(a) **Penalty for alcohol concentration less than 0.15.** If the person's alcohol concentration was less than 0.15, or if for reasons other than the person's refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) Where there has been no prior offense within seven years, be suspended or denied by the department for ninety days or until the person is evaluated by an alcoholism agency or probation department pursuant to RCW 46.20.311 and the person completes or is enrolled in a ninety-day period of 24/7 sobriety program monitoring. (ii) Where there has been one prior offense within seven years, be revoked or denied by the department for three years; or

The department shall grant credit on a day for day basis for any portion of a suspension, revocation, or denial already served under this subsection for a suspension, revocation, or denial imposed under RCW 46.20.3101 arising out of the same incident.

Upon receipt of a notice from the court under RCW 36.28A.390 that a participant has been removed from a 24/7 sobriety program, the department must resume any suspension, revocation, or denial that had been terminated early under this subsection due to participation in the program, granting credit on a day for day basis for any portion of a suspension, revocation, or denial already served under RCW 46.20.3101 or this section arising out of the same incident.

Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) Probation of driving privilege. After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11) Conditions of probation. (a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes up to three hundred sixty four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive; (ii) not driving a motor vehicle within this state without proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (iii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; (iv) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to

believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug; and (v) not driving a motor vehicle in this state without a functioning ignition interlock device as required by the department under RCW 46.20.720(((3))). The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), (iii), (iv), or (v) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) Waiver of electronic home monitoring. A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty four days.

(13) Extraordinary medical placement. An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be

granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9A.94A.728(1)(c).

In developing and implementing the initiative, the superintendent shall:

(1) Include a teacher recruitment component that targets groups of individuals who may be interested in teaching in Washington public schools, such as: College students who have not chosen a major; out-of-state teachers; military personnel and their spouses; and individuals with teaching certificates who are not currently employed as teachers;

(2) Contract for the development of a statewide system to provide recruitment and hiring services, including a centralized hiring portal, to school districts, and

a statewide central depository for applications of individuals interested in applying for certificated positions that can be accessed by school districts in the state for purposes of hiring teachers and other certificated positions. The services and tools developed under this subsection must be made available initially to small school districts, and to larger districts as resources are available. When defining small districts for the purpose of this subsection, the office of the superintendent of public instruction must consider whether a district has fewer than three hundred certificated staff;

(3) Create or enhance an existing web site that provides useful information to individuals who are interested in teaching in Washington; and

(4) Take other actions to increase the number of qualified individuals who apply for teaching positions in Washington.

NEW SECTION. Sec. 19. NEW SECTION. Sec. 20. (1) Subject to an appropriation specifically provided for this purpose, the professional educator standards board shall create and administer the recruitment specialists grant program to provide funds to professional educator standards board-approved teacher preparation programs to hire, or contract with, recruitment specialists that focus on recruitment of individuals who are from traditionally underrepresented groups among teachers in Washington when compared to the common school population.

The rules shall be written to encourage institutions of higher education and educational service districts to partner with local school districts or consortia of school districts, as appropriate, to provide instruction for teachers seeking professional certification;

(6) Encourage institutions of higher education to offer professional certificate coursework as continuing education credit hours. This shall not prevent an institution of higher education from providing the option of including the professional certification requirements as part of a master's degree program;

(7) Provide criteria for a liaison relationship between approved programs and school districts in which applicants are employed;

(8) Identify an expedited professional certification process for out-of-state teachers who have five years or more of successful teaching experience ~~((to demonstrate skills and impact on student learning commensurate with Washington requirements for professional certification. The rules may require these teachers, within one year of the time they begin to teach in the state's public schools, take a course in or show evidence that they can teach to the state's essential academic learning requirements)), including a method to determine the comparability of rigor between the Washington professional certification process and the second-level teacher certification process of other states. (9) Identify an evaluation process of approved programs that includes a review of the program coursework and applicant coursework load requirements, linkages of programs to individual teacher professional growth plans, linkages to school district and school improvement plans, and, to the extent possible, linkages to school district professional enrichment and growth programs for teachers, where such programs are in place in school districts. The agency shall provide a preliminary report on the evaluation process to the senate and house of representatives committees on education policy by November 1, 2005. The board shall identify:

The state shall forgive one year of loan obligation for every two years a recipient teaches in a public school. Recipients who fail to continue a course of study leading to residency teacher certification or cease to teach in a public school in the state of Washington in their endorsement area are required to repay the remaining loan principal with interest.

(5) Recipients who fail to fulfill the required teaching obligation are required to repay the remaining loan principal with interest and any other applicable fees. The student achievement council shall adopt rules to define the terms for repayment, including applicable interest rates, fees, and deferments.

NEW SECTION. Sec. 29. A new section is added to chapter 28B.102 RCW to read as follows:

(1) Subject to an appropriation specifically provided for this purpose, the office shall develop and administer the teacher shortage conditional grant program as a subprogram within the future teachers conditional scholarship and loan repayment program. The purpose of the teacher shortage conditional grant program is to encourage individuals to become teachers by providing financial aid to individuals enrolled in professional educator standards-approved teacher preparation programs.

(2) The office has the power and duty to develop and adopt rules as necessary under chapter 34.05 RCW to administer the program described in this section.

(3) As part of the rule-making process under subsection (2) of this section, the office must collaborate with the professional educator standards board, the Washington state school directors' association, and the professional educator standards board-approved teacher preparation programs to develop a framework for the teacher shortage conditional grant program, including eligibility requirements, contractual obligations, conditional grant amounts, and loan repayment requirements.

(4)(a) In developing the eligibility requirements, the office must consider: Whether the individual has a financial need, is a first-generation college student, or is from a traditionally underrepresented group among teachers in Washington; whether the individual is completing an alternate route to teacher certification program; whether the individual plans to obtain an endorsement in a hard-to-fill subject, as defined by the professional educator standards board; the characteristic of any geographic shortage area, as defined by the professional educator standards board, that the individual plans to teach in; and whether a school district has committed to offering the individual employment once the individual obtains a residency teacher certificate.

(b) In developing the contractual obligations, the office must consider requiring the individual to: Obtain a Washington state residency teacher certificate; teach in a subject or geographic endorsement shortage area, as defined by the professional educator standards board; and commit to teach for five school years in an approved education program with a need for a teacher with such an endorsement at the time of hire.

(c) In developing the conditional grant award amounts, the office must consider whether the individual is: Enrolled in a public or private institution of higher education, a resident, in a baccalaureate or postbaccalaureate program, or in an alternate route to teacher certification program. In addition, the award amounts must not result in a reduction of the individual's federal or state grant aid, including Pell grants, state need grants, college bound scholarships, or opportunity scholarships.

(d) In developing the repayment requirements for a conditional grant that is converted into a loan, the terms and conditions of the loan must follow the interest rate and repayment terms of the federal direct subsidized loan program. In addition, the office must consider the following repayment schedule:

(i) For less than one school year of teaching completed, the loan obligation is eighty-five percent of the conditional grant the student received, plus interest and an equalization fee;

(ii) For less than two school years of teaching completed, the loan obligation is seventy percent of the conditional grant the student received, plus interest and an equalization fee;

(iii) For less than three school years of teaching completed, the loan obligation is fifty-five percent of the conditional grant the student received, plus interest and an equalization fee; and

(iv) For less than four school years of teaching completed, the loan obligation is forty percent of the conditional grant the student received, plus interest and an equalization fee.

(5) By November 1, 2018, and November 1, 2020, the office shall submit reports, in accordance with RCW 43.01.036, to the appropriate committees of the legislature that recommend whether the teacher shortage conditional grant program under this section should be continued, modified, or terminated, and that include information about the recipients of the grants under this program.

NEW SECTION. Sec. 30. A new section is added to chapter 28B.76 RCW to read as follows:

(1) Subject to funds appropriated specifically for this purpose, the office shall administer a student teaching residency grant program to provide additional funds to individuals completing student teaching residencies at public schools in Washington.

(A) Coextensive with the corporate boundaries of the city or town; or

(B) If a municipal airport is located in whole or in part within the corporate boundaries of the city or town and the governing body of the municipal airport has not approved inclusion of the municipal airport within the fire protection district, coextensive with the corporate boundaries of the city or town excluding any area containing the municipal airport. The boundaries of the proposed fire protection district may include land on which the municipal airport is located only if inclusion in the district is approved by a majority of the governing body of the municipal airport.

(ii) For purposes of this subsection, "municipal airport" means an airport owned or operated by a municipality, as defined in RCW 14.08.015, other than the city or town, for which the municipality provides fire protection or contracts with any private body or political subdivision of the state to furnish fire protection.

(d)(i) The resolution may authorize the fire protection district to establish an ambulance service to be operated by the district or operated by contract after a call for bids. However, the fire protection district may not provide for the establishment of an ambulance service that would compete with any existing private ambulance service, unless the district determines that the area served by the district, or a substantial portion of the area served by the district, is not adequately served by an existing private ambulance service.

(ii) In determining the adequacy of an existing private ambulance service, the fire protection district must take into consideration objective generally accepted medical standards and reasonable levels of service, which must be published by the district. If a fire protection district makes a preliminary conclusion that an existing private ambulance service is inadequate, the district must allow a minimum of sixty days for the private ambulance service to meet the generally accepted medical standards and accepted levels of service. If the fire protection district makes a second preliminary conclusion of inadequacy within a twenty-four-month period, the district may immediately issue a call for bids or establish its own ambulance service and is not required to afford the private ambulance service another sixty-day period to meet the generally accepted medical standards and reasonable levels of service.

(iii) A private ambulance service that is not licensed by the department of health, or has had its license denied, suspended, or revoked, is not entitled to a sixty-day period to demonstrate adequacy, and the district may immediately issue a call for bids or establish an ambulance service.

In calculating the reduction in a city or town general fund regular property tax levy rate under this subsection (1)(b)(ii), the maximum allowable tax rate that the city could have imposed subject to the limitations of chapter 84.55 RCW must be used; and

(iii) The estimated aggregate net dollar amount impact on property owners within the city or town based on the levy rate changes described in (b)(i) and (ii) of this subsection (1).

(c)"

Reletter the remaining subsection consecutively and correct any internal references accordingly.

On page 2, line 29, after "authority." insert "The ballot title must include the information regarding property taxes that is required to be in the financing plan of the resolution under subsection (1)(b) of this section."

On page 2, after line 36, insert the following:

"(3) A city or town must reduce its general fund regular property tax levy by the total combined levy of the fire protection district. The tax rate reduction of the city or town must occur in the first year in which the fire protection district imposes any of the property taxes in RCW 52.16.130, 52.16.140, or 52.16.160 and must be specified in the financing plan and ballot proposition as provided in this section. If the fire protection district does not impose all three levies under RCW 52.16.130, 52.16.140, and 52.16.160 when it begins operations, the city must further reduce its general fund regular property tax levy if the district initially imposes any of the levies in subsequent years.

Sec. 2. RCW 84.55.092 and 1998 c 16 s 3 are each amended to read as follows:

(1) The regular property tax levy for each taxing district other than the state may be set at the amount which would be allowed otherwise under this chapter if the regular property tax levy for the district for taxes due in prior years beginning with 1986 had been set at the full amount allowed under this chapter including any levy authorized under RCW 52.16.160 that would have been imposed but for the limitation in RCW 52.18.065, applicable upon imposition of the benefit charge under chapter 52.18 RCW.

(2) The purpose of subsection (1) of this section is to remove the incentive for a taxing district to maintain its

tax levy at the maximum level permitted under this chapter, and to protect the future levy capacity of a taxing district that reduces its tax levy below the level that it otherwise could impose under this chapter, by removing the adverse consequences to future levy capacities resulting from such levy reductions.

(3) Subsection (1) of this section does not apply to any portion of a city or town's regular property tax levy that has been reduced as part of the formation of a fire protection district under section 1 of this act.

Sec. 3. RCW 29A.36.071 and 2015 c 172 s 3 are each amended to read as follows:
