Finding—Intent—2019 c 403: "The legislature finds that a number of the collision types that have resulted in a high number of serious injuries and deaths of vulnerable roadway users can be associated with certain types of traffic infractions. To address the heightened risk to vulnerable roadway users when violations of these traffic infractions occur, the legislature intends to: (1) Introduce an additional fine as a penalty for drivers who commit these violations against a vulnerable roadway user; (2) modify when certain vulnerable roadway users may be passed by motor vehicles; and (3) clarify when and how pedestrians and bicyclists may use the roadway. To increase enforcement of all traffic infractions and offenses committed against vulnerable roadway users, the legislature intends for revenue that is collected from the new fine to be dedicated to the education of law enforcement officers, prosecutors, and judges about opportunities for the enforcement of traffic violations committed against vulnerable roadway users, with any remaining funds to be used to increase awareness by the public of the risks and penalties associated with these traffic violations. The goals of this act are to achieve a reduction in the frequency with which drivers violate traffic laws that endanger vulnerable roadway users and to encourage safe sharing of the roadway by drivers, bicyclists, pedestrians, and other vulnerable roadway users." GENERAL PROVISIONS

46.09.300 Application of chapter—Permission necessary to enter upon private lands. The provisions of this chapter shall apply to all lands in this state. Nothing in this chapter, RCW 79A.35.040, 79A.35.070, 79A.35.090, 79A.35.110, and 79A.35.120 shall be deemed to grant to any person the right or authority to enter upon private property without permission of the property owner. [2005 c 213 § 2; 1972 ex.s. c 153 § 2; 1971 ex.s. c 47 § 6. Formerly RCW 46.09.010.]

Findings—Construction—2005 c 213: "The legislature finds that off-road recreational vehicles (ORVs) provide opportunities for a wide variety of outdoor recreation activities. The legislature further finds that the limited amount of ORV recreation areas presents a challenge for ORV recreational users, natural resource land managers, and private landowners. The legislature further finds that many nonhighway roads provide opportunities for ORV use and that these opportunities may reduce conflicts between users and facilitate responsible ORV recreation. However, restrictions intended for motor vehicles may prevent ORV use on certain roads, including forest service roads. Therefore, the legislature finds that local, state, and federal jurisdictions should be given the flexibility to allow ORV use on nonhighway roads they own and manage or for which they are authorized to allow public ORV use under an easement granted by the owner. Nothing in this act authorizes trespass on private property." [2005 c 213 § 1.]

Purpose—1972 ex.s. c 153: See RCW 67.32.080.

46.09.442 Wheeled all-terrain vehicles—Metal tags—Off-road, on-road registration, tabs—Exemption. ***(Effective October 1, 2021.)*** (1) Any wheeled all-terrain vehicle operated within this state must display a metal tag to be affixed to the rear of the wheeled all-terrain vehicle. The initial metal tag must be issued with an original off-road vehicle registration and, except as provided in subsection (7) of this section, upon payment of the initial vehicle license fee under RCW 46.17.350(1)(s). The metal tag must be replaced every seven years at a cost of two dollars. Revenue from replacement metal tags must be deposited into the nonhighway and off-road vehicle activities program account. The department must design the metal tag, which must:

(a) Be the same size as a motorcycle license plate;

(b) Have the words "RESTRICTED VEHICLE" listed at the top of the tag;

(c) Contain designated identification through a combination of letters and numbers;

(d) Leave space at the bottom left corner of the tag for an off-road tab issued under subsection (2) of this section; and

(e) Leave space at the bottom right corner of the tag for an on-road tab, when required, issued under subsection (3) of this section.

(2) Except as provided in subsections (6)(b) and (7) of this section, a person who operates a wheeled all-terrain vehicle must have a current and proper off-road vehicle registration, with the appropriate off-road tab, and pay the annual vehicle license fee as provided in RCW 46.17.350(1)(s), which must be deposited into the nonhighway and off-road vehicle activities program account. The off-road tab must be issued annually by the department upon payment of initial and renewal vehicle license fees under RCW 46.17.350(1)(s), except as provided in subsection (7) of this section.

(3) Except as provided in subsections (6)(a) and (7) of this section, a person who operates a wheeled all-terrain vehicle upon a public roadway must have a current and proper on-road vehicle registration, with the appropriate on-road tab, which must be of a bright color that can be seen from a reasonable distance, and pay the annual vehicle license fee as provided in RCW 46.17.350(1)(r). The on-road tab must be issued annually by the department upon payment of initial and renewal vehicle license fees under RCW 46.17.350(1)(r), except as provided in subsection (7) of this section.

(4) Beginning July 1, 2017, for purposes of subsection (3) of this section, a special year tab issued pursuant to chapter 46.19 RCW to a person with a disability may be displayed on a wheeled all-terrain vehicle in lieu of an on-road tab.

(5) A wheeled all-terrain vehicle may not be registered for commercial use.

(6)(a) A wheeled all-terrain vehicle registration and a metal tag are not required under this chapter for a wheeled all-terrain vehicle that meets the definition in RCW 46.09.310(19), is owned by a resident of another state, and has a vehicle registration and metal tag or license plate issued in accordance with the laws of the other state allowing for on-road travel in that state. This exemption applies only to the extent that: (i) A similar exemption or privilege is granted under the laws of that state for wheeled all-terrain vehicles registered in Washington, and (ii) the other state has equipment requirements for on-road use that meet or exceed the requirements listed in RCW 46.09.457. The department may publish on its website a list of states that meet the exemption requirements under this subsection. The exemption in this subsection does not apply to a wheeled all-terrain vehicle owned by a resident of a state that borders Washington and

that does not impose a retail sales and use tax on the sales or use of wheeled all-terrain vehicles.

(b) Off-road operation in Washington state of a wheeled all-terrain vehicle owned by a resident of another state and meeting the definition in RCW 46.09.310(19) is governed in the same manner as for other off-road vehicles under RCW 46.09.420(4).

(7)(a) No fee is required with an application for an original ORV registration or the renewal of an ORV registration, if the vehicle is also properly registered or permitted in another state to a resident of the state, and, at the time of application, the resident presents the following documents issued by the other state: (i) The resident's unexpired driver's license; and (ii) the current registration or permit for the off-road vehicle.

(b) The department must issue a metal tag and either the off-road tab, on-road tab, or both, as appropriate, following the ORV registration under (a) of this subsection. [2021 c 216 § 4; 2016 c 84 § 3; 2013 2nd sp.s. c 23 § 4.]

Effective date—2021 c 216: See note following RCW 46.09.420.

Finding—Intent—2013 2nd sp.s. c 23: "(1) The legislature finds that off-road vehicle users have been overwhelmed with varied confusing rules, regulations, and ordinances from federal, state, county, and city land managers throughout the state to the extent standardization statewide is needed to maintain public safety and good order.

(2) It is the intent of the legislature to: (a) Increase opportunities for safe, legal, and environmentally acceptable motorized recreation; (b) decrease the amount of unlawful or environmentally harmful motorized recreation; (c) generate funds for use in maintenance, signage, education, and enforcement of motorized recreation opportunities; (d) advance a culture of self-policing and abuse intolerance among motorized recreationists; (e) cause no change in the policies of any governmental agency with respect to public land; (f) not change any current ORV usage routes as authorized in chapter 213, Laws of 2005; (g) stimulate rural economies by opening certain roadways to use by motorized recreationists which will in turn stimulate economic activity through expenditures on gasoline, lodging, food and drink, and other entertainment purposes; and (h) require all wheeled all-terrain vehicles to obtain a metal tag." [2013 2nd sp.s. c 23 § 1.]

Effective date—2013 2nd sp.s. c 23: See note following RCW 46.09.310.

(2) A person who operates a wheeled all-terrain vehicle under this section is granted all rights and is subject to all duties applicable to the operator of a motorcycle under RCW 46.37.530 and chapter 46.61 RCW, unless otherwise stated in chapter 23, Laws of 2013 2nd sp. sess., except that wheeled all-terrain vehicles may not be operated side-by-side in a single lane of traffic.

(3) Wheeled all-terrain vehicles are subject to chapter 46.55 RCW.

(4) Any person who violates this section commits a traffic infraction.

(5) The department may develop and implement an online training course for persons that register wheeled all-terrain vehicles and utility-type vehicles for use on a public roadway of this state. The department is granted rule-making authority for the training course. Any future costs associated with the training course must be appropriated from the highway safety account [fund] and any fees collected must be distributed to the highway safety account [fund]. 46.09.495 Failure to title or register an off-road vehicle—Penalty, circumstances when. ***(Effective until October 1, 2021.)*** (1) It is a gross misdemeanor, punishable as provided under chapter 9A.20 RCW, for a resident, as identified in RCW 46.16A.140, to knowingly fail to apply for a Washington state certificate of title for, or to knowingly fail to register, an off-road vehicle within fifteen days of receiving or refusing a notice issued by the department under RCW 46.93.210.

(2) Excise taxes owed and fines assessed must be deposited in the manner provided under RCW 46.16A.030(6). [2017 c 218 § 2.]

Finding—Intent—2017 c 218: "The legislature finds that many residents of Washington enjoy recreational opportunities for off-road vehicle and snowmobile use afforded by the natural beauty of the state and do so in compliance with vehicle titling and registration laws and other laws that govern off-road vehicle and snowmobile use. At the same time, the legislature recognizes that the current law and corresponding enforcement regime may not be robust enough to ensure full compliance with legal registration requirements and a level playing field for all users. It is therefore the intent of the legislature to modify the statutory framework governing penalties for off-road vehicle and snowmobile registration violations and to add requirements to the department of licensing in order to improve registration compliance." 46.09.510 Nonhighway and off-road vehicle activities program account. The nonhighway and off-road vehicle activities program account is created in the state treasury. Moneys in this account are subject to legislative appropriation. The recreation and conservation funding board shall administer the account for purposes specified in this chapter and shall hold it separate and apart from all other money, funds, and accounts of the board. Grants, gifts, or other financial assistance, proceeds received from public bodies as administrative cost contributions, and any moneys made available to the state of Washington by the federal government for outdoor recreation may be deposited into the account. 46.09.520 Refunds from motor vehicle fund—Distribution—Use. (1) From time to time, but at least once each year, the state treasurer must refund from the motor vehicle fund one percent of the motor vehicle fuel tax revenues collected under chapter 82.38 RCW, based on: (a) A tax rate of: (i) Nineteen cents per gallon of motor vehicle fuel from July 1, 2003, through June 30, 2005; (ii) twenty cents per gallon of motor vehicle fuel from July 1, 2005, through June 30, 2007; (iii) twenty-one cents per gallon of motor vehicle fuel from July 1, 2007, through June 30, 2009; (iv) twenty-two cents per gallon of motor vehicle fuel from July 1, 2009, through June 30, 2011; (v) twenty-three cents per gallon of motor vehicle fuel from July 1, 2011, through July 31, 2015; (vi) thirty cents per gallon of motor vehicle fuel from August 1, 2015, through June 30, 2016; and (vii) thirty-four and nine-tenths cents per gallon of motor vehicle fuel from July 1, 2016, through June 30, 2031; and (b) beginning July 1, 2031, and thereafter, the state's motor vehicle fuel tax rate in existence at the time of the fuel purchase, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090.

(2) The treasurer must place these funds in the general fund as follows:

(a) Thirty-six percent must be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities, and

information programs and maintenance of nonhighway roads;

(b) Three and one-half percent must be credited to the ORV and nonhighway vehicle account and administered by the department of fish and wildlife solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and the maintenance of nonhighway roads;

(c) Two percent must be credited to the ORV and nonhighway vehicle account and administered by the parks and recreation commission solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities; and

(d) Fifty-eight and one-half percent must be credited to the nonhighway and off-road vehicle activities program account to be administered by the board for planning, acquisition, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and for education, information, and law enforcement programs. The funds under this subsection must be expended in accordance with the following limitations:

(i) Not more than thirty percent may be expended for education, information, and law enforcement programs under this chapter;

(ii) Not less than seventy percent may be expended for ORV, nonmotorized, and nonhighway road recreation facilities. Except as provided in (d)(iii) of this subsection, of this amount:

(A) Not less than thirty percent, together with the funds the board receives under RCW 46.68.045, may be expended for ORV recreation facilities;

(B) Not less than thirty percent may be expended for nonmotorized recreation facilities. Funds expended under this subsection (2)(d)(ii)(B) are known as Ira Spring outdoor recreation facilities funds; and

(C) Not less than thirty percent may be expended for nonhighway road recreation facilities;

(iii) The board may waive the minimum percentage cited in (d)(ii) of this subsection due to insufficient requests for funds or projects that score low in the board's project evaluation. Funds remaining after such a waiver must be allocated in accordance with board policy.

(3) On a yearly basis an agency may not, except as provided in RCW 46.68.045, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.

(4) During the 2009-2011 fiscal biennium, the legislature may appropriate such amounts as reflect the excess fund balance in the NOVA account to the department of natural resources to install consistent off-road vehicle signage at department-managed recreation sites, and to implement the recreation opportunities on department-managed lands in the Reiter block and Ahtanum state forest, and to the state parks and recreation commission. The legislature finds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of state parks or to improve accessibility for boaters and off-road vehicle users at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. The appropriations under this subsection are not required to follow the specific distribution specified in subsection (2) of this section.

(5) During the 2021-2023 fiscal biennium, the legislature may appropriate moneys from the NOVA account to the department of natural resources to support programs that benefit ORV, nonhighway road[,] and nonmotorized recreational facilities. Findings—Intent—2015 2nd sp.s. c 9: "The legislature finds that through statutory mechanisms and voter-approved initiatives, a long-standing commitment has been in place to direct refunds from fuel tax purchases made by boaters, off-road and nonhighway vehicle riders and drivers, and snowmobilers into dedicated nonhighway-purpose accounts that provide infrastructure grants and operating assistance to those nonhighway users.

The legislature finds that the state departed from its commitment in 2003 and 2005 when motor vehicle fuel tax increases of five cents and nine and one-half cents contained no statutory direction to dedicate the refund percentage from the fourteen and one-half cents of fuel tax purchases made by boaters, off-road and nonhighway vehicle riders and drivers, and snowmobilers into the appropriate nonhighway-purpose user accounts.

The legislature intends to remedy this problem by fully restoring the refund percentages into nonhighway-purpose accounts established to benefit nonhighway users of fuel. The legislature also intends to honor its commitment when the refund amounts from nonhighway-purpose fuel tax purchases are no longer necessary to repay bonded debt associated with the 2003 and 2005 motor vehicle fuel tax increases. The legislature also intends to specify that as of July 1, 2031, the state will apply the total percentage of nonhighway-purpose fuel tax refunds into the proper nonhighway user accounts for boaters, off-road and nonhighway vehicle riders and drivers, and snowmobilers." (1) After deducting administrative expenses and the expense of any programs conducted under this chapter, the board shall, at least once each year, distribute the funds it receives under RCW 46.68.045 and 46.09.520 to state agencies, counties, municipalities, federal agencies, nonprofit off-road vehicle organizations, and Indian tribes. Funds distributed under this section to nonprofit off-road

All receipts from vehicle license fees under RCW 46.17.350(1)(r) must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for grants administered by the department of transportation to: (a) Counties to perform safety engineering analysis of mixed vehicle use on any road within a county; (b) local governments to provide funding to erect signs providing notice to the motoring public that (i) wheeled all-terrain vehicles are present or (ii) wheeled all-terrain vehicles may be crossing; (c) the state patrol or local law enforcement for purposes of defraying the costs of enforcement of chapter 23, Laws of 2013 2nd sp. sess.; (d) law enforcement to investigate accidents involving wheeled all-terrain vehicles; and (e) during the 2021-2023 biennium grants may be made to counties to (i) enhance or maintain any segment of a road within the county in which the segment has been designated as part of a travel or tourism route for use by wheeled all-terrain vehicles; and (ii) purchase, print, develop, or use educational brochures or mapping technology that aids in the safety and direction of users of wheeled all-terrain vehicle routes.

(2) The department of transportation must prioritize grant awards in the following priority order:

(a) For the purpose of marking highway crossings with signs warning motorists that wheeled all-terrain vehicles may be crossing when an ORV recreation facility parking lot is on the other side of a public roadway from the actual ORV recreation facility; and

(b) For the purpose of marking intersections with signs where a wheeled all-terrain vehicle may cross a public road to advise motorists of the upcoming intersection. Such signs must conform to the manual on uniform traffic control devices. [2021 c 333 § 720; 2013 2nd sp.s. c 23 § 10.]

a form approved by the department. (b) A treasurer certificate that is prepared by the treasurer of the county in which a used manufactured home is located and that states that all property taxes due upon the used manufactured home being sold have been satisfied.

(6) **Title elimination.** The certificate of title for a manufactured home may be eliminated or not issued when the manufactured home is registered under chapter 65.20 RCW. If the certificate of title is eliminated or not issued, the application must be recorded in the county property records of the county where the real property to which the home is affixed is located. All vehicle license fees and taxes applicable to manufactured homes under this chapter are due and must be collected before recording the ownership with the county auditor.

Washington residents must renew vehicle registrations annually as well. The intent of this act is to increase the monetary penalties associated with failure to properly register vehicles in the state of Washington." [2005 c 323 § 1.]

Legislative intent—1989 c 192: "The legislature recognizes that there are residents of this state who intentionally register motor vehicles in other states to evade payment of taxes and fees required by the laws of this state. This results in a substantial loss of revenue to the state. It is the intent of the legislature to impose a stronger criminal penalty upon those residents who defraud the state, thereby enhancing compliance with the registration laws of this state and further enhancing enforcement and collection efforts.

In order to encourage voluntary compliance with the registration laws of this state, administrative penalties associated with failing to register a motor vehicle are waived until September 1, 1989. It is not the intent of the legislature to waive traffic infraction or criminal traffic violations imposed prior to July 23, 1989." [1989 c 192 § 1.]

The owner of a commercial vehicle properly registered in another state may apply to the department, county auditor or other agent, or subagent appointed by the director for an out-of-state commercial vehicle intrastate permit when operating the commercial vehicle in Washington state for periods less than one year. The permit may be issued for a thirty, sixty, or ninety-day period. For each thirty-day period, the cost of each permit is one-twelfth of the fees required under chapter 82.44 RCW if the vehicle is subject to locally imposed motor vehicle excise taxes and (1) under RCW 46.17.355(1) if the vehicle is a motor vehicle or (2) under RCW 46.17.350(1)(c) if the vehicle is a commercial trailer. (a) The farmer's own farm, orchard, dairy, or private sector cultured aquatic products as defined in RCW 15.85.020, from point of production to market or warehouse. Fish other than private sector cultured aquatic products or forestry products are not considered farm products;

(4) The application for a reduced gross weight license fee must be made by the farmer or the farmer's authorized representative to the department, county auditor or other agent, or subagent appointed by the director on a form furnished or approved by the department and must contain a statement that the vehicle will be used subject to the limitations of this section.

(5) The department, county auditor or other agent, or subagent appointed by the director shall issue a unique series of license tabs for farm vehicles registered under this section. Farm tabs must be placed on all farm vehicles registered under this section to indicate that the vehicle is registered as a farm vehicle. 46.16A.455 Trucks, buses, and for hire vehicles based on gross weight. (1) **Auto stage, bus, for hire vehicle - more than six seats.** The declared gross weight for an auto stage, bus, or for hire vehicle, except taxicabs, with a seating capacity of more than six is determined by:

(a) Multiplying the number of seats, including the driver, times one hundred fifty pounds per seat;

(b) Adding the scale weight to the product derived in (a) of this subsection; and

(c) Locating the sum derived in (b) of this subsection in the registration fee based on declared gross weight table provided in RCW 46.17.355 and rounding up to the next greater weight.

(2) **Motor truck, road tractor, truck, truck tractor - sufficient declared gross weight required.** The declared gross weight for a motor truck, road tractor, truck, or truck tractor must have a sufficient declared gross weight, as required under chapter 46.44 RCW, to cover:

(a) Its empty scale weight plus the maximum load it will carry; and

(b) The empty scale weight of any trailer it will tow and the maximum load that the trailer will carry. The declared gross weight of the motor vehicle does not need to include the trailer if:

(i) The empty scale weight of the trailer and the maximum load the trailer will carry does not exceed four thousand pounds; or

(ii) The trailer is for personal use, such as a horse trailer, travel trailer, or utility trailer.

(3) **Motor truck, road tractor, truck, and truck tractor - exceeding six thousand pounds empty scale weight.** Every truck, motor truck, truck tractor, and tractor exceeding six thousand pounds empty scale weight registered under this chapter or chapter 46.87 RCW must be licensed for not less than one hundred fifty percent of its empty weight unless:

(a) The amount would exceed the legal limits described in RCW 46.44.041 or 46.44.042, in which event the vehicle must be licensed for the maximum weight authorized for the vehicle; or

(b) The vehicle is a fixed load vehicle.

(4) **Increasing declared gross weight.** The following provisions apply when increasing declared gross weight for a motor vehicle licensed under this section:

(a) The declared gross weight must be increased to the end of the current registration year when the declared gross weight remains at 12,000 pounds or less.

(b) For motor vehicles increasing to a declared gross weight of 14,000 pounds or more, the declared gross weight must be increased, at a minimum, to the expiration of the current declared gross weight license.

(c) The new license fee is one-twelfth of the annual license fee listed in RCW 46.17.355 for each of the number of months remaining in the registration period. The department shall:

(i) Apply credit to any gross weight license fees already paid for the full months remaining in the registration period;

(ii) Charge the monthly declared gross weight license fee required under RCW 46.17.360, in addition to any other fees or taxes due; and

(iii) Not apply credit to monthly declared gross weight license fees already used.

(d) (c) of this subsection does not apply to motor vehicles described in (a) of this subsection.

(e) Upon surrender of the current registration certificate or cab card, credit must be applied as described in (c) of this subsection.

(5) **Monthly license—Authorized.** The annual license fees required in RCW 46.17.355 for any motor vehicle or combination of vehicles having a declared gross weight of twelve thousand one pounds or more may be paid for any full registration month or months at one-twelfth of the annual license fee plus the monthly declared gross weight license fee required in RCW 46.17.360. This sum must be multiplied by the number of full months for which the fees are paid if for less than a full year.

(6) **Monthly license—Penalty.** Operation of a vehicle registered under subsection (5) of this section by any person upon the public highways after the expiration of the monthly license is a traffic infraction. The person shall pay a license fee for the vehicle involved covering an entire registration year's operation, less the fees for any registration month or months of the registration year already paid. If, within five days, a license fee for a full registration year has not been paid as required, the Washington state patrol, county sheriff, or city police shall impound the vehicle until the fees have been paid.

(7) **Camper, school bus—Exemptions.** (a) The weight of a camper must not be included when determining declared gross weight.

(b) Motor vehicles used for the transportation of school children or teachers to and from school and other school activities are exempt from subsection (1) of this section and the seating capacity fee provided in RCW 46.17.340. If the motor vehicle is used for any other purpose, it must be appropriately registered as required under this chapter.

(8) **Credit for unused license fee.** A registered owner of a motor vehicle with a declared gross weight of more than twelve thousand pounds may obtain credit for the unused portion of the license fee paid or transfer the credit to a new owner under the following conditions:

(a) The motor vehicle must have been recently sold or transferred to another owner, is no longer in the possession of the owner, or is reported destroyed under RCW 46.12.600;

(b) The available credit must be fifteen dollars or more;

(c) Credit will be given for any unused months of the declared gross weight license already purchased at the rate of one-twelfth for each full or partial month of registration;

(d) Credit only applies to license fees due under RCW 46.17.355 for the registration year for which it was purchased;

(e) Credit as used in this section may not be refunded. [2011 c 171 § 50; 2010 c 161 § 419; 2005 c 314 § 204. Findings—2003 c 361: See note following RCW 82.38.030.

Policies and purposes—2003 c 1 (Initiative Measure No. 776): "This measure would require license tab fees to be $30 per year for motor vehicles and light trucks and would repeal certain government-imposed charges, including excise taxes and fees, levied on motor vehicles. Politicians promised "$30 license tabs are here to stay" and promised any increases in vehicle-related taxes, fees and surcharges would be put to a public vote. Politicians should keep their promises. As long as taxpayers must pay incredibly high sales taxes when buying motor vehicles (meaning state and local governments receive huge windfalls of sales tax revenue from these transactions), the people want license tab fees to not exceed the promised $30 per year. Without this follow-up measure, "tab creep" will continue until license tab fees are once again obscenely expensive, as they were prior to Initiative 695. The people want a public vote on any increases in vehicle-related taxes, fees and surcharges to ensure increased accountability. Voters will require more cost-effective use of existing revenues and fundamental reforms before approving higher charges on motor vehicles (such changes may remove the need for any increases). Also, dramatic changes to transportation plans and programs previously presented to voters must be resubmitted. This measure provides a strong directive to all taxing districts to obtain voter approval before imposing taxes, fees and surcharges on motor vehicles. However, if the legislature ignores this clear message, a referendum will be filed to protect the voters' rights. Politicians should just do the right thing and keep their promises." [2003 c 1 § 1 (Initiative Measure No. 776, approved November 5, 2002).]

Intent—2003 c 1 (Initiative Measure No. 776): "The people have made clear through the passage of numerous initiatives and referenda that taxes need to be reasonable and tax increases should always be a last resort. However, politicians throughout the state of Washington continue to ignore these repeated mandates.

The people expect politicians to keep their promises. The legislative intent of this measure is to ensure that they do.

Politicians are reminded:

(1) Washington voters want license tab fees to be $30 per year for motor vehicles unless voters authorize higher vehicle-related charges at an election.

(2) All political power is vested in the people, as stated in Article I, section 1 of the Washington state Constitution.

(3) The first power reserved by the people is the initiative, as stated in Article II, section 1 of the Washington state Constitution.

(4) When voters approve initiatives, politicians have a moral, ethical, and constitutional obligation to fully implement them. When politicians ignore this obligation, they corrupt the term "public servant."

(5) Any attempt to violate the clear intent and spirit of this measure undermines the trust of the people in their government and will increase the likelihood of future tax limitation measures." [2003 c 1 § 11 (Initiative Measure No. 776, approved November 5, 2002).]

Repeal of taxes by 2003 c 1 § 6 (Initiative Measure No. 776): "If the repeal of taxes in section 6 of this act affects any bonds previously issued for any purpose relating to light rail, the people expect transit agencies to retire these bonds using reserve funds including accrued interest, sale of property or equipment, new voter approved tax revenues, or any combination of these sources of revenue. Taxing districts should abstain from further bond sales for any purpose relating to light rail until voters decide this measure. The people encourage transit agencies to put another tax revenue measure before voters if they want to continue with a light rail system dramatically changed from that previously represented to and approved by voters." [2003 c 1 § 7 (Initiative Measure No. 776, approved November 5, 2002).]

(a) Fifteen dollars for changes in a certificate of title, changes in ownership for nontitled vehicles, or for verification of record and preparation of an affidavit of lost title other than at the time of the certificate of title application or transfer, in addition to any other fees or taxes due at the time of application; and

(b) Eight dollars for a registration renewal, issuing a transit permit, or any other service under this section, in addition to any other fees or taxes due at the time of application.

(2) Service fees collected under this section by the department or county auditor or other agent appointed by the director must be credited to the capital vessel replacement account under RCW 47.60.322. [2019 c 417 § 2; 2018 c 79 § 1; 2014 c 59 § 2; 2011 c 171 § 55; 2010 c 161 § 506.]

Findings—Intent—2019 c 417: "(1) The legislature finds that Washington state's vehicle and vessel licensing system depends on a partnership between the department of licensing, the county auditors, and the vehicle subagents. Vehicle subagents perform vehicle and vessel licensing on behalf of the state; they are small Washington family businesses, not large out-of-state corporations, and therefore the revenue from these businesses stays here and is invested back into their Washington communities. Vehicle subagents are located in most communities of the state and are open extended hours and weekends to serve the public. These private businesses collect and remit hundreds of millions of dollars in taxes and fees for the state of Washington each year. The only moneys that are retained by vehicle subagents are the five dollar registration service fee or the twelve dollar titling service fee; all other moneys are remitted to the county and state. With the rising costs of property rents, worker benefits, and employee wages and the future increases to come, subagents will not be able to continue to operate without an adjustment to their fees.

(2) Furthermore, the legislature finds that the county auditors, acting as agents of Washington state, provide the service of registering vehicles and vessels to Washington's citizens, and the legislature has allowed the county auditors to charge a filing fee to recoup the costs of providing this service. The filing fee revenue is deposited into the county general fund of the county where the fee is collected and supports all county functions, including law enforcement and public safety. The cost of providing licensing services has gone up, and eleven counties now must receive state general fund assistance since the costs of providing the service is more than the filing fee revenue collected in those counties. The legislature finds that adjusting the filing fee would eliminate the need for the state to provide financial assistance to those eleven counties.

(3) The legislature intends to keep the state vehicle and vessel licensing delivery system healthy, and subagents and county auditors are a critical component of that system. The service fee retained by subagents and the filing fee deposited to county general funds are set in statute and must be changed by the legislature. Historically, these fees were adjusted every four to five years, but it has been almost ten years since the last service fee adjustment and more than twenty years since the last filing fee adjustment. It is the intent of the legislature to make fee adjustments to keep the vehicle subagents and county auditors healthy." [2019 c 417 § 1.]

46.17.324 Transportation electrification fee. To realize the environmental benefits of electrification of the transportation system it is necessary to support the adoption of electric vehicles and other electric technology in the state by incentivizing the purchase of these vehicles, building out the charging infrastructure, developing greener transit options, and supporting clean alternative fuel infrastructure. For administrative efficiencies, the transportation electrification fee must be collected at the same time as vehicle registration renewals and may only be collected for vehicles that are renewing an annual vehicle registration.

(2) Beginning October 1, 2019, in lieu of the fee in subsection (1) of this section for a hybrid or alternative fuel vehicle that is not required to pay the fees established in RCW 46.17.323 (1) and (4), the department, county auditor, or other agent or subagent appointed by the director must require that the applicant for the annual vehicle registration renewal of such hybrid or alternative fuel vehicle pay a seventy-five dollar hybrid vehicle transportation electrification fee, in addition to any other fees and taxes required by law.

(3) The fees required under this section must be deposited in the electric vehicle account created in RCW 82.44.200, until July 1, 2025, when the fee must be deposited in the motor vehicle account.

(4) This section only applies to a vehicle that is designed to have the capability to drive at a speed of more than thirty-five miles per hour. [2019 c 287 § 23.]

GENERAL PROVISIONS

46.18.005 Intent. The legislature has seen an increase in the demand from constituent groups seeking recognition and funding through the establishment of commemorative or special license plates. The high cost of implementing a new special license plate series coupled with the uncertainty of the state's ability to recoup its costs has led the legislature to delay the implementation of new special license plates. In order to address these issues, it is the intent of the legislature to create a mechanism that will allow for the evaluation of special license plate requests and establish a funding policy that will alleviate the financial burden currently placed on the state. Using these two strategies, the legislature will be better equipped to efficiently process special license plate legislation. [2010 c 161 § 601; 2003 c 196 § 1. Formerly RCW 46.16.700.]

Reviser's note: 2010 c 161 § 1226 directed that RCW 46.16.700 be recodified under the subchapter heading "review board" under chapter 46.18 RCW. However, recodification under the subchapter heading "general provisions" appears to be more appropriate.

In addition to any penalty or fine imposed under this subsection, two hundred dollars must be assessed. For the purpose of this subsection, "unauthorized use" includes (a) any use of a parking placard, special license plate, special

year tab, or identification card that is expired, inactivated, faked, forged, or counterfeited, (b) any use of a parking placard, special license plate, special year tab, or identification card of another holder if the initial holder is no longer eligible to use or receive it, and (c) any use of a parking placard, special license plate, special year tab, or identification card of another holder even if permitted to do so by the holder.

In addition to any penalty or fine imposed under this subsection, two hundred dollars must be assessed. If a person is charged with a violation, the person will not be determined to have committed an infraction if the person establishes that the person operating the vehicle or being transported at the time of the infraction had a valid placard, special license plate, or special year tab issued under this chapter as required under this chapter. Such person must sign a statement under penalty of perjury that the placard, special license plate, or special year tab produced prior to the court appearance was valid at the time of infraction and issued under this chapter as required under this chapter.

All time restrictions must be clearly posted.

If a person is charged with a violation of this subsection, that person will not be determined to have committed an infraction if the person produces in court or before the court appearance a valid identification card issued to that person under RCW 46.19.010.

(7) **Allocation and use of funds - reimbursement.** (a) The assessment imposed under subsections (2), (3), (4), and (6) of this section must be allocated as follows:

Volunteers must be at least twenty-one years of age. The law enforcement agency appointing volunteers may establish any other qualifications that the agency deems desirable.

(a) An agency appointing volunteers under this section must provide training to the volunteers before authorizing them to issue notices of infractions.

(b) A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a peace officer for the same offense.

(c) A peace officer or a volunteer may request a person to show the person's identification card or special parking placard when investigating the possibility of a violation of this section. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

Purpose—Construction—1965 ex.s. c 121: "With the advent of greatly increased interstate vehicular travel and the migration of motorists between the states, the legislature recognizes the necessity of enacting driver licensing laws which are reasonably uniform with the laws of other states and are at the same time based upon sound, realistic principles, stated in clear explicit language. To achieve these ends the legislature does hereby adopt this 1965 amendatory act relating to driver licensing modeled after the Uniform Vehicle Code subject to such variances as are deemed better suited to the people of this state. It is intended that this 1965 amendatory act be liberally construed to effectuate the purpose of improving the safety of our highways through driver licensing procedures within the framework of the traditional freedoms to which every motorist is entitled." The department may waive the requirement if it finds that other documentation clearly establishes the identity of the applicant. Notwithstanding the requirements in subsection (2) of this section, the department shall issue an identicard to an applicant for whom it receives documentation pursuant to RCW 74.13.283.

46.20.037 Facial recognition matching system. (1) The department may implement a facial recognition matching system for drivers' licenses, permits, and identicards. Any facial recognition matching system selected by the department must be used only to verify the identity of an applicant for or holder of a driver's license, permit, or identicard to determine whether the person has been issued a driver's license, permit, or identicard under a different name or names.

(2) Any facial recognition matching system selected by the department must be capable of highly accurate matching, and must be compliant with appropriate standards established by the American association of motor vehicle administrators that exist on June 7, 2012, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section.

(3) The department shall post notices in conspicuous locations at all department driver licensing offices, make written information available to all applicants at department driver licensing offices, and provide information on the department's web site regarding the facial recognition matching system. The notices, written information, and information on the web site must address how the facial recognition matching system works, all ways in which the department may use results from the facial recognition matching system, how an investigation based on results from the facial recognition matching system would be conducted, and a person's right to appeal any determinations made under this chapter.

(4) Results from the facial recognition matching system:

(a) Are not available for public inspection and copying under chapter 42.56 RCW;

(b) May only be disclosed when authorized by a court order;

(c) May only be disclosed to a federal government agency if specifically required under federal law; and

(d) May only be disclosed by the department to a government agency, including a court or law enforcement agency, for use in carrying out its functions if the department has determined that person has committed one of the prohibited practices listed in RCW 46.20.0921 and this determination has been confirmed by a hearings examiner under this chapter or the person declined a hearing or did not attend a scheduled hearing.

(5) All personally identifying information derived from the facial recognition matching system must be stored with appropriate security safeguards. The office of the chief information officer shall develop the appropriate security standards for the department's use of the facial recognition matching system, subject to approval and oversight by the technology services board.

(6) The department shall develop procedures to handle instances in which the facial recognition matching system fails to verify the identity of an applicant for a renewal or duplicate driver's license, permit, or identicard. These procedures must allow an applicant to prove identity without using the facial recognition matching system. [2012 c 80 § 1; 2006 c 292 § 1; 2004 c 273 § 3.]

(1) If the department has reason to believe that a person is suffering from a physical or mental disability or disease that may affect that person's ability to drive a motor vehicle, the department must evaluate whether the person is able to safely drive a motor vehicle. As part of the evaluation:

(a) The department shall permit the person to demonstrate personally that notwithstanding the disability or disease he or she is able to safely drive a motor vehicle.

(b) The department may require the person to obtain a statement signed by a licensed physician or other proper authority designated by the department certifying the person's condition.

(i) The statement is for the confidential use of the director and the chief of the Washington state patrol and for other public officials designated by law. It is exempt from public inspection and copying notwithstanding chapter 42.56 RCW.

(ii) The statement may not be offered as evidence in any court except when appeal is taken from the order of the director canceling or withholding a person's driving privilege. However, the department may make the statement available to the director of the department of retirement systems for use in determining eligibility for or continuance of disability benefits and it may be offered and admitted as evidence in any administrative proceeding or court action concerning the disability benefits.

(2) On the basis of the evaluation the department may:

(a) Issue or renew a driver's license to the person without restrictions;

(b) Cancel or withhold the driving privilege from the person; or

(c) Issue a restricted driver's license to the person. The restrictions must be suitable to the licensee's driving ability. The restrictions may include:

(i) Special mechanical control devices on the motor vehicle operated by the licensee;

(ii) Limitations on the type of motor vehicle that the licensee may operate; or

(iii) Other restrictions determined by the department to be appropriate to assure the licensee's safe operation of a motor vehicle.

(3) The department may either issue a special restricted license or may set forth the restrictions upon the usual license form.

(4) The department may suspend or revoke a restricted license upon receiving satisfactory evidence of any violation of the restrictions. In that event the licensee is entitled to a driver improvement interview and a hearing as provided by RCW 46.20.322 or 46.20.328.

(5) Operating a motor vehicle in violation of the restrictions imposed in a restricted license is a traffic infraction. [2005 c 274 § 306; 1999 c 274 § 12; 1999 c 6 § 9; 1986 c 176 § 1; 1979 ex.s. c 136 § 54; 1979 c 61 § 2; 1965 ex.s. c 121 § 5.]

The additional fee for each class shall be one hundred thirty-six dollars for the original commercial driver's license or subsequent renewals. Effective date—2021 c 158 §§ 2 and 5-11: "Sections 2 and 5 through 11 of this act take effect January 1, 2022." [2021 c 158 § 12.]

Finding—Intent—2021 c 158: "The legislature finds that a driver's license or identicard is a fundamental document that Washingtonians need to live, work, drive, and access essential needs. The COVID-19 pandemic has significantly reduced the department of licensing's ability to provide in-person driver licensing services, resulting in a growing backlog of customers that cannot access the agency's critical services. This act is intended to address that backlog by expanding online renewals, extending driver's license and identicard issuance up to eight years, and providing more online options for instruction permits. The legislature recognizes the critical role of the department of licensing's frontline staff during the pandemic and does not intend that this act will result in staffing reductions at the department of licensing now or in the future. To ensure that a driver's license and identicard remain affordable for Washington residents, the legislature intends for the department of licensing to continue to offer a six-year issuance option. The legislature further recognizes the potential of remote photo capture to enable expanded online renewals while ensuring that customer information remains

updated. In implementing remote photo capture, the legislature intends that the department of licensing will prioritize data security and antifraud features as well as closely monitor its usage. The legislature also intends that within a year of initial implementation of remote photo capture, driver's license and identicard photos should be updated with each renewal whenever possible, recognizing that technology limitations and other challenges will prevent some customers from using remote photo capture." (1) The department shall provide each driver's license or identicard applicant with written materials regarding making a donation of bone marrow and being placed on the bone marrow donor registry at the completion of their licensing transaction.

(2) The department of licensing, in cooperation with the national marrow donor program and other appropriate organizations, shall place signage in each of the licensing service offices that provide background on the written materials that the applicant will receive regarding bone marrow donation. Findings—Intent—2018 c 192: "The legislature finds that every three minutes an American child or adult is diagnosed with a potentially fatal blood disease. The legislature further finds that twenty percent to thirty-four percent of individuals with diverse heritage never find a match. For many of these individuals, bone marrow transplantation is the only chance for survival. The ultimate key to survivability lies in increasing the number of bone marrow donors across all ethnicities, thus increasing the potential for a suitable match. It is the intent of the legislature to increase awareness of the national bone marrow program statewide and to increase the number of Washington residents on the national marrow donor registry in order to increase the chance that all patients in need of bone marrow transplants will find a suitable bone marrow match." The department shall prepare and issue drivers' licenses and identicards using processes that prohibit as nearly as possible the alteration or reproduction of such cards, or the superimposing of other photographs on such cards, without ready detection. [1999 c 6 § 17; 1977 ex.s. c 27 § 2.]

Intent—1999 c 6: See note following RCW 46.04.168.

Purpose—1977 ex.s. c 27: "The legislature finds that the falsification of cards and licenses is a serious social problem creating economic hardship and problems which impede the efficient conduct of commerce and government. The legislature is particularly concerned that the increasing use of false drivers' licenses and identicards to purchase liquor, to cash bad checks, and to obtain food stamps and other benefits is causing the loss of liquor licenses, the loss of jobs, the loss of income, and the loss of human life in addition to significant monetary losses in business and government. It is the purpose of RCW 46.20.114 to require an effective means of rendering drivers' licenses and identicards as immune as possible from alteration and counterfeiting in order to promote the public health and safety of the people of this state." [1977 ex.s. c 27 § 1.]

(ii) Under the age of twenty-five and does not have a permanent residence address as determined by the department by rule; or

Finding—2020 c 261: "The legislature finds that the health and safety of the traveling public, law enforcement, and emergency medical service providers are enhanced by the voluntary sharing of information about medical conditions, including deafness and developmental disabilities. Licensed drivers and applicants who wish to voluntarily include a medical alert designation on their driver's license may provide law enforcement and emergency medical service providers with the opportunity to know at the point of contact or shortly thereafter that there is a medical condition which could affect communication or account for a driver health emergency. By taking action in accordance with existing driver privacy protections, the legislature seeks to enhance health and public safety by the voluntary provision and careful use of this information." 46.20.118 Negative file. (1) The department shall maintain a negative file. It shall contain negatives of all pictures taken by the department of licensing as authorized by this chapter. Negatives in the file shall not be available for public inspection and copying under chapter 42.56 RCW.

(2) The department may make the file available to official governmental enforcement agencies to assist in the investigation by the agencies of suspected criminal activity or for the purposes of verifying identity when a law enforcement officer is authorized by law to request identification from an individual.

(3) The department shall make the file available to the office of the secretary of state, at the expense of the secretary of state, to assist in maintenance of the statewide voter registration database.

(4) The department may also provide a print to the driver's next of kin in the event the driver is deceased.

(5) The department shall make the file available to the county coroner or medical examiner for the purpose of identifying a deceased person. [2021 c 122 § 8; 2009 c 366 § 1. Prior: 2005 c 274 § 307; 2005 c 246 § 23; 1990 c 250 § 37; 1981 c 22 § 1; 1979 c 158 § 149; 1969 ex.s. c 155 § 5.]

Finding—Intent—2021 c 122: See note following RCW 2.32.050.

Purpose—1969 ex.s. c 155: "The identification of the injured or the seriously ill is often difficult. The need for an identification file to facilitate use by proper law enforcement officers has hampered law enforcement. Personal identification for criminal, personal and commercial reasons is becoming most important at a time when it is increasingly difficult to accomplish. The legislature finds that the public health and welfare requires a standard and readily recognizable means of identification of each person living within the state. The legislature further finds that the need for an identification file by law enforcement agencies must be met. The use of photographic drivers' licenses will greatly aid the problem, but some means of identification must be provided for persons who do not possess a driver's license. The purpose of this 1969 amendatory act is to provide for the positive identification of persons, both through an expanded use of drivers' licenses and also through issue of personal identification cards for nondrivers." 46.20.120 Examinations—Waiver—Fees—Renewals—Administration. ***(Effective until January 1, 2022.)*** An applicant for a new or renewed driver's license must successfully pass a driver licensing examination to qualify for a driver's license. The department must ensure that examinations are given at places and times reasonably available to the people of this state. If the department does not administer driver licensing examinations as a routine part of its licensing services within a department region because adequate testing sites are provided by driver training schools or school districts within that region, the department shall, at a minimum, administer driver licensing examinations by appointment to applicants eighteen years of age and older in at least one licensing office within that region.

(1) **Waiver**. The department may waive:

(a) All or any part of the examination of any person applying for the renewal of a driver's license unless the department determines that the applicant is not qualified to hold a driver's license under this title; or

(b) All or any part of the examination involving operating a motor vehicle if the applicant:

(i) Surrenders a valid driver's license issued by the person's previous home state; or

(ii) Provides for verification a valid driver's license issued by a foreign driver licensing jurisdiction with which the department has an informal agreement under RCW 46.20.125; and

(iii) Is otherwise qualified to be licensed.

(2) **Fee**. Each applicant for a new license must pay an examination fee of thirty-five dollars.

(a) The examination fee is in addition to the fee charged for issuance of the license.

(b) "New license" means a license issued to a driver:

(i) Who has not been previously licensed in this state; or

(ii) Whose last previous Washington license has been expired for more than six years.

(3) An application for driver's license renewal may be submitted by means of:

(a) Personal appearance before the department; or

(b) Mail or electronic commerce, if permitted by rule of the department and if the applicant did not renew his or her license by mail or by electronic commerce when it last expired.

(4) A person whose license expired or will expire while he or she is living outside the state, may:

(a) Apply to the department to extend the validity of his or her license for no more than twelve months. If the person establishes to the department's satisfaction that he or she is unable to return to Washington before the date his or her license expires, the department shall extend the person's license. The department may grant consecutive extensions, but in no event may the cumulative total of extensions exceed twelve months. An extension granted under this section does not change the expiration date of the license for purposes of RCW 46.20.181. The department shall charge a fee of five dollars for each license extension;

(b) Apply to the department to renew his or her license by mail or, if permitted by rule of the department, by electronic commerce even if subsection (3)(b) of this section would not otherwise allow renewal by that means. If the person establishes to the department's satisfaction that he or she is unable to return to Washington within twelve months of the date that his or her license expires, the department shall renew the person's license by mail or, if permitted by rule of the department, by electronic commerce.

(5) If a qualified person submits an application for renewal under subsection (3)(b) or (4)(b) of this section, he or she is not required to pass an examination nor provide an updated photograph. A license renewed by mail or by electronic commerce that does not include a photograph of the licensee must be labeled "not valid for identification purposes."

(6) Driver training schools licensed by the department under chapter 46.82 RCW may administer the portions of the driver licensing examination that test the applicant's knowledge of traffic laws and ability to safely operate a motor vehicle.

(7) School districts that offer a traffic safety education program under chapter 28A.220 RCW may administer the portions of the driver licensing examination that test the applicant's knowledge of traffic laws and ability to safely operate a motor vehicle. 46.20.1201 Fee. ***(Effective January 1, 2023.)*** (1) An additional $1 fee shall be imposed on each application for an original or renewal of a regular driver's license, regular identicard, enhanced driver's license, or enhanced identicard. The entire amount of the fee shall be used to pay for processing costs for driver's license issuance and reinstatements, and information technology upgrades and the ongoing costs to maintain the driver's license and identicard record and issuance system.

(2) The department shall forward all funds accruing under this section to the state treasurer who shall deposit the moneys to the credit of the highway safety fund. [2021 c 240 § 13.]

Effective date—2021 c 240: See note following RCW 46.63.060.

46.20.125 Waiver—Agreement with other jurisdictions. (1) The department may enter into an informal agreement with one or more other licensing jurisdictions to waive the requirement for the examination involving operating a motor vehicle by licensed drivers, age eighteen years or older, from that jurisdiction.

(2) The department may only enter into an agreement with a jurisdiction if:

(a) The jurisdiction has procedures in place to verify the validity of the drivers' licenses it issues; and

(b) The jurisdiction has agreed to waive all or any part of the driver's license examination requirements for Washington licensed drivers applying for a driver's license in that jurisdiction. [2005 c 61 § 3.]

Intent—2005 c 61: "The legislature recognizes the importance of global markets to our state and national economy. As a leader among states in international commerce, Washington houses many multinational corpora-

tions. Competition among states for foreign businesses and personnel is fierce and it is necessary to Washington's future economic viability to eliminate a significant regulatory barrier to efficient personnel exchange, resulting in a more attractive business climate in Washington. The legislature recognizes that more than twenty other states have entered into informal reciprocal agreements with other nations to waive driver's license testing requirements in order to ease the transition of personnel to and from those states. By removing an unnecessary barrier to efficient personnel mobility it is the intent of the legislature to strengthen and diversify Washington's economy." [2005 c 61 § 1.]

46.20.126 Rules. The department may make rules to carry out the purposes of RCW 46.20.120 and 46.20.125. [2005 c 61 § 4.]

46.20.130 Content and conduct of examinations. (1) The director shall prescribe the content of the driver licensing examination and the manner of conducting the examination, which shall include but is not limited to:

(a) A test of the applicant's eyesight and ability to see, understand, and follow highway signs regulating, warning, and directing traffic;

(b) A test of the applicant's knowledge of traffic laws and ability to understand and follow the directives of lawful authority, orally or graphically, that regulate, warn, and direct traffic in accordance with the traffic laws of this state;

(c) An actual demonstration of the applicant's ability to operate a motor vehicle without jeopardizing the safety of persons or property. If the applicant is deaf or hearing impaired, the applicant may be accompanied by an interpreter to assist the applicant during the demonstration. The interpreter will be of the applicant's choosing from a list provided by the department of licensing; and

(d) Such further examination as the director deems necessary:

(i) To determine whether any facts exist that would bar the issuance of a vehicle operator's license under chapters 46.20, 46.21, and 46.29 RCW; and

(ii) To determine the applicant's fitness to operate a motor vehicle safely on the highways.

(2) If the applicant desires to drive a motorcycle or a motor-driven cycle he or she must qualify for a motorcycle endorsement under RCW 46.20.500 through 46.20.515. (i) The driver is age twenty-one or over and the test indicates either that the alcohol concentration of the driver's breath is 0.08 or more; or

(ii) The driver is under age twenty-one and the test indicates either that the alcohol concentration of the driver's breath is 0.02 or more; or

(iii) The driver is under age twenty-one and the driver is in violation of RCW 46.61.502 or 46.61.504; and

(d) If the driver's license, permit, or privilege to drive is suspended, revoked, or denied the driver may be eligible to immediately apply for an ignition interlock driver's license.

(3) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested exercises the right, granted herein, by refusing upon the request of a law enforcement officer to submit to a test or tests of his or her breath, no test shall be given except as otherwise authorized by law.

(4) Nothing in subsection (1), (2), or (3) of this section precludes a law enforcement officer from obtaining a person's blood to test for alcohol, marijuana, or any drug, pursuant to a search warrant, a valid waiver of the warrant requirement, when exigent circumstances exist, or under any other authority of law. Any blood drawn for the purpose of determining the person's alcohol, marijuana levels, or any drug, is drawn pursuant to this section when the officer has reasonable grounds to believe that the person is in physical control or driving a vehicle under the influence or in violation of RCW 46.61.503.

(5) If, after arrest and after any other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.08 or more, or the THC concentration of the person's blood is 5.00 or more, if the person is age twenty-one or over, or that the alcohol concentration of the person's breath or blood is 0.02 or more, or the THC concentration of the person's blood is above 0.00, if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, or deny the person's license, permit, or privilege to drive as required by subsection (6) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (7) of this section;

(c) Serve notice in writing that the license or permit, if any, is a temporary license that is valid for thirty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (7) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(d) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by chapter 5.50 RCW that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol or THC concentration in violation of RCW 46.61.503;

(ii) That after receipt of any applicable warnings required by subsection (2) of this section the person refused to submit to a test of his or her breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.08 or more, or the THC concentration of the person's blood was 5.00 or more, if the person is age twenty-one or over, or that the alcohol concentration of the person's breath or blood was 0.02 or more, or the THC concentration of the person's blood was above 0.00, if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(6) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by chapter 5.50 RCW under subsection (5)(d) of this section, shall suspend, revoke, or deny the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, or denial to be effective beginning thirty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (7) of this section, whichever occurs first.

(7) A person receiving notification under subsection (5)(b) of this section may, within seven days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of three hundred seventy-five dollars as part of the request. If the request is mailed, it must be postmarked within seven days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required three hundred seventy-five dollar fee, the department shall afford the person an opportunity for a hearing. The department may waive the required three hundred seventy-five dollar fee if the person is an indigent as defined in RCW 10.101.010. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within thirty days, excluding Saturdays, Sundays, and legal holidays, following the date of timely receipt of such request for a formal hearing before the department or thirty days, excluding Saturdays, Sundays, and legal holidays following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license under subsection (5) of this section extended, if the person is otherwise eligible for licensing. Unless otherwise agreed to by the department and the person, the department must give five days notice of the hearing to the person. For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more, or THC in his or her system in a concentration above 0.00, if the person was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's license, permit, or

privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered pursuant to a search warrant, a valid waiver of the warrant requirement, when exigent circumstances exist, or under any other authority of law as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.08 or more, or the THC concentration of the person's blood was 5.00 or more, if the person was age twenty-one or over at the time of the arrest, or that the alcohol concentration of the person's breath or blood was 0.02 or more, or the THC concentration of the person's blood was above 0.00, if the person was under the age of twenty-one at the time of the arrest. Where a person is found to be in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was under the age of twenty-one at the time of the arrest and was in physical control of a motor vehicle while having alcohol in his or her system in a concentration of 0.02 or THC concentration above 0.00, the person may petition the hearing officer to apply the affirmative defense found in RCW 46.61.504(3) and 46.61.503(2). The driver has the burden to prove the affirmative defense by a preponderance of the evidence. The sworn report or report under a declaration authorized by chapter 5.50 RCW submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more, or THC in his or her system in a concentration above 0.00, and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by chapter 5.50 RCW of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

(8) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days after the date the final order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, or denial as expeditiously as possible. The review must be limited to a determination of whether the department has committed any errors of law. The superior court shall accept those factual determinations supported by substantial evidence in the record: (a) That were expressly made by the department; or (b) that may reasonably be inferred from the final order of the department. The superior court may reverse, affirm, or modify the decision of the department or remand the case back to the department for further proceedings. The decision of the superior court must be in writing and filed in the clerk's office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay.

(9)(a) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection (6) of this section, other than as a result of a breath test refusal, and who has not committed an offense for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (6) of this section, or notifies the department of licensing of the intent to seek such a deferred prosecution, then the license suspension or revocation shall be stayed pending entry of the deferred prosecution. The stay shall not be longer than one hundred fifty days after the date charges are filed, or two years after the date of the arrest, whichever time period is shorter. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license under subsection (5) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary license or extension of a temporary license issued under this subsection.

(b) A suspension, revocation, or denial imposed under this section, other than as a result of a breath test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred pros-

ecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(c) The provisions of (b) of this subsection relating to a stay of a suspension, revocation, or denial and the cancellation of any suspension, revocation, or denial do not apply to the suspension, revocation, denial, or disqualification of a person's commercial driver's license or privilege to operate a commercial motor vehicle.

(10) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license. Finding—Intent—2004 c 68: "The legislature finds that previous attempts to curtail the incidence of driving while intoxicated have been inadequate. The legislature further finds that property loss, injury, and death caused by drinking drivers continue at unacceptable levels. This act is intended to convey the seriousness with which the legislature views this problem. To that end the legislature seeks to ensure swift and certain consequences for those who drink and drive.

To accomplish this goal, the legislature adopts standards governing the admissibility of tests of a person's blood or breath. These standards will provide a degree of uniformity that is currently lacking, and will reduce the delays caused by challenges to various breath test instrument components and maintenance procedures. Such challenges, while allowed, will no longer go to admissibility of test results. Instead, such challenges are to be considered by the finder of fact in deciding what weight to place upon an admitted blood or breath test result.

The legislature's authority to adopt standards governing the admissibility of evidence involving alcohol is well established by the Washington Supreme Court. See generally *State v. Long*, 113 Wn.2d 266, 778 P.2d 1027 (1989); *State v. Sears*, 4 Wn.2d 200, 215, 103 P.2d 337 (1940) (the legislature has the power to enact laws which create rules of evidence); *State v. Pavelich*, 153 Wash. 379, 279 P. 1102 (1929) ("rules of evidence are substantive law")." [2004 c 68 § 1.]

Legislative finding, intent—1983 c 165: "The legislature finds that previous attempts to curtail the incidence of driving while intoxicated have been inadequate. The legislature further finds that property loss, injury, and death caused by drinking drivers have reached unacceptable levels. This act is intended to convey the seriousness with which the legislature views this problem. To that end the legislature seeks to insure swift and certain punishment for those who drink and drive. The legislature does not intend to discourage or deter courts and other agencies from directing or providing treatment for problem drinkers. However, it is the intent that such treatment, where appropriate, be in addition to and not in lieu of the sanctions to be applied to all those convicted of driving while intoxicated." 46.20.311 Duration of license sanctions—Reissuance or renewal. ***(Effective until January 1, 2022.)*** (1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law.

(b) Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(c) If the suspension is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(e)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of seventy-five dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative

action under RCW 46.20.308, the reissue fee shall be one hundred fifty dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of seventy-five dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred fifty dollars. If the revocation is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person applying for a new license. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person's license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of seventy-five dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred fifty dollars. (b) Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(c) If the suspension is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a viola-

tion of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. (b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of seventy-five dollars.

(ii) Except as provided in subsection (4) of this section, if the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred seventy dollars. If the revocation is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. Any decision by the department suspending or revoking a person's driving privilege shall be stayed and shall not take

ALCOHOL DETECTION DEVICES

46.20.710 Legislative finding. The legislature finds and declares:

(1) There is a need to reduce the incidence of drivers on the highways and roads of this state who, because of their use, consumption, or possession of alcohol, pose a danger to the health and safety of other drivers;

(2) One method of dealing with the problem of drinking drivers is to discourage the use of motor vehicles by persons who possess or have consumed alcoholic beverages;

(3) The installation of an ignition interlock breath alcohol device or other biological or technical device will provide a means of deterring the use of motor vehicles by persons who have consumed alcoholic beverages;

(4) Ignition interlock and other biological and technical devices are designed to supplement other methods of punishment that prevent drivers from using a motor vehicle after using, possessing, or consuming alcohol;

(5) It is economically and technically feasible to have an ignition interlock or other biological or technical device installed in a motor vehicle in such a manner that the vehicle will not start if the operator has recently consumed alcohol. [1994 c 275 § 21; 1987 c 247 § 1.]

(ii) RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person would be required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person in the event of a conviction;

(d) **Post conviction.** After any applicable period of suspension, revocation, or denial of driving privileges:

(i) Due to a conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance; or

(ii) Due to a conviction of a violation of RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person is required under RCW 46.61.5249(4) or

46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person; or

(e) **Court order.** Upon receipt of an order by a court having jurisdiction that a person charged or convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific calibration setting at which the ignition interlock will prevent the vehicle from being started. The court shall also establish the period of time for which ignition interlock use will be required.

(2) **Calibration.** Unless otherwise specified by the court for a restriction imposed under subsection (1)(e) of this section, the ignition interlock device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more.

(3) **Duration of restriction.** A restriction imposed under:

(a) Subsection (1)(a) of this section shall remain in effect until:

(i) The court has authorized the removal of the device under RCW 10.21.055; or

(ii) The department has imposed a restriction under subsection (1)(b), (c), or (d) of this section arising out of the same incident.

(b) Subsection (1)(b) of this section remains in effect during the validity of any ignition interlock driver's license that has been issued to the person.

(c) Subsection (1)(c)(i) or (d)(i) of this section shall be for no less than:

(i) For a person who has not previously been restricted under this subsection, a period of one year;

(ii) For a person who has previously been restricted under (c)(i) of this subsection, a period of five years;

(iii) For a person who has previously been restricted under (c)(ii) of this subsection, a period of ten years.

The restriction of a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and who committed the offense while a passenger under the age of sixteen was in the vehicle shall be extended for an additional six-month period as required by RCW 46.61.5055(6)(a).

(d) Subsection (1)(c)(ii) or (d)(ii) of this section shall be for a period of no less than six months.

(e) Subsection (1)(e) of this section shall remain in effect for the period of time specified by the court.

The period of restriction under (c) and (d) of this subsection based on incidents occurring on or after June 9, 2016, must be tolled for any period in which the person does not have an ignition interlock device installed on a vehicle owned or operated by the person unless the person receives a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. The department's determination that a person is unable to operate an ignition interlock device must be reasonable and be based upon good and substantial evidence. This determination is subject to review by a court of competent jurisdiction. The department may charge a person seeking a medical exemption under this subsection a reasonable fee for the assessment.

(4) **Requirements for removal.** A restriction imposed under subsection (1)(c) or (d) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying that there have been none of the following incidents in the one hundred eighty consecutive days prior to the date of release:

(a) Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;

(b) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

(c) Failure to pass any random retest with a breath alcohol concentration of 0.025 or lower unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.025, and the digital image confirms the same person provided both samples; or

(d) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device.

(5) **Day-for-day credit.** (a) The time period during which a person has an ignition interlock device installed in order to meet the requirements of subsection (1)(b) of this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident.

(b) The department must also give the person a day-for-day credit for any time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates, other than those subject to the employer exemption under subsection (6) of this section.

(c) If the day-for-day credit granted under this subsection equals or exceeds the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident, and the person has already met the requirements for removal of the device under subsection (4) of this section, the department may waive the requirement that a device be installed or that the person again meet the requirements for removal.

(6) **Employer exemption.** (a) Except as provided in (b) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to chapter 5.50 RCW from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(b) The employer exemption does not apply when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment.

(7) **Ignition interlock device revolving account.** In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of twenty dollars per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional fee to the department to be deposited into the ignition interlock device revolving account, except that the company may retain twenty-five cents per month of the additional fee to cover the expenses associated with administering the fee. The department may waive the monthly fee if the person is indigent under RCW 10.101.010.

(8) **Foreign jurisdiction.** For a person restricted under this section who is residing outside of the state of Washington, the department may accept verification of installation of an ignition interlock device by an ignition interlock company authorized to do business in the jurisdiction in which the person resides, provided the device meets any applicable requirements of that jurisdiction. The department may waive the monthly fee required by subsection (7) of this section if collection of the fee would be impractical in the case of a person residing in another jurisdiction. Finding—Intent—1998 c 210: "The legislature finds that driving is a privilege and that the state may restrict that privilege in the interests of public safety. (e) **Court order.** Upon receipt of an order by a court having jurisdiction that a person charged or convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific alcohol set point at which the ignition interlock will prevent the vehicle from being started. The court shall also establish the period of time for which ignition interlock use will be required.

(2) **Alcohol set point.** Unless otherwise specified by the court for a restriction imposed under subsection (1)(e) of this section, the ignition interlock device shall have an alcohol set point that prevents the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.020 or more.

(3) **Duration of restriction.** A restriction imposed under:

(a) Subsection (1)(a) of this section shall remain in effect until:

(i) The court has authorized the removal of the device under RCW 10.21.055; or

(ii) The department has imposed a restriction under subsection (1)(b), (c), or (d) of this section arising out of the same incident.

(b) Subsection (1)(b) of this section remains in effect during the validity of any ignition interlock driver's license that has been issued to the person.

(iii) For a person who has previously been restricted under (c)(ii) of this subsection, a period of ten years.

The restriction of a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and who committed the offense while one or more passengers under the age of sixteen were in the vehicle shall be extended for an additional period as required by RCW 46.61.5055(6)(a).

(d) Subsection (1)(c)(ii) or (d)(ii) of this section shall be for a period of no less than six months.

(e) The period of restriction under (c) or (d) of this subsection shall be extended by one hundred eighty days whenever the department receives notice that the restricted person

has been convicted under RCW 46.20.740 or 46.20.750. If the period of restriction under (c) or (d) of this subsection has been fulfilled and cannot be extended, the department must add a new one hundred eighty-day restriction that is imposed from the date of conviction and is subject to the requirements for removal under subsection (4) of this section.

(f) Subsection (1)(e) of this section shall remain in effect for the period of time specified by the court.

(g) The period of restriction under (c) and (d) of this subsection based on incidents occurring on or after June 9, 2016, must be tolled for any period in which the person does not have an ignition interlock device installed on a vehicle owned or operated by the person unless the person receives a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. The department's determination that a person is unable to operate an ignition interlock device must be reasonable and be based upon good and substantial evidence. This determination is subject to review by a court of competent jurisdiction. The department may charge a person seeking a medical exemption under this subsection a reasonable fee for the assessment.

(4) **Requirements for removal.** A restriction imposed under subsection (1)(c) or (d) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying the following:

(a) That there have been none of the following incidents in the one hundred eighty consecutive days prior to the date of release:

(i) Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;

(ii) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

(iii) Failure to pass any random retest with a breath alcohol concentration of lower than 0.020 unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.020, and the digital image confirms the same person provided both samples;

(iv) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device; or

(v) Removal of the ignition interlock device by a person other than an ignition interlock technician certified by the Washington state patrol; and

(b) That the ignition interlock device was inspected at the conclusion of the one hundred eighty-day period by an ignition interlock technician certified by the Washington state patrol and no evidence was found that the device was tampered with in the manner described in RCW 46.20.750.

(5) **Day-for-day credit.** (a) The time period during which a person has an ignition interlock device installed in order to meet the requirements of subsection (1)(b) of this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident.

(b) The department must also give the person a day-for-day credit for any time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates, other than those subject to the employer exemption under subsection (6) of this section.

(c) If the day-for-day credit granted under this subsection equals or exceeds the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident, and the person has already met the requirements for removal of the device under subsection (4) of this section, the department may waive the requirement that a device be installed or that the person again meet the requirements for removal.

(6) **Employer exemption.** (a) Except as provided in (b) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to chapter 5.50 RCW from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours. When the department receives a declaration under this subsection, it shall attach or imprint a notation on the person's driving record stating that the employer exemption applies.

(b) The employer exemption does not apply when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment.

(7) **Ignition interlock device revolving account.** In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of twenty-one dollars per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional fee to the department to be deposited into the ignition interlock device revolving account, except that the company may retain twenty-five cents per month of the additional fee to cover the expenses associated with administering the fee. The department may waive the monthly fee if the person is indigent under RCW 10.101.010.

(8) **Foreign jurisdiction.** For a person restricted under this section who is residing outside of the state of Washington, the department may accept verification of installation of an ignition interlock device by an ignition interlock company authorized to do business in the jurisdiction in which the person resides, provided the device meets any applicable requirements of that jurisdiction. The department may waive one or more requirements for removal under subsection (4) of this section if compliance with the requirement or requirements would be impractical in the case of a person residing in another jurisdiction, provided the person is in compliance with any equivalent requirement of that jurisdiction. The department may waive the monthly fee required by subsection (7) of this section if collection of the fee would be

impractical in the case of a person residing in another jurisdiction. The department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an ignition interlock required under this section is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(1) The ignition interlock device revolving account program is created within the department to assist in covering the monetary costs of installing, removing, and leasing an ignition interlock device, and applicable licensing, for indigent persons who are required under RCW 46.20.385, 46.20.720, and 46.61.5055 to install an ignition interlock device in all vehicles owned or operated by the person. For purposes of this subsection, "indigent" has the same meaning as in RCW 10.101.010, as determined by the department. During the 2019-2021 and 2021-2023 fiscal biennia, the ignition interlock device revolving account program also includes ignition interlock enforcement work conducted by the Washington state patrol.

(3) The department, the state patrol, and the Washington traffic safety commission shall coordinate to establish a compliance pilot program that will target at least one county from eastern Washington and one county from western Washing-

ton, as determined by the department, state patrol, and Washington traffic safety commission.

(4) At a minimum, the compliance pilot program shall:

(a) Review the number of ignition interlock devices that are required to be installed in the targeted county and the number of ignition interlock devices actually installed;

(b) Work to identify those persons who are not complying with ignition interlock requirements or are repeatedly violating ignition interlock requirements; and

(c) Identify ways to track compliance and reduce noncompliance.

(5) As part of monitoring compliance, the Washington traffic safety commission shall also track recidivism for violations of RCW 46.61.502 and 46.61.504 by persons required to have an ignition interlock driver's license under RCW 46.20.385 and 46.20.720. If a person is required, as part of the person's judgment and sentence or as a condition of release, to install an ignition interlock device on all motor vehicles operated by the person and the person is under the jurisdiction of the municipality or county probation or supervision department, the probation or supervision department must verify the installation of the ignition interlock device or devices. ARTICLE I—Findings and Declaration of Policy

(a) The party states find that:

(1) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.

(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

(b) It is the policy of each of the party states to:

(1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

(2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the over-all compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II—Definitions

As used in this compact:

(a) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(b) "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

(c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III—Reports of Conviction

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

ARTICLE IV—Effect of Conviction

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

(1) Vehicular homicide;

(2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

(3) Any felony in the commission of which a motor vehicle is used;

(4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this Article, such party state shall construe the denominations and descriptions appearing in subdivision (a) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this Article.

ARTICLE V—Applications for New Licenses

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI—Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a non-party state.

ARTICLE VII—Compact Administrator and Interchange of Information

(a) The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

ARTICLE VIII—Entry into Force and Withdrawal

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX—Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. [1983 c 164 § 5; 1963 c 120 § 1.]

46.21.020 "Licensing authority" defined—Duty to furnish information. As used in the compact, the term "licensing authority" with reference to this state, shall mean the department of licensing. [2012 c 117 § 128; 1963 c 120 § 3.]

46.21.040 "Executive head" defined. As used in the compact, with reference to this state, the term "executive head" shall mean governor. [1963 c 120 § 4.]

46.23.010 Compact established—Provisions. The nonresident violator compact, hereinafter called "the compact," is hereby established in the form substantially as follows, and the Washington state department of licensing is authorized to enter into such compact with all other jurisdictions legally joining therein:

NONRESIDENT VIOLATOR COMPACT

Article I — Findings, Declaration of Policy, and Purpose

(a) The party jurisdictions find that:

(1) In most instances, a motorist who is cited for a traffic violation in a jurisdiction other than his home jurisdiction: Must post collateral or bond to secure appearance for trial at a later date; or if unable to post collateral or bond, is taken into custody until the collateral or bond is posted; or is taken directly to court for his trial to be held.

(2) In some instances, the motorist's driver's license may be deposited as collateral to be returned after he has complied with the terms of the citation.

(3) The purpose of the practices described in paragraphs (1) and (2) above is to ensure compliance with the terms of a traffic citation by the motorist who, if permitted to continue on his way after receiving the traffic citation, could return to him [his] home jurisdiction and disregard his duty under the terms of the traffic citation.

(4) A motorist receiving a traffic citation in his home jurisdiction is permitted, except for certain violations, to accept the citation from the officer at the scene of the violation and to immediately continue on his way after promising or being instructed to comply with the terms of the citation.

(5) The practice described in paragraph (1) above, causes unnecessary inconvenience and, at times, a hardship for the motorist who is unable at the time to post collateral, furnish a bond, stand trial, or pay the fine, and thus is compelled to remain in custody until some arrangement can be made.

(6) The deposit of a driver's license as a bail bond, as described in paragraph (2) above, is viewed with disfavor.

(7) The practices described herein consume an undue amount of law enforcement time.

(b) It is the policy of the party jurisdictions to:

(1) Seek compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles in each of the jurisdictions.

(2) Allow motorists to accept a traffic citation for certain violations and proceed on their way without delay whether or not the motorist is a resident of the jurisdiction in which the citation was issued.

(3) Extend cooperation to its fullest extent among the jurisdictions for obtaining compliance with the terms of a traffic citation issued in one jurisdiction to a resident of another jurisdiction.

(4) Maximize effective utilization of law enforcement personnel and assist court systems in the efficient disposition of traffic violations.

(c) The purpose of this compact is to:

(1) Provide a means through which the party jurisdictions may participate in a reciprocal program to effectuate the policies enumerated in paragraph (b) above in a uniform and orderly manner.

(2) Provide for the fair and impartial treatment of traffic violators operating within party jurisdictions in recognition of the motorist's right of due process and the sovereign status of a party jurisdiction.

Article II — Definitions

As used in the compact, the following words have the meaning indicated, unless the context requires otherwise.

(1) "Citation" means any summons, ticket, notice of infraction, or other official document issued by a police officer for a traffic offense containing an order which requires the motorist to respond.

(b) Personal recognizance is acceptable only if not prohibited by law. If mandatory appearance is required, it must take place immediately following issuance of the citation.

(c) Upon failure of a motorist to comply with the terms of a traffic citation, the appropriate official shall report the failure to comply to the licensing authority of the jurisdiction in which the traffic citation was issued. The report shall be made in accordance with procedures specified by the issuing jurisdiction and insofar as practical shall contain information as specified in the compact manual as minimum requirements for effective processing by the home jurisdiction.

Article IV — Procedure for Home Jurisdiction

(a) Upon receipt of a report of a failure to comply from the licensing authority of the issuing jurisdiction, the licensing authority of the home jurisdiction shall notify the motorist and initiate a suspension action, in accordance with the home jurisdiction's procedures, to suspend the motorist's driver's license until satisfactory evidence of compliance with the terms of the traffic citation has been furnished to the home jurisdiction licensing authority. Due process safeguards will be accorded.

(b) The licensing authority of the home jurisdiction shall maintain a record of actions taken and make reports to issuing jurisdictions as provided in the compact manual.

Article V — Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party jurisdiction to apply any of its other laws relating to licenses to drive to any person or circumstance, or to invalidate or prevent any driver license agreement or other cooperative arrangement between a party jurisdiction and a nonparty jurisdiction.

Article VI — Compact Administrator Procedures

(a) For the purpose of administering the provisions of this compact and to serve as a governing body for the resolution of all matters relating to the operation of this compact, a board of compact administrators is established. The board shall be composed of one representative from each party jurisdiction to be known as the compact administrator. The compact administrator shall be appointed by the jurisdiction executive and will serve and be subject to removal in accordance with the laws of the jurisdiction he represents. A compact administrator may provide for the discharge of his duties and the performance of his functions as a board member by an alternate. An alternate may not be entitled to serve unless written notification of his identity has been given to the board.

(b) Each member of the board of compact administrators shall be entitled to one vote. No action of the board shall be binding unless taken at a meeting at which a majority of the total number of votes on the board are cast in favor. (b) Adoption of an amendment shall require endorsement of all party jurisdictions and shall become effective thirty days after the date of the last endorsement.

(c) Failure of a party jurisdiction to respond to the compact chairman within one hundred twenty days after receipt of the proposed amendment shall constitute endorsement.

Article X — Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes stated herein. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party jurisdiction or of the United States or the applicability thereof to any government, agency, person, or circumstance, the compact shall not be affected thereby. If this compact shall be held contrary to the constitution of any jurisdiction party thereto, the compact shall remain in full force and effect as to the remaining jurisdictions and in full force and effect as to the jurisdiction affected as to all severable matters.

with the Canadian province of British Columbia, and with any other state which is not a member of the nonresident violator compact, concerning the rendering of mutual assistance in the disposition of traffic infractions committed by persons licensed in one state or province while in the jurisdiction of the other.

(2) Such agreements shall provide that if a person licensed by either state or province is issued a citation by the other state or province for a moving traffic violation covered by the agreement, he or she shall not be detained or required to furnish bail or collateral, and that if he or she fails to comply with the terms of the citation, his or her license shall be suspended or renewal refused by the state or province that issued the license until the home jurisdiction is notified by the issuing jurisdiction that he or she has complied with the terms of the citation.

[1989 c 178 § 2.]

(b) Any state agency otherwise enacts, adopts, orders, or in any way implements a fuel standard based upon or defined by the carbon intensity of fuel, including a low carbon fuel standard or clean fuel standard, without explicit legislative authorization enacted subsequent to July 1, 2015.

46.25.060 Knowledge and skills examination, exemptions, fee distribution. (1)(a) No person may be issued a commercial driver's license unless that person:

(i) Is a resident of this state;

(ii) Has successfully completed a course of instruction in the operation of a commercial motor vehicle that has been approved by the director or has been certified by an employer as having the skills and training necessary to operate a commercial motor vehicle safely;

(iii) If he or she does not hold a valid commercial driver's license of the appropriate classification, has been issued a commercial learner's permit under RCW 46.25.052; and

(iv) Has passed a knowledge and skills examination for driving a commercial motor vehicle that complies with minimum federal standards established by federal regulation enumerated in 49 C.F.R. Part 383, subparts F, G, and H, in addition to other requirements imposed by state law or federal regulation. The department may not allow the person to take the skills examination during the first fourteen days after initial issuance of the person's commercial learner's permit. The examinations must be prescribed and conducted by the department.

(b) In addition to the fee charged for issuance or renewal of any license, the applicant shall pay a fee of no more than ten dollars until June 30, 2016, and thirty-five dollars beginning July 1, 2016, for the classified knowledge examination, classified endorsement knowledge examination, or any combination of classified license and endorsement knowledge examinations. The applicant shall pay a fee of no more than one hundred dollars until June 30, 2016, and two hundred fifty dollars beginning July 1, 2016, for each classified skill examination or combination of classified skill examinations conducted by the department.

(c) The department may authorize a person, including an agency of this or another state, an employer, a private driver training facility, or other private institution, or a department, agency, or instrumentality of local government, to administer the skills examination specified by this section under the following conditions:

(i) The examination is the same which would otherwise be administered by the state;

(ii) The third party has entered into an agreement with the state that complies with the requirements of 49 C.F.R. Sec. 383.75; and

(iii) The director has adopted rules as to the third party testing program and the development and justification for fees charged by any third party.

(d) If the applicant's primary use of a commercial driver's license is for any of the following, then the applicant shall pay a fee of no more than seventy-five dollars until June 30, 2016, and two hundred twenty-five dollars beginning July 1, 2016, for the classified skill examination or combination of classified skill examinations whether conducted by the department or a third-party tester:

(f) Beginning July 1, 2016, payment of the examination fees under this subsection entitles the applicant to take the examination up to two times in order to pass.

(2)(a) The department may waive the skills examination and the requirement for completion of a course of instruction in the operation of a commercial motor vehicle specified in this section for a commercial driver's license applicant who meets the requirements of 49 C.F.R. Sec. 383.77. For current or former military service members that meet the requirements of 49 C.F.R. Sec. 383.77, the department may also waive the requirements for a knowledge test for commercial driver's license applicants. Beginning December 1, 2021, the department shall provide an annual report to the house and

senate transportation committees and the joint committee on veterans' and military affairs of the legislature on the number and types of waivers granted pursuant to this subsection.

(b) An applicant who operates a commercial motor vehicle for agribusiness purposes is exempt from the course of instruction completion and employer skills and training certification requirements under this section. By January 1, 2010, the department shall submit recommendations regarding the continuance of this exemption to the transportation committees of the legislature. For purposes of this subsection (2)(b), "agribusiness" means a private carrier who in the normal course of business primarily transports:

(i) Farm machinery, farm equipment, implements of husbandry, farm supplies, and materials used in farming;

(ii) Agricultural inputs, such as seed, feed, fertilizer, and crop protection products;

(iii) Unprocessed agricultural commodities, as defined in RCW 17.21.020, where such commodities are produced by farmers, ranchers, vineyardists, or orchardists; or

(iv) Any combination of (b)(i) through (iii) of this subsection.

The department shall notify the transportation committees of the legislature if the federal government takes action affecting the exemption provided in this subsection (2)(b).

(3) A commercial driver's license or commercial learner's permit may not be issued to a person while the person is subject to a disqualification from driving a commercial motor vehicle, or while the person's driver's license is suspended, revoked, or canceled in any state, nor may a commercial driver's license be issued to a person who has a commercial driver's license issued by any other state unless the person first surrenders all such licenses, which must be returned to the issuing state for cancellation.

(4) The fees under this section must be deposited into the highway safety fund unless prior to July 1, 2023, the actions described in (a) or (b) of this subsection occur, in which case the portion of the revenue that is the result of the fee increased in section 207, chapter 44, Laws of 2015 3rd sp. sess. must be distributed to the connecting Washington account created under RCW 46.68.395.

(a) Any state agency files a notice of rule making under chapter 34.05 RCW, absent explicit legislative authorization enacted subsequent to July 1, 2015, for a rule regarding a fuel standard based upon or defined by the carbon intensity of fuel, including a low carbon fuel standard or clean fuel standard.

(b) Any state agency otherwise enacts, adopts, orders, or in any way implements a fuel standard based upon or defined by the carbon intensity of fuel, including a low carbon fuel standard or clean fuel standard, without explicit legislative authorization enacted subsequent to July 1, 2015.

(c) Nothing in this subsection acknowledges, establishes, or creates legal authority for the department of ecology or any other state agency to enact, adopt, order, or in any way implement a fuel standard based upon or defined by the carbon intensity of fuel, including a low carbon fuel standard or clean fuel standard. [2021 c 317 § 23; 2020 c 78 § 2; 2015 3rd sp.s. c 44 § 207; 2013 c 224 § 6; 2011 c 153 § 1; 2009 c 339 § 1; 2007 c 418 § 1; 2004 c 187 § 3; 2002 c 352 § 18; 1989 c 178 § 8.]

Severability—2021 c 317: See note following RCW 70A.535.005.

Legislative intent—Value—2020 c 78: "Over half a million United States military veterans live in Washington state and contribute to the state's economic vitality. While active military, many trained in civilian occupations and were well-prepared to contribute to the state as civilians once they left military service. However, many job markets are regulated through licensing, and veterans can find themselves at a disadvantage in obtaining these licenses compared with those trained in the private sector.

Commercial truck and bus drivers are in high demand; individuals are required to have commercial driver's licenses to qualify for these jobs. In the case of military veterans who obtain the necessary driving experience while in the military, there is already a waiver program in place to enable these veterans to waive out of the skills examination and course of instruction requirements. However, they are still required to take the knowledge test to obtain a commercial driver's license in Washington.

The legislature believes that expanding the waiver program to include the knowledge test will remove an unnecessary obstacle for qualifying veterans. The legislature values the military service of veterans and believes that the removal of this barrier will enable qualifying veterans to more quickly apply the skills they acquired in the military to serve their communities as they have served the country." 46.25.070 Application—Change of address, name—Residency—Hazardous materials endorsement. (1) The application for a commercial driver's license or commercial learner's permit must include the following:

(a) The full name and current mailing and residential address of the person;

(b) A physical description of the person, including sex, height, weight, and eye color;

(c) Date of birth;

(d) Except in the case of an applicant for a nondomiciled CLP or CDL who is domiciled in a foreign country and who has not been issued a social security number, the applicant's social security number;

(e) The person's signature;

(f) Certifications including those required by 49 C.F.R. Sec. 383.71;

(g) The names of all states where the applicant has previously been licensed to drive any type of motor vehicle during the previous ten years;

(h) Any other information required by the department; and

(i) A consent to release driving record information to parties identified in chapter 46.52 RCW and this chapter.

(2) An applicant for a commercial driver's license or commercial learner's permit, and every licensee seeking to renew his or her license, must meet the requirements of 49 C.F.R. Sec. 383.71 as it existed on July 8, 2014, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section.

(3) An applicant for a hazardous materials endorsement must submit an application and comply with federal transportation security administration requirements as specified in 49 C.F.R. Part 1572.

(4) When a licensee changes his or her name, mailing address, or residence address, the person shall notify the department as provided in RCW 46.20.205.

(5) No person who has been a resident of this state for thirty days may drive a commercial motor vehicle under the authority of a commercial driver's license issued by another jurisdiction. [2017 c 194 § 2; 2013 c 224 § 7; 2004 c 187 § 4; 2003 c 195 § 2; 1991 c 73 § 2; 1989 c 178 § 9.]

Effective date—2013 c 224: See note following RCW 46.01.130.

Findings—2003 c 195: "The legislature finds that current economic conditions impose severe hardships on many commercial vehicle drivers. The legislature finds that commercial drivers who may not currently be working may not be able to afford the expense of a required physical in order to maintain their commercial driver's license. The legislature finds that Washington's commercial driver's license statutes should be harmonized with federal requirements, which require proof of a physical capacity to drive a commercial vehicle, along with a valid commercial driver's license, but do not link the two requirements. The legislature finds that allowing commercial drivers to delay getting a physical until they are actually driving a commercial vehicle will prevent the imposition of unnecessary expense and hardship on Washington's commercial vehicle drivers." [2003 c 195 § 1.]

46.25.075 Certification—Recordkeeping and administration—Downgrade. (1) Any person applying for a CDL or CLP must certify that he or she is or expects to be engaged in one of the following types of driving:

(a) Nonexcepted interstate;

(b) Excepted interstate;

(c) Nonexcepted intrastate; or

(d) Excepted intrastate.

(2) A CDL or CLP applicant or holder who certifies under subsection (1)(a), (b), or (c) of this section that he or she is or expects to be engaged in nonexcepted interstate, excepted interstate, or nonexcepted intrastate commerce must provide a copy of a medical examiner's certificate prepared by a medical examiner, as defined in 49 C.F.R. Sec. 390.5 as it existed on April 30, 2019, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section. A CDL or CLP holder who certifies under subsection (1)(a), (b), or (c) of this section must provide a copy of each subsequently issued medical examiner's certificate.

(3) For each operator of a commercial motor vehicle required to have a CDL or CLP, the department must meet the following requirements:

(a)(i) The driver's self-certification of type of driving under subsection (1) of this section must be maintained on the driver's record and the CDLIS driver record;

(ii) The copy of a medical examiner's certificate, when provided under subsection (2) of this section, must be retained for three years beyond the date the certificate was issued; and

(iii) When a medical examiner's certificate is provided under subsection (2) of this section, the information required under 49 C.F.R. Sec. 383.73 as it existed on April 30, 2019, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section must be posted to the CDLIS driver record within ten calendar days from the date provided. The indicator of medical certification status, such as "certified" or "not-certified," must be maintained on the driver's record.

(b) Within ten calendar days of the driver's medical certification status expiring or a medical variance expiring or being rescinded, the medical certification status of the driver must be updated to "not-certified."

(c) Within ten calendar days of receiving information from the federal motor carrier safety administration or the department regarding issuance or renewal of a medical variance for a driver, the department must update the CDLIS driver record to include the medical variance information.

(4) Upon receiving an electronic copy of the medical examiner's certificate from the federal motor carrier safety administration, the department must post a medical qualification status of "certified" on the CDLIS driver record for the driver.

(5)(a) If a driver's medical certification or medical variance expires, or the federal motor carrier safety administration or issuing medical examiner notifies the department that a medical variance was removed or rescinded, the department must:

(i) Notify the driver of his or her "not-certified" medical certification status and that the privilege of operating a commercial motor vehicle will be removed from the CDL or CLP unless the driver provides a current medical certificate or medical variance, or changes his or her self-certification to driving in excepted intrastate commerce; and

(ii) Initiate procedures for downgrading the CDL or CLP. The CDL or CLP downgrade must be completed and recorded within sixty days of the driver's medical certification status becoming "not-certified" to operate a commercial motor vehicle.

(b) If a driver fails to provide the department with the certification required in subsection (1) of this section, or a current medical examiner's certificate if the driver self-certifies under subsection (1)(a), (b), or (c) of this section that he or she is operating in nonexcepted interstate, excepted interstate, or nonexcepted intrastate commerce as required in subsection (2) of this section, the department must mark the CDLIS driver record as "not-certified" and initiate a CDL or CLP downgrade in accordance with (a)(ii) of this subsection.

(c) A driver whose CDL or CLP has been downgraded under this subsection may restore the CDL or CLP privilege by providing the necessary certifications or medical variance information to the department. [2018 c 49 § 3; 2013 c 224 § 8; 2011 c 227 § 3.]

46.25.085 Hazardous materials endorsement. (1) The department may not issue, renew, upgrade, or transfer a hazardous materials endorsement for a commercial driver's license to any individual authorizing that individual to operate a commercial motor vehicle transporting a hazardous material in commerce unless the federal transportation security administration has determined that the individual does not pose a security risk warranting denial of the endorsement.

(2) An individual who is prohibited from holding a commercial driver's license with a hazardous materials endorsement under 49 C.F.R. 1572.5 must surrender any hazardous materials endorsement in his or her possession to the department.

(3) The department may adopt such rules as may be necessary to comply with the provisions of 49 C.F.R. part 1572. [2004 c 187 § 6.]

(7) A person is disqualified from driving a commercial motor vehicle if a report has been received by the department under RCW 46.25.125 that the person has received a verified positive drug test or positive alcohol confirmation test as part of the testing program conducted under 49 C.F.R. 40. A disqualification under this subsection remains in effect until the person undergoes a drug and alcohol assessment by a substance abuse professional meeting the requirements of 49 C.F.R. 40, and the person presents evidence of satisfactory participation in or successful completion of a drug or alcohol treatment and/or education program as recommended by the substance abuse professional, and until the person has met the requirements of RCW 46.25.100. (9) A person is disqualified from driving a commercial motor vehicle for not more than one year if a report has been received by the department from the federal motor carrier safety administration that the person's driving has been determined to constitute an imminent hazard as defined by 49 C.F.R. 383.5. After expiration of the appropriate period and upon payment of a requalification fee of twenty dollars until June 30, 2016, and thirty-five dollars beginning July 1, 2016, or one hundred fifty dollars if the person has been disqualified under RCW 46.25.090(7), the person may apply for a new, duplicate, or renewal commercial driver's license or commercial learner's permit as provided by law. If the person has been disqualified for a period of one year or more, the person shall demonstrate that he or she meets the commercial driver's license or commercial learner's permit qualification standards specified in RCW 46.25.060.

(2) The fees under this section must be deposited into the highway safety fund unless prior to July 1, 2023, the actions described in (a) or (b) of this subsection occur, in which case the portion of the revenue that is the result of the fee increased in section 208, chapter 44, Laws of 2015 3rd sp. sess. must be distributed to the connecting Washington account created under RCW 46.68.395.

(a) Any state agency files a notice of rule making under chapter 34.05 RCW, absent explicit legislative authorization enacted subsequent to July 1, 2015, for a rule regarding a fuel standard based upon or defined by the carbon intensity of fuel, including a low carbon fuel standard or clean fuel standard.

(b) Any state agency otherwise enacts, adopts, orders, or in any way implements a fuel standard based upon or defined by the carbon intensity of fuel, including a low carbon fuel standard or clean fuel standard, without explicit legislative authorization enacted subsequent to July 1, 2015.

46.25.110 Driving with alcohol or THC in system. (1) Notwithstanding any other provision of Title 46 RCW, a person may not drive, operate, or be in physical control of a commercial motor vehicle while having alcohol or THC in his or her system.

(2) Law enforcement or appropriate officials shall issue an out-of-service order valid for twenty-four hours against a person who drives, operates, or is in physical control of a commercial motor vehicle while having alcohol or THC in his or her system or who refuses to take a test to determine his or her alcohol content or THC concentration as provided by RCW 46.25.120. [2013 2nd sp.s. c 35 § 11; 1989 c 178 § 13.]

46.25.120 Test for alcohol or drugs—Disqualification for refusal of test or positive test—Procedures. (1) A person who drives a commercial motor vehicle within this state

is deemed to have given consent, subject to RCW 46.61.506, to take a test or tests of that person's breath for the purpose of determining that person's alcohol concentration.

(2) A test or tests may be administered at the direction of a law enforcement officer, who after stopping or detaining the commercial motor vehicle driver, has reasonable grounds to believe that driver was driving a commercial motor vehicle while having alcohol in his or her system or while under the influence of any drug.

(3) The law enforcement officer requesting the test under subsection (1) of this section shall warn the person requested to submit to the test that a refusal to submit will result in that person being disqualified from operating a commercial motor vehicle under RCW 46.25.090.

(4) A law enforcement officer who at the time of stopping or detaining a commercial motor vehicle driver has reasonable grounds to believe that driver was driving a commercial motor vehicle while having alcohol, marijuana, or any drug in his or her system or while under the influence of alcohol, marijuana, or any drug may obtain a blood test pursuant to a search warrant, a valid waiver of the warrant requirement, when exigent circumstances exist, or under any other authority of law.

(5) If the person refuses testing, or a test is administered that discloses an alcohol concentration of 0.04 or more or any measurable amount of THC concentration, the law enforcement officer shall submit a sworn report to the department certifying that the test was requested pursuant to subsection (1) of this section or a blood test was administered pursuant to subsection (4) of this section and that the person refused to submit to testing, or a test was administered that disclosed an alcohol concentration of 0.04 or more or any measurable amount of THC concentration.

(6) Upon receipt of the sworn report of a law enforcement officer under subsection (5) of this section, the department shall disqualify the driver from driving a commercial motor vehicle under RCW 46.25.090, subject to the hearing provisions of RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest. For the purposes of this section, the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle within this state while having alcohol in the person's system or while under the influence of any drug, whether the person refused to submit to the test or tests upon request of the officer after having been informed that the refusal would result in the disqualification of the person from driving a commercial motor vehicle, if applicable, and, if the test was administered, whether the results indicated an alcohol concentration of 0.04 percent or more or any measurable amount of THC concentration. The department shall order that the disqualification of the person either be rescinded or sustained. Any decision by the department disqualifying a person from driving a commercial motor vehicle is stayed and does not take effect while a formal hearing is pending under this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation during the pendency of the hearing and appeal. If the disqualification of the person is sustained after the hearing, the person who is disqualified may file a petition in the superior court of the county of arrest to review the final order of disqualification by the department in the manner provided in RCW 46.20.334.

(7) If a motor carrier or employer who is required to have a testing program under 49 C.F.R. 382 knows that a commercial driver in his or her employ has refused to submit to testing under this section and has not been disqualified from driving a commercial motor vehicle, the employer may notify law enforcement or his or her medical review officer or breath alcohol technician that the driver has refused to submit to the required testing.

(8) The hearing provisions of this section do not apply to those persons disqualified from driving a commercial motor vehicle under RCW 46.25.090(7). [2015 2nd sp.s. c 3 § 7; 2013 2nd sp.s. c 35 § 12; 2006 c 327 § 5; 2002 c 272 § 5; 1998 c 41 § 6; 1990 c 250 § 50; 1989 c 178 § 14.]

46.25.123 Mandatory reporting of positive test. (1) All medical review officers or breath alcohol technicians hired by or under contract to a motor carrier or employer who employs drivers who operate commercial motor vehicles and who is required to have a testing program conducted under the procedures established by 49 C.F.R. 40 or to a consortium the carrier or employer belongs to, as defined in 49 C.F.R. 40.3, shall report the finding of a commercial motor vehicle driver's verified positive drug test or positive alcohol confirmation test to the department of licensing on a form provided by the department. If the employer is required to have a testing program under 49 C.F.R. 655, a report of a verified positive drug test or positive alcohol confirmation test must not be forwarded to the department under this subsection unless the test is a preemployment drug test conducted under 49 C.F.R. 655.41 or a preemployment alcohol test conducted under 49 C.F.R. 655.42.

(2)(a) A motor carrier or employer who employs drivers who operate commercial motor vehicles and who is required to have a testing program conducted under the procedures established by 49 C.F.R. 40, or the consortium the carrier or employer belongs to, must report a refusal by a commercial motor vehicle driver to take a drug or alcohol test, under circumstances that constitute the refusal of a test under 49 C.F.R. 40 and where such refusal has not been reported by a medical review officer or breath alcohol technician, to the department of licensing on a form provided by the department.

(b) An employer who is required to have a testing program under 49 C.F.R. 655 must report a commercial motor vehicle driver's verified positive drug test or a positive alcohol confirmation test when: (i) The driver's employment has been terminated or the driver has resigned; (ii) any grievance process, up to but not including arbitration, has been concluded; and (iii) at the time of termination or resignation the driver has not been cleared to return to safety-sensitive functions.

(3) Motor carriers, employers, or consortiums shall make it a written condition of their contract or agreement with a

medical review officer or breath alcohol technician, regardless of the state where the medical review officer or breath alcohol technician is located, that the medical review officer or breath alcohol technician is required to report all Washington state licensed drivers who have a verified positive drug test or positive alcohol confirmation test to the department of licensing within three business days of the verification or confirmation. Failure to obtain this contractual condition or agreement with the medical review officer or breath alcohol technician by the motor carrier, employer, or consortium, or failure to report a refusal as required by subsection (2) of this section, will result in an administrative fine as provided in RCW 46.32.100 or 81.04.405.

(4) Substances obtained for testing may not be used for any purpose other than drug or alcohol testing under 49 C.F.R. 40. [2005 c 325 § 3; 2002 c 272 § 1.]

Intent—2005 c 325: See note following RCW 46.25.010.

46.25.125 Disqualification for positive test—Procedure. (1) When the department of licensing receives a report from a medical review officer, breath alcohol technician, employer, contractor, or consortium that a driver has a verified positive drug test or positive alcohol confirmation test, as part of the testing program conducted under 49 C.F.R. 40, the department shall disqualify the driver from driving a commercial motor vehicle under RCW 46.25.090(7) subject to a hearing as provided in this section. The department shall notify the person in writing of the disqualification by first-class mail. The notice must explain the procedure for the person to request a hearing.

(2) A person disqualified from driving a commercial motor vehicle for having a verified positive drug test or positive alcohol confirmation test may request a hearing to challenge the disqualification within twenty days from the date notice is given. If the request for a hearing is mailed, it must be postmarked within twenty days after the department has given notice of the disqualification.

(3) The hearing must be conducted in the county of the person's residence, except that the department may conduct all or part of the hearing by telephone or other electronic means.

(4) For the purposes of this section, or for the purpose of a hearing de novo in an appeal to superior court, the hearing must be limited to the following issues: (a) Whether the driver is the person who is the subject of the report; (b) whether the motor carrier, employer, or consortium has a program that is subject to the federal requirements under 49 C.F.R. 40; and (c) whether the medical review officer or breath alcohol technician making the report accurately followed the protocols established to verify or confirm the results, or if the driver refused a test, whether the circumstances constitute the refusal of a test under 49 C.F.R. 40. Evidence may be presented to demonstrate that the test results are a false positive. For the purpose of a hearing under this section, a copy of a positive test result with a declaration by the tester or medical review officer or breath alcohol technician stating the accuracy of the laboratory protocols followed to arrive at the test result is prima facie evidence:

(i) Of a verified positive drug test or positive alcohol confirmation test result;

(ii) That the motor carrier, employer, or consortium has a program that is subject to the federal requirements under 49 C.F.R. 40; and

(iii) That the medical review officer or breath alcohol technician making the report accurately followed the protocols for testing established to verify or confirm the results.

After the hearing, the department shall order the disqualification of the person either be rescinded or sustained.

(5) If the person does not request a hearing within the twenty-day time limit, or if the person fails to appear at a hearing, the person has waived the right to a hearing and the department shall sustain the disqualification.

(6) A decision by the department disqualifying a person from driving a commercial motor vehicle is stayed and does not take effect while a formal hearing is pending under this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation and the department receives no further report of a verified positive drug test or positive alcohol confirmation test during the pendency of the hearing and appeal. If the disqualification is sustained after the hearing, the person who is disqualified may file a petition in the superior court of the county of his or her residence to review the final order of disqualification by the department in the manner provided in RCW 46.20.334.

(7) The department of licensing may adopt rules specifying further requirements for requesting and conducting a hearing under this section.

(8) The department of licensing is not civilly liable for damage resulting from disqualifying a driver based on a verified positive drug test or positive alcohol confirmation test result as required by this section or for damage resulting from release of this information that occurs in the normal course of business. [2005 c 325 § 4; 2002 c 272 § 2.]

Intent—2005 c 325: See note following RCW 46.25.010.

46.25.130 Report of violation, disqualification by nonresident. (1) Within ten days after receiving a report of the conviction of or finding that a traffic infraction has been committed by any nonresident holder of a commercial driver's license or commercial learner's permit, or any nonresident operating a commercial motor vehicle, for any violation of state law or local ordinance relating to motor vehicle traffic control, other than parking violations, the department shall notify the driver licensing authority in the licensing state of the conviction.

(2)(a) No later than ten days after disqualifying any nonresident holder of a commercial driver's license or commercial learner's permit from operating a commercial motor vehicle, or revoking, suspending, or canceling the nonresident driving privileges of the nonresident holder of a commercial driver's license or commercial learner's permit for at least sixty days, the department must notify the state that issued the license of the disqualification, revocation, suspension, or cancellation.

(b) The notification must include both the disqualification and the violation that resulted in the disqualification, revocation, suspension, or cancellation. The notification and the information it provides must be recorded on the driver's record. [2013 c 224 § 13; 2004 c 187 § 8; 1989 c 178 § 15.]

Effective date—2013 c 224: See note following RCW 46.01.130.

46.25.160 Licenses issued by other jurisdictions. Notwithstanding any law to the contrary, a person may drive a commercial motor vehicle if the person has a commercial driver's license or commercial learner's permit issued by any state or jurisdiction in accordance with the minimum federal standards for the issuance of commercial motor vehicle driver's licenses or permits, if the person's license or permit is not suspended, revoked, or canceled, and if the person is not disqualified from driving a commercial motor vehicle or is subject to an out-of-service order. 46.25.901 Effective dates—1989 c 178. Sections 25, 26, 28, and 32 of this act shall take effect on April 1, 1992. The remainder of this act shall take effect on October 1, 1989. SECURITY FOLLOWING ACCIDENT

46.29.060 Application of sections requiring deposit of security and suspensions for failure to deposit security. The provisions of this chapter, requiring deposit of security and suspensions for failure to deposit security, subject to certain exemptions, shall apply to the driver and owner of any vehicle of a type subject to registration under the motor vehicle laws of this state which is in any manner involved in an accident within this state, which accident has resulted in bodily injury or death of any person or damage to the property of any one person to an apparent extent equal to or greater than the minimum amount established by rule adopted by the director. The director shall adopt rules establishing the property damage threshold at which the provisions of this chapter apply with respect to the deposit of security and suspensions for failure to deposit security. Beginning October 1, 1987, the property damage threshold shall be five hundred dollars. The thresholds shall be revised when necessary, but not more frequently than every two years. The revisions shall only be for the purpose of recognizing economic changes as reflected by an inflationary index recommended by the office of financial management. The revisions shall be guided by the change in the index for the time period since the last revision and by the threshold established by the chief of the Washington state patrol for the filing of accident reports as provided in RCW 46.52.030. [1987 c 463 § 1; 1977 ex.s. c 369 § 1; 1971 ex.s. c 22 § 2; 1963 c 169 § 6.]

46.29.070 Department to determine amount of security required—Notices. (1) The department, not less than twenty days after receipt of a report of an accident as described in the preceding section, shall determine the amount of security which shall be sufficient in its judgment to satisfy any judgment or judgments for damages resulting from such accident as may be recovered against each driver or owner. Such determination shall not be made with respect to drivers or owners who are exempt under succeeding sections of this chapter from the requirements as to security and suspension.

(2) The department shall determine the amount of security deposit required of any person upon the basis of the reports or other information submitted. In the event a person involved in an accident as described in this chapter fails to make a report or submit information indicating the extent of his or her injuries or the damage to his or her property within one hundred eighty days after the accident and the depart-

ment does not have sufficient information on which to base an evaluation of such injuries or damage, then the department after reasonable notice to such person, if it is possible to give such notice, otherwise without such notice, shall not require any deposit of security for the benefit or protection of such person.

(3) The department after receipt of report of any accident referred to herein and upon determining the amount of security to be required of any person involved in such accident or to be required of the owner of any vehicle involved in such accident shall give written notice to every such person of the amount of security required to be deposited by him or her and that an order of suspension will be made as hereinafter provided not less than twenty days and not more than sixty days after the sending of such notice unless within said time security be deposited as required by said notice. [2010 c 8 § 9029; 1981 c 309 § 1; 1979 c 78 § 1; 1963 c 169 § 7.]

(1) To the driver or owner if the owner had in effect at the time of the accident an automobile liability policy or bond with respect to the vehicle involved in the accident, except that a driver shall not be exempt under this subsection if at the time of the accident the vehicle was being operated without the owner's permission, express or implied;

(2) To the driver, if not the owner of the vehicle involved in the accident, if there was in effect at the time of the accident an automobile liability policy or bond with respect to his or her driving of vehicles not owned by him or her;

(3) To the driver, if not the owner of the vehicle involved in the accident, if there was in effect at the time of the accident an automobile liability policy or bond as to which there is a bona fide dispute concerning coverage of such driver as evidenced by the pendency of litigation seeking a declaration of said driver's coverage under such policy or bond;

(4) To the driver, whether or not the owner, if there is a bona fide claim on the part of the driver that there was in effect at the time of the accident, an automobile liability policy or bond insuring or covering such driver;

(5) To any person qualifying as a self-insurer under RCW 46.29.630 or to any person operating a vehicle for such self-insurer;

(6) To the driver or the owner of a vehicle involved in an accident wherein no injury or damage was caused to the person or property of anyone other than such driver or owner;

(7) To the driver or owner of a vehicle which at the time of the accident was parked, unless such vehicle was parked at a place where parking was at the time of the accident prohibited under any applicable law or ordinance;

(8) To the owner of a vehicle if at the time of the accident the vehicle was being operated without his or her permission, express or implied, or was parked by a person who had been operating such vehicle without such permission, except if the vehicle was operated by his or her minor child or spouse;

(9) To the owner of a vehicle involved in an accident if at the time of the accident such vehicle was owned by or leased to the United States, this state or any political subdivision of this state or a municipality thereof, or to the driver of such vehicle if operating such vehicle with permission; or

(10) To the driver or the owner of a vehicle in the event at the time of the accident the vehicle was being operated by or under the direction of a police officer who, in the performance of his or her duties, shall have assumed custody of such vehicle. [2010 c 8 § 9030; 1965 c 124 § 1; 1963 c 169 § 8.]

46.29.090 Requirements as to policy or bond. (1) No policy or bond is effective under RCW 46.29.080 unless issued by an insurance company or surety company authorized to do business in this state, except as provided in subsection (2) of this section, nor unless such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than twenty-five thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than fifty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and if the accident has resulted in injury to, or destruction of, property to a limit of not less than ten thousand dollars because of injury to or destruction of property of others in any one accident.

(2) No policy or bond is effective under RCW 46.29.080 with respect to any vehicle which was not registered in this state or was a vehicle which was registered elsewhere than in this state at the effective date of the policy or bond or the most recent renewal thereof, unless the insurance company or surety company issuing such policy or bond is authorized to do business in this state, or if said company is not authorized to do business in this state, unless it executes a power of attorney authorizing the director of licensing to accept service on its behalf of notice or process in any action upon such policy or bond arising out of such accident.

(3) The department may rely upon the accuracy of the information in a required report of an accident as to the existence of insurance or a bond unless and until the department has reason to believe that the information is erroneous. [1980 c 117 § 3; 1979 c 158 § 155; 1967 ex.s. c 3 § 1; 1963 c 169 § 9.]

46.29.100 Form and amount of security. (1) The security required under this chapter shall be in such form and in such amount as the department may require, but in no case in excess of the limits specified in RCW 46.29.090 in reference to the acceptable limits of a policy or bond.

(2) Every depositor of security shall designate in writing every person in whose name such deposit is made and may at any time change such designation, but any single deposit of security shall be applicable only on behalf of persons required to furnish security because of the same accident. [1963 c 169 § 10.]

46.29.110 Failure to deposit security—Suspensions. If a person required to deposit security under this chapter fails to deposit such security within sixty days after the department has sent the notice as hereinbefore provided, the department shall thereupon suspend:

(1) The driver's license of each driver in any manner involved in the accident;

(2) The driver's license of the owner of each vehicle of a type subject to registration under the laws of this state involved in the accident;

(3) If the driver or owner is a nonresident, the privilege of operating within this state a vehicle of a type subject to registration under the laws of this state.

Such suspensions shall be made in respect to persons required by the department to deposit security who fail to deposit such security except as otherwise provided under succeeding sections of this chapter. [1990 c 250 § 51; 1987 c 378 § 1; 1967 c 32 § 37; 1963 c 169 § 11.]

46.29.120 Release from liability. (1) A person shall be relieved from the requirement for deposit of security for the benefit or protection of another person injured or damaged in the accident in the event he or she is released from liability by such other person.

(2) In the event the department has evaluated the injuries or damage to any minor the department may accept, for the purposes of this chapter only, evidence of a release from liability executed by a natural guardian or a legal guardian on behalf of such minor without the approval of any court or judge. [2010 c 8 § 9031; 1965 c 124 § 2; 1963 c 169 § 12.]

46.29.130 Adjudication of nonliability. A person shall be relieved from the requirement for deposit of security in respect to a claim for injury or damage arising out of the accident in the event such person has been finally adjudicated not to be liable in respect to such claim. [1963 c 169 § 13.]

46.29.140 Agreements for payment of damages. (1) Any two or more of the persons involved in or affected by an accident as described in RCW 46.29.060 may at any time enter into a written agreement for the payment of an agreed amount with respect to all claims of any of such persons because of bodily injury to or death or property damage arising from such accident, which agreement may provide for payment in installments, and may file a signed copy thereof with the department.

(2) The department, to the extent provided by any such written agreement filed with it, shall not require the deposit of security and shall terminate any prior order of suspension, or, if security has previously been deposited, the department shall immediately return such security to the depositor or his or her personal representative.

(3) In the event of a default in any payment under such agreement and upon notice of such default the department shall take action suspending the license of such person in default as would be appropriate in the event of failure of such person to deposit security when required under this chapter.

(4) Such suspension shall remain in effect and such license shall not be restored unless and until:

(a) Security is deposited as required under this chapter in such amount as the department may then determine,

(b) When, following any such default and suspension, the person in default has paid the balance of the agreed amount,

(c) When, following any such default and suspension, the person in default has resumed installment payments under an agreement acceptable to the creditor, or

(d) Three years have elapsed following the accident and evidence satisfactory to the department has been filed with it that during such period no action at law upon such agreement has been instituted and is pending. [2010 c 8 § 9032; 1981 c 309 § 2; 1963 c 169 § 14.]

46.29.150 Payment upon judgment. The payment of a judgment arising out of an accident or the payment upon such judgment of an amount equal to the maximum amount which could be required for deposit under this chapter shall, for the purposes of this chapter, release the judgment debtor from the liability evidenced by such judgment. [1963 c 169 § 15.]

46.29.160 Termination of security requirement. The department, if satisfied as to the existence of any fact which under RCW 46.29.120, 46.29.130, 46.29.140 or 46.29.150 would entitle a person to be relieved from the security requirements of this chapter, shall not require the deposit of security by the person so relieved from such requirement, or if security has previously been deposited by such person, the department shall immediately return such deposit to such person or to his or her personal representative. [2010 c 8 § 9033; 1963 c 169 § 16.]

46.29.170 Duration of suspension. Unless a suspension is terminated under other provisions of this chapter, any order of suspension by the department under this chapter shall remain in effect and no license shall be renewed for or issued to any person whose license is so suspended until:

(1) Such person shall deposit or there shall be deposited on his or her behalf the security required under this chapter, or

(2) Three years have elapsed following the date of the accident resulting in such suspension and evidence satisfactory to the department has been filed with it that during such period no action for damages arising out of the accident resulting in such suspension has been instituted.

An affidavit of the applicant that no action at law for damages arising out of the accident has been filed against him or her or, if filed, that it is not still pending shall be prima facie evidence of that fact. The department may take whatever steps are necessary to verify the statement set forth in any said affidavit. [2010 c 8 § 9034; 1981 c 309 § 3; 1963 c 169 § 17.]

46.29.180 Application to nonresidents, unlicensed drivers, unregistered vehicles, and accidents in other states. (1) In case the driver or the owner of a vehicle of a type subject to registration under the laws of this state involved in an accident within this state has no driver's license in this state, then such driver shall not be allowed a driver's license until he or she has complied with the requirements of this chapter to the same extent that would be necessary if, at the time of the accident, he or she had held a license or been the owner of a vehicle registered in this state.

(2) When a nonresident's driving privilege is suspended pursuant to RCW 46.29.110, the department shall transmit a certified copy of the record or abstract of such action to the

official in charge of the issuance of licenses and registration certificates in the state in which such nonresident resides, if the law of such other state provided for action in relation thereto similar to that provided for in subsection (3) of this section.

(3) Upon receipt of such certification that the driving privilege of a resident of this state has been suspended or revoked in any such other state pursuant to a law providing for its suspension or revocation for failure to deposit security for the payment of judgments arising out of a motor vehicle accident, under circumstances which would require the department to suspend a nonresident's driving privilege had the accident occurred in this state, the department shall suspend the license of such resident. Such suspension shall continue until such resident furnishes evidence of his or her compliance with the law of such other state relating to the deposit of such security. [2010 c 8 § 9035; 1967 c 32 § 38; 1963 c 169 § 18.]

46.29.190 Authority of department to decrease amount of security. The department may reduce the amount of security ordered in any case if in its judgment the amount ordered is excessive. In case the security originally ordered has been deposited, the excess deposit over the reduced amount ordered shall be returned to the depositor or his or her personal representative forthwith. [2010 c 8 § 9036; 1965 c 124 § 3; 1963 c 169 § 19.]

46.29.200 Correction of action by department. Whenever the department has taken any action or has failed to take any action under this chapter by reason of having received erroneous information, then upon receiving correct information within three years after the date of an accident the department shall take appropriate action to carry out the purposes and effect of this chapter. The foregoing, however, shall not be deemed to require the department to reevaluate the amount of any deposit required under this chapter. [1967 c 61 § 1; 1965 c 124 § 4; 1963 c 169 § 20.]

46.29.210 Custody of security. The department shall place any security deposited with it under this chapter in the custody of the state treasurer. [1963 c 169 § 21.]

46.29.220 Disposition of security. (1) Such security shall be applicable and available only:

(a) For the payment of any settlement agreement covering any claim arising out of the accident upon instruction of the person who made the deposit, or

(b) For the payment of a judgment or judgments, rendered against the person required to make the deposit, for damages arising out of the accident in an action at law begun not later than three years after the date of the accident.

(2) Every distribution of funds from the security deposits shall be subject to the limits of the department's evaluation on behalf of a claimant. [1981 c 309 § 4; 1963 c 169 § 22.]

46.29.230 Return of deposit. Upon the expiration of three years from the date of the accident resulting in the security requirement, any security remaining on deposit shall be returned to the person who made such deposit or to his or her personal representative if an affidavit or other evidence satisfactory to the department has been filed with it:

(1) That no action for damages arising out of the accident for which deposit was made is pending against any person on whose behalf the deposit was made, and

(2) That there does not exist any unpaid judgment rendered against any such person in such an action.

The foregoing provisions of this section shall not be construed to limit the return of any deposit of security under any other provision of this chapter authorizing such return. [2010 c 8 § 9037; 1981 c 309 § 5; 1963 c 169 § 23.]

46.29.240 Certain matters not evidence in civil suits. The report required following an accident, the action taken by the department pursuant to this chapter, the findings, if any, of the department upon which such action is based, and the security filed as provided in this chapter, shall not be referred to in any way, and shall not be any evidence of the negligence or due care of either party, at the trial of any action at law to recover damages. [1963 c 169 § 24.]

PROOF OF FINANCIAL RESPONSIBILITY FOR THE FUTURE

46.29.250 Application of sections requiring deposit of proof of financial responsibility for the future. The provisions of this chapter requiring the deposit of proof of financial responsibility for the future, subject to certain exemptions, shall apply with respect to persons who have been convicted of or forfeited bail for certain offenses under motor vehicle laws, or who have failed to pay judgments upon causes of action arising out of ownership, maintenance or use of vehicles of a type subject to registration under the laws of this state, or who having driven or owned a vehicle involved in an accident are required to deposit security under the provisions of RCW 46.29.070. [1963 c 169 § 25.]

46.29.260 "Proof of financial responsibility for the future" defined. The term "proof of financial responsibility for the future" as used in this chapter means: Proof of ability to respond in damages for liability, on account of accidents occurring subsequent to the effective date of said proof, arising out of the ownership, maintenance, or use of a vehicle of a type subject to registration under the laws of this state, in the amount of twenty-five thousand dollars because of bodily injury to or death of one person in any one accident, and, subject to said limit for one person, in the amount of fifty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and in the amount of ten thousand dollars because of injury to or destruction of property of others in any one accident. Wherever used in this chapter the terms "proof of financial responsibility" or "proof" shall be synonymous with the term "proof of financial responsibility for the future." [1980 c 117 § 4; 1967 ex.s. c 3 § 2; 1963 c 169 § 26.]

(1) The term "judgment" shall mean: Any judgment which shall have become final by expiration without appeal of the time within which an appeal might have been perfected, or by final affirmation on appeal, rendered by a court of competent jurisdiction of any state or of the United States, upon a cause of action arising out of the ownership, maintenance or use of any vehicle of a type subject to registration under the laws of this state, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, or upon a cause of action on an agreement of settlement for such damages. (2) The term "state" shall mean: Any state, territory, or possession of the United States, the District of Columbia, or any province of the Dominion of Canada. [2016 c 93 § 4; 1999 c 296 § 2; 1963 c 169 § 27.]

46.29.280 Suspension continues until proof furnished. Whenever, under any law of this state, the license of any person is suspended or revoked by reason of a conviction, forfeiture of bail, or finding that a traffic infraction has been committed, the suspension or revocation hereinbefore required shall remain in effect and the department shall not issue to such person any new or renewal of license until permitted under the motor vehicle laws of this state, and not then unless and until such person shall give and thereafter maintain proof of financial responsibility for the future. Upon receiving notice of the termination or cancellation of proof of financial responsibility for the future, the department shall resuspend or rerevoke the person's driving privilege until the person again gives and thereafter maintains proof of financial responsibility for the future. [1985 c 157 § 1; 1979 ex.s. c 136 § 64; 1963 c 169 § 28.]

Additional notes found at www.leg.wa.gov

46.29.290 Action in respect to unlicensed person. If a person has no license, but by final order or judgment is convicted of or forfeits any bail or collateral deposited to secure an appearance for trial for any offense requiring the suspension or revocation of license, no license shall be thereafter issued to such person unless he or she shall give and thereafter maintain proof of financial responsibility for the future. [2010 c 8 § 9038; 1965 c 124 § 5; 1963 c 169 § 29.]

46.29.300 Action in respect to nonresidents. Whenever the department suspends or revokes a nonresident's driving privilege by reason of a conviction, forfeiture of bail, or finding that a traffic infraction has been committed such privilege shall remain so suspended or revoked unless such person shall have previously given or shall immediately give and thereafter maintain proof of financial responsibility for the future. [1979 ex.s. c 136 § 65; 1967 c 32 § 39; 1963 c 169 § 30.]

Additional notes found at www.leg.wa.gov

46.29.310 When judgment creditors to report nonpayment of judgments. Whenever any person fails within thirty days to satisfy any judgment, then it shall be the duty of the judgment creditor to forward immediately to the department the following:

(1) A certified copy or abstract of such judgment;

(2) A certificate of facts relative to such judgment;

(3) Where the judgment is by default, a certified copy or abstract of that portion of the record which indicates the manner in which service of summons was effectuated and all the measures taken to provide the defendant with timely and actual notice of the suit against him or her. [2016 c 93 § 5; 2010 c 8 § 9039; 1969 ex.s. c 44 § 1; 1963 c 169 § 31.]

46.29.320 Further action with respect to nonresidents. If the defendant named in any certified copy or abstract of a judgment reported to the department is a nonresident, the department shall transmit those certificates furnished to it under RCW 46.29.310 to the official in charge of the issuance of licenses and registrations of the state of which the defendant is a resident. [1969 ex.s. c 44 § 2; 1963 c 169 § 32.]

The department upon receipt of the certificates provided for by RCW 46.29.310, on a form provided by the department, shall forthwith suspend the license and any nonresident's driving privilege of any person against whom such judgment was rendered, except as otherwise provided in this chapter. [1990 c 250 § 52; 1969 ex.s. c 44 § 3; 1967 c 32 § 40; 1963 c 169 § 33.]

46.29.340 Exception in relation to government vehicles. The provisions of RCW 46.29.330 shall not apply with respect to any such judgment arising out of an accident caused by the ownership or operation, with permission, of a vehicle owned or leased to the United States, this state or any political subdivision of this state or a municipality thereof. [1963 c 169 § 34.]

46.29.350 Exception when consent granted by judgment creditor. If the judgment creditor consents in writing, in such form as the department may prescribe, that the judgment debtor be allowed a license or nonresident's driving privilege, the same may be allowed by the department, in its discretion, for six months from the date of such consent and thereafter until such consent is revoked in writing, notwithstanding default in the payment of such judgment, or of any installments thereof prescribed in RCW 46.29.400, provided the judgment debtor furnishes proof of financial responsibility. [1967 c 32 § 41; 1963 c 169 § 35.]

46.29.360 Exception when insurer liable. No license or nonresident's driving privilege of any person shall be suspended under the provisions of this chapter if the department shall find that an insurer was obligated to pay the judgment upon which suspension is based, at least to the extent and for the amounts required in this chapter, but has not paid such judgment for any reason. A finding by the department that an insurer is obligated to pay a judgment shall not be binding upon such insurer and shall have no legal effect whatever except for the purpose of administering this section. If the department finds that no insurer is obligated to pay such a

judgment, the judgment debtor may file with the department a written notice of his or her intention to contest such finding by an action in the superior court. In such a case the license or the nonresident's driving privilege of such judgment debtor shall not be suspended by the department under the provisions of this chapter for thirty days from the receipt of such notice nor during the pendency of any judicial proceedings brought in good faith to determine the liability of an insurer so long as the proceedings are being diligently prosecuted to final judgment by such judgment debtor. Whenever in any judicial proceedings it shall be determined by any final judgment, decree, or order that an insurer is not obligated to pay any such judgment, the department, notwithstanding any contrary finding theretofore made by it, shall forthwith suspend the license and any nonresident's driving privilege of any person against whom such judgment was rendered, as provided in RCW 46.29.330. [2010 c 8 § 9040; 1967 c 32 § 42; 1963 c 169 § 36.]

46.29.370 Suspension continues until judgments paid and proof given. Such license and nonresident's driving privilege shall remain so suspended and shall not be renewed, nor shall any such license be thereafter issued in the name of such person, including any such person not previously licensed, unless and until every such judgment is stayed, satisfied in full or to the extent hereinafter provided and until the said person gives proof of financial responsibility subject to the exemptions stated in RCW 46.29.350, 46.29.360 and 46.29.400. [1967 c 32 § 43; 1963 c 169 § 37.]

46.29.390 Payments sufficient to satisfy requirements. (1) Judgments herein referred to are, for the purpose of this chapter only, deemed satisfied:

(a) When twenty-five thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of one person as the result of any one accident; or

(b) When, subject to such limit of twenty-five thousand dollars because of bodily injury to or death of one person, the sum of fifty thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of two or more persons as the result of any one accident; or

(c) When ten thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of injury to or destruction of property of others as a result of any one accident.

(2) Payments made in settlements of any claims because of bodily injury, death, or property damage arising from such accident shall be credited in reduction of the amounts provided for in this section. [1980 c 117 § 5; 1979 c 61 § 14; 1967 ex.s. c 3 § 3; 1963 c 169 § 39.]

46.29.400 Installment payment of judgments—Default. (1) A judgment debtor upon due notice to the judgment creditor may apply to the court in which such judgment was rendered for the privilege of paying such judgment in installments and the court, in its discretion and without prejudice to any other legal remedies which the judgment creditor may have, may so order and fix the amounts and times of payment of the installments.

(2) The department shall not suspend a license or nonresident's driving privilege, and shall restore any license or nonresident's driving privilege suspended following nonpayment of a judgment, when the judgment debtor gives proof of financial responsibility and obtain such an order permitting the payment of such judgment in installments, and while the payment of any said installments is not in default. [1967 c 32 § 44; 1963 c 169 § 40.]

46.29.410 Action if breach of agreement. In the event the judgment debtor fails to pay any installment as specified by such order, then upon notice of such default, the department shall forthwith suspend the license or nonresident's driving privilege of the judgment debtor until such judgment is satisfied, as provided in this chapter. [1967 c 32 § 45; 1963 c 169 § 41.]

46.29.420 Proof required in addition to deposit of security after accident. Any person required to deposit security under RCW 46.29.070, for the benefit or protection of another person injured or damaged in an accident, shall in addition be required to give proof of financial responsibility for the future. The department shall give written notice of such additional requirement to every such person at the time and in the manner provided in RCW 46.29.070 for giving notice of the requirement for security. [1963 c 169 § 42.]

46.29.430 Additional proof required—Suspension or revocation for failure to give proof. If a person required to give proof of financial responsibility under RCW 46.29.420 fails to give such proof within sixty days after the department has sent notice as hereinbefore provided, the department shall suspend, or continue in effect any existing suspension or revocation of, the license or any nonresident's driving privilege of the person. [1990 c 250 § 53; 1987 c 371 § 1; 1967 c 32 § 46; 1963 c 169 § 43.]

46.29.440 Additional proof required—Suspension to continue until proof given and maintained. Such license or nonresident's driving privilege shall remain so suspended and shall not be renewed, nor shall any such license be thereafter issued in the name of such person, including any such person not previously licensed, unless and until such person shall give and thereafter maintain proof of financial responsibility for the future. The furnishing of such proof shall permit such person to operate only a motor vehicle covered by such proof. The department shall endorse appropriate restrictions on the license held by such person or may issue a new license containing such restrictions. [1967 c 32 § 47; 1965 c 124 § 6; 1963 c 169 § 44.]

46.29.450 Alternate methods of giving proof. Proof of financial responsibility when required under this chapter, with respect to such a vehicle or with respect to a person who is not the owner of such a vehicle, may be given by filing:

(1) A certificate of insurance as provided in RCW 46.29.460 or 46.29.470;

(2) A bond as provided in RCW 46.29.520;

(3) A certificate of deposit of money or securities as provided in RCW 46.29.550; or

(4) A certificate of self-insurance, as provided in RCW 46.29.630, supplemented by an agreement by the self-insurer that, with respect to accidents occurring while the certificate is in force, he or she will pay the same amounts that an insurer would have been obliged to pay under an owner's motor vehicle liability policy if it had issued such a policy to said self-insurer. [2010 c 8 § 9041; 1963 c 169 § 45.]

46.29.460 Certificate of insurance as proof. Proof of financial responsibility for the future may be furnished by filing with the department the written certificate of any insurance carrier duly authorized to do business in this state certifying that there is in effect a motor vehicle liability policy for the benefit of the person required to furnish proof of financial responsibility. Such certificate shall give the effective date of such motor vehicle liability policy, which date shall be the same as the effective date of the certificate, and shall designate by explicit description or by appropriate reference all vehicles covered thereby, unless the policy is issued to a person who is not the owner of a motor vehicle. [1963 c 169 § 46.]

46.29.470 Certificate furnished by nonresident as proof. A nonresident may give proof of financial responsibility by filing with the department a written certificate or certificates of an insurance carrier authorized to transact business in the state in which the vehicle, or vehicles, owned by such nonresident is registered, or in the state in which such nonresident resides, if he or she does not own a vehicle, provided such certificate otherwise conforms with the provisions of this chapter, and the department shall accept the same upon condition that said insurance carrier complies with the following provisions with respect to the policies so certified:

(1) Said insurance carrier shall execute a power of attorney authorizing the director to accept service on its behalf of notice or process in any action arising out of a motor vehicle accident in this state;

(2) Said insurance carrier shall agree in writing that such policies shall be deemed to conform with the laws of this state relating to the terms of motor vehicle liability policies issued therein. [2010 c 8 § 9042; 1963 c 169 § 47.]

46.29.480 Default by nonresident insurer. If any insurance carrier not authorized to transact business in this state, which has qualified to furnish proof of financial responsibility, defaults in any said undertakings or agreements, the department shall not thereafter accept as proof any certificate of said carrier whether theretofore filed or thereafter tendered as proof, so long as such default continues. [1963 c 169 § 48.]

46.29.490 "Motor vehicle liability policy" defined. (1) Certification. A "motor vehicle liability policy" as said term is used in this chapter means an "owner's policy" or an "operator's policy" of liability insurance, certified as provided in RCW 46.29.460 or 46.29.470 as proof of financial responsibility for the future, and issued, except as otherwise provided in RCW 46.29.470, by an insurance carrier duly authorized to transact business in this state, to or for the benefit of the person named in the policy as insured.

(2) Owner's policy. Such owner's policy of liability insurance:

(a) Shall designate by explicit description or by appropriate reference all vehicles with respect to which coverage is to be granted by the policy; and

(b) Shall insure the person named therein and any other person, as insured, using any such vehicle or vehicles with the express or implied permission of such named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance, or use of such vehicle or vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such vehicle as follows: Twenty-five thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, fifty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and ten thousand dollars because of injury to or destruction of property of others in any one accident.

(3) Operator's policy. Such operator's policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon him or her by law for damages arising out of the use by him or her of any motor vehicle not owned by him or her, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner's policy of liability insurance.

(4) Required statements in policies. Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period, and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided under the policy in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.

(5) Policy need not insure workers' compensation, etc. Such motor vehicle liability policy need not insure any liability under any workers' compensation law nor any liability on account of bodily injury or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance, or repair of any such vehicle nor any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

(6) Provisions incorporated in policy. Every motor vehicle liability policy is subject to the following provisions which need not be contained therein:

(a) The liability of the insurance carrier with respect to the insurance required by this chapter becomes absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on his or her behalf and no violation of said policy defeats or voids said policy.

(b) The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the

right or duty of the insurance carrier to make payment on account of such injury or damage.

(c) The insurance carrier may settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof is deductible from the limits of liability specified in subsection (2)(b) of this section.

(d) The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of this chapter constitutes the entire contract between the parties.

(7) Excess or additional coverage. Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy, and such excess or additional coverage is not subject to the provisions of this chapter. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" applies only to that part of the coverage which is required by this section.

(8) Reimbursement provision permitted. Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.

(9) Proration of insurance permitted. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

(10) Multiple policies. The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carrier which policies together meet such requirements.

(11) Binders. Any binder issued pending the issuance of a motor vehicle liability policy is deemed to fulfill the requirements for such a policy. [2010 c 8 § 9043; 1980 c 117 § 6; 1967 ex.s. c 3 § 4; 1963 c 169 § 49.]

46.29.500 Notice of cancellation or termination of certified policy. When an insurance carrier has certified a motor vehicle liability policy under RCW 46.29.460 or 46.29.470 the insurance so certified shall not be canceled or terminated until at least ten days after a notice of cancellation or termination of the insurance so certified shall be filed in the department, except that such a policy subsequently procured and certified shall, on the effective date of its certification, terminate the insurance previously certified with respect to any vehicle designated in both certificates. [1963 c 169 § 50.]

46.29.510 Chapter not to affect other policies. (1) This chapter shall not be held to apply to or affect policies of automobile insurance against liability which may now or hereafter be required by any other law of this state, and such policies, if they contain an agreement or are endorsed to conform with the requirements of this chapter, may be certified as proof of financial responsibility under this chapter.

(2) This chapter shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured's employ or on his or her behalf of vehicles not owned by the insured. [2010 c 8 § 9044; 1963 c 169 § 51.]

46.29.520 Bond as proof. Proof of financial responsibility may be evidenced by the bond of a surety company duly authorized to transact business within this state, or a bond with at least two individual sureties each owning real estate within this state, and together having equities equal in value to at least twice the amount of the bond, which real estate shall be scheduled in the bond approved by a judge of the superior court, which said bond shall be conditioned for payment of the amounts specified in RCW 46.29.260. Such bond shall be filed with the department and shall not be cancellable except after ten days written notice to the department. [1963 c 169 § 52.]

46.29.530 When bond constitutes a lien. Before a bond with individual sureties is accepted by the department it shall be recorded as other instruments affecting real property in the county or counties wherein any real estate scheduled in such bond is located. Such bond shall constitute a lien from the date of such recording in favor of the state upon the real estate so scheduled of any surety, which lien shall exist in favor of any holder of a final judgment against the person who has filed such bond, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damage because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use or operation of a vehicle of a type subject to registration under the laws of this state after such bond was filed. [1963 c 169 § 53.]

46.29.540 Action on bond. If a judgment, rendered against the principal on any bond described in RCW 46.29.520, shall not be satisfied within thirty days after it has become final, the judgment creditor may, for his or her own use and benefit and at his or her sole expense, bring an action or actions in the name of the state against the company or persons executing such bond, including an action or proceeding to foreclose any lien that may exist upon the real estate of a person who has executed such bond. Such an action to foreclose a lien shall be prosecuted in the same manner as an action to foreclose a mortgage on real estate. [2010 c 8 § 9045; 1963 c 169 § 54.]

46.29.550 Money or securities as proof. Proof of financial responsibility may be evidenced by the certificate of the department that the person named therein has deposited with him or her sixty thousand dollars in cash, or securities such as may legally be purchased by savings banks or for trust funds of a market value of sixty thousand dollars. The department shall not accept any such deposit and issue a certificate therefor and the department shall not accept such certificate unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides. [2014 c 17 § 1; 2010 c 8 § 9046; 1980 c 117 § 7; 1967 ex.s. c 3 § 5; 1963 c 169 § 55.]

Additional notes found at www.leg.wa.gov

46.29.560 Application of deposit. Such deposit shall be held by the department to satisfy, in accordance with the provisions of this chapter, any execution on a judgment issued against such person making the deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use, or operation of a vehicle of a type subject to registration under the laws of this state after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages as aforesaid. Any interest or other income accruing to such money or securities, so deposited, shall be paid to the depositor, or his or her order, as received. [2014 c 17 § 2; 2010 c 8 § 9047; 1963 c 169 § 56.]

46.29.570 Owner may give proof for others. The owner of a motor vehicle may give proof of financial responsibility on behalf of his or her employee or a member of his or her immediate family or household in lieu of the furnishing of proof by any said person. The furnishing of such proof shall permit such person to operate only a motor vehicle covered by such proof. The department shall endorse appropriate restrictions on the license held by such person, or may issue a new license containing such restrictions. [2010 c 8 § 9048; 1963 c 169 § 57.]

46.29.580 Substitution of proof. The department shall consent to the cancellation of any bond or certificate of insurance or the department shall direct and return any money or securities to the person entitled thereto upon the substitution and acceptance of other adequate proof of financial responsibility pursuant to this chapter. [2014 c 17 § 3; 1963 c 169 § 58.]

46.29.590 Other proof required, when. Whenever any proof of financial responsibility filed under the provisions of this chapter no longer fulfills the purposes for which required, the department shall, for the purpose of this chapter, require other proof as required by this chapter and shall suspend the license and registration pending the filing of such other proof. [1963 c 169 § 59.]

46.29.600 Duration of proof—When proof may be canceled or returned. (1) The department shall upon request consent to the immediate cancellation of any bond or certificate of insurance, or the department shall direct and return to the person entitled thereto any money or securities deposited pursuant to this chapter as proof of financial responsibility, or the department shall waive the requirement of filing proof, in any of the following events:

(a) At any time after three years from the date such proof was required when, during the three-year period preceding the request, the department has not received record of a conviction, forfeiture of bail, or finding that a traffic infraction has been committed which would require or permit the suspension or revocation of the license of the person by or for whom such proof was furnished; or

(b) In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle; or

(c) In the event the person who has given proof surrenders his or her license to the department.

(2) Provided, however, that the department shall not consent to the cancellation of any bond or the return of any money or securities in the event any action for damages upon a liability covered by such proof is then pending or any judgment upon any such liability is then unsatisfied, or in the event the person who has filed such bond or deposited such money or securities has within one year immediately preceding such request been involved as a driver or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that he or she has been released from all of his or her liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the department.

(3) Whenever any person whose proof has been canceled or returned under subsection (1)(c) of this section applies for a license within a period of three years from the date proof was originally required, any such application shall be refused unless the applicant shall reestablish such proof for the remainder of such three-year period. [2014 c 17 § 4; 2010 c 8 § 9049; 1979 ex.s. c 136 § 66; 1963 c 169 § 60.]

VIOLATIONS

46.29.605 Suspension of registration, notice—Surrender of license plates—Penalties. (2) A notice of suspension shall be mailed by first-class mail to the owner's last known address of record in the department and shall be effective notwithstanding the owner's failure to receive the notice.

MISCELLANEOUS

46.29.630 Self-insurers. (1) Any person in whose name more than twenty-five vehicles are registered in this state may qualify as a self-insurer by obtaining a certificate of self-insurance issued by the department as provided in subsection (2) of this section.

(2) The department may, in its discretion, upon the application of such a person, issue a certificate of self-insurance when it is satisfied that such person is possessed and will continue to be possessed of ability to pay judgment obtained against such person. Such certificate may be issued authorizing a person to act as a self-insurer for either property damage or bodily injury, or both.

(3) Upon not less than five days' notice and a hearing pursuant to such notice, the department may upon reasonable grounds cancel a certificate of self-insurance. Failure to pay any judgment within thirty days after such judgment shall have become final shall constitute a reasonable ground for the cancellation of a certificate of self-insurance. [1963 c 169 § 63.]

46.29.640 Chapter not to prevent other process. Nothing in this chapter shall be construed as preventing the plaintiff in any action at law from relying for relief upon the other processes provided by law. [1963 c 169 § 64.]

46.29.900 Construction—1963 c 169. RCW 46.29.010 through 46.29.640 shall be codified as a single chapter of the Revised Code of Washington. Chapter 46.30 RCW
MANDATORY LIABILITY INSURANCE

Sections

46.30.010 Legislative intent.
46.30.020 Liability insurance or other financial responsibility required—Violations—Exceptions.
46.30.030 Insurance identification card.
46.30.040 Providing false evidence of financial responsibility—Penalty.
46.30.050 Autonomous motor vehicles—Self-certification testing pilot program—Liability insurance required.
46.30.901 Effective date—1989 c 353.

46.30.010 Legislative intent. It is a privilege granted by the state to operate a motor vehicle upon the highways of this state. The legislature recognizes the threat that uninsured drivers are to the people of the state. In order to alleviate the threat posed by uninsured drivers it is the intent of the legislature to require that all persons driving vehicles registered in this state satisfy the financial responsibility requirements of this chapter. By enactment of this chapter it is not the intent of the legislature to modify, amend, or invalidate existing insurance contract terms, conditions, limitations, or exclusions or to preclude insurance companies from using similar terms, conditions, limitations, or exclusions in future contracts. [1989 c 353 § 1.]

46.30.020 Liability insurance or other financial responsibility required—Violations—Exceptions. (1)(a) No person may operate a motor vehicle subject to registration under chapter 46.16A RCW in this state unless the person is insured under a motor vehicle liability policy with liability limits of at least the amounts provided in RCW 46.29.090, is self-insured as provided in RCW 46.29.630, is covered by a certificate of deposit in conformance with RCW 46.29.550, or is covered by a liability bond of at least the amounts provided in RCW 46.29.090. Proof of financial responsibility for motor vehicle operation must be provided on the request of a law enforcement officer in the format specified under RCW 46.30.030.

(b) A person who drives a motor vehicle that is required to be registered in another state that requires drivers and owners of vehicles in that state to maintain insurance or financial responsibility shall, when requested by a law enforcement

officer, provide evidence of financial responsibility or insurance as is required by the laws of the state in which the vehicle is registered.

(c) When asked to do so by a law enforcement officer, failure to display proof of financial responsibility for motor vehicle operation as specified under RCW 46.30.030 creates a presumption that the person does not have motor vehicle insurance.

(d) Failure to provide proof of motor vehicle insurance is a traffic infraction and is subject to penalties as set by the supreme court under RCW 46.63.110 or community restitution.

(e) For the purposes of this section, when a person uses a portable electronic device to display proof of financial security to a law enforcement officer, the officer may only view the proof of financial security and is otherwise prohibited from viewing any other content on the portable electronic device.

(f) Whenever a person presents a portable electronic device pursuant to this section, that person assumes all liability for any damage to the portable electronic device.

(2) If a person cited for a violation of subsection (1) of this section appears in person before the court or a violations bureau and provides written evidence that at the time the person was cited, he or she was in compliance with the financial responsibility requirements of subsection (1) of this section, the citation shall be dismissed and the court or violations bureau may assess court administrative costs of twenty-five dollars at the time of dismissal. Those motor carriers that have operations in this state are subject to the patrol's safety audits and compliance review programs. Compliance reviews may result in the initiation of an enforcement action, which may include monetary penalties. The utilities and transportation commission is responsible for adoption and enforcement of safety requirements for vehicles operated by entities holding authority under chapters 81.66, 81.68, 81.70, and 81.77 RCW, and by household goods carriers holding authority under chapter 81.80 RCW.

In determining whether a motor carrier is an imminent hazard or danger to the public health, safety, or welfare, the chief or the chief's designee shall consider safety factors. [2011 c 171 § 77; 2009 c 46 § 1; 2007 c 419 § 10; 1995 c 272 § 1.]

These employees will only be transferred upon successful completion of the Washington state patrol background investigation.

(4) All rules and all pending business before the utilities and transportation commission pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the Washington state patrol. All existing contracts and obligations remain in full force and shall be performed by the Washington state patrol.

(5) The transfer of the powers, duties, functions, and personnel of the utilities and transportation commission does not affect the validity of any act performed before January 1, 1996.

(6) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

The state patrol shall amend these rules periodically to maintain, to the extent permissible under this chapter, standards as rigorous as the federal regulations governing certain interstate motor carriers. The state patrol shall submit a report to the legislature by December 31st of each year that outlines new rules or rule changes and explains how the state rules compare to the federal regulations.

(2) Motor vehicles operated by entities with authority under chapters 81.66, 81.68, 81.70, and 81.77 RCW, and by household goods carriers operating under chapter 81.80 RCW, must comply with rules regulating vehicle safety adopted by the utilities and transportation commission. (i) It is a violation of this chapter for a person operating a commercial motor vehicle to fail to comply with the requirements of 49 C.F.R. Pt. 382, controlled substances and alcohol use and testing, 49 C.F.R. Sec. 391.15, disqualification of drivers, and 49 C.F.R. (iv) Each violation under this subsection (1)(a) is a separate and distinct offense, and in case of a continuing violation every day's continuance is a separate and distinct violation.

(b) In addition to all other penalties provided by law, any motor carrier, company, or any officer or agent of a motor carrier or company operating a commercial motor vehicle subject to compliance reviews under this chapter who refuses entry or to make the required records, documents, and vehicles available to a duly authorized agent of the state patrol is liable for a penalty of at least five thousand dollars as well as an out-of-service order being placed on the department of transportation number, as defined in RCW 46.16A.010, and vehicle registration to operate. Each violation is a separate and distinct offense, and in case of a continuing violation every day's continuance is a separate and distinct violation.

(c) A motor carrier operating a commercial motor vehicle after receiving a final unsatisfactory rating or being placed out of service is liable for a penalty of not more than eleven thousand dollars for each violation. Each violation is a separate and distinct offense, and in case of a continuing violation every day's continuance is a separate and distinct violation.

(d) A high-risk carrier is liable for double the amount of the penalty of a prior violation if the high-risk carrier repeats the same violation during a follow-up compliance review. Each repeat violation is a separate and distinct offense, and in case of a repeat continuing violation every day's continuance is a separate and distinct violation.

(2) The Washington state patrol may place an out-of-service order on a department of transportation number, as defined in RCW 46.16A.010, for violations of this chapter or for nonpayment of any monetary penalties assessed by the state patrol or the utilities and transportation commission, as a result of compliance reviews, or for violations of cease and desist orders issued by the utilities and transportation commission. The state patrol shall notify the department of licensing when an out-of-service order has been placed on a motor carrier's department of transportation number. The state patrol shall notify the motor carrier when there has been an out-of-service order placed on the motor carrier's department of transportation number and the vehicle registrations have been revoked by sending a notice by first-class mail using the last known address for the registered or legal owner or owners, and recording the transmittal on an affidavit of first-class mail. Notices under this section fulfill the requirements of RCW 46.12.550. The Washington state patrol or other law enforcement agency must confiscate and may recycle or destroy the license plates from a motor carrier who operates a commercial motor vehicle while the vehicle registration is revoked, suspended, or canceled. The confiscation of license plates under this subsection only applies to trucks, truck tractors, and tractors.

(3) Any penalty provided in this section is due and payable when the person incurring it receives a notice in writing from the state patrol describing the violation and advising the person that the penalty is due.

(a)(i) Any motor carrier who incurs a penalty as provided in this section, except for a high-risk carrier that incurs a penalty for a repeat violation during a follow-up compliance review, may, upon written application, request that the state patrol mitigate the penalty. An application for mitigation must be received by the state patrol within twenty days of the receipt of notice.

(ii) The state patrol may decline to consider any application for mitigation.

(b) Any motor carrier who incurs a penalty as provided in this section has a right to an administrative hearing under chapter 34.05 RCW to contest the violation or the penalty imposed, or both. In all such hearings, the procedure and rules of evidence are as specified in chapter 34.05 RCW except as otherwise provided in this chapter. Any request for an administrative hearing must be made in writing and must be received by the state patrol within twenty days after the later of (i) receipt of the notice imposing the penalty, or (ii) disposition of a request for mitigation, or the right to a hearing is waived.

(c) All penalties recovered under this section shall be paid into the state treasury and credited to the state patrol highway account of the motor vehicle fund. [2012 c 70 § 1; 2011 c 227 § 5; 2010 c 161 § 1116; 2009 c 46 § 4; 2007 c 419 § 12; 2005 c 444 § 1; 1998 c 172 § 1; 1995 c 272 § 3.]

46.37.320 Authority of state patrol regarding lighting devices or other safety equipment. (1) The chief of the state patrol is hereby authorized to adopt and enforce rules establishing standards and specifications governing the performance of lighting devices and their installation, adjustment, and aiming, when in use on motor vehicles, and other safety equipment, components, or assemblies of a type for which regulation is required in this chapter or in rules adopted by the state patrol. Such rules shall correlate with and, so far as practicable, conform to federal motor vehicle safety standards adopted pursuant to the national traffic and motor vehicle safety act of 1966 (15 U.S.C. Sec. 1381 et seq.) covering the same aspect of performance, or in the absence of such federal standards, to the then current standards and specifications of the society of automotive engineers applicable to such equipment: PROVIDED, That the sale, installation, and use of any headlamp meeting the standards of either the society of automotive engineers or the United Nations agreement concerning motor vehicle equipment and parts done at Geneva on March 20, 1958, or as amended and adopted by the Canadian standards association (CSA standard D106.2), as amended, shall be lawful in this state.

(2) Every manufacturer who sells or offers for sale lighting devices or other safety equipment subject to requirements established by the state patrol shall, if the lighting device or safety equipment is not in conformance with applicable federal motor vehicle safety standards, provide for submission of such lighting device or safety equipment to any recognized organization or agency such as, but not limited to, the American national standards institute, the society of automotive engineers, or the American association of motor vehicle administrators, as the agent of the state patrol. Issuance of a certificate of compliance for any lighting device or item of safety equipment by that agent is deemed to comply with the standards set forth by the state patrol. Such certificate shall be issued by the agent of the state before sale of the product within the state.

(3) The state patrol may at any time request from the manufacturer a copy of the test data showing proof of compliance of any device with the requirements established by the state patrol and additional evidence that due care was exercised in maintaining compliance during production. If the manufacturer fails to provide such proof of compliance within sixty days of notice from the state patrol, the state patrol may prohibit the sale of the device in this state until acceptable proof of compliance is received by the state patrol.

(4) The state patrol or its agent may purchase any lighting device or other safety equipment, component, or assembly subject to this chapter or rules adopted by the state patrol under this chapter, for purposes of testing or retesting the equipment as to its compliance with applicable standards or specifications. 46.37.330 Revocation of certificate of approval on devices—Reapproval, conditions. (1) When the state patrol has reason to believe that an approved device does not comply with the requirements of this chapter or regulations issued by the state patrol, it may, after giving thirty days' previous notice to the person holding the certificate of approval for such device in this state, conduct a hearing upon the question of compliance of said approved device. After said hearing the state patrol shall determine whether said approved device meets the requirements of this chapter and regulations issued by the state patrol. If said device does not meet the requirements of this chapter or the state patrol's regulations it shall give notice to the one to whom the certificate of approval has been issued of the state patrol's intention to suspend or revoke the certificate of approval for such device in this state.

(2) If at the expiration of ninety days after such notice the person holding the certificate of approval for such device has failed to satisfy the state patrol that said approved device as thereafter to be sold or offered for sale meets the requirements of this chapter or the state patrol's regulations, the state patrol shall suspend or revoke the approval issued therefor and shall require the withdrawal of all such devices from the market and may require that all said devices sold since the notification be replaced with devices that do comply.

(3) When a certificate of approval has been suspended or revoked pursuant to this chapter or regulations by the state patrol, the device shall not be again approved unless and until it has been submitted for reapproval and it has been demonstrated, in the same manner as in an application for an original approval, that the device fully meets the requirements of this chapter or regulations issued by the state patrol. The state patrol may require that all previously approved items are being effectively recalled and removed from the market as a condition of reapproval. 46.37.340 Braking equipment required. Every motor vehicle, trailer, semitrailer, and pole trailer, and any combination of such vehicle operating upon a highway within this state shall be equipped with brakes in compliance with the requirements of this chapter.

(1) Service brakes—adequacy. Every such vehicle and combination of vehicles, except special mobile equipment as defined in RCW 46.04.552, shall be equipped with service brakes complying with the performance requirements of RCW 46.37.351 and adequate to control the movement of and to stop and hold such vehicle under all conditions of loading, and on any grade incident to its operation.

(2) Parking brakes—adequacy. Every such vehicle and combination of vehicles shall be equipped with parking brakes adequate to hold the vehicle on any grade on which it is operated, under all conditions of loading, on a surface free from snow, ice, or loose material. The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver's muscular effort or by spring action or by equivalent means. Their operation may be assisted by the service brakes or other source of power provided that failure of the service brake actuation system or other power assisting mechanism will not prevent the parking brakes from being applied in conformance with the foregoing requirements. The parking brakes shall be so designed that when once applied they shall remain applied with the required effectiveness despite exhaustion of any source of energy or leakage of any kind. The same brake drums, brake shoes and lining assemblies, brake shoe anchors, and mechanical brake shoe actuation mechanism normally associated with the wheel brake assemblies may be used for both the service brakes and the parking brakes. If the means of applying the parking brakes and the service brakes are connected in any way, they shall be so constructed that failure of any one part shall not leave the vehicle without operative brakes.

(3) Brakes on all wheels. Every vehicle shall be equipped with brakes acting on all wheels except:

(a) Trailers, cargo extensions, semitrailers, or pole trailers of a gross weight not exceeding three thousand pounds, provided that:

(i) The total weight on and including the wheels of the trailer or trailers or cargo extension shall not exceed forty percent of the gross weight of the towing vehicle when connected to the trailer or trailers; and

(ii) The combination of vehicles consisting of the towing vehicle and its total towed load, is capable of complying with the performance requirements of RCW 46.37.351;

(b) Trailers, semitrailers, or pole trailers manufactured and assembled prior to July 1, 1965, shall not be required to be equipped with brakes when the total weight on and including the wheels of the trailer or trailers does not exceed two thousand pounds;

(c) Any vehicle being towed in driveaway or towaway operations, provided the combination of vehicles is capable of complying with the performance requirements of RCW 46.37.351;

(d) Trucks and truck tractors manufactured before July 25, 1980, and having three or more axles need not have brakes on the front wheels, except that when such vehicles are equipped with at least two steerable axles, the wheels of one steerable axle need not have brakes. Trucks and truck tractors manufactured on or after July 25, 1980, and having three or more axles are required to have brakes on the front wheels, except that when such vehicles are equipped with at least two steerable axles, the wheels of one steerable axle need not have brakes. Such trucks and truck tractors may be equipped with an automatic device to reduce the front-wheel braking effort by up to fifty percent of the normal braking force, regardless of whether or not antilock system failure has occurred on any axle, and:

(i) Must not be operable by the driver except upon application of the control that activates the braking system; and

(ii) Must not be operable when the pressure that transmits brake control application force exceeds eighty-five pounds per square inch (psi) on air-mechanical braking systems, or eighty-five percent of the maximum system pressure in vehicles utilizing other than compressed air.

All trucks and truck tractors having three or more axles must be capable of complying with the performance requirements of RCW 46.37.351;

(e) Special mobile equipment as defined in RCW 46.04.552 and all vehicles designed primarily for off-highway use with braking systems which work within the power train rather than directly at each wheel;

(f) Vehicles manufactured prior to January 1, 1930, may have brakes operating on only two wheels;

(g) For a forklift manufactured after January 1, 1970, and being towed, wheels need not have brakes except for those on the rearmost axle so long as such brakes, together with the brakes on the towing vehicle, shall be adequate to stop the combination within the stopping distance requirements of RCW 46.37.351.

(4) Automatic trailer brake application upon breakaway. Every trailer, semitrailer, and pole trailer equipped with air or vacuum actuated brakes and every trailer, semitrailer, and pole trailer with a gross weight in excess of three thousand

pounds, manufactured or assembled after January 1, 1964, shall be equipped with brakes acting on all wheels and of such character as to be applied automatically and promptly, and remain applied for at least fifteen minutes, upon breakaway from the towing vehicle.

(5) Tractor brakes protected. Every motor vehicle manufactured or assembled after January 1, 1964, and used to tow a trailer, semitrailer, or pole trailer equipped with brakes, shall be equipped with means for providing that in case of breakaway of the towed vehicle, the towing vehicle will be capable of being stopped by the use of its service brakes.

(6) Trailer air reservoirs safeguarded. Air brake systems installed on trailers manufactured or assembled after January 1, 1964, shall be so designed that the supply reservoir used to provide air for the brakes shall be safeguarded against backflow of air from the reservoir through the supply line.

(7) Two means of emergency brake operation.

(a) Air brakes. After January 1, 1964, every towing vehicle equipped with air controlled brakes, in other than driveaway or towaway operations, and all other vehicles equipped with air controlled brakes, shall be equipped with two means for emergency application of the brakes. One of these means shall apply the brakes automatically in the event of a reduction of the vehicle's air supply to a fixed pressure which shall be not lower than twenty pounds per square inch nor higher than forty-five pounds per square inch. The other means shall be a manually controlled device for applying and releasing the brakes, readily operable by a person seated in the driving seat, and its emergency position or method of operation shall be clearly indicated. In no instance may the manual means be so arranged as to permit its use to prevent operation of the automatic means. The automatic and the manual means required by this section may be, but are not required to be, separate.

(b) Vacuum brakes. After January 1, 1964, every towing vehicle used to tow other vehicles equipped with vacuum brakes, in operations other than driveaway or towaway operations, shall have, in addition to the single control device required by subsection (8) of this section, a second control device which can be used to operate the brakes on towed vehicles in emergencies. The second control shall be independent of brake air, hydraulic, and other pressure, and independent of other controls, unless the braking system be so arranged that failure of the pressure upon which the second control depends will cause the towed vehicle brakes to be applied automatically. The second control is not required to provide modulated braking.

(8) Single control to operate all brakes. After January 1, 1964, every motor vehicle, trailer, semitrailer, and pole trailer, and every combination of such vehicles, equipped with brakes shall have the braking system so arranged that one control device can be used to operate all service brakes. This requirement does not prohibit vehicles from being equipped with an additional control device to be used to operate brakes on the towed vehicles. This regulation does not apply to driveaway or towaway operations unless the brakes on the individual vehicles are designed to be operated by a single control in the towing vehicle.

(9) Reservoir capacity and check valve.

(a) Air brakes. Every bus, truck, or truck tractor with air operated brakes shall be equipped with at least one reservoir sufficient to insure that, when fully charged to the maximum pressure as regulated by the air compressor governor cut-out setting, a full service brake application may be made without lowering such reservoir pressure by more than twenty percent. Each reservoir shall be provided with means for readily draining accumulated oil or water.

(b) Vacuum brakes. After January 1, 1964, every truck with three or more axles equipped with vacuum assistor type brakes and every truck tractor and truck used for towing a vehicle equipped with vacuum brakes shall be equipped with a reserve capacity or a vacuum reservoir sufficient to insure that, with the reserve capacity or reservoir fully charged and with the engine stopped, a full service brake application may be made without depleting the vacuum supply by more than forty percent.

(c) Reservoir safeguarded. All motor vehicles, trailers, semitrailers, and pole trailers, when equipped with air or vacuum reservoirs or reserve capacity as required by this section, shall have such reservoirs or reserve capacity so safeguarded by a check valve or equivalent device that in the event of failure or leakage in its connection to the source of compressed air or vacuum, the stored air or vacuum shall not be depleted by the leak or failure.

(10) Warning devices.

(a) Air brakes. Every bus, truck, or truck tractor using compressed air for the operation of its own brakes or the brakes on any towed vehicle, shall be provided with a warning signal, other than a pressure gauge, readily audible or visible to the driver, which will operate at any time the primary supply air reservoir pressure of the vehicle is below fifty percent of the air compressor governor cut-out pressure. In addition, each such vehicle shall be equipped with a pressure gauge visible to the driver, which indicates in pounds per square inch the pressure available for braking.

(b) Vacuum brakes. After January 1, 1964, every truck tractor and truck used for towing a vehicle equipped with vacuum operated brakes and every truck with three or more axles using vacuum in the operation of its brakes, except those in driveaway or towaway operations, shall be equipped with a warning signal, other than a gauge indicating vacuum, readily audible or visible to the driver, which will operate at any time the vacuum in the vehicle's supply reservoir or reserve capacity is less than eight inches of mercury.

(c) Combination of warning devices. When a vehicle required to be equipped with a warning device is equipped with both air and vacuum power for the operation of its own brakes or the brakes on a towed vehicle, the warning devices may be, but are not required to be, combined into a single device which will serve both purposes. A gauge or gauges indicating pressure or vacuum shall not be deemed to be an adequate means of satisfying this requirement. [2016 c 22 § 5; 1989 c 221 § 1; 1979 c 11 § 1. 46.37.380 Horns, warning devices, and theft alarms. (1) Every motor vehicle when operated upon a highway shall be equipped with a horn in good working order and capable of emitting sound audible under normal conditions from a distance of not less than two hundred feet, but no horn or other warning device may emit an unreasonably loud or harsh sound or a whistle. The driver of a motor vehicle shall when reasonably necessary to insure safe operation give audible

warning with his or her horn but shall not otherwise use such horn when upon a highway.

(2) No vehicle may be equipped with nor may any person use upon a vehicle any siren, whistle, or bell, except as otherwise permitted in this section.

(3) It is permissible for any vehicle to be equipped with a theft alarm signal device so long as it is so arranged that it cannot be used by the driver as an ordinary warning signal. Such a theft alarm signal device may use a whistle, bell, horn, or other audible signal but shall not use a siren.

(4) Any authorized emergency vehicle may be equipped with a siren, whistle, or bell capable of emitting sound audible under normal conditions from a distance of not less than five hundred feet and of a type conforming to rules adopted by the state patrol, but the siren shall not be used except when the vehicle is operated in response to an emergency call or in the immediate pursuit of an actual or suspected violator of the law, in which latter events the driver of the vehicle shall sound the siren when reasonably necessary to warn pedestrians and other drivers of its approach. (i) As dark as or darker than the shade designated as No. 1 on the Ringelmann chart, as published by the United States bureau of mines; or

(ii) Of such opacity as to obscure an observer's view to a degree equal to or greater than does smoke described in subsection (a)(i) above.

(b) No motor vehicle first sold and registered prior to January 1, 1971, shall discharge into the atmosphere at elevations of less than three thousand feet any air contaminant for a period of more than ten seconds which is:

(i) As dark as or darker than the shade designated as No. 2 on the Ringelmann chart, as published by the United States bureau of mines; or

(ii) Of such opacity as to obscure an observer's view to a degree equal to or greater than does smoke described in subsection (b)(i) above.

(i) "Opacity" means the degree to which an emission reduces the transmission of light and obscures the view of an object in the background;

(ii) "Ringelmann chart" means the Ringelmann smoke chart with instructions for use as published by the United States bureau of mines in May 1967 and as thereafter amended, information circular 7718.

(3) No person shall modify the exhaust system of a motor vehicle in a manner which will amplify or increase the noise emitted by the engine of such vehicle above that emitted by the muffler originally installed on the vehicle, and it shall be unlawful for any person to operate a motor vehicle not equipped as required by this subsection, or which has been amplified as prohibited by this subsection. A court may dismiss an infraction notice for a violation of this subsection if there is reasonable grounds to believe that the vehicle was not operated in violation of this subsection.

This subsection (3) does not apply to vehicles twenty-five or more years old or to passenger vehicles being operated off the highways in an organized racing or competitive event conducted by a recognized sanctioning body. 46.37.420 Tires—Restrictions. (1) It is unlawful to operate a vehicle upon the public highways of this state unless it is completely equipped with pneumatic rubber tires except vehicles equipped with temporary-use spare tires that meet federal standards that are installed and used in accordance with the manufacturer's instructions.

(2) No tire on a vehicle moved on a highway may have on its periphery any block, flange, cleat, or spike or any other protuberance of any material other than rubber which projects beyond the tread of the traction surface of the tire, except that it is permissible to use farm machinery equipped with pneumatic tires or solid rubber tracks having protuberances that will not injure the highway, and except also that it is permissible to use tire chains, alternative traction devices, or metal studs imbedded within the tire of reasonable proportions and of a type conforming to rules adopted by the state patrol, upon any vehicle when required for safety because of snow, ice, or other conditions tending to cause a vehicle to skid. It is unlawful to use metal studs imbedded within the tire between April 1st and November 1st, except that a vehicle may be equipped year-round with tires that have retractable studs if: (a) The studs retract pneumatically or mechanically to below the wear bar of the tire when not in use; and (b) the retractable studs are engaged only between November 1st and April 1st. Retractable studs may be made of metal or other material and are not subject to the lightweight stud weight requirements under RCW 46.04.272. The state department of transportation may, from time to time, determine additional periods in which the use of tires with metal studs imbedded therein is lawful.

(3) The state department of transportation and local authorities in their respective jurisdictions may issue special permits authorizing the operation upon a highway of traction engines or tractors having movable tracks with transverse corrugations upon the periphery of the movable tracks or farm tractors or other farm machinery, the operation of which upon a highway would otherwise be prohibited under this section.

The state patrol shall promulgate rules and regulations setting forth requirements of safe operating condition of tires capable of being employed by a law enforcement officer by visual inspection of tires mounted on vehicles including visual comparison with simple measuring gauges. These rules shall include effects of tread wear and depth of tread.

A tire shall be considered unsafe if it has:

(1) Any ply or cord exposed either to the naked eye or when cuts or abrasions on the tire are probed; or

(2) Any bump, bulge, or knot, affecting the tire structure; or

(3) Any break repaired with a boot; or

(4) A tread depth of less than 2/32 of an inch measured in any two major tread grooves at three locations equally spaced around the circumference of the tire, or for those tires with tread wear indicators, a tire shall be considered unsafe if it is worn to the point that the tread wear indicators contact the road in any two major tread grooves at three locations equally spaced around the circumference of the tire; or

(5) A legend which indicates the tire is not intended for use on public highways such as, "not for highway use" or "for racing purposes only"; or

(6) Such condition as may be reasonably demonstrated to render it unsafe; or

(7) If not matched in tire size designation, construction, and profile to the other tire and/or tires on the same axle, except for temporary-use spare tires that meet federal standards that are installed and used in accordance with the manufacturer's instructions.

No person, firm, or corporation shall sell any vehicle for use on the public highways of this state unless the vehicle is equipped with tires that are in compliance with the provisions of this section. For the purposes of this subsection, "new tire sold that contains studs" means a tire that is manufactured for vehicle purposes and contains metal

studs, and does not include bicycle tires or retreaded vehicle tires.

(b) The five dollar fee must be paid by the buyer to the seller, and each seller must collect from the buyer the full amount of the fee. The fee collected from the buyer by the seller must be paid to the department of revenue in accordance with RCW 82.32.045; however, the seller retains ten percent of the fee collected.

(c) The portion of the fee paid to the department of revenue under (b) of this subsection must be deposited in the motor vehicle fund created under RCW 46.68.070.

(2) The fee to be collected by the seller, less the ten percent that the seller retains as specified in subsection (1)(b) of this section, must be held in trust by the seller until paid to the department of revenue, and any seller who appropriates or converts the fee collected to any use other than the payment of the fee on the due date is guilty of a gross misdemeanor.

(3) Any seller that fails to collect the fee imposed under this section or, having collected the fee, fails to pay it to the department of revenue by the date due, whether such failure is the result of the seller or the result of acts or conditions beyond the seller's control, is personally liable to the state for the amount of the fee.

(4) The amount of the fee, until paid by the buyer to the seller or to the department of revenue, constitutes a debt from the buyer to the seller. Any seller who fails or refuses to collect the fee as required with the intent to violate this section or to gain some advantage or benefit and any buyer who refuses to pay the fee due is guilty of a misdemeanor.

(5) The department of revenue must collect on the business excise tax return from the businesses selling new tires that contain studs at retail the number of tires sold and the fee imposed under this section. The department of revenue must incorporate into its audit cycle a reconciliation of the number of tires sold and the amount of revenue collected by the businesses selling new tires that contain studs.

(6) All other applicable provisions of chapter 82.32 RCW have full force and application with respect to the fee imposed under this section.

(7) The department of revenue must administer this section. [2015 3rd sp.s. c 44 § 210.]

Effective date—2015 3rd sp.s. c 44: See note following RCW 46.68.395.

46.37.430 Safety glazing—Sunscreening or coloring. (1)(a) No person may sell any motor vehicle as specified in this title, nor may any motor vehicle as specified in this title be registered unless such vehicle is equipped with safety glazing material of a type that meets or exceeds federal standards under 49 C.F.R. Sec. 571.205.

(b) The foregoing provisions apply to all passenger-type motor vehicles, including passenger buses and school buses, but in respect to trucks, including truck tractors, the requirements as to safety glazing material apply to all glazing material used in doors, windows, and windshields in the drivers' compartments of such vehicles except as provided by subsection (4) of this section.

(c) The safety glazing material that is manufactured and installed in accordance with federal standards shall not be etched or otherwise permanently altered if the safety glazing material is installed in the windshield or any other window located in the motor vehicle passenger compartment, except for the etching of the vehicle identification number if:

(i) The maximum height of the letters or numbers do not exceed one-half inch; and

(ii) The etched vehicle identification number is not located in a position that interferes with the vision of any occupant of the motor vehicle.

(2) For the purposes of this section:

(a) "Light transmission" means the ratio of the amount of total visible light, expressed in percentages, that is allowed to pass through the sunscreening or coloring material to the amount of total visible light falling on the motor vehicle window.

(b) "Net film screening" means the total sunscreening or coloring material applied to the window that includes both the material applied by the manufacturer during the safety glazing and any film sunscreening or coloring material applied after the vehicle is manufactured.

(c) "Reflectance" means the ratio of the amount of total light, expressed in percentages, that is reflected outward by the sunscreening or coloring material to the amount of total light falling on the motor vehicle window.

(d) "Safety glazing materials" means glazing materials so constructed, treated, or combined with other materials as to reduce substantially, in comparison with ordinary sheet glass or plate glass, the likelihood of injury to persons by objects from exterior sources or by these safety glazing materials when they may be cracked or broken.

(3) The director of licensing shall not register any motor vehicle which is subject to the provisions of this section unless it is equipped with an approved type of safety glazing material, and he or she shall suspend the registration of any motor vehicle so subject to this section which the director finds is not so equipped until it is made to conform to the requirements of this section.

(4) No person may sell or offer for sale, nor may any person operate a motor vehicle registered in this state which is equipped with, any camper manufactured after May 23, 1969, unless such camper is equipped with safety glazing material of a type conforming to rules adopted under 49 C.F.R. Sec. 571.205 wherever glazing materials are used in outside windows and doors.

(5) No film sunscreening or coloring material that reduces light transmittance to any degree may be applied to the surface of the safety glazing material in a motor vehicle unless it meets the following standards for such material:

(a) The maximum level of net film sunscreening to be applied to any window, except the windshield, shall have a total reflectance of thirty-five percent or less, and a light transmission of twenty-four percent or more, where the vehicle is equipped with outside rearview mirrors on both the right and left. Installation of more than a single sheet of film sunscreening material to any window is prohibited.

(b) Hearses, collector vehicles, limousines and passenger buses used to transport persons for compensation, ambulances, rescue squad vehicles, any other emergency medical vehicle licensed under RCW 18.73.130 that is used to transport patients, and any vehicle identified by the manufacturer as a truck, motor home, or multipurpose passenger vehicle as defined in 49 C.F.R. Sec. 571.3, may have net film sunscreening applied on any window to the rear of the driver that

has less than twenty-four percent light transmittance, if the light reflectance is thirty-five percent or less and the vehicle is equipped with outside rearview mirrors on both the right and left.

(c) A person or business tinting windows for profit who tints windows within restricted areas of the glazing system shall supply a sticker to be affixed to the driver's door post, in the area adjacent to the manufacturer's identification tag. Installation of this sticker certifies that the glazing application meets this chapter's standards for light transmission, reflectance, and placement requirements. Stickers must be no smaller than three-quarters of an inch by one and one-half inches, and no larger than two inches by two and one-half inches. The stickers must be of sufficient quality to endure exposure to harsh climate conditions. The business name and state tax identification number of the installer must be clearly visible on the sticker.

(d) A greater degree of light reduction is permitted on all windows and the top six inches of windshields of a vehicle operated by or carrying as a passenger a person who possesses a written verification from a licensed physician that the operator or passenger must be protected from exposure to sunlight for physical or medical reasons.

(e) A greater degree of light reduction is permitted along the top edge of the windshield as long as the product is transparent and does not extend into the AS-1 portion of the windshield or extend more than six inches from the top of the windshield. Clear film sunscreening material that reduces or eliminates ultraviolet light may be applied to windshields.

(f) When film sunscreening material is applied to any window except the windshield, outside mirrors on both the left and right sides shall be located so as to reflect to the driver a view of the roadway, through each mirror, a distance of at least two hundred feet to the rear of the vehicle.

(g) The following types of film sunscreening material are not permitted:

(i) Mirror finish products;

(ii) Red, gold, yellow, or black material; or

(iii) Film sunscreening material that is in liquid preapplication form and brushed or sprayed on.

(6) Subsection (5) of this section does not prohibit:

(a) The use of shaded or heat-absorbing safety glazing material in which the shading or heat-absorbing characteristics have been applied at the time of manufacture of the safety glazing material and which meet federal standards for such safety glazing materials.

(b) The use and placement of federal, state, or local certificates or decals on any window as required by applicable laws or regulations. However, any such certificate or decal must be of a size and placed on the motor vehicle so as not to impair the ability of the driver to safely operate the motor vehicle.

(c) Sunscreening devices to be applied to any window behind the driver provided that the devices reduce the driver's area of vision uniformly and by no more than fifty percent, as measured on a horizontal plane. If sunscreening devices are applied to the rear window, the vehicle must be equipped with outside rearview mirrors on both the left and right.

(d) Recreational products, such as toys, cartoon characters, stuffed animals, signs, and any other vision-reducing article or material to be applied to or placed in windows behind the driver provided that they do not interfere, in their size or position, with the driver's ability to see other vehicles, persons, or objects.

(7) It is a traffic infraction for any person to operate a vehicle for use on the public highways of this state, if the vehicle is equipped with film sunscreening or coloring material in violation of this section.

(8) Owners of vehicles with film sunscreening material applied to windows to the rear of the driver, prior to June 7, 1990, must comply with the requirements of this section and RCW 46.37.435 by July 1, 1993.

(9) The side and rear windows of law enforcement vehicles are exempt from the requirements of subsection (5) of this section. (3) If a placard for a specific alternative fuel source has not been issued by the national fire protection association, a placard issued by the chief of the Washington state patrol, through the director of fire protection, is required. The chief of the Washington state patrol, through the director of fire protection, must develop rules for the design, size, and placement of the placard which remains effective until a specific placard is issued by the national fire protection association. [2014 c 216 § 208; 1995 c 369 § 23; 1986 c 266 § 88; 1984 c 145 § 1; 1983 c 237 § 2.]

Effective date—Findings—Tax preference performance statement—2014 c 216: See notes following RCW 82.38.030.

Legislative finding—1983 c 237: "The legislature finds that vehicles using alternative fuel sources such as propane, compressed natural gas, liquid petroleum gas, or other hydrocarbon gas fuels require firefighters to use a different technique if the vehicles catch fire. A reflective placard on such vehicles would warn firefighters of the danger so they could react properly." [1983 c 237 § 1.]

46.44.020 Maximum height—Impaired clearance signs. It is unlawful for any vehicle unladen or with load to exceed a height of fourteen feet above the level surface upon which the vehicle stands. This height limitation does not apply to authorized emergency vehicles or repair equipment of a public utility engaged in reasonably necessary operation. The provisions of this section do not relieve the owner or operator of a vehicle or combination of vehicles from the exercise of due care in determining that sufficient vertical clearance is provided upon the public highways where the vehicle or combination of vehicles is being operated; and no liability may attach to the state or to any county, city, town, or other political subdivision by reason of any damage or injury to persons or property by reason of the existence of any structure over or across any public highway where the vertical clearance above the roadway is fourteen feet or more; or, where the vertical clearance is less than fourteen feet, if impaired clearance signs of a design approved by the state department of transportation are erected and maintained on the right side of any such public highway in accordance with the manual of uniform traffic control devices for streets and highways as adopted by the state department of transportation under chapter 47.36 RCW. If any structure over or across any public highway is not owned by the state or by a county, city, town, or other political subdivision, it is the duty of the owner thereof when billed therefor to reimburse the state department of transportation or the county, city, town, or other political subdivision having jurisdiction over the highway for the actual cost of erecting and maintaining the impaired clearance signs, but no liability may attach to the owner by reason of any damage or injury to persons or property caused by impaired vertical clearance above the roadway. 46.44.030 Maximum lengths. (1) It is unlawful for any person to operate upon the public highways of this state any vehicle having an overall length, with or without load, in excess of forty feet. This restriction does not apply to (a) a municipal transit vehicle, (b) auto stage, private carrier bus, school bus, travel trailer, or motor home with an overall length not to exceed forty-six feet, (c) an articulated auto stage with an overall length not to exceed sixty-one feet, excluding a bike rack up to four feet in length, or (d) an auto recycling carrier up to forty-two feet in length manufactured prior to 2005.

(2)(a) It is unlawful for any person to operate upon the public highways of this state any combination consisting of a tractor and semitrailer that has a semitrailer length in excess of fifty-three feet or a combination consisting of a tractor and two trailers in which the combined length of the trailers exceeds sixty-one feet, with or without load.

(b) The restriction under this subsection does not apply to two trailers or semitrailers with a total weight that does not exceed twenty-six thousand pounds and when the two trailers or semitrailers do not carry property but constitute inventory property of a manufacturer, distributor, or dealer of such trailers. The total combination under this subsection (2)(b) may not exceed eighty-two feet of overall length.

(3) It is unlawful for any person to operate on the highways of this state any combination consisting of a truck and trailer, or log truck and stinger-steered pole trailer, with an overall length, with or without load, in excess of seventy-five feet. "Stinger-steered," as used in this section, means the coupling device is located behind the tread of the tires of the last axle of the towing vehicle.

(4)(a) The length limitations under this section do not apply to vehicles transporting poles, pipe, machinery, or other objects of a structural nature that cannot be dismembered and operated by a public utility when required for emergency repair of public service facilities or properties, but in respect to night transportation every such vehicle and load thereon shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps upon the extreme ends of any projecting load to clearly mark the dimensions of the load.

(b) Excluded from the calculation of length under this section are certain devices that provide added safety, energy conservation, or are otherwise necessary, and are not designed or used to carry cargo. The length-exclusive devices must be identified in rules adopted by the department of transportation under RCW 46.44.101. 46.44.034 Maximum lengths—Front and rear protrusions. (1) The load, or any portion of any vehicle, operated alone upon the public highway of this state, or the load, or any portion of the front vehicle of a combination of vehi-

cles, shall not extend more than three feet beyond the front wheels of such vehicle, or the front bumper, if equipped with front bumper. This subsection does not apply to a (a) front-loading garbage truck or recycling truck while on route and actually engaged in the collection of solid waste or recyclables at speeds of twenty miles per hour or less or (b) public transit vehicle equipped with a bike rack up to four feet in length.

(2) No vehicle shall be operated upon the public highways with any part of the permanent structure or load extending in excess of fifteen feet beyond the center of the last axle of such vehicle. This subsection does not apply to "specialized equipment" designated under 49 U.S.C. Sec. 2311 that is operated on the interstate highway system, those designated portions of the federal-aid primary system, and routes constituting reasonable access from such highways to terminals and facilities for food, fuel, repairs, and rest. 46.44.036 Combination of units—Limitation. Except as provided in RCW 46.44.037, it is unlawful for any person to operate upon the public highways of this state any combination of vehicles consisting of more than two vehicles. For the purposes of this section a truck tractor-semitrailer or pole trailer combination will be considered as two vehicles but the addition of another axle to the tractor of a truck tractor-semitrailer or pole trailer combination in such a way that it supports a proportional share of the load of the semitrailer or pole trailer shall not be deemed a separate vehicle but shall be considered a part of the truck tractor. For the purposes of this section a converter gear used in converting a semitrailer to a full trailer shall not be deemed a separate vehicle but shall be considered a part of the trailer. 46.44.037 Combination of units—Lawful operations. Notwithstanding the provisions of RCW 46.44.036 and subject to such rules and regulations governing their operation as may be adopted by the state department of transportation, operation of the following combinations is lawful:

(1) A combination consisting of a truck tractor, a semitrailer, and another semitrailer or a full trailer. In this combination a converter gear used to convert a semitrailer into a full trailer shall be considered to be a part of the full trailer and not a separate vehicle. A converter gear being pulled without load and not used to convert a semitrailer into a full trailer may be substituted in lieu of a full trailer or a semitrailer in any lawful combination;

(2) A combination consisting of a truck tractor carrying a freight compartment no longer than eight feet, a semitrailer, and another semitrailer or full trailer that meets the legal length requirement for a truck and trailer combination set forth in RCW 46.44.030;

(3) A motor home or travel trailer with a cargo extension, provided that there are no trailers or secondary cargo extensions or units attached to the cargo extension. 46.44.041 Maximum gross weights—Wheelbase and axle factors. No vehicle or combination of vehicles shall operate upon the public highways of this state with a gross load on any single axle in excess of twenty thousand pounds, or upon any group of axles in excess of that set forth in the following table, except that two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each, if the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more.

The following table is based on the following formula: $W = 500((LN/N-1)+12N+36)$. W is the maximum weight in pounds (to the nearest 500 pounds) carried on any group of two (2) or more consecutive axles. L is the distance in feet between the extremes of any group of two (2) or more consecutive axles. N is the number of axles under consideration.

When inches are involved: Under six inches take lower, six inches or over take higher. The maximum load on any axle in any group of axles shall not exceed the single axle or tandem axle allowance as set forth in the table above.

The maximum axle and gross weights specified in this section are subject to the braking requirements set up for the service brakes upon any motor vehicle or combination of vehicles as provided by law.

Loads of not more than eighty thousand pounds which may be legally hauled in the state bordering this state which also has a sales tax, are legal in this state when moving to a port district within four miles of the bordering state except on the interstate system. This provision does not allow the operation of a vehicle combination consisting of a truck tractor and three trailers.

Notwithstanding anything contained herein, a vehicle or combination of vehicles in operation on January 4, 1975, may operate upon the public highways of this state, including the interstate system within the meaning of section 127 of Title 23, United States Code, with an overall gross weight upon a group of two consecutive sets of dual axles which was lawful in this state under the laws, regulations, and procedures in effect in this state on January 4, 1975. 46.44.042 Maximum gross weights—Axle and tire factors. Subject to the maximum gross weights specified in RCW 46.44.041, it is unlawful to operate any vehicle upon the public highways with a gross weight, including load, upon any tire concentrated upon the surface of the highway in excess of six hundred pounds per inch width of such tire. An axle manufactured after July 31, 1993, carrying more than ten thousand pounds gross weight must be equipped with four or more tires. An axle carrying more than ten thousand pounds gross weight must have four or more tires, regardless of date of manufacture. Instead of the four or more tires per axle requirements of this section, an axle may be equipped with two tires limited to five hundred pounds per inch width of tire. This section does not apply to vehicles operating under oversize or overweight permits, or both, issued under RCW 46.44.090, while carrying a nonreducible load.

The following equipment may operate at six hundred pounds per inch width of tire: (1) A nonliftable steering axle or axles on the power unit; (2) a tiller axle on firefighting apparatus; (3) a rear booster trailing axle equipped with two tires on a ready-mix concrete transit truck; and (4) a straddle trailer manufactured before January 1, 1996, equipped with single-tire axles or a single axle using a walking beam supported by two in-line single tires and used exclusively for the transport of fruit bins between field, storage, and processing. A straddle trailer manufactured after January 1, 1996, meeting this use criteria may carry five hundred fifteen pounds per inch width of tire on sixteen and one-half inch wide tires.

For the purpose of this section, the width of tire in case of solid rubber or hollow center cushion tires, so long as the use thereof may be permitted by the law, shall be measured between the flanges of the rim. For the purpose of this section, the width of tires in case of pneumatic tires shall be the maximum overall normal inflated width as stipulated by the manufacturer when inflated to the pressure specified and without load thereon.

The department of transportation, by rule with respect to state highways, and a local authority, with respect to a public highway under its jurisdiction, may extend the weight table in RCW 46.44.041 to one hundred fifteen thousand pounds. However, the extension must be in compliance with federal

law, and vehicles operating under the extension must be in full compliance with the 1997 axle and tire requirements under this section. The switch that controls the raising and lowering of the retractable rear booster or tag axle on a ready-mix cement truck may be located within the reach of the driver's compartment as long as the variable control, used to adjust axle loadings by regulating air pressure or by other means, is out of the reach of the driver's compartment. [1994 c 305 § 1.]

46.44.047 Excess weight—Logging trucks—Special permits—County or city permits—Fees—Discretion of arresting officer. A three axle truck tractor and a two axle pole trailer combination engaged in the operation of hauling logs may exceed by not more than six thousand eight hundred pounds the legal gross weight of the combination of vehicles when licensed, as permitted by law, for sixty-eight thousand pounds: PROVIDED, That the distance between the first and last axle of the vehicles in combination shall have a total wheelbase of not less than thirty-seven feet, and the weight upon two axles spaced less than seven feet apart shall not exceed thirty-three thousand six hundred pounds.

Such additional allowances shall be permitted by a special permit to be issued by the department of transportation valid only on state primary or secondary highways authorized by the department and under such rules, regulations, terms, and conditions prescribed by the department. The fee for such special permit shall be fifty dollars for a twelve-month period beginning and ending on April 1st of each calendar year. Permits may be issued at any time, but if issued after July 1st of any year the fee shall be thirty-seven dollars and fifty cents. If issued on or after October 1st the fee shall be twenty-five dollars, and if issued on or after January 1st the fee shall be twelve dollars and fifty cents. A copy of such special permit covering the vehicle involved shall be carried in the cab of the vehicle at all times. Upon the third offense within the duration of the permit for violation of the terms and conditions of the special permit, the special permit shall be canceled. The vehicle covered by such canceled special permit shall not be eligible for a new special permit until thirty days after the cancellation of the special permit issued to said vehicle. The fee for such renewal shall be at the same rate as set forth in this section which covers the original issuance of such special permit. Each special permit shall be assigned to a three-axle truck tractor in combination with a two-axle pole trailer. When the department issues a duplicate permit to replace a lost or destroyed permit and where the department transfers a permit, a fee of fourteen dollars shall be charged for each such duplicate issued or each such transfer.

All fees collected hereinabove shall be deposited with the state treasurer and credited to the motor vehicle fund.

Permits involving city streets or county roads or using city streets or county roads to reach or leave state highways, authorized for permit by the department may be issued by the city or county or counties involved. A fee of five dollars for such city or county permit may be assessed by the city or by the county legislative authority which shall be deposited in the city or county road fund. The special permit provided for herein shall be known as a "log tolerance permit" and shall designate the route or routes to be used, which shall first be approved by the city or county engineer involved. Authorization of additional route or routes may be made at the discretion of the city or county by amending the original permit or by issuing a new permit. Said permits shall be issued on a yearly basis expiring on March 31st of each calendar year. Any person, firm, or corporation who uses any city street or county road for the purpose of transporting logs with weights authorized by state highway log tolerance permits, to reach or leave a state highway route, without first obtaining a city or county permit when required by the city or the county legislative authority shall be subject to the penalties prescribed by RCW 46.44.105. For the purpose of determining gross weight the actual scale weight taken by the officer shall be prima facie evidence of such total gross weight. In the event the gross weight is in excess of the weight permitted by law, the officer may, within his or her discretion, permit the operator to proceed with his or her vehicles in combination.

The chief of the state patrol, with the advice of the department, may make reasonable rules and regulations to aid in the enforcement of the provisions of this section. 46.44.049 Effect of weight on highways—Study authorized. The department of transportation may make and enter into agreements with the federal government or any state or group of states or agencies thereof, or any nonprofit association, on a joint or cooperative basis, to study, analyze, or test the effects of weight on highway construction. The studies or tests may be made either by designating existing highways or the construction of test strips including natural resource roads to the end that a proper solution of the many problems connected with the imposition on highways of motor vehicle weights may be determined.

The studies may include the determination of values to be assigned various highway-user groups according to their gross weight or use. [1984 c 7 § 54; 1961 c 12 § 46.44.049. Prior: 1951 c 269 § 47.]

It shall be unlawful to operate any vehicle upon public highways with a wheelbase between any two axles thereof of less than three feet, six inches when weight exceeds that allowed for one axle under RCW 46.44.042 or 46.44.041. It shall be unlawful to operate any motor vehicle upon the public highways of this state with a wheelbase between the frontmost axle and the rearmost axle of less than three feet, six inches.

For the purposes of this section, wheelbase shall be measured upon a straight line from center to center of the vehicle

axles designated. [2009 c 275 § 6; 1979 ex.s. c 213 § 7; 1975-'76 2nd ex.s. c 64 § 12; 1961 c 12 § 46.44.050. Prior: 1941 c 116 § 3; 1937 c 189 § 51; Rem. Supp. 1941 § 6360-51; 1929 c 180 § 3, part; 1927 c 309 § 8, part; 1923 c 181 § 4, part; RRS § 6362-8, part.]

The drawbar or other connection between vehicles in combination shall be of sufficient strength to hold the weight of the towed vehicle on any grade where operated. No trailer shall whip, weave or oscillate or fail to follow substantially in the course of the towing vehicle. When a disabled vehicle is being towed by means of bar, chain, rope, cable or similar means and the distance between the towed vehicle and the towing vehicle exceeds fifteen feet there shall be fastened on such connection in approximately the center thereof a white flag or cloth not less than twelve inches square. 46.44.080 Local regulations—State highway regulations. Local authorities with respect to public highways under their jurisdiction may prohibit the operation thereon of motor trucks or other vehicles or may impose limits as to the weight thereof, or any other restrictions as may be deemed necessary, whenever any such public highway by reason of rain, snow, climatic or other conditions, will be seriously damaged or destroyed unless the operation of vehicles thereon be prohibited or restricted or the permissible weights thereof reduced: PROVIDED, That whenever a highway has been closed generally to vehicles or specified classes of vehicles, local authorities shall by general rule or by special permit authorize the operation thereon of school buses, emergency vehicles, and motor trucks transporting perishable commodities or commodities necessary for the health and welfare of local residents under such weight and speed restrictions as the local authorities deem necessary to protect the highway from undue damage: PROVIDED FURTHER, That the governing authorities of incorporated cities and towns shall not prohibit the use of any city street designated a part of the route of any primary state highway through any such incorporated city or town by vehicles or any class of vehicles or impose any restrictions or reductions in permissible weights unless such restriction, limitation, or prohibition, or reduction in permissible weights be first approved in writing by the department of transportation.

The local authorities imposing any such restrictions or limitations, or prohibiting any use or reducing the permissible weights shall do so by proper ordinance or resolution and shall erect or cause to be erected and maintained signs designating the provisions of the ordinance or resolution in each end of the portion of any public highway affected thereby, and no such ordinance or resolution shall be effective unless and until such signs are erected and maintained.

The department shall have the same authority as hereinabove granted to local authorities to prohibit or restrict the operation of vehicles upon state highways. The department shall give public notice of closure or restriction. (b) Forty-three thousand pounds on dual axles having a wheelbase between the first and second axles of not less than three feet six inches but less than seven feet;

(c) On any group of axles or in the case of a vehicle employing two single axles with a wheel base between the first and last axle of not less than seven feet but less than ten feet, a weight in pounds determined by multiplying six thousand five hundred times the distance in feet between the center of the first axle and the center of the last axle of the group;

(d) On any group of axles with a wheel base between the first and last axle of not less than ten feet but less than thirty feet, a weight in pounds determined by multiplying two thousand two hundred times the sum of twenty and the distance in

feet between the center of the first axle and the center of the last axle of the group;

(e) On any group of axles with a wheel base between the first and last axle of thirty feet or greater, a weight in pounds determined by multiplying one thousand six hundred times the sum of forty and the distance in feet between the center of the first axle and the center of the last axle of the group.

(2) The total weight of a vehicle or combination of vehicles allowable by special permit under subsection (1) of this section shall be governed by the lesser of the weights obtained by using the total number of axles as a group or any combination of axles as a group.

(3) The weight limitations pertaining to single axles may be exceeded to permit the movement of equipment operating upon single pneumatic tires having a rim width of twenty inches or more and a rim diameter of twenty-four inches or more or dual pneumatic tires having a rim width of sixteen inches or more and a rim diameter of twenty-four inches or more and specially designed vehicles manufactured and certified for special permits prior to July 1, 1975.

(4) Permits may be issued for weights in excess of the limitations contained in subsection (1) of this section on highways or sections of highways which have been designed and constructed for weights in excess of such limitations, or for any shipment duly certified as necessary by military officials, or by officials of public or private power facilities, or when in the opinion of the department of transportation the movement or action is a necessary movement or action: PROVIDED, That in the judgment of the department of transportation the structures and highway surfaces on the routes involved are capable of sustaining weights in excess of such limitations and it is not reasonable for economic or operational considerations to transport such excess weights by rail or water for any substantial distance of the total mileage applied for.

(5) Application shall be made in writing on special forms provided by the department of transportation and shall be submitted at least thirty-six hours in advance of the proposed movement. An application for a special permit for a gross weight of any combination of vehicles exceeding two hundred thousand pounds shall be submitted in writing to the department of transportation at least thirty days in advance of the proposed movement. 46.44.0915 Heavy haul industrial corridors—Overweight sealed containers and vehicles. (1)(a) Except as provided in (b) and (c) of this subsection, the department of transportation, with respect to state highways maintained within port district property, may, at the request of a port commission, make and enter into agreements with port districts and adjacent jurisdictions or agencies of the districts, for the purpose of identifying, managing, and maintaining short heavy haul industrial corridors within port district property for the movement of overweight sealed containers used in international trade.

(b) The department of transportation shall designate that portion of state route number 97 from the Canadian border to milepost 331.12 as a heavy haul industrial corridor for the movement of overweight vehicles to and from the Oroville railhead. The department may issue special permits to vehicles operating in the heavy haul industrial corridor to carry weight in excess of weight limits established in RCW 46.44.041, but not to exceed a gross vehicle weight of 139,994 pounds.

(c) The department of transportation shall designate that portion of state route number 128 from the Idaho border from milepost .51 to 2.24 and continuing on to state route number 193 from milepost .51 to 2.32 ending at the Port of Wilma as a heavy haul industrial corridor for the movement of overweight vehicles. The department may issue special permits to vehicles operating in the heavy haul industrial corridor to carry weight in excess of weight limits established in RCW 46.44.041, but not to exceed a gross vehicle weight of 129,000 pounds. Such vehicles operating in the heavy haul industrial corridor must comply with the federal bridge gross weight formula in 23 C.F.R. Part 658 as it existed on January 1, 2017, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this subsection (1)(c), with axle and tire size weight limitations established in RCW 46.44.042 and length limitations established in RCW 46.44.030 and 46.44.0941.

(2) Except as provided in subsection (1)(b) and (c) of this section, the department may issue special permits to vehicles operating in a heavy haul industrial corridor to carry weight in excess of weight limits established in RCW 46.44.041. However, the excess weight on a single axle, tandem axle, or any axle group must not exceed that allowed by RCW 46.44.091 (1) and (2), weight per tire must not exceed six hundred pounds per inch width of tire, and gross vehicle weight must not exceed one hundred five thousand five hundred pounds.

(3) The entity operating or hiring vehicles under subsection (1)(b) of this section or moving overweight sealed containers used in international trade must pay a fee for each special permit of one hundred dollars per month or one thousand dollars annually, beginning from the date of issue, for all movements under the special permit made on state highways within a heavy haul industrial corridor. Within a port district property, under no circumstances are the for hire carriers or rail customers responsible for the purchase or cost of the permits. All funds collected, except the amount retained by authorized agents of the department under RCW 46.44.096, must be forwarded to the state treasurer and deposited in the motor vehicle fund.

(4) For purposes of this section, an overweight sealed container used in international trade, including its contents, is considered nondivisible when transported within a heavy haul industrial corridor defined by the department.

(5) Any agreement entered into by the department as authorized under this section with a port district adjacent to Puget Sound and located within a county that has a population of more than seven hundred thousand, but less than one million, must limit the applicability of any established heavy haul corridor to that portion of state route no. 509 beginning

at milepost 0.25 in the vicinity of East 'D' Street and ending at milepost 5.7 in the vicinity of Norpoint Way Northeast.

(6) The department of transportation may adopt reasonable rules to implement this section. [2016 c 26 § 1; 2013 c 115 § 1; 2012 c 86 § 804; 2011 c 115 § 1; 2008 c 89 § 1; 2005 c 311 § 1.]

Effective date—2016 c 26: "This act takes effect January 1, 2017." [2016 c 26 § 2.]

Effective date—2012 c 86: See note following RCW 47.76.360.

46.44.092 Special permits—Overall width limits, exceptions—Application for permit. Special permits may not be issued for movements on any state highway outside the limits of any city or town in excess of the following widths:

On two-lane highways, fourteen feet;

On multiple-lane highways where a physical barrier serving as a median divider separates opposing traffic lanes, twenty feet;

On multiple-lane highways without a physical barrier serving as a median divider, thirty-two feet.

These limits apply except under the following conditions:

(1) In the case of buildings, the limitations referred to in this section for movement on any two lane state highway other than the national system of interstate and defense highways may be exceeded under the following conditions: (a) Controlled vehicular traffic shall be maintained in one direction at all times; (b) the maximum distance of movement shall not exceed five miles; additional contiguous permits shall not be issued to exceed the five-mile limit: PROVIDED, That when the department of transportation determines a hardship would result, this limitation may be exceeded upon approval of the department of transportation; (c) prior to issuing a permit a qualified transportation department employee shall make a visual inspection of the building and route involved determining that the conditions listed herein shall be complied with and that structures or overhead obstructions may be cleared or moved in order to maintain a constant and uninterrupted movement of the building; (d) special escort or other precautions may be imposed to assure movement is made under the safest possible conditions, and the Washington state patrol shall be advised when and where the movement is to be made;

(2) Permits may be issued for widths of vehicles in excess of the preceding limitations on highways or sections of highways which have been designed and constructed for width in excess of such limitations;

(3) Permits may be issued for vehicles with a total outside width, including the load, of nine feet or less when the vehicle is equipped with a mechanism designed to cover the load pursuant to RCW 46.61.655;

(4) These limitations may be rescinded when certification is made by military officials, or by officials of public or private power facilities, or when in the opinion of the department of transportation the movement or action is a necessary movement or action: PROVIDED FURTHER, That in the judgment of the department of transportation the structures and highway surfaces on the routes involved are capable of sustaining widths in excess of such limitation;

(5) These limitations shall not apply to movement during daylight hours on any two lane state highway where the gross weight, including load, does not exceed eighty thousand pounds and the overall width of load does not exceed sixteen feet: PROVIDED, That the minimum and maximum speed of such movements, prescribed routes of such movements, the times of such movements, limitation upon frequency of trips (which limitation shall be not less than one per week), and conditions to assure safety of traffic may be prescribed by the department of transportation or local authority issuing such special permit.

The applicant for any special permit shall specifically describe the vehicle or vehicles and load to be operated or moved and the particular state highways for which permit to operate is requested and whether such permit is requested for a single trip or for continuous operation. 46.44.096 Special permits—Determining fee—To whom paid. In determining fees according to RCW 46.44.0941, mileage on state primary and secondary highways shall be determined from the planning survey records of the department of transportation, and the gross weight of the vehicle or vehicles, including load, shall be declared by the applicant. Overweight on which fees shall be paid will be gross loadings in excess of loadings authorized by law or axle loadings in excess of loadings authorized by law, whichever is the greater. Loads which are overweight and oversize shall be charged the fee for the overweight permit without additional fees being assessed for the oversize features.

Special permits issued under RCW 46.44.047, 46.44.0941, or 46.44.095, may be obtained from offices of the department of transportation, ports of entry, or other agents appointed by the department.

The department may appoint agents for the purposes of selling special motor vehicle permits, temporary additional tonnage permits, and log tolerance permits. Agents so appointed may retain three dollars and fifty cents for each permit sold to defray expenses incurred in handling and selling the permits. If the fee is collected by the department of transportation, the department shall certify the fee so collected to the state treasurer for deposit to the credit of the motor vehicle fund.

The department may select a third party contractor, by means of competitive bid, to perform the department's permit issuance function, as provided under RCW 46.44.090. Factors the department shall consider, but is not limited to, in the selection of a third party contractor are economic benefit to both the department and the motor carrier industry, and enhancement of the overall level of permit service. For purposes of this section, "third party contractor" means a business entity that is authorized by the department to issue special permits. The department of transportation may adopt rules specifying the criteria that a business entity must meet in order to qualify as a third party contractor under this section.

Fees established in RCW 46.44.0941 shall be paid to the political body issuing the permit if the entire movement is to be confined to roads, streets, or highways for which that political body is responsible. When a movement involves a combination of state highways, county roads, and/or city streets the fee shall be paid to the department of transportation. When a movement is confined within the city limits of a city or town upon city streets, including routes of state highways on city streets, all fees shall be paid to the city or town involved. A permit will not be required from city or town authorities for a move involving a combination of city or town streets and state highways when the move through a city or town is being confined to the route of the state highway. When a move involves a combination of county roads and city streets the fee shall be paid to the county authorities, but the fee shall not be collected nor the county permit issued until valid permits are presented showing that the city or town authorities approve of the move in question. When the movement involves only county roads the fees collected shall be paid to the county involved. Fees established shall be paid to the political body issuing the permit if the entire use of the vehicle during the period covered by the permit shall be confined to the roads, streets, or highways for which that political body is responsible. 46.44.098 Increase in federal limits on sizes and weights—Increases by commission. If the congress of the United States further amends section 127, Title 23 of the United States Code, authorizing increased sizes and weights, the Washington state department of transportation may authorize the operation of vehicles and combinations of vehicles upon completed portions of the interstate highway system and other designated state highways if determined to be capable of accommodating the increased sizes and weights in excess of those prescribed in RCW 46.44.041, or as provided in RCW 46.44.010 and 46.44.037. The permitted increases shall not in any way exceed the federal limits which would jeopardize the state's allotment of federal funds. [1984 c 7 § 57; 1975-'76 2nd ex.s. c 64 § 19; 1965 c 38 § 1.]

46.44.101 Interstate travel by specialized equipment. The department of transportation may, within the provisions set forth in this chapter, adopt rules for size and weight criteria relating to vehicles considered to be specialized equipment by the federal highway administration for interstate travel or as determined by the department for intrastate travel. [2005 c 189 § 3.]

46.44.105 Enforcement procedures—Penalties—Exception—Rules. (1)(a) Except as provided in (c) of this subsection, a violation of any of the provisions of this chapter is a traffic infraction, and upon the first finding thereof shall be assessed a basic penalty of not less than fifty dollars; and upon a second finding thereof shall be assessed a basic penalty of not less than seventy-five dollars; and upon a third or subsequent finding shall be assessed a basic penalty of not less than one hundred dollars.

(b)(i) Except as provided in (c) of this subsection, in addition to the penalties imposed in (a) of this subsection, any person violating RCW 46.44.041, 46.44.042, 46.44.047, 46.44.090, 46.44.091, or 46.44.095 shall be assessed a penalty for each pound overweight, as follows:

(A) One pound through four thousand pounds overweight is three cents for each pound;

(B) Four thousand one pounds through ten thousand pounds overweight is one hundred twenty dollars plus twelve cents per pound for each additional pound over four thousand pounds overweight;

(C) Ten thousand one pounds through fifteen thousand pounds overweight is eight hundred forty dollars plus sixteen cents per pound for each additional pound over ten thousand pounds overweight;

(D) Fifteen thousand one pounds through twenty thousand pounds overweight is one thousand six hundred forty dollars plus twenty cents per pound for each additional pound over fifteen thousand pounds overweight;

(E) Twenty thousand one pounds and more is two thousand six hundred forty dollars plus thirty cents per pound for each additional pound over twenty thousand pounds overweight.

(ii) Upon a first violation in any calendar year, the court may suspend the penalty for five hundred pounds of excess weight for each axle on any vehicle or combination of vehicles, not to exceed a two thousand pound suspension. Except as specified in (c) of this subsection, in no case may the basic penalty assessed in (a) of this subsection or the additional penalty assessed in (b) of this subsection, except as provided for the first violation, be suspended.

(c)(i) The penalties in (a) and (b) of this subsection are not applicable and a written warning must be issued when a traffic infraction for a violation of RCW 46.44.041 occurs and the following applies:

(A) A vehicle or combination of vehicles carrying farm products, as defined in RCW 7.48.310, from the field where the farm product was grown or harvested, exceeds the gross vehicle weight limits in RCW 46.44.041 by five percent or less; and

(B) The driver of the vehicle has not been issued a traffic infraction or has received no more than one written warning for a violation of RCW 46.44.041 within the calendar year in which the violation occurs.

(ii) The state patrol must track the issuance of written warnings issued for RCW 46.44.041 for the purposes of determining whether a violation of RCW 46.44.041 is the first in a calendar year.

(2) Any person found to have violated any posted limitations of a highway or section of highway shall be assessed a monetary penalty of not less than one hundred fifty dollars, and the court shall in addition thereto upon second violation within a twelve-month period involving the same power unit, suspend the certificate of license registration for not less than thirty days.

(3) It is unlawful for the driver of a vehicle to fail or refuse to stop and submit the vehicle and load to a weighing, or to fail or refuse, when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with the provisions of this section. It is unlawful for a driver of a commercial motor vehicle as defined in RCW 46.32.005, other than the driver of a bus as defined in RCW 46.32.005(3) or a vehicle with a gross vehicle weight rating or gross combination weight rating of 7,257 kilograms or less (16,000 pounds or less) and not transporting hazardous materials in accordance with RCW 46.32.005(4), to fail or refuse to stop at a weighing station when proper traffic control signs indicate scales are open. However, unladen tow trucks regardless of weight and farm vehicles carrying farm produce with a gross vehicle weight rating or gross combination weight rating of 11,794 kilograms or less (26,000 pounds or less) may fail or refuse to stop at a weighing station when proper traffic control signs indicate scales are open.

Any police officer is authorized to require the driver of any vehicle or combination of vehicles to stop and submit to a weighing either by means of a portable or stationary scale and may require that the vehicle be driven to the nearest public scale. Whenever a police officer, upon weighing a vehicle and load, determines that the weight is unlawful, the officer may require the driver to stop the vehicle in a suitable location and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of the vehicle to the limit permitted by law. If the vehicle is loaded with grain or other perishable commodities, the driver shall be permitted to proceed without removing any of the load, unless the gross weight of the vehicle and load exceeds by more than ten percent the limit permitted by this chapter. The owner or operator of the vehicle shall care for all materials unloaded at the risk of the owner or operator.

Any vehicle whose driver or owner represents that the vehicle is disabled or otherwise unable to proceed to a weighing location shall have its load sealed or otherwise marked by any police officer. The owner or driver shall be directed that upon completion of repairs, the vehicle shall submit to weighing with the load and markings and/or seal intact and undisturbed. Failure to report for weighing, appearing for weighing with the seal broken or the markings disturbed, or removal of any cargo prior to weighing is unlawful. Any person so convicted shall be fined one thousand dollars, and in addition the certificate of license registration shall be suspended for not less than thirty days.

(4) Any other provision of law to the contrary notwithstanding, district courts having venue have concurrent juris-

diction with the superior courts for the imposition of any penalties authorized under this section.

(5) For the purpose of determining additional penalties as provided by subsection (1)(b) of this section, "overweight" means the poundage in excess of the maximum allowable gross weight or axle/axle grouping weight prescribed by RCW 46.44.041, 46.44.042, 46.44.047, 46.44.091, and 46.44.095.

(6) The penalties provided in subsection (1)(a) and (b) of this section shall be remitted as provided in chapter 3.62 RCW or RCW 10.82.070. For the purpose of computing the basic penalties and additional penalties to be imposed under subsection (1)(a) and (b) of this section, the convictions shall be on the same vehicle or combination of vehicles within a twelve-month period under the same ownership.

(7) Any state patrol officer or any weight control officer who finds any person operating a vehicle or a combination of vehicles in violation of the conditions of a permit issued under RCW 46.44.047, 46.44.090, and 46.44.095 may confiscate the permit and forward it to the state department of transportation which may return it to the permittee or revoke, cancel, or suspend it without refund. The department of transportation shall keep a record of all action taken upon permits so confiscated, and if a permit is returned to the permittee the action taken by the department of transportation shall be endorsed thereon. Any permittee whose permit is suspended or revoked may upon request receive a hearing before the department of transportation or person designated by that department. After the hearing the department of transportation may reinstate any permit or revise its previous action.

Every permit issued as provided for in this chapter shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any law enforcement officer or authorized agent of any authority granting such a permit.

Upon the third finding within a calendar year of a violation of the requirements and conditions of a permit issued under RCW 46.44.095, the permit shall be canceled, and the canceled permit shall be immediately transmitted by the court or the arresting officer to the department of transportation. The vehicle covered by the canceled permit is not eligible for a new permit for a period of thirty days.

(8) For the purposes of determining gross weights the actual scale weight taken by the arresting officer is prima facie evidence of the total gross weight.

(9) It is a traffic infraction to direct the loading of a vehicle with knowledge that it violates the requirements in RCW 46.44.041, 46.44.042, 46.44.047, 46.44.090, 46.44.091, or 46.44.095 and that it is to be operated on the public highways of this state.

(10) The chief of the state patrol, with the advice of the department, may adopt reasonable rules to aid in the enforcement of this section. [2019 c 439 § 1; 2007 c 419 § 13. 46.44.110 Liability for damage to highways, bridges, etc. Any person operating any vehicle or moving any object or conveyance upon any public highway in this state or upon any bridge or elevated structure that is a part of any such public highway is liable for all damages that the public highway, bridge, elevated structure, or other state property may sustain as a result of any illegal operation of the vehicle or the moving of any such object or conveyance or as a result of the operation or moving of any vehicle, object, or conveyance weighing in excess of the legal weight limits allowed by law. This section applies to any person operating any vehicle or moving any object or contrivance in any illegal or negligent manner or without a special permit as provided by law for vehicles, objects, or contrivances that are overweight, overwidth, overheight, or overlength. Any person operating any vehicle is liable for any damage to any public highway, bridge, elevated structure, or other state property sustained as the result of any negligent operation thereof. When the operator is not the owner of the vehicle, object, or contrivance but is operating or moving it with the express or implied permission of the owner, the owner and the operator are jointly and severally liable for any such damage. Such damage to any state highway, structure, or other state property may be recovered in a civil action instituted in the name of the state of Washington by the department of transportation or other affected state agency. Any measure of damage determined by the department of transportation to its highway, bridge, elevated structure, or other property under this section is prima facie the amount of damage caused thereby and is presumed to be the amount recoverable in any civil action therefor. The damages available under this section include the incident response costs, including traffic control, incurred by the department of transportation. [2009 c 393 § 1; 1984 c 7 § 59; 1961 c 12 § 46.44.110. Prior: 1937 c 189 § 57; RRS 6360-57.]

46.44.120 Liability of owner, others, for violations. Whenever an act or omission is declared to be unlawful in chapter 46.44 RCW, the owner or lessee of any motor vehicle involved in such act or omission is responsible therefor. Any person knowingly and intentionally participating in creating an unlawful condition of use, is also subject to the penalties provided in this chapter for such unlawful act or omission.

If the person operating the vehicle at the time of the unlawful act or omission is not the owner or lessee of the vehicle, such person is fully authorized to accept the citation and execute the promise to appear on behalf of the owner or lessee. 46.44.130 Farm implements—Gross weight and size limitation exception—Penalty. The limitations of RCW 46.44.010, 46.44.020, 46.44.030, and 46.44.041 shall not apply to the movement of farm implements of less than forty-five thousand pounds gross weight, a total length of seventy feet or less, and a total outside width of fourteen feet or less when being moved while patrolled, flagged, lighted, signed, and at a time of day in accordance with rules hereby authorized to be adopted by the department of transportation and

the statutes. Violation of a rule adopted by the department as authorized by this section or a term of this section is a traffic infraction. [1979 ex.s. c 136 § 76; 1975-'76 2nd ex.s. c 64 § 20; 1975 1st ex.s. c 168 § 3; 1973 1st ex.s. c 1 § 1.]

46.44.140 Farm implements—Special permits—Penalty. In addition to any other special permits authorized by law, special permits may be issued by the department of transportation for a quarterly or annual period upon such terms and conditions as it finds proper for the movement of (1) farm implements used for the cutting or threshing of mature crops; or (2) other farm implements that may be identified by rule of the department of transportation. Any farm implement moved under this section must comply with RCW 46.44.091, have a gross weight of less than sixty-five thousand pounds, and have a total outside width of less than twenty feet while being moved, and such movement must be patrolled, flagged, lighted, signed, at a time of day, and otherwise in accordance with rules hereby authorized to be adopted by the department of transportation for the control of such movements.

Applications for and permits issued under this section shall provide for a description of the farm implements to be moved, the approximate dates of movement, and the routes of movement so far as they are reasonably known to the applicant at the time of application, but the permit shall not be limited to these circumstances but shall be general in its application except as limited by the statutes and rules adopted by the department of transportation.

A copy of the governing permit shall be carried on the farm implement being moved during the period of its movement. The department shall collect a fee as provided in RCW 46.44.0941.

Violation of a term or condition under which a permit was issued, of a rule adopted by the department of transportation as authorized by this section, or of a term of this section is a traffic infraction. [2008 c 76 § 1; 1984 c 7 § 60; 1979 ex.s. c 136 § 77; 1973 1st ex.s. c 1 § 2.]

46.44.150 Highway improvement vehicles—Gross weight limit excesses authorized—Limitations. The state, county, or city authority having responsibility for the reconstruction or improvement of any public highway may, subject to prescribed conditions and limitations, authorize vehicles employed in such highway reconstruction or improvement to exceed the gross weight limitations contained in RCW 46.44.041 and 46.44.042 without a special permit or additional fees as prescribed by chapter 46.44 RCW, but only while operating within the boundaries of project limits as defined in the public works contract or plans. [1983 c 3 § 121; 1975 1st ex.s. c 63 § 1.]

46.44.170 Mobile home or park model trailer movement special permit and decal—Responsibility for taxes—License plates—Rules. (1) Any person moving a mobile home as defined in RCW 46.04.302 or a park model trailer as defined in RCW 46.04.622 upon public highways of the state must obtain:

(a) A special permit from the department of transportation and local authorities pursuant to RCW 46.44.090 and 46.44.093 and must pay the proper fee as prescribed by RCW 46.44.0941 and 46.44.096; and

(b) For mobile homes constructed before June 15, 1976, and already situated in the state: (i) A certification from the department of labor and industries that the mobile home was inspected for fire safety; or (ii) an affidavit in the form prescribed by the department of commerce signed by the owner at the county treasurer's office at the time of the application for the movement permit stating that the mobile home is being moved by the owner for his or her continued occupation or use; or (iii) a copy of the certificate of title together with an affidavit signed under penalty of perjury by the certified owner stating that the mobile home is being transferred to a wrecking yard or similar facility for disposal. In addition, the destroyed mobile home must be removed from the assessment rolls of the county and any outstanding taxes on the destroyed mobile home must be removed by the county treasurer.

(2) A special permit issued as provided in subsection (1) of this section for the movement of any mobile home or a park model trailer that is assessed for purposes of property taxes is not valid until the county treasurer of the county in which the mobile home or park model trailer is located must endorse or attach his or her certificate that all property taxes which are a lien or which are delinquent, or both, upon the mobile home or park model trailer being moved have been satisfied. Further, any mobile home or park model trailer required to have a special movement permit under this section must display an easily recognizable decal. However, endorsement or certification by the county treasurer and the display of the decal is not required:

(a) When a mobile home or park model trailer is to enter the state or is being moved from a manufacturer or distributor to a retail sales outlet or directly to the purchaser's designated location or between retail and sales outlets;

(b) When a signed affidavit of destruction is filed with the county assessor and the mobile home or park model trailer is being moved to a disposal site by a landlord as defined in RCW 59.20.030 after (i) the mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (ii) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the mobile home or park model trailer and title has been lawfully transferred to the landlord. The mobile home or park model trailer will be removed from the tax rolls and, upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer will be removed by the county treasurer; or

(c) When a signed affidavit of destruction is filed with the county assessor by any mobile home or park model trailer owner or any property owner with an abandoned mobile home or park model trailer, the same must be removed from the tax rolls and upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer must be removed by the county treasurer.

(3) Except as provided in RCW 84.56.335(1), if the landlord of a manufactured/mobile home park takes ownership of a manufactured/mobile home or park model trailer with the intent to resell or rent the same under RCW 59.20.030 after

(a) the manufactured/mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (b) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the manufactured/mobile home or park model trailer and title has been lawfully transferred to the landlord, the outstanding taxes become the responsibility of the landlord.

(4) It is the responsibility of the owner of the mobile home or park model trailer subject to property taxes or the agent to obtain the endorsement and decal from the county treasurer before a mobile home or park model trailer is moved.

(5) This section does not prohibit the issuance of vehicle license plates for a mobile home or park model trailer subject to property taxes, but plates may not be issued unless the mobile home or park model trailer subject to property taxes for which plates are sought has been listed for property tax purposes in the county in which it is principally located and the appropriate fee for the license has been paid.

(6) The department of transportation, the department of labor and industries, and local authorities are authorized to adopt reasonable rules for implementing the provisions of this section. The department of transportation must adopt rules specifying the design, reflective characteristics, annual coloration, and for the uniform implementation of the decal required by this section. The department of labor and industries must adopt procedures for notifying destination local jurisdictions concerning the arrival of mobile homes that failed safety inspections. Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

46.44.190 Firefighting apparatus. (1) As used in this section, "firefighting apparatus" means a vehicle or combination of vehicles, owned by a regularly organized fire suppression agency, designed, maintained, and used exclusively for fire suppression and rescue or for fire prevention activities.

These vehicles and associated loads or equipment are necessary to protect the public safety and are considered nondivisible loads. A vehicle or combination of vehicles that is not designed primarily for fire suppression including, but not limited to, a hazardous materials response vehicle, bus, mobile kitchen, mobile sanitation facility, and heavy equipment transport vehicle is not a firefighting apparatus for purposes of this section.

(2) Firefighting apparatus must comply with all applicable federal and state vehicle operating and safety criteria, including rules adopted by agencies within each jurisdiction.

(3) All owners and operators of firefighting apparatus shall comply with current information, provided by the department, regarding the applicable load restrictions of state and local bridges within the designated fire service area, including any automatic or mutual aid agreement areas.

(4) Firefighting apparatus operating within a fire district or municipal department boundary of the owner of the apparatus, including any automatic or mutual aid agreement areas, may operate without a permit if:

(a) The weight does not exceed:

(i) 600 pounds per inch width of tire;

(ii) 24,000 pounds on a single axle;

(iii) 43,000 pounds on a tandem axle set;

(iv) 67,000 pounds gross vehicle weight, subject to the gross weight limits of RCW 46.44.091(1) (c), (d), and (e);

(v) The tire manufacturer's tire load rating.

(b) There is no tridem axle set.

(c) The dimensions do not exceed:

(i) 8 feet, 6 inches wide;

(ii) 14 feet high;

(iii) 65 feet overall length;

(iv) 15 foot front overhang;

(v) Rear overhang not exceeding the length of the wheel base.

(5) Operators of firefighting apparatus that exceed the weight limits in subsection (4) of this section must apply for an overweight permit with the department. The maximum weight a firefighting apparatus may weigh is 50,000 pounds on the tandem axle set and 31,000 pounds on a single drive axle, and may not exceed 670 pounds per inch width of tire. The maximum weight limit must include the weight of a full water tank, if applicable, all equipment necessary for operation, and the normal number of personnel usually assigned to be on board, or four personnel, whichever is greater. At least four personnel must be physically present at the time the apparatus is weighed.

(6) When applying for a permit, a current weight slip from a certified scale must be attached to the department's application form. Upon receiving an application, the department shall transmit it to the local jurisdictions in which the firefighting apparatus will be operating, so that the local jurisdictions can make a determination on the need for local travel and route restrictions within the operating area. The department shall issue a permit within twenty days of receiving a permit application and shall issue the permit on an annual basis for the apparatus to operate on the state highway system, with reference made to applicable load restrictions and any other limitations stipulated on the permit, including limitations placed by local jurisdictions.

(7) Firefighting apparatus in operation in this state before June 13, 2002, and privately owned industrial firefighting apparatus used for purposes of providing emergency response and mutual aid are each exempt from subsections (4) and (5) of this section. However, operators of the exempt firefighting apparatus must still obtain an annual permit under subsection (6) of this section.

(8) Firefighting apparatus without the proper overweight permits are prohibited from being operated on city, county, or state roadways until the apparatus is within legal weight limits and a current permit has been issued by the department. When the permit is issued, the fire district must notify the Washington state patrol that the apparatus is in compliance with overweight permit regulations.

(9) The Washington state patrol may conduct random spot checks of firefighting apparatus to ensure compliance with overweight permit regulations. If a firefighting apparatus is found to be not in compliance with overweight permit regulations, the state patrol shall issue a violation notice to the fire department stating this fact and prohibiting operation of the apparatus on city, county, and state roadways.

(10) It is a traffic infraction to continue to operate a firefighting apparatus on the roadways after a violation notice has been issued. The following penalties apply:

(a) For a first offense, the penalty will be no less than fifty dollars but no more than fifty dollars;

(b) For a second offense, the penalty will be no less than seventy-five dollars;

(c) For a third or subsequent offense, the penalty will be no less than one hundred dollars.

(11) No individual liability attaches to an employee or volunteer of the penalized fire department. [2015 c 16 § 1; 2002 c 231 § 1; 2001 c 262 § 3.]

46.44.200 Vehicles or combination of vehicles with weight rating over forty thousand pounds and transporting cattle—Mandatory stops at state patrol-operated ports of entry—Exception—Penalty—Application. (1) Upon entering the state, any vehicle or combination of vehicles with a gross vehicle weight rating of more than forty thousand pounds and transporting cattle must immediately stop at a port of entry, which is operated by the Washington state patrol.

(2) The requirement of subsection (1) of this section does not apply to the operator of a vehicle in possession of a pasture permit or cattle consigned to a public auction or sales yard. Nothing in this subsection shall be construed to authorize a vehicle to bypass an open weigh station or port of entry.

(3) Operation of any vehicle or combination of vehicles in violation of this section is prima facie evidence that the owner of the vehicle or combination of vehicles caused or permitted the vehicle or combination of vehicles to be so operated, and the owner is liable for any penalties imposed under this section.

(4) The penalty for failure to comply with this section is one thousand dollars. All fines collected under this section must be deposited in the motor vehicle fund established under RCW 46.68.070 to be used for road maintenance purposes.

(5) The requirements and penalties in this section apply only in a county located east of the crest of the Cascade

mountains with a population of at least four hundred fifty thousand and an adjacent county with a population of at least thirteen thousand but less than fifteen thousand.

(6) The Washington state patrol must provide a one-time written notification of the requirements of this section to affected carriers known to have previously entered the state of Washington in the counties described in subsection (5) of this section. The notification requirement is not a defense for a driver from enforcement action if found in violation of this section. Notification must be provided by August 1, 2011. [2011 c 242 § 1.]

(3) No such rules may lessen a standard of care; however, the chief of the Washington state patrol may, after conferring with the emergency management council, establish a rule imposing a more stringent standard of care. The chief of the Washington state patrol must appoint the necessary qualified personnel to carry out the provisions of this chapter. Authorized personnel inspecting loads of hazardous material shall do so in the presence of a representative of the motor carrier. Seal and locking devices may be removed as necessary to facilitate the inspection. The seals or locking devices removed shall be replaced by the Washington state patrol with a written form approved by the chief to certify seal or locking device removal for inspection of the cargo. Nothing in this subsection prohibits accident reports from being filed by drivers where damage to property is less than the minimum amount or where a law enforcement officer has submitted a report.

(2) The original of the report shall be immediately forwarded by the authority receiving the report to the chief of the Washington state patrol at Olympia, Washington. The Washington state patrol shall give the department of licensing full access to the report.

(3) Any law enforcement officer who investigates an accident for which a report is required under subsection (1) of this section shall submit an investigator's report as required by RCW 46.52.070.

(4) The chief of the Washington state patrol may require any driver of any vehicle involved in an accident, of which report must be made as provided in this section, to file supplemental reports whenever the original report in the chief's opinion is insufficient, and may likewise require witnesses of any such accident to render reports. For this purpose, the chief of the Washington state patrol shall prepare and, upon request, supply to any police department, coroner, sheriff, and any other suitable agency or individual, sample forms of accident reports required hereunder, which reports shall be upon a form devised by the chief of the Washington state patrol and shall call for sufficiently detailed information to disclose all material facts with reference to the accident to be reported thereon, including the location, the circumstances, the conditions then existing, the persons and vehicles involved, the insurance information required under RCW 46.30.030, personal injury or death, if any, the amounts of property damage claimed, the total number of vehicles involved, whether the vehicles were legally parked, legally standing, or moving, whether such vehicles were occupied at the time of the accident, and whether any driver involved in the accident was distracted at the time of the accident. (ii) Whether the vehicles were legally parked or moving;

(iii) Whether the vehicles were occupied at the time of the accident; and

(iv) Whether the accident resulted in a fatality;

(d) Any reports of failure to appear in response to a traffic citation or failure to respond to a notice of infraction served upon the named individual by an arresting officer.

(2) **Release of abstract of driving record.** Unless otherwise required in this section, the release of an abstract does not require a signed statement by the subject of the abstract. An abstract of a person's driving record may be furnished to the following persons or entities:

(a) **Named individuals.** (i) An abstract of the full driving record maintained by the department may be furnished to the individual named in the abstract.

(ii) Nothing in this section prevents a court from providing a copy of the driver's abstract to the individual named in the abstract or that named individual's attorney, provided that the named individual has a pending or open infraction or criminal case in that court. A pending case includes criminal cases that have not reached a disposition by plea, stipulation, trial, or amended charge. An open infraction or criminal case includes cases on probation, payment agreement or subject to, or in collections. Courts may charge a reasonable fee for the production and copying of the abstract for the individual.

(b) **Employers or prospective employers.** (i) An abstract of the full driving record maintained by the department may be furnished to an employer or prospective employer or agents acting on behalf of an employer or prospective employer of the named individual for purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer.

(iii) An abstract of the full driving record maintained by the department may be furnished to an employer or prospective employer or the agent(s) acting on behalf of an employer or prospective employer of the named individual for purposes unrelated to driving by the individual when a driving record is required by federal or state law, or the employee or prospective employee will be handling heavy equipment or machinery.

(iv) Release of an abstract of the driving record of an employee or prospective employee requires a statement signed by: (A) The employee or prospective employee that authorizes the release of the record; and (B) the employer attesting that the information is necessary for employment purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer. If the employer or prospective employer authorizes agents to obtain this information on their behalf, this must be noted in the statement. The statement must also note that any information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee may not be used by the employer or prospective employer, or an agent authorized to obtain this information on their behalf, unless required by federal regulation or law. The employer or prospective employer must afford the employee or prospective employee an opportunity to demonstrate that an adjudication contained in the abstract is subject to a court order sealing the juvenile record.

(v) Upon request of the person named in the abstract provided under this subsection, and upon that same person fur-

nishing copies of court records ruling that the person was not at fault in a motor vehicle accident, the department must indicate on any abstract provided under this subsection that the person was not at fault in the motor vehicle accident.

(vi) No employer or prospective employer, nor any agents of an employer or prospective employer, may use information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee for any purpose unless required by federal regulation or law. The employee or prospective employee must furnish a copy of the court order sealing the juvenile record to the employer or prospective employer, or the agents of the employer or prospective employer, as may be required to ensure the application of this subsection.

(iii) Any policy of insurance may not be canceled, nonrenewed, denied, or have the rate increased on the basis of information regarding an accident included in the abstract of a driving record, unless the policyholder was determined to be at fault.

(iv) Any insurance company or its agents, for underwriting purposes relating to the operation of commercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of motor vehicles while not engaged in such employment. Any insurance company or its agents, for underwriting purposes relating to the operation of noncommercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of commercial motor vehicles. For the purposes of this subsection, "commercial motor vehicle" has the same meaning as in RCW 46.25.010(6).

This definition excludes methods of record analysis and data collection that are subjective, do not permit replication, and are not designed to yield reliable and valid results.

(ii) The state agency, or a scientific research professional associated with a bona fide scientific research organization, are exempt from paying the fees related to the reviewing of records and the fee required in subsection (5) of this section. However, the department may charge a cost-recovery fee for the actual cost of providing the data.

(3) **Reviewing of driving records.** (a) In addition to the methods described herein, the director may enter into a contractual agreement for the purpose of reviewing the driving records of existing employees for changes to the record during specified periods of time. The department shall establish a fee for this service, which must be deposited in the highway safety fund. The fee for this service must be set at a level that does not result in a net revenue loss to the state. Any information provided under this subsection must be treated in the same manner and is subject to the same restrictions as driving record abstracts.

(b) The department may provide reviewing services to the following entities:

46.55.020 Registration required—Penalty. (1) A person shall not engage in or offer to engage in the activities of a registered tow truck operator without a current registration certificate from the department of licensing authorizing him or her to engage in such activities.

(2) Any person engaging in or offering to engage in the activities of a registered tow truck operator without the registration certificate required by this chapter is guilty of a gross misdemeanor.

(3) A registered operator who engages in a business practice that is prohibited under this chapter may be issued a notice of traffic infraction under chapter 46.63 RCW and is also subject to the civil penalties that may be imposed by the department under this chapter.

(4) A person found to have committed an offense that is a traffic infraction under this chapter is subject to a monetary penalty of at least two hundred fifty dollars.

(5) All traffic infractions issued under this chapter shall be under the jurisdiction of the district court in whose jurisdiction they were issued. [2003 c 53 § 243; 1989 c 111 § 2; 1985 c 377 § 2.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

46.55.025 Registration or insurance required—Penalty. A vehicle engaging in the business of recovery of disabled vehicles for monetary compensation, from or on a public road or highway must either be operated by a registered tow truck operator, or someone who at a minimum has insurance in a like manner and amount as prescribed in RCW 46.55.030(3), and have had their tow trucks inspected in a like manner as prescribed by RCW 46.55.040(1). The department shall adopt rules to enforce this section. Failure to com-

ply with this section is a class 1 civil infraction punishable under RCW 7.80.120. [1995 c 360 § 2.]

46.55.030 Application—Contents, bond, insurance, fee, certificate. (1) Application for licensing as a registered tow truck operator shall be made on forms furnished by the department, shall be accompanied by an inspection certification from the Washington state patrol, shall be signed by the applicant or an agent, and shall include the following information:

(a) The name and address of the person, firm, partnership, association, or corporation under whose name the business is to be conducted;

(b) The names and addresses of all persons having an interest in the business, or if the owner is a corporation, the names and addresses of the officers of the corporation;

(c) The names and addresses of all employees who serve as tow truck drivers;

(d) Proof of minimum insurance required by subsection (3) of this section;

(e) The vehicle license and vehicle identification numbers of all tow trucks of which the applicant is the registered owner;

(f) Any other information the department may require; and

(g) A certificate of approval from the Washington state patrol certifying that:

(i) The applicant has an established place of business and that mail is received at the address shown on the application;

(ii) The address of any storage locations where vehicles may be stored is correctly stated on the application;

(iii) The place of business has an office area that is accessible to the public without entering the storage area; and

(iv) The place of business has adequate and secure storage facilities, as defined in this chapter and the rules of the department, where vehicles and their contents can be properly stored and protected.

(2) Before issuing a registration certificate to an applicant the department shall require the applicant to file with the department a surety bond in the amount of five thousand dollars running to the state and executed by a surety company authorized to do business in this state. The bond shall be approved as to form by the attorney general and conditioned that the operator shall conduct his or her business in conformity with the provisions of this chapter pertaining to abandoned or unauthorized vehicles, and to compensate any person, company, or the state for failure to comply with this chapter or the rules adopted hereunder, or for fraud, negligence, or misrepresentation in the handling of these vehicles. Any person injured by the tow truck operator's failure to fully perform duties imposed by this chapter and the rules adopted hereunder, or an ordinance or resolution adopted by a city, town, or county is entitled to recover actual damages, including reasonable attorney's fees against the surety and the tow truck operator. Successive recoveries against the bond shall be permitted, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. As a condition of authority to do business, the operator shall keep the bond in full force and effect. Failure to maintain the penalty value of the bond or cancellation of the bond by the surety automatically cancels the operator's registration.

(3) Before the department may issue a registration certificate to an applicant, the applicant shall provide proof of minimum insurance requirements of:

(a) One hundred thousand dollars for liability for bodily injury or property damage per occurrence; and

(b) Fifty thousand dollars of legal liability per occurrence, to protect against vehicle damage, including but not limited to fire and theft, from the time a vehicle comes into the custody of an operator until it is redeemed or sold.

Cancellation of or failure to maintain the insurance required by (a) and (b) of this subsection automatically cancels the operator's registration.

(4) The fee for each original registration and annual renewal is one hundred dollars per company, plus fifty dollars per truck. The department shall forward the registration fee to the state treasurer for deposit in the motor vehicle fund.

(5) The applicant must submit an inspection certificate from the state patrol before the department may issue or renew an operator's registration certificate or tow truck permits.

(6) Upon approval of the application, the department shall issue a registration certificate to the registered operator to be displayed prominently at the operator's place of business. [2010 c 8 § 9061; 1989 c 111 § 3; 1987 c 311 § 2; 1985 c 377 § 3.]

46.55.035 Prohibited acts—Penalty. (1) No registered tow truck operator may:

(a) Except as authorized under RCW 46.55.037, ask for or receive any compensation, gratuity, reward, or promise thereof from a person having control or possession of private property or from an agent of the person authorized to sign an impound authorization, for or on account of the impounding of a vehicle;

(c) Have a financial, equitable, or ownership interest in a firm, partnership, association, or corporation whose functions include acting as an agent or a representative of a property owner for the purpose of signing impound authorizations;

(d) Enter into any contract or agreement or offer any program that provides an incentive to a person authorized to order a private impound under RCW 46.55.080 that is related to the authorization of an impound or a number of impounds.

(i) The incentives prohibited by this section may be either monetary or nonmonetary things of value, such as gifts or prizes which are contingent on, or as a reward for the authorization of impounds.

(ii) Gifts of de minimis value that are given in the ordinary course of business and are not tied to any specific decision to authorize an impound or impounds are not prohibited. Permitted gifts would include promotional items such as pens, calendars, cups, and other items labeled with the registered tow truck operator's business information, holiday gifts such as cookies or candy, flowers for occasions such as illness or death, or the cost of a single meal for one person when discussing business.

(iii) The provision of the actual physical signs required by this chapter to be posted on private property and the labor

and materials for placing them is not a violation of this section.

(2) This section does not prohibit the registered tow truck operator from collecting the costs of towing, storage, tolls or ferry fares paid, or other services rendered during the course of towing, removing, impounding, or storing of an impounded vehicle as provided by RCW 46.55.120.

(3) A violation of this section is a gross misdemeanor. [2012 c 18 § 1; 2010 c 56 § 1; 1992 c 18 § 1; 1989 c 111 § 4.]

46.55.037 Compensation for private impounds. A registered tow truck operator may receive compensation from a private property owner or agent for a private impound of an unauthorized vehicle that has an approximate fair market value equal only to the approximate value of the scrap in it. The private property owner or an agent must authorize the impound under RCW 46.55.080. The registered tow truck operator shall process the vehicle in accordance with this chapter and shall deduct any compensation received from the private property owner or agent from the amount of the lien on the vehicle in accordance with this chapter. [1992 c 18 § 2.]

46.55.040 Permit required—Inspections of equipment and facilities. (1) A registered operator shall apply for and keep current a tow truck permit for each tow truck of which the operator is the registered owner. Application for a tow truck permit shall be accompanied by a report from the Washington state patrol covering a physical inspection of each tow truck capable of being used by the applicant.

(2) Upon receipt of the fee provided in RCW 46.55.030(4) and a satisfactory inspection report from the state patrol, the department shall issue each tow truck an annual tow truck permit or decal. The class of the tow truck, determined according to RCW 46.55.050, shall be stamped on the permit or decal. The permit or decal shall be displayed on the passenger side of the truck's front windshield.

(3) A tow truck number from the department shall be affixed in a permanent manner to each tow truck.

(4) The Washington state patrol shall conduct annual inspections of tow truck operators' equipment and facilities during the operators' normal business hours. Unscheduled inspections may be conducted without notice at the operator's place of business by an inspector to determine the fitness of a tow truck or facilities. At the time of the inspection, the operator shall provide a paper copy of the master log referred to in RCW 46.55.080.

(5) If at the time of the annual or subsequent inspections the equipment does not meet the requirements of this chapter, and the deficiency is a safety related deficiency, or the equipment is necessary to the truck's performance, the inspector shall cause the registered tow truck operator to remove that equipment from service as a tow truck until such time as the equipment has been satisfactorily repaired. A red tag shall be placed on the windshield of a tow truck taken out of service, and the tow truck shall not provide tow truck service until the Washington state patrol recertifies the truck and removes the tag. [1989 c 111 § 5; 1985 c 377 § 4.]

46.55.050 Classification of trucks—Marking requirements—Time and place of inspection—Penalty. (1) Tow trucks shall be classified by towing capabilities, and shall meet or exceed all equipment standards set by the state patrol for the type of tow trucks to be used by an operator.

(2) All tow trucks shall display the firm's name, city of address, and telephone number. This information shall be painted on or permanently affixed to both sides of the vehicle in accordance with rules adopted by the department.

(3) Before a tow truck is put into tow truck service, or when the reinspection of a tow truck is necessary, the district commander of the state patrol shall designate a location and time for the inspection to be conducted. When practicable, the inspection or reinspection shall be made within three business days following the request by the operator.

(4) Failure to comply with any requirement of this section or rules adopted under it is a traffic infraction. [1987 c 330 § 740; 1985 c 377 § 5.]

Additional notes found at www.leg.wa.gov

46.55.060 Business location—Requirements. (1) The address that the tow truck operator lists on his or her application shall be the business location of the firm where its files are kept. Each separate business location requires a separate registration under this chapter. The application shall also list all locations of secure areas for vehicle storage and redemption.

(2) Before an additional lot may be used for vehicle storage, it must be inspected and approved by the state patrol. The lot must also be inspected and approved on an annual basis for continued use.

(3) Each business location must have a sign displaying the firm's name that is readable from the street.

(4) At the business locations listed where vehicles may be redeemed, the registered operator shall post in a conspicuous and accessible location:

(a) All pertinent licenses and permits to operate as a registered tow truck operator;

(b) The current towing and storage charges itemized on a form approved by the department;

(c) The vehicle redemption procedure and rights;

(d) Information supplied by the department as to where complaints regarding either equipment or service are to be directed;

(e) Information concerning the acceptance of commercially reasonable tender as defined in RCW 46.55.120(1)(f).

(5) The department shall adopt rules concerning fencing and security requirements of storage areas, which may provide for modifications or exemptions where needed to achieve compliance with local zoning laws.

(6) On any day when the registered tow truck operator holds the towing services open for business, the business office shall remain open with personnel present who are able to release impounded vehicles in accordance with this chapter and the rules adopted under it. The normal business hours of a towing service shall be from 8:00 a.m. to 5:00 p.m. on weekdays, excluding Saturdays, Sundays, and holidays. The business office may be closed for no more than one hour between the hours of 11:00 a.m. and 1:00 p.m. if a notice is clearly visible at the door with a telephone number at which personnel can be reached to return within no more than one-

half of an hour to release an impounded vehicle. If the caller does in fact redeem the vehicle when the personnel returns to release the vehicle, the accrual of charges for storage ceases at the time of the call.

(7) A registered tow truck operator shall maintain personnel who can be contacted twenty-four hours a day to release impounded vehicles within a reasonable time.

(8) A registered operator shall provide access to a telephone for any person redeeming a vehicle, at the time of redemption. [2015 c 227 § 1; 1989 c 111 § 6; 1987 c 311 § 3; 1985 c 377 § 6.]

46.55.063 Fees, schedules, contracts, invoices. (1) An operator shall file a fee schedule with the department. All filed fees must be adequate to cover the costs of service provided. No fees may exceed those filed with the department. At least ten days before the effective date of any change in an operator's fee schedule, the registered tow truck operator shall file the revised fee schedule with the department.

(2) Towing contracts with private property owners shall be in written form and state the hours of authorization to impound, the persons empowered to authorize the impounds, and the present charge of a private impound for the classes of tow trucks to be used in the impound, and must be retained in the files of the registered tow truck operator for three years.

(3) A fee that is charged for tow truck service must be calculated on an hourly basis, and after the first hour must be charged to the nearest quarter hour.

(4) Fees that are charged for the storage of a vehicle, or for other items of personal property registered or titled with the department, must be calculated on a twenty-four hour basis and must be charged to the nearest half day from the time when the operator has unloaded the vehicle and completed the necessary paperwork at the secure storage area. The total amount of time to unload the towed vehicle, complete required paperwork, and reasonably prepare the tow truck to return to service may be charged as part of the tow truck service in fifteen-minute increments not to exceed a total of sixty minutes after the return of the tow truck to the secure storage area. If a portion of any fifteen-minute increment exceeds a total of eight minutes, the total minutes must be rounded up to the next highest fifteen-minute period of total time except in the last fifteen minutes of the total sixty minutes. However, items of personal property registered or titled with the department that are wholly contained within an impounded vehicle are not subject to additional storage fees; they are, however, subject to satisfying the underlying lien for towing and storage of the vehicle in which they are contained.

(5) All billing invoices that are provided to the redeemer of the vehicle, or other items of personal property registered or titled with the department, must be itemized so that the individual fees are clearly discernible. [2017 c 94 § 1; 1995 c 360 § 3; 1989 c 111 § 7.]

46.55.065 License plate indicator tabs—Transporter business—Hulk hauler, scrap processor business—Wrecker business—Fees—Tab requirements. (1) If a tow truck, the registered owner of which is a registered tow truck operator, is to conduct transporter business under chapter 46.76 RCW, the license plate that is required to be displayed under RCW 46.16A.030 must contain an indicator tab that the vehicle is licensed to perform transporter services. The fee for an original transporter's license plate indicator tab for a tow truck, the registered owner of which is a registered tow truck operator, is two dollars. Vehicles that are used to conduct transporter business and are not owned by a registered tow truck operator must follow the requirements of chapter 46.76 RCW.

(2) If a tow truck, the registered owner of which is a registered tow truck operator, is used for a hulk hauler or scrap processor business under chapter 46.79 RCW, the license plate that is required under RCW 46.16A.030 must contain an indicator tab that the vehicle is licensed to perform hulk hauler or scrap processor purposes under the laws of the state of Washington. The fee for a hulk hauler or scrap processor business license plate indicator tab is five dollars for the original tab and two dollars for each additional tab. Vehicles that are used to conduct hulk hauler or scrap processor business and are not owned by a registered tow truck operator must follow the requirements of chapter 46.79 RCW.

(3) If a tow truck, the registered owner of which is a registered tow truck operator, is used for a wrecker business under chapter 46.80 RCW, the license plate displayed that is required under RCW 46.16A.030 must contain an indicator tab that the vehicle is licensed to perform wrecker services. The fee for a wrecker license plate indicator tab is five dollars for the original tab and two dollars for each additional tab. Vehicles that are used to conduct wrecker business and are not owned by a registered tow truck operator must follow the requirements of chapter 46.80 RCW.

(4)(a) The license plate indicator tabs must:

(i) Affix to the license plate required to be displayed under RCW 46.16A.030;

(ii) Clearly identify the business purpose of the licensed vehicle;

(iii) Use some combination of letters and numbers to indicate a vehicle is licensed to conduct transporter business under chapter 46.76 RCW, hulk hauler or scrap processor business under chapter 46.79 RCW, or wrecker business under chapter 46.80 RCW; and

(iv) Be approved by the department.

(b) All other requirements concerning registration and display of plates as required under chapter 46.16A RCW may not conflict with this section.

(5) Chapter 135, Laws of 2018 does not allow for the use of indicator tabs, authorized in this section, on a special or personalized license plate authorized in chapter 46.18 RCW. [2019 c 44 § 6; 2018 c 135 § 2.]

Effective date—2019 c 44 §§ 6 and 7: "Sections 6 and 7 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect June 1, 2019." [2019 c 44 § 9.]

Findings—2018 c 135: "(1) The legislature finds that efficiency and public safety is served by consolidating the multiple license plates currently required on the vehicles of registered tow truck operators. These registered tow truck operators currently have up to four separate license plates that are required to be displayed on the vehicle at all times. The operators have the highest training and qualifications of any towing operators in Washington state.

(2) The legislature further finds that a single unified license plate with separate endorsement tabs prevents confusion and allows for easy identification and review of tow trucks by law enforcement and the motoring public. The unified license plate also saves resources by reducing the need for

license plate production and reduces fraud by limiting access to these commercial license plates.

(3) A unified license plate for registered tow truck operators serves the purposes of Washington residents, the motoring public, and law enforcement, and saves money as well." [2018 c 135 § 1.]

Effective date—2018 c 135: "This act takes effect June 1, 2019." [2018 c 135 § 10.]

IMPOUNDING UNAUTHORIZED VEHICLES

46.55.070 Posting requirements—Exception. (1) No person may impound, tow, or otherwise disturb any unauthorized vehicle standing on nonresidential private property or in a public parking facility for less than twenty-four hours unless a sign is posted near each entrance and on the property in a clearly conspicuous and visible location to all who park on such property that clearly indicates:

(a) The times a vehicle may be impounded as an unauthorized vehicle; and

(b) The name, telephone number, and address of the towing firm where the vehicle may be redeemed.

(2) The requirements of subsection (1) of this section do not apply to residential property. Any person having charge of such property may have an unauthorized vehicle impounded immediately upon giving written authorization.

(3) The department shall adopt rules relating to the size of the sign required by subsection (1) of this section, its lettering, placement, and the number required.

(4) This section applies to all new signs erected after July 1, 1986. All other signs must meet these requirements by July 1, 1989. [1987 c 311 § 4; 1985 c 377 § 7.]

Vehicle immobilization unlawful: RCW 46.55.300.

46.55.075 Law enforcement impound—Required form, procedures. (1) The Washington state patrol shall provide by rule for a uniform impound authorization and inventory form. All law enforcement agencies must use this form for all vehicle impounds after June 30, 2001.

(2) By January 1, 2003, the Washington state patrol shall develop uniform impound procedures, which must include but are not limited to defining an impound and a visual inspection. Local law enforcement agencies shall adopt the procedures by July 1, 2003. [2002 c 279 § 5; 1999 c 398 § 3.]

46.55.080 Law enforcement impound, private impound—Master log—Certain associations restricted. (1) If a vehicle is in violation of the time restrictions of RCW 46.55.010(14), it may be impounded by a registered tow truck operator at the direction of a law enforcement officer or other public official with jurisdiction if the vehicle is on public property, or at the direction of the property owner or an agent if it is on private property. A law enforcement officer may also direct the impoundment of a vehicle pursuant to a writ or court order.

(2) The person requesting a private impound or a law enforcement officer or public official requesting a public impound shall provide a signed authorization for the impound at the time and place of the impound to the registered tow truck operator before the operator may proceed with the impound. A registered tow truck operator, employee, or his or her agent may not serve as an agent of a property owner for the purposes of signing an impound authorization or, independent of the property owner, identify a vehicle for impound.

(3) In the case of a private impound, the impound authorization shall include the following statement: "A person authorizing this impound, if the impound is found in violation of chapter 46.55 RCW, may be held liable for the costs incurred by the vehicle owner."

(4) A registered tow truck operator shall record and keep in the operator's files the date and time that a vehicle is put in the operator's custody and released. The operator shall make an entry into a master log regarding transactions relating to impounded vehicles. The operator shall make this master log available, upon request, to representatives of the department or the state patrol.

(5) A person who engages in or offers to engage in the activities of a registered tow truck operator may not be associated in any way with a person or business whose main activity is authorizing the impounding of vehicles. Explanatory statement—2018 c 22: See note following RCW 1.20.051.

46.55.085 Law enforcement impound—Unauthorized vehicle in right-of-way. (1) A law enforcement officer discovering an unauthorized vehicle left within a highway right-of-way shall attach to the vehicle a readily visible notification sticker. The sticker shall contain the following information:

(a) The date and time the sticker was attached;

(b) The identity of the officer;

(c) A statement that if the vehicle is not removed within twenty-four hours from the time the sticker is attached, the vehicle may be taken into custody and stored at the owner's expense;

(d) A statement that if the vehicle is not redeemed as provided in RCW 46.55.120, the registered owner will have committed the traffic infraction of littering—abandoned vehicle; and

(e) The address and telephone number where additional information may be obtained.

(2) If the vehicle has current Washington registration plates, the officer shall check the records to learn the identity of the last owner of record. The officer or his or her department shall make a reasonable effort to contact the owner by telephone in order to give the owner the information on the notification sticker.

(3) If the vehicle is not removed within twenty-four hours from the time the notification sticker is attached, the law enforcement officer may take custody of the vehicle and provide for the vehicle's removal to a place of safety. A vehicle that does not pose a safety hazard may remain on the roadside for more than twenty-four hours if the owner or operator is unable to remove it from the place where it is located and so notifies law enforcement officials and requests assistance.

(4) For the purposes of this section a place of safety includes the business location of a registered tow truck operator. [2010 c 8 § 9062; 2002 c 279 § 6; 1993 c 121 § 1; 1987 c 311 § 6. Formerly RCW 46.52.170 and 46.52.180.]

46.55.090 Storage, return requirements—Vehicles, personal belongings—Combination endorsement for tow truck drivers—Viewing impounded vehicle. (1) All vehicles impounded shall be taken to the nearest storage location that has been inspected and is listed on the application filed with the department.

(2) All vehicles and stored personal belongings shall be handled and returned in substantially the same condition as they existed before being towed.

(3) For purposes of this subsection [section], "personal belongings" means personal property and contents in a vehicle, with the exception of those items of personal property that are registered or titled with the department. For a period of twenty days from impound, personal belongings shall be kept intact, and shall be returned to the vehicle's owner or agent during normal business hours upon request and presentation of a driver's license or other sufficient identification. A vehicle's owner or agent may retrieve personal belongings from the vehicle and request that the registered tow truck operator store the personal belongings for a period of thirty days from the date of signing a personal belongings storage request form. If a personal belongings storage request form is not submitted, personal belongings not claimed within twenty days from the date of the impound are considered abandoned and may be disposed of at the registered tow truck operator's discretion. If a personal belongings storage request form is submitted to the registered tow truck operator, personal belongings not claimed within thirty days of the date the personal belongings storage request form is submitted are considered abandoned and may be disposed of at the registered tow truck operator's discretion. Abandoned personal belongings may be sold at auction with the vehicle to fulfill a lien against the vehicle. The department shall adopt rules prescribing the content and format of the personal belongings storage request form.

(4) Tow truck drivers shall have a Washington state driver's license endorsed for the appropriate classification under chapter 46.25 RCW or the equivalent issued by another state.

(5) Any person who shows proof of ownership or written authorization from the impounded vehicle's registered or legal owner or the vehicle's insurer may view the vehicle without charge during normal business hours. [2019 c 401 § 1; 1995 c 360 § 4; 1989 c 178 § 25; 1987 c 311 § 7; 1985 c 377 § 9.]

46.55.100 Impound notice—Abandoned vehicle report—Owner information, liability—Disposition report. (1) At the time of impoundment the registered tow truck operator providing the towing service shall give immediate notification, by telephone or radio, to a law enforcement agency having jurisdiction who shall maintain a log of such reports. A law enforcement agency, or a private communication center acting on behalf of a law enforcement agency, shall within six to twelve hours of the impoundment, provide to a requesting operator the name and address of the legal and registered owners of the vehicle, and the registered owner of any personal property registered or titled with the department that is attached to or contained in or on the impounded vehicle, the vehicle identification number, and any other necessary, pertinent information. The initial notice of impoundment shall be followed by a written or electronic facsimile notice within twenty-four hours. In the case of a vehicle from another state, time requirements of this subsection do not apply until the requesting law enforcement agency in this state receives the information.

(2) The operator shall immediately send an abandoned vehicle report to the department for any vehicle, and for any items of personal property registered or titled with the department, that are in the operator's possession after the one hundred twenty hour abandonment period. Such report need not be sent when the impoundment is pursuant to a writ, court order, or police hold that is not a suspended license impound. The owner notification and abandonment process shall be initiated by the registered tow truck operator immediately following notification by a court or law enforcement officer that the writ, court order, or police hold that is not a suspended license impound is no longer in effect.

(3) Following the submittal of an abandoned vehicle report, the department shall provide the registered tow truck operator with owner information within seventy-two hours.

(4) Within fourteen days of the sale of an abandoned vehicle at public auction, the towing operator shall send a copy of the abandoned vehicle report showing the disposition of the abandoned vehicle and any other items of personal property registered or titled with the department to the department. The vehicle buyer information sent to the department on the abandoned vehicle report relieves the previous owner of the vehicle from any civil or criminal liability for the operation of the vehicle from the date of sale thereafter and transfers full liability for the vehicle to the buyer. By January 1, 2003, the department shall create a system enabling tow truck operators the option of sending the portion of the abandoned vehicle report that contains the vehicle's buyer information to the department electronically.

(5) If the operator sends an abandoned vehicle report to the department and the department finds no owner information, an operator may proceed with an inspection of the vehicle and any other items of personal property registered or titled with the department to determine whether owner identification is within the vehicle.

(6) If the operator finds no owner identification, the operator shall immediately notify the appropriate law enforcement agency, which shall search the vehicle and any other items of personal property registered or titled with the department for the vehicle identification number or other appropriate identification numbers and check the necessary records to determine the vehicle's or other property's owners. [2002 c 279 § 9; 1999 c 398 § 5; 1998 c 203 § 9; 1995 c 360 § 5; 1991 c 20 § 1; 1989 c 111 § 9; 1987 c 311 § 8; 1985 c 377 § 10.]

Finding—1998 c 203: See note following RCW 46.55.105.

46.55.105 Responsibility of registered owner—Buyer and seller remedies. (1) Except as provided in subsection (4) of this section, the abandonment of any vehicle creates a prima facie presumption that the last registered owner of record is responsible for the abandonment and is liable for costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(2) If an unauthorized vehicle is found abandoned under subsection (1) of this section and removed at the direction of law enforcement, the last registered owner of record is guilty of the traffic infraction of "littering—abandoned vehicle," unless the vehicle is redeemed as provided in RCW 46.55.120. In addition to any other monetary penalty payable under chapter 46.63 RCW, the court shall not consider all monetary penalties as having been paid until the court is satisfied that the person found to have committed the infraction has made restitution in the amount of the deficiency remaining after disposal of the vehicle under RCW 46.55.140.

(3) A vehicle theft report filed with a law enforcement agency relieves the last registered owner of liability under subsection (2) of this section for failure to redeem the vehicle. However, the last registered owner remains liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle under subsection (1) of this section. Nothing in this section limits in any way the registered owner's rights in a civil action or as restitution in a criminal action against a person responsible for the theft of the vehicle.

(4) Properly filing a report of sale or transfer regarding the vehicle involved in accordance with RCW 46.12.650 (1) through (3) relieves the last registered owner of liability under subsections (1) and (2) of this section. However, if there is a reason to believe that a report of sale has been filed in which the reported buyer did not know of the alleged transfer or did not accept the vehicle transfer, the liability remains with the last registered owner to prove the vehicle transfer was made pursuant to a legal transfer or accepted by the person reported as the new owner on the report of sale. If the date of sale as indicated on the report of sale is before the date of impoundment, the buyer identified on the latest properly filed report of sale with the department is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction. If the date of sale is after the date of impoundment, the previous registered owner is assumed to be liable for such costs. A licensed vehicle dealer is not liable under subsections (1) and (2) of this section if the dealer, as transferee or assignee of the last registered owner of the vehicle involved, has complied with the requirements of RCW 46.70.122 upon selling or otherwise disposing of the vehicle, or if the dealer has timely filed a transitional ownership record or report of sale under RCW 46.12.660. In that case the person to whom the licensed vehicle dealer has sold or transferred the vehicle is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(5) For the purposes of reporting notices of traffic infraction to the department under RCW 46.20.270 and 46.52.101, and for purposes of reporting notices of failure to appear, respond, or comply regarding a notice of traffic infraction to the department under RCW 46.63.070(6), a traffic infraction under subsection (2) of this section is not considered to be a standing, stopping, or parking violation.

(6) A notice of infraction for a violation of this section may be filed with a court of limited jurisdiction organized under Title 3, 35, or 35A RCW, or with a violations bureau subject to the court's jurisdiction.

(7)(a) A person named as a buyer in a report of sale filed under RCW 46.12.650(3) in which there was no acceptance of the transfer has a cause of action against the person who filed the report to recover costs associated with towing, storage, auction, or any other damages incurred as a result of being named as the buyer in the report of sale, including reasonable attorneys' fees and litigation costs. The cause of action provided in this subsection (7)(a) is in addition to any other remedy available to the person at law or in equity.

(b) A person named as a seller in a report of sale filed under RCW 46.12.650(3) in which the named buyer falsely alleges that there was no acceptance of the transfer has a cause of action against the named buyer to recover damages incurred as a result of the allegation, including reasonable attorneys' fees and litigation costs. The cause of action in this subsection (7)(b) is in addition to any other remedy available to the person at law or in equity. [2016 c 86 § 2; 2010 c 161 § 1119; 2002 c 279 § 10; 1999 c 86 § 5; 1998 c 203 § 2; 1995 c 219 § 4; 1993 c 314 § 1.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Finding—1998 c 203: "The legislature finds that the license to drive a motor vehicle on the public highways is suspended or revoked in order to protect public safety following a driver's failure to comply with the laws of this state. Over six hundred persons are killed in traffic accidents in Washington annually, and more than eighty-four thousand persons are injured. It is estimated that of the three million four hundred thousand drivers' licenses issued to citizens of Washington, more than two hundred sixty thousand are suspended or revoked at any given time. Suspended drivers are more likely to be involved in causing traffic accidents, including fatal accidents, than properly licensed drivers, and pose a serious threat to the lives and property of Washington residents. Statistics show that suspended drivers are three times more likely to kill or seriously injure others in the commission of traffic felony offenses than are validly licensed drivers. In addition to not having a driver's license, most such drivers also lack required liability insurance, increasing the financial burden upon other citizens through uninsured losses and higher insurance costs for validly licensed drivers. Because of the threat posed by suspended drivers, all registered owners of motor vehicles in Washington have a duty to not allow their vehicles to be driven by a suspended driver.

Despite the existence of criminal penalties for driving with a suspended or revoked license, an estimated seventy-five percent of these drivers continue to drive anyway. Existing sanctions are not sufficient to deter or prevent persons with a suspended or revoked license from driving. It is common for suspended drivers to resume driving immediately after being stopped, cited, and released by a police officer and to continue to drive while a criminal prosecution for suspended driving is pending. More than half of all suspended drivers charged with the crime of driving while suspended or revoked fail to appear for court hearings. Vehicle impoundment will provide an immediate consequence which will increase deterrence and reduce unlawful driving by preventing a suspended driver access to that vehicle. Vehicle impoundment will also provide an appropriate measure of accountability for registered owners who permit suspended drivers to drive their vehicles. Impoundment of vehicles driven by suspended drivers has been shown to reduce future driving while suspended or revoked offenses for up to two years afterwards, and the recidivism rate for drivers whose cars were not impounded was one hundred percent higher than for drivers whose cars were impounded. In order to adequately protect public safety and to enforce the state's driver licensing laws, it is necessary to authorize the impoundment of any vehicle when it is found to be operated by a driver with a suspended or revoked license in violation of RCW 46.20.342 and 46.20.420. The impoundment of a vehicle operated in violation of RCW 46.20.342 or 46.20.420 is intended to be a civil in rem action against the vehicle in order to remove it from the public highways and reduce the risk posed to traffic safety by a vehicle accessible to a driver who is reasonably believed to have violated these laws." Suspension of driver's license for failure to respond to notice of traffic infraction: RCW 46.20.289.

46.55.110 Notice to legal and registered owners. (1)(a) When an unauthorized vehicle is impounded, the

impounding towing operator shall notify the legal and registered owners of the impoundment of the unauthorized vehicle and the owners of any other items of personal property registered or titled with the department. The notification shall be sent by first-class mail within twenty-four hours after the impoundment to the last known registered and legal owners of the vehicle, and the owners of any other items of personal property registered or titled with the department, as provided by the law enforcement agency, and shall inform the owners of the identity of the person or agency authorizing the impound.

(b) The notification shall include the name of the impounding tow firm, its address, and telephone number. The notice shall also include the location, time of the impound, and by whose authority the vehicle was impounded. The notice shall also include the written notice of the right of redemption and opportunity for a hearing to contest the validity of the impoundment pursuant to RCW 46.55.120.

(c) The notification must include a notice that the registered tow truck operator will store personal belongings found in the vehicle at no cost if the vehicle's owner or agent is present to retrieve the personal belongings from the vehicle and sign a personal belongings storage request form before the date of auction. If the vehicle's owner calls a registered tow truck operator to inquire about the impounded vehicle, the registered tow truck operator shall inform the owner of the owner's ability to retrieve any personal belongings from the vehicle and to request the registered tow truck operator to store the personal belongings by signing a personal belongings storage request form before the date of auction. Registered tow truck operators shall store personal belongings at no cost for thirty days from the date the personal belongings are removed from the vehicle by the owner and the vehicle's owner or agent has signed a personal belongings storage request form. Registered tow truck operators shall maintain a record of any signed personal belongings storage request form.

(2) In addition, if a suspended license impound has been ordered, the notice must state the length of the impound, the requirement of the posting of a security deposit to ensure payment of the costs of removal, towing, and storage, notification that if the security deposit is not posted the vehicle will immediately be processed and sold at auction as an abandoned vehicle, and the requirements set out in RCW 46.55.120(1)(c) regarding the payment of the costs of removal, towing, and storage as well as providing proof of satisfaction of any penalties, fines, or forfeitures before redemption. The notice must also state that the registered owner is ineligible to purchase the vehicle at the abandoned vehicle auction, if held.

(3) In the case of an abandoned vehicle, or other item of personal property registered or titled with the department, within twenty-four hours after receiving information on the legal and registered owners from the department through the abandoned vehicle report, the tow truck operator shall send by first-class mail a notice of custody and sale to the legal and registered owners and of the penalties for the traffic infraction littering—abandoned vehicle. The notice must include a notice that the registered tow truck operator will store personal belongings found in the vehicle at no cost if the vehicle's owner or agent is present to retrieve the personal belongings from the vehicle and sign a personal belongings storage request form before the date of auction. The tow truck operator shall obtain a certificate of mailing from the United States postal service when notice is mailed.

(4) If the date on which a notice required by subsection (3) of this section is to be mailed falls upon a Saturday, Sunday, or a postal holiday, the notice may be mailed on the next day that is neither a Saturday, Sunday, nor a postal holiday.

(5) No notices need be sent to the legal or registered owners of an impounded vehicle or other item of personal property registered or titled with the department, if the vehicle or personal property has been redeemed. Finding—1998 c 203: See note following RCW 46.55.105.

46.55.113 Removal by police officer—Definition. (1) Whenever the driver of a vehicle is arrested for a violation of RCW 46.20.342 or 46.20.345, the vehicle is subject to summary impoundment, pursuant to the terms and conditions of an applicable local ordinance or state agency rule at the direction of a law enforcement officer.

(2) In addition, a police officer may take custody of a vehicle, at his or her discretion, and provide for its prompt removal to a place of safety under any of the following circumstances:

(a) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;

(b) Whenever a police officer finds a vehicle unattended upon a highway where the vehicle constitutes an obstruction to traffic or jeopardizes public safety;

(c) Whenever a police officer finds an unattended vehicle at the scene of an accident or when the driver of a vehicle involved in an accident is physically or mentally incapable of deciding upon steps to be taken to protect his or her property;

(d) Whenever the driver of a vehicle is arrested and taken into custody by a police officer;

(e) Whenever the driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504;

(f) Whenever a police officer discovers a vehicle that the officer determines to be a stolen vehicle;

(g) Whenever a vehicle without a special license plate, placard, or decal indicating that the vehicle is being used to transport a person with disabilities under RCW 46.19.010 is parked in a stall or space clearly and conspicuously marked under RCW 46.61.581 which space is provided on private property without charge or on public property;

(h) Upon determining that a person is operating a motor vehicle without a valid and, if required, a specially endorsed driver's license or with a license that has been expired for ninety days or more;

(i) When a vehicle is illegally occupying a truck, commercial loading zone, restricted parking zone, bus, loading, hooded-meter, taxi, street construction or maintenance, or other similar zone where, by order of the director of transportation or chiefs of police or fire or their designees, parking is limited to designated classes of vehicles or is prohibited

during certain hours, on designated days or at all times, if the zone has been established with signage for at least twenty-four hours and where the vehicle is interfering with the proper and intended use of the zone. Signage must give notice to the public that a vehicle will be removed if illegally parked in the zone;

(j) When a vehicle with an expired registration of more than forty-five days is parked on a public street;

(k) Upon determining that a person restricted to use of only a motor vehicle equipped with a functioning ignition interlock device is operating a motor vehicle that is not equipped with such a device in violation of RCW 46.20.740(2).

(3) When an arrest is made for a violation of RCW 46.20.342, if the vehicle is a commercial vehicle or farm transport vehicle and the driver of the vehicle is not the owner of the vehicle, before the summary impoundment directed under subsection (1) of this section, the police officer shall attempt in a reasonable and timely manner to contact the owner of the vehicle and may release the vehicle to the owner if the owner is reasonably available, as long as the owner was not in the vehicle at the time of the stop and arrest and the owner has not received a prior release under this subsection or RCW 46.55.120(1)(b)(ii).

(4) The additional procedures outlined in RCW 46.55.360 apply to any impoundment of a vehicle under subsection (2)(e) of this section.

(5) Nothing in this section may derogate from the powers of police officers under the common law. For the purposes of this section, a place of safety may include the business location of a registered tow truck operator.

(6) For purposes of this section "farm transport vehicle" means a motor vehicle owned by a farmer and that is being actively used in the transportation of the farmer's or another farmer's farm, orchard, aquatic farm, or dairy products, including livestock and plant or animal wastes, from point of production to market or disposal, or supplies or commodities to be used on the farm, orchard, aquatic farm, or dairy, and that has a gross vehicle weight rating of 7,258 kilograms (16,001 pounds) or more. Finding—Intent—2020 c 117: "The legislature enacted "Hailey's law" in 2011, which requires impoundment of a vehicle when the driver is arrested for driving or being in physical control of the vehicle while under the influence of alcohol or drugs, and also prevents the impaired driver from redeeming the impounded vehicle for a period of twelve hours. In its findings, the legislature reasoned that vehicle impoundment both increases deterrence and prevents an impaired driver from accessing the vehicle for a specified time. In addition, it noted that vehicle impoundment provides an appropriate measure of accountability for registered owners who allow impaired drivers to drive or control their vehicles, but it also allows the registered owners to redeem their vehicles once impounded. The legislature additionally found that any inconvenience on a registered owner is outweighed by the need to protect the public.

The Washington state supreme court recently decided in *State v. Villela* that the mandatory impoundment component of the statute violates the state Constitution. In coming to this conclusion, the court determined that the Constitution requires that the arresting officer make a discretionary determination that impoundment is reasonable and that there are no reasonable alternatives to impoundment.

The legislature finds that, even without mandatory impoundment in every case, there are still many circumstances in which an officer making an arrest for impaired driving or physical control of a vehicle while under the influence will determine that impoundment is reasonable under the circumstances and within the constitutional limitations. In such cases, it is still appropriate and necessary for the protection of the public to prevent redemption of the impounded vehicle for a minimum of twelve hours. To this end, the legislature intends to clarify that, in cases in which a vehicle is lawfully impounded following the driver's arrest for impaired driving or physical control of a vehicle while under the influence, the twelve hour restriction on redemption of the vehicle still applies." 46.55.115 State patrol—Appointment of towing operators—Lien for costs—Appeal. The Washington state patrol, under its authority to remove vehicles from the highway, may remove the vehicles directly, through towing operators appointed by the state patrol and called on a rotational or other basis, through contracts with towing operators, or by a combination of these methods. When removal is to be accomplished through a towing operator on a noncontractual basis, the state patrol may appoint any towing operator for this purpose upon the application of the operator. Each appointment shall be contingent upon the submission of an application to the state patrol and the making of subsequent reports in such form and frequency and compliance with such standards of equipment, performance, pricing, and practices as may be required by rule of the state patrol.

An appointment may be rescinded by the state patrol upon evidence that the appointed towing operator is not complying with the laws or rules relating to the removal and storage of vehicles from the highway. The state patrol may not rescind an appointment merely because a registered tow truck operator negotiates a different rate for voluntary, owner-requested towing than for involuntary towing under this chapter. The costs of removal and storage of vehicles under this section shall be paid by the owner or driver of the vehicle and shall be a lien upon the vehicle until paid, unless the removal is determined to be invalid.

Rules promulgated under this section shall be binding only upon those towing operators appointed by the state patrol for the purpose of performing towing services at the request of the Washington state patrol. Any person aggrieved by a decision of the state patrol made under this section may appeal the decision under chapter 34.05 RCW. 46.55.117 Impounds under RCW 64.44.050. An impound under RCW 64.44.050 shall not be considered an impound under this chapter. A tow operator who contracts with a law enforcement agency for transporting a vehicle impounded under RCW 64.44.050 shall only remove the vehicle to a secure public facility, and is not required to store or dispose of the vehicle. The vehicle shall remain in the care, custody, and control of the law enforcement agency to be demolished, disposed of, or decontaminated as provided under RCW 64.44.050. The law enforcement agency shall pay for all costs incurred as a result of the towing if the vehicle owner does not pay within thirty days. The law enforcement agency may seek reimbursement from the owner. [2008 c 201 § 3.]

46.55.118 Rate, fee limitations for certain private impounds. (1) For a private impound performed by any registered tow truck operator using tow trucks classified by the Washington state patrol by rule under RCW 46.55.050(1) as class A, class E, or class D only, the following limitations apply:

(a) The maximum towing hourly rate listed on the fee schedule filed with the department under RCW 46.55.063(1) may not exceed one hundred thirty-five percent of the maximum hourly rate for a class A tow truck at the time of filing as negotiated by the Washington state patrol, pursuant to rule, and contained in the letter of contractual agreement and letter of appointment authorizing a registered tow truck operator to respond to state patrol-originated calls.

(b) The maximum daily storage rate listed on the fee schedule filed with the department under RCW 46.55.063(1) may not exceed one hundred thirty-five percent of the maximum daily storage rate for an impound at the time of filing as negotiated by the Washington state patrol, pursuant to rule, and contained in the letter of contractual agreement and letter of appointment authorizing a registered tow truck operator to respond to state patrol-originated calls.

(c) The maximum after-hours release fee listed on the fee schedule filed with the department under RCW 46.55.063(1) may not exceed one hundred percent of the maximum after-hours release fee for an impound at the time of filing as negotiated by the Washington state patrol, pursuant to rule, and contained in the letter of contractual agreement and letter of appointment authorizing a registered tow truck operator to respond to state patrol-originated calls.

(2) The limitations set forth in subsection (1) of this section apply to all registered tow truck operators whether or not they hold, have applied for, or received letters of appointment from the Washington state patrol to respond to state patrol-originated calls.

(3) The limitations set forth in subsection (1) of this section do not apply to:

(a) Any other classes of tow trucks classified by the Washington state patrol by rule under RCW 46.55.050(1); or

(b) Law enforcement impounds or private voluntary towing.

(4) The limitations set forth in subsection (1) of this section only apply if the vehicle is parked and upright, has all its wheels and tires attached, does not have a broken axle, and has not been involved in an accident at the location from which it is being impounded.

(5) This section does not affect the authority of any city, town, or county to enforce, maintain, or amend any ordinance, enacted prior to January 1, 2013, and valid under state law in existence at the time of its enactment, that regulates maximum allowable rates and related charges for private impounds by registered tow truck operators. [2013 c 37 § 2.]

Findings—2013 c 37: "The legislature finds that the use of a motor vehicle is often a necessity for residents' livelihood and families. Therefore, the legislature finds it is important for the public to know what the charges and fees will be for the private impound of cars and other vehicles parked on private property, and that those charges should be reasonable to ensure that residents may retrieve impounded vehicles." [2013 c 37 § 1.]

REDEMPTION RIGHTS AND HEARING PROCEDURES

46.55.120 Redemption of vehicles—Sale of unredeemed property—Improper impoundment. (1)(a) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, 46.55.113, or 9A.88.140 may be redeemed only by the following persons or entities:

(i) The legal owner;

(ii) The registered owner;

(iii) A person authorized in writing by the registered owner;

(iv) The vehicle's insurer or a vendor working on behalf of the vehicle's insurer;

(v) A third-party insurer that has a duty to repair or replace the vehicle, has obtained consent from the registered owner or the owner's agent to move the vehicle, and has documented that consent in the insurer's claim file, or a vendor working on behalf of a third-party insurer that has received such consent; provided, however, that at all times the registered owner must be granted access to and may reclaim possession of the vehicle. For the purposes of this subsection, "owner's agent" means the legal owner of the vehicle, a driver in possession of the vehicle with the registered owner's permission, or an adult member of the registered owner's family;

(vi) A person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department;

(vii) A person who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor; or

(viii) If (a)(i) through (vii) of this subsection do not apply, a person, who is known to the registered or legal owner of a motorcycle or moped, as each are defined in chapter 46.04 RCW, that was towed from the scene of an accident, may redeem the motorcycle or moped as a bailment in accordance with RCW 46.55.125 while the registered or legal owner is admitted as a patient in a hospital due to the accident.

(b) In addition, a vehicle impounded because the operator is in violation of RCW 46.20.342(1)(c) shall not be released until a person eligible to redeem it under (a) of this subsection satisfies the requirements of (f) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department's records show that the oper-

ator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that ordered the vehicle impounded or from the court having jurisdiction. An agency shall issue a written order to release pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of the following:

(i) Economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator's criminal history and driving record; or

(ii) The owner of the vehicle was not the driver, the owner did not know that the driver's license was suspended or revoked, and the owner has not received a prior release under this subsection or RCW 46.55.113(3).

In order to avoid discriminatory application, other than for the reasons for release set forth in (b)(i) and (ii) of this subsection, an agency shall, under a provision of an applicable state agency rule or local ordinance, deny release in all other circumstances without discretion.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department's records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under (a) of this subsection satisfies the requirements of (f) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

(c) If the vehicle is directed to be held for a suspended license impound, a person who desires to redeem the vehicle at the end of the period of impound shall within five days of the impound at the request of the tow truck operator pay a security deposit to the tow truck operator of not more than one-half of the applicable impound storage rate for each day of the proposed suspended license impound. The tow truck operator shall credit this amount against the final bill for removal, towing, and storage upon redemption. The tow truck operator may accept other sufficient security in lieu of the security deposit. If the person desiring to redeem the vehicle does not pay the security deposit or provide other security acceptable to the tow truck operator, the tow truck operator may process and sell at auction the vehicle as an abandoned vehicle within the normal time limits set out in RCW 46.55.130(1). The security deposit required by this section may be paid and must be accepted at any time up to twenty-four hours before the beginning of the auction to sell the vehicle as abandoned. The registered owner is not eligible to purchase the vehicle at the auction, and the tow truck operator shall sell the vehicle to the highest bidder who is not the registered owner.

(d) Notwithstanding (c) of this subsection, a rental car business may immediately redeem a rental vehicle it owns by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound.

(e) Notwithstanding (c) of this subsection, a motor vehicle dealer or lender with a perfected security interest in the vehicle may redeem or lawfully repossess a vehicle immediately by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound. A motor vehicle dealer or lender with a perfected security interest in the vehicle may not knowingly and intentionally engage in collusion with a registered owner to repossess and then return or resell a vehicle to the registered owner in an attempt to avoid a suspended license impound. However, this provision does not preclude a vehicle dealer or a lender with a perfected security interest in the vehicle from repossessing the vehicle and then selling, leasing, or otherwise disposing of it in accordance with chapter 62A.9A RCW, including providing redemption rights to the debtor under RCW 62A.9A-623. If the debtor is the registered owner of the vehicle, the debtor's right to redeem the vehicle under chapter 62A.9A RCW is conditioned upon the debtor obtaining and providing proof from the impounding authority or court having jurisdiction that any fines, penalties, and forfeitures owed by the registered owner, as a result of the suspended license impound, have been paid, and proof of the payment must be tendered to the vehicle dealer or lender at the time the debtor tenders all other obligations required to redeem the vehicle. Vehicle dealers or lenders are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound.

(f) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle, with credit being given for the amount of any security deposit paid under (c) of this subsection. In addition, if a vehicle is impounded because the operator was arrested for a violation of RCW 46.20.342 or 46.20.345 and was being operated by the registered owner when it was impounded under local ordinance or agency rule, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded or the court having jurisdiction that any penalties, fines, or forfeitures owed by him or her have been satisfied. Registered tow truck operators are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards issued by financial institutions, or personal checks drawn on Washington state branches of financial institutions if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm cannot determine through the customer's bank or a check verification service

that the presented check would be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney's fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person's signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the appropriate court within ten days of the date the opportunity was provided for in (a) of this subsection and more than five days before the date of the auction. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing.

(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or 46.20.345 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver's license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

> TO: . . . . . .
> YOU ARE HEREBY NOTIFIED JUDGMENT was entered against you in the . . . . . . Court located at . . . . . . in the sum of $. . . . . ., in an action entitled . . . . . ., Case No. . . . . (4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(3) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the

department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees. 46.55.125 Redemption of motorcycle or moped as bailment while owner hospitalized due to accident—Requirements—Declaration form. (1) Any person, who is known to the registered or legal owner of a motorcycle or moped that was towed from the scene of an accident, may redeem the motorcycle or moped as a bailment on behalf of the registered or legal owner who is admitted as a patient in a hospital due to the accident subject to the following requirements:

(a) The eligible person must pay the costs of towing, storage, or other services rendered during the course of towing, removal, or storing of the motorcycle or moped.

(b) The eligible person must provide a valid government-issued photo identification, such as a current driver's license or state-issued identification card, military identification, or passport.

(c) The eligible person must sign a declaration on a form furnished by the department that provides:

(i) The person's name, telephone number, and physical address;

(ii) The relationship between the person and the registered or legal owner;

(iii) The name and location of the hospital where the registered or legal owner is admitted;

(iv) The address of the physical location where the motorcycle or moped will be stored for the registered or legal owner at no additional cost to the owner;

(v) A statement that the person agrees to protect the motorcycle or moped and return it to the registered or legal owner in the same form it was received when removed from the registered tow truck operator's premises; and

(vi) A statement that the person knowingly agrees to become the bailee for the motorcycle or moped.

(d) The declaration form under (c) of this subsection must be signed under penalty of perjury.

(2) The registered tow truck operator may refuse an offer to redeem under this section for good cause, which includes, but is not limited to, competing applications for redemption from persons identified under RCW 46.55.120(1)(a) or the person applying to be the bailee has been convicted of a crime of dishonesty or theft. This section does not require a registered tow truck operator to investigate or otherwise determine the criminal history or the honesty of the bailee.

(3) Any registered tow truck operator acting in good faith in compliance with this section that releases a motorcycle or moped to bailment in accordance with the requirements of this section is immune from civil liability arising out of the bailment unless the tow truck operator's act or omission constitutes gross negligence or willful or wanton misconduct.

(4) In addition to any remedies provided by common law for bailments, a person who becomes the bailee of a motorcycle or moped under this section and fails to return the motorcycle or moped to the registered or legal owner may be charged with possession of a stolen vehicle under RCW 9A.56.068.

(5) The department must create a declaration form to be completed by individuals that identifies the required information in subsection (1)(b) and (c) of this section. The department must post the form on its web site, and the form must be able to be downloaded from the department's web site. [2017 c 152 § 4.]

46.55.130 Notice requirements—Public auction—Accumulation of storage charges. (1) If, after the expiration of fifteen days from the date of mailing of notice of custody and sale required in RCW 46.55.110(3) to the registered and legal owners, the vehicle remains unclaimed and has not been listed as a stolen vehicle, a suspended license impound has been directed but no commercially reasonable tender has been paid under RCW 46.55.120, or a person eligible to redeem under RCW 46.55.120(1)(a)(viii) has not come forth providing information that the registered or legal owner of a motorcycle or moped is an admitted patient in a hospital, the registered tow truck operator having custody of the vehicle shall conduct a sale of the vehicle at public auction after having first published a notice of the date, place, and time of the auction, and a method to contact the tow truck operator conducting the auction such as a telephone number, email address, or web site, in a newspaper of general circulation in the county in which the vehicle is located not less than three days and no more than ten days before the date of the auction. For the purposes of this section, a newspaper of general circulation may be a commercial, widely circulated, free, classified advertisement circular not affiliated with the registered tow truck operator and the notice may be listed in a classification delineating "auctions" or similar language designed to attract potential bidders to the auction. The notice shall contain a notification that a public viewing period will be available before the auction and the length of the viewing period. The auction shall be held during daylight hours of a normal business day. The viewing period must be one hour if twenty-five or fewer vehicles are to be auctioned, two hours if more than twenty-five and fewer than fifty vehicles are to be auctioned, and three hours if fifty or more vehicles are to be auctioned. If the registered tow truck operator is notified that the registered or legal owner of the moped or motorcycle is an admitted patient in the hospital as evidenced by a declaration on a form authorized by the department, the registered tow truck operator may delay the auction of the moped or motorcycle for a reasonable time in a good faith effort to provide additional time for the redemption of the vehicle.

(2) The following procedures are required in any public auction of such abandoned vehicles:

(a) The auction shall be held in such a manner that all persons present are given an equal time and opportunity to bid;

(b) All bidders must be present at the time of auction unless they have submitted to the registered tow truck opera-

tor, who may or may not choose to use the preauction bid method, a written bid on a specific vehicle. Written bids may be submitted up to five days before the auction and shall clearly state which vehicle is being bid upon, the amount of the bid, and who is submitting the bid;

(c) The open bid process, including all written bids, shall be used so that everyone knows the dollar value that must be exceeded;

(d) The highest two bids received shall be recorded in written form and shall include the name, address, and telephone number of each such bidder;

(e) In case the high bidder defaults, the next bidder has the right to purchase the vehicle for the amount of his or her bid;

(f) The successful bidder shall apply for title within fifteen days;

(g) The registered tow truck operator shall post a copy of the auction procedure at the bidding site. If the bidding site is different from the licensed office location, the operator shall post a clearly visible sign at the office location that describes in detail where the auction will be held. At the bidding site a copy of the newspaper advertisement that lists the vehicles for sale shall be posted;

(h) All surplus moneys derived from the auction after satisfaction of the registered tow truck operator's lien shall be remitted within thirty days to the department for deposit in the state motor vehicle fund. A report identifying the vehicles resulting in any surplus shall accompany the remitted funds. If the director subsequently receives a valid claim from the registered vehicle owner of record as determined by the department within one year from the date of the auction, the surplus moneys shall be remitted to such owner;

(i) If an operator receives no bid, or if the operator is the successful bidder at auction, the operator shall, within forty-five days, sell the vehicle to a licensed vehicle wrecker, hulk hauler, or scrap processor by use of the abandoned vehicle report-affidavit of sale, or the operator shall apply for title to the vehicle.

(3) A tow truck operator may refuse to accept a bid at an abandoned vehicle auction under this section for any reason in the operator's posted operating procedures and for any of the following reasons: (a) The bidder is currently indebted to the operator; (b) the operator has knowledge that the bidder has previously abandoned vehicles purchased at auction; or (c) the bidder has purchased, at auction, more than four vehicles in the last calendar year without obtaining title to any or all of the vehicles. In no case may an operator hold a vehicle for longer than ninety days without holding an auction on the vehicle, except for vehicles that are under a police or judicial hold.

(4)(a) The accumulation of storage charges applied to the lien at auction under RCW 46.55.140 may not exceed fifteen additional days from the date of receipt of the information by the operator from the department as provided by RCW 46.55.110(3) plus the storage charges accumulated prior to the receipt of the information. However, vehicles redeemed pursuant to RCW 46.55.120 prior to their sale at auction are subject to payment of all accumulated storage charges from the time of impoundment up to the time of redemption.

(b) The failure of the registered tow truck operator to comply with the time limits provided in this chapter limits the accumulation of storage charges to five days except where delay is unavoidable. Providing incorrect or incomplete identifying information to the department in the abandoned vehicle report shall be considered a failure to comply with these time limits if correct information is available. However, storage charges begin to accrue again on the date the correct and complete information is provided to the department by the registered tow truck operator. 46.55.140 Operator's lien, deficiency claim, liability. (1) A registered tow truck operator who has a valid and signed impoundment authorization has a lien upon the impounded vehicle for services provided in the towing and storage of the vehicle, unless the impoundment is determined to have been invalid. The lien does not apply to personal property in or upon the vehicle that is not permanently attached to or is not an integral part of the vehicle except for items of personal property registered or titled with the department. The registered tow truck operator also has a deficiency claim against the registered owner of the vehicle for services provided in the towing and storage of the vehicle not to exceed the sum of five hundred dollars after deduction of the amount bid at auction, and for vehicles of over ten thousand pounds gross vehicle weight, the operator has a deficiency claim of one thousand dollars after deduction of the amount bid at auction, unless the impound is determined to be invalid. The limitation on towing and storage deficiency claims does not apply to an impound directed by a law enforcement officer. In no case may the cost of the auction or a buyer's fee be added to the amount charged for the vehicle at the auction, the vehicle's lien, or the overage due. A registered owner who has completed and filed with the department the report of sale as provided for in RCW 46.12.650 and has timely and properly filed the report of sale is relieved of liability under this section. The person named as the new owner of the vehicle on the timely and properly filed report of sale shall assume liability under this section.

(2) Any person who tows, removes, or otherwise disturbs any vehicle parked, stalled, or otherwise left on privately owned or controlled property, and any person owning or controlling the private property, or either of them, are liable to the owner or operator of a vehicle, or each of them, for consequential and incidental damages arising from any interference with the ownership or use of the vehicle which does not comply with the requirements of this chapter. RECORDS, INSPECTIONS, AND ENFORCEMENT

46.55.150 Vehicle transaction file. (1) The registered tow truck operator shall keep a transaction file on each vehicle, which shall be kept for a minimum of three years. The transaction file shall contain as a minimum those of the fol-

lowing items that are required at the time the vehicle is redeemed or becomes abandoned and is sold at a public auction:

(a) A signed impoundment authorization as required by RCW 46.55.080;

(b) A record of the twenty-four hour written impound notice to a law enforcement agency;

(c) A copy of the impoundment notification to registered and legal owners, sent within twenty-four hours of impoundment, that advises the owners of the address of the impounding firm, a twenty-four hour telephone number, and the name of the person or agency under whose authority the vehicle was impounded;

(d) A copy of the abandoned vehicle report that was sent to and returned by the department;

(e) A copy and proof of mailing of the notice of custody and sale sent by the registered tow truck operator to the owners advising them they have fifteen days to redeem the vehicle before it is sold at public auction;

(f) A copy of the published notice of public auction;

(g) A copy of the affidavit of sale showing the sales date, purchaser, amount of the lien, and sale price;

(h) A record of the two highest bid offers on the vehicle, with the names, addresses, and telephone numbers of the two bidders;

(i) A copy of the notice of opportunity for hearing given to those who redeem vehicles;

(j) An itemized invoice of charges against the vehicle; and

(k) Documentation of a bailment in accordance with RCW 46.55.125, if applicable.

(2)(a) The transaction file kept under subsection (1) of this section may be created and stored electronically. If the tow truck operator elects to store records electronically, the method of electronic records storage shall utilize software developed for that business purpose. This method of storage may include the use of cloud storage or another acceptable method that makes storage, retrieval, and access to the records reliable and available during normal business hours for audit or inspection by the department of licensing, the Washington state patrol, or any law enforcement agency with jurisdiction.

(b) Any electronic record created for each tow transaction must be maintained in an electronic folder labeled with the date the towing service was performed. The electronic folders must be maintained in chronological order. [2017 c 152 § 3; 2017 c 50 § 1; 1989 c 111 § 14; 1987 c 311 § 15; 1985 c 377 § 15.]

Reviser's note: This section was amended by 2017 c 50 § 1 and by 2017 c 152 § 3, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

(2) The law enforcement officer or department representative shall provide information on the vehicle's registered and legal owner to the landowner.

(3) Upon receiving information on the vehicle's registered and legal owner, the landowner shall mail a notice to the registered and legal owners shown on the records of the department. The notification shall describe the redemption procedure and the right to arrange for the removal of the vehicle.

LOCAL REGULATION

46.55.240 Local ordinances—Requirements. (1) A city, town, or county that adopts an ordinance or resolution concerning unauthorized, abandoned, or impounded vehicles shall include the applicable provisions of this chapter.

(a) A city, town, or county may, by ordinance, authorize other impound situations that may arise locally upon the public right-of-way or other publicly owned or controlled property.

(b) A city, town, or county ordinance shall contain language that establishes a written form of authorization to impound, which may include a law enforcement notice of infraction or citation, clearly denoting the agency's authorization to impound.

(c) A city, town, or county may, by ordinance, provide for release of an impounded vehicle by means of a promissory note in lieu of immediate payment, if at the time of redemption the legal or registered owner requests a hearing on the validity of the impoundment. If the municipal ordinance directs the release of an impounded vehicle before the payment of the impoundment charges, the municipality is responsible for the payment of those charges to the registered tow truck operator within thirty days of the hearing date.

(d) The hearing specified in RCW 46.55.120(2) and in this section may be conducted by an administrative hearings officer instead of in the district court. A decision made by an

administrative hearing officer may be appealed to the district court for final judgment.

(2) A city, town, or county may adopt an ordinance establishing procedures for the abatement and removal as public nuisances of junk vehicles or parts thereof from private property. Costs of removal may be assessed against the registered owner of the vehicle if the identity of the owner can be determined, unless the owner in the transfer of ownership of the vehicle has complied with RCW 46.12.650, or the costs may be assessed against the owner of the property on which the vehicle is stored. A city, town, or county may also provide for the payment to the tow truck operator or wrecker as a part of a neighborhood revitalization program.

(3) Ordinances pertaining to public nuisances shall contain:

(a) A provision requiring notice to the last registered owner of record and the property owner of record that a hearing may be requested and that if no hearing is requested, the vehicle will be removed;

(b) A provision requiring that if a request for a hearing is received, a notice giving the time, location, and date of the hearing on the question of abatement and removal of the vehicle or part thereof as a public nuisance shall be mailed, by certified mail, with a five-day return receipt requested, to the owner of the land as shown on the last equalized assessment roll and to the last registered and legal owner of record unless the vehicle is in such condition that identification numbers are not available to determine ownership;

(c) A provision that the ordinance shall not apply to (i) a vehicle or part thereof that is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property or (ii) a vehicle or part thereof that is stored or parked in a lawful manner on private property in connection with the business of a licensed dismantler or licensed vehicle dealer and is fenced according to RCW 46.80.130;

(d) A provision that the owner of the land on which the vehicle is located may appear in person at the hearing or present a written statement in time for consideration at the hearing, and deny responsibility for the presence of the vehicle on the land, with his or her reasons for the denial. If it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and that he or she has not subsequently acquiesced in its presence, then the local agency shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect the cost from the owner;

(e) A provision that after notice has been given of the intent of the city, town, or county to dispose of the vehicle and after a hearing, if requested, has been held, the vehicle or part thereof shall be removed at the request of a law enforcement officer with notice to the Washington state patrol and the department of licensing that the vehicle has been wrecked. The city, town, or county may operate such a disposal site when its governing body determines that commercial channels of disposition are not available or are inadequate, and it may make final disposition of such vehicles or parts, or may transfer such vehicle or parts to another governmental body provided such disposal shall be only as scrap.

(4) A registered disposer under contract to a city or county for the impounding of vehicles shall comply with any administrative regulations adopted by the city or county on the handling and disposing of vehicles. [2010 c 161 § 1122; 2010 c 8 § 9064; 1994 c 176 § 2; 1991 c 292 § 3; 1989 c 111 § 17; 1987 c 311 § 20; 1985 c 377 § 24.]

Reviser's note: This section was amended by 2010 c 8 § 9064 and by 2010 c 161 § 1122, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

IMPOUNDMENT AFTER ARREST FOR DRIVING UNDER THE INFLUENCE

46.55.360 Impoundment, when required—Law enforcement powers, duties, and liability immunity—Redemption, when, by whom—Operator liability immunity—Definition. (1)(a) When a driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504 and the officer directs the impoundment of the vehicle under RCW 46.55.113(2)(e), the vehicle must be impounded and retained under the process outlined in this section. With the exception of the twelve-hour hold mandated under this section, the procedures for notice, redemption, storage, auction, and sale shall remain the same as for other impounded vehicles under this chapter.

(b) If the police officer directing that a vehicle be impounded under RCW 46.55.113(2)(e) has:

(i) Waited thirty minutes after the police officer contacted the police dispatcher requesting a registered tow truck operator and the tow truck responding has not arrived, or

(ii) If the police officer is presented with exigent circumstances such as being called to another incident or due to limited available resources being required to return to patrol,

the police officer may place the completed impound order and inventory inside the vehicle and secure the vehicle by closing the windows and locking the doors before leaving.

(c) If a police officer has secured the vehicle and left it pursuant to (b) of this subsection, the police officer and the government or agency employing the police officer shall not be liable for any damages to or theft of the vehicle or its contents that occur between the time the officer leaves and the time that the registered tow truck operator takes custody of the vehicle, or for the actions of any person who takes or removes the vehicle before the registered tow truck operator arrives.

(2)(a) When a vehicle is impounded under RCW 46.55.113(2)(e) and the driver is a registered owner of the vehicle, the impounded vehicle may not be redeemed within

a twelve-hour period following the time the impounded vehicle arrives at the registered tow truck operator's storage facility as noted in the registered tow truck operator's master log, unless there are two or more registered owners of the vehicle or there is a legal owner of the vehicle that is not the driver of the vehicle. A registered owner who is not the driver of the vehicle or a legal owner who is not the driver of the vehicle may redeem the impounded vehicle after it arrives at the registered tow truck operator's storage facility as noted in the registered tow truck operator's master log.

(b) When a vehicle is impounded under RCW 46.55.113(2)(e) and the driver is a registered owner of the vehicle, the police officer directing the impound shall notify the driver that the impounded vehicle may not be redeemed within a twelve-hour period following the time the impounded vehicle arrives at the registered tow truck operator's storage facility as noted in the registered tow truck operator's master log, unless there are two or more registered owners or there is a legal owner who is not the driver of the vehicle. The police officer directing the impound shall notify the driver that the impounded vehicle may be redeemed by either a registered owner or legal owner, who is not the driver of the vehicle, after the impounded vehicle arrives at the registered tow truck operator's storage facility as noted in the registered tow truck operator's master log.

(3)(a) When a vehicle is impounded under RCW 46.55.113(2)(e) and the driver is not a registered owner of the vehicle, the impounded vehicle may be redeemed by a registered owner or legal owner, who is not the driver of the vehicle, after the impounded vehicle arrives at the registered tow truck operator's storage facility as noted in the registered tow truck operator's master log.

(b) When a vehicle is impounded under RCW 46.55.113(2)(e) and the driver is not a registered owner of the vehicle, the police officer directing the impound shall notify the driver that the impounded vehicle may be redeemed by a registered owner or legal owner, who is not the driver of the vehicle, after the impounded vehicle arrives at the registered tow truck operator's storage facility as noted in the registered tow truck operator's master log.

(c) If the vehicle is a commercial vehicle or farm transport vehicle and the driver of the vehicle is not the owner of the vehicle, prior to determining that no reasonable alternatives to impound exist and directing impoundment of the vehicle under RCW 46.55.113(2)(e), the police officer must have attempted in a reasonable and timely manner to contact the owner, and release the vehicle to the owner if the owner was reasonably available and not under the influence of alcohol or any drug.

(d) The registered tow truck operator shall notify the agency that ordered that the vehicle be impounded when the vehicle arrives at the registered tow truck operator's storage facility and has been entered into the master log starting the twelve-hour period.

(4) A registered tow truck operator that releases an impounded vehicle pursuant to the requirements stated in this section is not liable for injuries or damages sustained by the operator of the vehicle or sustained by third parties that may result from the vehicle driver's intoxicated state.

(5) For purposes of this section "farm transport vehicle" means a motor vehicle owned by a farmer and that is being actively used in the transportation of the farmer's or another farmer's farm, orchard, aquatic farm, or dairy products, including livestock and plant or animal wastes, from point of production to market or disposal, or supplies or commodities to be used on the farm, orchard, aquatic farm, or dairy, and that has a gross vehicle weight rating of 7,258 kilograms (16,001 pounds) or more. [2020 c 117 § 3; 2011 c 167 § 3.]

Reviser's note: As to the constitutionality of this section, see *State v. Villela*, No. 96183-2 (October 17, 2019).

Finding—Intent—2020 c 117: See note following RCW 46.55.113.

Short title—2011 c 167: "This act shall be known and cited as Hailey's Law." [2011 c 167 § 1.]

46.55.370 Law enforcement liability immunity—Reasonable suspicion. If an impoundment arising from an alleged violation of RCW 46.61.502 or 46.61.504 is determined to be in violation of this chapter, then the police officer directing the impoundment and the government employing the officer are not liable for damages for loss of use of the vehicle if the officer had reasonable suspicion to believe that the driver of the vehicle was driving while under the influence of intoxicating liquor or any drug, or was in physical control of a vehicle while under the influence of intoxicating liquor or any drug. [2011 c 167 § 4.]

ABANDONED RECREATIONAL VEHICLES

46.55.400 Transporting abandoned recreational vehicles—Record of delivery—Report—Liability. (1) A registered tow truck operator may transport an abandoned recreational vehicle under RCW 46.53.010 without being licensed as a hulk hauler. The transport of an abandoned recreational vehicle by a registered tow truck operator under this chapter must be completed by utilizing a reasonable, direct, and safe route on the date of transport.

(2) A registered tow truck operator must provide a written record of the delivery to a licensed dismantler or authorized disposal site for each abandoned recreational vehicle by use of an abandoned vehicle report or junk vehicle affidavit to be sent to the department. A copy of the report must be maintained in the vehicle transaction file. Completion of the report relieves the registered tow truck operator from any civil or criminal liability for the disposal of a properly processed abandoned recreational vehicle. [2018 c 287 § 2.]

Findings—2018 c 287: "The legislature finds that:

(1) Registered tow truck operators have continuing problems involving the disposal of recreational vehicles that have been impounded and abandoned pursuant to chapter 46.55 RCW;

(2) Traditional methods of disposal are no longer adequate to meet the increasing problem of abandoned recreational vehicles in Washington state;

(3) Abandoned recreational vehicles continue to be a hazard to the health and safety of citizens, business owners, and the environment; and

(4) Adequate funding is necessary to resolve the problem of abandoned recreational vehicles in a manner that is environmentally friendly and economically sound so that registered tow truck operators may be successful in their duties of public impounding, transporting, and storing unauthorized vehicles." [2018 c 287 § 1.]

Implementation—2018 c 287: "The director of licensing may take necessary steps to ensure that this act is implemented on its effective date." [2018 c 287 § 10.]

Effective date—2018 c 287: "This act takes effect May 1, 2019." [2018 c 287 § 12.]

MISCELLANEOUS

46.55.901 Headings not part of law—1985 c 377. Headings and captions used in this act are not any part of the law. [1985 c 377 § 27.]

46.55.910 Chapter not applicable to certain activities of department of transportation. This chapter does not apply to the state department of transportation to the extent that it may remove vehicles that are traffic hazards from bridges and the mountain passes without prior authorization. If such a vehicle is removed, the department shall immediately notify the appropriate local law enforcement agency, and the vehicle shall be processed in accordance with RCW 46.55.110. 46.61.055 Traffic control signal legend. Whenever traffic is controlled by traffic control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word or legend, and said lights shall indicate and apply to drivers of vehicles, pedestrians, and personal delivery devices, as follows:

(1) Green indication

(a) Vehicle operators facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. Vehicle operators turning right or left shall stop to allow other vehicles lawfully within the intersection control area to complete their movements. Vehicle operators turning right or left shall also stop for pedestrians who or personal delivery devices that are lawfully within the intersection control area as required by RCW 46.61.235(1).

(b) Vehicle operators facing a green arrow signal, shown alone or in combination with another indication, may enter the intersection control area only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Vehicle operators shall stop to allow other vehicles lawfully within the intersection control area to complete their movements. Vehicle operators shall also stop for pedestrians who or personal delivery devices that are lawfully within the intersection control area as required by RCW 46.61.235(1).

(c) Unless otherwise directed by a pedestrian control signal, as provided in RCW 46.61.060 as now or hereafter amended, pedestrians or personal delivery devices facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(2) Steady yellow indication

(a) Vehicle operators facing a steady circular yellow or yellow arrow signal are thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection. Vehicle operators shall stop for pedestrians who or personal delivery devices that are lawfully within the intersection control area as required by RCW 46.61.235(1).

(b) Pedestrians or personal delivery devices facing a steady circular yellow or yellow arrow signal, unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 shall not enter the roadway.

(3) Steady red indication

(a) Vehicle operators facing a steady circular red signal alone shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection control area and shall remain standing until an indication to proceed is shown. However, the vehicle operators facing a steady circular red signal may, after stopping proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way or two-way street into

a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement. Vehicle operators planning to make such turns shall remain stopped to allow other vehicles lawfully within or approaching the intersection control area to complete their movements. Vehicle operators planning to make such turns shall also remain stopped for pedestrians who or personal delivery devices that are lawfully within the intersection control area as required by RCW 46.61.235(1).

(b) Unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 as now or hereafter amended, pedestrians or personal delivery devices facing a steady circular red signal alone shall not enter the roadway.

(c) Vehicle operators facing a steady red arrow indication may not enter the intersection control area to make the movement indicated by such arrow, and unless entering the intersection control area to make such other movement as is permitted by other indications shown at the same time, shall stop at a clearly marked stop line, but if none, before entering a crosswalk on the near side of the intersection control area, or if none, then before entering the intersection control area and shall remain standing until an indication to make the movement indicated by such arrow is shown. However, the vehicle operators facing a steady red arrow indication may, after stopping proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way street or two-way street into a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement. Vehicle operators planning to make such turns shall remain stopped to allow other vehicles lawfully within or approaching the intersection control area to complete their movements. Vehicle operators planning to make such turns shall also remain stopped for pedestrians who or personal delivery devices that are lawfully within the intersection control area as required by RCW 46.61.235(1).

(d) Unless otherwise directed by a pedestrian signal, pedestrians or personal delivery devices facing a steady red arrow signal indication shall not enter the roadway.

(4) If an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal. [2019 c 214 § 10; 1993 c 153 § 2; 1990 c 241 § 2; 1975 c 62 § 19; 1965 ex.s. c 155 § 8.]

Vehicle operators shall stop for pedestrians who or personal delivery devices that are lawfully moving within the intersection control area on such signal as required by RCW 46.61.235(1).

(2) Steady or flashing DON'T WALK or hand symbol—Pedestrians or personal delivery devices facing such signal shall not enter the roadway. Vehicle operators shall stop for pedestrians who or personal delivery devices that have begun to cross the roadway before the display of either signal as required by RCW 46.61.235(1).

(3) Pedestrian control signals having the "Wait" legend in use on August 6, 1965, shall be deemed authorized signals and shall indicate the same as the "Don't Walk" legend. Whenever such pedestrian control signals are replaced the legend "Wait" shall be replaced by the legend "Don't Walk" or the hand symbol. [2019 c 214 § 11; 1993 c 153 § 3; 1990 c 241 § 3; 1975 c 62 § 20; 1965 ex.s. c 155 § 9.]

[1965 ex.s. c 155 § 11.]

46.61.072 Special traffic control signals—Legend. Whenever special traffic control signals exhibit a downward green arrow, a yellow X, or a red X indication, such signal indication shall have the following meaning:

(1) A steady downward green arrow means that a driver is permitted to drive in the lane over which the arrow signal is located.

(2) A steady yellow X or flashing red X means that a driver should prepare to vacate, in a safe manner, the lane over which the signal is located because a lane control change is being made, and to avoid occupying that lane when a steady red X is displayed.

(3) A flashing yellow X means that a driver is permitted to use a lane over which the signal is located for a left turn, using proper caution.

(4) A steady red X means that a driver shall not drive in the lane over which the signal is located, and that this indication shall modify accordingly the meaning of all other traffic controls present. The driver shall obey all other traffic controls and follow normal safe driving practices. [1975 c 62 § 49.]

(a) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

(c) Upon a roadway divided into three marked lanes and providing for two-way movement traffic under the rules applicable thereon;

(d) Upon a street or highway restricted to one-way traffic; or

(e) Upon a highway having three lanes or less, when approaching the following vehicles in the manner described under *RCW 46.61.212(1)(d)(ii): (i) A stationary authorized emergency vehicle; (ii) a tow truck or other vehicle providing roadside assistance while operating warning lights with three hundred sixty degree visibility; (iii) a police vehicle; or (iv) a stationary or slow moving highway construction vehicle, highway maintenance vehicle, solid waste vehicle, or utility service vehicle that meets the lighting requirements identified in RCW 46.61.212(1).

(3) No vehicle towing a trailer or no vehicle or combination over ten thousand pounds may be driven in the left-hand lane of a limited access roadway having three or more lanes for traffic moving in one direction except when preparing for a left turn at an intersection, exit, or into a private road or driveway when a left turn is legally permitted. This subsection does not apply to a vehicle using a high occupancy vehicle lane. A high occupancy vehicle lane is not considered the left-hand lane of a roadway. The department of transportation, in consultation with the Washington state patrol, shall adopt rules specifying (a) those circumstances where it is permissible for other vehicles to use the left lane in case of emergency or to facilitate the orderly flow of traffic, and (b) those segments of limited access roadway to be exempt from this subsection due to the operational characteristics of the roadway.

(4) It is a traffic infraction to drive continuously in the left lane of a multilane roadway when it impedes the flow of other traffic.

(5) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, a vehicle shall not be driven to the left of the center line of the roadway except when authorized by official traffic control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permit-

ted to use such lanes, or except as permitted under subsection (1)(b) of this section. However, this subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway. Legislative intent—1986 c 93: "It is the intent of the legislature, in this 1985 [1986] amendment of RCW 46.61.100, that the left-hand lane on any state highway with two or more lanes in the same direction be used primarily as a passing lane." [1986 c 93 § 1.]

46.61.105 Passing vehicles proceeding in opposite directions. Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one line of traffic in each direction each driver shall give to the other at least one-half of the main-traveled portion of the roadway as nearly as possible. 46.61.110 Overtaking on the left—Fine. The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction:

(1)(a) The driver of a vehicle overtaking other traffic proceeding in the same direction shall pass to the left of it at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken traffic.

(b)(i) When the vehicle being overtaken is a motorcycle, motor-driven cycle, or moped, a driver of a motor vehicle found to be in violation of (a) of this subsection must be assessed an additional fine equal to the base penalty assessed under RCW 46.63.110(3). This fine may not be waived, reduced, or suspended, unless the court finds the offender to be indigent, and is not subject to the additional fees and assessments that the base penalty for this violation is subject to under RCW 2.68.040, 3.62.090, and 46.63.110.

(ii) The additional fine imposed under (b)(i) of this subsection must be deposited into the vulnerable roadway user education account created in RCW 46.61.145.

(2)(a) The driver of a vehicle approaching an individual who is traveling as a pedestrian or on a bicycle, riding an animal, or using a farm tractor or implement of husbandry without an enclosed shell, and who is traveling in the right lane of a roadway or on the right-hand shoulder or bicycle lane of the roadway, shall:

(i) On a roadway with two lanes or more for traffic moving in the direction of travel, before passing and until safely clear of the individual, move completely into a lane to the left of the right lane when it is safe to do so;

(ii) On a roadway with only one lane for traffic moving in the direction of travel:

(A) When there is sufficient room to the left of the individual in the lane for traffic moving in the direction of travel, before passing and until safely clear of the individual:

(I) Reduce speed to a safe speed for passing relative to the speed of the individual; and

(II) Pass at a safe distance, where practicable of at least three feet, to clearly avoid coming into contact with the individual or the individual's vehicle or animal; or

(B) When there is insufficient room to the left of the individual in the lane for traffic moving in the direction of travel to comply with (a)(ii)(A) of this subsection, before passing and until safely clear of the individual, move completely into the lane for traffic moving in the opposite direction when it is safe to do so and in compliance with RCW 46.61.120 and 46.61.125.

(b) A driver of a motor vehicle found to be in violation of this subsection (2) must be assessed an additional fine equal to the base penalty assessed under RCW 46.63.110(3). This fine may not be waived, reduced, or suspended, unless the court finds the offender to be indigent, and is not subject to the additional fees and assessments that the base penalty for this violation is subject to under RCW 2.68.040, 3.62.090, and 46.63.110.

(c) The additional fine imposed under (b) of this subsection must be deposited into the vulnerable roadway user education account created in RCW 46.61.145.

(d) For the purposes of this section, "vulnerable user of a public way" has the same meaning as provided in RCW 46.61.526(11)(c).

(3) Except when overtaking and passing on the right is permitted, overtaken traffic shall give way to the right in favor of an overtaking vehicle on audible signal and shall not increase speed until completely passed by the overtaking vehicle. 46.61.115 When overtaking on the right is permitted. (1) The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

(a) When the vehicle overtaken is making or about to make a left turn;

(b) Upon a roadway with unobstructed pavement of sufficient width for two or more lines of vehicles moving lawfully in the direction being traveled by the overtaking vehicle.

(2) The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. Such movement shall not be made by driving off the roadway. [1975 c 62 § 23; 1965 ex.s. c 155 § 18.]

46.61.120 Limitations on overtaking on the left. No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing other traffic proceeding in the same direction unless authorized by the provisions of RCW 46.61.100 through 46.61.160 and 46.61.212 and unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the operation of any traffic approaching from the opposite direc-

tion or any traffic overtaken. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable and in the event the passing movement involves the use of a lane authorized for vehicles approaching from the opposite direction, before coming within two hundred feet of any approaching traffic. [2007 c 83 § 3; 2005 c 396 § 2; 1965 ex.s. c 155 § 19.]

Rules of court: *Monetary penalty schedule—IRLJ 6.2.*

46.61.125 Further limitations on driving to left of center of roadway. (1) No vehicle shall be driven on the left side of the roadway under the following conditions:

(a) When approaching or upon the crest of a grade or a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event other traffic might approach from the opposite direction;

(b) When approaching within one hundred feet of or traversing any intersection or railroad grade crossing;

(c) When the view is obstructed upon approaching within one hundred feet of any bridge, viaduct or tunnel;

(d) When a bicycle or pedestrian is within view of the driver and is approaching from the opposite direction, or is present, in the roadway, shoulder, or bicycle lane within a distance unsafe to the bicyclist or pedestrian due to the width or condition of the roadway, shoulder, or bicycle lane.

(2) The foregoing limitations shall not apply upon a one-way roadway, nor under the conditions described in RCW 46.61.100(1)(b), nor to the driver of a vehicle turning left into or from an alley, private road or driveway. [2005 c 396 § 3; 1972 ex.s. c 33 § 2; 1965 ex.s. c 155 § 20.]

46.61.126 Pedestrians and bicyclists—Legal duties. Nothing in RCW 46.61.110, 46.61.120, or 46.61.125 relieves pedestrians and bicyclists of their legal duties while traveling on public highways. [2005 c 396 § 4.]

46.61.130 No-passing zones. (1) The state department of transportation and the local authorities are authorized to determine those portions of any highway under their respective jurisdictions where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of such zones. When such signs or markings are in place and clearly visible to an ordinarily observant person every driver of a vehicle shall obey the directions thereof.

(2) Where signs or markings are in place to define a no-passing zone as set forth in subsection (1) of this section, no driver may at any time drive on the left side of the roadway within the no-passing zone or on the left side of any pavement striping designed to mark the no-passing zone throughout its length.

(3) This section does not apply under the conditions described in RCW 46.61.100(1)(b), nor to the driver of a vehicle turning left into or from an alley, private road, or driveway. [1984 c 7 § 63; 1972 ex.s. c 33 § 3; 1965 ex.s. c 155 § 21.]

Rules of court: *Monetary penalty schedule—IRLJ 6.2.*

46.61.135 One-way roadways and rotary traffic islands. (1) The state department of transportation and the local authorities with respect to highways under their respective jurisdictions may designate any highway, roadway, part of a roadway, or specific lanes upon which vehicular traffic shall proceed in one direction at all or such times as shall be indicated by official traffic control devices.

(2) Upon a roadway so designated for one-way traffic, a vehicle shall be driven only in the direction designated at all or such times as shall be indicated by official traffic control devices.

(3) A vehicle passing around a rotary traffic island shall be driven only to the right of such island. [1984 c 7 § 64; 1975 c 62 § 24; 1965 ex.s. c 155 § 22.]

46.61.140 Driving on roadways laned for traffic. Whenever any roadway has been divided into two or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

(1) A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

(2) Upon a roadway which is divided into three lanes and provides for two-way movement of traffic, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle traveling in the same direction when such center lane is clear of traffic within a safe distance, or in preparation for making a left turn or where such center lane is at the time allocated exclusively to traffic moving in the same direction that the vehicle is proceeding and such allocation is designated by official traffic-control devices.

(3) Official traffic-control devices may be erected directing slow moving or other specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway and drivers of vehicles shall obey the directions of every such device.

(4) Official traffic-control devices may be installed prohibiting the changing of lanes on sections of roadway and drivers of vehicles shall obey the directions of every such device.

(5) Pursuant to subsection (1) of this section, the operator of a commercial motor vehicle as defined in RCW 46.25.010 may, with due regard for all other traffic, deviate from the lane in which the operator is driving to the extent necessary to approach and drive through a circular intersection. [2020 c 199 § 2; 1965 ex.s. c 155 § 23.]

46.61.145 Following too closely—Vulnerable users of a public way—Fine. (1) The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

(2) The driver of any motor truck or motor vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district and which is following another motor truck or motor vehicle drawing another vehicle

shall, whenever conditions permit, leave sufficient space so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing any like vehicle or other vehicle.

(3) Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy such space without danger. This provision shall not apply to funeral processions.

(4)(a) When the vehicle being followed is a vulnerable user of a public way, a driver of a motor vehicle found to be in violation of this section must be assessed an additional fine equal to the base penalty assessed under RCW 46.63.110(3). This fine may not be waived, reduced, or suspended, unless the court finds the offender to be indigent, and is not subject to the additional fees and assessments that the base penalty for this violation is subject to under RCW 2.68.040, 3.62.090, and 46.63.110.

(b) For the purposes of this section, "vulnerable user of a public way" has the same meaning as provided in RCW 46.61.526(11)(c).

(5) The additional fine imposed under subsection (4) of this section must be deposited into the vulnerable roadway user education account created in subsection (6) of this section.

(6) The vulnerable roadway user education account is created in the state treasury. All receipts from the additional fine in subsection (4) of this section must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only by the Washington traffic safety commission solely to:

(a) Support programs dedicated to increasing awareness by law enforcement officers, prosecutors, and judges of opportunities for the enforcement of traffic infractions and offenses committed against vulnerable roadway users; and

(b) With any funds remaining once the program support specified in (a) of this subsection has been provided, support programs dedicated to increasing awareness by the public of the risks and penalties associated with traffic infractions and offenses committed against vulnerable roadway users. 46.61.150 Driving on divided highways. Whenever any highway has been divided into two or more roadways by leaving an intervening space or by a physical barrier or clearly indicated dividing section or by a median island not less than eighteen inches wide formed either by solid yellow pavement markings or by a yellow crosshatching between two solid yellow lines so installed as to control vehicular traffic, every vehicle shall be driven only upon the right-hand roadway unless directed or permitted to use another roadway by official traffic-control devices or police officers. No vehicle shall be driven over, across or within any such dividing space, barrier or section, or median island, except through an opening in such physical barrier or dividing section or space or median island, or at a crossover or intersection established by public authority. 46.61.160 Restrictions on limited access highway—Use by bicyclists. Bicyclists may use the right shoulder of limited access highways except where prohibited. The department of transportation may by order, and local authorities may by ordinance or resolution, with respect to any limited access highway under their respective jurisdictions prohibit the use of the shoulders of any such highway by bicycles within urban areas or upon other sections of the highway where such use is deemed to be unsafe.

The department of transportation or the local authority adopting any such prohibitory regulation shall erect and maintain official traffic control devices on the limited access roadway on which such regulations are applicable, and when so erected no person may disobey the restrictions stated on such devices. 46.61.165 High occupancy vehicle lanes—Monetary penalties for traffic infractions—Definition. (1) The state department of transportation and the local authorities are authorized to reserve all or any portion of any highway under their respective jurisdictions, including any designated lane or ramp, for the exclusive or preferential use of one or more of the following: (a) Public transportation vehicles; (b) motorcycles; (c) private motor vehicles carrying no fewer than a specified number of passengers; or (d) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway or will aid in the conservation of energy resources.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are authorized pursuant to subsection (1) of this section may not be authorized for the

use of private transportation provider vehicles as described under subsection (1) of this section.

(3) The state department of transportation and the local authorities authorized to reserve all or any portion of any highway under their respective jurisdictions, for exclusive or preferential use, may prohibit the use of a high occupancy vehicle lane by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, and marked or unmarked limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle lane fails to meet department of transportation standards and falls below forty-five miles per hour at least ninety percent of the time during the peak hours, as determined by the department of transportation or the local authority, whichever operates the facility.

(4) Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all times or at specified times of day or on specified days. Violation of a restriction of highway usage prescribed by the appropriate authority under this section is a traffic infraction. A person who commits a traffic infraction under this section is also subject to additional monetary penalties as defined in this subsection. The additional monetary penalties are separate from the base penalty, fees, and assessments issued for the traffic infraction and are intended to raise awareness, and improve the efficiency, of the high occupancy vehicle lane system.

(a) Whenever a person commits a traffic infraction under this section, an additional monetary penalty of fifty dollars must be collected, and, in the case that a person has already committed a violation under this section within two years of committing this violation, then an additional one hundred fifty dollars must be collected.

(b) Any time a person commits a traffic infraction under this section and is using a dummy, doll, or other human facsimile to make it appear that an additional person is in the vehicle, the person must be assessed a two hundred dollar penalty, which is in addition to the penalties in (a) of this subsection.

(c) The monetary penalties under (a) and (b) of this subsection are additional, separate, and distinct penalties from the base penalty and are not subject to fees or assessments specified in RCW 46.63.110, 3.62.090, and 2.68.040.

(d)(i) The additional penalties collected under (a) of this subsection must be distributed as follows:

(A) Twenty-five percent must be deposited into the congestion relief and traffic safety account created under RCW 46.68.398; and

(B) Seventy-five percent must be deposited into the motor vehicle fund created under RCW 46.68.070.

(ii) The additional penalty collected under (b) of this subsection must be deposited into the congestion relief and traffic safety account created under RCW 46.68.398.

(e) Violations committed under this section are excluded from eligibility as a moving violation for driver's license suspension under RCW 46.20.289 when a person subsequently fails to respond to a notice of traffic infraction for this moving violation, fails to appear at a requested hearing for this moving violation, violates a written promise to appear in court for a notice of infraction for this moving violation, or fails to comply with the terms of a notice of traffic infraction for this moving violation.

(5) Local authorities are encouraged to establish a process for private transportation providers, as described under subsections (1) and (3) of this section, to apply for the use of public transportation facilities reserved for the exclusive or preferential use of public transportation vehicles. The application and review processes should be uniform and should provide for an expeditious response by the local authority. Whenever practicable, local authorities should enter into agreements with such private transportation providers to allow for the reasonable use of these facilities.

(6) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department of transportation, and is offered by an employer for the benefit of its employees. [2019 c 467 § 3; 2013 c 26 § 2; 2011 c 379 § 1; 1999 c 206 § 1; 1998 c 245 § 90; 1991 sp.s. c 15 § 67; 1984 c 7 § 65; 1974 ex.s. c 133 § 2.]

Secs. 4321 through 4347) or in any other way conflicts with federal requirements that are a condition or part of the allocation of federal funds to the state or local facilities, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or local authorities." [2011 c 379 § 5.]

RIGHT-OF-WAY

46.61.180 Vehicle approaching intersection—Vulnerable users of a public way—Fine. (1) When two vehicles approach or enter an intersection from different highways at approximately the same time, the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.

(2) The right-of-way rule declared in subsection (1) of this section is modified at arterial highways and otherwise as stated in this chapter.

(3)(a) When the vehicle on the right approaching the intersection is a vulnerable user of a public way, a driver of a motor vehicle found to be in violation of this section must be assessed an additional fine equal to the base penalty assessed under RCW 46.63.110(3). This fine may not be waived, reduced, or suspended, unless the court finds the offender to be indigent, and is not subject to the additional fees and assessments that the base penalty for this violation is subject to under RCW 2.68.040, 3.62.090, and 46.63.110.

(b) For the purposes of this section, "vulnerable user of a public way" has the same meaning as provided in RCW 46.61.526(11)(c).

(4) The additional fine imposed under subsection (3) of this section must be deposited into the vulnerable roadway user education account created in RCW 46.61.145. [2019 c 403 § 5; 1975 c 62 § 26; 1965 ex.s. c 155 § 28.]

46.61.183 Nonfunctioning signal lights. Except when directed to proceed by a flagger, police officer, or firefighter, the driver of a vehicle approaching an intersection controlled by a traffic control signal that is temporarily without power on all approaches or is not displaying any green, red, or yellow indication to the approach the vehicle is on, shall consider the intersection to be an all-way stop. After stopping, the driver shall yield the right-of-way in accordance with RCW 46.61.180(1) and 46.61.185. [1999 c 200 § 1.]

46.61.184 Bicycle, moped, or street legal motorcycle at intersection with inoperative vehicle detection device. Notwithstanding any provision of law to the contrary, the operator of a bicycle, moped, or street legal motorcycle approaching an intersection, including a left turn intersection, that is controlled by a triggered traffic control signal using a vehicle detection device that is inoperative due to the size or composition of the bicycle, moped, or street legal motorcycle shall come to a full and complete stop at the intersection. If the traffic control signal, including the left turn signal, as appropriate, fails to operate after one cycle of the traffic signal, the operator may, after exercising due care, proceed directly through the intersection or proceed to turn left, as appropriate. It is not a defense to a violation of RCW 46.61.050 that the operator of a bicycle, moped, or motorcycle proceeded under the belief that a traffic control signal used a vehicle detection device or was inoperative due to the size or composition of the bicycle, moped, or motorcycle when the signal did not use a vehicle detection device or that any such device was not in fact inoperative due to the size or composition of the bicycle, moped, or motorcycle. For purposes of this section, "bicycle" includes a bicycle, as defined in RCW 46.04.071, and an electric-assisted bicycle, as defined in RCW 46.04.169. [2015 c 32 § 1; 2014 c 167 § 1.]

46.61.185 Vehicle turning left—Vulnerable users of a public way—Fine. (1) The driver of a vehicle intending to turn to the left within an intersection or into an alley, private road, or driveway shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard.

(2)(a) When the vehicle approaching from the opposite direction within the intersection or so close that it constitutes an immediate hazard is a vulnerable user of a public way, a driver of a motor vehicle found to be in violation of this section must be assessed an additional fine equal to the base penalty assessed under RCW 46.63.110(3). This fine may not be waived, reduced, or suspended, unless the court finds the offender to be indigent, and is not subject to the additional fees and assessments that the base penalty for this violation is subject to under RCW 2.68.040, 3.62.090, and 46.63.110.

(b) For the purposes of this section, "vulnerable user of a public way" has the same meaning as provided in RCW 46.61.526(11)(c).

(3) The additional fine imposed under subsection (2) of this section must be deposited into the vulnerable roadway user education account created in RCW 46.61.145. [2019 c 403 § 6; 1965 ex.s. c 155 § 29.]

(1) No person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. In every event speed shall be so controlled as may be necessary to avoid colliding with any person, vehicle or other conveyance on or entering the highway in compliance with legal requirements and the duty of all persons to use due care.

(2) Except when a special hazard exists that requires lower speed for compliance with subsection (1) of this section, the limits specified in this section or established as hereinafter authorized shall be maximum lawful speeds, and no person shall drive a vehicle on a highway at a speed in excess of such maximum limits.

(a) Twenty-five miles per hour on city and town streets;

(b) Fifty miles per hour on county roads;

(c) Sixty miles per hour on state highways.

The maximum speed limits set forth in this section may be altered as authorized in RCW 46.61.405, 46.61.410, and 46.61.415.

(3) The driver of every vehicle shall, consistent with the requirements of subsection (1) of this section, drive at an appropriate reduced speed when approaching and crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, and when special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions. 46.61.405 Decreases by secretary of transportation. Whenever the secretary of transportation shall determine upon the basis of an engineering and traffic investigation that any maximum speed hereinbefore set forth is greater than is reasonable or safe with respect to a state highway under the conditions found to exist at any intersection or upon any other part of the state highway system or at state ferry terminals, or that a general reduction of any maximum speed set forth in RCW 46.61.400 is necessary in order to comply with a national maximum speed limit, the secretary may determine and declare a reasonable and safe lower maximum limit or a lower maximum limit which will comply with a national maximum speed limit, for any state highway, the entire state highway system, or any portion thereof, which shall be effective when appropriate signs giving notice thereof are erected. The secretary may also fix and regulate the speed of vehicles on any state highway within the maximum speed limit allowed by this chapter for special occasions including, but not limited to, local parades and other special events. Any such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon the said signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective (a) [(1)] when posted upon appropriate fixed or variable signs or (b) [(2)] if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of RCW 46.61.410, as now or hereafter amended. reasonable and safe under the circumstances existing on such part of the highway.

(b) The greater maximum limit established under (a) of this subsection shall be effective when appropriate signs giving notice thereof are erected, or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

(c) Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon said signs or in the case of auto stages, as indicated in said written notice; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

(2) The maximum speed limit for vehicles over ten thousand pounds gross weight and vehicles in combination except auto stages shall not exceed sixty miles per hour and may be established at a lower limit by the secretary as provided in RCW 46.61.405.

(3) The word "trucks" used by the department on signs giving notice of maximum speed limits means vehicles over ten thousand pounds gross weight and all vehicles in combination except auto stages.

(4) Whenever the secretary establishes maximum speed limits for auto stages lower than the maximum limits for automobiles, the secretary shall cause to be mailed notice thereof to each auto transportation company holding a certificate of public convenience and necessity issued by the Washington utilities and transportation commission. The notice shall be mailed to the chief place of business within the state of Washington of each auto transportation company or if none then its chief place of business without the state of Washington. 46.61.415 When local authorities may establish or alter maximum limits. (1) Whenever local authorities in their respective jurisdictions determine on the basis of an engineering and traffic investigation that the maximum speed permitted under RCW 46.61.400 or 46.61.440 is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the local authority may determine and declare a reasonable and safe maximum limit thereon which

(a) Decreases the limit at intersections; or

(b) Increases the limit but not to more than sixty miles per hour; or

(c) Decreases the limit but not to less than twenty miles per hour.

(2) Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper maximum speed for all arterial streets and shall declare a reasonable and safe maximum limit thereon which may be greater or less than the maximum speed permitted under RCW 46.61.400(2) but shall not exceed sixty miles per hour.

(3)(a) Cities and towns in their respective jurisdictions may establish a maximum speed limit of twenty miles per hour on a nonarterial highway, or part of a nonarterial highway, that is within a residence district or business district.

(b) A speed limit established under this subsection by a city or town does not need to be determined on the basis of an engineering and traffic investigation if the city or town has developed procedures regarding establishing a maximum speed limit under this subsection. Any speed limit established under this subsection may be canceled within one year of its establishment, and the previous speed limit reestablished, without an engineering and traffic investigation. This subsection does not otherwise affect the requirement that cities and towns conduct an engineering and traffic investigation to determine whether to increase speed limits.

(c) When establishing speed limits under this subsection, cities and towns shall consult the manual on uniform traffic control devices as adopted by the Washington state department of transportation.

(4) The secretary of transportation is authorized to establish speed limits on county roads and city and town streets as shall be necessary to conform with any federal requirements which are a prescribed condition for the allocation of federal funds to the state.

(5) Any altered limit established as hereinbefore authorized shall be effective when appropriate signs giving notice thereof are erected. Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon such signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs.

(6) Any alteration of maximum limits on state highways within incorporated cities or towns by local authorities shall not be effective until such alteration has been approved by the secretary of transportation. 46.61.419 Private roads—Speed enforcement. State, local, or county law enforcement personnel may enforce speeding violations under RCW 46.61.400 on private roads within a community organized under chapter 64.34, 64.32, or 64.38 RCW if:

(1) A majority of the homeowner's association's, association of apartment owners', or condominium association's board of directors votes to authorize the issuance of speeding

infractions on its private roads, and declares a speed limit not lower than twenty miles per hour;

(2) A written agreement regarding the speeding enforcement is signed by the homeowner's association, association of apartment owners, or condominium association president and the chief law enforcement official of the city or county within whose jurisdiction the private road is located;

(3) The homeowner's association, association of apartment owners, or condominium association has provided written notice to all of the homeowners, apartment owners, or unit owners describing the new authority to issue speeding infractions; and

(4) Signs have been posted declaring the speed limit at all vehicle entrances to the community. [2013 c 269 § 1; 2003 c 193 § 1.]

46.61.425 Minimum speed regulation—Passing slow moving vehicle. (1) No person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law: PROVIDED, That a person following a vehicle driving at less than the legal maximum speed and desiring to pass such vehicle may exceed the speed limit, subject to the provisions of RCW 46.61.120 on highways having only one lane of traffic in each direction, at only such a speed and for only such a distance as is necessary to complete the pass with a reasonable margin of safety.

(2) Whenever the secretary of transportation or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway unreasonably impede the normal movement of traffic, the secretary or such local authority may determine and declare a minimum speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected. No person shall drive a vehicle slower than such minimum speed limit except when necessary for safe operation or in compliance with law. [1977 ex.s. c 151 § 37; 1969 c 135 § 1; 1967 c 25 § 2; 1963 c 16 § 6. Formerly RCW 46.48.015.]

46.61.427 Slow-moving vehicle to pull off roadway. On a two-lane highway where passing is unsafe because of traffic in the opposite direction or other conditions, a slow moving vehicle, behind which five or more vehicles are formed in a line, shall turn off the roadway wherever sufficient area for a safe turn-out exists, in order to permit the vehicles following to proceed. As used in this section a slow moving vehicle is one which is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place. [1973 c 88 § 1.]

46.61.428 Slow-moving vehicle driving on shoulders, when. (1) The state department of transportation and local authorities are authorized to determine those portions of any two-lane highways under their respective jurisdictions on which drivers of slow-moving vehicles may safely drive onto improved shoulders for the purpose of allowing overtaking vehicles to pass and may by appropriate signs indicate the beginning and end of such zones.

(2) Where signs are in place to define a driving-on-shoulder zone as set forth in subsection (1) of this section, the driver of a slow-moving vehicle may drive onto and along the shoulder within the zone but only for the purpose of allowing overtaking vehicles to pass and then shall return to the roadway.

(3) Signs erected to define a driving-on-shoulder zone take precedence over pavement markings for the purpose of allowing the movements described in subsection (2) of this section. [1984 c 7 § 71; 1977 ex.s. c 39 § 1.]

46.61.430 Authority of secretary of transportation to fix speed limits on limited access facilities exclusive—Local regulations. Notwithstanding any law to the contrary or inconsistent herewith, the secretary of transportation shall have the power and the duty to fix and regulate the speed of vehicles within the maximum speed limit allowed by law for state highways, designated as limited access facilities, regardless of whether a portion of said highway is within the corporate limits of a city or town. No governing body or authority of such city or town or other political subdivision may have the power to pass or enforce any ordinance, rule, or regulation requiring a different rate of speed, and all such ordinances, rules, and regulations contrary to or inconsistent therewith now in force are void and of no effect. 46.61.435 Local authorities to provide "stop" or "yield" signs at intersections with increased speed highways—Designated as arterials. The governing body or authority of any such city or town or political subdivision shall place and maintain upon each and every highway intersecting a highway where an increased speed is permitted, as provided in this chapter, appropriate stop or yield signs, sufficient to be read at any time by any person upon approaching and entering the highway upon which such increased speed is permitted and such city street or such portion thereof as is subject to the increased speed shall be an arterial highway. 46.61.440 Maximum speed limit when passing school or playground crosswalks—Penalty, disposition of proceeds. (1) Subject to RCW 46.61.400(1), and except in those instances where a lower maximum lawful speed is provided by this chapter or otherwise, it shall be unlawful for the operator of any vehicle to operate the same at a speed in excess of twenty miles per hour when operating any vehicle upon a highway either inside or outside an incorporated city or town

when passing any marked school or playground crosswalk when such marked crosswalk is fully posted with standard school speed limit signs or standard playground speed limit signs. The speed zone at the crosswalk shall extend three hundred feet in either direction from the marked crosswalk.

(2) A county or incorporated city or town may create a school or playground speed zone on a highway bordering a marked school or playground, in which zone it is unlawful for a person to operate a vehicle at a speed in excess of twenty miles per hour. The school or playground speed zone may extend three hundred feet from the border of the school or playground property; however, the speed zone may only include area consistent with active school or playground use.

(3) A person found to have committed any infraction relating to speed restrictions within a school or playground speed zone shall be assessed a monetary penalty equal to twice the penalty assessed under RCW 46.63.110. This penalty may not be waived, reduced, or suspended.

(4) School districts may erect signs that comply with the uniform state standards adopted and designated by the department of transportation under RCW 47.36.030, informing motorists of the increased monetary penalties assessed for violations of RCW 46.61.235, 46.61.245, or 46.61.261 within a school, playground, or crosswalk speed zone created under subsection (1) or (2) of this section.

(5) The school zone safety account is created in the custody of the state treasurer. Fifty percent of the moneys collected under subsection (3) of this section and the moneys collected under RCW 46.61.235(5), 46.61.245(2), or 46.61.261(2) shall be deposited into the account. Expenditures from the account may be used only by the Washington traffic safety commission solely to fund projects in local communities to improve school zone safety, pupil transportation safety, and student safety in school bus loading and unloading areas. Only the director of the traffic safety commission or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures until July 1, 1999, after which date moneys in the account may be spent only after appropriation. 46.61.450 Maximum speed, weight, or size in traversing bridges, elevated structures, tunnels, underpasses—Posting limits. It shall be unlawful for any person to operate a vehicle or any combination of vehicles over any bridge or other elevated structure or through any tunnel or underpass constituting a part of any public highway at a rate of speed or with a gross weight or of a size which is greater at any time than the maximum speed or maximum weight or size which can be maintained or carried with safety over any such bridge or structure or through any such tunnel or underpass when such bridge, structure, tunnel, or underpass is sign posted as hereinafter provided. The secretary of transportation, if it be a bridge, structure, tunnel, or underpass upon a state highway, or the governing body or authorities of any county, city, or town, if it be upon roads or streets under their jurisdiction, may restrict the speed which may be maintained or the gross weight or size which may be operated upon or over any such bridge or elevated structure or through any such tunnel or underpass with safety thereto. The secretary or the governing body or authorities of any county, city, or town having jurisdiction shall determine and declare the maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate and shall cause suitable signs stating such maximum speed or maximum gross weight, or size, or either, to be erected and maintained on the right hand side of such highway, road, or street and at a distance of not less than one hundred feet from each end of such bridge, structure, tunnel, or underpass and on the approach thereto: PROVIDED, That in the event that any such bridge, elevated structure, tunnel, or underpass is upon a city street designated by the department of transportation as forming a part of the route of any state highway through any such incorporated city or town the determination of any maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate shall not be enforceable at any speed, weight, or size less than the maximum allowed by law, unless with the approval in writing of the secretary. Upon the trial of any person charged with a violation of this section, proof of either violation of maximum speed or maximum weight, or size, or either, and the distance and location of such signs as are required, shall constitute conclusive evidence of the maximum speed or maximum weight, or size, or either, which can be maintained or carried with safety over such bridge or elevated structure or through such tunnel or underpass. 46.61.460 Special speed limitation on motor-driven cycle. 46.61.465 Exceeding speed limit evidence of reckless driving. The unlawful operation of a vehicle in excess of the maximum lawful speeds provided in this chapter at the point of operation and under the circumstances described shall be prima facie evidence of the operation of a motor vehicle in a reckless manner by the operator thereof. 46.61.470 Speed traps defined, certain types permitted—Measured courses, speed measuring devices, timing from aircraft. (1) No evidence as to the speed of any vehicle operated upon a public highway by any person arrested for violation of any of the laws of this state regarding speed or of any orders, rules, or regulations of any city or town or other political subdivision relating thereto shall be admitted in evidence in any court at a subsequent trial of such person in case such evidence relates to or is based upon the maintenance or use of a speed trap except as provided in subsection (2) of this section. A "speed trap," within the meaning of this section, is a particular section of or distance on any public highway, the length of which has been or is measured off or otherwise designated or determined, and the limits of which are within the vision of any officer or officers who calculate the speed of a vehicle passing through such speed trap by using the lapsed time during which such vehicle travels between the entrance and exit of such speed trap.

(2) Evidence shall be admissible against any person arrested or issued a notice of a traffic infraction for violation of any of the laws of this state or of any orders, rules, or regulations of any city or town or other political subdivision regarding speed if the same is determined by a particular section of or distance on a public highway, the length of which has been accurately measured off or otherwise designated or determined and either: (a) The limits of which are controlled by a mechanical, electrical, or other device capable of measuring or recording the speed of a vehicle passing within such limits; or (b) a timing device is operated from an aircraft, which timing device when used to measure the elapsed time of a vehicle passing over such a particular section of or distance upon a public highway indicates the speed of a vehicle.

(3) The exceptions of subsection (2) of this section are limited to devices or observations with a maximum error of not to exceed five percent using the lapsed time during which such vehicle travels between such limits, and such limits shall not be closer than one-fourth mile. 46.61.480 Determination of maximum speed on nonlimited access state highways within tribal reservation boundaries. (1) Tribal authorities, within their reservation boundaries, may determine based on an engineering and traffic investigation that the maximum speed permitted under RCW 46.61.400 or 46.61.405 is greater or less than is reasonable or safe under the conditions found to exist upon a nonlimited access state highway or part of a nonlimited access state highway. Then, the tribal authority may determine and declare a reasonable and safe maximum limit thereon which:

(a) Decreases the limit at intersections;

(b) Increases the limit, not exceeding sixty miles per hour; or

(c) Decreases the limit, not lower than twenty miles per hour.

(2) Any alteration by tribal authorities of maximum limits on a nonlimited access state highway is not effective until the alteration has been approved by the secretary of transportation and appropriate signs giving notice of the alteration have been posted. In the case of an alteration by tribal authorities of maximum limits on a nonlimited access state highway that is also part of a city or town street or county road within tribal reservation boundaries, the alteration is not effective until that alteration has also been approved by the applicable local authority. (b) **Monitoring devices.** If the court orders that a person refrain from consuming any alcohol, the court may order the person to submit to alcohol monitoring through an alcohol detection breathalyzer device, transdermal sensor device, or other technology designed to detect alcohol in a person's system. The person shall pay for the cost of the monitoring, unless the court specifies that the cost of monitoring will be paid with funds that are available from an alternative source identified by the court. The county or municipality where the penalty is being imposed shall determine the cost.

(c) **24/7 sobriety program monitoring.** In any county or city where a 24/7 sobriety program is available and verified by the Washington association of sheriffs and police chiefs, the court shall:

(i) Order the person to install and use a functioning ignition interlock or other device in lieu of such period of 24/7 sobriety program monitoring;

(ii) Order the person to a period of 24/7 sobriety program monitoring pursuant to subsections (1) through (3) of this section; or

(iii) Order the person to install and use a functioning ignition interlock or other device in addition to a period of 24/7 sobriety program monitoring pursuant to subsections (1) through (3) of this section.

(6) **Penalty for having a minor passenger in vehicle.** If a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 committed the offense while a passenger under the age of sixteen was in the vehicle, the court shall:

(a) Order the use of an ignition interlock or other device for an additional six months;

(b) In any case in which the person has no prior offenses within seven years, and except as provided in RCW 46.61.502(6) or 46.61.504(6), order an additional twenty-four hours of imprisonment and a fine of not less than one thousand dollars and not more than five thousand dollars. One thousand dollars of the fine may not be suspended unless the court finds the offender to be indigent;

(c) In any case in which the person has one prior offense within seven years, and except as provided in RCW 46.61.502(6) or 46.61.504(6), order an additional five days of imprisonment and a fine of not less than two thousand dollars and not more than five thousand dollars. One thousand dollars of the fine may not be suspended unless the court finds the offender to be indigent;

(d) In any case in which the person has two prior offenses within seven years, and except as provided in RCW 46.61.502(6) or 46.61.504(6), order an additional ten days of

imprisonment and a fine of not less than three thousand dollars and not more than ten thousand dollars. One thousand dollars of the fine may not be suspended unless the court finds the offender to be indigent.

(7) **Other items courts must consider while setting penalties.** In exercising its discretion in setting penalties within the limits allowed by this section, the court shall particularly consider the following:

(a) Whether the person's driving at the time of the offense was responsible for injury or damage to another or another's property;

(b) Whether at the time of the offense the person was driving or in physical control of a vehicle with one or more passengers;

(c) Whether the driver was driving in the opposite direction of the normal flow of traffic on a multiple lane highway, as defined by RCW 46.04.350, with a posted speed limit of forty-five miles per hour or greater; and

(d) Whether a child passenger under the age of sixteen was an occupant in the driver's vehicle.

(8) **Treatment and information school.** An offender punishable under this section is subject to the alcohol assessment and treatment provisions of RCW 46.61.5056.

(9) **Driver's license privileges of the defendant.** The license, permit, or nonresident privilege of a person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs must:

(a) **Penalty for alcohol concentration less than 0.15.** If the person's alcohol concentration was less than 0.15, or if for reasons other than the person's refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) Where there has been no prior offense within seven years, be suspended or denied by the department for ninety days or until the person is evaluated by an alcoholism agency or probation department pursuant to RCW 46.20.311 and the person completes or is enrolled in a ninety-day period of 24/7 sobriety program monitoring. In no circumstances shall the license suspension be for fewer than two days;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for two years or until the person is evaluated by an alcoholism agency or probation department pursuant to RCW 46.20.311 and the person completes or is enrolled in a six-month period of 24/7 sobriety program monitoring. In no circumstances shall the license suspension be for less than one year; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for three years;

(b) **Penalty for alcohol concentration at least 0.15.** If the person's alcohol concentration was at least 0.15:

(i) Where there has been no prior offense within seven years, be revoked or denied by the department for one year or until the person is evaluated by an alcoholism agency or probation department pursuant to RCW 46.20.311 and the person completes or is enrolled in a one hundred twenty day period of 24/7 sobriety program monitoring. In no circumstances shall the license revocation be for fewer than four days;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for nine hundred days; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for four years; or

(c) **Penalty for refusing to take test.** If by reason of the person's refusal to take a test offered under RCW 46.20.308, there is no test result indicating the person's alcohol concentration:

(i) Where there have been no prior offenses within seven years, be revoked or denied by the department for two years;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for three years; or

(iii) Where there have been two or more previous offenses within seven years, be revoked or denied by the department for four years.

The department shall grant credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under this subsection for a suspension, revocation, or denial imposed under RCW 46.20.3101 arising out of the same incident.

Upon receipt of a notice from the court under RCW 36.28A.390 that a participant has been removed from a 24/7 sobriety program, the department must resume any suspension, revocation, or denial that had been terminated early under this subsection due to participation in the program, granting credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under RCW 46.20.3101 or this section arising out of the same incident.

Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) **Probation of driving privilege.** After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11) **Conditions of probation.** (a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive; (ii) not driving a motor vehicle within this state without proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (iii) not driving or being in physical control of a

motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; (iv) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug; and (v) not driving a motor vehicle in this state without a functioning ignition interlock device as required by the department under RCW 46.20.720. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), (iii), (iv), or (v) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) **Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) **Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(1)(c).

suspension, revocation, or denial already served under RCW 46.20.3101 or this section arising out of the same incident.

(d) Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

(e) For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) **Probation of driving privilege.** After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11) **Conditions of probation.** (a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive; (ii) not driving a motor vehicle within this state without proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (iii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; (iv) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug; and (v) not driving a motor vehicle in this state without a functioning ignition interlock device as required by the department under RCW 46.20.720. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, substance use disorder treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), (iii), (iv), or (v) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) **Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) **Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(1)(c).

46.61.5058 Alcohol violators—Vehicle seizure and forfeiture. (1) Upon the arrest of a person or upon the filing of a complaint, citation, or information in a court of competent jurisdiction, based upon probable cause to believe that a person has violated RCW 46.20.740, 46.61.502, or 46.61.504 or any similar municipal ordinance, if such person has a prior offense within seven years as defined in RCW 46.61.5055, and where the person has been provided written notice that any transfer, sale, or encumbrance of such person's interest in the vehicle over which that person was actually driving or had physical control when the violation occurred, is unlawful pending either acquittal, dismissal, sixty days after conviction, or other termination of the charge, such person shall be prohibited from encumbering, selling, or transferring his or her interest in such vehicle, except as otherwise provided in (a), (b), and (c) of this subsection, until either acquittal, dismissal, sixty days after conviction, or other termination of the charge. The prohibition against transfer of title shall not be stayed pending the determination of an appeal from the conviction.

(a) A vehicle encumbered by a bona fide security interest may be transferred to the secured party or to a person designated by the secured party;

(b) A leased or rented vehicle may be transferred to the lessor, rental agency, or to a person designated by the lessor or rental agency; and

(c) A vehicle may be transferred to a third party or a vehicle dealer who is a bona fide purchaser or may be subject to a bona fide security interest in the vehicle unless it is established that (i) in the case of a purchase by a third party or vehicle dealer, such party or dealer had actual notice that the vehicle was subject to the prohibition prior to the purchase, or (ii) in the case of a security interest, the holder of the security interest had actual notice that the vehicle was subject to the prohibition prior to the encumbrance of title.

(2) On conviction for a violation of either RCW 46.20.740, 46.61.502, or 46.61.504 or any similar municipal ordinance where the person convicted has a prior offense within seven years as defined in RCW 46.61.5055, the motor vehicle the person was driving or over which the person had actual physical control at the time of the offense, if the person has a financial interest in the vehicle, the court shall consider at sentencing whether the vehicle shall be seized and forfeited pursuant to this section if a seizure or forfeiture has not yet occurred.

(3) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(4) Seizure under subsection (3) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected on a certificate of title shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title.

(5) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(6) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020, the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the legal owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present legal owner under this title or is lawfully entitled to possession of the vehicle.

(7) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title; provided, however, that the agency shall first satisfy any bona fide security interest to which the vehicle is subject under subsection (1)(a) or (c) of this section.

(8) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(9) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(10) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(11) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(12) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the state general fund.

(13) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(14) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may, but need not, use an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal. [2013 2nd sp.s. c 35 § 18; 2009 c 479 § 38; 1998 c 207 § 2; 1995 c 332 § 6; 1994 c 139 § 1.]

46.61.506 Persons under influence of intoxicating liquor or drug—Evidence—Tests—Information concerning tests. ***(Effective until July 1, 2022.)*** (1) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or any drug, if the person's alcohol concentration is less than 0.08 or the person's THC concentration is less than 5.00, it is evidence that may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor or any drug.

(2)(a) The breath analysis of the person's alcohol concentration shall be based upon grams of alcohol per two hundred ten liters of breath.

(b) The blood analysis of the person's THC concentration shall be based upon nanograms per milliliter of whole blood.

(c) The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was under the influence of intoxicating liquor or any drug.

(3) Analysis of the person's blood or breath to be considered valid under the provisions of this section or RCW 46.61.502 or 46.61.504 shall have been performed according to methods approved by the state toxicologist and by an individual possessing a valid permit issued by the state toxicologist for this purpose. The state toxicologist is directed to approve satisfactory techniques or methods, to supervise the examination of individuals to ascertain their qualifications and competence to conduct such analyses, and to issue permits which shall be subject to termination or revocation at the discretion of the state toxicologist.

(4)(a) A breath test performed by any instrument approved by the state toxicologist shall be admissible at trial or in an administrative proceeding if the prosecution or department produces prima facie evidence of the following:

(i) The person who performed the test was authorized to perform such test by the state toxicologist;

(ii) The person being tested did not vomit or have anything to eat, drink, or smoke for at least fifteen minutes prior to administration of the test;

(iii) The person being tested did not have any foreign substances, not to include dental work or piercings, fixed or removable, in his or her mouth at the beginning of the fifteen-minute observation period;

(iv) Prior to the start of the test, the temperature of any liquid simulator solution utilized as an external standard, as measured by a thermometer approved of by the state toxicologist was thirty-four degrees centigrade plus or minus 0.3 degrees centigrade;

(v) The internal standard test resulted in the message "verified";

(vi) The two breath samples agree to within plus or minus ten percent of their mean to be determined by the method approved by the state toxicologist;

(vii) The result of the test of the liquid simulator solution external standard or dry gas external standard result did lie between .072 to .088 inclusive; and

(viii) All blank tests gave results of .000.

(b) For purposes of this section, "prima facie evidence" is evidence of sufficient circumstances that would support a logical and reasonable inference of the facts sought to be proved. In assessing whether there is sufficient evidence of the foundational facts, the court or administrative tribunal is to assume the truth of the prosecution's or department's evidence and all reasonable inferences from it in a light most favorable to the prosecution or department.

(c) Nothing in this section shall be deemed to prevent the subject of the test from challenging the reliability or accuracy of the test, the reliability or functioning of the instrument, or any maintenance procedures. Such challenges, however, shall not preclude the admissibility of the test once the prosecution or department has made a prima facie showing of the requirements contained in (a) of this subsection. Instead, such

challenges may be considered by the trier of fact in determining what weight to give to the test result.

(5) When a blood test is administered under the provisions of RCW 46.20.308, the withdrawal of blood for the purpose of determining its alcohol or drug content may be performed only by a physician licensed under chapter 18.71 RCW; an osteopathic physician licensed under chapter 18.57 RCW; a registered nurse, licensed practical nurse, or advanced registered nurse practitioner licensed under chapter 18.79 RCW; a physician assistant licensed under chapter 18.71A RCW; an osteopathic physician assistant licensed under chapter 18.57A RCW; an advanced emergency medical technician or paramedic certified under chapter 18.71 RCW; or a medical assistant-certified or medical assistant-phlebotomist certified under chapter 18.360 RCW, a person holding another credential under Title 18 RCW whose scope of practice includes performing venous blood draws, or a forensic phlebotomist certified under chapter 18.360 RCW. When the blood test is performed outside the state of Washington, the withdrawal of blood for the purpose of determining its alcohol or drug content may be performed by any person who is authorized by the out-of-state jurisdiction to perform venous blood draws. Proof of qualification to draw blood may be established through the department of health's provider credential search. This limitation shall not apply to the taking of breath specimens.

(6) When a venous blood sample is performed by a forensic phlebotomist certified under chapter 18.360 RCW, it must be done under the following conditions:

(a) If taken at the scene, it must be performed in an ambulance or aid service vehicle licensed by the department of health under chapter 18.73 RCW.

(b) The collection of blood samples must not interfere with the provision of essential medical care.

(c) The blood sample must be collected using sterile equipment and the skin area of puncture must be thoroughly cleansed and disinfected.

(d) The person whose blood is collected must be seated, reclined, or lying down when the blood is collected.

(7) The person tested may have a licensed or certified health care provider listed in subsection (5) of this section, or a qualified technician, chemist, or other qualified person of his or her own choosing administer one or more tests in addition to any administered at the direction of a law enforcement officer. The test will be admissible if the person establishes the general acceptability of the testing technique or method. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

(8) Upon the request of the person who shall submit to a test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to him or her or his or her attorney. 46.61.575 Additional parking regulations—Motorcycle parking. (1) Except as otherwise provided in this section, every vehicle stopped or parked upon a two-way roadway shall be so stopped or parked with the right-hand wheels parallel to and within twelve inches of the right-hand curb or as close as practicable to the right edge of the right-hand shoulder.

(2) Except when otherwise provided by local ordinance, every vehicle stopped or parked upon a one-way roadway shall be so stopped or parked parallel to the curb or edge of the roadway, in the direction of authorized traffic movement, with its right-hand wheels within twelve inches of the right-hand curb or as close as practicable to the right edge of the

right-hand shoulder, or with its left-hand wheels within twelve inches of the left-hand curb or as close as practicable to the left edge of the left-hand shoulder. This subsection does not apply to the parking of motorcycles, unless a local jurisdiction prohibits angle parking as permitted under subsection (3)(a)(i) of this section and does not otherwise specify the manner in which a motorcycle must park.

(3)(a)(i) Every motorcycle stopped or parked on a one-way or two-way highway shall be so stopped or parked parallel or at an angle to the curb or edge of the highway with at least one wheel or fender within twelve inches of the curb nearest to which the motorcycle is parked or as close as practicable to the edge of the shoulder nearest to which the motorcycle is parked. A motorcycle may not be parked in such a manner that it extends into the roadway.

(ii) A county, city, or town may by ordinance prohibit the angle stopping or parking of a motorcycle as specified in (a)(i) of this subsection, but must post visible signage in a location to provide notice of the prohibition on angle stopping or parking for the prohibition to apply to that location.

(b)(i) More than one motorcycle may occupy a parking space, provided that the parked motorcycles occupying the parking space do not exceed the boundaries of that parking space.

(ii) All motor vehicle parking laws and penalties for the unlawful parking of a motor vehicle apply to each motorcycle parked in a parking space when multiple motorcycles are parked in that space to the same extent that motor vehicle parking laws apply to a single motor vehicle when it is the sole motor vehicle parked in a parking space. When proof of payment is required to be displayed by each motor vehicle parking at a location, all motorcycles must display such proof of payment, even if more than one motorcycle is parked in the same parking space. However, parking spaces that are metered by the space may not require payment multiple times for the use of a single parking space by multiple motorcycles during the same period of time.

(4) Local authorities may by ordinance or resolution permit angle parking on any roadway, except that angle parking shall not be permitted on any federal-aid or state highway unless the secretary of transportation has determined by order that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic. The angle parking of motorcycles, which is governed under subsection (3) of this section, is not subject to this determination by the secretary of transportation.

(5) The secretary with respect to highways under his or her jurisdiction may place official traffic control devices prohibiting, limiting, or restricting the stopping, standing, or parking of vehicles on any highway where the secretary has determined by order, such stopping, standing, or parking is dangerous to those using the highway or where the stopping, standing, or parking of vehicles would unduly interfere with the free movement of traffic thereon. No person shall stop, stand, or park any vehicle in violation of the restrictions indicated by such devices. [2020 c 163 § 1; 1977 ex.s. c 151 § 41; 1975 c 62 § 36; 1965 ex.s. c 155 § 67.]

(a) A child under the age of two years must be properly secured in a child restraint system that is rear-facing until the child reaches the weight or height limit of the child restraint system as set by the manufacturer. A child may continue to be properly secured in a child restraint system that is rear-facing until the child reaches the weight or height limit of the child restraint system as set by the manufacturer, as recommended by the American academy of pediatrics.

(b) A child who is not properly secured in a rear-facing child restraint system in accordance with (a) of this subsection and who is under the age of four years must be properly secured in a child restraint system that is forward-facing and has a harness until the child reaches the weight or height limit of the child restraint system as set by the manufacturer. A child may continue to be properly secured in a child restraint system that is forward-facing and has a harness until the child reaches the weight or height limit of the child restraint system as set by the manufacturer, as recommended by the American academy of pediatrics.

A child may continue to be properly secured in a child booster seat until the vehicle lap and shoulder seat belts fit properly, typically when the child is between the ages of eight and twelve years of age, as recommended by the American academy of pediatrics, or must be properly secured with the motor vehicle's safety belt properly adjusted and fastened around the child's body.

(d) The child restraint system used must comply with standards of the United States department of transportation and must be secured in the vehicle in accordance with instructions of the vehicle manufacturer and the child restraint system manufacturer.

(e) The child booster seat used must comply with standards of the United States department of transportation and must be secured in the vehicle in accordance with instructions of the vehicle manufacturer and the child booster seat manufacturer to position a child to sit properly in a federally approved safety seat belt system.

(f) The driver of a vehicle transporting a child who is under thirteen years old shall transport the child in the back seat positions in the vehicle where it is practical to do so.

(2) Enforcement of subsection (1) of this section is subject to a visual inspection by law enforcement to determine if the child restraint system in use is appropriate for the child's individual height, weight, and age. The visual inspection for usage of a child restraint system must ensure that the child restraint system is being used in accordance with the instruction of the vehicle and the child restraint system manufacturers.

(3) A person violating subsection (1) of this section may be issued a notice of traffic infraction under chapter 46.63 RCW. If the person to whom the notice was issued presents proof of acquisition of an approved child restraint system or a child booster seat, as appropriate, within seven days to the jurisdiction issuing the notice and the person has not previously had a violation of this section dismissed, the jurisdiction shall dismiss the notice of traffic infraction.

(4) Failure to comply with the requirements of this section shall not constitute negligence by a parent or legal guardian. Failure to use a child restraint system shall not be admissible as evidence of negligence in any civil action.

(5) This section does not apply to: (a) For hire vehicles, (b) vehicles designed to transport sixteen or less passengers, including the driver, operated by auto transportation companies, as defined in RCW 81.68.010, (c) vehicles providing customer shuttle service between parking, convention, and hotel facilities, and airport terminals, and (d) school buses.

(6) As used in this section:

(a) "Child booster seat" is a type of child restraint system; a backless child restraint system or a belt positioning system is a child booster seat provided it meets the federal motor vehicle safety standards set forth in 49 C.F.R. Sec. 571.213.

(b) "Child restraint system" means a child passenger restraint system that meets the federal motor vehicle safety standards set forth in 49 C.F.R. Sec. 571.213.

(7) The requirements of subsection (1)(c) of this section do not apply in any seating position where there is only a lap belt available.

(8)(a) Except as provided in (b) of this subsection, a person who has a current national certification as a child passenger safety technician and who in good faith provides inspection, adjustment, or educational services regarding child restraint systems is not liable for civil damages resulting from any act or omission in providing the services, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

(b) The immunity provided in this subsection does not apply to a certified child passenger safety technician who is employed by a retailer of child restraint systems and who, during his or her hours of employment and while being compensated, provides inspection, adjustment, or educational services regarding child restraint systems. [2019 c 59 § 1; 2007 c 510 § 4. Prior: 2005 c 415 § 1; 2005 c 132 § 1; 2003 c 353 § 5; 2000 c 190 § 2; 1994 c 100 § 1; 1993 c 274 § 1; 1987 c 330 § 745; 1983 c 215 § 2.]

Intent—2000 c 190: "The legislature recognizes that fewer than five percent of all drivers use child booster seats for children over the age of four years. The legislature also recognizes that seventy-one percent of deaths resulting from car accidents could be eliminated if every child under the age of sixteen used an appropriate child safety seat, booster seat, or seat belt. The legislature further recognizes the National Transportation Safety Board's recommendations that promote the use of booster seats to increase the safety of children under eight years of age. Therefore, it is the legislature's intent to decrease deaths and injuries to children by promoting safety education and injury prevention measures, as well as increasing public awareness on ways to maximize the protection of children in vehicles." An operator must also give an audible signal before overtaking and passing a pedestrian. Except for the limitations of this subsection, persons operating an EPAMD have all the rights and duties of a pedestrian.

(12) The use of an EPAMD may be regulated in the following circumstances:

(a) A municipality and the department of transportation may prohibit the operation of an EPAMD on public highways within their respective jurisdictions where the speed limit is greater than twenty-five miles per hour;

(b) A municipality may restrict the speed of an EPAMD in locations with congested pedestrian or nonmotorized traffic and where there is significant speed differential between pedestrians or nonmotorized traffic and EPAMD operators. The areas in this subsection must be designated by the city engineer or designee of the municipality. Municipalities shall not restrict the speed of an EPAMD in the entire community or in areas in which there is infrequent pedestrian traffic;

(c) A state agency or local government may regulate the operation of an EPAMD within the boundaries of any area used for recreation, open space, habitat, trails, or conservation purposes. 46.63.073 Rental vehicles. (1) In the event a traffic infraction is based on a vehicle's identification, and the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction may be issued, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within thirty days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction. In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty. If appropriate under the circumstances, a renter identified under (a) of this subsection is responsible for an infraction. For the purpose of this subsection, a "traffic infraction based on a vehicle's identification" includes, but is not limited to, parking infractions, high occupancy toll lane violations, and violations recorded by automated traffic safety cameras.

(2) In the event a parking infraction is issued by a private parking facility and is based on a vehicle's identification, and the registered owner of the vehicle is a rental car business, the parking facility shall, before a notice of infraction may be issued, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within thirty days of receiving the written notice, provide to the parking facility by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft.

Timely mailing of this statement to the parking facility relieves a rental car business of any liability under this chapter for the notice of infraction. In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty. For the purpose of this subsection, a "parking infraction based on a vehicle's identification" is limited to parking infractions occurring on a private parking facility's premises. [2015 c 189 § 2; 2007 c 372 § 1; 2005 c 331 § 2.]

46.63.075 Safety camera infractions—Presumption. (1) In a traffic infraction case involving an infraction detected through the use of an automated traffic safety camera under RCW 46.63.170 or detected through the use of an automated school bus safety camera under RCW 46.63.180, proof that the particular vehicle described in the notice of traffic infraction was in violation of any such provision of RCW 46.63.170 and 46.63.180, together with proof that the person named in the notice of traffic infraction was at the time of the violation the registered owner of the vehicle, constitutes in evidence a prima facie presumption that the registered owner of the vehicle was the person in control of the vehicle at the point where, and for the time during which, the violation occurred.

(2) This presumption may be overcome only if the registered owner states, under oath, in a written statement to the court or in testimony before the court that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner. [2012 c 83 § 6; 2011 c 375 § 7; 2011 c 375 § 6; 2010 c 249 § 7; 2005 c 167 § 3; 2004 c 231 § 3.]

46.63.090 Hearings—Contesting determination that infraction committed—Appeal. (1) A hearing held for the purpose of contesting the determination that an infraction has been committed shall be without a jury.

(2) The court may consider the notice of traffic infraction and any other written report made under oath submitted by the officer who issued the notice or whose written statement was the basis for the issuance of the notice in lieu of the officer's personal appearance at the hearing. The person named in the notice may subpoena witnesses, including the officer, and has the right to present evidence and examine witnesses present in court.

(3) The burden of proof is upon the state to establish the commission of the infraction by a preponderance of the evidence.

(4) After consideration of the evidence and argument the court shall determine whether the infraction was committed. Where it has not been established that the infraction was committed an order dismissing the notice shall be entered in the court's records. Where it has been established that the infraction was committed an appropriate order shall be entered in the court's records. A record of the court's determination and order shall be furnished to the department in accordance with RCW 46.20.270 as now or hereafter amended.

(5) An appeal from the court's determination or order shall be to the superior court. The decision of the superior court is subject only to discretionary review pursuant to Rule 2.3 of the Rules of Appellate Procedure. [1980 c 128 § 3; 1979 ex.s. c 136 § 11.]

(2) After the court has heard the explanation of the circumstances surrounding the commission of the infraction an appropriate order shall be entered in the court's records. A record of the court's determination and order shall be furnished to the department in accordance with RCW 46.20.270 as now or hereafter amended.

(3) There may be no appeal from the court's determination or order. [1979 ex.s. c 136 § 12.]

46.63.110 Monetary penalties. ***(Effective until January 1, 2023.)*** (1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter, it is immediately payable and is enforceable as a civil judgment under Title 6 RCW. If the court determines, in its discretion, that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan. If the court has notified the department that the person has failed to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person's driver's license or driver's privilege based on failure to respond to that infraction. "Payment plan," as used in this section, means a plan that requires reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation for civil enforcement until all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the court has entered into a new time payment or community restitution agreement with the person. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privileges.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation to a collections agency until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's delinquency, and the department shall suspend the person's driver's license or driving privileges.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of ten dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the Washington auto theft prevention authority account; and

(c) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in RCW 74.31.060.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 or 46.61.212 shall be assessed an additional penalty of twenty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to

offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited in the state general fund. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the court may, at its discretion, enter into a payment plan.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter.

(11) The additional monetary penalty for a violation of RCW 46.20.500 is not subject to assessments or fees provided under this section.

(12) The additional monetary fine for a violation of RCW 46.61.110, 46.61.145, 46.61.180, 46.61.185, 46.61.190, and 46.61.205 is not subject to assessments or fees provided under this section.

46.63.160 Photo toll systems—Civil penalties for nonpayment of tolls, mitigating circumstances—System requirements—Rules—Definitions. (1) This section applies only to civil penalties for nonpayment of tolls detected through use of photo toll systems.

(2) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(3) A notice of civil penalty may be issued by the department of transportation when a toll is assessed through use of a photo toll system and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

(4) Any registered owner or renter of a vehicle traveling upon a toll facility operated under chapter 47.56 or 47.46 RCW is subject to a civil penalty governed by the administrative procedures set forth in this section when the vehicle incurs a toll charge and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

(5)(a) The department shall develop rules to allow an individual who has been issued a notice of civil penalty to present evidence of mitigating circumstances as to why a toll bill was not timely paid. If an individual is able to present verifiable evidence to the department that a civil penalty was incurred due to hospitalization, military deployment, eviction, homelessness, death of the alleged violator or of an alleged violator's immediate family member, failure to receive the toll bill due to an incorrect address that has since been corrected, a prepaid electronic toll account error that has since been corrected, an error made by the department or an agent of the department, or other mitigating circumstances as determined by the department, the department may dismiss or reduce the civil penalty and associated fees.

(b)(i) Consistent with chapter 34.05 RCW, the department of transportation shall develop an administrative adjudication process to review appeals of civil penalties issued by the department of transportation for toll nonpayment detected through the use of a photo toll system under this section. The department of transportation shall submit to the transportation committees of the legislature an annual report on the number of times adjudicators reduce or dismiss the civil penalty as provided in (b)(ii) of this subsection and the total amount of the civil penalties dismissed. The report must be submitted by December 1st of each year.

(ii) During the adjudication process, the alleged violator must have an opportunity to explain mitigating circumstances as to why the toll bill was not timely paid. Hospitalization, a divorce decree or legal separation agreement resulting in a transfer of the vehicle, an active duty member of the military or national guard covered by the federal service members civil relief act, 50 U.S.C. Sec. 501 et seq., or state service members' civil relief act, chapter 38.42 RCW, eviction, homelessness, the death of the alleged violator or of an immediate family member, being switched to a different method of toll payment, if the alleged violator did not receive a toll charge bill or notice of civil penalty, or other mitigating circumstances as determined by the adjudicator are deemed valid mitigating circumstances. All of the reasons that constitute mitigating circumstances must have occurred within a reasonable time of the alleged toll violation. In response to these circumstances, the adjudicator may reduce or dismiss the civil penalty and associated administrative fees.

(6) The use of a photo toll system is subject to the following requirements:

(a) Photo toll systems may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) A notice of civil penalty must include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a photo toll system, stating the facts supporting the notice of civil penalty. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding established under subsection (5) of this section. The photographs, digital photographs, microphotographs, videotape, or other recorded images evidencing the toll nonpayment civil penalty must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the civil penalty.

(c)(i) By June 30, 2016, prior to issuing a notice of civil penalty to a registered owner of a vehicle listed on an active prepaid electronic toll account, the department of transportation must:

(A) Send an electronic mail notice to the email address provided in the prepaid electronic toll account of unpaid pay-by-mail toll bills at least ten days prior to a notice of civil penalty being issued for the associated pay-by-mail toll. The notice must be separate from any regular notice sent by the department; and

(B) Call the phone numbers provided in the account to provide notice of unpaid pay-by-mail toll bills at least ten days prior to a notice of civil penalty being issued for the associated pay-by-mail toll.

(ii) The department is relieved of its obligation to provide notice as required by this section if the customer has declined to receive communications from the department through such methods.

(d) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, other recorded images, or other records identifying a specific instance of travel prepared under this section are for the exclusive use of the tolling agency for toll collection and enforcement purposes and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a civil penalty under this section. No photograph, digital photograph, microphotograph, videotape, other recorded image, or other record identifying a specific instance of travel may be used for any pur-

pose other than toll collection or enforcement of civil penalties under this section. Records identifying a specific instance of travel by a specific person or vehicle must be retained only as required to ensure payment and enforcement of tolls and to comply with state records retention policies.

(e) All locations where a photo toll system is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where tolls are assessed and enforced by a photo toll system.

(f) Within existing resources, the department of transportation shall conduct education and outreach efforts at least six months prior to activating an all-electronic photo toll system. Methods of outreach shall include a department presence at community meetings in the vicinity of a toll facility, signage, and information published in local media. Information provided shall include notice of when all electronic photo tolling shall begin and methods of payment. Additionally, the department shall provide quarterly reporting on education and outreach efforts and other data related to the issuance of civil penalties.

(g) The envelope containing a toll charge bill or related notice issued pursuant to RCW 47.46.105 or 47.56.795, or a notice of civil penalty issued under this section, must prominently indicate that the contents are time sensitive and related to a toll violation.

(7) Civil penalties for toll nonpayment detected through the use of photo toll systems must be issued to the registered owner of the vehicle identified by the photo toll system, but are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120.

(8) The civil penalty for toll nonpayment detected through the use of a photo toll system is forty dollars plus the photo toll and associated fees.

(9) Except as provided otherwise in this subsection, all civil penalties, including the photo toll and associated fees, collected under this section must be deposited into the toll facility account of the facility on which the toll was assessed. However, through June 30, 2013, civil penalties deposited into the Tacoma Narrows toll bridge account created under RCW 47.56.165 that are in excess of amounts necessary to support the toll adjudication process applicable to toll collection on the Tacoma Narrows bridge must first be allocated toward repayment of operating loans and reserve payments provided to the account from the motor vehicle account under section 1005(15), chapter 518, Laws of 2007. Additionally, all civil penalties, resulting from nonpayment of tolls on the state route number 520 corridor, shall be deposited into the state route number 520 civil penalties account created under section 4, chapter 248, Laws of 2010 but only if chapter 248, Laws of 2010 is enacted by June 30, 2010.

(10) If the registered owner of the vehicle is a rental car business, the department of transportation shall, before a toll bill is issued, provide a written notice to the rental car business that a toll bill may be issued to the rental car business if the rental car business does not, within thirty days of the mailing of the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the toll was assessed; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the toll was assessed because the vehicle was stolen at the time the toll was assessed. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.

Timely mailing of this statement to the issuing agency relieves a rental car business of any liability under this section for the payment of the toll.

(11) It is the intent of the legislature that the department provide an educational opportunity when vehicle owners incur fees and penalties associated with late payment of tolls for the first time. As part of this educational opportunity, the department may waive penalties and fees if the issue that resulted in the toll not being timely paid has been resolved and the vehicle owner establishes an electronic toll account, if practicable. To aid in collecting tolls in a timely manner, the department may waive or reduce the outstanding amounts of fees and penalties assessed when tolls are not timely paid.

(12)(a) By June 30, 2016, the department of transportation must update its web site, and accommodate access to the web site from mobile platforms, to allow toll customers to efficiently manage all their tolling accounts, regardless of method of payment.

(b)(i) By June 30, 2016, the department of transportation must make available to the public a point of access that allows a third party to develop an application for mobile technologies that (A) securely accesses a user's toll account information and (B) allows the user to manage his or her toll account to the same extent possible through the department's web site.

(ii) If the department determines that it would be cost-effective and in the best interests of the citizens of Washington, it may also develop an application for mobile technologies that allows toll customers to manage all of their tolling accounts from a mobile platform.

(13) When acquiring a new photo toll system, the department of transportation must enable the new system to:

(a) Connect with the department of licensing's vehicle record system so that a prepaid electronic toll account can be updated automatically when a toll customer's vehicle record is updated, if the customer has consented to such updates; and

(b) Document when any toll is assessed for a vehicle listed in a prepaid electronic toll account in the monthly statement that is made available to the electronic toll account holder regardless of whether the method of payment for the toll is via pay-by-mail or prepaid electronic toll account.

(14) Consistent with chapter 34.05 RCW, the department of transportation shall develop rules to implement this section.

(15) For the purposes of this section:

(a) "Photo toll system" means the system defined in RCW 47.56.010 and 47.46.020.

(b) "Prepaid electronic toll account" means a prepaid toll account linked to a pass or license plate number, including "Good to Go!".

(16) If a customer's toll charge or civil penalty is waived pursuant to this section due to an error made by the department, or an agent of the department, in reading the customer's

license plate, the secretary of transportation must send a letter to the customer apologizing for the error. [2015 c 292 § 1; 2013 c 226 § 1; 2011 c 367 § 705; 2010 c 249 § 6; (2010 c 161 § 1126 repealed by 2012 c 83 § 8); 2009 c 272 § 1. Prior: 2007 c 372 § 2; 2007 c 101 § 2; 2004 c 231 § 6.]

Contingent effective date—2011 c 367 §§ 705 and 722: "Sections 705 and 722 of this act take effect upon certification by the secretary of transportation that the new statewide tolling operations center and photo toll system are fully operational. A notice of certification must be filed with the code reviser for publication in the state register. If a certificate is not issued by the secretary of transportation by December 1, 2012, sections 705 and 722 of this act are null and void." [2011 c 367 § 1104.] A notice of certification was filed with the code reviser on December 2, 2011, becoming effective December 3, 2011 (see WSR 11-24-042).

46.63.170 Automated traffic safety cameras—Definition. ***(Effective until June 30, 2023.)*** (1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) Except for proposed locations used solely for the pilot program purposes permitted under subsection (6) of this section, the appropriate local legislative authority must prepare an analysis of the locations within the jurisdiction where automated traffic safety cameras are proposed to be located: (i) Before enacting an ordinance allowing for the initial use of automated traffic safety cameras; and (ii) before adding additional cameras or relocating any existing camera to a new location within the jurisdiction. Automated traffic safety cameras may be used to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations; speed violations subject to (c) of this subsection; or violations included in subsection (6) of this section for the duration of the pilot program authorized under subsection (6) of this section. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance. Beginning one year after June 7, 2012, cities and counties using automated traffic safety cameras must post an annual report of the number of traffic accidents that occurred at each location where an automated traffic safety camera is located as well as the number of notices of infraction issued for each camera and any other relevant information about the automated traffic safety cameras that the city or county deems appropriate on the city's or county's web site.

(b) Except as provided in (c) of this subsection and subsection (6) of this section, use of automated traffic safety cameras is restricted to the following locations only: (i) Intersections of two or more arterials with traffic control signals that have yellow change interval durations in accordance with RCW 47.36.022, which interval durations may not be reduced after placement of the camera; (ii) railroad crossings; and (iii) school speed zones.

(c) Any city west of the Cascade mountains with a population of more than one hundred ninety-five thousand located in a county with a population of fewer than one million five hundred thousand may operate an automated traffic safety camera to detect speed violations subject to the following limitations:

(i) A city may only operate one such automated traffic safety camera within its respective jurisdiction; and

(ii) The use and location of the automated traffic safety camera must have first been authorized by the Washington state legislature as a pilot project for at least one full year.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle. The primary purpose of camera placement is to take pictures of the vehicle and vehicle license plate when an infraction is occurring. Cities and counties shall consider installing cameras in a manner that minimizes the impact of camera flash on drivers.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(d) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images, or any other personally identifying data prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image, or any other personally identifying data may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked at least thirty days prior to activation of the camera by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control

devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(2). Except as provided otherwise in subsection (6) of this section, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction. However, the amount of the fine issued for a traffic control signal violation detected through the use of an automated traffic safety camera shall not exceed the monetary penalty for a violation of RCW 46.61.050 as provided under RCW 46.63.110, including all applicable statutory assessments.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5)(a) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit as detected by a speed measuring device.

(b) For the purposes of the pilot program authorized under subsection (6) of this section, "automated traffic safety camera" also includes a device used to detect stopping at intersection or crosswalk violations; stopping when traffic obstructed violations; public transportation only lane violations; and stopping or traveling in restricted lane violations. The device, including all technology defined under "automated traffic safety camera," must not reveal the face of the driver or the passengers in vehicles, and must not use any facial recognition technology in real time or after capturing any information. If the face of any individual in a crosswalk or otherwise within the frame is incidentally captured, it may not be made available to the public nor used for any purpose including, but not limited to, any law enforcement action, except in a pending action or proceeding related to a violation under this section.

(6)(a)(i) A city with a population greater than five hundred thousand may adopt an ordinance creating a pilot program authorizing automated traffic safety cameras to be used to detect one or more of the following violations: Stopping when traffic obstructed violations; stopping at intersection or crosswalk violations; public transportation only lane violations; and stopping or traveling in restricted lane violations. Under the pilot program, stopping at intersection or crosswalk violations may only be enforced at the twenty intersections where the city would most like to address safety concerns related to stopping at intersection or crosswalk violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage.

(ii) Except where specifically exempted, all of the rules and restrictions applicable to the use of automated traffic safety cameras in this section apply to the use of automated traffic safety cameras in the pilot program established in this subsection (6).

(iii) As used in this subsection (6), "public transportation vehicle" means any motor vehicle, streetcar, train, trolley vehicle, ferry boat, or any other device, vessel, or vehicle that is owned or operated by a transit authority or an entity providing service on behalf of a transit authority that is used for the purpose of carrying passengers and that operates on established routes. "Transit authority" has the meaning provided in RCW 9.91.025.

(b) Use of automated traffic safety cameras as authorized in this subsection (6) is restricted to the following locations only: Locations authorized in subsection (1)(b) of this section; and midblock on arterials. Additionally, the use of automated traffic safety cameras as authorized in this subsection (6) is further limited to the following:

(i) The portion of state and local roadways in downtown areas of the city used for office and commercial activities, as well as retail shopping and support services, and that may include mixed residential uses;

(ii) The portion of state and local roadways in areas in the city within one-half mile north of the boundary of the area described in (b)(i) of this subsection;

(iii) Portions of roadway systems in the city that travel into and out of (b)(ii) of this subsection that are designated by

the Washington state department of transportation as noninterstate freeways for up to four miles; and

(iv) Portions of roadway systems in the city connected to the portions of the noninterstate freeways identified in (b)(iii) of this subsection that are designated by the Washington state department of transportation as arterial roadways for up to one mile from the intersection of the arterial roadway and the noninterstate freeway.

(c) However, automated traffic safety cameras may not be used on an on-ramp to an interstate.

(d) From June 11, 2020, through December 31, 2020, a warning notice with no penalty must be issued to the registered owner of the vehicle for a violation generated through the use of an automated traffic safety camera authorized in this subsection (6). Beginning January 1, 2021, a notice of infraction must be issued, in a manner consistent with subsections (1)(e) and (3) of this section, for a violation generated through the use of an automated traffic safety camera authorized in this subsection (6). However, the penalty for the violation may not exceed seventy-five dollars.

(e) For infractions issued as authorized in this subsection (6), a city with a pilot program shall remit monthly to the state fifty percent of the noninterest money received under this subsection (6) in excess of the cost to install, operate, and maintain the automated traffic safety cameras for use in the pilot program. Money remitted under this subsection to the state treasurer shall be deposited in the Cooper Jones active transportation safety account created in RCW 46.68.480. The remaining fifty percent retained by the city must be used only for improvements to transportation that support equitable access and mobility for persons with disabilities.

(f) A transit authority may not take disciplinary action, regarding a warning or infraction issued pursuant to this subsection (6), against an employee who was operating a public transportation vehicle at the time the violation that was the basis of the warning or infraction was detected.

(g) A city that implements a pilot program under this subsection (6) must provide a preliminary report to the transportation committees of the legislature by June 30, 2022, and a final report by January 1, 2023, on the pilot program that includes the locations chosen for the automated traffic safety cameras used in the pilot program, the number of warnings and traffic infractions issued under the pilot program, the number of traffic infractions issued with respect to vehicles registered outside of the county in which the city is located, the infrastructure improvements made using the penalty moneys as required under (e) of this subsection, an equity analysis that includes any disproportionate impacts, safety, and on-time performance statistics related to the impact on driver behavior of the use of automated traffic safety cameras in the pilot program, and any recommendations on the use of automated traffic safety cameras to enforce the violations that these cameras were authorized to detect under the pilot program. 46.63.180 Automated school bus safety cameras—Definition. (1) School districts may install and operate automated school bus safety cameras on school buses to be used for the detection of violations of RCW 46.61.370(1) if the use of the cameras is approved by a vote of the school district board of directors. School districts are not required to take school buses out of service if the buses are not equipped with automated school bus safety cameras or functional automated safety cameras. Further, school districts shall be held harmless from and not liable for any criminal or civil liability arising under the provisions of this section.

(a) Automated school bus safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(b) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (2)(a)(i) of this section. The law enforcement officer issuing the notice of infraction shall include a certificate or facsimile of the notice, based upon inspection of photographs, microphotographs, or electronic images produced by an automated school bus safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated school bus safety camera may respond to the notice by mail.

(c) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (2) of this section. If appropriate under the circumstances, a renter identified under subsection (2)(a)(i) of this section is responsible for an infraction.

(d) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(e) If a school district installs and operates an automated school bus safety camera under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment. Further, any repair, replacement, or administrative work costs related to installing or repairing automated school bus safety cameras must be solely paid for by the manufacturer or vendor of the cameras. Before entering into a contract with the manufacturer or vendor of the equipment used under this subsection (1)(e), the school district must follow the competitive bid process as outlined in RCW 28A.335.190(1).

(f) Any revenue collected from infractions detected through the use of automated school bus safety cameras, less the administration and operating costs of the cameras, must be remitted to school districts for school zone safety projects as determined by the school district using the automated school bus safety cameras. The administration and operating costs of the cameras includes infraction enforcement and processing costs that are incurred by local law enforcement or local courts. During the 2013-2015 fiscal biennium, the infraction revenue may also be used for school bus safety projects by those school districts eligible to apply for funding from the school zone safety account appropriation in section 201, chapter 306, Laws of 2013.

(2)(a) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction is issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(i) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred;

(ii) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection (2)(a)(ii) must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(iii) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

(b) Timely mailing of a statement under this subsection to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(3) For purposes of this section, "automated school bus safety camera" means a device that is affixed to a school bus

that is synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a vehicle at the time the vehicle is detected for an infraction identified in RCW 46.61.370(1). [2013 c 306 § 716; 2011 c 375 § 2.]

Effective date—2013 c 306: See note following RCW 47.64.170.

Intent—2011 c 375: "The legislature recognizes that the safe transportation of children to and from school is a shared responsibility of the school district and the driving public. In order to increase public awareness of their responsibility, it is the intent of the legislature that the state superintendent of public instruction coordinate with school districts and any other relevant agencies who voluntarily choose to participate in a national stop arm violation day annually between March 1st and May 15th." [2011 c 375 § 1.]

46.63.190 Payment plans—Request—Delinquency—Nonpayments—Fees—Modification allowed. ***(Effective January 1, 2023.)*** (1)(a) A person may request a payment plan at any time for the payment of any monetary penalty, fee, cost, assessment, or other monetary obligation associated with a traffic infraction. If the person does not have the ability to pay the monetary obligation in full, the person has not previously been granted a payment plan for the same monetary obligation, and the court has not authorized its collections agency to take civil legal enforcement action, the court shall enter into a payment plan with the individual. Where the court has authorized its collections agency to take civil legal enforcement action, the court may, at its discretion, enter into a payment plan.

(b) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(2) The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(3) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation for civil enforcement until all monetary obligations have been paid and court authorized community restitution has been completed, or until the court has entered into a new payment plan or community restitution agreement with the person.

(4)(a) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full, no sooner than 90 days from the date of the infraction the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation to a collections agency until all monetary obligations have been paid or until the person has entered into a payment plan under this section.

(b) If a person responded to a traffic infraction for a moving violation attesting that the person did not have the ability to pay the infraction in full, the court must attempt to enter into a payment plan with the person prior to referring the monetary obligation to a collections agency.

(5) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed $10 per infraction or $25 per payment plan, whichever is less.

(6) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(7) The court may modify a payment plan at any time.

(8) The court may require a person who fails to make payment as required under a payment plan to appear and provide evidence of ability to pay.

(9) For the purposes of this section, "payment plan" means a plan that requires reasonable payments based on the financial ability of the person to pay as determined by court rule. [2021 c 240 § 4.]

46.65.065 Revocation of habitual offender's license—Request for hearing, scope—Right to appeal. (1) Whenever a person's driving record, as maintained by the department, brings him or her within the definition of an habitual traffic offender, as defined in RCW 46.65.020, the department shall forthwith notify the person of the revocation in writing by certified mail at his or her address of record as maintained by the department. If the person is a nonresident of this state, notice shall be sent to the person's last known address. Notices of revocation shall inform the recipient thereof of his or her right to a formal hearing and specify the steps which must be taken in order to obtain a hearing. Within fifteen days after the notice has been given, the person may, in writing, request a formal hearing. If such a request is not made within the prescribed time the right to a hearing is waived. A request for a hearing stays the effectiveness of the revocation.

(2) Upon receipt of a request for a hearing, the department shall schedule a hearing in the county in which the person making the request resides, and if [the] person is a nonresident of this state, the hearing shall be held in Thurston county. The department shall give at least ten days notice of the hearing to the person.

(3) The scope of the hearings provided by this section is limited to the issues of whether the certified transcripts or abstracts of the convictions, as maintained by the department, show that the requisite number of violations have been accumulated within the prescribed period of time as set forth in RCW 46.65.020 and whether the terms and conditions for granting stays, as provided in RCW 46.65.060, have been met.

(4) Upon receipt of the hearing officer's decision, an aggrieved party may appeal to the superior court of the county in which he or she resides, or, in the case of a nonresident of this state, in the superior court of Thurston county, for review of the revocation. Notice of appeal must be filed within thirty days after receipt of the hearing officer's decision or the right to appeal is waived. Review by the court shall be de novo and without a jury.

(5) The filing of a notice of appeal does not stay the effective date of the revocation. [1989 c 337 § 10; 1979 c 62 § 5.]

[2010 c 8 § 9079; 1998 c 214 § 3; 1979 c 158 § 181; 1971 ex.s. c 284 § 10.]

Purpose of state and local transportation funding program—1990 c 42: "(1) The legislature finds that a new comprehensive funding program is required to maintain the state's commitment to the growing mobility needs of its citizens and commerce. The transportation funding program is intended to satisfy the following state policies and objectives:

(a) Statewide system: Provide for preservation of the existing statewide system and improvements for current and expected capacity needs in rural, established urban, and growing suburban areas throughout the state;

(b) Local flexibility: Provide for necessary state highway improvements, as well as providing local governments with the option to use new funding sources for projects meeting local and regional needs;

(c) Multimodal: Provide a source of funds that may be used for multimodal transportation purposes;

(d) Program compatibility: Implement transportation facilities and services that are consistent with adopted land use and transportation plans and coordinated with recently authorized programs such as the act authorizing creation of transportation benefit districts and the local transportation act of 1988;

(e) Interjurisdictional cooperation: Encourage transportation planning and projects that are multijurisdictional in their conception, development, and benefit, recognizing that mobility problems do not respect jurisdictional boundaries;

(f) Public and private sector: Use a state, local, and private sector partnership that equitably shares the burden of meeting transportation needs.

(2) The legislature further recognizes that the revenues currently available to the state and to counties, cities, and transit authorities for highway, road, and street construction and preservation fall far short of the identified need. The 1988 Washington road jurisdiction study identified a statewide funding shortfall of between $14.6 and $19.9 billion to bring existing roads to acceptable standards. The gap between identified transportation needs and available revenues continues to increase. A comprehensive transportation funding program is required to meet the current and anticipated future needs of this state.

(3) The legislature further recognizes the desirability of making certain changes in the collection and distribution of motor vehicle excise taxes with the following objectives: Simplifying administration and collection of the taxes including adoption of a predictable depreciation schedule for vehicles; simplifying the allocation of the taxes among various recipients; and the dedication of a portion of motor vehicle excise taxes for transportation purposes.

(4) The legislature, therefore, declares a need for the three-part funding program embodied in this act: (a) Statewide funding for highways, roads, and streets in urban and rural areas; (b) local option funding authority, available immediately, for the construction and preservation of roads, streets, and transit improvements and facilities; and (c) the creation of a multimodal transportation fund that is funded through dedication of a portion of motor vehicle excise tax. This funding program is intended, by targeting certain new revenues, to produce a significant increase in the overall capacity of the state, county, and city transportation systems to satisfy and efficiently accommodate the movement of people and goods." 46.68.122 Distribution of amount to counties—Factors of distribution formula. Funds to be paid to the several counties pursuant to RCW 46.68.120(4) shall be allocated among them upon the basis of a distribution formula consisting of the following four factors:

(1) An equal distribution factor of ten percent of such funds shall be paid to each county;

(2) A population factor of thirty percent of such funds shall be paid to each county in direct proportion that the county's total equivalent population, as computed pursuant to RCW 46.68.124(1), is to the total equivalent population of all counties;

(3) A road cost factor of thirty percent of such funds shall be paid to each county in direct proportion that the county's total annual road cost, as computed pursuant to RCW 46.68.124(2), is to the total annual road costs of all counties;

(4) A money need factor of thirty percent of such funds shall be paid to each county in direct proportion that the county's money need factor, as computed pursuant to RCW 46.68.124(3), is to the total of money need factors of all counties. [1982 c 33 § 2.]

46.68.124 Distribution of amount to counties—Population, road cost, money need, computed—Allocation percentage adjustment. (1) The equivalent population for each county shall be computed as the sum of the population residing in the county's unincorporated area plus twenty-five percent of the population residing in the county's incorporated area. Population figures required for the computations in this subsection shall be certified by the director of the office of financial management on or before July 1st of each odd-numbered year.

(2) The total annual road cost for each county shall be computed as the sum of one twenty-fifth of the total estimated county road replacement cost, plus the total estimated annual maintenance cost. Appropriate costs for bridges and ferries shall be included. The county road administration board shall be responsible for establishing a uniform system of roadway categories for both maintenance and construction and also for establishing a single statewide cost per mile rate for each roadway category. The total annual cost for each county will be based on the established statewide cost per mile and associated mileage for each category. The mileage to be used for these computations shall be as shown in the county road log as maintained by the county road administration board as of July 1, 1985, and each two years thereafter. Each county shall be responsible for submitting changes, corrections, and deletions as regards the county road log to the county road administration board. Such changes, corrections, and deletions shall be subject to verification and approval by the county road administration board prior to inclusion in the county road log.

(3) The money need factor for each county shall be the county's total annual road cost less the following four amounts:

(a) One-half the sum of the actual county road tax levied upon the valuation of all taxable property within the county road districts pursuant to RCW 36.82.040, including any amount of such tax diverted under chapter 39.89 RCW, for the two calendar years next preceding the year of computation of the allocation amounts as certified by the department of revenue;

(c) One-half the sum of timber excise taxes received by the county road fund pursuant to chapter 84.33 RCW in the two calendar years next preceding the year of computation of the allocation amounts as certified by the state treasurer;

(d) One-half the sum of motor vehicle license fees and motor vehicle and special fuel taxes refunded to the county, pursuant to RCW 46.68.080 during the two calendar years next preceding the year of computation of the allocation amounts as certified by the state treasurer.

(4) The state treasurer and the department of revenue shall furnish to the county road administration board the information required by subsection (3) of this section on or before July 1st of each odd-numbered year.

(5) The county road administration board, shall compute and provide to the counties the allocation factors of the several counties on or before September 1st of each year based solely upon the sources of information herein before required: PROVIDED, That the allocation factor shall be held to a level not more than five percent above or five percent below the allocation factor in use during the previous calendar year. Upon computation of the actual allocation factors of the several counties, the county road administration board shall provide such factors to the state treasurer to be used in the computation of the counties' fuel tax allocation for the succeeding calendar year. The state treasurer shall adjust the fuel tax allocation of each county on January 1st of every year based solely upon the information provided by the county road administration board. (4) The department shall remit remaining proceeds to the custody of the state treasurer. The state treasurer shall distribute the proceeds to the governing body on a monthly basis. [2011 c 373 § 3.]

***Reviser's note:** RCW 82.80.055 expired December 31, 2014.

Intent—2011 c 373: "The legislature recognizes that public transportation provides many benefits to the citizens of the state and the environment, including through public transportation's ability to alleviate congestion and offset the burdens placed by general vehicular traffic on the state's transportation infrastructure. In these challenging economic times, many transit agencies find themselves struggling to continue to provide a level of service that reduces congestion.

The legislature further recognizes that King county conducted a regional transit task force in 2010 that considered a policy framework for the potential future growth and, if necessary, contraction of King county's transit system. The task force members were selected to represent a broad diversity of interests and perspectives. The task force recommendations, which were unanimously accepted, addressed key elements, such as the adoption of performance measures, controlling operating costs, developing policy guidance for making service reductions, and clear and transparent guidelines for service allocation. As a result of the work done by the task force and King county's commitment to comply with the recommendations, it is the intent of the leg-

islature that King county be provided the opportunity to impose a temporary congestion reduction charge, which is separate and distinct from the base motor vehicle license fee, that can help address its revenue shortfalls during this economic crisis and allow it to continue reducing congestion and the corresponding burdens placed on the highway system on some of the state's most crowded corridors.

The legislature recognizes that the title of Initiative Measure No. 1053 states that it applies only to tax and fee increases imposed by state government, and that the text of the initiative requires a two-thirds majority only for tax increases. The legislature further recognizes that Initiative Measure No. 1053 does not apply to local government. Despite these facts, this act requires a two-thirds majority of the metropolitan King county council in order to implement a local option fee, in the form of a congestion reduction charge, to help fund King county metro transit service. Faced with the potential loss of hundreds of thousands of hours of vital transit service, it is the intent of the legislature to provide King county with this temporary local option funding mechanism. It is further the intent of the legislature not to expand the parameters of Initiative Measure No. 1053 beyond what the voters intended and thus interfere with local control or limit the ability of local governments to provide services to the people of Washington." [2011 c 373 § 1.]

46.68.480 Cooper Jones active transportation safety account. The Cooper Jones active transportation safety account is created in the state treasury. All receipts from penalties collected under RCW 46.63.170(6)(e) shall be deposited into the account. Expenditures from the account may be used only to fund grant projects or programs for bicycle, pedestrian, and nonmotorist safety improvement administered by the Washington traffic safety commission. The account is subject to allotment procedures under chapter 43.88 RCW. Moneys in the account may be spent only after appropriation. [2020 c 224 § 2.]

46.70.005 Declaration of purpose. The legislature finds and declares that the distribution, sale, and lease of vehicles in the state of Washington vitally affects the general economy of the state and the public interest and the public welfare, and that in order to promote the public interest and the public welfare, and in the exercise of its police power, it is necessary to regulate and license vehicle manufacturers, distributors, or wholesalers and factory or distributor representatives, and to regulate and license dealers of vehicles doing business in Washington, in order to prevent frauds, impositions, and other abuses upon its citizens and to protect and preserve the investments and properties of the citizens of this state. [2001 c 272 § 1; (2017 c 15 § 2 repealed by 2018 c 273 § 2); 1986 c 241 § 1; 1973 1st ex.s. c 132 § 1; 1967 ex.s. c 74 § 1.]

46.70.023 Place of business. (1) An "established place of business" requires a permanent, enclosed commercial building located within the state of Washington easily accessible at all reasonable times. The business of a vehicle dealer must be lawfully carried on at an established place of business in accordance with the terms of all applicable building code, zoning, and other land-use regulatory ordinances. A vehicle dealer may display a vehicle for sale only at its established place of business, licensed subagency, or temporary subagency site, except at auction, however a vehicle dealer may deliver a vehicle for inspection, a test drive, lease, or purchase and have a customer sign agreements over the internet or at a location other than the vehicle dealer's established place of business or licensed or temporary subagency. The dealer shall keep the building open to the public so that the public may contact the vehicle dealer or the dealer's salespersons at all reasonable times. The books, records, and files necessary to conduct the business shall be kept and maintained at that place. The established place of business shall

display an exterior sign with the business name and nature of the business, such as auto sales, permanently affixed to the land or building, with letters clearly visible to the major avenue of traffic. A room or rooms in a hotel, rooming house, or apartment house building or part of a single or multiple-unit dwelling house may not be considered an "established place of business" unless the ground floor of such a dwelling is devoted principally to and occupied for commercial purposes and the dealer offices are located on the ground floor. A mobile office or mobile home may be used as an office if it is connected to utilities and is set up in accordance with state law. A statewide trade association representing manufactured housing dealers shall be permitted to use a manufactured home as an office if the office complies with all other applicable building code, zoning, and other land-use regulatory ordinances. This subsection does not apply to auction companies that do not own vehicle inventory or sell vehicles from an auction yard.

(2) An auction company shall have office facilities within the state. The books, records, and files necessary to conduct the business shall be maintained at the office facilities. All storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. An auction company shall maintain a telecommunications system.

(3) Auction companies shall post their vehicle dealer license at each auction where vehicles are offered, and shall provide the department with the address of the auction at least three days before the auction.

(4) If a dealer maintains a place of business at more than one location or under more than one name in this state, he or she shall designate one location as the principal place of business of the firm, one name as the principal name of the firm, and all other locations or names as subagencies. A subagency license is required for each and every subagency: PROVIDED, That the department may grant an exception to the subagency requirement in the specific instance where a licensed dealer is unable to locate their used vehicle sales facilities adjacent to or at the established place of business. This exception shall be granted and defined under the promulgation of rules consistent with the administrative procedure act.

(5) All vehicle dealers shall maintain ownership or leasehold throughout the license year of the real property from which they do business. The dealer shall provide the department with evidence of ownership or leasehold whenever the ownership changes or the lease is terminated.

(6) A subagency shall comply with all requirements of an established place of business, except that subagency records may be kept at the principal place of business designated by the dealer. Auction companies shall comply with the requirements in subsection (2) of this section.

(7) A temporary subagency shall meet all local zoning and building codes for the type of merchandising being conducted. The dealer license certificate shall be posted at the location. No other requirements of an established place of business apply to a temporary subagency. Auction companies are not required to obtain a temporary subagency license.

(8) A wholesale vehicle dealer shall have office facilities in a commercial building within this state, with no more than two other wholesale or retail vehicle dealers in the same building, and all storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. A wholesale vehicle dealer shall maintain a telecommunications system. An exterior sign visible from the nearest street shall identify the business name and the nature of business. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory, if any, must be physically segregated and clearly identified.

(9) A retail vehicle dealer shall be open during normal business hours, maintain office and display facilities in a commercially zoned location or in a location complying with all applicable building and land use ordinances, and maintain a business telephone listing in the local directory. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory shall be physically segregated and clearly identified.

(10) A subagency license is not required for a mobile home dealer to display an on-site display model, a consigned mobile home not relocated from its site, or a repossessed mobile home if sales are handled from a principal place of business or subagency. A mobile home dealer shall identify on-site display models, repossessed mobile homes, and those consigned at their sites with a sign that includes the dealer's name and telephone number.

(11) Every vehicle dealer shall advise the department of the location of each and every place of business of the firm and the name or names under which the firm is doing business at such location or locations. If any name or location is changed, the dealer shall notify the department of such change within ten days. The license issued by the department shall reflect the name and location of the firm and shall be posted in a conspicuous place at that location by the dealer.

(12) A vehicle dealer's license shall upon the death or incapacity of an individual vehicle dealer authorize the personal representative of such dealer, subject to payment of license fees, to continue the business for a period of six months from the date of the death or incapacity. [2021 c 201 § 4; 2016 sp.s. c 26 § 2; (2017 c 15 § 4 repealed by 2018 c 273 § 2); 1997 c 432 § 1; 1996 c 282 § 1; 1995 c 7 § 1; 1993 c 307 § 5; 1991 c 339 § 28; 1989 c 301 § 2; 1986 c 241 § 4.]

Effective date—2016 sp.s. c 26: See note following RCW 46.70.011.

46.70.025 Established place of business—Waiver of requirements. The director may by rule waive any requirements pertaining to a vehicle dealer's established place of business if such waiver both serves the purposes of this chapter and is necessary due to unique circumstances such as a location divided by a public street or a highly specialized type of business. [1986 c 199 § 1.]

46.70.027 Accountability of dealer for employees—Actions for damages on violation of chapter. A vehicle dealer is accountable for the dealer's employees, sales personnel, and managerial personnel while in the performance of their official duties. Any violations of this chapter or applicable provisions of chapter 46.12 or 46.16A RCW committed by any of these employees subjects the dealer to license penalties prescribed under RCW 46.70.101. A retail purchaser, consignor who is not a motor vehicle dealer, or a motor vehicle dealer who has purchased from a wholesale dealer, who has suffered a loss or damage by reason of any act by a dealer,

salesperson, managerial person, or other employee of a dealership, that constitutes a violation of this chapter or applicable provisions of chapter 46.12 or 46.16A RCW may institute an action for recovery against the dealer and the surety bond as set forth in RCW 46.70.070. However, under this section, motor vehicle dealers who have purchased from wholesale dealers may only institute actions against wholesale dealers and their surety bonds. [2011 c 171 § 90; (2017 c 15 § 5 repealed by 2018 c 273 § 2); 1989 c 337 § 12; 1986 c 241 § 5.]

Intent—Effective date—2011 c 171: See notes following RCW 4.24.210.

46.70.028 Consignment. Dealers who transact dealer business by consignment shall obtain a consignment contract for sale and shall comply with applicable provisions of chapter 46.70 RCW. The dealer shall place all funds received from the sale of the consigned vehicle in a trust account until the sale is completed, except that the dealer shall pay any outstanding liens against the vehicle from these funds. Where title has been delivered to the purchaser, the dealer shall pay the amount due a consignor within ten days after the sale. However, in the case of a consignment from a licensed vehicle dealer from any state, the wholesale auto auction shall pay the consignor within twenty days. [2000 c 131 § 2; 1989 c 337 § 13.]

46.70.029 Listing dealers, transaction of business. Listing dealers shall transact dealer business by obtaining a listing agreement for sale, and the buyer's purchase of the mobile home shall be handled as dealer inventory. All funds from the purchaser shall be placed in a trust account until the sale is completed, except that the dealer shall pay any outstanding liens against the mobile home from these funds. Where title has been delivered to the purchaser, the listing dealer shall pay the amount due a seller within ten days after the sale of a listed mobile home. A complete account of all funds received and disbursed shall be given to the seller or consignor after the sale is completed. The sale of listed mobile homes imposes the same duty under RCW 46.70.122 on the listing dealer as any other sale. [2001 c 64 § 8; 1990 c 250 § 63; 1986 c 241 § 6.]

46.70.042 Application for license—Retention by department—Confidentiality. Every application for license shall be retained by the department for a period of three years and shall be confidential information for the use of the department, the attorney general or the prosecuting attorney only: PROVIDED, That upon a showing of good cause therefor any court in which an action is pending by or against the applicant or licensee, may order the director to produce and permit the inspection and copying or photographing the application and any accompanying statements. [1967 ex.s. c 74 § 14.]

46.70.045 Denial of license. The director may deny a license under this chapter when the application is a subterfuge that conceals the real person in interest whose license has been denied, suspended, or revoked for cause under this chapter and the terms have not been fulfilled or a civil penalty has not been paid, the director finds that the application was not filed in good faith, or the issuance of a new license or subagency would cause a manufacturer, distributor, factory branch, or factory representative, or an agent, officer, parent company, wholly or partially owned subsidiary, affiliated entity, or other person controlled by or under common control with a manufacturer, distributor, factory branch, or factory representative, to be in violation of chapter 46.96 RCW. This section does not preclude the department from taking an action against a current licensee. [2014 c 214 § 1; 1997 c 432 § 2.]

Application—2014 c 214: "This act applies to all franchises and contracts between manufacturers and new motor vehicle dealers amended, renewed, or entered into after June 12, 2014. For purposes of chapter 46.96 RCW, an agreement between a manufacturer and new motor vehicle dealer entered into after June 12, 2014, addressing any issues governed by chapter 46.96 RCW, is considered an amendment to an existing franchise." (1) After the application has been filed, the fee paid, and bond posted, if required, the department shall, if no denial order is in effect and no proceeding is pending under RCW 46.70.101, issue the appropriate license, which license, in the case of a vehicle dealer, shall designate the classification of the dealer. Nothing prohibits a vehicle dealer from obtaining licenses for more than one classification, and nothing prevents any vehicle dealer from dealing in other classes of vehicles on an isolated basis.

(2) An auction company licensed under chapter 18.11 RCW may sell at auction all classifications of vehicles under a motor vehicle dealer's license issued under this chapter including motor vehicles, miscellaneous type vehicles, and mobile homes and travel trailers.

(3) At the time the department issues a vehicle dealer license, the department shall provide to the dealer a current, up-to-date vehicle dealer manual that may be provided electronically setting forth the various statutes and rules applicable to vehicle dealers. In addition, at the time any such license is renewed under RCW 46.70.083, the department shall provide the dealer with any updates or current revisions to the vehicle dealer manual. These updates or current revisions may be provided electronically.

(4) The department may contract with responsible private parties to provide them elements of the vehicle database on a regular basis. The private parties may only disseminate this information to licensed vehicle dealers.

(a) Subject to the disclosure agreement provisions of RCW 46.12.635 and the requirements of Executive Order 97-01, the department may provide to the contracted private parties the following information:

(i) All vehicle and title data necessary to accurately disclose known title defects, brands, or flags and odometer discrepancies;

(iii) Any data in the department's possession necessary to calculate the motor vehicle excise tax, license, and registration fees including information necessary to determine the applicability of regional transit authority excise and use tax surcharges.

(b) The department may provide this information in any form the contracted private party and the department agree upon, but if the data is to be transmitted over the Internet or similar public network from the department to the contracted private party, it must be encrypted.

(c) The department shall give these contracted private parties advance written notice of any change in the information referred to in (a)(i), (ii), or (iii) of this subsection, including information pertaining to the calculation of motor vehicle excise taxes.

(d) The department shall revoke a contract made under this subsection (4) with a private party who disseminates information from the vehicle database to anyone other than a licensed vehicle dealer. A private party who obtains information from the vehicle database under a contract with the department and disseminates any of that information to anyone other than a licensed vehicle dealer is guilty of a gross misdemeanor punishable under chapter 9A.20 RCW.

(e) Nothing in this subsection (4) authorizes a vehicle dealer or any other organization or entity not otherwise appointed as a vehicle licensing subagent under RCW 46.01.140 to perform any of the functions of a vehicle licensing subagent so appointed. [2010 c 161 § 1131; 2001 c 272 § 4; 1997 c 432 § 4; 1996 c 282 § 2; 1993 c 307 § 7; 1989 c 301

(b) Effective July 1, 2018, the department of licensing may not renew any wholesale vehicle dealer licenses, except as provided in subsection (2) of this section.

(2) The department of licensing shall renew a wholesale vehicle dealer license of a wholesale vehicle dealer who has held the license continuously for at least the previous six years from July 1, 2018, and who otherwise meets the requirements of this chapter. [2018 c 273 § 1; 2017 c 15 § 1.]

Effective date—2018 c 273: "This act takes effect July 1, 2018." [2018 c 273 § 4.]

(3) The fee for the transfer to another location of any license classification issued pursuant to this chapter shall be twenty-five dollars.

(4) The fee for vehicle dealer license plates and manufacturer license plates shall be the amount required by law for vehicle license plates exclusive of excise tax and gross weight and tonnage fees.

46.70.120 Record of transactions. A dealer shall complete and maintain for a period of at least five years a record of the purchase and sale or lease of all vehicles purchased, sold, or leased by him or her. The records shall consist of:

(1) The license and title numbers of the state in which the last license was issued;

(2) A description of the vehicle;

(3) The name and address of the person from whom purchased;

(4) The name of the legal owner, if any;

(5) The name and address of the purchaser or lessee;

(6) If purchased from a dealer, the name, business address, dealer license number, and resale tax number of the dealer;

(7) The price paid for the vehicle and the method of payment;

(8) The vehicle odometer disclosure statement given by the seller to the dealer, and the vehicle odometer disclosure statement given by the dealer to the purchaser or lessee;

(9) The written agreement to allow a dealer to sell between the dealer and the consignor, or the listing dealer and the seller;

(10) Trust account records of receipts, deposits, and withdrawals;

(11) All sale documents, which shall show the full name of dealer employees involved in the sale or lease; and

(12) Any additional information the department may require. However, the department may not require a dealer to collect or retain the hardback copy of a temporary license permit after the permanent license plates for a vehicle have been provided to the purchaser or lessee, if the dealer maintains some other copy of the temporary license permit together with a log of the permits issued.

Such records shall be maintained separate from all other business records of the dealer. Paper records older than two years may be kept at a location other than the dealer's place of business if those records are made available in hard copy for inspection within three calendar days, exclusive of Saturday, Sunday, or a legal holiday, after a request by the director or the director's authorized agent. Records kept at the vehicle dealer's place of business must be available for inspection by the director or the director's authorized agent during normal business hours. Records shall be kept in paper form for one year and, after such time, may be kept solely as electronic records and not as hard copies as long as such electronic records can be accessed by computer at the dealer's place of business during normal business hours for the remainder of the five-year retention period. Records that originate as electronic records may be retained as electronic records with no paper form and must be accessible by computer at the dealer's place of business for at least five years. The director may adopt rules necessary to implement electronic records retention.

Dealers may maintain their recordkeeping and filing systems in accordance with their own particular business needs and practices. Nothing in this chapter requires dealers to maintain their records in any particular order or manner, as long as the records identified in this section are maintained in the dealership's recordkeeping system. The certificate of title issued for a vehicle possessed by a dealer and subject to a security interest shall be delivered to the secured party who upon request of the dealer's transferee shall, unless the transfer was a breach of the security agreement, either deliver the certificate to the transferee for transmission to the department, or upon receipt from the transferee of the owner's bill of sale or sale document, the transferee's application for a new certificate and the required fee, mail or deliver to the department. Failure of a dealer to deliver the certificate of title to the secured party does not affect perfection of the security interest. 46.70.125 Used vehicles—Asking price, posting or disclosure. A vehicle dealer who sells used vehicles shall either display on the vehicle, or disclose upon request, the written asking price of a specific vehicle offered for sale by the dealer as of that time.

46.70.130 Details of charges must be furnished buyer or mortgagor. (2) Notwithstanding subsection (1) of this section, an itemization of the various license and title fees paid or to be paid by the buyer or lessee, which itemization must be the same as that disclosed on the registration/application for title

document issued by the department, may be required only on the title application at the time the application is submitted for title transfer. A vehicle dealer may not be required to separately or individually itemize the license and title fees on any other document, including but not limited to the purchase order and lease agreement. No fee itemization may be required on the temporary permit. [2001 c 272 § 9; 1996 c 282 § 5; 1973 1st ex.s. c 132 § 16; 1961 c 12 § 46.70.130. Prior: 1951 c 150 § 16.]

(1) No new manufactured home may be sold unless the purchaser is provided with a manufacturer's written warranty for construction of the home in compliance with the Magnuson-Moss Warranty Act (88 Stat. 2183; 15 U.S.C. Sec. 47 et seq.; 15 U.S.C. Sec. 2301 et seq.).

(2) No new manufactured home may be sold unless the purchaser is provided with a dealer's written warranty for all installation services performed by the dealer.

(3) The warranties required by subsections (1) and (2) of this section shall be valid for a minimum of one year measured from the date of delivery and shall not be invalidated by resale by the original purchaser to a subsequent purchaser or by the certificate of title being eliminated or not issued as described in chapter 65.20 RCW. Copies of the warranties shall be given to the purchaser upon signing a purchase agreement and shall include an explanation of remedies available to the purchaser under state and federal law for breach of warranty, the name and address of the federal department of housing and urban development and the state departments of licensing and labor and industries, and a brief description of the duties of these agencies concerning mobile homes.

Warranty service shall be performed on-site and a written work order describing labor performed and parts used shall be completed and signed by the service agent and the owner. If the owner's signature cannot be obtained, the reasons shall be described on the work order. Work orders shall be retained by the dealer or manufacturer for a period of three years.

(5) Before delivery of possession of the home to the purchaser, an inspection shall be performed by the dealer or his or her agent and by the purchaser or his or her agent which shall include a test of all systems of the home to insure proper operation, unless such systems test is delayed pursuant to this subsection. At the time of the inspection, the purchaser shall be given copies of all documents required by state or federal agencies to be supplied by the manufacturer with the home which have not previously been provided as required under subsection (3) of this section, and the dealer shall complete any required purchaser information card and forward the card to the manufacturer. A purchaser is deemed to have taken delivery of the manufactured home when all three of the following events have occurred: (a) The contractual obligations between the purchaser and the seller have been met; (b) the inspection of the home is completed; and (c) the systems test of the home has been completed subsequent to the installation of the home, or fifteen days has elapsed since the transport of the home to the site where it will be installed, whichever is earlier. 46.70.180 Unlawful acts and practices. Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2)(a)(i) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(ii) However, an amount not to exceed one hundred fifty dollars per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfecting, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle and in carrying out the requirements of this chapter or any other provisions of state law.

(b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

(i) The documentary service fee is disclosed in writing to a prospective purchaser or lessee before the execution of a purchase and sale or lease agreement;

(ii) The dealer discloses to the purchaser or lessee in writing that the documentary service fee is a negotiable fee. The disclosure must be written in a typeface that is at least as large as the typeface used in the standard text of the document that contains the disclosure and that is bold faced, capitalized, underlined, or otherwise set out from the surrounding material so as to be conspicuous. The dealer shall not represent to the purchaser or lessee that the fee or charge is required by the state to be paid by either the dealer or prospective purchaser or lessee;

(iii) The documentary service fee is separately designated from the selling price or capitalized cost of the vehicle and from any other taxes, fees, or charges; and

(iv) Dealers disclose in any advertisement that a documentary service fee in an amount up to one hundred fifty dollars may be added to the sale price or the capitalized cost.

For the purposes of this subsection (2), the term "documentary service fee" means the optional amount charged by a dealer to provide the services specified in (a) of this subsection.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Entering into a written contract, written purchase order or agreement, retail installment sales agreement, note and security agreement, or written lease agreement, hereinafter collectively referred to as contract or lease, signed by the prospective buyer or lessee of a vehicle, which:

(a) Is subject to any conditions or the dealer's or his or her authorized representative's future acceptance, and the dealer fails or refuses within the "bushing" period, which is four calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee to inform the buyer or lessee either: (i) That the dealer unconditionally accepts the contract or lease, having satisfied, removed, or waived all conditions to acceptance or performance, including, but not limited to, financing, assignment, or lease approval; or (ii) that the dealer rejects the con-

tract or lease, thereby automatically voiding the contract or lease, as long as such voiding does not negate commercially reasonable contract or lease provisions pertaining to the return of the subject vehicle and any physical damage, excessive mileage after the demand for return of the vehicle, and attorneys' fees authorized by law, and tenders the refund of any initial payment or security made or given by the buyer or lessee, including, but not limited to, any down payment, and tenders return of the trade-in vehicle, key, other trade-in, or certificate of title to a trade-in. Tender may be conditioned on return of the subject vehicle if previously delivered to the buyer or lessee.

The provisions of this subsection (4)(a) do not impair, prejudice, or abrogate the rights of a dealer to assert a claim against the buyer or lessee for misrepresentation or breach of contract and to exercise all remedies available at law or in equity, including those under chapter 62A.9A RCW, if the dealer, bank, or other lender or leasing company discovers that approval of the contract or financing or approval of the lease was based upon material misrepresentations made by the buyer or lessee, including, but not limited to, misrepresentations regarding income, employment, or debt of the buyer or lessee, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation. A dealer shall not be in violation of this subsection (4)(a) if the buyer or lessee made a material misrepresentation to the dealer, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation.

A dealer may inform a buyer or lessee under this subsection (4)(a) regarding the unconditional acceptance or rejection of the contract, lease, or financing by sending an email message to the buyer's or lessee's supplied email address, by phone call, by leaving a voice message or sending a text message to a phone number provided by the buyer or lessee, by in-person oral communication, by mailing a letter by first-class mail if the buyer or lessee expresses a preference for a letter or declines to provide an email address and a phone number capable of receiving a free text message, or by another means agreed to by the buyer or lessee or approved by the department, effective upon the execution, mailing, or sending of the communication and before expiration of the "bushing" period;

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of title has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.540 and 46.12.560; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;

(b) The dealer has satisfied the lien; and

(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by

the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer's agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer's agent, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle.

(12) For a buyer's agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer's agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer's agent;

(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer's agent appear on the vehicle purchase order, sales contract, lease, or title; or

(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.

It is unlawful for a buyer's agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer's agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer's agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer's agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer's agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This subsection also applies to leased vehicles. In addition, it is unlawful for any buyer's agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties' agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer's agent for the agent's services; and (c) further discloses whether the fee or any portion of the fee is refundable.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.93 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith;

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been sold or leased, distributed for sale or lease, or transferred into this state for resale or lease by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9A RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section.

(17)(a) For a dealer to enter into a new motor vehicle sales contract without disclosing in writing to a buyer of the new motor vehicle, or to a dealer in the case of an unregistered motor vehicle, any known damage and repair to the new motor vehicle if the damage exceeds five percent of the manufacturer's suggested retail price as calculated at the dealer's authorized warranty rate for labor and parts, or one thousand dollars, whichever amount is greater. A manufacturer or new motor vehicle dealer is not required to disclose to a dealer or buyer that glass, tires, bumpers, or cosmetic parts of a new motor vehicle were damaged at any time if the damaged item has been replaced with original or comparable equipment. A replaced part is not part of the cumulative damage required to be disclosed under this subsection.

(b) A manufacturer is required to provide the same disclosure to a dealer of any known damage or repair as required in (a) of this subsection.

(c) If disclosure of any known damage or repair is not required under this section, a buyer may not revoke or rescind a sales contract due to the fact that the new motor vehicle was damaged and repaired before completion of the sale.

(d) As used in this section:

(i) "Cosmetic parts" means parts that are attached by and can be replaced in total through the use of screws, bolts, or other fasteners without the use of welding or thermal cutting, and includes windshields, bumpers, hoods, or trim panels.

(ii) "Manufacturer's suggested retail price" means the retail price of the new motor vehicle suggested by the manufacturer, and includes the retail delivered price suggested by the manufacturer for each accessory or item of optional equipment physically attached to the new motor vehicle at the time of delivery to the new motor vehicle dealer that is not included within the retail price suggested by the manufacturer for the new motor vehicle. [1967 ex.s. c 74 § 22.]

46.70.250 Personal service of process outside state. (1) The provisions of this chapter relating to the licensing and regulation of vehicle dealers and manufacturers shall be exclusive, and no county, city, or other political subdivision of this state shall enact any laws, rules, or regulations licensing or regulating vehicle dealers or manufacturers.

(2) This section shall not be construed to prevent a political subdivision of this state from levying a business and occupation tax upon vehicle dealers or manufacturers maintaining an office within that political subdivision if a business and occupation tax is levied by such a political subdivision upon other types of businesses within its boundaries. [1993 c 307 § 11; 1981 c 152 § 2.]

46.70.320 Buyer's agents. The regulation of buyers' agents is a matter affecting the public interest for the purpose of applying chapter 19.86 RCW. Activities of buyers' agents prohibited under RCW 46.70.180 (11), (12), or (13) are not reasonable in relation to the development and preservation of business. A violation of RCW 46.70.180 (11), (12), or (13) constitutes an unfair or deceptive act or practice in trade or commerce for the purpose of applying chapter 19.86 RCW. [1993 c 175 § 4.]

However, a publicly owned "wrecked vehicle" as defined in RCW 46.80.010 may be sold to motor vehicle dealers and vehicle wreckers licensed under Title 46 RCW by the state of Washington or licensed by any other state.

(2) If the wholesale motor vehicle auction dealer knows that a vehicle is a "wrecked vehicle" as defined by RCW 46.80.010, the dealer must disclose this fact on the bill of sale. [1998 c 282 § 2.]

46.70.340 Issuance of temporary subagency licenses for recreational vehicle shows. (1)(a) Before the department may issue a temporary subagency license to a recreational vehicle dealer engaged in offering new or new and used recreational vehicles for sale at a recreational vehicle show, a recreational vehicle dealer of new or new and used recreational vehicles shall submit to the department a manufacturer's written authorization for the sale and specifying the dates of the show, the location of the show, and the identity of the manufacturer's brand or model names of the new or used recreational vehicles.

(b) The department may issue a temporary subagency license if the location of the show is within fifty miles of the recreational vehicle dealer's established place of business or permanent location. The department may issue a temporary subagency license for a show outside fifty miles of the recreational vehicle dealer's established place of business or per-

manent location only if the product represented is new and is within the factory designated sales territory for each brand of new recreational vehicles to be offered for sale, and only those specific brands of new recreational vehicles may be offered for sale under the terms of the temporary subagency license.

(2) Whenever three or fewer recreational vehicle dealers participate in a show under a temporary subagency license issued under this section, each recreational vehicle dealer shall conspicuously include all of the following information in all advertising and promotional materials designed to attract the public to attend the show:

(a) Each recreational vehicle dealer's business name and the location of the recreational vehicle dealer's established place of business must be printed in a size equivalent to the second largest type used in the advertisement and must be placed at the top of the advertisement; and

(b) The manufacturer's brand or model names of those new recreational vehicles being offered for sale; and

(c) If the recreational vehicles being offered for sale are used, the word "used" must immediately precede the identification of the brand name of the model or be immediately adjacent to the depiction of used vehicles.

(3) Notwithstanding other provisions of this chapter, no more than two temporary subagency licenses may be issued to a recreational vehicle dealer engaged in offering new or new and used recreational vehicles for sale for events with three or fewer recreational vehicle dealers participating, and no more than six temporary subagency licenses may be issued to a recreational vehicle dealer in any twelve-month period for events including four or more recreational vehicle dealers.

(4) The legislature finds that the practices covered by this section are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Violations of this section are not reasonable in relation to the development and preservation of business. A violation of this section is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW. [2006 c 364 § 2.]

46.70.900 Liberal construction. All provisions of this chapter shall be liberally construed to the end that deceptive practices or commission of fraud or misrepresentation in the sale, lease, barter, or disposition of vehicles in this state may be prohibited and prevented, and irresponsible, unreliable, or dishonest persons may be prevented from engaging in the business of selling, leasing, bartering, or otherwise dealing in vehicles in this state and reliable persons may be encouraged to engage in the business of selling, leasing, bartering and otherwise dealing in vehicles in this state: PROVIDED, That this chapter shall not apply to printers, publishers, or broadcasters who in good faith print, publish or broadcast material without knowledge of its deceptive character. 46.71.015 Estimates—Invoices—Recordkeeping requirements. (1) Except as otherwise provided in RCW 46.71.025, all estimates that exceed one hundred dollars shall be in writing and include the following information: The date; the name, address, and telephone number of the repair facility; the name, address, and telephone number, if available, of the customer or the customer's designee; if the vehicle is delivered for repair, the year, make, and model of the vehicle, the vehicle license plate number or last eight digits of the vehicle identification number, and the odometer reading of the vehicle; a description of the problem reported by the customer or the specific repairs requested by the customer; and a choice of alternatives described in RCW 46.71.025.

(2) Whether or not a written estimate is required, parts and labor provided by an automotive repair facility shall be clearly and accurately recorded in writing on an invoice and shall include, in addition to the information listed in subsection (1) of this section, the following information: A description of the repair or maintenance services performed on the vehicle; a list of all parts supplied, identified by name and part number, if available, part kit description or recognized package or shop supplies, if any, and an indication whether the parts supplied are rebuilt, or used, if applicable or where collision repair is involved, aftermarket body parts or nonoriginal equipment manufacturer body parts, if applicable; the price per part charged, if any, and the total amount charged for all parts; the total amount charged for all labor, if any; and the total charge. Parts and labor do not need to be separately disclosed if pricing is expressed as an advertised special by the job, a predisclosed written repair menu item, or a routine service package.

(3) Notwithstanding subsection (2) of this section, if the repair work is performed under warranty or without charge to the customer, other than an applicable deductible, the repair facility shall provide either an itemized list of the parts supplied, or describe the service performed on the vehicle, but the repair facility is not required to provide any pricing information for parts or labor.

(4) A copy of the estimate, unless waived, shall be provided to the customer or customer's designee prior to providing parts or labor as required under RCW 46.71.025. A copy of the invoice shall be provided to the customer upon completion of the repairs.

46.71.021 Disposition of replaced parts. Except for parts covered by a manufacturer's or other warranty or parts that must be returned to a distributor, remanufacturer, or rebuilder, the repair facility shall return replaced parts to the customer at the time the work is completed if the customer requested the parts at the time of authorization of the repair. If a customer at the time of authorization of the repair requests the return of a part that must be returned to the manufacturer, remanufacturer, distributor, recycler, or rebuilder, or must be disposed of as required by law, the repair facility shall offer to show the part to the customer. The repair facility need not show a replaced part if no charge is being made for the replacement part. [1993 c 424 § 4.]

Additional notes found at www.leg.wa.gov

46.71.025 Written estimate required—Alternatives—Authorization to exceed—Exceptions. (1) Except as provided in subsections (3) and (4) of this section, a repair facility prior to providing parts or labor shall provide the customer or the customer's designee with a written price estimate of the total cost of the repair, including parts and labor, or where collision repair is involved, aftermarket body parts or nonoriginal equipment manufacturer body parts, if applicable, or offer the following alternatives:

"YOU ARE ENTITLED TO A WRITTEN PRICE ESTIMATE FOR THE REPAIRS YOU HAVE AUTHORIZED. YOU ARE ALSO ENTITLED TO REQUIRE THE REPAIR FACILITY TO OBTAIN YOUR ORAL OR WRITTEN AUTHORIZATION TO EXCEED THE WRITTEN PRICE ESTIMATE. YOUR SIGNATURE OR INITIALS WILL INDICATE YOUR SELECTION.

1. I request an estimate in writing before you begin repairs. Contact me if the price will exceed this estimate by more than ten percent.

2. Proceed with repairs but contact me if the price will exceed $. . . . . .

3. I do not want a written estimate.

. . . . (Initial or signature)
Date: . . . . Time: . . . ."

(2) The repair facility may not charge the customer more than one hundred ten percent, exclusive of retail sales tax, of the total shown on the written price estimate. Neither of these limitations apply if, before providing additional parts or labor the repair facility obtains either the oral or written authorization of the customer, or the customer's designee, to exceed the written price estimate. The repair facility or its representative shall note on the estimate the date and time of obtaining an oral authorization, the additional parts and labor required, the estimated cost of the additional parts and labor, or where collision repair is involved, aftermarket body parts or nonoriginal equipment manufacturer body parts, if applicable, the

name or identification number of the employee who obtains the authorization, and the name and telephone number of the person authorizing the additional costs.

(3) A written estimate shall not be required when the customer's motor vehicle or component has been brought to an automotive repair facility's regular place of business without face-to-face contact between the customer and the repair facility. Face-to-face contact means actual in-person discussion between the customer or his or her designee and the agent or employee of the automotive repair facility authorized to intake vehicles or components. However, prior to providing parts and labor, the repair facility must obtain either the oral or written authorization of the customer or the customer's designee. The repair facility or its representative shall note on the estimate or repair order the date and time of obtaining an oral authorization, the total amount authorized, the name or identification number of the employee who obtains the authorization, and the name of the person authorizing the repairs.

(4)(a) A written estimate is not required for the repair of any vehicle that:

(i) Qualifies for a horseless carriage license plate as defined in RCW 46.04.199 or a collector vehicle license plate as defined in RCW 46.04.1261;

(ii) Is a street rod vehicle as defined in RCW 46.04.572 or a custom vehicle as defined in RCW 46.04.161; or

(b) This subsection does not prohibit a customer seeking repair services for one of the vehicles listed under this subsection from requesting a written estimate, which may be provided at the discretion of the agent or employee of the automotive repair facility, and in which case the repair facility shall provide notification and documentation advising the customer that the requested repairs will be furnished on a time and materials basis, to be billed at least every two weeks. [2012 c 27 § 1; 1993 c 424 § 5.]

(6) Retaining duplicative payment from both the customer and the warranty or extended service contract provider for the same covered component, part, or labor;

(7) Charging a customer for unnecessary repairs. For purposes of this subsection "unnecessary repairs" means those for which there is no reasonable basis for performing the service. A reasonable basis includes, but is not limited to: (a) That the repair service is consistent with specifications established by law or the manufacturer of the motor vehicle, component, or part; (b) that the repair is in accordance with accepted industry standards; or (c) that the repair was performed at the specific request of the customer. Violations of this chapter are not reasonable in relation to the development and preservation of business. A violation of this chapter is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the Consumer Protection Act, chapter 19.86 RCW. In an action under chapter 19.86 RCW due to an automotive repair facility's charging a customer an amount in excess of one hundred ten percent of the amount authorized by the customer, a violation shall not be found if the automotive repair facility proves by a preponderance of the evidence that its conduct was reasonable, necessary, and justified under the circumstances.

46.72.001 Finding and intent. The legislature finds and declares that privately operated for hire transportation service is a vital part of the transportation system within the state. Consequently, the safety, reliability, and stability of privately operated for hire transportation services are matters of statewide importance. The regulation of privately operated for hire transportation services is thus an essential governmental function. Therefore, it is the intent of the legislature to permit political subdivisions of the state to regulate for hire transportation services without liability under federal antitrust laws. 46.72A.010 Finding and intent. The legislature finds and declares that privately operated limousine transportation service is a vital part of the transportation system within the state and provides prearranged transportation services to state residents, tourists, and out-of-state business people. Consequently, the safety, reliability, and stability of privately operated limousine transportation services are matters of statewide importance. The regulation of privately operated limousine transportation services is thus an essential governmental function. Therefore, it is the intent of the legislature to permit the department and a port district in a county with a population of one million or more to regulate limousine transportation services without liability under federal antitrust laws. It is further the intent of the legislature to authorize a city with a population of five hundred thousand or more to enforce this chapter through a joint agreement with the department, and to direct the department to provide annual funding from limousine regulation-related fees that provide sufficient funds to such a city to provide delegated enforcement. [2011 c 374 § 1; 1996 c 87 § 4.]

Effective date—2011 c 374 §§ 1-12: "Sections 1 through 12 of this act take effect January 1, 2012." [2011 c 374 § 15.]

46.72A.020 Engagement of and fares for carrier services—Service records—Carrier information—Penalties—Rules. (1) Contact by a customer or customer's agent to engage the services of a carrier's limousine must be initiated by a customer or customer's agent at a time and place different from the customer's time and place of departure. The fare for service must be agreed upon prior to departure. Under no circumstances may customers or customers' agents make arrangements to immediately engage the services of a carrier's limousine with the chauffeur, even if the chauffeur is an owner or officer of the company, with the single exception of stand-hail limousines only at a facility owned and operated by a port district in a county with a population of one million or more that are licensed and restricted by the rules and policies set forth by the port district.

(2) At the time of the conduct of the commercial limousine business, the chauffeur of a limousine and the limousine carrier business must possess written or electronic records substantiating the prearrangement of the carrier's services for any customer carried for compensation, except for vehicles meeting the requirements of the exception for stand-hail limousines described in subsection (1) of this section. Limousine carriers and limousine chauffeurs operating as an independent business must list a physical address on their business license issued under chapter 19.02 RCW where records substantiating the prearrangement of the carrier's services may be reviewed by an enforcement officer. A limousine carrier must retain these records for a minimum of one calendar year, and failure to do so is a class 3 civil infraction against the carrier for each record that is missing or fails to include all of the information described in rules adopted under subsection (4) of this section.

(3) Limousine carriers and limousine chauffeurs operating as an independent business must list a telephone or pager number that is used to prearrange the carrier's services for any customer carried for compensation.

(4) The department must adopt rules specifying the content and retention schedule of the records required for compliance with subsection (2) of this section.

(5) The failure of a chauffeur who is operating a limousine to immediately provide, on demand by an enforcement officer, written or electronic records required by the department substantiating the prearrangement of the carrier's services for any customer carried for compensation, except for limousines meeting the requirements of the exception for stand-hail limousines described in subsection (1) of this section, is a class 2 civil infraction and is subject to monetary penalties under RCW 7.80.120. It is a class 1 civil infraction for a repeat offense under this subsection during the same calendar year.

(6) The department must define by rule conditions under which a chauffeur is considered to be operating a limousine, including when the limousine is parked in a designated passenger load zone. [2013 c 144 § 40; 2011 c 374 § 2; 1996 c 87 § 5.]

Effective date—2011 c 374 §§ 1-12: See note following RCW 46.72A.010.

Report by internal work group on issuance of chauffeur licenses—2011 c 374: See note following RCW 46.72A.090.

46.72A.030 Regulation—Inspection—Fees—Penalties. (1) The department, in conjunction with the Washington state patrol, shall regulate limousine carriers with respect to entry, safety of equipment, chauffeur qualifications, and operations. The department shall adopt rules and require such reports as are necessary to carry out this chapter. The department may develop penalties for failure to comply with this section.

(2) In addition, a port district in a county with a population of one million or more may regulate limousine carriers with respect to entry, safety of equipment, chauffeur qualifications, and operations. The county in which the port district is located may adopt ordinances and rules to assist the port district in enforcement of limousine regulations only at port facilities. In no event may this be construed to grant the county the authority to regulate limousines within its jurisdiction. The port district may not set limousine rates, but the limousine carriers shall file their rates and schedules with the port district if requested.

(3) The department, a port district in a county with a population of at least one million, or a county in which the port district is located may enter into cooperative agreements for the joint regulation of limousines.

(4) The department and a city with a population of five hundred thousand or more may enter into cooperative agreements as provided in RCW 46.72A.150, subject to the limitations set forth in RCW 46.72A.130.

(5) The Washington state patrol shall annually conduct a vehicle inspection of each limousine licensed under this chapter, except when a port district, or a city with a population of five hundred thousand or more, enforces limousine carrier regulations under subsection (2) or (4) of this section, that port district or county in which the port district is located, or a city with a population of five hundred thousand or more, may conduct the annual limousine vehicle inspection and random limousine vehicle inspections in conjunction with limousine regulation enforcement activities, provided that the inspection criteria and fees are substantially the same regardless of the authority conducting the inspection. Random limousine vehicle inspections may not be conducted while the limousine contains customers. The state patrol, the city, or the port district conducting the annual limousine vehicle inspection may impose an annual vehicle inspection fee and reinspection fee. A carrier must pay a reinspection fee if a limousine fails inspection for compliance with vehicle standards and is reinspected. If the limousine passes the first reinspection within thirty days of failing the original inspection, all of the reinspection fee must be refunded to the carrier. However, refunds are not available for subsequent reinspections. While a limousine is licensed by the department for commercial limousine use, failure to comply with vehicle inspection standards, established by the department by rule, is a class 3 civil infraction against the carrier, with monetary penalties against the carrier as specified in RCW 7.80.120, for each violation of a safety requirement. It is a class 4 civil infraction for each violation of other vehicle standards, with monetary penalties against the carrier as specified in RCW 7.80.120, and the limousine vehicle certificate must be summarily suspended until safety violations of vehicle standards are corrected and the limousine is reinspected. [2011 c 374 § 3; 1996 c 87 § 6.]

Report by internal work group on issuance of chauffeur licenses—2011 c 374: See note following RCW 46.72A.090.

46.72A.040 State preemption—Exceptions. Except when a port district regulates limousine carriers under RCW 46.72A.030 or a city with a population of five hundred thousand or more is authorized under RCW 46.72A.150 to enforce state laws or rules applicable to limousine carriers, limousines, and chauffeurs, subject to the limitations set forth in RCW 46.72A.150, the state of Washington fully occupies and preempts the entire field of regulation over limousine carriers as regulated by this chapter. Cities, towns, and counties or other municipalities may enact only those laws and ordinances relating to limousine carriers that are consistent with this chapter. [2011 c 374 § 4; 1996 c 87 § 7.]

Effective date—2011 c 374 §§ 1-12: See note following RCW 46.72A.010.

(2) In addition, a limousine carrier shall obtain from the department a limousine carrier license for the business and a limousine vehicle certificate for each limousine operated by the carrier. The limousine carrier license and limousine vehicle certificates must be renewed through the department annually or as may be required by the department. The department shall establish by rule the procedure for obtaining, and the fees for, the limousine carrier license and limousine vehicle certificate. It is a class 1 civil infraction, with monetary penalties against the carrier as specified in RCW 7.80.120, for each day that a limousine is operated without a valid limousine carrier license or valid limousine vehicle certificate required under this subsection. [2011 c 374 § 5; 1996 c 87 § 8.]

Effective date—2011 c 374 §§ 1-12: See note following RCW 46.72A.010.

Report by internal work group on issuance of chauffeur licenses—2011 c 374: See note following RCW 46.72A.090.

46.72A.060 Insurance—Amount—Penalty. (1) The department shall require limousine carriers to obtain and continue in effect, liability and property damage insurance from a company licensed to sell liability insurance in this state for each limousine used to transport persons for compensation.

(2) The department shall fix by rule coverages and limits, and prohibit provisions that limit coverage, for the insurance policy or policies, giving consideration to the character and amount of traffic, the number of persons affected, and the degree of danger that the proposed operation involves. The limousine carrier must maintain the liability and property damage insurance in force on each limousine while licensed by the department.

(3) Failure to file and maintain in effect the insurance required under this section is a gross misdemeanor and the

limousine vehicle certificate must be summarily suspended. It is a class 1 civil infraction, with monetary penalties against the carrier as specified in RCW 7.80.120, for each day that a carrier operates a limousine with a summarily suspended limousine vehicle certificate. [2011 c 374 § 6; 2003 c 53 § 251; 1996 c 87 § 9.]

46.72A.070 Vehicle certificates—Issuance of new or duplicate certificate—Penalty. (1) If the limousine carrier substitutes a liability and property damage insurance policy after a vehicle certificate has been issued, a new vehicle certificate is required. The limousine carrier shall submit the substituted policy to the department for approval, together with a fee. If the department approves the substituted policy, the department shall issue a new vehicle certificate.

(2) If a vehicle certificate has been lost, destroyed, or stolen, a duplicate vehicle certificate may be obtained by filing an affidavit of loss and paying a fee.

(3)(a) Except as provided in (b) of this subsection, a limousine carrier who operates a vehicle without first having received a vehicle certificate as required by this chapter is guilty of a misdemeanor.

(b) A second or subsequent offense is a gross misdemeanor. [2003 c 53 § 252; 1996 c 87 § 10.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

No limousine carrier may advertise or hold itself out to the public as providing taxicab transportation services.

(2) All advertising, contracts, correspondence, cards, signs, posters, papers, and documents that show a limousine carrier's name or address shall list the carrier's unified business identifier and the type of service offered. The alphabetized listing of limousine carriers appearing in the advertising sections of telephone books or other directories and all advertising that shows the carrier's name or address must show the carrier's current unified business identifier.

(3) Advertising in the alphabetical listing in a telephone directory need not contain the carrier's certified business identifier.

(6) In deciding the amount of penalty to be imposed per violation, the department shall consider the following factors:

(3) The director shall revise the Washington motorcycle safety program to:

(a) Institute separate novice and advanced motorcycle skills education courses for both two-wheeled and three-wheeled motorcycles that are each a minimum of eight hours;

(b) Encourage the use of loaned or used motorcycles for use in the motorcycle skills education course if the instructor approves them;

(4) The department may enter into agreements to review and certify that a private motorcycle skills education course meets educational standards equivalent to those required of courses conducted under the motorcycle skills education program. Finding—2019 c 65: "The legislature finds that target zero is Washington's strategic highway safety plan of zero traffic fatalities by 2030 and the number of motorcycle involved fatalities has doubled since the 1990s and remains at a high level. Motorcycles are involved in nearly twenty percent of fatal and serious injury crashes while they make up only three percent of the total registered vehicles. Motorcyclists are also at fault in seventy-five percent of motorcycle fatalities. In order to move Washington closer to target zero, the department of licensing is updating its motorcycle safety program with feedback from the national highway traffic safety administration, the Washington traffic safety commission, and other stakeholders. These changes will improve public safety by creating a more meaningful and comprehensive motorcycle endorsement test, providing training programs greater flexibility, increasing penalties to discourage unendorsed riders, and focusing motorcycle subsidies on expanding access to motorcycle ridership." The license of any driver training school or instructor may be suspended, revoked, denied, or refused renewal, or such other disciplinary action authorized under RCW 18.235.110 may be imposed, for failure to comply with the business practices specified in this section.

(1) No place of business shall be established nor any business of a driver training school conducted or solicited within one thousand feet of an office or building owned or leased by the department of licensing in which examinations for drivers' licenses are conducted. (c) To classify as a branch office or classroom the facility must be within a thirty-five mile radius of the established place of business. The department may waive or extend the thirty-five mile restriction for driver training schools located in counties below the median population density.

(d) Nothing in this subsection may be construed as limiting the authority of local governments to grant conditional use permits or variances from zoning ordinances.

(7) No driver training school or instructor shall conduct any type of instruction or training on a course used by the department of licensing for testing applicants for a Washington driver's license.

(8) Each driver training school shall maintain its student, instructor, vehicle, insurance, and operating records at its established place of business.

(a) Student records must include the student's name, address, and telephone number, date of enrollment and all dates of instruction, the student's instruction permit or driver's license number, the type of training given, the total number of hours of instruction, and the name and signature of the instructor or instructors.

(b) Vehicle records shall include the original insurance policies and copies of the vehicle registration for all instruction vehicles.

(c) Student and instructor records shall be maintained for three years following the completion of the instruction. Vehicle records shall be maintained for five years following their issuance. All records shall be made available for inspection upon the request of the department.

(d) Upon a transfer or sale of school ownership the school records shall be transferred to and become the property and responsibility of the new owner.

(9) Each driver training school shall, at its established place of business, display, in a place where it can be seen by all clients, a copy of the required curriculum furnished by the department. Filing an appeal shall stay the action pending the hearing and the director's decision. Upon conclusion of the hearing, the director shall issue a decision on the appeal.

Additional notes found at www.leg.wa.gov

46.83.050 Court may order attendance. Every municipal court, district court, juvenile court, superior court, and every other court handling traffic cases within the limits of a county wherein a traffic school has been established may, as a part of any sentence imposed following a conviction for any traffic law violation, or as a condition on the suspension of sentence or deferral of any imposition of sentence, order any person so convicted, whether that person be a juvenile, a minor, or an adult, to attend the traffic school for a number of days to be determined by the court, but not to exceed the maximum number of days which the violator could be required to serve in the city or county jail as a result of his or her conviction. 46.83.060 Duty of person required to attend—Penalty. Every person required to attend a traffic school as established under the provisions of this chapter shall maintain attendance in accordance with the sentence or order. Failure so to do, unless for good cause shown by clear and convincing evidence, is a traffic infraction. [1979 ex.s. c 136 § 98; 1961 c 12 § 46.83.060. Prior: 1959 c 182 § 6.]

Additional notes found at www.leg.wa.gov

46.83.070 Use of fees collected in excess of school costs—Limitations. (1) A traffic school established by a city, town, or county under this chapter that collects fees for the cost of attending the traffic school may use any fees collected that are in excess of the costs of the traffic school for the following activities:

(a) Safe driver education materials and programs;

(b) Safe driver education promotions and advertising; or

(c) Costs associated with the training of law enforcement officers.

(2) This section does not authorize a city, town, or county to increase or impose new fees for traffic schools solely for the uses authorized in subsection (1) of this section.

(3) This section is not intended, and may not be construed, to reduce, increase, or otherwise impact funding for judicial programs, functions, or services.

(4) The fees collected by a traffic school in excess of the costs of the traffic school must be used only for the activities listed in subsection (1) of this section and are not subject to indirect costs or to be used to supplement any other costs of a city, town, or county not specifically described in this section. [2013 c 41 § 1; 2011 c 197 § 1.]

46.83.080 Prohibition on school fee in excess of penalty for unscheduled traffic infraction. A traffic school established by a city, town, or county under this chapter that collects fees for the cost of attending the traffic school may not charge a fee in excess of the penalty for an unscheduled traffic infraction established by the supreme court pursuant to RCW 46.63.110. For the purposes of this section, the penalty includes the base penalty and all assessments and other costs that are required by statute or rule to be added to the base penalty. [2011 c 197 § 2.]

46.83.090 Bicycle and pedestrian curriculum requirement. Any jurisdiction conducting a traffic school or traffic safety course in connection with a condition of a deferral, sentence, or penalty for a traffic infraction or traffic-related criminal offense listed under RCW 46.63.020 shall include, as part of its curriculum, the curriculum for driving safely among bicyclists and pedestrians that has been approved by the department of licensing for driver training schools. This curriculum requirement does not require that more than thirty minutes be devoted to the bicycle and pedestrian curriculum. [2011 c 17 § 2.]

Finding—2011 c 17: "The legislature finds that a number of cities and counties in the state of Washington conduct traffic schools or traffic safety courses for persons cited for traffic infractions or traffic-related criminal offenses as a condition of a deferral, sentence, or penalty. The legislature recognizes that since driver education programs have only recently been required to provide information about how to drive safely among bicyclists and pedestrians, many licensed drivers do not have knowledge about such safe driving practices. In order to increase such knowledge and to avoid unnecessary injuries, fatalities, and conflicts, the legislature believes that it is appropriate to include the bicycle and pedestrian curriculum approved by the department of licensing for driver training schools as part of the curriculum of such traffic schools and traffic safety courses. Curriculum materials, which are donated by bicycle organizations to the department of licensing without state expense, are available from the department of licensing and are also available electronically on the department's web site." [2011 c 17 § 1.]

46.85.010 Declaration of policy. It is the policy of this state to promote and encourage the fullest possible use of its highway system by authorizing the making and execution of vehicle reciprocal or proportional registration agreements, arrangements and declarations with other states, provinces, territories, and countries with respect to vehicles registered in this and such other states, provinces, territories, and countries thus contributing to the economic and social development and growth of this state. [1987 c 244 § 8; 1963 c 106 § 1.]

46.85.020 Definitions. The definitions set forth in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Jurisdiction" means and includes a state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a foreign country, and a state or province of a foreign country.

(2) "Owner" means a person, business firm, or corporation who holds the legal title to a vehicle, or in the event a vehicle is the subject of an agreement for the conditional sale thereof with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee, or in the event a vehicle is subject to a lease, contract, or other legal arrangement vesting right of possession or control, for security or otherwise, or in the event a mortgagor of a vehicle is entitled to possession, then the owner shall be deemed to be such person in whom is vested right of possession or control.

(3) "Properly registered," as applied to place of registration, means:

(a) The jurisdiction where the person registering the vehicle has his or her legal residence; or

(b) In the case of a commercial vehicle, the jurisdiction in which it is registered if the commercial enterprise in which such vehicle is used has a place of business therein, and, if the vehicle is most frequently dispatched, garaged, serviced, maintained, operated, or otherwise controlled in or from such place of business, and, the vehicle has been assigned to such place of business; or

(c) In the case of a commercial vehicle, the jurisdiction where, because of an agreement or arrangement between two or more jurisdictions, or pursuant to a declaration, the vehicle has been registered as required by said jurisdiction.

In case of doubt or dispute as to the proper place of registration of a vehicle, the department shall make the final determination, but in making such determination, may confer with departments of the other jurisdictions affected. [2010 c 8 § 9100; 1987 c 244 § 9; 1985 c 173 § 2; 1982 c 227 § 18; 1981 c 222 § 1; 1963 c 106 § 2.]

46.85.030 Departmental entry into multistate proportional registration agreement, International Registration Plan. The department of licensing shall have the authority to execute agreements, arrangements, or declarations to carry out the provisions of chapter 46.87 RCW and this chapter.

If the department enters into a multistate proportional registration agreement which requires this state to perform acts in a quasi agency relationship, the department may collect and forward applicable registration fees and applications to other jurisdictions on behalf of the applicant or on behalf of another jurisdiction and may take such other action as will facilitate the administration of such agreement.

If the department enters into a multistate proportional registration agreement which prescribes procedures applicable to vehicles not specifically described in chapter 46.87 RCW, such as but not limited to "owner-operator" or "rental" vehicles, it shall promulgate rules taking exception to or accomplishing the procedures prescribed in such agreement.

It is the purpose and intent of this subsection to facilitate the membership in the International Registration Plan and at the same time allow the department to continue to participate in such agreements and compacts as may be necessary and desirable in addition to the International Registration Plan. [1987 c 244 § 10; 1982 c 227 § 19; 1981 c 222 § 2; 1977 ex.s. c 92 § 1; 1975-'76 2nd ex.s. c 34 § 137; 1967 c 32 § 113; 1963 c 106 § 3.]

46.85.040 Authority for reciprocity agreements—Provisions—Reciprocity standards. The department may enter into an agreement or arrangement with the duly authorized representatives of another jurisdiction, granting to vehicles or to owners of vehicles which are properly registered or licensed in such jurisdiction and for which evidence of compliance is supplied, benefits, privileges, and exemptions from the payment, wholly or partially, of any taxes, fees, or other charges imposed upon such vehicles or owners with respect to the operation or ownership of such vehicles under the laws of this state. Such an agreement or arrangement shall provide that vehicles properly registered or licensed in this state when operated upon highways of such other jurisdiction shall receive exemptions, benefits, and privileges of a similar kind or to a similar degree as are extended to vehicles properly registered or licensed in such jurisdiction when operated in this state. Each such agreement or arrangement shall, in the judgment of the department, be in the best interest of this state and the citizens thereof and shall be fair and equitable to this state and the citizens thereof, and all of the same shall be determined on the basis and recognition of the benefits which accrue to the economy of this state from the uninterrupted flow of commerce. [1985 c 173 § 3; 1982 c 227 § 20; 1963 c 106 § 4.]

Additional notes found at www.leg.wa.gov

46.85.050 Base state registration reciprocity. An agreement or arrangement entered into, or a declaration issued under the authority of chapter 46.87 RCW or this chapter may contain provisions authorizing the registration or licensing in another jurisdiction of vehicles located in or operated from a base in such other jurisdiction which vehicles otherwise would be required to be registered or licensed in this state; and in such event the exemptions, benefits, and privileges extended by such agreement, arrangement, or declaration shall apply to such vehicles, when properly licensed or registered in such base jurisdiction. [1987 c 244 § 11; 1963 c 106 § 5.]

46.85.060 Declarations of extent of reciprocity, when—Exemptions, benefits, and privileges—Rules. In the absence of an agreement or arrangement with another

jurisdiction, the department may examine the laws and requirements of such jurisdiction and declare the extent and nature of exemptions, benefits and privileges to be extended to vehicles properly registered or licensed in such other jurisdiction, or to the owners of such vehicles, which shall, in the judgment of the department, be in the best interest of this state and the citizens thereof and which shall be fair and equitable to this state and the citizens thereof, and all of the same shall be determined on the basis and recognition of the benefits which accrue to the economy of this state from the uninterrupted flow of commerce. Declarations of exemptions, benefits, and privileges issued by the department shall include at least the following exemptions:

(1) Nonresident persons not employed in this state may operate a vehicle in this state that is currently licensed in another jurisdiction for a period not to exceed six months in any continuous twelve-month period.

(2) Nonresident persons employed in this state may operate vehicles not to exceed twelve thousand pounds registered gross vehicle weight that are currently licensed in another jurisdiction if no permanent, temporary, or part-time residence is maintained in this state for a period greater than six months in any continuous twelve-month period.

(3) A vehicle or a combination of vehicles, not exceeding a registered gross or combined gross vehicle weight of twelve thousand pounds, which is properly base licensed in another jurisdiction and registered to a bona fide business in that jurisdiction is not required to obtain Washington vehicle license registration except when such vehicle is owned or operated by a business or branch office of a business located in Washington.

(4) The department of licensing, after consultation with the department of revenue, shall adopt such rules as it deems necessary for the administration of these exemptions, benefits, and privileges. [1987 c 142 § 4; 1985 c 353 § 3; 1982 c 227 § 21; 1963 c 106 § 6.]

An agreement, or arrangement entered into, or a declaration issued under the authority of this chapter, may contain provisions under which a leased vehicle properly registered by the lessor thereof may be entitled, subject to terms and conditions stated therein, to the exemptions, benefits and privileges extended by such agreement, arrangement or declaration. [1963 c 106 § 7.]

46.85.080 Automatic reciprocity, when. On and after July 1, 1963, if no agreement, arrangement or declaration is in effect with respect to another jurisdiction as authorized by this chapter, any vehicle properly registered or licensed in such other jurisdiction and for which evidence of compliance is supplied shall receive, when operated in this state, the same exemptions, benefits and privileges granted by such other jurisdiction to vehicles properly registered in this state. Reciprocity extended under this section shall apply to commercial vehicles only when engaged exclusively in interstate commerce. [1963 c 106 § 8.]

46.85.090 Suspension of reciprocity benefits. Agreements, arrangements or declarations made under the authority of this chapter may include provisions authorizing the department to suspend or cancel the exemptions, benefits, or privileges granted thereunder to an owner who violates any of the conditions or terms of such agreements, arrangements, or declarations or who violates the laws of this state relating to motor vehicles or rules and regulations lawfully promulgated thereunder. [1987 c 244 § 12; 1963 c 106 § 9.]

46.85.100 Agreements to be written, filed, and available for distribution. All agreements, arrangements, or declarations or amendments thereto shall be in writing and shall be filed with the department. Upon becoming effective, they shall supersede the provisions of RCW 46.16A.160, chapter 46.87 RCW, or this chapter to the extent that they are inconsistent therewith. The department shall provide copies for public distribution upon request. [2011 c 171 § 94; 1987 c 244 § 13; 1982 c 227 § 22; 1967 c 32 § 114; 1963 c 106 § 10.]

46.85.900 Chapter part of and supplemental to motor vehicle registration law. This chapter shall be, and construed as, a part of and supplemental to the motor vehicle registration law of this state. [1963 c 106 § 30.]

46.85.910 Constitutionality. If any phrase, clause, subsection or section of this chapter shall be declared unconstitutional or invalid by any court of competent jurisdiction, it shall be conclusively presumed that the legislature would have enacted this chapter without the phrase, clause, subsection or section so held unconstitutional or invalid and the remainder of the chapter shall not be affected as a result of said part being held unconstitutional or invalid. (1) The director may adopt and enforce rules deemed necessary to implement and administer this chapter.

(2) Owners having a fleet of apportionable vehicles operating in two or more IRP member jurisdictions may elect to proportionally register the vehicles of the fleet under the provisions of the IRP and this chapter in lieu of full or temporary registration as provided for in chapter 46.16A RCW.

(3) If a due date or an expiration date falls on a Saturday, Sunday, or a state legal holiday, such period is automatically extended through the end of the next business day. [2015 c 228 § 1; 2011 c 171 § 95; 2010 c 161 § 1140; 2005 c 194 § 1; 1987 c 244 § 15; 1986 c 18 § 22; 1985 c 380 § 1.]

46.87.020 Definitions. Provisions and terms used in this chapter have the meaning given to them in the international registration plan (IRP), in chapter 46.04 RCW, or as otherwise defined in this section. Definitions given to terms by the IRP prevail unless given a different meaning in this chapter or in rules adopted under authority of this chapter.

(1) "Adequate records" are records maintained by the owner of the fleet sufficient to enable the department to verify the distances reported in the owner's application for apportioned registration and to evaluate the accuracy of the owner's distance accounting system.

(2) "Apportionable vehicle" has the meaning given by the IRP, except that it does not include vehicles with a declared gross weight of twelve thousand pounds or less.

(3) "Cab card" is a certificate of registration issued for a vehicle.

(4) "Credentials" means cab cards, apportioned plates, temporary operating authority, and validation tabs issued for proportionally registered vehicles.

(5) "Declared combined gross weight" means the total unladen weight of any combination of vehicles plus the maximum weight of the load to be carried on the combination of vehicles as declared by the registrant.

(6) "Declared gross weight" means the total unladen weight of any vehicle plus the maximum weight of the load to be carried on the vehicle as declared by the registrant. In the case of a bus, auto stage, or a passenger-carrying for hire vehicle with a seating capacity of more than six, the declared gross weight is determined by multiplying one hundred fifty pounds by the number of seats in the vehicle, including the driver's seat, and adding this amount to the unladen weight of the vehicle. If the resultant gross weight is not listed in RCW 46.17.355, it must be increased to the next higher gross weight authorized in chapter 46.44 RCW.

(7) "Department" means the department of licensing.

(8) "Fleet" means one or more apportionable vehicles.

(9) "In-jurisdiction distance" means the total distance, in miles, accumulated in a jurisdiction during the reporting

period by vehicles of the fleet while they were a part of the fleet.

(10) "IRP" means the international registration plan.

(11) "Jurisdiction" means and includes a state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a foreign country, and a state or province of a foreign country.

(12) "Motor carrier" means an entity engaged in the transportation of goods or persons. "Motor carrier" includes a for-hire motor carrier, private motor carrier, exempt motor carrier, registrant licensed under this chapter, motor vehicle lessor, and motor vehicle lessee.

(13) "Owner" means a person or business who holds the legal title to a vehicle, or if a vehicle is the subject of an agreement for its conditional sale with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee, or if a vehicle is subject to a lease, contract, or other legal arrangement vesting right of possession or control, for security or otherwise, or if a mortgagor of a vehicle is entitled to possession, then the owner is deemed to be the person or business in whom is vested right of possession or control.

(13) [(14)] "Person" means any individual, partnership, association, public or private corporation, limited liability company, or other type of legal or commercial entity, including its members, managers, partners, directors, or officers.

(14) [(15)] "Prorate percentage" is the factor applied to the total proratable fees and taxes to determine the apportionable fees required for registration in a jurisdiction. It is determined by dividing the in-jurisdiction distance for a particular jurisdiction by the total distance.

(15) [(16)] "Registrant" means a person, business, or corporation in whose name or names a vehicle or fleet of vehicles is registered.

(16) [(17)] "Registration year" means the twelve-month period during which the credentials issued by the base jurisdiction are valid.

(17) [(18)] "Reporting period" means the period of twelve consecutive months immediately prior to July 1st of the calendar year immediately preceding the beginning of the registration year for which apportioned registration is sought. If the fleet registration period commences in October, November, or December, the reporting period is the period of twelve consecutive months immediately preceding July 1st of the current calendar year.

(18) [(19)] "Total distance" means all distance operated by a fleet of apportioned vehicles. "Total distance" includes the full distance traveled in all vehicle movements, both interjurisdictional and intrajurisdictional, including loaded, unladen, deadhead, and bobtail distances. Distance traveled by a vehicle while under a trip lease is considered to have been traveled by the lessor's fleet. All distance, both interstate and intrastate, accumulated by vehicles of the fleet is included in the fleet distance. [2015 c 228 § 2; 2010 c 161 § 1141; 2005 c 194 § 2; 2003 c 85 § 1; 1997 c 183 § 2; 1994 c 262 § 12; 1993 c 307 § 12; 1991 c 163 § 4; 1990 c 42 § 111; 1987 c 244 § 16; 1985 c 380 § 2.]

46.87.022 Rental trailers—Fleet vehicle registration. Owners of rental trailers and semitrailers over six thousand pounds gross vehicle weight used solely in pool fleets must fully register a portion of the pool fleet in this state. To determine the percentage of total fleet vehicles that must be registered in this state, divide the gross revenue received in the reporting period for the use of the rental vehicles arising from rental transactions occurring in this state by the total revenue received in the reporting period for the use of the rental vehicles arising from rental transactions in all jurisdictions in which the vehicles are operated. Apply the resulting percentage to the total number of vehicles that must be registered in this state. Vehicles registered in this state must be representative of the vehicles in the fleet according to age, size, and value. [2015 c 228 § 3; 1990 c 250 § 74.]

Effective date—2015 c 228: See note following RCW 46.87.010.

46.87.025 Vehicles titled in owner's name. All vehicles being added to a Washington fleet or those vehicles that make up a new Washington fleet must be titled in the name of the owner at time of registration. [2015 c 228 § 4; 1990 c 250 § 75; 1987 c 244 § 17.]

Effective date—2015 c 228: See note following RCW 46.87.010.

46.87.030 Part-year registration—Credit for unused fees. (1) When application to register a vehicle in an existing fleet is made, the Washington apportioned fees must be reduced by one-twelfth for each full month that has elapsed from the time an application for registration is received in the department. The prorate percentage previously established for the fleet must be used in the computation of the apportionable fees and taxes due.

(2) If a vehicle is withdrawn from a fleet during the period it is registered under this chapter, the registrant of the fleet must notify the department on forms prescribed by the department. The department may require the registrant to surrender credentials issued to the vehicle. If a vehicle is completely removed from the service of the fleet, the unused portion of the license fee paid under RCW 46.17.355, reduced by one-twelfth for each month and fraction thereof elapsing between the first day of the month of the current registration year and the date the notice of removal is received in the department, must be credited to the registrant's fleet proportional registration account. Credit must be applied against the license fee liability for subsequent additions of vehicles to the fleet during the registration year or for additional license fees due under RCW 46.17.355 or be due upon audit under RCW 46.87.310. If any credit is less than fifteen dollars, the credit must not be entered. In lieu of credit, the registrant may transfer the unused portion of the license fee for the vehicle to the new owner, in which case it must remain with the vehicle for which it was originally paid. An amount may not be credited against fees other than those for the registration year from

which the credit was obtained and an amount may not be refunded. [2015 c 228 § 5; 2010 c 161 § 1142; 2005 c 194 § 3; 1997 c 183 § 3; 1993 c 307 § 13; 1987 c 244 § 18; 1986 c 18 § 23; 1985 c 380 § 3.]

46.87.040 Purchase of additional gross weight. Additional gross weight may be purchased to the limits authorized under chapter 46.44 RCW. Registration must be for the remainder of the registration year, including the full registration month in which the vehicle is initially registered at the higher gross weight. The apportionable fee initially paid to the state of Washington, reduced by the number of full registration months the license was in effect, must be deducted from the total fee due. A credit or refund may not be given for a reduction of gross weight. [2015 c 228 § 6; 1994 c 262 § 13; 1987 c 244 § 19; 1985 c 380 § 4.]

46.87.050 Deposit of fees. Each day the department must forward to the state treasurer the fees collected under this chapter and, within ten days of the end of each registration quarter, a detailed report identifying the amount to be deposited to each account for which fees are required. Such fees must be deposited pursuant to RCW 46.68.035. [2015 c 228 § 7; 2005 c 194 § 4; 1987 c 244 § 20; 1985 c 380 § 5.]

Effective date—2015 c 228: See note following RCW 46.87.010.

46.87.060 Apportionment of fees. The apportionment of fees to IRP member jurisdictions must be in accordance with the provisions of the IRP agreement. [2015 c 228 § 8; 1987 c 244 § 21; 1985 c 380 § 6.]

46.87.070 Reciprocity for trailers, semitrailers, pole trailers. Trailers, semitrailers, and pole trailers properly based in jurisdictions other than Washington and displaying currently registered license plates issued by the jurisdictions are granted vehicle registration reciprocity in this state. Unless registered under the provisions of the IRP as a pool fleet, such trailers, semitrailers, and pole trailers must be operated in combination with an apportioned power unit to qualify for reciprocity. If pole trailers are not required to be licensed separately by a member jurisdiction, they may be operated in this state without displaying a base license plate. [2015 c 228 § 9; 2005 c 194 § 5; 1993 c 123 § 1. Prior: 1991 c 339 § 9; 1991 c 163 § 5; 1990 c 42 § 112; 1987 c 244 § 22; 1985 c 380 § 7.]

46.87.080 Credentials—Design, procedures—Issuance, denial, suspension, revocation. (1) Upon making satisfactory application and payment of fees and taxes for proportional registration under this chapter, the department must issue credentials. License plates must be displayed as required under RCW 46.16A.200(5). The license plates must be of a design determined by the department. The license plates must be treated with reflectorized material and clearly marked with the words "WASHINGTON" and "APPORTIONED," both words to appear in full and without abbreviation.

(2) The cab card is the certificate of registration for the vehicle. The cab card must contain the name and address of the registrant as maintained in the records of the department, the license plate number assigned to the vehicle, the vehicle identification number, and other information the department may require. The cab card must be signed by the registrant, or a designated person if the registrant is a business, and must always be carried in the vehicle.

(3) The apportioned license plates are not transferable. License plates must be legible and remain with the vehicle until the department requires them to be removed.

(4) Validation tab(s) of a design determined by the department must be affixed to the license plate(s) as prescribed by the department and indicate the month and year for which the vehicle is registered.

(5) A fleet vehicle properly registered is deemed to be fully registered in this state for any type of legal movement or operation. In instances in which a permit or grant of authority is required for interstate or intrastate operation, the vehicle must not be operated in interstate or intrastate commerce unless the owner is granted the appropriate operating authority and the vehicle is being operated in conformity with that permit or operating authority.

(6) The department may deny, suspend, or revoke the credentials authorized under subsection (1) of this section to any person: (a) Who formerly held any type of license, registration, credentials, or permit issued by the department pursuant to chapter 46.16A, 46.44, 46.85, 46.87, or 82.38 RCW that has been revoked for cause, which cause has not been removed; (b) who is a subterfuge for the real party in interest whose license, registration, credentials, or permit issued by the department pursuant to chapter 46.16A, 46.44, 46.85, 46.87, or 82.38 RCW and has been revoked for cause, which cause has not been removed; (c) who, as a person, individual licensee, or officer, partner, director, owner, or managing employee of a nonindividual licensee, has had a license, registration, or permit issued by the department pursuant to chapter 46.16A, 46.44, 46.85, 46.87, or 82.38 RCW that has been revoked for cause, which cause has not been removed; (d) who has an unsatisfied debt to the state assessed under either chapter 46.16A, 46.44, 46.85, 46.87, 82.38, or 82.44 RCW; or (e) who, as a person, individual licensee, officer, partner, director, owner, or managing employee of a nonindividual licensee, has been prohibited from operating as a motor carrier by the federal motor carrier safety administration or Washington state patrol and the cause for such prohibition has not been satisfied.

(7) Before such denial, suspension, or revocation under subsection (6) of this section, the department must grant the applicant, registrant, or owner an informal hearing and at

least ten days written notice of the time and place of the hearing. [2015 c 228 § 10; 2013 c 225 § 609; 2011 c 171 § 97; 2005 c 194 § 6; 1998 c 115 § 1; 1993 c 307 § 14; 1987 c 244 § 23; 1985 c 380 § 8.]

46.87.090 Replacement of license plates, cab card, validation tabs—Fees. (1) To replace license plates, a cab card, or validation tab(s), the registrant must apply to the department on forms furnished by the department.

(a) A fee of ten dollars is charged for two license plates. The department must issue new license plates with validation tabs and a new cab card.

(b) A fee of two dollars is charged for each cab card.

(c) A fee of two dollars is charged for each validation year tab.

(2) All fees collected under this section must be deposited in the motor vehicle fund. [2015 c 228 § 11; 1994 c 262 § 14; 1987 c 244 § 24; 1986 c 18 § 24; 1985 c 380 § 9.]

46.87.120 Report of actual distance accumulated on applications. (1) An application for proportional registration of a fleet must state the actual distance accumulated by the fleet during the reporting period. If operations were not conducted by the fleet during the reporting period, the application must contain a department determined average per vehicle distance of the fleet in all jurisdictions. [2015 c 228 § 12; 2005 c 194 § 7; 1997 c 183 § 4; 1990 c 42 § 113; 1987 c 244 § 25.]

46.87.130 Transaction fee. The department must collect a vehicle transaction fee each time a vehicle is added to a Washington fleet, and each time the registration of a Washington fleet vehicle is renewed. The exact amount of the vehicle transaction fee must be fixed by rule, but must not exceed ten dollars. This fee must be deposited in the motor vehicle fund. [2015 c 228 § 13; 2005 c 194 § 8; 1987 c 244 § 26.]

46.87.140 Application—Filing, contents—Fees and taxes—Assessments, due date. (1) Any owner of one or more fleets of apportionable vehicles may, in lieu of registration of the vehicles under chapter 46.16A RCW, register the vehicles of each fleet by filing a proportional registration application with the department. The application must contain the following information and other information the department may require:

(a) A description and identification of each vehicle in the fleet.

(b) An original or renewal application must be accompanied by a distance schedule for each fleet.

(c) The USDOT number issued to the registrant and the USDOT number of the motor carrier responsible for the safety of each vehicle, if different.

(d) The taxpayer identification number of the registrant and the motor carrier responsible for the safety of each vehicle, if different.

(2) Each application must, at the time and in the manner required by the department, be supported by payment of a fee computed as follows:

(a) Divide the in-jurisdiction distance for each jurisdiction by the total distance and carry the answer to the nearest thousandth of a percent (three places beyond the decimal, e.g. 10.543 percent). This factor is known as the prorate percentage.

(b) Determine the apportionable fees and taxes required for each vehicle in the fleet based on the applicable fees and taxes under the laws of each jurisdiction.

Fees and taxes for vehicles of Washington fleets and foreign jurisdiction fleets operating in Washington are those prescribed under RCW 46.17.315, 46.17.355, and 82.38.075. If, during the registration period, the lessor of an apportioned vehicle changes and the vehicle remains in the fleet of the registrant, the department must only charge those fees prescribed for the issuance of new apportioned license plates, validation tabs, and cab card.

(c) Multiply the total, apportionable fees or taxes for each vehicle by the prorate percentage applicable to each jurisdiction and round the results to the nearest cent.

(d) Add the total fees and taxes determined in (c) of this subsection for each vehicle to the nonapportionable fees and taxes required under the laws of each jurisdiction. Nonapportionable fees required for vehicles of Washington fleets are the administrative fee required under RCW 82.38.075, the vehicle transaction fee pursuant to RCW 46.87.130, and the commercial vehicle safety inspection [enforcement] fee in RCW 46.17.315.

(e) The amount due and payable is the sum of the fees and taxes calculated for each jurisdiction in which the fleet is registered.

(3) All assessments for taxes and fees are due and payable in United States funds on the date presented or mailed to the registrant at the address listed in the proportional registration records of the department. The registrant may petition for reassessment of the fees or taxes due within thirty days of the date of original service. [2015 c 228 § 14; 2011 c 171 § 98; 2010 c 161 § 1143; 2005 c 194 § 9; 2003 c 85 § 2; 1997 c 183 § 5; 1991 c 339 § 10; 1990 c 42 § 114; 1987 c 244 § 27.]

46.87.150 Overpayment, underpayment—Refund, additional amount owed. If a person pays a fee or tax that

amounts to an overpayment of ten dollars or more, the person is entitled to a refund of the entire amount of the overpayment, regardless of whether or not a refund has been requested. This subsection does not preclude a person from applying for a refund of an overpayment if the overpayment is less than ten dollars. If the department or its agents fail to assess and collect the full amount of fees or taxes owed, which underpayment is ten dollars or more, the department must collect the additional amount owed. [2015 c 228 § 15; 1996 c 91 § 1; 1987 c 244 § 28.]

46.87.190 Suspension or cancellation of benefits. The department may suspend or cancel the exemptions, benefits, or privileges granted under chapter 46.85 RCW or this chapter to any person who violates any of the conditions or terms of the IRP or who violates the laws or rules of this state relating to the operation or registration of vehicles. [2015 c 228 § 16; 2005 c 194 § 10; 1987 c 244 § 32.]

46.87.200 Refusal of registration—Federal heavy vehicle use tax. The department must refuse registration of a vehicle if the applicant has failed to furnish proof, acceptable to the department, that the federal heavy vehicle use tax imposed under 26 U.S.C. Sec. 4481 has been suspended or paid. [2015 c 228 § 17; 1987 c 244 § 33.]

46.87.220 Gross weight computation. The gross weight of a vehicle is the scale weight of the vehicle, plus the scale weight of any trailer, semitrailer, converter gear, or pole trailer to be towed by it, to which must be added the maximum weight of the load to be carried on it or towed by it as declared by the licensee as long as it does not exceed the weight limitations prescribed under chapter 46.44 RCW.

The gross weight in the case of a bus, auto stage, or passenger-carrying for hire vehicle with a seating capacity over six, is the scale weight of the bus, auto stage, or passenger-carrying for hire vehicle plus the seating capacity, including the operator's seat, computed at one hundred fifty pounds per seat.

If the resultant gross weight, according to this section, is not listed in RCW 46.17.355, it must be increased to the next higher gross weight listed pursuant to chapter 46.44 RCW.

A vehicle or combination of vehicles found to be loaded beyond the licensed gross weight of the vehicle or combination of vehicles must be cited and handled under RCW 46.16A.540 and 46.16A.545. [2015 c 228 § 18; 2010 c 161 § 1144; 1987 c 244 § 35.]

46.87.230 Responsibility for unlawful acts or omissions. Whenever an act or omission is declared to be unlawful under chapter 46.12, 46.16A, or 46.44 RCW or this chapter, and the operator of the vehicle is not the owner or lessee of the vehicle but is operating or moving the vehicle with the express or implied permission of the owner or lessee, the operator and the owner or lessee are both subject to this chapter, with the primary responsibility to be that of the owner or lessee.

If the person operating the vehicle at the time of the unlawful act or omission is not the owner or the lessee of the vehicle, that person is fully authorized to accept the citation or notice of infraction and execute the promise to appear on behalf of the owner or lessee. [2015 c 228 § 19; 2011 c 171 § 99; 1987 c 244 § 36.]

46.87.240 Relationship of department with other jurisdictions. To administer the provisions of the IRP, the department may act in a quasi-agency relationship with other jurisdictions. The department may collect and forward applicable registration fees and taxes to other jurisdictions on behalf of the applicant or another jurisdiction and may take other action that facilitates the administration of the IRP. [2015 c 228 § 20; 1987 c 244 § 37.]

46.87.250 Authority of chapter. This chapter constitutes complete authority for the registration of vehicles upon a proportional registration basis without reference to or application of any other statutes of this state except as expressly provided in this chapter. The depart-

ment must send the notice of cancellation by first-class mail, addressed to the owner of the vehicle or vehicles at the owner's address as it appears in the proportional registration records of the department. It is unlawful for any person to drive or operate the vehicle(s) until proper credentials have been issued.

(2) Any person driving or operating the vehicle(s) after the refusal of the department to issue credentials or the suspension, revocation, or cancellation of the credentials is guilty of a gross misdemeanor.

The department may not register a vehicle if the Washington state patrol has placed an out-of-service order on the vehicle's department of transportation number, as defined in RCW 46.16A.010. The department may not register a vehicle if the Washington state patrol has placed an out-of-service order on the vehicle's department of transportation number, as defined in RCW 46.16A.010. 46.87.300 Appeal of suspension, revocation, cancellation, refusal. The suspension, revocation, cancellation, or refusal by the director, or the director's designee, of the credentials issued under this chapter is conclusive unless the person whose credentials are suspended, revoked, canceled, or refused appeals to the superior court of Thurston county, or at the person's option if a resident of Washington, to the superior court of his or her county of residence, for the purpose of having the suspension, revocation, cancellation, or refusal of the credentials set aside. Notice of appeal must be filed within ten calendar days after service of the notice of suspension, revocation, cancellation, or refusal. Upon the filing of the appeal, the court must issue an order to the director to show cause why the credentials should not be granted or reinstated. The director must respond to the order within ten days after the date of service of the order upon the director. Service must be in the manner prescribed for service of summons and complaint in other civil actions. Upon the hearing on the order to show cause, the court must hear evidence concerning matters related to the suspension, revocation, cancellation, or refusal of the credentials and enter judgment either affirming or setting aside the suspension, revocation, cancellation, or refusal. 46.87.310 Application records—Preservation, audit—Additional assessments, penalties, refunds. An owner must preserve the records on which the owner's application for apportioned registration is based for a period of three years following the close of the registration year. The owner must make records available to the department for audit as to the accuracy and adequacy of records, computations, and payments at a location designated by the department. The department must assess and collect any unpaid fees and taxes due affected jurisdictions and provide credits for any overpayments of apportionable fees and taxes to the jurisdictions affected. If the records produced by the owner for the audit fail to meet the criteria for adequate records, or are not produced within thirty calendar days after a written request by the department, the department must impose on the owner an assessment in the amount of twenty percent of the total apportionable fees paid or found due because of appropriate adjustment for the registration of the fleet in the registration year to which records pertain. In the instance of a second offense, the department must impose upon the owner an assessment in the amount of fifty percent of the total apportionable fees paid or found due because of appropriate adjustment for the registration of the fleet in the registration year to which records pertain. In the instance of a third or any subsequent offense, the department must impose upon the owner an assessment in the amount of one hundred percent of the total apportionable fees paid or found due because of appropriate adjustment for the registration of the fleet in the registration year to which records pertain. The department must distribute the amount of assessments it collects under this section on a pro rata basis to the other jurisdictions in which the fleet was registered or required to be registered.

If the owner fails to maintain complete records as required under this section, the department may attempt to reconstruct or reestablish such records.

The department may conduct joint audits of any owner with other jurisdictions. An assessment for deficiency or claim for credit may not be made for any period for which records are no longer required. Any fees, taxes, penalties, or interest due and owing the state upon audit bear interest at the rate of one percent per month, or fraction thereof, from the first day of the calendar month after the amount should have been paid until the date of payment. If the audit discloses a

deliberate and willful intent to evade the requirements of payment under RCW 46.87.140, a penalty of ten percent of the amount owed, in addition to any other assessments authorized under this chapter, must be assessed.

If the audit discloses that an overpayment in excess of ten dollars has been made, the department must refund the overpayment to the owner. Overpayments must bear interest at the rate of eight percent per annum from the date on which the overpayment was incurred until the date of payment. [2015 c 228 § 28; 1996 c 91 § 2; 1993 c 307 § 15; 1987 c 244 § 44.]

Effective date—2015 c 228 §§ 28, 39, 40, and 41: "Sections 28 and 39 through 41 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 2015." [2015 c 228 § 43.]

46.87.320 Departmental audits, investigations—Subpoenas. The department may initiate and conduct audits and investigations to establish the existence of any alleged violations of or noncompliance with this chapter or any rules adopted under it.

For the purpose of any audit, investigation, or proceeding under this chapter, the director or any designee of the director may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, paper, correspondence, memoranda, agreements, or other documents or records that the department deems relevant or material to the inquiry.

In case of contumacy or refusal to obey a subpoena issued to any person, any court of competent jurisdiction may issue an order requiring that person to appear before the director or the officer designated by the director to produce testimony or other evidence touching the matter under audit, investigation, or in question. Failure to obey an order of the court may be punishable by contempt. [2015 c 228 § 29; 1987 c 244 § 45.]

Effective date—2015 c 228: See note following RCW 46.87.010.

46.87.330 Assessments—When due, penalties—Reassessment—Petition, notice, service—Injunctions, writs of mandate restricted. An owner of vehicles against whom an assessment is made under RCW 46.87.310 may petition for reassessment within thirty days after service of notice of the assessment upon the owner. If the petition is not filed within the thirty-day period, the amount of the assessment becomes final.

If a petition for reassessment is filed within the thirty-day period, the department must reconsider the assessment and, if the petitioner has requested in the petition, grant the petitioner an oral hearing and give the petitioner ten days notice of the time and place of the hearing. The department may continue the hearing from time to time. The decision of the department upon a petition for reassessment becomes final thirty days after service upon the petitioner of notice of the decision.

Every assessment made under RCW 46.87.310 becomes due and payable at the time it is served on the owner. If the assessment is not paid in full when it becomes final, the department must add a penalty of ten percent of the amount of the assessment.

Any notice of assessment, reassessment, oral hearing, or decision required under this section must be served personally or by mail. If served by mail, service is deemed to have been accomplished on the date the notice was deposited in the United States mail and mailed to the owner's address as it appears in the proportional registration records of the department.

An injunction or writ of mandate or other legal or equitable process may not be issued in any suit, action, or proceeding in any court against any officer of the state to prevent or enjoin the collection under this chapter of any fee or tax or any amount of fee or tax required to be collected, except as specifically provided for in chapter 34.05 RCW. [2015 c 228 § 30; 1996 c 91 § 3; 1987 c 244 § 46.]

Effective date—2015 c 228: See note following RCW 46.87.010.

Additional notes found at www.leg.wa.gov

46.87.335 Mitigation of assessments. Except in the case of violations of filing a false or fraudulent application, if the department deems mitigation of penalties, fees, and interest to be reasonable, it may mitigate such assessments giving consideration to the degree and extent of the lack of records and reporting errors. The department may ascertain the facts regarding recordkeeping and payment penalties in lieu of more elaborate proceedings under this chapter. [2015 c 228 § 31; 1994 c 262 § 15; 1991 c 339 § 5.]

Effective date—2015 c 228: See note following RCW 46.87.010.

46.87.340 Assessments—Lien for nonpayment. (1) If a person liable for the payment of fees and taxes fails to pay the amount, including any interest and penalty, together with costs incurred, there must be a lien in favor of the state upon all franchises, property, and rights to property, whether real or personal, belonging to or acquired, whether the property is employed by such person for personal or business use or is in the control of a trustee, receiver, or assignee. The lien is effective from the date fees and taxes were due and payable until the amount is satisfied. The lien has priority over any lien or encumbrance except liens of other fees and taxes having priority by law.

(2) The department must file with any county auditor or other agent a statement of claim and lien specifying the amount of delinquent fees, taxes, penalties, and interest owed. [2015 c 228 § 32; 1993 c 307 § 16; 1987 c 244 § 47.]

Effective date—2015 c 228: See note following RCW 46.87.010.

Additional notes found at www.leg.wa.gov

46.87.350 Delinquent obligations—Notice—Restriction on credits or property—Default judgments—Lien. If a person is delinquent in the payment of any obligation, the department may give notice of the amount of the delinquency, in person or by mail, to persons having possession or control of credits or personal and real property belonging to the person, or owing any debts to the person. Any person notified may not transfer or dispose of credits, personal and real property, or debts without the consent of the department. A person notified must, within twenty days after receipt of the notice, advise the department of any credits, personal and

real property, or debts in his or her possession, under his or her control or owing by him or her, and must immediately deliver the credits, personal and real property, or debts to the department.

If a person fails to timely answer the notice, a court may render judgment by default against the person.

The notice and order to withhold and deliver constitutes a continuing lien on property of the person. The department must include in the notice to withhold and deliver "continuing lien." The effective date of a notice to withhold and deliver is the date of service. [2015 c 228 § 33; 1994 c 262 § 16; 1987 c 244 § 48.]

Effective date—2015 c 228: See note following RCW 46.87.010.

Additional notes found at www.leg.wa.gov

46.87.360 Delinquent obligations—Collection by department—Seizure of property, notice, sale. If a person is delinquent in the payment of any obligation, and the delinquency continues after notice and demand for payment, the department must collect the amount due. The department must seize any property subject to the lien of the fees, taxes, penalties, and interest and sell it at public auction. Notice of the intended sale and its time and place must be given to the person and to all persons with an interest in the property. The notice must be published at least ten days before the date set for the sale in a newspaper of general circulation published in the county in which the property will be sold. If there is no newspaper of general circulation in the county, the notice must be posted in three public places in the county for a period of ten days. The notice must contain a description of the property, a statement of the amount due, the name of the person, and a statement that unless the amount due is paid on or before the time in the notice the property will be sold.

The department must sell the property and deliver to the purchaser a bill of sale or deed. If the moneys received exceed the amount due from the person, the excess must be returned to the person with a receipt. If any person having an interest in or lien upon the property has filed notice with the department before the sale, the department must withhold payment of any excess to the person pending determination of the rights of the respective parties by a court of competent jurisdiction. If the receipt of the person is not available, the department must deposit the excess with the state treasurer as trustee for the person or his or her heirs, successors, or assigns. [2015 c 228 § 34; 2010 c 8 § 9101; 1987 c 244 § 49.]

46.87.370 Warrant for final assessments—Lien on property. When an assessment becomes final, the department may file with the clerk of any county within the state a warrant in the amount of fees, taxes, penalties, interest, and a filing fee under RCW 36.18.012(10). The warrant constitutes a lien upon the title to, and interest in, all real and personal property of the person against whom the warrant is issued. The warrant is sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state. [2015 c 228 § 35; 2001 c 146 § 6; 1987 c 244 § 50.]

46.87.390 Remedies cumulative. The remedies of the state in this chapter are cumulative, and no action taken by the department may be construed to be an election on the part of the state or any of its officers to pursue any remedy under this chapter to the exclusion of any other remedy provided for in this chapter. [1987 c 244 § 52.]

46.87.400 Civil immunity. (1) The director, the state of Washington, and its political subdivisions are immune from civil liability arising from the issuance of a vehicle license to a nonroadworthy vehicle.

WASHINGTON MODEL TRAFFIC ORDINANCE

Sections

46.90.005 Purpose.
46.90.010 Adoption of model traffic ordinance—Amendments.

46.90.005 Purpose. The purpose of this chapter is to encourage highway safety and uniform traffic laws by authorizing the department of licensing to adopt a comprehensive compilation of sound, uniform traffic laws to serve as a guide which local authorities may adopt by reference or any part thereof, including all future amendments or additions thereto. Any local authority which adopts that body of rules by reference may at any time exclude any section or sections of those rules that it does not desire to include in its local traffic ordinance. The rules are not intended to deny any local authority its legislative power, but rather to enhance safe and efficient movement of traffic throughout the state by having current, uniform traffic laws available. [1993 c 400 § 1; 1975 1st ex.s. c 54 § 1.]

46.90.010 Adoption of model traffic ordinance—Amendments. In consultation with the chief of the Washington state patrol and the traffic safety commission, the director shall adopt in accordance with chapter 34.05 RCW a model traffic ordinance for use by any city, town, or county. The addition of any new section to, or amendment or repeal of any section in, the model traffic ordinance is deemed to

amend any city, town, or county, ordinance which has adopted by reference the model traffic ordinance or any part thereof, and it shall not be necessary for the legislative authority of any city, town, or county to take any action with respect to such addition, amendment, or repeal notwithstanding the provisions of RCW 35.21.180, 35A.12.140, 35A.13.180, and 36.32.120(7). (2) Any autonomous motor vehicle to which subsection (1) of this section is applicable and that does not have a vehicle identification number and is not otherwise required under state or federal law to have a vehicle identification number assigned to it must be assigned a unique identification number that is provided to the department and that is displayed in the vehicle in a manner similar to the display of vehicle identification numbers in motor vehicles.

(3)(a) The self-certifying entity testing the autonomous motor vehicle on any public roadway must notify the department of:

(i) Any collisions that are required to be reported to law enforcement under RCW 46.52.030, involving an autonomous motor vehicle during testing on any public roadway; and

(d) The provisions of this section are supplemental to all other rights and duties under law applicable in the event of a motor vehicle collision.

(4) The self-certifying entity testing the autonomous motor vehicle on public roadways under the department's autonomous vehicle self-certification testing pilot program must provide written notice in advance of testing to local and state law enforcement agencies with jurisdiction over any of the public roadways on which testing will occur that includes the expected period of time during which testing will occur in the applicable jurisdictions, including city police departments within city limits where testing will occur, county sheriff departments outside of city limits in counties where testing will occur, and the Washington state patrol when testing will occur on limited access highways, as defined in RCW 47.52.010. 46.93.010 Findings—Intent. The legislature finds and declares that the distribution and sale of motorsports vehicles in this state vitally affect the general economy of the state and the public interest and public welfare, that provision for warranty service to motorsports vehicles is of substantial concern to the people of this state, that the maintenance of fair competition among dealers and others is in the public interest, and that the maintenance of strong and sound dealerships is essential to provide continuing and necessary reliable services to the consuming public in this state and to provide stable employment to the citizens of this state. The legislature further finds that there is a substantial disparity in bargaining power between motorsports vehicle manufacturers and their dealers, and that in order to promote the public interest and the public welfare, and in the exercise of its police power, it is necessary to regulate the relationship between motorsports vehicle dealers and motorsports vehicle manufacturers, importers, distributors, and their representatives doing business in this state, not only for the protection of dealers but also for the benefit for the public in assuring the continued availability and servicing of motorsports vehicles sold to the public.

The legislature recognizes it is in the best interest for manufacturers and dealers of motorsports vehicles to conduct business with each other in a fair, efficient, and competitive manner. The legislature declares the public interest is best served by dealers being assured of the ability to manage their business enterprises under a contractual obligation with manufacturers where dealers do not experience unreasonable interference and are assured of the ability to transfer ownership of their business without undue constraints. It is the intent of the legislature to impose a regulatory scheme and to regulate competition in the motorsports vehicle industry to the extent necessary to balance fairness and efficiency. These actions will permit motorsports vehicle dealers to better serve consumers and allow dealers to devote their best competitive efforts and resources to the sale and services of the manufacturer's products to consumers. [2003 c 354 § 1.]

(8) "New motorsports vehicle dealer" or "dealer" means a person engaged in the business of buying, selling, exchanging, or otherwise dealing in new motorsports vehicles or new and used motorsports vehicles at an established place of business under a franchise, sales and service agreement, or any other contract with a manufacturer of any one or more types of new motorsports vehicles. Reviser's note: *(1) RCW 62A.2-103 was amended by 2012 c 214 § 801, deleting the definition of "good faith."

(2) The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Intent—Effective date—2011 c 171: See notes following RCW 4.24.210.

46.93.030 Termination, cancellation, nonrenewal of franchise restricted. Notwithstanding the terms of a franchise and notwithstanding the terms of a waiver, no manufacturer may terminate, cancel, or fail to renew a franchise with a new motorsports vehicle dealer, unless the manufacturer has complied with the notice requirements of RCW 46.93.070 and an administrative law judge has determined, if requested in writing by the dealer within forty-five days of receiving a notice from a manufacturer, after hearing, that there is good cause for the termination, cancellation, or nonrenewal of the franchise and that the manufacturer has acted in good faith regarding the termination, cancellation, or nonrenewal. [2003 c 354 § 3.]

46.93.040 Determination of good cause, good faith—Petition, notice, decision, appeal. A new motorsports vehicle dealer who has received written notification from the manufacturer of the manufacturer's intent to terminate, cancel, or not renew the franchise, may file a petition with the department for a determination as to the existence of good cause and good faith for the termination, cancellation, or nonrenewal of a franchise. The petition must contain a short statement setting forth the reasons for the dealer's objection to the termination, cancellation, or nonrenewal of the franchise. Upon the filing of the petition and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely petition has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The franchise in question continues in full force and effect pending the administrative law judge's decision. If the decision of the administrative law judge terminating, canceling, or failing to renew a dealer's franchise is appealed by a dealer or manufacturer, the franchise continues in full force and effect until all appeals to a superior court or any appellate court have been completed. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review. [2003 c 354 § 4.]

46.93.050 Determination of good cause, good faith—Hearing, decision, procedures—Judicial review. (1) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a petition is filed. If the termination, cancellation, or nonrenewal is under RCW 46.93.070(2), the administrative law judge shall give the proceeding priority consideration and shall render a final decision not later than sixty days after a petition is filed.

(2) The administrative law judge shall conduct the hearing as an adjudicative proceeding in accordance with the procedures provided for in the Administrative Procedure Act, chapter 34.05 RCW. The administrative law judge shall render the final decision and shall enter a final order. Except as otherwise provided in RCW 34.05.446 and 34.05.449, all hearing costs must be borne on an equal basis by the parties to the hearing.

(3) A party to a hearing under this chapter may be represented by counsel. A party to a hearing aggrieved by the final order of the administrative law judge concerning the termination, cancellation, or nonrenewal of a franchise may seek judicial review of the order in the superior court or appellate court in the manner provided for in RCW 34.05.510 through 34.05.598. A petitioner for judicial review need not exhaust all administrative appeals or administrative review processes as a prerequisite for seeking judicial review under this section. [2003 c 354 § 5.]

46.93.060 Good cause, what constitutes—Burden of proof. (1) Notwithstanding the terms of a franchise or the terms of a waiver, and except as otherwise provided in RCW 46.93.070(2) (a) through (d), good cause exists for termination, cancellation, or nonrenewal of a franchise when there is a failure by the dealer to comply with a provision of the franchise that is both reasonable and of material significance to the franchise relationship, if the dealer was notified of the failure within one hundred eighty days after the manufacturer first acquired knowledge of the failure, and the dealer did not correct the failure after being requested to do so.

If, however, the failure of the dealer relates to the performance of the dealer in sales, service, or level of customer satisfaction, good cause is the failure of the dealer to comply with reasonable performance standards determined by the manufacturer in accordance with uniformly applied criteria, and:

(a) The dealer was advised, in writing, by the manufacturer of the failure;

(b) The notice under this subsection stated that notice was provided of a failure of performance under this section;

(c) The manufacturer provided the dealer with specific, reasonable goals or reasonable performance standards with which the dealer must comply, together with a suggested timetable or program for attaining those goals or standards, and the dealer was given a reasonable opportunity, for a period of not more than ninety days, to comply with the goals or standards; and

(d) The dealer did not substantially comply with the manufacturer's performance standards during that period and the failure to demonstrate substantial compliance was not due to market or economic factors within the dealer's relevant market area that were beyond the control of the dealer.

(2) The manufacturer has the burden of proof of establishing good cause and good faith for the termination, cancellation, or nonrenewal of the franchise under this section. [2003 c 354 § 6.]

46.93.070 Notice of termination, cancellation, or nonrenewal. Before the termination, cancellation, or nonrenewal of a franchise, the manufacturer shall give written notification to both the department and the dealer. The notice must be by certified mail or personally delivered to the new motorsports vehicle dealer and must state the intention to terminate, cancel, or not renew the franchise, the reasons for the termination, cancellation, or nonrenewal, and the effective date of the termination, cancellation, or nonrenewal. The notice must be given:

(1) Not less than ninety days, which runs concurrently with the ninety-day period provided in RCW 46.93.060 (1)(c), before the effective date of the termination, cancellation, or nonrenewal;

(2) Not less than fifteen days before the effective date of the termination, cancellation, or nonrenewal with respect to any of the following that constitute good cause for termination, cancellation, or nonrenewal:

(a) Insolvency of the dealer or the filing of any petition by or against the dealer under bankruptcy or receivership law;

(b) Failure of the dealer to conduct sales and service operations during customary business hours for seven consecutive business days, except for acts of God or circumstances beyond the direct control of the dealer;

(c) Conviction of the dealer, or principal operator of the dealership, of a felony punishable by imprisonment; or

(d) Suspension or revocation of a license that the dealer is required to have to operate the dealership where the suspension or revocation is for a period in excess of thirty days;

(3) Not less than one hundred eighty days before the effective date of termination, cancellation, or nonrenewal, where the manufacturer intends to discontinue sale and distribution of the new motorsports vehicle line. [2003 c 354 § 7.]

46.93.080 Payments by manufacturer to dealer for inventory, equipment, etc. (1) Upon the termination, cancellation, or nonrenewal of a franchise, the manufacturer shall pay the dealer, at a minimum:

(a) Dealer cost, less all allowances paid or credited to the dealer by the manufacturer, of unused, undamaged, and unsold new motorsports vehicles in the dealer's inventory that were acquired from the manufacturer or another dealer of the same line make in the ordinary course of business;

(b) Dealer cost for all unused, undamaged, and unsold supplies, parts, and accessories in original packaging, except that in the case of sheet metal, a comparable substitute for original packaging may be used, if the supply, part, or accessory was acquired from the manufacturer or from another dealer ceasing operations as a part of the dealer's initial inventory, as long as the supplies, parts, and accessories appear in the manufacturer's current parts catalog, list, or current offering;

(c) Dealer cost for all unused, undamaged, and unsold inventory, whether vehicles, parts, or accessories, the purchase of which was required by the manufacturer;

(d) The fair market value of each undamaged sign owned by the dealer that bears a common name, trade name, or trademark of the manufacturer, if acquisition of the sign was recommended or required by the manufacturer and the sign is in good and usable condition less reasonable wear and tear, and has not been depreciated by the dealer more than fifty percent of the value of the sign; and

(e) The fair market value of all special tools owned or leased by the dealer that were acquired from the manufacturer or persons approved by the manufacturer, and that were

required by the manufacturer, and are in good and usable condition, less reasonable wear and tear. However, if the tools are leased by the dealer, the manufacturer shall pay the dealer such amounts that are required by the lessor to terminate the lease under the terms of the lease agreement.

(2) To the extent the franchise agreement provides for payment or reimbursement to the dealer in excess of that specified in this section, the provisions of the franchise agreement will control.

(3) The manufacturer shall pay the dealer the sums specified in subsection (1) of this section within ninety days after the termination, cancellation, or nonrenewal of the franchise, if the dealer has clear title to the property or can provide clear title to the property upon payment by the manufacturer and is in a position to convey that title to the manufacturer. [2009 c 232 § 1; 2003 c 354 § 8.]

46.93.090 Mitigation of damages. RCW 46.93.030 through 46.93.080 do not relieve a dealer from the obligation to mitigate the dealer's damages upon termination, cancellation, or nonrenewal of the franchise. [2003 c 354 § 9.]

46.93.100 Warranty work. (1) Each manufacturer shall specify in its franchise agreement, or in a separate written agreement, with each of its dealers licensed in this state, the dealer's obligation to perform warranty work or service on the manufacturer's products. Each manufacturer shall provide each of its dealers with a schedule of compensation to be paid to the dealer for any warranty work or service, including parts, labor, and diagnostic work, required of the dealer by the manufacturer in connection with the manufacturer's products, and for work on and preparation of motorsports vehicles received from the manufacturer. The compensation may not be less than the rates reasonably charged by the dealer for like services and parts to retail customers. The compensation may not be reduced by the manufacturer for any reason or made conditional on an activity outside the performance of warranty work.

(2) All claims for warranty work for parts and labor made by dealers under this section must be paid by the manufacturer within thirty days after approval, and must be approved or denied within thirty days of receipt by the manufacturer. Denial of a claim must be in writing with the specific grounds for denial. The manufacturer may audit claims for warranty work and charge the dealer for any unsubstantiated, incorrect, or false claims for a period of one year after payment. However, the manufacturer may audit and charge the dealer for any fraudulent claims during any period for which an action for fraud may be commenced under applicable state law.

(3) All claims submitted by dealers on the forms and in the manner specified by the manufacturer must be either approved or disapproved within thirty days after their receipt. The manufacturer shall notify the dealer in writing of a disapproved claim, and shall set forth the reasons why the claim was not approved. A claim not specifically disapproved in writing within thirty days after receipt is approved, and the manufacturer is required to pay that claim within thirty days of receipt of the claim. [2003 c 354 § 10.]

46.93.110 Designated successor to franchise ownership. (1) Notwithstanding the terms of a franchise, an owner may appoint a designated successor to succeed to the ownership of the dealer franchise upon the owner's death or incapacity.

(2) Notwithstanding the terms of a franchise, a designated successor of a deceased or incapacitated owner of a dealer franchise may succeed to the ownership interest of the owner under the existing franchise, if:

(a) In the case of a designated successor who meets the definition of a designated successor under *RCW 46.93.020(5), but who is not experienced in the business of a new motorsports vehicle dealer, the person will employ an individual who is qualified and experienced in the business of a new motorsports vehicle dealer to help manage the day-to-day operations of the dealership; or in the case of a designated successor who meets the definition of a designated successor under *RCW 46.93.020(5) (b) or (c), the person is qualified and experienced in the business of a new motorsports vehicle dealer and meets the normal, reasonable, and uniformly applied standards for grant of an application as a dealer by the manufacturer; and

(b) The designated successor furnishes written notice to the manufacturer of his or her intention to succeed to the ownership of the dealership within sixty days after the owner's death or incapacity; and

(c) The designated successor agrees to be bound by all terms and conditions of the franchise.

(3) The manufacturer may request, and the designated successor shall promptly provide, such personal and financial information as is reasonably necessary to determine whether the succession should be honored.

(4) A manufacturer may refuse to honor the succession to the ownership of a dealer franchise by a designated successor if the manufacturer establishes that good cause exists for its refusal to honor the succession. If the designated successor of a deceased or incapacitated owner of a dealer franchise fails to meet the requirements set forth in subsection (2)(a), (b), and (c) of this section, good cause for refusing to honor the succession is presumed to exist. If a manufacturer believes that good cause exists for refusing to honor the succession to the ownership of a dealer franchise by a designated successor, the manufacturer shall serve written notice on the designated successor and on the department of its refusal to honor the succession no earlier than sixty days from the date the notice is served. The notice must be served not later than sixty days after the manufacturer's receipt of:

(a) Notice of the designated successor's intent to succeed to the ownership interest of the dealer's franchise; or

(b) Any personal or financial information requested by the manufacturer.

(5) The notice in subsection (4) of this section must state the specific grounds for the refusal to honor the succession. If the notice of refusal is not timely and properly served, the designated successor may continue the franchise in full force and effect, subject to termination only as otherwise provided under this chapter.

(6) Within twenty days after receipt of the notice, or within twenty days after the end of any appeal procedure provided by the manufacturer, whichever is greater, the designated successor may file a petition with the department pro-

testing the refusal to honor the succession. The petition must contain a short statement setting forth the reasons for the designated successor's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer may not terminate or otherwise discontinue the existing franchise until the administrative law judge has held a hearing and has determined that there is good cause for refusing to honor the succession. If an appeal is taken, the manufacturer may not terminate or discontinue the franchise until all appeals to a superior court or any appellate court have been completed. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review.

(7) The manufacturer has the burden of proof to show that good cause exists for the refusal to honor the succession.

(8) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a protest is filed.

(9) The administrative law judge shall conduct a hearing concerning the refusal to the succession as provided in RCW 46.93.050(2), and all hearing costs must be borne as provided in that subsection. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in RCW 46.93.050(3).

(10) This section does not preclude the owner of a dealer franchise from designating any person as his or her successor by a written, notarized, and witnessed instrument filed with the manufacturer. In the event of a conflict between this section and such a written instrument that has not been revoked by written notice from the owner to the manufacturer, the written instrument governs. [2003 c 354 § 11.]

***Reviser's note:** RCW 46.93.020 was alphabetized pursuant to RCW 1.08.015(2)(k), changing subsection (5) to subsection (2).

46.93.120 Relevant market area—New or relocated dealerships, notice of. Notwithstanding the terms of a franchise and notwithstanding the terms of a waiver, if a manufacturer intends or proposes to enter into a franchise to establish an additional dealer or to relocate an existing dealer within or into a relevant market area in which the same line make of motorsports vehicle is then represented, the manufacturer shall provide at least ten days advance written notice to the department and to each dealer of the same line make in the relevant market area, of the manufacturer's intention to establish an additional dealer or to relocate an existing dealer within or into the relevant market area. The notice must be sent by certified mail to each such party and include the following information:

(1) The specific location at which the additional or relocated dealer will be established;

(2) The date on or after which the additional or relocated dealer intends to commence business at the proposed location;

(3) The identity of all dealers who are franchised to sell the same line make vehicles as the proposed dealer and who have licensed locations within the relevant market area;

(4) The names and addresses, if available, of the owners of and principal investors in the proposed additional or relocated dealership; and

(5) The specific grounds or reasons for the proposed establishment of an additional dealer or relocation of an existing dealer. [2003 c 354 § 12.]

46.93.130 Protest of new or relocated dealership—Hearing—Arbitration. (1) Within thirty days after receipt of the notice under RCW 46.93.120, or within thirty days after the end of an appeal procedure provided by the manufacturer, whichever is greater, a dealer notified or entitled to notice may file a petition with the department protesting the proposed establishment or relocation. The petition must contain a short statement setting forth the reasons for the dealer's objection to the proposed establishment or relocation. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer may not establish or relocate the dealer until the administrative law judge has held a hearing and administrative proceeding under the Administrative Procedure Act, chapter 34.05 RCW, and has determined that there is good cause for permitting the proposed establishment or relocation. When more than one protest is filed against the establishment or relocation of the same dealer, the administrative law judge shall consolidate the hearings to expedite disposition of the matter.

(2) If a manufacturer provides in the franchise agreement or by written statement distributed and provided to its dealers for arbitration under the Washington Arbitration Act, *chapter 7.04 RCW, as a mechanism for resolving disputes relating to the establishment of an additional new motorsports vehicle dealer or the relocation of a new motorsports vehicle dealer, subsection (1) of this section and RCW 46.93.140 will take precedence and the arbitration provision in the franchise agreement or a written statement is void, unless the manufacturer and dealer agree to use arbitration.

(3) If the manufacturer and dealer agree to use arbitration, the dispute must be referred for arbitration to such arbitrator as may be agreed upon by the parties to the dispute. The thirty-day period for filing a protest under subsection (1) of this section still applies except the protesting dealer shall file the protest with the manufacturer. If the parties cannot agree upon a single arbitrator within thirty days from the date the protest is filed, the protesting dealer will select an arbitrator, the manufacturer will select an arbitrator, and the two arbitrators will then select a third arbitrator. If a third arbitrator is not agreed upon within thirty days, any party may apply to the superior court, and the judge of the superior court having jurisdiction will appoint the third arbitrator. The protesting dealer will pay the arbitrator selected by him or her, and the manufacturer will pay the arbitrator it selected. The expense of the third arbitrator and all other expenses of arbitration will be shared equally by the parties. Attorneys' fees and fees paid to expert witnesses are not expenses of arbitration and will be paid by the person incurring them.

(4) Notwithstanding the terms of a franchise or written statement of the manufacturer and notwithstanding the terms of a waiver, the arbitration will take place in this state in the

county where the protesting dealer has its principal place of business. RCW 46.93.140 applies to a determination made by the arbitrator or arbitrators in determining whether good cause exists for permitting the proposed establishment or relocation of a dealer, and the manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation. After a hearing has been held, the arbitrator or arbitrators shall render a decision as expeditiously as possible, but in any event not later than one hundred twenty days from the date the arbitrator or arbitrators are selected or appointed. The manufacturer may not establish or relocate the new motorsports vehicle dealer until the arbitration hearing has been held and the arbitrator or arbitrators have determined that there is good cause for permitting the proposed establishment or relocation and any judicial appeals under *chapter 7.04 RCW have been completed. The written decision of the arbitrator is binding upon the parties unless modified, corrected, or vacated under the Washington Arbitration Act. Any party may appeal the decision of the arbitrator or arbitrators under the Washington Arbitration Act, *chapter 7.04 RCW. [2003 c 354 § 13.]

***Reviser's note:** Chapter 7.04 RCW was repealed in its entirety by 2005 c 433 § 50, effective January 1, 2006. Cf. chapter 7.04A RCW.

46.93.140 Factors considered by administrative law judge. In determining whether good cause exists for permitting the proposed establishment or relocation of a dealer of the same line make, the factors that the administrative law judge shall consider must include, but are not limited to the following:

(1) The extent, nature, and permanency of the investment of both the existing dealers of the same line make in the relevant market area and the proposed additional or relocating dealer, including obligations reasonably incurred by the existing dealers to perform their obligations under their respective franchises;

(2) The growth or decline in population and new motorsports vehicle registrations during the past five years in the relevant market area;

(3) The effect on the consuming public;

(4) The effect on the existing dealers in the relevant market area, including any adverse financial impact;

(5) The reasonably expected or anticipated vehicle market for the relevant market area, including demographic factors such as age of population, income, education, size class preference, product popularity, retail lease transactions, or other factors affecting sales to consumers in the relevant market area;

(6) Whether it is injurious or beneficial to the public welfare for an additional dealership to be established;

(7) Whether the dealers of the same line make in the relevant market area are providing adequate competition and convenient customer care for the motorsports vehicles of the same line make in the relevant market area, including the adequacy of motorsports vehicle sales and service facilities, equipment, supply of vehicle parts, and qualified service personnel;

(8) Whether the establishment of an additional dealer would increase competition and be in the public interest;

(9) Whether the manufacturer is motivated principally by good faith to establish an additional or new dealer and not by noneconomic considerations;

(10) Whether the manufacturer has denied its existing dealers of the same line make the opportunity for reasonable growth, market expansion, or relocation;

(11) Whether the protesting dealer or dealers are in substantial compliance with their dealer agreements or franchises; and

(12) Whether the manufacturer has complied with the requirements of RCW 46.93.120 and 46.93.130. [2003 c 354 § 14.]

46.93.150 Hearing—Procedures, costs, appeal. (1) The manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation.

(2) The administrative law judge shall conduct any hearing as provided in RCW 46.93.050(2) and all hearing costs will be borne as provided in that subsection. The administrative law judge shall render the final decision as expeditiously as possible, but in any event not later than one hundred twenty days after a protest is filed. If more than one protest is filed, the one hundred twenty days commences to run from the date the last protest is filed. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in RCW 46.93.050(3). [2003 c 354 § 15.]

46.93.160 Relocation requirements—Exceptions. RCW 46.93.120 through 46.93.150 do not apply:

(1) To the sale or transfer of the ownership or assets of an existing dealer where the transferee proposes to engage in business representing the same line make at the same location or within two miles of that location;

(2) To the relocation of an existing dealer within the dealer's relevant market area, if the relocation is not at a site within eight miles of any dealer of the same line make;

(3) If the proposed dealer is to be established at or within two miles of a location at which a former dealer of the same line make had ceased operating within the previous twenty-four months;

(4) Where the proposed relocation is two miles or less from the existing location of the relocating dealer; or

(5) Where the proposed relocation is to be further away from all other existing dealers of the same line make in the relevant market area. [2003 c 354 § 16.]

46.93.170 Unfair practices. (1) Notwithstanding the terms of a franchise agreement, a manufacturer, distributor, factory branch, or factory representative, or an agent, officer, parent company, wholly or partially owned subsidiary, affiliated entity, or other person controlled by or under common control with a manufacturer, distributor, factory branch, or factory representative, shall not:

(a) Discriminate between dealers by selling or offering to sell a like motorsports vehicle to one dealer at a lower actual price than the actual price offered to another dealer for the same model similarly equipped;

(b) Discriminate between dealers by selling or offering to sell parts or accessories to one dealer at a lower actual price than the actual price offered to another dealer;

(c) Discriminate between dealers by using a promotion plan, marketing plan, or other similar device that results in a lower actual price on vehicles, parts, or accessories being charged to one dealer over another dealer;

(d) Discriminate between dealers by adopting a method, or changing an existing method, for the allocation, scheduling, or delivery of new motorsports vehicles, parts, or accessories to its dealers that is not fair, reasonable, and equitable. Upon the request of a dealer, a manufacturer shall disclose in writing to the dealer the method by which new motorsports vehicles, parts, and accessories are allocated, scheduled, or delivered to its dealers handling the same line or make of vehicles;

(e) Give preferential treatment to some dealers over others by refusing or failing to deliver, in reasonable quantities and within a reasonable time after receipt of an order, to a dealer holding a franchise for a line or make of motorsports vehicles sold or distributed by the manufacturer, a new vehicle, parts, or accessories, if the vehicle, parts, or accessories are being delivered to other dealers, or require a dealer to purchase unreasonable advertising displays or other materials, or unreasonably require a dealer to remodel or renovate existing facilities as a prerequisite to receiving a model or series of vehicles;

(f) Compete with a dealer by acting in the capacity of a dealer, or by owning, operating, or controlling, whether directly or indirectly, a dealership in this state. It is not, however, a violation of this subsection for:

(i) A manufacturer to own or operate a dealership for a temporary period, not to exceed two years, during the transition from one owner of the dealership to another where the dealership was previously owned by a franchised dealer and is currently for sale to any qualified independent person at a fair and reasonable price. The temporary operation may be extended for one twelve-month period on petition of the temporary operator to the department. The matter will be handled as an adjudicative proceeding under chapter 34.05 RCW. A dealer who is a franchisee of the petitioning manufacturer or distributor may intervene and participate in a proceeding under this subsection (1)(f)(i). The temporary operator has the burden of proof to show justification for the extension and a good faith effort to sell the dealership to an independent person at a fair and reasonable price;

(ii) A manufacturer to own or operate a dealership in conjunction with an independent person in a bona fide business relationship for the purpose of broadening the diversity of its dealer body and enhancing opportunities for qualified persons who are part of a group who have historically been underrepresented in its dealer body, or other qualified persons who lack the resources to purchase a dealership outright, and where the independent person (A) has made a significant, bona fide capital investment in the dealership that is subject to loss; (B) has an ownership interest in the dealership; and (C) operates the dealership under a bona fide written agreement with the manufacturer, distributor, factory branch, or factory representative under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and under reasonable terms and conditions. The manufacturer has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions;

(iii) A manufacturer to own or operate a dealership in conjunction with an independent person in a bona fide business relationship where the independent person (A) has made a significant, bona fide capital investment in the dealership that is subject to loss; (B) has an ownership interest in the dealership; and (C) operates the dealership under a bona fide written agreement with the manufacturer under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and under reasonable terms and conditions. The manufacture [manufacturer] has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions. The number of dealerships operated under this subsection (1)(f)(iii) may not exceed four percent rounded up to the nearest whole number of a manufacturer's total of dealer franchises in this state;

(iv) A manufacturer to own, operate, or control a dealership trading exclusively in a single line make of the manufacturer if (A) the manufacturer does not own, directly or indirectly, in the aggregate, in excess of forty-five percent of the total ownership interest in the dealership; (B) at the time the manufacturer first acquires ownership or assumes operation or control of any such dealership, the distance between any dealership thus owned, operated, or controlled and the nearest dealership trading in the same line make of vehicle and in which the manufacturer has no ownership or control complies with the applicable provisions in the relevant market area sections of this chapter; (C) all of the manufacturer's franchise agreements confer rights on the dealer of that line make to develop and operate within a defined geographic territory or area, as many dealership facilities as the dealer and the manufacturer agree are appropriate; and (D) the manufacturer had no more than four new motorsports vehicle dealers of that manufacturer's line make in this state, and at least half of those dealers owned and operated two or more dealership facilities in the geographic territory or area covered by their franchise agreements with the manufacturer;

(g) Compete with a dealer by owning, operating, or controlling, whether directly or indirectly, a service facility in this state for the repair or maintenance of motorsports vehicles under the manufacturer's new motorsports vehicle warranty and extended warranty. Nothing in this subsection (1)(g), however, prohibits a manufacturer from owning or operating a service facility for the purpose of providing or performing maintenance, repair, or service work on motorsports vehicles that are owned by the manufacturer;

(h) Use confidential or proprietary information obtained from a dealer to unfairly compete with the dealer without the prior written consent of the dealer. For purposes of this subsection (1)(h), "confidential or proprietary information" means trade secrets as defined in RCW 19.108.010, business plans, marketing plans or strategies, customer lists, contracts, sales data, revenues, or other financial information;

(i) Coerce, threaten, intimidate, or require, either directly or indirectly, a dealer to accept, buy, or order any motorsports vehicle, part, or accessory, or any other commodity or service

not voluntarily ordered, or requested, or to buy, order, or pay anything of value for such items in order to obtain a motorsports vehicle, part, accessory, or other commodity that has been voluntarily ordered or requested;

(j) Coerce, threaten, intimidate, or require, either directly or indirectly, a dealer to enter into any agreement that violates this chapter;

(k) Require a change in capital structure or means of financing for the dealership if the dealer at all times meets the reasonable, written, and uniformly applied capital standards determined by the manufacturer;

(l) Prevent or attempt to prevent a dealer from making reasonable changes in the capital structure of a dealership or the means by which the dealership is financed if the dealer meets the reasonable, written, and uniformly applied capital requirements determined by the manufacturer;

(m) Unreasonably require the dealer to change the location or require any substantial alterations to the place of business;

(n) Condition a renewal or extension of the franchise on the dealer's substantial renovation of the existing place of business or on the construction, purchase, acquisition, or release of a new place of business unless written notice is first provided one hundred eighty days before the date of renewal or extension and the manufacturer demonstrates the reasonableness of the requested actions. The manufacturer shall agree to supply the dealer with an adequate quantity of motorsports vehicles, parts, and accessories to meet the sales level necessary to support the overhead resulting from substantial construction, acquisition, or lease of a new place of business;

(o) Coerce, threaten, intimidate, or require, either directly or indirectly, a dealer to order or accept delivery of a motorsports vehicle with special features, accessories, or equipment not included in the list price of the vehicle as advertised by the manufacturer, except items that have been voluntarily requested or ordered by the dealer, and except items required by law;

(p) Fail to hold harmless and indemnify a dealer against losses, including lawsuits and court costs, arising from: (i) The manufacture or performance of a motorsports vehicle, part, or accessory if the lawsuit involves representations by the manufacturer on the manufacture or performance of a motorsports vehicle without negligence on the part of the dealer; (ii) damage to merchandise in transit where the manufacturer specifies the carrier; (iii) the manufacturer's failure to jointly defend product liability suits concerning the motorsports vehicle, part, or accessory provided to the dealer; or (iv) any other act performed by the manufacturer;

(q) Unfairly prevent or attempt to prevent a dealer from receiving reasonable compensation for the value of a motorsports vehicle;

(r) Fail to pay to a dealer, within a reasonable time after receipt of a valid claim, a payment agreed to be made by the manufacturer on grounds that a new motorsports vehicle, or a prior year's model, is in the dealer's inventory at the time of introduction of new model motorsports vehicles;

(s) Deny a dealer the right of free association with any other dealer for any lawful purpose;

(t) Charge increased prices without having given written notice to the dealer at least fifteen days before the effective date of the price increases;

(u) Permit factory authorized warranty service to be performed upon motorsports vehicles or accessories by persons other than their franchised dealers;

(v) Require or coerce a dealer to sell, assign, or transfer a retail sales installment contract, or require the dealer to act as an agent for a manufacturer, in the securing of a promissory note, a security agreement given in connection with the sale of a motorsports vehicle, or securing of a policy of insurance for a motorsports vehicle. The manufacturer may not condition delivery of any motorsports vehicle, parts, or accessories upon the dealer's assignment, sale, or other transfer of sales installment contracts to specific finance companies;

(w) Require or coerce a dealer to grant a manufacturer a right of first refusal or other preference to purchase the dealer's franchise or place of business, or both.

(2) Subsections (1)(a), (b), and (c) of this section do not apply to sales to a dealer: (a) For resale to a federal, state, or local government agency; (b) where the motorsports vehicles will be sold or donated for use in a program of driver's education; (c) where the sale is made under a manufacturer's bona fide promotional program offering sales incentives or rebates; (d) where the sale of parts or accessories is under a manufacturer's bona fide quantity discount program; or (e) where the sale is made under a manufacturer's bona fide fleet vehicle discount program. For purposes of this subsection, "fleet" means a group of fifteen or more new motorsports vehicles purchased or leased by a dealer at one time under a single purchase or lease agreement for use as part of a fleet, and where the dealer has been assigned a fleet identifier code by the department.

(3) The following definitions apply to this section:

(a) "Actual price" means the price to be paid by the dealer less any incentive paid by the manufacturer, whether paid to the dealer or the ultimate purchaser of the motorsports vehicle.

(b) "Control" or "controlling" means (i) the possession of, title to, or control of ten percent or more of the voting equity interest in a person, whether directly or indirectly through a fiduciary, agent, or other intermediary, or (ii) the possession, direct or indirect, of the power to direct or cause the direction of the management or policies of a person, whether through the ownership of voting securities, through director control, by contract, or otherwise, except as expressly provided under the franchise agreement.

(c) "Operate" means to manage a dealership, whether directly or indirectly.

(d) "Own" or "ownership" means to hold the beneficial ownership of one percent or more of any class of equity interest in a dealership, whether the interest is that of a shareholder, partner, limited liability company member, or otherwise. To hold an ownership interest means to have possession of, title to, or control of the ownership interest, whether directly or indirectly through a fiduciary, agent, or other intermediary.

(4) A violation of this section is deemed to affect the public interest and constitutes an unlawful and unfair practice under chapter 19.86 RCW. A person aggrieved by an alleged

violation of this section may petition the department to have the matter handled as an adjudicative proceeding under chapter 34.05 RCW. [2003 c 354 § 17; (2009 c 517 § 1 expired August 1, 2009).]

46.93.180 Sale, transfer, or exchange of franchise. (1) Notwithstanding the terms of a franchise, a manufacturer may not unreasonably withhold consent to the sale, transfer, or exchange of a franchise to a qualified buyer who meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a dealer or is capable of being approved by the department as a dealer in this state. A manufacturer's failure to respond in writing to a request for consent under this subsection within sixty days after receipt of a written request on the forms, if any, generally used by the manufacturer containing the information and reasonable promises required by a manufacturer, is deemed to be consent to the request. A manufacturer may request, and, if so requested, the applicant for a franchise (a) shall promptly provide such personal and financial information as is reasonably necessary to determine whether the sale, transfer, or exchange should be approved, and (b) shall agree to be bound by all reasonable terms and conditions of the franchise.

(2) If a manufacturer refuses to approve the sale, transfer, or exchange of a franchise, the manufacturer shall serve written notice on the applicant, the transferring, selling, or exchanging dealer, and the department, of its refusal to approve the transfer of the franchise no later than sixty days after the date the manufacturer receives the written request from the dealer. If the manufacturer has requested personal or financial information from the applicant under subsection (1) of this section, the notice must be served not later than sixty days after the receipt of all of such documents. Service of all notices under this section must be made by personal service or by certified mail, return receipt requested.

(3) The notice in subsection (2) of this section must state the specific grounds for the refusal to approve the sale, transfer, or exchange of the franchise.

(4) Within twenty days after receipt of the notice of refusal to approve the sale, transfer, or exchange of the franchise by the transferring dealer, the dealer may file a petition with the department to protest the refusal to approve the sale, transfer, or exchange. The petition must contain a short statement setting forth the reasons for the dealer's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed, and the department shall arrange for a hearing with an administrative law judge as the presiding officer to determine if the manufacturer unreasonably withheld consent to the sale, transfer, or exchange of the franchise.

(5) In determining whether the manufacturer unreasonably withheld its approval to the sale, transfer, or exchange, the manufacturer has the burden of proof that it acted reasonably. A manufacturer's refusal to accept or approve a proposed buyer who otherwise meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a new dealer, or who otherwise is capable of operating as a dealer in this state, is presumed to be unreasonable.

(6) The administrative law judge shall conduct a hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred twenty days after a protest is filed. Only the selling, transferring, or exchanging dealer and the manufacturer may be parties to the hearing.

(7) The administrative law judge shall conduct any hearing as provided in RCW 46.93.050(2), and all hearing costs must be borne as provided in that subsection. Only the manufacturer and the selling, transferring, or exchanging dealer may appeal the final order of the administrative law judge to the superior court or the appellate court as provided in the Administrative Procedure Act, chapter 34.05 RCW. [2003 c 354 § 18.]

46.93.190 Petition and hearing filing fees, costs, security. The department shall determine and establish the amount of the filing fees required in RCW 46.93.040, 46.93.110, 46.93.130, and 46.93.180. The fees must be set in accordance with RCW 43.24.086.

The department may also require the petitioning or protesting party to give security, in such sum as the department deems proper but not to exceed one thousand dollars, for the payment of such costs as may be incurred in conducting the hearing as required under this chapter. The security may be given in the form of a bond or stipulation or other undertaking with one or more sureties.

At the conclusion of the hearing, the department shall assess, in equal shares, each of the parties to the hearing for the cost of conducting the hearing. Upon receipt of payment of the costs, the department shall refund and return to the petitioning party any excess funds initially posted by the party as security for the hearing costs. If the petitioning party provided security in the form of a bond or other undertaking with one or more sureties, the bond or other undertaking will then be exonerated and the surety or sureties under it discharged. [2003 c 354 § 19.]

46.93.200 Department defining additional motorsports vehicles. The department shall determine through rule making under the Administrative Procedure Act any motorsports vehicles not already defined in RCW 46.93.020(7) as of July 27, 2003, that are manufactured after July 27, 2003. [2003 c 354 § 20.]

46.93.210 Reporting of warranties for off-road vehicles and snowmobiles sold by out-of-state dealers—Department notice to buyers—Apportionment of fines. ***(Effective until October 1, 2021.)*** (1) By the first business day in February of each year, beginning in 2018, motorsports vehicle manufacturers must report to the department of licensing a listing of all motorsports vehicle warranties for off-road vehicles under chapter 46.09 RCW and snowmobiles under chapter 46.10 RCW sold to Washington residents by out-of-state motorsports vehicle dealers in the previous calendar year. The report must be transmitted such that the department receives the listing no later than the first business day in February. Failure to report a complete listing as required under this subsection results in an administrative fine of one hundred dollars for each day after the first busi-

ness day in February that the department has not received the report.

(2) The department of licensing shall examine the listing reported in subsection (1) of this section to verify whether the vehicles are properly registered in the state. Beginning in 2018, and to the extent that it has received the listing required under subsection (1) of this section, the department shall notify by certified mail from the United States postal service, with return receipt requested, by the end of February of each year, the purchasers of the warranties of the off-road vehicles and snowmobiles that are not properly registered in the state of the owner's obligations under state law regarding vehicle titling, registration, and use tax payment, as well as of the penalties for failure to comply with the law.

(3) Fines received under this section must be paid into the state treasury and credited to the nonhighway and off-road vehicle activities program account under RCW 46.09.510 and to the snowmobile account under RCW 46.68.350. The state treasurer must apportion the fines between the accounts according to the pro rata share of the number of off-road vehicle and snowmobile registrations in the previous calendar year. The department must provide the state treasurer with the information needed to determine the apportionment. [2017 c 218 § 4.]

Application—2017 c 218 § 4: "Section 4 of this act applies to the sales of off-road vehicles and snowmobiles beginning in January 2017." [2017 c 218 § 5.]

46.96.010 Legislative findings. The legislature finds and declares that the distribution and sale of motor vehicles in this state vitally affect the general economy of the state and the public interest and public welfare, that provision for warranty service to motor vehicles is of substantial concern to the people of this state, that the maintenance of fair competition among dealers and others is in the public interest, and that the maintenance of strong and sound dealerships is essential to

provide continuing and necessary reliable services to the consuming public in this state and to provide stable employment to the citizens of this state. The legislature further finds that there is a substantial disparity in bargaining power between automobile manufacturers and their dealers, and that in order to promote the public interest and the public welfare, and in the exercise of its police power, it is necessary to regulate the relationship between motor vehicle dealers and motor vehicle manufacturers, importers, distributors, and their representatives doing business in this state, not only for the protection of dealers but also for the benefit for the public in assuring the continued availability and servicing of automobiles sold to the public.

The legislature recognizes it is in the best interest for manufacturers and dealers of motor vehicles to conduct business with each other in a fair, efficient, and competitive manner. The legislature declares the public interest is best served by dealers being assured of the ability to manage their business enterprises under a contractual obligation with manufacturers where dealers do not experience unreasonable interference and are assured of the ability to transfer ownership of their business without undue constraints. It is the intent of the legislature to impose a regulatory scheme and to regulate competition in the motor vehicle industry to the extent necessary to balance fairness and efficiency. These actions will permit motor vehicle dealers to better serve consumers and allow dealers to devote their best competitive efforts and resources to the sale and services of the manufacturer's products to consumers. [1989 c 415 § 1.]

46.96.020 Definitions. In addition to the definitions contained in RCW 46.70.011, which are incorporated by reference into this chapter, the definitions set forth in this section apply only for the purposes of this chapter.

(1) "Completed vehicle" means a vehicle that requires no further manufacturing operations to perform its intended function.

(2) "Dealer management computer system" means a computer hardware and software system that is owned or leased by a new motor vehicle dealer, including the dealer's use of internet applications, software, or hardware, whether located at an existing dealership facility or provided at a remote location, that provides access to customer records and transactions by a motor vehicle dealer located in this state, and that allows the new motor vehicle dealer timely information in order to sell vehicles, parts, or services through the existing dealership facility.

(3) "Dealer management computer system vendor" means a seller or reseller of dealer management computer systems, to the extent that the seller or reseller is engaged in such activities.

(4) "Designated successor" means:

(a) The spouse, biological or adopted child, stepchild, grandchild, parent, brother, or sister of the owner of a new motor vehicle dealership who, in the case of the owner's death, is entitled to inherit the ownership interest in the new motor vehicle dealership under the terms of the owner's will or similar document, and if there is no such will or similar document, then under applicable intestate laws;

(b) A qualified person experienced in the business of a new motor vehicle dealer who has been nominated by the owner of a new motor vehicle dealership as the successor in a written, notarized, and witnessed instrument submitted to the manufacturer; or

(c) In the case of an incapacitated owner of a new motor vehicle dealership, the person who has been appointed by a court as the legal representative of the incapacitated owner's property.

(5) "Final-stage manufacturer" means a person who purchases an incomplete vehicle from a licensed motor vehicle dealer and performs such manufacturing operations that the incomplete vehicle becomes a completed vehicle.

(6) "Franchise" means one or more agreements, whether oral or written, between a manufacturer and a new motor vehicle dealer, under which the new motor vehicle dealer is authorized to sell, service, and repair new motor vehicles, parts, and accessories under a common name, trade name, trademark, or service mark of the manufacturer.

"Franchise" includes an oral or written contract and includes a dealer agreement, either expressed or implied, between a manufacturer and a new motor vehicle dealer that purports to fix the legal rights and liabilities between the parties and under which (a) the dealer is granted the right to purchase and resell motor vehicles manufactured, distributed, or imported by the manufacturer; (b) the dealer's business is associated with the trademark, trade name, commercial symbol, or advertisement designating the franchisor or the products distributed by the manufacturer; and (c) the dealer's business relies on the manufacturer for a continued supply of motor vehicles, parts, and accessories.

(7) "Good faith" means honesty in fact and fair dealing in the trade as defined and interpreted in *RCW 62A.2-103.

(8) "Incomplete vehicle" means an assemblage consisting of, at a minimum, chassis (including the frame) structure, power train, steering system, suspension system, and braking system, in the state that those systems are to be part of the completed vehicle, but requires further manufacturing operations to become a completed vehicle.

(9) A "new motor vehicle" is a vehicle that has not been titled by a state and ownership of which may be transferred on a manufacturer's statement of origin (MSO).

(10) "New motor vehicle dealer" means a motor vehicle dealer engaged in the business of buying, selling, exchanging, or otherwise dealing in new motor vehicles or new and used motor vehicles at an established place of business, under a franchise, sales and service agreement, or contract with the manufacturer of the new motor vehicles. However, "new motor vehicle dealer" does not include a miscellaneous vehicle dealer as defined in RCW 46.70.011(17)(c) or a motorcycle dealer as defined in **chapter 46.94 RCW.

(11) "Owner" means a person holding an ownership interest in the business entity operating as a new motor vehicle dealer and who is the designated dealer in the new motor vehicle franchise agreement.

(12) "Person" means every natural person, partnership, corporation, association, trust, estate, or any other legal entity.

(13) "Security breach" means an incident of unauthorized access to and acquisition of records or data containing new motor vehicle dealer or dealer customer information where unauthorized use of the dealer's customer or dealer information has occurred or is reasonably likely to occur or

that creates a material risk of harm to the dealer or dealer's customer. Any incident of unauthorized access to and acquisition of records or data containing dealer or dealer customer information, or any incident of disclosure of dealer customer information to one or more third parties that has not been specifically authorized by the dealer or dealer's customer, constitutes a security breach. [2014 c 214 § 2; 2003 c 21 § 1; 1989 c 415 § 2.]

Reviser's note: *(1) RCW 62A.2-103 was amended by 2012 c 214 § 801, deleting the definition of "good faith."

**(2) Chapter 46.94 RCW was repealed by 2003 c 354 § 24. Cf. chapter 46.93 RCW.

(3) The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Application—2014 c 214: See note following RCW 46.70.045.

Additional notes found at www.leg.wa.gov

46.96.030 Termination, cancellation, or nonrenewal of franchise restricted. Notwithstanding the terms of a franchise and notwithstanding the terms of a waiver, no manufacturer may terminate, cancel, or fail to renew a franchise with a new motor vehicle dealer, unless the manufacturer has complied with the notice requirements of RCW 46.96.070 and an administrative law judge has determined, if requested in writing by the new motor vehicle dealer within the applicable time period specified in RCW 46.96.070 (1), (2), or (3), after hearing, that there is good cause for the termination, cancellation, or nonrenewal of the franchise and that the manufacturer has acted in good faith, as defined in this chapter, regarding the termination, cancellation, or nonrenewal. Between the time of issuance of the notice required under RCW 46.96.070 and the effective termination, cancellation, or nonrenewal of the franchise under this chapter, the rights, duties, and obligations of the new motor vehicle dealer and the manufacturer under the franchise and this chapter are unaffected, including those under RCW 46.96.200. [2010 c 178 § 1; 1989 c 415 § 3.]

46.96.035 Payment of fair market value of dealer goodwill upon request and termination, cancellation, or nonrenewal of franchise. (1) In the event of a termination, cancellation, or nonrenewal under this chapter, except for a termination, cancellation, or nonrenewal under RCW 46.96.070(2), or a voluntary termination, cancellation, or nonrenewal initiated by the dealer, the manufacturer shall, at the request and option of the new motor vehicle dealer, also pay to the new motor vehicle dealer the fair market value of the motor vehicle dealer's goodwill for the make or line as of the date immediately preceding any communication to the public or dealer regarding termination. To the extent the franchise agreement provides for the payment or reimbursement to the new motor vehicle dealer in excess of the value specified in this section, the provisions of the franchise agreement control.

(2) The manufacturer shall pay the new motor vehicle dealer the value specified in subsection (1) of this section within ninety days after the date of termination. [2010 c 178 § 8.]

46.96.040 Determination of good cause, good faith—Petition, notice, decision, appeal. A new motor vehicle dealer who has received written notification from the manufacturer of the manufacturer's intent to terminate, cancel, or not renew the franchise may file a petition with the department for a determination as to the existence of good cause and good faith for the termination, cancellation, or nonrenewal of a franchise. The petition shall contain a short statement setting forth the reasons for the dealer's objection to the termination, cancellation, or nonrenewal of the franchise. Upon the filing of the petition and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely petition has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The franchise in question shall continue in full force and effect pending the administrative law judge's decision. If the decision of the administrative law judge terminating, canceling, or failing to renew a dealer's franchise is appealed by a dealer, the franchise in question shall continue in full force and effect until the appeal to superior court is finally determined or until the expiration of one hundred eighty days from the date of issuance of the administrative law judge's written decision, whichever is less. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review. [1989 c 415 § 4.]

46.96.050 Determination of good cause, good faith—Hearing, decision, procedures—Judicial review. (1) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a petition is filed. If the termination, cancellation, or nonrenewal is under RCW 46.96.070(2), the administrative law judge shall give the proceeding priority consideration and shall render a final decision not later than sixty days after a petition is filed.

(2) The administrative law judge shall conduct the hearing as an adjudicative proceeding in accordance with the procedures provided for in the Administrative Procedure Act, chapter 34.05 RCW. The administrative law judge shall render the final decision and shall enter a final order. Except as otherwise provided in RCW 34.05.446 and 34.05.449, all hearing costs shall be borne on an equal basis by the parties to the hearing.

(3) A party to a hearing under this chapter may be represented by counsel. A party to a hearing aggrieved by the final order of the administrative law judge concerning the termination, cancellation, or nonrenewal of a franchise may seek judicial review of the order in the superior court in the manner provided for in RCW 34.05.510 through 34.05.598. A petitioner for judicial review need not exhaust all administrative appeals or administrative review processes as a prerequisite for seeking judicial review under this section. [1989 c 415 § 5.]

46.96.060 Good cause, what constitutes—Burden of proof. (1) Notwithstanding the terms of a franchise or the terms of a waiver, and except as otherwise provided in RCW 46.96.070(2) (a) through (d), good cause exists for termination, cancellation, or nonrenewal when there is a failure by the new motor vehicle dealer to comply with a provision of the franchise that is both reasonable and of material significance to the franchise relationship, if the new motor vehicle dealer was notified of the failure within one hundred eighty

days after the manufacturer first acquired knowledge of the failure and the new motor vehicle dealer did not correct the failure after being requested to do so.

If, however, the failure of the new motor vehicle dealer relates to the performance of the new motor vehicle dealer in sales, service, or level of customer satisfaction, good cause is the failure of the new motor vehicle dealer to comply with reasonable performance standards determined by the manufacturer in accordance with uniformly applied criteria, and:

(a) The new motor vehicle dealer was advised, in writing, by the manufacturer of the failure;

(b) The notice under this subsection stated that notice was provided of a failure of performance under this section;

(c) The manufacturer provided the new motor vehicle dealer with specific, reasonable goals or reasonable performance standards with which the dealer must comply, together with a suggested timetable or program for attaining those goals or standards, and the new motor vehicle dealer was given a reasonable opportunity, for a period not less than one hundred eighty days, to comply with the goals or standards; and

(d) The new motor vehicle dealer did not substantially comply with the manufacturer's performance standards during that period and the failure to demonstrate substantial compliance was not due to market or economic factors within the new motor vehicle dealer's relevant market area that were beyond the control of the dealer.

(2) If the new motor vehicle dealer claims insufficient allocation, a manufacturer does not have good cause for termination, cancellation, or nonrenewal, unless:

(a) The manufacturer or distributor allocated sufficient inventory in the new motor vehicle dealer's primary allocation, both in quantity and product mix, for the dealers' assigned market area. The inventory must have been delivered in a manner that allowed the dealer to reasonably meet the manufacturer's performance standards; and

(b) The manufacturer provides to the new motor vehicle dealer, upon the dealers' request, documentation sufficient to develop a market analysis. This documentation must include, but is not limited to, the allocation of inventory to the dealer and other dealers in the same zone during the period established by the manufacturer, and must not be shared by the dealer with any party not involved in preparing a market analysis or otherwise engaged in the termination proceeding.

(3) The manufacturer has the burden of proof of establishing good cause and good faith for the termination, cancellation, or nonrenewal of the franchise under this section. [2014 c 214 § 3; 1989 c 415 § 6.]

Application—2014 c 214: See note following RCW 46.70.045.

46.96.070 Notice of termination, cancellation, or nonrenewal. Before the termination, cancellation, or nonrenewal of a franchise, the manufacturer shall give written notification to both the department and the new motor vehicle dealer. For the purposes of this chapter, the discontinuance of the sale and distribution of a new motor vehicle line, or the constructive discontinuance by material reduction in selection offered, such that continuing to retail the line is no longer economically viable for a dealer is, at the option of the dealer, considered a termination, cancellation, or nonrenewal of a franchise. The notice shall be by certified mail or personally delivered to the new motor vehicle dealer and shall state the intention to terminate, cancel, or not renew the franchise, the reasons for the termination, cancellation, or nonrenewal, and the effective date of the termination, cancellation, or nonrenewal. The notice shall be given:

(1) Not less than ninety days before the effective date of the termination, cancellation, or nonrenewal;

(2) Not less than fifteen days before the effective date of the termination, cancellation, or nonrenewal with respect to any of the following that constitute good cause for termination, cancellation, or nonrenewal:

(a) Insolvency of the new motor vehicle dealer or the filing of any petition by or against the new motor vehicle dealer under bankruptcy or receivership law;

(b) Failure of the new motor vehicle dealer to conduct sales and service operations during customary business hours for seven consecutive business days, except for acts of God or circumstances beyond the direct control of the new motor vehicle dealer;

(c) Conviction of the new motor vehicle dealer, or principal operator of the dealership, of a felony punishable by imprisonment; or

(d) Suspension or revocation of a license that the new motor vehicle dealer is required to have to operate the new motor vehicle dealership where the suspension or revocation is for a period in excess of thirty days;

(3) Not less than one hundred eighty days before the effective date of termination, cancellation, or nonrenewal, where the manufacturer intends to discontinue sale and distribution of the new motor vehicle line. [2010 c 178 § 2; 1989 c 415 § 7.]

46.96.080 Payments by manufacturer to dealer for inventory, equipment, etc. (1) Upon the termination, cancellation, or nonrenewal of a franchise, the manufacturer shall pay the new motor vehicle dealer, at a minimum:

(a) Dealer cost plus any charges by the manufacturer for distribution, delivery, and taxes, less all allowances paid or credited to the dealer by the manufacturer, of unused, undamaged, and unsold new motor vehicles in the new motor vehicle dealer's inventory that were acquired from the manufacturer or another new motor vehicle dealer of the same line make in the ordinary course of business within the previous twelve months;

(b) Dealer cost for all unused, undamaged, and unsold supplies, parts, and accessories in original packaging, except that in the case of sheet metal, a comparable substitute for original packaging may be used, if the supply, part, or accessory was acquired from the manufacturer or from another new motor vehicle dealer ceasing operations as a part of the new motor vehicle dealer's initial inventory as long as the supplies, parts, and accessories appear in the manufacturer's current parts catalog, list, or current offering;

(c) Dealer cost for all unused, undamaged, and unsold inventory, whether vehicles, parts, or accessories, the purchase of which was required by the manufacturer;

(d) The fair market value of each undamaged sign owned by the new motor vehicle dealer that bears a common name, trade name, or trademark of the manufacturer, if acquisition of the sign was recommended or required by the manufacturer and the sign is in good and usable condition less reason-

able wear and tear, and has not been depreciated by the dealer more than fifty percent of the value of the sign;

(e) The fair market value of all equipment, furnishings, and special tools owned or leased by the new motor vehicle dealer that were acquired from the manufacturer or sources approved by the manufacturer and that were recommended or required by the manufacturer and are in good and usable condition, less reasonable wear and tear. However, if the equipment, furnishings, or tools are leased by the new motor vehicle dealer, the manufacturer shall pay the new motor vehicle dealer such amounts that are required by the lessor to terminate the lease under the terms of the lease agreement; and

(f) The cost of transporting, handling, packing, and loading of new motor vehicles, supplies, parts, accessories, signs, special tools, equipment, and furnishings purchased from the manufacturer or manufacturer-approved vendor.

To the extent the franchise agreement provides for payment or reimbursement to the new motor vehicle dealer in excess of that specified in this section, the provisions of the franchise agreement shall control.

(2)(a) For the nonrenewal or termination of a franchise that is implemented as a result of the sale of assets or stock of the motor vehicle dealer, the party purchasing the assets or stock of the motor vehicle dealer may negotiate for the purchase or other transfer of some or all unused, undamaged, and unsold new motor vehicles in the selling new motor vehicle dealer's inventory that were acquired from the manufacturer or another new motor vehicle dealer of the same line make in the ordinary course of business within the previous twelve months.

(b) For the nonrenewal or termination of a franchise that is implemented as a result of the sale of assets or stock of the motor vehicle dealer, this section does not prohibit a manufacturer from negotiating with the purchasing party for the purchase or other transfer of some or all unused, undamaged, and unsold new motor vehicles in the selling new motor vehicle dealer's inventory that were acquired from the manufacturer or another new motor vehicle dealer of the same line make in the ordinary course of business within the previous twelve months.

(c) A manufacturer's obligation under (a) of this subsection extends only to vehicles not purchased or otherwise transferred to the party purchasing the assets or stock of the motor vehicle dealer.

(3) The manufacturer shall pay the new motor vehicle dealer the sums specified in subsection (1) of this section (a) within ninety days after the termination, cancellation, or nonrenewal of the franchise, if the new motor vehicle dealer has clear title to the property or can provide clear title to the property upon payment by the manufacturer and is in a position to convey that title to the manufacturer, or (b) on the date of delivery of the assets to the manufacturer, whichever is earlier.

(4) In the case of motor homes, this section applies only to manufacturer-initiated termination, cancellation, or nonrenewal of a franchise. [2014 c 214 § 4; 2009 c 12 § 1; 1989 c 415 § 8.]

Application—2014 c 214: See note following RCW 46.70.045.

46.96.090 Payments by manufacturer for dealership facilities. (1) In the event of a termination, cancellation, or nonrenewal under this chapter, except for termination, cancellation, or nonrenewal under RCW 46.96.070(2) or a voluntary termination, cancellation, or nonrenewal initiated by the dealer, the manufacturer shall, at the request and option of the new motor vehicle dealer, also pay to the new motor vehicle dealer the dealer costs for any relocation, substantial alteration, or remodeling of a dealer's facilities required by a manufacturer for the granting of a franchise or the continuance or renewal of a franchise agreement completed within three years of the termination, cancellation, or nonrenewal and:

(a) A sum equivalent to rent for the unexpired term of the lease or one year, whichever is less, or such longer term as provided in the franchise, if the new motor vehicle dealer is leasing the new motor vehicle dealership facilities from a lessor other than the manufacturer; or

(b) A sum equivalent to the reasonable rental value of the new motor vehicle dealership facilities for one year or until the facilities are leased or sold, whichever is less, if the new motor vehicle dealer owns the new motor vehicle dealership facilities.

(2) The rental payment required under subsection (1) of this section is only required to the extent that the facilities were used for activities under the franchise and only to the extent the facilities were not leased for unrelated purposes. If the rental payment under subsection (1) of this section is made, the manufacturer is entitled to possession and use of the new motor vehicle dealership facilities for the period rent is paid. [2014 c 214 § 5; 2010 c 178 § 3; 1989 c 415 § 9.]

Application—2014 c 214: See note following RCW 46.70.045.

46.96.095 Compensation by manufacturer for labor and parts required to perform recall repairs—Applicability to certain used vehicles—Reimbursement claims—Recovery of costs—Remedy, exclusive. (1) A manufacturer shall compensate its new motor vehicle dealers for all labor and parts required by the manufacturer to perform recall repairs at rates no lower than those set in accordance with RCW 46.96.105. If parts or a remedy are not reasonably available to perform a recall service or repair on a used vehicle held for sale by a dealer authorized to sell new vehicles of the same line make within fifteen days of the manufacturer issuing the initial notice of recall, and the manufacturer has issued a stop-sale, do-not-drive order, or the manufacturer has not certified that the issue identified in the notice of recall does not affect the safe operation of the vehicle, commencing on the fifteenth day after the notice or order was issued and ending on the earlier of the date that the remedy or repair parts necessary to resolve the recall, stop-sale, or do-not-drive order are available to the dealer for vehicles in the dealer's inventory or the dealer sells, trades, or otherwise disposes of the vehicle, the manufacturer shall compensate the dealer at a prorated rate of at least 1.75 percent of the average trade-in value as indicated in an independent third-party guide for the year, make, model, and mileage of the recalled vehicle, per month, or portion of a month, while the recall or remedy parts are unavailable and the order remains in effect. A manufacturer is not required to compensate a motor vehicle dealer for more than the total trade-in value of the vehicle as established under this section. A manufacturer is not

required to compensate a motor vehicle dealer for vehicles purchased by the dealer at a wholesale auction after the date the order was issued. A stop-sale or do-not-drive order is defined as a notification issued by a vehicle manufacturer to its franchised dealers stating that certain used vehicles in inventory should not be sold or leased, at retail or wholesale, due to a federal safety recall for a defect or a noncompliance, or a federal or California emissions recall.

(2) This section applies only to used vehicles subject to safety or emissions recalls pursuant to and recalled in accordance with federal law and regulations adopted thereunder and where a stop-sale, do-not-drive order has been issued, or the manufacturer has not certified that the issue identified in the notice of recall does not affect the safe operation of the vehicle. This section further applies only to new motor vehicle dealers holding used vehicles for sale that are a line make that the dealer is franchised to sell or on which the dealer is authorized to perform recall repairs.

(3) All reimbursement claims made by new motor vehicle dealers pursuant to this section for recall remedies or repairs, or for compensation where no part or repair is reasonably available and the vehicle is subject to a stop-sale, do-not-drive, or the manufacturer has not certified that the issue identified in the notice of recall does not affect the safe operation of the vehicle, is subject to the same limitations and requirements as a warranty reimbursement claim made under RCW 46.96.105. Claims shall be either approved or disapproved within thirty days after they are submitted to the manufacturer in the manner and on the forms the manufacturer reasonably prescribes. A manufacturer shall pay a claim within thirty days following approval. Any claim not specifically disapproved in writing within thirty days following receipt is approved.

(4) A manufacturer may compensate its franchised dealers under a national recall compensation program provided the compensation under the program is equal to or greater than that provided in subsection (1) of this section.

(5) A manufacturer may not otherwise recover all or any portion of its costs for compensating its dealers licensed in this state for recalled vehicles, parts, and service either by reduction in the amount due to the dealer or by separate charge, surcharge, or other imposition.

(6) Any remedy provided to a new motor vehicle dealer under this section is exclusive and may not be combined with any other state or federal recall compensation remedy. [2018 c 296 § 1.]

46.96.100 Mitigation of damages. RCW 46.96.030 through 46.96.090 do not relieve a new motor vehicle dealer from the obligation to mitigate the dealer's damages upon termination, cancellation, or nonrenewal of the franchise. [1989 c 415 § 10.]

46.96.105 Warranty work. (1) Each manufacturer shall specify in its franchise agreement, or in a separate written agreement, with each of its dealers licensed in this state, the dealer's obligation to perform warranty work or service on the manufacturer's products. Each manufacturer shall provide each of its dealers with a schedule of compensation to be paid to the dealer for any warranty work or service, including parts, labor, and diagnostic work, required of the dealer by the manufacturer in connection with the manufacturer's products. The schedule of compensation must not be less than the rates charged by the dealer for similar service to retail customers for nonwarranty service and repairs, and must not be less than the schedule of compensation for an existing dealer as of June 10, 2010.

(a) The rates charged by the dealer for nonwarranty service or work for parts means the price paid by the dealer for those parts, including all shipping and other charges, increased by the franchisee's average percentage markup. A dealer must establish and declare the dealer's average percentage markup by submitting to the manufacturer one hundred sequential customer-paid service repair orders or ninety days of customer-paid service repair orders, whichever is less, covering repairs made no more than one hundred eighty days before the submission. A change in a dealer's established average percentage markup takes effect thirty days following the submission. A manufacturer may not require a dealer to establish average percentage markup by another methodology. A manufacturer may not require information that the dealer believes is unduly burdensome or time-consuming to provide, including, but not limited to, part-by-part or transaction-by-transaction calculations. In calculating the retail rate customarily charged by the dealer for parts and labor, the following work must not be included in the calculation:

(i) Repairs for manufacturer or distributor special events, specials, or promotional discounts for retail customer repairs;

(ii) Parts sold at wholesale or at reduced or specially negotiated rates for insurance repairs;

(iii) Routine maintenance not covered under warranty, such as fluids, filters, and belts not provided in the course of repairs;

(iv) Nuts, bolts, fasteners, and similar items that do not have an individual part number;

(v) Tires;

(vi) Batteries and light bulbs; and

(vii) Vehicle reconditioning.

(b) A manufacturer shall compensate a dealer for labor and diagnostic work at the rates charged by the dealer to its retail customers for such work and for any documentation work required by the manufacturer to authorize or verify the work including, but not limited to, photographs, paperwork, and electronic data entry. However, a manufacturer is not required to compensate a dealer more than once for the same documentation work. If a manufacturer can demonstrate that the rates unreasonably exceed those of all other franchised motor vehicle dealers in the same relevant market area offering the same or a competitive motor vehicle line, the manufacturer is not required to honor the rate increase proposed by the dealer. If the manufacturer is not required to honor the rate increase proposed by the dealer, the dealer is entitled to resubmit a new proposed rate for labor and diagnostic work.

(c) A dealer may not be granted an increase in the average percentage markup or labor and diagnostic work rate more than once in one calendar year.

(2) All claims for warranty work for parts and labor made by dealers under this section must be submitted to the manufacturer within ninety days of the date the work was performed. All claims submitted must be paid by the manufacturer within thirty days following receipt, provided the

claim has been approved by the manufacturer. The manufacturer has the right to audit claims for warranty work and to charge the dealer for any unsubstantiated, incorrect, or false claims for a period of nine months following payment. However, the manufacturer may audit and charge the dealer for any fraudulent claims during any period for which an action for fraud may be commenced under applicable state law.

(3) All claims submitted by dealers on the forms and in the manner specified by the manufacturer shall be either approved or disapproved within thirty days following their receipt. The manufacturer shall notify the dealer in writing of any disapproved claim, and shall set forth the reasons why the claim was not approved. Any claim not specifically disapproved in writing within thirty days following receipt is approved, and the manufacturer is required to pay that claim within thirty days of receipt of the claim.

(4) A manufacturer may not otherwise recover all or any portion of its costs for compensating its dealers licensed in this state for warranty parts and service either by reduction in the amount due to the dealer or by separate charge, surcharge, or other imposition. [2014 c 214 § 6; 2010 c 178 § 4; 2003 c 21 § 2; 1998 c 298 § 1.]

46.96.110 Designated successor to franchise ownership. (1) Notwithstanding the terms of a franchise, (a) an owner may appoint a designated successor to succeed to the ownership of the new motor vehicle dealer franchise upon the owner's death or incapacity, or (b) if an owner who has owned the franchise for not less than five consecutive years, the owner may appoint a designated successor to be effective on a date of the owner's choosing that is prior to the owner's death or disability.

(2) Notwithstanding the terms of a franchise, a designated successor described under subsection (1) of this section may succeed to the ownership interest of the owner under the existing franchise, if:

(a) In the case of a designated successor who meets the definition of a designated successor under *RCW 46.96.020 (5)(a), but who is not experienced in the business of a new motor vehicle dealer, the person will employ an individual who is qualified and experienced in the business of a new motor vehicle dealer to help manage the day-to-day operations of the motor vehicle dealership; or in the case of a designated successor who meets the definition of a designated successor under *RCW 46.96.020(5) (b) or (c), the person is qualified and experienced in the business of a new motor vehicle dealer and meets the normal, reasonable, and uniformly applied standards for grant of an application as a new motor vehicle dealer by the manufacturer; and

(b) The designated successor furnishes written notice to the manufacturer of his or her intention to succeed to the ownership of the new motor vehicle dealership within sixty days after the owner's death or incapacity, or if the appointment is under subsection (1)(b) of this section, at least thirty days before the designated successor's proposed succession; and

(c) The designated successor agrees to be bound by all terms and conditions of the franchise.

(3) The manufacturer may request, and the designated successor shall promptly provide, such personal and financial information as is reasonably necessary to determine whether the succession should be honored.

(4) A manufacturer may refuse to honor the succession to the ownership of a new motor vehicle dealer franchise by a designated successor if the manufacturer establishes that good cause exists for its refusal to honor the succession. If the designated successor of a new motor vehicle dealer franchise fails to meet the requirements set forth in subsections (2)(a), (b), and (c) of this section, good cause for refusing to honor the succession is presumed to exist. If a manufacturer believes that good cause exists for refusing to honor the succession to the ownership of a new motor vehicle dealer franchise by a designated successor, the manufacturer shall serve written notice on the designated successor and on the department of its refusal to honor the succession no earlier than sixty days from the date the notice is served. The notice must be served not later than sixty days after the manufacturer's receipt of:

(a) Notice of the designated successor's intent to succeed to the ownership interest of the new motor vehicle dealer's franchise; or

(b) Any personal or financial information requested by the manufacturer.

(5) The notice in subsection (4) of this section shall state the specific grounds for the refusal to honor the succession. If the notice of refusal is not timely and properly served, the designated successor may continue the franchise in full force and effect, subject to termination only as otherwise provided under this chapter.

(6) Within twenty days after receipt of the notice or within twenty days after the end of any appeal procedure provided by the manufacturer, whichever is greater, the designated successor may file a petition with the department protesting the refusal to honor the succession. The petition shall contain a short statement setting forth the reasons for the designated successor's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer shall not terminate or otherwise discontinue the existing franchise until the administrative law judge has held a hearing and has determined that there is good cause for refusing to honor the succession. If an appeal is taken, the manufacturer shall not terminate or discontinue the franchise until the appeal to superior court is finally determined or until the expiration of one hundred eighty days from the date of issuance of the administrative law judge's written decision, whichever is less. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review.

(7) The manufacturer has the burden of proof to show that good cause exists for the refusal to honor the succession.

(8) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a protest is filed.

(9) The administrative law judge shall conduct any hearing concerning the refusal to the succession as provided in

RCW 46.96.050(2) and all hearing costs shall be borne as provided in that subsection. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in RCW 46.96.050(3).

(10) This section does not preclude the owner of a new motor vehicle dealer franchise from designating any person as his or her successor by a written, notarized, and witnessed instrument filed with the manufacturer. In the event of a conflict between such a written instrument that has not been revoked by written notice from the owner to the manufacturer and this section, the written instrument governs. [2010 c 178 § 5; 1989 c 415 § 11.]

***Reviser's note:** RCW 46.96.020 was alphabetized pursuant to RCW 1.08.015(2)(k), changing subsection (5) to subsection (4).

46.96.140 Relevant market area—Definition—New or relocated dealerships, notice of. (1) For the purposes of this section, and throughout this chapter, the term "relevant market area" is defined as follows:

(a) If the population in the county in which the proposed new or relocated dealership is to be located is four hundred thousand or more, the relevant market area is the geographic area within a radius of eight miles around the proposed site;

(b) If the population in the county in which the proposed new or relocated dealership is to be located is two hundred thousand or more and less than four hundred thousand, the relevant market area is the geographic area within a radius of twelve miles around the proposed site;

(c) If the population in the county in which the proposed new or relocated dealership is to be located is less than two hundred thousand, the relevant market area is the geographic area within a radius of sixteen miles around the proposed site. In determining population for this definition, the most recent census by the United States Bureau of Census or the most recent population update, either from the National Planning Data Corporation or other similar recognized source, shall be accumulated for all census tracts either wholly or partially within the relevant market area.

(2) For the purpose of RCW 46.96.140 through 46.96.180, the term "motor vehicle dealer" does not include dealerships who exclusively market vehicles 19,000 pounds gross vehicle weight and above.

(3) Notwithstanding the terms of a franchise and notwithstanding the terms of a waiver, if a manufacturer intends or proposes to enter into a franchise to establish an additional new motor vehicle dealer or to relocate an existing new motor vehicle dealer within or into a relevant market area in which the same line make of motor vehicle is then represented, the manufacturer shall provide at least sixty days advance written notice to the department and to each new motor vehicle dealer of the same line make in the relevant market area, of the manufacturer's intention to establish an additional new motor vehicle dealer or to relocate an existing new motor vehicle dealer within or into the relevant market area. The notice shall be sent by certified mail to each such party and shall include the following information:

(a) The specific location at which the additional or relocated motor vehicle dealer will be established;

(b) The date on or after which the additional or relocated motor vehicle dealer intends to commence business at the proposed location;

(c) The identity of all motor vehicle dealers who are franchised to sell the same line make vehicles as the proposed dealer and who have licensed locations within the relevant market area;

(d) The names and addresses, if available, of the owners of and principal investors in the proposed additional or relocated motor vehicle dealership; and

(e) The specific grounds or reasons for the proposed establishment of an additional motor vehicle dealer or relocation of an existing dealer. [1994 c 274 § 1.]

46.96.150 Protest of new or relocated dealership—Hearing—Arbitration. (1) Within thirty days after receipt of the notice under RCW 46.96.140, or within thirty days after the end of an appeal procedure provided by the manufacturer, whichever is greater, a new motor vehicle dealer so notified or entitled to notice may file a petition with the department protesting the proposed establishment or relocation. The petition shall contain a short statement setting forth the reasons for the dealer's objection to the proposed establishment or relocation. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer shall not establish or relocate the new motor vehicle dealer until the administrative law judge has held a hearing and has determined that there is good cause for permitting the proposed establishment or relocation. When more than one protest is filed against the establishment or relocation of the same dealer, the administrative law judge shall consolidate the hearings to expedite disposition of the matter.

(2) If a manufacturer provides in the franchise agreement or by written statement distributed and provided to its dealers for arbitration under the Uniform Arbitration Act, chapter 7.04A RCW, as a mechanism for resolving disputes relating to the establishment of an additional new motor vehicle dealer or the relocation of a new motor vehicle dealer, then the provisions of this section and RCW 46.96.170 relating to hearings by an administrative law judge do not apply, and a dispute regarding the establishment of an additional new motor vehicle dealer or the relocation of an existing new motor vehicle dealer shall be determined in an arbitration proceeding conducted in accordance with the Uniform Arbitration Act, chapter 7.04A RCW. The thirty-day period for filing a protest under this section still applies except that the protesting dealer shall file his or her protest with the manufacturer within thirty days after receipt of the notice under RCW 46.96.140.

(3) The dispute shall be referred for arbitration to such arbitrator as may be agreed upon by the parties to the dispute. If the parties cannot agree upon a single arbitrator within thirty days from the date the protest is filed, the protesting dealer will select an arbitrator, the manufacturer will select an arbitrator, and the two arbitrators will then select a third. If a third arbitrator is not agreed upon within thirty days, any party may apply to the superior court, and the judge of the superior court having jurisdiction will appoint the third arbitrator. The protesting dealer will pay the arbitrator selected by him or her, and the manufacturer will pay the arbitrator it selected. The expense of the third arbitrator and all other

expenses of arbitration will be shared equally by the parties. Attorneys' fees and fees paid to expert witnesses are not expenses of arbitration and will be paid by the person incurring them.

(4) Notwithstanding the terms of a franchise or written statement of the manufacturer and notwithstanding the terms of a waiver, the arbitration will take place in the state of Washington in the county where the protesting dealer has his or her principal place of business. RCW 46.96.160 applies to a determination made by the arbitrator or arbitrators in determining whether good cause exists for permitting the proposed establishment or relocation of a new motor vehicle dealer, and the manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation. After a hearing has been held, the arbitrator or arbitrators shall render a decision as expeditiously as possible, but in any event not later than one hundred twenty days from the date the arbitrator or arbitrators are selected or appointed. The manufacturer shall not establish or relocate the new motor vehicle dealer until the arbitration hearing has been held and the arbitrator or arbitrators have determined that there is good cause for permitting the proposed establishment or relocation. The written decision of the arbitrator is binding upon the parties unless modified, corrected, or vacated under the Washington Arbitration Act. Any party may appeal the decision of the arbitrator under the Uniform Arbitration Act, chapter 7.04A RCW.

(5) If the franchise agreement or the manufacturer's written statement distributed and provided to its dealers does not provide for arbitration under the Uniform Arbitration Act as a mechanism for resolving disputes relating to the establishment of an additional new motor vehicle dealer or the relocation of a new motor vehicle dealer, then the hearing provisions of this section and RCW 46.96.170 apply. Nothing in this section is intended to preclude a new motor vehicle dealer from electing to use any other dispute resolution mechanism offered by a manufacturer. [2010 c 8 § 9102; 2005 c 433 § 43; 1994 c 274 § 2.]

46.96.160 Factors considered by administrative law judge. In determining whether good cause exists for permitting the proposed establishment or relocation of a new motor vehicle dealer of the same line make, the administrative law judge shall take into consideration the existing circumstances, including, but not limited to:

(1) The extent, nature, and permanency of the investment of both the existing motor vehicle dealers of the same line make in the relevant market area and the proposed additional or relocating new motor vehicle dealer, including obligations reasonably incurred by the existing dealers to perform their obligations under their respective franchises;

(2) The growth or decline in population and new motor vehicle registrations during the past five years in the relevant market area;

(3) The effect on the consuming public in the relevant market area;

(4) The effect on the existing new motor vehicle dealers in the relevant market area, including any adverse financial impact;

(5) The reasonably expected or anticipated vehicle market for the relevant market area, including demographic factors such as age of population, income, education, size class preference, product popularity, retail lease transactions, or other factors affecting sales to consumers in the relevant market area;

(6) Whether it is injurious or beneficial to the public welfare for an additional new motor vehicle dealer to be established;

(7) Whether the new motor vehicle dealers of the same line make in the relevant market area are providing adequate competition and convenient customer care for the motor vehicles of the same line make in the relevant market area, including the adequacy of motor vehicle sales and service facilities, equipment, supply of vehicle parts, and qualified service personnel;

(8) Whether the establishment of an additional new motor vehicle dealer would increase competition and be in the public interest;

(9) Whether the manufacturer is motivated principally by good faith to establish an additional or new motor vehicle dealer and not by noneconomic considerations;

(10) Whether the manufacturer has denied its existing new motor vehicle dealers of the same line make the opportunity for reasonable growth, market expansion, establishment of a subagency, or relocation;

(11) Whether the protesting dealer or dealers are in substantial compliance with their dealer agreements or franchises; and

(12) Whether the manufacturer has complied with the requirements of RCW 46.96.140 and 46.96.150.

In considering the factors set forth in this section, the administrative law judge shall give the factors equal weight, and in making a determination as to whether good cause exists for permitting the proposed establishment or relocation of a new motor vehicle dealer of the same line make, the administrative law judge must find that at least nine of the factors set forth in this section weigh in favor of the manufacturer and in favor of the proposed establishment or relocation of a new motor vehicle dealer. [1994 c 274 § 3.]

46.96.170 Hearing—Procedures, costs, appeal. (1) The manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation.

(2) The administrative law judge shall conduct any hearing as provided in RCW 46.96.050(2), and all hearing costs shall be borne as provided in that subsection. The administrative law judge shall render the final decision as expeditiously as possible, but in any event not later than one hundred twenty days after a protest is filed. If more than one protest is filed, the one hundred twenty days commences to run from the date the last protest is filed. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in RCW 46.96.050(3). [1994 c 274 § 4.]

46.96.180 Exceptions. RCW 46.96.140 through 46.96.170 do not apply:

(1) To the sale or transfer of the ownership or assets of an existing new motor vehicle dealer where the transferee pro-

poses to engage in business representing the same line make at the same location or within two miles of that location;

(2) To the relocation of an existing new motor vehicle dealer within the dealer's relevant market area, if the relocation is not at a site within eight miles of any new motor vehicle dealer of the same line make;

(3) If the proposed new motor vehicle dealer is to be established at or within two miles of a location at which a former new motor vehicle dealer of the same line make had ceased operating within the previous twenty-four months;

(4) Where the proposed relocation is two miles or less from the existing location of the relocating new motor vehicle dealer; or

(5) Where the proposed relocation is to be further away from all other existing new motor vehicle dealers of the same line make in the relevant market area. [1994 c 274 § 5.]

46.96.185 Unfair practices—Exemptions—Definitions. (1) Notwithstanding the terms of a franchise agreement, a manufacturer, distributor, factory branch, or factory representative, or an agent, officer, parent company, wholly or partially owned subsidiary, affiliated entity, or other person controlled by or under common control with a manufacturer, distributor, factory branch, or factory representative, shall not:

(a) Discriminate between new motor vehicle dealers by selling or offering to sell a like vehicle to one dealer at a lower actual price than the actual price offered to another dealer for the same model similarly equipped;

(b) Discriminate between new motor vehicle dealers by selling or offering to sell parts or accessories to one dealer at a lower actual price than the actual price offered to another dealer;

(c) Discriminate between new motor vehicle dealers by using a promotion plan, marketing plan, or other similar device that results in a lower actual price on vehicles, parts, or accessories being charged to one dealer over another dealer;

(d) Discriminate between new motor vehicle dealers by adopting a method, or changing an existing method, for the allocation, scheduling, or delivery of new motor vehicles, parts, or accessories to its dealers that is not fair, reasonable, and equitable. Upon the request of a dealer, a manufacturer, distributor, factory branch, or factory representative shall disclose in writing to the dealer the method by which new motor vehicles, parts, and accessories are allocated, scheduled, or delivered to its dealers handling the same line or make of vehicles;

(e) Discriminate against a new motor vehicle dealer by preventing, offsetting, or otherwise impairing the dealer's right to request a documentary service fee on affinity or similar program purchases. This prohibition applies to, but is not limited to, any promotion plan, marketing plan, manufacturer or dealer employee or employee friends or family purchase programs, or similar plans or programs;

(f) Give preferential treatment to some new motor vehicle dealers over others by refusing or failing to deliver, in reasonable quantities and within a reasonable time after receipt of an order, to a dealer holding a franchise for a line or make of motor vehicles sold or distributed by the manufacturer, distributor, factory branch, or factory representative, a new vehicle, parts, or accessories, if the vehicle, parts, or accessories are being delivered to other dealers, or require a dealer to purchase unreasonable advertising displays or other materials, or unreasonably require a dealer to remodel or renovate existing facilities as a prerequisite to receiving a model or series of vehicles;

(g) Compete with a new motor vehicle dealer of any make or line by acting in the capacity of a new motor vehicle dealer, or by owning, operating, or controlling, whether directly or indirectly, a motor vehicle dealership in this state. It is not, however, a violation of this subsection for:

(i) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership for a temporary period, not to exceed two years, during the transition from one owner of the dealership to another where the dealership was previously owned by a franchised dealer and is currently for sale to any qualified independent person at a fair and reasonable price. The temporary operation may be extended for one twelve-month period on petition of the temporary operator to the department. The matter will be handled as an adjudicative proceeding under chapter 34.05 RCW. A dealer who is a franchisee of the petitioning manufacturer or distributor may intervene and participate in a proceeding under this subsection (1)(g)(i). The temporary operator has the burden of proof to show justification for the extension and a good faith effort to sell the dealership to an independent person at a fair and reasonable price;

(ii) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership in conjunction with an independent person in a bona fide business relationship for the purpose of broadening the diversity of its dealer body and enhancing opportunities for qualified persons who are part of a group who have historically been underrepresented in its dealer body, or other qualified persons who lack the resources to purchase a dealership outright, and where the independent person: (A) Has made, or within a period of two years from the date of commencement of operation will have made, a significant, bona fide capital investment in the dealership that is subject to loss; (B) has an ownership interest in the dealership; and (C) operates the dealership under a bona fide written agreement with the manufacturer, distributor, factory branch, or factory representative under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and under reasonable terms and conditions. The manufacturer, distributor, factory branch, or factory representative has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions. Nothing in this subsection (1)(g)(ii) relieves a manufacturer, distributor, factory branch, or factory representative from complying with (a) through (f) of this subsection;

(iii) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership in conjunction with an independent person in a bona fide business relationship where the independent person: (A) Has made, or within a period of two years from the date of commencement of operation will have made, a significant, bona fide capital investment in the dealership that is subject to loss; (B) has an ownership interest in the dealership; and (C) operates the

dealership under a bona fide written agreement with the manufacturer, distributor, factory branch, or factory representative under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and under reasonable terms and conditions. The manufacturer, distributor, factory branch, or factory representative has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions. The number of dealerships operated under this subsection (1)(g)(iii) may not exceed four percent rounded up to the nearest whole number of a manufacturer's total of new motor vehicle dealer franchises in this state. Nothing in this subsection (1)(g)(iii) relieves a manufacturer, distributor, factory branch, or factory representative from complying with (a) through (f) of this subsection;

(iv) A truck manufacturer to own, operate, or control a new motor vehicle dealership that sells only trucks of that manufacturer's line make with a gross vehicle weight rating of 12,500 pounds or more, and the truck manufacturer has been continuously engaged in the retail sale of the trucks at least since January 1, 1993;

(v) A manufacturer to own, operate, or control a new motor vehicle dealership trading exclusively in a single line make of the manufacturer if (A) the manufacturer does not own, directly or indirectly, in the aggregate, in excess of forty-five percent of the total ownership interest in the dealership, (B) at the time the manufacturer first acquires ownership or assumes operation or control of any such dealership, the distance between any dealership thus owned, operated, or controlled and the nearest new motor vehicle dealership trading in the same line make of vehicle and in which the manufacturer has no ownership or control is not less than fifteen miles and complies with the applicable provisions in the relevant market area sections of this chapter, (C) all of the manufacturer's franchise agreements confer rights on the dealer of that line make to develop and operate within a defined geographic territory or area, as many dealership facilities as the dealer and the manufacturer agree are appropriate, and (D) as of January 1, 2000, the manufacturer had no more than four new motor vehicle dealers of that manufacturer's line make in this state, and at least half of those dealers owned and operated two or more dealership facilities in the geographic territory or area covered by their franchise agreements with the manufacturer;

(vi) A final-stage manufacturer to own, operate, or control a new motor vehicle dealership; or

(vii) A manufacturer that held a vehicle dealer license in this state on January 1, 2014, to own, operate, or control a new motor vehicle dealership that sells new vehicles that are only of that manufacturer's makes or lines and that are not sold new by a licensed independent franchise dealer, or to own, operate, or control or contract with companies that provide finance, leasing, or service for vehicles that are of that manufacturer's makes or lines;

(h) Compete with a new motor vehicle dealer by owning, operating, or controlling, whether directly or indirectly, a service facility in this state for the repair or maintenance of motor vehicles under the manufacturer's new car warranty and extended warranty. Nothing in this subsection (1)(h), however, prohibits a manufacturer, distributor, factory branch, or factory representative from owning or operating a service facility for the purpose of providing or performing maintenance, repair, or service work on motor vehicles that are owned by the manufacturer, distributor, factory branch, or factory representative;

(i) Use confidential or proprietary information obtained from a new motor vehicle dealer to unfairly compete with the dealer. For purposes of this subsection (1)(i), "confidential or proprietary information" means trade secrets as defined in RCW 19.108.010, business plans, marketing plans or strategies, customer lists, contracts, sales data, revenues, or other financial information;

(j)(i) Terminate, cancel, or fail to renew a franchise with a new motor vehicle dealer based upon any of the following events, which do not constitute good cause for termination, cancellation, or nonrenewal under RCW 46.96.060: (A) The fact that the new motor vehicle dealer owns, has an investment in, participates in the management of, or holds a franchise agreement for the sale or service of another make or line of new motor vehicles; (B) the fact that the new motor vehicle dealer has established another make or line of new motor vehicles or service in the same dealership facilities as those of the manufacturer or distributor; (C) that the new motor vehicle dealer has or intends to relocate the manufacturer or distributor's make or line of new motor vehicles or service to an existing dealership facility that is within the relevant market area, as defined in RCW 46.96.140, of the make or line to be relocated, except that, in any nonemergency circumstance, the dealer must give the manufacturer or distributor at least sixty days' notice of his or her intent to relocate and the relocation must comply with RCW 46.96.140 and 46.96.150 for any same make or line facility; or (D) the failure of a franchisee to change the location of the dealership or to make substantial alterations to the use or number of franchises on the dealership premises or facilities.

(ii) Notwithstanding the limitations of this section, a manufacturer may, for separate consideration, enter into a written contract with a dealer to exclusively sell and service a single make or line of new motor vehicles at a specific facility for a defined period of time. The penalty for breach of the contract must not exceed the amount of consideration paid by the manufacturer plus a reasonable rate of interest;

(k) Coerce or attempt to coerce a motor vehicle dealer to refrain from, or prohibit or attempt to prohibit a new motor vehicle dealer from acquiring, owning, having an investment in, participating in the management of, or holding a franchise agreement for the sale or service of another make or line of new motor vehicles or related products, or establishing another make or line of new motor vehicles or service in the same dealership facilities, if the prohibition against acquiring, owning, investing, managing, or holding a franchise for such additional make or line of vehicles or products, or establishing another make or line of new motor vehicles or service in the same dealership facilities, is not supported by reasonable business considerations. The burden of proving that reasonable business considerations support or justify the prohibition against the additional make or line of new motor vehicles or products or nonexclusive facilities is on the manufacturer;

(l) Require, by contract or otherwise, a new motor vehicle dealer to make a material alteration, expansion, or addi-

tion to any dealership facility, unless the required alteration, expansion, or addition is uniformly required of other similarly situated new motor vehicle dealers of the same make or line of vehicles and is reasonable in light of all existing circumstances, including economic conditions. In any proceeding in which a required facility alteration, expansion, or addition is an issue, the manufacturer or distributor has the burden of proof. Except for a program or any renewal or modification of a program that is in effect with one or more new motor vehicle dealers in this state on June 12, 2014, a manufacturer shall not require, coerce, or attempt to coerce any new motor vehicle dealer by program, policy, standard, or otherwise to change the location of the dealership or construct, replace, renovate, or make any substantial changes, alterations, or remodeling to a new motor vehicle dealer's sales or service facilities, except as necessary to comply with health or safety laws or to comply with technology requirements without which a dealer would be unable to service a vehicle the dealer has elected to sell, before the tenth anniversary of the date of issuance of the certificate of occupancy or the manufacturer's approval, whichever is later, from:

(i) The date construction of the dealership at that location was completed if the construction was in substantial compliance with standards or plans provided by a manufacturer, distributor, or representative or through a subsidiary or agent of the manufacturer, distributor, or representative; or

(ii) The date a prior change, alteration, or remodel of the dealership at that location was completed if the construction was in substantial compliance with standards or plans provided by a manufacturer, distributor, or representative or through a subsidiary or agent of the manufacturer, distributor, or representative;

(m) Prevent or attempt to prevent by contract or otherwise any new motor vehicle dealer from changing the executive management of a new motor vehicle dealer unless the manufacturer or distributor, having the burden of proof, can show that a proposed change of executive management will result in executive management by a person or persons who are not of good moral character or who do not meet reasonable, preexisting, and equitably applied standards of the manufacturer or distributor. If a manufacturer or distributor rejects a proposed change in the executive management, the manufacturer or distributor shall give written notice of its reasons to the dealer within sixty days after receiving written notice from the dealer of the proposed change and all related information reasonably requested by the manufacturer or distributor, or the change in executive management must be considered approved;

(n) Condition the sale, transfer, relocation, or renewal of a franchise agreement or condition manufacturer, distributor, factory branch, or factory representative sales, services, or parts incentives upon the manufacturer obtaining site control, including rights to purchase or lease the dealer's facility, or an agreement to make improvements or substantial renovations to a facility. For purposes of this section, a substantial renovation has a gross cost to the dealer in excess of five thousand dollars;

(o) Fail to provide to a new motor vehicle dealer purchasing or leasing building materials or other facility improvements the right to purchase or lease franchisor image elements of like kind and quality from an alternative vendor selected by the dealer if the goods or services are to be supplied by a vendor selected, identified, or designated by the manufacturer or distributor. If the vendor selected by the manufacturer or distributor is the only available vendor of like kind and quality materials, the new motor vehicle dealer must be given the opportunity to purchase the franchisor image elements at a price substantially similar to the capitalized lease costs of the elements. This subsection (1)(o) must not be construed to allow a new motor vehicle dealer or vendor to gain additional intellectual property rights they are not otherwise entitled to or to impair or eliminate the intellectual property rights of the manufacturer or distributor or to permit a new motor vehicle dealer to erect or maintain signs that do not conform to the reasonable intellectual property usage guidelines of the manufacturer or distributor;

(p) Take any adverse action against a new motor vehicle dealer including, but not limited to, charge backs or reducing vehicle allocations, for sales and service performance within a designated area of primary responsibility unless that area is reasonable in light of proximity to relevant census tracts to the dealership and competing dealerships, highways and road networks, any natural or man-made barriers, demographics, including economic factors, buyer behavior information, and contains only areas inside the state of Washington unless specifically approved by the new motor vehicle dealer;

(q) Require, coerce, or attempt to coerce any new motor vehicle dealer by program, policy, facility guide, standard, or otherwise to order or accept delivery of any service or repair appliances, equipment, parts, or accessories, or any other commodity not required by law, which the dealer has not voluntarily ordered or which the dealer does not have the right to return unused for a full refund within ninety days or a longer period as mutually agreed upon by the dealer and manufacturer; or

(r) Modify the franchise agreement for any new motor vehicle dealer unless the manufacturer notifies the dealer in writing of its intention to modify the agreement at least ninety days before the effective date thereof, stating the specific grounds for the modification, and undertakes the modification in good faith, for good cause, and in a manner that would not adversely and substantially alter the rights, obligations, investment, or return on investment of the franchised new motor vehicle dealer under the existing agreement.

(2) Subsection (1)(a), (b), and (c) of this section do not apply to sales to a motor vehicle dealer: (a) For resale to a federal, state, or local government agency; (b) where the vehicles will be sold or donated for use in a program of driver's education; (c) where the sale is made under a manufacturer's bona fide promotional program offering sales incentives or rebates; (d) where the sale of parts or accessories is under a manufacturer's bona fide quantity discount program; or (e) where the sale is made under a manufacturer's bona fide fleet vehicle discount program. For purposes of this subsection, "fleet" means a group of fifteen or more new motor vehicles purchased or leased by a dealer at one time under a single purchase or lease agreement for use as part of a fleet, and where the dealer has been assigned a fleet identifier code by the department of licensing.

(3) The following definitions apply to this section:

(a) "Actual price" means the price to be paid by the dealer less any incentive paid by the manufacturer, distribu-

tor, factory branch, or factory representative, whether paid to the dealer or the ultimate purchaser of the vehicle.

(b) "Control" or "controlling" means (i) the possession of, title to, or control of ten percent or more of the voting equity interest in a person, whether directly or indirectly through a fiduciary, agent, or other intermediary, or (ii) the possession, direct or indirect, of the power to direct or cause the direction of the management or policies of a person, whether through the ownership of voting securities, through director control, by contract, or otherwise, except as expressly provided under the franchise agreement.

(c) "Motor vehicles" does not include trucks that are 14,001 pounds gross vehicle weight and above or recreational vehicles as defined in RCW 43.22.335.

(d) "Operate" means to manage a dealership, whether directly or indirectly.

(e) "Own" or "ownership" means to hold the beneficial ownership of one percent or more of any class of equity interest in a dealership, whether the interest is that of a shareholder, partner, limited liability company member, or otherwise. To hold an ownership interest means to have possession of, title to, or control of the ownership interest, whether directly or indirectly through a fiduciary, agent, or other intermediary.

(4) A violation of this section is deemed to affect the public interest and constitutes an unlawful and unfair practice under chapter 19.86 RCW. A person aggrieved by an alleged violation of this section may petition the department to have the matter handled as an adjudicative proceeding under chapter 34.05 RCW. [2018 c 296 § 2; 2014 c 214 § 7; 2010 c 178 § 6; 2003 c 21 § 3; 2000 c 203 § 1.]

Application—2014 c 214: See note following RCW 46.70.045.

46.96.190 Prohibited practices by manufacturer. A manufacturer shall not coerce, threaten, intimidate, or require a new motor vehicle dealer, as a condition to granting or renewing a franchise, to waive, limit, or disclaim a right that the dealer may have to protest the establishment or relocation of another motor vehicle dealer in the relevant market area as provided in RCW 46.96.150. [1994 c 274 § 6.]

46.96.192 Prohibited practices by manufacturer—Adverse action against dealer if vehicle exported or resold by customer. A manufacturer may not take or threaten to take any adverse action against a new motor vehicle dealer, including charge backs, reducing vehicle allocations, or terminating or threatening to terminate a franchise, because the dealer sold or leased a vehicle to a customer who exported the vehicle to a foreign country or who resold the vehicle, unless the manufacturer or distributor definitively proves that the dealer knew or reasonably should have known that the customer intended to export or resell the vehicle. A manufacturer or distributor shall, upon demand, indemnify, hold harmless, and defend any existing or former franchisee or franchisee's successors or assigns from any and all claims asserted, or damages sustained and attorneys' fees and other expenses reasonably incurred by the franchisee that result from or relate to any claim made or asserted, by a third party against the franchisee for any policy, program, or other behavior suggested by the manufacturer for sales of vehicles to parties that intend to export a vehicle purchased from the franchisee. [2010 c 178 § 10.]

46.96.194 Prohibited practices by manufacturer—Dealer waiver of chapter—Exceptions. A manufacturer or distributor shall not enter into an agreement or understanding with a new motor vehicle dealer that requires the dealer to waive any provisions of this chapter. However, a dealer may, by written contract and for valuable and reasonable separate consideration, waive, limit, or disclaim a manufacturer's obligations or a dealer's rights under RCW 46.96.080, 46.96.090, 46.96.105, 46.96.140, and 46.96.150, if the contract sets forth the specific provisions of this chapter that are waived, limited, or disclaimed. A manufacturer shall not coerce, threaten, intimidate, or require a new motor vehicle dealer, as a condition to granting or renewing a franchise, to enter into such an agreement or understanding. [2010 c 178 § 12.]

46.96.196 Practices by brand owner. (1) Notwithstanding the terms of a franchise agreement, a brand owner shall not directly or indirectly:

(a) Require a new motor vehicle dealer to offer a secondary product;

(b) Require a new motor vehicle dealer to provide a customer with a disclosure not otherwise required by law; or

(c) Prohibit a new motor vehicle dealer from offering a secondary product including, but not limited to:

(i) Service contracts;

(ii) Maintenance agreements;

(iii) Extended warranties;

(iv) Protection product guarantees;

(v) Guaranteed asset protection waivers;

(vi) Insurance;

(vii) Replacement parts;

(viii) Vehicle accessories;

(ix) Oil; or

(x) Supplies.

(2) It is not a violation of this section for a brand owner to offer an incentive program to new motor vehicle dealers to encourage them to sell or offer to sell a secondary product approved, endorsed, sponsored, or offered by the brand owner, provided the program does not provide vehicle sales or service incentives.

(3) It is not a violation of this section for a brand owner to prohibit a new motor vehicle dealer from using secondary products for any repair work paid for by the brand owner under the terms of a warranty, recall, service contract, extended warranty, maintenance plan, or certified preowned vehicle program established or offered by the brand owner.

(4) For the purposes of this section:

(a) "Brand owner" means a manufacturer, distributor, factory branch, factory representative, agent, officer, parent company, wholly or partially owned subsidiary, affiliate entity, or other person under common control with a factory, importer, or distributor.

(b) "Common control" has the same meaning as in RCW 48.31B.005.

(c) "Customer" means the retail purchaser of a vehicle or secondary product from a new motor vehicle dealer.

(d) "Original equipment manufacturer parts" means parts manufactured by or for a vehicle's original manufacturer or its designee.

(e) "Secondary product" means all products that are not new motor vehicles or original equipment manufacturer parts. [2020 c 174 § 1.]

46.96.200 Sale, transfer, or exchange of franchise. (1) Notwithstanding the terms of a franchise, a manufacturer shall not withhold consent to the sale, transfer, or exchange of a franchise to a qualified buyer who meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a new dealer who does not already hold a franchise with the manufacturer or is capable of being licensed as a new motor vehicle dealer in the state of Washington. A decision or determination made by the administrative law judge as to whether a qualified buyer is capable of being licensed as a new motor vehicle dealer in the state of Washington is not conclusive or determinative of any ultimate determination made by the department of licensing as to the buyer's qualification for a motor vehicle dealer license. A manufacturer's failure to respond in writing to a request for consent under this subsection within sixty days after receipt of a written request on the forms, if any, generally used by the manufacturer containing the information and reasonable promises required by a manufacturer is deemed to be consent to the request. A manufacturer may request, and, if so requested, the applicant for a franchise (a) shall promptly provide such personal and financial information as is reasonably necessary to determine whether the sale, transfer, or exchange should be approved, and (b) shall agree to be bound by all reasonable terms and conditions of the franchise.

(2) If a manufacturer refuses to approve the sale, transfer, or exchange of a franchise, the manufacturer shall serve written notice on the applicant, the transferring, selling, or exchanging new motor vehicle dealer, and the department of its refusal to approve the transfer of the franchise no later than sixty days after the date the manufacturer receives the written request from the new motor vehicle dealer. If the manufacturer has requested personal or financial information from the applicant under subsection (1) of this section, the notice shall be served not later than sixty days after the receipt of all of such documents. Service of all notices under this section shall be made by personal service or by certified mail, return receipt requested.

(3) The notice in subsection (2) of this section shall state the specific grounds for the refusal to approve the sale, transfer, or exchange of the franchise.

(4) Within twenty days after receipt of the notice of refusal to approve the sale, transfer, or exchange of the franchise by the transferring new motor vehicle dealer, the new motor vehicle dealer may file a petition with the department to protest the refusal to approve the sale, transfer, or exchange. The petition shall contain a short statement setting forth the reasons for the dealer's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed, and the department shall arrange for a hearing with an administrative law judge as the presiding officer to determine if the manufacturer unreasonably withheld consent to the sale, transfer, or exchange of the franchise.

(5) The administrative law judge shall conduct a hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred twenty days after a protest is filed. Only the selling, transferring, or exchanging new motor vehicle dealer and the manufacturer may be parties to the hearing.

(6) The administrative law judge shall conduct any hearing as provided in RCW 46.96.050(2), and all hearing costs shall be borne as provided in that subsection. Only the manufacturer and the selling, transferring, or exchanging new motor vehicle dealer may appeal the final order of the administrative law judge as provided in RCW 46.96.050(3).

(7) This section and RCW 46.96.030 through 46.96.110 apply to all franchises and contracts existing on July 23, 1989, between manufacturers and new motor vehicle dealers as well as to all future franchises and contracts between manufacturers and new motor vehicle dealers.

(8) RCW 46.96.140 through 46.96.190 apply to all franchises and contracts existing on October 1, 1994, between manufacturers and new motor vehicle dealers as well as to all future franchises and contracts between manufacturers and new motor vehicle dealers. [2010 c 178 § 7; 1994 c 274 § 7; 1989 c 415 § 18. Formerly RCW 46.96.120.]

46.96.210 Petition and hearing—Filing fee, costs, security. The department shall determine and establish the amount of the filing fee required in RCW 46.96.040, 46.96.110, 46.96.150, and 46.96.200. The fees shall be set in accordance with RCW 43.24.086.

The department may also require the petitioning or protesting party to give security, in such sum as the department deems proper but not in any event to exceed one thousand dollars, for the payment of such costs as may be incurred in conducting the hearing as required under this chapter. The security may be given in the form of a bond or stipulation or other undertaking with one or more sureties.

At the conclusion of the hearing, the department shall assess, in equal shares, each of the parties to the hearing for the cost of conducting the hearing. Upon receipt of payment of the costs, the department shall refund and return to the petitioning party such excess funds, if any, initially posted by the party as security for the hearing costs. If the petitioning party provided security in the form of a bond or other undertaking with one or more sureties, the bond or other undertaking shall then be exonerated and the surety or sureties under it discharged. [1994 c 274 § 8; 1989 c 415 § 19. Formerly RCW 46.96.130.]

46.96.220 Right of first refusal. (1) In the event of a proposed sale or transfer of a new motor vehicle dealership involving the transfer or sale of more than fifty percent of the ownership interest in, or more than fifty percent of the assets of, the dealership at the time of the transfer or sale, where the franchise agreement for the dealership contains a right of first refusal in favor of the manufacturer or distributor, then notwithstanding the terms of the franchise agreement, the manufacturer or distributor must be permitted to exercise a right of first refusal to acquire the dealership only if all of the following requirements are met:

(a) The manufacturer or distributor sends by certified mail, return receipt requested, or delivers by personal service, notice of its intent to exercise its right of first refusal within the lesser of (i) forty-five days of receipt of the completed proposal for the proposed sale or transfer, or (ii) the time period specified in the dealership's franchise agreement; and

(b) The exercise of the right of first refusal will result in the motor vehicle dealer receiving consideration, terms, and conditions that are equal to or better than that for which the dealer has contracted in connection with the proposed transaction.

(2) Notwithstanding subsection (1) of this section, the manufacturer's or distributor's right of first refusal does not apply to transfer of a dealership under RCW 46.96.110, and does not apply to a proposed transaction involving any of the following purchasers or transferees:

(a) A purchaser or transferee who has been preapproved by the manufacturer or distributor with respect to the transaction;

(b) A family member or members, including the spouse, biological or adopted child, stepchild, grandchild, spouse of a child or grandchild, brother, sister, or parent of the dealer-operator, or one or more of the dealership's owners;

(c) A manager continuously employed by the motor vehicle dealer in the dealership during the previous three years who is otherwise qualified as a dealer-operator by meeting the reasonable and uniformly applied standards for approval of an application as a new motor vehicle dealer-operator by the manufacturer;

(d) A partnership, corporation, limited liability company, or other entity controlled by any of the family members, identified in (b) of this subsection, of the dealer-operator; or

(e) A trust established or to be established for the purpose of allowing the new motor vehicle dealer to continue to qualify as such under the manufacturer's or distributor's standards, or provides for the succession of the franchise agreement to designated family members identified in (b) of this subsection, or qualified management identified in (c) of this subsection, in the event of the death or incapacity of the dealer-operator or its principal owner or owners.

(3) As a condition to the manufacturer or distributor exercising its right of first refusal, the manufacturer or distributor shall pay the reasonable expenses, including attorneys' fees, incurred by the dealer's proposed purchaser or transferee in negotiating, and undertaking any action to consummate, the contract for the proposed sale of the dealership up to the time of the manufacturer's or distributor's exercise of that right. In addition, the manufacturer or distributor shall pay any fees and expenses of the motor vehicle dealer arising on and after the date the manufacturer or distributor gives notice of the exercise of its right of first refusal, and incurred by the motor vehicle dealer as a result of alterations to documents, or additional appraisals, valuations, or financial analyses caused or required of the dealer by the manufacturer or distributor to consummate the contract for the sale of the dealership to the manufacturer's or distributor's proposed transferee, that would not have been incurred but for the manufacturer's or distributor's exercise of its right of first refusal. These expenses and fees must be paid by the manufacturer or distributor to the dealer and to the dealer's proposed purchaser or transferee on or before the closing date of the sale of the dealership to the manufacturer or distributor if the party entitled to reimbursement has submitted or caused to be submitted to the manufacturer or distributor, an accounting of these expenses and fees within thirty days after receipt of the manufacturer's or distributor's written request for the accounting. A manufacturer or distributor may request the accounting before exercising its right of first refusal.

(4) As a further condition to the exercise of its right of first refusal, a manufacturer or distributor shall assume and guarantee the lease or shall acquire the real property on which the motor vehicle franchise is conducted. Unless otherwise agreed to by the dealer and manufacturer or distributor, the lease terms or the real property acquisition terms must be the same as those on which the lease or property was to be transferred or sold to the dealer's proposed purchaser or transferee.

(5) If the selling dealer has disclosed to the proposed purchaser or transferee, in writing, the existence of the manufacturer's or distributor's right of first refusal, then the selling dealer has no liability to the proposed purchaser or transferee for a claim for damages resulting from the manufacturer or distributor exercising its right of first refusal. If the existence of the manufacturer's or distributor's right of first refusal was disclosed by the selling dealer to the proposed purchaser or transferee, in writing, before or at the time of execution of the purchase and sale or transfer agreement, the manufacturer or distributor shall indemnify, hold harmless, and defend the selling dealer from and against any and all claims, damages, losses, actions, or causes of action asserted by the dealer's proposed purchaser or transferee against the selling dealer arising from the manufacturer's or distributor's exercise of its right of first refusal, and has the right, under this section, to file a motion on behalf of the dealer to dismiss the actions or causes of action asserted by the dealer's proposed purchaser or transferee. [2003 c 21 § 4.]

46.96.230 Manufacturer incentive programs. (1) A manufacturer or distributor shall pay a motor vehicle dealer's claim for payment or other compensation due under a manufacturer incentive program within thirty days after approval of the claim. A claim that is not disapproved or disallowed within thirty days after the manufacturer or distributor receives the claim is deemed automatically approved. If the motor vehicle dealer's claim is not approved, the manufacturer or distributor shall provide the dealer with written notice of the reasons for the disapproval at the time notice of disapproval is given.

(2) A manufacturer may not deny a claim based solely on a motor vehicle dealer's incidental failure to comply with a specific claim-processing requirement that results in a clerical error or other administrative technicality.

(3) Notwithstanding the terms of a franchise agreement or other contract with a manufacturer or distributor, a motor vehicle dealer has one year after the expiration of a manufacturer or distributor incentive program to submit a claim for payment or compensation under the program.

(4) Notwithstanding the terms of a franchise agreement or other contract with a dealer and except as provided in subsection (5) of this section, after the expiration of one year after the date of payment of a claim under a manufacturer or

distributor incentive program, a manufacturer or distributor may not:

(a) Charge back to a motor vehicle dealer, whether directly or indirectly, the amount of a claim that has been approved and paid by the manufacturer or distributor under an incentive program;

(b) Charge back to a motor vehicle dealer, whether directly or indirectly, the cash value of a prize or other thing of value awarded to the dealer under an incentive program; or

(c) Audit the records of a motor vehicle dealer to determine compliance with the terms of an incentive program. Where, however, a manufacturer or distributor has reasonable grounds to believe that the dealer committed fraud with respect to the incentive program, the manufacturer or distributor may audit the dealer for a fraudulent claim during any period for which an action for fraud may be commenced under applicable state law.

(5) Notwithstanding subsection (4)(a) and (b) of this section, a manufacturer or distributor may make charge-backs to a motor vehicle dealer if, after completion of an audit of the dealer's records, the manufacturer or distributor can show, by a preponderance of the evidence, that (a) the claim was intentionally false or fraudulent at the time it was submitted to the manufacturer or distributor, or (b) with respect to a claim under a service incentive program, the repair work was improperly performed in a substandard manner or was unnecessary to correct a defective condition. [2003 c 21 § 5.]

46.96.240 Venue. Notwithstanding the provisions of a franchise agreement or other provision of law to the contrary, the venue for a cause of action, claim, lawsuit, administrative hearing or proceeding, arbitration, or mediation, whether arising under this chapter or otherwise, in which the parties or litigants are a manufacturer or distributor and one or more motor vehicle dealers, is the state of Washington. It is the public policy of this state that venue provided for in this section may not be modified or waived in any contract or other agreement, and any provision contained in a franchise agreement that requires arbitration or litigation to be conducted outside the state of Washington is void and unenforceable.

This section does not apply to a voluntary dispute resolution procedure that is not binding on the dealer. [2003 c 21 § 6.]

46.96.250 Immunity of franchisees and assigns. A manufacturer shall, upon demand, indemnify and hold harmless any existing or former franchisee and the franchisee's successors and assigns from any and all damages sustained and attorneys' fees and other expenses reasonably incurred by the franchisee that result from or relate to any claim made or asserted by a third party against the franchisee to the extent the claim results from any of the following:

(1) The condition, characteristics, manufacture, assembly, or design of any vehicle, parts, accessories, tools, or equipment, or the selection or combination of parts or components manufactured or distributed by the manufacturer or distributor;

(2) Service systems, procedures, or methods that the franchisor required or recommended the franchisee to use;

(3) Improper use by the manufacturer, its assignees, contractors, representatives, or licensees of nonpublic personal information obtained from a franchisee concerning any consumer, customer, or employee of the franchisee; or

(4) Any act or omission of the manufacturer or distributor for which the franchisee would have a claim for contribution or indemnity under applicable law or under the franchise, irrespective of any prior termination or expiration of the franchise. [2010 c 178 § 9.]

46.96.260 Civil actions for violations. A new motor vehicle dealer who is injured in his or her business or property by a violation of this chapter, or any corporation or association that is primarily owned by or composed of new motor vehicle dealers and that primarily represents the interests of new motor vehicle dealers and is acting for itself or by, for, or on behalf of one or more new motor vehicle dealers, has standing to file a petition to the department to have the matter handled as an adjudicative proceeding under chapter 34.05 RCW, or may bring a civil action in a court of competent jurisdiction to recover the actual damages sustained by the dealer, to seek declaratory relief, or to enjoin further violations, together with the costs of the suit, including reasonable attorneys' fees if the new motor vehicle dealer, corporation, or association prevails. In addition, the court may, in its discretion, increase the award of damages up to an amount not to exceed three times the actual damages sustained for a willful violation. If a petition is filed with the department, the petition must be accompanied with a filing fee in accordance with RCW 46.96.210. [2018 c 296 § 3; 2010 c 178 § 11.]

46.96.270 Release of dealer and customer data and information—Access to management computer systems—Immunity. (1) Notwithstanding the terms or conditions of any consent, authorization, release, novation, franchise, or other contract or agreement, whenever any manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of or through, or approved, referred, endorsed, authorized, certified, granted preferred status, or recommended by, any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor, requires that a new motor vehicle dealer provide any other new motor vehicle dealer, consumer, or customer data or information through direct access to the dealer's management computer system, the new motor vehicle dealer is not required to provide, and may not be required to consent to provide in any written agreement, such direct access to its management computer system.

However, the new motor vehicle dealer may provide any other new motor vehicle dealer, consumer, or customer data or information specified by the requesting party by timely obtaining and pushing or otherwise furnishing the requested data to the requesting party in a widely accepted file format, such as comma delimited, provided that when a new motor vehicle dealer would otherwise be required to provide direct access to its management computer system under the terms of a consent, authorization, release, novation, franchise, or other contract or agreement, a new motor vehicle dealer that elects to provide data or information through other means may be charged a reasonable initial set-up fee and reasonable pro-

cessing fee based on the actual incremental costs incurred by the party requesting the data for establishing and implementing the process for the dealer. Any term or provision contained in any consent, authorization, release, novation, franchise, or other contract or agreement that is inconsistent with this subsection is voidable at the option of the new motor vehicle dealer.

(2) Notwithstanding the terms or conditions of any consent, authorization, release, novation, franchise, or other contract or agreement, every manufacturer, factory branch, distributor, distributor branch, or any third party acting on behalf of or through any manufacturer, factory branch, distributor, or distributor branch, having electronic access to consumer or customer data or other information in a computer system utilized by a new motor vehicle dealer, or who has otherwise been provided consumer or customer data or information by the dealer, shall fully indemnify and hold harmless the dealer from whom it has acquired the consumer or customer data or other information from all damages, costs, and expenses incurred by the dealer including, but not limited to, judgments, settlements, fines, penalties, litigation costs, defense costs, court costs, costs related to the disclosure of security breaches, and attorneys' fees arising out of complaints, claims, security breaches, civil or administrative actions, and, to the fullest extent allowable under the law, governmental investigations and prosecutions to the extent caused by the manufacturer, factory branch, distributor, distributor branch, or third party acting on behalf of the manufacturer, factory branch, distributor, or distributor branch's access, storage, maintenance, use, sharing, disclosure, or retention of the dealer's consumer or customer data or other information, or maintenance or services provided to any computer system utilized by the dealer by the manufacturer, factory branch, distributor, distributor branch, or third party acting on behalf of or through the manufacturer, factory branch, distributor, or distributor branch.

(3) Notwithstanding the terms or conditions of any consent, authorization, release, novation, franchise, or other contract or agreement, a dealer management computer system vendor or any third party acting on behalf of or through any dealer management computer system vendor, having electronic access to consumer or customer data or other information in a computer system utilized by a new motor vehicle dealer, or who has otherwise been provided consumer or customer data or information by the dealer, shall fully indemnify and hold harmless the dealer from whom it has acquired the consumer or customer data or other information from all damages, costs, and expenses incurred by the dealer including, but not limited to, judgments, settlements, fines, penalties, litigation costs, defense costs, court costs, costs related to the disclosure of security breaches, and attorneys' fees arising out of complaints, claims, security breaches, civil or administrative actions, and, to the fullest extent allowable under the law, governmental investigations and prosecutions to the extent caused by the dealer management computer system vendor or any third party acting on behalf of the dealer management computer system vendor's access, storage, maintenance, use, sharing, disclosure, or retention of the dealer's consumer or customer data or other information, or maintenance or services provided to any computer system utilized by the dealer, by the dealer management computer system vendor or third party acting on behalf of or through the dealer management computer system vendor.
