increase the coordination and transfer of behavioral health calls received by certified public safety telecommunicators that are better addressed by clinic interventions provided by the 988 system. Tax revenue may be used to support on-site partnerships;

(b) Shall require that crisis call centers enter into data-sharing agreements, when appropriate, with the department, the authority, and applicable regional behavioral health administrative services organizations to provide reports and client level data regarding 988 crisis hotline calls, as allowed by and in compliance with existing federal and state law governing the sharing and use of protected health information, including dispatch time, arrival time, and disposition of the outreach for each call referred for outreach by each region. The department and the authority shall establish requirements that the crisis call centers report the data identified in this subsection (2)(b) to regional behavioral health administrative services organizations for the purposes of maximizing medicaid reimbursement, as appropriate, and implementing this chapter and chapters 71.05 and 71.34 RCW including, but not limited to, administering crisis services for the assigned regional service area, contracting with a sufficient number of licensed or certified providers for crisis services, establishing and maintaining quality assurance processes, maintaining patient tracking, and developing and implementing strategies to coordinate care for individuals with a history of frequent crisis system utilization.

(3) The department shall adopt rules by January 1, 2025, to establish standards for designation of crisis call centers as designated 988 contact hubs. The department shall collaborate with the authority and other agencies to assure coordination and availability of services, and shall consider national guidelines for behavioral health crisis care as determined by the federal substance abuse and mental health services administration, national behavioral health accrediting bodies, and national behavioral health provider associations to the extent they are appropriate, and recommendations from the crisis response improvement strategy committee created in RCW 71.24.892.

(4) The department shall designate designated 988 contact hubs by January 1, 2026. The designated 988 contact hubs shall provide crisis intervention services, triage, care coordination, referrals, and connections to individuals contacting the 988 crisis hotline from any jurisdiction within Washington 24 hours a day, seven days a week, using the system platform developed under subsection (5) of this section.

(a) To be designated as a designated 988 contact hub, the applicant must demonstrate to the department the ability to comply with the requirements of this section and to contract to provide designated 988 contact hub services. The department may revoke the designation of any designated 988 contact hub that fails to substantially comply with the contract.

(b) The contracts entered shall require designated 988 contact hubs to:

(i) Have an active agreement with the administrator of the national suicide prevention lifeline for participation within its network;

(ii) Meet the requirements for operational and clinical standards established by the department and based upon the national suicide prevention lifeline best practices guidelines and other recognized best practices;

(iii) Employ highly qualified, skilled, and trained clinical staff who have sufficient training and resources to provide empathy to callers in acute distress, de-escalate crises, assess behavioral health disorders and suicide risk, triage to system partners for callers that need additional clinical interventions, and provide case management and documentation. Call center staff shall be trained to make every effort to resolve cases in the least restrictive environment and without law enforcement involvement whenever possible. Call center staff shall coordinate with certified peer counselors to provide follow-up and outreach to callers in distress as available. It is intended for transition planning to include a pathway for continued employment and skill advancement as needed for experienced crisis call center employees;

(iv) Train employees on agricultural community cultural competencies for suicide prevention, which may include sharing resources with callers that are specific to members from the agricultural community. The training must prepare staff to provide appropriate assessments, interventions, and resources to members of the agricultural community. Employees may make warm transfers and referrals to a crisis hotline that specializes in working with members from the agricultural community, provided that no person contacting 988 shall be transferred or referred to another service if they are currently in crisis and in need of emotional support;

(v) Prominently display 988 crisis hotline information on their websites and social media, including a description of what the caller should expect when contacting the crisis call center and a description of the various options available to the caller, including call lines specialized in the behavioral health needs of veterans, American Indian and Alaska Native persons, Spanish-speaking persons, and LGBTQ populations. The website may also include resources for programs and services related to suicide prevention for the agricultural community;

(vi) Collaborate with the authority, the national suicide prevention lifeline, and veterans crisis line networks to assure consistency of public messaging about the 988 crisis hotline;

(vii) Develop and submit to the department protocols between the designated 988 contact hub and 911 call centers within the region in which the designated crisis call center operates and receive approval of the protocols by the department and the state 911 coordination office;

(viii) Develop, in collaboration with the region's behavioral health administrative services organizations, and jointly submit to the authority protocols related to the

dispatching of mobile rapid response crisis teams and community-based crisis teams endorsed under RCW 71.24.903 and receive approval of the protocols by the authority;

(ix) Provide data and reports and participate in evaluations and related quality improvement activities, according to standards established by the department in collaboration with the authority; and

(x) Enter into data-sharing agreements with the department, the authority, and applicable regional behavioral health administrative services organizations to provide reports and client level data regarding 988 crisis hotline calls, as allowed by and in compliance with existing federal and state law governing the sharing and use of protected health information, including dispatch time, arrival time, and disposition of the outreach for each call referred for outreach by each region. The department and the authority shall establish requirements that the designated 988 contact hubs report the data identified in this subsection (4)(b)(x) to regional behavioral health administrative services organizations for the purposes of maximizing medicaid reimbursement, as appropriate, and implementing this chapter and chapters 71.05 and 71.34 RCW including, but not limited to, administering crisis services for the assigned regional service area, contracting with a sufficient number or licensed or certified providers for crisis services, establishing and maintaining quality assurance processes, maintaining patient tracking, and developing and implementing strategies to coordinate care for individuals with a history of frequent crisis system utilization.

(c) The department and the authority shall incorporate recommendations from the crisis response improvement strategy committee created under RCW 71.24.892 in its agreements with designated 988 contact hubs, as appropriate.

(5) The department and authority must coordinate to develop the technology and platforms necessary to manage and operate the behavioral health crisis response and suicide prevention system. The department and the authority must include the crisis call centers and designated 988 contact hubs in the decision-making process for selecting any technology platforms that will be used to operate the system. No decisions made by the department or the authority shall interfere with the routing of the 988 crisis hotline calls, texts, or chat as part of Washington's active agreement with the administrator of the national suicide prevention lifeline or 988 administrator that routes 988 contacts into Washington's system. The technologies developed must include:

(a) A new technologically advanced behavioral health and suicide prevention crisis call center system platform for use in designated 988 contact hubs designated by the department under subsection (4) of this section. This platform, which shall be fully funded by ~~((July 1, 2024))~~ January 1, 2026, shall be developed by the department and must include the capacity to receive crisis assistance requests through phone calls, texts, chats, and other similar methods of

communication that may be developed in the future that promote access to the behavioral health crisis system; and

(b) A behavioral health integrated client referral system capable of providing system coordination information to designated 988 contact hubs and the other entities involved in behavioral health care. This system shall be developed by the authority.

(6) In developing the new technologies under subsection (5) of this section, the department and the authority must coordinate to designate a primary technology system to provide each of the following:

(a) Access to real-time information relevant to the coordination of behavioral health crisis response and suicide prevention services, including:

(i) Real-time bed availability for all behavioral health bed types and recliner chairs, including but not limited to crisis stabilization services, 23-hour crisis relief centers, psychiatric inpatient, substance use disorder inpatient, withdrawal management, peer-run respite centers, and crisis respite services, inclusive of both voluntary and involuntary beds, for use by crisis response workers, first responders, health care providers, emergency departments, and individuals in crisis; and

(ii) Real-time information relevant to the coordination of behavioral health crisis response and suicide prevention services for a person, including the means to access:

(A) Information about any less restrictive alternative treatment orders or mental health advance directives related to the person; and

(B) Information necessary to enable the designated 988 contact hub to actively collaborate with emergency departments, primary care providers and behavioral health providers within managed care organizations, behavioral health administrative services organizations, and other health care payers to establish a safety plan for the person in accordance with best practices and provide the next steps for the person's transition to follow-up noncrisis care. To establish information-sharing guidelines that fulfill the intent of this section the authority shall consider input from the confidential information compliance and coordination subcommittee established under RCW 71.24.892;

~~((b))~~ (b) The means to track the outcome of the 988 call to enable appropriate follow-up, cross-system coordination, and accountability, including as appropriate: (i) Any immediate services dispatched and reports generated from the encounter; (ii) the validation of a safety plan established for the caller in accordance with best practices; (iii) the next steps for the caller to follow in transition to noncrisis follow-up care, including a next-day appointment for callers experiencing urgent, symptomatic behavioral health care needs; and (iv) the means to verify and document whether the caller was successful in making the transition to appropriate noncrisis follow-up care indicated in the safety plan for the person, to be completed either by the care coordinator provided through the person's managed care organization, health plan, or

behavioral health administrative services organization, or if such a care coordinator is not available or does not follow through, by the staff of the designated 988 contact hub;

(c) A means to facilitate actions to verify and document whether the person's transition to follow-up noncrisis care was completed and services offered, to be performed by a care coordinator provided through the person's managed care organization, health plan, or behavioral health administrative services organization, or if such a care coordinator is not available or does not follow through, by the staff of the designated 988 contact hub;

(d) The means to provide geographically, culturally, and linguistically appropriate services to persons who are part of high-risk populations or otherwise have need of specialized services or accommodations, and to document these services or accommodations; and

(e) When appropriate, consultation with tribal governments to ensure coordinated care in government-to-government relationships, and access to dedicated services to tribal members.

(7) The authority shall:

(a) Collaborate with county authorities and behavioral health administrative services organizations to develop procedures to dispatch behavioral health crisis services in coordination with designated 988 contact hubs to effectuate the intent of this section;

(b) Establish formal agreements with managed care organizations and behavioral health administrative services organizations by January 1, 2023, to provide for the services, capacities, and coordination necessary to effectuate the intent of this section, which shall include a requirement to arrange next-day appointments for persons contacting the 988 crisis hotline experiencing urgent, symptomatic behavioral health care needs with geographically, culturally, and linguistically appropriate primary care or behavioral health providers within the person's provider network, or, if uninsured, through the person's behavioral health administrative services organization;

(c) Create best practices guidelines by July 1, 2023, for deployment of appropriate and available crisis response services by designated 988 contact hubs to assist 988 hotline callers to minimize nonessential reliance on emergency room services and the use of law enforcement, considering input from relevant stakeholders and recommendations made by the crisis response improvement strategy committee created under RCW 71.24.892;

(d) Develop procedures to allow appropriate information sharing and communication between and across crisis and emergency response systems for the purpose of real-time crisis care coordination including, but not limited to, deployment of crisis and outgoing services, follow-up care, and linked, flexible services specific to crisis response; and

(e) Establish guidelines to appropriately serve high-risk populations who request crisis services. The authority shall design these guidelines to promote behavioral

health equity for all populations with attention to circumstances of race, ethnicity, gender, socioeconomic status, sexual orientation, and geographic location, and include components such as training requirements for call response workers, policies for transferring such callers to an appropriate specialized center or subnetwork within or external to the national suicide prevention lifeline network, and procedures for referring persons who access the 988 crisis hotline to linguistically and culturally competent care.

(8) The department shall monitor trends in 988 crisis hotline caller data, as reported by designated 988 contact hubs under subsection (4)(b)(x) of this section, and submit an annual report to the governor and the appropriate committees of the legislature summarizing the data and trends beginning December 1, 2027.

**Sec. 2.** RCW 71.24.892 and 2023 c 454 s 6 are each amended to read as follows:

(1) The crisis response improvement strategy committee is established for the purpose of providing advice in developing an integrated behavioral health crisis response and suicide prevention system containing the elements described in this section. The work of the committee shall be received and reviewed by a steering committee, which shall in turn form subcommittees to provide the technical analysis and input needed to formulate system change recommendations.

(2) The behavioral health institute at Harborview medical center shall facilitate and provide staff support to the steering committee and to the crisis response improvement strategy committee. The behavioral health institute may contract for the provision of these services.

(3) The steering committee shall consist of the five members specified as serving on the steering committee in this subsection and one additional member who has been appointed to serve pursuant to the criteria in either (j), (k), (l), or (m) of this subsection. The steering committee shall select three cochairs from among its members to lead the crisis response improvement strategy committee. The crisis response improvement strategy committee shall consist of the following members, who shall be appointed or requested by the authority, unless otherwise noted:

(a) The director of the authority, or his or her designee, who shall also serve on the steering committee;

(b) The secretary of the department, or his or her designee, who shall also serve on the steering committee;

(c) A member representing the office of the governor, who shall also serve on the steering committee;

(d) The Washington state insurance commissioner, or his or her designee;

(e) Up to two members representing federally recognized tribes, one from eastern Washington and one from western Washington, who have expertise in behavioral health needs of their communities;

(f) One member from each of the two largest caucuses of the senate, one of whom shall also be designated to participate on

the steering committee, to be appointed by the president of the senate;

(g) One member from each of the two largest caucuses of the house of representatives, one of whom shall also be designated to participate on the steering committee, to be appointed by the speaker of the house of representatives;

(h) The director of the Washington state department of veterans affairs, or his or her designee;

(i) The state 911 coordinator, or his or her designee;

(j) A member with lived experience of a suicide attempt;

(k) A member with lived experience of a suicide loss;

(l) A member with experience of participation in the crisis system related to lived experience of a mental health disorder;

(m) A member with experience of participation in the crisis system related to lived experience with a substance use disorder;

(n) A member representing each crisis call center in Washington that is contracted with the national suicide prevention lifeline;

(o) Up to two members representing behavioral health administrative services organizations, one from an urban region and one from a rural region;

(p) A member representing the Washington council for behavioral health;

(q) A member representing the association of alcoholism and addiction programs of Washington state;

(r) A member representing the Washington state hospital association;

(s) A member representing the national alliance on mental illness Washington;

(t) A member representing the behavioral health interests of persons of color recommended by Sea Mar community health centers;

(u) A member representing the behavioral health interests of persons of color recommended by Asian counseling and referral service;

(v) A member representing law enforcement;

(w) A member representing a university-based suicide prevention center of excellence;

(x) A member representing an emergency medical services department with a CARES program;

(y) A member representing medicaid managed care organizations, as recommended by the association of Washington healthcare plans;

(z) A member representing commercial health insurance, as recommended by the association of Washington healthcare plans;

(aa) A member representing the Washington association of designated crisis responders;

(bb) A member representing the children and youth behavioral health work group;

(cc) A member representing a social justice organization addressing police accountability and the use of deadly force; and

(dd) A member representing an organization specializing in facilitating

behavioral health services for LGBTQ populations.

(4) The crisis response improvement strategy committee shall assist the steering committee to identify potential barriers and make recommendations necessary to implement and effectively monitor the progress of the 988 crisis hotline in Washington and make recommendations for the statewide improvement of behavioral health crisis response and suicide prevention services.

(5) The steering committee must develop a comprehensive assessment of the behavioral health crisis response and suicide prevention services system by January 1, 2022, including an inventory of existing statewide and regional behavioral health crisis response, suicide prevention, and crisis stabilization services and resources, and taking into account capital projects which are planned and funded. The comprehensive assessment shall identify:

(a) Statewide and regional insufficiencies and gaps in behavioral health crisis response and suicide prevention services and resources needed to meet population needs;

(b) Quantifiable goals for the provision of statewide and regional behavioral health crisis services and targeted deployment of resources, which consider factors such as reported rates of involuntary commitment detentions, single-bed certifications, suicide attempts and deaths, substance use disorder-related overdoses, overdose or withdrawal-related deaths, and incarcerations due to a behavioral health incident;

(c) A process for establishing outcome measures, benchmarks, and improvement targets, for the crisis response system; and

(d) Potential funding sources to provide statewide and regional behavioral health crisis services and resources.

(6) The steering committee, taking into account the comprehensive assessment work under subsection (5) of this section as it becomes available, after discussion with the crisis response improvement strategy committee and hearing reports from the subcommittees, shall report on the following:

(a) A recommended vision for an integrated crisis network in Washington that includes, but is not limited to: An integrated 988 crisis hotline and designated 988 contact hubs; mobile rapid response crisis teams and community-based crisis teams endorsed under RCW 71.24.903; mobile crisis response units for youth, adult, and geriatric population; a range of crisis stabilization services; an integrated involuntary treatment system; access to peer-run services, including peer-run respite centers; adequate crisis respite services; and data resources;

(b) Recommendations to promote equity in services for individuals of diverse circumstances of culture, race, ethnicity, gender, socioeconomic status, sexual orientation, and for individuals in tribal, urban, and rural communities;

(c) Recommendations for a work plan with timelines to implement appropriate local responses to calls to the 988 crisis hotline within Washington in accordance with the

time frames required by the national suicide hotline designation act of 2020;

(d) The necessary components of each of the new technologically advanced behavioral health crisis call center system platform and the new behavioral health integrated client referral system, as provided under RCW 71.24.890, for assigning and tracking response to behavioral health crisis calls and providing real-time bed and outpatient appointment availability to 988 operators, emergency departments, designated crisis responders, and other behavioral health crisis responders, which shall include but not be limited to:

(i) Identification of the components that designated 988 contact hub staff need to effectively coordinate crisis response services and find available beds and available primary care and behavioral health outpatient appointments;

(ii) Evaluation of existing bed tracking models currently utilized by other states and identifying the model most suitable to Washington's crisis behavioral health system;

(iii) Evaluation of whether bed tracking will improve access to all behavioral health bed types and other impacts and benefits; and

(iv) Exploration of how the bed tracking and outpatient appointment availability platform can facilitate more timely access to care and other impacts and benefits;

(e) The necessary systems and capabilities that licensed or certified behavioral health agencies, behavioral health providers, and any other relevant parties will require to report, maintain, and update inpatient and residential bed and outpatient service availability in real time to correspond with the crisis call center system platform or behavioral health integrated client referral system identified in RCW 71.24.890, as appropriate;

(f) A work plan to establish the capacity for the designated 988 contact hubs to integrate Spanish language interpreters and Spanish-speaking call center staff into their operations, and to ensure the availability of resources to meet the unique needs of persons in the agricultural community who are experiencing mental health stresses, which explicitly addresses concerns regarding confidentiality;

(g) A work plan with timelines to enhance and expand the availability of mobile rapid response crisis teams and community-based crisis teams endorsed under RCW 71.24.903 based in each region, including specialized teams as appropriate to respond to the unique needs of youth, including American Indian and Alaska Native youth and LGBTQ youth, and geriatric populations, including older adults of color and older adults with comorbid dementia;

(h) The identification of other personal and systemic behavioral health challenges which implementation of the 988 crisis hotline has the potential to address in addition to suicide response and behavioral health crises;

(i) The development of a plan for the statewide equitable distribution of crisis stabilization services, behavioral health beds, and peer-run respite services;

(j) Recommendations concerning how health plans, managed care organizations, and behavioral health administrative services organizations shall fulfill requirements to provide assignment of a care coordinator and to provide next-day appointments for enrollees who contact the behavioral health crisis system;

(k) Appropriate allocation of crisis system funding responsibilities among medicaid managed care organizations, commercial insurers, and behavioral health administrative services organizations;

(l) Recommendations for constituting a statewide behavioral health crisis response and suicide prevention oversight board or similar structure for ongoing monitoring of the behavioral health crisis system and where this should be established; and

(m) Cost estimates for each of the components of the integrated behavioral health crisis response and suicide prevention system.

(7) The steering committee shall consist only of members appointed to the steering committee under this section. The steering committee shall convene the committee, form subcommittees, assign tasks to the subcommittees, and establish a schedule of meetings and their agendas.

(8) The subcommittees of the crisis response improvement strategy committee shall focus on discrete topics. The subcommittees may include participants who are not members of the crisis response improvement strategy committee, as needed to provide professional expertise and community perspectives. Each subcommittee shall have at least one member representing the interests of stakeholders in a rural community, at least one member representing the interests of stakeholders in an urban community, and at least one member representing the interests of youth stakeholders. The steering committee shall form the following subcommittees:

(a) A Washington tribal 988 subcommittee, which shall examine and make recommendations with respect to the needs of tribes related to the 988 system, and which shall include representation from the American Indian health commission;

(b) A credentialing and training subcommittee, to recommend workforce needs and requirements necessary to implement chapter 302, Laws of 2021, including minimum education requirements such as whether it would be appropriate to allow designated 988 contact hubs to employ clinical staff without a bachelor's degree or master's degree based on the person's skills and life or work experience;

(c) A technology subcommittee, to examine issues and requirements related to the technology needed to implement chapter 302, Laws of 2021;

(d) A cross-system crisis response collaboration subcommittee, to examine and define the complementary roles and interactions between mobile rapid response crisis teams and community-based crisis teams endorsed under RCW 71.24.903, designated crisis responders, law enforcement, emergency medical services teams, 911 and 988 operators, public and private health plans, behavioral health

crisis response agencies, nonbehavioral health crisis response agencies, and others needed to implement chapter 302, Laws of 2021;

(e) A confidential information compliance and coordination subcommittee, to examine issues relating to sharing and protection of health information needed to implement chapter 302, Laws of 2021;

(f) A 988 geolocation subcommittee, to examine privacy issues related to federal planning efforts to route 988 crisis hotline calls based on the person's location, rather than area code, including ways to implement the federal efforts in a manner that maintains public and clinical confidence in the 988 crisis hotline. The 988 geolocation subcommittee must include persons with lived experience with behavioral health conditions as well as representatives of crisis call centers, the behavioral health interests of persons of color, and behavioral health providers; and

(g) Any other subcommittee needed to facilitate the work of the committee, at the discretion of the steering committee.

(9) The proceedings of the crisis response improvement strategy committee must be open to the public and invite testimony from a broad range of perspectives. The committee shall seek input from tribes, veterans, the LGBTQ community, and communities of color to help discern how well the crisis response system is currently working and recommend ways to improve the crisis response system.

(10) Legislative members of the crisis response improvement strategy committee shall be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(11) The steering committee, with the advice of the crisis response improvement strategy committee, shall provide a progress report and the result of its comprehensive assessment under subsection (5) of this section to the governor and appropriate policy and fiscal committee of the legislature by January 1, 2022. The steering committee shall report the crisis response improvement strategy committee's further progress and the steering committee's recommendations related to designated 988 contact hubs to the governor and appropriate policy and fiscal committees of the legislature by January 1, 2023, and January 1, 2024. The steering committee shall provide its final report to the governor and the appropriate policy and fiscal committees of the legislature by ~~((January 1, 2025))~~ July 1, 2026.

(12) This section expires ~~((June 30, 2025))~~ December 31, 2026."

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds and declares that:

(1) The existence of accessible and affordable health care services that are responsive to the needs of the community is an important public policy goal.

(2) The COVID-19 pandemic laid bare both the crucial importance of our health care systems and the inequities that exist and exacerbate harm to marginalized communities, including in access to and delivery of affordable, quality care.

(3) Health entity mergers, acquisitions, and contracting affiliations impact cost, quality, and access to health care, and affect working conditions and employee benefits.

(4) Health entity mergers, acquisitions, and contracting affiliations have been shown to result in anticompetitive consequences, including higher prices and a lack of any meaningful choice among health care providers within a community or geographic region. These negative outcomes are exacerbated for those in rural areas with few health care providers.

(5) The legislature is committed to ensuring that Washingtonians have access to the full range of reproductive, end-of-life, and gender affirming health care services. Yet, Washingtonians continue to experience difficulty accessing gender affirming care, and health entity mergers and acquisitions in Washington state have resulted in material reductions in reproductive and end-of-life health care services, to the detriment of communities and patients.

(6) Health entity mergers, acquisitions, and contracting affiliations must improve rather than harm access to affordable quality health care.

**Sec. 2.** RCW 19.390.010 and 2019 c 267 s 1 are each amended to read as follows:

(1) It is the intent of the legislature to ensure that competition beneficial to consumers in health care markets across Washington remains vigorous and robust and that health care be affordable and accessible. The legislature supports ~~((that intent))~~ these intents through this chapter, which provides the attorney general with notice of all material health care transactions in this state so that the attorney general has the information necessary to determine whether an investigation under the consumer protection act is

warranted for potential anticompetitive conduct and consumer harm. This chapter is intended to supplement the federal Hart-Scott-Rodino antitrust improvements act, Title 15 U.S.C. Sec. 18a, by requiring notice of transactions not reportable under Hart-Scott-Rodino reporting thresholds and by providing the attorney general with a copy of any filings made pursuant to the Hart-Scott-Rodino act. In addition to ensuring vigorous and robust competition in health care markets, this chapter is also intended to ensure material change transactions result in the affected communities having the same or greater access to quality, affordable care, including emergency care, primary care, reproductive care, end-of-life care including services provided in accordance with chapter 70.245 RCW, and gender affirming care.

(2) Notwithstanding the language in this chapter regarding the attorney general's authority to determine the effect of a material change transaction on access to care, nothing in this chapter is intended to derogate from or otherwise affect in any way the attorney general's authority to conduct an investigation, or the process of any investigation, under chapter 19.86 RCW. Nothing in this section is intended to change or affect in any way any substantive law regarding the antitrust analysis of a material change transaction.

**Sec. 3.** RCW 19.390.020 and 2019 c 267 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Acquisition" means an agreement, arrangement, or activity the consummation of which results in a person acquiring directly or indirectly the control of another person, and includes the acquisition of voting securities and noncorporate interests, such as assets, capital stock, membership interests, or equity interests.

(2) "Affiliate" means a person that directly, or indirectly through one or more intermediaries, controls or has ownership of, is controlled or owned by, or is under common control or ownership of a person. A provider organization that is not otherwise affiliated with a hospital or hospital system is not considered an affiliate of a hospital or hospital system solely on the basis that it contracts with the hospital or hospital system to provide facility-based services including, but not limited to, emergency, anesthesiology, pathology, radiology, or hospital services.

(3) "Carrier" means the same as in RCW 48.43.005.

~~((3))~~ (4) "Contracting affiliation" means the formation of a relationship between two or more entities that permits the entities to negotiate jointly with carriers or third-party administrators over rates for professional medical services, or for one entity to negotiate on behalf of the other entity with carriers or third-party administrators over rates for professional medical services. "Contracting affiliation" does not include arrangements among entities under common ownership or arrangements where at least one entity in the arrangement is owned or operated by a state entity.

~~((4))~~ (5) "Gender affirming care" means a service or product that a health care provider, as defined in RCW 70.02.010, prescribes to an individual to treat any condition related to the individual's gender identity and is prescribed in accordance with generally accepted standards of care. Gender affirming care must be covered in a manner compliant with the federal mental health parity and addiction equity act of 2008 and the federal patient protection and affordable care act of 2010. Gender affirming care can be prescribed to two spirit, transgender, nonbinary, intersex, and other gender diverse individuals.

(6) "Health care revenue" means combined Washington-derived revenue from health care services or administration from a party and all of its affiliates including, but not limited to, patient revenue and premiums paid to carriers, as applicable.

(7) "Health care services" means medical, surgical, chiropractic, hospital, optometric, podiatric, pharmaceutical, ambulance, mental health, substance use disorder, therapeutic, preventative, diagnostic, curative, rehabilitative, palliative, custodial, and any other services relating to the prevention, cure, or treatment of illness, injury, or disease. Health care services may be provided virtually, on-demand, or in brick and mortar settings.

~~((5) "Health care services revenue" means the total revenue received for health care services in the previous twelve months.~~

~~(6))~~ (8) "Health maintenance organization" means an organization receiving a certificate of registration pursuant to chapter 48.46 RCW which provides comprehensive health care services to enrolled participants of such organization on a group practice per capita prepayment basis or on a prepaid individual practice plan, except for an enrolled participant's responsibility for copayments and deductibles, either directly or through contractual or other arrangements with other institutions, entities, or persons, and which qualifies as a health maintenance organization pursuant to RCW 48.46.030 and 48.46.040.

~~((7))~~ (9) "Hospital" means a facility licensed under chapter 70.41 or 71.12 RCW.

~~((8))~~ (10) "Hospital system" means:

(a) A parent corporation of one or more hospitals and any entity affiliated with such parent corporation ~~((through ownership or control)); or~~

(b) A hospital and any entity affiliated with such hospital ~~((through ownership)).~~

~~((9))~~ (11) "Merger" means a consolidation of two or more organizations, including two or more organizations joining through a common parent organization or two or more organizations forming a new organization, but does not include a corporate reorganization.

~~((10))~~ (12) "Person" means, where applicable, natural persons, corporations, trusts, and partnerships.

~~((11))~~ (13) "Provider" means a natural person who practices a profession identified in RCW 18.130.040.

~~((12))~~ (14) "Provider organization" means a corporation, partnership, business trust, association, or organized group of persons, whether incorporated or not, which is in the business of health care delivery or management and that represents seven or more health care providers in contracting with carriers or third-party administrators for the payments of health care services. A "provider organization" includes physician organizations, physician-hospital organizations, independent practice associations, provider networks, and accountable care organizations.

~~((13))~~ (15) "Reproductive health care" means any medical services or treatments, including pharmaceutical and preventive care services or treatments, directly involved in the reproductive system and its processes, functions, and organs involved in reproduction, in all stages of life.

(16) "Successor persons" means persons formed by, resulting from, or surviving any material change transaction under this chapter.

(17) "Third-party administrator" means an entity that administers payments for health care services on behalf of a client in exchange for an administrative fee.

**Sec. 4.** RCW 19.390.030 and 2019 c 267 s 3 are each amended to read as follows:

(1) Not less than ~~((sixty))~~ 120 days prior to the effective date of any transaction that results in a material change, the parties to the transaction shall submit written notice to the attorney general of such material change transaction.

(2) For the purposes of this ~~((section))~~ chapter, a material change transaction includes a merger, acquisition, or contracting affiliation ~~((between))~~:

(a) Between two or more ((entities)) of the following ((types)) entities:

~~((a))~~ (i) Hospitals;

~~((b))~~ (ii) Hospital systems; or

~~((c))~~ (iii) Provider organizations; or

(b) Between the following entities:

(i) An entity described in (a) of this subsection and a carrier or an insurance holding company system, as defined in RCW 48.31B.005; or

(ii) An entity described in (a) of this subsection and any other person or entity that has as its primary function the provision of health care services or that is a parent organization of, has control over, or governance of, an entity that has as its primary function the provision of health care services.

(3) A material change transaction includes proposed changes identified in subsection (2) of this section between ~~((a Washington entity and an out-of-state entity where the out-of-state entity generates ten million dollars or more in health care services revenue from patients residing in Washington state, and the entities are of the types identified in subsection (2) of this section))~~ Washington entities. A material change transaction also includes transactions between Washington entities described in subsection (2)(a) of this section and out-of-state entities if the transaction will impact health care in Washington. Any party to a material change transaction that is licensed or operating in Washington state shall submit a notice as required under this section.

(4) For purposes of subsection (2) of this section, a merger, acquisition, or contracting affiliation between two or more ~~((hospitals, hospital systems, or provider organizations))~~ entities only qualifies as a material change transaction if the ~~((hospitals, hospital systems, or provider organizations))~~ entities did not previously have common ownership or a contracting affiliation.

(5)(a) In a case of an extraordinary emergency situation that threatens access to health care services and has the potential to immediately harm consumers, the attorney general may allow parties to a transaction to submit notice less than 120 days before the effective date of any transaction.

(b) If the parties to a material change transaction seek to submit notice less than 120 days before the effective date of a transaction, the parties shall provide documentation to the attorney general's office demonstrating the existence of an extraordinary emergency situation, including a complete statement of facts, circumstances, and conditions which demonstrate the extraordinary emergency situation.

(c) No later than 45 days after receiving notice under (b) of this subsection, the attorney general's office must notify the parties whether the material change transaction is subject to emergency review or is subject to preliminary review requiring parties to provide documentation pursuant to RCW 19.390.040. If the material change transaction is accepted for emergency review, the attorney general's office must approve or deny the transaction within 90 days. If the attorney general denies emergency review, the transaction shall be subject to preliminary review.

**Sec. 5.** RCW 19.390.040 and 2019 c 267 s 4 are each amended to read as follows:

(1) ~~((The))~~ For material change transactions where none of the parties have generated \$25,000,000 or more in health care revenue in any of their preceding three fiscal years, or if any of the parties is a federally qualified health center or rural health clinic as those terms are defined by 42 U.S.C. Sec. 1395x(aa), the written notice provided by the parties, as required by RCW 19.390.030, must include:

(a) The names of the parties and their current business addresses;

(b) Identification of all locations where health care services are currently provided by each party and its affiliates;

(c) A brief description of the nature and purpose of the proposed material change transaction; and

(d) The anticipated effective date of the proposed material change transaction.

(2) For material change transactions where none of the parties are hospitals or hospital systems or an affiliate of a hospital or hospital system and all of the parties serve predominantly low-income, medically underserved individuals, and all of the parties had for each of their preceding three fiscal years at least 50 percent of their total patient revenue come from medicaid or local, state, or federal funding to provide care to uninsured or underinsured individuals, and the material change transaction would not result in materially lowering the overall level of care the successor persons' provide to individuals on medicaid or who are uninsured or underinsured, or cause, for the successor persons, the percentage of total patient revenue that comes from medicaid or local, state, or federal funding to provide care to uninsured or underinsured individuals to drop below 50 percent, the written notice provided by the parties, as required by RCW 19.390.030, must include:

(a) The information and documentation required under subsection (1)(a) through (d) of this section; and

(b) Documentation demonstrating that all the parties to the material change transaction had for each of their preceding three fiscal years at least 50 percent of their total patient revenue come from medicaid or local, state, or federal funding to provide care to uninsured or underinsured individuals, and a statement from the parties describing how the material change transaction will result in the successor persons complying with the requirements under this subsection.

(3)(a) For all material change transactions other than those specified under subsections (1) and (2) of this section, and except for transactions that fall under subsection (4) of this section, the written notice provided by the parties, as required by RCW 19.390.030, must include the following information, unless the attorney general agrees to narrow the scope of information needed relevant to the material change transaction:

(i) The information and documentation required under subsection (1)(a) through (d) of this section; and

(ii) Additional documentation established by rule making, including, but not limited to, information about the parties' organizational structure, finances, and the potential impact of the transaction on health care services, patient access and affordability, policies and procedures, community benefit, and staffing.

(b) When documents are readily available from a publicly available source for state or federal agencies, the parties may indicate the public availability to the attorney general with information on how to access the documents rather than providing the documents directly.

(4)(a) In cases of an extraordinary emergency situation that threatens access to health care services and has the potential to immediately harm consumers, the attorney general may limit the information otherwise required by subsection (3) of this section for the sole purpose of expediting the review process.

(b) If the parties to a material change transaction seek expedited review under (a) of this subsection, the parties shall provide documentation to the attorney general's office demonstrating the existence of an extraordinary emergency situation including a complete statement of facts, circumstances, and conditions which demonstrate the extraordinary emergency situation.

(c) The attorney general shall respond within 10 days to advise the parties as to whether any information otherwise required by subsection (3) of this section may be waived.

(d) Nothing in this subsection alters the preliminary or comprehensive review and oversight required under RCW 19.390.050, 19.390.070, and 19.390.080 and sections 7, 9 through 17, and 19 through 21 of this act.

(e) Nothing in this subsection alters the information collection requirements in other sections of this chapter including the requirement of a public hearing under section 12 of this act.

(5) The attorney general shall charge an applicant fee sufficient to cover the costs of implementing this chapter. Fees for a specific material change transaction review must be set relative to whether the review is preliminary or comprehensive.

(6) The attorney general may request and the parties shall provide additional information that is necessary to implement the goals of this chapter.

(7) Nothing in this section prohibits the parties to a material change transaction from voluntarily providing additional information to the attorney general.

**Sec. 6.** RCW 19.390.050 and 2019 c 267 s 5 are each amended to read as follows:

~~((The))~~ For the purpose of conducting an investigation under chapter 19.86 RCW or federal antitrust laws, the attorney general shall make any requests for additional information from the parties under RCW 19.86.110 within ~~((thirty))~~ 30 days of the date notice is received under RCW 19.390.030 and 19.390.040. ~~((Nothing))~~ Regardless of whether the attorney general requests additional information from the parties, nothing in this section precludes the attorney general from conducting an investigation or enforcing any state or federal ~~((antitrust))~~ laws at a later date.

**NEW SECTION. Sec. 7.** (1) The attorney general shall determine if the notice required under RCW 19.390.030 and 19.390.040 is complete for the purposes of review. If the attorney general determines that a notice is incomplete, it shall notify the parties within 15 working days after the date the notice was received stating the reasons for its determination of incompleteness.

(2) A completed notice shall be deemed received on the date when all the information required by RCW 19.390.040 has been submitted to the attorney general's office.

(3) For all material change transactions included under RCW 19.390.040(3), the attorney general shall, within five working days after receipt of a completed notice, include information about the notice on the attorney general's website and in a newspaper of general circulation in the county or counties where communities impacted by the material change transaction are located. In addition, the attorney general shall notify by first-class United States mail, email, or facsimile transmission, any person who has requested notice of the filing of such notices. The information must state that a notice has been received, state the names of the parties to the material change transaction, describe the contents of the written notice in clear and simple terms, and state the date and process by which a person may submit written comments about the notice to the attorney general's office.

(4) The attorney general is not required to make public any information submitted pursuant to its investigative authority under chapter 19.86 RCW, or any information or analysis associated with an investigation under chapter 19.86 RCW.

**Sec. 8.** RCW 19.390.080 and 2019 c 267 s 8 are each amended to read as follows:

Any person who fails to comply with ~~((any provision of this chapter))~~ RCW 19.390.030 or 19.390.040 is liable to the state for a civil penalty of ~~((not more than two hundred dollars per day for each day during which such person is in violation of this chapter))~~ up to 15 percent of the value of the material change transaction, in the discretion of the attorney general.

NEW SECTION. **Sec. 9.** (1) No material change transaction under this chapter may take place if it would detrimentally affect the continued existence of accessible, affordable health care in Washington state. To this end the material change transaction must result in the affected communities having the same or greater access to quality, affordable care, including but not limited to emergency care, primary care, reproductive health care, gender affirming care, and end-of-life care including services provided in accordance with chapter 70.245 RCW, and essential health benefit categories as that term is defined in RCW 48.43.005.

(2) In determining whether a material change transaction fulfills the requirements of subsection (1) of this section, the attorney general shall take into consideration whether the material change transaction:

- (a) Will reduce or maintain the growth in patient and health plan sponsor costs;
- (b) Will increase or maintain access to services, especially in medically underserved areas;
- (c) Will rectify historical and contemporary factors contributing to a lack of health equities or access to services;
- (d) Will improve or maintain health outcomes for residents of this state;
- (e) Will lower wages, reduce jobs, slow wage growth, or worsen benefits or other working conditions. However, nothing in this section prevents a health entity from revoking privileges due to quality of care or patient safety concerns;
- (f) Will result in a reduction in staffing capacity for the provision of medically necessary services to the extent such reductions would diminish patients' access to quality care;
- (g) Is necessary to maintain the solvency of an entity involved in the transaction. However, the attorney general may not determine that a material change transaction is necessary to maintain the solvency of an entity without first having an independent contractor prepare a financial assessment of the entity. Such assessment must include possible alternatives to the material change transaction and the likely impact of those alternatives, if implemented, on the entity's solvency.

(3) Nothing in this chapter is intended to derogate from or otherwise affect in any way the attorney general's authority to conduct an investigation, or the process of any investigation, under chapter 19.86 RCW. Nothing in this section is intended to change or affect in any way any substantive law regarding the antitrust analysis of a material change transaction.

NEW SECTION. **Sec. 10.** (1) For all material change transactions included under RCW 19.390.040(3), the attorney general shall conduct a preliminary review of the completed notice to determine if the material change transaction will fulfill the requirements under section 9 of this act. The review must include, but is not limited to, an analysis of the information and documentation provided under RCW 19.390.040 and one public hearing.

(2) After conducting the preliminary review, if the attorney general determines that the material change transaction is likely to fulfill the requirements under section 9 of this act, the attorney general may not conduct a comprehensive review of the material change transaction as provided under sections 11, 13, and 14 of this act.

(3) The attorney general shall, within 60 days of receiving a completed notice, inform parties to a material change transaction as to whether a comprehensive review of the material change transaction is required as provided under sections 11, 13, and 14 of this act.

(4) Nothing in this chapter is intended to derogate from or otherwise affect in any way the attorney general's authority to conduct an investigation, or the process of any investigation, under chapter 19.86 RCW. Nothing in this section is intended to change or affect in any way any substantive law regarding the antitrust analysis of a material change transaction.

**NEW SECTION. Sec. 11.** (1) For all material change transactions included under RCW 19.390.040(3) that are not limited to the preliminary review under section 10 of this act, the attorney general shall review the completed notice and conduct a comprehensive review. After conducting a comprehensive review, the attorney general shall within 120 days of receiving the completed notice:

(a) Approve the material change transaction in writing. The approval of a material change transaction pursuant to this chapter does not constitute approval for the purpose of RCW 19.86.170, or any other provision of state or federal consumer protection or antitrust law. Such approval pursuant to this chapter does not preclude the attorney general from taking any action to enforce state or federal consumer protection or antitrust law;

(b) Impose conditions or modifications on the material change transaction to ensure the requirements of section 9 of this act are met and that sufficient safeguards are in place to ensure communities have continued or improved access to affordable quality care. The imposition of such conditions or modifications shall be in writing and constitute a final decision subject to all appellate rights contained within this chapter; or

(c) Disapprove the material change transaction in writing with written justification, which shall constitute a final decision subject to all appellate rights contained within this act.

(2) Within 30 days after a final decision of the attorney general either denying or approving with modifications a material change transaction, any party to the material change transaction may appeal the decision to the superior court for review. The court may grant relief from the attorney general's final decision, but only upon a basis for relief recognized in RCW 34.05.570(3). An appeal to the superior court shall be to the superior court of a county in which the material change transaction is to have occurred or to the superior court for Thurston county. Such appeal shall be perfected by filing with the clerk of the court a notice of appeal and by serving a copy thereof by mail, or personally, on the attorney general or their appointed designee. The attorney general shall, in all cases within 15 days after the receipt of such notice of appeal, serve and file its notice of appearance and such appeal shall thereupon be deemed at issue. The attorney general shall serve upon the appealing party and file with the clerk of the court within 30 days of the filing of the appeal, a certified copy of the attorney general's official record which shall include the final decision, and all accompanying documents, subject to the same confidentiality protections provided to such documents in the underlying act. These shall become the record in the case subject to leave of the court. The superior court shall review the final decision of the attorney general, subject to the statutory requirements of the underlying act and chapter 34.05 RCW.

(3) The attorney general may not make its decision to disapprove the material change transaction subject to any condition not directly and rationally related to the requirements under section 9 of this act and any condition or modification must bear a direct and rational relationship to the notice under review and the requirements under section 9 of this act.

(4) Nothing in this chapter is intended to derogate from or otherwise affect in any way the attorney general's authority to conduct an investigation, or the process of any investigation, under chapter 19.86 RCW. Nothing in this section is intended to change or affect in any way any substantive law regarding the antitrust analysis of a material change transaction.

**NEW SECTION. Sec. 12.** During the course of the preliminary review of notices of material change transactions under RCW 19.390.040(3), as provided under section 10 of this act, the attorney general shall conduct one or more in person or remote public hearings. If a public hearing is conducted in person, it must be in a county where one of the communities impacted by the material change transaction is located and the attorney general must allow individuals to participate remotely in the hearing. If a material change transaction undergoes the comprehensive review process as provided for under sections 11, 13, and 14 of this act, the attorney general may conduct additional public hearings. At the hearings, anyone may file written comments and exhibits or appear and make a statement.

(1) The first public hearing must be held no later than 30 days after the attorney general receives a completed notice.

(2) At least 15 days prior to the public hearing, the attorney general shall provide notice of the time and place of the hearing on its website and to any person who has requested notice of the hearing in writing.

(3)(a) At least 15 days prior to the public hearing, the parties to the material change transaction shall provide notice of the time and place of the hearing. The notice must be provided:

(i) Through publication in a newspaper of general circulation in the communities that will be impacted by the material change transaction;

(ii) At the public entrance and on the bulletin board designated for legal or public notices of any hospital, hospital system, provider organization, and other health care facility that is the subject of the material change transaction;

(iii) Prominently on the website available to the public of any hospital, hospital system, provider organization, and other health care facility that is the subject of the material change transaction; and

(iv) On the website available to the employees of any hospital, hospital system, provider organization, and other health care facility that is the subject of the material change transaction. The notice of the time and place of the meeting must be provided in English and in the languages spoken by more than 10 percent of the population in the county or counties

in which the hospitals, hospital systems, provider organizations, or other health care facilities that are the subject of the material change transaction are located.

(b) For purposes of this section, "health care facility" means a hospital, clinic, nursing home, laboratory, office, or similar place where a health care provider provides health care to patients.

(4) Within 15 business days of the last hearing, the attorney general shall compile a summary report of each public hearing proceeding and post the summary report on its website.

(5) If during the course of the preliminary or comprehensive review, there is any change in the terms of the material change transaction that materially alters any of the information that the parties to the material change transaction provided under RCW 19.390.040(3), the attorney general shall conduct an additional public hearing to ensure adequate public comment regarding the proposed change.

(6) Nothing in this chapter is intended to derogate from or otherwise affect in any way the attorney general's authority to conduct an investigation, or the process of any investigation, under chapter 19.86 RCW. Nothing in this section is intended to change or affect in any way any substantive law regarding the antitrust analysis of a material change transaction.

**NEW SECTION. Sec. 13.** (1) For any material change transactions included under RCW 19.390.040(3), which are not limited to the preliminary review under section 10 of this act, the attorney general must hire an independent contractor to prepare a health equity assessment. The independent contractor shall be screened for any conflicts of interest in advance, agree to maintain confidentiality of information pursuant to this chapter, agree to charge a reasonable market-rate fee, and have necessary experience and expertise. In creating a health equity assessment, the independent contractor must engage with and provide input in the assessment from the department of health, local public health jurisdictions, emergency health care coalitions, health care entities, public health experts, organizations representing employees of the applicant, health care advocates, community members who reside in the service areas of the parties to the material change transaction, the parties to the material change transaction, and other individuals or organizations the attorney general, secretary of health, or independent contractor determine should be consulted. Any assessment conducted under this section must be completed 30 days prior to the attorney general's deadline to complete a review under section 10 of this act.

(2) The health equity assessment must contain information and data, including health services data, to better inform the attorney general as to whether the parties meet the requirements for a material change transaction under section 9 of this act.

(3) The health equity assessment must include, but is not limited to, the following information:

(a) An assessment of whether the material change transaction will improve or reduce access to health services in the communities impacted by the material change transaction including, but not limited to, emergency care services, primary care services, specialty services, reproductive health care services, gender affirming health care, and end-of-life services including services provided in accordance with chapter 70.245 RCW;

(b) An assessment of whether the material change transaction will reduce health disparities with particular reference to members of medically underserved groups in the parties' service areas;

(c) An assessment of the effect of the material change transaction on the affordability and provision of health care services to individuals eligible for medical assistance under chapter 74.09 RCW or medicare, indigent individuals, individuals with disabilities, women, racial and ethnic minorities, lesbian, gay, bisexual, transgender, gender diverse, or queer individuals, terminally ill individuals, and other underserved or marginalized populations;

(d) An assessment of the effect of the material change transaction on the level and type of charity care the parties to the material change transaction will provide;

(e) An assessment of the effect of the material change transaction on any community benefit program that the parties to the material change transaction have historically funded or operated;

(f) An assessment of the effect of the material change transaction on staffing for patient care and areas of patient care within facilities as it may affect availability of care, on the likely retention of employees as it may affect continuity of care, and on the rights of employees to provide input on health quality and staffing issues;

(g) An assessment of the effect of the material change transaction on the cost of patient care;

(h) An assessment of the prior performance of the parties to the material change transaction in meeting state and federal requirements to provide uncompensated care, community services, and access by minorities and people with disabilities to programs receiving federal financial assistance, including the existence of any civil rights access complaints against any of the parties, and how the material change transaction will impact the fulfillment of these requirements;

(i) An assessment of whether the material change transaction will have a positive or negative impact on effective communication between the hospitals, hospital systems, or provider organizations and people with limited English-speaking ability and those with speech, hearing, or visual impairments;

(j) An assessment of whether the material change transaction will reduce architectural barriers for people with mobility impairments with specific input from the department of health;

(k) A review of how the parties to the material change transaction will maintain or improve the quality of health services including a review of:

(i) Demographics of the parties' service areas;

(ii) Economic status of the population of the parties' services area;

(iii) Physician and professional staffing issues related to the material change transaction;

(iv) Availability of similar services at other institutions in or near the parties' services area; and

(v) Historical and projected market shares of hospitals, hospital systems, and provider organizations in the parties' service area;

(l) A financial and economic assessment that includes a description of current costs and competition in the relevant geographic and product market and any anticipated changes in such costs and competition as a result of the material change transaction; and

(m) A discussion of alternatives, and anticipated impacts of alternatives, to the material change transaction, including: (i) Closure of any of the health facilities that are the subject of the material change transaction; and (ii) recommendations for additional feasible mitigation measures that would reduce or eliminate any significant adverse effect on health care services and affordability identified in the health equity assessment.

(4) The information contained in the independent health equity assessment must be used by the attorney general's office in determining under section 11 of this act whether to impose conditions or modifications or disapprove the material change transaction.

(5) The health equity assessment must be posted on the attorney general's website.

**NEW SECTION. Sec. 14.** (1) The attorney general may at its discretion appoint a review board of stakeholders to conduct a comprehensive review and make recommendations as to whether a material change transaction under RCW 19.390.040(3), other than material change transactions limited to the preliminary review under section 10 of this act, fulfills the requirements under section 9 of this act.

(2) A review board convened by the attorney general under this section must consist of members of the communities affected by the material change transaction, consumer advocates, and health care experts.

(3) No more than one-third of the members of the review board may be representatives of institutional health care providers. The attorney general may not appoint to a review board an individual who is employed by or has a contract with a party to the material change transaction or is employed by a competitor that is of a similar size to a party to the material change transaction.

(4) A member of a review board shall file a notice of conflict of interest and the notice shall be made public.

**NEW SECTION. Sec. 15.** (1) The secretary of state may not accept any forms or documents in connection with any material change transaction if the attorney general, in accordance with section 11 of this act, disapproved the material change transaction or the parties to the material change transaction have not agreed to any conditions or modifications imposed by the attorney general in accordance with section 11 of this act.

(2) The attorney general may seek an injunction to prevent any material change transaction that has been disapproved by the attorney general in accordance with section 11 of this act or that does not incorporate any conditions or modifications imposed by the attorney general in accordance with section 11 of this act.

**NEW SECTION. Sec. 16.** For any material change transaction included under RCW 19.390.040(3), the following apply:

(1) Once a material change transaction is finalized the parties shall inform the attorney general in the form and manner prescribed by the attorney general.

(2) For at least 10 years, the attorney general shall monitor the parties' and any successor persons' ongoing compliance with this chapter.

(3) The attorney general shall, for 10 years, require biennial reports from the parties to the material change transaction or any successor persons to ensure compliance with section 9 of this act and any conditions or modifications the attorney general imposed on the material change transaction. The attorney general may request information and documents and conduct on-site compliance audits.

(4) To effectively monitor ongoing compliance, the attorney general shall regularly provide the opportunity for the public to submit written comments, and may, in its discretion, contract with experts and consultants. Contract costs must not exceed an amount that is reasonable and necessary to conduct the review and evaluation.

(5) If the attorney general has reason to believe that the parties or successor persons' of a material change transaction no longer satisfy the requirements of section 9 of this act, or are not complying with any conditions or modifications imposed by the attorney general under section 11 of this act, the attorney general shall conduct an investigation. As part of the investigation the attorney general will provide public notice of the investigation and obtain input from community members impacted by the material change transaction. Following the investigation, the attorney general shall publish a report of its findings.

(6) If after the investigation, the attorney general determines that the parties or successor persons no longer satisfy the requirements of section 9 of this act, or are not complying with conditions or modifications imposed under section 11 of this act, the attorney

general shall issue an order directing the parties or successor persons to come into compliance with this chapter and a timeline by which the parties must enter into compliance.

(7) If the parties or successor persons do not enter into compliance with the attorney general's order, the attorney general may impose civil fines of no less than \$10,000 per day until the parties or successor persons comply with the order, and may take legal action under section 17 of this act.

(8) The cost of the investigation and any on-site reviews related to determining the validity of the information will be borne by the parties to the material change transaction or successor persons.

(9) The attorney general may bill the parties or successor persons and the parties or successor persons billed by the attorney general shall promptly pay. If the parties or successor persons fail to pay within 30 days, the attorney general may assess a civil fine of five percent of the billed amount for each day the party does not pay.

**NEW SECTION. Sec. 17.** The attorney general has the authority to ensure compliance with commitments that inure to the public interest. The attorney general may take legal action to enforce this chapter, any conditions or modifications the attorney general imposes on a material change transaction, or any order the attorney general issues under section 16 of this act. The attorney general may obtain restitution, injunctive relief, civil penalties, disgorgement of profits, attorneys' fees, and such other relief as the court deems necessary to ensure compliance. The remedies provided under this chapter are in addition to any other remedy that may be available under any other provision of law.

**Sec. 18.** RCW 19.390.070 and 2019 c 267 s 7 are each amended to read as follows:

(1) Information submitted to the attorney general (~~(pursuant to this chapter)~~) under RCW 19.390.050 shall be maintained and used by the attorney general in the same manner and under the same protections as provided in RCW 19.86.110. The information, including documentary material, answers to written interrogatories, or transcripts of oral testimony produced pursuant to a demand or copies, must not, unless otherwise ordered by a superior court for good cause shown, be produced for inspection or copying pursuant to chapter 42.56 RCW by the person who produced the material, answered written interrogatories or gave oral testimony.

(2)(a) The parties to a material change transaction may designate portions of documents submitted pursuant to RCW 19.390.040 and any documents thereafter submitted by the parties as confidential if the information is sensitive financial, commercial, or proprietary information or is protected from disclosure by state or federal law. The applicant shall provide two versions of any document designated as confidential. One shall be marked as "CONFIDENTIAL" and shall contain the full unredacted version of the document and shall be maintained as such by the attorney general, the entity providing the financial assessment pursuant to section 9 of this act, and the entity providing the health equity assessment pursuant to section 13 of this act. The second shall be marked as "PUBLIC" and shall contain a redacted version of the materials from which the confidential portions have been removed or obscured and shall be made available by the attorney general to the public and the review board of stakeholders pursuant to section 14 of this act. An applicant claiming confidentiality in respect to documents shall include a redaction log that provides a reasonably detailed statement of the grounds on which confidentiality is claimed, citing the applicable basis for confidentiality of each portion.

(b) Confidential materials provided by a party to a material change transaction that is subject to review by the attorney general shall be maintained as confidential materials and not subject to disclosure under chapter 42.56 RCW.

(3) All materials provided during public hearings are considered public records for purposes of chapter 42.56 RCW.

(4) Nothing in this chapter limits the attorney general's authority under RCW 19.86.110 or 19.86.115. Nothing in this chapter expands the attorney general's authority under chapter 19.86 RCW, federal or state antitrust law, or any other law. Failure to comply with this chapter does not provide a private cause of action.

**NEW SECTION. Sec. 19.** No provision of chapter 19.390 RCW derogates from the common law or statutory authority of the attorney general.

**NEW SECTION. Sec. 20.** The attorney general may adopt rules necessary to implement chapter 19.390 RCW and may contract with and provide reasonable reimbursement to qualified persons to assist in determining whether parties or successor persons are in compliance with the requirements under this chapter.

**NEW SECTION. Sec. 21.** If a material change transaction is also subject to review under chapter 70.38 or 70.45 RCW, the review under those chapters shall be concurrent with the review under this chapter, to the extent practicable.

**NEW SECTION. Sec. 22.** Every four years, the attorney general shall commission a study of the impact of material change transactions in Washington state. The study must review material change transactions occurring during the previous four-year period and include an analysis of:

- (1) The impact on costs to consumers and health sponsors for health care; and

(2) Any increases or decreases in the quality of care, including:

(a) Improvement or reductions in morbidity;

(b) Improvement or reductions in the management of population health;

(c) Improvement or reductions in access to emergency care services, primary care services, reproductive health care services, gender affirming care services, and end-of-life care services including services provided in accordance with chapter 70.245 RCW; and

(d) Changes to health and patient outcomes, particularly for underserved and uninsured individuals, recipients of medical assistance and other low-income individuals, and individuals living in rural areas, as measured by nationally recognized measures of the quality of health care, such as measures used or endorsed by the national committee for quality assurance, the national quality forum, the physician consortium for performance improvement, or the agency for health care research and quality.

(3) The attorney general shall commission the first study under this section no later than January 1, 2028.

NEW SECTION. **Sec. 23.** (1) By January, 2026, the attorney general shall complete a study on the impact of health care mergers and acquisitions in Washington state between health carriers as defined in RCW 48.43.005 and hospitals, hospital systems, or provider organizations. The study shall include:

(a) The impact on costs to consumers and health sponsors for health care; and

(b) Any increases or decreases in the quality of care, including:

(i) Improvement or reductions in morbidity;

(ii) Improvement or reductions in the management of population health;

(iii) Improvement or reductions in access to emergency care services, primary care services, reproductive health care services, gender affirming care services, and end-of-life care services including services provided in accordance with chapter 70.245 RCW; and

(iv) Changes to health and patient outcomes, particularly for underserved and uninsured individuals, recipients of medical assistance and other low-income individuals, and individuals living in rural areas, as measured by nationally recognized measures of the quality of health care, such as measures used or endorsed by the national committee for quality assurance, the national quality forum, the physician consortium for performance improvement, or the agency for health care research and quality.

(2) This section expires July 1, 2026.

NEW SECTION. **Sec. 24.** This act does not apply to any pending material change transaction with a letter of intent signed in 2023.

NEW SECTION. **Sec. 25.** This act may be known and cited as the keep our care act.

NEW SECTION. **Sec. 26.** The attorney general may take the necessary steps to ensure that this act is implemented on July 1, 2025.

NEW SECTION. **Sec. 27.** Sections 7, 9 through 17, and 19 through 25 of this act are each added to chapter 19.390 RCW.

NEW SECTION. **Sec. 28.** This act takes effect July 1, 2025.

NEW SECTION. **Sec. 29.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

ESB 5462 Prime Sponsor, Senator Liias: Promoting inclusive learning standards and instructional materials in public schools. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Education.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature recognizes that Washington state law prohibits discrimination in public schools for certain protected classes. The legislature also acknowledges that school districts are required to adopt a policy related to the selection or removal of instructional materials. Under state rule, the instructional materials policy of each school district must establish and use appropriate screening criteria to identify and eliminate bias pertaining to protected classes.

(2) The legislature intends to expand these requirements by requiring school districts to adopt policies and procedures that incorporate adopting inclusive curricula and selecting inclusive instructional materials that include the histories, contributions, and perspectives of historically marginalized and underrepresented groups. The legislature recognizes that inclusive curricula have been shown to often improve the mental health, academic performance, attendance rates, and graduation rates of marginalized communities. Research on students' sense of belonging and community in the school setting confirms that inclusive curricula and learning environments contribute to increased school motivation, participation, and achievement.

(3) The legislature intends to promote culturally and experientially representative learning opportunities for all students by directing the office of the superintendent of

public instruction, when revising or developing state learning standards, to screen for inappropriate bias in the proposed state learning standards and to ensure that the histories, contributions, and perspectives of underrepresented peoples and communities are included in the standards.

(4) The legislature believes that promoting inclusive learning standards, curricula, and instructional materials will improve student achievement, attendance, parent and family engagement, and other dimensions that contribute to student success.

NEW SECTION. **Sec. 2.** A new section is added to chapter 28A.345 RCW to read as follows:

(1) By June 1, 2025, the Washington state school directors' association, with the assistance of the office of the superintendent of public instruction, must review and update a model policy and procedure regarding course design, selection, and adoption of instructional materials.

(2) The model policy and procedure must require that school district boards of directors, within available materials, adopt inclusive curricula and select diverse, equitable, inclusive, age-appropriate instructional materials that include the histories, contributions, and perspectives of historically marginalized and underrepresented groups including, but not limited to, people from various racial, ethnic, and religious backgrounds, people with differing learning needs, people with disabilities, LGBTQ people as the term is defined in RCW 43.114.010, and people with various socioeconomic and immigration backgrounds.

(3) The model policy and procedure must require that, in adopting curricula and selecting instructional materials in accordance with this section, school district boards of directors must seek curricula and instructional materials that are as culturally and experientially diverse as possible, recognizing that the availability of materials that include the histories, contributions, and perspectives of historically marginalized groups may vary.

(4) By October 1, 2025, school district boards of directors must amend the policy and procedures required under RCW 28A.320.230 to conform with the model policy and procedure required by this section. Additionally, by October 1, 2025, charter school boards and schools subject to state-tribal education compacts must adopt or amend their policies and procedures governing curricula adoption and the selection of instructional materials to conform with the model policy and procedure required by this section. For the purpose of documenting compliance with this section and assisting school districts in accordance with section 6 of this act, school district boards of directors, within 10 days of completing the policy and procedure updates required by this subsection (4), shall provide notice of the completed actions and electronic copies of the applicable policies and procedures to the office of the superintendent of public instruction.

(5) This section governs school operation and management under RCW 28A.710.040 and 28A.715.020, and applies to charter schools established under chapter 28A.710 RCW and state-tribal education compact schools subject to chapter 28A.715 RCW to the same extent as it applies to school districts.

**Sec. 3.** RCW 28A.320.230 and 1989 c 371 s 1 are each amended to read as follows:

Every board of directors, unless otherwise specifically provided by law, shall:

(1) (~~Prepare~~) In accordance with section 2 of this act, prepare, negotiate, set forth in writing and adopt, policy relative to the selection or deletion of instructional materials. Such policy shall:

(a) State the school district's goals and principles relative to instructional materials;

(b) Delegate responsibility for the preparation and recommendation of teachers' reading lists and specify the procedures to be followed in the selection of all instructional materials including text books;

(c) Establish an instructional materials committee to be appointed, with the approval of the school board, by the school district's chief administrative officer. This committee shall consist of representative members of the district's professional staff, including representation from the district's curriculum development committees, and, in the case of districts which operate elementary school(s) only, the educational service district superintendent, one of whose responsibilities shall be to assure the correlation of those elementary district adoptions with those of the high school district(s) which serve their children. The committee may include parents at the school board's discretion: PROVIDED, That parent members shall make up less than one-half of the total membership of the committee;

(d) Provide for reasonable notice to parents of the opportunity to serve on the committee and for terms of office for members of the instructional materials committee;

(e) Provide a system for receiving, considering and acting upon written complaints regarding instructional materials used by the school district;

(f) Provide free text books, supplies and other instructional materials to be loaned to the pupils of the school, when, in its judgment, the best interests of the district will be subserved thereby and prescribe rules and regulations to preserve such books, supplies and other instructional materials from unnecessary damage.

Recommendation of instructional materials shall be by the district's instructional materials committee in accordance with district policy. Approval or disapproval shall be by the local school district's board of directors.

Districts may pay the necessary travel and subsistence expenses for expert counsel from outside the district. In addition, the committee's expenses incidental to visits to observe other districts' selection procedures may be reimbursed by the school district.

Districts may, within limitations stated in board policy, use and experiment with instructional materials for a period of time before general adoption is formalized.

Within the limitations of board policy, a school district's chief administrator may purchase instructional materials to meet deviant needs or rapidly changing circumstances.

(2) Establish a depreciation scale for determining the value of texts which students wish to purchase.

**Sec. 4.** RCW 28A.655.070 and 2019 c 252 s 119 are each amended to read as follows:

(1) The superintendent of public instruction shall develop state learning standards that identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, develop student assessments, and implement the accountability recommendations and requests regarding assistance, rewards, and recognition of the state board of education.

(2) The superintendent of public instruction shall:

(a) Periodically revise the state learning standards, as needed, based on the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the state learning standards; ~~((and))~~

(b) Include a screening for biased content in each development or revision of a state learning standard and ensure that the concepts of diversity, equity, and inclusion, as those terms are defined in RCW 28A.415.443, are incorporated into each new or revised state learning standard. In meeting the requirements of this subsection (2)(b), the superintendent of public instruction shall consult with the applicable commissions established in Title 43 RCW and other persons and organizations with relevant expertise; and

(c) Review and prioritize the state learning standards and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the statewide student assessment and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline. The office of the superintendent of public instruction, within seven working days, shall post on its website any grade level content expectations provided to an assessment vendor for use in constructing the statewide student assessment.

(3) (a) In consultation with the state board of education, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the state learning standards identified in subsection (1) of this section. School districts shall administer the assessments under guidelines adopted by the superintendent of public instruction. The academic assessment system may include a variety of assessment methods, including criterion-referenced and performance-based measures.

(b) Effective with the 2009 administration of the Washington assessment of student learning and continuing with the statewide student assessment, the superintendent shall redesign the assessment in the content areas of reading, mathematics, and science in all grades except high school by shortening test administration and reducing the number of short answer and extended response questions.

(c) By the 2014-15 school year, the superintendent of public instruction, in consultation with the state board of education, shall modify the statewide student assessment system to transition to assessments developed with a multistate consortium, as provided in this subsection:

(i) The assessments developed with a multistate consortium to assess student proficiency in English language arts and mathematics shall be administered beginning in the 2014-15 school year, and beginning with the graduating class of 2020, the assessments must be administered to students in the tenth grade. The reading and writing assessments shall not be administered by the superintendent of public instruction or schools after the 2013-14 school year.

(ii) The high school assessments in English language arts and mathematics in (c) (i) of this subsection shall be used for the purposes of federal and state accountability and for assessing student career and college readiness.

(d) The statewide academic assessment system must also include the Washington access to instruction and measurement assessment for students with significant cognitive challenges.

(4) If the superintendent proposes any modification to the state learning standards or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments and proposed modifications to the state learning standards before the modifications are adopted.

(5) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the state learning standards at the appropriate periods in the student's educational development.

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system's item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students. The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

(9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the state learning standards and assessments for goals one and two.

(10) The superintendent shall develop assessments that are directly related to the state learning standards, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(11) The superintendent shall review available and appropriate options for competency-based assessments that meet the state learning standards. In accordance with the review required by this subsection, the superintendent shall provide a report and recommendations to the education committees of the house of representatives and the senate by November 1, 2019.

(12) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

(13) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

(14) The superintendent shall post on the superintendent's website lists of resources and model assessments in social studies, the arts, and health and fitness.

(15) The superintendent shall integrate financial education skills and content knowledge into the state learning standards pursuant to RCW 28A.300.460(2)(d).

(16)(a) The superintendent shall notify the state board of education in writing before initiating the development or revision of the state learning standards under subsections (1) and (2) of this section. The notification must be provided to the state board of education in advance for review at a regularly scheduled or special board meeting and must include the following information:

(i) The subject matter of the state learning standards;

(ii) The reason or reasons the superintendent is initiating the development or revision; and

(iii) The process and timeline that the superintendent intends to follow for the development or revision.

(b) The state board of education may provide a response to the superintendent's notification for consideration in the development or revision process in (a) of this subsection.

(c) Prior to adoption by the superintendent of any new or revised state learning standards, the superintendent shall submit the proposed new or revised state learning standards to the state board of education in advance in writing for review at a regularly scheduled or special board meeting. The state board of education may provide a response to the superintendent's proposal for consideration prior to final adoption.

(17) The state board of education may propose new or revised state learning standards to the superintendent. The superintendent must respond to the state board of education's proposal in writing.

(18) The superintendent shall produce and post on its website a schedule for the revision of state learning standards under subsection (2) of this section by September 1, 2025. In addition to notifying parents, schools, and the public of the revision schedules and timelines, the website posting must be updated as necessary to inform persons of the status of any pending revisions, and of any plans or actions related to developing new state learning standards under subsection (1) of this section.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.300 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction, in collaboration with the statewide association of educational service districts, the legislative youth advisory council established under RCW 43.15.095, and the Washington state school directors' association, must create an open collection of educational resources for inclusive curricula. The office of the superintendent of public instruction must consult with the Washington state office of equity established in RCW 43.06D.020 and any other relevant state agencies when creating the open collection of educational resources.

(2) The open collection of educational resources must include resources that include the histories, contributions, and perspectives of historically marginalized and underrepresented groups.

NEW SECTION. Sec. 6. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The office of the superintendent of public instruction shall, as soon as is practicable, compile information received under section 2(4) of this act and, based on the

received materials, prepare best practices and other informative materials to support school districts, charter schools, and state-tribal education compact schools in meeting the requirements of section 2 of this act.

(2) This section expires June 30, 2028."

2E2SSB 5580 Prime Sponsor, Ways & Means: Improving maternal health outcomes. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Health Care & Wellness.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 74.09 RCW to read as follows:

(1) By no later than January 1, 2026, the authority shall create a postdelivery and transitional care program that allows for extended postdelivery hospital care for people with a substance use disorder at the time of delivery. The authority shall:

(a) Allow for up to five additional days of hospitalization stay for the birth parent;

(b) Provide the birth parent access to integrated care and medical services including, but not limited to, access to clinical health, medication management, behavioral health, addiction medicine, specialty consultations, and psychiatric providers;

(c) Provide the birth parent access to social work support which includes coordination with the department of children, youth, and families to develop a plan for safe care;

(d) Allow dedicated time for health professionals to assist in facilitating early bonding between the birth parent and infant by helping the birth parent recognize and respond to their infant's cues; and

(e) Establish provider requirements and pay only those qualified providers for the services provided through the program.

(2) In administering the program, the authority shall seek any available federal financial participation under the medical assistance program, as codified at Title XIX of the federal social security act, the state children's health insurance program, as codified at Title XXI of the federal social security act, and any other federal funding sources that are now available or may become available.

**NEW SECTION. Sec. 2.** A new section is added to chapter 74.09 RCW to read as follows:

(1) Subject to the amounts appropriated for this specific purpose, the authority shall update the maternity support services program to address perinatal outcomes and increase equity and healthier birth outcomes. By January 1, 2026, the authority shall:

(a) Update current screening tools to be culturally relevant, include current risk factors, ensure the tools address health equity, and include questions identifying various social determinants of health that impact a healthy birth outcome and improve health equity;

(b) Ensure care coordination, including sharing screening tools with the patient's health care providers as necessary;

(c) Develop a mechanism to collect the results of the maternity support services screenings and evaluate the outcomes of the program. At minimum, the program evaluation shall:

(i) Identify gaps, strengths, and weaknesses of the program; and

(ii) Make recommendations for how the program may improve to better align with the authority's maternal and infant health initiatives; and

(d) Increase the allowable benefit and reimbursement rates with the goal of increasing utilization of services to all eligible maternity support services clients who choose to receive the services.

(2) The authority shall adopt rules to implement this section.

**NEW SECTION. Sec. 3.** A new section is added to chapter 74.09 RCW to read as follows:

By November 1, 2024, the income standards for a pregnant person eligible for Washington apple health pregnancy coverage shall have countable income equal to or below 210 percent of the federal poverty level.

**Sec. 4.** RCW 74.09.830 and 2021 c 90 s 2 are each amended to read as follows:

(1) The authority shall extend health care coverage from 60 days postpartum to one year postpartum for pregnant or postpartum persons who, on or after the expiration date of the

federal public health emergency declaration related to COVID-19, are receiving postpartum coverage provided under this chapter.

(2) By June 1, 2022, the authority must:

(a) Provide health care coverage to postpartum persons who reside in Washington state, have countable income equal to or below 193 percent of the federal poverty level, and are not otherwise eligible under Title XIX or Title XXI of the federal social security act; and

(b) Ensure all persons approved for pregnancy or postpartum coverage at any time are continuously eligible for postpartum coverage for 12 months after the pregnancy ends regardless of whether they experience a change in income during the period of eligibility.

(3) By November 1, 2024, the income standards for a postpartum person eligible for Washington apple health pregnancy or postpartum coverage shall have countable income equal to or below 210 percent of the federal poverty level.

(4) Health care coverage under this section must be provided during the 12-month period beginning on the last day of the pregnancy.

~~((4))~~ (5) The authority shall not provide health care coverage under this section to individuals who are eligible to receive health care coverage under Title XIX or Title XXI of the federal social security act. Health care coverage for these individuals shall be provided by a program that is funded by Title XIX or Title XXI of the federal social security act. Further, the authority shall make every effort to expedite and complete eligibility determinations for individuals who are presumptively eligible to receive health care coverage under Title XIX or Title XXI of the federal social security act to ensure the state is receiving the maximum federal match. This includes, but is not limited to, working with the managed care organizations to provide continuous outreach in various modalities until the individual's eligibility determination is completed. Beginning January 1, 2022, the authority must submit quarterly reports to the caseload forecast work group on the number of individuals who are presumptively eligible to receive health care coverage under Title XIX or Title XXI of the federal social security act but are awaiting for the authority to complete eligibility determination, the number of individuals who were presumptively eligible but are now receiving health care coverage with the maximum federal match under Title XIX or Title XXI of the federal social security act, and outreach activities including the work with managed care organizations.

~~((5))~~ (6) To ensure continuity of care and maximize the efficiency of the program, the amount and scope of health care services provided to individuals under this section must be the same as that provided to pregnant and postpartum persons under medical assistance, as defined in RCW 74.09.520.

~~((6))~~ (7) In administering this program, the authority must seek any available federal financial participation under the medical assistance program, as codified at Title XIX of the federal social security act, the state children's health insurance program, as codified at Title XXI of the federal social security act, and any other federal funding sources that are now available or may become available. This includes, but is not limited to, ensuring the state is receiving the maximum federal match for individuals who are presumptively eligible to receive health care coverage under Title XIX or Title XXI of the federal social security act by expediting completion of the individual's eligibility determination.

~~((7))~~ (8) Working with stakeholder and community organizations and the Washington health benefit exchange, the authority must establish a comprehensive community education and outreach campaign to facilitate applications for and enrollment in the program or into a more appropriate program where the state receives maximum federal match. Subject to the availability of amounts appropriated for this specific purpose, the education and outreach campaign must provide culturally and linguistically accessible information to facilitate participation in the program, including but not limited to enrollment procedures, program services, and benefit utilization.

~~((8))~~ (9) Beginning January 1, 2022, the managed care organizations contracted with the authority to provide postpartum coverage must annually report to the legislature on their work to improve maternal health for enrollees, including but not limited to postpartum services offered to enrollees, the percentage of enrollees utilizing each postpartum service offered, outreach activities to engage enrollees in available postpartum services, and efforts to collect eligibility information for the authority to ensure the enrollee is in the most appropriate program for the state to receive the maximum federal match.

Prime Sponsor, Law & Justice: Concerning the mental health sentencing alternative. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Community Safety, Justice, & Reentry.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.94A.695 and 2021 c 242 s 1 are each amended to read as follows:

(1) A defendant is eligible for the mental health sentencing alternative if:

(a) The defendant is convicted of a felony that is not a serious violent offense or sex offense;

(b) The defendant is diagnosed with a serious mental illness recognized by the diagnostic manual in use by mental health professionals at the time of sentencing;

(c) The defendant and the community would benefit from supervision and treatment, as determined by the judge; and

(d) The defendant is willing to participate in the sentencing alternative.

(2) A motion for a sentence under this section may be made by any party or the court, but is contingent upon the defendant's agreement to participate in the sentencing alternative. To determine whether the defendant has a serious mental illness, the court may rely on information including reports completed pursuant to chapters 71.05 and 10.77 RCW, or other mental health professional as defined in RCW 71.05.020, or other information and records related to mental health services. Information and records relating to mental health services must be handled consistently with RCW 9.94A.500(2). If insufficient information is available to determine whether a defendant has a serious mental illness, the court may order an examination of the defendant.

(3) To assist the court in its determination, the department shall provide a written report, which shall be in the form of a presentence investigation. Such report may be ordered by the court on the motion of a party prior to conviction if such a report will facilitate negotiations. The court may waive the production of this report if sufficient information is available to the court to make a determination under subsection (4) of this section. The report must contain:

(a) A proposed treatment plan for the defendant's mental illness, including at a minimum:

(i) The name and address of ~~((the))~~a treatment provider that ~~((has agreed))~~is agreeing to provide treatment to the defendant, including an intake evaluation, a psychiatric evaluation, and development of an individualized plan of treatment which shall be submitted as soon as possible to the department and the court; and

(ii) An agreement by the treatment provider to monitor the progress of the defendant on the sentencing alternative and notify the department and the court at any time during the duration of the order if reasonable efforts to engage the defendant fail to produce substantial compliance with court-ordered treatment conditions;

(b) A proposed monitoring plan, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;

(c) Recommended crime-related prohibitions and affirmative conditions; and

(d) A release of information, signed by the defendant, allowing the parties and the department to confirm components of the treatment and monitoring plan.

(4) After consideration of all available information and determining whether the defendant is eligible, the court shall consider whether the defendant and the community will benefit from the use of this sentencing alternative. The court shall consider the victim's opinion whether the defendant should receive a sentence under this section. If the sentencing court determines that a sentence under this section is appropriate, the court shall waive imposition of the sentence within the standard range. The court shall impose a term of community custody between 12 and 24 months if the midpoint of the defendant's standard range sentence is less than or equal to 36 months, and a term of community custody between 12 months and 36 months if the midpoint of the defendant's standard range sentence is longer than 36 months. The actual length of community custody within these ranges shall be at the discretion of the court.

(5) If the court imposes an alternative sentence under this section, the department shall assign a community corrections officer to supervise the defendant. The department shall provide a community corrections officer assigned under this section with appropriate training in mental health to be determined by the department.

(6) ~~((+))~~For a defendant participating in this sentencing alternative, the court and correctional facility may delay the defendant's release from total confinement in order to facilitate adherence to the defendant's treatment plan. This may include delaying release in order to:

(a) Allow a defendant to transfer directly to an inpatient treatment facility or supportive housing provider;

(b) Ensure appropriate transportation is established and available; or

(c) Release the defendant during business hours on a weekday when services are available.

(7)(a) The court may schedule progress hearings for the defendant to evaluate the defendant's progress in treatment and compliance with conditions of supervision.

(b) Before any progress hearing, the department and the treatment provider shall each submit a written report informing the parties of the defendant's progress and compliance with treatment, unless waived by the court. At the progress hearing, the court shall hear from the parties regarding the defendant's compliance and may modify the conditions of community custody if the modification serves the interests of justice and the best interests of the defendant.

~~((7-))~~ (8)(a) If the court imposes this sentencing alternative, the court shall impose conditions under RCW 9.94A.703 that ~~((do not conflict))~~ are consistent with this section and may impose any additional conditions recommended by any of the written reports regarding the defendant.

(b) The court shall impose specific treatment conditions:

(i) Meet with treatment providers and follow the recommendations provided in the individualized treatment plan as initially constituted or subsequently modified by the treatment provider;

(ii) Take medications as prescribed, including monitoring of compliance with medication if needed;

(iii) Refrain from using alcohol and nonprescribed controlled substances if the defendant has a diagnosis of a substance use disorder. The court may order the department to monitor for the use of alcohol or nonprescribed controlled substances if the court prohibits use of those substances.

~~((9-))~~ (9) Treatment issues arising during supervision shall be discussed collaboratively. The treatment provider, community corrections officer, and any representative of the person's medical assistance plan shall jointly determine intervention for violation of a treatment condition. The community corrections officer shall have the authority to address the violation independently if:

(a) The violation is safety related with respect to the defendant or others;

(b) The treatment violation consists of decompensation related to psychosis that presents a risk to the community or the defendant and cannot be mitigated by community intervention. The community corrections officer may intervene with available resources such as a designated crisis responder; or

(c) The violation relates to a standard condition for supervision.

~~((9-))~~ (10) The community corrections officer, treatment provider, and any engaged representative of the defendant's medical assistance plan should collaborate prior to a progress update to the court. Required treatment interventions taken between court progress hearings shall be reported to the court as a part of the regular progress update to the court.

~~((10-))~~ (11) The court may schedule a review hearing for a defendant under this sentencing alternative at any time to evaluate the defendant's progress with treatment or to determine if any violations have occurred.

(a) At a review hearing the court may modify the terms of the community custody or impose sanctions if the court finds that the conditions have been violated or that different or additional terms are in the best interest of the defendant.

(b) The court may order the defendant to serve a term of total or partial confinement for violating the terms of community custody or failing to make satisfactory progress in treatment.

~~((11-))~~ (12) The court shall schedule a termination hearing one month prior to the end of the defendant's community custody. A termination hearing may also be scheduled if the department or the state reports that the defendant has violated the terms of community custody imposed by the court. At that hearing, the court may:

(a) Authorize the department to terminate the defendant's community custody status on the expiration date; or

(b) Continue the hearing to a date before the expiration date of community custody, with or without modifying the conditions of community custody; or

(c) Revoke the sentencing alternative and impose a term of total or partial confinement within the standard sentence range or impose an exceptional sentence below the standard sentencing range if compelling reasons are found by the court or the parties agree to the downward departure. The defendant shall receive credit for time served while actively supervised in the community against any term of total confinement. The court must issue written findings indicating a substantial and compelling reason to revoke this sentencing alternative.

~~((12-))~~ (13)(a) The health care authority shall contract with a behavioral health agency, or an organization whose membership includes behavioral health agencies, in order to directly reimburse behavioral health providers for the following services for individuals participating in the sentencing alternative:

(i) In-custody mental health assessments;

(ii) In-custody preliminary treatment plan development; and

(iii) Ongoing monitoring of the defendant's adherence to the defendant's treatment plan and the requirements of the sentencing alternative, including reporting to the court and the department.

(b) A behavioral health provider may be reimbursed for the services provided under this subsection in an amount not to exceed \$1,000 for each individual participating in the sentencing alternative.

(14) For the purposes of this section:

(a) "Behavioral health provider" has the same meaning as in RCW 71.24.025.

(b) "Serious mental illness" means a mental, behavioral, or emotional disorder resulting in a serious functional impairment, which substantially interferes with or limits one or more major life activities.

~~((b-))~~ (c) "Victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

NEW SECTION. **Sec. 2.** A new section is added to chapter 71.24 RCW to read as follows:

Beginning January 1, 2025, the authority shall require that any contract with a managed care organization include a requirement that the managed care organization prioritize existing care coordination responsibilities, including in-custody mental health evaluations, treatment plan development, and same-day prescription access, for incarcerated individuals who are recommended for the mental health sentencing alternative under RCW 9.94A.695."

SSB 5667 Prime Sponsor, Agriculture, Water, Natural Resources & Parks: Concerning eligibility, enrollment, and compensation of small forestland owners volunteering for participation in the forestry riparian easement program. Reported by Committee on Capital Budget

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 76.13.120 and 2017 c 140 s 1 are each amended to read as follows:

(1) The legislature finds that the state should acquire easements primarily along riparian and other sensitive aquatic areas from qualifying small forestland owners willing to sell or donate easements to the state provided that the state will not be required to acquire the easements if they are subject to unacceptable liabilities. Therefore the legislature establishes a forestry riparian easement program.

(2) The definitions in this subsection apply throughout this section and RCW 76.13.100, 76.13.110, 76.13.140, and 76.13.160 unless the context clearly requires otherwise.

(a) "Forestry riparian easement" means an easement covering qualifying timber granted voluntarily to the state by a qualifying small forestland owner.

(b) "Qualifying small forestland owner" means a landowner meeting all of the following characteristics as of the date the department offers compensation for a forestry riparian easement:

(i) Is a small forestland owner as defined in (d) of this subsection; and

(ii) Is an individual, partnership, corporation, or other nongovernmental for-profit legal entity.

(c) "Qualifying timber" means those forest trees on land owned by a qualifying small forestland owner for which the small forestland owner is willing to grant the state a forestry riparian easement and meets all of the following:

(i) The forest trees are covered by a forest practices application that the small forestland owner is required to leave unharvested under the rules adopted under RCW 76.09.040, 76.09.055, and 76.09.370 or that is made uneconomic to harvest by those rules;

(ii) The forest trees are within or bordering a commercially reasonable harvest unit as determined under rules adopted by the forest practices board, or for which an approved forest practices application for timber harvest cannot be obtained because of restrictions under the forest practices rules;

(iii) The forest trees are located within, or affected by forest practices rules pertaining to any one, or all, of the following:

(A) Riparian or other sensitive aquatic areas;

(B) Channel migration zones; or

(C) Areas of potentially unstable slopes or landforms, verified by the department, and must meet all of the following:

(I) Are addressed in a forest practices application;

(II) Are adjacent to a commercially reasonable harvest area; and

(III) Have the potential to deliver sediment or debris to a public resource or threaten public safety.

(d) "Small forestland owner" means a landowner meeting all of the following characteristics:

(i) A forestland owner as defined in RCW 76.09.020 whose interest in the land and timber is in fee or who has rights to the timber to be included in the forestry riparian easement that extend at least (~~(fifty)~~) 40 years from the date the completed forestry riparian easement application associated with the easement is submitted;

(ii) An entity that has harvested from its own lands in this state during the three years prior to the year of application an average timber volume that would qualify the owner as a small harvester under RCW 84.33.035; and

(iii) An entity that certifies at the time of application that it does not expect to harvest from its own lands more than the volume allowed by RCW 84.33.035 during the (~~(ten)~~) 10 years following application. If a landowner's prior three-year average harvest exceeds the limit of RCW 84.33.035, or the landowner expects to exceed this limit during the (~~(ten)~~) 10 years following application, and that landowner establishes to the department's reasonable satisfaction that the harvest limits were or will be exceeded to raise funds to pay estate taxes or equally compelling and unexpected obligations such as court-ordered judgments or extraordinary medical expenses, the landowner shall be deemed to be a small forestland owner. For purposes of determining whether a person qualifies as a small forestland owner, the small forestland owner office, created in RCW 76.13.110, shall evaluate the landowner under this definition, pursuant to RCW 76.13.160, as of the date that the forest practices application is submitted and the date that the department offers compensation for the forestry riparian easement. A small forestland owner can include an individual, partnership, corporation, or other nongovernmental legal entity. If a landowner grants timber rights to another entity for less than five years, the landowner may still qualify as a small forestland owner under this section. If a landowner is unable to obtain an approved forest practices application for timber harvest for any of his or her land because of restrictions under the forest practices rules, the landowner may still qualify as a small forestland owner under this section.

(e) "Completion of harvest" means that the trees have been commercially harvested from an area and that further entry into that area by mechanized logging or slash treating equipment is not expected.

(3) Nothing in the eligibility limit identified in subsection (2)(c)(i) through (iii) of this section precludes inclusion of land in future mitigation programs.

(4) The department is authorized and directed to accept and hold in the name of the state of Washington forestry riparian easements granted by qualifying small forestland owners covering qualifying timber and to pay compensation to the landowners in accordance with this section. The department may not transfer the easements to any entity other than another state agency.

(~~(4)~~) (5) Forestry riparian easements shall be effective for (~~(fifty)~~) 40 years from the date of the completed forestry riparian easement application, unless the easement is voluntarily terminated earlier by the department, based on a determination that termination is in the best interest of the state, or under the terms of a termination clause in the easement.

(~~(5)~~) (6) Forestry riparian easements shall be restrictive of the timber only, and shall preserve all lawful uses of the easement premises by the landowner that are consistent with the terms of the easement and the requirement to protect riparian functions during the term of the easement, subject to the restriction that the leave trees required by the rules to be left on the easement premises may not be cut during the term of the easement. No right of public access to or across, or any public use of the easement premises is created by this statute or by the easement. Forestry riparian easements shall not be deemed to trigger the

compensating tax of or otherwise disqualify land from being taxed under chapter 84.33 or 84.34 RCW.

~~((6))~~ (7) The small forestland owner office shall determine what constitutes a completed application for a forestry riparian easement. An application shall, at a minimum, include documentation of the owner's status as a qualifying small forestland owner, identification of location and the types of qualifying timber, and notification of completion of harvest, if applicable.

~~((7))~~ (8) Upon receipt of the qualifying small forestland owner's forestry riparian easement application, and subject to the availability of amounts appropriated for this specific purpose, the following must occur:

(a) The small forestland owner office must determine the compensation to be offered to the qualifying small forestland owner for qualifying timber after the department accepts the completed forestry riparian easement application and the landowner has completed marking the boundary of the area containing the qualifying timber. The legislature recognizes that there is not readily available market transaction evidence of value for easements of the nature required by this section, and thus establishes the methodology provided in this subsection to ascertain the value for forestry riparian easements. Values so determined may not be considered competent evidence of value for any other purpose.

(b) The small forestland owner office, subject to the availability of amounts appropriated for this specific purpose, is responsible for assessing the volume of qualifying timber. However, no more than ~~((fifty))~~ 50 percent of the total amounts appropriated for the forestry riparian easement program may be applied to determine the volume of qualifying timber for completed forestry riparian easement applications. Based on the volume established by the small forestland owner office and using data obtained or maintained by the department of revenue under RCW 84.33.074 and 84.33.091, the small forestland owner office shall attempt to determine the fair market value of the qualifying timber as of the date of the ~~((complete forestry riparian easement application is))~~ completed harvest. To the extent reasonably possible, the forestry riparian easement applications should be processed in the order received. Removal of any qualifying timber before the expiration of the easement must be in accordance with the forest practices rules and the terms of the easement. There shall be no reduction in compensation for reentry.

~~((8))~~ (9) (a) ~~((Except as provided in subsection (9) of this section and subject))~~ Subject to the availability of amounts appropriated for this specific purpose, the small forestland owner office shall offer compensation for qualifying timber to the qualifying small forestland owner in the amount of ~~((fifty))~~ 70 percent of the value determined by the small forestland owner office, plus the compliance and reimbursement costs as determined in accordance with RCW 76.13.140. However, compensation for any qualifying small forestland owner for qualifying timber located on potentially unstable slopes or landforms may not exceed a total of ~~((fifty thousand dollars))~~ \$100,000 during any biennial funding period.

(b) If the landowner accepts the offer for qualifying timber, the department shall pay the compensation promptly upon:

(i) Completion of harvest in the area within a commercially reasonable harvest unit with which the forestry riparian easement is associated under an approved forest practices application, unless an approved forest practices application for timber harvest cannot be obtained because of restrictions under the forest practices rules;

(ii) Verification that the landowner has no outstanding violations under chapter 76.09 RCW or any associated rules; and

(iii) Execution and delivery of the easement to the department.

(c) Upon donation or payment of compensation, the department may record the easement.

~~((9) For approved forest practices applications for which the regulatory impact is greater than the average percentage impact for all small forestland owners as determined by an analysis by the department under the regulatory fairness act, chapter 19.85 RCW, the compensation offered will be increased to one hundred percent for that portion of the regulatory impact that is in excess of the average. Regulatory impact includes all trees identified as qualifying timber. A separate average or high impact regulatory threshold shall be established for western and eastern Washington. Criteria for these measurements and payments shall be established by the small forestland owner office.))~~

(10) (a) The forest practices board shall adopt rules under the administrative procedure act, chapter 34.05 RCW, to implement the forestry riparian easement program, including the following:

~~((a))~~ (i) A standard version of a forestry riparian easement application as well as all additional documents necessary or advisable to create the forestry riparian easements as provided for in this section;

~~((b))~~ (ii) Standards for descriptions of the easement premises with a degree of precision that is reasonable in relation to the values involved;

~~((c))~~ (iii) Methods and standards for cruises and valuation of forestry riparian easements for purposes of establishing the compensation. The department shall perform the timber cruises of forestry riparian easements required under this chapter and chapter 76.09 RCW. Timber cruises are subject to amounts appropriated for this purpose. However, no more than ~~((fifty))~~ 50 percent of the total appropriated funding for the forestry riparian easement program may be applied to determine the volume of qualifying timber for completed forestry riparian easement applications. Any rules concerning the methods and standards for valuations of forestry riparian easements shall apply only to the department, qualifying small forestland owners, and the small forestland owner office;

~~((d))~~ (iv) A method to determine that a forest practices application involves a commercially reasonable harvest, and adopt criteria for entering into a forestry riparian

easement where a commercially reasonable harvest is not possible or a forest practices application that has been submitted cannot be approved because of restrictions under the forest practices rules;

~~((e))~~ (v) A method to address blowdown of qualified timber falling outside the easement premises;

~~((f))~~ (vi) A formula for sharing of proceeds in relation to the acquisition of qualified timber covered by an easement through the exercise or threats of eminent domain by a federal or state agency with eminent domain authority, based on the present value of the department's and the landowner's relative interests in the qualified timber;

~~((g) High impact regulatory thresholds;~~

~~(h))~~ (vii) A method to determine timber that is qualifying timber because it is rendered uneconomic to harvest by the rules adopted under RCW 76.09.055 and 76.09.370;

~~((i))~~ (viii) A method for internal department review of small forestland owner office compensation decisions under this section; and

~~((j))~~ (ix) Consistent with RCW 76.13.180, a method to collect reimbursement from landowners who received compensation for a forestry riparian easement and who, within the first ~~((ten))~~ 10 years after receipt of compensation for a forestry riparian easement, sells the land on which an easement is located to a nonqualifying landowner.

(b) At least semiannually, the department shall consult with the small forestland owner advisory committee established in RCW 76.13.110(4) to review landowner complaints, administrative processes, rule recommendations, and related issues where the department is actively seeking the small forestland owner advisory committee's advice on potential improved efficiencies and effectiveness.

(11) The legislature finds that the overall societal benefits of economically viable working forests are multiple, and include the protection of clean, cold water, the provision of wildlife habitat, the sheltering of cultural resources from development, and the natural carbon storage potential of growing trees. As such, working forests and the ~~((forest [forestry]))~~ forestry riparian easement program may be part of the state's overall carbon sequestration strategy. If the state creates a climate strategy, the department must share information regarding the carbon sequestration benefits of the ~~((forest [forestry]))~~ forestry riparian easement program with other state programs using methods and protocols established in the state climate strategy that attempt to quantify carbon storage or account for carbon emissions. The department must promote the expansion of funding for the ~~((forest [forestry]))~~ forestry riparian easement program and the ecosystem services supported by the program based on the findings stated in RCW 76.13.100. Nothing in this subsection allows a landowner to be reimbursed by the state more than once for the same forest riparian easement application.

(12) It is the intent of the legislature that the small forestland owner office complete forestry riparian easement program application transactions within two years of the application receipt consistent with the goals of RCW 70A.65.270(2)(b)(iii).

**Sec. 2.** RCW 76.13.140 and 2011 c 218 s 2 are each amended to read as follows:

In order to assist small forestland owners to remain economically viable, the legislature intends that the qualifying small forestland owners be able to net ~~((fifty))~~ 70 percent of the value of the trees left in the buffer areas. The small forestland owner office may utilize landowners' actual mill receipts to help determine fair market value but may not require these documents in any valuation process. The amount of compensation offered in RCW 76.13.120 shall also include the compliance costs for participation in the forestry riparian easement program, including the cost of preparing and recording the forestry riparian easement, and any business and occupation tax and real estate excise tax imposed because of entering into the forestry riparian easement. The small forestland owner office may contract with private consultants that the office finds qualified to perform timber cruises of forestry riparian easements or to lay out streamside buffers and comply with other forest practices regulatory requirements related to the forestry riparian easement program. The department shall reimburse qualifying small forestland owners for the actual costs incurred for laying out the streamside buffers and marking the qualifying timber once a contract has been executed for the forestry riparian easement program. Reimbursement is subject to the work being acceptable to the department. The small forestland owner office shall determine how the reimbursement costs will be calculated."

(1) "Appraisal" means the process of estimating the fair market value or reconstructing the historical cost of an asset acquired in a past period as performed by a professionally designated real estate appraiser with no pecuniary interest in the property to be appraised. It includes a systematic, analytic determination and the recording and analyzing of property facts, rights, investments, and values based on a personal inspection and inventory of the property.

(2) "Arm's-length transaction" means a transaction resulting from good-faith bargaining between a buyer and seller who are not related organizations and have adverse positions in the market place. Sales or exchanges of nursing home facilities among two or more parties in which all parties subsequently continue to own one or more of the facilities involved in the transactions shall not be considered as arm's-length transactions for purposes of this chapter. Sale of a nursing home facility which is subsequently leased back to the seller within five years of the date of sale shall not be considered as an arm's-length transaction for purposes of this chapter.

(3) "Assets" means economic resources of the contractor, recognized and measured in conformity with generally accepted accounting principles.

(4) "Audit" or "department audit" means an examination of the records of a nursing facility participating in the medicaid payment system, including but not limited to: The contractor's financial and statistical records, cost reports and all supporting documentation and schedules, receivables, and resident trust funds, to be performed as deemed necessary by the department and according to department rule.

(5) "Capital component" means a fair market rental system that sets a price per nursing facility bed.

(6) "Capitalization" means the recording of an expenditure as an asset.

- (7) "Case mix" means a measure of the intensity of care and services needed by the residents of a nursing facility or a group of residents in the facility.
- (8) "Case mix index" means a number representing the average case mix of a nursing facility.
- (9) "Case mix weight" means a numeric score that identifies the relative resources used by a particular group of a nursing facility's residents.
- (10) "Contractor" means a person or entity licensed under chapter 18.51 RCW to operate a medicare and medicaid certified nursing facility, responsible for operational decisions, and contracting with the department to provide services to medicaid recipients residing in the facility.
- (11) "Default case" means no initial assessment has been completed for a resident and transmitted to the department by the cut-off date, or an assessment is otherwise past due for the resident, under state and federal requirements.
- (12) "Department" means the department of social and health services (DSHS) and its employees.
- (13) "Depreciation" means the systematic distribution of the cost or other basis of tangible assets, less salvage, over the estimated useful life of the assets.
- (14) "Direct care component" means nursing care and related care provided to nursing facility residents and includes the therapy care component, along with food, laundry, and dietary services of the previous system.
- (15) "Direct care supplies" means medical, pharmaceutical, and other supplies required for the direct care of a nursing facility's residents.
- (16) "Entity" means an individual, partnership, corporation, limited liability company, or any other association of individuals capable of entering enforceable contracts.
- (17) "Equity" means the net book value of all tangible and intangible assets less the recorded value of all liabilities, as recognized and measured in conformity with generally accepted accounting principles.
- (18) "Essential community provider" means a facility which is the only nursing facility within a commuting distance radius of at least forty minutes duration, traveling by automobile.
- (19) "Facility" or "nursing facility" means a nursing home licensed in accordance with chapter 18.51 RCW, excepting nursing homes certified as institutions for mental diseases, or that portion of a multiservice facility licensed as a nursing home, or that portion of a hospital licensed in accordance with chapter 70.41 RCW which operates as a nursing home.
- (20) "Fair market value" means the replacement cost of an asset less observed physical depreciation on the date for which the market value is being determined.
- (21) "Financial statements" means statements prepared and presented in conformity with generally accepted accounting principles including, but not limited to, balance sheet, statement of operations, statement of changes in financial position, and related notes.
- (22) "Generally accepted accounting principles" means accounting principles approved by the financial accounting standards board (FASB) or its successor.
- (23) "Grouper" means a computer software product that groups individual nursing facility residents into case mix classification groups based on specific resident assessment data and computer logic.
- (24) "High labor-cost county" means an urban county in which the median allowable facility cost per case mix unit is more than ten percent higher than the median allowable facility cost per case mix unit among all other urban counties, excluding that county.
- (25) "Historical cost" means the actual cost incurred in acquiring and preparing an asset for use, including feasibility studies, architect's fees, and engineering studies.
- (26) "Home and central office costs" means costs that are incurred in the support and operation of a home and central office. Home and central office costs include centralized services that are performed in support of a nursing facility. The department may exclude from this definition costs that are nonduplicative, documented, ordinary, necessary, and related to the provision of care services to authorized patients.
- (27) "Indirect care component" means the elements of administrative expenses, maintenance costs, taxes, and housekeeping services from the previous system.
- (28) "Large nonessential community providers" means nonessential community providers with more than sixty licensed beds, regardless of how many beds are set up or in use.
- (29) "Lease agreement" means a contract between two parties for the possession and use of real or personal property or assets for a specified period of time in exchange for specified periodic payments. Elimination (due to any cause other than death or divorce) or addition of any party to the contract, expiration, or modification of any lease term in effect on January 1, 1980, or termination of the lease by either party by any means shall constitute a termination of the lease agreement. An extension or renewal of a lease agreement, whether or not pursuant to a renewal provision in the lease agreement, shall be considered a new lease agreement. A strictly formal change in the lease agreement which modifies the method, frequency, or manner in which the lease payments are made, but does not increase the total lease payment obligation of the lessee, shall not be considered modification of a lease term.
- (30) "Medical care program" or "medicaid program" means medical assistance, including nursing care, provided under RCW 74.09.500 or authorized state medical care services.
- (31) "Medical care recipient," "medicaid recipient," or "recipient" means an individual determined eligible by the department for the services provided under chapter 74.09 RCW.
- (32) "Minimum data set" means the overall data component of the resident assessment instrument, indicating the strengths, needs, and preferences of an individual nursing facility resident.

(33) "Net book value" means the historical cost of an asset less accumulated depreciation.

(34) "Net invested funds" means the net book value of tangible fixed assets employed by a contractor to provide services under the medical care program, including land, buildings, and equipment as recognized and measured in conformity with generally accepted accounting principles.

(35) "Nonurban county" means a county which is not located in a metropolitan statistical area as determined and defined by the United States office of management and budget or other appropriate agency or office of the federal government.

(36) "Owner" means a sole proprietor, general or limited partners, members of a limited liability company, and beneficial interest holders of five percent or more of a corporation's outstanding stock.

(37) "Patient day" or "resident day" means a calendar day of care provided to a nursing facility resident, regardless of payment source, which will include the day of admission and exclude the day of discharge; except that, when admission and discharge occur on the same day, one day of care shall be deemed to exist. A "medicaid day" or "recipient day" means a calendar day of care provided to a medicaid recipient determined eligible by the department for services provided under chapter 74.09 RCW, subject to the same conditions regarding admission and discharge applicable to a patient day or resident day of care.

(38) "Patient-driven payment method" means a case mix system implemented by the centers for medicare and medicaid services to classify skilled nursing facility patients into payment groups based on specific data-driven patient characteristics.

(39) "Qualified therapist" means:

(a) A mental health professional as defined by chapter 71.05 RCW;

(b) An intellectual disabilities professional who is a therapist approved by the department who has had specialized training or one year's experience in treating or working with persons with intellectual or developmental disabilities;

(c) A speech pathologist who is eligible for a certificate of clinical competence in speech pathology or who has the equivalent education and clinical experience;

(d) A physical therapist as defined by chapter 18.74 RCW;

(e) An occupational therapist who is a graduate of a program in occupational therapy, or who has the equivalent of such education or training; and

(f) A respiratory care practitioner certified under chapter 18.89 RCW.

~~((39))~~ (40) "Quality enhancement component" means a rate enhancement offered to facilities that meet or exceed the standard established for the quality measures.

~~((40))~~ (41) "Rate" or "rate allocation" means the medicaid per-patient-day payment amount for medicaid patients calculated in accordance with the allocation methodology set forth in ~~((part E of this chapter))~~ RCW 74.46.421 through 74.46.531.

~~((41))~~ (42) "Rebased rate" or "cost-rebased rate" means a facility-specific component rate assigned to a nursing facility for a particular rate period established on desk-reviewed, adjusted costs reported for that facility covering at least six months of a prior calendar year designated as a year to be used for cost-rebasing payment rate allocations under the provisions of this chapter.

~~((42))~~ (43) "Records" means those data supporting all financial statements and cost reports including, but not limited to, all general and subsidiary ledgers, books of original entry, and transaction documentation, however such data are maintained.

~~((43))~~ (44) "Resident assessment instrument," including federally approved modifications for use in this state, means a federally mandated, comprehensive nursing facility resident care planning and assessment tool, consisting of the minimum data set and resident assessment protocols.

~~((44))~~ (45) "Resident assessment protocols" means those components of the resident assessment instrument that use the minimum data set to trigger or flag a resident's potential problems and risk areas.

~~((45) "Resource utilization groups" means a case mix classification system that identifies relative resources needed to care for an individual nursing facility resident.)~~

(46) "Secretary" means the secretary of the department of social and health services.

(47) "Small nonessential community providers" means nonessential community providers with sixty or fewer licensed beds, regardless of how many beds are set up or in use.

(48) "Therapy care" means those services required by a nursing facility resident's comprehensive assessment and plan of care, that are provided by qualified therapists, or support personnel under their supervision, including related costs as designated by the department.

(49) "Title XIX" or "medicaid" means the 1965 amendments to the social security act, P.L. 89-07, as amended and the medicaid program administered by the department.

(50) "Urban county" means a county which is located in a metropolitan statistical area as determined and defined by the United States office of management and budget or other appropriate agency or office of the federal government.

**Sec. 2.** RCW 74.46.485 and 2021 c 334 s 991 are each amended to read as follows:

(1) The legislature recognizes that staff and resources needed to adequately care for individuals with cognitive or behavioral impairments is not limited to support for activities of daily living. Therefore, the department shall:

(a) ~~(Employ the resource utilization group IV case mix classification methodology. The department shall use the fifty-seven group index maximizing model for the resource utilization group IV grouper version MDS 3.05, but in the 2021-2023 biennium the department~~

may revise or update the methodology used to establish case mix classifications to reflect advances or refinements in resident assessment or classification, as made available by the federal government. The department may adjust by no more than thirteen percent the case mix index for resource utilization group categories beginning with PA1 through PB2 to any case mix index that aids in achieving the purpose and intent of RCW 74.39A.007 and cost-efficient care, excluding behaviors, and allowing for exceptions for limited placement options; and

~~(b) Implement minimum data set 3.0 under the authority of this section. The department must notify nursing home contractors twenty-eight days in advance the date of implementation of the minimum data set 3.0. In the notification, the department must identify for all semiannual rate settings following the date of minimum data set 3.0 implementation a previously established semiannual case mix adjustment established for the semiannual rate settings that will be used for semiannual case mix calculations in direct care until minimum data set 3.0 is fully implemented.)~~ Beginning July 1, 2024, implement a method for applying case mix to the rate. This method should be informed by the minimum data set collected by the centers for medicare and medicaid services;

~~(b) Subject to the availability of amounts appropriated for this specific purpose, employ the case mix adjustment method to adjust rates of individual facilities for case mix changes;~~

~~(c) Upon the discontinuation of resource utilization group's scores, and in collaboration with appropriate stakeholders, create a new case mix adjustment method for adjusting direct care rates based on changes in case mix using the patient-driven payment method;~~

~~(d) By December 1, 2024, provide an initial report to the governor and appropriate legislative committees outlining a phased implementation plan; and~~

~~(e) By December 1, 2026, provide a final report to the appropriate legislative committees. These reports must include the following information:~~

~~(i) An analysis of the potential impact of the new case mix classification methodology on nursing facility payment rates;~~

~~(ii) Proposed payment adjustments for capturing specific client needs that may not be clearly captured in the data available from the centers for medicare and medicaid services; and~~

~~(iii) A plan to continuously monitor the effects of the new methodologies on each facility to ensure certain client populations or needs are not unintentionally negatively impacted.~~

~~(2) ((The department is authorized to adjust upward the weights for resource utilization groups BA1-BB2 related to cognitive or behavioral health to ensure adequate access to appropriate levels of care.~~

~~(3)) A default case mix group shall be established for cases in which the resident dies or is discharged for any purpose prior to completion of the resident's initial assessment. The default case mix group and case mix weight for these cases shall be designated by the department.~~

~~((4)) (3) A default case mix group may also be established for cases in which there is an untimely assessment for the resident. The default case mix group and case mix weight for these cases shall be designated by the department.~~

**Sec. 3.** RCW 74.46.496 and 2011 1st sp.s. c 7 s 5 are each amended to read as follows:

(1) Each case mix classification group shall be assigned a case mix weight. The case mix weight for each resident of a nursing facility for each calendar quarter or six-month period during a calendar year shall be based on data from resident assessment instruments completed for the resident and weighted by the number of days the resident was in each case mix classification group. Days shall be counted as provided in this section.

~~(2) ((The case mix weights shall be based on the average minutes per registered nurse, licensed practical nurse, and certified nurse aide, for each case mix group, and using the United States department of health and human services nursing facility staff time measurement study. Those minutes shall be weighted by statewide ratios of registered nurse to certified nurse aide, and licensed practical nurse to certified nurse aide, wages, including salaries and benefits, which shall be based on cost report data for this state.~~

~~(3) The case mix weights shall be determined as follows:~~

~~(a) Set the certified nurse aide wage weight at 1.000 and calculate wage weights for registered nurse and licensed practical nurse average wages by dividing the certified nurse aide average wage into the registered nurse average wage and licensed practical nurse average wage;~~

~~(b) Calculate the total weighted minutes for each case mix group in the resource utilization group classification system by multiplying the wage weight for each worker classification by the average number of minutes that classification of worker spends caring for a resident in that resource utilization group classification group, and summing the products;~~

~~(c) Assign the lowest case mix weight to the resource utilization group with the lowest total weighted minutes and calculate case mix weights by dividing the lowest group's total weighted minutes into each group's total weighted minutes and rounding weight calculations to the third decimal place.~~

~~(4) The case mix weights in this state may be revised if the United States department of health and human services updates its nursing facility staff time measurement studies. The case mix weights shall be revised, but only when direct care component rates are cost-rebased as provided in subsection (5) of this section, to be effective on the July 1st effective date of each cost-rebased direct care component rate. However, the department may revise case mix~~

~~weights more frequently if, and only if, significant variances in wage ratios occur among direct care staff in the different caregiver classifications identified in this section.~~

~~(5) Case mix weights shall be revised when direct care component rates are cost-rebased as provided in RCW 74.46.431(4).) The case mix weights shall be based on finalized case mix weights as published by the centers for medicare and medicaid services in the federal register.~~

**Sec. 4.** RCW 74.46.501 and 2021 c 334 s 992 are each amended to read as follows:

(1) From individual case mix weights for the applicable quarter, the department shall determine two average case mix indexes for each medicaid nursing facility, one for all residents in the facility, known as the facility average case mix index, and one for medicaid residents, known as the medicaid average case mix index.

(2)(a) In calculating a facility's two average case mix indexes for each quarter, the department shall include all residents or medicaid residents, as applicable, who were physically in the facility during the quarter in question based on the resident assessment instrument completed by the facility and the requirements and limitations for the instrument's completion and transmission (January 1st through March 31st, April 1st through June 30th, July 1st through September 30th, or October 1st through December 31st).

(b) The facility average case mix index shall exclude all default cases as defined in this chapter. However, the medicaid average case mix index shall include all default cases.

(3) Both the facility average and the medicaid average case mix indexes shall be determined by multiplying the case mix weight of each resident, or each medicaid resident, as applicable, by the number of days, as defined in this section and as applicable, the resident was at each particular case mix classification or group, and then averaging.

(4) In determining the number of days a resident is classified into a particular case mix group, the department shall determine a start date for calculating case mix grouping periods as specified by rule.

(5) The cut-off date for the department to use resident assessment data, for the purposes of calculating both the facility average and the medicaid average case mix indexes, and for establishing and updating a facility's direct care component rate, shall be one month and one day after the end of the quarter for which the resident assessment data applies.

~~(6)((+a)) Although the facility average and the medicaid average case mix indexes shall both be calculated quarterly, the cost-rebasing period facility average case mix index will be used throughout the applicable cost-rebasing period in combination with cost report data as specified by RCW 74.46.561, to establish a facility's allowable cost per case mix unit. ((To allow for the transition to minimum data set 3.0 and implementation of resource utilization group IV for July 1, 2015, through June 30, 2016, the department shall calculate rates using the medicaid average case mix scores effective for January 1, 2015, rates adjusted under RCW 74.46.485(1)(a), and the scores shall be increased each six months during the transition period by one-half of one percent. The July 1, 2016, direct care cost per case mix unit shall be calculated by utilizing 2014 direct care costs, patient days, and 2014 facility average case mix indexes based on the minimum data set 3.0 resource utilization group IV grouper 57. Otherwise, a)) A facility's medicaid average case mix index shall be used to update a nursing facility's direct care component rate semiannually.~~

~~((b) Except during the 2021-2023 fiscal biennium, the facility average case mix index used to establish each nursing facility's direct care component rate shall be based on an average of calendar quarters of the facility's average case mix indexes from the four calendar quarters occurring during the cost report period used to rebase the direct care component rate allocations as specified in RCW 74.46.561.~~

~~(c) Except during the 2021-2023 fiscal biennium, the medicaid average case mix index used to update or recalibrate a nursing facility's direct care component rate semiannually shall be from the calendar six-month period commencing nine months prior to the effective date of the semiannual rate. For example, July 1, 2010, through December 31, 2010, direct care component rates shall utilize case mix averages from the October 1, 2009, through March 31, 2010, calendar quarters, and so forth.~~

~~(d) The department shall establish a methodology to use the case mix to set the direct care component [rate] in the 2021-2023 fiscal biennium.)"~~

**"Sec. 1.** RCW 18.88B.041 and 2023 c 424 s 7 are each amended to read as follows:

(1) The following long-term care workers are not required to become a certified home care aide pursuant to this chapter:

(a) (i) (A) Registered nurses, licensed practical nurses, certified nursing assistants or persons who are in an approved training program for certified nursing assistants under chapter 18.88A RCW, medicare-certified home health aides, or other persons who hold a similar health credential, as determined by the secretary, or persons with special education training and an endorsement granted by the superintendent of public instruction, as described in RCW 28A.300.010, if the secretary determines that the circumstances do not require certification.

(B) A person who was initially hired as a long-term care worker prior to January 7, 2012, and who completes all of the training requirements in effect as of the date the person was hired.

(ii) Individuals exempted by (a) (i) of this subsection may obtain certification as a home care aide without fulfilling the training requirements in RCW 74.39A.074 (1) (d) (ii) but must successfully complete a certification examination pursuant to RCW 18.88B.031.

(b) All long-term care workers employed by community residential service businesses.

(c) (i) An individual provider caring only for the individual provider's ~~((biological, step, or adoptive))~~ child or parent, including when related by marriage or domestic partnership; and

(ii) An individual provider caring only for the individual provider's sibling, aunt, uncle, cousin, niece, nephew, grandparent, or grandchild, including when related by marriage or domestic partnership.

(d) A person working as an individual provider who provides ~~((twenty))~~ 20 hours or less of nonrespite care for one person in any calendar month.

(e) A person working as an individual provider who only provides respite services and works less than ~~((three hundred))~~ 300 hours in any calendar year.

(f) A long-term care worker providing approved services only for a spouse or registered domestic partner, pursuant to the long-term services and supports trust program established in chapter 50B.04 RCW.

(g) A long-term care worker providing approved services only for a spouse or registered domestic partner and funded through the United States department of veterans affairs home and community-based programs.

(2) A long-term care worker exempted by this section from the training requirements contained in RCW 74.39A.074 may not be prohibited from enrolling in training pursuant to that section.

(3) The department shall adopt rules to implement this section.

**Sec. 2.** RCW 74.39A.076 and 2023 c 424 s 8 are each amended to read as follows:

(1) Beginning January 7, 2012, except for long-term care workers exempt from certification under RCW 18.88B.041 (1) (a):

(a) A ~~((biological, step, or adoptive))~~ parent who is the individual provider only for the person's developmentally disabled ~~((son or daughter))~~ child, including when related by marriage or domestic partnership, must receive ~~((twelve))~~ 12 hours of training relevant to the needs of individuals with developmental disabilities within the first ~~((one hundred twenty))~~ 120 days after becoming an individual provider.

(b) A spouse or registered domestic partner who is a long-term care worker only for a spouse or domestic partner, pursuant to the long-term services and supports trust program established in chapter 50B.04 RCW, must receive ~~((fifteen))~~ 15 hours of basic training, and at least six hours of additional focused training based on the care-receiving spouse's or partner's needs, within the first ~~((one hundred twenty))~~ 120 days after becoming a long-term care worker.

(c) A person working as an individual provider who (i) provides respite care services only for individuals with developmental disabilities receiving services under Title 71A RCW or only for individuals who receive services under this chapter, and (ii) works ~~((three hundred))~~ 300 hours or less in any calendar year, must complete ~~((fourteen))~~ 14 hours of training within the first ~~((one hundred twenty))~~ 120 days after becoming an individual provider. Five of the ~~((fourteen))~~ 14 hours must be completed before becoming eligible to provide care, including two hours of orientation training regarding the caregiving role and terms of employment and three hours of safety training. The training partnership identified

in RCW 74.39A.360 must offer at least ~~((twelve))~~12 of the ~~((fourteen))~~14 hours online, and five of those online hours must be individually selected from elective courses.

(d) Individual providers identified in (d)(i) or (ii) of this subsection must complete ~~((thirty-five))~~35 hours of training within the first ~~((one hundred twenty))~~120 days after becoming an individual provider. Five of the ~~((thirty-five))~~35 hours must be completed before becoming eligible to provide care. Two of these five hours shall be devoted to an orientation training regarding an individual provider's role as caregiver and the applicable terms of employment, and three hours shall be devoted to safety training, including basic safety precautions, emergency procedures, and infection control. Individual providers subject to this requirement include:

(i) (A) ~~((An))~~Unless covered by (a) of this subsection, an individual provider caring only for the individual provider's ~~((biological, step, or adoptive))~~ child or parent ~~((unless covered by (a) of this subsection))~~, including when related by marriage or domestic partnership; ~~((and))~~

(B) An individual provider caring only for the individual provider's sibling, aunt, uncle, cousin, niece, nephew, grandparent, or grandchild, including when related by marriage or domestic partnership;

(ii) A person working as an individual provider who provides ~~((twenty))~~20 hours or less of care for one person in any calendar month; and

(iii) A long-term care worker providing approved services only for a spouse or registered domestic partner and funded through the United States department of veterans affairs home and community-based programs.

(2) In computing the time periods in this section, the first day is the date of hire.

(3) Only training curriculum approved by the department may be used to fulfill the training requirements specified in this section. The department shall only approve training curriculum that:

(a) Has been developed with input from consumer and worker representatives; and

(b) Requires comprehensive instruction by qualified instructors.

(4) If a pandemic, natural disaster, or other declared state of emergency impacts the ability of long-term care workers to complete training as required by this section, the department may adopt rules to allow long-term care workers additional time to complete the training requirements.

(a) Rules adopted under this subsection (4) are effective until the termination of the pandemic, natural disaster, or other declared state of emergency or until the department determines that all long-term care workers who were unable to complete the training required in subsection (1) of this section have had adequate access to complete the required training, whichever is later. Once the department determines a rule adopted under this subsection (4) is no longer necessary, it must repeal the rule under RCW 34.05.353.

(b) Within 12 months of the termination of the pandemic, natural disaster, or other declared state of emergency, the department shall conduct a review of training compliance with subsection (1) of this section and provide the legislature with a report.

(5) The department shall adopt rules to implement this section.

**Sec. 3.** RCW 74.39A.341 and 2023 c 424 s 6 are each amended to read as follows:

(1) All long-term care workers shall complete ~~((twelve))~~12 hours of continuing education training in advanced training topics each year. This requirement applies beginning July 1, 2012.

(2) Completion of continuing education as required in this section is a prerequisite to maintaining home care aide certification under chapter 18.88B RCW.

(3) Unless voluntarily certified as a home care aide under chapter 18.88B RCW, subsection (1) of this section does not apply to:

(a) ~~((An individual provider caring only for his or her biological, step, or adoptive child;~~

~~((b)))~~ An individual provider caring only for the individual provider's child, parent, sibling, aunt, uncle, cousin, niece, nephew, grandparent, or grandchild, including when related by marriage or domestic partnership;

~~((c)))~~ (b) Registered nurses and licensed practical nurses licensed under chapter 18.79 RCW;

~~((d)))~~ (c) Before January 1, 2016, a long-term care worker employed by a community residential service business;

~~((e)))~~ (d) A person working as an individual provider who provides ~~((twenty))~~20 hours or less of care for one person in any calendar month;

~~((f)))~~ (e) A person working as an individual provider who only provides respite services and works less than ~~((three hundred))~~300 hours in any calendar year; or

~~((g)))~~ (f) A person whose certificate has been expired for less than five years who seeks to restore the certificate to active status. The person does not need to complete continuing education requirements in order for their certificate to be restored to active status. Subsection (1) of this section applies to persons once the certificate has been restored to active status, beginning on the date the certificate is restored to active status.

(4) Beginning July 1, 2024, individual providers covered under subsection (3) of this section may voluntarily take continuing education. The consumer directed employer must pay individual providers covered in subsection (3) of this section for any continuing education that they may take, up to 12 hours of continuing education annually.

(5) Only training curriculum approved by the department may be used to fulfill the training requirements specified in this section. The department shall only approve training curriculum that:

(a) Has been developed with input from consumer and worker representatives; and

(b) Requires comprehensive instruction by qualified instructors.

~~((5))~~ (6) Individual providers under RCW 74.39A.270 shall be compensated for training time required by this section.

~~((6))~~ (7) If a pandemic, natural disaster, or other declared state of emergency impacts the ability of long-term care workers to complete training as required by this section, the department may adopt rules to allow long-term care workers additional time to complete the training requirements.

(a) Rules adopted under this subsection ~~((6))~~ (7) are effective until the termination of the pandemic, natural disaster, or other declared state of emergency or until the department determines that all long-term care workers who were unable to complete the training required in this section have had adequate access to complete the required training, whichever is later. Once the department determines a rule adopted under this subsection ~~((6))~~ (7) is no longer necessary, it must repeal the rule under RCW 34.05.353.

(b) Within 12 months of the termination of the pandemic, natural disaster, or other declared state of emergency, the department shall conduct a review of training compliance with subsection (1) of this section and provide the legislature with a report.

~~((7))~~ (8) The department of health shall adopt rules to implement subsection (1) of this section.

~~((8))~~ (9) The department shall adopt rules to implement subsection (2) of this section.

E2SSB 5838 Prime Sponsor, Ways & Means: Establishing an artificial intelligence task force. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Consumer Protection & Business.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that artificial intelligence is a fast-evolving technology that holds extraordinary potential and has a myriad of uses for both the public and private sectors. Advances in artificial intelligence technology have led to programs that are capable of creating text, audio, and media that are difficult to distinguish from media created by a human. This technology has the potential to provide great benefits to people if used well and to cause great harm if used irresponsibly.

The legislature further finds that generative artificial intelligence has become widely available to consumers and has great potential to become a versatile tool for a wide audience. It can streamline tasks, save time and money for users, and facilitate further innovation. Artificial intelligence has the potential to help solve urgent challenges, while making our world more prosperous, productive, innovative, and secure when used responsibly.

Washington state is in a unique position to become a center for artificial intelligence and machine learning. When used irresponsibly, artificial intelligence has the potential to further perpetuate bias and harm to historically excluded groups. It is vital that the fundamental rights to privacy and freedom from discrimination are properly safeguarded as society explores this emerging technology.

The federal government has not yet enacted binding regulations, however in July 2023, the federal government announced voluntary commitments by seven leading artificial intelligence companies, including three companies headquartered in Washington, to move toward safe, secure, and transparent development of artificial intelligence technology. The October 2023 executive order on the safe, secure, and trustworthy development and use of artificial intelligence builds on this work by directing developers of artificial intelligence systems to share their safety test results for certain highly capable models with the United States government.

Numerous businesses and agencies have developed principles for artificial intelligence. In Washington, Washington technology solutions (WaTech) developed guiding principles for artificial intelligence use by state agencies. These principles share common themes: Accountability, transparency, human control, privacy and security, advancing equity, and promoting innovation and economic development.

The legislature finds that the possible impacts of advancements in generative artificial intelligence for Washingtonians requires careful consideration in order to mitigate risks and potential harms, while promoting transparency, accountability, equity, and innovation that drives technological breakthroughs. On January 30, 2024, governor Inslee issued Executive Order 24-01 directing WaTech to identify generative artificial intelligence initiatives that could be implemented in state operations and issue guidelines for public sector procurement and usage.

**NEW SECTION. Sec. 2.** (1) Subject to the availability of amounts appropriated for this specific purpose, a task force to assess current uses and trends and make recommendations to the legislature regarding guidelines and potential legislation for the use of artificial intelligence systems is established.

(2) The task force is composed of an executive committee consisting of members as provided in this subsection.

(a) The president of the senate shall appoint one member from each of the two largest caucuses of the senate.

(b) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives.

(c) The attorney general shall appoint the following members, selecting only individuals with experience in technology policy:

(i) One member from the office of the governor;

(ii) One member from the office of the attorney general;

(iii) One member from Washington technology solutions;

(iv) One member from the Washington state auditor;

(v) One member representing universities or research institutions that are experts in the design and effect of an algorithmic system;

(vi) One member representing private technology industry groups;

(vii) One member representing business associations;

(viii) Three members representing community advocate organizations that represent communities that are disproportionately vulnerable to being harmed by algorithmic bias;

(ix) One member representing the LGBTQ+ community;

(x) One member representing the retail industry;

(xi) One member representing the hospitality industry;

(xii) One member representing statewide labor organizations; and

(xiii) One member representing public safety.

- (d) The task force may meet in person or by telephone conference call, videoconference, or other similar telecommunications method, or a combination of such methods.
- (e) The executive committee may convene subcommittees to advise the task force on the recommendations and findings set out in subsection (4) of this section.
- (i) The executive committee shall define the scope of activity and subject matter focus required of the subcommittees including, but not limited to: Education and workforce development; public safety and ethics; health care and accessibility; labor; government and public sector efficiency; state security and cybersecurity; consumer protection and privacy; and industry and innovation.
- (ii) Subcommittees and their members may be invited to participate on an ongoing, recurring, or one-time basis.
- (iii) The executive committee in collaboration with the attorney general shall appoint members to the subcommittees that must be comprised of industry participants, subject matter experts, representatives of federally recognized tribes, or other relevant stakeholders.
- (iv) Each subcommittee must contain at least one member possessing relevant industry expertise and at least one member from an advocacy organization that represents communities that are disproportionately vulnerable to being harmed by algorithmic bias including, but not limited to: African American; Hispanic American; Native American; Asian American; Native Hawaiian and Pacific Islander communities; religious minorities; individuals with disabilities; and other vulnerable communities.
- (v) Meeting summaries and reports delivered by the subcommittees to the executive committee must be made available on the attorney general's website within 30 days of delivery.
- (3) The office of the attorney general must administer and provide staff support for the task force. The office of the attorney general may, when deemed necessary by the task force, retain consultants to provide data analysis, research, recommendations, training, and other services to the task force for the purposes provided in subsection (4) of this section. The office of the attorney general may work with the task force to determine appropriate subcommittees as needed.
- (4) The executive committee and subcommittees of the task force shall examine the development and use of artificial intelligence by private and public sector entities and make recommendations to the legislature regarding guidelines and potential legislation for the use and regulation of artificial intelligence systems to protect Washingtonians' safety, privacy, and civil and intellectual property rights. The task force findings and recommendations must include:
- (a) A literature review of public policy issues with artificial intelligence, including benefits and risks to the public broadly, historically excluded communities, and other identifiable groups, racial equity considerations, workforce impacts, and ethical concerns;
- (b) A review of existing protections under state and federal law for individual data and privacy rights, safety, civil rights, and intellectual property rights, and how federal, state, and local laws relating to artificial intelligence align, differ, conflict, and interact across levels of government;
- (c) A recommended set of guiding principles for artificial intelligence use informed by standards established by relevant bodies, including recommending a definition for ethical artificial intelligence and guiding principles;
- (d) Identification of high-risk uses of artificial intelligence, including those that may negatively affect safety or fundamental rights;
- (e) Opportunities to support and promote the innovation of artificial intelligence technologies through grants and incentives;
- (f) Recommendations on appropriate uses of and limitations on the use of artificial intelligence by state and local governments and the private sector;
- (g) Recommendations relating to the appropriate and legal use of training data;
- (h) Algorithmic discrimination issues which may occur when artificial intelligence systems are used and contribute to unjustified differential treatment or impacts disfavoring people on the basis of race, color, national origin, citizen or immigration status, families with children, creed, religious belief or affiliation, sex, marital status, the presence of any sensory, mental, or physical disability, age, honorably discharged veteran or military status, sexual orientation, gender expression or gender identity, or any other protected class under RCW 49.60.010 and recommendations to mitigate and protect against algorithmic discrimination;
- (i) Recommendations on minimizing unlawful discriminatory or biased outputs or applications;
- (j) Recommendations on prioritizing transparency so that the behavior and functional components artificial intelligence can be understood in order to enable the identification of performance issues, safety and privacy concerns, biases, exclusionary practices, and unintended outcomes;
- (k) Racial equity issues posed by artificial intelligence systems and ways to mitigate the concerns to build equity into the systems;
- (l) Civil liberties issues posed by artificial intelligence systems and civil rights and civil liberties protections to be incorporated into artificial intelligence systems;
- (m) Recommendations as to how the state should educate the public on the development and use of artificial intelligence, including information about data privacy and security, data collection and retention practices, use of individual data in machine learning, and intellectual property considerations regarding generative artificial intelligence;

(n) A review of protections of personhood, including replicas of voice or likeness, in typical contract structures, and a review of artificial intelligence tools used to support employment decisions;

(o) Proposed state guidelines for the use of artificial intelligence to inform the development, deployment, and use of artificial intelligence systems to:

(i) Retain appropriate human agency and oversight;

(ii) Be subject to internal and external security testing of systems before public release for high-risk artificial intelligence systems;

(iii) Protect data privacy and security;

(iv) Promote appropriate transparency for consumers when they interact with artificial intelligence systems or products created by artificial intelligence; and

(v) Ensure accountability, considering oversight, impact assessment, auditability, and due diligence mechanisms;

(p) A review of existing civil and criminal remedies for addressing potential harms resulting from the use of artificial intelligence systems and recommendations, if needed, for new means of enforcement and remedies; and

(q) Recommendations for establishing an ongoing committee that must study emerging technologies not limited to artificial technology.

(5) The executive committee of the task force must hold its first meeting within 45 days of final appointments to the task force and must meet at least twice each year thereafter. The task force must submit reports to the governor and the appropriate committees of the legislature detailing its findings and recommendations. A preliminary report must be delivered by December 31, 2024, an interim report by December 1, 2025, and a final report by July 1, 2026. Meeting summaries must be posted to the website of the attorney general's office within 30 days of any meeting by the task force.

(6) Legislative members of the task force shall be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(7) To ensure that the task force has diverse and inclusive representation of those affected by its work, task force members, including subcommittee members, whose participation in the task force may be hampered by financial hardship and may be compensated as provided in RCW 43.03.220.

(8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Artificial intelligence" means the use of machine learning and related technologies that use data to train statistical models for the purpose of enabling computer systems to perform tasks normally associated with human intelligence or perception, such as computer vision, speech or natural language processing, and content generation.

(b) "Generative artificial intelligence" means an artificial intelligence system that generates novel data or content based on a foundation model.

(c) "Machine learning" means the process by which artificial intelligence is developed using data and algorithms to draw inferences therefrom to automatically adapt or improve its accuracy without explicit programming.

(d) "Training data" means labeled data that is used to teach artificial intelligence models or machine learning algorithms to make proper decisions. Training data may include, but is not limited to, annotated text, images, video, or audio.

(9) This section expires June 30, 2027.

2SSB 5882 Prime Sponsor, Ways & Means: Increasing prototypical school staffing to better meet student needs. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** Youth mental and behavioral health has been a rising crisis for a decade. As youth grapple with new pressures from social media and impacts of a pandemic, their needs can manifest as disruptive behaviors in the school environment. Teachers, counselors, administrators, and education support professionals have identified the need to have more caring and committed education staff in schools to meet the needs of students.

Education support professionals are vital team members in a school and often directly support students. Educational staff professionals drive students safely to school, provide one-on-one individualized instruction for special education students, run small group instruction for English language learners and for students struggling with certain academic concepts, supervise and monitor students before and after school, at lunch, and during recess, provide physical and behavioral health services in schools, serve lunches, keep buildings clean and maintained, and many other support services that are essential to school operations and student learning.

Therefore, to improve the individualized support for student learning and behavioral needs, the legislature intends to increase staffing allocations for paraprofessionals in instructional and noninstructional roles. The intent of this additional funding is to assist school districts in hiring additional support staff or providing the staff they already employ with better wages.

**Sec. 2.** RCW 28A.150.260 and 2023 c 379 s 6 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2)(a) The distribution formula under this section shall be for allocation purposes only. Except as may be required under subsections (4)(b) and (c), (5)(b) and (c), and (9) of this section, chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(b) To promote transparency in state funding allocations, the superintendent of public instruction must report state per-pupil allocations for each school district for the general apportionment, special education, learning assistance, transitional bilingual, highly capable, and career and technical education programs. The superintendent must report this information in a user-friendly format on the main page of the office's website. School districts must include a link to the superintendent's per-pupil allocations report on the main page of the school district's website. In addition, the budget documents published by the legislature for the enacted omnibus operating appropriations act must report statewide average per-pupil allocations for general apportionment and the categorical programs listed in this subsection.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students

as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has 600 average annual full-time equivalent students in grades nine through 12;

(ii) A prototypical middle school has 432 average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has 400 average annual full-time equivalent students in grades kindergarten through six.

(4) (a) (i) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

	General education average class size
Grades K-3. . . . .	17.00
Grade 4. . . . .	27.00
Grades 5-6. . . . .	27.00
Grades 7-8. . . . .	28.53
Grades 9-12. . . . .	28.74

(ii) The minimum class size allocation for each prototypical high school shall also provide for enhanced funding for class size reduction for two laboratory science classes within grades nine through 12 per full-time equivalent high school student multiplied by a laboratory science course factor of 0.0833, based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours in RCW 28A.150.220, and providing at least one teacher planning period per school day:

	Laboratory science average class size
Grades 9-12. . . . .	19.98

(b) (i) Beginning September 1, 2019, funding for average K-3 class sizes in this subsection (4) may be provided only to the extent of, and proportionate to, the school district's demonstrated actual class size in grades K-3, up to the funded class sizes.

(ii) The office of the superintendent of public instruction shall develop rules to implement this subsection (4) (b).

(c) (i) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

	Career and technical education average class size
Approved career and technical education offered at the middle school and high school level. . . . .	23.00
Skill center programs meeting the standards established by the office of the superintendent of public instruction. . . . .	19.00

(ii) Funding allocated under this subsection (4) (c) is subject to RCW 28A.150.265.

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than 50 percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for advanced placement and international baccalaureate courses.

(5) (a) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

	Elementa ry School	Middle School	High School
Principals, assistant principals, and other certificated building-level administrators. . . . .	1.253	1.353	1.880

Teacher-librarians, a function that includes information literacy, technology, and media to support school library media programs. . . . .	0.663	0.519	0.523

Classified staff providing student and staff safety	0.079	0.092	0.141
Parent involvement coordinators. . . . .	0.0825	0.00	0.00

(b)(i) The superintendent may only allocate funding, up to the combined minimum allocations, for nurses, social workers, psychologists, counselors, classified staff providing student and staff safety, and parent involvement coordinators under (a) of this subsection to the extent of and proportionate to a school district's demonstrated actual ratios of: Full-time equivalent physical, social, and emotional support staff to full-time equivalent students.

(ii) The superintendent must adopt rules to implement this subsection (5)(b) and the rules must require school districts to prioritize funding allocated as required by (b)(i) of this subsection for physical, social, and emotional support staff who hold a valid educational staff associate certificate appropriate for the staff's role.

(iii) For the purposes of this subsection (5)(b), "physical, social, and emotional support staff" include nurses, social workers, psychologists, counselors, classified staff providing student and staff safety, parent involvement coordinators, and other school district employees and contractors who provide physical, social, and emotional support to students as defined by the superintendent.

(c) The superintendent shall develop rules that require school districts to use the additional funding provided under (a) of this subsection to support increased staffing, prevent layoffs, or increase salaries for the following staff types in the 2024-25 school year: Paraeducators, office support, and noninstructional aides. The superintendent shall collect data from school districts on how the increased allocations are used.

(6)(a) The minimum staffing allocation for each school district to provide district-wide support services shall be allocated per one thousand annual average full-time equivalent students in grades K-12 as follows:

	Staff per 1,000 K-12 students
Technology. . . . .	0.628
Facilities, maintenance, and grounds. . . . .	1.813
Warehouse, laborers, and mechanics. . . . .	0.332

(b) The minimum allocation of staff units for each school district to support certificated and classified staffing of central administration shall be 5.30 percent of the staff units generated under subsections (4)(a) and (5) of this section and (a) of this subsection.

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8)(a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs as provided in the 2017-18 school year, after which the allocations shall be adjusted annually for inflation as specified in the omnibus appropriations act:

	Per annual average full-time equivalent student in grades K-12
Technology. . . . .	\$130.76
Utilities and insurance. . . . .	\$355.30
Curriculum and textbooks. . . . .	\$140.39
Other supplies . . . . .	\$278.05
Library materials. . . . .	\$20.00
Instructional professional development for certificated and classified staff. . . . .	\$21.71

Facilities maintenance. . . . .	\$176.01
Security and central office administration. . . . .	\$121.94

(b) In addition to the amounts provided in (a) of this subsection, beginning in the 2014-15 school year, the omnibus appropriations act shall provide the following minimum allocation for each annual average full-time equivalent student in grades nine through 12 for the following materials, supplies, and operating costs, to be adjusted annually for inflation:

	Per annual average full-time equivalent student in grades 9-12
Technology. . . . .	\$36.35
Curriculum and textbooks. . . . .	\$39.02
Other supplies . . . . .	\$77.28
Library materials. . . . .	\$5.56
Instructional professional development for certificated and classified staff. . . . .	\$6.04

(9) In addition to the amounts provided in subsection (8) of this section and subject to RCW 28A.150.265, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through 12;

(b) Preparatory career and technical education courses for students in grades nine through 12 offered in a high school; and

(c) Preparatory career and technical education courses for students in grades 11 and 12 offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a)(i) To provide supplemental instruction and services for students who are not meeting academic standards through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the greater of either: The district percentage of students in kindergarten through grade 12 who were eligible for free or reduced-price meals for the school year immediately preceding the district's participation, in whole or part, in the United States department of agriculture's community eligibility provision, or the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall, except as provided in (a)(iii) of this subsection, provide for each level of prototypical school resources to provide, on a statewide average, 2.3975 hours per week in extra instruction with a class size of 15 learning assistance program students per teacher.

(ii) In addition to funding allocated under (a)(i) of this subsection, to provide supplemental instruction and services for students who are not meeting academic standards in qualifying schools. A qualifying school, except as provided in (a)(iv) of this subsection, means a school in which the three-year rolling average of the prior year total annual average enrollment that qualifies for free or reduced-price meals equals or exceeds 50 percent or more of its total annual average enrollment. A school continues to meet the definition of a qualifying school if the school: Participates in the United States department of agriculture's community eligibility provision; and met the definition of a qualifying school in the year immediately preceding their participation. The minimum allocation for this additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of 15 learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(iii) For the 2024-25 and 2025-26 school years, allocations under (a)(i) of this subsection for school districts providing meals at no charge to students under RCW 28A.235.135 that are not participating, in whole or in part, in the United States department of agriculture's community eligibility provision shall be based on the school district percentage of students in grades K-12 who were eligible for free or reduced-price meals in school years 2019-20 through 2022-23 or the prior school year, whichever is greatest.

(iv) For the 2024-25 and 2025-26 school years, a school providing meals at no charge to students under RCW 28A.235.135 that is not participating in the department of agriculture's community eligibility provision continues to meet the definition of a qualifying school under (a)(ii) of this subsection if the school met the definition during one year of the 2019-20 through 2022-23 school years, or in the prior school year.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction for students in grades kindergarten through six and 6.7780 hours per week in extra instruction for students in grades seven through 12, with 15 transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a

commensurate reduced allocation for students needing less intensive intervention, as detailed in the omnibus appropriations act.

(ii) To provide supplemental instruction and services for students who have exited the transitional bilingual program, allocations shall be based on the head count number of students in each school who have exited the transitional bilingual program within the previous two years based on their performance on the English proficiency assessment and are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.040(1)(g). The minimum allocation for each prototypical school shall provide resources to provide, on a statewide average, 3.0 hours per week in extra instruction with 15 exited students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on 5.0 percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

**Sec. 3.** RCW 28A.400.007 and 2022 c 109 s 5 are each amended to read as follows:

(1) In addition to the staffing units in RCW 28A.150.260, the superintendent of public instruction must provide school districts with allocations for the following staff units if and to the extent that funding is specifically appropriated and designated for that category of staffing unit in the omnibus operating appropriations act.

(a) Additional staffing units for each level of prototypical school in RCW 28A.150.260:

	Elementa ry School	Middle School	High School
Principals, assistant principals, and other certificated building-level administrators. . . . .	0.0470	0.0470	0.0200

(b) Additional certificated instructional staff units sufficient to achieve the following reductions in class size in each level of prototypical school under RCW 28A.150.260:

	General education certificated instructional staff units sufficient to achieve class size reduction of:		
Grades K-3 class size. . . . .			0.00
Grade 4. . . . .			2.00
Grades 5-6. . . . .			2.00
Grades 7-8. . . . .			3.53

Grades 5-6. . . . .			4.00
Grades 7-8. . . . .			5.53
Grades 9-12. . . . .			5.74

(2) The staffing units in subsection (1) of this section are an enrichment to and are beyond the state's statutory program of basic education in RCW 28A.150.220 and 28A.150.260. However, if and to the extent that any of these additional staffing units are funded by specific reference to this section in the omnibus operating appropriations act, those units become part of prototypical school funding formulas and a component of the state funding that the legislature deems necessary to support school districts in offering the statutory program of basic education under Article IX, section 1 of the state Constitution.

NEW SECTION. **Sec. 4.** The state must provide the full school year amount for paraeducators, including any aspect of educational instructional services provided by classified employees, and office support and other noninstructional aides provided in this act, for the 2023-24 school year. The first month's distribution of additional amounts provided under this act in the 2023-24 school year must be a proportion of the total annual additional amount provided in this act equal to the sum of the proportional shares under RCW 28A.510.250 from September 2023 to the first month's distribution. Staff units for nurses, social workers, psychologists, and counselors in this act, above those provided in section 5, chapter 379, Laws of 2023 may not be allocated until the 2024-25 school year.

NEW SECTION. **Sec. 5.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2024, in the omnibus appropriations act, this act is null and void."

SB 5904 Prime Sponsor, Senator Nobles: Extending the terms of eligibility for financial aid programs. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28B.92.200 and 2022 c 214 s 5 are each amended to read as follows:

(1) The Washington college grant program is created to provide a statewide free college program for eligible participants and greater access to postsecondary education for Washington residents. The Washington college grant program is intended to increase the number of high school graduates and adults that can attain a postsecondary credential and provide them with the qualifications needed to compete for job opportunities in Washington.

(2) The office shall implement and administer the Washington college grant program and is authorized to establish rules necessary for implementation of the program.

(3) The legislature shall appropriate funding for the Washington college grant program. Allocations must be made on the basis of estimated eligible participants enrolled in eligible institutions of higher education or apprenticeship programs. All eligible students are entitled to a Washington college grant beginning in academic year 2020-21.

(4) The office shall award Washington college grants to all eligible students beginning in academic year 2020-21.

(5) To be eligible for the Washington college grant, students must meet the following requirements:

(a)(i) Demonstrate financial need under RCW 28B.92.205;

(ii) Receive one of the following types of public assistance:

(A) Aged, blind, or disabled assistance benefits under chapter 74.62 RCW;

(B) Essential needs and housing support program benefits under RCW 43.185C.220; or

(C) Pregnant women assistance program financial grants under RCW 74.62.030; or

(iii) Be a Washington high school student in the 10th, 11th, or 12th grade whose parent or legal guardian is receiving one of the types of public assistance listed in (a)(ii) of this subsection and have received a certificate confirming eligibility from the office in accordance with RCW 28B.92.225;

(b)(i) Be enrolled or accepted for enrollment for at least three quarter credits or the equivalent semester credits at an institution of higher education in Washington as defined in RCW 28B.92.030; or

(ii) Be enrolled in a registered apprenticeship program approved under chapter 49.04 RCW;

(c) Be a resident student as defined in RCW 28B.15.012(2) (a) through (e);

(d) File an annual application for financial aid as approved by the office; and

(e) Must not have earned a baccalaureate degree or higher from a postsecondary institution.

(6) Washington college grant eligibility may not extend beyond ~~((five))~~ six years or ~~((one hundred twenty-five))~~ 150 percent of the published length of the program in which the student is enrolled or the credit or clock-hour equivalent.

(7) Institutional aid administrators shall determine whether a student eligible for the Washington college grant in a given academic year may remain eligible for the ensuing year if the student's family income increases by no more than three percent.

(8) Qualifications for receipt and renewal include maintaining satisfactory academic progress toward completion of an eligible program as determined by the office and established in rule.

(9) Should a recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the grant shall be returned to the state educational grant fund by the institution of higher education according to the institution of higher education's policy for issuing refunds, except as provided in RCW 28B.92.070.

(10) An eligible student enrolled on a part-time basis shall receive a prorated portion of the Washington college grant for any academic period in which he or she is enrolled on a part-time basis.

(11) The Washington college grant is intended to be used to meet the costs of postsecondary education for students with financial need. The student shall be awarded all need-based financial aid for which the student qualifies as determined by the institution.

(12) Students and participating institutions of higher education shall comply with all the rules adopted by the council for the administration of this chapter.

**Sec. 2.** RCW 28B.118.010 and 2023 c 174 s 2 are each amended to read as follows:

The office of student financial assistance shall design the Washington college bound scholarship program in accordance with this section and in alignment with the Washington college grant program in chapter 28B.92 RCW unless otherwise provided in this section. The right of an eligible student to receive a college bound scholarship vest upon enrollment in the program that is earned by meeting the requirements of this section as it exists at the time of the student's enrollment under subsection (2) of this section.

(1) "Eligible students" are those students who:

(a) Qualify for free or reduced-price lunches.

(i) If a student qualifies in the seventh or eighth grade, the student remains eligible even if the student does not receive free or reduced-price lunches thereafter.

(ii) Beginning in the 2019-20 academic year, if a student qualifies for free or reduced-price lunches in the ninth grade and was previously ineligible during the seventh or eighth grade while he or she was a student in Washington, the student is eligible for the college bound scholarship program;

(b) Are dependent pursuant to chapter 13.34 RCW and:

(i) In grade seven through 12; or

(ii) Are between the ages of 18 and 21 and have not graduated from high school; or

(c) Were dependent pursuant to chapter 13.34 RCW and were adopted between the ages of 14 and 18 with a negotiated adoption agreement that includes continued eligibility for the Washington state college bound scholarship program pursuant to RCW 74.13A.025.

(2)(a) Every eligible student shall be automatically enrolled by the office of student financial assistance, with no action necessary by the student, student's family, or student's guardians.

(b) Eligible students and the students' parents or guardians shall be notified of the student's enrollment in the Washington college bound scholarship program and the requirements

for award of the scholarship by the office of student financial assistance. To the maximum extent practicable, an eligible student must acknowledge enrollment in the college bound scholarship program and receipt of the requirements for award of the scholarship.

(c) The office of the superintendent of public instruction and the department of children, youth, and families must provide the office of student financial assistance with a list of eligible students when requested. The office of student financial assistance must determine the most effective methods, including timing and frequency, to notify eligible students of enrollment in the Washington college bound scholarship program. The office of student financial assistance must take reasonable steps to ensure that eligible students acknowledge enrollment in the college bound scholarship program and receipt of the requirements for award of the scholarship. The office of student financial assistance shall also make available to every school district information, brochures, and posters to increase awareness and to enable school districts to notify eligible students directly or through school teachers, counselors, or school activities.

(3) Except as provided in subsection (4) of this section, an eligible student must:

(a) (i) Graduate from a public high school under RCW 28A.150.010, an approved private high school under chapter 28A.195 RCW in Washington, or have received home-based instruction under chapter 28A.200 RCW; and

(ii) For eligible students enrolling in a postsecondary educational institution for the first time beginning with the 2023-24 academic year, graduate with at least a "C" average for consideration of direct admission to a public or private four-year institution of higher education;

(b) Have no felony convictions;

(c) Be a resident student as defined in RCW 28B.15.012(2) (a) through (e); and

(d) Have a family income that does not exceed 65 percent of the state median family income at the time of high school graduation.

(4) (a) An eligible student who is a resident student under RCW 28B.15.012(2)(e) must also provide the institution, as defined in RCW 28B.15.012, an affidavit indicating that the individual will file an application to become a permanent resident at the earliest opportunity the individual is eligible to do so and a willingness to engage in any other activities necessary to acquire citizenship, including but not limited to citizenship or civics review courses.

(b) For eligible students as defined in subsection (1)(b) and (c) of this section, a student may also meet the requirement in subsection (3)(a) of this section by receiving a high school equivalency certificate as provided in RCW 28B.50.536.

(5) (a) For students attending two or four-year institutions of higher education as defined in RCW 28B.10.016, the value of the award shall be (i) the difference between the student's tuition and required fees, less the value of any state-funded grant, scholarship, or waiver assistance the student receives; (ii) plus five hundred dollars for books and materials.

(b) For students attending private four-year institutions of higher education in Washington, the award amount shall be the representative average of awards granted to students in public research universities in Washington or the representative average of awards granted to students in public research universities in Washington in the 2014-15 academic year, whichever is greater.

(c) For students attending private vocational schools in Washington, the award amount shall be the representative average of awards granted to students in public community and technical colleges in Washington or the representative average of awards granted to students in public community and technical colleges in Washington in the 2014-15 academic year, whichever is greater.

(6) Eligible students must enroll no later than the fall term, as defined by the institution of higher education, one academic year following high school graduation. ~~((Eligible students may receive no more than four full-time years' worth of scholarship awards within a five-year period))~~ College bound scholarship eligibility may not extend beyond six years or 150 percent of the published length of the program in which the student is enrolled or the credit or clock-hour equivalent.

(7) Institutions of higher education shall award the student all need-based and merit-based financial aid for which the student would otherwise qualify. The Washington college bound scholarship is intended to replace unmet need, loans, and, at the student's option, work-study award before any other grants or scholarships are reduced.

(8) The first scholarships shall be awarded to students graduating in 2012.

(9) The eligible student has a property right in the award, but the state of Washington retains legal ownership of tuition units awarded as scholarships under this chapter until the tuition units are redeemed. These tuition units shall remain separately held from any tuition units owned under chapter 28B.95 RCW by a Washington college bound scholarship recipient.

(10) ~~((The scholarship award must be used within five years of receipt. Any unused scholarship tuition units revert to the Washington college bound scholarship account.~~

~~((11))~~ Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the scholarship tuition units shall revert to the Washington college bound scholarship account.

**Sec. 3.** RCW 28B.118.005 and 2007 c 405 s 1 are each amended to read as follows:

The legislature intends to inspire and encourage all Washington students to dream big by creating a guaranteed ~~((four-year))~~ tuition scholarship program for students from low-income families who enroll within one year of high school graduation. The legislature finds that,

too often, financial barriers prevent many of the brightest students from considering college as a future possibility. Often the cost of tuition coupled with the complexity of finding and applying for financial aid is enough to prevent a student from even applying to college. Many students become disconnected from the education system early on and may give up or drop out before graduation. It is the intent of the legislature to alert students early in their educational career to the options and opportunities available beyond high school.

**Sec. 4.** RCW 28B.117.030 and 2019 c 470 s 23 are each amended to read as follows:

(1) The office shall design and, to the extent funds are appropriated for this purpose, implement, passport to careers with two programmatic pathways: The passport to college promise program and the passport to apprenticeship opportunities program. Both programs offer supplemental scholarship and student assistance for students who were under the care of the state foster care system, tribal foster care system, or federal foster care system, and verified unaccompanied youth or young adults who have experienced homelessness.

(2) The office shall convene and consult with an advisory committee to assist with program design and implementation. The committee shall include but not be limited to former foster care and unaccompanied homeless youth and their advocates; representatives from the state board for community and technical colleges, public and private agencies that assist current and former foster care recipients and unaccompanied youth or young adults experiencing homelessness in their transition to adulthood; student support specialists from public and private colleges and universities; the state workforce training and education coordinating board; the employment security department; and the state apprenticeship council.

(3) To the extent that sufficient funds have been appropriated for this purpose, a student is eligible for assistance under this section if he or she:

(a)(i) Was in the care of the state foster care system, tribal foster care system, or federal foster care system in Washington state at any time before age twenty-one subsequent to the following:

- (A) Age fifteen as of July 1, 2018;
- (B) Age fourteen as of July 1, 2019; and
- (C) Age thirteen as of July 1, 2020; or

(ii) Beginning July 1, 2019, was verified on or after July 1st of the prior academic year as an unaccompanied youth experiencing homelessness, before age twenty-one;

(b) Is a resident student, as defined in RCW 28B.15.012(2), or if unable to establish residency because of homelessness or placement in out-of-state foster care under the interstate compact for the placement of children, has residency determined through verification by the office;

(c) Is enrolled with or will enroll on at least a half-time basis with an institution of higher education or a registered apprenticeship or recognized preapprenticeship in Washington state by the age of twenty-one;

(d) Is making satisfactory academic progress toward the completion of a degree, certificate program, or registered apprenticeship or recognized preapprenticeship, if receiving supplemental scholarship assistance;

(e) Has not earned a bachelor's or professional degree; and

(f) Is not pursuing a degree in theology.

(4) The office shall define a process for verifying unaccompanied homeless status for determining eligibility under subsection (3)(a)(ii) of this section. The office may use a letter from the following persons or entities to provide verification: A high school or school district McKinney-Vento liaison; the director or designated staff member of an emergency shelter, transitional housing program, or homeless youth drop-in center; or other similar professional case manager or school employee. Students who have no formal connection with such a professional may also submit to the office an essay that describes their experience with homelessness and the barriers it created to their academic progress. The office may consider this essay in lieu of a letter of homelessness determination and may interview the student if further information is needed to verify eligibility.

(5) A passport to college promise program is created.

(a) A passport to college promise scholarship under this section:

(i) Shall not exceed resident undergraduate tuition and fees at the highest-priced public institution of higher education in the state; and

(ii) Shall not exceed the student's financial need, when combined with all other public and private grant, scholarship, and waiver assistance the student receives.

(b) ~~((An eligible student may receive a passport))~~ Passport to college promise scholarship ((under this section for a maximum of five years after the student first enrolls with an institution of higher education or until the student turns age twenty-six, whichever occurs first. If a student turns age twenty-six during an academic year, and would otherwise be eligible for a scholarship under this section, the student shall continue to be eligible for a scholarship for the remainder of the academic year)) eligibility may not extend beyond six years or 150 percent of the published length of the program in which the student is enrolled or the credit or clock-hour equivalent.

(c) The office, in consultation with and with assistance from the state board for community and technical colleges, shall perform an annual analysis to verify that those institutions of higher education at which students have received a scholarship under this section have awarded the student all available need-based and merit-based grant and scholarship aid for which the student qualifies.

(d) In designing and implementing the passport to college promise student support program under this section, the office, in consultation with and with assistance from the state board

for community and technical colleges, shall ensure that a participating college or university:

(i) Has a viable plan for identifying students eligible for assistance under this section, for tracking and enhancing their academic progress, for addressing their unique needs for assistance during school vacations and academic interims, and for linking them to appropriate sources of assistance in their transition to adulthood;

(ii) Receives financial and other incentives for achieving measurable progress in the recruitment, retention, and graduation of eligible students.

(e) To the extent funds are appropriated for this specific purpose, the office shall contract with at least one nongovernmental entity to provide services to support effective program implementation, resulting in increased postsecondary completion rates for passport scholars.

(6) The passport to apprenticeship opportunities program is created. The office shall:

(a) Identify students and applicants who are eligible for services under RCW 28B.117.030 through coordination of certain agencies as detailed in RCW 28B.117.040;

(b) Provide financial assistance through the nongovernmental entity or entities in RCW 28B.117.055 for registered apprenticeship and recognized preapprenticeship entrance requirements and occupational-specific costs that does not exceed the individual's financial need; and

(c) Extend financial assistance to any eligible applicant for ~~((a maximum of))~~ six years ~~((after first enrolling with a registered apprenticeship or recognized preapprenticeship, or until the applicant turns twenty-six, whichever occurs first))~~ or 150 percent of the published length of the program in which the student is enrolled or the credit or clock-hour equivalent.

(7) Recipients may utilize passport to college promise or passport to apprenticeship opportunities at different times, but not concurrently. The total award an individual may receive in any combination of the programs shall not exceed the equivalent amount that would have been awarded for the individual to attend a public university for ~~((five))~~ six years with the highest annual tuition and state-mandated fees in the state.

(8) Personally identifiable information shared pursuant to this section retains its confidentiality and may not be further disclosed except as allowed under state and federal law.

Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 43.70 RCW to read as follows:

(1) The department shall develop, implement, and maintain a statewide drug overdose prevention and awareness campaign to address the drug overdose epidemic.

(2)(a) The campaign must educate the public about the dangers of methamphetamines and opioids, including fentanyl, and the harms caused by drug use. The campaign must include outreach to both youth and adults aimed at preventing substance use and overdose deaths.

(b) The department, in consultation with the health care authority, may also include messaging focused on substance use disorder and overdose death prevention, resources for addiction treatment and services, and information on immunity for people who seek medical assistance in a drug overdose situation pursuant to RCW 69.50.315.

(3) The 2024 and 2025 campaigns must focus on increasing the awareness of the dangers of fentanyl and other synthetic opioids, including the high possibility that other drugs are contaminated with synthetic opioids and that even trace amounts of synthetic opioids can be lethal.

(4) Beginning June 30, 2025, and each year thereafter, the department must submit a report to the appropriate committees of the legislature on the content and distribution of

the statewide drug overdose prevention and awareness campaign. The report must include a summary of the messages distributed during the campaign, the mediums through which the campaign was operated, and data on how many individuals received information through the campaign. The report must be submitted in compliance with RCW 43.01.036.

ESSB 6031 Prime Sponsor, Ways & Means: Modifying the student transportation allocation to accommodate multiple vehicle types for transporting students. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec.** A new section is added to chapter 28A.160 RCW to read as follows:

By January 1, 2026, the office of the superintendent of public instruction must perform a study of school district transportation costs and allocations in the 2024-25 school year. The purpose of the study is to recommend revisions to pupil transportation formulas beginning in the 2026-27 school year to make allocations more predictable, transparent, and comprehensive. The superintendent must report any findings and recommendations to the education and fiscal committees of the house of representatives and senate and submit agency request legislation as necessary to implement a new formula. The study must compare 2024-25

school year allocations provided by distribution formulas under RCW 28A.160.150 through 28A.160.180 and 28A.160.192 to alternative allocation formulas.

(1) The alternative allocation formulas studied must include, at a minimum, the following:

(a) A cost and methodology for reimbursing special transportation for students receiving special education services, students experiencing homelessness, and students in foster care. For any expenditures in 2024-25 that would be reimbursed under an alternative formula, the superintendent must report the expenditures by program, object, and activity as defined under accounting rules for the 2024-25 school year.

(b) An approach to accommodate multiple vehicle types that are used for pupil transportation.

(c) A rate per rider for transportation costs above proposed reimbursements in subsection (1) (a).

(d) A rate per mile for transportation costs above proposed reimbursements in subsection (1) (a).

(e) A minimum allocation formula.

(f) An inflation factor.

(2) The superintendent must use actual data from the 2024-25 school year to calculate alternative allocations in the study. To collect the data necessary, the superintendent must require school districts to report the following for the 2024-25 school year in addition to information reported under RCW 28A.160.170.

(a) Passengers eligible for and receiving special education that require transportation as a related service of their individualized education program.

(b) Passengers that are homeless students requiring transportation under the federal McKinney-Vento homeless assistance act, Title 42 U.S.C. Sec. 11431 et seq..

(c) Passengers that are foster students receiving transportation as required under the federal every student succeeds act, Title 20 U.S.C. Sec. 6312(c)(5)(b).

(d) The number of miles driven per vehicle type.

(e) Other data deemed necessary by the superintendent to develop alternative allocations.

(3) The office of the superintendent of public instruction may establish rules as necessary to implement this section.

(4) This section expires September 1, 2027."

E2SSB 6058 Prime Sponsor, Ways & Means: Facilitating linkage of Washington's carbon market with the California-Quebec carbon market. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Environment & Energy.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 70A.65.010 and 2022 c 181 s 10 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Allowance" means an authorization to emit up to one metric ton of carbon dioxide equivalent.

(2) "Allowance price containment reserve" means an account maintained by the department with allowances available for sale through separate reserve auctions at predefined prices to assist in containing compliance costs for covered and opt-in entities in the event of unanticipated high costs for compliance instruments.

(3) "Annual allowance budget" means the total number of greenhouse gas allowances allocated for auction and distribution for one calendar year by the department.

(4) "Asset controlling supplier" means any entity that owns or operates interconnected electricity generating facilities or serves as an exclusive marketer for these facilities even though it does not own them, and has been designated by the department and received a department-published emissions factor for the wholesale electricity procured from its system. The department shall use a methodology consistent with the methodology used by an external greenhouse gas emissions trading program that shares the regional electricity transmission system. Electricity from an asset controlling supplier is considered a specified source of electricity.

(5) "Auction" means the process of selling greenhouse gas allowances by offering them up for bid, taking bids, and then distributing the allowances to winning bidders.

(6) "Auction floor price" means a price for allowances below which bids at auction are not eligible to be accepted.

(7) "Auction purchase limit" means the limit on the number of allowances one registered entity or a group of affiliated registered entities may purchase from the share of allowances sold at an auction.

(8) "Balancing authority" means the responsible entity that integrates resource plans ahead of time, maintains load-interchange-generation balance within a balancing authority area, and supports interconnection frequency in real time.

(9) "Balancing authority area" means the collection of generation, transmission, and load within the metered boundaries of a balancing authority. A balancing authority maintains load-resource balance within this area.

(10) "Best available technology" means a technology or technologies that will achieve the greatest reduction in greenhouse gas emissions, taking into account the fuels, processes, and equipment used by facilities to produce goods of comparable type, quantity, and quality. Best available technology must be technically feasible, commercially available, economically viable, not create excessive environmental impacts, and be compliant with all applicable laws while not changing the characteristics of the good being manufactured.

(11) "Biomass" means nonfossilized and biodegradable organic material originating from plants, animals, and microorganisms, including products, by-products, residues, and waste from agriculture, forestry, and related industries as well as the nonfossilized and biodegradable organic fractions of municipal wastewater and industrial waste, including gases and liquids recovered from the decomposition of nonfossilized and biodegradable organic material.

(12) "Biomass-derived fuels," "biomass fuels," or "biofuels" means ~~((fuels derived from biomass that have at least 40 percent lower greenhouse gas emissions based on a full life-cycle analysis when compared to petroleum fuels for which biofuels are capable as serving as a substitute))~~ whichever of the following fuels derived from biomass has lower associated life-cycle greenhouse gas emissions: (a) Fuels that have at least 30 percent lower greenhouse gas emissions based on a full life-cycle analysis when compared to petroleum fuels for which biofuels are capable as serving as a substitute; or (b) fuels that meet a standard adopted by the department by rule that align with the definition of biofuel, or other standards applicable to biofuel, established by a jurisdiction with which the department has entered into a linkage agreement.

(13) "Carbon dioxide equivalents" means a measure used to compare the emissions from various greenhouse gases based on their global warming potential.

(14) "Carbon dioxide removal" means deliberate human activities removing carbon dioxide from the atmosphere and durably storing it in geological, terrestrial, or ocean reservoirs, or in products. "Carbon dioxide removal" includes existing and potential anthropogenic enhancement of biological or geochemical sinks and including, but not limited to, carbon mineralization and direct air capture and storage.

(15) "Climate commitment" means the process and mechanisms to ensure a coordinated and strategic approach to advancing climate resilience and environmental justice and achieving an equitable and inclusive transition to a carbon neutral economy.

(16) "Climate resilience" is the ongoing process of anticipating, preparing for, and adapting to changes in climate and minimizing negative impacts to our natural systems, infrastructure, and communities. For natural systems, increasing climate resilience involves restoring and increasing the health, function, and integrity of our ecosystems and improving their ability to absorb and recover from climate-affected disturbances. For communities, increasing climate resilience means enhancing their ability to understand, prevent, adapt, and recover from climate impacts to people and infrastructure.

(17) "Closed facility" means a facility at which the current owner or operator has elected to permanently stop production and will no longer be an emissions source.

(18) "Compliance instrument" means an allowance or offset credit issued by the department or by an external greenhouse gas emissions trading program to which Washington has linked its greenhouse gas emissions cap and invest program. One compliance instrument is equal to one metric ton of carbon dioxide equivalent.

(19) "Compliance obligation" means the requirement to submit to the department the number of compliance instruments equivalent to a covered or opt-in entity's covered emissions during the compliance period.

(20) "Compliance period" means the four-year period, except as provided in RCW 70A.65.070(1)(a)(ii), for which the compliance obligation is calculated for covered entities.

(21) "Cost burden" means the impact on rates or charges to customers of electric utilities in Washington state for the incremental cost of electricity service to serve load due to the compliance cost for greenhouse gas emissions caused by the program. Cost burden includes administrative costs from the utility's participation in the program.

(22) "Covered emissions" means the emissions for which a covered entity has a compliance obligation under RCW 70A.65.080.

(23) "Covered entity" means a person that is designated by the department as subject to RCW 70A.65.060 through 70A.65.210.

(24) "Cumulative environmental health impact" has the same meaning as provided in RCW 70A.02.010.

(25) "Curtailed facility" means a facility at which the owner or operator has temporarily suspended production but for which the owner or operator maintains operating permits and retains the option to resume production if conditions become amenable.

(26) "Department" means the department of ecology.

(27) "Electricity importer" means:

(a) For electricity that is scheduled with a NERC e-tag to a final point of delivery into a balancing authority area located entirely within the state of Washington, the electricity

importer is identified on the NERC e-tag as the purchasing-selling entity on the last segment of the tag's physical path with the point of receipt located outside the state of Washington and the point of delivery located inside the state of Washington;

(b) For facilities physically located outside the state of Washington with the first point of interconnection to a balancing authority area located entirely within the state of Washington when the electricity is not scheduled on a NERC e-tag, the electricity importer is the facility operator or owner;

(c) For electricity imported through a centralized market, the electricity importer will be defined by rule consistent with the rules required under RCW 70A.65.080(1) (c);

(d) For electricity provided as balancing energy in the state of Washington, including balancing energy that is also inside a balancing authority area that is not located entirely within the state of Washington, the electricity importer may be defined by the department by rule;

(e) For electricity from facilities allocated to serve retail electricity customers of a multijurisdictional electric company, the electricity importer is the multijurisdictional electric company;

~~((e))~~ (f) If the importer identified under (a) of this subsection is a federal power marketing administration over which the state of Washington does not have jurisdiction, and the federal power marketing administration has not voluntarily elected to comply with the program, then the electricity importer is the next purchasing-selling entity in the physical path on the NERC e-tag, or if no additional purchasing-selling entity over which the state of Washington has jurisdiction, then the electricity importer is the electric utility that operates the Washington transmission or distribution system, or the generation balancing authority;

~~((f))~~ (g) For electricity that is imported into the state by a federal power marketing administration and sold to a public body or cooperative customer or direct service industrial customer located in Washington pursuant to section 5(b) or (d) of the Pacific Northwest electric power planning and conservation act of 1980, P.L. 96-501, the electricity importer is the federal marketing administration;

~~((g))~~ (h) If the importer identified under ~~((f))~~ (g) of this subsection has not voluntarily elected to comply with the program, then the electricity importer is the public body or cooperative customer or direct service industrial customer; ~~((e))~~

~~((h))~~ (i) For electricity from facilities allocated to a consumer-owned utility inside the state of Washington from a multijurisdictional consumer-owned utility, the electricity importer is the consumer-owned utility inside the state of Washington; or

(j) For imported electricity not otherwise assigned an electricity importer by this subsection, the electricity importer may be defined by the department by rule.

(28) "Emissions containment reserve allowance" means a conditional allowance that is withheld from sale at an auction by the department or its agent to secure additional emissions reductions in the event prices fall below the emissions containment reserve trigger price.

(29) "Emissions containment reserve trigger price" means the price below which allowances will be withheld from sale by the department or its agent at an auction, as determined by the department by rule.

(30) "Emissions threshold" means the greenhouse gas emission level at or above which a person has a compliance obligation.

(31) "Environmental benefits" has the same meaning as defined in RCW 70A.02.010.

(32) "Environmental harm" has the same meaning as defined in RCW 70A.02.010.

(33) "Environmental impacts" has the same meaning as defined in RCW 70A.02.010.

(34) "Environmental justice" has the same meaning as defined in RCW 70A.02.010.

(35) "Environmental justice assessment" has the same meaning as identified in RCW 70A.02.060.

(36) "External greenhouse gas emissions trading program" means a government program, other than Washington's program created in this chapter, that restricts greenhouse gas emissions from sources outside of Washington and that allows emissions trading.

(37) "Facility" means any physical property, plant, building, structure, source, or stationary equipment located on one or more contiguous or adjacent properties in actual physical contact or separated solely by a public roadway or other public right-of-way and under common ownership or common control, that emits or may emit any greenhouse gas.

(38) "First jurisdictional deliverer" means the owner or operator of an electric generating facility in Washington or an electricity importer.

(39) "General market participant" means a registered entity that is not identified as a covered entity or an opt-in entity that is registered in the program registry and intends to purchase, hold, sell, or voluntarily retire compliance instruments.

(40) "Greenhouse gas" has the same meaning as in RCW 70A.45.010.

(41) "Holding limit" means the maximum number of allowances that may be held for use or trade by a registered entity at any one time.

(42) "Imported electricity" means electricity generated outside the state of Washington with a final point of delivery within the state.

(a) "Imported electricity" includes electricity from an organized market, such as the energy imbalance market.

(b) "Imported electricity" includes imports from linked jurisdictions, but such imports shall be construed as having no emissions.

(c) Electricity from a system that is marketed by a federal power marketing administration shall be construed as "imported electricity," not electricity generated in the state of Washington.

(d) "Imported electricity" does not include any electricity (~~(imports of unspecified electricity that are netted by exports of unspecified electricity to any jurisdiction not covered by a linked program by the same entity within the same hour)~~)that the department determines by rule to be: (i) Wheeled through the state; or (ii) separately accounted for in this chapter.

(e) For a multijurisdictional electric company, "imported electricity" means electricity, other than from in-state facilities, that contributes to a common system power pool. Where a multijurisdictional electric company has a cost allocation methodology approved by the utilities and transportation commission, the allocation of specific facilities to Washington's retail load will be in accordance with that methodology.

(f) For a multijurisdictional consumer-owned utility, "imported electricity" includes electricity from facilities that contribute to a common system power pool that are allocated to a consumer-owned utility inside the state of Washington pursuant to a methodology approved by the governing board of the consumer-owned utility.

(43) "Leakage" means a reduction in emissions of greenhouse gases within the state that is offset by a directly attributable increase in greenhouse gas emissions outside the state and outside the geography of another jurisdiction with a linkage agreement with Washington.

(44) "Limits" means the greenhouse gas emissions reductions required by RCW 70A.45.020.

(45) "Linkage" means a bilateral or multilateral decision under a linkage agreement between greenhouse gas market programs to accept compliance instruments issued by a participating jurisdiction to meet the obligations of regulated entities in a partner jurisdiction and to otherwise coordinate activities to facilitate operation of a joint market.

(46) "Linkage agreement" means a nonbinding agreement that connects two or more greenhouse gas market programs and articulates a mutual understanding of how the participating jurisdictions will work together to facilitate a connected greenhouse gas market.

(47) "Linked jurisdiction" means a jurisdiction with which Washington has entered into a linkage agreement.

(48) "Multijurisdictional consumer-owned utility" means a consumer-owned utility that provides electricity to member owners in Washington and in one or more other states in a contiguous service territory or from a common power system.

(49) "Multijurisdictional electric company" means an investor-owned utility that provides electricity to customers in Washington and in one or more other states in a contiguous service territory or from a common power system.

(50) "NERC e-tag" means North American electric reliability corporation (NERC) energy tag representing transactions on the North American bulk electricity market scheduled to flow between or across balancing authority areas.

(51) "Offset credit" means a tradable compliance instrument that represents an emissions reduction or emissions removal of one metric ton of carbon dioxide equivalent.

(52) "Offset project" means a project that reduces or removes greenhouse gases that are not covered emissions under this chapter.

(53) "Offset protocols" means a set of procedures and standards to quantify greenhouse gas reductions or greenhouse gas removals achieved by an offset project.

(54) "Overburdened community" means a geographic area where vulnerable populations face combined, multiple environmental harms and health impacts or risks due to exposure to environmental pollutants or contaminants through multiple pathways, which may result in significant disparate adverse health outcomes or effects.

(a) "Overburdened community" includes, but is not limited to:

(i) Highly impacted communities as defined in RCW 19.405.020;

(ii) Communities located in census tracts that are fully or partially on "Indian country" as defined in 18 U.S.C. Sec. 1151; and

(iii) Populations, including Native Americans or immigrant populations, who may be exposed to environmental contaminants and pollutants outside of the geographic area in which they reside based on the populations' use of traditional or cultural foods and practices, such as the use of resources, access to which is protected under treaty rights in ceded areas, when those exposures in conjunction with other exposures may result in disproportionately greater risks, including risks of certain cancers or other adverse health effects and outcomes.

(b) Overburdened communities identified by the department may include the same communities as those identified by the department through its process for identifying overburdened communities under RCW 70A.02.010.

(55) "Person" has the same meaning as defined in RCW 70A.15.2200(5) ~~((h))~~ (g)(iii).

(56) "Point of delivery" means a point on the electricity transmission or distribution system where a deliverer makes electricity available to a receiver, or available to serve load. This point may be an interconnection with another system or a substation where the transmission provider's transmission and distribution systems are connected to another system, or a distribution substation where electricity is imported into the state over a multijurisdictional retail provider's distribution system.

(57) "Price ceiling unit" means the units issued at a fixed price by the department for the purpose of limiting price increases and funding further investments in greenhouse gas reductions.

(58) "Program" means the greenhouse gas emissions cap and invest program created by and implemented pursuant to this chapter.

(59) "Program registry" means the data system in which covered entities, opt-in entities, and general market participants are registered and in which compliance instruments are recorded and tracked.

(60) "Registered entity" means a covered entity, opt-in entity, or general market participant that has completed the process for registration in the program registry.

(61) "Resilience" means the ability to prepare, mitigate and plan for, withstand, recover from, and more successfully adapt to adverse events and changing conditions, and reorganize in an equitable manner that results in a new and better condition.

(62) "Retire" means to permanently remove a compliance instrument such that the compliance instrument may never be sold, traded, or otherwise used again.

(63) "Specified source of electricity" or "specified source" means a facility, unit, or asset controlling supplier that is permitted to be claimed as the source of electricity delivered. The reporting entity must have either full or partial ownership in the facility or a written power contract to procure electricity generated by that facility or unit or from an asset controlling supplier at the time of entry into the transaction to procure electricity.

(64) "Supplier" means a supplier of fuel in Washington state as defined in RCW 70A.15.2200(5) ~~((h))~~ (g)(ii).

(65) "Tribal lands" has the same meaning as defined in RCW 70A.02.010.

(66) "Unspecified source of electricity" or "unspecified source" means a source of electricity that is not a specified source at the time of entry into the transaction to procure electricity.

(67) "Voluntary renewable reserve account" means a holding account maintained by the department from which allowances may be retired for voluntary renewable electricity generation, which is directly delivered to the state and has not and will not be sold or used to meet any other mandatory requirements in the state or any other jurisdiction, on behalf of voluntary renewable energy purchasers or end users.

(68) "Vulnerable populations" has the same meaning as defined in RCW 70A.02.010.

(69) "Electricity wheeled through the state" means electricity that is generated outside the state of Washington and delivered into Washington with the final point of delivery outside Washington including, but not limited to, electricity wheeled through the state on a single NERC e-tag, or wheeled into and out of Washington at a common point or trading hub on the power system on separate e-tags within the same hour.

**Sec. 2.** RCW 70A.65.060 and 2021 c 316 s 8 are each amended to read as follows:

(1) In order to ensure that greenhouse gas emissions are reduced by covered entities consistent with the limits established in RCW 70A.45.020, the department must implement a cap on greenhouse gas emissions from covered entities and a program to track, verify, and enforce compliance through the use of compliance instruments.

(2) The program must consist of:

(a) Annual allowance budgets that limit emissions from covered entities, as provided in this section and RCW 70A.65.070 and 70A.65.080;

(b) Defining those entities covered by the program, and those entities that may voluntarily opt into coverage under the program, as provided in this section and RCW 70A.65.070 and 70A.65.080;

(c) Distribution of emission allowances, as provided in RCW 70A.65.100, and through the allowance price containment provisions under RCW 70A.65.140 and 70A.65.150;

(d) Providing for offset credits as a method for meeting a compliance obligation, pursuant to RCW 70A.65.170;

(e) Defining the compliance obligations of covered entities, as provided in chapter 316, Laws of 2021;

(f) Establishing the authority of the department to enforce the program requirements, as provided in RCW 70A.65.200;

(g) Creating a climate investment account for the deposit of receipts from the distribution of emission allowances, as provided in RCW 70A.65.250;

(h) Providing for the transfer of allowances and recognition of compliance instruments, including those issued by jurisdictions with which Washington has linkage agreements;

(i) Providing monitoring and oversight of the sale and transfer of allowances by the department;

(j) Creating a price ceiling and associated mechanisms as provided in RCW 70A.65.160; and

(k) Providing for the allocation of allowances to emissions-intensive, trade-exposed industries pursuant to RCW 70A.65.110.

(3) The department shall consider opportunities to implement the program in a manner that allows linking the state's program with those of other jurisdictions. The department must evaluate whether such linkage will provide for a more cost-effective means for covered entities to meet their compliance obligations in Washington while recognizing the special characteristics of the state's economy, communities, and industries. The department is authorized to enter into a linkage agreement with another jurisdiction after conducting an environmental justice assessment and after formal notice and opportunity for a public hearing, and when consistent with the requirements of RCW 70A.65.210. The department is authorized to withdraw from a linkage agreement and every linkage agreement must provide that the department reserves the right to withdraw from the agreement.

(4) During the 2022 regular legislative session, the department must bring forth agency request legislation developed in consultation with emissions-intensive, trade-exposed businesses, covered entities, environmental advocates, and overburdened communities that

outlines a compliance pathway specific to emissions-intensive, trade-exposed businesses for achieving their proportionate share of the state's emissions reduction limits through 2050.

(5) By December 1, 2027, and ~~((at least every four years thereafter))~~ by December 1st of each year that is one year after the end of a compliance period, and in compliance with RCW 43.01.036, the department must submit a report to the legislature that includes a comprehensive review of the implementation of the program to date, including but not limited to outcomes relative to the state's emissions reduction limits, overburdened communities, covered entities, and emissions-intensive, trade-exposed businesses. The department must transmit the report to the environmental justice council at the same time it is submitted to the legislature.

(6) The department must bring forth agency request legislation if the department finds that any provision of this chapter prevents linking Washington's cap and invest program with that of any other jurisdiction.

**Sec. 3.** RCW 70A.65.070 and 2022 c 181 s 1 are each amended to read as follows:

(1) (a) (i) The department shall commence the program by January 1, 2023, by determining an emissions baseline establishing the proportionate share that the total greenhouse gas emissions of covered entities for the first compliance period bears to the total anthropogenic greenhouse gas emissions in the state during 2015 through 2019, based on data reported to the department under RCW 70A.15.2200 or provided as required by this chapter, as well as other relevant data. By October 1, 2022, the department shall adopt annual allowance budgets for the first compliance period of the program, calendar years 2023 through 2026, to be distributed from January 1, 2023, through December 31, 2026.

(ii) If the department enters into a linkage agreement, and the linked jurisdictions do not amend their rules to synchronize with Washington's compliance periods, the department must amend its rules to synchronize Washington's compliance periods with those of the linked jurisdiction or jurisdictions. The department may not by rule amend the length of the first compliance period to end on a date other than December 31, 2026.

(b) By October 1, 2026, the department shall add to its emissions baseline by incorporating the proportionate share that the total greenhouse gas emissions of new covered entities in the second compliance period bear to the total anthropogenic greenhouse gas emissions in the state during 2015 through 2019. In determining the addition to the baseline, the department may exclude a year from the determination if the department identifies that year to have been an outlier due to a state of emergency. The department shall adopt annual allowance budgets for the second compliance period of the program ~~((, calendar years 2027 through 2030,))~~ that will be distributed ~~((from January 1, 2027, through December 31, 2030))~~ during the second compliance period.

(c) By October 1, 2028, the department shall adopt by rule the annual allowance budgets for ~~((calendar years 2031))~~ the end of the second compliance period through 2040.

(2) The annual allowance budgets must be set to achieve the share of reductions by covered entities necessary to achieve the 2030, 2040, and 2050 statewide emissions limits established in RCW 70A.45.020, based on data reported to the department under chapter 70A.15 RCW or provided as required by this chapter. Annual allowance budgets must be set such that the use of offsets as compliance instruments, consistent with RCW 70A.65.170, does not prevent the achievement of the emissions limits established in RCW 70A.45.020. In so setting annual allowance budgets, the department must reduce the annual allowance budget relative to the limits in an amount equivalent to offset use, or in accordance with a similar methodology adopted by the department. The department must adopt annual allowance budgets for the program on a calendar year basis that provide for progressively equivalent reductions year over year. An allowance distributed under the program, either directly by the department under RCW 70A.65.110 through 70A.65.130 or through auctions under RCW 70A.65.100, does not expire and may be held or banked consistent with RCW 70A.65.100(6) and 70A.65.150(1).

(3) The department must complete evaluations by December 31, 2027, and ~~((by))~~ December ((31, 2035)) 31st of the year following the conclusion of the third compliance period, of the performance of the program, including its performance in reducing greenhouse gases. If the evaluation shows that adjustments to the annual allowance budgets are necessary for covered entities to achieve their proportionate share of the 2030 and 2040 emission reduction limits identified in RCW 70A.45.020, as applicable, the department shall adjust the annual allowance budgets accordingly. The department must complete additional evaluations of the performance of the program by December ~~((31, 2040, and by December 31, 2045))~~ 31st of the year following the conclusion of the fifth and sixth compliance periods, and make any necessary adjustments in the annual allowance budgets to ensure that covered entities achieve their proportionate share of the 2050 emission reduction limit identified in RCW 70A.45.020. Nothing in this subsection precludes the department from making additional adjustments to annual allowance budgets as necessary to ensure successful achievement of the proportionate emission reduction limits by covered entities. The department shall determine and make public the circumstances, metrics, and processes that would initiate the public consideration of additional allowance budget adjustments to ensure successful achievement of the proportionate emission reduction limits.

(4) Data reported to the department under RCW 70A.15.2200 or provided as required by this chapter for 2015 through 2019 is deemed sufficient for the purpose of adopting annual allowance budgets and serving as the baseline by which covered entities demonstrate compliance under the first compliance period of the program. Data reported to the department under RCW 70A.15.2200 or provided as required by this chapter for 2023 through 2025 is deemed

sufficient for adopting annual allowance budgets and serving as the baseline by which covered entities demonstrate compliance under the second compliance period of the program.

(5) The legislature intends to promote a growing and sustainable economy and to avoid leakage of emissions from manufacturing to other jurisdictions. Therefore, the legislature finds that implementation of this section is contingent upon the enactment of RCW 70A.65.110.

**Sec. 4.** RCW 70A.65.080 and 2022 c 179 s 14 are each amended to read as follows:

(1) A person is a covered entity as of the beginning of the first compliance period and all subsequent compliance periods if the person reported emissions under RCW 70A.15.2200 for any calendar year from 2015 through 2019, or if additional data provided as required by this chapter indicates that emissions for any calendar year from 2015 through 2019 equaled or exceeded any of the following thresholds, or if the person is a first jurisdictional deliverer and imports electricity into the state during the compliance period:

(a) Where the person owns or operates a facility and the facility's emissions equal or exceed 25,000 metric tons of carbon dioxide equivalent;

(b) Where the person is a first jurisdictional deliverer and generates electricity in the state and emissions associated with this generation equals or exceeds 25,000 metric tons of carbon dioxide equivalent;

(c)(i) Where the person is a first jurisdictional deliverer importing electricity into the state and:

(A) For specified sources, the cumulative annual total of emissions associated with the imported electricity (whether from specified or unspecified sources) exceeds 25,000 metric tons of carbon dioxide equivalent;

(B) For unspecified sources, the cumulative annual total of emissions associated with the imported electricity exceeds 0 metric tons of carbon dioxide equivalent; or

(C) For electricity purchased from a federal power marketing administration pursuant to section 5(b) of the Pacific Northwest electric power planning and conservation act of 1980, P.L. 96-501, if the department determines such electricity is not from a specified source, the cumulative annual total of emissions associated with the imported electricity exceeds 25,000 metric tons of carbon dioxide equivalent.

(ii) In consultation with any linked jurisdiction to the program created by this chapter, by October 1, 2026, the department, in consultation with the department of commerce and the utilities and transportation commission, shall adopt by rule a methodology for addressing imported electricity associated with a centralized electricity market;

(d) Where the person is a supplier of fossil fuel other than natural gas and from that fuel 25,000 metric tons or more of carbon dioxide equivalent emissions would result from the full combustion or oxidation, excluding the amounts for fuel products that are produced or imported with a documented final point of delivery outside of Washington and combusted outside of Washington; and

(e)(i) Where the person supplies natural gas in amounts that would result in exceeding 25,000 metric tons of carbon dioxide equivalent emissions if fully combusted or oxidized, excluding the amounts for fuel products that are produced or imported with a documented final point of delivery outside of Washington and combusted outside of Washington, and excluding the amounts: (A) Supplied to covered entities under (a) through (d) of this subsection; and (B) delivered to opt-in entities;

(ii) Where the person who is not a natural gas company and has a tariff with a natural gas company to deliver to an end-use customer in the state in amounts that would result in exceeding 25,000 metric tons of carbon dioxide equivalent emissions if fully combusted or oxidized, excluding the amounts: (A) Supplied to covered entities under (a) through (d) of this subsection; and (B) the amounts delivered to opt-in entities;

(iii) Where the person is an end-use customer in the state who directly purchases natural gas from a person that is not a natural gas company and has the natural gas delivered through an interstate pipeline to a distribution system owned by the purchaser in amounts that would result in exceeding 25,000 metric tons of carbon dioxide equivalent emissions if fully combusted or oxidized, excluding the amounts: (A) Supplied to covered entities under (a) through (d) of this subsection; and (B) delivered to opt-in entities.

(2) A person is a covered entity as of the beginning of the second compliance period and all subsequent compliance periods if the person reported emissions under RCW 70A.15.2200 or provided emissions data as required by this chapter for any calendar year from 2023 through 2025, where the person owns or operates a waste to energy facility utilized by a county and city solid waste management program and the facility's emissions equal or exceed 25,000 metric tons of carbon dioxide equivalent.

(3) A person is a covered entity (~~beginning January 1, 2031~~) as of the beginning of the third compliance period, and all subsequent compliance periods if the person reported emissions under RCW 70A.15.2200 or provided emissions data as required by this chapter for (~~any calendar year from~~) 2027 (~~through 2029~~) or 2028, where the person owns or operates a railroad company, as that term is defined in RCW 81.04.010, and the railroad company's emissions equal or exceed 25,000 metric tons of carbon dioxide equivalent.

(4) When a covered entity reports, during a compliance period, emissions from a facility under RCW 70A.15.2200 that are below the thresholds specified in subsection (1) or (2) of this section, the covered entity continues to have a compliance obligation through the current compliance period. When a covered entity reports emissions below the threshold for each year during an entire compliance period, or has ceased all processes at the facility requiring reporting under RCW 70A.15.2200, the entity is no longer a covered entity as of the beginning of the subsequent compliance period unless the department provides notice at least

12 months before the end of the compliance period that the facility's emissions were within 10 percent of the threshold and that the person will continue to be designated as a covered entity in order to ensure equity among all covered entities. Whenever a covered entity ceases to be a covered entity, the department shall notify the appropriate policy and fiscal committees of the legislature of the name of the entity and the reason the entity is no longer a covered entity.

(5) For types of emission sources described in subsection (1) of this section that begin or modify operation after January 1, 2023, and types of emission sources described in subsection (2) of this section that begin or modify operation after 2027, coverage under the program starts in the calendar year in which emissions from the source exceed the applicable thresholds in subsection (1) or (2) of this section, or upon formal notice from the department that the source is expected to exceed the applicable emissions threshold, whichever happens first. Sources meeting these conditions are required to transfer their first allowances on the first transfer deadline of the year following the year in which their emissions were equal to or exceeded the emissions threshold.

(6) For emission sources described in subsection (1) of this section that are in operation or otherwise active between 2015 and 2019 but were not required to report emissions for those years under RCW 70A.15.2200 for the reporting periods between 2015 and 2019, coverage under the program starts in the calendar year following the year in which emissions from the source exceed the applicable thresholds in subsection (1) of this section as reported pursuant to RCW 70A.15.2200 or provided as required by this chapter, or upon formal notice from the department that the source is expected to exceed the applicable emissions threshold for the first year that source is required to report emissions, whichever happens first. Sources meeting these criteria are required to transfer their first allowances on the first transfer deadline of the year following the year in which their emissions, as reported under RCW 70A.15.2200 or provided as required by this chapter, were equal to or exceeded the emissions threshold.

(7) The following emissions are exempt from coverage in the program, regardless of the emissions reported under RCW 70A.15.2200 or provided as required by this chapter:

(a) Emissions from the combustion of aviation fuels;

(b) Emissions from watercraft fuels supplied in Washington that are combusted outside of Washington;

(c) Emissions from a coal-fired electric generation facility exempted from additional greenhouse gas limitations, requirements, or performance standards under RCW 80.80.110;

(d) Carbon dioxide emissions from the combustion of biomass or biofuels;

(e) (i) Motor vehicle fuel or special fuel that is used exclusively for agricultural purposes by a farm fuel user. This exemption is available only if a buyer of motor vehicle fuel or special fuel provides the seller with an exemption certificate in a form and manner prescribed by the department. For the purposes of this subsection, "agricultural purposes" and "farm fuel user" have the same meanings as provided in RCW 82.08.865.

(ii) The department must determine a method for expanding the exemption provided under (e) (i) of this subsection to include fuels used for the purpose of transporting agricultural products on public highways. The department must maintain this expanded exemption for a period of five years, in order to provide the agricultural sector with a feasible transition period;

(f) Emissions from facilities with North American industry classification system code 92811 (national security); and

(g) Emissions from municipal solid waste landfills that are subject to, and in compliance with, chapter 70A.540 RCW.

(8) The department shall not require multiple covered entities to have a compliance obligation for the same emissions. The department may by rule authorize refineries, fuel suppliers, facilities using natural gas, and natural gas utilities to provide by agreement for the assumption of the compliance obligation for fuel or natural gas supplied and combusted in the state. The department must be notified of such an agreement at least 12 months prior to the compliance obligation period for which the agreement is applicable.

(9) (a) The legislature intends to promote a growing and sustainable economy and to avoid leakage of emissions from manufacturing to other locations. The legislature further intends to see innovative new businesses locate and grow in Washington that contribute to Washington's prosperity and environmental objectives.

(b) Consistent with the intent of the legislature to avoid the leakage of emissions to other jurisdictions, in achieving the state's greenhouse gas limits in RCW 70A.45.020, the state, including lead agencies under chapter 43.21C RCW, shall pursue the limits in a manner that recognizes that the siting and placement of new or expanded best-in-class facilities with lower carbon emitting processes is in the economic and environmental interests of the state of Washington.

(c) In conducting a life-cycle analysis, if required, for new or expanded facilities that require review under chapter 43.21C RCW, a lead agency must evaluate and attribute any potential net cumulative greenhouse gas emissions resulting from the project as compared to other existing facilities or best available technology including best-in-class facilities and emerging lower carbon processes that supply the same product or end use. The department may adopt rules to determine the appropriate threshold for applying this analysis.

(d) Covered emissions from an entity that is or will be a covered entity under this chapter may not be the basis for denial of a permit for a new or expanded facility. Covered emissions must be included in the analysis undertaken pursuant to (c) of this subsection. Nothing in this subsection requires a lead agency or a permitting agency to approve or issue a permit to a permit applicant, including to a new or expanded fossil fuel project.

(e) A lead agency under chapter 43.21C RCW or a permitting agency shall allow a new or expanded facility that is a covered entity or opt-in entity to satisfy a mitigation requirement for its covered emissions under this chapter (~~(316, Laws of 2021)~~) and under any greenhouse gas emission mitigation requirements for covered emissions under chapter 43.21C RCW by submitting to the department the number of compliance instruments equivalent to its covered emissions during a compliance period.

**Sec. 5.** RCW 70A.65.100 and 2023 c 475 s 937 are each amended to read as follows:

(1) Except as provided in RCW 70A.65.110, 70A.65.120, and 70A.65.130, the department shall distribute allowances through auctions as provided in this section and in rules adopted by the department to implement these sections. An allowance is not a property right.

(2) (a) The department shall hold a maximum of four auctions annually, plus any necessary reserve auctions. An auction may include allowances from the annual allowance budget of the current year and allowances from the annual allowance budgets from prior years that remain to be distributed. The department must transmit to the environmental justice council an auction notice at least 60 days prior to each auction, as well as a summary results report and a postauction public proceeds report within 60 days after each auction. The department must communicate the results of the previous calendar year's auctions to the environmental justice council on an annual basis beginning in 2024.

(b) The department must make future vintage allowances available through parallel auctions at least twice annually in addition to the auctions through which current vintage allowances are exclusively offered under (a) of this subsection.

(3) The department shall engage a qualified, independent contractor to run the auctions. The department shall also engage a qualified financial services administrator to hold the bid guarantees, evaluate bid guarantees, and inform the department of the value of bid guarantees once the bids are accepted.

(4) Auctions are open to covered entities, opt-in entities, and general market participants that are registered entities in good standing. The department shall adopt by rule the requirements for a registered entity to register and participate in a given auction.

(a) Registered entities intending to participate in an auction must submit an application to participate at least 30 days prior to the auction. The application must include the documentation required for review and approval by the department. A registered entity is eligible to participate only after receiving a notice of approval by the department.

(b) Each registered entity that elects to participate in the auction must have a different representative. Only a representative with an approved auction account is authorized to access the auction platform to submit an application or confirm the intent to bid for the registered entity, submit bids on behalf of the registered entity during the bidding window, or to download reports specific to the auction.

(5) The department may require a bid guarantee, payable to the financial services administrator, in an amount greater than or equal to the sum of the maximum value of the bids to be submitted by the registered entity.

(6) To protect the integrity of the auctions, a registered entity or group of registered entities with a direct corporate association are subject to auction purchase and holding limits. The department may impose additional limits if it deems necessary to protect the integrity and functioning of the auctions:

(a) A covered entity or an opt-in entity may not buy more than ~~((10))~~25 percent of the allowances offered during a single auction;

(b) A general market participant may not buy more than four percent of the allowances offered during a single auction ~~((and))~~;

(c) Until Washington links with a jurisdiction that does not have this requirement, a general market participant may not in aggregate own more than 10 percent of total allowances to be issued in a calendar year;

~~((e))~~ (d) No registered entity may buy more than the entity's bid guarantee; and

~~((d))~~ (e) No registered entity may buy allowances that would exceed the entity's holding limit at the time of the auction.

(7) (a) For fiscal year 2023, upon completion and verification of the auction results, the financial services administrator shall notify winning bidders and transfer the auction proceeds to the state treasurer for deposit as follows: (i) \$127,341,000 must first be deposited into the carbon emissions reduction account created in RCW 70A.65.240; and (ii) the remaining auction proceeds to the climate investment account created in RCW 70A.65.250 and the air quality and health disparities improvement account created in RCW 70A.65.280.

(b) For fiscal year 2024, upon completion and verification of the auction results, the financial services administrator shall notify winning bidders and transfer the auction proceeds to the state treasurer for deposit as follows: (i) \$356,697,000 must first be deposited into the carbon emissions reduction account created in RCW 70A.65.240, except during fiscal year 2024, the deposit as provided in this subsection (7) (b) (i) may be prorated equally across each of the auctions occurring in fiscal year 2024; and (ii) the remaining auction proceeds to the climate investment account created in RCW 70A.65.250 and the air quality and health disparities improvement account created in RCW 70A.65.280, which may be prorated equally across each of the auctions occurring in fiscal year 2024.

(c) For fiscal year 2025, upon completion and verification of the auction results, the financial services administrator shall notify winning bidders and transfer the auction proceeds to the state treasurer for deposit as follows: (i) \$366,558,000 must first be deposited into the carbon emissions reduction account created in RCW 70A.65.240, except that during fiscal year 2025, the deposit as provided in this subsection (7) (c) (i) may be prorated

equally across each of the auctions occurring in fiscal year 2025; and (ii) the remaining auction proceeds to the climate investment account created in RCW 70A.65.250 and the air quality and health disparities improvement account created in RCW 70A.65.280, which may be prorated equally across each of the auctions occurring in fiscal year 2025.

(d) For fiscal years 2026 through 2037, upon completion and verification of the auction results, the financial services administrator shall notify winning bidders and transfer the auction proceeds to the state treasurer for deposit as follows: (i) \$359,117,000 per year must first be deposited into the carbon emissions reduction account created in RCW 70A.65.240; and (ii) the remaining auction proceeds to the climate investment account created in RCW 70A.65.250 and the air quality and health disparities improvement account created in RCW 70A.65.280.

(e) The deposits into the carbon emissions reduction account pursuant to (a) through (d) of this subsection must not exceed \$5,200,000,000 over the first 16 fiscal years and any remaining auction proceeds must be deposited into the climate investment account created in RCW 70A.65.250 and the air quality and health disparities improvement account created in RCW 70A.65.280.

(f) For fiscal year 2038 and each year thereafter, upon completion and verification of the auction results, the financial services administrator shall notify winning bidders and transfer the auction proceeds to the state treasurer for deposit as follows: (i) 50 percent of the auction proceeds to the carbon emissions reduction account created in RCW 70A.65.240; and (ii) the remaining auction proceeds to the climate investment account created in RCW 70A.65.250 and the air quality and health disparities improvement account created in RCW 70A.65.280.

(8) The department shall adopt by rule provisions to guard against bidder collusion and minimize the potential for market manipulation. A registered entity may not release or disclose any bidding information including: Intent to participate or refrain from participation; auction approval status; intent to bid; bidding strategy; bid price or bid quantity; or information on the bid guarantee provided to the financial services administrator. The department may cancel or restrict a previously approved auction participation application or reject a new application if the department determines that a registered entity has:

- (a) Provided false or misleading facts;
- (b) Withheld material information that could influence a decision by the department;
- (c) Violated any part of the auction rules;
- (d) Violated registration requirements; or
- (e) Violated any of the rules regarding the conduct of the auction.

(9) Records containing the following information are confidential and are exempt from public disclosure in their entirety:

- (a) Bidding information as identified in subsection (8) of this section;
- (b) Information contained in the secure, online electronic tracking system established by the department pursuant to RCW 70A.65.090(6);
- (c) Financial, proprietary, and other market sensitive information as determined by the department that is submitted to the department pursuant to this chapter;
- (d) Financial, proprietary, and other market sensitive information as determined by the department that is submitted to the independent contractor or the financial services administrator engaged by the department pursuant to subsection (3) of this section; and
- (e) Financial, proprietary, and other market sensitive information as determined by the department that is submitted to a jurisdiction with which the department has entered into a linkage agreement pursuant to RCW 70A.65.210, and which is shared with the department, the independent contractor, or the financial services administrator pursuant to a linkage agreement.

(10) Any cancellation or restriction approved by the department under subsection (8) of this section may be permanent or for a specified number of auctions and the cancellation or restriction imposed is not exclusive and is in addition to the remedies that may be available pursuant to chapter 19.86 RCW or other state or federal laws, if applicable.

(11) The department shall design allowance auctions so as to allow, to the maximum extent practicable, linking with external greenhouse gas emissions trading programs in other jurisdictions and to facilitate the transfer of allowances when the state's program has entered into a linkage agreement with other external greenhouse gas emissions trading programs. The department may conduct auctions jointly with linked jurisdictions.

(12) In setting the number of allowances offered at each auction, the department shall consider the allowances in the marketplace due to the marketing of allowances issued as required under RCW 70A.65.110, 70A.65.120, and 70A.65.130 in the department's determination of the number of allowances to be offered at auction. The department shall offer only such number of allowances at each auction as will enhance the likelihood of achieving the goals of RCW 70A.45.020.

**Sec. 6.** RCW 70A.65.110 and 2021 c 316 s 13 are each amended to read as follows:

(1) Facilities owned or operated by a covered entity must receive an allocation of allowances for the covered emissions at those facilities under this subsection at no cost if the operations of the facility are classified as emissions-intensive and trade-exposed, as determined by being engaged in one or more of the processes described by the following industry descriptions and codes in the North American industry classification system:

(a) Metals manufacturing, including iron and steel making, ferroalloy and primary metals manufacturing, secondary aluminum smelting and alloying, aluminum sheet, plate, and foil

manufacturing, and smelting, refining, and alloying of other nonferrous metals, North American industry classification system codes beginning with 331;

(b) Paper manufacturing, including pulp mills, paper mills, and paperboard milling, North American industry classification system codes beginning with 322;

(c) Aerospace product and parts manufacturing, North American industry classification system codes beginning with 3364;

(d) Wood products manufacturing, North American industry classification system codes beginning with 321;

(e) Nonmetallic mineral manufacturing, including glass container manufacturing, North American industry classification system codes beginning with 327;

(f) Chemical manufacturing, North American industry classification system codes beginning with 325;

(g) Computer and electronic product manufacturing, including semiconductor and related device manufacturing, North American industry classification system codes beginning with 334;

(h) Food manufacturing, North American industry classification system codes beginning with 311;

(i) Cement manufacturing, North American industry classification system code 327310;

(j) Petroleum refining, North American industry classification system code 324110;

(k) Asphalt paving mixtures and block manufacturing from refined petroleum, North American industry classification system code 324121;

(l) Asphalt shingle and coating manufacturing from refined petroleum, North American industry classification system code 324122; and

(m) All other petroleum and coal products manufacturing from refined petroleum, North American industry classification system code 324199.

(2) By July 1, 2022, the department must adopt by rule objective criteria for both emissions' intensity and trade exposure for the purpose of identifying emissions-intensive, trade-exposed manufacturing businesses during the second compliance period of the program and subsequent compliance periods. A facility covered by subsection (1)(a) through (m) of this section is considered an emissions-intensive, trade-exposed facility and is eligible for allocation of no cost allowances as described in this section. In addition, any covered party that is a manufacturing business that can demonstrate to the department that it meets the objective criteria adopted by rule is also eligible for treatment as emissions-intensive, trade-exposed and is eligible for allocation of no cost allowances as described in this section. In developing the objective criteria under this subsection, the department must consider the locations of facilities potentially identified as emissions-intensive, trade-exposed manufacturing businesses relative to overburdened communities.

(3) (a) For the ~~((first compliance period beginning in January 1, 2023))~~ years 2023 through 2026, the annual allocation of no cost allowances for direct distribution to a facility identified as emissions-intensive and trade-exposed must be equal to the facility's baseline carbon intensity established using data from 2015 through 2019, or other data as allowed under this section, multiplied by the facility's actual production for each calendar year during the compliance period. For facilities using the mass-based approach, the allocation of no cost allowances shall be equal to the facility's mass-based baseline using data from 2015 through 2019, or other data as allowed under this section.

(b) For the ~~((second compliance period, beginning in January, 2027,))~~ four years beginning January 2027 and in each subsequent ~~((compliance))~~ four-year period, the annual allocation of no cost allowances established in (a) of this subsection shall be adjusted according to the benchmark reduction schedules established in (b)(ii) and (iii) and (e) of this subsection multiplied by the facility's actual production during the period. The department shall adjust the no cost allocation of allowances and credits to an emissions-intensive and trade-exposed facility to avoid duplication with any no cost allowances transferred pursuant to RCW 70A.65.120 and 70A.65.130, if applicable.

(i) For the purpose of this section, "carbon intensity" means the amount of carbon dioxide equivalent emissions from a facility in metric tons divided by the facility specific measure of production including, but not limited to, units of product manufactured or sold, over the same time interval.

(ii) If an emissions-intensive and trade-exposed facility is not able to feasibly determine a carbon intensity benchmark based on its unique circumstances, the entity may elect to use a mass-based baseline that does not vary based on changes in production volumes. The mass-based baseline must be based upon data from 2015 through 2019, unless the emissions-intensive, trade-exposed facility can demonstrate that there have been abnormal periods of operation that materially impacted the facility and the baseline period should be expanded to include years prior to 2015. For ~~((each year during the first four year compliance period that begins January 1, 2023))~~ the years 2023 through 2026, these facilities must be awarded no cost allowances equal to 100 percent of the facility's mass-based baseline. For each year during the ~~((second four year compliance period that begins January 1, 2027))~~ years 2027 through 2030, these facilities must be awarded no cost allowances equal to 97 percent of the facility's mass-based baseline. For each year during the ~~((third compliance period that begins January 1, 2031))~~ years 2031 through 2034, these facilities must be awarded no cost allowances equal to 94 percent of the facility's mass-based baseline. Except as provided in (b)(iii) of this subsection, if a facility elects to use a mass-based baseline, it may not later convert to a carbon intensity benchmark during the ~~((first three compliance periods))~~ years 2023 through 2034.

(iii) A facility with a North American industry classification system code beginning with 3364 that is utilizing a mass-based baseline in (b)(ii) of this subsection must receive an additional no cost allowance allocation under this section in order to accommodate an

increase in production that increases its emissions above the baseline on a basis equivalent in principle to those awarded to entities utilizing a carbon intensity benchmark pursuant to this subsection (3)(b). The department shall establish methods to award, for any annual period, additional no cost allowance allocations under this section and, if appropriate based on projected production, to achieve a similar ongoing result through the adjustment of the facility's mass-based baseline. An eligible facility under this subsection that has elected to use a mass-based baseline may not convert to a carbon intensity benchmark until the next compliance period.

(c)(i) By September 15, 2022, each emissions-intensive, trade-exposed facility shall submit its carbon intensity baseline for the first compliance period to the department. The carbon intensity baseline for the first compliance period must use data from 2015-2019, unless the emissions-intensive, trade-exposed facility can demonstrate that there have been abnormal periods of operation that materially impacted the facility and the baseline period should be expanded to include years prior to 2015.

(ii) By November 15, 2022, the department shall review and approve each emissions-intensive, trade-exposed facility's baseline carbon intensity for the ~~((first compliance period))~~ years 2023 through 2026.

(d) During the ~~((first four-year compliance period that begins January 1, 2023))~~ years 2023 through 2026, each emissions-intensive, trade-exposed facility must record its facility-specific carbon intensity baseline based on its actual production.

(e)(i) For the ~~((second four-year compliance period that begins January 1, 2027))~~ years 2027 through 2030, the second period benchmark for each emissions-intensive, trade-exposed facility is three percent below the first period baseline specified in (a), (b), and (c) of this subsection.

(ii) For the ~~((third four-year compliance period that begins January 1, 2031))~~ years 2031 through 2034, the third period benchmark for each emissions-intensive, trade-exposed facility is three percent lower than the ~~((second period benchmark))~~ years 2027 through 2030.

(f) Prior to the beginning of ~~((either the second, third, or subsequent compliance))~~ 2027, 2031, or subsequent four-year periods, the department may make an upward adjustment in the next ~~((compliance))~~ four-year period's benchmark for an emissions-intensive, trade-exposed facility based on the facility's demonstration to the department that additional reductions in carbon intensity or mass emissions are not technically or economically feasible. The department may base the upward adjustment applicable to an emissions-intensive, trade-exposed facility in the next ~~((compliance))~~ four-year period on the facility's best available technology analysis. The department shall by rule provide for emissions-intensive, trade-exposed facilities to apply to the department for an adjustment to the allocation for direct distribution of no cost allowances based on its facility-specific carbon intensity benchmark or mass emissions baseline. The department shall make adjustments based on:

(i) A significant change in the emissions use or emissions attributable to the manufacture of an individual good or goods in this state by an emissions-intensive, trade-exposed facility based on a finding by the department that an adjustment is necessary to accommodate for changes in the manufacturing process that have a material impact on emissions;

(ii) Significant changes to an emissions-intensive, trade-exposed facility's external competitive environment that result in a significant increase in leakage risk; or

(iii) Abnormal operating periods when an emissions-intensive, trade-exposed facility's carbon intensity has been materially affected so that these abnormal operating periods are either excluded or otherwise considered in the establishment of the ~~((compliance period))~~ carbon intensity benchmarks.

(4)(a) By December 1, 2026, the department shall provide a report to the appropriate committees of the senate and house of representatives that describes alternative methods for determining the amount and a schedule of allowances to be provided to facilities owned or operated by each covered entity designated as an emissions-intensive, trade-exposed facility from January 1, 2035, through January 1, 2050. The report must include a review of global best practices in ensuring against emissions leakage and economic harm to businesses in carbon pricing programs and describe alternative methods of emissions performance benchmarking and mass-based allocation of no cost allowances. At a minimum, the department must evaluate benchmarks based on both carbon intensity and mass, as well as the use of best available technology as a method for compliance. In developing the report, the department shall form an advisory group that includes representatives of the manufacturers listed in subsection (1) of this section.

(b) If the legislature does not adopt a compliance obligation for emissions-intensive, trade-exposed facilities by December 1, 2027, those facilities must continue to receive allowances as provided in the ~~((third four-year compliance period that begins January 1, 2031))~~ years 2031 through 2034.

(5) If the actual emissions of an emissions-intensive, trade-exposed facility exceed the facility's no cost allowances assigned for that compliance period, it must acquire additional compliance instruments such that the total compliance instruments transferred to its compliance account consistent with this chapter ~~((316, Laws of 2021))~~ equals emissions during the compliance period. An emissions-intensive, trade-exposed facility must be allowed to bank unused allowances, including for future sale and investment in best available technology when economically feasible. The department shall limit the use of offset credits for compliance by an emissions-intensive, trade-exposed facility, such that the quantity of no cost allowances plus the provision of offset credits does not exceed 100 percent of the facility's total compliance obligation over a compliance period.

(6) The department must withhold or withdraw the relevant share of allowances allocated to a covered entity under this section in the event that the covered entity ceases production in the state and becomes a closed facility. In the event an entity curtails all production and becomes a curtailed facility, the allowances are retained but cannot be traded, sold, or transferred and are still subject to the emission reduction requirements specified in this section. An owner or operator of a curtailed facility may transfer the allowances to a new operator of the facility that will be operated under the same North American industry classification system codes. If the curtailed facility becomes a closed facility, then all unused allowances will be transferred to the emissions containment reserve. A curtailed facility is not eligible to receive free allowances during a period of curtailment. Any allowances withheld or withdrawn under this subsection must be transferred to the emissions containment reserve.

(7) An owner or operator of more than one facility receiving no cost allowances under this section may transfer allowances among the eligible facilities.

(8) Rules adopted by the department under this section must include protocols for allocating allowances at no cost to an eligible facility built after July 25, 2021. The protocols must include consideration of the products and criteria pollutants being produced by the facility, as well as the local environmental and health impacts associated with the facility. For a facility that is built on tribal lands or is determined by the department to impact tribal lands and resources, the protocols must be developed in consultation with the affected tribal nations.

**Sec. 7.** RCW 70A.65.170 and 2022 c 181 s 12 are each amended to read as follows:

(1) The department shall adopt by rule the protocols for establishing offset projects and ~~((securing))~~ generating offset credits that may be used to meet a portion of a covered or opt-in entity's compliance obligation under this chapter. The protocols adopted by the department under this section must align with the policies of the state established under RCW 70A.45.090 and 70A.45.100.

(2) Offset projects must:

(a) Provide direct environmental benefits to the state or be located in a jurisdiction with which Washington has entered into a linkage agreement;

(b) Result in greenhouse gas reductions or removals that:

(i) Are real, permanent, quantifiable, verifiable, and enforceable; and

(ii) Are in addition to greenhouse gas emission reductions or removals otherwise required by law and other greenhouse gas emission reductions or removals that would otherwise occur; and

(c) Have been certified by a recognized registry.

(3) (a) A total of no more than five percent of a covered or opt-in entity's compliance obligation during the first compliance period may be met by transferring offset credits, regardless of whether or not the offset project is located on federally recognized tribal land. During these years, at least 50 percent of a covered or opt-in entity's compliance obligation satisfied by offset credits must be sourced from offset projects that provide direct environmental benefits in the state.

(b) A total of no more than four percent of a covered or opt-in entity's compliance obligation during the second compliance period may be met by transferring offset credits, regardless of whether or not the offset project is located on federally recognized tribal land. During these years, at least 75 percent of a covered or opt-in entity's compliance obligation satisfied by offset credits must be sourced from offset projects that provide direct environmental benefits in the state. The department may reduce the 75 percent requirement if it determines there is not sufficient offset supply in the state to meet offset demand during the second compliance period.

(c) The limits in (a) and (b) of this subsection may be modified by rule as adopted by the department when appropriate to ensure achievement of the proportionate share of statewide emissions limits established in RCW 70A.45.020 and to provide for alignment with other jurisdictions to which the state has linked.

(d) The limits in (a) and (b) of this subsection may be reduced for a specific covered or opt-in entity if the department determines, in consultation with the environmental justice council, that the covered or opt-in entity has or is likely to:

(i) Contribute substantively to cumulative air pollution burden in an overburdened community as determined by criteria established by the department, in consultation with the environmental justice council; or

(ii) Violate any permits required by any federal, state, or local air pollution control agency where the violation may result in an increase in emissions.

(e) ~~((An offset project on federally recognized tribal land does not count against))~~ In addition to the offset credit limits described in (a) and (b) of this subsection((-));

(i) No more than an additional three percent of a covered or opt-in entity's compliance obligation may be met by transferring offset credits from projects on federally recognized tribal land during the first compliance period.

(ii) No more than an additional two percent of a covered or opt-in entity's compliance obligation may be met by transferring offset credits from projects on federally recognized tribal land during the second compliance period.

(4) In adopting protocols governing offset projects and covered and opt-in entities' use of offset credits, the department shall:

(a) Take into consideration standards, rules, or protocols for offset projects and offset credits established by other states, provinces, and countries with programs comparable to the program established in this chapter;

(b) Take into consideration forest practices rules where a project is located, or applicable best management practices established by federal, state, or local governments that relate to forest management;

(c) Encourage opportunities for the development of offset projects in this state by adopting offset protocols that may include, but need not be limited to, protocols that make use of aggregation or other mechanisms to reduce transaction costs related to the development of offset projects and that support the development of carbon dioxide removal projects;

~~((e-))~~ (d) Adopt a process for monitoring and invalidating offset credits as necessary to ensure the credit reflects emission reductions or removals that continue to meet the standards required by subsection (1) of this section. If an offset credit is invalidated, the covered or opt-in entity must, within six months of the invalidation, transfer replacement credits or allowances to meet its compliance obligation. Failure to transfer the required credits or allowances is a violation subject to penalties as provided in RCW 70A.65.200; and

~~((d-))~~ (e) Make use of aggregation or other mechanisms, including cost-effective inventory and monitoring provisions, to increase the development of offset and carbon removal projects by landowners across the broadest possible variety of types and sizes of lands, including lands owned by small forestland owners.

(5) Any offset credits used must:

(a) Not be in addition to or allow for an increase in the emissions limits established under RCW 70A.45.020, as reflected in the annual allowance budgets developed under RCW 70A.65.070;

(b) Have been issued for reporting periods wholly after July 25, 2021, or within two years prior to July 25, 2021; and

~~(c) ((Be consistent with offset protocols adopted by the department))~~ For offset credits issued by a jurisdiction with which Washington has entered into a linkage agreement, come from offset projects located in Washington or in the linked jurisdiction.

(6) The offset credit must be registered and tracked as a compliance instrument.

(7) Beginning in 2031, the limits established in subsection (3)(b) and (e)(ii) of this section apply unless modified by rule as adopted by the department after a public consultation process.

**Sec. 8.** RCW 70A.65.200 and 2022 c 181 s 4 are each amended to read as follows:

(1) All covered and opt-in entities are required to submit compliance instruments in a timely manner to meet the entities' compliance obligations and shall comply with all requirements for monitoring, reporting, holding, and transferring emission allowances and other provisions of this chapter.

(2) If a covered or opt-in entity does not submit sufficient compliance instruments to meet its compliance obligation by the specified transfer dates, a penalty of four allowances for every one compliance instrument that is missing must be submitted to the department within six months. When a covered entity or opt-in entity reasonably believes that it will be unable to meet a compliance obligation, the entity shall immediately notify the department. Upon receiving notification, the department shall issue an order requiring the entity to submit the penalty allowances.

(3) If a covered entity or opt-in entity fails to submit penalty allowances as required by subsection (2) of this section, the department must issue an order or issue a penalty of up to \$10,000 per day per violation, or both, for failure to submit penalty allowances as required by subsection (2) of the section. The order may include a plan and schedule for coming into compliance.

(4) The department may issue a penalty of up to \$50,000 per day per violation for violations of RCW 70A.65.100(8) (a) through (e).

(5) Except as provided in subsections (3) and (4) of this section, any person that violates the terms of this chapter or an order issued under this chapter incurs a penalty of up to \$10,000 per day per violation for each day that the person does not comply. All penalties under subsections (3) and (4) of this section and this subsection must be deposited into the climate investment account created in RCW 70A.65.250.

(6) Orders and penalties issued under this chapter are appealable to the pollution control hearings board under chapter 43.21B RCW.

~~((For))~~ Until the department enters into a linkage agreement or until the end of the first compliance period, whichever is sooner, the department may reduce the amount of the penalty by adjusting the monetary amount or the number of penalty allowances described in subsections (2) and (3) of this section.

(8) An electric utility or natural gas utility must notify its retail customers and the environmental justice council in published form within three months of paying a monetary penalty under this section.

(9)(a) No city, town, county, township, or other subdivision or municipal corporation of the state may implement a charge or tax based exclusively upon the quantity of greenhouse gas emissions.

(b) No state agency may adopt or enforce a greenhouse gas pricing or market-based emissions cap and reduce program for stationary sources, or adopt or enforce emission limitations on greenhouse gas emissions from stationary sources except as:

(i) Provided in this chapter;

(ii) Authorized or directed by a state statute in effect as of July 1, 2022; or

(iii) Required to implement a federal statute, rule, or program.

(c) This chapter preempts the provisions of chapter 173-442 WAC, and the department shall repeal chapter 173-442 WAC.

(10)(a) By December 1, 2023, the office of financial management must submit a report to the appropriate committees of the legislature that summarizes two categories of state laws other than this chapter:

(i) Laws that regulate greenhouse gas emissions from stationary sources, and the greenhouse gas emission reductions attributable to each chapter, relative to a baseline in which this chapter and all other state laws that regulate greenhouse gas emissions are presumed to remain in effect; and

(ii) Laws whose implementation may effectuate reductions in greenhouse gas emissions from stationary sources.

(b) The state laws that the office of financial management may address in completing the report required in this subsection include, but are not limited to:

(i) Chapter 19.27A RCW;

(ii) Chapter 19.280 RCW;

(iii) Chapter 19.405 RCW;

(iv) Chapter 36.165 RCW;

(v) Chapter 43.21F RCW;

(vi) Chapter 70.30 RCW;

(vii) Chapter 70A.15 RCW;

(viii) Chapter 70A.45 RCW;

(ix) Chapter 70A.60 RCW;

(x) Chapter 70A.535 RCW;

(xi) Chapter 80.04 RCW;

(xii) Chapter 80.28 RCW;

(xiii) Chapter 80.70 RCW;

(xiv) Chapter 80.80 RCW; and

(xv) Chapter 81.88 RCW.

(c) The office of financial management may contract for all or part of the work product required under this subsection.

**Sec. 9.** RCW 70A.65.210 and 2021 c 316 s 24 are each amended to read as follows:

(1) Subject to making the findings and conducting the public comment process described in subsection (3) of this section, the department shall seek to enter into linkage agreements with other jurisdictions with external greenhouse gas emissions trading programs in order to:

(a) Allow for the mutual use and recognition of compliance instruments issued by Washington and other linked jurisdictions;

(b) Broaden the greenhouse gas emission reduction opportunities to reduce the costs of compliance on covered entities and consumers;

(c) Enable allowance auctions to be held jointly and provide for the use of a unified tracking system for compliance instruments;

(d) Enhance market security;

(e) Reduce program administration costs; and

(f) Provide consistent requirements for covered entities whose operations span jurisdictional boundaries.

(2) The director of the department is authorized to execute linkage agreements with other jurisdictions with external greenhouse gas emissions trading programs consistent with the requirements in this chapter. A linkage agreement must cover the following:

(a) Provisions relating to regular, periodic auctions, including requirements for eligibility for auction participation, the use of a single auction provider to facilitate joint auctions, publication of auction-related information, processes for auction participation, purchase limits by auction participant type, bidding processes, dates of auctions, and financial requirements;

(b) Provisions related to holding limits to ensure no entities in any of the programs are disadvantaged relative to their counterparts in the other jurisdictions;

(c) Other requirements, such as greenhouse gas reporting and verification, offset protocols, criteria and process, and supervision and enforcement, to prevent fraud, abuse, and market manipulation;

(d) Common program registry, electronic auction platform, tracking systems for compliance instruments, and monitoring of compliance instruments;

(e) Provisions to ensure coordinated administrative and technical support;

(f) Provisions for public notice and participation; and

(g) Provisions to collectively resolve differences, amend the agreements, and delink or otherwise withdraw from the agreements.

(3) Before entering into a linkage agreement under this section, the department must evaluate and make a finding regarding whether the aggregate number of unused allowances in a linked program would reduce the stringency of Washington's program and the state's ability to achieve its greenhouse gas emissions reduction limits. The department must include in its evaluation a consideration of pre-2020 unused allowances that may exist in the program with which it is proposing to link. Before entering into a linkage agreement, the department must also establish a finding that the linking jurisdiction and the linkage agreement meet certain criteria identified under this subsection and conduct a public comment process to obtain input and a review of the linkage agreement by relevant stakeholders and other interested parties. The department must consider input received from the public comment process before

finalizing a linkage agreement. In the event that the department determines that a full linkage agreement is unlikely to meet the criteria, it may enter into a linkage agreement with limitations, including limits on the share of compliance that may be met with allowances originating from linked jurisdictions and other limitations deemed necessary by the department. A linkage agreement approved by the department must:

- (a) Achieve the purposes identified in subsection (1) of this section;
- (b) Ensure that the linking jurisdiction has provisions to ensure the distribution of benefits from the program to vulnerable populations and overburdened communities;
- (c) Be determined by the department to not yield net adverse impacts to either jurisdictions' highly impacted communities or analogous communities in the aggregate, relative to the baseline level of emissions; and
- (d) Not adversely impact Washington's ability to achieve the emission reduction limits established in RCW 70A.45.020.

(4) Before entering a linkage agreement, the department must post and maintain on its website, and provide notification to the appropriate policy and fiscal committees of the legislature, a quarterly status update regarding any potential linkage agreement that the department has determined to seek to enter into under this section. The status report must include:

- (a) An outline of the expected steps that the department expects that it and linked jurisdictions will need to take prior to entering into a linkage agreement, including the requirements of subsection (3) of this section;
  - (b) Notation of any steps completed or initiated under (a) of this subsection; and
  - (c) An estimate of the time frames of possible completion for any steps identified under (a) of this subsection that have not yet been completed.
- (5) The state retains all legal and policymaking authority over its program design and enforcement.

**Sec. 10.** RCW 70A.65.310 and 2022 c 181 s 2 are each amended to read as follows:

(1) A covered or opt-in entity has a compliance obligation for its emissions during each ~~((four-year))~~ compliance period, with the first compliance period commencing January 1, 2023. The department shall by rule require that covered or opt-in entities annually transfer a percentage of compliance instruments, but must fully satisfy their compliance obligation, for each compliance period.

(2) Compliance occurs through the transfer of the required compliance instruments or price ceiling units, on or before the transfer date, from the holding account to the compliance account of the covered or opt-in entity as described in RCW 70A.65.080.

(3)(a) A covered entity may substitute the submission of compliance instruments with price ceiling units.

(b) A covered or opt-in entity submitting insufficient compliance instruments to meet its compliance obligation is subject to a penalty as provided in RCW 70A.65.200.

(4) Older vintage allowances must be retired before newer vintage allowances.

(5) Upon receipt by the department of all compliance instruments transferred by a covered entity or opt-in entity to meet its compliance obligation, the department shall retire the allowances or offset credits.

NEW SECTION. **Sec. 11.** A new section is added to chapter 70A.65 RCW to read as follows:

(1) A federal power marketing administration may elect to voluntarily participate in the program by registering as an opt-in entity pursuant to the requirements of this section.

(2) In registering as an opt-in entity under this section, a federal power marketing administration may assume the compliance obligations associated with either:

(a) All electricity marketed in the state by the federal power marketing administration;

or

(b) Only the electricity marketed by the federal power marketing administration in the state through a centralized electricity market.

(3) A federal power marketing administration that voluntarily elects to comply with the program must register with the department as an opt-in entity at least 90 days prior to January 1st of the calendar year in which the federal power marketing administration would assume the compliance obligations associated with federally marketed electricity in the state, in accordance with the requirements of this section.

(4) If a federal power marketing administration registers as an opt-in entity under this section, then beginning January 1st of the calendar year in which the federal power marketing administration would assume the compliance obligations associated with federally marketed electricity in the state, a covered or opt-in entity must not include in its covered emissions the emissions associated with federally marketed electricity in the state for which the federal power marketing administration has assumed the compliance obligation.

(5) After consulting with a federal power marketing administration, the department must determine the appropriate registration requirements for that federal power marketing administration.

(6)(a) An electric utility may voluntarily elect to transfer all or a designated number of the utility's allowances allocated at no cost to a federal power marketing administration registered as an opt-in entity under this section to be used for direct compliance. An electric utility wishing to transfer allowances allocated at no cost from the utility's holding account to a holding account of a federal power marketing administration to be used

for direct compliance may submit a request to the department requesting the transfer and providing the following information:

- (i) The electric utility's holding account number;
- (ii) The holding account number of the federal power marketing administration;
- (iii) The number and vintage of no cost allowances to be transferred; and
- (iv) The relationship between the electric utility and the federal power marketing administration.

(b) The department may transfer the allowances only if:

(i) The electric utility has an agreement to purchase electricity from the federal power marketing administration, or a power purchase agreement, including a custom product contract, with the federal power marketing administration; and

(ii) The transfer does not violate the federal power marketing administration's holding limit.

(7)(a) In addition to the manual transfer request process provided under subsection (6) of this section, the department must also provide for an optional process by which an electric utility may approve the automatic distribution of all or a designated number of the utility's allowances allocated at no cost directly into a holding account of a federal power marketing administration to be used for direct compliance, without first being distributed to the utility's holding account.

(b) An electric utility receiving an allocation of allowances at no cost must inform the department by September 1st of each year of the accounts into which the allocation or a portion of the allocation is to be automatically distributed under this subsection. If an electric utility fails to submit its distribution preference by September 1st, the department must automatically place all directly allocated allowances for the following calendar year into the electric utility's holding account. Nothing in this subsection (7)(b) precludes an electric utility from requesting a manual transfer of allowances under subsection (6) of this section after September 1st of each year.

**Sec. 12.** RCW 70A.15.2200 and 2022 c 181 s 9 are each amended to read as follows:

(1) The board of any activated authority or the department, may classify air contaminant sources, by ordinance, resolution, rule or regulation, which in its judgment may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which cause or contribute to air pollution, and may require registration or reporting or both for any such class or classes. Classifications made pursuant to this section may be for application to the area of jurisdiction of such authority, or the state as a whole or to any designated area within the jurisdiction, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

(2) Except as provided in subsection (3) of this section, any person operating or responsible for the operation of air contaminant sources of any class for which the ordinances, resolutions, rules or regulations of the department or board of the authority, require registration or reporting shall register therewith and make reports containing information as may be required by such department or board concerning location, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information as is relevant to air pollution and available or reasonably capable of being assembled. In the case of emissions of greenhouse gases as defined in RCW 70A.45.010 the department shall adopt rules requiring reporting of those emissions. The department or board may require that such registration or reporting be accompanied by a fee, and may determine the amount of such fee for such class or classes: PROVIDED, That the amount of the fee shall only be to compensate for the costs of administering such registration or reporting program which shall be defined as initial registration and annual or other periodic reports from the source owner providing information directly related to air pollution registration, on-site inspections necessary to verify compliance with registration requirements, data storage and retrieval systems necessary for support of the registration program, emission inventory reports and emission reduction credits computed from information provided by sources pursuant to registration program requirements, staff review, including engineering or other reliable analysis for accuracy and currentness, of information provided by sources pursuant to registration program requirements, clerical and other office support provided in direct furtherance of the registration program, and administrative support provided in directly carrying out the registration program: PROVIDED FURTHER, That any such registration made with either the board or the department shall preclude a further registration and reporting with any other board or the department, except that emissions of greenhouse gases as defined in RCW 70A.45.010 must be reported as required under subsection (5) of this section.

All registration program and reporting fees collected by the department shall be deposited in the air pollution control account. All registration program fees collected by the local air authorities shall be deposited in their respective treasuries.

(3) If a registration or report has been filed for a grain warehouse or grain elevator as required under this section, registration, reporting, or a registration program fee shall not, after January 1, 1997, again be required under this section for the warehouse or elevator unless the capacity of the warehouse or elevator as listed as part of the license issued for the facility has been increased since the date the registration or reporting was last made. If the capacity of the warehouse or elevator listed as part of the license is increased, any registration or reporting required for the warehouse or elevator under this

section must be made by the date the warehouse or elevator receives grain from the first harvest season that occurs after the increase in its capacity is listed in the license.

This subsection does not apply to a grain warehouse or grain elevator if the warehouse or elevator handles more than 10,000,000 bushels of grain annually.

(4) For the purposes of subsection (3) of this section:

(a) A "grain warehouse" or "grain elevator" is an establishment classified in standard industrial classification (SIC) code 5153 for wholesale trade for which a license is required and includes, but is not limited to, such a licensed facility that also conducts cleaning operations for grain;

(b) A "license" is a license issued by the department of agriculture licensing a facility as a grain warehouse or grain elevator under chapter 22.09 RCW or a license issued by the federal government licensing a facility as a grain warehouse or grain elevator for purposes similar to those of licensure for the facility under chapter 22.09 RCW; and

(c) "Grain" means a grain or a pulse.

(5)(a) The department shall adopt rules requiring persons to report emissions of greenhouse gases as defined in RCW 70A.45.010 where those emissions from a single facility, or from ~~((electricity or))~~ fossil fuels sold in Washington by a single supplier or local distribution company, meet or exceed 10,000 metric tons of carbon dioxide equivalent annually. The department's rules may also require electric power entities to report emissions of greenhouse gases from all electricity that is purchased, sold, imported, exported, or exchanged in Washington. The rules adopted by the department must support implementation of the program created in RCW 70A.65.060. In addition, the rules must require that:

(i) Emissions of greenhouse gases resulting from the combustion of fossil fuels be reported separately from emissions of greenhouse gases resulting from the combustion of biomass; ~~((and))~~

(ii) Each annual report must include emissions data for the preceding calendar year and must be submitted to the department by March 31st of the year in which the report is due, except for an electric power entity, which must submit its report by June 1st of the year in which the report is due; and

(iii) To the extent practicable, the department's rules must seek to minimize reporting burdens through the utilization of existing reports and disclosures for electric power entities who report greenhouse gas emissions that equal 10,000 metric tons of carbon dioxide equivalent or less annually from all electricity that is purchased, sold, imported, exported, or exchanged in Washington.

(b)(i) The department may by rule include additional gases to the definition of "greenhouse gas" in RCW 70A.45.010 only if the gas has been designated as a greenhouse gas by the United States congress, by the United States environmental protection agency, or included in external greenhouse gas emission trading programs with which Washington has pursuant to RCW 70A.65.210. Prior to including additional gases to the definition of "greenhouse gas" in RCW 70A.45.010, the department shall notify the appropriate committees of the legislature.

(ii) The department may by rule exempt persons who are required to report greenhouse gas emissions to the United States environmental protection agency and who emit less than 10,000 metric tons carbon dioxide equivalent annually.

(iii) The department must establish greenhouse gas emission reporting methodologies for persons who are required to report under this section. The department's reporting methodologies must be designed to address the needs of ensuring accuracy of reported emissions and maintaining consistency over time, and may, to the extent practicable, be similar to reporting methodologies of jurisdictions with which Washington has entered into a linkage agreement.

(iv) The department must establish a methodology for persons who are not required to report under this section to voluntarily report their greenhouse gas emissions.

~~(c) ((i) The department shall review and if necessary update its rules whenever:~~

~~(A) The United States environmental protection agency adopts final amendments to 40 C.F.R. Part 98 to ensure consistency with federal reporting requirements for emissions of greenhouse gases; or~~

~~(B) Needed to ensure consistency with emissions reporting requirements for jurisdictions with which Washington has entered a linkage agreement.~~

~~(ii) The department shall not amend its rules in a manner that conflicts with this section.~~

~~(d))~~ The department shall share any reporting information reported to it with the local air authority in which the person reporting under the rules adopted by the department operates.

~~((e))~~ (d) The fee provisions in subsection (2) of this section apply to reporting of emissions of greenhouse gases. Persons required to report under (a) of this subsection who fail to report or pay the fee required in subsection (2) of this section are subject to enforcement penalties under this chapter. The department shall enforce the reporting rule requirements. When a person that holds a compliance obligation under RCW 70A.65.080 fails to submit an emissions data report or fails to obtain a positive emissions data verification statement in accordance with ~~((e))~~ (f) (ii) of this subsection, the department may assign an emissions level for that person.

~~((f))~~ (e) The energy facility site evaluation council shall, simultaneously with the department, adopt rules that impose greenhouse gas reporting requirements in site certifications on owners or operators of a facility permitted by the energy facility site evaluation council. The greenhouse gas reporting requirements imposed by the energy facility site evaluation council must be the same as the greenhouse gas reporting requirements imposed by the department. The department shall share any information reported to it from facilities

permitted by the energy facility site evaluation council with the council, including notice of a facility that has failed to report as required. The energy facility site evaluation council shall contract with the department to monitor the reporting requirements adopted under this section.

~~((g))~~ (f) (i) The department must establish by rule the methods of verifying the accuracy of emissions reports.

(ii) Verification requirements apply at a minimum to persons required to report under (a) of this subsection with emissions that equal or exceed 25,000 metric tons of carbon dioxide equivalent emissions, including carbon dioxide from biomass-derived fuels, or to persons who have a compliance obligation under RCW 70A.65.080 in any year of the current compliance period. The department may adopt rules to accept verification reports from another jurisdiction with a linkage agreement pursuant to RCW 70A.65.180 in cases where the department deems that the methods or procedures are substantively similar.

~~((h))~~ (g) (i) The definitions in RCW 70A.45.010 apply throughout this subsection (5) unless the context clearly requires otherwise.

(ii) For the purpose of this subsection (5), the term "supplier" includes: (A) Suppliers that produce, import, or deliver, or any combination of producing, importing, or delivering, a quantity of fuel products in Washington that, if completely combusted, oxidized, or used in other processes, would result in the release of greenhouse gases in Washington equivalent to or higher than the threshold established under (a) of this subsection; and (B) suppliers of carbon dioxide that produce, import, or deliver a quantity of carbon dioxide in Washington that, if released, would result in emissions equivalent to or higher than the threshold established under (a) of this subsection.

(iii) For the purpose of this subsection (5), the term "person" includes: (A) An owner or operator of a facility; (B) a supplier; or (C) an electric power entity.

(iv) For the purpose of this subsection (5), the term "facility" includes facilities that directly emit greenhouse gases in Washington equivalent to the threshold established under (a) of this subsection with at least one source category listed in the United States environmental protection agency's mandatory greenhouse gas reporting regulation, 40 C.F.R. Part 98 Subparts C through II and RR through UU, as adopted on April 25, 2011.

(v) For the purpose of this subsection (5), the term "electric power entity" includes any of the following that supply electric power in Washington with associated emissions of greenhouse gases equal to or above the threshold established under (a) of this subsection: (A) Electricity importers and exporters; (B) retail providers, including multijurisdictional retail providers; and (C) first jurisdictional deliverers, as defined in RCW 70A.65.010, not otherwise included here.

NEW SECTION. **Sec. 13.** This act is not a conflicting measure dealing with the same subject as Initiative Measure No. 2117 within the meaning of Article II, section 1 of the state Constitution, but if a court of competent jurisdiction enters a final judgment that is no longer subject to appeal directing the secretary of state to place this act on the 2024 ballot as a conflicting measure to Initiative Measure No. 2117, this act is null and void and may not be placed on the 2024 ballot.

NEW SECTION. **Sec. 14.** This act takes effect January 1, 2025, only if Initiative Measure No. 2117 is not approved by a vote of the people in the 2024 general election. If Initiative Measure No. 2117 is approved by a vote of the people in the 2024 general election, this act is null and void."

E2SSB 6068 Prime Sponsor, Ways & Means: Reporting on dependency outcomes. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** Dependency courts should work to ensure the well-being of dependent children and to ensure that every young person who leaves foster care has relational permanency - meaning they have various long-term relationships that help them feel loved and connected. This includes relationships with siblings, parents, family members, extended family, family friends, mentors, tribes, and where appropriate, former foster family members.

Legal permanency, achieved through reunification, guardianship, or adoption is important, but it is not the only way to provide a sense of belonging and meaningful connections for young people. The federal children's bureau has cautioned that, legal permanence alone does not guarantee secure attachments and lifelong relationships. The relational aspects of permanency are critically important and fundamental to overall well-being, administration on children, youth and families, information memorandum ACYF-CB-IM-20-09, January 5, 2021. Relational permanency is one component of a child's overall well-being. Washington state's data collection should reflect the importance of both relational and legal permanency as well as child well-being.

**Sec. 2.** RCW 13.34.820 and 2017 3rd sp.s. c 6 s 309 are each amended to read as follows:

(1) The administrative office of the courts, in consultation with the attorney general's office and the department, shall compile an annual report, providing information about cases that fail to meet statutory guidelines to achieve permanency for dependent children.

(2) The administrative office of the courts shall submit the annual report required by this section to appropriate committees of the legislature by December 1st of each year, beginning on December 1, 2007. The administrative office of the courts shall also submit the annual report to a representative of the foster parent association of Washington state.

(3) The annual report shall include information regarding whether foster parents received timely notification of dependency hearings as required by RCW 13.34.096 and 13.34.145 and whether caregivers submitted reports to the court.

(4) Subject to the availability of amounts appropriated for this specific purpose, the administrative office of the courts shall, in consultation with others, identify measures of relational permanency and child well-being and shall report to the legislature by July 1, 2025, in compliance with RCW 43.01.036, the following information:

(a) A plan for reporting on child well-being and relational permanency;

(b) A plan for tracking and reporting on whether an order or portion of an order was agreed or contested, and if contested, by which party or parties;

(c) How to make such information publicly available;

(d) What can be reported using existing data;

(e) What additional information should be collected;

(f) What data-sharing agreements are necessary to ensure an accurate picture of the needs of families in the dependency system; and

(g) How many children in dependency have incarcerated parents.

(5) In making these determinations the administrative office of the courts must consult with representatives who have knowledge of data collection systems from the office of the superintendent of public instruction; the health care authority; the department of children, youth, and families; the department of social and health services; the department of corrections; tribal data experts; and any other entity holding relevant data or expertise.

(6) Consistent with RCW 13.50.280, to collect data necessary to evaluate the relational permanency and well-being of dependent children, the administrative office of the courts may execute data-sharing agreements with the office of the superintendent of public instruction, the health care authority, the department of children, youth, and families, the department of corrections, and the department of social and health services."

ESSB 6069 Prime Sponsor, Ways & Means: Improving retirement security for Washingtonians by establishing Washington saves, an automatic enrollment individual retirement savings account program, and updating the Washington retirement marketplace statute. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Consumer Protection & Business.

Strike everything after the enacting clause and insert the following:

**"PART I  
WASHINGTON SAVES**

NEW SECTION. **Sec. 1.** ESTABLISHMENT. (1) Washington saves is established to serve as a vehicle through which covered employees may, on a voluntary basis, provide for additional retirement security through a state-facilitated retirement savings program in a convenient, cost-effective, and portable manner.

(2) Washington saves is intended as a public-private partnership that will encourage, not replace or compete with, employer-sponsored retirement plans.

NEW SECTION. **Sec. 2.** DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrative account" means the Washington saves administrative treasury trust account created in section 12 of this act.

(2) "Complainant" means a covered employee, or that employee's designee who has written or legal authority to act on behalf of the employee, who files a complaint alleging an employer administrative violation of section 3 of this act who learned of the alleged violation by way of their employment with a covered employer.

(3) "Consumer price index" means the consumer price index for all urban consumers, all items, for the Seattle area as calculated by the United States bureau of labor statistics or its successor agency.

(4) "Covered employee" means an individual who is 18 years of age or older, who is employed by a covered employer.

(5) "Covered employer" means any employer that:

(a) Has been in business in this state for at least two years as of the immediately preceding calendar year;

(b) Maintains a physical presence;

(c) Does not offer a qualified retirement plan to their covered employees who have had continuous employment of one year or more; and

(d) Employs, and at any point during the immediately preceding calendar year employed, employees working a combined minimum of 10,400 hours.

(6) "Department" means the department of labor and industries.

(7) "Employer" means a person or entity engaged in a business, profession, trade, or other enterprise in the state, whether for profit or not for profit. "Employer" does not include federal or state entities, agencies, or instrumentalities, or any political subdivision thereof.

(8) "Employer administrative duties" include all requirements of covered employers under section 3 of this act that do not involve amounts due to the employee.

(9) "Employment" has the same meaning as in RCW 50.04.100.

(10) "Governing board" means the board created in section 4 of this act.

(11) "Individual account" means an IRA established by or for an individual participant and owned by the individual participant pursuant to this chapter.

(12) "Individual participant" means any individual who is contributing to, or has a balance credited in, an IRA through the program.

(13) "Internal revenue code" means the federal internal revenue code of 1986, as amended, or any successor law.

(14) "IRA" means a traditional or Roth individual retirement account or individual retirement annuity described in section 408(a), 408(b), or 408A of the internal revenue code.

(15) "Office" means the office of the state treasurer.

(16) "Payroll deduction IRA agreement" means an arrangement by which a participating employer makes payroll deductions authorized by this chapter and remits amounts deducted as contributions to IRAs on behalf of individual participants.

(17) "Program" means the Washington saves program established under this chapter.

(18) "Qualified retirement plan" means a retirement plan in compliance with applicable federal law for employees including those described in section 401(a), 401(k), 403(a), 403(b), 408(k), or 408(p) of the internal revenue code. A qualified retirement plan may require continuous employment of up to one year to be eligible for employee participation.

(19) "Wages" means any commission, compensation, salary, or other remuneration, as defined by section 219(f)(1) of the internal revenue code, received by a covered employee from a covered employer.

NEW SECTION. **Sec. 3.** GENERAL PROVISIONS. (1) The program:

(a) Allows covered employees to contribute to an IRA through automatic payroll deductions;

(b) Requires covered employers to fulfill the requirements provided in subsection (3) of this section;

(c) Facilitates automatic enrollment for covered employees and allows for covered employees to opt out of the plan;

(d) Has a default contribution rate, set by the governing board by rule. The default contribution rate may not be less than three percent or more than seven percent of wages; and

(e) Has a default escalation rate, set by the governing board by rule. The default escalation rate may not exceed one percent per year. The maximum contribution rate based on the default escalation rate may not exceed 10 percent of wages.

(2)(a) Covered employees, who do not opt out of the program, are automatically enrolled in the program at the default rate or at an amount expressly specified by the employee in connection with the payroll deduction IRA agreement. Individual participants may modify their contribution rates or amounts or terminate their participation in the program at any time, subject to procedure defined by rule by the governing board. All contribution amounts are subject to the dollar limits on contributions provided by federal law.

(b) Contributions must be invested in the default investment option unless the individual participant affirmatively elects to invest some or all balances in one or more approved investment options offered by the program. An individual participant must have the opportunity to change investments for either future contributions or existing balances, or both, subject to requirements defined by rule by the governing board.

(c) Individual accounts are portable. A former individual participant who is either unemployed, or is employed by a noncovered employer, must be permitted to contribute to their individual account.

(d) An individual participant's and former individual participant's ability to withdraw, roll over, or transfer account balances is subject to, and liable for, all fees, penalties, and taxes under applicable law.

(e) An individual participant's or former individual participant's ability to receive distributions of contributions and earnings is subject to applicable law.

(3)(a) Each covered employer must facilitate the opportunity for covered employees to participate in the program by fulfilling the following administrative duties, as defined by rule by the governing board:

(i) Register with the program and provide the program administrator relevant information about covered employees;

(ii)(A) Assist the program by offering all covered employees the choice to either participate by voluntarily contributing to an IRA or opt out; or

(B) Automatically enroll covered employees in a qualified retirement plan offered by a trade association or chamber of commerce and permit covered employees to opt out;

(iii) Timely remit participant contributions; and

(iv) Distribute program information and disclosures to covered employees, as provided in section 4(12) of this act.

(b) The employers' role in the program is solely ministerial. In accordance with federal law, employers are prohibited from contributing funds to the IRAs through the program.

(c) Employers are not fiduciaries with respect to, or are liable for, the program, related information, educational materials, or forms or disclosures approved by the governing board, or the selection or performance of vendors selected by the governing board. An employer is not responsible for or obligated to monitor a covered employee's or individual participant's decision to participate in or opt out of the program, for contribution decisions, investment decisions, or failure to comply with the statutory eligibility conditions or limits on IRA contributions. An employer does not guarantee any investment, rate of return, or interest on assets in any individual participant account or the administrative account or is liable for any market losses, failure to realize gains, or any other adverse consequences, including the loss of favorable tax treatment or public assistance benefits, incurred by any person as a result of participating in the program. Nothing in this section relieves an employer from liability for criminal, fraudulent, tortious, or otherwise actionable conduct including liability related to the failure to remit employee contributions.

(4)(a) The governing board must determine the type or types of IRA accounts available under the program.

(b) An individual participant's contributions and earnings may be combined for investment and custodial purposes only. Separate records and accounting are required for individual accounts. Reports on the status of individual accounts must be provided to each individual participant at least annually. Individual participants must have online access to their accounts.

(c) Any moneys placed in these accounts may not be counted as assets for the purposes of state or local means-tested program eligibility or levels of state means-tested program eligibility.

**NEW SECTION. Sec. 4. GOVERNING BOARD—RESPONSIBILITIES.** (1) The governing board shall design and administer the program for the exclusive benefit of individual participants and beneficiaries with the care and skill of a knowledgeable, prudent individual.

(2) The governing board is comprised of nine members as follows:

(a) The state treasurer;

(b) The director of the department or the director's designee; and

(c) The following members, appointed by the governor:

(i) Three members with demonstrated financial, legal, or other relevant program experience;

(ii) One member representing the financial industry;

(iii) One member representing a retirement advocacy organization;

(iv) One member representing covered employees; and

(v) One member representing covered employers.

(3) The state treasurer shall chair the governing board.

(4) Members who are appointed by the governor serve three-year terms and may be appointed for a second three-year term at the discretion of the governor. Members who are appointed by the governor may serve up to two terms over the course of their lifetime. The governor may stagger the terms of the appointed members.

(5) The governing board may appoint work groups to support the design and administration of the program. Work groups do not serve a voting function on the governing board and may include individuals who are not members of the governing board. Any work group established by the governing board is a class one group under RCW 43.03.220. Work group members receive compensation accordingly.

(6) Other state agencies must provide appropriate and reasonable assistance to the program as needed, including gathering data and information, in order for the governing board to carry out the purposes of this chapter. The governing board may reimburse the other state agencies from the administrative account for reasonable expenses incurred in providing appropriate and reasonable assistance.

(7) (a) Beginning in 2025, the governing board shall meet at least four times annually and periodically as specified by the chair or a majority of the governing board.

(b) The governing board may conduct meetings remotely by teleconference or videoconference, including to obtain a quorum and to take votes on any measure.

(c) Each governing board member has one vote. The powers of the governing board must be exercised by a majority of all members present at the meeting of the governing board, whether in person or remotely. Four members constitute the necessary quorum to convene a meeting of the governing board and to act on any measure before the governing board.

(8) The governing board shall establish, design, develop, implement, maintain, and oversee the program in accordance with this chapter and best practices for retirement saving vehicles.

(9) Regarding investments, the governing board:

(a) Has the sole responsibility for contracting with outside firms to provide investment management for the program funds and manage the performance of investment managers under those contracts;

(b) Must adopt an investment policy statement and ensure that the investment options offered, including default investment options, are consistent with the objectives of the program. The menu of investment options may encompass a range of risk and return opportunities and must take the following into account:

(i) The nature and objectives of the program;

(ii) The diverse needs of individual participants;

(iii) The desirability of limiting investment choices under the program to a reasonable number; and

(iv) The extensive investment choices available to participants outside of the program.

(10) Regarding the design of the program, the governing board must:

(a) Ensure the program is designed and operated in a manner that will not cause it to be subject to or preempted by the federal employment retirement income security act of 1974, as amended, and that any employer that is not a covered employer shall have no reporting or registration obligation or requirement to take any action under the program other than to claim an exemption from coverage by the program;

(b) Design and operate the program to:

(i) Minimize costs to individual participants, covered employers, and the state;

(ii) Minimize the risk that covered employees will exceed applicable annual contribution limits;

(iii) Facilitate and encourage employee participation in the program and participant saving;

(iv) Maximize simplicity, including ease of administration for covered employers and ease of use for individual participants;

(v) Maximize portability of individual accounts;

(vi) Maximize financial security in retirement; and

(vii) Maximize the availability of funds to individual participants with a goal of having funds available within three business days following the remittance of payroll deductions by covered employers, if feasible;

(c) Design the program to be compliant with all applicable requirements under the internal revenue code, including requirements for favorable tax treatment of IRAs, and any other applicable law or regulation;

(d) Consult with the office, the department, the office of minority and women's business enterprises, and the office of the secretary of state to create a strategy to educate and inform covered employers about employer administrative duties under this chapter, including the development of culturally relevant and responsive approaches centered in cultural humility with outreach to employers that are considered socially vulnerable, historically marginalized, or face cultural or language barriers to participate in workplace retirement savings programs;

(e) Launch the program by January 1, 2027. The board may stagger implementation in stages after that date, which may include phasing in implementation based on the size of employers, or other factors.

(11) The governing board may adopt rules to govern the program, including to govern the following:

(a) Employee registration and enrollment process;

(b) Employee alternative election procedure including, but not limited to, the method in which a participating individual may opt out of participation, change their contribution rate, opt out of auto-escalation, make nonpayroll contributions, and make withdrawals;

(c) Contribution limits, the initial automatic default contribution rate, and the automatic default escalation rate;

(d) Outreach, marketing, and educational initiatives or publication of online resources, encouragement of participation, retirement savings, and sound investment practices. Outreach, marketing, and educational initiatives must promote cultural humility and engage culturally relevant and responsive approaches while including special consideration for socially vulnerable communities historically, or are known to often be, excluded from, marginalized by, or face barriers to participation in workplace retirement savings programs; and

(e) A process in which individuals who are not covered employees may participate in the program, including unemployed individuals, self-employed individuals, and other independent contractors.

(12) The governing board shall develop:

(a) Information regarding the program;

(b) The following disclosures:

(i) A description of the benefits and risks associated with making contributions under the program;

(ii) Instructions about how to obtain additional information about the program;

(iii) A description of the tax consequences of an IRA, which may consist of or include the disclosure statement required to be distributed by the trustee under the internal revenue code and treasury regulations thereunder;

(iv) A statement that covered employees seeking financial advice should contact their own financial advisers, that covered employers are not in a position to provide financial advice, and that covered employers are not liable for decisions covered employees make under this chapter;

(v) A statement that the program is not an employer-sponsored retirement plan;

(vi) A statement that the covered employee's IRA established under the program is not guaranteed by the state; and

(vii) A statement that neither a covered employer nor the state will monitor or has an obligation to monitor the covered employee's eligibility under the internal revenue code to make contributions to an IRA or to monitor whether the covered employee's contributions to the IRA established for the covered employee exceed the maximum permissible IRA contribution; that it is the covered employee's responsibility to monitor such matters; and that the state, the program, and the covered employer have no liability with respect to any failure of the covered employee to be eligible to make IRA contributions or any contribution in excess of the maximum IRA contribution;

(c) Information, forms, and instructions to be furnished to covered employees, at such times as the governing board determines, that provide the covered employee with the procedures for:

(i) Making contributions to the covered employee's IRA established under the program, including a description of the automatic enrollment rate, the automatic escalation rate and frequency, and the right to elect to make no contribution or to change the contribution rate under the program;

(ii) Making an investment election with respect to the covered employee's IRA established under the program, including a description of the default investment fund; and

(iii) Making transfers, rollovers, withdrawals including instructions on how to access funds, and other distributions from the covered employee's IRA.

(13) The governing board must evaluate options to assist covered employees and employers to identify private sector providers of financial advice, to the extent feasible and unless prohibited by state or federal laws. The governing board must consider options including, but not limited to, a website established and maintained by the governing board.

(14) The governing board may create or enter into, on behalf of the program, a consortium, alliance, joint venture, partnership, compact, or contract with another state or states or their programs or boards.

(15) The governing board must collect administrative fees to defray the costs of administering the program. If the governing board creates or enters into a joint program agreement, as provided in subsection (14) of this section, the rate of the administrative fee for covered employees may not exceed the rate charged to covered employees of another state participating in the same program.

(16) Members of the governing board and the office are not an insurer of the funds or assets of the investment fund or individual accounts. Neither of these two entities are liable for the action or inaction of the other.

(17) Members of the governing board and the office are not liable to the state, to the fund, or to any other person as a result of their activities as members, whether ministerial or discretionary, except for willful dishonesty or intentional violation of law. Members of the governing board and the office may purchase liability insurance.

(18) The governing board shall submit an annual report to the appropriate committees of the legislature, in accordance with RCW 43.01.036, providing information about the program including, but not limited to, the following:

(a) Participation;

(b) Account performance;

(c) Board decisions; and

(d) Any recommendations to the legislature regarding the program.

(19) The governing board may consult with the state investment board and the department of financial institutions regarding program design and implementation.

(20) The governing board shall assure any administrative contract services for the program provide culturally responsive and relevant supports rooted in cultural humility while including special considerations for socially vulnerable communities historically, or are known to often be, excluded from, marginalized by, or face barriers to participation in workplace retirement savings programs.

**NEW SECTION. Sec. 5. OFFICE OF THE STATE TREASURER—RESPONSIBILITIES.** (1) Subject to the availability of amounts appropriated for this specific purpose, the office must provide staff and administrative support for the governing board. The office must consult with the governing board regarding staffing and administrative support needs before selecting any staff pursuant to this section.

(2) The office may initiate and manage all procurement and regulatory processes related to the program and carry out other related functions as delegated by the governing board.

**NEW SECTION. Sec. 6. INVESTMENT MANAGER—RESPONSIBILITIES.** (1)(a) After consultation with the governing board, the investment manager may invest funds associated with the program. The investment manager, after consultation with the governing board regarding any recommendations, must provide a set of options for eligible individuals to choose from for self-directed investment. Any self-directed investment options must comply with the internal revenue code.

(b) All investment and operating costs of the investment manager associated with making self-directed investments must be paid by participants and recovered under procedures agreed to by the governing board and the investment manager. All other expenses caused by self-directed investments must be paid by the participant in accordance with the rules established by the governing board. With the exception of these expenses, all earnings from self-directed investments accrue to the individual accounts.

(2) The investment manager must invest and manage the assets entrusted to it:

(a) With reasonable care, skill, prudence, and diligence under circumstances then prevailing which a prudent person acting in a like capacity and familiar with such matters would use to conduct of an activity of like character and purpose; and

(b) In accordance with the investment policy established by the governing board.

(3) The authority to establish all policies relating to implementation, design, and management of the program resides with the governing board.

(4) The investment manager must routinely consult and communicate with the governing board on the investment policy, performance of the accounts, and related needs of the program.

**NEW SECTION. Sec. 7. LABOR AND INDUSTRIES—RESPONSIBILITIES.** (1) The department has the following responsibilities related to covered employers, as provided in this chapter:

(a) Educate participating employers of their administrative duties under this chapter;

(b) In the case of noncompliance with employer administrative duties, investigate complaints, educate employers about how to come into compliance, and, in the case of willful violations, issue citations and collect penalties;

(c) In the case of impermissible withholding of amounts due to employees, investigate and enforce the complaint as an alleged violation of a wage payment requirement, as defined in RCW 49.48.082; and

(d) Facilitate a process in which employers may appeal complaints.

(2) Collections of unpaid citations assessing civil penalties by the department under this chapter must be made pursuant to RCW 49.48.086.

**NEW SECTION. Sec. 8. LABOR AND INDUSTRIES—COMPLIANCE WITH EMPLOYER ADMINISTRATIVE DUTIES.** (1) Covered employers shall comply with employer administrative duties provided under this chapter.

(2) If a complainant files a complaint with the department alleging any administrative violation, the department shall investigate the complaint and:

(a) If the complaint is filed before January 1, 2030, offer technical assistance to the employer to bring them into compliance. Civil penalties may not be assessed before January 1, 2030;

(b) If the complaint is filed on or after January 1, 2030, educate the employer on how to come into compliance and, if necessary and as provided in this section, enforce penalties for willful violations.

(3) The department may not investigate any alleged violation of rights that occurred more than three years before the date that the complainant filed the complaint.

(4)(a) If the department finds an employer administrative violation, the department must first provide an educational letter outlining the violations and provide 90 days for the employer to remedy the violations. The employer may ask for an extension for good cause. The department may extend the period by providing written notice to the employee and the employer, specifying the duration of the extension. If the employer fails to remedy the violation within 90 days, the department may issue a citation and notice of assessment with a civil penalty.

(b) Except as provided otherwise in this chapter, the maximum penalty for a first-time willful violation is \$100 and \$250 for a second willful violation. For the purposes of this section, "willful" means a knowing and intentional action that is neither accidental nor the result of a bona fide dispute. For each subsequent willful violation, the employer is subject to a maximum penalty amount of \$500 for each violation.

(c) The department may not assess a civil penalty if the employer reasonably relied on: (i) A rule related to any of the requirements of this chapter; (ii) a written order, ruling, approval, opinion, advice, determination, or interpretation of the director of the department; or (iii) an interpretive or administrative policy issued by the department and filed pursuant to chapter 34.05 RCW. In accordance with the department's retention schedule obligations under chapter 40.14 RCW, the department shall maintain a complete and accurate record of all written orders, rulings, approvals, opinions, advice, determinations, and interpretations for purposes of determining whether an employer is immune from civil penalties under (b) of this subsection.

(5) The department may, at any time, waive or reduce a civil penalty assessed under this section if the director of the department determines that the employer has taken corrective action to resolve the violation.

(6) The department shall deposit all civil penalties paid under this section in the supplemental pension fund established under RCW 51.44.033.

**NEW SECTION. Sec. 9. LABOR AND INDUSTRIES—ADMINISTRATIVE CITATION APPEALS.** (1) A person, firm, or corporation aggrieved by a citation and notice of assessment by the department under this chapter may appeal the citation and notice of assessment to the director of the department by filing a notice of appeal with the director within 30 days of the department's issuance of the citation and notice of assessment. A citation and notice of assessment not appealed within 30 days is final and binding, and not subject to further appeal.

(2) A notice of appeal filed with the director of the department under this section must state the effectiveness of the citation and notice of assessment pending final review of the appeal by the director as provided for in chapter 34.05 RCW.

(3) Upon receipt of a notice of appeal, the director of the department must assign the hearing to an administrative law judge of the office of administrative hearings to conduct the hearing and issue an initial order. The hearing and review procedures must be conducted in accordance with chapter 34.05 RCW, and the standard of review by the administrative law judge of an appealed citation and notice of assessment must be de novo. Any party who seeks to challenge an initial order must file a petition for administrative review with the director within 30 days after service of the initial order. The director must conduct administrative review in accordance with chapter 34.05 RCW.

(4) The director of the department must issue all final orders after appeal of the initial order. The final order of the director is subject to judicial review in accordance with chapter 34.05 RCW.

(5) Orders that are not appealed within the time period specified in this section and chapter 34.05 RCW are final and binding, and not subject to further appeal.

(6) An employer who fails to allow adequate inspection of records in an investigation by the department under this section within a reasonable time period may not use such records in any appeal under this section to challenge the correctness of any determination by the department of the penalty assessed.

**NEW SECTION. Sec. 10. LABOR AND INDUSTRIES—ENFORCEMENT OF AMOUNTS DUE.** (1) Employers may not impermissibly withhold any amounts due to the employee related to the employer's obligations under section 3 of this act. If any employee files a complaint with the department alleging that the employer impermissibly withheld any amounts due to the employee related to the employer's obligations under section 3 of this act, the department shall investigate and otherwise enforce the complaint as an alleged violation of a wage payment requirement, as defined in RCW 49.48.082.

(2) During an investigation, if the department discovers information suggesting additional violations of impermissibly withheld amounts due to the employees related to the employer's obligations under section 3 of this act, the department may investigate and take appropriate enforcement action without any additional complaint. The department may also initiate an investigation on behalf of one or more employees for any such violation when the director otherwise has reason to believe that a violation has occurred or will occur.

(3) The department may conduct a consolidated investigation for any alleged withheld amounts due to the employees related to the employer's obligations under section 3 of this act when there are common questions of law or fact involving the employees. If the department consolidates such matters into a single investigation, it shall provide notice to the employer.

(4) The department may, for the purposes of enforcing this section, issue subpoenas to compel the attendance of witnesses or parties and the production of documents, administer oaths and examine witnesses under oath, take depositions, and seek affidavits or other verifications. The department may require the employer perform a self-audit of any records. The results or conclusions of the self-audit must be provided to the department within a reasonable time. The department must specify the timelines in the self-audit request. The records examined by the employer in order to perform the self-audit must be made available to the department upon request.

(5) Any citation or determination of compliance issued under this section is subject to RCW 49.48.083, 49.48.084, 49.48.085, and 49.48.086.

**NEW SECTION. Sec. 11. PRIVATE AND CONFIDENTIAL INFORMATION.** (1) Any information or records concerning an individual or employer obtained by the office or the governing board to administer this chapter are private and confidential, except as otherwise provided in this section.

(a) If information provided to the office or the governing board by a governmental agency is held private and confidential by state or federal law, the office and the governing board may not release such information, unless otherwise provided in this section.

(b) Information provided to the office or the governing board by a governmental entity conditioned upon privacy and confidentiality under a provision of law is to be held private and confidential according to the agreement between the office or the governing board and the other governmental agency, unless otherwise provided in this title.

(2) Persons requesting disclosure of information held by the office or the governing board under this section must request such disclosure from the governmental agency that provided the information to the office or the governing board, rather than from the office or the governing board.

(3) If the governing board creates or enters into, on behalf of the program, a consortium, alliance, joint venture, partnership, compact, or contract with another state or states or their programs or boards, the laws of the state that is most protective of individual and employer confidentiality governs.

(4) The governing board has the authority to adopt, amend, or rescind rules interpreting and implementing this chapter.

(5)(a) An individual must have access to all records and information concerning that individual held by the office or the governing board.

(b) An employer must have access to its own records relating to their compliance with the program and any audit conducted or penalty assessed under this chapter.

(c) The office or the governing board may disclose information and records deemed confidential under this chapter to a third party acting on behalf of an individual or employer that would otherwise be eligible to receive records under this section when the office or the governing board receives a signed release from the individual or employer. The release must include a statement:

(i) Specifically identifying the information that is to be disclosed;

(ii) The acknowledgment that state government files will be assessed to obtain that information;

(iii) The specific purpose for which the information is sought and a statement that information obtained under the release will only be used for that purpose; and

(iv) Indicating all parties who will receive the information disclosed.

(d) The office or the governing board may disclose information or records deemed private and confidential under this chapter to any private person or organization, including the trustee, and, by extension, the agents of any private person or organization, when the disclosure is necessary to permit private contracting parties to assist in the operation, management, and implementation of the program. The private person or organization may only use the information or records solely for the purpose for which the information was disclosed and are bound by the same rules of privacy and confidentiality as the office and the governing board.

(6) (a) A decision under this chapter by the office, the department, the governing board, or the appeals tribunal may not be deemed private and confidential under this section, unless the decision is based on information obtained in a closed hearing.

(b) Information or records deemed private and confidential under this section must be available to parties to judicial or formal administrative proceedings only upon a written finding by the presiding officer that the need for the information or records in the proceeding outweighs any reasons for the privacy and confidentiality of the information on record.

(7) (a) All private persons, governmental agencies, and organizations authorized to receive information from the office or the governing board under this chapter have an affirmative duty to prevent unauthorized disclosure of confidential information and are prohibited from disclosing confidential information unless expressly permitted by this section.

(b) If misuse of an unauthorized disclosure of confidential records or information occurs, all parties who are aware of the violation must inform the office immediately and must take all reasonable available actions to rectify the disclosure to the office's standards.

(c) The misuse or unauthorized release of records or information deemed private and confidential under this chapter by any private person, governmental agency, or organization will subject the person, governmental agency, or organization to a civil penalty up to \$20,000 in the first year of the program. Beginning the December of the second year of the program and each December thereafter, the office must adjust the maximum civil penalty amount by multiplying the current maximum civil penalty by one plus the percentage by which the most current consumer price index available on December 1st of the current year exceeds the consumer price index for the prior 12-month period, and rounding the result to the nearest \$1,000. If an adjustment under this subsection (7) (c) would reduce the maximum civil penalty, the office must not adjust the maximum civil penalty for use in the following year. Other applicable sanctions under state and federal law also apply.

(d) Suit to enforce this section must be brought by the attorney general and the amount of any penalties collected must be paid into the administrative account created in section 12 of this act. The attorney general may recover reasonable attorneys' fees for any action brought to enforce this section.

(8) This section does not contain a rule of evidence.

**NEW SECTION. Sec. 12.** WASHINGTON SAVES ADMINISTRATIVE TREASURY TRUST ACCOUNT. (1) The Washington saves administrative treasury trust account is created in the custody of the state treasurer.

(2) Expenditures from the account may be used only for the purposes of administrative and operating expenses of the program established under this chapter.

(3) Only the state treasurer or state treasurer's designee may authorize expenditures from the account. The account is exempt from appropriation and allotment provisions under chapter 43.88 RCW.

(4) The account may receive grants, gifts, or other moneys appropriated for administrative purposes from the state and the federal government.

(5) Any interest incurred by the account will be retained within the account.

**NEW SECTION. Sec. 13.** INVESTMENT ACCOUNT. (1) The Washington saves investment account is established as a trust, with the governing board created under this chapter as its trustee.

(2)(a) Moneys in the account consist of moneys received from individual participants and participating employers pursuant to automatic payroll deductions and contributions to savings made under this chapter. The governing board shall determine how the account operates, provided that the account is operated so that the individual accounts established under the program meet the requirements for IRAs under the internal revenue code.

(b) The assets of the account are not state money, common cash, or revenue to the state. Amounts in the account may not be commingled with state funds and the state has no claim to or against, or interest in, such funds.

(3) Disbursements from the account are exempt from appropriations and the allotment provisions of chapter 43.88 RCW. An appropriation is not required for expenditures.

(4) Only the governing board or the governing board's designee may authorize expenditures from the account.

## PART II

### RETIREMENT MARKETPLACE

**NEW SECTION. Sec. 14.** RCW 43.330.730 (Finding—2015 c 296) is decodified.

**Sec. 15.** RCW 43.330.732 and 2015 c 296 s 2 are each amended to read as follows:

The definitions in this section apply throughout this subchapter unless the context clearly requires otherwise.

(1) "Approved plans" means retirement plans offered by private sector financial services firms that meet the requirements of this chapter to participate in the marketplace.

(2) "Balanced fund" means a mutual fund that has an investment mandate to balance its portfolio holdings. The fund generally includes a mix of stocks and bonds in varying proportions according to the fund's investment outlook.

(3) "Eligible employer" means a self-employed individual, sole proprietor, or an employer with ~~((fewer than))~~ at least one ~~((hundred))~~ qualified employee~~((s))~~ at the time of enrollment.

(4) "Enrollee" means any employee who is voluntarily enrolled in an approved plan offered by an eligible employer through the Washington small business retirement marketplace.

(5) ~~((("myRA" means the myRA retirement program administered by the United States department of the treasury that is available to all employers and employees with no fees or no minimum contribution requirements. A myRA is a Roth IRA option and investments in these accounts are backed by the United States department of the treasury.~~

~~((6))~~ "Participating employer" means any eligible employer with employees enrolled in an approved plan offered through the Washington small business retirement marketplace who chooses to participate in the marketplace and offers approved plans to employees for voluntary enrollment.

~~((7))~~ (6) "Private sector financial services firms" or "financial services firms" mean persons or entities licensed or holding a certificate of authority and in good standing by either the department of financial institutions or the office of the insurance commissioner and meeting all federal laws and regulations to offer retirement plans.

~~((8))~~ (7) "Qualified employee" means those workers who are defined by the federal internal revenue service to be eligible to participate in a specific qualified plan.

~~((9))~~ (8) "Target date or other similar fund" means a hybrid mutual fund that automatically resets the asset mix of stocks, bonds, and cash equivalents in its portfolio according to a selected time frame that is appropriate for a particular investor. A target date is structured to address a projected retirement date.

~~((10))~~ (9) "Washington small business retirement marketplace" or "marketplace" means the retirement savings program created to connect eligible employers and their employees with approved plans to increase retirement savings.

**Sec. 16.** RCW 43.330.735 and 2017 c 69 s 1 are each amended to read as follows:

(1) The Washington small business retirement marketplace is created.

(2) Prior to connecting any eligible employer with an approved plan in the marketplace, the director shall design a plan for the operation of the marketplace.

(3) The director shall consult with the Washington state department of retirement systems, the Washington state investment board, and the department of financial institutions in designing and managing the marketplace.

(4) The director shall approve for participation in the marketplace all private sector financial services firms ~~((that meet the requirements of)), as defined in RCW 43.330.732((+7))~~.

(5) A range of investment options must be provided to meet the needs of investors with various levels of risk tolerance and various ages. The director must approve a diverse array of private retirement plan options that are available to employers on a voluntary basis, including but not limited to life insurance plans that are designed for retirement purposes, and plans for eligible employer participation such as ~~((+ (a) A))~~ a SIMPLE IRA-type plan that provides for employer contributions to participating enrollee accounts ~~((; and (b) a payroll deduction individual retirement account type plan or workplace-based individual retirement accounts open to all workers in which the employer does not contribute to the employees' account))~~.

(6) (a) Prior to approving a plan to be offered on the marketplace, the department must receive verification from the department of financial institutions or the office of the insurance commissioner:

(i) That the private sector financial services firm offering the plan meets the ~~((requirements of))~~ definition in RCW 43.330.732 ~~((+7))~~; and

(ii) That the plan meets the requirements of this section excluding subsection (9) of this section which is subject to federal laws and regulations.

(b) If the plan includes either life insurance or annuity products, or both, the office of the insurance commissioner may request that the department of financial institutions conduct the plan review as provided in (a)(ii) of this subsection prior to submitting its verification to the department.

(c) The director may remove approved plans that no longer meet the requirements of this chapter.

(7) The financial services firms participating in the marketplace must offer a minimum of two product options: (a) A target date or other similar fund, with asset allocations and maturities designed to coincide with the expected date of retirement and (b) a balanced fund. ~~((The marketplace must offer myRA.))~~

(8) In order for the marketplace to operate, there must be at least two approved plans on the marketplace; however, nothing in this subsection shall be construed to limit the number of private sector financial services firms with approved plans from participating in the marketplace.

(9) Approved plans must meet federal law or regulation for internal revenue service approved retirement plans.

(10) The approved plans must include the option for enrollees to roll pretax contributions into a different individual retirement account or another eligible retirement plan after ceasing participation in a plan approved by the Washington small business retirement marketplace.

(11) Financial services firms selected by the department to offer approved plans on the marketplace may not charge the participating employer an administrative fee and may not charge enrollees more than one hundred basis points in total annual fees and must provide information about their product's historical investment performance. Financial services firms may charge enrollees a de minimis fee for new and/or low balance accounts in amounts negotiated and agreed upon by the department and financial services firms. The director shall limit plans to those with total fees the director considers reasonable based on all the facts and circumstances.

(12) Participation in the Washington small business retirement marketplace is voluntary for both eligible employers and qualified employees.

(13) Enrollment in any approved plan offered in the marketplace is not an entitlement.

"**Sec. 1.** RCW 43.43.944 and 2020 c 88 s 6 are each amended to read as follows:

(1) The fire service training account is hereby established in the state treasury. The primary purpose of the account is firefighter training for both volunteer and career firefighters. The fund shall consist of:

(a) All fees received by the Washington state patrol for fire service training;

(b) All grants and bequests accepted by the Washington state patrol under RCW 43.43.940;

(c) ~~((Twenty))~~ Twenty-five percent of all moneys received by the state on fire insurance premiums;

(d) Revenue from penalties established under RCW 19.27.740; and

(e) General fund—state moneys appropriated into the account by the legislature.

(2) Moneys in the account may be appropriated for: (a) Fire service training; (b) school fire prevention activities within the Washington state patrol; and (c) the maintenance, operations, and capital projects of the state fire training academy. However, expenditures for purposes of (b) and (c) of this subsection may only be made to the extent that these expenditures do not adversely affect expenditures for the purpose of (a) of this subsection. **Sec. 2.** RCW 43.79.483 and 2023 c 435 s 5 are each amended to read as follows:

(1) The opioid abatement settlement account is created in the state treasury. All settlement receipts and moneys that are designated to be used by the state of Washington to abate the opioid epidemic for state use must be deposited into the account. Money in the account may be spent only after appropriation. Expenditures from the account may only be used for future opioid remediation as provided in the applicable settlement. For purposes of this account, "opioid remediation" means the care, treatment, and other programs and expenditures, designed to: (a) Address the use and abuse of opioid products; (b) treat or mitigate opioid use or related disorders; or (c) mitigate other alleged effects of, including those injured as a result of, the opioid epidemic.

(2) All money remaining in the state opioid settlement account established under RCW 43.88.195 must be transferred to the opioid abatement settlement account created in this section.

(3) Beginning July 1, 2025, and each fiscal year thereafter through June 30, 2031, the state treasurer shall transfer into the tribal opioid prevention and treatment account created in section 3 of this act from the opioid abatement settlement account an amount equal to the greater of \$7,750,000 or 20 percent of the settlement receipts and moneys deposited into the opioid abatement settlement account during the prior fiscal year.

(4) Beginning July 1, 2031, and each fiscal year thereafter, the state treasurer shall transfer into the tribal opioid prevention and treatment account created in section 3 of this act from the opioid abatement settlement account an amount equal to 20 percent of the settlement receipts and moneys deposited into the opioid abatement settlement account during the prior fiscal year.

(5) No transfer shall be required if the average amount of revenue received by the account per fiscal year over the prior two fiscal years is less than \$7,750,000.

**NEW SECTION. Sec. 3.** A new section is added to chapter 43.79 RCW to read as follows:

The tribal opioid prevention and treatment account is created in the state treasury. All receipts from the transfer directed in RCW 43.79.483(3) must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used for addressing the impact of the opioid epidemic in tribal communities, including: (1) Prevention and recovery services; (2) treatment programs including medication-

assisted treatment; (3) peer services; (4) awareness campaigns and education; and (5) support for first responders.

**Sec. 4.** RCW 43.84.092 and 2023 c 435 s 14, 2023 c 431 s 10, 2023 c 389 s 10, 2023 c 377 s 7, 2023 c 340 s 10, 2023 c 110 s 3, 2023 c 73 s 10, and 2023 c 41 s 4 are each reenacted and amended to read as follows:

(1) All earnings of investments of surplus balances in the state treasury shall be deposited to the treasury income account, which account is hereby established in the state treasury.

(2) The treasury income account shall be utilized to pay or receive funds associated with federal programs as required by the federal cash management improvement act of 1990. The treasury income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for refunds or allocations of interest earnings required by the cash management improvement act. Refunds of interest to the federal treasury required under the cash management improvement act fall under RCW 43.88.180 and shall not require appropriation. The office of financial management shall determine the amounts due to or from the federal government pursuant to the cash management improvement act. The office of financial management may direct transfers of funds between accounts as deemed necessary to implement the provisions of the cash management improvement act, and this subsection. Refunds or allocations shall occur prior to the distributions of earnings set forth in subsection (4) of this section.

(3) Except for the provisions of RCW 43.84.160, the treasury income account may be utilized for the payment of purchased banking services on behalf of treasury funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasury and affected state agencies. The treasury income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4) Monthly, the state treasurer shall distribute the earnings credited to the treasury income account. The state treasurer shall credit the general fund with all the earnings credited to the treasury income account except:

(a) The following accounts and funds shall receive their proportionate share of earnings based upon each account's and fund's average daily balance for the period: The abandoned recreational vehicle disposal account, the aeronautics account, the Alaskan Way viaduct replacement project account, the ambulance transport fund, the brownfield redevelopment trust fund account, the budget stabilization account, the capital vessel replacement account, the capitol building construction account, the Central Washington University capital projects account, the charitable, educational, penal and reformatory institutions account, the Chehalis basin account, the Chehalis basin taxable account, the cleanup settlement account, the climate active transportation account, the climate transit programs account, the Columbia river basin water supply development account, the Columbia river basin taxable bond water supply development account, the Columbia river basin water supply revenue recovery account, the common school construction fund, the community forest trust account, the connecting Washington account, the county arterial preservation account, the county criminal justice assistance account, the covenant homeownership account, the deferred compensation administrative account, the deferred compensation principal account, the department of licensing services account, the department of retirement systems expense account, the developmental disabilities community services account, the diesel idle reduction account, the opioid abatement settlement account, the drinking water assistance account, the administrative subaccount of the drinking water assistance account, the early learning facilities development account, the early learning facilities revolving account, the Eastern Washington University capital projects account, the education construction fund, the education legacy trust account, the election account, the electric vehicle account, the energy freedom account, the energy recovery act account, the essential rail assistance account, The Evergreen State College capital projects account, the fair start for kids account, the ferry bond retirement fund, the fish, wildlife, and conservation account, the freight mobility investment account, the freight mobility multimodal account, the grade crossing protective fund, the higher education retirement plan supplemental benefit fund, the Washington student loan account, the highway bond retirement fund, the highway infrastructure account, the highway safety fund, the hospital safety net assessment fund, the Interstate 5 bridge replacement project account, the Interstate 405 and state route number 167 express toll lanes account, the judges' retirement account, the judicial retirement administrative account, the judicial retirement principal account, the limited fish and wildlife account, the local leasehold excise tax account, the local real estate excise tax account, the local sales and use tax account, the marine resources stewardship trust account, the medical aid account, the money-purchase retirement savings administrative account, the money-purchase retirement savings principal account, the motor vehicle fund, the motorcycle safety education account, the move ahead WA account, the move ahead WA flexible account, the multimodal transportation account, the multiuse roadway safety account, the municipal criminal justice assistance account, the oyster reserve land account, the pension funding stabilization account, the perpetual surveillance and maintenance account, the pilotage account, the pollution liability insurance agency underground storage tank revolving account, the public employees' retirement system plan 1 account, the public employees' retirement system combined plan 2 and plan 3 account, the public facilities construction loan revolving account, the public health supplemental account, the public works assistance account, the Puget Sound

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that since 2018 there has been a significant increase in the number of child fatalities and near fatalities involving fentanyl.

(2) The legislature finds that fentanyl and other highly potent synthetic opioids pose a unique and growing threat to the safety of children in Washington state. Fentanyl is a high-

potency synthetic opioid and, according to the centers for disease control and prevention, is 50 times more potent than heroin and 100 times more potent than morphine. Even in very small quantities high-potency synthetic opioids may be lethal to a child.

(3) The legislature intends to provide clarity to judges, social workers, advocates, and families about the safety threat that high-potency synthetic opioids pose to vulnerable children. The legislature declares that the lethality of high-potency synthetic opioids and public health guidance from the department of health related to high-potency synthetic opioids should be given great weight in determining whether a child is at risk of imminent physical harm due to child abuse or neglect.

(4) The legislature recognizes the challenges for recovery and rehabilitation regarding opioid use and resolves to increase services and supports. The legislature further resolves to increase training and resources for state and judicial employees to accomplish their mission and goals in a safe and effective manner.

(5) The legislature recognizes that supporting families in crisis with interventions and services, including preventative services, voluntary services, and family assessment response, minimizes child trauma from further child welfare involvement and strengthens families.

**PART I  
HIGH-POTENCY SYNTHETIC OPIOIDS AND CHILD WELFARE**

**Sec. 101.** RCW 13.34.030 and 2021 c 304 s 1 and 2021 c 67 s 2 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child," "juvenile," and "youth" mean:

(a) Any individual under the age of eighteen years; or

(b) Any individual age eighteen to twenty-one years who is eligible to receive and who elects to receive the extended foster care services authorized under RCW 74.13.031. A youth who remains dependent and who receives extended foster care services under RCW 74.13.031 shall not be considered a "child" under any other statute or for any other purpose.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Department" means the department of children, youth, and families.

(5) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to this chapter for the limited purpose of assisting the court in the supervision of the dependency.

(6) "Dependent child" means any child who:

(a) Has been abandoned;

(b) Is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;

(c) Has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development; or

(d) Is receiving extended foster care services, as authorized by RCW 74.13.031.

(7) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary of the department of social and health services to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual.

(8) "Educational liaison" means a person who has been appointed by the court to fulfill responsibilities outlined in RCW 13.34.046.

(9) "Experiencing homelessness" means lacking a fixed, regular, and adequate nighttime residence, including circumstances such as sharing the housing of other persons due to loss of housing, economic hardship, fleeing domestic violence, or a similar reason as described in the federal McKinney-Vento homeless assistance act (Title 42 U.S.C., chapter 119, subchapter I) as it existed on January 1, 2021.

(10) "Extended foster care services" means residential and other support services the department is authorized to provide under RCW 74.13.031. These services may include placement in licensed, relative, or otherwise approved care, or supervised independent living settings; assistance in meeting basic needs; independent living services; medical assistance; and counseling or treatment.

(11) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding, including a guardian appointed pursuant to chapter 13.36 RCW; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" does not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(12) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(13) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(14) "Guardianship" means a guardianship pursuant to chapter 13.36 RCW or a limited guardianship of a minor pursuant to RCW 11.130.215 or equivalent laws of another state or a federally recognized Indian tribe.

(15) "High-potency synthetic opioid" means an unprescribed synthetic opioid classified as a schedule II controlled substance or controlled substance analog in chapter 69.50 RCW or by the pharmacy quality assurance commission in rule including, but not limited to, fentanyl.

(16) "Housing assistance" means appropriate referrals by the department or other agencies to federal, state, local, or private agencies or organizations, assistance with forms, applications, or financial subsidies or other monetary assistance for housing. For purposes of this chapter, "housing assistance" is not a remedial service or family reunification service as described in RCW 13.34.025(2).

~~((16))~~ (17) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, aged, blind, or disabled assistance benefits, medical care services under RCW 74.09.035, pregnant women assistance benefits, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income; or

(b) Involuntarily committed to a public mental health facility; or

(c) Receiving an annual income, after taxes, of one hundred twenty-five percent or less of the federally established poverty level; or

(d) Unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are insufficient to pay any amount for the retention of counsel.

~~((17))~~ (18) "Nonminor dependent" means any individual age eighteen to twenty-one years who is participating in extended foster care services authorized under RCW 74.13.031.

~~((18))~~ (19) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

~~((19))~~ (20) "Parent" means the biological or adoptive parents of a child, or an individual who has established a parent-child relationship under RCW 26.26A.100, unless the legal rights of that person have been terminated by a judicial proceeding pursuant to this chapter, chapter 26.33 RCW, or the equivalent laws of another state or a federally recognized Indian tribe.

~~((20))~~ (21) "Prevention and family services and programs" means specific mental health prevention and treatment services, substance abuse prevention and treatment services, and in-home parent skill-based programs that qualify for federal funding under the federal family first prevention services act, P.L. 115-123. For purposes of this chapter, prevention and family services and programs are not remedial services or family reunification services as described in RCW 13.34.025(2).

~~((21))~~ (22) "Prevention services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services, including housing assistance, capable of preventing the need for out-of-home placement while protecting the child. Prevention services include, but are not limited to, prevention and family services and programs as defined in this section.

~~((22))~~ (23) "Qualified residential treatment program" means a program that meets the requirements provided in RCW 13.34.420, qualifies for funding under the family first prevention services act under 42 U.S.C. Sec. 672(k), and, if located within Washington state, is licensed as a group care facility under chapter 74.15 RCW.

~~((23))~~ (24) "Relative" includes persons related to a child in the following ways:

(a) Any blood relative, including those of half-blood, and including first cousins, second cousins, nephews or nieces, and persons of preceding generations as denoted by prefixes of grand, great, or great-great;

(b) Stepfather, stepmother, stepbrother, and stepsister;

(c) A person who legally adopts a child or the child's parent as well as the natural and other legally adopted children of such persons, and other relatives of the adoptive parents in accordance with state law;

(d) Spouses of any persons named in (a), (b), or (c) of this subsection, even after the marriage is terminated;

(e) Relatives, as named in (a), (b), (c), or (d) of this subsection, of any half sibling of the child; or

(f) Extended family members, as defined by the law or custom of the Indian child's tribe or, in the absence of such law or custom, a person who has reached the age of eighteen and who is the Indian child's grandparent, aunt or uncle, brother or sister, brother-in-law or sister-in-law, niece or nephew, first or second cousin, or stepparent who provides care in the family abode on a twenty-four hour basis to an Indian child as defined in 25 U.S.C. Sec. 1903(4).

~~((24))~~ (25) "Shelter care" means temporary physical care in a facility licensed pursuant to RCW 74.15.030 or in a home not required to be licensed pursuant to RCW 74.15.030.

~~((25))~~ (26) "Sibling" means a child's birth brother, birth sister, adoptive brother, adoptive sister, half-brother, or half-sister, or as defined by the law or custom of the Indian child's tribe for an Indian child as defined in RCW 13.38.040.

~~((26))~~ (27) "Social study" means a written evaluation of matters relevant to the disposition of the case that contains the information required by RCW 13.34.430.

~~((27))~~ (28) "Supervised independent living" includes, but is not limited to, apartment living, room and board arrangements, college or university dormitories, and shared roommate settings. Supervised independent living settings must be approved by the department or the court.

~~((28))~~ (29) "Voluntary placement agreement" means, for the purposes of extended foster care services, a written voluntary agreement between a nonminor dependent who agrees to submit to the care and authority of the department for the purposes of participating in the extended foster care program.

**Sec. 102.** RCW 13.34.050 and 2021 c 211 s 6 are each amended to read as follows:

(1) The court may enter an order directing a law enforcement officer, probation counselor, or child protective services official to take a child into custody if: (a) A petition is filed with the juvenile court with sufficient corroborating evidence to establish that the child is dependent; (b) ~~((the allegations contained in the petition, if true, establish that there are reasonable grounds to believe that removal is necessary to prevent imminent physical harm to the child due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, or a pattern of severe neglect; and (c))~~ an affidavit or declaration is filed by the department in support of the petition setting forth specific factual information evidencing insufficient time to serve a parent with a dependency petition and hold a hearing prior to removal; and (c) the allegations contained in the petition, if true, establish that there are reasonable grounds to believe that removal is necessary to prevent imminent physical harm to the child due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, a pattern of severe neglect, or a high-potency synthetic opioid. The court shall give great weight to the lethality of high-potency synthetic opioids and public health guidance from the department of health related to high-potency synthetic opioids in determining whether removal is necessary to prevent imminent physical harm to the child due to child abuse or neglect.

(2) Any petition that does not have the necessary affidavit or declaration demonstrating a risk of imminent harm requires that the parents are provided notice and an opportunity to be heard before the order may be entered.

(3) The petition and supporting documentation must be served on the parent, and if the child is in custody at the time the child is removed, on the entity with custody other than the parent. If the court orders that a child be taken into custody under subsection (1) of this section, the petition and supporting documentation must be served on the parent at the time of the child's removal unless, after diligent efforts, the parents cannot be located at the time of removal. If the parent is not served at the time of removal, the department shall make diligent efforts to personally serve the parent. Failure to effect service does not invalidate the petition if service was attempted and the parent could not be found.

**Sec. 103.** RCW 13.34.065 and 2021 c 211 s 9, 2021 c 208 s 1, and 2021 c 67 s 4 are each reenacted and amended to read as follows:

(1)(a) When a child is removed or when the petitioner is seeking the removal of a child from the child's parent, guardian, or legal custodian, the court shall hold a shelter care hearing within 72 hours, excluding Saturdays, Sundays, and holidays. The primary purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending. The court shall hold an additional shelter care hearing within 72 hours, excluding Saturdays, Sundays, and holidays if the child is removed from the care of a parent, guardian, or legal custodian at any time after an initial shelter care hearing under this section.

(b) Any child's attorney, parent, guardian, or legal custodian who for good cause is unable to attend or adequately prepare for the shelter care hearing may request that the initial shelter care hearing be continued or that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the child's attorney, parent, guardian, or legal custodian, the court shall schedule the hearing within 72 hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means. If the parent, guardian, or legal custodian is not represented by counsel, the clerk shall provide information to the parent, guardian, or legal custodian regarding how to obtain counsel.

(2)(a) If it is likely that the child will remain in shelter care longer than 72 hours, the department shall submit a recommendation to the court as to the further need for shelter care in all cases in which the child will remain in shelter care longer than the 72 hour

period. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(3) (a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court, in person, or by remote means, and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care hearing, the court must provide notice to the parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.

(4) At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the department to make diligent efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative. The court shall ask the parents whether the department discussed with them the placement of the child with a relative or other suitable person described in RCW 13.34.130(1)(b) and shall determine what efforts have been made toward such a placement;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home. If the dependency petition or other information before the court alleges that experiencing homelessness or the lack of suitable housing was a significant factor contributing to the removal of the child, the court shall inquire as to whether housing assistance was provided to the family to prevent or eliminate the need for removal of the child or children;

(e) Is the placement proposed by the department the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the child was in prior to placement and what efforts have been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in RCW 13.38.040, whether the provisions of the federal Indian child welfare act or chapter 13.38 RCW apply, and whether there is compliance with the federal Indian child welfare act and chapter 13.38 RCW, including notice to the child's tribe;

(i) Whether, as provided in RCW 26.44.063, restraining orders, or orders expelling an allegedly abusive household member from the home of a nonabusive parent, guardian, or legal custodian, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. The court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service;

(k) The terms and conditions for parental, sibling, and family visitation.

(5) (a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(ii) (A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(B) (I) Removal of the child is necessary to prevent imminent physical harm due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, a high-potency synthetic opioid, or a pattern of severe neglect, notwithstanding an order

entered pursuant to RCW 26.44.063. The evidence must show a causal relationship between the particular conditions in the home and imminent physical harm to the child. The existence of community or family poverty, isolation, single parenthood, age of the parent, crowded or inadequate housing, substance abuse, prenatal drug or alcohol exposure, mental illness, disability or special needs of the parent or child, or nonconforming social behavior does not by itself constitute imminent physical harm. The court shall give great weight to the lethality of high-potency synthetic opioids and public health guidance from the department of health related to high-potency synthetic opioids when determining whether removal of the child is necessary to prevent imminent physical harm due to child abuse or neglect;

(II) It is contrary to the welfare of the child to be returned home; and

(III) After considering the particular circumstances of the child, any imminent physical harm to the child outweighs the harm the child will experience as a result of removal; or

(C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court finds that the elements of (a)(ii)(B) of this subsection require removal of the child, the court shall further consider:

(i) Whether participation by the parents, guardians, or legal custodians in any prevention services would prevent or eliminate the need for removal and, if so, shall inquire of the parent whether they are willing to participate in such services. If the parent agrees to participate in the prevention services identified by the court that would prevent or eliminate the need for removal, the court shall place the child with the parent. The court shall give great weight to the lethality of high-potency synthetic opioids and public health guidance from the department of health related to high-potency synthetic opioids when deciding whether to place the child with the parent. The court shall not order a parent to participate in prevention services over the objection of the parent, however, parents shall have the opportunity to consult with counsel prior to deciding whether to agree to proposed prevention services as a condition of having the child return to or remain in the care of the parent; and

(ii) Whether the issuance of a temporary order of protection directing the removal of a person or persons from the child's residence would prevent the need for removal of the child.

(c)(i) If the court does not release the child to his or her parent, guardian, or legal custodian, the court shall order placement with a relative or other suitable person as described in RCW 13.34.130(1)(b), unless the petitioner establishes that there is reasonable cause to believe that:

(A) Placement in licensed foster care is necessary to prevent imminent physical harm to the child due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, a high-potency synthetic opioid, or a pattern of severe neglect, because no relative or other suitable person is capable of ensuring the basic safety of the child; or

(B) The efforts to reunite the parent and child will be hindered.

(ii) In making the determination in (c)(i) of this subsection, the court shall:

(A) Inquire of the petitioner and any other person present at the hearing for the child whether there are any relatives or other suitable persons who are willing to care for the child. This inquiry must include whether any relative or other suitable person:

(I) Has expressed an interest in becoming a caregiver for the child;

(II) Is able to meet any special needs of the child;

(III) Is willing to facilitate the child's sibling and parent visitation if such visitation is ordered by the court; and

(IV) Supports reunification of the parent and child once reunification can safely occur; and

(B) Give great weight to the stated preference of the parent, guardian, or legal custodian, and the child.

(iii) If a relative or other suitable person expressed an interest in caring for the child, can meet the child's special needs, can support parent-child reunification, and will facilitate court-ordered sibling or parent visitation, the following must not prevent the child's placement with such relative or other suitable person:

(A) An incomplete department or fingerprint-based background check, if such relative or other suitable person appears otherwise suitable and competent to provide care and treatment, but the background checks must be completed as soon as possible after placement;

(B) Uncertainty on the part of the relative or other suitable person regarding potential adoption of the child;

(C) Disbelief on the part of the relative or other suitable person that the parent, guardian, or legal custodian presents a danger to the child, provided the caregiver will protect the safety of the child and comply with court orders regarding contact with a parent, guardian, or legal custodian; or

(D) The conditions of the relative or other suitable person's home are not sufficient to satisfy the requirements of a licensed foster home. The court may order the department to provide financial or other support to the relative or other suitable person necessary to ensure safe conditions in the home.

(d) If the child was not initially placed with a relative or other suitable person, and the court does not release the child to his or her parent, guardian, or legal custodian, the department shall make reasonable efforts to locate a relative or other suitable person pursuant to RCW 13.34.060(1).

(e) If the court does not order placement with a relative or other suitable person, the court shall place the child in licensed foster care and shall set forth its reasons for the order. If the court orders placement of the child with a person not related to the child and

not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(f) Any placement with a relative, or other suitable person approved by the court pursuant to this section, shall be contingent upon cooperation with the department's or agency's case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other suitable person, subject to review by the court.

(g) If the child is placed in a qualified residential treatment program as defined in this chapter, the court shall, within 60 days of placement, hold a hearing to:

(i) Consider the assessment required under RCW 13.34.420 and submitted as part of the department's social study, and any related documentation;

(ii) Determine whether placement in foster care can meet the child's needs or if placement in another available placement setting best meets the child's needs in the least restrictive environment; and

(iii) Approve or disapprove the child's placement in the qualified residential treatment program.

(h) Uncertainty by a parent, guardian, legal custodian, relative, or other suitable person that the alleged abuser has in fact abused the child shall not, alone, be the basis upon which a child is removed from the care of a parent, guardian, or legal custodian under (a) of this subsection, nor shall it be a basis, alone, to preclude placement with a relative or other suitable person under (c) of this subsection.

(i) If the court places with a relative or other suitable person, and that person has indicated a desire to become a licensed foster parent, the court shall order the department to commence an assessment of the home of such relative or other suitable person within 10 days and thereafter issue an initial license as provided under RCW 74.15.120 for such relative or other suitable person, if qualified, as a foster parent. The relative or other suitable person shall receive a foster care maintenance payment, starting on the date the department approves the initial license. If such home is found to be unqualified for licensure, the department shall report such fact to the court within one week of that determination. The department shall report on the status of the licensure process during the entry of any dispositional orders in the case.

(j) If the court places the child in licensed foster care:

(i) The petitioner shall report to the court, at the shelter care hearing, the location of the licensed foster placement the petitioner has identified for the child and the court shall inquire as to whether:

(A) The identified placement is the least restrictive placement necessary to meet the needs of the child;

(B) The child will be able to remain in the same school and whether any orders of the court are necessary to ensure educational stability for the child;

(C) The child will be placed with a sibling or siblings, and whether court-ordered sibling contact would promote the well-being of the child;

(D) The licensed foster placement is able to meet the special needs of the child;

(E) The location of the proposed foster placement will impede visitation with the child's parent or parents;

(ii) The court may order the department to:

(A) Place the child in a less restrictive placement;

(B) Place the child in a location in closer proximity to the child's parent, home, or school;

(C) Place the child with the child's sibling or siblings;

(D) Take any other necessary steps to ensure the child's health, safety, and well-being;

(iii) The court shall advise the petitioner that:

(A) Failure to comply with court orders while a child is in shelter care will be considered when determining whether reasonable efforts have been made by the department during a hearing under RCW 13.34.110; and

(B) Placement moves while a child is in shelter care will be considered when determining whether reasonable efforts have been made by the department during a hearing under RCW 13.34.110.

(6) (a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than 30 days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7) (a) (i) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(ii) If the court previously ordered that visitation between a parent and child be supervised or monitored, there shall be a presumption that such supervision or monitoring will no longer be necessary following a continued shelter care order under (a)(i) of this subsection. To overcome this presumption, a party must provide a report to the court including evidence establishing that removing visit supervision or monitoring would create a risk to the child's safety, and the court shall make a determination as to whether visit supervision or monitoring must continue.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

(8) The department and its employees shall not be held liable in any civil action for complying with an order issued under this section for placement: With a parent who has agreed to accept services, a relative, or a suitable person.

(9)(a) If a child is placed out of the home of a parent, guardian, or legal custodian following a shelter care hearing, the court shall order the petitioner to provide regular visitation with the parent, guardian, or legal custodian, and siblings. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and allowing family reunification. The court shall order a visitation plan individualized to the needs of the family with a goal of providing the maximum parent, child, and sibling contact possible.

(b) Visitation under this subsection shall not be limited as a sanction for a parent's failure to comply with recommended services during shelter care.

(c) Visitation under this subsection may only be limited where necessary to ensure the health, safety, or welfare of the child.

(d) The first visit must take place within 72 hours of the child being delivered into the custody of the department, unless the court finds that extraordinary circumstances require delay.

(e) If the first visit under (d) of this subsection occurs in an in-person format, this first visit must be supervised unless the department determines that visit supervision is not necessary.

**Sec. 104.** RCW 13.34.130 and 2019 c 172 s 12 are each amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030 after consideration of the social study prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition that maintains the child in his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In determining the disposition, the court should choose services to assist the parents in maintaining the child in the home, including housing assistance, if appropriate, that least interfere with family autonomy and are adequate to protect the child.

(b)(i) Order the child to be removed from his or her home and into the custody, control, and care of a relative or other suitable person, the department, or agency responsible for supervision of the child's placement. If the court orders that the child be placed with a caregiver over the objections of the parent or the department, the court shall articulate, on the record, his or her reasons for ordering the placement. The court may not order an Indian child, as defined in RCW 13.38.040, to be removed from his or her home unless the court finds, by clear and convincing evidence including testimony of qualified expert witnesses, that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

(ii) The department has the authority to place the child, subject to review and approval by the court (A) with a relative as defined in RCW 74.15.020(2)(a), (B) in the home of another suitable person if the child or family has a preexisting relationship with that person, and the person has completed all required criminal history background checks and otherwise appears to the department to be suitable and competent to provide care for the child, or (C) in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW.

(iii) The department may also consider placing the child, subject to review and approval by the court, with a person with whom the child's sibling or half-sibling is residing or a person who has adopted the sibling or half-sibling of the child being placed as long as the person has completed all required criminal history background checks and otherwise appears to the department to be competent to provide care for the child.

(2) Absent good cause, the department shall follow the wishes of the natural parent regarding the placement of the child in accordance with RCW 13.34.260.

(3) The department may only place a child with a person not related to the child as defined in RCW 74.15.020(2)(a), including a placement provided for in subsection (1)(b)(iii) of this section, when the court finds that such placement is in the best interest of the child. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, the child shall be placed with a person who is willing, appropriate, and available to care

for the child, and who is: (I) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a relationship and is comfortable; or (II) a suitable person as described in subsection (1)(b) of this section. The court shall consider the child's existing relationships and attachments when determining placement.

(4) If the child is placed in a qualified residential treatment program as defined in this chapter, the court shall, within sixty days of placement, hold a hearing to:

~~((i) [(a)])~~ (a) Consider the assessment required under RCW 13.34.420 and submitted as part of the department's social study, and any related documentation;

~~((ii) [(b)])~~ (b) Determine whether placement in foster care can meet the child's needs or if placement in another available placement setting best meets the child's needs in the least restrictive environment; and

~~((iii) [(c)])~~ (c) Approve or disapprove the child's placement in the qualified residential treatment program.

(5) When placing an Indian child in out-of-home care, the department shall follow the placement preference characteristics in RCW 13.38.180.

(6) Placement of the child with a relative or other suitable person as described in subsection (1)(b) of this section shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services, including housing assistance, that have been provided to the child and the child's parent, guardian, or legal custodian, and that prevention services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child;

or

(c) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger. The court shall give great weight to the lethality of high-potency synthetic opioids and public health guidance from the department of health related to high-potency synthetic opioids, including fentanyl, when deciding whether a manifest danger exists.

(7) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court shall consider whether it is in a child's best interest to be placed with, have contact with, or have visits with siblings.

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) The court has jurisdiction over all siblings subject to the order of placement, contact, or visitation pursuant to petitions filed under this chapter or the parents of a child for whom there is no jurisdiction are willing to agree; and

(ii) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized or that efforts to reunite the parent and child would be hindered by such placement, contact, or visitation. In no event shall parental visitation time be reduced in order to provide sibling visitation.

(b) The court may also order placement, contact, or visitation of a child with a stepbrother or stepsister provided that in addition to the factors in (a) of this subsection, the child has a relationship and is comfortable with the stepsibling.

(8) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section and placed into nonparental or nonrelative care, the court shall order a placement that allows the child to remain in the same school he or she attended prior to the initiation of the dependency proceeding when such a placement is practical and in the child's best interest.

(9) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

(10) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative or other suitable person, the child shall remain in foster care and the court shall direct the department to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative or other person appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives or other suitable persons, pursuant to this section, shall be contingent upon cooperation by the relative or other suitable person with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's or other suitable person's home, subject to review by the court.

**Sec. 105.** RCW 26.44.050 and 2021 c 211 s 5 are each amended to read as follows:

(1) Except as provided in RCW 26.44.030(12), upon the receipt of a report alleging that abuse or neglect has occurred, the law enforcement agency or the department must investigate

and provide the protective services section with a report in accordance with chapter 74.13 RCW, and where necessary to refer such report to the court.

(2) A law enforcement officer may take, or cause to be taken, a child into custody without a court order if there is probable cause to believe that taking the child into custody is necessary to prevent imminent physical harm to the child due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, a high-potency synthetic opioid, or a pattern of severe neglect, and the child would be seriously injured or could not be taken into custody if it were necessary to first obtain a court order pursuant to RCW 13.34.050. The law enforcement agency or the department investigating such a report is hereby authorized to photograph such a child for the purpose of providing documentary evidence of the physical condition of the child.

**Sec. 106.** RCW 26.44.056 and 2021 c 211 s 4 are each amended to read as follows:

(1) An administrator of a hospital or similar institution or any physician, licensed pursuant to chapters 18.71 or 18.57 RCW, may detain a child without consent of a person legally responsible for the child whether or not medical treatment is required, if there is probable cause to believe that detaining the child is necessary to prevent imminent physical harm to the child due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, a high-potency synthetic opioid, or a pattern of severe neglect, and the child would be seriously injured or could not be taken into custody if it were necessary to first obtain a court order under RCW 13.34.050: PROVIDED, That such administrator or physician shall notify or cause to be notified the appropriate law enforcement agency or child protective services pursuant to RCW 26.44.040. Such notification shall be made as soon as possible and in no case longer than ~~((seventy-two))~~ 72 hours. Such temporary protective custody by an administrator or doctor shall not be deemed an arrest. Child protective services may detain the child until the court assumes custody, but in no case longer than ~~((seventy-two))~~ 72 hours, excluding Saturdays, Sundays, and holidays.

(2) A child protective services employee, an administrator, doctor, or law enforcement officer shall not be held liable in any civil action for the decision for taking the child into custody, if done in good faith under this section.

NEW SECTION. **Sec. 107.** A new section is added to chapter 43.216 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, at least one legal liaison position shall be established within the department in each of its regions to work with both the department and the office of the attorney general for the purpose of assisting with the preparation of child abuse and neglect court cases.

(2)(a) To the extent possible, the workload of the legal liaisons shall be geographically divided to reflect where the highest risk and most vulnerable child abuse and neglect cases are filed.

(b) For the purpose of this subsection, "highest risk" and "most vulnerable" are determined by the age of the child and whether the child is particularly vulnerable given the child's medical or developmental conditions.

(3) The department may determine the necessary qualifications for the legal liaison positions established in this section.

**Sec. 108.** RCW 2.56.230 and 2008 c 279 s 2 are each amended to read as follows:

(1) A superior court may apply for grants from the family and juvenile court improvement grant program by submitting a local improvement plan with the administrator for the courts. To be eligible for grant funds, a superior court's local improvement plan must meet the criteria developed by the administrator for the courts and approved by the board for judicial administration. The criteria must be consistent with the principles adopted for unified family courts. At a minimum, the criteria must require that the court's local improvement plan meet the following requirements:

(a) Commit to a chief judge assignment to the family and juvenile court for a minimum of two years;

(b) Implementation of the principle of one judicial team hearing all of the proceedings in a case involving one family, especially in dependency cases;

(c) Require court commissioners and judges assigned to family and juvenile court to receive a minimum of thirty hours specialized training in topics related to family and juvenile matters within six months of assuming duties in family and juvenile court. Where possible, courts should utilize local, statewide, and national training forums. A judicial officer's recorded educational history may be applied toward the thirty-hour requirement. The topics for training must include:

(i) Parentage;

(ii) Adoption;

(iii) Domestic relations;

(iv) Dependency and termination of parental rights;

(v) Child development;

(vi) The impact of child abuse and neglect;

(vii) Domestic violence;

(viii) Substance ~~((abuse))~~ use disorder, including the risk and danger presented to children and youth;

(ix) Mental health;

- (x) Juvenile status offenses;
  - (xi) Juvenile offenders;
  - (xii) Self-representation issues;
  - (xiii) Cultural competency;
  - (xiv) Roles of family and juvenile court judges and commissioners;
  - (xv) How to apply the child safety framework to crucial aspects of dependency cases, including safety assessment, safety planning, and case planning; and
  - (xvi) The legal standards for removal of a child based on abuse or neglect; and
- (d) As part of the application for grant funds, submit a spending proposal detailing how the superior court would use the grant funds.
- (2) Courts receiving grant money must use the funds to improve and support family and juvenile court operations based on standards developed by the administrator for the courts and approved by the board for judicial administration. The standards may allow courts to use the funds to:
- (a) Pay for family and juvenile court training of commissioners and judges or pay for pro tem commissioners and judges to assist the court while the commissioners and judges receive training;
  - (b) Pay for the training of other professionals involved in child welfare court proceedings including, but not limited to, attorneys and guardians ad litem;
  - (c) Increase judicial and nonjudicial staff, including administrative staff to improve case coordination and referrals in family and juvenile cases, guardian ad litem volunteers or court-appointed special advocates, security, and other staff;
  - ~~((+e))~~ (d) Improve the court facility to better meet the needs of children and families;
  - ~~((+d))~~ (e) Improve referral and treatment options for court participants, including enhancing court facilitator programs and family treatment court and increasing the availability of alternative dispute resolution;
  - ~~((+e))~~ (f) Enhance existing family and children support services funded by the courts and expand access to social service programs for families and children ordered by the court; and
  - ~~((+f))~~ (g) Improve or support family and juvenile court operations in any other way deemed appropriate by the administrator for the courts.
- (3) The administrator for the courts shall allocate available grant moneys based upon the needs of the court as expressed in their local improvement plan.
- (4) Money received by the superior court under this program must be used to supplement, not supplant, any other local, state, and federal funds for the court.
- (5) Upon receipt of grant funds, the superior court shall submit to the administrator for the courts a spending plan detailing the use of funds. At the end of the fiscal year, the superior court shall submit to the administrator for the courts a financial report comparing the spending plan to actual expenditures. The administrator for the courts shall compile the financial reports and submit them to the appropriate committees of the legislature.

NEW SECTION. **Sec. 109.** A new section is added to chapter 43.70 RCW to read as follows:

- (1) The department, in collaboration with the department of children, youth, and families and the poison information centers described under chapter 18.76 RCW, shall convene a work group on exposure of children to fentanyl to provide information for child welfare workers, juvenile courts, caregivers, and families regarding the risks of fentanyl exposure for children receiving child welfare services defined under RCW 74.13.020 or child protective services under RCW 26.44.020 and child welfare workers. The information shall be made publicly available and distributed to child welfare court professionals, including:
- (a) Department of children, youth, and families employees supporting or providing child welfare services as defined in RCW 74.13.020 or child protective services as defined in RCW 26.44.020;
  - (b) Attorneys;
  - (c) Judicial officers; and
  - (d) Guardians ad litem.
- (2) This section expires July 1, 2025.

NEW SECTION. **Sec. 110.** A new section is added to chapter 2.56 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the administrative office of the courts shall develop, deliver, and regularly update training regarding child safety and the risk and danger presented to children and youth by high-potency synthetic opioids and other substances impacting families.

(2) The training established in this section must be:

- (a) Informed by the information developed under section 109 of this act; and
- (b) Developed for and made available to judicial officers and system partners in the dependency court system.

## **PART II SERVICES FOR FAMILIES**

NEW SECTION. **Sec. 201.** A new section is added to chapter 43.216 RCW to read as follows:

Subject to the availability of amounts appropriated for this specific purpose, the department shall establish a pilot program for contracted child care slots for infants in

child protective services in locales with the historically highest rates of child welfare screened-in intake due to the exposure or presence of high-potency synthetic opioids in the home, which may be used as part of a safety plan. Unused slots under this section may be used for children who are screened in due to a parent's substance use disorder when the substance use disorder is related to a substance other than a high-potency synthetic opioid.

**NEW SECTION. Sec. 202.** A new section is added to chapter 43.216 RCW to read as follows:

(1) Home visiting established by RCW 43.216.130 has been shown to enhance child development and well-being by reducing the incidence of child abuse and neglect, promoting connection to community-based supports, and increasing school readiness for young children and their families.

(2) Subject to the availability of amounts appropriated for this specific purpose, the department shall enter into targeted contracts with existing home visiting programs established by RCW 43.216.130 in locales with the historically highest rates of child welfare screened-in intake to serve families.

(3) Targeted contracted home visiting slots for families experiencing high-potency synthetic opioid-related substance use disorder promotes expedited access to supports that enhance strengthened parenting skills and allows home visiting providers to have predictable funding. Any targeted contracted slots the department creates under this section must meet the requirements as provided for in this act.

(4) Only existing home visiting providers are eligible to be awarded targeted contracted slots. The targeted contracted slots are reserved for programs in locales with the historically highest rates of child welfare screened-in intakes.

(5) The department shall provide training specific to substance use disorders for the home visiting providers selected for this program.

(6) Families referred to home visiting services via the process established in subsection (8) of this section must be contacted by the contracted program within seven days of referral.

(7) The department shall award the contracted slots via a competitive process. The department shall pay providers for each targeted contracted slot using the rate provided to existing home visiting providers.

(8) Eligible families shall be referred to the targeted contracted slots through a referral process developed by the department. The referral process shall include referrals from the department's child welfare staff as well as community organizations working with families meeting the criteria established in subsection (9) of this section.

(9) Priority for targeted contracted home visiting slots shall be given to:

- (a) Families with child protective services open cases;
- (b) Families with family assessment response open cases; and
- (c) Families with family voluntary services open cases.

**NEW SECTION. Sec. 203.** A new section is added to chapter 41.05 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the authority shall expand specific treatment and services to children and youth with prenatal substance exposure who would benefit from evidence-based services impacting their behavioral and physical health.

(2) The authority shall contract for the services authorized in this section with behavioral health entities in a manner that allows leveraging of federal medicaid funds to pay for a portion of the costs.

(3) The authority shall consult with the department of children, youth, and families in the implementation of the program and services authorized under this section.

**NEW SECTION. Sec. 204.** (1) The department of children, youth, and families shall provide funding and support for two pilot programs to implement an evidence-based, comprehensive, intensive, in-home parenting services support model to serve children and families from birth to age 18 who are involved in child welfare, children's mental health, or juvenile justice systems.

(2) The pilot programs established in this section are intended to prevent or limit out-of-home placement through trauma-informed support to the child, caregivers, and families with three in-person, in-home sessions per week and provide on-call crisis support 24 hours a day, seven days a week.

(3) One pilot program established in this section will serve families west of the crest of the Cascade mountain range and one pilot program established in this section will serve families east of the crest of the Cascade mountain range. Each pilot program will build upon existing programs to avoid duplication of existing services available to children and families at risk of entering the child welfare system.

(4) This section expires July 1, 2026.

**NEW SECTION. Sec. 205.** (1) Subject to the availability of funds for this specific purpose, the department of health shall provide funding to support promotoras in at least two communities. These promotoras shall provide culturally sensitive, lay health education for the Latinx community, and act as liaisons between their community, health professionals, and human and social service organizations.

(2) In determining which communities will be served by the promotoras under this section, the department of health shall provide funding to support one community west of the crest of the Cascade mountain range and one community east of the crest of the Cascade mountain range.

NEW SECTION. **Sec. 206.** A new section is added to chapter 74.13 RCW to read as follows:

Subject to the availability of amounts appropriated for this specific purpose, the department shall establish a pilot program to include third-party safety plan participants and public health nurses in child protective services safety planning. The pilot program established in this section must:

(1) Include contracts in up to four department offices for third-party safety plan participants and public health nurses to support child protective services workers in safety planning; and

(2) Provide support for cases involving high-potency synthetic opioids and families who do not have natural supports to aid in safety planning.

NEW SECTION. **Sec. 207.** A new section is added to chapter 74.13 RCW to read as follows:

The department shall make available to department staff high-potency synthetic opioid testing strips that can detect the presence of high-potency synthetic opioids that may be provided to families for personal use or used by department staff to maintain their safety.

NEW SECTION. **Sec. 208.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2024, in the omnibus appropriations act, this act is null and void."

SSB 6115

Prime Sponsor, Transportation: Concerning speed safety camera systems. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 46.16A.120 and 2012 c 83 s 5 are each amended to read as follows:

(1) Each court and government agency located in this state having jurisdiction over standing, stopping, and parking violations, the use of a photo toll system under RCW 46.63.160, the use of automated traffic safety cameras under RCW 46.63.170, ~~((and))~~ the use of automated school bus safety cameras under RCW 46.63.180, and the use of speed safety camera systems under RCW 46.63.200 may forward to the department any outstanding:

(a) Standing, stopping, and parking violations;

(b) Civil penalties for toll nonpayment detected through the use of photo toll systems issued under RCW 46.63.160;

(c) Automated traffic safety camera infractions issued under RCW 46.63.030(1)(d); ~~((and))~~

(d) Automated school bus safety camera infractions issued under RCW 46.63.030(1)(e); and

(e) Speed safety camera system infractions issued under RCW 46.63.030(1)(f).

(2) Violations, civil penalties, and infractions described in subsection (1) of this section must be reported to the department in the manner described in RCW 46.20.270(3).

(3) The department shall:

(a) Record the violations, civil penalties, and infractions on the matching vehicle records; and

(b) Send notice approximately ~~((one hundred twenty))~~ 120 days in advance of the current vehicle registration expiration date to the registered owner listing the dates and jurisdictions in which the violations, civil penalties, and infractions occurred, the amounts of unpaid fines and penalties, and the surcharge to be collected. Only those violations, civil penalties, and infractions received by the department ~~((one hundred twenty))~~ 120 days or more before the current vehicle registration expiration date will be included in the notice. Violations, civil penalties, and infractions received by the department later than ~~((one hundred twenty))~~ 120 days before the current vehicle registration expiration date that are not satisfied will be delayed until the next vehicle registration expiration date.

(4) The department, county auditor or other agent, or subagent appointed by the director shall not renew a vehicle registration if there are any outstanding standing, stopping, and parking violations, and other civil penalties issued under RCW 46.63.160 for the vehicle unless:

(a) The outstanding standing, stopping, or parking violations and civil penalties were received by the department within (~~one hundred twenty~~) 120 days before the current vehicle registration expiration;

(b) There is a change in registered ownership; or

(c) The registered owner presents proof of payment of each violation, civil penalty, and infraction provided in this section and the registered owner pays the surcharge required under RCW 46.17.030.

(5) The department shall:

(a) Forward a change in registered ownership information to the court or government agency who reported the outstanding violations, civil penalties, or infractions; and

(b) Remove the outstanding violations, civil penalties, and infractions from the vehicle record.

**Sec. 2.** RCW 46.20.270 and 2015 c 189 s 1 are each amended to read as follows:

(1) Every court having jurisdiction over offenses committed under this chapter, or any other act of this state or municipal ordinance adopted by a local authority regulating the operation of motor vehicles on highways, or any federal authority having jurisdiction over offenses substantially the same as those set forth in this title which occur on federal installations within this state, shall immediately forward to the department a forfeiture of bail or collateral deposited to secure the defendant's appearance in court, a payment of a fine, penalty, or court cost, a plea of guilty or nolo contendere or a finding of guilt, or a finding that any person has committed a traffic infraction an abstract of the court record in the form prescribed by rule of the supreme court, showing the conviction of any person or the finding that any person has committed a traffic infraction in said court for a violation of any said laws other than regulations governing standing, stopping, parking, and pedestrian offenses.

(2) Every state agency or municipality having jurisdiction over offenses committed under this chapter, or under any other act of this state or municipal ordinance adopted by a state or local authority regulating the operation of motor vehicles on highways, may forward to the department within (~~ten~~) 10 days of failure to respond, failure to pay a penalty, failure to appear at a hearing to contest the determination that a violation of any statute, ordinance, or regulation relating to standing, stopping, parking, or civil penalties issued under RCW 46.63.160 or 46.63.200 has been committed, or failure to appear at a hearing to explain mitigating circumstances, an abstract of the citation record in the form prescribed by rule of the department, showing the finding by such municipality that two or more violations of laws governing standing, stopping, and parking or one or more civil penalties issued under RCW 46.63.160 or 46.63.200 have been committed and indicating the nature of the defendant's failure to act. Such violations or infractions may not have occurred while the vehicle is stolen from the registered owner. The department may enter into agreements of reciprocity with the duly authorized representatives of the states for reporting to each other violations of laws governing standing, stopping, and parking.

(3) For the purposes of this title and except as defined in RCW 46.25.010, "conviction" means a final conviction in a state or municipal court or by any federal authority having jurisdiction over offenses substantially the same as those set forth in this title which occur on federal installations in this state, an unvacated forfeiture of bail or collateral deposited to secure a defendant's appearance in court, the payment of a fine or court cost, a plea of guilty or nolo contendere, or a finding of guilt on a traffic law violation charge, regardless of whether the imposition of sentence or sanctions are deferred or the penalty is suspended, but not including entry into a deferred prosecution agreement under chapter 10.05 RCW.

(4) Perfection of a notice of appeal shall stay the execution of the sentence pertaining to the withholding of the driving privilege.

(5) For the purposes of this title, "finding that a traffic infraction has been committed" means a failure to respond to a notice of infraction or a determination made by a court pursuant to this chapter. Payment of a monetary penalty made pursuant to RCW 46.63.070(2) is deemed equivalent to such a finding.

**Sec. 3.** RCW 46.63.110 and 2023 c 388 s 2 are each amended to read as follows:

(1)(a) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed \$250 for each offense unless authorized by this chapter or title.

(b) The court may waive or remit any monetary penalty, fee, cost, assessment, or other monetary obligation associated with a traffic infraction unless the specific monetary obligation in question is prohibited from being waived or remitted by state law.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is \$250 for each offense; (b) RCW 46.61.210(1) is \$500 for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of \$25 for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this

chapter. A local legislative body may set a monetary penalty not to exceed \$25 for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter, it is immediately payable and is enforceable as a civil judgment under Title 6 RCW. If the court determines that a person is not able to pay a monetary obligation in full, the court shall enter into a payment plan with the person in accordance with RCW 46.63.190 and standards that may be set out in court rule.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of \$5 per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of \$10 per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the general fund; and

(c) A fee of \$5 per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in RCW 74.31.060.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 or 46.61.212 shall be assessed an additional penalty of \$24. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) \$12.50 of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited as follows: \$8.50 in the state general fund and \$4 in the driver licensing technology support account created under RCW 46.68.067. The moneys deposited into the driver licensing technology support account must be used to support information technology systems used by the department to communicate with the judicial information system, manage driving records, and implement court orders. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the person may request a payment plan pursuant to RCW 46.63.190.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) \$250 for the first violation; (b) \$500 for the second violation; and (c) \$750 for each violation thereafter.

(11) The additional monetary penalty for a violation of RCW 46.20.500 is not subject to assessments or fees provided under this section.

(12) The additional monetary fine for a violation of RCW 46.61.110, 46.61.145, 46.61.180, 46.61.185, 46.61.190, and 46.61.205 is not subject to assessments or fees provided under this section.

(13) The additional monetary penalties for a violation of RCW 46.61.165 are not subject to assessments or fees provided under this section.

(14) The monetary penalty for a violation of RCW 46.63.200 is not subject to assessments or fees provided under this section.

**Sec. 4.** RCW 46.63.200 and 2023 c 17 s 3 are each amended to read as follows:

(1) This section applies to the use of speed safety camera systems in state highway work zones.

(2) Nothing in this section prohibits a law enforcement officer from issuing a notice of infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(3)(a) The department of transportation is responsible for all actions related to the operation and administration of speed safety camera systems in state highway work zones including, but not limited to, the procurement and administration of contracts necessary for the implementation of speed safety camera systems ~~((and))~~, the mailing of notices of infraction, and the development and maintenance of a public-facing website for the purpose of educating the traveling public about the use of speed safety camera systems in state highway work zones. By July 1, 2024, the department of transportation, in consultation with the Washington state patrol, department of licensing, office of administrative hearings, Washington traffic safety commission, and other organizations committed to protecting civil

rights must adopt rules addressing such actions and take all necessary steps to implement this section.

(b) The Washington state patrol is responsible for all actions related to the enforcement and adjudication of speed violations under this section including, but not limited to, notice of infraction verification and issuance authorization, and determining which types of emergency vehicles are exempt from being issued notices of infraction under this section. By July 1, 2024, the Washington state patrol, in consultation with the department of transportation, department of licensing, office of administrative hearings, Washington traffic safety commission, and other organizations committed to protecting civil rights must adopt rules addressing such actions and take all necessary steps to implement this section.

(c) When establishing rules under this subsection (3), the department of transportation and the Washington state patrol may also consult with other public and private agencies that have an interest in the use of speed safety camera systems in state highway work zones.

(4) Beginning July 1, 2024:

(a) ~~((A notice of infraction may only be issued under this section if a speed safety camera system captures a speed violation in a state highway work zone when workers are present.))~~ No person may drive a vehicle in a state highway work zone at a speed greater than that allowed by traffic control devices.

(b) A notice of infraction may only be issued under this section if a speed safety camera system captures a speed violation in a state highway work zone when workers are present.

(5) The penalty for a speed safety camera system violation is: (a) \$0 for the first violation; and (b) \$248 for the second violation, and for each violation thereafter.

(6) During the 30-day period after the first speed safety camera system is put in place, the department is required to conduct a public awareness campaign to inform the public of the use of speed safety camera systems in state highway work zones.

(7)(a) A notice of infraction issued under this section may be mailed to the registered owner of the vehicle within 30 days of the violation, or to the renter of a vehicle within 30 days of establishing the renter's name and address. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by a speed safety camera stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this section. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the violation. ((A person receiving a notice of infraction based on evidence detected by a speed safety camera system may, within 30 days of receiving the notice of infraction, remit payment in the amount of the penalty assessed for the violation. If a person receiving a notice of infraction fails to remit payment in the amount of the penalty assessed within 30 days of receiving the notice of infraction, or if such person wishes to dispute the violation, it must be adjudicated in accordance with (b) of this subsection.))

(b) A notice of infraction that has not been timely paid or a disputed notice of infraction shall be referred to the office of administrative hearings for adjudication consistent with chapter 34.05 RCW.

(e)) (b) A notice of infraction represents a determination that an infraction has been committed, and the determination will be final unless contested as provided under this section.

(c) A person receiving a notice of infraction based on evidence detected by a speed safety camera system must, within 30 days of receiving the notice of infraction: (i) Except for a first violation under subsection (5)(a) of this section, remit payment in the amount of the penalty assessed for the violation; (ii) contest the determination that the infraction occurred by following the instructions on the notice of infraction; or (iii) admit to the infraction but request a hearing to explain mitigating circumstances surrounding the infraction.

(d) If a person fails to respond to a notice of infraction, a final order shall be entered finding that the person committed the infraction and assessing monetary penalties required under subsection (5)(b) of this section.

(e) If a person contests the determination that the infraction occurred or requests a mitigation hearing, the notice of infraction shall be referred to the office of administrative hearings for adjudication consistent with chapter 34.05 RCW.

(f) At a hearing to contest an infraction, the agency issuing the infraction has the burden of proving, by a preponderance of the evidence, that the infraction was committed.

(g) A person may request a payment plan at any time for the payment of any penalty or other monetary obligation associated with an infraction under this section. The agency issuing the infraction shall provide information about how to submit evidence of inability to pay, how to obtain a payment plan, and that failure to pay or enter into a payment plan may result in collection action or nonrenewal of the vehicle registration. The office of administrative hearings may authorize a payment plan if it determines that a person is not able to pay the monetary obligation, and it may modify a payment plan at any time.

(8)(a) Speed safety camera systems may only take photographs, microphotographs, or electronic images of the vehicle and vehicle license plate and only while a speed violation is occurring. The photograph, microphotograph, or electronic image must not reveal the face of the driver or any passengers in the vehicle. The department of transportation shall consider installing speed safety camera systems in a manner that minimizes the impact of camera flash on drivers.

~~((d))~~ (b) The registered owner of a vehicle is responsible for a traffic infraction under RCW 46.63.030 unless the registered owner overcomes the presumption in RCW 46.63.075 or, in the case of a rental car business, satisfies the conditions under ~~((h))~~ (f) of this subsection. If appropriate under the circumstances, a renter identified under ~~((h))~~ (f)(i) of this subsection is responsible for the traffic infraction.

~~((e))~~ (c) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images, or any other personally identifying data prepared under this section are for the exclusive use of the Washington state patrol and department of transportation in the discharge of duties under this section and are not open to the public and may not be used in court in a pending action or proceeding unless the action or proceeding relates to a speed violation under this section. This data may be used in administrative appeal proceedings relative to a violation under this section.

~~((f))~~ (d) All locations where speed safety camera systems are used must be clearly marked before activation of the camera system by placing signs in locations that clearly indicate to a driver that they are entering a state highway work zone where posted speed limits are monitored by a speed safety camera system. Additionally, where feasible and constructive, radar speed feedback signs will be placed in advance of the speed safety camera system to assist drivers in complying with posted speed limits. Signs placed in these locations must follow the specifications and guidelines under the manual of uniform traffic control devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

~~((g) Speed violations)~~ (e) Imposition of a penalty for a speed violation detected through the use of speed safety camera systems (are not) shall not be deemed a conviction as defined in RCW 46.25.010, and shall not be part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of speed safety camera systems under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 46.16A.120 and 46.20.270(2).

~~((h))~~ (f) If the registered owner of the vehicle is a rental car business, the department of transportation shall, before a notice of infraction may be issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within 30 days of receiving the written notice, provide to the issuing agency by return mail:

(i) (A) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the speed violation occurred;

(B) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the speed violation occurred because the vehicle was stolen at the time of the violation. A statement provided under this subsection ~~((4) (h))~~ (8) (f)(i) (B) must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(C) In lieu of identifying the vehicle operator, payment of the applicable penalty.

(ii) Timely mailing of a statement to the department of transportation relieves a rental car business of any liability under this chapter for the notice of infraction.

~~((5))~~ (9) Revenue generated from the deployment of speed safety camera systems must be deposited into the highway safety fund and first used exclusively for the operating and administrative costs under this section. The operation of speed safety camera systems is intended to increase safety in state highway work zones by changing driver behavior. Consequently, any revenue generated that exceeds the operating and administrative costs under this section must be distributed for the purpose of traffic safety including, but not limited to, driver training education and local DUI emphasis patrols.

~~((6))~~ (10) The Washington state patrol and department of transportation, in collaboration with the Washington traffic safety commission, must report to the transportation committees of the legislature by July 1, 2025, and biennially thereafter, on the data and efficacy of speed safety camera system use in state highway work zones. The final report due on July 1, 2029, must include a recommendation on whether or not to continue such speed safety camera system use beyond June 30, 2030.

~~((7))~~ (11) For the purposes of this section:

(a) "Speed safety camera system" means employing the use of speed measuring devices and cameras synchronized to automatically record one or more sequenced photographs, microphotographs, or other electronic images of a motor vehicle that exceeds a posted state highway work zone speed limit as detected by the speed measuring devices.

(b) "State highway work zone" means an area of any highway with construction, maintenance, utility work, or incident response activities authorized by the department of transportation. A state highway work zone is identified by the placement of temporary traffic control devices that may include signs, channelizing devices, barriers, pavement markings, and/or work vehicles with warning lights. It extends from the first warning sign or high intensity rotating, flashing, oscillating, or strobe lights on a vehicle to the end road work sign or the last temporary traffic control device or vehicle.

~~((8))~~ (12) This section expires June 30, 2030."

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 44.90.020 and 2022 c 283 s 3 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Collective bargaining" means the performance of the mutual obligations of the employer and the exclusive bargaining representative to meet at reasonable times, except that neither party may be compelled to negotiate during a legislative session or on committee assembly days, to confer and negotiate in good faith, and to execute a written agreement with respect to the subjects of bargaining specified under RCW 44.90.090. The obligation to bargain does not compel either party to agree to a proposal or to make a concession unless otherwise provided in this chapter.

(2) "Commission" means the legislative commission created in section 17 of this act at the public employment relations commission, until the legislative commission expires on December 31, 2029. After December 31, 2029, "commission" means the public employment relations commission created under RCW 41.58.010(1).

~~((2-))~~ (3) "Confidential employee" means an employee designated by the employer to assist in a confidential capacity, or serve as counsel to, persons who formulate, determine, and effectuate employer policies with regard to labor relations and personnel matters or who has authorized access to information relating to the effectuation or review of the employer's collective bargaining policies, strategies, or process to the extent that such access creates a conflict of interest, or who assists or aids an employee with managerial authority.

(4) "Director" means the director of the office of state legislative labor relations.

~~((3-))~~ (5) (a) "Employee" means:

(i) Any regular partisan employee of the house of representatives or the senate who is covered by this chapter; and

(ii) Any regular employee who is staff of the:

(A) Office of legislative support services;

(B) Legislative service center;

(C) Office of the code reviser who, during any legislative session, does not work full time on drafting and finalizing legislative bills to be included in the Revised Code of Washington; and

(D) House of representatives and senate administrations.

(b) "Employee" also includes temporary staff hired to perform substantially similar work to that performed by employees included under (a) of this subsection.

(c) All other regular employees and temporary employees, including casual employees, interns, and pages, and employees in the office of program research and senate committee services work groups of the house of representatives and the senate are excluded from the definition of "employee" for the purposes of this chapter.

(6) "Employee organization" means any organization, union, or association in which employees participate and that exists for the purpose, in whole or in part, of collective bargaining with employers.

((+4)) (7) "Employee with managerial authority" means any employee designated by the employer who, regardless of job title: (a) Directs the staff who work for a legislative chamber, caucus, agency, or subdivision thereof; (b) has substantial responsibility in personnel administration, or the preparation and administration of the employer's budgets; and (c) exercises authority that is not merely routine or clerical in nature and requires the use of independent judgment.

(8) "Employer" means:

(a) The chief clerk of the house of representatives, or the chief clerk's designee, for employees of the house of representatives;

(b) The secretary of the senate, or the secretary's designee, for employees of the senate; and

(c) The chief clerk of the house of representatives and the secretary of the senate, acting jointly, or their designees, for the regular employees who are staff of the office of legislative support services, the legislative service center, and the office of the code reviser.

(9) "Exclusive bargaining representative" means any employee organization that has been certified under this chapter as the representative of the employees in an appropriate bargaining unit.

((+5)) (10) "Labor dispute" means any controversy concerning terms, tenure, or conditions of employment, or concerning the association or representation of persons in negotiating, fixing, maintaining, changing, or seeking to arrange terms or conditions of employment with respect to the subjects of bargaining provided in this chapter, regardless of whether the disputants stand in the proximate relation of employer and employee.

(11) "Legislative agencies" means the joint legislative audit and review committee, the statute law committee, the legislative ethics board, the legislative evaluation and accountability program committee, the office of the state actuary, the legislative service center, the office of legislative support services, the joint transportation committee, and the redistricting commission.

((+6)) (12) "Office" means the office of state legislative labor relations.

(13) "Supervisor" means an employee designated by the employer to provide supervision to and have authority over legislative employees on an ongoing basis as part of the employee's regular and usual job duties. Supervision includes the authority to direct employees, approve and deny leave, and effectively recommend decisions to hire, transfer, suspend, lay off, recall, promote, discharge, direct, reward, or discipline employees, or to adjust employee grievances, when the exercise of the authority is not of a merely routine nature but requires the exercise of individual judgment.

**NEW SECTION. Sec. 2.** A new section is added to chapter 44.90 RCW to read as follows:

(1) This chapter does not apply to any legislative employee who has managerial authority, is a confidential employee, or who does not meet the definition of employee for the purpose of collective bargaining.

(2) This chapter also does not apply to:

(a) Elected or appointed members of the legislature;

(b) Any person appointed to office under statute, ordinance, or resolution for a specific term of office as a member of a multimember board, commission, or committee;

(c) Caucus chiefs of staff and caucus deputy chiefs of staff;

(d) The speaker's attorney, house counsel, and leadership counsel to the minority caucus of the house of representatives; and

(e) The counsel for the senate that provide direct legal advice to the administration of the senate.

(3) Notwithstanding any other provision of this chapter, the employer has the sole and exclusive authority to designate confidential employees, supervisors, and employees who have managerial authority, except that those designated employees may not, collectively, exceed 20 percent of the total employee positions of the employer.

**Sec. 3.** RCW 44.90.030 and 2022 c 283 s 2 are each amended to read as follows:

(1) The office of state legislative labor relations is created to assist the house of representatives, the senate, and legislative agencies in implementing and managing the process of collective bargaining for employees of the legislative branch of state government.

(2) (a) Subject to (b) of this subsection, the secretary of the senate and the chief clerk of the house of representatives shall employ a director of the office. The director serves at the pleasure of the secretary of the senate and the chief clerk of the house of representatives, who shall fix the director's salary.

(b) The secretary of the senate and the chief clerk of the house of representatives shall, before employing a director, consult with legislative employees, the senate facilities and operations committee, the house executive rules committee, and the human resources officers of the house of representatives, the senate, and legislative agencies.

(c) The director serves as the executive and administrative head of the office and may employ additional employees to assist in carrying out the duties of the office. The duties of the office include, but are not limited to, establishing bargaining teams and conducting negotiations on behalf of the employer.

~~((d) The director shall contract with an external consultant for the purposes of gathering input from legislative employees, taking into consideration RCW 42.52.020 and rules of the house of representatives and the senate. The gathering of input must be in the form of, at a minimum, surveys.~~

~~(3) The director, in consultation with the secretary of the senate, the chief clerk of the house of representatives, and the administrative heads of legislative agencies shall:~~

~~(a) Examine issues related to collective bargaining for employees of the house of representatives, the senate, and legislative agencies; and~~

~~(b) After consultation with the external consultant, develop best practices and options for the legislature to consider in implementing and administering collective bargaining for employees of the house of representatives, the senate, and legislative agencies.~~

~~(4) (a) By December 1, 2022, the director shall submit a preliminary report to the appropriate committees of the legislature that provides a progress report on the director's considerations.~~

~~(b) By October 1, 2023, the director shall submit a final report to the appropriate committees of the legislature. At a minimum, the final report must address considerations on the following issues:~~

~~(i) Which employees of the house of representatives, the senate, and legislative agencies for whom collective bargaining may be appropriate;~~

~~(ii) Mandatory, permissive, and prohibited subjects of bargaining;~~

~~(iii) Who would negotiate on behalf of the house of representatives, the senate, and legislative agencies, and which entity or entities would be considered the employer for purposes of bargaining;~~

~~(iv) Definitions for relevant terms;~~

~~(v) Common public employee collective bargaining agreement frameworks related to grievance procedures and processes for disciplinary actions;~~

~~(vi) Procedures related to the commission certifying exclusive bargaining representatives, determining bargaining units, adjudicating unfair labor practices, determining representation questions, and coalition bargaining;~~

~~(vii) The efficiency and feasibility of coalition bargaining;~~

~~(viii) Procedures for approving negotiated collective bargaining agreements;~~

~~(ix) Procedures for submitting requests for funding to the appropriate legislative committees if appropriations are necessary to implement provisions of the collective bargaining agreements; and~~

~~(x) Approaches taken by other state legislatures that have authorized collective bargaining for legislative employees.~~

~~(5) The report must include a summary of any statutory changes needed to address the considerations listed in subsection (4) of this section related to the collective bargaining process for legislative employees.))~~

**NEW SECTION. Sec. 4.** A new section is added to chapter 44.90 RCW to read as follows:

(1) As provided by this chapter, the commission or the court shall determine all questions described by this chapter as under the commission's authority. However, such authority may not result in an order or rule that intrudes upon or interferes with the legislature's core function of efficient and effective law making or the essential operation of the legislature, including that an order or rule may not:

(a) Modify any matter relating to the qualifications and elections of members of the legislature, or the holding of office of members of the legislature;

(b) Modify any matter relating to the legislature or each house thereof choosing its officers, adopting rules for its proceedings, selecting committees necessary for the conduct of business, considering or enacting legislation, or otherwise exercising the legislative power of this state;

(c) Modify any matter relating to legislative calendars, schedules, and deadlines of the legislature; or

(d) Modify laws, rules, policies, or procedures regarding ethics or conflicts of interest.

(2) No member of the legislature may be compelled by subpoena or other means to attend a proceeding related to matters covered by this chapter during a legislative session, committee assembly days, or for 15 days before commencement of each session.

**Sec. 5.** RCW 44.90.050 and 2022 c 283 s 5 are each amended to read as follows:

(1) Except as may be specifically limited by this chapter, legislative employees shall have the right to self-organization, to form, join, or assist employee organizations, and to

bargain collectively through representatives of their own choosing for the purpose of collective bargaining free from interference, restraint, or coercion. Legislative employees shall also have the right to refrain from any or all such activities.

(2) Except as may be specifically limited by this chapter, the commission shall determine all questions pertaining to ascertaining exclusive bargaining representatives for legislative employees and collectively bargaining under this chapter. However, no employee organization shall be recognized or certified as the exclusive bargaining representative of a bargaining unit of employees of the legislative branch unless it receives the votes of a majority of employees in the petitioned for bargaining unit voting in a secret election (~~by mail ballot~~) administered by the commission. The commission's process must allow for an employee, group of employees, employee organizations, employer, or their agents to have the right to petition on any question concerning representation.

(3) ~~((The employer and the exclusive bargaining representative of a bargaining unit of legislative employees may not enter into a collective bargaining agreement that requires the employer to deduct, from the salary or wages of an employee, contributions for payments for political action committees sponsored by employee organizations with legislative employees as members.))~~ The commission must adopt rules that provide for at least the following:

- (a) Secret balloting;
- (b) Consulting with employee organizations;
- (c) Access to lists of employees, job titles, work locations, and home mailing addresses;
- (d) Absentee voting;
- (e) Procedures for the greatest possible participation in voting;
- (f) Campaigning on the employer's property during working hours; and
- (g) Election observers.

(4) (a) If an employee organization has been certified as the exclusive bargaining representative of the employees of multiple bargaining units, the employee organization may act for and negotiate a master collective bargaining agreement that includes within the coverage of the agreement all covered employees in the bargaining units.

(b) If a master collective bargaining agreement is in effect for the newly certified exclusive bargaining representative, it applies to the bargaining unit for which the new certification has been issued. Nothing in this subsection (4)(b) requires the parties to engage in new negotiations during the term of that agreement.

(5) The certified exclusive bargaining representative is responsible for representing the interests of all the employees in the bargaining unit. This section may not be construed to limit an exclusive bargaining representative's right to exercise its discretion to refuse to process grievances of employees that are unmeritorious.

(6) No question concerning representation may be raised if:

- (a) Fewer than 12 months have elapsed since the last certification or election; or
- (b) A valid collective bargaining agreement exists covering the unit, except for that period of no more than 120 calendar days nor less than 90 calendar days before the expiration of the contract.

**NEW SECTION. Sec. 6.** A new section is added to chapter 44.90 RCW to read as follows:

(1) The commission, after hearing upon reasonable notice to all interested parties, shall decide, in each application for certification as an exclusive bargaining representative, the unit appropriate for certification. In determining the new units or modifications of existing units, the commission must consider: The duties, skills, and working conditions of the employees; the history of collective bargaining; the extent of organization among the employees; the desires of the employees; and the avoidance of excessive fragmentation. However, a unit is not appropriate if it includes:

- (a) Both supervisors and nonsupervisory employees. A unit that includes only supervisors may be considered appropriate if a majority of the supervisory employees indicates by vote that they desire to be included in such a unit;
- (b) Both house of representatives and senate employees;
- (c) Both partisan and nonpartisan employees;
- (d) Employees of the majority party caucus and the minority party caucus, unless a majority of the employees of each caucus indicate by vote that they desire to be included together in the same unit; or
- (e) Employees of the legislative service center, office of legislative support services, and the office of the code reviser, in any combination with each other or in any combination with employees of the house of representatives or employees of the senate.

(2) If a single employee organization is the exclusive bargaining representative for two or more units, upon petition by the employee organization, the units may be consolidated into a single larger unit if the commission considers the larger unit to be appropriate. If consolidation is appropriate, the commission shall certify the employee organization as the exclusive bargaining representative of the new unit.

**NEW SECTION. Sec. 7.** A new section is added to chapter 44.90 RCW to read as follows:

(1) The parties to a collective bargaining agreement must reduce the agreement to writing and both execute it.

(2) Except as provided in this chapter, a collective bargaining agreement must contain provisions that provide for a grievance procedure of all disputes arising over the interpretation or application of the collective bargaining agreement and that is valid and enforceable under its terms when entered into in accordance with this chapter.

(3) RCW 41.56.037 applies to this chapter.

(4)(a) If a collective bargaining agreement between an employer and an exclusive bargaining representative is concluded after the termination date of the previous collective bargaining agreement between the employer and an employee organization representing the same bargaining units, the effective date of the collective bargaining agreement may be the day after the termination of the previous collective bargaining agreement, and all benefits included in the new collective bargaining agreement, including wage or salary increases, may accrue beginning with that effective date.

(b) If a collective bargaining agreement between an employer and an exclusive bargaining representative is concluded after the termination date of the previous collective bargaining agreement between the employer and the exclusive bargaining representative representing different bargaining units, the effective date of the collective bargaining agreement may be the day after the termination date of whichever previous collective bargaining agreement covering one or more of the units terminated first, and all benefits included in the new collective bargaining agreement, including wage or salary increases, may accrue beginning with that effective date.

(5) The employer and the exclusive bargaining representative of a bargaining unit of legislative employees may not enter into a collective bargaining agreement that requires the employer to deduct, from the salary or wages of an employee, contributions for payments for political action committees sponsored by employee organizations with legislative employees as members.

**Sec. 8.** RCW 44.90.060 and 2022 c 283 s 6 are each amended to read as follows:

~~((During a legislative session or committee assembly days, nothing))~~ Nothing contained in this chapter permits or grants to any legislative employee the right to strike, participate in a work stoppage, or refuse to perform their official duties.

**Sec. 9.** RCW 44.90.070 and 2022 c 283 s 7 are each amended to read as follows:

(1) Collective bargaining negotiations under this chapter must commence no later than July 1st of each even-numbered year after a bargaining unit has been certified.

(2) The duration of any collective bargaining agreement shall not exceed one fiscal biennium.

(3)(a) The director must submit ratified collective bargaining agreements, with cost estimates, to the employer by October 1st before the legislative session at which the request for funds is to be considered. The transmission by the legislature to the governor under RCW 43.88.090 must include a request for funds necessary to implement the provisions of all collective bargaining agreements covering legislative employees.

(b) If the legislature or governor fails to provide the funds for a collective bargaining agreement for legislative employees, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in section 10 of this act.

(4) Negotiation for economic terms will be by a coalition of all exclusive bargaining representatives. Any such provisions agreed to by the employer and the coalition must be included in all collective bargaining agreements negotiated by the parties. The director and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of bargaining unit specific issues for inclusion in the collective bargaining agreement, subject to the parties' agreement regarding the issues and procedures for supplemental bargaining. This subsection does not prohibit cooperation and coordination of bargaining between two or more exclusive bargaining representatives.

(5) If a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties must immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

**NEW SECTION. Sec. 10.** A new section is added to chapter 44.90 RCW to read as follows:

(1) Should the parties fail to reach agreement in negotiating a collective bargaining agreement, either party may request of the commission the assistance of an impartial third party to mediate the negotiations. If a collective bargaining agreement previously negotiated under this chapter expires while negotiations are underway, the terms and conditions specified in the collective bargaining agreement remain in effect for a period not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(2) Nothing in this section may be construed to prohibit an employer and an exclusive bargaining representative from agreeing to substitute, at their own expense, their own procedure for resolving impasses in collective bargaining for that provided in this section or from agreeing to utilize for the purposes of this section any other governmental or other agency or person in lieu of the commission.

(3) The commission shall bear costs for mediator services.

**Sec. 11.** RCW 44.90.080 and 2022 c 283 s 8 are each amended to read as follows:

(1) It is an unfair labor practice for an employer in the legislative branch of state government:

(a) To interfere with, restrain, or coerce employees in the exercise of the rights guaranteed by this chapter;

(b) To dominate or interfere with the formation or administration of any employee organization or contribute financial or other support to it: PROVIDED, That subject to rules adopted by the commission, an employer shall not be prohibited from permitting employees to confer with it or its representatives or agents during working hours without loss of time or pay;

(c) To encourage or discourage membership in any employee organization by discrimination in regard to hire, tenure of employment, or any term or condition of employment;

(d) To discharge or discriminate otherwise against an employee because that employee has filed charges or given testimony under this chapter;

(e) To refuse to bargain collectively with the exclusive bargaining representatives of its employees.

(2) Notwithstanding any other law, the expression of any views, arguments, or opinions, or the dissemination thereof in any form, by a member of the legislature related to this chapter or matters within the scope of representation, shall not constitute, or be evidence of, an unfair labor practice unless the employer has authorized the member to express that view, argument, or opinion on behalf of the employer or as an employer.

(3) It is an unfair labor practice for an employee organization:

(a) To restrain or coerce an employee in the exercise of the rights guaranteed by this chapter: PROVIDED, That this subsection shall not impair the right of an employee organization to prescribe its own rules with respect to the acquisition or retention of membership in the employee organization or to an employer in the selection of its representatives for the purpose of bargaining or the adjustment of grievances;

(b) To cause or attempt to cause an employer to discriminate against an employee in violation of subsection (1)(c) of this section;

(c) To discriminate against an employee because that employee has filed charges or given testimony under this chapter;

(d) To refuse to bargain collectively with an employer.

~~((3))~~ (4) The expressing of any views, arguments, or opinion, or the dissemination thereof to the public, whether in written, printed, graphic, or visual form, shall not constitute or be evidence of an unfair labor practice under this chapter, if such expression contains no threat of reprisal or force or promise of benefit.

**NEW SECTION. Sec. 12.** A new section is added to chapter 44.90 RCW to read as follows:

(1) The commission is empowered and directed to prevent any unfair labor practice and to issue appropriate remedial orders. However, a complaint may not be processed for any unfair labor practice occurring more than six months before the filing of the complaint with the commission or in Thurston county superior court. This power may not be affected or impaired by any means of adjustment, mediation, or conciliation in labor disputes that have been or may hereafter be established by law.

(2) Except as may be specifically limited by this chapter, if the commission or court determines that any person has engaged in or is engaging in an unfair labor practice, the commission or court shall issue and cause to be served upon the person an order requiring the person to cease and desist from such unfair labor practice, and to take such affirmative action as will effectuate the purposes and policy of this chapter, such as the payment of damages.

(3) The commission may petition the Thurston county superior court for the enforcement of its order and for appropriate temporary relief.

**Sec. 13.** RCW 44.90.090 and 2022 c 283 s 9 are each amended to read as follows:

(1) Except as otherwise provided in this chapter, the matters subject to bargaining include wages, hours, terms and conditions of employment, and the negotiation of any question arising under a collective bargaining agreement.

(2) The employer shall not bargain over rights of management which, in addition to all powers, duties, and rights established by constitutional provision or statute, shall include, but not be limited to, the following:

(a) Any item listed in section 4(1) of this act;

(b) The functions and programs of the employer, the use of technology, and the structure of the organization, including the size and composition of standing committees;

~~((b))~~ (c) The employer's budget and the size of the employer's workforce, including determining the financial basis for layoffs;

~~((e))~~ (d) The right to direct and supervise employees;

~~((d))~~ (e) The hours of work during legislative session and the cutoff calendar for a legislative session. This subsection (2)(e) does not prohibit bargaining over hours of work during interim and bargaining over compensation for hours of work in excess of a 40-hour workweek, except that bargaining for hours of work during interim and compensation for hours worked in excess of a 40-hour workweek may only occur for agreements that take effect after July 1, 2027; ~~(and~~

~~((e))~~ (f) The employer's authority to: (i) Lay off employees when there has been a change to the number of members in, or the makeup of, a caucus due to an election or appointment that necessitates a change in the number of staff; (ii) lay off an employee following an election, appointment, or resignation of a legislator; and (iii) terminate an employee for engaging in partisan activities that are incompatible with the employee's job duties or position;

(g) Health care benefits and other employee insurance benefits. The amount paid by a legislative employee for health care premiums must be the same as that paid by a represented state employee covered by RCW 41.80.020(3);

(h) The right to take whatever actions are deemed necessary to carry out the mission of the legislature and its agencies during emergencies; and

(i) Retirement plans and retirement benefits.

~~((2-))~~ (3) Except for an applicable code of conduct policy adopted by a chamber of the legislature or a legislative agency, if a conflict exists between policies adopted by the legislature relating to wages, hours, and terms and conditions of employment and a provision of a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with a statute or an applicable term of a code of conduct policy adopted by a chamber of the legislature or a legislative agency is invalid and unenforceable.

**NEW SECTION. Sec. 14.** A new section is added to chapter 44.90 RCW to read as follows:

(1) Upon authorization of an employee within the bargaining unit and after the certification or recognition of the bargaining unit's exclusive bargaining representative, the employer must deduct from the payments to the employee the monthly amount of dues as certified by the secretary of the exclusive bargaining representative and must transmit the same to the treasurer of the exclusive bargaining representative.

(2)(a) An employee's written, electronic, or recorded voice authorization to have the employer deduct membership dues from the employee's salary must be made by the employee to the exclusive bargaining representative. If the employer receives a request for authorization of deductions, the employer must, as soon as practicable, forward the request to the exclusive bargaining representative.

(b) Upon receiving notice of the employee's authorization, the employer must deduct from the employee's salary membership dues and remit the amounts to the exclusive bargaining representative.

(c) The employee's authorization remains in effect until expressly revoked by the employee in accordance with the terms and conditions of the authorization.

(d) An employee's request to revoke authorization for payroll deductions must be in writing and submitted by the employee to the exclusive bargaining representative in accordance with the terms and conditions of the authorization.

(e) After the employer receives confirmation from the exclusive bargaining representative that the employee has revoked authorization for deductions, the employer must end the deduction no later than the second payroll after receipt of the confirmation.

(f) The employer must rely on information provided by the exclusive bargaining representative regarding the authorization and revocation of deductions.

**NEW SECTION. Sec. 15.** A new section is added to chapter 44.90 RCW to read as follows:

(1) If the parties to a collective bargaining agreement negotiated under this chapter agree to final and binding arbitration under grievance procedures allowed by section 7 of this act, the parties may agree on one or more permanent umpires to serve as arbitrator, or may agree on any impartial person to serve as arbitrator, or may agree to select arbitrators from any source available to them, including federal and private agencies, in addition to the staff and list of arbitrators maintained by the commission. If the parties cannot agree to the selection of an arbitrator, the commission must supply a list of names in accordance with the procedures established by the commission.

(2) The authority of an arbitrator shall be subject to the limits and restrictions specified under section 4 of this act.

(3) Except as limited by this chapter, an arbitrator may require any person to attend as a witness and to bring with them any book, record, document, or other evidence. The fees for such attendance must be paid by the party requesting issuance of the subpoena and must be the same as the fees of witnesses in the superior court. Arbitrators may administer oaths. Subpoenas must issue and be signed by the arbitrator and must be served in the same manner as subpoenas to testify before a court of record in this state. If any person so summoned to testify refuses or neglects to obey such subpoena, upon petition authorized by the arbitrator, the superior court may compel the attendance of the person before the arbitrator or punish the person for contempt in the same manner provided for the attendance of witnesses or the punishment of them in the courts of this state.

(4) Except as limited by this chapter, the arbitrator shall appoint a time and place for the hearing and notify the parties thereof, and may adjourn the hearing from time to time as may be necessary, and, on application of either party and for good cause, may postpone the hearing to a time not extending beyond the date fixed by the collective bargaining agreement for making the award. The arbitration award must be in writing and signed by the arbitrator. The arbitrator must, promptly upon its rendition, serve a true copy of the award on each of the parties or their attorneys of record.

(5) If a party to a collective bargaining agreement negotiated under this chapter that includes final and binding arbitration refuses to submit a grievance for arbitration, the other party to the collective bargaining agreement may invoke the jurisdiction of the superior court of Thurston county and the court shall have jurisdiction to issue an order compelling arbitration. Disputes concerning compliance with grievance procedures shall be reserved for determination by the arbitrator. Arbitration shall be ordered if the grievance states a claim that on its face is covered by the collective bargaining agreement. Doubts as to the coverage of the arbitration clause shall be resolved in favor of arbitration.

(6) If a party to a collective bargaining agreement negotiated under this chapter that includes final and binding arbitration refuses to comply with the award of an arbitrator determining a grievance arising under the collective bargaining agreement, the other party to the collective bargaining agreement may invoke the jurisdiction of the superior court of Thurston county and the court shall have jurisdiction to issue an order enforcing the arbitration award.

**Sec. 16.** RCW 41.58.010 and 2012 c 117 s 89 are each amended to read as follows:

(1) There is hereby created the public employment relations commission (hereafter called the "commission") to administer the provisions of this chapter. ~~((The))~~Notwithstanding section 17 of this act, the commission shall consist of three members who shall be citizens appointed by the governor by and with the advice and consent of the senate. One of the original members shall be appointed for a term of three years, one for a term of four years, and one for a term of five years. Their successors shall be appointed for terms of five years each, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the member whom he or she succeeds. Commission members shall be eligible for reappointment. The governor shall designate one member to serve as chair of the commission. Any member of the commission may be removed by the governor, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other cause. Commission members shall not be eligible for state retirement under chapter 41.40 RCW by virtue of their service on the commission.

(2) In making citizen member appointments initially, and subsequently thereafter, the governor shall be cognizant of the desirability of appointing persons knowledgeable in the area of labor relations in the state.

(3) A vacancy in the commission shall not impair the right of the remaining members to exercise all of the powers of the commission, and two members of the commission shall, at all times, constitute a quorum of the commission.

(4) The commission shall at the close of each fiscal year make a report in writing to the legislature and to the governor stating the cases it has heard, the decisions it has rendered, the names, salaries, and duties of all employees and officers in the employ or under the supervision of the commission, and an account of all moneys it has disbursed.

NEW SECTION. **Sec. 17.** A new section is added to chapter 41.58 RCW to read as follows:

(1)(a) There is established a legislative commission (hereafter called "the legislative commission") exclusively for the purpose of certification of bargaining representatives, adjusting and settling complaints, grievances, and disputes arising out of employer-employee relations, and otherwise carrying out the duties required of the commission under chapter 44.90 RCW.

(b) The legislative commission shall consist of three members who shall be appointed as follows:

(i) One member shall be appointed by the speaker of the house of representatives;

(ii) One member shall be appointed by the president of the senate;

(iii) By mutual consent, the two appointed members shall appoint the third member who shall be the chair of the legislative commission.

(c) All appointments must be made by September 30, 2024. The members of the legislative commission, and any person appointed to fill a vacancy, are appointed for the entire term until the legislative commission expires under subsection (9) of this section.

(d) Until all the members of the legislative commission are appointed, the duties required of the legislative commission under chapter 44.90 RCW shall be carried out by the commission created under RCW 41.58.010(1).

(2) The commission may delegate to the executive director authority with respect to, but not limited to, representation proceedings, unfair labor practice proceedings, mediation, and, if applicable, arbitration of disputes concerning the interpretation or application of a collective bargaining agreement. Such delegation shall not eliminate a party's right of appeal to the legislative commission.

(3) Unless specifically provided, the legislative commission shall not be considered part of the commission created under RCW 41.58.010(1). The powers and duties granted in this chapter to the commission created under RCW 41.58.010(1) do not apply to the legislative commission, unless specifically provided.

(4) A member of the legislative commission may be removed by the speaker of the house of representatives and the president of the senate acting jointly, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other cause.

(5) In making their appointments, the speaker of the house of representatives and the president of the senate shall be cognizant of the desirability of appointing a person who is knowledgeable in the area of labor relations and of the legislature.

(6) Members of the legislative commission are not eligible for state retirement under chapter 41.40 RCW by virtue of the member's service as a commissioner.

(7) The compensation and travel reimbursement provision under RCW 41.58.015(1) shall apply to members of the legislative commission.

(8) The legislative commission shall at the close of each fiscal year make a report in writing to the legislature stating the cases it has heard and decisions it has rendered.

(9)(a) The legislative commission expires December 31, 2029.

(b) After December 31, 2029, the duties required of the legislative commission under chapter 44.90 RCW shall be carried out by the commission created under RCW 41.58.010(1).

**Sec. 18.** RCW 41.58.015 and 1984 c 287 s 71 are each amended to read as follows:

(1) Each member of the commission shall be compensated in accordance with RCW 43.03.250. Members of the commission shall also be reimbursed for travel expenses incurred in the discharge of their official duties on the same basis as is provided in RCW 43.03.050 and 43.03.060.

(2) The commission shall appoint an executive director whose annual salary shall be determined under the provisions of RCW 43.03.028. The executive director shall perform such duties and have such powers as the commission shall prescribe in order to implement and enforce the provisions of this chapter. In addition to the performance of administrative duties, the commission may delegate to the executive director authority with respect to, but not limited to, representation proceedings, unfair labor practice proceedings, mediation of labor disputes, arbitration of disputes concerning the interpretation or application of a collective bargaining agreement, and, in certain cases, fact-finding or arbitration of disputes concerning the terms of a collective bargaining agreement. Such delegation shall not eliminate a party's right of appeal to the commission. The executive director, with such assistance as may be provided by the attorney general and such additional legal assistance consistent with chapter 43.10 RCW, shall have authority on behalf of the commission, when necessary to carry out or enforce any action or decision of the commission, to petition any court of competent jurisdiction for an order requiring compliance with the action or decision.

(3)(a) The commission shall employ such employees as it may from time to time find necessary for the proper performance of its duties, consistent with the provisions of this chapter.

(b) The employees of the commission shall also provide staff support to the legislative commission in carrying out the legislative commission's duties under chapter 44.90 RCW until the legislative commission expires on December 31, 2029, under section 17 of this act.

(4) The payment of all of the expenses of the commission, including travel expenses incurred by the members or employees of the commission under its orders, shall be subject to the provisions of RCW 43.03.050 and 43.03.060.

**NEW SECTION. Sec. 19.** A new section is added to chapter 44.90 RCW to read as follows:

(1) The following activities conducted by or on behalf of legislative employees related to collective bargaining under this chapter are exempt from the restrictions contained in RCW 42.52.020 and 42.52.160:

(a) Using paid time and public resources by an employee to negotiate or administer a collective bargaining agreement when the employee is assigned to negotiate or administer the collective bargaining agreement and the use of paid time and public resources does not include state-purchased supplies or equipment, does not interfere with or distract from the conduct of state business, and is consistent with the employer's policy on the use of paid time;

(b) Lobbying conducted by an employee organization, lobbyist, association, or third party on behalf of legislative employees concerning legislation that directly impacts legislative workplace conditions;

(c) Communication with a prospective employee organization during nonwork hours and without the use of public resources; or

(d) Conducting the day-to-day work of organizing and representing legislative employees in the workplace while serving in a legislative employee organization leadership position.

(2)(a) Nothing in this section affects the application of the prohibition against the use of special privileges under RCW 42.52.070, confidentiality requirements under RCW 42.52.050, or other applicable provisions of chapter 42.52 RCW to legislative employees.

(b) Nothing in this section permits any direct lobbying by a legislative employee.

(3) As used in this section, "lobby" and "lobbyist" have the meanings provided in RCW 42.17A.005.

**Sec. 20.** RCW 42.52.020 and 1996 c 213 s 2 are each amended to read as follows:

(1) No state officer or state employee may have an interest, financial or otherwise, direct or indirect, or engage in a business or transaction or professional activity, or incur an obligation of any nature, that is in conflict with the proper discharge of the state officer's or state employee's official duties.

(2) This section does not apply to activities conducted by legislative employees authorized under section 19 of this act.

**Sec. 21.** RCW 42.52.160 and 2023 c 91 s 3 are each amended to read as follows:

(1) No state officer or state employee may employ or use any person, money, or property under the officer's or employee's official control or direction, or in his or her official custody, for the private benefit or gain of the officer, employee, or another.

(2) This section does not prohibit the use of public resources to benefit others as part of a state officer's or state employee's official duties. It is not a violation of this section for a legislator or an appropriate legislative staff designee to engage in activities listed under RCW 42.52.070(2) or 42.52.822.

(3) This section does not prohibit de minimis use of state facilities to provide employees with information about (a) medical, surgical, and hospital care; (b) life insurance or accident and health disability insurance; or (c) individual retirement accounts, by any

person, firm, or corporation administering such program as part of authorized payroll deductions pursuant to RCW 41.04.020.

(4) The appropriate ethics boards may adopt rules providing exceptions to this section for occasional use of the state officer or state employee, of de minimis cost and value, if the activity does not result in interference with the proper performance of public duties.

(5) This section does not apply to activities conducted by legislative employees authorized under section 19 of this act.

**NEW SECTION. Sec. 22.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect May 1, 2024."

**"Part I**

**Statute of Limitations for Applying for the Special Death Benefit**

**Sec. 101.** RCW 41.26.048 and 2010 c 261 s 2 are each amended to read as follows:

(1) A two hundred fourteen thousand dollar death benefit shall be paid to the member's estate, or such person or persons, trust or organization as the member shall have nominated by written designation duly executed and filed with the department. If there be no such designated person or persons still living at the time of the member's death, such member's death benefit shall be paid to the member's surviving spouse or domestic partner as if in fact such spouse or domestic partner had been nominated by written designation, or if there be no such surviving spouse or domestic partner, then to such member's legal representatives.

(2) The benefit under this section shall be paid only when death occurs: (a) As a result of injuries sustained in the course of employment; or (b) as a result of an occupational disease or infection that arises naturally and proximately out of employment covered under this chapter. The determination of eligibility for the benefit shall be made consistent with Title 51 RCW by the department of labor and industries. There is no statute of limitations for this benefit. The department of labor and industries shall notify the department of retirement systems by order under RCW 51.52.050.

(3) The department of labor and industries shall determine eligibility under subsection (2) of this section for the special death benefit for any beneficiaries who were denied the special death benefit for failing to meet the statute of limitations under Title 51 RCW. If the department of labor and industries determines the beneficiary is eligible for the special death benefit the department must provide the beneficiary an option to reelect their pension benefit under RCW 41.26.510(2) and if the member elects an ongoing pension benefit the department must pay the beneficiary retroactive to the date of the member's death.

(4)(a) Beginning July 1, 2010, and every year thereafter, the department shall determine the following information:

(i) The index for the 2008 calendar year, to be known as "index A;"

(ii) The index for the calendar year prior to the date of determination, to be known as "index B;" and

(iii) The ratio obtained when index B is divided by index A.

(b) The value of the ratio obtained shall be the annual adjustment to the original death benefit and shall be applied beginning every July 1st. In no event, however, shall the annual adjustment:

(i) Produce a benefit which is lower than two hundred fourteen thousand dollars;

(ii) Exceed three percent in the initial annual adjustment; or

(iii) Differ from the previous year's annual adjustment by more than three percent.

(c) For the purposes of this section, "index" means, for any calendar year, that year's average consumer price index — Seattle, Washington area for urban wage earners and clerical workers, all items, compiled by the bureau of labor statistics, United States department of labor.

**Part II**  
**Definition of Firefighter**

**Sec. 201.** RCW 41.26.030 and 2021 c 12 s 2 are each amended to read as follows:

As used in this chapter, unless a different meaning is plainly required by the context:

(1) "Accumulated contributions" means the employee's contributions made by a member, including any amount paid under RCW 41.50.165(2), plus accrued interest credited thereon.

(2) "Actuarial reserve" means a method of financing a pension or retirement plan wherein reserves are accumulated as the liabilities for benefit payments are incurred in order that sufficient funds will be available on the date of retirement of each member to pay the member's future benefits during the period of retirement.

(3) "Actuarial valuation" means a mathematical determination of the financial condition of a retirement plan. It includes the computation of the present monetary value of benefits payable to present members, and the present monetary value of future employer and employee contributions, giving effect to mortality among active and retired members and also to the rates of disability, retirement, withdrawal from service, salary and interest earned on investments.

(4)(a) "Basic salary" for plan 1 members, means the basic monthly rate of salary or wages, including longevity pay but not including overtime earnings or special salary or wages, upon which pension or retirement benefits will be computed and upon which employer contributions and salary deductions will be based.

(b) "Basic salary" for plan 2 members, means salaries or wages earned by a member during a payroll period for personal services, including overtime payments, and shall include wages and salaries deferred under provisions established pursuant to sections 403(b), 414(h), and 457 of the United States Internal Revenue Code, but shall exclude lump sum payments for deferred annual sick leave, unused accumulated vacation, unused accumulated annual leave, or any form of severance pay. In any year in which a member serves in the legislature the member shall have the option of having such member's basic salary be the greater of:

(i) The basic salary the member would have received had such member not served in the legislature; or

(ii) Such member's actual basic salary received for nonlegislative public employment and legislative service combined. Any additional contributions to the retirement system required because basic salary under (b)(i) of this subsection is greater than basic salary under (b)(ii) of this subsection shall be paid by the member for both member and employer contributions.

(5)(a) "Beneficiary" for plan 1 members, means any person in receipt of a retirement allowance, disability allowance, death benefit, or any other benefit described herein.

(b) "Beneficiary" for plan 2 members, means any person in receipt of a retirement allowance or other benefit provided by this chapter resulting from service rendered to an employer by another person.

(6)(a) "Child" or "children" means an unmarried person who is under the age of eighteen or mentally or physically disabled as determined by the department, except a person who is disabled and in the full time care of a state institution, who is:

(i) A natural born child;

(ii) A stepchild where that relationship was in existence prior to the date benefits are payable under this chapter;

(iii) A posthumous child;

(iv) A child legally adopted or made a legal ward of a member prior to the date benefits are payable under this chapter; or

(v) An illegitimate child legitimized prior to the date any benefits are payable under this chapter.

(b) A person shall also be deemed to be a child up to and including the age of twenty years and eleven months while attending any high school, college, or vocational or other educational institution accredited, licensed, or approved by the state, in which it is located, including the summer vacation months and all other normal and regular vacation periods at the particular educational institution after which the child returns to school.

(7) "Department" means the department of retirement systems created in chapter 41.50 RCW.

(8) "Director" means the director of the department.

(9) "Disability board" for plan 1 members means either the county disability board or the city disability board established in RCW 41.26.110.

(10) "Disability leave" means the period of six months or any portion thereof during which a member is on leave at an allowance equal to the member's full salary prior to the commencement of disability retirement. The definition contained in this subsection shall apply only to plan 1 members.

(11) "Disability retirement" for plan 1 members, means the period following termination of a member's disability leave, during which the member is in receipt of a disability retirement allowance.

(12) "Domestic partners" means two adults who have registered as domestic partners under RCW 26.60.020.

(13) "Employee" means any law enforcement officer or firefighter as defined in subsections (17) and (19) of this section.

(14)(a) "Employer" for plan 1 members, means the legislative authority of any city, town, county, district, or regional fire protection service authority or the elected officials of any municipal corporation that employs any law enforcement officer and/or firefighter, any authorized association of such municipalities, and, except for the purposes of RCW 41.26.150,

any labor guild, association, or organization, which represents the firefighters or law enforcement officers of at least seven cities of over 20,000 population and the membership of each local lodge or division of which is composed of at least sixty percent law enforcement officers or firefighters as defined in this chapter.

(b) "Employer" for plan 2 members, means the following entities to the extent that the entity employs any law enforcement officer and/or firefighter:

(i) The legislative authority of any city, town, county, district, public corporation, or regional fire protection service authority established under RCW 35.21.730 to provide emergency medical services as defined in RCW 18.73.030;

(ii) The elected officials of any municipal corporation;

(iii) The governing body of any other general authority law enforcement agency;

(iv) A four-year institution of higher education having a fully operational fire department as of January 1, 1996; or

(v) The department of social and health services or the department of corrections when employing firefighters serving at a prison or civil commitment center on an island.

(c) Except as otherwise specifically provided in this chapter, "employer" does not include a government contractor. For purposes of this subsection, a "government contractor" is any entity, including a partnership, limited liability company, for-profit or nonprofit corporation, or person, that provides services pursuant to a contract with an "employer." The determination whether an employer-employee relationship has been established is not based on the relationship between a government contractor and an "employer," but is based solely on the relationship between a government contractor's employee and an "employer" under this chapter.

(15)(a) "Final average salary" for plan 1 members, means (i) for a member holding the same position or rank for a minimum of twelve months preceding the date of retirement, the basic salary attached to such same position or rank at time of retirement; (ii) for any other member, including a civil service member who has not served a minimum of twelve months in the same position or rank preceding the date of retirement, the average of the greatest basic salaries payable to such member during any consecutive twenty-four month period within such member's last ten years of service for which service credit is allowed, computed by dividing the total basic salaries payable to such member during the selected twenty-four month period by twenty-four; (iii) in the case of disability of any member, the basic salary payable to such member at the time of disability retirement; (iv) in the case of a member who hereafter vests pursuant to RCW 41.26.090, the basic salary payable to such member at the time of vesting.

(b) "Final average salary" for plan 2 members, means the monthly average of the member's basic salary for the highest consecutive sixty service credit months of service prior to such member's retirement, termination, or death. Periods constituting authorized unpaid leaves of absence may not be used in the calculation of final average salary.

(c) In calculating final average salary under (a) or (b) of this subsection, the department of retirement systems shall include:

(i) Any compensation forgone by a member employed by a state agency or institution during the 2009-2011 fiscal biennium as a result of reduced work hours, mandatory or voluntary leave without pay, temporary reduction in pay implemented prior to December 11, 2010, or temporary layoffs if the reduced compensation is an integral part of the employer's expenditure reduction efforts, as certified by the employer;

(ii) Any compensation forgone by a member employed by the state or a local government employer during the 2011-2013 fiscal biennium as a result of reduced work hours, mandatory leave without pay, temporary layoffs, or reductions to current pay if the reduced compensation is an integral part of the employer's expenditure reduction efforts, as certified by the employer. Reductions to current pay shall not include elimination of previously agreed upon future salary increases; and

(iii) Any compensation forgone by a member employed by the state or a local government employer during the 2019-2021 and 2021-2023 fiscal biennia as a result of reduced work hours, mandatory leave without pay, temporary layoffs, furloughs, reductions to current pay, or other similar measures resulting from the COVID-19 budgetary crisis, if the reduced compensation is an integral part of the employer's expenditure reduction efforts, as certified by the employer. Reductions to current pay shall not include elimination of previously agreed upon future salary increases.

(16) "Fire department" includes a fire station operated by the department of social and health services or the department of corrections when employing firefighters serving a prison or civil commitment center on an island.

(17) "Firefighter" means:

(a) Any person who is serving on a full time, fully compensated basis as a member of a fire department of an employer and who is serving in a position which requires passing a civil service examination for firefighter, and who is actively employed as such;

(b) Anyone who is actively employed as a full time firefighter where the fire department does not have a civil service examination;

(c) Supervisory firefighter personnel;

(d) Any full time executive secretary of an association of fire protection districts authorized under RCW 52.12.031. The provisions of this subsection (17)(d) shall not apply to plan 2 members;

(e) The executive secretary of a labor guild, association or organization (which is an employer under subsection (14) of this section), if such individual has five years previous membership in a retirement system established in chapter 41.16 or 41.18 RCW. The provisions of this subsection (17)(e) shall not apply to plan 2 members;

(f) Any person who is serving on a full time, fully compensated basis for an employer, as a fire dispatcher, in a department in which, on March 1, 1970, a dispatcher was required to have passed a civil service examination for firefighter;

(g) Any person who on March 1, 1970, was employed on a full time, fully compensated basis by an employer, and who on May 21, 1971, was making retirement contributions under the provisions of chapter 41.16 or 41.18 RCW; ~~((and))~~

(h) Any person who is employed on a full-time, fully compensated basis by an employer as an emergency medical technician that meets the requirements of RCW 18.71.200 or 18.73.030~~((+12))~~ (13), and whose duties include providing emergency medical services as defined in RCW 18.73.030; and

(i) Personnel serving on a full-time, fully compensated basis as an employee of a fire department in positions that necessitate experience as a firefighter to perform the essential functions of those positions.

(18) "General authority law enforcement agency" means any agency, department, or division of a municipal corporation, political subdivision, or other unit of local government of this state, and any agency, department, or division of state government, having as its primary function the detection and apprehension of persons committing infractions or violating the traffic or criminal laws in general, but not including the Washington state patrol. Such an agency, department, or division is distinguished from a limited authority law enforcement agency having as one of its functions the apprehension or detection of persons committing infractions or violating the traffic or criminal laws relating to limited subject areas, including but not limited to, the state departments of natural resources and social and health services, the state gambling commission, the state lottery commission, the state parks and recreation commission, the state utilities and transportation commission, the state liquor and cannabis board, and the state department of corrections. A general authority law enforcement agency under this chapter does not include a government contractor.

(19) "Law enforcement officer" beginning January 1, 1994, means any person who is commissioned and employed by an employer on a full time, fully compensated basis to enforce the criminal laws of the state of Washington generally, with the following qualifications:

(a) No person who is serving in a position that is basically clerical or secretarial in nature, and who is not commissioned shall be considered a law enforcement officer;

(b) Only those deputy sheriffs, including those serving under a different title pursuant to county charter, who have successfully completed a civil service examination for deputy sheriff or the equivalent position, where a different title is used, and those persons serving in unclassified positions authorized by RCW 41.14.070 except a private secretary will be considered law enforcement officers;

(c) Only such full time commissioned law enforcement personnel as have been appointed to offices, positions, or ranks in the police department which have been specifically created or otherwise expressly provided for and designated by city charter provision or by ordinance enacted by the legislative body of the city shall be considered city police officers;

(d) The term "law enforcement officer" also includes the executive secretary of a labor guild, association or organization (which is an employer under subsection (14) of this section) if that individual has five years previous membership in the retirement system established in chapter 41.20 RCW. The provisions of this subsection (19)(d) shall not apply to plan 2 members; and

(e) The term "law enforcement officer" also includes a person employed on or after January 1, 1993, as a public safety officer or director of public safety, so long as the job duties substantially involve only either police or fire duties, or both, and no other duties in a city or town with a population of less than ten thousand. The provisions of this subsection (19)(e) shall not apply to any public safety officer or director of public safety who is receiving a retirement allowance under this chapter as of May 12, 1993.

(20) "Medical services" for plan 1 members, shall include the following as minimum services to be provided. Reasonable charges for these services shall be paid in accordance with RCW 41.26.150.

(a) Hospital expenses: These are the charges made by a hospital, in its own behalf, for

(i) Board and room not to exceed semiprivate room rate unless private room is required by the attending physician due to the condition of the patient.

(ii) Necessary hospital services, other than board and room, furnished by the hospital.

(b) Other medical expenses: The following charges are considered "other medical expenses," provided that they have not been considered as "hospital expenses".

(i) The fees of the following:

(A) A physician or surgeon licensed under the provisions of chapter 18.71 RCW;

(B) An osteopathic physician and surgeon licensed under the provisions of chapter 18.57 RCW;

(C) A chiropractor licensed under the provisions of chapter 18.25 RCW.

(ii) The charges of a registered graduate nurse other than a nurse who ordinarily resides in the member's home, or is a member of the family of either the member or the member's spouse.

(iii) The charges for the following medical services and supplies:

(A) Drugs and medicines upon a physician's prescription;

(B) Diagnostic X-ray and laboratory examinations;

(C) X-ray, radium, and radioactive isotopes therapy;

(D) Anesthesia and oxygen;

(E) Rental of iron lung and other durable medical and surgical equipment;

(F) Artificial limbs and eyes, and casts, splints, and trusses;

(G) Professional ambulance service when used to transport the member to or from a hospital when injured by an accident or stricken by a disease;

(H) Dental charges incurred by a member who sustains an accidental injury to his or her teeth and who commences treatment by a legally licensed dentist within ninety days after the accident;

(I) Nursing home confinement or hospital extended care facility;

(J) Physical therapy by a registered physical therapist;

(K) Blood transfusions, including the cost of blood and blood plasma not replaced by voluntary donors;

(L) An optometrist licensed under the provisions of chapter 18.53 RCW.

(21) "Member" means any firefighter, law enforcement officer, or other person as would apply under subsection (17) or (19) of this section whose membership is transferred to the Washington law enforcement officers' and firefighters' retirement system on or after March 1, 1970, and every law enforcement officer and firefighter who is employed in that capacity on or after such date.

(22) "Plan 1" means the law enforcement officers' and firefighters' retirement system, plan 1 providing the benefits and funding provisions covering persons who first became members of the system prior to October 1, 1977.

(23) "Plan 2" means the law enforcement officers' and firefighters' retirement system, plan 2 providing the benefits and funding provisions covering persons who first became members of the system on and after October 1, 1977.

(24) "Position" means the employment held at any particular time, which may or may not be the same as civil service rank.

(25) "Regular interest" means such rate as the director may determine.

(26) "Retiree" for persons who establish membership in the retirement system on or after October 1, 1977, means any member in receipt of a retirement allowance or other benefit provided by this chapter resulting from service rendered to an employer by such member.

(27) "Retirement fund" means the "Washington law enforcement officers' and firefighters' retirement system fund" as provided for herein.

(28) "Retirement system" means the "Washington law enforcement officers' and firefighters' retirement system" provided herein.

(29)(a) "Service" for plan 1 members, means all periods of employment for an employer as a firefighter or law enforcement officer, for which compensation is paid, together with periods of suspension not exceeding thirty days in duration. For the purposes of this chapter service shall also include service in the armed forces of the United States as provided in RCW 41.26.190. Credit shall be allowed for all service credit months of service rendered by a member from and after the member's initial commencement of employment as a firefighter or law enforcement officer, during which the member worked for seventy or more hours, or was on disability leave or disability retirement. Only service credit months of service shall be counted in the computation of any retirement allowance or other benefit provided for in this chapter.

(i) For members retiring after May 21, 1971 who were employed under the coverage of a prior pension act before March 1, 1970, "service" shall also include (A) such military service not exceeding five years as was creditable to the member as of March 1, 1970, under the member's particular prior pension act, and (B) such other periods of service as were then creditable to a particular member under the provisions of RCW 41.18.165, 41.20.160, or 41.20.170. However, in no event shall credit be allowed for any service rendered prior to March 1, 1970, where the member at the time of rendition of such service was employed in a position covered by a prior pension act, unless such service, at the time credit is claimed therefor, is also creditable under the provisions of such prior act.

(ii) A member who is employed by two employers at the same time shall only be credited with service to one such employer for any month during which the member rendered such dual service.

(iii) Reduction efforts such as furloughs, reduced work hours, mandatory leave without pay, temporary layoffs, or other similar situations as contemplated by subsection (15)(c) (iii) of this section do not result in a reduction in service credit that otherwise would have been earned for that month of work, and the member shall receive the full service credit for the hours that were scheduled to be worked before the reduction.

(b)(i) "Service" for plan 2 members, means periods of employment by a member for one or more employers for which basic salary is earned for ninety or more hours per calendar month which shall constitute a service credit month. Periods of employment by a member for one or more employers for which basic salary is earned for at least seventy hours but less than ninety hours per calendar month shall constitute one-half service credit month. Periods of employment by a member for one or more employers for which basic salary is earned for less than seventy hours shall constitute a one-quarter service credit month.

(ii) Members of the retirement system who are elected or appointed to a state elective position may elect to continue to be members of this retirement system.

(iii) Service credit years of service shall be determined by dividing the total number of service credit months of service by twelve. Any fraction of a service credit year of service as so determined shall be taken into account in the computation of such retirement allowance or benefits.

(iv) If a member receives basic salary from two or more employers during any calendar month, the individual shall receive one service credit month's service credit during any calendar month in which multiple service for ninety or more hours is rendered; or one-half service credit month's service credit during any calendar month in which multiple service for at least seventy hours but less than ninety hours is rendered; or one-quarter service credit

month during any calendar month in which multiple service for less than seventy hours is rendered.

(v) Reduction efforts such as furloughs, reduced work hours, mandatory leave without pay, temporary layoffs, or other similar situations as contemplated by subsection (15)(c)(iii) of this section do not result in a reduction in service credit that otherwise would have been earned for that month of work, and the member shall receive the full service credit for the hours that were scheduled to be worked before the reduction.

(30) "Service credit month" means a full service credit month or an accumulation of partial service credit months that are equal to one.

(31) "Service credit year" means an accumulation of months of service credit which is equal to one when divided by twelve.

(32) "State actuary" or "actuary" means the person appointed pursuant to RCW 44.44.010(2).

(33) "State elective position" means any position held by any person elected or appointed to statewide office or elected or appointed as a member of the legislature.

(34) "Surviving spouse" means the surviving widow or widower of a member. "Surviving spouse" shall not include the divorced spouse of a member except as provided in RCW 41.26.162.

**Sec. 202.** RCW 41.26.030 and 2023 c 77 s 1 are each amended to read as follows:

As used in this chapter, unless a different meaning is plainly required by the context:

(1) "Accumulated contributions" means the employee's contributions made by a member, including any amount paid under RCW 41.50.165(2), plus accrued interest credited thereon.

(2) "Actuarial reserve" means a method of financing a pension or retirement plan wherein reserves are accumulated as the liabilities for benefit payments are incurred in order that sufficient funds will be available on the date of retirement of each member to pay the member's future benefits during the period of retirement.

(3) "Actuarial valuation" means a mathematical determination of the financial condition of a retirement plan. It includes the computation of the present monetary value of benefits payable to present members, and the present monetary value of future employer and employee contributions, giving effect to mortality among active and retired members and also to the rates of disability, retirement, withdrawal from service, salary and interest earned on investments.

(4)(a) "Basic salary" for plan 1 members, means the basic monthly rate of salary or wages, including longevity pay but not including overtime earnings or special salary or wages, upon which pension or retirement benefits will be computed and upon which employer contributions and salary deductions will be based.

(b) "Basic salary" for plan 2 members, means salaries or wages earned by a member during a payroll period for personal services, including overtime payments, and shall include wages and salaries deferred under provisions established pursuant to sections 403(b), 414(h), and 457 of the United States Internal Revenue Code, but shall exclude lump sum payments for deferred annual sick leave, unused accumulated vacation, unused accumulated annual leave, or any form of severance pay. In any year in which a member serves in the legislature the member shall have the option of having such member's basic salary be the greater of:

(i) The basic salary the member would have received had such member not served in the legislature; or

(ii) Such member's actual basic salary received for nonlegislative public employment and legislative service combined. Any additional contributions to the retirement system required because basic salary under (b)(i) of this subsection is greater than basic salary under (b)(ii) of this subsection shall be paid by the member for both member and employer contributions.

(5)(a) "Beneficiary" for plan 1 members, means any person in receipt of a retirement allowance, disability allowance, death benefit, or any other benefit described herein.

(b) "Beneficiary" for plan 2 members, means any person in receipt of a retirement allowance or other benefit provided by this chapter resulting from service rendered to an employer by another person.

(6)(a) "Child" or "children" means an unmarried person who is under the age of eighteen or mentally or physically disabled as determined by the department, except a person who is disabled and in the full time care of a state institution, who is:

(i) A natural born child;

(ii) A stepchild where that relationship was in existence prior to the date benefits are payable under this chapter;

(iii) A posthumous child;

(iv) A child legally adopted or made a legal ward of a member prior to the date benefits are payable under this chapter; or

(v) An illegitimate child legitimized prior to the date any benefits are payable under this chapter.

(b) A person shall also be deemed to be a child up to and including the age of twenty years and eleven months while attending any high school, college, or vocational or other educational institution accredited, licensed, or approved by the state, in which it is located, including the summer vacation months and all other normal and regular vacation periods at the particular educational institution after which the child returns to school.

(7) "Department" means the department of retirement systems created in chapter 41.50 RCW.

(8) "Director" means the director of the department.

(9) "Disability board" for plan 1 members means either the county disability board or the city disability board established in RCW 41.26.110.

(10) "Disability leave" means the period of six months or any portion thereof during which a member is on leave at an allowance equal to the member's full salary prior to the commencement of disability retirement. The definition contained in this subsection shall apply only to plan 1 members.

(11) "Disability retirement" for plan 1 members, means the period following termination of a member's disability leave, during which the member is in receipt of a disability retirement allowance.

(12) "Domestic partners" means two adults who have registered as domestic partners under RCW 26.60.020.

(13) "Employee" means any law enforcement officer or firefighter as defined in subsections (17) and (19) of this section.

(14) (a) "Employer" for plan 1 members, means the legislative authority of any city, town, county, district, or regional fire protection service authority or the elected officials of any municipal corporation that employs any law enforcement officer and/or firefighter, any authorized association of such municipalities, and, except for the purposes of RCW 41.26.150, any labor guild, association, or organization, which represents the firefighters or law enforcement officers of at least seven cities of over 20,000 population and the membership of each local lodge or division of which is composed of at least sixty percent law enforcement officers or firefighters as defined in this chapter.

(b) "Employer" for plan 2 members, means the following entities to the extent that the entity employs any law enforcement officer and/or firefighter:

(i) The legislative authority of any city, town, county, district, public corporation, or regional fire protection service authority established under RCW 35.21.730 to provide emergency medical services as defined in RCW 18.73.030;

(ii) The elected officials of any municipal corporation;

(iii) The governing body of any other general authority law enforcement agency;

(iv) A four-year institution of higher education having a fully operational fire department as of January 1, 1996; or

(v) The department of social and health services or the department of corrections when employing firefighters serving at a prison or civil commitment center on an island.

(c) Except as otherwise specifically provided in this chapter, "employer" does not include a government contractor. For purposes of this subsection, a "government contractor" is any entity, including a partnership, limited liability company, for-profit or nonprofit corporation, or person, that provides services pursuant to a contract with an "employer." The determination whether an employer-employee relationship has been established is not based on the relationship between a government contractor and an "employer," but is based solely on the relationship between a government contractor's employee and an "employer" under this chapter.

(15) (a) "Final average salary" for plan 1 members, means (i) for a member holding the same position or rank for a minimum of twelve months preceding the date of retirement, the basic salary attached to such same position or rank at time of retirement; (ii) for any other member, including a civil service member who has not served a minimum of twelve months in the same position or rank preceding the date of retirement, the average of the greatest basic salaries payable to such member during any consecutive twenty-four month period within such member's last ten years of service for which service credit is allowed, computed by dividing the total basic salaries payable to such member during the selected twenty-four month period by twenty-four; (iii) in the case of disability of any member, the basic salary payable to such member at the time of disability retirement; (iv) in the case of a member who hereafter vests pursuant to RCW 41.26.090, the basic salary payable to such member at the time of vesting.

(b) "Final average salary" for plan 2 members, means the monthly average of the member's basic salary for the highest consecutive sixty service credit months of service prior to such member's retirement, termination, or death. Periods constituting authorized unpaid leaves of absence may not be used in the calculation of final average salary.

(c) In calculating final average salary under (a) or (b) of this subsection, the department of retirement systems shall include:

(i) Any compensation forgone by a member employed by a state agency or institution during the 2009-2011 fiscal biennium as a result of reduced work hours, mandatory or voluntary leave without pay, temporary reduction in pay implemented prior to December 11, 2010, or temporary layoffs if the reduced compensation is an integral part of the employer's expenditure reduction efforts, as certified by the employer;

(ii) Any compensation forgone by a member employed by the state or a local government employer during the 2011-2013 fiscal biennium as a result of reduced work hours, mandatory leave without pay, temporary layoffs, or reductions to current pay if the reduced compensation is an integral part of the employer's expenditure reduction efforts, as certified by the employer. Reductions to current pay shall not include elimination of previously agreed upon future salary increases; and

(iii) Any compensation forgone by a member employed by the state or a local government employer during the 2019-2021 and 2021-2023 fiscal biennia as a result of reduced work hours, mandatory leave without pay, temporary layoffs, furloughs, reductions to current pay, or other similar measures resulting from the COVID-19 budgetary crisis, if the reduced compensation is an integral part of the employer's expenditure reduction efforts, as certified by the employer. Reductions to current pay shall not include elimination of previously agreed upon future salary increases.

(16) "Fire department" includes a fire station operated by the department of social and health services or the department of corrections when employing firefighters serving a prison or civil commitment center on an island.

(17) "Firefighter" means:

(a) Any person who is serving on a full time, fully compensated basis as a member of a fire department of an employer and who is serving in a position which requires passing a civil service examination for firefighter, and who is actively employed as such;

(b) Anyone who is actively employed as a full time firefighter where the fire department does not have a civil service examination;

(c) Supervisory firefighter personnel;

(d) Any full time executive secretary of an association of fire protection districts authorized under RCW 52.12.031. The provisions of this subsection (17)(d) shall not apply to plan 2 members;

(e) The executive secretary of a labor guild, association or organization (which is an employer under subsection (14) of this section), if such individual has five years previous membership in a retirement system established in chapter 41.16 or 41.18 RCW. The provisions of this subsection (17)(e) shall not apply to plan 2 members;

(f) Any person who is serving on a full time, fully compensated basis for an employer, as a fire dispatcher, in a department in which, on March 1, 1970, a dispatcher was required to have passed a civil service examination for firefighter;

(g) Any person who on March 1, 1970, was employed on a full time, fully compensated basis by an employer, and who on May 21, 1971, was making retirement contributions under the provisions of chapter 41.16 or 41.18 RCW; ~~(and)~~

(h) Any person who is employed on a full-time, fully compensated basis by an employer as an emergency medical technician that meets the requirements of RCW 18.71.200 or 18.73.030(13), and whose duties include providing emergency medical services as defined in RCW 18.73.030; and

(i) Personnel serving on a full-time, fully compensated basis as an employee of a fire department in positions that necessitate experience as a firefighter to perform the essential functions of those positions.

(18) "General authority law enforcement agency" means any agency, department, or division of a municipal corporation, political subdivision, or other unit of local government of this state, the government of a federally recognized tribe, and any agency, department, or division of state government, having as its primary function the detection and apprehension of persons committing infractions or violating the traffic or criminal laws in general, but not including the Washington state patrol. Such an agency, department, or division is distinguished from a limited authority law enforcement agency having as one of its functions the apprehension or detection of persons committing infractions or violating the traffic or criminal laws relating to limited subject areas, including but not limited to, the state departments of natural resources and social and health services, the state gambling commission, the state lottery commission, the state parks and recreation commission, the state utilities and transportation commission, the state liquor and cannabis board, and the state department of corrections. A general authority law enforcement agency under this chapter does not include a government contractor.

(19) "Law enforcement officer" beginning January 1, 1994, means any person who is commissioned and employed by an employer on a full time, fully compensated basis to enforce the criminal laws of the state of Washington generally, with the following qualifications:

(a) No person who is serving in a position that is basically clerical or secretarial in nature, and who is not commissioned shall be considered a law enforcement officer;

(b) Only those deputy sheriffs, including those serving under a different title pursuant to county charter, who have successfully completed a civil service examination for deputy sheriff or the equivalent position, where a different title is used, and those persons serving in unclassified positions authorized by RCW 41.14.070 except a private secretary will be considered law enforcement officers;

(c) Only such full time commissioned law enforcement personnel as have been appointed to offices, positions, or ranks in the police department which have been specifically created or otherwise expressly provided for and designated by city charter provision or by ordinance enacted by the legislative body of the city shall be considered city police officers;

(d) The term "law enforcement officer" also includes the executive secretary of a labor guild, association or organization (which is an employer under subsection (14) of this section) if that individual has five years previous membership in the retirement system established in chapter 41.20 RCW. The provisions of this subsection (19)(d) shall not apply to plan 2 members;

(e) The term "law enforcement officer" also includes a person employed on or after January 1, 1993, as a public safety officer or director of public safety, so long as the job duties substantially involve only either police or fire duties, or both, and no other duties in a city or town with a population of less than ten thousand. The provisions of this subsection (19)(e) shall not apply to any public safety officer or director of public safety who is receiving a retirement allowance under this chapter as of May 12, 1993; and

(f) The term "law enforcement officer" also includes a person who is employed on or after January 1, 2024, on a full-time basis by the government of a federally recognized tribe within the state of Washington that meets the terms and conditions of RCW 41.26.565, is employed in a police department maintained by that tribe, and who is currently certified as a general authority peace officer under chapter 43.101 RCW.

(20) "Medical services" for plan 1 members, shall include the following as minimum services to be provided. Reasonable charges for these services shall be paid in accordance with RCW 41.26.150.

(a) Hospital expenses: These are the charges made by a hospital, in its own behalf, for

(i) Board and room not to exceed semiprivate room rate unless private room is required by the attending physician due to the condition of the patient.

(ii) Necessary hospital services, other than board and room, furnished by the hospital.

(b) Other medical expenses: The following charges are considered "other medical expenses," provided that they have not been considered as "hospital expenses".

(i) The fees of the following:

(A) A physician or surgeon licensed under the provisions of chapter 18.71 RCW;

(B) An osteopathic physician and surgeon licensed under the provisions of chapter 18.57 RCW;

(C) A chiropractor licensed under the provisions of chapter 18.25 RCW.

(ii) The charges of a registered graduate nurse other than a nurse who ordinarily resides in the member's home, or is a member of the family of either the member or the member's spouse.

(iii) The charges for the following medical services and supplies:

(A) Drugs and medicines upon a physician's prescription;

(B) Diagnostic X-ray and laboratory examinations;

(C) X-ray, radium, and radioactive isotopes therapy;

(D) Anesthesia and oxygen;

(E) Rental of iron lung and other durable medical and surgical equipment;

(F) Artificial limbs and eyes, and casts, splints, and trusses;

(G) Professional ambulance service when used to transport the member to or from a hospital when injured by an accident or stricken by a disease;

(H) Dental charges incurred by a member who sustains an accidental injury to his or her teeth and who commences treatment by a legally licensed dentist within ninety days after the accident;

(I) Nursing home confinement or hospital extended care facility;

(J) Physical therapy by a registered physical therapist;

(K) Blood transfusions, including the cost of blood and blood plasma not replaced by voluntary donors;

(L) An optometrist licensed under the provisions of chapter 18.53 RCW.

(21) "Member" means any firefighter, law enforcement officer, or other person as would apply under subsection (17) or (19) of this section whose membership is transferred to the Washington law enforcement officers' and firefighters' retirement system on or after March 1, 1970, and every law enforcement officer and firefighter who is employed in that capacity on or after such date.

(22) "Plan 1" means the law enforcement officers' and firefighters' retirement system, plan 1 providing the benefits and funding provisions covering persons who first became members of the system prior to October 1, 1977.

(23) "Plan 2" means the law enforcement officers' and firefighters' retirement system, plan 2 providing the benefits and funding provisions covering persons who first became members of the system on and after October 1, 1977.

(24) "Position" means the employment held at any particular time, which may or may not be the same as civil service rank.

(25) "Regular interest" means such rate as the director may determine.

(26) "Retiree" for persons who establish membership in the retirement system on or after October 1, 1977, means any member in receipt of a retirement allowance or other benefit provided by this chapter resulting from service rendered to an employer by such member.

(27) "Retirement fund" means the "Washington law enforcement officers' and firefighters' retirement system fund" as provided for herein.

(28) "Retirement system" means the "Washington law enforcement officers' and firefighters' retirement system" provided herein.

(29)(a) "Service" for plan 1 members, means all periods of employment for an employer as a firefighter or law enforcement officer, for which compensation is paid, together with periods of suspension not exceeding thirty days in duration. For the purposes of this chapter service shall also include service in the armed forces of the United States as provided in RCW 41.26.190. Credit shall be allowed for all service credit months of service rendered by a member from and after the member's initial commencement of employment as a firefighter or law enforcement officer, during which the member worked for seventy or more hours, or was on disability leave or disability retirement. Only service credit months of service shall be counted in the computation of any retirement allowance or other benefit provided for in this chapter.

(i) For members retiring after May 21, 1971 who were employed under the coverage of a prior pension act before March 1, 1970, "service" shall also include (A) such military service not exceeding five years as was creditable to the member as of March 1, 1970, under the member's particular prior pension act, and (B) such other periods of service as were then creditable to a particular member under the provisions of RCW 41.18.165, 41.20.160, or 41.20.170. However, in no event shall credit be allowed for any service rendered prior to March 1, 1970, where the member at the time of rendition of such service was employed in a position covered by a prior pension act, unless such service, at the time credit is claimed therefor, is also creditable under the provisions of such prior act.

(ii) A member who is employed by two employers at the same time shall only be credited with service to one such employer for any month during which the member rendered such dual service.

(iii) Reduction efforts such as furloughs, reduced work hours, mandatory leave without pay, temporary layoffs, or other similar situations as contemplated by subsection (15)(c)(iii) of this section do not result in a reduction in service credit that otherwise would have been earned for that month of work, and the member shall receive the full service credit for the hours that were scheduled to be worked before the reduction.

(b)(i) "Service" for plan 2 members, means periods of employment by a member for one or more employers for which basic salary is earned for ninety or more hours per calendar month which shall constitute a service credit month. Periods of employment by a member for one or more employers for which basic salary is earned for at least seventy hours but less than ninety hours per calendar month shall constitute one-half service credit month. Periods of employment by a member for one or more employers for which basic salary is earned for less than seventy hours shall constitute a one-quarter service credit month.

(ii) Members of the retirement system who are elected or appointed to a state elective position may elect to continue to be members of this retirement system.

(iii) Service credit years of service shall be determined by dividing the total number of service credit months of service by twelve. Any fraction of a service credit year of service as so determined shall be taken into account in the computation of such retirement allowance or benefits.

(iv) If a member receives basic salary from two or more employers during any calendar month, the individual shall receive one service credit month's service credit during any calendar month in which multiple service for ninety or more hours is rendered; or one-half service credit month's service credit during any calendar month in which multiple service for at least seventy hours but less than ninety hours is rendered; or one-quarter service credit month during any calendar month in which multiple service for less than seventy hours is rendered.

(v) Reduction efforts such as furloughs, reduced work hours, mandatory leave without pay, temporary layoffs, or other similar situations as contemplated by subsection (15)(c)(iii) of this section do not result in a reduction in service credit that otherwise would have been earned for that month of work, and the member shall receive the full service credit for the hours that were scheduled to be worked before the reduction.

(30) "Service credit month" means a full service credit month or an accumulation of partial service credit months that are equal to one.

(31) "Service credit year" means an accumulation of months of service credit which is equal to one when divided by twelve.

(32) "State actuary" or "actuary" means the person appointed pursuant to RCW 44.44.010(2).

(33) "State elective position" means any position held by any person elected or appointed to statewide office or elected or appointed as a member of the legislature.

(34) "Surviving spouse" means the surviving widow or widower of a member. "Surviving spouse" shall not include the divorced spouse of a member except as provided in RCW 41.26.162.

NEW SECTION. **Sec. 203.** Section 201 of this act expires July 1, 2025.

NEW SECTION. **Sec. 204.** Section 202 of this act takes effect July 1, 2025.

### **Part III**

#### **Pension Overpayment Responsibility**

**Sec. 301.** RCW 41.50.130 and 1997 c 254 s 15 are each amended to read as follows:

(1) The director may at any time correct errors appearing in the records of the retirement systems listed in RCW 41.50.030. Should any error in such records result in any member, beneficiary, or other person or entity receiving more or less than he or she would have been entitled to had the records been correct, the director, subject to the conditions set forth in this section, shall adjust the payment in such a manner that the benefit to which such member, beneficiary, or other person or entity was correctly entitled shall be paid in accordance with the following:

(a) In the case of underpayments to a member or beneficiary, the retirement system shall correct all future payments from the point of error detection, and shall compute the additional payment due for the allowable prior period which shall be paid in a lump sum by the appropriate retirement system.

(b) In the case of overpayments to a retiree or other beneficiary, the retirement system shall adjust the payment so that the retiree or beneficiary receives the benefit to which he or she is correctly entitled. The retiree or beneficiary shall either repay the overpayment in a lump sum within ninety days of notification or, if he or she is entitled to a continuing benefit, elect to have that benefit actuarially reduced by an amount equal to the overpayment. The retiree or beneficiary is not responsible for repaying the overpayment if the employer is liable under RCW 41.50.139 or section 302 of this act.

(c) In the case of overpayments to a person or entity other than a member or beneficiary, the overpayment shall constitute a debt from the person or entity to the department, recovery of which shall not be barred by laches or statute of limitations.

(2) Except in the case of actual fraud or overpayments under section 302 of this act, in the case of overpayments to a member or beneficiary, the benefits shall be adjusted to reflect only the amount of overpayments made within three years of discovery of the error, notwithstanding any provision to the contrary in chapter 4.16 RCW.

(3) Except in the case of actual fraud, no monthly benefit shall be reduced by more than fifty percent of the member's or beneficiary's corrected benefit. Any overpayment not recovered due to the inability to actuarially reduce a member's benefit due to: (a) The provisions of this subsection; or (b) the fact that the retiree's monthly retirement allowance is less than the monthly payment required to effectuate an actuarial reduction, shall constitute a claim against the estate of a member, beneficiary, or other person or entity in receipt of an overpayment.

(4) Except as provided in subsection (2) of this section, obligations of employers or members until paid to the department shall constitute a debt from the employer or member to the department, recovery of which shall not be barred by laches or statutes of limitation.

NEW SECTION. **Sec. 302.** A new section is added to chapter 41.26 RCW to read as follows:

(1) If an overpayment for a law enforcement officers' and firefighters' retirement system plan 2 retiree was due to an employer erroneously reporting law enforcement officers' and firefighters' retirement system plan 2 member information to the department, and the erroneous reporting was not the result of the member's nondisclosure, fraud, misrepresentation, or other fault, the employer is liable for the resulting overpayment.

(2) Upon receipt of a billing from the department, the employer shall pay into the Washington law enforcement officers' and firefighters' system plan 2 retirement fund the amount of the overpayment plus interest as determined by the director. The employer's liability under this section shall not exceed the amount of overpayments plus interest received by the retiree within one year of the date of discovery, except in the case of fraud committed by the employer. In the case of fraud committed by the employer, the employer is liable for the entire overpayment plus interest.

NEW SECTION. **Sec. 303.** Sections 301 and 302 of this act take effect January 1, 2025.

#### **Part IV Disability Pension Benefits**

**Sec. 401.** RCW 41.26.470 and 2016 c 115 s 3 are each amended to read as follows:

(1) A member of the retirement system who becomes totally incapacitated for continued employment by an employer as determined by the director shall be eligible to receive an allowance under the provisions of RCW 41.26.410 through 41.26.550. Such member shall receive a monthly disability allowance computed as provided for in RCW 41.26.420 and shall have such allowance actuarially reduced to reflect the difference in the number of years between age at disability and the attainment of age fifty-three, except under subsection (7) of this section.

(2) Any member who receives an allowance under the provisions of this section shall be subject to such comprehensive medical examinations as required by the department. If such medical examinations reveal that such a member has recovered from the incapacitating disability and the member is no longer entitled to benefits under Title 51 RCW, the retirement allowance shall be canceled and the member shall be restored to duty in the same civil service rank, if any, held by the member at the time of retirement or, if unable to perform the duties of the rank, then, at the member's request, in such other like or lesser rank as may be or become open and available, the duties of which the member is then able to perform. In no event shall a member previously drawing a disability allowance be returned or be restored to duty at a salary or rate of pay less than the current salary attached to the rank or position held by the member at the date of the retirement for disability. If the department determines that the member is able to return to service, the member is entitled to notice and a hearing. Both the notice and the hearing shall comply with the requirements of chapter 34.05 RCW, the administrative procedure act.

(3) Those members subject to this chapter who became disabled in the line of duty on or after July 23, 1989, and who receive benefits under RCW 41.04.500 through 41.04.530 or similar benefits under RCW 41.04.535 shall receive or continue to receive service credit subject to the following:

(a) No member may receive more than one month's service credit in a calendar month.

(b) No service credit under this section may be allowed after a member separates or is separated without leave of absence.

(c) Employer contributions shall be paid by the employer at the rate in effect for the period of the service credited.

(d) Employee contributions shall be collected by the employer and paid to the department at the rate in effect for the period of service credited.

(e) State contributions shall be as provided in RCW 41.45.060 and 41.45.067.

(f) Contributions shall be based on the regular compensation which the member would have received had the disability not occurred.

(g) The service and compensation credit under this section shall be granted for a period not to exceed six consecutive months.

(h) Should the legislature revoke the service credit authorized under this section or repeal this section, no affected employee is entitled to receive the credit as a matter of contractual right.

(4) (a) If the recipient of a monthly retirement allowance under this section dies before the total of the retirement allowance paid to the recipient equals the amount of the accumulated contributions at the date of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the recipient has nominated by written designation duly executed and filed with the director, or, if there is no such designated person or persons still living at the time of the recipient's death, then to the surviving spouse or domestic partner, or, if there is neither such designated person or persons still living at the time of his or her death nor a surviving spouse or domestic partner, then to his or her legal representative.

(b) If a recipient of a monthly retirement allowance under this section died before April 27, 1989, and before the total of the retirement allowance paid to the recipient equaled the amount of his or her accumulated contributions at the date of retirement, then the department shall pay the balance of the accumulated contributions to the member's surviving spouse or, if there is no surviving spouse, then in equal shares to the member's children. If there is no surviving spouse or children, the department shall retain the contributions.

(5) Should the disability retirement allowance of any disability beneficiary be canceled for any cause other than reentrance into service or retirement for service, he or she shall be paid the excess, if any, of the accumulated contributions at the time of retirement over all payments made on his or her behalf under this chapter.

(6) A member who becomes disabled in the line of duty, and who ceases to be an employee of an employer except by service or disability retirement, may request a refund of one hundred fifty percent of the member's accumulated contributions. Any accumulated contributions attributable to restorations made under RCW 41.50.165(2) shall be refunded at one hundred percent. A person in receipt of this benefit is a retiree.

(7) A member who becomes disabled in the line of duty shall be entitled to receive a minimum retirement allowance equal to ten percent of such member's final average salary. The member shall additionally receive a retirement allowance equal to two percent of such member's average final salary for each year of service beyond five.

(8) A member who became disabled in the line of duty before January 1, 2001, and is receiving an allowance under RCW 41.26.430 or subsection (1) of this section shall be entitled to receive a minimum retirement allowance equal to ten percent of such member's final average salary. The member shall additionally receive a retirement allowance equal to two percent of such member's average final salary for each year of service beyond five, and shall have the allowance actuarially reduced to reflect the difference in the number of years between age at disability and the attainment of age fifty-three. An additional benefit shall not result in a total monthly benefit greater than that provided in subsection (1) of this section.

(9) A member who is totally disabled in the line of duty is entitled to receive a retirement allowance equal to seventy percent of the member's final average salary. The allowance provided under this subsection shall be offset by:

(a) Temporary disability wage-replacement benefits or permanent total disability benefits provided to the member under Title 51 RCW; and

(b) Federal social security disability benefits, if any;

so that such an allowance does not result in the member receiving combined benefits that exceed one hundred percent of the member's final average salary. However, the offsets shall not in any case reduce the allowance provided under this subsection below the member's accrued retirement allowance.

A member is considered totally disabled if he or she is unable to perform any substantial gainful activity due to a physical or mental condition that may be expected to result in death or that has lasted or is expected to last at least twelve months. Substantial gainful activity is defined as average earnings in excess of eight hundred sixty dollars a month in 2006 adjusted annually as determined by the director based on federal social security disability standards. The department may require a person in receipt of an allowance under this subsection to provide any financial records that are necessary to determine continued eligibility for such an allowance. A person in receipt of an allowance under this subsection whose earnings exceed the threshold for substantial gainful activity shall have their benefit converted to a line-of-duty disability retirement allowance as provided in subsection (7) of this section.

Any person in receipt of an allowance under the provisions of this section is subject to comprehensive medical examinations as may be required by the department under subsection (2) of this section in order to determine continued eligibility for such an allowance.

(10) (a) In addition to the retirement allowance provided in subsection (9) of this section, the retirement allowance of a member who is totally disabled in the line of duty shall include reimbursement for any payments made by the member after June 10, 2010, for premiums on employer-provided medical insurance, insurance authorized by the consolidated omnibus budget reconciliation act of 1985 (COBRA), medicare part A (hospital insurance), and medicare part B (medical insurance). A member who is entitled to medicare must enroll and maintain enrollment in both medicare part A and medicare part B in order to remain eligible for the reimbursement provided in this subsection. The legislature reserves the right to amend or repeal the benefits provided in this subsection in the future and no member or beneficiary has a contractual right to receive any distribution not granted prior to that time.

(b) The retirement allowance of a member who is not eligible for reimbursement provided in (a) of this subsection shall include reimbursement for any payments made after June 30, 2013, for premiums on other medical insurance. However, in no instance shall the reimbursement exceed the amount reimbursed for premiums authorized by the consolidated omnibus budget reconciliation act of 1985 (COBRA).

(11) A member who has left the employ of an employer due to service in the national guard, military reserves, federal emergency management agency, or national disaster medical system of the United States department of health and human services and who becomes totally incapacitated for continued employment by an employer as determined by the director while performing service in response to a disaster, major emergency, special event, federal exercise, or official training on or after March 22, 2014, shall be eligible to receive an allowance under the provisions of RCW 41.26.410 through 41.26.550. Such member shall receive a monthly disability allowance computed as provided for in RCW 41.26.420 except such allowance is not subject to an actuarial reduction for early retirement as provided in RCW 41.26.430. The member's retirement allowance is computed under RCW 41.26.420, except that the member shall be entitled to a minimum retirement allowance equal to ten percent of such member's final average salary. The member shall additionally receive a retirement allowance equal to two percent of such member's average final salary for each year of service beyond five.

(12) A member who is in receipt of a nonduty disability benefit under subsection (1) of this section, for a disabling condition that was not considered an occupational disease by the department of labor and industries at the time the member retired but is now considered an occupational disease in accordance with the definition of posttraumatic stress disorder in RCW 51.08.165, may file a new application with the department for a determination of their eligibility for an in the line of duty disability retirement benefit under subsections (7) and (9) of this section with the current occupational disease eligibility applied to their application. If the department finds that the member is eligible for an in the line of duty disability retirement the benefit must be paid retroactive to the disabling condition being made eligible as an occupational disease under RCW 51.08.165.

#### **Part V**

#### **Civil Service Exemption for Management and Research Personnel**

**Sec. 501.** RCW 41.26.717 and 2018 c 272 s 2 are each amended to read as follows:

The law enforcement officers' and firefighters' plan 2 retirement board established in section 4, chapter 2, Laws of 2003 has the following duties and powers in addition to any other duties or powers authorized or required by law. The board:

(1) Shall hire an executive director, and shall fix the salary of the executive director subject to periodic review by the board and in consultation with the director of the office of financial management and shall provide notice to the chairs of the house of representatives and senate fiscal committees of changes;

(2) Shall employ a deputy director and research and policy analysts who shall be exempt from civil service under chapter 41.06 RCW. Compensation levels for the deputy director and research and policy analysts employed by the board shall be established and fixed by the board in consultation with the director of the office of financial management. When setting salaries for these positions, the board must consider comparable public sector positions using market-driven data. Once compensation levels are determined, the board shall provide notice to the chairs of the fiscal committees of the house of representatives and the senate of proposed changes to the compensation levels for the positions;

(3) Shall employ other staff as necessary to implement the purposes of chapter 2, Laws of 2003. Staff must be state employees under ~~(Title 41 RCW)~~ this title;

~~((3))~~ (4) Shall adopt an annual budget as provided in section 5, chapter 2, Laws of 2003. Expenses of the board are paid from the expense fund created in RCW 41.26.732;

~~((4))~~ (5) May make, execute, and deliver contracts, conveyances, and other instruments necessary to exercise and discharge its powers and duties;

~~((5))~~ (6) May contract for all or part of the services necessary for the management and operation of the board with other state or nonstate entities authorized to do business in the state; and

~~((6))~~ (7) May contract with actuaries, auditors, and other consultants as necessary to carry out its responsibilities."

Correct the title.

Referred to Committee on Rules for second reading

2SSB 6228

Prime Sponsor, Ways & Means: Concerning treatment of substance use disorders. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Health Care & Wellness.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that ensuring that individuals with substance use disorders can enter into and complete residential addiction treatment is an important public policy objective. Substance use disorder providers forcing patients to leave treatment prematurely and insurance authorization barriers both present impediments to realizing this goal.

(2) The legislature further finds that patients with substance use disorders should be provided information regarding and access to the full panoply of treatment options for their condition, as would be the case with any other life-threatening disease. Pharmacotherapies are incredibly effective and severely underutilized tools in the treatment of opioid use disorder and alcohol use disorder. The federal food and drug administration has approved three medications for the treatment of opioid use disorder and three medications for the treatment of alcohol use disorder. Only 37 percent of individuals with opioid use disorder and nine percent of individuals with alcohol use disorder receive medication to treat their condition.

(3) Therefore, it is the intent of the legislature to reduce forced patient discharges from residential addiction treatment, to remove arbitrary insurance authorization barriers to residential addiction treatment, and to ensure that patients with opioid use disorder and alcohol use disorder receive access to care that is consistent with clinical best practices.

**NEW SECTION. Sec. 2.** A new section is added to chapter 71.24 RCW to read as follows:

(1)(a) By October 1, 2024, each licensed or certified behavioral health agency providing voluntary inpatient or residential substance use disorder treatment services or withdrawal management services shall submit to the department any policies that the agency maintains regarding the transfer or discharge of a person without the person's consent from a facility providing those services. The policies that agencies must submit include any policies related to situations in which the agency transfers or discharges a person without the person's consent, therapeutic progressive disciplinary processes that the agency maintains, and procedures to assure safe transfers and discharges when a patient is discharged without the patient's consent. Behavioral health agencies that do not maintain such policies must provide an attestation to this effect.

(b) By April 1, 2025, the department shall adopt a model policy for licensed or certified behavioral health agencies providing voluntary inpatient or residential substance use disorder treatment services or withdrawal management services to consider when adopting policies related to the transfer or discharge of a person without the person's consent from a facility providing those services. In developing the model policy, the department shall consider the policies submitted by agencies under (a) of this subsection and establish factors to be used in making a decision to transfer or discharge a person without the person's consent. Factors may include, but are not limited to, the person's medical condition, the clinical determination that the person no longer requires treatment or withdrawal management services at the facility, the risk of physical injury presented by the person to the person's self or to other persons at the facility, the extent to which the person's behavior risks the recovery goals of other persons at the facility, and the extent to which the agency has applied a therapeutic progressive disciplinary process. The model policy must include provisions addressing the use of an appropriate therapeutic progressive disciplinary process and procedures to assure safe transfers and discharges of a patient who is discharged without the patient's consent.

(2)(a) Beginning July 1, 2025, every licensed or certified behavioral health agency providing voluntary inpatient or residential substance use disorder treatment services or withdrawal management services shall submit a report to the department for each instance in which a person receiving services either: (i) Was transferred or discharged from the facility by the agency without the person's consent; or (ii) released the person's self from the facility prior to a clinical determination that the person had completed treatment.

(b) The department shall adopt rules to implement the reporting requirement under (a) of this subsection, using a standard form. The rules must require that the agency provide a description of the circumstances related to the person's departure from the facility, including whether the departure was voluntary or involuntary, the extent to which a therapeutic progressive disciplinary process was applied, the patient's self-reported understanding of the reasons for discharge, efforts that were made to avert the discharge, and efforts that were made to establish a safe discharge plan prior to the patient leaving the facility.

(3) Patient health care information contained in reports submitted under subsection (2) of this section is exempt from disclosure under RCW 42.56.360.

(4) This section does not apply to hospitals licensed under chapter 70.41 RCW and psychiatric hospitals licensed under chapter 71.12 RCW.

**NEW SECTION. Sec. 3.** A new section is added to chapter 28B.20 RCW to read as follows:

The addictions, drug, and alcohol institute at the University of Washington shall create a patient shared decision-making tool to assist behavioral health and medical providers when

discussing medication treatment options for patients with alcohol use disorder. The institute shall distribute the tool to behavioral health and medical providers and instruct them on ways to incorporate the use of the tool into their practices. The institute shall conduct regular evaluations of the tool and update the tool as necessary.

**Sec. 4.** RCW 71.24.037 and 2023 c 454 s 2 are each amended to read as follows:

(1) The secretary shall license or certify any agency or facility that: (a) Submits payment of the fee established under RCW 43.70.110 and 43.70.250; (b) submits a complete application that demonstrates the ability to comply with requirements for operating and maintaining an agency or facility in statute or rule; and (c) successfully completes the precicensure inspection requirement.

(2) The secretary shall establish by rule minimum standards for licensed or certified behavioral health agencies that must, at a minimum, establish: (a) Qualifications for staff providing services directly to persons with mental disorders, substance use disorders, or both; (b) the intended result of each service; and (c) the rights and responsibilities of persons receiving behavioral health services pursuant to this chapter and chapter 71.05 RCW. The secretary shall provide for deeming of licensed or certified behavioral health agencies as meeting state minimum standards as a result of accreditation by a recognized behavioral health accrediting body recognized and having a current agreement with the department.

(3) The department shall review reports or other information alleging a failure to comply with this chapter or the standards and rules adopted under this chapter and may initiate investigations and enforcement actions based on those reports.

(4) The department shall conduct inspections of agencies and facilities, including reviews of records and documents required to be maintained under this chapter or rules adopted under this chapter.

(5) The department may suspend, revoke, limit, restrict, or modify an approval, or refuse to grant approval, for failure to meet the provisions of this chapter, or the standards adopted under this chapter. RCW 43.70.115 governs notice of a license or certification denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(6) No licensed or certified behavioral health agency may advertise or represent itself as a licensed or certified behavioral health agency if approval has not been granted or has been denied, suspended, revoked, or canceled.

(7) Licensure or certification as a behavioral health agency is effective for one calendar year from the date of issuance of the license or certification. The license or certification must specify the types of services provided by the behavioral health agency that meet the standards adopted under this chapter. Renewal of a license or certification must be made in accordance with this section for initial approval and in accordance with the standards set forth in rules adopted by the secretary.

(8) Licensure or certification as a licensed or certified behavioral health agency must specify the types of services provided that meet the standards adopted under this chapter. Renewal of a license or certification must be made in accordance with this section for initial approval and in accordance with the standards set forth in rules adopted by the secretary.

(9) The department shall develop a process by which a provider may obtain dual licensure as an evaluation and treatment facility and secure withdrawal management and stabilization facility.

(10) Licensed or certified behavioral health agencies may not provide types of services for which the licensed or certified behavioral health agency has not been certified. Licensed or certified behavioral health agencies may provide services for which approval has been sought and is pending, if approval for the services has not been previously revoked or denied.

(11) The department periodically shall inspect licensed or certified behavioral health agencies at reasonable times and in a reasonable manner.

(12) Upon petition of the department and after a hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the department authorizing him or her to enter and inspect at reasonable times, and examine the books and accounts of, any licensed or certified behavioral health agency refusing to consent to inspection or examination by the department or which the department has reasonable cause to believe is operating in violation of this chapter.

(13) The department shall maintain and periodically publish a current list of licensed or certified behavioral health agencies.

(14) Each licensed or certified behavioral health agency shall file with the department or the authority upon request, data, statistics, schedules, and information the department or the authority reasonably requires. A licensed or certified behavioral health agency that without good cause fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent returns thereof, may have its license or certification revoked or suspended.

(15) The authority shall use the data provided in subsection (14) of this section to evaluate each program that admits children to inpatient substance use disorder treatment upon application of their parents. The evaluation must be done at least once every twelve months. In addition, the authority shall randomly select and review the information on individual children who are admitted on application of the child's parent for the purpose of determining whether the child was appropriately placed into substance use disorder treatment based on an objective evaluation of the child's condition and the outcome of the child's treatment.

(16) Any settlement agreement entered into between the department and licensed or certified behavioral health agencies to resolve administrative complaints, license or certification violations, license or certification suspensions, or license or certification revocations may not reduce the number of violations reported by the department unless the department concludes, based on evidence gathered by inspectors, that the licensed or certified behavioral health agency did not commit one or more of the violations.

(17) In cases in which a behavioral health agency that is in violation of licensing or certification standards attempts to transfer or sell the behavioral health agency to a family member, the transfer or sale may only be made for the purpose of remedying license or certification violations and achieving full compliance with the terms of the license or certification. Transfers or sales to family members are prohibited in cases in which the purpose of the transfer or sale is to avoid liability or reset the number of license or certification violations found before the transfer or sale. If the department finds that the owner intends to transfer or sell, or has completed the transfer or sale of, ownership of the behavioral health agency to a family member solely for the purpose of resetting the number of violations found before the transfer or sale, the department may not renew the behavioral health agency's license or certification or issue a new license or certification to the behavioral health service provider.

(18) Every licensed or certified outpatient behavioral health agency shall display the 988 crisis hotline number in common areas of the premises and include the number as a calling option on any phone message for persons calling the agency after business hours.

(19) Every licensed or certified inpatient or residential behavioral health agency must include the 988 crisis hotline number in the discharge summary provided to individuals being discharged from inpatient or residential services.

(20)(a) Licensed or certified behavioral health agencies providing voluntary inpatient or residential substance use disorder treatment services or withdrawal management services:

(i) Must comply with the policy submission and mandatory reporting requirements established in section 2 of this act; and

(ii) May not prohibit a person from receiving services at or being admitted to the agency based solely on prior instances of the person releasing the person's self from the facility prior to a clinical determination that the person had completed treatment.

(b) This subsection (20) does not apply to hospitals licensed under chapter 70.41 RCW and psychiatric hospitals licensed under chapter 71.12 RCW.

(21)(a) A licensed or certified behavioral health agency shall provide each patient seeking treatment for opioid use disorder or alcohol use disorder, whether receiving inpatient or outpatient treatment, with education related to pharmacological treatment options specific to the patient's diagnosed condition. The education must include an unbiased explanation of all recognized forms of treatment approved by the federal food and drug administration, as required under RCW 7.70.050 and 7.70.060, that are clinically appropriate for the patient and covered by the patient's insurance. Providers may use the patient shared decision-making tools for opioid use disorder and alcohol use disorder developed by the addictions, drug, and alcohol institute at the University of Washington. If the patient elects a clinically appropriate pharmacological treatment option, the behavioral health agency shall support the patient with the implementation of the pharmacological treatment either by direct provision of the medication or by a warm handoff referral, if the treating provider is unable to directly provide the medication.

(b) Unless it meets the requirements of (a) of this subsection, a behavioral health agency may not:

(i) Advertise that it treats opioid use disorder or alcohol use disorder; or

(ii) Treat patients for opioid use disorder or alcohol use disorder, regardless of the form of treatment that the patient chooses.

(c)(i) Failure to meet the education requirements of (a) of this subsection may be an element of proof in demonstrating a breach of the duty to secure an informed consent under RCW 7.70.050.

(ii) Failure to meet the education and facilitation requirements of (a) of this subsection may be the basis of a disciplinary action under this section.

(d) Subsections (b) and (c) of this subsection do not apply to licensed behavioral health agencies that are units within a hospital licensed under chapter 70.41 RCW or a psychiatric hospital licensed under chapter 71.12 RCW.

**NEW SECTION. Sec. 5.** A new section is added to chapter 70.41 RCW to read as follows:

A hospital licensed under this chapter shall provide each patient seeking treatment for opioid use disorder or alcohol use disorder with education related to pharmacological treatment options specific to the patient's diagnosed condition. The education must include an unbiased explanation of all recognized forms of treatment approved by the federal food and drug administration, as required under RCW 7.70.050 and 7.70.060, that are clinically appropriate for the patient and covered by the patient's insurance. A hospital may use the patient shared decision-making tools for opioid use disorder and alcohol use disorder developed by the University of Washington addictions, drug, and alcohol institute. If the patient elects a clinically appropriate pharmacological treatment option, the hospital shall support the patient with the implementation of the pharmacological treatment, either by direct provision of the medication or by a referral, if the hospital is unable to directly provide the medication.

**NEW SECTION. Sec. 6.** A new section is added to chapter 71.24 RCW to read as follows:

(1) If a behavioral health provider or licensed or certified behavioral health agency that provides withdrawal management services to a patient seeks to discontinue usage or reduce dosage amounts of a medication, including a psychotropic medication, that the patient has been using in accordance with the directions of a prescribing health care provider, the withdrawal management provider shall engage in individualized, patient-centered, shared decision making, using nonjudgmental and compassionate communication and, with the consent of the patient, make a good faith effort to consult the prescribing health care provider. A withdrawal management provider may not, by philosophy or practice, categorically require all patients to discontinue all psychotropic medications, including benzodiazepines and medications for attention deficit hyperactivity disorder.

(2) This section does not apply to hospitals licensed under chapter 70.41 RCW and psychiatric hospitals licensed under chapter 71.12 RCW.

**Sec. 7.** RCW 41.05.526 and 2020 c 345 s 2 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, a health plan offered to employees and their covered dependents under this chapter issued or renewed on or after January 1, 2021, may not require an enrollee to obtain prior authorization for withdrawal management services or inpatient or residential substance use disorder treatment services in a behavioral health agency licensed or certified under RCW 71.24.037.

(2) (a) A health plan offered to employees and their covered dependents under this chapter issued or renewed on or after January 1, 2021, must:

(i) Provide coverage for no less than two business days, excluding weekends and holidays, in a behavioral health agency that provides inpatient or residential substance use disorder treatment prior to conducting a utilization review; and

(ii) Provide coverage for no less than three days in a behavioral health agency that provides withdrawal management services prior to conducting a utilization review.

(b) (i) The health plan may not require an enrollee to obtain prior authorization for the services specified in (a) of this subsection as a condition for payment of services prior to the times specified in (a) of this subsection.

(ii) Once the times specified in (a) of this subsection have passed, the health plan may initiate utilization management review procedures if the behavioral health agency continues to provide services or is in the process of arranging for a seamless transfer to an appropriate facility or lower level of care under subsection (6) of this section. For a health plan issued or renewed on or after January 1, 2025, if a health plan authorizes inpatient or residential substance use disorder treatment services pursuant to (a) (i) of this subsection following the initial medical necessity review process under (c) (iii) of this subsection, the length of the initial authorization may not be less than 14 days from the date that the patient was admitted to the behavioral health agency. Any subsequent reauthorization that the health plan approves after the first 14 days must continue for no less than seven days prior to requiring further reauthorization. Nothing prohibits a health plan from requesting information to assist with a seamless transfer under this subsection.

(c) (i) The behavioral health agency under (a) of this subsection must notify an enrollee's health plan as soon as practicable after admitting the enrollee, but not later than twenty-four hours after admitting the enrollee. The time of notification does not reduce the requirements established in (a) of this subsection.

(ii) The behavioral health agency under (a) of this subsection must provide the health plan with its initial assessment and initial treatment plan for the enrollee within two business days of admission, excluding weekends and holidays, or within three days in the case of a behavioral health agency that provides withdrawal management services.

(iii) After the time period in (a) of this subsection and receipt of the material provided under (c) (ii) of this subsection, the plan may initiate a medical necessity review process. Medical necessity review must be based on the standard set of criteria established under RCW 41.05.528. In a review for inpatient or residential substance use disorder treatment services, a health plan may not make a determination that a patient does not meet medical necessity criteria based primarily on the patient's length of abstinence. If the patient's abstinence from substance use was due to incarceration, hospitalization, or inpatient treatment, a health plan may not consider the patient's length of abstinence in determining medical necessity. If the health plan determines within one business day from the start of the medical necessity review period and receipt of the material provided under (c) (ii) of this subsection that the admission to the facility was not medically necessary and advises the agency of the decision in writing, the health plan is not required to pay the facility for services delivered after the start of the medical necessity review period, subject to the conclusion of a filed appeal of the adverse benefit determination. If the health plan's medical necessity review is completed more than one business day after ~~(the)~~ the start of the medical necessity review period and receipt of the material provided under (c) (ii) of this subsection, the health plan must pay for the services delivered from the time of admission until the time at which the medical necessity review is completed and the agency is advised of the decision in writing.

(3) (a) The behavioral health agency shall document to the health plan the patient's need for continuing care and justification for level of care placement following the current treatment period, based on the standard set of criteria established under RCW 41.05.528, with documentation recorded in the patient's medical record.

(b) For a health plan issued or renewed on or after January 1, 2025, for inpatient or residential substance use disorder treatment services, the health plan may not consider the

patient's length of stay at the behavioral health agency when making decisions regarding the authorization to continue care at the behavioral health agency.

(4) Nothing in this section prevents a health carrier from denying coverage based on insurance fraud.

(5) If the behavioral health agency under subsection (2)(a) of this section is not in the enrollee's network:

(a) The health plan is not responsible for reimbursing the behavioral health agency at a greater rate than would be paid had the agency been in the enrollee's network; and

(b) The behavioral health agency may not balance bill, as defined in RCW 48.43.005.

(6) When the treatment plan approved by the health plan involves transfer of the enrollee to a different facility or to a lower level of care, the care coordination unit of the health plan shall work with the current agency to make arrangements for a seamless transfer as soon as possible to an appropriate and available facility or level of care. The health plan shall pay the agency for the cost of care at the current facility until the seamless transfer to the different facility or lower level of care is complete. A seamless transfer to a lower level of care may include same day or next day appointments for outpatient care, and does not include payment for nontreatment services, such as housing services. If placement with an agency in the health plan's network is not available, the health plan shall pay the current agency until a seamless transfer arrangement is made.

(7) The requirements of this section do not apply to treatment provided in out-of-state facilities.

(8) For the purposes of this section "withdrawal management services" means twenty-four hour medically managed or medically monitored detoxification and assessment and treatment referral for adults or adolescents withdrawing from alcohol or drugs, which may include induction on medications for addiction recovery.

**Sec. 8.** RCW 48.43.761 and 2020 c 345 s 3 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, a health plan issued or renewed on or after January 1, 2021, may not require an enrollee to obtain prior authorization for withdrawal management services or inpatient or residential substance use disorder treatment services in a behavioral health agency licensed or certified under RCW 71.24.037.

(2)(a) A health plan issued or renewed on or after January 1, 2021, must:

(i) Provide coverage for no less than two business days, excluding weekends and holidays, in a behavioral health agency that provides inpatient or residential substance use disorder treatment prior to conducting a utilization review; and

(ii) Provide coverage for no less than three days in a behavioral health agency that provides withdrawal management services prior to conducting a utilization review.

(b)(i) The health plan may not require an enrollee to obtain prior authorization for the services specified in (a) of this subsection as a condition for payment of services prior to the times specified in (a) of this subsection.

(ii) Once the times specified in (a) of this subsection have passed, the health plan may initiate utilization management review procedures if the behavioral health agency continues to provide services or is in the process of arranging for a seamless transfer to an appropriate facility or lower level of care under subsection (6) of this section. For a health plan issued or renewed on or after January 1, 2025, if a health plan authorizes inpatient or residential substance use disorder treatment services pursuant to (a)(i) of this subsection following the initial medical necessity review process under (c)(iii) of this subsection, the length of the initial authorization may not be less than 14 days from the date that the patient was admitted to the behavioral health agency. Any subsequent reauthorization that the health plan approves after the first 14 days must continue for no less than seven days prior to requiring further reauthorization. Nothing prohibits a health plan from requesting information to assist with a seamless transfer under this subsection.

(c)(i) The behavioral health agency under (a) of this subsection must notify an enrollee's health plan as soon as practicable after admitting the enrollee, but not later than twenty-four hours after admitting the enrollee. The time of notification does not reduce the requirements established in (a) of this subsection.

(ii) The behavioral health agency under (a) of this subsection must provide the health plan with its initial assessment and initial treatment plan for the enrollee within two business days of admission, excluding weekends and holidays, or within three days in the case of a behavioral health agency that provides withdrawal management services.

(iii) After the time period in (a) of this subsection and receipt of the material provided under (c)(ii) of this subsection, the plan may initiate a medical necessity review process. Medical necessity review must be based on the standard set of criteria established under RCW 41.05.528. In a review for inpatient or residential substance use disorder treatment services, a health plan may not make a determination that a patient does not meet medical necessity criteria based primarily on the patient's length of abstinence. If the patient's abstinence from substance use was due to incarceration, hospitalization, or inpatient treatment, a health plan may not consider the patient's length of abstinence in determining medical necessity. If the health plan determines within one business day from the start of the medical necessity review period and receipt of the material provided under (c)

(ii) of this subsection that the admission to the facility was not medically necessary and advises the agency of the decision in writing, the health plan is not required to pay the facility for services delivered after the start of the medical necessity review period, subject to the conclusion of a filed appeal of the adverse benefit determination. If the health plan's medical necessity review is completed more than one business day after

(~~the~~)the start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection, the health plan must pay for the services delivered from the time of admission until the time at which the medical necessity review is completed and the agency is advised of the decision in writing.

(3)(a) The behavioral health agency shall document to the health plan the patient's need for continuing care and justification for level of care placement following the current treatment period, based on the standard set of criteria established under RCW 41.05.528, with documentation recorded in the patient's medical record.

(b) For a health plan issued or renewed on or after January 1, 2025, for inpatient or residential substance use disorder treatment services, the health plan may not consider the patient's length of stay at the behavioral health agency when making decisions regarding the authorization to continue care at the behavioral health agency.

(4) Nothing in this section prevents a health carrier from denying coverage based on insurance fraud.

(5) If the behavioral health agency under subsection (2)(a) of this section is not in the enrollee's network:

(a) The health plan is not responsible for reimbursing the behavioral health agency at a greater rate than would be paid had the agency been in the enrollee's network; and

(b) The behavioral health agency may not balance bill, as defined in RCW 48.43.005.

(6) When the treatment plan approved by the health plan involves transfer of the enrollee to a different facility or to a lower level of care, the care coordination unit of the health plan shall work with the current agency to make arrangements for a seamless transfer as soon as possible to an appropriate and available facility or level of care. The health plan shall pay the agency for the cost of care at the current facility until the seamless transfer to the different facility or lower level of care is complete. A seamless transfer to a lower level of care may include same day or next day appointments for outpatient care, and does not include payment for nontreatment services, such as housing services. If placement with an agency in the health plan's network is not available, the health plan shall pay the current agency until a seamless transfer arrangement is made.

(7) The requirements of this section do not apply to treatment provided in out-of-state facilities.

(8) For the purposes of this section "withdrawal management services" means twenty-four hour medically managed or medically monitored detoxification and assessment and treatment referral for adults or adolescents withdrawing from alcohol or drugs, which may include induction on medications for addiction recovery.

**Sec. 9.** RCW 71.24.618 and 2020 c 345 s 4 are each amended to read as follows:

(1) Beginning January 1, 2021, a managed care organization may not require an enrollee to obtain prior authorization for withdrawal management services or inpatient or residential substance use disorder treatment services in a behavioral health agency licensed or certified under RCW 71.24.037.

(2)(a) Beginning January 1, 2021, a managed care organization must:

(i) Provide coverage for no less than two business days, excluding weekends and holidays, in a behavioral health agency that provides inpatient or residential substance use disorder treatment prior to conducting a utilization review; and

(ii) Provide coverage for no less than three days in a behavioral health agency that provides withdrawal management services prior to conducting a utilization review.

(b)(i) The managed care organization may not require an enrollee to obtain prior authorization for the services specified in (a) of this subsection as a condition for payment of services prior to the times specified in (a) of this subsection.

(ii) Once the times specified in (a) of this subsection have passed, the managed care organization may initiate utilization management review procedures if the behavioral health agency continues to provide services or is in the process of arranging for a seamless transfer to an appropriate facility or lower level of care under subsection (6) of this section. Beginning January 1, 2025, if a managed care organization authorizes inpatient or residential substance use disorder treatment services pursuant to (a)(i) of this subsection following the initial medical necessity review process under (c)(iii) of this subsection, the length of the initial authorization may not be less than 14 days from the date that the patient was admitted to the behavioral health agency. Any subsequent reauthorization that the managed care organization approves after the first 14 days must continue for no less than seven days prior to requiring further reauthorization. Nothing prohibits a managed care organization from requesting information to assist with a seamless transfer under this subsection.

(c)(i) The behavioral health agency under (a) of this subsection must notify an enrollee's managed care organization as soon as practicable after admitting the enrollee, but not later than twenty-four hours after admitting the enrollee. The time of notification does not reduce the requirements established in (a) of this subsection.

(ii) The behavioral health agency under (a) of this subsection must provide the managed care organization with its initial assessment and initial treatment plan for the enrollee within two business days of admission, excluding weekends and holidays, or within three days in the case of a behavioral health agency that provides withdrawal management services.

(iii) After the time period in (a) of this subsection and receipt of the material provided under (c)(ii) of this subsection, the managed care organization may initiate a medical necessity review process. Medical necessity review must be based on the standard set of criteria established under RCW 41.05.528. In a review for inpatient or residential

substance use disorder treatment services, a managed care organization may not make a determination that a patient does not meet medical necessity criteria based primarily on the patient's length of abstinence. If the patient's abstinence from substance use was due to incarceration, hospitalization, or inpatient treatment, a managed care organization may not consider the patient's length of abstinence in determining medical necessity. If the managed care organization's medical necessity review is completed more than one business day after ~~((the))~~ the start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection, the managed care organization must pay for the services delivered from the time of admission until the time at which the medical necessity review is completed and the agency is advised of the decision in writing.

(3)(a) The behavioral health agency shall document to the managed care organization the patient's need for continuing care and justification for level of care placement following the current treatment period, based on the standard set of criteria established under RCW 41.05.528, with documentation recorded in the patient's medical record.

(b) Beginning January 1, 2025, for inpatient or residential substance use disorder treatment services, the managed care organization may not consider the patient's length of stay at the behavioral health agency when making decisions regarding the authorization to continue care at the behavioral health agency.

(4) Nothing in this section prevents a health carrier from denying coverage based on insurance fraud.

(5) If the behavioral health agency under subsection (2)(a) of this section is not in the enrollee's network:

(a) The managed care organization is not responsible for reimbursing the behavioral health agency at a greater rate than would be paid had the agency been in the enrollee's network; and

(b) The behavioral health agency may not balance bill, as defined in RCW 48.43.005.

(6) When the treatment plan approved by the managed care organization involves transfer of the enrollee to a different facility or to a lower level of care, the care coordination unit of the managed care organization shall work with the current agency to make arrangements for a seamless transfer as soon as possible to an appropriate and available facility or level of care. The managed care organization shall pay the agency for the cost of care at the current facility until the seamless transfer to the different facility or lower level of care is complete. A seamless transfer to a lower level of care may include same day or next day appointments for outpatient care, and does not include payment for nontreatment services, such as housing services. If placement with an agency in the managed care organization's network is not available, the managed care organization shall pay the current agency at the service level until a seamless transfer arrangement is made.

(7) The requirements of this section do not apply to treatment provided in out-of-state facilities.

(8) For the purposes of this section "withdrawal management services" means twenty-four hour medically managed or medically monitored detoxification and assessment and treatment referral for adults or adolescents withdrawing from alcohol or drugs, which may include induction on medications for addiction recovery.

**NEW SECTION. Sec. 10.** (1) The health care authority, in collaboration with the insurance commissioner, shall convene a work group consisting of commercial health carriers, medicaid managed care organizations, and behavioral health agencies that provide inpatient or residential substance use disorder treatment services. The work group shall develop recommendations for streamlining commercial health carrier and medicaid managed care organization requirements and processes related to the authorization and reauthorization of inpatient or residential substance use disorder treatment. The recommendations must include a universal format accepted by all health carriers and medicaid managed care organizations for behavioral health agencies to use for service authorization and reauthorization requests with common data requirements and a standardized form and simplified electronic process. The health care authority shall submit the recommendations of the work group to the appropriate policy committees of the legislature by December 1, 2024.

(2) This section expires June 1, 2025.

**NEW SECTION. Sec. 11.** A new section is added to chapter 41.05 RCW to read as follows:  
When updated versions of the ASAM Criteria, treatment criteria for addictive, substance related, and co-occurring conditions, inclusive of adolescent and transition age youth versions, are published by the American society of addiction medicine, the health care authority and the office of the insurance commissioner shall jointly determine whether to use the updated version, and, if so, the date upon which the updated version must begin to be used by medicaid managed care organizations, carriers, and other relevant entities. Both agencies shall post notice of their decision on their websites. For purposes of the ASAM Criteria, 4th edition, medicaid managed care organizations and carriers shall begin to use the updated criteria no later than January 1, 2026, unless the health care authority and the office of the insurance commissioner jointly determine that it should not be used.

**NEW SECTION. Sec. 12.** A new section is added to chapter 48.43 RCW to read as follows:

When updated versions of the ASAM Criteria, treatment criteria for addictive, substance related, and co-occurring conditions, inclusive of adolescent and transition age youth versions, are published by the American society of addiction medicine, the health care authority and the office of the insurance commissioner shall jointly determine whether to use the updated version, and, if so, the date upon which the updated version must begin to be used by medicaid managed care organizations, carriers, and other relevant entities. Both agencies shall post notice of their decision on their websites. For purposes of the ASAM Criteria, 4th edition, medicaid managed care organizations and carriers shall begin to use the updated criteria no later than January 1, 2026, unless the health care authority and the office of the insurance commissioner jointly determine that it should not be used.

**NEW SECTION. Sec. 13.** A new section is added to chapter 71.24 RCW to read as follows:

When updated versions of the ASAM Criteria, treatment criteria for addictive, substance related, and co-occurring conditions, inclusive of adolescent and transition age youth versions, are published by the American society of addiction medicine, the health care authority and the office of the insurance commissioner shall jointly determine whether to use the updated version, and, if so, the date upon which the updated version must begin to be used by medicaid managed care organizations, carriers, and other relevant entities. Both agencies shall post notice of their decision on their websites. For purposes of the ASAM Criteria, 4th edition, medicaid managed care organizations and carriers shall begin to use the updated criteria no later than January 1, 2026, unless the health care authority and the office of the insurance commissioner jointly determine that it should not be used.

**NEW SECTION. Sec. 14.** The health care authority shall provide a gap analysis of nonemergency transportation benefits provided to medicaid enrollees in Washington, Oregon, and other comparison states selected by the health care authority and provide an analysis of the costs and benefits of available alternatives to the governor and appropriate committees of the legislature by December 1, 2024, including the option of an enhanced nonemergency transportation benefit for persons being discharged from a behavioral health emergency services provider to the next level of care in circumstances when a prudent layperson acting reasonably would believe such transportation is necessary to protect the enrollee from relapse or other discontinuity in care that would jeopardize the health or safety of the enrollee. In recognizing that some behavioral health patients are not well-served by the current nonemergency transportation system for medical assistance patients due to inflexible rules, the authority shall also evaluate the possibility of creating a network of peer-led, trauma-informed transportation providers that could provide nonemergency transportation to youth and adult medical assistance patients traveling to receive behavioral health services.

**Sec. 15.** RCW 43.70.250 and 2023 c 469 s 21 are each amended to read as follows:

(1) It shall be the policy of the state of Washington that the cost of each professional, occupational, or business licensing program be fully borne by the members of that profession, occupation, or business.

(2) The secretary shall from time to time establish the amount of all application fees, license fees, registration fees, examination fees, permit fees, renewal fees, and any other fee associated with licensing or regulation of professions, occupations, or businesses administered by the department. Any and all fees or assessments, or both, levied on the state to cover the costs of the operations and activities of the interstate health professions licensure compacts with participating authorities listed under chapter 18.130 RCW shall be borne by the persons who hold licenses issued pursuant to the authority and procedures established under the compacts. In fixing said fees, the secretary shall set the fees for each program at a sufficient level to defray the costs of administering that program and the cost of regulating licensed volunteer medical workers in accordance with RCW 18.130.360, except as provided in RCW 18.79.202. In no case may the secretary impose any certification, examination, or renewal fee upon a person seeking certification as a certified peer specialist trainee under chapter 18.420 RCW or, between July 1, 2025, and July 1, 2030, impose a certification, examination, or renewal fee of more than \$100 upon any person seeking certification as a certified peer specialist under chapter 18.420 RCW. Subject to amounts appropriated for this specific purpose, between July 1, 2024, and July 1, 2029, the secretary may not impose any certification or certification renewal fee on a person seeking certification as a substance use disorder professional or substance use disorder professional trainee under chapter 18.205 RCW of more than \$100.

(3) All such fees shall be fixed by rule adopted by the secretary in accordance with the provisions of the administrative procedure act, chapter 34.05 RCW.

**NEW SECTION. Sec. 16.** A new section is added to chapter 71.05 RCW to read as follows:

The authority must contract with an association that represents designated crisis responders in Washington to develop and begin delivering by July 1, 2025, a training program for social workers licensed under chapter 18.225 RCW who practice in an emergency department with responsibilities related to civil commitments under this chapter. The training must include instruction emphasizing standards and procedures relating to the civil commitment of persons with substance use disorders and mental illness, including which clinical presentations warrant summoning a designated crisis responder. The training must emphasize the manner in which a patient with a primary substance use disorder may present as a risk of

harm to self or others, or gravely disabled. Each hospital shall ensure that, by July 1, 2026, or within three months of hire, all social workers employed in the emergency department with responsibilities relating to civil commitments under this chapter complete the training every three years.

**Sec. 17.** RCW 41.05.527 and 2021 c 273 s 10 are each amended to read as follows:

(1) A health plan offered to public employees and their covered dependents under this chapter that is issued or renewed on or after January 1, 2023, must participate in the bulk purchasing and distribution program for opioid overdose reversal medication established in RCW 70.14.170 once the program is operational.

(2) For health plans issued or renewed on or after January 1, 2025, a health carrier must reimburse a hospital or psychiatric hospital that bills:

(a) For opioid overdose reversal medication dispensed or distributed to a patient under RCW 70.41.485 as a separate reimbursable expense; and

(b) For the administration of long-acting injectable buprenorphine as a separate reimbursable expense.

(3) Reimbursements provided under subsection (2) of this section must be separate from any bundled payment for hospital or emergency department services.

**Sec. 18.** RCW 48.43.762 and 2021 c 273 s 11 are each amended to read as follows:

(1) For health plans issued or renewed on or after January 1, 2023, health carriers must participate in the opioid overdose reversal medication bulk purchasing and distribution program established in RCW 70.14.170 once the program is operational. A health plan may not impose enrollee cost sharing related to opioid overdose reversal medication provided through the bulk purchasing and distribution program established in RCW 70.14.170.

(2) For health plans issued or renewed on or after January 1, 2025, a health carrier must reimburse a hospital or psychiatric hospital that bills:

(a) For opioid overdose reversal medication dispensed or distributed to a patient under RCW 70.41.485 as a separate reimbursable expense; and

(b) For the administration of long-acting injectable buprenorphine as a separate reimbursable expense.

(3) Reimbursements provided under subsection (2) of this section must be separate from any bundled payment for hospital or emergency department services.

**NEW SECTION. Sec. 19.** A new section is added to chapter 74.09 RCW to read as follows:

(1) The authority shall establish appropriate billing codes for hospitals and psychiatric hospitals that administer long-acting injectable buprenorphine to use for billing patients enrolled in a medical assistance program.

(2) Upon initiation or renewal of a contract with the authority to administer a medicaid managed care plan, a managed care organization must reimburse a hospital or psychiatric hospital that bills for the administration of long-acting injectable buprenorphine as a separate reimbursable expense.

(3) Beginning January 1, 2025, for individuals enrolled in a medical assistance program that is not a medicaid managed care plan, the authority must reimburse a hospital or psychiatric hospital that bills for the administration of long-acting injectable buprenorphine administered as a separate reimbursable expense.

(4) Reimbursements provided under this section must be separate from any bundled payment for hospital or emergency department services.

**Sec. 20.** RCW 42.56.360 and 2023 sp.s. c 1 s 23 are each amended to read as follows:

(1) The following health care information is exempt from disclosure under this chapter:

(a) Information obtained by the pharmacy quality assurance commission as provided in RCW 69.45.090;

(b) Information obtained by the pharmacy quality assurance commission or the department of health and its representatives as provided in RCW 69.41.044, 69.41.280, and 18.64.420;

(c) Information and documents created specifically for, and collected and maintained by a quality improvement committee under RCW 43.70.510, 70.230.080, or 70.41.200, or by a peer review committee under RCW 4.24.250, or by a quality assurance committee pursuant to RCW 74.42.640 or 18.20.390, or by a hospital, as defined in RCW 43.70.056, for reporting of health care-associated infections under RCW 43.70.056, a notification of an incident under RCW 70.56.040(5), and reports regarding adverse events under RCW 70.56.020(2)(b), regardless of which agency is in possession of the information and documents;

(d)(i) Proprietary financial and commercial information that the submitting entity, with review by the department of health, specifically identifies at the time it is submitted and that is provided to or obtained by the department of health in connection with an application for, or the supervision of, an antitrust exemption sought by the submitting entity under RCW 43.72.310;

(ii) If a request for such information is received, the submitting entity must be notified of the request. Within ten business days of receipt of the notice, the submitting entity shall provide a written statement of the continuing need for confidentiality, which shall be provided to the requester. Upon receipt of such notice, the department of health shall continue to treat information designated under this subsection (1)(d) as exempt from disclosure;

(iii) If the requester initiates an action to compel disclosure under this chapter, the submitting entity must be joined as a party to demonstrate the continuing need for confidentiality;

(e) Records of the entity obtained in an action under RCW 18.71.300 through 18.71.340;

(f) Complaints filed under chapter 18.130 RCW after July 27, 1997, to the extent provided in RCW 18.130.095(1);

(g) Information obtained by the department of health under chapter 70.225 RCW;

(h) Information collected by the department of health under chapter 70.245 RCW except as provided in RCW 70.245.150;

(i) Cardiac and stroke system performance data submitted to national, state, or local data collection systems under RCW 70.168.150(2)(b);

(j) All documents, including completed forms, received pursuant to a wellness program under RCW 41.04.362, but not statistical reports that do not identify an individual;

(k) Data and information exempt from disclosure under RCW 43.371.040;

(l) Medical information contained in files and records of members of retirement plans administered by the department of retirement systems or the law enforcement officers' and firefighters' plan 2 retirement board, as provided to the department of retirement systems under RCW 41.04.830; and

(m) Data submitted to the data integration platform under RCW 71.24.908.

(2) Chapter 70.02 RCW applies to public inspection and copying of health care information of patients.

(3) (a) Documents related to infant mortality reviews conducted pursuant to RCW 70.05.170 are exempt from disclosure as provided for in RCW 70.05.170(3).

(b) (i) If an agency provides copies of public records to another agency that are exempt from public disclosure under this subsection (3), those records remain exempt to the same extent the records were exempt in the possession of the originating entity.

(ii) For notice purposes only, agencies providing exempt records under this subsection (3) to other agencies may mark any exempt records as "exempt" so that the receiving agency is aware of the exemption, however whether or not a record is marked exempt does not affect whether the record is actually exempt from disclosure.

(4) Information and documents related to maternal mortality reviews conducted pursuant to RCW 70.54.450 are confidential and exempt from public inspection and copying.

(5) Patient health care information contained in reports submitted under section 2(2) of this act are confidential and exempt from public inspection.

**NEW SECTION. Sec. 21.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2024, in the omnibus appropriations act, this act is null and void."

Prime Sponsor, Ways & Means: Coordinating regional behavioral crisis response services. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 71.24 RCW to read as follows:

Behavioral health administrative services organizations shall use their authorities under RCW 71.24.045 to establish coordination within the behavioral health crisis response system in each regional service area including, but not limited to, establishing comprehensive protocols for dispatching mobile rapid response crisis teams and community-based crisis teams. In furtherance of this:

(1) The behavioral health administrative services organization may convene regional behavioral health crisis response system partners and stakeholders within available resources for the purpose of establishing clear regional protocols which memorialize expectations, understandings, lines of communication, and strategies for optimizing crisis response in the regional service area. The regional protocols must describe how crisis response partners will share information consistent with data-sharing requirements under RCW 71.24.890, including real-time information sharing between 988 contact hubs, regional crisis lines, or their successors, to create a seamless delivery system that is person-centered;

(2) Behavioral health administrative services organizations shall submit regional protocols created under subsection (1) of this section to the authority for approval. If the authority does not respond within 90 days of submission, the regional protocols shall be considered approved until such time as the behavioral health administrative services organization and the authority agree to updated protocols. A behavioral health administrative services organization must notify the authority by January 1, 2025, if it does not intend to develop and submit regional protocols;

(3) A behavioral health administrative services organization may recommend to the department the 988 contact hub or hubs which it determines to be the best fit for partnership and implementation of regional protocols in its regional service area among candidates which are able to meet necessary state and federal requirements. The 988 contact hub or hubs recommended by the behavioral health administrative services organization must be able to connect to the culturally appropriate behavioral health crisis response services established under this chapter;

(4) The department may designate additional 988 contact hubs recommended by a behavioral health administrative services organization within available resources and when the addition of more hubs is consistent with the rules adopted under RCW 71.24.890 and a need identified in regional protocols. If the department declines to designate a 988 contact hub that has been recommended by a behavioral health administrative services organization, the department shall provide a written explanation of its reasons to the behavioral health administrative services organization;

(5) The department and the authority shall provide support to a behavioral health administrative services organization in the development of protocols under subsection (1) of this section upon request by the behavioral health administrative services organization;

(6) Regional protocols established under subsection (1) of this section must be in writing and, once approved, copies shall be provided to the department, authority, and state 911 coordination office. The regional protocols should be updated as needed and at intervals of no longer than three years; and

(7) For the purpose of subsection (1) of this section, partners and stakeholders in the coordinated regional behavioral health crisis response system include but are not limited to regional crisis lines, 988 contact hubs, certified public safety telecommunicators, local governments, tribal governments, first responders, co-response teams, mobile rapid response crisis teams, hospitals, organizations representing persons with lived experience, and behavioral health agencies.

**Sec. 2.** RCW 71.24.025 and 2023 c 454 s 1 and 2023 c 433 s 1 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "23-hour crisis relief center" means a community-based facility or portion of a facility serving adults, which is licensed or certified by the department of health and open 24 hours a day, seven days a week, offering access to mental health and substance use care for no more than 23 hours and 59 minutes at a time per patient, and which accepts all behavioral health crisis walk-ins drop-offs from first responders, and individuals referred through the 988 system regardless of behavioral health acuity, and meets the requirements under RCW 71.24.916.

(2) "988 crisis hotline" means the universal telephone number within the United States designated for the purpose of the national suicide prevention and mental health crisis hotline system operating through the national suicide prevention lifeline.

(3) "Acutely mentally ill" means a condition which is limited to a short-term severe crisis episode of:

(a) A mental disorder as defined in RCW 71.05.020 or, in the case of a child, as defined in RCW 71.34.020;

(b) Being gravely disabled as defined in RCW 71.05.020 or, in the case of a child, a gravely disabled minor as defined in RCW 71.34.020; or

(c) Presenting a likelihood of serious harm as defined in RCW 71.05.020 or, in the case of a child, as defined in RCW 71.34.020.

(4) "Alcoholism" means a disease, characterized by a dependency on alcoholic beverages, loss of control over the amount and circumstances of use, symptoms of tolerance, physiological or psychological withdrawal, or both, if use is reduced or discontinued, and impairment of health or disruption of social or economic functioning.

(5) "Approved substance use disorder treatment program" means a program for persons with a substance use disorder provided by a treatment program licensed or certified by the department as meeting standards adopted under this chapter.

(6) "Authority" means the Washington state health care authority.

(7) "Available resources" means funds appropriated for the purpose of providing community behavioral health programs, federal funds, except those provided according to Title XIX of the Social Security Act, and state funds appropriated under this chapter or chapter 71.05 RCW by the legislature during any biennium for the purpose of providing residential services, resource management services, community support services, and other behavioral health services. This does not include funds appropriated for the purpose of operating and administering the state psychiatric hospitals.

(8) "Behavioral health administrative services organization" means an entity contracted with the authority to administer behavioral health services and programs under RCW 71.24.381, including crisis services and administration of chapter 71.05 RCW, the involuntary treatment act, for all individuals in a defined regional service area.

(9) "Behavioral health aide" means a counselor, health educator, and advocate who helps address individual and community-based behavioral health needs, including those related to alcohol, drug, and tobacco abuse as well as mental health problems such as grief, depression, suicide, and related issues and is certified by a community health aide program of the Indian health service or one or more tribes or tribal organizations consistent with the provisions of 25 U.S.C. Sec. 16161 and RCW 43.71B.010 (7) and (8).

(10) "Behavioral health provider" means a person licensed under chapter 18.57, 18.71, 18.71A, 18.83, 18.205, 18.225, or 18.79 RCW, as it applies to registered nurses and advanced registered nurse practitioners.

(11) "Behavioral health services" means mental health services, substance use disorder treatment services, and co-occurring disorder treatment services as described in this chapter and chapter 71.36 RCW that, depending on the type of service, are provided by licensed or certified behavioral health agencies, behavioral health providers, or integrated into other health care providers.

(12) "Child" means a person under the age of eighteen years.

(13) "Chronically mentally ill adult" or "adult who is chronically mentally ill" means an adult who has a mental disorder and meets at least one of the following criteria:

(a) Has undergone two or more episodes of hospital care for a mental disorder within the preceding two years; or

(b) Has experienced a continuous psychiatric hospitalization or residential treatment exceeding six months' duration within the preceding year; or

(c) Has been unable to engage in any substantial gainful activity by reason of any mental disorder which has lasted for a continuous period of not less than twelve months. "Substantial gainful activity" shall be defined by the authority by rule consistent with Public Law 92-603, as amended.

(14) "Clubhouse" means a community-based program that provides rehabilitation services and is licensed or certified by the department.

(15) "Community behavioral health program" means all expenditures, services, activities, or programs, including reasonable administration and overhead, designed and conducted to prevent or treat substance use disorder, mental illness, or both in the community behavioral health system.

(16) "Community behavioral health service delivery system" means public, private, or tribal agencies that provide services specifically to persons with mental disorders, substance use disorders, or both, as defined under RCW 71.05.020 and receive funding from public sources.

(17) "Community support services" means services authorized, planned, and coordinated through resource management services including, at a minimum, assessment, diagnosis, emergency crisis intervention available twenty-four hours, seven days a week, prescreening determinations for persons who are mentally ill being considered for placement in nursing homes as required by federal law, screening for patients being considered for admission to residential services, diagnosis and treatment for children who are acutely mentally ill or severely emotionally or behaviorally disturbed discovered under screening through the federal Title XIX early and periodic screening, diagnosis, and treatment program, investigation, legal, and other nonresidential services under chapter 71.05 RCW, case management services, psychiatric treatment including medication supervision, counseling, psychotherapy, assuring transfer of relevant patient information between service providers, recovery services, and other services determined by behavioral health administrative services organizations.

(18) "Community-based crisis team" means a team that is part of an emergency medical services agency, a fire service agency, a public health agency, a medical facility, a nonprofit crisis response provider, or a city or county government entity, other than a law enforcement agency, that provides the on-site community-based interventions of a mobile rapid response crisis team for individuals who are experiencing a behavioral health crisis.

(19) "Consensus-based" means a program or practice that has general support among treatment providers and experts, based on experience or professional literature, and may have anecdotal or case study support, or that is agreed but not possible to perform studies with random assignment and controlled groups.

(20) "County authority" means the board of county commissioners, county council, or county executive having authority to establish a behavioral health administrative services organization, or two or more of the county authorities specified in this subsection which have entered into an agreement to establish a behavioral health administrative services organization.

(21) "Crisis stabilization services" means services such as 23-hour crisis relief centers, crisis stabilization units, short-term respite facilities, peer-run respite services, and same-day walk-in behavioral health services, including within the overall crisis system components that operate like hospital emergency departments that accept all walk-ins, and ambulance, fire, and police drop-offs, or determine the need for involuntary hospitalization of an individual.

(22) "Crisis stabilization unit" has the same meaning as under RCW 71.05.020.

(23) "Department" means the department of health.

(24) "Designated 988 contact hub" or "988 contact hub" means a state-designated contact center that streamlines clinical interventions and access to resources for people experiencing a behavioral health crisis and participates in the national suicide prevention lifeline network to respond to statewide or regional 988 contacts that meets the requirements of RCW 71.24.890.

(25) "Designated crisis responder" has the same meaning as in RCW 71.05.020.

(26) "Director" means the director of the authority.

(27) "Drug addiction" means a disease characterized by a dependency on psychoactive chemicals, loss of control over the amount and circumstances of use, symptoms of tolerance, physiological or psychological withdrawal, or both, if use is reduced or discontinued, and impairment of health or disruption of social or economic functioning.

(28) "Early adopter" means a regional service area for which all of the county authorities have requested that the authority purchase medical and behavioral health services through a managed care health system as defined under RCW 71.24.380(7).

(29) "Emerging best practice" or "promising practice" means a program or practice that, based on statistical analyses or a well established theory of change, shows potential for meeting the evidence-based or research-based criteria, which may include the use of a program that is evidence-based for outcomes other than those listed in subsection (30) of this section.

(30) "Evidence-based" means a program or practice that has been tested in heterogeneous or intended populations with multiple randomized, or statistically controlled evaluations, or both; or one large multiple site randomized, or statistically controlled evaluation, or both, where the weight of the evidence from a systemic review demonstrates sustained improvements in at least one outcome. "Evidence-based" also means a program or practice that can be implemented with a set of procedures to allow successful replication in Washington and, when possible, is determined to be cost-beneficial.

(31) "First responders" includes ambulance, fire, mobile rapid response crisis team, coresponder team, designated crisis responder, fire department mobile integrated health team, community assistance referral and education services program under RCW 35.21.930, and law enforcement personnel.

(32) "Indian health care provider" means a health care program operated by the Indian health service or by a tribe, tribal organization, or urban Indian organization as those terms are defined in the Indian health care improvement act (25 U.S.C. Sec. 1603).

(33) "Intensive behavioral health treatment facility" means a community-based specialized residential treatment facility for individuals with behavioral health conditions, including individuals discharging from or being diverted from state and local hospitals, whose impairment or behaviors do not meet, or no longer meet, criteria for involuntary inpatient commitment under chapter 71.05 RCW, but whose care needs cannot be met in other community-based placement settings.

(34) "Licensed or certified behavioral health agency" means:

(a) An entity licensed or certified according to this chapter or chapter 71.05 RCW;

(b) An entity deemed to meet state minimum standards as a result of accreditation by a recognized behavioral health accrediting body recognized and having a current agreement with the department; or

(c) An entity with a tribal attestation that it meets state minimum standards for a licensed or certified behavioral health agency.

(35) "Licensed physician" means a person licensed to practice medicine or osteopathic medicine and surgery in the state of Washington.

(36) "Long-term inpatient care" means inpatient services for persons committed for, or voluntarily receiving intensive treatment for, periods of ninety days or greater under chapter 71.05 RCW. "Long-term inpatient care" as used in this chapter does not include: (a) Services for individuals committed under chapter 71.05 RCW who are receiving services pursuant to a conditional release or a court-ordered less restrictive alternative to detention; or (b) services for individuals voluntarily receiving less restrictive alternative treatment on the grounds of the state hospital.

(37) "Managed care organization" means an organization, having a certificate of authority or certificate of registration from the office of the insurance commissioner, that contracts with the authority under a comprehensive risk contract to provide prepaid health care services to enrollees under the authority's managed care programs under chapter 74.09 RCW.

(38) "Mental health peer-run respite center" means a peer-run program to serve individuals in need of voluntary, short-term, noncrisis services that focus on recovery and wellness.

(39) Mental health "treatment records" include registration and all other records concerning persons who are receiving or who at any time have received services for mental illness, which are maintained by the department of social and health services or the authority, by behavioral health administrative services organizations and their staffs, by managed care organizations and their staffs, or by treatment facilities. "Treatment records" do not include notes or records maintained for personal use by a person providing treatment services for the entities listed in this subsection, or a treatment facility if the notes or records are not available to others.

(40) "Mentally ill persons," "persons who are mentally ill," and "the mentally ill" mean persons and conditions defined in subsections (3), (13), (48), and (49) of this section.

(41) "Mobile rapid response crisis team" means a team that provides professional on-site community-based intervention such as outreach, de-escalation, stabilization, resource connection, and follow-up support for individuals who are experiencing a behavioral health crisis, that shall include certified peer counselors as a best practice to the extent practicable based on workforce availability, and that meets standards for response times established by the authority.

(42) "Recovery" means a process of change through which individuals improve their health and wellness, live a self-directed life, and strive to reach their full potential.

(43) "Research-based" means a program or practice that has been tested with a single randomized, or statistically controlled evaluation, or both, demonstrating sustained desirable outcomes; or where the weight of the evidence from a systemic review supports sustained outcomes as described in subsection (30) of this section but does not meet the full criteria for evidence-based.

(44) "Residential services" means a complete range of residences and supports authorized by resource management services and which may involve a facility, a distinct part thereof, or services which support community living, for persons who are acutely mentally ill, adults who are chronically mentally ill, children who are severely emotionally disturbed, or adults who are seriously disturbed and determined by the behavioral health administrative services organization or managed care organization to be at risk of becoming acutely or chronically mentally ill. The services shall include at least evaluation and treatment services as defined in chapter 71.05 RCW, acute crisis respite care, long-term adaptive and rehabilitative care, and supervised and supported living services, and shall also include any residential services developed to service persons who are mentally ill in nursing homes, residential treatment facilities, assisted living facilities, and adult family homes, and may include outpatient services provided as an element in a package of services in a supported housing model. Residential services for children in out-of-home placements related to their mental disorder shall not include the costs of food and shelter, except for children's long-term residential facilities existing prior to January 1, 1991.

(45) "Resilience" means the personal and community qualities that enable individuals to rebound from adversity, trauma, tragedy, threats, or other stresses, and to live productive lives.

(46) "Resource management services" mean the planning, coordination, and authorization of residential services and community support services administered pursuant to an individual service plan for: (a) Adults and children who are acutely mentally ill; (b) adults who are chronically mentally ill; (c) children who are severely emotionally disturbed; or (d) adults who are seriously disturbed and determined by a behavioral health administrative services organization or managed care organization to be at risk of becoming acutely or chronically mentally ill. Such planning, coordination, and authorization shall include mental health screening for children eligible under the federal Title XIX early and periodic screening, diagnosis, and treatment program. Resource management services include seven day a week, twenty-four hour a day availability of information regarding enrollment of adults and children who are mentally ill in services and their individual service plan to designated crisis responders, evaluation and treatment facilities, and others as determined by the behavioral health administrative services organization or managed care organization, as applicable.

(47) "Secretary" means the secretary of the department of health.

(48) "Seriously disturbed person" means a person who:

(a) Is gravely disabled or presents a likelihood of serious harm to himself or herself or others, or to the property of others, as a result of a mental disorder as defined in chapter 71.05 RCW;

(b) Has been on conditional release status, or under a less restrictive alternative order, at some time during the preceding two years from an evaluation and treatment facility or a state mental health hospital;

(c) Has a mental disorder which causes major impairment in several areas of daily living;

(d) Exhibits suicidal preoccupation or attempts; or

(e) Is a child diagnosed by a mental health professional, as defined in chapter 71.34 RCW, as experiencing a mental disorder which is clearly interfering with the child's functioning in family or school or with peers or is clearly interfering with the child's personality development and learning.

(49) "Severely emotionally disturbed child" or "child who is severely emotionally disturbed" means a child who has been determined by the behavioral health administrative services organization or managed care organization, if applicable, to be experiencing a mental disorder as defined in chapter 71.34 RCW, including those mental disorders that result in a behavioral or conduct disorder, that is clearly interfering with the child's functioning in family or school or with peers and who meets at least one of the following criteria:

- (a) Has undergone inpatient treatment or placement outside of the home related to a mental disorder within the last two years;
- (b) Has undergone involuntary treatment under chapter 71.34 RCW within the last two years;
- (c) Is currently served by at least one of the following child-serving systems: Juvenile justice, child-protection/welfare, special education, or developmental disabilities;
- (d) Is at risk of escalating maladjustment due to:
- (i) Chronic family dysfunction involving a caretaker who is mentally ill or inadequate;
- (ii) Changes in custodial adult;
- (iii) Going to, residing in, or returning from any placement outside of the home, for example, psychiatric hospital, short-term inpatient, residential treatment, group or foster home, or a correctional facility;
- (iv) Subject to repeated physical abuse or neglect;
- (v) Drug or alcohol abuse; or
- (vi) Homelessness.
- (50) "State minimum standards" means minimum requirements established by rules adopted and necessary to implement this chapter by:
- (a) The authority for:
- (i) Delivery of mental health and substance use disorder services; and
- (ii) Community support services and resource management services;
- (b) The department of health for:
- (i) Licensed or certified behavioral health agencies for the purpose of providing mental health or substance use disorder programs and services, or both;
- (ii) Licensed behavioral health providers for the provision of mental health or substance use disorder services, or both; and
- (iii) Residential services.
- (51) "Substance use disorder" means a cluster of cognitive, behavioral, and physiological symptoms indicating that an individual continues using the substance despite significant substance-related problems. The diagnosis of a substance use disorder is based on a pathological pattern of behaviors related to the use of the substances.
- (52) "Tribe," for the purposes of this section, means a federally recognized Indian tribe.
- (53) "Coordinated regional behavioral health crisis response system" means the coordinated operation of 988 call centers, regional crisis lines, certified public safety telecommunicators, and other behavioral health crisis system partners within each regional service area.
- (54) "Regional crisis line" means the behavioral health crisis hotline in each regional service area which provides crisis response services 24 hours a day, seven days a week, 365 days a year including but not limited to dispatch of mobile rapid response crisis teams, community-based crisis teams, and designated crisis responders.
- Sec. 3.** RCW 71.24.045 and 2022 c 210 s 27 are each amended to read as follows:
- (1) The behavioral health administrative services organization contracted with the authority pursuant to RCW 71.24.381 shall:
- (a) Administer crisis services for the assigned regional service area. Such services must include:
- (i) A behavioral health crisis hotline for its assigned regional service area;
- (ii) Crisis response services twenty-four hours a day, seven days a week, three hundred sixty-five days a year;
- (iii) Services related to involuntary commitments under chapters 71.05 and 71.34 RCW;
- (iv) Tracking of less restrictive alternative orders issued within the region by superior courts, and providing notification to a managed care organization in the region when one of its enrollees receives a less restrictive alternative order so that the managed care organization may ensure that the person is connected to services and that the requirements of RCW 71.05.585 are complied with. If the person receives a less restrictive alternative order and is returning to another region, the behavioral health administrative services organization shall notify the behavioral health administrative services organization in the home region of the less restrictive alternative order so that the home behavioral health administrative services organization may notify the person's managed care organization or provide services if the person is not enrolled in medicaid and does not have other insurance which can pay for those services;
- (v) Additional noncrisis behavioral health services, within available resources, to individuals who meet certain criteria set by the authority in its contracts with the behavioral health administrative services organization. These services may include services provided through federal grant funds, provisos, and general fund state appropriations;
- (vi) Care coordination, diversion services, and discharge planning for nonmedicaid individuals transitioning from state hospitals or inpatient settings to reduce rehospitalization and utilization of crisis services, as required by the authority in contract; ~~(and)~~
- (vii) Regional coordination, cross-system and cross-jurisdiction coordination with tribal governments, and capacity building efforts, such as supporting the behavioral health advisory board and efforts to support access to services or to improve the behavioral health system; and
- (viii) Duties under section 1 of this act;

(b) Administer and provide for the availability of an adequate network of evaluation and treatment services to ensure access to treatment, investigation, transportation, court-related, and other services provided as required under chapter 71.05 RCW;

(c) Coordinate services for individuals under RCW 71.05.365;

(d) Administer and provide for the availability of resource management services, residential services, and community support services as required under its contract with the authority;

(e) Contract with a sufficient number, as determined by the authority, of licensed or certified providers for crisis services and other behavioral health services required by the authority;

(f) Maintain adequate reserves or secure a bond as required by its contract with the authority;

(g) Establish and maintain quality assurance processes;

(h) Meet established limitations on administrative costs for agencies that contract with the behavioral health administrative services organization; and

(i) Maintain patient tracking information as required by the authority.

(2) The behavioral health administrative services organization must collaborate with the authority and its contracted managed care organizations to develop and implement strategies to coordinate care with tribes and community behavioral health providers for individuals with a history of frequent crisis system utilization.

(3) The behavioral health administrative services organization shall:

(a) Assure that the special needs of minorities, older adults, individuals with disabilities, children, and low-income persons are met;

(b) Collaborate with local government entities to ensure that policies do not result in an adverse shift of persons with mental illness into state and local correctional facilities; and

(c) Work with the authority to expedite the enrollment or reenrollment of eligible persons leaving state or local correctional facilities and institutions for mental diseases.

(4) The behavioral health administrative services organization shall employ an assisted outpatient treatment program coordinator to oversee system coordination and legal compliance for assisted outpatient treatment under RCW 71.05.148 and 71.34.815.

**Sec. 4.** RCW 71.24.890 and 2023 c 454 s 5 and 2023 c 433 s 16 are each reenacted and amended to read as follows:

(1) Establishing the state designated 988 contact hubs and enhancing the crisis response system will require collaborative work between the department (~~(and)~~), the authority, and regional system partners within their respective roles. The department shall have primary responsibility for (~~establishing and~~) designating (~~the designated~~) 988 contact hubs, and shall seek recommendations from the behavioral health administrative services organizations to determine which 988 contact hubs best meet regional needs. The authority shall have primary responsibility for developing (~~and~~), implementing, and facilitating coordination of the crisis response system and services to support the work of the designated 988 contact hubs, regional crisis lines, and other coordinated regional behavioral health crisis response system partners. In any instance in which one agency is identified as the lead, the expectation is that agency will (~~be communicating and collaborating~~) communicate and collaborate with the other to ensure seamless, continuous, and effective service delivery within the statewide crisis response system.

(2) The department shall provide adequate funding for the state's crisis call centers to meet an expected increase in the use of the (~~call centers~~) 988 contact hubs based on the implementation of the 988 crisis hotline. The funding level shall be established at a level anticipated to achieve an in-state call response rate of at least 90 percent by July 22, 2022. The funding level shall be determined by considering standards and cost per call predictions provided by the administrator of the national suicide prevention lifeline, call volume predictions, guidance on crisis call center performance metrics, and necessary technology upgrades. (~~In contracting~~) Contracts with the (~~crisis call centers, the department~~) 988 contact hubs:

(a) May provide funding to support (~~crisis call centers and~~) designated 988 contact hubs to enter into limited (~~on-site~~) partnerships with the public safety answering point to increase the coordination and transfer of behavioral health calls received by certified public safety telecommunicators that are better addressed by clinic interventions provided by the 988 system. Tax revenue may be used to support (~~on-site~~) partnerships. These partnerships with 988 and public safety may be expanded to include regional crisis lines administered by behavioral health administrative services organizations;

(b) Shall require that (~~crisis call centers~~) 988 contact hubs enter into data-sharing agreements, when appropriate, with the department, the authority, regional crisis lines, and applicable regional behavioral health administrative services organizations to provide reports and client level data regarding 988 (~~crisis hotline~~) contact hub calls, as allowed by and in compliance with existing federal and state law governing the sharing and use of protected health information (~~, including~~). Data-sharing agreements with regional crisis lines must include real-time information sharing. All coordinated regional behavioral health crisis response system partners must share dispatch time, arrival time, and disposition (~~of the outreach for each call~~) for behavioral health calls referred for outreach by each region consistent with any regional protocols developed under section 1 of this act. The department and the authority shall establish requirements (~~that the crisis call centers~~) for 988 contact hubs to report (~~the~~) data (~~identified in this subsection (2)(b))~~) to regional

behavioral health administrative services organizations for the purposes of maximizing medicaid reimbursement, as appropriate, and implementing this chapter and chapters 71.05 and 71.34 RCW ~~((including, but not limited to,))~~. The behavioral health administrative services organization may use information received from the 988 contact hubs in administering crisis services for the assigned regional service area, contracting with a sufficient number of licensed or certified providers for crisis services, establishing and maintaining quality assurance processes, maintaining patient tracking, and developing and implementing strategies to coordinate care for individuals with a history of frequent crisis system utilization.

(3) The department shall adopt rules by January 1, 2025, to establish standards for designation of crisis call centers as designated 988 contact hubs. The department shall collaborate with the authority ~~((and)), other agencies, and coordinated regional behavioral health crisis response system partners~~ to assure coordination and availability of services, and shall consider national guidelines for behavioral health crisis care as determined by the federal substance abuse and mental health services administration, national behavioral health accrediting bodies, and national behavioral health provider associations to the extent they are appropriate, and recommendations from behavioral health administrative services organizations and the crisis response improvement strategy committee created in RCW 71.24.892.

(4) The department shall designate ~~((designated))~~ 988 contact hubs considering the recommendations of behavioral health administrative services organizations by January 1, 2026. The designated 988 contact hubs shall provide connections to crisis intervention services, triage, care coordination, and referrals~~((, and connections to))~~ for individuals contacting the 988 ~~((crisis hotline))~~ contact hubs from any jurisdiction within Washington 24 hours a day, seven days a week, using the system platform developed under subsection (5) of this section. The department may not designate more than a total of four 988 contact hubs without legislative approval.

(a) To be designated as a ~~((designated))~~ 988 contact hub, the applicant must demonstrate to the department the ability to comply with the requirements of this section and to contract to provide ~~((designated))~~ 988 contact hub services. ~~((The department may revoke the designation of any designated 988 contact hub that fails to substantially comply with the contract))~~ If a 988 contact hub fails to substantially comply with the contract, data-sharing requirements, or approved regional protocols developed under section 1 of this act, the department may revoke the designation of the 988 contact hub and, after consulting with the affected behavioral health administrative services organization, may designate a 988 contact hub recommended by a behavioral health administrative services organization which is able to meet necessary state and federal requirements.

(b) The contracts entered shall require designated 988 contact hubs to:

(i) Have an active agreement with the administrator of the national suicide prevention lifeline for participation within its network;

(ii) Meet the requirements for operational and clinical standards established by the department and based upon the national suicide prevention lifeline best practices guidelines and other recognized best practices;

(iii) Employ highly qualified, skilled, and trained clinical staff who have sufficient training and resources to provide empathy to callers in acute distress, de-escalate crises, assess behavioral health disorders and suicide risk, triage to system partners for callers that need additional clinical interventions, and provide case management and documentation. Call center staff shall be trained to make every effort to resolve cases in the least restrictive environment and without law enforcement involvement whenever possible. Call center staff shall coordinate with certified peer counselors to provide follow-up and outreach to callers in distress as available. It is intended for transition planning to include a pathway for continued employment and skill advancement as needed for experienced crisis call center employees;

(iv) Train employees on agricultural community cultural competencies for suicide prevention, which may include sharing resources with callers that are specific to members from the agricultural community. The training must prepare staff to provide appropriate assessments, interventions, and resources to members of the agricultural community. Employees may make warm transfers and referrals to a crisis hotline that specializes in working with members from the agricultural community, provided that no person contacting 988 shall be transferred or referred to another service if they are currently in crisis and in need of emotional support;

(v) Prominently display 988 crisis hotline information on their websites and social media, including a description of what the caller should expect when contacting the crisis call center and a description of the various options available to the caller, including call lines specialized in the behavioral health needs of veterans, American Indian and Alaska Native persons, Spanish-speaking persons, and LGBTQ populations. The website may also include resources for programs and services related to suicide prevention for the agricultural community;

(vi) Collaborate with the authority, the national suicide prevention lifeline, and veterans crisis line networks to assure consistency of public messaging about the 988 crisis hotline;

~~((Develop and submit to the department protocols between the designated 988 contact hub and 911 call centers within the region in which the designated crisis call center operates and receive approval of the protocols by the department and the state 911 coordination office;~~

~~((viii) Develop, in collaboration with the region's behavioral health administrative services organizations, and jointly submit to the authority))~~ Collaborate with coordinated

regional behavioral health crisis response system partners within the 988 contact hub's regional service area to develop protocols under section 1 of this act, including protocols related to the dispatching of mobile rapid response crisis teams and community-based crisis teams endorsed under RCW 71.24.903 ((and receive approval of the protocols by the authority));

~~((ix))~~ (viii) Provide data and reports and participate in evaluations and related quality improvement activities, according to standards established by the department in collaboration with the authority; and

~~((x))~~ (ix) Enter into data-sharing agreements with the department, the authority, regional crisis lines, and applicable ~~((regional))~~ behavioral health administrative services organizations to provide reports and client level data regarding 988 ~~((crisis hotline))~~ contact hub calls, as allowed by and in compliance with existing federal and state law governing the sharing and use of protected health information, ~~((including dispatch time, arrival time, and disposition of the outreach for each call referred for outreach by each region))~~ which shall include sharing real-time information with regional crisis lines. The department and the authority shall establish requirements that the designated 988 contact hubs report ~~((the))~~ data ~~((identified in this subsection (4)(b)(x)))~~ to regional behavioral health administrative services organizations for the purposes of maximizing medicaid reimbursement, as appropriate, and implementing this chapter and chapters 71.05 and 71.34 RCW including, but not limited to, administering crisis services for the assigned regional service area, contracting with a sufficient number ~~((of))~~ of licensed or certified providers for crisis services, establishing and maintaining quality assurance processes, maintaining patient tracking, and developing and implementing strategies to coordinate care for individuals with a history of frequent crisis system utilization.

(c) The department and the authority shall incorporate recommendations from the crisis response improvement strategy committee created under RCW 71.24.892 in its agreements with designated 988 contact hubs, as appropriate.

(5) The department and authority must coordinate to develop the technology and platforms necessary to manage and operate the behavioral health crisis response and suicide prevention system. The department and the authority must include ~~((the crisis call centers and))~~ designated 988 contact hubs, regional crisis lines, and behavioral health administrative services organizations in the decision-making process for selecting any technology platforms that will be used to operate the system. No decisions made by the department or the authority shall interfere with the routing of the 988 ~~((crisis hotline))~~ contact hubs calls, texts, or chat as part of Washington's active agreement with the administrator of the national suicide prevention lifeline or 988 administrator that routes 988 contacts into Washington's system. The technologies developed must include:

(a) A new technologically advanced behavioral health and suicide prevention crisis call center system platform for use in ~~((designated))~~ 988 contact hubs designated by the department under subsection (4) of this section. This platform, which shall be fully funded by July 1, 2024, shall be developed by the department and must include the capacity to receive crisis assistance requests through phone calls, texts, chats, and other similar methods of communication that may be developed in the future that promote access to the behavioral health crisis system; and

(b) A behavioral health integrated client referral system capable of providing system coordination information to designated 988 contact hubs and the other entities involved in behavioral health care. This system shall be developed by the authority.

(6) In developing the new technologies under subsection (5) of this section, the department and the authority must coordinate to designate a primary technology system to provide each of the following:

(a) Access to real-time information relevant to the coordination of behavioral health crisis response and suicide prevention services, including:

(i) Real-time bed availability for all behavioral health bed types and recliner chairs, including but not limited to crisis stabilization services, 23-hour crisis relief centers, psychiatric inpatient, substance use disorder inpatient, withdrawal management, peer-run respite centers, and crisis respite services, inclusive of both voluntary and involuntary beds, for use by crisis response workers, first responders, health care providers, emergency departments, and individuals in crisis; and

(ii) Real-time information relevant to the coordination of behavioral health crisis response and suicide prevention services for a person, including the means to access:

(A) Information about any less restrictive alternative treatment orders or mental health advance directives related to the person; and

(B) Information necessary to enable the designated 988 contact ~~((hub))~~ hubs to actively collaborate with regional crisis lines, emergency departments, primary care providers and behavioral health providers within managed care organizations, behavioral health administrative services organizations, and other health care payers to establish a safety plan for the person in accordance with best practices and provide the next steps for the person's transition to follow-up noncrisis care. To establish information-sharing guidelines that fulfill the intent of this section the authority shall consider input from the confidential information compliance and coordination subcommittee established under RCW 71.24.892;

~~((b))~~ (b) The means to track the outcome of the 988 call to enable appropriate follow-up, cross-system coordination, and accountability, including as appropriate: (i) Any immediate services dispatched and reports generated from the encounter; (ii) the validation of a safety plan established for the caller in accordance with best practices; (iii) the next steps for the caller to follow in transition to noncrisis follow-up care, including a next-

day appointment for callers experiencing urgent, symptomatic behavioral health care needs; and (iv) the means to verify and document whether the caller was successful in making the transition to appropriate noncrisis follow-up care indicated in the safety plan for the person, to be completed either by the care coordinator provided through the person's managed care organization, health plan, or behavioral health administrative services organization, or if such a care coordinator is not available or does not follow through, by the staff of the designated 988 contact hub;

(c) A means to facilitate actions to verify and document whether the person's transition to follow-up noncrisis care was completed and services offered, to be performed by a care coordinator provided through the person's managed care organization, health plan, or behavioral health administrative services organization, or if such a care coordinator is not available or does not follow through, by the staff of the designated 988 contact hub;

(d) The means to provide geographically, culturally, and linguistically appropriate services to persons who are part of high-risk populations or otherwise have need of specialized services or accommodations, and to document these services or accommodations; and

(e) When appropriate, consultation with tribal governments to ensure coordinated care in government-to-government relationships, and access to dedicated services to tribal members.

(7) The authority shall:

(a) Collaborate with county authorities and behavioral health administrative services organizations to develop procedures to dispatch behavioral health crisis services in coordination with designated 988 contact hubs to effectuate the intent of this section;

(b) Establish formal agreements with managed care organizations and behavioral health administrative services organizations by January 1, 2023, to provide for the services, capacities, and coordination necessary to effectuate the intent of this section, which shall include a requirement to arrange next-day appointments for persons contacting the 988 ~~((crisis hotline))~~ contact hub or a regional crisis line experiencing urgent, symptomatic behavioral health care needs with geographically, culturally, and linguistically appropriate primary care or behavioral health providers within the person's provider network, or, if uninsured, through the person's behavioral health administrative services organization;

(c) Create best practices guidelines by July 1, 2023, for deployment of appropriate and available crisis response services by behavioral health administrative services organizations in coordination with designated 988 contact hubs to assist 988 hotline callers to minimize nonessential reliance on emergency room services and the use of law enforcement, considering input from relevant stakeholders and recommendations made by the crisis response improvement strategy committee created under RCW 71.24.892;

(d) Develop procedures to allow appropriate information sharing and communication between and across crisis and emergency response systems for the purpose of real-time crisis care coordination including, but not limited to, deployment of crisis and outgoing services, follow-up care, and linked, flexible services specific to crisis response; and

(e) Establish guidelines to appropriately serve high-risk populations who request crisis services. The authority shall design these guidelines to promote behavioral health equity for all populations with attention to circumstances of race, ethnicity, gender, socioeconomic status, sexual orientation, and geographic location, and include components such as training requirements for call response workers, policies for transferring such callers to an appropriate specialized center or subnetwork within or external to the national suicide prevention lifeline network, and procedures for referring persons who access the 988 ~~((crisis hotline))~~ contact hubs to linguistically and culturally competent care.

(8) The department shall monitor trends in 988 crisis hotline caller data, as reported by designated 988 contact hubs under subsection (4) (b) ~~((\*)~~) (ix) of this section, and submit an annual report to the governor and the appropriate committees of the legislature summarizing the data and trends beginning December 1, 2027.

(9) Subject to authorization by the national 988 administrator and the availability of amounts appropriated for this specific purpose, any Washington state subnetwork of the 988 crisis hotline dedicated to the crisis assistance needs of American Indian and Alaska Native persons shall offer services by text, chat, and other similar methods of communication to the same extent as does the general 988 crisis hotline. The department shall coordinate with the substance abuse and mental health services administration for the authorization."

SSB 6277

Prime Sponsor, Transportation: Creating a new statutory framework for the use of public-private partnerships for transportation projects. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1. FINDINGS.** (1) The legislature finds that a full set of project procurement, contracting, and funding tools are needed to enable the delivery of transportation projects in a manner most advantageous to the public. Current public-private partnership laws have failed to spur innovative proposals from the private sector or new project delivery approaches from the department. The legislature confirms the findings from previous studies that current laws and administrative processes are the primary obstacle impairing the state's ability to utilize public-private partnerships.

(2) The legislature finds that a new public-private partnership law is needed to:

- (a) Transparently demonstrate and deliver better value for the public including, but not limited to, expedited project delivery and more effective management of project life-cycle costs;
- (b) Provide an additional option for delivering complex transportation projects;
- (c) Incorporate private sector expertise and innovation into transportation project delivery;
- (d) Allocate project risks to the parties best able to manage those risks;
- (e) Allow new sources for private capital;
- (f) Increase access to federal funding and financing mechanisms;
- (g) Better align private sector incentives with public priorities; and
- (h) Provide consistency in the review and approval processes for the full range of project delivery tools and contracting methods.

(3) The legislature further finds that a new public-private partnership law must only be used for projects where the engineer's estimate of the cost of the project is less than \$500,000,000.

(4) The legislature further finds that a new public-private partnership law may not be used for rail projects.

**NEW SECTION. Sec. 2. DEFINITIONS.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

- (1) "Commission" means the transportation commission.
- (2) "Department" means the department of transportation.
- (3) "Eligible project" means any project eligible for development under section 4 of this act.
- (4) "Private sector partner" and "private partner" means a person, entity, or organization that is not the federal government, a state, or a political subdivision of a state.
- (5) "Public funds" means all moneys derived from taxes, fees, charges, tolls, or other levies of money from the public.
- (6) "Public sector partner" and "public partner" means any federal or state unit of government, bistrate transportation organization, or any other political subdivision of any state.
- (7) "State finance committee" means the entity created in chapter 43.33 RCW.
- (8) "Transportation project" means a project that is not a rail project, whether capital or operating, and where the engineer's estimate of the cost of the project is less than \$500,000,000 and the state's purpose for the project is to preserve or facilitate the safe transport of people or goods via any mode of travel.
- (9) "Unit of government" means any department or agency of the federal government, any state or agency, office, or department of a state, any city, county, district, commission, authority, entity, port, or other public corporation organized and existing under statutory law or under a voter-approved charter or initiative, and any intergovernmental entity created under chapter 39.34 RCW or this chapter.

**NEW SECTION. Sec. 3. WASHINGTON STATE DEPARTMENT OF TRANSPORTATION POWERS AND DUTIES.** (1) The department shall develop policies and, where appropriate, rules to carry out this chapter and govern the use of public-private partnerships for transportation projects. At a minimum, the department's policies and rules must address the following issues:

- (a) Consistent with section 4 of this act, the types of projects allowed;
- (b) Consistent with section 7 of this act, a process and methodology for determining whether a public-private partnership delivery model will be in the public's interest;
- (c) Consistent with section 12 of this act, a process and methodology for determining whether a negotiated partnership agreement will result in greater public value to the state than if the project is delivered using other procurement and contracting methods;

- (d) The types of contracts allowed, with consideration given to the best practices available;
- (e) Minimum standards and criteria required of all proposals;
- (f) Procedures for the proper identification, solicitation, acceptance, review, and evaluation of projects, consistent with existing project procurement and contracting requirements and practices;
- (g) Criteria to be considered in the evaluation and selection of proposals that includes:
- (i) Comparison with the department's internal ability to complete the project that documents the advantages of completing the project as a partnership versus solely as a public venture; and
- (ii) Factors such as, but not limited to: Priority, life-cycle cost, risk sharing, scheduling, innovation, and management conditions;
- (h) The protection of confidential proprietary information while still meeting the need for transparency and public disclosure that is consistent with section 13 of this act;
- (i) Protection for local contractors to participate in subcontracting opportunities;
- (j) Specifying that maintenance issues must be resolved in a manner consistent with chapter 41.80 RCW;
- (k) Guidelines to address security and performance issues.
- (2) Preliminary rules, policies, and guidelines developed under this section must be submitted to the chairs and ranking members of both transportation committees by November 30, 2026, for review and comment, along with draft legislation to implement any necessary changes to govern the use of public-private partnerships for transportation projects under this chapter. The department may not adopt rules to carry out this chapter.

**NEW SECTION. Sec. 4. ELIGIBLE PROJECTS.** (1) Projects eligible for development under this chapter include transportation projects.

(2) For any project that requires the imposition of tolls on a state facility, the legislature must approve the imposition of such tolls consistent with RCW 47.56.820.

(3) For any project that requires setting or adjusting toll rates on a state facility, the commission has sole responsibility consistent with RCW 47.56.850.

**NEW SECTION. Sec. 5. ELIGIBLE FINANCING.** (1) Subject to the limitations in this section, the department may, in connection with the evaluation of eligible projects, consider any financing mechanisms from any lawful source, either integrated as part of a project proposal or as a separate, stand-alone proposal to finance a project. Financing may be considered for all or part of a proposed project. A project may be financed in whole or in part with:

(a) The proceeds of grant anticipation revenue bonds authorized under 23 U.S.C. Sec. 122 and applicable state law. Legislative authorization and appropriation are required to use this source of financing;

(b) Grants, loans, loan guarantees, lines of credit, revolving lines of credit, or other financing arrangements available under the transportation infrastructure finance and innovation act under 23 U.S.C. Sec. 181 et seq., or any other applicable federal law;

(c) Infrastructure loans or assistance from the state infrastructure bank established under RCW 82.44.195;

(d) Federal, state, or local revenues, subject to appropriation by the applicable legislative authority;

(e) User fees, tolls, fares, lease proceeds, rents, gross or net receipts from sales, proceeds from the sale of development rights, franchise fees, or any other lawful form of consideration. However, projects financed by tolls must first be authorized by the legislature under RCW 47.56.820;

(f) Loans, pledges, or contributions of funds, including equity investments, from private entities.

(2) Subject to subsection (4) of this section, the department may develop a plan of finance that would require either the state or a private partner, or both, to: Issue debt, equity, or other securities or obligations; enter into contracts, leases, concessions, and grant and loan agreements; or secure any financing with a pledge of funds to be appropriated by the legislature or with a lien or exchange of real property.

(3) As security for the payment of any financing, the revenues from the project may be pledged, but no such pledge of revenues constitutes in any manner or to any extent a general obligation of the state, unless specifically authorized by the legislature. Any financing described in this section may be structured on a senior, parity, or subordinate basis to any other financing.

(4) The department shall not execute any agreement, including any agreement that could materially impact the state's debt capacity or credit rating, without prior review and approval of the plan of finance and proposed financing terms by the state finance committee.

**NEW SECTION. Sec. 6. USE OF FEDERAL FUNDS OR OTHER SOURCES.** (1) The department may accept from the United States or any of its agencies such funds as are available to this state or to any other unit of government for carrying out the purposes of this chapter, whether the funds are made available by grant, loan, or other financing arrangement. The department may enter into such agreements and other arrangements with the United States or any of its agencies as may be necessary, proper, and convenient for carrying out the purposes of this chapter, subject to subsection (2) of this section.

(2) (a) The department may accept from any source any grant, donation, gift, or other form of conveyance of land, money, other real or personal property, or other valuable thing made to the state of Washington, the department, or a local government for carrying out the purposes of this chapter.

(b) Any eligible project may be financed in whole or in part by contribution of any funds or property made by any private entity or public sector partner that is a party to any agreement entered into under this chapter.

NEW SECTION. **Sec. 7. PUBLIC INTEREST FINDING.** (1) The department may evaluate projects that are already programmed for other delivery methods to determine their appropriateness for delivery under a public-private partnership model.

(2) Before entering into a formal solicitation or procurement to develop a project as a public-private partnership, the department must make formal findings that utilizing a public-private partnership delivery method is in the public's interest. The department must develop rules detailing the process and criteria for making such findings. At a minimum, the criteria must consider whether:

(a) Public ownership of the asset can be retained;

(b) Transparency during the consideration of a public-private partnership agreement can be provided;

(c) Public oversight of the private entity's management of the asset can be provided; and

(d) Additional criteria that reflects the legislative findings in section 1 of this act.

(3) Upon a finding of public interest pursuant to subsection (2) of this section, the department must provide written notification of their finding of public interest and intent to deliver the project as a public-private partnership to the general public, to the chairs and ranking members of the transportation committees of the legislature, and to the governor.

(4) Before commencing any solicitation to deliver the project as a public-private partnership, the department must provide an opportunity for public comment on the proposed project and delivery method.

(5) Upon a finding of public interest pursuant to subsection (2) of this section, the department may:

(a) Solicit concepts or proposals for the identified public-private partnership project from private entities and units of government;

(b) Evaluate the concepts or proposals received under this section. The evaluation under this subsection must include consultation with any appropriate unit of government; and

(c) Select potential projects based on the concepts or proposals.

NEW SECTION. **Sec. 8. USE OF FUNDS FOR PROPOSAL PURPOSES.** (1) The department may spend such moneys as may be necessary for stipends for respondents to a solicitation, the evaluation of concepts or proposals for eligible projects, and for negotiating agreements for eligible projects authorized under this chapter. Expenses incurred by the department under this section before the issuance of transportation project bonds or other financing must be paid by the department and charged to the appropriate project. The department must keep records and accounts showing each charged amount.

(2) Unless otherwise provided in the omnibus transportation appropriations act, the funds spent by the department under this section in connection with the project must be repaid from the proceeds of the bonds or other financing upon the sale of transportation project bonds or upon obtaining other financing for an eligible project, as allowed by law or contract.

NEW SECTION. **Sec. 9. EXPERT CONSULTATION.** The department may consult with legal, financial, technical, and other experts in the public and private sector in the evaluation, negotiation, and development of projects under this chapter.

NEW SECTION. **Sec. 10. CONTRACTED STUDIES.** In the absence of any direct federal funding or direction, the department may contract with a private developer of a selected project proposal to conduct environmental impact studies and engineering and technical studies.

NEW SECTION. **Sec. 11. PARTNERSHIP AGREEMENTS.** (1) The following provisions must be included in any transportation project agreement entered into under the authority of this chapter and to which the state is a party:

(a) For any project that proposes terms for stand alone maintenance or asset management services for a public facility, those services must be provided in a manner consistent with any collective bargaining agreements, chapter 41.80 RCW, and civil service laws that are in effect for the public facility;

(b) A finding of public interest, as issued by the department pursuant to section 7 of this act;

(c) If there is a tolling component to the project, it must be specified that tolling technology used in the project must be consistent with tolling technology standards adopted by the department for transportation-related projects;

(d) Provisions for bonding, financial guarantees, deposits, or the posting of other security to secure the payment of laborers, subcontractors, and suppliers who perform work or provide materials as part of the project;

(e) All projects must be financed in a manner consistent with section 6 of this act.

(2) At a minimum, agreements between the state and private sector partners entered into under this section must specifically include the following contractual elements:

- (a) The point in the project at which public and private sector partners will enter the project and which partners will assume responsibility for specific project elements;
- (b) How the partners will share management of the risks of the project;
- (c) The compensation method and amount for the private partner, establishing a maximum rate of return, and identifying how project revenue, if any, in excess of the maximum rate of return will be distributed;
- (d) How the partners will share the costs of development of the project;
- (e) How the partners will allocate financial responsibility for cost overruns;
- (f) The penalties for nonperformance;
- (g) The incentives for performance;
- (h) The accounting and auditing standards to be used to evaluate work on the project;
- (i) For any project that reverts to public ownership, the responsibility for reconstruction or renovations that are required for a facility to meet all service standards and state of good repair upon reversion of the facility to the state;
- (j) Provisions and remedies for default by either party, and provisions for termination of the agreement for or without cause;
- (l) Provisions for public communication and participation with respect to the development of the project.

**NEW SECTION. Sec. 12. BEST VALUE FINDING AND AGREEMENT EXECUTION.** Before executing an agreement under this chapter, the department must make a formal finding that the negotiated partnership agreement is expected to result in best value for the public, and the agreement must be approved through duly enacted legislation. The department must develop and adopt a process and criteria for measuring, determining, and transparently reporting best value relevant to the proposed project. At minimum, the criteria must include:

- (1) A comparison of the total cost to deliver the project, including any operations and maintenance costs, as a public-private partnership compared to traditional or other alternative delivery methods available to the department;
- (2) A comparison with the department's current plan, resources, delivery capacity, and schedule to complete the project that documents the advantages of completing the project as a public-private partnership versus solely as a public venture; and
- (3) Factors such as, but not limited to: Priority, cost, risk sharing, scheduling, asset and service quality, innovation, and management conditions.

**NEW SECTION. Sec. 13. CONFIDENTIALITY.** A proposer must identify those portions of a proposal that the proposer considers to be confidential, proprietary information, or trade secrets and provide any justification as to why these materials, upon request, should not be disclosed by the department. Patent information will be covered until the patent expires. Other information, such as originality of design or records of negotiation, may only be protected under this section until an agreement is reached. Disclosure must occur before final agreement and execution of the contract. Projects under federal jurisdiction or using federal funds must conform to federal regulations under the freedom of information act.

**NEW SECTION. Sec. 14. PREVAILING WAGES.** If public funds are used to pay any costs of construction of a public facility that is part of an eligible project, chapter 39.12 RCW applies to the entire eligible public works project.

**NEW SECTION. Sec. 15. GOVERNMENT AGREEMENTS.** The state may, either separately or in combination with any other public sector partner, enter into working agreements, coordination agreements, or similar implementation agreements, including the formation of bistate transportation organizations, to carry out the joint implementation and operation of a transportation project selected under this chapter. The state may enter into agreements with other units of government or Canadian provinces for transborder transportation projects.

**NEW SECTION. Sec. 16. EMINENT DOMAIN.** The state may exercise the power of eminent domain to acquire property, rights-of-way, or other rights in property for projects that are necessary to implement an eligible project developed under this chapter. Any property acquired pursuant to this section must be owned in fee simple by the state.

**NEW SECTION. Sec. 17. FEDERAL LAWS.** Applicable federal laws, rules, and regulations govern in any situation that involves federal funds if the federal laws, rules, or regulations:

- (1) Conflict with any provision of this chapter;
- (2) Require procedures that are additional to or different from those provided in this chapter; or
- (3) Require contract provisions not authorized in this chapter. If federal funds are provided, disadvantaged business enterprise inclusion requirements as established, monitored, and administered by the department's office of equity and civil rights apply. If no federal funds are provided, state laws, rates, and rules must govern, including the small business enforceable goals program required through 49 C.F.R. Sec. 26.39 as established, monitored, and administered by the department's office of equity and civil rights.

**NEW SECTION. Sec. 18.** PUBLIC-PRIVATE PARTNERSHIPS ACCOUNT. (1) The public-private partnerships account is created in the custody of the state treasurer.

(2) The following moneys must be deposited into the account:

(a) Proceeds from bonds or other financing instruments issued under section 19 of this act;

(b) Revenues received from any transportation project developed under this chapter or developed under the general powers granted to the department; and

(c) Any other moneys that are by donation, grant, contract, law, or other means transferred, allocated, or appropriated to the account.

(3) Expenditures from the account may be used only to ensure the repayment of loan guarantees or extensions of credit made to or on behalf of private entities engaged in the planning, acquisition, financing, development, design, construction, reconstruction, replacement, improvement, maintenance, preservation, management, repair, or operation of any eligible project under this chapter. The lien of a pledge made under this subsection is subordinate to the lien of a pledge securing bonds payable from moneys in the motor vehicle fund created in RCW 46.68.070.

(4) The state treasurer may establish separate subaccounts within the public-private partnerships account for each transportation project that is initiated under this chapter or under the general powers granted to the department. The state may pledge moneys in the public-private partnerships account to secure revenue bonds or any other debt obligations relating to the project for which the account is established.

(5) Only the secretary or the secretary's designee may authorize distributions from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

**NEW SECTION. Sec. 19.** A new section is added to chapter 47.10 RCW to read as follows:

**BOND ISSUANCE.** (1) In addition to any authority the department has to issue and sell bonds and other similar obligations, this section establishes continuing authority for the issuance and sale of bonds and other similar obligations in a manner consistent with this section. To finance a project as authorized in chapter 47.--- RCW (the new chapter created in section 24 of this act) in whole or in part, the department may request that the state treasurer issue revenue bonds on behalf of the public sector partner. The bonds must be secured by a pledge of, and a lien on, and be payable only from moneys in the public-private partnerships account created in section 18 of this act, and any other revenues specifically pledged to repayment of the bonds. Such a pledge by the public partner creates a lien that is valid and binding from the time the pledge is made. Revenue bonds issued under this section are not general obligations of the state or local government and are not secured by or payable from any funds or assets of the state other than the moneys and revenues specifically pledged to the repayment of such revenue bonds.

(2) Moneys received from the issuance of revenue bonds or other debt obligations, including any investment earnings thereon, may be spent:

(a) For the purpose of financing the costs of the project for which the bonds are issued;

(b) To pay the costs and other administrative expenses of the bonds;

(c) To pay the costs of credit enhancement or to fund any reserves determined to be necessary or advantageous in connection with the revenue bonds; and

(d) To reimburse the public sector partners for any costs related to carrying out the projects authorized under this chapter.

**Sec. 20.** RCW 47.56.030 and 2023 c 429 s 6 are each amended to read as follows:

(1) Except as permitted under chapter ((47.29))47.--- RCW (the new chapter created in section 24 of this act) or 47.46 RCW:

(a) Unless otherwise delegated, and subject to RCW 47.56.820, the department of transportation shall have full charge of the planning, analysis, and construction of all toll bridges and other toll facilities including the Washington state ferries, and the operation and maintenance thereof.

(b) The transportation commission shall determine and establish the tolls and charges thereon.

(c) Unless otherwise delegated, and subject to RCW 47.56.820, the department shall have full charge of planning, analysis, and design of all toll facilities. The department may conduct the planning, analysis, and design of toll facilities as necessary to support the legislature's consideration of toll authorization.

(d) The department shall utilize and administer toll collection systems that are simple, unified, and interoperable. To the extent practicable, the department shall avoid the use of toll booths. The department shall set the statewide standards and protocols for all toll facilities within the state, including those authorized by local authorities.

(e) Except as provided in this section, the department shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract in the manner of state highway construction immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable. The department is authorized to negotiate contracts for any amount without bid under (e)(i) and (ii) of this subsection:

(i) Emergency contracts, in order to make repairs to ferries or ferry terminal facilities or removal of such facilities whenever continued use of ferries or ferry terminal facilities constitutes a real or immediate danger to the traveling public or precludes prudent use of such ferries or facilities; and

(ii) Single source contracts for vessel dry dockings, when there is clearly and legitimately only one available bidder to conduct dry dock-related work for a specific class or classes of vessels. The contracts may be entered into for a single vessel dry docking or for multiple vessel dry dockings for a period not to exceed two years.

(f) Any new vessel planning, construction, purchase, analysis, or design work must be consistent with RCW 47.60.810, except as otherwise provided in RCW 47.60.826.

(2) The department shall proceed with the procurement of materials, supplies, services, and equipment needed for the support, maintenance, and use of a ferry, ferry terminal, or other facility operated by Washington state ferries, in accordance with chapter 43.19 RCW except as follows:

(a) When the secretary of the department of transportation determines in writing that the use of invitation for bid is either not practicable or not advantageous to the state and it may be necessary to make competitive evaluations, including technical or performance evaluations among acceptable proposals to complete the contract award, a contract may be entered into by use of a competitive sealed proposals method, and a formal request for proposals solicitation. Such formal request for proposals solicitation shall include a functional description of the needs and requirements of the state and the significant factors.

(b) When purchases are made through a formal request for proposals solicitation the contract shall be awarded to the responsible proposer whose competitive sealed proposal is determined in writing to be the most advantageous to the state taking into consideration price and other evaluation factors set forth in the request for proposals. No significant factors may be used in evaluating a proposal that are not specified in the request for proposals. Factors that may be considered in evaluating proposals include but are not limited to: Price; maintainability; reliability; commonality; performance levels; life-cycle cost if applicable under this section; cost of transportation or delivery; delivery schedule offered; installation cost; cost of spare parts; availability of parts and service offered; and the following:

(i) The ability, capacity, and skill of the proposer to perform the contract or provide the service required;

(ii) The character, integrity, reputation, judgment, experience, and efficiency of the proposer;

(iii) Whether the proposer can perform the contract within the time specified;

(iv) The quality of performance of previous contracts or services;

(v) The previous and existing compliance by the proposer with laws relating to the contract or services;

(vi) Objective, measurable criteria defined in the request for proposal. These criteria may include but are not limited to items such as discounts, delivery costs, maintenance services costs, installation costs, and transportation costs; and

(vii) Such other information as may be secured having a bearing on the decision to award the contract.

(c) When purchases are made through a request for proposal process, proposals received shall be evaluated based on the evaluation factors set forth in the request for proposal. When issuing a request for proposal for the procurement of propulsion equipment or systems that include an engine, the request for proposal must specify the use of a life-cycle cost analysis that includes an evaluation of fuel efficiency. When a life-cycle cost analysis is used, the life-cycle cost of a proposal shall be given at least the same relative importance as the initial price element specified in the request of proposal documents. The department may reject any and all proposals received. If the proposals are not rejected, the award shall be made to the proposer whose proposal is most advantageous to the department, considering price and the other evaluation factors set forth in the request for proposal.

**Sec. 21.** RCW 47.56.031 and 2005 c 335 s 2 are each amended to read as follows:

No tolls may be imposed on new or existing highways or bridges without specific legislative authorization, or upon a majority vote of the people within the boundaries of the unit of government empowered to impose tolls. This section applies to chapter 47.56 RCW and to any tolls authorized under chapter (~~47.29 RCW, the transportation innovative partnership act of 2005~~) 47.--- RCW (the new chapter created in section 24 of this act).

**Sec. 22.** RCW 70A.15.4030 and 2020 c 20 s 1126 are each amended to read as follows:

(1) A county, city, or town may, as part of its commute trip reduction plan, designate existing activity centers listed in its comprehensive plan or new activity centers as growth and transportation efficiency centers and establish a transportation demand management program in the designated area.

(a) The transportation demand management program for the growth and transportation efficiency center shall be developed in consultation with local transit agencies, the applicable regional transportation planning organization, major employers, and other interested parties.

(b) In order to be eligible for state funding provided for the purposes of this section, designated growth and transportation efficiency centers shall be certified by the applicable regional transportation organization to: (i) Meet the minimum land use and transportation criteria established in collaboration among local jurisdictions, transit agencies, the regional transportation planning organization, and other interested parties as part of the regional commute trip reduction plan; and (ii) have established a transportation demand management program that includes the elements identified in (c) of this subsection and is

consistent with the rules established by the department of transportation in RCW 70A.15.4060(2). If a designated growth and transportation efficiency center is denied certification, the local jurisdiction may appeal the decision to the commute trip reduction board.

(c) Transportation demand management programs for growth and transportation efficiency centers shall include, but are not limited to: (i) Goals for reductions in the proportion of single-occupant vehicle trips that are more aggressive than the state program goal established by the commute trip reduction board; (ii) a sustainable financial plan demonstrating how the program can be implemented to meet state and regional trip reduction goals, indicating resources from public and private sources that are reasonably expected to be made available to carry out the plan, and recommending any innovative financing techniques consistent with chapter ~~((47.29 RCW))~~ 47.--- RCW (the new chapter created in section 24 of this act), including public/private partnerships, to finance needed facilities, services, and programs; (iii) a proposed organizational structure for implementing the program; (iv) a proposal to measure performance toward the goal and implementation progress; and (v) an evaluation to which local land use and transportation policies apply, including parking policies and ordinances, to determine the extent that they complement and support the trip reduction investments of major employers. Each of these program elements shall be consistent with the rules established under RCW 70A.15.4060.

(d) A designated growth and transportation efficiency center shall be consistent with the land use and transportation elements of the local comprehensive plan.

(e) Transit agencies, local governments, and regional transportation planning organizations shall identify certified growth and transportation efficiency centers as priority areas for new service and facility investments in their respective investment plans.

(2) A county, city, or town that has established a growth and transportation efficiency center program shall support vehicle trip reduction activities in the designated area. The implementing jurisdiction shall adopt policies, ordinances, and funding strategies that will lead to attainment of program goals in those areas.

**"NEW SECTION. Sec. 3.** A new section is added to chapter 43.101

RCW to read as follows:

Subject to the availability of amounts appropriated for this specific purpose, the commission shall establish and administer a grant program for law enforcement agencies, as defined in RCW 10.116.010, to acquire alternatives to hog-tie restraints and

related training. The commission shall give priority to smaller agencies and agencies with limited financial resources when selecting grant recipients. Amounts awarded through the grant program must include funding to acquire and properly train on the use of alternative equipment."

Correct the title.

Representative Graham spoke in favor of the adoption of the amendment.

Representative Goodman spoke against the adoption of the amendment.

Amendment (1130) was not adopted.

Representative Mena moved the adoption of the striking amendment (1129):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds it is imperative that our criminal justice systems, including the law enforcement profession, must secure public trust and ensure accountability. In order to do so, the legislature finds that it is important to discontinue practices and tactics that dehumanize and create unnecessary risk of harm and/or death to the people they serve. Additionally, it is important that law enforcement is using up-to-date tactics that come with adequate training from the criminal justice training commission to ensure continuity and oversight in the standards applied across the profession. This includes tactics that comply with the model use of force policies put forward by our state's attorney general.

The legislature finds that, in the quest to ensure that all communities are and feel safe, it is important to take guidance from published model policies, comport with statewide standards and training on restraint tactics, and prohibit hog-tying and other similar tactics that are inhumane, outdated, and have led to the unnecessary loss of human life.

**NEW SECTION. Sec. 2.** A new section is added to chapter 10.116 RCW to read as follows:

(1) A peace officer is prohibited from:  
(a) Hog-tying a person; or  
(b) Assisting in putting a person into a hog-tie.

(2) Hog-tying shall constitute the use of excessive force for the purposes of RCW 10.93.190.

(3) This section shall not be interpreted to prohibit the use of any other alternative restraint product or device that is administered to reduce the incidence of respiratory fatigue or positional asphyxia if such restraint product or device does not violate this section.

(4) For purposes of this section, "hog-tie" or "hog-tying" means fastening together bound or restrained ankles to bound or restrained wrists. "Hog-tie" or "hog-tying" does not include the following:

(a) Use of transport chains or waist chains to transport prisoners; or

(b) Use of a product or device that does not require bound or restrained ankles to be fastened together to bound or restrained wrists."

Correct the title.

Representative Graham moved the adoption of amendment (1148) to the striking amendment (1129):

On page 1, after line 20 of the striking amendment, insert the following:

"NEW SECTION. Sec. 2. A new section is added to chapter 43.101

RCW to read as follows:

Subject to the availability of amounts appropriated for this specific purpose, the commission shall establish and administer a grant program for law enforcement agencies, as defined in RCW 10.116.010, to acquire alternatives to hog-tie restraints and related training. The commission shall give priority to smaller agencies and agencies with limited financial resources when selecting grant recipients. Amounts awarded through the grant program must include funding to acquire and properly train on the use of alternative equipment."

Renumber the remaining sections consecutively and correct any internal references accordingly.

**Concerning the federal harbor maintenance tax.**

The bill was read the second time.

Representative Orcutt moved the adoption of amendment (1154):

Beginning on page 2, line 39, after "(1)" strike all material through "(2)" on page 3, line 6

On page 3, at the beginning of line 11, strike "(3)" and insert "(2)"

On page 3, at the beginning of line 17, strike "(4)" and insert "(3)"

On page 3, at the beginning of line 22, strike "(5)" and insert "(4)"

On page 3, after line 27, insert the following:

"(5) Congress shall conduct a study that includes the following:

(i) Assesses the degree to which the harbor maintenance tax causes the redirection of imports through foreign ports in Canada and Mexico; and

(ii) Assesses if additional harbor maintenance tax appropriations to donor ports would incentivize importers who currently divert imports through foreign ports to begin to import through domestic ports."

Representative Orcutt spoke in favor of the adoption of the amendment.

Representative Berg spoke against the adoption of the amendment.

Amendment (1154) was not adopted.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representative Berg spoke in favor of the passage of the memorial.

Representative Orcutt spoke against the passage of the memorial.

The Speaker (Representative Orwall presiding) stated the question before the House to be the final passage of Substitute Senate Joint Memorial No. 8009.

SENATE BILL NO. 5800, as amended by the House, having received the necessary constitutional majority, was declared passed.

**ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6109, by Senate Committee on Ways & Means (originally sponsored by Wilson, C., Boehnke, Braun, Gildon, Hasegawa, Kuderer, Liias, Lovelett, Lovick, Nguyen, Nobles, Saldaña, Short, Warnick and Wilson, J.)**

**Supporting children and families.**

The bill was read the second time.

There being no objection, the committee striking amendment by the Committee on Human Services, Youth, & Early Learning

was not adopted. For Committee amendment, see Journal, Day 44, Tuesday, February 20, 2024.

There being no objection, the committee striking amendment by the Committee on Appropriations was before the House for purpose of amendment. For Committee amendment, see Journal, Day 50, Monday, February 26, 2024.

Representative Couture moved the adoption of amendment (1164) to the committee striking amendment:

On page 1, beginning on line 16 of the striking amendment, after "that" strike all material through "neglect" on line 20 and insert "there is a rebuttable presumption that removal of the child is necessary to prevent imminent physical harm when a parent's use or possession of a high-potency synthetic opioid, or failure to protect a child from another individual's use or possession of a high-potency synthetic opioid, creates a risk that a child will be exposed to, ingest, inhale, or have contact with a high-potency synthetic opioid"

On page 7, beginning on line 3 of the striking amendment, strike all of sections 102, 103, and 104 and insert the following:

**"Sec. 1.** RCW 13.34.050 and 2021 c 211 s 6 are each amended to read as follows:

(1)(a) The court may enter an order directing a law enforcement officer, probation counselor, or child protective services official to take a child into custody if: ~~((+a))~~ (i) A petition is filed with the juvenile court with sufficient corroborating evidence to establish that the child is dependent; ~~((+b))~~ (ii) the allegations contained in the petition, if true, establish that there are reasonable grounds to believe that removal is necessary to prevent imminent physical harm to the child due to child abuse or neglect ~~((- including that which results from sexual abuse, sexual exploitation, or a pattern of severe neglect))~~; and ~~((+e))~~ (iii) an affidavit or declaration is filed by the department in support of the petition setting forth specific factual information evidencing insufficient time to serve a parent with a dependency petition and hold a hearing prior to removal.

(b) The child abuse or neglect establishing the basis for a determination of imminent physical harm under (a) of this subsection may include, but is not limited to, child abuse or neglect resulting from:

- (i) Sexual abuse;
- (ii) Sexual exploitation;
- (iii) A high-potency synthetic opioid; or
- (iv) A pattern of severe neglect.

(c) There is a rebuttable presumption that removal of the child is necessary to prevent imminent physical harm when a parent's use or possession of a high-potency synthetic opioid or failure to protect a child from another individual's use or possession of a high-potency synthetic opioid creates a risk that a child will be exposed to, ingest, inhale, or have contact with a high-potency synthetic opioid. A parent's promise to secure high-potency synthetic opioids or use them only when the child is not in the vicinity is not

sufficient to overcome this rebuttable presumption.

(2) Any petition that does not have the necessary affidavit or declaration demonstrating a risk of imminent harm requires that the parents are provided notice and an opportunity to be heard before the order may be entered.

(3) The petition and supporting documentation must be served on the parent, and if the child is in custody at the time the child is removed, on the entity with custody other than the parent. If the court orders that a child be taken into custody under subsection (1) of this section, the petition and supporting documentation must be served on the parent at the time of the child's removal unless, after diligent efforts, the parents cannot be located at the time of removal. If the parent is not served at the time of removal, the department shall make diligent efforts to personally serve the parent. Failure to effect service does not invalidate the petition if service was attempted and the parent could not be found.

**Sec. 2.** RCW 13.34.065 and 2021 c 211 s 9, 2021 c 208 s 1, and 2021 c 67 s 4 are each reenacted and amended to read as follows:

(1)(a) When a child is removed or when the petitioner is seeking the removal of a child from the child's parent, guardian, or legal custodian, the court shall hold a shelter care hearing within 72 hours, excluding Saturdays, Sundays, and holidays. The primary purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending. The court shall hold an additional shelter care hearing within 72 hours, excluding Saturdays, Sundays, and holidays if the child is removed from the care of a parent, guardian, or legal custodian at any time after an initial shelter care hearing under this section.

(b) Any child's attorney, parent, guardian, or legal custodian who for good cause is unable to attend or adequately prepare for the shelter care hearing may request that the initial shelter care hearing be continued or that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the child's attorney, parent, guardian, or legal custodian, the court shall schedule the hearing within 72 hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means. If the parent, guardian, or legal custodian is not represented by counsel, the clerk shall provide information to the parent, guardian, or legal custodian regarding how to obtain counsel.

(2)(a) If it is likely that the child will remain in shelter care longer than 72 hours, the department shall submit a recommendation to the court as to the further need for shelter care in all cases in which the child will remain in shelter

care longer than the 72 hour period. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(3)(a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court, in person, or by remote means, and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care hearing, the court must provide notice to the parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.

(4) At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the department to make diligent efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative. The court shall ask the parents whether the department discussed with them the placement of the child with a relative or other suitable person described in RCW 13.34.130(1)(b) and shall determine what efforts have been made toward such a placement;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home. If the dependency petition or other information before the court alleges that experiencing homelessness or the lack of suitable housing was a significant factor contributing to the removal of the child, the court shall inquire as to whether housing assistance was provided to the family to prevent or eliminate the need for removal of the child or children;

(e) Is the placement proposed by the department the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the child was in prior to placement and what efforts have been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in RCW 13.38.040, whether the provisions of the federal Indian child welfare act or chapter 13.38 RCW apply, and whether there is compliance with the federal Indian child welfare act and chapter 13.38 RCW, including notice to the child's tribe;

(i) Whether, as provided in RCW 26.44.063, restraining orders, or orders expelling an allegedly abusive household member from the home of a nonabusive parent, guardian, or legal custodian, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. The court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service;

(k) The terms and conditions for parental, sibling, and family visitation.

(5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(B)(I) Removal of the child is necessary to prevent imminent physical harm due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, a high-potency synthetic opioid, or a pattern of severe neglect, notwithstanding an order entered pursuant to RCW 26.44.063. There is a rebuttable presumption that removal of the child is necessary to prevent imminent physical harm when a parent's use or possession of a high-

potency synthetic opioid or failure to protect a child from another individual's use or possession of a high-potency synthetic opioid creates a risk that a child will be exposed to, ingest, inhale, or have contact with a high-potency synthetic opioid. A parent's promise to secure high-potency synthetic opioids or use them only when the child is not in the vicinity is not sufficient to overcome this rebuttable presumption. The evidence must show a causal relationship between the particular conditions in the home and imminent physical harm to the child. The existence of community or family poverty, isolation, single parenthood, age of the parent, crowded or inadequate housing, substance abuse, prenatal drug or alcohol exposure, mental illness, disability or special needs of the parent or child, or nonconforming social behavior does not by itself constitute imminent physical harm;

(II) It is contrary to the welfare of the child to be returned home; and

(III) After considering the particular circumstances of the child, any imminent physical harm to the child outweighs the harm the child will experience as a result of removal; or

(C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court finds that the elements of (a)(ii)(B) of this subsection require removal of the child, the court shall further consider:

(i) Whether participation by the parents, guardians, or legal custodians in any prevention services would prevent or eliminate the need for removal and, if so, shall inquire of the parent whether they are willing to participate in such services. When a parent's use or possession of a high-potency synthetic opioid, or failure to protect a child from another individual's use or possession of a high-potency synthetic opioid, creates a risk that a child will be exposed to, ingest, inhale, or have contact with a high-potency synthetic opioid, prevention services that would prevent or eliminate the need for removal are only those that are immediately available and provide for 24-hour supervision of the child. If the parent agrees to participate in the prevention services identified by the court that would prevent or eliminate the need for removal, the court shall place the child with the parent. The court shall not order a parent to participate in prevention services over the objection of the parent, however, parents shall have the opportunity to consult with counsel prior to deciding whether to agree to proposed prevention services as a condition of having the child return to or remain in the care of the parent; and

(ii) Whether the issuance of a temporary order of protection directing the removal of a person or persons from the child's residence would prevent the need for removal of the child.

(c)(i) If the court does not release the child to his or her parent, guardian, or legal custodian, the court shall order

placement with a relative or other suitable person as described in RCW 13.34.130(1)(b), unless the petitioner establishes that there is reasonable cause to believe that:

(A) Placement in licensed foster care is necessary to prevent imminent physical harm to the child due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, a high-potency synthetic opioid, or a pattern of severe neglect, because no relative or other suitable person is capable of ensuring the basic safety of the child; or

(B) The efforts to reunite the parent and child will be hindered.

(ii) In making the determination in (c)(i) of this subsection, the court shall:

(A) Inquire of the petitioner and any other person present at the hearing for the child whether there are any relatives or other suitable persons who are willing to care for the child. This inquiry must include whether any relative or other suitable person:

(I) Has expressed an interest in becoming a caregiver for the child;

(II) Is able to meet any special needs of the child;

(III) Is willing to facilitate the child's sibling and parent visitation if such visitation is ordered by the court; and

(IV) Supports reunification of the parent and child once reunification can safely occur; and

(B) Give great weight to the stated preference of the parent, guardian, or legal custodian, and the child.

(iii) If a relative or other suitable person expressed an interest in caring for the child, can meet the child's special needs, can support parent-child reunification, and will facilitate court-ordered sibling or parent visitation, the following must not prevent the child's placement with such relative or other suitable person:

(A) An incomplete department or fingerprint-based background check, if such relative or other suitable person appears otherwise suitable and competent to provide care and treatment, but the background checks must be completed as soon as possible after placement;

(B) Uncertainty on the part of the relative or other suitable person regarding potential adoption of the child;

(C) Disbelief on the part of the relative or other suitable person that the parent, guardian, or legal custodian presents a danger to the child, provided the caregiver will protect the safety of the child and comply with court orders regarding contact with a parent, guardian, or legal custodian; or

(D) The conditions of the relative or other suitable person's home are not sufficient to satisfy the requirements of a licensed foster home. The court may order the department to provide financial or other support to the relative or other suitable person necessary to ensure safe conditions in the home.

(d) If the child was not initially placed with a relative or other suitable person, and the court does not release the child to his or her parent, guardian, or legal

custodian, the department shall make reasonable efforts to locate a relative or other suitable person pursuant to RCW 13.34.060(1).

(e) If the court does not order placement with a relative or other suitable person, the court shall place the child in licensed foster care and shall set forth its reasons for the order. If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(f) Any placement with a relative, or other suitable person approved by the court pursuant to this section, shall be contingent upon cooperation with the department's or agency's case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other suitable person, subject to review by the court.

(g) If the child is placed in a qualified residential treatment program as defined in this chapter, the court shall, within 60 days of placement, hold a hearing to:

(i) Consider the assessment required under RCW 13.34.420 and submitted as part of the department's social study, and any related documentation;

(ii) Determine whether placement in foster care can meet the child's needs or if placement in another available placement setting best meets the child's needs in the least restrictive environment; and

(iii) Approve or disapprove the child's placement in the qualified residential treatment program.

(h) Uncertainty by a parent, guardian, legal custodian, relative, or other suitable person that the alleged abuser has in fact abused the child shall not, alone, be the basis upon which a child is removed from the care of a parent, guardian, or legal custodian under (a) of this subsection, nor shall it be a basis, alone, to preclude placement with a relative or other suitable person under (c) of this subsection.

(i) If the court places with a relative or other suitable person, and that person has indicated a desire to become a licensed foster parent, the court shall order the department to commence an assessment of the home of such relative or other suitable person within 10 days and thereafter issue an initial license as provided under RCW 74.15.120 for such relative or other suitable person, if qualified, as a foster parent. The relative or other suitable person shall receive a foster care maintenance payment, starting on the date the department approves the initial license. If such home is found to be unqualified for licensure, the department shall report such fact to the court within one week of that determination. The department shall report on the status of the licensure process during the entry of any dispositional orders in the case.

(j) If the court places the child in licensed foster care:

(i) The petitioner shall report to the court, at the shelter care hearing, the location of the licensed foster placement the petitioner has identified for the child and the court shall inquire as to whether:

(A) The identified placement is the least restrictive placement necessary to meet the needs of the child;

(B) The child will be able to remain in the same school and whether any orders of the court are necessary to ensure educational stability for the child;

(C) The child will be placed with a sibling or siblings, and whether court-ordered sibling contact would promote the well-being of the child;

(D) The licensed foster placement is able to meet the special needs of the child;

(E) The location of the proposed foster placement will impede visitation with the child's parent or parents;

(ii) The court may order the department to:

(A) Place the child in a less restrictive placement;

(B) Place the child in a location in closer proximity to the child's parent, home, or school;

(C) Place the child with the child's sibling or siblings;

(D) Take any other necessary steps to ensure the child's health, safety, and well-being;

(iii) The court shall advise the petitioner that:

(A) Failure to comply with court orders while a child is in shelter care will be considered when determining whether reasonable efforts have been made by the department during a hearing under RCW 13.34.110; and

(B) Placement moves while a child is in shelter care will be considered when determining whether reasonable efforts have been made by the department during a hearing under RCW 13.34.110.

(6)(a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than 30 days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7)(a)(i) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon.

The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(ii) If the court previously ordered that visitation between a parent and child be supervised or monitored, there shall be a presumption that such supervision or monitoring will no longer be necessary following a continued shelter care order under (a)(i) of this subsection. To overcome this presumption, a party must provide a report to the court including evidence establishing that removing visit supervision or monitoring would create a risk to the child's safety, and the court shall make a determination as to whether visit supervision or monitoring must continue.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

(8) The department and its employees shall not be held liable in any civil action for complying with an order issued under this section for placement: With a parent who has agreed to accept services, a relative, or a suitable person.

(9)(a) If a child is placed out of the home of a parent, guardian, or legal custodian following a shelter care hearing, the court shall order the petitioner to provide regular visitation with the parent, guardian, or legal custodian, and siblings. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and allowing family reunification. The court shall order a visitation plan individualized to the needs of the family with a goal of providing the maximum parent, child, and sibling contact possible.

(b) Visitation under this subsection shall not be limited as a sanction for a parent's failure to comply with recommended services during shelter care.

(c) Visitation under this subsection may only be limited where necessary to ensure the health, safety, or welfare of the child.

(d) The first visit must take place within 72 hours of the child being delivered into the custody of the department, unless the court finds that extraordinary circumstances require delay.

(e) If the first visit under (d) of this subsection occurs in an in-person format, this first visit must be supervised unless the department determines that visit supervision is not necessary.

**Sec. 3.** RCW 13.34.130 and 2019 c 172 s 12 are each amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child

is dependent within the meaning of RCW 13.34.030 after consideration of the social study prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition that maintains the child in his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In determining the disposition, the court should choose services to assist the parents in maintaining the child in the home, including housing assistance, if appropriate, that least interfere with family autonomy and are adequate to protect the child.

(b) (i) Order the child to be removed from his or her home and into the custody, control, and care of a relative or other suitable person, the department, or agency responsible for supervision of the child's placement. If the court orders that the child be placed with a caregiver over the objections of the parent or the department, the court shall articulate, on the record, his or her reasons for ordering the placement. The court may not order an Indian child, as defined in RCW 13.38.040, to be removed from his or her home unless the court finds, by clear and convincing evidence including testimony of qualified expert witnesses, that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

(ii) The department has the authority to place the child, subject to review and approval by the court (A) with a relative as defined in RCW 74.15.020(2)(a), (B) in the home of another suitable person if the child or family has a preexisting relationship with that person, and the person has completed all required criminal history background checks and otherwise appears to the department to be suitable and competent to provide care for the child, or (C) in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW.

(iii) The department may also consider placing the child, subject to review and approval by the court, with a person with whom the child's sibling or half-sibling is residing or a person who has adopted the sibling or half-sibling of the child being placed as long as the person has completed all required criminal history background checks and otherwise appears to the department to be competent to provide care for the child.

(2) Absent good cause, the department shall follow the wishes of the natural parent regarding the placement of the child in accordance with RCW 13.34.260.

(3) The department may only place a child with a person not related to the child as defined in RCW 74.15.020(2)(a), including a placement provided for in subsection (1)(b)(iii) of this section, when the court finds that such placement is in the best

interest of the child. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, the child shall be placed with a person who is willing, appropriate, and available to care for the child, and who is: (I) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a relationship and is comfortable; or (II) a suitable person as described in subsection (1)(b) of this section. The court shall consider the child's existing relationships and attachments when determining placement.

(4) If the child is placed in a qualified residential treatment program as defined in this chapter, the court shall, within sixty days of placement, hold a hearing to:

~~((i) [(a)])~~ (a) Consider the assessment required under RCW 13.34.420 and submitted as part of the department's social study, and any related documentation;

~~((ii) [(b)])~~ (b) Determine whether placement in foster care can meet the child's needs or if placement in another available placement setting best meets the child's needs in the least restrictive environment; and

~~((iii) [(c)])~~ (c) Approve or disapprove the child's placement in the qualified residential treatment program.

(5) When placing an Indian child in out-of-home care, the department shall follow the placement preference characteristics in RCW 13.38.180.

(6) Placement of the child with a relative or other suitable person as described in subsection (1)(b) of this section shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services, including housing assistance, that have been provided to the child and the child's parent, guardian, or legal custodian, and that prevention services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child. There is a rebuttable presumption that a parent is unavailable if the parent has deficiencies that jeopardize the child's right to be nurtured, physical health, mental health, or basic safety, including that which results from substance abuse or a parent's use or possession of a high-potency synthetic opioid, or failure to protect a child from another individual's use or possession of a high-potency synthetic opioid. A parent's promise to secure high-potency synthetic opioids or use them only when the child is not in the vicinity is not sufficient to overcome this rebuttable presumption;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child; or

(c) The court finds, by clear, cogent, and convincing evidence, a manifest danger

exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger. There is a rebuttable presumption that removal of the child is necessary and a manifest danger exists that the child will suffer serious abuse or neglect when a parent's use or possession of a high-potency synthetic opioid, or failure to protect a child from another individual's use or possession of a high-potency synthetic opioid, creates a risk that a child will be exposed to, ingest, inhale, or have contact with a high-potency synthetic opioid. A parent's promise to secure high-potency synthetic opioids or use them only when the child is not in the vicinity is not sufficient to overcome this rebuttable presumption.

(7) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court shall consider whether it is in a child's best interest to be placed with, have contact with, or have visits with siblings.

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) The court has jurisdiction over all siblings subject to the order of placement, contact, or visitation pursuant to petitions filed under this chapter or the parents of a child for whom there is no jurisdiction are willing to agree; and

(ii) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized or that efforts to reunite the parent and child would be hindered by such placement, contact, or visitation. In no event shall parental visitation time be reduced in order to provide sibling visitation.

(b) The court may also order placement, contact, or visitation of a child with a stepbrother or stepsister provided that in addition to the factors in (a) of this subsection, the child has a relationship and is comfortable with the stepsibling.

(8) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section and placed into nonparental or nonrelative care, the court shall order a placement that allows the child to remain in the same school he or she attended prior to the initiation of the dependency proceeding when such a placement is practical and in the child's best interest.

(9) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

(10) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative or other suitable person, the child shall remain in foster care and the court shall direct the department to conduct

necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative or other person appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives or other suitable persons, pursuant to this section, shall be contingent upon cooperation by the relative or other suitable person with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's or other suitable person's home, subject to review by the court."

On page 30, after line 17, insert the following:

"**Sec. 7.** RCW 70A.65.160 and 2022 c 181 s 7 are each amended to read as follows:

(1)(a) The department shall establish a price ceiling to provide cost protection for covered entities obligated to comply with this chapter. ((The))Except as provided in (b) of this subsection, the ceiling must be set at a level sufficient to facilitate investments to achieve further emission reductions beyond those enabled by the price ceiling, with the intent that investments accelerate the state's achievement of greenhouse gas limits established under RCW 70A.45.020. The price ceiling must increase annually in proportion to the reserve auction floor price established in RCW 70A.65.150(1).

(b) If the department enters into a linkage agreement under this chapter, effective as of the day that the linkage agreement takes effect, the department must set the price ceiling at an amount no more than the highest auction settlement price

that occurred at any single auction during calendar year 2023.

(2) In the event that no allowances remain in the allowance price containment reserve, the department must issue the number of price ceiling units for sale sufficient to provide cost protection for covered entities as established under subsection (1) of this section. Purchases must be limited to entities that do not have sufficient eligible compliance instruments in their holding and compliance accounts for the current compliance period and these entities may only purchase what they need to meet their compliance obligation for the current compliance period. Price ceiling units may not be sold or transferred and must be retired for compliance in the current compliance period. A price ceiling unit is not a property right.

(3) The price ceiling unit emission reduction investment account is created in the state treasury. All receipts from the sale of price ceiling units must be deposited in the account. Moneys in the account may only be spent after appropriation. Moneys in the account must be expended to achieve emissions reductions on at least a metric ton for metric ton basis that are real, permanent, quantifiable, verifiable, enforceable by the state, and in addition to any greenhouse gas emission reduction otherwise required by law or regulation and any other greenhouse gas emission reduction that otherwise would occur."

(1) The office of the superintendent of public instruction, in consultation with the Washington school information processing cooperative, shall establish and maintain a confidential online survey for parents or guardians to complete, at their option, upon transferring or withdrawing their student or students from a public school or school district. For the purpose of avoiding duplication in the data collection process, the survey must use the statewide student identifier for each student for which there is a survey response. The purpose of the survey, which must be operational by September 1, 2024, is to:

(a) Collect data for school officials, policymakers, and the public about the purposes and reasons that parents or guardians transfer or withdraw students from public schools and school districts; and

(b) Identify, through the collected data, potential opportunities for improving the public school system to better meet the needs of students and their parents or guardians.

(2) Public schools must notify parents or guardians of the survey and provide a link to the survey upon receiving a request from a parent or guardian to transfer or withdraw a student.

(3)(a) Beginning December 1, 2025, and annually thereafter, the office of the superintendent of public instruction shall provide a summary of the data received through the survey during the school year preceding the issuance of the report to:

(i) The public schools and school districts from which the survey responses from parents or guardians originated; and

(ii) The education and fiscal committees of the legislature, in compliance with RCW 43.01.036.

(b) The office of the superintendent of public instruction shall annually post and maintain on its website an aggregate statewide summary of the data summaries required by (a) of this subsection (3).

(4) The office of the superintendent of public instruction shall ensure that the implementation of this section occurs in conformity with requirements governing the privacy of student education records.

(5) For the purposes of this section:

(a) "Public schools" has the same meaning as in RCW 28A.150.010; and

(b) "Statewide student identifier" has the same meaning as in RCW 28B.10.041.

**NEW SECTION. Sec. 8.** Section 7 of this act takes effect after a new or revised state learning standard has been adopted in conformity with RCW 28A.655.070 (2) (b)."

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 44.90.020 and 2022 c 283 s 3 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Collective bargaining" means the performance of the mutual obligations of the employer and the exclusive bargaining representative to meet at reasonable times, except that neither party may be compelled to negotiate during a legislative session or on committee assembly days, to confer and negotiate in good faith, and to execute a written agreement with respect to the subjects of bargaining specified under RCW 44.90.090. The obligation to bargain does not compel either party to agree to a proposal or to make a concession unless otherwise provided in this chapter.

(2) "Commission" means the legislative commission created in section 17 of this act at the public employment relations commission, until the legislative commission expires on December 31, 2029. After December 31, 2029, "commission" means the public employment relations commission created under RCW 41.58.010(1).

((+2)) (3) "Confidential employee" means an employee designated by the employer: (a) To assist in a confidential capacity, or serve as counsel to, persons who formulate, determine, and effectuate employer policies with regard to labor relations and personnel matters; or (b) who has authorized access to information relating to the effectuation or

review of the employer's collective bargaining policies, strategies, or process to the extent that such access creates a conflict of interest; or (c) who assists or aids an employee with managerial authority; or (d) whose duties normally require access to confidential information that contributes to the development of the employer's collective bargaining policies or bargaining strategies. Such employees may include, but are not limited to, employees whose primary functions include supporting the offices of the secretary of the senate or chief clerk of the house of representatives, or conducting accounting, payroll, labor management, collective bargaining, or human resources activities.

(4) "Director" means the director of the office of state legislative labor relations.

((+3)) (5) (a) "Employee" means:

(i) Any regular partisan employee of the house of representatives or the senate who is covered by this chapter; and

(ii) Any regular employee who is staff of the:

(A) Office of legislative support services;

(B) Legislative service center;

(C) Office of the code reviser who, during any legislative session, does not work full time on drafting and finalizing legislative bills to be included in the Revised Code of Washington; and

(D) House of representatives and senate administrations.

(b) "Employee" also includes temporary staff hired to perform substantially similar work to that performed by employees included under (a) of this subsection.

(c) All other regular employees and temporary employees, including casual employees, interns, and pages, and employees in the office of program research and senate committee services work groups of the house of representatives and the senate are excluded from the definition of "employee" for the purposes of this chapter.

(6) "Employee organization" means any organization, union, or association in which employees participate and that exists for the purpose, in whole or in part, of collective bargaining with employers.

((+4)) (7) "Employee with managerial authority" means any employee designated by the employer who, regardless of job title:

(a) Directs the staff who work for a legislative chamber, caucus, agency, or subdivision thereof; (b) has substantial responsibility in personnel administration, or the preparation and administration of the employer's budgets; and (c) exercises authority that is not merely routine or clerical in nature and requires the use of independent judgment.

(8) "Employer" means:

(a) The chief clerk of the house of representatives, or the chief clerk's designee, for employees of the house of representatives;

(b) The secretary of the senate, or the secretary's designee, for employees of the senate; and

(c) The chief clerk of the house of representatives and the secretary of the senate, acting jointly, or their designees, for the regular employees who are staff of

the office of legislative support services, the legislative service center, and the office of the code reviser.

(9) "Exclusive bargaining representative" means any employee organization that has been certified under this chapter as the representative of the employees in an appropriate bargaining unit.

((+5)) (10) "Labor dispute" means any controversy concerning terms, tenure, or conditions of employment, or concerning the association or representation of persons in negotiating, fixing, maintaining, changing, or seeking to arrange terms or conditions of employment with respect to the subjects of bargaining provided in this chapter, regardless of whether the disputants stand in the proximate relation of employer and employee.

(11) "Legislative agencies" means the joint legislative audit and review committee, the statute law committee, the legislative ethics board, the legislative evaluation and accountability program committee, the office of the state actuary, the legislative service center, the office of legislative support services, the joint transportation committee, and the redistricting commission.

((+6)) (12) "Office" means the office of state legislative labor relations.

(13) "Supervisor" means an employee designated by the employer to provide supervision to and have authority over legislative employees on an ongoing basis as part of the employee's regular and usual job duties. Supervision includes the authority to direct employees, approve and deny leave, and effectively recommend decisions to hire, transfer, suspend, lay off, recall, promote, discharge, direct, reward, or discipline employees, or to adjust employee grievances, when the exercise of the authority is not of a merely routine nature but requires the exercise of individual judgment.

NEW SECTION. Sec. 2. A new section is added to chapter 44.90 RCW to read as follows:

(1) This chapter does not apply to any legislative employee who has managerial authority, is a confidential employee, or who does not meet the definition of employee for the purpose of collective bargaining.

(2) This chapter also does not apply to:

(a) Elected or appointed members of the legislature;

(b) Any person appointed to office under statute, ordinance, or resolution for a specific term of office as a member of a multimember board, commission, or committee;

(c) The deputy secretary of the senate and the deputy chief clerk of the house of representatives;

(d) The senate human resources officer, the human resources director of the house of representatives, and the human resources officers or directors of the legislative support services, legislative service center, and office of the code reviser;

(e) The senate director of accounting and the director of accounting for the house of representatives, and the directors of accounting for the legislative support

services, legislative service center, and office of the code reviser;

(f) Caucus chiefs of staff and caucus deputy chiefs of staff;

(g) The speaker's attorney, house counsel, and leadership counsel to the minority caucus of the house of representatives; and

(h) The counsels for the senate that provide direct legal advice to the administration of the senate.

(3)(a) Notwithstanding any other provision of this chapter, the employer has the sole and exclusive authority to designate supervisors. Notwithstanding any other provision of this chapter, the employer also has the sole and exclusive authority to designate confidential employees and employees who have managerial authority, subject to the limitations in (b) of this subsection.

(b) The number of employees designated as confidential employees and employees with managerial authority may not exceed 20 percent of the total employees, as defined under RCW 44.90.020(5)(a)(i), of the employer. However, for the office of legislative support services, the legislative service center, and the office of the code reviser, the number of employees designated as confidential employees and employees with managerial authority may not exceed 20 percent of the total employees in each of those respective agencies.

**Sec. 3.** RCW 44.90.030 and 2022 c 283 s 2 are each amended to read as follows:

(1) The office of state legislative labor relations is created to assist the house of representatives, the senate, and legislative agencies in implementing and managing the process of collective bargaining for employees of the legislative branch of state government.

(2)(a) Subject to (b) of this subsection, the secretary of the senate and the chief clerk of the house of representatives shall employ a director of the office. The director serves at the pleasure of the secretary of the senate and the chief clerk of the house of representatives, who shall fix the director's salary.

(b) The secretary of the senate and the chief clerk of the house of representatives shall, before employing a director, consult with legislative employees, the senate facilities and operations committee, the house executive rules committee, and the human resources officers of the house of representatives, the senate, and legislative agencies.

(c) The director serves as the executive and administrative head of the office and may employ additional employees to assist in carrying out the duties of the office. The duties of the office include, but are not limited to, establishing bargaining teams and conducting negotiations on behalf of the employer.

~~((d) The director shall contract with an external consultant for the purposes of gathering input from legislative employees, taking into consideration RCW 42.52.020 and rules of the house of representatives and~~

~~the senate. The gathering of input must be in the form of, at a minimum, surveys.~~

~~(3) The director, in consultation with the secretary of the senate, the chief clerk of the house of representatives, and the administrative heads of legislative agencies shall:~~

~~(a) Examine issues related to collective bargaining for employees of the house of representatives, the senate, and legislative agencies; and~~

~~(b) After consultation with the external consultant, develop best practices and options for the legislature to consider in implementing and administering collective bargaining for employees of the house of representatives, the senate, and legislative agencies.~~

~~(4)(a) By December 1, 2022, the director shall submit a preliminary report to the appropriate committees of the legislature that provides a progress report on the director's considerations.~~

~~(b) By October 1, 2023, the director shall submit a final report to the appropriate committees of the legislature. At a minimum, the final report must address considerations on the following issues:~~

~~(i) Which employees of the house of representatives, the senate, and legislative agencies for whom collective bargaining may be appropriate;~~

~~(ii) Mandatory, permissive, and prohibited subjects of bargaining;~~

~~(iii) Who would negotiate on behalf of the house of representatives, the senate, and legislative agencies, and which entity or entities would be considered the employer for purposes of bargaining;~~

~~(iv) Definitions for relevant terms;~~

~~(v) Common public employee collective bargaining agreement frameworks related to grievance procedures and processes for disciplinary actions;~~

~~(vi) Procedures related to the commission certifying exclusive bargaining representatives, determining bargaining units, adjudicating unfair labor practices, determining representation questions, and coalition bargaining;~~

~~(vii) The efficiency and feasibility of coalition bargaining;~~

~~(viii) Procedures for approving negotiated collective bargaining agreements;~~

~~(ix) Procedures for submitting requests for funding to the appropriate legislative committees if appropriations are necessary to implement provisions of the collective bargaining agreements; and~~

~~(x) Approaches taken by other state legislatures that have authorized collective bargaining for legislative employees.~~

~~(5) The report must include a summary of any statutory changes needed to address the considerations listed in subsection (4) of this section related to the collective bargaining process for legislative employees.))~~

**NEW SECTION. Sec. 4.** A new section is added to chapter 44.90 RCW to read as follows:

(1) As provided by this chapter, the commission or the court shall determine all questions described by this chapter as under

the commission's authority. However, such authority may not result in an order or rule that intrudes upon or interferes with the legislature's core function of efficient and effective law making or the essential operation of the legislature, including that an order or rule may not:

(a) Modify any matter relating to the qualifications and elections of members of the legislature, or the holding of office of members of the legislature;

(b) Modify any matter relating to the legislature or each house thereof choosing its officers, adopting rules for its proceedings, selecting committees necessary for the conduct of business, considering or enacting legislation, or otherwise exercising the legislative power of this state;

(c) Modify any matter relating to legislative calendars, schedules, and deadlines of the legislature; or

(d) Modify laws, rules, policies, or procedures regarding ethics or conflicts of interest.

(2) No member of the legislature may be compelled by subpoena or other means to attend a proceeding related to matters covered by this chapter during a legislative session, committee assembly days, or for 15 days before commencement of each session.

**Sec. 5.** RCW 44.90.050 and 2022 c 283 s 5 are each amended to read as follows:

(1) Except as may be specifically limited by this chapter, legislative employees shall have the right to self-organization, to form, join, or assist employee organizations, and to bargain collectively through representatives of their own choosing for the purpose of collective bargaining free from interference, restraint, or coercion. Legislative employees shall also have the right to refrain from any or all such activities.

(2) Except as may be specifically limited by this chapter, the commission shall determine all questions pertaining to ascertaining exclusive bargaining representatives for legislative employees and collectively bargaining under this chapter. However, no employee organization shall be recognized or certified as the exclusive bargaining representative of a bargaining unit of employees of the legislative branch unless it receives the votes of a majority of employees in the petitioned for bargaining unit voting in a secret election ((by mail ballot)) administered by the commission. The commission's process must allow for an employee, group of employees, employee organizations, employer, or their agents to have the right to petition on any question concerning representation.

(3) ~~((The employer and the exclusive bargaining representative of a bargaining unit of legislative employees may not enter into a collective bargaining agreement that requires the employer to deduct, from the salary or wages of an employee, contributions for payments for political action committees sponsored by employee organizations with legislative employees as~~

~~members.))~~ The commission must adopt rules that provide for at least the following:

(a) Secret balloting;

(b) Consulting with employee organizations;

(c) Access to lists of employees, job titles, work locations, and home mailing addresses;

(d) Absentee voting;

(e) Procedures for the greatest possible participation in voting;

(f) Campaigning on the employer's property during working hours; and

(g) Election observers.

(4)(a) If an employee organization has been certified as the exclusive bargaining representative of the employees of multiple bargaining units, the employee organization may act for and negotiate a master collective bargaining agreement that includes within the coverage of the agreement all covered employees in the bargaining units.

(b) If a master collective bargaining agreement is in effect for the newly certified exclusive bargaining representative, it applies to the bargaining unit for which the new certification has been issued. Nothing in this subsection (4)(b) requires the parties to engage in new negotiations during the term of that agreement.

(5) The certified exclusive bargaining representative is responsible for representing the interests of all the employees in the bargaining unit. This section may not be construed to limit an exclusive bargaining representative's right to exercise its discretion to refuse to process grievances of employees that are unmeritorious.

(6) No question concerning representation may be raised if:

(a) Fewer than 12 months have elapsed since the last certification or election; or

(b) A valid collective bargaining agreement exists covering the unit, except for that period of no more than 120 calendar days nor less than 90 calendar days before the expiration of the contract.

**NEW SECTION. Sec. 6.** A new section is added to chapter 44.90 RCW to read as follows:

(1) The commission, after hearing upon reasonable notice to all interested parties, shall decide, in each application for certification as an exclusive bargaining representative, the unit appropriate for certification. In determining the new units or modifications of existing units, the commission must consider: The duties, skills, and working conditions of the employees; the history of collective bargaining; the extent of organization among the employees; the desires of the employees; and the avoidance of excessive fragmentation. However, a unit is not appropriate if it includes:

(a) Both supervisors and nonsupervisory employees. A unit that includes only supervisors may be considered appropriate if a majority of the supervisory employees indicates by vote that they desire to be included in such a unit;

(b) Both house of representatives and senate employees;

(c) Both partisan and nonpartisan employees;

(d) Employees of the majority party caucus and the minority party caucus, unless a majority of the employees of each caucus indicate by vote that they desire to be included together in the same unit; or

(e) Employees of the legislative service center, office of legislative support services, and the office of the code reviser, in any combination with each other or in any combination with employees of the house of representatives or employees of the senate.

(2) If a single employee organization is the exclusive bargaining representative for two or more units, upon petition by the employee organization, the units may be consolidated into a single larger unit if the commission considers the larger unit to be appropriate. If consolidation is appropriate, the commission shall certify the employee organization as the exclusive bargaining representative of the new unit.

NEW SECTION. **Sec. 7.** A new section is added to chapter 44.90 RCW to read as follows:

(1) The parties to a collective bargaining agreement must reduce the agreement to writing and both execute it.

(2) Except as provided in this chapter, a collective bargaining agreement must contain provisions that provide for a grievance procedure of all disputes arising over the interpretation or application of the collective bargaining agreement and that is valid and enforceable under its terms when entered into in accordance with this chapter.

(3) RCW 41.56.037 applies to this chapter.

(4)(a) If a collective bargaining agreement between an employer and an exclusive bargaining representative is concluded after the termination date of the previous collective bargaining agreement between the employer and an employee organization representing the same bargaining units, the effective date of the collective bargaining agreement may be the day after the termination of the previous collective bargaining agreement, and all benefits included in the new collective bargaining agreement, including wage or salary increases, may accrue beginning with that effective date.

(b) If a collective bargaining agreement between an employer and an exclusive bargaining representative is concluded after the termination date of the previous collective bargaining agreement between the employer and the exclusive bargaining representative representing different bargaining units, the effective date of the collective bargaining agreement may be the day after the termination date of whichever previous collective bargaining agreement covering one or more of the units terminated first, and all benefits included in the new collective bargaining agreement, including wage or salary increases, may accrue beginning with that effective date.

(5) The employer and the exclusive bargaining representative of a bargaining unit of legislative employees may not enter into a collective bargaining agreement that requires the employer to deduct, from the salary or wages of an employee, contributions for payments for political action committees sponsored by employee organizations with legislative employees as members.

**Sec. 8.** RCW 44.90.060 and 2022 c 283 s 6 are each amended to read as follows:

~~((During a legislative session or committee assembly days, nothing))~~ Nothing contained in this chapter permits or grants to any legislative employee the right to strike, participate in a work stoppage, or refuse to perform their official duties.

**Sec. 9.** RCW 44.90.070 and 2022 c 283 s 7 are each amended to read as follows:

(1) Collective bargaining negotiations under this chapter must commence no later than July 1st of each even-numbered year after a bargaining unit has been certified.

(2) The duration of any collective bargaining agreement shall not exceed one fiscal biennium.

(3)(a) The director must submit ratified collective bargaining agreements, with cost estimates, to the employer by October 1st before the legislative session at which the request for funds is to be considered. The transmission by the legislature to the governor under RCW 43.88.090 must include a request for funds necessary to implement the provisions of all collective bargaining agreements covering legislative employees.

(b) If the legislature or governor fails to provide the funds for a collective bargaining agreement for legislative employees, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in section 10 of this act.

(4) Negotiation for economic terms will be by a coalition of all exclusive bargaining representatives. Any such provisions agreed to by the employer and the coalition must be included in all collective bargaining agreements negotiated by the parties. The director and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of bargaining unit specific issues for inclusion in the collective bargaining agreement, subject to the parties' agreement regarding the issues and procedures for supplemental bargaining. This subsection does not prohibit cooperation and coordination of bargaining between two or more exclusive bargaining representatives.

(5) If a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties must immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

**NEW SECTION. Sec. 10.** A new section is added to chapter 44.90 RCW to read as follows:

(1) Should the parties fail to reach agreement in negotiating a collective bargaining agreement, either party may request of the commission the assistance of an impartial third party to mediate the negotiations. If a collective bargaining agreement previously negotiated under this chapter expires while negotiations are underway, the terms and conditions specified in the collective bargaining agreement remain in effect for a period not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(2) Nothing in this section may be construed to prohibit an employer and an exclusive bargaining representative from agreeing to substitute, at their own expense, their own procedure for resolving impasses in collective bargaining for that provided in this section or from agreeing to utilize for the purposes of this section any other governmental or other agency or person in lieu of the commission.

(3) The commission shall bear costs for mediator services.

**Sec. 11.** RCW 44.90.080 and 2022 c 283 s 8 are each amended to read as follows:

(1) It is an unfair labor practice for an employer in the legislative branch of state government:

(a) To interfere with, restrain, or coerce employees in the exercise of the rights guaranteed by this chapter;

(b) To dominate or interfere with the formation or administration of any employee organization or contribute financial or other support to it: PROVIDED, That subject to rules adopted by the commission, an employer shall not be prohibited from permitting employees to confer with it or its representatives or agents during working hours without loss of time or pay;

(c) To encourage or discourage membership in any employee organization by discrimination in regard to hire, tenure of employment, or any term or condition of employment;

(d) To discharge or discriminate otherwise against an employee because that employee has filed charges or given testimony under this chapter;

(e) To refuse to bargain collectively with the exclusive bargaining representatives of its employees.

(2) Notwithstanding any other law, the expression of any views, arguments, or opinions, or the dissemination thereof in any form, by a member of the legislature related to this chapter or matters within the scope of representation, shall not constitute, or be evidence of, an unfair labor practice unless the employer has authorized the member to express that view, argument, or opinion on behalf of the employer or as an employer.

(3) It is an unfair labor practice for an employee organization:

(a) To restrain or coerce an employee in the exercise of the rights guaranteed by this chapter: PROVIDED, That this subsection

shall not impair the right of an employee organization to prescribe its own rules with respect to the acquisition or retention of membership in the employee organization or to an employer in the selection of its representatives for the purpose of bargaining or the adjustment of grievances;

(b) To cause or attempt to cause an employer to discriminate against an employee in violation of subsection (1)(c) of this section;

(c) To discriminate against an employee because that employee has filed charges or given testimony under this chapter;

(d) To refuse to bargain collectively with an employer.

~~((3))~~(4) The expressing of any views, arguments, or opinion, or the dissemination thereof to the public, whether in written, printed, graphic, or visual form, shall not constitute or be evidence of an unfair labor practice under this chapter, if such expression contains no threat of reprisal or force or promise of benefit.

**NEW SECTION. Sec. 12.** A new section is added to chapter 44.90 RCW to read as follows:

(1) The commission is empowered and directed to prevent any unfair labor practice and to issue appropriate remedial orders. However, a complaint may not be processed for any unfair labor practice occurring more than six months before the filing of the complaint with the commission or in Thurston county superior court. This power may not be affected or impaired by any means of adjustment, mediation, or conciliation in labor disputes that have been or may hereafter be established by law.

(2) Except as may be specifically limited by this chapter, if the commission or court determines that any person has engaged in or is engaging in an unfair labor practice, the commission or court shall issue and cause to be served upon the person an order requiring the person to cease and desist from such unfair labor practice, and to take such affirmative action as will effectuate the purposes and policy of this chapter, such as the payment of damages.

(3) The commission may petition the Thurston county superior court for the enforcement of its order and for appropriate temporary relief.

**Sec. 13.** RCW 44.90.090 and 2022 c 283 s 9 are each amended to read as follows:

(1) Except as otherwise provided in this chapter, the matters subject to bargaining include wages, hours, terms and conditions of employment, and the negotiation of any question arising under a collective bargaining agreement.

(2) The employer shall not bargain over rights of management which, in addition to all powers, duties, and rights established by constitutional provision or statute, shall include, but not be limited to, the following:

(a) Any item listed in section 4(1) of this act;

(b) The functions and programs of the employer, the use of technology, and the

structure of the organization, including the size and composition of standing committees;

~~((b))~~(c) The employer's budget and the size of the employer's workforce, including determining the financial basis for layoffs;

~~((e))~~(d) The right to direct and supervise employees;

~~((d))~~(e) The hours of work during legislative session ((and the cutoff calendar for a legislative session)) and committee assembly days, and the hours of work during the 60 calendar days before the first day of legislative session and during the 20 calendar days after the last day of legislative session. This subsection (2)(e) does not prohibit bargaining over hours of work during any other period and bargaining over compensation for hours of work in excess of a 40-hour workweek, except that bargaining over hours of work during periods not otherwise prohibited and compensation for hours worked in excess of a 40-hour workweek may only occur for agreements that take effect after July 1, 2027; ((and

~~(e))~~(f) The cutoff calendar for a legislative session;

(g) The employer's authority to: (i) Lay off employees when there has been a change to the number of members in, or the makeup of, a caucus due to an election or appointment that necessitates a change in the number of staff; (ii) lay off an employee following an election, appointment, or resignation of a legislator; and (iii) terminate an employee for engaging in partisan activities that are incompatible with the employee's job duties or position;

(h) Health care benefits and other employee insurance benefits. The amount paid by a legislative employee for health care premiums must be the same as that paid by a represented state employee covered by RCW 41.80.020(3);

(i) The right to take whatever actions are deemed necessary to carry out the mission of the legislature and its agencies during emergencies; and

(j) Retirement plans and retirement benefits.

~~((2))~~(3) Except for an applicable code of conduct policy adopted by a chamber of the legislature or a legislative agency, if a conflict exists between policies adopted by the legislature relating to wages, hours, and terms and conditions of employment and a provision of a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with a statute or an applicable term of a code of conduct policy adopted by a chamber of the legislature or a legislative agency is invalid and unenforceable.

**NEW SECTION. Sec. 14.** A new section is added to chapter 44.90 RCW to read as follows:

(1) Upon authorization of an employee within the bargaining unit and after the certification or recognition of the bargaining unit's exclusive bargaining representative, the employer must deduct from the payments to the employee the monthly amount of dues as certified by the

secretary of the exclusive bargaining representative and must transmit the same to the treasurer of the exclusive bargaining representative.

(2)(a) An employee's written, electronic, or recorded voice authorization to have the employer deduct membership dues from the employee's salary must be made by the employee to the exclusive bargaining representative. If the employer receives a request for authorization of deductions, the employer must, as soon as practicable, forward the request to the exclusive bargaining representative.

(b) Upon receiving notice of the employee's authorization, the employer must deduct from the employee's salary membership dues and remit the amounts to the exclusive bargaining representative.

(c) The employee's authorization remains in effect until expressly revoked by the employee in accordance with the terms and conditions of the authorization.

(d) An employee's request to revoke authorization for payroll deductions must be in writing and submitted by the employee to the exclusive bargaining representative in accordance with the terms and conditions of the authorization.

(e) After the employer receives confirmation from the exclusive bargaining representative that the employee has revoked authorization for deductions, the employer must end the deduction no later than the second payroll after receipt of the confirmation.

(f) The employer must rely on information provided by the exclusive bargaining representative regarding the authorization and revocation of deductions.

**NEW SECTION. Sec. 15.** A new section is added to chapter 44.90 RCW to read as follows:

(1) If the parties to a collective bargaining agreement negotiated under this chapter agree to final and binding arbitration under grievance procedures allowed by section 7 of this act, the parties may agree on one or more permanent umpires to serve as arbitrator, or may agree on any impartial person to serve as arbitrator, or may agree to select arbitrators from any source available to them, including federal and private agencies, in addition to the staff and list of arbitrators maintained by the commission. If the parties cannot agree to the selection of an arbitrator, the commission must supply a list of names in accordance with the procedures established by the commission.

(2) The authority of an arbitrator shall be subject to the limits and restrictions specified under section 4 of this act.

(3) Except as limited by this chapter, an arbitrator may require any person to attend as a witness and to bring with them any book, record, document, or other evidence. The fees for such attendance must be paid by the party requesting issuance of the subpoena and must be the same as the fees of witnesses in the superior court. Arbitrators may administer oaths. Subpoenas must issue and be signed by the arbitrator and must be served in the same manner as subpoenas to

testify before a court of record in this state. If any person so summoned to testify refuses or neglects to obey such subpoena, upon petition authorized by the arbitrator, the superior court may compel the attendance of the person before the arbitrator or punish the person for contempt in the same manner provided for the attendance of witnesses or the punishment of them in the courts of this state.

(4) Except as limited by this chapter, the arbitrator shall appoint a time and place for the hearing and notify the parties thereof, and may adjourn the hearing from time to time as may be necessary, and, on application of either party and for good cause, may postpone the hearing to a time not extending beyond the date fixed by the collective bargaining agreement for making the award. The arbitration award must be in writing and signed by the arbitrator. The arbitrator must, promptly upon its rendition, serve a true copy of the award on each of the parties or their attorneys of record.

(5) If a party to a collective bargaining agreement negotiated under this chapter that includes final and binding arbitration refuses to submit a grievance for arbitration, the other party to the collective bargaining agreement may invoke the jurisdiction of the superior court of Thurston county and the court shall have jurisdiction to issue an order compelling arbitration. Disputes concerning compliance with grievance procedures shall be reserved for determination by the arbitrator. Arbitration shall be ordered if the grievance states a claim that on its face is covered by the collective bargaining agreement. Doubts as to the coverage of the arbitration clause shall be resolved in favor of arbitration.

(6) If a party to a collective bargaining agreement negotiated under this chapter that includes final and binding arbitration refuses to comply with the award of an arbitrator determining a grievance arising under the collective bargaining agreement, the other party to the collective bargaining agreement may invoke the jurisdiction of the superior court of Thurston county and the court shall have jurisdiction to issue an order enforcing the arbitration award.

**Sec. 16.** RCW 41.58.010 and 2012 c 117 s 89 are each amended to read as follows:

(1) There is hereby created the public employment relations commission (hereafter called the "commission") to administer the provisions of this chapter. ~~(The)~~Notwithstanding section 17 of this act, the commission shall consist of three members who shall be citizens appointed by the governor by and with the advice and consent of the senate. One of the original members shall be appointed for a term of three years, one for a term of four years, and one for a term of five years. Their successors shall be appointed for terms of five years each, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the member whom he or she succeeds. Commission members shall be eligible for reappointment. The

governor shall designate one member to serve as chair of the commission. Any member of the commission may be removed by the governor, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other cause. Commission members shall not be eligible for state retirement under chapter 41.40 RCW by virtue of their service on the commission.

(2) In making citizen member appointments initially, and subsequently thereafter, the governor shall be cognizant of the desirability of appointing persons knowledgeable in the area of labor relations in the state.

(3) A vacancy in the commission shall not impair the right of the remaining members to exercise all of the powers of the commission, and two members of the commission shall, at all times, constitute a quorum of the commission.

(4) The commission shall at the close of each fiscal year make a report in writing to the legislature and to the governor stating the cases it has heard, the decisions it has rendered, the names, salaries, and duties of all employees and officers in the employ or under the supervision of the commission, and an account of all moneys it has disbursed.

NEW SECTION. **Sec. 17.** A new section is added to chapter 41.58 RCW to read as follows:

(1)(a) There is established a legislative commission (hereafter called "the legislative commission") exclusively for the purpose of certification of bargaining representatives, adjusting and settling complaints, grievances, and disputes arising out of employer-employee relations, and otherwise carrying out the duties required of the commission under chapter 44.90 RCW.

(b) The legislative commission shall consist of three members who shall be appointed as follows:

(i) One member shall be appointed by the speaker of the house of representatives;

(ii) One member shall be appointed by the president of the senate;

(iii) By mutual consent, the two appointed members shall appoint the third member who shall be the chair of the legislative commission.

(c) All appointments must be made by September 30, 2024. The members of the legislative commission, and any person appointed to fill a vacancy, are appointed for the entire term until the legislative commission expires under subsection (9) of this section.

(d) Until all the members of the legislative commission are appointed, the duties required of the legislative commission under chapter 44.90 RCW shall be carried out by the commission created under RCW 41.58.010(1).

(2) The commission may delegate to the executive director authority with respect to, but not limited to, representation proceedings, unfair labor practice proceedings, mediation, and, if applicable, arbitration of disputes concerning the interpretation or application of a collective bargaining agreement. Such delegation shall not eliminate a party's

right of appeal to the legislative commission.

(3) Unless specifically provided, the legislative commission shall not be considered part of the commission created under RCW 41.58.010(1). The powers and duties granted in this chapter to the commission created under RCW 41.58.010(1) do not apply to the legislative commission, unless specifically provided.

(4) A member of the legislative commission may be removed by the speaker of the house of representatives and the president of the senate acting jointly, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other cause.

(5) In making their appointments, the speaker of the house of representatives and the president of the senate shall be cognizant of the desirability of appointing a person who is knowledgeable in the area of labor relations and of the legislature.

(6) Members of the legislative commission are not eligible for state retirement under chapter 41.40 RCW by virtue of the member's service as a commissioner.

(7) The compensation and travel reimbursement provision under RCW 41.58.015(1) shall apply to members of the legislative commission.

(8) The legislative commission shall at the close of each fiscal year make a report in writing to the legislature stating the cases it has heard and decisions it has rendered.

(9)(a) The legislative commission expires December 31, 2029.

(b) After December 31, 2029, the duties required of the legislative commission under chapter 44.90 RCW shall be carried out by the commission created under RCW 41.58.010(1).

**Sec. 18.** RCW 41.58.015 and 1984 c 287 s 71 are each amended to read as follows:

(1) Each member of the commission shall be compensated in accordance with RCW 43.03.250. Members of the commission shall also be reimbursed for travel expenses incurred in the discharge of their official duties on the same basis as is provided in RCW 43.03.050 and 43.03.060.

(2) The commission shall appoint an executive director whose annual salary shall be determined under the provisions of RCW 43.03.028. The executive director shall perform such duties and have such powers as the commission shall prescribe in order to implement and enforce the provisions of this chapter. In addition to the performance of administrative duties, the commission may delegate to the executive director authority with respect to, but not limited to, representation proceedings, unfair labor practice proceedings, mediation of labor disputes, arbitration of disputes concerning the interpretation or application of a collective bargaining agreement, and, in certain cases, fact-finding or arbitration of disputes concerning the terms of a collective bargaining agreement. Such delegation shall not eliminate a party's right of appeal to the commission. The executive director, with such assistance as

may be provided by the attorney general and such additional legal assistance consistent with chapter 43.10 RCW, shall have authority on behalf of the commission, when necessary to carry out or enforce any action or decision of the commission, to petition any court of competent jurisdiction for an order requiring compliance with the action or decision.

(3)(a) The commission shall employ such employees as it may from time to time find necessary for the proper performance of its duties, consistent with the provisions of this chapter.

(b) The employees of the commission shall also provide staff support to the legislative commission in carrying out the legislative commission's duties under chapter 44.90 RCW until the legislative commission expires on December 31, 2029, under section 17 of this act.

(4) The payment of all of the expenses of the commission, including travel expenses incurred by the members or employees of the commission under its orders, shall be subject to the provisions of RCW 43.03.050 and 43.03.060.

**NEW SECTION. Sec. 19.** A new section is added to chapter 44.90 RCW to read as follows:

(1) The following activities conducted by or on behalf of legislative employees related to collective bargaining under this chapter are exempt from the restrictions contained in RCW 42.52.020 and 42.52.160:

(a) Using paid time and public resources by an employee to negotiate or administer a collective bargaining agreement when the employee is assigned to negotiate or administer the collective bargaining agreement and the use of paid time and public resources does not include state-purchased supplies or equipment, does not interfere with or distract from the conduct of state business, and is consistent with the employer's policy on the use of paid time;

(b) Lobbying conducted by an employee organization, lobbyist, association, or third party on behalf of legislative employees concerning legislation that directly impacts legislative workplace conditions;

(c) Communication with a prospective employee organization during nonwork hours and without the use of public resources; or

(d) Conducting the day-to-day work of organizing and representing legislative employees in the workplace while serving in a legislative employee organization leadership position.

(2)(a) Nothing in this section affects the application of the prohibition against the use of special privileges under RCW 42.52.070, confidentiality requirements under RCW 42.52.050, or other applicable provisions of chapter 42.52 RCW to legislative employees.

(b) Nothing in this section permits any direct lobbying by a legislative employee.

(3) As used in this section, "lobby" and "lobbyist" have the meanings provided in RCW 42.17A.005.

**Sec. 20.** RCW 42.52.020 and 1996 c 213 s 2 are each amended to read as follows:

(1) No state officer or state employee may have an interest, financial or otherwise, direct or indirect, or engage in a business or transaction or professional activity, or incur an obligation of any nature, that is in conflict with the proper discharge of the state officer's or state employee's official duties.

(2) This section does not apply to activities conducted by legislative employees authorized under section 19 of this act.

**Sec. 21.** RCW 42.52.160 and 2023 c 91 s 3 are each amended to read as follows:

(1) No state officer or state employee may employ or use any person, money, or property under the officer's or employee's official control or direction, or in his or her official custody, for the private benefit or gain of the officer, employee, or another.

(2) This section does not prohibit the use of public resources to benefit others as part of a state officer's or state employee's official duties. It is not a violation of this section for a legislator or an appropriate legislative staff designee to engage in activities listed under RCW 42.52.070(2) or 42.52.822.

(3) This section does not prohibit de minimis use of state facilities to provide employees with information about (a) medical, surgical, and hospital care; (b) life insurance or accident and health disability insurance; or (c) individual retirement accounts, by any person, firm, or corporation administering such program as part of authorized payroll deductions pursuant to RCW 41.04.020.

(4) The appropriate ethics boards may adopt rules providing exceptions to this section for occasional use of the state officer or state employee, of de minimis cost and value, if the activity does not result in interference with the proper performance of public duties.

(5) This section does not apply to activities conducted by legislative employees authorized under section 19 of this act.

**NEW SECTION. Sec. 22.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect May 1, 2024."

On page 6, after line 10, insert the following:

**"NEW SECTION. Sec. 2.** A new section is added to chapter 9A.40 RCW to read as follows:

(1) A person convicted of any of the following offenses shall be sentenced under subsection (2) of this section if the victim was a minor at the time of the offense:

(a) Trafficking in the first degree under RCW 9A.40.100(1)(a)(i) involving a sexually explicit act or a commercial sex act;

(b) Trafficking in the first degree under RCW 9A.40.100(1)(a)(ii) involving a sexually explicit act or commercial sex act;

(c) Trafficking in the first degree under RCW 9A.40.100(1)(b)(ii);

(d) Trafficking in the second degree under RCW 9A.40.100(3)(a) involving a sexually explicit act or a commercial sex act; or

(e) Trafficking in the second degree under RCW 9A.40.100(3)(b) involving a sexually explicit act or a commercial sex act.

(2) A person convicted under subsection (1) of this section who:

(a) Was 18 years of age or older at the time of the offense shall be sentenced to life imprisonment without the opportunity for parole. A person sentenced under this subsection shall not have that sentence suspended, deferred, or commuted by any judicial officer and the indeterminate sentence review board or its successor may not parole such prisoner nor reduce the period of confinement in any manner whatsoever including but not limited to any sort of good-time calculation;

(b) Was less than 18 years old at the time of the offense shall be sentenced to a maximum term of life imprisonment and a minimum term of total confinement of no less than 25 years. In setting a minimum term, the court must take into account mitigating factors that account for the diminished culpability of youth as provided in *Miller v. Alabama*, 132 S.Ct. 2455 (2012) including, but not limited to, the age of the individual, the youth's childhood and life experience, the degree of responsibility the youth was capable of exercising, and the youth's chances of becoming rehabilitated.

SUBSTITUTE SENATE BILL NO. 5934, as amended by the House, having received the necessary constitutional majority, was declared passed.

**ENGROSSED SUBSTITUTE SENATE BILL NO. 6069, by Senate Committee on Ways & Means (originally sponsored by Mullet, Valdez, Hunt, Liias, Nguyen, Saldaña and Van De Wege)**

**Improving retirement security for Washingtonians by establishing Washington saves, an automatic enrollment individual retirement savings account program, and updating the Washington retirement marketplace statute.**

The bill was read the second time.

There being no objection, the committee striking amendment by the Committee on Consumer Protection & Business was not adopted. For Committee amendment, see Journal, Day 45, Wednesday, February 21, 2024.

There being no objection, the committee striking amendment by the Committee on Appropriations was not adopted. For Committee amendment, see Journal, Day 50, Monday, February 26, 2024.

With the consent of the House, amendment (1252) was withdrawn.

Representative Santos moved the adoption of the striking amendment (1232):

Strike everything after the enacting clause and insert the following:

**"PART I  
WASHINGTON SAVES**

NEW SECTION. **Sec. 1.** ESTABLISHMENT.

(1) Washington saves is established to serve as a vehicle through which covered employees may, on a voluntary basis, provide for additional retirement security through a state-facilitated retirement savings program in a convenient, cost-effective, and portable manner.

(2) Washington saves is intended as a public-private partnership that will encourage, not replace or compete with, employer-sponsored retirement plans.

(3) Washington saves must be designed in consultation with covered employers and covered employees to ensure that the businesses and workers intended to benefit from the program are provided ample opportunity to learn about and give input on the program design and timeline for implementation before the program is made publicly available.

NEW SECTION. **Sec. 2.** DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrative account" means the Washington saves administrative treasury trust account created in section 11 of this act.

(2) "Complainant" means a covered employee, or that employee's designee who

has written or legal authority to act on behalf of the employee, who files a complaint alleging an employer administrative violation of section 3 of this act who learned of the alleged violation by way of their employment with a covered employer.

(3) "Consumer price index" means the consumer price index for all urban consumers, all items, for the Seattle area as calculated by the United States bureau of labor statistics or its successor agency.

(4) "Covered employee" means an individual who is 18 years of age or older, who is employed by a covered employer.

(5) "Covered employer" means any employer that:

(a) Has been in business in this state for at least two years as of the immediately preceding calendar year;

(b) Maintains a physical presence;

(c) Does not offer a qualified retirement plan to their covered employees who have had continuous employment of one year or more; and

(d) Employs, and at any point during the immediately preceding calendar year employed, employees working a combined minimum of 10,400 hours.

(6) "Department" means the department of labor and industries.

(7) "Employer" means a person or entity engaged in a business, profession, trade, or other enterprise in the state, whether for profit or not for profit. "Employer" does not include federal or state entities, agencies, or instrumentalities, or any political subdivision thereof.

(8) "Employer administrative duties" include all requirements of covered employers under section 3 of this act that do not involve amounts due to the employee.

(9) "Employment" has the same meaning as in RCW 50.04.100.

(10) "Governing board" means the board created in section 4 of this act.

(11) "Individual account" means an IRA established by or for an individual participant and owned by the individual participant pursuant to this chapter.

(12) "Individual participant" means any individual who is contributing to, or has a balance credited in, an IRA through the program.

(13) "Internal revenue code" means the federal internal revenue code of 1986, as amended, or any successor law.

(14) "IRA" means a traditional or Roth individual retirement account or individual retirement annuity described in section 408(a), 408(b), or 408A of the internal revenue code.

(15) "Payroll deduction IRA agreement" means an arrangement by which a participating employer makes payroll deductions authorized by this chapter and remits amounts deducted as contributions to IRAs on behalf of individual participants.

(16) "Program" means the Washington saves program established under this chapter.

(17) "Qualified retirement plan" means a retirement plan in compliance with applicable federal law for employees including those described in section 401(a), 401(k), 403(a), 403(b), 408(k), or 408(p) of the internal revenue code. A qualified

retirement plan may require continuous employment of up to one year to be eligible for employee participation.

(18) "Wages" means any commission, compensation, salary, or other remuneration, as defined by section 219(f)(1) of the internal revenue code, received by a covered employee from a covered employer.

**NEW SECTION. Sec. 3. GENERAL PROVISIONS.** (1) The program:

(a) Allows covered employees to contribute to an IRA through automatic payroll deductions or additional retirement savings vehicles;

(b) Requires covered employers to fulfill the requirements provided in subsection (3) of this section;

(c) Facilitates automatic enrollment for covered employees and allows for covered employees to opt out of the plan;

(d) Has a default contribution rate, set by the governing board by rule. The default contribution rate may not be less than three percent or more than seven percent of wages; and

(e) Has a default escalation rate, set by the governing board by rule. The default escalation rate may not exceed one percent per year. The maximum contribution rate based on the default escalation rate may not exceed 10 percent of wages.

(2)(a) Covered employees, who do not opt out of the program, are automatically enrolled in the program at the default rate or at an amount expressly specified by the employee in connection with the payroll deduction IRA agreement. Individual participants may modify their contribution rates or amounts or terminate their participation in the program at any time, subject to procedure defined by rule by the governing board. All contribution amounts are subject to the dollar limits on contributions provided by federal law.

(b) Contributions must be invested in the default investment option unless the individual participant affirmatively elects to invest some or all balances in one or more approved investment options offered by the program. An individual participant must have the opportunity to change investments for either future contributions or existing balances, or both, subject to requirements defined by rule by the governing board.

(c) Individual accounts are portable. A former individual participant who is either unemployed, or is employed by a noncovered employer, must be permitted to contribute to their individual account.

(d) An individual participant's and former individual participant's ability to withdraw, roll over, or transfer account balances is subject to, and liable for, all fees, penalties, and taxes under applicable law.

(e) An individual participant's or former individual participant's ability to receive distributions of contributions and earnings is subject to applicable law.

(3)(a) Each covered employer must facilitate the opportunity for covered employees to participate in the program by fulfilling the following administrative

duties, as defined by rule by the governing board:

(i) Register with the program and provide the program administrator relevant information about covered employees;

(ii)(A) Assist the program by offering all covered employees the choice to either participate by voluntarily contributing to an IRA or opt out; or

(B) Automatically enroll covered employees in a qualified retirement plan offered by a trade association or chamber of commerce and permit covered employees to opt out;

(iii) Timely remit participant contributions; and

(iv) Distribute program information and disclosures to covered employees, as provided in section 4(14) of this act.

(b) The employers' role in the program is solely ministerial. In accordance with federal law, employers are prohibited from contributing funds to the IRAs through the program.

(c) Employers are not fiduciaries with respect to, or are liable for, the program, related information, educational materials, or forms or disclosures approved by the governing board, or the selection or performance of vendors selected by the governing board. An employer is not responsible for or obligated to monitor a covered employee's or individual participant's decision to participate in or opt out of the program, for contribution decisions, investment decisions, or failure to comply with the statutory eligibility conditions or limits on IRA contributions. An employer does not guarantee any investment, rate of return, or interest on assets in any individual participant account or the administrative account or is liable for any market losses, failure to realize gains, or any other adverse consequences, including the loss of favorable tax treatment or public assistance benefits, incurred by any person as a result of participating in the program. Nothing in this section relieves an employer from liability for criminal, fraudulent, tortious, or otherwise actionable conduct including liability related to the failure to remit employee contributions.

(4)(a) The governing board must determine the type or types of IRA accounts available under the program.

(b) An individual participant's contributions and earnings may be combined for investment and custodial purposes only. Separate records and accounting are required for individual accounts. Reports on the status of individual accounts must be provided to each individual participant at least annually. Individual participants must have online access to their accounts.

(c) Any moneys placed in these accounts may not be counted as assets for the purposes of state or local means-tested program eligibility or levels of state means-tested program eligibility.

**NEW SECTION. Sec. 4. GOVERNING BOARD —RESPONSIBILITIES.** (1) The governing board shall design and administer the program for the exclusive benefit of individual

participants and beneficiaries with the care and skill of a knowledgeable, prudent individual.

(2) The governing board is comprised of 15 members as follows:

(a) The president of the senate shall appoint one member from each of the two largest caucuses of the senate;

(b) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives;

(c) The state treasurer;

(d) The director of the department or the director's designee; and

(e) The following members representing the diversity and geography of the state, appointed by the governor:

(i) One member representing the securities industry;

(ii) One member representing the insurance industry;

(iii) One member who is a certified financial planner recommended by the national association of insurance and financial advisors of Washington;

(iv) One member representing the interests of small, independent businesses in Washington;

(v) One member representing the interests of minority-owned and women-owned businesses in Washington;

(vi) One member representing the Washington asset building coalition;

(vii) One member representing a retirement advocacy organization;

(viii) One member representing covered employees; and

(ix) One member representing covered employers.

(3)(a) The legislative member from the majority caucus of the house of representatives shall convene the initial meeting of the governing board. The governing board shall choose cochairs selected from the legislative membership for the design stage of the program until July 1, 2027. The governing board shall provide recommendations in the legislative report about who should be the chair of the governing board once the program is operational after July 1, 2027.

(b) After July 1, 2027, the legislative members of the governing board serve in an ex officio, advisory role to the governing board.

(4) Members who are appointed by the governor serve three-year terms and may be appointed for a second three-year term at the discretion of the governor. Members who are appointed by the governor may serve up to two terms over the course of their lifetime. The governor may stagger the terms of the appointed members.

(5) The governing board may appoint work groups to support the design and administration of the program. Work groups do not serve a voting function on the governing board and may include individuals who are not members of the governing board. Any work group established by the governing board is a class one group under RCW 43.03.220. Work group members receive compensation accordingly.

(6) Other state agencies must provide appropriate and reasonable assistance to the

program as needed, including gathering data and information, in order for the governing board to carry out the purposes of this chapter. The governing board may reimburse the other state agencies from the administrative account for reasonable expenses incurred in providing appropriate and reasonable assistance.

(7)(a) The governing board must begin meeting in 2025.

(b) The governing board may conduct meetings remotely by teleconference or videoconference, including to obtain a quorum and to take votes on any measure.

(c) Each voting governing board member has one vote. The powers of the governing board must be exercised by a majority of all voting members present at the meeting of the governing board, whether in person or remotely. A quorum is required to convene a meeting of the governing board and to act on any measure before the governing board.

(8) The governing board shall establish, design, develop, implement, maintain, and oversee the program in accordance with this chapter and best practices for retirement saving vehicles.

(9) The department of financial institutions shall staff the governing board and shall provide administrative support to the governing board.

(10) The governing board shall conduct an outreach and education initiative regarding the design and implementation of the program. The governing board shall consult, educate, and receive feedback from covered employers and covered employees regarding the program design and implementation. The outreach and education initiative must ensure that diverse employer and employee communities are consulted, that interpreters are provided, and that written documents and materials are translated. In order to facilitate accessibility for diverse affected businesses and employees, the governing board shall work with the various state commissions to develop culturally and linguistically responsive outreach and education plans.

(11) Regarding investments, the governing board:

(a) Has the sole responsibility for contracting with outside firms to provide investment management for the program funds and manage the performance of investment managers under those contracts;

(b) Must adopt an investment policy statement and ensure that the investment options offered, including default investment options, are consistent with the objectives of the program. The menu of investment options may encompass a range of risk and return opportunities and must take the following into account:

(i) The nature and objectives of the program;

(ii) The diverse needs of individual participants;

(iii) The desirability of limiting investment choices under the program to a reasonable number; and

(iv) The extensive investment choices available to participants outside of the program.

(12) Regarding the design of the program, the governing board must:

(a) Ensure the program is designed and operated in a manner that will not cause it to be subject to or preempted by the federal employment retirement income security act of 1974, as amended, and that any employer that is not a covered employer shall have no reporting or registration obligation or requirement to take any action under the program other than to claim an exemption from coverage by the program;

(b) Design and operate the program to:

(i) Minimize costs to individual participants, covered employers, and the state;

(ii) Minimize the risk that covered employees will exceed applicable annual contribution limits;

(iii) Facilitate and encourage employee participation in the program and participant saving;

(iv) Maximize simplicity, including ease of administration for covered employers and ease of use for individual participants;

(v) Maximize portability of individual accounts;

(vi) Maximize financial security in retirement; and

(vii) Maximize the availability of funds to individual participants with a goal of having funds available within three business days following the remittance of payroll deductions by covered employers, if feasible;

(c) Design the program to be compliant with all applicable requirements under the internal revenue code, including requirements for favorable tax treatment of IRAs, and any other applicable law or regulation;

(d) Consult with the department of financial institutions, the department, the office of minority and women's business enterprises, and the office of the secretary of state to create a strategy to educate and inform covered employers about employer administrative duties under this chapter, including the development of culturally relevant and responsive approaches centered in cultural humility with outreach to employers that are considered socially vulnerable, historically marginalized, or face cultural or language barriers to participate in workplace retirement savings programs;

(e) Launch the program by July 1, 2027. The board may stagger implementation in stages after that date, which may include phasing in implementation based on the size of employers, or other factors.

(13) The governing board may adopt rules to govern the program, including to govern the following:

(a) Employee registration and enrollment process;

(b) Employee alternative election procedure including, but not limited to, the method in which a participating individual may opt out of participation, change their contribution rate, opt out of auto-escalation, make nonpayroll contributions, and make withdrawals;

(c) Contribution limits, the initial automatic default contribution rate, and the automatic default escalation rate;

(d) Outreach, marketing, and educational initiatives or publication of online

resources, encouragement of participation, retirement savings, and sound investment practices. Outreach, marketing, and educational initiatives must promote cultural humility and engage culturally relevant and responsive approaches while including special consideration for socially vulnerable communities historically, or are known to often be, excluded from, marginalized by, or face barriers to participation in workplace retirement savings programs; and

(e) A process in which individuals who are not covered employees may participate in the program, including unemployed individuals, self-employed individuals, and other independent contractors.

(14) The governing board shall develop:

(a) Information regarding the program;

(b) The following disclosures:

(i) A description of the benefits and risks associated with making contributions under the program;

(ii) Instructions about how to obtain additional information about the program;

(iii) A description of the tax consequences of an IRA, which may consist of or include the disclosure statement required to be distributed by the trustee under the internal revenue code and treasury regulations thereunder;

(iv) A statement that covered employees seeking financial advice should contact their own financial advisers, that covered employers are not in a position to provide financial advice, and that covered employers are not liable for decisions covered employees make under this chapter;

(v) A statement that the program is not an employer-sponsored retirement plan;

(vi) A statement that the covered employee's IRA established under the program is not guaranteed by the state; and

(vii) A statement that neither a covered employer nor the state will monitor or has an obligation to monitor the covered employee's eligibility under the internal revenue code to make contributions to an IRA or to monitor whether the covered employee's contributions to the IRA established for the covered employee exceed the maximum permissible IRA contribution; that it is the covered employee's responsibility to monitor such matters; and that the state, the program, and the covered employer have no liability with respect to any failure of the covered employee to be eligible to make IRA contributions or any contribution in excess of the maximum IRA contribution;

(c) Information, forms, and instructions to be furnished to covered employees, at such times as the governing board determines, that provide the covered employee with the procedures for:

(i) Making contributions to the covered employee's IRA established under the program, including a description of the automatic enrollment rate, the automatic escalation rate and frequency, and the right to elect to make no contribution or to change the contribution rate under the program;

(ii) Making an investment election with respect to the covered employee's IRA established under the program, including a

description of the default investment fund; and

(iii) Making transfers, rollovers, withdrawals including instructions on how to access funds, and other distributions from the covered employee's IRA.

(15) The governing board must evaluate options to assist covered employees and employers to identify private sector providers of financial advice, to the extent feasible and unless prohibited by state or federal laws. The governing board must consider options including, but not limited to, a website established and maintained by the governing board.

(16) The governing board may create or enter into, on behalf of the program, a consortium, alliance, joint venture, partnership, compact, or contract with another state or states or their programs or boards.

(17) The governing board must collect administrative fees to defray the costs of administering the program. If the governing board creates or enters into a joint program agreement, as provided in subsection (16) of this section, the rate of the administrative fee for covered employees may not exceed the rate charged to covered employees of another state participating in the same program.

(18) Members of the governing board and the department of financial institutions are not an insurer of the funds or assets of the investment fund or individual accounts. Neither of these two entities are liable for the action or inaction of the other.

(19) Members of the governing board and the department of financial institutions are not liable to the state, to the fund, or to any other person as a result of their activities as members, whether ministerial or discretionary, except for willful dishonesty or intentional violation of law. Members of the governing board and the department of financial institutions may purchase liability insurance.

(20) The governing board shall submit progress reports to the appropriate committees of the legislature, in accordance with RCW 43.01.036.

(a) The first preliminary report is due December 1, 2025, and must include feedback to the legislature on the proposed timeline set forth under this chapter and progress on outreach initiatives and program implementation.

(b) The final report on program design and implementation recommendations is due December 1, 2026, and must include the following:

(i) A comprehensive summary of outreach activities conducted by the governing board to receive feedback on design elements and implementation for the program, including:

(A) Types of outreach conducted;

(B) Specific calendar dates and time frames in which outreach occurred;

(C) Covered employers and covered employees who were contacted;

(D) Subject matters discussed regarding the program and proposed program structure;

(E) The types of retirement account programs covered employers and covered employees preferred;

(F) Explanations of concerns received during the outreach activities and how those concerns were addressed;

(ii) Recommendations on whether the legislature should make changes to the program's structure or whether any statutory changes need to occur; and

(iii) Recommendations regarding the governing board structure, including who should chair the governing board and who should staff the governing board once the program is established and operational, with consideration for a potential new agency, an existing state agency, or the office of a standalone statewide elected official.

(c) Annual reports including program updates and program information must begin December 1, 2028, and include information on:

(i) Participation;

(ii) Account performance;

(iii) Board decisions; and

(iv) Any recommendations to the legislature regarding the program.

(21) The governing board may consult with the state investment board and the department of financial institutions regarding program design and implementation.

(22) The governing board shall assure any administrative contract services for the program provide culturally responsive and relevant supports rooted in cultural humility while including special considerations for socially vulnerable communities historically, or are known to often be, excluded from, marginalized by, or face barriers to participation in workplace retirement savings programs.

**NEW SECTION. Sec. 5. INVESTMENT**

**MANAGER—RESPONSIBILITIES.** (1)(a) After consultation with the governing board, the investment manager may invest funds associated with the program. The investment manager, after consultation with the governing board regarding any recommendations, must provide a set of options for eligible individuals to choose from for self-directed investment. Any self-directed investment options must comply with the internal revenue code.

(b) All investment and operating costs of the investment manager associated with making self-directed investments must be paid by participants and recovered under procedures agreed to by the governing board and the investment manager. All other expenses caused by self-directed investments must be paid by the participant in accordance with the rules established by the governing board. With the exception of these expenses, all earnings from self-directed investments accrue to the individual accounts.

(2) The investment manager must invest and manage the assets entrusted to it:

(a) With reasonable care, skill, prudence, and diligence under circumstances then prevailing which a prudent person acting in a like capacity and familiar with such matters would use to conduct of an activity of like character and purpose; and

(b) In accordance with the investment policy established by the governing board.

(3) The authority to establish all policies relating to implementation, design, and management of the program resides with the governing board.

(4) The investment manager must routinely consult and communicate with the governing board on the investment policy, performance of the accounts, and related needs of the program.

**NEW SECTION. Sec. 6. LABOR AND INDUSTRIES—RESPONSIBILITIES.** (1) The department has the following responsibilities related to covered employers, as provided in this chapter:

(a) Educate participating employers of their administrative duties under this chapter;

(b) In the case of noncompliance with employer administrative duties, investigate complaints, educate employers about how to come into compliance, and, in the case of willful violations, issue citations and collect penalties;

(c) In the case of impermissible withholding of amounts due to employees, investigate and enforce the complaint as an alleged violation of a wage payment requirement, as defined in RCW 49.48.082; and

(d) Facilitate a process in which employers may appeal complaints.

(2) Collections of unpaid citations assessing civil penalties by the department under this chapter must be made pursuant to RCW 49.48.086.

**NEW SECTION. Sec. 7. LABOR AND INDUSTRIES—COMPLIANCE WITH EMPLOYER ADMINISTRATIVE DUTIES.** (1) Covered employers shall comply with employer administrative duties provided under this chapter.

(2) If a complainant files a complaint with the department alleging any administrative violation, the department shall investigate the complaint and:

(a) If the complaint is filed before January 1, 2030, offer technical assistance to the employer to bring them into compliance. Civil penalties may not be assessed before January 1, 2030;

(b) If the complaint is filed on or after January 1, 2030, educate the employer on how to come into compliance and, if necessary and as provided in this section, enforce penalties for willful violations.

(3) The department may not investigate any alleged violation of rights that occurred more than three years before the date that the complainant filed the complaint.

(4)(a) If the department finds an employer administrative violation, the department must first provide an educational letter outlining the violations and provide 90 days for the employer to remedy the violations. The employer may ask for an extension for good cause. The department may extend the period by providing written notice to the employee and the employer, specifying the duration of the extension. If the employer fails to remedy the violation within 90 days, the department may issue a

citation and notice of assessment with a civil penalty.

(b) Except as provided otherwise in this chapter, the maximum penalty for a first-time willful violation is \$100 and \$250 for a second willful violation. For the purposes of this section, "willful" means a knowing and intentional action that is neither accidental nor the result of a bona fide dispute. For each subsequent willful violation, the employer is subject to a maximum penalty amount of \$500 for each violation.

(c) The department may not assess a civil penalty if the employer reasonably relied on: (i) A rule related to any of the requirements of this chapter; (ii) a written order, ruling, approval, opinion, advice, determination, or interpretation of the director of the department; or (iii) an interpretive or administrative policy issued by the department and filed pursuant to chapter 34.05 RCW. In accordance with the department's retention schedule obligations under chapter 40.14 RCW, the department shall maintain a complete and accurate record of all written orders, rulings, approvals, opinions, advice, determinations, and interpretations for purposes of determining whether an employer is immune from civil penalties under (b) of this subsection.

(5) The department may, at any time, waive or reduce a civil penalty assessed under this section if the director of the department determines that the employer has taken corrective action to resolve the violation.

(6) The department shall deposit all civil penalties paid under this section in the supplemental pension fund established under RCW 51.44.033.

**NEW SECTION. Sec. 8. LABOR AND INDUSTRIES—ADMINISTRATIVE CITATION APPEALS.**

(1) A person, firm, or corporation aggrieved by a citation and notice of assessment by the department under this chapter may appeal the citation and notice of assessment to the director of the department by filing a notice of appeal with the director within 30 days of the department's issuance of the citation and notice of assessment. A citation and notice of assessment not appealed within 30 days is final and binding, and not subject to further appeal.

(2) A notice of appeal filed with the director of the department under this section must state the effectiveness of the citation and notice of assessment pending final review of the appeal by the director as provided for in chapter 34.05 RCW.

(3) Upon receipt of a notice of appeal, the director of the department must assign the hearing to an administrative law judge of the office of administrative hearings to conduct the hearing and issue an initial order. The hearing and review procedures must be conducted in accordance with chapter 34.05 RCW, and the standard of review by the administrative law judge of an appealed citation and notice of assessment must be de novo. Any party who seeks to challenge an initial order must file a petition for administrative review with the director

within 30 days after service of the initial order. The director must conduct administrative review in accordance with chapter 34.05 RCW.

(4) The director of the department must issue all final orders after appeal of the initial order. The final order of the director is subject to judicial review in accordance with chapter 34.05 RCW.

(5) Orders that are not appealed within the time period specified in this section and chapter 34.05 RCW are final and binding, and not subject to further appeal.

(6) An employer who fails to allow adequate inspection of records in an investigation by the department under this section within a reasonable time period may not use such records in any appeal under this section to challenge the correctness of any determination by the department of the penalty assessed.

**NEW SECTION. Sec. 9. LABOR AND INDUSTRIES—ENFORCEMENT OF AMOUNTS DUE.** (1) Employers may not impermissibly withhold any amounts due to the employee related to the employer's obligations under section 3 of this act. If any employee files a complaint with the department alleging that the employer impermissibly withheld any amounts due to the employee related to the employer's obligations under section 3 of this act, the department shall investigate and otherwise enforce the complaint as an alleged violation of a wage payment requirement, as defined in RCW 49.48.082.

(2) During an investigation, if the department discovers information suggesting additional violations of impermissibly withheld amounts due to the employees related to the employer's obligations under section 3 of this act, the department may investigate and take appropriate enforcement action without any additional complaint. The department may also initiate an investigation on behalf of one or more employees for any such violation when the director otherwise has reason to believe that a violation has occurred or will occur.

(3) The department may conduct a consolidated investigation for any alleged withheld amounts due to the employees related to the employer's obligations under section 3 of this act when there are common questions of law or fact involving the employees. If the department consolidates such matters into a single investigation, it shall provide notice to the employer.

(4) The department may, for the purposes of enforcing this section, issue subpoenas to compel the attendance of witnesses or parties and the production of documents, administer oaths and examine witnesses under oath, take depositions, and seek affidavits or other verifications. The department may require the employer perform a self-audit of any records. The results or conclusions of the self-audit must be provided to the department within a reasonable time. The department must specify the timelines in the self-audit request. The records examined by the employer in order to perform the self-audit must be made available to the department upon request.

(5) Any citation or determination of compliance issued under this section is subject to RCW 49.48.083, 49.48.084, 49.48.085, and 49.48.086.

**NEW SECTION. Sec. 10. PRIVATE AND CONFIDENTIAL INFORMATION.** (1) Any information or records concerning an individual or employer obtained by the department of financial institutions or the governing board to administer this chapter are private and confidential, except as otherwise provided in this section.

(a) If information provided to the department of financial institutions or the governing board by a governmental agency is held private and confidential by state or federal law, the department of financial institutions and the governing board may not release such information, unless otherwise provided in this section.

(b) Information provided to the department of financial institutions or the governing board by a governmental entity conditioned upon privacy and confidentiality under a provision of law is to be held private and confidential according to the agreement between the department of financial institutions or the governing board and the other governmental agency, unless otherwise provided in this title.

(2) Persons requesting disclosure of information held by the department of financial institutions or the governing board under this section must request such disclosure from the governmental agency that provided the information to the department of financial institutions or the governing board, rather than from the department of financial institutions or the governing board.

(3) If the governing board creates or enters into, on behalf of the program, a consortium, alliance, joint venture, partnership, compact, or contract with another state or states or their programs or boards, the laws of the state that is most protective of individual and employer confidentiality governs.

(4) The governing board has the authority to adopt, amend, or rescind rules interpreting and implementing this chapter.

(5)(a) An individual must have access to all records and information concerning that individual held by the department of financial institutions or the governing board.

(b) An employer must have access to its own records relating to their compliance with the program and any audit conducted or penalty assessed under this chapter.

(c) The department of financial institutions or the governing board may disclose information and records deemed confidential under this chapter to a third party acting on behalf of an individual or employer that would otherwise be eligible to receive records under this section when the department of financial institutions or the governing board receives a signed release from the individual or employer. The release must include a statement:

(i) Specifically identifying the information that is to be disclosed;

(ii) The acknowledgment that state government files will be assessed to obtain that information;

(iii) The specific purpose for which the information is sought and a statement that information obtained under the release will only be used for that purpose; and

(iv) Indicating all parties who will receive the information disclosed.

(d) The department of financial institutions or the governing board may disclose information or records deemed private and confidential under this chapter to any private person or organization, including the trustee, and, by extension, the agents of any private person or organization, when the disclosure is necessary to permit private contracting parties to assist in the operation, management, and implementation of the program. The private person or organization may only use the information or records solely for the purpose for which the information was disclosed and are bound by the same rules of privacy and confidentiality as the department of financial institutions and the governing board.

(6) (a) A decision under this chapter by the department of financial institutions, the department, the governing board, or the appeals tribunal may not be deemed private and confidential under this section, unless the decision is based on information obtained in a closed hearing.

(b) Information or records deemed private and confidential under this section must be available to parties to judicial or formal administrative proceedings only upon a written finding by the presiding officer that the need for the information or records in the proceeding outweighs any reasons for the privacy and confidentiality of the information on record.

(7) (a) All private persons, governmental agencies, and organizations authorized to receive information from the department of financial institutions or the governing board under this chapter have an affirmative duty to prevent unauthorized disclosure of confidential information and are prohibited from disclosing confidential information unless expressly permitted by this section.

(b) If misuse of an unauthorized disclosure of confidential records or information occurs, all parties who are aware of the violation must inform the department of financial institutions immediately and must take all reasonable available actions to rectify the disclosure to the department of financial institutions' standards.

(c) The misuse or unauthorized release of records or information deemed private and confidential under this chapter by any private person, governmental agency, or organization will subject the person, governmental agency, or organization to a civil penalty up to \$20,000 in the first year of the program. Beginning the December of the second year of the program and each December thereafter, the department of financial institutions must adjust the maximum civil penalty amount by multiplying the current maximum civil penalty by one plus the percentage by which the most

current consumer price index available on December 1st of the current year exceeds the consumer price index for the prior 12-month period, and rounding the result to the nearest \$1,000. If an adjustment under this subsection (7) (c) would reduce the maximum civil penalty, the department of financial institutions must not adjust the maximum civil penalty for use in the following year. Other applicable sanctions under state and federal law also apply.

(d) Suit to enforce this section must be brought by the attorney general and the amount of any penalties collected must be paid into the administrative account created in section 11 of this act. The attorney general may recover reasonable attorneys' fees for any action brought to enforce this section.

(8) This section does not contain a rule of evidence.

NEW SECTION. **Sec. 11.** WASHINGTON SAVES ADMINISTRATIVE TREASURY TRUST ACCOUNT.

(1) The Washington saves administrative treasury trust account is created in the custody of the state treasurer.

(2) Expenditures from the account may be used only for the purposes of administrative and operating expenses of the program established under this chapter.

(3) Only the director of the department of financial institutions or the director's designee may authorize expenditures from the account. The account is exempt from appropriation and allotment provisions under chapter 43.88 RCW.

(4) The account may receive grants, gifts, or other moneys appropriated for administrative purposes from the state and the federal government.

(5) Any interest incurred by the account will be retained within the account.

NEW SECTION. **Sec. 12.** INVESTMENT ACCOUNT. (1) The Washington saves investment account is established as a trust, with the governing board created under this chapter as its trustee.

(2) (a) Moneys in the account consist of moneys received from individual participants and participating employers pursuant to automatic payroll deductions and contributions to savings made under this chapter. The governing board shall determine how the account operates, provided that the account is operated so that the individual accounts established under the program meet the requirements for IRAs under the internal revenue code.

(b) The assets of the account are not state money, common cash, or revenue to the state. Amounts in the account may not be commingled with state funds and the state has no claim to or against, or interest in, such funds.

(3) Disbursements from the account are exempt from appropriations and the allotment provisions of chapter 43.88 RCW. An appropriation is not required for expenditures.

(4) Only the governing board or the governing board's designee may authorize expenditures from the account.

**PART II  
RETIREMENT MARKETPLACE**

NEW SECTION. **Sec. 13.** RCW 43.330.730 (Finding—2015 c 296) is decodified.

**Sec. 14.** RCW 43.330.732 and 2015 c 296 s 2 are each amended to read as follows:

The definitions in this section apply throughout this subchapter unless the context clearly requires otherwise.

(1) "Approved plans" means retirement plans offered by private sector financial services firms that meet the requirements of this chapter to participate in the marketplace.

(2) "Balanced fund" means a mutual fund that has an investment mandate to balance its portfolio holdings. The fund generally includes a mix of stocks and bonds in varying proportions according to the fund's investment outlook.

(3) "Eligible employer" means a self-employed individual, sole proprietor, or an employer with ~~((fewer than))~~ at least one ~~((hundred))~~ qualified employee ~~((s))~~ at the time of enrollment.

(4) "Enrollee" means any employee who is voluntarily enrolled in an approved plan offered by an eligible employer through the Washington small business retirement marketplace.

(5) ~~((("myRA" means the myRA retirement program administered by the United States department of the treasury that is available to all employers and employees with no fees or no minimum contribution requirements. A myRA is a Roth IRA option and investments in these accounts are backed by the United States department of the treasury.~~

~~((6))~~ "Participating employer" means any eligible employer with employees enrolled in an approved plan offered through the Washington small business retirement marketplace who chooses to participate in the marketplace and offers approved plans to employees for voluntary enrollment.

~~((7))~~ (6) "Private sector financial services firms" or "financial services firms" mean persons or entities licensed or holding a certificate of authority and in good standing by either the department of financial institutions or the office of the insurance commissioner and meeting all federal laws and regulations to offer retirement plans.

~~((8))~~ (7) "Qualified employee" means those workers who are defined by the federal internal revenue service to be eligible to participate in a specific qualified plan.

~~((9))~~ (8) "Target date or other similar fund" means a hybrid mutual fund that automatically resets the asset mix of stocks, bonds, and cash equivalents in its portfolio according to a selected time frame that is appropriate for a particular investor. A target date is structured to address a projected retirement date.

~~((10))~~ (9) "Washington small business retirement marketplace" or "marketplace" means the retirement savings program created to connect eligible employers and their employees with approved plans to increase retirement savings.

**Sec. 15.** RCW 43.330.735 and 2017 c 69 s 1 are each amended to read as follows:

(1) The Washington small business retirement marketplace is created.

(2) Prior to connecting any eligible employer with an approved plan in the marketplace, the director shall design a plan for the operation of the marketplace.

(3) The director shall consult with the Washington state department of retirement systems, the Washington state investment board, and the department of financial institutions in designing and managing the marketplace.

(4) The director shall approve for participation in the marketplace all private sector financial services firms ~~((that meet the requirements of))~~, as defined in RCW 43.330.732 ~~((7))~~.

(5) A range of investment options must be provided to meet the needs of investors with various levels of risk tolerance and various ages. The director must approve a diverse array of private retirement plan options that are available to employers on a voluntary basis, including but not limited to life insurance plans that are designed for retirement purposes, and plans for eligible employer participation such as ~~((+ (a) A))~~ a SIMPLE IRA-type plan that provides for employer contributions to participating enrollee accounts ~~((; and (b) a payroll deduction individual retirement account type plan or workplace-based individual retirement accounts open to all workers in which the employer does not contribute to the employees' account))~~.

(6) (a) Prior to approving a plan to be offered on the marketplace, the department must receive verification from the department of financial institutions or the office of the insurance commissioner:

(i) That the private sector financial services firm offering the plan meets the ~~((requirements of))~~ definition in RCW 43.330.732 ~~((7))~~; and

(ii) That the plan meets the requirements of this section excluding subsection (9) of this section which is subject to federal laws and regulations.

(b) If the plan includes either life insurance or annuity products, or both, the office of the insurance commissioner may request that the department of financial institutions conduct the plan review as provided in (a)(ii) of this subsection prior to submitting its verification to the department.

(c) The director may remove approved plans that no longer meet the requirements of this chapter.

(7) The financial services firms participating in the marketplace must offer a minimum of two product options: (a) A target date or other similar fund, with asset allocations and maturities designed to coincide with the expected date of retirement and (b) a balanced fund. ~~((The marketplace must offer myRA.))~~

(8) In order for the marketplace to operate, there must be at least two approved plans on the marketplace; however, nothing in this subsection shall be construed to limit the number of private sector financial services firms with approved plans from participating in the marketplace.

(9) Approved plans must meet federal law or regulation for internal revenue service approved retirement plans.

(10) The approved plans must include the option for enrollees to roll pretax contributions into a different individual retirement account or another eligible retirement plan after ceasing participation in a plan approved by the Washington small business retirement marketplace.

(11) Financial services firms selected by the department to offer approved plans on the marketplace may not charge the participating employer an administrative fee and may not charge enrollees more than one hundred basis points in total annual fees and must provide information about their product's historical investment performance. Financial services firms may charge enrollees a de minimis fee for new and/or low balance accounts in amounts negotiated and agreed upon by the department and financial services firms. The director shall limit plans to those with total fees the director considers reasonable based on all the facts and circumstances.

(12) Participation in the Washington small business retirement marketplace is voluntary for both eligible employers and qualified employees.

(13) Enrollment in any approved plan offered in the marketplace is not an entitlement.

#### MESSAGE FROM THE SENATE

Friday, February 23, 2024

Mme. Speaker:

The Senate has passed HOUSE BILL NO. 1226, with the following amendment(s): 1226 AMS AWNP S5074.3

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that as Washington's growing population accesses limited natural resources, there is a need to increase compliance, and provide education, on appropriate gear, seasons, and species take limits.

(2) The legislature further finds that previously unregulated species are under increased recreational harvest. Recreational licensing is an appropriate mechanism to educate the public and preserve opportunity in the future.

(3) The legislature further finds that eulachon, also known as Pacific smelt and Columbia river smelt, are listed as a threatened species under the endangered species act and licensing requirements are needed to provide angler education and allow for better regulation and monitoring to prevent them from becoming endangered.

(4) The legislature also finds that licensing for carp will aid in enforcement of illegal fishing where people fishing for regulated species without a required license have claimed to be fishing for carp, thereby negatively affecting the fisheries of other regulated species.

(5) The legislature further finds that licensing for crawfish will provide the public with education that enables them to

distinguish between native and invasive crawfish species, facilitating the removal of invasive crawfish.

**Sec. 2.** RCW 77.32.010 and 2019 c 290 s 3 are each amended to read as follows:

(1) Except as otherwise provided in this chapter or department rule, a recreational license issued by the director is required to hunt, fish, or take wildlife or seaweed. A ~~((recreational fishing or shellfish license is not required for carp, freshwater smelt, and crawfish, and a))~~ hunting license is not required for bullfrogs.

(2) A pass or permit issued under RCW 79A.80.020, 79A.80.030, or 79A.80.040 is required to park or operate a motor vehicle on a recreation site or lands, as defined in RCW 79A.80.010.

(3) The commission may, by rule, indicate that a fishing permit issued to a nontribal member by the Colville Tribes shall satisfy the license requirements in subsection (1) of this section on the waters of Lake Rufus Woods and on the north shore of Lake Rufus Woods, and that a Colville Tribes tribal member identification card shall satisfy the license requirements in subsection (1) of this section on all waters of Lake Rufus Woods.

(4) A recreational fishing license is not required to fish for carp in Moses Lake or Vancouver Lake."

On page 1, line 2 of the title, after "carp;" strike the remainder of the title and insert "amending RCW 77.32.010; and creating a new section."

and the same is herewith transmitted.

#### MESSAGE FROM THE SENATE

Thursday, February 22, 2024

Mme. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1241, with the following amendment(s): 1241-S AMS ENGR S4527.E

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 9A.46.020 and 2023 c 102 s 16 are each amended to read as follows:

(1) A person is guilty of harassment if:

(a) Without lawful authority, the person knowingly threatens:

(i) To cause bodily injury immediately or in the future to the person threatened or to any other person; or

(ii) To cause physical damage to the property of a person other than the actor; or

(iii) To subject the person threatened or any other person to physical confinement or restraint; or

(iv) Maliciously to do any other act which is intended to substantially harm the person threatened or another with respect to his or her physical health or safety; and

(b) The person by words or conduct places the person threatened in reasonable fear that the threat will be carried out. "Words or conduct" includes, in addition to any other form of communication or conduct, the sending of an electronic communication.

(2)(a) Except as provided in (b) of this subsection, a person who harasses another is guilty of a gross misdemeanor.

(b) A person who harasses another is guilty of a class C felony if any of the following apply: (i) The person has previously been convicted in this or any other state of any crime of harassment, as defined in RCW 9A.46.060, of the same victim or members of the victim's family or household or any person specifically named in a no-contact or no-harassment order; (ii) the person harasses another person under subsection (1)(a)(i) of this section by threatening to kill the person threatened or any other person; (iii) the person harasses a criminal justice participant or election official who is performing his or her official duties at the time the threat is made; or (iv) the person harasses a criminal justice participant or election official because of an action taken or decision made by the criminal justice participant or election official during the performance of his or her official duties. For the purposes of (b)(iii) and (iv) of this subsection, the

fear from the threat must be a fear that a reasonable criminal justice participant or election official would have under all the circumstances. Threatening words do not constitute harassment if it is apparent to the criminal justice participant or election official that the person does not have the present and future ability to carry out the threat.

(3) Any criminal justice participant or election official who is a target for threats or harassment prohibited under subsection (2)(b)(iii) or (iv) of this section, and any ~~((family members))~~ person residing with him or her, shall be eligible for the address confidentiality program created under RCW 40.24.030.

(4) For purposes of this section, a criminal justice participant includes any (a) federal, state, or local law enforcement agency employee; (b) federal, state, or local prosecuting attorney or deputy prosecuting attorney; (c) staff member of any adult corrections institution or local adult detention facility; (d) staff member of any juvenile corrections institution or local juvenile detention facility; (e) community corrections officer, probation, or parole officer; (f) member of the indeterminate sentence review board; (g) advocate from a crime victim/witness program; or (h) defense attorney.

(5) For the purposes of this section, an election official includes any staff member of the office of the secretary of state or staff member of a county auditor's office, regardless of whether the member is employed on a temporary or part-time basis, whose duties relate to voter registration or the processing of votes as provided in Title 29A RCW.

(6) The penalties provided in this section for harassment do not preclude the victim from seeking any other remedy otherwise available under law.

**Sec. 2.** RCW 40.24.030 and 2023 c 462 s 501 and 2023 c 193 s 18 are each reenacted and amended to read as follows:

(1)(a) An adult person, a parent or guardian acting on behalf of a minor, or a guardian acting on behalf of an ~~((incapacitated person))~~ individual subject to guardianship as defined in RCW 11.130.010, (b) any election official as described in RCW 9A.46.020 or 9A.90.120 who is a target for threats or harassment prohibited under RCW 9A.46.020 or 9A.90.120(2)(b) (iii) or (iv), and any person residing with such person ~~((+))~~, (c) any criminal justice participant as defined in RCW 9A.46.020 who is a target for threats or harassment prohibited under RCW 9A.46.020(2)(b) (iii) or (iv) and any criminal justice participant as defined in RCW 9A.90.120 who is a target for threats or harassment prohibited under RCW 9A.90.120(2)(b) (iii) or (iv), and any person residing with such person, and (d) any protected health care services provider, employee, or an affiliate of such provider, who provides, attempts to provide, assists in the provision, or attempts to assist in the provision of protected health care services as defined in RCW 7.115.010, and any family

members residing with such person, may apply to the secretary of state to have an address designated by the secretary of state serve as the person's address or the address of the minor or incapacitated person. The secretary of state shall approve an application if it is filed in the manner and on the form prescribed by the secretary of state and if it contains:

(i) A sworn statement, under penalty of perjury, by the applicant that the applicant has good reason to believe (A) that the applicant, or the minor or incapacitated person on whose behalf the application is made, is a victim of domestic violence, sexual assault, trafficking, or stalking and that the applicant fears for the applicant's safety or the applicant's children's safety, or the safety of the minor or incapacitated person on whose behalf the application is made; (B) that the applicant, as an election official as described in RCW 9A.46.020 or 9A.90.120, is a target for threats or harassment prohibited under RCW 9A.46.020 or 9A.90.120(2)(b) (iii) or (iv); (C) that the applicant, as a criminal justice participant as defined in RCW 9A.46.020, is a target for threats or harassment prohibited under RCW 9A.46.020(2)(b) (iii) or (iv), or that the applicant, as a criminal justice participant as defined in RCW 9A.90.120 is a target for threats or harassment prohibited under RCW 9A.90.120(2)(b) (iii) or (iv); or (D) that the applicant, as a protected health care services provider, employee, or an affiliate of such provider, who provides, attempts to provide, assists in the provision, or attempts to assist in the provision of protected health care services as defined in RCW 7.115.010, is a target for threats or harassment prohibited under RCW 9A.90.120 or 9A.46.020;

(ii) If applicable, a sworn statement, under penalty of perjury, by the applicant, that the applicant has reason to believe they are a victim of (A) domestic violence, sexual assault, or stalking perpetrated by an employee of a law enforcement agency, (B) threats or harassment prohibited under RCW 9A.90.120(2)(b) (iii) or (iv) or 9A.46.020(2)(b) (iii) or (iv), or (C) threats or harassment as described in (a)(i) (D) of this subsection;

(iii) A designation of the secretary of state as agent for purposes of service of process and for the purpose of receipt of mail;

(iv) The residential address and any telephone number where the applicant can be contacted by the secretary of state, which shall not be disclosed because disclosure will increase the risk of (A) domestic violence, sexual assault, trafficking, or stalking, (B) threats or harassment prohibited under RCW 9A.90.120(2)(b) (iii) or (iv) or 9A.46.020(2)(b) (iii) or (iv), or (C) threats or harassment as described in (a)(i)(D) of this subsection;

(v) The signature of the applicant and of any individual or representative of any office designated in writing under RCW 40.24.080 who assisted in the preparation of the application, and the date on which the applicant signed the application.

(2) Applications shall be filed with the office of the secretary of state.

(3) Upon filing a properly completed application, the secretary of state shall certify the applicant as a program participant. Applicants shall be certified for four years following the date of filing unless the certification is withdrawn or invalidated before that date. The secretary of state shall by rule establish a renewal procedure.

(4)(a) During the application process, the secretary of state shall provide each applicant a form to direct the department of licensing to change the address of registration for vehicles or vessels solely or jointly registered to the applicant and the address associated with the applicant's driver's license or identicard to the applicant's address as designated by the secretary of state upon certification in the program. The directive to the department of licensing is only valid if signed by the applicant. The directive may only include information required by the department of licensing to verify the applicant's identity and ownership information for vehicles and vessels. This information is limited to the:

(i) Applicant's full legal name;

(ii) Applicant's Washington driver's license or identicard number;

(iii) Applicant's date of birth;

(iv) Vehicle identification number and license plate number for each vehicle solely or jointly registered to the applicant; and

(v) Hull identification number or vessel document number and vessel decal number for each vessel solely or jointly registered to the applicant.

(b) Upon certification of the applicants, the secretary of state shall transmit completed and signed directives to the department of licensing.

(c) Within 30 days of receiving a completed and signed directive, the department of licensing shall update the applicant's address on registration and licensing records.

(d) Applicants are not required to sign the directive to the department of licensing to be certified as a program participant.

(5) A person who knowingly provides false or incorrect information upon making an application or falsely attests in an application that disclosure of the applicant's address would endanger (a) the applicant's safety or the safety of the applicant's children or the minor or incapacitated person on whose behalf the application is made, (b) the safety of any election official as described in RCW 9A.46.020 or 9A.90.120 who is a target for threats or harassment prohibited under RCW 9A.46.020 or 9A.90.120(2)(b) (iii) or (iv), (c) the safety of any criminal justice participant as defined in RCW 9A.46.020 who is a target for threats or harassment prohibited under RCW 9A.46.020(2)(b) (iii) or (iv) or of any criminal justice participant as defined in RCW 9A.90.120 who is a target for threats or harassment prohibited under RCW 9A.90.120(2)(b) (iii) or (iv), or (d) the safety of any person as described in subsection (1)(a)(i)(D) of this section who is a target for threats or harassment, or any family members residing with such person, shall be punished under RCW 40.16.030 or other applicable statutes.

NEW SECTION. **Sec. 3.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

On page 1, line 1 of the title, after "harassment;" strike the remainder of the title and insert "amending RCW 9A.46.020; reenacting and amending RCW 40.24.030; and declaring an emergency."

and the same is herewith transmitted.

### MESSAGE FROM THE SENATE

Tuesday, February 27, 2024

Mme. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1957, with the following amendment(s): 1957-S.E AMS HLTC S5061.1

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 48.43.047 and 2018 c 14 s 1 are each amended to read as follows:

(1) A nongrandfathered health plan issued on or after ((June 7, 2018))the effective date of this section, must, at a minimum, provide coverage for the ((same))following preventive services ((required to be covered under 42 U.S.C. Sec. 300gg-13 (2016) and any federal rules or guidance in effect on December 31, 2016, implementing 42 U.S.C. Sec. 300gg-13))as the recommendations or guidelines existed on January 8, 2024:

(a) Evidence-based items or services that have a rating of A or B in the current recommendations of the United States preventive services task force with respect to the enrollee;

(b) Immunizations for routine use in children, adolescents, and adults that have in effect a recommendation from the advisory committee on immunization practices of the centers for disease control and prevention with respect to the enrollee. For purposes of this subsection, a recommendation from the advisory committee on immunization practices of the centers for disease control and prevention is considered in effect after the recommendation has been adopted by the director of the centers for disease control and prevention, and a recommendation is considered to be for routine use if the recommendation is listed on the immunization schedules of the centers for disease control and prevention;

(c) With respect to infants, children, and adolescents, evidence-informed preventive care and screenings provided for in comprehensive guidelines supported by the health resources and services administration; and

(d) With respect to women, additional preventive care and screenings that are not listed with a rating of A or B by the United States preventive services task force but that are provided for in comprehensive guidelines supported by the health resources and services administration.

(2) ((The))A nongrandfathered health plan must provide coverage for the preventive services required to be covered under subsection (1) of this section consistent with federal rules and guidance related to coverage of preventive services in effect on January 8, 2024.

(3) A nongrandfathered health plan must provide coverage for the preventive services required to be covered under subsection (1) of this section for plan years that begin on or after the date that is one year after the date the recommendation or guideline is issued.

(4) A nongrandfathered health plan is no longer required to provide coverage for particular items or services specified in the recommendations or guidelines described in subsection (1) of this section if such a recommendation or guideline is revised by

the recommending entities described in subsection (1) of this section to no longer include the preventive item or service as defined in subsection (1) of this section.

(5) Annually, a health carrier shall determine whether any additional items or services must be covered without cost-sharing requirements or whether any items or services are no longer required to be covered as provided in subsections (2) and (3) of this section. The carrier's determination must be included in its health plan filings submitted to the commissioner.

(6)(a) Except as provided in (b) of this subsection, the health plan may not impose cost-sharing requirements for the preventive services required to be covered under subsection (1) of this section when the services are provided by an in-network provider. If a plan does not have in its network a provider who can provide an item or service described in subsection (1) of this section, the plan must cover the item or service when performed by an out-of-network provider and may not impose cost sharing with respect to the item or service.

((3)) (b) If any portion of 42 U.S.C. Sec. 300gg-13 is found invalid, for a health plan offered as a qualifying health plan for a health savings account, the carrier may apply cost sharing to coverage of the services that have been invalidated only at the minimum level necessary to preserve the enrollee's ability to claim tax exempt contributions and withdrawals from the enrollee's health savings account under internal revenue service laws and regulations.

(7) A carrier may use reasonable medical management techniques to determine the frequency, method, treatment, or setting for an item or service described in subsection (1) of this section to the extent not specified in the relevant recommendation or guideline, federal rules and guidance related to the coverage of preventive services in effect on January 8, 2024, and any rules adopted by the insurance commissioner.

(8) The insurance commissioner shall enforce this section consistent with federal rules (~~, guidance, and case law in effect on December 31, 2016, applicable to 42 U.S.C. 300gg-13 (2016)~~) and guidance in effect on January 8, 2024.

(9) The insurance commissioner may adopt rules necessary to implement this section, consistent with federal statutes, rules, and guidance in effect on January 8, 2024. The insurance commissioner may also adopt rules related to any future preventive services recommendations and guidelines issued by the United States preventive services task force, the advisory committee on immunization practices of the centers for disease control and prevention, and the health resources and services administration or related federal rules or guidance."

On page 1, line 2 of the title, after "sharing;" strike the remainder of the title and insert "and amending RCW 48.43.047."

and the same is herewith transmitted.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2115, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

**MESSAGE FROM THE SENATE**

Thursday, February 22, 2024

Mme. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2295, with the following amendment(s): 2295-S AMS HLTC S5102.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that:

(a) "Hospital at home" is a service that provides safe and effective care, improves outcomes, and benefits patients. It was developed by Johns Hopkins healthcare solutions and has been used by the veteran's health administration and medical centers in the United States and around the world;

(b) Washington hospitals began offering this service following the launch of the centers for medicare and medicaid services acute hospital care at-home program in response to the COVID-19 pandemic. Since that time, participating Washington patients have experienced fewer readmissions and shorter treatment periods and report high rates of satisfaction;

(c) Authorizing the continuation of this service would benefit patients in Washington, a state with one of the lowest number of beds per patient population in the country and a track record of providing high quality inpatient care; and

(d) Immediate authorization of this service is necessary to preserve continuity of care and provision of services without disruption.

(2) It is the intent of the legislature to authorize acute care hospitals licensed under this chapter to continue providing hospital at-home services and direct the department to adopt rules including those services among those that may be offered by such hospitals.

**NEW SECTION. Sec. 2.** A new section is added to chapter 70.41 RCW to read as follows:

(1) Hospitals subject to this chapter may provide hospital at-home services if they have an active federal program waiver prior to when the department adopts rules pursuant to this section. Hospitals that have an active federal program waiver and intend to operate hospital at-home services within Washington state shall notify the department within 30 days of receiving the waiver.

(2)(a) The department shall adopt rules by December 31, 2025, to implement this act and add hospital at-home services to those services that may be provided by an acute care hospital licensed under this chapter. The rules shall establish standards for the operation of a hospital at-home program. In establishing the initial standards, the department shall consider the provisions of the federal program and endeavor to make the standards substantially similar. The standards may not include requirements that would make a hospital ineligible for or preclude a hospital from complying with the requirements of the federal program. The department may adopt additional standards to promote safe care and treatment of patients as needed.

(b) In the event that the federal program expires before the department establishes rules, hospitals shall continue to follow federal program requirements that were in effect as of the date of the federal program's expiration and the department shall enforce such requirements until the department adopts rules.

(c) Once rules are established, hospitals that intend to offer or continue offering hospital at-home services shall apply to the

department for approval to add hospital at-home services as a hospital service line. Hospitals that have secured a federal program waiver prior to rule adoption may provide hospital at-home services while applying for approval. The department shall approve a hospital to provide hospital at-home services if the application is consistent with the standards established in rule. RCW 43.70.115 and chapter 34.05 RCW govern notice and adjudicative proceedings related to denial of an application. The department may set a one-time application fee in rule. The application fees charged shall not exceed the actual cost of staff time to review. The administration of the program must be covered by licensing fees set by the department under the authority of RCW 70.41.100 and 43.70.250.

(3) Hospital at-home services are not subject to chapter 70.126 or 70.127 RCW.

(4) Hospital at-home services do not count as an increase in the number of the hospital's licensed beds and are not subject to chapter 70.38 RCW.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Hospital at-home services" means acute care services provided by a licensed acute care hospital to a patient outside of the hospital's licensed facility and within a home or any location determined by the patient receiving the service.

(b) "Federal program" means the acute hospital care at-home program established by the federal centers for medicare and medicaid services under 42 U.S.C. Sec. 1320b-5 and extended by 42 U.S.C. Sec. 1395cc-7, or any successor program.

**NEW SECTION. Sec. 3.** A new section is added to chapter 70.126 RCW to read as follows:

This chapter does not apply to hospital at-home services provided by an acute care hospital licensed under chapter 70.41 RCW.

**Sec. 4.** RCW 70.127.040 and 2020 c 258 s 2 are each amended to read as follows:

The following are not subject to regulation for the purposes of this chapter:

(1) A family member providing home health, hospice, or home care services;

(2) A person who provides only meal services in an individual's permanent or temporary residence;

(3) An individual providing home care through a direct agreement with a recipient of care in an individual's permanent or temporary residence;

(4) A person furnishing or delivering home medical supplies or equipment that does not involve the provision of services beyond those necessary to deliver, set up, and monitor the proper functioning of the equipment and educate the user on its proper use;

(5) A person who provides services through a contract with a licensed agency;

(6) An employee or volunteer of a licensed agency who provides services only as an employee or volunteer;

(7) Facilities and institutions, including but not limited to nursing homes

under chapter 18.51 RCW, hospitals under chapter 70.41 RCW, adult family homes under chapter 70.128 RCW, assisted living facilities under chapter 18.20 RCW, developmental disability residential programs under chapter 71A.12 RCW, other entities licensed under chapter 71.12 RCW, or other licensed facilities and institutions, only when providing services to persons residing within the facility or institution;

(8) Local and combined city-county health departments providing services under chapters 70.05 and 70.08 RCW;

(9) An individual providing care to ill individuals, individuals with disabilities, or vulnerable individuals through a contract with the department of social and health services;

(10) Nursing homes, hospitals, or other institutions, agencies, organizations, or persons that contract with licensed home health, hospice, or home care agencies for the delivery of services;

(11) In-home assessments of an ill individual, an individual with a disability, or a vulnerable individual that does not result in regular ongoing care at home;

(12) Services conducted by and for the adherents of a church or religious denomination that rely upon spiritual means alone through prayer for healing in accordance with the tenets and practices of such church or religious denomination and the bona fide religious beliefs genuinely held by such adherents;

(13) A medicare-approved dialysis center operating a medicare-approved home dialysis program;

(14) A person providing case management services. For the purposes of this subsection, "case management" means the assessment, coordination, authorization, planning, training, and monitoring of home health, hospice, and home care, and does not include the direct provision of care to an individual;

(15) Pharmacies licensed under RCW 18.64.043 that deliver prescription drugs and durable medical equipment that does not involve the use of professional services beyond those authorized to be performed by licensed pharmacists pursuant to chapter 18.64 RCW and those necessary to set up and monitor the proper functioning of the equipment and educate the person on its proper use;

(16) A volunteer hospice complying with the requirements of RCW 70.127.050;

(17) A person who provides home care services without compensation;

(18) Nursing homes that provide telephone or web-based transitional care management services; ~~((and))~~

(19) A rural health clinic providing health services in a home health shortage area as declared by the department pursuant to 42 C.F.R. Sec. 405.2416; and

(20) Hospital at-home services provided by a hospital pursuant to section 2 of this act.

**Sec. 5.** RCW 70.38.111 and 2021 c 277 s 1 are each amended to read as follows:

(1) The department shall not require a certificate of need for the offering of an inpatient tertiary health service by:

(a) A health maintenance organization or a combination of health maintenance organizations if (i) the organization or combination of organizations has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (ii) the facility in which the service will be provided is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination;

(b) A health care facility if (i) the facility primarily provides or will provide inpatient health services, (ii) the facility is or will be controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations which has, in the service area of the organization or service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (iii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iv) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination; or

(c) A health care facility (or portion thereof) if (i) the facility is or will be leased by a health maintenance organization or combination of health maintenance organizations which has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals and, on the date the application is submitted under subsection (2) of this section, at least fifteen years remain in the term of the lease, (ii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization; if, with respect to such offering or obligation by a nursing home, the department has, upon application under subsection (2) of this section, granted an exemption from such requirement to the organization, combination of organizations, or facility.

(2) A health maintenance organization, combination of health maintenance organizations, or health care facility shall not be exempt under subsection (1) of this section from obtaining a certificate of need before offering a tertiary health service unless:

(a) It has submitted at least thirty days prior to the offering of services reviewable under RCW 70.38.105(4) (d) an application for such exemption; and

(b) The application contains such information respecting the organization, combination, or facility and the proposed offering or obligation by a nursing home as the department may require to determine if the organization or combination meets the requirements of subsection (1) of this section or the facility meets or will meet such requirements; and

(c) The department approves such application. The department shall approve or disapprove an application for exemption within thirty days of receipt of a completed application. In the case of a proposed health care facility (or portion thereof) which has not begun to provide tertiary health services on the date an application is submitted under this subsection with respect to such facility (or portion), the facility (or portion) shall meet the applicable requirements of subsection (1) of this section when the facility first provides such services. The department shall approve an application submitted under this subsection if it determines that the applicable requirements of subsection (1) of this section are met.

(3) A health care facility (or any part thereof) with respect to which an exemption was granted under subsection (1) of this section may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired and a health care facility described in subsection (1)(c) of this section which was granted an exemption under subsection (1) of this section may not be used by any person other than the lessee described in subsection (1)(c) of this section unless:

(a) The department issues a certificate of need approving the sale, lease, acquisition, or use; or

(b) The department determines, upon application, that (i) the entity to which the facility is proposed to be sold or leased, which intends to acquire the controlling interest, or which intends to use the facility is a health maintenance organization or a combination of health maintenance organizations which meets the requirements of subsection (1)(a)(i) of this section, and (ii) with respect to such facility, meets the requirements of subsection (1)(a)(ii) or (iii) of this section or the requirements of subsection (1)(b)(i) and (ii) of this section.

(4) In the case of a health maintenance organization, an ambulatory care facility, or a health care facility, which ambulatory or health care facility is controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations, the department may under the program apply its certificate of need requirements to the offering of inpatient tertiary health services to the extent that such offering is not exempt under the provisions of this section or RCW 70.38.105(7).

(5)(a) The department shall not require a certificate of need for the construction, development, or other establishment of a nursing home, or the addition of beds to an existing nursing home, that is owned and operated by a continuing care retirement community that:

(i) Offers services only to contractual members;

(ii) Provides its members a contractually guaranteed range of services from independent living through skilled nursing, including some assistance with daily living activities;

(iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicaid program, is liable for costs of care even if the member depletes his or her personal resources;

(iv) Has offered continuing care contracts and operated a nursing home continuously since January 1, 1988, or has obtained a certificate of need to establish a nursing home;

(v) Maintains a binding agreement with the state assuring that financial liability for services to members, including nursing home services, will not fall upon the state;

(vi) Does not operate, and has not undertaken a project that would result in a number of nursing home beds in excess of one for every four living units operated by the continuing care retirement community, exclusive of nursing home beds; and

(vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

(i) It has submitted an application for exemption at least thirty days prior to commencing construction of, is submitting an application for the licensure of, or is commencing operation of a nursing home, whichever comes first; and

(ii) The application documents to the department that the continuing care retirement community qualifies for exemption.

(c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify for licensure as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq. may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

(7) A rural health care facility licensed under RCW 70.175.100 formerly licensed as a hospital under chapter 70.41 RCW may, within three years of the effective date of the

rural health care facility license, apply to the department for a hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the number of beds used for acute care or long-term care, the rural health care facility has been in continuous operation, and the rural health care facility has not been purchased or leased.

(8) A rural hospital determined to no longer meet critical access hospital status for state law purposes as a result of participation in the Washington rural health access preservation pilot identified by the state office of rural health and formerly licensed as a hospital under chapter 70.41 RCW may apply to the department to renew its hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW. If all or part of a formerly licensed rural hospital is sold, purchased, or leased during the period the rural hospital does not meet critical access hospital status as a result of participation in the Washington rural health access preservation pilot and the new owner or lessor applies to renew the rural hospital's license, then the sale, purchase, or lease of part or all of the rural hospital is subject to the provisions of this chapter.

(9)(a) A nursing home that voluntarily reduces the number of its licensed beds to provide assisted living, licensed assisted living facility care, adult day care, adult day health, respite care, hospice, outpatient therapy services, congregate meals, home health, or senior wellness clinic, or to reduce to one or two the number of beds per room or to otherwise enhance the quality of life for residents in the nursing home, may convert the original facility or portion of the facility back, and thereby increase the number of nursing home beds to no more than the previously licensed number of nursing home beds without obtaining a certificate of need under this chapter, provided the facility has been in continuous operation and has not been purchased or leased. Any conversion to the original licensed bed capacity, or to any portion thereof, shall comply with the same life and safety code requirements as existed at the time the nursing home voluntarily reduced its licensed beds; unless waivers from such requirements were issued, in which case the converted beds shall reflect the conditions or standards that then existed pursuant to the approved waivers.

(b) To convert beds back to nursing home beds under this subsection, the nursing home must:

(i) Give notice of its intent to preserve conversion options to the department of health no later than thirty days after the effective date of the license reduction; and

(ii) Give notice to the department of health and to the department of social and health services of the intent to convert

beds back. If construction is required for the conversion of beds back, the notice of intent to convert beds back must be given, at a minimum, one year prior to the effective date of license modification reflecting the restored beds; otherwise, the notice must be given a minimum of ninety days prior to the effective date of license modification reflecting the restored beds. Prior to any license modification to convert beds back to nursing home beds under this section, the licensee must demonstrate that the nursing home meets the certificate of need exemption requirements of this section.

The term "construction," as used in (b)(ii) of this subsection, is limited to those projects that are expected to equal or exceed the expenditure minimum amount, as determined under this chapter.

(c) Conversion of beds back under this subsection must be completed no later than four years after the effective date of the license reduction. However, for good cause shown, the four-year period for conversion may be extended by the department of health for one additional four-year period.

(d) Nursing home beds that have been voluntarily reduced under this section shall be counted as available nursing home beds for the purpose of evaluating need under RCW 70.38.115(2)(a) and (k) so long as the facility retains the ability to convert them back to nursing home use under the terms of this section.

(e) When a building owner has secured an interest in the nursing home beds, which are intended to be voluntarily reduced by the licensee under (a) of this subsection, the applicant shall provide the department with a written statement indicating the building owner's approval of the bed reduction.

(10)(a) The department shall not require a certificate of need for a hospice agency if:

(i) The hospice agency is designed to serve the unique religious or cultural needs of a religious group or an ethnic minority and commits to furnishing hospice services in a manner specifically aimed at meeting the unique religious or cultural needs of the religious group or ethnic minority;

(ii) The hospice agency is operated by an organization that:

(A) Operates a facility, or group of facilities, that offers a comprehensive continuum of long-term care services, including, at a minimum, a licensed, medicare-certified nursing home, assisted living, independent living, day health, and various community-based support services, designed to meet the unique social, cultural, and religious needs of a specific cultural and ethnic minority group;

(B) Has operated the facility or group of facilities for at least ten continuous years prior to the establishment of the hospice agency;

(iii) The hospice agency commits to coordinating with existing hospice programs in its community when appropriate;

(iv) The hospice agency has a census of no more than forty patients;

(v) The hospice agency commits to obtaining and maintaining medicare certification;

(vi) The hospice agency only serves patients located in the same county as the majority of the long-term care services offered by the organization that operates the agency; and

(vii) The hospice agency is not sold or transferred to another agency.

(b) The department shall include the patient census for an agency exempted under this subsection (10) in its calculations for future certificate of need applications.

(11) To alleviate the need to board psychiatric patients in emergency departments and increase capacity of hospitals to serve individuals on ninety-day or one hundred eighty-day commitment orders, for the period of time from May 5, 2017, through June 30, 2023:

(a) The department shall suspend the certificate of need requirement for a hospital licensed under chapter 70.41 RCW that changes the use of licensed beds to increase the number of beds to provide psychiatric services, including involuntary treatment services. A certificate of need exemption under this subsection (11)(a) shall be valid for two years.

(b) The department may not require a certificate of need for:

(i) The addition of beds as described in RCW 70.38.260 (2) and (3); or

(ii) The construction, development, or establishment of a psychiatric hospital licensed as an establishment under chapter 71.12 RCW that will have no more than sixteen beds and provide treatment to adults on ninety or one hundred eighty-day involuntary commitment orders, as described in RCW 70.38.260(4).

(12)(a) An ambulatory surgical facility is exempt from all certificate of need requirements if the facility:

(i) Is an individual or group practice and, if the facility is a group practice, the privilege of using the facility is not extended to physicians outside the group practice;

(ii) Operated or received approval to operate, prior to January 19, 2018; and

(iii) Was exempt from certificate of need requirements prior to January 19, 2018, because the facility either:

(A) Was determined to be exempt from certificate of need requirements pursuant to a determination of reviewability issued by the department; or

(B) Was a single-specialty endoscopy center in existence prior to January 14, 2003, when the department determined that endoscopy procedures were surgeries for purposes of certificate of need.

(b) The exemption under this subsection:

(i) Applies regardless of future changes of ownership, corporate structure, or affiliations of the individual or group practice as long as the use of the facility remains limited to physicians in the group practice; and

(ii) Does not apply to changes in services, specialties, or number of operating rooms.

(13) A rural health clinic providing health services in a home health shortage area as declared by the department pursuant to 42 C.F.R. Sec. 405.2416 is not subject to

certificate of need review under this chapter.

(14) Hospital at-home services, as defined in section 2 of this act, are not subject to certificate of need review under this chapter.

NEW SECTION. **Sec. 6.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "services;" strike the remainder of the title and insert "amending RCW 70.127.040 and 70.38.111; adding a new section to chapter 70.41 RCW; adding a new section to chapter 70.126 RCW; creating a new section; and declaring an emergency."

and the same is herewith transmitted.

### MESSAGE FROM THE SENATE

Wednesday, February 28, 2024

Mme. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2382, with the following amendment(s): 2382-S AMS ENGR S5177.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature intends to extend survivor death benefits under the industrial insurance act for the surviving dependents of transportation network company drivers when certain conditions are met. The legislature recognizes the devastating impact that such a death has on the surviving family members.

(2) By the enactment of section 2 of this act, the legislature honors the memory of transportation network company drivers who have died while working in Washington in recent years, including Cherno Ceesay, who died in 2020, Mohamed Kediye, who died in 2022, Mohamadou Kabba and Amare Geda, who died in 2023, and Abdikadir Gedi Shariif, who died in 2024.

NEW SECTION. Sec. 2. A new section is added to chapter 51.32 RCW to read as follows:

(1) In addition to the coverage provided in RCW 51.16.250, death benefits shall be payable in accordance with RCW 51.32.050 when a transportation network company driver's death results from an injury occurring while the driver is:

(a) Logged onto the transportation network company's digital network as available for work;

(b) Physically inside the transportation network company driver's vehicle or within the immediate proximity of the transportation network company driver's vehicle; and

(c) Not otherwise covered by this title.

(2) As applicable, for the purposes of this section, the definitions in RCW 49.46.300 apply.

(3) For the purposes of this section, the applicable statute of limitations begins upon the driver's death.

(4) The department may adopt rules to implement this section.

Sec. 3. RCW 51.16.250 and 2022 c 281 s 11 are each amended to read as follows:

(1) Beginning January 1, 2023, the department shall assess premiums for transportation network companies, as defined in RCW 49.46.300, in accordance with RCW 51.16.035 and this section, for workers' compensation coverage applicable to drivers, as defined in RCW 49.46.300, while the driver is engaged in passenger platform time and dispatch platform time, as those terms are defined in RCW 49.46.300.

(2) For the purposes of calculating the premium for drivers under subsection (1) of this section, the department shall multiply the total number of hours spent by drivers in passenger platform time and dispatch platform time on the transportation network company's driver platform by the rates established for taxicab companies. The department may subsequently adjust premiums in accordance with department rules.

(3) For a death that is covered under section 2 of this act, the cost of the benefits must be included in the consideration of rate increases for the risk class and not attributed to a single transportation network company. Such cost shall not be included in the calculation of

any individual transportation network company's experience modification factor.

(4) Transportation network companies, not qualifying as a self-insurer, shall insure with the state and shall, on or before the last day of January, April, July, and October of each year thereafter, furnish the department with a true and accurate statement of the hours for which drivers, as defined in RCW 49.46.300, were engaged in passenger platform time and dispatch platform time on the transportation network company's driver platform during the preceding calendar quarter and the total amount paid to such drivers engaged in passenger platform time on the transportation network company's driver platform during the preceding calendar quarter, and shall pay its premium based on the total passenger platform time and dispatch platform time to the appropriate fund. Premiums for a calendar quarter, whether reported or not, shall become due and delinquent on the day immediately following the last day of the month following the calendar quarter. The sufficiency of such statement shall be subject to the approval of the director: PROVIDED, That the director may in his or her discretion and for the effective administration of this title require a transportation network company in individual instances to furnish a supplementary report containing the name of each individual driver, his or her hours engaged in passenger platform time and dispatch platform time on the transportation network company's driver platform, and his or her compensation: PROVIDED FURTHER, That the department may promulgate rules and regulations in accordance with chapter 34.05 RCW to establish other reporting periods and payment due dates in lieu of reports and payments following each calendar quarter, and may also establish terms and conditions for payment of premiums and assessments based on estimated passenger platform time and dispatch platform time on the transportation network company's driver platform, with such payments being subject to approval as to sufficiency of the estimated passenger platform time and dispatch platform time on the transportation network company's driver platform by the department, and also subject to appropriate periodic adjustments made by the department based on actual passenger platform time and dispatch platform time on the transportation network company's driver platform.

~~((4))~~ (5) The department may adopt rules to carry out the purposes of this section, including rules providing for alternative reporting requirements.

~~((5))~~ (6) This section does not apply to any worker who is not a driver, and who is employed by the transportation network company. For those workers the processes for determining coverage, calculating premiums, reporting requirements, reporting periods, and payment due dates are subject to the provisions of this title that apply generally to employers and workers.

NEW SECTION.      **Sec. 4.**      (1) The department of labor and industries shall

conduct or contract out for a study using administrative and other available data and report to the legislature by July 1, 2029. The study shall include, but not be limited to: The number and frequency of transportation network company drivers filing claims with the department of labor and industries who are victims of crime while connected to work through a transportation network company's digital network; whether those claims were accepted or denied; and if denied, the reason for the denial. The study shall not include remote workers working from their homes.

(2) This section expires December 31, 2029."

On page 1, line 2 of the title, after "companies;" strike the remainder of the title and insert "amending RCW 51.16.250; adding a new section to chapter 51.32 RCW; creating new sections; and providing an expiration date."

and the same is herewith transmitted.

**MESSAGE FROM THE SENATE**

Thursday, February 29, 2024

Mme. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1915, with the following amendment(s): 1915-S AMS ENGR S5552.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION.     **Sec. 1.**     (1) The legislature recognizes that acquiring and applying a basic knowledge of personal finance is critical to the economic well-being of all adults. Without this knowledge, persons are much less well equipped to navigate the complicated financial issues of modern life, including household budgets, consumer debt, loan applications and obligations, and successful retirement planning.

(2) The legislature also recognizes that it has taken meaningful steps to support financial education instruction in public schools, including establishing the financial education public-private partnership in 2004, adopting financial education learning standards in 2015, and providing funds in 2022 for financial education professional development for certificated staff.

(3) In recognition of the relevance and importance of personal finance knowledge, the ongoing efforts of the financial

education public-private partnership, and the ability of public schools to teach or continue teaching financial education instruction, the legislature intends to ensure that all Washington students are provided financial education instruction. Therefore, the legislature intends to make financial education instruction a required component of public education while maximizing flexibility for school districts to implement the instruction in a manner that recognizes their local circumstances.

**Sec. 2.** RCW 28A.300.468 and 2015 c 211 s 4 are each amended to read as follows:

~~((1))~~ After consulting with the financial education public-private partnership, the office of the superintendent of public instruction shall make available to all school districts a list of instructional materials that align with the financial education learning standards ~~((integrated into the state learning standards pursuant to RCW 28A.300.460(2)(d)).~~

~~(2) School districts shall provide all students in grades nine through twelve the opportunity to access the financial education standards, whether through a regularly scheduled class period; before or after school; during lunch periods; at library and study time; at home; via online learning opportunities; through career and technical education course equivalencies; or other opportunities. School districts shall publicize the availability of financial education opportunities to students and their families. School districts are encouraged to grant credit toward high school graduation to students who successfully complete financial education courses)~~ adopted in RCW 28A.300.469.

NEW SECTION. **Sec. 3.** A new section is added to chapter 28A.230 RCW to read as follows:

(1)(a) Beginning in or before the 2027-28 school year, each school district that operates a high school shall provide all high school students with access to no less than one-half credit of financial education instruction.

(b) The content and instruction required by this subsection (1) may be provided in stand-alone courses or embedded into other courses and subject areas.

(c) Instruction provided in accordance with this subsection (1) must conform with the state financial education learning standards adopted in RCW 28A.300.469.

(2)(a) By December 15, 2025, school districts shall submit to the state board of education and the financial education public-private partnership established in RCW 28A.300.450:

(i) A list of the financial education instruction courses implemented for students during or prior to the 2024-25 school year; and

(ii) A description of the school district actions and other considerations necessary to implement this section.

(b) The financial education public-private partnership shall analyze the information provided under (a) of this

subsection and create a statewide implementation plan for the requirements of this section. The plan, which must be submitted to the office of the superintendent of public instruction, the state board of education, and, in accordance with RCW 43.01.036, the appropriate committees of the legislature by September 30, 2026, may include recommendations for additional funding for grants to integrate financial literacy education into professional development for certificated staff and other school district resources in accordance with submissions provided under (a) of this subsection.

(3) Beginning no later than the 2027-28 school year, school districts shall publicize the offering of financial education instruction to students and their parents or legal guardians.

(4)(a) The state board of education shall review and monitor financial education offerings to ensure school district compliance with the requirements of subsection (1)(a) of this section. The reviews and monitoring required by this subsection (4) may be conducted concurrently with other oversight and monitoring conducted by the state board of education.

(b) The state board of education, in accordance with RCW 43.01.036, shall provide a summary of the information collected under this subsection (4) for school years 2027-28 and 2028-29 to the appropriate committees of the legislature by January 10, 2030.

(5) This section governs school operation and management under RCW 28A.710.040 and 28A.715.020, and applies to charter schools established under chapter 28A.710 RCW and state-tribal education compact schools subject to chapter 28A.715 RCW to the same extent as it applies to school districts.

NEW SECTION. **Sec. 4.** Section 2 of this act takes effect August 31, 2027."

On page 1, line 2 of the title, after "education;" strike the remainder of the title and insert "amending RCW 28A.300.468; adding a new section to chapter 28A.230 RCW; creating a new section; and providing an effective date."

and the same is herewith transmitted.

#### SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House granted the Senate's request for a Conference on SUBSTITUTE HOUSE BILL NO. 1915. The Speaker (Representative Orwall presiding) appointed the following members as Conferees: Representatives Rude, Santos and Stonier.

#### MESSAGE FROM THE SENATE

Tuesday, February 27, 2024

Mme. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2134, with the following amendment(s): 2134-S.E AMS ENGR S5501.E

Strike everything after the enacting clause and insert the following:

"2023-2025 FISCAL BIENNIUM

GENERAL GOVERNMENT AGENCIES—OPERATING

Sec. 101. 2023 c 472 s 105 (unmodified) is amended to read as follows: FOR THE DEPARTMENT OF AGRICULTURE Motor Vehicle Account—State Appropriation. ((\$1,462,000)) \$1,473,000

Sec. 102. 2023 c 472 s 108 (unmodified) is amended to read as follows: FOR THE DEPARTMENT OF COMMERCE Carbon Emissions Reduction Account—State Appropriation. . . . \$5,000,000 Electric Vehicle Account—State Appropriation . . . . \$220,000 Multimodal Transportation Account—State Appropriation. . . . \$300,000 TOTAL APPROPRIATION. . . . \$5,520,000

The ((appropriation)) appropriations in this section ((is)) are subject to the following conditions and limitations:

(1) \$220,000 of the electric vehicle account—state appropriation is provided solely to the department to commission an independent study, based on the findings of the transportation electrification strategy authorized under RCW 43.392.040, of costs of installation, maintenance, and operation of electrical distribution infrastructure on the utility's side of the meter to commercial customers installing electric vehicle supply equipment. The department shall gather data from at least five electric utilities serving retail customers in the state for purposes of completing the study. The department shall submit a report of study findings and an explanation of how those findings will support implementation of the transportation electrification strategy authorized under RCW 43.392.040 to the governor and appropriate legislative committees by November 1, 2024.

(2) Beginning January 1, 2025, \$5,000,000 of the carbon emissions reduction account—state appropriation is provided solely for a tribal electric boat grant program. Federally recognized tribes are eligible to apply for grant funds for the purchase of or conversion to electric boats and motors.

(3)(a) \$300,000 of the multimodal transportation account—state appropriation is provided solely to the department, in collaboration with the interagency electric vehicle coordinating council, appropriate state and local agencies, climate and environmental justice organizations, consumer and ratepayer advocates, industry representatives, labor representatives, consumer-owned electric utilities, investor-owned electric utilities, and building owners and operators, to develop legislative recommendations regarding:

(i) Maximum timelines for electric vehicle supply equipment project permitting and interconnection;

(ii) Necessary reporting requirements for electric utilities on transportation electrification efforts;

(iii) Requirements for consumer information on electric vehicle supply equipment;

(iv) Extending right-to-charge policies to tenants and homeowners outside of common interest communities;

(v) Reliability standards for both publicly funded and publicly available electric vehicle supply equipment; and

(vi) Other policies to implement recommendations on improving electric vehicle supply equipment availability and use in the transportation electrification strategy under RCW 43.392.040.

(b) The department, in collaboration with the entities listed under (a) of this subsection, must also evaluate the best method to develop a comprehensive and publicly available inventory of all electric vehicle supply equipment in Washington, to include, but not be limited to:

(i) Reporting requirements for electric vehicle supply equipment providers, owners, and operators or any other entities necessary to develop and implement the inventory;

(ii) Rules necessary to determine required information, such as counts of operational electric vehicle supply equipment and ports, electrical power, utilization, reliability data, and other nonproprietary data, and a reporting process for collecting such data for the inventory; and

(iii) Identifying data that may be classified as confidential and a means for protecting such data, including data aggregation and the consideration of using a third-party entity to receive and secure data.

(c) The department must provide a report to the appropriate committees of the legislature on initial recommendations described under (a) of this subsection and the evaluation results under (b) of this subsection by December 31, 2024, and a final report with all remaining recommendations by June 30, 2025.

Sec. 103. 2023 c 472 s 109 (unmodified) is amended to read as follows: FOR THE BOARD OF PILOTAGE COMMISSIONERS Pilotage Account—State Appropriation. ((\$3,574,000)) \$3,577,000

The appropriation in this section is subject to the following conditions and limitations:

(1) The board of pilotage commissioners shall file the annual report to the governor and chairs of the transportation committees required under RCW 88.16.035(1)(f) by September 1, 2023, and annually thereafter. The report must include the continuation of policies and procedures necessary to increase the diversity of pilots, trainees, and applicants, including a diversity action plan. The diversity action plan must articulate a comprehensive vision of the board's diversity goals and the steps it will take to reach those goals.

(2) \$232,000 of the pilotage account—state appropriation is for a temporary environmental planner position to support rule making to fulfill the requirements of chapter 289, Laws of 2019.

Sec. 104. 2023 c 472 s 111 (uncodified) is amended to read as follows:

**FOR THE UNIVERSITY OF WASHINGTON**

Motor Vehicle Account—State Appropriation.	<u>\$1,470,000</u>
Multimodal Transportation Account—State Appropriation. . . . .	<u>(\$5,000,000)</u>
	<u>\$5,060,000</u>
<b>TOTAL APPROPRIATION. . . .</b>	<b><u>\$6,530,000</u></b>

The ~~(appropriation)~~ appropriations in this section ~~((is))~~ are subject to the following conditions and limitations:

(1) \$5,000,000 of the multimodal transportation account—state appropriation is provided solely for the University of Washington's sidewalk inventory and accessibility mapping project to develop a public dataset under an open license and develop the tools needed to publish that data according to an open data specification. The project must include, but is not limited to, utilization of existing data sources, imagery, detailed surveys, and manually collected, detailed data for city streets, county rural and urban local access roads and collectors/arterials, state roads of all types, and roads owned by other entities. The project may draw on partially developed sidewalk data for all state facilities. To the extent practicable, the final product must be suitable for use by the department of transportation, local and regional agencies, tribal governments, and the general public. For the 2023-2025 fiscal biennium, the project will produce a base active transportation data layer for all counties, with priority given to counties with high proportions of overburdened communities. A project status report is due to the transportation committees of the legislature on December 1st of each year until the work is completed. The legislature intends that in the 2025-2027 fiscal biennium, \$5,000,000 of multimodal transportation account funds be provided to complete a second phase of work on the active transportation data.

(2) (a) \$60,000 of the multimodal transportation account—state appropriation is provided solely for the University of Washington center for real estate research, in collaboration with the Puget Sound regional council, to complete a review of transit-oriented development conditions in cities in King, Pierce, Spokane, Clark, and Snohomish counties that (i) have populations of more than 12,500; and (ii) have at least one major transit stop, as defined in RCW 36.70A.030.

(b) The review must be based on any comprehensive plans, housing-focused local tax and fee programs, and development regulations required to be adopted on or before December 31, 2024. The review must also include the following elements in a report that enables comparison of transit-oriented development conditions on a city-by-city basis:

(i) A summary of zoned density, floor area ratio, height or bulk limitations, parking requirements, impact fees, and other relevant development constraints or requirements, fees, charges, or conditions that apply to transit-oriented development within the jurisdiction;

(ii) A summary and analysis of any local or state housing tax, charge or fee rates, exactions and incentives, affordable housing requirements, and antidisplacement strategies that apply to transit-oriented development; and

(iii) Recommendations on strategies to increase the supply and affordability of transit-oriented development.

(c) The review must apply to areas within the following distances of a major transit stop:

(i) One-half mile radius of an entrance to a train station with a stop on a light rail system, a commuter rail stop, or a stop on rail or fixed guideway system; and

(ii) One-quarter mile radius of a stop on a fixed route bus system that is funded in part or in full by the United States department of transportation funding for bus rapid transit.

(d) The center must seek input from a broad range of stakeholders with expertise in transit-oriented development, including nonprofit and for-profit developers of affordable housing, developers of market-rate and workforce housing, local governments, the Washington housing finance commission, and other stakeholders as determined by the center.

(e) The center must provide its review and a preliminary report to the appropriate committees of the legislature by December 31, 2024, and a final report, updated to reflect any intervening comprehensive plan revisions, by June 30, 2025.

(3) (a) \$1,470,000 of the motor vehicle account—state appropriation is provided solely for the Washington state transportation center to fund:

(i) Intern programs with the department of transportation;

(ii) A road scholars short-term training program; and

(iii) Professional master's degree fellowships between the department of transportation and the University of Washington within a program in civil and environmental engineering.

(b) Of the amounts provided in this subsection, \$81,000 is provided solely for the center to consult with the board of registration for professional engineers & land surveyors to conduct a statewide survey and analysis assessing workforce shortages of civil engineers, civil engineering technicians, land surveyors, land surveyor technicians, and related disciplines. The center shall create a recommended action plan, with input from the legislative transportation committees, to address engineering workforce shortages and to meet the increased demand for services. The analysis and recommended action plan must include, for civil engineers, civil engineering technicians, land surveyors, land surveyor technicians, and related disciplines, at a minimum:

- (i) Opportunities to create diverse and equitable engineering workforce;
  - (ii) Workforce data and gaps;
  - (iii) Current education pathways and licensure processes;
  - (iv) Current programs focused on workforce development and position skill-up opportunities;
  - (v) Strategies to retain workforce within the state;
  - (vi) Outreach opportunities and interinstitutional partnerships with middle schools, high schools, postsecondary institutions, and postgraduate programs; and
  - (vii) Recommendations for additional scholarships, internship and apprenticeship opportunities, undergraduate and graduate fellowship opportunities, and industry partnership opportunities.
- (c) The center shall provide a preliminary plan with proposed actions, budgets, and outcomes to the transportation committees of the legislature by November 2024. The center shall provide a final action plan report with relevant recommendations to the transportation committees of the legislature by December 31, 2024.

**Sec. 105.** 2023 c 472 s 114 (uncodified) is amended to read as follows:  
**FOR THE DEPARTMENT OF ENTERPRISE SERVICES**  
 Carbon Emissions Reduction Account—State  
 Appropriation. . . . . \$6,000,000

The appropriation in this section is subject to the following conditions and limitations:

(1) \$6,000,000 of the carbon emissions reduction account—state appropriation is provided solely for zero emission electric vehicle supply equipment infrastructure at facilities to accommodate charging station installations. The electric vehicle charging equipment (~~must allow for the collection of usage data and~~) must be coordinated with the state efficiency and environmental performance program. The department must prioritize locations based on state efficiency and environmental performance location priorities and where zero emission fleet vehicles are located or are scheduled to be purchased.

(2) The department must report when and where the equipment was installed(~~(usage data at each charging station,))~~ and the state agencies and facilities that benefit from the installation of the charging station to the fiscal committees of the legislature by June 30, 2025, with an interim report due January 2, 2024. The department shall collaborate with the interagency electric vehicle coordinating council to implement this section and must work to meet benchmarks established in chapter 182, Laws of 2022 (transportation resources).

(3) In carrying out this section, the department shall cooperate and provide assistance, as requested, in the joint transportation committee's development of program delivery evaluation tools and methodologies provided under section 204 (~~(of this act)~~), chapter 472, Laws of 2023

for programs that receive funding from the carbon emissions reduction account.

(4) The department, with the assistance of designated staff in the Washington state department of transportation, must register for the clean fuels credit program and start tracking revenue generation pursuant to chapter 70A.535 RCW for investments funded in an omnibus transportation appropriations act.

NEW SECTION. **Sec. 106.** A new section is added to 2023 c 472 (uncodified) to read as follows:

**FOR THE JOINT LEGISLATIVE AUDIT AND REVIEW COMMITTEE**

Ignition Interlock Device Revolving Account—State  
 Appropriation. . . . . \$400,000

The appropriation in this section is subject to the following conditions and limitations: \$400,000 of the ignition interlock device revolving account—state appropriation is provided solely for an evaluation of compliance and results associated with the state's ignition interlock device requirements. The evaluation must include, but is not limited to, the following: (1) An assessment of the compliance rates for individuals with a legal requirement to have an ignition interlock device installed on their vehicle; (2) a review of impediments or barriers to individual compliance with ignition interlock device installation and use requirements; (3) an examination of state and local agency performance in monitoring and enforcing ignition interlock device requirements; and (4) prioritized recommendations of potential procedural, policy, or statutory changes, including additional fiscal resources to state or local agencies, which will improve ignition interlock device compliance rates. The office of financial management shall place the amount provided in this section in unallotted status until the joint legislative and audit review committee indicates that the evaluation can be completed within its workplan for the 2023-2025 fiscal biennium. If the evaluation cannot be initiated in the 2023-2025 fiscal biennium, the joint legislative and audit review committee must prioritize the evaluation of compliance and results associated with the state's ignition interlock device requirements in its workplan for the 2025-2027 fiscal biennium. The director of the office of financial management or the director's designee shall consult with the chairs and ranking members of the transportation committees of the legislature before making a decision to allot these funds.

NEW SECTION. **Sec. 107.** A new section is added to 2023 c 472 (uncodified) to read as follows:

**FOR THE DEPARTMENT OF ECOLOGY**  
 Model Toxics Control Capital Account—State  
 Appropriation. . . . . \$15,715,000

The appropriation in this section is subject to the following conditions and

limitations: \$15,715,000 of the model toxics control capital account—state appropriation is provided solely for the department to provide grants to transition from diesel school buses and other student transport vehicles to zero emissions vehicles and for the necessary fueling infrastructure needed for zero emissions student transportation. The department must prioritize school districts serving tribes and vulnerable populations in overburdened communities as defined under RCW 70A.02.010. Up to five percent of the appropriation in this section may be used for technical assistance and grant administration.

NEW SECTION. **Sec. 108.** A new section is added to 2023 c 472 (uncodified) to read as follows:

**FOR WESTERN WASHINGTON UNIVERSITY**

Multimodal Transportation Account—State Appropriation. . . . . \$140,000

The appropriation in this section is subject to the following conditions and limitations: \$140,000 of the multimodal transportation account—state appropriation is provided solely for the Western Washington University center for economic and business research to conduct an economic study focused on multiple economic activities surrounding the Washington state ferry system. Specifically, the study must analyze the direct economic impacts of Washington state ferry system spending, along with peer-reviewed, estimated ranges for economic activities supported by the ferry fleets' movement of passengers and freight as it relates to tourism, labor, and commerce. The department must collaborate with the university regarding the analysis by making administrative data, including financial and ridership data, available to the university. The university must submit a report summarizing the analysis to the office of the governor and the transportation committees of the legislature by December 31, 2024.

NEW SECTION. **Sec. 109.** A new section is added to 2023 c 472 (uncodified) to read as follows:

**FOR WASHINGTON STATE UNIVERSITY**

Highway Safety Account—State Appropriation. \$150,000  
Multimodal Transportation Account—State Appropriation. . . . . \$100,000  
**TOTAL APPROPRIATION..... \$250,000**

The appropriations in this section are subject to the following conditions and limitations: \$150,000 of the highway safety account—state appropriation is provided solely to convene a work group that includes, but is not limited to, the attorney general's office, the department of transportation, Washington state patrol, and the Washington traffic safety commission, to develop recommended legislation, by December 1, 2024, regarding the use of sobriety checkpoints in DUI enforcement. The work group must review the legal findings and holdings by the Washington supreme court in *City of Seattle v. Mesiani* and evaluate previous legislation from Washington and

other states, as well as federal case law, authorizing the use of sobriety checkpoints.

NEW SECTION. **Sec. 110.** A new section is added to 2023 c 472 (uncodified) to read as follows:

**FOR THE EVERGREEN STATE COLLEGE**

Aeronautics Account—State Appropriation. \$188,000

The appropriation in this section is subject to the following conditions and limitations: \$188,000 of the aeronautics account—state appropriation is provided solely for the Washington state institute for public policy to:

(1) Conduct an independent, nonpartisan assessment of the passenger and air cargo forecasts cited in the Puget Sound regional council regional aviation baseline study, including an evaluation of the underlying data, assumptions, methodologies, and calculation of the level of uncertainty around the forecast;

(2) Conduct a comprehensive literature review to identify effective national and international strategies to reduce demand for air travel, including diverting such demand to other modes to avoid environmental impacts to overburdened communities and vulnerable populations;

(3) Conduct a review of existing operational and technological enhancements to address environmental impacts from commercial aviation activities, including, but not limited to, climate friendly routing of aircraft, innovations intended to address the climate change effects of noncarbon dioxide emissions from aviation activities, simulation models applied to congested airports, and online tools to track, analyze, and improve carbon footprints related to aviation activities. The review should identify the feasibility of enhancements to be deployed in the state of Washington; and

(4) Provide a report to the office of the governor and the transportation committees of the legislature by December 31, 2025.

**Sec. 111.** 2023 c 472 s 110 (uncodified) is amended to read as follows:

**FOR THE OFFICE OF THE GOVERNOR**

State Patrol Highway Account—State Appropriation. . . . . \$750,000

The appropriation in this section is subject to the following conditions and limitations: \$750,000 of the state patrol highway account—state appropriation is provided solely to the state office of equity to contract with an independent consultant to conduct the studies, evaluations, and reporting functions required in RCW 43.06D.060(2), and for the office to conduct the work specified in RCW 43.06D.060 (1) and (3).

**TRANSPORTATION AGENCIES—OPERATING**

**Sec. 201.** 2023 c 472 s 201 (uncodified) is amended to read as follows:

**FOR THE WASHINGTON TRAFFIC SAFETY COMMISSION**  
 Highway Safety Account—State Appropriation.  
 ((\$5,252,000))  
\$8,841,000  
 Highway Safety Account—Federal Appropriation  
 . . . . . ((\$27,735,000))

 Account—  
 State Appropriation. . . . . ((\$636,000))  
\$836,000  
 School Zone Safety Account—State  
 Appropriation. . . . . \$850,000  
**TOTAL APPROPRIATION.....** ~~(\$34,533,000)~~  
\$46,331,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Within existing resources, the commission must examine national safety reports and recommendations on alcohol and drug impaired driving and report to the transportation committees of the legislature, by December 15, 2023, any recommendations for legislative or policy changes to improve traffic safety in Washington state.

(2)(a) \$235,500 of the Cooper Jones active transportation safety account—state appropriation is provided solely for the commission to conduct research pertaining to the issue of street lighting and safety, including a public input component and learning from counties, cities, the state, and other impacted entities. Research may include the following:

(i) Interviewing additional local and regional roads departments, water-sewer districts, and other utility services to gather a holistic data set or further input on which authority assumes primary responsibility for street illumination in various underserved areas throughout the state;

(ii) Systematically soliciting information from communities with poor street illumination and lighting to gather input as to whether this is an issue the community would like to see improved;

(iii) Conferring with regional and state-level police, fire, and emergency medical services to assess and document potential delays in emergency response times due to poor street illumination;

(iv) Further assessing the impact of using LED lights in roadway and pedestrian scale lighting in reducing carbon emissions and light pollution throughout the United States; and

(v) Subject to more in-depth findings, convening a meeting with appropriate state, regional, and local stakeholders and community partners.

(b) The commission must report research results and provide any recommendations for legislative or policy action to the transportation committees of the legislature by January 1, 2025.

(3) Within existing resources, the commission, through the Cooper Jones active transportation safety council, must prioritize the review of pedestrian, bicyclist, or nonmotorist fatality and

serious injury review when the victim is a member of a federally recognized tribe. Consistent with RCW 43.59.156(5), the commission may recommend any policy or legislative changes to improve traffic safety for tribes through such review.

(4) Within existing resources, the commission must review and report to the transportation committees of the legislature, by December 15, 2023, on strategies and technologies used in other states to prevent and respond to wrong-way driving crashes.

~~(5) ((The Washington traffic safety commission shall coordinate with each city that implements a pilot program as authorized in RCW 46.63.170(6) to provide the transportation committees of the legislature with the following information by June 30, 2025:~~

~~(a) The number of warnings and infractions issued to first-time violators under the pilot program;~~

~~(b) The number of warnings and infractions issued to the registered owners of vehicles that are not registered with an address located in the city conducting the pilot program; and~~

~~(c) The frequency with which warnings and infractions are issued on weekdays versus weekend days.~~

~~(6))~~ \$50,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 471, Laws of 2023 (negligent driving). If chapter 471, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((7))~~ (6) The Washington traffic safety commission may oversee a pilot program in up to three cities implementing the use of automated vehicle noise enforcement cameras in zones that have been designated by ordinance as "Stay Out of Areas of Racing."

(a) Any programs authorized by the commission must be authorized by December 31, 2024.

(b) If a city has established an authorized automated vehicle noise enforcement camera pilot program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based upon the value of the equipment and services provided or rendered in support of the system.

(c) Any city administering a pilot program overseen by the traffic safety commission shall use the following guidelines to administer the program:

(i) Automated vehicle noise enforcement camera may record photographs or audio of the vehicle and vehicle license plate only while a violation is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(ii) The law enforcement agency of the city or county government shall install two signs facing opposite directions within 200 feet, or otherwise consistent with the uniform manual on traffic control devices, where the automated vehicle noise enforcement camera is used that state "Street Racing Noise Pilot Program in Progress";

(iii) Cities testing the use of automated vehicle noise enforcement cameras must post information on the city website and notify local media outlets indicating the zones in which the automated vehicle noise enforcement cameras will be used;

(iv) A city may only issue a warning notice with no penalty for a violation detected by automated vehicle noise enforcement cameras in a Stay Out of Areas of Racing zone. Warning notices must be mailed to the registered owner of a vehicle within 14 days of the detected violation;

(v) A violation detected through the use of automated vehicle noise enforcement cameras is not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120;

(vi) Notwithstanding any other provision of law, all photographs, videos, microphotographs, audio recordings, or electronic images prepared under this subsection ((7)) (6) are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding. No photograph, microphotograph, audio recording, or electronic image may be used for any purpose other than the issuance of warnings for violations under this section or retained longer than necessary to issue a warning notice as required under this subsection ((7)) (6); and

(vii) By June 30, 2025, the participating cities shall provide a report to the commission and appropriate committees of the legislature regarding the use, public acceptance, outcomes, warnings issued, data retention and use, and other relevant issues regarding automated vehicle noise enforcement cameras demonstrated by the pilot projects.

(7) \$200,000 of the Cooper Jones active transportation safety account—state appropriation is provided solely for the commission, in consultation with the Cooper Jones active transportation safety council, to research and develop a pilot program for the use of light meters by law enforcement to measure lighting levels at locations where a serious injury or fatality involving a vehicle has occurred. However, the funds must be held in unallotted status until the commission submits a spending plan for the pilot program to the transportation committees of the legislature and the office of the governor.

(8) \$300,000 of the highway safety account—state appropriation is provided solely for the commission to purchase telematics data from a qualified vendor that provides anonymized information on vehicle speeds and driver behaviors, such as hard braking, on a statewide basis and in selected geographical areas based upon demographic characteristics and crash history. The commission must provide an annual report summarizing findings from the telematics data to the transportation committees of the legislature beginning by June 30, 2025, and until June 30, 2027.

(9) \$750,000 of the highway safety account—state appropriation is provided solely for a pilot program for dedicated

probation or compliance officers at the local level to improve compliance with ignition interlock device installation requirements associated with impaired driving offenses. The commission must select locations based on an assessment of ignition interlock device compliance rates, and the willingness and ability to have staff dedicated to this activity. By June 30, 2025, the commission must provide to the transportation committees of the legislature a status report on the specific locations selected and any outcome information.

(10) \$2,000,000 of the highway safety account—state appropriation is provided solely to implement a multifaceted approach to supplement existing funding targeted at impaired driving and other enforcement. The areas of emphasis expected to be funded include additional high visibility enforcement, indigenous knowledge-informed tribal traffic safety support, expanded enforcement training, and additional traffic enforcement equipment. Funding is also provided for the commission to administer and provide oversight of these activities. By June 30, 2025, the commission must provide a report to the transportation committees of the legislature on these funded activities and any outcome information.

Sec. 204. 2023 c 472 s 204 (uncodified) is amended to read as follows:

**FOR THE JOINT TRANSPORTATION COMMITTEE**

Carbon Emissions Reduction Account—State Appropriation. . . . .	\$3,000,000
Multimodal Transportation Account—State Appropriation. . . . .	<del>(\$125,000)</del>
	<u>\$602,000</u>
Motor Vehicle Account—State Appropriation. ( <del>\$4,270,000</del> )	
	<u>\$6,050,000</u>
<b>TOTAL APPROPRIATION.....</b>	<b><del>(\$7,395,000)</del></b>
	<b><u>\$9,652,000</u></b>

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) \$300,000 of the motor vehicle account—state appropriation is for the joint transportation committee, from amounts set aside out of statewide fuel taxes distributed to cities according to RCW 46.68.110(2), to convene a study of a statewide retail delivery fee on orders of taxable retail items delivered by motor vehicles within the state. The study must:

- (i) Determine the annual revenue generation potential of a range of fee amounts;
- (ii) Examine options for revenue distributions to state and local governments based upon total deliveries, lane miles, or other factors;
- (iii) Estimate total implementation costs, including start-up and ongoing administrative costs; and
- (iv) Evaluate the potential impacts to consumers, including consideration of low-income households and vulnerable populations and potential impacts to businesses.

(b) The study should document and evaluate similar programs adopted in other states. The joint transportation committee must submit a report on the study to the transportation committees of the legislature by June 30, 2024.

(2)(a) \$400,000 of the motor vehicle account—state appropriation is for the joint transportation committee, in collaboration with the department of transportation, to convene a work group to study and recommend a new statutory framework for the department's public-private partnership program. The committee may contract with a third-party consultant for work group support and drafting the new statutory framework.

(b)(i) The work group must consist of, but is not limited to, the following members:

- (A) The secretary of transportation or their designee;
- (B) Joint transportation committee executive committee members or their designees;
- (C) The state treasurer or the state treasurer's designee;

(D) A representative of a national nonprofit organization specializing in public-private partnership program development;

(E) A representative of the construction trades; and

(F) A representative from an organization representing general contractors.

(ii) The work group must also consult with the Washington state transportation commission and the department of commerce.

(c)(i) The work group must review the 2012 joint transportation committee's "Evaluation of Public-Private Partnerships" study, consisting of an evaluation of the recommendations for replacing chapter 47.29 RCW and development of a process for implementing public-private partnerships that serve the defined public interest, including, but not limited to:

(A) Protecting the state's ability to retain public ownership of assets constructed or managed under a public-private partnership contract;

(B) Allowing for the most transparency during the negotiation of terms of a public-private partnership agreement; and

(C) Addressing the state's ability to oversee the private entity's management of the asset.

(ii)(A) The work group must identify any barriers to the implementation of funding models that best protect the public interest, including statutory and constitutional barriers.

(B) The work group may also evaluate public-private partnership opportunities for required fish passage and culvert work on state highways, for the construction of, replacement of, or commercial retail options within Washington state ferries' terminals, and for other projects as determined by the work group.

(iii) The work group must update the 2012 recommendations and devise an implementation plan for the state.

(d) The work group must submit a preliminary report, including any recommendations or draft legislation, to the office of the governor and the transportation committees of the legislature by December 15, 2023. The work group must submit a final report with draft legislation to the office of the governor and the transportation committees of the legislature by July 1, 2024.

~~((4))~~ (3) \$300,000 of the motor vehicle account—state appropriation is for the joint transportation committee, from amounts set aside out of statewide fuel taxes distributed to cities according to RCW 46.68.110(2), to contract with the municipal research and services center to convene a department of transportation-local government partnership work group to create a procedure in which the department of transportation can partner with a local jurisdiction to perform preservation and maintenance and construct projects on state highways.

(a) The work group must consist of, but is not limited to, the following members:

- (i) One representative from a city with a population of more than 5,000 and fewer than 50,000;

(ii) One representative from a city with a population of more than 50,000;

(iii) One representative from a county with a population of more than 100,000 and fewer than 400,000;

(iv) One representative from a county with a population of more than 400,000;

(v) At least one representative of a public port;

(vi) A representative from the county road administration board;

(vii) A representative of the transportation improvement board;

(viii) At least one representative from the department of transportation's local programs division;

(ix) At least two representatives from the department of transportation with expertise in procurement and legal services; and

(x) At least one member from the house of representatives transportation committee and at least one member from the senate transportation committee.

(b) Of the members described in (a) of this subsection, at least one of the city representatives and one of the county representatives must have public works contracting experience, and at least one of the city representatives and one of the county representatives must have public works project management experience.

(c) The work group must make recommendations of how the department of transportation could better work in partnership with local jurisdictions to ensure that roadway construction projects can be performed when funds are made available in the omnibus transportation appropriations act even if the department of transportation does not have the capacity to be the project manager on a project and a local jurisdiction is ready, willing, and able to implement the project within the time frames envisioned in the omnibus transportation appropriations act. In developing its recommendations, the work group must consider, at a minimum:

(i) Differing roadway and construction standards between state and local agencies;

(ii) Revenue, reimbursement, and financial agreements between state and local agencies;

(iii) Differing procurement processes between state and local agencies;

(iv) Liability; and

(v) Other issues as determined by the work group.

(d) The work group must submit a preliminary report, including any recommendations, to the office of the governor and the transportation committees of the legislature by December 15, 2023. The work group must submit a final report to the office of the governor and the transportation committees of the legislature by July 1, 2024.

~~((5))~~ (4) (a) \$2,000,000 of the carbon emissions reduction account—state appropriation is for the joint transportation committee to oversee:

(i) The design of an infrastructure and incentive strategy to drive the purchase and use of zero emission medium and heavy duty vehicles, as well as cargo handling and off-

road equipment, in the state including, but not limited to, programs for tractor trucks, box trucks, drayage trucks, refuse trucks, step and panel vans, heavy and medium-duty buses, school buses, on and off-road terminal tractors, transport refrigeration units, forklifts, container handling equipment, airport cargo loaders, and railcar movers; and

(ii) A review of the passenger vehicle tax incentive in current law and evaluation of its utility, to include possible modification of the criteria for eligibility and tax incentive amount maximums, as applicable.

(b) Design development must include recommendations for encouraging vehicle conversions for smaller commercial vehicle fleets and owner-operators of commercial vehicles, as well as tools for facilitating carbon emission reductions to benefit vulnerable populations and overburdened communities. Infrastructure and incentive programs recommended may include, but are not limited to, grant, rebate, tax incentive, and financing assistance programs.

(c) Consultation with legislative members identified by the chair and ranking members of the transportation committees of the legislature throughout design of the infrastructure and incentive strategy is required. A report is due to the transportation committees of the legislature by January 2, 2024.

~~((6))~~ (5) \$125,000 of the motor vehicle account—state appropriation and \$125,000 of the multimodal transportation account—state appropriation are for the joint transportation committee to evaluate potential options and make recommendations for a statewide household travel survey and additional analytical capacity regarding transportation research.

(a) The recommendation on the statewide household travel survey must be based on how well a statewide survey investment would: Address policy questions related to household travel; address gaps between separate regional and local transportation models; and create a dataset to allow both for analysis and response to policymakers' questions relating to household travel and for transportation modeling and development. In evaluating potential survey options, the committee shall consider opportunities for the state to partner and expand on developed established household travel surveys, including surveys conducted at both the Puget Sound regional council and the federal highway administration. In its recommendation, the committee shall outline the process required for a statewide survey, including the costs and timing of each option.

(b) The committee shall recommend an agency or agencies to perform ongoing analysis of a statewide household travel survey and other transportation research. The committee shall consider the ability of an agency or agencies to meet shorter timeline policy needs, as well as longer timeline research projects. The recommendation must include the timing and

costs associated with the development of such analytical capacity.

~~((7-))~~ (6) \$1,000,000 of the carbon emissions reduction account—state appropriation is for the joint transportation committee to oversee the development of tools and methodologies to assist in program delivery evaluation for programs that receive appropriations from the carbon emissions reduction account. Program delivery evaluation must include carbon emissions reduction estimates by program and by unit of time, program cost per unit of emission reduction, quantified benefits to vulnerable populations and overburdened communities by program cost, any additional appropriate qualitative and quantitative metrics, and actionable recommendations for improvements in program delivery. A report is due to the transportation committees of the legislature by October 1, 2024.

~~((8-))~~ (7) \$500,000 of the motor vehicle account—state appropriation is for the joint transportation committee to engage an independent review team to work in coordination with the Washington state department of transportation's analysis, funded in section 217(~~((11) of this act))~~ (10), chapter 472, Laws of 2023, of highway, road, and freight rail transportation needs, options, and impacts from shifting the movement of freight and goods that currently move by barge through the lower Snake river dams to highways, other roads, and rail.

(a) The department shall include the independent review team in all phases of the analysis to enable the team to develop an independent assessment of the analysis, assumptions, stakeholder engagement, and cost and impact estimates. Summary findings from the independent assessment must be provided to the department, the governor's office, and the transportation committees of the legislature on a quarterly basis, with ~~((a final))~~ an end of biennium report due to the governor and the transportation committees of the legislature by June 30, 2025.

(b) The independent review team must conduct an independent stakeholder engagement effort. The river transportation work group must be formed to provide data and guidance to the independent review team for the independent stakeholder engagement effort. The river transportation work group must be made up of stakeholders, including farming and agricultural production, ~~((federally recognized tribes and))~~ fishing industry, tug and barge operators, shippers and receivers, public ports, railroad operators, cruise lines, the federal highway administration, and the army corps of engineers. Consultations with federally recognized tribes must also occur in coordination with the Washington state department of transportation.

(c) The independent review team shall make regular presentations to the joint transportation committee and, by request, to the transportation committees of the legislature.

~~((9-))~~ (8) The joint transportation committee shall also convene a work group that includes, but is not limited to, the

executive committee of the joint transportation committee, the office of financial management, the Washington state department of transportation, and the Washington state treasurer's office to develop recommendations, by October 15, 2023, to meet the challenge of identifying an achievable delivery schedule for completing transportation projects across the state.

(9) \$300,000 of the multimodal transportation account—state appropriation is for the joint transportation committee to review the composition of boards of Washington transit agencies. As part of the assessment, the review must survey current governance structures identifying unique or innovative models, and best practices currently being deployed. Working with agencies and key stakeholders, the study must develop a list of options for transit agencies to consider for increasing representation or engagement from transit riders, labor, and other underrepresented community groups identified through the process. A report of preliminary findings must be submitted to the transportation committees of the legislature by December 15, 2024. A final report is due to the transportation committees of the legislature by June 30, 2025, including any recommended revisions to current statutes that are necessary to implement any identified options.

(10)(a) \$400,000 of the motor vehicle account—state appropriation is for the joint transportation committee to conduct a study and make recommendations on alternative project delivery methods that may be used by the Washington state department of transportation in public works contracting. The study must review use of design-build, design-bid-build, progressive design build, general contractor/construction manager, public-private partnerships, and other contracting methods, and how choice of project delivery method impacts cost, contract competition, and project delivery schedule. The study must also include recommendations on any changes to current practices and statutory requirements.

(b) In developing project delivery method recommendations, the joint transportation committee must engage with industry stakeholders including, but not limited to, engineering, contracting, and women and minority-owned business communities.

(c) To assist the department as it continues to make progress on meeting the requirements of the federal U.S. v. Washington court injunction and to address estimated programmatic cost increases, and within the funding provided in this subsection, the department shall analyze contracting methods, alternative bundling concepts, and other options to manage costs.

(d) A preliminary report is due to the office of the governor and the transportation committees of the legislature by December 15, 2024. A final report is due to the office of the governor and the transportation committees of the legislature by June 30, 2025.

(11)(a) \$300,000 of the motor vehicle account—state appropriation is to conduct a

study and make recommendations on opportunities for streamlining current Washington state department of transportation project permitting practices to accelerate project delivery. The study should:

(i) Identify the types of permits required for projects by local, state, and federal agencies for various project types across the state;

(ii) Conduct a case study of at least six recently completed projects that are geographically distributed across the state, and a mix of projects that were either completed in a timely manner or faced delays; and

(iii) Review and recommend practices for streamlining the permitting processes with local, state, and federal agencies that would result in accelerating project delivery.

(b) A preliminary report is due to the transportation committees of the legislature by December 15, 2024. A final report is due to transportation committees of the legislature by June 30, 2025.

(12)(a) \$300,000 of the motor vehicle account—state appropriation is to conduct a study and make recommendations on opportunities for innovative project delivery practices that could be utilized to accelerate project delivery. The study should evaluate practices utilized around the country and evaluate Washington state-specific possibilities such as:

(i) Increased use of the advanced environmental mitigation revolving account and advance right-of-way revolving fund as cost containment strategies; and

(ii) Benefits and costs associated with bundling bridge, culvert, or other groups of projects into single procurement packages.

(b) A preliminary report is due to the transportation committees of the legislature by December 15, 2024. A final report is due to transportation committees of the legislature by June 30, 2025.

(13) \$400,000 of the motor vehicle account—state appropriation is for the joint transportation committee to contract for a staffing and performance review and audit of the field operations bureau of the Washington state patrol.

(a) The contractor must be assisted by, consult with, and seek guidance from the Washington state patrol as the contractor deems appropriate to conduct its work. The contractor must review relevant previous recommendations made by the joint legislative and audit review committee and evaluate compliance and improvements made from those prior recommendations.

(b) The fact finding phase of the work may include a review of and findings on: (i) The field operations bureau staffing levels to meet the current traffic safety needs statewide and by regions; (ii) whether the proportion of the agency's budget dedicated to the field operations bureau to meet its core traffic safety functions are proportionally weighed against its nonfield operations bureau needs and funding level; (iii) whether the agency's current staffing deployment or allocation methods are being driven by need based on speeding violations,

driving under the influence behaviors, collisions, car accidents, reckless driving, and other appropriate metrics; (iv) methods and documentation used in evaluating trooper and field operation bureau productivity; (v) the agency's policy and procedure manuals in comparison to state law enforcement agency best practices and current standards; and (vi) whether the agency is using the most effective use of its available tools to reduce turnover, maximize new cadet and lateral recruitment, and achieve full field operations bureau authorized staffing levels.

(c) The contractor must conduct its own independent review and develop recommendations on staffing levels for the field operations bureau, trooper staffing allocation informed by the appropriate metrics, response availability for priority calls, overall response time, performance measures that are related to outputs or outcomes that can be affected by the agency, and the necessary ongoing reporting and monitoring of those performance measures targeted at traffic safety.

(d) The contractor must provide at least two presentations to the joint transportation committee before presenting its final report and recommendations by December 1, 2025.

(14)(a) \$375,000 of the motor vehicle account—state appropriation is for the joint transportation committee to contract with the municipal research and services center to convene a project delivery streamlining work group to review streamlining options and recommend practices that support expedited project delivery.

(b) The work group must consist of, but is not limited to, the following members:

(i) One representative from a city with a population of more than 5,000 and fewer than 50,000;

(ii) One representative from a city with a population of more than 50,000;

(iii) One representative from a county with a population of more than 100,000 and fewer than 400,000;

(iv) One representative from a county with a population of more than 400,000;

(v) At least one representative of a transit agency serving a rural county;

(vi) At least one representative of a transit agency serving an urban county;

(vii) At least one representative of a regional transit authority;

(viii) At least one representative of a public port;

(ix) A representative from the county road administration board;

(x) A representative of the transportation improvement board;

(xi) At least one representative from the department of transportation's local programs division with experience in federal funding oversight; and

(xii) At least two representatives from the department of transportation with expertise in procurement and the multiagency permit program.

(c) Of the members described in (b) of this subsection, at least one of the city representatives and one of the county representatives must have public works

contracting experience, and at least one of the city representatives and one of the county representatives must have public works project management experience.

(d) The work group must review options for project streamlining to expedite project delivery that include, but are not limited to: Preapplication communication; partnership agreements; contracting processes; fund sources; mitigation; land use; rights-of-way; permitting; and shared technology; and must identify opportunities for pilot projects to test some of these recommendations.

(e) The work group must submit a preliminary report to the office of the governor and the transportation committees of the legislature by December 15, 2024. The work group must submit a final report to the office of the governor and the transportation committees of the legislature by June 30, 2025.

**Sec. 205.** 2023 c 472 s 205 (uncodified) is amended to read as follows:  
**FOR THE TRANSPORTATION COMMISSION**

Motor Vehicle Account—State Appropriation.  
((~~\$3,029,000~~))

\$3,039,000

Interstate 405 and State Route Number 167 Express

Toll Lanes Account—State Appropriation.

Multimodal Transportation Account—State Appropriation. . . . . \$200,000

State Route Number 520 Corridor Account—State Appropriation. . . . . ((~~\$288,000~~))  
\$413,000

Tacoma Narrows Toll Bridge Account—State Appropriation. . . . . \$179,000

Alaskan Way Viaduct Replacement Project Account—

State Appropriation. . . . . \$167,000

**TOTAL APPROPRIATION.....((~~\$4,013,000~~))**

\$4,148,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$125,000 of the multimodal transportation account—state appropriation and \$125,000 of the motor vehicle account—state appropriation are provided solely for the commission to update the statewide transportation plan required under RCW 47.01.071(4). The update process must be informed by guidance from a steering committee comprised of the commission, the joint transportation committee's executive committee, the governor's office, the secretary of the department of transportation, and representatives of metropolitan and regional transportation planning organizations. As part of the update process, the commission shall undertake specific actions in the following order:

(a) Conduct stakeholder outreach, gathering input, and framing the outreach around the current plan's policy construct and high level priorities, the 2022 transportation revenue package, and recently enacted significant policy legislation;

(b) Report outreach findings and results to the joint transportation committee for review and input;

(c) Restructure the plan to (i) primarily focus on high level policy priorities within the six transportation policy goals under RCW 47.04.280 and (ii) align policies, strategies, and objectives with the interests of stakeholders and legislators;

(d) Gather further input from stakeholders and the joint transportation committee on the restructured plan's format and content; and

(e) Finalize the updated plan, based upon input from stakeholders and the joint transportation committee.

(2) The legislature finds that the current balance of and projected revenues into the Alaskan Way viaduct replacement project account are sufficient to meet financial obligations during fiscal years 2024 and 2025.

(3) Within the parameters established under RCW 47.56.880, the commission shall review toll revenue performance on the Interstate 405 and state route number 167 corridor and adjust Interstate 405 tolls as appropriate to increase toll revenue to provide sufficient funds for payments of future debt pursuant to RCW 47.10.896 and to support improvements to the corridor. The commission shall consider adjusting maximum toll rates, minimum toll rates, and time-of-day rates, and restricting direct access ramps to transit and HOV vehicles only, or any combination thereof, in setting tolls to increase toll revenue. The commission is encouraged to make any adjustments to toll rates in coordination with the planned expansion of express toll lanes between the cities of Renton and Bellevue.

(4) \$500,000 of the motor vehicle account—state appropriation is provided solely for the commission to conduct a route jurisdiction study aimed at assessing the current state highway inventory and local roadway designations to determine if changes are needed in jurisdictional assignment between the state, county, and city road systems. The study must also review current criteria used to define the state highway system to determine if such criteria continue to be applicable. The commission shall submit a report of study findings and recommendations to the transportation committees of the legislature by July 1, 2025.

(5) The commission may coordinate with the department of transportation to jointly seek federal funds available through the federal strategic innovations in revenue collection grant program, applying toll credits for meeting match requirements. The commission must provide draft applications for federal grant opportunities to the chairs and ranking members of the transportation committees of the legislature for review and comment prior to submission.

(6) The transportation commission shall conduct an assessment aimed at identifying approaches to streamlining the current rule-making process for setting toll rates and policies for eligible toll facilities, while maintaining public access and providing opportunities to provide input on proposals.

The intent of the assessment is to identify rule-making approaches that support the state's ability to set toll rates and policies in a timely and efficient manner, so that the state can meet anticipated funding obligations. This assessment should include a review of rate-setting processes used by toll authorities in other states. The transportation commission shall provide recommendations to the transportation committees of the legislature by July 31, 2024.

(7) The commission shall provide regular updates on the status of ongoing coordination with the state of Oregon on any bistate agreements regarding the mutual or joint setting, adjustment, and review of toll rates and exemptions. Prior to finalizing any such agreement, the commission shall provide a draft of the agreement to the transportation committees of the legislature for review and input. Additionally, the commission shall advise on the status of any bistate agreements to the joint transportation committee beginning in September 2023 and quarterly thereafter until any agreements are finalized.

(8) \$200,000 of the motor vehicle account—state appropriation is provided solely for the commission to carry out a study assessing approaches to increasing safety and compliance of high occupancy vehicle lanes, express toll lanes, tolled facilities, and construction zones, facilitated by advanced technologies.

(a) The approaches assessed must, at a minimum, focus on advanced roadside technologies that: Are able to operate independently without connection to the department of transportation's existing communication systems and utilities; have a limited physical footprint that does not use over-roadway infrastructure; and have a 95 percent or greater license plate reading accuracy.

(b) The study must review current laws, including assessing underlying policies related to prohibitions on program cost coverage coming from infraction or other revenues generated by advanced technology systems, and identify provisions needed to enable a future technology-based safety and compliance program.

(c) The commission shall submit an interim report to the transportation committees of the legislature by January 10, 2024, that, at a minimum, provides an initial assessment of the viability of deploying a system into operation. A final report of findings and recommendations must be submitted to the transportation committees of the legislature by June 30, 2024.

(9) \$75,000 of the multimodal transportation account—state appropriation is provided solely for the commission to carry out an initial assessment and scoping effort to determine the feasibility of creating a future west coast transportation network plan. This plan would serve to proactively identify and coordinate improvements and investments across the west coast states to freight rail, passenger rail, highways, and air transportation. The intent for the plan is to leverage and align

west coast efforts to reduce our collective carbon footprint, improve freight and passenger mobility, and strengthen west coast resiliency. This effort must be carried out in partnership with the Oregon and California transportation commissions and the state department of transportations from each state, and must consider, but not be limited to:

(a) Current state activities, investments, and plans that support the establishment of clean transportation in the air, on the highways, and on rail lines moving freight and passengers;

(b) Currently identified resiliency risks along the west coast and existing strategic plans and investments that could inform a future west coast unified plan; and

(c) Incorporation of work from the statewide transportation policy plan.

(10) \$125,000 of the state route number 520 corridor account—state appropriation is provided solely for the commission, in consultation with the department of transportation, to initiate a public outreach campaign regarding the potential for implementing segment tolling on the state route number 520 corridor. By July 1, 2025, the commission shall submit a status report to the transportation committees of the legislature regarding the outreach.

**Sec. 206.** 2023 c 472 s 206 (uncodified) is amended to read as follows:

**FOR THE FREIGHT MOBILITY STRATEGIC INVESTMENT BOARD**

Multimodal Transportation Account—State	
Appropriation. . . . .	\$400,000
Freight Mobility Investment Account—State	
Appropriation. . . . .	(\$1,591,000)
	<u>\$1,596,000</u>
<b>TOTAL APPROPRIATION. . . . .</b>	<b>(\$1,991,000)</b>
	<u>\$1,996,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Within appropriated funds, the freight mobility strategic investment board may opt in as provided under RCW 70A.02.030 to assume all of the substantive and procedural requirements of covered agencies under chapter 70A.02 RCW. The board shall include in its 2023 and 2024 annual reports to the legislature a progress report on opting into the healthy environment for all act and a status report on diversity, equity, and inclusion within the board's jurisdiction.

(2) The board shall on an annual basis provide a status update on project delivery, including information on project timeline, cost, and budgeted cash flow over time to the office of financial management and the transportation committees of the legislature on the delivery of the freight mobility strategic investment projects on LEAP Transportation Document ((2023-2))2024-2 ALL PROJECTS, as developed on ((April—21, 2023))February 20, 2024.

(3) \$731,000 of the freight mobility investment account—state appropriation is provided solely for the implementation of chapter 167, Laws of 2023 (freight mobility priorities). If chapter 167, Laws of 2023 is

not enacted by June 30, 2023, the amount provided in this subsection lapses.

(4) \$400,000 of the multimodal transportation account—state appropriation is provided solely for the board, in consultation with the department of transportation, to develop an implementation plan for specific truck parking solutions. It is the intent of the legislature for the board to identify specific sites to increase truck parking capacity in the near term, as well as to recommend other steps that can be taken in the 2024 and 2025 legislative sessions to increase truck parking capacity. The board must provide a status report that includes funding recommendations for the 2024 legislative session to the transportation committees of the legislature by December 1, 2023, and a final report that includes detailed findings on additional specific sites and specific actions recommended to expand truck parking capacity in the near term to the transportation committees of the legislature by December 1, 2024.

<b>TOTAL APPROPRIATION. . . . .</b>	
	<del><b>(\$642,669,000)</b></del>
	<u><b>\$657,916,000</b></u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$580,000 of the state patrol highway account—state appropriation is provided solely for the operation of and administrative support to the license investigation unit to enforce vehicle registration laws in southwestern Washington. The Washington state patrol, in consultation with the department of revenue, shall maintain a running estimate of the additional vehicle registration fees, sales and use taxes, and local vehicle fees remitted to the state pursuant to activity

conducted by the license investigation unit. Beginning October 1, 2023, and semiannually thereafter, the Washington state patrol shall submit a report detailing the additional revenue amounts generated since July 1, 2023, to the director of the office of financial management and the transportation committees of the legislature. At the end of the fiscal quarter in which it is estimated that more than \$625,000 in state sales and use taxes have been remitted to the state since July 1, 2023, the Washington state patrol shall notify the state treasurer and the state treasurer shall transfer funds pursuant to section 406 ~~((of this act))~~, chapter 472, Law of 2023.

(2) Washington state patrol officers engaged in off-duty uniformed employment providing traffic control services to the department of transportation or other state agencies may use state patrol vehicles for the purpose of that employment, subject to guidelines adopted by the chief of the Washington state patrol. The Washington state patrol must be reimbursed for the use of the vehicle at the prevailing state employee rate for mileage and hours of usage, subject to guidelines developed by the chief of the Washington state patrol.

(3)(a) By December 1st of each year during the 2023-2025 fiscal biennium, the Washington state patrol must report to the transportation committees of the legislature on the status of recruitment and retention activities as follows:

- (i) A summary of recruitment and retention strategies;
- (ii) The number of transportation funded staff vacancies by major category;
- (iii) The number of applicants for each of the positions by these categories;
- (iv) The composition of workforce;
- (v) Other relevant outcome measures with comparative information with recent comparable months in prior years; and
- (vi) Activities related to the implementation of the agency's workforce diversity plan, including short-term and long-term, specific comprehensive outreach, and recruitment strategies to increase populations underrepresented within both commissioned and noncommissioned employee groups.

(b) During the 2023-2025 fiscal biennium, the office of financial management, with assistance of the Washington state patrol, must conduct two surveys regarding the competitiveness with law enforcement agencies within the boundaries of the state of Washington pursuant to RCW 43.43.380, with the first survey being informational regarding the change since the last survey was conducted and the second survey used as part of the collective bargaining process. Prior to the 2024 legislative session, the office of financial management, with assistance of the Washington state patrol, must also provide comparison information regarding recruitment bonus amounts currently being offered by local law enforcement agencies in the state.

(4)(a) \$6,575,000 of the state patrol highway account—state appropriation is provided solely for the land mobile radio

system replacement, upgrade, and other related activities.

(b) Beginning January 1, 2024, the Washington state patrol must report semiannually to the office of the chief information officer on the progress related to the projects and activities associated with the land mobile radio system, including the governance structure, outcomes achieved in the prior six-month time period, and how the activities are being managed holistically as recommended by the office of the chief information officer. At the time of submittal to the office of the chief information officer, the report must be transmitted to the office of financial management and the transportation committees of the legislature.

~~((6-))~~ (5) \$2,688,000 of the state patrol highway account—state appropriation is provided solely for enhancing the state patrol's diversity, equity, and inclusion program, a community engagement program to improve relationships with historically underrepresented communities and to recruit and retain a diverse workforce, and contracting with an external psychologist to perform exams. The state patrol will work with the governor's office of equity and meet all reporting requirements and responsibilities pursuant to RCW 43.06D.060. Funds provided for the community engagement program must ensure engagement with communities throughout the state.

~~((7-))~~ (6) (a) \$10,000 of the state patrol highway account—state appropriation is provided solely for the Washington state patrol to administer a pilot program that implements a yellow alert system notifying the public when a hit-and-run accident resulting in a fatality or substantial bodily harm has occurred and been reported to the state patrol or other local law enforcement entity. The Washington state patrol must post on traffic message boards or share on public communication systems any identifying information acquired including, but not limited to, a complete or partial license plate number or a description of the vehicle. Each alert must be posted or shared as such for at least 24 hours.

(b) The Washington state patrol must report the following to the transportation committees of the legislature annually until June 30, 2025:

- (i) The number of yellow alerts received;
- (ii) The number of arrests made from accidents reported on the yellow alert system;
- (iii) The number of hit-and-run accidents resulting in a fatality or substantial bodily harm statewide;
- (iv) The number of arrests made from accidents described under (b)(iii) of this subsection; and
- (v) The number of hit-and-run accidents reported statewide.

(c) The Washington state patrol must also report on the efficacy of the program and recommend in its final report if the pilot program should continue or be enacted on a permanent basis and implemented statewide, based on the results of the report.

~~((8-))~~ (7) (a) ~~(\$2,608,000)~~ \$2,243,000 of the state patrol highway account—state

appropriation is provided solely for administrative costs, advertising, outreach, and bonus payments associated with developing and implementing a state trooper expedited recruitment incentive program for the purpose of recruiting and filling vacant trooper positions in the 2023-2025 fiscal biennium. The legislature is committed to continuing the state trooper expedited recruitment incentive program until the vacancy levels are significantly reduced from current levels. The recruitment, advertising, and outreach associated with this program must continue efforts to create a more diverse workforce and must also provide an accelerated pathway for joining the state patrol for high quality individuals who have previously been employed as a general authority peace officer.

(b) The state trooper expedited recruitment incentive program established by the Washington state patrol must include:

(i) Thorough hiring procedures to ensure that only the highest quality candidates are selected as cadets and as lateral hires, including extensive review of past law enforcement employment history through extensive reference checks, Brady list identification, and any other issues that may impact the performance, credibility, and integrity of the individual.

(ii) An accelerated training program for lateral hires from other agencies that recognizes the knowledge and experience of candidates previously employed in law enforcement; and

(iii) A sign-on bonus for each trooper hired through the expedited recruitment incentive program as follows:

(A) \$5,000 for each cadet after completion of the Washington state patrol academy;

(B) \$5,000 for each successful graduating cadet after completion of a one-year probation period;

(C) \$8,000 for each lateral hire after completion of the accelerated training program for lateral hires;

(D) \$6,000 for each lateral hire after completion of a one-year probation period; and

(E) \$6,000 for each lateral hire after completion of two years of service.

(c) The expenditure on the state trooper expedited recruitment incentive program is contingent upon execution of an appropriate memorandum of understanding between the governor or the governor's designee and the exclusive bargaining representative, consistent with the terms of this section. Expenditures and eligibility for the state trooper expedited recruitment incentive program established in this section are subject to the availability of amounts appropriated for this specific purpose.

(d) For the purposes of this subsection:

(i) "Cadet" means a person employed for the express purpose of receiving the on-the-job training required for attendance at the Washington state patrol academy and for becoming a commissioned trooper.

(ii) "Lateral hire" means an eligible employee previously employed as a general authority peace officer.

~~((9))~~ (8) \$3,896,000 of the state patrol highway account—state appropriation is provided solely for implementation of chapter 17, Laws of 2023 (speed safety cameras). If chapter 17, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((10))~~ (9) \$500,000 of the state patrol highway account—state appropriation is provided solely for bonuses and other recruitment and retention-related compensation adjustments for communication officers and other noncommissioned staff of the Washington state patrol who are covered by a collective bargaining agreement. Funding in this subsection must first be used for targeted adjustments for communication officers. Remaining amounts may be used for compensation adjustments for other noncommissioned staff. Funding provided in this subsection is contingent upon the governor or the governor's designee reaching an appropriate memorandum of understanding with the exclusive bargaining representative. Agreements reached for compensation adjustments under this section may not exceed the amounts provided. If any agreement or combination of agreements exceed the amount provided in this subsection, all the agreements are subject to the requirements of RCW 41.80.010(3).

~~((11) \$4,732,000)~~ (10) \$3,226,000 of the state patrol highway account—state appropriation is provided solely for two accelerated training programs for lateral hires. It is the intent of the legislature that the second accelerated training program for lateral hires offered in fiscal year 2025 achieves at least 40 qualified graduates based on the Washington state patrol aggressively recruiting, advertising bonus policies, and taking other steps to achieve this outcome.

~~((12))~~ (11) \$98,000 of the state patrol highway account—state appropriation is provided solely for the implementation of chapter 26, Laws of 2023 (nonconviction data). If chapter 26, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((13))~~ (12) \$76,000 of the state patrol highway account—state appropriation is provided solely for the implementation of chapter 471, Laws of 2023 (negligent driving). If chapter 471, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((14))~~ (13) \$107,000 of the state patrol highway account—state appropriation is provided solely for the implementation of chapter 462, Laws of 2023 (domestic violence). If chapter 462, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((15))~~ (14) By December 1, 2024, the Washington state patrol must provide a report to the governor and appropriate committees of the legislature on the status of *McClain v. Washington State Patrol* and an update on legal expenses associated with the case.

~~((16))~~ (15) \$32,000 of the state patrol highway account—state appropriation is provided solely for the implementation of chapter 283, Laws of 2023 (illegal racing).

If chapter 283, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(16) \$5,905,000 of the state patrol highway account—state appropriation is provided solely for a third arming and third trooper basic training class. The cadet class is expected to graduate in June 2025.

(17) \$1,905,000 of the state patrol highway account—state appropriation is provided solely for the Washington state patrol to implement the provisions of the settlement agreement under *Washington State Patrol Troopers Association v. Washington State Patrol*, Public Employment Relations Commission Case No. 134557-U-21.

(18) \$2,307,000 of the state patrol highway account—state appropriation is provided solely for the migration of the agency's active directory into the state enterprise active directory.

(19) \$250,000 of the state patrol highway account—state appropriation is provided solely to expand the activities of the license investigation unit to King county on a pilot basis beyond the unit's current activities in southwestern Washington. By February 15, 2025, the Washington state patrol must provide a status report on the pilot implementation.

(20) \$2,222,000 of the state patrol highway account—state appropriation is provided solely for replacing one aging Cessna aircraft. This funding was provided in the 2023-2025 omnibus transportation appropriations act. It is the intent of the legislature to fund an additional Cessna replacement without financing the acquisition as soon as the aircraft can be received in the 2025-2027 fiscal biennium, and therefore, the Washington state patrol may take the necessary steps to ensure delivery of the aircraft as soon as possible in the 2025-2027 fiscal biennium.

(21) \$300,000 of the state patrol highway account—state appropriation is provided solely for individual gun safes for troopers and other staff to allow the safe storage of firearms used in the performance of their duties.

(22) \$35,000 of the state patrol highway account—state appropriation is provided solely for implementation of chapter . . . (Substitute Senate Bill No. 6146), Laws of 2024 (tribal warrants). If chapter . . . (Substitute Senate Bill No. 6146), Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

(23) \$250,000 of the ignition interlock device revolving account—state appropriation is provided solely to improve compliance with ignition interlock device requirements associated with impaired driving offenses. By June 30, 2025, the Washington state patrol must provide a report detailing the staff hired, the activities undertaken, and outcome information associated with improving ignition interlock device compliance rates.

**Sec. 208.** 2023 c 472 s 208 (unmodified) is amended to read as follows:

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,100,000 of the highway safety account—state appropriation and \$1,100,000 of the move ahead WA flexible account—state appropriation are provided solely for the department to provide an interagency transfer to the department of children, youth, and families for the purpose of providing driver's license support. In addition to support services required under RCW 74.13.338(2), support services may include reimbursement of:

(a) The cost for a youth in foster care of any eligible age to complete a driver training education course, as outlined in chapter 46.82 or 28A.220 RCW;

(b) The costs incurred by foster youth in foster care for a motor vehicle insurance policy;

(c) The costs of roadside assistance, motor vehicle insurance deductibles, motor vehicle registration fees, towing services, car maintenance, comprehensive car insurance, and gas cards; and

(d) Any other costs related to obtaining a driver's license and driving legally and safely.

(2) \$150,000 of the highway safety account—state appropriation is provided solely for the department to conduct a study on the feasibility of implementing a mobile application for driver licensing. The department must submit a report of the study findings and any recommendations to the governor and the transportation committees of the legislature by December 1, 2024. The study must:

(a) Review the adoption actions in other states, including successes and lessons learned;

(b) Examine existing technical infrastructure and potential changes needed to maximize interoperability, utility, and privacy protection;

(c) Identify the technical investments and other costs associated with issuing digital drivers' licenses through a mobile application;

(d) Identify how the technology may impact and can be used by external stakeholders, such as law enforcement;

(e) Recommend any process changes required to implement the program successfully and ensure customer satisfaction; and

(f) Recommend any statutory changes required to allow for the usage of digital drivers' licenses, including recognition of interstate travelers.

(3)(a) \$350,000 of the highway safety account—state appropriation is provided solely for the department, in consultation with the Washington traffic safety commission, the department of health, the elder law section of the Washington state bar association, organizations representing older drivers, and driver rehabilitation specialists, to develop a comprehensive plan aimed at improving older driver safety. The department must submit a report on the comprehensive plan to the governor and the transportation committees of the legislature by December 1, 2024. The plan must include, but is not limited to:

(i) A comprehensive review of department policies surrounding older drivers and medically at-risk drivers, including:

(A) The medical assessment review process; and

(B) The counter assessment process in licensing service offices;

(ii) A feasibility analysis of the department establishing a medical advisory board to advise on general policy for at-risk drivers, driving privileges for individual medically at-risk drivers, and an appeals process for drivers whose privileges are revoked or restricted due to medical conditions;

(iii) A recommended assessment tool to determine a driver's potential risk to themselves or others when operating a motor vehicle so the department may make informed decisions on appropriate courses of action within the older driver program; and

(iv) Detailed information on how each component of the plan improves the safety associated with older drivers, while

preserving the maximum level of older driver independence and privacy;

(b) The department may also use funds provided in this subsection to implement improvements to older driver traffic safety within existing authority.

(4) \$5,499,000 of the motor vehicle account—state appropriation is provided solely for the department to upgrade and improve its prorated and fuel tax system, and is subject to the conditions, limitations, and review requirements of section 701 (~~(of this act)~~), chapter 472, Laws of 2023. In each phase of the project, the department must ensure and document the increase in business capabilities and customer service outcomes, the improvements in fuel tax collection related information designed to resolve historical discrepancies in reporting information, and how the implementation plan mitigates risks associated with the proposed timeline and results in the sustainability of systems and platforms for the future. Before initiating the implementation phase of the project, the department must report to the office of the chief information officer on how the project meets its FAST act modernization roadmap, and vendor management and resource plans.

(5) \$16,000 of the motorcycle safety education account—state appropriation, \$2,000 of the limited fish and wildlife account—state appropriation, \$947,000 of the highway safety account—state appropriation, \$308,000 of the motor vehicle account—state appropriation, \$14,000 of the ignition interlock device revolving account—state appropriation, and \$14,000 of the department of licensing services account—state appropriation are provided solely for the department to redesign and improve its online services and website, and are subject to the conditions, limitations, and review requirements in section 701 (~~(of this act)~~), chapter 472, Laws of 2023.

(6) The department shall report on a quarterly basis on licensing service office operations, associated workload, and information with comparative information with recent comparable months in prior years. The report must include detailed statewide and by licensing service office information on staffing levels, average monthly wait times, the number of enhanced drivers' licenses and enhanced identicards issued and renewed, and the number of primary drivers' licenses and identicards issued and renewed. By November 1, 2024, the department must prepare a report with recommendations on the future of licensing service office operations based on the recent implementation of efficiency measures designed to reduce the time for licensing transactions and wait times, and the implementation of statutory and policy changes made during the pandemic.

(7) For the 2023-2025 fiscal biennium, the department shall charge \$1,336,000 for the administration and collection of a motor vehicle excise tax on behalf of a regional transit authority, as authorized under RCW 82.44.135. The amount in this subsection must be deducted before distributing any revenues to a regional transit authority.

(8) \$742,000 of the motor vehicle account—state appropriation is provided solely for the increased costs associated with improvements desired to resolve delays in the production of license plates, including converting all subagents to the standard ordering process as recommended in the December 2022 plate inventory report, and to provide updated annual reports detailing changes in license plate production, inventory, and other practices taken to guard against plate production delays. The reports must be submitted to the governor and the transportation committees of the legislature by December 1, 2023, and December 1, 2024.

(9) \$243,000 of the highway safety account—state appropriation is provided solely for the department to continue to provide written materials on, place signage in licensing service offices regarding, and include into new driver training curricula, the requirements of RCW 46.61.212, the slow down and move over law.

~~((411))~~ (10) \$3,082,000 of the abandoned recreational vehicle disposal account—state appropriation is provided solely for providing reimbursements in accordance with the department's abandoned recreational vehicle disposal reimbursement program. It is the intent of the legislature that the department prioritize this funding for allowable and approved reimbursements and not to build a reserve of funds within the account. During the 2023-2025 fiscal biennium, the department must report any amounts recovered to the office of financial management and appropriate committees of the legislature on a quarterly basis.

~~((412))~~ (11) \$1,077,000 of the highway safety account—federal appropriation is provided solely for implementation of chapter 35, Laws of 2023 (CDL drug and alcohol clearinghouse) (~~(or chapter . . . (House Bill No. 1448), Laws of 2023 (CDL drug and alcohol clearinghouse))~~). If ~~((neither))~~ chapter 35, Laws of 2023 (~~(or chapter . . . (House Bill No. 1448), Laws of 2023 are))~~ is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((413))~~ (12) \$116,000 of the highway safety account—state appropriation is provided solely for implementation of ~~((chapter . . . (Senate Bill No. 5251), Laws of 2023 (streamlining CDL issuance) or))~~ chapter 57, Laws of 2023 (streamlining CDL issuance). If ~~((neither chapter . . . (Senate Bill No. 5251), Laws of 2023 or))~~ chapter 57, Laws of 2023 (~~(are))~~ is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((414))~~ (13) \$845,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 445, Laws of 2023 (improving young driver safety). If chapter 445, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((415))~~ (14) \$180,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter 440, Laws of 2023 (open motor vehicle safety recalls). If chapter 440, Laws of 2023 is not enacted by June 30,

2023, the amount provided in this subsection lapses.

~~((16))~~ (15) \$497,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 466, Laws of 2023 (updating processes related to voter registration). If chapter 466, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((20))~~ (16) \$29,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 118, Laws of 2023 (driver's abstract changes). If chapter 118, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((21))~~ (17) \$47,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 453, Laws of 2023 (competency evaluations). If chapter 453, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((22))~~ (18) \$23,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 283, Laws of 2023 (illegal racing). If chapter 283, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((23))~~ (19) \$155,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 316, Laws of 2023 (jury diversity). If chapter 316, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((24))~~ (20) (a) \$36,000 of the motor vehicle account—state appropriation is provided solely for the issuance of nonemergency medical transportation vehicle decals to implement the high occupancy vehicle lane access pilot program established in section 217(2) ~~((of this act))~~, chapter 472, Laws of 2023. A for hire nonemergency medical transportation vehicle is a vehicle that is a "for hire vehicle" under RCW 46.04.190 that provides nonemergency medical transportation, including for life-sustaining transportation purposes, to meet the medical transportation needs of individuals traveling to medical practices and clinics, cancer centers, dialysis facilities, hospitals, and other care providers.

(b) As part of this pilot program, the owner of a for hire nonemergency medical transportation vehicle may apply to the department, county auditor or other agent, or subagent appointed by the director, for a high occupancy vehicle exempt decal for a for hire nonemergency medical transportation vehicle. The high occupancy vehicle exempt decal allows the for hire nonemergency medical transportation vehicle to use a high occupancy vehicle lane as specified in RCW 46.61.165 and 47.52.025 during the 2023-2025 fiscal biennium.

(c) For the exemption in this subsection to apply to a for hire nonemergency medical transportation vehicle, the decal:

(i) Must be displayed on the vehicle so that it is clearly visible from outside the vehicle;

(ii) Must identify that the vehicle is exempt from the high occupancy vehicle requirements; and

(iii) Must be visible from the rear of the vehicle.

(d) The owner of a for hire nonemergency medical transportation vehicle or the owner's representative must apply for a high occupancy vehicle exempt decal on a form provided or approved by the department. The application must include:

(i) The name and address of the person who is the owner of the vehicle;

(ii) A full description of the vehicle, including its make, model, year, and the vehicle identification number;

(iii) The purpose for which the vehicle is principally used;

(iv) An attestation signed by the vehicle's owner or the owner's representative that the vehicle's owner has a minimum of one contract or service agreement to provide for hire transportation services for medical purposes with one or more of the following entities: A health insurance company; a hospital, clinic, dialysis center, or other medical institution; a day care center, retirement home, or group home; a federal, state, or local agency or jurisdiction; or a broker who negotiates these services on behalf of one or more of these entities; and

(v) Other information as required by the department upon application.

(e) The department, county auditor or other agent, or subagent appointed by the director shall collect the fee required under (f) of this subsection when issuing or renewing a high occupancy vehicle exempt decal.

(f) The department, county auditor or other agent, or subagent must collect a \$5 fee when issuing or renewing a decal under this subsection, in addition to any other fees and taxes required by law.

(g) A high occupancy vehicle exempt decal expires June 30, 2025, and must be marked to indicate its expiration date. The decal may be renewed if the pilot program is continued past the date of a decal's expiration. The status as an exempt vehicle continues until the high occupancy vehicle exempt decal is suspended or revoked for misuse, the vehicle is no longer used as a for hire nonemergency medical transportation vehicle, or the pilot program established in section 217(2) ~~((of this act))~~, chapter 472, Laws of 2023 is terminated.

(h) The department may adopt rules to implement this subsection.

~~((25))~~ (21) (a) \$265,000 of the highway safety account—state appropriation is provided solely for the department to provide an interagency transfer to the Washington center for deaf and hard of hearing youth, in consultation with the department and the office of the superintendent of public instruction, to fund the cost of interpreters for driver training education for deaf and hard of hearing youth to enable them to access driver training education at the same cost as their peers, and to pilot a sustainable driver training education program to determine how best to meet the driver

training education needs of deaf and hard of hearing youth in the state in the future. The pilot must include:

(i) Determination of an appropriate number of instructors and an appropriate method of certification for instructors who are fluent in American Sign Language (ASL);

(ii) Determination of how best to provide driver training education statewide to deaf and hard of hearing novice drivers;

(iii) Development of a program to offer the required curriculum under RCW 28A.220.035 to deaf and hard of hearing novice drivers; and

(iv) Capped course instruction costs for deaf and hard of hearing students at the average rate of their hearing peers.

(b) The department shall submit a report to the transportation committees of the legislature developed by the Washington center for deaf and hard of hearing youth by March 1, 2024, that provides recommendations for a permanent program to make driver education equitably accessible for deaf and hard of hearing students.

~~((+26+))~~ (22) \$350,000 of the highway safety account—state appropriation is provided solely for the department to improve the process for commercial driver's license (CDL) holders to submit medical certification documents and update self-certification status to the department. The department shall:

(a) Update license express to improve the process and make it more user friendly;

(b) Add options for the driver to renew or replace the driver's CDL credentials as part of the medical or self-certification process;

(c) Add a customer verification step confirming the requested changes and clearly stating how this change will impact the driver's CDL; and

(d) Add improved messaging throughout the process.

In addition, the department shall make available on the driving record abstract a complete medical certificate downgrade history, and provide a one-time mailing to all current CDL holders explaining the process to update their medical certificate documents and self-certification.

~~((+27+))~~ (23) \$1,962,000 of the highway safety account—state appropriation is provided solely for the establishment of a pilot mobile licensing unit to provide licensing and identocard services. By December 1, 2024, the department must submit a report to the governor and the transportation committees of the legislature detailing the locations served, the number and type of documents issued, and other outcome measures associated with the mobile licensing unit. The report must include consideration of the facility needs of licensing service offices in the context of flexible mobile licensing services.

~~((+28) \$2,000,000)~~ (24) \$2,500,000 of the highway safety account—state appropriation is provided solely for driver's license assistance and support services in King county with an existing provider that is already providing these services to low-income immigrant and refugee women, and for additional contracts in fiscal year 2025

with organizations providing driver's license assistance and other related support services in other parts of the state. By December 1st of each year, the department must submit information on the contracted ((provider))providers, including: The annual budget of the contracted ((provider))providers in the preceding year; information regarding private and other governmental support for the activities of the ((provider))providers; and a description of the number of people served, services delivered, and outcome measures. In developing its 2025-2027 biennial budget submittal, the department, after consulting with the existing provider in King county and organizations receiving funds within the fiscal year 2025 expansion, must develop a statewide delivery plan that maximizes the number of people served, promotes efficiency in service delivery, and recognizes different models based on needs in particular areas of the state.

~~((+30+))~~ (25) \$8,000 of the motorcycle safety education account—state appropriation is provided solely for the implementation of chapter 137, Laws of 2023 (motorcycle safety board). If chapter 137, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((+32+))~~ (26) \$29,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter 431, Laws of 2023 (transportation resources). If chapter 431, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((+34+))~~ (27) \$282,000 of the highway safety account—state appropriation is provided solely for the implementation of chapter 471, Laws of 2023 (negligent driving). If chapter 471, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(28) \$4,464,000 of the highway safety account—state appropriation is provided solely for costs associated with relocating licensing service offices during the 2023-2025 fiscal biennium. This includes \$2,790,000 provided for relocations in the 2023-2025 omnibus transportation appropriations act. By June 30th of each year, the department must submit a status report on licensing service offices planned for relocation during the 2023-2025 fiscal biennium.

(29) \$1,564,000 of the motor vehicle account—state appropriation is provided solely for implementation of chapter . . . (Engrossed House Bill No. 1964), Laws of 2024 (enhancing prorate and fuel tax collections). If chapter . . . (Engrossed House Bill No. 1964), Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

(30) \$100,000 of the highway safety account—state appropriation is provided solely for implementation of chapter . . . (Senate Bill No. 5800), Laws of 2024 (improving access to department of licensing issued documents). If chapter . . . (Senate Bill No. 5800), Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

(31) \$294,000 of the motor vehicle account—state appropriation is provided solely for implementation of chapter . . . (Engrossed Senate Bill No. 5032), Laws of 2024 (impaired driving). If chapter . . . (Engrossed Senate Bill No. 5032), Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

(32) \$150,000 of the motor vehicle account—state appropriation is provided solely for the department to conduct a study on the feasibility of implementing a process for the electronic submittal of title and registration documents for motor vehicles, within the current vehicle licensing model. The department must submit a report of the study findings and any recommendations to the governor and the transportation committees of the legislature by September 1, 2025. The study must: (a) Review the current processes in Washington and other states, including how such processes addressed fraud prevention and document security; (b) examine existing technical infrastructure and potential changes needed to allow for completion and submittal of lien and titling documents by financial institutions and vehicle dealers to vehicle licensing offices and the department of licensing, while maximizing interoperability, utility, data security, and customer privacy; (c) identify the technical investments and other costs associated with the submission of electronic documents by financial institutions and vehicle dealers to vehicle licensing offices and the department of licensing; (d) recommend any statutory changes required to allow for the submission of electronic documentation to vehicle licensing offices; and (e) examine the impact of these technology changes on external stakeholders including, but not limited to, vehicle licensing offices, financial institutions, vehicle dealers, and insurance companies.

(33) \$8,000 of the motorcycle safety education account—state appropriation, \$1,000 of the limited fish and wildlife account—state appropriation, \$572,000 of the highway safety account—state appropriation, \$193,000 of the motor vehicle account—state appropriation, \$7,000 of the ignition interlock device revolving account—state appropriation, and \$9,000 of the department of licensing services account—state appropriation are provided solely for the department for additional finance and budget staff. By December 1, 2024, the department shall submit a report to the governor and appropriate committees of the legislature on the specific steps the department has taken to address the findings of the state auditor's office fiscal year 2022 accountability audit report no. 1032793.

(34) \$75,000 of the highway safety account—state appropriation is provided solely for the department, in conjunction with development of its comprehensive implementation plan to expand driver training education requirements for driver's license purposes to persons age 18 through 24, due to the legislature by October 1, 2024, pursuant to chapter 445, Laws of 2023, to analyze inclusion of a mandatory driver's education refresher course consisting of in-

person or virtual classroom-based instruction on risk management and hazard protections one year after licensure. The department must consider related policies regarding appropriate subsidies to help pay for the refresher course and course appropriateness for intermediate license holders. The department must include this analysis in the plan due by October 1, 2024, or, alternatively, as an appendix to the plan or in a separate report due to the legislature by March 1, 2025.

(35) \$38,000 of the highway safety account—state appropriation is provided solely for implementation of chapter . . . (Substitute Senate Bill No. 6115), Laws of 2024 (speed safety cameras). If chapter . . . (Substitute Senate Bill No. 6115), Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

(36) \$28,000 of the motor vehicle account—state appropriation is provided solely for implementation of chapter . . . (Engrossed Senate Bill No. 5590), Laws of 2024 (Mount St. Helens license plate). If chapter . . . (Engrossed Senate Bill No. 5590), Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

<b>TOTAL APPROPRIATION. . . . .</b>	<b>(((\$138,218,000))</b>
	<b>\$149,555,000</b>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,300,000 of the Tacoma Narrows toll bridge account—state appropriation and \$12,484,000 of the state route number 520 corridor account—state appropriation are provided solely for the purposes of addressing unforeseen operations and maintenance costs on the Tacoma Narrows bridge and the state route number 520 bridge, respectively. The office of financial management shall place the amounts provided in this subsection, which represent a portion of the required minimum fund balance under the policy of the state treasurer, in unallotted status. The office may release the funds only when it determines that all other funds designated

for operations and maintenance purposes have been exhausted.

(2) As long as the facility is tolled, the department must provide annual reports to the transportation committees of the legislature on the Interstate 405 express toll lane project performance measures listed in RCW 47.56.880(4). These reports must include:

(a) Information on the travel times and travel time reliability (at a minimum, average and 90th percentile travel times) maintained during peak and nonpeak periods in the express toll lanes and general purpose lanes for both the entire corridor and commonly made trips in the corridor including, but not limited to, northbound from Bellevue to Rose Hill, state route number 520 at NE 148th to Interstate 405 at state route number 522, Bellevue to Bothell (both NE 8th to state route number 522 and NE 8th to state route number 527), and a trip internal to the corridor (such as NE 85th to NE 160th) and similar southbound trips; and

(b) Underlying congestion measurements, that is, speeds, that are being used to generate the summary graphs provided, to be made available in a digital file format.

(3) \$314,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation, \$734,000 of the state route number 520 corridor account—state appropriation, \$315,000 of the Tacoma Narrows toll bridge account—state appropriation, and \$413,000 of the Alaskan Way viaduct replacement project account—state appropriation are provided solely for the reappropriation of unspent funds on the new tolling back office system from the 2021-2023 fiscal biennium.

(4) The department shall make detailed annual reports to the transportation committees of the legislature and the public on the department's website in a manner consistent with past practices as specified in section 209(5), chapter 186, Laws of 2022.

(5) As part of the department's 2025-2027 biennial budget request, the department shall update the cost allocation recommendations that assign appropriate costs to each of the toll funds for services provided by relevant Washington state department of transportation programs, the Washington state patrol, and the transportation commission. The recommendations shall be based on updated traffic and toll transaction patterns and other relevant factors.

(6) Up to \$16,460,000 of the amounts provided for operations and maintenance expenses on the state route number 520 facility from the state route number 520 corridor account during the 2023-2025 fiscal biennium in this act are derived from the receipt of federal American rescue plan act of 2021 funds and not toll revenues.

(7) \$500,000 of the state route number 520 corridor account—state appropriation is provided solely for the department to begin a traffic and revenue study of segment tolling on the state route number 520 corridor. The department, in consultation with the transportation commission, shall

initiate planning work regarding the anticipation of segment tolling on the state route number 520 corridor.

The appropriations in this section are subject to the following conditions and limitations:

((2)(a)(i)) (1) \$500,000 of the move ahead WA account—state appropriation is provided solely for the department to conduct a detailed space study and develop an implementation plan that builds off the findings and recommendations of the department's "Telework Impact Study" completed in September 2022. Such efforts must also incorporate office space use reduction requirements for the department in this act as well as current and planned telework levels. The detailed space study and development of the implementation plan

must be conducted in consultation with the office of financial management and the department of enterprise services, and must focus on office and administrative space efficiency, providing specific recommendations, cost estimates, and cost savings. While focused on office and administrative space, the department is encouraged to review other types of facilities where efficiencies can be achieved. The final study report must include:

((A)) (a) The development of low, medium, and high scenarios based on reducing space use, with the high space reduction scenario being based on a minimum of a 30 percent reduction by 2030;

((B)) (b) Detailed information on any increased capital and other implementation costs under each scenario;

((C)) (c) Detailed information on reduced costs, such as leases, facility maintenance, and utilities, under each scenario;

((D)) (d) An analysis of opportunities to collocate with other state, local, and other public agencies to reduce costs and improve cost-efficiency while meeting utilization standards; and

((E)) (e) An assessment of the commercial value and return to the state transportation funds associated with the sale of the property from consolidation and other space efficiency measures.

((i)) (2) (a) The department must submit the implementation plan and final report from the detailed space study to the office of financial management and the transportation committees of the legislature by October 1, 2024.

(b) ((i)) Conducting the detailed space study under ((a)) subsection (1) of this ((subsection)) section must not prevent or delay the department from meeting other space use and related requirements, or where warranted by current information or opportunities.

((ii)) (c) In addition to the reporting requirement under ((a)) subsection (1) of this ((subsection)) section, the department must provide information to the office of financial management in its comparative analysis of office space, leases, and relocation costs required by the omnibus operating appropriations act.

Sec. 212. 2023 c 472 s 212 (unmodified) is amended to read as follows:

**FOR THE DEPARTMENT OF TRANSPORTATION—TRANSPORTATION EQUIPMENT FUND—PROGRAM E**

Motor Vehicle Account—State Appropriation. \$700,000

Move Ahead WA Account—State Appropriation. \$20,000,000

Multimodal Transportation Account—State Appropriation. . . . . \$433,000

TOTAL APPROPRIATION. . . . . ((~~\$20,433,000~~)) \$21,133,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The entire move ahead WA account—state appropriation is provided solely for the department's costs related to replacing

obsolete transportation equipment and replacing fuel sites. Beginning December 1, 2024, and annually thereafter, the department must provide a report to the office of financial management and the transportation committees of the legislature detailing the current progress on replacing obsolete equipment, progress towards reaching a level purchasing state, and the status of a fuel site replacement prioritization plan. The report must also include:

(a) A list of department owned and managed fuel sites prioritized by urgency of replacement;

(b) A discussion of department practices that would create a sustained revenue source for capital repair and replacement of fuel sites; and

(c) A discussion of to what extent the fuel site infrastructure can support zero emissions vehicles.

(2) (a) \$100,000 of the multimodal transportation account—state appropriation is provided solely for the department to administer a pilot program to install and test intelligent speed monitoring technology in a portion of the department's fleet of vehicles while using global positioning system technology and other mapping tools to monitor vehicle location and corresponding speed limits on traveled roadways.

(b) The pilot program must begin by January 1, 2024, for a 12-month period. By June 30, 2025, the department must report to the transportation committees of the legislature the results of the pilot program and provide any legislative or policy recommendations.

Sec. 213. 2023 c 472 s 213 (unmodified) is amended to read as follows:

**FOR THE DEPARTMENT OF TRANSPORTATION—AVIATION—PROGRAM F**

Aeronautics Account—State Appropriation. ((~~\$13,979,000~~))

\$14,572,000

Aeronautics Account—Federal Appropriation. ((~~\$3,650,000~~))

\$5,579,000

Aeronautics Account—Private/Local Appropriation. . . . . \$60,000

TOTAL APPROPRIATION. . . . . ((~~\$17,689,000~~)) \$20,211,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,000,000 of the aeronautics account—state appropriation is provided solely for the move ahead WA aviation grants. The department shall prioritize projects eligible for federal funding.

(2) \$1,476,000 of the aeronautics account—state appropriation is provided solely for sustainable aviation grants recommended by the department under the sustainable aviation grants program. The department shall submit a report to the transportation committees of the legislature by October 1, 2024, identifying a selection of sustainable aviation projects for funding by the legislature. In considering projects to recommend to fund, the department shall only consider projects that advance the state of

sustainable aviation technology and lead to future innovation. Innovative sustainable aviation projects may include, but are not limited to, pilot projects demonstrating the use of:

- (a) Mobile battery charging technology;
- (b) Hydrogen electrolyzers and storage;
- (c) Electric ground equipment; and
- (d) Hanger charging technology.

(3) \$300,000 of the aeronautics account—state appropriation is provided solely for the department to develop a statewide advanced air mobility aircraft plan to develop and integrate advanced air mobility aircraft into current modal systems. The department shall submit a report by June 1, 2025, to the office of financial management and the transportation committees of the legislature including, but not limited to:

(a) Near, medium, and long-term recommendations for land use planning for advanced and urban air mobility vertiports and vertistops;

(b) An inventory of infrastructure needs to support a statewide vertiport network and a recommended program to deploy funds to local governments to share costs;

(c) Proposed state governance structures and regulatory mechanisms to adequately complement federal aviation administration oversight;

(d) Recommended policies to foster vertiport and vertistop infrastructure development that ensure open public access, efficiency in land use siting, and equitable distribution across the state; and

(e) In consultation with local jurisdictions, planning organizations, and other modal managers, recommendations on advanced air mobility aircraft integration into statewide transportation plans.

(4) \$1,931,000 of the aeronautics account—state appropriation is provided solely for the implementation of chapter 463, Laws of 2023 (commercial aviation services), to support the work of the department and the commercial aviation work group including, but not limited to, conducting meaningful community engagement with overburdened and vulnerable populations to address the state's transportation needs and the environmental justice impact of aviation on communities. ((If chapter 463, Laws of 2023 is not enacted by June 30, 2023, the amount in this subsection lapses.))

**Sec. 214.** 2023 c 472 s 214 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF TRANSPORTATION—PROGRAM DELIVERY MANAGEMENT AND SUPPORT—PROGRAM H**

Motor Vehicle Account—State Appropriation. ((\$64,470,000))

Motor Vehicle Account—Federal Appropriation \$65,155,000

Multimodal Transportation Account—State Appropriation. . . . . ((\$851,000))  
\$1,351,000

Move Ahead WA Flexible Account—State Appropriation. . . . . \$572,000

**TOTAL APPROPRIATION..... ((\$66,393,000))**  
**\$67,578,000**

The appropriations in this section are subject to the following conditions and limitations:

(1) During the 2023-2025 fiscal biennium, if the department takes possession of the property situated in the city of Edmonds for which a purchase agreement was executed between Unocal and the department in 2005 (Tax Parcel Number 262703-2-003-0009), and if the department confirms that the property is still no longer needed for transportation purposes, the department shall provide the city of Edmonds with the first right of purchase at fair market value in accordance with RCW 47.12.063(3) for the city's intended use of the property to rehabilitate near-shore habitat for salmon and related species.

(2) \$469,000 of the motor vehicle account—state appropriation is reappropriated and provided solely for the implementation of chapter 217, Laws of 2021 (noxious weeds).

(3) The department shall determine the fair market value of the northern parcel of site 14 on the Puget Sound Gateway Program SR 509 Completion Project Surplus Property list, located immediately south of S. 216th Street and adjacent to the Barnes Creek Nature Trail in Des Moines, to be submitted to the transportation committees of the legislature by December 15, 2023, for an evaluation of possible next steps for use of the property that is in the public interest.

~~(4) ((The appropriations in this section provide sufficient funding for the department assuming vacancy savings that may change over time. Funding for staffing will be monitored and adjusted in the 2024 supplemental transportation appropriations act to restore funding as authorized staffing levels are achieved.~~

~~(5))~~ (a) \$572,000 of the move ahead WA flexible account—state appropriation is provided solely to track and maximize clean fuels credits and revenue generated by state agencies pursuant to chapter 70A.535 RCW.

(b) The LEAP Transportation Document ((2023-2))2024-2 ALL PROJECTS as developed ((April 21, 2023))February 20, 2024, anticipates fulfillment of the requirements under chapter 70A.535 RCW of generating credits and revenue for transportation investments funded in an omnibus transportation appropriations act, including the move ahead WA transportation package. The omnibus transportation appropriations act anticipates credits for ferry electrification for new hybrid electric vessels, active transportation, transit programs and projects, alternative fuel infrastructure, connecting communities, and multimodal investments.

(c) Pursuant to the reporting requirements of RCW 70A.535.050(5), the department must present a detailed projection of the credit revenues generated and achieved directly as a result of the funding and activities in this subsection.

~~((+6))~~ (5) \$93,000 of the multimodal transportation account—state appropriation is provided solely for the implementation of chapter 169, Laws of 2023 (climate resilience strategy). If chapter 169, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(6)(a) \$1,600,000 of the motor vehicle account—state appropriation is provided solely for real estate services activities. The legislature finds that the following sections of public roadway owned by the department are no longer necessary for the state highway system:

(i) That segment of 267th Street NW located south of state route number 532 and west of Interstate 5 in the vicinity of the intersection of state route number 532 and 19th Avenue NW, serving parcel numbers: 32042600202300, 32042600102200, 32042600100600, 32042600100700, 32042600100400, 32042600100800, and 32042600102300;

(ii) That segment of Tester Road located adjacent to the south side of state route number 532;

(iii) That segment of 91st Ave SE located adjacent to the south side of state route number 522 in the vicinity of the intersection with 212th Street SE;

(iv) That segment of Bostian Road including as it turns and becomes 224th Street SE located on the south side of state route number 522 in the vicinity of 87th Ave SE;

(v) That segment of W. Bostian Road located on the north side of state route number 522; and

(vi) That segment of 268th Street NW located south of state route number 532.

(b) Therefore, pursuant to RCW 36.75.090, the department shall certify that these roadways are no longer needed by the state and convey the roadways to the county for continued use as public highways for motor vehicle use. Additionally, in consideration of the value of maintenance services provided by the county on the roadway comprising 267th Street NW during the time of department ownership, the department shall grant temporary access permits, for those properties abutting the conveyed segment of 267th Street NW, to use 19th Avenue NW for access to state route number 532, upon such terms and conditions as the department deems appropriate. The temporary access permits may be terminated when the conveyed segment of 267th Street NW is extended out to intersect with Sunday Lake Road, or when an alternate access route is established connecting to Sunday Lake Road.

(7)(a) \$500,000 of the multimodal transportation account—state appropriation is provided solely for the department to explore alternative uses of the state's highway rights-of-way to address pressing public needs relating to climate change, equitable communications, renewable energy generation, electrical transmission and distribution projects, broadband projects, vegetation management, inductive charging in travel lanes, alternative fueling facilities, and other appropriate uses. In exploring alternative uses of the state's highway rights-of-way, the department shall:

(i) Review the utility accommodation policy and make recommendations to update the policy to include clean energy and connectivity projects under 23 C.F.R. Part 645. At a minimum, the recommendations for updated clean energy and connectivity

projects must include renewable energy and electrical transmission and distribution;

(ii) Review and update the department's integrated roadside vegetation management plans to maximize carbon sequestration and develop habitat and forage for native pollinators, Monarch butterflies, and honeybees through plantings of native noninvasive flowering plants and grasses on the state highways rights-of-way and at safety rest areas;

(iii) Assess the state highways rights-of-way land areas most suitable for solar development by considering slope, elevation, vegetative cover, and solar radiation; and

(iv) Identify existing highway rights-of-way suitable as designated energy corridors for electric transmission and distribution and other energy infrastructure.

(b) In carrying out the requirements in (a) of this subsection, the department may consult with an organization that uses an advanced rights-of-way solar mapping tool that uses ArcGIS Pro software for faster and more precise analysis of rights-of-way solar using the state's full spatial rights-of-way data sets.

(c) The department must report its findings, recommendations, and status of its updates to the transportation committees of the legislature by January 15, 2025.

Sec. 215. 2023 c 472 s 215 (unmodified) is amended to read as follows:

**FOR THE DEPARTMENT OF TRANSPORTATION—PUBLIC-PRIVATE PARTNERSHIPS—PROGRAM K**

Motor Vehicle Account—State Appropriation.	(\$694,000)	\$1,074,000
Electric Vehicle Account—State Appropriation	(\$4,746,000)	\$8,746,000
Multimodal Transportation Account—State Appropriation.	\$4,400,000	
Multimodal Transportation Account—Federal Appropriation.	\$25,000,000	
Carbon Emissions Reduction Account—State Appropriation.	(\$164,600,000)	\$123,300,000
<b>TOTAL APPROPRIATION....</b>	<b>(\$199,440,000)</b>	<b>\$162,520,000</b>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$3,746,000 of the electric vehicle account—state appropriation and \$30,000,000 of the carbon emissions reduction ((emissions)) account—state appropriation are provided solely for the clean alternative fuel vehicle charging and refueling infrastructure program in chapter 287, Laws of 2019 (advancing green transportation adoption).

(2) \$1,000,000 of the electric vehicle account—state appropriation and \$500,000 of the multimodal transportation account—state appropriation are provided solely for a colocated DC fast charging and hydrogen fueling station near the Wenatchee or East Wenatchee area near a state route or near or on a publicly owned facility to service passenger, light-duty and heavy-duty vehicles. The hydrogen fueling station must include a DC fast charging station colocated

at the hydrogen fueling station site. Funds may be used for one or more fuel cell electric vehicles that would utilize the fueling stations. The department must contract with a public utility district that produces hydrogen in the area to own and/or manage and provide technical assistance for the design, planning, permitting, construction, maintenance and operation of the hydrogen fueling station. The department and public utility district are encouraged to collaborate with and seek contributions from additional public and private partners for the fueling station.

~~((5))~~ (3) The public-private partnerships program must continue to explore retail partnerships at state-owned park and ride facilities, as authorized in RCW 47.04.295.

~~((6))~~ (4) \$1,200,000 of the multimodal transportation account—state appropriation and \$2,000,000 of the carbon emissions reduction (~~(emissions)~~) account—state appropriation are provided solely for the pilot program established under chapter 287, Laws of 2019 (advancing green transportation adoption) to provide clean alternative fuel vehicle use opportunities to underserved communities and low to moderate income members of the workforce not readily served by transit or located in transportation corridors with emissions that exceed federal or state emissions standards. Consistent with the geographical diversity element described in RCW 47.04.355(4), the legislature strongly encourages the department to consider implementing the pilot in both urban and rural communities if possible, to obtain valuable information on the needs of underserved communities located in different geographical locations in Washington.

~~((7—\$120,000,000))~~ (5) \$58,700,000 of the carbon emissions reduction account—state appropriation is provided solely for implementation of zero-emission commercial vehicle infrastructure and incentive programs and for the replacement of school buses powered by fossil fuels with zero-emission school buses, including the purchase and installation of zero-emission school bus refueling infrastructure.

(a) Of this amount, \$20,000,000 is for the department to administer an early action grant program to provide expedited funding ~~((to zero-emission commercial vehicle infrastructure demonstration projects))~~ for the replacement of school buses powered by fossil fuels with zero-emission school buses, including the purchase and installation of zero-emission school bus refueling infrastructure. The department must contract with ~~((a third-party administrator))~~ the department of ecology to implement the early action grant program.

(b) The office of financial management shall place the remaining ~~((100,000,000))~~ \$38,700,000 in unallotted status until the joint transportation committee completes the medium and heavy duty vehicle infrastructure and incentive strategy required under section 204 ~~((of this act))~~, chapter 472, Laws of 2023. The director of the office of financial management or the director's designee shall consult with the chairs and

ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.

~~((8))~~ (6) \$3,000,000 of the carbon emissions reduction account—state appropriation is provided solely for hydrogen refueling infrastructure investments. The office of financial management shall place the amounts provided in this subsection in unallotted status until the joint transportation committee completes the medium and heavy duty vehicle infrastructure and incentive strategy required under section 204 ~~((of this act))~~, chapter 472, Laws of 2023. The director of the office of financial management or the director's designee shall consult with the chairs and ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.

~~((9))~~ (7) \$2,100,000 of the carbon emissions reduction account—state appropriation is provided solely to fund electric vehicle charging infrastructure for the electric charging megasite project at Mount Vernon library commons.

~~((10))~~ (8) \$2,500,000 of the carbon emissions reduction account—state appropriation is provided solely for zero emission cargo handling equipment incentives. The office of financial management shall place the amounts provided in this subsection in unallotted status until the joint transportation committee completes the medium and heavy duty vehicle and cargo handling and off-road equipment infrastructure and incentive strategy required under section 204 ~~((of this act))~~, chapter 472, Laws of 2023. The director of the office of financial management or the director's designee shall consult with the chairs and ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.

~~((11))~~ (9) \$5,000,000 of the carbon emissions reduction account—state appropriation is provided solely for clean off-road equipment incentives. The office of financial management shall place the amounts provided in this subsection in unallotted status until the joint transportation committee completes the medium and heavy duty vehicle and cargo handling and off-road equipment infrastructure and incentive strategy required under section 204 ~~((of this act))~~, chapter 472, Laws of 2023. The director of the office of financial management or the director's designee shall consult with the chairs and ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.

~~((12))~~ (10) \$2,500,000 of the multimodal transportation account—state appropriation is provided solely for the department to coordinate with cities, counties, ports, and private entities to develop actionable recommendations for state assistance in the development of specific candidate truck parking sites to be developed with amenities, identified by location. The department shall identify private land parcels for potential development of sites,

which may include, but should not be limited to, a feasibility analysis of sites adjacent to Interstate 90 near North Bend for a 400 to 600 space truck parking site. The public benefit of each potential truck parking site must be included in this assessment. The department shall consider opportunities for the state to provide assistance in the development of truck parking sites, including possible opportunities to provide assistance in land acquisition and evaluating land use requirements. The department must update the transportation committees of the legislature on agency activities and their status by December 1, 2023, and to provide a final report to the transportation committees of the legislature by December 1, 2024.

(11) Beginning January 1, 2025, \$20,000,000 of the carbon emissions reduction account—state appropriation is provided solely for grants, and to serve as a state match for secured federal funds, to finance hydrogen refueling infrastructure for medium and heavy-duty vehicles in disadvantaged and overburdened communities. The department, in consultation with the interagency electric vehicle coordinating council, must pursue any federal funding available through the charging and fueling infrastructure discretionary grant program and any other sources under the federal infrastructure investment and jobs act (P.L. 29 117-58).

(12) \$370,000 of the motor vehicle account—state appropriation is provided solely for implementation of chapter . . . (Substitute Senate Bill No. 6277), Laws of 2024 (public-private partnerships). If chapter . . . (Substitute Senate Bill No. 6277), Laws of 2024 is not enacted by June 30, 2024, the amount provided in this subsection lapses.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$5,000,000 of the motor vehicle account—state appropriation is provided solely for a contingency pool for snow and ice removal. The department must notify the office of financial management and the transportation committees of the legislature when they have spent the base budget for snow and ice removal and will begin using the contingency pool funding.

(2) (a) \$115,000 of the state route number 520 corridor account—state appropriation is provided solely for the department to enter into a dispute resolution process with local jurisdictions to produce interagency agreements to address the ongoing facility and landscape maintenance of the three state route number 520 eastside lids and surrounding areas at the Evergreen Point Road, 84th Avenue NE, and 92nd Avenue NE.

(b) The agreements pursuant to (a) of this subsection must be executed by June 30, 2024.

~~(3) ((The appropriations in this section provide sufficient funding for the department assuming vacancy savings that may change over time. Funding for staffing will be monitored and adjusted in the 2024 supplemental transportation appropriations act to restore funding as authorized staffing levels are achieved.~~

~~(4-))~~ (a) ((~~\$7,000,000~~)) \$9,000,000 of the motor vehicle account—state appropriation is provided solely for the department to address the risks to safety and public health associated with homeless encampments on department owned rights-of-way. The department must coordinate and work with local government officials and social service organizations who provide services and direct people to housing alternatives that are not in highway rights-of-way to help prevent future encampments from forming on highway rights-of-way and may reimburse the organizations doing this outreach assistance who transition people into treatment or housing or for debris clean up on highway rights-of-way. A minimum of \$2,000,000 of this appropriation must be used to deliver more frequent removal of litter on the highway rights-of-way that is generated by unsheltered people and may be used to hire crews specializing in collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist to the traveling public and department employees. The department may use these funds to either reimburse local law enforcement costs or the Washington state patrol if they are providing enhanced safety to department staff during debris cleanup or during efforts to prevent future encampments from forming on highway rights-of-way.

(b) Beginning November 1, 2023, and semiannually thereafter, the Washington state patrol and the department of transportation must jointly submit a report to the governor and the transportation committees of the legislature on the status of these efforts, including:

(i) A summary of the activities related to addressing encampments, including information on arrangements with local governments or other entities related to these activities;

(ii) A description of the planned activities in the ensuing two quarters to further address the emergency hazards and risks along state highway rights-of-way; and

(iii) Recommendations for executive branch or legislative action to achieve the desired outcome of reduced emergency hazards and risks along state highway rights-of-way.

((+5-)) (4) \$1,000,000 of the motor vehicle account—state appropriation is provided solely for a partnership program between the department and the city of Spokane, to be administered in conjunction with subsection ((+4-)) (3) of this section. The program must address the safety and public health problems created by homeless encampments on the department's property along state highways within the city limits. \$555,000 of the motor vehicle account—state appropriation is for dedicated department maintenance staff and associated clean-up costs. The department and the city of Spokane shall enter into a reimbursable agreement to cover up to \$445,000 of the city's expenses for clean-up crews and landfill costs.

((+6-)) (5) \$1,025,000 of the motor vehicle account—state appropriation is provided solely for the department to implement safety improvements and debris clean up on department-owned rights-of-way in the city of Seattle at levels above that being implemented as of January 1, 2019, to be administered in conjunction with subsection ((+4-)) (3) of this section. The department must maintain a crew dedicated solely to collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist to the traveling public, department employees, or people encamped upon department-owned rights-of-way. The department may request assistance from the Washington state patrol as necessary in order for both agencies to provide enhanced safety-related activities regarding the emergency hazards along state highway rights-of-way in the Seattle area.

((+7-)) (6) \$1,015,000 of the motor vehicle account—state appropriation is provided solely for a partnership program between the department and the city of Tacoma, to be administered in conjunction with subsection ((+4-)) (3) of this section. The program must address the safety and public health problems created by homeless encampments on the department's property along state highways within the city limits. \$570,000 of the motor vehicle account—state appropriation is for dedicated department maintenance staff and associated clean-up costs. The department and the city of Tacoma shall enter into a reimbursable agreement to cover up to \$445,000 of the city's expenses for clean-up crews and landfill costs.

((+8-)) (7) \$1,500,000 of the motor vehicle account—state appropriation is provided solely for the department to contract with the city of Fife to address the risks to safety and public health associated with homeless encampments on department-owned rights-of-way along the SR 167/SR 509 Puget Sound Gateway project corridor in and adjacent to the city limits pursuant to section 216(10), chapter 186,

Laws of 2022. However, the amount provided in this subsection must be placed in unallotted status and may not be spent prior to November 1, 2023. If, after November 1, 2023, the department, in consultation with the office of financial management, determines that the department fully spent the \$2,000,000 appropriated in section 216(10), chapter 186, Laws of 2022, within the 2021-2023 fiscal biennium for this purpose, the amount provided in this subsection must remain in unallotted status and unspent. If the department did not fully spend the \$2,000,000 within the 2021-2023 fiscal biennium, the department may only spend from the appropriation in this subsection an amount not in excess of the amount unspent from the \$2,000,000 within the 2021-2023 fiscal biennium, with any remaining amount to remain in unallotted status and unspent. In no event may the department spend more than \$2,000,000 within the 2021-2023 and 2023-2025 fiscal biennia for this purpose.

(8) To the greatest extent practicable, the department shall schedule mowing along state highways to occur after litter pickup has been performed in the area to be mowed. This subsection is not intended to prevent mowing or other similar maintenance activities from being undertaken in the event litter pickup has not been performed.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$6,000,000 of the motor vehicle account—state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or

provide congestion relief. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects completed in the prior fiscal biennium.

(2) (a) During the 2023-2025 fiscal biennium, the department shall continue a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

(b) The department shall expand the high occupancy vehicle lane access pilot program to vehicles that deliver or collect blood, tissue, or blood components for a blood-collecting or distributing establishment regulated under chapter 70.335 RCW. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, blood-collecting or distributing establishment vehicles that are clearly and identifiably marked as such on all sides of the vehicle are considered emergency vehicles and must be authorized to use the reserved portion of the highway.

(c) The department shall expand the high occupancy vehicle lane access pilot program to for hire nonemergency medical transportation vehicles, when in use for medical purposes, as described in section 208 ~~((24) of this act)~~ (20), chapter 472, Laws of 2023. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, nonemergency medical transportation vehicles that meet the requirements identified in section 208 ~~((24) of this act)~~ (20), chapter 472, Laws of 2023 must be authorized to use the reserved portion of the highway.

(d) Nothing in this subsection is intended to exempt these vehicles from paying tolls when they do not meet the occupancy requirements established by the department for express toll lanes.

(3) The appropriations in this section assume implementation of additional cost

recovery mechanisms to recoup at least \$100,000 in credit card and other financial transaction costs related to the collection of fees imposed under RCW 46.17.400, 46.44.090, and 46.44.0941 for driver and vehicle fee transactions beginning January 1, 2023. The department may recover transaction fees incurred through credit card transactions.

(4) The department shall promote safety messages encouraging drivers to slow down and move over and pay attention when emergency lights are flashing on the side of the road and other suitable safety messages on electronic message boards the department operates across the state. The messages must be promoted through June 30, 2025. The department may coordinate such messaging with any statewide public awareness campaigns being developed by the department of licensing or the Washington state traffic safety commission, or both.

(5) \$5,000,000 of the multimodal transportation account—state appropriation is provided solely for the department to address emergent issues related to safety for pedestrians and bicyclists. Funds may only be spent after approval from the office of financial management. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all emergent issues addressed in the prior fiscal biennium.

~~((7))~~ (6) \$3,529,000 of the highway safety account—state appropriation is provided solely for implementation of chapter 17, Laws of 2023 (speed safety cameras). If chapter 17, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((8))~~ (7) \$1,279,000 of the move ahead WA account—state appropriation is provided solely for maintenance and operations of the virtual coordination center. The department is encouraged to apply for federal grant funds for the virtual coordination center and may use state funds as a match. By December 1, 2023, the department shall report to the transportation committees of the legislature: (a) Recommendations to expand the center's operations, including specific additional jurisdictions and corridors across the state; and (b) amounts received and dates of receipt of any new cash and in-kind matches from virtual coordination center partners including, but not limited to, the city of Seattle, King county, other state and local jurisdictions, and private sector partners.

~~((9))~~ (8) \$100,000 of the motor vehicle account—state appropriation is provided solely for the department to prepare and submit a report to the transportation committees of the legislature by December 1, 2024, with a prioritized list of recommendations for improving safety and mobility on Interstate 90 between North Bend and Cle Elum during winter weather events, including estimated costs. The recommendations must include, but are not limited to, options to improve compliance with traction tire and chain requirements and reduce snow-related closures.

~~((11))~~ (9) (a) \$5,000,000 of the motor vehicle account—state appropriation is

provided solely for the department, in coordination with the independent review team of the joint transportation committee, to conduct an analysis of highway, road, and freight rail transportation needs, options, and impacts from shifting the movement of freight and goods that currently move by barge through the lower Snake river dams to highways, other roads, and rail. The study should generate volume estimates and evaluate scenarios for changes in infrastructure and operations that would be necessary to address those additional volumes. The assessment must include quantitative analysis based on available data in terms of both financial and carbon emission costs; and qualitative input gathered from tribal governments, local governments, freight interests, and other key stakeholders, including impacts on disadvantaged/underserved communities. The analysis must include a robust public engagement process to solicit feedback from interested stakeholders including but not limited to: Residents and officials in affected cities and counties; stakeholders involved in railroad, agriculture, fishing, trucking, shipping and other related industries; appropriate Native American tribes; representatives of advocacy and community organizations; and transportation, public works, and economic development organizations in the affected areas, federal highway administration and army corps of engineers. The analysis must be informed by the work of the joint transportation committee's independent review team, and must include the following:

(i) Existing volumes and traffic patterns;

(ii) Potential changes in volumes and traffic patterns immediately following the loss of freight movement by barge and over the following 20 years, including the carbon emissions impact of this mode shift;

(iii) Identification of whether regional geography, land availability, and state and federal regulatory processes would allow for rail and road expansions and increased capacity;

(iv) Identification of potential infrastructure and operational improvements to existing highways, other roads, and rail, including additional access to facilities, needed to accommodate the higher freight volumes and impacts and potential opportunities to mitigate impacts on shipping rates;

(v) Identification of rail line development options, including impacts and potential opportunities to mitigate impacts on grain storage and handling facilities at regional unit train yards and port export facilities;

(vi) An assessment of costs associated with mitigating potential slope failure and stabilization necessitated by the drawdown of the river. An assessment of impacts and potential opportunities to mitigate impacts on adjacent roads, bridges, railroads, and utility corridors shall be included;

(vii) Both financial and carbon cost estimates for development and implementation of identified needs and options, including planning, design, and construction;

(viii) Analysis of the impacts and potential opportunities to mitigate impacts of these infrastructure changes on environmental justice and disadvantaged/underserved communities during construction, as well as from future operations;

(ix) Analysis of safety impacts and potential opportunities to mitigate impacts for a shift from barge transportation to rail or truck, including increases in rural community traffic and consistency with the Washington State Strategic Highway Safety Plan: Target Zero;

(x) Impacts and potential opportunities to mitigate impacts on highly affected commodities, including agriculture, petroleum, project cargo, and wind energy components;

(xi) Analysis of the impacts and potential opportunities to mitigate impacts that reduced competition resulting from removing barging of agricultural products on the Snake river would have on Washington's agricultural industry along with impacts modal shifts would have on the entire supply chain, including export facilities and ports on the Lower Columbia River; and

(xii) Determination of the feasibility that additional east-west freight rail capacity can be achieved, particularly through Columbia River Gorge, and the alternative routes that exist in the event that adding more infrastructure on these routes is not feasible.

(b) The department shall provide status updates on a quarterly basis in coordination with the joint transportation committee. The legislature intends to require a final report to the governor and the transportation committees of the legislature by December 31, 2026.

(10) \$4,000,000 of the highway safety account—state appropriation is provided solely for the department, in consultation with the Washington traffic safety commission, to evaluate and identify between 10 to 20 geographical locations in both urban and rural highway settings to install and implement wrong-way driving prevention strategies. Such prevention strategies may include improved signage and pavement markings as recommended by the traffic safety commission's report on wrong-way driving, "Strategies and Technologies to Prevent and Respond to Wrong-Way Driving Crashes." The department must report to the legislature any crash data or wrong-way violations that occur at the selected locations by June 30, 2025.

(11) \$1,000,000 of the motor vehicle account—state appropriation is provided solely for the department to develop an automated highway speed safety camera pilot program to test two to three automated traffic safety cameras technologies on state highways in no more than three testing locations, with at least one location on each side of the Cascade mountains. The goals of the automated highway speed safety camera pilot program are to test existing speed camera technology, determine the impact on speeding behavior in testing locations, and compile public response to the use of traffic safety cameras on highways. The department must work with the

Washington state patrol and the traffic safety commission to develop the pilot program including, but not limited to: Selection of technology; placement of cameras in high speed, collision, or fatality locations; establishment of public notification and warning signs before entering into an area with a speed safety camera; outreach and public engagement in the program development and site selection process; and a process to collect and report data including rates of speed before, during, and after the presence of speed safety cameras and public response to cameras. The Washington state patrol is responsible for selecting testing locations and must use accident reports, including department and traffic safety commission crash data as needed, to identify high speed and high collision areas. Automated traffic safety cameras may only take pictures of the vehicle and the vehicle license plates, and the ticketing of violators is prohibited during the pilot program. The department may notify drivers of their rates of speed. The department shall provide a pilot program progress report to the governor and transportation committees of the legislature by September 30, 2024, to include public input to safety cameras, evaluation of technologies, and changes in speeding behavior.

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) \$2,000,000 of the motor vehicle account—state appropriation and \$5,400,000 of the move ahead WA flexible account—state appropriation are provided solely for efforts to increase diversity in the

transportation construction workforce through:

(i) The preapprenticeship support services (PASS) and career opportunity maritime preapprenticeship support services (COMPASS) programs, which aim to increase diversity in the highway construction and maritime workforces and prepare individuals interested in entering the highway construction and maritime workforces. In addition to the services allowed under RCW 47.01.435, the PASS and COMPASS programs may provide housing assistance for youth aging out of the foster care and juvenile rehabilitation systems to support their participation in a transportation-related preapprenticeship program and support services to obtain necessary maritime documents and coast guard certification; and

(ii) Assisting minority and women-owned businesses to perform work in the highway construction industry.

(b) The department shall report annually to the transportation committees of the legislature on efforts to increase diversity in the transportation construction workforce.

(2) \$1,512,000 of the motor vehicle account—state appropriation and \$488,000 of the Puget Sound ferry operations account—state appropriation are provided solely for the department to develop, track, and monitor the progress of community workforce agreements, and to assist with the development and implementation of internal diversity, equity, and inclusion efforts and serve as subject matter experts on federal and state civil rights provisions. The department shall engage with relevant stakeholders, and provide a progress report on the implementation of efforts under this subsection to the transportation committees of the legislature and the governor by December 1, 2024.

(3) For Washington state department of transportation small works roster projects under RCW 39.04.155, the department may only allow firms certified as small business enterprises, under 49 C.F.R. 26.39, to bid on the contract, unless the department determines there would be insufficient bidders for a particular project. The department shall report on the effectiveness of this policy to the transportation committees of the legislature by December 1, 2024.

(4) \$21,195,000 of the motor vehicle account—state appropriation and \$21,194,000 of the multimodal transportation account—state appropriation are provided solely for the department to upgrade the transportation reporting and accounting information system to the current cloud version of the software, and is subject to the conditions, limitations, and review requirements of section 701 ((~~ef this act~~)), chapter 472, Laws of 2023.

((~~46~~)) (5) \$56,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter 230, Laws of 2023 (clean energy siting). If chapter 230, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$750,000 of the multimodal transportation account—state appropriation is provided solely for the department to partner with the department of commerce and regional transportation planning organizations in implementing vehicle miles traveled targets and supporting actions. As part of target setting, important factors that must be considered include land use patterns, safety, and vulnerable populations. The department shall provide an interim report by June 30, 2024, and a final report by June 30, 2025.

~~((3))~~(2) \$150,000 of the motor vehicle account—state appropriation is provided solely for the department to continue implementation of a performance-based project evaluation model. The department must issue a report by September 1, 2024.

~~((4))~~(3)(a) \$180,000 of the multimodal transportation account—state appropriation is provided solely for Thurston regional planning council (TRPC) to conduct a study examining options for multimodal high capacity transportation (HCT) to serve travelers on the Interstate 5 corridor between central Thurston county (Olympia area) and Pierce county.

(b) The study will include an assessment of travelsheds and ridership potential and identify and provide an evaluation of options to enhance connectivity and accessibility for the greater south Puget Sound region with an emphasis on linking to planned or existing commuter or regional light rail. The study must account for previous and ongoing efforts by transit agencies and the department. The study will emphasize collaboration with a diverse community of interests, including but not limited to transit, business, public agencies, tribes, and providers and users of

transportation who because of age, income, or ability may face barriers and challenges.

(c) The study is due to the governor and transportation committees of the legislature by September 1, 2024.

~~((5) \$400,000)~~ (4) \$700,000 of the multimodal transportation account—state appropriation is provided solely for the city of Seattle's office of planning and community development to support an equitable development initiative to reconnect the South Park neighborhood, currently divided by state route number 99.

(a) The support work must include:  
(i) A public engagement and visioning process led by a neighborhood-based, community organization; and

(ii) A feasibility study of decommissioning state route number 99 in the South Park neighborhood to include, but not be limited to, traffic studies, environmental impact analysis, and development of alternatives, including the transfer of the land to a neighborhood-led community land trust.

(b) The support work must be conducted in coordination and partnership with neighborhood residents, neighborhood industrial and commercial representatives, the state department of transportation, and other entities and neighborhoods potentially impacted by changes to the operation of state route number 99.

(c) The city must provide a report on the plan that includes recommendations to the Seattle city council, state department of transportation, and the transportation committees of the legislature by ~~((December 1, 2024))~~ June 30, 2025.

~~((6))~~ (5) \$2,557,000 of the motor vehicle account—state appropriation is provided solely for the department to upgrade the department's linear referencing system (LRS) and highway performance monitoring system (HPMS), and is subject to the conditions, limitations, and review requirements in section 701 ~~((of this act)),~~ chapter 472, Laws of 2023.

~~((7))~~ (6) \$306,000 of the multimodal transportation account—state appropriation is provided solely for the department to appoint or designate a liaison to serve as a point of contact and resource for the department, local governments, and project proponents regarding land use decisions and processing development permit applications. The liaison must, as a priority, facilitate and expedite any department decisions required for project approval.

~~((8) \$627,000)~~ (7) \$742,000 of the motor vehicle account—federal appropriation is provided solely for remaining work on the "Forward Drive" road usage charge research project overseen by the transportation commission using the remaining amounts of the federal grant award. The remaining work of this project includes:

(a) Analysis of road usage charge simulation and participant surveys;

(b) Follow up on road usage charge experiences related to payment installments, mileage exemptions, and vehicle-based mileage reporting;

(c) Completion of technology research; and

(d) Development of the final "Forward Drive" research program report.

~~((9))~~ (8) (a) \$11,922,000 of the move ahead WA flexible account—~~(federal))~~ state appropriation is provided solely for an Interstate 5 planning and environmental linkage study and a statewide Interstate 5 master plan, building upon existing work under way in the corridor. It is the intent of the legislature to provide a total of \$40,000,000 for this work by 2029.

(b) The work under (a) of this subsection must include, but is not limited to, the following:

(i) Seismic resiliency planning to refine the level of effort and develop informed cost estimates for the seismic vulnerability analysis;

(ii) HOV lane system-wide performance planning and initial steps to launch a pilot project that progresses innovative and emerging technologies;

(iii) Interstate 5 corridor planning work, including development of a framework, coordination of corridor needs, development of core evaluation criteria and a prioritization process, and identification of early action priority projects that address safety or resiliency, or both, along the corridor; and

(iv) A report to the transportation committees of the legislature by December 1, 2024, with recommendations for future phases and a detailed funding request for work planned through 2029.

(c) Of the amounts provided in this subsection, \$300,000 is provided solely for the department to conduct a Seattle Interstate 5 ramp reconfiguration study. The study must be conducted in coordination and partnership with the city of Seattle's department of transportation, informed by the input of Interstate 5 lid stakeholders, and coordinated with work under (a) and (b) of this subsection. The department must provide a study report, including recommendations, to the city of Seattle's department of transportation and the transportation committees of the legislature by December 1, 2024. The study must include an analysis of:

(i) Options and opportunities to reconfigure, relocate, or remove Interstate 5 ramps within and between Chinatown-International District and the University District for the purpose of improving through-traffic operations, enhancing multimodal transportation safety, and enabling more efficient air rights development;

(ii) Potential mitigation needs and cost estimates of ramp changes and demolitions;

(iii) Benefits of ramp changes and demolitions to pedestrian and bicycle travel, transit operations, and future lid design;

(iv) Ramps for the mainline, collector-distributor lanes and express lanes including, at a minimum, ramps connecting to and from James Street, Cherry Street, 6th Avenue, Madison Street, Seneca Street, Spring Street, University Street, Union Street, Olive Way, Yale Avenue, NE 45th Street, and NE 50th Street;

(v) Removal of the existing ramps at Seneca Street, Spring Street, and University Street; and

(vi) Removal and consolidation options of the existing NE 45th Street and NE 50th Street ramps.

(d) The department shall work with the emergency management division of the military department to identify strategic transportation corridors, opportunities to improve resilience and reinforce the corridors against natural disasters, and opportunities to secure federal funding for investments in the resilience of the transportation network. The department shall provide a report to the transportation committees of the legislature by December 1, 2023, on:

(i) Strategic transportation corridors and opportunities to improve their resilience;

(ii) Federal funding opportunities the state should pursue; and

(iii) Recommendations for actions to maximize federal funding for the state of Washington.

~~((10))~~ (9) The department shall continue to coordinate planning work focused on the transportation system in western Washington across modes with the goal of maximizing system performance toward the policy goals in RCW 47.04.280 in the most cost-effective manner. This coordination must include, but is not limited to: The Interstate 5 highway corridor, existing rail infrastructure and future high-speed rail alignment, and commercial aviation capacity. The department must report to the joint transportation committee through existing reporting mechanisms on the status of these planning efforts including, but not limited to, a long-term strategy for addressing resilience of the transportation system in western Washington through consideration of changing demand, modal integration, and preservation needs. The coordinated work must include an analysis of different alternatives to promote system resilience, including performance and cost of each scenario.

~~((11))~~ (10) \$3,000,000 of the carbon emissions reduction account—state appropriation is provided solely for the department, in coordination with the department's HEAL act team and environmental services office, to develop and implement a community outreach, education, and technical assistance program for overburdened communities and their community partners in order to develop community-centered carbon reduction strategies to make meaningful impacts in a community, and to provide assistance in gaining access to available funding to implement these strategies, where applicable. The department may provide appropriate compensation to members of overburdened communities who provide solicited community participation and input needed by the department to implement and administer the program established in this subsection. By June 1, 2024, and by June 1, 2025, the department must submit a report to the transportation committees of the legislature and to the governor that provides an update on the department's community outreach, education, and technical

assistance program development and implementation efforts.

(11) \$500,000 of the multimodal transportation account—state appropriation is provided solely for the city of Seattle department of transportation to create a digital conflict area awareness management program to provide machine-readable information for transportation operators, such as autonomous vehicle fleet operators, to be aware of conflict areas, such as emergency response zones, work zones, schools, pick up and drop off locations, and other areas where vulnerable road users may be present.

(a) Program work must include:

(i) The city of Seattle engaging with first responders and transportation management officials and other relevant stakeholders, to determine program implementation needs and processes; and

(ii) A feasibility study of implementing the program's mobility and curb data specifications, to include, but not be limited to, necessary partners, data platforms, ability to integrate real-time 911 dispatch, emergency vehicles, work zones, and other areas to reduce conflicts for transportation operators of autonomous vehicle fleets on public roads and in the right-of-way.

(b) Program work must also be conducted in coordination and partnership with city of Seattle departments, the nonprofit steward of the program's mobility and curb data specifications, the Washington state department of transportation, and other entities potentially impacted by the implementation of the program.

(c) As feasible, the city of Seattle shall prepare an implementation pilot of the program to make a standardized data feed available publicly for transportation operator use.

(d) The city of Seattle must provide a report on any findings and recommendations of the program and any implementation needs and process mapping for use by other jurisdictions to the Washington state department of transportation and the transportation committees of the legislature by June 30, 2025.

(12) \$200,000 of the motor vehicle account—state appropriation is provided solely for planning and intersection improvements along state route number 904 and improvements to the local network that would feed intersections with state route number 904. This work must include, but is not limited to, the Medical Lake/Four Lakes Road/West 3rd Ave intersection and feeding local network. The department must collaborate with Spokane county and the city of Cheney on this work and other improvement ideas along the corridor.

(13) (a) \$500,000 of the motor vehicle account—state appropriation is provided solely for planning and preliminary engineering necessary to complete cost estimates and structure designs associated with construction of wildlife crossings at the top two statewide priority locations to enhance habitat connectivity.

(b) The department shall submit a report to the appropriate committees of the

legislature by December 1, 2024, including at a minimum:

(i) Identification of statewide priority locations for habitat connectivity;

(ii) The basis for the determination of the locations included on the identification list; and

(iii) Estimates of costs necessary to complete remaining design, permitting, right-of-way acquisition, and construction of wildlife crossing structures at the locations identified.

(c) The legislature intends to use the information collected to consider the allocation of fund matching in future biennia for federal grants to construct wildlife crossings at the statewide priority locations.

(14) \$150,000 of the motor vehicle account—state appropriation is provided solely for the department to fund one full-time equivalent liaison position within the local program multiagency permit program. Within the amounts provided in this section, the department shall work to enhance its multiagency permit program capabilities, with an emphasis on multiagency agreements that streamline, prioritize, and expedite project-level and programmatic permits and approvals. The department shall review current multiagency permit program practices and provide a report with recommendations on the enhancement of the program to the transportation committees of the legislature by December 1, 2024.

(15) Beginning January 1, 2025, \$1,000,000 of the carbon emissions reduction account—state appropriation is provided solely for the department to contract with a world cup organizing committee based in Seattle to undertake low carbon transportation planning efforts that will help prepare for the increase in visitors due to the 2026 FIFA world cup soccer matches in Seattle and other venues in the state. The planning, to be developed in coordination with the department and local mobility agencies, must identify critical infrastructure and operational improvements that will support active transportation and reliability of transit, making it easier for the public to choose options other than single-occupancy vehicles. A progress report including best practices for future events must be delivered to the department, office of the governor, and transportation committees of the legislature by June 30, 2025.

The appropriations in this section are subject to the following conditions and limitations:

(1) ~~(\$64,354,000)~~ \$64,906,000 of the multimodal transportation account—state appropriation and ~~(\$78,100,000)~~ \$78,325,000 of the climate transit programs account—state appropriation are provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation. Of this amount:

(a) \$14,420,000 of the multimodal transportation account—state appropriation and \$17,963,000 of the climate transit programs account—state appropriation are provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers must be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided.

(b) \$48,278,000 of the multimodal transportation account—state appropriation and \$60,137,000 of the climate transit programs account—state appropriation are provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must, to the greatest extent practicable, have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies must be prorated based on the amount expended for demand response service and route deviated service in calendar year 2021 as reported in the "2021 Summary of Public Transportation" published by the department of transportation. No transit agency may receive more than 30 percent of these distributions. Fuel type may not be a factor in the grant selection process.

(c) (~~(\$1,656,000)~~) \$2,208,000 of the multimodal transportation account—state appropriation (~~(is)~~) and \$225,000 of the climate transit programs account—state appropriation are provided solely for the reappropriation of amounts provided for this purpose in the 2021-2023 fiscal biennium.

(2) (~~(\$32,774,000)~~) \$33,077,000 of the rural mobility grant program account—state appropriation is provided solely for grants to aid small cities in rural areas as prescribed in RCW 47.66.100. Fuel type may not be a factor in the grant selection process.

(3) (~~(\$11,382,000)~~) \$11,598,000 of the multimodal transportation account—state appropriation is provided solely for a public transit rideshare grant program for: (a) Public transit agencies to add or replace rideshare vehicles; and (b) incentives and outreach to increase rideshare use. The grant program for public transit agencies may cover capital costs only, and costs for operating vanpools at public transit agencies are not eligible for funding under this grant program. Awards from the grant program must not be used to supplant transit funds currently funding ride share programs, or to hire additional employees. Fuel type may not be a factor in the grant selection process. Of the amounts provided in this subsection, (~~(\$1,092,000)~~) \$1,308,000 is for the reappropriation of amounts provided for this purpose in the 2021-2023 fiscal biennium.

(4) (~~(\$37,382,000)~~) \$48,597,000 of the regional mobility grant program account—state appropriation is reappropriated and provided solely for the regional mobility grant projects identified in LEAP Transportation Document (~~(2023-2)~~) 2024-2 ALL PROJECTS as developed (~~(April 21, 2023)~~) February 20, 2024, Program - Public Transportation Program (V).

(5) (a) \$77,679,000 of the regional mobility grant program account—state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document (~~(2023-2)~~) 2024-2 ALL PROJECTS as developed (~~(April 21, 2023)~~) February 20, 2024, Program - Public Transportation Program (V). The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds must be used only to fund projects identified in the LEAP transportation document referenced in this subsection. The department shall provide annual status reports on December 15, 2023, and December 15, 2024, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be

completed on schedule. A grantee may not receive more than 25 percent of the amount appropriated in this subsection unless all other funding is awarded. Additionally, when allocating funding for the 2023-2025 fiscal biennium, no more than 30 percent of the total grant program may directly benefit or support one grantee unless all other funding is awarded. Fuel type may not be a factor in the grant selection process.

(b) In order to be eligible to receive a grant under (a) of this subsection during the 2023-2025 fiscal biennium, a transit agency must establish a process for private transportation providers to apply for the use of park and ride facilities. For purposes of this subsection, (i) "private transportation provider" means: An auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; a private nonprofit transportation provider regulated under chapter 81.66 RCW; or a private employer transportation service provider; and (ii) "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

(c) \$1,500,000 of the amount appropriated in this subsection is provided solely for a contingency fund to assist current regional mobility grantees with cost escalations and overages. The department shall create a system for grantees to request funds, and set a cap of contingency funds per grantee to ensure an equitable distribution among requesters.

(d) During the 2023-2025 fiscal biennium, the department shall consider applications submitted by regional transportation planning organizations and metropolitan planning organizations for the regional mobility grant program funding in the 2025-2027 fiscal biennium.

(6) \$6,195,000 of the multimodal transportation account—state appropriation, \$3,300,000 of the climate transit programs account—state appropriation, and \$784,000 of the state vehicle parking account—state appropriation are provided solely for CTR grants and activities. Fuel type may not be a factor in the grant selection process. Of this amount, \$495,000 of the multimodal transportation account—state appropriation is reappropriated and provided solely for continuation of previously approved projects under the first mile/last mile connections grant program.

(7) (~~(\$11,914,000)~~) \$16,318,000 of the multimodal transportation account—state appropriation is provided solely for connecting Washington transit projects identified in LEAP Transportation Document (~~(2023-2)~~) 2024-2 ALL PROJECTS as developed (~~(April 21, 2023)~~) February 20, 2024. It is the intent of the legislature that entities identified to receive funding in the LEAP transportation document referenced in this subsection receive the amounts specified in the time frame specified in that LEAP document. If an entity has already completed

a project in the LEAP transportation document referenced in this subsection before the time frame identified, the entity may substitute another transit project or projects that cost a similar or lesser amount.

(8) The department shall not require more than a 10 percent match from nonprofit transportation providers for state grants.

(9) ~~\$12,000,000~~ of the multimodal transportation account—state appropriation and ~~\$39,400,000~~ of the climate transit programs account—state appropriation are provided solely for the green transportation capital projects identified in LEAP Transportation Document ((2023-2))2024-2 ALL PROJECTS as developed (~~April 21, 2023~~)February 20, 2024, Program - Public Transportation Program (V). Of the amount of climate transit program account funds appropriated in this subsection, up to one percent may be used for program administration and staffing.

(10) (~~(\$4,407,000)~~)\$5,950,000 of the multimodal transportation account—state appropriation (~~is~~) and \$1,249,000 of the climate transit programs account—state appropriation are reappropriated and provided solely for the green transportation capital grant projects identified in LEAP Transportation Document ((2023-2))2024-2 ALL PROJECTS as developed (~~April 21, 2023~~)February 20, 2024, Program - Public Transportation Program (V).

(11) (~~(\$10,000,000)~~)\$10,167,000 of the climate transit programs account—state appropriation is provided solely for tribal transit grants. Up to one percent of the amount provided in this subsection may be used for program administration and staffing.

(a) The department must establish a tribal transit competitive grant program (~~to be administered as part of the department's consolidated grant program~~). Grants to federally recognized tribes may be for any transit purpose, including planning, operating costs, maintenance, and capital costs. The department shall report to the transportation committees of the legislature and the office of financial management with a list of projects recommended for funding by September 1, ((2023))2024, along with recommendations on how to remove barriers for tribes to access grant funds, including removal of grant match requirements, and recommendations for how the department can provide technical assistance.

(b) Within the amount provided in this subsection, (~~(\$5,038,000)~~)\$10,167,000 is provided solely for move ahead Washington tribal transit grant projects as listed in LEAP Transportation Document ((2023-2))2024-2 ALL PROJECTS as developed (~~April 21, 2023~~)February 20, 2024. Of this amount, \$529,000 is for the Sauk-Suiattle Commuter project (L1000318).

(12) (~~(\$188,900,000)~~)\$188,930,000 of the climate transit programs account—state appropriation is provided solely for transit support grants for public transit agencies that have adopted a zero-fare policy for youth 18 years of age and under by October 1, 2022. The department must confirm zero-fare policies are in effect at transit

agencies to be eligible for biennial distributions.

(13) \$38,000,000 of the climate transit programs account—state appropriation is provided solely for the bus and bus facility grant program for replacement, rehabilitation, and purchase of transit rolling stock, or construction, modification, or rehabilitation of transit facilities.

(14) \$2,000,000 of the climate transit programs account—state appropriation is provided solely for newly selected transit coordination grants. The department shall prioritize grant proposals that promote the formation of joint partnerships between transit agencies or merge service delivery across entities.

(15) \$46,587,000 of the climate transit programs account—state appropriation is provided solely for move ahead Washington transit projects as listed in LEAP Transportation Document ((2023-2))2024-2 ALL PROJECTS as developed (~~April 21, 2023~~)February 20, 2024, Move Ahead WA - Transit Projects.

(a) For projects funded as part of this subsection, if the department expects to have substantial reappropriations for the 2023-2025 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that is unable to be used within the 2023-2025 fiscal biennium to advance one or more of the projects listed, prioritizing projects first by tier then by project readiness.

(b) In instances when projects listed in the LEAP transportation document referenced in this subsection (15) are no longer viable or have been completed, the department may recommend in its next budget submittal alternative project proposals from the local jurisdictions if the project is similar in type and scope and consistent with limitations on certain funds provided. In the event that the listed project has been completed, the local jurisdictions may, rather than submitting an alternative project, be reimbursed in the year in which it was scheduled for documented costs incurred implementing the listed project, not in excess of the amount awarded from the funding program.

(c) At least 10 business days before advancing or swapping a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2023-2025 fiscal biennium.

(16) (~~(\$580,000)~~)\$702,000 of the multimodal transportation account—state appropriation is provided solely for the department to provide a statewide vanpool benefit for all state employees. For department employees working in remote job sites, such as mountain passes, the department must ensure employees are able to access job sites via a subsidized vanpool or provide a modal alternative for the "last mile" to ensure employees can access the job site without additional charge.

(17) \$200,000 of the multimodal transportation account—state appropriation is provided solely for the department to update the 2019 feasibility study to add a fifth travel Washington intercity bus line in the Yakima Valley. The department must provide a summary report of the updated feasibility and cost estimates to the transportation committees of the legislature by December 1, 2024.

~~((19))~~ (18) \$555,000 of the multimodal transportation account—state appropriation and \$500,000 of the carbon emissions reduction account—state appropriation are provided solely for an interagency transfer to the Washington State University extension energy program to administer a technical assistance and education program for public agencies on the use of alternative fuel vehicles. The Washington State University extension energy program shall prepare a report regarding the utilization of the program and submit this report to the transportation committees of the legislature by November 15, 2023.

~~((20))~~ (19) (a) \$400,000 of the multimodal transportation account—state appropriation is provided solely for King county metro to develop a pilot program to place teams, including human services personnel, along routes that are enduring significant public safety issues and various disruptive behavior in south King county. The team would be available to deescalate disruptions, provide immediate access to transit resources, and refer customers to community resources to break cycles of inappropriate behavior. The teams must consist of individuals trained in deescalation and outreach. Team functions and duties should be cocreated with community stakeholders.

(b) King county metro must provide a report to the transportation committees of the legislature by June 30, 2024, regarding the effectiveness of the program, any suggestions for improving its efficacy, and any modifications that might be necessary for other transit providers to institute similar programs.

~~((21))~~ (20) \$500,000 of the multimodal transportation account—state appropriation is provided solely for planning to move Grays Harbor transit operation and administration facilities from the current location.

(21) As part of the department's 2025-2027 biennial budget request, the department must submit budget materials for the public transportation division separated into operating and capital budgeted programs.

(22) Beginning January 1, 2025, \$2,000,000 of the carbon emissions reduction account—state appropriation is provided solely for new transit coordination grants, prioritizing projects that coordinate transit service to and from Washington state ferry terminals. Program eligibility must be expanded to include proposals from transit agencies in counties with fewer than 700,000 that coordinate service to and from Washington state ferry terminals.

(23) Beginning January 1, 2025, \$1,200,000 of the carbon emissions reduction

account—state appropriation is provided solely for the department to continue research on level of and access to transit service. The department shall define levels and types of demand-response service and measure access to these services within the state. The department shall also collect data and develop systems to achieve more accurate and precise analysis of disparities in access to transit service focusing on accessibility and inclusion of people with disabilities, vulnerable populations in overburdened communities, and other underserved communities. The department must also establish a financial model to fund transit at a statewide standard that is calibrated for geography, population density, and financial constraints of the existing transit agencies across the state. The department shall submit a report to the transportation committees of the legislature and the office of financial management by June 30, 2025.

(24) Beginning January 1, 2025, \$6,800,000 of the carbon emissions reduction account—state appropriation is provided solely for the following projects identified in LEAP Transportation Document 2024-2 ALL PROJECTS as developed February 20, 2024:

(a) Base Refurbish & Expansion for Growth/Columbia County Public Transportation (L4000182);

(b) Kitsap Transit: Design & Shore Power (G2000115); and

(c) Pierce Transit - Meridian (L2021197).

**Sec. 222.** 2023 c 472 s 222 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF TRANSPORTATION—MARINE—PROGRAM X**

Puget Sound Ferry Operations Account—State	Appropriation. . . . .	<del>((575,986,000))</del>
		\$573,666,000
Puget Sound Ferry Operations Account—Federal	Appropriation. . . . .	<del>((163,791,000))</del>
		\$198,650,000
Puget Sound Ferry Operations Account—Private/Local	Appropriation. . . . .	\$121,000
	<b>TOTAL APPROPRIATION. ....</b>	<del>((739,898,000))</del>
		\$772,437,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The office of financial management budget instructions require agencies to recast enacted budgets into activities. The Washington state ferries shall include a greater level of detail in its 2023-2025 supplemental and 2025-2027 omnibus transportation appropriations act requests, as determined jointly by the office of financial management, the Washington state ferries, and the transportation committees of the legislature. This level of detail must include the administrative functions in the operating as well as capital programs. The data in the tables in the report must be supplied in a digital file format.

(2) ~~((90,014,000))~~ \$97,060,000 of the Puget Sound ferry operations account—federal appropriation and ~~((50,067,000))~~ \$51,450,000 of the Puget Sound ferry operations account—state appropriation are provided solely for

auto ferry vessel operating fuel in the 2023-2025 fiscal biennium, which reflect cost savings from a reduced biodiesel fuel requirement and, therefore, is contingent upon the enactment of section 703 (~~of this act~~), chapter 472, Laws of 2023. The amount provided in this subsection represents the fuel budget for the purposes of calculating any ferry fare fuel surcharge. The department shall review future use of alternative fuels and dual fuel configurations, including hydrogen.

(3) \$500,000 of the Puget Sound ferry operations account—state appropriation is provided solely for operating costs related to moving vessels for emergency capital repairs. Funds may only be spent after approval by the office of financial management.

(4) The department must work to increase its outreach and recruitment of populations underrepresented in maritime careers and continue working to expand apprenticeship and internship programs, with an emphasis on programs that are shown to improve recruitment for positions with the state ferry system.

(5) \$175,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the department to continue a study of passenger demographics. The study may be included as part of a larger origin and destination study. The department shall report study results to the transportation committees of the legislature by December 1, 2023. Following completion of the study, the department must compare study results to the composition of groups outlined in RCW 47.60.310, both by overall representation of ferry riders and by route. A summary is due to the office of the governor and transportation committees of the legislature by December 1, 2024.

(6) The department shall continue to oversee a consultant study to identify and recommend cost-effective strategies to maximize walk-on passenger ridership of the Anacortes - San Juan ferry routes. The study is due to the transportation committees of the legislature by December 1, 2023. By December 1, 2024, any feasible near to medium term solutions identified from the study must be reported to the office of the governor and transportation committees of the legislature and include cost estimates for implementation.

(7) ~~(\$11,842,000)~~ \$15,985,000 of the Puget Sound ferry operations account—state appropriation is provided solely for Washington state ferries to:

(a) Provide scholarships, coursework fees, and stipends for candidates to become licensed deck officers (mates);

(b) Improve the process for unlicensed candidates who have achieved able-bodied sailor (AB) status to earn their mate's license;

(c) Annually hire, orient, train, and develop entry level engine room staff at the wiper classification with the intention of successfully promoting to oiler classification;

(d) Create an operations project management office; ~~((and))~~

(e) Increase human resources capacity and add a workforce ombuds; and

(f) Hire additional dispatch staff.

~~(8) \$988,000 of the Puget Sound ferry operations account—state appropriation is provided solely for expansion of the wiper to oiler program to develop engine room workforce.~~

~~(9) \$169,000 of the Puget Sound ferry operations account—state appropriation is provided solely for hiring an additional service planner.~~

~~(10)(a) During negotiations of the 2025-2027 collective bargaining agreements, the department must conduct a review and analysis of the collective bargaining agreements governing state ferry employees, to identify provisions that create barriers for, or contribute to creating a disparate impact on, newly hired ferry employees, including those who are women, people of color, veterans, and other employees belonging to communities that have historically been underrepresented in the workforce. The review and analysis must incorporate, to the extent practicable, the findings and recommendations from the December 2022 joint transportation committee study on Washington state ferries' workforce, and must also include, but not be limited to, provisions regarding seniority, work assignments, and work shifts. The review and analysis must also include consultation with the governor's office of labor relations, the governor's office of equity, and the attorney general's office.~~

(b) For future negotiations or modifications of the collective bargaining agreements, it is the intent of the legislature that the collective bargaining representatives for the state and ferry employee organizations may consider the findings of the review and analysis required in (a) of this subsection and negotiate in a manner to remove identified barriers and address identified impacts so as not to perpetuate negative impacts.

~~((9) \$1,500,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the restoration of service to Sidney, British Columbia. Funds must be held in unallotted status pending completion of the assessment referenced in subsection (12) of this section.~~

~~((10))~~ (11) \$1,504,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the implementation of chapter 188, Laws of 2023 (state ferry workforce development issues). If chapter 188, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

~~((11) \$1,000,000)~~ (12) \$5,000,000 of the Puget Sound ferry operations account—state appropriation is provided solely for support of the Kitsap transit passenger ferry to supplement service on the Seattle-Bremerton route.

~~((12))~~ (13) \$100,000 of the Puget Sound ferry operations account—state appropriation is provided solely to assess temporary service restoration options for the Sidney, British Columbia route until Washington state ferries can resume its service. Washington state ferries must provide

service options and recommendations to the office of financial management and the transportation committees of the legislature by December 15, 2023.

~~((13) \$2,100,000))~~ (14) \$2,549,000 of the Puget Sound ferry operations account—state appropriation is provided solely for security services at Colman Dock.

~~((14) \$9,000,000))~~ (15) \$13,856,000 of the Puget Sound ferry operations account—state appropriation is provided solely for overtime and familiarization expenses incurred by engine, deck, and terminal staff. The department must provide updated staffing cost estimates for fiscal years 2024 and 2025 with its annual budget submittal and updated estimates by January 1, 2024.

~~((15))~~ (16) \$1,064,000 of the Puget Sound ferry operations account—state appropriation is provided solely for traffic control at ferry terminals at Seattle, Fauntleroy, Kingston, Edmonds, Mukilteo, and Bainbridge Island, during peak ferry travel times, with a particular focus on Sundays and holiday weekends.

~~((16))~~ (17) \$93,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the Washington state ferries to secure housing for workforce training sessions and to pay in advance for the costs of transportation worker identification credentials, merchant mariner credentials, and medical examinations for incoming ferry system employees and trainees.

~~((17))~~ (18) \$10,417,000 of the Puget Sound ferry operations account—state appropriation is provided solely for vessel maintenance initiatives to:

(a) Add a second shift at the Eagle Harbor maintenance facility;

(b) Establish maintenance management project controls to maximize vessel maintenance work at the Eagle Harbor facility;

(c) Expand the existing Washington state ferries Eagle Harbor apprenticeship program from two to eight apprentices; and

(d) Maintain assets in a state of good repair by investing in enterprise asset management operating capacity.

~~((18))~~ (19) (a) \$855,000 of the Puget Sound ferry operations account—state appropriation is provided solely for Washington state ferries to provide to Seattle Central Community College for a pilot with the Seattle Maritime Academy for the 2023-2025 fiscal biennium. Funding may not be expended until Washington state ferries certifies to the office of financial management that a memorandum of agreement with Seattle Central Community College has been executed, and the office of financial management determines that funds provided in this subsection are utilized for programs that are a benefit to the Washington state ferries or the prospective workforce pipeline of the Washington state ferries. The memorandum of agreement with Seattle Central Community College must address:

(i) Prioritized use of training and other facilities and implementation of joint training opportunities for Washington state ferries' employees and trainees;

(ii) Development of a joint recruitment plan with Seattle Central Community College aimed at increasing enrollment of women and people of color, with specific strategies to recruit existing community and technical college students, maritime skills center students, high school students from maritime programs, including maritime skills center students, foster care graduates, and former juvenile rehabilitation and adult incarcerated individuals; and

(iii) Consultation between the parties on the development of the training program, recruitment plan and operational plan, with an emphasis on increasing enrollment of women and people of color.

(b) The joint training and recruitment plan must be submitted to the appropriate policy and fiscal committees of the legislature by December 1, 2023. The Washington state ferries must submit findings of program effectiveness and recommendations for continuation of the pilot, to the appropriate committees of the legislature by December 1, 2024.

~~((19))~~ (20) \$420,000 of the Puget Sound ferry operations account appropriation—state is provided solely for a contract with an organization with experience evaluating and developing recommendations for the Washington state ferries' workforce to provide expertise on short-term strategies including, but not limited to, addressing recruitment, retention, diversity, training needs, leadership development, and succession planning. The consultant shall provide additional assistance as deemed necessary by the Washington state ferries to implement recommendations from the joint transportation committee 2022 workforce study. Periodic updates must be given to the joint transportation committee and the governor.

~~((20))~~ (21) By December 31st of each year, as part of the annual ferries division performance report, the department must report on the status of efforts to increase the staff available for maintaining the customary level of ferry service, including staff for deck, engine, and terminals. The report must include data for a 12-month period up to the most recent data available, by staff group, showing the number of employees at the beginning of the 12-month period, the number of new employees hired, the number of employees separating from service, and the number of employees at the end of the 12-month period. The department report on additional performance measures must include:

(a) Numbers of trip cancellations due to crew availability or vessel mechanical issues; ~~(and)~~

(b) Current level of service compared to the full-service schedules in effect in 2019; and

(c) Retention rates of employees who have completed on the job workforce development programs and overall employee retention rates.

(22) \$10,000,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the department to increase deck and engine positions across the system, prioritizing positions that will

mitigate crew related cancellations and reduce overtime expenditures. The department must include an update on the number of positions hired by job class as part of the annual performance report. The legislature intends to provide \$16,000,000 on an ongoing basis to support additional crew efforts.

(23) (a) \$600,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the department to evaluate the feasibility of passenger-only ferry service to support existing ferry service routes in the San Juan Islands. The department must contract with a third-party entity to:

(i) Prioritize evaluating options and provide recommendations for a San Juan county interisland passenger-only ferry to include, but not be limited to, an analysis of estimated ridership, availability of passenger-only vessels that align with existing ferry terminals or nearby dock facilities, options and cost estimates for purchasing or leasing a ferry vessel, options for contracting with an existing passenger-only ferry service, and operating costs including labor and fuel; and

(ii) Evaluate governance structures for any viable passenger-only ferry routes and recommend entities or organizations best suited to deliver services. The analysis must include a cost-benefit analysis of public versus private operators for viable routes, and public engagement for identified areas, including the San Juan county council.

(b) A progress report is due to the governor and transportation committees of the legislature by December 31, 2024. A final report is due to the office of the governor and transportation committees of the legislature by June 30, 2025.

(24) \$100,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the department to reimburse walk-on customers for emergency expenses incurred as a result of a cancellation of the last sailing of the day. In consideration for receiving the reimbursement, an applicant must sign a release of claims drafted by the department. The department shall create a process for reimbursement and set a per diem limit for reimbursement per individual.

(25) \$2,000,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the temporary extension, due to extraordinary circumstances, of multiuse passes from 90 days to 120 days through June 30, 2025.

(26) \$3,170,000 of the Puget Sound ferry operations account—state appropriation is provided solely for temporary expanded weekday midday King county water taxi service support to and from Vashon Island.

Appropriation. . . . .	\$2,000,000
<b>TOTAL APPROPRIATION.....</b>	<b>(\$92,861,000)</b>
	<b>\$103,260,000</b>

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall continue to pursue restoring Amtrak Cascades service to pre-COVID service levels, and to the service levels committed to through the department's obligation of funding from the federal American recovery and reinvestment act. A status report must be provided to the transportation committees of the legislature and the office of financial management by September 1, 2023.

(2) (a) \$2,250,000 of the multimodal transportation account—state appropriation is provided solely for the continued coordination, engagement, and planning for a new ultra high-speed ground transportation corridor with participation from Washington state, Oregon state, and British Columbia, and is a reappropriation of funds appropriated in the 2021-2023 fiscal biennium. For purposes of this subsection, "ultra high-speed" means a maximum testing speed of at least 250 miles per hour. These efforts are to support and advance activities and must abide by the memorandum of understanding signed by the governors of Washington and Oregon states, and the premier of the province of British Columbia in November 2021. The department shall establish a policy committee with participation from Washington state, Oregon state, and British Columbia, including representation from the two largest caucuses of each chamber of the Washington state legislature, and coordinate the activities of the policy committee to include:

(i) Developing an organizational framework that facilitates input in decision-making from all parties;

(ii) Developing a public engagement approach with a focus on equity, inclusion, and meaningful engagement with communities, businesses, federal, state, provincial, and local governments including indigenous communities;

(iii) Developing and leading a collaborative approach to prepare and apply for potential future federal, state, and provincial funding opportunities, including development of strategies for incorporating private sector participation and private sector contributions to funding, including through the possible use of public-private partnerships;

(iv) Beginning work on scenario analysis addressing advanced transportation technologies, land use and growth assumptions, and an agreed to and defined corridor vision statement; and

(v) Developing a recommendation on the structure and membership of a formal coordinating entity that will be responsible for advancing the project through the

project initiation stage to project development and recommended next steps for establishment of the coordinating entity. Project development processes must include consideration of negative and positive impacts on communities of color, low-income households, indigenous peoples, and other disadvantaged communities.

(b) By June 30, 2024, the department shall provide to the governor and the transportation committees of the legislature a high-level status update that includes, but is not limited to, the status of the items included in (a)(i) through (v) of this subsection.

(c) By June 30, 2025, the department shall provide to the governor and the transportation committees of the legislature a report detailing the work conducted by the policy committee and recommendations for establishing a coordinating entity. The report must also include an assessment of current activities and results relating to stakeholder engagement, planning, and any federal funding application. As applicable, the assessment should also be sent to the executive and legislative branches of government in Oregon state and appropriate government bodies in the province of British Columbia.

~~((+4))~~ (3) \$1,800,000 of the multimodal transportation account—state appropriation ~~(+)~~ and \$12,000,000 of the multimodal transportation account—federal appropriation are provided solely for the department ~~((to pursue federal grant opportunities))~~ to develop and implement a technology-based truck parking availability system along the Interstate 5 Corridor in partnership with Oregon state and California state to maximize utilization of existing truck parking capacity and deliver real-time parking availability information to truck drivers. The department may use a portion of the appropriation in this subsection for grant proposal development and as state match funding for technology-based truck parking availability system federal grant applications. The department must update the transportation committees of the legislature on agency activities and their status by December 1, 2023, and to provide a final report to the transportation committees of the legislature by December 1, 2024.

~~((+5) — \$5,950,000)~~ (4) (a) \$1,000,000 of the multimodal transportation account—state appropriation is provided solely for ~~((implementation of truck parking improvements recommended by the freight mobility strategic investment board in consultation with the department under section 206(4) of this act. The office of financial management must place this amount in unallotted status))~~ the design on the I-5 Fort Lewis weigh station and SR 906 Phase 3 truck parking improvements.

(b) The legislature intends to provide \$4,950,000 in the 2025-2027 fiscal biennium for additional truck parking improvements. As part of the department's 2025-2027 budget submittal, the department and the freight mobility strategic investment board, after consulting with appropriate entities, must provide a list of specific truck parking solutions within the amounts provided in

this subsection (4)(b). The list may also include additional funding recommendations beyond this amount for more immediate expansion of truck parking capacity.

(5) Consistent with the ongoing planning and service improvement for the intercity passenger rail program, \$335,000 of the multimodal transportation account—federal appropriation is provided solely for the Cascades service development plan, to be used to analyze current and future market conditions and to develop a structured assessment of service options and goals based on anticipated demand and the results of the state and federally required 2019 state rail plan, including identifying implementation alternatives to meet the future service goals for the Amtrak Cascades route. The work must be consistent with federal railroad administration guidance and direction on developing service development plans.

(6) The department shall continue to provide high quality intercity passenger rail service, align planning efforts for continued growth and on-time performance improvements consistent with federally recognized corridor development programs, and implement improvements consistent with planning efforts through leveraging federal funding opportunities. New passenger rail equipment is essential to service enhancements. The department shall make every effort to coordinate with service partners to prepare for the arrival of new trainsets and implementation of service enhancements. A status report must be provided to the transportation committees of the legislature and the office of financial management by December 1, 2024.

(7) \$500,000 of the multimodal transportation account—federal appropriation is provided solely for the Cascades corridor planning as part of the corridor identification and development program, in coordination with the Oregon state department of transportation. The department must continue to pursue funding opportunities for the Cascades corridor though the corridor identification and development program and the federal-state partnership programs at the federal rail administration. The department must notify the office of the governor and the transportation committees of the legislature of funding opportunities from the programs and any corresponding state match needs.

(8) \$2,000,000 of the transportation infrastructure account—state appropriation is provided solely for the implementation of chapter . . . (Substitute Senate Bill No. 6302), Laws of 2024 (supply chain competitiveness infrastructure program). Of the amount provided in this subsection, \$1,000,000 of the transportation infrastructure account—state appropriation must be held in unallotted status pending completion of the stakeholder process and establishment of the grant and loan programs. If chapter . . . , (Substitute Senate Bill No. 6302), Laws of 2024 is not enacted by June 30, 2024, the amount in this subsection lapses.

(9) \$500,000 of the multimodal transportation account—state appropriation

is provided solely for the department to coordinate with partners on Amtrak long distance rail service.

(1) \$500,000 of the motor vehicle account—state appropriation is provided solely for development, administration, program management, and evaluation of the federal fund exchange pilot program.

(2) \$1,063,000 of the motor vehicle account—state appropriation is provided solely for the department, from amounts set aside out of statewide fuel taxes distributed to counties according to RCW 46.68.120(3), to contract with the Washington state association of counties to:

(a) Contract with the department of fish and wildlife to identify, inventory, and prioritize county-owned fish passage barriers;

(b) Continue streamlining and updating the county road administration board's data dashboard, to provide a more detailed, more transparent, and user-friendly platform for data management, reporting, and research by the public and other interested parties;

(c) Commission a study to develop guidance for county public works departments conducting environmental justice assessments in their communities and recommend best practices for community engagement plans to address environmental health disparities for identified overburdened communities;

(d) Contract for a study to identify best practices within public works for the recruitment and retention of employees, including: Recommendations for improving outreach and recruitment to underrepresented populations, methods to partner with local community colleges and universities, methods to expand apprenticeship and internship programs, strategies to increase training and development opportunities, and recommendations for career advancement programs and better work-life balance outcomes;

(e) Update the 2020 county transportation revenue study; and

(f) By December 15, 2024, report to the office of financial management and the appropriate committees of the legislature the deliverables from and the amounts

expended on the purposes enumerated in this subsection.

~~((45))~~(4) (a) \$200,000 of the multimodal transportation account—state appropriation is provided solely for the department to develop the preliminary phase of an action plan for the establishment of cycle highways in locations that connect population centers and support mode shift.

(b) The action plan may complement and incorporate existing resources, including the state trails database maintained by the recreation and conservation office, local and regional plans, and the state active transportation plan.

(c) The action plan may also include, but is not limited to:

(i) Recommended design; geometric and operational criteria and typologies appropriate to urban, suburban, and rural settings; settings that include shared use; and incremental approaches to achieve desired facility types;

(ii) A model or methodology to project potential demand and carrying capacity based on facility quality, level of traffic stress, location, directness, land use, and other key attributes;

(iii) Examination of the feasibility of developing high-capacity infrastructure for bicycle and micromobility device use within a variety of contexts and recommendations for pilot projects;

(iv) Identification of key gaps in regional networks, including planned and aspirational routes and locations within three miles of high-capacity transit or existing shared-use paths and trails suitable for transportation;

(v) Identification of legal, regulatory, financial, collaboration, and practical barriers to development and community acceptance and support of such facilities; and

(vi) Recommended strategies to consider and address issues to avoid unintended consequences such as displacement, and to ensure equity in long-term development of such facilities.

(d) The department must provide a report with its initial findings, and recommendations for next steps, to the transportation committees of the legislature by June 30, 2025.

~~((46))~~ \$140,000 of the motor vehicle account—state appropriation is provided solely for the Pierce county ferry to eliminate fares for passengers 18 years of age and younger.

~~(7))~~(5) \$750,000 of the multimodal transportation account—state appropriation is provided solely for a grant program to support local initiatives that expand or establish civilian intervention programs for nonmoving violations, focusing on nonpunitive interventions such as helmet voucher programs, fee offset programs, fix-it tickets, and repair vouchers that provide solutions for vehicle equipment failures for low-income road users.

(a) Grants must be awarded to local jurisdictions based on locally developed proposals to establish or expand existing programs, including programs with community led organizations. Eligible jurisdictions

under the grant program include cities, counties, tribal government entities, tribal organizations, law enforcement agencies, or nonprofit organizations.

(b) The department shall report on its website by December 1st of each year on the recipients, locations, and types of projects funded under this subsection.

~~((+))~~ (6) \$146,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter 428, Laws of 2023 (Wahkiakum ferry). If chapter 428, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(7) (a) \$50,000 of the multimodal transportation account—state appropriation is provided solely for the department to examine the feasibility of creating a new budget program for the active transportation division, including, but not limited to, examining:

(i) Estimated cost, new staffing needs, and time frame to establish the program;

(ii) A proposed budget structure, and whether both operating and capital components should be established; and

(iii) Identification of staff, capital projects, and other resources that would need to be transferred from other existing programs.

(b) By December 1, 2024, the department shall report examination findings and recommendations to the office of financial management and the transportation committees of the legislature.

(8) Beginning January 1, 2025, \$275,000 of the carbon emissions reduction account—state appropriation is provided solely to support Pierce, Skagit, Whatcom, and Wahkiakum county ferries with youth zero-fare policies.

TOTAL APPROPRIATION. . . . .	(( <del>\$42,384,000</del> ))
	<u>\$43,024,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$4,025,000 of the motor vehicle account—state appropriation is provided solely for payments of a financing contract issued pursuant to chapter 39.94 RCW for the department facility located at 15700 Dayton Ave N in Shoreline. All payments from the department of ecology pursuant to the agreement with the department to pay a share of the financing contract for this facility must be deposited into the motor vehicle account.

(2)(a) \$10,011,000 of the move ahead WA account—state appropriation is provided solely for the department to improve its ability to keep facility assets in a state of good repair. In using the funds appropriated in this subsection, the department, with periodic reporting to the joint transportation committee, must develop and implement a prioritization of facility capital preservation needs and repair projects. The legislature intends these to be reasonable, forward-thinking investments that consider potential future space efficiency measures and consolidations, including those assessed as having high commercial value and potential returns to state transportation funds associated with the sale of the property. Prioritization must be based on, but not limited to, the following criteria: (i) Employee safety and facility security; (ii) state and federal regulatory and statutory requirements and compliance issues, including clean buildings requirements; (iii) quality of work issues; (iv) facility condition assessment evaluations and scoring; (v) asset preservation; and (vi) amount of operational support provided by the facility to the achievement of the department's performance measures and outcomes, including facility utilization based on field operations work supported at the location. "Field operations" include maintenance, transportation operations, materials testing, and construction.

(b) By October 15, 2024, covering the first 15 months of the 2023-2025 fiscal biennium, the department must provide a report based on the prioritization of facility preservation needs and repair projects developed pursuant to (a) of this subsection to the office of financial management and the transportation committees of the legislature. The report must include: (i) A by facility ranking based on the criteria implemented; (ii) detailed information on the actions taken in the previous period to address the identified issues and deficiencies; and (iii) the plan, by facility, to address issues and deficiencies for the remainder of the

2023-2025 fiscal biennium and the 2025-2027 fiscal biennium.

(c) The by facility ranking developed under (b) of this subsection must be the basis of an agency budget submittal for the 2025-2027 fiscal biennium.

(3)(a) \$1,200,000 of the multimodal transportation account—state appropriation is provided solely for the department to evaluate safety rest areas along Interstate 5 and Interstate 90 for potential truck parking expansion opportunities. The department shall also evaluate commercial vehicle inspection locations, in coordination with the Washington state patrol, for potential truck parking expansion opportunities.

(b) These evaluations must include assessments of opportunities to provide additional truck parking through rest stop and inspection location reconfiguration, expansion, and conversion, as well as evaluation of potential improvements to restroom facilities at weigh stations with truck parking. The department shall consider opportunities to expand rest stop footprints onto additional department-owned property, as well as opportunities to acquire property for rest stop expansion. Opportunities to convert a rest stop to a commercial vehicle-only rest stop must be considered if property is available to develop a new light-duty vehicle rest stop within a reasonable distance. The department shall include an evaluation of a potential truck parking site at John Hill Rest Area along the Interstate 90 corridor identified in the joint transportation committee's "Truck Parking Action Plan." Evaluations must include cost estimates for reconfiguration, expansion, and conversion, as well as other recommendations for the development of these sites.

(c) The department should consult with the federal highway administration, the Washington state patrol, the Washington trucking association, the freight mobility strategic investment board, and local communities.

(d) The department must update the transportation committees of the legislature on agency activities and their status by December 1, 2023, and to provide a final report to the transportation committees of the legislature by December 1, 2024.

(4) \$15,457,000 of the motor vehicle account—state appropriation is provided solely for making improvements to the department facility located at 11018 NE 51st Cir in Vancouver to meet the Washington state clean buildings performance standard.

(5)(a) \$4,100,000 of the move ahead WA account—state appropriation is provided solely for preliminary engineering and design associated with the demolition and replacement of the department's vehicle repair and parts building at 6431 Corson Avenue South in Seattle. The department must include any requested construction costs of the facility as a separate project as part of its agency budget submittal for the 2025-2027 fiscal biennium utilizing form C-100 for capital projects. The design information must also include detailed information on square footage, components of

the facility, and cost comparisons with similar maintenance facilities.

(b) By September 1, 2024, the office of financial management, in consultation with the department, must develop criteria for preservation and improvement minor works lists for the department's facilities program. The criteria must incorporate, adjusted where appropriate, provisions already in use in the omnibus capital budget act for minor works, including: (i) The dollar limitation for each project to be included in the list; (ii) the types of projects appropriate to be included in the list; (iii) the project length limitation appropriate to be included in the list; and (iv) a recommended initial allotment, revision request approval, and revision notification process associated with the list. The criteria must be the basis of the preservation and improvement minor works list included in the agency budget submittal beginning with the 2025-2027 fiscal biennium.

(c) By September 1, 2024, the office of financial management, in consultation with the department, must also develop criteria for providing building related capital requests in a comparable format, adjusted where appropriate, to provisions already in use in the omnibus capital appropriations act for building projects, including the C-100 capital request form and other detail requirements for omnibus capital appropriations act building submissions.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation, the entire move ahead WA account—federal appropriation, the entire move ahead WA account—state appropriation, and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ((2023-1))2024-1 as developed ((April 21, 2023))February 20, 2024, Program - Highway Improvements Program (I). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 ((of this act)), chapter 472, Laws of 2023.

(2) Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor vehicle account—federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document ((2023-2))2024-2 ALL PROJECTS as developed ((April 21, 2023))February 20, 2024, Program - Highway Improvements Program (I). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, or the federal funds redistribution process must then be applied to highway and bridge preservation activities.

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer appropriation authority between programs I and P, except for appropriation authority that is otherwise restricted in this act, as follows:

(a) Ten days prior to any transfer, the department must submit its request to the office of financial management and the

transportation committees of the legislature and consider any concerns raised.

(b) The director of the office of financial management must first provide written authorization for such transfer to the department and the transportation committees of the legislature.

(c) The department shall submit a report on appropriation authority transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(4) The connecting Washington account—state appropriation includes up to ~~((\$1,737,009,000))~~ \$1,350,479,000 in proceeds from the sale of bonds authorized in RCW 47.10.889.

(5) The special category C account—state appropriation includes up to \$118,773,000 in proceeds from the sale of bonds authorized in RCW 47.10.812.

(6) The transportation partnership account—state appropriation includes up to \$32,643,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(7) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this fiscal biennium;

(b) Allotment modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2023-2025 fiscal biennium in LEAP Transportation Document ~~((2023-2))~~ 2024-2 ALL PROJECTS as developed ~~((April 21, 2023))~~ February 20, 2024;

(c) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Connecting Washington account—state, and move ahead WA account—state; and

(d) The office of financial management must provide notice of allotment modifications authorized under this subsection within 10 working days to the transportation committees of the legislature. By December 1, 2023, and December 1, 2024, the department must submit a report to the transportation committees of the legislature regarding the actions taken to date under this subsection.

(8) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new

facility construction must be transparent and not appropriated within larger highway construction projects.

(9) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70A.205.700, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

(10) By June 30, 2025, to the extent practicable, the department shall decommission the facilities for the Lacey project engineering office and the Tumwater project engineering office at the end of their lease terms and consolidate the Lacey project engineering office and the Tumwater project engineering office into the department's Olympic regional headquarters.

(11) The legislature intends that any savings realized on the following projects will not be attributable to the application of practical design, retired risk, or unused contingency funding for the purposes of RCW 47.01.480:

(a) I-5/Marvin Road/SR 510 Interchange (L1100110); and

(b) I-82/EB WB On and Off Ramps (L2000123).

(12) (a) ~~((\$300,000,000))~~ \$337,114,000 of the coronavirus state fiscal recovery fund—federal appropriation, ~~((\$312,653,000))~~ \$110,439,000 of the motor vehicle account—federal appropriation, ~~((\$427,459,000))~~ \$576,827,000 of the move ahead WA account—state appropriation, and ~~((\$1,293,000))~~ \$8,329,000 of the motor vehicle account—state appropriation are provided solely for the Fish Passage Barrier Removal project (0BI4001) with the intent of fully complying with the federal *U.S. v. Washington* court injunction by 2030.

(b) The fish passage barrier removal program, in consultation with the office of innovative partnerships, shall explore opportunities to employ innovative delivery methods to ensure compliance with the court injunction including, but not limited to, public-private partnerships and batched contracts. It is the intent of the legislature that appropriations for this purpose may be used to jointly leverage state and local funds for match requirements in applying for competitive federal aid grants provided in the infrastructure investment and jobs act for removals of fish passage barriers under the national culvert removal, replacement, and restoration program. State funds used for the purpose described in this subsection must not compromise full compliance with the court injunction by 2030.

(c) The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach by replacing both state and local culverts guided by the principle of providing the

greatest fish habitat gain at the earliest time. The department shall deliver high habitat value fish passage barrier corrections that it has identified, guided by the following factors: Opportunity to bundle projects, tribal priorities, ability to leverage investments by others, presence of other barriers, project readiness, culvert conditions, other transportation projects in the area, and transportation impacts. The department and Brian Abbott fish barrier removal board must provide updates on the implementation of the statewide culvert remediation plan to the legislature by November 1, 2023, and June 1, 2024.

(d) The department must keep track of, for each barrier removed: (i) The location; (ii) the amount of fish habitat gain; and (iii) the amount spent to comply with the injunction.

(e) During the 2023-2025 fiscal biennium, the department shall provide reports of the amounts of federal funding received for this project to the governor and transportation committees of the legislature by November 1, 2023, and semiannually thereafter.

(13) (a) (~~(\$6,000,000 of the move ahead WA account—state appropriation)~~) \$15,000,000 of the model toxics control stormwater account—state appropriation is provided solely for the Stormwater Retrofits and Improvements project (L4000040). It is the intent of the legislature, over the 16-year move ahead WA investment program, to provide \$500,000,000 for this program.

(b) (~~(The appropriation in this subsection)~~) Of the amounts provided in this subsection, \$6,000,000 is provided solely for the Urban Stormwater Partnership - I-5 Ship-Canal Bridge Pilot (Seattle) project.

(c) The funding provided for stormwater retrofits and improvements must enhance stormwater runoff treatment from existing roads and infrastructure with an emphasis on green infrastructure retrofits. Projects must be prioritized based on benefits to salmon recovery and ecosystem health, reducing toxic pollution, addressing health disparities, and cost-effectiveness. The department of transportation must submit progress reports on its efforts to reduce the toxicity of stormwater runoff from existing infrastructure, recommendations for addressing barriers to innovative solutions, and anticipated demand for funding each fiscal biennium.

(14) (a) (~~(\$35,465,000)~~) \$25,067,000 of the connecting Washington account—state appropriation is provided solely for the SR 3 Freight Corridor (T30400R) project. The legislature intends to provide a total of \$78,910,000 for this project, including an increase of \$12,000,000 in future biennia to safeguard against inflation and supply/labor interruptions and ensure that:

(i) The northern terminus remains at Lake Flora Road and the southern terminus at the intersection of SR 3/SR 302;

(ii) Multimodal safety improvements at the southern terminus remain in the project to provide connections to North Mason school district and provide safe routes to schools; and

(iii) Intersections on the freight corridor are constructed at Romance Hill and Log Yard road.

(b) With respect to right-of-way acquisition and the construction of the SR 3 Freight Corridor project (T30400R), tribal consultation with the Suquamish tribe shall begin at the earliest stage of planning, including without limitation on all funding decisions and funding programs, to provide a government-to-government mechanism for the tribe to evaluate, identify, and expressly notify governmental entities of any potential impacts to tribal cultural resources, archaeological sites, sacred sites, fisheries, or other rights and interests in tribal lands and lands within which the tribe possesses rights reserved or protected by federal treaty, statute, or executive order. The consultation is independent of, and in addition to, any public participation process required under state law, or by a state agency, including the requirements of Executive Order 21-02 related to archaeological and cultural resources, and regardless of whether the agency receives a request for consultation from the Suquamish tribe. Regularly scheduled tribal consultation meetings with the Suquamish tribe shall continue throughout the duration of any funding or program decisions and proposed project approval.

(15) \$6,000,000 of the move ahead WA account—state appropriation and \$10,000,000 of the move ahead WA account—federal appropriation are provided solely for the SR 3/Gorst Area - Widening project (L4000017). Tribal consultation with the Suquamish tribe must begin at the earliest stage of planning, including, without limitation, all funding decisions and funding programs, to provide a government-to-government mechanism for the tribe to evaluate, identify, and expressly notify governmental entities of any potential impacts to tribal cultural resources, archaeological sites, sacred sites, fisheries, or other rights and interests in tribal lands and lands within which the tribe possesses rights reserved or protected by federal treaty, statute, or executive order. The consultation is independent of, and in addition to, any public participation process required under state law, or by a state agency, including the requirements of Executive Order 21-02 related to archaeological and cultural resources, and regardless of whether the agency receives a request for consultation from the Suquamish tribe. Regularly scheduled tribal consultation meetings with the Suquamish tribe must continue throughout the duration of any funding program and proposed project approval.

(16) (a) (~~(\$84,500,000)~~) \$94,500,000 of the move ahead WA account—federal appropriation, \$137,500,000 of the move ahead WA account—private/local appropriation, and (~~(\$53,000,000)~~) \$43,000,000 of the move ahead WA account—state appropriation are provided solely for the I-5 Columbia river bridge project (L4000054). The legislature finds that the replacement of the I-5 Columbia river bridge is a project of national significance and is critical for the

movement of freight. One span is now 105 years old, at risk for collapse in the event of a major earthquake, and no longer satisfies the needs of commerce and travel. Replacing the aging interstate bridge with a modern, seismically resilient, multimodal structure that provides improved mobility for people, goods, and services is a high priority. Therefore, the legislature intends to support the replacement of the I-5 Columbia river bridge with an investment of \$1,000,000 over the 16-year move ahead WA investment program.

(b) The legislature recognizes the importance of the I-5/Mill Plain Boulevard project (L2000099) and intends to provide funding for reconstruction of the existing interchange in coordination with construction of the Interstate 5 bridge over the Columbia river.

(c) The department shall provide regular updates on the status of ongoing coordination with the state of Oregon on any interstate agreements regarding sharing of revenues, use of revenues, and fiscal responsibilities of each state. Prior to finalizing any such agreement, the department shall provide a draft of the agreement to the transportation committees of the legislature for review and input. Additionally, the department shall advise on the status of any interstate agreements to the joint transportation committee beginning in September 2023 and quarterly thereafter until any agreements are finalized.

(17) The legislature recognizes the importance of the US-12/Walla Walla Corridor Improvements project (T20900R) and intends to advance funding to provide matching funds if competitive federal funding is awarded for the final remaining four-lane section between Wallula and Nine Mile Hill. The department, in consultation with local governments in the vicinity, must pursue any federal funding available.

(18) \$2,642,000 of the move ahead WA account—state appropriation is provided solely for the US 101/Simdars Bypass project (L4000013).

(19) ~~(\$570,842,000)~~ \$338,512,000 of the connecting Washington account—state appropriation, ~~(\$155,000)~~ \$3,109,000 of the multimodal transportation account—state appropriation, ~~(\$26,537,000)~~ \$27,201,000 of the motor vehicle account—private/local appropriation, ~~(\$200,800,000)~~ \$178,543,000 of the move ahead WA account—federal appropriation, ~~(\$68,191,000)~~ \$36,370,000 of the move ahead WA account—state appropriation, and ~~(\$6,980,000)~~ \$211,131,000 of the motor vehicle account—federal appropriation are provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall continue to collaborate with the affected stakeholders as it implements the corridor construction and implementation plan for state route number

167 and state route number 509. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(c) The entire multimodal transportation account—state appropriation in this subsection is for:

(i) The design phase of the Puyallup to Tacoma multiuse trail along the state route number 167 right-of-way acquired for the project to connect a network of new and existing trails from Mount Rainier to Point Defiance Park; and

(ii) Segment 2 of the state route number 167 completion project shared-use path to provide connections to the interchange of state route number 167 at 54th to the intersection of state route number 509 and Taylor Way in Tacoma.

(d) It is the intent of the legislature that the SR 167/SR 509 Puget Sound Gateway project (M00600R): (i) Receive its current revenue assumption of \$160,000,000 from the connecting Washington account—state in the 2027-2029 fiscal biennium; (ii) maintain the existing \$180,000,000 toll revenue assumption in the 2025-2027 fiscal biennium; (iii) reduce funding in the amount of \$160,000,000 from the Puget Sound Gateway facility account—state in the 2027-2029 fiscal biennium; and (iv) as referenced in the list in subsection (1) of this section, be updated and the LEAP totals be adjusted accordingly.

(20) \$2,213,000 of the connecting Washington account—state appropriation is provided solely for the SR 224/Red Mountain Vicinity Improvement project (L1000291). The department shall provide funding to the city of West Richland to complete the project within the project scope identified by the legislature and within the total amount provided by the legislature. The department shall not amend the project's scope of work to add pavement preservation on state route number 224 from the West Richland city limits to Antinori Road.

(21) (a) ~~(\$394,963,000)~~ \$409,667,000 of the connecting Washington account—state appropriation, ~~(\$400,000)~~ \$500,000 of the state route number 520 corridor account—state appropriation, and ~~(\$4,496,000)~~ \$5,592,000 of the motor vehicle account—private/local appropriation are provided solely for the SR 520 Seattle Corridor Improvements - West End project (M00400R).

(b) Upon completion of the Montlake Phase of the West End project (~~(current anticipated contract completion of 2023)~~), the department shall sell or transfer that portion of the property not ~~((used))~~ necessary for ~~((permanent))~~ transportation ~~((improvements))~~ purposes, and shall initiate a process to convey ~~((that))~~ or transfer such portion of the surplus property to a subsequent owner.

(c) Of the amounts provided in this subsection, \$400,000 of the state route number 520 corridor account—state appropriation is provided solely for noise mitigation activities. It is the intent of

the legislature to provide an additional \$600,000 for noise mitigation activities.

(d) Pursuant to section 2, chapter . . . (Senate Bill No. 6316), Laws of 2024, the department shall apply for a sales tax deferral for construction work on the SR 520 Seattle Corridor Improvements - West End project (M00400R).

(22)(a) \$750,000 of the transportation partnership account—state appropriation is provided solely for the state route number 520 bridge replacement and HOV (8BI1003) to implement signage for the state route number 520 interchange with Montlake Boulevard as a result of public engagement.

(b) The amounts appropriated in this subsection must be used for the following:

(i) Removal of an existing sign bridge on Montlake Boulevard, located immediately south of the Lake Washington Boulevard intersection;

(ii) Replacement of the sign bridge with a pole with mast arm structure bearing appropriate directional signs for northbound motorists, and installation of a similar, advance-notice sign pole and mast arm for northbound motorists on Montlake Blvd at 24th Avenue;

(iii) Repainting, as necessary, an existing sign bridge on the newly constructed Montlake lid with a color decided upon through a public process; and

(iv) Fabrication and installation of a third pole with mast arm structure on southbound Montlake Boulevard immediately north of the west bound state route number 520 bridge onramp with signs directing southbound motorists.

((+21-)) (23) \$450,000 of the motor vehicle account—state appropriation is provided solely for the SR 900 Safety Improvements project (L2021118). The department must: (a) Work in collaboration with King county and the Skyway coalition to align community assets, transportation infrastructure needs, and initial design for safety improvements along state route number 900; and (b) work with the Skyway coalition to lead community planning engagement and active transportation activities.

((+22-)) (24) \$25,000,000 of the motor vehicle account—federal appropriation is provided solely for a federal fund exchange pilot program. The pilot program must allow exchanges of federal surface transportation block grant population funding and state funds at an exchange rate of 95 cents in state funds per \$1.00 in federal funds. The projects receiving the exchanged federal funds must adhere to all federal requirements, including the applicable disadvantaged business enterprise goals. The entirety of the appropriation in this subsection must be held in unallotted status until surface transportation block grant population funding has been offered to the state, and the department determines that a federalized project or projects funded in this section is eligible to spend the surface transportation block grant population funding. ~~((22,500,000))~~ \$23,750,000 from existing state appropriations identified elsewhere within this section are available to be used as part of the exchange. Upon determination

that a project or projects funded in this section is eligible to spend the offered surface transportation block grant population funding, state funds appropriated in this section for the eligible state project or projects in an amount equal to 100 percent of the offered surface transportation block grant population funding must be placed in unallotted status. The legislature intends to evaluate the utility and efficacy of the pilot program in the 2025 legislative session while reappropriating any remaining funds into the 2025-2027 fiscal biennium. Therefore, the department may issue additional calls for projects with any remaining funds provided in this subsection.

((+23- \$5,000,000)) (25) \$9,593,000 of the motor vehicle account—state appropriation, ~~((5,000,000))~~ \$552,000 of the connecting Washington account—state appropriation, and ~~((5,000,000))~~ \$209,000 of the move ahead WA account—state appropriation are provided solely for the SR 522/Paradise Lk Rd Interchange & Widening on SR 522 (Design/Engineering) project (NPARADI), specifically for design of, preliminary engineering, and right-of-way acquisition for the interchange and widening as a single project. The department must consider reserving portions of state route number 522, including designated lanes or ramps, for the exclusive or preferential use of public transportation vehicles, privately owned buses, motorcycles, private motor vehicles carrying not less than a specified number of passengers, or private transportation provider vehicles pursuant to RCW 47.52.025.

(26) Prior to initiating new advertisements or requests for qualifications for projects N00900R, N52600R, M00800R, L1000199, 0BP2001, and M00600R, the department shall convene an expert review panel to review the planned procurement methods and cost estimates for these projects. The panel must consist of up to five representatives of the contracting community with expertise in multiple procurement methods. The panel shall provide recommendations on procurement methods and cost estimates to the office of financial management, the department, and the transportation committees of the legislature by July 1, 2024, for each project stated in this subsection. After the panel's recommendations have been provided, the department may initiate new advertisements and requests for qualifications incorporating the recommendations as appropriate.

(27) \$750,000 of the motor vehicle account—state appropriation is provided solely for the Grady Way Overpass at Rainier Avenue South I-405 BRT Access study (L1000333).

(28) \$2,972,000 of the connecting Washington account—state appropriation is provided solely for the I-5/North Lewis County Interchange project (L2000204) in the 2023-2025 fiscal biennium. It is the intent of the legislature that the total amounts provided for this project on the list in subsection (1) of this section be reduced in future biennia by \$2,500,000.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation, the entire move ahead WA account—federal appropriation, the entire move ahead WA account—state appropriation, and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ((2023-1))2024-1 as developed ((April 21, 2023))February 20, 2024, Program - Highway Preservation Program (P). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 ((of this act)), chapter 472, Laws of 2023.

(2) Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor vehicle

account—federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document ((2023-2))2024-2 ALL PROJECTS as developed ((April 21, 2023))February 20, 2024, Program - Highway Preservation Program (P). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, or the federal funds redistribution process must then be applied to highway and bridge preservation activities.

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer appropriation authority between programs I and P, except for appropriation authority that is otherwise restricted in this act, as follows:

(a) Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised.

(b) The director of the office of financial management must first provide written authorization for such transfer to the department and the transportation committees of the legislature.

(c) The department shall submit a report on appropriation authority transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(4) The transportation partnership account—state appropriation includes up to \$10,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(5) \$22,000,000 of the motor vehicle account—state appropriation is provided solely for extraordinary costs incurred from litigation awards, settlements, or dispute mitigation activities not eligible for funding from the self-insurance fund (L2000290). The amount provided in this subsection must be held in unallotted status until the department submits a request to the office of financial management that includes documentation detailing litigation-related expenses. The office of financial management may release the funds only when it determines that all other funds designated for litigation awards, settlements, and dispute mitigation activities have been exhausted.

(6) Within the connecting Washington account—state appropriation, the department may transfer funds from Highway System Preservation (L1100071) to other preservation projects listed in the LEAP transportation document identified in subsection (1) of this section, if it is determined necessary for completion of these high priority preservation projects. The department's next budget submittal after using this subsection must appropriately reflect the transfer.

(7) By June 30, 2025, to the extent practicable, the department shall decommission the facilities for the Lacey project engineering office and the Tumwater project engineering office at the end of their lease terms and consolidate the Lacey project engineering office and the Tumwater

project engineering office into the department's Olympic regional headquarters.

(8) The appropriations in this section include funding for starting planning, engineering, and construction of the Elwha River bridge replacement. To the greatest extent practicable, the department shall maintain public access on the existing route.

(9) \$25,000,000 of the motor vehicle account—federal appropriation is provided solely for a federal fund exchange pilot program. The pilot program must allow exchanges of federal surface transportation block grant population funding and state funds at an exchange rate of 95 cents in state funds per \$1.00 in federal funds. The projects receiving the exchanged federal funds must adhere to all federal requirements, including the applicable disadvantaged business enterprise goals. The entirety of the appropriation in this subsection must be held in unallotted status until surface transportation block grant population funding has been offered to the state and the department determines that a federalized project or projects funded in this section is eligible to spend the surface transportation block grant population funding. ~~(\$22,500,000)~~ \$23,750,000 from existing state appropriations identified elsewhere within this section are available to be used as part of the exchange. Upon determination that a project or projects funded in this section is eligible to spend the offered surface transportation block grant population funding, state funds appropriated in this section for the eligible state project or projects in an amount equal to 100 percent of the offered surface transportation block grant population funding must be placed in unallotted status. The legislature intends to evaluate the utility and efficacy of the pilot program in the 2025 legislative session while reappropriating any remaining funds into the 2025-2027 fiscal biennium. Therefore, the department may issue additional calls for projects with any remaining funds provided in this subsection.

(10) \$21,000 of motor vehicle account—state appropriation is provided solely for the implementation of chapter 54, Laws of 2023 (bridge jumping signs) (G2000114). ~~((# chapter 54, Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.))~~

(11) \$154,500 of the move ahead Washington account—state appropriation is provided solely for SR 525 Bridge Replacement - Mukilteo (L2021084). The amount in this subsection must be transferred to the city of Mukilteo for purposes of community planning and business engagement.

(12) Beginning January 1, 2025, \$50,000,000 of the carbon emissions reduction account—state appropriation is provided solely for the department to construct active transportation components on preservation projects (L4000057), consistent with the complete streets requirements under RCW 47.04.035. The department must provide a report that

identifies the active transportation components funded with this appropriation to the transportation committees of the legislature by December 1, 2024.

(13) \$100,000,000 of the Move Ahead WA account—state appropriation is provided solely for additional preservation activities (L4000057).

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed in LEAP Transportation Document ((2023-2))2024-2 ALL PROJECTS as developed ((April 21, 2023))February 20, 2024, Program - Washington State Ferries Capital Program (W).

(2) ((~~\$5,000,000~~))\$24,260,000 of the Puget Sound capital construction account—state appropriation is provided solely for emergency capital repair costs (999910K). Funds may only be spent after approval by the office of financial management.

(3) ((~~\$46,818,000~~))\$33,242,000 of the capital vessel replacement account—state appropriation is provided solely for the acquisition of a 144-car hybrid-electric vessel (L2000329). The amounts provided in this subsection are contingent upon the enactment of chapter 429, Laws of 2023.

(4) ((The legislature intends that funding will be provided in the 2025-2027 fiscal biennium))It is the intent of the legislature, that if bids and cash flow permit, the department shall pursue construction of three vessels simultaneously for the initial delivery of hybrid electric Olympic class vessels. In the event that bids are higher than the engineer's estimate, the legislature intends that the department proceed with the best value bid, or bids, for two vessels in the initial delivery.

(5) Beginning January 1, 2025, \$42,000,000 of the carbon emissions reduction account—state appropriation is provided solely for construction of the first hybrid electric Olympic class vessel (L2000329).

(6) \$1,500,000 of the Puget Sound capital construction account—state appropriation is provided solely for the Future Hybrid Electric Ferry Class Pre-Design study (L2021131) to advance procurement of a new class of vessel that will account for changes in technology, staffing, and system needs. The department shall initiate a

vessel design to replace the aging Issaquah class ferries with a new automobile hybrid electric ferry intended to operate on the Vashon Southworth-Fauntleroy route. The ((legislature intends that part of the)) predesign study must include a review of the benefits and costs of constructing all future new vessels based on the same design. The review may also compare and contrast the benefits and costs of ((a 144-vehicle capacity vessel))utilizing the existing hybrid electric Olympic class vessel design with a 124-vehicle capacity vessel.

((45)) (7) \$8,032,000 of the Puget Sound capital construction account—state appropriation is provided solely for modernization of the ticketing and reservation system (990052C). Of this amount, \$3,032,000 must be held in unallotted status until Washington state ferries has consulted with the office of the chief information officer on the project scope and integration capabilities of the reservation system with existing Good to Go! and ORCA next generation products, and reported results to the office of financial management and the transportation committees of the legislature.

((46)) (8) \$125,000 of the Puget Sound capital construction account—state appropriation and \$125,000 of the Puget sound capital construction account—federal appropriation are provided solely for development of a terminal wait times information system (998609A). Washington state ferries must consult with the office of the chief information officer on a technology solution for automated vehicle detection, and report the project scope, along with office of the chief information officer recommendations, to the office of financial management and the transportation committees of the legislature by December 1, 2024.

((47)) (9) The transportation partnership account—state appropriation includes up to \$7,195,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

((48)) (10) For the purposes of ferry and terminal electrification, the department must apply to the department of ecology for additional competitive grant funds available from Volkswagen settlement funds, and report on the status of the grant application by December 1, 2023.

((49)) (11) For the 2023-2025 fiscal biennium, the marine division shall provide to the office of financial management and the transportation committees of the legislature a report for ferry capital projects in a manner consistent with past practices as specified in section 308, chapter 186, Laws of 2022.

(12) Beginning January 1, 2025, \$30,145,000 of the carbon emissions reduction account—state appropriation is provided solely for Electric Ferry - Conversion (G2000084).

(13) Beginning January 1, 2025, \$125,000,000 of the carbon emissions reduction account—state appropriation is provided solely for construction of hybrid electric vessels (L2021073).

(14) Beginning January 1, 2025, \$21,100,000 of the carbon emissions

reduction account—state appropriation is provided solely for Seattle Bainbridge terminal electrification (L2021087).

(15) Beginning January 1, 2025, \$40,000,000 of the carbon emissions reduction account—state appropriation is provided solely for hybrid vessel conversions (L1000339).

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by project and amount in LEAP Transportation Document ((2023-2))2024-2 ALL PROJECTS as developed ((April 21, 2023))February 20, 2024, Program - Rail Program (Y).

(2)(a) \$2,030,000 of the transportation infrastructure account—state appropriation is provided solely for new low-interest loans approved by the department through the freight rail investment bank (FRIB) program. The department shall issue FRIB program loans with a repayment period of no more than 15 years, and charge only so much interest as is necessary to recoup the department's costs to administer the loans. The department shall report annually to the transportation committees of the legislature and the office of financial management on all FRIB loans issued.

(b) ((~~\$7,970,000~~))\$5,650,000 of the transportation infrastructure account—state appropriation is provided solely for new

FRIB program loans recommended by the department for 2024 supplemental transportation appropriations. The department shall submit a prioritized list for any loans recommended to the office of financial management and the transportation committees of the legislature by November 15, 2023.

(c) The department may change the terms of existing loans in the essential rail assistance account for repayment of loans, including the repayment schedule and rate of interest, for a period of up to 15 years for any recipient with a total loan value in the program of over 10 percent as of June 30, 2023.

(3) ((~~\$7,566,836~~))\$7,567,000 of the multimodal transportation account—state appropriation is provided solely for new statewide emergent freight rail assistance projects identified in the LEAP transportation document referenced in subsection (1) of this section.

(4) \$369,000 of the transportation infrastructure account—state appropriation and \$1,100,000 of the multimodal transportation account—state appropriation are provided solely for final reimbursement to Highline Grain, LLC for approved work completed on Palouse River and Coulee City (PCC) railroad track in Spokane county between the BNSF Railway Interchange at Cheney and Geiger Junction and must be administered in a manner consistent with freight rail assistance program projects.

(5) The department shall issue a call for projects for the freight rail assistance program, and shall evaluate the applications in a manner consistent with past practices as specified in section 309, chapter 367, Laws of 2011. By November 15, 2024, the department shall submit a prioritized list of recommended projects to the office of financial management and the transportation committees of the legislature.

(6) \$50,000,000 of the carbon emissions reduction account—state appropriation is provided solely for state match contributions to support the department's application for federal grant opportunities for a new ultra high-speed ground transportation corridor. These funds are to remain in unallotted status and are available only upon award of federal funds. The department must provide periodic grant application updates to the transportation committees of the legislature, as well as anticipated state match estimates for successful grants.

(7) ((~~\$33,500,000~~))\$29,500,000 of the move ahead WA flexible account—state appropriation is provided solely for rehabilitation of the Palouse River and Coulee City Railroad (L400079). Up to \$433,000 of the amount in this subsection may be used for management and oversight of operation and maintenance activities.

(8) ((~~\$15,000,000~~))\$19,990,000 of the multimodal transportation account—federal appropriation is provided solely for the rehabilitation of the Salmon Bay drawbridge (752010A) to ensure the efficient movement of freight and passenger trains.

(9) \$6,300,000 of the carbon emissions reduction account—state appropriation is

provided solely to fund a zero emission drayage truck demonstration project (L1000324) at Northwest Seaport Alliance facilities.

(10) \$14,000,000 of the carbon emissions reduction account—state appropriation is provided solely to fund a zero emission shore power infrastructure demonstration project at Northwest Seaport Alliance facilities (L1000325). Local funds sufficient to fully fund this project must be contributed to the project, and any agreements required for the project must be secured.

(11) \$5,000,000 of the carbon emissions reduction account—state appropriation is provided solely to fund the replacement of two Tacoma rail diesel-electric switcher locomotives with zero emission battery-electric switcher locomotives and to install on-site charging equipment at a Tacoma rail facility (L1000327). Local funds sufficient to fully fund this project must be contributed to the project, and any agreements required for the project must be secured.

(12) \$150,000 of the multimodal transportation account—state appropriation is provided solely for the application of durable markings along state route number 906 to create up to 20 parking spaces for larger vehicles, including trucks (L1000336).

(13) \$26,500,000 of the carbon emissions reduction account—state appropriation is provided solely for port electrification competitive grants (L2021182). ~~((To be eligible to receive state funds under this section, a))~~ All public ports are eligible to receive funds under this subsection. A port seeking to use funds under this subsection to install shore power must ((first)) adopt a policy that requires vessels that dock at the port facility to use shore power if such vessel is capable of using such power and when such power is available at the port facility. Of the amounts provided in this subsection, \$11,500,000 is for Puyallup tribal port electrification projects, which are exempt from the shore power policy requirements under this subsection.

(14) Beginning January 1, 2025, \$8,500,000 of the carbon emissions reduction account—state appropriation is provided solely for Puyallup tribal port electrification projects, which are exempt from the shore power policy requirements under this subsection.

(15) \$2,000,000 of the carbon emissions reduction account—state appropriation is provided solely for port electrification at the port of Bremerton (L1000337), which may include the purchase and installation of zero emission port shore power systems and other zero emission infrastructure, equipment, and technology.

~~((15))~~ (16) \$500,000 of the carbon emissions reduction account—state appropriation is provided solely for port electrification at the port of Anacortes (L1000338), which may include the purchase and installation of zero emission port shore power systems and other zero emission infrastructure, equipment, and technology.

(17) \$25,000,000 of the carbon emissions reduction account—state appropriation is provided solely for ultra high speed rail (L2021074). The legislature intends to provide \$50,000,000 for the project in the 2025-2027 fiscal biennium, and that it be changed accordingly on the LEAP transportation documents referenced in this section.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by project and amount in LEAP Transportation Document ~~((2023-2))~~ 2024-2 ALL PROJECTS as developed ~~((April 21, 2023))~~ February 20, 2024, Program - Local Programs Program (Z).

(2) The amounts identified in the LEAP transportation document referenced under subsection (1) of this section for pedestrian safety/safe routes to school are as follows:

(a) (~~(\$34,673,000)~~)\$47,707,000 of the multimodal transportation account—state appropriation and (~~(\$37,563,000)~~)\$43,058,000 of the climate active transportation account—state appropriation are provided solely for pedestrian and bicycle safety program projects (L2000188 and L1000335). Of the amount of climate active transportation account funds appropriated in this subsection, up to one percent may be used for program administration and staffing.

(b) (~~(\$19,137,000)~~)\$31,553,000 of the motor vehicle account—federal appropriation, (~~(\$38,915,000)~~)\$45,399,000 of the climate active transportation account—state appropriation, and (~~(\$12,844,000)~~)\$21,157,000 of the multimodal transportation account—state appropriation are provided solely for safe routes to school projects (L2000189 and L1000334). Of the amount of climate active transportation account funds appropriated in this subsection, up to one percent may be used for program administration and staffing.

(c) For future rounds of grant selection, the department must reevaluate the criteria to increase geographic diversity of jurisdictions consistent with the requirements of the healthy environment for all (HEAL) act.

(3) The department shall submit a report to the transportation committees of the legislature by December 1, 2023, and December 1, 2024, on the status of projects funded as part of the pedestrian safety/safe routes to school grant program and the Sandy Williams connecting communities grant program.

(4) (~~(\$6,875,000)~~)\$10,906,000 of the multimodal transportation account—state appropriation is provided solely for connecting Washington bicycle and pedestrian projects listed in the LEAP transportation document referenced in subsection (1) of this section.

(5) (~~(\$36,640,000)~~)\$46,580,000 of the motor vehicle account—federal appropriation is provided solely for acceleration of local preservation projects that ensure the reliable movement of freight on the national highway freight system (G2000100). The department will select projects as part of its update of the state freight plan, in consultation with the freight mobility strategic investment board and other stakeholders.

(6) \$23,750,000 of the motor vehicle account—state appropriation is provided solely for a federal fund exchange pilot program. The pilot program will allow exchanges of federal surface transportation block grant population funding and state funds at an exchange rate of 95 cents in state funds per \$1.00 in federal funds. The entirety of the appropriation in this subsection must be held in unallotted status until: Surface transportation block grant population funding has been offered to the state, the department determines that a federalized project or projects funded in section 305 or 306 (~~(of this act)~~), chapter 472, Laws of 2023 is eligible to spend the surface transportation block grant population funding, and state funds appropriated in section 305 or 306 for the

eligible state project or projects in an amount equal to 100 percent of the offered surface transportation block grant population funding have been placed in unallotted status. A report on the effectiveness of the exchange program, the total estimated cost of program administration, and recommendations for continuing the pilot program is due to the governor and transportation committees of the legislature by December 1, 2024. The legislature intends to evaluate the utility and efficacy of the pilot program in the 2025 legislative session while reappropriating any remaining funds into the 2025-2027 fiscal biennium. Therefore, the department may issue additional calls for projects with any remaining funds provided in this subsection.

(7) (~~(\$128,400,000)~~)\$132,400,000 of the move ahead WA account—state appropriation and (~~(\$19,500,000)~~)\$25,000,000 of the move ahead WA flexible account—state appropriation are provided solely for new move ahead WA road and highway projects listed in LEAP Transportation Document ((2023-2)2024-2 ALL PROJECTS as developed ((April 21, 2023)February 20, 2024, Program - Local Programs Program (Z).

(a) For projects funded in this subsection, the department expects to have substantial reappropriations for the 2023-2025 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that is unable to be used in the 2023-2025 fiscal biennium to advance one or more of the projects listed in LEAP Transportation Document ((2023-2)2024-2 ALL PROJECTS as developed ((April 21, 2023)February 20, 2024, Program - Local Programs Program (Z), prioritizing projects first by project readiness.

(i) In instances when projects listed in the LEAP transportation documents referenced in (a) of this subsection are no longer viable or have been completed, the department may recommend in its next budget submittal alternative project proposals from the local jurisdictions if the project is similar in type and scope and consistent with limitations of certain funds provided. In the event that the listed project has been completed the local jurisdictions may, rather than submitting an alternative project, instead be reimbursed in the year in which it was scheduled for documented costs incurred implementing the listed project, not in excess of the amount awarded from the funding program.

(ii) At least 10 business days before advancing or swapping a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2023-2025 fiscal biennium.

(b) Of the amounts provided in this subsection, \$21,000,000 of the move ahead WA account—state appropriation is provided solely for three roundabouts to be constructed on state route number 507 in partnership with local authorities. The roundabout at Vail is with Thurston county,

the roundabout at Bald Hills is with the city of Yelm, and the roundabout at state route number 702 is with Pierce county. The department is to work cooperatively with each local jurisdiction to construct these facilities within department rights-of-way. The department must provide all project pre-design and design information developed to date to the local jurisdictions and have a project implementation agreement in place with each local jurisdiction within 180 calendar days of the effective date of this act. The implementation agreement may provide full control for the local authority to construct the project. Once the roundabouts are completed, the operations and maintenance of the roundabouts are the responsibility of the department.

(8) \$39,185,000 of the climate active transportation account—state appropriation and \$3,000,000 of the move ahead WA flexible account—state appropriation are provided solely for move ahead WA pedestrian and bike projects listed in LEAP Transportation Document ((2023-2))2024-2 ALL PROJECTS as developed ((April 21, 2023))February 20, 2024, Program - Local Programs Program (Z). For projects funded in this subsection, if the department expects to have substantial reappropriations for the 2023-2025 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that is unable to be used in the 2023-2025 fiscal biennium to advance one or more of the projects listed in LEAP Transportation Document ((2023-2))2024-2 ALL PROJECTS as developed ((April 21, 2023))February 20, 2024, Program - Local Programs Program (Z), prioritizing projects first by tier then by project readiness.

(a) In instances when projects listed in the LEAP transportation document referenced in this subsection (8) of this section are no longer viable or have been completed, the department may recommend in its next budget submittal alternative project proposals from the local jurisdictions if the project is similar in type and scope and consistent with limitations of certain funds provided. In the event that the listed project has been completed the local jurisdictions may, rather than submitting an alternative project, instead be reimbursed in the year in which it was scheduled for documented costs incurred implementing the listed project, not in excess of the amount awarded from the funding program.

(b) At least 10 business days before advancing or swapping a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2023-2025 fiscal biennium.

(9) \$16,800,000 of the climate active transportation account—state appropriation is provided solely for the statewide school-based bicycle education grant program (L1000309). The department may partner with a statewide nonprofit to deliver programs.

(10) \$25,000,000 of the climate active transportation account—state appropriation is provided solely for the Sandy Williams

connecting communities pilot program (L1000308) to deliver projects to reconnect communities that have been bifurcated by state highways. Priority must be given to historically marginalized or overburdened communities. The department may consult with the Cooper Jones active transportation safety council to identify geographic locations where there are high incidences of serious injuries and fatalities of active transportation users among vulnerable populations.

(11) \$14,000,000 of the carbon emissions reduction account—state appropriation is provided solely for the Guemes Ferry Boat Replacement project (L4000124).

(12) \$6,500,000 of the move ahead WA flexible account—state appropriation is provided solely for development of an applied sustainable aviation evaluation center (L2021135). Snohomish county, in partnership with Washington State University, shall plan and establish facilities to evaluate, qualify or certify, and research technologies that can minimize the impact of aviation on human health and the environment. Funds may be used for, but are not limited to, planning, construction, and land acquisition for sustainable aviation fuel (SAF) qualification testing (ASTM D4054), research on the impact of SAF on the environment and human health, and SAF storage for the purpose of advancing sustainable aviation. At a minimum, three sustainable aviation platforms must be considered:

- (a) Sustainable aviation fuel (SAF);
- (b) Hydrogen; and
- (c) Battery electric energy storage mechanisms.

(13) The legislature intends to fund the Ballard and Magnolia Bridge project (L4000123) ((and the Aurora Avenue North Safety Improvements project (L4000154))), as described in section 911(18) and (19) ((of this act)), chapter 472, Laws of 2023.

(14) \$200,000 of the multimodal transportation account—state appropriation is provided solely for the Seattle office of planning and community development to update and add to the 2020 I-5 Lid Feasibility Study with additional test cases with ramp changes and removals in downtown Seattle and alternative assumptions with regards to parking, expansion of Freeway Park, affordable housing, and commercial real estate (L2021140). The Seattle office of planning and community development shall conduct ongoing community engagement with underrepresented constituencies to support the technical work of this study and raise public awareness of opportunities of I-5 lids. Focus should be given to low-income households living and working in the I-5 lid study areas in central Seattle.

(15) \$1,000,000 of the multimodal transportation account—state appropriation is provided solely for the department to award grants to local jurisdictions to implement network-wide traffic conflict screening programs using video analytics in controlled intersections with a disproportionate number of traffic violations and injuries to active transportation users (L2021149). Grants must

be awarded proportionally across the state and include controlled intersections in both urban and rural environments and along state highways and county roads. Grant recipients must report back to the department all traffic violation and active transportation facility data acquired during the grant period and provide the department with appropriate next steps for the state and the local jurisdiction to improve traffic safety for active transportation users in such intersections. The department must report such findings and recommendations to the transportation committees of the legislature by December 1, 2024.

(16) (a) (i) \$5,000,000 of the carbon emissions reduction account—state appropriation is provided solely for the department to establish a program for providing rebates to qualifying persons who purchase e-bikes and qualifying equipment and services from a qualifying retailer. Of this amount, \$3,000,000 is for rebate amounts as described under (a) (iii) (A) of this subsection, and \$2,000,000 is for rebate amounts as described under (a) (iii) (B) of this subsection.

(ii) To qualify for and use the rebate under this subsection, a person must be a resident of Washington state and purchase an e-bike and qualifying equipment and services, if any, from a qualifying retailer in this state. Qualifying equipment and services must be purchased as part of the same transaction as the e-bike.

(iii) (A) For persons who are at least 16 years of age and reside in households with incomes at or below 80 percent of the county area median income, the amount of the rebate is up to \$1,200 on the sale of an e-bike and any qualifying equipment and services.

(B) For all other persons who are at least 16 years of age, the amount of the rebate is up to \$300 on the sale of an e-bike and any qualifying equipment and services.

(C) No more than one rebate may be awarded per household.

(iv) (A) The department must establish application procedures for e-bike retailers to participate in the rebate program, and application and award procedures for applicants to participate in the program. If an applicant qualifies for a rebate amount and there is sufficient funds to award the applicant with the appropriate rebate amount, the department must provide the qualifying individual the rebate amount in a format that can be redeemed at the time of purchase at a qualifying retailer.

(B) An applicant must provide contact information, including a physical address, email address, and phone number, and demographic information, including the applicant's age, gender, race, and ethnicity, to the department on a form provided by the department at the time of applying for the rebate. The department may share or provide access to such information with the University of Washington to provide the University of Washington an opportunity to ask program applicants and recipients to fill out a survey collecting information only to the extent to inform its report described under (d) of this subsection.

(v) A qualifying retailer must register with the department before participating in the rebate program. A qualifying retailer must:

(A) Verify the identity of the qualifying individual at the time of purchase; and

(B) Calculate and apply the rebate at the time of purchase.

(vi) The department must reimburse a qualifying retailer that accepts a rebate from a qualifying individual no later than 30 days after the rebate is redeemed.

(vii) For purposes of this subsection (16) (a):

(A) "E-bike" means an electric assisted bicycle as defined in RCW 46.04.169, but does not include mountain bikes.

(B) "Qualifying equipment and services" means a bicycle helmet, safety vest, bicycle light, or bicycle lock, and any maintenance or other services agreed upon by the qualifying retailer and qualifying individual at the time of purchase.

(C) "Qualifying retailer" means a retail business establishment with one or more physical retail locations in this state that provides on-site e-bike sales, service, and repair and has registered with the department to participate in the rebate program established under this subsection.

(b) For fiscal year 2025, \$2,000,000 of the carbon emissions reduction account—state appropriation is provided solely for the department to establish an e-bike lending library and ownership grant program. The department may accept grant applications from other state entities, local governments, and tribes that administer or plan to administer an e-bike lending library or ownership program for their employees for commute trip reduction purposes. The department may also accept grant applications from nonprofit organizations or tribal governments that serve persons who are low-income or reside in overburdened communities and that administer or plan to administer an e-bike lending library or ownership program for qualifying persons. Grant recipients must report program information and participation data to the University of Washington to inform its report described under (d) of this subsection.

(c) It is the intent of the legislature that funding provided in (a) and (b) of this subsection continue to be appropriated in the 2025-2027 and 2027-2029 fiscal biennia.

(d) Of the amounts provided in this subsection (16), \$90,000 is for the department to contract with the University of Washington's sustainable transportation lab to publish a general policy brief that provides innovative e-bike rebate and lending library or ownership grant program models and recommendations, a report on survey results based on data and demographic information collected under the e-bike rebate program established in (a) of this subsection, and a report on program information and data collected under the e-bike lending library and ownership grant program established in (b) of this subsection. An initial brief and report must be submitted to the transportation committees of the legislature by July 1,

2024, with the final policy brief and report due to the transportation committees of the legislature by July 1, 2025.

(e) The department may not collect more than five percent of appropriated amounts to administer the programs under (a) and (b) of this subsection.

(17) ~~((\$21,098,000))~~ \$21,847,000 of the freight mobility investment account—state appropriation and ~~((\$22,728,000))~~ \$27,216,000 of the freight mobility multimodal account—state appropriation are provided solely for freight mobility strategic investment board projects listed in the LEAP transportation document referenced in subsection (1) of this section.

(18) \$4,150,000 of the motor vehicle account—state appropriation is provided solely for matching funds for federal funds to reconstruct Grant county and Adams county bridges as part of the Odessa groundwater replacement program (L1000322).

(19) \$9,240,000 of the connecting Washington account—state appropriation is provided solely for the Aberdeen US 12 Highway-Rail Separation project (L1000331).

(20) ~~((\$750,000 of the motor vehicle account—state appropriation is provided solely for the Grady Way overpass at Rainier Avenue South I-405 BRT Access study (L1000333)).~~

~~(21))~~ The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this fiscal biennium;

(b) Allotment modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2023-2025 fiscal biennium in LEAP Transportation Document ~~((2023-2))~~ 2024-2 ALL PROJECTS as developed ~~((April 21, 2023))~~ February 20, 2024;

(c) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Connecting Washington account—state, and move ahead WA account—state; and

(d) The office of financial management must provide notice of allotment modifications authorized under this subsection within 10 working days to the transportation committees of the legislature. By December 1, 2023, and December 1, 2024, the department must submit a report to the transportation committees of the legislature regarding the actions taken to date under this subsection.

(21) \$5,000,000 of the multimodal transportation account—state appropriation is provided solely for the department to assist local jurisdictions in addressing emergent issues related to safety for pedestrians and bicyclists (LXXXPBF). Funds may only be spent after approval from the office of financial management. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all emergent issues addressed in the prior fiscal biennium. Reporting may be done in conjunction with the transportation operations division.

(22) Beginning January 1, 2025, \$29,162,000 of the carbon emissions reduction account—state appropriation is provided solely for the following projects identified in LEAP Transportation Document 2024-2 ALL PROJECTS as developed February 20, 2024:

(a) North Aurora Safety Improvements (L4000154);

(b) Maple Valley Pedestrian Bridge Over SR 169 (L2021093);

(c) North Broadway Pedestrian Bridge (L2021082);

(d) State Route 547 Pedestrian and Bicycle Safety Trail (Kendall Trail) (L4000144);

(e) Mountains to Sound Greenway "Bellevue Gap" (L4000152);

(f) Olympic Discovery Trail/US 101 Safety (L2021192);

(g) 72nd Ave & Washington Ave Active Transportation Components (L2021194);

(h) Bluff Trail Hood River to White Salmon (L2021199);

(i) Columbia Heights Safety Improvements (L2021195);

(j) Eustis Hunt and 216th Sidewalks (L2021083);

(k) La Center Pac. Hwy Shared Use Path (L2021196);

(l) SR 240/Aaron Dr Complete Streets Improvements (L2021193);

(m) Wallace Kneeland Blvd Active Transportation (L2021198);

(n) Wide Hollow Creek Active Transportation Improvements (L2021200);

(o) Yakima Greenway Active Transportation (L2021201); and

(p) Cowiche Canyon Trail (G2000010).

(23) It is the intent of the legislature that \$500,000 of the motor vehicle account—state appropriation be provided for the Log Yard Road Connector in a future fiscal biennium, and that \$500,000 of the motor vehicle account—state appropriation be provided for Romance Hill Connector project in a future fiscal biennium, and that the list referenced in subsection (1) of this section be updated accordingly.

**IMPLEMENTING PROVISIONS**

**Sec. 501.** 2023 c 472 s 601 (uncodified) is amended to read as follows:  
**MANAGEMENT OF TRANSPORTATION FUNDS WHEN THE LEGISLATURE IS NOT IN SESSION**  
 (1) The 2005 transportation partnership projects or improvements and 2015 connecting

Washington projects or improvements are listed in the LEAP Transportation Document ((2023-1))2024-1 as developed ((April 21, 2023))February 20, 2024, which consists of a list of specific projects by fund source and amount over multiple biennia. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a 16-year plan. The department of transportation is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and connecting Washington account projects on the LEAP transportation document referenced in this subsection. For the 2023-2025 project appropriations, unless otherwise provided in this act, the director of the office of financial management may provide written authorization for a transfer of appropriation authority between projects funded with transportation partnership account appropriations or connecting Washington account appropriations to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

- (a) Transfers may only be made within each specific fund source referenced on the respective project list;
- (b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;
- (c) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed in the current fiscal biennium;
- (d) Transfers may not occur for projects not identified on the applicable project list;
- (e) Transfers to a project may not occur if that project is a programmatic funding item described in broad general terms on the applicable project list without referencing a specific state route number;
- (f) Transfers may not be made while the legislature is in session;
- (g) Transfers to a project may not be made with funds designated as attributable to practical design savings as described in RCW 47.01.480;
- (h) Except for transfers made under (l) of this subsection, transfers may only be made in fiscal year 2024;
- (i) The total amount of transfers under this section may not exceed \$50,000,000;
- (j) Except as otherwise provided in (l) of this subsection, transfers made to a single project may not cumulatively total more than \$20,000,000 per fiscal biennium;
- (k) Each transfer between projects may only occur if the director of the office of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature; and
- (l) Transfers between projects may be made by the department of transportation without the formal written approval provided under this subsection (l), provided that the transfer amount to a single project does not exceed \$250,000 or 10 percent of the total project per fiscal biennium, whichever is less. These transfers must be reported quarterly to the director of the office of

financial management and the chairs of the house of representatives and senate transportation committees.

(2) The department of transportation must submit quarterly all transfers authorized under this section in the transportation executive information system. The office of financial management must maintain a legislative baseline project list identified in the LEAP transportation documents referenced in this act, and update that project list with all authorized transfers under this section, including any effects to the total project budgets and schedules beyond the current fiscal biennium.

(3) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the chairs and ranking members of the transportation committees of the legislature.

(4) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner and address any concerns raised by the chairs and ranking members of the transportation committees.

(5) No fewer than 10 days after the receipt of a project transfer request, the director of the office of financial management must provide written notification to the department of any decision regarding project transfers, with copies submitted to the transportation committees of the legislature.

(6) The department must submit annually as part of its budget submittal a report detailing all transfers made pursuant to this section, including any effects to the total project budgets and schedules beyond the current fiscal biennium.

**Sec. 502.** 2023 c 472 s 606 (uncodified) is amended to read as follows:  
**TRANSIT, BICYCLE, AND PEDESTRIAN ELEMENTS REPORTING**

By November 15th of each year, the department of transportation must report on amounts expended to benefit transit, bicycle, or pedestrian elements within all connecting Washington projects in programs I, P, and Z identified in LEAP Transportation Document ((2023-2))2024-2 ALL PROJECTS as developed ((~~April 21, 2023~~)February 20, 2024), in a manner consistent with past practices as specified in section 602, chapter 186, Laws of 2022.

**Sec. 503.** 2023 c 472 s 609 (uncodified) is amended to read as follows:  
**LOCAL PARTNER COOPERATIVE AGREEMENTS**

(1) If a transportation project, where the Washington state department of transportation is the lead and the project is scheduled to be delivered or completed in the 2023-2025 fiscal biennium as shown on the LEAP Transportation Document ((2023-2))2024-2 ALL PROJECTS as developed ((~~April 21, 2023~~)February 20, 2024), is in jeopardy of being delayed because the department is unable to deliver or complete the project within the 2023-2025 fiscal biennium and other local jurisdictions are

able to deliver or complete the work, the department must coordinate with the appropriate local jurisdictions to determine if a potential local partner is ready, willing, and able to execute delivery and completion of the project within the 2023-2025 fiscal biennium.

(2) The department must compile a list of projects under this section, including the timing under which the local partner agency can deliver or complete the projects within the 2023-2025 and 2025-2027 fiscal biennia. The department must submit the compiled list of projects to the governor and the transportation committees of the legislature by November 1, 2023.

#### MISCELLANEOUS 2023-2025 FISCAL BIENNIUM

**Sec. 601.** RCW 46.68.060 and 2023 c 472 s 705 are each amended to read as follows:

There is hereby created in the state treasury a fund to be known as the highway safety fund to the credit of which must be deposited all moneys directed by law to be deposited therein. This fund must be used for carrying out the provisions of law relating to driver licensing, driver improvement, financial responsibility, cost of furnishing abstracts of driving records and maintaining such case records, and to carry out the purposes set forth in RCW 43.59.010, chapters 46.72 and 46.72A RCW, and RCW 47.04.410. During the 2021-2023 and 2023-2025 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the highway safety fund to the multimodal transportation account, the motor vehicle fund, and the state patrol highway account.

**Sec. 602.** RCW 46.68.300 and 2023 c 472 s 708 and 2023 c 167 s 8 are each reenacted and amended to read as follows:

The freight mobility investment account is hereby created in the state treasury. Money in the account may be spent only after appropriation. Expenditures from the account may be used only for freight mobility projects that have been ((~~approved~~)recommended) by the freight mobility strategic investment board in RCW 47.06A.020 and may include any principal and interest on bonds authorized for the projects or improvements. During the ((~~2019-2021~~ and)) 2021-2023 and 2023-2025 fiscal biennia, the expenditures from the account may also be used for the administrative expenses of the freight mobility strategic investment board.

**Sec. 603.** RCW 36.79.020 and 1997 c 81 s 2 are each amended to read as follows:

There is created in the motor vehicle fund the rural arterial trust account. All moneys deposited in the motor vehicle fund to be credited to the rural arterial trust account shall be expended for (1) the construction and improvement of county rural arterials and collectors, (2) the construction of replacement bridges funded by the federal bridge replacement program on

access roads in rural areas, and (3) those expenses of the board associated with the administration of the rural arterial program. During the 2023-2025 fiscal biennium, account funds may also be used for staffing and other administrative expenses related to assisting local governments individually and collectively in qualifying for additional federal funds.

**Sec. 604.** RCW 82.70.020 and 2015 3rd sp.s. c 44 s 413 are each amended to read as follows:

(1) Employers in this state who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to their own or other employees for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before January 1, ~~((2024))~~2025, are allowed a credit against taxes payable under chapters 82.04 and 82.16 RCW for amounts paid to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed ~~((sixty dollars))~~\$60 per employee per fiscal year.

(2) Property managers who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to persons employed at a worksite in this state managed by the property manager for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before January 1, 2024, are allowed a credit against taxes payable under chapters 82.04 and 82.16 RCW for amounts paid to or on behalf of these persons for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed ~~((sixty dollars))~~ \$60 per person per fiscal year.

(3) The credit under this section is equal to the amount paid to or on behalf of each employee multiplied by ~~((fifty))~~50 percent, but may not exceed ~~((sixty dollars))~~\$60 per employee per fiscal year. No refunds may be granted for credits under this section.

(4) A person may not receive credit under this section for amounts paid to or on behalf of the same employee under both chapters 82.04 and 82.16 RCW.

(5) A person may not take a credit under this section for amounts claimed for credit by other persons.

**Sec. 605.** RCW 82.70.040 and 2022 c 182 s 311 are each amended to read as follows:

(1)(a) The department must keep a running total of all credits allowed under RCW 82.70.020 during each fiscal year. The department may not allow any credits that would cause the total amount allowed to exceed \$2,750,000 in any fiscal year.

(b) If the total amount of credit applied for by all applicants in any year exceeds the limit in this subsection, the department must ratably reduce the amount of credit allowed for all applicants so that the limit in this subsection is not exceeded. If a credit is reduced under this subsection, the

amount of the reduction may not be carried forward and claimed in subsequent fiscal years.

(2)(a) Tax credits under RCW 82.70.020 may not be claimed in excess of the amount of tax otherwise due under chapter 82.04 or 82.16 RCW.

(b) Through June 30, 2005, a person with taxes equal to or in excess of the credit under RCW 82.70.020, and therefore not subject to the limitation in (a) of this subsection, may elect to defer tax credits for a period of not more than three years after the year in which the credits accrue. For credits approved by the department through June 30, 2015, the approved credit may be carried forward and used for tax reporting periods through December 31, 2016. Credits approved after June 30, 2015, must be used for tax reporting periods within the calendar year for which they are approved by the department and may not be carried forward to subsequent tax reporting periods. Credits carried forward as authorized by this subsection are subject to the limitation in subsection (1)(a) of this section for the fiscal year for which the credits were originally approved.

(3) No person may be approved for tax credits under RCW 82.70.020 in excess of \$100,000 in any fiscal year. This limitation does not apply to credits carried forward from prior years under subsection (2)(b) of this section.

(4) No person may claim tax credits after June 30, ~~((2024))~~2025.

**Sec. 606.** RCW 82.70.900 and 2023 c 374 s 18 are each amended to read as follows:

This chapter expires July 1, ~~((2024))~~2025.

**NEW SECTION. Sec. 607.** (1) This section is the tax preference performance statement for section 604, chapter . . . , Laws of 2024 (section 604 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for the preferential tax treatment.

(2) The tax preference performance statement in section 413, chapter 44, Laws of 2015 3rd sp. sess. applies to the expansion of the tax preference in section 604 of this act.

**Sec. 608.** 2022 c 182 s 503 (uncodified) is amended to read as follows:

~~((Sections 311 and))~~Section 403 of this act ~~((expire))~~expires July 1, 2024.

**Sec. 609.** RCW 46.68.170 and 2013 c 306 s 705 are each amended to read as follows:

There is hereby created in the motor vehicle fund the RV account. All monies hereafter deposited in said account shall be used by the department of transportation for the construction, maintenance, and operation of recreational vehicle sanitary disposal systems at safety rest areas in accordance with the department's highway system plan as prescribed in chapter 47.06 RCW. During the

~~((2011-2013 and 2013-2015 fiscal biennia, the legislature may transfer from the RV account to the motor vehicle fund such amounts as reflect the excess fund balance of the RV account to accomplish the purposes identified in this section))~~ 2023-2025 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys from the RV account to the motor vehicle fund.

**Sec. 610.** RCW 47.12.244 and 2013 c 306 s 714 are each amended to read as follows:

There is created the "advance right-of-way revolving fund" in the custody of the treasurer, into which the department is authorized to deposit directly and expend without appropriation:

(1) An initial deposit of ~~((ten million dollars))~~ \$10,000,000 from the motor vehicle fund included in the department of transportation's 1991-93 budget;

(2) All moneys received by the department as rental income from real properties that are not subject to federal aid reimbursement, except moneys received from rental of capital facilities properties as defined in chapter 47.13 RCW; and

(3) Any federal moneys available for acquisition of right-of-way for future construction under the provisions of section 108 of Title 23, United States Code.

~~During the ((2011-2013 and 2013-2015 fiscal biennia, the legislature may transfer from the advance right-of-way revolving fund to the motor vehicle account [fund] amounts as reflect the excess fund balance of the advance right-of-way revolving fund))~~ 2023-2025 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys from the advance right-of-way revolving fund to the JUDY transportation future funding program account.

**NEW SECTION. Sec. 611.** A new section is added to 2023 c 472 (uncodified) to read as follows:

(1) The transportation carbon emissions reduction account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account are intended to affect reductions in transportation sector carbon emissions through a variety of carbon reducing investments. Such investments may include, but are not limited to: Transportation alternatives to single occupancy passenger vehicles; reductions in single occupancy passenger vehicle miles traveled; reductions in per mile emissions in vehicles, including through the funding of alternative fuel infrastructure and incentive programs; and emissions reduction programs for freight transportation, including motor vehicles and rail, as well as for ferries and other maritime and port activities. Expenditures from the account may be made only for transportation carbon emissions reducing purposes and may not be made for highway purposes authorized under the 18th Amendment of the Washington state Constitution, other than as specified in this section, and must be made in accordance with subsection (2) of this section. It is

the legislature's intent that expenditures from the account used to reduce carbon emissions be made with the goal of achieving equity for communities that historically have been omitted or adversely impacted by past transportation policies and practices.

(2) Appropriations in an omnibus transportation appropriations act from the transportation carbon emissions reduction account must be made exclusively to fund the following activities:

- (i) Active transportation;
- (ii) Transit programs and projects;
- (iii) Alternative fuel and electrification;
- (iv) Ferries; and
- (v) Rail.

(3) Unspent appropriations in the 2023-2025 omnibus transportation appropriations act, chapter 472, Laws of 2023, and chapter . . ., Laws of 2024 (this act), which are appropriated from the carbon emissions reduction account before January 1, 2025, must thereafter be paid from the transportation carbon emissions reduction account as if they were appropriated from that account.

(4) Any appropriations from the carbon emissions reduction account beginning January 1, 2025, must lapse.

(5) Any residual balance of funds remaining in the carbon emissions reduction account on or after December 5, 2024, must be transferred by the state treasurer to the transportation carbon emissions reduction account created in this section.

(6) This section expires July 1, 2025.

**NEW SECTION. Sec. 612.** Section 611 of this act takes effect only if the carbon emissions reduction account is abolished on or after December 5, 2024.

(End of part)

**SENATE AMENDMENT TO HOUSE BILL**

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 2134 and asked the Senate for a conference thereon. The Speaker (Representative Orwall presiding) appointed Representatives Barikis, Fey and Paul as conferees.

There being no objection, the House will immediately reconsider the motion on SUBSTITUTE HOUSE BILL NO. 1915.

**MESSAGE FROM THE SENATE**

Thursday, February 29, 2024

Mme. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1915, with the following amendment(s): 1915-S AMS ENGR S5552.E

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature recognizes that acquiring and applying a basic knowledge of personal finance is critical to the economic well-being of all adults. Without this knowledge, persons are much less well equipped to navigate the complicated financial issues of modern life, including household budgets, consumer debt, loan applications and obligations, and successful retirement planning.

(2) The legislature also recognizes that it has taken meaningful steps to support financial education instruction in public schools, including establishing the financial education public-private partnership in 2004, adopting financial education learning standards in 2015, and providing funds in 2022 for financial education professional development for certificated staff.

(3) In recognition of the relevance and importance of personal finance knowledge, the ongoing efforts of the financial education public-private partnership, and the ability of public schools to teach or continue teaching financial education instruction, the legislature intends to ensure that all Washington students are provided financial education instruction. Therefore, the legislature intends to make financial education instruction a required component of public education while maximizing flexibility for school districts to implement the instruction in a manner that recognizes their local circumstances.

**Sec. 2.** RCW 28A.300.468 and 2015 c 211 s 4 are each amended to read as follows:

~~((1)) After consulting with the financial education public-private partnership, the office of the superintendent of public instruction shall make available to all school districts a list of instructional materials that align with the financial education learning standards ~~((integrated into the state learning standards pursuant to RCW 28A.300.460(2)(d)).~~~~

~~(2) School districts shall provide all students in grades nine through twelve the opportunity to access the financial education standards, whether through a regularly scheduled class period; before or after school; during lunch periods; at library and study time; at home; via online learning opportunities; through career and technical education course equivalencies; or other opportunities. School districts shall publicize the availability of financial education opportunities to students and their families. School districts are encouraged to grant credit toward high school graduation to students who successfully complete financial education courses)) adopted in RCW 28A.300.469.~~

**NEW SECTION. Sec. 3.** A new section is added to chapter 28A.230 RCW to read as follows:

(1) (a) Beginning in or before the 2027-28 school year, each school district that operates a high school shall provide all high school students with access to no less than one-half credit of financial education instruction.

(b) The content and instruction required by this subsection (1) may be provided in stand-alone courses or embedded into other courses and subject areas.

(c) Instruction provided in accordance with this subsection (1) must conform with the state financial education learning standards adopted in RCW 28A.300.469.

(2) (a) By December 15, 2025, school districts shall submit to the state board of education and the financial education public-private partnership established in RCW 28A.300.450:

(i) A list of the financial education instruction courses implemented for students during or prior to the 2024-25 school year; and

(ii) A description of the school district actions and other considerations necessary to implement this section.

(b) The financial education public-private partnership shall analyze the information provided under (a) of this subsection and create a statewide implementation plan for the requirements of this section. The plan, which must be submitted to the office of the superintendent of public instruction, the state board of education, and, in accordance with RCW 43.01.036, the appropriate committees of the legislature by September 30, 2026, may include recommendations for additional funding for grants to integrate financial literacy education into professional development for certificated staff and other school district resources in accordance with submissions provided under (a) of this subsection.

(3) Beginning no later than the 2027-28 school year, school districts shall publicize the offering of financial education instruction to students and their parents or legal guardians.

(4) (a) The state board of education shall review and monitor financial education offerings to ensure school district compliance with the requirements of subsection (1)(a) of this section. The reviews and monitoring required by this subsection (4) may be conducted concurrently with other oversight and monitoring conducted by the state board of education.

(b) The state board of education, in accordance with RCW 43.01.036, shall provide a summary of the information collected under this subsection (4) for school years 2027-28 and 2028-29 to the appropriate committees of the legislature by January 10, 2030.

(5) This section governs school operation and management under RCW 28A.710.040 and 28A.715.020, and applies to charter schools established under chapter 28A.710 RCW and state-tribal education compact schools subject to chapter 28A.715 RCW to the same extent as it applies to school districts.

NEW SECTION. **Sec. 4.** Section 2 of this act takes effect August 31, 2027."

On page 1, line 2 of the title, after "education;" strike the remainder of the title and insert "amending RCW 28A.300.468; adding a new section to chapter 28A.230 RCW; creating a new section; and providing an effective date."

and the same is herewith transmitted.

**MESSAGE FROM PACIFIC COUNTY**

BEFORE THE BOARD OF COUNTY COMMISSIONERS  
 PACIFIC COUNTY, WASHINGTON  
 RESOLUTION NO. 2024-010

MATTER OF APPOINTING LILIAN HALE AS  
 TEMPORARY SUCCESSOR TO FILL  
 THE POSITION OF 19TH DISTRICT STATE  
 REPRESENTATIVE DUE TO  
 REPRESENTATIVE JOEL MCENTIRE ENTERING  
 ACTIVE SERVICE OR TRAINING AS PROVIDED FOR  
 UNDER RCW 73.16.041

WHEREAS, pursuant to the provisions of RCW 73.16.041 when any elected officer of the state shall enter active service or training as provided for in RCW 73.16.031, 73.16.033, and 73.16.035 the Board which would ordinarily fill the vacancy created by the death or resignation of the elected official so ordered to such service shall grant an extended leave of absence to cover the period of such active service or training and may appoint a temporary successor to the position so vacated. No leave of absence provided for in this statute shall operate to extend the term for which the occupant of any elected position shall have been elected; and

WHEREAS, Joel McEntire, 19th District State Representative, has advised the Board of County Commissioners that he has been called to active service or training for a leave of absence beginning March 5, 2024, and ending on March 8, 2024.

WHEREAS, pursuant to the provisions of RCW 73.16.041, the Board of County Commissioners is desirous of granting a leave of absence to Joel McEntire, 19th District State Representative for a time frame from approximately March 5, 2024, and ending on March 8, 2024 military orders as well as appointing a temporary successor to the position so vacated.

Now, THEREFORE, BE IT HEREBY RESOLVED by the Board of County Commissioners of Pacific County, pursuant to the provisions of RCW 73.16.041, that the Board does hereby:

1. Grant a leave of absence to Joel McEntire, 19th District State Representative to cover the period of his active service and/or training for the time frame from approximately March 5, 2024, and ending on March 8, 2024.

2. Appoint Lilian Hale as temporary successor of 19th District State Representative for the time frame from March 5, 2024, and ending on March 8, 2024.

PASSED by the following vote this 13th day of February, 2024 by the Board of Pacific County Commissioners meeting in regular session at South Bend, Washington, then signed by its membership and attested to by its Clerk in authorization of such passage:

**MESSAGE FROM LEWIS COUNTY**

**THIRD READING**

**MESSAGE FROM THE SENATE**

Friday, March 1, 2024

Mme. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1012, with the following amendment(s): 1012-S AMS SGE S5299.1

Strike everything after the enacting clause and insert the following:

NEW SECTION. **Sec. 1.** This act may be known and cited as the extreme weather protection act.

NEW SECTION. **Sec. 2.** (1) The legislature finds that cold storm patterns in the winter months, dangerous heat waves in the summer, and other major weather events present severe public health challenges for individuals and families in Washington.

(2) Moreover, the legislature finds that these challenges are not experienced equally across the population. The elderly, people with disabilities, people with low incomes, farmworkers, people experiencing homelessness, and people who historically were zoned to areas that faced increased environmental impacts during weather events are the most at risk for losing their life or being severely impacted by weather-related ailments.

(3) The legislature finds that pets are particularly vulnerable to extreme weather conditions, including increased risk of heatstroke-related illness and death, and the inability for pet owners to find pet friendly accommodations is a major barrier to accessing heating and cooling centers and other resources and prevents individuals from evacuating to safety.

(4) The legislature finds that during the record heatwave of 2021, the deadliest weather-related disaster in Washington on record, over 100 people in Washington and nearly 800 people in the northwest region lost their lives as a result of inability to access cooling centers or resources and hundreds more visited emergency rooms with heat-related illnesses.

(5) The legislature acknowledges that according to scientists at the Pacific Northwest national laboratory, it is predicted that these severe weather events will happen more frequently because of the changing climate.

(6) The legislature finds that the cost to local governments to provide heating and cooling centers are sometimes insurmountable and intends to provide supplemental resources to local jurisdictions and tribal partners where local resources are not available during extreme weather events.

NEW SECTION. **Sec. 3.** A new section is added to chapter 38.52 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department shall develop and implement an extreme weather response grant program for the purpose of assisting political subdivisions and federally recognized tribes, in geographic areas where vulnerable populations face combined, multiple environmental harms and health impacts as determined by the department,

with the costs of responding to community needs during periods of extremely hot or cold weather or in situations of severe poor air quality from wildfire smoke. The department may adopt rules to administer the extreme weather response grant program.

(2) (a) The department may award grants to political subdivisions and federally recognized tribes, in geographic areas where vulnerable populations face combined, multiple environmental harms and health impacts as determined by the department, for reimbursement of costs in accordance with subsection (3) of this section if the costs were incurred by communities that have demonstrated a lack of local resources to address community needs and were incurred for the benefit of vulnerable populations. For the purposes of this section, vulnerability refers to the resilience of communities when confronted by external stresses on human health, such as natural or human-caused disasters. Vulnerable populations include, but are not limited to, individuals with disabilities, individuals without vehicles, older adults, individuals with low incomes or experiencing homelessness, and individuals with limited English proficiency.

(b) The department may utilize grant dollars to purchase temporary, movable shelters, which shall remain in the custody of the department to be loaned out to political subdivisions when requested by the executive head to assist with emergency response to extreme weather events.

(3) The costs associated with the following activities are eligible for reimbursement under the extreme weather response grant program:

(a) Establishing and operating warming and cooling centers, including rental of equipment, purchase of supplies and water, staffing, and other associated costs;

(b) Transporting individuals and their pets to warming and cooling centers;

(c) Purchasing fans or other supplies needed for cooling of congregate living settings;

(d) Providing emergency temporary housing such as rental of a hotel or convention center;

(e) Retrofitting or establishing facilities within warming and cooling centers that are pet friendly in order to permit individuals to evacuate with their pets; and

(f) Other related activities necessary for life safety during a period of extremely hot or cold weather or in situations of severe poor air quality from wildfire smoke as determined by the department.

(4) The department shall, upon request, provide information to political subdivisions and federally recognized tribes regarding the establishment and operation of warming and cooling centers.

(5) Grant funding awarded under this section must be used to supplement, not supplant, other federal, state, and local funding for emergency response.

(6) For purposes of this section, "political subdivision" means any county, city, or town that has established a local organization for emergency management or any joint local organization for emergency

management established pursuant to RCW 38.52.070.

**Sec. 4.** RCW 38.52.105 and 2022 c 157 s 10 are each amended to read as follows:

The disaster response account is created in the state treasury. Moneys may be placed in the account from legislative appropriations and transfers, federal appropriations, or any other lawful source. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for support of state agency and local government disaster response and recovery efforts, including the awarding of grants under section 3 of this act, response by state and local government and federally recognized tribes to the novel coronavirus pursuant to the gubernatorial declaration of emergency of February 29, 2020, and to reimburse the workers' compensation funds and self-insured employers under RCW 51.16.220. Expenditures from the disaster response account may be used for military department operations and to support wildland fire suppression preparedness, prevention, and restoration activities by state agencies and local governments. The legislature may direct the treasurer to make transfers of moneys in the disaster response account to the state general fund."

On page 1, line 1 of the title, after "events;" strike the remainder of the title and insert "amending RCW 38.52.105; adding a new section to chapter 38.52 RCW; and creating new sections."

and the same is herewith transmitted.

Colleen Pehar, Deputy Secretary

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1205, with the following amendment(s): 1205-S2 AMS ENGR S5294.E

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 13.34.080 and 2000 c 122 s 9 are each amended to read as follows:

(1) The court shall direct the ~~((clerk))~~ petitioner to publish notice in a legal newspaper ~~((printed in the county, qualified to publish summons)), as described under RCW 65.16.020, once a week for three consecutive weeks, with the first publication of the notice to be at least twenty-five days prior to the date fixed for the hearing when it appears by the petition or verified statement that:~~

(a)(i) The parent or guardian is a nonresident of this state; or

(ii) The name or place of residence or whereabouts of the parent or guardian is unknown; and

(b) After due diligence, the person attempting service of the summons or notice provided for in RCW 13.34.070 has been unable to make service, and a copy of the notice has been deposited in the post office, postage prepaid, directed to such person at his or her last known place of residence. If the parent, guardian, or legal custodian is believed to be a resident of another state or a county other than the county in which the petition has been filed, notice also shall be published in the county in which the parent, guardian, or legal custodian is believed to reside.

(2) Publication may proceed simultaneously with efforts to provide service in person or by mail, when the court determines there is reason to believe that service in person or by mail will not be successful. Notice shall be directed to the parent, parents, or other person claiming the right to the custody of the child, if their names are known. If their names are unknown, the phrase "To whom it may concern" shall be used, apply to, and be binding upon, those persons whose names are unknown. The name of the court, the name of the child (or children if of one family), the date of the filing of the petition, the date of hearing, and the object of the proceeding in

general terms shall be set forth. There shall be filed with the clerk an affidavit showing due publication of the notice. ~~((The))~~

(3)(a) Except as provided in (b) of this subsection, the cost of publication shall be paid by the ~~((county))~~ petitioner at a rate not greater than the rate paid for other legal notices.

(b) If the petitioner is a minor child or the court finds that the petitioner is an indigent parent or legal guardian, the cost of publication shall be paid or reimbursed by the office of civil legal aid where the petitioner is a minor child, or the office of public defense where the petitioner is a parent or legal guardian, pursuant to procedures set by each agency.

(4) The publication of notice shall be deemed equivalent to personal service upon all persons, known or unknown, who have been designated as provided in this section.

NEW SECTION. Sec. 2. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2024, in the omnibus appropriations act, this act is null and void.

NEW SECTION. Sec. 3. This act takes effect January 31, 2026."

### MESSAGE FROM THE SENATE

Tuesday, February 27, 2024

Mme. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1272, with the following amendment(s): 1272-S2.E AMS SGE S4572.1

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 29A.32.010 and 2003 c 111 s 801 are each amended to read as follows:

The secretary of state shall, whenever at least one statewide measure or office is scheduled to appear on the general election ballot, print and distribute a voters' pamphlet.

The secretary of state shall distribute the voters' pamphlet to each household in the state, to public libraries, and to any other locations ~~((he or she))~~ the secretary deems appropriate. The secretary of state shall also produce ~~((taped))~~ recorded or Braille transcripts of the voters' pamphlet, publicize their availability, and mail without charge a copy to any person who requests one.

The secretary of state may make the material required to be distributed by this chapter available to the public in electronic form. The secretary of state may provide the material in electronic form to ~~((computer bulletin boards))~~ web based, print, and broadcast news media ~~((, community computer networks,))~~ and similar services at the cost of reproduction or transmission of the data.

**Sec. 2.** RCW 29A.32.020 and 2003 c 111 s 802 are each amended to read as follows:

No person or entity may publish or distribute any campaign material that is deceptively similar in design or appearance to a voters' pamphlet that was published by the secretary of state during the ~~((ten))~~ 10-year period before the publication or distribution of the campaign material by the person or entity. The secretary of state shall take reasonable measures to prevent or to stop violations of this section. Such measures may include, among others, petitioning the superior court for a temporary restraining order or other appropriate injunctive relief. In addition, the secretary may request the superior court to impose a civil fine on a violator of this section. The court is authorized to levy on and recover from each violator a civil fine not to exceed the greater of: (1) ~~((Two dollars))~~ \$5 for each copy of the deceptive material distributed, or (2) ~~((one thousand dollars))~~ \$10,000. In addition, the violator is liable for the state's legal expenses and

other costs resulting from the violation. Any funds recovered under this section must be transmitted to the state treasurer for deposit in the general fund.

**Sec. 3.** RCW 29A.32.031 and 2023 c 109 s 8 are each amended to read as follows:
