MESSAGE FROM THE SECRETARY OF STATE

March 14, 1969.

TO THE HONORABLE, THE SPEAKER OF THE HOUSE OF REPRESENTATIVES,
THE LEGISLATURE OF THE STATE OF WASHINGTON,
OLYMPIA, WASHINGTON.

MR. SPEAKER:

I, A. Ludlow Kramer, Secretary of State of the State of Washington and custodian of the Seal of said State, do hereby certify that: I have carefully compared the annexed copy of a proclamation by the Governor calling an extraordinary session of the Legislature to convene on the 14th day of March, 1969, with the original copy of said proclamation now on file in this office, and find the same to be a full, true and correct copy of said original, and the whole thereof, together with all official endorsements thereon.

IN TESTIMONY WHEREOF, I have set my hand and affixed hereto the seal of the State of Washington. Done at the Capitol at Olympia on this the date of March 14, 1969.
(SEAL OF THE STATE OF WASHINGTON)

A. LUDLOW KRAMER
Secretary of State.

PROCLAMATION BY THE GOVERNOR

Office of the Governor, March 13, 1969.

The 41st session of the Washington Legislature has before it significant legislation of importance to our citizens. This is now the sixtieth day, and much of the work required by the people of the State of Washington of their legislators still is not finished. While the legislature has not completed its work, the committees and both houses have considered many bills which can be adopted in an extraordinary session. The areas of major concern to which the legislature should direct its attention are:

First: Tax Reform. It is imperative that our citizens be given the opportunity to vote on a thorough and complete tax reform program. It is important not only to propose a tax amendment for the voters' approval, but also to adopt an income tax statute upon which they can base their judgment. We cannot continue to increase the sales tax, the property tax, and unfair taxes imposed on business. A fair income tax, together with adequate protections for property owners and appropriate reductions in other taxes remains the first priority of this administration.

Second: Constitutional Reform. We continue to work under a state Constitution that no longer is appropriate to our needs. I urge the passage of a gateway amendment which will permit the amendment of the constitution by broad subject matter.

Third: Executive Reorganization. An efficient and effective structure for the management of state government is critically needed. The expanding role of state government, the increasing complexity of the problems we face in this state, and the continuing demand for adequate services make it imperative that the legislature provide the kind of executive organization that is responsive and responsible to the wishes and needs of the people.

Fourth: Recreation and Environment. Important legislation is still pending which is designed to protect our environment and promote the development of recreational facilities. The legislature should enact a water safety act, a bill to protect the landscape from the blight of uncontrolled surface mining, a bill providing for a coordinated program of solid waste disposal and the important legislation designed to inventory our rivers and shorelands and other legislation to preserve and develop our recreational facilities.

Fifth: Human Resources. The legislature has not acted upon legislation adopting a comprehensive licensing act for all health care facilities, a bill providing for a medical examiner system, bills improving our parole and penal system, an act promoting the development of low-cost housing, and a fair housing act.

Lastly, significant legislation has been introduced in the broad areas of labor, education and youth, and effective government. Included are such important items as the establishment of the intermediate appellate court, the passage of an amendment to the state Constitution extending the right to vote to our 18-year-old citizens, and the updating of our unemployment compensation and workmen's compensation laws. These bills deserve the attention of the legislators before they return to their communities.

Because these problems have not yet been dealt with, an emergency exists constituting an extraordinary occasion within the meaning of Article III, Section 7, of the Constitution of the State of Washington:

NOW, THEREFORE, I, Daniel J. Evans, Governor of the State of Washington, by virtue of the authority vested in me by the Constitution, do hereby convene the Legislature of the State of Washington in Extraordinary Session in the Capitol at Olympia on the fourteenth day of March, A.D. 1969, at the hour of nine o'clock a.m.; and

I DO HEREBY SPECIFY, in accordance with the requirements of the Constitution that the purposes for which the Legislature is convened are:

To appropriate sufficient funds and raise sufficient revenues to carry on the necessary functions and services of state government; and

To consider the enactment of the several other measures specified above for the benefit of the people of the State of Washington.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia, this thirteenth day of March, A.D. Nineteen Hundred and Sixty-nine.

DANIEL J. EVANS
Governor of Washington.

BY THE GOVERNOR:
A. LUDLOW KRAMER

Secretary of State.

EXPLANATIONS OF VOTE

My reason for voting against Engrossed House Joint Resolution No. 24 was the same as that which I inserted in the Journal explaining the reason for my "no" vote during the regular session. GEORGE W. CLARKE, 41st District.

I wish the record to show that I had to be away from the House a few hours Friday, March 14th. While I was away the House repassed 151 Bills back to the Senate that had passed the House in the regular session.

Having recorded my vote on these bills in the regular session, I did not feel it necessary to be in attendance for the routine exercise of revoting on these bills. DUANE L. BERENTSON, 40th District.

WHEREAS, The abundance of green in the attire of the members of the House of Representatives on this Saint Patrick's Day attests to the large percentage of Irish ancestry prevalent in the State of Washington and to the obvious respect that the citizens have for the country of Ireland; and

AFTERNOON SESSION

The Speaker called the House to order at 2:00 p.m.

The clerk called the roll and all members were present except Representatives Bottiger, Hubbard and Wolf. Representative Wolf was excused.

MOTIONS

On motion of Mr. Bledsoe, the House reverted to the eighth order of business for purpose of a motion.

On motion of Mr. Bledsoe, House Bill No. 486 was rereferred from the Committee on Rules and Administration to the Committee on Labor and Employment Security.

SECOND READING

HOUSE BILL NO. 26, by Representatives McCaffree, Bledsoe, Charette, Moon,

Hausler, Marsh, Litchman, Cunningham, Ceccarelli, Backstrom, Whetzel, Murray, Amen, Chatalas and Kopet (by Legislative Council request):

Effectuating open space tax relief constitutional amendment.

Committee recommendation: Majority, do pass with the following amendment:

On page 5, section 4, line 5, after "fication" and before the period insert "": PROVIDED, That the assessors shall impose and collect upon the property for the ten years last past an amount which would be the difference between the property tax paid as 'open space land' and the amount of property tax otherwise due and payable had the land not been so classified, and the owner shall be liable therefor, and the same may be collected, as in the case of any other property taxes levied against the land"

The bill was read the second time.

Mrs. McCaffree moved that the committee amendment not be adopted.

POINT OF INQUIRY

Mrs. McCaffree yielded to question by Mr. King.

Mr. King: "Does the amendment you are going to propose also include a ten-year roll back?"

Mrs. McCaffree: "Yes."

The motion was carried, and the committee amendment was not adopted.

Mr. Grant moved adoption of the following amendment:

On page 1, section 2, line 16, after "land," strike all of the matter down to and including "of this section" in line 19.

Debate ensued, Representative Grant speaking in favor of adoption of the amendment.

POINT OF INQUIRY

Mr. Grant yielded to question by Mr. Barden.

Mr. Barden: "Representative Grant, is it your feeling then that the agricultural land in the Green River valley should not be accorded the opportunity to seek a tax shelter under the open spaces provision?"

Mr. Grant: "Yes, that is my feeling, Mr. Barden. It is my feeling that the agricultural land in the Kent valley and the timberland that abuts growing populace areas and has a value of ten or twenty thousand dollars an acre should not be given a special tax exemption, any more than should a person who has a small recreational area in his backyard."

Representatives Bledsoe, Charette, Whetzel and Savage spoke against adoption of the amendment.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Hawley.

Mr. Hawley: "On page 1, line 25, section 2, under (g) it says: 'retain in its natural state tracts of land of not less than five acres situated in an urban area and open to public use on such conditions as may be reasonably required by the legislative body granting the open space classification.' What is the practical meaning of that particular phrase?"

Mr. Charette: "I think the practical meaning of that phrase is that land, as it says, that is not less than five acres, situated in an urban area, can be maintained for open use. Then you have to go to the section that the county commissioners would establish the open space qualification."

Mr. Hawley: "It says not less than five acres. It could be over five acres?"

Mr. Charette: "That is right, Mr. Hawley."

Mr. Hawley: "And it would mean that anyone who claimed open space provisions under this act would have to subject that land to public use as per the governing body?"

Mr. Charette: "I would assume only if they claim it as a public use piece of land at the time they applied to the governing body, which is the board of county commissioners, that would be applicable, yes."

Representative Clark (Newman H.) spoke against adoption of the amendment.

POINT OF INQUIRY

Mr. Cunningham yielded to question by Mr. Gallagher.

Mr. Gallagher: "Mr. Cunningham, in Kent valley, if there was a five-acre tract that was declared to be open space, and an L.I.D. district that surrounded it assessed for sewers, and forced him to sell because of the assessment, would he still qualify under the open space provision?"

Mr. Cunningham: "That sounds like a technical question to me, but I would assume it would qualify, from what I have heard of the discussion and what I have read of the bill."

Mr. Gallagher: "Mr. Cunningham, would he be forced to sell it at the going market price to pay the L.I.D. and not be covered by the open space amendment? Would he be forced out in a year or two?"

Mr. Cunningham: "That would depend a great deal on the circumstances of the owner and what is happening in the particular area, but I doubt very much if this would happen if the intent of the open space legislation is being carried out. I doubt it would happen in that situation."

Representative Moon spoke against adoption of the amendment by Mr. Grant.

Mr. Bledsoe demanded the previous question and the demand was sustained.

The amendment was lost.

Mr. Grant moved adoption of the following amendment:

On page 2, section 2, line 5, after "county as" strike all of the matter down through line 27 and insert "open space land"

Remember the remaining subsections consecutively.

Debate ensued, Representative Grant speaking in favor of adoption of the amendment, and Representative Farr speaking against it.

POINT OF INQUIRY

Mr. Grant yielded to question by Mr. Farr.

Mr. Farr: "You mentioned that the people did not vote in House Joint Resolution No. 1 on timber and agricultural land. Not being facetious, I would like to ask your understanding of what they did vote on, when they voted in favor of this last fall."

Mr. Grant: "Mr. Farr, I think the people, in reality, voted on what they thought would be a measure providing for open space. I think the billboard campaign, the entire campaign on behalf of House Joint Resolution No. 1 was pointed in that direction, and I think they were snookered."

Representative Charette spoke against adoption of the amendment.

POINT OF INQUIRY

Mr. Barden yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "Counselor, will you explain to me, please, what effect this Grant amendment would have on the Green River valley, or the Spokane River valley as far as that is concerned?"

Mr. Barden: "Representative Kuehnle, I can't tell you what I think would happen to Spokane River valley, but as far as the Green River valley is concerned, we have had some unique things happening there recently. The Boeing Company built an aerospace facility in the northern part of Kent near Renton, and they also built a facility in Auburn which is south of the city of Kent, both in Green River valley; and the people living on the periphery of these multi-million dollar plants who were growing rhubarb, beans and cabbages, suddenly found the taxes were more than they grossed in the sale of their agricultural products; so with great enthusiasm and a lot of hard work, a campaign was successful in that part of our state to pass House Joint Resolution No. 1. This bill, House Bill No. 26, implements House Joint Resolution No. 1, which would provide the tax relief to these people so we can continue in the green agricultural areas surrounding our urban centers to grow food for the populace and maintain open spaces and to farm a small farm. I think Representative Grant's amendment would have the effect of destroying the tax shelter we have worked so hard to create and force virtually all the agricultural farmers in Green River valley out of business."

Further debate ensued, Representative Heavey speaking in favor of adoption of the amendment by Mr. Grant, and Representatives Cunningham and Sprague speaking against it.

Mr. Brown demanded an electric roll call and the demand was sustained.

Mr. Bledsoe demanded the previous question and the demand was sustained.

ROLL CALL

The clerk called the roll on the adoption of the amendment by Mr. Grant, and the amendment was lost by the following vote: Yeas, 10; nays, 84; absent or not voting, 5.

Voting yea: Representatives Brouillet, Chatalas, Grant, Hatfield, Heavey, Hurley, King, Marzano, Randall, Richardson—10.

Voting nay: Representatives Adams, Amen, Anderson, Bagnariol, Barden, Beck, Benitz, Berentson, Bledsoe, Bluechel, Bozarth, Brown, Ceccarelli, Chapin, Charette, Clark (Newman H.), Clarke (George W.), Conner, Conway, Copeland, Cunningham, Curtis, DeJarnatt, Evans, Farr, Flanagan, Fleming, Francis, Gallagher, Garrett, Gladder, Goldsworthy, Harris, Haussler, Hawley, Hoggins, Jastad, Jolly, Jueling, Julin, Kalich, Kink, Kirk, Kiskaddon, Kopet, Kuehnle, Leckenby, Leland, Litchman, Lynch, Mahaffey, Marsh, Martinis, May, McCaffree, McCormick, Mentor, Merrill, Moon, Morrison, Murray, Newhouse, North, O'Brien, O'Dell, Pardini, Perry, Rosellini, Saling, Savage, Sawyer, Schumaker, Scott, Shera, Smythe, Spanton, Sprague, Swayze, Thompson, Veroske, Wanamaker, Whetzel, Wojahn, Mr. Speaker—84.

Absent or not voting: Representatives Backstrom, Bottiger, Hubbard, Wolf, Zimmerman—5.

EXPLANATION OF VOTE

I would like to be recorded as voting "no" on Representative Grant's amendment to House Bill No. 26. HAROLD S. ZIMMERMAN, 17th District.

Mr. Grant moved adoption of the following amendment:

On page 3, section 3, line 4, after "section 2" and before "of this" strike "subsections (1), (3), or (4)" and insert "subsection (1)"

Debate ensued, Representative Grant speaking in favor of adoption of the amendment, and Representatives Leland and Whetzel speaking against it.

Mr. Pardini demanded the previous question and the demand was sustained.

The amendment was lost.

With the consent of the House, Mr. Grant withdrew the remainder of his amendments.

Mrs. McCaffree moved adoption of the following amendment:

On page 5, section 4, line 5, after "fication" and before the period insert "": PROVIDED, That the assessors shall impose and collect upon the property for the ten years last past an amount which would be the difference between the property tax paid as 'open space land', 'farm and agricultural land' and 'timberland' and the amount of property tax otherwise due and payable had the land not been so classified, and the owner shall be liable therefor, and the same may be collected, as in the case of any other property taxes levied against the land"

Representative McCaffree spoke in favor of adoption of the amendment.

POINT OF INQUIRY

Mrs. McCaffree yielded to question by Mr. Litchman.

Mr. Litchman: "I appreciate why you are attempting to penalize the individual who sells his property during the changeover, but what about the tax penalty? Have you included in your amendment a provision to have him pay a penalty for changing, other than back taxes?"

Mrs. McCaffree: "The penalty provision in the bill applies to any lands when the use is changed. In the bill if you stay in the program for your full ten years, you have five years in the program and five years in which to give notice; or say you are in the program for ten years and you give a five-year notice, you have to stay in the program for fifteen years. When you get out of the program at the end of the contract, in the bill as it was originally written, there was no penalty. The only penalty was if you changed use before the end of the time of your contract. This would give a ten-year rollback or you would have to pay the back taxes, the differential between the current use tax and the highest and best use tax for the last ten years you were in the program, under any circumstance."

Mr. Litchman: "But I don't think you answered my question exactly. If I failed to pay my taxes this year, I have to pay an eight percent penalty. Don't you think the committee should have considered an amendment—a proviso to penalize the individual beyond what he should have paid? Shouldn't he also have to pay interest on the taxes due?"

Mrs. McCaffree: "Yes, but you say if he didn't pay his taxes."

Mr. Litchman: "If he didn't pay the differential?"

Mrs. McCaffree: "The penalty for not paying the taxes is there in any case, I believe. This was not considered. The penalty they wanted to put in was the penalty for the difference between current use and the highest and best use."

Further debate ensued, Representative Heavey speaking in favor of the amendment, and Representative Newhouse speaking against it.

Mr. Litchman moved adoption of the following amendment to the amendment by Mrs. McCaffree:

Amend the amendment by Mrs. McCaffree as follows: In line 6 after "classified," insert "in addition to interest at the rate of eight percent."

Debate ensued, Representative Litchman speaking in favor of adoption of the amendment to the amendment, and Representative Flanagan speaking against it.

Mr. King demanded an electric roll call and the demand was not sustained.

Representative Bledsoe spoke against adoption of the amendment by Mr. Litchman to the amendment by Mrs. McCaffree.

Mr. Newhouse demanded the previous question and the demand was sustained.

The amendment to the amendment was lost.

The Speaker declared the question before the House to be the amendment by Mrs. McCaffree.

Further debate ensued, Representative Chapin speaking in favor of adoption of the amendment, and Representative Charette speaking against it.

Mr. Newhouse demanded the previous question and the demand was sustained.

Mr. Chatalas demanded an electric roll call and the demand was sustained.

ROLL CALL

The clerk called the roll on the adoption of the amendment by Mrs. McCaffree to House Bill No. 26 and the amendment was lost by the following vote: Yeas, 42; nays, 53; absent or not voting, 4.

"NEW SECTION. Sec. 11. Any land which is classified as 'open space land' and assessed according to current and not potential use pursuant to the provisions of section 5 of this act, shall be prominently posted as 'open space land' by the owner or owners thereof, and the open space land shall be freely accessible to the general public for camping, picnicking, fishing and other general outdoor recreational uses.

POINT OF INQUIRY

Mr. Randall yielded to question by Mr. Leland.

Mr. Leland: "Mr. Randall, the amendment that you have just offered (and any of the gentlemen on the floor who are attorneys might give me a hand on this), would it apply only to those so-called open space parcels that a person had sought to include, or would it apply to all property?"

Mr. Randall: "No, the interpretation of this amendment by the recodifying attorney is that the statute covering eminent domain, as it now reads, does not clearly state open space land. This would apply the concept of eminent domain to any land that had been applied for as open space land, and that is all. Right now the statute does not cover it."

POINT OF INQUIRY

Mrs. McCaffree yielded to question by Mr. O'Brien.

Mr. O'Brien: "Mrs. McCaffree, have you given any consideration to the large indebtedness that most of these retirement homes have? They are heavily mortgaged. What is going to happen in the future to their scale of rents? Have you looked into this phase of whether or not a retirement home could meet this heavily increased tax burden that you are going to place on them?"

Mrs. McCaffree: "Yes, Mr. O'Brien, we did look into this quite extensively. Many of them do have a large mortgage. Now the question is, Do we subsidize these mortgages of retirement homes just because they have overextended themselves? We decided, for instance, some of the retirement homes have only a fifty percent occupancy. The problem is that they have overbuilt. The retirement home exemption should apply, I feel, to help pay for the low income, aged and infirm people. The reason we put the grandfather clause in the

bill was because they did have these mortgages, which we didn't think should apply to anyone who was now in a retirement home, because they had laid out their plans for the people they now have. So it would apply to people coming in after the effective date of this act."

Mr. O'Brien: "Under the grandfather clause then, those who are in the retirement home, who have income of less than three thousand dollars, are exempt? They would have the tax exemption?"

Mrs. McCaffree: "Everybody in the entire home has the tax exemption now, and everyone in the home right now would continue to have this tax exemption. House Bill No. 48 only applies to the people coming into these retirement homes after the effective date of this act."

Mr. O'Brien: "Did you think about placing the entire institution on the grandfather clause? Maybe new institutions that are formed to take care of this retirement problem should have this incurred taxation rather than the present homes, which would leave the present homes the way they are, with their commitments, payment of mortgages, and scale of rents, and have this act apply only to new homes. Did you give any consideration to this idea?"

Mrs. McCaffree: "We didn't give consideration to this for we feel there are many retirement homes whose residents are well able to pay this tax. They use all the services of local government and they are completely tax-exempt. We felt that this was not right. We felt we simply had to have this apply to our retirement homes right now. If you apply it to the future homes, the ones that are now able to pay will be exempt forever, and we felt this was not the intent of what we were trying to do."

Mr. Chapin demanded the previous question and the demand was sustained.

POINT OF ORDER

Mr. Moon: "Mr. Speaker, Representative Litchman said he had an amendment that would follow this one which would take care of the private, individual homeowner as well as the people in the retirement homes. If this is the case, and RCW 84.36.128 is amended, there will be no need to have this amendment that we are presently considering."

The Speaker: "I am not quite sure I understand your point of order, Mr. Moon."

Mr. Moon: "What I am trying to say is that if this amendment which Mr. Litchman says they will propose next is adopted it will take care of the problem we are dealing with presently. It will raise the level not only of the individual homeowner, but because of the way this is written, when the individual homeowner exemption is raised, the retirement home resident is also raised the same way. In other words, the way it is presently written it is tied-in to be an equitable type so that both of them have the same consideration."

The Speaker: "I think you are dealing with two separate areas in the bill. I don't think that either amendment will take care of the other section automatically. I think we have to deal with both amendments separately."

Mr. Moon: "That is what Representative Litchman said. I haven't seen his amendment, but he says his amendment would raise the income level of exemption to the private homeowner. If this is the case, then the way House Bill No. 48 is presently written, there will be no need for us to enact this amendment because they are both on a similar or equitable basis."

POINT OF ORDER

Mr. Chatalas: "Mr. Speaker, regardless of what the other amendment is, I think we should vote on this one. Maybe the other one will not pass, so we need this one first, Mr. Moon."

MOTION

On motion of Mr. Bledsoe, the House recessed until 1:00 p.m.

AFTERNOON SESSION

The Speaker called the House to order at 1:00 p.m.

The clerk called the roll, and all members were present except Representatives Bottiger and Wolf who were excused.

SECOND READING

HOUSE BILL NO. 48, by Representatives McCaffree, Newhouse, Moon, Mahaffey, Lynch and Bagnariol (by Legislative Council request):

Removing tax exemption to retired homes under certain conditions.

The House resumed consideration of House Bill No. 48 on second reading.

The Speaker declared the question before the House to be the point of order raised by Mr. Moon.

PARLIAMENTARY INQUIRY

Mr. Litchman: "To try to answer the point of order, it seems to me that Mr. Moon has raised a good question here, that the amendment by Mrs. McCaffree, adopted by the House previously, applies so that the retirement home people should be treated like the people owning their individual homes. If that is our correct interpretation, then possibly we could take care of what we are attempting to do here in one amendment rather than two. Now it is my understanding there is an amendment on the desk attempting to raise the exemption from three thousand dollars to four thousand dollars to apply to the individual home. If the Speaker rules that it would apply also to the individual homes, we could then withdraw our proposed amendment and attempt to tack it onto Mr. Cunningham's amendment. The question I raise, therefore, and that Mr. Moon raised, is whether, if we withdrew this amendment and attempted to perfect the Cunningham amendment, we could take care of the retirement homes and the individual homes with one amendment."

RULING BY THE SPEAKER

The Speaker: "We have discussed this, and frankly I am not in a position to say whether you are right or wrong. It would appear to me that there would be no objection to consideration of your amendment at this time. The House could either reject it or adopt it, and then consider Mr. Cunningham's amendment with any appropriate amendment that you might suggest, and if that amendment to the amendment fails or is adopted, I think we would be on safer ground, relying on the judgment of you who have looked into it as opposed to those of us who haven't. It would seem to me there would be nothing wrong with perfecting both sections."

The Speaker declared the question before the House to be the amendment by Representatives Chatalas, Heavey and Litchman to the committee amendment to House Bill No. 48. The previous question had been demanded and an electric roll call requested.

POINT OF INQUIRY

Mr. Chatalas: "Mr. Speaker, it has been so long since we discussed this, I think it would be a good idea to clarify matters a little."

The Speaker instructed the clerk to read the committee amendment and the amendment to the amendment.

The clerk called the roll on the adoption of the amendment by Representatives Chatalas, Heavey and Litchman to the committee amendment to House Bill No. 48, and the amendment was lost by the following vote: Yeas, 37; nays, 53; absent or not voting, 9.

Remember the remaining sections consecutively.

Mr. Litchman moved adoption of the following amendment by Representatives Litchman, Grant, Chatalas and Marzano to the amendment by Representative Cunningham:

POINT OF ORDER

Mr. Flanagan: "I had an amendment to the amendment on the desk for several days."

The Speaker: "Mr. Flanagan, we have the long amendment by Mr. Cunningham that has been read, and we are considering now the amendment to the amendment by Representatives Litchman, Grant, Chatalas and Marzano."

Mr. Flanagan: "I had my amendment up there three or four days ago."

Mr. Sprague: "You have an estimate of one and a half million dollars additional revenue. Is that annually or biennially?"

Mrs. McCaffree: "Annually."

Mr. Sprague: "That is three million dollars a biennium. Do you have any estimate as to how that one and a half million dollars would be reduced by the Litchman amendment?"

Providing for solid waste management.

Committee recommendation: Majority, do pass with the following amendment:

Strike everything after the enacting clause and substitute the following:

"NEW SECTION. Section 1. The legislature finds:

"(1) Continuing technological changes in methods of manufacture, packaging, and marketing of consumer products, together with the economic and population growth of this state, the rising affluence of its citizens, and its expanding industrial activity have created new and ever-mounting problems involving disposal of garbage, refuse, and solid waste materials resulting from domestic, agricultural, and industrial activities.

"(2) Traditional methods of disposing of solid wastes in this state are no longer adequate to meet the ever-increasing problem. Improper methods and practices of handling and disposal of solid wastes pollute our land, air and water resources, blight our countryside, adversely affect land values, and damage the overall quality of our environment.

"NEW SECTION. Sec. 2. The purpose of this act is to establish a comprehensive statewide program for solid waste handling which will prevent land, air, and water pollution and conserve the natural and economic resources of this state. To this end it is the purpose of this act:

"(1) To assign primary responsibility for adequate solid waste handling to local government, reserving to the state, however, those functions necessary to assure effective programs throughout the state;

"(2) To provide for adequate planning for solid waste handling by local governments;

"(3) To provide for the adoption and enforcement of basic minimum performance standards for solid waste handling;

"(4) To provide technical and financial assistance to local governments in the planning, development, and conduct of solid waste handling programs.

"NEW SECTION. Sec. 3. As used in this act, unless the context indicates otherwise:

"(1) 'City' means every incorporated city and town.

"(2) 'Committee' means the solid waste advisory committee.

"(3) 'Department' means the department of environmental quality.

"(4) 'Director' means the director of the department of environmental quality.

"(5) 'Disposal site' means the location where any final treatment, utilization, processing, or depository of solid waste occurs.

"(6) 'Functional standards' means criteria for solid waste handling expressed in terms of expected performance or solid waste handling functions.

"(7) 'Jurisdictional health department' means city, county, city-county, or district public health department.

"(8) 'Person' means individual, firm, association, copartnership, political subdivision, government agency, municipality, industry, public or private corporation, or any other entity whatsoever.

"(9) 'Solid waste' means all putrescible and nonputrescible solid and semi-solid wastes including garbage, rubbish, ashes, industrial wastes, demolition and construction wastes, abandoned vehicles or parts thereof, discarded home and industrial appliances, manure, vegetable or animal solid and semi-solid wastes, and other discarded materials.

"(10) 'Solid waste handling' means the storage, collection, transportation, treatment, utilization, processing, and final disposal of solid wastes.

"NEW SECTION. Sec. 4. There is created a solid waste advisory committee to provide consultation to the department of environmental quality concerning matters covered by this act. The committee shall advise on the development of programs and regulations for solid waste management, and shall supply recommendations concerning methods by which existing solid waste management practices and the laws authorizing them may be supplemented and improved.

"The committee shall consist of seven members, including the assistant director for the division of solid waste management within the department. The remaining six members shall be appointed by the director with due regard to the interests of the public, local government, agriculture, industry, public health, and the refuse removal industry. The term of appointment shall be determined by the director. The committee shall elect its own chairman and meet at least four times a year, in accordance with such rules of procedure as

it shall establish. Members shall receive no compensation for their services but shall be reimbursed twenty-five dollars per diem for each day or portion thereof spent serving as members of the committee and shall be paid their necessary traveling expenses while engaged in business of the committee as prescribed in chapter 43.03 RCW, as now or hereafter amended.

"NEW SECTION. Sec. 5. The department shall furnish necessary staff services and facilities required by the solid waste advisory committee.

"NEW SECTION. Sec. 6. The department in accordance with procedures prescribed by the Administrative Procedure Act, chapter 34.04 RCW, as now or hereafter amended, may adopt such minimum functional standards for solid waste handling as it deems appropriate. The department in adopting such standards may classify areas of the state with respect to population density, climate, geology, and other relevant factors bearing on solid waste disposal standards.

"NEW SECTION. Sec. 7. The solid waste advisory committee shall review prior to adoption and shall recommend revisions, additions, and modifications to the minimum functional standards governing solid waste handling relating, but not limited to, the following:

"(1) Vector production and sustenance.

"(2) Air pollution (coordinated with regulations of the environmental quality department).

"(3) Pollution of surface and ground waters (coordinated with the regulations of the environmental quality department).

"(4) Hazards to service or disposal workers or to the public.

"(5) Prevention of littering.

"(6) Adequacy and adaptability of disposal sites to population served.

"(7) Design and operation of disposal sites.

"(8) Salvaging.

"Each city shall:

"(1) Prepare and deliver to the county auditor of the county in which it is located its plan for its own solid waste management for integration into the comprehensive county plan; or

"(2) Enter into an agreement with the county pursuant to which the city shall participate in preparing a joint city-county plan for solid waste management; or

"(3) Authorize the county to prepare a plan for the city's solid waste management for inclusion in the comprehensive county plan.

With prior notification of its home county of its intent, a city in one county may enter into an agreement with a city in an adjoining county, or with an adjoining county, or both, to prepare a joint plan for solid waste management to become part of the comprehensive plan of both counties.

"After consultation with representatives of the cities and counties, the department shall establish a schedule for the development of the comprehensive plans for solid waste management. In preparing such a schedule, the department shall take into account the probable cost of such plans to the cities and counties.

"NEW SECTION. Sec. 9. Each county and city solid waste management plan shall include the following:

"(1) A detailed inventory and description of all existing solid waste handling facilities including an inventory of any deficiencies in meeting current solid waste handling needs.

"(2) The estimated long-range needs for solid waste handling facilities projected twenty years into the future.

Upon each review such plans shall be extended to show long range needs for solid waste handling facilities for twenty years in the future, and a revised construction and capital acquisition program for

six years in the future. Each revised solid waste handling plan shall be submitted to the department of environmental quality.

"NEW SECTION. Sec. 12. The department shall provide to counties and cities technical assistance in the preparation, review and revision of solid waste handling plans required by this act.

"NEW SECTION. Sec. 14. Counties and cities shall match their planning aid allocated by the director by an amount not less than twenty-five percent of the estimated cost of such planning. Any federal planning aid made directly to a county or city shall not be considered either a state or local contribution in determining local matching requirements. Counties and cities may meet their share of planning costs by cash and contributed services.

"NEW SECTION. Sec. 15. Upon the allocation of planning funds as provided in section 13 of this act, the department shall enter into a contract with each county receiving a planning grant. The contract shall include such provisions as the director may deem necessary to assure the proper expenditure of such funds including allocations made to cities. The sum allocated to a county shall be paid to the treasurer of such county.

"NEW SECTION. Sec. 16. Each county, or any city, or jurisdictional board of health shall adopt regulations or ordinances governing solid waste handling implementing the comprehensive solid waste management plan covering storage, collection, transportation, treatment, utilization, processing and final disposal including the issuance of permits. Such regulations or ordinances shall assure that solid waste storage and disposal facilities are located, maintained, and operated in a manner so as properly to protect the public health, prevent air and water pollution, and avoid the creation of nuisances. Such regulations or ordinances may be more stringent than the minimum functional standards adopted by the department. Regulations or ordinances adopted by counties, cities, or jurisdictional boards of health shall be filed with the department of environmental quality.

"NEW SECTION. Sec. 17. "(2) Upon receipt of an application for a permit to establish, alter, expand, improve, or continue in use a solid waste disposal site, the jurisdictional health department shall refer one copy of the application to the department of environmental quality which shall report its findings to the jurisdictional health department.

"(3) The jurisdictional health department shall investigate every application as may be necessary to determine whether an existing or proposed site and facilities meet all applicable laws and regulations, and conforms with the approved comprehensive solid waste handling plan, and complies with all zoning requirements.

"(4) When the application for permit for a solid waste disposal site is approved by the department of environmental quality and when the jurisdictional health department finds that the permit should be issued, it shall issue such permit. Every application shall be approved or disapproved within ninety days after its receipt by the jurisdictional health department.

"(5) The jurisdictional board of health may establish reasonable fees for permits and renewal of permits. All permit fees collected by the health department shall be deposited in the treasury and to the account from which the health department's operating expenses are paid.

"NEW SECTION. Sec. 19. Every permit for a solid waste disposal site shall be renewed annually on a date to be established by the jurisdictional health department having jurisdiction of the site. Prior to renewing a permit, the health department shall conduct such inspections as it deems necessary to assure that the solid waste disposal site and facilities

located on the site meet minimum functional standards of the department of environmental quality and applicable local regulations.

"NEW SECTION. Sec. 20. Any permit for a solid waste disposal site issued as provided herein shall be subject to suspension at any time the jurisdictional health department determines that the site or the solid waste disposal facilities located on the site are being operated in violation of this act, or the regulations of the department or local laws and regulations.

"NEW SECTION. Sec. 21. Whenever the jurisdictional health department denies a permit or suspends a permit for a solid waste disposal site, it shall, upon request of the applicant or holder of the permit, grant a hearing on such denial or suspension within thirty days after the request therefor is made. Notice of the hearing shall be given all interested parties including the county or city having jurisdiction over the site and the department of environmental quality. Within thirty days after the hearing, the health officer shall notify the applicant or the holder of the permit in writing of his determination and the reasons therefor. Any party aggrieved by such determination may appeal to the department of environmental quality by filing with the director a notice of appeal within thirty days after receipt of notice of the determination of the health officer. The department shall hold a hearing in accordance with the provisions of the Administrative Procedure Act, chapter 34.04 RCW, as now or hereafter amended.

"NEW SECTION. Sec. 22. Any jurisdictional health department may apply to the department for financial aid for the enforcement of rules and regulations promulgated under this act. Such application shall contain such information, including budget and program description, as may be prescribed by regulations of the department.

"After receipt of such applications the department may allocate available funds according to criteria established by regulations of the department considering population, urban development, the number of the disposal sites, and geographical area.

"The sum allocated to a jurisdictional health department shall be paid to the treasury from which the operating expenses of the health department are paid, and shall be used exclusively for inspections and administrative expenses necessary to enforce applicable regulations.

"NEW SECTION. Sec. 23. The jurisdictional health department applying for state assistance for the enforcement of this act shall match such aid allocated by the department in an amount not less than twenty-five percent of the total amount spent for such enforcement activity during the year. The local share of enforcement costs may be met by cash and contributed services.

"NEW SECTION. Sec. 24. After the adoption of regulations or ordinances by any county, city, or jurisdictional board of health providing for the issuance of permits as provided in section 16 of this act, it shall be unlawful for any person to dump or deposit or permit the dumping or depositing of any solid waste onto or under the surface of the ground or into the waters of this state except at a solid waste disposal site for which there is a valid permit: PROVIDED, That nothing herein shall prohibit a person from dumping or depositing solid waste resulting from his own activities onto or under the surface of ground owned or leased by him when such action does not violate statutes or ordinances, or create a nuisance. Any person violating this section shall be guilty of a misdemeanor.

"NEW SECTION. Sec. 25. Whenever solid wastes dumped in violation of section 24 of this act contain three or more items bearing the name of one individual, there shall be a rebuttable presumption that the individual whose name appears on such items committed the unlawful act of dumping.

"NEW SECTION. Sec. 26. The department shall in addition to its other powers and duties:

"(1) Cooperate with the appropriate federal, state, interstate and local units of government and with appropriate private organizations in carrying out the provisions of this act.

"(2) Coordinate the development of a solid waste management plan for all areas of the state in cooperation with local government, the planning and community affairs agency or its successor, and other appropriate state and regional agencies. The plan shall relate to solid waste management for twenty years in the future and shall be reviewed biennially, revised as necessary, and extended so that perpetually the plan shall look to the future for twenty years as a guide in carrying out a state coordinated solid waste management program.

"(3) Provide technical assistance to any person as well as to cities, counties, and industries.

"(4) Initiate, conduct, and support research, demonstration projects, and investigations, and coordinate research programs pertaining to solid waste management systems.

"(5) May, under the provisions of the Administrative Procedure Act, chapter 34.04 RCW, as now or hereafter amended, from time to time promulgate such rules and regulations as are necessary to carry out the purposes of this act.

"NEW SECTION. Sec. 27. Nothing in this act shall be deemed to change the authority or responsibility of the Washington utilities and transportation commission to regulate all intrastate carriers.

POINT OF INQUIRY

Mr. Whetzel yielded to question by Mr. Hawley.

Mr. Hawley: "Does this apply to cities according to their ordinances?"

Mr. Whetzel: "This also allows cities to set up ordinances to provide for the disposal of vehicles. The reason is that there are a number of cities who have contracts with tow truck operators for doing this. For example, the city of Seattle and the tow truck operator that has that particular contract with the city wanted to have this in the city ordinance in addition to state law."

Mr. Hawley: "In the event that you owned a piece of vacant property and someone had abandoned an automobile on this property and you moved it on to the street and into the alley, would it come under the law and could it be picked up?"

Mr. Whetzel: "Mr. Hawley, I think you are dealing with a matter that is slightly beyond the scope of this bill but I will try to answer it as best I can. On private property now, this isn't a matter where law enforcement officers will call a tow truck operator in to get rid of the abandoned car. That is the responsibility of the property owner. I think as you have correctly stated, to get the truck people and police, or sheriff, or state patrol, to take the car away, you have to push it on the public highway."

Mr. Hawley: "The owner of the property could do that without liability?"

Mr. Whetzel: "I think that probably would be right, because if someone puts a car on your property, he is a trespasser and I think he is probably not entitled to protection. But there is a bill before this body in the Judiciary Committee, Senate Bill No. 150, which does authorize tow truck operators to go on private property at the request of the owner and remove those cars that are improperly parked or abandoned there, and I think that bill would solve the problem about which you are concerned."

POINT OF INQUIRY

Mr. Gladder: "Mr. Whetzel, this calls for an annual budget of around five and one half million dollars which will no doubt continue to spiral upward as the years go on. I'd like your personal opinion."

Mr. Whetzel: "Mr. Gladder, this bill doesn't add any functions. It simply transfers existing functions of these agencies, and I would assume that one of the purposes of this is some economy in administration."

Absent or not voting: Representative Bottiger—1.

The Speaker declared the question before the House to be Engrossed Substitute House Bill No. 797 on final passage.

The Speaker recognized Representative Conner.

Mr. Conner: "Mr. Speaker, ladies and gentlemen of the House, I was one of the sponsors on the original bill that has since been changed to a committee bill, but I would like to call your attention to the fact that what we are doing is effectively locking in the entire cross-sound transportation picture for at least the next thirty-five years. We are talking about a two hundred twelve million dollar package. At the present time there is some twenty to thirty million dollars that is owed on the system. Now we are talking about expanding this to some two hundred twelve million dollars even before we start paying interest. I am asking you whether it is worth this price of expansion for a couple of feeder bridges and some toll road facilities to be built? It is true that we do need new ferries and new terminals, but I am asking you a question of whether we should obligate this state to the tune of nearly a half billion dollars for these bridges? As Representative Beck said, there is a question as to whether they fit into the overall picture. One of the reasons I am particularly concerned is the fact that what we are doing is effectively locking in the Hood

Canal floating bridge into this entire cross-sound package for infinitum, so to speak. We are talking about the year 2003 and then going on another twenty or thirty years, probably, beyond that. Who can say when we are ever going to be able to pay this off? We have an extra quarter of a cent from the Puget Sound Reserve Account to be placed against the bonds for this project, and all we will be doing, in effect, is milking the Hood Canal Bridge to pay for the cross-sound transportation program. Now we feel from our area that certainly we are obligated to pay the maintenance and operation of the bridge. We are obligated to pay the bond capacity of the bridge. We are obligated for our share and even more for the cross-sound transportation project. But what you are doing is effectively locking in the rate structure at what it is now, and perhaps spiraling it up as far as the bridge is concerned, for all of those who use the bridge from the North Olympic Peninsula. I would certainly hope that there would be some other way that we could go about solving this cross-sound transportation project without locking up the entire program for the next forty years to come."

The Speaker recognized Representative Mentor.

Mr. Mentor: "Mr. Speaker, ladies and gentlemen, this bridge package that we are talking about here is going to tie Kitsap County together and provide a rapid transit type of ferry service to Seattle by Winslow. It will eventually pay for itself in the next twenty years. It will reduce the operating losses we have in our ferry transportation system now, and I feel also that if it is financially feasible, it will provide passenger service into Bremerton. This is one thing the people of Bremerton are very concerned about. I think it is a good bill and would be an asset to the Puget Sound metropolis and to the people of Kitsap County and Bremerton."

The Speaker recognized Representative Perry.

Mr. Perry: "Mr. Speaker, ladies and gentlemen, as one of the sponsors of this monstrosity, I would like to point out to you that on the bottom of page 9 we are indemnifying this little project with guaranteed increases in the ferry fares and the tolls in such amounts that are necessary to retire the debt. In other words, we are not just playing around with the cross-sound transportation to Bremerton. We've got all the rest of the ferry runs of the state involved in this little package. So you are not just talking about tying the feeder bridges together, you are talking about paying for it, and making sure it's a solvent operation with every other ferry that operates in the state's rates."

POINT OF INQUIRY

Mr. Newhouse yielded to question by Mr. Beck.

Mr. Beck: "Mr. Newhouse, will you tell me in what section of Substitute House Bill No. 197 it mentions any amount of bonds that are to be sold?"

Mr. Newhouse: "No, I cannot quote you that, Mr. Beck."

Mr. Beck: "Well, Mr. Newhouse, there is no mention of it made in this. It just gives the toll bridge authority and the highway commission a blank check to go out and sell bonds at any interest rates that are available when they want to sell them."

The Speaker recognized Representative Beck.

Mr. Beck: "Mr. Speaker, ladies and gentlemen, as I pointed out, section 2 of this bill just authorizes them to go out and sell bonds. No mention is ever made of how many are going to be sold. Section 8 specifically gives them the authority to go out and sell additional bonds. For your information, in 1970 they are going to sell sixty-four million dollars worth of bonds for the first stage of this thing. This bill is going to build a great big twelve hundred car parking facility over on Bainbridge Island in the vicinity of Winslow. It builds a great big cement parking building over there for the traffic in Seattle.

"Section 3 of this bill authorizes over twenty miles of toll roads. We are embarking, ladies and gentlemen of this House, on a toll road project in the state of Washington. If they were building decent toll roads, maybe we should consider this, but you are building between a metropolitan area of some fifty thousand people, a little old two-lane highway between Bremerton and Seattle. I ask you, would you consider such a thing between the City of Everett, or the City of Tacoma, or between the cities of Everett and Bellingham, and all these cities? Mr. Newhouse, I would ask you, over in Yakima if you would even consider over there building a brand new highway with only two lanes in it? Gentlemen, you are building over twenty miles of highway—a toll road—these tolls are going to be paid from the fares that are collected on your ferry system. There are some eleven ferry routes in this operation that we've got going up here in Puget Sound. Not one single one of those ferry routes have ever made their expenses. One year, in the year 1954, we did make our operating expenses, but we didn't make any expenses up there for the full amount of debt service. That was the only year that the ferry operation ever made their operating expenses.

"Section 4 of this bill is very cleverly written. It says that automobile ferry service shall be terminated into the City of Bremerton upon the completion of this bridge which is seven and one half miles north of Bremerton. Ladies and gentlemen, right here I have a letter from the Assistant Secretary of the Navy that says that at times of peak traffic there are over one

thousand military people in that shipyard that want to utilize that ferry—commute on that ferry system. Gentlemen, you are cutting off all transportation to this one hundred seventy-five million dollar a year payroll—the second largest industrial payroll in the state of Washington. We've got a lot to offer over there in that area. We are a very definite industrial area that contributes one hundred seventy-five million dollars a year to the economy. What you are doing is jeopardizing the efficiency of that navy yard. San Francisco and Long Beach would love to have that naval shipyard down in their cities. Believe me, you cut this transportation off and you are going to impair the efficiency of that great naval shipyard in Bremerton, and believe me, it's not going to set well with the Navy. The Secretary of the Navy took the trouble to write us a letter and state that this was going to pose problems for them.

"Section 11 of this bill takes not just a quarter of a cent a year of gasoline tax, it takes a whole half a cent. Now you people in Skamania, and Whitman, and Spokane, and King, and Yakima County and Thurston County, this is taking a half a cent of your nine-cent gasoline tax in the state of Washington here, and don't think that this isn't going to affect the highway program in your county. This is going to affect it vitally. Believe me, it is.

"Section 13 of this bill states that in the year 2010 when these forty-year bonds are paid off, then the ferry system, the tolls are going to have to remain on and repay the over five hundred million dollar cost of this thing all over again. In the year 2010, then we are going to have to start paying back all this half a cent gasoline tax from the tolls on the ferries. Do you think we'll have these ferries we're buying forty years from now? No, you are going to need new ferries then. Folks, this is a bum bill.

"Section 15 of this bill requires that the ferry system be operated to make six million twenty thousand dollars a year net profit available for debt service. That isn't the cost to maintain and operate it. You've got to pay for the cost of maintaining and operating, and you've got to make over six million dollars a year to pay off these bonds on this two hundred twelve million dollar bond issue.

"Yes, I could go on; I could tell you that this seven hundred thousand dollar Hovercraft study is going to bring a couple of little old thirty-six passenger Hovercraft over here that someone is going to play with up on Puget Sound. We are not interested in a thirty-six passenger ferry service to Bremerton. You've got to have a minimum of five hundred passengers. At times when there are a thousand sailors wanting to get out of town, you need something bigger than a thirty-six passenger Hovercraft. Or you'll be all day getting them over there. And you'll never be able to get them back to the ship. You people who have been in the service know you've got to get back. I could go on and on and make a speech about this bill. I just hope you'll defeat it."

The Speaker recognized Representative Newhouse.

Mr. Newhouse: "Mr. Speaker, I would like to answer one of Mr. Beck's questions and point out that once I did serve in the Navy in Bremerton, but that's neither here nor there.

"You will recall the testimony in the Transportation Committee in which I asked the Highway Department what the classification of these highways connecting these bridges might be. The answer was, It would not be above the principal classification in the classification of state highways, and nowhere down in my country do we have a principal classification beyond a two-lane highway, Mr. Beck. I don't think you should expect a four-lane highway in Kitsap County on a principal classification route."

The Speaker recognized Representative Wanamaker.

Mr. Wanamaker: "Thank you, Mr. Speaker. I think before we get carried away in hysteria here, we'd better be looking at the bill and see exactly what it does and what we have to face.

"When we speak about the roads being toll roads, of course, we would all like to see them paid out of gas tax money. However, in Kitsap County, it's been a number of years (and I think Mr. Beck has been down here and has been on the Interim Committee on Highways) and we still do not have the freeway finished in Kitsap County. Therefore, to build bridges and not build the connecting highways would seem a little bit silly—to build a couple of bridges across water and then no way to get to them. In order to insure this, we have included the roads into the toll facility. Furthermore, I feel that we can't look at this as just something in Kitsap County. I think every legislator in this room knows what has happened to the ferry system in the past ten years. It has never been able to carry itself on a sound financial basis. This is one thing which we are trying to do. Instead of a half a cent going into the fund, I assure you, and you can read the bill, it is only a quarter—one quarter of the half goes back into the highway fund.

"I urge you to take a good look at this bill and realize the situation we face in this Puget Sound country, and the conditions we are facing at the present time with our ferry system. It is necessary that we set out on some type of program such as this, which is a twenty-year program, to put the ferry system and the cross-sound program on a basis that we can live with. Thank you."

POINT OF INQUIRY

Mr. Wanamaker yielded to question by Mr. Mentor.

Mr. Mentor: "As I understand it, the highways are going to be limited access highways in

this package and that there will be some type of fast passenger service, either by Hovercraft or piggyback from Winslow into Bremerton. Is that right?"

Mr. Wanamaker: "I am sure that the toll bridge authority and the ferry system is always interested in any kind of service that can carry even its own weight. If we can show service into Bremerton, or any other place in the Sound that would be a sound financial run, that cannot necessarily make money but that they could even hold their own, they would be more than willing to have the service and continue service in those areas."

The bill was read the second time.

Mr. Hoggins moved adoption of the first committee amendment.

Debate ensued, Representatives Hoggins, Brouillet and Conway speaking in favor of adoption of the amendment, and Representatives Swayze and Julin speaking against it.

POINT OF INQUIRY

Mr. Hoggins yielded to question by Mr. Saling.

Mr. Saling: "Mr. Hoggins, in view of the discussion, I hesitate to ask, but I will anyway, are you an elementary school principal?"

Mr. Hoggins: "Not at the present time, but hopefully when we are done here I will be."

Mr. Saling: "Do you consider yourself the educational leader of your building?"

Mr. Hoggins: "This is discharged by my school district."

Mr. Saling: "If you were put on the opposite side of your teachers, what would this do to your educational leadership in your particular building?"

Mr. Hoggins: "I think it depends a little bit on the area. As far as the supervision and evaluation of teachers and their performance, I think it would have no difference. As far as the development of school policy and building policy, I think it would have a great deal of difference. Right now it is the philosophy of our school district that I am part of an educational team in a school service area. We try to develop policy for the best interest of the boys and girls, and also for the best interest of the school district. It is a cooperative and a joint kind of effort. We hope to make an impact on school policy. If I am, as a principal, separated out of this group, then I represent a particular point of view and this becomes a combatant situation as you seek to develop policy and seek to develop procedures and educational programs, rather than a cooperative and a joint effort."

Further debate ensued, Representatives Saling, Flanagan, Randall and Smythe speaking in favor of adoption of the amendment, and Representative Sprague speaking against it.

Mr. Wolf demanded the previous question and the demand was sustained.

The first committee amendment was adopted on a rising vote.

On motion of Mr. Hoggins, the next committee amendment was adopted.

Mr. Hoggins moved adoption of the third committee amendment, and the amendment was adopted on a rising vote.

On motion of Mr. Hoggins, the fourth and fifth committee amendments were adopted.

PARLIAMENTARY INQUIRY

Mr. Hoggins: "Mr. Speaker, may I suggest that we adopt the next five committee amendments in total because they are the same as the first five we adopted. With the new educational code, which hasn't passed yet, we need to adopt the law in two places."

The Speaker declared that with the consent of the House, the next five committee amendments would be considered as one.

Mr. Hoggins moved adoption of the next five committee amendments.

POINT OF INQUIRY

Mr. Hoggins yielded to question by Mr. Grant.

Mr. Grant: "Mr. Hoggins, I really wish you would explain this a little more fully. I'm not sure these amendments do exactly what you indicate."

Mr. Hoggins: "If you will look at the bill, Mr. Grant, it is divided essentially into two parts. The first part deals with section 2, chapter 143, Laws of 1965, of the present revised code. Section 2 deals with the proposed 1969 code. This is House Bill No. 58 which has passed the House and I understand is coming back from the Senate. But it is necessary with the educational bills we are passing this session, where we make an amendment, to amend the bill in two sections so we can have an operating procedure under existing law, and then amend the proposed new education code. It has to be the same in two parts. I'm sorry it has to be done, but this is the procedure we must follow."

The amendments were adopted.

House Bill No. 308 was ordered engrossed and passed to Committee on Rules and Administration for third reading.

HOUSE BILL NO. 161, by Representatives Hurley, Gladder and Kink:

"The leave granted under this section shall not accumulate from year to year and any unused portion thereof shall expire at the end of each school year. The accumulated but unused leave granted by this section shall not be compensable."

The bill was read the second time.

Mr. Hoggins moved adoption of the committee amendment.

Mrs. Hurley moved adoption of the following amendment to the committee amendment:

Amend the amendment by the Committee on Education and Libraries as follows: Section 1, line 4 of the mimeographed amendment, after "amended," strike the remainder of the amendment and insert the following: "the board of directors of any school district shall have authority and may on the first day of each school year, credit to the account of each certificated teacher under contract for a full year, a maximum of five days of compensable leave at the certificated teacher's individual rate of compensation, for use at any time during the school year for bereavement purposes.

"NEW SECTION. Sec. 2. The board of directors of any school district shall have authority and may on the first day of each school year, credit to the account of each certificated teacher under contract for a full year, a maximum of five days of compensable leave at the certificated teacher's individual rate of compensation, for use at any time during

the school year for illness in the immediate family when a member of the teacher's family, other than the teacher, is ill, or for accomplishment of a teacher's personal business that cannot be accomplished during off duty hours, provided that the teacher shall pay the salary of the substitute teacher for any leave taken under this section."

Debate ensued, Representative King speaking in favor of adoption of the amendment to the committee amendment, and Representative Hoggins speaking against it.

RESOLUTIONS

HOUSE RESOLUTION NO. 69-42 by Representatives Evans, Jolly and Kopet:

WHEREAS, The earliest well-documented human skeletal material yet recovered in the western hemisphere has been found in the state of Washington at the renowned Marmes Rockshelter Archaeological site; and

WHEREAS, This scientifically unique site has seemingly yielded the most complete and continuous record of human occupation and prehistory yet uncovered at a single site, having the skeletal remains of more than two dozen individual human beings who died during their occupation of the site, perhaps as long as eleven thousand years ago, having the tools and artifacts made and left by these people as they lived and died there, having the bones of animals who served as their principal food supply, and presenting a remarkable geological record of the changing climatic conditions which have led to our present environment; and

WHEREAS, Recognition of the immensities of this archaeological finding is still being imparted to the people of this nation and the world through such media as radio, the press, including magazine publications and television—an example being the National Broadcasting Company presentation of "The First Americans," Friday, March 21st, for which production over one hundred fifty thousand dollars was spent in photographing and obtaining historical background at the Marmes Rockshelter Archaeological site; and

WHEREAS, These scientific treasures have been made known to the people of Washington, of the United States, and of the world through the immediate, vigorous, and exceptionally farsighted action of those individuals and agencies who contributed to the emergency salvage campaign of scientific research at Marmes Rockshelter;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, speaking for the people of the State of Washington, That this be an expression of our gratitude, and commendation to, those individuals and agencies for this notable precedent in the attempt to preserve and interpret our cultural and scientific heritage for the benefit of generations to come;

That this expression of the people of the State of Washington encompasses deep appreciation—

To those federal agencies which contributed financial support during early years of work at the site which thus led directly to the discoveries of this past year;

To those federal agencies which moved swiftly, generously, and effectively in the emergency measures to salvage and to analyze the spectacular scientific resources of Marmes Rockshelter;

To Washington State University and to the members of its staff for the continuing scientific work through which these contributions have been made despite extreme summer heat and the rigors of the harshest and coldest winter on record;

To the citizens, scientists, educators and legislators throughout the nation whose concerted and cooperative action brought this matter to the attention of the President of the United States; and

To the President who has authorized protection of this important portion of our national heritage—

The people of the State of Washington extend their sincere thanks and appreciation.

The bill was read the second time.

On motion of Mr. Flanagan, the first six committee amendments were adopted.

Mr. Flanagan moved adoption of the committee amendment to page 3, section 5.

Representative Flanagan spoke in favor of adoption of the amendment.

POINT OF INQUIRY

Mr. Flanagan yielded to question by Mr. Leland.

Mr. Leland: "Representative Flanagan, I recognize that the first six amendments that were adopted struck 'shall' and inserted 'may.' You indicated that this was done to make certain that this was a study bill and not an implementation. Now I have a question of a different nature to pose to you. In this amendment that we are now talking about, you are saying that each study shall be pursued jointly with the appropriate agencies of the state, so it is to bring in state coordination. I would like to refer you back to new section 2, on page 1, and if you will turn to section 2, you will very rapidly see what I am getting at. As I understand it, this is a declaration of legislative policy and intent. This section sets forth purpose, and it states:

"The legislature finds that certain natural rivers and related adjacent lands of Washington possess outstanding scenic-wilderness, recreational, ecological, fish, wildlife, botanical, historical, and archaeological resources, as well as other scientific and cultural values of great present and potential benefit to the people of the state of Washington."

"Now, the next two or three lines:

"The legislature further finds that the building of dams, channel controls and other construction . . ." and then it goes on to relate the other purposes.

"Now, this is the question I want to pose because there are at least four bills in this legislature similar in nature to this. We have had quite a little dingbat going on east of Lake Washington about a freeway facility from Evergreen Point Bridge to Redmond. It just so happens that this goes through a portion of Marymoor Park which was purchased by federal funds, and under the provisions of federal funds they have to be replaced and you have to have permission of the Secretary of Transportation to go through them. Now here is the question, if we pass this bill, although it is a study bill, you say, but it contains this declaration of legislative intent, will we in effect be saying that such a facility should not be transgressed, and the federal government may therefore find that the legislature has by its policy declaration said that these lands shall not be invaded?"

POINT OF ORDER

Mr. Whetzel: "Mr. Speaker, I think we are straying pretty far away from the amendment that is before us."

RULING BY THE SPEAKER

The Speaker (Mr. Copeland presiding): "I feel that Mr. Leland is making an attempt to state his question, and I was hoping that it would have been stated by now. You may continue, Mr. Leland."

Mr. Leland: "This has a great deal of importance. The legislature has a great many dollars involved in this project. The final hearings have been held by both public and access, and I would like to know if the passage of this bill, which is an alleged river inventory study bill with this legislative declaration of policy, will eliminate the possibility of securing approval of the route through this Marymoor Park which also happens to have some Indian burial grounds that they dig in. I think that's the intent of the archeological bit. I want to know, do we knock this freeway out?"

Mr. Flanagan: "Representative Leland, are you directing your remarks entirely to this new section 2 of the bill?"

Mr. Leland: "Well, I'm really directing it to several portions of the bill, and the definitions of what a public body is, what is public land and what is legislative intent."

Mr. Flanagan: "You referred to section 2, and in my opinion this is nothing but a preamble to the bill in which the legislature attempts to say what the purpose of the bill is, and then they go ahead and write the bill. As far as I can see, if we eliminated this whole section it wouldn't change anything anyway. If you want to put an amendment up there to take it off, I can't see where it would change the bill."

Mr. Leland: "Well, Mr. Flanagan, I have no objection to this type of declaration as long as it is not going to be utilized as a vehicle to eliminate something that the legislature doesn't even know it is voting on."

RULING BY THE SPEAKER

The Speaker (Mr. Copeland presiding): "The Speaker will have to call the attention of the body to the fact that at this time we are discussing a committee amendment to page 3, section 5. I hardly think your questions at this time are in relation to the adoption of this particular amendment, Mr. Leland."

Mr. Leland: "Mr. Speaker, if you will note the amendment (and that is why I waited until this one was before us), this is the one that directs these studies and coordination of the local agencies with the state agencies."

RULING BY THE SPEAKER

The Speaker (Mr. Copeland presiding): "That is right, but the Speaker feels for you to investigate legislative intent could probably be done better if you were talking about the whole subject and scope of the bill, rather than this one specific amendment."

Mr. Leland: "By that time, Mr. Speaker, it may be far too late to make any amendment. It may not be on second reading."

PARLIAMENTARY INQUIRY

Mr. Thompson: "Mr. Speaker, in view of your previous ruling, would it be inappropriate for me to address some comments to Representative Leland's question?"

RULING BY THE SPEAKER

The Speaker (Mr. Copeland presiding): "I think as long as we have entered into the subject relative to the general topic as is referred to in the amendment, it would be entirely germane to the subject, and obviously in connection with this particular debate, so it would be entirely in order."

Mr. Thompson: "Thank you. Mr. Leland, if I may, I don't think this bill has any relation to Senate Bill No. 218 which concerns you and which concerns me as well. I feel, as I think you do, that it is much too stringent. I feel, personally (and I entered into sponsorship of this measure), that uses other than recreational uses are adequately recognized and protected in this bill. This contrasts with the notorious 'Wild Rivers Bill' of the last session. I would characterize this as a 'Tame Rivers Bill.' I think that it is a very reasonable approach to the acknowledgement that we are all prepared to make, that these rivers do have some value in recreational areas, and the bill merely proposes a study and inventory of them, an inventory that will take into account other uses, other rights, both public and private."

Mr. Leland: "Very seriously, I would recognize what Mr. Thompson just said. The point I tried to make and asked for some legal assistance on, because I am not an attorney, is that on any property of this type . . ."

RULING BY THE SPEAKER

The Speaker (Mr. Copeland presiding): "Mr. Leland, I think we are going to have to address ourselves to the adoption of the amendment that is before us. If you want to investigate the propriety or impropriety of the adoption of this amendment as to how it relates to the bill, you are certainly entitled to do so. But to make an endeavor for a legal opinion on this total bill is highly inappropriate at this time."

Mr. Leland: "May I address myself to the Speaker then?"

The Speaker: "Yes sir."

Mr. Leland: "Again I call attention to the fact that it says the study shall be pursued jointly with the appropriate agencies of the state, which means coordination by the state agencies. The state agencies may very well, directly or indirectly, choose to overrule, let's say, regional planning agencies or study agencies, and then it could have a very profound effect right back on the subject matter of which I speak."

The Speaker (Mr. Copeland presiding) declared the question before the House to be the committee amendment to page 3, section 5, House Bill No. 567. The amendment was adopted.

On motion of Mr. Flanagan, the committee amendment to page 7, section 17, was adopted.

Mr. Wolf moved adoption of the following amendment:

On page 1, section 2, beginning on line 14, strike the entire paragraph.

Debate ensued, Representatives Wolf and Berentson speaking in favor of adoption of the amendment, and Representative Martinis speaking against it.

Mr. King demanded an electric roll call and the demand was sustained.

Further debate ensued, Representative Anderson speaking in favor of adoption of the amendment by Representative Wolf, and Representatives Bluechel and Whetzel speaking against it.

POINT OF INQUIRY

Mr. Wolf yielded to question by Mr. Bottiger.

Mr. Bottiger: "Representative Wolf, would this study permit the commission to also look at future industrial expansion, like on the Nisqually River Delta?"

Mr. Wolf: "Yes, Mr. Bottiger, it is my personal opinion that when you read this act that once a river is classified, nothing can happen—whether we have money, whether we have authorization from the legislature, whether we have anything. It says it may be classified, and everything stops. You know how this would affect the industrial development of the Puget Sound area."

Further debate ensued, Representative Chapin speaking against adoption of the amendment by Representative Wolf, and Representatives Clark (Newman H.) and Flanagan speaking in favor of it.

POINT OF INQUIRY

Mr. Chapin yielded to question by Mr. Leland.

Mr. Leland: "Mr. Chapin, can you assure me that the legislative intent spelled out in section 2 will not be utilized by the opponents of the freeway to Redmond, with the Secretary of Transportation in Washington, D.C., to deny or permit access across Marymoor Park?"

Mr. Chapin: "I can assure you as an individual, Mr. Leland, that I am as interested in the construction of the road to Redmond as you are, and I don't see any language in section 2 that can in any way impede the construction of that highway, and if I did, I certainly would be on the other side of this amendment."

Representative Wolf spoke in favor of adoption of the amendment.

The division shall make the determination as to what trades, crafts or skills are separate and distinct and shall render a detailed report of its findings to the superintendent and the director. The superintendent and the department shall upon written request of the division render any assistance pertaining to the development of tests by the division.

Mr. Bledsoe moved that the rules be suspended, the second reading considered the third and Senate Bill No. 750 be placed on final passage.

POINT OF INQUIRY

Mr. Bledsoe yielded to question by Mr. O'Brien.

Mr. O'Brien: "Will you explain to us the reason the rules are being suspended?"

Mr. Bledsoe: "I will be glad to, Mr. O'Brien. This is the appropriation, originating in the Senate, to pay the expenses of this special session in which we are now involved. I could wait and remark on the bill on third reading and final passage if you gentlemen will concur in this motion to suspend the rules."

The motion was carried.

Mr. Bledsoe spoke in favor of passage of the bill.

The clerk called the roll on the final passage of Senate Bill No. 750, and the bill passed the House by the following vote: Yeas, 95; nays, 0; absent or not voting, 4.

Senate Bill No. 750, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Mr. Bledsoe, Senate Bill No. 750 was ordered transmitted immediately to the Senate.

SECOND READING

HOUSE BILL NO. 567, by Representatives Whetzel, Thompson, Smythe, Bluechel, Hoggins and Martinis (by executive request):

Establishing rivers inventory.

The House resumed consideration of House Bill No. 567 on second reading, committee amendments having been adopted previously. (See Journal for March 20 for amendments.)

MOTION FOR RECONSIDERATION

Mr. Kalich, having voted on the prevailing side, moved that the House do now reconsider the vote by which the following amendment by Mr. Wolf to House Bill No. 567 was adopted yesterday:

On page 1, section 2, beginning on line 14, strike the entire paragraph.

Mr. Grant demanded an electric roll call and the demand was sustained.

Debate ensued, Representatives Wolf, Flanagan and Clark (Newman H.) speaking against the motion, and Representative Thompson speaking in favor of it.

POINT OF INQUIRY

Mr. Thompson yielded to question by Mr. Leland.

Mr. Leland: "Mr. Thompson, when you take the paragraph under discussion and relate it to line 14 on page 2 which speaks of related lands as that being within one-quarter of a mile of a river bank, and then when you consider the remaining sections of the bill, where development would be held very minimal, what do you think the effect of passage of such a bill at this time, with the preface of section 2, would be on people who own riverfront property and might wish to dispose of it?"

Mr. Thompson: "I think this bill, Representative Leland, and the sections to which you refer, tend to provide a means of protection of private interests and of other public uses. That is the construction I put on it. That is why I joined in sponsorship of it."

Mr. Leland: "Mr. Thompson, if they, in effect, through one mode of zoning or another, prohibit you from using your land (and I am speaking of a private owner) or hold building to a minimum within a quarter of a mile, they have taken away your right to use your waterfront, haven't they?"

Mr. Thompson: "These are general guidelines, Representative Leland, and what could be recommended to the governor for his review and to the legislature for action could vary considerably from this."

Mr. Leland: "You would agree that if the bill passes, it would simply take adoption by the legislature of the results of the inventory and the act would be in effect?"

Mr. Thompson: "Therein lies your protection, Representative Leland."

Mr. Leland: "Therein lies the danger of confiscation, not conservation."

POINT OF INQUIRY

Mr. Clark (Newman H.) yielded to question by Mr. Martinis.

Mr. Martinis: "Where in the amended paragraph does it eliminate private ownership of property?"

Mr. Clark: "By the authority of any and every bum or citizen who wishes to usurp your property to enter upon it, take down your signs, desecrate it, burn it up, and do as

they please as though they owned it.”

Mr. Martinis: “I can’t find anything in this paragraph that refers to the bums and citizens who are going to trample on the property and destroy your land.”

Representative Francis spoke in favor of the motion to reconsider the vote by which Mr. Wolf’s amendment was adopted.

POINT OF INQUIRY

Mr. Francis yielded to question by Mr. Clark (Newman H.).

Mr. Clark: “When you refer to a river as free flowing, is it not interrupted by dams that already exist? If the intent is what the words say, couldn’t they, by someone in charge of enforcement of this act, remove them—take away the dams in the rivers?”

Mr. Francis: “Mr. Clark, when it says ‘preserve them in their free flowing state,’ it does not say ‘restore them to a prior free flowing state.’ My interpretation of this language is not to change existing dams. I cannot see how that could possibly be read into that language.”

Mr. Chatalas demanded the previous question and the demand was sustained.

ROLL CALL

The clerk called the roll on the motion by Mr. Kalich to reconsider the vote by which the amendment by Representative Wolf to House Bill No. 567 was adopted, and the motion was lost by the following vote: Yeas, 47; nays, 48; absent or not voting, 4.

Voting yea: Representatives Adams, Bagnariol, Barden, Beck, Bluechel, Brouillet, Brown, Ceccarelli, Charette, Chatalas, Conner, DeJarnatt, Fleming, Francis, Gallagher, Garrett, Grant, Heavey, Hoggins, Hurley, Jastad, Kalich, King, Kiskaddon, Litchman, Marsh, Martinis, Marzano, McCaffree, McCormick, Merrill, Moon, Murray, North, O’Brien, Perry, Randall, Rosellini, Savage, Sawyer, Scott, Smythe, Sprague, Thompson, Whetzel, Wojahn, Zimmerman—47.

Voting nay: Representatives Amen, Anderson, Backstrom, Benitz, Berentson, Bledsoe, Bottiger, Bozarth, Chapin, Clark (Newman H.), Clarke (George W.), Conway, Cunningham, Curtis, Evans, Farr, Flanagan, Gladder, Goldsworthy, Harris, Hatfield, Haussler, Hubbard, Jolly, Juelling, Julin, Kirk, Kopet, Kuehnle, Leckenby, Leland, Lynch, Mahaffey, May, Mentor, Morrison, Newhouse, O’Dell, Pardini, Richardson, Saling, Schumaker, Shera, Spanton, Swayze, Wanamaker, Wolf, Mr. Speaker—48.

Absent or not voting: Representatives Copeland, Hawley, Kink, Veroske—4.

Mr. Wolf moved adoption of the following amendment:

On page 1, section 2, at the end of the section, after the period add a new paragraph as follows:

“The intent of this act is to authorize a study of these rivers and related adjacent lands. Recommendations resulting from this study may be implemented at a later date after review by the governor and action by the legislature.”

Representatives Wolf and Bledsoe spoke in favor of adoption of the amendment.

The amendment was adopted.

On motion of Mr. Wolf, the following amendments were adopted:

On page 2, section 4, line 29, after the colon add the following: “PROVIDED, That no river area shall be placed in any of the above classifications, nor shall any river area be administered in accordance with the terms of this act until the interagency committee for outdoor recreation, the governor, and the legislature has each given specific authorization therefor in accordance with the provisions of sections 6 through 10 of this act.”

On page 5, section 10, line 18, after “public” and before the period insert the following: “: PROVIDED, That nothing in this act shall be interpreted to give (1) the state; (2) any county or city; (3) any agency of the state or of any county or city; or (4) any public body or public officer, any authority with respect to privately held land not granted by existing law”

Mr. Backstrom moved adoption of the following amendment:

On page 1, section 3, line 27, in subsection (1), after “the” strike “interagency committee for outdoor recreation, as established by chapter 43.99 RCW” and insert “legislative budget committee”

With the consent of the House, Mr. Backstrom withdrew his amendment.

Mr. Leland moved adoption of the following amendment:

On page 8 add a new section following section 19 as follows:

"*NEW SECTION.* Sec. 20. Nothing in this act shall be construed so as to restrict or prevent the construction of state highways or county arterials as may be deemed necessary by the state highway commission, or by the appropriate county authority in the case of county arterials."

Renumber the remaining section consecutively.

The amendment was adopted on a rising vote.

POINT OF INQUIRY

Mr. Wolf yielded to question by Mr. Thompson.

Mr. Thompson: "Representative Wolf, inasmuch as the House has acceded to your aims in perfecting this measure, may I test your sincere interest in it by asking if you will proceed speedily to bump it to third reading?"

Mr. Wolf: "Mr. Thompson, members of the House, as 'Whip,' I carry out orders, and as 'Whip' I don't make decisions. We have an agreement in this House between Representatives Charette, O'Brien and Bledsoe that if there is a hold placed by anyone on a bill, it will be held. I will state for the record that I have no hold on this bill."

House Bill No. 567 was ordered engrossed and passed to Committee on Rules and Administration for third reading.

MOTION

On motion of Mr. Bledsoe, the House deferred further consideration of the second reading calendar, and the bills were ordered placed on tomorrow's second reading calendar.

MOTION

Mr. O'Brien moved that the rules be suspended and Engrossed Senate Bill No. 1 be advanced to second reading and read the second time.

Representative O'Brien spoke in favor of the motion.

Mr. Marsh demanded an oral roll call and the demand was sustained.

Representative McCaffree spoke against the motion.

POINT OF INQUIRY

Mrs. McCaffree yielded to question by Mr. Chatalas.

Mr. Chatalas: "Mrs. McCaffree, you have had the identical bill in your committee for exactly two months and you haven't considered it. What assurance do we have on this side that you are going to do this now with this bill?"

Mrs. McCaffree: "Mr. Chatalas, we have been considering these. We haven't considered this exact bill, this is true, but we have been considering the problem of what we do about our low income senior citizens as far as their property tax is concerned in the committee for the entire session."

Mr. Chatalas: "Thank you, Mrs. McCaffree, but that is just exactly what I said earlier. You have the identical bill in your committee, and you have not considered it in your own committee, so you should have known by now what the fiscal impact is."

Representatives Grant and Moon spoke in favor of the motion.

Mr. Kalich appeared at the bar of the House.

POINT OF INQUIRY

Mr. O'Brien yielded to question by Mr. Bledsoe.

Mr. Bledsoe: "Mr. O'Brien, in view of the far-reaching consequences of your motion to put the bill directly before us, are you able to provide the measure with any solid figures as to the fiscal impact of this measure if considered by the House?"

Mr. O'Brien: "Mr. Bledsoe, all we know is what the press has stated about the fiscal impact. The primary purpose of this motion, however, is to put it on second reading, and at that time we would go into more detail about the fiscal impact. No one knows actually what the effect is."

Mr. Bledsoe: "I think Mr. O'Brien has touched the heart of the problem, and that is why I cannot personally support his motion to place the measure before the body at this time and have a hearing conducted by the press media. Now, I have no objection to the press as an informative body, but I do not think they are the be-all and end-all of fiscal fact. I think that if we are going to function responsibly as a legislature, then we ought to get at it. This is the rationale behind our opposition to Mr. O'Brien's motion to cut and run, as you would say.

"One thing further, were we to bring this out before us for consideration, and if we arrive (either by researching the *Post-Intelligencer* or the *Bremerton Sun* or wherever it is that the facts are to be found on this issue) at some kind of conclusion, at that point I would trust that everyone in this body would be able to suggest exactly what area of the general fund would be rated or reduced. If you remember here the day before yesterday Representative Flanagan proposed a most interesting amendment which this body supported unanimously which said that we would return to the counties the funds which we were going to pick up as we raised this exemption. As we proceed to appropriate by indirection, or misappropriate if you want to call it that, these funds that would be taken from the counties as we raise this exemption—would you have them come from schools? Is that your pleasure? Or is it institutions that you feel should be reduced; or our institutions of higher education? Is that the area in which you feel the funds should be reduced? Do you intend to take it from the counties which you supported with your vote here just two days ago? Our memories are indeed short."

Further debate ensued, Representative King speaking in favor of the motion by Representative O'Brien, and Representative Clarke (George W.) speaking against it.

Mr. Bledsoe demanded the previous question and the demand was sustained.

The clerk called the roll on the motion by Mr. O'Brien to suspend the rules and advance Engrossed Senate Bill No. 1 to second reading, and the motion was lost by the following vote: Yeas, 39; nays, 54; absent or not voting, 6.

The bill was read the second time.

Mr. Saling moved adoption of the committee amendment.

MOTION

On motion of Mr. O'Brien, Mr. Backstrom was excused from further proceedings under the Call of the House.

Mr. Bottiger moved adoption of the following amendment to the committee amendment:

On page 4, section 1, line 6, after "410,000" insert "PROVIDED, That the state patrol shall not own or lease more than one multiengine aircraft: AND, PROVIDED FURTHER, That any multiengine aircraft owned or leased by the state patrol shall be subject to first priority for use by the state aeronautics commission for search and rescue operations"

Debate ensued, Representatives Bottiger and King speaking in favor of the amendment, and Representatives Goldsworthy, Leland and Sprague speaking against it.

POINT OF INQUIRY

Mr. Goldsworthy yielded to question by Mr. Moon.

Mr. Moon: "Mr. Goldsworthy, the figure that is given for the purchase of this airplane is four hundred ten thousand dollars. In a recent newspaper article about this, it was brought to the people's attention that the state had gotten an exceptionally good bid on this, and as I recall, the figure was three hundred eighty-six thousand dollars for which they were going to be able to purchase this plane. Could you tell me the reason for the difference between three hundred eighty-six thousand dollars and four hundred ten thousand dollars?"

Mr. Goldsworthy: "I think primarily because of the sales tax, and there was some other equipment in the aircraft that was not in the original bid."

Mr. Moon: "I would like to bring to everybody's attention that Chapter 15, Laws of 1961, as amended by Chapter 149, Laws of 1967, provides, 'The tax hereby levied shall not apply to the following sales:' Then it goes on to list sales of airplanes, locomotives, railroad cars or watercraft. I think perhaps we are paying sales tax on something that is exempt."

Representative Bottiger closed debate, speaking in favor of the amendment.

The amendment by Representative Bottiger to the committee amendment to Substitute Senate Bill No. 152 was not adopted.

Mr. Charette appeared at the bar of the House.

On page 32, section 1, line 11, strike "4,705,579" and insert "5,695,543"

Debate ensued, Representative Jastad speaking in favor of adoption of the amendment to the amendment, and Representative Saling speaking against it.

Mr. Bottiger demanded an electric roll call and the demand was sustained.

Further debate ensued, Representatives DeJarnatt, Kalich and Moon speaking in favor of adoption of the amendment to the amendment, and Representatives Chapin and Curtis speaking against it.

POINT OF INQUIRY

Mr. Moon yielded to question by Mr. Chapin.

Mr. Chapin: "Representative Moon, you have twice now, during the course of discussion on this bill, urged this House to take what you call 'a realistic look,' which I gather means that you want us to up our estimate of revenue for the next biennium some fifty million dollars. Could you tell me, of the eight or nine or more economists and agencies that were consulted in the preparation of the budget, the name of the individual who went along with the Senate's estimate of revenue?"

Mr. Moon: "Representative Chapin, last session most of the same experts put forth an estimated revenue that was in error in excess of five percent. We had five percent more revenue generated than the so-called 'experts' showed that we would have. Fiscally responsible people feel that if you can come within two percent, or stay within two percent, you are being responsible. When you get outside the two percent area, you become irresponsible. My charge was that last biennium we were irresponsible when we accepted that figure. We are just not in the ball park when we are taking this conservative approach. I think we have at least fifty million dollars, and last . . ."

POINT OF ORDER

Mr. Grant: "I wanted to point out, Mr. Speaker, that we are on an amendment that has nothing to do with the discussion that is taking place."

The Speaker: "I wouldn't entirely agree with you, Mr. Grant. I think that reference has been made to the amount of money available and that funds would be spent on these projects that have been suggested by amendment. I think the question is in order."

Mr. Moon continued his remarks.

Mr. Moon: "Specifically, Mr. Chapin, you wanted to know who the economist was. John Parkany, who is an economist for the Weyerhaeuser Timber Company, has estimated that the revenue figure that the Governor used in this budget is going to be considerably less than what will actually be generated."

Mr. Chapin: "Thank you very much, Mr. Moon, it was my understanding that out of the eight or nine top economists from throughout the state, as well as the Arthur D. Little Agency and others that had a hand in trying to help us assess revenues for the next biennium, that there was only one out of this whole group whose figures came anywhere near what the Senate is recommending."

POINTS OF INFORMATION

The Speaker recognized Mr. Bottiger.

Mr. Bottiger: "Mr. Speaker, I would like to point out that Mr. Parkany's estimate last time was correct."

The Speaker recognized Mr. Sprague.

Mr. Sprague: "I would like to say just one thing, not to prolong this too much, but last session the Governor, or the estimate he finally chose, wherever it came from, was underestimated by about six percent, and that is one hundred thirty million dollars. This time we are talking about the Durkan estimate of about two percent, which I think shows that we have to look at the past to guide us in the present, last time there really was an underestimation. I think that is the point we are trying to make."

ROLL CALL

The clerk called the roll on the adoption of the amendment by Representatives Kalich and Jastad to the committee amendment to Substitute Senate Bill No. 152, and the amendment was lost by the following vote: Yeas, 39; nays, 54; absent or not voting, 6.

Voting yea: Representatives Adams, Anderson, Bagnariol, Beck, Bottiger, Bozarth, Brouillet, Ceccarelli, Charette, Chatalas, Conner, DeJarnatt, Fleming, Gallagher, Garrett, Grant, Haussler, Heavey, Jastad, Jolly, Kalich, King, Kopet, Marsh, Martinis, Marzano, May, McCormick, Merrill, Moon, O'Brien, Perry, Randall, Rosellini, Savage, Sawyer, Sprague, Thompson, Wojahn—39.

MOTION

On motion of Mr. Bledsoe, Mr. Bagnariol and Mrs. McCaffree were excused from further business under the Call of the House.

Representative Marsh spoke in favor of adoption of the amendment to the amendment.

POINT OF INQUIRY

Mr. Marsh yielded to question by Mr. Smythe.

Mr. Smythe: "Mr. Marsh, when you received the request from the Blind School as well as from the Deaf School for certain facilities, did you discuss this with the Department of Institutions, and if you did, what did they tell you?"

Mr. Marsh: "I did not discuss it with the Department of Institutions as such, Mr. Smythe. I discussed it with a number of individuals at the School for the Blind."

Representative Smythe spoke against adoption of the amendment to the amendment.

POINT OF ORDER

The Speaker recognized Mr. Marsh.

Mr. Marsh: "We are not on the budget for the Deaf School."

The Speaker: "Mr. Smythe, the point is probably well taken even though the next amendment deals with that area."

Representative Smythe continued his remarks in opposition to the amendment to the amendment.

POINT OF INQUIRY

Mr. Smythe yielded to question by Mr. Marzano.

Mr. Marzano: "Mr. Smythe, you are from the area of Vancouver and the School for the Blind. Have you visited this institution and seen the bunk beds, one on top of the other?"

Mr. Smythe: "Yes, can you tell me how that is related to the Industrial School? The bunk beds were provided for two years ago when they put the new unit in."

Mr. Marzano: "We are talking about obtaining a new unit, I believe."

Mr. Smythe: "No, you are not. I'm sorry Mr. Marzano, but you did that two years ago. You are now talking about an Industrial School down there."

Mr. Grant demanded an electric roll call and the demand was sustained.

It would depend on the amount of money we were able to fund out of the appropriation. In the past, the Ford Foundation paid half and the legislature paid half. The size of the program, if it is funded entirely by the appropriation, would be

dependent on the amount of money appropriated for this at a later date. Generally, we are talking about six hundred dollars a month per person for a full time job as part of the program, if they work full time as a staff member or research assistant to one of our committees.”

There is a factory that has been built right across from Cathlamet, across from Puget Island, and there are many people who go back and forth, and this ferry has generated a lot of state-wide traffic. It has been given a lot of thought and study, and the department concurs in this. This is just another bill that is needed to help that little county down there to subsidize this ferry."

"The authority shall determine the form, conditions, covenants including but not being limited to a covenant for the creation, maintenance and replenishment of a reserve account within each bond redemption fund, for coverage of rental revenue to be paid into each bond redemption fund in excess of the actual annual debt service on the bonds payable out of each bond redemption fund, for the selection of a trustee for the owners and holders of such bonds or each issue or series thereof and for the fixing of the rights, duties, powers and obligations of such trustee, and providing for such other covenants, all as in the opinion of the authority are necessary for the most advantageous sale of said bonds, and denominations of the bonds, the maturity dates which the bonds shall bear and the interest rates thereon. The authority may provide for the retirement of the bonds at any time prior to maturity and in such manner and upon payment of such premiums as it may determine in the resolution providing for the issuance of the bonds. All such bonds shall be signed in such manner as the authority shall specify in its resolution. Bonds shall be negotiable instruments and shall be sold on sealed bids to the highest bidder after such advertising for bids as the authority deems proper. The authority may reject any and all bids and may thereafter sell bonds at private sale under such terms and conditions as it deems most advantageous to its own interests but not at a price below that of the best bid which was rejected. The authority may contract loans and borrow money through the sale of bonds of the same character as those herein authorized from the United States or any agency thereof upon such conditions and terms as may be agreed to and the bonds shall be subject to all the provisions of this chapter except the requirement that they be first offered at public sale. RESOLUTIONS

HOUSE RESOLUTION NO. 69-45, by Representatives Mentor, Wanamaker, Randall and Beck:

WHEREAS, Sports provide acknowledged values in a balanced high school program; and

WHEREAS, These values include the development of school spirit and community interest that culminate each spring in the state basketball championship tournaments for the various size classes of high schools; and

WHEREAS, The Class AA tournament championship was won on March 22, 1969, at the University of Puget Sound Field House in Tacoma by the Central Kitsap High School Cougars in a 72 to 58 victory over the Burlington-Edison Tigers;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State House of Representatives recognize the value of this sport in the state's public high school program and congratulate the team and the citizens of the school district upon the happy culmination of a most successful basketball season; the success of which is acknowledged to have enhanced united school and community efforts toward the achievement of broad educational goals and inspired Central Kitsap students to higher achievement in all of their endeavors.

BE IT FURTHER RESOLVED, That a copy of this resolution be suitably inscribed and transmitted by the Speaker of the House of Representatives to Coach Bob Moawad, Assistant Coach Jim Lindberg and the Championship Team Don Thorsen, Bill Damschen, Harley Robinson, Dan Stout, Bill Wells, Ken Adkisson, Walt Goit, Gary Larson, Dennis Murphy, Greg Crane, Jim Turner, John Challman, John Patterson, Manager, and to the student body of Central Kitsap High School as permanent record of this tribute.

I want to point out that you big city kids (Triple A, Double A and all that) if you want to get really whacked, start messing around with the farm kids from Whitman County and you'll find out how to play the game."

Representative Beck spoke in favor of adoption of the resolution.

PERSONAL PRIVILEGE

Mr. Beck: "Mr. Speaker, we have invited four students to come down and witness this ceremony. May I ask the four students from Central Kitsap in the south gallery to stand up and be recognized at this time?"

The resolution was adopted.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 482, by Committee on State Government and Legislative Procedures:

Providing for party conventions and caucuses.

The House resumed consideration of Substitute House Bill No. 482.

MOTION

On motion of Mr. Newhouse, the House deferred further consideration of Substitute House Bill No. 482 on second reading, and the bill was ordered placed at the end of today's second reading calendar.

SUBSTITUTE HOUSE BILL NO. 839, by Committee on Transportation:

Authorizing construction of additional Lake Washington bridge.

The House resumed consideration of Substitute House Bill No. 839 on second reading.

Mr. Sprague moved adoption of the following amendment:

On page 1, section 1, line 14, after "act" strike the period and insert: "PROVIDED, That no revenue bonds shall be issued or sold until the final design, planning and financing of the R. H. Thomson Freeway from the intersection of Ravenna Avenue South and Bothell Way South to the intersection of Empire Way and Highway 90 have been adopted and approved by the City of Seattle and the Highway Department or its successor, and bids have been accepted and contracts have been let for the completion thereof."

Debate ensued, Representatives Sprague, Litchman and McCaffree speaking in favor of adoption of the amendment, and Representative Leland speaking against it.

Mr. King demanded an electric roll call and the demand was sustained.

PARLIAMENTARY INQUIRY

Mr. Harris: "Mr. Speaker, would it be in order for me to make a motion that all the King County representatives have a caucus and then when they return to the floor be entitled to one vote for the group?"

The Speaker: "You have a good thought, but I don't believe it is in order."

Further debate ensued, Representatives Chapin and Leckenby speaking against the amendment by Mr. Sprague, and Representative Fleming speaking in favor of it.

POINT OF INQUIRY

Mr. Leland yielded to question by Mr. Hawley.

Mr. Hawley: "Representative Leland, is this entirely a toll bridge and will the complete bridge be paid for out of tolls extended from the present bridge?"

Mr. Leland: "Yes, that is correct. This is totally a toll facility and will be paid one hundred percent by those who use it."

Mr. Hawley: "What is the present highway traffic on this bridge?"

Mr. Leland: "The round figure count is roughly fifty thousand cars a day. The expansion of this facility will permit in round figures seventy-five thousand cars a day and will handle the projected traffic needs in this corridor through 1985. In that regard I should point out that Tudor Engineering came up with a three phase recommendation, and this facility is required, and urgently required, by 1975. It would be 1977 or 1978 before it could be built if they got started immediately, but they would need it by 1975. Phase two of this report assumes the implementation of a fixed-rail, mass transit system in Seattle. Phase three would be the so-called northern bridge, if indeed it would ever be required, if the first two phases were accomplished—phase one being the expansion of this bridge and phase two being implementation of mass transit."

Mr. Hawley: "How long could the Sprague amendment delay this bridge?"

Mr. Leland: "I would say the Sprague amendment could delay this bridge from now until forever. The agreement on the R. H. Thomson Freeway could be a long way off. Now it is anticipated . . ."

POINT OF ORDER

Mr. Charette: "Mr. Speaker, my point of order is, Is it proper for two people under the rule that allows for a yield to question to give a speech on the matter that is before the House?"

RULING BY THE SPEAKER

The Speaker: "I think over the years we have been rather liberal in this regard. I would ask that the responses be shortened, and directed to the question."

Mr. Hawley: "The question was, 'How long could the Sprague amendment delay the building of this bridge?'"

Mr. Leland: "I would say a minimum of two-to-four years for present studies that the city of Seattle has underway on the R. H. Thomson Freeway to be completed, if they were completed in that time."

Further debate ensued, Representatives Clark (Newman H.) and Heavey speaking in favor of the amendment by Mr. Sprague to Substitute House Bill No. 839, and Representative Wolf speaking against it.

POINT OF INQUIRY

Mr. Leland yielded to question by Mr. Barden.

Mr. Barden: "Representative Leland, if the Sprague amendment fails, it appears that it will be necessary to extend this project about twenty percent to terminate with a new interchange at Roanoke Interchange on Interstate 5 and subsequent expansion of Interstate 5 to accommodate the traffic. Can you tell me the approximate cost of the extension of this project from the Arboretum to Interstate 5; and can you tell me if the cost would be borne by increasing the tolls on the facility or if gas tax funds would be utilized?"

Mr. Leland: "If we are talking about extending this from Union Bay to Interstate 5, that would be done as a toll facility within this act and would be paid for by tolls by those using it. As to the cost, it has not been worked out, but that is not required in that this is a corridor transportation requirement study with investigation to ascertain that the toll structure (and by that I am speaking of the tolls themselves) are adequate to finance. I have been assured, beyond a shadow of a doubt, there exists more than ample toll capacity to finance the extension. Now, as far as expansion of Interstate 5, I think that this is a little deceptive. If the people are not able to cross the lake at Evergreen Point they will be going around the north end and will be using the same facilities, except they will be using more of them and creating a longer and greater traffic demand. They will go either there or across the existing route at Mercer Island and, therefore, will still impact the traffic on the city. The final thought I would offer is that when the city of Seattle decided to, as they called it, 'rejuggle their priorities' and abandon the R. H. Thomson Freeway for immediate construction in favor of building the bay freeway so they could have the domed stadium downtown, they did not concern themselves with the impact on Interstate 5. It was considered legitimate."

Further debate ensued, Representatives Barden and Clarke (George W.) speaking against adoption of the amendment, and Representative Whetzel speaking in favor of it.

Mr. Charette demanded the previous question and the demand was sustained.

ROLL CALL

The clerk called the roll on the adoption of the amendment by Mr. Sprague to Substitute House Bill No. 839, and the amendment was lost by the following vote: Yeas, 42; nays, 53; absent or not voting, 4.

AFTERNOON SESSION

The Speaker called the House to order at 1:15 p.m.

The clerk called the roll and all members were present except Representatives Flanagan, Heavey, Kink, McCormick and Veroske. Representatives Flanagan, Kink, McCormick and Veroske were excused.

SECOND READING

The House resumed consideration of Substitute House Bill No. 839 on second reading.

Mr. Sprague moved adoption of the following amendment:

On page 1, section 1, line 14 after "act" and before the period insert "": PROVIDED, That no revenue bonds shall be issued or sold unless the parallel Evergreen Point Bridge project dedicates and pledges the use of not less than the equivalent of two vehicular traffic lanes for the exclusive use of a mass transit system, either rail, or bus; and the cost of the two mass transit lanes shall be ascertained by the highway department or its successor and the cost of the two mass transit lanes shall be borne by the Municipality of Metropolitan Seattle, or any other municipal corporation authorized by law to operate a mass transit system in King county"

Debate ensued, Representatives Sprague, Whetzel and Scott speaking in favor of the amendment, and Representative Leland speaking against it.

POINT OF INQUIRY

Mr. Sprague yielded to question by Mr. Leckenby.

Mr. Leckenby: "Mr. Sprague, if two lanes were dedicated to the use of mass transit, presumably the patrons of this service would be required to pay tolls as they would in a toll facility, as the toll facilities on the east coast are operated. Now, if that were the case, wouldn't this make it unnecessary to have the provision in here that the municipality pay for the facility?"

Mr. Sprague: "As I understand it, it would be impossible to reserve two lanes for mass transit, either rail or bus, unless somebody other than the highway department out of their highway funds, paid for it. That is why that was put in there. Let us say if Metro chose to do this, they would have to pay for those two lanes by whatever method they want—capital retirement, by revenues, or what have you. I don't know whether that answers your question, but the point is it would be paid for by somebody else other than money coming out of highway funds."

Mr. Leckenby: "I would think it could be set up so that the users of the transit could pay for it just like the users that would be driving in individual cars. I wonder if this provision, that Metro, or whatever, should pay for it, is necessary."

Mr. Sprague: "It was put in to accomplish just what you are worried about. If Metro floats bonds to buy mass transit facilities including, let us say, two lanes on the Evergreen Bridge, they would have to retire those bonds out of revenues from the users, so I think you can be reassured on that, Mr. Leckenby."

Representative Bluechel spoke in favor of adoption of the amendment.

Mr. Chatalas demanded an electric roll call and the demand was sustained.

Representative Julin spoke against adoption of the amendment.

Mr. Wolf demanded the previous question and the demand was sustained.

ROLL CALL

The clerk called the roll on the adoption of the amendment by Mr. Sprague to

Substitute House Bill No. 839, and the amendment was lost by the following vote: Yeas, 37; nays, 51; absent or not voting, 11.

Voting yea: Representatives Adams, Bagnariol, Rottiger, Brouillet, Brown, Ceccarelli, Chatalas, Clark (Newman H.), Cunningham, DeJarnatt, Farr, Fleming, Francis, Gallagher, Garrett, Grant, Heavey, Hurley, Jastad, Kalich, King, Kiskaddon, Leckenby, Mahaffey, Martinis, Marzano, McCaffree, Merrill, Murray, North, O'Brien, Randall, Rosellini, Scott, Sprague, Whetzel, Wojahn—37.

Debate ensued, Representatives Whetzel and Clark (Newman H.) speaking in favor of adoption of the amendment, and Representatives Leland and Bledsoe speaking against it.

The amendment was lost.

Mr. Conner moved adoption of the following amendment:

On page 3, section 2, line 2, after "facilities" and before the period insert " PROVIDED, FURTHER, That there shall be an interchange extension built at the Roanoke Interchange FAI 5, which will extend westerly to the Seattle Center"

Representative Conner spoke in favor of adoption of the amendment.

POINT OF ORDER

Mr. Bledsoe: "Mr. Speaker, is this amendment germane to the main application of this bill? I submit that it is in some question. Could you rule, sir?"

The Speaker: "I think all these amendments are somewhat questionable. I would think that they all involve the total transportation concept of the metropolitan area of Seattle, and while I feel inclined to disallow them all, I think we should permit them."

Mr. Bledsoe: "Mr. Speaker, would it then be in order to slide in a little project between Thorp and Kittitas that needs attention?"

The Speaker: "You can try, Mr. Bledsoe, but I can assure you it won't get very far."

MOTION

On motion of Mr. Bledsoe, the House deferred further consideration of the entire second reading calendar, and the bills were ordered placed on the second reading calendar for tomorrow.

PRESENTATION TO SPEAKER AND FORMER SPEAKERS

The Speaker: "At this time we have a special ceremony that has been arranged by Mr. Copeland and the Chief Clerk, Mr. McBeath. Would our guests, the former Speakers, please take seats at the rear of the House Chamber?"

The Speaker called on the Speaker Pro Tem, Mr. Copeland, to preside.

The Speaker Pro Tem requested that Representatives Sprague and Fleming escort John N. Sylvester to the rostrum. Mr. Sylvester was the Speaker of the House in 1939.

The Speaker Pro Tem requested that Representatives Harris and Hurley escort Herbert M. Hamblen to the rostrum. Mr. Hamblen was the Speaker in 1947.

The Speaker Pro Tem requested that Representatives Schumaker and Haussler escort Charles W. Hodde to the rostrum. Mr. Hodde was the Speaker of the House in 1949 and 1951.

The Speaker Pro Tem requested that Representatives Hawley and Leland escort R. Mort Frayn to the rostrum. Mr. Frayn was the Speaker in 1953.

The Speaker Pro Tem requested that Representatives Chatalas and Charette escort John L. O'Brien to the rostrum. Mr. O'Brien was the Speaker of the House in 1955, 1957, 1959 and 1961. Speaker Pro Tem Copeland pointed out that the first time Mr. O'Brien served in the House of Representatives, Representatives Rosellini and Fleming were ages two and three respectively.

The Speaker Pro Tem requested that Representatives Kuehnle and Richardson escort Senator William S. Day to the rostrum. Senator Day was the Speaker of the House in 1963.

The Speaker Pro Tem requested that Representatives Smythe and Marsh escort Robert M. Schaefer to the rostrum. Mr. Schaefer was the Speaker of the House in 1965.

The Speaker Pro Tem requested that Representatives Berentson and McCormick escort Speaker Eldridge to the rostrum, who was Speaker in 1967 and in the present session.

The Speaker Pro Tem requested that Representatives Clark (Newman H.), Whetzel, Kirk and Wojahn escort the Honorable Daniel J. Evans, Governor of the State of Washington, to the rostrum.

Speaker Pro Tem Copeland: "The occasion today is one of pleasure for me, having the opportunity to see the complete refurbishing of the Chambers completed, and see the byproduct that remains. The old chairs that have been now replaced were used by the members since 1927, the first sitting of the legislature in this building, up until the present date. Former Speakers and Governor Evans, the members of the House of Representatives of the 41st session are happy to present to you as a memento of your service here a chair that we hope at one time you sat in during your terms here. On the back of the chair is a bronze plaque with your name and the years of your service engraved on it. We sincerely hope you will enjoy having this chair as a memento of your years in the legislature. Other members of the House will have the opportunity to obtain a similar chair in the very near future. We would like to have a few comments from each of you with respect to this occasion, and I would like, first, to call on the Governor of the State of Washington, his Excellency, Daniel J. Evans."

Governor Evans: "This is a nice occasion to come back to the House, not to give any formal remarks as Governor, but to come back as all my colleagues here, either as a former or present member of the House, to renew acquaintances once again. I'll say just one thing: It will be nice to have this chair as a remembrance of my service in the House. I hope that along with it goes the privilege of voting occasionally during the next few weeks of this session of the legislature. In fact, some of the former Speakers here might join me in that. We could help speed things along and get good legislation through, I'm sure. Let me just say that I am sure all of you in years to come will look back on service in the House of Representatives as a high point in your life. We are all members of the same fraternity, really, regardless of political party. I know I share with all of you, not only the remembrance of service, but the friendship with all the members we served with, those now here in the House and others we see from time to time who have retired, voluntarily or involuntarily, from the House of Representatives. It is an experience that no one will ever forget. It is an experience that is very important, not only to the individual but to the State of Washington as well. I am very proud to have been a member of the House. I know that the legislature provides the springboard for political leadership in a wide variety of fields, and I hope and believe it will continue to do so. Thank you very much."

The Speaker Pro Tem requested that the lady representatives escort former Representatives W. J. Beierlein, Chet King, Wally Charmichael, Ray Olsen, Arnold Wang, John Bigley, Robert Timm, Frances Swayze and Don Moos to the rostrum.

Speaker Pro Tem Copeland called on Mr. Sylvester for comments.

Mr. Sylvester: "Mr. Speaker Pro Tem, Governor Evans, someone said I was the oldest here. I want you to know it is not a matter of age but point of service. It is a pleasure to be here. Thank you."

Mr. Schaefer: "It is certainly a pleasure to be here today and receive the chair. I want to say, on behalf of all the people in my area and the people of the State of Washington, we really appreciate the fine job you are doing and the great service you give in this capacity. After serving here with you, now that I have returned home, as an individual citizen of this state, I certainly appreciate the fine work you are doing. Thank you."

Mr. Hodde: "During the time I served in the legislature there were many times when I had some fear I would some day be put in the chair. I was also hopeful that I would get the chair that I sat in during the time I served, but if I did somebody has been adjusting it, because when I sat down, my feet wouldn't hit the floor, and as I remember, they reached.

It might be because of the number of different places I've been, and the amount of road I have traveled, that I'm shorter than I was when I served. I do appreciate the fact that somebody went to some trouble to set this date when I could be here. I certainly appreciate having this chair as a memento of the many pleasant, and sometimes rather strenuous, days that were spent in this Chamber. Thank you."

Mr. Frayn: "It is a pleasure to be here. I will say I am happy to receive my chair, too. The one I have in the office is worn out. I'm also happy to sit here with my distinguished Governor. I can't help but put in a plug for the good old 43rd District."

Mr. Hamblen: "Thank you, Mr. Speaker, members and Governor Evans: This is certainly a very happy, fine occasion, to come back to this beautiful legislative Chamber and to see the many improvements that have been made since I was Speaker of the House. Some of you were here with me at that time so I don't feel too terribly old. It's nice to have some people here on the rostrum who worked with me then. I'm doubly happy that Charlie Hodde could be here, because when I was Speaker, Charlie was what we then called 'Minority Floor Leader' and he was a sharp one. I have the satisfaction of knowing that today he probably won't be able to take exception and appeal from anything I might say. I say 'probably' because I don't know. It was certainly a very gracious and thoughtful thing to give these chairs to the ex-Speakers. I want to thank you also on behalf of Floyd Danskin who was Speaker in 1927 and couldn't be here today for various reasons. He asked me to thank you on his behalf and express his thoughts as well as mine that this is something that warms our hearts, flatters our egos, and certainly gives us something that will be a reminder of happy days spent here in the past. Thank you."

Senator Day: "Thank you, Speaker Copeland. The Governor says 'no lobbying' although he mentioned a few minutes ago that he might like to cast a vote here. Governor, and distinguished Speakers, I, too, am delighted to come back here and have an opportunity to walk down the gold carpet and enjoy this opportunity of speaking to you and telling you how much I appreciate receiving this memento of my service here in the House. I want to say that I think one of the results of being Speaker is to broaden your feeling for the legislative branch and your understanding of state government. It makes you more aware of the responsibilities that go with leadership, and gives you the dedication to fulfill your obligations in state government and to try to put the legislative branch of government (if you will pardon me, Governor) in a stronger position so it can really be the people's branch. I want to thank Tom Copeland and the Capitol Committee for the work they have done in providing offices and refurbishing these beautiful Chambers. They really are outstanding in the United States. I have had a number of opportunities to speak to legislatures throughout the country, and I want to say that the decorum and the facilities, as well as the caliber of people serving in the Washington state legislature, is of the finest. In fact, we really lead the way in the United States. Again, I want to thank you very much for this opportunity and for this memento of this occasion. Thank you, Tom."

Mr. O'Brien: "Mr. Speaker Pro Tem, Speaker Eldridge, Governor Evans, former Speakers and ladies and gentlemen: First, it is a grand experience to be Speaker. Sometimes you have experiences you don't particularly like to call to mind, but I do remember one evening when we had a minority leader giving the Speaker a very bad time. This minority leader later became Governor of our state. I remember the occasion well. He started talking back to me so I told the gentleman, 'You either sit down or I will have you ejected from the Chambers.' I think probably this experience is rather unique, but it demonstrates the two-party system and its operation. I know, Governor Evans, at that time you were a very militant leader. Now I am confronted with the same situation on occasions, and sometimes we like to appease our position, but I keep telling our people that the only way you get good government, actually, is because of the challenges between the two parties. I remember when Mort Frayn was Speaker and the time we had with him. When we brought out the little red book, he would call his parliamentarian and, on occasion, they would have to put the House at ease and look over the rules. I know we all have very pleasant memories of this great assembly, and I think more important than anything else are the fond friendships you generate and develop. Regardless of the fact that we do have differences, we never continue to be disagreeable. Because of the very fine, intimate relationship, we have developed great friendships over the years. I know that Mr. Frayn and I are really good friends and it came about because of our association here in the legislature, and this holds true for all of us. I think Governor Evans and everyone else who is involved in this legislative arena would agree with me. It is because of the differences of opinion that we make good government, and because of it we generate a friendship that is not attained in any other type of business. I'm very happy that I have served in this legislature because of the fact that we are able to make a contribution to good government. I think all of us down here are dedicated to that purpose, and that is why we are here. I certainly appreciate this memento and the fact that Tom Copeland thought of it. It is something we are always going to cherish, and it will be part of our heritage of this legislature. Thank you very much."

Speaker Pro Tem Copeland: "For those of you who have some doubt about the militant leader that Mr. O'Brien was alluding to, the Governor leaned over and told me, 'Remind them that I didn't get evicted from the Chambers. I sat down.'"

Speaker Eldridge: (Standing ovation) "Flattery will get you nowhere. Governor Evans, Speaker Pro Tem Copeland, my colleagues in the House, and former Speakers. I'd like to address my remarks to these gentlemen behind me:

"You know the rulings and points of order that you have made over the years have been of great assistance to me. I have found that I can rule any way, on any subject, and one of you will have agreed with me sometime in the past. For that I thank you. It makes the job immeasurably easier.

"Tom, on behalf of those of us gathered here, we want to thank you for putting this program together, with the help of Dutch McBeath, the Chief Clerk. We certainly appreciate this gesture. I would like to take this opportunity to thank my colleagues in the House for their assistance during this session. I hope that we continue to move ahead. If, on adjournment, the former speakers and Governor Evans would adjourn to my office—your office in the past—we have a little ceremony that will be held there."

The Speaker Pro Tem: "I would like to express my personal appreciation to these gentlemen for taking the time coming here, and I want to tell a little story that has been quite untold in the past. Many of you who have used the Speaker's chair may have noticed that the top scroll has been broken off. There's a story behind this. There were two little nine-year-old girls who were playing here one time. This was when the House was not in session. They were swinging around on the Speaker's chair. The velocity became so great that it fell over backwards, and when it did, it broke that little scroll off the top. Now, one of those two little girls was a redhead and the other was a blonde. The blonde was Governor Langlie's daughter, Carrie Ellen, and the redhead was a little girl by the name of Sally Chapman. She is now my secretary, Sally McDaniels."

PERSONAL PRIVILEGE

Mr. Savage: "I wonder if I could salute the gentlemen who were Speakers under whom I have served. I served under all of them but Herb Hamblen. He and I served together as House members, and I served with the Governor, also. I have enjoyed serving while each and every one of them was Speaker, and I served with every man and lady standing up behind you. It's been a great pleasure to know all these people."

The lady representatives escorted the dignitaries to the rear of the House chamber.

MOTION

On motion of Mr. Bledsoe, the House adjourned until 11:00 a.m., Wednesday, March 26, 1969.

DON ELDRIDGE, Speaker.

MALCOLM McBEATH, Chief Clerk.

THIRTEENTH DAY

MORNING SESSION

House Chamber, Olympia, Wash., Wednesday, March 26, 1969.

The House was called to order at 11:00 a.m. by the Speaker. The clerk called the roll and all members were present except Representatives Litchman and Veroske. Representative Litchman was excused.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard. Prayer was offered by the Reverend Walter A. MacArthur of the First United Methodist Church of Olympia.

Reading of the journal of the previous day was dispensed with and it was ordered to stand approved.

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery seventh grade students from Washington Junior High School in Olympia and asked them to stand and be recognized.

The Speaker observed in the south gallery a group from Panorama City in Lacey and asked them to stand and be recognized.

The Speaker observed in the north gallery the Tumwater High School student legislature and asked them to stand and be recognized.

The Speaker recognized within the bar of the House former State Representative Frank Jackson of King County and requested that Representatives O'Brien and Clark (Newman H.) conduct him to a place on the rostrum.

The Speaker: "It is my pleasure at this time to present to the members of the House of Representatives Frank Jackson who served in the House in 1907 and 1909. He was majority floor leader in 1909. He was then elected to the Senate and served in the Washington State Senate in 1911 and 1913. Mr. Jackson has kept active over the years in the affairs of state government and has been of great influence in this state in matters of taxation. Mr. Jackson joins with us biennially, and this is his day in court, so to speak. Mr. Jackson, we in the state of Washington appreciate the interest you have shown in state government, your continued service to the groups that you represent in the matters of taxation, and we commend you for serving this state as a House member and a Senator. We appreciate the opportunity for you to be with us this morning and to make a presentation and some comments to the House of Representatives."

Mr. Jackson presented gavels which were made in the shop of J. W. Wheeler of Seattle to the Speaker and the Speaker Pro Tem.

Mr. Jackson then presented to each member of the body a manual entitled "The Challenge of the Great Pyramid."

Mr. Jackson explained some of the information contained in the manual and advised the legislators to study it and be cognizant of the warnings contained therein.

MOTION

On motion of Mr. Bledsoe, the House advanced to the eighth order of business for the purpose of receiving a resolution.

RESOLUTIONS

HOUSE RESOLUTION NO. 69-47, by Representatives Kalich, Jastad, Marsh, Anderson, Savage and Conner:

WHEREAS, Quartermaster First Class Charles Benton Law, United States Navy, captive of the North Korean Military as a crew member of the U.S.S. Pueblo, has been described by his superior officers, Lt. (jg.) Frederick Schumacher, Jr. and Lt. (jg.) Timothy Harris as a "Tower of Strength" among his fellow prisoners; and

WHEREAS, Lt. Schumacher in referring to Quartermaster Law's leadership qualities stated: "Law probably demonstrated the finest qualities of petty officer leadership I have ever seen;" and

WHEREAS, Lt. Harris in also referring to Quartermaster Law's leadership qualities stated: "Law was in charge of the enlisted men—the way he conducted himself was outstanding;" and

WHEREAS, Quartermaster Law served as liaison between the officers and the crew of the U.S.S. Pueblo and kept each group informed about the other during their captivity, and in the course of these duties, he suffered many beatings and indignities without permitting himself to become provoked into conduct which would have been harmful to all members of the Pueblo crew; and

WHEREAS, Charles Benton Law is a native and resident of Chehalis, Washington, and his meritorious conduct is a source of pride to both the citizens of Chehalis and the other citizens of the State of Washington;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives that its heartfelt thanks be extended to Quartermaster First Class Charles Benton Law for his patriotic and unselfish service to our nation; and

BE IT FURTHER RESOLVED, That the Clerk of the House of Representatives be instructed to prepare a certified copy of the foregoing resolution for presentation to Quartermaster First Class Charles Benton Law.

Mr. Kalich moved adoption of the resolution.

Representatives Kalich and Jastad spoke in favor of adoption of the resolution.

The resolution was adopted.

SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House Quartermaster First Class Charles Benton Law of the United States Navy, his wife and his mother, and requested that Representatives Kalich, Jastad, Marsh, Goldsworthy, Amen and Clarke (George W.) escort them, along with Senator Odegaard, a personal friend of Quartermaster Law, to places on the rostrum.

The Speaker: "I presume that on an occasion like this there are many thoughts that run through the minds of each of us. We have seen some disturbing things in our times, and sometimes, perhaps, we lose our sense of values. But today we have a man of whom we, in the state of Washington, can be mighty proud. He has stood for those things that are right. That flag and this uniform stand for something. And we can take a lesson from Quartermaster Law and his colleagues. We owe this man, and the others like him, a great deal, and I'd like to pay tribute to those men through Quartermaster Law, and I would like to have the House join with me."

(Standing ovation)

"Quartermaster Law has agreed to make a few comments, and I am sure that he would answer questions, if you have any, pertaining to his recent experiences and those of his colleagues. Quartermaster Law:"

Quartermaster Law: "Ladies and gentlemen: It's a real great honor to be here. In fact, it feels real good to be back in Washington again. I am not really sure why I'm here, and I think there are a lot of servicemen who probably should be here rather than I. There are quite a few men in uniform whom I believe make up for this very small minority we have in the United States—the demonstrators and militants—men who deserve everything from this great country and great people. It is a real great pleasure and honor to be here. Thank you very much for inviting me."

Mr. Bledsoe: "Quartermaster Law, I have something I would like to say. You are in a hall here with people who feel the same dedication to their country that you do. And I think in this hall there are many here who recognize that it is lonely work—the work that you did while you were at sea, and even more than that, the work that you did when you were incarcerated in North Korea. I would like to concur in the remarks of the Speaker—that we are in your debt, you and the other servicemen that you were generous enough to include in the applause that this group gave to you. It's not just for you, Quartermaster, I hope you recognize that, but for those who were with you, as well. On behalf of this body, although divided on many things, we stand united on this—we salute you."

Mr. Charette: "Mr. Speaker, Quartermaster Law, rather than ask a question, I would like to say that I think that each elected member of this body and each person who engages in any kind of public service across the United States would like the people to feel one/hundredth of the way about them and be as proud of what we do as we are proud of your representation of our country and our people. Quartermaster Law, we thank you."

Quartermaster Law: "I'm sure that everybody, not only in the state of Washington but in the United States, is proud of the work that is done here. Regardless of what we on the ship went through, I don't envy any of you ladies and gentlemen one bit."

Mr. Beck: "Thank you very kindly, Mr. Speaker. Ladies and gentlemen of the House: I would like to speak on one thing that has not yet been brought out here this morning. We have in front of us Quartermaster Law who is one of the fine, typical specimens of American youth and manhood manning our Navy vessels today. The U.S.S. Pueblo was brought into the Puget Sound Naval Shipyard at Bremerton just a couple of short years ago. It was an old hulk—a relic of World War II. Few people had ever heard of it. Its ninety-some-man crew came to Bremerton. We accepted them, took them into our homes and into our hearts. We got acquainted with these boys and established many lasting friendships.

"It was not my privilege and pleasure to become acquainted with Quartermaster Law, but I knew his Skipper, Commander Bucher. No finer man has the Navy ever had than Commander Bucher. He served with these men. He lead them through times of trouble in Korea. You have standing here the type of man who comes into Bremerton regularly, every day. The little old U.S.S. Pueblo, before it got into the trouble out in Korea, had hardly ever been heard of.

"We also have ships like the U.S.S. Enterprise that was into Bremerton just last summer—the world's largest and most modern carrier. We have all types of ships in the Navy Yard at Bremerton. This is the kind of people we have coming in and out of our city of Bremerton, the home of our greatest naval shipyard.

"Yes, Mr. Law, on behalf of the citizens of Bremerton, Port Orchard and all Kitsap County, we would like to salute all you fine gentlemen who come into the naval shipyard at Bremerton. You, who are willing to go out and lay down your lives, make sacrifices, and be away from your homes and your families that we might have freedom and democracy as we know it in these United States today. Quartermaster Law, as a former sailor and a Navy man, I salute you for what you have contributed to your country."

Mr. O'Brien: "Quartermaster Law, I am rather curious as to how you were treated while you were imprisoned by the North Koreans. Were you fed well and did you have any free time?"

Quartermaster Law: "We weren't treated very well, to say the least. Of course, I don't believe anybody expected to be treated very well in a country, as far as I am concerned, of absolute barbarians. But all the men on the crew held up real well. The guys on the ship were a great bunch of sailors and they always had faith in our government and the people of the United States, and faith that we would return home. But the treatment over there was such I wouldn't care to go through it again, sir."

Mr. Brown: "Thank you, Mr. Speaker. No question, but as a former naval officer for twenty years, I would just like to take this opportunity to extend to you, Quartermaster Law, and to a gallant ship and a gallant crew, a traditional and very heartfelt: Well done."

The Speaker: "Quartermaster Law, I know that your wife and your mother are most happy to have you back home. We join with them in welcoming you back to the United States and the state of Washington. We appreciate what you have done for us and we wish you the best of luck as you continue your career."

The committee escorted Quartermaster Law and his family to the rear of the House Chamber.

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery, the Class AAA basketball champions from Ingraham High School and asked them to stand and be recognized.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Kalich.

Mr. Kalich: "Since you are from Hoquiam, and Ingraham High School beat Hoquiam High School for the Class AAA championship, where is your black armband?"

Mr. Charette: "Mr. Kalich, neither Ingraham nor Hoquiam have anything to be sorry for. It was a real good game, and the best team won."

RESOLUTIONS

HOUSE RESOLUTION NO. 69-46, by Representatives Richardson, Smythe, Chapin, Lynch, Murray, North, Conway and Randall:

WHEREAS, The increasingly complex technology and the growing problems in our society have pointed up the ever-increasing need for and importance of higher education; and

WHEREAS, The Legislature has appropriated large amounts of money to the support of higher education, resulting in an average subsidy of approximately one thousand five hundred dollars per student per year (not considering the outlay for capital construction); and

WHEREAS, The legislative responsibility extends beyond merely providing the money, and includes insuring that the money is successfully spent in guaranteeing conditions which enable students in our state to pursue their education at our institutions of higher learning without undue interference;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives commends the administrations and the majority of students at our institutions of higher learning for their efforts and their responsibility in avoiding the violence and tragedy which have struck other campuses of our nation, interfered with the education of students, and resulted in damage to buildings, and waste of taxpayers' money, and that we heartily and specifically commend University of Washington faculty members, the majority of students and President Dr. Charles Odegaard for their recently stated positions and positive handling of the problems caused by a vocal and militant minority at that institution; and

BE IT FURTHER RESOLVED, That it is the intent of the House of Representatives that all administrations of our institutions of higher learning maintain this fine record so that the vital functions of these institutions continue without interruption; and

BE IT FURTHER RESOLVED, That it is the intent of the House of Representatives that the administrations of the institutions of higher education, including community colleges, in a legal and constitutional manner, provide for expulsion or discipline of students and dismissal or discipline of faculty members who, during a time of riot or severe campus unrest, actively interfere with the education of other students, or with the normal operations of any tax-supported institution of higher education, and that copies of this resolution be sent to the presidents and boards of trustees or regents of our state colleges, universities, and community colleges.

POINT OF INQUIRY

Mr. Beck: "Mrs. Lynch, for the last year and a half, I have been trying to find out just what we are putting into our institutions of higher education in the way of money. I note in the second paragraph here, it says that it is approximately fifteen hundred dollars per student per year. Is that an accurate figure that we can quote and go ahead and point out what we are doing?"

Mrs. Lynch: "Mr. Beck, if you will come and see me after the session, I will be very delighted to give you the exact figure. I'm not absolutely sure if this is correct but I assume it is."

HOUSE RESOLUTION NO. 69-48, by Representatives Gallagher, Martinis, Kink and Hawley:

WHEREAS, The variety of shark commonly known as a Dogfish is very abundant in the waters of Washington; and

WHEREAS, In past years the numbers of these pest fish had been reduced by commercial ventures for their vitamin A; and

WHEREAS, Subsequent commercially feasible artificial means of production of vitamin A and a concomitant lessening of demand for Dogfish livers has resulted in an increase in the numbers of Dogfish; and

WHEREAS, The large numbers of Dogfish have seriously affected the food and game fish population which shares our waters with the Dogfish;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives, That the Legislative Interim Committee on Fisheries study the problem of the expanding population of Dogfish and its adverse effect upon food and game fish.

BE IT FURTHER RESOLVED, That the Interim Fisheries Committee consider whatever legislation may be necessary to correct the problem, including the possibility of a bounty as used by the Canadian Province of British Columbia;

The superintendent and director shall each require that when a test is given that the administrator, in charge of the vocational technical institute or community college, must direct:

Any person successfully passing said examination shall be considered as a student who successfully completed a vocational course of instruction pursuant to section 4 of this 1969 act and shall have the same rights as said student. No person shall be allowed to petition to take said examination more than once each six months.

"*NEW SECTION*. Sec. 11. The importance of employment to the economic well-being of citizens of this state and the relationship between membership in a labor organization or a labor organization's apprenticeship or other program and being able to obtain employment in certain crafts, trades, skills, or occupations are so interrelated that no person in this state shall be denied the right or privilege to join, any labor organization or any labor organization apprenticeship program or other similar program, for any of the following reasons:

"(1) A vote of the labor organization membership;

"NEW SECTION. Sec. 15. Any agreement between any labor organization and any vocational technical institute or community college or the superintendent or director which shall in any way conflict with any provision of this 1969 act or the declared policy of this 1969 act shall to that extent be void and unenforceable as being against public policy.

"NEW SECTION. Sec. 16. If any provision of this 1969 act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected."

The bill was read the second time.

Mr. Morrison moved adoption of the committee amendment.

Representative Smythe spoke in favor of adoption of the amendment.

POINT OF ORDER

Mr. Grant: "Mr. Speaker, I have an amendment to section one which I think should be considered before the committee amendment to section two."

The Speaker: "It has been our procedure, Mr. Grant, to consider the committee amendments first, and even though you have one that would be prior to the committee amendment, I would recognize it after we have considered the committee amendment."

POINT OF ORDER

Mr. O'Brien: "The committee amendment apparently strikes several sections, and we do have other amendments pertaining to those sections. It appears the sponsors should have the right to offer them."

RULING BY THE SPEAKER

The Speaker: "It would appear in this situation where we have amendments that perfect the bill rather than strike, they would have to be considered prior to the committee amendment which strikes sections two through twelve.

"In order to facilitate the mechanics of this procedure, it might be well to have a word or two about the committee amendment and then we will go ahead and consider the floor amendments by Mr. Grant. Mr. Grant, would this be acceptable to you if we handle it in that manner?"

Mr. Grant: "Yes, it would."

Representative Smythe continued his remarks in favor of the committee amendment, and Representatives Morrison and Fleming spoke in favor of adoption of the committee amendment.

RULING BY THE SPEAKER

The Speaker: "I think you have copies of the committee amendment and also Mr. Grant's floor amendments. The first amendment by Mr. Grant will be considered as an amendment to the original bill. The remainder of the amendments are amendments to the committee amendment, so you might keep that in mind as you consider them."

The Speaker declared the House to be at ease.

The Speaker called the House to order.

Mr. Wolf demanded a Call of the House and the demand was sustained.

CALL OF THE HOUSE

The Sergeant at Arms was instructed to lock the doors.

The clerk called the roll and all members were present except Representative Leckenby.

On motion of Mr. Wolf, the absent member was excused, and the House proceeded with business under the Call of the House.

SIGNED BY THE SPEAKER

The Speaker announced that he was about to sign:

SENATE BILL NO. 242,

SENATE BILL NO. 257,
 SENATE BILL NO. 290,
 SENATE BILL NO. 353,
 SENATE JOINT MEMORIAL NO. 7.

With the consent of the House, Mr. Morrison withdrew the committee amendment to House Bill No. 742 so that the amendments by Mr. Grant could be considered.

Mr. Grant moved adoption of the following amendment:

On page 1, section 1, line 12, after "organizations" and before the period insert "and with some employers"

Debate ensued, Representative Grant speaking in favor of adoption of the amendment, and Representative Curtis speaking against its adoption.

POINT OF INQUIRY

Mr. Smythe yielded to question by Mr. Curtis.

Mr. Curtis: "Representative Smythe, perhaps I don't understand because I am from a small town and operate a small business. You are the prime sponsor of this bill and, in addition, I think it could be said you represent a very large, substantial employer, with employment not only throughout the Pacific Northwest and the state of Washington but nationwide. Is it your understanding that employers are doing something about the problem, or am I wrong?"

Mr. Smythe: "Mr. Curtis, you are right. In fact I think we are trying to fog the issue by trying to include employers in this bill. I think most of you on the other side, as well as this side, are fully aware of what is being attempted nationwide and especially in the state of Washington, as I am, by employers, business and industry. They are attempting in every way to hire the past unemployable—the racial minority. They are even going so far as to do something that we are not even asking the unions to do here, and that is to lower standards. Nowhere in this bill have we asked the unions to lower their standards. We are saying, 'Give us the standards; we will develop the test and make sure it is given fairly, and people can qualify on that basis.' Business and industry have not only lowered their standards, but in some cases they have bypassed the testing process completely. In addition, they have, in plants and on jobs, given developmental courses. They give all of the aid and instruction they can to a person to help him over the hump for those first few months. They are doing everything they can. Unions are not doing this. We are talking about one thing here with this bill, and I'm sorry to hear Mr. Grant say that it is an embarrassing-type thing, because it shouldn't be. It was not intended this way originally, and I hope you don't take it that way."

POINT OF ORDER

Mr. Charette: "Mr. Speaker, my point of order is that Mr. Smythe was asked to yield to a question, and I suggest that he is now off the subject of the original question."

The Speaker: "I think your point is well taken, Mr. Charette. Would you direct your final remarks to the question please, Mr. Smythe?"

Mr. Smythe: "I think I have answered the question. When Mr. Curtis is through I would like to speak against the amendment."

Representative Perry spoke in favor of adoption of the amendment by Mr. Grant.

Mr. King demanded an electric roll call and the demand was sustained.

Further debate ensued, Representatives Moon and Savage speaking in favor of adoption of the amendment, and Representative Smythe speaking against it.

POINT OF INQUIRY

Mr. Smythe yielded to question by Mr. Hatfield.

Mr. Hatfield: "Mr. Smythe, you have been accused of being a member of management of a large employer as against Mr. Grant who represents labor. I think it would be interesting to the House, if not embarrassing to you personally, if you would give us some of your personal background."

Mr. Smythe: "I don't know that it is really relevant here."

POINT OF ORDER

Mr. Charette: "Mr. Speaker, my point of order is that I don't think the question is germane to the subject that is now at hand which is an amendment to insert the words 'and with some employers.' Speaking to the point of order, he could read about Mr. Smythe's background in the little picture book we have."

The Speaker: "I would suggest that the question is probably not in order."

Further debate ensued, Representative Morrison speaking against adoption of the amendment by Mr. Grant to House Bill No. 742, and Representatives Heavey and May speaking in favor of the amendment.

Further debate ensued, Representative Morrison again speaking against adoption of the amendment, and Representative Francis speaking in favor of the amendment.

Further debate ensued, Representative Grant again speaking in favor of the adoption of the amendment, and Representative Smythe speaking against it.

POINT OF ORDER

Mr. O'Brien: "How many times may one member speak on an issue?"

The Speaker: "We have been rather lenient, Mr. O'Brien. Mr. Grant has been on his feet a number of times. I think that over the years you, as Speaker, and during my term as Speaker, we have been fairly liberal in this area."

Mr. O'Brien: "You must be kidding."

Representative Smythe continued his remarks in opposition to the amendment by Mr. Grant to House Bill No. 742.

Mr. Bledsoe demanded the previous question and the demand was sustained.

Mr. Leckenby appeared at the bar of the House.

The clerk called the roll on the adoption of the amendment by Mr. Grant to House Bill No. 742, and the amendment was lost by the following vote: Yeas, 42; nays, 57; absent or not voting, 0.

It is hereby determined that there exists in this state a need to make available for the necessary support of the poor, which includes persons and families of low income as hereinafter defined, adequate, sanitary and safe housing which cannot be economically provided by private enterprise alone; and that the existence of this need has created and is creating conditions which constitute a present danger to the public health, safety and general welfare.

"The purposes of this act are to enable persons and families of low income who reside within the state of Washington to obtain adequate, sanitary and safe housing at prices or rents within their means and to encourage the rehabilitation of deteriorated housing. This act shall not be construed to limit or derogate from the responsibilities or rights of local housing authorities or any other municipal or governmental bodies, all of which shall have the benefits of this act to the extent applicable.

However, no regional housing development corporation shall be precluded from performing other functions within its statutory powers.

"(3) Certification of a regional housing development corporation may be revoked by the director solely for cause, which shall be failure to satisfy the requirements of certification as changed or supplemented from time to time by the director as provided in subsection (2) hereof, or to perform the functions of a regional housing development corporation under this act or violation of a provision of this act.

"(a) Revocation shall not be effective, unless consented to by the corporation, until completion of the administrative process set forth in subsection (4) hereof.

"(2) Conduct, direct, organize and correlate research with respect to present and anticipated housing needs, building materials and techniques, and any other matter which might serve the purpose of this act.

The director, upon recommendation of a regional housing development corporation whose area of activity embraces a population of not less than one million persons by the preceding decennial census, may acquire real property or interests therein by condemnation, for subsequent conveyance to a regional housing development

corporation, when such acquisition and conveyance would promote the purposes of this act. No condemnation action shall be filed until after a hearing shall have been held by the director upon fifteen days' notice published in the official newspaper of the county in which the property proposed to be condemned is located. The determination of the director shall not be subject to judicial review under the administrative procedure act, chapter 34.04 RCW, but as in other state eminent domain actions the question of necessity for condemnation shall be determined by the court.

"NEW SECTION. Sec. 9. Concurrent with the effective date of this act, the governor shall appoint a seven member board to be known as the 'Washington State Housing Advisory Board' (hereinafter referred to as the 'board'). The members, who shall be geographically representative of the entire state, also shall be representative of design, financial, construction and consumer interests. In addition, the director of the planning and community affairs agency shall be an ex officio member of the board acting in an advisory capacity only. Two of the appointees shall be appointed initially to one year terms, two shall be appointed initially to two year terms, two shall be appointed initially to three year terms, and one shall be appointed initially to a four year term. Thereafter, all appointments shall be to four year terms. In the event of a vacancy, the appointment will be for the remainder of the unexpired term of the position being filled.

"The governor shall appoint one member to serve as chairman of the board at the governor's pleasure. The chairman shall call the first meeting of the board forthwith after the effective date of this act to establish procedures for its orderly operation.

"The board shall have the power, by majority vote, to disapprove actions of the agency or director only in the following areas:

"(1) Actions of the director or agency in certifying regional housing development corporations;

"(2) Disposition of any grants and/or loans by the director;

"(4) The director's exercise of the power of eminent domain as set forth in section 8 of this act.

"In the event the action to be taken by the director or agency is subject to chapter 34.04 RCW, the board shall proceed as follows when determining whether or not to disapprove said action:

"(1) The notice of intention to adopt rules and/or hold a public hearing given by the director or agency shall also state that the action taken may be disapproved by the board meeting on a date, time and place certain which shall be publicly announced at the time the action is taken, and notice of which shall be forthwith filed in the office of the code reviser. The date established for the board's meeting shall be not less than seven, nor more than fourteen, days after the date upon which the director or agency has given notice it will take the said action.

"(2) In reaching its decision on whether or not to disapprove the director's or agency's action, the board shall consider any transcript, exhibits and other evidence of record considered by the director or agency. In addition, all interested persons may submit data, views, or arguments in writing which shall be fully considered by the board.

"(3) If the board disapproves of any action by the director or agency, it shall issue a concise statement of the principal reasons for its disapproval, which statement shall be filed with the office of the code reviser within seven days after the board's meeting referred to in subsection (1) immediately above.

"(4) If the board does not disapprove of an action by the director or agency, said action shall be final and it will be forthwith filed with the office of the code reviser.

"In the event the action to be taken by the director or agency is not subject to chapter 34.04 RCW, the board shall exercise its power of disapproval, if at all, within fourteen days of the said action, and so notify the director or agency in writing.

"In addition to the foregoing specifically enumerated power, the board shall act in an advisory capacity to the director and agency on the development of low cost housing within the state.

"The board shall have no power other than that specifically conferred by this section.

"The board members shall serve without compensation, but may be reimbursed for their necessary travel expenses in the manner provided in RCW 44.04.120. Secretarial and staff support and suitable quarters will be provided by the agency.

"NEW SECTION. Sec. 10. Regional housing development corporations shall:

"(1) Maintain complete books of account and records of income and expenditures which shall be kept so as to distinguish clearly between uses made of funds received from the state and funds derived or received from other sources. All disbursements of funds received from the state shall be audited by the state auditor in the manner provided by law.

"(2) Prepare and submit to the agency on or before August 31st of each year, an annual report for the period ending the preceding June 30th, with respect to (a) the progress being made toward meeting the purpose of this act, including all matters pertinent thereto, (b) the audited financial condition of the corporation, (c) the current organization of the corporation, including the names and addresses of its directors and officers, and (d) recommendations for executive action or legislation which would further promote the purpose of this act.

"The housing finance fund shall be utilized solely for the necessary support of the poor, in accordance with the purpose of this act, to enable the department and the regional housing development corporations to perform their functions as stated in this act and for administrative expenses in connection therewith. Withdrawals from the housing finance fund shall only be made with the approval of the director.

"It is declared to be the policy of this state that the need for adequate, safe and sanitary housing should first be met locally and regionally. In furtherance of this policy, the director is authorized to make loans and grants from the housing finance fund to the regional housing development corporations, pursuant to appropriate rules and regulations adopted in accordance with chapter 34.04 RCW, the administrative procedure act, and such appropriate conditions which may be determined by the director for a specific loan or grant. The fund may also be utilized to make direct loans or grants to qualified housing sponsors, local housing authorities, municipalities, or counties to enable the recipients to plan for and to commence housing projects, and to institutes of higher learning and nonprofit research organizations within the state of Washington for research and training programs relating to the management, administration, financing, marketing, social aspects, design and technology of housing.

"NEW SECTION. Sec. 12. A regional housing development corporation or the agency in the absence of such a corporation may certify any housing sponsor or prospective housing sponsor as a qualified housing sponsor upon determining that the sponsor has the capacity, with the assistance available to it, to construct or manage a housing project. The determination of capacity shall be made in accordance with such rules and standards as the director of the agency or board of trustees or directors of a regional housing development corporation, as the case may be, shall from time to time establish. Certification shall be made with respect to capacity to construct or capacity to manage a housing project, or both.

"NEW SECTION. Sec. 13. PERSONAL PRIVILEGE

Mr. Goldsworthy: “Since Representative Kalich mentioned basketball, I failed the other day when I talked about the champions of the Class B tourney (as you remember they are both from Whitman County) to mention the names of the towns. They were St. John, number one, and Oakesdale, number two. I knew you were concerned with this oversight.”

Representative DeJarnatt spoke in favor of adoption of the resolution.

The resolution was adopted.

On motion of Mr. Morrison, Substitute House Bill No. 330 was substituted for House Bill No. 330, and the substitute bill was placed on the calendar for second reading.
Substitute House Bill No. 330 was read the second time.

POINT OF ORDER

Mr. O'Brien: "I know it is rather late to raise this point of order but Engrossed House Bill No. 329 moved pretty fast. You brought out the substitute bill and distributed it. Some of the members didn't have an opportunity to review it. You made a major change, apparently, incorporating the division of vocational rehabilitation of the coordinating council for occupational education into Engrossed House Bill No. 329, and it got by some of the people. Of course, this is understandable with all the confusion. The copies were being distributed as you were acting on it, and in the copy I had the pages were upside down. You made a major change, and put it through while these copies were being distributed to us for our review. It appears that the action was contrary to good legislative process and procedure."

The Speaker (Mr. Copeland presiding): "Thank you for your comments, Mr. O'Brien. Are there printed copies of your amendment to Substitute House Bill No. 330 on the desks of all the members?"

Mr. Grant moved adoption of the following amendment by Representatives O'Brien and Grant to Substitute House Bill No. 330:

On page 2, section 1, lines 19 and 29; page 3, section 2, lines 6, 7, 8 and 10; page 3, section 3, line 12; page 3, section 4, line 25; page 4, section 6, line 11; page 5, section 8, lines 4 and 5; page 5, section 10, lines 22 and 30; page 6, section 11, line 6; page 7, section 12, lines 7 and 12; page 7, section 13, line 19; page 7, section 14, line 32; page 9, section 16, line 8; page 11, section 21, line 4; page 11, section 22, line 11; page 11, section 23, line 24; page 12, section 24, line 2; page 13, section 27, line 5; strike the word "manpower" and insert "labor"

Representative Grant spoke in favor of adoption of the amendment.

PARLIAMENTARY INQUIRY

Mr. Moon: "I have just had delivered to my desk something which doesn't have identification on it. I don't know what it is. It has 'H-1082/69' at the top. What is that?"

The Speaker (Mr. Copeland presiding): "I wouldn't have the slightest idea. If you bring it up here, I will try to tell you."

Debate ensued, Representative Morrison speaking against adoption of the amendment, and Representative O'Brien speaking in favor of it.

PARLIAMENTARY INQUIRY

Mr. Swayze: "The first amendment I have on my desk is to page 2, section 1, line 22, after 'training' and before 'programs' strike 'and rehabilitation.' I am wondering whether we are debating that first amendment to the bill, or whether we are discussing several of these later ones which seek to change the name of the department?"

The Speaker (Mr. Copeland presiding): "Mr. Swayze, the amendment offered by Mr. O'Brien and Mr. Grant is to page 2, section 1, lines 19 and 29, and because of the fact it appears first in the bill, we offered it as the first amendment."

Mr. King demanded an electric roll call and the demand was sustained.

MOTION

Mr. Savage moved that Substitute House Bill No. 330 be indefinitely postponed.
Representative Savage spoke in favor of the motion.

POINT OF ORDER

Mr. Newhouse: "Mr. Speaker, does a point of order take precedence over an amendment which is before us?"

The Speaker (Mr. Copeland presiding): "You may raise a point of order at any time in the proceedings, Mr. Newhouse."

Mr. Newhouse: "Mr. Savage moved to indefinitely postpone while an amendment is before us."

The Speaker: "It is in order to move to indefinitely postpone at any time in the proceedings."

Representative Savage continued his remarks in favor of the motion.

POINT OF ORDER

Mr. Bledsoe: "Mr. Speaker, the gentleman has made a motion to indefinitely postpone. We are now proceeding to engage in a one-sided debate. I suggest he confine his remarks to the motion to indefinitely postpone."

The Speaker (Mr. Copeland presiding): "Mr. Bledsoe, I think your point is well taken in that Mr. Savage is attempting to explain the merits of the bill. We can grant considerable latitude and I would ask the indulgence of the House at this time, and ask also that we restrict our remarks to the motion at hand."

Representative Savage concluded his remarks in favor of the motion to indefinitely postpone Substitute House Bill No. 330, and Representative Morrison spoke against the motion.

Mr. Kink demanded a Call of the House and the demand was sustained.

Absent or not voting: Mr. Speaker—1.

PARLIAMENTARY INQUIRY

Mr. Morrison: "Mr. Speaker, is it possible to consider several amendments at one time? They are the amendments which remove from this bill the department of vocational rehabilitation. I think we have amendments doing the same thing by Representatives King and Grant."

The Speaker (Mr. Copeland presiding): "It would be entirely possible, Mr. Morrison, with the consent of the House or a suspension of the rules. It would be handled most expeditiously in this manner. Do the members have copies of the amendments?"

Mr. Morrison: "Yes, there are copies on the desks."

POINT OF ORDER

Mr. O'Brien: "Mr. Speaker, our members object."

POINT OF ORDER

Mr. Savage: "Mr. Speaker, I don't have a copy of the bill we are trying to amend."

SPEAKER'S PRIVILEGE

The Speaker (Mr. Copeland presiding) observed in the north and south galleries a group of Republicans from the 36th District in Seattle.

The Clerk read the following amendment by Mr. Whetzel:

On page 6, section 8, line 28, after line 28 add a new section as follows and renumber the following section:

"NEW SECTION. Sec. 9. The project authorized by this 1969 amendatory act shall include the modification of primary state highway number 1 (SR 520) from the Northrup interchange at FAI 405 east to an interchange with the proposed east side freeway (SR 605)."

Mr. Whetzel explained the purpose of the amendments which had been offered.

The Speaker (Mr. Copeland presiding): "Mr. Whetzel, if you do not move the adoption of the amendment, there is nothing before you. Unless you request a point of personal privilege, I don't think there is a subject matter before us for you to discuss."

POINT OF INQUIRY

Mr. Whetzel yielded to question by Mr. Bledsoe.

Mr. Bledsoe: "Mr. Whetzel, you are trying to be nice, you said. What's nice?"

Mr. Whetzel: "Mr. Bledsoe, it will be nice when I finish making a few remarks to withdraw this particular amendment."

The Speaker (Mr. Copeland presiding): "The Speaker concurs in that. It will be nice."

Mr. Whetzel: "Thank you. As I was saying, in the famous words of Roger Sherman, 'When you are in the minority, talk' and we have been trying to do that for the last several days. There has been a very serious purpose behind this. The amendments that I have offered were for the serious purpose and intention of trying to make some accommodations in the bridge bill to make it a satisfactory neighbor for the people who are going to have to live with it for the next forty or fifty years. My country cousins from those counties with the wonderful Indian names who have taken my scalp on these amendments (the Spokanes, the Yakimas, the Kittitases, the Skagits and all the others) have been very successful in defeating these amendments, which have been supported, as my analysis of the vote shows, by a majority of the legislators from King County where the impact of this bridge is, and by the majority of those from Seattle, and on the bulk of the amendments, by the Representatives in this House of both parties from King County.

"We have tried to provide transit facilities on this bridge. We have attempted to preserve the University of Washington Arboretum. We have tried to preserve parks in the area between the Arboretum and Roanoke Street. We have tried to stop the toll facility at the Arboretum to connect it with the R. H. Thomson Freeway, and have been unsuccessful. I do think that we have endeavored to do this in a serious vein, and I'm sorry if we have perhaps taken the time of this body from other matters, but we have tried to point out that these are difficult problems. They are problems that I think those of you in other parts of the state are going to be facing increasingly as the years come on.

"The amendment that I was going to offer here was simply to extend the toll facility from the Northrup Interchange on the east side to the east side freeway so that it could connect with the facility there because, as a famous wit once said, 'bridges are a two-way street' and those of us from Seattle go out to the east side, too, and we want to be certain that you are not going to have traffic congestion over there, and we want to encourage you to construct east side freeways just as you are trying to encourage us to construct the R. H. Thomson Freeway. But I think that this amendment was perhaps not offered in as serious a vein as the others, so for that reason, with the consent of the House, I would like to withdraw it."

With the consent of the House, Mr. Whetzel withdrew the amendment.

Substitute House Bill No. 839 was ordered engrossed and passed to Committee on Rules and Administration for third reading.

ENGROSSED SENATE BILL NO. 253, by Senators Talley, Faulk and Stortini:

Providing for the sale of port district personal property.

The House resumed consideration of Engrossed Senate Bill No. 253 on second reading.

The bill was read the second time.

On motion of Mr. Wolf, the rules were suspended, the second reading considered the third, and Engrossed Senate Bill No. 253 was placed on final passage.

Representative Kopet spoke in favor of passage of the bill.

ROLL CALL

The clerk called the roll on the final passage of Engrossed Senate Bill No. 253, and the bill passed the House by the following vote: Yeas, 98; nays, 0; absent or not voting, 1.

Engrossed Senate Bill No. 253, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

POINT OF INQUIRY

Mr. Flanagan yielded to question by Mr. Clarke (George W.).

Mr. Clarke: "Representative Flanagan, as I understand it, some parklands are owned outright as parks by the park department and others are leased from the department of natural resources. Would this amendment create a situation so that if the department of natural resources leased any land for park purposes, they would forever be prevented from in any way withdrawing it? They would be in a situation where if they let it once be used for parklands, they would in effect forever dedicate it to that use?"

Mr. Flanagan: "I didn't read the amendment that way. I read it to say it would be subject to the legislature making the determination. In other words, the amendment is saying that the legislature would have to make the final decision on whether it was withdrawn and used for some other purpose."

Mr. Clarke: "Thank you, I think that is the point I wish to bring out. It seems to me that the adoption of this amendment might well create a situation where the department of natural resources would be hesitant to lease property for park purposes because, under this amendment, by so doing the only way they could ever get it out again would be with the approval of the legislature. I am apprehensive that the adoption of this amendment would create a situation which would in effect deter the making available of these lands for park purposes when now they can be made so available with the idea that if and when it is determined that it is not desirable, they can again be withdrawn."

Further debate ensued, Representative Julin speaking against adoption of the amendment, and Representative Wolf speaking in favor of it.

Mr. Chapin moved adoption of the following amendment to the amendment:

Amend the amendment by Representatives Curtis, Chapin and Bozarth adding section 2 as follows: After "United States which are" insert "on the effective date of this act"

Representatives Chapin and Sprague spoke in favor of adoption of the amendment to the amendment.

REPORTS OF STANDING COMMITTEES

March 28, 1969.

HOUSE BILL NO. 709, authorizing first, second and third class cities to establish off-street parking facilities, reported by Committee on Local Government.

MAJORITY recommendation: Do pass with the following amendments:

On page 4, section 5, line 7, after "expenses." add a new sentence as follows: "One member of the parking commission shall be selected from among persons actively engaged in the private parking industry, if available."

On page 6, section 7, subparagraph (10), line 2, after "provided." insert a new paragraph as follows:

"The city shall not have any power to regulate parking facilities not owned by the city. Parking fees for parking facilities under the control of the parking commission shall be maintained commensurate with and neither higher nor lower than prevailing rates for parking charged by commercial operators in the general area."

On page 8, following section 11, insert two new sections as follows:

"NEW SECTION. Sec. 12. No city shall operate off-street parking facilities but shall call for sealed bids from responsible, experienced private operators of such facilities for the operation thereof. The call for bids shall specify the terms and conditions under which the facility will be leased for private operation. The call for bids shall specify the time and place at which the bids will be received and the time when the same will be opened, and such call shall be advertised once a week for two successive weeks before the time fixed for the filing of bids in a newspaper of general circulation in the city. The competitive bid requirements of this section shall not apply in any case where such a city shall grant a long-term negotiated lease of any such facility to a private operator on the condition that the tenant-operator shall construct a substantial portion of the facility or the improvements thereto, which construction and/or improvements shall become the property of the city on expiration of the lease. If no bid is received for the operation of such an off-street parking facility, or if the bids received are not satisfactory, the legislative body of the city may reject such bids and shall readvertise the facility for lease. In the event that no bids or no satisfactory bids shall have been received following the second advertising, the city may negotiate with a private operator for the operation of the facility without competitive bidding. In the event the city shall be unable to negotiate for satisfactory private operation within a reasonable time, the city may operate the facility for a period not to exceed three years, at which time it shall readvertise as provided above in this section.

"Sec. 13. Section 35.86.040, chapter 7, Laws of 1965 and RCW 35.86.040 are each amended to read as follows:

"Such cities are authorized to establish the method of operation of off-street parking space and/or facilities by ordinance, which may include leasing or municipal operation: PROVIDED, HOWEVER, That no city with a population of more than one hundred thousand shall operate any such off-street parking space and/or facilities [until after it has called] *but shall call for sealed bids from responsible, experienced, private operators of such facilities for the operation thereof. The call for bids shall specify the terms and conditions under which the facility will be leased for private operation [and shall specify a minimum rental upon which such a lease will be made by the city. The minimum rental may be on a weekly or monthly flat fee basis or may be based upon a weekly or monthly percentage of gross income, but it shall in any event be sufficient to cover all of the city's costs in acquiring and/or constructing or improving the facility to be leased, including interest charges, debt retirement, and payment in lieu of the taxes lost by removal of the property from the tax rolls]. The call for bids shall specify the time and place at which the bids will be received and the time when the same will be opened, and such call shall be advertised once a week for two successive weeks before the time fixed for the filing of bids in a newspaper of general circulation in the city. The competitive bid requirements of this section shall not apply in any case where such a city shall grant a long-term negotiated lease of any such facility to a private operator on the condition that the tenant-operator shall construct a substantial portion of the facility or the improvements thereto, which construction and/or improvements shall become the property of the city on expiration of the lease. If no bid is received for the operation of such an off-street parking facility, or if none of the bids received [meet the minimum rental specified] are satisfactory, the legislative body of the city may reject all bids, in the latter case, and in both situations [may] shall readvertise the facility for lease [or may operate the facility itself. If the city elects to operate the parking facility itself, it shall at least once in every three years again readvertise for bids in the same manner as provided above]. In the event that no bids or no satisfactory bids shall have been received following the second advertising the city may negotiate with a private operator for the operation of the facility without competitive bidding. In the event the city shall be unable to negotiate for satisfactory private operation within a reasonable time, the city may operate the facility for a period not to exceed three years, at which time it shall readvertise as provided above in this section.*"

Representative Clarke spoke in favor of adoption of the amendment.

POINT OF INQUIRY

Mr. Clarke (George W.) yielded to question by Mr. Beck.

Mr. Beck: "Does this bill cover the sheriffs and law enforcement officers against false arrest?"

Mr. Clarke: "This could be within the scope of the bill. This is liability insurance so that it is not like a bond—an indemnity. It simply protects them against something they do or purport to do in their official capacity for which they are sued. I would say, in answer to your question, that within the scope of this bill, a sheriff or deputy sheriff could be protected against such."

Representative Beck spoke in favor of adoption of the amendment.

The amendment was adopted.

PERSONAL PRIVILEGE

The Speaker (Mr. O'Brien presiding) recognized Mr. Bledsoe on a point of personal privilege.

Mr. Bledsoe: "We wish to congratulate you and thank you for presiding at our morning session. It is very pleasant to see you in action again, Mr. O'Brien. It's nice of you to recognize us from time to time."

The Speaker: "Thank you very much, Mr. Bledsoe. It kind of gives me that feeling of belonging."

PERSONAL PRIVILEGE

The Speaker (Mr. O'Brien presiding) recognized Mr. Bledsoe on an additional point of personal privilege.

Mr. Bledsoe: "I would like to call to the attention of the ladies and gentlemen of the House and also to those in the galleries a unique opportunity available at 12:00 noon on the north steps of our capitol building. We have a group of traveling thespians from the drama department at Central Washington State College in Ellensburg who have come to Olympia and would be most happy to have you attend a brief and very entertaining, and I think quite educational, dramatic presentation."

SPEAKER'S PRIVILEGE

The Speaker (Mr. O'Brien presiding) observed in the north gallery the Homecoming Queen from Western Washington State College, Miss Julie Brix, and asked her to stand and be recognized.

MOTIONS

On motion of Mr. Bledsoe, all bills passed during the morning session were ordered transmitted immediately to the Senate.

On motion of Mr. Bledsoe, the House was recessed until 1:30 p.m.

AFTERNOON SESSION

The Speaker called the House to order at 1:30 p.m.

The clerk called the roll and all members were present except Representatives Anderson, Bluechel, Bozarth, Hubbard, Litchman and Wojahn who were excused.

MOTION

On motion of Mr. Bledsoe, Substitute Senate Bill No. 151 was placed at the top of the second reading calendar.

SECOND READING

SUBSTITUTE SENATE BILL NO. 151, by Committee on Ways and Means:

Adopting the budget.

Committee recommendation: Majority, do pass as amended. (For committee amendment see journal for 15th day ex. sess., March 28, 1969.)

MOTIONS

Mr. Bledsoe moved that the House do now resolve itself into the committee of the whole for the purpose of considering Substitute Senate Bill No. 151.

Mr. O'Brien moved that the motion by Mr. Bledsoe be laid on the table.
The motion by Mr. O'Brien was lost.

MOTION

Mr. Bottiger moved that the motion by Mr. Bledsoe be amended, by leaving on the tape recorder.

RULING BY THE SPEAKER

The Speaker: "That is not germane to the motion, Mr. Bottiger."

POINT OF ORDER

The Speaker recognized Mr. Bottiger on a point of order.

Mr. Bottiger: "Mr. Speaker, the motion is to go into the committee of the whole. Rule 86 says that no record of proceedings shall be placed in the journal. I am advised that the clerk has been instructed to turn off the tape recorder if we go into the committee of the whole. The purpose of my motion is to allow the tape recorder to remain on while we are in the committee of the whole."

RULING BY THE SPEAKER

The Speaker: "We would need a separate motion for that, Mr. Bottiger."

POINT OF ORDER

The Speaker recognized Mr. Heavey on a point of order.

Mr. Heavey: "Mr. Speaker, if you recall, when we were discussing this matter of the tape recordings earlier in the session, I asked you the question if all proceedings were going to be kept and if all the tape recording were to be public record. Your answer to that question was 'yes,' so it would appear to me that the tape recorder must stay on as a result of your previous ruling."

RULING BY THE SPEAKER

The Speaker: "Of course, that ruling pertained to the rules of the House, and rules of the House say that when the House is resolved into the committee of the whole, no record shall be taken."

POINT OF ORDER

The Speaker recognized Mr. Bottiger on a point of order.

Mr. Bottiger: "Mr. Speaker, the rule, if I can respectfully call it to the attention of the Speaker, doesn't say that. It says 'no record . . . shall be placed in the journal,' but it does not prohibit allowing the tape recorder to remain on."

The Speaker: "Once again, I would say that if you want to make the motion that the proceedings be taped, I will recognize you."

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Perry on a point of parliamentary inquiry.

Mr. Perry: "Is the tape recorder on now?"

The Speaker: "It is on until we go into the committee of the whole."

Mr. Perry: "In other words, this last conversation has been recorded?"

The Speaker: "That is right."

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Charette on a point of parliamentary inquiry.

Mr. Charette: "If this body resolves itself into a committee of the whole, will a motion to leave the tape recorder on then be in order?"

The Speaker: "I would think this would be in order because we are establishing a procedure to operate under the committee of the whole, and I would recognize such a motion."

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Bottiger on a point of parliamentary inquiry.

Mr. Bottiger: "Mr. Speaker, if the motion to proceed under the committee of the whole is adopted, at that point no further roll call votes would be recorded, so on the motion to leave the tape recorder on, would we be able to have a recorded vote?"

The Speaker: "No, it would be a standard vote under the procedure of the committee of the whole."

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Heavey on a point of parliamentary inquiry.

Mr. Heavey: "I will reiterate the question: Are all matters that take place in this chamber matters in which the public has a right to attend?"

The Speaker: "Well, we certainly haven't closed the galleries, and unless there is undue noise or disturbances, the citizens are certainly free to watch the proceedings."

Mr. Heavey: "All matters then which take place in this chamber, unless the members of the galleries have been excluded, are matters of public record. Is that not true?"

The Speaker: "Insofar as we adhere to the procedures under the committee of the whole."

Mr. Heavey: "I would respectfully request the Speaker to review the parliamentary inquiry which I made on the day that the matter of the tape recordings came up, and review your answer to that question, because at the time I made that parliamentary inquiry I was thinking of this precise moment."

The Speaker: "I think, Mr. Heavey, that I have explained that the rules under which we operate the committee of the whole cannot be changed by a broad statement that the Speaker may have made in answer to your question earlier in the regular session. We still have rules under which we operate, and until those rules are changed, I presume that we will follow them."

Mr. Heavey: "I respectfully request that my parliamentary inquiry to the Speaker be reviewed on the day the recording was made of it, and I respectfully request that this recording be played back so you could then find out what the question was and what your answer was, and see if it does apply."

The Speaker: "Mr. Heavey, I can assure you that my answer would be just the same as it was two minutes ago, even if I read the journal or played the tape back. We are going to follow the rules under which the committee of the whole is established, and that's it. Now if the body itself wants to change those rules, we also have a procedure for that possibility."

Mr. Heavey: "Thank you, Mr. Speaker."

MOTION

Mr. O'Brien moved that the motion by Mr. Bledsoe be indefinitely postponed.

The motion by Mr. O'Brien was lost.

Mr. King demanded a Call of the House and the demand was sustained.

CALL OF THE HOUSE

The Sergeant at Arms was instructed to lock the doors.

The clerk called the roll and all members were present except Representatives Anderson, Bluechel, Bozarth, Hubbard, Litchman and Wojahn.

On motion of Mr. Newhouse, the absent members were excused and the House proceeded with business under the Call of the House.

The Speaker declared the question before the House to be the motion by Mr. Bledsoe that the House do now resolve itself into the committee of the whole for the purpose of considering Substitute Senate Bill No. 151.

Representative O'Brien spoke against the motion.

POINT OF INQUIRY

Mr. O'Brien yielded to question by Mr. Bledsoe.

Mr. Bledsoe: "Mr. O'Brien, could you perhaps enlighten us as to what the Democrats in the Senate feel as they adopt the committee of the whole practice there?"

Mr. O'Brien: "What the Democrats in the Senate do is their own business, and what we do here is our business. For years upon years, this House never resorted to the committee of the whole. Under your leadership in prior sessions, except the last one, you didn't go into it. You were sound, strong men of good will. You fought the issues right out on the floor and in the open. Your efforts were recorded. This House has never resorted to this subterfuge. What the other house does, Mr. Bledsoe, is their own business."

Representative Bledsoe spoke in favor of the motion.

POINT OF INQUIRY

Mr. Goldsworthy yielded to question by Mr. Sawyer.

Mr. Sawyer: "Could you enlighten us briefly as to just what you are trying to hide by this motion?"

Mr. Goldsworthy: "Many of your colleagues on that side of the aisle served on the Appropriations Committee and they found nothing hidden. They had the opportunity (unlike your colleagues in the Senate offered our colleagues in the Senate) to go over every bit of this budget. Now as long as you asked the question, Mr. Sawyer, I'd like to answer it in my way. The suggestion has been made on occasion that 'if the thing is all written, why don't you come out here and pass it out?'. It was roughly sixty days ago that this talk went on, so that is obviously what was done in the Senate—it was all written before the committee even looked at it. This is not what happened in the House. The House committee worked on this appropriations bill as a House substitute. Every man and woman on the committee had a fair chance at it. If anything was hidden, Mr. Sawyer, it would be very difficult to get it past those shrewd people on your side of the aisle, because they were in there at the beginning; they stayed with us all during the time; they watched every little item that went in there; and it is impossible that anything was hidden, because you are too smart over there. You are cagey, clever people, and you are looking for the devious continually. Over here we are honest. We don't try to hide things like the Senate. But when you have the devious minds that come in here and suggest that something in this budget could be hidden, then I suggest, Mr. Sawyer, you have not consulted with your own people. Have I answered the question, in part?"

Representative Sawyer spoke against the motion by Mr. Bledsoe that the House do now resolve itself into the committee of the whole for the purpose of considering Substitute Senate Bill No. 151.

POINT OF INQUIRY

Mr. Perry yielded to question by Mr. Kalich.

Mr. Kalich: "Mr. Perry, last year we went into this committee of the whole, but for the benefit of the new members here on our side of the aisle and the people in the audience, would you explain the origin of the committee of the whole and why it is being used today?"

Mr. Perry: "The origin of the committee of the whole was with the advent of the first delegation of elected officials (the people's officials) in the British Parliament. It was felt necessary to excuse the Speaker who was considered to be the King's agent and a spy. At that time the elected officials, the representatives of the common British people, felt it necessary to go into a secret move because the King virtually controlled their lives. Unlike what we are doing here today, the purpose was security for the people in the early days, in the first of man's organized, really civilized, activities of electing their representatives. It was felt necessary to protect the people's representatives by voting secretly and not keeping a record of how they voted against the King. Now I submit to you what has happened here today is directly in reverse of that. It is that the people's representatives do not want the people to know how they voted, and this could be the only purpose of the committee of the whole."

Mr. King demanded an electric roll call on the motion by Mr. Bledsoe and the demand was sustained.

Representative Moon spoke against the motion by Mr. Bledsoe.

ROLL CALL

The clerk called the roll on the motion by Mr. Bledsoe that the House do now resolve itself into the committee of the whole for the purpose of considering Substitute Senate Bill No. 151, and the motion was carried by the following vote: Yeas, 50; nays, 43; absent or not voting, 6.

Voting yea: Representatives Amen, Barden, Benitz, Berentson, Bledsoe, Brown, Chapin, Clark (Newman H.), Clarke (George W.), Conway, Copeland, Cunningham, Curtis, Evans, Flanagan, Gladder, Goldsworthy, Harris, Hatfield, Hawley, Hoggins, Jueling, Julin, Kirk, Kiskaddon, Kopet, Kuehne, Leckenby, Leland, Lynch, Mahaffey, McCaffree, Mentor, Morrison, Murray, Newhouse, North, O'Dell, Pardini, Richardson, Schumaker, Scott, Shera, Spanton, Swayze, Wanamaker, Whetzel, Wolf, Zimmerman, Mr. Speaker—50.

Voting nay: Representatives Adams, Backstrom, Bagnariol, Beck, Bottiger, Brouillet, Ceccarelli, Charette, Chatalas, Conner, DeJarnatt, Farr, Fleming, Francis, Gallagher, Garrett, Grant, Haussler, Heavey, Hurley, Jastad, Jolly, Kalich, King, Kink, Marsh, Martinis, Marzano, May, McCormick, Merrill, Moon, O'Brien, Perry, Randall, Rosellini, Saling, Savage, Sawyer, Smythe, Sprague, Thompson, Veroske—43.

Absent or not voting: Representatives Anderson, Bluechel, Bozarth, Hubbard, Litchman, Wojahn—6.

COMMITTEE OF THE WHOLE

Substitute Senate Bill No. 151 was considered in the committee of the whole, Representative Copeland presiding, and reported back to the House with the recommendation that the House committee amendment to Substitute Senate Bill No. 151 be adopted with the following amendment, and that the bill do pass as amended by the House: (For committee amendment see journal for 15th day ex. sess., March 28, 1969.)

Amend the amendment by the Committee of Appropriations as follows: On page 19, section 1, line 21 of the printed amendment, after "funds:" and before "PROVIDED" insert "PROVIDED, That those patients who are still being treated by kidney home machines when federal matching funds are terminated on June 30, 1969, shall not be affected by such termination, and that sufficient funds shall be made available to continue treatment of those patients beyond June 30, 1969."

MOTION

Mr. Bledsoe moved that the report of the committee of the whole be adopted.

Mr. King demanded an electric roll call and the demand was sustained.

POINT OF ORDER

The Speaker recognized Mr. O'Brien on a point of order.

Mr. O'Brien: "I would like to challenge the whole committee of the whole procedure tonight by stating that it is in direct violation of our State Constitution. Article 2, section 21, of our State Constitution says: 'The yeas and nays of the members of either house shall be entered on the journal, on the demand of one-sixth of the members present.' It is also substantiated by Reed's Rule 232 on yeas and nays. It goes into this situation at some length and the constitutions of state legislatures. It is our position that the whole proceeding was a direct violation of our State Constitution and Reed's Rules. I will not ask you to rule on it this evening. I would like to have you consider this entire matter and perhaps give us your decision on the next working day."

RULING BY THE SPEAKER

The Speaker: "I think it might be well that we join with the Senate leadership at some point and make a determination jointly as to whether or not you have a valid question, but I would rule this evening that the procedure has been in order. It has been accepted. We have done it before. We are following the rules established by both the House and the Senate and covered in our joint rules. We followed those procedures, and I would have to say that your point is not well taken."

POINT OF INQUIRY

The Speaker recognized Mr. Bottiger on a point of inquiry.

Mr. Bottiger: "Mr. Speaker, is the tape recorder on now?"

The Speaker: "Yes, it is."

ROLL CALL

The clerk called the roll on the motion by Mr. Bledsoe that the report of the committee of the whole be adopted, and the motion was carried by the following vote: Yeas, 54; nays, 39; absent or not voting, 6.

Voting yea: Representatives Amen, Benitz, Berentson, Bledsoe, Brown, Chapin, Clark (Newman H.), Clarke (George W.), Conway, Copeland, Cunningham, Curtis, Evans, Farr, Flanagan, Gladder, Goldsworthy, Harris, Hatfield, Hawley, Hoggins, Jueling, Julin, Kirk, Kiskaddon, Kopet, Kuehne, Leckenby, Leland, Lynch, Mahaffey, McCaffree, Mentor, Morrison, Murray, Newhouse, North, O'Dell, Pardini, Randall, Richardson, Saling, Schumaker, Scott, Shera, Smythe, Spanton, Swayze, Veroske, Wanamaker, Whetzel, Wolf, Zimmerman, Mr. Speaker—54.

Voting nay: Representatives Adams, Backstrom, Bagnariol, Barden, Beck, Bottiger, Brouillet, Ceccarelli, Charette, Chatalas, Conner, DeJamatt, Fleming, Francis, Gallagher, Garrett, Grant, Haussler, Heavey, Hurley, Jastad, Jolly, Kalich, King, Kink, Marsh, Martinis, Marzano, May, McCormick, Merrill, Moon, O'Brien, Perry, Rosellini, Savage, Sawyer, Sprague, Thompson—39.

Absent or not voting: Representatives Anderson, Bluechel, Bozarth, Hubbard, Litchman, Wojahn—6.

EXPLANATION OF VOTE

I wish the record to show my position on Substitute Senate Bill No. 151 while this bill was under consideration by the House on March 29, 1969.

While I recognized that some of the amendments proposed during debate had merit and while the budget proposed by Substitute Senate Bill No. 151 will make it difficult, if not impossible, to provide the preferred level of service, I made my decisions on the following:

(1) I accepted the Governor's revenue estimates as being as accurate as it is possible to obtain;

(2) An unbalanced budget and deficit financing is indefensible and not responsible action;

(3) The proposed forty-three million dollar increase would have meant a tax increase or reductions in other critical areas. (Substitute Senate Bill No. 151 provides a general increase of over thirty percent;)

(4) To obtain the above forty-three million dollars by cutting the budget would have meant decreases in most of the areas in which proposed increases were made;

(5) The legislature will be called into session in January of 1970. This will provide an opportunity for another review and adjustments for the second year of the biennium. Catch-up factors for salaries, especially in the area of education, can and will be made then. This was the procedure used for state employees this time;

(6) The final factor and the most important is the matter of tax reform. The principal reason for the failure of tax reform last session was the matter of increased taxes. Too many members would not vote for a tax increase and tax reform at the same session. I did not vote for any amendment, nor have I voted for any measure this session that would hinder favorable action by the legislature at this session. DALE E. HOGGINS, 21st District.

EXPLANATION OF VOTE

Regarding my vote on the motion to accept the report of the committee of the whole on March 29, 1969, I would like the following noted in the journal:

Inadvertently a "yes" vote was recorded when a "no" vote was intended. This was a party line vote, and I was in accord with the party. ROBERT W. RANDALL, 23rd District.

The Speaker declared the House to be at ease.

The Speaker called the House to order.

MOTION

Mr. Bledsoe moved that the rules be suspended, the second reading considered the third, and Substitute Senate Bill No. 151 as amended by the committee of the whole be placed on final passage.

Debate ensued, Representative Bledsoe speaking in favor of the motion, and Representative O'Brien speaking against it.

Mr. Grant demanded an electric roll call and the demand was sustained.

ROLL CALL

The clerk called the roll on the motion to advance Substitute Senate Bill No. 151 as amended by the committee of the whole to third reading and final passage, and the motion was lost by the following vote: Yeas, 54; nays, 39; absent or not voting, 6.

MOTIONS

On motion of Mr. Wolf, the House dispensed with further business under the Call of the House.

On motion of Mr. Newhouse, the House adjourned until 12:05 a.m., Sunday, March 30, 1969.

DON ELDRIDGE, Speaker.

MALCOLM McBEATH, Chief Clerk.

SEVENTEENTH DAY

MORNING SESSION

House Chamber, Olympia, Wash., Sunday, March 30, 1969.

The House was called to order at 12:05 a.m., by the Speaker. The clerk called the roll and all members were present except Representatives Anderson, Bluechel, Bozarth, Hubbard, Litchman and Wojahn, who were excused.

POINT OF ORDER

The Speaker recognized Mr. O'Brien on a point of order.

Mr. O'Brien: "What working day is this, Mr. Speaker?"

The Speaker: "My calculations indicate that this is the seventeenth day of the extraordinary session."

Mr. O'Brien: "I want to call your attention to the proper order of business. We haven't done anything with the first or second orders of business, and they are very important."

POINT OF INQUIRY

Mr. O'Brien yielded to question by Mr. Bledsoe.

Mr. Bledsoe: "If it is your desire and your intent that such be done, we can accommodate you if you would like to proceed through the working calendar. It was our hope we could expedite the calendar."

Mr. O'Brien: "I don't think you are accommodating me in any way, shape, or form, but it seems to me you have to abide by House rules relative to the order of business. It sets forth our procedure for starting another working day, and I don't see how you could bypass the reading of the journal. You just can't start out with the tenth order of business without at least mentioning and disposing of the several orders of business."

The Speaker: "First order of business: It might be appropriate to bypass the presentation of colors and the prayer. Second order of business: If there be no objection, the reading of the journal of the previous day will be dispensed with and it is ordered to stand approved."

Mr. Grant objected.

The Speaker instructed the clerk to read the journal of the previous day.

The clerk proceeded to read.

POINT OF ORDER

Mr. Ceccarelli: "Mr. Speaker, we are in the seventeenth working day. Wouldn't it be appropriate to start the day with a prayer?"

The Speaker called on Mr. Curtis to give the invocation.

Mr. Curtis: "Lord, it has been a long day. And there were some times that it has been rather tense. This evening we sort of let go a little, and if we overdid it, we ask that You excuse us from that because we really kind of needed it. Now we have to get back to some serious business, and while sometimes this whole thing doesn't seem to make much sense, we hope that somehow (and I really don't know how You will do it) but somehow You will touch each of us so we will realize this is still the best system that You ever put on the face of this earth, and, somehow, working through each of us, we can get on with the serious business we have, regardless of the differences that we might have, that we might serve You and the people whom we strive to represent, regardless of how short we may fall of the mark. We ask now that You would be with us and help us that we might proceed. We ask in Your name, Amen."

MOTION

On motion of Mr. Bledsoe, the House advanced to the tenth order of business for the third reading of bills.

Mr. Goldsworthy: "Why don't you go down and ask the man downstairs?"

Representatives Kalich and Backstrom spoke against passage of the bill.

Representative O'Brien spoke against passage of the bill.

POINT OF ORDER

Mr. Juelling: "I don't think that the question of the committee of the whole is before us at this moment and Mr. O'Brien's remarks should be confined to the issue."

The Speaker: "I think your point is pretty well taken, but Mr. O'Brien needs the opportunity occasionally to explain particular situations, and I think we ought to accord him that."

Mr. O'Brien continued his remarks in opposition to passage of the bill.

POINT OF ORDER

Mr. Harris: "May I suggest that he read the last line."

Mr. O'Brien continued his remarks in opposition to the bill.

The President of the Senate: "Mr. Speaker, Governor Evans, Judge Hill, Honored Members of the Supreme Court, Washington State Officials, Members of the Washington State Legislature, ladies and gentlemen:

"In a sense of immense pride and humility, we meet here today to pay tribute to Dwight D. Eisenhower. Notwithstanding his burning desire for peace, General Eisenhower proved during times of bitter warfare to be the most competent and able military leader of our century. His gallantry, his wisdom and adroit leadership ended the European conflict of World War II. His strength and diplomacy helped heal the wounds of Europe during the postwar occupation period. Like most soldiers he wished to return to his home and to his family after the hostilities had ceased, but when he did return home he was urged to run for the Presidency of the United States of America. He was not a man reared in politics and had no particular desire to run; but nonetheless his own wishes became secondary to the needs

of this country and he accepted the call. Again, as Chief Executive of the United States during a period of unparalleled social and economic difficulties, President Dwight Eisenhower steadfastly met every challenge of his office with distinction and honor. Even during his post-presidency years, at a time when he had earned, more than any man in history, the right to tranquil privacy in retirement, President Eisenhower was always available for advice and consultation. President Kennedy, President Johnson and President Nixon sought and relied on his counsel frequently. Today we honor a great soldier, an eminent statesman, an ideal American who dedicated his entire life for the betterment of the world."

Reverend Maurice Haehlen of the United Churches of Olympia gave the invocation and Scripture reading.

Justice Matthew W. Hill: "I speak at no great length today, because it is not the time or the place to consider the biography of Dwight David Eisenhower from birth in Dennison, Texas, on October 14, 1890, to his burial in Abilene, Kansas. You can get the details in any copy of any newspaper today. Nor do I intend to talk about highlights of his military career and great battles and campaigns, and D Day, nor his achievements as the 34th President of the United States. Rather in these minutes with you today I would speak of his elemental beliefs for from those great beliefs and his great loyalties and great loves came the things that he achieved which we will read about in the history books in the days to come. There were three great loves and loyalties in the life of Dwight Eisenhower—a love of country, a love of God, and a love of his fellow man. A love of country, manifested as he entered West Point and then as he went on into a military career and fought the battles of his country—a love of country that could make no duty too heavy nor any responsibility too great. There was an emotionalism about Dwight David Eisenhower's love of country.

"At an occasion fifteen years ago in Seattle, in the Spanish Ballroom of the Olympic Hotel, at a great gathering honoring Irving Berlin (a Russian immigrant at the age of five) who, as he spoke to us that day said that he supposed that where he lived had been a ghetto, but they didn't know that it was a ghetto—they just knew that it was home and that it was a place of opportunity. Then he told how he had been inspired by his love of America to write the words of 'God Bless America' and, as he led that group in the Spanish Ballroom in 'God Bless America' the tears were coursing down his cheeks—every person in the crowd, I think, had a dampness in his eyes and a wetness on his cheek. Maybe to our sophisticated and our blase generation that would be corn; but if it was corn, it was good American corn, and we could use some more of it today.

"That was the kind of love that Dwight David Eisenhower had for the United States: God bless America; land that I love.

"Dwight David Eisenhower had a great love of God. There has been quoted to you the verses from the page to which the Bible was opened at the time of his first inaugural. And it was in the administration of Dwight David Eisenhower that there first developed something that has become accepted as a part of American life—the President's prayer breakfast. And now the Governors—forty-five out of fifty states in the past year have Governor's prayer breakfasts. There are Mayor's prayer breakfasts galore. We have begun to seek prayer and to realize that prayer has a place in the life of America. Dwight David Eisenhower, on many occasions when he heard the Star Spangled Banner, commented that he wished they would sing the third verse along with the first verse. And that third verse is:

" 'O thus be it ever, when free men shall stand
Between their loved homes and the war's desolation;
Blest with victory and peace, may the heaven rescued land
Praise the Power that hath made and preserved us a nation.
Then conquer we must, when our cause it is just,
And this be our motto, "In God is our trust."

" 'And the star spangled banner in triumph shall wave
O'er the land of the free and the home of the brave.'

"The power that has made and preserved us as a nation.

"Dwight David Eisenhower said that there are times when after you've used all the knowledge you have and made the best decision you can on the information you have, the only thing that you can do is to trust God.

"A love of country, a love of God, a love of his fellow man. And that's why his fellow men loved him. That's why he was 'Ike' to so many millions of people. They knew that here was a man who was concerned about them and their problems, and about the future of their country.

"On one occasion while President, he was receiving the Annual Report of the Boy Scouts of America from the boys selected to make the presentation, and he made the Scout sign and then he recited the Scout oath. He said:

" 'On my honor, I will do my best to do my duty to God and my country; to help other people at all times; to keep myself physically strong; mentally awake; morally straight,'

and then with that elfish grin so characteristic of Ike, he said, 'and what did I leave out?' With one accord they all responded, 'to obey the Scout law.' He said, 'Yes, I omitted "to

obey the Scout law." That is something which you and I have taken a particular obligation to observe, but the rest of that oath is something that every American—man, woman, boy and girl ought to repeat once a day.'

"With that dauntless courage that met every crisis and never faltered in the absolute assurance of the ultimate success, it seems to me the words of Browning are most appropriate as I close:

" 'One who never turned his back but
marched breast forward,
Never doubted clouds would break,
Never dreamed, though right were
worsted, wrong would triumph,
Held we fall to rise, are baffled to
fight better,
Sleep to wake.' "

Governor Evans: "As we gather here, at this moment in Washington, D.C., the funeral services are being held for Dwight Eisenhower. And people all over this nation by television are watching, listening, and joining with those in the Cathedral to mourn his passing. Many words have been spoken and many words have been written during the past several days, on the many careers of Dwight Eisenhower—as a military hero, as an educator, and, of course, in his most recent and best known career, as a political leader. Matt Hill has spoken of his basic beliefs and thoughts, and you know of his accomplishments. But let me speak today about him as a political inspiration, for we are gathered here in a memorial service before a political body. And each one of us, virtually every one of us in this hall, has a political responsibility. The qualities that made him a political inspiration are qualities each one of us should and must take to heart if we are going to fully discharge our own political responsibilities. There is no question that he was immensely successful politically. I expect there are many who would like to know 'why.' Maybe first, his infectious good humor—the fact that he genuinely liked people—made him a political inspiration. I think he would be a little disappointed if in the time of mourning and remembrance that there weren't a few grins or a few lighthearted moments. I think he would have liked it that way. For that's the kind of man he was. The political slogan 'We Like Ike' was no mere political slogan, for people genuinely did 'like Ike.' And in turn he genuinely liked people. He didn't hold a grudge either. He would be a tough fighter in the political arena, and yet uphold principles, for he was a big man. He was not a small man; he was not given to petty vindictiveness nor personal grudges which he felt he had to settle. He was a fighter. He was a fighter not just militarily, but a fighter for what he thought was right. And he always kept his eye on what was right in his view, and he fought for that. He had some deep convictions and some personal principles. Personal principles that could not be compromised, but he had a willingness to compromise in order to reach those personal principles. And perhaps as important as anything, he had an impeccable integrity that in itself helped bestow great dignity to the office of President as well as himself personally. And that indeed is important—that those in political life bestow real integrity and dignity to the political office they hold, because in doing so they help to uphold the political system itself. He believed very strongly in the inherent dignity and equality of all men everywhere, and now that his physical presence leaves us, let us in this service and from this time on, keep his memory alive through dedication to these principles—these principles that made him a great political leader and that can help all of us to become better political leaders. Dedication to these principles that can ultimately in the community, and in the individual states of this union and in the union itself, help to insure the strength and the future of this great political union of our United States."

Representative Bill Kiskaddon sang "The Twenty-Third Psalm" accompanied by Richard Locke at the piano.

Reverend Haehlen gave the benediction.

The President of the Senate instructed the committee, consisting of Senators Talley, Peterson (Lowell) and Holman, and Representatives Wolf, Lynch and Chatalas, to come forward and escort Governor Evans from the rostrum to his office.

On motion of Mr. Bledsoe, the Joint Session was dissolved.

The President of the Senate returned the gavel to the Speaker.

The Speaker requested the Sergeants at Arms of the House and the Senate to escort the Lieutenant Governor and the Senators to the Senate chamber.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 482, by Committee on State Government and Legislative Procedures:

Providing for party conventions and caucuses.

The House resumed consideration of Substitute House Bill No. 482 on second reading.

Mr. Kuehnle moved adoption of the following amendment:

On page 3, section 6, line 4, after "visions" and before "cannot" strike "of section 4 of this act" and insert "contained in this act in section 3 as regards date and time of caucus, and in section 4 as regards publicity"

Debate ensued, Representatives Kuehnle and Savage speaking in favor of adoption of the amendment, and Representatives Bledsoe and King speaking against it.

The amendment was lost on a rising vote.

Mr. Kuehnle moved adoption of the following amendment:

On page 3, section 6, line 7, after "February" strike the remainder of the sentence and insert "which notices shall clearly set forth the date, time and location of the caucus."

Debate ensued, Representative Kuehnle speaking in favor of adoption of the amendment, and Representative Swayze speaking against it.

POINT OF INQUIRY

Mr. Kuehnle yielded to question by Mr. Scott.

Mr. Scott: "I note in your third amendment that you add what is presumably perfecting language on line 7 and after, and in your fourth amendment you strike everything after line 3. Can you tell us what the intent is here?"

Mr. Kuehnle: "Yes, happily. If you will refer, Representative Scott, to section 4, you will recognize that section 4 clearly sets forth the publicity which shall take place surrounding a precinct caucus: Prepublication in the newspapers and, where possible, on radio, television, etc. Yet section 6 contains a provision that says where the provisions of section 4 of this act cannot be practicably complied with, the precinct committeeman may substitute two little 8½ by 11 pieces of paper posted in his precinct in lieu of all this other publicity. This is inconsistent with the intent, in my opinion, and if we are going to allow this loophole through which you could drive a truck—if we are going to leave that in and simply substitute the posting of two notices—then I think the notice should state the time, the place and the date of the caucus."

The amendment by Mr. Kuehnle was lost on a rising vote.

With the consent of the House, the following amendments by Mr. Kuehnle were withdrawn:

On page 3, section 6, line 3, after "his precinct." strike the remainder of the section.

On page 3, section 7, line 23, after "adjourned" strike "earlier than 9:00 p.m." and insert "sooner than one hour after the caucus convenes."

On page 3, section 7, line 26, after "earlier than" strike "8:30 p.m." and insert "thirty minutes after the caucus convenes."

On motion of Mr. Swayze, the following amendment was adopted:

On page 3, section 7, line 12, after "qualifying" strike "position" and insert "petition"

Mr. Kuehnle moved adoption of the following amendment:

On page 3, section 8, line 28, strike all of section 8 and substitute the following:

"NEW SECTION. Sec. 8. In accordance with the call of the County Central Committee each precinct caucus shall elect delegates to the county convention, and in the case of Class AA and A counties, to the legislative district caucuses if such be held."

Debate ensued, Representatives Kuehnle and Heavey speaking in favor of adoption of the amendment, and Representatives Bledsoe and Swayze speaking against it.

The amendment was lost.

On motion of Mr. Kuehnle, the following amendment was adopted:

On page 5, section 9, line 5, after "other" strike "three" and insert "two"

Mr. Heavey moved adoption of the following amendment:

On page 5, section 10, line 23, after "bers" insert a period and strike "PROVIDED, That all elected state legislators be automatic at large delegates to their respective party county and state conventions."

Debate ensued, Representative Heavey speaking in favor of adoption of the amendment, and Representatives Cunningham, Swayze, Chapin and Barden speaking against it.

The amendment was lost.

PARLIAMENTARY INQUIRY

The Speaker recognized Mr. Heavey on a point of parliamentary inquiry.

Mr. Heavey: "May I have leave, after we leave this section, to offer the amendment that was just suggested by Mr. Chapin?"

WHEREAS, The Chairman of the Committee of the Whole declared the Committee's right to unrecorded votes as written in Reed's Rules 90.

NOW, THEREFORE, We remind the Republican leadership of the responsibility of this House in being at all times honest and straightforward with the electorate and the general public and that the circumvention of the usual procedures is morally dishonest and appears in violation to Article 2, Section 21 of the Washington State Constitution:

"YEAS AND NAYS. The yeas and nays of the members of either house shall be entered on the journal, on the demand of one-sixth of the members present."

NOW, THEREFORE, We further remind the Republican leadership that we, the Democratic Members of the House of Representatives feel that a great injustice has been done the general public of the State of Washington and that we remonstrate in an effort to show the general public what did transpire on Saturday, March 29, 1969 in the Committee of the Whole and in the hope that this effort can result in finally disposing forever of the device of the Committee of the Whole, and the Chief Clerk of the House of Representatives is directed to enter this document upon the official Journal of the House of Representatives.

The Speaker: "Remonstrance received."

STATEMENT FOR THE JOURNAL

RESPONSE OF THE REPUBLICAN LEADERSHIP TO THE REMONSTRANCE BY THE DEMOCRATIC MEMBERS OF THE HOUSE OF REPRESENTATIVES TO THE USE OF THE COMMITTEE OF THE WHOLE IN CONSIDERATION OF THE 1969-71 STATE OPERATING BUDGET

The Rules of the House provide for the Committee of the Whole. The membership of this committee is the entire membership of the House operating in a somewhat more informal fashion which is peculiarly suitable for effective consideration of complex bills

such as the budget bill. The Committee of the Whole provides for unlimited debate and piecemeal consideration of a complex bill. To effectively consider such a bill in a large assembly, no record of the proceedings or of the votes taken is maintained. Only the final report of the committee is placed in the journal, and that report is made to the House for final action and subject to the limitation that in bills appropriating money, no change in the amount appropriated shall be made outside of the Committee of the Whole. Additional items can be added to the budget bill as reported by the Committee of the Whole by an affirmative vote of two-thirds of the representatives.

Reed in his Parliamentary Rules states in Rule 95:

"... The Committee of the Whole is useful where the subject to be considered contains many items and relates to divers subjects, or needs to be settled minutely as to the language. "In legislatures bills making general appropriations and those containing items of governmental expense are those most frequently considered in Committee of the Whole."

Thus, the Committee of the Whole does serve an important parliamentary function in consideration of complex matters—such as the budget. The procedure simulates debate, permits unlimited debate, and provides for a dispassionate weighing of the merits of various programs vis-a-vis each other. It prevents the "log rolling" philosophy from affecting complex legislation on diverse subjects which may be related only because of fiscal impact. In the final analysis it produces a better considered and more coherent package as to such complex subject matters.

An interesting parallel in the use of the Committee of the Whole can be found in the drafting of the Declaration of Independence itself. The Continental Congress of the United States on July 1, 1776, in order to facilitate the drafting of the Declaration of Independence which the 13 delegates subsequently signed, first resolved itself into a Committee of the Whole so that the discussion among the varied representatives, who had varying degrees of enthusiasm for the move toward independence at that particular time, could result in an agreed statement as to their position behind which they could stand without fear of retribution. With the report of the Committee of the Whole adopted, the document was eventually signed on July 4, 1776, as the very cornerstone of our democracy.

The Committee of the Whole has been routinely utilized in the U.S. Congress and Senate in the consideration of complex items such as the budget. It is also regularly utilized in the Democratically controlled State Senate to expedite the consideration of complex bills such as the budget. As a matter of fact, our Senate utilizes this procedure much more liberally than does the House, the House having used it only for the purpose of considering the budget, the most complex bill of any which comes before it.

There is no secrecy involved in the operations of the Committee of the Whole. The body meets publicly on the floor in the presence of the gallery, and press, radio and television media. Free and unlimited debate is encouraged and, as demonstrated by the filing of the subject "remonstrance", the minority party is able to document its position, in this case demonstrating its dedication to spending funds in excess of available revenues. It should be pointed out that in the session of the Committee of the Whole devoted to consideration of the budget bill (SB 151), the additional appropriations proposed by the remonstrators total some \$40 million. The rejection of these amendments should not be considered a rejection of the programs under consideration (education, higher education, institutions, etc.) but rather an acceptance of the fiscal facts of life which were clear to all members of the House at the time the measure was being considered; namely, that there were insufficient votes available in the Legislature to increase the current revenues by tax increases and that the budget would have to be balanced with the current revenue estimates. The record position of every member of the House of Representatives on the bill on final passage gives his or her fiscal position with finality and certainty.

The foregoing rationale was that which motivated the Republican caucus leadership to make the motion to resolve the House of Representatives into a Committee of the Whole in consideration of the 1969-71 State Operating Budget.

EXPLANATION OF VOTE

There was considerable disagreement on Engrossed House Bill No. 494. The controversy revolved around having one, two or more carriers for providing insurance and health care programs. It represents a 300 percent increase in costs paid by the state for covered employees (total estimated cost being \$1,800,000); it makes it permissive for other employees, thus projecting considerably higher state cost as others participate, and it includes elected officials including state legislators. It, therefore, seems to me to be in conflict with the legislative code of ethics. For these reasons I voted "nay" on this bill. HAROLD S. ZIMMERMAN, 17th District.

ENGROSSED SENATE BILL NO. 35, by Senators Washington, Pritchard and Talley: Eliminating certain special motor vehicle license plates.

In any prosecution under this section, proof that a*

person unlawfully possessed in excess of forty grams of marijuana shall be prima facie evidence that possession was with intent to sell.

"(6) Any police officer having information to support a reasonable belief that a person has committed or is committing any violation under this section shall have the authority to arrest said person."

Representative Chapin spoke in favor of adoption of the amendment.

POINT OF INQUIRY

Mr. Chapin yielded to question by Mr. Francis.

Mr. Francis: "How many cigarettes will forty grams make?"

Mr. Chapin: "Well, if you will bear with me a minute, Mr. Francis, I will try and dig all this out. I think you had the same information furnished to you that I have, but I'll try and find it for you anyway."

Mr. Francis: "While you're looking, my thought is that I think we have to be able to establish from something other than just what a law enforcement officer tells us. I think we have to make up our own minds as to whether this is a reasonable determination that this is a commercial quantity."

Mr. Chapin: "I refer you, Mr. Francis, to page 2 of the memorandum that was furnished to all the members of the committee, including yourself. It cites an interview with Lt. Dave Hart of the Seattle Police Department Narcotics Division. He related this information: The typical unit of sale in this business is a lid or baggy of one ounce which will make eighty to one hundred twenty-five cigarettes. The average user (he says) smokes three cigarettes a day. An ounce, of course, is twenty-eight grams. Some lids are short, twenty to twenty-five grams (so says the police officer); forty grams seems the lowest place to draw the line. It reaches anyone with two lids, and no one with only one, under present commercial methods. Does that answer your question?"

Mr. Francis: "Well, I take it then that forty grams is approximately a two-week smoking supply. Would this be about right from what I heard you set forth?"

Mr. Chapin: "No, one ounce is twenty-eight grams, and that will make eighty to one hundred twenty-five cigarettes and that is the quantity in which they are purchased. They sell them in these so-called lids, and one lid will give you eighty to one hundred twenty-five cigarettes. The average user, they say, smokes three a day, so this would roughly be about a month's supply."

Representative Francis spoke against adoption of the amendment by Mr. Chapin, and Representative Clarke (George W.) spoke in favor of it.

The amendment was adopted.

On motion of Mr. Chapin, the committee amendment to the title was adopted.

House Bill No. 716 was ordered engrossed.

On motion of Mr. Wolf, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 716 was placed on final passage.

Representatives Kirk and Moon spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Chapin yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "In view of Representative Moon's remarks, I would like to ask you to clarify this for me. I'm now a bit confused. Would you be kind enough to outline for me precisely the treatment under the present statute for the seller, the first-time user, the second-time user, and to outline for me the same treatment should this bill be enacted?"

Mr. Chapin: "I'll try, Mr. Kuehnle. I think we covered most of this on the amendment. Bear in mind there are two laws in this state which now deal with marijuana. One of them is the narcotics act. Under that provision, it is a felony (as I understand it) to use, possess or sell. The penalty is five years and five thousand dollars. I can't tell you off the top of my head now, but the penalties go up for second and third convictions. The second law which we now have is the dangerous drug act. Marijuana is also classified as a dangerous drug. The existing penalty under that provision is a misdemeanor, punishable by a fine not exceeding two hundred dollars for the first offense, a gross misdemeanor punishable not to exceed one thousand dollars and one year in the county jail for a second offense, and on up for a third offense of ten thousand dollars and ten years. That is existing law. The state of the law, assuming this bill passes, is that marijuana comes out of the narcotics act and comes solely under the dangerous drug act. Sale will be a felony, punishable by five thousand dollars and three to ten years. Possession or use will be a misdemeanor, punishable by not to exceed five hundred dollars and/or six months for the first offense. The second offense would be a gross misdemeanor, etc."

Representatives Mahaffey and Evans spoke in favor of passage of the bill.

ROLL CALL

The clerk called the roll on the final passage of Engrossed House Bill No. 716, and the bill passed the House by the following vote: Yeas, 92; nays, 6; absent or not voting, 1.

Voting yea: Representatives Adams, Amen, Anderson, Bagnariol, Beck, Benitz, Berentson, Bledsoe, Bluechel, Bottiger, Bozarth, Brouillet, Brown, Ceccarelli, Chapin, Charette, Chatalas, Clark (Newman H.), Clarke (George W.), Conner, Conway, Copeland, Cunningham, Curtis, DeJarnatt, Evans, Farr, Flanagan, Francis, Gallagher, Garrett, Gladder, Goldsworthy, Grant, Harris, Hatfield, Haussler, Hawley, Heavey, Hurley, Jastad, Jolly, Juelling, Julin, Kalich, King, Kink, Kirk, Kiskaddon, Kopet, Leckenby, Leland, Litchman, Lynch, Mahaffey, Marsh, Marzano, May, McCaffree, McCormick, Mentor, Merrill, Moon, Morrison, Murray, Newhouse, North, O'Brien, O'Dell, Pardini, Perry, Randall, Richardson, Rosellini, Saling, Savage, Sawyer, Schumaker, Scott, Shera, Smythe, Spanton, Sprague, Swayze, Thompson, Veroske, Wanamaker, Whetzel, Wojahn, Wolf, Zimmerman, Mr. Speaker—92.

Voting nay: Representatives Backstrom, Barden, Fleming, Hoggins, Kuehnle, Martinis—6.

Absent or not voting: Representative Hubbard—1.

Engrossed House Bill No. 716, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATION OF VOTE

Mr. Speaker, may the record explain my "no" vote on Engrossed House Bill No. 716. Speaking to the bill, Representative Moon stated that it legalized, and removed the penalty from, the use of marijuana. Subsequently, in response to my question to Representative Chapin, he stated that the bill changed the class of penalty from felony to misdemeanor for the user but retained the penalty of felony for the seller.

Following this, and before the vote, Mr. Moon, Mr. Chapin and I conferred and it appeared that Mr. Moon was correct. I, therefore, voted against the bill as I most certainly did not want to legalize or remove the penalty from the use of marijuana.

The attorneys are now studying the bill to determine which interpretation is correct, the result of which may be reconsideration of the bill should Dr. Moon's interpretation prove correct. If it proves incorrect, then my vote should have been "yes." JAMES P. KUEHNLE, 4th District.

HOUSE BILL NO. 866, by Representatives Murray, McCaffree and Kiskaddon:

Providing tax credits for pollution control facilities.

The bill was read the second time.

On motion of Mr. Wolf, the rules were suspended, the second reading considered the third, and House Bill No. 866 was placed on final passage.

Representatives Murray and Moon spoke in favor of passage of the bill.

THIRD READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 839, by Committee on Transportation:

Authorizing construction of additional Lake Washington bridge.

Engrossed Substitute House Bill No. 839 was read the third time and placed on final passage.

Debate ensued, Representative Leland speaking in favor of passage of the bill, and Representatives Sprague and Whetzel speaking against it.

POINT OF INQUIRY

Mr. Leland yielded to question by Mr. O'Brien.

Mr. O'Brien: "Some questions have been raised here by the preceding speaker about the feasibility and logic behind construction of this bridge. I wonder if you will answer a few questions, principally in the area of the R. H. Thomson freeway. What overall effect does this have on the fourth Lake Washington Bridge? Is it necessary to have the R. H. Thomson, or can you construct it without the R. H. Thomson freeway?"

Mr. Leland: "Well, Mr. O'Brien, that is why the bill was changed to provide for a connection all the way over to Interstate 5, and that is the point I made in my final

comment, that this would then run it from Interstate 405 to Interstate 5. Because I think it is highly possible that the R. H. Thomson will be delayed for years, and in fact I think there is a question if it will ever be built, we provided in this manner. I might also say that the necessity of this bridge as part of a balanced, and I repeat—balanced transportation system—is universally recognized by all the entities and agencies that have the responsibility for planning such a balanced transportation system. That's why again I repeated the fact that the DeLeuw, Cather & Co. people, who are the mass transit consultants to metro as well as the regional planning agency, came down and said that it was a necessary part of the overall, balanced program."

Mr. O'Brien: "Another question, Mr. Leland: On the planning and relocation of businesses, schools and residences, I would imagine that the highway officials and consultants have taken this all into consideration with the least amount of disruption to existing residences and everything else that might come in the path of the freeway?"

Mr. Leland: "Yes, Mr. O'Brien, they did that in their original feasibility report. And then as you recall, I believe it was Mr. Brown's amendment that was adopted here in the House, which provided that the design would be done with a design-team concept and it spelled out the expertise that would be utilized in bringing that about, so that is part of the bill now."

Mr. O'Brien: "In other words, this is part of the total transportation picture that has been balanced by all the regional and local planning authorities and meets with their approval?"

Mr. Leland: "That is correct."

Representatives Leckenby, Savage and Clarke (George W.) spoke in favor of passage of the bill.

Mr. Chatalas demanded the previous question and the demand was sustained.

Engrossed Substitute House Bill No. 839, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

STATEMENT FOR THE JOURNAL

In regard to Substitute House Bill No. 839, the fourth Lake Washington bridge, my objections to this bill are three:

First, the bill will have a very severe impact on the urban environment on both the west and east ends of the fourth bridge.

Second, it should be considered as part of a balanced transportation system for the entire metropolitan area.

Third, it creates as many problems as it solves.

ON THE FIRST OBJECTION: The western access to the bridge may diminish the land area or the usefulness of seven public parks and playfields. These include, besides the University of Washington Arboretum, East Montlake Park, Horace McCurdy Park, West Montlake Park, Montlake Playfield, Interlaken Park, Roanoke Park, and Rogers Playfield. Other public facilities that are jeopardized include the Museum of History and Industry, the new research laboratory of the Fish and Wildlife Service, and Seward School. Private facilities that are endangered include two yacht clubs, a Catholic church, and a private school. A similar situation exists on the east side of the bridge, also, where at least two parks are threatened.

A serious problem is going to be created where public facilities are not taken but access to them is made more difficult, such as separation of school children from schools, parishioners from churches, and the public from park and other public facilities. For example, a very popular waterfront nature trail has been built in the Arboretum north of the Arboretum Interchange. The trail runs from Foster Island to the Museum of History and Industry. However, to obtain pedestrian access to Foster Island it is necessary to use an underpass under four lanes of traffic. What will happen if four more lanes are added? It will certainly restrain many women and children from using the underpass for fear of molestation, with a result of seriously limiting public use of this extremely valuable waterfront park in the heart of the city.

On access to schools an engineering report says: "The . . . problems point out a basic conflict between highways and schools . . . unfortunately they (freeways) . . . tend to cut school service areas into very small and often impossible sizes, perhaps forcing elementary school children who walk to school to cross major arterials." Although this quoted report is on the Eastside Freeway (note 1) the same observation is true for this bill, particularly in the vicinity of the Roanoke Interchange.

Other adverse environmental effects of this bill will be to reduce the value of two in-city waterways, Union Bay and Portage Bay, by obstructing them with an additional number of freeway piers; to increase the noise from traffic, particularly traffic going up the grade across Portage Bay from Montlake to the Roanoke Interchange; and the increase in pollution from the increased number of automobiles moving through residential communities on both sides of the bridge.

To reduce part of the adverse environmental impact of this bill, I offered two amendments: One was to require authorization by this body, as is customary in the disposition of state land, before additional Arboretum land is transferred to the Highway Commission. The second was for the replacement of any public park lands that may be taken with equal new park space. Since these amendments failed, and since my concerns over the adverse environmental impacts have not been satisfied, I must oppose this bill.

ON THE SECOND OBJECTION: It should be clear that this bridge and the proposed fifth bridge are key parts of a new freeway system in the metropolitan area. Unless this system is built the bridge traffic will have no place to go. It will choke up in the city street systems of Seattle and Bellevue. Once this bridge is authorized, its location and its capacity determined, then certain consequences follow on each end of the bridge.

On the west end, let's hear what the Tudor Engineering Company says: "First, the existence or non-existence of the R. H. Thomson Parkway in Seattle is a governing factor of prime importance. Without this facility or a comparable new north-south corridor in the City of Seattle, additional traffic capacity in the Evergreen Point Bridge corridor would serve no useful purpose since the added traffic could not be adequately collected or distributed on the Seattle side of the lake." (note 2)

Now, let us hear what the consultants say about the capacity of the R. H. Thomson that would be required to serve the fourth bridge. This bridge will have initially three lanes with room for a fourth, and initially the second bridge (the Evergreen Point Bridge) will be reduced from four to three lanes. With six bridge lanes the Tudor Engineering Company Vice President, Mr. Robert Janopaul, said six lanes would be required on the R. H. Thomson north of the canal and more than six south of the canal. If the bridges are used to full eight lane capacity, then more than six lanes would be needed to the north and more than six to the south. The Director of Transportation Planning of the Puget Sound Regional Planning Council, Robert Shindler, said the fourth bridge would require six lanes north of the canal and eight lanes south.

It would appear from this testimony that eight lanes at least, and perhaps more, will be required on the R. H. Thomson south of the canal to serve this fourth bridge.

The only problem is that although eight or more lanes may be needed for the R. H. Thomson, the study completed in January, 1969, by the Highway Department for the Joint Committee on Highways (note 3) indicated a facility with six lanes. And with only six lanes the cost is still the substantial amount of \$110,000,000. At the present time an urban design team is studying the R. H. Thomson corridor and is due to report at the end of the year. They may recommend four lanes with two for rapid transit, six or more for automobiles, or less than four. Their recommendation will be meaningless if this bridge goes ahead without consideration of the report and mandates eight or ten lanes.

Because of the proponents' concern that there would be inadequate capacity on the R. H. Thomson or no R. H. Thomson at all, this bill provides for the construction of the western access to the bridge through the Arboretum, across the Montlake area, by a bridge across Portage Bay and a viaduct to Roanoke Street to an interchange with Interstate 5. At this point Interstate 5 consists of 12 lanes which are now used to their 1975 design capacity and are carrying at this point the maximum amount of traffic carried anywhere on our state highway system. Twelve lanes of Interstate 5 are joined at this point by the four lanes of the existing Evergreen Bridge. The fourth bridge at full capacity will add four additional lanes to connect Interstate 5. What do the engineers say about this?

The Tudor Engineering Company says nothing, since it did not study the corridor west of the Arboretum. The Highway Department (through Carl E. Minor, Assistant Director for Research, Planning and Materials) says that more study will be needed on the capacity of Interstate 5. Mr. Shindler for the Puget Sound Regional Planning Council said that the capacity of Interstate 5 cannot be expanded at this point and that the traffic should be dispersed before it gets to Interstate 5.

In face of this testimony Representative Alfred E. Leland, the chairman of the committee and principal proponent of the bill said we are going by the seat of our britches in extending a toll facility to Interstate 5. Is this the way this legislative body should act in a major transportation facility affecting a major metropolitan area? Without even a reconnaissance report or any preliminary financial feasibility study? Are we going to see the proponents of this bridge back here time and time again for additional authorization and funds over and above the toll bonds for the extension from the Arboretum to Interstate 5? For the widening of Interstate 5 from 12 to 14 or 16 lanes through the center of Seattle, for additional scores of millions of dollars in urban arterial funds to handle the entrance and approach roads which will be needed to collect and disperse Interstate 5 traffic?

The same story on traffic capacity and its impact on construction of the new freeway system around Lake Washington can be told on the east side of the bridge. Will the Northrup Interchange where Interstate 405 and the east access of the bridge meet handle the traffic or will it be necessary to connect the fourth as well as the fifth bridge with the proposed Eastside Freeway in the area east of Bellevue? How many lanes will be required for expansion of Interstate 405? How many on the Eastside Freeway? The report is silent. We do know from the Eastside Freeway report (note 4) that this proposed freeway should tie in with the fourth lake bridge somewhere near Overlake and west of Lake Sammamish. The price tag on this six and eight lane facility is 150 million dollars.

I have discussed the implication of this bridge for the north-south arterials on the west and east side of the lake. The same implications might also be considered with respect to SR 522 on the north which connects the R. H. Thomson and the Eastside Freeway around the north end of Lake Washington and in the south of Lake Washington for SR 509 connecting to the Eastside Freeway.

It is uncertain whether this bridge can fit into a balanced transportation system if the R. H. Thomson does not have enough capacity, if the Eastside Freeway is not built, or if this bridge overloads the capacity of Interstate 5. Since amendments designed to relate this bridge to the construction of the R. H. Thomson, the Eastside Freeway, and rapid transit were not adopted, and since without fitting this bridge into the total picture, we will have the tail wagging the dog, I must oppose this bill.

ON THE THIRD OBJECTION: We should consider the purpose of this bridge. It is designed to relieve congestion on automobile trips across Lake Washington. The two existing bridges are filled to saturation. The third bridge (Interstate 90), this fourth bridge, and the fifth bridge are needed to relieve congestion and handle the traffic by 1980 or 1985. (note 5) After 1985 what? No one says but if we continue on our present course of meeting transportation needs—that is, by serving the commuter who goes to work in his car usually alone—we will be talking about the sixth and seventh bridges in the next five to ten years.

Now, one of the things about history is that those who do not learn from the past are condemned to relive it. Highway 99 became inadequate to move traffic north and south in the 1950's so we now have Interstate 5 on the west and Interstate 405 on the east of Lake Washington. Interstate 5 was designed to meet the 1975 needs and has already reached capacity. Many people who have watched the dislocation and disruption caused by these freeways are asking the question, Will the new freeway system bring us any closer to solving our transportation problems? Or after these have been built with all the personal and community sacrifices they require, will we still find our cities choked with traffic and new plans afoot for further freeways? Because of these questions there has been general reluctance on the part of the public to have their elected officials proceed without careful care and deliberation in establishing new freeways such as the R. H. Thomson, the Eastside Freeway, SR 522, SR 509, and freeways, indeed, in other cities of the state, such as Spokane and Walla Walla. There has never been more serious questioning of our highway program by local, state, and federal governments than now.

What do we gain with the fourth bridge? There will certainly be some temporary relief from commuter traffic congestion—until the fifth, sixth, and seventh bridges are built. What does this cost? People who stand in the way of progress will have their homes condemned. A small number for bridge access, but many thousands for the connecting north and south freeways on the east and west. Some central city park area will be no more. Schools and churches will be further away and more difficult to reach. A noisy and smelly neighbor will move in and many of us will move out to the other side of the lake—somewhere east of the Eastside Freeway—and join the commuter throng on the fourth, fifth, and sixth bridges. Two waterways, Union Bay and Portage Bay, will be filled with more concrete freeway piers. It will be less pleasant to live in Montlake and North Capitol Hill. An area in which people of all races have been learning to live together with a great deal of success will be severely, if not fatally, disrupted. Not everyone will be able to move to the east side because the color of the skin of some is black. It is difficult for blacks to find homes in the mostly white, middle and upperclass east side suburbs. Some who remain will despair, and frustration will grow on them—frustration against the society that destroys as it builds, that has one standard for the white man and another for the black.

We are losing—to one highway project or another, such as Interstate 5, the Portage Bay access, the R. H. Thomson—what has been a stable, successful in-city community. It will be replaced by I know not what, and I dare not contemplate.

We started this session in high hopes of tax reform. I still have hopes we will end with tax reform a success, but let's pause and consider why we want tax reform.

It is to meet the problems of our state:

"Problems, which festered for a century in other parts of the nation, have arrived on our doorstep in little short of a single decade.

"Our metropolitan areas are expanding at a record rate—and parts of them are deteriorating with equal speed.

"The land which once seemed inexhaustible is disappearing—some of it consigned forever to the tragedy of perpetual blight.

"Our transportation system is threatening to tie itself in a suicidal knot—a system in which our ability to build new freeways is exceeded only by our ability to fill them beyond capacity.

"Our atmosphere—both air and water—is in jeopardy—not because we want it so, but because we have too long taken too much for granted.

"In our cities we are confronting the sometimes visionary, sometimes violent problems of social upheaval—the search for human dignity and equal opportunity under physical conditions which are barely more than adequate and barely less than impossible." (note 6)

We come face to face in this bill with all the major domestic issues of our day. The future will judge us on how we dispose of this bill. Past methods and solutions—the dogmas of the past are inadequate for this stormy present. As others have had to do before us we stand here at Armageddon and battle for the Lord.

Is it the best way to solve these difficult problems of our state by placing so high a value on commuter convenience? Is it in the best interests of our state to turn our backs on our cities—disrupt their neighborhoods, separate school children from their schools, parishioners from their churches, take away parks and public facilities that provide physical and mental relief against urban tensions and thereby create frustrations that ultimately lead to greater demands for public safety? This legislature will be judged on how well we respond to the human needs of our people as in tax reform. Here is where we must stand and be counted for the future of our state. Can we face it squarely and slough off the dogmas of the past? Or will we by passage of this bill fail and repeat the mistakes and failures of the past?

Relating to changes in the current LID laws of cities and towns.

Committee recommendation: Majority, do pass with the following amendments:

On page 7, section 4, line 18, after "No" strike "action" and insert "lawsuit"
insert "lawsuit"

On page 10, section 8, line 2, strike "reasonable"

On page 10, section 8, line 2, after "costs" and before "to which" strike "and expenses"

On page 10, section 9, beginning on line 19, after "appellant." strike all of the matter down to and including the period following "the appeal." on line 22.

The bill was read the second time.

On motion of Mr. Kopet, the committee amendments were adopted.

Representative O'Dell spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. O'Dell yielded to question by Mr. Hawley.

Mr. Hawley: "Mr. O'Dell, on page 2, line 4, what is the effect of the phrase 'or any combination thereof?'"

Mr. O'Dell: "Mr. Hawley, the effect of that phrase is that in the event there is an unimproved piece of property and they wanted to put in a street improvement, waterline, and sewer improvement, all in one LID, with this wording they could combine the three together whereas under the present law it takes three separate LID's, which is very costly to the property owner."

Mr. Hawley: "Is there any change in the percentage of those who could protest against an LID? Is it still sixty percent?"

Mr. O'Dell: "Offhand, I don't think that has been changed, Mr. Hawley."

Representative Hawley spoke in favor of passage of the bill.

HOUSE BILL NO. 709, by Representatives Whetzel, Perry and Leland:

Authorizing first, second and third class cities to establish off-street parking facilities.

Committee recommendation: Majority, do pass with the following amendments:

On page 4, section 5, line 7, after "expenses." add a new sentence as follows: "One member of the parking commission shall be selected from among persons actively engaged in the private parking industry, if available."

On page 6, section 7, subparagraph (10), line 2, after "provided." insert a new paragraph as follows:

"The city shall not have any power to regulate parking facilities not owned by the city. Parking fees for parking facilities under the control of the parking commission shall be maintained commensurate with and neither higher nor lower than prevailing rates for parking charged by commercial operators in the general area."

On page 8, following section 11, insert two new sections as follows:

"**NEW SECTION.** Sec. 12. No city shall operate off-street parking facilities but shall call for sealed bids from responsible, experienced private operators of such facilities for the operation thereof. The call for bids shall specify the terms and conditions under which the facility will be leased for private operation. The call for bids shall specify the time and place at which the bids will be received and the time when the same will be opened, and such call shall be advertised once a week for two successive weeks before the time fixed for the filing of bids in a newspaper of general circulation in the city. The competitive bid requirements of this section shall not apply in any case where such a city shall grant a long-term negotiated lease of any such facility to a private operator on the condition that the tenant-operator shall construct a substantial portion of the facility or the improvements thereto, which construction and/or improvements shall become the property of the city on expiration of the lease. If no bid is received for the operation of such an off-street parking facility, or if the bids received are not satisfactory, the legislative body of the city may reject such bids and shall readvertise the facility for lease. In the event that no bids or no satisfactory bids shall have been received following the second advertising, the city may negotiate with a private operator for the operation of the facility without competitive bidding. In the event the city shall be unable to negotiate for satisfactory private operation within a reasonable time, the city may operate the facility for a period not to exceed three years, at which time it shall readvertise as provided above in this section.

"Sec. 13. Section 35.86.040, chapter 7, Laws of 1965 and RCW 35.86.040 are each amended to read as follows:

"Such cities are authorized to establish the method of operation of off-street parking space and/or facilities by ordinance, which may include leasing or municipal operation: PROVIDED, HOWEVER, That no city with a population of more than one hundred thousand shall operate any such off-street parking space and/or facilities [until after it has called] *but shall call* for sealed bids from responsible, experienced, private operators of such facilities for the operation thereof. The call for bids shall specify the terms and conditions under which the facility will be leased for private operation [and shall specify a minimum rental upon which such a lease will be made by the city. The minimum rental may be on a weekly or monthly flat fee basis or may be based upon a weekly or monthly percentage of gross income, but it shall in any event be sufficient to cover all of the city's costs in acquiring and/or constructing or improving the facility to be leased, including interest charges, debt retirement, and payment in lieu of the taxes lost by removal of the property from the tax rolls]. The call for bids shall specify the time and place at which the bids will be received and the time when the same will be opened, and such call shall be advertised once a week for two successive weeks before the time fixed for the filing of bids in a newspaper of general circulation in the city. The competitive bid requirements of this section shall not apply in any case where such a city shall grant a long-term negotiated lease of any such facility to a private operator on the condition that the tenant-operator shall construct a substantial portion of the facility or the improvements thereto, which construction and/or improvements shall become the property of the city on expiration of the lease. If no bid is received for the operation of such an off-street parking facility, or if none of the bids received [meet the minimum rental specified] *are satisfactory*, the

legislative body of the city may reject all bids, in the latter case, and in both situations [may] shall readvertise the facility for lease [or may operate the facility itself. If the city elects to operate the parking facility itself, it shall at least once in every three years again readvertise for bids in the same manner as provided above]. *In the event that no bids or no satisfactory bids shall have been received following the second advertising the city may negotiate with a private operator for the operation of the facility without competitive bidding. In the event the city shall be unable to negotiate for satisfactory private operation within a reasonable time, the city may operate the facility for a period not to exceed three years, at which time it shall readvertise as provided above in this section.*"

Have you cleared your amendments with the Attorney General?"

Mr. Newhouse: "I have not. I go by the state Constitution, and my understanding of the state Constitution as far as qualification of voters is that the state Constitution prevails. For instance, a state may allow an eighteen-year old to vote, which is not provided for in the national Constitution."

"(6) To establish priorities of informational needs and to develop a long range plan for the gradual implementation of the various portions of the management information system in accordance with such priorities.

"NEW SECTION. Sec. 3. There is added to chapter 115, Laws of 1967 ex. sess. and to chapter 43.105 RCW a new section to read as follows:

"It is the intention of the legislature that this chapter shall form the basis for the orderly and cooperative design and implementation of a state-wide information system to satisfy the requirements of the legislative, executive, and judicial branches of state government. The requirements of each branch should be studied and defined and to avoid duplication in the capture, storage, and processing of data common to all, a single data base should be designed and implemented. Each branch should have full and private access to common data. All agencies of state and local government are encouraged to cooperate with and support the development and implementation of this data base. The legislature, recognizing the nearly infinite nature of state-wide information, encourages that priorities for informational needs be established in order to provide each successive legislative session with an increased amount of verified information in areas of current interest and an expanded data bank of readily accessible information. To implement this intention, the budget director shall have the authority after consultation with the data processing advisory committee to direct and require the submittal of data from all agencies of state and local government in all branches of government.

"NEW SECTION. Sec. 4. There is added to chapter 115, Laws of 1967 ex. sess. and to chapter 43.105 RCW a new section to read as follows:

"NEW SECTION. Sec. 5. There is added to chapter 157, Laws of 1951 and to chapter 1.08 RCW a new section to read as follows:

"The code reviser shall be in charge of and shall operate and maintain the legislative information system which shall provide automatic data processing services for the legislature and its various committees and, by agreement, for the judiciary and the legal or law-oriented agencies of the executive branch. All such operations shall be subject to the general supervision of the statute law committee. The statute law committee may employ or engage and fix the compensation for such personnel as may be required to plan, supervise, operate, procure, or supply such services. Pursuant to prior consultation with the data processing advisory committee, the statute law committee may enter into contracts with public or private vendors or purchasers for the sale, exchange, or acquisition of data processing materials, services, and facilities.

Implementing the 1967 community college act.

POINT OF INQUIRY

Mr. Smythe yielded to question by Mr. Benitz.

Mr. Benitz: "Some of the local school districts have been doing a very good job—a rather extensive job—in adult education. Would these programs and the equipment that is involved in these programs be in jeopardy as a result of the passage of this bill?"

Mr. Smythe: "No, Mr. Benitz, not in my opinion. I think Mr. Zimmerman brought out a point here. He asked for another two years for study to buy them a little time. I think this House should recognize that two years ago we definitely considered incorporating the adult education program into the community college bill—the omnibus bill. However, because we felt we needed time to study the programs and to be sure we were doing the right thing, we took the last two years to take a good look at it. I think, as Representative Bluechel has pointed out, that this will do nothing but enhance the programs of these local school districts. I think Mr. Zimmerman should recognize that one of the responsibilities of community colleges is to extend programs out away from the college campus into the various towns and communities and within, of course, the confines of the local school districts where they can best serve the people. I don't know why he is worried because most of these school districts he is talking about are about two and a half days' travel from the local community college and they naturally wouldn't try to take that program and put it back on the community college. Although I think these fears are felt by most of the school districts, I am personally convinced that by the end of the next biennium they will have recognized that we have made a good move by passing this bill and that instead of reducing their programs we will have enhanced them and built them up considerably more than what they are today. I urge the defeat of the amendment."

Representative King spoke against adoption of the amendment.

Mr. Newhouse demanded the previous question and the demand was sustained.

The amendment by Mr. Zimmerman was lost on a rising vote.

MOTION

Mr. Beck moved that the House defer further consideration of Second Substitute House Bill No. 480, and the bill be placed at the top of tomorrow's second reading calendar.

Debate ensued, Representative Beck speaking in favor of the motion, and Representative Lynch speaking against it.

POINT OF INQUIRY

Mrs. Lynch yielded to question by Mr. Grant.

Mr. Grant: "Has the second substitute bill been in our bill books for three weeks?"

Mrs. Lynch: "Yes, in fact you will remember that this is the bill that, in the last day of the regular session, didn't quite make it because of the cutoff time."

The motion by Mr. Beck was lost.

The clerk read the following amendment by Mr. Zimmerman:

On page 32, beginning on line 32, strike sections 25 and 26 of the bill and renumber the remaining sections consecutively.

With the consent of the House, Mr. Zimmerman withdrew the amendment.

Mr. Zimmerman moved adoption of the following amendment:

On page 39, beginning on line 2, add a new section to read as follows:

"NEW SECTION. Sec. 36. Nothing in this amendatory act shall preclude those school districts presently offering adult education as defined herein, including academic, vocational education or training and 'occupational education,' from continuing the offering of such programs and receiving state and federal assistance therefor and irrespective of whether such school district be within a community college district having a community college therein."

Debate ensued, Representatives Zimmerman and Beck speaking in favor of adoption of the amendment, and Representatives Bluechel, Brouillet and Smythe speaking against it.

Representative Zimmerman closed debate, speaking in favor of the amendment.

The amendment by Mr. Zimmerman was lost on a rising vote.

Mr. Grant moved adoption of the following amendment:

On page 14, section 8, line 11, after "board" insert "; and (18) Shall be authorized to establish policies and procedures in agreement with the faculty which may provide for the governing of the district. Such policies and procedures are subject to negotiation between the faculty and the board and once adopted shall be signed by all parties to the negotiation and placed on file with the state board."

Debate ensued, Representative Grant speaking in favor of adoption of the amendment, and Representative Bluechel speaking against it.

The amendment was lost.

Mr. King moved adoption of the following amendment by Representatives King and Bluechel:

On page 38, beginning on line 31, after section 34 add two new sections to read as follows:

"NEW SECTION. Sec. 35. Local law enforcement agencies or such other public agencies that shall be in need of such service may contract with any community college for laboratory services for the analyzing of samples that chemists associated with such community colleges may be able to perform under such terms and conditions as the individual community college may determine.

"NEW SECTION. Sec. 36. Section 35 of this 1969 amendatory act shall be added to Title 28 RCW unless or until such time as the proposed education code of 1969 (HB 58) shall become effective, at which time it shall become a part of Title 28B thereof."

Renumber the remaining sections consecutively.

Representatives King and Bluechel spoke in favor of adoption of the amendment.

DEPARTMENT OF MOTOR VEHICLES

OFFICE OF THE DIRECTOR

DATE: April 3, 1969

TO: The Honorable Norwood Cunningham
 FROM: Douglas Toms, Director
 RE: House Bill No. 613

The intent of this bill is to insure that no person can operate a motor vehicle as specified in this act upon the public highways without a valid classified driver's license or a temporary permit.

The new language on page 1, lines 21 through 25, authorizes the Director to issue a temporary permit. This will allow the driver to legally operate a vehicle for training purposes. Under the present act, a person desiring to be a truck or bus driver cannot legally obtain training prior to his examination.

On page 3, line 5, the additional renewal fee for a classified driver's license has been stricken. When the driver first applies for a classified driver's license, he is required to take examinations unless he qualifies for a waiver, and is charged an additional \$5 fee. Upon renewal of his classified driver's license, he is not required to submit to additional examinations but simply follows the procedure in renewing a regular driver's license. The renewal does not cause any additional workload for the department, nor does it increase the expenses of operation. We, therefore, believe that the applicant should not be charged an additional renewal fee for the endorsement. This would make the law consistent with other driver licensing laws where no additional charge is required for a renewal of a motorcycle endorsement.

The new language on page 1, line 11, would require auto stage drivers to have a classified driver's license. They were inadvertently left out of the law when it was enacted in 1967.

The stricken language on page 2, line 6, will allow the Director to continue to waive the requirement for a special examination under specified conditions.

On page 1, section 1, line 19, after “conversation” insert “(3) *Private communication where such communication is intercepted for the purpose of committing any criminal or tortious act in violation of the constitution or laws of the United States or of any state or for the purpose of committing any other injurious act.*”

On page 1, section 1, line 24, after “communications” insert “*or conversations*”

The bill was read the second time.

On motion of Mr. Clarke (George W.), the committee amendments were adopted.

House Bill No. 625 was ordered engrossed.

On motion of Mr. Wolf, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 625 was placed on final passage.

Debate ensued, Representative Swayze speaking in favor of passage of the bill, and Representative Charette speaking against it.

POINT OF INQUIRY

Mr. Swayze yielded to question by Mr. King.

Mr. King: "Would these recordings of the telephone conversations be admissible in a court of law as evidence?"

Mr. Swayze: "That is covered by other sections of the act of 1967. It is not directly covered in this particular bill. This doesn't change the normal rules of evidence. In that regard they would remain the same."

Mr. King: "It is my understanding that conversations such as this would not be admissible in a court of law under the statutes. Is that correct?"

Mr. Swayze: "Under the statutes and under the normal rules of evidence, that is ordinarily the case—that they would not be."

Mr. King: "Then the only purpose for doing this would be outside the courts—outside any legal reason for recording these conversations."

Mr. Swayze: "That is the main thrust of this bill—not to change the court or legal procedure at all. The only legal effect it has, under the present act as written, is that the police cannot intercept lewd phone calls, for example, made repeatedly to someone's home because they can't intercept anything without the consent of both parties under this act, and it went too far. This would allow them to intercept with the consent, for example, of the person who was being bothered."

Mr. King: "You mean to say that if you have repeated phone calls, there is nothing you can do about it under the existing law? It is my understanding there were things that could be done in terms of tracing phone calls, because I know it is illegal to do this."

Mr. Swayze: "I'm not saying they are not doing it. The police came in and testified in favor of this bill because it would make the present practice legal, and they felt it was technically illegal under the law as written."

Representative Bledsoe spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Swayze yielded to question by Mr. Copeland.

Mr. Copeland: "Would it be possible for me to call up Representative Charette and visit with him about politics and record it without his approval?"

Mr. Swayze: "It was completely your prerogative before 1967 and it would again be your prerogative after the passage of this act."

Mr. Copeland: "Under this act I could do that, and I wouldn't have to have his approval?"

Mr. Swayze: "That is correct."

Mr. Copeland: "Could I take this recording and use it for political purposes, in the event that we were to find a Republican who would care to run against Mr. Charette? Could I ask him several embarrassing questions and use this as a political gimmick in order to defeat Mr. Charette?"

Mr. Swayze: "I would say that's up to you, Mr. Copeland. That is not covered under this bill."

Mr. Copeland: "Would this bill allow me to do it? I'm not allowed at the present time because I would have to have the permission of two people. Is this correct? And now you only have to have my permission?"

Mr. Swayze: "You couldn't record it at all under the existing law."

Mr. Copeland: "But I could under this act?"

Mr. Swayze: "That is correct."

Representative Sawyer spoke against passage of the bill.

"(3) 'Person' means any individual, corporation, or other organization;

The exhibitor shall prominently display a sign saying 'adults only' at the place of exhibition, and any advertising of said motion picture shall contain a statement that it is for adults only. Such exhibitor shall also display a sign at the place where admission tickets are sold stating that it is unlawful for minors to misrepresent their age. Any person violating this subsection shall be guilty of a misdemeanor.

purpose of purchasing or obtaining access to any material described in section 1 of this act.
 "(2) It shall be unlawful for any person accompanying such minor to misrepresent his true status as parent, spouse of a parent or guardian of any minor for the purpose of enabling such minor to purchase or obtain access to material described in section 1 of this act.

"NEW SECTION. Sec. 5. No retailer, wholesaler or exhibitor is to be deprived of service from a wholesaler or wholesaler-distributor of books, magazines, motion pictures or other materials or subjected to loss of his franchise or right to deal or exhibit as a result of his attempts to comply with this statute. Any publisher, distributor, or other person, or combination of such persons, which withdraws or attempts to withdraw a franchise or other right to sell at retail, wholesale or exhibit materials on account of the retailer's, wholesaler's or exhibitor's attempts to comply with this act shall incur civil liability to such retailer, wholesaler or exhibitor for threefold the actual damages resulting from such withdrawal or attempted withdrawal.

"NEW SECTION. Sec. 6. Nothing in this act shall apply to the circulation of any such material by any recognized historical society or museum, the state law library, any county law library, the state library, the public library, any library of any college or university, or to any archive or library under the supervision and control of the state, county, municipality, or other political subdivision.

"NEW SECTION. Sec. 8. The provisions of this act shall be exclusive."

POINT OF ORDER

The Speaker (Mr. Copeland presiding) recognized Mr. Richardson on a point of order.

Mr. Richardson: "Under Rule 32 of the House Rules, I believe this amendment is out of order. It is the subject and the identical wording of a bill now pending before this House, so I submit to you the the Charette amendment is completely out of order."

The Speaker: "To which bill are you referring, Mr. Richardson?"

Mr. Richardson: "Substitute Senate Bill No. 365 which is now pending before the House Judiciary Committee."

RULING BY THE SPEAKER

The Speaker (Mr. Copeland presiding): "It appears to the Speaker that Mr. Richardson's point is well taken, in that the amendment in its full context is a matter which is currently before the Judiciary Committee. It was taken verbatim from Substitute Senate Bill No. 365. At this time the Speaker would have to rule the amendment submitted by Representative Charette, as printed and in that fashion, out of order."

On page 2, section 5, line 20, after "less than" and before "years old" strike "seventeen" and insert "eighteen"

Mr. Charette moved adoption of the following amendment:

On page 1, section 1, line 5 after "plicable to", strike all of the language to and including line 20, page 4 and substitute the following: "this act:

"(1) 'Minor' means any person under the age of eighteen years;

"(2) 'Erotic material' means printed material, photographs, pictures, motion pictures, and other material the dominant theme of which taken as a whole appeals to a prurient interest of minors in sex; which is patently offensive because it affronts contemporary community standards relating to the description or representation of sexual matters or sado-masochistic abuse; and is utterly without redeeming social value;

"(3) 'Person' means any individual, corporation, or other organization;

"(4) 'Dealers', 'distributors', and 'exhibitors' mean persons engaged in the distribution, sale, or exhibition of printed material, photographs, pictures, or motion pictures.

"NEW SECTION. Sec. 2. (1) When it appears that material which may be deemed erotic is being sold, distributed, or exhibited in this state, the prosecuting attorney of the county in which the sale, distribution, or exhibition is taking place may apply to the superior court for a hearing to determine the character of the material with respect to whether it is erotic material.

"(2) Notice of the hearing shall immediately be served upon the dealer, distributor, or exhibitor selling or otherwise distributing or exhibiting the alleged erotic material. The superior court shall hold a hearing not sooner than ten days from the service of notice to determine whether the subject material is erotic material within the meaning of section 1 of this act.

"(3) If the superior court rules that the subject material is erotic material, then, following such adjudication:

"(a) Any person who thereafter sells, distributes, or exhibits such material to a minor is guilty of a gross misdemeanor.

"(b) If the subject material is written or printed, the court shall issue an order requiring that an 'adults only' label be placed on the publication, if such publication is going to continue to be distributed. Whenever the superior court orders a publication to have an 'adults only' label placed thereon, such label shall be impressed on the front cover of all copies of such erotic publication sold or otherwise distributed in the state of Washington. Such labels shall be in forty-eight point bold face type located in a conspicuous place on the front cover of the publication. All dealers and distributors are hereby prohibited from displaying erotic publications in their store windows or on outside newsstands on public thoroughfares. Any person violating this subsection shall be guilty of a misdemeanor.

"(c) If the subject material is a motion picture, the court shall issue an order requiring that such motion picture shall be labeled 'adults only'. The exhibitor shall prominently display a sign saying 'adults only' at the place of exhibition, and any advertising of said motion picture shall contain a statement that it is for adults only. Such exhibitor shall also display a sign at the place where admission tickets are sold stating that it is unlawful for minors to misrepresent their age. Any person violating this subsection shall be guilty of a misdemeanor.

"(d) Failure to comply with a court order issued under the provisions of this section shall subject the dealer, distributor, or exhibitor to contempt proceedings.

"NEW SECTION. Sec. 3. In any prosecution for violation of section 2 (a) of this act, it shall be a defense that:

"(1) The minor was accompanied by a parent, parent's spouse, or guardian; or

"(2) Such minor exhibited to the defendant a draft card, driver's license, birth certificate, or other official or an apparently official document purporting to establish such minor was over the age of eighteen years; or

"(3) Such minor was accompanied by a person who represented himself to be a parent, or the spouse of a parent, or a guardian of such minor, and the defendant in good faith relied upon such representation.

"NEW SECTION. Sec. 4. (1) It shall be unlawful for any minor to misrepresent his true age or his true status as the child, stepchild or ward of a person accompanying him, for the purpose of purchasing or obtaining access to any material described in section 1 of this act.

"(2) It shall be unlawful for any person accompanying such minor to misrepresent his true status as parent, spouse of a parent or guardian of any minor for the purpose of enabling such minor to purchase or obtain access to material described in section 1 of this act.

"NEW SECTION. Sec. 5. No retailer, wholesaler or exhibitor is to be deprived of service from a wholesaler or wholesaler-distributor of books, magazines, motion pictures or other materials or subjected to loss of his franchise or right to deal or exhibit as a result of his attempts to comply with this statute. Any publisher, distributor, or other person, or combination of such persons, which withdraws or attempts to withdraw a franchise or other right to sell at retail, wholesale or exhibit materials on account of the retailer's, wholesaler's or exhibitor's attempts to comply with this act shall incur civil liability to such retailer, wholesaler or exhibitor for threefold the actual damages resulting from such withdrawal or attempted withdrawal.

"NEW SECTION. Sec. 6. Nothing in this act shall apply to the circulation of any such material by any recognized historical society or museum, the state law library, any county law library, the state library, the public library, any library of any college or university, or to any archive or library under the supervision and control of the state, county, municipality, or other political subdivision.

"NEW SECTION. Sec. 7. The provisions of this act shall be exclusive."

POINT OF ORDER

The Speaker (Mr. Copeland presiding) recognized Mr. Richardson on a point of order.

Mr. Richardson: "I submit the same point of order. I think merely by removing the severability clause from this bill, he is not really in effect changing the amendment, and I submit it is still out of order."

POINT OF INFORMATION

The Speaker (Mr. Copeland presiding) recognized Mr. Bottiger on a point of information.

Mr. Bottiger: "Mr. Speaker, regarding the point of order, it has been in the past the practice of everyone here to make a few changes in a bill and offer it as an amendment. I can recall three times so far this session where we have taken a bill and made a few minor changes in it. I know one time there were two words changed and it was submitted as an amendment. I would suggest to the Chair that precedence should control."

RULING BY THE SPEAKER

The Speaker (Mr. Copeland presiding): "I think I would have to rule that although it is borderline in its total aspect, the amendment should be accepted at this time. If the body cares to adopt it, it would be the prerogative of the body to do so. If they care to reject it, we will have the original bill before us."

Mr. Chapin moved adoption of the following amendment by Representatives Chapin and Bottiger to the amendment by Mr. Charette to House Bill No. 10:

Amend the amendment by Representative Charette as follows: On page 2, line 17, after "publications" strike the balance of the sentence and insert "where minors are permitted"

Representative Bottiger spoke in favor of adoption of the amendment.

POINT OF INQUIRY

Mr. Bottiger yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "Representative Bottiger, the thought immediately occurs to me in changing this language, are minors generally permitted in store windows? It would appear to me, the way you have reworded this, that we could have these things in store windows because minors are not generally permitted therein, nor is anyone else."

Mr. Bottiger: "I don't think that is the intent of the amendment. If we read it, it says, 'All dealers and distributors are hereby prohibited from displaying erotic publications' (and I think the word 'displaying' is the key word) 'where minors are permitted.' Now the minor is obviously permitted around the outside of the store window, and I'm sure any court would look at that and say, 'What the legislature meant is, you can't display it where they can see it.'"

The amendment by Representatives Chapin and Bottiger to the amendment by Representative Charette to House Bill No. 10 was adopted on a rising vote.

Representative May moved adoption of the following amendment:

Amend the amendment by Representative Charette as follows: On page 4, line 18, add a new section to read as follows:

"NEW SECTION. Sec. 7. The provisions of this act shall not apply to acts done in the scope of his employment by a motion picture operator or projectionist employed by the owner or manager of a theatre or other place for the showing of motion pictures, unless the motion picture operator or projectionist has a financial interest in such theatre or place wherein he is so employed or unless he caused to be performed or exhibited such performance or motion picture without the knowledge and consent of the manager or owner of the theatre or other place of showing."

Renumber the remaining section consecutively.

Representatives May, Richardson and Charette spoke in favor of adoption of the amendment.

The amendment by Representative May to the amendment by Representative Charette was adopted.

The Speaker (Mr. Copeland presiding) declared the question before the House to be the amendment by Mr. Charette as amended.

Debate ensued, Representatives Charette and Bottiger speaking in favor of adoption of the amendment as amended, and Representatives Hurley, Kuehnle and Chapin speaking against it.

Implementing election laws.

The House resumed consideration of House Bill No. 677 on second reading.

The Speaker declared the question before the House to the motion by Mr. Moon that the House do now reconsider the vote by which the following amendments by Mr. Newhouse were adopted:

On page 2, section 1, beginning on line 21 strike all of subsection 13 and renumber the remaining sections consecutively

On page 4, section 2, line 1 after "language," strike "[or a voter of this state prior to November 3, 1896] or has successfully completed the sixth primary grade in a public school in, or a private school accredited by, any state or territory, the District of Columbia or the Commonwealth of Puerto Rico in which the predominant classroom language was other than English;" and insert "or a voter of this state prior to November 3, 1896"

On page 5, section 3, line 2 after "guage" and before the semicolon in line 3 strike "or I successfully completed the sixth grade in an American-flag school predominantly using another language"

Representatives Francis and Scott spoke in favor of the motion.

Representative Clarke (George W.) stated he was withdrawing his objections to the motion.

The motion by Mr. Moon, that the House do now reconsider the vote by which the four amendments by Mr. Newhouse were adopted, was carried.

With the consent of the House, Mr. Newhouse withdrew the four amendments.

The Speaker declared the question before the House to be the following amendment by Mr. Newhouse:

On page 8, section 6, beginning on line 7, strike all of subsection (4).

With the consent of the House, Mr. Newhouse withdrew the amendment.

POINT OF INQUIRY

Mr. Scott yielded to question by Mr. Newhouse.

Mr. Newhouse: "I would like to ask you, is it not the purpose of the bill as it stands, that the only citizens who are covered under this are those who have gone to school under

POINT OF INQUIRY

Mr. Scott yielded to question by Mr. Bottiger.

Mr. Bottiger: "Mr. Scott, I would question that answer because there are other schools under the United States flag, teaching in other than the English language (or at least they did, for example, the Philippine Islands or some of the American territories) and from which some people are still alive."

Mr. Scott: "I don't think you would find that the case any longer. I would qualify my remark if it would put you at ease to limit it to the strict language of this measure and the constitutional case, and that is 'an American-flag school.' You will find that almost the only persons to come under that are the Puerto Ricans. There may be a couple of people from the Virgin Islands who would come under that category, or the Philippines, but it is certainly a minimal number of people."

On motion of Mr. Scott, the following amendment was adopted:

On page 12, line 1, add the following new sections:

"NEW SECTION. Sec. 13. There is added to chapter 9, Laws of 1965 and to Title 29 RCW, a new section to read as follows:

"NEW SECTION. Sec. 20. There is added to chapter 9, Laws of 1965 and to chapter 29.24 RCW a new section to read as follows:

"Notwithstanding any other provision of chapter 29.24 RCW as now or hereafter amended, any duly registered voter who expects to attend a new or minor party convention held on the same day as the primary shall be entitled to an absentee ballot for the limited purpose of voting on bond issues, measures, and candidates for nonpartisan offices. PERSONAL PRIVILEGE

The Speaker recognized Mr. Bledsoe on a point of personal privilege.

Mr. Bledsoe: "I would like to make a statement about the proposed schedule for this afternoon and the weekend. It is intended that when we finish this calendar, our troops would like to caucus. Mr. Chatalas, if you care to caucus simultaneously, so be it. Subsequent to that, a Rules Committee meeting will be held to prepare the second reading calendar and third reading calendar for consideration this afternoon and for tomorrow's

action. We will come in tomorrow. It is not intended that we have a night session this evening if we can complete our action on the second reading calendar today. There will be a two-hour session tomorrow and it is intended that we adjourn at noon and have the Holy Weekend with our families."

PERSONAL PRIVILEGE

The Speaker recognized Mr. Leland on a point of personal privilege.

Mr. Leland: "Mr. Speaker, we have had delivered to the desk of every legislator an interim report that will cover the activities of the Transportation Committee through the regular session and from March 13 through March 31 of the special session. You should have them, and if there are any questions I will be glad to answer them for you."

PERSONAL PRIVILEGE

The Speaker recognized Mrs. Kirk on a point of personal privilege.

Mrs. Kirk: "Mr. Speaker, ladies and gentlemen of the House, I would like to thank each member personally for the many kindnesses that you have rendered to me during the last few days. I want you to know that I deeply appreciated them. I would like to thank especially the women legislators who were so kind to me. Thank you so much."

The Speaker declared the House to be at ease.

The Speaker called the House to order.

MOTION

On motion of Mr. Bledsoe, the House advanced to the ninth order of business for the purpose of second reading of bills.

SECOND READING

HOUSE BILL NO. 516, by Representatives Leckenby, Fleming, Sprague, McCaffree, Wojahn, Kirk, Marzano, Kiskaddon and Murray (by executive request):

Creating low cost housing.

Committee recommendation: Majority, do pass with the following amendments:

(For Committee Amendments see Journal of March 27, 1969, 14th Day, Ex. Sess.)

The House resumed consideration of House Bill No. 516 on second reading.

The bill was read the second time.

POINT OF ORDER

The Speaker recognized Mr. Charette on a point of order.

Mr. Charette: "Mr. Speaker, my point of order is that, as I understand it, House Bill No. 10 is now on the third reading calendar that is before us, and I believe the Speaker has ruled before that the Constitution provides that bills must be read in on three separate days. It seems to me this violates the rule, and it should not be on the third reading calendar."

The Speaker: "As I interpret the rule, Mr. Charette, this would mean that it would have to be acted upon. Now if we don't get to the third reading calendar and the bill is set over until tomorrow, then we're in business. If we get to the third reading calendar before we close off for the afternoon, I would think your point would be well taken."

Mr. Charette: "Mr. Speaker, speaking to the point of order, then I would question why we sat here so long last week and waited until after midnight until the Rules Committee met to get out the budget bill. It seemed to me that was the reason—so that we could go over into the third day."

The Speaker: "And we acted on the budget bill when we got to it, Mr. Charette. If the House would so desire to wait until 12:01 in the morning to act on House Bill No. 10 on third reading, then it would be in order, but I say that isn't going to happen."

Mr. Kopet moved adoption of the committee amendment.

Mr. Gladder moved adoption of the following amendment to the committee amendment:

Amend the printed amendment by the Committee on Local Government as follows: On page 3, section 3, line 1, after "income," insert a period and strike all the material down to and including "use." on line 6.

Debate ensued, Representative Gladder speaking in favor of the amendment to the committee amendment, and Representatives Leckenby and Fleming speaking against it.

POINT OF INQUIRY

Mr. Leckenby yielded to question by Mr. Hawley.

Mr. Hawley: "Mr. Leckenby, I think you are familiar with the area that I come from out in the Ballard area."

Mr. Leckenby: "Snooze Junction?"

Mr. Hawley: "Yes, and during the World War, we had some war housing. We had some buildings that the federal government remodeled and gave back to the owners within seven years. Are you familiar with that law?"

Mr. Leckenby: "No, I knew they did that with boats, but I didn't know they took housing away."

Mr. Hawley: "They did it with apartment housing and multiple dwellings. Presently in our area we have two projects, which I don't oppose, in which are homes that have been built on very good property for low-income people. But the war housing that they created which is now more or less a ghetto area (not particularly racial—but ghetto) hasn't been taken care of. It is a blighted area. Don't you think that under a bill like this, we are creating a ghetto area twenty years from now?"

Mr. Leckenby: "To answer your question, I think that what we have been doing has created ghettos, and I think it is continuing to create ghettos. We have a similar situation in the 31st District in the White Center Heights housing area where war housing is still being occupied by people who are principally on public assistance. We have another type of potential ghetto that is developing because twenty-five percent of the new houses in King County in 1968 were mobile homes, and I think about thirty-three percent of the same are projected for 1969. Although these are generally privately owned or rented, I think we are asking for another similar type of thing. What we are proposing under this act and under the regional development corporation that we propose to develop in the three-county area would work away from the idea of concentrated poverty. We would do everything we can to enhance the living conditions of the owners and the renters and leasers. We recognize the terrible conditions that have come from the programs that have originated in Washington, D.C. They don't know how to solve our local problems. We can do them much better if we get on the ball and work together locally."

The amendment by Mr. Gladder to the committee amendment to House Bill No. 516 was lost on a rising vote.

Mr. Kuehnle moved adoption of the following amendment to the committee amendment:

Amend the printed amendment by the Committee on Local Government as follows: On page 5, section 6, line 6, after "than" strike "one county" and insert "nor more than one county except that any county or portion thereof whose boundaries or portions thereof are geographically adjacent to the original county in which a regional housing development corporation is authorized, may be included within the proposed area of operation upon a finding by the director that there is a need for such additional counties or portions thereof, to be included within the proposed area of operation"

Debate ensued, Representatives Kuehnle and Leckenby speaking in favor of adoption of the amendment to the committee amendment, and Representative Fleming speaking against it.

The amendment by Mr. Kuehnle to the committee amendment to House Bill No. 516 was adopted on a rising vote.

On motion of Mr. Kuehnle, the following amendment was adopted:

Amend the printed amendment by the Committee on Local Government as follows: On page 5, section 6, lines 7 through 9 strike "The proposed area of operation may contain one or more additional counties or portions thereof if such additional counties are contiguous."

Mr. Pardini moved adoption of the following amendment to the committee amendment:

Amend the printed amendment by the Committee on Local Government as follows:
 On page 8, strike all of section 8
 Renumber the remaining sections consecutively.
 Representative Pardini spoke in favor of adoption of the amendment.

PARLIAMENTARY INQUIRY

Mr. Kuehnle: "Point of parliamentary inquiry, Mr. Speaker. Representative Pardini's intent, I think, is to strike all the sections relating to the right of condemnation, and I don't know where we would be if we passed on a part of it as it relates to section 8 without passing on other parts of it which relate to other sections. How can we resolve this one?"

The Speaker: "I can tell you this, that you people who are offering amendments are going to have this bill so snarled up nobody will recognize it. You are going to have to just take this as it comes, and if some of these are ruled out of order, that's the way it's going to be."

The amendment by Mr. Pardini to the committee amendment to House Bill No. 516 was adopted.

On motion of Mr. Pardini, the following amendment to the committee amendment to House Bill No. 516 was adopted:

Amend the printed amendment by the Committee on Local Government as follows:
 On page 9, section 9, line 14, strike the semicolon, insert a period and strike all of subsection (4)

MOTION

On motion of Mr. Newhouse, the House deferred further consideration of House Bill No. 516 on second reading and the bill was ordered placed at the end of the second reading calendar.

Enforcement of the order and appeal therefrom by the complainant or respondent shall be made as provided in RCW 49.60.260 and 49.60.270.

"NEW SECTION. Sec. 8. The board against discrimination or its successor and units of local government administering ordinances with provisions similar to the real estate provisions of the law against discrimination are authorized and directed to enter into cooperative agreements or arrangements for receiving and processing complaints so that duplication of functions shall be minimized and multiple hearings avoided. No complainant may secure relief from more than one instrumentality of state, or local government, nor shall any relief be granted by any state or local instrumentality if relief has been granted or proceedings are continuing in any federal agency, court, or instrumentality, unless such proceedings have been deferred pending state action."

Renumber the remaining sections consecutively.

The bill was read the second time.

On motion of Mr. Clarke (George W.), the committee amendments were adopted.

House Bill No. 466 was ordered engrossed.

Mr. Bottiger: "Mrs. Lynch, so that your comments can be recorded in the journal, I would like to ask you whether there will be any change in the existing law as to those private schools administering G. I. bill programs."

Mrs. Lynch: "No, Mr. Bottiger, that is exactly what I said a few moments ago. They will remain exactly the way they are now, directly under Mr. Kramer. It is not my intent or the intent of the bill that they should not remain there."

ENGROSSED HOUSE BILL NO. 108, by Representatives McCaffree, Flanagan and Haussler:

Authorizing temporary county real estate excise tax.

Committee recommendation: Majority, do pass with the following amendments: (For Committee Amendments see beginning of today's Journal.)

The bill was read the second time.

POINT OF INQUIRY

Mr. Copeland: "Is the blue sheet in the book the amendment by the Committee on Revenue and Taxation?"

The Speaker: "Yes, it is, Mr. Copeland."

Mrs. McCaffree moved adoption of the committee amendment.

Representative McCaffree spoke in favor of adoption of the amendment.

POINT OF INQUIRY

Mrs. McCaffree yielded to question by Mr. Copeland.

Mr. Copeland: "Mrs. McCaffree, would you point out for me on what page and what line it says 'three-quarters of one percent'? I think it says 'one percent' in two different places on line 10 and again on line 12."

Mrs. McCaffree: "You're right. The blue sheet is not the committee amendment. The committee amendment is on the desk."

Mr. Copeland: "Then the question I asked originally—Is this the amendment by the Committee on Revenue and Taxation?—is no the correct answer?"

REPLY BY THE SPEAKER

The Speaker: "The reason it is not in the books is that the bill came out of committee, and the copy center apparently hasn't sent up the amendment."

The Speaker instructed the clerk to read the committee amendment.

POINT OF INQUIRY

Mr. Hawley: "Mr. Speaker, this is a very involved amendment and it is surprising to me that we cannot have it on our desks."

The Speaker: "It will be there in just one moment. They are getting copies and they will be right out."

Mr. Hawley: "Then may we have time to study it?"

The Speaker: "Well, I think everyone pretty well understands the amendment. We will have the copies distributed as soon as the copy center gets them up. I'd like to have discussion on the amendment."

POINT OF INFORMATION

The Speaker recognized Mr. Bledsoe on a point of information.

Mr. Bledsoe: "If I might assist you, Mr. Hawley, the difference between the amendment you heard read and the blue sheet in your billbook exists in two areas. First, in the mention of the maximum rate that might be levied on this real estate excise tax by the commissioners through their option. It may not exceed three-quarters of one percent of the sale price. Again, it is an optional act on the part of the county commissioners. The other language, and it is rather technical, speaks to the existing one percent excise tax now being levied, making sure that this exemption for the householder, the first twenty thousand dollars of his equity, does not apply. This was a dip into the general school fund and had an impact of about three to five million dollars—a rather substantial and unintended, I cite, dip into the school funding. This was an imperfection in the previous bill. This was the reason the bill was sent to the Revenue and Taxation Committee for restructuring and straightening up. These are the only differences between the bill that has been in your billbooks for some time and the measure now on the floor before us. I think with these changes we now have an amendment that would perfect this act to a point where we could act on it in a rational fashion, where it will do what it is intended to do and not do something it was not intended to do."

POINT OF INQUIRY

Mr. Bledsoe yielded to question by Mr. Copeland.

Mr. Copeland: "Mr. Bledsoe, what is the anticipated revenue of this act?"

Mr. Bledsoe: "The anticipated revenue at the full one percent, if I remember correctly, was somewhere around thirty-five million dollars if all counties were to participate. This would be on an optional basis down from there, depending on which counties exercised their option."

Mr. Copeland: "Is this annual or biennial?"

Mr. Bledsoe: "Biennial."

Mr. Copeland: "Thirty-five million dollars would be collected on a biennial basis at one percent?"

Mr. Bledsoe: "Yes, if all counties exercised their option. You'll notice, Mr. Copeland, that your home county of Walla Walla, in its current budget, anticipates it is totally balanced. I would submit your county commissioners would look very long at exercising their option. In fact, I would think they would turn their back on it. They don't need it, quite obviously. The county of King with a ten million dollar proposed deficit would look with some interest on this."

Representatives Copeland, Moon and Hoggins spoke against adoption of the amendment.

RULING BY THE SPEAKER

The Speaker: "I hope we can confine our remarks to the amendment that is before us. The time to speak against the bill is when it is on third reading. I would hope that the people who are debating this issue will confine their remarks to the issue, which is the amendment before us."

POINT OF ORDER

Mr. Copeland: "Point of order, Mr. Speaker. The amendment strikes the bill and inserts an entirely new bill, so I would suggest the entire measure is before us."

The Speaker: "This may very well be true, but I think we should keep to the amendment and not go into extraneous material. If you want to speak to the point of the amendment, proceed, Mr. Hoggins."

Representative Hoggins continued his remarks in opposition to the amendment.

Further debate ensued, Representatives Haussler and Bottiger speaking in favor of adoption of the committee amendment, and Representative Hawley speaking against it.

Mr. Clark (Newman H.) moved adoption of the following amendment to the committee amendment:

Amend the amendment by the Committee on Revenue and Taxation as follows: On page 1, in line 3 of section 4, after "tax" strike the balance of the section and substitute the following: "shall become effective only when approved by a majority of the voters in the county, and may be added to the selling price and shall be payable by the purchaser."

Debate ensued, Representative Clark (Newman H.) speaking in favor of adoption of the amendment to the committee amendment, and Representatives Haussler, Smythe and Heavey speaking against it.

Mr. Newhouse demanded the previous question and the demand was sustained.

The amendment by Mr. Clark to the committee amendment was lost.

Mr. Chatalas moved adoption of the following amendment to the committee amendment:

Amend the amendment by the Committee on Revenue and Taxation as follows: On page 1, section 1, line 4, after "real estate" strike "not exceeding three-fourths of one percent"

Debate ensued, Representatives Chatalas and Heavey speaking in favor of adoption of the amendment to the committee amendment, and Representative Bledsoe speaking against it.

The amendment by Mr. Chatalas to the committee amendment was lost.

The Speaker declared the question before the House to be adoption of the committee amendment.

The committee amendment was adopted.

On motion of Mrs. McCaffree, the committee amendment to the title was adopted.

Engrossed House Bill No. 108 was ordered reengrossed.

Mr. Wolf moved that the rules be suspended, the second reading considered the third, and Reengrossed House Bill No. 108 be placed on final passage.

Mr. Chatalas demanded an electric roll call and the demand was not sustained.

The motion by Mr. Wolf was carried.

Debate ensued, Representatives Haussler and Zimmerman speaking in favor of passage of the bill, and Representatives Hoggins, Bagnariol, Francis and Copeland speaking against it.

Mr. Newhouse demanded the previous question and the demand was sustained.

Absent or not voting: Representatives Amen, Grant, Mahaffey, Marzano, Perry—5.

Reengrossed House Bill No. 108, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Mr. Haussler, Reengrossed House Bill No. 108 was ordered transmitted immediately to the Senate.

HOUSE BILL NO. 641, by Representatives Leland, O'Brien, Copeland, Cunningham, Ceccarelli, Bledsoe, Garrett, Whetzel, Sprague, McCaffree, Perry, Leckenby, Fleming, Clark (Newman H.), Chatalas, Murray, North, Kirk, Hawley and Francis:

Providing for mass public transportation.

Committee recommendation: Majority, do pass with the following amendments:

On page 7, section 12, line 20 after "construction," insert "capital equipment"

On page 15, section 18, line 9 after "Sec. 18. The" strike "planning and community affairs agency or a successor to which the community affairs functions are assigned" and insert "department of transportation or if such department is not established by the 1969 legislature, then the Washington state highway commission"

The bill was read the second time.

On motion of Mr. Leland, the committee amendments were adopted.

House Bill No. 641 was ordered engrossed.

On motion of Mr. Wolf, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 641 was placed on final passage.

Representative Leland spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Leland yielded to question by Mr. Bottiger.

Mr. Bottiger: "How much are you taking out of the general fund for cities on this one?"

Mr. Leland: "Mr. Bottiger, the estimate would be somewhere between five or six million dollars when implemented. It would not be implemented until each local entity had voted their matching funds, and in the case of major construction (particularly the mass

transit system in the Seattle-King County area) not into perpetuity, but for many, many years from the time the construction starts the additional fees, returned to the general fund as a result of excise taxes on construction, will more than make up the loss to the general fund."

ROLL CALL

The clerk called the roll on the final passage of Engrossed House Bill No. 641, and the bill passed the House by the following vote: Yeas, 77; nays, 18; absent or not voting, 4.

MAJORITY recommendation: Do pass with the following amendments:

On page 1, beginning on line 25, strike everything after the enacting clause and insert the following:

"Section 1. Section 1, chapter 74, Laws of 1967 and RCW 43.63A.010 are each amended to read as follows:

"The legislature finds that (1) the rapid growth being experienced by many communities within the state presents new and significant problems for governmental units in providing the necessary public services and in planning and developing desirable living and working areas; (2) *the interrelated problems of poverty, discrimination and the enforcement of laws in support of basic human rights must be considered in connection with such community planning and development*; (3) the full and effective use of the many programs of the federal government affecting community development necessitates full cooperation and coordination of existing state and local governmental agencies; [(3)] (4) the coordination of existing state activities which affect the communities of the state requires the establishment of machinery within the state government to administer new and existing programs to meet these problems; [(4)] (5) it is the urgent responsibility of the state to assist communities in meeting these problems in whatever way possible including technical and financial assistance. *Solutions in this area which in the past have been sought by different units of state government can most efficiently be reached by a single agency which effectively brings the resources of state government to the assistance of communities.* It is therefore, the purpose of this chapter to establish a [state agency for state planning] *department of community affairs and development* to aid in providing financial and technical assistance to the communities of the state and [to] otherwise to assist in such

community planning and development in order to promote health and living standards and conditions that the welfare of the people of the state require.

"Sec. 2. Section 2, chapter 74, Laws of 1967 and RCW 43.63A.020 are each amended to read as follows:

"For the purposes of this chapter and unless the context shall clearly indicate otherwise:

"(1) ['Agency'] 'Department' means the [planning and community affairs agency] *department of community affairs and development* as created in RCW 43.63A.030.

"(2) 'Director' means the director of [planning and community affairs] *community affairs and development* as provided for in RCW 43.63A.040.

"Sec. 3. Section 3, chapter 74, Laws of 1967 and RCW 43.63A.030 are each amended to read as follows:

"[There is hereby established to carry out the purposes of this chapter a new agency of state government in the office of the governor to be known as the planning and community affairs agency.] *To carry out the purposes of this 1969 amendatory act, the agency of state government heretofore known as the planning and community affairs agency is redesignated the department of community affairs and development.*

"Sec. 4. Section 4, chapter 74, Laws of 1967 and RCW 43.63A.040 are each amended to read as follows:

"The executive head of the [planning and community affairs agency] *department of community affairs and development* shall be a director appointed by the governor, with the consent of the senate, and shall hold office at the pleasure of the governor. He shall be paid a salary fixed by the governor in accordance with the provisions of RCW 43.03.040. He shall be bonded in an amount to be determined by the administrative board under the provisions of RCW 43.17.090, the cost of which shall be considered [an office] *a departmental expense.*

"Sec. 5. Section 6, chapter 74, Laws of 1967 and RCW 43.63A.060 are each amended to read as follows:

"The director shall supervise and administer the activities of the [planning and community affairs agency] *department of community affairs and development* and shall advise the governor and the legislature with respect to matters affecting [planning and] community affairs and more especially on the extent the state should participate in such [planning and] community affairs.

"The director may enter into contracts on behalf of the state to carry out the purposes of this chapter; he may act for the state in the initiation of or participation in any multi-governmental agency program relative to the purposes of this chapter; and he may accept gifts and grants, whether such grants be of federal or other funds. When federal or other funds are received by the agency they shall be promptly transferred to the state treasurer and thereafter expended only upon the approval of the director. The director shall prepare and submit for executive and legislative action thereon the budget for the [planning and community affairs agency] *department of community affairs and development*; he shall make an annual report to the governor and to the legislature on the activities of the office and the nature of existing community problems, and after consultation with and approval by the governor, submit such recommendations for legislative action as are deemed necessary to further the purposes of this chapter; and he shall make such rules and regulations and do all other things necessary and proper to carry out the purposes of this chapter.

"The director may delegate such of his functions, powers and duties to other officers and employees of the office as he deems expedient to the furtherance of the purposes of this chapter.

"Sec. 6. Section 8, chapter 74, Laws of 1967 and RCW 43.63A.080 are each amended to read as follows:

"The [planning and community affairs agency] *department of community affairs and development* shall have the following community affairs functions and responsibilities:

"(1) Administration or coordination of state programs and projects relating to community affairs for the planning and carrying out of the acquisition, preservation, use and development of land and provision of public facilities and services for fully carrying out the state's role in related federal grant or loan programs;

"(c) The director shall approve or disapprove state grants administered by the [planning and community affairs agency] *department of community affairs and development* to apply toward the nonfederal share of project costs in conformity with the provisions of this chapter. Such approval may be conditional upon approval of a governmental conference or council, or regional planning agency, which provides review of federal aid applications within its regional area, and upon subsequent approval of the project by an appropriate federal agency for federal grant funds. Upon approval of the application

the director shall transmit it to the appropriate federal agency. Any application disapproved by the director shall be returned to the applicant with written notice of modification necessary to make the project eligible in terms of state or federal policies.

"(2) Cooperate with and provide technical and financial assistance to counties, cities, municipal corporations, governmental conferences or councils, regional planning commissions, parks or recreation boards, community development groups, community action agencies, Indian tribes, and similar agencies created for the purposes of aiding and encouraging an orderly productive and coordinated development of the state, and to strengthen local planning and program responsibility and capability.

"(3) Assist the governor in coordinating the activities of state agencies which have an impact on the solution of community development problems and the implementation of community plans.

"(4) Encourage and, when requested, assist the efforts of local governments to develop mutual and cooperative solutions to their common problems.

"(5) Study existing legal provisions that affect the structure and financing of local government and those state activities which involve significant relations with local governmental units and recommend to the governor and the legislature such changes in these provisions and activities as may seem necessary to strengthen local government.

"(6) Serve as a clearinghouse for information, data, and other materials which may be helpful or necessary to local governments to discharge their responsibilities. The clearinghouse should also provide information on available federal and state financial and technical assistance.

"(7) Carry out continuing studies and analyses of the problems faced by communities within the state and develop such recommendations for administrative or legislative action as would appear necessary. In carrying out studies and analyses, particular attention should be paid to the problem of regional, metropolitan, urban, suburban, rural, and other areas in which economic and population factors are rapidly changing.

"(8) Develop and/or test model or demonstration programs and projects, which may include contracting to administer certain functions or services within a community of the state for such purposes, and otherwise provide a program of practical research in the solution of community problems.

PERSONAL PRIVILEGE

Mr. Fleming: "Mr. Speaker, ladies and gentlemen: I rise to remind the House that a year ago today, April 4, one of our great Americans was slain, the Reverend Doctor Martin Luther King, Jr. It is most befitting that at this time I stand because earlier in the week this House took steps in the direction this great man had led during his peaceful and meaningful life. I would like to say at this time that it is in honor, but yet in deep sorrow, that I rise. I would like to remind this body of a resolution which we passed on January 15, 1969, honoring Martin Luther King, Jr., and I would like to read a reply which was received from Mrs. King:

"MRS. MARTIN LUTHER KING, JR.
234 SUNSET AVENUE, NORTHWEST

March 25, 1969.

Mr. Malcolm McBeath
Chief Clerk
House of Representatives

Dear Mr. McBeath:

Thank you for your kind expression of concern and sympathy for my children and me. We do appreciate your resolution concerning us.

The support and sharing from people like yourself give me courage and strength to try to continue my husband's work. I welcome your continued participation in our common endeavor as we strive towards peace, justice, and brotherhood.

Sincerely yours,
CORETTA SCOTT KING (Signed)
Mrs. Martin Luther King, Jr.

"At this time I would like to ask this body to stand in a moment of silent prayer in honor and in sorrow for a great American."

Substitute House Bill No. 228, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

HOUSE BILL NO. 516, by Representatives Leckenby, Fleming, Sprague, McCaffree, Wojahn, Kirk, Marzano, Kiskaddon and Murray (by executive request):

Creating low cost housing.

The House resumed consideration of House Bill No. 516 on second reading.

The Speaker declared the question before the House to be the amendment by the Committee on Local Government as amended by Representatives Kuehnle and Pardini. (For amendments see Journal for April 3, twenty-first day, Ex. Sess.)

Mr. Pardini moved adoption of the following amendment:

Amend the printed amendment by the Committee on Local Government as follows: On page 13, strike all of section 16 and insert the following:

"NEW SECTION. Sec. 16. When exercise of the power of eminent domain is necessary to carry out the purposes of this act, the director shall request the appropriate city council, board of county commissioners, or other local authority to exercise such power on behalf of the regional housing development corporation. The local authority shall have discretionary power to accede to such request or to deny it in accordance with whatever decision will most benefit the public health, safety and general welfare."

Debate ensued, Representatives Pardini, Leckenby, Brown, Fleming and Sprague speaking in favor of adoption of the amendment to the committee amendment, and Representatives Hurley and Kuehnle speaking against it.

Mr. Bledsoe demanded the previous question and the demand was sustained.

The amendment by Mr. Pardini to the committee amendment was adopted.

Mr. Wolf moved adoption of the following amendment to the committee amendment:

Amend the printed amendment by the Committee on Local Government as follows:
On page 13 insert the following:

"NEW SECTION. Sec. 17. The power of eminent domain granted by this act shall not be exercised if:

"(1) Within ninety days of the date the local authority makes a determination that they will condemn property, a petition is filed with the county legislative authority if the property proposed to be condemned is within an unincorporated area, or with the city legislative authority if the property proposed to be condemned is within a city, a petition for referendum signed by not less than twenty percent of the registered voters of the entire area proposed to be condemned or acquired by purchase under threat of condemnation; and

"(2) In the referendum election held pursuant to the foregoing petition, a majority of the residents of the area proposed to be condemned or acquired by purchase under threat of condemnation voting reject said condemnation."

Remember the remaining sections consecutively.

Debate ensued, Representatives Wolf and Francis speaking in favor of adoption of the amendment, and Representatives Chapin and Bottiger speaking against it.

POINT OF INQUIRY

Mr. Wolf yielded to question by Mr. Kuehnle.

Mr. Kuehnle: "Since I don't have a copy of your amendment in front of me, Mr. Wolf, I would ask, did your amendment not essentially contain the same language as the amendment which was in the original language of the bill? Representative Chapin indicated that we then got down to the point where one property owner could block condemnation in the original language in the bill, and I think the language as contained in your amendment refers to a referendum by the people in the whole area involved to be purchased under threat of condemnation or condemned. Therefore, we are not talking about an individual blocking condemnation of an individual house, but a majority in the total area involved making the determination. Would you clarify that, please?"

Mr. Wolf: "You are absolutely correct, Representative Kuehnle. This is in substance the amendment that Local Government put into the bill and would require a vote, not of the landowners—those who might be trying to stop condemnation—but it would be a vote of the entire people in the area. So if it is the will of the people, if these people want to be moved out of their district, then I am sure they would vote 'yes' but on the other hand, if they like to be able to live in low-cost housing, they would probably vote 'no.'"

Mr. Fleming demanded the previous question and the demand was sustained.

The amendment by Mr. Wolf to the committee amendment was lost on a rising vote.

The Speaker declared the question before the House to be the committee amendment as amended to House Bill No. 516.

The committee amendment as amended was adopted.

House Bill No. 516 was ordered engrossed.

On motion of Mr. Wolf, the rules were suspended, the second reading considered the third, and Engrossed House Bill No. 516 was placed on final passage.

ROLL CALL

The clerk called the roll on the final passage of Engrossed House Bill No. 516, and the bill passed the House by the following vote: Yeas, 63; nays, 32; absent or not voting, 4.

Voting yea: Representatives Anderson, Backstrom, Barden, Beck, Berentson, Bledsoe, Bluechel, Bottiger, Brouillet, Brown, Ceccarelli, Chapin, Charette, Chatalas, Clark (Newman H.), Conner, Cunningham, Curtis, DeJarnatt, Evans, Fleming, Gallagher, Garrett, Grant, Hatfield, Heavey, Hoggins, Jastad, Julin, Kalich, King, Kirk, Kiskaddon, Leckenby, Leland, Litchman, Lynch, Marsh, Marzano, May, McCaffree, Mentor, Murray, North, O'Brien, O'Dell, Pardini, Perry, Randall, Rosellini, Saling, Savage, Sawyer, Scott, Shera, Smythe, Sprague, Swayze, Thompson, Whetzel, Wojahn, Zimmerman, Mr. Speaker—63.

Voting nay: Representatives Adams, Bagnariol, Benitz, Bozarth, Clarke (George W.), Conway, Farr, Flanagan, Francis, Gladder, Goldsworthy, Harris, Haussler, Hawley, Hubbard, Hurley, Jolly, Juelling, Kink, Kuehnle, Martinis, McCormick, Merrill, Moon, Morrison, Newhouse, Richardson, Schumaker, Spanton, Veroske, Wanamaker, Wolf—32.

Engrossed House Bill No. 516, having received the constitutional majority, was

declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

THIRD READING

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 480, by Committee on Higher Education:

Implementing law relating to community colleges.

Engrossed Second Substitute House Bill No. 480 was read the third time and placed on final passage.

Representatives Bluechel and Beck spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Bluechel yielded to question by Mr. Benitz.

Mr. Benitz: "Representative Bluechel, will a local school district that has an adult education program in which the citizens have contributed to the direct costs of that program be affected by the passing of this bill?"

Mr. Bluechel: "In one respect it will, but in the basic operation of the adult education for that local school district, it will not. This bill allows the local school district to contract with the community colleges for the operation of their existing programs. We have a letter from the community college people stating that all existing programs and existing ways of treating adult education will be carried on in exactly the same manner as before except the funding for these will come through the community college system to the local school district. That is the only change."

Representative Benitz spoke against passage of the bill.

EXPLANATION OF VOTE

I voted against Engrossed House Bill No. 10 because I believe it to be an exercise in futility and hypocrisy. It is futile to attempt to prevent youth from exposure to "smut" as long as it is all right for adults to be so exposed.

The stamp, "adults only", merely attracts more young people to movies. As long as adults have access to pornographic literature, much of it will fall into the hands of young people. It is hypocrisy and young people are very cognizant of the fact.

We must take more positive approaches toward this problem. As a teacher for over twenty years and as a parent of five, I believe the best way to combat "trash" is through encouragement and exposure to quality literature.

Adults should teach the young by precept and by example. The hypocrisy shown by the vote on Engrossed House Bill No. 10 merely makes our young people more cynical. ARLIE U. DEJARNATT, 18th District.

SPEAKER'S PRIVILEGE

The Speaker recognized within the bar of the House the Honorable Robert J. Tizard, a member of Parliament from New Zealand, and requested that Representatives Anderson and Juelsing conduct him to a place on the rostrum.

The Speaker: "Mr. Tizard is a participant in the International Visitor Program sponsored by the Department of State. He is a member of Parliament for Pakuranga and is a member of the Labour Party. He has had a distinguished career in education and government. Mr. Tizard has been a member of his Parliament's Committee on Public Expenditure for the past six years and is considered his party's spokesman on economics and financial matters. It is certainly a pleasure to have this distinguished visitor with us in the House of Representatives today, and at this time it is my pleasure to introduce the Honorable Robert J. Tizard."

Mr. Tizard: "Mr. Speaker and Representatives: It is indeed a privilege to come along and meet with some of you directly and all of you at close quarters this morning. It is very different, of course, in New Zealand from the way you have your arrangements here, and yet one of the biggest problems in the United States is to realize that one is in a foreign country. The similarity of language both hides and reveals the differences. You are

sometimes rather surprised to find what Americans are doing with the English language. That is precisely why I am here. Your State Department arranges visits from time to time of foreign legislators. I don't want to presume on your time. I would much rather observe you in action, but I do appreciate very much this brief opportunity of speaking to you. Thank you very much."

The Speaker: "I think it would be appropriate to have Representative Eric Anderson respond, since Mr. Anderson is a native of New Zealand and perhaps would like to take this opportunity to say a few words."

Mr. Anderson: "Thank you, Mr. Speaker. Mr. Tizard, we welcome you to the state of Washington and to America, and we wish you and your family the best of health."

Representatives Anderson and Jueling escorted Mr. Tizard to the rear of the House chamber.

SPEAKER'S PRIVILEGE

The Speaker observed in the south gallery a group of Cub Scouts from Yelm and asked them to stand and be recognized.

SPEAKER'S PRIVILEGE

The Speaker: "I would like to take this opportunity to briefly outline the schedule for Monday and Tuesday. We will convene at 12:00 Monday and get the preliminary business out of the way. The remainder of the afternoon will be devoted to committee meetings. We hope that Monday afternoon and Tuesday morning the committees can process Senate bills and we can then devote the balance of the week to considering Senate bills on the floor of the House. The night sessions, if they become necessary, will probably be towards the end of the week."

POINT OF INQUIRY

Mr. Sprague yielded to question by Mr. Chapin.

Mr. Chapin: "Mr. Sprague, the other day you delighted the House with a story from Greek Mythology. Noticing the lapel button that you are wearing, it would appear that perhaps Leda was not the only one who was visited by the swans. Now that we have passed the obscenity law, and I presume you are about to take off that rather ugly button, I wonder if you would like to read it to the House."

Mr. Sprague: "I'm delighted, Representative Chapin, to read the legend on the button. It says, 'Pave Lake Washington,' and it was sent to me by a good and faithful Democratic precinct committeewoman from South Seattle who expressed her gratitude for the struggle which we maintained for some time, but unsuccessfully, against the fourth Lake Washington bridge."

The Speaker declared the House to be at ease.

The Speaker called the House to order.

"NEW SECTION. Sec. 4. The Washington law enforcement officers' and fire fighters' retirement system is hereby created for fire fighters, policemen, deputy sheriffs, sheriffs, and town marshals.

"(1) All fire fighters, policemen, deputy sheriffs, sheriffs and town marshals initially employed in that capacity on or after March 1, 1970, on a full time basis in this state shall be members of the retirement system established by this 1969 amendatory act, to the exclusion of any pension system existing under any prior act.

"(2) Any employee who has made retirement contributions under any prior act shall have his membership transferred to the system established by this 1969 amendatory act on March 1, 1970: PROVIDED, HOWEVER, That for purposes of employee contribution rate, creditability of service, eligibility for service or disability retirement, and survivor and all other benefits, such employee shall also continue to be covered by the provisions of such prior act which relate thereto, as if this transfer of membership had not occurred. Upon retirement for service or for disability, or death, of any such employee, his retirement benefits earned under this act shall be computed and paid. In addition, his benefits under the prior retirement act to which he was making contributions at the time of this transfer shall be computed as if he had continued to be a member of the retirement system covered thereby and these benefits, including survivor's benefits, offset by all benefits payable under this act, shall be paid to him by the county, city, town or district by which he was employed at the time of his retirement.

"(3) All funds held by any firemen's or policemen's relief and pension fund shall remain in that fund for the purpose of paying the obligations of the fund. "(4) Any member transferring from the Washington public employees' retirement system or the state-wide city employees' retirement system shall have transferred from the appropriate fund of the prior system of membership, a sum sufficient to pay into the Washington law enforcement officers' and fire fighters' retirement system fund the amount of the employees' and employers' contributions plus credited interest in the prior system from the date of the employee's entrance therein until March 1, 1970. Such transfer of funds shall discharge said state retirement systems from any further obligation to pay benefits to such transferring members, and thereafter the full obligation of payment of benefits earned shall be borne by the retirement board administering this act and by the member's employer as provided for in subsection (2) of this section.

"(5) All unfunded liabilities created by this or any other section of this 1969 amendatory act shall be computed by the actuary in his biennial evaluation. Such computation shall provide for amortization of the unfunded liabilities over a period of not more than forty years from March 1, 1970. The amount thus computed as necessary shall be reported to the governor by the board of the retirement system for inclusion in the budget. The legislature shall make the necessary appropriation to fund the unfunded liability from the state general fund beginning with the 1971-1973 biennium.

"NEW SECTION. Sec. 5. The retirement board shall be composed of the members of the public employees' retirement board established in chapter 41.40 RCW. These additional board members shall serve on the retirement board only for the purposes of administering this 1969 amendatory act. One board member shall be elected by the fire fighter members and one by the law enforcement members. These board members shall serve two year terms. The first board members elected by the system shall provide that the member elected by the policemen shall serve for one year only and the member elected by the fire fighters shall serve a two year term, thereafter both shall serve two years unless they cease to be members of the retirement system. In such case it shall be the duty of the remaining board members to appoint another member from the same service to fill out the remaining part of the term. All administrative services of this system shall be performed by the director and staff of the public employees' retirement system with the cost of administration as determined by the retirement board charged against the Washington law enforcement officers' and fire fighters' retirement fund as provided in this 1969 amendatory act from funds appropriated for this purpose.

"NEW SECTION. Sec. 6. The administration of this system is hereby vested in the board of the Washington public employees' retirement system pursuant to section 5 of this 1969 amendatory act and the board shall:

"(1) Keep in convenient form such data as shall be deemed necessary for actuarial evaluation purposes;

"(2) As of March 1, 1970, and at least every two years thereafter, through its actuary, make an actuarial valuation as to the mortality and service experience of the beneficiaries under this act and the various accounts created for the purpose of showing the financial status of the retirement fund;

"(3) Adopt for the retirement system the mortality tables and such other tables as shall be deemed necessary;

"(4) Keep a record of all its proceedings, which shall be open to inspection by the public;

"(5) From time to time adopt such rules and regulations not inconsistent with this act, for the administration of the provisions of this 1969 amendatory act, for the administration of the fund created by this 1969 amendatory act and the several accounts thereof, and for the transaction of the business of the board;

"(6) Provide for investment, reinvestment, deposit and withdrawal of funds;

"(7) Prepare and publish annually a financial statement showing the condition of the fund and the various accounts thereof, and setting forth such other facts, recommendations and data as may be of use in the advancement of knowledge concerning the Washington law enforcement officers' and fire fighters' retirement system, and furnish a copy thereof to each employer, and to such members as may request copies thereof;

"(8) Serve without compensation but shall be reimbursed for expense incident to service as individual members thereof;

"(9) Perform such other functions as are required for the execution of the provisions of this 1969 amendatory act;

"(10) No member of the board shall be liable for the negligence, default or failure of any employee or of any other member of the board to perform the duties of his office and no member of the board shall be considered or held to be an insurer of the funds or assets of the retirement system but shall be liable only for his own personal default or individual failure to perform his duties as such member and to exercise reasonable diligence in providing for the safeguarding of the funds and assets of the system;

"(11) Fix the amount of interest to be credited at a rate which shall be based upon the net annual earnings of the fund for the preceding twelve-month period and from time to time make any necessary changes in such rate;

"(12) Pay from the retirement fund the expenses incurred in administration of the retirement system from funds appropriated for that purpose.

"(13) Perform any other duties prescribed elsewhere in this 1969 amendatory act:

PROVIDED, That all disability claims shall be submitted and approved by the disability boards established by this 1969 amendatory act and the retirement board shall have authority to approve or disapprove disability retirement requests only.

"NEW SECTION. Sec. 7. A fund is hereby created and established in the state treasury to be known as the Washington law enforcement officers' and fire fighters' retirement fund, and shall consist of all moneys paid into it in accordance with the provisions of this 1969 amendatory act, whether such moneys shall take the form of cash, securities, or other assets. The members of the retirement board shall be the trustees of these funds created by this 1969 amendatory act and the retirement board shall have full power to invest or reinvest these funds in the securities authorized by RCW 41.40.071 as now or hereafter amended.

"NEW SECTION. Sec. 8. The total liability of this system shall be funded as follows:

"(1) Every member shall have deducted from each payroll a sum equal to six percent of his basic salary for each pay period.

"(2) Every employer shall contribute monthly a sum equal to six percent of the basic salary of each employee who is a member of this retirement system. The employer shall transmit the employee and employer contributions with a copy of the payroll to the retirement system monthly.

"(3) The biennial actuarial evaluation required by section 6(2) of this 1969 amendatory act shall establish the total liability for this system. This liability shall be divided into current service liability and prior service liability. The contributions required by (1) and (2) above shall be applied toward the current service liability with the balance of the current service liability to be appropriated from the state general fund. The prior service liability shall be amortized over a period of not more than forty years from March 1, 1970. The amount thus computed shall be added to the current service liability to be appropriated from the state general fund.
