PREFACE

Numbering system: The number of each section of this code is made up of three parts, in sequence as follows: Number of title; number of chapter within the title; number of section within the chapter. Thus RCW 1.04.020 is Title 1, chapter 4, section 20. The section part of the number (.020) is initially made up of three digits, constitutes a true decimal, and allows for new sections to be inserted between old sections already consecutively numbered, merely by adding one or more digits at the end of the number. In most chapters of the code, sections have been numbered by tens (.010, .020, .030, .040, etc.), leaving vacant numbers between existing sections so that new sections may be inserted without extension of the section number beyond three digits.

Citation to the Revised Code of Washington: The code should be cited as RCW; see RCW 1.04.040. An RCW title should be cited Title 7 RCW. An RCW chapter should be cited chapter 7.24 RCW. An RCW section should be cited RCW 7.24.010. Through references should be made as RCW 7.24.010 through 7.24.100. Series of sections should be cited as RCW 7.24.010, 7.24.020, and 7.24.030.

History of the Revised Code of Washington; Source notes: The Revised Code of Washington was adopted by the legislature in 1950; see chapter 1.04 RCW. The original publication (1951) contained material variances from the language and organization of the session laws from which it was derived, including a variety of divisions and combinations of the session law sections. During 1953 through 1959, the Statute Law Committee, in exercise of the powers in chapter 1.08 RCW, completed a comprehensive study of these variances and, by means of a series of administrative orders or reenactment bills, restored each title of the code to reflect its session law source, but retaining the general codification scheme originally adopted. An audit trail of this activity has been preserved in the concluding segments of the source note of each section of the code so affected. The legislative source of each section is enclosed in brackets [] at the end of the section. Reference to session laws is abbreviated; thus "1891 c 23 § 1; 1854 p 99 § 135" refers to section 1, chapter 23, Laws of 1891 and section 135, page 99, Laws of 1854. "Prior" indicates a break in the statutory chain, usually a repeal and reenactment. "RRS or Rem. Supp.—" indicates the parallel citation in Remington's Revised Code, last published in 1949.

Where, before restoration, a section of this code constituted a consolidation of two or more sections of the session laws, or of sections separately numbered in Remington's, the line of derivation is shown for each component section, with each line of derivation being set off from the others by use of small Roman numerals, "(i)," "(ii)," etc.

Where, before restoration, only a part of a session law section was reflected in a particular RCW section the history note reference is followed by the word "part."

"Formerly" and its correlative form "FORMER PART OF SECTION" followed by an RCW citation preserves the record of original codification.

Double amendments: Some double or other multiple amendments to a section made without reference to each other are set out in the code in smaller (8-point) type. See RCW 1.12.025.

Index: Titles 1 through 91 are indexed in the RCW General Index. A separate index is provided for the State Constitution.

Sections repealed or decodified; Disposition table: Information concerning RCW sections repealed or decodified can be found in the table entitled "Disposition of former RCW sections."

Codification tables: To convert a session law citation to its RCW number (for Laws of 1999 or later) consult the codification tables. A complete codification table, including Remington's Revised Statutes, is on the Code Reviser web site at <http://www.leg.wa.gov/codereviser>.

Notes: Notes that are more than ten years old have been removed from the print publication of the RCW except when retention has been deemed necessary to preserve the full intent of the law. All notes are displayed in the electronic copy of the RCW on the Code Reviser web site at <http://www.leg.wa.gov/codereviser>.

Errors or omissions: (1) Where an obvious clerical error has been made in the law during the legislative process, the code reviser adds a corrected word, phrase, or punctuation mark in [brackets] for clarity. These additions do not constitute any part of the law.

(2) Although considerable care has been taken in the production of this code, it is inevitable that in so large a work that there will be errors, both mechanical and of judgment. When those who use this code detect errors in particular sections, a note citing the section involved and the nature of the error may be sent to: Code Reviser, Box 40551, Olympia, WA 98504-0551, so that correction may be made in a subsequent publication.
