Dear Chair Boehnke and committee members,

In spite of the failure of HB 1312/SB 5114 (Month of Death), there is still a need for this. As mentioned in my communication of 4/16/24 after the death of my father-in-law, the current system adds additional stress to survivors that could be avoided by HB 1312/SB 5114.

Thank you for your past support, and it is hoped that support will continue.
