shall consider whether the offender and the community will benefit from a deferred disposition before deferring the disposition. The court may waive the fourteen-day period anytime before the commencement of trial for good cause.
- (3) Any juvenile who agrees to a deferral of disposition shall:

(5) Any juvenile granted a deferral of disposition under this section shall be placed under community supervision. The court may impose any conditions of supervision that it deems appropriate including posting a probation bond. Payment of restitution under RCW 13.40.190 shall be a condition of community supervision under this section.

The court may require a juvenile offender convicted of animal cruelty in the first degree to submit to a mental health evaluation to determine if the offender would benefit from treatment and such intervention would promote the safety of the community. After consideration of the results of the evaluation, as a condition of community supervision, the court may order the offender to attend treatment to address issues pertinent to the offense.

The court may require the juvenile to undergo a mental health or substance abuse assessment, or both. A deferred disposition shall remain a conviction unless the case is dismissed and the conviction is vacated pursuant to (b) of this subsection or sealed pursuant to RCW 13.50.260.

(10)(a)(i) Any time the court vacates a conviction pursuant to subsection (9) of this section, if the juvenile is eighteen years of age or older and the full amount of restitution (~~(ordered)~~) owing to the individual victim named in the restitution order, excluding restitution owed to any insurance provider authorized under Title 48 RCW has been paid, the court shall enter a written order sealing the case.

The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

SSB 5593 Prime Sponsor, Committee on Ways & Means: Concerning delivery and payment for health care services by hospitals for inmates and persons detained by law enforcement. Reported by Committee on Judiciary

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 775.** Any individual in custody for a violent offense or a sex offense as those terms are defined in RCW 9.94A.030 who is brought by, or accompanied by, an officer to a hospital must continue to be accompanied or otherwise secured by an officer during the time that the individual is receiving care at the hospital. However, this section does not apply to an individual being supervised by the department of corrections if the individual's custody is the result solely of a sanction imposed by the department of corrections, the indeterminate sentence review board, or the court, in response to a violation of conditions.

NEW SECTION. **Sec. 776.** (1) An individual receiving medical care under this section need not continue to be accompanied or otherwise secured if:

- (a) The individual's medical care provider so indicates; or
- (b) The officer determines, using his or her best judgment, that:

(i) The individual does not present an imminent and significant risk of causing physical harm to themselves or another person;

(ii) There is no longer sufficient evidentiary basis to maintain the individual in custody; or

(iii) In the interest of public safety, the presence of the officer is urgently required at another location and the officer determines, using his or her best judgment and in consultation with his or her supervisor, if available on duty, that the public safety interest outweighs the need to accompany or secure the individual in the hospital.

(2)(a) In the event that a medical care provider determines the individual need not be accompanied or otherwise secured pursuant to subsection (1)(a) of this section, the officer has no ongoing duty to accompany or otherwise secure the individual for the duration of their treatment by the hospital. When a medical care provider indicates that a person need not be accompanied or otherwise secured, the hospital must notify the officer or the officer's designee when the individual is expected to be released by the hospital.

(b) If, after a medical provider indicates that the individual need not be accompanied or otherwise secured pursuant to subsection (1)(a) of this section, the individual demonstrates behavior that presents an imminent and significant risk of causing physical harm to themselves or others and the physical condition of the individual renders the individual capable of causing physical harm to themselves or others, the hospital may request the presence of an officer to guard or otherwise accompany the individual, in which case subsection (1)(a) and (b) of this section still apply.

(3) In the event the officer determines the individual need not be accompanied or otherwise secured pursuant to subsection (1)(b)(i) or (ii) of this section, the officer must notify the medical care provider that the officer is leaving the individual unattended or unsecured, in which case the hospital has no duty to notify the officer when the individual is, or expected to be, released from the hospital.

(4) In the event that the officer is urgently required at another location pursuant to subsection (1)(b)(iii) of this section, the officer must notify the medical care provider or, if an immediate departure is required, other hospital staff member that the officer is leaving the individual unattended or unsecured and make a reasonable effort to ensure a replacement officer or other means of accompanying or securing the individual as soon as reasonably possible under the circumstances. The hospital must notify the officer or the officer's designee if the individual is, or is expected to be, released from the hospital prior to the officer or a replacement officer returning to resume accompanying or otherwise securing the individual.

(5) Except for actions or omissions constituting gross negligence or willful misconduct, the hospital and health care providers as defined in chapter 18.130 RCW are immune from liability, including civil liability, professional conduct sanctions, and administrative actions resulting from the individual not being accompanied or secured.

NEW SECTION. Sec. 777. In a case where an individual accompanied or otherwise secured by an officer pursuant to this act is waiting for treatment in a hospital emergency department, the hospital shall see the patient in as expeditious a manner as possible, while taking into consideration best triage practices and federal and state legal obligations regarding appropriate screening and treatment of patients.

NEW SECTION. Sec. 778. The provisions of this act do not constitute a special relationship exception to the public duty doctrine. Officers and their employing departments and agencies and representatives are immune from civil liability arising out of the failure to comply with this act, unless it is shown that, in the totality of the circumstances, the officer, employing department, agency, or representative acted with gross negligence or bad faith.

NEW SECTION. Sec. 779. Nothing in this chapter changes the standards of care with regard to the use of restraints on pregnant women or youth in custody as codified in chapters 70.48 and 72.09 RCW.

NEW SECTION. Sec. 780. For purposes of this chapter, "officer" means a law enforcement officer, corrections officer, or guard supplied by a law enforcement or corrections agency.

(h) Another health care provider, health care facility, or third-party payor for the health care operations of the health care provider, health care facility, or third-party payor that receives the information, if each entity has or had a relationship with the patient who is the subject of the health care information being requested, the health care information pertains to such relationship, and the disclosure is for the purposes described in RCW 70.02.010(17) (a) and (b); ~~(and)~~

(i) An official of a penal or other custodial institution in which the patient is detained; and

(2) Payment for emergency or necessary health care shall be by the governing unit, except that the health care authority shall directly reimburse the provider pursuant to chapter 74.09 RCW, in accordance with the rates and benefits established by the authority, if the confined person is eligible under the authority's medical care programs as authorized under chapter 74.09 RCW. After payment by the authority, the financial responsibility for any remaining balance, including unpaid client liabilities that are a condition of eligibility or participation under chapter 74.09 RCW, shall be borne by the medical care provider and the governing unit as may be mutually agreed upon between the medical care provider and the governing unit. In the absence of mutual agreement between the medical care provider and the governing unit, the financial responsibility for any remaining balance shall be borne equally between the medical care provider and the governing unit. Total payments from all sources to providers for care rendered to confined persons eligible under chapter 74.09 RCW shall not exceed the amounts that would be paid by the authority for similar services

provided under Title XIX medicaid, unless additional resources are obtained from the confined person.

(3) For inpatient, outpatient, and ancillary services for confined persons that are not paid by the medicaid program pursuant to subsection (2) of this section, unless other rates are agreed to by the governing unit and the hospital, providers of hospital services that are hospitals licensed under chapter 70.41 RCW must accept as payment in full by the governing units the applicable facility's percent of allowed charges rate or fee schedule as determined, maintained, and posted by the Washington state department of labor and industries pursuant to chapter 51.04 RCW.

(4) As part of the screening process upon booking or preparation of an inmate into jail, general information concerning the inmate's ability to pay for medical care shall be identified, including insurance or other medical benefits or resources to which an inmate is entitled. The inmate may also be evaluated for medicaid eligibility and, if deemed potentially eligible, enrolled in medicaid. This information shall be made available to the authority, the governing unit, and any provider of health care services. To the extent that federal law allows, a jail or the jail's designee is authorized to act on behalf of a confined person for purposes of applying for medicaid.

~~((4))~~ (5) The governing unit or provider may obtain reimbursement from the confined person for the cost of health care services not provided under chapter 74.09 RCW, including reimbursement from any insurance program or from other medical benefit programs available to the confined person. Nothing in this chapter precludes civil or criminal remedies to recover the costs of medical care provided jail inmates or paid for on behalf of inmates by the governing unit. As part of a judgment and sentence, the courts are authorized to order defendants to repay all or part of the medical costs incurred by the governing unit or provider during confinement.

~~((5))~~ (6) To the extent that a confined person is unable to be financially responsible for medical care and is ineligible for the authority's medical care programs under chapter 74.09 RCW, or for coverage from private sources, and in the absence of an interlocal agreement or other contracts to the contrary, the governing unit may obtain reimbursement for the cost of such medical services from the unit of government whose law enforcement officers initiated the charges on which the person is being held in the jail: PROVIDED, That reimbursement for the cost of such services shall be by the state for state prisoners being held in a jail who are accused of either escaping from a state facility or of committing an offense in a state facility.

~~((6))~~ (7) There shall be no right of reimbursement to the governing unit from units of government whose law enforcement officers initiated the charges for which a person is being held in the jail for care provided after the charges are disposed of by sentencing or otherwise, unless by intergovernmental agreement pursuant to chapter 39.34 RCW.

~~((7))~~ (8) Under no circumstance shall necessary medical services be denied or delayed because of disputes over the cost of medical care or a determination of financial responsibility for payment of the costs of medical care provided to confined persons.

~~((8))~~ (9) Nothing in this section shall limit any existing right of any party, governing unit, or unit of government against the person receiving the care for the cost of the care provided.

Strike everything after the enacting clause and insert the following:

Sec. 784. RCW 74.34.020 and 2013 c 263 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Abandonment" means action or inaction by a person or entity with a duty of care for a vulnerable adult that leaves the vulnerable person without the means or ability to obtain necessary food, clothing, shelter, or health care.

(2) "Abuse" means the willful action or inaction that inflicts injury, unreasonable confinement, intimidation, or punishment on a vulnerable adult. In instances of abuse of a vulnerable adult who is unable to express or demonstrate physical harm, pain, or mental anguish, the abuse is presumed to cause physical harm, pain, or mental anguish. Abuse includes sexual abuse, mental abuse, physical abuse, and personal exploitation of a vulnerable adult, and improper use of restraint against a vulnerable adult which have the following meanings:

(a) "Sexual abuse" means any form of nonconsensual sexual ~~(contact)~~ conduct, including but not limited to unwanted or inappropriate touching, rape, sodomy, sexual coercion, sexually explicit photographing, and sexual harassment. Sexual abuse also includes any sexual ~~(contact)~~ conduct between a staff person, who is not also a resident or client, of a facility or a staff person of a program authorized under chapter 71A.12 RCW, and a vulnerable adult living in that facility or receiving service from a program authorized under chapter 71A.12 RCW, whether or not it is consensual.

(b) "Physical abuse" means the willful action of inflicting bodily injury or physical mistreatment. Physical abuse includes, but is not limited to, striking with or without an object, slapping, pinching, choking, kicking, shoving, or prodding ~~(or the use of chemical restraints or physical restraints unless the restraints are consistent with licensing requirements, and includes restraints that are otherwise being used inappropriately)~~.

Mental abuse includes, but is not limited to, coercion, harassment, inappropriately isolating a vulnerable adult from family, friends, or regular activity, and verbal assault that includes ridiculing, intimidating;)~~ a willful verbal or nonverbal action that threatens, humiliates, harasses, coerces, intimidates, isolates, unreasonably confines, or punishes a vulnerable adult. Mental abuse may include ridiculing, yelling, or swearing.

(3) "Chemical restraint" means the administration of any drug to manage a vulnerable adult's behavior in a way that reduces the safety risk to the vulnerable adult or others, has the temporary effect of restricting the vulnerable adult's freedom of movement, and is not standard treatment for the vulnerable adult's medical or psychiatric condition.

"Financial exploitation" includes, but is not limited to:

(a) The use of deception, intimidation, or undue influence by a person or entity in a position of trust and confidence with a vulnerable adult to obtain or use the property, income, resources, or trust funds of the vulnerable adult for the benefit of a person or entity other than the vulnerable adult;

(c) Obtaining or using a vulnerable adult's property, income, resources, or trust funds without lawful authority, by a person or entity who knows or clearly should know that the vulnerable adult lacks the capacity to consent to the release or use of his or her property, income, resources, or trust funds.

~~((7))~~ (8) "Financial institution" has the same meaning as in RCW ~~((30.22.040 and 30.22.041))~~ 30A.22.040 and 30A.22.041. For purposes of this chapter only, "financial institution" also means a "broker-dealer" or "investment adviser" as defined in RCW 21.20.005.

E2SSB 5688 Prime Sponsor, Committee on Ways & Means: Providing students with skills that promote mental health and well-being and increase academic performance. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 788. The education of children is critically important. In order for children to be ready to learn and ready to ultimately enter the workforce prepared, they need to have academic, social, and emotional skills.

Responsible decision making, self management, healthy relationship skills, and self and social awareness are among the tools students need. These essential skills help improve school climate and reduce bullying, discipline issues, dropout rates, and the educational opportunity gap at the same time as they increase mental well-being, student engagement, and academic performance.

Schools teaching developmentally appropriate interpersonal and decision-making knowledge and skills of social and emotional learning see large increases in academic performance.

Students today experience unfathomable stresses. Over thirty thousand K-12 students are homeless. Thousands experience bullying, depression, abuse, or have witnessed domestic violence or

other violence in their communities. Many have lost a parent or suffered a traumatic experience.

Emotions and relationships directly affect how students learn and how they use that learning in other contexts. If a student is anxious, afraid, or worried about other stresses in his or her life, those emotions will interfere with attention, memory, and positive behaviors. By developing social and emotional skills, students will be equipped with tools to overcome barriers to their learning and even find solace in education and going to school.

The legislature is committed to investing in preventative strategies in schools to increase student mental health and well-being in order to support the education of our state's children.

NEW SECTION. Sec. 789. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The department of student support services and the department of teaching and learning in the office of the superintendent of public instruction shall convene a work group to recommend comprehensive benchmarks for developmentally appropriate interpersonal and decision-making knowledge and skills of social and emotional learning for grades kindergarten through high school that build upon what is being done in early learning. These benchmarks must include, at every grade level, competencies for at least the following:

(a) Self management. Regulating one's emotions to handle stress, control impulses, and persevere in overcoming obstacles; achieving personal and academic goals; and expressing emotions appropriately;

(b) Self awareness. Accurately assessing one's feelings, interests, and strengths; maintaining a well-grounded sense of self-confidence;

(c) Social awareness. Being able to empathize with others; appreciating individual and group similarities and differences; effectively using family, school, and community resources;

(d) Relationship skills. Interacting cooperatively with others; resisting inappropriate social pressure; dealing effectively with interpersonal conflict; seeking help when needed; and

(e) Responsible decision making. Making decisions based on factors such as ethical standards, safety concerns, social norms, respect for others, and likely consequences; applying decision-making skills to daily situations;

(2) The work group shall also develop:

(a) Guidance for schools, school districts, and educators in promoting developmentally appropriate interpersonal and decision-making knowledge and skills of social and emotional learning that:

(i) Is culturally competent;

(ii) Is linguistically appropriate;

(iii) Provides a positive learning environment for students;

(iv) Is inclusive of parental involvement;

(v) Promotes school safety and a positive school climate;

(vi) Includes best practices in assisting students through school transitions between elementary, middle, and high school; and

(vii) Incorporates best practices to address the mental health continuum of children, from mental well-being and mental health to mental illness, and acknowledges research around adverse childhood experiences;

(b) Technical advice on how developmentally appropriate interpersonal and decision-making knowledge and skills of social and emotional learning fits within existing teacher and principal evaluations particularly as it relates to school safety and school climate; and

(c) An implementation plan that provides a framework for incorporating developmentally appropriate interpersonal and decision-making knowledge and skills of social and emotional learning and is aligned with other Washington state education initiatives including college and career readiness, STEM education,

twenty-first century skills, and the Washington state learning standards.

(3) To inform the work of the work group, the office of the superintendent of public instruction shall conduct a survey of schools to ascertain how many schools in the state are teaching interpersonal and decision-making knowledge and skills of social and emotional learning and to understand individual districts' capacity to implement these frameworks.

(4) The work group must include persons with expertise in interpersonal and decision-making knowledge and skills of social and emotional learning; child development; job readiness; and mental health; and the following:

(a) One representative from the department of early learning;

(b) One representative each from the student support services and teaching and learning departments within the office of the superintendent of public instruction;

(c) One representative from the educational opportunity gap oversight and accountability committee;

(d) One representative from the office of the education ombuds;

(e) One higher education faculty member with expertise in interpersonal and decision-making knowledge and skills of social and emotional learning;

(f) One currently employed K-12 educator and one currently employed K-12 administrator;

(g) One school counselor, one school psychologist, and one social worker;

(h) One mental health counselor; and

(i) One representative from a school parent organization.

(5) To the greatest extent possible, the members of the work group must reflect the cultural, racial, ethnic, gender, and geographic diversity of Washington state.

(6) The work group may also include one member from each of the two largest caucuses of the senate, appointed by the president of the senate and one member from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives. Each of the two largest caucuses of the senate and the two largest caucuses of the house of representatives may determine whether or not a member from that caucus will be appointed.

(7) The work group shall consult with: School districts; educational service districts; school administrators; principals; teachers; paraeducators; school counselors; community organizations serving youth; a statewide organization with expertise in interpersonal and decision-making knowledge and skills of social and emotional learning; a statewide organization with expertise in multitiered systems of support; federally recognized tribes; the state's four ethnic commissions representing the following populations: African-Americans, Hispanic Americans, Asian Americans, and Pacific Islander Americans; and community organizations representing communities of color, immigrant and refugee communities, parents and students, and homeless children and youth.

(8) By October 1, 2016, the work group shall submit a report to the education committees of the legislature, the governor, and the superintendent of public instruction that includes its recommendations for benchmarks, guidance, technical advice, and an implementation plan. The office of the superintendent of public instruction shall make the report available to school districts by including it on the web site.

Sec. 790. RCW 28A.310.500 and 2013 c 197 s 6 are each amended to read as follows:

(1) Each educational service district shall develop and maintain the capacity to offer training for educators and other school district staff on youth suicide screening and referral, and on recognition, initial screening, and response to emotional or behavioral distress in

students, including but not limited to indicators of possible substance abuse, violence, and youth suicide. An educational service district may demonstrate capacity by employing staff with sufficient expertise to offer the training or by contracting with individuals or organizations to offer the training. Training may be offered on a fee-for-service basis, or at no cost to school districts or educators if funds are appropriated specifically for this purpose or made available through grants or other sources.

(2) Each educational service district shall develop and maintain the capacity to serve as a convener, trainer, and mentor for educators and other school district staff on social and emotional learning. An educational service district may work with school districts to create a training model that works best for each school district and educational service district. An educational service district may demonstrate capacity by employing staff with sufficient expertise to offer the training or by contracting with individuals or organizations to offer the training. Training shall be offered at no cost to school districts or educators if funds are appropriated specifically for this purpose or made available through grants or other sources."

SB 5692

Prime Sponsor, Senator Hargrove: Addressing permanency plans of care for dependent children. Reported by Committee on Early Learning & Human Services

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 791. RCW 13.34.136 and 2014 c 163 s 2 are each amended to read as follows:

(1) Whenever a child is ordered removed from the home, a permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(2) The agency supervising the dependency shall submit a written permanency plan to all parties and the court not less than fourteen days prior to the scheduled hearing. Responsive reports of parties not in agreement with the department's or supervising agency's proposed permanency plan must be provided to the department or supervising agency, all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional

outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption, including a tribal customary adoption as defined in RCW 13.38.040; guardianship; permanent legal custody; long-term relative or foster care, ~~((until))~~ if the child is between ages sixteen and eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. Although a permanency plan of care may only identify long-term relative or foster care for children between ages sixteen and eighteen, children under sixteen may remain placed with relatives or in foster care. The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the supervising agency or the department will take to promote existing appropriate sibling relationships and/or facilitate placement together or contact in accordance with the best interests of each child, and what actions the department or supervising agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The department's or supervising agency's plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement.

(A) If the parent is incarcerated, the plan must address how the parent will participate in the case conference and permanency planning meetings and, where possible, must include treatment that reflects the resources available at the facility where the parent is confined. The plan must provide for visitation opportunities, unless visitation is not in the best interests of the child.

(B) If a parent has a developmental disability according to the definition provided in RCW 71A.10.020, and that individual is eligible for services provided by the developmental disabilities administration, the department shall make reasonable efforts to consult with the developmental disabilities administration to create an appropriate plan for services. For individuals who meet the definition of developmental disability provided in RCW 71A.10.020 and who are eligible for services through the developmental disabilities administration, the plan for services must be tailored to correct the parental deficiency taking into consideration the parent's disability and the department shall also determine an appropriate method to offer those services based on the parent's disability.

(ii)(A) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The supervising agency or department shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement.

(B) Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation.

(C) Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. When a parent or sibling has been identified as a suspect in an active criminal investigation for a

violent crime that, if the allegations are true, would impact the safety of the child, the department shall make a concerted effort to consult with the assigned law enforcement officer in the criminal case before recommending any changes in parent/child or child/sibling contact. In the event that the law enforcement officer has information pertaining to the criminal case that may have serious implications for child safety or well-being, the law enforcement officer shall provide this information to the department during the consultation. The department may only use the information provided by law enforcement during the consultation to inform family visitation plans and may not share or otherwise distribute the information to any person or entity. Any information provided to the department by law enforcement during the consultation is considered investigative information and is exempt from public inspection pursuant to RCW 42.56.240. The results of the consultation shall be communicated to the court.

(D) The court and the department or supervising agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii)(A) The department, court, or caregiver in the out-of-home placement may not limit visitation or contact between a child and sibling as a sanction for a child's behavior or as an incentive to the child to change his or her behavior.

(B) Any exceptions, limitation, or denial of contacts or visitation must be approved by the supervisor of the department caseworker and documented. The child, parent, department, guardian ad litem, or court-appointed special advocate may challenge the denial of visits in court.

(iv) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(v) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department or supervising agency.

(vi) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

(vii) The supervising agency or department shall provide all reasonable services that are available within the department or supervising agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The department or supervising agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

(3) Permanency planning goals should be achieved at the earliest possible date. If the child has been in out-of-home care for fifteen of the most recent twenty-two months, and the court has not made a good cause exception, the court shall require the department or supervising agency to file a petition seeking termination of parental rights in accordance with RCW

13.34.145(4)(b)(vi). In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(6). Whenever the permanency plan for a child is adoption, the court shall encourage the prospective adoptive parents, birth parents, foster parents, kinship caregivers, and the department or other supervising agency to seriously consider the long-term benefits to the child adoptee and his or her siblings of providing for and facilitating continuing postadoption contact between the siblings. To the extent that it is feasible, and when it is in the best interests of the child adoptee and his or her siblings, contact between the siblings should be frequent and of a similar nature as that which existed prior to the adoption. If the child adoptee or his or her siblings are represented by an attorney or guardian ad litem in a proceeding under this chapter or in any other child custody proceeding, the court shall inquire of each attorney and guardian ad litem regarding the potential benefits of continuing contact between the siblings and the potential detriments of severing contact. This section does not require the department of social and health services or other supervising agency to agree to any specific provisions in an open adoption agreement and does not create a new obligation for the department to provide supervision or transportation for visits between siblings separated by adoption from foster care.

(7) For purposes related to permanency planning:

(a) "Guardianship" means a dependency guardianship or a legal guardianship pursuant to chapter 11.88 RCW or equivalent laws of another state or a federally recognized Indian tribe.

(b) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.

(c) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or a federally recognized Indian tribe.

Sec. 792. RCW 13.34.145 and 2013 c 332 s 3, 2013 c 206 s 1, and 2013 c 173 s 3 are each reenacted and amended to read as follows:

(1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency

planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed. Every effort shall be made to provide stability in long-term placement, and to avoid disruption of placement, unless the child is being returned home or it is in the best interest of the child.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) When the youth is at least age seventeen years but not older than seventeen years and six months, the department shall provide the youth with written documentation which explains the availability of extended foster care services and detailed instructions regarding how the youth may access such services after he or she reaches age eighteen years.

(4) At the permanency planning hearing, the court shall conduct the following inquiry:

(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate. The court shall find, as of the date of the hearing, that the child's placement and plan of care is the best permanency plan for the child and provide compelling reasons why it continues to not be in the child's best interest to (i) return home; (ii) be placed for adoption; (iii) be placed with a legal guardian; or (iv) be placed with a fit and willing relative. If the child is present at the hearing, the court should ask the child about his or her desired permanency outcome.

(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:

(i) The continuing necessity for, and the safety and appropriateness of, the placement;

(ii) The extent of compliance with the permanency plan by the department or supervising agency and any other service providers, the child's parents, the child, and the child's guardian, if any;

(iii) The extent of any efforts to involve appropriate service providers in addition to department or supervising agency staff in planning to meet the special needs of the child and the child's parents;

(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;

(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and

(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the

child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the department or supervising agency to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:

- (A) Being returned safely to his or her home;
- (B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;
- (C) Being placed for adoption;
- (D) Being placed with a guardian;
- (E) Being placed in the home of a fit and willing relative of the child; or

(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

(5) Following this inquiry, at the permanency planning hearing, the court shall order the department or supervising agency to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child.

(a) For purposes of this subsection, "good cause exception" includes but is not limited to the following:

- (i) The child is being cared for by a relative;
- (ii) The department has not provided to the child's family such services as the court and the department have deemed necessary for the child's safe return home;

(iii) The department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests; ~~((or))~~

(iv) The parent is incarcerated, or the parent's prior incarceration is a significant factor in why the child has been in foster care for fifteen of the last twenty-two months, the parent maintains a meaningful role in the child's life, and the department has not documented another reason why it would be otherwise appropriate to file a petition pursuant to this section;

(v) Until June 30, 2015, where a parent has been accepted into a dependency treatment court program or long-term substance abuse or dual diagnoses treatment program and is demonstrating compliance with treatment goals; or

(vi) Until June 30, 2015, where a parent who has been court ordered to complete services necessary for the child's safe return home files a declaration under penalty of perjury stating the parent's financial inability to pay for the same court-ordered services, and also declares the department was unwilling or unable to pay for the same services necessary for the child's safe return home.

(b) The court's assessment of whether a parent who is incarcerated maintains a meaningful role in the child's life may include consideration of the following:

(i) The parent's expressions or acts of manifesting concern for the child, such as letters, telephone calls, visits, and other forms of communication with the child;

(ii) The parent's efforts to communicate and work with the department or supervising agency or other individuals for the purpose of complying with the service plan and repairing, maintaining, or building the parent-child relationship;

(iii) A positive response by the parent to the reasonable efforts of the department or the supervising agency;

(iv) Information provided by individuals or agencies in a reasonable position to assist the court in making this assessment, including but not limited to the parent's attorney, correctional and mental health personnel, or other individuals providing services to the parent;

(v) Limitations in the parent's access to family support programs, therapeutic services, and visiting opportunities, restrictions to telephone and mail services, inability to participate in foster care planning meetings, and difficulty accessing lawyers and participating meaningfully in court proceedings; and

(vi) Whether the continued involvement of the parent in the child's life is in the child's best interest.

(c) The constraints of a parent's current or prior incarceration and associated delays or barriers to accessing court-mandated services may be considered in rebuttal to a claim of aggravated circumstances under RCW 13.34.132(4)~~((or))~~ (h) for a parent's failure to complete available treatment.

(6)(a) If the permanency plan identifies independent living as a goal, the court at the permanency planning hearing shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care. The court will inquire whether the child has been provided information about extended foster care services.

(b) The permanency plan shall also specifically identify the services, including extended foster care services, where appropriate, that will be provided to assist the child to make a successful transition from foster care to independent living.

(c) The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(7) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall:

(a) Enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280, 13.34.215(6), and 13.34.096; and

(b) If the department or supervising agency is recommending a placement other than the child's current placement with a foster parent, relative, or other suitable person, enter a finding as to the reasons for the recommendation for a change in placement.

(8) In all cases, at the permanency planning hearing, the court shall:

(a)(i) Order the permanency plan prepared by the supervising agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(9) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

(10) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

(11) If the court orders the child returned home, casework supervision by the department or supervising agency shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

(12) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b)

the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(13) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (12) of this section are met.

(14) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the department or supervising agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

(15) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

(16) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter."

SSB 5733 Prime Sponsor, Committee on Agriculture, Water & Rural Economic Development: Concerning livestock transaction reporting. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 793. A new section is added to chapter 16.57 RCW to read as follows:

(1)(a) The director may establish an electronic cattle transaction reporting system as a mechanism for reporting transactions involving unbranded dairy cattle to the department. The system may be used as an alternative to mandatory inspections under RCW 16.57.160. However, it may only be used as an alternative for unbranded dairy cattle that are individually identified through an identification method authorized by the department. All other livestock transactions are subject to the provisions of RCW 16.57.160.

(b) Pursuant to criteria established by the director by rule, a cattle transaction described in (a) of this subsection, that would otherwise trigger a mandatory inspection under rules adopted

pursuant to RCW 16.57.160, is eligible to report electronically under this section.

(c) Transactions that may be reported electronically include any sale, trade, gift, barter, or any other transaction that constitutes a change of ownership of unbranded dairy cattle.

(2) A person may not electronically report transactions involving unbranded dairy cattle under this section without first obtaining an electronic cattle transaction reporting license from the director. Applicants for an electronic cattle transaction reporting license must submit an application to the department on a form provided by the department and must include an application fee. The amount of the application fee must be established by the director by rule consistent with subsection (8) of this section.

(3) All holders of an electronic cattle transaction reporting license must transmit to the department a record of each transaction containing the unique identification of each individual animal included in the transaction as assigned through a department-authorized identification method. The transmission required under this subsection must be completed no more than twenty-four hours after a qualifying transaction involving unbranded dairy cattle.

(4) All holders of an electronic cattle transaction reporting license must keep accurate records of all transactions involving unbranded dairy cattle and make those records available for inspection by the department upon reasonable request during normal business hours. All records of the licensed property must be retained for at least three years.

(5)(a) The director may enter the property of the holder of an electronic cattle transaction reporting license at any reasonable time to conduct examinations and inspections of cattle and any associated records for movement verification purposes.

(b) It is unlawful for any person to interfere with an examination and inspection of cattle and records performed under this subsection.

(c) If the director is denied access to a property or cattle for the purposes of this subsection, or a person fails to comply with an order of the director, the director may apply to a court of competent jurisdiction for a search warrant. To show that access is denied, the director must file with the court an affidavit or declaration containing a description of all attempts to notify and locate the owner or owner's agent and secure consent.

(6)(a) The director may deny, suspend, or revoke an electronic cattle transaction reporting license issued under this section if the director finds that an electronic cattle transaction reporting license holder:

(i) Fails to satisfy the reporting requirements as provided in this section;

(ii) Knowingly makes false or inaccurate statements;

(iii) Has previously had an electronic cattle transaction reporting license revoked;

(iv) Denies entry to property, cattle, or records as provided in subsection (5) of this section; or

(v) Violates any other provision of this chapter or any rules adopted under this chapter.

(b) Any action taken under this subsection must be consistent with the provisions of chapter 34.05 RCW, the administrative procedure act.

(c) If an electronic cattle transaction reporting license is denied, suspended, or revoked, then the mandatory cattle inspection requirements under RCW 16.57.160 apply to any future transactions.

(7) The department must submit an annual report to the legislature, consistent with RCW 43.01.036, that documents all examinations and inspections of cattle and records of electronic cattle transaction reporting license holders performed by the department either since the department's last report or since the adoption of the electronic cattle transaction reporting system. The

annual report must also include details regarding any actions the department took following the examinations and inspections. All reports required under this section must be submitted by July 31st of each year.

(8)(a) The director may adopt rules:

(i) Designating the conditions of licensure under this section and the use of the electronic cattle transaction reporting system authorized by this section;

(ii) Establishing an initial application fee and a license renewal fee applicable to the electronic cattle transaction reporting license; and

(iii) Establishing any fees that must be paid by the holder of an electronic cattle transaction reporting license for reporting cattle transactions through the electronic cattle transaction reporting system.

(b) All fees established under this section must, as closely as practicable, cover the cost of the development, maintenance, fee collection, and audit and administrative oversight of the electronic cattle transaction reporting system.

Sec. 794. RCW 16.57.160 and 2013 c 313 s 1 are each amended to read as follows:

(1) The director may adopt rules:

(a) Designating any point for mandatory inspection of cattle or horses or the furnishing of proof that cattle or horses passing or being transported through the point have been inspected or identified and are lawfully being transported;

(b) Providing for issuance of individual horse and cattle identification certificates or other means of horse and cattle identification;

(c) Designating the documents that constitute other satisfactory proof of ownership for cattle and horses. A bill of sale may not be designated as documenting satisfactory proof of ownership for cattle; and

(d) Designating when inspection certificates, certificates of permit, or other transportation documents required by law or rule must designate a physical address of a destination. Cattle and horses must be delivered or transported directly to the physical address of that destination.

(2) The director may establish a process to electronically report transactions involving unbranded dairy cattle under section 1 of this act as an alternative to the mandatory cattle inspections required by department rule adopted pursuant to this section.

(3) A self-inspection certificate may be accepted as satisfactory proof of ownership for cattle if the director determines that the self-inspection certificate, together with other available documentation, sufficiently establishes ownership. Self-inspection certificates completed after June 10, 2010, are not satisfactory proof of ownership for cattle.

~~((3))~~ (4)(a) Upon request by a milk producer licensed under chapter 15.36 RCW, the department must issue an official individual identification tag to be placed by the producer before the first point of sale on bull calves and free-martins (infertile female calves) under thirty days of age. The fee for each tag is the cost to the department for manufacture, purchase, and distribution of the tag plus the applicable beef commission assessment. As used in this subsection ~~((3))~~ (4), "green tag" means the official individual identification issued by the department.

(b) Transactions involving unbranded dairy breed bull calves or free-martins (infertile female calves) not being moved or transported out of Washington are exempt from inspection requirements under this chapter only if:

(i) The animal is under thirty days old and has not been previously bought or sold;

(ii) The seller holds a valid milk producer's license under chapter 15.36 RCW;

(iii) The sale does not take place at or through a public livestock market or special sale authorized by chapter 16.65 RCW;

(iv) Each animal is officially identified as provided in (a) of this subsection; and

(v) A certificate of permit and a bill of sale listing each animal's green tag accompanies the animal to the buyer's location. These documents do not constitute proof of ownership under this chapter.

(c) All fees received under (a) of this subsection, except for the beef commission assessment, must be deposited in the animal disease traceability account in the agricultural local fund created in RCW 43.23.230."

(5) The court shall order a youth participating in extended foster care services to be under the placement and care authority of the department, subject to the youth's continuing agreement to participate in extended foster care services. The department may establish foster care rates appropriate to the needs of the youth participating in extended foster care services. The department's placement and care authority over a youth receiving extended foster care services is solely for the purpose of providing services and does not create a legal responsibility for the actions of the youth receiving extended foster care services.

(6) The court shall appoint counsel to represent a youth, as defined in RCW 13.34.030(2)(b), in dependency proceedings under this section.

(7) The case plan for and delivery of services to a youth receiving extended foster care services is subject to the review requirements set forth in RCW 13.34.138 and 13.34.145, and should be applied in a developmentally appropriate manner, as they relate to youth age eighteen to twenty-one years. Additionally, the court shall consider:

 - (c) Whether the current placement is developmentally appropriate for the youth;
 - (d) The youth's development of independent living skills; and
 - (e) The youth's overall progress toward transitioning to full independence and the projected date for achieving such transition.
- (8) Prior to the review hearing, the youth's attorney shall indicate whether there are any contested issues and may provide additional information necessary for the court's review.

Sec. 796. RCW 74.13.020 and 2013 c 332 s 8 and 2013 c 162 s 5 are each reenacted and amended to read as follows:

For purposes of this chapter:

~~((15))~~ (16) "Supervised independent living" includes, but is not limited to, apartment living, room and board arrangements, college or university dormitories, and shared roommate settings. Supervised independent living settings must be approved by the children's administration or the court.

Sec. 797. RCW 74.13.031 and 2014 c 122 s 2 are each amended to read as follows:

(1) The department and supervising agencies shall develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, the department and supervising agencies shall recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and the department shall annually report to the governor and the legislature concerning the department's and supervising agency's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3) The department shall investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) As provided in RCW 26.44.030(11), the department may respond to a report of child abuse or neglect by using the family assessment response.

(5) The department or supervising agencies shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(6) The department or supervising agencies shall monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. Under this section children in out-of-home care and in-home dependencies and their caregivers shall receive a private and individual face-to-face visit each month. The department and the supervising agencies shall randomly select no less than ten percent of the caregivers currently

providing care to receive one unannounced face-to-face visit in the caregiver's home per year. No caregiver will receive an unannounced visit through the random selection process for two consecutive years. If the caseworker makes a good faith effort to conduct the unannounced visit to a caregiver and is unable to do so, that month's visit to that caregiver need not be unannounced. The department and supervising agencies are encouraged to group monthly visits to caregivers by geographic area so that in the event an unannounced visit cannot be completed, the caseworker may complete other required monthly visits. The department shall use a method of random selection that does not cause a fiscal impact to the department.

The department or supervising agencies shall conduct the monthly visits with children and caregivers to whom it is providing child welfare services.

(7) The department and supervising agencies shall have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(8) The department and supervising agency shall have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(9) The department and supervising agency shall have authority to purchase care for children.

(10) The department shall establish a children's services advisory committee with sufficient members representing supervising agencies which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(11)(a) The department and supervising agencies shall provide continued extended foster care services to nonminor dependents who are:

(i) Enrolled in a secondary education program or a secondary education equivalency program;

(ii) Enrolled and participating in a postsecondary academic or postsecondary vocational education program;

(iii) Participating in a program or activity designed to promote employment or remove barriers to employment; ~~((or))~~

(iv) ~~((Within amounts appropriated specifically for this purpose.))~~ Engaged in employment for eighty hours or more per month; or

(v) Not able to engage in any of the activities described in (a)(i) through (iv) of this subsection due to a documented medical condition.

(b) To be eligible for extended foster care services, the nonminor dependent must have been dependent and in foster care at the time that he or she reached age eighteen years. If the dependency case of the nonminor dependent was dismissed pursuant to RCW 13.34.267, he or she may receive extended foster care services pursuant to a voluntary placement agreement under RCW 74.13.336 or pursuant to an order of dependency issued by the court under RCW 13.34.268. A nonminor dependent whose dependency case was dismissed by the court must have requested extended foster care services before reaching age nineteen years.

(c) The department shall develop and implement rules regarding youth eligibility requirements.

(d) The department shall make efforts to ensure that extended foster care services maximize medicaid reimbursements. This must include the department ensuring that health and mental health extended foster care providers participate in medicaid, unless the condition of the extended foster care youth requires specialty care that is not available among participating medicaid providers or there are no participating medicaid providers in the area. The department shall coordinate other services to maximize federal resources and the most cost-efficient delivery of services to extended foster care youth.

(12) The department shall have authority to provide adoption support benefits, or relative guardianship subsidies on behalf of youth ages eighteen to twenty-one years who achieved permanency through adoption or a relative guardianship at age sixteen or older and who meet the criteria described in subsection (11) of this section.

(13) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

(14) The department and supervising agencies shall have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order. The purchase of such care is exempt from the requirements of chapter 74.13B RCW and may be purchased from the federally recognized Indian tribe or tribally licensed child-placing agency, and shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department under subsections (4), (7), and (8) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(15) Within amounts appropriated for this specific purpose, the supervising agency or department shall provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(16) The department and supervising agencies shall have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty-one years of age who are or have been in foster care.

(17) The department and supervising agencies shall consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department and supervising agencies are performing the duties and meeting the obligations specified in this section and RCW 74.13.250 and 74.13.320 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

(18)(a) The department shall, within current funding levels, place on its public web site a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

(i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;

(ii) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);

(iii) Parent-child visits;

(iv) Statutory preference for placement with a relative or other suitable person, if appropriate; and

(v) Statutory preference for an out-of-home placement that allows the child to remain in the same school or school district, if practical and in the child's best interests.

(b) The document must be prepared in conjunction with a community-based organization and must be updated as needed.

NEW SECTION. Sec. 798. A new section is added to chapter 74.13 RCW to read as follows:

With respect to youth who will be aging out of foster care, the children's administration shall invite representatives from the division of behavioral health and recovery, the disability services administration, the economic services administration, and the juvenile justice and rehabilitation administration to the youth's shared planning meeting that occurs between age seventeen and seventeen and one-half that is used to develop a transition plan. It is the responsibility of the children's administration to include these agencies in the shared planning meeting. If foster youth who are the subject of this meeting may qualify for developmental disability services pursuant to Title 71A RCW, the children's administration shall direct these youth to apply for these services and provide assistance in the application process.

NEW SECTION. Sec. 799. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2015, in the omnibus appropriations act, this act is null and void.

NEW SECTION. Sec. 800. This act takes effect July 1, 2016."

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 804.** RCW 18.20.020 and 2012 c 10 s 2 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adult day services" means care and services provided to a nonresident individual by the assisted living facility on the assisted living facility premises, for a period of time not to exceed ten continuous hours, and does not involve an overnight stay.

(2) "Assisted living facility" means any home or other institution, however named, which is advertised, announced, or maintained for the express or implied purpose of providing housing, basic services, and assuming general responsibility for the safety and well-being of the residents, and may also provide domiciliary care, consistent with chapter 142, Laws of 2004, to seven or more residents after July 1, 2000. However, an assisted living facility that is licensed for three to six residents prior to or on July 1, 2000, may maintain its assisted living facility license as long as it is continually licensed as an assisted living facility. "Assisted living facility" shall not include facilities certified as group training homes pursuant to RCW 71A.22.040, nor any home, institution or section thereof which is otherwise licensed and regulated under the provisions of state law providing specifically for the licensing and regulation of such home, institution or section thereof. Nor shall it include any independent senior housing, independent living units in continuing care retirement communities, or other similar living situations including those subsidized by the department of housing and urban development.

(3) "Basic services" means housekeeping services, meals, nutritious snacks, laundry, and activities.

(4) "Continuing nursing services" means the resident has been assessed with a condition or diagnosis that is expected to require the frequent presence and supervision of a licensed registered nurse.

(5) "Department" means the state department of social and health services.

~~((5))~~ (6) "Domiciliary care" means: Assistance with activities of daily living provided by the assisted living facility either directly or indirectly; or health support services, if provided directly or indirectly by the assisted living facility; or intermittent nursing

services, if provided directly or indirectly by the assisted living facility; or continuing nursing services, if provided directly or indirectly by the assisted living facility.

~~((6))~~ (7) "General responsibility for the safety and well-being of the resident" means the provision of the following: Prescribed general low sodium diets; prescribed general diabetic diets; prescribed mechanical soft foods; emergency assistance; monitoring of the resident; arranging health care appointments with outside health care providers and reminding residents of such appointments as necessary; coordinating health care services with outside health care providers consistent with RCW 18.20.380; assisting the resident to obtain and maintain glasses, hearing aids, dentures, canes, crutches, walkers, wheelchairs, and assistive communication devices; observation of the resident for changes in overall functioning; blood pressure checks as scheduled; responding appropriately when there are observable or reported changes in the resident's physical, mental, or emotional functioning; or medication assistance as permitted under RCW 69.41.085 and as defined in RCW 69.41.010.

~~((7))~~ (8) "Legal representative" means a person or persons identified in RCW 7.70.065 who may act on behalf of the resident pursuant to the scope of their legal authority. The legal representative shall not be affiliated with the licensee, assisted living facility, or management company, unless the affiliated person is a family member of the resident.

~~((8))~~ (9) "Nonresident individual" means a person who resides in independent senior housing, independent living units in continuing care retirement communities, or in other similar living environments or in an unlicensed room located within an assisted living facility. Nothing in this chapter prohibits nonresidents from receiving one or more of the services listed in RCW 18.20.030(5) or requires licensure as an assisted living facility when one or more of the services listed in RCW 18.20.030(5) are provided to nonresidents. A nonresident individual may not receive domiciliary care, as defined in this chapter, directly or indirectly by the assisted living facility and may not receive the items and services listed in subsection ~~((6))~~ (7) of this section, except during the time the person is receiving adult day services as defined in this section.

~~((11))~~ (12) "Resident applicant" means an individual who is seeking admission to a licensed assisted living facility and who has completed and signed an application for admission, or such application for admission has been completed and signed in their behalf by their legal representative if any, and if not, then the designated representative if any.

The resident's representative may not be affiliated with the licensee, assisted living facility, or management company, unless the affiliated person is a family member of the resident. The

resident's representative shall not have authority to act on behalf of the resident once the resident is no longer competent.

~~((13))~~ (14) "Secretary" means the secretary of social and health services.

NEW SECTION. Sec. 805. A new section is added to chapter 18.20 RCW to read as follows:

(1) An assisted living facility may provide continuing nursing services if it secures a designation on its license from the department.

(2) At least sixty days prior to the anticipated designation to provide continuing nursing services, the applicant must submit to the department a completed application on a form developed by the department.

(3) Prior to granting an initial continuing nursing services designation, the department shall make an inspection visit to the assisted living facility applicant to determine the facility's compliance with the continuing nursing services rules. At least once every eighteen months, the department shall inspect the assisted living facility to determine the facility's compliance with the applicable rules to determine whether the designation may be continued.

(4) The department shall establish fees to be paid by assisted living facilities prior to the issuance of an initial or renewal designation under this section. The department shall establish the fee at a level that covers the cost of the administration of the designation program.

NEW SECTION. Sec. 806. A new section is added to chapter 18.20 RCW to read as follows:

(1) If an assisted living facility chooses to provide continuing nursing services and admits a person who requires the frequent presence and evaluation of a registered nurse, the facility must have a registered nurse available to assure the safe delivery of the required care and services in accordance with applicable rules developed by the department.

(2) An assisted living facility that is unable to assure that a registered nurse is available to provide or direct the safe delivery of the required care and services may not admit or retain a person who requires the frequent presence and evaluation of a registered nurse. Persons who are receiving hospice care or have a short-term illness that is expected to be resolved within fourteen days may remain or be admitted in the facility provided that the facility is able to assure that sufficient numbers and appropriately qualified and trained staff or outside service providers under RCW 18.20.380 are available to meet the needs of such persons.

(3) If the assisted living facility license has the designation required under section 2 of this act, the facility may provide continuing nursing services, as defined by the department in rule, to meet the needs of residents whose needs could not be met through intermittent nursing services under RCW 18.20.330.

(4) On the disclosure form, the assisted living facility shall describe any limitations, additional services, or conditions that may apply under this section.

(5) In providing continuing nursing services, the assisted living facility shall observe the resident for changes in overall functioning and respond appropriately when there are observable or reported changes in the resident's physical, mental, or emotional functioning that exceed the licensee's licensure limitations and any limitations described in the disclosure form.

(6) If an assisted living facility with a continuing nursing services designation determines, or has reason to believe, that a resident needs continuing nursing services or rehabilitative therapy services, then the facility must provide the resident, the resident's legal representative, if any, and, if not, the resident representative, with a department-approved written notice informing the client that he or she may be eligible for complete or partial coverage of those services through medicare, medicaid, veterans' benefits, long-term

care insurance, or other benefit programs. The department shall develop the written notice with input from stakeholders. The notice must inform residents of possible coverage under the benefit programs at reduced fee or no cost to the resident, and provide contact information for those programs. The notice must be signed and dated by the resident, or his or her representative if the resident lacks capacity. The facility must retain a copy of the signed notice. If the resident chooses to use his or her benefits under medicare, medicaid, veterans' benefits, long-term care insurance, or other programs, the resident may elect to receive the nursing or rehabilitative therapy services offered through an outside health care provider under RCW 18.20.380, or from the assisted living facility if the facility is an authorized provider under the relevant benefit program. An assisted living facility that fails to give the notice required under this subsection and charges residents privately for the provision of continuing nursing or rehabilitative services and such services were otherwise eligible for medicare, veterans' benefits, long-term care insurance, or other third-party coverage, commits an act that constitutes financial exploitation under chapter 74.34 RCW.

(7) An assisted living facility that chooses to provide continuing nursing services, and has residents whose care is paid for in whole or in part by medicaid, may not use the continuing nursing services designation, or any physical plant alterations or application process necessary for such designation, as a basis for the permanent discharge of any of the facility's current medicaid residents. An assisted living facility that receives an initial continuing nursing services designation may not, for one year following the initial designation, reduce the number of medicaid residents that the facility accepts or retains below the highest number of medicaid residents living at the facility within one year prior to the application for an initial continuing nursing services designation. Any subsequent reduction must be made in accordance with this chapter and chapter 70.129 RCW. An assisted living facility with a designation to provide continuing nursing services that participates in the medicaid program may not involuntarily transfer, discharge, or otherwise refuse residence and services to a resident who was not enrolled in medicaid at the time of admission and subsequently enrolled in medicaid to finance their care, in whole or in part, following a change in health status that requires continuing nursing services.

Sec. 807. RCW 18.20.030 and 2012 c 10 s 3 are each amended to read as follows:

(1) After January 1, 1958, no person shall operate or maintain an assisted living facility as defined in this chapter within this state without a license under this chapter.

(2) An assisted living facility license is not required for the housing, or services, that are customarily provided under landlord tenant agreements governed by the residential landlord-tenant act, chapter 59.18 RCW, or when housing nonresident individuals who chose to participate in programs or services under subsection (5) of this section, when offered by the assisted living facility licensee or the licensee's contractor. This subsection does not prohibit the licensee from furnishing written information concerning available community resources to the nonresident individual or the individual's family members or legal representatives. The licensee may not require the use of any particular service provider.

(3) Residents receiving domiciliary care, directly or indirectly by the assisted living facility, are not considered nonresident individuals for the purposes of this section.

(4) An assisted living facility license is required when any person other than an outside service provider, under RCW 18.20.380, or family member:

(a) Assumes general responsibility for the safety and well-being of a resident;

(b) Provides assistance with activities of daily living, either directly or indirectly;

(c) Provides health support services, either directly or indirectly; ~~((€))~~

(d) Provides intermittent nursing services, either directly or indirectly; or

(e) Provides continuing nursing services, either directly or indirectly.

(5) An assisted living facility license is not required for one or more of the following services that may, upon the request of the nonresident, be provided to a nonresident individual: (a) Emergency assistance provided on an intermittent or nonroutine basis; (b) systems, including technology-based monitoring devices, employed by independent senior housing, or independent living units in continuing care retirement communities, to respond to the potential need for emergency services; (c) scheduled and nonscheduled blood pressure checks; (d) nursing assessment services to determine whether referral to an outside health care provider is recommended; (e) making and reminding the nonresident of health care appointments; (f) preadmission assessment for the purposes of transitioning to a licensed care setting; (g) medication assistance which may include reminding or coaching the nonresident, opening the nonresident's medication container, using an enabler, and handing prefilled insulin syringes to the nonresident; (h) falls risk assessment; (i) nutrition management and education services; (j) dental services; (k) wellness programs; (l) prefilling insulin syringes when performed by a nurse licensed under chapter 18.79 RCW; or (m) services customarily provided under landlord tenant agreements governed by the residential landlord-tenant act, chapter 59.18 RCW.

Sec. 808. RCW 18.20.090 and 2012 c 10 s 5 are each amended to read as follows:

(1) The department shall adopt, amend, and promulgate such rules, regulations, and standards with respect to all assisted living facilities and operators thereof to be licensed hereunder as may be designed to further the accomplishment of the purposes of this chapter in promoting safe and adequate care of individuals in assisted living facilities and the sanitary, hygienic, and safe conditions of the assisted living facility in the interest of public health, safety, and welfare.

(2) The department shall also amend and adopt rules regarding the provision of continuing nursing services, including rules that define:

(a) The process for designation of assisted living facilities, including required notices to be provided to residents and their legal representative if any, and if not, the resident's representative;

(b) The extent to which continuing nursing services may be provided in assisted living facilities;

(c) Staffing requirements; and

(d) Physical plant requirements.

Sec. 809. RCW 18.20.160 and 2012 c 10 s 11 are each amended to read as follows:

~~((No person operating an assisted living facility licensed under this chapter shall admit to or retain in the assisted living facility any aged person requiring nursing or medical care of a type provided by institutions licensed under chapters 18.51, 70.41 or 71.12 RCW, except that when registered nurses are available, and upon a doctor's order that a supervised medication service is needed, it may be provided. Supervised medication services, as defined by the department and consistent with chapters 69.41 and 18.79 RCW, may include an approved program of self-medication or self-directed medication. Such medication service shall be provided only to residents who otherwise meet all requirements for residency in an assisted living facility. No assisted living facility shall admit or retain a person who requires the frequent presence and frequent evaluation of a registered nurse, excluding persons who are receiving hospice care or persons who have a short term illness that is expected to be resolved within fourteen days.)) The assisted living facility licensed under this chapter must assume general~~

responsibility for each resident and must promote each resident's health, safety, and well-being consistent with the resident negotiated care plan. In addition, the assisted living facility may provide assistance with activities of daily living, health support services, intermittent nursing services, and continuing nursing services, as may be further defined by the department in rule, and consistent with the care and services included in the disclosure form required under RCW 18.20.300. To provide continuing nursing services, the licensee shall obtain from the department a designation as required by section 2 of this act. Without first obtaining the required designation on its license, an assisted living facility may not admit or retain a person who requires the frequent presence and frequent evaluation of a licensed registered nurse, except for persons who are receiving hospice care or persons who have a short-term illness that is expected to be resolved within fourteen days. The assisted living facility must assure that sufficient numbers and appropriately qualified and trained staff are available to provide care and services consistent with this chapter.

Sec. 810. RCW 18.20.330 and 2012 c 10 s 22 are each amended to read as follows:

(1) Assisted living facilities are not required to provide intermittent nursing services. The assisted living facility licensee may choose to provide any of the following intermittent nursing services through appropriately licensed and credentialed staff, however, the facility may or may not need to provide additional intermittent nursing services to comply with the reasonable accommodation requirements in federal or state law:

(a) Medication administration;

(b) Administration of health care treatments;

(c) Diabetic management;

(d) Nonroutine ostomy care;

(e) Tube feeding; and

(f) Nurse delegation consistent with chapter 18.79 RCW.

(2) The licensee shall clarify on the disclosure form any limitations, additional services, or conditions that may apply under this section.

(3) In providing intermittent nursing services, the assisted living facility shall observe the resident for changes in overall functioning and respond appropriately when there are observable or reported changes in the resident's physical, mental, or emotional functioning.

(4) The assisted living facility may provide intermittent nursing services to ~~((the extent permitted by RCW 18.20.160))~~ residents who do not require the frequent presence and supervision of a licensed registered nurse."

emergency situation that involves the risk of death or serious physical harm and requires disclosure without a delay of information relating to the emergency;

(d) Concurrent to making a request, the responding law enforcement agency must check the federal bureau of investigation's national crime information center and any other available databases to identify if either the person requesting the call location information or the person for whom the call location information is being requested has any history of domestic violence or any court order restricting contact by a respondent;

(e) Concurrent to making a request, the responding law enforcement agency must also check with the Washington state patrol to identify if either the person requesting the call location information or the person for whom the call location information is being requested is participating in the address confidentiality program established in chapter 40.24 RCW. A law enforcement agency may not disclose information obtained under this section to any other party except first responders responding to the emergency situation; and

(g) A law enforcement agency may not request information under this section for any purpose other than responding to a call for emergency services or in an emergency situation that involves the risk of death or serious physical harm.

(2) A wireless telecommunications provider may establish protocols by which the carrier voluntarily discloses call location information to law enforcement.

(3) No cause of action may be brought in any court against any wireless telecommunications provider, its officers, employees, agents, or other specified persons for providing call location information while acting in good faith and in accordance with the provisions of this section.

(4) All wireless telecommunications providers registered to do business in the state of Washington and all resellers of wireless telecommunications services shall submit their emergency contact information to the Washington state patrol in order to facilitate requests from a law enforcement agency for call location information in accordance with this section. Any change in contact information must be submitted immediately.

(5) The Washington state patrol must maintain a database containing emergency contact information for all wireless telecommunications providers registered to do business in the state of Washington and must make the information immediately available upon request to facilitate a request from law enforcement for call location information under this section.

(6) The Washington state patrol may adopt by rule criteria for fulfilling the requirements of this section.

Sec. 816. RCW 40.24.070 and 2008 c 18 s 5 are each amended to read as follows:

The secretary of state may not make any records in a program participant's file available for inspection or copying, other than the address designated by the secretary of state, except under the following circumstances:

(2) If directed by a court order, to a person identified in the order; and

(a) The request is made by a nonlaw enforcement agency; or

(b) The participant's file indicates he or she has reason to believe he or she is a victim of domestic violence, sexual assault, or stalking perpetrated by a law enforcement employee.

(3) To the Washington state patrol solely for the use authorized in section 1 of this act, provided that participant information must clearly distinguish between those participants requesting disclosure to a law enforcement agency of the location of a telecommunications device and call information of the user, and those participants who request nondisclosure to a law enforcement agency of the location of a telecommunications device and call information of the user. The Washington state patrol may not use the information or make the information available for inspection and copying for any other purpose than authorized in section 1 of this act. The secretary of state may adopt rules to make available the information required for the purposes of this section and section 1 of this act. The secretary of state and the secretary of state's officers, employees, or custodian, are not liable, nor shall a cause of action exist, for any loss or damage based upon the release of information, or the nondisclosure of information, from the address confidentiality program to the Washington state patrol if the agency, officer, employee, or custodian acted in good faith in attempting to comply with the provisions of this section and section 1 of this act.

NEW SECTION. Sec. 821. A new section is added to chapter 66.20 RCW to read as follows:

(1) The holder of a license to operate a distillery or craft distillery issued under RCW 66.24.140 or 66.24.145 may accept orders for spirits from, and deliver spirits to, customers if all of the following conditions are met for each sale:

(a) Spirits are not used for resale;

(b) Spirits come directly from the distillery's or craft distillery's possession prior to shipment or delivery. All transactions are to be treated as if they were conducted in the retail location of the distillery or craft distillery regardless of how they are received or processed;

(c) Spirits may be ordered in person at a licensed location, by mail, telephone, or internet, or by other similar methods; and

(d) Only a distillery or craft distillery licensee or a licensee's direct employees may accept and process orders and payments. A contractor may not do so on behalf of a distillery or craft distillery licensee, except for transmittal of payment through a third-party service. A third-party service may not solicit customer business on behalf of a distillery or craft distillery licensee.

(2) All orders and payments must be fully processed before spirits transfers ownership or, in the case of delivery, leaves a licensed distillery's or craft distillery's possession.

(3) Payment methods include, but are not limited to: Cash, credit or debit card, check or money order, electronic funds transfer, or an existing prepaid account. An existing prepaid account may not have a negative balance.

(4) To sell spirits via the internet, a new distillery or craft distillery license applicant must request internet-sales privileges in his or her application. An existing distillery or craft distillery licensee must notify the board prior to beginning internet sales. A corporate entity representing multiple licensees may notify the board in a single letter on behalf of affiliated distillery or craft distillery licensees, as long as the liquor license numbers of all licensee locations utilizing internet sales privileges are clearly identified.

(5) Delivery may be made only to a residence or business that has an address recognized by the United States postal service; however, the board may grant an exception to this rule at its

discretion. A residence includes a hotel room, a motel room, marina, or other similar lodging that temporarily serves as a residence.

(6) Spirits may be delivered each day of the week between the hours of 6:00 a.m. and 2:00 a.m. Delivery must be fully completed by 2:00 a.m.

(7) Under chapter 66.44 RCW, any person under twenty-one years of age is prohibited from purchasing, delivering, or accepting delivery of liquor.

(a) A delivery person must verify the age of the person accepting delivery before handing over liquor.

(b) If no person twenty-one years of age or older is present to accept a liquor order at the time of delivery, the liquor must be returned.

(8) Delivery of liquor is prohibited to any person who shows signs of intoxication.

(9)(a) Individual units of spirits must be factory sealed in bottles. For the purposes of this subsection, "factory sealed" means that a unit is in one hundred percent resalable condition, with all manufacturer's seals intact.

(b) The outermost surface of a liquor package, delivered by a third party, must have language stating that:

- (i) The package contains liquor;
- (ii) The recipient must be twenty-one years of age or older; and
- (iii) Delivery to intoxicated persons is prohibited.

(10)(a) Records and files must be retained at the licensed premises. Each delivery sales record must include the following:

- (i) Name of the purchaser;
- (ii) Name of the person who accepts delivery;
- (iii) Street addresses of the purchaser and the delivery location;

and

- (iv) Time and date of purchase and delivery.

(b) A private carrier must obtain the signature of the person who receives liquor upon delivery.

(c) A sales record does not have to include the name of the delivery person, but it is encouraged.

(11) Web site requirements. When selling over the internet, all web site pages associated with the sale of liquor must display the distillery or craft distillery licensee's registered trade name.

(12) A distillery or craft distillery licensee is accountable for all deliveries of liquor made on its behalf.

(13) The board may impose administrative enforcement action upon a licensee, or suspend or revoke a licensee's delivery privileges, or any combination thereof, should a licensee violate any condition, requirement, or restriction.

NEW SECTION. Sec. 822. A new section is added to chapter 66.24 RCW to read as follows:

(1) Any licensee authorized to sell at retail under this chapter may sell gift certificates and gift cards intended to be exchanged for consumer goods or services, including liquor sold by the licensee. The licensee may also sell the gift certificates and gift cards to or through a third-party retailer for resale to the public. Gift certificates and gift cards may not be redeemed for alcohol by persons under the age of twenty-one.

service;

(viii) Identify policies to promote financial security in retirement, support people who wish to stay in the workplace

longer, and expand the availability of workplace retirement savings plans; and

(ix) Identify policy options to help communities adapt to the aging demographic in planning for housing, land use, and transportation.

"NEW SECTION. Sec. 828. A new section is added to chapter 48.43 RCW to read as follows:

(1) A health benefit plan issued or renewed after December 31, 2015, that provides coverage for prescription drugs must implement a medication synchronization policy for the dispensing of prescription drugs to the plan's enrollees.

(a) If an enrollee requests medication synchronization for a new prescription, the health plan must permit filling the drug: (i) For less than a one-month supply of the drug if synchronization will require more than a fifteen-day supply of the drug; or (ii) for more than a one-month supply of the drug if synchronization will require a fifteen-day supply of the drug or less.

(b) The health plan must establish a daily cost-sharing rate and apply it to a prescription presented to a network pharmacy for a covered drug that is dispensed for more or less than a one-month supply if the drug is in the form of a solid oral dose. This requirement does not apply to: (i) Solid oral doses of antibiotics; or (ii) solid oral doses that are dispensed in their original container or are customarily dispensed in their original packaging to assist patients with compliance.

(c) In the case of a drug that would incur a copayment, the health plan must apply cost-sharing as calculated by multiplying the applicable daily cost-sharing rate by the days' supply actually dispensed when the enrollee receives more or less than a one-month supply. In the case of a drug that would incur a coinsurance percentage, the health plan must apply the coinsurance percentage for the drug to the days' supply actually dispensed.

(2) Upon request of an enrollee, the prescribing provider or pharmacist shall:

(a) Determine that filling or refilling the prescription is in the best interest of the enrollee, taking into account the appropriateness of synchronization for the drug being dispensed;

(b) Inform the enrollee that the prescription will be filled to less than the standard refill amount for the purpose of synchronizing his or her medications; and

(c) Deny synchronization on the grounds of threat to patient safety or suspected fraud or abuse.

(3) For purposes of this section, the following terms have the following meanings unless the context clearly requires otherwise:

(a) "Daily cost-sharing rate" means, as applicable, the established: (i) Monthly copayment under the enrollee's plan, divided by the number of days in a one-month supply for the drug dispensed and rounded to the nearest cent; or (ii) coinsurance percentage under the enrollee's plan.

(b) "Medication synchronization" means the coordination of medication refills for a patient taking two or more medications for a chronic condition such that the patient's medications are refilled on the same schedule for a given time period.

(c) "Prescription" has the same meaning as in RCW 18.64.011. **NEW SECTION. Sec. 829.** A new section is added to chapter 41.05 RCW to read as follows:

E2SSB 5452 Prime Sponsor, Committee on Ways & Means: Improving quality in the early care and education system. Reported by Committee on Early Learning & Human Services

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 830. INTENT. (1) The legislature finds that quality early care and education builds the foundation for a child's success in school and in life. The legislature acknowledges that a quality framework is necessary for the early care and education system in Washington. The legislature recognizes that empirical evidence supports the conclusion that high quality programs consistently yield more positive outcomes for children, with the strongest positive impacts on the most vulnerable children. The legislature acknowledges that critical developmental windows exist in early childhood, and low quality child care has damaging effects for children. The legislature further understands that the proper dosage, duration of programming, and

stability of care are critical to enhancing program quality and improving child outcomes. The legislature acknowledges that the early care and education system should strive to address the needs of Washington's culturally and linguistically diverse populations. The legislature understands that parental choice and provider diversity are guiding principles for early learning programs.

(2) The legislature intends to prioritize the integration of child care and preschool in an effort to promote full day programming. The legislature further intends to reward quality and create incentives for providers to participate in a quality rating and improvement system that will also provide valuable information to parents regarding the quality of care available in their communities.

Sec. 831. RCW 43.215.100 and 2013 c 323 s 6 are each amended to read as follows:

EARLY ACHIEVERS, QUALITY RATING, AND IMPROVEMENT SYSTEM.

(1) ~~((Subject to the availability of amounts appropriated for this specific purpose,))~~ The department, in collaboration with tribal governments and community and statewide partners, shall implement a ~~((voluntary))~~ quality rating and improvement system, called the early achievers program~~((, that))~~. The early achievers program provides a foundation of quality for the early care and education system. The early achievers program is applicable to licensed or certified child care centers and homes and early ~~((education))~~ learning programs such as working connections child care and early childhood education and assistance programs.

(2) The ~~((purpose))~~ objectives of the early achievers program ~~((is))~~ are to:

(a) ~~((To))~~ Improve short-term and long-term educational outcomes for children as measured by assessments including, but not limited to, the Washington kindergarten inventory of developing skills in RCW 28A.655.080;

(b) Give parents clear and easily accessible information about the quality of child care and early education programs((;));

(c) Support improvement in early learning and child care programs throughout the state((;));

(d) Increase the readiness of children for school((, and));

(e) Close the ~~((disparity))~~ disparities in access to quality care;

(f) Provide professional development and coaching opportunities to early child care and education providers; and ~~((to))~~

(g) Establish a common set of expectations and standards that define, measure, and improve the quality of early learning and child care settings.

(3)(a) Licensed or certified child care centers and homes serving nonschool age children and receiving state subsidy payments must participate in the early achievers program by the required deadlines established in RCW 43.215.135.

(b) Approved early childhood education and assistance program providers receiving state-funded support must participate in the early achievers program by the required deadlines established in RCW 43.215.415.

(c) Participation in the early achievers program is voluntary for:

(i) Licensed or certified child care centers and homes not receiving state subsidy payments; and

(ii) Early learning programs not receiving state funds.

(d) School age child care providers are exempt from participating in the early achievers program. By July 1, 2017, the department and the office of the superintendent of public instruction shall jointly design a plan to incorporate school age child care providers into the early achievers program or other appropriate quality improvement system. To test implementation of the early achievers system for school age child care providers

the department and the office of the superintendent of public instruction shall implement a pilot program.

(4) ((By fiscal year 2015, Washington state preschool programs receiving state funds must enroll in the early achievers program and maintain a minimum score level.

(5) Before final implementation of the early achievers program, the department shall report on program progress, as defined within the race to the top federal grant award, and expenditures to the appropriate policy and fiscal committees of the legislature.)) There are five levels in the early achievers program. Participants are expected to actively engage and continually advance within the program.

(5) The department has the authority to determine the rating cycle for the early achievers program. The department shall streamline and eliminate duplication between early achievers standards and state child care rules in order to reduce costs associated with the early achievers rating cycle and child care licensing.

(a) Early achievers program participants may request to be rated at any time after the completion of all level 2 activities.

(b) The department shall provide an early achievers program participant an update on the participant's progress toward completing level 2 activities after the participant has been enrolled in the early achievers program for fifteen months.

(c) The first rating is free for early achievers program participants.

(d) Each subsequent rating within the established rating cycle is free for early achievers program participants.

(6)(a) Early achievers program participants may request to be rated outside the established rating cycle.

(b) The department may charge a fee for optional rerating requests made by program participants that are outside the established rating cycle.

(c) Fees charged are based on, but may not exceed, the cost to the department for activities associated with the early achievers program.

(7)(a) The department must create a single source of information for parents and caregivers to access details on a provider's early achievers program rating level, licensing history, and other indicators of quality and safety that will help parents and caregivers make informed choices.

(b) The department shall publish to the department's web site, or offer a link on its web site to, the following information:

(i) By August 1, 2015, early achievers program rating levels 1 through 5 for all child care programs that receive state subsidy, early childhood education and assistance programs, and federal head start programs in Washington; and

(ii) New early achievers program ratings within thirty days after a program becomes licensed or certified, or receives a rating.

(c) The early achievers program rating levels shall be published in a manner that is easily accessible to parents and caregivers and takes into account the linguistic needs of parents and caregivers.

(d) The department must publish early achievers program rating levels for child care programs that do not receive state subsidy but have voluntarily joined the early achievers program.

(e) Early achievers program participants who have published rating levels on the department's web site or on a link on the department's web site may include a brief description of their program, contingent upon the review and approval by the department, as determined by established marketing standards.

(8)(a) The department shall create a professional development pathway for early achievers program participants to obtain a high school diploma or equivalency or higher education credential in early childhood education, early childhood studies, child development, or an academic field related to early care and education.

(b) The professional development pathway must include opportunities for scholarships and grants to assist early achievers program participants with the costs associated with obtaining an educational degree.

(c) The department shall address cultural and linguistic diversity when developing the professional development pathway.

(9) The early achievers quality improvement awards shall be reserved for participants offering programs to an enrollment population consisting of at least five percent of children receiving a state subsidy.

(10) In collaboration with tribal governments, community and statewide partners, and the early achievers review subcommittee created in RCW 43.215.090, the department shall develop a protocol for granting early achievers program participants an extension in meeting rating level requirement timelines outlined for the working connections child care program and the early childhood education and assistance program.

(a) The department may grant extensions only under exceptional circumstances, such as when early achievers program participants experience an unexpected life circumstance.

(b) Extensions shall not exceed six months, and early achievers program participants are only eligible for one extension in meeting rating level requirement timelines.

(c) Extensions may only be granted to early achievers program participants who have demonstrated engagement in the early achievers program.

(11)(a) The department shall accept national accreditation that meets the requirements of this subsection (11) as a qualification for the early achievers program ratings.

(b) Each national accreditation agency will be allowed to submit its most current standards of accreditation to establish potential credit earned in the early achievers program. The department shall grant credit to accreditation bodies that can demonstrate that their standards meet or exceed the current early achievers program standards.

(c) Licensed child care centers and child care home providers must meet national accreditation standards approved by the department for the early achievers program in order to be granted credit for the early achievers program standards. Eligibility for the early achievers program is not subject to bargaining, mediation, or interest arbitration under RCW 41.56.028, consistent with the legislative reservation of rights under RCW 41.56.028(4)(d).

(12) A child care or early learning program that is operated by a federally recognized tribe and receives state funds shall participate in the early achievers program. The tribe may choose to participate through an interlocal agreement between the tribe and the department. The interlocal agreement must reflect the government-to-government relationship between the state and the tribe, including recognition of tribal sovereignty. The interlocal agreement must provide that:

(a) Tribal child care facilities and early learning programs may volunteer, but are not required, to be licensed by the department;

(b) Tribal child care facilities and early learning programs are not required to have their early achievers program rating level published to the department's web site or through a link on the department's web site; and

(c) Tribal child care facilities and early learning programs must provide notification to parents or guardians who apply for or have been admitted into their program that early achievers program rating level information is available and provide the parents or guardians with the program's early achievers program rating level upon request.

(13) The department shall consult with the early achievers review subcommittee on all substantial policy changes to the early achievers program.

(14) Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects or limits the legislature's authority to make programmatic modifications to licensed child care and early learning programs under RCW 41.56.028(4)(d).

NEW SECTION. Sec. 832. A new section is added to chapter 43.215 RCW to read as follows:

SINGLE SET OF LICENSING STANDARDS.

(1) No later than July 1, 2016, the department shall implement a single set of licensing standards for child care and the early childhood education and assistance program. The department shall produce the single set of licensing standards within the department's available appropriations. The new licensing standards must:

- (a) Provide minimum health and safety standards for child care and preschool programs;
- (b) Rely on the standards established in the early achievers program to address quality issues in participating early childhood programs;
- (c) Take into account the separate needs of family care providers and child care centers; and
- (d) Promote the continued safety of child care settings.

(2) Private schools that operate early learning programs and do not receive state subsidy payments shall be subject only to state licensing requirements necessary to assure the health and safety of all students in the state and to assure a sufficient early childhood education to meet usual requirements needed for transition into elementary school. The state, and any agency thereof, shall not restrict or dictate any specific educational or other programs for early learning programs operated by private schools except for programs that receive state subsidy payments.

Sec. 833. RCW 43.215.200 and 2011 c 359 s 2 and 2011 c 253 s 3 are each reenacted and amended to read as follows:

DIRECTOR'S LICENSING DUTIES.

It shall be the director's duty with regard to licensing:

(1) In consultation and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of child care facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages and other characteristics of the children served, variations in the purposes and services offered or size or structure of the agencies to be licensed, or because of any other factor relevant thereto;

(2) In consultation with the state fire marshal's office, the director shall use an interagency process to address health and safety requirements for child care programs that serve school-age children and are operated in buildings that contain public or private schools that safely serve children during times in which school is in session. For child care programs serving only school-age children and operating in the same facilities used by public or private schools, the director shall not impose additional health and safety licensing requirements related to the physical facility beyond the health and safety standards established by the state board of health for primary and secondary schools pursuant to its authority in RCW 43.20.050;

(3) In consultation and with the advice and assistance of parents or guardians, and persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed under this chapter;

(4) In consultation with law enforcement personnel, the director shall investigate the conviction record or pending charges of each agency and its staff seeking licensure or relicensure, and other persons having unsupervised access to children in care;

(5) To satisfy the shared background check requirements provided for in RCW 43.215.215 and 43.20A.710, the department

of early learning and the department of social and health services shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow both departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. Neither department may share the federal background check results with any other state agency or person;

(6) To issue, revoke, or deny licenses to agencies pursuant to this chapter. Licenses shall specify the category of care that an agency is authorized to render and the ages and number of children to be served;

(7) To prescribe the procedures and the form and contents of reports necessary for the administration of this chapter and to require regular reports from each licensee;

(8) To inspect agencies periodically to determine whether or not there is compliance with this chapter and the requirements adopted under this chapter;

(9) To review requirements adopted under this chapter at least every two years and to adopt appropriate changes after consultation with affected groups for child day care requirements; and

(10) To consult with public and private agencies in order to help them improve their methods and facilities for the care and early learning of children.

NEW SECTION. Sec. 834. A new section is added to chapter 43.215 RCW to read as follows:

REDUCTION OF BARRIERS—LOW-INCOME PROVIDERS AND PROGRAMS—EARLY ACHIEVERS.

(1)(a) The department shall, in collaboration with tribal governments and community and statewide partners, implement a protocol to maximize and encourage participation in the early achievers program for culturally diverse and low-income center and family home child care providers. Amounts appropriated for the encouragement of culturally diverse and low-income center and family home child care provider participation shall be appropriated separately from the other funds appropriated for the department, are the only funds that may be used for the protocol, and may not be used for any other purposes. Funds appropriated for the protocol shall be considered an ongoing program for purposes of future departmental budget requests.

(b) During the first thirty months of implementation of the early achievers program the department shall prioritize the resources authorized in this section to assist providers rating at a level 2 in the early achievers program to help them reach a level 3 rating wherever access to subsidized care is at risk.

(2) The protocol should address barriers to early achievers program participation and include at a minimum the following:

(a) The creation of a substitute pool;

(b) The development of needs-based grants for providers at level 2 in the early achievers program to assist with purchasing curriculum development, instructional materials, supplies, and equipment to improve program quality. Priority for the needs-based grants shall be given to culturally diverse and low-income providers;

(c) The development of materials and assessments in a timely manner, and to the extent feasible, in the provider and family home languages; and

(d) The development of flexibility in technical assistance and coaching structures to provide differentiated types and amounts of support to providers based on individual need and cultural context.

Sec. 835. RCW 43.215.135 and 2013 c 323 s 9 are each amended to read as follows:

WORKING CONNECTIONS CHILD CARE.

(1) The department shall establish and implement policies in the working connections child care program to promote stability

and quality of care for children from low-income households. These policies shall focus on supporting school readiness for young learners. Policies for the expenditure of funds constituting the working connections child care program must be consistent with the outcome measures defined in RCW 74.08A.410 and the standards established in this section intended to promote ((continuity of care for children)) stability, quality, and continuity of early care and education programming.

(2) ((Beginning in fiscal year 2013-)) As recommended by Public Law 113-186, authorizations for the working connections child care subsidy shall be effective for twelve months ((unless a change in circumstances necessitates reauthorization sooner than twelve months. The twelve month certification applies only if the enrollments in the child care subsidy or working connections child care program are capped.

(3) Subject to the availability of amounts appropriated for this specific purpose, beginning September 1, 2013, working connections child care providers shall receive a five percent increase in the subsidy rate for enrolling in level 2 in the early achievers programs. Providers must complete level 2 and advance to level 3 within thirty months in order to maintain this increase)) beginning January 1, 2016.

(3) Existing child care providers serving nonschool age children and receiving state subsidy payments must complete the following requirements to be eligible for a state subsidy under this section:

(b) Complete level 2 activities in the early achievers program by August 1, 2017; and

(c) Rate at a level 3 or higher in the early achievers program by December 31, 2019. If a child care provider rates below a level 3 by December 31, 2019, the provider must complete remedial activities with the department, and rate at a level 3 or higher no later than June 30, 2020.

(a) Enroll in the early achievers program within thirty days of receiving the initial state subsidy payment;

(b) Complete level 2 activities in the early achievers program within twelve months of enrollment; and

(c) Rate at a level 3 or higher in the early achievers program within thirty months of enrollment. If a child care provider rates below a level 3 within thirty months from enrollment into the early achievers program, the provider must complete remedial activities with the department, and rate at a level 3 or higher within six months of beginning remedial activities.

(5) If a child care provider does not rate at a level 3 or higher following the remedial period, the provider is no longer eligible to receive state subsidy under this section.

(6) If a child care provider serving nonschool age children and receiving state subsidy payments has successfully completed all level 2 activities and is waiting to be rated by the deadline provided in this section, the provider may continue to receive a state subsidy pending the successful completion of the level 3 rating activity.

(7) The department shall implement tiered reimbursement for early achievers program participants in the working connections child care program rating at level 3, 4, or 5.

(8) The department shall account for a child care copayment collected by the provider from the family for each contracted slot and establish the copayment fee by rule.

Sec. 836. RCW 43.215.1352 and 2012 c 251 s 2 are each amended to read as follows:

Approved early childhood education and assistance programs shall conduct needs assessments of their service area(~~(-))~~ and identify any targeted groups of children, to include but not be limited to children of seasonal and migrant farmworkers and native American populations living either on or off reservation(~~(-and))~~. Approved early childhood education and assistance programs shall provide to the department a service delivery plan, to the extent practicable, that addresses these targeted populations.

(2) The department, in developing rules for the early childhood education and assistance program, shall consult with the early learning advisory ((committee)) council, and shall consider such factors as coordination with existing head start and other early childhood programs, the preparation necessary for instructors, qualifications of instructors, adequate space and equipment, and special transportation needs. The rules shall specifically require the early childhood programs to provide for parental involvement in participation with their child's program, in local program policy decisions, in development and revision of service delivery systems, and in parent education and training.

~~expanded early childhood programs, and shall not be used to supplant federally supported head start programs.)~~

(2) Funds obtained by providers through voluntary grants or contributions from individuals, agencies, corporations, or organizations may be used to expand or enhance preschool programs so long as program standards established by the department are maintained(~~(, but shall not be used to supplant federally supported head start programs or state supported early childhood programs))~~).

(3) Persons applying to conduct the early childhood education and assistance program shall identify targeted groups and the number of children to be served, program components, the qualifications of instructional and special staff, the source and amount of grants or contributions from sources other than state funds, facilities and equipment support, and transportation and personal care arrangements.

"NEW SECTION. Sec. 853. A new section is added to chapter 48.43 RCW to read as follows:

For health plans issued or renewed on or after January 1, 2017, benefits shall not be denied for any health care service performed by a pharmacist licensed under chapter 18.64 RCW if (1) the service performed was within the lawful scope of such person's license; (2) the plan would have provided benefits if the service had been performed by a physician licensed under chapter 18.71 or 18.57 RCW, an advanced registered nurse practitioner licensed under chapter 18.79 RCW, or a physician's assistant licensed under chapter 18.71A or 18.57A RCW; and (3) the pharmacist is included in the plan's network of participating providers. The participation of pharmacies in the plan network's drug benefit does not satisfy the requirement that plans include pharmacists in their networks of participating medical providers. This section does not supersede the requirements of RCW 48.43.045.

Sec. 854. RCW 48.43.045 and 2007 c 253 s 12 are each amended to read as follows:

(1) Every health plan delivered, issued for delivery, or renewed by a health carrier on and after January 1, 1996, shall:

(a) Permit every category of health care provider to provide health services or care ((for conditions)) included in the ((basic

~~health plan services~~) essential health benefits benchmark plan established by the commissioner consistent with RCW 48.43.715, to the extent that:

- (i) The provision of such health services or care is within the health care providers' permitted scope of practice; ~~(and)~~
- (ii) The providers agree to abide by standards related to:
 - (A) Provision, utilization review, and cost containment of health services;
 - (B) Management and administrative procedures; and
 - (C) Provision of cost-effective and clinically efficacious health services; and
- (iii) The plan covers such services or care in the essential health benefits benchmark plan. The reference to the essential health benefits does not create a mandate to cover a service that is otherwise not a covered benefit.

(b) Annually report the names and addresses of all officers, directors, or trustees of the health carrier during the preceding year, and the amount of wages, expense reimbursements, or other payments to such individuals, unless substantially similar information is filed with the commissioner or the national association of insurance commissioners. This requirement does not apply to a foreign or alien insurer regulated under chapter 48.20 or 48.21 RCW that files a supplemental compensation exhibit in its annual statement as required by law.

(2) The requirements of subsection (1)(a) of this section do not apply to a licensed health care profession regulated under Title 18 RCW when the licensing statute for the profession states that such requirements do not apply."

Strike everything after the enacting clause and insert the following:

"**Sec. 856.** RCW 71.24.310 and 2013 2nd sp.s. c 4 s 994 are each amended to read as follows:

The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the regional support network defined in RCW 71.24.025. For this reason, the legislature intends that the

department and the regional support networks shall work together to implement chapter 71.05 RCW as follows:

(1) By June 1, 2006, regional support networks shall recommend to the department the number of state hospital beds that should be allocated for use by each regional support network. The statewide total allocation shall not exceed the number of state hospital beds offering long-term inpatient care, as defined in this chapter, for which funding is provided in the biennial appropriations act.

(2) If there is consensus among the regional support networks regarding the number of state hospital beds that should be allocated for use by each regional support network, the department shall contract with each regional support network accordingly.

(3) If there is not consensus among the regional support networks regarding the number of beds that should be allocated for use by each regional support network, the department shall establish by emergency rule the number of state hospital beds that are available for use by each regional support network. The emergency rule shall be effective September 1, 2006. The primary factor used in the allocation shall be the estimated number of adults with acute and chronic mental illness in each regional support network area, based upon population-adjusted incidence and utilization.

(4) The allocation formula shall be updated at least every three years to reflect demographic changes, and new evidence regarding the incidence of acute and chronic mental illness and the need for long-term inpatient care. In the updates, the statewide total allocation shall include (a) all state hospital beds offering long-term inpatient care for which funding is provided in the biennial appropriations act; plus (b) the estimated equivalent number of beds or comparable diversion services contracted in accordance with subsection (5) of this section.

(5) The department is encouraged to enter performance-based contracts with regional support networks to provide some or all of the regional support network's allocated long-term inpatient treatment capacity in the community, rather than in the state hospital. The performance contracts shall specify the number of patient days of care available for use by the regional support network in the state hospital.

(6) If a regional support network uses more state hospital patient days of care than it has been allocated under subsection (3) or (4) of this section, or than it has contracted to use under subsection (5) of this section, whichever is less, it shall reimburse the department for that care, except during the period of July 1, 2012, through December 31, 2013, where reimbursements may be temporarily altered per section 204, chapter 4, Laws of 2013 2nd sp. sess. The reimbursement rate per day shall be one-half of the hospital's total annual budget for long-term inpatient care, divided by the total patient days of care assumed in development of that budget.

(7) ~~((One-half of))~~ Any reimbursements received pursuant to subsection (6) of this section shall be ~~((used to support the cost of operating the state hospital and, during the 2007-2009 fiscal biennium, implementing new services that will enable a regional support network to reduce its utilization of the state hospital. The department shall distribute the remaining half of such reimbursements))~~ distributed among regional support networks that have used less than their allocated or contracted patient days of care at that hospital, proportional to the number of patient days of care not used.

Sec. 868. RCW 18.130.180 and 2010 c 9 s 5 are each amended to read as follows:

The following conduct, acts, or conditions constitute unprofessional conduct for any license holder under the jurisdiction of this chapter:

(1) The commission of any act involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which

a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(2) Misrepresentation or concealment of a material fact in obtaining a license or in reinstatement thereof;

(3) All advertising which is false, fraudulent, or misleading;

(4) Incompetence, negligence, or malpractice which results in injury to a patient or which creates an unreasonable risk that a patient may be harmed. (5) Suspension, revocation, or restriction of the individual's license to practice any health care profession by competent authority in any state, federal, or foreign jurisdiction, a certified copy of the order, stipulation, or agreement being conclusive evidence of the revocation, suspension, or restriction;

(6) Except when authorized by RCW 18.130.345, the possession, use, prescription for use, or distribution of controlled substances or legend drugs in any way other than for legitimate or therapeutic purposes, diversion of controlled substances or legend drugs, the violation of any drug law, or prescribing controlled substances for oneself;

(7) Violation of any state or federal statute or administrative rule regulating the profession in question, including any statute or rule defining or establishing standards of patient care or professional conduct or practice;

(8) Failure to cooperate with the disciplining authority by:

(a) Not furnishing any papers, documents, records, or other items;

(b) Not furnishing in writing a full and complete explanation covering the matter contained in the complaint filed with the disciplining authority;

(c) Not responding to subpoenas issued by the disciplining authority, whether or not the recipient of the subpoena is the accused in the proceeding; or

(d) Not providing reasonable and timely access for authorized representatives of the disciplining authority seeking to perform practice reviews at facilities utilized by the license holder;

(9) Failure to comply with an order issued by the disciplining authority or a stipulation for informal disposition entered into with the disciplining authority;

(10) Aiding or abetting an unlicensed person to practice when a license is required;

(11) Violations of rules established by any health agency;

(12) Practice beyond the scope of practice as defined by law or rule;

(13) Misrepresentation or fraud in any aspect of the conduct of the business or profession;

(14) Failure to adequately supervise auxiliary staff to the extent that the consumer's health or safety is at risk;

(15) Engaging in a profession involving contact with the public while suffering from a contagious or infectious disease involving serious risk to public health;

(16) Promotion for personal gain of any unnecessary or inefficacious drug, device, treatment, procedure, or service;

(17) Conviction of any gross misdemeanor or felony relating to the practice of the person's profession. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(18) The procuring, or aiding or abetting in procuring, a criminal abortion;

(19) The offering, undertaking, or agreeing to cure or treat disease by a secret method, procedure, treatment, or medicine, or the treating, operating, or prescribing for any health condition by a method, means, or procedure which the licensee refuses to divulge upon demand of the disciplining authority;

(20) The willful betrayal of a practitioner-patient privilege as recognized by law;

(21) Violation of chapter 19.68 RCW;

(22) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the disciplining authority or its authorized representative, or by the use of threats or harassment against any patient or witness to prevent them from providing evidence in a disciplinary proceeding or any other legal action, or by the use of financial inducements to any patient or witness to prevent or attempt to prevent him or her from providing evidence in a disciplinary proceeding;

(23) Current misuse of:

(a) Alcohol;

(b) Controlled substances; or

(c) Legend drugs;

(24) Abuse of a client or patient or sexual contact with a client or patient;

(25) Acceptance of more than a nominal gratuity, hospitality, or subsidy offered by a representative or vendor of medical or health-related products or services intended for patients, in contemplation of a sale or for use in research publishable in professional journals, where a conflict of interest is presented, as defined by rules of the disciplining authority, in consultation with the department, based on recognized professional ethical standards;

SSB 5877 Prime Sponsor, Committee on Health Care: Concerning due process for adult family home licensees. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 869.** RCW 70.128.160 and 2013 c 300 s 4 are each amended to read as follows:

(1) The department is authorized to take one or more of the actions listed in subsection (2) of this section in any case in which the department finds that an adult family home provider has:

(a) Failed or refused to comply with the requirements of this chapter or the rules adopted under this chapter;

(b) Operated an adult family home without a license or under a revoked license;

(c) Knowingly or with reason to know made a false statement of material fact on his or her application for license or any data attached thereto, or in any matter under investigation by the department; or

(d) Willfully prevented or interfered with any inspection or investigation by the department.

(2) When authorized by subsection (1) of this section, the department may take one or more of the following actions:

(a) Refuse to issue a license;

(b) Impose reasonable conditions on a license, such as correction within a specified time, training, and limits on the type of clients the provider may admit or serve;

(c) Impose civil penalties of at least one hundred dollars per day per violation;

(d) Impose civil penalties of up to three thousand dollars for each incident that violates adult family home licensing laws and rules, including, but not limited to, chapters 70.128, 70.129, 74.34, and 74.39A RCW and related rules. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty;

(e) Impose civil penalties of up to ten thousand dollars for a current or former licensed provider who is operating an unlicensed home;

(f) Suspend, revoke, or refuse to renew a license; or

(g) Suspend admissions to the adult family home by imposing stop placement.

(3) When the department orders stop placement, the facility shall not admit any person until the stop placement order is terminated. The department may approve readmission of a resident to the facility from a hospital or nursing home during the stop placement. The department shall terminate the stop placement only after: (a) The violations necessitating the stop placement have been corrected; and (b) the provider exhibits the capacity to maintain correction of the violations previously found deficient. However, if upon the revisit the department finds new violations that the department reasonably believes will result in a new stop placement, the previous stop placement shall remain in effect until the new stop placement is imposed. In order to protect the home's existing residents from potential ongoing neglect, when the provider has been cited for a violation that is repeated, uncorrected, pervasive, or presents a threat to the health, safety, or welfare of one or more residents, and the department has imposed a stop placement, the department shall also impose a condition on license or other remedy to facilitate or spur prompter compliance if the violation has not been corrected, and the provider has not exhibited the capacity to maintain correction, within sixty days of the stop placement.

(4) Nothing in subsection (3) of this section is intended to apply to stop placement imposed in conjunction with a license revocation or summary suspension or to prevent the department from imposing a condition on license or other remedy prior to sixty days after a stop placement, if the department considers it necessary to protect one or more residents' well-being. After a department finding of a violation for which a stop placement has been imposed, the department shall make an on-site revisit of the provider within fifteen working days from the request for revisit, to ensure correction of the violation. For violations that are serious or recurring or uncorrected following a previous citation, and create actual or threatened harm to one or more residents' well-being, including violations of residents' rights, the department shall make an on-site revisit as soon as appropriate to ensure correction of the violation. Verification of correction of all other violations may be made by either a department on-site revisit or by written or photographic documentation found by the department to be credible. This subsection does not prevent the department from enforcing license suspensions or revocations. Nothing in this

subsection shall interfere with or diminish the department's authority and duty to ensure that the provider adequately cares for residents, including to make departmental on-site revisits as needed to ensure that the provider protects residents, and to enforce compliance with this chapter.

(5) Chapter 34.05 RCW applies to department actions under this section, except that orders of the department imposing license suspension, stop placement, or conditions for continuation of a license are effective immediately upon notice and shall continue in effect pending ~~((any))~~ a hearing, which must commence no later than sixty days after receipt of a request for a hearing. The time for commencement of a hearing may be extended by agreement of the parties or by the presiding officer for good cause shown by either party, but must commence no later than one hundred twenty days after receipt of a request for a hearing.

(6) A separate adult family home account is created in the custody of the state treasurer. All receipts from civil penalties imposed under this chapter must be deposited into the account. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The department shall use the special account only for promoting the quality of life and care of residents living in adult family homes.

(7) The department shall by rule specify criteria as to when and how the sanctions specified in this section must be applied. The criteria must provide for the imposition of incrementally more severe penalties for deficiencies that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of one or more residents. The criteria shall be tiered such that those homes consistently found to have deficiencies will be subjected to increasingly severe penalties. The department shall implement prompt and specific enforcement remedies without delay for providers found to have delivered care or failed to deliver care resulting in problems that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of one or more residents. In the selection of remedies, the health, safety, and well-being of residents must be of paramount importance."

ESSB 5884 Prime Sponsor, Committee on Law & Justice: Concerning the trafficking of persons. Reported by Committee on Public Safety

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 870.** (1) The legislature has long been committed to increasing access to support services for human trafficking victims and promoting awareness of human trafficking throughout Washington state. In 2002, Washington was the first state to work on human trafficking by enacting new laws and by creating an antitrafficking task force. In 2003, Washington was the first state to enact a law making human trafficking a crime.

Since 2002, the Washington state legislature has enacted thirty-eight laws to combat human trafficking. In 2013 and 2014, Washington received top marks from two leading

nongovernmental organizations for the strength of its antitrafficking laws. The polaris project gave Washington a perfect score of ten and Washington received an "A" report card from shared hope international's protected innocence challenge. In light of the 2010 winter olympic games taking place in Vancouver, British Columbia, the legislature enacted RCW 47.38.080, permitting an approved nonprofit to place informational human trafficking posters in restrooms located in rest areas along Interstate 5. Sporting events, such as the winter olympic games or the upcoming 2015 United States open golf tournament at Chambers Bay, provide lucrative opportunities for human traffickers to exploit adults and children for labor and sexual services. The legislature finds that an effective way to combat human trafficking is to increase awareness of human trafficking for both victims and the general public alike as well as who and how to contact for help and support services, for both victims and the general public alike.

(2) Human trafficking data are primarily obtained through a hotline reporting system in which victims and witnesses can report cases of human trafficking over the phone. Since 2007, there have been one thousand eight hundred fifty human trafficking calls made through the human trafficking victim hotline system in Washington state, and a total of four hundred thirty-two human trafficking cases reported. It is the intent of the legislature to facilitate an even wider scope of communication with human trafficking victims and witnesses by requiring human trafficking information to be posted in all public restrooms.

NEW SECTION. Sec. 871. A new section is added to chapter 7.68 RCW to read as follows:

(1) The office of crime victims advocacy is designated as the single point of contact in state government regarding the trafficking of persons.

(2) The Washington state clearinghouse on human trafficking is created as an information portal to share and coordinate statewide efforts to combat the trafficking of persons. The clearinghouse will include an internet web site operated by the office of crime victims advocacy, and will serve the following functions:

(a) Coordinating information regarding all statewide task forces relating to the trafficking of persons including, but not limited to, sex trafficking, commercial sexual exploitation of children, and labor trafficking;

(b) Publishing the findings and legislative reports of all statewide task forces relating to the trafficking of persons;

(c) Providing a comprehensive directory of resources for victims of trafficking; and

(d) Collecting and disseminating up-to-date information regarding the trafficking of persons, including news and legislative efforts, both state and federal.

(24) "Trade secret" means the same as defined in RCW 49.108.010.)

Sec. 877. RCW 31.45.020 and 2003 c 86 s 2 are each amended to read as follows:

(1) This ~~((chapter))~~ subchapter does not apply to:

(a) Any financial institution or trust company authorized to do business in Washington;

(b) The cashing of checks, drafts, or money orders by any person who cashes checks, drafts, or money orders as a convenience, as a minor part of its customary business, and not for profit;

(c) The issuance or sale of checks, drafts, or money orders by any corporation, partnership, or association that has a net worth of not less than three million dollars as shown by audited financial statements; and

(d) The issuance or sale of checks, drafts, money orders, or other commercial paper serving the same purpose by any agent of a corporation, partnership, or association described in (c) of this subsection.

(2) Upon application to the director, the director may exempt a person from any or all provisions of this ~~((chapter))~~ subchapter upon a finding by the director that although not otherwise exempt under this section, the applicant is not primarily engaged in the business of cashing or selling checks and a total or partial exemption would not be detrimental to the public.

Sec. 878. RCW 31.45.030 and 2005 c 274 s 255 are each amended to read as follows:

(1) Except as provided in RCW 31.45.020, no check casher or seller may engage in business without first obtaining a license from the director in accordance with this ~~((chapter))~~ subchapter. A license is required for each location where a licensee engages in the business of cashing or selling checks or drafts.

(2) Each application for a license shall be in writing in a form prescribed by the director and shall contain the following information:

(a) The legal name, residence, and business address of the applicant and, if the applicant is a partnership, association, or corporation, of every member, officer, and director thereof;

(b) The location where the initial registered office of the applicant will be located in this state;

(c) The complete address of any other locations at which the applicant proposes to engage in business as a check casher or seller; and

(d) Such other data, financial statements, and pertinent information as the director may require with respect to the applicant, its directors, trustees, officers, members, or agents.

(3) Any information in the application regarding the personal residential address or telephone number of the applicant, and any trade secret as defined in RCW 19.108.010 including any financial statement that is a trade secret, is exempt from the public records disclosure requirements of chapter 42.56 RCW.

(4) The application shall be filed together with an investigation and supervision fee established by rule by the director. Such fees collected shall be deposited to the credit of the financial services regulation fund in accordance with RCW 43.320.110.

(5)(a) Before granting a license to sell checks, drafts, or money orders under this ~~((chapter))~~ subchapter, the director shall require that the licensee file with the director a surety bond running to the state of Washington, which bond shall be issued by a surety insurer which meets the requirements of chapter 48.28 RCW, and be in a format acceptable to the director. The director shall adopt rules to determine the penal sum of the bond that shall be filed by each licensee. The bond shall be conditioned upon the licensee paying all persons who purchase checks, drafts, or money orders from the licensee the face value of any check, draft, or money order which is dishonored by the drawee bank, savings bank, or savings and loan association due to insufficient funds or by reason of the account having been closed. The bond shall only be liable for the face value of the dishonored check, draft, or money order, and shall not be liable for any interest or consequential damages.

(b) ~~((Before granting a small loan endorsement under this chapter, the director shall require that the licensee file with the director a surety bond, in a format acceptable to the director, issued by a surety insurer that meets the requirements of chapter 48.28 RCW. The director shall adopt rules to determine the penal sum of the bond that shall be filed by each licensee. A licensee who wishes to engage in both check selling and making small loans may combine the penal sums of the bonding requirements and file one bond in a form acceptable to the director. The bond shall run to the state of Washington as obligee, and shall run to the benefit of the state and any person or persons who suffer loss by reason of the licensee's violation of this chapter or any rules adopted under this chapter. The bond shall only be liable for damages suffered by borrowers as a result of the licensee's violation of this chapter or~~

rules adopted under this chapter, and shall not be liable for any interest or consequential damages.

(e)) The bond shall be continuous and may be canceled by the surety upon the surety giving written notice to the director and licensee of its intent to cancel the bond. The cancellation is effective thirty days after the notice is received by the director. Whether or not the bond is renewed, continued, reinstated, reissued, or otherwise extended, replaced, or modified, including increases or decreases in the penal sum, it shall be considered one continuous obligation, and the surety upon the bond shall not be liable in an aggregate or cumulative amount exceeding the penal sum set forth on the face of the bond. In no event shall the penal sum, or any portion thereof, at two or more points in time be added together in determining the surety's liability. The bond shall not be liable for any liability of the licensee for tortious acts, whether or not such liability is imposed by statute or common law, or is imposed by contract. The bond shall not be a substitute or supplement to any liability or other insurance required by law or by the contract. If the surety desires to make payment without awaiting court action against it, the penal sum of the bond shall be reduced to the extent of any payment made by the surety in good faith under the bond.

((d)) (c) Any person who is a purchaser of a check, draft, or money order from the licensee having a claim against the licensee for the dishonor of any check, draft, or money order by the drawee bank, savings bank, or savings and loan association due to insufficient funds or by reason of the account having been closed, or who obtained a small loan from the licensee and was damaged by the licensee's violation of this ((chapter)) subchapter or rules adopted under this ((chapter)) subchapter, may bring suit upon such bond or deposit in the superior court of the county in which the check, draft, or money order was purchased, or in the superior court of a county in which the licensee maintains a place of business. Jurisdiction shall be exclusively in the superior court. Any such action must be brought not later than one year after the dishonor of the check, draft, or money order on which the claim is based. In the event valid claims against a bond or deposit exceed the amount of the bond or deposit, each claimant shall only be entitled to a pro rata amount, based on the amount of the claim as it is valid against the bond, or deposit, without regard to the date of filing of any claim or action.

((e)) (d) In lieu of the surety bond required by this section, the applicant for a check seller license may file with the director a deposit consisting of cash or other security acceptable to the director in an amount equal to the penal sum of the required bond. ((In lieu of the surety bond required by this section, the applicant for a small loan endorsement may file with the director a deposit consisting of cash or other security acceptable to the director in an amount equal to the penal sum of the required bond, or may demonstrate to the director net worth in excess of three times the amount of the penal sum of the required bond.))

The director may adopt rules necessary for the proper administration of the security or to establish reporting requirements to ensure that the net worth requirements continue to be met. A deposit given instead of the bond required by this section is not an asset of the licensee for the purpose of complying with the liquid asset provisions of this ((chapter)) subchapter. A deposit given instead of the bond required by this section is a fund held in trust for the benefit of eligible claimants under this section and is not an asset of the estate of any licensee that seeks protection voluntarily or involuntarily under the bankruptcy laws of the United States.

((f)) (e) Such security may be sold by the director at public auction if it becomes necessary to satisfy the requirements of this ((chapter)) subchapter. Notice of the sale shall be served upon the licensee who placed the security personally or by mail. If notice is served by mail, service shall be addressed to the licensee at its

address as it appears in the records of the director. Bearer bonds of the United States or the state of Washington without a prevailing market price must be sold at public auction. Such bonds having a prevailing market price may be sold at private sale not lower than the prevailing market price. Upon any sale, any surplus above amounts due shall be returned to the licensee, and the licensee shall deposit with the director additional security sufficient to meet the amount required by the director. A deposit given instead of the bond required by this section shall not be deemed an asset of the licensee for the purpose of complying with the liquid asset provisions of this ((chapter)) subchapter.

Sec. 879. RCW 31.45.040 and 2003 c 86 s 4 are each amended to read as follows:

(1) The director shall conduct an investigation of every applicant to determine the financial responsibility, experience, character, and general fitness of the applicant. The director shall issue the applicant a license to engage in the business of cashing or selling checks, or both, ((or a small loan endorsement,)) if the director determines to his or her satisfaction that:

(a) The applicant has satisfied the requirements of RCW 31.45.030;

(b) The applicant is financially responsible and appears to be able to conduct the business of cashing or selling checks ((or making small loans)) in an honest, fair, and efficient manner with the confidence and trust of the community; and

(c) The applicant has the required bonds, or has provided an acceptable alternative form of financial security.

(2) The director may refuse to issue a license ((or small loan endorsement)) if he or she finds that the applicant, or any person who is a director, officer, partner, agent, sole proprietor, owner, or controlling person of the applicant, has been convicted of a felony in any jurisdiction within seven years of filing the present application or is associating or consorting with any person who has been convicted of a felony in any jurisdiction within seven years of filing the present application. The term "substantial stockholder" as used in this subsection, means a person owning or controlling ten percent or more of the total outstanding shares of the applicant corporation.

(3) A license ((or small loan endorsement)) may not be issued to an applicant:

(a) Whose license to conduct business under this ((chapter)) subchapter, or any similar statute in any other jurisdiction, has been suspended or revoked within five years of the filing of the present application;

(b) Who has been banned from the industry by an administrative order issued by the director or the director's designee, for the period specified in the administrative order; or

(c) When any person who is a sole proprietor, owner, director, officer, partner, agent, or controlling person of the applicant has been banned from the industry in an administrative order issued by the director, for the period specified in the administrative order.

(4) A license ((or small loan endorsement)) issued under this ((chapter)) subchapter shall be conspicuously posted in the place of business of the licensee. The license is not transferable or assignable.

(5) A license ((or small loan endorsement)) issued in accordance with this ((chapter)) subchapter remains in force and effect until surrendered, suspended, or revoked, or until the license expires as a result of nonpayment of the annual assessment fee.

Sec. 880. RCW 31.45.050 and 2003 c 86 s 5 are each amended to read as follows:

(1) Each applicant and licensee shall pay to the director an investigation or examination fee as established in rule and an annual assessment fee for the coming year in an amount determined by rule as necessary to cover the operation of the program. The annual assessment fee is due upon the annual

assessment fee due date as established in rule. Nonpayment of the annual assessment fee may result in expiration of the license as provided in subsection (2) of this section. In establishing the fees, the director shall differentiate between check cashing and check selling ~~((and making small loans,))~~ and consider at least the volume of business, level of risk, and potential harm to the public related to each activity. The fees collected shall be deposited to the credit of the financial services regulation fund in accordance with RCW 43.320.110.

(2) If a licensee does not pay its annual assessment fee by the annual assessment fee due date as specified in rule, the director or the director's designee shall send the licensee a notice of suspension and assess the licensee a late fee not to exceed twenty-five percent of the annual assessment fee as established in rule by the director. The licensee's payment of both the annual assessment fee and the late fee must arrive in the department's offices by 5:00 p.m. on the tenth day after the annual assessment fee due date, unless the department is not open for business on that date, in which case the licensee's payment of both the annual assessment fee and the late fee must arrive in the department's offices by 5:00 p.m. on the next occurring day that the department is open for business. If the payment of both the annual assessment fee and the late fee does not arrive prior to such time and date, then the expiration of the licensee's license is effective at 5:00 p.m. on the thirtieth day after the assessment fee due date. The director or the director's designee may reinstate the license if, within twenty days after the effective date of expiration, the licensee:

(a) Pays both the annual assessment fee and the late fee; and

(b) Attests under penalty of perjury that it did not engage in conduct requiring a license under this ~~((chapter))~~ subchapter during the period its license was expired, as confirmed by an investigation by the director or the director's designee.

(3) If a licensee intends to do business at a new location, to close an existing place of business, or to relocate an existing place of business, the licensee shall provide written notification of that intention to the director no less than thirty days before the proposed establishing, closing, or moving of a place of business.

Sec. 881. RCW 31.45.060 and 2003 c 86 s 6 are each amended to read as follows:

(1) A schedule of the fees and the charges for the cashing and selling of checks, drafts, money orders, or other commercial paper serving the same purpose shall be conspicuously and continuously posted in every location licensed under this ~~((chapter))~~ subchapter. The licensee shall provide to its customer a receipt for each transaction. The receipt must include the name of the licensee, the type and amount of the transaction, and the fee or fees charged for the transaction.

(2) Each licensee shall keep and maintain such business books, accounts, and records as the director may require to fulfill the purposes of this ~~((chapter))~~ subchapter. Every licensee shall preserve such books, accounts, and records as required in rule by the director for at least two years from the completion of the transaction. Records may be maintained on an electronic, magnetic, optical, or other storage media. However, the licensee must maintain the necessary technology to permit access to the records by the department for the period required under this ~~((chapter))~~ subchapter.

(3) A check, draft, or money order sold by a licensee shall be drawn on an account of a licensee maintained in a federally insured financial institution authorized to do business in the state of Washington.

(2) Except as otherwise permitted in this ~~((chapter))~~ subchapter, no licensee may at any time cash or advance any moneys on a postdated check or draft. However, a licensee may cash a check payable on the first banking day following the date of cashing if:

(a) The check is drawn by the United States, the state of Washington, or any political subdivision of the state, or by any department or agency of the state or its subdivisions; or

(b) The check is a payroll check drawn by an employer to the order of its employee in payment for services performed by the employee.

(3) Except as otherwise permitted in this ~~((chapter))~~ subchapter, no licensee may agree to hold a check or draft for later deposit. A licensee must deposit all checks and drafts cashed by the licensee as soon as practicable.

(4) No licensee may issue or cause to be issued any check, draft, or money order, or other commercial paper serving the same purpose, that is drawn upon the trust account of a licensee without concurrently receiving the full principal amount, in cash, or by check, draft, or money order from a third party believed to be valid.

(5) Each licensee shall comply with all applicable state and federal statutes relating to the activities governed by this ~~((chapter))~~ subchapter.

Sec. 883. RCW 31.45.090 and 2005 c 274 s 257 are each amended to read as follows:

(1) Each licensee shall submit to the director, in a form approved by the director, a report containing financial statements covering the calendar year or, if the licensee has an established fiscal year, then for such fiscal year, within one hundred five days after the close of each calendar or fiscal year. The licensee shall also file such additional relevant information as the director may require. Any information provided by a licensee in an annual report that constitutes a trade secret under chapter 19.108 RCW is exempt from disclosure under chapter 42.56 RCW, unless aggregated with information supplied by other licensees in such a manner that the licensee's individual information is not identifiable. Any information provided by the licensee that allows identification of the licensee may only be used for purposes reasonably related to the regulation of licensees to ensure compliance with this ~~((chapter))~~ subchapter.

(2) A licensee whose license has been suspended or revoked shall submit to the director, at the licensee's expense, within one hundred five days after the effective date of such surrender or revocation, a closing audit report containing audited financial statements as of such effective date for the twelve months ending with such effective date.

(3) The director shall adopt rules specifying the form and content of such audit reports and may require additional reporting as is necessary for the director to ensure compliance with this ~~((chapter))~~ subchapter.

(7) Is prohibited from making a small consumer installment loan to a borrower if the loaned amount exceeds thirty percent of the borrower's gross monthly income. Gross monthly income must be evidenced by a pay stub or other evidence of income at least once every one hundred eighty days, and such evidence must (a) be no more than forty-five days old when presented to the licensee and (b) have been presented to the licensee no more than one hundred eighty days before the date on which the small consumer installment loan is made;

- (8) A description of the methods by which loan payments may be made, which may include cash, check, electronic fund transfers through automated clearing house or debit network, or any additional method of loan payment authorized by the director after rule making. A licensee may disburse the proceeds of a small consumer installment loan in the form of a check drawn on the licensee's bank account, in cash, by money order, by prepaid card, by electronic funds transfer, or by other method authorized by the director after rule making.

NEW SECTION. Sec. 906. RESCISSION. A borrower may rescind a small consumer installment loan, on or before the close of business on the next day of business at the location where the loan was originated, by returning the principal in cash, the original check disbursed by the licensee, or the other disbursement of loan proceeds from the licensee to fund the loan. The licensee may not charge the borrower for rescinding the loan and must refund any loan fees and interest received. The licensee shall conspicuously disclose to the borrower the right of rescission in writing in the loan agreement.

NEW SECTION. Sec. 907. DELINQUENT SMALL CONSUMER INSTALLMENT LOAN—RESTRICTIONS ON COLLECTION BY LICENSEE OR THIRD PARTY. (1) A licensee shall comply with all applicable state and federal laws

(3) A licensee may not communicate with a borrower in such a manner as to harass, intimidate, abuse, or embarrass a borrower, including but not limited to communication at an unreasonable hour, with unreasonable frequency, by threats of force or violence, or by use of offensive language. (b) It is made with a borrower at his or her place of employment more than one time in a single week or made to a borrower after the licensee has been informed that the borrower's employer prohibits these communications;

(c) It is made with the borrower, spouse, or domestic partner at his or her place of residence between the hours of 9:00 p.m. and 7:30 a.m.; or

(d) It is made to a party other than the borrower, the borrower's attorney, the licensee's attorney, or a consumer reporting agency if otherwise permitted by law except for purposes of acquiring location or contact information about the borrower.

(4) A licensee is required to maintain a communication log of all telephone and written communications with a borrower initiated by the licensee regarding any collection efforts including date, time, and the nature of each communication.

(5) If a dishonored check is assigned to any third party for collection, this section applies to the third party for the collection of the dishonored check.

(6) For the purposes of this section, "communication" includes any contact with a borrower, initiated by the licensee, in person, by telephone, or in writing (including emails, text messages, and other electronic writing) regarding the collection of a delinquent small consumer installment loan, but does not include any of the following:

(2) A borrower is prohibited from receiving more than eight small consumer installment loans from all licensees in any twelve-month period. (1) Each applicant and licensee shall pay to the director an investigation and examination fee as established in rule and an annual assessment fee for the coming year in an amount determined by rule as necessary to cover the operation of the program. The annual assessment fee is due upon the annual assessment fee due date as established in rule. Nonpayment of the annual assessment fee may result in expiration of the license as provided in subsection (2) of this section. In establishing the fees, the director shall consider at least the volume of business, level of risk, and potential harm to the public related to each activity. The fees collected shall be deposited to the credit of the financial services regulation fund in accordance with RCW 43.320.110.

The director or the director's designee may reinstate the license if, within fifteen days after the effective date of expiration, the licensee pays the annual assessment fee and the late fee.

(3) If a licensee intends to do business at a new location, to close an existing place of business, or to relocate an existing place of business, the licensee shall provide written notification of that intention to the director no less than thirty days before the proposed establishing, closing, or moving of a place of business.

(2) When an application under this section is made to the satisfaction of the court, the court must issue an order approving the subpoena. An order under this subsection constitutes authority of law for the director to subpoena the documents, records, evidence, or testimony.

(3) The director or authorized assistants may seek approval and a court may issue an order under this section without prior notice to any person, including the person to whom the subpoena is directed and the person who is the subject of an investigation. An application for court approval is subject to the fee and process set forth in RCW 36.18.012(3).

NEW SECTION. Sec. 918. REPORT REQUIREMENTS—DISCLOSURE OF INFORMATION—RULES. (1) Each licensee shall submit to the director, in a form approved by the director, a report containing financial statements covering the calendar year or, if the licensee has an established fiscal year, then for that fiscal year, within one hundred five days after the close of each calendar or fiscal year. The licensee shall also file additional relevant information as the director may require. Any information provided by a licensee in an annual report is exempt from disclosure under chapter 42.56 RCW, unless aggregated with information supplied by other licensees in a manner that the licensee's individual information is not identifiable. Any information provided by the licensee that allows identification of the licensee may only be used by the director for purposes reasonably related to the regulation of licensees to ensure compliance with this subchapter.

(2) The director shall adopt rules specifying the form and content of annual reports and may require additional reporting as is necessary for the director to ensure compliance with this subchapter.

(3) A licensee whose license has been suspended or revoked shall submit to the director, at the licensee's expense, within one hundred five days after the effective date of the suspension or revocation, a closing audit report containing audited financial statements as of the effective date for the twelve months ending with the effective date.

NEW SECTION. Sec. 921. VIOLATIONS OR UNSOUND PRACTICES—TEMPORARY CEASE AND DESIST ORDER—DIRECTOR'S AUTHORITY. Whenever the director determines that the acts specified in section 45 of this act or their continuation is likely to cause insolvency or substantial injury to the public, the director may also issue a temporary cease and desist order requiring the licensee to cease and desist from the violation or practice. The order becomes effective upon service upon the licensee and remains effective unless set aside, limited, or suspended by a court under section 47 of this act pending the completion of the administrative proceedings under the notice and until the time the director dismisses the charges specified in the notice or until the effective date of a superior court injunction under section 47 of this act.

Remedies available under chapter 19.86 RCW do not affect any other remedy the injured party may have.

NEW SECTION. Sec. 926. ADJUSTMENT OF DOLLAR AMOUNTS. The dollar amounts established in sections 26(2) and 33(1) of this act must, without discretion, be adjusted for inflation by the director on July 1, 2017, and on each July 1st thereafter, based upon upward changes in the consumer price index during that time period, and then rounded up to the nearest five dollars.

"Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The director must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

REPORTS OF STANDING COMMITTEES

March 30, 2015

E2SSB 5057 Prime Sponsor, Committee on Ways & Means: Concerning the safe transport of hazardous materials. Reported by Committee on Environment

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 934.** RCW 90.56.005 and 2010 1st sp.s. c 7 s 72 are each amended to read as follows:

(1) The legislature declares that waterborne transportation as a source of supply for oil and hazardous substances poses special concern for the state of Washington. Each year billions of gallons of crude oil and refined petroleum products are transported as cargo and fuel by vessels on the navigable waters of the state. The movement of crude oil through rail corridors and over Washington waters creates safety and environmental risks. The sources and transport of crude oil bring risks to our communities along rail lines and to the Columbia river, Grays Harbor, and Puget Sound waters. These shipments are expected to increase in the coming years. Vessels and trains transporting oil into Washington travel on some of the most unique and special marine environments in the United States. These marine environments are a source of natural beauty, recreation, and economic livelihood for many residents of this state.

As a result, the state has an obligation to ensure the citizens of the state that the waters of the state will be protected from oil spills.

(2) The legislature finds that prevention is the best method to protect the unique and special marine environments in this state. The technology for containing and cleaning up a spill of oil or hazardous substances is at best only partially effective. Preventing spills is more protective of the environment and more cost-effective when all the response and damage costs associated with responding to a spill are considered. Therefore, the legislature finds that the primary objective of the state is to achieve a zero spills strategy to prevent any oil or hazardous substances from entering waters of the state.

(3) The legislature also finds that:

(a) Recent accidents in Washington, Alaska, southern California, Texas, Pennsylvania, and other parts of the nation have shown that the transportation, transfer, and storage of oil have caused significant damage to the marine environment;

(b) Even with the best efforts, it is nearly impossible to remove all oil that is spilled into the water, and average removal rates are only fourteen percent;

(c) Washington's navigable waters are treasured environmental and economic resources that the state cannot afford to place at undue risk from an oil spill;

(d) The state has a fundamental responsibility, as the trustee of the state's natural resources and the protector of public health and the environment to prevent the spill of oil; and

(e) In section 5002 of the federal oil pollution act of 1990, the United States congress found that many people believed that complacency on the part of industry and government was one of the contributing factors to the Exxon Valdez spill and, further, that one method to combat this complacency is to involve local citizens in the monitoring and oversight of oil spill plans. Congress also found that a mechanism should be established that fosters the long-term partnership of industry, government, and local communities in overseeing compliance with environmental concerns in the operation of crude oil terminals. Moreover, congress concluded that, in addition to Alaska, a program of citizen monitoring and oversight should be established in other major crude oil terminals in the United States because recent oil spills indicate that the safe transportation of oil is a national problem.

(4) In order to establish a comprehensive prevention and response program to protect Washington's waters and natural resources from spills of oil, it is the purpose of this chapter:

(a) To establish state agency expertise in marine safety and to centralize state activities in spill prevention and response activities;

(b) To prevent spills of oil and to promote programs that reduce the risk of both catastrophic and small chronic spills;

(c) To ensure that responsible parties are liable, and have the resources and ability, to respond to spills and provide compensation for all costs and damages;

(d) To provide for state spill response and wildlife rescue planning and implementation;

(e) To support and complement the federal oil pollution act of 1990 and other federal law, especially those provisions relating to the national contingency plan for cleanup of oil spills and discharges, including provisions relating to the responsibilities of state agencies designated as natural resource trustees. The legislature intends this chapter to be interpreted and implemented in a manner consistent with federal law;

(f) To provide broad powers of regulation to the department of ecology relating to spill prevention and response;

(g) To provide for independent review on an ongoing basis the adequacy of oil spill prevention, preparedness, and response activities in this state; ~~(and)~~

(h) To provide an adequate funding source for state response and prevention programs; and

(i) To maintain the best achievable protection that can be obtained through the use of the best achievable technology and those staffing levels, training procedures, and operational methods that provide the greatest degree of protection achievable.

Sec. 935. RCW 88.46.010 and 2011 c 122 s 1 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Best achievable protection" means the highest level of protection that can be achieved through the use of the best achievable technology and those staffing levels, training procedures, and operational methods that provide the greatest degree of protection achievable. The director's determination of best achievable protection shall be guided by the critical need to protect the state's natural resources and waters, while considering:

- (a) The additional protection provided by the measures;
- (b) The technological achievability of the measures; and
- (c) The cost of the measures.

(2)(a) "Best achievable technology" means the technology that provides the greatest degree of protection taking into consideration:

(i) Processes that are being developed, or could feasibly be developed, given overall reasonable expenditures on research and development; and

(ii) Processes that are currently in use.

(b) In determining what is best achievable technology, the director shall consider the effectiveness, engineering feasibility, and commercial availability of the technology.

(3) "Bulk" means material that is stored or transported in a loose, unpackaged liquid, powder, or granular form capable of being conveyed by a pipe, bucket, chute, or belt system.

(4) "Cargo vessel" means a self-propelled ship in commerce, other than a tank vessel or a passenger vessel, of three hundred or more gross tons, including but not limited to, commercial fish processing vessels and freighters.

(5) "Covered vessel" means a tank vessel, cargo vessel, or passenger vessel.

(6) "Department" means the department of ecology.

(7) "Director" means the director of the department of ecology.

(8) "Discharge" means any spilling, leaking, pumping, pouring, emitting, emptying, or dumping.

(9)(a) "Facility" means any structure, group of structures, equipment, pipeline, or device, other than a vessel, located on or near the navigable waters of the state that transfers oil in bulk to or from a tank vessel or pipeline, that is used for producing, storing, handling, transferring, processing, or transporting oil in bulk.

Each week, a facility that provides advance notice under this section must provide the required information regarding the scheduled arrival of railroad cars carrying crude oil to be received by the facility in the succeeding seven-day period. A facility is not required to provide advance notice when there is no receipt of crude oil from a railroad car scheduled for a seven-day period.

(b) Twice per year, pipelines must report to the department the following information about the crude oil transported by the pipeline through the state: The volume of crude oil, the type of crude oil, and the types of diluting agents used in the crude oil. This report must be submitted each year by July 31st for the period January 1st through June 30th and by January 31st for the period July 1st through December 31st.

(2) The department may share information provided by a facility through the advance notice system established in this section with the state emergency management division and any county, city, tribal, port, or local government emergency response agency upon request.

(3) The department must publish information collected under this section on a quarterly basis on the department's internet web site. With respect to the information reported under subsection (1)(a) of this section, the information published by the department must be aggregated on a statewide basis by route through the state, by week, and by type of crude oil. The report may also include other information available to the department including, but not limited to, place of origin, modes of transport, number of railroad cars delivering crude oil, and number and volume of spills during transport and delivery.

(4)(a) A facility providing advance notice under this section is not responsible for meeting advance notice time frame requirements under subsection (1) of this section in the event that the schedule of arrivals of railroad cars carrying crude oil changes during a seven-day period.

(b) Twice per year, a facility must submit a report to the department that corrects inaccuracies in the advanced notices submitted under subsection (1) of this section. The facility is not required to correct in the report any insubstantial discrepancies between actual and scheduled train arrival times. The report must be submitted each year by July 31st for the period January 1st through June 30th and by January 31st for the period July 1st through December 31st.

(5) Consistent with the requirements of chapter 42.56 RCW, the department and any state, local, tribal, or public agency that receives information provided under this section may not disclose any such information to the public or to nongovernmental entities that is not aggregated and that contains proprietary, commercial, or

financial information. The requirement for aggregating information does not apply when information is shared by the department with emergency response agencies as provided in subsection (2) of this section.

(6) The department shall adopt rules to implement this section. The advance notice system required in this section must be consistent with the oil transfer reporting system adopted by the department pursuant to RCW 88.46.165.

NEW SECTION. Sec. 942. A new section is added to chapter 90.56 RCW to read as follows:

The department shall periodically evaluate and update planning standards for oil spill response equipment required under contingency plans required by this chapter in order to ensure access in the state to equipment that represents the best achievable protection to respond to a worst case spill and provide for continuous operation of oil spill response activities to the maximum extent practicable and without jeopardizing crew safety, as determined by the incident commander or the unified command.

(14) "Onshore facility" means any facility any part of which is located in, on, or under any land of the state, other than submerged land, that because of its location, could reasonably be expected to cause substantial harm to the environment by discharging oil into or on the navigable waters of the state or the adjoining shorelines.

(15)(a) "Owner or operator" means (i) in the case of a vessel, any person owning, operating, or chartering by demise, the vessel; (ii) in the case of an onshore or offshore facility, any person owning or operating the facility; and (iii) in the case of an abandoned vessel or onshore or offshore facility, the person who owned or operated the vessel or facility immediately before its abandonment.

(b) "Operator" does not include any person who owns the land underlying a facility if the person is not involved in the operations of the facility.

Sec. 944. RCW 88.40.020 and 2003 c 91 s 3 and 2003 c 56 s 3 are each reenacted and amended to read as follows:

(1) Any barge that transports hazardous substances in bulk as cargo, using any port or place in the state of Washington or the navigable waters of the state shall establish evidence of financial responsibility in the amount of the greater of five million dollars, or three hundred dollars per gross ton of such vessel.

(2)(a) Except as provided in (b) or (c) of this subsection, a tank vessel that carries oil as cargo in bulk shall demonstrate financial responsibility to pay at least five hundred million dollars. The amount of financial responsibility required under this subsection is one billion dollars after January 1, 2004.

(b) The director by rule may establish a lesser standard of financial responsibility for tank vessels of three hundred gross tons or less. The standard shall set the level of financial responsibility based on the quantity of cargo the tank vessel is capable of carrying. The director shall not set the standard for tank vessels of three hundred gross tons or less below that required under federal law.

(c) The owner or operator of a tank vessel who is a member of an international protection and indemnity mutual organization and is covered for oil pollution risks up to the amounts required under this section is not required to demonstrate financial responsibility under this chapter. The director may require the owner or operator of a tank vessel to prove membership in such an organization.

(3)(a) A cargo vessel or passenger vessel that carries oil as fuel shall demonstrate financial responsibility to pay at least three hundred million dollars. However, a passenger vessel that transports passengers and vehicles between Washington state and a foreign country shall demonstrate financial responsibility to pay the greater of at least six hundred dollars per gross ton or five hundred thousand dollars.

(b) The owner or operator of a cargo vessel or passenger vessel who is a member of an international protection and indemnity mutual organization and is covered for oil pollution risks up to the amounts required under this section is not required to demonstrate financial responsibility under this chapter. The director may require the owner or operator of a cargo vessel or passenger vessel to prove membership in such an organization.

(4) A fishing vessel while on the navigable waters of the state must demonstrate financial responsibility in the following amounts: (a) For a fishing vessel carrying predominantly nonpersistent product, one hundred thirty-three dollars and forty cents per incident, for each barrel of total oil storage capacity, persistent and nonpersistent product, on the vessel or one million three hundred thirty-four thousand dollars, whichever is greater; or (b) for a fishing vessel carrying predominantly persistent product, four hundred dollars and twenty cents per incident, for each barrel of total oil storage capacity, persistent product and nonpersistent product, on the vessel or six million six hundred seventy thousand dollars, whichever is greater.

(5) ~~The ((documentation of financial responsibility shall demonstrate the ability of the document holder to meet state and federal financial liability requirements for the actual costs for removal of oil spills, for natural resource damages, and for necessary expenses))~~ certificate of financial responsibility is conclusive evidence that the person or entity holding the certificate is the party responsible for the specified vessel, facility, or oil for purposes of determining liability pursuant to this chapter.

(6) This section shall not apply to a covered vessel owned or operated by the federal government or by a state or local government.

Sec. 945. RCW 88.40.025 and 1991 c 200 s 704 are each amended to read as follows:

An onshore or offshore facility shall demonstrate financial responsibility in an amount determined by the department as necessary to compensate the state and affected counties and cities for damages that might occur during a reasonable worst case spill of oil from that facility into the navigable waters of the state. The department shall ~~((consider such matters as the amount of oil that could be spilled into the navigable waters from the facility, the cost of cleaning up the spilled oil, the frequency of operations at the facility, the damages that could result from the spill and the commercial availability and affordability of financial~~

~~responsibility))~~ adopt by rule an amount that will be calculated by multiplying the reasonable per barrel cleanup and damage cost of spilled oil, times the reasonable worst case spill volume, as measured in barrels. This section shall not apply to an onshore or offshore facility owned or operated by the federal government or by the state or local government.

Sec. 946. RCW 88.40.030 and 2000 c 69 s 32 are each amended to read as follows:

(1) Financial responsibility required by this chapter may be established by any one of, or a combination of, the following methods acceptable to the department of ecology: ~~((1))~~ (a) Evidence of insurance; ((2)) (b) surety bonds; ((3)) (c) qualification as a self-insurer; ((4)) (d) guaranty; (e) letter of credit; (f) certificate of deposits; (g) protection and indemnity club membership; or (h) other evidence of financial responsibility. Any bond filed shall be issued by a bonding company authorized to do business in the United States. Documentation of such financial responsibility shall be kept on any covered vessel and filed with the department at least twenty-four hours before entry of the vessel into the navigable waters of the state. A covered vessel is not required to file documentation of financial responsibility twenty-four hours before entry of the vessel into the navigable waters of the state, if the vessel has filed documentation of financial responsibility with the federal government, and the level of financial responsibility required by the federal government is the same as or exceeds state requirements. The owner or operator of the vessel may file with the department a certificate evidencing compliance with the requirements of another state's or federal financial responsibility requirements if the state or federal government requires a level of financial responsibility the same as or greater than that required under this chapter.

(2) A certificate of financial responsibility may not have a term greater than one year.

Sec. 947. RCW 88.40.040 and 2003 c 56 s 4 are each amended to read as follows:

(1) ~~((It is unlawful for any vessel required to have financial responsibility under this chapter to enter or operate on Washington waters without meeting the requirements of this chapter or rules adopted under this chapter, except))~~ A vessel or facility need not demonstrate financial responsibility under this chapter prior to using any port or place in the state of Washington or the navigable waters of the state when necessary to avoid injury to the vessel's or facility's crew or passengers. Any vessel owner or operator that does not meet the financial responsibility requirements of this chapter and any rules prescribed thereunder or the federal oil pollution act of 1990 shall be reported by the department to the United States coast guard.

(2) ~~((The department shall enforce section 1016 of the federal oil pollution act of 1990 as authorized by section 1019 of the federal act.))~~ Upon notification of an oil spill or discharge or other action or potential liability, the director shall reevaluate the validity of the certificate of financial responsibility. If the director determines that, because of a spill outside of the state or some other action or potential liability, the holder of a certificate may not have the financial resources to pay damages for the oil spill or discharge or other action or potential liability and have resources remaining available to meet the requirements of this chapter, the director may suspend or revoke the certificate.

(3) An owner or operator of more than one covered vessel, more than one facility, or one or more vessels and facilities, is only required to obtain a single certificate of financial responsibility that applies to all of the owner or operator's vessels and facilities.

(4) If a person holds a certificate for more than one covered vessel or facility and a spill or spills occurs from one or more of those vessels or facilities for which the owner or operator may be liable for damages in an amount exceeding five percent of the financial resources reflected by the certificate, as determined by the

director, the certificate is immediately considered inapplicable to any vessel or facility not associated with the spill. In that event, the owner or operator shall demonstrate to the satisfaction of the director the amount of financial ability required pursuant to this chapter, as well as the financial ability to pay all damages that arise or have arisen from the spill or spills that have occurred.

Sec. 948. RCW 88.16.170 and 1991 c 200 s 601 are each amended to read as follows:

Because of the danger of spills, the legislature finds that the transportation of crude oil and refined petroleum products by tankers on the Columbia river, Grays Harbor, and on Puget Sound and adjacent waters creates a great potential hazard to important natural resources of the state and to jobs and incomes dependent on these resources.

The legislature recognizes that the Columbia river has many natural obstacles to navigation and shifting navigation channels that create the risk of an oil spill. The legislature also recognizes Grays Harbor and Puget Sound and adjacent waters are ((#)) relatively confined salt water environments with irregular shorelines and therefore there is a greater than usual likelihood of long-term damage from any large oil spill.

The legislature further recognizes that certain areas of the Columbia river, Grays Harbor, and Puget Sound and adjacent waters have limited space for maneuvering a large oil tanker and that these waters contain many natural navigational obstacles as well as a high density of commercial and pleasure boat traffic.

For these reasons, it is important that large oil tankers be piloted by highly skilled persons who are familiar with local waters and that such ~~((tankers))~~ vessels have sufficient capability for rapid maneuvering responses.

It is therefore the intent and purpose of RCW 88.16.180 and 88.16.190 to decrease the likelihood of oil spills on the Columbia river, Grays Harbor, and on Puget Sound and its shorelines by ~~((requiring all oil tankers above a certain size to employ licensed pilots and to be escorted by a tug or tugs while navigating on certain areas of Puget Sound and adjacent waters))~~ establishing safety requirements that comprehensively address spill risks, which may include the establishment of tug escorts and other measures to mitigate safety risks in certain state waters.

Sec. 949. RCW 88.16.190 and 1994 c 52 s 1 are each amended to read as follows:

(1) ~~((Any oil tanker, whether enrolled or registered, of greater than one hundred and twenty five thousand deadweight tons shall be prohibited from proceeding beyond a point east of a line extending from Discovery Island light south to New Dungeness light.~~

~~(2) An oil tanker, whether enrolled or registered, of forty to one hundred and twenty five thousand deadweight tons may proceed beyond the points enumerated in subsection (1) if such tanker possesses all of the following standard safety features:~~

~~(a) Shaft horsepower in the ratio of one horsepower to each two and one half deadweight tons; and~~

~~(b) Twin screws; and~~

~~(c) Double bottoms, underneath all oil and liquid cargo compartments; and~~

~~(d) Two radars in working order and operating, one of which must be collision avoidance radar; and~~

~~(e) Such other navigational position location systems as may be prescribed from time to time by the board of pilotage commissioners;~~

PROVIDED, That, if such forty to one hundred and twenty five thousand deadweight ton tanker is in ballast or is under escort of a tug or tugs with an aggregate shaft horsepower equivalent to five percent of the deadweight tons of that tanker, subsection (2) of this section shall not apply. PROVIDED FURTHER, That additional tug shaft horsepower equivalencies may be required

~~under certain conditions as established by rule and regulation of the Washington utilities and transportation commission pursuant to chapter 34.05 RCW: PROVIDED FURTHER, That))~~ Except as provided in subsection (3) of this section, an oil tanker of greater than forty thousand deadweight tons may operate in the waters described in (a) of this subsection, to the extent that these waters are within the territorial boundaries of Washington, only if the oil tanker is under the escort of a tug or tugs in compliance with the requirements of subsection (5) of this section.

(a) Those waters east of a line extending from Discovery Island light south to New Dungeness light and all points in the Puget Sound area.

(b) The state board of pilotage commissioners, in consultation with the department of ecology and relying on the results of vessel traffic risk assessments, may write rules to implement this subsection (1)(b), but only after an event described in subsection (2) of this section takes place and only for the waters directly affected by the facility event. These rules may include tug escort requirements and other safety measures for oil tankers of greater than forty thousand deadweight tons, all articulated tug barges, and other towed waterborne vessels or barges that may apply in the following areas consistent with subsections (3)(a) and (5) of this section:

(i) Within a two-mile radius of the Grays Harbor pilotage district as defined in RCW 88.16.050;

(ii) Any inland portion of the Columbia river or within three miles of Cape Disappointment at the mouth of the Columbia river; or

(iii) The waters identified in (a) of this subsection.

(c) The state board of pilotage commissioners, in consultation with the department of ecology and relying on the results of vessel traffic risk assessments, shall adopt rules by June 30, 2017, to implement this subsection (1)(c). These rules may include tug escort requirements and other safety measures for oil tankers of greater than forty thousand deadweight tons, all articulated tug barges, and other towed waterborne vessels or barges and apply in the following areas consistent with subsections (3)(a) and (5) of this section: The waters described in (a) of this subsection, including all narrow channels of the San Juan Islands archipelago, Rosario Strait, Haro Strait, Boundary Pass, and connected waterways.

(2) The state board of pilotage commissioners may adopt rules under subsection (1)(b) of this section only after:

(a) The governor approves, after January 1, 2015, a recommendation of the energy facility site evaluation council pursuant to RCW 80.50.100 to certify a facility meeting the criteria listed in RCW 80.50.020(12) (d) or (f);

(b) A state agency or a local jurisdiction makes a final determination or issues a final permit after January 1, 2015, to site a new facility required to have a contingency plan pursuant to chapter 90.56 RCW or to provide authority for the first time to process or receive crude oil, as defined in chapter 90.56 RCW, to an existing facility required to have a contingency plan pursuant to chapter 90.56 RCW, other than a facility that is:

(i) A transmission pipeline; or

(ii) A railroad facility; or

(c) The state of Oregon or any local jurisdiction in Oregon makes a final determination or issues a final permit to site a new facility in the watershed of the Columbia river that would be required to have a contingency plan pursuant to chapter 90.56 RCW if an identical facility were located in Washington, or to provide authority for the first time to process or receive crude oil, as defined in chapter 90.56 RCW, to an existing facility that would be required to have a contingency plan pursuant to chapter 90.56 RCW if an identical facility were located in Washington, other than a facility that is:

(i) A transmission pipeline; or

(ii) A railroad facility.

(3)(a) If an oil tanker, articulated tug barge, or other towed waterborne vessel or barge is in ballast, the tug requirements of subsection (1) of this section do not apply.

(b) If an oil tanker is a single-hulled oil tanker of greater than five thousand gross tons, the requirements of subsection (1)(a) of this section do not apply and the oil tanker must instead comply with 33 C.F.R. Part 168, as of the effective date of this section.

(4)(a) Prior to proceeding with rule making as authorized under subsection (1)(b) and (c) of this section, the state board of pilotage commissioners must collaborate with the United States coast guard, the Oregon board of maritime pilots, the Puget Sound, Grays Harbor, and Columbia river harbor safety committees, area tribes, public ports in Oregon and Washington, local governments, and other appropriate entities. In adopting rules, the state board of pilotage commissioners must take into account any tug escort or other maritime safety measures for a water body that were or are required as mitigation or as a condition of a facility siting decision by a state agency or local jurisdiction.

(b) The department may not adopt any rules under this subsection or under subsection (1)(b) and (c) of this section until a vessel traffic risk assessment has been completed for the waters subject to the rule making. In order to adopt a rule under this section or subsection (1)(b) and (c) of this section, the board of pilotage commissioners must determine that the results of a vessel traffic risk assessment provides evidence that the rules are necessary in order to achieve best achievable protection as defined in RCW 88.46.010. In order for the state board of pilotage commissioners to rely on a vessel traffic risk assessment that is conducted after January 1, 2015, the vessel traffic risk assessment must involve a simulation analysis of vessel traffic. A simulation analysis is not required of a vessel traffic risk assessment relied upon by the state board of pilotage commissioners that was conducted before January 1, 2015.

(5) Oil tankers of greater than forty thousand deadweight tons, all articulated tug barges, and other towed waterborne vessels or barges must ensure that any escort tugs they use have an aggregate shaft horsepower equivalent to at least five percent of the deadweight tons of the escorted oil tanker or articulated tug barge. The state board of pilotage commissioners may adopt rules to ensure that escort tugs have sufficient mechanical capabilities to provide for safe escort. Rules adopted on this subject must be designed to achieve best achievable protection as defined under RCW 88.46.010.

(6) A tanker assigned a deadweight of equal to or less than forty thousand deadweight tons at the time of construction or reconstruction as reported in Lloyd's Register of Ships is not subject to the provisions of RCW 88.16.170 through 88.16.190.

(7) The provisions of this section do not apply to pilotage for enrolled tankers.

(8) For the purposes of this section:

(a) "Articulated tug barge" means a tank barge and a towing vessel joined by hinged or articulated fixed mechanical equipment affixed or connecting to the stern of the tank barge.

(b) "Oil tanker" means a self-propelled deep draft tank vessel designed to transport oil in bulk. "Oil tanker" does not include an articulated tug barge tank vessel.

(c) "Waterborne vessel or barge" means any ship, barge, or other watercraft capable of traveling on the navigable waters of this state and capable of transporting any crude oil or petroleum product in quantities of ten thousand gallons or more for purposes other than providing fuel for its motor or engine.

Sec. 950. RCW 82.23B.010 and 1992 c 73 s 6 are each amended to read as follows:

((Unless the context clearly requires otherwise,)) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Barrel" means a unit of measurement of volume equal to forty-two United States gallons of crude oil or petroleum product.

(2) "Crude oil" means any naturally occurring liquid hydrocarbons at atmospheric temperature and pressure coming from the earth, including condensate and natural gasoline.

(3) "Department" means the department of revenue.

(4) "Marine terminal" means a facility of any kind, other than a waterborne vessel, that is used for transferring crude oil or petroleum products to or from a waterborne vessel or barge.

(5) "Navigable waters" means those waters of the state and their adjoining shorelines that are subject to the ebb and flow of the tide, including the Columbia and Snake rivers.

(6) "Person" has the meaning provided in RCW 82.04.030.

(7) "Petroleum product" means any liquid hydrocarbons at atmospheric temperature and pressure that are the product of the fractionation, distillation, or other refining or processing of crude oil, and that are used as, useable as, or may be refined as a fuel or fuel blendstock, including but not limited to, gasoline, diesel fuel, aviation fuel, bunker fuel, and fuels containing a blend of alcohol and petroleum.

(8) "Taxpayer" means the person owning crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine or bulk oil terminal in this state (~~from a waterborne vessel or barge~~) and who is liable for the taxes imposed by this chapter.

(9) "Waterborne vessel or barge" means any ship, barge, or other watercraft capable of ~~((travelling))~~ traveling on the navigable waters of this state and capable of transporting any crude oil or petroleum product in quantities of ten thousand gallons or more for purposes other than providing fuel for its motor or engine.

(10) "Bulk oil terminal" means a facility of any kind, other than a waterborne vessel, that is used for transferring crude oil or petroleum products from a tank car or pipeline.

(11) "Tank car" means a rail car, the body of which consists of a tank for transporting liquids.

Sec. 951. RCW 82.23B.020 and 2006 c 256 s 2 are each amended to read as follows:

(1) An oil spill response tax is imposed on the privilege of receiving: (a) Crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state; (b) crude oil or petroleum products at a bulk oil terminal within this state from a tank car; or (c) crude oil or petroleum products at a bulk oil terminal within this state from a pipeline. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine or bulk oil terminal from a tank car, pipeline, or waterborne vessel or barge at the rate of one cent per barrel of crude oil or petroleum product received.

(2) In addition to the tax imposed in subsection (1) of this section, an oil spill administration tax is imposed on the privilege of receiving: (a) Crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state; (b) crude oil or petroleum products at a bulk oil terminal within this state from a tank car; and (c) crude oil or petroleum products at a bulk oil terminal within this state from a pipeline. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine or bulk oil terminal from a tank car, pipeline, or waterborne vessel or barge at the rate of ~~((four))~~ eight cents per barrel of crude oil or petroleum product.

(3) The taxes imposed by this chapter ~~((shall))~~ must be collected by the marine or bulk oil terminal operator from the taxpayer. If any person charged with collecting the taxes fails to bill the taxpayer for the taxes, or in the alternative has not notified the taxpayer in writing of the ~~((imposition of the))~~ taxes imposed, or having collected the taxes, fails to pay them to the department in the

manner prescribed by this chapter, whether such failure is the result of the person's own acts or the result of acts or conditions beyond the person's control, he or she ~~((shall))~~, nevertheless, ~~((be))~~ is personally liable to the state for the amount of the taxes. Payment of the taxes by the owner to a marine or bulk oil terminal operator ~~((shall))~~ relieves the owner from further liability for the taxes.

(4) Taxes collected under this chapter ~~((shall))~~ must be held in trust until paid to the department. Any person collecting the taxes who appropriates or converts the taxes collected ~~((shall be))~~ is guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. The taxes required by this chapter to be collected ~~((shall))~~ must be stated separately from other charges made by the marine or bulk oil terminal operator in any invoice or other statement of account provided to the taxpayer.

(5) If a taxpayer fails to pay the taxes imposed by this chapter to the person charged with collection of the taxes and the person charged with collection fails to pay the taxes to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the taxes.

(6) The taxes ~~((shall be))~~ are due from the marine or bulk oil terminal operator, along with reports and returns on forms prescribed by the department, within twenty-five days after the end of the month in which the taxable activity occurs.

(7) The amount of taxes, until paid by the taxpayer to the marine or bulk oil terminal operator or to the department, ~~((shall))~~ constitutes a debt from the taxpayer to the marine or bulk oil terminal operator. Any person required to collect the taxes under this chapter who, with intent to violate the provisions of this chapter, fails or refuses to do so as required and any taxpayer who refuses to pay any taxes due under this chapter, ~~((shall be))~~ is guilty of a misdemeanor as provided in chapter 9A.20 RCW.

(8) Upon prior approval of the department, the taxpayer may pay the taxes imposed by this chapter directly to the department. The department ~~((shall))~~ must give its approval for direct payment under this section whenever it appears, in the department's judgment, that direct payment will enhance the administration of the taxes imposed under this chapter. The department ~~((shall))~~ must provide by rule for the issuance of a direct payment certificate to any taxpayer qualifying for direct payment of the taxes. Good faith acceptance of a direct payment certificate by a terminal operator ~~((shall))~~ relieves the marine or bulk oil terminal operator from any liability for the collection or payment of the taxes imposed under this chapter.

(9) All receipts from the tax imposed in subsection (1) of this section ~~((shall))~~ must be deposited into the state oil spill response account. All receipts from the tax imposed in subsection (2) of this section shall be deposited into the oil spill prevention account.

(10) Within forty-five days after the end of each calendar quarter, the office of financial management ~~((shall))~~ must determine the balance of the oil spill response account as of the last day of that calendar quarter. Balance determinations by the office of financial management under this section are final and ~~((shall))~~ may not be used to challenge the validity of any tax imposed under this chapter. The office of financial management ~~((shall))~~ must promptly notify the departments of revenue and ecology of the account balance once a determination is made. For each subsequent calendar quarter, the tax imposed by subsection (1) of this section shall be imposed during the entire calendar quarter unless:

(a) Tax was imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than nine million dollars; or

(b) Tax was not imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than eight million dollars.

Sec. 952. RCW 82.23B.030 and 1992 c 73 s 9 are each amended to read as follows:

The taxes imposed under this chapter ~~((shall))~~ only apply to the first receipt of crude oil or petroleum products at a marine or bulk oil terminal in this state and not to the later transporting and subsequent receipt of the same oil or petroleum product, whether in the form originally received at a marine or bulk oil terminal in this state or after refining or other processing.

Sec. 953. RCW 82.23B.040 and 1992 c 73 s 10 are each amended to read as follows:

Credit ~~((shall))~~ must be allowed against the taxes imposed under this chapter for any crude oil or petroleum products received at a marine or bulk oil terminal and subsequently exported from or sold for export from the state.

The commission must adopt a rule to implement the surcharge. The commission may, by rule, set minimum fees that do not exceed the cost of collecting the fees. The commission may by rule waive any or all of the minimum fee established pursuant to this section. Any railroad association that qualifies as a nonprofit charitable organization under the federal internal revenue code section 501(c)(3) is exempt from the fee required under this subsection.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 973. The legislature finds that school personnel are often the first responders when there is a violent threat or natural or man-made disaster at a school. The legislature further finds that school personnel need to be trained to intervene and provide assistance during these emergency incidents. The legislature recognizes an educational service district has developed a model for a regional school safety and security center, which can provide this type of training. The legislature intends to provide training to other regions in the state by authorizing a pilot program to create regional school safety and security centers in three other educational service districts.

"NEW SECTION. Sec. 974. (1) During the 2015-2017 biennium, three educational service districts shall implement a pilot program to create regional school safety and security centers in each of the three educational service districts. One educational service district must be an educational service district that is entirely west of the crest of the Cascade mountains and is partially bounded by an international border. One educational service district must be east of the crest of the Cascade mountains. One educational service district may be located anywhere in the state of Washington.

(2) The pilot program must include the following components:

(a) Establishment of a network of school safety coordinators for the educational service districts, which shall focus on prevention planning, intervention, mitigation, crisis response, and community recovery regarding emergency incidents in schools;

(b) Collaboration with the educational service district that developed the model for a regional school safety and security center to adopt its model for a regional school safety and security center;

(c) Creation of technology-based systems that enable more efficient and effective communication between schools and emergency response entities, including local law enforcement, local fire departments, and state and federal responders;

(d) Establishment of a plan to facilitate clear communication with students, parents, and guardians, including a system using school-based personnel or community organizations that can assist in providing information to those whose primary language is other than English;

(e) Provision of technology support in order to improve communication and data management between schools and emergency response entities;

(f) Ongoing training of school personnel and emergency responders to establish a system for preventative identification, intervention strategies, and management of risk behaviors;

(g) Development of a professional development program to train school personnel as first responders until the arrival of emergency responders; and

(h) Building a collaborative relationship between educational service districts participating in the pilot program, the office of the superintendent of public instruction, and the school safety advisory committee and focusing on expanding regional school safety and security centers to all of the other educational service districts.

SSB 5418 Prime Sponsor, Committee on Commerce & Labor: Creating a pilot program to improve care for catastrophically injured workers. Reported by Committee on Labor

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 975. (1) The legislature finds:

(a) Each year, only a small percentage of industrial insurance cases in Washington involve catastrophic workplace injuries, yet they exact a tremendous toll on affected individuals and their families.

(b) A recent analysis by the department of labor and industries identified gaps which could be addressed through piloting improvements in coordination of care, best practices, and other cost-effective approaches for injured workers under the state's current industrial insurance system.

(2) The legislature therefore intends to direct the department of labor and industries to create a pilot program whereby a medical management firm, centers of excellence deploying collaborative care, and/or the state's centers of occupational health and education partner with the department in being responsible for the medical management and treatment of catastrophically injured workers. The goal of the pilot program is improved medical outcomes, increased return-to-work rates and/or better quality of life, and reduced industrial insurance costs.

NEW SECTION. Sec. 976. A new section is added to chapter 51.36 RCW to read as follows:

(1) The department must implement a three year pilot program beginning no later than January 1, 2016 under which innovative treatment and service interventions for catastrophically injured workers are compared in a prospective study and compared to usual or standardized care. The best practices and cost-effective approaches may be piloted by any or all of:

(a) A medical management firm with substantial experience in handling catastrophic workers' compensation cases.

(b) Centers of excellence deploying collaborative care.

(c) Centers of occupational health and education.

(d) Other innovative treatment or services that may be identified by systematic literature review.

(2) The following provisions apply to the pilot program:

(a) The pilot participants must develop a treatment plan and agreement for each injured worker that identifies an outcome, the treatment plan and, if applicable, a guaranteed price to achieve the outcome.

(b) The department must determine an approach to systematically and prospectively track outcomes of catastrophically injured workers including, at a minimum, standardized measures of functional recovery, return-to-work, and quality of life. The department must also contract with independent researchers for an analysis of the pilot program costs and outcomes.

(c) Pilot participants must provide all information required by the independent researchers to assess pilot program progress and costs and measure outcomes. Information provided to the independent researchers must also be provided to the department.

(d) Injured workers, in consultation with their attending physician and the department, may elect to participate or not in the pilot program. Participating injured workers retain the right to receive care from providers of their choice. Providers must meet the requirements of RCW 51.36.010(2).

(e) The department retains the exclusive authority to approve or deny particular treatment and the exclusive authority to pay all medical bills in accordance with the fee schedule established under RCW 51.04.030. The department may establish minimum treatment protocols and qualifications for the pilot participants including access to adequate medical, professional, and pharmacy providers and a network of health care facilities, suppliers, and services.

(3) For the purposes of the pilot program, catastrophic injuries include acute traumatic brain injuries; major extremity or multiple extremity amputations, fractures, or crush injuries; multiple trauma injuries; severe burns; paraplegia, quadriplegia, hemiplegia, and diplegia; and any other medical diagnosis determined by the department to be catastrophic.

(4) The independent researchers must make regular status reports to the department throughout the pilot program, and work with the department to develop and report on criteria to evaluate the pilot program. The criteria must address, but are not limited to:

(a) Whether the appropriate procedures are followed to ensure injured workers access to services in a timely fashion;

(b) The quality of the communication and other factors affecting the working relationship between the treatment and service provider, the injured worker, the department, and those involved in the care and treatment of the injured worker;

(c) Whether pilot program treatment protocols help address the gaps identified by the department in its September 2014 catastrophic claims gap analysis;

(d) Whether research results on cases involving catastrophic injury complement, inform, and improve the department's handling of other industrial insurance cases;

(e) Whether the pilot program results in improved medical outcomes, increased return-to-work rates and/or better quality of life for catastrophically injured workers, and reduced industrial insurance costs;

(f) Assessment of whether pilot participants are achieving stated goals;

(g) Average and median claims costs;

(h) Feasibility for the department to adopt processes and practices identified in the pilot program; and

(i) Assessment of any other cost-saving processes identified through the pilot program.

(5) Before the end of the three year period, the department must terminate the pilot program if it finds that the treatments and interventions are causing harm to workers and may terminate the pilot program if it finds that the treatments and interventions are not showing a benefit to workers.

(6) The department must provide a written report on the pilot program to the appropriate committees of the legislature each December through 2018 with a final report following the end of the pilot program in 2019.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 977. A new section is added to chapter 70.41 RCW to read as follows:

(1) The legislature finds that high quality, safe, and compassionate health care services for patients of Washington state must be available at all times. The legislature further finds that there is a need for patients being released from hospital emergency departments to maintain access to emergency medications when community or hospital pharmacy services are not available. It is the intent of the legislature to accomplish this objective by allowing practitioners with prescriptive authority to prescribe limited amounts of prepackaged emergency medications to patients being discharged from hospital emergency departments when access to community or outpatient hospital pharmacy services is not otherwise available.

(2) A hospital may allow a practitioner to prescribe prepackaged emergency medications and allow a practitioner or a registered nurse licensed under chapter 18.79 RCW to distribute prepackaged emergency medications to patients being discharged from a hospital emergency department during times when community or outpatient hospital pharmacy services are not available within fifteen miles by road or when, in the judgment of the practitioner and consistent with hospital policies and procedures, a patient has no reasonable ability to reach the local community or outpatient pharmacy. A hospital may only allow this practice if: The director of the hospital pharmacy, in collaboration with appropriate hospital medical staff, develops policies and procedures regarding the following:

(a) Development of a list, preapproved by the pharmacy director, of the types of emergency medications to be prepackaged and distributed;

(b) Assurances that emergency medications to be prepackaged pursuant to this section are prepared by a pharmacist or under the supervision of a pharmacist licensed under chapter 18.64 RCW;

(c) Development of specific criteria under which emergency prepackaged medications may be prescribed and distributed consistent with the limitations of this section;

(d) Assurances that any practitioner authorized to prescribe prepackaged emergency medication or any nurse authorized to distribute prepackaged emergency medication is trained on the types of medications available and the circumstances under which they may be distributed;

(e) Procedures to require practitioners intending to prescribe prepackaged emergency medications pursuant to this section to maintain a valid prescription either in writing or electronically in the patient's records prior to a medication being distributed to a patient;

(f) Establishment of a limit of no more than a forty-eight hour supply of emergency medication as the maximum to be dispensed to a patient, except when community or hospital pharmacy services will not be available within forty-eight hours. In no case may the policy allow a supply exceeding ninety-six hours be dispensed;

(g) Assurances that prepackaged emergency medications will be kept in a secure location in or near the emergency department in such a manner as to preclude the necessity for entry into the pharmacy; and

(h) Assurances that nurses or practitioners will distribute prepackaged emergency medications to patients only after a practitioner has counseled the patient on the medication.

(3) The delivery of a single dose of medication for immediate administration to the patient is not subject to the requirements of this section.

(4) For purposes of this section:

(a) "Emergency medication" means any medication commonly prescribed to emergency room patients, including those drugs, substances or immediate precursors listed in schedules II through V of the uniform controlled substances act, chapter 69.50 RCW, as now or hereafter amended.

(b) "Distribute" means the delivery of a drug or device other than by administering or dispensing.

(c) "Practitioner" means any person duly authorized by law or rule in the state of Washington to prescribe drugs as defined in RCW 18.64.011(24).

(d) "Nurse" means a registered nurse as defined in RCW 18.79.020.

SSB 5679 Prime Sponsor, Committee on Early Learning & K-12 Education: Concerning transition services for special education students. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following: "NEW SECTION, Sec. 1. The legislature finds that research continues to suggest that high expectations for students with disabilities is paramount to improving student outcomes. The legislature further finds that to increase the number of students with disabilities who are prepared for higher education, teachers and administrators in K-12 education should continue to improve their acceptance of students with disabilities as full-fledged learners for whom there are high expectations. The legislature also encourages continuous development in transition services to higher education opportunities for these students. The legislature recognizes that other states have authorized transition planning to postsecondary settings for students with disabilities as early as the age of fourteen. To remove barriers and obstacles for students with disabilities to access to postsecondary settings including higher education, the legislature intends to authorize transition planning for students with disabilities as soon as practicable when educationally and developmentally appropriate.

Sec. 2. RCW 28A.155.220 and 2014 c 47 s 1 are each amended to read as follows:

(1) The office of the superintendent of public instruction must establish interagency agreements with the department of social and health services, the department of services for the blind, and any other state agency that provides high school transition services for special education students. Such interagency agreements shall not interfere with existing individualized education programs or section 504 plans, nor override any individualized education program or section 504 planning team's decision-making power. The purpose of the interagency agreements is to foster effective collaboration among the multiple agencies providing transition services for individualized education ((plan)) program-eligible and section 504 plan-eligible special education students from the beginning of transition planning, as soon as educationally and developmentally appropriate, through age twenty-one, or through high school graduation, whichever occurs first. Interagency agreements are also intended to streamline services and

programs, promote efficiencies, and establish a uniform focus on improved outcomes related to self-sufficiency. ((This subsection does not require transition services plan development in addition to what exists on June 12, 2014.))

(2)(a) When educationally and developmentally appropriate, the interagency responsibilities and linkages with transition services under subsection (1) of this section must be addressed in a transition plan to a postsecondary setting in the individualized education program or section 504 plan of a student with disabilities.

(b) Transition planning shall be based upon educationally and developmentally appropriate transition assessments that outline the student's individual needs, strengths, preferences, and interests. Transition assessments may include observations, interviews, inventories, situational assessments, formal and informal assessments, as well as academic assessments.

(c) The transition services that the transition plan must address include activities needed to assist the student in reaching postsecondary goals and courses of study to support postsecondary goals.

(d) Transition activities that the transition plan may address include instruction, related services, community experience, employment and other adult living objectives, daily living skills, and functional vocational evaluation.

(e) When educationally and developmentally appropriate, a discussion must take place with the student and parents, and others as needed, to determine the postsecondary goals or postschool vision for the student. This discussion may be included as part of an annual individualized education program review, section 504 plan review, high school and beyond plan meeting, or any other meeting that includes parents, students, and educators. The postsecondary goals included in the transition plan shall be goals that are measurable and must be based on appropriate transition assessments related to training, education, employment, and independent living skills, when necessary. The goals must also be based on the student's needs, while considering the strengths, preferences, and interests of the student.

(f) As the student gets older, changes in the transition plan may be noted in the annual update of the student's individualized education program or section 504 plan.

(g) A student with disabilities who has a high school and beyond plan may use the plan to comply with the transition plan required under this subsection (2).

(3) To the extent that data is available through data-sharing agreements established by the education data center under RCW 43.41.400, the education data center must monitor the following outcomes for individualized education ((plan))program-eligible or section 504 plan-eligible special education students after high school graduation:

(a) The number of students who, within one year of high school graduation:

(i) Enter integrated employment paid at the greater of minimum wage or competitive wage for the type of employment, with access to related employment and health benefits; or

(ii) Enter a postsecondary education or training program focused on leading to integrated employment;

(b) The wages and number of hours worked per pay period;

(c) The impact of employment on any state and federal benefits for individuals with disabilities;

(d) Indicators of the types of settings in which students who previously received transition services primarily reside;

(e) Indicators of improved economic status and self-sufficiency;

(f) Data on those students for whom a postsecondary or integrated employment outcome does not occur within one year of high school graduation, including:

(i) Information on the reasons that the desired outcome has not occurred;

(ii) The number of months the student has not achieved the desired outcome; and

(iii) The efforts made to ensure the student achieves the desired outcome.

~~((3))~~ (4) To the extent that the data elements in subsection ((2)) (3) of this section are available to the education data center through data-sharing agreements, the office of the superintendent of public instruction must prepare an annual report using existing resources and submit the report to the legislature."

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 41.80.010 and 2013 2nd sp.s. c 4 s 971 are each amended to read as follows:

(1) For the purpose of negotiating collective bargaining agreements under this chapter, the employer shall be represented by the governor or governor's designee, except as provided for institutions of higher education in subsection (4) of this section.

(2)(a) If an exclusive bargaining representative represents more than one bargaining unit, the exclusive bargaining representative shall negotiate with each employer representative as designated in subsection (1) of this section one master collective bargaining agreement on behalf of all the employees in bargaining units that the exclusive bargaining representative represents. Except as provided in (d) of this subsection, for those exclusive bargaining representatives who represent fewer than a total of five hundred employees each, negotiation shall be by a coalition of all those exclusive bargaining representatives. The coalition shall bargain for a master collective bargaining agreement covering all of the employees represented by the coalition. The governor's designee and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of agency-specific issues for inclusion in or as an addendum to the master collective bargaining agreement, subject to the parties' agreement regarding the issues and procedures for supplemental bargaining. This section does not prohibit cooperation and coordination of bargaining between two or more exclusive bargaining representatives.

(b) This subsection (2) does not apply to exclusive bargaining representatives who represent employees of institutions of higher education, except when the institution of higher education has elected to exercise its option under subsection (4) of this section to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(c) If five hundred or more employees of an independent state elected official listed in RCW 43.01.010 are organized in a bargaining unit or bargaining units under RCW 41.80.070, the official shall be consulted by the governor or the governor's designee before any agreement is reached under (a) of this subsection concerning supplemental bargaining of agency specific issues affecting the employees in such bargaining unit.

(d) For those exclusive bargaining representatives who represent commissioned officers, except for lieutenants and captains, of the department of fish and wildlife, negotiation shall be by a coalition of exclusive bargaining representatives who represent the commissioned officers. When negotiating, the parties must reference the wages, hours, and conditions of employment of like personnel of like state employers on the west coast of the United States for comparables in the bargaining process. If the commission determines that there has been bad faith bargaining or other unfair labor practices by the employer or the employee organizations representing commissioned officers, except for lieutenants and captains, of the department of fish and wildlife, the commission may order interest arbitration, in addition to other remedies provided under RCW 41.80.120, to effectuate the purposes and policy of this chapter.

(3) The governor shall submit a request for funds necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreement or for legislation necessary to implement the agreement. Requests for funds necessary to implement the provisions of bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(a) Have been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the requests are to be considered; and

(b) Have been certified by the director of the office of financial management as being feasible financially for the state.

The legislature shall approve or reject the submission of the request for funds as a whole. The legislature shall not consider a request for funds to implement a collective bargaining agreement unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 41.80.090.

(4)(a)(i) For the purpose of negotiating agreements for institutions of higher education, the employer shall be the respective governing board of each of the universities, colleges, or community colleges or a designee chosen by the board to negotiate on its behalf.

(ii) A governing board of a university or college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section, except that:

(A) The governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of a university or college that the representative represents; or

(B) If the parties mutually agree, the governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of more than one university or college that the representative represents.

(iii) A governing board of a community college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(b) Prior to entering into negotiations under this chapter, the institutions of higher education or their designees shall consult with the director of the office of financial management regarding

financial and budgetary issues that are likely to arise in the impending negotiations.

(c)(i) In the case of bargaining agreements reached between institutions of higher education other than the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of the bargaining agreements, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in (c)(iii) of this subsection.

(ii) In the case of bargaining agreements reached between the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of a bargaining agreement, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in this subsection (4)(c)(ii) and as provided in (c)(iii) of this subsection.

(A) If appropriations of less than ten thousand dollars are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(B) If appropriations of ten thousand dollars or more are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request:

(I) Has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered; and

(II) Has been certified by the director of the office of financial management as being feasible financially for the state.

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(iii) In the case of a bargaining unit of employees of institutions of higher education in which the exclusive bargaining representative is certified during or after the conclusion of a legislative session, the legislature may act upon the compensation and fringe benefit provisions of the unit's initial collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(5) There is hereby created a joint committee on employment relations, which consists of two members with leadership positions in the house of representatives, representing each of the two largest caucuses; the chair and ranking minority member of the house appropriations committee, or its successor, representing each of the two largest caucuses; two members with leadership positions in the senate, representing each of the two largest caucuses; and the chair and ranking minority member of the senate ways and means committee, or its successor, representing each of the two largest caucuses. The governor shall periodically consult with the committee regarding appropriations necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreements, and upon completion of negotiations, advise

the committee on the elements of the agreements and on any legislation necessary to implement the agreements.

(6) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(7) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) For the 2013 2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee shall be a separate agreement for which the governor may request funds necessary to implement the agreement. The legislature may act upon a 2013 2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating appropriations act by the sitting legislature.

Sec. 2. RCW 41.80.120 and 2002 c 354 s 313 are each amended to read as follows:

(1) The commission is empowered and directed to prevent any unfair labor practice and to issue appropriate remedial orders: PROVIDED, That a complaint shall not be processed for any unfair labor practice occurring more than six months before the filing of the complaint with the commission. This power shall not be affected or impaired by any means of adjustment, mediation, or conciliation in labor disputes that have been or may hereafter be established by law.

(3)(a) Subject to the limitations specified in this subsection (3), normal maintenance or repair of existing structures or developments by the department of transportation, including maintenance or repair of damage caused by accident, fire, or the elements.

(ii) "Normal repair" means to restore a structure or development to a state comparable to its original condition including, but not limited to, restoring the development's size, shape, configuration, location, and external appearance, within a reasonable period after decay or partial destruction. Normal repair of a structure or development may not cause substantial adverse effects to shoreline resources or the shoreline environment. Replacement of a structure or development may be authorized as a normal repair if:

(A) Replacement is the common method of repair for the type of structure or development;

(B) The replacement structure or development is comparable to the original structure or development including, but not limited to, the size, shape, configuration, location, and external appearance of the original structure or development; and

(C) The replacement does not cause substantial adverse effects to shoreline resources or the shoreline environment.

(c) Normal maintenance or repair of an existing structure or development under this subsection (3) does not include the expansion of an existing structure or development, or the construction of a new structure or development that does not meet the criteria of a replacement structure or development under (b)(ii) of this subsection (3); or

Sec. 980. RCW 90.58.140 and 2012 c 84 s 2 are each amended to read as follows:

(1) A development shall not be undertaken on the shorelines of the state unless it is consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, rules, or master program.

(2) A substantial development shall not be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971, until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and rules of the department; and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and this chapter.

(3) The local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by the local government.

(4) Except as otherwise specifically provided in subsection (11) of this section, the local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that notice of the application is given by at least one of the following methods:

(a) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(b) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(c) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive notification of the final decision concerning an application as expeditiously as possible after the issuance of the decision, may submit the comments or requests for decisions to the local government within thirty days of the last date the notice is to be published pursuant to this subsection. The local government shall forward, in a timely manner following the issuance of a decision, a copy of the decision to each person who submits a request for the decision.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.

(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within twenty-one days from the date of filing as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b)(i) In the case of any permit or decision to issue any permit to the state of Washington, department of transportation, for the replacement of the floating bridge and landings of the state route number 520 Evergreen Point bridge on or adjacent to Lake Washington, the construction may begin twenty-one days from the date of filing. Any substantial development permit granted for the floating bridge and landings is deemed to have been granted on the date that the local government's decision to grant the permit is issued. This authorization to construct is limited to only those elements of the floating bridge and landings that do not preclude the department of transportation's selection of a four-lane alternative for state route number 520 between Interstate 5 and Medina. Additionally, the Washington state department of transportation shall not engage in or contract for any construction on any portion of state route number 520 between Interstate 5 and the western landing of the floating bridge until the legislature has authorized the imposition of tolls on the Interstate 90 floating bridge and/or other funding sufficient to complete construction of the state route number 520 bridge replacement and HOV program. For the purposes of this subsection (5)(b), the "western landing of the floating bridge" means the least amount of new construction necessary to connect the new

floating bridge to the existing state route number 520 and anchor the west end of the new floating bridge;

(ii) Nothing in this subsection (5)(b) precludes the shorelines hearings board from concluding that the project or any element of the project is inconsistent with the goals and policies of the shoreline management act or the local shoreline master program;

(iii) This subsection (5)(b) applies retroactively to any appeals filed after January 1, 2012, and to any appeals filed on or after March 23, 2012, and expires June 30, 2014((-);

(c)(i) In the case of any permit or decision to issue any permit for a transportation project, construction may begin twenty-one days after the date of filing if the following requirements are met:

(A) The project qualifies as water-dependent or water-related as applied in this chapter and described in WAC 173-26-020, and the project, as supported by adequate findings, requires an in-water or over-water location;

(B) All components of the project achieve a no net loss of shoreline ecological functions in accordance with WAC 173-26-171 through 173-26-251;

(C) The department of transportation provides the department with an assessment of how the project affects shoreline ecological functions. This assessment must include specific actions for avoiding, minimizing, and mitigating impacts to shoreline ecological functions that ensure that there is no net loss of ecological functions;

(D) The department, after reviewing the assessment required in (c)(i)(C) of this subsection, determines that the project will result in no net loss of ecological functions. The department's determination must be completed before the final issuance of all appropriate shoreline permits and variances; and

(E) A performance bond is posted by the project proponent adequate to finance mitigation for impacts to ecological functions resulting from the project, and long-term reporting and monitoring of ecological functions;

(ii) Nothing in this subsection (5)(c) precludes the shorelines hearings board from concluding that the shoreline project or any element of the project is inconsistent with the goals and policies of this chapter or the local shoreline master program;

(iii) This subsection (5)(c) does not apply to permit decisions for the replacement of the floating bridge and landings of the state route number 520 Evergreen Point bridge on or adjacent to Lake Washington;

(d) Except as authorized in (b) and (c) of this subsection, construction may be commenced no sooner than thirty days after the date of the appeal of the board's decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within twenty-one days of the date of filing, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW. The appellant may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board should not commence. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would involve a significant, irreversible damaging of the environment, the court shall prohibit the permittee from commencing the construction pursuant to the approved or revised permit until all review proceedings are final. Construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until

after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant;

~~((e))~~ (e) Except as authorized in (b) and (c) of this subsection, if the permit is for a substantial development meeting the requirements of subsection (11) of this section, construction pursuant to that permit may not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section.

If a permittee begins construction pursuant to (a), (b), (c), ~~((e))~~ (d), or (e) of this subsection, the construction is begun at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervener.

(6) Any decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be filed with the department and the attorney general. This shall be accomplished by return receipt requested mail. A petition for review of such a decision must be commenced within twenty-one days from the date of filing of the decision.

(a) With regard to a permit other than a permit governed by subsection (10) of this section, "date of filing" as used in this section refers to the date of actual receipt by the department of the local government's decision.

(b) With regard to a permit for a variance or a conditional use governed by subsection (10) of this section, "date of filing" means the date the decision of the department is transmitted by the department to the local government.

(c) When a local government simultaneously transmits to the department its decision on a shoreline substantial development with its approval of either a shoreline conditional use permit or variance, or both, "date of filing" has the same meaning as defined in (b) of this subsection.

(d) The department shall notify in writing the local government and the applicant of the date of filing by telephone or electronic means, followed by written communication as necessary, to ensure that the applicant has received the full written decision.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department is made to the hearings board within fifteen days of the termination of the thirty-day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(10) Any permit for a variance or a conditional use issued with approval by a local government under their approved master program must be submitted to the department for its approval or disapproval.

(11)(a) An application for a substantial development permit for a limited utility extension or for the construction of a bulkhead or other measures to protect a single-family residence and its appurtenant structures from shoreline erosion shall be subject to the following procedures:

(i) The public comment period under subsection (4) of this section shall be twenty days. The notice provided under subsection (4) of this section shall state the manner in which the public may obtain a copy of the local government decision on the application no later than two days following its issuance;

(ii) The local government shall issue its decision to grant or deny the permit within twenty-one days of the last day of the comment period specified in (a)(i) of this subsection; and

(iii) If there is an appeal of the decision to grant or deny the permit to the local government legislative authority, the appeal shall be finally determined by the legislative authority within thirty days.

(b) For purposes of this section, a limited utility extension means the extension of a utility service that:

(i) Is categorically exempt under chapter 43.21C RCW for one or more of the following: Natural gas, electricity, telephone, water, or sewer;

(ii) Will serve an existing use in compliance with this chapter; and

(iii) Will not extend more than twenty-five hundred linear feet within the shorelines of the state."

Sec. 982. RCW 43.371.020 and 2014 c 223 s 10 are each amended to read as follows:

(1) The office shall establish a statewide all-payer health care claims database to support transparent public reporting of health care information. The database must improve transparency to: Assist patients, providers, and hospitals to make informed choices about care; enable providers, hospitals, and communities to improve by benchmarking their performance against that of others by focusing on best practices; enable purchasers to identify value, build expectations into their purchasing strategy, and reward improvements over time; and promote competition based on quality and cost. (2) ~~The ((director shall select a lead organization))~~ office shall use a competitive procurement process, in accordance with chapter 39.26 RCW, to select a lead organization from among the best potential bidders to coordinate and manage the database.

(a) Due to the complexities of the all payer claims database and the unique privacy, quality, and financial objectives, the office must award extra points in the scoring evaluation for the following elements: (i) The bidder's degree of experience in health care data collection, analysis, analytics, and security; (ii) whether the bidder has a long-term self-sustainable financial model; (iii) the bidder's experience in convening and effectively engaging stakeholders to develop reports; (iv) the bidder's experience in meeting budget and timelines for report generations; and (v) the bidder's ability to combine cost and quality data.

(e) Assign unique identifiers, as defined in RCW 43.371.010, to individuals represented in the database;

(f) Ensure that direct patient identifiers, indirect patient identifiers, and proprietary financial information are released only in compliance with the terms of this chapter;

(g) Demonstrate internal controls and affiliations with separate organizations as appropriate to ensure safe data collection, security of the data with state of the art encryption methods, actuarial support, and data review for accuracy and quality assurance;

(h) Store data on secure servers that are compliant with the federal health insurance portability and accountability act and regulations, with access to the data strictly controlled and limited to staff with appropriate training, clearance, and background checks; and

(4) The lead organization and data vendor must submit detailed descriptions to the office of the chief information officer to ensure

robust security methods are in place. The office of the chief information officer must report its findings to the office and the appropriate committees of the legislature.

(5) The lead organization is responsible for internal governance, management, funding, and operations of the database. At the direction of the office, the lead organization shall work with the data vendor to:

(a) Collect claims data from data suppliers as provided in RCW 43.371.030;

ESSB 5550 Prime Sponsor, Committee on Transportation: Regulating providers of commercial transportation services. Reported by Committee on Business & Financial Services

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1003. This act may be known and cited as the insurance for providers of commercial transportation services act.

NEW SECTION. Sec. 1004. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commercial transportation services" or "services" means all times the driver is logged in to a commercial transportation services provider's digital network or software application or until the passenger has left the personal vehicle, whichever is later.

(2) "Commercial transportation services provider" means a corporation, partnership, sole proprietorship, or other entity, operating in Washington, that uses a digital network or software application to connect passengers to drivers for the purpose of providing a prearranged ride.

(3) "Driver" means an individual who uses a personal vehicle to provide services for passengers matched through a commercial transportation services provider's digital network or software application. A driver need not be an employee of a commercial transportation services provider.

(4) "Passenger" means a passenger in a personal vehicle for whom transport is provided, including:

(a) An individual who uses a commercial transportation services provider's digital network or software application to connect with a driver to obtain services in the driver's vehicle for the individual and anyone in the individual's party; or

(b) Anyone for whom another individual uses a commercial transportation services provider's digital network or software application to connect with a driver to obtain services in the driver's vehicle.

(5) "Personal vehicle" means a vehicle that is used by a driver in connection with providing services for a commercial transportation services provider.

(6) "Prearranged ride" means a route of travel between points chosen by the passenger and arranged with a driver through the use of a commercial transportation services provider's digital network or software application. The ride begins when a driver accepts a requested ride through a digital network or software application, continues while the driver transports the passenger in a personal vehicle, and ends when the passenger departs from the personal vehicle.

NEW SECTION. Sec. 1005. (1)(a) Before being used to provide commercial transportation services, every personal vehicle must be covered by a primary automobile insurance policy that specifically covers commercial transportation services. Except as provided in subsection (2) of this section, a commercial transportation services provider must secure this policy for every personal vehicle used to provide commercial transportation services. For purposes of this section, a "primary automobile insurance policy" is not a private passenger automobile insurance policy.

(b)(i) The primary automobile insurance policy required under this section must provide coverage, as specified in this subsection (1)(b), at all times the driver is logged in to a commercial transportation provider's digital network or software application and at all times a passenger is in the vehicle as part of a prearranged ride, as follows:

(A) Liability coverage, while providing commercial transportation services applicable during the period before a driver accepts a requested ride through a digital network or software application, in an amount no less than fifty thousand dollars per person for bodily injury, one hundred thousand dollars per accident for bodily injury of all persons, and thirty thousand dollars for damage to property;

(B) Uninsured motorist coverage and underinsured motorist coverage in the amount of no less than fifty thousand dollars per person for bodily injury and one hundred thousand dollars per accident for bodily injury of all persons;

(C) Personal injury protection coverage pursuant to RCW 48.22.095; and

(D) Comprehensive and collision coverage with a maximum deductible of five hundred dollars.

(ii) The primary automobile insurance policy required under this subsection must provide the following coverages, applicable during the period of a prearranged ride:

(A) Combined single limit liability coverage in the amount of one million dollars for death, personal injury, and property damage;

(B) Uninsured motorist coverage and underinsured motorist coverage in the amount of one million dollars;

(C) Personal injury protection coverage pursuant to RCW 48.22.095; and

(D) Comprehensive and collision coverage with a maximum deductible of five hundred dollars.

(2)(a) As an alternative to the provisions of subsection (1) of this section, if the office of the insurance commissioner approves the offering of an insurance policy that recognizes that a person is acting as a provider of commercial transportation services and using a personal vehicle to provide commercial transportation services, a driver may secure a primary automobile insurance policy covering a personal vehicle and providing the same coverage as required in subsection (1) of this section. The policy coverage may be in the form of a rider to, or endorsement of, the driver's private passenger automobile insurance policy only if approved as such by the office of the insurance commissioner.

(b) If the primary automobile insurance policy maintained by a driver to meet the obligation of this section does not provide coverage for any reason, including that the policy lapsed or did not

exist, the commercial transportation services provider must provide the coverage required under this section beginning with the first dollar of a claim.

(c) The primary automobile insurance policy required under this subsection and subsection (1) of this section may be secured by any of the following:

(i) The commercial transportation services provider as provided in subsection (1) of this section;

(ii) The driver as provided under (a) of this subsection; or

(iii) A combination of both the commercial transportation services provider and the driver.

(3) The insurer or insurers providing coverage under subsections (1) and (2) of this section are the only insurers having the duty to defend any liability claim from an accident occurring while commercial transportation services are being provided.

(4) If a driver purchases a primary automobile insurance policy as allowed under subsection (2) of this section, the commercial transportation services provider must verify that the driver has done so.

(5) A primary automobile insurance policy required under subsection (1) or (2) of this section may be placed with an insurer licensed under this title to provide insurance in the state of Washington or as an eligible surplus line insurance policy as described in RCW 48.15.040.

(6) The insurance coverage requirements described in subsections (1) and (2) of this section do not apply to drivers and entities that have coverage pursuant to chapter 46.72 or 46.72A RCW.

(7) This section does not require a private passenger automobile insurance policy to provide primary or excess coverage or a duty to defend for the period of time in which a driver is logged in to a commercial transportation services provider's digital network or software application or while a passenger is in the vehicle.

(8)(a) A commercial transportation services provider must make the following disclosures to a prospective driver in the prospective driver's terms of service:

WHILE OPERATING ON THE COMMERCIAL TRANSPORTATION SERVICES PROVIDER'S DIGITAL NETWORK OR SOFTWARE APPLICATION, YOUR PRIVATE PASSENGER AUTOMOBILE INSURANCE POLICY MIGHT NOT AFFORD LIABILITY, UNDERINSURED MOTORIST, PERSONAL INJURY PROTECTION, COMPREHENSIVE, OR COLLISION COVERAGE, DEPENDING ON THE TERMS OF THE POLICY.

IF THE VEHICLE THAT YOU PLAN TO USE TO PROVIDE COMMERCIAL TRANSPORTATION SERVICES HAS A LIEN AGAINST IT, YOU MUST NOTIFY THE LIENHOLDER THAT YOU WILL BE USING THE VEHICLE FOR COMMERCIAL TRANSPORTATION SERVICES THAT MAY VIOLATE THE TERMS OF YOUR CONTRACT WITH THE LIENHOLDER.

(b) The prospective driver must acknowledge the terms of service electronically or by signature.

(9) If more than one insurance policy provides valid and collectible coverage for a loss arising out of an occurrence involving a motor vehicle operated by a driver, the responsibility for the claim must be divided as follows:

(a) Except as provided otherwise under subsection (2)(c) of this section, if the driver has been matched with a passenger and is traveling to pick up the passenger, or the driver is providing services to a passenger, the commercial transportation services provider that matched the driver and passenger must provide insurance coverage; or

(b) If the driver is logged in to more than one commercial transportation services provider's digital network or software application but has not been matched with a passenger, the liability

must be divided equally among all of the applicable insurance policies that specifically provide coverage for commercial transportation services.

(10) In an accident or claims coverage investigation, a commercial transportation services provider or its insurer must cooperate with a private passenger automobile insurance policy insurer and other insurers that are involved in the claims coverage investigation to facilitate the exchange of information, including the provision of (a) dates and times at which an accident occurred that involved a participating driver and (b) within ten business days after receiving a request, a copy of the company's electronic record showing the precise times that the participating driver logged on and off the commercial transportation services provider's digital network or software application on the day the accident or other loss occurred. The commercial transportation services provider or its insurer must retain all data, communications, or documents related to insurance coverage or accident details for a period of not less than the applicable statutes of limitation, plus two years from the date of an accident to which those records pertain.

(11) This section does not modify or abrogate any otherwise applicable insurance requirement set forth in this title.

(12) After July 1, 2016, an insurance company regulated under this title may not deny an otherwise covered claim arising exclusively out of the personal use of the private passenger automobile solely on the basis that the insured, at other times, used the private passenger automobile covered by the policy to provide commercial transportation services.

Sec. 1006. RCW 51.12.020 and 2013 c 141 s 3 are each amended to read as follows:

The following are the only employments which shall not be included within the mandatory coverage of this title:

MAJORITY recommendation: Do pass as amended.

FORMATTING CHANGED TO ACCOMMODATE TEXT

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1015. (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2017, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2016" or "FY 2016" means the period beginning July 1, 2015, and ending June 30, 2016.

(b) "Fiscal year 2017" or "FY 2017" means the period beginning July 1, 2016, and ending June 30, 2017.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2017-2019 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2015, from the 2013-2015 biennial appropriations for each project.

NEW SECTION. Sec. 3201. FOR THE DEPARTMENT OF NATURAL RESOURCES

Trust Land Transfer (30000200)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely to the department to transfer from trust status, or enter into fifty year leases for, certain trust lands of statewide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, DNR community forest open space, or recreation purposes. The approved list of properties for lease or transfer is identified in the LEAP capital document No. 2015-4, developed March 27, 2015.

(2) Property transferred under this section must be appraised and transferred at fair market value. By September 30, 2015, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(3) Property subject to lease agreements under this section must be appraised at fair market value. Lease terms must be fifty years with options to renew for an additional fifty years. Lease payments must be lump sum payments for the entire term of the lease at the beginning of the lease. The department shall calculate such lump sum payments using professional appraisal standards. These lease payments may not exceed the fee simple purchase price based on current fair market value and must be deposited by the department to the common school construction account in the same manner as lease revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. No later than September 30, 2015, the department must transfer to the common school construction account the portion of the appropriation in this section that is attributable to receipts from lease payments.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs and may not exceed one and nine-tenths percent of the appropriation.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. Lease agreements for properties identified in subsection (1) of this section must include terms that restrict use of the property to the intended purpose for the term of the lease. Transfer and lease agreements may include provisions for

receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(8) \$26,422,000 of the appropriation must be deposited in the common school construction account by September 30, 2015. The department shall execute trust land transfers so that after the deduction of reasonable costs as provided in subsection (4) of this section on an aggregate basis eighty percent or more of the total appropriation value is timber value or lease payments and is deposited in the common school construction account. To achieve the eighty percent requirement, the department may choose to lease properties originally intended as transfers or transfer properties originally intended as leases.

(9) By June 30, 2017, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

Inventory and Condition of Schools Data Collection (91000033)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for the Washington State University extension energy office to complete collection, input, and verification of data of public school facilities in the inventory and condition of schools system administered and maintained by the superintendent of public instruction.

(2) The legislature intends to complete the data collection, input, and verification of the inventory and condition of public school facilities in order to make informed decisions about K-12 school facility and capacity needs to fulfill current educational graduation requirements and class-size ratios. These decisions are best made when based on accurate data collected in a thorough and consistent manner by professionals experienced in making such inventory and condition assessments for public institutions.

(3) The Washington State University extension energy office shall conduct on-site visits to assess inventory and condition of all facilities for school districts that have no current study and survey as defined in RCW 28A.525.050 on file with the superintendent of public instruction as of July 1, 2015, or no pending study and survey to be filed with the superintendent through an outstanding study and survey grant award. (4) The Washington State University extension energy office shall input into the inventory and condition of schools system applicable data of inventory and condition of school facilities from all current studies and surveys on file with the superintendent of public instruction as of July 1, 2015. The data must be input into the system in a manner that captures older information and data first. As studies and surveys from outstanding grant awards are filed with the superintendent, the Washington State University extension energy office shall input data into the system once current study and survey data has been input. Activities conducted pursuant to this subsection must occur concurrently with activities in subsection (3) of this section.

(5) The Washington State University extension energy office shall conduct on-site verification of data for school districts whose current studies and surveys on file with the superintendent will expire by June 30, 2017. Data verification must be conducted to evaluate the study and survey process as a tool to collect accurate inventory and condition of schools data upon which policymakers can make informed decisions regarding school facility and capacity needs. Activities conducted pursuant to this subsection must occur concurrently with activities in subsection (3) of this section and once sufficient data has been input into the system per subsection (4) of this section to conduct on-site visits to verification.

(6) As a general condition of appropriations provided to the superintendent of public instruction in this act, the superintendent of public instruction and each state school district shall provide requested facilities information and access to facilities in a timely manner to enable the Washington State University extension energy office to complete the tasks, oversight, and reporting requirements assigned in this section.

FOR THE DEPARTMENT OF COMMERCE

Clean Energy and Energy Freedom Program (91000582)

The appropriations in this section are subject to the following conditions and limitations:

(1) All expenditures from the state taxable building construction account—state appropriation in this section must be used for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions or otherwise increase energy independence for the state. All expenditures must be used for projects that develop and acquire assets that have a useful life of at least thirteen years. These requirements must be specified in funding agreements issued by the department.

(2) For any project funded from the state taxable building construction account—state appropriation in this section, state funds must not exceed fifty percent of the estimated cost of a project, and funding preference must be provided to projects that offer a higher percentage of nonstate match funds.

(3)(a) \$15,000,000 of the state taxable building construction account—state appropriation in this section is provided solely to create a revolving loan fund to support the widespread use of proven building energy efficiency and renewable energy technologies now inhibited by lack of access to capital.

(b) To create the loan fund, the department shall provide grant funds to a competitively selected nonprofit lender that will provide matching private capital and will administer the loan fund. The department must select the loan fund administrator through a competitive process, with scoring conducted by a group of qualified experts, applying criteria specified by the department.

(c) The department must establish guidelines for the lender related to applicant eligibility, the screening process, and evaluation and selection criteria. The criteria must include requiring evidence of support for the proposed project from the impacted community and consistency with economic growth strategies and plans of the affected local governments. Applications for loans from the revolving fund must disclose all sources of public funding to be provided for a project. The nonprofit lender must use the revolving loan fund to make affordable loans for projects including, but not limited to: Residential and commercial energy retrofits, residential and community-scale solar installations, anaerobic digesters to treat dairy and organic waste, and combined heat and power projects using woody biomass as a fuel source.

(d) The department must conduct due diligence activities associated with the use of public funds, including oversight of the project selection process and project monitoring.

(e) Projects seeking financing of solar installations under this section must agree in contract to not participate in the cost-recovery program under RCW 82.16.120.

(4) \$15,000,000 of the state taxable building construction account—state appropriation in this section is provided solely for grants to advance renewable energy technologies by public and private electrical utilities that serve retail customers in the state. The department shall work with utilities to offer matching grants for projects that demonstrate new smart grid technologies. The department shall develop a grant application process to competitively select projects for grant awards, to include scoring conducted by a group of qualified experts with application of criteria specified by the department. Applications for grants must disclose all sources of public funding to be provided for a project. The grant funds must be used to fund projects that demonstrate how to: Integrate intermittent renewables through energy storage and information technology, dispatch energy storage resources from utility control rooms, use the thermal properties and electric load of commercial buildings and district energy systems to store energy, or otherwise improve the reliability and reduce the costs of intermittent or distributed renewable energy.

(5) \$6,000,000 of the state taxable building construction account—state appropriation in this section is provided solely for grants to match federal funds used to develop and demonstrate clean energy technologies. The department shall work with the University of Washington, Washington State University, and the Pacific Northwest National Laboratory to offer matching funds for projects including, but not limited to: Advancing energy storage and solar technologies, and federal manufacturing innovation centers related to use of light-weight carbon fiber components to advance energy efficiency in the aeronautical, automotive, and marine sectors.

(6) The department must report on number and results of projects funded through the clean energy fund, including the number of job hours created and the number of jobs maintained and created, to the governor and the legislature, by November 1, 2014.

(7) The energy recovery act account—federal appropriation in this section is provided solely for loans, loan guarantees, and grants that encourage the establishment of innovative and sustainable industries for renewable energy and energy efficiency technology, consistent with provisions of RCW 43.325.040 (energy freedom account).

NEW SECTION. Sec. 7003. (1) The legislature finds that use of life-cycle cost analysis will aid public entities, architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost efficient design is used, agencies shall develop life-cycle costs for any construction project over \$10,000,000. The life-cycle costs must represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life-cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies shall develop a minimum of three project alternatives for use in the life-cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative must be the most reasonable and cost-effective solution. A brief description of each project alternative and why it was chosen must be included in the life-cycle cost analysis section of the predesign.

(3) The office of financial management shall: (a) Make available a life-cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life-cycle cost model; and (c) update the life-cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life-cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

NEW SECTION. Sec. 7004. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of \$10,000,000 may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign. The predesign document must include, but not be limited to, program, site, and cost analysis, including life-cycle cost, in accordance with the predesign manual adopted by the office of financial management. The results of life-cycle cost analysis must be a primary consideration in the selection of a building design. Construction may proceed only upon providing to the office of financial management the life-cycle costs. To improve monitoring of major construction projects, progress reports must be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports must be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. Sec. 7005. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. Sec. 7006. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 7007. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. Sec. 7008. (1) Any building project that receives funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building attributes, including energy efficiency, durability, life-cycle performance, and occupant productivity. The following design and construction attributes must be integrated into the building project:

(a) **Employ integrated design principles:** Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorporation of these goals throughout the design and life-cycle of the building. Considers all stages of the building's life-cycle, including deconstruction.

(b) **Commissioning:** Employ commissioning practices tailored to the size and complexity of the building and its system components in order to verify performance of building components and systems and help ensure that design requirements are met. This should include an experienced commissioning provider, inclusion of commissioning requirements in construction documents, a commissioning plan, verification of the installation and performance of systems to be commissioned, and a commissioning report.

(c) **Optimize energy performance:** Establish a whole building performance target that takes into account the intended use, occupancy, operations, plug loads, other energy demands, and design to earn the ENERGY STAR targets for new construction and major renovation where applicable. For new construction target low energy use index. For major renovations, reduce the energy use by fifty percent below pre-renovations baseline.

(d) **On-site renewable energy:** Meet at least thirty percent of the hot water demand through the installation of solar hot water heaters, when life-cycle cost effective. Implement renewable energy generation projects on agency property for agency use, when life-cycle cost effective.

(e) Measurement and verification: Install building level electricity meters in new major construction and renovation projects to track and continuously optimize performance. Include equivalent meters for natural gas and steam, where natural gas and steam are used. Install dashboards inside buildings to display and incentivize occupants on energy use.

(f) Benchmarking: Compare actual performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For other building and space types, use an equivalent benchmarking tool for laboratory buildings. Web-based data collection and dashboards must also be provided.

NEW SECTION. Sec. 7009. State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. Sec. 7010. Executive Order No. 05-05, archaeological and cultural resources, was issued effective November 10, 2005. Agencies and higher education institutions shall comply with the requirements set forth in this executive order.

NEW SECTION. Sec. 7011. PUGET SOUND PROTECTION AND RESTORATION. Consistent with RCW 90.71.340, when expending appropriations under this act that contribute to Puget Sound protection and recovery, agencies shall consult with the Puget Sound partnership to ensure that projects and expenditures are either in, or consistent with the 2020 action agenda. These consultations shall include the exchange of information on specific actions, projects, associated funding, performance measures, and other information necessary to track project implementation and ensure alignment with the action agenda. In situations where the Puget Sound partnership finds that a project is not in, or is not consistent with the action agenda, Puget Sound partnership shall document this finding and report back to the governor and legislative fiscal committees.

NEW SECTION. Sec. 7012. FOR THE ARTS COMMISSION—ART WORK ALLOWANCE. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding \$200,000 by colleges or universities is provided solely for the purposes of RCW 28B.10.027.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency identified in RCW 43.17.020 is provided solely for the purposes of RCW 43.17.200.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2015-2017 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. Art allocations not expended within the ensuing two biennia will lapse. The commission may use up to \$100,000 of this amount to conserve or maintain existing pieces in the state art collection pursuant to RCW 28A.335.210.

(5) The executive director of the arts commission shall appoint a study group to review the operations of the one-half of one percent for works of art purchased or commissioned as required by RCW 28A.335.210, 28B.10.027, and 43.17.200. The findings of the review must be reported annually to the office of financial management and the fiscal committees of the legislature by August 15th. The review must include, but is not limited to, the following: (a) Projects purchased or commissioned per biennium; (b) partner agencies; (c) funding sources by fiscal year; (d) artwork costs; (e) administrative costs; (f) collection care costs; and (g) project status.

NEW SECTION. Sec. 7013. It is confirmed that the director of the department of enterprise services is authorized under chapter 35A.14 RCW to petition for annexation of the former northern state hospital property to the city of Sedro-Woolley upon the director's determination that such annexation is appropriate and in furtherance of the interests of the state. The director shall consult with the office of financial management prior to making such determination.

Sec. 7014. RCW 27.34.330 and 2006 c 371 s 232 are each amended to read as follows:

The Washington state historical society shall establish a competitive process to solicit proposals for and prioritize heritage capital projects for potential funding in the state capital budget. The society shall adopt rules governing project eligibility and evaluation criteria. Application for funding of specific projects may be made to the society by local governments, public development authorities, nonprofit corporations, tribal governments, and other entities, as determined by the society. The society, with the advice of leaders in the heritage field, including but not limited to representatives from the office of the secretary of state, the eastern Washington state historical society, and the department of archaeology and historic preservation, shall establish and submit a prioritized list of heritage capital projects to the governor and the legislature in the society's biennial capital budget request. The list shall include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. The total amount of recommended state funding for projects on a biennial project list shall not exceed ten million dollars. The prioritized list shall be developed through open and public meetings and the amount of state funding shall not exceed thirty-three ~~and thirty-three one hundredths~~ percent of the total cost of the project. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions. The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects. In contracts for grants authorized under this section, the society shall include provisions requiring that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

NEW SECTION. Sec. 7015. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 7016. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 7017. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

Sec. 7018. RCW 28A.525.166 and 2013 2nd sp.s. c 18 s 514 are each amended to read as follows:

Allocations to school districts of state funds provided by RCW 28A.525.162 through 28A.525.180 shall be made by the superintendent of public instruction and the amount of state funding assistance to a school district in financing a school plant project shall be determined in the following manner:

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: PROVIDED, That the total cost of the project shall be subject to review and approval by the superintendent.

(2) The state funding assistance percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil).

$$\begin{array}{r} \text{Computed} \\ \text{State} \\ \text{Ratio} \end{array} = \frac{\begin{array}{l} \text{District adjusted} \\ \text{3-valuation} \\ \text{per pupil} \end{array}}{\begin{array}{l} \text{Total state} \\ \text{adjusted valuation} \\ \text{per pupil} \end{array}} \div \frac{\begin{array}{l} \text{District adjusted} \\ \text{3+valuation} \\ \text{per pupil} \end{array}}{\begin{array}{l} \text{Total state} \\ \text{adjusted valuation} \\ \text{per pupil} \end{array}} = \text{\% Funding} \\ \text{Assistance}$$

PROVIDED, That in the event the state funding assistance percentage to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state funding assistance under RCW 28A.525.162 through 28A.525.180, the superintendent may establish for such district a state funding assistance percentage not in excess of twenty percent of the approved cost of the project, if the superintendent finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed state funding assistance percentage developed in subsection (2) of this section, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed state funding assistance percentage for each percent of growth, with a maximum of twenty percent.

(4) In computing the state funding assistance percentage in subsection (2) of this section and adjusting the percentage under subsection (3) of this section, students residing outside the school district who are enrolled in alternative learning experience courses under RCW 28A.232.010 shall be excluded from the count of total pupils. In lieu of the exclusion in this subsection, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience courses. The alternative calculation must show the student headcount use of district classroom facilities on a regular basis for a reasonable duration by out-of-district alternative learning experience students subtracted by the headcount of in-district alternative learning experience students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The approved cost of the project determined in the manner prescribed in this section multiplied by the state funding assistance percentage derived as provided for in this section shall be the amount of state funding assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the superintendent: PROVIDED, FURTHER, That additional state funding assistance may be allowed if it is found by the superintendent, considering policy recommendations from the school facilities citizen advisory panel that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden resulting from projects of statewide significance or imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state funding assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state funding assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d), and (e) of this subsection, creating a like emergency.

(6) For the 2015-2017 biennium, schools determined to have a lack of sufficient space to provide all-day kindergarten, reduce class sizes, or provide science classrooms or labs to meet the requirements of law, have a special housing burden condition similar to those defined under subsection (5)(b) of this section, creating a like emergency. For the 2015-2017 biennium, school districts are entitled to additional percentage points for school construction projects that have a special housing burden condition only. The additional percentage points are determined by (a) student enrollments in the free and reduced price meals program, and (b) donations of cash, like-kind, or equipment from private sources. The additional percentage points under (a) of this subsection are twenty percent of the percent of student enrollments eligible and enrolled in the free and reduced price meals program. The additional percentage points under (b) of this subsection are determined by enrollments of the school district and the value of the private donation as follows:

<u>District Enrollments</u>	<u>\$250K-\$499K</u>	<u>Value of Donation</u> <u>\$500K-\$1M</u>	<u>>\$1M</u>
<u>Less than 2,000</u>	<u>10</u>	<u>15</u>	<u>20</u>
<u>2,000-4,000</u>	<u>5</u>	<u>10</u>	<u>15</u>
<u>More than 4,000</u>	<u>0</u>	<u>5</u>	<u>10</u>

- (G) Avoidance of additional costs to state and local governments that adversely impact local residents and small businesses; and
- (H) Reduction of the overall cost of public infrastructure; and
- (xi) Other criteria that the board considers necessary to achieve the purposes of this chapter.

(b) Before November 1, ~~((2014))~~ 2016, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a ranked list of qualified public works projects which have been evaluated by the board and are recommended for funding by the legislature. The maximum amount of funding that the board may recommend for any jurisdiction is ten million dollars per biennium. For each project on the ranked list, as well as for eligible projects not recommended for funding, the board must document the numerical ranking that was assigned.

(6) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(7) Before November 1st of each even-numbered year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection (10) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list must include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list must also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(8) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature may not change the order of the priorities recommended for funding by the board.

(9) Subsection (8) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection (10) of this section.

(10) Loans made for the purpose of capital facilities plans are exempted from subsection (8) of this section.

(11) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

(12) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(13) During the ~~((2013-2015))~~ 2015-2017 fiscal biennium, for projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan.

~~(14)(a) ((For public works assistance account application rounds conducted during the 2013-2015 fiscal biennium, the board must implement policies and procedures designed to maximize local government use of federally funded drinking water and clean water state revolving funds operated by the state departments of health and ecology. The board, department of ecology, and department of health must jointly develop evaluation criteria and application procedures that will increase access of eligible drinking water and wastewater projects to the public works assistance account for short term preconstruction financing and to the federally funded state revolving funds for construction financing. The procedures must also strengthen coordinated funding of preconstruction and construction projects-)) For public works assistance account application rounds conducted during the 2015-2017 fiscal biennium, the board must implement policies and procedures designed to maximize local government use of federal funds to finance local infrastructure including, but not limited to, drinking water and clean water state revolving funds operated by the state departments of health and ecology.~~

(b) For all construction loan projects proposed to the legislature for funding during the ~~((2013-2015))~~ 2015-2017 fiscal biennium, the board must base interest rates on the average daily market interest rate for tax-exempt municipal bonds as published in the bond buyer's index for the period from sixty to thirty days before the start of the application cycle. For projects with a repayment period between five and twenty years, the rate must be sixty percent of the market rate. For projects with a repayment period under five years, the rate must be thirty percent of the market rate. The board must also provide reduced interest rates, extended repayment periods, or forgivable principal loans for projects that meet financial hardship criteria as measured by the affordability index or similar standard measure of financial hardship.

~~((c) By December 1, 2013, the board must recommend to the appropriate committees of the legislature statutory language to make permanent these new criteria, procedures, and financing policies.))~~

Disbursements from the revolving account shall be on authorization of the board. In order to maintain an effective expenditure and revenue control, the public facilities construction loan revolving account shall be subject in all respects to chapter 43.88 RCW. ~~((During the 2009-2011 biennium, sums in the public facilities construction loan revolving account may be used for community economic revitalization board export assistance grants and loans in section 1018, chapter 36, Laws of 2010 1st sp. sess. and for matching funds for the federal energy regional innovation cluster in section 1017, chapter 36, Laws of 2010 1st sp. sess.))~~ During the 2015-2017 biennium, sums in the public facilities construction loan revolving account may be used to continue and enhance the animal disease traceability project in section 3247, chapter 19, Laws of 2013 2nd sp. sess., administered by the department

(x) For the 2013-2015 fiscal biennium, moneys in the state toxics control account may be transferred to the radioactive mixed waste account.

(4)(a) The department shall use moneys deposited in the local toxics control account for grants or loans to local governments for the following purposes in descending order of priority:

(i) Extended grant agreements entered into under (~~(e)(i)~~) (e)(i) of this subsection;

(ii) Remedial actions, including planning for adaptive reuse of properties as provided for under (~~(e)(iv)~~) (e)(iv) of this subsection. The department must prioritize funding of remedial actions at:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;

(B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;

(iii) Storm water pollution source projects that: (A) Work in conjunction with a remedial action; (B) protect completed remedial actions against recontamination; or (C) prevent hazardous clean-up sites;

(iv) Hazardous waste plans and programs under chapter 70.105 RCW;

(vii) Appropriations to the state toxics control account or the environmental legacy stewardship account created in RCW 70.105D.170, if the legislature determines that priorities for spending exceed available funds in those accounts.

(b) Funds for plans and programs must be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW.

(c) During the 2013-2015 fiscal biennium, the local toxics control account may also be used for local government storm water planning and implementation activities.

(d) During the 2013-2015 fiscal biennium, the legislature may transfer from the local toxics control account to the state general fund, such amounts as reflect the excess fund balance in the account.

(e) To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(v) Provide grants to local governments for remedial actions related to area-wide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under ~~((e)-(f))~~ (e)(iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

~~((d)-(f))~~ (f) To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance. For the 2013-2015 fiscal biennium, moneys in the local toxics control account may be spent on projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of 2013 2nd sp. sess.

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics control account may be used for: Natural disasters where there is no hazardous substance contamination; high performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the hazardous substance tax imposed in chapter 82.21 RCW.

(7) Except during the 2011-2013 fiscal biennium, one percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited

procedures in RCW 34.05.353. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. effects [affects] the ability of a potentially liable person to receive public funding.

(10) During the ~~((2013-2015))~~ 2015-2017 fiscal biennium the local toxics control account may also be used for the centennial clean water program ~~((and for storm water grants))~~ and for the storm water financial assistance program administered by the department of ecology.

NEW SECTION. Sec. 7035. (1) Funds appropriated in this act for minor works may not be allotted until final project lists are submitted to the office of financial management. Revisions to the project lists are allowed for projects not anticipated at the time of budget development but must be submitted to the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee for review and comment and must include an explanation of variances from the prior lists before funds may be expended on the revisions. Any project list revisions must be approved by the office of financial management before funds may be expended from the minor works appropriation.

(2)(a) Minor works project lists are single line appropriations that include multiple projects of a similar nature and that are valued between \$25,000 and \$1,000,000 each, with the exception of higher education minor works projects that may be valued up to \$2,000,000. All projects must meet the criteria included in this subsection (2)(a). These projects should be completed within two years of the appropriation with the funding provided. Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed \$1,000,000, or \$2,000,000 for higher education minor works projects. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the minor works categories.

(b) Minor works appropriations may not be used for the following: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; rolling stock; computers; or to supplement funding for projects with funding shortfalls unless expressly authorized. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(c) Minor works preservation projects may include program improvements of no more than twenty-five percent of the individual minor works preservation project cost.

NEW SECTION. Sec. 7037. To the extent that any appropriation authorizes expenditures of state funds from the state building construction account, or from any other capital project account in the state treasury, for a capital project or program that is specified to be funded with proceeds from the sale of bonds, the legislature declares that any such expenditures for that project or program made prior to the issue date of the applicable bonds are intended to be reimbursed from proceeds of those bonds in a maximum amount equal to the amount of such appropriation.

NEW SECTION. Sec. 7038. The office of financial management, in accordance with RCW 28B.77.070 and 43.88D.010, shall include the following in the scoring process:

(1) The office of financial management shall develop a single prioritized list that includes all projects requesting funding, with the exception of minor works and predesign requests. Predesigns must be on a separate prioritized list.

(2) The office of financial management shall weight the reasonableness of cost criteria based on the following criteria in the following order: (a) Expected maximum allowable construction costs per square foot; and (b) life-cycle cost analysis using the office of financial management's life-cycle cost tool.

(3) Prior legislative commitment to the project funding of predesign or design must be included in the scoring criteria.

(4) Projects must be scored only once unless the office of financial management, or the requesting school, find that the project scope or budget has significantly changed.

Sec. 7039. RCW 43.131.413 and 2010 c 245 s 12 are each amended to read as follows:

The alternative process for awarding contracts established in RCW 28B.20.744 terminates June 30, ~~((2015))~~ 2017, as provided in RCW 43.131.414.

NEW SECTION. Sec. 7041. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Correct the title.

Beginning on page 1, line 3 of the amendment, strike all material through "immediately." on page 249, line 25, and insert the following:

NEW SECTION. Sec. 7042. (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2017, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2016" or "FY 2016" means the period beginning July 1, 2015, and ending June 30, 2016.

(b) "Fiscal year 2017" or "FY 2017" means the period beginning July 1, 2016, and ending June 30, 2017.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2017-2019 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2015, from the 2013-2015 biennial appropriations for each project.

Energy Efficiency and Solar Grants (30000835)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) \$5,630,000 for fiscal year 2016 and \$5,630,000 for fiscal year 2017 is provided solely for grants to be awarded in competitive rounds to local agencies, public higher education institutions, and state agencies for operational cost savings improvements to facilities and related projects that result in energy and operational cost savings.

(b) At least ten percent of each competitive grant round must be awarded to small cities or towns with a population of five thousand or fewer residents.

(c) In each competitive round, the higher the leverage ratio of nonstate funding sources to state grant and the higher the energy savings, the higher the project ranking.

(2) \$3,750,000 is provided solely for grants to be awarded in competitive rounds to local agencies, public higher education institutions, and state agencies for projects that involve the purchase and installation of solar energy systems, including solar modules and inverters, with a preference for Washington-manufactured products.

(3) \$1,650,000 is provided solely for energy efficiency improvements to minor works and stand-alone projects at state-owned facilities that repair or replace existing building systems including but not limited to HVAC, lighting, insulation, windows, and other mechanical systems. Eligibility for this funding is dependent on an analysis using the office of financial management's life cycle cost tool that compares project design alternatives for initial and long-term cost-effectiveness. Assuming a reasonable return on investment, the cost to improve the project's energy efficiency compared to the original project request will be added to the project appropriation after construction bids are received. The department of commerce shall coordinate with the office of financial management to develop a process for project submittal, review, approval criteria, tracking project budget adjustments, and performance measures.

(4) \$225,000 is provided solely for resource conservation managers in the department of enterprise services to coordinate with state agencies to assess and adjust existing building systems and operations to optimize the efficiency in use of energy and other resources in state-owned facilities. The department of commerce will oversee an interagency agreement with the department of enterprise services to fund the resource conservation managers.

NEW SECTION. Sec. 3201. FOR THE DEPARTMENT OF NATURAL RESOURCES

Trust Land Transfer (30000200)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely to the department to transfer from trust status, or enter into fifty year leases for, certain trust lands of statewide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, DNR community forest open space, or recreation purposes. The approved list of properties for lease or transfer is identified in the LEAP capital document No. 2015-4, developed March 27, 2015.

(2) Property transferred under this section must be appraised and transferred at fair market value. By September 30, 2015, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(3) Property subject to lease agreements under this section must be appraised at fair market value. Lease terms must be fifty years with options to renew for an additional fifty years. Lease payments must be lump sum payments for the entire term of the lease at the beginning of the lease. The department shall calculate such lump sum payments using professional appraisal standards. These lease payments may not exceed the fee simple purchase price based on current fair market value and must be deposited by the department to the common school construction account in the same manner as lease revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. No later than September 30, 2015, the department must transfer to the common school construction account the portion of the appropriation in this section that is attributable to receipts from lease payments.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs and may not exceed one and nine-tenths percent of the appropriation.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. Lease agreements for properties identified in subsection (1) of this section must include terms that restrict use of the property to the intended purpose for the term of the lease. Transfer and lease agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(8) \$26,422,000 of the appropriation must be deposited in the common school construction account by September 30, 2015. The department shall execute trust land transfers so that after the deduction of reasonable costs as provided in subsection (4) of this section on an aggregate basis eighty percent or more of the total appropriation value is timber value or lease payments and is deposited in the common school construction account. To achieve the eighty percent requirement, the department may choose to lease properties originally intended as transfers or transfer properties originally intended as leases.

(9) By June 30, 2017, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for the Washington State University extension energy office to complete collection, input, and verification of data of public school facilities in the inventory and condition of schools system administered and maintained by the superintendent of public instruction.

(2) The legislature intends to complete the data collection, input, and verification of the inventory and condition of public school facilities in order to make informed decisions about K-12 school facility and capacity needs to fulfill current educational graduation requirements and class-size ratios. These decisions are best made when based on accurate data collected in a thorough and consistent manner by professionals experienced in making such inventory and condition assessments for public institutions.

(3) The Washington State University extension energy office shall conduct on-site visits to assess inventory and condition of all facilities for school districts that have no current study and survey as defined in RCW 28A.525.050 on file with the superintendent of public instruction

(1) All expenditures from the state taxable building construction account—state appropriation in this section must be used for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions or otherwise increase energy independence for the state. All expenditures must be used for projects that develop and acquire assets that have a useful life of at least thirteen years. These requirements must be specified in funding agreements issued by the department.

(2) For any project funded from the state taxable building construction account—state appropriation in this section, state funds must not exceed fifty percent of the estimated cost of a project, and funding preference must be provided to projects that offer a higher percentage of nonstate match funds.

(3)(a) \$15,000,000 of the state taxable building construction account—state appropriation in this section is provided solely to create a revolving loan fund to support the widespread use of proven building energy efficiency and renewable energy technologies now inhibited by lack of access to capital.

(b) To create the loan fund, the department shall provide grant funds to a competitively selected nonprofit lender that will provide matching private capital and will administer the loan fund. The department must select the loan fund administrator through a competitive process, with scoring conducted by a group of qualified experts, applying criteria specified by the department.

Applications for grants must disclose all sources of public funding to be provided for a project. The grant funds must be used to fund projects that demonstrate how to: Integrate intermittent renewables through energy storage and information technology, dispatch energy storage resources from utility control rooms, use the thermal properties and electric load of commercial buildings and district energy systems to store energy, or otherwise improve the reliability and reduce the costs of intermittent or distributed renewable energy.

(5) \$6,000,000 of the state taxable building construction account—state appropriation in this section is provided solely for grants to match federal funds used to develop and demonstrate clean energy technologies. The department shall work with the University of Washington, Washington State University, and the Pacific Northwest National Laboratory to offer matching funds for projects including, but not limited to: Advancing energy storage and solar technologies, and federal manufacturing innovation centers related to use of light-weight carbon fiber components to advance energy efficiency in the aeronautical, automotive, and marine sectors.

FOR THE DEPARTMENT OF COMMERCE

Projects That Strengthen Communities and Quality of Life (92000230)

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as directed otherwise prior to the effective date of this section, the department shall not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended, or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is released for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations whose sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

(5) Projects funded in this section must be held by the recipient for a minimum of ten years and used for the same purpose or purposes intended by the legislature as required in RCW 43.63A.125(6).

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) \$1,500,000 of the appropriation in this section from the state building construction account—state is provided solely for design development to align ongoing planning for the replacement of the Seattle multimodal terminal at Colman dock with the creation of a public park. The scope of work must provide a design plan that includes an elevated park and corresponding amenities above the terminal. Design development shall be delivered through the city of Seattle. The scope of this project does not preclude any current plans for Colman dock to replace or seismically upgrade the facility, nor does it reduce the amount of general and commercial traffic, high occupancy vehicles, transit, bicyclist and pedestrian movement.

(8) \$500,000 of the appropriation from the environmental legacy stewardship account—state is provided solely for an investigation of possible contaminated soils around the Colman dock.

(9) The appropriation is provided solely for the following list of projects:

NEW SECTION. Sec. 7003. (1) The legislature finds that use of life-cycle cost analysis will aid public entities, architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost efficient design is used, agencies shall develop life-cycle costs for any construction project over \$10,000,000. The life-cycle costs must represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life-cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies shall develop a minimum of three project alternatives for use in the life-cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative must be the most reasonable and cost-effective solution. A brief description of each project alternative and why it was chosen must be included in the life-cycle cost analysis section of the predesign.

(3) The office of financial management shall: (a) Make available a life-cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life-cycle cost model; and (c) update the life-cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life-cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

NEW SECTION. Sec. 7004. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of \$10,000,000 may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign. The predesign document must include, but not be limited to, program, site, and cost analysis, including life-cycle cost, in accordance with the predesign manual adopted by the office of financial management. The results of life-cycle cost analysis must be a primary consideration in the selection of a building design. Construction may proceed only upon providing to the office of financial management the life-cycle costs. To improve monitoring of major construction projects, progress reports must be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports must be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. Sec. 7005. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. Sec. 7006. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the

appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 7007. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. Sec. 7008. (1) Any building project that receives funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building attributes, including energy efficiency, durability, life-cycle performance, and occupant productivity. The following design and construction attributes must be integrated into the building project:

(a) **Employ integrated design principles:** Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorporation of these goals throughout the design and life-cycle of the building. Considers all stages of the building's life-cycle, including deconstruction.

(b) **Commissioning:** Employ commissioning practices tailored to the size and complexity of the building and its system components in order to verify performance of building components and systems and help ensure that design requirements are met. This should include an experienced commissioning provider, inclusion of commissioning requirements in construction documents, a commissioning plan, verification of the installation and performance of systems to be commissioned, and a commissioning report.

(c) **Optimize energy performance:** Establish a whole building performance target that takes into account the intended use, occupancy, operations, plug loads, other energy demands, and design to earn the ENERGY STAR targets for new construction and major renovation where applicable. For new construction target low energy use index. For major renovations, reduce the energy use by fifty percent below pre-renovations baseline.

(d) **On-site renewable energy:** Meet at least thirty percent of the hot water demand through the installation of solar hot water heaters, when life-cycle cost effective. Implement renewable energy generation projects on agency property for agency use, when life-cycle cost effective.

(e) **Measurement and verification:** Install building level electricity meters in new major construction and renovation projects to track and continuously optimize performance. Include equivalent meters for natural gas and steam, where natural gas and steam are used. Install dashboards inside buildings to display and incentivize occupants on energy use.

(f) **Benchmarking:** Compare actual performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For other building and space types, use an equivalent benchmarking tool for laboratory buildings. Web-based data collection and dashboards must also be provided.

NEW SECTION. Sec. 7009. State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. Sec. 7010. Executive Order No. 05-05, archaeological and cultural resources, was issued effective November 10, 2005. Agencies and higher education institutions shall comply with the requirements set forth in this executive order.

NEW SECTION. Sec. 7011. PUGET SOUND PROTECTION AND RESTORATION. Consistent with RCW 90.71.340, when expending appropriations under this act that contribute to Puget Sound protection and recovery, agencies shall consult with the Puget Sound partnership to ensure that projects and expenditures are either in, or consistent with the 2020 action agenda. These consultations shall include the exchange of information on specific actions, projects, associated funding, performance measures, and other information necessary to track project implementation and ensure alignment with the action agenda. In situations where the Puget Sound partnership finds that a project is not in, or is not consistent with the action agenda, Puget Sound partnership shall document this finding and report back to the governor and legislative fiscal committees.

NEW SECTION. Sec. 7012. FOR THE ARTS COMMISSION—ART WORK ALLOWANCE. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding \$200,000 by colleges or universities is provided solely for the purposes of RCW 28B.10.027.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency identified in RCW 43.17.020 is provided solely for the purposes of RCW 43.17.200.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2015-2017 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. Art allocations not expended within the ensuing two biennia will lapse. The commission may use up to \$100,000 of this amount to conserve or maintain existing pieces in the state art collection pursuant to RCW 28A.335.210.

(5) The executive director of the arts commission shall appoint a study group to review the operations of the one-half of one percent for works of art purchased or commissioned as required by RCW 28A.335.210, 28B.10.027, and 43.17.200. The findings of the review must be reported annually to the office of financial management and the fiscal committees of the legislature by August 15th. The review must include, but is not limited to, the following: (a) Projects purchased or commissioned per biennium; (b) partner agencies; (c) funding sources by fiscal year; (d) artwork costs; (e) administrative costs; (f) collection care costs; and (g) project status.

NEW SECTION. Sec. 7013. It is confirmed that the director of the department of enterprise services is authorized under chapter 35A.14 RCW to petition for annexation of the former northern state hospital property to the city of Sedro-Woolley upon the director's determination that such annexation is appropriate and in furtherance of the interests of the state. The director shall consult with the office of financial management prior to making such determination.

Sec. 7014. RCW 27.34.330 and 2006 c 371 s 232 are each amended to read as follows:

The Washington state historical society shall establish a competitive process to solicit proposals for and prioritize heritage capital projects for potential funding in the state capital budget. The society shall adopt rules governing project eligibility and evaluation criteria. Application for funding of specific projects may be made to the society by local governments, public development authorities, nonprofit corporations, tribal governments, and other entities, as determined by the society. The society, with the advice of leaders in the heritage field, including but not limited to representatives from the office of the secretary of state, the eastern Washington state historical society, and the department of archaeology and historic preservation, shall establish and submit a prioritized list of heritage capital projects to the governor and the legislature in the society's biennial capital budget request. The list shall include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. The total amount of recommended state funding for projects on a biennial project list shall not exceed ten million dollars. The prioritized list shall be developed through open and public meetings and the amount of state funding shall not exceed thirty-three ~~and thirty-three one hundredths~~ percent of the total cost of the project. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions. The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects. In contracts for grants authorized under this section, the society shall include provisions requiring that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

NEW SECTION. Sec. 7015. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 7016. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 7017. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

Sec. 7018. RCW 28A.525.166 and 2013 2nd sp.s. c 18 s 514 are each amended to read as follows:

Allocations to school districts of state funds provided by RCW 28A.525.162 through 28A.525.180 shall be made by the superintendent of public instruction and the amount of state funding assistance to a school district in financing a school plant project shall be determined in the following manner:

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: PROVIDED, That the total cost of the project shall be subject to review and approval by the superintendent.

(2) The state funding assistance percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil).

$$\begin{array}{r}
 \text{Computed} \\
 \text{State} \\
 \text{Ratio} = \frac{\text{District adjusted 3-valuation per pupil}}{\text{District adjusted 3+valuation per pupil}} \div \frac{\text{Total state adjusted valuation per pupil}}{\text{Total state adjusted valuation per pupil}} = \text{\% Funding Assistance}
 \end{array}$$

PROVIDED, That in the event the state funding assistance percentage to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state funding assistance under RCW 28A.525.162 through 28A.525.180, the

superintendent may establish for such district a state funding assistance percentage not in excess of twenty percent of the approved cost of the project, if the superintendent finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed state funding assistance percentage developed in subsection (2) of this section, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed state funding assistance percentage for each percent of growth, with a maximum of twenty percent.

(4) In computing the state funding assistance percentage in subsection (2) of this section and adjusting the percentage under subsection (3) of this section, students residing outside the school district who are enrolled in alternative learning experience courses under RCW 28A.232.010 shall be excluded from the count of total pupils. In lieu of the exclusion in this subsection, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience courses. The alternative calculation must show the student headcount use of district classroom facilities on a regular basis for a reasonable duration by out-of-district alternative learning experience students subtracted by the headcount of in-district alternative learning experience students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The approved cost of the project determined in the manner prescribed in this section multiplied by the state funding assistance percentage derived as provided for in this section shall be the amount of state funding assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the superintendent: PROVIDED, FURTHER, That additional state funding assistance may be allowed if it is found by the superintendent, considering policy recommendations from the school facilities citizen advisory panel that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden resulting from projects of statewide significance or imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state funding assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state funding assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d), and (e) of this subsection, creating a like emergency.

(6) For the 2015-2017 biennium, schools determined to have a lack of sufficient space to provide all-day kindergarten, reduce class sizes, or provide science classrooms or labs to meet the requirements of law, have a special housing burden condition similar to those defined under subsection (5)(b) of this section, creating a like emergency. For the 2015-2017 biennium, school districts are entitled to additional percentage points for school construction projects that have a special housing burden condition only. The additional percentage points are determined by (a) student enrollments in the free and reduced price meals program, and (b) donations of cash, like-kind, or equipment from private sources. The additional percentage points under (a) of this subsection are twenty percent of the percent of student enrollments eligible and enrolled in the free and reduced price meals program. The additional percentage points under (b) of this subsection are determined by enrollments of the school district and the value of the private donation as follows:

District Enrollments	\$250K-\$499K	Value of Donation \$500K-\$1M	>\$1M
	Less than 2,000	10	15
2,000-4,000	5	10	15
More than 4,000	0	5	10

Sec. 7019. RCW 28A.525.172 and 2006 c 263 s 314 are each amended to read as follows:

All applications by school districts for state assistance in providing school plant facilities shall be made to the superintendent of public instruction in conformity with rules adopted by the superintendent of public instruction, considering policy recommendations from the school facilities citizen advisory panel. Studies and surveys shall be conducted by the superintendent for the purpose of securing information relating to ~~((a)-(1))~~ (1) the kind and extent of the school plant facilities required and the urgency of need for such facilities in districts that seek state assistance, ~~((b)-(2))~~ (2) the ability of such districts to provide capital funds by local effort, ~~((c)-(3))~~ (3) the need for improvement of school administrative units and school attendance areas among or within such districts, and ~~((d)-(4))~~ (4) any other pertinent matters. For the 2015-2017 biennium, the superintendent may not conduct studies and surveys for the purpose of this section.

NEW SECTION. Sec. 7020. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by chapter . . ., Laws of 2015 (Substitute House Bill No. 1166, the general obligation bond bill) for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and regulations shall be deposited into the state building construction account. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary, or that a shift of appropriation authority from the state taxable building construction account to the state building construction account may be made.

NEW SECTION. Sec. 7021. COLUMBIA RIVER BASIN NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the Columbia river basin water supply development account may be transferred to the Columbia river basin taxable bond water supply development account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the Columbia river basin water supply development account and the Columbia river basin taxable bond water supply development account is necessary, or

that a shift of appropriation authority from the Columbia river basin taxable bond water supply development account to the Columbia river basin water supply development account may be made.

NEW SECTION. Sec. 7022. The office of financial management, in consultation with the fiscal committees of the legislature, may select capital projects that have completed predesign to undergo a budget evaluation study. The budget evaluation study team approach using value engineering techniques and life cycle cost analysis must be utilized by the office of financial management in conducting the studies. The office of financial management shall select the budget evaluation team members, contract for the study, and report the results to the legislature and agencies in a timely manner following the study. Funds from the project appropriation must be used by the office of financial management through an interagency agreement with the affected agencies to cover the cost of the study.

NEW SECTION. Sec. 7023. RESEARCH ON TRANSFER OF FEDERAL LANDS TO WASHINGTON STATE. Staff from the appropriate legislative committees shall use existing studies and available literature to research the potential costs, revenues, and policy impacts of transferring federal lands to state ownership. The research must include:

(1) Costs to the state of: (a) Land management related to wildfires, forest health, invasive species management, and public access; (b) addressing deferred forest health issues and ongoing maintenance; (c) payments in lieu of taxes; (d) state program development; and (e) other potential costs.

(2) Revenues to the state from: (a) Current and increased timber cut-rates; (b) mineral lease revenues; (c) recreation fees; (d) grazing fees; (e) permanent common school account investment income; and (f) other potential revenues.

(3) Policy research related to the endangered species act, the mining law of 1872, and other federal-state impacts.

(4) The research may not include consideration of revenues or costs of transferring public lands into private ownership status.

(5) A report on this research must be provided to appropriate legislative committees by December 1, 2015.

Sec. 7024. RCW 28B.20.725 and 2013 2nd sp.s. c 19 s 7027 are each amended to read as follows:

The board is hereby empowered:

(1) To reserve the right to issue bonds later on a parity with any bonds being issued;

(2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;

(3) To authorize the transfer of money from the University of Washington building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;

(k) Except as otherwise conditioned by RCW 43.155.120, and effective one calendar year following the development of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;

(m) Other criteria that the board considers advisable.

(5) For the ~~((2013-2015))~~ 2015-2017 fiscal biennium, in place of the criteria, ranking, and submission processes for construction loan lists provided in subsections (4) and (7) of this section:

(a) The board must develop a process for numerically ranking applications for construction loans submitted by local governments. The board must consider, at a minimum and in any order, the following factors in assigning a numerical ranking to a project:

For each project on the ranked list, as well as for eligible projects not recommended for funding, the board must document the numerical ranking that was assigned.

(6) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(12) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(13) During the ~~((2013-2015))~~ 2015-2017 fiscal biennium, for projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan.

The procedures must also strengthen coordinated funding of preconstruction and construction projects.)) For public works assistance account application rounds conducted during the 2015-2017 fiscal biennium, the board must implement policies and procedures designed to maximize local government use of federal funds to finance local infrastructure including, but not limited to, drinking water and clean water state revolving funds operated by the state departments of health and ecology.~~

(b) For all construction loan projects proposed to the legislature for funding during the ~~((2013-2015))~~ 2015-2017 fiscal biennium, the board must base interest rates on the average daily market interest rate for tax-exempt municipal bonds as published in the bond buyer's index for the period from sixty to thirty days before the start of the application cycle. For projects with a repayment period between five and twenty years, the rate must be sixty percent of the market rate. For projects with a repayment period under five years, the rate must be thirty percent of the market rate. (ii) The amount and terms of the funding are established under a settlement agreement under RCW 70.105D.040(5); and

(iii) The director has found the funding meets any additional criteria established in rule by the department, will achieve a substantially more expeditious or enhanced cleanup than would otherwise occur, and will provide a public benefit in addition to cleanup commensurate with the scope of the public funding;

(r) Petroleum-based plastic or expanded polystyrene foam debris cleanup activities in fresh or marine waters;

(s) Appropriations to the local toxics control account or the environmental legacy stewardship account created in RCW 70.105D.170, if the legislature determines that priorities for spending exceed available funds in those accounts;

(t) During the 2013-2015 ~~and 2015-2017~~ fiscal (~~biennium~~) biennia, the department of ecology's water quality, shorelands, environmental assessment, administration, and air quality programs;

(u) During the 2013-2015 fiscal biennium, actions at the state conservation commission to improve water quality for shellfish; (~~and~~)

(v) During the 2013-2015 fiscal biennium, actions at the University of Washington for reducing ocean acidification;

(w) For the 2013-2015 fiscal biennium, moneys in the state toxics control account may be spent on projects in section (~~3159~~) 3160, chapter 19, Laws of 2013 2nd sp. sess. and for transfer to the local toxics control account; and

(x) For the 2013-2015 fiscal biennium, moneys in the state toxics control account may be transferred to the radioactive mixed waste account.

(4)(a) The department shall use moneys deposited in the local toxics control account for grants or loans to local governments for the following purposes in descending order of priority:

(i) Extended grant agreements entered into under (~~(e)(e)~~) (e)(i) of this subsection;

(ii) Remedial actions, including planning for adaptive reuse of properties as provided for under (~~(e)(e)~~) (e)(iv) of this subsection. The department must prioritize funding of remedial actions at:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;

(B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;

(ii) Storm water pollution source projects that: (A) Work in conjunction with a remedial action; (B) protect completed remedial actions against recontamination; or (C) prevent hazardous clean-up sites;

(iv) Hazardous waste plans and programs under chapter 70.105 RCW;

(v) Solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(vi) Petroleum-based plastic or expanded polystyrene foam debris cleanup activities in fresh or marine waters; and

(vii) Appropriations to the state toxics control account or the environmental legacy stewardship account created in RCW 70.105D.170, if the legislature determines that priorities for spending exceed available funds in those accounts.

(b) Funds for plans and programs must be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW.

(c) During the 2013-2015 fiscal biennium, the local toxics control account may also be used for local government storm water planning and implementation activities.

(d) During the 2013-2015 fiscal biennium, the legislature may transfer from the local toxics control account to the state general fund, such amounts as reflect the excess fund balance in the account.

(e) To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(v) Provide grants to local governments for remedial actions related to area-wide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under ~~((e)-(e))~~ (e)(iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

~~((d)-(d))~~ (f) To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance. For the 2013-2015 fiscal biennium, moneys in the local toxics control account may be spent on projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of 2013 2nd sp. sess.

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics control account may be used for: Natural disasters where there is no hazardous substance contamination; high performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the hazardous substance tax imposed in chapter 82.21 RCW.

(7) Except during the 2011-2013 fiscal biennium, one percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited procedures in RCW 34.05.353. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. effects [affects] the ability of a potentially liable person to receive public funding.

(10) During the ~~((2013-2015))~~ 2015-2017 fiscal biennium the local toxics control account may also be used for the centennial clean water program ~~((and for storm water grants))~~ and for the storm water financial assistance program administered by the department of ecology.

NEW SECTION. Sec. 7036. (1) Funds appropriated in this act for minor works may not be allotted until final project lists are submitted to the office of financial management. Revisions to the project lists are allowed for projects not anticipated at the time of budget development but must be submitted to the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee for review and comment and must include an explanation of variances from the prior lists before funds may be expended

on the revisions. Any project list revisions must be approved by the office of financial management before funds may be expended from the minor works appropriation.

(2)(a) Minor works project lists are single line appropriations that include multiple projects of a similar nature and that are valued between \$25,000 and \$1,000,000 each, with the exception of higher education minor works projects that may be valued up to \$2,000,000. All projects must meet the criteria included in this subsection (2)(a). These projects should be completed within two years of the appropriation with the funding provided. Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed \$1,000,000, or \$2,000,000 for higher education minor works projects. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the minor works categories.

(b) Minor works appropriations may not be used for the following: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; rolling stock; computers; or to supplement funding for projects with funding shortfalls unless expressly authorized. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(c) Minor works preservation projects may include program improvements of no more than twenty-five percent of the individual minor works preservation project cost.

(2) The office of financial management shall weight the reasonableness of cost criteria based on the following criteria in the following order: (a) Expected maximum allowable construction costs per square foot; and (b) life-cycle cost analysis using the office of financial management's life-cycle cost tool.

(3) Prior legislative commitment to the project funding of predesign or design must be included in the scoring criteria.

Unless otherwise specified by rule of the supreme court, the jury source list and master jury list for each county shall be created as provided by this section.

(1) The superior court of each county, after consultation with the county clerk and county auditor of that jurisdiction, shall annually notify the consolidated technology services agency not later than March 1st of each year of its election to use either a jury source list that is merged by the county or a jury source list that is merged by the consolidated technology services agency. The consolidated technology services agency shall annually furnish at no charge to the superior court of each county a separate list of the registered voters residing in that county as supplied annually by the secretary of state and a separate list of driver's license and identicaid holders residing in that county as supplied annually by the department of licensing, or a merged list of all such persons residing in that county, in accordance with the annual notification required by this subsection. The lists provided by the consolidated technology services agency shall be in an electronic format mutually agreed upon by the superior court requesting it and the ~~((department of information services))~~ consolidated technology services agency. The annual merger of the list of registered voters residing in each county with the list of licensed drivers and identicaid holders residing in each county to form a jury source list for each county shall be in accordance with the standards and methodology established in this chapter or by superseding court rule whether the merger is accomplished by the consolidated technology services agency or by a county.

(2) Persons on the lists of registered voters and driver's license and identicaid holders shall be identified by a minimum of last name, first name, middle initial where available, date of birth, gender, and county of residence. Identifying information shall be used when merging the lists to ensure to the extent reasonably possible that persons are only listed once on the merged list. Conflicts in addresses are to be resolved by using the most recent record by date of last vote in a general election, date of driver's license or identicaid address change or date of voter registration.

(3) The consolidated technology services agency shall provide counties that elect to receive a jury source list merged by the consolidated technology services agency with a list of names which are possible duplicates that cannot be resolved based on the identifying information required under subsection (2) of this section. If a possible duplication cannot subsequently be resolved satisfactorily through reasonable efforts by the county receiving the merged list, the possible duplicate name shall be stricken from the jury source list until the next annual jury source list is prepared.

Sec. 7044. RCW 2.36.057 and 1993 c 408 s 1 are each amended to read as follows:

The supreme court is requested to adopt court rules to be effective by September 1, 1994, regarding methodology and standards for merging the list of registered voters in Washington state with the list of licensed drivers and identicaid holders in Washington state for purposes of creating an expanded jury source

list. The rules should specify the standard electronic format or formats in which the lists will be provided to requesting superior courts by the department of (~~information services~~) enterprise services. In the interim, and until such court rules become effective, the methodology and standards provided in RCW 2.36.054 shall apply. An expanded jury source list shall be available to the courts for use by September 1, 1994.

Sec. 7045. RCW 2.36.0571 and 1993 c 408 s 2 are each amended to read as follows:

Not later than January 1, 1994, the secretary of state, the department of licensing, and the department of (~~information services~~) enterprise services shall adopt administrative rules as necessary to provide for the implementation of the methodology and standards established pursuant to RCW 2.36.057 and 2.36.054 or by supreme court rule.

Sec. 7046. RCW 2.68.060 and 2010 c 282 s 7 are each amended to read as follows:

The administrative office of the courts, under the direction of the judicial information system committee, shall:

(1) Develop a judicial information system information technology portfolio consistent with the provisions of RCW (~~43.105.172~~) 43.41A.110;

(2) Participate in the development of an enterprise-based statewide information technology strategy (~~as defined in RCW 43.105.019~~);

(3) Ensure the judicial information system information technology portfolio is organized and structured to clearly indicate participation in and use of enterprise-wide information technology strategies;

(4) As part of the biennial budget process, submit the judicial information system information technology portfolio to the chair and ranking member of the ways and means committees of the house of representatives and the senate, the office of financial management, and the (~~department of information services~~) office of the chief information officer.

Sec. 7047. RCW 4.92.110 and 2009 c 433 s 3 are each amended to read as follows:

No action subject to the claim filing requirements of RCW 4.92.100 shall be commenced against the state, or against any state officer, employee, or volunteer, acting in such capacity, for damages arising out of tortious conduct until sixty calendar days have elapsed after the claim is presented to the office of risk management (~~division~~) in the department of enterprise services. The applicable period of limitations within which an action must be commenced shall be tolled during the sixty calendar day period. For the purposes of the applicable period of limitations, an action commenced within five court days after the sixty calendar day period has elapsed is deemed to have been presented on the first day after the sixty calendar day period elapsed.

Sec. 7048. RCW 4.96.020 and 2012 c 250 s 2 are each amended to read as follows:

(1) The provisions of this section apply to claims for damages against all local governmental entities and their officers, employees, or volunteers, acting in such capacity.

(2) The governing body of each local governmental entity shall appoint an agent to receive any claim for damages made under this chapter. The identity of the agent and the address where he or she may be reached during the normal business hours of the local governmental entity are public records and shall be recorded with the auditor of the county in which the entity is located. All claims for damages against a local governmental entity, or against any local governmental entity's officers, employees, or volunteers, acting in such capacity, shall be presented to the agent within the applicable period of limitations within which an action must be commenced. A claim is deemed presented when the claim form is delivered in person or is received by the agent by regular mail, registered mail,

or certified mail, with return receipt requested, to the agent or other person designated to accept delivery at the agent's office. The failure of a local governmental entity to comply with the requirements of this section precludes that local governmental entity from raising a defense under this chapter.

(3) For claims for damages presented after July 26, 2009, all claims for damages must be presented on the standard tort claim form that is maintained by the office of risk management (~~division of the office of financial management~~) in the department of enterprise services, except as allowed under (c) of this subsection. The standard tort claim form must be posted on the (~~office of financial management's~~) department of enterprise services' web site.

(a) The standard tort claim form must, at a minimum, require the following information:

(i) The claimant's name, date of birth, and contact information;

(ii) A description of the conduct and the circumstances that brought about the injury or damage;

(iii) A description of the injury or damage;

(iv) A statement of the time and place that the injury or damage occurred;

(v) A listing of the names of all persons involved and contact information, if known;

(vi) A statement of the amount of damages claimed; and

(vii) A statement of the actual residence of the claimant at the time of presenting the claim and at the time the claim arose.

(b) The standard tort claim form must be signed either:

(i) By the claimant, verifying the claim;

(ii) Pursuant to a written power of attorney, by the attorney in fact for the claimant;

(iii) By an attorney admitted to practice in Washington state on the claimant's behalf; or

(iv) By a court-approved guardian or guardian ad litem on behalf of the claimant.

(c) Local governmental entities shall make available the standard tort claim form described in this section with instructions on how the form is to be presented and the name, address, and business hours of the agent of the local governmental entity. If a local governmental entity chooses to also make available its own tort claim form in lieu of the standard tort claim form, the form:

(i) May require additional information beyond what is specified under this section, but the local governmental entity may not deny a claim because of the claimant's failure to provide that additional information;

(ii) Must not require the claimant's social security number; and

(iii) Must include instructions on how the form is to be presented and the name, address, and business hours of the agent of the local governmental entity appointed to receive the claim.

(d) If any claim form provided by the local governmental entity fails to require the information specified in this section, or incorrectly lists the agent with whom the claim is to be filed, the local governmental entity is deemed to have waived any defense related to the failure to provide that specific information or to present the claim to the proper designated agent.

(e) Presenting either the standard tort claim form or the local government tort claim form satisfies the requirements of this chapter.

(f) The amount of damages stated on the claim form is not admissible at trial.

(4) No action subject to the claim filing requirements of this section shall be commenced against any local governmental entity, or against any local governmental entity's officers, employees, or volunteers, acting in such capacity, for damages arising out of tortious conduct until sixty calendar days have elapsed after the claim has first been presented to the agent of the governing body thereof. The applicable period of limitations within which an action

must be commenced shall be tolled during the sixty calendar day period. For the purposes of the applicable period of limitations, an action commenced within five court days after the sixty calendar day period has elapsed is deemed to have been presented on the first day after the sixty calendar day period elapsed.

(5) With respect to the content of claims under this section and all procedural requirements in this section, this section must be liberally construed so that substantial compliance will be deemed satisfactory.

Sec. 7049. RCW 8.26.085 and 2011 c 336 s 281 are each amended to read as follows:

(1) The lead agency, after full consultation with the department of ~~((general administration))~~ enterprise services, shall adopt rules and establish such procedures as the lead agency may determine to be necessary to assure:

(a) That the payments and assistance authorized by this chapter are administered in a manner that is fair and reasonable and as uniform as practicable;

(b) That a displaced person who makes proper application for a payment authorized for that person by this chapter is paid promptly after a move or, in hardship cases, is paid in advance; and

(c) That a displaced person who is aggrieved by a program or project that is under the authority of a state agency or local public agency may have his or her application reviewed by the state agency or local public agency.

Sec. 7051. RCW 15.64.060 and 2008 c 215 s 2 are each amended to read as follows:

(1) A farm-to-school program is created within the department to facilitate increased procurement of Washington grown food by schools.

(2) The department, in consultation with the department of health, the office of the superintendent of public instruction, the department of ~~((general administration))~~ enterprise services, and Washington State University, shall, in order of priority:

(a) Identify and develop policies and procedures to implement and evaluate the farm-to-school program, including coordinating with school procurement officials, buying cooperatives, and other appropriate organizations to develop uniform procurement procedures and materials, and practical recommendations to facilitate the purchase of Washington grown food by the common schools. These policies, procedures, and recommendations shall be made available to school districts to adopt at their discretion;

(b) Assist food producers, distributors, and food brokers to market Washington grown food to schools by informing them of food procurement opportunities, bid procedures, school purchasing criteria, and other requirements;

(c) Assist schools in connecting with local producers by informing them of the sources and availability of Washington grown

food as well as the nutritional, environmental, and economic benefits of purchasing Washington grown food;

(d) Identify and recommend mechanisms that will increase the predictability of sales for producers and the adequacy of supply for purchasers;

(e) Identify and make available existing curricula, programs and publications that educate students on the nutritional, environmental, and economic benefits of preparing and consuming locally grown food;

(f) Support efforts to advance other farm-to-school connections such as school gardens or farms and farm visits; and

(g) As resources allow, seek additional funds to leverage state expenditures.

(3) The department in cooperation with the office of the superintendent of public instruction shall collect data on the activities conducted pursuant to chapter 215, Laws of 2008 and communicate such data biennially to the appropriate committees of the legislature beginning November 15, 2009. Data collected may include the numbers of schools and farms participating and any increases in the procurement of Washington grown food by the common schools.

(4) As used in this section, RCW ~~((43.19.1905, 43.19.1906,))~~ 28A.335.190, and 28A.235.170, "Washington grown" means grown and packed or processed in Washington.

(1) In cities or towns where the estimated value of state-owned facilities constitutes ten percent or more of the total assessed valuation, the state agency or institution owning the facilities shall contract with the city or town to pay an equitable share for fire protection services. The contract shall be negotiated as provided in subsections (2) through (6) of this section and shall provide for payment by the agency or institution to the city or town.

(2) A city or town seeking to enter into fire protection contract negotiations shall provide written notification to the department of (~~(community, trade, and economic development)~~) commerce and the state agencies or institutions that own property within the jurisdiction, of its intent to contract for fire protection services. Where there are multiple state agencies located within a single jurisdiction, a city may choose to notify only the department of (~~(community, trade, and economic development)~~) commerce, which in turn shall notify the agencies or institution that own property within the jurisdiction of the city's intent to contract for fire protection services. Any such notification shall be based on the valuation procedures, based on commonly accepted standards, adopted by the department of (~~(community, trade, and economic development)~~) commerce in consultation with the department of (~~(general administration)~~) enterprise services and the association of Washington cities.

(3) The department of (~~(community, trade, and economic development)~~) commerce shall review any such notification to

ensure that the valuation procedures and results are accurate. The department will notify each affected city or town and state agency or institution of the results of their review within thirty days of receipt of notification.

(4) The parties negotiating fire protection contracts under this section shall conduct those negotiations in good faith. Whenever there are multiple state agencies located within a single jurisdiction, every effort shall be made by the state to consolidate negotiations on behalf of all affected agencies.

(5) In the event of notification by one of the parties that an agreement cannot be reached on the terms and conditions of a fire protection contract, the director of the department of (~~(community, trade, and economic development)~~) commerce shall mediate a resolution of the disagreement. In the event of a continued impasse, the director of the department of (~~(community, trade, and economic development)~~) commerce shall recommend a resolution.

(6) If the parties reject the recommendation of the director and an impasse continues, the director shall direct the parties to arbitration. The parties shall agree on a neutral arbitrator, and the fees and expenses of the arbitrator shall be shared equally between the parties. The arbitration shall be a final offer, total arbitration, with the arbitrator empowered only to pick the final offer of one of the parties or the recommended resolution by the director of the department of (~~(community, trade, and economic development)~~) commerce. The decision of the arbitrator shall be final, binding, and nonappealable on the parties.

(7) The provisions of this section shall not apply if a city or town and a state agency or institution have contracted pursuant to RCW 35.21.775.

(8) The provisions of this section do not apply to cities and towns not meeting the conditions in subsection (1) of this section. Cities and towns not meeting the conditions of subsection (1) of this section may enter into contracts pursuant to RCW 35.21.775.

Sec. 7072. RCW 35.68.076 and 1989 c 175 s 84 are each amended to read as follows:

The department of (~~(general administration)~~) enterprise services shall, pursuant to chapter 34.05 RCW, the Administrative Procedure Act, adopt several suggested model design, construction, or location standards to aid counties, cities, and towns in constructing curb ramps to allow reasonable access to the crosswalk for (~~(physically handicapped)~~) persons with physical disabilities without uniquely endangering blind persons. The department of (~~(general administration)~~) enterprise services shall consult with (~~(handicapped)~~) persons with physical disabilities, blind persons, counties, cities, and the state building code council in adopting the suggested standards.

Sec. 7073. RCW 35A.65.010 and 1967 ex.s. c 119 s 35A.65.010 are each amended to read as follows:

All printing, binding and stationery work done for any code city shall be done within the state and all proposals, requests and invitations to submit bids, prices or contracts thereon and all contracts for such work shall so stipulate subject to the limitations contained in RCW (~~(43-78-130)~~) 43.19.748 and 35.23.352.

Sec. 7074. RCW 36.28A.070 and 2003 c 102 s 3 are each amended to read as follows:

(1) The Washington association of sheriffs and police chiefs in consultation with the Washington state emergency management office, the Washington association of county officials, the Washington association of cities, the (~~(information services board)~~) office of the chief information officer, the Washington state fire chiefs' association, and the Washington state patrol shall convene a committee to establish guidelines related to the statewide first responder building mapping information system. The committee shall have the following responsibilities:

(a) Develop the type of information to be included in the statewide first responder building mapping information system. The

information shall include, but is not limited to: Floor plans, fire protection information, evacuation plans, utility information, known hazards, and text and digital images showing emergency personnel contact information;

(b) Develop building mapping software standards that must be utilized by all entities participating in the statewide first responder building mapping information system;

(c) Determine the order in which buildings shall be mapped when funding is received;

(d) Develop guidelines on how the information shall be made available. These guidelines shall include detailed procedures and security systems to ensure that the information is only made available to the government entity that either owns the building or is responding to an incident at the building;

(e) Recommend training guidelines regarding using the statewide first responder building mapping information system to the criminal justice training commission and the Washington state patrol fire protection bureau.

(2)(a) Nothing in this section supersedes the authority of the ~~((information services board))~~ office of the chief information officer under chapter ~~((43.105))~~ 43.41A RCW.

(b) Nothing in this section supersedes the authority of state agencies and local governments to control and maintain access to information within their independent systems.

Sec. 7075. RCW 39.04.155 and 2009 c 74 s 1 are each amended to read as follows:

(1) This section provides uniform small works roster provisions to award contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of real property that may be used by state agencies and by any local government that is expressly authorized to use these provisions. These provisions may be used in lieu of other procedures to award contracts for such work with an estimated cost of three hundred thousand dollars or less. The small works roster process includes the limited public works process authorized under subsection (3) of this section and any local government authorized to award contracts using the small works roster process under this section may award contracts using the limited public works process under subsection (3) of this section.

(2)(a) A state agency or authorized local government may create a single general small works roster, or may create a small works roster for different specialties or categories of anticipated work. Where applicable, small works rosters may make distinctions between contractors based upon different geographic areas served by the contractor. The small works roster or rosters shall consist of all responsible contractors who have requested to be on the list, and where required by law are properly licensed or registered to perform such work in this state. A state agency or local government establishing a small works roster or rosters may require eligible contractors desiring to be placed on a roster or rosters to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the state agency or local government as a condition of being placed on a roster or rosters. At least once a year, the state agency or local government shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of the roster or rosters and solicit the names of contractors for such roster or rosters. In addition, responsible contractors shall be added to an appropriate roster or rosters at any time they submit a written request and necessary records. Master contracts may be required to be signed that become effective when a specific award is made using a small works roster.

(b) A state agency establishing a small works roster or rosters shall adopt rules implementing this subsection. A local government establishing a small works roster or rosters shall adopt an ordinance or resolution implementing this subsection. Procedures included in rules adopted by the department of ~~((general administration))~~

enterprise services in implementing this subsection must be included in any rules providing for a small works roster or rosters that is adopted by another state agency, if the authority for that state agency to engage in these activities has been delegated to it by the department of ~~((general administration))~~ enterprise services under chapter 43.19 RCW. An interlocal contract or agreement between two or more state agencies or local governments establishing a small works roster or rosters to be used by the parties to the agreement or contract must clearly identify the lead entity that is responsible for implementing the provisions of this subsection.

(c) Procedures shall be established for securing telephone, written, or electronic quotations from contractors on the appropriate small works roster to assure that a competitive price is established and to award contracts to the lowest responsible bidder, as defined in RCW 39.04.010. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. However, detailed plans and specifications need not be included in the invitation. This subsection does not eliminate other requirements for architectural or engineering approvals as to quality and compliance with building codes. Quotations may be invited from all appropriate contractors on the appropriate small works roster. As an alternative, quotations may be invited from at least five contractors on the appropriate small works roster who have indicated the capability of performing the kind of work being contracted, in a manner that will equitably distribute the opportunity among the contractors on the appropriate roster. However, if the estimated cost of the work is from one hundred fifty thousand dollars to three hundred thousand dollars, a state agency or local government that chooses to solicit bids from less than all the appropriate contractors on the appropriate small works roster must also notify the remaining contractors on the appropriate small works roster that quotations on the work are being sought. The government has the sole option of determining whether this notice to the remaining contractors is made by: (i) Publishing notice in a legal newspaper in general circulation in the area where the work is to be done; (ii) mailing a notice to these contractors; or (iii) sending a notice to these contractors by facsimile or other electronic means. For purposes of this subsection (2)(c), "equitably distribute" means that a state agency or local government soliciting bids may not favor certain contractors on the appropriate small works roster over other contractors on the appropriate small works roster who perform similar services.

(d) A contract awarded from a small works roster under this section need not be advertised.

(e) Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry.

(3) In lieu of awarding contracts under subsection (2) of this section, a state agency or authorized local government may award a contract for work, construction, alteration, repair, or improvement projects estimated to cost less than thirty-five thousand dollars using the limited public works process provided under this subsection. Public works projects awarded under this subsection are exempt from the other requirements of the small works roster process provided under subsection (2) of this section and are exempt from the requirement that contracts be awarded after advertisement as provided under RCW 39.04.010.

For limited public works projects, a state agency or authorized local government shall solicit electronic or written quotations from a minimum of three contractors from the appropriate small works roster and shall award the contract to the lowest responsible bidder as defined under RCW 39.04.010. After an award is made, the quotations shall be open to public inspection and available by electronic request. A state agency or authorized local government shall attempt to distribute opportunities for limited public works projects equitably among contractors willing to perform in the

geographic area of the work. A state agency or authorized local government shall maintain a list of the contractors contacted and the contracts awarded during the previous twenty-four months under the limited public works process, including the name of the contractor, the contractor's registration number, the amount of the contract, a brief description of the type of work performed, and the date the contract was awarded. For limited public works projects, a state agency or authorized local government may waive the payment and performance bond requirements of chapter 39.08 RCW and the retainage requirements of chapter 60.28 RCW, thereby assuming the liability for the contractor's nonpayment of laborers, mechanics, subcontractors, material persons, suppliers, and taxes imposed under Title 82 RCW that may be due from the contractor for the limited public works project, however the state agency or authorized local government shall have the right of recovery against the contractor for any payments made on the contractor's behalf.

(4) The breaking of any project into units or accomplishing any projects by phases is prohibited if it is done for the purpose of avoiding the maximum dollar amount of a contract that may be let using the small works roster process or limited public works process.

(5)(a) A state agency or authorized local government may use the limited public works process of subsection (3) of this section to solicit and award small works roster contracts to small businesses that are registered contractors with gross revenues under one million dollars annually as reported on their federal tax return.

(b) A state agency or authorized local government may adopt additional procedures to encourage small businesses that are registered contractors with gross revenues under two hundred fifty thousand dollars annually as reported on their federal tax returns to submit quotations or bids on small works roster contracts.

(6) As used in this section, "state agency" means the department of ~~((general administration))~~ enterprise services, the state parks and recreation commission, the department of natural resources, the department of fish and wildlife, the department of transportation, any institution of higher education as defined under RCW 28B.10.016, and any other state agency delegated authority by the department of ~~((general administration))~~ enterprise services to engage in construction, building, renovation, remodeling, alteration, improvement, or repair activities.

Sec. 7076. RCW 39.04.220 and 1996 c 18 s 5 are each amended to read as follows:

(1) In addition to currently authorized methods of public works contracting, and in lieu of the requirements of RCW 39.04.010 and 39.04.020 through 39.04.060, capital projects funded for over ten million dollars authorized by the legislature for the department of corrections to construct or repair facilities may be accomplished under contract using the general contractor/construction manager method described in this section. In addition, the general contractor/construction manager method may be used for up to two demonstration projects under ten million dollars for the department of corrections. Each demonstration project shall aggregate capital projects authorized by the legislature at a single site to total no less than three million dollars with the approval of the office of financial management. The department of ~~((general administration))~~ enterprise services shall present its plan for the aggregation of projects under each demonstration project to the oversight advisory committee established under subsection (2) of this section prior to soliciting proposals for general contractor/construction manager services for the demonstration project.

(2) For the purposes of this section, "general contractor/construction manager" means a firm with which the department of ~~((general administration))~~ enterprise services has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through a formal advertisement, and competitive bids to provide services

during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase. The department of ~~((general administration))~~ enterprise services shall establish an independent oversight advisory committee with representatives of interest groups with an interest in this subject area, the department of corrections, and the private sector, to review selection and contracting procedures and contracting documents. The oversight advisory committee shall discuss and review the progress of the demonstration projects. The general contractor/construction manager method is limited to projects authorized on or before July 1, 1997.

(3) Contracts for the services of a general contractor/construction manager awarded under the authority of this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. Minority and women enterprise total project goals shall be specified in the bid instructions to the general contractor/construction manager finalists. The director of ~~((general administration))~~ enterprise services is authorized to include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted shall exceed five percent of the maximum allowable construction cost. The director of ~~((general administration))~~ enterprise services or his or her designee shall establish a committee to evaluate the proposals considering such factors as: Ability of professional personnel; past performance in negotiated and complex projects; ability to meet time and budget requirements; location; recent, current, and projected workloads of the firm; and the concept of their proposal. After the committee has selected the most qualified finalists, these finalists shall submit sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The maximum allowable construction cost may be negotiated between the department of ~~((general administration))~~ enterprise services and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax. If the department of ~~((general administration))~~ enterprise services is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the department of ~~((general administration))~~ enterprise services determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the department of ~~((general administration))~~ enterprise services shall negotiate with the next low bidder and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the state, the percent fee shall be renegotiated. All subcontract work shall be competitively bid with public bid openings. Specific contract requirements for women and minority enterprise participation shall be specified in each subcontract bid package that exceeds ten percent of the department's estimated project cost. All subcontractors who bid work over two hundred thousand dollars shall post a bid bond and the awarded subcontractor shall provide a performance and payment bond for their contract amount if required by the general

contractor/construction manager. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder only in accordance with RCW 39.04.015 or, if unsuccessful in such negotiations, rebid.

(4) If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the state. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders approved by the state, the additional cost shall be the responsibility of the general contractor/construction manager.

(5) The powers and authority conferred by this section shall be construed as in addition and supplemental to powers or authority conferred by any other law, and nothing contained in this section may be construed as limiting any other powers or authority of the department of ~~((general administration))~~ enterprise services. However, all actions taken pursuant to the powers and authority granted to the director or the department of ~~((general administration))~~ enterprise services under this section may only be taken with the concurrence of the department of corrections.

Sec. 7077. RCW 39.04.290 and 2001 c 34 s 1 are each amended to read as follows:

(1) A state agency or local government may award contracts of any value for the design, fabrication, and installation of building engineering systems by: (a) Using a competitive bidding process or request for proposals process where bidders are required to provide final specifications and a bid price for the design, fabrication, and installation of building engineering systems, with the final specifications being approved by an appropriate design, engineering, and/or public regulatory body; or (b) using a competitive bidding process where bidders are required to provide final specifications for the final design, fabrication, and installation of building engineering systems as part of a larger project with the final specifications for the building engineering systems portion of the project being approved by an appropriate design, engineering, and/or public regulatory body. The provisions of chapter 39.80 RCW do not apply to the design of building engineering systems that are included as part of a contract described under this section.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Building engineering systems" means those systems where contracts for the systems customarily have been awarded with a requirement that the contractor provide final approved specifications, including fire alarm systems, building sprinkler systems, pneumatic tube systems, extensions of heating, ventilation, or air conditioning control systems, chlorination and chemical feed systems, emergency generator systems, building signage systems, pile foundations, and curtain wall systems.

(b) "Local government" means any county, city, town, school district, or other special district, municipal corporation, or quasi-municipal corporation.

(c) "State agency" means the department of ~~((general administration))~~ enterprise services, the state parks and recreation commission, the department of fish and wildlife, the department of natural resources, any institution of higher education as defined under RCW 28B.10.016, and any other state agency delegated authority by the department of ~~((general administration))~~ enterprise services to engage in building, renovation, remodeling, alteration, improvement, or repair activities.

Sec. 7078. RCW 39.04.320 and 2009 c 197 s 1 are each amended to read as follows:

(1)(a) Except as provided in (b) through (d) of this subsection, from January 1, 2005, and thereafter, for all public works estimated to cost one million dollars or more, all specifications shall require that no less than fifteen percent of the labor hours be performed by apprentices.

(b)(i) This section does not apply to contracts advertised for bid before July 1, 2007, for any public works by the department of transportation.

(ii) For contracts advertised for bid on or after July 1, 2007, and before July 1, 2008, for all public works by the department of transportation estimated to cost five million dollars or more, all specifications shall require that no less than ten percent of the labor hours be performed by apprentices.

(iii) For contracts advertised for bid on or after July 1, 2008, and before July 1, 2009, for all public works by the department of transportation estimated to cost three million dollars or more, all specifications shall require that no less than twelve percent of the labor hours be performed by apprentices.

(iv) For contracts advertised for bid on or after July 1, 2009, for all public works by the department of transportation estimated to cost two million dollars or more, all specifications shall require that no less than fifteen percent of the labor hours be performed by apprentices.

(2) Awarding entities may adjust the requirements of this section for a specific project for the following reasons:

(a) The demonstrated lack of availability of apprentices in specific geographic areas;

(b) A disproportionately high ratio of material costs to labor hours, which does not make feasible the required minimum levels of apprentice participation;

(c) Participating contractors have demonstrated a good faith effort to comply with the requirements of RCW 39.04.300 and 39.04.310 and this section; or

(d) Other criteria the awarding entity deems appropriate, which are subject to review by the office of the governor.

(3) The secretary of the department of transportation shall adjust the requirements of this section for a specific project for the following reasons:

(a) The demonstrated lack of availability of apprentices in specific geographic areas; or

(b) A disproportionately high ratio of material costs to labor hours, which does not make feasible the required minimum levels of apprentice participation.

(4) This section applies to public works contracts awarded by the state, to public works contracts awarded by school districts, and to public works contracts awarded by state four-year institutions of higher education. However, this section does not apply to contracts awarded by state agencies headed by a separately elected public official.

(b) The department of labor and industries shall assist the department of (~~general administration~~) enterprise services in providing information and technical assistance.

(6) The secretary of transportation shall establish an apprenticeship utilization advisory committee, which shall include statewide geographic representation and consist of equal numbers of representatives of contractors and labor. The committee must include at least one member representing contractor businesses with less than thirty-five employees. The advisory committee shall meet regularly with the secretary of transportation to discuss implementation of this section by the department of transportation, including development of the process to be used to adjust the requirements of this section for a specific project. The committee shall provide a report to the legislature by January 1, 2008, on the effects of the apprentice labor requirement on transportation projects and on the availability of apprentice labor and programs statewide.

(7) At the request of the senate labor, commerce, research and development committee, the house of representatives commerce and labor committee, or their successor committees, and the governor, the department of (~~general administration~~) enterprise services and the department of labor and industries shall compile and summarize the agency data and provide a joint report to both committees. The report shall include recommendations on modifications or improvements to the apprentice utilization program and information on skill shortages in each trade or craft.

Sec. 7079. RCW 39.04.330 and 2005 c 12 s 11 are each amended to read as follows:

For purposes of determining compliance with chapter 39.35D RCW, the department of (~~general administration~~) enterprise services shall credit the project for using wood products with a credible third party sustainable forest certification or from forests regulated under chapter 76.09 RCW, the Washington forest practices act.

Sec. 7080. RCW 39.04.370 and 2010 c 276 s 1 are each amended to read as follows:

(1) For any public work estimated to cost over one million dollars, the contract must contain a provision requiring the

submission of certain information about off-site, prefabricated, nonstandard, project specific items produced under the terms of the contract and produced outside Washington. The information must be submitted to the department of labor and industries under subsection (2) of this section. The information that must be provided is:

(a) The estimated cost of the public works project;

(b) The name of the awarding agency and the title of the public works project;

(c) The contract value of the off-site, prefabricated, nonstandard, project specific items produced outside Washington, including labor and materials; and

The initial payment structure for this surcharge shall be one dollar per square foot per year. The surcharge shall increase over time to an amount that when combined with the facilities and service charge equals the market rate for similar types of lease space in the area or equals five dollars per square foot per year, whichever is less. The capital projects surcharge shall be in addition to other charges assessed under this section. In recognition that full payment of debt service costs may be higher than market rates for similar types of facilities or higher than existing agreements for similar charges entered into prior to June 9, 1994, the initial charge may be less than the full cost of principal and interest payments. The charge shall be assessed to all occupants of the facility on a proportional basis based on the amount of occupied space or any unique construction requirements. The office of financial management, in consultation with the department of (~~general administration~~) enterprise services, shall develop procedures to implement this section and report to the legislative fiscal committees, by October 1994, their recommendations for implementing this section. These fees will be deposited in the state agency parking account. Each agency shall establish a committee to advise the agency director on parking rental fees, taking into account the market rate of comparable, privately owned rental parking in each region. The agency shall solicit representation of the employee population including, but not limited to, management, administrative staff, production workers, and state employee bargaining units. Funds shall be used by agencies to: (a) Support the agencies' commute trip reduction program under RCW 70.94.521 through 70.94.551; (b) support the agencies' parking program; or (c) support the lease or ownership costs for the agencies' parking facilities.

(3) In order to reduce the state's subsidization of employee parking, after July 1997 agencies shall not enter into leases for employee parking in excess of building code requirements, except as authorized by the director of (~~general administration~~) enterprise services. In situations where there are fewer parking spaces than employees at a worksite, parking must be allocated equitably, with no special preference given to managers.

The estimates must reflect that the agency considered any alternatives to reduce costs or improve service delivery identified in the findings of a performance audit of the agency by the joint legislative audit and review committee. Nothing in this subsection requires performance audit findings to be published as part of the budget.

(2) Each state agency shall define its mission and establish measurable goals for achieving desirable results for those who receive its services and the taxpayers who pay for those services. Each agency shall also develop clear strategies and timelines to achieve its goals. This section does not require an agency to develop a new mission or goals in place of identifiable missions or goals that meet the intent of this section. The mission and goals of each agency must conform to statutory direction and limitations.

(3) For the purpose of assessing activity performance, each state agency shall establish quality and productivity objectives for each major activity in its budget. The objectives must be consistent with the missions and goals developed under this section. The objectives must be expressed to the extent practicable in outcome-based, objective, and measurable form unless an exception to adopt a different standard is granted by the office of financial management and approved by the legislative committee on performance review. Objectives must specifically address the statutory purpose or intent of the program or activity and focus on data that measure whether the agency is achieving or making progress toward the purpose of the activity and toward statewide priorities. The office of financial management shall provide necessary professional and technical assistance to assist state agencies in the development of strategic plans that include the mission of the agency and its programs, measurable goals, strategies, and performance measurement systems.

(4) Each state agency shall adopt procedures for and perform continuous self-assessment of each activity, using the mission, goals, objectives, and measurements required under subsections (2) and (3) of this section. The assessment of the activity must also include an evaluation of major information technology systems or projects that may assist the agency in achieving or making progress toward the activity purpose and statewide priorities. The evaluation of proposed major information technology systems or projects shall be in accordance with the standards and policies established by the ~~((information services board))~~ office of the chief information officer. systems in use by state agencies(~~(The goal is that reviews of these information technology systems occur)~~) periodically.

(5) It is the policy of the legislature that each agency's budget recommendations must be directly linked to the agency's stated mission and program, quality, and productivity goals and objectives. Consistent with this policy, agency budget proposals must include integration of performance measures that allow objective determination of an activity's success in achieving its goals. When a review under subsection (4) of this section or other analysis determines that the agency's objectives demonstrate that the agency is making insufficient progress toward the goals of any particular program or is otherwise underachieving or inefficient, the agency's budget request shall contain proposals to remedy or improve the selected programs. The office of financial management shall develop a plan to merge the budget development process with agency performance assessment procedures. The plan must include a schedule to integrate agency strategic plans and performance measures into agency budget requests and the governor's budget proposal over three fiscal biennia. The plan must identify those agencies that will implement the revised budget process in the 1997-1999 biennium, the 1999-2001 biennium, and the 2001-2003 biennium. In consultation with the legislative fiscal committees, the office of financial management shall recommend statutory and procedural modifications to the state's budget, accounting, and reporting systems to facilitate the performance assessment procedures and the merger of those procedures with the state budget process. The plan and recommended statutory and procedural modifications must be submitted to the legislative fiscal committees by September 30, 1996.

(6) In reviewing agency budget requests in order to prepare the governor's biennial budget request, the office of financial management shall consider the extent to which the agency's activities demonstrate progress toward the statewide budgeting priorities, along with any specific review conducted under subsection (4) of this section.

(7) In the year of the gubernatorial election, the governor shall invite the governor-elect or the governor-elect's designee to attend all hearings provided in RCW 43.88.100; and the governor shall furnish the governor-elect or the governor-elect's designee with such information as will enable the governor-elect or the governor-elect's designee to gain an understanding of the state's budget requirements. The governor-elect or the governor-elect's designee may ask such questions during the hearings and require such information as the governor-elect or the governor-elect's designee deems necessary and may make recommendations in connection with any item of the budget which, with the governor-elect's reasons therefor, shall be presented to the legislature in writing with the budget document. Copies of all such estimates and other required information shall also be submitted to the standing committees on ways and means of the house and senate.

Such portion of the proceeds of the sale of such bonds that may be required for such purpose shall be applied to the payment of the principal of and interest on such anticipation notes which have been issued. The proceeds from the sale of bonds authorized by RCW 43.96B.200 through 43.96B.245 and any interest earned on the interim investment of such proceeds, shall be deposited in the state building construction account of the general fund in the state treasury and shall be used exclusively for the purposes specified in RCW 43.96B.200 through 43.96B.245 and for the payment of expenses incurred in the issuance and sale of the bonds. (c) Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All employees of the department of commerce engaged in performing the powers, functions, and duties transferred are transferred to the jurisdiction of the department of ~~((general administration))~~ enterprise services. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the department of ~~((general administration))~~ enterprise services to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

(4) All rules and all pending business before the department of commerce pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the department of ~~((general administration))~~ enterprise services. (7) All classified employees of the department of commerce assigned to the department of ~~((general administration))~~ enterprise services under this section whose positions are within an existing bargaining unit description at the department of ~~((general administration))~~ enterprise services shall become a part of the existing bargaining unit at the department of ~~((general administration))~~ enterprise services and shall be considered an appropriate inclusion or modification of the existing bargaining unit under the provisions of chapter 41.80 RCW.

Sec. 7136. RCW 43.331.040 and 2010 1st sp.s. c 35 s 301 are each amended to read as follows:

(1) The department of commerce, in consultation with the department of ~~((general administration))~~ enterprise services and the Washington State University energy program, shall administer the jobs act.

(2) The department of ~~((general administration))~~ enterprise services must develop guidelines that are consistent with national and international energy savings performance standards for the implementation of energy savings performance contracting projects by the energy savings performance contractors by December 31, 2010.

(3) The definitions in this section apply throughout this chapter ~~((and RCW 43.331.050))~~ unless the context clearly requires otherwise.

(a) "Cost-effectiveness" means that the present value to higher education institutions and school districts of the energy reasonably expected to be saved or produced by a facility, activity, measure, or piece of equipment over its useful life, including any compensation received from a utility or the Bonneville power administration, is greater than the net present value of the costs of implementing, maintaining, and operating such facility, activity, measure, or piece of equipment over its useful life, when discounted at the cost of public borrowing.

(b) "Energy cost savings" means savings realized in expenses for energy use and expenses associated with water, wastewater, or solid waste systems.

(c) "Energy equipment" means energy management systems and any equipment, materials, or supplies that are expected, upon installation, to reduce the energy use or energy cost of an existing building or facility, and the services associated with the equipment, materials, or supplies, including but not limited to design, engineering, financing, installation, project management, guarantees, operations, and maintenance. Reduction in energy use or energy cost may also include reductions in the use or cost of water, wastewater, or solid waste.

(d) "Energy savings performance contracting" means the process authorized by chapter 39.35C RCW by which a company contracts with a public agency to conduct energy audits and guarantee energy savings from energy efficiency.

(e) "Innovative measures" means advanced or emerging technologies, systems, or approaches that may not yet be in common practice but improve energy efficiency, accelerate deployment, or reduce energy usage, and become widely commercially available in the future if proven successful in demonstration programs without compromising the guaranteed performance or measurable energy and operational cost savings anticipated. Examples of innovative measures include, but are not limited to, advanced energy and systems operations monitoring, diagnostics, and controls systems for buildings; novel heating, cooling, ventilation, and water heating systems; advanced windows and insulation technologies, highly efficient lighting technologies, designs, and controls; and integration of renewable energy sources into buildings, and energy savings verification technologies and solutions.

(f) "Operational cost savings" means savings realized from parts, service fees, capital renewal costs, and other measurable annual expenses to maintain and repair systems. This definition does not mean labor savings related to existing facility staff.

(g) "Public facilities" means buildings, building components, and major equipment or systems owned by public school districts and public higher education institutions.

Sec. 7137. RCW 43.331.050 and 2010 1st sp.s. c 35 s 302 are each amended to read as follows:

(1) Within appropriations specifically provided for the purposes of this chapter, the department of commerce, in consultation with the department of ~~((general administration))~~ enterprise services, and the Washington State University energy program shall establish a competitive process to solicit and evaluate

applications from public school districts, public higher education institutions, and other state agencies. Final grant awards shall be determined by the department of commerce.

(2) Grants must be awarded in competitive rounds, based on demand and capacity, with at least five percent of each grant round awarded to small public school districts with fewer than one thousand full-time equivalent students, based on demand and capacity.

(3) Within each competitive round, projects must be weighted and prioritized based on the following criteria and in the following order:

(a) Leverage ratio: In each round, the higher the leverage ratio of nonstate funding sources to state jobs act grant, the higher the project ranking.

(b) Energy savings: In each round, the higher the energy savings, the higher the project ranking. Applicants must submit documentation that demonstrates energy and operational cost savings resulting from the installation of the energy equipment and improvements. The energy savings analysis must be performed by a licensed engineer and documentation must include but is not limited to the following:

(i) A description of the energy equipment and improvements;

(ii) A description of the energy and operational cost savings; and

(iii) A description of the extent to which the project employs collaborative and innovative measures and encourages demonstration of new and emerging technologies with high energy savings or energy cost reductions.

(c) Expediency of expenditure: Project readiness to spend funds must be prioritized so that the legislative intent to expend funds quickly is met.

(4) Projects that do not use energy savings performance contracting must: (a) Verify energy and operational cost savings, as defined in RCW 43.331.040, for ten years or until the energy and operational costs savings pay for the project, whichever is shorter; (b) follow the department of ~~((general administration))~~ enterprise services' energy savings performance contracting project guidelines developed pursuant to RCW 43.331.040; and (c) employ a licensed engineer for the energy audit and construction. The department of commerce may require third-party verification of savings if a project is not implemented by an energy savings performance contractor selected by the department of ~~((general administration))~~ enterprise services through the request of qualifications process. Third-party verification must be conducted either by an energy savings performance contractor selected by the department of ~~((general administration))~~ enterprise services through a request for qualifications, a licensed engineer specializing in energy conservation, or by a project resource conservation manager or educational service district resource conservation manager.

(5) To intensify competition, the department of commerce may only award funds to the top eighty-five percent of projects applying in a round until the department of commerce determines a final round is appropriate. Projects that do not receive a grant award in one round may reapply in subsequent rounds.

(6) To match federal grants and programs that require state matching funds and produce significantly higher efficiencies in operations and utilities, the level of innovation criteria may be increased for the purposes of weighted scoring to capture those federal dollars for selected projects that require a higher level of innovation and regional collaboration.

(7) Grant amounts awarded to each project must allow for the maximum number of projects funded with the greatest energy and cost benefit.

(8)(a) The department of commerce must use bond proceeds to pay one-half of the preliminary audit, up to five cents per square foot, if the project does not meet the school district's and higher

education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the other one-half of the cost of the preliminary audit if the project does not meet their predetermined cost-effectiveness criteria.

(b) The energy savings performance contractor may not charge for an investment grade audit if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the full price of an investment grade audit if they do not proceed with a project that meets the school district's and higher education institution's predetermined cost-effectiveness criteria.

(9) The department of commerce may charge projects administrative fees and may pay the department of (~~general administration~~) enterprise services and the Washington State University energy program administration fees in an amount determined through a memorandum of understanding.

(10) The department of commerce and the department of (~~general administration~~) enterprise services must submit a joint report to the appropriate committees of the legislature and the office of financial management on the timing and use of the grant funds, program administrative function, compliance with apprenticeship utilization requirements in RCW 39.04.320, compliance with prevailing wage requirements, and administration fees by the end of each fiscal year, until the funds are fully expended and all savings verification requirements are fulfilled.

Sec. 7138. RCW 44.68.065 and 2010 c 282 s 8 are each amended to read as follows:

The legislative service center, under the direction of the joint legislative systems committee and the joint legislative systems administrative committee, shall:

(1) Develop a legislative information technology portfolio consistent with the provisions of RCW (~~(43.105.172)~~) 43.41A.110;

(2) Participate in the development of an enterprise-based statewide information technology strategy (~~as defined in RCW 43.105.019~~);

(3) Ensure the legislative information technology portfolio is organized and structured to clearly indicate participation in and use of enterprise-wide information technology strategies;

(4) As part of the biennial budget process, submit the legislative information technology portfolio to the chair and ranking member of the ways and means committees of the house of representatives and the senate, the office of financial management, and the (~~department of information services~~) office of the chief information officer.

Sec. 7139. RCW 44.73.010 and 2007 c 453 s 2 are each amended to read as follows:

(1) There is created in the legislature a legislative gift center for the retail sale of products bearing the state seal, Washington state souvenirs, other Washington products, and other products as approved. Wholesale purchase of products for sale at the legislative gift center is not subject to competitive bidding.

(2) Governance for the legislative gift center shall be under the chief clerk of the house of representatives and the secretary of the senate. They may designate a legislative staff member as the lead staff person to oversee management and operation of the gift shop.

(3) The chief clerk of the house of representatives and secretary of the senate shall consult with the department of (~~general administration~~) enterprise services in planning, siting, and maintaining legislative building space for the gift center.

(4) Products bearing the "Seal of the State of Washington" as described in Article XVIII, section 1 of the Washington state Constitution and RCW 1.20.080, must be purchased from the secretary of state pursuant to an agreement between the chief clerk of the house of representatives, the secretary of the senate, and the secretary of state.

Sec. 7140. RCW 46.08.065 and 1998 c 111 s 4 are each amended to read as follows:

(1) It is unlawful for any public officer having charge of any vehicle owned or controlled by any county, city, town, or public body in this state other than the state of Washington and used in public business to operate the same upon the public highways of this state unless and until there shall be displayed upon such automobile or other motor vehicle in letters of contrasting color not less than one and one-quarter inches in height in a conspicuous place on the right and left sides thereof, the name of such county, city, town, or other public body, together with the name of the department or office upon the business of which the said vehicle is used. This section shall not apply to vehicles of a sheriff's office, local police department, or any vehicles used by local peace officers under public authority for special undercover or confidential investigative purposes. This subsection shall not apply to: (a) Any municipal transit vehicle operated for purposes of providing public mass transportation; (b) any vehicle governed by the requirements of subsection (4) of this section; nor to (c) any motor vehicle on loan to a school district for driver training purposes. It shall be lawful and constitute compliance with the provisions of this section, however, for the governing body of the appropriate county, city, town, or public body other than the state of Washington or its agencies to adopt and use a distinctive insignia which shall be not less than six inches in diameter across its smallest dimension and which shall be displayed conspicuously on the right and left sides of the vehicle. Such insignia shall be in a color or colors contrasting with the vehicle to which applied for maximum visibility. The name of the public body owning or operating the vehicle shall also be included as part of or displayed above such approved insignia in colors contrasting with the vehicle in letters not less than one and one-quarter inches in height. Immediately below the lettering identifying the public entity and agency operating the vehicle or below an approved insignia shall appear the words "for official use only" in letters at least one inch high in a color contrasting with the color of the vehicle. The appropriate governing body may provide by rule or ordinance for marking of passenger motor vehicles as prescribed in subsection (2) of this section or for exceptions to the marking requirements for local governmental agencies for the same purposes and under the same circumstances as permitted for state agencies under subsection (3) of this section.

(2) Except as provided by subsections (3) and (4) of this section, passenger motor vehicles owned or controlled by the state of Washington, and purchased after July 1, 1989, must be plainly and conspicuously marked on the lower left-hand corner of the rear window with the name of the operating agency or institution or the words "state motor pool," as appropriate, the words "state of Washington — for official use only," and the seal of the state of Washington or the appropriate agency or institution insignia, approved by the department of (~~general administration~~) enterprise services. Markings must be on a transparent adhesive material and conform to the standards established by the department of (~~general administration~~) enterprise services. For the purposes of this section, "passenger motor vehicles" means sedans, station wagons, vans, light trucks, or other motor vehicles under ten thousand pounds gross vehicle weight.

(3) Subsection (2) of this section shall not apply to vehicles used by the Washington state patrol for general undercover or confidential investigative purposes. Traffic control vehicles of the Washington state patrol may be exempted from the requirements of subsection (2) of this section at the discretion of the chief of the Washington state patrol. The department of (~~general administration~~) enterprise services shall adopt general rules permitting other exceptions to the requirements of subsection (2) of this section for other vehicles used for law enforcement, confidential public health work, and public assistance fraud or support

investigative purposes, for vehicles leased or rented by the state on a casual basis for a period of less than ninety days, and those provided for in RCW 46.08.066(~~(3)~~). The exceptions in this subsection, subsection (4) of this section, and those provided for in RCW 46.08.066(~~(3)~~) shall be the only exceptions permitted to the requirements of subsection (2) of this section.

(3) The board shall create a state commute trip reduction plan that shall be updated every four years as discussed in subsection (5) of this section. The state commute trip reduction plan shall include, but is not limited to: (a) Statewide commute trip reduction program goals that are designed to substantially improve the mobility of people and goods; (b) identification of strategies at the state and regional levels to achieve the goals and recommendations for how transportation demand management strategies can be targeted most effectively to support commute trip reduction program goals; (c) performance measures for assessing the cost-effectiveness of commute trip reduction strategies and the benefits for the state transportation system; and (d) a sustainable financial plan. (6) The board shall review progress toward implementing commute trip reduction plans and programs and the costs and benefits of commute trip reduction plans and programs and shall make recommendations to the legislature and the governor by December 1, 2009, and every two years thereafter. In assessing the costs and benefits, the board shall consider the costs of not having implemented commute trip reduction plans and programs ~~((with the assistance of the transportation performance audit board authorized under chapter 44.75 RCW)).~~ The board shall examine other transportation demand management programs nationally and incorporate its findings into its recommendations to the legislature. The recommendations shall address the need for continuation, modification, or termination or any or all requirements of this chapter.

(2) State agencies sharing a common location in affected urban growth areas where the total number of state employees is one hundred or more shall, with assistance from the department of transportation, develop and implement a joint commute trip reduction program. The worksite must be treated as specified in RCW 70.94.531 and 70.94.534.

(3) The department of transportation shall develop a joint comprehensive commute trip reduction plan for all state agencies, including institutions of higher education, located in the Olympia, Lacey, and Tumwater urban growth areas.

(f) Not more than ninety days after the adoption of the joint comprehensive commute trip reduction plan, state agencies within the three urban growth areas must implement a commute trip reduction program consistent with the objectives and strategies of the joint comprehensive commute trip reduction plan.

(4) The department of transportation shall review the initial commute trip reduction program of each state agency subject to the commute trip reduction plan for state agencies to determine if the program is likely to meet the applicable commute trip reduction goals and notify the agency of any deficiencies. If it is found that the program is not likely to meet the applicable commute trip reduction goals, the department of transportation will work with the agency to modify the program as necessary.

(5) Each state agency implementing a commute trip reduction plan shall report at least once per year to its agency director on the performance of the agency's commute trip reduction program as part of the agency's quality management, accountability, and performance system as defined by RCW 43.17.385.
