~~((6)(a) The))~~(7) (a) If a youth does not already have counsel, the court shall appoint counsel to represent a youth, as defined in RCW 13.34.030(2)(b), in dependency proceedings under this section. Subject to amounts appropriated, the state shall pay the costs of legal services provided by an attorney appointed pursuant to this subsection based on the phase-in schedule outlined in RCW 13.34.212, provided that the legal services are provided in accordance with the rules of professional conduct, the standards of practice, caseload limits, and training guidelines adopted by the children's representation work group established in section 9, chapter 210, Laws of 2021.

(b) In cases where the statewide children's legal representation program provides funding and where consistent with its administration and oversight responsibilities, the statewide children's legal representation program should prioritize continuity of counsel for children who are already represented at county expense when the statewide children's legal representation program becomes effective in a county. The statewide children's legal representation program shall coordinate with relevant county stakeholders to determine how best to prioritize continuity of counsel.

~~((7))~~(8) The case plan for and delivery of services to a youth receiving extended foster care services is subject to the review requirements set forth in RCW 13.34.138 and 13.34.145, and should be applied in a developmentally appropriate manner, as they relate to youth age ~~((eighteen))~~18 to ~~((twenty-one))~~21 years. Additionally, the court shall consider:

(a) Whether the youth is safe in his or her placement;

~~((Whether the youth continues to be eligible for extended foster care services;~~

~~((e))~~ Whether the current placement is developmentally appropriate for the youth;

~~((d))~~(c) The youth's development of independent living skills; and

~~((e))~~(d) The youth's overall progress toward transitioning to full independence and the projected date for achieving such transition.

~~((8))~~(9) Prior to the review hearing, the youth's attorney shall indicate whether there are any contested issues and may provide additional information necessary for the court's review.

(6) "Child who is a candidate for foster care" means a child who the department identifies as being at imminent risk of entering foster care but who can remain safely in the child's home or in a kinship placement as long as services or programs that are necessary to prevent entry of the child into foster care are provided, and includes but is not limited to a child whose adoption or guardianship arrangement is at risk of a disruption or dissolution that would result in a foster care placement. The term includes a child for whom there is reasonable cause to believe that any of the following circumstances exist:

**Sec. 5.** RCW 74.13.031 and 2023 c 221 s 3 are each amended to read as follows:

(1) The department shall develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services

for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, the department shall recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, children with disabilities or behavioral health conditions, teens, pregnant and parenting teens, and the department shall annually provide data and information to the governor and the legislature concerning the department's success in: (a) Placing children with relatives; (b) providing supports to kinship caregivers including guardianship assistance payments; (c) supporting relatives to pass home studies and become licensed caregivers; and (d) meeting the need for nonrelative family foster homes when children cannot be placed with relatives.

(3) The department shall investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) As provided in RCW 26.44.030, the department may respond to a report of child abuse or neglect by using the family assessment response.

(5) The department shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(6) The department shall monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. Under this section children in out-of-home care and in-home dependencies and their caregivers shall receive a private and individual face-to-face visit each month. The department shall randomly select no less than ten percent of the caregivers currently providing care to receive one unannounced face-to-face visit in the caregiver's home per year. No caregiver will receive an unannounced visit through the random selection process for two consecutive years. If the caseworker makes a good faith effort to conduct the unannounced visit to a caregiver and is unable to do so, that month's visit to that caregiver need not be unannounced. The department is encouraged to group monthly visits to caregivers by geographic area so that in the event an unannounced visit cannot be

completed, the caseworker may complete other required monthly visits. The department shall use a method of random selection that does not cause a fiscal impact to the department.

The department shall conduct the monthly visits with children and caregivers to whom it is providing child welfare services.

(7) The department shall have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(8) The department may accept custody of children from parents through a voluntary placement agreement to provide child welfare services. The department may place children with a relative, a suitable person, or a licensed foster home under a voluntary placement agreement. In seeking a placement for a voluntary placement agreement, the department should consider the preferences of the parents and attempt to place with relatives or suitable persons over licensed foster care.

(9) The department shall have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(10) The department shall have authority to purchase care for children.

(11) The department shall establish a children's services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(12)(a) The department shall provide continued extended foster care services to ~~((nonminor dependents))~~ eligible youth who ((are)) request extended foster care. The department shall develop policies and procedures to ensure that dependent youth aged 15 and older are informed of the extended foster care program.

(b) The department shall pursue federal reimbursement, where appropriate, when a youth is:

(i) Enrolled in a secondary education program or a secondary education equivalency program;

(ii) Enrolled and participating in a postsecondary academic or postsecondary vocational education program;

(iii) Participating in a program or activity designed to promote employment or remove barriers to employment;

(iv) Engaged in employment for eighty hours or more per month; or

(v) Not able to engage in any of the activities described in ~~((a))~~(b) (i) through (iv) of this subsection due to a documented medical condition.

~~((b))~~(c) To be eligible for extended foster care services, the ~~((nonminor dependent))~~youth must have been dependent at the time that he or she reached age ~~((eighteen))~~18 years. If the dependency case of the ~~((nonminor dependent))~~youth was dismissed pursuant to RCW 13.34.267, he or she may receive extended foster care services pursuant to a voluntary placement agreement under RCW 74.13.336 or pursuant to an order of dependency issued by the court under RCW 13.34.268. A ~~((nonminor dependent))~~youth whose dependency case was dismissed by the court may request extended foster care services before reaching age ~~((twenty-one))~~21 years. Eligible ~~((nonminor dependents))~~youths may unenroll and reenroll in extended foster care through a voluntary placement agreement an unlimited number of times between ages ~~((eighteen))~~18 and ~~((twenty-one))~~21.

~~((e))~~(d) ~~The department shall ((develop and implement rules regarding youth eligibility requirements))not create additional eligibility requirements for extended foster care. The department shall develop and implement rules and policies designed to provide age-appropriate social work support for youth in extended foster care through a codesign process that includes those with lived experience in the foster care system.~~

~~((d))~~(e) The department shall make efforts to ensure that extended foster care services maximize medicaid reimbursements. This must include the department ensuring that health and mental health extended foster care providers participate in medicaid, unless the condition of the extended foster care youth requires specialty care that is not available among participating medicaid providers or there are no participating medicaid providers in the area. The department shall coordinate other services to maximize federal resources and the most cost-efficient delivery of services to extended foster care youth.

~~((e))~~(f) The department shall allow ~~((a))~~eligible youth ((who has received extended foster care services, but lost his or her eligibility,)) to reenter the extended foster care program an unlimited number of times through a voluntary placement agreement ~~((when he or she meets the eligibility criteria again))~~.

(g) A youth enrolled in extended foster care may elect to receive a licensed foster care placement or may live independently. A youth who is not in a licensed foster care placement is eligible for a monthly supervised independent living subsidy effective the date the youth signs the voluntary placement agreement, agrees to dependency, or informs their social worker that they are living independently, whichever occurs first.

(h) The department shall pursue federal reimbursement, where appropriate, when a youth is residing in an approved supervised independent living setting. If the youth is

not residing in an approved supervised independent living setting, the department is to work with the youth to help identify an appropriate living arrangement until the youth is living in a safe location approved by the department or the court. During this time, the department shall continue to pay the monthly supervised independent living subsidy.

(13) The department shall have authority to provide adoption support benefits on behalf of youth ages 18 to 21 years who achieved permanency through adoption at age 16 or older and who meet the criteria described in subsection (12)(b)(i) through (v) of this section.

(14) The department shall have the authority to provide guardianship subsidies on behalf of youth ages 18 to 21 who achieved permanency through guardianship and who meet the criteria described in subsection (12)(b)(i) through (v) of this section.

(15) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age ~~((eighteen))~~18 through ~~((twenty))~~20 shall not be referred to the division of child support unless required by federal law.

(16) The department shall have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order. The purchase of such care is exempt from the requirements of chapter 74.13B RCW and may be purchased from the federally recognized Indian tribe or tribally licensed child-placing agency, and shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200, 43.185C.295, 74.13.035, and 74.13.036, or of this section all services to be provided by the department under subsections (4), (7), and (9) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(17) The department may, within funds appropriated for guardianship subsidies, provide subsidies for eligible guardians who are appointed as guardian of an Indian child by the tribal court of a federally recognized tribe located in Washington state, as defined in RCW 13.38.040. The provision of subsidies shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department provides subsidies. To be eligible, the guardian must either be

certified by a department-licensed child-placing agency or licensed by a federally recognized tribe located in Washington state that is a Title IV-E agency, as defined in 45 C.F.R. 1355.20.

(18) Within amounts appropriated for this specific purpose, the department shall provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(19) The department shall have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty-three years of age, who are or have been in the department's care and custody, or who are or were nonminor dependents.

(20) The department shall consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department is performing the duties and meeting the obligations specified in this section and RCW 74.13.250 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

(21)(a) The department shall, within current funding levels, place on its public website a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

- (i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;
- (ii) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);
- (iii) Parent-child visits;
- (iv) Statutory preference for placement with a relative or other suitable person, if appropriate; and
- (v) Statutory preference for an out-of-home placement that allows the child to remain in the same school or school district, if practical and in the child's best interests.

(b) The document must be prepared in conjunction with a community-based organization and must be updated as needed.

(22)(a) The department shall have the authority to purchase legal representation for parents or kinship caregivers, or both, of children who are at risk of being dependent, or who are dependent, to establish or modify a parenting plan under RCW 13.34.155 or chapter 26.09, 26.26A, or 26.26B RCW or secure orders establishing other relevant civil legal relationships authorized by law, when it is necessary for the child's safety, permanence, or well-being. The department's purchase of legal representation for kinship caregivers must be within the department's appropriations. This subsection does not create an entitlement to legal representation purchased by the department and does not create judicial authority to order the

department to purchase legal representation for a parent or kinship caregiver. Such determinations are solely within the department's discretion. The term "kinship caregiver" as used in this section means a caregiver who meets the definition of "kin" in RCW 74.13.600(1), unless the child is an Indian child as defined in RCW 13.38.040 and 25 U.S.C. Sec. 1903. For an Indian child as defined in RCW 13.38.040 and 25 U.S.C. Sec. 1903, the term "kinship caregiver" as used in this section means a caregiver who is an "extended family member" as defined in RCW 13.38.040(8).

(b) The department is encouraged to work with the office of public defense parent representation program and the office of civil legal aid to develop a cost-effective system for providing effective civil legal representation for parents and kinship caregivers if it exercises its authority under this subsection.

**Sec. 6.** RCW 74.13.336 and 2018 c 34 s 4 are each amended to read as follows:

(1) A youth who has reached age ~~((eighteen))~~ 18 years may request extended foster care services authorized under RCW 74.13.031 at any time before he or she reaches the age of ~~((twenty-one))~~ 21 years if:

(a) The dependency proceeding of the youth was dismissed pursuant to RCW 13.34.267~~((+4))~~ (5) at the time that he or she reached age ~~((eighteen))~~ 18 years; or

(b) The court, after holding the dependency case open pursuant to RCW 13.34.267(1), has dismissed the case because the youth became ineligible for extended foster care services.

(2)(a) Upon a request for extended foster care services by a youth pursuant to subsection (1) of this section, a determination that the youth is eligible for extended foster care services, and the completion of a voluntary placement agreement, the department shall provide extended foster care services to the youth.

(b) In order to continue receiving extended foster care services after entering into a voluntary placement agreement with the department, the youth must agree to the entry of an order of dependency within ~~((one hundred eighty))~~ 180 days of the date that the youth is placed in extended foster care pursuant to a voluntary placement agreement.

(3) A youth may enter into a voluntary placement agreement for extended foster care services. A youth ~~((may transition among the eligibility categories identified in RCW 74.13.031 while under the same voluntary placement agreement, provided that the youth remains eligible for extended foster care services during the transition))~~ becomes eligible for extended foster care services as of the date the youth either signs an extended foster care agreement or voluntary placement agreement or turns 18, whichever occurs later. A youth may sign a voluntary placement agreement or an extended foster care agreement anytime within six months of the youth's 18th birthday, in which case the agreement will take effect on the youth's 18th birthday. A youth may sign a voluntary placement agreement or agreement to

participate in extended foster care at any time after turning 18. The youth may withdraw his or her consent to participate, at any time, including prior to their 18th birthday. A voluntary placement agreement may be signed by a dependent child or eligible youth over the age of 18 electronically.

(4) A youth who is not in a licensed foster care placement upon signing an extended foster care agreement or voluntary placement agreement, and who has turned 18 years old, shall receive their first supervised independent living subsidy within one month.

((+4)) (5) The department shall develop a program to make incentive payments to youth in extended foster care who participate in qualifying activities described in RCW 74.13.031(12)(b)(i) through (v). This program design must include stakeholder engagement from impacted communities. Subject to appropriations for this specific purpose, the department shall make incentive payments to qualifying youth in addition to the supervised independent living subsidy, beginning by July 1, 2025.

(6) "Voluntary placement agreement," for the purposes of this section, means a written voluntary agreement ((between)) by a ((nonminor dependent)) youth who agrees to ((submit to the care and authority of the department for the purposes of participating in the)) participate in extended foster care ((program))."

However, the declaration or governing documents may include reasonable rules regarding the placement and aesthetic appearance of drought resistant landscaping, pollinator habitat, or wildfire ignition resistant landscaping, as long as the rules do not render the use of drought resistant landscaping, pollinator habitat, or wildfire

ignition resistant landscaping unreasonably costly or otherwise effectively infeasible.

(b) This subsection does not apply to condominium associations.

(2) If a property is located within the geographic designation of an order of a drought condition issued by the department of ecology under RCW 43.83B.405, an association may not impose a fine or assessment against an owner, or resident on the owner's property, for reducing or eliminating the watering of vegetation or lawns for the duration of the drought condition order.

Prime Sponsor, Agriculture, Water, Natural Resources & Parks: Concerning the use of neonicotinoid pesticides. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that pollinators, including bees, butterflies, and birds, play a critical role in sustaining biodiversity and ecosystem health. The legislature further finds that pollinators are vital to agricultural production in the state and that approximately 35 percent of food crops depend upon pollinators.

(2) The legislature finds that neonicotinoids are the most widely used pesticides in the world. Neonicotinoids are less toxic to mammals and vertebrates than older insecticides and have beneficial uses such as those associated with pet care and veterinary treatment, personal care, indoor pest control, wood preservation, and structural insulation. However, neonicotinoids can be toxic to pollinators and misapplication of neonicotinoids contributes to bee colony collapse and the decline of pollinator species. The legislature intends to protect pollinators by restricting the use of neonicotinoids and supporting consumer education so that people do not inadvertently apply neonicotinoids in ways that are harmful to pollinators.

(3) The legislature recognizes that agricultural production depends on reliable pest management and allows applications of

neonicotinoids for agricultural production. Products designed to control pests in home gardens and landscapes that contain neonicotinoids should also be limited to applications that do not harm pollinators. Understandable information about the impact of products designed to manage pests in home gardens and landscapes on pollinators should be provided to customers. Private and nonprofit organizations engaged in public outreach and education regarding the role of pollinators and pollinator health are important partners in consumer education.

NEW SECTION. **Sec. 2.** A new section is added to chapter 15.58 RCW to read as follows:

(1) Beginning January 1, 2026, a person may not use neonicotinoid pesticides on nonproduction outdoor ornamental plants, trees, and turf in this state, unless the application is made as part of a licensed application, a tree injection, or during the production of an agricultural commodity.

(2) The director, upon identification of an urgent pest threat, may authorize the sale, possession, or use of neonicotinoid pesticides that are restricted under subsection (1) of this section by written order. The director must make reasonable efforts to inform the public of the urgent pest threat identified. The written order must include:

(a) The urgent pest threat identified;

(b) The neonicotinoid pesticide to be used in addressing the urgent pest threat;

(c) All other less harmful pesticides or pest management practices considered that were not deemed to be effective in addressing the urgent pest threat;

(d) The geographic scope of the written order; and

(e) The duration that the order is in effect, not to exceed one year.

(3) By June 30, 2025, and every four years thereafter, the department shall review and update rules under RCW 15.58.040 to administer and enforce this chapter as those rules relate to neonicotinoid pesticides.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Agricultural commodity" means any plant, or part of a plant, or animal, or animal product, produced by farmers, ranchers, vineyardists, plant propagators, Christmas tree growers, aquaculturists, floriculturists, orchardists, foresters, or other persons primarily for sale, consumption, propagation, or other use by people or animals.

(b) "Neonicotinoid pesticide" means any pesticide containing a chemical belonging to the neonicotinoid class of chemicals including, but not limited to, acetamiprid, clothianidin, dinotefuran, imidacloprid, nitenpyram, nithiazine, thiacloprid, thiamethoxam, or any other chemical designated by the department as belonging to the neonicotinoid class of chemicals.

(c) "Urgent pest threat" means an occurrence of a pest that presents a significant risk of harm or injury to the environment or human health or significant

harm, injury, or loss to agricultural crops including, but not limited to, an invasive species as defined in chapter 77.135 RCW."

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature recognizes Washington's syphilis epidemic continues to grow, causing long-term health consequences and deaths that are preventable. Between 2019 and 2021, the number of reported syphilis cases in Washington state increased by 49 percent, while the number of cases of primary and secondary syphilis, an early stage infection characterized by a high risk of transmission, increased by 79 percent.

(2) In 2021, the legislature funded the sexually transmitted infection and hepatitis B virus legislative advisory group which produced policy recommendations in 2022 that included allowing medical assistants with telehealth access to a supervising clinician to provide intramuscular injections for syphilis treatment. It is the intent of the legislature to increase access to syphilis treatment to populations with high rates of syphilis and who are at the most risk of serious health outcomes due to syphilis infection.

(f) Upon request, an estimated range of the out-of-pocket costs for an out-of-network benefit.

**Sec. 6.** RCW 48.49.100 and 2022 c 263 s 16 are each amended to read as follows:

(1) If the commissioner has cause to believe that any health care provider, hospital, ambulatory surgical facility, or behavioral health emergency services provider, has engaged in a pattern of unresolved violations of RCW 48.49.020 or 48.49.030, the commissioner may submit information to the department of health or the appropriate disciplining authority for action. Prior to submitting information to the department of health or the appropriate disciplining authority, the commissioner may provide the health care provider, hospital, ambulatory surgical facility, or behavioral health emergency services provider, with an opportunity to cure the alleged violations or explain why the actions in question did not violate RCW 48.49.020 or 48.49.030.

(2) If any health care provider, hospital, ambulatory surgical facility, or behavioral health emergency services provider, has engaged in a pattern of unresolved violations of RCW 48.49.020 or 48.49.030, the department of health or the appropriate disciplining authority may levy a fine or cost recovery upon the health care provider, hospital, ambulatory surgical facility, or behavioral health emergency services provider in an amount not to exceed the applicable statutory amount per violation and take other action as permitted under the authority of the department or disciplining authority. Upon completion of its review of any potential violation submitted by the commissioner or initiated directly by an enrollee, the department of health or the disciplining authority shall notify the commissioner of the results of the review, including whether the violation was substantiated and any enforcement action taken as a result of a finding of a substantiated violation.

(3) If the commissioner has cause to believe that any ground ambulance services organization has engaged in a pattern of unresolved violations of section 8 of this act, the authority and process provided in

subsections (1) and (2) of this section apply.

(4) If a carrier has engaged in a pattern of unresolved violations of any provision of this chapter, the commissioner may levy a fine or apply remedies authorized under this chapter, chapter 48.02 RCW, RCW 48.44.166, 48.46.135, or 48.05.185.

~~((4))~~ (5) For purposes of this section, "disciplining authority" means the agency, board, or commission having the authority to take disciplinary action against a holder of, or applicant for, a professional or business license upon a finding of a violation of chapter 18.130 RCW or a chapter specified under RCW 18.130.040.

**Sec. 7.** RCW 48.49.130 and 2022 c 263 s 17 are each amended to read as follows:

As authorized in 45 C.F.R. Sec. 149.30 as in effect on March 31, 2022, the provisions of this chapter apply to a self-funded group health plan whether governed by or exempt from the provisions of the federal employee retirement income security act of 1974 (29 U.S.C. Sec. 1001 et seq.) only if the self-funded group health plan elects to participate in the provisions of RCW 48.49.020 ~~((and)),~~ 48.49.030, 48.49.040, 48.49.160, and ~~((48.49.040))~~ section 8 of this act. To elect to participate in these provisions, the self-funded group health plan shall provide notice, on ~~((an annual))~~ periodic basis, to the commissioner in a manner and by a date prescribed by the commissioner, attesting to the plan's participation and agreeing to be bound by RCW 48.49.020 ~~((and)),~~ 48.49.030, 48.49.040, 48.49.160, and ~~((48.49.040))~~ section 8 of this act. An entity administering a self-funded health benefits plan that elects to participate under this section, shall comply with the provisions of RCW 48.49.020 ~~((and)),~~ 48.49.030, 48.49.040, 48.49.160, and ~~((48.49.040))~~ section 8 of this act.

**NEW SECTION. Sec. 8.** A new section is added to chapter 48.49 RCW to read as follows:

(1) For health plans issued or renewed on or after January 1, 2025, a nonparticipating ground ambulance services organization may not balance bill an enrollee for covered ground ambulance services.

(2) If an enrollee receives covered ground ambulance services:

(a) The enrollee satisfies their obligation to pay for the ground ambulance services if they pay the in-network cost-sharing amount specified in the enrollee's or applicable group's health plan contract. The enrollee's obligation must be calculated using the allowed amount determined under subsection (3) of this section. The carrier shall provide an explanation of benefits to the enrollee and the nonparticipating ground ambulance services organization that reflects the cost-sharing amount determined under this subsection;

(b) The carrier, nonparticipating ground ambulance services organization, and any agent, trustee, or assignee of the carrier or nonparticipating ground ambulance services organization shall ensure that the enrollee incurs no greater cost than the

amount determined under (a) of this subsection;

(c) The nonparticipating ground ambulance services organization and any agent, trustee, or assignee of the nonparticipating ground ambulance services organization may not balance bill or otherwise attempt to collect from the enrollee any amount greater than the amount determined under (a) of this subsection. This does not impact the ground ambulance services organization's ability to collect a past due balance for that cost-sharing amount with interest;

(d) The carrier shall treat any cost-sharing amounts determined under (a) of this subsection paid by the enrollee for a nonparticipating ground ambulance services organization's services in the same manner as cost-sharing for health care services provided by an in-network ground ambulance services organization and must apply any cost-sharing amounts paid by the enrollee for such services toward the enrollee's maximum out-of-pocket payment obligation; and

(e) A ground ambulance services organization shall refund any amount in excess of the in-network cost-sharing amount to an enrollee within 30 business days of receipt if the enrollee has paid the nonparticipating ground ambulance services organization an amount that exceeds the in-network cost-sharing amount determined under (a) of this subsection. Interest must be paid to the enrollee for any unrefunded payments at a rate of 12 percent beginning on the first calendar day after the 30 business days.

(3) Until December 31, 2027, the allowed amount paid to a nonparticipating ground ambulance services organization for covered ground ambulance services under a health plan issued by a carrier must be one of the following amounts:

(a) (i) The rate established by the local governmental entity where the covered health care services originated for the provision of ground ambulance services by ground ambulance services organizations owned or operated by the local governmental entity and submitted to the office of the insurance commissioner under section 9 of this act; or

(ii) Where the ground ambulance services were provided by a private ground ambulance services organization under contract with the local governmental entity where the covered health care services originated, the amount set by the contract submitted to the office of the insurance commissioner under section 9 of this act; or

(b) If a rate has not been established under (a) of this subsection, the lesser of:

(i) 325 percent of the current published rate for ambulance services as established by the federal centers for medicare and medicaid services under Title XVIII of the social security act for the same service provided in the same geographic area; or

(ii) The ground ambulance services organization's billed charges.

(4) Payment made in compliance with this section is payment in full for the covered services provided, except for any applicable in-network copayment, coinsurance, deductible, and other cost-sharing amounts required to be paid by the enrollee.

(5) The carrier shall make payments for ground ambulance services provided by nonparticipating ground ambulance services organizations directly to the organization, rather than the enrollee.

(6) A ground ambulance services organization may not request or require a patient at any time, for any procedure, service, or supply, to sign or otherwise execute by oral, written, or electronic means, any document that would attempt to avoid, waive, or alter any provision of this section.

(7) Carriers shall make available through electronic and other methods of communication generally used by a ground ambulance services organization to verify enrollee eligibility and benefits information regarding whether an enrollee's health plan is subject to the requirements of this section.

(8) For purposes of this chapter, ground ambulance services organizations are not considered providers. RCW 48.49.020, 48.49.030, 48.49.040, and 48.49.160 do not apply to ground ambulance services or ground ambulance services organizations.

**NEW SECTION. Sec. 9.** A new section is added to chapter 48.49 RCW to read as follows:

(1) Each local governmental entity that has established or contracted for rates for ground ambulance services provided in their geographic service area must submit the rates to the office of the insurance commissioner, in the form and manner prescribed by the commissioner for purposes of section 8 of this act. Rates established for ground ambulance transports include rates for services provided directly by the local governmental entity and rates for ground ambulance services provided by private ground ambulance services organizations under contract with the local governmental entity.

(2) The commissioner shall establish and maintain, directly or through the lead organization for administrative simplification designated under RCW 48.165.030, a publicly accessible database for the rates. A carrier may rely in good faith on the rates shown on the website. Local governmental entities are solely responsible for submitting any updates to their rates to the commissioner or the lead organization for administrative simplification, as directed by the commissioner.

**NEW SECTION. Sec. 10.** A new section is added to chapter 48.49 RCW to read as follows:

(1) The commissioner must undertake a process to review the reasonableness of the percentage of the medicare rate established in section 8 of this act and any trends in changes to ground ambulance services rates set by local governmental entities and ground ambulance services organizations' billed charges. In conducting the review, the commissioner should consider the relationship of the rates to the cost of providing ground ambulance services and any impacts on health plan enrollees that may

result from health plans increasing in-network consumer cost-sharing for ground ambulance services due to increased rates paid for these services by carriers.

(2) The results of the review must be submitted to the legislature by the earlier of:

(a) October 1, 2026; or

(b) October 1st following any:

(i) Significant trend of increasing rates for ground ambulance services established or contracted for by local governmental entities, increasing billed charges by ground ambulance services organizations, or increasing consumer cost-sharing for ground ambulance services;

(ii) Significant reduction in access to ground ambulance services in Washington state, including in rural or frontier communities; or

(iii) Update in medicare ground ambulance services payment rates by the federal centers for medicare and medicaid services.

(3) The report submitted to the legislature under subsection (2)(a) of this section must include:

(a) Health carrier spending on ground ambulance transports for fully insured health plans and for public and school employee programs administered under chapter 41.05 RCW during plan years 2024 and 2025;

(b) Individual and small group health plan premium trends and cost-sharing trends for ground ambulance services for plan years 2024 and 2025;

(c) Trends in coverage of ground ambulance services for fully insured health plans and for public and school employee programs administered under chapter 41.05 RCW for plan years 2024 and 2025;

(d) A description of current emergency medical services training, equipment, and personnel standards for emergency medical services licensure; and

(e) A description of emergency medical services interfacility transport capabilities in Washington state.

**NEW SECTION. Sec. 11.** A new section is added to chapter 18.73 RCW to read as follows:

If the insurance commissioner reports to the department that they have cause to believe that a ground ambulance services organization has engaged in a pattern of violations of section 8 of this act, and the report is substantiated after investigation, the department may levy a fine upon the ground ambulance services organization in an amount not to exceed \$1,000 per violation and take other formal or informal disciplinary action as permitted under the authority of the department.

**NEW SECTION. Sec. 12.** A new section is added to chapter 48.43 RCW to read as follows:

(1) For health plans issued or renewed on or after January 1, 2025, a health carrier shall provide coverage for ground ambulance transports to behavioral health emergency services providers for enrollees who are experiencing an emergency medical condition as defined in RCW 48.43.005. A health carrier may not require prior authorization

of ground ambulance services if a prudent layperson acting reasonably would have believed that an emergency medical condition existed.

(2) Coverage of ground ambulance transports to behavioral health emergency services providers may be subject to applicable in-network copayments, coinsurance, and deductibles, as provided in chapter 48.49 RCW.

**NEW SECTION. Sec. 13.** (1) The office of the insurance commissioner, in consultation with the health care authority, shall contract for an actuarial analysis of the cost, potential cost savings, and total net costs or savings of covering services provided by ground ambulance services organizations when a ground ambulance services organization is dispatched to the scene of an emergency and the person is treated but is not transported to a hospital or behavioral health emergency services provider. The analysis must calculate net costs or savings separately for the individual, small group, and large group health plan markets and for public and school employee programs administered under chapter 41.05 RCW. The analysis should consider, at a minimum:

(a) The proportion of ground ambulance dispatches that do not result in patient transport to a hospital or behavioral health emergency services provider;

(b) Appropriate payment rates for these services;

(c) Any potential impact of coverage of these services on the number or type of transports to hospitals or behavioral health emergency services providers and associated costs or cost savings; and

(d) Other considerations identified by the commissioner.

(2) The report must include the findings of the actuarial analysis described in this section and recommendations related to whether the services described in this section should be treated as covered services under health plans issued or renewed in Washington state and health benefit programs for public and school employees administered under chapter 41.05 RCW. The office of the insurance commissioner shall submit the report to the legislature by October 1, 2025.

**NEW SECTION. Sec. 14.** A new section is added to chapter 18.73 RCW to read as follows:

(1) The Washington state institute for public policy, in collaboration with the department, the health care authority, and the office of the insurance commissioner, shall conduct a study on the extent to which other states fund or have considered funding emergency medical services substantially or entirely through federal, state, or local governmental funding and the current landscape of emergency medical services in Washington.

(2) The institute shall consider the following elements in conducting the study:

(a) Trends in the number and types of emergency medical services available and the volume of 911 responses and interfacility

transports provided by emergency medical services organizations over time and by county in Washington state;

(b) Projections of the need for emergency medical services in Washington state counties over the next two years;

(c) Examination of geographic disparities in emergency medical services access and average response times, including identification of geographic areas in Washington state without access to emergency medical services within an average 25-minute response time;

(d) Estimates for the cost to address gaps in emergency medical services so all parts of the state are assured a timely response;

(e) Models for funding emergency medical services that are used by other states; and

(f) Existing research and literature related to funding models for emergency medical services.

(3) In conducting the study, the institute shall consult with emergency medical services organizations, local governmental entities, hospitals, labor organizations representing emergency medical services personnel, and other interested entities as determined by the institute in consultation with the department, the health care authority, and the office of the insurance commissioner.

(4) A report detailing the results of the study must be submitted to the department and the relevant policy and fiscal committees of the legislature on or before June 1, 2026.

If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child," "juvenile," and "youth" mean:

(a) Any individual under the age of eighteen years; or

(b) Any individual age eighteen to twenty-one years who is eligible to receive and who elects to receive the extended foster care services authorized under RCW 74.13.031. Sec. 7101 et seq., or injury of a child by any person under circumstances which cause harm to the child's health, welfare, or safety, excluding conduct permitted under RCW 9A.16.100; or the negligent treatment or maltreatment of a child by a person responsible for or providing care to the child. An abused child is a child who has been subjected to child abuse or neglect as defined in this section.

(2) "Child" or "children" means any person under the age of eighteen years of age.

(3) "Child forensic interview" means a developmentally sensitive and legally sound method of gathering factual information regarding allegations of child abuse, child neglect, or exposure to violence. This interview is conducted by a competently trained, neutral professional utilizing techniques informed by research and best practice as part of a larger investigative process.

(4) "Child protective services" means those services provided by the department designed to protect children from child abuse and neglect and safeguard such children from future abuse and neglect, and conduct investigations of child abuse and neglect reports. Investigations may be conducted regardless of the location of the alleged abuse or neglect. Child protective services includes referral to services to ameliorate conditions that endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children to ensure that each child has a permanent home. In determining whether protective services should be provided, the department shall not decline to provide such services solely because of the child's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(5) "Child protective services section" means the child protective services section of the department.

(6) "Child who is a candidate for foster care" means a child who the department identifies as being at imminent risk of entering foster care but who can remain safely in the child's home or in a kinship placement as long as services or programs that are necessary to prevent entry of the child into foster care are provided, and includes but is not limited to a child whose adoption or guardianship arrangement is at risk of a disruption or dissolution that would result in a foster care placement. The term includes a child for whom there is reasonable cause to believe that any of the following circumstances exist:

(a) The child has been abandoned by the parent as defined in RCW 13.34.030 and the child's health, safety, and welfare is seriously endangered as a result;

(b) The child has been abused or neglected as defined in this chapter and the child's health, safety, and welfare is seriously endangered as a result;

(c) There is no parent capable of meeting the child's needs such that the child is in

circumstances that constitute a serious danger to the child's development;

(d) The child is otherwise at imminent risk of harm.

(7) "Children's advocacy center" means a child-focused facility in good standing with the state chapter for children's advocacy centers and that coordinates a multidisciplinary process for the investigation, prosecution, and treatment of sexual and other types of child abuse. Children's advocacy centers provide a location for forensic interviews and coordinate access to services such as, but not limited to, medical evaluations, advocacy, therapy, and case review by multidisciplinary teams within the context of county protocols as defined in RCW 26.44.180 and 26.44.185.

(8) "Clergy" means any regularly licensed or ordained minister, priest, or rabbi of any church or religious denomination, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(11) "Experiencing homelessness" means lacking a fixed, regular, and adequate nighttime residence, including circumstances such as sharing the housing of other persons due to loss of housing, economic hardship, fleeing domestic violence, or a similar reason as described in the federal McKinney-Vento homeless assistance act (Title 42 U.S.C., chapter 119, subchapter I) as it existed on January 1, 2021.

(12) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child abuse or neglect, and family strengths and needs that is applied to a child abuse or neglect report. Family assessment does not include a determination as to whether child abuse or neglect occurred, but does determine the need for services to address the safety of the child and the risk of subsequent maltreatment.

(13) "Family assessment response" means a way of responding to certain reports of child abuse or neglect made under this chapter using a differential response approach to child protective services. The family assessment response shall focus on the safety of the child, the integrity and preservation of the family, and shall assess the status of the child and the family in terms of risk of abuse and neglect including the parent's or guardian's or other caretaker's capacity and willingness to protect the child and, if necessary, plan and arrange the provision of services to reduce the risk and otherwise support the family. No one is named as a perpetrator, and no investigative finding is entered in the record as a result of a family assessment.

(14) "Founded" means the determination following an investigation by the department that, based on available information, it is more likely than not that child abuse or neglect did occur.

(15) "Inconclusive" means the determination following an investigation by the department of social and health services, prior to October 1, 2008, that based on available information a decision cannot be made that more likely than not, child abuse or neglect did or did not occur.

(19) "Negligent treatment or maltreatment" means an act or a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction, that evidences a serious disregard of consequences of such magnitude as to constitute a clear and present danger to a child's health, welfare, or safety, including but not limited to conduct prohibited under RCW 9A.42.100. When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, experiencing homelessness, or exposure to domestic violence as defined in RCW 7.105.010 that is perpetrated against someone other than the child does not constitute negligent treatment or maltreatment in and of itself.

(20) "Pharmacist" means any registered pharmacist under chapter 18.64 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(21) "Practitioner of the healing arts" or "practitioner" means a person licensed by this state to practice podiatric medicine and surgery, optometry, chiropractic, nursing, dentistry, osteopathic medicine and surgery, or medicine and surgery or to provide other health services. The term "practitioner" includes a duly accredited Christian Science practitioner. A person who is being furnished Christian Science treatment by a duly accredited Christian Science practitioner will not be considered, for that reason alone, a neglected person for the purposes of this chapter.

(22) "Prevention and family services and programs" means specific mental health prevention and treatment services, substance abuse prevention and treatment services, and in-home parent skill-based programs that qualify for federal funding under the federal family first prevention services act, P.L. 115-123. (25) "Screened-out report" means a report of alleged child abuse or neglect that the department has determined does not rise to the level of a credible report of abuse or neglect and is not referred for investigation.

(26) "Sexual exploitation" includes: (a) Allowing, permitting, or encouraging a child to engage in prostitution by any person; or (b) allowing, permitting, encouraging, or engaging in the obscene or pornographic photographing, filming, or depicting of a child by any person.

(27) "Sexually aggressive youth" means a child who is defined in RCW 74.13.075(1)(b) as being a sexually aggressive youth.

(28) "Social service counselor" means anyone engaged in a professional capacity during the regular course of employment in encouraging or promoting the health, welfare, support, or education of children, or providing social services to adults or families, including mental health, drug and alcohol treatment, and domestic violence programs, whether in an individual capacity, or as an employee or agent of any public or private organization or institution.

(29) "Unfounded" means the determination following an investigation by the department that available information indicates that, more likely than not, child abuse or neglect did not occur, or that there is insufficient evidence for the department to determine whether the alleged child abuse did or did not occur.

**Sec. 6.** RCW 26.44.030 and 2019 c 172 s 6 are each amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of children, youth, and families, licensed or certified child care providers or their employees, employee of the department of social and health services, juvenile probation officer, diversion unit staff, placement and liaison specialist, responsible living skills program staff, HOPE center staff, state family and children's ombuds or any volunteer in the ~~((ombuds's))~~ ombuds' office, or host home program has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has

suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Organization" includes a sole proprietor, partnership, corporation, limited liability company, trust, association, financial institution, governmental entity, other than the federal government, and any other individual or group engaged in a trade, occupation, enterprise, governmental function, charitable function, or similar activity in this state whether or not the entity is operated as a nonprofit or for-profit entity.

(iii) "Reasonable cause" means a person witnesses or receives a credible written or oral report alleging abuse, including sexual contact, or neglect of a child.

(iv) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(v) "Sexual contact" has the same meaning as in RCW 9A.44.010.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act

of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The reporting requirement also applies to guardians ad litem, including court-appointed special advocates, appointed under Titles 11 and 13 RCW and this title, who in the course of their representation of children in these actions have reasonable cause to believe a child has been abused or neglected.

(f) The reporting requirement in (a) of this subsection also applies to administrative and academic or athletic department employees, including student employees, of institutions of higher education, as defined in RCW 28B.10.016, and of private institutions of higher education.

(g) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency, including military law enforcement, if appropriate. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as

provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report that a child is a candidate for foster care as defined in RCW 26.44.020, the department may provide prevention and family services and programs to the child's parents, guardian, or caregiver. The department may not be held civilly liable for the decision regarding

whether to provide prevention and family services and programs, or for the provision of those services and programs, for a child determined to be a candidate for foster care.

(11) Upon receiving a report of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

(12)(a) Upon receiving a report of alleged abuse or neglect, the department shall use one of the following discrete responses to reports of child abuse or neglect that are screened in and accepted for departmental response:

(i) Investigation; or

(ii) Family assessment.

(b) In making the response in (a) of this subsection the department shall:

(i) Use a method by which to assign cases to investigation or family assessment which are based on an array of factors that may include the presence of: Imminent danger, level of risk, number of previous child abuse or neglect reports, or other presenting case characteristics, such as the type of alleged maltreatment and the age of the alleged victim. Age of the alleged victim shall not be used as the sole criterion for determining case assignment;

(ii) Allow for a change in response assignment based on new information that alters risk or safety level;

(iii) Allow families assigned to family assessment to choose to receive an investigation rather than a family assessment;

(iv) Provide a full investigation if a family refuses the initial family assessment;

(v) Provide voluntary services to families based on the results of the initial family assessment. If a family refuses voluntary services, and the department cannot identify specific facts related to risk or safety that warrant assignment to investigation under this chapter, and there is not a history of reports of child abuse or neglect related to the family, then the department must close the family assessment response case. However, if at any time the department identifies risk or safety factors that warrant an investigation under this chapter, then the family assessment response case must be reassigned to investigation;

(vi) Conduct an investigation, and not a family assessment, in response to an

allegation that, the department determines based on the intake assessment:

(A) Indicates a child's health, safety, and welfare will be seriously endangered if not taken into custody for reasons including, but not limited to, sexual abuse and sexual exploitation of the child as defined in this chapter;

(B) Poses a serious threat of substantial harm to a child;

(C) Constitutes conduct involving a criminal offense that has, or is about to occur, in which the child is the victim;

(D) The child is an abandoned child as defined in RCW 13.34.030;

(E) The child is an adjudicated dependent child as defined in RCW 13.34.030, or the child is in a facility that is licensed, operated, or certified for care of children by the department under chapter 74.15 RCW.

(c) In addition, the department may use a family assessment response to assess for and provide prevention and family services and programs, as defined in RCW 26.44.020, for the following children and their families, consistent with requirements under the federal family first prevention services act and this section:

(i) A child who is a candidate for foster care, as defined in RCW 26.44.020; and

(ii) A child who is in foster care and who is pregnant, parenting, or both.

(d) The department may not be held civilly liable for the decision to respond to an allegation of child abuse or neglect by using the family assessment response under this section unless the state or its officers, agents, or employees acted with reckless disregard.

(13)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(14) For reports of alleged abuse or neglect that are responded to through family assessment response, the department shall:

(a) Provide the family with a written explanation of the procedure for assessment of the child and the family and its purposes;

(b) Collaborate with the family to identify family strengths, resources, and service needs, and develop a service plan with the goal of reducing risk of harm to

the child and improving or restoring family well-being;

(c) Complete the family assessment response within forty-five days of receiving the report except as follows:

(i) Upon parental agreement, the family assessment response period may be extended up to one hundred twenty days. The department's extension of the family assessment response period must be operated within the department's appropriations;

(ii) For cases in which the department elects to use a family assessment response as authorized under subsection (12)(c) of this section, and upon agreement of the child's parent, legal guardian, legal custodian, or relative placement, the family assessment response period may be extended up to one year. The department's extension of the family assessment response must be operated within the department's appropriations.

(d) Offer services to the family in a manner that makes it clear that acceptance of the services is voluntary;

(e) Implement the family assessment response in a consistent and cooperative manner;

(f) Have the parent or guardian agree to participate in services before services are initiated. The department shall inform the parents of their rights under family assessment response, all of their options, and the options the department has if the parents do not agree to participate in services.

(15)(a) In conducting an investigation or family assessment of alleged abuse or neglect, the department or law enforcement agency:

(i) May interview children. If the department determines that the response to the allegation will be family assessment response, the preferred practice is to request a parent's, guardian's, or custodian's permission to interview the child before conducting the child interview unless doing so would compromise the safety of the child or the integrity of the assessment. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. If the allegation is investigated, parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(ii) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(b) The Washington state school directors' association shall adopt a model

policy addressing protocols when an interview, as authorized by this subsection, is conducted on school premises. In formulating its policy, the association shall consult with the department and the Washington association of sheriffs and police chiefs.

(16) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombuds of the contents of the report. The department shall also notify the ombuds of the disposition of the report.

(17) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(18)(a) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(b) In the family assessment response, the department shall not make a finding as to whether child abuse or neglect occurred. No one shall be named as a perpetrator and no investigative finding shall be entered in the department's child abuse or neglect database.

(19) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor.

(20) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(21) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030.

(22) The department shall make efforts as soon as practicable to determine the military status of parents whose children are subject to abuse or neglect allegations. If the department determines that a parent or guardian is in the military, the department shall notify a department of defense family advocacy program that there is an allegation of abuse and neglect that is screened in and open for investigation that relates to that military parent or guardian.

(23) The department shall make available on its public website a downloadable and printable poster that includes the reporting requirements included in this section. The poster must be no smaller than eight and one-half by eleven inches with all information on one side. The poster must be made available in both the English and

Spanish languages. Organizations that include employees or volunteers subject to the reporting requirements of this section must clearly display this poster in a common area. At a minimum, this poster must include the following:

- (a) Who is required to report child abuse and neglect;
- (b) The standard of knowledge to justify a report;
- (c) The definition of reportable crimes;
- (d) Where to report suspected child abuse and neglect; and
- (e) What should be included in a report and the appropriate timing.

**NEW SECTION. Sec. 7.** A new section is added to chapter 26.44 RCW to read as follows:

(1) The department must use a validated assessment tool to screen a child for commercial sexual abuse of a minor if a report of abuse and neglect under RCW 26.44.030 alleges commercial sexual abuse of a minor.

(2) Whenever there is reasonable cause to believe that a child under the jurisdiction of a juvenile justice agency has suffered commercial sexual abuse of a minor, the juvenile justice agency must use a validated assessment tool to screen the child for commercial sexual abuse of a minor and report such abuse and neglect pursuant to RCW 26.44.030.

(3) For purposes of this section, "juvenile justice agency" means any of the following: Law enforcement; diversion units; juvenile courts; detention centers; and persons or public or private agencies having children committed to their custody.

**Sec. 8.** RCW 74.13.031 and 2023 c 221 s 3 are each amended to read as follows:

(1) The department shall develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, the department shall recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, children with disabilities or behavioral health conditions, teens, pregnant and parenting teens, and the department shall annually provide data and information to the governor and the legislature concerning the department's success in: (a) Placing children with relatives; (b) providing supports to kinship caregivers including guardianship assistance payments; (c) supporting relatives to pass home studies and become licensed caregivers; and (d) meeting the need for nonrelative family foster homes when children cannot be placed with relatives.

(3) The department shall investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent

risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) The department shall make recommendations to the legislature about the types of services that need to be offered to children who have been identified by a state or local agency as being a victim of either sex trafficking or severe forms of trafficking in persons described under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq.

(5) For children identified as victims of sex trafficking and victims of severe forms of trafficking in persons described under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq., the department:

(a) Shall assess and offer services to dependent children as described under RCW 13.34.030; and

(b) May assess and offer services to children who have not been found dependent.

(6) As provided in RCW 26.44.030, the department may respond to a report of child abuse or neglect by using the family assessment response.

~~((45))~~(7) The department shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

~~((46))~~(8) The department shall monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. Under this section children in out-of-home care and in-home dependencies and their caregivers shall receive a private and individual face-to-face visit each month. The department shall randomly select no less than ten percent of the caregivers currently providing care to receive one unannounced face-to-face visit in the caregiver's home per year. No caregiver will receive an unannounced visit through the random selection process for two consecutive years. If the caseworker makes a good faith effort to conduct the unannounced visit to a caregiver and is unable to do so, that month's visit to that caregiver need not be unannounced. The department is encouraged to group monthly visits to caregivers by geographic area so that in the event an unannounced visit cannot be completed, the caseworker may complete other required monthly visits. The department shall use a method of random selection that does not cause a fiscal impact to the department.

The department shall conduct the monthly visits with children and caregivers to whom it is providing child welfare services.

~~((7))~~ (9) The department shall have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

~~((8))~~ (10) The department may accept custody of children from parents through a voluntary placement agreement to provide child welfare services. The department may place children with a relative, a suitable person, or a licensed foster home under a voluntary placement agreement. In seeking a placement for a voluntary placement agreement, the department should consider the preferences of the parents and attempt to place with relatives or suitable persons over licensed foster care.

~~((9))~~ (11) The department shall have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

~~((10))~~ (12) The department shall have authority to purchase care for children.

~~((11))~~ (13) The department shall establish a children's services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

~~((12))~~ (14) (a) The department shall provide continued extended foster care services to nonminor dependents who are:

(i) Enrolled in a secondary education program or a secondary education equivalency program;

(ii) Enrolled and participating in a postsecondary academic or postsecondary vocational education program;

(iii) Participating in a program or activity designed to promote employment or remove barriers to employment;

(iv) Engaged in employment for eighty hours or more per month; or

(v) Not able to engage in any of the activities described in (a)(i) through (iv) of this subsection due to a documented medical condition.

(b) To be eligible for extended foster care services, the nonminor dependent must have been dependent at the time that he or she reached age eighteen years. If the dependency case of the nonminor dependent was dismissed pursuant to RCW 13.34.267, he or she may receive extended foster care services pursuant to a voluntary placement agreement under RCW 74.13.336 or pursuant to an order of dependency issued by the court under RCW 13.34.268. A nonminor dependent

whose dependency case was dismissed by the court may request extended foster care services before reaching age twenty-one years. Eligible nonminor dependents may unenroll and reenroll in extended foster care through a voluntary placement agreement an unlimited number of times between ages eighteen and twenty-one.

(c) The department shall develop and implement rules regarding youth eligibility requirements.

(d) The department shall make efforts to ensure that extended foster care services maximize medicaid reimbursements. This must include the department ensuring that health and mental health extended foster care providers participate in medicaid, unless the condition of the extended foster care youth requires specialty care that is not available among participating medicaid providers or there are no participating medicaid providers in the area. The department shall coordinate other services to maximize federal resources and the most cost-efficient delivery of services to extended foster care youth.

(e) The department shall allow a youth who has received extended foster care services, but lost his or her eligibility, to reenter the extended foster care program an unlimited number of times through a voluntary placement agreement when he or she meets the eligibility criteria again.

~~((13))~~ (15) The department shall have authority to provide adoption support benefits on behalf of youth ages 18 to 21 years who achieved permanency through adoption at age 16 or older and who meet the criteria described in subsection ~~((12))~~ (14) of this section.

~~((14))~~ (16) The department shall have the authority to provide guardianship subsidies on behalf of youth ages 18 to 21 who achieved permanency through guardianship and who meet the criteria described in subsection ~~((12))~~ (14) of this section.

~~((15))~~ (17) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

~~((16))~~ (18) The department shall have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order. The purchase of such care is exempt from the requirements of chapter 74.13B RCW and may be purchased from the federally recognized Indian tribe or tribally licensed child-placing agency, and shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200, 43.185C.295, 74.13.035, and 74.13.036, or of this section all services to be provided by the department under subsections ~~((4), (7), and (9))~~ (6), (9), and (11) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

~~((17))~~ (19) The department may, within funds appropriated for guardianship subsidies, provide subsidies for eligible guardians who are appointed as guardian of an Indian child by the tribal court of a federally recognized tribe located in Washington state, as defined in RCW 13.38.040. The provision of subsidies shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department provides subsidies. To be eligible, the guardian must either be certified by a department-licensed child-placing agency or licensed by a federally recognized tribe located in Washington state that is a Title IV-E agency, as defined in 45 C.F.R. 1355.20.

~~((18))~~ (20) Within amounts appropriated for this specific purpose, the department shall provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

~~((19))~~ (21) The department shall have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty-three years of age, who are or have been in the department's care and custody, or who are or were nonminor dependents.

~~((20))~~ (22) The department shall consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department is performing the duties and meeting the obligations specified in this section and RCW 74.13.250 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

~~((21))~~ (23) (a) The department shall, within current funding levels, place on its public website a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

(i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;

(ii) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);

(iii) Parent-child visits;

(iv) Statutory preference for placement with a relative or other suitable person, if appropriate; and

(v) Statutory preference for an out-of-home placement that allows the child to remain in the same school or school district, if practical and in the child's best interests.

(b) The document must be prepared in conjunction with a community-based organization and must be updated as needed.

~~((22))~~ (24) (a) The department shall have the authority to purchase legal representation for parents or kinship caregivers, or both, of children who are at risk of being dependent, or who are dependent, to establish or modify a parenting plan under RCW 13.34.155 or chapter 26.09, 26.26A, or 26.26B RCW or secure orders establishing other relevant civil legal relationships authorized by law, when it is necessary for the child's safety, permanence, or well-being. The department's purchase of legal representation for kinship caregivers must be within the department's appropriations. This subsection does not create an entitlement to legal representation purchased by the department and does not create judicial authority to order the department to purchase legal representation for a parent or kinship caregiver. Such determinations are solely within the department's discretion. The term "kinship caregiver" as used in this section means a caregiver who meets the definition of "kin" in RCW 74.13.600(1), unless the child is an Indian child as defined in RCW 13.38.040 and 25 U.S.C. Sec. 1903. For an Indian child as defined in RCW 13.38.040 and 25 U.S.C. Sec. 1903, the term "kinship caregiver" as used in this section means a caregiver who is an "extended family member" as defined in RCW 13.38.040(8).

(b) The department is encouraged to work with the office of public defense parent representation program and the office of civil legal aid to develop a cost-effective system for providing effective civil legal representation for parents and kinship caregivers if it exercises its authority under this subsection.

## PART II - CIVIL PROTECTION ORDERS

**Sec. 9.** RCW 7.105.010 and 2022 c 268 s 1 and 2022 c 231 s 8 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Abandonment" means action or inaction by a person or entity with a duty of care for a vulnerable adult that leaves the vulnerable adult without the means or ability to obtain necessary food, clothing, shelter, or health care.

(2) "Abuse," for the purposes of a vulnerable adult protection order, means intentional, willful, or reckless action or inaction that inflicts injury, unreasonable confinement, intimidation, or punishment on a vulnerable adult. In instances of abuse of a vulnerable adult who is unable to express or demonstrate physical harm, pain, or mental anguish, the abuse is presumed to cause physical harm, pain, or mental anguish. "Abuse" includes sexual abuse, mental abuse, physical abuse, personal

exploitation, and improper use of restraint against a vulnerable adult, which have the following meanings:

(a) "Improper use of restraint" means the inappropriate use of chemical, physical, or mechanical restraints for convenience or discipline, or in a manner that: (i) Is inconsistent with federal or state licensing or certification requirements for facilities, hospitals, or programs authorized under chapter 71A.12 RCW; (ii) is not medically authorized; or (iii) otherwise constitutes abuse under this section.

(b) "Mental abuse" means an intentional, willful, or reckless verbal or nonverbal action that threatens, humiliates, harasses, coerces, intimidates, isolates, unreasonably confines, or punishes a vulnerable adult. "Mental abuse" may include ridiculing, yelling, swearing, or withholding or tampering with prescribed medications or their dosage.

(c) "Personal exploitation" means an act of forcing, compelling, or exerting undue influence over a vulnerable adult causing the vulnerable adult to act in a way that is inconsistent with relevant past behavior, or causing the vulnerable adult to perform services for the benefit of another.

(d) "Physical abuse" means the intentional, willful, or reckless action of inflicting bodily injury or physical mistreatment. "Physical abuse" includes, but is not limited to, striking with or without an object, slapping, pinching, strangulation, suffocation, kicking, shoving, or prodding.

(e) "Sexual abuse" means any form of nonconsensual sexual conduct including, but not limited to, unwanted or inappropriate touching, rape, molestation, indecent liberties, sexual coercion, sexually explicit photographing or recording, voyeurism, indecent exposure, and sexual harassment. "Sexual abuse" also includes any sexual conduct between a staff person, who is not also a resident or client, of a facility or a staff person of a program authorized under chapter 71A.12 RCW, and a vulnerable adult living in that facility or receiving service from a program authorized under chapter 71A.12 RCW, whether or not the sexual conduct is consensual.

(3) "Chemical restraint" means the administration of any drug to manage a vulnerable adult's behavior in a way that reduces the safety risk to the vulnerable adult or others, has the temporary effect of restricting the vulnerable adult's freedom of movement, and is not standard treatment for the vulnerable adult's medical or psychiatric condition.

(4)(a) "Coercive control" means a pattern of behavior that is used to cause another to suffer physical, emotional, or psychological harm, and in purpose or effect unreasonably interferes with a person's free will and personal liberty. In determining whether the interference is unreasonable, the court shall consider the context and impact of the pattern of behavior from the perspective of a similarly situated person. Examples of coercive control include, but are not limited to, engaging in any of the following:

(i) Intimidation or controlling or compelling conduct by:

(A) Damaging, destroying, or threatening to damage or destroy, or forcing the other party to relinquish, goods, property, or items of special value;

(B) Using technology to threaten, humiliate, harass, stalk, intimidate, exert undue influence over, or abuse the other party, including by engaging in cyberstalking, monitoring, surveillance, impersonation, manipulation of electronic media, or distribution of or threats to distribute actual or fabricated intimate images;

(C) Carrying, exhibiting, displaying, drawing, or threatening to use, any firearm or any other weapon apparently capable of producing bodily harm, in a manner, under circumstances, and at a time and place that either manifests an intent to intimidate the other party or that warrants alarm by the other party for their safety or the safety of other persons;

(D) Driving recklessly with the other party or minor children in the vehicle;

(E) Communicating, directly or indirectly, the intent to:

(I) Harm the other party's children, family members, friends, or pets, including by use of physical forms of violence;

(II) Harm the other party's career;

(III) Attempt suicide or other acts of self-harm; or

(IV) Contact local or federal agencies based on actual or suspected immigration status;

(F) Exerting control over the other party's identity documents;

(G) Making, or threatening to make, private information public, including the other party's sexual orientation or gender identity, medical or behavioral health information, or other confidential information that jeopardizes safety; or

(H) Engaging in sexual or reproductive coercion;

(ii) Causing dependence, confinement, or isolation of the other party from friends, relatives, or other sources of support, including schooling and employment, or subjecting the other party to physical confinement or restraint;

(iii) Depriving the other party of basic necessities or committing other forms of financial exploitation;

(iv) Controlling, exerting undue influence over, interfering with, regulating, or monitoring the other party's movements, communications, daily behavior, finances, economic resources, or employment, including but not limited to interference with or attempting to limit access to services for children of the other party, such as health care, medication, child care, or school-based extracurricular activities;

(v) Engaging in vexatious litigation or abusive litigation as defined in RCW 26.51.020 against the other party to harass, coerce, or control the other party, to diminish or exhaust the other party's financial resources, or to compromise the other party's employment or housing; or

(vi) Engaging in psychological aggression, including inflicting fear,

humiliating, degrading, or punishing the other party.

(b) "Coercive control" does not include protective actions taken by a party in good faith for the legitimate and lawful purpose of protecting themselves or children from the risk of harm posed by the other party.

(5) "Commercial sexual exploitation" means commercial sexual abuse of a minor and sex trafficking.

(6) "Consent" in the context of sexual acts means that at the time of sexual contact, there are actual words or conduct indicating freely given agreement to that sexual contact. Consent must be ongoing and may be revoked at any time. Conduct short of voluntary agreement does not constitute consent as a matter of law. Consent cannot be freely given when a person does not have capacity due to disability, intoxication, or age. Consent cannot be freely given when the other party has authority or control over the care or custody of a person incarcerated or detained.

~~((6))~~ (7) (a) "Course of conduct" means a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose. "Course of conduct" includes any form of communication, contact, or conduct, including the sending of an electronic communication, but does not include constitutionally protected free speech. Constitutionally protected activity is not included within the meaning of "course of conduct."

(b) In determining whether the course of conduct serves any legitimate or lawful purpose, a court should consider whether:

(i) Any current contact between the parties was initiated by the respondent only or was initiated by both parties;

(ii) The respondent has been given clear notice that all further contact with the petitioner is unwanted;

(iii) The respondent's course of conduct appears designed to alarm, annoy, or harass the petitioner;

(iv) The respondent is acting pursuant to any statutory authority including, but not limited to, acts which are reasonably necessary to:

(A) Protect property or liberty interests;

(B) Enforce the law; or

(C) Meet specific statutory duties or requirements;

(v) The respondent's course of conduct has the purpose or effect of unreasonably interfering with the petitioner's privacy or the purpose or effect of creating an intimidating, hostile, or offensive living environment for the petitioner; or

(vi) Contact by the respondent with the petitioner or the petitioner's family has been limited in any manner by any previous court order.

~~((7))~~ (8) "Court clerk" means court administrators in courts of limited jurisdiction and elected court clerks.

~~((8))~~ (9) "Dating relationship" means a social relationship of a romantic nature. Factors that the court may consider in making this determination include: (a) The length of time the relationship has existed; (b) the nature of the relationship; and (c)

the frequency of interaction between the parties.

~~((9))~~ (10) "Domestic violence" means:

(a) Physical harm, bodily injury, assault, or the infliction of fear of physical harm, bodily injury, or assault; nonconsensual sexual conduct or nonconsensual sexual penetration; coercive control; unlawful harassment; or stalking of one intimate partner by another intimate partner; or

(b) Physical harm, bodily injury, assault, or the infliction of fear of physical harm, bodily injury, or assault; nonconsensual sexual conduct or nonconsensual sexual penetration; coercive control; unlawful harassment; or stalking of one family or household member by another family or household member.

~~((10))~~ (11) "Electronic monitoring" has the same meaning as in RCW 9.94A.030.

~~((11))~~ (12) "Essential personal effects" means those items necessary for a person's immediate health, welfare, and livelihood. "Essential personal effects" includes, but is not limited to, clothing, cribs, bedding, medications, personal hygiene items, cellular phones and other electronic devices, and documents, including immigration, health care, financial, travel, and identity documents.

**Sec. 10.** RCW 7.105.100 and 2022 c 268 s 5 are each amended to read as follows:

(1) There exists an action known as a petition for a protection order. The following types of petitions for a protection order may be filed:

(a) A petition for a domestic violence protection order, which must allege the existence of domestic violence committed against the petitioner or petitioners by an intimate partner or a family or household member. The petitioner may petition for relief on behalf of himself or herself and on behalf of family or household members who are minors or vulnerable adults. A petition for a domestic violence protection order must specify whether the petitioner and the respondent are intimate partners or family or household members. A petitioner who has been sexually assaulted or stalked by an intimate partner or a family or household member should, but is not required to, seek a domestic violence protection order, rather

than a sexual assault protection order or a stalking protection order.

(b) A petition for a sexual assault protection order, which must allege the existence of nonconsensual sexual conduct ~~((or))~~, nonconsensual sexual penetration, or commercial sexual exploitation that was committed against the petitioner by the respondent. A petitioner who has been sexually assaulted by an intimate partner or a family or household member should, but is not required to, seek a domestic violence protection order, rather than a sexual assault protection order. A single incident of nonconsensual sexual conduct or nonconsensual sexual penetration is sufficient grounds for a petition for a sexual assault protection order. The petitioner may petition for a sexual assault protection order on behalf of:

(i) Himself or herself;

(ii) A minor child, where the petitioner is the parent, legal guardian, or custodian;

(iii) A vulnerable adult, where the petitioner is an interested person; or

(iv) Any other adult for whom the petitioner demonstrates to the court's satisfaction that the petitioner is interested in the adult's well-being, the court's intervention is necessary, and the adult cannot file the petition because of age, disability, health, or inaccessibility.

(c) A petition for a stalking protection order, which must allege the existence of stalking committed against the petitioner or petitioners by the respondent. A petitioner who has been stalked by an intimate partner or a family or household member should, but is not required to, seek a domestic violence protection order, rather than a stalking protection order. The petitioner may petition for a stalking protection order on behalf of:

(i) Himself or herself;

(ii) A minor child, where the petitioner is the parent, legal guardian, or custodian;

(iii) A vulnerable adult, where the petitioner is an interested person; or

(iv) Any other adult for whom the petitioner demonstrates to the court's satisfaction that the petitioner is interested in the adult's well-being, the court's intervention is necessary, and the adult cannot file the petition because of age, disability, health, or inaccessibility.

(d) A petition for a vulnerable adult protection order, which must allege that the petitioner, or person on whose behalf the petition is brought, is a vulnerable adult and that the petitioner, or person on whose behalf the petition is brought, has been abandoned, abused, financially exploited, or neglected, or is threatened with abandonment, abuse, financial exploitation, or neglect, by the respondent.

(e) A petition for an extreme risk protection order, which must allege that the respondent poses a significant danger of causing personal injury to self or others by having in the respondent's custody or control, purchasing, possessing, accessing, receiving, or attempting to purchase or receive, a firearm. The petition must also identify information the petitioner is able to provide about the firearms, such as the number, types, and locations of any firearms

the petitioner believes to be in the respondent's current ownership, possession, custody, access, or control. A petition for an extreme risk protection order may be filed by (i) an intimate partner or a family or household member of the respondent; or (ii) a law enforcement agency.

(f) A petition for an antiharassment protection order, which must allege the existence of unlawful harassment committed against the petitioner or petitioners by the respondent. If a petitioner is seeking relief based on domestic violence, nonconsensual sexual conduct, nonconsensual sexual penetration, or stalking, the petitioner may, but is not required to, seek a domestic violence, sexual assault, or stalking protection order, rather than an antiharassment order. The petitioner may petition for an antiharassment protection order on behalf of:

(i) Himself or herself;

(ii) A minor child, where the petitioner is the parent, legal guardian, or custodian;

(iii) A vulnerable adult, where the petitioner is an interested person; or

(iv) Any other adult for whom the petitioner demonstrates to the court's satisfaction that the petitioner is interested in the adult's well-being, the court's intervention is necessary, and the adult cannot file the petition because of age, disability, health, or inaccessibility.

(2) With the exception of vulnerable adult protection orders, a person under 18 years of age who is 15 years of age or older may seek relief under this chapter as a petitioner and is not required to seek relief through a petition filed on his or her behalf. He or she may also petition on behalf of a family or household member who is a minor if chosen by the minor and capable of pursuing the minor's stated interest in the action.

(3) A person under 15 years of age who is seeking relief under this chapter is required to seek relief by a person authorized as a petitioner under this section.

(4) If a petition for a protection order is filed by an interested person, the affidavit or declaration must also include a statement of why the petitioner qualifies as an interested person.

(5) A petition for any type of protection order must not be dismissed or denied on the basis that the conduct alleged by the petitioner would meet the criteria for the issuance of another type of protection order. If a petition meets the criteria for a different type of protection order other than the one sought by the petitioner, the court shall consider the petitioner's preference, and enter a temporary protection order or set the matter for a hearing as appropriate under the law. The court's decision on the appropriate type of order shall not be premised on alleviating any potential stigma on the respondent.

(6) The protection order petition must contain a section where the petitioner, regardless of petition type, may request specific relief provided for in RCW 7.105.310 that the petitioner seeks for himself or herself or for family or household members who are minors. The

totality of selected relief, and any other relief the court deems appropriate for the petitioner, or family or household members who are minors, must be considered at the time of entry of temporary protection orders and at the time of entry of full protection orders.

(7) If a court reviewing the petition for a protection order or a request for a temporary protection order determines that the petition was not filed in the correct court, the court shall enter findings establishing the correct court, and direct the clerk to transfer the petition to the correct court and to provide notice of the transfer to all parties who have appeared.

(8) Upon filing a petition for a protection order, the petitioner may request that the court enter an ex parte temporary protection order and an order to surrender and prohibit weapons without notice until a hearing on a full protection order may be held. When requested, there shall be a rebuttable presumption to include the petitioner's minor children as protected parties in the ex parte temporary domestic violence protection order until the full hearing to reduce the risk of harm to children during periods of heightened risk, unless there is good cause not to include the minor children. If the court denies the petitioner's request to include the minor children, the court shall make written findings why the children should not be included, pending the full hearing. An ex parte temporary protection order shall be effective for a fixed period of time and shall be issued initially for a period not to exceed 14 days, which may be extended for good cause.

**Sec. 11.** RCW 7.105.110 and 2021 c 215 s 15 are each amended to read as follows:

The following apply only to the specific type of protection orders referenced in each subsection.

(1) The department of social and health services, in its discretion, may file a petition for a vulnerable adult protection order or a domestic violence protection order on behalf of, and with the consent of, any vulnerable adult. When the department has reason to believe a vulnerable adult lacks the ability or capacity to consent, the department, in its discretion, may seek relief on behalf of the vulnerable adult. Neither the department nor the state of Washington is liable for seeking or failing to seek relief on behalf of any persons under this section. The vulnerable adult shall not be held responsible for any violations of the order by the respondent.

(2)(a) If the petitioner for an extreme risk protection order is a law enforcement agency, the petitioner shall make a good faith effort to provide notice to an intimate partner or family or household member of the respondent and to any known third party who may be at risk of violence. The notice must state that the petitioner intends to petition the court for an extreme risk protection order or has already done so, and include referrals to appropriate resources, including behavioral health, domestic violence, and counseling resources.

The petitioner must attest in the petition to having provided such notice, or attest to the steps that will be taken to provide such notice.

(b) Recognizing that an extreme risk protection order may need to be issued outside of normal business hours, courts shall allow law enforcement petitioners to petition after hours for a temporary extreme risk protection order using an on-call, after-hours judge, as is done for approval of after-hours search warrants.

(3) The department of children, youth, and families, when it has reason to believe that a minor lacks the ability or capacity to consent may file a petition for a sexual assault protection order on behalf of the minor. Neither the department nor the state of Washington is liable for seeking or failing to seek relief on behalf of any persons under this section. The minor shall not be held responsible for any violations of the order by the respondent.

(4) A law enforcement agency, when it has reason to believe that a minor lacks the ability or capacity to consent may file a petition for an ex parte temporary sexual assault protection order on behalf of the minor. Neither the law enforcement agency nor the state of Washington is liable for seeking or failing to seek relief on behalf of any persons under this section. The minor shall not be held responsible for any violations of the order by the respondent.

**Sec. 12.** RCW 7.105.225 and 2021 c 215 s 29 are each amended to read as follows:

(1) The court shall issue a protection order if it finds by a preponderance of the evidence that the petitioner has proved the required criteria specified in (a) through (f) of this subsection for obtaining a protection order under this chapter.

(a) For a domestic violence protection order, that the petitioner has been subjected to domestic violence by the respondent.

(b) For a sexual assault protection order, that the petitioner has been subjected to nonconsensual sexual conduct ~~((e\*))~~, nonconsensual sexual penetration, or commercial sexual exploitation by the respondent.

(c) For a stalking protection order, that the petitioner has been subjected to stalking by the respondent.

(d) For a vulnerable adult protection order, that the petitioner has been abandoned, abused, financially exploited, or neglected, or is threatened with abandonment, abuse, financial exploitation, or neglect by the respondent.

(e) For an extreme risk protection order, that the respondent poses a significant danger of causing personal injury to self or others by having in the respondent's custody or control, purchasing, possessing, accessing, receiving, or attempting to purchase or receive, a firearm.

(f) For an antiharassment protection order, that the petitioner has been subjected to unlawful harassment by the respondent.

(2) The court may not deny or dismiss a petition for a protection order on the grounds that:

(a) The petitioner or the respondent is a minor, unless provisions in this chapter specifically limit relief or remedies based upon a party's age;

(b) The petitioner did not report the conduct giving rise to the petition to law enforcement;

(c) A no-contact order or a restraining order that restrains the respondent's contact with the petitioner has been issued in a criminal proceeding or in a domestic relations proceeding;

(d) The relief sought by the petitioner may be available in a different action or proceeding, or criminal charges are pending against the respondent;

(e) The conduct at issue did not occur recently or because of the passage of time since the last incident of conduct giving rise to the petition; or

(f) The respondent no longer lives near the petitioner.

(3) In proceedings where the petitioner alleges that the respondent engaged in nonconsensual sexual conduct ~~((or))~~, nonconsensual sexual penetration, or commercial sexual exploitation, the court shall not require proof of physical injury on the person of the petitioner or any other forensic evidence. Denial of a remedy to the petitioner may not be based, in whole or in part, on evidence that:

(a) The respondent was voluntarily intoxicated;

(b) The petitioner was voluntarily intoxicated; or

(c) The petitioner engaged in limited consensual sexual touching.

(4) In proceedings where the petitioner alleges that the respondent engaged in stalking, the court may not require proof of the respondent's intentions regarding the acts alleged by the petitioner.

(5) In proceedings where the petitioner alleges that the respondent engaged in commercial sexual exploitation, denial of a remedy to the petitioner may not be based, in whole or in part, on evidence that the petitioner consented to sexual conduct or sexual penetration.

(6) If the court declines to issue a protection order, the court shall state in writing the particular reasons for the court's denial. If the court declines a request to include one or more of the petitioner's family or household member who is a minor or a vulnerable adult in the order, the court shall state the reasons for that denial in writing. The court shall also explain from the bench:

(a) That the petitioner may refile a petition for a protection order at any time if the petitioner has new evidence to present that would support the issuance of a protection order;

(b) The parties' rights to seek revision, reconsideration, or appeal of the order; and

(c) The parties' rights to have access to the court transcript or recording of the hearing.

~~((6))~~ (7) A court's ruling on a protection order must be filed by the court in writing and must be made by the court on

the mandatory form developed by the administrative office of the courts.

**Sec. 13.** RCW 7.105.405 and 2021 c 215 s 54 are each amended to read as follows:

The following provisions apply to the renewal of all full protection orders issued under this chapter, with the exception of the renewal of extreme risk protection orders.

(1) If the court grants a protection order for a fixed time period, the petitioner may file a motion to renew the order at any time within the 90 days before the order expires. The motion for renewal must state the reasons the petitioner seeks to renew the protection order. Upon receipt of a motion for renewal, the court shall order a hearing, which must be not later than 14 days from the date of the order. Service must be made on the respondent not less than five judicial days before the hearing, as provided in RCW 7.105.150.

(2) If the motion for renewal is uncontested and the petitioner seeks no modification of the order, the order may be renewed on the basis of the petitioner's motion and statement of the reason for the requested renewal.

(3) The petitioner bears no burden of proving that he or she has a current reasonable fear of harm by the respondent.

(4) The court shall grant the motion for renewal unless the respondent proves by a preponderance of the evidence that there has been a substantial change in circumstances and the following:

(a) For a domestic violence protection order, that the respondent proves that the respondent will not resume acts of domestic violence against the petitioner or the petitioner's family or household members who are minors or vulnerable adults when the order expires;

(b) For a sexual assault protection order, that the respondent proves that the respondent will not engage in, or attempt to engage in, physical or nonphysical contact, or acts of commercial sexual exploitation, with the petitioner when the order expires;

(c) For a stalking protection order, that the respondent proves that the respondent will not resume acts of stalking against the petitioner or the petitioner's family or household members when the order expires;

(d) For a vulnerable adult protection order, that the respondent proves that the respondent will not resume acts of abandonment, abuse, financial exploitation, or neglect against the vulnerable adult when the order expires; or

(e) For an antiharassment protection order, that the respondent proves that the respondent will not resume harassment of the petitioner when the order expires.

(5) In determining whether there has been a substantial change in circumstances, the court may consider the following unweighted factors, and no inference is to be drawn from the order in which the factors are listed:

(a) Whether the respondent has committed or threatened sexual assault; commercial sexual exploitation; domestic violence; stalking; abandonment, abuse, financial

exploitation, or neglect of a vulnerable adult; or other harmful acts against the petitioner or any other person since the protection order was entered;

(b) Whether the respondent has violated the terms of the protection order and the time that has passed since the entry of the order;

(c) Whether the respondent has exhibited suicidal ideation or attempts since the protection order was entered;

(d) Whether the respondent has been convicted of criminal activity since the protection order was entered;

(e) Whether the respondent has either: Acknowledged responsibility for acts of sexual assault, commercial sexual exploitation, domestic violence, or stalking, or acts of abandonment, abuse, financial exploitation, or neglect of a vulnerable adult, or behavior that resulted in the entry of the protection order; or successfully completed state-certified perpetrator treatment or counseling since the protection order was entered;

(f) Whether the respondent has a continuing involvement with drug or alcohol abuse, if such abuse was a factor in the protection order; and

(g) Other factors relating to a substantial change in circumstances.

(6) The court shall not deny a motion to renew a protection order for any of the following reasons:

(a) The respondent has not violated the protection order previously issued by the court;

(b) The petitioner or the respondent is a minor;

(c) The petitioner did not report the conduct giving rise to the protection order, or subsequent violations of the protection order, to law enforcement;

(d) A no-contact order or a restraining order that restrains the respondent's contact with the petitioner has been issued in a criminal proceeding or in a domestic relations proceeding;

(e) The relief sought by the petitioner may be available in a different action or proceeding;

(f) The passage of time since the last incident of conduct giving rise to the issuance of the protection order; or

(g) The respondent no longer lives near the petitioner.

(7) The terms of the original protection order must not be changed on a motion for renewal unless the petitioner has requested the change.

(8) The court may renew the protection order for another fixed time period of no less than one year, or may enter a permanent order as provided in this section.

(9) If the protection order includes the parties' children, a renewed protection order may be issued for more than one year, subject to subsequent orders entered in a proceeding under chapter 26.09, 26.26A, or 26.26B RCW.

(10) The court may award court costs, service fees, and reasonable attorneys' fees to the petitioner as provided in RCW 7.105.310.

(11) If the court declines to renew the protection order, the court shall state, in

writing in the order, the particular reasons for the court's denial. If the court declines to renew a protection order that had restrained the respondent from having contact with children protected by the order, the court shall determine on the record whether the respondent and the children should undergo reunification therapy. Any reunification therapy provider should be made aware of the respondent's history of domestic violence and should have training and experience in the dynamics of intimate partner violence.

(12) In determining whether there has been a substantial change in circumstances for respondents under the age of 18, or in determining the appropriate duration for an order, the court shall consider the circumstances surrounding the respondent's youth at the time of the initial behavior alleged in the petition for a protection order. The court shall consider developmental factors, including the impact of time of a youth's development, and any information the minor respondent presents about his or her personal progress or change in circumstances.

**Sec. 14.** RCW 7.105.500 and 2022 c 268 s 23 are each amended to read as follows:

This section applies to modification or termination of domestic violence protection orders, sexual assault protection orders, stalking protection orders, and antiharassment protection orders.

(1) Upon a motion with notice to all parties and after a hearing, the court may modify the terms of an existing protection order or terminate an existing order.

(2) A respondent's motion to modify or terminate an existing protection order must include a declaration setting forth facts supporting the requested order for modification or termination. The nonmoving parties to the proceeding may file opposing declarations. All motions to modify or terminate shall be based on the written materials and evidence submitted to the court. The court shall set a hearing only if the court finds that adequate cause is established. If the court finds that the respondent established adequate cause, the court shall set a date for hearing the respondent's motion, which must be at least 14 days from the date the court finds adequate cause.

(3) Upon the motion of a respondent, the court may not modify or terminate an existing protection order unless the respondent proves by a preponderance of the evidence that there has been a substantial change in circumstances such that the respondent will not resume, engage in, or attempt to engage in, the following acts against the petitioner or those persons protected by the protection order if the order is terminated or modified:

(a) Acts of domestic violence, in cases involving domestic violence protection orders;

(b) Physical or nonphysical contact, or acts of commercial sexual exploitation, in cases involving sexual assault protection orders;

(c) Acts of stalking, in cases involving stalking protection orders; or

(d) Acts of unlawful harassment, in cases involving antiharassment protection orders.

The petitioner bears no burden of proving that he or she has a current reasonable fear of harm by the respondent.

(4) In determining whether there has been a substantial change in circumstances, the court may consider the following unweighted factors, and no inference is to be drawn from the order in which the factors are listed:

(a) Whether the respondent has committed or threatened sexual assault, commercial sexual exploitation, domestic violence, stalking, or other harmful acts against the petitioner or any other person since the protection order was entered;

(b) Whether the respondent has violated the terms of the protection order and the time that has passed since the entry of the order;

(c) Whether the respondent has exhibited suicidal ideation or attempts since the protection order was entered;

(d) Whether the respondent has been convicted of criminal activity since the protection order was entered;

(e) Whether the respondent has either acknowledged responsibility for acts of sexual assault, commercial sexual exploitation, domestic violence, stalking, or behavior that resulted in the entry of the protection order, or successfully completed state-certified perpetrator treatment or counseling since the protection order was entered;

(f) Whether the respondent has a continuing involvement with drug or alcohol abuse, if such abuse was a factor in the protection order;

(g) Whether the petitioner consents to terminating the protection order, provided that consent is given voluntarily and knowingly; or

(h) Other factors relating to a substantial change in circumstances.

(5) In determining whether there has been a substantial change in circumstances, the court may not base its determination on the fact that time has passed without a violation of the order.

(6) Regardless of whether there is a substantial change in circumstances, the court may decline to terminate a protection order if it finds that the acts of domestic violence, sexual assault, commercial sexual exploitation, stalking, unlawful harassment, and other harmful acts that resulted in the issuance of the protection order were of such severity that the order should not be terminated.

(7) A respondent may file a motion to modify or terminate an order no more than once in every 12-month period that the order is in effect, starting from the date of the order and continuing through any renewal period.

(8) If a person who is protected by a protection order has a child or adopts a child after a protection order has been issued, but before the protection order has expired, the petitioner may seek to include the new child in the order of protection on an ex parte basis if the child is already in

the physical custody of the petitioner. If the restrained person is the legal or biological parent of the child, a hearing must be set and notice given to the restrained person prior to final modification of the full protection order.

(9) A court may require the respondent to pay the petitioner for costs incurred in responding to a motion to modify or terminate a protection order, including reasonable attorneys' fees.

### PART III - CRIME VICTIMS COMPENSATION

**Sec. 15.** RCW 7.68.060 and 2020 c 308 s 1 are each amended to read as follows:

(1) Except for applications received pursuant to subsection (6) of this section, no compensation of any kind shall be available under this chapter if:

(a) An application for benefits is not received by the department within three years after the date the criminal act was reported to a local police department or sheriff's office or the date the rights of beneficiaries accrued, unless the director has determined that "good cause" exists to expand the time permitted to receive the application. "Good cause" shall be determined by the department on a case-by-case basis and may extend the period of time in which an application can be received for up to five years after the date the criminal act was reported to a local police department or sheriff's office or the date the rights of beneficiaries accrued; or

(b) The criminal act is not reported by the victim or someone on his or her behalf to a local police department or sheriff's office within twelve months of its occurrence or, if it could not reasonably have been reported within that period, within twelve months of the time when a report could reasonably have been made. In making determinations as to reasonable time limits, the department shall give greatest weight to the needs of the victims.

(2) No person or spouse, child, or dependent of such person is eligible for benefits under this chapter when the injury for which benefits are sought was:

(a) The result of consent, provocation, or incitement by the victim, unless an injury resulting from a criminal act caused the death of the victim;

(b) Sustained while the crime victim was engaged in the attempt to commit, or the commission of, a felony; or

(c) Sustained while the victim was confined in any county or city jail, federal jail or prison or in any other federal institution, or any state correctional institution maintained and operated by the department of social and health services or the department of corrections, prior to release from lawful custody; or confined or living in any other institution maintained and operated by the department of social and health services or the department of corrections.

(3) No person or spouse, child, or dependent of such person is eligible for benefits under this chapter where the person making a claim for such benefits has refused to give reasonable cooperation to state or

local law enforcement agencies in their efforts to apprehend and convict the perpetrator of the criminal act which gave rise to the claim.

(4) A victim is not eligible for benefits under this chapter if the victim:

(a) Has been convicted of a felony offense within five years preceding the criminal act for which the victim is applying where the felony offense is a violent offense under RCW 9.94A.030 or a crime against persons under RCW 9.94A.411, or is convicted of such a felony offense after the criminal act for which the victim is applying; and

(b) Has not completely satisfied all legal financial obligations owed.

(5) Because victims of childhood criminal acts may repress conscious memory of such criminal acts far beyond the age of eighteen, the rights of adult victims of childhood criminal acts shall accrue at the time the victim discovers or reasonably should have discovered the elements of the crime. In making determinations as to reasonable time limits, the department shall give greatest weight to the needs of the victim.

(6)(a) Benefits under this chapter are available to any victim of a person against whom the state initiates proceedings under chapter 71.09 RCW. The right created under this subsection shall accrue when the victim is notified of proceedings under chapter 71.09 RCW or the victim is interviewed, deposed, or testifies as a witness in connection with the proceedings. An application for benefits under this subsection must be received by the department within two years after the date the victim's right accrued unless the director determines that good cause exists to expand the time to receive the application. The director shall determine "good cause" on a case-by-case basis and may extend the period of time in which an application can be received for up to five years after the date the right of the victim accrued. Benefits under this subsection shall be limited to compensation for costs or losses incurred on or after the date the victim's right accrues for a claim allowed under this subsection.

(b) A person identified as a minor victim of sex trafficking or as the "minor" in the charge of commercial sexual abuse of a minor under RCW 9.68A.100, promoting commercial sexual abuse of a minor under RCW 9.68A.101, or promoting travel for commercial sexual abuse of a minor under RCW 9.68A.102 is considered a victim of a criminal act for the purpose of the right to benefits under this chapter even if the person is also charged with prostitution under RCW 9A.88.030. A person identified under this subsection (6)(b) may file an application for benefits at any time, and the ineligibility factors of subsections (1) and (2) of this section do not apply to such a person.

**Sec. 17.** RCW 9A.44.120 and 2019 c 90 s 1 are each amended to read as follows:

(1) A statement not otherwise admissible by statute or court rule, is admissible in evidence in dependency proceedings under Title 13 RCW and criminal proceedings, including juvenile offense adjudications, in the courts of the state of Washington if:

(a)(i) It is made by a child when under the age of ten describing any act of sexual contact performed with or on the child by another, describing any attempted act of sexual contact with or on the child by another, or describing any act of physical abuse of the child by another that results in substantial bodily harm as defined by RCW 9A.04.110; or

(ii) It is made by a child when under the age of (~~(sixteen)~~)18 describing any of the following acts or attempted acts performed with or on the child: Trafficking under RCW 9A.40.100; commercial sexual abuse of a minor under RCW 9.68A.100; promoting commercial sexual abuse of a minor under RCW 9.68A.101; or promoting travel for commercial sexual abuse of a minor under RCW 9.68A.102;

(b) The court finds, in a hearing conducted outside the presence of the jury, that the time, content, and circumstances of the statement provide sufficient indicia of reliability; and

(c) The child either:

(i) Testifies at the proceedings; or

(ii) Is unavailable as a witness, except that when the child is unavailable as a witness, such statement may be admitted only if there is corroborative evidence of the act.

(2) A statement may not be admitted under this section unless the proponent of the statement makes known to the adverse party his or her intention to offer the statement and the particulars of the statement sufficiently in advance of the proceedings to provide the adverse party with a fair opportunity to prepare to meet the statement.

**Sec. 18.** RCW 9A.44.150 and 2013 c 302 s 9 are each amended to read as follows:

(1) On motion of the prosecuting attorney in a criminal proceeding, the court may order that a child under the age of (~~(fourteen)~~)18 may testify in a room outside the presence of the defendant and the jury while one-way closed-circuit television equipment simultaneously projects the child's testimony into another room so the

defendant and the jury can watch and hear the child testify if:

(a) The testimony will:

(i) Describe an act or attempted act of sexual contact performed with or on the child witness by another person or with or on a child other than the child witness by another person;

(ii) Describe an act or attempted act of physical abuse against the child witness by another person or against a child other than the child witness by another person;

(iii) Describe a violation of RCW 9A.40.100 (trafficking) or any offense identified in chapter 9.68A RCW (sexual exploitation of children); or

(iv) Describe a violent offense as defined by RCW 9.94A.030 committed against a person known by or familiar to the child witness or by a person known by or familiar to the child witness;

(b) The testimony is taken during the criminal proceeding;

(c) The court finds by substantial evidence, in a hearing conducted outside the presence of the jury, that ~~((requiring the child witness to testify in the presence of the defendant will cause the))~~:

(i) The particular child involved would be traumatized;

(ii) The source of the trauma is not the courtroom generally, but the presence of the defendant; and

(iii) The emotional or mental distress suffered by the child ~~((to suffer serious emotional or mental distress that will prevent))~~would be more than de minimis, such that the child ~~((from))~~could not reasonably ~~((communicating))~~communicate at the trial. If the defendant is excluded from the presence of the child, the jury must also be excluded;

(d) As provided in (a) and (b) of this subsection, the court may allow a child witness to testify in the presence of the defendant but outside the presence of the jury, via closed-circuit television, if the court finds, upon motion and hearing outside the presence of the jury, that ~~((the child will suffer serious emotional distress that will prevent the child from reasonably communicating at the trial in front of the jury, or, that although the child may be able to reasonably communicate at trial in front of the jury, the child will suffer serious emotional or mental distress from testifying))~~: (i) The particular child involved would be traumatized; (ii) the source of the trauma is not the courtroom generally, but the presence of the jury; and (iii) the emotional or mental distress suffered by the child would be more than de minimis, regardless of whether or not the child could reasonably communicate at the trial in front of the jury. If the child is able to communicate in front of the defendant but not the jury the defendant will remain in the room with the child while the jury is excluded from the room;

(e) The court finds that the prosecutor has made all reasonable efforts to prepare the child witness for testifying, including informing the child or the child's parent or guardian about community counseling services, giving court tours, and explaining the trial process. If the prosecutor fails

to demonstrate that preparations were implemented or the prosecutor in good faith attempted to implement them, the court shall deny the motion;

(f) The court balances the strength of the state's case without the testimony of the child witness against the defendant's constitutional rights and the degree of infringement of the closed-circuit television procedure on those rights;

(g) The court finds that no less restrictive method of obtaining the testimony exists that can adequately protect the child witness from ~~((the serious))~~suffering emotional or mental distress that would be more than de minimis;

(h) When the court allows the child witness to testify outside the presence of the defendant, the defendant can communicate constantly with the defense attorney by electronic transmission and be granted reasonable court recesses during the child's testimony for person-to-person consultation with the defense attorney;

(i) The court can communicate with the attorneys by an audio system so that the court can rule on objections and otherwise control the proceedings;

(j) All parties in the room with the child witness are on camera and can be viewed by all other parties. If viewing all participants is not possible, the court shall describe for the viewers the location of the prosecutor, defense attorney, and other participants in relation to the child;

(k) The court finds that the television equipment is capable of making an accurate reproduction and the operator of the equipment is competent to operate the equipment; and

(l) The court imposes reasonable guidelines upon the parties for conducting the filming to avoid trauma to the child witness or abuse of the procedure for tactical advantage.

The prosecutor, defense attorney, and a neutral and trained victim's advocate, if any, shall always be in the room where the child witness is testifying. The court in the court's discretion depending on the circumstances and whether the jury or defendant or both are excluded from the room where the child is testifying, may remain or may not remain in the room with the child.

(2) During the hearing conducted under subsection (1) of this section to determine whether the child witness may testify outside the presence of the defendant and/or the jury, the court may conduct the observation and examination of the child outside the presence of the defendant if:

(a) The prosecutor alleges and the court concurs that the child witness will be unable to testify in front of the defendant or ~~((will suffer severe emotional or mental distress if forced to testify in front of the defendant))~~that (i) the particular child involved would be traumatized; (ii) the source of the trauma is not the courtroom generally, but the presence of the defendant; and (iii) the emotional or mental distress suffered by the child would be more than de minimis;

(b) The defendant can observe and hear the child witness by closed-circuit television;

(c) The defendant can communicate constantly with the defense attorney during the examination of the child witness by electronic transmission and be granted reasonable court recesses during the child's examination for person-to-person consultation with the defense attorney; and

(d) The court finds the closed-circuit television is capable of making an accurate reproduction and the operator of the equipment is competent to operate the equipment. Whenever possible, all the parties in the room with the child witness shall be on camera so that the viewers can see all the parties. If viewing all participants is not possible, then the court shall describe for the viewers the location of the prosecutor, defense attorney, and other participants in relation to the child.

(3) The court shall make particularized findings on the record articulating the factors upon which the court based its decision to allow the child witness to testify via closed-circuit television pursuant to this section. The factors the court may consider include, but are not limited to, a consideration of the child's age, physical health, emotional stability, expressions by the child of fear of testifying in open court or in front of the defendant, the relationship of the defendant to the child, and the court's observations of the child's inability to reasonably communicate in front of the defendant or in open court. The court's findings shall identify the impact the factors have upon the child's ability to testify in front of the jury or the defendant or both and the specific nature of the emotional or mental trauma the child would suffer. The court shall determine whether the source of the trauma is the presence of the defendant, the jury, or both, and shall limit the use of the closed-circuit television accordingly.

(4) This section does not apply if the defendant is an attorney pro se unless the defendant has a court-appointed attorney assisting the defendant in the defense.

(5) This section may not preclude the presence of both the child witness and the defendant in the courtroom together for purposes of establishing or challenging the identification of the defendant when identification is a legitimate issue in the proceeding.

(6) The Washington supreme court may adopt rules of procedure regarding closed-circuit television procedures.

(7) All recorded tapes of testimony produced by closed-circuit television equipment shall be subject to any protective order of the court for the purpose of protecting the privacy of the child witness.

(8) Nothing in this section creates a right of the child witness to a closed-circuit television procedure in lieu of testifying in open court.

(9) The state shall bear the costs of the closed-circuit television procedure.

(10) A child witness may or may not be a victim in the proceeding.

(11) Nothing in this section precludes the court, under other circumstances arising under subsection (1)(a) of this section, from allowing a child to testify outside the presence of the defendant and the jury so

long as the testimony is presented in accordance with the standards and procedures required in this section.

**Sec. 19.** RCW 9A.82.100 and 2012 c 139 s 2 are each amended to read as follows:

The orders may also include attachment, receivership, or injunctive relief in regard to personal or real property pursuant to Title 7 RCW. In shaping the reach or scope of receivership, attachment, or injunctive relief, the superior court shall provide for the protection of bona fide interests in

(b) Any property, contractual right, or claim against property used to influence any enterprise that a person has established, operated, controlled, conducted, or participated in the conduct of, in violation of RCW 9A.82.060 or 9A.82.080.

(c) All proceeds traceable to or derived from an offense included in the pattern of criminal profiteering activity, or an offense defined in RCW 9A.40.100, 9.68A.100, 9.68A.101, 9.68A.102, 9.68A.103, or 9A.88.070, and all moneys, negotiable instruments, securities, and other things of value significantly used or intended to be used significantly to facilitate the commission of the offense.

(6) A defendant convicted in any criminal proceeding is precluded in any civil proceeding from denying the essential allegations of the criminal offense proven in the criminal trial in which the defendant was convicted. For the purposes of this subsection, a conviction shall be deemed to have occurred upon a verdict, finding, or plea of guilty, notwithstanding the fact that appellate review of the conviction and sentence has been or may be sought. If a subsequent reversal of the conviction occurs, any judgment that was based upon that conviction may be reopened upon motion of the defendant.

(7) The initiation of civil proceedings under this section shall be commenced within the later of the following periods:

(a) Within three years after discovery of the pattern of criminal profiteering activity or after the pattern should reasonably have been discovered; or ((-in))

(b) In the case of an offense that is defined in RCW 9A.40.100, ((within)) 9.68A.100, 9.68A.101, 9.68A.102, and 9.68A.103:

(ii) Within three years of the time the victim discovered or reasonably should have discovered that the injury or condition was caused by said act;

(iii) Within three years of the time the victim discovered that the act caused the injury for which the claim is brought; or

(iv) Within three years after the final disposition of any criminal charges relating to the offense (~~(, whichever is later)~~).

(8) The attorney general or county prosecuting attorney may, in a civil action brought pursuant to this section, file with the clerk of the superior court a certificate stating that the case is of special public importance. A copy of that certificate shall be furnished immediately by the clerk to the presiding chief judge of the superior court in which the action is pending and, upon receipt of the copy, the judge shall immediately designate a judge to hear and determine the action. The judge so designated shall promptly assign the action for hearing, participate in the hearings and determination, and cause the action to be expedited.

(9) The standard of proof in actions brought pursuant to this section is the preponderance of the evidence test.

(10) A person other than the attorney general or county prosecuting attorney who files an action under this section shall serve notice and one copy of the pleading on the attorney general within thirty days after the action is filed with the superior court. The notice shall identify the action, the person, and the person's attorney. Service of the notice does not limit or otherwise affect the right of the state to maintain an action under this section or intervene in a pending action nor does it authorize the person to name the state or the attorney general as a party to the action.

(11) Except in cases filed by a county prosecuting attorney, the attorney general may, upon timely application, intervene in any civil action or proceeding brought under this section if the attorney general certifies that in the attorney general's opinion the action is of special public importance. Upon intervention, the attorney general may assert any available claim and is entitled to the same relief as if the attorney general had instituted a separate action.

(12) In addition to the attorney general's right to intervene as a party in any action under this section, the attorney general may appear as amicus curiae in any proceeding in which a claim under this section has been asserted or in which a court is interpreting RCW 9A.82.010, 9A.82.080, 9A.82.090, 9A.82.110, or 9A.82.120, or this section.

(13) A private civil action under this section does not limit any other civil or criminal action under this chapter or any other provision. Private civil remedies provided under this section are supplemental and not mutually exclusive.

(14) Upon motion by the defendant, the court may authorize the sale or transfer of assets subject to an order or lien authorized by this chapter for the purpose of paying actual attorney's fees and costs of defense. The motion shall specify the assets for which sale or transfer is sought and shall be accompanied by the defendant's sworn statement that the defendant has no other assets available for such purposes. No order authorizing such sale or transfer may be entered unless the court finds that the

assets involved are not subject to possible forfeiture under RCW 9A.82.100(4)(f). Prior to disposition of the motion, the court shall notify the state of the assets sought to be sold or transferred and shall hear argument on the issue of whether the assets are subject to forfeiture under RCW 9A.82.100(4)(f). Such a motion may be made from time to time and shall be heard by the court on an expedited basis.

(15) In an action brought under subsection (1)(a) and (b)(i) of this section, either party has the right to a jury trial.

Cities and counties planning under this chapter shall enforce land use regulations for residential development as provided in this section:

(1) Garages and carports may not be required as a way to meet minimum parking requirements for residential development;

(2) Parking spaces that count towards minimum parking requirements may be enclosed or unenclosed;

NEW SECTION. Sec. 1. A new section is added to chapter 43.92 RCW to read as follows:

(1) The geological survey shall compile and maintain a comprehensive database of publicly available subsurface geologic information relating to Washington state. The geological survey must make the database available to the public in a searchable format via the geological survey's website.

(2) The subsurface geologic information contained on the website should include, but is not limited to, the following:

- (a) Temperature gradient logs;
- (b) Geothermal well records;
- (c) High resolution magnetotelluric surveys;
- (d) High resolution gravity surveys;
- (e) Geothermal play fairway studies;
- (f) Three-dimensional reflection seismic surveys; and
- (g) Rock properties databases.

(3) The geological survey must:

(a) Coordinate with federal, state, and local agencies, and tribal governments, to compile existing subsurface geologic information;

(b) Acquire, process, and analyze new subsurface geologic data and update deficient data using the best practicable technology;

(c) Using available data, characterize the hazard of induced seismicity for high-potential geothermal play areas. Results of induced seismicity hazard studies must be

made publicly available and updated as new information is available; and

(d) Provide technical assistance on the proper interpretation and application of subsurface geologic data and hazard assessments.

Sec. 2. RCW 79.13.530 and 2003 c 334 s 465 are each amended to read as follows:

(1) In an effort to increase potential revenue to the geothermal account, the department shall, by December 1, 1991, adopt rules providing guidelines and procedures for leasing state-owned land for the development of geothermal resources.

(2)(a) By September 30, 2024, the department must commence rule making to update its geothermal resources lease rates. The updated geothermal resources lease rates must comply with the terms established in this section.

(b) Geothermal resources lease rates must be competitive with geothermal resources lease rates adopted by the federal government and by other states in the western portion of the United States.

(c) The goal of the updated geothermal resources lease rates must be to optimize the state's competitiveness at attracting geothermal exploration and development projects while balancing the state's obligation to trust beneficiaries and not adversely impacting the rights of federally recognized Indian tribes.

NEW SECTION. Sec. 3. A new section is added to chapter 43.31 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, a competitive geothermal exploration cost-share grant program is established in order to incentivize deep exploratory drilling to identify locations suitable for the development of geothermal energy.

(2) Grants may be awarded to offset the direct costs associated with the expense of conducting deep exploratory drilling for the purpose of identifying locations in Washington suitable for the development of geothermal energy.

(3) The department of commerce must consult with the Washington geological survey to develop a method and criteria for the allocation of grants, subject to the following:

(a) Proposed exploratory drilling projects should be located in areas of high geothermal potential not impacting the rights of federally recognized Indian tribes;

(b) Grant applicants should possess, or should demonstrate a partnership or other form of relationship with entities who possess, demonstrated expertise in successful geothermal exploration;

(c) Grant applicants should meet high labor standards, including family sustaining wages, providing benefits including health care and employer-contributed retirement plans, career development opportunities, and must maximize access to economic benefits from exploratory projects for local workers;

(d) Selection and implementation of exploratory drilling projects should align with equity and environmental justice principles as established in chapter 70A.02 RCW;

(e) Grant awards must be available to private, public, and federally recognized tribal applicants. Grant awards to private grant applicants should be for no more than one-half of the overall cost of the project and grant awards to public grant applicants should be for no more than two-thirds of the overall cost of the project;

(f) Grant applicants must demonstrate that they have, or that they will have by the time of the execution of a grant agreement, site control of the site that is the subject of the exploration effort, either through an ownership interest or through a lease agreement that provides access to the site and the right to drill to the proposed depth;

(g) The grant application must demonstrate the applicant's engagement efforts with the local community to provide information about the potential project;

(h) If any fluid is proposed to be injected as part of the exploratory drilling, the grant applicant must:

(i) Include an analysis of any potential for induced seismicity as a result of the injection, as well as a plan for the management of the risk of induced seismicity; and

(ii) Consult with the department of ecology and, if applicable, comply with underground injection control standards and groundwater antidegradation standards as directed in chapter 90.48 RCW;

(i) The award of grants will seek to broaden the state's knowledge of geothermal resources, with a preference given to high impact projects in favorable geologic settings that have been comparatively underexplored; and

(j) All results of any exploratory drilling performed with grant funds must be made publicly available and must be submitted to the Washington geological survey for inclusion in the database created pursuant to section 1 of this act.

(4) In the course of administering the geothermal exploration cost-share grant program, the department of commerce shall make a reasonable effort to utilize the United States department of energy recommendations and guidelines concerning enhanced geothermal demonstration projects in the western states.

NEW SECTION.

**Sec. 4.**

(1) The department of ecology, in consultation with the department of commerce, the department of natural resources, the department of fish and wildlife, and the department of archaeology and historic preservation, shall engage in a collaborative process to identify opportunities and risks associated with the development of geothermal resources in three locations with the highest geothermal potential in Washington. The department of natural resources must identify these three locations.

(2)(a) As part of the geothermal resources collaborative process, the

department of ecology must engage in meaningful government-to-government consultation with potentially affected federally recognized Indian tribes by learning from each participating tribe about their communication protocols for consultation and must seek participation from the department of archaeology and historic preservation, other state agencies as appropriate, local governments, state research institutions, participants in Washington's electrical generation, transmission, and distribution sector, and environmental organizations. At the request of potentially affected federally recognized Indian tribes, the department of ecology may include additional participation with independent subject matter expertise.

(b) Subject to the availability of amounts appropriated for this specific purpose, the department of ecology shall provide grants to potentially affected federally recognized Indian tribes to provide capacity and to support their evaluation of the cultural, natural resource, and other impacts of geothermal electricity development and to support their participation in the collaborative process established in this section.

(3) The geothermal resources collaborative process must identify and provide recommendations on, at a minimum, the following topics:

(a) The potential impacts of geothermal resources development, including impacts to:

(i) Rights, interests, and resources, including tribal cultural resources, of potentially affected federally recognized Indian tribes;

(ii) State or federal endangered species act listed species in Washington; and

(iii) Overburdened communities;

(b) The development of factors to guide the identification of preferable sites for the development of geothermal resources including, but not limited to, geologic suitability, proximity to electrical transmission and distribution infrastructure, and continuity between groundwater and surface water resources; and

(c) The capacity for geothermal resources in Washington to help the state meet its clean energy generation requirements and greenhouse gas emissions limits.

(4) The department of ecology must commence the geothermal resources collaborative process by November 30, 2024. The department of ecology must provide the appropriate committees of the legislature an update on the status of the collaborative process by June 30, 2026. The department of ecology must provide the appropriate committees of the legislature with a final report on the collaborative process by June 30, 2027.

(5) The interagency clean energy siting coordinating council must support the department of ecology during the collaborative process. The interagency clean energy siting coordinating council must consider the findings of the interim update and final report and make recommendations to the legislature and governor on potential actions regarding the development of geothermal energy, as appropriate. Based on the findings of the collaborative process,

the interagency clean energy siting coordinating council must identify key factors for consideration in planning and siting of geothermal facilities. These key factors include, but are not limited to, geologic suitability, water resource impacts, impacts to the rights of federally recognized Indian tribes, and proximity to electrical transmission and distribution infrastructure."

**Sec. 2.** RCW 70A.65.060 and 2021 c 316 s 8 are each amended to read as follows:

(1) In order to ensure that greenhouse gas emissions are reduced by covered entities consistent with the limits established in RCW 70A.45.020, the department must implement a cap on greenhouse gas emissions from covered entities and a program to track, verify, and enforce compliance through the use of compliance instruments.

(2) The program must consist of:

(a) Annual allowance budgets that limit emissions from covered entities, as provided in this section and RCW 70A.65.070 and 70A.65.080;

(b) Defining those entities covered by the program, and those entities that may voluntarily opt into coverage under the program, as provided in this section and RCW 70A.65.070 and 70A.65.080;

(c) Distribution of emission allowances, as provided in RCW 70A.65.100, and through the allowance price containment provisions under RCW 70A.65.140 and 70A.65.150;

(d) Providing for offset credits as a method for meeting a compliance obligation, pursuant to RCW 70A.65.170;

(e) Defining the compliance obligations of covered entities, as provided in chapter 316, Laws of 2021;

(f) Establishing the authority of the department to enforce the program requirements, as provided in RCW 70A.65.200;

(g) Creating a climate investment account for the deposit of receipts from the distribution of emission allowances, as provided in RCW 70A.65.250;

(i) Providing monitoring and oversight of the sale and transfer of allowances by the department;

(j) Creating a price ceiling and associated mechanisms as provided in RCW 70A.65.160; and

(k) Providing for the allocation of allowances to emissions-intensive, trade-exposed industries pursuant to RCW 70A.65.110.

(3) The department shall consider opportunities to implement the program in a manner that allows linking the state's program with those of other jurisdictions. The department must evaluate whether such linkage will provide for a more cost-effective means for covered entities to meet their compliance obligations in Washington while recognizing the special characteristics of the state's economy, communities, and industries. The department is authorized to enter into a linkage agreement with another jurisdiction after conducting an environmental justice assessment and after formal notice and opportunity for a public hearing, and when consistent with the requirements of RCW 70A.65.210. The department is authorized to withdraw from a linkage agreement and every linkage agreement must provide that the department reserves the right to withdraw from the agreement.

(4) During the 2022 regular legislative session, the department must bring forth agency request legislation developed in consultation with emissions-intensive, trade-exposed businesses, covered entities, environmental advocates, and overburdened communities that outlines a compliance pathway specific to emissions-intensive, trade-exposed businesses for achieving their proportionate share of the state's emissions reduction limits through 2050.

(5) By December 1, 2027, and ~~((at least every four years thereafter))~~ by December 1st

of each year that is one year after the end of a compliance period, and in compliance with RCW 43.01.036, the department must submit a report to the legislature that includes a comprehensive review of the implementation of the program to date, including but not limited to outcomes relative to the state's emissions reduction limits, overburdened communities, covered entities, and emissions-intensive, trade-exposed businesses. The department must transmit the report to the environmental justice council at the same time it is submitted to the legislature.

(6) The department must bring forth agency request legislation if the department finds that any provision of this chapter prevents linking Washington's cap and invest program with that of any other jurisdiction.

**Sec. 3.** RCW 70A.65.070 and 2022 c 181 s 1 are each amended to read as follows:

(1)(a)(i) The department shall commence the program by January 1, 2023, by determining an emissions baseline establishing the proportionate share that the total greenhouse gas emissions of covered entities for the first compliance period bears to the total anthropogenic greenhouse gas emissions in the state during 2015 through 2019, based on data reported to the department under RCW 70A.15.2200 or provided as required by this chapter, as well as other relevant data. By October 1, 2022, the department shall adopt annual allowance budgets for the first compliance period of the program, calendar years 2023 through 2026, to be distributed from January 1, 2023, through December 31, 2026.

(ii) If the department enters into a linkage agreement, and the linked jurisdictions do not amend their rules to synchronize with Washington's compliance periods, the department must amend its rules to synchronize Washington's compliance periods with those of the linked jurisdiction or jurisdictions. The department may not by rule amend the length of the first compliance period to end on a date other than December 31, 2026.

(b) By October 1, 2026, the department shall add to its emissions baseline by incorporating the proportionate share that the total greenhouse gas emissions of new covered entities in the second compliance period bear to the total anthropogenic greenhouse gas emissions in the state during 2015 through 2019. In determining the addition to the baseline, the department may exclude a year from the determination if the department identifies that year to have been an outlier due to a state of emergency. The department shall adopt annual allowance budgets for the second compliance period of the program ~~((calendar years 2027 through 2030))~~ that will be distributed ~~((from January 1, 2027, through December 31, 2030))~~ during the second compliance period.

(c) By October 1, 2028, the department shall adopt by rule the annual allowance budgets for ~~((calendar years 2031))~~ the end of the second compliance period through 2040.

(2) The annual allowance budgets must be set to achieve the share of reductions by

covered entities necessary to achieve the 2030, 2040, and 2050 statewide emissions limits established in RCW 70A.45.020, based on data reported to the department under chapter 70A.15 RCW or provided as required by this chapter. Annual allowance budgets must be set such that the use of offsets as compliance instruments, consistent with RCW 70A.65.170, does not prevent the achievement of the emissions limits established in RCW 70A.45.020. In so setting annual allowance budgets, the department must reduce the annual allowance budget relative to the limits in an amount equivalent to offset use, or in accordance with a similar methodology adopted by the department. The department must adopt annual allowance budgets for the program on a calendar year basis that provide for progressively equivalent reductions year over year. An allowance distributed under the program, either directly by the department under RCW 70A.65.110 through 70A.65.130 or through auctions under RCW 70A.65.100, does not expire and may be held or banked consistent with RCW 70A.65.100(6) and 70A.65.150(1).

(3) The department must complete evaluations by December 31, 2027, and ~~((by) December ((31, 2035))~~ 31st of the year following the conclusion of the third compliance period, of the performance of the program, including its performance in reducing greenhouse gases. If the evaluation shows that adjustments to the annual allowance budgets are necessary for covered entities to achieve their proportionate share of the 2030 and 2040 emission reduction limits identified in RCW 70A.45.020, as applicable, the department shall adjust the annual allowance budgets accordingly. The department must complete additional evaluations of the performance of the program by December ~~((31, 2040, and by December 31, 2045))~~ 31st of the year following the conclusion of the fifth and sixth compliance periods, and make any necessary adjustments in the annual allowance budgets to ensure that covered entities achieve their proportionate share of the 2050 emission reduction limit identified in RCW 70A.45.020. Nothing in this subsection precludes the department from making additional adjustments to annual allowance budgets as necessary to ensure successful achievement of the proportionate emission reduction limits by covered entities. The department shall determine and make public the circumstances, metrics, and processes that would initiate the public consideration of additional allowance budget adjustments to ensure successful achievement of the proportionate emission reduction limits.

(4) Data reported to the department under RCW 70A.15.2200 or provided as required by this chapter for 2015 through 2019 is deemed sufficient for the purpose of adopting annual allowance budgets and serving as the baseline by which covered entities demonstrate compliance under the first compliance period of the program. Data reported to the department under RCW 70A.15.2200 or provided as required by this chapter for 2023 through 2025 is deemed sufficient for adopting annual allowance budgets and serving as the baseline by which

covered entities demonstrate compliance under the second compliance period of the program.

(5) The legislature intends to promote a growing and sustainable economy and to avoid leakage of emissions from manufacturing to other jurisdictions. Therefore, the legislature finds that implementation of this section is contingent upon the enactment of RCW 70A.65.110.

**Sec. 4.** RCW 70A.65.080 and 2022 c 179 s 14 are each amended to read as follows:

(a) Where the person owns or operates a facility and the facility's emissions equal or exceed 25,000 metric tons of carbon dioxide equivalent;

(b) Where the person is a first jurisdictional deliverer and generates electricity in the state and emissions associated with this generation equals or exceeds 25,000 metric tons of carbon dioxide equivalent;

(c) ~~(i)~~ Where the person is a first jurisdictional deliverer importing electricity into the state and:

(A) For specified sources, the cumulative annual total of emissions associated with the imported electricity ~~((, whether from specified or unspecified sources,))~~ exceeds 25,000 metric tons of carbon dioxide equivalent;

(B) For unspecified sources, the cumulative annual total of emissions associated with the imported electricity exceeds 0 metric tons of carbon dioxide equivalent; or

(C) For electricity purchased from a federal power marketing administration pursuant to section 5(b) of the Pacific Northwest electric power planning and conservation act of 1980, P.L. 96-501, if the department determines such electricity is not from a specified source, the cumulative annual total of emissions associated with the imported electricity exceeds 25,000 metric tons of carbon dioxide equivalent.

(ii) In consultation with any linked jurisdiction to the program created by this chapter, by October 1, 2026, the department, in consultation with the department of commerce and the utilities and transportation commission, shall adopt by rule a methodology for addressing imported electricity associated with a centralized electricity market;

(d) Where the person is a supplier of fossil fuel other than natural gas and from that fuel 25,000 metric tons or more of carbon dioxide equivalent emissions would result from the full combustion or

oxidation, excluding the amounts for fuel products that are produced or imported with a documented final point of delivery outside of Washington and combusted outside of Washington; and

(e)(i) Where the person supplies natural gas in amounts that would result in exceeding 25,000 metric tons of carbon dioxide equivalent emissions if fully combusted or oxidized, excluding the amounts for fuel products that are produced or imported with a documented final point of delivery outside of Washington and combusted outside of Washington, and excluding the amounts: (A) Supplied to covered entities under (a) through (d) of this subsection; and (B) delivered to opt-in entities;

(ii) Where the person who is not a natural gas company and has a tariff with a natural gas company to deliver to an end-use customer in the state in amounts that would result in exceeding 25,000 metric tons of carbon dioxide equivalent emissions if fully combusted or oxidized, excluding the amounts: (A) Supplied to covered entities under (a) through (d) of this subsection; and (B) the amounts delivered to opt-in entities;

(iii) Where the person is an end-use customer in the state who directly purchases natural gas from a person that is not a natural gas company and has the natural gas delivered through an interstate pipeline to a distribution system owned by the purchaser in amounts that would result in exceeding 25,000 metric tons of carbon dioxide equivalent emissions if fully combusted or oxidized, excluding the amounts: (A) Supplied to covered entities under (a) through (d) of this subsection; and (B) delivered to opt-in entities.

(2) A person is a covered entity as of the beginning of the second compliance period and all subsequent compliance periods if the person reported emissions under RCW 70A.15.2200 or provided emissions data as required by this chapter for any calendar year from 2023 through 2025, where the person owns or operates a waste to energy facility utilized by a county and city solid waste management program and the facility's emissions equal or exceed 25,000 metric tons of carbon dioxide equivalent.

(3) A person is a covered entity ~~((beginning January 1, 2031))~~ as of the beginning of the third compliance period, and all subsequent compliance periods if the person reported emissions under RCW 70A.15.2200 or provided emissions data as required by this chapter for ~~((any calendar year from))~~ 2027 ((through 2029)) or 2028, where the person owns or operates a railroad company, as that term is defined in RCW 81.04.010, and the railroad company's emissions equal or exceed 25,000 metric tons of carbon dioxide equivalent.

(4) When a covered entity reports, during a compliance period, emissions from a facility under RCW 70A.15.2200 that are below the thresholds specified in subsection (1) or (2) of this section, the covered entity continues to have a compliance obligation through the current compliance period. When a covered entity reports emissions below the threshold for each year during an entire compliance period, or has

ceased all processes at the facility requiring reporting under RCW 70A.15.2200, the entity is no longer a covered entity as of the beginning of the subsequent compliance period unless the department provides notice at least 12 months before the end of the compliance period that the facility's emissions were within 10 percent of the threshold and that the person will continue to be designated as a covered entity in order to ensure equity among all covered entities. Whenever a covered entity ceases to be a covered entity, the department shall notify the appropriate policy and fiscal committees of the legislature of the name of the entity and the reason the entity is no longer a covered entity.

(5) For types of emission sources described in subsection (1) of this section that begin or modify operation after January 1, 2023, and types of emission sources described in subsection (2) of this section that begin or modify operation after 2027, coverage under the program starts in the calendar year in which emissions from the source exceed the applicable thresholds in subsection (1) or (2) of this section, or upon formal notice from the department that the source is expected to exceed the applicable emissions threshold, whichever happens first. Sources meeting these conditions are required to transfer their first allowances on the first transfer deadline of the year following the year in which their emissions were equal to or exceeded the emissions threshold.

(6) For emission sources described in subsection (1) of this section that are in operation or otherwise active between 2015 and 2019 but were not required to report emissions for those years under RCW 70A.15.2200 for the reporting periods between 2015 and 2019, coverage under the program starts in the calendar year following the year in which emissions from the source exceed the applicable thresholds in subsection (1) of this section as reported pursuant to RCW 70A.15.2200 or provided as required by this chapter, or upon formal notice from the department that the source is expected to exceed the applicable emissions threshold for the first year that source is required to report emissions, whichever happens first. Sources meeting these criteria are required to transfer their first allowances on the first transfer deadline of the year following the year in which their emissions, as reported under RCW 70A.15.2200 or provided as required by this chapter, were equal to or exceeded the emissions threshold.

(7) The following emissions are exempt from coverage in the program, regardless of the emissions reported under RCW 70A.15.2200 or provided as required by this chapter:

(a) Emissions from the combustion of aviation fuels;

(b) Emissions from watercraft fuels supplied in Washington that are combusted outside of Washington;

(c) Emissions from a coal-fired electric generation facility exempted from additional greenhouse gas limitations, requirements, or performance standards under RCW 80.80.110;

(d) Carbon dioxide emissions from the combustion of biomass or biofuels;

(e)(i) Motor vehicle fuel or special fuel that is used exclusively for agricultural purposes by a farm fuel user. This exemption is available only if a buyer of motor vehicle fuel or special fuel provides the seller with an exemption certificate in a form and manner prescribed by the department. For the purposes of this subsection, "agricultural purposes" and "farm fuel user" have the same meanings as provided in RCW 82.08.865.

(ii) The department must determine a method for expanding the exemption provided under (e)(i) of this subsection to include fuels used for the purpose of transporting agricultural products on public highways. The department must maintain this expanded exemption for a period of five years, in order to provide the agricultural sector with a feasible transition period;

(f) Emissions from facilities with North American industry classification system code 92811 (national security); and

(g) Emissions from municipal solid waste landfills that are subject to, and in compliance with, chapter 70A.540 RCW.

(8) The department shall not require multiple covered entities to have a compliance obligation for the same emissions. The department may by rule authorize refineries, fuel suppliers, facilities using natural gas, and natural gas utilities to provide by agreement for the assumption of the compliance obligation for fuel or natural gas supplied and combusted in the state. The department must be notified of such an agreement at least 12 months prior to the compliance obligation period for which the agreement is applicable.

(9)(a) The legislature intends to promote a growing and sustainable economy and to avoid leakage of emissions from manufacturing to other locations. The legislature further intends to see innovative new businesses locate and grow in Washington that contribute to Washington's prosperity and environmental objectives.

(b) Consistent with the intent of the legislature to avoid the leakage of emissions to other jurisdictions, in achieving the state's greenhouse gas limits in RCW 70A.45.020, the state, including lead agencies under chapter 43.21C RCW, shall pursue the limits in a manner that recognizes that the siting and placement of new or expanded best-in-class facilities with lower carbon emitting processes is in the economic and environmental interests of the state of Washington.

(c) In conducting a life-cycle analysis, if required, for new or expanded facilities that require review under chapter 43.21C RCW, a lead agency must evaluate and attribute any potential net cumulative greenhouse gas emissions resulting from the project as compared to other existing facilities or best available technology including best-in-class facilities and emerging lower carbon processes that supply the same product or end use. The department may adopt rules to determine the appropriate threshold for applying this analysis.

(d) Covered emissions from an entity that is or will be a covered entity under this chapter may not be the basis for denial of a permit for a new or expanded facility. Covered emissions must be included in the analysis undertaken pursuant to (c) of this subsection. Nothing in this subsection requires a lead agency or a permitting agency to approve or issue a permit to a permit applicant, including to a new or expanded fossil fuel project.

(e) A lead agency under chapter 43.21C RCW or a permitting agency shall allow a new or expanded facility that is a covered entity or opt-in entity to satisfy a mitigation requirement for its covered emissions under this chapter (~~(316, Laws of 2021)~~) and under any greenhouse gas emission mitigation requirements for covered emissions under chapter 43.21C RCW by submitting to the department the number of compliance instruments equivalent to its covered emissions during a compliance period.

**Sec. 5.** RCW 70A.65.100 and 2023 c 475 s 937 are each amended to read as follows:

(1) Except as provided in RCW 70A.65.110, 70A.65.120, and 70A.65.130, the department shall distribute allowances through auctions as provided in this section and in rules adopted by the department to implement these sections. An allowance is not a property right.

(2)(a) The department shall hold a maximum of four auctions annually, plus any necessary reserve auctions. An auction may include allowances from the annual allowance budget of the current year and allowances from the annual allowance budgets from prior years that remain to be distributed. The department must transmit to the environmental justice council an auction notice at least 60 days prior to each auction, as well as a summary results report and a postauction public proceeds report within 60 days after each auction. The department must communicate the results of the previous calendar year's auctions to the environmental justice council on an annual basis beginning in 2024.

(b) The department must make future vintage allowances available through parallel auctions at least twice annually in addition to the auctions through which current vintage allowances are exclusively offered under (a) of this subsection.

(3) The department shall engage a qualified, independent contractor to run the auctions. The department shall also engage a qualified financial services administrator to hold the bid guarantees, evaluate bid guarantees, and inform the department of the value of bid guarantees once the bids are accepted.

(4) Auctions are open to covered entities, opt-in entities, and general market participants that are registered entities in good standing. The department shall adopt by rule the requirements for a registered entity to register and participate in a given auction.

(a) Registered entities intending to participate in an auction must submit an application to participate at least 30 days

prior to the auction. The application must include the documentation required for review and approval by the department. A registered entity is eligible to participate only after receiving a notice of approval by the department.

(b) Each registered entity that elects to participate in the auction must have a different representative. Only a representative with an approved auction account is authorized to access the auction platform to submit an application or confirm the intent to bid for the registered entity, submit bids on behalf of the registered entity during the bidding window, or to download reports specific to the auction.

(5) The department may require a bid guarantee, payable to the financial services administrator, in an amount greater than or equal to the sum of the maximum value of the bids to be submitted by the registered entity.

(6) To protect the integrity of the auctions, a registered entity or group of registered entities with a direct corporate association are subject to auction purchase and holding limits. The department may impose additional limits if it deems necessary to protect the integrity and functioning of the auctions:

(a) A covered entity or an opt-in entity may not buy more than ~~((10))25~~ percent of the allowances offered during a single auction;

(b) A general market participant may not buy more than four percent of the allowances offered during a single auction ~~((and))~~;

~~((c))~~ Until Washington links with a jurisdiction that does not have this requirement, a general market participant may not in aggregate own more than 10 percent of total allowances to be issued in a calendar year;

~~((e))~~ ~~((d))~~ No registered entity may buy more than the entity's bid guarantee; and

~~((d))~~ ~~((e))~~ No registered entity may buy allowances that would exceed the entity's holding limit at the time of the auction.

(7)(a) For fiscal year 2023, upon completion and verification of the auction results, the financial services administrator shall notify winning bidders and transfer the auction proceeds to the state treasurer for deposit as follows: (i) \$127,341,000 must first be deposited into the carbon emissions reduction account created in RCW 70A.65.240; and (ii) the remaining auction proceeds to the climate investment account created in RCW 70A.65.250 and the air quality and health disparities improvement account created in RCW 70A.65.280.

(b) For fiscal year 2024, upon completion and verification of the auction results, the financial services administrator shall notify winning bidders and transfer the auction proceeds to the state treasurer for deposit as follows: (i) \$356,697,000 must first be deposited into the carbon emissions reduction account created in RCW 70A.65.240, except during fiscal year 2024, the deposit as provided in this subsection (7)(b)(i) may be prorated equally across each of the auctions occurring in fiscal year 2024; and (ii) the remaining auction proceeds to the climate investment account created in RCW

70A.65.250 and the air quality and health disparities improvement account created in RCW 70A.65.280, which may be prorated equally across each of the auctions occurring in fiscal year 2024.

(c) For fiscal year 2025, upon completion and verification of the auction results, the financial services administrator shall notify winning bidders and transfer the auction proceeds to the state treasurer for deposit as follows: (i) \$366,558,000 must first be deposited into the carbon emissions reduction account created in RCW 70A.65.240, except that during fiscal year 2025, the deposit as provided in this subsection (7)(c)(i) may be prorated equally across each of the auctions occurring in fiscal year 2025; and (ii) the remaining auction proceeds to the climate investment account created in RCW 70A.65.250 and the air quality and health disparities improvement account created in RCW 70A.65.280, which may be prorated equally across each of the auctions occurring in fiscal year 2025.

(d) For fiscal years 2026 through 2037, upon completion and verification of the auction results, the financial services administrator shall notify winning bidders and transfer the auction proceeds to the state treasurer for deposit as follows: (i) \$359,117,000 per year must first be deposited into the carbon emissions reduction account created in RCW 70A.65.240; and (ii) the remaining auction proceeds to the climate investment account created in RCW 70A.65.250 and the air quality and health disparities improvement account created in RCW 70A.65.280.

(e) The deposits into the carbon emissions reduction account pursuant to (a) through (d) of this subsection must not exceed \$5,200,000,000 over the first 16 fiscal years and any remaining auction proceeds must be deposited into the climate investment account created in RCW 70A.65.250 and the air quality and health disparities improvement account created in RCW 70A.65.280.

(f) For fiscal year 2038 and each year thereafter, upon completion and verification of the auction results, the financial services administrator shall notify winning bidders and transfer the auction proceeds to the state treasurer for deposit as follows: (i) 50 percent of the auction proceeds to the carbon emissions reduction account created in RCW 70A.65.240; and (ii) the remaining auction proceeds to the climate investment account created in RCW 70A.65.250 and the air quality and health disparities improvement account created in RCW 70A.65.280.

(8) The department shall adopt by rule provisions to guard against bidder collusion and minimize the potential for market manipulation. A registered entity may not release or disclose any bidding information including: Intent to participate or refrain from participation; auction approval status; intent to bid; bidding strategy; bid price or bid quantity; or information on the bid guarantee provided to the financial services administrator. The department may cancel or restrict a previously approved auction participation application or reject a new

application if the department determines that a registered entity has:

(a) Provided false or misleading facts;  
 (b) Withheld material information that could influence a decision by the department;

(c) Violated any part of the auction rules;

(d) Violated registration requirements; or

(e) Violated any of the rules regarding the conduct of the auction.

(9) Records containing the following information are confidential and are exempt from public disclosure in their entirety:

(a) Bidding information as identified in subsection (8) of this section;

(b) Information contained in the secure, online electronic tracking system established by the department pursuant to RCW 70A.65.090(6);

(c) Financial, proprietary, and other market sensitive information as determined by the department that is submitted to the department pursuant to this chapter;

(d) Financial, proprietary, and other market sensitive information as determined by the department that is submitted to the independent contractor or the financial services administrator engaged by the department pursuant to subsection (3) of this section; and

(e) Financial, proprietary, and other market sensitive information as determined by the department that is submitted to a jurisdiction with which the department has entered into a linkage agreement pursuant to RCW 70A.65.210, and which is shared with the department, the independent contractor, or the financial services administrator pursuant to a linkage agreement.

(10) Any cancellation or restriction approved by the department under subsection (8) of this section may be permanent or for a specified number of auctions and the cancellation or restriction imposed is not exclusive and is in addition to the remedies that may be available pursuant to chapter 19.86 RCW or other state or federal laws, if applicable.

(11) The department shall design allowance auctions so as to allow, to the maximum extent practicable, linking with external greenhouse gas emissions trading programs in other jurisdictions and to facilitate the transfer of allowances when the state's program has entered into a linkage agreement with other external greenhouse gas emissions trading programs. The department may conduct auctions jointly with linked jurisdictions.

(12) In setting the number of allowances offered at each auction, the department shall consider the allowances in the marketplace due to the marketing of allowances issued as required under RCW 70A.65.110, 70A.65.120, and 70A.65.130 in the department's determination of the number of allowances to be offered at auction. The department shall offer only such number of allowances at each auction as will enhance the likelihood of achieving the goals of RCW 70A.45.020.

**Sec. 6.** RCW 70A.65.110 and 2021 c 316 s 13 are each amended to read as follows:

(1) Facilities owned or operated by a covered entity must receive an allocation of allowances for the covered emissions at those facilities under this subsection at no cost if the operations of the facility are classified as emissions-intensive and trade-exposed, as determined by being engaged in one or more of the processes described by the following industry descriptions and codes in the North American industry classification system:

(a) Metals manufacturing, including iron and steel making, ferroalloy and primary metals manufacturing, secondary aluminum smelting and alloying, aluminum sheet, plate, and foil manufacturing, and smelting, refining, and alloying of other nonferrous metals, North American industry classification system codes beginning with 331;

(b) Paper manufacturing, including pulp mills, paper mills, and paperboard milling, North American industry classification system codes beginning with 322;

(c) Aerospace product and parts manufacturing, North American industry classification system codes beginning with 3364;

(d) Wood products manufacturing, North American industry classification system codes beginning with 321;

(e) Nonmetallic mineral manufacturing, including glass container manufacturing, North American industry classification system codes beginning with 327;

(f) Chemical manufacturing, North American industry classification system codes beginning with 325;

(g) Computer and electronic product manufacturing, including semiconductor and related device manufacturing, North American industry classification system codes beginning with 334;

(h) Food manufacturing, North American industry classification system codes beginning with 311;

(i) Cement manufacturing, North American industry classification system code 327310;

(j) Petroleum refining, North American industry classification system code 324110;

(k) Asphalt paving mixtures and block manufacturing from refined petroleum, North American industry classification system code 324121;

(l) Asphalt shingle and coating manufacturing from refined petroleum, North American industry classification system code 324122; and

(m) All other petroleum and coal products manufacturing from refined petroleum, North American industry classification system code 324199.

(2) By July 1, 2022, the department must adopt by rule objective criteria for both emissions' intensity and trade exposure for the purpose of identifying emissions-intensive, trade-exposed manufacturing businesses during the second compliance period of the program and subsequent compliance periods. A facility covered by subsection (1)(a) through (m) of this section is considered an emissions-intensive, trade-exposed facility and is eligible for allocation of no cost

allowances as described in this section. In addition, any covered party that is a manufacturing business that can demonstrate to the department that it meets the objective criteria adopted by rule is also eligible for treatment as emissions-intensive, trade-exposed and is eligible for allocation of no cost allowances as described in this section. In developing the objective criteria under this subsection, the department must consider the locations of facilities potentially identified as emissions-intensive, trade-exposed manufacturing businesses relative to overburdened communities.

(3) (a) For the ~~((first compliance period beginning in January 1, 2023))~~ years 2023 through 2026, the annual allocation of no cost allowances for direct distribution to a facility identified as emissions-intensive and trade-exposed must be equal to the facility's baseline carbon intensity established using data from 2015 through 2019, or other data as allowed under this section, multiplied by the facility's actual production for each calendar year during the compliance period. For facilities using the mass-based approach, the allocation of no cost allowances shall be equal to the facility's mass-based baseline using data from 2015 through 2019, or other data as allowed under this section.

(b) For the ~~((second compliance period, beginning in January, 2027,))~~ four years beginning January 2027 and in each subsequent ~~((compliance))~~ four-year period, the annual allocation of no cost allowances established in (a) of this subsection shall be adjusted according to the benchmark reduction schedules established in (b)(ii) and (iii) and (e) of this subsection multiplied by the facility's actual production during the period. The department shall adjust the no cost allocation of allowances and credits to an emissions-intensive and trade-exposed facility to avoid duplication with any no cost allowances transferred pursuant to RCW 70A.65.120 and 70A.65.130, if applicable.

(i) For the purpose of this section, "carbon intensity" means the amount of carbon dioxide equivalent emissions from a facility in metric tons divided by the facility specific measure of production including, but not limited to, units of product manufactured or sold, over the same time interval.

(ii) If an emissions-intensive and trade-exposed facility is not able to feasibly determine a carbon intensity benchmark based on its unique circumstances, the entity may elect to use a mass-based baseline that does not vary based on changes in production volumes. The mass-based baseline must be based upon data from 2015 through 2019, unless the emissions-intensive, trade-exposed facility can demonstrate that there have been abnormal periods of operation that materially impacted the facility and the baseline period should be expanded to include years prior to 2015. For ~~((each year during the first four-year compliance period that begins January 1, 2023))~~ the years 2023 through 2026, these facilities must be awarded no cost allowances equal to 100 percent of the facility's mass-based

baseline. For each year during the ~~((second four-year compliance period that begins January 1, 2027))~~ years 2027 through 2030, these facilities must be awarded no cost allowances equal to 97 percent of the facility's mass-based baseline. For each year during the ~~((third compliance period that begins January 1, 2031))~~ years 2031 through 2034, these facilities must be awarded no cost allowances equal to 94 percent of the facility's mass-based baseline. Except as provided in (b)(iii) of this subsection, if a facility elects to use a mass-based baseline, it may not later convert to a carbon intensity benchmark during the ~~((first three compliance periods))~~ years 2023 through 2034.

(iii) A facility with a North American industry classification system code beginning with 3364 that is utilizing a mass-based baseline in (b)(ii) of this subsection must receive an additional no cost allowance allocation under this section in order to accommodate an increase in production that increases its emissions above the baseline on a basis equivalent in principle to those awarded to entities utilizing a carbon intensity benchmark pursuant to this subsection (3)(b). The department shall establish methods to award, for any annual period, additional no cost allowance allocations under this section and, if appropriate based on projected production, to achieve a similar ongoing result through the adjustment of the facility's mass-based baseline. An eligible facility under this subsection that has elected to use a mass-based baseline may not convert to a carbon intensity benchmark until the next compliance period.

(c) (i) By September 15, 2022, each emissions-intensive, trade-exposed facility shall submit its carbon intensity baseline for the first compliance period to the department. The carbon intensity baseline for the first compliance period must use data from 2015-2019, unless the emissions-intensive, trade-exposed facility can demonstrate that there have been abnormal periods of operation that materially impacted the facility and the baseline period should be expanded to include years prior to 2015.

(ii) By November 15, 2022, the department shall review and approve each emissions-intensive, trade-exposed facility's baseline carbon intensity for the ~~((first compliance period))~~ years 2023 through 2026.

(d) During the ~~((first four-year compliance period that begins January 1, 2023))~~ years 2023 through 2026, each emissions-intensive, trade-exposed facility must record its facility-specific carbon intensity baseline based on its actual production.

(e) (i) For the ~~((second four-year compliance period that begins January 1, 2027))~~ years 2027 through 2030, the second period benchmark for each emissions-intensive, trade-exposed facility is three percent below the first period baseline specified in (a), (b), and (c) of this subsection.

(ii) For the ~~((third four-year compliance period that begins January 1, 2031))~~ years 2031 through 2034, the third period

benchmark for each emissions-intensive, trade-exposed facility is three percent lower than the ~~((second period benchmark))~~ years 2027 through 2030.

(f) Prior to the beginning of ~~((either the second, third, or subsequent compliance))~~ 2027, 2031, or subsequent four-year periods, the department may make an upward adjustment in the next ~~((compliance))~~ four-year period's benchmark for an emissions-intensive, trade-exposed facility based on the facility's demonstration to the department that additional reductions in carbon intensity or mass emissions are not technically or economically feasible. The department may base the upward adjustment applicable to an emissions-intensive, trade-exposed facility in the next ~~((compliance))~~ four-year period on the facility's best available technology analysis. The department shall by rule provide for emissions-intensive, trade-exposed facilities to apply to the department for an adjustment to the allocation for direct distribution of no cost allowances based on its facility-specific carbon intensity benchmark or mass emissions baseline. The department shall make adjustments based on:

(i) A significant change in the emissions use or emissions attributable to the manufacture of an individual good or goods in this state by an emissions-intensive, trade-exposed facility based on a finding by the department that an adjustment is necessary to accommodate for changes in the manufacturing process that have a material impact on emissions;

(ii) Significant changes to an emissions-intensive, trade-exposed facility's external competitive environment that result in a significant increase in leakage risk; or

(iii) Abnormal operating periods when an emissions-intensive, trade-exposed facility's carbon intensity has been materially affected so that these abnormal operating periods are either excluded or otherwise considered in the establishment of the ~~((compliance period))~~ carbon intensity benchmarks.

(4) (a) By December 1, 2026, the department shall provide a report to the appropriate committees of the senate and house of representatives that describes alternative methods for determining the amount and a schedule of allowances to be provided to facilities owned or operated by each covered entity designated as an emissions-intensive, trade-exposed facility from January 1, 2035, through January 1, 2050. The report must include a review of global best practices in ensuring against emissions leakage and economic harm to businesses in carbon pricing programs and describe alternative methods of emissions performance benchmarking and mass-based allocation of no cost allowances. At a minimum, the department must evaluate benchmarks based on both carbon intensity and mass, as well as the use of best available technology as a method for compliance. In developing the report, the department shall form an advisory group that includes representatives of the manufacturers listed in subsection (1) of this section.

(b) If the legislature does not adopt a compliance obligation for emissions-intensive, trade-exposed facilities by December 1, 2027, those facilities must continue to receive allowances as provided in the ~~((third four-year compliance period that begins January 1, 2031))~~ years 2031 through 2034.

(5) If the actual emissions of an emissions-intensive, trade-exposed facility exceed the facility's no cost allowances assigned for that compliance period, it must acquire additional compliance instruments such that the total compliance instruments transferred to its compliance account consistent with this chapter ~~((316, Laws of 2021))~~ equals emissions during the compliance period. An emissions-intensive, trade-exposed facility must be allowed to bank unused allowances, including for future sale and investment in best available technology when economically feasible. The department shall limit the use of offset credits for compliance by an emissions-intensive, trade-exposed facility, such that the quantity of no cost allowances plus the provision of offset credits does not exceed 100 percent of the facility's total compliance obligation over a compliance period.

(6) The department must withhold or withdraw the relevant share of allowances allocated to a covered entity under this section in the event that the covered entity ceases production in the state and becomes a closed facility. In the event an entity curtails all production and becomes a curtailed facility, the allowances are retained but cannot be traded, sold, or transferred and are still subject to the emission reduction requirements specified in this section. An owner or operator of a curtailed facility may transfer the allowances to a new operator of the facility that will be operated under the same North American industry classification system codes. If the curtailed facility becomes a closed facility, then all unused allowances will be transferred to the emissions containment reserve. A curtailed facility is not eligible to receive free allowances during a period of curtailment. Any allowances withheld or withdrawn under this subsection must be transferred to the emissions containment reserve.

(7) An owner or operator of more than one facility receiving no cost allowances under this section may transfer allowances among the eligible facilities.

(8) Rules adopted by the department under this section must include protocols for allocating allowances at no cost to an eligible facility built after July 25, 2021. The protocols must include consideration of the products and criteria pollutants being produced by the facility, as well as the local environmental and health impacts associated with the facility. For a facility that is built on tribal lands or is determined by the department to impact tribal lands and resources, the protocols must be developed in consultation with the affected tribal nations.

**Sec. 7.** RCW 70A.65.170 and 2022 c 181 s 12 are each amended to read as follows:

(1) The department shall adopt by rule the protocols for establishing offset projects and ~~((securing))~~ generating offset credits that may be used to meet a portion of a covered or opt-in entity's compliance obligation under this chapter. The protocols adopted by the department under this section must align with the policies of the state established under RCW 70A.45.090 and 70A.45.100.

(2) Offset projects must:

(a) Provide direct environmental benefits to the state or be located in a jurisdiction with which Washington has entered into a linkage agreement;

(b) Result in greenhouse gas reductions or removals that:

(i) Are real, permanent, quantifiable, verifiable, and enforceable; and

(ii) Are in addition to greenhouse gas emission reductions or removals otherwise required by law and other greenhouse gas emission reductions or removals that would otherwise occur; and

(c) Have been certified by a recognized registry.

(3)(a) A total of no more than five percent of a covered or opt-in entity's compliance obligation during the first compliance period may be met by transferring offset credits, regardless of whether or not the offset project is located on federally recognized tribal land. During these years, at least 50 percent of a covered or opt-in entity's compliance obligation satisfied by offset credits must be sourced from offset projects that provide direct environmental benefits in the state.

(b) A total of no more than four percent of a covered or opt-in entity's compliance obligation during the second compliance period may be met by transferring offset credits, regardless of whether or not the offset project is located on federally recognized tribal land. During these years, at least 75 percent of a covered or opt-in entity's compliance obligation satisfied by offset credits must be sourced from offset projects that provide direct environmental benefits in the state. The department may reduce the 75 percent requirement if it determines there is not sufficient offset supply in the state to meet offset demand during the second compliance period.

(c) The limits in (a) and (b) of this subsection may be modified by rule as adopted by the department when appropriate to ensure achievement of the proportionate share of statewide emissions limits established in RCW 70A.45.020 and to provide for alignment with other jurisdictions to which the state has linked.

(d) The limits in (a) and (b) of this subsection may be reduced for a specific covered or opt-in entity if the department determines, in consultation with the environmental justice council, that the covered or opt-in entity has or is likely to:

(i) Contribute substantively to cumulative air pollution burden in an overburdened community as determined by criteria established by the department, in

consultation with the environmental justice council; or

(ii) Violate any permits required by any federal, state, or local air pollution control agency where the violation may result in an increase in emissions.

~~((An offset project on federally recognized tribal land does not count against))~~ In addition to the offset credit limits described in (a) and (b) of this subsection((-)):

(i) No more than an additional three percent of a covered or opt-in entity's compliance obligation may be met by transferring offset credits from projects on federally recognized tribal land during the first compliance period.

(ii) No more than an additional two percent of a covered or opt-in entity's compliance obligation may be met by transferring offset credits from projects on federally recognized tribal land during the second compliance period.

(4) In adopting protocols governing offset projects and covered and opt-in entities' use of offset credits, the department shall:

(a) Take into consideration standards, rules, or protocols for offset projects and offset credits established by other states, provinces, and countries with programs comparable to the program established in this chapter;

(b) Take into consideration forest practices rules where a project is located, or applicable best management practices established by federal, state, or local governments that relate to forest management;

(c) Encourage opportunities for the development of offset projects in this state by adopting offset protocols that may include, but need not be limited to, protocols that make use of aggregation or other mechanisms to reduce transaction costs related to the development of offset projects and that support the development of carbon dioxide removal projects;

~~((+))~~ (d) Adopt a process for monitoring and invalidating offset credits as necessary to ensure the credit reflects emission reductions or removals that continue to meet the standards required by subsection (1) of this section. If an offset credit is invalidated, the covered or opt-in entity must, within six months of the invalidation, transfer replacement credits or allowances to meet its compliance obligation. Failure to transfer the required credits or allowances is a violation subject to penalties as provided in RCW 70A.65.200; and

~~((+))~~ (e) Make use of aggregation or other mechanisms, including cost-effective inventory and monitoring provisions, to increase the development of offset and carbon removal projects by landowners across the broadest possible variety of types and sizes of lands, including lands owned by small forestland owners.

(5) Any offset credits used must:

(a) Not be in addition to or allow for an increase in the emissions limits established under RCW 70A.45.020, as reflected in the annual allowance budgets developed under RCW 70A.65.070;

(b) Have been issued for reporting periods wholly after July 25, 2021, or within two years prior to July 25, 2021; and

(c) ~~((Be consistent with offset protocols adopted by the department))~~ For offset credits issued by a jurisdiction with which Washington has entered into a linkage agreement, come from offset projects located in Washington or in the linked jurisdiction.

(6) The offset credit must be registered and tracked as a compliance instrument.

(7) Beginning in 2031, the limits established in subsection (3)(b) and (e)(ii) of this section apply unless modified by rule as adopted by the department after a public consultation process.

**Sec. 8.** RCW 70A.65.200 and 2022 c 181 s 4 are each amended to read as follows:

(1) All covered and opt-in entities are required to submit compliance instruments in a timely manner to meet the entities' compliance obligations and shall comply with all requirements for monitoring, reporting, holding, and transferring emission allowances and other provisions of this chapter.

(2) If a covered or opt-in entity does not submit sufficient compliance instruments to meet its compliance obligation by the specified transfer dates, a penalty of four allowances for every one compliance instrument that is missing must be submitted to the department within six months. When a covered entity or opt-in entity reasonably believes that it will be unable to meet a compliance obligation, the entity shall immediately notify the department. Upon receiving notification, the department shall issue an order requiring the entity to submit the penalty allowances.

(3) If a covered entity or opt-in entity fails to submit penalty allowances as required by subsection (2) of this section, the department must issue an order or issue a penalty of up to \$10,000 per day per violation, or both, for failure to submit penalty allowances as required by subsection (2) of the section. The order may include a plan and schedule for coming into compliance.

(4) The department may issue a penalty of up to \$50,000 per day per violation for violations of RCW 70A.65.100(8) (a) through (e).

(5) Except as provided in subsections (3) and (4) of this section, any person that violates the terms of this chapter or an order issued under this chapter incurs a penalty of up to \$10,000 per day per violation for each day that the person does not comply. All penalties under subsections (3) and (4) of this section and this subsection must be deposited into the climate investment account created in RCW 70A.65.250.

(6) Orders and penalties issued under this chapter are appealable to the pollution control hearings board under chapter 43.21B RCW.

(7) ~~((For\*))~~ Until the department enters into a linkage agreement or until the end of the first compliance period, whichever is sooner, the department may reduce the amount of the penalty by adjusting the monetary

amount or the number of penalty allowances described in subsections (2) and (3) of this section.

(8) An electric utility or natural gas utility must notify its retail customers and the environmental justice council in published form within three months of paying a monetary penalty under this section.

(9)(a) No city, town, county, township, or other subdivision or municipal corporation of the state may implement a charge or tax based exclusively upon the quantity of greenhouse gas emissions.

(b) No state agency may adopt or enforce a greenhouse gas pricing or market-based emissions cap and reduce program for stationary sources, or adopt or enforce emission limitations on greenhouse gas emissions from stationary sources except as:

- (i) Provided in this chapter;
- (ii) Authorized or directed by a state statute in effect as of July 1, 2022; or
- (iii) Required to implement a federal statute, rule, or program.

(c) This chapter preempts the provisions of chapter 173-442 WAC, and the department shall repeal chapter 173-442 WAC.

(10)(a) By December 1, 2023, the office of financial management must submit a report to the appropriate committees of the legislature that summarizes two categories of state laws other than this chapter:

(i) Laws that regulate greenhouse gas emissions from stationary sources, and the greenhouse gas emission reductions attributable to each chapter, relative to a baseline in which this chapter and all other state laws that regulate greenhouse gas emissions are presumed to remain in effect; and

(ii) Laws whose implementation may effectuate reductions in greenhouse gas emissions from stationary sources.

(b) The state laws that the office of financial management may address in completing the report required in this subsection include, but are not limited to:

- (i) Chapter 19.27A RCW;
- (ii) Chapter 19.280 RCW;
- (iii) Chapter 19.405 RCW;
- (iv) Chapter 36.165 RCW;
- (v) Chapter 43.21F RCW;
- (vi) Chapter 70.30 RCW;
- (vii) Chapter 70A.15 RCW;
- (viii) Chapter 70A.45 RCW;
- (ix) Chapter 70A.60 RCW;
- (x) Chapter 70A.535 RCW;
- (xi) Chapter 80.04 RCW;
- (xii) Chapter 80.28 RCW;
- (xiii) Chapter 80.70 RCW;
- (xiv) Chapter 80.80 RCW; and
- (xv) Chapter 81.88 RCW.

(c) The office of financial management may contract for all or part of the work product required under this subsection.

**Sec. 9.** RCW 70A.65.210 and 2021 c 316 s 24 are each amended to read as follows:

(1) Subject to making the findings and conducting the public comment process described in subsection (3) of this section, the department shall seek to enter into linkage agreements with other jurisdictions with external greenhouse gas emissions trading programs in order to:

(a) Allow for the mutual use and recognition of compliance instruments issued by Washington and other linked jurisdictions;

(b) Broaden the greenhouse gas emission reduction opportunities to reduce the costs of compliance on covered entities and consumers;

(c) Enable allowance auctions to be held jointly and provide for the use of a unified tracking system for compliance instruments;

(d) Enhance market security;

(e) Reduce program administration costs; and

(f) Provide consistent requirements for covered entities whose operations span jurisdictional boundaries.

(2) The director of the department is authorized to execute linkage agreements with other jurisdictions with external greenhouse gas emissions trading programs consistent with the requirements in this chapter. A linkage agreement must cover the following:

(a) Provisions relating to regular, periodic auctions, including requirements for eligibility for auction participation, the use of a single auction provider to facilitate joint auctions, publication of auction-related information, processes for auction participation, purchase limits by auction participant type, bidding processes, dates of auctions, and financial requirements;

(b) Provisions related to holding limits to ensure no entities in any of the programs are disadvantaged relative to their counterparts in the other jurisdictions;

(c) Other requirements, such as greenhouse gas reporting and verification, offset protocols, criteria and process, and supervision and enforcement, to prevent fraud, abuse, and market manipulation;

(d) Common program registry, electronic auction platform, tracking systems for compliance instruments, and monitoring of compliance instruments;

(e) Provisions to ensure coordinated administrative and technical support;

(f) Provisions for public notice and participation; and

(g) Provisions to collectively resolve differences, amend the agreements, and delink or otherwise withdraw from the agreements.

(3) Before entering into a linkage agreement under this section, the department must evaluate and make a finding regarding whether the aggregate number of unused allowances in a linked program would reduce the stringency of Washington's program and the state's ability to achieve its greenhouse gas emissions reduction limits. The department must include in its evaluation a consideration of pre-2020 unused allowances that may exist in the program with which it is proposing to link. Before entering into a linkage agreement, the department must also establish a finding that the linking jurisdiction and the linkage agreement meet certain criteria identified under this subsection and conduct a public comment process to obtain input and a review of the linkage agreement by relevant stakeholders and other interested parties. The department must consider input

received from the public comment process before finalizing a linkage agreement. In the event that the department determines that a full linkage agreement is unlikely to meet the criteria, it may enter into a linkage agreement with limitations, including limits on the share of compliance that may be met with allowances originating from linked jurisdictions and other limitations deemed necessary by the department. A linkage agreement approved by the department must:

(a) Achieve the purposes identified in subsection (1) of this section;

(b) Ensure that the linking jurisdiction has provisions to ensure the distribution of benefits from the program to vulnerable populations and overburdened communities;

(c) Be determined by the department to not yield net adverse impacts to either jurisdictions' highly impacted communities or analogous communities in the aggregate, relative to the baseline level of emissions; and

(d) Not adversely impact Washington's ability to achieve the emission reduction limits established in RCW 70A.45.020.

(4) Before entering a linkage agreement, the department must post and maintain on its website, and provide notification to the appropriate policy and fiscal committees of the legislature, a quarterly status update regarding any potential linkage agreement that the department has determined to seek to enter into under this section. The status report must include:

(a) An outline of the expected steps that the department expects that it and linked jurisdictions will need to take prior to entering into a linkage agreement, including the requirements of subsection (3) of this section;

(b) Notation of any steps completed or initiated under (a) of this subsection; and

(c) An estimate of the time frames of possible completion for any steps identified under (a) of this subsection that have not yet been completed.

(5) The state retains all legal and policymaking authority over its program design and enforcement.

**Sec. 10.** RCW 70A.65.310 and 2022 c 181 s 2 are each amended to read as follows:

(1) A covered or opt-in entity has a compliance obligation for its emissions during each (~~four-year~~) compliance period, with the first compliance period commencing January 1, 2023. The department shall by rule require that covered or opt-in entities annually transfer a percentage of compliance instruments, but must fully satisfy their compliance obligation, for each compliance period.

(2) Compliance occurs through the transfer of the required compliance instruments or price ceiling units, on or before the transfer date, from the holding account to the compliance account of the covered or opt-in entity as described in RCW 70A.65.080.

(3)(a) A covered entity may substitute the submission of compliance instruments with price ceiling units.

(b) A covered or opt-in entity submitting insufficient compliance instruments to meet its compliance obligation is subject to a penalty as provided in RCW 70A.65.200.

(4) Older vintage allowances must be retired before newer vintage allowances.

(5) Upon receipt by the department of all compliance instruments transferred by a covered entity or opt-in entity to meet its compliance obligation, the department shall retire the allowances or offset credits.

**NEW SECTION. Sec. 11.** A new section is added to chapter 70A.65 RCW to read as follows:

(1) A federal power marketing administration may elect to voluntarily participate in the program by registering as an opt-in entity pursuant to the requirements of this section.

(2) In registering as an opt-in entity under this section, a federal power marketing administration may assume the compliance obligations associated with either:

(a) All electricity marketed in the state by the federal power marketing administration; or

(b) Only the electricity marketed by the federal power marketing administration in the state through a centralized electricity market.

(3) A federal power marketing administration that voluntarily elects to comply with the program must register with the department as an opt-in entity at least 90 days prior to January 1st of the calendar year in which the federal power marketing administration would assume the compliance obligations associated with federally marketed electricity in the state, in accordance with the requirements of this section.

(4) If a federal power marketing administration registers as an opt-in entity under this section, then beginning January 1st of the calendar year in which the federal power marketing administration would assume the compliance obligations associated with federally marketed electricity in the state, a covered or opt-in entity must not include in its covered emissions the emissions associated with federally marketed electricity in the state for which the federal power marketing administration has assumed the compliance obligation.

(5) After consulting with a federal power marketing administration, the department must determine the appropriate registration requirements for that federal power marketing administration.

(6) (a) An electric utility may voluntarily elect to transfer all or a designated number of the utility's allowances allocated at no cost to a federal power marketing administration registered as an opt-in entity under this section to be used for direct compliance. An electric utility wishing to transfer allowances allocated at no cost from the utility's holding account to a holding account of a federal power marketing administration to be used for direct compliance may submit a request to the department requesting the

transfer and providing the following information:

(i) The electric utility's holding account number;

(ii) The holding account number of the federal power marketing administration;

(iii) The number and vintage of no cost allowances to be transferred; and

(iv) The relationship between the electric utility and the federal power marketing administration.

(b) The department may transfer the allowances only if:

(i) The electric utility has an agreement to purchase electricity from the federal power marketing administration, or a power purchase agreement, including a custom product contract, with the federal power marketing administration; and

(ii) The transfer does not violate the federal power marketing administration's holding limit.

(7) (a) In addition to the manual transfer request process provided under subsection (6) of this section, the department must also provide for an optional process by which an electric utility may approve the automatic distribution of all or a designated number of the utility's allowances allocated at no cost directly into a holding account of a federal power marketing administration to be used for direct compliance, without first being distributed to the utility's holding account.

(b) An electric utility receiving an allocation of allowances at no cost must inform the department by September 1st of each year of the accounts into which the allocation or a portion of the allocation is to be automatically distributed under this subsection. If an electric utility fails to submit its distribution preference by September 1st, the department must automatically place all directly allocated allowances for the following calendar year into the electric utility's holding account. Nothing in this subsection (7) (b) precludes an electric utility from requesting a manual transfer of allowances under subsection (6) of this section after September 1st of each year.

**Sec. 12.** RCW 70A.15.2200 and 2022 c 181 s 9 are each amended to read as follows:

(1) The board of any activated authority or the department, may classify air contaminant sources, by ordinance, resolution, rule or regulation, which in its judgment may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which cause or contribute to air pollution, and may require registration or reporting or both for any such class or classes. Classifications made pursuant to this section may be for application to the area of jurisdiction of such authority, or the state as a whole or to any designated area within the jurisdiction, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

(2) Except as provided in subsection (3) of this section, any person operating or

responsible for the operation of air contaminant sources of any class for which the ordinances, resolutions, rules or regulations of the department or board of the authority, require registration or reporting shall register therewith and make reports containing information as may be required by such department or board concerning location, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information as is relevant to air pollution and available or reasonably capable of being assembled. In the case of emissions of greenhouse gases as defined in RCW 70A.45.010 the department shall adopt rules requiring reporting of those emissions. The department or board may require that such registration or reporting be accompanied by a fee, and may determine the amount of such fee for such class or classes: PROVIDED, That the amount of the fee shall only be to compensate for the costs of administering such registration or reporting program which shall be defined as initial registration and annual or other periodic reports from the source owner providing information directly related to air pollution registration, on-site inspections necessary to verify compliance with registration requirements, data storage and retrieval systems necessary for support of the registration program, emission inventory reports and emission reduction credits computed from information provided by sources pursuant to registration program requirements, staff review, including engineering or other reliable analysis for accuracy and currentness, of information provided by sources pursuant to registration program requirements, clerical and other office support provided in direct furtherance of the registration program, and administrative support provided in directly carrying out the registration program: PROVIDED FURTHER, That any such registration made with either the board or the department shall preclude a further registration and reporting with any other board or the department, except that emissions of greenhouse gases as defined in RCW 70A.45.010 must be reported as required under subsection (5) of this section.

All registration program and reporting fees collected by the department shall be deposited in the air pollution control account. All registration program fees collected by the local air authorities shall be deposited in their respective treasuries.

(3) If a registration or report has been filed for a grain warehouse or grain elevator as required under this section, registration, reporting, or a registration program fee shall not, after January 1, 1997, again be required under this section for the warehouse or elevator unless the capacity of the warehouse or elevator as listed as part of the license issued for the facility has been increased since the date the registration or reporting was last made. If the capacity of the warehouse or elevator listed as part of the license is increased, any registration or reporting required for the warehouse or elevator under this section must be made by the date the warehouse or elevator receives grain from the first

harvest season that occurs after the increase in its capacity is listed in the license.

This subsection does not apply to a grain warehouse or grain elevator if the warehouse or elevator handles more than 10,000,000 bushels of grain annually.

(4) For the purposes of subsection (3) of this section:

(a) A "grain warehouse" or "grain elevator" is an establishment classified in standard industrial classification (SIC) code 5153 for wholesale trade for which a license is required and includes, but is not limited to, such a licensed facility that also conducts cleaning operations for grain;

(b) A "license" is a license issued by the department of agriculture licensing a facility as a grain warehouse or grain elevator under chapter 22.09 RCW or a license issued by the federal government licensing a facility as a grain warehouse or grain elevator for purposes similar to those of licensure for the facility under chapter 22.09 RCW; and

(c) "Grain" means a grain or a pulse.

(5)(a) The department shall adopt rules requiring persons to report emissions of greenhouse gases as defined in RCW 70A.45.010 where those emissions from a single facility, or from ~~((electricity or))~~ fossil fuels sold in Washington by a single supplier or local distribution company, meet or exceed 10,000 metric tons of carbon dioxide equivalent annually. The department's rules may also require electric power entities to report emissions of greenhouse gases from all electricity that is purchased, sold, imported, exported, or exchanged in Washington. The rules adopted by the department must support implementation of the program created in RCW 70A.65.060. In addition, the rules must require that:

(i) Emissions of greenhouse gases resulting from the combustion of fossil fuels be reported separately from emissions of greenhouse gases resulting from the combustion of biomass; and

(ii) Each annual report must include emissions data for the preceding calendar year and must be submitted to the department by March 31st of the year in which the report is due, except for an electric power entity, which must submit its report by June 1st of the year in which the report is due.

(b)(i) The department may by rule include additional gases to the definition of "greenhouse gas" in RCW 70A.45.010 only if the gas has been designated as a greenhouse gas by the United States congress, by the United States environmental protection agency, or included in external greenhouse gas emission trading programs with which Washington has pursuant to RCW 70A.65.210. Prior to including additional gases to the definition of "greenhouse gas" in RCW 70A.45.010, the department shall notify the appropriate committees of the legislature.

(ii) The department may by rule exempt persons who are required to report greenhouse gas emissions to the United States environmental protection agency and who emit less than 10,000 metric tons carbon dioxide equivalent annually.

~~(iii) The department must establish greenhouse gas emission reporting methodologies for persons who are required to report under this section. The department's reporting methodologies must be designed to address the needs of ensuring accuracy of reported emissions and maintaining consistency over time, and may, to the extent practicable, be similar to reporting methodologies of jurisdictions with which Washington has entered into a linkage agreement.~~

~~(iv) The department must establish a methodology for persons who are not required to report under this section to voluntarily report their greenhouse gas emissions.~~

~~(c) ~~((i))~~ The department shall review and if necessary update its rules whenever:~~

~~(A) The United States environmental protection agency adopts final amendments to 40 C.F.R. Part 98 to ensure consistency with federal reporting requirements for emissions of greenhouse gases; or~~

~~(B) Needed to ensure consistency with emissions reporting requirements for jurisdictions with which Washington has entered a linkage agreement.~~

~~(ii) The department shall not amend its rules in a manner that conflicts with this section.~~

~~((d))~~ The department shall share any reporting information reported to it with the local air authority in which the person reporting under the rules adopted by the department operates.

~~((+e))~~ (d) The fee provisions in subsection (2) of this section apply to reporting of emissions of greenhouse gases. Persons required to report under (a) of this subsection who fail to report or pay the fee required in subsection (2) of this section are subject to enforcement penalties under this chapter. The department shall enforce the reporting rule requirements. When a person that holds a compliance obligation under RCW 70A.65.080 fails to submit an emissions data report or fails to obtain a positive emissions data verification statement in accordance with ~~((+g))~~ (f) (ii) of this subsection, the department may assign an emissions level for that person.

~~((+f))~~ (e) The energy facility site evaluation council shall, simultaneously with the department, adopt rules that impose greenhouse gas reporting requirements in site certifications on owners or operators of a facility permitted by the energy facility site evaluation council. The greenhouse gas reporting requirements imposed by the energy facility site evaluation council must be the same as the greenhouse gas reporting requirements imposed by the department. The department shall share any information reported to it from facilities permitted by the energy facility site evaluation council with the council, including notice of a facility that has failed to report as required. The energy facility site evaluation council shall contract with the department to monitor the reporting requirements adopted under this section.

~~((+g))~~ (f) (i) The department must establish by rule the methods of verifying the accuracy of emissions reports.

(ii) Verification requirements apply at a minimum to persons required to report under (a) of this subsection with emissions that equal or exceed 25,000 metric tons of carbon dioxide equivalent emissions, including carbon dioxide from biomass-derived fuels, or to persons who have a compliance obligation under RCW 70A.65.080 in any year of the current compliance period. The department may adopt rules to accept verification reports from another jurisdiction with a linkage agreement pursuant to RCW 70A.65.180 in cases where the department deems that the methods or procedures are substantively similar.

~~((+h))~~ (g) (i) The definitions in RCW 70A.45.010 apply throughout this subsection (5) unless the context clearly requires otherwise.

(ii) For the purpose of this subsection (5), the term "supplier" includes: (A) Suppliers that produce, import, or deliver, or any combination of producing, importing, or delivering, a quantity of fuel products in Washington that, if completely combusted, oxidized, or used in other processes, would result in the release of greenhouse gases in Washington equivalent to or higher than the threshold established under (a) of this subsection; and (B) suppliers of carbon dioxide that produce, import, or deliver a quantity of carbon dioxide in Washington that, if released, would result in emissions equivalent to or higher than the threshold established under (a) of this subsection.

(iii) For the purpose of this subsection (5), the term "person" includes: (A) An owner or operator of a facility; (B) a supplier; or (C) an electric power entity.

(iv) For the purpose of this subsection (5), the term "facility" includes facilities that directly emit greenhouse gases in Washington equivalent to the threshold established under (a) of this subsection with at least one source category listed in the United States environmental protection agency's mandatory greenhouse gas reporting regulation, 40 C.F.R. Part 98 Subparts C through II and RR through UU, as adopted on April 25, 2011.

(v) For the purpose of this subsection (5), the term "electric power entity" includes any of the following that supply electric power in Washington with associated emissions of greenhouse gases equal to or above the threshold established under (a) of this subsection: (A) Electricity importers and exporters; (B) retail providers, including multijurisdictional retail providers; and (C) first jurisdictional deliverers, as defined in RCW 70A.65.010, not otherwise included here.

NEW SECTION. Sec. 13. This act is not a conflicting measure dealing with the same subject as Initiative Measure No. 2117 within the meaning of Article II, section 1 of the state Constitution, but if a court of competent jurisdiction enters a final judgment that is no longer subject to appeal directing the secretary of state to place this act on the 2024 ballot as a conflicting measure to Initiative Measure No. 2117, this act is null and void and may not be placed on the 2024 ballot.

NEW SECTION. **Sec. 14.** This act takes effect January 1, 2025, only if Initiative Measure No. 2117 is not approved by a vote of the people in the 2024 general election. If Initiative Measure No. 2117 is approved by a vote of the people in the 2024 general election, this act is null and void."

(24) "Recreational vehicle" means a travel trailer, motor home, truck camper, or camping trailer that is primarily designed and used as temporary living quarters, is either self-propelled or mounted on or drawn by another vehicle, is transient, is not occupied as a primary residence, and is not immobilized or permanently affixed to a mobile home lot;

(25) "Resident nonprofit cooperative" means a nonprofit cooperative corporation formed by a group of manufactured/mobile home community residents for the purpose of acquiring the manufactured/mobile home community in which they reside and converting the manufactured/mobile home community to a mobile home park cooperative or manufactured housing cooperative;

(26) "Service member" means an active member of the United States armed forces, a member of a military reserve component, or a member of the national guard who is either stationed in or a resident of Washington state;

(27) "Tenant" means any person, except a transient, who rents a mobile home lot;

(28) "Transient" means a person who rents a mobile home lot for a period of less than one month for purposes other than as a primary residence.

**Sec. 2.** RCW 59.20.325 and 2023 c 40 s 8 are each amended to read as follows:

(1) An owner shall give written notice of an opportunity to compete to purchase indicating the owner's interest in selling the manufactured/mobile home community before the owner markets the manufactured/mobile home community for sale or includes the sale of the manufactured/mobile home community in a multiple listing, and when the owner receives an offer to purchase that the owner intends to consider unless that offer is received during the process under RCW 59.20.330.

(2) The owner shall give the notice in subsection (1) of this section by certified mail or personal delivery to:

(a) All tenants of the manufactured/mobile home community;

(b) A qualified tenant organization, if there is an existing qualified tenant organization within the manufactured/mobile home community;

(c) The department of commerce; and

(d) The Washington state housing finance commission.

(3) The notice required in subsection (1) of this section must include:

(a) The date that the notice was mailed by certified mail or personally delivered to all recipients set forth in subsection (2) of this section;

(b) A statement that the owner is considering selling the manufactured/mobile home community or the property on which it sits;

~~((+e))~~ (c) A statement that the tenants, through a qualified tenant organization representing a majority of the tenants in the community, based on home sites, or an eligible organization, have an opportunity to compete to purchase the manufactured/mobile home community;

~~((+e))~~ (d) A statement that in order to compete to purchase the manufactured/mobile home community, within 70 days after ((delivery)) the certified mailing or personal delivery date stated in accordance with (a) of this subsection of the notice of the owner's interest in selling the manufactured/mobile home community, the tenants must form or identify a single qualified tenant organization for the

purpose of purchasing the manufactured/mobile home community and notify the owner in writing of:

(i) The tenants' interest in competing to purchase the manufactured/mobile home community; and

(ii) The name and contact information of the representative or representatives of the qualified tenant organization with whom the owner may communicate about the purchase; and

~~((d))~~ (e) A statement that information about purchasing a manufactured/mobile home community is available from the department of commerce.

(4) The representative or representatives of the tenants committee will be able to request park operating expenses described in RCW 59.20.330 from the owner within a ~~((15-day))~~ 20-day information period following delivery of the qualified tenant organization's notice to the owner indicating interest in competing to purchase the manufactured/mobile home community.

(5) An eligible organization may also compete to purchase and is subject to the same time constraints and applicable conditions as a qualified tenant organization.

**Sec. 3.** RCW 59.20.330 and 2023 c 40 s 9 are each amended to read as follows:

(1) Within 70 days after ~~((delivery of))~~ the certified mailing or personal delivery date stated in the notice of the opportunity to compete to purchase the manufactured/mobile home community described in RCW 59.20.325, if the tenants choose to compete to purchase the manufactured/mobile home community in which the tenants reside, the tenants must notify the owner in writing of:

(a) The tenants' interest in competing to purchase the manufactured/mobile home community;

(b) Their formation or identification of a single qualified tenant organization made up of a majority of the tenants in the community, based on home sites, formed for the purpose of purchasing the manufactured/mobile home community; and

(c) The name and contact information of the representative or representatives of the qualified tenant organization with whom the owner may communicate about the purchase.

(2) The tenants may only have one qualified tenant organization for the purpose of purchasing the manufactured/mobile home community, but they may partner with a nonprofit or a housing authority to act with or for them subject to the same timelines, duties, and obligations that would apply to tenants and qualified tenant organizations under chapter 40, Laws of 2023.

(3) Within ~~((15))~~ 20 days following delivery of the notice in subsection (1) of this section from the tenants to the owner:

(a) The designated representative or representatives of the qualified tenant organization may make a written request to the owner for:

(i) The asking price for the manufactured/mobile home community, if any; ~~((and))~~ or

(ii) Financial information relating to the operating expenses of the manufactured/mobile home community in order to assist them in making an offer to purchase the park;

(b) The owner may make a written request to the designated representative or representatives of the qualified tenant organization for proof of intent to fund a sale;

(c) All written requests made pursuant to this subsection must be fulfilled within 21 days from receipt unless otherwise agreed by the qualified tenant organization and the owner;

(d) Unless waived by the provider, information provided pursuant to this subsection shall be kept confidential, and a list must be created of persons with whom the tenants may share information who will also keep provided information confidential, including any of the following persons that are either seeking to purchase the manufactured/mobile home community on behalf of the tenants or assisting the qualified tenant organization in evaluating or purchasing the manufactured/mobile home community:

(i) A nonprofit organization or a housing authority;

(ii) An attorney or other licensed professional or adviser; and

(iii) A financial institution.

(4) Within 21 days after delivery of the information described in subsection (3)(a) of this section, if the tenants choose to continue competing to purchase the manufactured/mobile home community, the tenants must:

(a) Form a resident nonprofit cooperative that is legally capable of purchasing real property or associate with a nonprofit corporation or housing authority that is legally capable of purchasing the manufactured/mobile home community in which the tenants reside; and

(b) Submit to the owner a written offer to purchase the manufactured/mobile home community, in the form of a proposed purchase and sale agreement, and either a copy of the articles of incorporation of the corporate entity or other evidence of the legal capacity of the formed or associated corporate entity, nonprofit corporation, or housing authority to purchase real property and the manufactured/mobile home community.

(5)(a) Within 10 days of receiving the tenants' purchase and sale agreement, the owner may accept the offer, reject the offer, or submit a counteroffer.

(b) If the parties reach agreement on the purchase, the purchase and sale agreement must specify the price, due diligence duties, schedules, timelines, conditions, and any extensions.

(c) If the offer is rejected, then the owner must provide a written explanation of why the offer is being rejected and what terms and conditions might be included in a subsequent offer for the landlord to potentially accept it, if any. The price, terms, and conditions of an acceptable offer stated in the response must be universal and applicable to all potential buyers and must not be specific to and prohibitive of a qualified tenant organization or eligible

organization making a successful offer to purchase the park.

(d) If the tenants do not: (i) Act as required within the time periods described in chapter 40, Laws of 2023; (ii) violate the confidentiality agreement described in this section; or (iii) reach agreement on a purchase with the owner, the owner is not obligated to take additional action under chapter 40, Laws of 2023 and may record an affidavit pursuant to RCW 59.20.345.

(6) An eligible organization acting on its own behalf is also subject to the same requirements and applicable conditions as those set out in this section.

**Sec. 4.** RCW 59.20.335 and 2023 c 40 s 10 are each amended to read as follows:

(1) During the process described in RCW 59.20.325 and 59.20.330, the parties shall act in good faith and in a commercially reasonable manner, which includes a duty for the tenants to notify the owner promptly if there is no intent to purchase the manufactured/mobile home community or the property on which it sits. The parties have an overall duty to act in good faith. With respect to negotiation, this overall duty of good faith requirement means that the owner must allow the tenants to develop an offer, must give their offer reasonable consideration, and to further competition, must inform ~~((the tenants if a higher))~~ any qualified tenant organization, eligible organizations, and competing potential buyers participating in negotiations upon receipt if a preferred offer is submitted. Furthermore, the owner may not deny residents the same access to the community and to information, such as operating expenses and rent rolls, that the landowner would give to a commercial buyer. With respect to financial information, all parties shall agree to keep this information confidential.

(2) Except as provided in RCW 59.20.340(1), before selling a manufactured/mobile home community to an entity that is not formed by or associated with the tenants, or to an eligible organization, the owner of the manufactured/mobile home community must give the notice required by RCW 59.20.325 and comply with the requirements of RCW 59.20.330.

(3) A minor error in providing the notice required by RCW 59.20.325 or in providing operating expenses information required by RCW 59.20.330 does not prevent the owner from selling the manufactured/mobile home community to an entity that is not formed by or associated with the tenants and does not cause the owner to be liable to the tenants for damages or a penalty.

(4) During the process described in RCW 59.20.325 and 59.20.330, the owner may seek, negotiate with, or enter into a contract subject to the rights of the tenants in chapter 40, Laws of 2023 with potential purchasers other than the tenants or an entity formed by or associated with the tenants or another eligible organization.

(5) If the owner does not comply with the requirements of chapter 40, Laws of 2023 in a substantial way that prevents the tenants or an eligible organization from competing

to purchase the manufactured/mobile home community, the tenants or eligible organization may:

(a) Obtain injunctive relief to prevent a sale or transfer to an entity that is not formed by or associated with the tenants; and

(b) Recover actual damages not to exceed twice the monthly rent from the owner for each tenant.

(6) If a party misuses or discloses, in a substantial way, confidential information in violation of RCW 59.20.330, that party may recover actual damages from the other party.

(7) The department of commerce shall prepare and make available information for tenants about purchasing a manufactured dwelling or manufactured/mobile home community.

**Sec. 5.** RCW 59.20.080 and 2023 c 40 s 5 are each amended to read as follows:

(1) A landlord shall not terminate or fail to renew a tenancy of a tenant or the occupancy of an occupant, of whatever duration except for one or more of the following reasons:

(a) In accordance with RCW 59.20.045(6), substantial violation, or repeated or periodic violations, of an enforceable rule of the mobile home park as established by the landlord at the inception of or during the tenancy or for violation of the tenant's duties as provided in RCW 59.20.140. The tenant shall be given written notice to cease the rule violation immediately. The notice shall state that failure to cease the violation of the rule or any subsequent violation of that or any other rule shall result in termination of the tenancy, and that the tenant shall vacate the premises within ~~((twenty))~~ 20 days: PROVIDED, That for a periodic violation the notice shall also specify that repetition of the same violation shall result in termination: PROVIDED FURTHER, That in the case of a violation of a "material change" in park rules with respect to pets, tenants with minor children living with them, or recreational facilities, the tenant shall be given written notice under this chapter of a six month period in which to comply or vacate;

(b) Nonpayment of rent or other charges specified in the rental agreement, upon 14 days written notice to pay rent and/or other charges or to vacate;

(c) Conviction of the tenant of a crime, commission of which threatens the health, safety, or welfare of the other mobile home park tenants. The tenant shall be given written notice of a 15-day period in which to vacate;

(d) Failure of the tenant to comply with local ordinances and state laws and regulations relating to mobile homes, manufactured homes, or park models or mobile home, manufactured homes, or park model living within a reasonable time after the tenant's receipt of notice of such noncompliance from the appropriate governmental agency;

(e) Change of land use of the mobile home park including, but not limited to, closure of the mobile home park or conversion to a

use other than for mobile homes, manufactured homes, or park models or conversion of the mobile home park to a mobile home park cooperative or mobile home park subdivision. The landlord shall give the tenants two years' notice, in the form of a closure notice meeting the requirements of RCW 59.21.030, in advance of the effective date of such change. The two-year closure notice requirement does not apply if:

(i) The mobile home park or manufactured housing community has been acquired for or is under imminent threat of condemnation;

(ii) The mobile home park or manufactured housing community is sold or transferred to a county in order to reduce conflicting residential uses near a military installation;

(iii) The mobile home park or manufactured housing community is sold to an eligible organization;

(iv) The landlord provides relocation assistance of at least \$15,000 for a multisection home or of at least \$10,000 for a single section home, establishes a simple, straightforward, and timely process for compensating the tenants for the loss of their homes and actually compensates the tenants for the loss of their homes, at the greater of 50 percent of their assessed market value in the tax year prior to the notice of closure being issued, or \$5,000, at any point during the closure notice period and prior to a change of use or sale of the property. At such time as the compensation is paid, the tenant shall be given written notice of at least 12 months in which to vacate that includes department of commerce contact information, as provided by the department of commerce, identifying financial and technical assistance programs available to support eligible tenant relocation activities, and the tenant shall continue to pay rent for as much time as he or she remains in the mobile home park or manufactured housing community. Nothing in this subsection (1)(e)(iv) prevents a tenant from relocating his or her home out of the mobile home park or manufactured housing community pursuant to chapter 59.21 RCW. In the event that a home remains in the mobile home park or manufactured housing community after a tenant vacates, the landlord shall be responsible for its demolition or disposal. A landlord is still eligible for demolition and disposal costs pursuant to RCW 59.21.021. Homeowners who receive payments or financial assistance from landlords as described in this subsection (1)(e)(iv) remain eligible to receive other state assistance for which they may be eligible including, but not limited to, relocation assistance funds pursuant to RCW 59.21.021; or

(v) The landlord provides relocation assistance of at least \$15,000 for a multisection home and of at least \$10,000 for a single section home at any point during the closure notice period and prior to a change of use or sale of the property. At such time as the assistance is paid, the tenant shall be given written notice of at least 18 months in which to vacate that includes department of commerce contact information, as provided by the department

of commerce, identifying financial and technical assistance programs available to support eligible tenant relocation activities, and the tenant shall continue to pay rent for as much time as he or she remains in the mobile home park or manufactured housing community. Nothing in this subsection (1)(e)(v) prevents a tenant from relocating his or her home out of the mobile home park or manufactured housing community pursuant to chapter 59.21 RCW. In the event that a home remains in the mobile home park or manufactured housing community after a tenant vacates, the landlord shall be responsible for its demolition or disposal. A landlord is still eligible for demolition and disposal costs pursuant to RCW 59.21.021. Homeowners who receive payments or financial assistance from landlords as described in this subsection (1)(e)(v) remain eligible to receive other state assistance for which they may be eligible including, but not limited to, relocation assistance funds pursuant to RCW 59.21.021;

(f) Engaging in "criminal activity." "Criminal activity" means a criminal act defined by statute or ordinance that threatens the health, safety, or welfare of the tenants. A park owner seeking to evict a tenant or occupant under this subsection need not produce evidence of a criminal conviction, even if the alleged misconduct constitutes a criminal offense. Notice from a law enforcement agency of criminal activity constitutes sufficient grounds, but not the only grounds, for an eviction under this subsection. Notification of the seizure of illegal drugs under RCW 59.20.155 is evidence of criminal activity and is grounds for an eviction under this subsection. The requirement that any tenant or occupant register as a sex offender under RCW 9A.44.130 is grounds for eviction of the sex offender under this subsection. If criminal activity is alleged to be a basis of termination, the park owner may proceed directly to an unlawful detainer action;

(g) The tenant's application for tenancy contained a material misstatement that induced the park owner to approve the tenant as a resident of the park, and the park owner discovers and acts upon the misstatement within one year of the time the resident began paying rent;

(h) If the landlord serves a tenant three 20-day notices, each of which was valid under (a) of this subsection at the time of service, within a 12-month period to comply or vacate for failure to comply with the material terms of the rental agreement or an enforceable park rule, other than failure to pay rent by the due date. The applicable 12-month period shall commence on the date of the first violation;

(i) Failure of the tenant to comply with obligations imposed upon tenants by applicable provisions of municipal, county, and state codes, statutes, ordinances, and regulations, including this chapter. The landlord shall give the tenant written notice to comply immediately. The notice must state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within 15 days;

(j) The tenant engages in disorderly or substantially annoying conduct upon the park premises that results in the destruction of the rights of others to the peaceful enjoyment and use of the premises. The landlord shall give the tenant written notice to comply immediately. The notice must state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within 15 days;

(k) The tenant creates a nuisance that materially affects the health, safety, and welfare of other park residents. The landlord shall give the tenant written notice to cease the conduct that constitutes a nuisance immediately. The notice must describe the nuisance and state (i) what the tenant must do to cease the nuisance and (ii) that failure to cease the conduct will result in termination of the tenancy and that the tenant shall vacate the premises in five days;

(l) Any other substantial just cause that materially affects the health, safety, and welfare of other park residents. The landlord shall give the tenant written notice to comply immediately. The notice must describe the harm caused by the tenant, describe what the tenant must do to comply and to discontinue the harm, and state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within 15 days; or

(m) Failure to pay rent by the due date provided for in the rental agreement three or more times in a 12-month period, commencing with the date of the first violation, after service of a 14-day notice to comply or vacate.

(2) Within five days of a notice of eviction as required by subsection (1)(a) of this section, the landlord and tenant shall submit any dispute to mediation. The parties may agree in writing to mediation by an independent third party or through industry mediation procedures. If the parties cannot agree, then mediation shall be through industry mediation procedures. A duty is imposed upon both parties to participate in the mediation process in good faith for a period of 10 days for an eviction under subsection (1)(a) of this section. It is a defense to an eviction under subsection (1)(a) of this section that a landlord did not participate in the mediation process in good faith.

(3) Except for a tenant evicted under subsection (1)(c) or (f) of this section, a tenant evicted from a mobile home park under this section shall be allowed 120 days within which to sell the tenant's mobile home, manufactured home, or park model in place within the mobile home park: PROVIDED, That the tenant remains current in the payment of rent incurred after eviction, and pays any past due rent, reasonable attorneys' fees and court costs at the time the rental agreement is assigned. The provisions of RCW 59.20.073 regarding transfer of rental agreements apply.

(4) Chapters 59.12 and 59.18 RCW govern the eviction of recreational vehicles, as defined in RCW 59.20.030, from mobile home parks. This chapter governs the eviction of mobile homes, manufactured homes, park

models, and recreational vehicles used as a primary residence from a mobile home park.

**Sec. 6.** RCW 59.21.030 and 2019 c 342 s 10 are each amended to read as follows:

(1) The closure notice required by RCW 59.20.080 before park closure or conversion of the park shall be given to the director or the director's designee and all tenants in writing, and conspicuously posted at all park entrances.

(2) The closure notice required under RCW 59.20.080 must be in substantially the following form:

Referred to Committee on Appropriations

February 21, 2024

**ESSB 6061** Prime Sponsor, Local Government, Land Use & Tribal Affairs: Concerning exemptions for housing development under the state environmental policy act. Reported by Committee on Local Government

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 43.21C.229 and 2023 c 368 s 1 are each amended to read as follows:

(1) The purpose of this section is to accommodate infill ~~((and housing development))~~ and thereby realize the goals and policies of comprehensive plans adopted according to chapter 36.70A RCW.

(2) A city or county planning under RCW 36.70A.040 is authorized by this section to establish categorical exemptions from the requirements of this chapter. An exemption may be adopted by a city or county under this subsection if it meets the following criteria:

(a) It categorically exempts government action related to development proposed to fill in an urban growth area, designated according to RCW 36.70A.110, where current density and intensity of use in the area is roughly equal to or lower than called for in the goals and policies of the applicable comprehensive plan and the development is either:

(i) Residential development;  
(ii) Mixed-use development; or  
(iii) Commercial development up to 65,000 square feet, excluding retail development;

(b) It does not exempt government action related to development that is inconsistent with the applicable comprehensive plan or would clearly exceed the density or intensity of use called for in the goals and policies of the applicable comprehensive plan;

(c) The local government considers the specific probable adverse environmental impacts of the proposed action and determines that these specific impacts are adequately addressed by the development regulations or other applicable requirements of the comprehensive plan, subarea plan element of the comprehensive plan, planned action ordinance, or other local, state, or federal rules or laws; and

(d)(i) The city or county's applicable comprehensive plan was previously subjected to environmental analysis through an environmental impact statement under the requirements of this chapter prior to adoption; or

(ii) The city or county has prepared an environmental impact statement that considers the proposed use or density and intensity of use in the area proposed for an exemption under this section.

(3) ~~((All project actions that propose to develop one or more residential housing units within the incorporated areas in an urban growth area designated pursuant to RCW 36.70A.110 or middle housing within the unincorporated areas in an urban growth area designated pursuant to RCW 36.70A.110, and that meet the criteria identified in (a) and (b) of this subsection, are categorically exempt from the requirements of this chapter. For purposes of this section, "middle housing" has the same meaning as in RCW 36.70A.030 as amended by chapter 332, Laws of 2023. Jurisdictions shall satisfy the following criteria prior to the adoption of the categorical exemption under this subsection (3):~~

~~((a) The city or county shall find that the proposed development is consistent with all development regulations implementing an applicable comprehensive plan adopted~~

~~according to chapter 36.70A RCW by the jurisdiction in which the development is proposed, with the exception of any development regulation that is inconsistent with applicable provisions of chapter 36.70A RCW; and~~

~~(b) The city or county has prepared environmental analysis that considers the proposed use or density and intensity of use in the area proposed for an exemption under this section and analyzes multimodal transportation impacts, including impacts to neighboring jurisdictions, transit facilities, and the state transportation system.~~

~~(i) Such environmental analysis shall include documentation that the requirements for environmental analysis, protection, and mitigation for impacts to elements of the environment have been adequately addressed for the development exempted. The requirements may be addressed in locally adopted comprehensive plans, subarea plans, adopted development regulations, other applicable local ordinances and regulations, or applicable state and federal regulations. The city or county must document its consultation with the department of transportation on impacts to state-owned transportation facilities including consideration of whether mitigation is necessary for impacts to transportation facilities.~~

~~(ii) Before finalizing the environmental analysis pursuant to (b)(i) of this subsection (3), the city or county shall provide a minimum of 60 days' notice to affected tribes, relevant state agencies, other jurisdictions that may be impacted, and the public. If a city or county identifies that mitigation measures are necessary to address specific probable adverse impacts, the city or county must address those impacts by requiring mitigation identified in the environmental analysis pursuant to this subsection (3)(b) through locally adopted comprehensive plans, subarea plans, development regulations, or other applicable local ordinances and regulations. Mitigation measures shall be detailed in an associated environmental determination.~~

~~(iii) The categorical exemption is effective 30 days following action by a city or county pursuant to (b)(ii) of this subsection (3).~~

~~(4) Until September 30, 2025, all project actions that propose to develop one or more residential housing or middle housing units within a city west of the crest of the Cascade mountains with a population of 700,000 or more are categorically exempt from the requirements of this chapter. After September 30, 2025, project actions that propose to develop one or more residential housing or middle housing units within the city may utilize the categorical exemption in subsection (3) of this section.~~

~~(5)) Any categorical exemption adopted by a city or county under this section applies even if it differs from the categorical exemptions adopted by rule of the department under RCW 43.21C.110(1)(a). Nothing in this section shall invalidate categorical exemptions or environmental review procedures adopted by a city or~~

county under a planned action pursuant to RCW 43.21C.440. However, any categorical exemption adopted by a city or county under this section shall be subject to the rules of the department adopted according to RCW 43.21C.110(1)(a) that provide exceptions to the use of categorical exemptions adopted by the department.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.21C RCW to read as follows:

(1) The purpose of this section is to accommodate housing development and thereby realize the goals and policies of comprehensive plans adopted according to chapter 36.70A RCW.

(2) All project actions that propose to develop one or more residential housing units within the incorporated areas in an urban growth area designated pursuant to RCW 36.70A.110 or middle housing within the unincorporated areas in an urban growth area designated pursuant to RCW 36.70A.110, and that meet the criteria identified in (a) through (c) of this subsection, are categorically exempt from the requirements of this chapter. Jurisdictions shall satisfy the following criteria prior to the adoption of this categorical exemption:

(a) The city or county has determined that the proposed development is consistent with all development regulations implementing an applicable comprehensive plan adopted according to chapter 36.70A RCW by the jurisdiction in which the development is proposed, with the exception of any development regulation that is inconsistent with applicable provisions of chapter 36.70A RCW;

(b) The city or county has determined the proposed development is capable of being connected to an established sewer system at the time of construction; and

(c) The city or county has prepared an environmental analysis that considers the proposed use or density and intensity of use in the jurisdiction's comprehensive plan under this section and an analysis of multimodal transportation impacts, including impacts to neighboring jurisdictions, transit facilities, and the state transportation system.

(i) Such an environmental analysis must include documentation that the requirements for environmental analysis, protection, and mitigation for impacts to elements of the environment have been adequately addressed for the development exempted. The requirements may be addressed in locally adopted comprehensive plans, subarea plans, adopted development regulations, other applicable local ordinances and regulations, or applicable state and federal regulations. The city or county must document its consultation with the department of transportation on impacts to state-owned transportation facilities, including consideration of whether mitigation is necessary for impacts to transportation facilities.

(ii) Before finalizing the environmental analysis pursuant to (c)(i) of this subsection, the city or county shall provide a minimum of 60 days' notice to affected

tribes, relevant state agencies including, but not limited to, the department of archaeology and historic preservation to review and provide comment on implications for cultural resources, other jurisdictions that may be impacted, and the public. If a city or county identifies that mitigation measures are necessary to address specific probable adverse impacts, the city or county must address those impacts by requiring mitigation identified in the environmental analysis pursuant to this subsection (2)(c) through locally adopted comprehensive plans, subarea plans, development regulations, or other applicable local ordinances and regulations. Mitigation measures must be detailed in an associated environmental determination.

(iii) The categorical exemption is effective 30 days following action by a city or county pursuant to (c)(ii) of this subsection.

(d) A city or county must take action to establish the categorical exemption within two years of the date for review and, if needed, revision of comprehensive plans and development regulations required in RCW 36.70A.130(5).

(3) Until September 30, 2025, all project actions that propose to develop one or more residential housing or middle housing units within a city west of the crest of the Cascade mountains with a population of 700,000 or more are categorically exempt from the requirements of this chapter. After September 30, 2025, project actions that propose to develop one or more residential housing or middle housing units within the city must utilize the categorical exemption in subsection (2) of this section.

(4) Any categorical exemption adopted by a city or county under this section applies even if it differs from the categorical exemptions adopted by rule of the department of ecology under RCW 43.21C.110(1)(a). Nothing in this section invalidates categorical exemptions or environmental review procedures adopted by a city or county under a planned action pursuant to RCW 43.21C.440. However, any categorical exemption under this section is subject to the rules of the department of ecology adopted according to RCW 43.21C.110(1)(a) that provide exceptions to the use of categorical exemptions adopted by the department of ecology.

(5) For purposes of this section, "middle housing" has the same meaning as defined in RCW 36.70A.030."

The private person or organization may only use the information or records solely for the purpose for which the information was disclosed and are bound by the same rules of privacy and confidentiality as the office and the governing board.

(6)(a) A decision under this chapter by the office, the department, the governing board, or the appeals tribunal may not be deemed private and confidential under this section, unless the decision is based on information obtained in a closed hearing.

(b) Information or records deemed private and confidential under this section must be available to parties to judicial or formal administrative proceedings only upon a written finding by the presiding officer that the need for the information or records in the proceeding outweighs any reasons for the privacy and confidentiality of the information on record.

(7)(a) All private persons, governmental agencies, and organizations authorized to receive information from the office or the governing board under this chapter have an affirmative duty to prevent unauthorized disclosure of confidential information and are prohibited from disclosing confidential information unless expressly permitted by this section.

(b) If misuse of an unauthorized disclosure of confidential records or information occurs, all parties who are aware of the violation must inform the office immediately and must take all reasonable available actions to rectify the disclosure to the office's standards.

(c) The misuse or unauthorized release of records or information deemed private and confidential under this chapter by any

private person, governmental agency, or organization will subject the person, governmental agency, or organization to a civil penalty up to \$20,000 in the first year of the program. Beginning the December of the second year of the program and each December thereafter, the office must adjust the maximum civil penalty amount by multiplying the current maximum civil penalty by one plus the percentage by which the most current consumer price index available on December 1st of the current year exceeds the consumer price index for the prior 12-month period, and rounding the result to the nearest \$1,000. If an adjustment under this subsection (7)(c) would reduce the maximum civil penalty, the office must not adjust the maximum civil penalty for use in the following year. Other applicable sanctions under state and federal law also apply.

(d) Suit to enforce this section must be brought by the attorney general and the amount of any penalties collected must be paid into the administrative account created in section 12 of this act. The attorney general may recover reasonable attorneys' fees for any action brought to enforce this section.

(8) This section does not contain a rule of evidence.

(4) The account may receive grants, gifts, or other moneys appropriated for administrative purposes from the state and the federal government.

(5) Any interest incurred by the account will be retained within the account.

(9) Approved plans must meet federal law or regulation for internal revenue service approved retirement plans.

(10) The approved plans must include the option for enrollees to roll pretax contributions into a different individual retirement account or another eligible retirement plan after ceasing participation in a plan approved by the Washington small business retirement marketplace.

The director shall limit plans to those with total fees the director considers reasonable based on all the facts and circumstances.

(12) Participation in the Washington small business retirement marketplace is voluntary for both eligible employers and qualified employees.

**ESSB 6110** Prime Sponsor, Human Services: Modernizing the child fatality statute. Reported by Committee on Human Services, Youth, & Early Learning

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 70.05.170 and 2010 c 128 s 1 are each amended to read as follows:

(1)(a) The legislature finds that the mortality rate in Washington state among infants and children less than ~~((eighteen))~~ 19 years of age is unacceptably high, and that such mortality may be preventable. The legislature further finds that, through the performance of child ~~((mortality))~~ fatality reviews, preventable causes of child mortality can be identified and addressed, thereby reducing the infant and child mortality in Washington state.

(b) It is the intent of the legislature to encourage the performance of child ~~((death))~~ fatality reviews by local health departments by providing necessary legal protections to the families of children

whose deaths are studied, local health department officials and employees, and health care professionals participating in child ~~((mortality))~~ fatality review committee activities.

(2) As used in this section, "child ~~((mortality))~~ fatality review" means a process authorized by a local health department as such department is defined in RCW 70.05.010 for examining factors that contribute to deaths of children ~~((less than eighteen))~~ up to 19 years of age. The process may include a systematic review of medical, clinical, and hospital records; home interviews of parents and caretakers of children who have died; analysis of individual case information; and review of this information by a team of professionals in order to identify modifiable medical, socioeconomic, public health, behavioral, administrative, educational, and environmental factors associated with each death.

(3) Local health departments are authorized to conduct child ~~((mortality))~~ fatality reviews. In conducting such reviews, the following provisions shall apply:

(a) All health care information collected as part of a child ~~((mortality))~~ fatality review is confidential, subject to the restrictions on disclosure provided for in chapter 70.02 RCW. When documents are collected as part of a child ~~((mortality))~~ fatality review, the records may be used solely by local health departments for the purposes of the review.

(b) ~~((No identifying information related to the deceased child, the child's guardians, or anyone interviewed as part of the child mortality review may be disclosed. Any such information shall be redacted from any records produced as part of the review.))~~ Local health departments and the department may retain identifiable information and geographic information on each case for the purposes of determining trends, performing analysis over time, and for quality improvement efforts. Information and records prepared, owned, used, or retained by the local health departments, their respective offices, or staff that reveals the identification and location of any person or persons being the subject of review shall not be made public in accordance with RCW 42.56.365.

(c) Any witness statements or documents collected from witnesses, or summaries or analyses of those statements or records prepared exclusively for purposes of a child ~~((mortality))~~ fatality review, are not subject to public disclosure, discovery, subpoena, or introduction into evidence in any administrative, civil, or criminal proceeding related to the death of a child reviewed. This provision does not restrict or limit the discovery or subpoena from a health care provider of records or documents maintained by such health care provider in the ordinary course of business, whether or not such records or documents may have been supplied to a local health department pursuant to this section. This provision shall not restrict or limit the discovery or subpoena of documents from such witnesses simply because a copy of a document was

collected as part of a child ~~((mortality))~~ fatality review.

(d) No local health department official or employee, and no members of technical committees established to perform case reviews of selected child deaths may be examined in any administrative, civil, or criminal proceeding as to the existence or contents of documents assembled, prepared, or maintained for purposes of a child ~~((mortality))~~ fatality review.

(e) This section shall not be construed to prohibit or restrict any person from reporting suspected child abuse or neglect under chapter 26.44 RCW, nor to limit access to or use of any records, documents, information, or testimony in any civil or criminal action arising out of any report made pursuant to chapter 26.44 RCW, nor to require disclosures in conflict with federal law.

~~((4))~~ (f) If the team identifies a current, reportable, and unresolved concern about child abuse or neglect, it may designate one member to make a report to the child abuse hotline. This subsection does not create a mandatory duty under RCW 26.44.030 for any review team or individual review team member.

(4) To aid in a child fatality review, the local health department may:

(a) Request and receive data for specific fatalities including, but not limited to, all medical records related to the child death, autopsy reports, medical examiner reports, coroner reports, and school, the criminal justice system, law enforcement, and social services records; and

(b) Request and receive data described in (a) of this subsection from health care providers, health care facilities, clinics, schools, the criminal justice system, law enforcement, laboratories, medical examiners, coroners, professions and facilities licensed by the department, local health departments, the health care authority and its licensees and providers, the department of social and health services and its licensees and providers, and the department of children, youth, and families and its licensees and providers.

(5) Upon request by the local health department, health care providers, health care facilities, clinics, schools, the criminal justice system, law enforcement, laboratories, medical examiners, coroners, professions and facilities licensed by the department of health, local health departments, the health care authority and its licensees and providers, the department of social and health services and its licensees and providers, and the department of children, youth, and families and its licensees and providers must provide all medical records related to the child, autopsy reports, medical examiner reports, coroner reports, social services records, and other data requested for specific child fatality reviews to the local health department. Data described in certifications and informational copies of birth and death records issued from the state vital records system shall be provided at no charge.

(6) The department shall assist local health departments to collect the reports of any child ~~((mortality))~~ fatality reviews

conducted by local health departments and assist with entering the reports into a database ~~((to the extent that the data is not protected under subsection (3) of this section. Notwithstanding subsection (3) of this section, the department shall respond to any requests for data from the database to the extent permitted for health care information under chapter 70.02 RCW)). All information submitted to the department and local health departments pursuant to this subsection is not subject to public disclosure, discovery, subpoena, or introduction into evidence in any administrative, civil, or criminal proceeding related to the death of a child reviewed.~~ In addition, the department shall provide technical assistance to local health departments and child death review coordinators conducting child ~~((mortality))~~ fatality reviews and encourage communication among child ~~((death))~~ fatality review teams. ~~((The department shall conduct these activities using only federal and private funding.~~

~~(5))~~ (7) This section does not prevent the department or a local health department from publishing statistical compilations and reports related to the child ~~((mortality))~~ fatality review. Any portions of such compilations and reports that identify individual cases and sources of information must be redacted. These reports may be used in the development and coordination of statewide child fatality prevention strategies and interventions."

Increasing access to human immunodeficiency virus postexposure prophylaxis drugs or therapies. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 70.41 RCW to read as follows:

(1) A hospital must adopt a policy and have procedures in place, that conform with the guidelines issued by the centers for disease control and prevention, for the dispensing of human immunodeficiency virus postexposure prophylaxis drugs or therapies.

(2) This policy must ensure that hospital staff dispense or deliver as defined in RCW 18.64.011 to a patient, with a patient's informed consent, a 28-day supply of human immunodeficiency virus postexposure prophylaxis drugs or therapies following the patient's possible exposure to human immunodeficiency virus, unless medically contraindicated, inconsistent with accepted standards of care, or inconsistent with centers for disease control and prevention guidelines. When available, hospitals shall dispense or deliver generic human immunodeficiency virus postexposure prophylaxis drugs or therapies.

(3) Nothing in this section shall be construed to alter the coverage for reimbursement of postexposure prophylaxis drugs through:

(a) The crime victims' compensation program, established in chapter 7.68 RCW, for drugs dispensed or delivered to sexual assault victims; or

(b) The industrial insurance act for drugs dispensed or delivered to a worker exposed to the human immunodeficiency virus through the course of employment.

**Sec. 2.** RCW 70.41.480 and 2022 c 25 s 1 are each amended to read as follows:

(1) The legislature finds that high quality, safe, and compassionate health care services for patients of Washington state must be available at all times. The legislature further finds that there is a need for patients being released from hospital emergency departments to maintain access to emergency medications when community or hospital pharmacy services are not available, including medication for opioid overdose reversal and for the treatment for opioid use disorder as appropriate. It is the intent of the legislature to accomplish this objective by allowing practitioners with prescriptive authority to prescribe limited amounts of prepackaged emergency medications to patients being discharged from hospital emergency departments when access to community or outpatient hospital pharmacy services is not otherwise available.

(2) A hospital may allow a practitioner to prescribe prepackaged emergency medications and allow a practitioner or a registered nurse licensed under chapter 18.79 RCW to distribute prepackaged emergency medications to patients being discharged from a hospital emergency department in the following circumstances:

(a) During times when community or outpatient hospital pharmacy services are not available within 15 miles by road; (~~or~~)

(b) When, in the judgment of the practitioner and consistent with hospital policies and procedures, a patient has no reasonable ability to reach the local community or outpatient pharmacy; or

(c) When a patient is identified as needing human immunodeficiency virus postexposure prophylaxis drugs or therapies.

(3) A hospital may only allow this practice if: The director of the hospital pharmacy, in collaboration with appropriate hospital medical staff, develops policies and procedures regarding the following:

(a) Development of a list, preapproved by the pharmacy director, of the types of emergency medications to be prepackaged and distributed;

(b) Assurances that emergency medications to be prepackaged pursuant to this section are prepared by a pharmacist or under the supervision of a pharmacist licensed under chapter 18.64 RCW;

(c) Development of specific criteria under which emergency prepackaged medications may be prescribed and distributed consistent with the limitations of this section;

(d) Assurances that any practitioner authorized to prescribe prepackaged emergency medication or any nurse authorized to distribute prepackaged emergency medication is trained on the types of medications available and the circumstances under which they may be distributed;

(e) Procedures to require practitioners intending to prescribe prepackaged emergency medications pursuant to this section to maintain a valid prescription either in writing or electronically in the patient's records prior to a medication being distributed to a patient;

(f) Establishment of a limit of no more than a 48 hour supply of emergency medication as the maximum to be dispensed to a patient, except when community or hospital pharmacy services will not be available within 48 hours (~~(. In no case may the policy allow a supply exceeding 96 hours be dispensed)), or when antibiotics or human immunodeficiency virus postexposure prophylaxis drugs or therapies are required;~~

(g) Assurances that prepackaged emergency medications will be kept in a secure location in or near the emergency department in such a manner as to preclude the necessity for entry into the pharmacy; and

(h) Assurances that nurses or practitioners will distribute prepackaged emergency medications to patients only after a practitioner has counseled the patient on the medication.

(4) The delivery of a single dose of medication for immediate administration to

the patient is not subject to the requirements of this section.

(5) Nothing in this section restricts the authority of a practitioner in a hospital emergency department to distribute opioid overdose reversal medication under RCW 69.41.095.

(6) A practitioner or a nurse in a hospital emergency department must dispense or distribute opioid overdose reversal medication in compliance with RCW 70.41.485.

(7) For purposes of this section:

(a) "Emergency medication" means any medication commonly prescribed to emergency department patients, including those drugs, substances or immediate precursors listed in schedules II through V of the uniform controlled substances act, chapter 69.50 RCW, as now or hereafter amended.

(b) "Distribute" means the delivery of a drug or device other than by administering or dispensing.

(c) "Opioid overdose reversal medication" has the same meaning as provided in RCW 69.41.095.

(d) "Practitioner" means any person duly authorized by law or rule in the state of Washington to prescribe drugs as defined in RCW 18.64.011(29).

(e) "Nurse" means a registered nurse or licensed practical nurse as defined in chapter 18.79 RCW.

**NEW SECTION. Sec. 3.** A new section is added to chapter 48.43 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, for nongrandfathered health plans issued or renewed on or after January 1, 2025, a health carrier may not impose cost sharing or require prior authorization for the drugs that comprise at least one regimen recommended by the centers for disease control and prevention for human immunodeficiency virus postexposure prophylaxis.

(2) For a health plan that is offered as a qualifying health plan for a health savings account, the health carrier must establish the plan's cost sharing for the coverage required by this section at the minimum level necessary to preserve the enrollee's ability to claim tax exempt contributions and withdrawals from the enrollee's health savings account under the internal revenue service laws and regulations.

(3) Notwithstanding the coverage requirements of this section, a health plan shall reimburse a hospital that bills for a 28-day supply of any human immunodeficiency virus postexposure prophylaxis drugs or therapies dispensed or delivered to a patient in the emergency department for take-home use, pursuant to section 1 of this act, as a separate reimbursable expense. This reimbursable expense is separate from any bundled payment for emergency department services.

**Sec. 3.** RCW 9.94A.533 and 2020 c 330 s 1 and 2020 c 141 s 1 are each reenacted and amended to read as follows:

(1) The provisions of this section apply to the standard sentence ranges determined by RCW 9.94A.510 or 9.94A.517.

(2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracy under chapter 9A.28 RCW, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by seventy-five percent.

(3) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the firearm enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a firearm enhancement. If the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any firearm enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(e) Notwithstanding any other provision of law, all firearm enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be:

(i) Granted an extraordinary medical placement when authorized under RCW 9.94A.728(1)(c); or

(ii) Released under the provisions of RCW 9.94A.730;

(4) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any deadly weapon enhancements based on the classification of the completed felony crime. If the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter

9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any deadly weapon enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(e) Notwithstanding any other provision of law, all deadly weapon enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. (f) The deadly weapon enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun or bump-fire stock, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun or bump-fire stock in a felony;

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a deadly weapon enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(5) The following additional times shall be added to the standard sentence range if the offender or an accomplice committed the offense while in a county jail or state correctional facility and the offender is being sentenced for one of the crimes listed in this subsection. If the offender or an

Notwithstanding any other provision of law, all impaired driving enhancements under this subsection are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other impaired driving enhancements, for all offenses sentenced under this chapter.

An offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(1)(c).

(8)(a) The following additional times shall be added to the standard sentence range for felony crimes committed on or after July 1, 2006, if the offense was committed with sexual motivation, as that term is defined in RCW 9.94A.030. If the offender is being sentenced for more than one offense, the sexual motivation enhancement must be added to the total period of total confinement for all offenses, regardless of which underlying offense is subject to a sexual motivation enhancement. If the offender committed the offense with sexual motivation and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(ii) Released under the provisions of RCW 9.94A.730;

(c) The sexual motivation enhancements in this subsection apply to all felony crimes;

(d) If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a sexual motivation enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced;

(e) The portion of the total confinement sentence which the offender must serve under this subsection shall be calculated before any earned early release time is credited to the offender;

(f) Nothing in this subsection prevents a sentencing court from imposing a sentence outside the standard sentence range pursuant to RCW 9.94A.535.

(9) An additional one-year enhancement shall be added to the standard sentence range for the felony crimes of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089 committed on or after July 22, 2007, if the offender engaged, agreed, or offered to engage the victim in the sexual conduct in return for a fee. If the offender is being sentenced for more than one offense, the one-year enhancement must be added to the total period of total confinement for all offenses, regardless of which underlying offense is subject to the enhancement. If the offender is being sentenced for an anticipatory offense for the felony crimes of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089, and the offender attempted, solicited another, or conspired to engage, agree, or offer to

engage the victim in the sexual conduct in return for a fee, an additional one-year enhancement shall be added to the standard sentence range determined under subsection (2) of this section. For purposes of this subsection, "sexual conduct" means sexual intercourse or sexual contact, both as defined in chapter 9A.44 RCW.

(10)(a) For a person age eighteen or older convicted of any criminal street gang-related felony offense for which the person compensated, threatened, or solicited a minor in order to involve the minor in the commission of the felony offense, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by one hundred twenty-five percent. If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence is the presumptive sentence unless the offender is a persistent offender.

(b) This subsection does not apply to any criminal street gang-related felony offense for which involving a minor in the commission of the felony offense is an element of the offense.

(c) The increased penalty specified in (a) of this subsection is unavailable in the event that the prosecution gives notice that it will seek an exceptional sentence based on an aggravating factor under RCW 9.94A.535.

(11) An additional twelve months and one day shall be added to the standard sentence range for a conviction of attempting to elude a police vehicle as defined by RCW 46.61.024, if the conviction included a finding by special allegation of endangering one or more persons under RCW 9.94A.834.

These enhancements shall be mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other minor child enhancements, for all offenses sentenced under this chapter. If the addition of a minor child enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement shall be mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions.

(14)(a) An additional (~~twelve~~) 12 months shall be added to the standard sentence

(b) An additional 12 months may be added to the standard sentence range for an offense that is also a violation of RCW 9.94A.832(2).

(15) Regardless of any provisions in this section, if a person is being sentenced in adult court for a crime committed under age eighteen, the court has full discretion to depart from mandatory sentencing enhancements and to take the particular circumstances surrounding the defendant's youth into account."

SSB 6146 Prime Sponsor, Law & Justice: Concerning tribal warrants. Reported by Committee on Community Safety, Justice, & Reentry

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** The legislature recognizes that the 29 federally recognized Indian tribes with territory inside the state of Washington have a shared interest with the state in public safety, and that continued and expanded cooperation with tribal justice systems will promote that interest. The legislature also recognizes that tribes have, for decades, agreed by treaty and through practice not to shelter or conceal those individuals who violate state law and to surrender them to the state for prosecution. In the interests of public safety and partnership, it is therefore the intent of the legislature to create uniform processes by which the state may consistently reciprocate with tribes the return of those individuals who violate tribal law and seek to avoid tribal justice systems by leaving tribal jurisdiction.

The legislature further recognizes it is a constitutional imperative that individuals alleged to have violated criminal laws are afforded the fullest protections of due process including, but not limited to: (1)

The right to effective assistance of counsel at least equal to that guaranteed by the United States Constitution; (2) the right of an indigent defendant to the assistance of a licensed defense attorney, at the expense of the tribal government; (3) the right to a criminal proceeding presided over by a judge who is licensed to practice law and has sufficient legal training; (4) the right to have access, prior to being charged, to the tribe's criminal laws, rules of evidence, and rules of criminal procedure; and (5) the right to a record of the criminal proceeding, including an audio or other recording of the trial proceeding. The legislature finds that numerous federally recognized tribes with territory inside the state have systems and processes recognized by the federal government as providing due process to defendants at least equal to those required by the United States Constitution. The legislature also finds that all defendants in tribal courts have the right to petition for a writ of habeas corpus.

The legislature additionally recognizes the importance of establishing clear statutory duties when directing peace officers of this state to effectuate new aspects of their work. It is the intent of the legislature that this act set forth procedures by which peace officers and correctional staff of this state must recognize and effectuate tribal arrest warrants.

Therefore, the legislature declares the purpose of this act is to expand cross jurisdictional cooperation so that fugitives from tribal courts cannot evade justice by remaining off reservation in Washington's counties and cities, while ensuring that defendants receive the fullest due process protections.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Noncertified tribe" means a federally recognized tribe located within the borders of the state of Washington that is requesting that a tribal fugitive be surrendered to the duly authorized agent of the tribe, but has not received approval to exercise jurisdiction under the tribal law and order act of 2010, section 234, codified at 25 U.S.C. Sec. 1302, and which has agreed by treaty or practice not to shelter or conceal offenders against the laws of the state of Washington but to deliver them up to state authorities for prosecution.

(2) "Certified tribe" means a federally recognized tribe located within the borders of the state of Washington that (a) may impose a term of imprisonment of greater than one year, or a fine greater than \$5,000, or both, pursuant to the tribal law and order act of 2010, section 234, codified at 25 U.S.C. Sec. 1302; and (b) has agreed not to shelter or conceal offenders against the laws of the state of Washington but to deliver them up to state authorities for prosecution.

(3) "Peace officer" has the same meaning as in RCW 10.93.020(4).

(4) "Place of detention" means a jail as defined in RCW 70.48.020, a correctional facility as defined in RCW 72.09.015, and any similar facility contracted by a city or county.

(5) "Tribal court judge" includes every judicial officer authorized alone or with others, to hold or preside over the criminal court of a certified tribe or noncertified tribe.

(6) "Tribal fugitive" or "fugitive" means any person who is subject to tribal court criminal jurisdiction, committed an alleged crime under the tribal code, and thereafter fled tribal jurisdiction, including by escaping or evading confinement, breaking the terms of their probation, bail, or parole, or absenting themselves from the jurisdiction of the tribal court.

(7) "Tribal police officer" has the same meaning as in RCW 10.92.010.

NEW SECTION. **Sec. 3.** A certified tribe must provide certification of section 2 (2)(a) and (b) of this act, signed by the tribe's judicial officer and chief legal counsel, to the office of the attorney general. The office of the attorney general shall receive the certification documentation indicating that the tribe meets the requirements of the tribal law and order act of 2010 section 234, codified at 25 U.S.C. Sec. 1302, and review the documentation to confirm that it is complete according to the information provided in the documentation. The office of the attorney general shall be immune from liability arising out of the performance of duties under this section, except their intentional or willful misconduct.

**I. PROCEDURE FOR TRIBAL WARRANTS OF NONCERTIFIED TRIBES**

NEW SECTION. **Sec. 4.** A place of detention shall provide notice to the tribal law enforcement within the jurisdiction of a noncertified tribe who issued an arrest warrant for a tribal fugitive as soon as practicable after learning that the tribal fugitive is a prisoner in the place of detention. The notice shall include the reason for the detention and the anticipated date of release, if known.

NEW SECTION. **Sec. 5.** The noncertified tribe whose court issued the warrant of arrest may demand the extradition of the tribal fugitive from a place of detention. The demand will be recognized if in writing, it alleges that the person is a tribal fugitive, the tribal court has jurisdiction, and is accompanied by either:

(1) A copy of the complaint, information, or other charging document supported by affidavit of the tribe having jurisdiction of the crime;

(2) A copy of an affidavit made before an authorized representative of the tribal court, together with a copy of any warrant which was issued thereupon; or

(3) A copy of a judgment of conviction or of a sentence imposed in execution thereof.

NEW SECTION. **Sec. 6.** If a criminal prosecution has been instituted against a tribal fugitive under the laws of this state or any political subdivision thereof and is still pending, extradition on a tribal court request under sections 4 through 10 of this act shall be placed on hold until the tribal fugitive's release from a place of detention, unless otherwise agreed upon in any given case.

NEW SECTION. **Sec. 7.** (1) The attorney general or prosecuting attorney shall submit all applicable documents specified in section 4 of this act to a superior court judge in this state along with a motion for an order of surrender. The motion for an order of surrender shall be served upon the person whose extradition is demanded.

(2) A person who is served with a motion for an order of surrender shall be taken before a superior court judge in this state the next judicial day. The judge shall inform the person of the demand made for the person's surrender and the underlying reason for the demand, and that the person has the right to demand and procure legal counsel.

(3) The person whose return is demanded may, in the presence of any superior court judge, sign a statement that the person consents to his or her return to the noncertified tribe. However, before such waiver may be executed, it shall be the duty of such judge to inform the person of his or her right to test the legality of the extradition request before an order of surrender may be issued.

(4) Any hearing to test the legality of the extradition request shall occur within three judicial days, excluding weekends and holidays, of the person receiving notice of the motion for an order of surrender. The hearing is limited to determining:

(a) Whether the person has been charged with or convicted of a crime by the noncertified tribe;

(b) Whether the person before the court is the person named in the request for extradition; and

(c) Whether the person is a fugitive.

(5) The guilt or innocence of the person as to the crime of which the person is charged may not be inquired into by a superior court judge except as it may be necessary to identify the person held as being the person charged with the crime.

(6) If the superior court judge determines that the requirements of subsection (4) of this section and section 4 of this act have been met, the judge shall issue an order of surrender to the noncertified tribe. If the noncertified tribe does not take custody of the person pursuant to the order of surrender on the date the person is scheduled to be released from the place of detention or within 48 hours of the entry of the order of surrender, whichever is later, the person may be released from custody with bail conditioned on the person's appearance before the court at a time specified for his or her surrender to the noncertified tribe or for the vacation of the order of surrender.

NEW SECTION. **Sec. 8.** Subject to the provisions of section 6 of this act, a place of detention shall deliver or make available a person in custody to the noncertified tribe without a judicial order of surrender provided that:

(1) Such person is alleged to have broken the terms of his or her probation, parole, bail, or any other release of the noncertified tribe; and

(2) The place of detention has received from the noncertified tribe an authenticated copy of a prior waiver of extradition signed by such person as a term of his or her probation, parole, bail, or any other release of the noncertified tribe and photographs or fingerprints or other evidence properly identifying the person as the person who signed the waiver.

NEW SECTION. **Sec. 9.** (1) A noncertified tribe that requests extradition pursuant to this act is responsible to arrange the transportation for the tribal fugitive from the place of detention to the tribal court or detention facility. The detention facility and noncertified tribe are encouraged to select the means of transport that best protects public safety after considering available resources. At the request of a noncertified tribe, a city, county, or the governor must engage in good faith efforts to negotiate an agreement to effectuate this subsection.

(2) A tribal court representative who is certified as a general authority Washington peace officer under chapter 10.92 RCW, or who is cross-deputized pursuant to chapter 10.93 RCW, may transport a tribal fugitive within the state of Washington pursuant to an order of surrender.

NEW SECTION. **Sec. 10.** (1) A peace officer may arrest a person subject to a tribal arrest warrant from a noncertified tribe when the warrant is presented by a tribal court representative or tribal law enforcement officer to the peace officer or a general authority Washington law enforcement agency as defined in RCW 10.93.020 or entered in the national crime information center interstate identification index. The arrested person must be brought to an appropriate place of detention and then to the nearest available superior court judge without unnecessary delay. The superior court judge shall issue an order continuing custody upon presentation of the tribal arrest warrant.

(2) The judge shall inform the person appearing under subsection (1) of this section of the name of the noncertified tribe that has subjected the person to an arrest warrant, the basis of the arrest warrant, the right to assistance of counsel, and the right to require a judicial hearing before transfer of custody to the applicable noncertified tribe.

(3) After being informed by the judge of the effect of a waiver, the arrested person may waive the right to require a judicial hearing and consent to return to the applicable noncertified tribe by executing a written waiver. If the waiver is executed, the judge shall issue an order to transfer

custody under subsection (5) of this section or, with consent of the applicable noncertified tribe, authorize the voluntary return of the person to that tribe.

(4) If a hearing is not waived under subsection (3) of this section, the court shall hold a hearing within three days, excluding weekends and holidays, after the initial appearance. The arrested person and the prosecuting attorney's office shall be informed of the time and place of the hearing. The court shall release the person upon conditions that will reasonably assure availability of the person for the hearing or direct a peace officer to maintain custody of the person until the time of the hearing. Following the hearing, the judge shall issue an order to transfer custody under subsection (5) of this section unless the arrested person established by clear and convincing evidence that the arrested person is not the person identified in the warrant. If the court does not order transfer of custody, the judge shall order the arrested person to be released.

(5) A judicial order to transfer custody issued under subsection (4) of this section shall be directed to a peace officer to take or retain custody of the person until a representative of the applicable noncertified tribe is available to take custody. If the noncertified tribe has not taken custody with three days, excluding weekends and holidays, the court may order the release of the person upon conditions that will assure the person's availability on a specified date with seven days. If the noncertified tribe has not taken custody within the time specified in the order, the person shall be released. Thereafter, an order to transfer custody may be entered only if a new arrest warrant is issued. The court may authorize the voluntary return of the person with the consent of the applicable noncertified tribe.

## II. PROCEDURE FOR TRIBAL WARRANTS OF CERTIFIED TRIBES

NEW SECTION. **Sec. 11.** (1) Any arrest warrant issued by the court of a certified tribe shall be accorded full faith and credit by the courts of the state of Washington and enforced by the court and peace officers of the state as if it were the arrest warrant of the state. A Washington state peace officer who arrests a person pursuant to the arrest warrant of a certified tribe, if no other grounds for detention exist under state law, shall, as soon as practical after detaining the person, and in accordance with standard practices, contact the tribal law enforcement agency that issued the warrant to establish the warrant's validity.

(2) A place of detention shall allow a certified tribe to place a detainee on an inmate based on a tribal warrant. Fees shall be established in amounts to recover expenses incurred by the department in processing permit applications and modifications, reviewing related plans and documents, monitoring, evaluating, conducting inspections, overseeing performance of delegated program elements, sampling or testing, and providing technical assistance and supporting overhead expenses that are directly related to these activities.

(2) The annual fee paid by a permittee for any permit issued under this chapter shall be determined by the number of residences or residential equivalents contributing to the permittee's biosolids management system. MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Many cities in Washington are actively planning for growth under the growth management act, chapter 36.70A RCW, and through tax incentives, the private market can assist Washington in meeting its housing goals;

(2) Many downtown centers lack available affordable housing, which results in long commutes that increase greenhouse gas emissions and by using existing buildings to create affordable housing units, units can be available more quickly and with a reduced impact on waste streams and the environment compared to newly constructed units;

(3) The construction industry provides living wage jobs for families across Washington;

(4) In the current economic climate, the creation of additional affordable housing units is essential to the economic health of our cities and our state;

(5) It is critical that Washington state promote its cities and its property owners that will provide affordable housing;

(6) Constructing new housing units can take years, and many existing buildings can be repurposed quickly to meet the state's workforce and affordable housing needs;

(7) Many existing buildings are located in downtown centers, near work and services where there is limited land available for new construction;

(8) In downtowns across the state, there is a high level of open commercial space, which will likely remain, due to changes in how businesses use office space following the COVID-19 pandemic;

(9) A meaningful, fair, and predictable economic incentive should be created to stimulate the redevelopment of underutilized commercial property in targeted urban areas through a limited sales and use tax deferral program as provided by this chapter; and

(10) This limited tax deferral will help the owners achieve the highest and best use of land and enable cities to more fully realize their planning goals.

NEW SECTION. Sec. 2. It is the purpose of this chapter to encourage the redevelopment of underutilized commercial property in targeted urban areas, thereby increasing affordable housing, employment

opportunities, and helping accomplish the other planning goals of Washington cities. The legislative authorities of cities to which this chapter applies may authorize a sales and use tax deferral for an investment project within the city if the legislative authority of the city finds that there are significant areas of underutilized commercial property and a lack of affordable housing in areas proximate to the land. If a conditional recipient maintains the property for qualifying purposes for at least 10 years, deferred sales and use taxes need not be repaid.

NEW SECTION. Sec. 3. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Affordable housing" means:

(a) Homeownership housing intended for owner occupancy to low-income households whose monthly housing costs, including utilities other than telephone, do not exceed 30 percent of the household's monthly income;

(b) "Rental housing" for low-income households whose monthly housing costs, including utilities other than telephone, do not exceed 30 percent of the household's monthly income.

(2) "Applicant" means an owner of commercial property.

(3) "City" means any city or town, including a code city.

(4) "Conditional recipient" means an owner of commercial property granted a conditional certificate of program approval under this chapter, which includes any successor owner of the property.

(5) "Eligible investment project" means an investment project that is located in a city and receiving a conditional certificate of program approval.

(6) "Governing authority" means the local legislative authority of a city having jurisdiction over the property for which a deferral may be granted under this chapter.

(7) "Household" means a single person, family, or unrelated persons living together.

(8) (a) "Initiation of construction" means the date that a building permit is issued under the building code adopted under RCW 19.27.031 for construction of the qualified building, if the underlying ownership of the building vests exclusively with the person receiving the economic benefit of the deferral.

(b) "Initiation of construction" does not include soil testing, site clearing and grading, site preparation, or any other related activities that are initiated before the issuance of a building permit for the construction of the foundation of the building.

(c) If the investment project is a phased project, "initiation of construction" applies separately to each phase.

(9) "Investment project" means an investment in multifamily housing, including labor, services, and materials incorporated in the planning, installation, and construction of the project. "Investment project" includes investment in related

facilities such as playgrounds and sidewalks as well as facilities used for business use for mixed-use development.

(10) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below 80 percent of the median family income adjusted for family size, for the county, city, or metropolitan statistical area, where the project is located, as reported by the United States department of housing and urban development.

(11) "Multifamily housing" means a building or a group of buildings having four or more dwelling units not designed or used as transient accommodations and not including hotels and motels. Multifamily units may result from rehabilitation or conversion of vacant, underutilized, or substandard buildings to multifamily housing.

(12) "Owner" means the property owner of record.

(13) "Underutilized commercial property" means an entire property, or portion thereof, currently used or intended to be used by a business for retailing or office-related or administrative activities. If the property is used partly for a qualifying use and partly for other purposes, the applicable tax deferral must be determined by apportionment of the costs of construction under rules adopted by the department. For the purposes of this subsection, "qualifying use" means used or intended to be used by a business for retailing or office-related or administrative activities.

NEW SECTION. **Sec. 4.** (1) For the purpose of creating a sales and use tax deferral program for conversion of a commercial building to provide affordable housing under this chapter, the governing authority must adopt a resolution of intention to create a sales and use tax deferral program as generally described in the resolution. The resolution must state the time and place of a hearing to be held by the governing authority to consider the creation of the tax deferral program and may include such other information pertaining to the creation of the deferral program as the governing authority determines to be appropriate to apprise the public of the action intended. However, the resolution must provide information pertaining to:

- (a) The application process;
- (b) The approval process;
- (c) The appeals process for applications denied approval; and
- (d) Additional requirements, conditions, and obligations that must be followed postapproval of an application.

(2) The governing authority must give notice of a hearing held under this chapter by publication of the notice once each week for two consecutive weeks, not less than seven days, nor more than 30 days before the date of the hearing in a paper having a general circulation in the city. The notice must state the time, date, place, and purpose of the hearing.

(3) Following the hearing or a continuance of the hearing, the governing

authority may authorize the creation of the program.

NEW SECTION. **Sec. 5.** An owner of underutilized commercial property seeking a sales and use tax deferral for conversion of a commercial building to provide affordable housing under this chapter on an investment project must complete the following procedures:

(1) The owner must apply to the city on forms adopted by the governing authority. The application must contain the following:

(a) Information setting forth the grounds supporting the requested deferral including information indicated on the application form or in the guidelines;

(b) A description of the investment project and site plan, and other information requested;

(c) A statement of the expected number of affordable housing units to be created;

(d) A statement that the applicant is aware of the potential tax liability involved if the investment project ceases to be used for eligible uses under this chapter;

(e) A statement that the applicant is aware that the investment project must be completed within three years from the date of approval of the application;

(f) A statement that the applicant is aware that the governing authority or the city official authorized by the governing authority may extend the deadline for completion of construction or rehabilitation for a period not to exceed 24 consecutive months; and

(g) A statement that the applicant would not have built in this location but for the availability of the tax deferral under this chapter;

(2) The applicant must verify the application by oath or affirmation; and

(3) The application must be accompanied by the application fee, if any, required under this chapter. The duly authorized administrative official or committee of the city may permit the applicant to revise an application before final action by the duly authorized administrative official or committee of the city.

NEW SECTION. **Sec. 6.** The duly authorized administrative official or committee of the city may approve the application and grant a conditional certificate of program approval if it finds that:

(1)(a) The investment project is set aside primarily for multifamily housing units and the applicant commits to renting or selling at least 10 percent of the units as affordable housing to low-income households. In a mixed use project, only the ground floor of a building may be used for commercial purposes with the remainder dedicated to multifamily housing units; and

(b) The applicant commits to any additional affordability and income eligibility conditions adopted by the local government under this chapter not otherwise inconsistent with this chapter;

(2) The investment project is, or will be, at the time of completion, in

conformance with all local plans and regulations that apply at the time the application is approved;

(3) The investment project will occur on land that constitutes, at the time of application, underutilized commercial property;

(4) The area where the investment project will occur is located within an area zoned for residential or mixed uses;

(5) The terms and conditions of the implementation of the development meets the requirements of this chapter and any requirements of the city that are not otherwise inconsistent with this chapter;

(6) The land where the investment project will occur was not acquired through a condemnation proceeding under Title 8 RCW; and

(7) All other requirements of this chapter have been satisfied as well as any other requirements of the city that are not otherwise inconsistent with this chapter.

NEW SECTION. **Sec. 7.** (1) The duly authorized administrative official or committee of the city must approve or deny an application filed under this chapter within 90 days after receipt of the application.

(2) If the application is approved, the city must issue the applicant a conditional certificate of program approval. The certificate must contain a statement by a duly authorized administrative official of the governing authority that the investment project as described in the application will comply with the required criteria of this chapter.

(3) If the application is denied by the city, the city must state in writing the reasons for denial and send the notice to the applicant at the applicant's last known address within 10 days of the denial.

(4) Upon denial by the city, an applicant may appeal the denial to the city's governing authority or a city official designated by the city to hear such appeals within 30 days after receipt of the denial. The appeal before the city's governing authority or designated city official must be based upon the record made before the city with the burden of proof on the applicant to show that there was no substantial evidence to support the city's decision. The decision of the city on the appeal is final.

NEW SECTION. **Sec. 8.** The governing authority may establish an application fee. This fee may not exceed an amount determined to be required to cover the cost to be incurred by the governing authority in administering the program under this chapter. The application fee must be paid at the time the application for program approval is filed.

NEW SECTION. **Sec. 9.** (1) Within 30 days of the issuance of a certificate of occupancy for an eligible investment project, the conditional recipient must file with the city the following:

(a) A description of the work that has been completed and a statement that the eligible investment project qualifies the property for a sales and use tax deferral under this chapter;

(b) A statement of the new affordable housing to be offered as a result of the conversion of underutilized commercial property to multifamily housing; and

(c) A statement that the work has been completed within three years of the issuance of the conditional certificate of program approval.

(2) Within 30 days after receipt of the statements required under subsection (1) of this section, the city must determine and notify the conditional recipient as to whether the work completed and the affordable housing to be offered are consistent with the application and the contract approved by the city, and the investment project continues to qualify for a tax deferral under this chapter. The conditional recipient must notify the department within 30 days from receiving the city's determination to report the project is operationally complete so the department can certify the project and determine the qualifying deferred taxes. The department must determine the amount of sales and use taxes qualifying for the deferral. If the department determines that purchases were not eligible for deferral it must assess interest, but not penalties, on the nonqualifying amounts.

(3) The city must notify the conditional recipient within 30 days that a tax deferral under this chapter is denied if the city determines that:

(a) The work was not completed within three years of the application date;

(b) The work was not constructed consistent with the application or other applicable requirements;

(c) The affordable housing units to be offered are not consistent with the application and criteria of this chapter; or

(d) The owner's property is otherwise not qualified for a sales and use tax deferral under this chapter.

(4) If the city finds that the work was not completed within the required time period due to circumstances beyond the control of the conditional recipient and that the conditional recipient has been acting and could reasonably be expected to act in good faith and with due diligence, the governing authority may extend the deadline for completion of the work for a period not to exceed 24 consecutive months, and must notify the department of the extension.

(5) The city's governing authority may enact an ordinance to provide a process for a conditional recipient to appeal a decision by the city that the conditional recipient is not entitled to a deferral of sales and use taxes. The conditional recipient may appeal a decision by the city to deny a deferral of sales and use taxes in superior court under RCW 34.05.510 through 34.05.598, if the appeal is filed within 30 days of notification by the city to the conditional recipient.

(6) A city denying a conditional recipient of a sales and use tax deferral

under subsection (3) of this section must notify the department and taxes deferred under this chapter are immediately due and payable, subject to any appeal by the conditional recipient. The department must assess interest at the rate provided for delinquent taxes, but not penalties, retroactively to the date of deferral. A debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient.

**NEW SECTION. Sec. 10.** (1) Thirty days after the anniversary of the date of issuance of the certificate of occupancy and each year thereafter for 10 years, the conditional recipient must file with a designated authorized representative of the city an annual report indicating the following:

(a) A statement of the affordable housing units constructed on the property as of the anniversary date;

(b) A certification by the conditional recipient that the property has not changed use;

(c) A description of changes or improvements constructed after issuance of the certificate of occupancy; and

(d) Any additional information requested by the city.

(2) The conditional recipient of a deferral of taxes under this chapter must file a complete annual tax performance report with the department pursuant to RCW 82.32.534 beginning the year the certificate of occupancy is issued and each year thereafter for 10 years.

(3) A city that issues a certificate of program approval under this chapter must report annually by December 31st of each year, beginning in 2025, to the department of commerce. The report must include the following information:

(a) The number of program approval certificates granted;

(b) The total number and type of buildings converted;

(c) The number of affordable housing units resulting from the conversion of underutilized commercial property to multifamily housing; and

(d) The estimated value of the sales and use tax deferral for each investment project receiving a program approval and the total estimated value of sales and use tax deferrals granted.

**NEW SECTION. Sec. 11.** (1) A conditional recipient must submit an application to the department before initiation of the construction of the investment project. In the case of an investment project involving multiple qualified buildings, applications must be made for, and before the initiation of construction of, each qualified building. The application must be made to the department in a form and manner prescribed by the department. The application must include a copy of the conditional certificate of program approval issued by the city, estimated construction costs, time schedules for completion and operation, and any other information required by the

department. The department must rule on the application within 60 days.

(2) The department must provide information to the conditional recipient regarding documentation that must be retained by the conditional recipient in order to substantiate the amount of sales and use tax actually deferred under this chapter.

(3) The department may not accept applications for the deferral under this chapter after June 30, 2034.

(4) The application must include a waiver by the conditional recipient of the four-year limitation under RCW 82.32.100.

(5) This section expires July 1, 2034.

**NEW SECTION. Sec. 12.** (1) After receiving the conditional certificate of program approval issued by the city and approval of an application by the department as provided in section 11(1) of this act, the department must issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, 82.14, and 81.104 RCW on each eligible investment project.

(2) The department must keep a running total of all estimated sales and use tax deferrals provided under this chapter during each fiscal biennium.

(3) The deferral certificate is valid during active construction of a qualified investment project and expires on the day the city issues a certificate of occupancy for the investment project for which a deferral certificate was issued.

(4) This section expires July 1, 2034.

**NEW SECTION. Sec. 13.** (1) If a conditional recipient voluntarily opts to discontinue compliance with the requirements of this chapter, the recipient must notify the city and department within 60 days of the change in use or intended discontinuance.

(2) If, after the department has issued a sales and use tax deferral certificate and the conditional recipient has received a certificate of occupancy, the city finds that a portion of an investment project is changed or will be changed to disqualify the recipient for sales and use tax deferral eligibility under this chapter, the city must notify the department and all deferred sales and use taxes are immediately due and payable. The department must assess interest at the rate provided for delinquent taxes, but not penalties, retroactively to the date of deferral. A debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient.

(3) This section does not apply after 10 years from the date of the certificate of occupancy.

**NEW SECTION. Sec. 14.** (1) Transfer of investment project ownership does not terminate the deferral. The deferral is transferred subject to the successor meeting the eligibility requirements of this chapter.

(2) The transferor of an eligible project must notify the city and the department of

such transfer. The city must certify to the department that the successor meets the requirements of the deferral. The transferor must provide the information necessary for the department to transfer the deferral. If the transferor fails to notify the city and the department, all deferred sales and use taxes are immediately due and payable. The department must assess interest at the rate provided for delinquent taxes, but not penalties, retroactively to the date of deferral.

NEW SECTION. **Sec. 15.** (1) This section is the tax preference performance statement for the tax preference contained in chapter . . . , Laws of 2024 (this act). This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or to be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes this tax preference as one intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(3) It is the legislature's specific public policy objective to expand affordable housing options for low-income households, specifically in urban areas where there is underutilized commercial property.

(4)(a) To measure the effectiveness of the tax preference in this act, the joint legislative audit and review committee must evaluate the number of increased housing units on underutilized commercial property. If a review finds that the number of affordable housing units has not increased, then the legislature intends to repeal this tax preference.

(b) The review must be provided to the fiscal committees of the legislature by December 31, 2032.

(5) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee may refer to any available data source, including data collected by the department under section 10 of this act.

NEW SECTION. **Sec. 16.** An owner of underutilized commercial property claiming a sales and use tax deferral under this chapter may also apply for the multiple-unit housing property tax exemption program under chapter 84.14 RCW. For applicants receiving the property tax exemption under chapter 84.14 RCW, the amount of affordable housing units required for eligibility under this chapter is in addition to the affordability conditions in chapter 84.14 RCW.

**Sec. 17.** RCW 84.14.010 and 2021 c 187 s 2 are each amended to read as follows:

2SSB 6228 Prime Sponsor, Ways & Means: Concerning treatment of substance use disorders. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that ensuring that individuals with substance use disorders can enter into and complete residential addiction treatment is an important public policy objective. Substance use disorder providers forcing patients to leave treatment prematurely and insurance

authorization barriers both present impediments to realizing this goal.

(2) The legislature further finds that patients with substance use disorders should be provided information regarding and access to the full panoply of treatment options for their condition, as would be the case with any other life-threatening disease. Pharmacotherapies are incredibly effective and severely underutilized tools in the treatment of opioid use disorder and alcohol use disorder. The federal food and drug administration has approved three medications for the treatment of opioid use disorder and three medications for the treatment of alcohol use disorder. Only 37 percent of individuals with opioid use disorder and nine percent of individuals with alcohol use disorder receive medication to treat their condition.

(3) Therefore, it is the intent of the legislature to reduce forced patient discharges from residential addiction treatment, to remove arbitrary insurance authorization barriers to residential addiction treatment, and to ensure that patients with opioid use disorder and alcohol use disorder receive access to care that is consistent with clinical best practices.

NEW SECTION. **Sec. 2.** A new section is added to chapter 71.24 RCW to read as follows:

(1)(a) By October 1, 2024, each licensed or certified behavioral health agency providing voluntary inpatient or residential substance use disorder treatment services or withdrawal management services shall submit to the department any policies that the agency maintains regarding the transfer or discharge of a person without the person's consent from a facility providing those services. The policies that agencies must submit include any policies related to situations in which the agency transfers or discharges a person without the person's consent, therapeutic progressive disciplinary processes that the agency maintains, and procedures to assure safe transfers and discharges when a patient is discharged without the patient's consent. Behavioral health agencies that do not maintain such policies must provide an attestation to this effect.

(b) By April 1, 2025, the department shall adopt a model policy for licensed or certified behavioral health agencies providing voluntary inpatient or residential substance use disorder treatment services or withdrawal management services to consider when adopting policies related to the transfer or discharge of a person without the person's consent from a facility providing those services. In developing the model policy, the department shall consider the policies submitted by agencies under (a) of this subsection and establish factors to be used in making a decision to transfer or discharge a person without the person's consent. Factors may include, but are not limited to, the person's medical condition, the clinical determination that the person no longer requires treatment or withdrawal management services at the facility, the

risk of physical injury presented by the person to the person's self or to other persons at the facility, the extent to which the person's behavior risks the recovery goals of other persons at the facility, and the extent to which the agency has applied a therapeutic progressive disciplinary process. The model policy must include provisions addressing the use of an appropriate therapeutic progressive disciplinary process and procedures to assure safe transfers and discharges of a patient who is discharged without the patient's consent.

(2)(a) Beginning July 1, 2025, every licensed or certified behavioral health agency providing voluntary inpatient or residential substance use disorder treatment services or withdrawal management services shall submit a report to the department for each instance in which a person receiving services either: (i) Was transferred or discharged from the facility by the agency without the person's consent; or (ii) released the person's self from the facility prior to a clinical determination that the person had completed treatment.

(b) The department shall adopt rules to implement the reporting requirement under (a) of this subsection, using a standard form. The rules must require that the agency provide a description of the circumstances related to the person's departure from the facility, including whether the departure was voluntary or involuntary, the extent to which a therapeutic progressive disciplinary process was applied, the patient's self-reported understanding of the reasons for discharge, efforts that were made to avert the discharge, and efforts that were made to establish a safe discharge plan prior to the patient leaving the facility.

(3) Patient health care information contained in reports submitted under subsection (2) of this section is exempt from disclosure under RCW 42.56.360.

(4) This section does not apply to hospitals licensed under chapter 70.41 RCW and psychiatric hospitals licensed under chapter 71.12 RCW.

NEW SECTION. **Sec. 3.** A new section is added to chapter 28B.20 RCW to read as follows:

The additions, drug, and alcohol institute at the University of Washington shall create a patient shared decision-making tool to assist behavioral health and medical providers when discussing medication treatment options for patients with alcohol use disorder. The institute shall distribute the tool to behavioral health and medical providers and instruct them on ways to incorporate the use of the tool into their practices. The institute shall conduct regular evaluations of the tool and update the tool as necessary.

**Sec. 4.** RCW 71.24.037 and 2023 c 454 s 2 are each amended to read as follows:

(1) The secretary shall license or certify any agency or facility that: (a) Submits payment of the fee established under RCW 43.70.110 and 43.70.250; (b) submits a complete application that demonstrates the

ability to comply with requirements for operating and maintaining an agency or facility in statute or rule; and (c) successfully completes the prelicensure inspection requirement.

(2) The secretary shall establish by rule minimum standards for licensed or certified behavioral health agencies that must, at a minimum, establish: (a) Qualifications for staff providing services directly to persons with mental disorders, substance use disorders, or both; (b) the intended result of each service; and (c) the rights and responsibilities of persons receiving behavioral health services pursuant to this chapter and chapter 71.05 RCW. The secretary shall provide for deeming of licensed or certified behavioral health agencies as meeting state minimum standards as a result of accreditation by a recognized behavioral health accrediting body recognized and having a current agreement with the department.

(3) The department shall review reports or other information alleging a failure to comply with this chapter or the standards and rules adopted under this chapter and may initiate investigations and enforcement actions based on those reports.

(4) The department shall conduct inspections of agencies and facilities, including reviews of records and documents required to be maintained under this chapter or rules adopted under this chapter.

(5) The department may suspend, revoke, limit, restrict, or modify an approval, or refuse to grant approval, for failure to meet the provisions of this chapter, or the standards adopted under this chapter. RCW 43.70.115 governs notice of a license or certification denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(6) No licensed or certified behavioral health agency may advertise or represent itself as a licensed or certified behavioral health agency if approval has not been granted or has been denied, suspended, revoked, or canceled.

(7) Licensure or certification as a behavioral health agency is effective for one calendar year from the date of issuance of the license or certification. The license or certification must specify the types of services provided by the behavioral health agency that meet the standards adopted under this chapter. Renewal of a license or certification must be made in accordance with this section for initial approval and in accordance with the standards set forth in rules adopted by the secretary.

(8) Licensure or certification as a licensed or certified behavioral health agency must specify the types of services provided that meet the standards adopted under this chapter. Renewal of a license or certification must be made in accordance with this section for initial approval and in accordance with the standards set forth in rules adopted by the secretary.

(9) The department shall develop a process by which a provider may obtain dual licensure as an evaluation and treatment facility and secure withdrawal management and stabilization facility.

(10) Licensed or certified behavioral health agencies may not provide types of services for which the licensed or certified behavioral health agency has not been certified. Licensed or certified behavioral health agencies may provide services for which approval has been sought and is pending, if approval for the services has not been previously revoked or denied.

(11) The department periodically shall inspect licensed or certified behavioral health agencies at reasonable times and in a reasonable manner.

(12) Upon petition of the department and after a hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the department authorizing him or her to enter and inspect at reasonable times, and examine the books and accounts of, any licensed or certified behavioral health agency refusing to consent to inspection or examination by the department or which the department has reasonable cause to believe is operating in violation of this chapter.

(13) The department shall maintain and periodically publish a current list of licensed or certified behavioral health agencies.

(14) Each licensed or certified behavioral health agency shall file with the department or the authority upon request, data, statistics, schedules, and information the department or the authority reasonably requires. A licensed or certified behavioral health agency that without good cause fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent returns thereof, may have its license or certification revoked or suspended.

(15) The authority shall use the data provided in subsection (14) of this section to evaluate each program that admits children to inpatient substance use disorder treatment upon application of their parents. The evaluation must be done at least once every twelve months. In addition, the authority shall randomly select and review the information on individual children who are admitted on application of the child's parent for the purpose of determining whether the child was appropriately placed into substance use disorder treatment based on an objective evaluation of the child's condition and the outcome of the child's treatment.

(16) Any settlement agreement entered into between the department and licensed or certified behavioral health agencies to resolve administrative complaints, license or certification violations, license or certification suspensions, or license or certification revocations may not reduce the number of violations reported by the department unless the department concludes, based on evidence gathered by inspectors, that the licensed or certified behavioral health agency did not commit one or more of the violations.

(17) In cases in which a behavioral health agency that is in violation of licensing or certification standards attempts to transfer or sell the behavioral health agency to a family member, the transfer or sale may only be made for the

purpose of remedying license or certification violations and achieving full compliance with the terms of the license or certification. Transfers or sales to family members are prohibited in cases in which the purpose of the transfer or sale is to avoid liability or reset the number of license or certification violations found before the transfer or sale. If the department finds that the owner intends to transfer or sell, or has completed the transfer or sale of, ownership of the behavioral health agency to a family member solely for the purpose of resetting the number of violations found before the transfer or sale, the department may not renew the behavioral health agency's license or certification or issue a new license or certification to the behavioral health service provider.

(18) Every licensed or certified outpatient behavioral health agency shall display the 988 crisis hotline number in common areas of the premises and include the number as a calling option on any phone message for persons calling the agency after business hours.

(19) Every licensed or certified inpatient or residential behavioral health agency must include the 988 crisis hotline number in the discharge summary provided to individuals being discharged from inpatient or residential services.

(20)(a) Licensed or certified behavioral health agencies providing voluntary inpatient or residential substance use disorder treatment services or withdrawal management services:

(i) Must comply with the policy submission and mandatory reporting requirements established in section 2 of this act; and

(ii) May not prohibit a person from receiving services at or being admitted to the agency based solely on prior instances of the person releasing the person's self from the facility prior to a clinical determination that the person had completed treatment.

(b) This subsection (20) does not apply to hospitals licensed under chapter 70.41 RCW and psychiatric hospitals licensed under chapter 71.12 RCW.

(21)(a) A licensed or certified behavioral health agency shall provide each patient seeking treatment for opioid use disorder or alcohol use disorder, whether receiving inpatient or outpatient treatment, with education related to pharmacological treatment options specific to the patient's diagnosed condition. The education must include an unbiased explanation of all recognized forms of treatment approved by the federal food and drug administration, as required under RCW 7.70.050 and 7.70.060, that are clinically appropriate for the patient. Providers may use the patient shared decision-making tools for opioid use disorder and alcohol use disorder developed by the addictions, drug, and alcohol institute at the University of Washington. If the patient elects a clinically appropriate pharmacological treatment option, the behavioral health agency shall support the patient with the implementation of the pharmacological treatment either by direct provision of the medication or by a

warm handoff referral, if the treating provider is unable to directly provide the medication.

(b) Unless it meets the requirements of (a) of this subsection, a behavioral health agency may not:

(i) Advertise that it treats opioid use disorder or alcohol use disorder; or

(ii) Treat patients for opioid use disorder or alcohol use disorder, regardless of the form of treatment that the patient chooses.

(c)(i) Failure to meet the education requirements of (a) of this subsection may be an element of proof in demonstrating a breach of the duty to secure an informed consent under RCW 7.70.050.

(ii) Failure to meet the education and facilitation requirements of (a) of this subsection may be the basis of a disciplinary action under this section.

**NEW SECTION. Sec. 5.** A new section is added to chapter 18.57 RCW to read as follows:

An osteopathic physician and surgeon licensed under this chapter shall provide each patient seeking treatment for opioid use disorder or alcohol use disorder with education related to pharmacological treatment options specific to the patient's diagnosed condition. The education must include an unbiased explanation of all recognized forms of treatment approved by the federal food and drug administration, as required under RCW 7.70.050 and 7.70.060, that are clinically appropriate for the patient. An osteopathic physician and surgeon may use the patient shared decision-making tools for opioid use disorder and alcohol use disorder developed by the University of Washington addictions, drug, and alcohol institute. If the patient elects a clinically appropriate pharmacological treatment option, the osteopathic physician and surgeon shall support the patient with the implementation of the pharmacological treatment, either by direct provision of the medication or by a warm handoff referral, if the osteopathic physician and surgeon is unable to directly provide the medication.

**NEW SECTION. Sec. 6.** A new section is added to chapter 18.71 RCW to read as follows:

The education must include an unbiased explanation of all recognized forms of treatment approved by the federal food and drug administration, as required under RCW 7.70.050 and 7.70.060, that are clinically appropriate for the patient. A physician may use the patient shared decision-making tools for opioid use disorder and alcohol use disorder developed by the University of Washington addictions, drug, and alcohol institute. If the patient elects a clinically appropriate pharmacological treatment option, the physician shall support the patient with the implementation

of the pharmacological treatment, either by direct provision of the medication or by a warm handoff referral, if the physician is unable to directly provide the medication.

**NEW SECTION. Sec. 7.** A new section is added to chapter 18.71A RCW to read as follows:

The education must include an unbiased explanation of all recognized forms of treatment approved by the federal food and drug administration, as required under RCW 7.70.050 and 7.70.060, that are clinically appropriate for the patient. A physician assistant may use the patient shared decision-making tools for opioid use disorder and alcohol use disorder developed by the University of Washington addictions, drug, and alcohol institute. If the patient elects a clinically appropriate pharmacological treatment option, the physician assistant shall support the patient with the implementation of the pharmacological treatment, either by direct provision of the medication or by a warm handoff referral, if the physician assistant is unable to directly provide the medication.

**NEW SECTION. Sec. 8.** A new section is added to chapter 18.79 RCW to read as follows:

An advanced registered nurse practitioner licensed under this chapter shall provide each patient seeking treatment for opioid use disorder or alcohol use disorder with education related to pharmacological treatment options specific to the patient's diagnosed condition. The education must include an unbiased explanation of all recognized forms of treatment approved by the federal food and drug administration, as required under RCW 7.70.050 and 7.70.060, that are clinically appropriate for the patient. An advanced registered nurse practitioner may use the patient shared decision-making tools for opioid use disorder and alcohol use disorder developed by the University of Washington addictions, drug, and alcohol institute. If the patient elects a clinically appropriate pharmacological treatment option, the advanced registered nurse practitioner shall support the patient with the implementation of the pharmacological treatment, either by direct provision of the medication or by a warm handoff referral, if the advanced registered nurse practitioner is unable to directly provide the medication.

**NEW SECTION. Sec. 9.** A new section is added to chapter 70.41 RCW to read as follows:

A hospital licensed under this chapter shall provide each patient seeking treatment for opioid use disorder or alcohol use disorder with education related to pharmacological treatment options specific

to the patient's diagnosed condition. The education must include an unbiased explanation of all recognized forms of treatment approved by the federal food and drug administration, as required under RCW 7.70.050 and 7.70.060, that are clinically appropriate for the patient. A hospital may use the patient shared decision-making tools for opioid use disorder and alcohol use disorder developed by the University of Washington addictions, drug, and alcohol institute. If the patient elects a clinically appropriate pharmacological treatment option, the hospital shall support the patient with the implementation of the pharmacological treatment, either by direct provision of the medication or by a warm handoff referral, if the hospital is unable to directly provide the medication.

**NEW SECTION. Sec. 10.** A new section is added to chapter 71.24 RCW to read as follows:

(1) If a behavioral health provider or licensed or certified behavioral health agency that provides withdrawal management services to a patient seeks to discontinue usage or reduce dosage amounts of a medication, including a psychotropic medication, that the patient has been using in accordance with the directions of a prescribing health care provider, the withdrawal management provider shall engage in individualized, patient-centered, shared decision making, using nonjudgmental and compassionate communication and, with the consent of the patient, make a good faith effort to consult the prescribing health care provider. A withdrawal management provider may not, by philosophy or practice, categorically require all patients to discontinue all psychotropic medications, including benzodiazepines and medications for attention deficit hyperactivity disorder.

(2) This section does not apply to hospitals licensed under chapter 70.41 RCW and psychiatric hospitals licensed under chapter 71.12 RCW.

**Sec. 11.** RCW 41.05.526 and 2020 c 345 s 2 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, a health plan offered to employees and their covered dependents under this chapter issued or renewed on or after January 1, 2021, may not require an enrollee to obtain prior authorization for withdrawal management services or inpatient or residential substance use disorder treatment services in a behavioral health agency licensed or certified under RCW 71.24.037.

(2)(a) A health plan offered to employees and their covered dependents under this chapter issued or renewed on or after January 1, 2021, must:

(i) Provide coverage for no less than two business days, excluding weekends and holidays, in a behavioral health agency that provides inpatient or residential substance use disorder treatment prior to conducting a utilization review; and

(ii) Provide coverage for no less than three days in a behavioral health agency

that provides withdrawal management services prior to conducting a utilization review.

(b)(i) The health plan may not require an enrollee to obtain prior authorization for the services specified in (a) of this subsection as a condition for payment of services prior to the times specified in (a) of this subsection.

(ii) Once the times specified in (a) of this subsection have passed, the health plan may initiate utilization management review procedures if the behavioral health agency continues to provide services or is in the process of arranging for a seamless transfer to an appropriate facility or lower level of care under subsection (6) of this section. For a health plan issued or renewed on or after January 1, 2025, if a health plan authorizes inpatient or residential substance use disorder treatment services pursuant to the initial medical necessity review process under (c)(iii) of this subsection, the length of the initial authorization may not be less than 14 days from the date that the patient was admitted to the behavioral health agency. Any subsequent reauthorization that the health plan approves after the first 14 days must continue for no less than seven days prior to requiring further reauthorization. Nothing prohibits a health plan from requesting information to assist with a seamless transfer under this subsection.

(c)(i) The behavioral health agency under (a) of this subsection must notify an enrollee's health plan as soon as practicable after admitting the enrollee, but not later than twenty-four hours after admitting the enrollee. The time of notification does not reduce the requirements established in (a) of this subsection.

(ii) The behavioral health agency under (a) of this subsection must provide the health plan with its initial assessment and initial treatment plan for the enrollee within two business days of admission, excluding weekends and holidays, or within three days in the case of a behavioral health agency that provides withdrawal management services.

(iii) After the time period in (a) of this subsection and receipt of the material provided under (c)(ii) of this subsection, the plan may initiate a medical necessity review process. Medical necessity review must be based on the standard set of criteria established under RCW 41.05.528. In a review for inpatient or residential substance use disorder treatment services, a health plan may not make a determination that a patient does not meet medical necessity criteria based primarily on the patient's length of abstinence. If the patient's abstinence from substance use was due to incarceration, hospitalization, or inpatient treatment, a health plan may not consider the patient's length of abstinence in determining medical necessity. If the health plan determines within one business day from the start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection that the admission to the facility was not medically necessary and advises the agency of the decision in writing, the health plan

is not required to pay the facility for services delivered after the start of the medical necessity review period, subject to the conclusion of a filed appeal of the adverse benefit determination. If the health plan's medical necessity review is completed more than one business day after ~~((the))~~ the start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection, the health plan must pay for the services delivered from the time of admission until the time at which the medical necessity review is completed and the agency is advised of the decision in writing.

(3)(a) The behavioral health agency shall document to the health plan the patient's need for continuing care and justification for level of care placement following the current treatment period, based on the standard set of criteria established under RCW 41.05.528, with documentation recorded in the patient's medical record.

(b) For a health plan issued or renewed on or after January 1, 2025, for inpatient or residential substance use disorder treatment services, the health plan may not consider the patient's length of stay at the behavioral health agency when making decisions regarding the authorization to continue care at the behavioral health agency.

(4) Nothing in this section prevents a health carrier from denying coverage based on insurance fraud.

(5) If the behavioral health agency under subsection (2)(a) of this section is not in the enrollee's network:

(a) The health plan is not responsible for reimbursing the behavioral health agency at a greater rate than would be paid had the agency been in the enrollee's network; and

(b) The behavioral health agency may not balance bill, as defined in RCW 48.43.005.

(6) When the treatment plan approved by the health plan involves transfer of the enrollee to a different facility or to a lower level of care, the care coordination unit of the health plan shall work with the current agency to make arrangements for a seamless transfer as soon as possible to an appropriate and available facility or level of care. The health plan shall pay the agency for the cost of care at the current facility until the seamless transfer to the different facility or lower level of care is complete. A seamless transfer to a lower level of care may include same day or next day appointments for outpatient care, and does not include payment for nontreatment services, such as housing services. If placement with an agency in the health plan's network is not available, the health plan shall pay the current agency until a seamless transfer arrangement is made.

(7) The requirements of this section do not apply to treatment provided in out-of-state facilities.

(8) For the purposes of this section "withdrawal management services" means twenty-four hour medically managed or medically monitored detoxification and assessment and treatment referral for adults or adolescents withdrawing from alcohol or drugs, which may include induction on medications for addiction recovery.

**Sec. 12.** RCW 48.43.761 and 2020 c 345 s 3 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, a health plan issued or renewed on or after January 1, 2021, may not require an enrollee to obtain prior authorization for withdrawal management services or inpatient or residential substance use disorder treatment services in a behavioral health agency licensed or certified under RCW 71.24.037.

(2)(a) A health plan issued or renewed on or after January 1, 2021, must:

(i) Provide coverage for no less than two business days, excluding weekends and holidays, in a behavioral health agency that provides inpatient or residential substance use disorder treatment prior to conducting a utilization review; and

(ii) Provide coverage for no less than three days in a behavioral health agency that provides withdrawal management services prior to conducting a utilization review.

(b)(i) The health plan may not require an enrollee to obtain prior authorization for the services specified in (a) of this subsection as a condition for payment of services prior to the times specified in (a) of this subsection.

(ii) Once the times specified in (a) of this subsection have passed, the health plan may initiate utilization management review procedures if the behavioral health agency continues to provide services or is in the process of arranging for a seamless transfer to an appropriate facility or lower level of care under subsection (6) of this section. For a health plan issued or renewed on or after January 1, 2025, if a health plan authorizes inpatient or residential substance use disorder treatment services pursuant to the initial medical necessity review process under (c)(iii) of this subsection, the length of the initial authorization may not be less than 14 days from the date that the patient was admitted to the behavioral health agency. Any subsequent reauthorization that the health plan approves after the first 14 days must continue for no less than seven days prior to requiring further reauthorization. Nothing prohibits a health plan from requesting information to assist with a seamless transfer under this subsection.

(c)(i) The behavioral health agency under (a) of this subsection must notify an enrollee's health plan as soon as practicable after admitting the enrollee, but not later than twenty-four hours after admitting the enrollee. The time of notification does not reduce the requirements established in (a) of this subsection.

(ii) The behavioral health agency under (a) of this subsection must provide the health plan with its initial assessment and initial treatment plan for the enrollee within two business days of admission, excluding weekends and holidays, or within three days in the case of a behavioral health agency that provides withdrawal management services.

(iii) After the time period in (a) of this subsection and receipt of the material provided under (c)(ii) of this subsection, the plan may initiate a medical necessity

review process. Medical necessity review must be based on the standard set of criteria established under RCW 41.05.528. In a review for inpatient or residential substance use disorder treatment services, a health plan may not make a determination that a patient does not meet medical necessity criteria based primarily on the patient's length of abstinence. If the patient's abstinence from substance use was due to incarceration, hospitalization, or inpatient treatment, a health plan may not consider the patient's length of abstinence in determining medical necessity. If the health plan determines within one business day from the start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection that the admission to the facility was not medically necessary and advises the agency of the decision in writing, the health plan is not required to pay the facility for services delivered after the start of the medical necessity review period, subject to the conclusion of a filed appeal of the adverse benefit determination. If the health plan's medical necessity review is completed more than one business day after ~~((the))~~ the start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection, the health plan must pay for the services delivered from the time of admission until the time at which the medical necessity review is completed and the agency is advised of the decision in writing.

(3)(a) The behavioral health agency shall document to the health plan the patient's need for continuing care and justification for level of care placement following the current treatment period, based on the standard set of criteria established under RCW 41.05.528, with documentation recorded in the patient's medical record.

(b) For a health plan issued or renewed on or after January 1, 2025, for inpatient or residential substance use disorder treatment services, the health plan may not consider the patient's length of stay at the behavioral health agency when making decisions regarding the authorization to continue care at the behavioral health agency.

(4) Nothing in this section prevents a health carrier from denying coverage based on insurance fraud.

(5) If the behavioral health agency under subsection (2)(a) of this section is not in the enrollee's network:

(a) The health plan is not responsible for reimbursing the behavioral health agency at a greater rate than would be paid had the agency been in the enrollee's network; and

(b) The behavioral health agency may not balance bill, as defined in RCW 48.43.005.

(6) When the treatment plan approved by the health plan involves transfer of the enrollee to a different facility or to a lower level of care, the care coordination unit of the health plan shall work with the current agency to make arrangements for a seamless transfer as soon as possible to an appropriate and available facility or level of care. The health plan shall pay the agency for the cost of care at the current facility until the seamless transfer to the

different facility or lower level of care is complete. A seamless transfer to a lower level of care may include same day or next day appointments for outpatient care, and does not include payment for nontreatment services, such as housing services. If placement with an agency in the health plan's network is not available, the health plan shall pay the current agency until a seamless transfer arrangement is made.

(7) The requirements of this section do not apply to treatment provided in out-of-state facilities.

(8) For the purposes of this section "withdrawal management services" means twenty-four hour medically managed or medically monitored detoxification and assessment and treatment referral for adults or adolescents withdrawing from alcohol or drugs, which may include induction on medications for addiction recovery.

**Sec. 13.** RCW 71.24.618 and 2020 c 345 s 4 are each amended to read as follows:

(1) Beginning January 1, 2021, a managed care organization may not require an enrollee to obtain prior authorization for withdrawal management services or inpatient or residential substance use disorder treatment services in a behavioral health agency licensed or certified under RCW 71.24.037.

(2)(a) Beginning January 1, 2021, a managed care organization must:

(i) Provide coverage for no less than two business days, excluding weekends and holidays, in a behavioral health agency that provides inpatient or residential substance use disorder treatment prior to conducting a utilization review; and

(ii) Provide coverage for no less than three days in a behavioral health agency that provides withdrawal management services prior to conducting a utilization review.

(b)(i) The managed care organization may not require an enrollee to obtain prior authorization for the services specified in (a) of this subsection as a condition for payment of services prior to the times specified in (a) of this subsection.

(ii) Once the times specified in (a) of this subsection have passed, the managed care organization may initiate utilization management review procedures if the behavioral health agency continues to provide services or is in the process of arranging for a seamless transfer to an appropriate facility or lower level of care under subsection (6) of this section. Beginning January 1, 2025, if a managed care organization authorizes inpatient or residential substance use disorder treatment services pursuant to the initial medical necessity review process under (c)(iii) of this subsection, the length of the initial authorization may not be less than 14 days from the date that the patient was admitted to the behavioral health agency. Any subsequent reauthorization that the managed care organization approves after the first 14 days must continue for no less than seven days prior to requiring further reauthorization. Nothing prohibits a managed care organization from requesting

information to assist with a seamless transfer under this subsection.

(c)(i) The behavioral health agency under (a) of this subsection must notify an enrollee's managed care organization as soon as practicable after admitting the enrollee, but not later than twenty-four hours after admitting the enrollee. The time of notification does not reduce the requirements established in (a) of this subsection.

(ii) The behavioral health agency under (a) of this subsection must provide the managed care organization with its initial assessment and initial treatment plan for the enrollee within two business days of admission, excluding weekends and holidays, or within three days in the case of a behavioral health agency that provides withdrawal management services.

(iii) After the time period in (a) of this subsection and receipt of the material provided under (c)(ii) of this subsection, the managed care organization may initiate a medical necessity review process. Medical necessity review must be based on the standard set of criteria established under RCW 41.05.528. In a review for inpatient or residential substance use disorder treatment services, a managed care organization may not make a determination that a patient does not meet medical necessity criteria based primarily on the patient's length of abstinence. If the patient's abstinence from substance use was due to incarceration, hospitalization, or inpatient treatment, a managed care organization may not consider the patient's length of abstinence in determining medical necessity. If the managed care organization's medical necessity review is completed more than one business day after ~~((the))~~ the start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection, the managed care organization must pay for the services delivered from the time of admission until the time at which the medical necessity review is completed and the agency is advised of the decision in writing.

(3)(a) The behavioral health agency shall document to the managed care organization the patient's need for continuing care and justification for level of care placement following the current treatment period, based on the standard set of criteria established under RCW 41.05.528, with documentation recorded in the patient's medical record.

(b) Beginning January 1, 2025, for inpatient or residential substance use disorder treatment services, the managed care organization may not consider the patient's length of stay at the behavioral

health agency when making decisions regarding the authorization to continue care at the behavioral health agency.

(4) Nothing in this section prevents a health carrier from denying coverage based on insurance fraud.

(5) If the behavioral health agency under subsection (2)(a) of this section is not in the enrollee's network:

(a) The managed care organization is not responsible for reimbursing the behavioral health agency at a greater rate than would be paid had the agency been in the enrollee's network; and

(b) The behavioral health agency may not balance bill, as defined in RCW 48.43.005.

(6) When the treatment plan approved by the managed care organization involves transfer of the enrollee to a different facility or to a lower level of care, the care coordination unit of the managed care organization shall work with the current agency to make arrangements for a seamless transfer as soon as possible to an appropriate and available facility or level of care. The managed care organization shall pay the agency for the cost of care at the current facility until the seamless transfer to the different facility or lower level of care is complete. A seamless transfer to a lower level of care may include same day or next day appointments for outpatient care, and does not include payment for nontreatment services, such as housing services. If placement with an agency in the managed care organization's network is not available, the managed care organization shall pay the current agency at the service level until a seamless transfer arrangement is made.

(7) The requirements of this section do not apply to treatment provided in out-of-state facilities.

(8) For the purposes of this section "withdrawal management services" means twenty-four hour medically managed or medically monitored detoxification and assessment and treatment referral for adults or adolescents withdrawing from alcohol or drugs, which may include induction on medications for addiction recovery.

**NEW SECTION. Sec. 14.** (1) The health care authority, in collaboration with the insurance commissioner, shall convene a work group consisting of commercial health carriers, medicaid managed care organizations, and behavioral health agencies that provide inpatient or residential substance use disorder treatment services. The work group shall develop recommendations for streamlining commercial health carrier and medicaid managed care organization requirements and processes related to the authorization and reauthorization of inpatient or residential substance use disorder treatment. The recommendations must include a universal format accepted by all health carriers and medicaid managed care organizations for behavioral health agencies to use for service authorization and reauthorization requests with common data requirements and a standardized form and simplified electronic process. The health care authority shall

submit the recommendations of the work group to the appropriate policy committees of the legislature by December 1, 2024.

(2) This section expires June 1, 2025.

**NEW SECTION. Sec. 15.** A new section is added to chapter 41.05 RCW to read as follows:

When updated versions of the ASAM Criteria, treatment criteria for addictive, substance related, and co-occurring conditions, inclusive of adolescent and transition age youth versions, are published by the American society of addiction medicine, the health care authority and the office of the insurance commissioner shall jointly determine whether to use the updated version, and, if so, the date upon which the updated version must begin to be used by medicaid managed care organizations, carriers, and other relevant entities. Both agencies shall post notice of their decision on their websites. For purposes of the ASAM Criteria, 4th edition, medicaid managed care organizations and carriers shall begin to use the updated criteria no later than January 1, 2026, unless the health care authority and the office of the insurance commissioner jointly determine that it should not be used.

**NEW SECTION. Sec. 16.** A new section is added to chapter 48.43 RCW to read as follows:

When updated versions of the ASAM Criteria, treatment criteria for addictive, substance related, and co-occurring conditions, inclusive of adolescent and transition age youth versions, are published by the American society of addiction medicine, the health care authority and the office of the insurance commissioner shall jointly determine whether to use the updated version, and, if so, the date upon which the updated version must begin to be used by medicaid managed care organizations, carriers, and other relevant entities. Both agencies shall post notice of their decision on their websites. For purposes of the ASAM Criteria, 4th edition, medicaid managed care organizations and carriers shall begin to use the updated criteria no later than January 1, 2026, unless the health care authority and the office of the insurance commissioner jointly determine that it should not be used.

**NEW SECTION. Sec. 17.** A new section is added to chapter 71.24 RCW to read as follows:

When updated versions of the ASAM Criteria, treatment criteria for addictive, substance related, and co-occurring conditions, inclusive of adolescent and transition age youth versions, are published by the American society of addiction medicine, the health care authority and the office of the insurance commissioner shall jointly determine whether to use the updated version, and, if so, the date upon which the updated version must begin to be used by medicaid managed care organizations, carriers, and other relevant entities. Both agencies shall post notice of their decision

on their websites. For purposes of the ASAM Criteria, 4th edition, medicaid managed care organizations and carriers shall begin to use the updated criteria no later than January 1, 2026, unless the health care authority and the office of the insurance commissioner jointly determine that it should not be used.

**NEW SECTION. Sec. 18.** The health care authority shall provide a gap analysis of nonemergency transportation benefits provided to medicaid enrollees in Washington, Oregon, and other comparison states selected by the health care authority and provide an analysis of the costs and benefits of available alternatives to the governor and appropriate committees of the legislature by December 1, 2024, including the option of an enhanced nonemergency transportation benefit for persons being discharged from a behavioral health emergency services provider to the next level of care in circumstances when a prudent layperson acting reasonably would believe such transportation is necessary to protect the enrollee from relapse or other discontinuity in care that would jeopardize the health or safety of the enrollee. In recognizing that some behavioral health patients are not well-served by the current nonemergency transportation system for medical assistance patients due to inflexible rules, the authority shall also evaluate the possibility of creating a network of peer-led, trauma-informed transportation providers that could provide nonemergency transportation to youth and adult medical assistance patients traveling to receive behavioral health services.

**Sec. 19.** RCW 43.70.250 and 2023 c 469 s 21 are each amended to read as follows:

(1) It shall be the policy of the state of Washington that the cost of each professional, occupational, or business licensing program be fully borne by the members of that profession, occupation, or business.

(2) The secretary shall from time to time establish the amount of all application fees, license fees, registration fees, examination fees, permit fees, renewal fees, and any other fee associated with licensing or regulation of professions, occupations, or businesses administered by the department. Any and all fees or assessments, or both, levied on the state to cover the costs of the operations and activities of the interstate health professions licensure compacts with participating authorities listed under chapter 18.130 RCW shall be borne by the persons who hold licenses issued pursuant to the authority and procedures established under the compacts. In fixing said fees, the secretary shall set the fees for each program at a sufficient level to defray the costs of administering that program and the cost of regulating licensed volunteer medical workers in accordance with RCW 18.130.360, except as provided in RCW 18.79.202. In no case may the secretary impose any certification, examination, or renewal fee upon a person seeking certification as a certified peer

specialist trainee under chapter 18.420 RCW or, between July 1, 2025, and July 1, 2030, impose a certification, examination, or renewal fee of more than \$100 upon any person seeking certification as a certified peer specialist under chapter 18.420 RCW. Subject to amounts appropriated for this specific purpose, between July 1, 2024, and July 1, 2029, the secretary may not impose any certification or certification renewal fee on a person seeking certification as a substance use disorder professional or substance use disorder professional trainee under chapter 18.205 RCW of more than \$100.

(3) All such fees shall be fixed by rule adopted by the secretary in accordance with the provisions of the administrative procedure act, chapter 34.05 RCW.

**NEW SECTION. Sec. 20.** The Washington state health care authority must contract with a peer-led organization to convene focus groups of people with lived experience of being civilly committed to make recommendations about how to make the process less traumatic and improve experiences and outcomes for patients. The focus groups should include individuals who have been civilly committed under chapter 71.05 RCW on the basis of a mental disorder and on the basis of a substance use disorder. The Washington state health care authority shall issue a report to the governor and the relevant committees of the legislature on the recommendations by September 1, 2025.

**NEW SECTION. Sec. 21.** The Washington state health care authority shall contract with an organization to develop a proposal for a statewide network of secure, trauma-informed transport for patients civilly committed under chapter 71.05 RCW that is provided by a nonambulance service and available in each behavioral health administrative services organization. The contracted organization must consult with people with lived experiences of receiving transport in connection with a civil commitment under chapter 71.05 RCW. The Washington state health care authority shall issue a report to the governor and the relevant committees of the legislature on the recommendations by September 1, 2025.

**NEW SECTION. Sec. 22.** A new section is added to chapter 71.05 RCW to read as follows:

The authority must contract with an association that represents designated crisis responders in Washington to develop and begin delivering by July 1, 2025, a training program for social workers licensed under chapter 18.225 RCW or other personnel who practice in an emergency department with responsibilities related to civil commitments under this chapter. The training must include instruction emphasizing standards and procedures relating to the civil commitment of persons with substance use disorders and mental illness, including which clinical presentations warrant summoning a designated crisis responder. The training must emphasize the manner in which

a patient with a primary substance use disorder may present as a risk of harm to self or others, or gravely disabled. Consistent with existing training for designated crisis responders, the training must instruct hospital personnel that when considering civil commitment for a patient with a primary substance use disorder, the hospital shall summon the designated crisis responder while the patient is acutely intoxicated, such that the designated crisis responder may witness the patient's true clinical presentation. The training must also instruct hospital personnel to carefully document patient behaviors and statements that are made outside the presence of the designated crisis responder and may be relevant when considering the potential civil commitment of the patient. Each hospital shall ensure that, by July 1, 2026, or within three months of hire, all social workers or other personnel employed in the emergency department with responsibilities relating to civil commitments under this chapter complete the training every three years.

**Sec. 23.** RCW 41.05.527 and 2021 c 273 s 10 are each amended to read as follows:

(1) A health plan offered to public employees and their covered dependents under this chapter that is issued or renewed on or after January 1, 2023, must participate in the bulk purchasing and distribution program for opioid overdose reversal medication established in RCW 70.14.170 once the program is operational.

(2) For health plans issued or renewed on or after January 1, 2025, a health carrier must reimburse a hospital or psychiatric hospital that bills:

"**Sec. 1.** RCW 9.41.047 and 2023 c 295 s 5 and 2023 c 161 s 3 are each reenacted and amended to read as follows:

(1)(a) At the time a person is convicted or found not guilty by reason of insanity of an offense making the person ineligible to possess a firearm under state or federal law, including if the person was convicted of possession under RCW 69.50.4011, 69.50.4013, 69.50.4014, or 69.41.030, or at the time a person is committed by court order under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, or chapter 10.77 RCW for treatment for a mental disorder, or at the time that charges are dismissed based on incompetency to stand trial under RCW

10.77.086, or the charges are dismissed based on incompetency to stand trial under RCW 10.77.088 and the court makes a finding that the person has a history of one or more violent acts, the court shall notify the person, orally and in writing, that the person must immediately surrender all firearms to their local law enforcement agency and any concealed pistol license and that the person may not possess a firearm unless the person's right to do so is restored by the superior court that issued the order.

(b) The court shall forward within three judicial days ~~((after))~~ following conviction ~~((or))~~ or finding of not guilty by reason of insanity ~~((or entry of the commitment order, or dismissal of charges,))~~ a copy of the person's driver's license or identicard, or comparable information such as the person's name, address, and date of birth, along with the date of conviction ~~((or commitment, or date charges are dismissed))~~ or finding of not guilty by reason of insanity, to the department of licensing and to the Washington state patrol firearms background check program. ~~((When a person is committed))~~

(c) The court shall forward within three judicial days following commitment by court order under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, or chapter 10.77 RCW, for treatment for a mental disorder, or ((when a person's)) upon dismissal of charges ((are dismissed)) based on incompetency to stand trial under RCW 10.77.086, or the charges are dismissed based on incompetency to stand trial under RCW 10.77.088 ((and)) when the court makes a finding that the person has a history of one or more violent acts, ((the court also shall forward, within three judicial days after entry of the commitment order, or dismissal of charges,)) a copy of the person's driver's license or identicard, or comparable information such as the person's name, address, and date of birth, along with the date of commitment or date charges are dismissed, to the national instant criminal background check system index, denied persons file, created by the federal Brady handgun violence prevention act (P.L. 103-159), and to the department of licensing, Washington state patrol firearms background check program, and the criminal division of the county prosecutor in the county of commitment or the county in which charges are dismissed. The petitioning party shall provide the court with the information required. If more than one commitment order is entered under one cause number, only one notification to the national instant criminal background check system, the department of licensing, the Washington state patrol firearms background check program, and the ((national instant criminal background check system)) criminal division of the county prosecutor in the county of commitment or county in which charges are dismissed is required.

(2) Upon receipt of the information provided for by subsection (1) of this section, the department of licensing shall determine if the person has a concealed pistol license. If the person has a concealed pistol license, the department of

licensing shall immediately notify the license-issuing authority which, upon receipt of such notification, shall immediately revoke the license.

(3)(a) A person who is prohibited from possessing a firearm, by reason of having been involuntarily committed for treatment for a mental disorder under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, chapter 10.77 RCW, or equivalent statutes of another jurisdiction, or by reason of having been detained under RCW 71.05.150 or 71.05.153, or because the person's charges were dismissed based on incompetency to stand trial under RCW 10.77.086, or the charges were dismissed based on incompetency to stand trial under RCW 10.77.088 and the court made a finding that the person has a history of one or more violent acts, may, upon discharge, petition the superior court to have his or her right to possess a firearm restored, except that a person found not guilty by reason of insanity may not petition for restoration of the right to possess a firearm until one year after discharge.

(b) The petition must be brought in the superior court that ordered the involuntary commitment or dismissed the charges based on incompetency to stand trial or the superior court of the county in which the petitioner resides.

(c) Except as provided in (d) and (e) of this subsection, firearm rights shall be restored if the person petitioning for restoration of firearm rights proves by a preponderance of the evidence that:

(i) The person petitioning for restoration of firearm rights is no longer required to participate in court-ordered inpatient or outpatient treatment;

(ii) The person petitioning for restoration of firearm rights has successfully managed the condition related to the commitment or detention or incompetency;

(iii) The person petitioning for restoration of firearm rights no longer presents a substantial danger to self or to the public; ~~((and))~~

(iv) The symptoms related to the commitment or detention or incompetency are not reasonably likely to recur; and

(v) There is no active extreme risk protection order or order to surrender and prohibit weapons entered against the petitioner.

(d) If a preponderance of the evidence in the record supports a finding that the person petitioning for restoration of firearm rights has engaged in violence and that it is more likely than not that the person will engage in violence after the person's right to possess a firearm is restored, the person petitioning for restoration of firearm rights shall bear the burden of proving by clear, cogent, and convincing evidence that the person does not present a substantial danger to the safety of others.

(e) If the person seeking restoration of firearm rights seeks restoration after having been detained under RCW 71.05.150 or 71.05.153, the state shall bear the burden of proof to show, by a preponderance of the evidence, that the person does not meet the

restoration criteria in (c) of this subsection.

(f) When a person's right to possess a firearm has been restored under this subsection, the court shall forward, within three judicial days after entry of the restoration order, notification that the person's right to possess a firearm has been restored to the department of licensing and the Washington state patrol criminal records division, with a copy of the person's driver's license or identicard, or comparable identification such as the person's name, address, and date of birth, and to the health care authority, and the national instant criminal background check system index, denied persons file. In the case of a person whose right to possess a firearm has been suspended for six months as provided in RCW 71.05.182, the department of licensing shall forward notification of the restoration order to the licensing authority, which, upon receipt of such notification, shall immediately lift the suspension, restoring the person's concealed pistol license.

(4) No person who has been found not guilty by reason of insanity may petition a court for restoration of the right to possess a firearm unless the person meets the requirements for the restoration of the right to possess a firearm under RCW 9.41.041.

**Sec. 2.** RCW 9.41.049 and 2020 c 302 s 61 are each amended to read as follows:

(1) When a designated crisis responder files a petition for initial detention under RCW 71.05.150 or 71.05.153 on the grounds that the person presents a likelihood of serious harm, the petition shall include a copy of the person's driver's license or identicard or comparable information such as their name, address, and date of birth. If the person is not subsequently committed for involuntary treatment under RCW 71.05.240, the court shall forward within three business days of the probable cause hearing a copy of the person's driver's license or identicard, or comparable information, along with the date of release from the facility, to the department of licensing, the criminal division of the county prosecutor in the county in which the petition was filed, and ~~((the))~~ the Washington state patrol firearms background check program, ~~((the))~~ which shall forward the information to the national instant criminal background check system index, denied persons file, created by the federal Brady handgun violence prevention act (P.L. 103-159). Upon expiration of the six-month period during which the person's right to possess a firearm is suspended as provided in RCW 71.05.182, the Washington state patrol shall forward to the national instant criminal background check system index, denied persons file, notice that the person's right to possess a firearm has been restored.

(2) Upon receipt of the information provided for by subsection (1) of this section, the department of licensing shall determine if the detained person has a concealed pistol license. If the person does have a concealed pistol license, the

department of licensing shall immediately notify the license-issuing authority, which, upon receipt of such notification, shall immediately suspend the license for a period of six months from the date of the person's release from the facility.

(3) A person who is prohibited from possessing a firearm by reason of having been detained under RCW 71.05.150 or 71.05.153 may, upon discharge, petition the superior court to have his or her right to possess a firearm restored before the six-month suspension period has elapsed by following the procedures provided in RCW 9.41.047(3).

**Sec. 3.** RCW 10.77.086 and 2023 c 453 s 8 and 2023 c 433 s 18 are each reenacted and amended to read as follows:

(1)(a) Except as otherwise provided in this section, if the defendant is charged with a felony and determined to be incompetent, until he or she has regained the competency necessary to understand the proceedings against him or her and assist in his or her own defense, but in any event for a period of no longer than 90 days, the court shall commit the defendant to the custody of the secretary for inpatient competency restoration, or may alternatively order the defendant to receive outpatient competency restoration based on a recommendation from a forensic navigator and input from the parties.

(b) For a defendant who is determined to be incompetent and whose highest charge is a class C felony other than assault in the third degree under RCW 9A.36.031(1) (d) or (f), felony physical control of a vehicle under RCW 46.61.504(6), felony hit and run resulting in injury under RCW 46.52.020(4) (b), a hate crime offense under RCW 9A.36.080, a class C felony with a domestic violence designation, a class C felony sex offense as defined in RCW 9.94A.030, or a class C felony with a sexual motivation allegation, the court shall first consider all available and appropriate alternatives to inpatient competency restoration. The court shall dismiss the proceedings without prejudice upon agreement of the parties if the forensic navigator has found an appropriate and available diversion program willing to accept the defendant.

(2)(a) To be eligible for an order for outpatient competency restoration, a defendant must be clinically appropriate and be willing to:

(i) Adhere to medications or receive prescribed intramuscular medication;

(ii) Abstain from alcohol and unprescribed drugs; and

(iii) Comply with urinalysis or breathalyzer monitoring if needed.

(b) If the court orders inpatient competency restoration, the department shall place the defendant in an appropriate facility of the department for competency restoration.

(c) If the court orders outpatient competency restoration, the court shall modify conditions of release as needed to authorize the department to place the person in approved housing, which may include access to supported housing, affiliated with

a contracted outpatient competency restoration program. The department, in conjunction with the health care authority, must establish rules for conditions of participation in the outpatient competency restoration program, which must include the defendant being subject to medication management. The court may order regular urinalysis testing. The outpatient competency restoration program shall monitor the defendant during the defendant's placement in the program and report any noncompliance or significant changes with respect to the defendant to the department and, if applicable, the forensic navigator.

(d) If a defendant fails to comply with the restrictions of the outpatient restoration program such that restoration is no longer appropriate in that setting or the defendant is no longer clinically appropriate for outpatient competency restoration, the director of the outpatient competency restoration program shall notify the authority and the department of the need to terminate the outpatient competency restoration placement and intent to request placement for the defendant in an appropriate facility of the department for inpatient competency restoration. The outpatient competency restoration program shall coordinate with the authority, the department, and any law enforcement personnel under (d)(i) of this subsection to ensure that the time period between termination and admission into the inpatient facility is as minimal as possible. The time period for inpatient competency restoration shall be reduced by the time period spent in active treatment within the outpatient competency restoration program, excluding time periods in which the defendant was absent from the program and all time from notice of termination of the outpatient competency restoration period through the defendant's admission to the facility. The department shall obtain a placement for the defendant within seven days of the notice of intent to terminate the outpatient competency restoration placement.

(i) The department may authorize a peace officer to detain the defendant into emergency custody for transport to the designated inpatient competency restoration facility. If medical clearance is required by the designated competency restoration facility before admission, the peace officer must transport the defendant to a crisis stabilization unit, evaluation and treatment facility, or emergency department of a local hospital for medical clearance once a bed is available at the designated inpatient competency restoration facility. The signed outpatient competency restoration order of the court shall serve as authority for the detention of the defendant under this subsection. This subsection does not preclude voluntary transportation of the defendant to a facility for inpatient competency restoration or for medical clearance, or authorize admission of the defendant into jail.

(ii) The department shall notify the court and parties of the defendant's admission for inpatient competency restoration before the close of the next judicial day. The court shall schedule a

hearing within five days to review the conditions of release of the defendant and anticipated release from treatment and issue appropriate orders.

(e) The court may not issue an order for outpatient competency restoration unless the department certifies that there is an available appropriate outpatient competency restoration program that has adequate space for the person at the time the order is issued or the court places the defendant under the guidance and control of a professional person identified in the court order.

(3) For a defendant whose highest charge is a class C felony, or a class B felony that is not classified as violent under RCW 9.94A.030, the maximum time allowed for the initial competency restoration period is 45 days if the defendant is referred for inpatient competency restoration, or 90 days if the defendant is referred for outpatient competency restoration, provided that if the outpatient competency restoration placement is terminated and the defendant is subsequently admitted to an inpatient facility, the period of inpatient treatment during the first competency restoration period under this subsection shall not exceed 45 days.

(4) When any defendant whose highest charge is a class C felony other than assault in the third degree under RCW 9A.36.031(1) (d) or (f), felony physical control of a vehicle under RCW 46.61.504(6), felony hit and run resulting in injury under RCW 46.52.020(4)(b), a hate crime offense under RCW 9A.36.080, a class C felony with a domestic violence designation, a class C felony sex offense as defined in RCW 9.94A.030, or a class C felony with a sexual motivation allegation is admitted for inpatient competency restoration with an accompanying court order for involuntary medication under RCW 10.77.092, and the defendant is found not competent to stand trial following that period of competency restoration, the court shall dismiss the charges pursuant to subsection (7) of this section.

(5) If the court determines or the parties agree before the initial competency restoration period or at any subsequent stage of the proceedings that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo an initial or further period of competency restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection (7) of this section.

(6) On or before expiration of the initial competency restoration period the court shall conduct a hearing to determine whether the defendant is now competent to stand trial. If the court finds by a preponderance of the evidence that the defendant is incompetent to stand trial, the court may order an extension of the competency restoration period for an additional period of 90 days, but the court must at the same time set a date for a new hearing to determine the defendant's competency to stand trial before the

expiration of this second restoration period. The defendant, the defendant's attorney, and the prosecutor have the right to demand that the hearing be before a jury. No extension shall be ordered for a second or third competency restoration period if the defendant is ineligible for a subsequent competency restoration period under subsection (4) of this section or the defendant's incompetence has been determined by the secretary to be solely the result of an intellectual or developmental disability, dementia, or traumatic brain injury which is such that competence is not reasonably likely to be regained during an extension.

(7) (a) Except as provided in (b) of this subsection, at the hearing upon the expiration of the second competency restoration period, or at the end of the first competency restoration period if the defendant is ineligible for a second or third competency restoration period under subsection ~~((3))~~ (4) or (6) of this section, if the jury or court finds that the defendant is incompetent to stand trial, the court shall dismiss the charges without prejudice and order the defendant to be committed to the department for placement in a facility operated or contracted by the department for up to 120 hours if the defendant has not undergone competency restoration services or has engaged in outpatient competency restoration services, and up to 72 hours if the defendant engaged in inpatient competency restoration services starting from admission to the facility, excluding Saturdays, Sundays, and holidays, for evaluation for the purpose of filing a civil commitment petition under chapter 71.05 RCW. If at the time the order to dismiss the charges without prejudice is entered by the court the defendant is already in a facility operated or contracted by the department, the 72-hour or 120-hour period shall instead begin upon department receipt of the court order.

(b) The court shall not dismiss the charges if the defendant is eligible for a second or third competency restoration period under subsection (6) of this section and the court or jury finds that: (i) The defendant (A) is a substantial danger to other persons; or (B) presents a substantial likelihood of committing criminal acts jeopardizing public safety or security; and (ii) there is a substantial probability that the defendant will regain competency within a reasonable period of time. If the court or jury makes such a finding, the court may extend the period of commitment for up to an additional six months.

(8) Any period of competency restoration treatment under this section includes only the time the defendant is actually at the facility or is actively participating in an outpatient competency restoration program and is in addition to reasonable time for transport to or from the facility.

(9) If at any time the court dismisses charges based on incompetency to stand trial under this section, the court shall issue an order prohibiting the defendant from the possession of firearms until a court restores his or her right to possess a firearm under RCW 9.41.047. The court shall notify the defendant orally and in writing

that the defendant may not possess a firearm unless the defendant's right to do so is restored by the superior court that issued the order under RCW 9.41.047, and that the defendant must immediately surrender all firearms and any concealed pistol license to their local law enforcement agency.

**Sec. 4.** RCW 10.77.088 and 2023 c 453 s 9 and 2023 c 433 s 19 are each reenacted and amended to read as follows:

(1) If the defendant is charged with a nonfelony crime which is a serious offense as identified in RCW 10.77.092 and found by the court to be not competent, the court shall first consider all available and appropriate alternatives to inpatient competency restoration. If the parties agree that there is an appropriate diversion program available to accept the defendant, the court shall dismiss the proceedings without prejudice and refer the defendant to the recommended diversion program. If the parties do not agree that there is an appropriate diversion program available to accept the defendant, then the court:

(a) Shall dismiss the proceedings without prejudice and detain the defendant pursuant to subsection (6) of this section, unless the prosecutor objects to the dismissal and provides notice of a motion for an order for competency restoration treatment, in which case the court shall schedule a hearing within seven days.

(b) At the hearing, the prosecuting attorney must establish that there is a compelling state interest to order competency restoration treatment for the defendant. The court may consider prior criminal history, prior history in treatment, prior history of violence, the quality and severity of the pending charges, any history that suggests whether competency restoration treatment is likely to be successful, in addition to the factors listed under RCW 10.77.092. If the defendant is subject to an order under chapter 71.05 RCW or proceedings under chapter 71.05 RCW have been initiated, there is a rebuttable presumption that there is no compelling state interest in ordering competency restoration treatment. If the prosecuting attorney proves by a preponderance of the evidence that there is a compelling state interest in ordering competency restoration treatment, then the court shall issue an order in accordance with subsection (2) of this section.

(2) (a) If a court finds pursuant to subsection (1) (b) of this section that there is a compelling state interest in pursuing competency restoration treatment, the court shall order the defendant to receive outpatient competency restoration consistent with the recommendation of the forensic navigator, unless the court finds that an order for outpatient competency restoration is inappropriate considering the health and safety of the defendant and risks to public safety.

(b) To be eligible for an order for outpatient competency restoration, a defendant must be willing to:

(i) Adhere to medications or receive prescribed intramuscular medication;

(ii) Abstain from alcohol and unprescribed drugs; and

(iii) Comply with urinalysis or breathalyzer monitoring if needed.

(c) If the court orders inpatient competency restoration, the department shall place the defendant in an appropriate facility of the department for competency restoration under subsection (3) of this section.

(d) If the court orders outpatient competency restoration, the court shall modify conditions of release as needed to authorize the department to place the person in approved housing, which may include access to supported housing, affiliated with a contracted outpatient competency restoration program. The department, in conjunction with the health care authority, must establish rules for conditions of participation in the outpatient competency restoration program, which must include the defendant being subject to medication management. The court may order regular urinalysis testing. The outpatient competency restoration program shall monitor the defendant during the defendant's placement in the program and report any noncompliance or significant changes with respect to the defendant to the department and, if applicable, the forensic navigator.

(e) If a defendant fails to comply with the restrictions of the outpatient competency restoration program such that restoration is no longer appropriate in that setting or the defendant is no longer clinically appropriate for outpatient competency restoration, the director of the outpatient competency restoration program shall notify the authority and the department of the need to terminate the outpatient competency restoration placement and intent to request placement for the defendant in an appropriate facility of the department for inpatient competency restoration. The outpatient competency restoration program shall coordinate with the authority, the department, and any law enforcement personnel under (e)(i) of this subsection to ensure that the time period between termination and admission into the inpatient facility is as minimal as possible. The time period for inpatient competency restoration shall be reduced by the time period spent in active treatment within the outpatient competency restoration program, excluding time periods in which the defendant was absent from the program and all time from notice of termination of the outpatient competency restoration period through the defendant's admission to the facility. The department shall obtain a placement for the defendant within seven days of the notice of intent to terminate the outpatient competency restoration placement.

(i) The department may authorize a peace officer to detain the defendant into emergency custody for transport to the designated inpatient competency restoration facility. If medical clearance is required by the designated competency restoration facility before admission, the peace officer must transport the defendant to a crisis stabilization unit, evaluation and treatment facility, or emergency department of a local

hospital for medical clearance once a bed is available at the designated inpatient competency restoration facility. The signed outpatient competency restoration order of the court shall serve as authority for the detention of the defendant under this subsection. This subsection does not preclude voluntary transportation of the defendant to a facility for inpatient competency restoration or for medical clearance, or authorize admission of the defendant into jail.

(ii) The department shall notify the court and parties of the defendant's admission for inpatient competency restoration before the close of the next judicial day. The court shall schedule a hearing within five days to review the conditions of release of the defendant and anticipated release from treatment and issue appropriate orders.

(f) The court may not issue an order for outpatient competency restoration unless the department certifies that there is an available appropriate outpatient restoration program that has adequate space for the person at the time the order is issued or the court places the defendant under the guidance and control of a professional person identified in the court order.

(g) If the court does not order the defendant to receive outpatient competency restoration under (a) of this subsection, the court shall commit the defendant to the department for placement in a facility operated or contracted by the department for inpatient competency restoration.

(3) The placement under subsection (2) of this section shall not exceed 29 days if the defendant is ordered to receive inpatient competency restoration, and shall not exceed 90 days if the defendant is ordered to receive outpatient competency restoration. The court may order any combination of this subsection, but the total period of inpatient competency restoration may not exceed 29 days.

(4) Beginning October 1, 2023, if the defendant is charged with a serious traffic offense under RCW 9.94A.030, the court may order the clerk to transmit an order to the department of licensing for revocation of the defendant's driver's license for a period of one year. The court shall direct the clerk to transmit an order to the department of licensing reinstating the defendant's driver's license if the defendant is subsequently restored to competency, and may do so at any time before the end of one year for good cause upon the petition of the defendant.

(5) If the court has determined or the parties agree that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo competency restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection (6) of this section.

(6)(a) If the proceedings are dismissed under RCW 10.77.084 and the defendant was on conditional release at the time of dismissal, the court shall order the designated crisis responder within that

county to evaluate the defendant pursuant to chapter 71.05 RCW. The evaluation may be conducted in any location chosen by the professional.

(b) If the defendant was in custody and not on conditional release at the time of dismissal, the defendant shall be detained and sent to an evaluation and treatment facility for up to 120 hours if the defendant has not undergone competency restoration services or has engaged in outpatient competency restoration services and up to 72 hours if the defendant engaged in inpatient competency restoration services, excluding Saturdays, Sundays, and holidays, for evaluation for purposes of filing a petition under chapter 71.05 RCW. The 120-hour or 72-hour period shall commence upon the next nonholiday weekday following the court order and shall run to the end of the last nonholiday weekday within the 120-hour or 72-hour period.

(7) If the defendant is charged with a nonfelony crime that is not a serious offense as defined in RCW 10.77.092 and found by the court to be not competent, the court may stay or dismiss proceedings and detain the defendant for sufficient time to allow the designated crisis responder to evaluate the defendant and consider initial detention proceedings under chapter 71.05 RCW. The court must give notice to all parties at least 24 hours before the dismissal of any proceeding under this subsection, and provide an opportunity for a hearing on whether to dismiss the proceedings.

(8) If at any time the court dismisses charges under subsections (1) through (7) of this section, the court shall make a finding as to whether the defendant has a history of one or more violent acts. If the court so finds, the ((defendant is barred)) court shall issue an order prohibiting the defendant from the possession of firearms until a court restores his or her right to possess a firearm under RCW 9.41.047. The court shall ((state to the defendant and provide written notice that the defendant is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047)) notify the defendant orally and in writing that the defendant may not possess a firearm unless the defendant's right to do so is restored by the superior court that issued the order under RCW 9.41.047, and that the defendant must immediately surrender all firearms and any concealed pistol license to their local law enforcement agency.

(9) Any period of competency restoration treatment under this section includes only the time the defendant is actually at the facility or is actively participating in an outpatient competency restoration program and is in addition to reasonable time for transport to or from the facility.

**Sec. 5.** RCW 9.41.040 and 2023 c 295 s 3 and 2023 c 262 s 2 are each reenacted and amended to read as follows:

(1)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the first degree,

if the person owns, accesses, has in the person's custody, control, or possession, or receives any firearm after having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of any serious offense.

(b) Unlawful possession of a firearm in the first degree is a class B felony punishable according to chapter 9A.20 RCW.

(2)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the second degree, if the person does not qualify under subsection (1) of this section for the crime of unlawful possession of a firearm in the first degree and the person owns, accesses, has in the person's custody, control, or possession, or receives any firearm:

(i) After having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of:

(A) Any felony not specifically listed as prohibiting firearm possession under subsection (1) of this section;

(B) Any of the following crimes when committed by one family or household member against another or by one intimate partner against another, as those terms are defined by the statutes in effect at the time of the commission of the crime, committed on or after July 1, 1993: Assault in the fourth degree, coercion, stalking, reckless endangerment, criminal trespass in the first degree, or violation of the provisions of a protection order or no-contact order restraining the person or excluding the person from a residence (RCW 10.99.040 or any of the former RCW 26.50.060, 26.50.070, and 26.50.130);

(E) A violation of the provisions of a protection order under chapter 7.105 RCW restraining the person or excluding the person from a residence, when committed by one family or household member against another or by one intimate partner against another, committed on or after July 1, 2022; or

(F) A violation of the provisions of an order to surrender and prohibit weapons, an extreme risk protection order, or the provisions of any other protection order or no-contact order not included under (a)(i) (B) or (E) of this subsection restraining

the person or excluding the person from a residence, committed on or after July 23, 2023;

(ii) During any period of time that the person is subject to a protection order, no-contact order, or restraining order by a court issued under chapter 7.105, 9A.40, 9A.44, 9A.46, 9A.88, 10.99, 26.09, 26.26A, or 26.26B RCW or any of the former chapters 7.90, 7.92, 10.14, and 26.50 RCW that:

(A) Was issued after a hearing for which the person received actual notice, and at which the person had an opportunity to participate, whether the court then issues a full order or reissues a temporary order. If the court enters an agreed order by the parties without a hearing, such an order meets the requirements of this subsection;

(B) Restrains the person from harassing, stalking, or threatening the person protected under the order or child of the person or protected person, or others identified in the order, or engaging in other conduct that would place the protected person in reasonable fear of bodily injury to the protected person or child or others identified in the order; and

(C) (I) Includes a finding that the person represents a credible threat to the physical safety of the protected person or child or others identified in the order, or by its terms explicitly prohibits the use, attempted use, or threatened use of physical force against the protected person or child or other persons that would reasonably be expected to cause bodily injury; or

(II) Includes an order under RCW 9.41.800 requiring the person to surrender all firearms and prohibiting the person from accessing, having in his or her custody or control, possessing, purchasing, receiving, or attempting to purchase or receive, firearms;

(iv) After dismissal of criminal charges based on incompetency to stand trial under RCW 10.77.086, or after dismissal of criminal charges based on incompetency to stand trial under RCW 10.77.088 when the court has made a finding indicating that the defendant has a history of one or more violent acts, unless his or her right to possess a firearm has been restored as provided in RCW 9.41.047;

(v) If the person is under 18 years of age, except as provided in RCW 9.41.042; and/or

or the conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence. Where no record of the court's disposition of the charges can be found, there shall be a rebuttable presumption that the person was not convicted of the charge.

(4) Notwithstanding subsection (1) or (2) of this section, a person convicted or found not guilty by reason of insanity of an offense prohibiting the possession of a firearm under this section other than murder, manslaughter, robbery, rape, indecent liberties, arson, assault, kidnapping, extortion, burglary, or violations with respect to controlled substances under RCW 69.50.401 and 69.50.410, who received a probationary sentence under RCW 9.95.200, and who received a dismissal of the charge under RCW 9.95.240, shall not be precluded from possession of a firearm as a result of the conviction or finding of not guilty by reason of insanity.

(5) In addition to any other penalty provided for by law, if a person under the age of 18 years is found by a court to have possessed a firearm in a vehicle in violation of subsection (1) or (2) of this section or to have committed an offense while armed with a firearm during which offense a motor vehicle served an integral function, the court shall notify the department of licensing within 24 hours and the person's privilege to drive shall be revoked under RCW 46.20.265, unless the offense is the juvenile's first offense in violation of this section and has not committed an offense while armed with a firearm, an unlawful possession of a firearm offense, or an offense in violation of chapter 66.44, 69.52, 69.41, or 69.50 RCW.

(6) Nothing in chapter 129, Laws of 1995 shall ever be construed or interpreted as preventing an offender from being charged and subsequently convicted for the separate felony crimes of theft of a firearm or possession of a stolen firearm, or both, in addition to being charged and subsequently convicted under this section for unlawful possession of a firearm in the first or second degree. Notwithstanding any other law, if the offender is convicted under this section for unlawful possession of a firearm in the first or second degree and for the felony crimes of theft of a firearm or possession of a stolen firearm, or both, then the offender shall serve consecutive sentences for each of the felony crimes of conviction listed in this subsection.

(7)(a) A person, whether an adult or a juvenile, commits the civil infraction of unlawful possession of a firearm if the person has in the person's possession or has in the person's control a firearm after the person files a voluntary waiver of firearm rights under RCW 9.41.350 and the form has been accepted by the clerk of the court and the voluntary waiver has not been lawfully revoked.

(b) The civil infraction of unlawful possession of a firearm is a class 4 civil infraction punishable according to chapter 7.80 RCW.

(c) Each firearm unlawfully possessed under this subsection (7) shall be a separate infraction.

(d) The court may, in its discretion, order performance of up to two hours of community restitution in lieu of a monetary penalty prescribed for a civil infraction under this subsection (7).

(8) Each firearm unlawfully possessed under this section shall be a separate offense.

(9) A person may petition to restore the right to possess a firearm as provided in RCW 9.41.041.

this section or rules adopted under this section except under RCW 71.05.680.

(3) A person who requests information under subsection (1)(a)(ii) of this section must comply with the following restrictions:

(6) Disclosure under this section to state or local law enforcement authorities is mandatory for the purposes of the federal health insurance portability and accountability act.

(7) Whenever federal law or federal regulations restrict the release of information contained in the treatment records of any patient who receives treatment for alcoholism or drug dependency, the release of the information may be restricted as necessary to comply with federal law and regulations.

(8) This section does not modify the terms and conditions of disclosure of information related to sexually transmitted diseases under this chapter.

(9) In collaboration with interested organizations, the authority shall develop a standard form for requests for information related to mental health services made under this section and a standard format for information provided in response to the requests. Consistent with the goals of the health information privacy provisions of the federal health insurance portability and accountability act, in developing the standard form for responsive information, the authority shall design the form in such a way that the information disclosed is limited to the minimum necessary to serve the purpose for which the information is requested."

SSB 5953 Prime Sponsor, Human Services: Concerning financial aid grants for incarcerated students. Reported by Committee on Postsecondary Education & Workforce

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 72.09.460 and 2021 c 200 s 4 are each amended to read as follows:

(1) Recognizing that there is a positive correlation between education opportunities and reduced recidivism, it is the intent of the legislature to offer appropriate postsecondary degree or certificate opportunities to incarcerated individuals.

(2) The legislature intends that all incarcerated individuals be required to participate in department-approved education programs, work programs, or both, unless exempted as specifically provided in this section. Eligible incarcerated individuals who refuse to participate in available education or work programs available at no charge to the incarcerated individuals shall lose privileges according to the system established under RCW 72.09.130. Eligible incarcerated individuals who are required to contribute financially to an education or work program and refuse to contribute shall be placed in another work program. Refusal to contribute shall not result in a loss of privileges.

(3) The legislature recognizes more incarcerated individuals may agree to participate in education and work programs than are available. The department must make

every effort to achieve maximum public benefit by placing incarcerated individuals in available and appropriate education and work programs.

(4) (a) The department shall, to the extent possible and considering all available funds, prioritize its resources to meet the following goals for incarcerated individuals in the order listed:

(i) Achievement of basic academic skills through obtaining a high school diploma or a high school equivalency certificate as provided in RCW 28B.50.536, including achievement by those incarcerated individuals eligible for special education services pursuant to state or federal law;

(ii) Achievement of vocational skills necessary for purposes of work programs and for an incarcerated individual to qualify for work upon release;

(iii) Additional work and education programs necessary for compliance with an incarcerated individual's individual reentry plan under RCW 72.09.270, including special education services and postsecondary degree or certificate education programs; and

(iv) Other appropriate vocational, work, or education programs that are not necessary for compliance with an incarcerated individual's individual reentry plan under RCW 72.09.270 including postsecondary degree or certificate education programs.

(b) (i) If programming is provided pursuant to (a) (i) through (iii) of this subsection, the department shall pay the cost of such programming, including but not limited to books, materials, and supplies for adult basic education programs and any postsecondary education program that is not financial aid eligible at the time the individual is enrolled or paid for by the department or third party.

(ii) For financial aid eligible postsecondary programming provided pursuant to (a) (i) through (iii) of this subsection, the department may require the individual to apply for any federal and state financial aid grants available to the individual as a condition of participation in such programming. The individual may elect to use available financial aid grants, self-pay, or any other available third-party funding, or use a combination of these methods to cover the cost of attendance for financial aid eligible postsecondary programming provided under this subsection (4) (b) (ii). If an individual elects to self-pay or utilize third-party funding, the individual is not subject to the postaward formula described in (c) of this subsection. If the cost of attendance exceeds any financial grant awards that may be available to the individual, or the person is not eligible for federal or state financial aid grants, the department shall pay the cost of attendance not otherwise covered by third-party funding. All regulations and requirements set forth by the United States department of education for federal pell grants for prison education programs apply to financial aid eligible postsecondary programming.

(c) If programming is provided pursuant to (a) (iv) of this subsection, incarcerated individuals shall be required to pay all or a portion of the costs, including books,

fees, and tuition, for participation in any vocational, work, or education program as provided in department policies. The individual may apply for and utilize federal and state financial aid grants available to the individual. If the individual is not eligible for federal financial aid grants, the individual may apply for and utilize state financial aid grants available to the individual. Department policies shall include a postaward formula for determining how much an incarcerated individual shall be required to pay after deducting any amount from available financial aid or other available sources. The postaward formula shall include steps which correlate to an incarcerated individual's average monthly income or average available balance in a personal savings account and which are correlated to a prorated portion or percent of the per credit fee for tuition, books, or other ancillary educational costs. Any postaward formula offsets and funds paid for by the department for educational programming shall not result in the reduction of any gift aid. The postaward formula shall be reviewed every two years. A third party, including but not limited to nonprofit entities or community-based postsecondary education programs, may pay directly to the department all or a portion of costs and tuition for any programming provided pursuant to (a)(iv) of this subsection on behalf of an incarcerated individual. Such payments shall not be subject to any of the deductions as provided in this chapter.

(d) All incarcerated individuals shall receive financial aid and academic advising from an accredited institution of higher education prior to enrollment in a financial aid eligible postsecondary education program. Eligible individuals who choose not to participate or choose to cease participation in a financial aid eligible postsecondary education program shall not result in a loss of privileges.

(e) Correspondence courses are ineligible for state and federal financial aid funding.

(f) The department may accept any and all donations and grants of money, equipment, supplies, materials, and services from any third party, including but not limited to nonprofit entities and community-based postsecondary education programs, and may receive, utilize, and dispose of same to complete the purposes of this section.

~~((+))~~(g) Any funds collected by the department under (c) and ~~((+))~~(h) of this subsection and subsections (11) and (12) of this section shall be used solely for the creation, maintenance, or expansion of incarcerated individual educational and vocational programs.

(5) The department shall provide access to a program of education to all incarcerated individuals who are under the age of eighteen and who have not met high school graduation requirements or requirements to earn a high school equivalency certificate as provided in RCW 28B.50.536 in accordance with chapter 28A.193 RCW. The program of education established by the department and education provider under RCW 28A.193.020 for incarcerated individuals under the age of

eighteen must provide each incarcerated individual a choice of curriculum that will assist the incarcerated individual in achieving a high school diploma or high school equivalency certificate. The program of education may include but not be limited to basic education, prevocational training, work ethic skills, conflict resolution counseling, substance abuse intervention, and anger management counseling. The curriculum may balance these and other rehabilitation, work, and training components.

(6)(a) In addition to the policies set forth in this section, the department shall consider the following factors in establishing criteria for assessing the inclusion of education and work programs in an incarcerated individual's individual reentry plan and in placing incarcerated individuals in education and work programs:

(i) An incarcerated individual's release date and custody level. An incarcerated individual shall not be precluded from participating in an education or work program solely on the basis of his or her release date, except that incarcerated individuals with a release date of more than one hundred twenty months in the future shall not comprise more than ten percent of incarcerated individuals participating in a new class I correctional industry not in existence on June 10, 2004;

(ii) An incarcerated individual's education history and basic academic skills;

(iii) An incarcerated individual's work history and vocational or work skills;

(iv) An incarcerated individual's economic circumstances, including but not limited to an incarcerated individual's family support obligations; and

(v) Where applicable, an incarcerated individual's prior performance in department-approved education or work programs;

(b) The department shall establish, and periodically review, incarcerated individual behavior standards and program outcomes for all education and work programs. Incarcerated individuals shall be notified of applicable behavior standards and program goals prior to placement in an education or work program and shall be removed from the education or work program if they consistently fail to meet the standards or outcomes.

(7) Eligible incarcerated individuals who refuse to participate in available education or work programs available at no charge to the incarcerated individuals shall lose privileges according to the system established under RCW 72.09.130. Eligible incarcerated individuals who are required to contribute financially to an education or work program and refuse to contribute shall be placed in another work program. Refusal to contribute shall not result in a loss of privileges.

(8) The department shall establish, by rule, a process for identifying and assessing incarcerated individuals with learning disabilities, traumatic brain injuries, and other cognitive impairments to determine whether the person requires accommodations in order to effectively participate in educational programming,

including general educational development tests and postsecondary education. The department shall establish a process to provide such accommodations to eligible incarcerated individuals.

(9) The department shall establish, and periodically review, goals for expanding access to postsecondary degree and certificate education programs and program completion for all incarcerated individuals, including persons of color. The department may contract and partner with any accredited educational program sponsored by a nonprofit entity, community-based postsecondary education program, or institution with historical evidence of providing education programs to people of color.

(10) The department shall establish, by rule, objective medical standards to determine when an incarcerated individual is physically or mentally unable to participate in available education or work programs. When the department determines an incarcerated individual is permanently unable to participate in any available education or work program due to a health condition, the incarcerated individual is exempt from the requirement under subsection (2) of this section. When the department determines an incarcerated individual is temporarily unable to participate in an education or work program due to a medical condition, the incarcerated individual is exempt from the requirement of subsection (2) of this section for the period of time he or she is temporarily disabled. The department shall periodically review the medical condition of all incarcerated individuals with temporary disabilities to ensure the earliest possible entry or reentry by incarcerated individuals into available programming.

(11) The department shall establish policies requiring an incarcerated individual to pay all or a portion of the costs and tuition for any vocational training or postsecondary education program if the incarcerated individual previously abandoned coursework related to postsecondary degree or certificate education or vocational training without excuse as defined in rule by the department. Department policies shall include a formula for determining how much an incarcerated individual shall be required to pay. The formula shall include steps which correlate to an incarcerated individual's average monthly income or average available balance in a personal savings account and which are correlated to a prorated portion or percent of the per credit fee for tuition, books, or other ancillary costs. The formula shall be reviewed every two years. A third party may pay directly to the department all or a portion of costs and tuition for any program on behalf of an incarcerated individual under this subsection. Such payments shall not be subject to any of the deductions as provided in this chapter.

(12) Notwithstanding any other provision in this section, an incarcerated individual (~~sentenced to death under chapter 10.95 RCW or~~) subject to the provisions of 8 U.S.C. Sec. 1227:

(a) Shall not be required to participate in education programming except as may be

necessary for the maintenance of discipline and security;

(b) May not participate in a postsecondary degree education program offered by the department or its contracted providers, unless the incarcerated individual's participation in the program is paid for by a third party or by the individual;

(c) May participate in prevocational or vocational training that may be necessary to participate in a work program;

(d) Shall be subject to the (~~applicable provisions of this chapter~~) requirements relating to incarcerated individual financial responsibility for programming under subsection (4) of this section.

(13) If an incarcerated individual has participated in postsecondary education programs, the department shall provide the incarcerated individual with a copy of the incarcerated individual's unofficial transcripts, at no cost to the individual, upon the incarcerated individual's release or transfer to a different facility. Upon the incarcerated individual's completion of a postsecondary education program, the department shall provide to the incarcerated individual, at no cost to the individual, a copy of the incarcerated individual's unofficial transcripts. This requirement applies regardless of whether the incarcerated individual became ineligible to participate in or abandoned a postsecondary education program.

(14) For the purposes of this section (~~or "third party"~~):

(a) "Third party" includes a nonprofit entity or community-based postsecondary education program that partners with the department to provide accredited postsecondary education degree and certificate programs at state correctional facilities.

(b) "Gift aid" has the meaning provided in RCW 28B.145.010.

**Sec. 2.** RCW 72.09.465 and 2021 c 200 s 5 are each amended to read as follows:

(1)(a) The department may implement postsecondary degree or certificate education programs at state correctional institutions.

(b) The department may consider for inclusion in any postsecondary degree or certificate education program, any education program from an accredited community or technical college, college, or university that is limited to no more than a bachelor's degree. Washington state-recognized preapprenticeship programs may also be included as appropriate postsecondary education programs.

(2) Incarcerated individuals not meeting the department's priority criteria for the (~~state-funded~~) postsecondary degree education program offered by the department or its contracted providers shall be required to pay the costs for participation in a postsecondary education degree program if (~~he or she elects~~) they elect to participate through self-pay, including costs of books, fees, tuition, or any other appropriate ancillary costs, by one or more of the following means:

(a) ~~((The))~~ For a postsecondary degree education program that is eligible for financial aid, the incarcerated individual who is participating in the ((postsecondary education degree)) program may, during confinement, provide the required payment or payments to the ~~((department))~~ school; ~~((or))~~

(b) For a postsecondary degree education program that is not eligible for financial aid, the incarcerated individual who is participating in the program may, during confinement, provide the required payment or payments to the department; or

**PART II  
HUMAN SERVICES**

**Sec. 201.** 2023 c 475 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(7) The health care authority, the health benefit exchange, the department of social and health services, the department of health, the department of corrections, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that projects are planned for in a manner that ensures the efficient use of state resources, support the adoption of a cohesive technology and data architecture, and maximize federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in section 701 of this act.

(8)(a) The appropriations to the department of social and health services in this act must be expended for the programs and in the amounts specified in this act. However, after May 1, 2024, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year 2024 among programs and subprograms after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2024 caseload forecasts and utilization assumptions in the long-term care, developmental disabilities, and public assistance programs, the department may transfer state appropriations that are provided solely for a specified purpose. The department may not transfer funds, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(9) The department may not transfer appropriations for the developmental disabilities program to any other program of the department of social and health services, or between subprograms of the developmental disabilities program itself.

By federal standard any programs created or funded by this waiver do not create an entitlement. The demonstration period for the waiver as described in subsections (2), (3), and (4) of this section begins July 1, 2023.

(2) (a) (~~(\$150,219,000)~~) \$342,398,000 of the general fund—federal appropriation and (~~(\$150,219,000)~~) \$213,592,000 of the general fund—local appropriation are provided solely for accountable communities of health described in initiative 1 of the 1115 demonstration waiver and this is the maximum amount that may be expended for this purpose. The authority may provide medicaid quality improvement program payments to apple health managed care organizations and their partnering providers as they meet designated milestones. Partnering providers and apple health managed care organizations must work together to achieve medicaid quality improvement program goals according to the performance period timelines and reporting deadlines as set forth by the authority. The authority may only use the medicaid quality improvement program to support initiatives 1, 2, and 3 as described in the 1115 demonstration waiver and may not pursue its use for other purposes. Any programs created or funded by the medicaid quality improvement program do not constitute an entitlement for clients or providers. The authority shall not supplement the amounts provided in this subsection with any general fund—state, general fund—federal, or general fund—local moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section. The director shall report to the joint select committee on health care oversight not less than quarterly on financial and health outcomes. (5) \$1,432,000 of the general fund—state appropriation for fiscal year 2024 and \$3,008,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for supported employment services and \$1,478,000 of the general fund—state appropriation for fiscal year 2024 and \$3,162,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for supported housing services, similar to the services described in initiatives 3a and 3b of the 1115 demonstration waiver to individuals who are ineligible for medicaid. Under these initiatives, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the authority or its third-party administrator. Before authorizing services, eligibility for initiative 3a or 3b of the 1115 demonstration waiver must first be determined.

(6) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(7) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(8) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(14) \$7,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within 11 months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. (13) The authority must establish minimum and maximum funding levels for all reserves allowed under behavioral health administrative service organization contracts and include contract language that clearly states the requirements and limitations. The reserve levels must be informed by the types of risk carried by behavioral health administrative service

organizations for mandatory services and also consider reasonable levels of operating reserves. The authority must monitor and ensure that behavioral health administrative service organization reserves do not exceed maximum levels. The authority must monitor revenue and expenditure reports and must require a behavioral health administrative service organization to submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract.
